

War God 2941

Chapter 2941 - Daoist Feng Qing

The blood-red dragon head had dragon eyes, dragon teeth, dragon whiskers, dragon horns, and the dragon scales on its neck. It was the exact same as a divine dragon, without the slightest difference. They were extremely similar to Archaic Blood Dragons.

Although the four limbs sticking out from its tortoise shell still maintained some of the characteristics of the tortoise, it was actually biased towards the divine dragon.

Especially that tail, it was simply the exact same as the tail of a Divine Dragon.

On the gigantic tortoise shell, there were complicated words written. These were the words of a dragon! Long Chen could immediately tell, it was just that it was too ancient, it was difficult for him to understand what kind of character it was.

For the time being, he would call this thing the Dragon Turtle.

Its body did not have any blood nor flesh, it was just like a block of ice formed from blood. Of course, after the water turned into ice, its size was about the same, but this dragon turtle was clearly formed from countless amounts of sea water. Its killing intent, killing intent, and death aura were all extremely dense.

Vicious and brutal.

As it tumbled, the sea of blood seemed to boil.

"For some unknown reason, this thing has condensed itself. It is clearly not a god or devil, yet it can vaguely use the power of laws. It can even resist the Divine Emperor, and will not only not die, but will also not perish."

Even if part of its body was destroyed, the Dragon Turtle could still quickly absorb a large amount of seawater from the sea of blood and instantly form its body. It was engaged in a fierce battle with its enemy!

Just the strength contained in its huge body was enough to contend against the God Power and the laws.

This creature was practically linked to the entire Death Realm. What they were using was the power of the Death Realm.

"Help!"

"Help us!"

The opponents of the Dragon Turtle had already discovered Long Chen. Compared to this dragon turtle, these two were simply too insignificant. If one looked carefully, they would see that they were two female Divine Emperor s, and they looked to be a little younger than the Jadenflower Divine Emperor. They were two Initial stage Divine Emperor s, belonging to the lowest level of the Death Realm s that they were entering this time.

Although they were dressed in dignified and solemn daoist-ropes, these two Divine Emperor s still had graceful figures. The look of panicking after being killed by the Dragon Turtle also made them look pitiful.

Judging from their attire and accessories, one of the two Divine Emperor s came from the Supreme Purity Sky Palace and the other came from the Taiqing Palace. That person from the Taiqing Palace should have seen Long Chen defeat An Ming in one move, and know that Long Chen had once defeated the Evil Fire Cloud God together with others.

"Save them?"

It seemed like they could not hold on for long under the dragon turtle's berserk attacks, and did not even have the time to crush Death Realm's Blood Bead. Seeing them flustered, their eyes red, looking weak and weak, with tears flowing down, Long Chen truly hesitated.

"Forget it, maybe we can get to know a few members of the Three Great Heavenly Palaces. That's a good thing too."

The Three Great Heavenly Palaces were so big, if the other party didn't pressure them too much, Long Chen didn't want to fight them. After all, Di Jun was enough to give him a headache.

Just as the two Divine Emperor s were about to be killed by the Dragon Turtle, Long Chen casually stabbed out a Time Sword, the Time Sword's Sword Qi shot out and pierced the Dragon Turtle's body extremely quickly. In an instant, a portion of the turtle shell shattered.

"Roar!"

Letting out a dragon's roar, the Dragon Turtle broke through the seawater, changed its target, and rushed towards Long Chen. Now that he was facing the opponent head on, Long Chen really wanted to know what exactly this Dragon Turtle was.

The two Divine Emperor s escaped danger.

"Thank you!" However, you must remember to crush the Death Realm's blood bead. Don't lose your life here. "

"Throwing it away is fine, you're just a mere outsider yet you want to snatch our Ghost Blood Curse? Hmph!"

The two of them spoke, they actually abandoned Long Chen and escaped, and in a moment they were no longer able to see him.

Long Chen could not help but laugh bitterly.

"It seems that I've underestimated the enmity the three Heavenly Palaces have towards us. I saved their lives, but they actually wanted me to die."

He felt extremely depressed in his heart.

He still wanted to get on good terms with the three Heavenly Palaces.

From the looks of it, if he obtained the Ghost Blood Curse in the end and they didn't chase after him, it would already be considered good enough.

If he had known earlier, Long Chen would not have bothered to save the two of them. If he were to meet them again, Long Chen would definitely slap them.

He was being treated like a monkey.

He had originally wanted to study this strange thing carefully, but now that he was feeling angry, he directly held onto that blood-filled Godslayer Sword.

The hundred thousand Demon Army soldiers roared!

Long Chen's sword rushed forward!

"Sword of Time!"

This time, the true Sword of Time erupted, and a towering Sword Qi condensed, transforming into a gigantic sword image, bringing along a resplendent sword light, as it descended from the sky and slashed down. Just before the Dragon Turtle rushed over, Long Chen charged to its side!

"Puchi!"

The Time Sword completely severed the dragon head of the dragon turtle!

This took Long Chen a lot of effort.

"It's really hard."

Even if he had used the God-Slaying Sword, it would have been just enough to finish him off.

However, the Dragon Turtle was not subdued by him. Long Chen saw with his own eyes how the weird thing, a dragon's head, and the turtle shell merged together once again. Although the Time Sword was very tyrannical, to the Dragon Turtle, it was completely unharmed.

"No wonder those two Divine Emperor s couldn't do anything to the Dragon Turtle. Even if it was me, if I didn't run away and continued fighting with it, as long as the Death Realm still existed, it would never end. There's no way we can kill them. "

Seeing the Dragon Turtle rushing towards him again, with its terrifying strength, even if it were to let him attack it once, its divine body would probably shatter. Of course Long Chen would not let it succeed.

He could either leave immediately or find a way to deal a fatal blow.

"Try using Extinction Dragon Seal."

Long Chen kept the Heaven Smiting Sword and the Demon Suppressing Pagoda in his hand. When he swung his hand, the Demon Suppressing Pagoda instantly expanded and under Long Chen's control, it became extremely huge, with a hundred thousand spirits shouting and singing the war song. The Extinct Dragon Seal appeared at the very bottom of the Demon Suppressing Pagoda!

"Suppress!"

Just as the Dragon Turtle arrived in front of Long Chen, the Extinction Dragon Seal pressed down onto its back.

Weng! *

Suddenly, the dragon turtle stopped moving.

Then, as if everything was still, in the next moment, the Dragon Turtle's body quickly transformed from a solid into a liquid form, transforming into a sea of blood. It rushed forth, forming an enormous charge, as if someone poured a lot of sea water into the sea of blood.

Under the impact of the sea water, Long Chen moved a distance away.

But it could be seen that the dragon turtle had already disappeared.

"If Extermination Dragon Seal is effective, then it should have hit a primordial spirit or soul. In other words, this Dragon Turtle is formed from a kind of primordial spirit or remnant spirit that I cannot fathom. "

Long Chen finally understood.

"This Death Realm is filled with mystery, there should be a lot of things like the Dragon Turtle, but I have the Extinction Dragon Seal, so compared to the others, it is still quite cheap."

The surroundings gradually quieted down.

Looking around, the surroundings were filled with endless sea water. This world was so big that there was no limit.

For a moment, Long Chen did not know where to go. After all, it was too big, and to find the Ghost Blood Curse here was simply like looking for a needle in a haystack.

In fact, all of the Divine Emperor s were currently at the bottom of the sea looking for a needle.

Just as Long Chen was about to leave, someone suddenly walked over in this direction.

"Junior Master Feng Qing, that's right, it's that Long Chen!"

"It was him who dispersed the 'blood beast' from before. He is a great enemy of our three Heavenly Palaces. "

These were the voices of the two Divine Emperor s Long Chen had just saved. Turning his head to look, there were a total of three people walking towards him from the ocean. The two of them were the most

charming Divine Emperor s in the left and right, and at this moment, they were staring at Long Chen with cold eyes, fighting to be the first to describe him to one of the Divine Emperor in the middle.

The one in the middle was a big threat to Long Chen.

He must have also heard the commotion here, so he came here. Coincidentally, he met these two women, who brought him here.

"Martial Uncle Feng Qing, now is the best chance. We must drive this guy out of the Death Realm, otherwise he will fight for the Ghost Blood Curse for you, and it will cause a lot of trouble."

The lady from the Taiqing Palace said.

Long Chen obviously knew the man in the middle. He was a Extreme Realm Divine Emperor in the Taiqing Palace, his strength should be around the same as the Evil Fire Cloud God s, he had not made it onto the Divine Emperor's leaderboard.

This was the purest disciple from the Taiqing Palace. He was dressed in a jade green daoist robe and his long hair was bunched up into a strand. He had the bearing of a immortal, and her bearing was refined and refined; his eyes were narrow and cold, and he carried a longsword on his back with surging sword intent. His dark green eyes did not have pupils, but two tornadoes in them.

There was a type of 'Tai Qing' rule in the Taiqing Palace, and this Divine Emperor should have another rule which was related to the storm.

"Your humble servant is Daoist Feng Qing." He is ranked 13th in the Daozu Taiqing. "

Daoist Feng Qing's voice was cold as he cupped his hands towards Long Chen.

Daoist Xuan Qing was the number one disciple, while Divine Emperor Nine Sword Sect was the ninth disciple. This Daoist Feng Qing was the thirteenth disciple.

After he introduced himself, his eyes were filled with fighting spirit.

He said, "Thank you for saving my two juniors earlier, but for the fight over the Ghost Blood Curse, we were not friendly. Please don't blame me for being impolite."

Hearing Daoist Feng Qing's words, the two female Divine Emperor s revealed knowing smiles. They hurriedly said: "Since that's the case, we should retreat and witness Martial Uncle Feng Qing's godly prowess."

"This person's eyes are vicious, he doesn't put us in his eyes. Martial Uncle Feng Qing will definitely teach him a good lesson."

These two women were like flies, leaving people speechless.

Saving them was indeed an annoying thing.

But, he had to face this opponent in front of him. Initially, he relied on Mo Xiaolang to suppress Evil Fire Cloud God to defeat him, but this time, what would happen if he met this Daoist Feng Qing?

His blood was already boiling.

No matter what, he would never reject a battle that could challenge the limit!

Chapter 2942 - Drunken Immortal Gourd

He was definitely a formidable opponent!

The divine power Long Chen currently possessed was actually slightly inferior to that of ordinary The God Emperor of Perfection s. After all, he was only at the level of the Godking. It was only because of the absolute advantage of the rules that they were able to directly suppress the Divine Emperor s of the Perfection.

However, if the opponent had reached the polar state, then the suppression on the divine power would become extremely large. Furthermore, the Divine Emperor s who could become polar state were not weak in terms of rules, and the Creation Divine Artifacts were extraordinary as well. Thus, whether it was the Evil Fire Cloud God or this Daoist Feng Qing, they were both difficult to deal with and had to challenge Long Chen to the limit.

He had once fought with Mo Xiaolang together, and that was because Mo Xiaolang coincidentally restrained the Evil Fire Cloud God. Furthermore, the Evil Fire Cloud God had exhausted a large portion of Long Chen's strength back then, which was why Long Chen's Karma Thrust had suffered such a miraculous defeat.

Daoist Feng Qing personally witnessed the might of the Karma Thrust when Long Chen was dealing with Divine Emperor An Ming.

When the opponent knew what he was up against, it would be even more troublesome.

But, this stirred up even more Long Chen's boundless fighting spirit. In any case, he could not win and he could still escape, so he was not worried about what would happen after he lost. After all, Daoist Feng Qing was different from Di Jun. Long Chen might be able to fight Feng Qing now, but he would never be able to escape from Di Jun.

Especially after he found out that even Di Jun had inherited the Unparalleled Dragon's inherited blood essence.

"Whoa!"

In the endless sea of blood.

Even though Daoist Feng Qing's robe was soaked in the sea of blood, it was still not stained at all, making it look like a lotus flower emerging from the mud.

In the distance behind him, two female Divine Emperor s were faintly smiling. They looked beautiful, but they were actually extremely sinister and Long Chen couldn't help but want to go over and slap them.

"Martial Uncle Feng Qing's cultivation is profound. He will definitely make this fellow look bad."

"A mere outsider dares to steal the limelight from me, a third heaven. Seriously, even offending the top ranker of the Divine Emperor, Di Jun, and hiding in the Death Realm. Do you really think you won't be sent out?"

He gently pulled out a sword from behind him. It was a long sword with a dark green blade at the center, and on both sides were sharp steel blades, carved with mountains, rivers, trees, and a world that could be vaguely seen.

"Great Dao Killing Sword!"

Daoist Feng Qing said in a deep voice.

This sword, although it was very upright, but its killing intent was dense, with the unique temperament of the Taiqing Palace. It was filled with killing intent, and no one dared to look straight at it.

"Drunken Immortal Gourd!"

He held the Great Way of the Killing Sword in his right hand, and with a wave of his left hand, a dark purple gourd appeared in his hand.

These two were both Hun Yuan level Creation God Equipment.

Moreover, out of all the Hun Yuan grade God Manifestation Equipment, they were considered to be one of the superior ones, very close to the Eternal Creation Divine Artifacts. It should be around the same as Tian Shenwushuang's half-Eternity God Slaying Flying Daggers!

One hand was a drunken gourd, the other a sword. This Daoist Feng Qing was quite handsome.

Long Chen was already prepared for battle. He had the four Godly Creation Tools and could use them flexibly.

Daoist Feng Qing was not polite with him!

His first move was the Drunken Immortal Gourd. At this moment, the gourd expanded to form a giant object around him. Daoist Feng Qing stood on top of the gourd, appearing extremely relaxed but his killing intent was also impressive.

The purple wine was like a rule that spread across countless territories. Long Chen was simply unable to avoid it. In the end, he was still able to.

Being trapped within the range of the Drunken Immortal Gourd, what assaulted Long Chen's senses was the endless power of the Ancient Code, it was a kind of drunkenness that enveloped his heart, and before they had even started fighting, there was actually a feeling of drunkenness, this was really rare, it had been a long time since Long Chen had felt this kind of intoxicating sensation.

"Amazing!"

Even everything in front of his eyes seemed to become illusory.

His head was spinning and his feet were light. Let alone fighting, even Long Chen wanted to directly lie on the ground.

The scenery in front of his eyes constantly changed.

"He's drunk, haha! He doesn't even know that Junior Martial Uncle Feng is the most difficult to deal with drunk immortal gourd."

"Under the control of the Drunken Immortal Gourd, he had basically lost all of his power. At this time, even I can defeat him, let alone Martial Uncle Feng Qing."

The laughter of the two women came into his ears.

"It's over."

As if a sword image was rushing towards Long Chen to kill him, Daoist Feng Qing showed no mercy.

These people from the three Heavenly Palaces were truly cold-blooded.

In their eyes, the current Long Chen was just a drunkard.

Daoist Feng Qing didn't really care much. His Drunken Immortal Gourd was a treasure. Many enemies had yet to start a fight and it was already defeated. He only needed to make up for it with a sword strike. Generally speaking, his Great Way of the Killing Sword would not be of much use.

Just as he was about to hit Long Chen!

Long Chen suddenly opened his eyes and his swaying body instantly recovered to its original state. His recovery speed startled Daoist Feng Qing.

"How could you!"

He naturally did not know that Long Chen had a rule called "Heaven defying and changing fate".

Initially, even if it was the Myriad Gods Garden's array diagram, he still managed to escape it by relying on changing his fate. Now that he could clearly see the illusion, there was no need to even mention this Drunken Immortal Gourd.

"While your Intoxicated Immortal Gourd is indeed miraculous, it is still lacking to restrain me."

The moment Long Chen recovered, both of his hands were holding onto the God Slaying Sword, the limitless power of time condensed onto it, under his explosive power, the Time Sword condensed into a resplendent Sword Qi, thrusting towards Feng Qing who was just inches away from him!

Daoist Feng Qing's expression was solemn as he swiftly danced in his hands.

"Sandstorm!"

This was the rule of the storm.

At that time, when the Sword of Light was rushing over, where Feng Qing's long sword was dancing, a tornado suddenly appeared and the Sword of Time pierced into the tornado, within the tornado, there was an endless amount of sword images, it was the sword tip of the Great Way of the Death Sword, clashing onto Long Chen's God Slaying Sword, in that instant, they were almost evenly matched!

The sword shadows exploded out, causing the surrounding seawater to be flipped over. The movements were much larger than the ones created by the Dragon Turtle from before. Under this storm of blades, even the two Initial stage Divine Emperor s were covered in dirt and grime. Their previously arrogant smiles had completely disappeared, and now, all of their shame had turned into anger.

"Martial Uncle Feng Qing, quickly take care of him and show him who's boss."

"Isn't it just blocking the Drunken Immortal Gourd? Why are you being so arrogant?"

The two of them could not help but curse.

But in truth, Long Chen and Daoist Feng Qing were too lazy to bother with them. They all had a rare feeling of encountering an opponent.

From the simple rule of his opponent that blocked his sword of time, it could be seen that Daoist Feng Qing's true ability was far more than this. He had only dodged a sneak attack from him just now.

"Since the Drunken Immortal Gourd is ineffective against you, it's fine." With a casual wave of his hand, the drunk immortal gourd disappeared. But at this time, he was still holding onto the Great Dao of Killing Sword with one hand. In that instant, his eyes erupted with endless killing intent!

The killing intent instantly transformed into two streaks of sword-light, blasting away the endless blood in the surroundings.

Behind Daoist Feng Qing, a huge array appeared. Countless energies descended on his body. At this moment, his eyes also had a complex array. He gathered all of his power and rushed towards the Great Dao Killing Sword in his hand.

"Tai Qing Wheel!"

Daoist Feng Qing held his sword and drew a circular trajectory in front of him. In this process, the circular trajectory gradually condensed into a dark green divine wheel that spun at high speeds, producing an incomparably strong tearing force that directly tore apart the Death Realm's space, swallowing up countless amounts of blood water, and disturbing the sea of blood in the surrounding area!

From this, it could be seen that the power of this move was definitely not weaker than Evil Fire Cloud God's.

"Crunch!"

Daoist Feng Qing's long sword pierced towards the center of the Tai Qing Wheel.

As Tai Qing Lun expanded in size, he also suppressed towards Long Chen. Such a huge tearing force was naturally enough to tear Long Chen to pieces, Daoist Feng Qing definitely did not hesitate, he had pushed Long Chen to the limits every single time. When he attacked this time, Long Chen simply had no way of resisting.

"Demon Suppressing Pagoda, Extinguish Dragon Seal!"

He knew that Daoist Feng Qing was very strong, so this time, he did not actually block the Tai Qing Wheel head-on. Because he could not block it head-on, he chose to use a very crazy method, the Demon Suppressing Pagoda flew directly over the Tai Qing Wheel, and rushed towards Daoist Feng Qing to suppress it!

When Daoist Feng Qing brought about this danger to him, Long Chen did not defend, but chose to bring about this same danger to his opponent instead. With the terrifying power of Dragon Seal of Extermination, if he were to hit Daoist Feng Qing, its power would definitely not be weak!

At this critical moment!

"What guts." Daoist Feng Qing couldn't help but sigh.

The eight blood colored dragons formed together to form the word 'Extermination', and in this sea of blood, it looked even more sinister and terrifying. Daoist Feng Qing had this feeling, that if he was struck by the Dragon Seal of Extermination, both sides would definitely suffer!

However, this also allowed him to see Long Chen's limits.

"Using all your strength to dissolve my Tai Qing Wheel, that can only mean that your limit is here." He did not want to risk his life to fight Long Chen, so at this moment, with a casual wave, the spinning and tearing Tai Qing Wheel suddenly appeared above his head. Right at this moment, the spinning and tearing Tai Qing Wheel suddenly appeared.

This time, there was a huge commotion.

The seawater trembled.

Countless sea of blood and Demon Suppressing Pagoda were blasted into the clouds.

Countless others, along with Daoist Feng Qing, were pressed into the depths of the sea.

So in that instant, a very large hole simply appeared where Long Chen was.

However, the hole was soon filled up by the sea water.

The sea of blood below was currently surging forward violently. Long Chen could vaguely feel that, in the midst of the charge, the completely unharmed Daoist Feng Qing had arrived. The Tai Qing Lun just now was not his strongest attack, and now that he knew Long Chen's limit, he could just relax and kill as he pleased!

Chapter 2943 - The Great Way of Killing

A ray of starlight flashed through the endless sea of blood below.

Looking at that beam of starlight, Long Chen's heart throbbed slightly.

He had a premonition that Daoist Feng Qing was going to rely on this rule to truly crush him. He didn't even have time to retaliate before he was defeated and forced out of the battle. Perhaps this was the strongest move that Daoist Feng Qing could use.

That beam of starlight simply made Long Chen's hair stand on end.

For a moment, it was as if the entire world had fallen silent. Even the chaos and the surging sea of blood seemed to have lost all sound. The only thing that could be heard was the seemingly tearing starlight beneath him.

Ding! Ding! Ding!

The sound was clear.

However, it was like a death knell.

However, this short moment made Long Chen feel that it was very, very long.

Before the sword even arrived, it already brought about the killing intent of Long Chen's death.

At that moment, he was already suffocating.

"He doesn't want to waste any more time." He might win in a single battle, but if he let me avoid it ...

It was obvious that Daoist Feng Qing had absolute confidence in himself, which was why he placed the outcome of the battle on one sword, in order to completely crush Long Chen.

"This feeling ..."

His life did not seem to be in his hands.

Long Chen could not help but shiver. He knew very well that even the Death Needle would not be able to let him escape this kind of danger. The only thing he could do now was to crush the Death Realm's Blood Bead and escape this place.

However, to him, it was impossible for him to leave. If he left, it would truly be in the hands of Di Jun.

However, he didn't have much time to think.

He was as resolute as he had been the last time he had faced a crisis.

"What right do you have to give me such a life or death crisis? You're not any better than me!"

At that moment, Long Chen's eyes were shining with unstoppable determination. He was fighting with his back against the river, there was no retreat, he only wanted to kill.

He had to thank Daoist Feng Qing for giving him such a death threat.

He just so happened to be like Mo Xiaolang, a heaven-defying change of fate!

This was the first time, when he was faced with the threat of death, Long Chen had brought that miraculous, undetermined rule of fate over his head. It was as if this was the true effect of changing one's fate to go against the will of heaven!

A ray of hazy white light landed on the center of his brows and engulfed his entire body. In that moment, Long Chen's body was about to explode, he heard the earth-shattering transformation that happened to his body, he felt the energy in that instant expanding, his consciousness soaring, he had this feeling that Mo Xiaolang had done this twice before, and it was to change fate!

At this time, Daoist Feng Qing was this day, and Long Chen, under the suppression of his killing intent, had gone against this day!

BOOM!

When he changed his fate, Daoist Feng Qing would explode from the sea below him. The speck of starlight was the Great Way of the Killing Sword in his hand.

At this moment, a storm was brewing in Daoist Feng Qing's eyes.

"Great Dao Killing!"

A sword pierced through!

That jade-green sword light was like a calamity descending from the heavens. It was descending. The sharpest part of it was still a bit of starlight, but it covered the entire world. It was a calamity of destruction.

Tai Qing Rules.

The great Dao of slaughter was filled with intense killing intent.

"Whiz!"

It pierced towards Long Chen.

They knew that Daoist Feng Qing was terrifying, but they never thought that he would actually be this terrifying. Not to mention resisting the great Dao of killing, even if they were slightly contaminated, they would still be burnt to ashes!

"Terrifying!"

They patted their chests and watched the scene nervously.

In their eyes, a strange white light had currently appeared on Long Chen's body.

In that instant, a Divine Dragon took Long Chen's position.

The Dao of the God, Heartdragon.

The Sword of Judgment between his brows was glowing with a white light, seemingly very slowly, but it had actually clashed with the Great Way of the Apocalypse.

"Karma Thrust."

The Karma Thrust of someone who had gone against the will of heaven.

In terms of divine power, Daoist Feng Qing could be completely crushed.

In terms of rules, the Great Way of the Apocalypse was one of the strongest rules of the Supreme Purity.

He was confident, so he placed everything on the Great Way of the Buddha, for the sake of completely defeating Long Chen. But what he did not expect was that Long Chen was able to defy the heavens and

change his fate, even if his godly strength was far weaker than Long Chen's, he would still rely on rules to block it!

The Karma Thrust had shattered the great Dao of killing!

The mysterious power had even passed through Daoist Feng Qing's body. Although it had weakened a lot, it still managed to cause Daoist Feng Qing's Great Way of the Death Sword to slip out of his hands. When he raised his head, he saw that Long Chen had already disappeared!

"Impossible!"

The great Dao he relied on had been miraculously destroyed by his opponent at the moment he was the most confident.

He saw with his own eyes the sharpest sword light, the laws, shatter right in front of his eyes.

"Nothing is impossible."

Suddenly, Long Chen appeared behind him, and just as Daoist Feng Qing turned his head in shock, the Herba Euphorbiae whizzed and coiled around him, tightly entangling itself around Daoist Feng Qing. Long Chen channeled a huge amount of energy into the Herba Euphorbiae, completely locking it in place.

"Ugh ..."

He was in so much pain that his entire body was twitching, and he could not resist at all. And at this time, the Heaven's Sacrifice Spear appeared in Long Chen's hand, without saying a word, he directly pierced towards Daoist Feng Qing's chest.

"You've lost. Just admit defeat."

The Heaven's Sacrificial Spear showed no signs of stopping.

"You!"

To be honest, his Great Way of the Buddha had been broken, he still had the fighting strength left. But Long Chen had taken the chance to lock him down with the Herba Euphorbiae, and under the Herba Euphorbiae's restraints, all he could do was to take out the Death Realm's Blood Bead!

Losing to Long Chen, that was too unreconciled!

Moreover, he lost in an inexplicable manner.

How could he be defeated so easily?

However, the killing intent of the Heaven's Sacrificial Spear was not a joke. With Long Chen's personality, he would definitely not be courteous to him, Feng Qing.

Therefore, even if he was unwilling, the moment the Heaven's Sacrificial Spear reached his chest, Daoist Feng Qing, who was in extreme depression, roared out in pain and crushed the Death Realm's blood bead. He then transformed into a blood light, shot into the sky, and disappeared from Long Chen's sight.

Only then did the host's thoughts calm down.

"AHH!"

Daoist Feng Qing grimaced in pain.

He suddenly appeared in the depths of the Blood Spirit Abyss.

There was no injury, but the pain was still there, and it would take some time to heal.

That Herba Euphorbiae was simply a treasure that tortured people.

"Phew!"

Since he did not die in battle, Daoist Feng Qing couldn't help but feel relieved.

"Junior apprentice brother Thirteen?" Daoist Xuan Qing instantly appeared in the area around him.

The people from the Yuqing Heavenly Palace and the Tong Qing Heavenly Palace also looked over. Daoist Feng Qing discovered that more than twenty Divine Emperor s had come out from the surrounding area. However, in terms of Extreme Realm Divine Emperor, he was the first one to be eliminated.

"Senior apprentice-brother." Daoist Feng Qing took a deep breath and bowed towards Daoist Xuan Qing and you.

"Did the Divine Emperor Ranking people send you out? It should not be someone from the Three Great Heavenly Palaces, right? We have already instructed that before we exclude others, the Three Great Heavenly Palaces would not attack us from within. "

Daoist Xuan Qing asked with concern.

Because he was the first Extreme Realm Divine Emperor to be eliminated, the heads of the other two great heavenly palaces came forward, looking more concerned.

"It's not someone from the three Heavenly Palaces."

Daoist Feng Qing gritted his teeth.

Just as Daoist Xuanqing was asking which Divine Emperor it was, Daoist Feng Qing was still not resigned and said: "It's Long Chen."

"Him!"

Everyone was shocked.

Daoist Xuanqing said, "Earlier, he only defeated the Evil Fire Cloud God together. I never thought that he could reach such a degree when fighting alone. No wonder Di Jun was in such a rush to kill him. This person was truly a peerless genius. Thirteenth Junior Brother, tell us what happened. "

Feng Qing originally thought that it was a humiliation, but it seemed like no one felt anything. Instead, everyone felt that they had underestimated Long Chen.

He briefly described the process.

"Even the Great Way of the Apocalypse was destroyed?" Daoist Xuan Qing pondered.

Daoist Feng Qing looked around and asked, "Senior Brother, what about Di Jun and the Tianyin Region Lord?"

Daoist Xuan Qing said, "After you two entered, the two of them left the Third Heaven and fought a grand battle outside the Third Heaven. Di Jun had become famous in this battle. Although it was impossible for him to defeat the Divine Feathers Sect's Tianyin Region Lord, after fighting for a long time, the Tianyin Region Lord was actually unable to do anything to him. To have such strength, you truly are worthy of being called the number one Divine Emperor. "

"Even Hierarch couldn't do anything to him?"

Daoist Feng Qing was speechless.

"And then."

"Di Jun seems to still be in the surroundings of the Third Sky, and the Tianyin Region Lord should have already left. For the Tianyin Region Lord to give up, that is also Di Jun's ability. "

Daoist Feng Qing smiled when he heard this. He said: "If we offended such an opponent, then no matter how much trouble Long Chen would have in the Death Realm, it would be difficult for him to survive."

"Maybe. They were all heaven-defying people. It's not certain who will win. " Daoist Xuan Qing smiled faintly and closed his eyes silently.

The sea of blood gradually calmed down. With such a large commotion, there would soon be a large number of experts rushing over.

"Run away separately!"

From beginning to end, the two Divine Emperor s watched the battle.

From the slaughter of the great Dao to the victory of the reverse, it all happened in an instant.

In the most hair-raising moment, it caused the two of them to be completely stupefied, and their faces instantly turned deathly pale.

Now that he had fled separately, his entire body was trembling and he could not speak a single word.

"Escape?"

Long Chen laughed, he suddenly moved, broke through the layers of blood ocean, and caught up to one of them. Without saying a word, the Herba Euphorbiae wrapped itself around the Divine Emperor and tied her up, and even though her face was filled with tears from the pain, it didn't take long for him to catch up with her, and then, he tied his up with the Herba Euphorbiae.

The two female Divine Emperor s had exquisite bodies and were tied up.

It was just that Long Chen did not have the mood to appreciate them, and the two of them were crying and crying, not even with the appearance of Divine Emperor s.

"Spare me!" I didn't do it on purpose, you better not make a fuss about it with me. "

"I beg of you, please spare me! Don't kill me!"

The two of them looked at Long Chen with faces full of pear blossoms.

If Long Chen did not speak, the Herba Euphorbiae s alone would make them twitch in pain.

"I didn't save your lives for you to find someone to kill me. Let's each slap our own faces. If I say stop, we can stop. "

Long Chen said indifferently.

"Slap our faces, and you can let us leave, not letting us leave this Death Realm?"

the other party asked nervously.

"Of course." Long Chen laughed.

The two girls looked at each other. When Long Chen untied their hands, the two girls immediately looked at him.

"A bit heavier."

Pah pah pah pah!

A strange sound resounded at the bottom of the sea.

Until the two women had bloated faces.

Long Chen suddenly condensed the Time Sword in his hand, thrusting towards them.

"Where is your Death Realm Blood Bead?"

The two women looked miserable.

"Aren't you going to let us go?" they asked mournfully.

"Yeah, but I want to let you guys have a taste of being deceived." Long Chen laughed.

Chapter 2944 - Sky Demon Blood Shadow

For a person like him, it was better to just directly kick him out.

Since they were destined to be eliminated, the two female Divine Emperor s went all out. Even though their faces were red and swollen from the slap, they still started to curse loudly. His words were especially vicious.

He cursed loudly.

"Do you really think you outsiders can get something from our three Heavenly Palaces?"

"This is truly funny. Even if you all were to obtain it, what can you do?" Can you keep it? Even after we get the Ghost Blood Curse and leave the Death Realm, do you really think that we will leave this treasure in your hands? "

"Your existence is just something our elders want us to be more vigilant about, to make this game more lively."

"Something that doesn't know how high the sky is and how deep the earth is!"

Let me tell you, the news of you getting Junior Master Feng Qing out of the competition has long ago spread through all of our three Heavenly Palaces using the 'Heavenly Talisman'. Next, you should be chased and killed by several hundred Divine Emperor s! "

"Those people from the Divine Emperor s, they don't even dare to disband our three Heavenly Palace's Extreme Realm Divine Emperor s. You're quite bold."

The two of them prepared the Death Realm Blood Bead. After they finished speaking, they felt comfortable and pinched the broken Death Realm Blood Bead to get out. She was eliminated.

Outside, he would definitely say something bad about Long Chen.

Long Chen would not give up his determination to obtain the Blood Ghost Curse just because of what they said. Instead, it made his heart even stronger because the Blood Ghost Curse was the only thing that he could tell Long Chen the existence of the 'Ancestral Star' at that location.

After defeating Daoist Feng Qing, he quickly left the area where he was fighting.

"Just as that woman had said, the three Heavenly Palaces probably view me as a huge opponent. This is unavoidable."

The Ghost Blood Curse still required luck.

Long Chen continued to move forward in the ocean, relying on his perception of the Code of Slaughter to look for traces of the Ghost Blood Curse. He had a premonition that although he wasn't a disciple of the three Heavenly Palaces, he should be able to find the location of the Ghost Blood Curse.

In the blink of an eye, another tens of days passed.

Still no gains.

If I can reach the realm of the Perfection Divine King, I won't need to be afraid of the experts on the Divine Emperor's ranking. Now that I have made my preparations, I am about to reach the realm of the Perfection Divine King. It's just that most of the people around me are from the Three Great Heavenly Palaces.

Right now, he longed for that kind of strength.

If that was the case, then the chances of him obtaining the Ghost Blood Curse while traveling in the Death Realm would be much higher.

As the sea of blood continued to move forward, Long Chen encountered a few blood beast that the disciples of the three great heavenly palaces were talking about. They were all objects with the body of a dragon. The most important thing was that they were all formed by the Death Realm's seawater. Even though they looked dead, their fighting strength was actually comparable to the Divine Emperor's, which was simply inconceivable.

For example, it was the case for the giant horse galloping in front of Long Chen.

It had the power of the Dragon Turtle, but its speed was several times faster than the Dragon Turtle. If any other Divine Emperor were to encounter it, they might just turn around and flee.

Just like last time, the two female Divine Emperor s of initial state were indeed forced to the point where they didn't even have the strength to fight back by the Dragon Turtle.

Moreover, they had no way of defeating this monster that simply didn't die.

Thus, the truth was that the Divine Emperor s that met these huge beasts in the ocean would basically be unable to avoid them. Even the experts on the Divine Emperor's leaderboards had to do the same, they had to conserve their energy after all.

Long Chen pondered for a long time, but was unable to figure out the secret behind this Dragon Horse.

"Forget it."

A destructive Dragon Seal appeared on Long Chen's palm, and when the dragon horse charged towards him, he placed a single hand on his head, lifting up an endless amount of seawater, but it shattered at the last moment. Before Long Chen's eyes, the dragon horse had already transformed into countless sea of blood, and smashed Long Chen out.

After taking care of the Dragon Horses blocking the way, Long Chen continued to advance.

In fact, in this entire process, he had met many disciples of the Three Great Heavenly Palaces, and even some disciples that were not from the Three Great Heavenly Palaces.

Thus, he would usually avoid them in order to avoid offending them.

Generally speaking, he doesn't offend me and I don't offend him.

Just as he turned around and prepared to leave, the seawater that had formed the dragon horse behind him actually reformed.

"He didn't die?"

Long Chen turned his head in shock. Could it be that even after being struck by Dragon Seal, the Dragon Horse was not dead yet?

Looking back, only a small part of the sea of blood was congealed, but what congealed was not a Dragon Horse, but rather a human form. This greatly shocked Long Chen, causing him to become alert, and he looked at the human form that was gradually appearing.

"Long Chen."

When the voice came out and the humanoid shape called out to him, Long Chen felt that this indifferent voice was extremely familiar.

In his mind, a person that gave him goosebumps appeared.

As if confirming his conjecture, right before his eyes, the sea water in the sea of blood suddenly condensed and formed. However, this time, it was not blood beast but a real person. He had hair, skin, hands and feet, and was a living person. However, his nature was no different from those blood beast s.

He is Di Yu! He was also the Heavenly Demon of Ji!

Seeing him, Long Chen couldn't help but take a step back.

The Heavenly Demon Ji Yuan was different. There were huge changes to his eyes and long hair. These two parts of his body had turned blood-red and had become strange and strange. Those blood-red and calm eyes made people feel chilled from the bottom of their hearts.

"How could you be like this?"

He was trapped in the Death Realm, so why would he appear in such a way in front of me? What was his relationship with the Death Realm?

Suddenly, a large number of questions appeared in Long Chen's heart.

"Long time no see." The Heavenly Demon Ji Yuan smiled.

Even so, he was still the same as before. Even though Long Chen was his enemy and had avenged a large number of his compatriots, his expression still did not change, just like that of an old friend.

The Heavenly Demon Ji Yuan that was connected to the sea of blood revolved around Long Chen, his blood-red hair fluttering in the water, it was extremely strange. He maintained a faint smile at all times and said, "How could I do that? "Just to be honest, I have to thank you for sending me here."

Long Chen looked at him with incomparable vigilance.

Amongst the Death Realm, the person who worried Long Chen the most was not the experts on the Divine Emperor's rankings in the three Heavenly Palaces, but the time ruler of this era's Sky Demon!

"Why?"

In this situation, he had to know as much information as he could.

However, the Heavenly Demon did not follow his path.

He maintained his indifferent smile and said: "Actually, I had planned to snatch a drop of blood and leave while they were here playing. "However, I didn't expect you to be here. It seems like there is no need for me to go out."

He had been sealed in the devil star for too long, and coincidentally escaped, yet he was trapped in this Death Realm by Long Chen.

Long Chen was struck by inspiration, and said: "Didn't you say you want to take revenge on Di Jun? He's outside the Death Realm, you can go and find him. "

It would be great if they could clash head on.

However, the Heavenly Demon Genesis was not that easy to fool.

He continued to smile faintly as he stared at Long Chen, saying, "I know everything you said, but there are different stages of revenge. There's a certain order, and I know that you have to return the devil to me first, and then, according to the agreement, you can become my subordinate, or be killed by me. After all of this is over, it's not too late for me to go out and deal with Di Jun."

As he spoke to here, the Heavenly Demon finally stopped. His body began to turn back into seawater, converging into this endless sea. Gradually, only his head remained.

"Long Chen, my real body is still far from you, and is currently approaching you. In this period of time, you can think about it. It is up to you to choose whether to submit to me, or to die. I still love you, so don't let me down. "

As he spoke, his neck started to melt, then his mouth, his eyes, until everything disappeared from Long Chen's sight, until everything was empty.

Only now did Long Chen's beating heart stop.

"In other words, I still do not understand how powerful his so-called true body is."

"But, why is he able to condense such a body in front of me in the Death Realm? How could he find my position! "

"What happened to him in Death Realm?"

Outside was Di Jun, inside was the Heavenly Demon of the Era!

It seemed that both the front and back was a dead end.

But luckily, the Heavenly Demon Ji was different from Di Jun. Di Junfei wanted to kill him, and he would not show any mercy. He still wanted to control Long Chen. Perhaps, what he saw that others could not see was the potential that belonged to him, Long Chen! But this time, the Heavenly Demon Genesis was not going to be like last time.

Moreover, he's already in the Death Realm, so how can Long Chen swallow him back in Death Realm?

This was undoubtedly a big problem.

Furthermore, the Nuwa Devil was now Su Yan, so she definitely could not hand her over to him. If the real Nuwa Devil was reborn, wouldn't Su Yan be gone?

Chapter 2945 - The Heavenly Monarch of the Eight Trigrams

The Heavenly Demon Genesis was a huge problem.

This difficult problem immediately extinguished Long Chen's passion towards the Ghost Blood Curse.

The most difficult point was that he did not know anything about the Heavenly Demons of the Era.

In the past, he already knew that he was the Demon Emperor.

At that time, he had even lost to Long Chen and was devoured by his into the Death Realm.

Then, what happened to him in Death Realm, why was it like this, then he would have no idea at all.

"Is it possible? Back then, did he intentionally enter this Death Realm? "

Long Chen suddenly thought of this question and felt his blood run cold.

When he saw the current situation of this Heavenly Demon, he felt that this was actually very possible. This monster, he must definitely know a lot of things that even Long Chen did not know.

He still remembered the words that this guy said on the warship.

Back then, in Long Chen's heart, the era of the Heavenly Demon was a synonym for terror.

Even now, it was still like a nightmare.

"If he intentionally entered the Death Realm, then it would be even harder for him to deal with him. Perhaps, he had already undergone a huge transformation in the Death Realm. Moreover, for him to be able to easily appear in front of me, it is clear that he has some control over this place. He even knows of my current strength, but he is still not worried at all. "

Very possibly, once his real body arrived, it would be an unprecedented challenge for Long Chen.

But even so, Long Chen was unwilling to go out and challenge Di Jun.

"Let's do it like this. If it really doesn't work, then I'll just go out." Maybe he could escape. However, I have to try my best to get the Ghost Blood Curse before the Heavenly Demon Genesis arrives. This way, my chances of dealing with it will be much greater. After all, as long as the Ghost Blood Curse cuts down on the other party, they will be able to perish. "

After thinking about it for a while, Long Chen made a decision.

His heart was at ease, at least he didn't have to worry about fear.

"I must find out the secret of the Death Realm too!"

Putting aside the matter of the Heavenly Demon, Long Chen continued moving forward.

In his God Kingdom, everyone was also a strong and methodical person.

All of them were struggling to build a new, perfect world.

Ten days passed.

"There's still no trace of the Ghost Blood Curse?"

Along the way, Long Chen met a few more Divine Emperor s, and at the same time, he also met some battles that occurred between the three Heavenly Palaces and the others. The Three Great Heavenly Palaces were united and had a large number of people. They were decisive in taking action, even though the majority of them were Initial stage Divine Emperor s, they held the absolute advantage. After a few battles, apart from the Three Great Heavenly Palaces, only a few Extreme Realm Divine Emperor s remained.

Moreover, most of them were in a state of isolation.

Long Chen was only one of the people being chased.

Of course, most of the people were still looking for the Ghost Blood Curse.

Long Chen then increased his speed. After all, if the Primal Heavenly Demon was coming, he did not have much time.

He moved around, searching.

Suddenly, he felt as if he had entered a strange place.

He stopped in his tracks.

At first, he was already in a strange place within the Death Realm, but he quickly felt that this was man-made. He probably walked into a very concealed formation diagram, and on this diagram, there was actually a divine power circulating!

"Someone is ambushing me!"

Long Chen instantly realized it.

But it seemed that it was already too late to escape. Just as he realized it, a light suddenly lit up beneath his feet, and right below him, an incomparably large Eight Trigrams Formation with a diameter of at least several tens of thousands of meters appeared.

Of course, it was a Hun Yuan grade God Manifestation Weapon.

After all, those with Eternal Creation Divine Artifacts were not allowed to enter.

The eight positions on the eight trigram formation diagram rotated continuously, releasing eight types of majestic forces, locking Long Chen firmly onto the eight trigram formation diagram, causing him to be unable to move at all. To be able to do this, it must be the Extreme Realm Divine Emperor.

Eight positions, as though they were eight different worlds, pressed onto Long Chen's body. Among them, there was a sky, earth, endless gigantic mountains and an endless ocean, there was a flame, lightning, and a storm. Under his feet were endless swamps.

However, the strongest aspect of the eight trigram formation was its concealment.

After all, Long Chen who had come here, had actually not discovered it.

"The Heavenly Monarch of the Eight Trigrams."

Looking at this eight trigram formation diagram, Long Chen remembered something Divine Emperor Yuhua had told him, about a Extreme Realm Divine Emperor that came from the Yuqing Heavenly Palace. The reason he had introduced him to Long Chen was because this Heavenly Monarch Eight Trigrams was a person on the Divine Emperor Board. He was ranked ninety-third on the Divine Emperor Board and was slightly lower than the Great Emperor Yuehua.

However, he was undoubtedly much stronger than Daoist Feng Qing.

Long Chen defeating Daoist Feng Qing was already his limit. Now, he had been especially trapped by the other party who had used his Creation Divine Artifact, 'Circulating Eight Trigrams Diagram'.

The Eight Trigrams Sky Lord had three famous Creation God Equipment, their combined power was extremely strong, and their combined power was extremely close to that of a Eternal Creation Divine Artifact. They were the Circulating Eight Trigrams Diagram, the ZhongTian Eight Trigrams Sword, and the Heavenly Eight Trigrams Blade.

"Show yourself!"

Long Chen calmed down, it was clear that the other party was here specifically for him.

Sure enough, someone was currently charging out from the depths of the ocean, and passing through the Circulating Eight Trigrams Diagram, three people appeared in front of Long Chen, and not the Eight Trigrams Sky Lord himself.

The one in the middle was dressed in a snow-white Eight Trigrams Daoist Robe, his silver hair was combed neatly, he was handsome, elegant, had a cold gaze, and his body was covered in eight types of godly powers. He was the ninety-third man of the Divine Emperor, the Heavenly Monarch Eight Trigrams.

In terms of aura, he completely dominated Daoist Feng Qing, allowing Long Chen to understand that this enemy had already surpassed his limits.

Not to mention, there were two helpers around him.

Moreover, these two helpers were both Divine Emperors of polar state.

The one on the left was an old woman dressed in a blood-red robe, skinny and bent. She had lost quite a bit of her blood hair, and even lost quite a bit of her old teeth, but she still had four sharp beast-like teeth. Her pair of eyes were bloodshot and bloodthirsty, and there was even a blood-red bolt of lightning flashing within them.

This person was obviously not from the Yuqing Heavenly Palace.

Heavenly Monarch Eight Trigrams, from Yuqing Heavenly Palace.

As for this old lady, she was most likely Yu Qingtian's subordinate, the one who had sided with the Eight Trigrams Heavenly Lord, to help him search for the Ghost Blood Curse. If not, she would have been defeated by the Eight Trigrams Heavenly Lord.

The one on the right was relatively ordinary, but he was also an Extreme Realm Divine Emperor. He should be of the Spirit Demon race, but from his clothing, he was also from the Yuqing Heavenly Palace. It was probably a Divine Emperor who was very close to Heavenly Monarch Eight Trigrams in the Yuqing Heavenly Palace. He was the same as the old lady in the blood robe, he was probably not weaker than Daoist Feng Qing or Evil Fire Cloud God.

"Long Chen, I caught you."

A cold smile appeared on the face of the Eight Trigrams Heavenly Lord.

"This is just a sneak attack, what's there to be proud about." Long Chen replied calmly.

Beside him, the old lady in the blood robe said in a sharp voice, "You're still being stubborn even before death. You humiliated the disciple of the Heavenly Monarch and you are still running rampant in the Death Realm. Where is the dignity of the Heavenly Monarch?"

As she spoke, her eyes burned with passion as she looked at the Eight Trigrams Heavenly Lord, "Heavenly Monarch, leave this fellow to me. After absorbing his blood, I'll be able to improve my strength once more. When that time comes, I'll be able to help you obtain the Ghost Blood Curse!"

The Eight Trigrams Heavenly Lord did not like her. From his expression, one could tell that if it wasn't for the Ghost Blood Curse, he would not have come into contact with the old lady. However, I need to talk to this Long Chen for a while. "

It looks like they thought that this Circulating Eight Trigrams Diagram had completely locked down Long Chen.

"Drink my blood?"

This was the first time Long Chen had heard someone tell him this, because generally speaking, it was him who refined someone else.

At this point, the Heavenly Monarch said, "My disciple said you insulted them, lied to them, slapped them, and even caused them to be expelled from the competition. He's doing all sorts of evil, isn't he?"

Only now did Long Chen know that among the two female Divine Emperor s, one of them was the disciple of the Heavenly Monarch Eight Trigrams.

Long Chen laughed, "You know much more about the nature of your own disciple than I do. "No need to ask me for confirmation."

If that's the case, then I'll just assume that what they said is true. If you dare to humiliate the members of my Three Great Heavenly Palaces like that, then even if we are fighting in the Death Realm, I will make sure you die.

Originally, he wanted to kill Long Chen, but he cared about face and reputation.

After all, it was indeed a bit too much to force the other party to step down and kill him instead.

The Eight Trigrams Heavenly Lord pointed to the old lady beside him, and said: "You may not know this one, she is called Haemophilus, she is my, Yu Qingtian's, Extreme Realm Divine Emperor, and Taiqing's, also known as the 'Evil God and Ghost Mother'. Letting her end your life would be painful, but it would

be your punishment. Our three heavens and three heavenly palaces are not something that anyone can offend. "

Saying that, he nodded towards the Haemophilus.

"Yu Wu, let's wait at the side." The Eight Trigrams Sky Lord said to the other Divine Emperor and the two retreated, as if they did not want to see this bloody scene. But in reality, in order to prevent Long Chen from escaping, the Eight Trigrams Heavenly Lord was still using all his might to control the Circulating Eight Trigrams Diagram, preventing Long Chen from moving and shattering the Death Realm's blood bead.

When he heard from his disciple that she had been wronged, the Heavenly King of Eight Trigrams lost face and was looking for Long Chen.

Finally, he found Long Chen and set up a trap, waiting for Long Chen to take the bait.

"How vicious."

Long Chen could not help but sigh.

At this time, Haemophilus had been waiting for this moment, her ugly mouth opened into a grin, and she laughed non-stop. At this moment, her entire body was wrapped with blood red lightning bolts, approaching Long Chen.

"My little darling, you better not move. Let me enjoy this feast of yours slowly. Don't be afraid, it won't hurt at all. You'll feel a kind of love with your lover. "

Long Chen almost vomited.

Chapter 2946 - The Divine King of Perfection

This Haemophilus is so disgusting.

Especially after she got closer and saw her face full of wrinkles and her canine teeth that had fallen off, that eerie smile made people feel even more disgust.

But no matter what, this was a Extreme Realm Divine Emperor, and his name was as famous as the Evil Fire Cloud God's.

Furthermore, Long Chen was under the control of the Eight Trigrams Assimilation Formation.

He tried a few times, but it would take some effort to get rid of the Eight Trigram Formation, and at this time, the Haemophilus was already impatient and was swaggering in front of him, grinning: "Such a rare delicacy, I can tell that the time you were born is too short. Your blood is fresh. "

When she got close to Long Chen, the blood red lightning wrapped around his body. She never thought that the rules of this kind of lightning wasn't that it would explode or split, it was just that it was paralyzed, a type of binding force. When Long Chen was entangled by this lightning, his body actually started to quickly lose consciousness, making him unable to control his own body!

This was a double blow from the two Extreme Realm Divine Emperor s.

"This way, you won't be able to escape." She seemed to be enjoying a type of delicacy as she used the blood red lightning to wrap Long Chen up in layers of binding, as if she was wrapping him up like a dumpling!

"Taotie Feast!"

The Haemophilus laughed out loud and suddenly pounced towards Long Chen. Long Chen was currently using all his strength to resist the Eight Trigrams Universe Formation, so he did not have the time and energy to deal with this fellow for the time being.

Her thin and small stooped body was directly placed on top of Long Chen's body. At this moment, she revealed her sharp teeth, and without saying a word, she was going to bite towards Long Chen's neck.

"Blood, warm divine blood!"

Haemophilus's laughter came from far away.

At this scene, the Eight Trigrams Sky Lord and the Yu Wu Divine Emperor smiled faintly. They were too lazy to watch this scene anymore.

Pfft.

That tooth pierced into Long Chen's body, causing him to feel pain. This Haemophilus had some ability, to actually be able to swallow Long Chen's divine dragon blood. For a moment, Long Chen was extremely gloomy. He understood that if this continued, he might really be finished off by this Haemophilus.

And it was a terrible death.

Therefore, he was using the greatest strength he could muster. He was in the midst of manifesting and using the Divine Dragon Body to push open the Heaven-Revolving Eight Trigrams Formation, it was unknown whether he should push it open first or the Haemophilus should just swallow him dry.

"Delicious!" "Delicious!"

Haemophilus shouted in excitement.

She couldn't bear to swallow it all at once.

"You are courting death."

Long Chen looked at her coldly. Although the Eight Trigram Formation was powerful, to completely crush and lock down Long Chen was impossible. He had to break through the Eight Trigram Formation immediately, and at that time, Haemophilus would have to see if he could withstand Long Chen's attack!

It was obvious that Haemophilus was not on guard at all. She was extremely confident in her own lightning laws and her own control over the Eight Trigrams Heavenly Monarch.

Just as Long Chen was preparing to push open the eight trigram formation with all his might, a delicate shout suddenly came from afar, "Stop!"

It seemed to be the voice of the Jadeflower Divine Emperor.

Indeed, the Jadeflower Divine Emperor appeared in the midst of the blood ocean and when the voice appeared, he was already in front of Long Chen. Behind the Jadeflower Divine Emperor, she was also in pursuit of her, and it seemed that he was extremely furious, and at this moment, they had already seen the situation. Although the Great Emperor Yuehua was ranked higher than the Eight Trigrams Heavenly Monarch, but the other party was still a member of the Yuqing Heavenly Palace, so offending him for Long Chen was not worth it! So when Great Emperor Yuehua saw him, he hurriedly said, "Yuhua, don't meddle in other people's business. You have offended Yuqing Heavenly Palace."

Before she finished speaking, Yu Hua Divine Emperor attacked the Eight Trigrams Sky Lord. She knew that Long Chen was controlled by the Eight Trigrams Sky Formation and as long as the Eight Trigrams Sky Lord was distracted, Long Chen would be able to escape from his imprisonment and escape from the Haemophilus's clutches.

"Yu Hua!"

To have such a sister, Great Emperor Yuehua was truly going crazy.

"You two, how dare you attack me?!" It seemed that he was going all out. Yue Hua, I have always wanted to challenge you to change our position on the Divine Emperor Ranking. Today is a good opportunity. "

He signalled to Yu Wu to stop Divine Emperor Yuhua, and he directly flew past the Divine Emperor, charging straight towards Great Emperor Yuehua in a violent attack. He did not give the Great Emperor Yuehua any chance to explain himself.

To be honest, even if Long Chen was not present, he would have helped out as well. The people from the three Heavenly Palaces were here to chase away the people from the Great Emperor Yuehua, especially when the Heavenly Monarch Gossip wanted to challenge the Great Emperor Yuehua the most. After all, the Great Emperor Yuehua was the person who was closest to him and above him in the entire Death Realm.

Being pressed down on the head by someone from outside the Three Great Heavenly Palaces made him uncomfortable.

Therefore, facing the powerful attack of the Eight Trigrams Heavenly Lord, Great Emperor Yuehua was helpless. She had no choice but to take action.

"Mother of Lightning, don't let Long Chen escape."

Since the Great Emperor Yuehua had appeared, Long Chen was secondary. Therefore, in the battle, the Heavenly Gossip King had actually kept the Eight Trigram Formation, focusing on dealing with the Great Emperor Yuehua. The two super experts of the Divine Emperor's ranking were fighting against each other.

To Yu Hua Divine Emperor, she just need to stop Yu Wu.

She naturally knew that it was simply too difficult to trap Long Chen with just the Haemophilus.

To Long Chen, the appearance of the Jadeflower Divine Emperor was simply a ray of hope!

He instantly lost control of the Heaven-Revolving Eight Trigram Formation.

"Don't even think about escaping!"

Haemophilus laughed out loud.

BOOM!

She was quickly devouring Long Chen's divine blood when Long Chen suddenly turned into that divine way's heart dragon. It was far beyond the control of the Haemophilus, and for the Haemophilus to come so close to him was already a huge mistake in itself.

"Karma Thrust."

Towards this old witch, Long Chen couldn't be bothered to be courteous. Since she was so close, and almost sucked all of his dragon blood, Long Chen took the opportunity to unleash the Karma Thrust.

Haemophilus still refused to give up.

To her, Long Chen was simply too delicious.

She never thought that the power of the Karma Thrust was terrifying to such an extent. Evil Fire Cloud God had once lost here, and this was even more so for her.

No matter how strong her divine body was, it would still collapse. Especially for someone like the Haemophilus, who committed many evil deeds, Karma was a retribution, a retribution, and she could not withstand it.

"Extinct Dragon Seal!"

That blood colored divine dragon appeared in the sea of blood like a tiger adding wings. Long Chen extended his dragon claw, and directly imprinted the Dragon Seal of Extermination onto the top of the Haemophilus's head!

"AHH!"

In fact, Haemophilus had already realized the danger to her life at that moment.

She definitely did not want to die here. In shock, she hurriedly took out the Death Realm Blood Bead and was about to crush it, but Long Chen's Primordial Blood Spirit Dragon God body had entangled her to death.

His soul had been completely destroyed.

The heavily injured Haemophilus was unable to defend against the Extinction Dragon Seal.

"Blood Devour."

The Haemophilus originally wanted to swallow Long Chen's divine blood, but now that he had reversed the situation and was refined by Long Chen, it turned into the purest Divine Source Power and was transformed by Hun Yuan into Hun Yuan's divine power.

The flesh and blood essence of a Extreme Realm Divine Emperor was actually quite large for a Primal Realm King like Long Chen.

The accumulation over twenty years had long ago brought him to the brink of a breakthrough. The pure energy within the Haemophilus became the energy for his final breakthrough, allowing him to rush towards the direction of the God King Perfection while he absorbed it.

Long Chen had already known that he would enter the realm of the Perfection's Divine King in the Death Realm.

He just didn't expect it to arrive so quickly.

Of course, those who were fighting beside him, he never thought they would be fast to this extent. The Haemophilus and the Evil Fire Cloud God were not that far apart, but they were actually so quick to be killed by Long Chen!

It was an incredible miracle.

Long Chen had the means to kill the Extreme Realm Divine Emperor.

They were the Karma Stab and the Extinction Dragon Seal.

Therefore, as long as he found that opportunity, it would not be an exaggeration.

Especially when Haemophilus was still intoxicated with his dragon blood and could not be separated from him, she was attacked so quickly that she died on the spot before the Death Realm's blood bead could even be crushed. Before dying in battle, Haemophilus had never thought that she would die in Death Realm.

After all, there weren't many experts in this world who could force her to even crush the Death Realm's Blood Bead, and they definitely weren't Long Chen!

At that moment, Long Chen was surrounded by a sea of blood, forming a vortex around him. The people from the Eight Trigrams Sky Sovereign and the rest could not see anything clearly, but they could sense that his cultivation was rising rapidly.

"There's actually a breakthrough!"

Everyone was stunned.

Even the Great Emperor Yuehua was in disbelief.

She and the Eight Trigrams Sky Lord were about to have a huge battle, but because of Long Chen's performance, they stopped abruptly. But when the Yu Hua Divine Emperor saw that Long Chen was safe, she was too lazy to bother with this Yu Wu Divine Emperor, so he gave up his opponent and headed straight for Long Chen, wanting to see if Long Chen was injured or something like that.

BOOM!

The surrounding sea of blood was blasted away.

A youth dressed in black and with unkempt hair rushed out from the depths of the sea of blood and stood in front of Divine Emperor Jade Flower. Seeing that he was even more powerful and unharmed, Divine Emperor Jade Flower smiled.

She was relieved.

After being nervous for such a long time, he finally saw that he was safe and sound.

"Thank you very much this time. If it wasn't for you, I wouldn't have survived. "

Long Chen sincerely thanked him.

"Well said, but you won't even kiss me, hmph."

Although the Jade Flower Divine Emperor was speaking angrily, he was still smiling.

"Ugh ..."

Long Chen didn't know how to deal with her, but he turned his head to look. The Eight Trigrams Sky Lord's passionate gaze landed on him.

"You killed the Haemophilus?"

"So what?" Long Chen was currently receiving a surge of power, which made up for his lack of power. The way he looked at the Eight Trigrams Heavenly Lord had already changed.

"I think I can challenge you." Long Chen said to the Heavenly Monarch Eight Trigrams.

Chapter 2947 - Heaven's Path Sword

Relying on the power of the Haemophilus, Long Chen made his final sprint, and stepped into the perfected realm of Taizhen Deity Realm.

God King Perfection.

because every time he did so, his Divine Source Power would always be a shortcoming, especially when facing off against the Extreme Realm Divine Emperor.

Once this weakness was fixed, Long Chen's fighting strength would increase exponentially. Honestly speaking, his strongest rules, as well as the different rules, would all display a mystical effect, with an even more tyrannical killing power.

After eliminating the Haemophilus, the battle between the Great Emperor Yuehua and the Eight Trigrams Heavenly Lord stopped. Long Chen stopped right in front of the Eight Trigrams Heavenly Lord.

"The biggest reason why I came to the Death Realm is to fight against Di Jun and the Heavenly Demon of Era. Di Jun is the top ranker on the Divine Emperor and this Heavenly Monarch Eight Trigrams is ranked 93rd. If I can't even challenge him, how can I survive under the pursuit of Di Jun? "

It was as if the pressure of the Immortal God Clan had caused Long Chen to soar up the Divine King List!

This time, he wanted to replicate the legend.

Although he couldn't guarantee that he would be as glorious as he was last time, he just wanted to go all out and challenge it! After all, he had an even bigger mission. He could not allow Di Jun to restrict his movements.

This enemy who was also from the Dragon Sacrifice Continent, Long Chen had already received enough of him!

"Challenge me?"

The Heavenly Monarch had already heard a joke.

He thought highly of himself, he had come here to challenge the Great Emperor Yuehua, but unexpectedly Long Chen suddenly jumped out at this time, and said she wanted to challenge him! Although Long Chen killing the Haemophilus shocked him greatly, but he still subconsciously thought that Long Chen was a pitiful junior who was being chased around by Di Jun.

"Heavenly Monarch Eight Trigrams, he should have this kind of guts."

Long Chen said lightly, angering the Eight Trigrams Heavenly Monarch.

"I'm leaving." If it weren't for the fact that Divine Emperor Yuhua had made his move earlier, Great Emperor Yuehua would not have bothered to fight against Heavenly Monarch Eight Trigrams.

"Don't go, I'll fight with you after I take care of this brat." Today, I will step on you! "

The Eight Trigrams Heavenly Lord said to the Great Emperor Yuehua coldly.

Jade Flower Divine Emperor did not want to leave, so he could not leave for the time being. Seeing that Yu Hua Divine Emperor was so excited and full of anticipation, he said furiously: "What are you waiting for, wait for that brat to be killed in retaliation, I definitely won't allow you to make a move."

"What do you know? He's not confident that he can challenge us?" But Divine Emperor Yu Hua refuted her. That definite tone, made Great Emperor Yuehua feel as if she had gone mad. She naturally did not believe that Long Chen possessed such a power that could contend against her Great Emperor Yuehua.

Outside the Death Realm, Long Chen had been chased by her at that time.

When their words had just landed, the Heavenly Monarch Gossip had already lost interest in wasting his breath on Long Chen.

With a casual wave of his hand, the Eight Trigrams pattern on the robe appeared on his back and turned into a Eight Trigrams Diagram. It appeared on top of his head and an endless gigantic mountain and a vast ocean vaguely appeared, as well as a storm and thunder. This was his Creation Divine Artifact — — Circulating Eight Trigrams Diagram!

In addition, there was a long sword in his left hand. It was a black and white sword that looked like it was made out of wood. It looked simple, but its edge was concealed.

In his right hand was a blade made of the exact same material as the ZhongTian Eight Trigrams Sword. However, it was a blade, equally terrifying. This was ... the Eight Trigrams Assimilation Saber of the Heavens.

Saber Sword Diagram.

He had achieved the fame of Heavenly Monarch Eight Trigrams.

He had once challenged the Divine Emperor Ranking, and along the way, he had obtained his current position.

As long as it was a Divine Emperor Ranking, it would be one of the top hundred Divine Emperor s!

The sword in his left hand, the blade in his right hand, the eight trigram diagram revolving above his head, now, the eyes of the Eight Trigrams Heavenly Lord was white, black, expressionless, and cold like a

corpse, but the surging spirit energy in his body, being challenged by Long Chen, was in itself an insult to him, so he was already extremely angry.

"He doesn't know how high the sky is and how deep the earth is!"

The Eight Trigrams Heaven Lord shouted coldly!

Suddenly, a sword in his left hand pierced towards Long Chen!

This move of his was simply a top quality rule of his. Even ordinary Extreme Realm Divine Emperor would not be able to block it all, and it was completely possible for him to defeat his opponent in one move!

ZhongTian Eight Trigrams Sword!

The sword shadow thrust out and countless Eight Trigrams Formation formed a column, forming a passageway, allowing the sword to pass through!

"ZhongTian Sword!"

Fusing the Ancient Code into the sword aura was similar to Long Chen; it was one of the rules of the Yuqing Heavenly Palace. This Heaven's Path Sword looked simple, but it actually contained a destructive force. Long Chen realized that if the Eight Trigrams Sky Sovereign were to kill him right from the start, as long as it was this move, he wouldn't be able to defend against it!

However, the Haemophilus gave Long Chen the chance.

Now, his expression did not change at all, holding onto the God Slaying Sword, of which one hundred thousand demon soldiers had appeared, Long Chen moved quickly, the most familiar time sword had completely condensed onto the God Slaying Sword, each breakthrough simply caused the power of his time sword to increase explosively, this was one of the rules that required strength the most, when Long Chen's God Power of Hun Yuan increased, the time sword would burst out resplendent!

An incomparably gorgeous sword, swift and violent, pierced through time, instantly clashing with the ZhongTian Sword.

Swoosh, swoosh, swoosh.

When the two swords collided, the sound was actually very small.

However, it had to be said that Long Chen, by relying on the Sword of Time, had completely blocked the attack that the Eight Trigrams Heavenly Lord seemed to have used all his strength in! Long Chen's performance this time, directly opened the eyes of Heavenly Monarch Eight Trigrams, Great Emperor Yuehua and Divine Emperor Yu Wu, and they were extremely shocked in their hearts. He knew that his sword attack just now had shown the ultimate destructive power!

"Impossible! Could it be that this Long Chen has already reached the same realm as me?"

As he was thinking this way, Long Chen smiled and said to him: "It's better if Sky Sovereign treat me as his junior and treat me as his Great Emperor Yuehua, and show him your strongest skills. Otherwise, if this goes on, I will easily defeat you and take over your position on the Divine Emperor Board."

"How dare you!"

The Eight Trigrams Sky Sovereign was so angry at Long Chen for defusing his attack so easily, especially when the other party dared to speak in such a tone. However, Long Chen had truly reminded him of this, so at this time, he no longer had that lofty attitude. Instead, he had truly regarded Long Chen as a terrifying opponent!

"ZhongTian Sword!"

"Sky Severing Demon!"

This time, just as Long Chen's voice fell, the Eight Trigrams Sky Lord started to move quickly. As his robe fluttered in the wind, he attacked continuously with both hands, slashing out with his blade and sword. His attack this time was much more terrifying than before, his Heaven Punishing Blade was even fiercer, while the Heaven Slaying Demon had descended from the sky.

The furious Heavenly Monarch Eight Trigrams, instantly put Long Chen in an extremely dangerous situation, making everyone worry for him.

But, Long Chen was not anxious at all, he was still holding onto the God Slaying Sword, gathering the power of time. The Sword of Time was the fastest sword, Long Chen was even faster, he had unleashed two sword attacks!

Dang! Dang! Dang!

The Time Sword clashed with the two different laws of the Eight Trigrams Heavenly Lord. The tyrannical Time Penetrating Force once again disintegrated the ZhongTian Sword and the Heaven Slayer Demon Slaying Blade, causing the laws of the Eight Trigrams Heavenly Lord to collapse and disappear before everyone's eyes.

For an exalted Heavenly Monarch Eight Trigrams, being forced to such a level could be considered a certain level of cultivation.

"I said, don't use these little tricks to fool me, okay?" Long Chen grinned.

He now had sufficient confidence in his own combat ability.

That was his killing move just now. Basically, all the other Extreme Realm Divine Emperor s would have been killed by him, but after Long Chen easily blocked it, he said that it was just a small trick. This was simply the most merciless insult to him!

"You!"

It was Xiao Nu just now, but now it was a monstrous rage!

After cultivating for so long, he was actually provoked by this brat.

"You asked for it."

He quickly placed the ZhongTian Eight Trigram Sword and the Heavenly Eight Trigram Blade onto the Circulating Eight Trigrams Diagram, which radiated a bright light. It twisted and turned, wrapping around the blade and sword, then changing and fusing.

"Three elements return to nothing!"

The ball of light in his hand actually turned into a liquid, melting into his body and quickly spreading throughout his body. In the end, it formed a layer of light that tightly wrapped around his body, and within the light film appeared the faint image of the Eight Trigrams. Most importantly, after enveloping the light film, the Heavenly Eight Trigrams Sect was able to gather the God of Creation within the light film, and his own strength was still increasing by leaps and bounds!

Moreover, with this thing protecting him, his defensive power was simply terrifying.

This was the strongest state that he, Heavenly Monarch Eight Trigrams, was in, and was also the foundation that allowed him to establish his position on the Divine Emperor's Ranking Board. He had originally planned to fight Great Emperor Yuehua to such a degree, but he did not expect that for Long Chen's sake, he would actually unleash his strongest form.

At that moment, the Eight Trigrams Heavenly Lord's body shone, he had the aura of a monarch descending upon the world, his aura overflowing the heavens, completely suppressing Long Chen.

"Regardless of the consequences, you are the one who brought this upon yourself. No wonder others, prepare the Death Realm's Blood Bead!"

The Eight Trigrams Heavenly Lord roared!

The body of the Divine Emperor was charging towards Long Chen. Right now, he only needed to use simple punches and kicks, and the rules were simply the work of three Godly Creation Tools. He was simply approaching the Eternal Creation Divine Artifacts limitlessly.

"Eight Trigrams Heaven Punch!"

As expected, every single punch of his contained a might that far surpassed the might of the sword and saber just a moment ago, achieving a fearsome effect. When the fist opened, it was simply like an eight trigram formation was pressing down on him, sealing Long Chen and making him unable to move.

These three artifacts were simply amazing.

It was precisely because of this that the Eight Trigrams Heavenly Lord was confident that he could knock Long Chen out of the competition with a single punch.

Chapter 2948 - Fools

"Not bad!"

Under the suppression of the Eight Trigrams Heaven Punch, the three types of Manifestation Divine Equipment could be considered to be attacking at the same time, and the danger they brought to Long Chen was indeed terrifying. For an attack of this level, it seemed easy for an outsider to deal with it, but for those of the Evil Fire Cloud Gods and Haemophilus, they would definitely not even have the chance to crush the Death Realm's Blood Bead.

Attacking Great Emperor Yuehua in such a manner would cause him to frown. She was not worried for Long Chen, he was just thinking about how he could go against the rules set by him in the future when he challenged him.

"Die!"

The Eight Trigrams Heavenly Lord roared.

One punch, suppress!

In his eyes, Long Chen had already been controlled by him using the power of the Circulating Eight Trigrams Diagram, and could not move at all.

Just as Long Chen was about to be crushed to pieces, at this moment, Long Chen broke free from his restraints. He turned the God Slaying Sword in his hand into a silver, cold Heaven's Sacrificial Spear.

"Even if we struggle free, what use is it! You will definitely die! "

After all, as long as he did not remove his strongest state, such attacks, wave after wave, would definitely exhaust Long Chen to death.

In his eyes, Long Chen was only pretending to be calm.

Right at this moment, a figure of light condensed on Long Chen's left hand, and in his right hand, the Heaven's Sacrificial Spear drew out numerous afterimages as it danced.

He lowered his head and suddenly leaped up.

In that instant, he actually used the white ball of light in his hand to block the killing move of the Eight Trigrams Heavenly Lord. In that instant, he actually used the white ball of light to block the killing move of the Eight Trigrams Heavenly Lord.

What he did not know, was that Long Chen's fate had changed!

The most mysterious rule had once allowed Ji Taixu to remove the Demon Emperor's state, and had turned the demons into four demons. Any forceful combination would be broken down by a heaven-defying change of fate.

Therefore, the most unbelievable situation had occurred!

When the Eight Trigrams Sky Fist got rid of the ball of light, the light membrane surrounding the laughing Heavenly Trigram Lord suddenly exploded, reforming into the ZhongTian Eight Trigrams Sword, the Heavenly Eight Trigrams Blade and the Circulating Eight Trigrams Diagram, floating beside the Heavenly Trigram Lord!

Because these three Godly Manifestation weapons were formed, the destructive power that was formed before completely dissipated, disappearing without a trace. The powerful attack that the Eight Trigrams Heavenly Monarch had brewed earlier, crumbled under Long Chen's change of fate!

This was an unbelievable scene.

It was also the time when the Eight Trigrams Heavenly Lord was the most shocked.

It was simply impossible.

Even the Great Emperor Yuehua and the others were wondering to what extent Long Chen would be injured under this pressure.

This reversal was simply too great.

However, it was not over.

"No!"

The disintegration of the three most relied on God Creation Equipment exposed the Eight Trigrams Sky Lord in front of Long Chen, and they met Long Chen, who had made the best preparations!

At this moment, he suddenly raised his head after breaking the three Creation Divine Weapons and smiled sinisterly at the Eight Trigrams Heavenly Lord. He had long since prepared his Heaven's Sacrificial Spear!

"Karma Sting!"

That was the position of the Heart of Rules, even if the Heavenly Bestowal Sovereign King had battle power, but suddenly facing such a crisis, especially the Karma Thrust with the greatest penetrative power, there was only one outcome. If Long Chen did not stop, he would die.

In a state of panic, the Eight Trigrams Heaven Lord raised his arms in front of his chest to block the attack!

"Puchi!"

Karma Thorns easily pierced through his arm, not losing any strength as they pierced towards the Heart of Rules.

He used his arm to block it, so he understood the power of the Karma Thrust the most. He knew that if he hesitated, the result would be death. His mind was blank, and all he could think of was the desire to live.

"Long Chen!"

An angry roar.

At the last moment, the Death Realm Blood Bead that was crushed into pieces flew out of the Death Realm, turning into a ray of blood light and causing Long Chen's Heaven's Sacrifice Spear to hit empty air.

Bang!

In front of Long Chen, a large expanse of blood sea water had been blasted away.

The bottom of the sea of blood transformed into an incomparably violent storm.

In the midst of the storm, Long Chen turned his head around with the Heaven's Sacrificial Spear in his hand, and immediately saw the incomparably admiring eyes of the Jadeflower Divine Emperor; she was simply about to fall drunk on the spot.

"Ugh ..."

Great Emperor Yuehua took a deep breath. Only she knew how shocked she was, but even so, she didn't want to show it. However, that gloominess was still firmly entrapped within his heart.

Right now, she knew one thing very well, and that was that this Long Chen was definitely a dangerous person. Even if he stole the Herba Euphorbiae away, Great Emperor Yuehua was still prepared to recognize him. She was shocked by Long Chen.

However, she absolutely did not want her own sister to have any deep interactions with such a dangerous person, and that would definitely not be a good thing. Even if Long Chen did not have any malicious intent, as long as Divine Emperor Yuhua was with him, it would be extremely dangerous.

"Ugh ..."

As the first expert on the Divine Emperor Ranking to be eliminated, the face of the Eight Trigrams Heavenly Lord paled when he came out.

There were already dozens of Divine Emperor in the surrounding area, and all of them were eliminated. Most of them were Initial stage Divine Emperor, and most of them were forced out by those 'blood beast'.

Everyone was naturally curious, which expert on the Divine Emperor Ranking forced him out?

It was difficult for people like them to enter the Death Realm once. In order to obtain the Ghost Blood Curse, if they did not encounter danger and perilous situations, they would not even use the Death Realm Blood Bead.

The people of Yuqing Heavenly Palace quickly came up.

The commander of the Yuqing Heavenly Palace asked: "Junior brother, you failed the challenge? Great Emperor Yuehua doesn't have the ability to directly force you out, right? "

He knew that once he said it, Long Chen would cause the entire world to shake even more.

"Who is it? Nine Sword Divine Emperor? or a Taoist Dobao? "

The Eight Trigrams Heavenly Lord shook his head helplessly. There was no way for him to hide it, everyone would definitely know about it, so he could only say: "Maybe you guys do not believe that it was the Long Chen that was chased by Di Jun."

"Him!"

For a moment, everyone was shocked.

"It's Long Chen?" After all, Long Chen had already knocked Daoist Feng Qing out of the competition.

"Impossible, right? When he fought me, he was pretty much at his limit." Daoist Feng Qing said.

Even though it was impossible, it was clear that the Eight Trigrams Heavenly Lord would not joke about such things.

"In other words, if you get challenged and lose, you will fall out of the Divine Emperor Ranking. And Long Chen became the ninety-third person on the Divine Emperor's list. "

These rules were similar to the Divine King Ranking.

If it was an internal challenge on the Divine Emperor Ranking, so on and so forth.

If it was an external challenge, then it would fall out.

The difference between the Divine Emperor Ranking and the God King Ranking was that as long as one was on the Divine Emperor Ranking, they could freely challenge others as long as the person being challenged was willing.

As long as this news spread to the God Realm, Zhou Shan, there would naturally be people from the The Diremonster Battlefield of the imperial level who would change their rankings.

Daoist Xuan Qing raised his head.

Above the endless blood fog, there was a vague shadow of a person.

He knew that Di Jun was there.

He had definitely heard the news of Long Chen's successful challenge to the ninety-third rank of the Divine Emperor.

"Next up, maybe this number will become smaller and smaller. This Long Chen wants to surpass Di Jun in this Death Realm. He only has this chance to live. "

The winner was the king while the loser was the thief.

If he succeeded in the end, it would be a terrifying legend.

If he lost, his decision would be a joke.

"I just don't know. After Di Jun heard this news, what expression will he have?"

Divine Emperor Yu Wu was also one of the witnesses to all of this.

He was also the most unbelievable person.

He, Heavenly Monarch Eight Trigrams and Haemophilus had set up a trap to deal with Long Chen. But now, Heavenly Monarch Eight Trigrams had been eliminated and the Haemophilus had perished.

He was unable to escape because Long Chen had locked onto him. He had already reached the point of fear towards Long Chen.

However, Long Chen didn't have time to bother with him at this time because Great Emperor Yuehua and Jade Flower Divine Emperor had a conflict.

"Long Chen, let's start with the three of us together. I know a lot of information about the Ghost Blood Curse, and it will definitely be of great help to you. Besides, you also have to protect me, right?" Divine Emperor Yu Hua said pitifully as he stuck to his side.

Just now, they were the ones who had saved him and this Jadeflower Divine Emperor was so kind and devoted to him. Even if Long Chen had to repay her gratitude, he would not reject her. Otherwise, he would be like a headless fly, wandering around in circles.

"Of course you can. If there's more people, it would be easier to handle the situation." Long Chen did not mind, but since he was bullying Great Emperor Yuehua's son, she was still brooding over it, afraid that they might not get along well.

Sure enough, it was not just difficult to get along with.

"No way!" Great Emperor Yuehua rejected him immediately. She looked at Divine Emperor Jadeflower solemnly and said with slight anger: "Yuhua, are you done yet? You are not the same person as him. If you are with him, it will only make you more dangerous, and you might even lose your life! Don't take your life and everything, and do something that has no meaning at all. "

Divine Emperor Yuhua was startled and quickly shook his head. "You're thinking too much. Me and him will be much safer than you."

This caused Great Emperor Yuehua to go crazy with anger.

"Okay, you go with him, I'll go. If you lose your life this time, I won't shed tears for you. It's all your fault. In the end, he's not your person. Sooner or later, you'll see him clearly. "

The Jade Flower Divine Emperor was very firm, "You don't have to worry about my matters. Go find your Ghost Blood Curse, and I wish you success."

"Hur hur." Great Emperor Yuehua was so angry that he laughed instead.

She no longer spoke and instead gave a deep glance at Long Chen before she turned around and left. She had only taken a few steps when she turned around, and her eyes were already filled with tears.

"Foolish child, if you don't lose your life and your tens of millions of years of cultivation, then you won't be able to rest."

With that, he let out a sigh. His clothes fluttered as he disappeared into the depths of the sea of blood.

"Okay, she's gone." Divine Emperor Jadeflower looked as if nothing had happened, and smiled at Long Chen.

"Who is he?"

Long Chen felt that the Jadeflower Divine Emperor was a little strange. She should be treating him as someone else.

"Don't listen to her. Right, how should we deal with this Yu Wu? " Very quickly, Divine Emperor Yuhua changed the topic and pointed at the Divine Emperor Yu Wu who did not dare to escape.

At this time, Long Chen saw that behind Yu Wu Divine Emperor, the blood had congealed into a face.

Heavenly Demon Ji Yuan smiled as he looked at him.

Chapter 2949 - Bones of Beauty

"Who is it!"

Yu Wu had noticed the commotion and the change in Long Chen's gaze.

But his reaction seemed to be too slow.

Just as he noticed this movement, something seemed to have touched his body.

"What!"

At that moment, Yu Wu's face turned deathly pale.

"No!"

There was a scream.

From Long Chen's point of view, he could clearly see that Yu Wu was rapidly aging and drying up, his divine body was drying up, and the most depressing thing was that the Death Realm Blood Bead in his hand had also suddenly disappeared.

"Ugh!"

Yu Wu's originally round and smooth face quickly shriveled up.

However, her speed had increased by countless times. In just that short period of time, Yu Wu was in incomparable pain as she looked at Long Chen, her eyes filled with despair.

He had no idea what was going on, nor could he even turn around to see who had brought down such a terrifying rule on top of his head.

He had no time.

With despair and pain, he quickly withered away and became a dried up corpse. He lost everything and sank into the deep sea of blood.

In his original position, the Heavenly Demon Ji Yuan was formed from the sea of blood, appearing right in front of Long Chen.

He was not real.

At this time, he held the Death Realm Blood Bead in his hand and smiled: "This is great, with this thing, I can leave this place at any time."

"Who are you!"

It had suddenly appeared and strangely killed Yu Wu, and it was even condensed by the sea of blood. This kind of opponent was undoubtedly terrifying to the Jade Flower Divine Emperor, it was just that she was still standing in front of Long Chen, afraid that the Heavenly Demon Ji was going to use the same method to deal with Long Chen.

Long Chen gently pushed her behind him.

"Is there a new love?" He said, "Just now, that rule is called 'Beauty's White Bone', which is the result of my recent efforts. However, I never expected that the first subject to experiment would actually be a man, not worthy of the words 'Beauty's Bone'. This person beside you is quite suitable."

That was the power of time!

However, there were other rules that had been mixed in, and those rules might very well be related to the Death Realm.

At least, for the current Long Chen, it was hard to tell the difference between the two.

"My relationship with her is average, it's just a cooperative relationship. The conflict between you and me, don't hurt the innocent. "Just come at me."

"I don't think so." After Sky Demon Ji Yuan obtained the Death Realm's Blood Bead, he was gradually retreating. As he retreated, he said, "You have to be careful, and keep your life so that these people won't take your life first. The choice we made earlier is still valid. Also, don't even think about leaving Death Realm, I can leave there too. "

With that, he disappeared.

He went back and forth in the blood ocean and casually put a Divine Emperor to death. The ability of the Heavenly Demon had simply far surpassed Long Chen's expectations.

Amongst the Death Realm, he was the most difficult enemy Long Chen had to deal with!

Terrifying, mysterious, bizarre, and everywhere.

"Who is he?" The Jade Flower Divine Emperor asked quickly.

"Heavenly Demon of the Era. Do you know? "

Divine Emperor Yuhua was a person of the Papyrus korshinskii, but at this time, she shook her head and said, "I've never heard of it. However, it should be an ancient Giant Demon race. "

From what Long Chen knew about the Dragon Sacrifice Continent, there was no information about the Primordial Heavenly Demon. It turned out that in the true Myriad Worlds, the Ancient Giant Demon was still very mysterious and the fame of the Primordial Heavenly Demon was not very great.

"It is unknown where the Archaic Giant Demons came from. They appeared and disappeared without a trace, and they occasionally appeared, but most of the time they didn't show themselves. I do know that the's Domain Sovereign Jun seems to be related to the Ancient Giant Demons. They can have a kind of Demon Emperor state. "

"Is that so?"

Long Chen actually knew that the Ancient Giant Demon Clan and the Swallowing Heavens Clan were related. It was just that all the Gods and Demons were influenced by the Swallowing Heavens Clan and did not know anything about the Swallowing Heavens Clan. Even the memories from before the era simply did not amount to much.

"Why is the Ancient Giant Demon here?" How could you make him your enemy? "

The Jade Flower Divine Emperor asked with concern.

"It's all just old grudges, but, shouldn't you leave? I feel that Great Emperor Yuehua is right, if you stay by my side, you will definitely be in great danger."

Long Chen was currently very afraid of the Heavenly Demon Ji.

"No."

The Jade Magnolia Divine Emperor firmly refused.

"He already knows me. If I leave here alone, it will be even more dangerous."

Isn't it enough for you to leave the Death Realm?

"No, I want to help you get the Ghost Blood Curse."

No matter what Long Chen said, the Jadeflower Divine Emperor still made up his mind.

"Don't worry, his appearance earlier was completely just to scare you. Maybe it was just a trick." "It might not be that hard to deal with. You are already very strong for you to even be able to defeat the Heavenly King of Eight Trigrams."

In the end, Long Chen still had to thank her. It would be dangerous for her to be left alone in this Death Realm.

"Fine."

The Heavenly Demon Ji Yuan's target was himself, so there was no need to attack Yu Hua.

"How nice it is to give in to my sister. Now listen to me, I think the Ghost Blood Curse is definitely in this direction. This is the result of a lot of analysis. "

Next, the two of them set off on their journey.

The method she deduced was extremely close to the feeling that Long Chen had.

If both of them were in the same direction, then it was more likely.

"What's going on?"

The surrounding 'blood beast', was growing larger and larger. If Long Chen did not possess the Extinction Dragon Seal, he would not have been able to handle so many blood beast.

All sorts of dragon heads and beast bodies were formed from the sea of blood.

Moreover, other than the Dragon Seal of Extinction, it was simply impossible to kill.

Just like this, at this moment, there were a few more that appeared on the left side of the road. Long Chen had defeated quite a few of them along the way, so he did not deviate from the original sending direction.

"Have you noticed that these blood beast are basically all coming from the left side? Could it be that they want to force us to the right side?"

The Jade Flower Divine Emperor analyzed.

She said: "If I were advancing with my sister, we would naturally not waste our energy to deal with this blood beast. Once we met it, we would have already fled and run to the right. And you have a way to deal with them. That's what happens. "

"You mean to say, it's possible that so many blood beast have suddenly appeared. Are you trying to force us towards one direction?"

Long Chen asked.

"You'll know once you try."

Yu Hua gave a sweet smile and without saying a word, she boldly pulled Long Chen and brought him towards the right. Along the way, more and more blood beast were chasing but the strange thing was, as long as Long Chen headed that way, those blood beast would rarely rush up to attack him.

"There are so many people over there!"

Long Chen suddenly saw it in surprise.

Not only were there many people, there were also quite a few blood beast.

From a distance, it seemed as if the entire blood sea was the world of the blood beast.

and more than thirty Divine Emperor s were trapped and were unable to charge out. In front of these blood beast that could not be killed, they seemed very pitiful.

"It's the people from the three Heavenly Palaces and others. They're still fighting."

Long Chen was skilled and bold right now, and was not afraid of anyone from the Three Great Heavenly Palaces at all. A thousand of them flew, and from this position, it was even possible to see that they were already half surrounded by blood beast. The blood beast that surrounded them, still crowded them towards one direction!

Furthermore, more and more blood beast joined the team.

Originally, the Divine Emperor were still fighting, but was forced back by the blood beast. At the end, they didn't even bother fighting anymore, after all, everyone was being chased by thousands of blood beast.

It was as if their encirclement was shrinking.

"Long Chen!"

In the process, someone discovered Long Chen.

However, even though they had more people, most of them did not dare to go forward. They had their own connections, and now that they knew Long Chen had defeated the Heavenly Monarch Eight Trigrams, he was ranked 93rd in the new Divine Emperor Ranking.

They didn't dare to fight against such a character. This was going to be dealt with by the most outstanding people in their respective heavenly palaces. At least there was no such expert here, Long Chen could definitely crush them.

To be honest, even with so many blood beast, it would still be difficult for Long Chen to rush out with the Jadeflower Divine Emperor.

"Sis!"

After a while, they could see the Great Emperor Yuehua. Great Emperor Yuehua originally did not want to meet them again, but the situation now was special. She hesitated for a moment, but still raised his sword and asked: "Yuhua, do you know why there are so many blood beast? It seems like the people from the three Heavenly Palaces are helpless. "

"I don't know." "What's the situation like?"

"It is said that all the Divine Emperor s that are still in the Death Realm are being chased by the blood beast. Right now, their encirclement is shrinking, and all of the Divine Emperor s that are still in the Death Realm are gathering. Before long, everyone will have to meet. "

"Oh!"

Long Chen looked at the growing number of blood beast around him and couldn't help but have a headache. He suddenly thought, "Could this be the doing of the Heavenly Demon Ji?"

But was he really that capable?

"There are too many blood beast and we can't rush out. Once we rush out, we will be surrounded by even more blood beast. As long as this sea of blood is still there, the blood beast will never end. It seems like we can only gather together." The Great Emperor Yuehua said with a frown.

Long Chen said: "Since the Divine Emperor s from the Three Great Heavenly Palaces are not afraid of gathering, then we do not need to be afraid. We can gather at one place and see what will happen."

Actually, if he was willing, he might be able to charge out.

But, when everyone gathered together, something would definitely happen, and it would definitely be lively. Long Chen did not want to miss out on such an event.

If he met with the peerless experts of the Three Great Heavenly Palaces, they would probably be very interested in him, the man who had just defeated the Heavenly Monarch!

Chapter 2950 - Old Devil Shiki

Just as everyone had expected.

Actually, everyone was already trapped within the encirclement of the Death Realm's blood beast, and the encirclement was shrinking.

Basically, the two hundred over people who were still in Death Realm were all trapped in this circle.

Originally, when everyone first encountered each other, there was still a possibility for them to battle each other. However, the number of blood beast continued to increase, and in the end, no one even had the strength to fight them.

After all, to them, an blood beast that could not die was extremely difficult to deal with.

With Long Chen and the Great Emperor Yuehua together, they were now considered to be on the Divine Emperor's rankings. In the entire Death Realm, other than the top few, no one would dare to make a move against them.

The news of Daoist Feng Qing and Heavenly Monarch Eight Trigrams being defeated by Long Chen was already known by everyone.

The only thing that could be used to describe their shock was their feelings when they saw Long Chen.

"It is said that many people have already reached a location, and the blood beast at that location do not dare to enter, only daring to surround them from the outside."

"What is this place?"

"I don't know, but it's said that the experts of the Divine Emperor's rankings have all arrived there. There, it seems that they have discovered something strange."

"What strange thing?"

"We'll know once we get there. I can't describe it clearly either. "It's probably formed a blood crystal with some seawater from the sea of blood. Inside the blood crystal, there is a kind of blood beast creature, but it seems to be a kind of soul."

As Long Chen was advancing, he happened to hear such a conversation.

"Origin Dragon Soul!"

At that moment, his eyes flashed with a dazzling light.

When Long Chen used the Death Realm's Dragon Gate, the dragon soul of the eight Primordial Blood Spirit Dragons would appear. It was very obvious that the origin of the Unparalleled Dragon was somewhere in the Death Realm. This was one of the reasons why Long Chen had entered the Death Realm.

In fact, there were even a few missing parts of the Origin Dragon Palace that contained the inherited blood essences of the eight concomitant dragon.

Seeing the change in Long Chen's expression, Jade Flower Divine Emperor asked: "Do you want this thing?"

"Let's go take a look first."

"Aiya, he's even trying to be mystifying with big sister."

Seeing that Long Chen had increased his speed, Yu Hua Divine Emperor immediately chased after him. This scene caused Great Emperor Yuehua's face to turn ugly, but she was also helpless and had no choice but to chase after him.

The three of them sped up.

The speed of the blood beast chasing from behind was also extremely fast. In the middle of this chase, there were even some Divine Emperor that were besieged by the blood beast, unable to escape, and could only choose to escape.

There were probably no more than two hundred people who could safely reach that safe zone.

Anyway, Long Chen arrived first.

As he sped forward through the sea of blood, he discovered that there was indeed an area that was very quiet. The blood beast rolled around in that area, but there seemed to be an invisible boundary that prevented the blood beast from crossing that gulf!

Right in front!

Long Chen could already feel it.

It was the feeling of having encountered the Origin Dragon's Soul, especially the Origin Dragon's Soul that belonged to the Primordial Blood Dragon's concomitant dragon!

Although he had yet to let those Unparalleled Dragon s inherit their blood essence for others to inherit, he could still feel it strongly.

In terms of inheritance, he had yet to choose the final result. Especially for some children, they still needed a relatively large test. Long Chen wanted to guarantee that every single one of them would work hard to open up a new future!

"Over a hundred Divine Emperor s are in the vicinity, and they are all relatively strong!"

There were a total of more than sixty Extreme Realm Divine Emperor s, but in this region alone, there were nearly fifty. Those who could make it onto the Divine Emperor's rankings were basically all gathered here.

They surrounded the Origin Dragon's Soul.

"We're close!"

Long Chen's line of sight passed through the layers of blood ocean and finally saw thirteen enormous blood crystals below him. These were ice crystals formed from the sea water of the sea of blood.

Eight of the crystals were enormous, forming a ring. Within every blood crystal, there was an Origin Dragon Soul. Long Chen was right, this was definitely the Origin Dragon Soul that came from a slaughter. After all, he had already seen the Origin Dragon Soul before.

The Origin Dragon souls did not move at all, as if they had been sealed in this place by blood crystals.

This blood crystal looked transparent, but at the center, Long Chen could clearly see that there was a drop of inherited blood essence.

In the Origin Dragon Soul, there were a total of three drops of slaughter type Unparalleled Dragon's inherited blood essence. Adding the five drops here, the inheritance blood essence and the Origin Dragon Soul were all complete!

The inheritance blood essence and origin dragon soul of the eight Primordial Blood Spirit Dragons had been found!

After seeing all of this, Long Chen was unable to suppress the joy in his heart!

This was the mission that Long Qinglan had given him. He had walked through the myriad realms for a very long time, and only then had he obtained the Dragon Soul of the origin of a spirit dragon. For the many things that they were looking for, it was simply a drop in the ocean.

And this time, there was a chance for a major breakthrough!

"After obtaining all these, even if I hide myself from now on, tens of thousands of years from now, there will still be nine Unparalleled Dragon that can compare to Hierarchs or even Ancient God of the Wilderness around me!"

Thinking about it this way, Long Chen's heart became extremely passionate.

In the current Divine Kingdom, Yang Lingqing might not look impressive, but her potential was enormous. As long as she grew and grew over time, she would definitely be able to become a Unparalleled Dragon.

Eight Origin Dragon Souls, five drops of Unparalleled Dragon blood!

Long Chen's heart was burning with passion.

"Calm down."

Divine Emperor Yu Hua lightly patted his shoulder and said in a soft voice: "I know you really want this thing, but I see that no one knows what this is. Only you seem to know. The more you act like you want it, the less people will let you have it. The Three Great Heavenly Palaces view the Death Realm as their backyard. "

"Yes." Long Chen was a little more clear-headed, and knew that the situation was grave.

Let alone the Heavenly Demon, the three Heavenly Palace's Divine Emperor s guarding the source of the dragon soul and inherited blood essence were more than enough to cause trouble.

Long Chen analyzed the current situation.

"The Dragon Soul is roughly at the center of the origin. The surrounding area is a large sphere so even blood beast do not dare to approach it. But if this continues, the blood beast will definitely completely surround and trap the entire area. It was even more difficult to get out. All of us will be trapped here, and the people from the Three Great Heavenly Palaces will be the ones to discover the Origin Dragon Soul.

It was very obvious that if they were to fight here, Long Chen would only be able to obtain the Origin Dragon Soul from the Divine Emperor s of the three Heavenly Palaces in a chaotic battle.

Under the current situation, the disciples of the Three Great Heavenly Palaces surrounded these thirteen blood crystals, looking at Long Chen and the other Divine Emperor s who did not belong to the Three Great Heavenly Palaces with vigilance. Among them, there were a few experts from the Divine Emperor who were trying to destroy the blood crystal but to no avail.

The words on top of the blood crystal were in itself a type of tyrannical rule.

Blocking their path of destruction.

After a few tries, the people from the three Heavenly Palaces gave up.

"We can't open the God Nation. If we don't open this blood crystal, we won't be able to take away the strange things inside."

"What exactly are these blood beast? How strange. It seems to me that those blood beast were all derived from the blood beast in front of us. "

"No, it doesn't seem to be a blood beast. After all, they are real life forms, not formed from sea water."

"But, those blood beast must be related to this."

Although Long Chen and the rest could enter this area as well, they were excluded from the area. The moment they approached it, they would be warned.

"By now, all of the Divine Emperor s have arrived at this area and those blood beast have also surrounded this area. It's just that they haven't come in yet."

Divine Emperor Yu Hua looked around and came to this conclusion.

They were close to two hundred Divine Emperor s and were unable to leave as though they were trapped in a sealed space.

Of course, it would be possible for some Extreme Realm Divine Emperor s to rush out, but they would be a little tired. At the moment, their interest was in the Origin Dragon Soul and they had no interest in rushing out.

"That's Long Chen, the one who defeated the Heavenly Monarch Eight Trigrams."

At this time, the scene was very quiet, only the disciples of the three Heavenly Palace were gathered together, protecting the Origin Dragon Soul, they would occasionally look at Long Chen, such as the Nine Sword Divine Emperor and the others, who were still researching how to break the blood crystals and obtain the things inside.

"Let me introduce you." Then, he brought Long Chen and looked at the Nine Sword Divine Emperor, saying: "This is the Taiqing of the Taiqing Palace, the ninth disciple of the Daozu Taiqing, you should recognize her by now. Her nine divine swords are very powerful, and he is ranked forty-fifth on the Divine Emperor Ranking. It should be a huge threat to you. "

"Yes." Long Chen really needed to know their background.

Now, looking around, there were quite a few Divine Emperor s who posed a huge threat to him.

The nine sword Divine Emperor was one of them.

In front of her, there was a tall and skinny woman wearing a black cloak. She was not part of the Three Great Heavenly Palaces, but he was also extremely strong, with a large number of people from the

Three Great Heavenly Palaces gathering by her side. With her as the leader, this woman's temperament was the complete opposite from the Three Great Heavenly Palaces.

"This is the old demon Shi Jian of Yu Qingtian, he has existed for too long, he has long dominated the rankings of Yu Qingtian, and is ranked 50th on the Divine Emperor. Only slightly weaker than the nine sword Divine Emperor. He was the most powerful warrior in the Death Realm, not just anyone from the Three Great Heavenly Palaces. Other than him, only my sister and the other Divine Emperor are ranked on the Divine Emperor's Ranking, but they are all outside of the eightieth place, and are not a threat to the three Heavenly Palaces. "

The old demon that Yu Hua Divine Emperor was talking about was also one of's opponents that made him feel threatened.

However, Divine Emperor Yuhua did not stop there. She pointed to the next position and said: "This is the strongest expert from this time around. Heavenly Monarch Eight Trigrams is his junior brother. His Divine Emperor s are ranked above the Nine Sword Divine Emperor s. "
