

## War God 2991

### Chapter 2991 - Primordial Azure Flame

"Senior, is the Ancient God of the Wilderness awake?"

Long Chen asked impatiently.

He couldn't wait any longer.

The Desolation Lord nodded her head slightly. Actually, it was very hard to find an answer from his expression. After all, to reach the realm of the Sovereign God, it was very difficult for an expression to appear. He was very straightforward and quickly said, "Congratulations. I told my master about your contributions during the ancient demon race and your request. My Master has already agreed to allow you to enter the Living Realm. I can now help you lead the way.

Although this result came slowly, as long as it was an affirmative answer, it would make Long Chen very excited.

"Thank you, Ancient God, and also thank Sect Leader!"

Long Chen would firmly memorize other people's generosity, especially the Desolation's master and Ancient God of the Wilderness. These two were the supreme existences of the Pangu Continent, as well as the supreme existences of the entire Western Star Domain. They were the top characters in the entire Ten Thousand Worlds and if they were willing to help him, it would be worth it for him to respect them.

After all, the current Long Chen did not have the qualifications to request for the Desolation Lord.

"Don't worry, this is what you deserve. If there's no problem, I'll take you there right now. "

"Thank you."

Long Chen learned about the existence of the Living Realm from the Death Realm. Now that he had control of the Death Realm, entering the Death Realm was easy then, but this time it was much

harder. In the Death Realm, there were Heavenly Demon Ji and other powerful enemies. In fact, there were no enemies, but there was one Ancient God of the Wilderness.

Even though the strongest person in the Western Star Domain has the Death Realm and Dragon Gate, Long Chen was still a little nervous when faced with his words.

As he followed the Desolation Master and Long Chen deeper into the Pangu's heart, indeed, the deeper they went, the denser the Pangu's Qi became. When they reached the deepest part, even the current Long Chen found it hard to endure.

One must know that his current combat strength should be in the top three of the Divine Emperor s, even surpassing the second place on the Divine Emperor Ranking. It was just that it was still unknown whether he could defeat Di Jun or not. However, it should not be wrong to say that he is one of the two strongest Divine Emperor in the entire Ten Thousand Worlds.

Even if he were to face the Desolation Lord, Long Chen could currently slightly contend against him.

The current him, was already one of the supreme experts of the ten thousand realms! He didn't have much of an impression of this himself, but in truth, his fame and reputation had already shaken the entire Myriad Realms. Even in a place like the Godfiend Zhou Mountain, it had already caused a huge ruckus.

"We're here."

In the deepest part of Pangu's heart, a green, lively vortex had actually appeared. It looked similar to the whirlpool in the Blood Spirit Abyss, but it was completely different. This was a vortex that gave birth to a miracle. It was as if a perfect world had been born within this vortex, with countless lives being born within.

"This is the door to the Living Realm. As long as my Master agrees, you can enter. You should have heard that the Great Desolation Sect also has a door to the Living Realm, but you aren't able to do so now. Even though there is a door to the Living Realm there, without my master's wish, there is no way to open it.

"So that's how it is."

Long Chen actually had a premonition in his heart.

The Ancient God of the Wilderness would not stay in the Living Realm for no reason. Indeed, he could actually control the closing of the Living Realm, and should be able to control the Living Realm the same as he could control the Death Realm.

Sky Demon Ji Yuan still needed to rely on the Death Realm's Blood Bead to leave.

He thought to himself, "Ancient God of the Wilderness is not a Heavenly Demon. If he controls it, it's basically impossible for me to obtain the Living Realm. However, he still had to go in and take a look. The most important thing was, no matter what, he must not offend this Ancient God of the Wilderness. Even if the Living Realm is important to me, I will have to wait until the future when I can contend against him. "

"Come in." The Desolation Lord was extremely courteous.

The green whirlpool had already opened. Inside was a dark green world brimming with vitality. Standing outside this world, it was difficult to sense what was inside.

As such, Long Chen was not courteous at all.

After he thanked the Desolation Lord, he descended into the whirlpool of the Living Realm. The moment he entered the Living Realm, the door had already closed. Only the Desolation Lord was still outside of the Living Realm.

"Master just heard his name and agreed. That's weird. "I was preparing to talk about the Fiends of Primal Chaos ..."

The Desolation Lord was puzzled for a bit before she left. After the chaos, there were a lot of things that needed him to take care of herself.

Blue sky, white clouds, green mountain water.

Long Chen stood on top of a dense forest. Looking around, the entire world was filled with jade-green trees and bright-colored flowers.

"Only, it's completely different from the Death Realm, and it looks like it's only an ordinary world. There was no such thing as the rich Pangu's Qi of Pangu Continent at all. The level of its spirit energy is only equivalent to the level of the Order-level world. "

This made Long Chen suspect that he had come to the wrong place.

Bringing me into a world with a random set of Order-level?

The Ancient God of the Wilderness and the Desolation Lord probably wouldn't do such a thing.

Man Ji had been to the Living Realm before, and according to his description, this was how the Living Realm looked. He felt carefully, and could roughly feel that even though it was a tiny green, insignificant sand cloud, it seemed to contain a boundless life force. This life force made the sand cloud seem as if it was alive, and was communicating with each other while whispering to each other.

BOOM!

As a result, the whole world seemed to change. The dust in the air, the dewdrops on the leaves, the wild flowers by the roadside, all seemed to have life. It was just that Long Chen found it hard to understand their level of existence.

"A strange world."

This was Long Chen's definition of a place.

"After I came in, Ancient God of the Wilderness wasn't interested in the slightest? Why did it not appear? Or was he not interested in me? At the very least, you have to ask me for my purpose in coming here. "

It's been a while.

Long Chen walked through the endless Living Realm, yet he did not see any information related to the Ancient God of the Wilderness at all. It was as if, other than him, there was no other normal person alive in this world.

He could move forward without worry. He wanted to at least investigate whether the Living Realm and the Taiji Creature Dragon were related or not. After all, if this world was already under the control of the Ancient God of the Wilderness, he wouldn't be able to take anything away.

A lot of places.

One day, two days, the last ten days.

He did not see the Ancient God of the Wilderness, but the biggest discovery was that no matter where he went, any vegetation, any sand or water droplets seemed to have life. Even a drop of water that was split into two seemed to have life.

"What are you talking about?" Long Chen held a grain of sand in his hand.

That was real sand and it could not move. There was only a powerful life force hidden within, which allowed it to have a mind of its own. It could even faintly feel that it was trying to communicate with Long Chen.

Crack.

Long Chen used a bit of force and crushed the sand.

Suddenly, a majestic wave of life force vibrated outwards, almost overturning him. This caused him to be incomparably shaken!

"If such a grain of sand possesses such an immense amount of life force, then how much power does this seemingly endless, ordinary world have?"

In such a miraculous world, he was almost certain that there was a connection between this place and the Taiji Creature Dragon.

His bloodline was always in contact with this place.

"Walk over there. There seems to be something different."

He did not expect that this time Mo Xiaolang's senses would be even stronger than his own. He was originally cultivating quietly, but all of a sudden, he opened his eyes and said: "Big Brother, there's something enticing me. It's a strange flame!"

Long Chen rushed very quickly, since the Ancient God of the Wilderness did not appear, there was no need for him to be polite. Before long, he saw a green mountain peak.

"Ancestral Fire!"

Suddenly, Mo Xiaolang cried out in alarm.

He did not expect that he would actually encounter the Ancestral Fire here. When Mo Xiaolang shouted, Long Chen did not see it yet, he thought that they were at the top of the mountain. He did not expect Mo Xiaolang to tell him that that mountain was the Ancestral Fire.

"This is the azure mountain peak."

Long Chen looked carefully, and saw that on the mountain peak, there were many trees, and from afar, it looked small. When he got closer, he discovered that this mountain peak was simply too big. However, there was no sign of fire.

"Big brother, let me out."

When Long Chen looked around and realized that there was no danger, he sent Mo Xiaolang out. When he opened the Divine Kingdom, he discovered that it had been distorted, it was exactly the same as the Death Realm.

From this, it could be seen that this was definitely the Living Realm of the Taiji Creature Dragon.

Then, if this was the Ancestral Fire in front of him, it should also be the Ancestral Fire that accompanied the Taiji Creature Dragon.

The netherworld Ancestral Fire was the Ancestral Fire that accompanied the ninth Ancestral Dragon.

The Azure Sky Emperor's Ancestral Fire was a companion for Hun Yuan's Heavenly Fate Dragon.

The green mountain in front of his eyes ...

"It's chaos azure fire."

Mo Xiaolang opened his eyes wide, and said without the slightest hesitation.

There was a type of divine dragon, known as the Primordial Azure Fire Dragon, which was born around the edges of the chaos green flames. There was a type of divine dragon, known as the Primordial Azure Fire Dragon, which was born around the edges of the chaos green flames.

The power of the Ancestral Fire was earth-shattering, but very few had passed down.

"Let's wait and see."

After all, this Primal Chaos Azure Fire was in the Living Realm and this Living Realm was currently occupied by the Ancient God of the Wilderness.

Even though Mo Xiaolang definitely desired it a lot.

"I understand."

Mo Xiaolang nodded.

"However, we have to stimulate it and let it take shape first."

When he reached the foot of the mountain, a flame appeared in each of his hands. It was the Nine Hell Devil Ancestral Fire and the Azure Sky Emperor Ancestral Fire. He threw the two flames at the foot of the mountain. Under his nurturing, the two flame seeds had become extremely powerful!

Just as the two Ancestors were about to burn the green mountain, a huge tremor suddenly occurred on the mountain. As the two Ancestors were about to burn the green mountain, a huge tremor suddenly occurred on the mountain.

Chapter 2992 - Living Realm Creatures

The chaos green flame appeared.

It had originally been a green mountain peak that rose into the sky, but under the stimulation of the two types of Ancestral Flames, what appeared before Long Chen and Mo Xiaolang's eyes now was a huge green colored flame. When this flame was born, not only were the surrounding flowers, plants, trees, mountains and sand not burned, they were even more exuberant and majestic.

Long Chen was actually very surprised.

"I didn't expect that this azure flame of primordial chaos would be so similar to the laws of flame of my life. Or rather, this is simply a manifestation of the laws of the Ancestral Dragon." Of course, the Netherworld Devil Ancestral Fire and the Firmament Emperor Ancestral Fire have little to do with the Ancestral Dragons that are accompanying them. "

The Primal Chaos Blue Fire was neither cold nor hot, and although it was similar to the flame of life, it was different. It was obvious that its boundless vitality had healing effects, but it was also clearly an Ancestral Flame that had offensive abilities. At the very least, when Long Chen stood in front of the Ancestral Fire Seed, he could feel a terrifying threat from it.

"Perfect!"

Mo Xiaolang couldn't help but exclaim.

He had no way of resisting this kind of flame. Hence, at this time, his eyes were burning with desire. If not for Long Chen's restriction, he would have already rushed towards the Primal Chaos Azure Flame.

"How is it?" Long Chen asked.

"This Primordial Azure Flame is far more powerful than the Azure Sky Emperor's Ancestral Fire that I had when I was in the Star of Destiny. However, it is also only a seed of the Ancestral Fire. It needs to be nurtured by me in order for it to return to its peak state. Right now, if nothing unexpected happens, I should be able to swallow it. "

Evidently, if he were to control the Primal Chaos Azure Fire again, Mo Xiaolang's strength would definitely improve greatly.

Mo Xiaolang did not lack strength in terms of offense, but his resistance was not as good as Long Chen's and he would die easily in battle. It's just that when he possessed the Primal Chaos Azure Flame, he would be like Long Chen and would be an indestructible monster.

If Mo Xiaolang had this Primal Chaos Azure Fire, it would basically be enough to solve this fatal flaw.

"Big brother, what should I do?"

After all, Mo Xiaolang also knew that this was Ancient God of the Wilderness's territory. Taking someone else's things away like this was definitely not appropriate.

Long Chen looked around, and said: "You can slowly devour him. If the ancient god is not willing, he will naturally appear to stop us."

This could also be considered as Long Chen's method of making the Ancient God of the Wilderness come out and meet with him. After all, he had already come in, so he had to give some instructions to the owner of this place. Long Chen guessed that if not for Ancient God of the Wilderness being anxious, he probably would not have appeared. But Long Chen was sure that the other party was probably observing them from the shadows.

"I see." Mo Xiaolang nodded.

He had retreated a little just now, and now that he had transformed into the Sun Devouring Demonic Wolf, he walked forward step by step. In front of this natural born fire killer, even the Ancestral Fire Seed seemed to be trembling at his existence.

The Nine Hell Devil Ancestral Fire and the Azure Sky Emperor Ancestral Fire were completely under his control, spread out, trapping the Primal Chaos Blue Fire on his left and right. The three kinds of Ancestral Flames gathered here, and the resulting powerful collision was simply astonishing.

If the Ancient God of the Wilderness was concerned, he would naturally appear. If not, he would have no choice but to swallow this Primal Chaos Blue Flame.

"Senior Ancient God, this flame is very important to my brother, but this is senior's item, so we can't just take it. If senior values it, please let me know."

Long Chen said in a timely manner.

However, he didn't get a reply for roughly a quarter of an hour.

"It's done." Long Chen could roughly tell that the Ancient God of the Wilderness was more curious about them, and he probably couldn't control the Primal Chaos Azure Fire either. Therefore, he should be more interested to see how Mo Xiaolang swallowed the Primal Chaos Azure Fire!

"Alright!"

Mo Xiaolang had been waiting for this moment for a long time. Under Long Chen's command, he let out a long howl and charged into the midst of the Primal Chaos Azure Fire, with his Heaven-Devouring Tribe's instinct, he engulfed the Primal Chaos Azure Fire. Actually, this process wasn't all that difficult, the thing to ultimately depend on was whether or not Mo Xiaolang could digest and suppress the Primal Chaos Azure Fire.

Right now, inside his body, there was the sturdy fortress formed by the Nine Hell Devil Ancestral Fire and the Azure Sky Emperor Ancestral Fire.

However, Long Chen was filled with confidence in Mo Xiaolang. Roughly a day had passed, and the previous green mountain peak had already completely disappeared, while now all of it had been devoured by the Sun Devouring Demonic Wolf.

At this time, the Sun Devouring Demonic Wolf's body was already occupied by three types of flames.

Of these flames, the Nine Hell Demonfire and the Firmament Emperor Ancestral Flame were the opposite of each other. When combined, they occupied more than half of the other flames. As for the Primal Chaos Blue Flame itself, it occupied nearly half! At this moment, the black and white flames were joining forces to attack the chaos green flames!

Hu hu hu hu!

The Sun Devouring Demonic Wolf was the core, and their surroundings were already surrounded by the three colored flame. Long Chen had no choice but to step back and let him digest the chaotic blue fire.

"Thank you for your generosity, senior."

Ancient God of the Wilderness had not said anything up to this point. Probably, he was willing to give this Primal Chaos Azure Fire to Mo Xiaolang, so Long Chen thanked him. Although this method of acquiring treasures was a little shameless, he felt that this Ancient God of the Wilderness would not care.

Time passed slowly.

However, Mo Xiaolang had overcome them one by one. The Azure Sky Emperor's Ancestral Flame and the Nine Hell Devil Ancestral Flame were swiftly merging together, taking over more territories in order to suppress the rampant flames of the Primal Chaos Blue Flames. Roughly another day had passed, and it could be seen that the three types of flames had already grasped the balance, each occupying a third of the position!

He succeeded!

The Primal Chaos Azure Fire seemed to have submitted to Mo Xiaolang.

If the Primordial Azure Flame had intelligence, it would actually sense that there was something different about Mo Xiaolang very quickly when it submitted to even the other two kinds of Ancestral Flames.

Whoosh!

Amidst the encirclement of the three kinds of Ancestral Flames, Mo Xiaolang rapidly grew. That was the realm of the The God Emperor of Perfection. Right now, it shouldn't be a problem for Mo Xiaolang to fight the Extreme Realm Divine Emperor alone, he just didn't know if he would be able to make it onto the Divine Emperor's leaderboard.

Long Chen fought alone in the Death Realm, increasing the distance between them once again. However, with Mo Xiaolang's talent in breaking through to the next realm, he believed that he would catch up very quickly.

"Big brother, it's done."

Mo Xiaolang's eyes were filled with excitement.

Three colored flames - cold, hot, and pure. Different flames had different effects. However, they were all incomparably tyrannical.

"In the future, I might be able to collect even more Ancestral Fire inherited blood. Maybe the wolf cub could also collect even more Ancestral Fire. If he could collect ten types of Ancestral Fire, then he would definitely be even more powerful. Now that he has grown to this stage, his future prospects are limitless! "

From the start of the battle to now, no matter how fierce Long Chen's charge was, he was always able to follow closely behind his.

The green mountain peak behind him had already disappeared.

"Big Brother, I think it's best if I go back to the Divine Kingdom and adjust myself a little." Mo Xiaolang said.

Long Chen then allowed him to properly tidy up his current self, while he looked at this endless world, deep in thought. Since the Ancient God of the Wilderness had yet to appear, then, he might as well boldly explore this world.

"Let's go!"

He took a step forward and continued forward. Traveling through the mountains, rivers, and lakes, this was an incomparably tranquil world. It seemed to be filled with life, yet it also seemed to be devoid of it.

"There seems to be something over there?"

After walking for roughly another day, Long Chen looked to the distant east. In the depths of the clouds in the sky, there seemed to be something similar to the green mountain from earlier.

"Could it be another kind of Ancestral Fire?"

This shouldn't be possible, and the feeling from that place wasn't that of the Ancestral Fire either. No matter what, Long Chen still rushed over quickly. When he got closer, he discovered that it was a tree, although it was not as big as the Wood Constructing Holy Tree, but to this world, this tree that could even reach the clouds was already considered big enough.

An enormous ancient tree stood proudly in this world of life.

On this ancient tree, there was an unimaginable life force. Compared to everything else that Long Chen had seen, his vitality was even more majestic. This kind of majesty simply exceeded a limit.

The limit was when Long Chen got closer, he realized that the tree had actually moved. This was actually just a tree. It was different from the natural trees of the humans on the modeling holy tree, but this inanimate looking thing had indeed moved.

Roar!

Suddenly, a large number of branches rushed out from the treetops!

Long Chen was shocked to realize that these branches were actually in the shape of a Divine Dragon!

Its body and head were left outside. It was clearly a branch, but it looked completely like a Divine Dragon, reminding Long Chen of the blood beasts in Death Realm.

"Looks like the tree that produces a Divine Dragon is Living Realm's blood beast'. It is also a strange creature. Death Realm's blood beast is formed from a condensed sea of blood, and this tree is formed from the energy of life!"

Just as Long Chen thought this, the thousands of ancient trees with divine dragons bodies attacked Long Chen. As expected, the Ancient God's attack power was extremely strong and ferocious, surpassing even the Death Realm's blood beasts!

"It's probably because there are a lot of blood beasts here that their powers are dispersed. Furthermore, I only met this kind of ancient tree after staying in the Living Realm for such a long time. This ancient tree is simply like a gathering of a large number of blood beasts.

"Whiz!"

In the air, Long Chen took out his silver Heaven's Sacrificial Spear.

Chapter 2993 - Archaic Descending

Death Realm's blood beasts were formed from a sea of blood, so they were almost immortal. And this majestic ancient tree in front of him, was naturally the same.

This ancient tree was equivalent to the convergence of at least several hundred blood beasts, which was basically equivalent to the gathering of several hundred Divine Emperors. If the great army of the Life and Death Realms could leave, it would also be a terrifying strength for Long Chen.

BOOM!

What appeared in front of Long Chen, was a large number of divine dragons!

Rumble rumble rumble!

Countless divine dragons blotted out the sky and blotted out the sun as they charged towards Long Chen.

As the myriad divine dragons moved, the entire Living Realm trembled.

Each of these dragons possessed the power of natural law, a unique law of life. Under these natural laws, the dragons possessed boundless life force, the power to recover, and at the same time, the power to rob lives!

Even if the other party had not completely approached him yet, Long Chen could only rely on his fire of life to preserve his life. He did not expect that such a simple ancient tree would actually be so difficult to deal with, even close to the Primal Chaos Demon Yao Yan. If it was Long Chen who had reached the Extreme Realm God King, he would definitely have a huge headache.

However, he was absolutely confident now.

I'm just a little surprised.

In that instant, he held the Heaven's Sacrificial Spear that was already a Eternal Creation Divine Artifact, and was immersed in the ocean of time. His eyes were illusory, his temperament was extraordinary, and was extremely similar to Long Qinglan.

The power of time!

The Heaven's Sacrificial Spear emitted a bright light, covering the surrounding millions of meters of territory with its light, it completely covered everyone's line of sight, and even burned everything in its path. It was only because the surroundings were created by the power of life, and it was not evil, they would not be directly attacked by the light.

But Long Chen's main focus was not on the Light of Punishment.

He turned into a blur of time and rushed towards the ancient tree. At this moment, the scene from earlier with Ling Xi surfaced in her mind. Thoughts about time surfaced at this moment and gathered on the Heaven's Sacrificial Spear. The current Long Chen was completely illusory. When he clashed head-on with the countless divine dragons, the Heaven's Sacrificial Spear was thrust out!

This was the first time that the latest comprehension of the rules had been officially displayed.

Even Long Chen himself didn't know how powerful this rule of time was.

"Great Void Heart!"

The Great Void heart can be displayed in any way, including the Ghost Blood Curse and the Heaven's Sacrificial Spear. It's just that the Heaven's Sacrificial Spear isn't that bloody. That time whirlpool instantly enveloped the ancient tree, and under this whirlpool, the ancient tree actually instantly became motionless, all the branches maintained their current states, until Long Chen arrived near the ancient tree trunk, and directly thrust his Heaven's Sacrificial Spear onto the tree trunk.

"Ding!"

A crisp sound rang out.

It had only been able to move a moment ago, but what welcomed it was the aging process from where Long Chen's attack landed. This was a rapid aging process due to the passage of time, and it was a type of collapse due to the passage of time. In that instant, the speed of time that the ancient tree bore was hundreds of millions of times faster!

No matter how much vitality the Ancient Tree had, it still collapsed and disappeared under the ruthlessness of time. The Ancient Tree, which had just recovered its vitality, turned into ashes and vanished into thin air under Long Chen's Great Void Heart.

This was the power of the Great Void!

It was something that Long Chen had learned from the Heavenly Demon, a chaotic fusion of accelerating time and stationary time. The power of the Great Void Heart naturally surpassed the beauty's bones, and certainly surpassed the time prison. Even faster than both. Under the attack of Long Chen's Void Heart, the opponent simply did not have the chance to be lenient.

When Long Chen put away the Heaven's Sacrificial Spear, the huge ancient tree had already turned into countless of dark green specks of light, scattering down like rain. After enduring these specks of light, the surrounding trees and sand, became even more majestic.

"Such a strong life force creature actually acted like this under the effects of the Great Void Heart. It seems that this move might be able to take away Di Jun's life."

Other than Di Jun, Long Chen did not believe that the other Divine Emperor in the Ten Thousand Worlds would be able to endure this move of his. That was impossible. After the Great Void heart, Long Chen actually already had the qualifications to fight against Di Jun.

It was just that he wanted to figure out the Death Realm before that happened!

"Done."

He looked around at the vast land beneath him and was suspicious, "Ancient God of the Wilderness should have asked me to come in to see you because you wanted to see me. Was it really just to let me take a look at this Living Realm? Even when I took away the chaos green flame and even destroyed the ancient tree, there wasn't any reaction at all? "

There was definitely something wrong with him.

The Ancient God of the Wilderness should come out to take a look at him.

While he was thinking like this, at some unknown time, a skinny old man suddenly appeared in front of him. He was even shorter than Long Chen, with a stooped figure and wore a piece of torn hemp clothing, his eyes were dim and lifeless, his head was bald, only a few strands of white hair were on his head.

His body did not have the slightest hint of power, and he had been exhausted to the extreme. Presumably, even a light push from Long Chen could turn him into ashes. The appearance of such an elder was naturally an eye-opener for him.

After all, the Ancient God of the Wilderness was a barbarian, and every barbarian was a strong and powerful individual. It was common to see that the Ancient God of the Wilderness was four or five meters tall, and he had guessed that the Ancient God of the Wilderness was a peerless existence. He had never expected that the old man in front of him would be blown away by the wind at any time.

Of course, no matter how surprised he was, he still respectfully said, "Junior Long Chen greets senior ancient god!"

No matter what, the person in front of him was one of the top powerhouses of the ten thousand worlds! The number one person in Western Star Domain! He was a Paragon of the Allworld! Ancient God of the Wilderness whose fame was even higher than the Northern Sky God!

Of course, this old man did not have any signs of desolation on him.

naturally held respect towards such a terrifying expert.

He was also a Divine Spirit that existed until now, but he was changed by the Divine Devil Giant Beast and lost a period of memories.

Long Chen really wanted to see what attitude this Ancient God of the Wilderness had.

His eyes were cloudy, and he looked at Long Chen like he was a dying man. Suddenly, he shook his head helplessly, and said: "The things I can think of are very limited. You can only guess that perhaps you are the descendant of the former First World, the world that was destroyed by the Heaven-Devouring Race. Those powerful creatures are called Divine Dragons. "

BOOM!

These words were simply thunder from a clear sky to Long Chen!

In the Myriad Realms, the Gods had all caused the Heaven-Devouring Tribe to change. They had lost their memories from before the era, especially regarding the Dragon Sacrifice Continent. He had also lost them all. Even the records had disappeared. These things were actually known by the ancient Giant Demons. Long Chen never thought that the Ancient God of the Wilderness in front of him would actually say such a thing.

He knew about the Dragon Sacrifice Continent, and he knew about the Divine Dragon!

, who was still in a daze, spoke. He looked in the direction the ancient tree had disappeared in and said: "I've forgotten too many things. It was only after coming to this Living Realm and seeing the divine dragon on the tree and fusing with the core of the Living Realm that he remembered that, before this era, there was a creature called the divine dragon that lived in a world that was countless times scarier than the Pangu Continent. It was called the Dragon Sacrifice Continent. Now, however, the Divine Dragon had exterminated the Heaven-Devouring Tribe. As for us, we are the tools for the Heaven-Devouring Tribe to devour the boundless universe. "

This was the Living Realm, the former territory of the Taiji Creature Dragon, also a secret location. Therefore, when the Ancient God of the Wilderness said this, Long Chen was not worried at all. Maybe this tyrannical Ancient God of the Wilderness, could almost catch up with the real Unparalleled Dragon s and become his helper!

Because he was almost awake!

This was the thing that made Long Chen the most excited recently.

"Senior, that's right, I am from the Dragon Sacrifice Continent."

Even at this point, Long Chen still found it hard to believe.

"I had already expected this. Actually, I have already inquired about your situation and have also heard others describe your true form after your transformation. I had also expected that you would come to Living Realm. Only when you came in, I found something strange. As the last inheritor of the Dragon Sacrifice Continent, you actually mixed together with your enemy, the Ouroboros Clan, which really surprises me. "

He was talking about Mo Xiaolang.

Long Chen hurriedly said, "Senior, all races have different existences. Even though the Heaven-Devouring Race is a race that destroys tens of thousands of worlds, there will still be kind-hearted people. My brother grew up with me, so it wasn't easy for us to reach our current state by supporting each other. He is not my enemy, but my best assistant. "

Ancient God of the Wilderness was someone who had seen the world, so he did not care about this matter. He said, "You harbor hatred in your heart, yet you have such a generous heart. It is not easy for you to differentiate between right and wrong. However, the Heaven-Devouring Tribe had endless changes. They were people that devoured heaven and earth, and this was their natural instinct. All living things have instincts, such as eating and reproducing. Sometimes, emotions cannot overcome instinct. "

understood that he was reminding himself that Mo Xiaolang was originally a Heaven-Devouring Race, his natural instinct was to devour. It was hard to guarantee that after he possessed a terrifying power, he wouldn't go on the same path as the Divine Devil Giant Beasts and so on.

Of course, he was only reminding her.

Long Chen didn't want to talk about this issue anymore, because he had a lot of confidence in Mo Xiaolang. He firmly believed that the biggest difference between all living creatures and dead ones was

their emotions. It was precisely because of his emotions that he had brothers, a loving person, parents, and children. There are innumerable beings, and these are all emotions, love. It transcends instinct.

He and Ancient God of the Wilderness looked at each other.

In fact, the Ancient God of the Wilderness did not recall that much.

However, Long Chen was eager for him to help him in this situation, so he said in a serious tone, "Since Senior is aware of the current situation of the ten thousand realms, and is also aware that this ten thousand realms will definitely be completely devoured by the Heaven-Devouring Race in the future, this junior hopes that Senior will be able to join this junior in order to keep and save the ten thousand realms and protect all living things in the world. "Even if I have to speak a little more softly, I should fight for my own sake!"

#### Chapter 2994 - Living Realm Core

To meet such a strong Ranker and also know about the matters between the Dragon Sacrifice Continent and the Ten Thousand Worlds, that was simply too rare. Long Chen looked at him with hope.

The Ancient God of the Wilderness possessed an incomparably great power in the entire Myriad Realms. He had at least eight Hierarchs under his control, and there were even more than a dozen Hierarchs in the entire Western Star Domain that followed his orders. If they could obtain his help, they would be able to obtain one quarter of the strength of ten thousand realms!

This was an incomparably huge force!

If the Ancient God of the Wilderness could fully cooperate with him, even Di Jun would be a small matter. Without needing Long Chen to intervene, an existence like the Ancient God of the Wilderness would definitely be able to easily take care of Di Jun.

"This kind of existence must definitely have a Creation Divine Artifact which possesses the primitive level!"

Long Chen's eyes were filled with anxiety.

Unexpectedly, Ancient God of the Wilderness shook his head calmly at this moment, his eyes carrying a tinge of sadness and even a hint of ridicule. He said, "You are very young, and so naive. I know that there are some things which the entire Allworld, Fiendgods, are unable to accomplish. So, I'm not going to participate blindly. "

Hearing that, Long Chen was stunned.

"Senior, you mean to say that we should allow the Heaven-Devouring Race to devour us as they wish and allow our entire world to be destroyed? Let everything be buried in the belly of the Heaven-Devouring Tribe? "

He spoke urgently and mournfully.

Ancient God of the Wilderness's expression was indifferent. He stretched out his withered finger and pointed at a lake that had a diameter of around a hundred meters, and said: "Do you see this lake?"

Long Chen nodded.

Ancient God of the Wilderness said: "Perhaps in your opinion, I am very strong, controlling a quarter of the Myriad Realms. But in reality, we are only mayflies, and I am only slightly larger than you, but that doesn't change the fact that I am a mayfly. As for the Heaven-Devouring Tribe, they were the lake. Tell me, do you think we tiny mayflies, even if we struggle, will be able to overturn this lake? Even if we struggle with our lives, we can only create insignificant ripples on the surface of the lake. Don't deny it. This is the status quo of the Ten Thousand Worlds. "

No matter how hard Long Chen found it hard to accept, he was still rational. He could understand that what the Ancient God of the Wilderness said was right, the Devouring Sky Clan was flourishing at this moment, like a lake, while he and the Ancient God of the Wilderness were just mayflies.

From the very beginning, he was only a mayfly struggling, but no matter how much he struggled, it was impossible for him to overturn the lake.

At that moment, Long Chen felt as if a bucket of cold water had been poured over him.

He finally understood why there was such despair and pain in the eyes of the Ancient God of the Wilderness. His eyes were lifeless as he hid within the Living Realm. He wasn't even interested in going out into the chaos of the ancient demons. This was because he knew very well that one day, the entire Pangu Continent would be destroyed.

"Pangu Continent, before the era, was one of the worlds of the origin level."

Ancient God of the Wilderness said with nostalgia.

Maybe he was alone.

As one of the strongest warriors in the world, he should have been one of the top, but unknowingly, he remembered something from before the era and knew about the situation in the Ten Thousand Realms. He did not inform anyone about this news, but chose to hide in the Living Realm. Although it seemed like cultivation, he had lost his direction long ago.

"Senior, I don't believe that you don't want to struggle. You're just giving up all hope." Long Chen could understand him, so he did not force him. When he completely understood the Ancient God of the Wilderness's thoughts, he sympathized with the ancient god. To him, he was already a supreme expert of this world. However, he understood that the sky existed, and that it was a Heaven Devouring Race, a lake in the eyes of a mayfly.

"Yes, I am desperate. "In the eyes of the heavens and the earth, a world destined for destruction is nothing more than a boring struggle. I have tens of thousands of lofty sentiments." The Ancient God of the Wilderness said indifferently.

Thus, he didn't mind about the Bluefire. I don't care about anything. He stayed in the Living Realm and silently experienced the passage of time and the destruction of the world. Long Chen laughed inexplicably. He knew that no matter what he said, the Ancient God of the Wilderness would not change his mind. After all, this was the status quo. The road that Long Chen still had a long way to go. Action is always better than words.

He silently arrived above the lake.

"Senior."

Long Chen landed in the middle of the lake, and his body completely submerged into the lake.

Ancient God of the Wilderness looked at him with his turbid eyes.

"You're right, you and I are mayflies now."

Long Chen took a deep breath. After saying that, he turned into a Divine Dragon, and when the Primordial Blood Spirit Dragon appeared in the middle of the lake, the lake was simply too small for him. In that instant, all the water in the lake was thrown up into the sky, overturning completely.

In Ancient God of the Wilderness's eyes, the lake had already disappeared.

He narrowed his eyes. This was the first time he had seen a real divine dragon.

Long Chen used the Divine Dragon Body and said: "Tearing down is not without its terrors; it just depends on whether you are a mayfly or a divine dragon. Maybe I'm a mayfly now, insignificant to the Devourer. But it's not impossible for me to become a Divine Dragon. Now that it's just a mayfly, I won't say too much. Right now, I cannot convince senior wholeheartedly, so I can only say that if I really become a dragon in the future, I hope senior will not be as pessimistic as you are today. "

Ancient God of the Wilderness closed his eyes and was silent for a long time. Suddenly, he laughed loudly, because this laughter, on his face, had a lot of luster.

"Good." I'll wait for you to transform into a dragon and overturn all worlds. If that day ever comes, I will definitely pay with my life to open up a path for you. " Ancient God of the Wilderness enunciated every single word with determination.

"However, before you became a dragon, for the sake of the Pangu Continent, I will not help you in the slightest, much less get close to you. I belong to the Pangu Continent first, then I belong to the Allworld. I want the Pan Gu continent to exist a bit longer, and I want a few more people to safely reach the end of their lives. This is my own selfish desire, but it is also my mission. Thus, I will still not help you. Even if I have to fight against Di Jun, I will not help you. If you have such lofty aspirations, you should let yourself cross this small threshold. "

To the Heaven-Devouring Tribe, Di Jun was indeed a tiny barrier. He was just another mayfly.

"To be honest, I know that he comes from the Dragon Sacrifice Continent. I originally thought that he would be the inheritor of the Dragon Sacrifice Continent, but I never thought that it would be you. The battle of destiny between you and him, the battle of destiny. "Life and death are all up to you."

Long Chen had never thought of letting the Ancient God of the Wilderness take care of Di Jun for him.

He smiled and said, "Senior, don't worry. This is my personal matter, so I will naturally take care of it myself. "

He understood the Ancient God of the Wilderness, what he was about to do now was too dangerous, if he were to be exposed, if the Ancient God of the Wilderness got too close to him, he would be implicated, and before the ten thousand worlds were destroyed, even the Pangu Continent would be destroyed first. Ancient God of the Wilderness would not take this risk.

Even if he is one of the strongest in our Ten Thousand Worlds right now.

The short exchange of a few words had also changed Long Chen's state of mind. He was not scared, but his fighting spirit was surging. This was the mission that Long Qinglan gave him, the mission given to him by countless of descendants of dragons. Furthermore, this mission given to him by the entire Ten Thousand Worlds!

"Young man, everything depends on you. Fight with all your might, you have nothing to tie you down, all you need to do is to stay alive and look bad. " The Ancient God of the Wilderness sighed.

If he did not have the Pangu Continent, he could still act as recklessly as Long Chen.

But in truth, he did not know that Long Chen had been worrying about him even more than he did. It was just that Long Chen did not want to tell him.

It looked like he was about to leave the Living Realm.

After talking to the Ancient God of the Wilderness for so long, he was worried that he would waver.

However, at this time, the Ancient God of the Wilderness suddenly said: "No matter what, this is my first time meeting you. As an elder, I have to give you a present. Actually, I know what you came to Living Realm to find. "

He looked around and said, "This place was once the world of a supreme existence in the Dragon Sacrifice Continent, it was the world of a divine dragon. I forgot what kind of dragon it was. You must know he was one of the Paragons. The world that he left behind, you, as his successor, must definitely be like the Death Realm and obtain this Living Realm in your hands. "

Long Chen nodded.

"It's just that, the core of the Living Realm is in my hands."

A green light flashed between Ancient God of the Wilderness's brows.

He muttered to himself, "When I first came to the Living Realm, I found this core, but I didn't expect it to make me recall so many things. I thought I could borrow the Living Realm's power to become the number one hegemon of the Myriad Realms. "But I didn't expect to know the truth."

This was a huge blow.

He had thought that he could become number one in the Allworld. He hadn't expected that the number one person he wanted would merely be a golem. In that instant, he had lost all will to fight. He began to move about like a zombie.

He laughed helplessly and said: "Later on, when I studied this core, I realized that I could at most control the Door of Death Realm, and wander around freely here. Presumably, without your The Dragon God Clan's bloodline, you wouldn't be able to truly control the Living Realm. In these few days, seeing your usage of Death Realm, I have understood it clearly in my heart. This is a rare meeting, I was moved by your fighting spirit, and the only thing I could do was to give you the Living Realm's core, and give this Living Realm to you. "

Long Chen had already guessed it.

He definitely did not expect that the Living Realm he wanted the most would be obtained so easily. Thinking about it now, it was like a dream.

Only, compared to the loneliness and regret in Ancient God of the Wilderness's heart, it seemed like even the core of Living Realm was not much. If he had not lost his will to fight, he would definitely not be willing to send out the Living Realm's core.

That was the entire miraculous Living Realm!

"From now on, your Living Realm is your territory. I have been quiet here for a long time, it's time for me to go out." Ancient God of the Wilderness said lightly.

"Thank you, senior. I will definitely bring this Living Realm to bear and use it in real life." Long Chen thanked him sincerely.

"Up to you. It's yours anyway." At this time, Ancient God of the Wilderness took out the Living Realm's Core from between his brows. It was similar to the Death Realm's Core, it was also an eye-shaped object, a dark green eye.

That jade green eyes gradually arrived in front of Long Chen and landed in his hands.

"Goodbye. If you have anything to say, tell me again."

Ancient God of the Wilderness did not stop. He rushed towards the Living Realm's Gate and quickly disappeared from Long Chen's sight.

As long as Long Chen fused with the Living Realm's Core, he would have complete control over both life and death.

Chapter 2995 - Killing of the Living Realm

When the Ancient God of the Wilderness left the place, Long Chen became the only living being of the Living Realm. As long as he could fuse with the Living Realm's core, he would be able to control the Living Realm as if it were his own.

In truth, the mysteries of life and death were endless. What Long Chen could currently control was only a small part of it.

After Ancient God of the Wilderness left, Long Chen looked around the green world.

"This place is much more comfortable than Death Realm."

The two worlds of life and death were even safer than his Divine Kingdom. If Long Chen died in battle, his Divine Kingdom would be exposed, and everything inside would be under the control of the enemy. However, the Life and Death Realms were not opened, or if the master permitted it, even supreme gods would not be able to enter this place. Long Chen had become the master of the Life and Death Realms. As long as he did not want the Life and Death Realms to open, this place would not open.

So it could be said that those people within the Divine Kingdom existed in the Life and Death Realms. They were much safer than those within the Divine Kingdom.

Of course, the environment in the Death Realm was bad, so it was not suitable for living.

However, Living Realm was different.

Long Chen wanted to transfer some of his people to the Living Realm.

"However, the prerequisite would be to fuse with the Living Realm's core."

With the experience of fusing with the core of Death Realm, Long Chen's only worry was that the core of Living Realm would clash with the core of Death Realm.

An attempt is required.

After a long time had passed, he settled down the group and sat in the middle of the Living Realm, surrounded by a verdant forest. Long Chen held onto the core of the Living Realm, and slowly approached the center of his brows.

The core of Death Realm was also in this position.

When the jade green eyes approached him, the blood-red eyes between his brows involuntarily opened. There was no hostility, but instead a kind of warmth. Even without Long Chen's control, the Living Realm's core had merged with the Death Realm's core, finally forming a pair of eyes that had two colors, the blood-red and the jade green, respectively.

The blood-red light occupied one side, while the green light occupied the other. The two powers did not interfere with each other at all. It was as if they were a perfect combination. Furthermore, Long Chen quickly obtained a lot of information regarding the Living Realm.

Just like the Death Realm.

Roughly ten days later, because he had the advantage of bloodline, Long Chen was already able to freely enter and leave the Living Realm. He found many exits from the Living Realm, but the others were all completely sealed up, so he could leave the Living Realm and open the door from time to time to enter.

If the Death Realm's ability could allow Long Chen to have a stronger combat ability, then the role of the Living Realm should be a type of vitality. In this type of vitality, he could control the entire world's vitality, and even if there were no rules to revive the dead, his recovery would still be terrifying. Not only him, he could make this boundless vitality descend onto the top of anyone's head.

Even if it was the rule of rebirth, with the Living Realm, after using it once, the recovery would be even faster.

Once they had complete control over the two realms of life and death, Long Chen moved a portion of people out of the Divine Kingdom first.

"The Living Realm does not have the boundless power that exists in the Pangu Continent. The Divine Kingdom and the Pangu Continent are connected, but the Living Realm is not."

As a result, those who came to the Living Realm were people who didn't really need Pangu's Qi.

For example, for Ling Xi, the boundless life force here was a better place for her to rest. It was the same for Mo Xiaolang. As for Cat, he didn't even need to cultivate, he only needed to find his original body.

The others could also move between the God Kingdom and Living Realm at any time.

Most of the Dragon Fighter still needed a lot of spirit energy, so it was not suitable for them to come to the Living Realm. The Living Realm was just safer for them.

Once everything was settled, Long Chen had no choice but to stop and think. What would he need to do next?

"Big brother, if it's a duel between you and Di Jun now, do you think you can win it?" With the nourishment of the Primal Chaos Azure Fire, Mo Xiaolang progressed quickly.

Long Chen thought for a moment, slightly shook his head, and said: "I still feel like it's a little bit lacking. I'll stay here for a while and see if there are any new developments. After all, we have the two worlds of life and death in our hands, and we have complete control over them. The main reason is that I don't want to go out, and even Di Jun can't do anything to me. Let him continue his chase. It's just that I can't help but want to get rid of him. "

"Mm, then let's rest for a while. Since we can't find you, he should be the one who's worried." Ling Xi said from the side.

Seeing her, Long Chen smiled blissfully, and said: "You're right. At the very least, I have to wait until Yan'er is born before I go out. Of course, leaving was a foregone conclusion, but this time, he had to make the decision to kill him. Once and for all! "

If he left this place, it would mean a decisive battle in his destiny!

Cat, Zhu Xi, Yang Lingqing and the others were playing in the Living Realm. Li Xuanji, on the other hand, had been improving in the God Kingdom.

"Living Realm!"

After Ling Xi peacefully went to sleep, Long Chen stood at the highest point of the Living Realm, overlooking the vast world of life. Even if there was a speck of dust here, they were all full of vitality, as if they were just missing a soul, and that was life.

Long Chen closed his eyes. Through the core of the Living Realm, he felt the limitless flow of vitality within the entire Living Realm.

"Actually, the Living Realm is also a sea. A sea of vitality, but it's just that it can materialize mountains, rivers, trees, and everything else. But the essence of it is that it's pure life force."

Through the core of the Living Realm, in Long Chen's eyes, the entire world had already turned into an endless ocean. Life force flowed through the entire world, and that was when the sea water flowed through the entire world.

Long Chen could actually control every single ocean current.

Rules, required pondering.

He suddenly came up with a strange idea and said, "I can control the power and killing intent of the Death Realm and use that to form a calamity for the Death Realm and to kill the enemy. Then, since the Living Realm is also a ocean, and I can control the power of the Living Realm, then why can't I use the power of the Living Realm to form new rules of life? "

Rules, the most important thing was the way of thinking.

Especially for Long Chen, there were all sorts of rules within his own bloodline.

With that thought in mind, he closed his eyes and controlled the vitality of the entire Living Realm, allowing them to move about.

"The destructive power of the Edicts of Life may be the deprivation of life, the source of life!"

This rule had a very strong power.

"Actually, life is more like a type of bestowing, a type of saving, and in terms of lethality, it is definitely inferior to the Primordial Blood Spirit Dragon. However, Taiji Creature Dragon s definitely have their own rules of attack. "

What he was thinking was, how could he let this boundless life force form into an attack? The vitality would make the user stronger, but it would also make the enemy stronger. It was not the best way to attack.

But it had to be used.

"Perhaps, just like the source of life, letting the life force of the entire Living Realm form a whirlpool and absorb the life force of the enemy is a pretty good idea."

Finally, after a long period of time, Long Chen had an idea in his heart.

He began to try.

With the Death Realm's experience of killing, it was actually just a type of change, a type of agile usage. The only difference was that the Death Realm's massacre was the output of the chaos, while the slaughter he wanted to condense was a berserk devouring and stripping method! The only thing that the life force of a Living Realm could be used up was the method to replenish itself, and that method should be to take it away!

"Deny!" Took away its life force! Taiji Creature Dragon could create life, give life energy, and retract life energy. This retraction is his attack. "

On his forehead, the dark green eyes lit up.

Long Chen closed his eyes, and only his dark green eyes remained. The Heaven's Sacrificial Spear had now appeared in his hand, and he was unconsciously dancing with it. The people in the Living Realm were all looking up at him.

Suddenly, Long Chen pressed his hand.

Immediately, the entire Living Realm underwent a drastic change.

BOOM!

All living things in the world of the Living Realm suddenly collapsed and completely disappeared. An undamaged world instantly turned into a jade-green ocean, and only the place that Ling Xi and the others were on was still a complete land!

To be able to transform from an endless continent into an endless sea of green, this scene was far too exaggerated. It was practically a miracle. Even Mo Xiaolang and the others could not help but open their eyes wide.

"Living Realm, kill."

Long Chen very easily said four words.

Whoosh!

Long Chen was right in the center of this whirlpool, so this whirlpool was simply too huge. Even though Mo Xiaolang and the others were in a quiet area, just looking at it caused their souls to tremble!

The Death Realm's killing intent was pure.

And the killing of the Living Realm was strange, but also terrifying.

In Long Chen's hands, the Heaven's Sacrificial Spear had completely transformed into a jade-green color, even the light of punishment had been dyed a deep green. This huge whirlpool of Living Realm was already connected to the Heaven's Sacrificial Spear.

Weng! \*

The space before his eyes had sunk in deeply.

Of course, there were no enemies in front of Long Chen, it was as if nothing had happened to him. But in reality, if there were enemies, they should be dead. One could imagine that the destructive power of this Living Realm was not inferior to being directly slashed by the Ghost Blood Curse.

The only difference was that the Ghost Blood Curse destroyed lives, while the Living Realm's Killing technique deprived lives, so it was swallowed into the Living Realm and became a part of its power.

BOOM!

When everyone's scalp was numb, Long Chen withdrew the Heaven's Sacrificial Spear and casually waved it. Suddenly, the entire sea of life came to a standstill, and the whirlpool dissipated. In a short amount of time, the sea of life solidified and once again became a peaceful, lively world.

Ancient trees, flowers, plants, everything grew.

It was as though nothing had happened.

And at this time, Long Chen quietly landed and came to the side of everyone. Even though the rules were already passed, everyone still felt that he was terrifying.

"It should be enough." Long Chen was even more confident now.

Chapter 2996 - Good news

The Living Realm's Tribulations, the Death Realm's Tribulations and the Void Heart.

The Ghost Blood Curse and the Heaven's Sacrificial Spear.

Whether it was in terms of the rules or the creation of a divine artifact, it was at the peak of perfection. It was already heaven-defying for ordinary Divine Emperor to be able to own Eternal Creation Divine Artifact, but Long Chen had two.

However, he wasn't satisfied.

In the Death Realm, there were still two treasures. Perhaps in the end, this would become the most important thing for him to rely on in his battle against Di Jun.

The Primal Chaos Demon Saber was meant for Mo Xiaolang, and during this period of time, Mo Xiaolang had become familiar with it. With his Heaven-Devouring Tribe's personality, controlling the Primal Chaos Demon Saber wasn't too difficult, because the Ancient Giant Demon was created by the Heaven-Devouring Race.

Once Mo Xiaolang grasped the Primal Chaos Demon Saber, his battle strength would probably increase rapidly, and he would be comparable to many people on the Divine Emperor's ranking list. Below the Eternal Creation Divine Artifact, Taoist Dobao and the rest would probably not be his match.

And the reason Long Chen came to the Death Realm from Living Realm this time, was to retrieve the Buried Heavens Coffin.

In this period of time, the Buried Heaven Coffin and the Primal Chaos Demon Saber had been trying to leave the Death Realm, but unfortunately, they failed. Afterwards, the Primal Chaos Demon Saber had almost submitted to Mo Xiaolang's attack, leaving behind the Buried Sky Coffin, which sank directly into the sea of blood.

But it knew that even if it sank, it wouldn't be of any use.

This Death Realm was a world that Long Chen controlled.

On this day, after Long Chen had digested the rules of the Living Realm's Calamity, he appeared on top of the Buried Heavens Coffin. The Good Fortune Heroic Spirit of the Buried Heavens Coffin was a chaotic mass of objects. It had no form, and was just hidden within the Buried Heavens Coffin.

"Submission? Or destroy? "

Long Chen asked.

"You still can't destroy me."

The Buried Heavens Coffin said coldly.

However, his voice wasn't confident. He knew that the two primordial chaos demons had both died in battle. And Long Chen had risen by another realm.

"Then I'll try."

Long Chen laughed coldly, these Good Fortune Heroic Spirits were stubborn, if he did not give them a look, they would not submit. He wielded the Heaven's Sacrificial Spear in his hand. A jade-green light was flickering at the tip of the spear.

Creation artifacts also had a life force.

If their life force was taken away, they would also be exhausted. After all, to a certain extent, they were also a type of life. Moreover, their life force was very limited. Once their life force disappeared, the power of the Creation God Manifestation grade weapon wouldn't be affected much. However, the Creation Heroic Spirit would probably disappear.

Ding!

The Buried Heavens Coffin shook.

"I admit defeat."

Long Chen's powerful offense made the whole process extremely easy. The Burying Sky Coffin, which had previously posed a great threat to Long Chen, had now become the third divine creation artifact for Long Chen's Eternity.

The Ghost Blood Curse and the Heaven's Sacrificial Spear could be used by the left and right hands respectively.

This Buried Heavens Coffin was just like the Demon Suppressing Pagoda; it could be used at the most critical moment.

Long Chen picked up all the skeletons that were carved on the ground, the seemingly sinister and terrifying Creation Divine Artifacts. Right now, with the sea of blood roiling around him, Mo Xiaolang was fighting against the Primal Chaos Demon Saber on the other side.

The submission of the Buried Heavens Coffin could have been a huge blow to the Primal Chaos Demon Saber!

Coupled with Mo Xiaolang's status as a clan of the Swallowing Heavens, Mo Xiaolang actually controlled the Primal Chaos Demon Saber not long after he cleaned up the coffin. He stepped through the layers of blood waves and arrived before Long Chen.

"Big Brother, take this!"

Mo Xiaolang laughed in excitement as he held the Primal Chaos Demon Saber, which instantly produced three different colored flames. Under the control of his Ancestral Fire, the Primal Chaos Demon Saber unleashed an even more powerful force, and when the Primal Chaos Demon Qi and the Ancestral Fire combined, four types of terrifying energies were activated!

"Alright!"

Long Chen held the Ghost Blood Curse in one hand as the swastika word spread and swept out with a slash, once again clashing with the Primal Chaos Demon Saber. This time, when the two clashed, it set off enormous waves that covered the sky!

In the end, Long Chen still won by a bit, allowing him to fly out. Even the swastika blood curse climbed onto Mo Xiaolang's body. Of course, it was not a big deal.

However, his three kinds of Ancestral Flames were also difficult to deal with, and they also reached Long Chen's side. It could not be denied that the power of the Ancestral Flame was terrifying, if not for this Death Realm, it would not have been easy for Long Chen to extinguish them.

"Although the wolf cub is as weak and weak as me, but the Ancestral Fire has the same advantage as my rule. As long as he can catch up in terms of strength, he will become a terrifying existence. Anyway, I don't want to be his opponent."

"Big brother, thank you."

It was precisely because Long Chen had painstakingly come to this Living Realm with so much trouble, and also because Long Chen had defeated the Primal Chaos Devil, that he had obtained the realm he was in today, and even gave him most of his possessions. This brotherly love had long surpassed the

limits of life and death. Mo Xiaolang was extremely grateful in his heart, and he would of course repay the debt he owed his.

He and Long Chen both saw each other as true brothers. Even true brothers might not have this kind of blood-related relationship.

"Right now, we are all lacking a type of Infinite Divine Art with Eternity. Only then will we be weaker than our enemies in terms of strength. If only there was a type of Infinite Divine Art. "

Right now, they were still cultivating the sixth stage of the Hun Yuan Scripture, which was definitely not as strong as Di Jun's. Basically all the top ten of the Divine Emperor s had Infinite Divine Art s with Eternity.

Although he was emotional, he still had to stay here for the time being.

"Go familiarize yourself with the blade first."

"I will help you in your battle with Di Jun, brother."

Mo Xiaolang said with incomparable resolution.

"Yes." Long Chen patted his shoulder.

After Mo Xiaolang left, he took up the Ghost Blood Curse in his hand, and looked through it, to where he saw Gui Qi. This little beauty was beautiful, with a prideful look, making people look down on her, but Long Chen only considered her to be a little girl.

"What? Even now, do you still feel that I am unworthy of using you?"

In fact, Long Chen had already proven that he was more suited for the Ghost Blood Curse than anyone else. He even possessed the same level Heaven's Sacrificial Spear and the Heaven Burying Coffin. The coffin had just been recovered, and the Heaven's Sacrificial Spear was extremely obedient to Long Chen, but it was not any weaker than the Ghost Blood Curse.

"Hmph, I know you're strong, there's no need to show off your strength to me."

Gui Qi placed her hands on her hips and angrily said.

Long Chen did not bother with her, and said: "I don't need it, even if you are unhappy with me, I will still use you."

"So, it's better to wait until you defeat Di Jun before making me give in to you. It's still unknown whether you're still alive or not." I don't want to kill you just because I've approved of you. "It's better not to have any feelings for you."

Gui Qi coldly said.

Long Chen did not care what she said, and his voice turned serious as he said: "Gui Qi, I won't mess with you. I know that for me, the next challenge is very important, but that's my problem. For you and I to get together is fate, there is one thing that is very important to me, I want to ask you. "

In fact, Gui Qi was most likely joking with him, but seeing that he became serious, she lazily said: "What's wrong? Ask me? "

Long Chen said: "I heard that the Ghost Blood Curse comes from a mystical place called the 'Ancestral Star'. I want to ask you, do you know the location of the Ancestral Star? "

"Huh?" Gui Qi was shocked by this word, she had never heard Long Chen mention this matter before. At this time, her eyes flashed with fear, and she quickly said: "You want to go to the Ancestral Star? Absolutely not. That's not where you can go, nor is it where I want to go. I would rather die than go there. So don't ask. "

Long Chen finally understood.

Actually, he was only checking if this place existed or not.

So he very straightforwardly said, "As long as you know the location."

With Gui Qi saying this, it was obvious that she knew the location of the Ancestral Star. Long Chen was not in a hurry to go, he only needed to confirm if she knew where the Ancestral Star was.

It would be too late to force him.

"You absolutely cannot go to the Ancestral Star, I will not lead the way for you." Gui Qi continued to blabber on.

Long Chen was too lazy to bother with her. He returned to the Living Realm, calmed himself down, tempered his laws, and familiarized himself with the Coffin of Heavenly Burial. He then adjusted his own strength to its most perfect state.

Battling Di Jun, required a strong mentality! He wasn't completely sure, so it was as if there was a thorn in his heart, causing trouble for him all the time.

"Perhaps the longer I stay in Living Realm, the more my fighting spirit will be worn down. However, if I stay here for a short period of time, my chance of defeating him will be even lower."

This time, it was very likely that he wouldn't be able to run away just because he wanted to.

Long Chen closed his eyes.

"Then, I'll just wait for Yan'er to be born. If she's safe and sound, then I'll go welcome this battle and celebrate her birth!"

Long Chen clenched his fists and made his final decision!

He couldn't drag it out any longer.

In his arms, was the peacefully sleeping Ling Xi.

Just at this time, Zhu Xi was playing in the middle of Living Realm when she suddenly ran over and grabbed the kitten. He was extremely excited, and seeing that she was about to make a ruckus, Long Chen brought them to another place.

Zhu Xi laughed heartily and said: "Boss, that Undead Phoenix talked to me for a long time. Today, she told me a very interesting thing!"

Cat stretched lazily and said, "Did she lay an egg? "Look at how happy you are, when are you going to lay an egg for me?"

"Scram, I'll tell my boss. If I don't want to tell you, then don't cry and ask me to tell you." Zhu Xi said angrily.

"Queen, spare me!" Cat's face immediately turned sullen.

"What is it?" Long Chen felt that this was not a small matter.

Sure enough, Zhu Xi placed his hands on his hips and spoke word by word: "This is a major event! That was, in the Undead Phoenix's old book, she knew of a place that was very magical. She had been there before, but he didn't dare venture into that place.

Saying this, Zhu Xi kept everyone in suspense. She glanced at Cat and said: "This has something to do with you. If you call me Grandmother, I'll tell you!"

Cat's eyes had already lit up, but he had already guessed it.

But to make sure, he called out decisively, Grandma.

"Ha ha!" Zhu Xi laughed out loud, and when Long Chen glared, she coughed twice, and said word by word: "That place has the power of time, it is like a tunnel. It's as mysterious as the two realms of life and death. I think that's the time tunnel! "

Chapter 2997 - Invisible Things

"time tunnel?" Long Chen had a premonition beforehand, but when he actually heard it, it was still a little hard to believe.

"time tunnel!" The kitten screamed as it spread open its arms and fiercely hugged Zhu Xi. It even gave her a big kiss on her face when Zhu Xi didn't react at all!

"This cat-lord's my time tunnel? Haha! Did the heavens finally favor me? "AHH!" Boss, save me! "

When he was at his most proud, Zhu Xi was so angry that she burned him up. The two of them ran and chased each other, very lively.

"Stinking cat, get the hell back here!"

"Ahhh, save me, boss, save me! This crazy woman is going to kill someone!"

The kitten whined as it circled around Long Chen.

"Alright, Zhu Xi. I need to talk to Undead Phoenix for a while." Long Chen retrieved the divine item that Zhu Xi contacted the Undead Phoenix with. It was a feather of the Undead Phoenix, and through it, the figure of the Undead Phoenix could be seen.

"Senior, have you really been to that time tunnel before?"

Opposite of you, the Undead Phoenix said: "I don't know if it is the time tunnel you spoke of. However, that place was indeed a huge whirlpool. It was about the size of half of Pangu's Continent, and time passed by in the blink of an eye. There was a tunnel in the middle of that area. It's hard for normal people to see this tunnel, so I can't go in either. After all, the time changes in this tunnel are too fast, perhaps even tens of thousands of times different. That must be the time tunnel that you were talking about. "

Hearing what she said, Long Chen was pretty much sure that it was the space left behind by the Great Void Cosmic Dragon. It's the time tunnel!

"How many people know the location of this place?" Long Chen asked this question first.

Undead Phoenix said: "Looks like this place is very important to you. I don't think there is much information about this place in the Ten Thousand Worlds. This place is extremely remote and normal people would not be able to reach this kind of place.

The fewer people who know, the better.

Thus, Long Chen asked: "Senior, this place is extremely important to me, I hope that you can give me your seat."

He looked at Undead Phoenix with anticipation.

Undead Phoenix was silent for a moment, then said: "That's fine, but I have a condition."

"Senior, please speak."

"Personally, I feel that the place is very dangerous. Even I don't dare to enter the middle of the tunnel. It wasn't easy for me to find a Divine Phoenix whose bloodline is comparable to mine, so if you want to go in, please don't bring Zhu Xi along. At least during the time you were at the time tunnel s, you could have him stay at my place.

In other words, the Undead Phoenix was actually considering Zhu Xi's safety.

That was too simple.

"I will stay in the Living Realm!" Zhu Xi was still unwilling to go to the Undead Phoenix. After all, he wasn't familiar with this place yet.

"No problem." Long Chen replied to her. Of course he wouldn't let Zhu Xi take the risk.

"Yes, I will mark the location of the time tunnel in the star map and send it to Pangu's heart."

Indeed, within a few days, the Undead Phoenix had someone give the position of the time tunnel to Long Chen. Long Chen took a look, it was actually in the middle of the Eastern Star Region, the furthest away location, slightly approaching the Southern Star Region.

"There's quite a distance from here."

Long Chen asked the Ghost Blood Curse Gui Qi, and said: "Which star field is the Ancestral Star in?"

"I'm not going to tell you to go to this place."

"I don't remember the past. Just tell me which one it is."

"North."

One was in the east while the other was in the north. The time tunnel and the Ancestral Star were the two places that Long Chen had to go to.

No matter how terrifying the time tunnel is, it is still at the same level as the Life and Death Realm. So, he decided to say: "If I take care of Di Jun, I will first go to the time tunnel and take care of Cat's original body."

At the same time, it was also the world that once belonged to the Great Void Cosmic Dragon. Great Void Cosmic Dragon was the third ancestral dragon below the first ancestral dragon and second ancestor. Even Long Chen was created by the third Ancestral Dragon.

"Boss, you're too handsome!" Too cool! I love you so much! I can't wait to repay you with my own body! You have made such a wise decision, and I can't help but wish your children and grandchildren all the best, as well as a group of wives and concubines! "

The kitten immediately hugged his thigh, grinning from ear to ear.

On one hand, it was because he had followed for too long, and they were all brothers. But Long Chen had given the majority of his things to Mo Xiaolang, so he took less care of the kittens. On the other hand, it was also because Gui Qi was not willing to cooperate with him, and was also aware that Ancestral Star would be in more trouble, so he was more suitable to place it at the back.

"Stop talking so much nonsense. When you get your main body, you'll be the strongest. Our team still needs you to protect us."

"Don't worry, you little friends. As long as you follow the cat-lord, you will be guaranteed to eat and drink to your heart's content."

"Stinking kitten, look at you, you're so cocky. Are you courting death!?" "See if I don't burn all your hair." Zhu Xi was so angry by his arrogant look, the two of them started to make a ruckus again in Living Realm.

"Even now, the kitten still looks like a child." Seeing him playing, Mo Xiaolang smiled faintly.

"But he was indeed the person who did not panic from the beginning to the end." Of all of us, he was the calmest. It's about time that he took over as well. " Long Chen said.

Their next target had already been decided to be the time tunnel!

Their stronger path!

The only one blocking them was Di Jun!

After it had quieted down, Long Chen listened to the movements in Ling Xi's stomach. Xiao Long's vitality was getting stronger and stronger, as if she was trying to communicate with Long Chen.

Just then, Ancient God of the Wilderness found Long Chen.

"In the past few days, Di Jun has been wandering around the Pangu's heart, waiting for you to appear. I took a look and saw that he was not a simple person. there was the possibility that there was a Creation Divine Artifact with primitive level on its body. Moreover, it had fused into his body. So I came here to remind you. "

"primitive level?" Long Chen was truly shocked.

Maybe, this was Di Jun's trump card!

Something he obtained from the Dragon Sacrifice Continent.

"To be honest, I'm tempted too. However, that primitive level's Creation God Equipment is very compatible with him, so it seems to be something that belongs to your Dragon Sacrifice Continent, which outsiders cannot use. Otherwise, I would have taken it for myself." Ancient God of the Wilderness said.

"Thank you, senior."

At least Long Chen was prepared for his reminder. He would not force the Ancient God of the Wilderness to help him get rid of Di Jun. On the way, there were some enemies that he had to beat himself. If not, then there would be imperfections in his heart that would affect his future cultivation! Di Jun was the person Long Chen needed to defeat the most in his entire life!

Otherwise, he wouldn't have had to endure until today!

"The Dragon Sacrifice Continent was once incomparably powerful and boundless. It is normal for such a divine object to be left behind. You, on the other hand, if you don't have enough confidence. It's best to think twice before acting."

Long Chen had an idea.

Ancient God of the Wilderness continued: "Also, come today, although I am not suitable to settle this Di Jun for you. But it can help you a little. Over the years, I have accumulated a lot of things, some of which I am unable to use myself. For example, the Ghost Blood Curse, I gave it to the three Heavens. When I saw that you were only a Hun Yuan, I suddenly remembered that I had also received a treasure from the Dragon Sacrifice Continent. It's just that I do not have the bloodline of the Divine Dragon and am unable to use it.

Hearing this, Long Chen was already very much looking forward to it.

"Thank you, senior!"

How could the things given by the Ancient God of the Wilderness be simple?

In fact, Long Chen was very grateful to the Ancient God of the Wilderness. He did not defeat Di Jun for her, but gave her the most precious thing. There is a saying that it is better to give fish than to give fish.

Whether it's the Living Realm's core or what the Ancient God of the Wilderness wants to give me right now, they should all be considered as 'fish'.

He wanted Long Chen to become stronger, and not only to solve the problem of his opponent.

The former was only helping Long Chen in the fundamental way.

"This is the item."

An invisible object appeared in the Ancient God of the Wilderness's hand. It seemed to be a pearl but it could not be seen or touched. Only, Long Chen could clearly feel its existence, and he could feel the rich aura of a Divine Dragon from within.

"Actually, this thing was found in the Living Realm. I once thought that there should be a Infinite Divine Art hidden inside, which should be the Eternity, because it cannot be opened without the divine dragon's bloodline. Just take a look for yourself. "

Ancient God of the Wilderness placed the formless object on Long Chen's hand.

An ice-cold Qi entered Long Chen's hands, giving him a refreshing feeling. It was as if a divine dragon had entered his body from within.

"This is all I can do for you. You have a long journey ahead of you, and the most important step you have to take is by yourself. My cultivation is limited, and I am unable to help you accomplish anything. However, I truly hope that you can obtain victory in this decisive battle! "

"Long Chen will naturally do his best, we cannot disappoint Senior's expectations." Long Chen bowed deeply towards him.

"I'll be leaving first." Ancient God of the Wilderness once again left the Living Realm, leaving this place to Long Chen. He gave the thing that Long Chen needed the most! After Ancient God of the Wilderness left, he immediately started to study the formless object.

Closing his eyes, he carefully sensed that there seemed to be billions of divine dragons surging within a small radius on that invisible ball in his hands. In Long Chen's hand, the inherited blood essences of the five Ancestral Dragons appeared and fused into that ball, which immediately trembled for a moment, turned into liquid and fused into Long Chen's arm, which then spread throughout his entire body!

Under this formless energy, the trillions of changes in Divine Palace, and Hun Yuan's divine power at the Hun Yuan level, began a new round of transformations!

#### Chapter 2998 - Formless Dragon Essence

There were some bloodlines that could not be made up for by any other means.

For example, this was a type of Infinite Divine Art that even the Ancient God of the Wilderness could not use. But once it was in Long Chen's hands, it simply became Long Chen's own in an instant.

Of course, even under the transformation of the Infinite Divine Art, Long Chen's understanding of this new power was also very limited. He didn't even know the name of this Infinite Divine Art.

With the first transformation of the Infinite Divine Art, it had become an invisible force, as if it had completely disappeared. However, Long Chen was able to feel its existence, and could even feel that compared to Hun Yuan's divine power, the new force was much more solid, vast and majestic!

"It's definitely the Divine Source Power of the Eternity."

Even if only a small part of the power had been used, Long Chen could roughly guess. The value of one portion of the Eternity and Infinite Divine Art would not be inferior to a Creation Divine artifact with the same level of Eternity. Ancient God of the Wilderness gave him a huge present.

This Colourless Pearl made Long Chen feel at ease.

He didn't even need to spend too much time cultivating. The power in his body automatically transformed. It was as if this divine object had waited for him for a long time and finally met him today.

Of course, it was also because of his bloodline.

He had inherited the blood of five ancestral dragon-inherited blood, which was a form of suppression for anything that came from the Dragon Sacrifice Continent.

He was waiting for the completion of the complete transformation of his power. That would be a moment of unprecedented strength.

He was also waiting for Long Yan's birth. It had already reached the final moment, and Yang You and the others were constantly watching Ling Xi. After all, perhaps in the next moment, the time would come when they would be born.

Another ten days passed.

Long Chen heaved a sigh of relief. He had finally managed to transform all of the Divine Source Power into her Eternity before Long Yan was even born. When he truly achieved the power of Eternity, he finally knew the difference in level of Hun Yuan and Eternity. No wonder Di Jun and the rest had the power to crush him. The power of the Eternity was simply too enormous.

Probably even a Hun Yuan class world could be destroyed instantly!

In fact, this was a power that only the Hierarch was worthy of!

It looked as if he wasn't even a Divine King, but in reality, the formless divine power was like an endless ocean that surged through his body. Long Chen didn't even know the name of the Infinite Divine Art, but he had randomly chosen one, and it was called 'Formless Dragon Essence'.

Actually he knew, the only reason he still did not know the true name of the Infinite Divine Art was because he had yet to fully open it.

The moment they came into contact with each other, they blended into my power and helped me achieve the power of my Eternity. Other than that, I don't know anything else. The only possibility is that I don't know everything about it yet. There should be an even higher level of enlightenment, one that requires true cultivation to be able to stimulate. that should be a type of 'primitive level' Infinite Divine Art? "

This was what the Ancient God of the Wilderness had obtained from the Living Realm.

Furthermore, Ancient God of the Wilderness said that this was at least the Infinite Divine Art of the Eternity. In other words, it could also be the primitive level.

Long Chen had only opened a small part of it, yet it had become a Infinite Divine Art of the Eternity. Therefore, his guess was quite possible.

"If it really is primitive level's Infinite Divine Art, then this gift is truly valuable. Items of primitive level are all great treasures to a Sovereign God, and in fact, in the entire Myriad Realms, they are already considered top grade treasures. The Infinite Divine Art, which presumably does not have any origin level within the myriad realms, is already considered the highest level of power. "

In the current ten thousand worlds, aside from the Palace of Dragon, there should be no other object of origin.

"Ah, primitive level!"

The first thing Long Chen knew about primitive level was still the same like the one that was on Di Jun's body.

And now, it was most likely the Infinite Divine Art of the primitive level that had appeared on his body.

"No wonder the ancient god didn't give it to me the first time. He was also reluctant to give it to me in the beginning. After all, he didn't finish his research. However, he was willing to give it to me afterwards. This is his great help to me. "

Long Chen understood his good intentions.

The Ancient God of the Wilderness still stood on his side.

"However, I still do not have the ability to trigger this Colourless Pearl that is deeper. The strength of my Eternity, is already enough to display the limit of my abilities! "

From the beginning of the Death Realm's massacre, with the Great Void Heart, the Living Realm killed.

Now that he had achieved the power of Eternity and consecutively advanced by leaps and bounds, Long Chen was already far, far stronger than when he was fighting the Primal Chaos Demons.

"I wonder if the current me has the qualifications to compare with Hierarch Hierarch?" Di Jun could still make the Tianyin Region Lord feel helpless towards him. "If I want to defeat Di Jun, I should be able to do so!"

"Unknowingly, I've already become a top existence in the ten thousand worlds!"

Long Chen's heart was full of passion and blood. From the moment he left the Dragon Sacrifice Continent, he had not experienced much, and his cultivation had advanced by leaps and bounds. From the Godly Demon Zhou Mountain to the Pangu Continent, he was already comparable to a Sovereign God! He had become one of the supreme Paragons of the Myriad Realms!

"If that's the case, then why is it impossible for me to kill the Heaven-Devouring Tribe and leave ten thousand worlds peaceful?" Long Chen's eyes were full of hatred and hot blood. By now, he already had an even stronger confidence in himself!

"It seems that you've already succeeded."

The Ancient God of the Wilderness had always been paying attention to him and at this time, he was also outside the Living Realm. Long Chen opened the Living Realm and let him in.

"You must have already felt it. There seems to be two stages within this Colourless Pearl. You were able to attain the power of Eternity after opening the first stage. I believe that if you can open the second stage, you should be able to attain the power of primitive level."

"It should be like this. I will never forget the fact that Senior gave me such an important treasure. "In the future, you will definitely remember today's kindness." Long Chen said solemnly.

"That's not a big thing. If you can save ten thousand worlds in the future, that's my benefactor." Speaking till here, the Ancient God of the Wilderness paused, looked at Long Chen, and suddenly said: "I saw that you have continuously grown, your fighting strength has already reached the pinnacle, however, you still do not seem to have the confidence to win the battle with Di Jun. In terms of cultivation level and rules, my disciple is slightly stronger than Di Jun. Aside from the God Creation Art of the primitive level, he should be even more terrifying than Di Jun. You can try it on him first. In his heart, he reckoned that he would have some ideas. "

His disciple, was the current Desolation's Master, Goddess of Desolation.

"Can he give me some pointers?" Long Chen's eyes lit up. Honestly speaking, he was indeed lacking a standard. He was not sure how far he had progressed, so he did not know if he could defeat Di Jun. If Goddess of Desolation could come and spar with him for a bit, then it would be for the best.

"Of course there's no problem. I'll let him in right now." Ancient God of the Wilderness smiled, his face full of wrinkles.

After Long Chen expressed his thanks, he turned around. Ling Xi was taken care of by a lot of people, so right now the problem was not big.

After a while, the Desolation arrived and stood respectfully behind him. With his tall body, the barbarian race's Ancient God of the Wilderness in front of him was equivalent to one of his arms.

"Master, I'm ready. It's said that Long Chen has been improving very quickly recently. I also can't wait, I want to know if you have the power to fight against the Hierarchy. If there is, you are truly a super genius who hasn't been born in the tens of thousands of years of the world. "

The Desolation Lord's eyes were also full of fighting spirit. He was an existence stronger than Di Jun.

"Since that's the case, then let's go to Death Realm. Please follow me. " There were many people in the Living Realm, so coming to the Death Realm was more like a battlefield. It was more suitable for battle. He opened the door of the Death Realm, and went in together with the Ancient God of the Wilderness and the Desolation Lord.

Before long, the Ancient God of the Wilderness had disappeared into the darkness and Long Chen was facing off against the tall Desolation Lord. The Desolation Lord looked around and said with a smile, "This place is beneficial to you. However, you just want to test how far you are, so all I need is one move. If you are able to catch it, it means that you have the strength to fight against the Hierarchy. It should be around the same as Di Jun. "

"Alright!"

Long Chen's fighting spirit surged!

"En!"

The most violent thing was still the power of the Eternity. In terms of power, the barbarian race would normally surpass their opponents, and even though Long Chen had the power of the Eternity, he had only closed the distance between him and the Desolation s!

"Ready!"

Suddenly, the Desolation Lord appeared in the distance.

BOOM!

With him at the center, the overwhelming sea of blood water surged towards Long Chen, forming an incomparably terrifying first wave of attack. The entire Death Realm was affected by his aura, and started to stir crazily!

RUU...!

Every time the Desolation Lord moved his muscles and bones, they would emit a loud rumbling sound. Right now, his entire body was covered in an earthen yellow energy, and under that energy, the surrounding sea of blood would change, from liquid to solid, forming an endless continent!

"Receive my attack!"

When he made his move, the Desolation Lord did not forget to remind Long Chen.

With a roar, he decisively made his move, throwing out a simple punch!

As long as Long Chen could withstand it, it would become a symbol of his strength. After all, he was a true Sovereign God, and his realm far surpassed Long Chen's!

"Desolate God Fist!"

One punch!

The fist imprints covered the sky! Everywhere he went, the sea of blood would immediately freeze and transform into a barren land that was the color of earth. Everything around the Desolation Lord made him assimilate into it himself.

Chapter 2999 - At That moment

The attack of a Paragon God!

Long Chen's mesmerized eyes could sense this wave of energy. Forget about the boundless attacks, just the laws of Tai Yi Shen Jing alone, although simple, had undoubtedly exploded the power of the's Divine Spirit to the extreme.

When he opened his eyes again, he saw a desolate world in front of him. It was a barren land and a terrifying power that could destroy the heavens and earth was rushing towards Long Chen. Countless worlds had fallen on Long Chen's body.

"Destroy!"

In the rules of attack, the Desolation Lord could be vaguely seen. However, his face was simply as enormous as the entire continent.

BOOM!

His divine might was vast and boundless!

The might of the Zhi Zun Spirit had already moved Long Chen's Death Realm, and with his own power, he was able to control the Death Realm, making it impossible for Long Chen to draw the strength and help he needed from the Death Realm.

"How do you deal with this?"

The voice of the Desolation Lord blotted out the sky as it rumbled over. It was a mental attack that targeted the primordial spirit. Under this kind of attack, it was very likely that the Desolation Lord's opponent would not even be defeated, and her heart would already be defeated.

It was time to strike back!

Ding!

At this moment, Long Chen was extremely straightforward, and directly brandished the Heaven's Sacrifice Spear. The silver spear rolled in front of his eyes, releasing a sharp hissing sound. Tens of thousands of sharp lights exploded out, piercing through the surrounding barren energy. In the midst of the raging winds of this desolate world, Long Chen was incomparably calm. At this time, he held onto the Heaven's Sacrifice Spear with one hand and suddenly, the space between his eyebrows split open, revealing a jade green eye! At the same time, what existed in his eyes were not eyes, but an endless sea of life!

It was exactly the same as when he was using the Death Realm's Killing technique!

The only difference was that the one rolling was the Living Realm! On the side of the Living Realm, other than where Ling Xi and the rest were at, the rest of the Living Realm had once again turned into an ocean of life, forming a giant vortex that went against the heavens, forming a terrifying devouring force! On Long Chen's side, the Heaven's Sacrifice was entirely green, with countless green veined patterns on it. It was spinning, spinning all the way to the tip of the spear, and then condensing into a dark green speck of light.

"The Living Realm is killing us!"

The power of the Living Realm appeared within the Death Realm.

Even though Long Chen was currently in the middle of the Death Realm, behind him, there was an endless dark green vortex. It was a vortex of life energy, incomparably majestic and vast, and Long Chen was right in the middle of it all. His Heaven's Sacrifice Spear was the core of the Living Realm's vortex!

Just as the Desolate God Fist was about to descend, Long Chen had completed the Living Realm's slaughter and struck out violently!

The Heaven's Sacrificial Spear was like a long snake coming out of its hole!

"Whiz!"

The charge of the Heaven's Sacrificial Spear triggered a change in the life whirlpool. The life whirlpool revolved at a terrifying speed, and wherever the Heaven's Sacrificial Spear went, the entire wasteland would be destroyed as it was devoured by the Heaven's Sacrificial Spear into the Living Realm!

This was a contest between rules, between strength and strength!

In terms of the level of rules, even if the Desolation Lord was a Divine Sovereign level rule, she was still weaker than Long Chen by a little.

In terms of power, even if Long Chen had already achieved the power of Eternity, he would still be inferior to Desolation Lord. Of course, if he was still at Hun Yuan Level, the difference would be even greater.

Fortunately, Long Chen had used the Heaven's Sacrifice Spear, the Heaven's Sacrificial Spear's power had become the key this time around for Long Chen. He had relied on the Heaven's Sacrifice Spear to advance forward and the Living Realm to kill him and absorb his life.

Bang!

The fist of the Heavenly Sacrifice Spear and the Desolation Lord was just inches away from each other. The rules and power between the two were clashing frighteningly at this moment! The impact that Long Chen had to endure at this time was simply too terrifying. He had no choice but to ignite his flames of life, in order to prevent himself from being blasted flying by his opponent. This was the opponent's absolute advantage in terms of strength!

However, the Living Realm's slaughter also caused great trouble for the Desolation's master. Although the Desolation's master was confident that she could suppress Long Chen, at this moment, his arm was withering at a speed that could be seen with the naked eye. That exuberant blood energy and life force was completely sucked into the spinning Heaven's Sacrifice Spear!

Desolation Lord's face changed.

"Enough."

He suddenly laughed and withdrew his fist. After leaving the range of Long Chen's attack, his laws were also withdrawn and stopped his attack. The Death Realm that had been turned into a desolate world once again appeared in front of Long Chen's eyes!

"Alright!"

Long Chen understood what he meant. When he withdrew his hand, Long Chen also immediately withdrew his hand and withdrew his Heaven's Sacrificial Spear and Living Realm's Tribulations. Under his control, the eye in between his brows first disappeared, then the entire Living Realm returned to tranquility. From that ocean of life, he once again turned into a complete world, as if nothing had happened.

Instantly, the Death Realm was quiet.

Desolation Lord still had a surprised look on her face as he said in a slightly helpless tone, "It's about time. He could probably face the Hierarch without losing. It could contend with supreme gods. Di Jun was about the same. It can be said that you are now one of the top dozens of experts in the Ten Thousand Worlds. "

In all the realms, someone at the level of the Divine Emperor could be considered an emperor and a strong warrior.

The Godking could be considered an ordinary expert.

As for the supreme deities, they were the supreme beings, the emperors among Emperors, and the strongest among experts. They were all supreme figures in the entire Myriad Realms. Now, even if Long Chen has officially stepped into this level!

From his battle with the Desolation Lord, Long Chen had some confidence and experience. At the very least, now that he was facing Di Jun, he didn't need to run anymore and was forced into a corner. He had once been almost killed by Di Jun at the Blood Spirit Abyss, and had been forced to flee Death Realm twice in a row on the Pangu Continent. However, the current him was a far cry from the him of the past!

The Ancient God of the Wilderness appeared again and he said with a slight smile, "The most important thing this time, was that the power of my Eternity was still effective. Otherwise, your strength will be far too inferior to the enemy's. "

Long Chen was clear about this point, so he had to thank the ancient god even more.

"Honestly speaking, you can challenge Di Jun anytime now. We will be waiting and see." Of course, you can decide for yourself when to make your move. Since you already have two worlds, no matter what, Di Jun will not be able to defeat you. You have countless opportunities to rise up again. "

If Di Jun wanted to get his hands on the origin dragon palace, naturally it would be hard. In comparison, Long Chen was also extremely curious. What exactly was the Primitive Creation Deity Equipment that he had obtained? Perhaps, he might be able to snatch it away.

Compared to the Origin Dragon Palace, Long Chen might even be able to use the thing with primitive level.

Then, the Ancient God of the Wilderness and the Desolation Lord left first, Long Chen returned to the Living Realm, and the moment he returned, he couldn't wait to get to Ling Xi's side. At this time, Ling Xi was in a strange state. Her entire body was enveloped in a white brilliance, making it difficult for people to see her appearance.

Yang You, the Jade Flower Divine Emperor and a few Dragon Emperor were all nearby. At this time, everyone had already surrounded Ling Xi, waiting for a new life to come for them.

"Brother Chen, it should, should be today!"

When Ling Xi saw that he had arrived, her bright eyes gained a great deal of luster. To her, Long Chen was the absolute backbone of her life.

"Yes." "Relax." Although Long Chen had let her relax, he couldn't help but be nervous. After all, this was his first child! He discovered that when he looked at Ling Xi's lower abdomen, he saw that Ling Xi was only a baby girl at that time, and sometimes, there was even a little red dragon. He could not help but feel sweetness in his heart, wishing that she could be born immediately.

Everyone was waiting in the vicinity, anticipating the moment to come.

The entire Living Realm was completely silent. Even the normally noisy Little Cat and Zhu Xi had quietened down at this time, and hid at the side, watching with a thief. Because of his parents, Long Yan was destined to be a princess once he was born.

Not far away, Li Xuanji was also standing at the side, watching in a daze. She did not come out for a long time, but the moment she heard about Long Yan, she couldn't help herself.

"It seems that the time has come." Ling Xi seemed to be confused, her words were like incoherent speech, at this time, she was leaning against Long Chen, Long Chen tightly held onto her palm, it was warm, but at the same time, it was ice-cold.

"Everyone spread out. Don't watch." Yang You was about to have a darling granddaughter, and was more excited than anyone else. Soon everyone was waiting in the distance. Under Long Chen's manipulation, heavy trees appeared in the surroundings, surrounding him and Ling Xi. Although it was not appropriate for him to be here, Long Chen still couldn't be at ease. After all, this child had already been here for too long.

He kept his eyes on the child with his eyes closed.

"Ugh ..."

Suddenly, Ling Xi let out a somewhat painful sound, as Long Chen became nervous as well. But he quickly discovered that something was wrong. The life force of Ling Xi in his arms was rapidly decreasing, while the little fellow's life force was becoming more and more exuberant, and she was actually absorbing his life force!

"Brother Chen!"

Ling Xi also felt it. She could see that her body was drying up, and the child in her stomach was like a bottomless pit, frantically swallowing and washing up. It was as if she was preparing for her birth!

If this continued, Ling Xi would definitely die.

Long Chen was shocked. He didn't know what was going on either, but he had a choice in mind, so if there was a possibility that he had to choose a choice of words, he couldn't possibly let Ling Xi die for the sake of this child.

However, if he did not stop this situation ...

In his eyes, this child was indeed like a bottomless pit, and even if he completely devoured Ling Xi's vitality, it would still be difficult to fill her up. This sudden situation had already extinguished the joy and nervousness in Long Chen's heart.

"Don't be afraid." He tightly grasped both of Ling Xi's hands. No matter what, he would not let anything happen to Ling Xi.

"Don't!"

Chapter 3000 - Deceiving God Child

"Don't panic!"

As the dragon's face crazily devoured Ling Xi's vitality, Long Chen held down the restless Ling Xi. At this time, she had no way to think through it properly, so Long Chen made his own decision.

It could only be said that the child's potential and bloodline was too terrifying, which was why she needed such a tyrannical life force when she was born. As a child, she could only absorb it from her mother's body, and had no idea that her huge gap would lead to her mother's death.

Therefore, Long Chen did not blame Long Yan.

What he did, was to directly control the Living Realm. This place was the Living Realm, and what was lacking the most was life energy! In this crucial moment of life and death, Long Chen drew in a huge amount of vitality and poured it into Ling Xi's body. He had already reached an accomplishment in understanding the rules of life, using the vitality of the Living Realm to sustain Ling Xi's life, wasn't anything difficult.

When Ling Xi stabilized herself, Long Chen transferred the Living Realm's power to the fetus. He didn't need to absorb the dragon's face, he immediately poured it into the fetus's body, allowing her to digest and consume it. With this much strength, there was no need for Long Yan to devour Ling Xi's body.

The situation had finally stabilized.

"What's going on?"

Everyone was surprised to see that a huge amount of heaven and earth turned into a river of life, rushing towards Long Chen's direction.

However, if something were to happen, Long Chen would definitely not be this calm. Although everyone was nervous, they did not dare disturb him for the time being.

"It's fine."

patted Ling Xi's anxious face. Now that the Living Realm's power had converged into a river and replaced Ling Xi, her dragon face was fully recovered. With the help of the Living Realm's power, the child became very majestic and might be very weak in the beginning.

"After all, she would be the little Ancestral Dragon. You can't blame her for being like this." Ling Xi had passed through the tense moment just now, and now she was hurriedly saying good words for Long Yan. She was worried that Long Chen didn't like the child because of this.

"Alright, I definitely understand. Rest assured. " Long Chen was no longer nervous. He was more looking forward to the day when this child was truly born where she would start off with so much life energy. At the very least, he could be sure that she was different from Long Chen.

He waited like this, and in the end, four hours passed!

Four hours was a shocking time!

Fortunately, at this time, the rate at which the dragon's face devoured life force had slowed down. He estimated that it wouldn't be long before it became saturated. It would be about time he was born.

"If it wasn't for the fact that we came to the Living Realm at this time, how could she have absorbed so much life energy?" Long Chen thought to himself. He came to the Living Realm right this time, otherwise, Ling Xi would definitely lose his life.

Thinking about what would have happened in Living Realm, about how hard it would have been to make such a decision, Ling Xi was scared stiff.

"It's a good thing that we're so lucky right now." Ling Xi said in satisfaction.

At this time, Long Yan had almost stopped absorbing life energy. When Long Chen took a closer look, he could not imagine that this tiny fetus actually possessed a boundless life force that was not inferior to his, surpassing everyone except Long Chen. She had not been officially born yet!

"What a little monster."

This could only mean that his bloodline was truly too powerful. If she had been born normally, he would have considered having a few children as soon as possible to play with her ...

"Brother Chen!"

Just as Long Chen was relaxing, something new happened!

Ling Xi clenched her teeth. Long Chen could immediately feel that after absorbing a large amount of vitality and reaching perfection, Long Yan was not going to stay idle any longer. She actually directly devoured the vegetative energy on Ling Xi's body!

At the same time, he was also devouring spiritual energy into the surrounding world. However, in the surrounding world, there was not much spirit energy so Ling Xi had become her main target. Under her kind of devouring, before long, Ling Xi's body would probably be completely devoured! At that time, she, who had already become a Divine Emperor, might even become a cripple.

"What a troublesome fellow!"

Long Chen could only open up the Divine Kingdom and send Ling Xi in. After all, the Divine Kingdom was currently the same as the Pangu Continent, and Pangu Continent was the world of primitive level. Its Pangu's Qi was the best type of spirit energy in the entire world.

Hu hu hu hu!

Right after entering the Divine Kingdom, Ling Xi had become the core. In the entire new world, all of the Pangu's Qi s devoured by the Origin Dragon Palace had converged towards Ling Xi's direction.

"How is it?" Long Chen hurriedly asked Ling Xi. After all, she knew her own situation better.

Ling Xi answered with some difficulty: "It seems like she still thinks it's too slow, less, she wants to absorb it from my body."

The vegetative energy that was on Ling Xi's body had the greatest effect on her dragon face. Although the Divine Kingdom had a lot of power, which was almost at the same level as Pangu Continent, it was still not enough to satisfy this child.

"I'll go!"

Long Chen became nervous again. He had not been this nervous in a long time, for one was his woman and the other was his daughter. If even the Divine Kingdom couldn't satisfy her, the only way was to leave!

"Chen Er, what's wrong!"

Yang You and the others had also progressed.

"Yan'er is absorbing a large amount of energy, affecting Xiao Xi. I have to take her outside."

Yang You was startled and said, "How could this be?" Go outside? "Isn't Di Jun waiting for you outside?"

"There's nothing we can do." He hoped that after he left, his dragon face would be able to focus on absorbing the Pangu's Qi and let Ling Xi go. Even if he was in the Divine Kingdom, it would be hard for Ling Xi to hold on for too long, even though his life wasn't in danger this time, Long Chen didn't want Ling Xi's cultivation, which he had spent so much effort to obtain, to be wasted!

He opened Living Realm and rushed out. This was the Pangu's heart, but it was true that the Barbarian race's territory was still too small for Long Yan. This place was a little too small for Long Yan, so Long Chen had no choice but to bring her to the top of the Pangu's heart. This place could swallow the Pangu's Qi that came from all over the Pangu's heart.

"And now?"

Because he had the connection with the Three Lives Love Silk, Long Chen could also feel the dragon's face devouring his power.

Ling Xi heaved a sigh of relief and said: "I feel much better now. "I've stabilized."

Rumble rumble rumble!

A large number of Pangu's Qi surged towards Long Chen like a torrent. Not only did it come from Pangu's heart, it also came from the entire Pangu Continent. Long Chen was at a slightly higher position in the Pangu's heart.

Since Ling Xi was fine, it was extremely good news for him. He looked around and could not help but smile bitterly.

"Looks like Yan'Er is going to be born here in such a high-profile manner."

To have such a daughter, Long Chen had mixed feelings. If she was already like this before she was even born, what would happen if she was born in the future?

Damned divine artifact.

"Long Chen, what's wrong?" The Desolation Lord and the numerous barbarian Divine Emperors had sensed the commotion from the barbarian's side.

"A small matter. I would like to request Sect Leader to allow me to stay here for a period of time." Long Chen hurriedly said.

After all, this place was above someone else's head, and what it devoured was the spirit energy of their Pan Gu continent. They saw that the surrounding Pangu's Qi had been greatly reduced. Of course I'm curious.

"That's not a problem. However, since you've appeared here, Di Jun will definitely appear." "According to our agreement, we won't be able to help you."

Desolation said.

"Yes." Long Chen would also not break the agreement. The Ancient God of the Wilderness had already helped him too much. The battle of destiny with Di Jun, no matter what, he had to do it himself!

He suddenly took a deep breath.

"Xi'er, is Yan'er making me choose to complete this life-and-death duel at this most important moment to celebrate her birth?"

Long Chen had always been waiting for Long Yan to be born, waiting for him to become strong, he decided to come out and fight with Di Jun at that time, but every time, he was actually hesitating, hesitating whether he was a match for Di Jun or not. After all, he might be able to obtain the God Manifestation Weapon from the primitive level!

If he hesitated for a long time, it would definitely not be a good thing for him. At least in his heart, he was already a loser.

Today, because of the birth of the Dragon Face, he had to come to the Pangu Continent and leave the Life and Death Realms so that Ling Xi wouldn't be in danger. As long as he was here, it meant that Di Jun would come looking for him.

"Does it have to be like this? It would be better to stay in the Divine Kingdom. I will suffer a little and be fine." Ling Xi grabbed his arm.

"This won't do. Today, I no longer have any room to retreat. I'm just sorry that I wasn't able to stay by your side when Yan'er was born." However, I will give you the best news and give you a satisfactory answer! "

Unknowingly, his blood had started to boil.

"You must return alive!"

Ling Xi shouted with tears in her eyes.

Nothing, compared to this sentence, became the reason for Long Chen's battle.

Ling Xi must stay here, Di Jun will definitely come, he must fight!

"I will definitely return alive!"

Long Chen said with absolute certainty.

For a very long time, he had been lacking a reason to deal with Di Jun! And today, in the midst of Ling Xi's tearful eyes, he saw ... In that young life of Long Yan's, he saw ...

The reason he had come back alive was to see his wife and son, and to enjoy the joy of his life. This was not a small matter, but the most important thing in Long Chen's life.

"This is my promise to you and Yan'er." "You just need to bring her safely into this world."

"Tell her that her father is a great man."

After speaking, a figure appeared in the sky.

It was none other than Di Jun, who he hadn't seen for a long time.
