

## War God 2951

### Chapter 2951 - Taoist Dobao

His hair was as white as snow, and his hair fell down like a waterfall. He was cold and noble, his gaze cold, and he held a strange horsetail whisk in his hand. His temperament was extraordinary, and his movements were extremely profound.

"He is the True God Taiyi, and the horsetail whisk is his Creation Divine Artifact. It is said that it is a semi-Eternity. Also, he has a semi-Eternity Creation Divine Creation Artifact. Only rarely. The power of this attack was extremely terrifying. If you want to obtain the Ghost Blood Curse or any of the following, he will definitely be one of your most difficult opponents. Furthermore, the Heavenly Monarch of the Eight Trigrams will definitely ask him to take revenge for him. "

Indeed, just as he finished speaking, the Jadeflower Divine Emperor had already raised his head and glanced at Long Chen. At any moment, with just a glance, Long Chen could still feel his deep coldness; a gaze swept past his heart like a cold wind.

However, his attention was still on the blood crystal, and he was still trying to open it. What he was interested in was the inherited blood essence.

"Last place is from the Upper Sky Palace. It's the guy I told you about, ranked thirty-seventh on the Divine Emperor. The 37th place could already be considered quite a high rank. "That's him."

Following the Jade Flower Divine Emperor's introduction, Long Chen saw the yellow robed man, an extremely ordinary old fatty, with only a few messy hairs on his head. He had a huge stomach, on the chest of the robe was a drawing of a huge gold ingot, his entire body was fat like a ball, his face was filled with a warm and honest smile, making people unable to help but get close to him.

"He is the Taoist Dobao. He is most likely the person who controls the most Manifestation Divine Artifacts in the rankings of the Divine Emperor. There were already a lot of Nine Sword Divine Emperor s to begin with. However, it was said that this Taoist Dobao had used twenty-three Hun Yuan grade Creation God Equipment at the same time, which was simply mystical. It might not even be his limit. The rankings of the Divine Emperor s are very reliable. Just these twenty-three Creation God Equipment alone, he is definitely the strongest person in the competition for the Death Realm. "

At this point, the Jadeflower Divine Emperor said softly, "You have to be very careful of him. He is the one who is the most infatuated with and loves treasures the most. This time, the Ghost Blood Curse was the Eternal Creation Divine Artifact that he desired the most. It was said that the previous few times when the Death Realm fought, he purposely did not obtain the treasures of the Eternity because he wanted to wait for the three Daofathers to release the Ghost Blood Curse. Of course, he is also the person who the entire Third Sky believes has the most possibility of obtaining the Ghost Blood Curse. "

"Got it."

Twenty three Creation Divine Tools, were indeed shocking. If Long Chen had what he was capable of, he would have already merged with eight Scepter of the Holy Spirit. This also reminded Long Chen that he had already reached the realm of the Perfection Divine King. It seemed that he could control even more Manifestation Divine Equipment, and he might even be able to fuse with the remaining five Scepter of the Holy Spirit!

"It's better if I don't rush it. After all, if we're going to compete for the Ghost Blood Curse, I need to save some space for the Ghost Blood Curse. As long as I can control the Ghost Blood Curse, I don't need to rush the Heaven's Sacrifice Spear." After all, the Ghost Blood Curse is a test of one's control on the spot. "

Long Chen restrained the temptation of directly obtaining the Eternal Creation Divine Artifact.

It was because it was very difficult for him to consecutively control two Godly Creation Tools with Eternity at this time. Let alone him, even this Taoist Dobao might not be able to succeed.

Moreover, it was not certain that he could fuse another five Scepter of the Holy Spirit.

In fact, Long Chen was very loyal to him.

"I don't need to worry about those who are ranked lower than the Great Emperor Yuehua. The only thing I am wary of are the four people that Yu Hua introduced. They are the Taoist Dobao s, the True God Taiyi s, the Nine Sword Divine Emperor s and the Old Demon Shiji from the Three Heavenly Palaces. "

Currently, those people were still guarding the Origin Dragon's soul.

Long Chen pretended not to care about the Origin Dragon Soul for now.

But he was still carefully observing them.

The old demon's voice was ear-piercing as he laughed, "I think the few of you should stop messing around with this item." This Death Realm is so mysterious, even if you keep on messing around, it won't have any effect. "

The Nine Sword Divine Emperor raised his head and said coldly: "Otherwise, I'll let you down for a try."

Old Demon Shi was indeed eager, but she knew that the other party would definitely not be willing. It would be difficult for her to obtain the Ghost Blood Curse, as the three of them were all in a hurry to get rid of her before the Ghost Blood Curse appeared.

"Then forget it. I don't even know what this is. I'm not interested in it at all."

Old Demon Shi said disdainfully.

The Taoist Dobao raised his head and said smilingly, "Shi You, I am really interested in those treasures on you."

These words sent a chill down Old Demon Shi's spine.

Long Chen guessed that something was going to happen soon. He was sure that if the people from the Three Great Heavenly Palaces were to find out that they could not do anything to the Blood Crystal after many attempts, they would definitely choose to get rid of Old Demon Shi You before the Ghost Blood Curse appeared.

Sure enough, the True God Taiyi at the side said directly: "You two, in any case, we can't settle this right now, and with everyone just happening to be here, why don't we clear out some trash first so that we can fight over the Ghost Blood Curse in peace? Such a precious item, not only the people from the three Heavenly Palaces, but also people who are not even qualified to see it. "

Someone suggested.

The Nine Sword Divine Emperor and the Taoist Dobao both smiled faintly.

All around them, the hundred over Divine Emperor s started to get excited. In that moment, they let go of the Origin Dragon Soul that they could not handle, and started to look at Long Chen, Old Demon Shi You and the other people who were not from the Three Great Heavenly Palaces.

The Great Emperor Yuehua squinted his eyes and said: "Looks like there's nothing good about being rushed here by the blood beast. Yu Hua, if you can't take it anymore, don't do anything stupid. Hurry up and get out, I'm leaving first!"

Not just Great Emperor Yuehua.

When the Three Great Heavenly Palaces teamed up to kill all of them, the others, including Evil Fire Cloud God, started to move as well. To be honest, although their group was small in numbers, practically all of the people who stayed behind were Extreme Realm Divine Emperor.

There were a total of nearly twenty.

However, there were a total of nearly forty Extreme Realm Divine Emperor s in the Three Great Heavenly Palace.

Basically, it was a 2v1!

This was already a crushing defeat.

Especially in terms of the number of experts on the Divine Emperor s list, they were far superior to them.

"Fight!" Following True God Taiyi's orders, all the Extreme Realm Divine Emperor s of the three great heavenly palaces moved out, and those Initial stage Divine Emperor s and The God Emperor of Perfection s were liable to be kidnapped and accidentally injured.

A chaotic battle instantly erupted.

"Protect yourself. If you really can't do it, then leave the Death Realm."

Long Chen could only say this to Yu Hua Divine Emperor. He had to take advantage of the chaos to obtain the Origin Dragon Soul, so he didn't have time to protect her. With her ability, she wouldn't die, at most he could just shatter the Death Realm's blood bead and leave.

The Great Emperor Yuehua ran even faster, and after he finished speaking, she rushed into the encirclement of the blood beast. As an expert of the Divine Emperor Ranking, there would definitely be two or more experts of the Divine Emperor Ranking chasing after her. If he stayed in this area, he would lose and still have a chance.

This scene was extremely chaotic. After Long Chen spoke to the Jade Flower Divine Emperor, he immediately entered the state of Time Traversing Dragon and swam around in the sea of blood, taking a detour to approach the Origin Dragon Soul.

A chaotic battle broke out. It was extremely loud, and no one could clearly see who exactly it was.

"The three of them, the Nine Sword Divine Emperor, the Taoist Dobao and the Nine Sword Sect should be chasing after that Old Demon Shi An. They should be working together to eliminate her. This is my greatest chance."

Although Long Chen was dazzling before, and many people were paying attention to him, they all rushed towards him. However, once the situation became chaotic, he used the rules of time to cover himself, and if it was any other time, everyone might have been able to discover Long Chen. Now, they couldn't even see where Long Chen had gone to.

"Where is he!"

"Find, find!" Don't let him escape! "

"He might have fled to the blood beast's side."

"Chase!"

Long Chen had experienced the chaos before.

For a moment, Long Chen went without anyone stopping him, and instead went to the back of the three great heavenly palaces.

After all, even the Nine Sword Divine Emperor and the rest were unable to destroy the blood crystal, so no one was worried about anyone stealing it.

"I can't open the Divine Kingdom, and it seems I can't take away the origin dragon soul either!"

This was what Long Chen was feeling depressed about.

But there was only one chance.

If he missed this opportunity, it would be difficult.

"It is said that others have opened the Divine Kingdom and allowed it to merge with the Death Realm. But my Divine Kingdom has the suppression of the Origin Dragon Palace, so it shouldn't be, and this Death Realm is the place where the Primordial Blood Dragon resides! "Even if I have to take the risk, I can still give it a try. Otherwise, there's no other way!"

In the process of advancing, many ideas flashed across Long Chen's mind.

Bang! Bang! Bang!

The sea of blood was extremely turbulent. When they started to fight, even the blood beast beside them had flipped over.

Especially the battle with the Old Demon Shiji, he had directly fought his way into the circle of blood beast.

Many Divine Emperor were directly eliminated from the competition.

Outside of the Blood Spirit Abyss, the speed at which Divine Emperor got out of the competition had increased greatly, and they were all Extreme Realm Divine Emperor.

This chaotic battle had attracted a lot of attention.

Above the Blood Spirit Abyss, Di Jun's gaze was fixated on the people that appeared one by one.

"We're here!" Long Chen had already passed through several Initial stage Divine Emperors and arrived in front of the blood crystal. His blood vessels were practically fused with the blood crystal, and after nearing it, Long Chen knew that as long as he used his own divine dragon's blood, he could undo the seal on the blood crystal and obtain the Dragon Soul's origin.

He planned to open up the Divine Kingdom and give it a try!

This was a Death Realm of an Primordial Blood Spirit Dragon, he would definitely be blessed.

In this critical moment, he felt a sense of deadly crisis.

He had no choice but to turn around and unleash his God-Slaying Sword. The surrounding Divine Emperor were all sent flying with a loud bang, several of them were severely injured.

"Are you interested in this?"

What appeared in front of Long Chen was a bunch of long hair that trailed down to the ground. Although he was dressed in a daoist robe, he could still not hide the peerless heroic look of Yu Qing, a nine sword Divine Emperor.

In each of her hands, there was a Hun Yuan grade Creation God Equipment, they were both God Sword!

Chapter 2952 - Huge Changes

Originally, the Nine Sword Divine Emperor and the other two were going to force Old Demon Shi Jian out of the Death Realm, but when they made their move, the Nine Sword Divine Emperor caught sight of Long Chen's actions, and informed the other two to return to stop Long Chen!

When Long Chen neared the Origin Dragon Soul, she coincidentally appeared and stopped Long Chen.

She was not anxious at all. Instead, she was very interested in Long Chen moving the blood crystal. Other than them, the chaotic battle outside had caused a world-shaking change.

"Tell me what these are. I won't force you out, but I do know that Divine Emperor's Di Jun is waiting for you outside! "

"Still outside?"

It seemed that the Tianyin Region Lord was unable to do anything to Di Jun.

Tianyin Region Lord should be considered the weakest amongst the Divine Sovereign levels. Originally, it was said that the top three of the Divine Emperor s could contend against the Divine Sovereign, so in the current situation, Long Chen felt that it was normal.

However, it was impossible for him to say anything to the Nine Sword Divine Emperor.

It was currently a chaotic time and was his chance. Otherwise, he would have to let the s of the three Heavenly Palaces guard this place all the time and Long Chen would not be able to obtain anything.

Therefore, without saying anything, that Heaven's Sacrificial Spear appeared in his hand.

His eyes quickly changed as the Heaven's Eye of Fate and the wishful eye appeared at the same time. There were nine sword Divine Emperor s to the left and right of the sea of blood.

"Karma Sting!"

Without saying a word, Long Chen's sharp spear tip pierced through the sea of blood, striking towards the Nine Sword Divine Emperor. It was extremely terrifying, it had reached a level that even the Nine Sword Divine Emperor were afraid of!

"Awesome!"

In the fiery light of the electric stone, the divine sword in both of Divine Emperor's hands changed as the two swords crossed.

"Heavenly Sword Wheel!"

Both swords changed their speeds and blocked in front of Long Chen. Under Long Chen's fierce impact, the two swords were actually completely blown away, and the nine sword Divine Emperor was also blown away!

The Karma Throat was Long Chen's current strongest attack with regards to penetrative power, so it was normal for Nine Sword Divine Emperor to be momentarily unable to block it, but for others, such a scene, was simply too shocking.

"You want to leave?"

Just as Long Chen was about to turn around and head for the blood crystal, the Nine Sword Divine Emperor simply did not disperse.

The nine sword Divine Emperor s, had already released nine swords!

She was using all her might to stop Long Chen, it was no small matter, nine Hun Yuan grade Creation God Equipment, they had even formed a sword formation, which was especially good at attacking, so under's threat, it was difficult for him to get close to the blood crystal!

"How depressing!"

He had no choice but to turn around and fight with the Nine Sword Divine Emperor. According to the comparison of strength between them, it was impossible to shake off this Nine Sword Divine Emperor within a short period of time.

"Tell me, why did you touch these things? You must know their origins, right? "

No matter what, it was something that appeared in the Death Realm, she had to know.

Her nine divine swords had terrifying attacks speed, they were extremely quick and violent, the sword formation had completely sealed Long Chen, making it difficult for Long Chen to spare any time!

"Give up. That can't be yours." The Nine Sword Divine Emperor had talked to him for so long, yet Long Chen had not said a word, which made her a little angry.

Right at this moment, a beautiful figure appeared in front of Long Chen, blocking his way.

"Hurry up, I can only hold on for a little while. Hurry!"

It was Divine Emperor Yuhua.

She had appeared out of nowhere and Long Chen had been fighting the Nine Sword Divine Emperor and did not notice her.

She had actually given Long Chen a big surprise!

Although the Nine Sword Divine Emperor was on the Divine Emperor Board, it would still take a long time to get rid of the Jadeflower Divine Emperor. With her help, Long Chen instantly escaped the control of the Nine Sword Divine Emperor.

"There's only a little bit of time!"

Without saying a word, Long Chen increased his speed to the maximum. As he went against the chaos to restrict the speed of the Nine Sword Divine Emperor, he quickly rushed forward and shot out a total of 13 rays of blood light, which instantly stabbed into the blood crystals.

When his divine dragon blood touched the blood crystals, they actually began to quickly melt in the eyes of the Divine Emperor s. The origin of the dragon soul was also awakening. At this point, Long Chen could only take the risk and open up the Divine Kingdom.

Activate!

The moment he opened it, he felt a throbbing in his soul. It was as if this Death Realm had branded something into his own Divine Kingdom, but his Divine Kingdom was simply too vast.

"Withdraw!"

The Origin Dragon Souls, under the attraction of the Origin Dragon Palace, rushed into the God Kingdom one after another. At the same time, Long Chen also took the five drops of inherited blood essence and put them into the Origin Dragon Palace.

"It's a success!"

Long Chen immediately closed his Divine Kingdom.

But indeed, after encountering some resistance, the surrounding Death Realm space started to distort, and the space within the God Nation started to distort as well.

If it was anyone else, they might not be able to close it at this time.

However, the Divine Kingdom was special to Long Chen, especially since he had inherited the blood essence of the Taiji Creature Dragon and was under the protection of the Dragon Palace of Origin. It was extremely stable, and it was not that easy for the Death Realm to destroy the stability of the Divine Kingdom.

Long Chen had completely sealed off the entire Divine Kingdom!

There was no such thing as Death Realm and Divine Kingdom merging together.

"From the looks of it, even if I let the wolf cub come out, or throw a person inside, it won't be a problem."

After Long Chen succeeded, he felt a wave of relief in his heart.

However, it was only because the Jade Glow Divine Emperor had helped him block the Nine Sword Divine Emperor that he had the chance to do so!

"Save her!"

Even in such a short period of time, the berserk Nine Sword Divine Emperor had already forced the Jade Flower Divine Emperor to a dead end. Long Chen did not have time to hesitate and immediately used the God-Slaying Sword to slash out the Time Sword!

The Sword of Time was the fastest and most powerful!

Just as the three swords of the Nine Sword Divine Emperor were about to pierce Jade Flower Divine Emperor, Long Chen's Time Sword knocked him away, protecting the Jade Flower Divine Emperor. Under the impact, the Jade Flower Divine Emperor was sent flying out of the attack range of the Nine Sword Divine Emperor.

"Idiot, run!"

Divine Emperor Yuhua seemed to have expected this to happen. Right after she left, she immediately dived into the deep sea of blood, sneaking off to who knows where. Since she wasn't injured, Long Chen was a lot more at ease.

Now that he had what he wanted, there was nothing to be afraid of.

"Your Divine Kingdom!"

The expression on the face of the nine sword Divine Emperor was cold, the nine divine swords surrounding her gave birth to dense killing intent. Under her protection, Long Chen was able to obtain the Origin Dragon Soul, which, to her, was a form of provocation and humiliation!

"You are indeed a bit special, you even know the Death Realm better than we do. No wonder you hide here. But, the Death Realm is after all our Third Sky of Heaven's Domain. Do you really think you can take it away just because you obtained an additional item from this Ghost Blood Curse? "

"You don't have to worry about this."

Long Chen smiled faintly. Just the Nine Sword Divine Emperor alone was not enough to chase after him, he was too lazy to fight with the Nine Sword Divine Emperor here, so he immediately left in a hurry in the direction of the Jade Flower Divine Emperor.

"Don't go!"

The Nine Sword Divine Emperor controlled the nine shining divine swords and chased after them! However, Long Chen had used his control of time to slow her down. As long as he approached Long Chen, her speed would be greatly reduced.

In terms of chasing, it was basically impossible for her to catch up to Long Chen.

"Long Chen, I would like to remind you one last time that this Death Realm is a place with three heavens. At most, you only have the qualifications to compete for the Ghost Blood Curse. As for the other items, it would be best for them to not be touched.

The Nine Sword Divine Emperor bellowed as he chased.

"Where does this place belong to?" I would like to say that this is my territory. " Long Chen naturally understood the logic behind her words. However, even the three Daofathers would have no use for something like the Origin Dragon Soul. The sooner Long Chen could get it, the sooner he would get it.

"You are really courting death!"

The Nine Sword Divine Emperor was unforgiving, at this time, Long Chen had already rushed into the encirclement of the blood beast, he had condensed Dragon Seal of Extinction, the moment the blood beast approached, it would be solved in an instant, but the Nine Sword Divine Emperor did not have that ability, even with the nine divine swords, she was still stopped, and could only watch Long Chen leave in fury!

"Long Chen!"

The Nine Sword Divine Emperor cut a lion-headed dragon blood beast into eight pieces, and in the blink of an eye, he lost track of Long Chen.

The Taoist Dobao and the True God Taiyi would definitely blame her. After all, they were still fighting with the Old Demon Shi Si, and their rankings in the Divine Emperor was higher than Shi Zhi, so they were not far away from forcing Shi Ya out of the Death Realm.

RUU...!

Because of the battle, the sea of blood was turned upside down.

There were roars of beasts everywhere.

Just as Long Chen got rid of the Nine Sword Divine Emperor and was about to go look for the Jadeflower Divine Emperor, a throbbing sensation came from the east.

Weng! \*

A chilling aura spread in all directions.

Bloody light shot into the sky.

It was as if billions of evil spirits were shrieking.

This was not a pure killing power, but a curse.

In that moment, although the distance was large, the cries and howls of countless people before death still shocked Long Chen. It was an absolutely negative power.

RUU!

On the other side, there was a huge commotion!

"Ghost Blood Curse!"

Just as Long Chen was still suspecting something, he suddenly heard someone screaming.

"Someone is suppressing the Ghost Blood Curse!"

The moment this news came out, everyone went crazy.

Even Taoist Dobao and True God Taiyi, who almost forced Old Demon Shi You out of Death Realm, stopped in shock.

It was because of this that Old Demon Shiji was able to escape calamity.

The three of them instantly stopped moving.

In the next moment, all of the Divine Emperor rushed towards the direction of the Ghost Blood Curse as if they had gone insane. It was not only them, but practically all of the Divine Emperor were rushing towards that direction.

Everyone wanted to obtain this Manifestation Divine Weapon and suppress this treasure of the Eternity at the first possible moment!

"Mine!" Mine! " Taoist Dobao's face flushed red.

True God Taiyi's face turned green, he did not make a sound, and stared straight ahead.

Someone was suppressing the Ghost Blood Curse.

He must not succeed.

If he succeeded, it would be the end.

The Nine Sword Divine Emperor controlled the nine divine swords. She was the closest to the swords and wanted to seize this opportunity.

Long Chen did not land either.

Chapter 2953 - Divine Will

The Ghost Blood Curse was born!

At this critical juncture, someone found the Ghost Blood Curse and began to suppress it, hoping to obtain it.

If they let him succeed, the others would have come here for nothing. Especially Taoist Dobao and the others, they were naturally unwilling.

After all, the few of them at the top of the Divine Emperor's rankings were the true contenders. In their eyes, even Heavenly Monarch Eight Trigrams didn't have the qualifications to compete with them.

The situation just now was already chaotic enough, and now it was even more chaotic. Almost everyone had given up on their opponents, completely disregarding the blood beast, and crazily rushing towards the Ghost Blood Curse.

Long Chen was undoubtedly the fastest among them!

He broke through the sea of blood and dashed towards the direction of the Ghost Blood Curse, surpassing the speed of most of the Divine Emperor.

Not far away, the Nine Sword Divine Emperor was practically shoulder to shoulder with him. The speed of the two was slightly faster than the Nine Sword Divine Emperor.

Taoist Dobao, Old Demon Rock and True God Taiyi were also very fast, they were extremely destructive, wherever they went, no matter which side's disciple blocked their path, they would be directly blown away.

"I absolutely cannot let someone else obtain the Ghost Blood Curse!"

Every single Divine Emperor was extremely nervous in their hearts.

In the blink of an eye, Long Chen practically arrived at his destination.

In reality, there were many Divine Emperor that were closer to this position than him and the Nine Sword Divine Emperor. After coming here, the other Extreme Realm Divine Emperor's had also done their best to snatch the Ghost Blood Curse, but they had all failed. No one dared to act rashly, because as long as the Ghost Blood Curse cut through the flesh, even if there were Death Realm Blood Beads, even if they could leave this place, they would die.

There were only a few Extreme Realm Divine Emperor's here, and as for those The God Emperor of Perfection's, they were originally near the blood crystal, so they couldn't catch up to them at this time.

In a short period of time, the person who had obtained the Ghost Blood Curse was still in the process of being suppressed.

Through the layers upon layers of blood sea, Long Chen realized that it was the Great Emperor Yuehua!

"She was the first to escape from this chaotic battle. There must have been a lot of people chasing after her. I didn't expect her to be lucky enough to run all the way here and discover the Ghost Blood Curse."

Of course, this wasn't all due to luck.

This was because this position was too close to everyone. It was impossible for the Great Emperor Yuehua to safely suppress the Ghost Blood Curse and take possession of it.

As Long Chen advanced, his gaze fell on the Ghost Blood Curse.

Just as he had thought, it was a blood-red longsword. It was rather long, but it was very narrow and thin, and its entire body was a hideous blood-red, with fresh blood flowing on it. On the blade of the sword, there were pitch-black symbols with the word 'swastika' written all over.

This was the curse on the Eternal Creation Divine Artifact — the Ghost Blood Curse!

Every symbol on the 'Swastika' character contained countless vengeful spirits. These were remnant souls that had been killed and swallowed, and had become the power of a curse. The Ghost Blood Curse was a Eternal Creation Divine Artifact that was stronger when it killed more Fiendgods.

It was like the hand of a demon or the wails of evil spirits. The sword contained the screams of trillions of lives. It was clear how many lives had been destroyed by the birth of this Creation God Creation Tool. Evidently, this was the most sinister weapon that Long Chen had ever seen. Even the Divine Slaying Sword could only be considered child's play when compared to it.

The killing aura was extremely heavy!

Under the influence of the Ghost Blood Curse, the surrounding sea of blood underwent a huge change. The power of the curse even spread outwards, and even the Divine Emperor were dizzy and dizzy from the influence.

Colleagues, the Ghost Blood Curse is also very ruthless.

The black 'swastika' symbol on the Ghost Blood Curse was spreading towards her body through her pure white arm. Just at this moment, her neck, half of her face, and even one of her eyes were already covered by the dense cluster of Ghost Blood Curses, causing the originally peerless Great Emperor Yuehua to suddenly become extremely frightening.

She was extremely vicious. While fighting against the Ghost Blood Curse, she also wanted to force the nearby Extreme Realm Divine Emperor who were fighting over the Ghost Blood Curse away.

"AHH!"

The Great Emperor Yuehua let out a miserable scream.

Half of her body was covered with the Ghost Blood Curse, like an ant. The sword in her hand was trembling nonstop. At this moment, she might not even be able to control the sword herself.

"As expected, even in a separate environment, this Ghost Blood Curse might not even look favorably on her!"

After all, it was a Eternity. Normally, the owner of the Ghost Blood Curse would only be the Hierarch, so even the Ghost Blood Curse itself would not be convinced.

It would not be willing to be controlled by the Great Emperor Yuehua so easily.

"KILL KILL KILL!"

At this time, the Great Emperor Yuehua seemed to have fallen into a demonic path.

The Ghost Blood Curse danced wildly in the air, and no one dared to approach it.

"If she continues like this, she'll be killed by the Ghost Blood Curse sooner or later."

Long Chen understood that once the Ghost Blood Curse covered her entire body, if she was unable to suppress the sword, she would definitely die.

In this short period of time, he and the Nine Sword Divine Emperor were already here. Behind them were Old Demon Shi Si, Taoist Dobao and the rest of the True God Taiyi, no one had the qualifications to get close to them.

Either they were too far away, or they were scared by the frenzied postures of these experts.

The Nine Sword Divine Emperor was the fastest.

"Yuehua, you can't control the Ghost Blood Curse. Let go!"

"No!"

Great Emperor Yuehua's aura was ferocious, he waved the Ghost Blood Curse and slashed towards the Nine Sword Divine Emperor, but she was not completely in control of the Ghost Blood Curse. So his actions were disorderly.

The Nine Sword Divine Emperor was slightly faster than Long Chen, so she took this opportunity.

In fact, Long Chen was not anxious at all. The Ghost Blood Curse was not easy to suppress, especially with such a strong enemy surrounding them, whoever obtained the Ghost Blood Curse first would become the target of public criticism.

In this competition, calming down was the best mentality.

"Three strikes to break the soul!"

In the hands of the Nine Sword Divine Emperor, the Tai Ah Sword, the Divine Abyss Sword, and the Sky Jun Sword condensed together. Under the control of the rules of the Nine Sword Divine Emperor, they seemed to form a huge sword that slashed down violently!

"Puchi!"

Great Emperor Yuehua was unable to control the Ghost Blood Curse.

The rules of the Nine Sword Divine Emperor directly severed the arm she was using to hold the Ghost Blood Curse. Only then did the Great Emperor Yuehua and the Ghost Blood Curse separate.

In actuality, the Nine Sword Divine Emperor had saved Great Emperor Yuehua's life.

Because if it wasn't for that, after a while, the entire body of the Great Emperor Yuehua would have been covered by the Ghost Blood Curse and she would have died.

Only after her arm was cut off did the Ghost Blood Curse lose its support. Only after being counterattacked by the Great Emperor Yuehua did it quickly disappear, allowing her to catch her breath and retrieve her life. When she regained consciousness and realized the situation she was in, did she feel a lingering sense of fear!

With this, she was immediately excluded from the competition.

"It looks like the Ghost Blood Curse is even more terrifying than what we imagined. This God Creation Equipment of the Eternity isn't willing to be tamed by the Divine Emperor. Even the Nine Sword Divine Emperor s might not be able to control it, let alone in this kind of chaotic battle situation. "

After losing an arm, Great Emperor Yuehua calmly watched from the side, temporarily not participating.

She admitted that the first time she saw the Ghost Blood Curse, she was so excited that she went crazy. It was only when the Ghost Blood Curse had backfired on her and cut off her arm that she regained consciousness.

Field

After slicing off Great Emperor Yuehua's arm with the three swords of the Nine Sword Divine Emperor, without saying a word, she was the closest to Great Emperor Yuehua, and directly grabbed the Ghost Blood Curse in his hand. At the same time, the nine swords flew out, forming a sword formation beside her, protecting her!

Xia Yu Sword, Zhanlu Sword, Crimson Nimbus Sword, Tai Ah Sword, Divine Abyss Sword, Sky Jun Sword, Ghastly Shadow Sword, Wind Song Sword, and Azure Blood Sword.

The nine divine swords protected their bodies as heavy sword images filled the sky with killing intent. Just this one move alone had forced away most of the Extreme Realm Divine Emperor, preventing them from approaching.

Of course, this would be able to stop the average Extreme Realm Divine Emperor, but it would not be able to stop the Great Dao Lord.

"There's no need for me to rush into a free-for-all." Long Chen hid to the side, he was not in a hurry to snatch them, after all, with his current strength, he did not have an absolute advantage here.

"If I get the Ghost Blood Curse, I can quickly open the God Kingdom and let Ling Xi bring me to the Revolving Star Passage Technique. I wonder if Ling Xi's rules can move the Ghost Blood Curse."

If the Ghost Blood Curse resisted, then the chances were very low.

However, he could give it a try when the time comes.

Long Chen noticed that the person who had the same thought as him was Old Demon Shi You, who had almost been knocked out by Taoist Dobao and Taoist Dobao. She was not in a hurry to attack either, but hid himself instead.

Whoosh!

The Nine Sword Divine Emperor controlled the nine divine swords, controlling the Ghost Blood Curse as he swiftly fled. Everyone continued to chase after him.

The Ghost Blood Curse had only just begun and it was already so intense. It could only mean that the temptation of the Ghost Blood Curse was too great.

"The Nine Sword Divine Emperor s do not have much of an advantage, the Ghost Blood Curse is still spreading towards her body."

Long Chen had already seen that even though the Nine Sword Divine Emperor was using all his strength to suppress the curse, her arm was already covered with the black symbol 'swastika'. It was densely packed and it was even charging towards her body.

"Ugh!"

The Nine Sword Divine Emperor groaned. It was probably because he was in pain, his face was pale, it seemed like the difficulty of the Ghost Blood Curse was beyond her imagination, she could only stay in a deadlock.

"Mu Yuqing, where do you think you're going!"

Just at this time, the True God Taiyi appeared above her head.

At this moment, True God Taiyi's right hand was holding a snow-white horsetail whisk, while his left hand was holding a silver colored small diamond circle.

They were all Creation Gods!

"The will of heaven, the will of heaven!"

Heaven's will was the name of that horsetail whisk.

Ru Yi was the name of the Vajra Ring.

These two were both semi-Eternity Manifestation Divine Weapons, which were on the same level as the God-Slaying Flying Daggers.

Endless silver threads exploded, completely sealing off the escape route of the Nine Sword Divine Emperor from all directions. After that, they instantly wrapped around them, forming a huge ball of silver threads that once again became an inescapable net, making it impossible for the Nine Sword Divine Emperor to escape!

## Chapter 2954 - Million Treasures Pillar

The situation was extremely intense.

"Ruyi!"

True God Taiyi pointed his finger and the King Kong Ring flew forward, charging into the encirclement of 'Heaven's Will', and fought against the nine divine swords of the Nine Sword Divine Emperor. Even though he was surrounded by heaven's will, even if he had to split his focus to control the Ghost Blood Curse, the Nine Sword Divine Emperor was still able to control the nine divine swords to fight against the True God Taiyi!

They were allies when they were dealing with the old monsters, and now they were mortal enemies.

Bang!

The powerful ruyi sword energy collided with three of the nine sword Divine Emperor's divine swords, causing the nine sword Divine Emperor to cough out a mouthful of blood!

"If it wasn't for this Ghost Blood Curse, I wouldn't have lost to you!"

The nine sword Divine Emperor was extremely anxious.

"Put down the Ghost Blood Curse!"

The True God Taiyi charged forward again. Every single silver thread from his Heaven's Will horsetail whisk was like a flood dragon, wildly and malevolently tearing and biting at it.

Right at this moment, she faced a huge crisis. Because of her confrontation with the True God Taiyi, the Nine Sword Divine Emperor who had his body infected by the Ghost Blood Curse was in grave danger, but she suddenly had an idea. Without saying anything further, she used all of her strength and waved the thin, sharp Ghost Blood Curse with all her might.

Rip!

Several silver threads were broken.

The horsetail whisk let out a hobby.

True God Taiyi's face paled. He could only recall the horsetail whisk or else he would be destroyed by the Ghost Blood Curse.

But like this, the Nine Sword Divine Emperor found a gap and escaped.

Without saying a word, she controlled the nine swords to protect herself, quickly escaping, and in the blink of an eye she disappeared from True God Taiyi's sight.

"Don't even think about leaving!"

The True God Taiyi quickly chased after him as the others chased after him as well. Long Chen surrounded the two of them at every moment, waiting for an opportunity. Because he had been paying too much attention to the Ghost Blood Curse, he did not seem to have seen where the Taoist Dobao and Old Demon Shi You had gone to.

Just then, the Nine Sword Divine Emperor had already charged out far away, out of the encirclement of the blood beast.

She was confident that as long as she had a quiet environment, she would be able to fight a fierce battle with the Ghost Blood Curse.

"Sky Fixation Needle!"

Just at this moment, Taoist Dobao's bloodshot eyes suddenly appeared in front of her eyes. A thin needle suddenly pierced through the air.

The Nine Sword Divine Emperor's escape was instantly stopped.

The appearance of the Taoist Dobao was too quick, before the Nine Sword Divine Emperor could even calm down, he was already stunned for a split-second by the Sky Storing Needle. Of course, just this moment was enough. In that moment, the Taoist Dobao rolled over with both of his hands, a total of more than ten Hun Yuan level Creation Divine Weapons appeared, instantly locking down the Nine Sword Divine Emperor!

Nine of them, had blocked the nine divine swords of the nine sword Divine Emperor!

One of the ropes wrapped itself around the Ghost Blood Curse, and with a tug from the Taoist Dobao, the Nine Sword Divine Emperor was unable to control it in the end, allowing the Ghost Blood Curse to fly to the Taoist Dobao's side!

A treasure changing hands!

"Thank you, Junior Sister Yuqing!"

Taoist Dobao laughed out loud, turned around and ran. The surrounding dozens of God Manifestation grade equipment protecting his body gave him a headache.

Sure enough, snatching from the very beginning was not the last winner. Only by laughing till the very end could one laugh the best!

Of course, at this time, Taoist Dobao was not necessarily the last one laughing. Behind him, the True God Taiyi and the Nine Sword Divine Emperor were still desperately chasing after him. Without the restrictions of the Ghost Blood Curse, the Nine Sword Divine Emperor was finally released.

As for the others, they had long since been left behind.

"How clever."

Long Chen was not in a hurry.

In his line of sight, Taoist Dobao did not go to suppress the Ghost Blood Curse at this time, but instead used a total of three Hun Yuan grade Creation God Equipment. One was a rope, one was a chain, and the other was a silver thread.

"These idiots are anxious to suppress the Ghost Blood Curse right now. They are simply courting death. As long as I leave this place, I can slowly suppress them."

Thinking about it, the Taoist Dobao felt great.

"The mantis stalks the cicada, and the oriole follows."

Long Chen followed closely behind Taoist Dobao. At this time, Taoist Dobao was just paying attention to Nine Sword Divine Emperor and True God Taiyi, he had actually forgotten about one person, which was Old Demon Shi You.

The Old Devil Shiji had always been known for his craftiness.

He had hidden himself from the very beginning.

Let the three of them fight for it.

It was at this moment that he suddenly appeared!

"Thank you!"

He had been here for a long time.

Because of the ambush from the old demon, the battle became even more exciting.

Everyone had similar strength, but they could only fight with their wits and courage, which greatly expanded Long Chen's horizons.

There was a mountain higher than the previous one.

"Spirit Stone Formation!"

Compared to the Taoist Dobao and the rest's hasty preparations, the old demon Shi Si had been preparing this Spirit Communication Spirit Stone formation for a long time. He had been waiting for the fish to catch on the way since a long time ago, and as expected, the three of them all entered his Spirit Communication Spirit Stone formation.

Suddenly, a stone array chart appeared at the foot of Taoist Dobao.

"Bam!"

A shadow flashed.

Starting from his feet, Taoist Dobao and the two Divine Emperor s behind him were instantly petrified and were unable to move. This was obviously a sea of blood, but it had turned this area into a fortress made of rock!

"I'll take this Ghost Blood Curse. Consider it your gift to me!"

She also followed the example of the Taoist Dobao, using his Creation God Equipment to bind the Ghost Blood Curse, but she only had one choice, so it was extremely unstable. The God Creation Artifact could be torn apart by the Ghost Blood Curse at any time, thus she fled in panic without saying a word.

"This Spirit Communication Spirit Stone formation trapped the three of them! Should we hold on for a little longer? "

This was what Old Demon Shiji was worried about.

This was the first time she had used the Spirit Stone Formation to trap three opponents at the same time. After all, he usually only dealt with one opponent. Therefore, she wasn't sure what would happen if she faced off against three opponents.

After all, among the three of them, the Divine Emperor s were all ranked above him!

"Explode!"

Just when he had obtained the Ghost Blood Curse and turned around to leave, not even a hundred metres away, the furious Taoist Dobao erupted with countless of coloured divine lights, and at that moment, his might was boundless, his eyes were bloodshot. Old Demon Shi You had actually snatched the Ghost Blood Curse from him, a Ranking 37 Ranker on the Divine Emperor, completely infuriating the Taoist Dobao!

"Ignorant!"

The Nine Sword Divine Emperor and the True God Taiyi also fought over the Spirit Stone Array at the same time.

So it turned out that they hadn't come to the same conclusion yet.

However, they were all enraged when they were told to steal the Ghost Blood Curse from him. The three Heavenly Palaces would never let the Ghost Blood Curse fall into the hands of outsiders no matter what.

The Nine Sword Divine Emperor and the rest would rather the Ghost Blood Curse fall into the hands of the Taoist Dobao than to give it to Old Demon Shi You.

This time, Old Demon Shi was overestimating his abilities, underestimating the determination of the three Heavenly Palaces to eliminate him!

In that split-second, the three Rankers of the Divine Emperor, attacked the fleeing Old Demon Shi Ya at the same time. Long Chen could tell that Old Demon Shi San was about to be completely eliminated from the competition with just a single look.

"Myriad Treasures Pillar! "Come!"

The Taoist Dobao was normally kind, but upon seeing the treasure, he immediately became a beast. Now that all the clothes on his body had been blown away, his muscles were extremely weak, and in his hands, a huge golden pillar suddenly appeared. It was somewhat similar to Long Chen's Golden Demon

Suppressing Pillar, but what was coiled on the golden pillar were not divine dragons, but tens of thousands of Creation God Weapons!

These creation artifacts were all embedded into the Myriad Treasures Pillar.

Amongst them, there were ordinary Order-class Creation God Equipment.

A few Genesis Creation God Equipment.

There was even a Hun Yuan grade Creation God Equipment.

Tens of thousands of God-level Manifestation artifacts fused into one body.

This Myriad Treasures Pillar was, of course, one of Hun Yuan's level of Creation Divine Equipment, but it was extremely close to the Eternity, and could be considered to be one of the Eternal Creation Divine Artifact, one that surpassed the will of the heavens and the will of nature.

It was practically the first treasure of Taoist Dobao!

The Taoist Dobao danced with the gigantic Million Treasures Pillar. With a roar, the sea of blood trembled and the pillar smashed straight at Old Demon Shi, carrying the divine power and the limitless wrath of the Taoist Dobao.

Just this Myriad Treasures Pillar alone was enough to make Old Demon Shi You submit.

But it wasn't just that!

"Nine Lives Life and Death Sword!" The nine sword Divine Emperor followed closely behind, combining the nine swords in his hand, the fusion sword became a huge sword that illuminated the world, as though it was not one bit inferior to the Taoist Dobao's Myriad Treasures Pillar!

"Destiny is death!"

The True God Taiyi also displayed his rules. The Heaven's Will horsetail whisk spread out, and then condensed into a giant silver snake. However, it had countless sharp thorns, and they were spinning and thrusting towards the Old Goblin Heart of Rules.

The old demon was stunned.

She hadn't thought that she would encounter such killing intent after snatching this item. She simply wanted to kill him!

"Damn it!"

The stone array formation in front of her was directly smashed apart by the Ten Thousand Treasures Pillar. Without time to even discuss it, three death attacks broke through her layers of defenses, all of them smashing into his body, creating a near-death blow!

"Damn it!"

At that moment, Old Demon Shi was so angry that he went mad.

But she knew in her heart that she had failed. If she didn't leave now, she would die here.

"Three Great Heavenly Palaces!"

In the end, she looked at the Ghost Blood Curse beside her with an expression of longing.

However, she could only leave!

In order to save his life, Old Demon Shi chose to crush the Death Realm's Blood Bead at the very last moment. Before being killed, he left the Death Realm and got out of the game immediately.

BOOM!

The three paths collided together.

"Withdraw!"

After they had forced Old Demon Shi Yu out of the competition, they all simultaneously tried to conserve their strength. But even so, the surging force had completely hit the Ghost Blood Curse, and under the violent collision, the Ghost Blood Curse was sent flying with a terrifying speed!

Long Chen saw the opportunity and chased after his.

Of course, the Taoist Dobao did his best to chase after them. Long Chen's position and speed were similar to theirs. There wasn't much of an advantage.

"This is indeed an opportunity. If I don't obtain the Ghost Blood Curse this time, then next time won't be easy!"

Long Chen had no choice but to expose himself and let the three others discover him. He knew clearly in his heart that if he fought with them over the Ghost Blood Curse, the attacks he would receive would be the same as Old Demon Shi's.

Fight!

Everyone rushed in the direction of the Ghost Blood Curse.

At this time, everyone never thought that a person would appear before the Ghost Blood Curse.

"Yu Hua!" Long Chen was shocked.

Chapter 2955 - Heroic Spirit in Sword

This Jade Flower Divine Emperor

She must have had a skill of concealment. If not for that, she would have suddenly appeared by the side when Long Chen and the Nine Sword Divine Emperor did not see her last time.

This time, Long Chen also noticed her. His focus was all on the rankers on the Divine Emperor.

After Old Demon Shi was relegated, he only paid attention to Taoist Dobao and the other two.

That was why he was surprised by the sudden appearance of the Jade Flower Divine Emperor.

If it was a normal day, her ability to conceal herself might not be able to fool Long Chen and the others. But at this moment of chaos, everyone was paying attention to the Ghost Blood Curse, who knew when an ordinary Divine Emperor like her would hide here?

The moment she appeared, the Jadeflower Divine Emperor smiled sweetly to herself. After that, she moved very quickly.

"Catch!"

These words were said towards Long Chen.

This reminded Long Chen of when he was at the Sky Clear Palace. He had indeed said that he would help Long Chen obtain the Ghost Blood Curse, but at that time, Long Chen had thought that she was just joking.

Unexpectedly, it was because of her that Long Chen obtained the Origin Dragon Soul.

It was also because of her that the Ghost Blood Curse was knocked towards Long Chen's side by her umbrellike God Creation Art. She knew how terrifying this Ghost Blood Curse was, so she didn't dare to touch it herself.

From the time the Jade Flower Divine Emperor appeared to the moment the Ghost Blood Curse appeared in front of Long Chen's eyes, it was only that short period of time.

An instant passed.

Taoist Dobao, Nine Sword Divine Emperor and True God Taiyi were simply dumbfounded.

"It's all of you!" The Nine Sword Divine Emperor was infuriated, he turned and rushed towards the Demon Blood Curse, the nine divine swords in his hands were already prepared. Old Demon Shi Zhi still had some qualifications, but now that even Long Chen dared to snatch the Ghost Blood Curse, he made them even angrier.

Especially since Long Chen had already snatched the Origin Dragon Soul and inherited blood essence from the Nine Sword Divine Emperor.

"Humph!"

He did not care who the Taoist Dobao was before he put away the Myriad Treasures Pillar. Whoever stole the Ghost Blood Curse would be going against him, and would practically take his life!

Instantly!

He could not let go of the Ghost Blood Curse. In that instant, his Herba Euphorbiae had already wrapped itself around the Ghost Blood Curse, and at the same time, he was already preparing to open up the Divine Kingdom so that Ling Xi could try to use the Revolving Star Passage Technique.

As long as they succeeded, at least these three wouldn't be able to catch up.

At this critical moment, he discovered that the Herba Euphorbiae's life force had a certain amount of restraining effect on the Ghost Blood Curse. Previously, the Taoist Dobao had been unable to suppress the Ghost Blood Curse even with three God Creation Treasures, but the Herba Euphorbiae was able to do it for now.

However, he definitely wouldn't be able to hold on for long.

Just as Long Chen was about to use Stellar Transposition, a change occurred.

The nine sword Divine Emperor s and the Taoist Dobao were chasing after Long Chen, but he let out a cold laugh. Not only did he not chase after Long Chen, he even chased after them.

"Heavenly Will Tracking!"

The horsetail whisk in his hand grew as long as grass and trees in an instant, and the silver threads spread outwards, quickly piercing into the sea of blood. In the blink of an eye, it caught the fleeing Jadeflower Divine Emperor in its grasp! The countless silver threads tightly wrapped around the Jadeflower Divine Emperor, preventing her from moving. They even cut into her flesh, causing his jade-like skin to bleed profusely!

"Ugh!"

Divine Emperor knew that something was wrong and was about to crush the Death Realm's Blood Bead, but True God Taiyi had long since told her that she would do so. Thus, a few silver threads from the Heaven's Will whisk pierced into her palm, causing the Death Realm's Blood Bead to escape from her hands!

"Puchi!"

The Death Realm Blood Bead was pierced by the silver thread and turned into a ray of blood light before disappearing.

This simply meant that if Jade Glow Divine Emperor did not snatch the blood pearl of someone else's Death Realm, it would be impossible for him to leave this world.

This was the True God Taiyi's goal.

However, he did not know that Long Chen still had a Divine Kingdom. He could leave with the Jadeflower Divine Emperor.

However, right now, the Jadeflower Divine Emperor was trapped by him, and even if he had a Divine Kingdom, he didn't have one. Long Chen was just about to use Stellar Transposition, but seeing that the Jadeflower Divine Emperor was being restricted, he could only forcefully stop himself.

"Little guy, give me the Ghost Blood Curse, or else I'll take this woman's life. I'll do what I said!"

True God Taiyi looked at Long Chen coldly. He extended out the silver threads from his horsetail whisk, and there were a total of tens of thousands of sharp edges, sharp like needles. Right now, they were all surrounding Divine Emperor Jadeflower's surroundings.

The Jade Glow Divine Emperor was in danger!

"Hurry up and leave, don't worry about me."

At this time, the Jade Flower Divine Emperor was not flustered at all, even though he was in extreme pain and his divine body was damaged. She smiled at them as if nothing had happened, as if he was already satisfied with his life after completing this task.

Of course, Long Chen wouldn't do that.

True God Taiyi's actions were out of his expectations. In his imagination, the people from the Three Great Heavenly Palaces shouldn't be so despicable. He had underestimated their determination to obtain the Ghost Blood Curse.

"Here!"

The True God Taiyi's patience was limited.

With a roar, nearly half of the silver threads pierced into the flesh of the Jade Flower Divine Emperor. The Jade Flower Divine Emperor cried out in pain, his entire body was pierced by the silver threads, it was extremely painful, the damage caused by the Heaven's Will did not only come from his divine body, but also his primordial spirit.

Of course, True God Taiyi said: "This time it's a warning. The next time it'll be her Heart of Rules, give it to me!"

When he saw that Divine Emperor Yuhua was still smiling at him, wanting him to leave first, a wave of anger rose up in Long Chen's heart. Although he had known her for a short period of time, and she had always seemed to be joking, he had still helped her out, especially these two times, to the point where he didn't even want his life.

She was indeed as Great Emperor Yuehua had said, an idiot.

The reason he had been seriously injured, and even his life threatened, was all because of her.

In this instant, in his heart, the degree of disgust towards True God Taiyi far surpassed that of Taoist Dobao and the Nine Sword Divine Emperor.

The Nine Sword Divine Emperor and the Taoist Dobao were not anxious at the moment. They had already surrounded Long Chen, but they were still on guard.

"This is my last chance." True God Taiyi sneered.

It was not that Long Chen was not willing to give him the Ghost Blood Curse, nor was it that he coveted the Ghost Blood Curse and did not want the life of Divine Emperor Yuhua. Long Chen had chosen to challenge him instead, and had confidence in himself, especially after seeing that the Herba Euphorbiae had a certain restraining effect on the Ghost Blood Curse!

"Scram!"

However, Divine Emperor Jadeflower had given him a pleasant surprise at this time.

After striking True God Taiyi, he was forced to the point where he could only resist. However, at this time, she used all her strength to escape from his hands, and even if his body was dyed in blood, he still managed to do it very elegantly. Long Chen could not help but admire him.

"You want to leave? Hmph!"

The True God Taiyi became even more furious. The Heaven's Will horsetail whisk had already reached him, and this time, it did not have any mercy. He was going to kill Divine Emperor Yu Hua immediately.

However, his speed was full, and at this time, the Great Emperor Yuehua rushed over from the back, blocking the True God Taiyi's attack, and holding the Jadeflower Divine Emperor in his arms, he immediately escaped.

True God Taiyi definitely could not catch up, the Ghost Blood Curse was still here.

"Hmph, so what if I'm running!"

The three of them surrounded Long Chen from three angles, making it impossible for Long Chen to escape. At this time, in their eyes, Long Chen was still far from being at their level.

With this situation, even if Ling Xi were to come out and use Stellar Transposition, it would be very dangerous. Ling Xi was pregnant and her child was about to be born.

Luckily, the Jade Flower Divine Emperor was saved by her sister.

However, the image of her being injured just now, her satisfied and gentle smile, made the flames in Long Chen's heart burn. It allowed him to change his decision. He pulled the Ghost Blood Curse in front of him.

The blood-red blade, the black hilt, and the 'swastika' Ghost Blood Curse. Among every symbol, there were billions of screaming faces.

Suddenly, the swastika symbols lined up on top of the Ghost Blood Curse, showing a woman's face.

"You want to control me?"

A gloomy, devilish female voice sounded beside Long Chen's ears.

"I will take control of you!"

In that moment, a cold and fierce light exploded in Long Chen's eyes.

He almost did not hesitate as he instantly retracted his Herba Euphorbiae. Before the Ghost Blood Curse could escape, he extended a hand and grabbed the Ghost Blood Curse's slender sword hilt.

In that moment, Long Chen's palm seemed to stretch into the bottomless abyss.

In that moment, hundreds of millions of dead spirits cried and screamed in Long Chen's ears.

There was also the cold, cold and charming female voice, constantly laughing and ringing in Long Chen's ears. It was as if countless ants had crawled into his ears and crawled into his heart, causing his scalp to go numb and his back to shine.

Suddenly, like a worm crawling out from its fingers into its own divine body, it crawled up its arm, tore apart its flesh and spread throughout Long Chen's body.

A burning pain.

Long Chen looked down, and sure enough, the word 'swastika' on the Ghost Blood Curse had already spread towards his arm, and started to crawl towards his shoulders and entire body.

"You overestimate yourself."

"The Ghost Blood Curse covers your entire body, and that is when you die."

Taoist Dobao and True God Taiyi couldn't help but laugh out loud. They had never seen Long Chen's strength before, and heard that he defeated the Eight Trigrams Heavenly Lord. But in their eyes, he was at most comparable to the Great Emperor Yuehua.

It would be a joke if they dared to forcefully suppress the Ghost Blood Curse at such a level even while surrounded by the three of them. They wouldn't even bother to make a move anymore, so once Long Chen was killed by the Ghost Blood Curse, they could start fighting over it.

However, only Nine Sword Divine Emperor wrinkled his brows.

She had slightly sparred with Long Chen before, so she knew that Long Chen had many strange abilities. Letting him control them like this might not be a good thing. Therefore, she controlled the nine swords and was prepared to attack.

"Ugh ..."

Not only did the Ghost Blood Curse attack Long Chen's divine body, it also severely affected his mental state. Originally, his heart was filled with anger and killing intent because of the matter of the Jadeflower Divine Emperor being injured, but at this time, the Ghost Blood Curse was amplifying it infinitely!

"The weak are only fit to be killed by me."

"The more people I kill, the stronger I become."

That woman's voice was like a poison.

Chapter 2956 - Immortal Sword Formation

The word Swastika ran through the blood curse like a reptile.

Attacking the arm, the World Tree, and even Long Chen's head, were all extremely fast.

In next to no time, the symbol 'swastika' started flashing on his right eye.

Fierce and bloodthirsty.

Holding the Ghost Blood Curse, Long Chen's murderous aura also rose. The sea of blood around him did not even dare to approach him, as though he was being pressured out! In the eyes of others, Long Chen's killing intent soared to the sky, his temperament was extremely strange. But in Long Chen's own world, the infection of the Ghost Blood Curse had actually created a very chaotic situation for him, causing the anger in his heart to surge. At this moment, he finally understood what Mo Xiaolang had once felt when he had been bewitched.

Chaos, excitement, it was difficult to control his own reason.

His heart was filled with the scene of the Jade Glow Divine Emperor being penetrated by the horsetail whisk. Every time it appeared, it caused him to lose control of his emotions a little more and become even more sinister.

But even so, the Nine Sword Divine Emperor did not want Long Chen to continue controlling it.

Only, before she made her move, Long Chen had barely managed to struggle against the Ghost Blood Curse, and had truly forced the flames of his life out.

Whoosh!

The green flames spread, where the Ghost Blood Curse was, the fires of life could not burn, but the other parts were all filled with the flames of life. The exuberant flames of life were actually blocking the Ghost Blood Curse's advance!

"Change fate!"

At the same time, the rules of fate had also suppressed the Ghost Blood Curse. Under double resistance, not only did the Ghost Blood Curse not advance, it was instead forced back by Long Chen!

"You!"

The unreconciled shrieks of the Destiny Heroic Spirit resounded in his ears.

She was still not convinced.

But Long Chen had indeed blocked her at this time.

This, was how Long Chen dared to control the Ghost Blood Curse in front of everyone.

After the Ghost Blood Curse had partially retreated, Long Chen finally regained his senses. However, the anger in his heart did not disappear, especially towards the True God Taiyi.

"What's going on?"

The scene happening to Long Chen simply shocked everyone present, especially the three people around him. The Nine Sword Divine Emperor was originally going to attack, but the other two could not stay any longer, they wanted to see Long Chen become a joke, but from the looks of it, Long Chen might really have the possibility of controlling the Ghost Blood Spell, and the moment he is controlled, it would be over!

"You're courting death!"

"Didn't you see the lesson of Old Devil Shiji?"

Taoist Dobao and True God Taiyi were completely enraged for a moment.

However, it was still the Nine Sword Divine Emperor who made the first move, she was indeed decisive.

Sou sou sou!

In the middle of the encirclement of the nine divine swords, the nine sword Divine Emperor s were extraordinary, the nine divine swords under his control were quickly revolving, the Sword Qi produced by the nine Hun Yuan grade Creation God Equipment was extremely terrifying!

"Immortal Sword Formation!"

This move was even scarier than her previous Nine Lives Life Sword. She did not show any mercy to Long Chen. Under her control, the laws appeared and the nine swords gathered together to form an array formation. The sword images within the array formation disappeared, revealing a world brimming with immortal energy.

That world suppressed Long Chen.

This was a world completely condensed by sword energy.

Mountains, rivers, trees, the sun, moon and stars. They were all sword Qis. These were all killing moves!

Seeing that the Nine Sword Divine Emperor had summoned the Immortal Sword Formation, the Taoist Dobao and the True God Taiyi decided not to attack. They just waited for Long Chen to be heavily injured or even killed.

Immortal Sword Formation!

Long Chen raised his head, the Swastika Symbol was still in one of his eyes.

However, it was only one eye. The Ghost Blood Curse was completely blocked by the Life Fire and could not reach the other half.

Facing the Immortal Sword Formation, Long Chen's actions were unexpected, but it was very decisive. He actually treated the Ghost Blood Curse as his own Creation God Equipment, changing his fate to form a counterattack, Hun Yuan unleashed his divine power and suddenly released the Ghost Blood Curse, bringing out the power of many Ghost Blood Curses!

"Sword of Time!"

Pop!

He stabbed out a stream of sword Qi.

However, it was not only an illusory Sword Qi of time, it also carried along with it a hint of blood red, and even a Swastika Symbol.

The speed of the sword qi was astonishing. It attacked the Immortal Sword Formation within an unlimited amount of time.

It was a strike with a Ghost Blood Curse.

This was something that even the Ghost Blood Curse could not do, because Long Chen had suppressed it and it had not succeeded in its counterattack.

Crack!

A shocking scene appeared!

Under Long Chen's Time Sword, the Immortal Sword Formation crumbled into countless of fragmented Sword Qi, causing the nine divine swords of the Nine Sword Divine Emperor to fly out!

The Ghost Blood Curse and the Time Sword were actually this terrifying!

However, this was not the end. After shattering the Immortal Sword Formation, the Sword of Time was even faster than the swords returning to the sides of the Nine Sword Divine Emperor s. It instantly pierced through the eyes of the Nine Sword Divine Emperor s!

"How is this possible!"

The Nine Sword Divine Emperor's Sword Formation was broken, and his blood was boiling. Before she could even say a word in his heart, what made her even more shocked was that the Sword of Time had already arrived in front of her eyes.

"Heavenly Sword Wheel!" At the last moment, she used her fastest speed to recall two swords, but the Ghost Blood Curse's Sword of Time still managed to cut off one of her arms!

Of course, this was only a slash of the Sword Qi, it was not a slash of the Ghost Blood Curse, thus the Nine Sword Divine Emperor did not necessarily die, but even so, the Ghost Blood Curse imbued within the Sword Qi still quickly spread outwards towards her body, under the heavy attack, the Nine Sword Divine Emperor was instantly pushed back, she needed time to suppress the power of the Ghost Blood Curse, otherwise, she would definitely die!

"Ugh!"

The Nine Sword Divine Emperor retreated several tens of thousands of meters.

This scene simply stunned everyone present.

Even if she didn't really believe him, she knew that she had already lost. If she stayed there, she would only be in danger of being eliminated. Right now, she had chosen to retreat, so she might still have the strength to continue the fight.

"This Long Chen can actually release the power of the Ghost Blood Curse, Taoist Dobao and the True God Taiyi won't feel good either!"

Thinking about this, the Nine Sword Divine Emperor was actually not very anxious in her heart. She had already accepted this reversal, and she was very clear in her heart that Long Chen was definitely the biggest dark horse in the Death Realm's battle this time!

"No wonder Di Jun wants to kill him, this young man is really special!"

Just when the Nine Sword Divine Emperor was thinking this, and the others had not reacted from Long Chen's battle with the Nine Sword Divine Emperor, seeing that Long Chen could even barely use the power of the Ghost Blood Curse, the Taoist Dobao could not hold it in anymore.

However, he didn't do it recklessly. He was extremely cautious.

"A great treasure has appeared! A great treasure has appeared!"

Sou sou sou!

In the blink of an eye, all of his Creation Divine Equipment appeared in front of him. There were a total of more than twenty Creation Divine Weapons and even the Myriad Treasures Pillar was only one of them.

The Dobao River was a type of law.

The God Power of the Taoist Dobao congealed into a river, and all the Creation God Equipment were in the river, and under the dance of the Taoist Dobao, the river was simply like a ruthless whip!

This is the rule of Taoist Dobao's' treasure fusion '. He was proficient in combining various types of Creation God Equipment, and at the same time, unleashing all of his God of Creation's God of Creation's power to form the strongest attack. And just like that, he rushed to the 37th rank of the Divine Emperor!

Most of his opponents were defeated by his many magic treasures.

Right now, more than twenty God Creation Divine Equipment in his Duo Treasure River seemed to be born with the power to destroy the heavens and earth. The entire Duo Treasure River turned golden, and under the Taoist Dobao's wave, it tore apart the sea of blood, charging towards Long Chen!

"Bastard, let go of the Ghost Blood Curse!"

If he touched the treasure he wanted, it would be equivalent to taking his life.

The True God Taiyi was clever, he had to attack at the same time, but a little slower, so he believed that Long Chen would not be able to defend against the dual attacks.

"Destiny is death!"

"As you wish!"

He had already used two and a half Eternity's worth of Creation Divine Weapons at the same time, but their power was only slightly weaker than the River Dobao. If it was only the attack power of the Rules, the True God Taiyi ranked forty-second was still slightly stronger than the Taoist Dobao.

Its overflowing power was directed at Long Chen.

Although Long Chen had temporarily controlled the Ghost Blood Curse, the influence the Ghost Blood Curse had on him had never stopped.

And then, it exploded!

"Kill!"

The Ghost Blood Curse had become his weapon!

He wanted to force out the power of the Ghost Blood Curse.

Sword of Time!

One sword, two sword strikes, he unleashed several sword strikes consecutively. This was simply insane.

This was an attack that could break the Immortal Sword Formation of the Nine Sword Divine Emperor with one slash!

The river was like a golden whip that rushed towards Long Chen. Long Chen rushed forward, striking out with a total of five swords, the five sword qi with Swastika Symbol slashed onto the river, once trembling, twice collapsing. When it came to the fifth sword strike, the river was instantly destroyed, and a number of the Creation God Manifestation weapons were instantly destroyed!

Shoo! Shoo! Shoo!

Taoist Dobao retreated explosively, his body had more than a few bloody holes!

That was a bloody hole created by the Sword of Time.

The sword of time was too fast and too powerful. Even he was unable to block it!

"AHH!"

Taoist Dobao's treasure had been destroyed, and he had lost on the spot. This made him immediately let out a roar of unwillingness, and his face twisted, until he was the same as the Nine Sword Divine Emperor.

This was because the Ghost Blood Curse activated.

If they didn't suppress it now, they would truly lose their lives if they continued to fight for it.

"AHH!" All along the way, Taoist Dobao was beating his chest and stomping his feet. His tears flowed madly, as if his entire family had died.

However, what he did not see was that there was someone more miserable than him!

The attacks of the Dobao River and the True God Taiyi were about the same. When Long Chen was facing the Duo Bao River, True God Taiyi's Heaven's Will horsetail whisk and the Ruyi Vajra Ring were both attacking Long Chen from behind!

Long Chen slashed out a few sword slashes across the river, he suddenly turned his head, facing the horsetail whisk and the King Kong Ring, his eyes turned scarlet red, he suddenly rushed forward, the Ghost Blood Curse's sharp sword tip directly thrusting towards True God Taiyi!

The last strike unleashed Long Chen's strongest attack.

The face of the True God Taiyi reminded him of the serious injuries that the Jade Flower Divine Emperor had suffered.

"Kill him!"

That ghost-like woman kept talking, making it difficult for Long Chen to control his rationality.

The Ghost Blood Curse was too cooperative this time.

Swish!

Karma Stab.

Chapter 2957 - Death of Tai Yi

The sword could be stabbed, chopped, touched, and swept.

The Sword of Time could pierce, slice, and sweep.

As for the Karma Threads, they could be stabbed!

The rules of using the Immortal-Sacrifice Spear to execute the Karma Thrust were very well suited to each other.

But now, when Long Chen thrusts out his sword, it might not be impossible!

The Ghost Blood Curse whistled through the air.

If it was before, the Ghost Blood Curse was still stopping Long Chen, and the two forces could not completely fuse together, thus the lethality of the attack was limited. But this time was different, the Ghost Blood Curse's Destiny Heroic Spirit was urging Long Chen to kill True God Taiyi, and was even using Karma to attack him, so the power that it used was naturally terrifying!

The curse of the Ghost Blood Curse was intertwined with the karmic law of karma.

Wherever the longsword was aimed at, under the dual killing power, the True God Taiyi's will and ruyi, even though stubbornly resisting, was unable to block the Ghost Blood Curse's stab. Long Chen's entire body transformed into a ray of blood light, pierced through the will of the heavens, forced the ruyi back, and pierced towards the nearest True God Taiyi!

"No!"

True God Taiyi was pushed back and he let out a blood-curdling scream.

Naturally, he wasn't willing to be defeated like this.

He had completely lost the possibility of fighting for the Ghost Blood Curse, and the Ghost Blood Curse had fallen into the hands of an outsider. This was simply a merciless humiliation to him, and to the three Heavenly Palaces.

However, the more unwilling he became, the greater the danger of death would be. He could have crushed the Death Realm's Blood Bead sooner, but he hesitated for a little longer! As a result, Long Chen's Karma Thrust penetrated through all the killing moves, and pierced right through his chest.

The sharp blade edge pierced through his skin.

Afterwards, under the unwillingness to accept it in jealousy, True God Taiyi still chose to crush the Ghost Blood Curse, transforming into a ray of bloody light that shot into the sky, disappearing before Long Chen's eyes, allowing Long Chen's Karma to stab into thin air.

Aside from the violent sea of blood, everything else seemed to have come to a halt.

"Dead, yet?"

It was only after he had truly stabbed the True God Taiyi that Long Chen managed to react. In fact, no matter how angry he was, directly killing such a huge being like the Three Great Heavenly Palaces was not right.

It was only because of the influence of the Ghost Blood Curse that he was able to unleash such a heavy attack.

At this moment, the Nine Sword Divine Emperor and the Taoist Dobao were defeated and were fighting against the Ghost Blood Curse. They had lost their fighting capabilities and would need at least some time to recover.

True God Taiyi was directly forced out of the Death Realm, to the point where he could not see the situation, and did not know if he was dead or alive. They had almost not seen clearly if Long Chen's Ghost Blood Curse had really stabbed the True God Taiyi.

The other Divine Emperor s, although still have existences on the Divine Emperor's leaderboards, had all been forced to retreat after seeing the representatives of the three Heavenly Palaces. They didn't have the guts to step forward, and could only look at Long Chen in shock and dissatisfaction as they began to subdue the Ghost Blood Curse!

"He will definitely fail!"

Those from the three Heavenly Palaces were all waiting for this moment.

"Ugh!"

There had been people who had been relegated before.

Finally, after a period of silence, according to the person who came out, the Ghost Blood Curse had already appeared.

"Whiz!"

Old Demon Shi was sent out with a pale face.

The people outside were all from the three Heavenly Palaces, so no one felt sorry for him. Those from the Three Great Heavenly Palaces were all very happy to see him being relegated.

"I just don't know who will obtain the Ghost Blood Curse in the end, Duo Bao, Yu Qing and Tai B."

This was in line with their initial expectations.

Everyone waited nervously.

Now that the Ghost Blood Curse had appeared, the competition for the Death Realm would soon come to an end. The results would come out soon, so even though they would be eliminated, many Divine Emperor were still waiting.

Everyone was guessing which Heavenly Palace would obtain the Ghost Blood Curse.

Whoosh!

Suddenly, a blood-red light shot out from the whirlpool.

Suddenly, in front of everyone, he turned into a person that everyone was very familiar with!

"True God Taiyi!"

"He was actually eliminated!"

"Oh my god. Could it be that the Taoist Dobao and the Nine Sword Divine Emperor are working together? " To them, this seemed to be the only possibility.

Everyone quickly surrounded him.

Upon taking a closer look, he was immediately stunned.

Both of his hands clutched at his chest, and his eyeballs were about to fall out. The horsetail whisk and the Ruyi Vajra Ring had dispersed without strength, and his hair was in a mess. When he looked again seriously, he could see that his body was already covered in dense black 'swastika' symbols!

Even his eyes were occupied by the Ghost Blood Curse.

Once the Ghost Blood Curse was truly damaged, the speed at which the Swastika Symbol spread would be terrifying.

The Nine Sword Divine Emperor and the rest were able to suppress the sword qi but the True God Taiyi was unable to stop the speed at which the Ghost Blood Curse was truly spreading. If not for his last bit of unwillingness and lack of time, Long Chen would not have been able to use the Ghost Blood Curse!

But now, everything was over!

Everyone encircled him, and looked at the current state of the True God Taiyi in shock.

This was a person that they had once revered.

It was extremely painful.

"Ghost Blood Curse!"

"He was hit by the Ghost Blood Curse!"

Everyone shouted out in terror. Even Di Jun who was standing far away had his attention drawn to this sword. He had also realized that this sword seemed to be extremely terrifying.

"Hmm?"

Suddenly, upper Qing Dao Zu, who had not appeared for a long time, appeared in front of everyone. He reached out his hands to press down on True God Taiyi's eyes and used his Hierarch level strength to rush into his eyes.

upper Qing Dao Zu shook his head and said: "Too late, Tai Yi, we won't be able to save you either."

"Daofather!"

True God Taiyi's face was pale. He struggled to extend his arm that was covered with the Ghost Blood Curse. His eyes were bloodshot as he held onto upper Qing Dao Zu's hands and spoke with difficulty.

"If you have anything to say in the end, say it to me." upper Qing Dao Zu's eyes were deep, he did not know what was going on inside, but he was a little worried that the Taoist Dobao had gone mad fighting over the treasures, resulting in the True God Taiyi being hit by the Ghost Blood Curse.

Taoist Dobao was a disciple of his upper Qing Dao Zu.

"Take revenge for me!"

After saying those last four words.

"Phew ..."

The entire body of the True God Taiyi was covered with the Ghost Blood Curses. The Swastika Symbol flashed and instantly crushed the Extreme Realm Divine Emperor, turning him into ashes before the upper Qing Dao Zu's eyes. Not even his residual soul remained.

Disappeared.

"Can anyone help me ask about the current situation of Death Realm?"

upper Qing Dao Zu closed his eyes and asked.

Seeing how the Daofather was angered, everyone was even more shocked. By this time, Daoist Xuanqing had already received the news, and his entire body began to tremble.

"Daofather!"

"Speak your mind." Even now, the upper Qing Dao Zu still thought that it was done by the Taoist Dobao.

That was his own disciple. True God Taiyi actually wanted him to take revenge for him, which of course made things difficult for him. It might even affect his relationship with Dao Ancestor Yuqing and the Daozu Taiqing.

The fear in Daoist Xuan Qing's heart grew even stronger as he said, "Right now, the one holding the Ghost Blood Curse is not someone from the Three Great Heavenly Palaces. He has actually temporarily suppressed it and relied on the power of the Ghost Blood Curse to heavily injure Yu Qing and Duo Bao, forcing the Divine Emperor s of the Three Great Heavenly Palaces to not dare to do anything. Tai Yi was one step too late in the fight with him, and ended up being pierced by the Ghost Blood Curse. "

This news was undoubtedly a heavyweight bomb.

"What!"

The hundred Divine Emperor s on the stage were all stunned.

Especially the people from the three Heavenly Palaces. This was originally their training field, but the most important Ghost Blood Curse this time made an outsider?

"Who is it?"

"Who has the ability?"

For a moment, everyone was waiting for Daoist Xuan Qing.

Daoist Xuanqing took a deep breath and said, "I also didn't expect that he was the Long Chen who defeated the gossips. We entered the Death Realm from my side of the Taiqing. "

Long Chen!

Everyone knew him.

He was ranked number one on the Divine King Ranking and was chased by Di Jun, eventually escaping to Death Realm. He once defeated Evil Fire Cloud God and defeated Daoist Feng Qing on his own. And in the end, it was actually to such an extent!

"Also, thirteen blood crystals appeared in the Death Realm earlier, and all of them fell into his hands. It is said that he was able to open the Divine Kingdom in the Death Realm."

Daoist Xuanqing paused his words as he pushed the storm to its highest point.

"How is this possible?"

"Just who is this guy? How does he have such ability!?"

"Daofather, you have to avenge my senior apprentice-brother!"

The Heavenly Monarch Eight Trigrams, along with all the disciples of the Yuqing Heavenly Palace, kneeled in front of him. At the same time, their news had obviously reached the Yuqing Heavenly Palace.

All the disciples of the three great heavenly palaces were filled with righteous indignation, waiting for the words of the upper Qing Dao Zu.

upper Qing Dao Zu was expressionless when he heard this. At this time, he waved his hand and said, "Since Death Realm allowed all the experts of the third heaven to participate, they have the qualifications to compete for the Death Realm's Blood Bead. It is normal to accidentally kill someone in the battle. What Long Chen did is not excessive, we three heavenly palaces should have the guts to face this challenge head on.

In this place, there were still many people who were not from the Three Great Heavenly Palaces.

They were obviously on Long Chen's side at this time. For example, old monster Shiji. If upper Qing Dao Zu decided to kill Long Chen, she would definitely mock him.

Of course, in this way, the people from the three Heavenly Palaces were extremely unreconciled.

Although the rules were as such, but they, the treasures of the three Heavenly Palaces, could really be snatched away by outsiders this time.

Was he being humiliated just like that?

"The Karma Cycle will be tidied up by someone." When everyone was unwilling, upper Qing Dao Zu said his last sentence and disappeared from everyone's eyes.

Since someone has cleaned up

The crowd was shocked. When they raised their heads, they saw Di Jun staring at them with a burning gaze.

The number one on the Divine Emperor rankings, had forced the Tianyin Region Lord to be helpless against him, and had no choice but to leave!

Right, with him here, what was there to worry about? As long as Long Chen came out, the one who would attack him would definitely be him, and there would be no need for upper Qing Dao Zu to avenge True God Taiyi.

Thinking of this, everyone's hearts became a lot more peaceful.

They were waiting, waiting for the final show to begin.

Long Chen stopped the Ghost Blood Curse for the time being. After taking care of the True God Taiyi, the first thing he did was to find the Great Emperor Yuehua and Jade Flower Divine Emperor.

Now, even the Great Emperor Yuehua admired Long Chen immensely.

She had touched the Ghost Blood Curse before and knew how terrifying this thing was.

Now, Divine Emperor Yuehua seemed to be better.

"You're really amazing!" She was still smiling despite her weakened state.

"Thank you." If it wasn't for her, it wouldn't have been easy for him to obtain the Ghost Blood Curse. Seeing that she hadn't recovered, the life flame on Long Chen's body burned into her body.

However, lacking a portion of the Flame of Life, the Ghost Blood Curse started its counterattack.

The range of the Ghost Blood Curse on Long Chen's body started to increase again, to the point that it started to spread towards his other eye.

"You!"

Divine Emperor Yu Hua shook his head.

"No worries, I'll take care of it in a while."

Long Chen knew his limits. Just splitting a bit of the flame of his life wasn't enough to deal with the Ghost Blood Curse. Divine Emperor Yuhua was injured for his sake, so no matter what, he had to repay his some.

Now, it was him who held the Ghost Blood Curse. This place was his world!

None of the Divine Emperor s dared to approach.

Only when the injuries of the Jade Flower Divine Emperor had completely healed and the power of the Heaven's Will in his divine body was completely eradicated did Long Chen let all the fire of his life return to his body. And this time, he was going to completely subdue this Eternal Creation Divine Artifact!

Long Chen had witnessed its power!

Chapter 2958 - Ghost Qi

The destructive power of the Ghost Blood Curse far surpassed that of the God-Slaying Sword.

Long Chen had a premonition that at this time, True God Taiyi was already dead.

When the news came back, the gazes of the disciples of the three Heavenly Palaces had changed from shock to hatred.

He was forced by the Ghost Blood Curse, if it wasn't for the fact that this weapon had affected his mental state, he wouldn't have needed to kill the True God Taiyi, there was no need at all.

"Haha, you're in trouble. Even if you can subdue me, so what? You won't live long." That Heroic Spirit of Creation's voice, was cold and charming, and at this time, he was launching a fierce attack on Long Chen.

A large number of Swastika Symbol began to crowd around Long Chen.

This was the true purpose of the Ghost Blood Curse for forcing him to kill the True God Taiyi. The Ghost Blood Curse was unquestionably crazy, it was unwilling to be controlled by the Divine Emperor below the Hierarch, so it resisted like this. Of course, this was also the method she sought her master for. Only then would he be worthy of the Ghost Blood Curse!

"No one can take my life. You, even more so. "

When everything quieted down, Long Chen's attention was completely focused on the Ghost Blood Curse, his will rushed into the Blood Curse's world, it was a blood-colored world, it was extremely similar to the sea of blood, but it was even more savage, because inside the Blood Curse's sea of blood, there were countless corpse mountains, various god and devil corpses, all kinds of huge beasts, other than endless corpses, there were also endless residual souls, trillions of them!

When Long Chen came in, many of the dead spirits cried and howled towards him, pouncing towards him. That chaotic and miserable voice was simply like a nightmare, affecting one's mental state and making them feel extremely confused.

Long Chen noticed that within the endless bodies of the Swastika Symbol, a pitch-black Swastika Symbol was flowing out and merging into the sea of blood.

"Are you afraid? If you're afraid, then scram!"

The woman's voice continued to ring beside Long Chen's ears. She was about to appear.

The mountain of corpses in the sea of blood below was churning. Within the sea of blood, countless skeletons were undulating, and the spirits of the dead were screaming as they fled.

Crack!

A huge skull appeared.

After that, the pure white skull split into two, and a woman appeared in Long Chen's eyes. She stood up in the middle of the skull, and it was hard to imagine that she was actually an incomparably beautiful young lady, absolutely peerlessly beautiful, with an impeccable beauty, yet her temperament was

completely different from Ling Xi's and Li Xuanji's. She did not have Ling Xi's ethereal immortal aura, nor did she have Li Xuanji's cool charm.

From head to toe, the only things that could be seen were the two blood-colored scarves wrapped around his chest and waist.

That head of long hair fell down to his waist. It was actually blood-red, like a bloody waterfall. It was cold and breathtaking.

A pair of eyes, was also completely blood-red. The demon looked at Long Chen, and from her eyes, one could see this sinister blood colored world.

A sly smile hung on her scarlet lips. Although she was beautiful, she was still able to make people's hearts palpitate.

That figure was extremely outstanding and extremely alluring.

Now, she even twisted her body, displaying her curves, and asked Long Chen as if she was a lover with her temples: "Tell me, am I beautiful?"

Long Chen had seen a lot of women, so he was not lacking in beauties. At this time, he sized them up and said: "Don't waste your energy, you are just a Creation Heroic Spirit. What could beauty do? With just this bit of power, you can forget about affecting me. "

In the world of the Ghost Blood Curse, Long Chen was fighting against her with his willpower.

The real confrontation was his strength, and his fight against the Ghost Blood Curse!

"My name is Gui Qi. "Such a nice name, such a beautiful person ..."

As she said that, the blood-eyed girl instantly became cold and proud. She said in a cold and proud tone, "You think you can take me with you? Not a Supreme Divine God, but simply a blasphemy to me! "

Now that she was being so fierce, Long Chen had taken a liking to her. Under her control, the entire sea of blood and corpse mountains were trembling, and countless dead spirits surrounded Long Chen, Long Chen was fighting against her entire world!

"Get out!"

Even though Gui Qi was furious, her voice was quite pleasant to hear.

Although it was the Heroic Spirit of Creation, it was still the best choice.

However, Long Chen wanted to surrender to her! To this sort of Creation Heroic Spirit, there was only one thing to do, and that was to crush her! From the moment he held her, Long Chen had had enough of this fellow.

"Ghost Blood Curse, even if it's my body, with that dirty hand of yours, you still dare to defile my body!" Right now, she was leading the trillions of remaining souls, using the sea of blood and the corpse mountains, as well as the countless Swastika Symbol within, in order to chase Long Chen out.

From its appearance, it was attacking from the front of the Ghost Blood Curse, assaulting Long Chen's fire of life!

Long Chen let out a cold snort, and did not speak anymore. This Ghost Blood Curse was a prideful act, but he had already reached this degree, so naturally he had to do his best to make her speechless. Thus, at this moment, he had turned into an Archaic Blood Spirit Dragon in this world of the Ghost Blood Curse!

BOOM!

The appearance of the gigantic beast and the appearance of its bloodline was enough to crush the Ghost Blood Curse. As the true progenitor of this blood, although he was still young and had yet to reach the Soul of the Dragon, his imposing manner was more than enough to suppress the Ghost Blood Curse!

"What is this!" Gui Qi widened her blood-red eyes.

BOOM!

The Primordial Blood Spirit Dragon rushed into the sea of blood.

Outside, the fires of his life had a tinge of blood mixed in, pouncing towards the Ghost Blood Curse.

Extinction Dragon Seal!

In the time of the Ghost Blood Curse, Long Chen's Dragon Seal of Extermination caused all the departed souls to retreat. The moment they came into contact with the Extinction Dragon Seal, they would be annihilated by Long Chen.

"Damn it!" Killing Incantation! "

~ Gui Qi is the controller here, it is not easy for Long Chen to catch her ~ She was constantly changing, and started chanting an incantation. The incantation was approaching Long Chen, and she could not resist it!

"Ugh ..."

Under the influence of the Killing Curse, many grudges in his heart were revealed. Invisible, Long Chen was extremely resentful, his killing intent becoming heavier, but the more he was like this, the more he lost his mind, and the more Gui Qi controlled him.

"Idiot." Gui Qi's blood danced in the air as she let out a cold laugh. She continued to intensify her Killing Curse and instilled it into Long Chen's body, while outside, the Killing Curse had also affected Long Chen, reducing his vitality and allowing the Ghost Blood Curse to suppress him.

"It seems like he can't take it anymore!"

"If this continues, it won't be long before I fail!"

"Sure enough, he doesn't have the qualifications to control the Ghost Blood Curse!"

For a time, the people from the three Heavenly Palaces were overjoyed.

"Go kill these two women!" Gui Qi smirked as she spun around Long Chen, her long hair and her blood red scarf fluttering in the air.

"Kill!"

Those two women were none other than Yu Hua and Yue Hua.

Long Chen suddenly raised his head. One of his eyes was filled with the Ghost Blood Curse, the other half was already.

Suddenly, he saw Divine Emperor Yuhua's smile.

"What am I doing?"

Long Chen instantly realized that Gui Qi was even using a curse to control him, and he almost fell for it.

"It seems that the power of killing is similar to her and is easily influenced by her. In that case, it should be the case! "

When Gui Qi was feeling proud

Long Chen fiercely transformed from the Primordial Blood Spirit Dragon into the Hun Yuan Heavenly Fate Dragon.

Change fate!

The Killing Curse had been completely withdrawn.

The Dragon of Destiny didn't seem to be affected at all by this Killing Spell.

Then, Long Chen transformed into a Taiji Creature Dragon.

"Fire of Life!"

For a time, the boundless fires of life spread through the endless mountains of corpses and seas of blood. When Gui Qi came into contact with the flames of life, her body began to emit smoke.

Outside, the fires of life had won! He had forced the Ghost Blood Curse to retreat!

"You, you!"

Gui Qi was laughing proudly before. Now, her entire blood sea was surrounded by the fire of life. This was the flame she feared the most. Under this flame, she had lost most of her ability.

"Stop! "Quickly stop!"

The entire bloody world was filled with the screams of Gui Qi.

Under the fire of life, the entire bloody world was boiling.

Outside, the many divine lights could already see that the Swastika Symbol on Long Chen's right eye had disappeared. The Ghost Blood Curse, which had occupied half of his body, was quickly retreating. From half of his body to his only arm, even his arm was shrinking.

The fires of life were burning rapidly, forcing the Ghost Blood Curse to continuously retreat.

The Ghost Blood Curse was in the midst of the flames of life, constantly trembling.

"Are you willing to submit?"

Long Chen almost fifteen dragon heads spoke at the same time.

The rules of life were indeed the nemesis of this Ghost Blood Curse. If not for that, it would be extremely difficult for Long Chen to take care of Gui Qi.

Although she did not approve of Long Chen's power, Long Chen was able to control her, suppress her, and restrain her. This made her have no choice but to submit, but this did not mean that she was convinced.

Only then did Long Chen retract his fire of life.

Outside, the Ghost Blood Curse had already been forced back into the blood sword by Long Chen, and did not dare to take Long Chen's body anymore.

"Even if you become my master, I will not approve of you, unless you can become a Hierarch. Before that, don't even think about me giving you face."

What she wanted was for Long Chen to use his true abilities to suppress her, not this kind of restraint.

"Whatever."

As long as Long Chen could control it, he didn't care what kind of expression she had on his face. Now that he succeeded, he had control of Gui Qi, and letting the Creation Heroic Spirit recognize him as its master, was the same as having the power of the Eternal Creation Divine Artifact!

Among them, there was the terrifying Creation God Power and the terrifying Ghost Blood Curse.

"Your dirty hands, it's best if you don't touch me!"

After being controlled, Gui Qi was so anxious that she vomited blood. When Long Chen held onto the Ghost Blood Curse, she felt all sorts of uncomfortable.

However, no matter what, it was done.

"You can ask her about the Ancestral Star in the future." He was not in a hurry on this point.

"You're just a nobody, what's your name?!" Gui Qi widened her blood-red eyes and coldly looked at him.

"My name is Father. Are you shouting? "

"Fall?" "What kind of weird name is that? Are you trying to tease me?"

After taking control of her, Long Chen already had a sense of how much power the Ghost Blood Curse had. When he kept the Ghost Blood Curse, it turned into a pitch black Swastika Symbol and condensed on his palm.

When he looked up, everyone was staring at him with widened eyes.

Chapter 2959 - New Crisis

"The Ghost Blood Curse has really become his!"

"She acknowledged him as her master!"

Right now, the majority of those who stayed were the Divine Emperors of the Three Great Heavenly Palaces.

This was the first time since the battle with the Death Realm that a treasure from the Eternity had fallen into the hands of an outsider. Moreover, this was the most precious time since then.

Furthermore, it was not Old Demon Shi You, but the unorthodox Long Chen. In this battle, he had become the biggest dark horse, obtaining everything that everyone wanted!

The moment the Ghost Blood Curse disappeared into his hands, everyone sucked in a breath of cold air. Now it seemed that the situation was about to come to a conclusion.

However, at this time, the Nine Sword Divine Emperor and the Nine Sword Divine Emperor had already expelled the Ghost Blood Curse on their bodies. They stood up, and their eyes were naturally filled with hatred and unwillingness. Especially the Taoist Dobao, that was a Ghost Blood Curse that he had longed for day and night!

"I remember, the top ranker of the Divine Emperor, Di Jun, was waiting for you just outside the Death Realm. So, even if you get the Ghost Blood Curse, you wouldn't dare to leave Death Realm, right? "

The nine sword Divine Emperor spoke word by word.

"That's right."

Long Chen had not been able to seriously injure them, so he had to be careful of these two opponents.

The Taoist Dobao and the Nine Sword Divine Emperor looked at each other, his eyes still red. He said: "Do you know, according to the rules of the Death Realm competition, when you control the treasure and leave the Death Realm, it will only truly end when you go outside? He was the true master of the Ghost Blood Curse. Since you do not dare to leave the Death Realm, it means that we still have a chance! As long as I kill you! "

As he said till here, the Taoist Dobao had already spread open his fat legs, and was walking towards Long Chen. He had already taken out a large number of God Manifestation level weapons, and his aura was overflowing once again!

On the side, the Nine Sword Divine Emperor was obviously thinking the same thing, so she had already controlled the nine swords.

This time, they naturally had to work together to completely deal with Long Chen, not only for their own sake, but also for the dignity of their three Heavenly Palaces! It was not only them, the other Divine Emperor s were all stirred!

"Looks like if I don't let you all out, I won't be able to have any peace."

Long Chen sneered, maybe when he just entered Death Realm, he was not qualified to speak like that, but it was different now! Even if Gui Qi was unwilling and cursed again, the Ghost Blood Curse was still in Long Chen's hands. His strength and the Ghost Blood Curse's Creation God Power fused together, and

continued to climb. The current Long Chen, to the Taoist Dobao and the Nine Sword Divine Emperor, was a terrifying enemy!

"Attack!"

In an instant, not only the two of them, all the Divine Emperors of the Three Great Heavenly Palaces pinched the Death Realm Blood Bead, and rushed towards Long Chen one by one. They knew how terrifying the Ghost Blood Curse was, they absolutely could not be injured by it.

Rumble rumble rumble!

The battle began.

Of course, what brought the most danger to Long Chen was still the two Divine Emperors of the Nine Sword Sect. At this time, the Taoist Dobao's Duo Treasure River had reformed as if it was a long whip, and the nine swords of the nine Divine Emperor had become one.

"Nine Lives Life and Death Sword!"

This sword had a slim chance of survival!

Nine ultimate moves.

Long Chen almost closed his eyes, turned into a bloody shadow and charged forward. He only used one rule, and that was the sword of time! The fastest, the most accurate, the power to travel through time, to change time, to change speed. Before the river of many treasures was fully formed, before the nine swords could return to one, the Time Sword with the Ghost Blood Curse had already arrived.

Swoosh swoosh!

This time, Long Chen was even more ruthless than last time. Under the sword of time, the laws of Taoist Dobao directly collapsed, and what made his heart ache was, that several types of Creation God Equipment were directly torn apart by the sword of time!

Of course, two of the Nine Sword Divine Emperor's divine swords were also broken.

This Ghost Blood Curse was simply an assassin with a Creation God Equipment. Without a Eternal Creation Divine Artifact, fighting Long Chen head on would be a joke.

"If you don't want to die, then scram!"

With a sou sound, the Duo Treasure River that Long Chen tore apart pierced towards Taoist Dobao!

"No!"

Taoist Dobao roared.

However, before the arrival of the Ghost Blood Curse, he dejectedly crushed the Death Realm's Blood Bead and left the place.

Taoist Dobao, out!

"And you!"

Long Chen turned and attacked the Nine Sword Divine Emperor! The Nine Sword Divine Emperor felt heartache for the two divine swords, but now that their momentum had disappeared, Long Chen who had obtained the Ghost Blood Curse was enough to crush her, she knew in his heart that he had crushed the Death Realm's Blood Bead.

"The three Heavenly Palace's disciples, follow me out!"

After the nine sword Divine Emperor s left, the three Heavenly Palace's Divine Emperor s all rushed to leave.

Because Long Chen had said something.

"I think I'm missing a Death Realm Blood Bead, who's going to give it to me?"

As soon as he said that, everyone realized that the Divine Emperor no longer had the Death Realm's Blood Bead. In that moment, almost everyone tried to escape.

From Long Chen's performance this time, they knew that the Ghost Blood Curse was his. Unless it was someone of Daoist Xuan Qing's level or even a Hierarch, none of them would be able to take the Ghost Blood Curse away from Long Chen.

In the end, only the Jadeflower Divine Emperor and the Great Emperor Yuehua remained behind Long Chen.

Most likely, all of the Divine Emperor in the entire Death Realm had disappeared.

"How can you be like this? My sister doesn't have the Death Realm's Blood Bead!"

Great Emperor Yuehua originally thought that he would snatch one away, but he didn't expect that he would actually let everyone escape.

"Don't worry, I have a way to take her away."

Long Chen kept the Ghost Blood Curse, and after listening to Gui Qi's complaints, he arrived in front of the Jade Flower Divine Emperor. The Jade Flower Divine Emperor's complexion looked much better now.

"Sis, you go first." "I'll go with him." The Jade Glow Divine Emperor said with a smile.

Long Chen said in a serious tone, "It's not that I don't want to snatch the Death Realm's Blood Bead, but the people here all know that you and I have a close relationship. He wasn't waiting outside. So, I may have to trouble you to stay in Death Realm with me for a while longer."

"With you accompanying me, sister naturally isn't afraid."

The Jade Magnolia Divine Emperor said with a smile.

In fact, even if he stayed in the Death Realm, he would still have the Heavenly Demon Ji. However, Long Chen still felt that the Primordial Heavenly Demon was a bit stronger than Di Jun. He still did not understand the mysteries of the Death Realm, and did not want to find the so-called core of the Death Realm. As for the Jade Flower Divine Emperor ...

She had helped him multiple times, but because they had a close relationship, no matter if he was outside or stayed here, he would be in danger. However, Long Chen had no choice but to apologize in his heart.

Great Emperor Yuehua did not know about the Heavenly Demon Ji.

She thought for a while, then said: "Alright then, you can stay in Death Realm for a while longer. I told you not to get close to him, and now that something has happened, you have to bear the consequences."  
"

"Alright, enough of words."

Yu Hua Divine Emperor acted like he did not care and laughed, making him speechless. Of course, Great Emperor Yuehua and Long Chen talked a little too much, and Di Jun wouldn't be so bored.

Then, the Great Emperor Yuehua left the Death Realm. Now, only Long Chen and Divine Emperor Yuhua were left in the large Death Realm.

"I'm sorry to drag you into such a dangerous situation. Now that both sides of me are in danger, I can only keep you by my side. "

"I already told you, it's alright!"

The Jade Flower Divine Emperor did not care at all.

"Next up, I will most likely deal with that Heavenly Demon and let you enter my Divine Kingdom. If I were to be defeated, you might as well be in trouble. "

Of course, it wasn't just Yu Hua. He also had the fate of countless people on him. If he was defeated, it would be a type of destruction.

The end of hope.

To Long Chen, the Heavenly Demon Ji is the biggest enemy. Now that he possessed the good condition, the Ghost Blood Curse, he had to think of a way to retaliate!

After the Great Emperor Yuehua came out, a large portion of the Divine Emperor s that went in and out of the Blood Spirit Abyss came out. Some of them were killed, but not many.

"Only Long Chen and that Jadeflower Divine Emperor who did not have the Death Realm's blood bead is left!"

"Long Chen was rumored to be able to temporarily open the Divine Kingdom, so he should be able to bring the Jade Flower Divine Emperor out."

"No, wait here for Di Jun. According to his original plan, he would probably stay in the Divine Kingdom until he can take care of Di Jun or the next time the Death Realm opens!"

"That would still be tens of thousands of years. This Long Chen is a terrifying existence, who knows, he might really be able to take down the first rank in the Divine Emperor. "

As everyone was talking, they couldn't help but look at Di Jun with reverence.

"He originally thought that we could force Long Chen out, but he never thought that Long Chen would become the biggest winner. Now that we've lost face, he must be feeling depressed and impatient!"

"I'm curious though. Will he be waiting here?"

"Or, will he think of a way to enter the Death Realm?"

No matter how helpless the Three Great Heavenly Palaces were, they had no choice if Long Chen didn't come out from the Death Realm.

Actually, the upper Qing Dao Zu and Di Jun had already discussed this matter.

They allowed Di Jun to wait here, and even agreed that the next time the Death Realm opened, Di Jun would be allowed to enter. But there was a requirement, Di Jun could only deal with Long Chen, he could not do anything else.

Then, after killing Long Chen, he would return the Ghost Blood Curse to the three Dao Patriarchs.

Di Jun's original goal was the Origin Dragon Palace, of course he agreed.

Therefore, there was nothing much for the three Heavenly Palaces to do here.

They started to return. This time, the struggle for the Death Realm s were temporarily over.

Taoist Dobao returned to the Supreme Purity Celestial Palace, while the Nine Sword Divine Emperor returned to the Taiqing Palace.

Of course, the Three Great Heavenly Palaces had left some spies here. Once Long Chen came out and fought with Di Jun, they would quickly return to retrieve the Ghost Blood Curse. As for the death of True God Taiyi, for Di Jun to be able to kill Long Chen, it could be considered as taking revenge for him.

Otherwise, they wouldn't be able to do anything. Since the Death Realm hadn't been opened, they wouldn't be able to enter.

The people from the Third Heaven gradually dispersed.

Above the vast Blood Spirit Abyss, only Di Jun stood there, motionless.

Inside the Death Realm, Long Chen could roughly guess what was going on outside.

"Then I'll let you enter my Divine Kingdom first. You have to move quickly; I won't be able to last for too long." Long Chen said to Divine Emperor Yuhua.

After obtaining the Ghost Blood Curse, it seemed as if Divine Emperor Yuhua had fulfilled a wish. Long Chen knew that the person she truly liked wasn't him, so he only treated her as a big sister.

"Alright." Yu Hua knew of his impending doom.

Long Chen opened his Divine Kingdom and took control of the situation.

At that moment, the sea of knowledge behind the Jade Glow Divine Emperor surged and formed the appearance of a Heavenly Demon!

He was waiting for this moment! The moment when Long Chen was about to open the Divine Kingdom!

Chapter 2960 - Easily aging beauties

Or it could be said that the Heavenly Demons of the Era had been hiding in their surroundings for a long time now.

After he came to Death Realm, there was a mystical change that many people could not achieve.

It was simply a miracle!

Just like the instant when the electric stone was lit in flames, Long Chen instantly grabbed onto the Ghost Blood Curse, and thrusted the Time Sword towards the back of the Jadeflower Divine Emperor. The Jadeflower Divine Emperor still didn't understand, why did Long Chen want her to enter the God Kingdom and also seem to want to kill him?

"He won't kill me, it must be that Heavenly Demon Ji!"

By the time Divine Emperor Yuhua had reacted from his shock, his expression had already changed.

"Have you forgotten about me?"

The expression on the face of the Heavenly Demon Ji Yuan was still as calm as water, as if he was an old friend that was looking at Long Chen.

In the next moment, Long Chen's Time Sword directly shattered it! The power of the Eternal Creation Divine Artifact, had also directly annihilated the sea area behind the Jade Flower Divine Emperor.

It could be said that Long Chen had still underestimated him. In order to prevent any accidents, he had already sent the Jade Flower Divine Emperor into the Divine Kingdom at the fastest speed possible,

protecting her and preventing his from being threatened by the Heavenly Demon Ji Yuan. However, he did not expect that he was still a step too late.

"In the past, you sent a large number of my brothers here, and some of them were sent to hell by you. Completely perishing, my heart is not without pain, because of the cycle of disaster, now it's your turn. It's a pity that Mo Xiaolang didn't appear by your side, otherwise it wouldn't have been her. "

Although the Heavenly Demon Ji Yuan had disappeared, his voice resounded throughout the world.

"Come! If you want to avenge her, then come this way. Of course, if you decide to submit to me, then come this way as well. I'm getting closer to you, and I can't wait to meet you. Long Chen. "

As he spoke, the sea of blood began to change.

All the seawater, flipped over and rushed into the clouds. The entire Death Realm was not a picture of the sky and sea of blood. The sky had disappeared, completely submerged by the sea of blood, while a huge change happened to Long Chen. Around him, the endless sea of blood had turned into an empty path, clearly indicating that the real body of the Heavenly Demon, Ji Yuan, was right at the end of the path, rushing here!

"I hope that your final decision is to submit to me. I have already prepared the Giant Demon Contract for you. "If you become part of my Ancient Giant Demon race, you will complete everything that you want to complete."

These were the last words left behind by the Heavenly Demon.

His voice disappeared into the endless passageway within the sea of blood.

"Revenge?"

This word gave Long Chen a rather bad premonition. Revenge, could it be?

Although he had forced away the Heavenly Demon, Divine Emperor Yuhua still collapsed into his embrace at this moment with a misty look in his eyes.

"Speed up!"

The Heavenly Demon Ji had imprinted a terrifying power of time on her back. It was an illusionary imprint that added a blood-red imprint, completely merging into the smooth back of the Jadeflower Divine Emperor, unstoppable. Once, the Heavenly Demon Genesis was right in front of Long Chen and the Jade Flower Divine Emperor.

Those were the bones of a woman!

It wasn't just a matter of time accelerating. The laws of time had undergone a miraculous change in the hands of the Heavenly Demon.

Even more so, it was a form of death.

"Am I going to die?" Divine Emperor Yu Hua's face became pale white, and his hands powerlessly grabbed onto Long Chen as he became extremely weak.

Obviously, even though Long Chen forced back the Heavenly Demon, the Heavenly Demon had still barely been able to force his beautiful bones to hit the Jade Flower Divine Emperor. Because of Long Chen's obstruction, it wasn't as scary as that time with the Jade Flower Divine Emperor!

However, Long Chen had already seen Yu Hua's age. Not only time, but also the power of death.

Yu Hua was hit by a bone!

This fact simply caused Long Chen to lose control of his heart. He naturally understood that this interesting older sister, might even gradually fade away in his arms ...

Not just a possibility, but a certainty.

The only thing he could help was the Flame of Life, but obviously, the Flame of Life was unable to stop the passage of time. It was unable to stop Yu Hua's skin from losing its luster and her long, black hair from turning white.

"Heavenly Demon of the Era!"

Very soon, the hatred in Long Chen's heart was ignited, and that hatred reached a whole new level. Although he had only known Divine Emperor Yuhua for a short while, that woman had helped him a lot,

and had even given his all to think for him. Long Chen was simply unable to let his die gradually in his arms, while he was completely unable to do anything.

But he had to admit that he had already discovered that his attainments in time were inferior to the Heavenly Demon of the Era, so he was unable to stop this beautiful white bone. Although Yu Hua's decline was much slower, there would still come a moment when she would become old and ugly.

This was the goal of the Heavenly Demon Primal.

He wanted to make Long Chen suffer, let him experience the feeling of losing someone beside him, let him be afraid, have no other choice, and submit to him. Because he understood Long Chen, if he did not use a ruthless method, unless he was forced to, he would not yield.

"Don't die, don't die!"

No matter how Long Chen tried to use his entire life force, he couldn't save Yu Hua's life.

His fury, hatred, unwillingness, and guilt had all fused together. That was simply a nightmare.

"My good little brother, be happy. Life and death are just common matters in ten thousand worlds. I, this sister, have long prepared for this. There's no need for you to feel heartbroken."

Seeing that Long Chen was unable to control his emotions, the Jadeflower Divine Emperor stretched out his powerless arm and gently touched's hard face. Before she died, she wasn't worried at all. On the contrary, it was a kind of relief.

Long Chen seemed to have never experienced the feeling that the person he cared about would die in his arms while he himself was powerless. If not for the fact that Yu Hua was friendly with him, he would have rushed towards the Primal Heavenly Demon and tear him apart to dispel the hatred in his heart!

"I don't need you to save me, nor do I need you to avenge me. I just want you to listen to my words for the little bit of time I have left, okay?"

In front of death, the Jadeflower Divine Emperor was still smiling and talking with Long Chen, as if she was not the one who was being exhausted.

Long Chen took a deep breath, controlled the turmoil in his heart, and said while gritting his teeth, "Tell me, I'm listening."

This way, Divine Emperor Yuhua was already very satisfied.

Her eyes were losing color, but they were still glowing. She said softly, "Actually, I have already fulfilled my long-cherished wish of living. To me, dying isn't something that's too scary. You know what I mean? Right? The Ghost Blood Curse, I finally got it. It's enough to help you get it. "

"As for why? Hehe, that's because, ah, I once loved a man deeply. He brought me on a journey through ten thousand worlds, and we experienced many things. He always protected me, as if there was only happiness in his life. So much time goes by, and I wish it were always like that, but he doesn't seem to think so. "

"Maybe we've had our differences since then. He wants to become stronger, to reach the realm of the Hierarch, that is something that he dreams of doing, and he can never let go of it. When he learns of the Ghost Blood Curse, he came to the third heaven, and my homeland, he wants to go to the Three Great Heavenly Palaces to obtain the Ghost Blood Curse, and I have also thought of ways to help him, but in the end, I couldn't do anything about it at all. At that time, I saw him yearning day and night, and because I was powerless, it was extremely painful. "

"And then?"

Long Chen watched as she gradually aged, yet spoke of these memories of the past as his heart dripped with blood.

"Later on, he left me, and I stayed behind in the Third Heaven for the Ghost Blood Curse. After a long, long time, he returned by himself and fought against three Daofathers. He took it, and in the end was killed by three Daofathers. And I can only stand by and watch, so I hate myself for not being able to help him. "

This story was the knot in her heart.

Now, she had helped, but it was just that Long Chen was not the person she loved. She knew this clearly in her heart, and Long Chen also knew this very well. But she proved herself. Although she said it simply, this relationship would definitely have many details, many heartaches, and many pains.

"Actually, what hurts the most is still regret. I thought that if he loved me enough, he wouldn't have to work so hard or be so fanatical. He would have to sacrifice his own life for a God Creation Artifact. He abandoned me to pursue the Ghost Blood Curse, as if he had been possessed by a demon, and then suddenly disappeared from this world, leaving me with no trace of life. "I'm not too sure. Is a God Manifestation grade weapon really more important than me?"

She was old and ugly.

However, her smile was still beautiful.

"In the end, I understood that the Ghost Blood Curse was actually a very ordinary thing. I did what I wanted to do. I don't blame him for apologizing. This is truly a boring story, and not many people even know that I was once a couple with him. It's just that I was unwilling to accept this fact and have always kept it in mind. "

The more Yu Hua spoke, the quieter her voice got.

Or perhaps, these stories were enough to explain why she treated him so well.

She only wanted to find someone to prove that she could get the Ghost Blood Curse for him, that was all.

"It's time for me to leave. Even before dying, I've become so ugly. You have to avenge your sister and make him ugly. "

Two drops of tears fell from Yu Hua's eyes.

Long Chen had been holding her hands the entire time, and he could clearly feel her life slowly slipping away.

"If I knew the result, I don't know whether he would choose to fly away like a moth to the flame, or choose to stay together with me forever."

There was no answer to this question.

For example, if Long Chen were to clash with the people around him with the responsibilities he had with the many other things he carried, it would be the most difficult time for him to choose.

After finishing his last sentence, the jade flower in his hand gradually dissipated, turning into a pile of bones.

"You don't deserve to die!"

Long Chen bit his lips. He was not willing to give up, since the impact of this white bone was so huge, he wanted to revive Yu Hua!
