Chapter 2981 - Chaos Demonic Beast

Weng! *

The Extinction Dragon Seal directly imprinted itself onto the Ancient Demon's head.

Uhh ...

The Ancient Demon's soul was destroyed, his breath went extinct, and was unable to withstand Long Chen's attack.

Long Chen was waiting for the right moment.

This Ancient Demon was actually very strong, but Long Chen coincidentally restrained it. If it was Man Ji who dealt with it, it wouldn't be so easy. And Man Ji might not even be able to do anything to the Ancient Demon!

"The ancient demon blood qi is very strong. It has helped me even more than the average Extreme Realm Divine Emperor."

Long Chen had used the Primordial Blood Spirit Dragon's blood devouring rule, and on this grey diagram, blood devouring this enormous ancient demon. This ancient demon beast's flesh was dense, but it had a lot of dregs. Long Chen spent a bit of effort to completely refine it.

"For the time being, I haven't been able to reach the realm of Extreme Realm God King. As expected, at this point, just relying on one or two blood devils to raise my realm. It was still difficult. Fortunately, Ancient Demons are endless! "

If even more ancient demons appeared, it would definitely not be a problem for him to reach the Extreme Realm God King realm.

After the ancient demon appeared, the grey array calmed down. Long Chen was unable to understand anything from the array, but he felt that the strongest ancient demon in the area must have been killed by him.

"I should head to the location of the next ancient demon horde."

Thinking of this, he prepared to leave this place. Just as he turned around, he did not expect that the gray array beneath his feet would light up again. Moreover, the brightness this time was several times stronger than the last time, perhaps even several times stronger!

"What's going on!?" So many powerful ancient demons! " Under the shine of the intense light, Long Chen found it difficult to open his eyes, and was able to clearly see what exactly was happening inside the array!

Because of the unexpected large number of strong enemies, he could only rush upwards. Only when he reached a sufficiently high position did he see with shock that a total of thirty ancient demons were appearing from the formation, and each one was an ancient demon that was comparable to Taiyuan Deity Realm! They all possess the power of a Divine Emperor! Even at this time, there were still ancient demons appearing!

A few of them looked stronger than the lions, but they were bigger as well! In a short period of time, the number of Ancient Demons exceeded a hundred, and every one of them was of the Divine Emperor Realm!

"Could it be the nest of ancient demons behind this formation?" When the Desolation Lord left, he had only brought five hundred Divine Emperor with him. She had just had a sudden thought to come to this Demonic Creek, why did a hundred of them appear right after killing an ancient demon?

Moreover, the number was still increasing!

Before he even had the chance to look, hundreds of Divine Emperor s had already charged towards Long Chen. Although most of them were far from him, there were too many of them, and there were even some that could compare to him. It was indeed a little troublesome to rush in like this.

"There must be a secret here, I'm in no hurry to leave."

If he were to leave, he could rely on the Death Realm's Dragon Gate at any time. Therefore, he took out the Ghost Blood Curse and directly charged into the group of ancient demons.

The slightly weaker ones could basically be killed with a single slash from Long Chen.

Even the strongest of them could not block his ace in the hole. He tried his best to use the Extinction Dragon Seal to attack those that could provide him strength. In a short moment, he had devoured a few heads of them.

However, he was still a little far from breaking through to the Extreme Realm God King realm.

BOOM!

At this time, an even stronger ancient demon came out of the array. One of the giant beasts was ten times bigger than the lion from the start! An ancient demon like this was comparable to a Great Emperor of the afterlands! When such an existence appeared, the other Ancient Demons all stepped aside, allowing it to deal with Long Chen!

"Good stuff!"

Long Chen laughed coldly, he was just about to use the Ghost Blood Curse to perform Death Realm's Killing technique to kill this huge beast, but what made him even more dumbstruck was, when this gigantic ancient demon appeared, in the grey array formation, there were four consecutive Ancient Demons that were the same size as him!

From a distance, there seemed to be more than three hundred Ancient Demons of the Divine Emperor!

This team, could even compare to the Desolation Lord's team!

"Something's not right. These ancient demons won't appear here because of me. They should be here to attack the barbarians!" It's just that I happened to be here, that's all! "

Until now, it was difficult for Long Chen to deal with a portion of the Ancient Demons that had appeared. These more than three hundred Ancient Demons from the Divine Emperor s could take Long Chen's life.

Even if Di Jun met so many ancient demons here, he would probably just turn and leave!

"We need to inform Man Ji and the others first."

"Also, with so many Ancient Demons gathered here and not scattered attacks, there must be an intelligent existence controlling them. Have the ancient demons launch a sneak attack! Furthermore, they are actually able to appear in this grey formation. Does that mean that the other places where ancient demons gather will also have places like this? "

As the Ancient Demons surrounded him, many thoughts flashed past Long Chen's mind.

Hundreds of ancient demons surrounded Long Chen, preventing him from escaping. From the looks of it, Long Chen was in the depths of Demonic Creek with no way of escaping. Even though he was strong enough, there were several Ancient Demons that had the qualifications to contend against him!

For the time being, they did not attack!

"Maybe he's afraid of me, or maybe he's waiting for someone to give him an order! "Obviously, it's more likely to be an order!"

Long Chen squinted, and looked down at the gray array. It looked like there were no longer any Ancient Demons inside, but most of the Ancient Demons were lined up neatly and respectfully around the array, as if they were waiting for something!

Whoosh!

Long Chen had guessed just now that they were definitely waiting for the arrival of an even stronger expert when the two people appeared in front of him just like that. One had black hair and the other had white hair. The two looked exactly the same. The only difference was that one was older and the other was younger. The appearance of these two people instantly brought an enormous threat to Long Chen!

One of them, the older one with white hair was definitely a Sovereign Spirit, Tai Yi Shen Jing!

Even the young man with black hair was shrouded in a strange aura, his face had a crafty smile, and his eyes were filled with chaos. It seemed like he was from Extreme Realm Divine Emperor, and he was at the peak of Extreme Realm Divine Emperor! The feeling Long Chen got was that this black-haired person was infinitely close to Di Jun!

The Ancient Demon has no human form.

But they were human.

They could be humans, they could be demons.

But in reality, Long Chen was very familiar with them, they were not human, nor were they demons! It was an ancient Giant Demon! This was a very pure ancient Giant Demon! It was pure to the point that it wished to die with the Heavenly Demon Genesis!

However, they were not epic Sky Demons. They were definitely another type of ancient Giant Demon. There was an endless gray aura around them. They were very similar to ancient demons, or it could be said that all of the ancient demons' power and attributes came from these two!

This was definitely far beyond Long Chen's expectations.

He never thought that the ancient demon would actually be related to an ancient Giant Demon.

Moreover, he thought that the strongest Archaic Giant Demon in the entire Myriad Realms was a Heavenly Demon from the era. He didn't expect that an ancient giant demon on the level of a Hierarch would appear here today.

Indeed, the Heavenly Demon Primordial Era did not deceive him. Indeed, there was a massive number of ancient Giant Demons present!

One was white-haired, the other black-haired. The two were extremely similar, and they were both Archaic Giant Demons. They were either brothers, or father and son. Judging from their demeanor, they should be brothers. White hair for brother, black hair for brother!

The low intelligence of the ancient demon beasts were most likely created by them!

The moment the two super strong warriors appeared, their gazes landed on Long Chen. It was an extremely strange and demonic feeling, and their eyes were filled with a kind of power that caused one's heart to palpitate.

"Ancient Giant Demon?" Long Chen did not plan to continue with the Blood Devour for now. It was a true big deal that he had found an enemy on the level of a Hierarch for the Goliath race. It was even

possible that the one that had dealt the most damage to the barbarians in the legends of the Pangu Continent was this ancient Giant Demon!

"You actually know that we are ancient Giant Demons?"

Amongst the two of them, the black-haired one was slightly surprised. He gave a cold laugh and curiously sized up Long Chen, then turned his head and said to the white-haired Ancient Giant Demon: "Big Brother, this guy is very interesting. Leave it to me."

He glanced at Long Chen and said, "He has the Eternal Creation Divine Artifact with him, do not waste time. "We're about to leave."

"Alright."

Although he was not of the Spirit Demon race, he was still more monstrous than the Spirit Demon race. Now that he had examined Long Chen, he said, "Strange, you are not a member of the barbarian race. "Since you've coincidentally met us, your luck is quite bad. In order to not let you leak the news, it seems that I can only eat you."

Generally speaking, even if one did not mention the white-haired Demon Elder behind him, just meeting him would cause any existences to tremble, especially when they saw that there were hundreds of ancient demons surrounding them. However, Long Chen was not flustered, he sized up the black-haired Ancient Giant Demon and said, "I've seen some Ancient Giant Demons, what kind of demons are you, and where did you come from? I never kill a nameless person. "

In fact, he was very afraid of the Demon Lord. It was clear that most of the ancient demons came from him. The black-haired man in front of him, on the other hand, was someone he could fight against. Right now, he wanted to take advantage of this time to understand as much information as possible about these two existences.

"Oh, you've also seen other Archaic Giant Demons. How clever." The black-haired archaic Giant Demon giggled as he stared at Long Chen's eyes and spoke word by word, "Remember, my name is Yao Yan. We are the Fiendgods of Primordial Chaos. "

Nuwa, Primal Diremonsters, and Chaos Fiendgods.

Long Chen could roughly feel that their rules were very strange and should have something to do with the ancient demons. He had some understanding of their power, so it was time for him to quickly deliver

the news to Man Ji. If Long Chen was not wrong, this time they suddenly appeared and launched an attack against Man Ji's Quipah tribe!

The reason why they had gathered together was obviously to exterminate the barbarians bit by bit and occupy this entire Pangu Continent!

The night banquet would definitely know what Long Chen was thinking.

"Don't worry, give me your life first." In the hands of the banquet, there was already a terrifying Eternal Creation Divine Artifact.

Chapter 2982 - Primal Chaos Demonic Saber

Ancient Giant Demons relied on the tyrannical strength of their physical bodies and the laws of time. For instance, the Heavenly Demon of the era could be called terrifying in terms of the laws of time. The Laws of the Black Hole were quite formidable as well. Therefore, in Long Chen's impression, the Ancient Giant Demons did not rely too much on the God Creation God Equipment to win, but if there was an extremely powerful God Creation God Equipment, it would obviously improve by a lot.

Originally, they were the species born from the Divine Devil Giant Beast after it had devoured the Divine Dragon. Similar to a divine dragon, its physical body and natural laws were both quite terrifying. Surpassing humans and demons. More powerful than ordinary Fiendgods.

This was their advantage!

Long Chen had already contacted the Jadenflower Divine Emperor and Man Ji regarding the current situation. The Divine Emperor was a person who had three levels of experience, so he was able to describe the situation more clearly. Man Ji knew the severity of this matter, and believed in Long Chen as well. Naturally, he would react to this news with the fastest speed possible!

If things went as expected, after taking care of Long Chen, these several hundred ancient demons from the Divine Emperor would gather and immediately raze the entire Quipah tribe to the ground! Long Chen did not have the power to stop the Demon Elder from leaving.

When the Jadenflower Divine Emperor contacted Man Ji, Long Chen was facing the chaos demon, Yao Yan! His strength and realm were extremely close to that of the Hierarch. As expected, the feeling he gave Long Chen was that of someone who completely surpassed the level of the Great Emperor of the afterworld. At least, it was comparable to the top ten rankings of the Divine Emperor s! Even the top five! Such a character, was the huge challenge from Long Chen!

"Primordial Demon Saber!"

Yao Yan did not turn into an Ancient Giant Demon, but took out her Eternal Creation Divine Artifact's Primal Chaos Demon Saber. It was a ferocious weapon comparable to the Ghost Blood Curse, a long and narrow deathly gray demon knife. It was entirely gray, and was made from a kind of crystal.

The deathly gray fog surrounded the Primal Chaos Demon Saber, it was comparable to the curse energy of the Ghost Blood Curse. It was obvious that the effect of being struck by the Primal Chaos Demon Saber would be comparable to that of the Ghost Blood Curse. Although it might not be certain death, the strength of the Primal Chaos Demon Saber was sufficient to make one wish for death.

Seeing the Ghost Blood Curse in Long Chen's hands, Yao Yan stuck out his bright red tongue, licking his long and thin Primal Chaos Demon Saber, and laughed, "Your Manifestation Divine Weapon really attracts me. I want to obtain it, what do you think I should do?"

Now that Yu Hua had made it clear to Man Ji, he could focus on facing Yao Yan with the Ghost Blood Curse. He directly said, "What can we do? If you want it, come and take it. I'm also interested in your chaos demon knife. "

The one he was truly afraid of was his brother. This Demon Elder was the one who was able to put Long Chen to death, and although Yao Yan was also powerful, Long Chen did not have the confidence to defeat him, he would not be killed by him. Clearly, after his use was complete, he just wanted to give it a try and see how far away he and the Chaos fiend were.

"Hurry up, stop playing." Demon Marshall had already led the other Ancient Demons and were preparing to leave. With Yao Yan to stabilize Long Chen, the other Ancient Demons did not surround Long Chen. Long Chen also obtained the chance to fight Yao Yan alone.

"Alright." Yao Yan held the Primal Chaos Demon Saber horizontally and sneered. The strength of the Primal Chaos Demon Saber had completely fused with his and posed a huge threat to Long Chen.

However, this time Long Chen's attack was even faster than his.

With the Demon Elder present, he had to move quickly in order to have the chance to escape. Thus, at this moment, he was already prepared to kill the Death Realm. The first two times were extremely smooth, and it was even more so this time. When the blood sea surged, the third eye's core power exploded, causing the Ghost Blood Curse to appear.

Behind Long Chen, was a sea of blood afterimage that was over thirty thousand meters wide, a surging and unrivalled power of the Death Realm! All of his power was concentrated on that sword strike. It could be said that if Long Chen did not attack, then that attack would immediately cause Yao Yan to tremble, and cause the Demon Elder to turn around suddenly!

"Chaos blade aura!"

In shock, Yao Yan swiped his blade horizontally. The power of the Ancient Giant Demons fought with the Death Realm's tribulation of slaughter and exploded out in an instant. That slash was unable to stop the Death Realm's tribulation! Long Chen relied on his opponent's contempt for him, and directly used his killing move, causing Yao Yan to be pushed back, and the Primal Chaos Demon Saber was sent flying!

Swish swish!

In that instant, a few more scars appeared on his body, and the Swastika Ghost Blood Curse rushed crazily towards his body, suppressing the eruption of Yao Yan's power. It had created a new round of injuries. However, at this time, a white-haired man appeared behind him, he was the Demon Elder of the Primal Chaos Demons. He pressed his palm on Yao Yan's back, and the power of the Ghost Blood Curse was immediately expelled.

If not for the Demon Elder, Yao Yan would probably be severely injured. This was the result of him underestimating Long Chen. If they had fought carefully, this would definitely not have happened!

"Let me do it." The Demon Lord said coldly.

"I'll do it!" Yao Yan was furious, he stared straight at Long Chen, who was retreating at this time. With a sou sound, the Primal Chaos Demon Saber appeared in his hand, and without saying a word, he rushed towards Long Chen. This time, he displayed his true strength, instantly releasing a monstrous amount of Demonic Qi, comparable to the might of a Hierarch!

"Losing by a single hand is not worth mentioning." Long Chen knew that he was a proud person, so any words he said would be enough to kill Yao Yan. After finishing his move, Long Chen laughed coldly, and just as Yao Yan was about to rush over, he flipped his hands.

"Death Realm's Dragon Gate!"

A Death Realm Dragon Gate appeared in front of his eyes.

"Humph!" Realizing that Long Chen was about to escape, the Demon Elder reached out to grab him, but Yao Yan blocked in front of him. Long Chen's speed was too fast, in an instant, Long Chen rushed into the Death Realm and instantly closed off the Death Realm!

"Where did he go?" Yao Yan horizontally held onto the Primal Chaos Demon Saber, as he furiously looked at his surroundings.

"It seems as though I've arrived at another world. "No wonder this guy isn't afraid of me, so he actually has such a trump card." The Demon Lord looked around, deep in thought.

"Brother, are we going to let him go just like this? There was no way to find him? I wasn't prepared to fight just now and let him succeed, do you know how disgusting that is? "

In front of the Demon Elder, Yao Yan seemed to be like a child.

"Enough. If you underestimate your enemy, you should be humiliated." There should be even more disastrous consequences. Our goal is the barbarians. Don't forget the plan. In addition, as long as he was on the Pangu Continent, there was always a chance for him to fight. Next time, I'll give you a fair chance to fight. "

"Alright!" To actually call me a defeated opponent, my strength isn't even 10% of what it is. It was just him escaping. "Next time, I won't be so lucky."

Yao Yan gnashed his teeth.

"That's right, he will definitely tell the barbarians if he discovers us!"

"It doesn't matter. The Hierarchy of the barbarian race is not in the vicinity. We destroyed all the nearby barbarian tribes and brought them back. They can only feel our presence just now." Do you think that the 'Passage' that I have spent millions of years creating will be useless? "

Long Chen appeared at the place where he killed Di Jun with the Death Realm.

"Man Ji, how is it?"

He quickly headed towards the Quipah tribe.

Man Ji's heavy voice came from the object he had connected with. He said, "I told the sect master that the position of the sect master and the other Hierarchs isn't nearby. If this Hierarch Ancient Demon attacks, I'll have no choice but to defend this place! After all, in such a short period of time, I won't be able to escape! "

"Yes." "Wait for me."

Long Chen increased his speed, he was not far from the Quipah tribe, and would arrive in a moment. After they roughly knew the news, the barbarians of the entire Quipah tribe were now retreating towards the north. Man Ji led a few Divine Emperor s and stood closest to the Demonic Creek.

Seeing Long Chen's arrival, Man Ji's eyes became serious and he promptly said: "Brother, our sect master will arrive as soon as possible, we must endure until he arrives. You should leave first, we didn't think that a Divine Level Ancient Demon would appear again. It is enough that you have done a great service for us to receive this news in advance.

Long Chen turned his head to look, and saw that the direction of the Demonic Creek was rising up into a storm of dust. A large amount of terrifying ancient demons were approaching, and a battle to the death was unavoidable, so he said in a deep voice: "You guys can't take it anymore either.

Facing hundreds of Divine Emperor Ancient Demons and two Primal Chaos Demons, Man Ji's group's role was only to send them to their deaths.

"I can't leave! I am a barbarian warrior. I can only die in battle. Man Ji said loudly, impassioned.

"If you stay here, you will only die in battle. If I am able to save my life today, I will be able to take revenge in the future. Long Chen treated him as a friend, which was why he said so much.

"No, I would rather die in battle than retreat, I cannot abandon the people of my Quipah tribe!" Man Ji's eyes were bloodshot, the opponent was getting closer and closer, the enemy had been plotting for so long, but he was actually powerless to resist!

They could only wait for Desolation Lord and the others.

This was his spirit, and was also Long Chen's helplessness.

His mind, was the thing that he could not shake the most. If Long Chen were to forcefully take him away today, he would hate him and feel that he had lost his value. That was even more of a harm to him.

However, the barbarians had run away in fear as the ancient beasts rolled towards them. How many barbarians could they possibly escape from this planned murder?

"The hot-blooded barbarians swept through all the realms!" Man Ji raised his arm and shouted as if he was about to be torn.

"All barbarian soldiers, follow me!" "Annihilate this Ancient Demon!"

Not only did Man Ji not retreat, he led his group of barbarian warriors and charged towards the direction of the Ancient Demon. Long Chen clenched his teeth and also charged. He could only help the barbarians kill a few more ancient demons. In such a chaotic situation, it would be difficult for him to kill another Demon Elder.

This was a catastrophe for the barbarians!

Hundreds of ancient Divine Emperor Demons had arrived and were rushing towards this area. The largest one of them was capable of covering the sky and blocking out the sun.

Surrounded by a large number of ancient demons, the two Primal Chaos Demons were right there. Long Chen had escaped from the Demon Elder the first time, but the second time was much more difficult.

What should he do?

This was an attack that had been carefully planned by the Fiendgod for many years. Naturally, the speed at which they advanced at was terrifyingly fast. All of the Ancient Demons were under his command. Not only those Ancient Demons of the Divine Emperor, all of the Ancient Demons of the entire Demonic Creek rushed out.

The disaster of the barbarians!

Long Chen was unable to reverse the situation. After all, the Ancient Demon King's goal was to destroy the life of the barbarians and cause a disturbance. Now, the Desolation Lord and the others had not arrived yet, and the Ancient Demon had arrived too quickly.

If Man Ji listened to Long Chen, Long Chen could bring him along and leave, but Long Chen knew very well that to Man Ji, this was a mission and a struggle. If it was him, and the person he was protecting, he would not be able to leave!

Now that he had barged into the group of Ancient Demons, in an attempt to block the Ancient Demon's advance, Long Chen knew that Man Ji was definitely done for. There was no suspense at all!

"Kill!"

The shouting of the Berserkers could be heard in this chaotic place. At the same time, the crying and running of the weak could be heard.

"Damn it!"

In the blink of an eye, an unknown number of barbarian warriors fell under the attacks of the ancient beasts. Even their corpses were swallowed up by the ancient demons, and a large number of them rushed to the Quipah tribe. However, a large number of barbarians had yet to leave the Quipah tribe.

It was obvious that even if Long Chen knew of the existence of the Primal Chaos Demons, he could only reduce the number of casualties. As far as the eye could see, it was a sea of blood and a mountain of corpses. The speed of the collapse of the Quipah tribe's defensive line was unprecedented.

The barbarians had died in battle and had been devoured.

Ancient demons wreaked havoc, attacking and surrounding at the same time. Their goal was to kill!

"So you are still here."

Long Chen contacted and killed a few Divine Emperor Ancient Demons, and a person suddenly appeared in front of him.

That's right, it was the Chaos Demon, Yao Yan!

With his black hair fluttering in the wind, the demonic sabre emanated a terrible aura as fresh blood dripped from it.

He must have killed a lot of barbarians in this short period of time!

"Look over there!" Yao Yan laughed.

The white haired Chaos Devil was floating in the sky above all the other ancient demons. The barbarians could see the voice as soon as they looked up. At this moment, he was holding a large and cold voice of a barbarian in his hand.

"barbarian, your end is here. Let's start with him."

The barbarian in his hand could not resist and was thrown out.

"Ancient demon!" My Desolation Lord and the other four Hierarchs will definitely avenge me, and take your life! If you continue to make a ruckus, the ancient god will personally come out of his cave and make it so that you won't be able to recover from it ever again! "" No, no ...

The barbarian still shouted loudly even before he died. His voice was generous and his eyes were firm. He seemed to be ready to die! There was no withdrawal, only hatred toward the Ancient Demon!

He is Man Ji!

The barbarians were extremely excited. They raised their heads, and their eyes were filled with blood type.

Long Chen was furious in his heart and was about to give chase, but it was a pity that Man Ji was controlled by the Divine Sovereign and Yao Yan was standing right in front of him. In this kind of situation, his strength was limited and he couldn't save Man Ji at all!

"Man Ji!"

Man Ji's soul immediately flew away, and his life disappeared. Even so, he still looked at the Ancient Demon proudly and furiously, revealing a disdainful smile. Even though the Ancient Demon was powerful, Man Ji was not afraid of him.

Roar!

An ancient demon rushed forward and swallowed Man Ji inside!

This zealous barbarian had disappeared from this world just like that. Long Chen still remembered his straightforward smile, but unfortunately, he died to protect her. From then on, she would never see him again.

Even though he did not have a deep relationship with the Goliath race, seeing them being massacred like this still enraged Long Chen. Especially the death of Man Ji, it had given him a huge blow. He would never forget the look in Man Ji's eyes. He was looking forward to it, hoping that the Barbarian God would eliminate the Chaos Demon Lord and take revenge for him!

"Those of you who are the leaders, don't move. Be obedient and accept your death." The voice of the Chaos Devil spread into the ears of every barbarian.

Man Ji who had been protecting them for a long time, War God Kui, had died in battle!

For some of the Berserkers, this was the determination of revenge. It would make them even more crazy! However, for most of the barbarians, this was a disaster and a despair to face such a tyrannical enemy! Especially, they all knew that the Desolation Lord and the rest could not reach here fast enough because of the surprise attack of the Ancient Demon.

BOOM!

Countless barbarians were swallowed as if they were food. Out of the hundreds of millions of barbarians in the Quipah tribe, less than a third had escaped. The remaining ones were all reduced at a terrifying speed!

In the entire Pangu Continent, only the Pangu's heart would have such a level of power! Destroying a tribe with power of this level was too easy!

"Although I've become much stronger, I still have no way to deal with an opponent of this level." As expected, no matter what level he was at, he would still encounter enemies of the same level! If I had been able to fight against the Hierarch, this wouldn't have happened. "

's death caused fury and hatred to bury in his heart. Honestly speaking, he couldn't explain the fight between the ancient demon and the barbarian race in the Pangu Continent. The ancient demon also fought to survive, but its methods were too cruel. However, as an outsider, Long Chen would not have hated the Ancient Demon too much. But since Man Ji had died, of course he would hate it!

"Try your best to give me some strength, so I can take revenge for Man Ji!"

Yao Yan let him see the Demon Elder beheading Man Ji, and once again blocked his path in front of Long Chen, preventing him from attacking the Ancient Demon. Are you ready? "

It was not only him, even from a thousand meters away, the Demon Elder's gaze was focused on him, as if he could launch an attack at any time. If he were to suddenly attack while fighting with Yao Yan, he would definitely die!

If one were to look down now, it would be a tragic sight. In this Ancient Demon Clan operation, at least several hundred million barbarians had perished, and the countless wails and roars below were like hell on earth. Long Chen would never be able to forget his anger today. However, he knew that for the prepared Demon Lord, today was only the beginning of the war!

In the face of Yao Yan, he could still be considered to have calmed down. Before Yao Yan's attack, he had already opened the Death Realm's Dragon Door, and half of his body was already inside. Yao Yan's strength was not much stronger than him, so naturally, there was no way to stop him from fleeing.

However, Long Chen was in no hurry to leave.

"You have guts. If you have the guts, you can come in and fight me." If he dared to enter the Death Realm, Long Chen would want to fight him without the Demon Lord's threat. Even if it was extremely

difficult, in the Death Realm, he was basically invincible! One day, he would be able to kill a demon from primal chaos that was comparable to the top five of the Divine Emperor!

"You think I don't dare?" Yao Yan laughed out loud, raised the Primal Chaos Demon Saber and was about to charge forward. His being so straightforward had surprised Long Chen, because if he could get revenge for Man Ji today, it would be for the best, and he would be worthy of his spirit in heaven!

"Yao Yan!"

Seeing that Demon Elder was about to make a move, Long Chen instantly closed the Death Realm's door and returned to the Death Realm. At that moment, the entire Death Realm was shaken, probably because of the Demon Lord's attack!

"Fortunately, it closed quickly."

Through the remnants of the Death Realm's Dragon Gate, Long Chen could roughly feel the situation outside of the Death Realm.

"What a great opportunity, why didn't you let me go in and kill him?" Yao Yan was a little angry.

"The opposing Hierarchy has arrived. Retreat to the next location." With Demon Lord's order, all the Ancient Demons stopped in their tracks and dashed back to the Demonic Creek without hesitation.

Of course, only Divine Emperor's Ancient Demons walked. Ordinary Ancient Demons were endless, and they kept rushing out from Demonic Creek.

It was just that, although the Divine Emperor Ancient Demon had left, the Quipah tribe was already done for. There were very few who could truly escape, and right now, everything was in a terrible state.

"Just a little bit more than that and I'll be able to take care of him."

"Don't worry, don't ruin our plans. I'm leaving behind the basics."

After saying that, the two Primal Chaos Demons also returned. They were too cautious, after completing their mission they immediately left, it seemed like they did not want to fight the Desolation Lord and the others at all.

After they left, Long Chen came out from the Death Realm.

After the ancient demon beasts of the Divine Emperor left, there were still a large number of ancient demons fighting with the remaining barbarians and devouring their corpses. The scene was tragic to the extreme.

"Blood Weeping Dragon Soul."

Long Chen had split into countless little slaying dragons, and each of them was used against an ordinary Ancient Demon. Under the slaughter of these small dragons, no matter how many Ancient Demons came, they were unable to approach the Quipah tribe.

This way, the remaining barbarians would be in danger of escaping. However, when they looked at this blood-stained land and the numerous corpses of the barbarians and their companions, they couldn't help but cry and roar in anger.

This desolate scene also made Long Chen feel helpless. If he could defeat the two Chaos demons, he wouldn't be in his current state.

BOOM!

A tall figure appeared in the sky above the Quipah tribe. It was the Desolation Lord!

Seeing the scene below, his eyes were bloodshot, when he heard news of Long Chen, he had already rushed over!

"Damn it!"

was currently using his fire of life to help the injured barbarians. Seeing that the Desolation was about to give chase, he also rushed forward!

He had entered the Death Realm directly, passed through the Death Realm, and exited from the entrance that he had left behind in the Demonic Creek. When he came out, what he saw was a large number of Divine Emperor Ancient Demons rushing into the grey array.

The Demon Marshall and Yao Yan were still on the array, and had not completely entered. The moment Long Chen appeared, practically all the Divine Emperor's Ancient Demons had already entered.

"It's you again!" Yao Yan was furious.

Long Chen received the gaze of the white-haired Demon Elder. At this time, the Desolation Lord had not appeared, so he was already hiding inside the Death Realm! However, the two Primal Chaos Demons only looked at Long Chen and did not attack him.

"Kid, the next time I see you, you have to be prepared to be eaten by my ancient demon." Yao Yan and the Demon Elder were also entering the array at the same time.

BOOM!

The gigantic fist imprint had even surpassed the entire gray array. When the fist landed on the grey array, all of the territories within a radius of tens of millions of meters were shattered, and the entire Demonic Creek was on the verge of collapse.

"You are the Desolation Lord? "Next time, I'll have to fight with you again." The voices of the Chaos Demons reverberated throughout the entire Demonic Creek. From the calm tone of his voice, it was obvious that they had successfully escaped.

Long Chen could see that the gray array below had been completely destroyed by the Desolation Lord.

"He escaped!" The Desolation Lord appeared before Long Chen's eyes. He clenched his fists, and although he looked calm, Long Chen could clearly feel the anger in his heart.

"I originally thought that it would be a simple Ancient Demon Chaos. I never thought that a Divine level Ancient Demon King would appear!" The history of our barbarians' disaster will repeat itself soon. Moreover, this time, they actually have a place to hide themselves. If we do not take action quickly, the consequences will be disastrous! "

Desolation Lord turned around and glanced at Long Chen. He was curious about Long Chen's sudden appearance in this place, but this was not the most important moment. He continued, "If you hadn't discovered them earlier, the consequences would have been even more disastrous. However, since the situation is urgent and I can't properly thank you, I have to meet up with the Heavenly Emperor of Yin Yang, the Hierarch of the Sun, and the rest to deal with the Ancient Demon King. Set up the barbarian defense line. "

To deal with the Fiendgod, it would be up to them, the Ascendants, to do so. Long Chen's temporary goal was to improve himself.

"Senior, if there's anything you need help with, feel free to tell me. Man Ji is my friend.

"Sure, no problem." "Now that the Ancient Demon has gone somewhere, let's go up."

Desolation Lord had the demeanor of a strong Ranker, although she was strong, she was easy to get along with. Just as Long Chen left the Demonic Creek with him, he suddenly frowned deeply!

"They actually appeared in the Sunchaser Tribe in the south!" They are currently massacring with Hierarch Great Sun in the vicinity. How could they possibly move so quickly? "

Desolation Lord knew how far away he was from the Sunchaser Tribe in the south!

However, he had no time to hesitate here.

"Shrink the earth into an inch!"

Without bidding Long Chen farewell, the Desolation Lord immediately used his Hierarch's rule, a rule that was similar to reaching the effect of spatial transfer. In an instant, it disappeared from Long Chen's sight, heading towards the Sunchaser tribe in the south.

This left Long Chen alone.

"In a short moment, he actually went to such a faraway place. Clearly, that demon had very possibly already laid something similar to a Universe Teleportation Formations in the Pangu Continent. Created

channel. This allowed him to move throughout the entire Pangu Continent! His goal should be to destroy the weak barbarians as much as possible and cause panic throughout the entire Pangu Continent! "

"Only these two can do such a despicable thing!"

This was a huge problem!

"I want to enter the Living Realm. It must be because of Pangu Continent's peace that the Ancient God of the Wilderness would let me in. Now that those two primordial demons had caused such chaos, there would be no peace for long. The Pangu Continent would be plunged into a calamity. Hundreds of millions of deaths. Tens of billions of deaths. That was possible! More! It's quite rare to see a great war of this scale in the entire Myriad Realms. "

"Fortunately, based on Desolation's words, other than the Ancient God, he and the other four Hierarchs have probably reached an agreement to join hands against the Primal Chaos Demons. However, the Fiendgod Primordial Chaos had made such a detailed plan. How could she not know about this? He definitely had a way to move crazily and massacre the barbarians while the five Hierarchs couldn't do anything to him. It caused an unprecedented panic and death for the barbarians! "

Although the ones who died were the barbarians, Long Chen could feel the anger and depression of the Desolation Lord.

Hatred of races!

The cunning Primal Chaos Demons were much more difficult to deal with than the Primal Heavenly Demons. The Meteor Demon was an ancient troll that spoke reason and had dreams and thoughts. Chaos demons, on the other hand, were malevolent demons who had been massacred for the sake of slaughter.

Long Chen had an idea and thought: "If that's the case, then it is very possible that the Chaos Demons established a connecting pathway between hundreds of ancient demons. You can teleport and teleport at will, but for the Desolation Lord's side, although there are five Divine Sovereigns, they simply cannot endure all of the passages. It is not easy to destroy them one by one, the Chaos Demons have a method to end this battle quickly, and at this time, there are probably a lot of barbarians! "

"If I have a way, and am able to get the Desolation Lord and the others to surround the Primal Chaos Demons, it would be hard for him to escape even if he had wings. However, my Death Realm is special, and normally speaking, after using the Death Realm's Dragon Gate for more than ten days, or even a month's worth of remnants of the laws, it would be impossible for me to appear again. This is equivalent to Ling Xi's Star Shift. "

In addition, its position was even more accurate than Stellar Transposition.

Right now, at the most critical moment, he naturally could not let Ling Xi come and let the Desolation Lord and the others move.

"Then, if I go through most of the Ancient Demon gathering grounds and leave the rules of the Death Realm's Dragon Gate there, those two Chaos Demons would eventually appear where I left the rules. At that time, I will contact the Desolation Lord and the others and have them appear there through the Death Realm. "Although I am unable to stop the Primal Chaos Demons from slaughtering the barbarians, there is a high possibility that I can stop their advance!"

Thinking about it, Long Chen knew he had to hurry up and take action.

At the same time, he had to exchange his thoughts with the Desolation Lord.

Not for anything else, at the very least, he had to take revenge for Man Ji, for this warrior who was not afraid of death, and fulfill his wish. Help him protect his home! Since Long Chen came from the Dragon Sacrifice Continent, he had a deeper feeling about protecting his home!

After listening to Long Chen's narration, the Desolation Lord said, "Try yours first. I'll gather with the Great Sun God and try to kill him."

Of course, he wouldn't place all his hopes on Long Chen, since he had to take responsibility for everything.

"Alright!"

Long Chen immediately embarked on his journey.

The closer Ling Xi got to production, the weaker her body became. Right now, let alone using the Revolving Star Passage Technique, she could only use her own speed to run around these places and

plant her own coordinates. Her goal was obviously to in less than half a month, and at least use her fastest speed to plant more spots!

As for the middle part of Ling Xi's abdomen ...

As she grew, Long Chen could tell that her performance in regard to the origin of the Dragon Soul was becoming more and more different from his. Or perhaps, it was truly possible that she would become a true Ancestral Dragon as soon as she was born!

Primordial Blood Spirit Dragon!

Long Chen was looking forward to the birth of his precious daughter, he had been waiting for this moment for far too long.

"Charge!"

He returned to the Quipah tribe and found a map marked with the locations of various ancient demon gathering grounds. He started his journey, his goal being all the Ancient Demon gathering grounds near the Quipah tribe, this time Long Chen was running at his full speed, in the past, from the Pan Gu Continent to the north, he had required many months, yet this time, he was rushing at his maximum speed, arriving at his destination one by one.

"If only we could be slower."

In this one month's time, Long Chen went to a lot of places.

At least fifty coordinates had been planted, and by now, most of the coordinates had started to disappear. During this month, the Chaos Demons had moved more than ten places. They appeared once every two or three days. Every time they appeared, they would kill a large number of barbarians.

Up to now, tens of billions of barbarians had died in the chaos of the ancient demon race.

"Soon, soon, he will always appear in my coordinates!" Long Chen already had a premonition in his heart. The Primal Chaos Demons were located very far away from here the previous few times. The

position that he shifted to was also very large, and it had been a long time since they last came to Long Chen's side, so Long Chen guessed that he would probably come here.

The ten billion loss had already caused panic in the barbarian race.

In fact, it wasn't just the hundreds of ancient Divine Emperor Demons. The entire Pangu Continent had sent out their entire force to fight against the barbarians. It was just a team led by two Chaos Demons.

Moreover, they had been playing a game of hide-and-seek with the Hierarchs!

The Desolation Lord wanted to destroy all the array formations of the Primal Chaos Demons first, but before that array was activated, they had no idea where the huge ancient demons were gathered at, nor did they have any way of destroying it. Chaos demons wouldn't be so stupid.

During the chase, the Desolation Lord had actually already fought face to face with them. Normally, as long as the Hierarchy of the Gods approached, the Chaos Demons would quickly leave.

However, the Desolation Lord had told Long Chen that this Yao Yan did indeed have the strength to be ranked in the top five of the Divine Emperors.

After a few unsuccessful attempts to kill the Primal Chaos Demons, the five Hierarchs no longer spread out. Instead, they gathered together and went to find Long Chen.

The Desolation Lord said, "We have no choice but to rely on you this time. Your ability is something the Primal Chaos Demons did not expect.

Long Chen took a deep breath.

Each of the five Hierarchs in front of him was more terrifying than the last. Next, Long Chen was going to bring them into the Death Realm and have them surround the chaotic demon!

Chapter 2985 - Inviting the Lord

However, before this, Long Chen actually wanted to lure Yao Yan to the Death Realm to fight him. His goal, was obviously to challenge the limit, and at the same time, view Yao Yan as an opportunity for him to attain Extreme Realm God King.

This requires skill and skill.

The five Hierarchs were respectively the Desolation Lord, the Great Sect Master, the Great Sun God, the Heavenly Emperor of Yin Yang and the Undead Phoenix.

Although the five of them usually had disputes, it was very natural for them to join hands at a time when the ancient demons were wreaking havoc. No matter what, the strongest being on the Pangu Continent was the Ancient God of the Wilderness. Under the suppression of the Ancient God of the Wilderness, if the other four wanted to survive on the Pangu Continent, they had to cooperate with the Desolation.

The five Hierarchs were all top-notch characters in the myriad realms. Each of them was extraordinary and had the power to suppress Long Chen. Due to the lack of time, the matter was extremely serious. Long Chen did not have the chance to get to know them for the time being, nor did he have the chance to speak.

They now knew that Long Chen had control of the Death Realm and had a method to move from the Death Realm.

They had indeed taken a few more glances at this legendary youth.

"If they appear, I will first bring Yao Yan to the Death Realm. When the Demon Elder's brother was trapped by me in Death Realm, he had no way of escaping." Long Chen said.

The Deity's goal was to have the Chaos fiend perish. Thus, even if five of them attacked, they might not necessarily be able to kill the Demon Lord. Their cultivation realms were roughly the same.

Defeat was certain.

So, if Long Chen succeeded, there was no doubt that the probability of their success would be very high.

However, the Desolation asked: "That person's strength is equivalent to at least the top five of the Divine Emperor's Ranking, are you sure you can handle him?"

Long Chen said: "Even if we can't deal with him, he doesn't know about the Death Realm, as long as I trap him inside, he won't be able to come out. Once you've settled the Ancient Demon King, can't you just help me? "

The Desolation Lord nodded and said, "If you can succeed in this matter, you will receive the greatest of merits. She is the benefactor of many of the barbarians in Pan Gu continent. "

Time slowly passed.

A large number of barbarians had been killed there. The five Hierarchs could not resist the urge to chase after them, because they had tried countless of times, but they could not catch up to the demons in the 'Passage' they were trying to use!

Therefore, the atmosphere between the five Hierarchs was rather heavy.

The five of them stood in five different positions, each with a thick aura of invincibility. They were all terrifying Paragons. There weren't many worlds in the Allworld that could withstand their destruction.

"Flying Star Tribe!"

The Desolation Lord suddenly opened her eyes as she looked at Long Chen with extreme excitement. This was one of the tribes that Long Chen had marked. For a moment, the five Hierarchs looked at Long Chen with wide eyes.

The moment of the final battle had arrived!

Chaos demons were cautious, so they only had one chance.

"Everyone, don't worry. If I attract Yao Yan here, I will immediately send everyone over. If I do not succeed, I will also send everyone over. It won't take too long."

Long Chen entered the Death Realm, and then headed towards the location marked by the Flying Star Tribe. It was in a forest, and not far away was the Flying Star Tribe. At this time, hundreds of ancient

Divine Emperor Demons had arrived, and just as he was about to start his massacre, the two Chaos Demons were there!

In front of his eyes, there was another tragic sight!

The barbarian race had suffered a great loss. This sort of bloody battle that could shake ten thousand worlds, it should have long ended long ago! Long Chen held onto the Ghost Blood Curse and suddenly rushed out. Wherever the Ghost Blood Curse went, the ancient demons of the Divine Emperor were all engulfed by the Swastika Ghost Blood Curse, turning into ashes!

"Are you finally willing to appear?" When Long Chen killed the Ancient Demon of the Divine Emperor, Yao Yan appeared in front of him with the Primal Chaos Demon Blade in his hand. It was just that he could do nothing as Long Chen had to rely on his Death Realm to escape every time, causing him to be unable to contain his anger!

"What can you do to me after you've lost?"

Long Chen sneered, the Ghost Blood Curse did not stop, with the power of the Sword of Time, the 30,000-meter Sword Qi swept out, just Long Chen alone, was enough to deal with a large number of Divine Emperor's Ancient Demons! His Ghost Blood Curse was simply a killing tool, and in terms of killing speed, it was even inferior to the Divine Emperor!

"You said that I was defeated?"

Yao Yan laughed coldly. With the Primal Chaos Demon Blade in his hand, he chased after him and killed two more ancient demons before fleeing. He said with a cold smile, "If that's not the case, how dare you fight against me alone? In my opinion, you are just a coward who uses his abilities to show off! "

He glanced at the white-haired Demon Elder, who was standing in the sky and was staring at Long Chen. If Yao Yan had not insisted on defeating Long Chen, he would have already taken action!

The entire tribe wouldn't be able to last much longer. Once the barbarians were killed, the Chaos Demons would have to leave immediately.

However, at this time, what made him furious was that Long Chen did not fight him head on, but instead opened the Death Realm's dragon gate, and directly entered!

"I don't believe that I can't kill your Ancient Demon!" If you want to beat me, catch up and then talk! "

"Do you really think I would be afraid of a mere space like this?"

This time, Yao Yan did not hesitate at all. With a slash of his blade, he forced Long Chen into the Death Realm, he had been prepared for a long time, but this time, he could not close the Death Realm and charged straight in.

"Brother, wait for me. Once we finish him, I'll come out immediately!"

In the blink of an eye, Yao Yan was introduced to the Death Realm.

Long Chen had grasped his weakness and dragged him into the Death Realm. The moment Yao Yan entered the Death Realm, he immediately closed that exit.

BOOM!

In the midst of the sea of blood, with one slash from Yao Yan, the sea of blood rushed into the sky.

"Where did you go?"

"Trash!"

Long Chen did not bother to pay attention to him as he opened the door of the Death Realm, and returned in front of the Desolation Lord. The Death Realm Dragon Door opened wide, and the five Hierarchs did not hesitate, and directly rushed in.

Long Chen then opened up a path to the other side.

The five Hierarchs glanced at Yao Yan for a moment before leaving. They didn't believe that Long Chen could handle him, at least this was a place that Long Chen could control. As long as the demon couldn't kill Long Chen, it was fine. Their most important target was the Ancient Demon King!

Long Chen opened the gate of the Flying Star Tribe right in front of their eyes.

The Death Realm's Dragon Door opened once again!

In the sky, the Chaos Demons had almost finished off the barbarians here, and had massacred numerous barbarians. They were preparing to ascend to the next level with Yao Yan, but they didn't expect that at this moment, the Death Realm's Dragon Gate would open, and a suffocating aura would descend!

The five Hierarchs suddenly appeared and surrounded him!

"You!"

He knew where the five Hierarchs had come from. It was at the place where Long Chen had just disappeared from, he finally understood Long Chen's plan at this time!

"So it was that young man who was helping you. If I knew earlier, I would have killed him quickly!"

It was too late to regret it now.

As the Death Realm's dragon gate closed, only Long Chen and Yao Yan remained in the endless sea of blood. He did not care how the five Hierarchs had surrounded and killed the Demon Elder, nor did he care. He had already completed his own mission and displayed his own capabilities to the limit. Now, it all depended on the ability of the five Hierarchs if they were to die or not!

"You!"

Yao Yan finally understood!

"So you were prepared long ago to use this method of yours to surround my brother!" So sinister! "

Long Chen laughed, and said: "In order to exterminate the barbarians, you specially massacred the weaker ones, and then ran everywhere. The most insidious is you. "Unfortunately, you're going to lose today. Although it's only a month, the damage you've brought to the barbarians is too great!"

Now, the damage done to the barbarians by the ancient demons of the Hierarch level was no less than the damage it had caused to the barbarians last time. Even the people of the Phoenix Clan were attacked by the Ancient Demons.

Yao Yan stood above the blood ocean, of course he was worried about his brother. At the moment, he coldly glanced at Long Chen, and suddenly laughed sinisterly: "Defeat you, and I can go out and help! If they want to kill me, the Fiends of Primordial Chaos, it won't be that easy! We, the Fiendgods of the primordial chaos, will not die so easily! Your methods can only be used once at most! "

He had already made his decision.

Quickly kill Long Chen!

"I encountered you a few times but was unable to use my true strength. What a pity. Today, I will let you experience it for yourself!"

He was an ancient Giant Demon!

At this moment, both of his hands were gripping the Primal Chaos Demon Saber. The demonic aura soared to the heavens and actually suppressed this endless sea of blood, filling the entire sky with endless gray fog!

This was a showdown!

Long Chen had been waiting for this moment for a long time.

He had never brought his enemies to the Blood Sea to fight! Back then, the Heavenly Demon Ji was already this strong in the Death Realm! The simplest way was that he could appear anywhere in this sea of blood at any time. If Long Chen was willing, he could make it so that this demon would not be able to find him for millions of years!

The Death Realm is very big!

At this moment, everything in the entire Death Realm was under his control. Countless whirlpools formed on the blood sea around him, and when they gathered, it was as if the entire Death Realm was a part of his body. If he wanted to control the Death Realm, it would be as easy as controlling his arms!

As long as one was in the Death Realm, there would be endless power. Moreover, everything in the Death Realm had not been fully excavated yet!

"To be able to use this world to assist you in your attack, it seems that you are the one you can rely on." In this regard, the Fiendgods of Primordial Chaos were disdainful. He did not care about all this, and wanted to help immediately. Therefore, the moment Long Chen was about to mobilize the Death Realm, he immediately took action!

"Heavenly Blade Sacred Snow!"

It sounded good, but its scene and lethality could only be described as terrifying. Wherever the Primal Chaos Demon Saber went, countless blade lights condensed, and every blade light was like a snowflake falling down, falling within a radius of millions of meters. Even if they fell into the sea of blood, they would decompose!

Chapter 2986 - Buried Heavens Coffin

The collision of the Primal Chaos Demonic Saber and the Ghost Blood Curse!

However, Long Chen actually didn't need to be anxious, because when the Primal Chaos Demon Saber attacked, endless snowflakes would descend and soon, it looked like it would be submerged under the Heavenly Blade Sacred Snow. In the blink of an eye, Long Chen disappeared from the eyes of the Primal Chaos Demon.

Yao Yan was simply unable to sense Long Chen's existence, and all of his attacks had missed.

This was because Long Chen had arrived at another part of the Death Realm in the blink of an eye. Only after Yao Yan's attack had passed did Long Chen appear before him once more.

"Hmm?" Yao Yan was unable to conceal the anger and grievance in his heart! Judging from Long Chen's performance, as long as he was still in Death Realm, how could he possibly defeat Long Chen? No matter what kind of attack it was, he would be able to dodge it instantly?

Then what's the point of a fight?

"If you want to be a cowardly turtle, then it would be meaningless." Yao Yan mocked.

"Who said that?"

In the Death Realm, even if it was a casual attack, it would be much more tyrannical. Long Chen did not only dodge the opponent's attack, when he reappeared, the Ghost Blood Curse had already activated its killing move!

"Karma Thrust!"

A sword pierced through!

He was right before Yao Yan's eyes, and the blood red sword light pierced through the sea of blood, and Long Chen appeared before Yao Yan in the blink of an eye!

"At least you have the guts!"

Seeing that Long Chen finally had the guts to fight against him, Yao Yan poured all of his strength into his body and swung his Primal Chaos Demon Saber!

"Heaven and Earth!"

This time, in the space around Long Chen, countless Yao Yan appeared, countless Primal Chaos Demon Sabers appeared, trillions upon trillions of them. At the same time, as the blade slashed down, countless sword beams condensed into a red dust, that rolling red dust looked wonderful, but in reality, it was a terrifying rule, in the red dust, the light of the blade, the shadows of the sword, the aura of the demons swept across!

Compared to the red dust of ten thousand years, the sword aura of the Sword of Karma was just too insignificant! "Die!"

Beneath the red dust, the entire Death Realm was trembling. Yao Yan alone had gained the power to fight against Di Jun!

However, this was Long Chen's Death Realm, Long Chen's territory!

"Whiz!"

Under the annihilation of the everlasting world, Long Chen instantly disappeared, but he did not move elsewhere, but instead appeared behind Yao Yan. At the moment Yao Yan slashed down with his berserk blade, the Sword Qi of the Karma Thrust pierced through his body!

Clang!

Yao Yan was shocked. He turned around and used the Primal Chaos Demon Saber to knock away Long Chen's Ghost Blood Curse! Just by a little bit, Long Chen could actually take his life! It had to be said that he was extremely strong, and had successfully suppressed Long Chen's killing move!

But even so, Long Chen's Karma Stab still pierced through his body, causing him harm.

It was not that he was not powerful enough, but this was Long Chen's territory.

"You!"

Yao Yan escaped, staring straight at Long Chen, the grey mist in his eyes flipped, and his killing intent soared to the sky.

"You are an ancient Giant Demon. If you continue to fight me like this, you will die very quickly, right?" Long Chen said indifferently.

"You are courting death, then don't blame me." The strongest part of an Ancient Giant Demon was still in the Ancient Giant Demon state. After being continuously suppressed by Long Chen, Yao Yan was finally in a rage and directly transformed!

In front of his eyes, a gigantic beast that was completely gray in color appeared in front of Long Chen! On the wolf-like head, there were a total of six grey eyes. On the slender body, there were four thick arms and two sharp Demon Claw on the left and right, and behind him, on both sides of the sharp spine, there were four pairs of huge and ferocious wings, and a long and sharp tail fell down crisply!

This was the demon of primordial chaos!

A grey aura was constantly emanating from his body. It was an aura from the ancient times. It was primitive and thick, the source of all living things. But it was also the aura of the evil part of the source.

Indeed, after becoming a primal chaos demon, he had become far more powerful!

"Then I'll come as well!"

Long Chen rushed into the sea of blood. When he rushed out again, he saw a blood-colored divine dragon, the ancestor of the slaughter, the Primordial Blood Dragon. When the divine dragon and the Ancient Giant Demon met, from top to bottom, the Primordial Blood Dragon's eyes met with the six eyes.

RUU...!

With the help of the Death Realm's power, Long Chen was able to fight against the Ancient Giant Demon that was a bit stronger than him. Long Chen had the advantage with the help of various slaughter laws and combined with the Death Realm, the Ancient Giant Demon was still unable to move!

"What kind of divine dragon is this?"

The primordial chaos was completely stunned!

Long Chen did not reply him. Between his claws, appeared the Dragon Seal of Extinction.

"Roar!"

The primordial chaos demon let out a terrifying scream!

"Ancient demon!"

In the blink of an eye, over a hundred ancient demons appeared in front of Long Chen, protecting him.

"blood beast!"

This was the Death Realm, the most popular place was the blood beast. When the Ancient Demons closed in on Long Chen, the blood beast in the sea of blood shot up into the sky, possessing the power to crush the Ancient Demon. Relying on the power of the Death Realm, Long Chen crushed his opponent again!

"The manifestation of primordial chaos!"

Even in this Death Realm, he still used the power in his bloodline. In this chaos transformation, he once again grew a pair of wings, a pair of arms, and a pair of eyes!

"Change fate!"

Long Chen had penetrated the group of ancient demons and used the only rule of Hun Yuan's Heavenly Fate Dragon. Under this rule, the demon who had just used the Chaotic Demon Beast Form was startled.

This was the first time he had seen such a rule!

However, this could not stop him from killing Long Chen! As matters stood, he was forced by Long Chen to this extent, and had no choice but to reveal his final trump card!

"I never thought that you would be the first one to ask me to use this thing. I originally thought that only Hierarch Hierarch would be able to make me have the qualifications to use this Manifestation Divine Artifact!"

Even though he didn't currently have the upper hand, the Fiendgod still laughed loudly.

"Buried Heavens Coffin!"

BOOM!

In the sky, a huge bronze coffin gathered, and on it were hundreds of millions of floating skeletons, radiating an infernal energy that soared to the heavens. They were swept up by the chaotic aura of the Chaos Demons, and in an instant, the bronze coffin opened to reveal a massive world of death!

"Suppression!"

After the bronze coffin opened, the screams of billions of vengeful spirits could be heard. Long Chen was right under the bronze coffin, and before he could even move, the bronze coffin had already stunned him. This was the final trump card of the Chaos Demon, so it was naturally not easy to deal with!

BOOM!

The Buried Heaven Coffin flipped over and fell from the sky. This Buried Heaven Coffin was incomparably huge, so this time, the Primal Chaos Devil was naturally going to suppress Long Chen inside! As long as he entered the Coffin of Buried Heavens, he had a thousand times confidence to kill Long Chen!

"This is a Eternal Creation Divine Artifact! I never thought that he would actually be able to control two Creation Divine artifacts of Eternity! "

Within the myriad realms, Eternal Creation Divine Artifact were extremely precious. Generally speaking, only Supreme Gods could own them, and the ones that could possess them were the super characters on the Divine Emperor Board!

Before Long Chen could react, he was already imprisoned inside the coffin. With a rumbling sound, the coffin flipped over again, facing upwards, completely closing up. A large amount of seawater rose up into the sky, and now, it was raining blood.

The chaotic demon descended from the sky, its enormous body landing on the Buried Heavens Coffin. Its thick hind legs pressed down on the Buried Heaven Coffin, and all four of its arms held onto the Buried Heavens Coffin. As a result, Long Chen was even more unable to break through the Buried Heaven Coffin, and had to rush out from within!

"You've succeeded!? You're going against me and saying I'm your defeated opponent?!" How could that be possible? After my brother woke up, other than him, I haven't lost to anyone! "

The primordial chaos fiend laughed loudly three times.

"Time to end it." His laughter stopped, and those six eyes shot out six beams of light, all falling onto the coffin. At this moment, he was using his full strength, and all of the energy was channeled into the coffin, onto the coffin, and within the hundreds of millions of skulls carved into the coffin, their eyes began to shine, turning blood-red!

It was as if countless eyes had grown out of the coffin!

"You can die now." The primal chaos fiendish demon unleashed an earth-shattering, long-lasting effect!

"Heavy! Back! Chaos!"

Weng! *

Rule activated.

As long as he was imprisoned inside the Buried Heavens Coffin, regardless of what it was, it would be refined and transformed into the chaos energy that he needed. It would be devoured by him and he would become stronger!

When the rules were activated, the world inside the Buried Heavens Coffin would undoubtedly undergo a huge change. Inside of it, Long Chen, who was simply unable to come out at all, would also have no way of resisting!

"Stay inside obediently and let me refine you into the most primal of fogs!" I would like to have a taste of how delicious you actually are. "

At the same time as he laughed, the chaos demons continued to channel their power into the coffin. Even though the coffin was trembling violently, there was still a great distance to travel before it was broken.

"Hurry up!" Hurry up! I can't wait! My brother, he can't take it either! "

From the very beginning, Yao Yan had already set his goal as the Hierarch. How could he have thought that a mere little fellow would keep treating him as his opponent?

RUU!

Yao Yan thought he could feel that within the Buried Heavens Coffin, Long Chen was attacking again and again. However, he could clearly feel that this kind of attack was getting weaker and weaker.

"It's working. He can't do it anymore." The Fiendgod's lips curved up in a smile.

He had the greatest confidence in his rule of returning to the primal chaos.

After a while, there was no longer any movement in the Buried Heavens Coffin. Yao Yan waited for a while, and after investigating, he activated the Buried Heavens Coffin. It was as if everything had disappeared, causing him to be overjoyed.

"He's already dead. If I absorb him, I'll have a chance to reach the realm of Hierarch!"

Chapter 2987 - Spear of Justice

After confirming that there were no longer any movements inside the coffin, Yao Yan prepared to open it. After all, after Long Chen died, the power that returned to its primordial state was something he wanted to absorb.

He had already asked about the Good Fortune Heroic Spirit from the Heaven Burying Coffin, and confirmed that Long Chen had already turned into ashes.

"How laughable. Although he is the controller of this place, in my Buried Heavens Coffin, it is no longer his territory. Even if he controls this world, I will cut him off."

The Primal Chaos Demon Saber and the Buried Sky Coffin were both supreme treasures, but normally, he would use the Buried Sky Coffin unexpectedly. This way, he would have a greater chance of success. Sure enough, this time, it was effective against Long Chen as well.

Before the Heaven Burying Coffin acted, he was still being suppressed by Long Chen.

"We should leave this place as soon as possible, otherwise my brother will be in danger!"

When he realized this, Yao Yan was also very anxious. The huge Buried Heaven Coffin was floating above the sea of blood, he opened his huge flesh wings and flew above the Buried Heaven Coffin, and under his control, the Buried Heaven Coffin opened with a loud bang. In order to prevent the chaos energy from leaking, he said nothing and directly rushed into the Buried Heaven Coffin!

"Become stronger!" I want to become stronger! "

Yao Yan laughed out loud.

However, when he opened the coffin, he did not feel the power.

"Logically speaking, if Long Chen could fight with me, he shouldn't be so weak after being disintegrated, right?"

In that instant, the year in Yao Yan's heart had just appeared, and before then, he had actually felt a fatal killing intent!

"The Death Realm is killing us!"

In that instant!

Long Chen appeared on top of the Chaos Demon's head. He should be somewhere else in the Death Realm, so he was teleported here in a flash, and at other places, he was already prepared to kill the Death Realm.

Being so close to him, of course it was aimed at the other party's back!

In the Death Realm, the rule of Death Realm's assassination was used, and the powers of the entire Death Realm was combined to form this blood red sword light. There were countless blood-colored dragon hidden within the sword light, and the sea of Death Realm's blood suddenly surged, condensing into Long Chen's earth-shattering strike!

"Break!"

The thick blood colored sword light, even under the layers of obstruction from the Chaos Demons, still pierced through his back. The Death Realm's huge power of slaughter had formed a fatal killing intent, Long Chen had been waiting for this moment for a long time!

"Pfft!"

Blood flew everywhere from the body of the primordial chaos.

A huge hole opened up in the back of Death Realm's Death Tribulations, and in that short period of time, the opponent's Primordial Spirit was destroyed, the core of the World Tree was destroyed! "Why aren't you dead?!"

Many remnant souls escaped, circling Long Chen's body as they frantically roared, unwilling to give up.

But, defeat and death, this was already the truth.

Long Chen was too lazy to explain to him. Wherever the Ghost Blood Curse went, the remnant soul would be directly devoured.

"I can't accept it!"

The moment he was engulfed by the Ghost Blood Curse, Yao Yan continued to shout miserably.

Although the Ghost Blood Curse did not pierce the Chaos Demon, there were still many that spread out, and were destroying his corpse. Without delay, Long Chen turned into the Primordial Blood Spirit Dragon, entangled the Chaos Demon, and activated Blood Devour! The chance to attain Extreme Realm God King had finally arrived.

BOOM!

He sank into the sea of blood alongside the Chaos fiend.

However, no matter how much they fled, they were unable to leave the Death Realm, nor were they able to leave the palms of Long Chen's hands.

In fact, if you had to say how Long Chen had escaped from the Buried Heavens Coffin, it was actually very simple.

He had realized how terrifying the Burying Heavens Coffin was, and how fierce the rules of returning to the Primal Chaos were. If he forcefully endured it, even if he didn't lose his life, he would still be heavily injured in the end.

Long Chen had tried to open the Death Realm's dragon gate from the very beginning, but he did not expect that the Death Realm would be so heaven defying. Even if he was trapped inside the coffin, he could directly return to the Death Realm, and theoretically speaking, as long as he could use the Death Realm's dragon gate, he could also return to the Death Realm.

Thus, he had actually very easily exited the Buried Heavens Coffin.

Of course, in order to find a chance to kill the other party, Long Chen crashed into his increasingly weak appearance, creating the illusion that he was sent back into the Primal Chaos to be destroyed. Then, he appeared behind the other party at the right time and successfully killed Yao Yan!

Actually, a big reason why he was able to complete this step was because he was in Death Realm.

It was his territory.

If he were to fight alone outside, he might not be able to kill his opponent. At most, he could only return to Death Realm. Of course, because of the existence of the Death Realm's core, there was basically no possibility of Yao Yan dying in battle.

Now, the victor was revealed.

Long Chen was anxiously rushing forward, rushing to a higher realm, to become stronger! This was his desire! Now that his precious daughter was about to be born into this world, he must ensure that she would be able to safely arrive and grow up safely.

"Yan'er?"

Long Chen was looking forward to see how she would grow in the future, so he had to take care of Di Jun first before he could have a peaceful day.

The reason he took the risk in fighting with Yao Yan, who was ranked in the top five of the Divine Emperor, was naturally so that he could deal with Di Jun in the future. Even if the other party possessed the blood essence of a dragon.

A period of time passed.

In the sea of blood, Long Chen had already devoured all of the Chaos Demons with his own blood and achieved his own strength. The Ancient Demons that he had devoured with his own blood previously, had finally reached their limit and charged into a new realm at this very moment.

"I have finally reached the realm of Extreme Realm God King. "In terms of cultivation level, we're almost at the same level as Little Wolf and the others." Long Chen felt extremely satisfied with his current strength.

"The only flaw is that the opponents I am facing all possess Infinite Divine Arts, so my Hun Yuan Scripture is no longer that useful. I have to think of a way to obtain a new Infinite Divine Art. "

Every time he raised his cultivation level, the results would be the greatest.

After all, the weakest aspect of every battle he had with his opponent was the level of strength. On the level of rules and regulations, he basically always had the upper hand. Especially rules such as Death Realm's massacre, rebirth and so on.

"It's time to fuse the last Scepter of the Holy Spirit."

He was in no hurry to go out.

Di Jun definitely did not only have a treasure with a single Eternity. Moreover, right now the Door of the Universe was in his hands, he should have even more. If he had relied on just the Ghost Blood Curse, he would definitely not be able to defeat Di Jun.

Therefore, the Heaven's Sacrificial Spear must be used to truly become a creation god tool for Eternity. This was the first fusion of a lost Creation God Equipment after countless years.

Long Chen easily took control of the Hun Yuan Rank Scepter of the Holy Spirit first, and then, he took out the Heaven's Sacrificial Spear.

In the sea of blood, with him at the center, the sea water formed an endless vortex.

He placed the Heaven's Sacrificial Spear above the sea of blood. Under his control, the Scepter of the Holy Spirit activated the road of fusion and stood guard around the Heaven's Sacrificial Spear, watching as the snow-white Scepter of the Holy Spirit slowly fused into the Heaven's Sacrificial Spear.

Gradually, on the silver shaft of the spear, the eighth core was formed!

BOOM!

A sharp silver light burst out from the tip of the spear. It rushed into the blood-red sky and penetrated the world. The Heaven's Sacrificial Spear emitted a sharp screech as the surrounding sea of blood was suppressed.

"This is justice, the power of judgement."

The special characteristic of the Heaven's Sacrifice Spear was very similar to the Divine Path's Heart Refining Dragon, belonging to the category of absolute positive forces.

Amongst the light figures that erupted from the Heaven's Sacrificial Spear, a huge unicorn appeared. It circled around the Heaven's Sacrificial Spear as it galloped forward. After all the Scepter of the Holy Spirit had fused together, even the Heroic Spirit of Creation had too.

With a loud hiss, the sea of blood churned.

A silver light exploded from the eight core members.

"This is the Light of Punishment." It is the power of the rules of the Heaven's Sacrifice, just like the blood curse of the ghost. The punishment light of the Heaven's Sacrifice Spear is especially aimed at evil beings, and with the Heaven's Sacrifice Spear, at least fifty percent of it will be used against evil beings! "

The unicorn said proudly to Long Chen.

Indeed, under the dazzling Light of Punishment from the Heaven's Sacrificial Spear, even the seawater from the sea of blood did not dare to rush forward.

This kind of light was tyrannical to the point that it could cover up Long Chen's vision to such an extent.

When Long Chen held onto the Heaven's Sacrifice, a surge of surging and righteous energy was channeling the blood of his Divine Path's Core Refining Dragon. Of course, he still had the Ghost Blood Curse on his right hand, which caused his body to be split in half. On the left was the dragon scale of the Divine Path's Heart Refining Dragon, and on the right was the dragon scale of the Primordial Blood Spirit Dragon.

The two Eternal Creation Divine Artifact gave Long Chen even more power! After going through the tribulations of the Death Realm s, Long Chen was about to leave Mo Xiaolang and the rest behind when he arrived at the Pangu Continent.

It wouldn't be so easy for Mo Xiaolang to catch up with the others.

After he was done, he packed up the Heaven's Sacrificial Spear and the Ghost Blood Curse. It was time to see the situation of the battle outside.

The Buried Heaven Coffin and the Primal Chaos Demon Saber were currently fleeing in the Death Realm, but they could not get out.

"First I'll imprison them here, and after a few days, I'll take control of them. It won't be a bad thing if I have too many God Manifestation grade weapons in my possession. The power of the Primal Chaos Demon Saber was not any weaker than that of the Ghost Blood Curse and the Heaven's Sacrificial Spear. It was similar to the type of the Ghost Blood Curse and could be gifted to the wolf cub. On the other hand, the Buried Heavens Coffin can be first refined and used. "

Of course, that would require some effort.

He wouldn't be able to complete it in a short period of time, so he opened the Death Realm's dragon gate and prepared to leave it to see how the Demon Lord was doing under the siege of the five Hierarchs.

"If they are unable to deal with this Demon Lord, then the Ancient Demon Chaos will not end. Most importantly, if I kill Yao Yan, then this Demon Lord will definitely hate me."

Thus, he naturally hoped that the moment he stepped out, he would be able to see that he had already been killed.

Chapter 2988 - Dragon King's Tomb

When he appeared from within the Flying Star Tribe, Long Chen saw the completely destroyed Pangu Continent. No matter if it was life or the surroundings, everything he could see had already disappeared, and this place had become a land of death.

BOOM!

Atop the Pangu Continent, within the boundless starry sky, a massive explosion could be heard.

He looked up into the starry sky, which was now incredibly dazzling!

"It's not over yet. It seems like they forced the demon from the primal chaos into the starry sky!"

He did not expect that under the siege of the five Hierarchs, the Demon Marshall of Primal Chaos had not died in battle. It must be known that he and Yao Yan had been fighting for a long time already.

This only showed that this Demon Elder was much stronger than Long Chen had imagined. If it was a one-on-one battle, out of the five Divine Masters, none would be a match for the Demon Elder!

"Fortunately, I don't have to face this primordial chaos demon!"

Their battle was so intense that all the barbarians in the entire Pangu Continent, even the living creatures, were watching. Of course, at this time, the situation was still rampant. A large number of Divine Emperors were near Long Chen, fighting against the ancient beasts of the Divine Emperor.

Previously, the ancient demons of the Divine Emperor were gathered here.

Even though they were in the middle of the starry sky, which was quite a distance away from Pangu Continent, their battle still deeply affected Pangu Continent, and Long Chen could vaguely see them through the power of laws.

"Just this chaos demon is already three times bigger than Yao Yan!"

A giant grey beast, seemingly dripping with blood, surrounded by five terrifying existences, was fighting ferociously! He could no longer return to the passageway he had constructed!

Even though it was very far away, Long Chen could still see that among the five Hierarchs, two of them were incomparably gigantic figures behind them even though they were small.

There was also an enormous fiery giant at the very front, ferociously attacking the Chaos demons. That should be the Great Solar God!

There were two more people standing together at the same time, but they were both black and white. They were extremely strange, like ghosts appearing and disappearing from the starry sky. They should be the Yin-Yang Heavenly Emperor!

The last divine bird, which was as large as a primal chaos demon, was exactly the same as the one Zhu Xi had transformed into, only much larger in size. This was the last Hierarch, the Undead Phoenix.

"It looks like they have been suppressing the Chaos Demons in an orderly fashion. None of the five of them have been injured, but the Chaos Demons are at the end of their road. It shouldn't be a problem for them to kill him."

When Long Chen thought here, and saw that the Ancient Demons were still wreaking havoc, he took out the Heaven's Sacrifice Spear.

"The Ancient Demon was created by the demons of Primal Chaos. It has no intelligence and is actually not too different from a blood beast."

Seeing many barbarian Divine Emperors die in battle, Long Chen still decided to help them. To deal with the ancient demon, his Heaven's Sacrificial Spear had an incomparable effect. Although it was not a Ghost Blood Curse, Long Chen only needed one move to destroy one Ancient Demon.

After he joined the battle, the speed at which the Divine Emperor Ancient Demons were exterminated increased by a lot. Among them, the strongest ancient demons were still stubbornly resisting, but it wouldn't be for long.

"You!"

It was a type of fatal suppression. Raising his head to look, he saw that the Demon Lord of Primal Chaos, with his three pairs of blood-red eyes, was staring at him with incomparable fury. He actually broke free from the encirclement of the five Hierarchs, and roared as he charged towards Long Chen!

"You killed my brother!"

BOOM!

The Primal Chaos Demons brought about a fatal killing intent. To descend from the sky like this, it was simply like a piece of land smashing down. Long Chen was firmly locked on, and under their rage, if he was even the slightest bit slow, he would be dead. In this situation, he could only choose to quickly return to the Death Realm.

As to what kind of attack would the surrounding barbarian Divine Emperors receive due to the other party's anger, Long Chen simply did not care.

"He actually ignored the attacks of the Hierarchs and insisted on killing me!"

Long Chen opened the Death Realm's Dragon Door and quickly entered. Just as he was about to close the Death Realm's Dragon Door, he suddenly saw three old men in Daoist robes appear beneath the Chaos Demons.

A Hierarch had appeared!

It was actually Daofather Yuqing, Daozu Taiqing, and upper Qing Dao Zu of the Third Sky!

The three divine swords stabbed towards the Chaos Devil. And after the Chaos Devil, the five Hierarchs seized this opportunity to launch a fatal blow! At this moment, the eight Empyrean Gods were simultaneously attacking one of the Chaos Demons! This was an overwhelming massacre!

In the end, the Fiendgods hadn't surpassed them by that much.

In addition, the appearance of the three Daofathers was a sneak attack.

The most important thing was, if the Primal Chaos Demons wanted to kill Long Chen, they would have long since forgotten about everything.

Long Chen did not close the Death Realm. He had seen with his own eyes how the Chaos Demons had looked at the various Hierarchs with their most loathsome eyes. Finally, they turned into ashes and were burned to ashes by the attacks of the eight Hierarchs!

The strong power of laws swept across the entire Pangu Continent, preventing people from seeing the starry sky for a long time.

In the end, the power of laws dissipated. Everyone looked towards the sky and discovered that the Hierarchs had also disappeared.

Actually, they had already come down.

The chaos demons had died in battle.

Long Chen heaved a sigh of relief. He did not enter the Death Realm.

In terms of merit, he could be considered number one. If not for his Death Realm, it would have been difficult for the Hierarchs to form a situation like this where they surrounded and attacked the Primal Chaos Demons. Of course, Long Chen hadn't expected the appearance of the other three Daofathers.

From the looks of it, most of the three Daofathers were listening to the orders of the Ancient God of the Wilderness. Now that the Ancient God of the Wilderness was not around, the Lord of the Desolation was naturally the one who spoke up for them. Even the Demon Lord had appeared amongst the Ancient Demons.

However, in Long Chen's heart, the last sentence of unwillingness from the demon of primal chaos still echoed.

"Do you think this is the end? Heh heh, one day, I will come back from the ancient 'Dragon Devil Tomb'!"

After speaking, he was completely annihilated by the bombardment of the eight Hierarchs.

"Ancient Dragon Devil Tomb? It must be the place that the Heavenly Demon Ji Yuan said he was sleeping in, the place where the Divine Devil Giant Beast had sealed their ancient Giant Demons."

Although there were quite a few experts there, comparable to the ten thousand worlds, the Heaven-Devouring Tribe definitely wouldn't let them do as they pleased. Therefore, for the time being, the Ten Thousand Worlds should not be worried about receiving the Ancient Giant Demon's attack.

As for the Primal Chaos Demons and Heavenly Demons, they could be considered as a personal operation. The Heaven-Devouring Tribe didn't even bother to take a glance at them.

Now that the disaster had passed, the Hierarchs quickly cleaned up the surrounding ancient demons.

After the chaos demons had perished, all of the ancient demons, strong or weak, began to flee in panic. Most likely, they wouldn't appear again for a long period of time. The Pangu Continent had quieted down as well.

"I have finally calmed down."

Long Chen stayed where he was, and after the Goliath Divine Emperor s celebrated their victory, they began to do their work on the aftermath and comfort the living. However, all eight of the Hierarchs appeared before Long Chen at this moment.

The Desolation Lord glanced at Long Chen, a rare smile appearing on her face as she said, "It's all thanks to you this time. If not for you, my Goliath and Pangu Continent would have suffered even more losses.

Rest assured, I will bring you back to the Pangu's heart in a while. I will accomplish all that I promised you. "

Beside him, the three Daofathers looked at Long Chen a few more times, then one of them said to Desolation Lord, "Now that the Ancient Demon King has been executed, the three of us will take our leave."

The Desolation Lord thanked the three of them and sent them off.

Long Chen, on the other hand, started to chat with the other four Hierarchs.

"In that case, you've already defeated another primordial chaos fiend?"

When the two bodies were fused together, it was somewhat similar to the Immortal God Clan. When fused together, there was no gender, but when split into two, it would become a man and a woman. One consciousness, two bodies, and the Yin Yang tribe he belonged to could reproduce with their own descendants. The later generations were also of the same species, and they could split into two.

"You really surprise us. Anyway, you'll be our friend from now on. If there's any trouble, just try to find us for help. " Hierarch Blackheaven said with a faint smile.

Being able to befriend these Hierarchs was also a form of luck.

At this time, the Great Sun God and the others were about to leave as well, returning to their own territories. This was especially true for the sect leader of the Great Desolation Sect. Their losses this time around were especially severe.

Undead Phoenix suspiciously looked at Long Chen, and said: "Why do I feel traces of my clansmen on your body?"

Long Chen had not expected this. After hearing her talk, Zhu Xi, who was in the Divine Kingdom, immediately said: "Don't tell her, I don't seem to be talking to people I don't know."

After all, this was Zhu Xi's will and he respected it.

However, before he could say anything, Undead Phoenix suddenly became excited and said: "It's the Divine Phoenix bloodline. The degree of his bloodline is actually comparable to mine! There is no such bloodline in our Phoenix Clan. It looks like it's not the phoenix race of the Pangu Continent, but in the ten thousand worlds, other than the Pangu Continent, where is the phoenix race? "

Since it had already been said to this extent, there was no way Long Chen could be hidden from him. He directly grabbed Zhu Xi out, and said: "Her hometown is at the Northern Star Domain's Wood Creation Holy Tree, which is a world of Order-level. Has Senior been there before?"

Upon seeing Zhu Xi, Undead Phoenix's eyes widened.

"Such a clever, cute girl."

She shook her head in disbelief, and said: "To be honest, I seem to have been to that world before, but it's just that the Phoenix race there aren't of pure blood, so I didn't really care. It's just that I didn't think that such a pure blooded Divine Phoenix would actually be born there, with such unlimited potential.

Any senior would be happy to see such a junior.

"No, I don't want to follow you. I want to play with my big brother and the others. It's so interesting. It's so boring to play with old guys like you!" Zhu Xi opened his eyes wide, and looked at Undead Phoenix fearlessly.

This made everyone laugh.

Chapter 2989 - Yuanshi Dragon Pagoda

From the Sovereign God Realm and Undead Phoenix's expression, it could be seen that she was extremely happy for Zhu Xi. But Zhu Xi did not want to follow a stranger like her.

"It's such a pity. If you were willing to return to my Phoenix Clan, I would definitely allow you to achieve great things." Undead Phoenix said sincerely and sincerely.

Zhu Xi could roughly feel the deep love the other person had for him. After all, she had the same bloodline as him, so that kind of intimate feeling couldn't be fake. It was just that Zhu Xi loved to play, so

he knew that as long as he followed her, it would be no different from returning to the Modeling Holy Tree. She wasn't willing to stay in the Pangu Continent forever.

"I don't want it. At worst, we can just get familiar with each other later. " Zhu Xi pouted and said bashfully.

"Fine, I won't force you. However, if you are bullied, you can tell me at any time that our Pangu Continent's Phoenix Clan will also be your home. There should be a period of time before you all are still in the Pangu Continent, right? "

Long Chen would not leave for a short while.

He could understand the importance that the Undead Phoenix placed on Zhu Xi. This was a good thing for Zhu Xi.

However, the Undead Phoenix did not force him. After knowing that Long Chen would still be in the Pangu Continent for a period of time, she said, "Alright, Little Zhu Xi, remember to contact me anytime. When you leave the Pangu Continent, please let me know as well. "

To Undead Phoenix, encountering such a pure blooded Divine Phoenix was not an easy matter. Of course, she would still do her best to have Zhu Xi stay by her side so that she could nurture a successor in the future.

Of course, she also knew about Long Chen's future potential, which was why she allowed him to follow Long Chen without worry.

"In the future, the ten thousand worlds will definitely change because of this person. Of course, the prerequisite for that is that he has to go to Di Jun. Even if we are in the Pangu Continent, we cannot always protect her. "

Undead Phoenix left a method of communication with Zhu Xi and returned to Phoenix Clan's territory. After defeating the demon, only Long Chen and the Desolation Lord remained.

"Follow me, I'll bring you to the Pangu's heart first."

In this battle, there were naturally other Divine Emperors who would take care of it, so there was no need for a Supreme God like him.

"Alright."

The Desolation Lord's speed was extremely fast, and before long, she had already reached the Pangu's heart.

Below them was Pangu's heart who had spewed out countless Pangu's Qi. The place where the powers of the Pangu Continent were the most concentrated was also the place where almost all of the super holy lands were satisfied. Most of them were things they would never be able to set foot in.

Following the Desolation Lord, Long Chen went deeper into the Pangu's heart.

The Origin Dragon Palace quietly devoured the Pangu's Qi here, and changed the God Nation's spirit energy. It was estimated that after staying here for a while, just based on the spirit energy level, the God Nation's world was about the same as the primitive level's world.

When he reached the Pangu's heart, it was like he was surrounded by a blood colored heart, as if the heart was still beating, and every beat brought the Pangu's Qi to the sky as if it was about to erupt. If it was the God King, then there was no way he could survive here in the Pangu's heart!

In this place, it would be crushed by the Pangu's Qi!

But to the Divine Emperor, this was indeed heaven.

In the four walls around him, it was like the insides of a heart. It was extremely huge, with over a thousand caves of varying sizes.

"These caves are the cultivation grounds of our Desolation, and the place with the most concentrated energy in the entire Pangu Continent. I'm in one of the caves as well, just down below. There are some immortal estates that Divine Emperor is still unable to endure. "

As he passed by the caves on the walls, Desolation Lord introduced them to Long Chen enthusiastically.

After all, Long Chen had helped him a lot.

"The entrance to the Living Realm is right at the deepest part of the Pangu's heart. Only when my Master opens it will I be able to enter. "Wait a moment, I'll contact my master first and tell him about you and the Ancient Demon."

Long Chen nodded.

There were indeed many benefits to helping them calm the Ancient Demon Chaos. Otherwise, the Desolation would definitely not know how to introduce him to the Ancient God of the Wilderness.

The Desolation Lord had disappeared into the darkness, probably to contact the Ancient God of the Wilderness.

At this time, the Pangu's heart was extraordinarily quiet. Other than the two of them, there was almost no one else.

Thinking about the possibility of him entering the Living Realm very soon, Long Chen felt a little excited in his heart.

However, the Desolation Lord appeared very quickly. As soon as he appeared, she said, "Sorry to disappoint you."

Long Chen was depressed in his heart, and asked, "Could it be that the ancient god refused?"

The Desolation Lord shook her head, and said: "That is not the case, it is just that he seems to have fallen into a deep sleep, or perhaps cultivating deeply, and my call did not get a response from him. In truth, he has been like this for a while now. I also told him about the ancient demon beast horde, especially after the appearance of that Ancient Demon King. Of course, he also knew that I would be able to deal with him. What she meant was that he estimated that she would need some time before she could awaken. When the time is up, I will inform your situation to him. You've helped our barbarian so much. He won't refuse you. "

So that's how it was.

As long as there was hope, Long Chen was willing to wait for a while.

"No worries, then I'll just wait for a while. I'll trouble the sect master with that. When the ancient god has a response, say a few more words for me. Junior will be forever grateful."

The Desolation Lord laughed lightly, and said: "You are too polite, it was you who helped us so much this time, I still have time to thank you. I will arrange a cave for you. You can cultivate in peace here, and I can assure you, as long as you stay in Pangu's heart for a day, I won't let Di Jun get close to you. He still doesn't have the guts to break into Pangu's heart. "

"Then, many thanks Sect Leader."

Following that, the Desolation Lord arranged a first-class cave for Long Chen. This kind of cave dwelling was something any Divine Emperor would yearn for, so as long as one could absorb this kind of energy, it was normal for it to travel a thousand kilometers in a single day.

With the protection of the Desolation, I can at least stay in the Pangu's heart for a period of time and peacefully cultivate. I can wait for Yan'er's birth, and once everything is stable, I can enter the Living Realm.

This was his plan for the future.

During this long period of time, he would cultivate and grow. He would always be with his family and his days would be stable.

In the starry sky.

The Pangu Continent was right beneath his feet.

On that day, Di Jun personally watched as the Chaos Demonic God was destroyed by the eight Hierarchs and Long Chen appeared on the Pangu Continent. However, he held himself back from attacking.

"Even that chaos fiend was defeated by him. It seems his ability is close to that of a Deity."

Di Jun looked down at the thickest part of the clouds. That was the Pangu's heart.

"Being protected by the Pangu's heart, it looks like there will be a long time coming. I don't have the chance. If he were to appear openly next time, he would definitely have the confidence to deal with me. At that time, he might even have the strength to be ranked first or second on the Divine Emperor Board. He is not someone who can be underestimated. With such enormous progress, anything is possible. "

Di Jun said calmly, analyzing calmly.

From these few exchanges, he had already believed that the moment Long Chen appeared again, his strength would definitely already be very heaven-defying. If he could even injure the current him severely, he might lose the chance to snatch Dragon Palace from the origin, and might even get killed by Long Chen.

"Last chance, you must use it the best."

Even though he knew that Long Chen would be very powerful the next time he appeared, Di Jun still grinned. He extended his hand and touched the illusions.

"The gate to the universe of eternal stones is something I've just acquired. The Cosmic Hades isn't very useful, but it can give him some trouble, but it can't have any fatal effects. In the end, I still have to rely on myself! "

In his other hand was an illusory sword. Terrifying, yet mysterious.

"Under normal circumstances, this sword might be able to kill him. After all, this was a divine weapon with half a primitive level. "It's one of the top Divine Weapons in the entire Myriad Realms."

At this time, he opened his hands, and looked at the space between his hands with incomparable fanaticism. It could be seen that in his hands, the energy gradually condensed, finally forming an illusory pagoda. One could vaguely see that transparent divine dragons were moving around the pagoda.

This was also a Martial Saint among divine creation artifacts. The moment he appeared, he suppressed the aura of all of Di Jun's items. Seeing this pagoda, Di Jun's eyes turned red with passion.

"Therefore, we still have to rely on it in the end!"

This was the most important thing he had obtained from the Dragon Sacrifice Continent.

Everything he felt today, came from this object.

It was precisely because the origin dragon palace was so similar to it that he wanted to obtain it so badly! All of the information from the Dragonblood Palace had come from this pagoda as well.

This was the reason why Di Jun was different from the other Dragon Sacrifice Continent Gods.

"How many years have I not fused with you, my precious?"

Di Jun gently caressed the pagoda, almost like she was caressing her lover.

This time, in order to deal with Long Chen, he was prepared to use his ultimate moves!

"The next time you meet me, you will think that I have defeated you. However, you would never think that I would possess this thing. Moreover, I will use it to kill you in one hit. I will not give you any chance!"

In the starry sky, Di Jun opened up his arms, the transparent pagoda entered from his chest.

"Let's fuse them together, Dragon Pagoda of Origin!"

At that moment, Long Chen felt a throbbing sensation in the Pangu's heart s. It was a familiar sensation that even caused some movement in the Origin Dragon Palace. At that moment, he raised his head.

"What is it?"

Chapter 2990 - Great Void Heart

It seemed to be something related to the divine dragon.

However, when he probed carefully, he realized that there was nothing left.

"It should be Di Jun. He still stayed in the Pangu Continent and inherited the dragon sacrifice. I wonder what means he's using this time."

Now, the situation had turned into a life and death struggle between the two of them! In order to resist him, Long Chen was also making her final move! That is the Living Realm! If he could obtain something similar to the Death Realm s, then his confidence would increase greatly!

Now, all he had to do was wait for Long Yan to come to this world.

Long Chen was also really looking forward to see the miracle on his daughter's body. If it really was an Archaic Blood Spirit Dragon, then it seemed that he could work hard to give birth to a few more ...

"Ancient God of the Wilderness still hasn't woken up?" In the God Nation, Ling Xi lived a leisurely life every day.

"I'm afraid I will have to wait for some time." Long Chen had also accompanied her around the clock, and he had even allowed Ling Xi to enter the Pangu's heart's cave. In the end, the Divine Kingdom still could not compare to the core of the primitive level World.

"In this cave, even Yan Er seems to be absorbing the power of this Pangu's heart."

"In this way, her rate of growth seems to have increased yet again. Now that she's always moving, she should know about me and your existence. "

Gently stroking his smooth belly, Ling Xi's smile was filled with happiness. Long Chen was the same. He was a little perturbed and a little nervous.

He completely quieted down and waited for time to pass.

He was always with Ling Xi and his gaze never left her. Such quiet company was actually a rare moment of peace and quiet. Long Chen knew that this was his responsibility as a husband. Not only did he want to go to war, he also had the responsibility of accompanying them.

"You haven't talked to xuanji sister much recently." Ling Xi suddenly said.

"Mm. I just don't think it's appropriate for you to be carrying a child."

"So if I don't, you can do whatever you want?" Ling Xi's bright eyes flashed.

Long Chen thought for a while, then said: "She told me to follow us like this, it's pretty good. At the very least, she can rest assured. He won't have to worry about my safety, and I can also relax. He won't have to worry about her safety."

Ling Xi slowly nodded her head. She nestled into Long Chen's embrace, sensing the movements of the child in her stomach, and suddenly said. "If you really give birth to an Primordial Blood Spirit Dragon, you can give it a try. At the very least, in the future, during the great war with the Heaven-Devouring Race, we will have more experts. But now that I have Yan'er, I feel very satisfied. "You should give it a try with xuanji sister. Otherwise, Yan'er will grow up quite lonely!"

"Huh?" Long Chen was shocked. Birth by Li Xuanji? He had never thought of it, but he had promised her that if she became a god later on, he would roam the myriad realms. Long Chen had seen countless women, but the only ones he was truly interested in were Ling Xi and Li Xuanji.

It was not a desire that he had physically seized over. Rather, it was the desire to hug her in his arms with deep feelings. If one did not have any feelings, and had never had many memories about each other, no matter how beautiful a woman was, no matter how noble her status was, it would be difficult for her to arouse Long Chen's interest. Of course he longed for something to happen between him and Li Xuanji.

Ling Xi pursed her lips and said: "Since you were young, there have been a lot of girls who had feelings for you. But the more it goes on, the more they love you, and gradually they become a type of reverence, a type of faith in the gods. It seems that only xuanji sister and I have accompanied you until now, but she didn't want to disturb us, nor was she willing to let me share you with her. I don't know what to say. As both of you are women, I just hope that you will not disappoint her. "

Long Chen thought about it, and during this period of time, he had indeed neglected her a lot. It seemed that ever since he took her away from the Immortal God Realm, there weren't many negotiations. Li Xuanji had always cultivated and grew up very quietly.

He continued, "Right now, everything is still too unstable. I do owe her quite a bit. After I settle Di Jun, I will talk to her more when we can settle down."

Ling Xi smiled as she looked at him. Only by Long Chen's side would she have such a peaceful smile.

All of you are my most precious treasures.

Long Chen leaned on Ling Xi's abdomen, and when he heard the fetus' voice, a miracle of life appeared before his eyes.

The only regret was that even after a long time had passed, the Ancient God of the Wilderness still did not make any movements. Long Chen could only wait silently, as though he had not experienced the passage of time in such a tranquil manner.

He saw with his own eyes that as time passed, she would slip away bit by bit like a river, while Xiao Long Yan was slowly growing up. Every single time she grew up, even a tiny little bit, Long Chen would still be able to notice it.

At this moment, life and time interweaved.

Seeing the growth of this little life form, Long Chen had a strange experience. He actually knew that everything in the world was composed of extremely complicated laws, such as karma, those countless balls of thread, and the connection between karma. It's part of the world.

Time and life were also a part of the world.

"This child, when he grows up, he will definitely be very beautiful." Ling Xi followed him, from a slightly mischievous girl to a maternal mother. Every single glance, every single movement, all made Long Chen sink into deep immersion with amazement.

Unknowingly, he had watched Xiao Long grow up and enter the world of rules.

"Beautiful!"

, who had been immersed in the world of rules for a long time and had never felt so calm after hearing the two words that Ling Xi had said, wandered around in the world of rules and gave birth to many wondrous thoughts.

In terms of the rules of time, the Diremonster was a genius.

"Time prison!"

These were probably the two most powerful rules of the Heavenly Demon Genesis!

In front of his eyes, time flowed by as he slowly grew up ...

Within the Death Realm, countless time column descended as if everything was still, but in reality, they were the only ones that were still.

In her arms, the Jade Glow Divine Emperor disappeared little by little amidst her beauty and whiteness ...

These scenes, in Long Chen's currently quiet mind, had a unceasing impact.

When Ling Xi raised her head, she suddenly saw that Long Chen's eyes were blank. Illusionary and formless, a pair of eyes seemed to be an endless world, there was only one thing within it, and that was the passage of time.

She knew that Long Chen had reached a critical state, so she did not disturb him and maintained her current state. She enjoyed the look in Long Chen's eyes as he looked at her. She enjoyed the current tranquility and warmth.

But she also knew in her heart that silence was preparation for a new battle.

"After Yan'er is born, I will also put in great effort to help Brother Chen." Perhaps it was because of his love for his for three lifetimes. In any case, she had grown very fast, so he had become familiar with almost all eighteen types of Heavenly Rules and Spiritualism, and she was about to charge into The God Emperor of Perfection, or even the realm of Extreme Realm Divine Emperor.

In fact, he might even become a Hierarch in the future!

"Brother Chen, we must defeat all our enemies. We must defeat the Immemorial Devil Emperor, the Heaven Devouring Clan's Divine Devil Giant Beast, and the Heaven Devouring Dragon!"

Ling Xi said in her heart.

She also knew that there was someone called the Devouring Dragon Servant. He was the person who had truly killed Long Chen's father.

As Ling Xi quietly waited, time passed by day by day once again.

Just one day, Long Chen's eyes suddenly regained its luster. The power of time had gradually dissipated in his eyes, as if nothing had happened at all. However, upon a closer look, one would notice that he was different.

He was even more mysterious. Time flowed through his body, changing and twisting. It was as if time had become his child.

"How is it?" Only then did Ling Xi dare to disturb him and ask.

"I have comprehended a new rule of time. It was a bit more powerful than the Sword of Time. It was similar to the white bones of the Heavenly Demon, but it also seemed like a time prison. More like a mixture of two. The mixture of accelerated time and stationary time. Due to this insanity, it created a time wounding power that surpassed the Sword of Time. Its usefulness should not be any less than that of the Death Realm's Tribulations. It might even pass. "

"A beauty with white bones huh?"

Ling Xi remembered that this type of rule was very strong.

"I have to thank Yan'er. It was her growth that allowed me to have such a profound understanding of time. So it has been so long since we met, after experiencing so much. "She is the one who we have met up to now. We pursued her for ten years, the battle of the Imperial Domain, the eternal rebellion, the

slaughter of the ancient Giant Demons and the defeat of the Gods. Everything gathered together and formed her."

Time, karma, destiny ... all of these things seemed to be connected. So much so that death, or even life, was somehow related to everything that happened here. Accompanying Long Chen throughout the entire journey, they had never once disappeared.

"Alright, I won't lament anymore. I still have a long way to go. If we want to talk about everything in the future, we have to get rid of Di Jun first." We are all people who have inherited the destiny of the Dragon Sacrifice Continent. Since the stalemate was like this, it has long been the time for us to fight to the death against each other! "

It was just that he didn't know if Xiao Long Yan was born first or Jue Di Jun was born first.

"What's the name of this time rule?" Ling Xi asked.

"It's called the Great Void Heart."

Not only were these Great Void Cosmic Dragon's rules, they were also Long Chen's rules.

It was at this moment that Desolation Lord suddenly appeared outside the cave. Her arrival made Long Chen nervous.

"Long Chen, the result is out." The Desolation Lord said from outside.

Most likely, the Ancient God of the Wilderness had awoken from his slumber. Thus, Long Chen allowed Ling Xi to return to the Divine Kingdom and exit from there. When it reached the Desolation Lord's eyes.
