

War God 3011

Chapter 3011 - Ancestral Dragons Trace

The first teleportation, the teleportation, took place more than a month ago. As a result, they were able to reach the vicinity of Dragon Sacrifice Continent.

Back then, when Di Jun controlled the universe door for the first time, it took longer to reach the 3rd Heavenly Layer. Of course, he took a long time to obtain the gate to the universe. It was said that the Hierarch Taihao lent the gate to the universe to Di Jun, and Di Jun had done something for him. After that, he handed the Cosmic Hades over to Di Jun.

Long Chen came out from the Divine Kingdom.

"The space and world levels around here are indeed too low. It is the weakest place in the Allworld right now. "

"It looks like the Lingsu Star Sea in front of us."

Ling Xi's long hair fluttered in the wind as she pointed at the resplendent sea of stars in front of her.

"Yes, the first other world we set foot in."

The two of them passed by the Lingsu Star Sea and remembered that they had defeated the Heavenly Demon Ji Yuan for the first time. and brought him to the Death Realm.

At this time, the Lingsu Star Sea was still very peaceful, Long Chen did not disturb their lives.

"The Sphinx is truly pitiful. She went to the Dragon Sacrifice Continent, met Di Jun, and fell deeply in love with him. She gave birth to a pair of children for him. Who would have thought that in order to be strong, Di Jun would first kill Mo Xie, then use a scheme to kill Sphinx, and finally didn't even let his children off. You can be considered to have avenged the Sphinx by killing such a person. "

This was the story between Di Jun, Ling Su and Mo Sang.

The Dragon Sacrifice Continent that happened in the Archaeozoic era.

The three of them looked a little like Long Chen, Ling Xi and Li Xuanji.

However, Long Chen and Di Jun had always been different. Therefore, Long Chen was now very happy, while Di Jun was the one who was destroyed.

Long Chen once again used the Universe Gate to travel a large distance, and directly arrived at the edge of the Dragon Sacrifice Continent. Looking from afar, what appeared in front of him were two giant planets, but one of them was gray in color, while the other was filled with dense fog.

"The Dragon Sacrifice Continent has actually turned out to be like this!"

Ling Xi's eyes looked a little sad. This was also the place where she grew up in.

"Damn it!"

Long Chen had the deepest feelings for this place in his heart, but to him, this was his home, the only place he had a sense of belonging in the Ten Thousand Worlds.

From then on, they were homeless people, rootless duckweed.

"Brother Chen, we will definitely rebuild this place in the future. "Don't be sad." Ling Xi held onto his palm.

"I'm fine. "Let's go take a look."

Long Chen had already guessed that it would look like this and was mentally prepared for it.

"Let's take a look at the Star of Destiny, Incantation and the Land of Origin of the Divine Dragon first."

He first came to Star of Destiny, stepping on this land, the gravity of Star of Destiny was nothing to him now.

He leaned on the ground, his eyes piercing through the countless dirt. Looking carefully, the cursed divine dragons were still hiding here, waiting for Long Chen to find a way to remove the curse.

"Seniors, please do not worry. I already know the location of the Ancestral Star. "In the future, I will definitely try my best to bring back a method to break this curse!"

If the Star of Destiny was well, he would be at ease.

Following that, he went to the Incantation. Everything in the Incantation was still the same. Di Jun did not destroy this place.

"They have been asleep for too long, and have been cursing for such a long time. How pitiful."

Looking at the boundless black stars, Ling Xi's eyes reddened. She was a sensitive little girl in the first place and couldn't bear to see something like this. At the same time, she also understood that Long Chen's responsibilities were deep.

Countless divine dragons, all the hope of his legacy, rested on his shoulders.

On that day, Long Chen looked at the endless stars.

"One day, I will make the divine dragons that filled the sky descend upon the ten thousand worlds. I will rebuild the ten thousand worlds' new core here! I want the Dragon Sacrifice Continent to become a top-level world that surpasses the Pangu Continent! "

The exuberant and rich spirit energy of the Pangu Continent seemed to have let Long Chen see the Dragon Sacrifice Continent of the Divine Dragon Soaring Time. At that time, the Dragon Sacrifice Continent would definitely be even more beautiful.

And then, they went to the Divine Dragon Plane.

"This is actually the most mysterious place in the world."

Ancestral Dragon Cave.

"I'll go take a look."

This was the second time Long Chen was so close to the Ancestral Dragon Cave.

The last time was when he took the Inherited Dragon Stairway.

Ancestral Dragons were born here! Who knew what would happen in this Ancestral Dragon Cave? A mysterious abode? Or even to another world?

No one knew.

Long Qinglan had once stepped into the Land of Origin of the Divine Dragon, but he had not gone far.

The moment Long Chen stepped inside, he could feel a mysterious and ancient power expelling him. With every step he took, this power increased by over a hundred times, and when Long Chen took a few dozen steps, the world that he hadn't even seen before was instantly blasted out.

"Looks like I don't have the qualifications to enter."

The current him couldn't obtain any information after entering.

He thought he could hear something, see something.

"The Land of Origin of the Divine Dragons! The source of everything. This time, we will be able to understand the mysteries of this place after returning. "

The first time he came here, in his eyes, this Divine Dragon Plane was just an ordinary place. It was similar to the battlefield of the gods. Now that he had returned, things were different.

"It looks like I can't be too anxious if I want to find out more about this divine dragon's origin."

His heart quieted down.

"Let's go in and take a look."

After stabilizing his emotions, he pulled Ling Xi and entered the huge ball of air formed by the destruction of the Dragon Sacrifice Continent. Long Chen immediately transformed into the Primordial Blood Spirit Dragon and swam around inside it.

"What a fragile world." Long Chen couldn't help but sigh.

A hundred years later, the dragon sacrifice was annihilated.

As expected, the Dragon Sacrifice Continent was annihilated today.

The prophecy of the Blackjade Dragon was actually this accurate.

"Right, where is the Black Jade Dragon Head?"

Long Chen looked around.

In the end, he saw that right at the core of this sphere was the Black Jade Dragon's head. Under the destruction of Di Jun, he actually did not destroy it.

In the midst of the countless dust, Long Chen saw the dark head of the Black Jade Dragon.

It was still dead silent, like a stone.

Looking at it, Long Chen recalled the first time he stood on top of the Black Jade Dragon's head.

"He was really young at that time ..."

People change.

The current Long Chen was even more mature.

He touched the head of the Black Jade Dragon and thought of something. Since this Black Jade Dragon head was terrifyingly tough, would his current self be able to destroy it?

Although it was said to be a sacred object.

However, he had to give it a try.

Thinking about that, Long Chen already condensed the power to punch out, he bellowed, and punched the Black Jade Dragon's head.

BOOM!

A tremor rang out.

Long Chen flew backwards.

In front of him, cracks had suddenly appeared on the Black Jade Dragon's head. It really had shattered.

BOOM!

The entire Black Jade Dragon's head exploded.

It transformed into countless black sand and shattered.

"It really broke!"

Long Chen was a little dazed. The legendary indestructible things had all been destroyed by now. Although this was inevitable and he was already very strong, he still thought in his heart that this should be impossible to destroy.

"Even the Dragon Sacrifice Continent is gone, not to mention the head of the Black Jade Dragon."

He sighed helplessly.

"Brother Chen, what are you looking at?"

Ling Xi was more meticulous. She saw two spherical black stones among the countless of black powder, and it was not very big. Long Chen immediately went over and took control of the two spherical rocks.

"These are its eyes. It actually still has them."

To be able to withstand Long Chen's strength and not be extinguished, it was clear that the eyes of the Black Jade Dragon Head was extraordinary.

"There are words on it!"

Ling Xi said in surprise.

Long Chen looked carefully, and it was actually the words of the divine dragon from before the era.

On the left, Long Chen read it carefully, and his heart was in ecstasy.

"What?" Brother Chen. " Seeing his expression, Ling Xi knew that it must be a good thing.

Long Chen said, "Seventh, the universe is a vast and desolate Swastika Dragon. the Ancestral Star. "

The Seventh Ancestral Dragon was a dragon of heavenly tribulation and calamity. In the Dragon Sacrifice Continent before the era, the prehistoric, swastika dragon controlled the primordial dragon tribulation and the laws governing the power of billions of divine dragons. It was ranked before the Primordial Blood Spirit Dragon and like the Primordial Blood Spirit Dragon, it was also basically a pure offensive divine dragon.

"Does this mean that the inherited blood essence of the Universe Swastika Dragon is on the ancestral planet that we're going to?" Ling Xi was also very surprised.

He didn't expect that he would be able to find the location of the blood essence inheritance of the Universe Swastika Dragon with just a simple try.

Collecting ancestral dragon-inherited blood was also an important mission for Long Chen and it just so happened that it was also in the Ancestral Star.

"Then what about this one over here?"

There were two eyes in total.

Long Chen put down this one and picked up the other one. Upon closer inspection, he could not help but burst out laughing, "Ninth, the Shadow Dream Charm Dragon is located in the Southern Taihao Region."

Aside from the first and last Primal Chaos Heaven Devouring Dragons, five of the other inherited blood essences had already been inherited by Long Chen. The other two locations were actually hidden in the Black Jade Dragon's Head.

If Di Jun had broken the Black Jade Dragon's head, then the one who knew the location of the two ancestral dragon-inherited blood would be him. Especially since the Shadow Dream Charm Dragon's inherited blood essence was actually in the Southern Taihao Region, it was simply Di Jun's base of operations!

Shadow Dream Charm Dragon s were dragons of hallucinations and transformations. In the Ten Great Ancestor Dragon, they were the ninth ancestral dragon. It just so happened to be behind the Primordial Blood Dragon.

Searching for the inherited blood essence of the two Ancestral Dragons had always been an important mission for Long Chen.

Now that he knew the location, at least he had a big rock in his heart.

"I had originally planned to go to the time tunnel, but it seems that I have to change it now."

The time tunnel would probably need a long time to find it, and no one would be able to find Little Cat's original body, but the Shadow Dream Charm Dragon was still worried about being kept by others. Thinking about that, Long Chen decided that he would first find the blood essence of the Shadow Dream Charm Dragon that was right in front of him.

Chapter 3012 - Fengdu Ghost Emperor

Taihao Region, time tunnel, Ancestral Star.

These were Long Chen's three goals.

These two kinds of inherited blood essences, the original body of the kitten, and the world of time tunnel were all things that had to be obtained.

Long Chen decided to start with the degree of difficulty.

The Ancestral Star was definitely the most dangerous. time tunnels were located far away, and there were no signs of humans in that place, so it shouldn't be too much of a problem to travel there a little later.

He told the kitten anyway.

Cat was playing happily in the Living Realm with Long Yan, but when she heard Long Chen say this, she immediately waved her hand and said, "I'm not in a hurry, I'll go to the Taihao Region first. Get that inherited blood essence. "

If the kitten didn't object, then that would be even better.

"These two eyes seem to be able to help us find the inherited blood essence."

Long Chen took away the eyes left behind by the two Black Jade Dragons and came out from the chaos energy. Looking at how the Dragon Sacrifice Continent had shattered, his heart was filled with unwillingness and heaviness!

"Maybe I don't have much time left. Xiao Xi, go to the Taihao Region immediately and find that Shadow Dream Charm Dragon's inherited blood. "

"Alright."

Ling Xi began to prepare for the door to the universe.

Now that he had the gate to the universe and had to return to the Dragon Sacrifice Continent, the gate to the universe would remember this place and would naturally be able to reach his destination.

It was so much so that when Long Chen returned to the Twin Realms of Life and Death, he could instantly return to this place as well.

Therefore, it was still useful as a portal to the universe.

This was also the reason why Long Chen wanted Ling Xi to inherit the dragon's inherited blood essence and control the gate of the universe.

"Where to the Taihao Region?"

Ling Xi asked.

The Taihao Region was very big, he had visited most of the gates to the universe before, so he needed a specific place.

In the God Kingdom, Long Chen called out the two white-haired demon Divine Emperors from among the dragon sacrifice's myriad gods. Among them, the white-haired youth's name was Fang Shuo, and the white-haired girl's name was Liuji.

"Introduce the Taihao Region to me."

They had just followed Long Chen, so naturally they would put in a lot of effort when they found a place that could be useful for them.

"Taihao Region is located in the south, near to Dragon Sacrifice Continent. Among them, a world with Eternity was the 'Tai Hao Divine World' that the Hierarch Taihao watched over. There were also many Hun Yuan class worlds. As for the other worlds, they were probably too small. In the entire Taihao Region, the person who should be a threat to you is the Hierarch Taihao. Furthermore, you all used her gate of the universe, so he will definitely come to snatch it back. "

Long Chen thought about it for a while. The Black Jade Dragon Head did not clearly describe where it was, so it was not particularly easy to find it.

"The most likely worlds are still the Tai Hao Divine World or perhaps a few of the Hun Yuan levels. In this Taihao Region, there are approximately three hundred worlds, and we might have to search through them one by one. Luckily there was a door to the universe, they would definitely be able to find it. As for the Hierarch Taihao ...

Long Chen was actually not worried. After all, he had fought against Desolation Masters before, so Desolation Masters should be around the same as Hierarch Taihao. Since the other party didn't have the power to crush him, even if he and Ling Xi had it, they might still be able to resist together. If they really couldn't escape into the Life and Death Realms, there was nothing he could do.

"We'll go to the Taihao Region first, any place is fine."

Thus, Ling Xi began to move. The door to the universe opened, and brought her into the twisted tunnel, to the Taihao Region!

"If Di Jun had regarded me highly from the start and found this universe door, I would've been done for a long time ago."

More than ten days later, Long Chen arrived at Taihao Region!

An ancient and desolate world.

After Di Jun and the rest left the Dragon Sacrifice Continent, they stayed there for a long time.

"We have occupied a Hun Yuan class world here. Change your name to 'Di Jun Jie'. Only, after we left, there were no longer any Divine Emperor s there. " The demi-human Fang Shuo said.

"Then let's go take a look at this' Emperor Jun Realm 'first."

The door to the universe once again moved.

The Sovereign Soul Realm was a Hun Yuan level world that was extremely close to the Eternity world. It did not once belong to Di Jun, but it was Di Jun who occupied this place, took control of this place, and killed all of the Divine Emperor here. He had become the ruler of this place.

This was the world of the Taihao Region s, only second to Tai Hao Divine World.

In the blink of an eye, Long Chen had descended onto a golden planet. This gigantic planet was more than ten times the size of the Ling Ji Ji Xing, it was heavy and huge, and the ground on it was as hard as steel.

"This is the world of the 'Emperor Jun'."

Actually, Long Chen understood that if the ninth clan elder's inherited blood essence was here, he would have already been snatched away by Di Jun.

Sure enough, after searching for a few days, he found nothing. The two eyes left behind by the Black Jade Dragon did not move either.

"Not here. Change the world."

Fang Shuo and Liuji did not dare ask Long Chen what he was looking for.

Other than Tai Hao Divine World, she could go anywhere else. She temporarily did not need to use her Tai Hao Divine World because she did not want to have a direct confrontation with the Hierarch Taihao.

In the end, if he still could not find it, he would have to go to the Tai Hao Divine World.

With the Tai Hao Divine World as the core, the Di Jun Realm was actually extremely close to the Tai Hao Divine World. Afterwards, there were also a few Hun Yuan class worlds in the vicinity, the further away from the center, the more remote it was, and the lower the level of the world would be.

And there was also the small world of the dreamy grade.

This sort of world, once it became a Deity, could be ruled.

Long Chen looked around.

"Shadow Dream Charm Dragon s are considered to be more feminine. Then, let's do this, Fengdu Ghost City."

This Fengdu Ghost City was a Hun Yuan class world. It shouldn't be that much inferior to the 'Daomother' realm.

These places, the Door of the Universe had all been there before.

Opening the gate of the universe, he passed through the starry sky and quickly reached the Fengdu Ghost City. He had seen many worlds, but this was the first time he had seen such a thing. An entire world was actually a city!

This was a world that was even larger than the World Tree.

It was very difficult for any living being living in this world to see that they were living in a huge city. After all, this city was simply too big! Even if Long Chen had turned into a Divine Dragon, it would only be a tiny speck of dust in the face of this city.

But from a distance, it looked like a dark city.

Above it, the cold wind howled and the shadows of ghosts filled the air.

The entire Fengdu Ghost City was hidden in a thick black mist, so it was possible that they wouldn't see the light of day.

Any room in the city would probably be as big as the entire Dragon Sacrifice Continent.

"All worlds are created by Elder Gods of All Realms. If Elder God Myriad Realms wants to create a shape, then that shape will be the shape. " Therefore, Long Chen did not go out.

After all, every leaf on the tree was a continent.

Holy Leaf Continent.

This was only a Hun Yuan class world, and it would not pose much of a threat to Long Chen.

"In this world, there are a total of thirty-seven Divine Emperors. The strongest was the Extreme Realm Divine Emperor, who were called the 37 Ghost Gods by the living beings. They divided the Fengdu Ghost

City into thirty-seven parts, each with their own leaders who restricted each other. They called themselves the Ghost Clan. "It's actually just a demon."

This sort of demon wasn't an ancient Giant Demon, but an ordinary Fiendgod from the myriad worlds. At the end of the day, this kind of demon was just a god with the darkness attribute.

Long Chen's will swept across this world and roughly knew the location of the thirty-seven Divine Emperor s. He and Ling Xi had silently descended upon this world, their target, of course, was the strongest Divine Emperor s.

Extreme Realm Divine Emperor.

They definitely knew the most.

"There is a Divine Emperor here. He is ranked ninety-fifth on the Divine Emperor Ranking and is the number one expert of the Fengdu Ghost City. It's called the 'Fengdu Ghost Emperor'. " Liu Ji told Long Chen softly.

"Then find him. There's no mistake."

The Fengdu Ghost City was very big, it was not troublesome at all. He could understand some important things from the Fengdu Ghost Emperor, and when he focused on it, the probability of it getting higher.

The Fengdu Ghost Emperor lived in the highest position of the Fengdu Ghost City. He was solo and invincible, and the place he was at, was the holy land of the entire Fengdu Ghost City. Other than two or three other Extreme Realm Divine Emperor s, he did not dare to come here.

Long Chen and Ling Xi had arrived here easily.

It was too convenient to have a door to the universe.

"Door to the Universe!"

When Long Chen had just arrived, the soil in the wasteland in front of him had all been raised up and a huge coffin had appeared from within. At this moment, the coffin had opened and endless black energy surged into the sky, causing the entire world to shake.

BOOM!

A pale white, half flesh and blood, half dried up bone man appeared from within. He looked extremely terrifying, but it had no effect on Long Chen. When he saw the door to the universe within the God Creation Art of the Eternity, the Phantom Emperor had already knelt on the ground.

"Greetings Hierarch Taihao!"

The Phoenix-Emperor said respectfully.

However, he quickly stood up and looked at Long Chen and Ling Xi in shock. How did the gate of the universe fall into their hands? Who are these two? Divine Emperor?

"It looks like you haven't paid attention to what happened in the Myriad Worlds for a period of time." Long Chen said.

Because he did not know Long Chen's background, the Feng Du Ghost Emperor did not attack, and the two of them made him feel that they were a great threat. He was secretly observing.

However, Long Chen definitely did not trust him.

"You like to sleep in coffins?"

Actually, Long Chen didn't know that in the entire Fengdu Ghost City, there was a coffin that belonged to them. When they were sleeping, they would bury themselves in the ground as usual.

"Who are you!"

As soon as the Phantom Emperor of Fengdu asked this question, the Buried Heaven Coffin descended from the sky. The God Creation Art of the Eternity had no suspense as it imprisoned him within. Long Chen and Ling Xi had entered the Ancient Heavenly Burying Coffin, the Fengdu Ghost Emperor was doing his best to destroy them, but it was to no avail.

"It's useless. Don't waste your energy. "

Long Chen said.

"What do you want?" The Fengdu ghost emperor was aware of their power. It was just too terrifying that a Creation Divine Artifact from the Eternity could be casually used!

Long Chen and Ling Xi looked at each other.

"I'll try to use the wishful eye to control him. It'll save me a lot of trouble."

Under Long Chen's suppression, the rule of the wishful eye was easily defeated.

"Tell me, what's special about this Fengdu Ghost City?"

Chapter 3013 - Eight Great Heavenly Ghosts

Even though Long Chen had already reached an extremely high realm, in terms of wishes, his attainments could not be considered strong.

Now, he just happened to control the Fengdu Ghost Emperor.

the strongest warrior in the Fengdu Ghost City.

the only existence that made it onto the Divine Emperor Board.

After using the wishful eye to control him, Long Chen began to interrogate him. The other party basically did not hold anything back and told Long Chen about some of the more important locations on the Fengdu Ghost City.

Long Chen memorized every single one of them.

"Forget everything that happened today and go to sleep peacefully."

"Alright."

If the law of wishes were to develop to the most terrifying level, it would obviously play an even more unimaginable role. This was also the goal of Long Chen's future development.

For example, how strong would it be if a single rule was able to thoroughly control a person?

Long Chen could do it now, but the stronger he was, the harder it was to control. For example, this Fengdu Ghost Emperor, he could only ask a few questions.

When the Fengdu Ghost Emperor fell back into slumber, Long Chen finally let him go back into his own coffin, allowing him to return back into the soil at the highest point of the Fengdu Ghost City.

"There are only a few places that can possibly exist. Let's find it first."

The inherited blood essence of the Ancestral Dragon absolutely couldn't fall into the hands of others.

Even if others could not use it, if it fell into the hands of others, especially those supreme deities, it would basically be impossible to find it again.

Now that he knew the location, he had to find it quickly.

Ninth Ancestral Dragon, the dragon of illusions and transformations. The law of change was the magical aspect of all living things. It was said that other than the other Ancestral Dragons, Shadow Dream Charm Dragon could change anything else.

If Long Chen had complete control over the rules, he could change anything, even if it was a change, he could have someone else's everything. This was the real change.

Shadow Dream Charm Dragon, ever-changing.

Long Chen was very clear now that his goal was to fuse with all nine types of Ancestral Dragons, with the exception of the Primal Chaos Heaven Devouring Dragon.

At that time, he would be able to defy the will of the heavens!

No one could imagine just how powerful he would be at that time!

Even the Chief Sovereigns of the Eclipse Tribe, or the Primordial Celestial Devouring Dragons, wouldn't be this strong!

Or perhaps, this was the first ancestral dragon's plan.

Therefore, the most important task for Long Chen was to find the Ancestral Dragon's Inherited Blood and Origin Dragon Soul! It was not only for Long Qinglan, nor was it for the Dragon Sacrifice Continent and the Myriad Realms.

Long Chen felt that the day was not far away.

The Shadow Dream Charm Dragon began with the dragon of infinite change.

The Fengdu Ghost Emperor provided a few dangerous locations, and Long Chen found a few other experts from the Fengdu Ghost City to verify their locations, before heading towards those places one by one.

Until now, if there was an ancestral dragon-inherited blood in the vicinity, Long Chen's feelings would be very strong. Moreover, the items left behind by the Black Jade Dragon head were also helping Long Chen search for it. Basically, as long as he got close, there would usually be a reaction.

To Long Chen and the others, this kind of perilous zone and forbidden zone was actually nothing special. There might be a threat if an ordinary Divine Emperor came in, but Long Chen had an unstoppable force along the way.

"No, no!"

Unfortunately, after searching one place at a time, he still couldn't find it. He previously thought it was easy, but after coming to the Taihao Region, he realized that he was just looking for a needle in a haystack.

"That's right, back then the Dragon Sacrifice Continent had five types of inherited blood essence, I had to search for them for many years. It's normal now. "

Therefore, Long Chen was not in too much of a hurry right now.

After all, he still had some time left. The Eclipse Tribe had yet to take action, and the Ten Thousand Worlds still existed.

"This place is the place that the Fengdu Ghost Capital said he didn't dare enter. Inside was the legendary "Eight Great Heavenly Ghosts" of the Fengdu Ghost City. In the entire Fengdu Ghost City, no matter who entered this place, they would not be able to leave. The Fengdu Ghost Emperor had gone in, but when he came out, he was also severely injured. "

Long Chen and Ling Xi appeared in the middle of the Fengdu Ghost City, a place where there was no sign of human life within a million miles. Beneath their feet was a dark swamp with layers of black mist, and in the deepest part of the swamp was a pond called 'heavenly ghost pool'. This was the first forbidden zone of the Fengdu Ghost City.

To other worlds, the Fengdu Ghost City was undoubtedly a terrifying world; fiendish, bloody, filthy, and ugly. As a result, very few outsiders had come to this world. And a place like the heavenly ghost pool, where one hid in the depths of the Fengdu Ghost City, was even rarer.

"If there is a ancestral dragon-inherited blood that exists in the Fengdu Ghost City, I presume it would be here."

Arriving here, Long Chen had already felt the terrifying Yin Qi within the heavenly ghost pool. In any case, Ling Xi frowned when he saw this place, the heavenly ghost pool was like a dirty cold pond, ordinary people would not be able to handle it.

"You go back first." Long Chen opened Living Realm's door and let her in. He could handle a place like this by himself. However, Mo Xiaolang seemed to be interested in coming out to see, so Long Chen decided to travel with him, and take care of him.

"Be a bit more careful, even the Fenggong Ghost Emperor said that we can't come to this place."

"I just don't know what the eight heavenly ghosts are. Could it be eight hidden Fiendgods? "

"It shouldn't be possible. Fiendgods aren't willing to stay in this sort of place either." Perhaps it was something left behind before the era, but it was something that many people had forgotten. Then, he randomly chose the name of the eight heavenly ghosts. No matter what, he would know after entering. I hope that the inherited blood essence is within this place. "

Long Chen and Mo Xiaolang broke through the thick black fog, passed through the dangerous swamps, and finally landed above the heavenly ghost pool. The heavenly ghost pool was filled with killing intent, it was extremely dark and cold, and was not very big.

"Get down."

The two of them, one on the left and one on the right, walked into the heavenly ghost pool together. The water in the pool was suppressed by their power and was directly forced away, especially since Mo Xiaolang possessed the Primal Chaos Blue Fire and the primal chaos Blue Fire which had the ability to cleanse the water. Under the burning of the Primal Chaos Azure Fire, the water in the pool continued to disappear and evaporate.

"I reckon that if you can stay here for a little longer, this heavenly ghost pool will dry up. At that time, this place will change from the most dangerous place to a place for everyone to enjoy themselves."

A tyrannical power, however, could change too much.

The Fengdu Ghost City was originally a world that was countless times stronger than the Dragon Sacrifice Continent. But now that Long Chen and the rest were too strong, even if they came to Fengdu Ghost City, they could easily become the Spirit Lord! The life and death of the billions of lives in this world was only a matter of their thoughts.

This was what they meant by 'strong'.

The strength that Long Qinglan had told him.

With a single thought, he would destroy the world, exterminate trillions of lives.

Of course, Long Chen wouldn't do that. The more important responsibility of the strong was to maintain order and protect the weak. Only then would the myriad worlds flourish and flourish. Otherwise, it would be destroyed, and everything would disappear. Without the weak, there would naturally be no powerful individuals.

"There really is one."

Long Chen stopped and looked downwards with Mo Xiaolang. After they entered, they discovered that there was still quite a bit of space within the heavenly ghost pool, and upon discovering that there was an enemy trail, Long Chen stretched out his hand and pressed down. The boundless power of the trillion God Palaces turned the endless lake water below into ashes, and the appearance of the enemy immediately appeared.

"It is actually a Creation Divine Creation Tool?" Long Chen's eyes saw through the true nature of this legendary creature with a single glance.

It was undeniable that what appeared in front of Long Chen and the others right now was a creature that was exactly the same as the Ghost God Clan. If it wasn't for the fact that it had the power to suppress them, it would be hard to tell if this was a real lifeform or a creation artifact.

Long Chen could see that the thing that appeared in front of him was huge and strong, with a fierce face and tattered bronze armour. It was covered in death qi, its flesh and blood was rotten, which meant that the so called eight heavenly ghosts were not living creatures, but rather a disguise made from a God Creation Art.

However, this Manifestation Divine Artifact was very strong!

Even the Evil Emperor couldn't figure it out. If he fought with these eight heavenly ghosts and lost, he would have to run away by himself, but he still didn't know what it was. He was ranked more than ninety in the Divine Emperor. is even worse than Great Emperor Yuehua.

Roar!

The rough aura, the furious roars, the boundless Baleful Yin Force ... all of this was created by the Creation God Manifestation Art. All of that rotten flesh and blood was just an illusion.

"What kind of monster is this?" Mo Xiaolang did not understand.

After all, this Creation God Creation Skill was extremely strong in disguising itself. This was the first time Long Chen had seen such a Creation Divine Equipment.

"It's a Creation Divine Artifact." Long Chen watched as he approached and sneered. He might not get the ancestral dragon's inherited blood essence today, but he would definitely reap some rewards.

"Hmm?" Mo Xiaolang was confused.

However, Mo Xiaolang was confused, and when the 'heavenly ghost' heard Long Chen's words, its face instantly changed, and that deep green face immediately turned red, as it roared out loudly and waved its two claws, releasing a terrifying energy that swept towards Long Chen. The roar practically spread throughout half of the Fengdu Ghost City.

Hearing this voice, at least billions of lives in Fengdu Ghost City were trembling.

"Sky Ghost!" It was the heavenly ghost! The heavenly ghost is angry! "

"The world is about to be destroyed, we must all die! Quick, run! "

"If the heavenly ghost gets angry, the Fengdu Continent will be finished!"

The people of the Fengdu Ghost City would not call themselves a city, but instead call themselves a continent. It was just that their results were much more complicated than in a normal continent.

Long Chen did not know what was going on outside.

"Allow me."

Up till now, Mo Xiaolang still had no way to unleash it. At this time, he took out the long and slender Primal Chaos Demon Saber. He gripped the handle of the saber with both hands and slashed down from above!

"Primordial Azure Flame!"

The dark green flames wrapped around the Primal Chaos Demon Saber suddenly turned into a saber aura and collided with the heavenly ghost, instantly creating a ravine on its body!

The heavenly ghost let out a sharp cry, it was in extreme pain.

Mo Xiaolang was about to attack again when the heavenly ghost suddenly seemed to transform into a gigantic stone tablet that had an inexhaustible weight. In an instant, it fell into the depths of heavenly ghost pool.

Chapter 3014 - Divine Ghost Heavenly Stele

"You won't be able to escape."

Mo Xiaolang was the first to rush down, with Long Chen following behind him.

The entire Fengdu Ghost City was in panic because of the Heavenly Ghost, but they still followed behind the stone tablet as if nothing had happened.

"The stone tablet is the real body of this Creation God Creation Art. The so-called eight heavenly ghosts should have eight stone steles. Eight stone tablets as one, I think the Creation God Equipment that can defeat the Fengdu Ghost Capital should be the Eternal Creation Divine Artifact. "

Long Chen looked deep into the heavenly ghost pool.

"If we can get a Creation Divine Artifact from the Eternity like that, it can only be said that our luck is really too good."

Within the myriad realms, Eternal Creation Divine Artifact were all supreme treasures. Back then Long Chen spent a lot of effort to obtain the Ghost Blood Curse. Compared to that time, it was far too easy.

Even if he had to defeat the Chaos Devil, defeating Di Jun would not be an easy feat. They had to fight to the death to obtain their Eternal Creation Divine Artifact!

"We're here!"

At this moment, the enormous black stone tablet stabbed into the ground with a loud bang, blowing up endless smoke and dust.

Previously, Long Chen had seen a picture of a ghost on the gigantic stone tablet, and it was exactly the same as the heavenly ghost that had appeared before. At this moment, when the black stone tablet landed at the bottom of the pond, a total of seven similar stone tablets appeared around him!

On each stone tablet, the patterns were all different. They were all heavenly ghosts, but the appearances of each heavenly ghost were different. There were thick, thin, tall, short, three heads and six arms, some looked like ancient Giant Demons, some even described as centipedes. The same is true of the head.

There were a total of eight stone tablets, all of them massive and thick. With just a glance, one could see that the combined power of these stone tablets was no less than that of the Buried Heavens Coffin!

BOOM!

When Long Chen and Mo Xiaolang got closer, the eight stone tablets suddenly changed and turned into eight heavenly ghosts. Their appearances were basically the same as the pattern on the stone tablet before, the heavenly ghost that was injured by Mo Xiaolang earlier was also mixed within.

"Just these eight people, together they took care of the Fengdu Ghost Emperor?"

Just as this thought flashed across Long Chen's mind, in the depths of heavenly ghost pool, the eight heavenly ghosts released earthshaking roars, which were even more terrifying this time. The eight heavenly ghosts appeared at the same time, and for a moment, it seemed as if the entire Fengdu Ghost City was trembling.

Those experts who were sleeping inside the coffin woke up from their slumber.

The heavenly ghost's roar was the most terrifying signal in the entire Fengdu Ghost City.

"I never thought that in this Hun Yuan class world, there would actually be a God Creation Artifact with a hidden Eternity. Most likely, no one else had guessed it. Therefore, the existence of this Eternal Creation Divine Artifact was not obtained by anyone. "

Facing the howls of the eight heavenly ghosts, Long Chen only felt lucky.

"Little Wolf, you should be able to control two Eternal Creation Divine Artifact. Coincidentally, the Primal Chaos Demon Saber was good at attacking, but this Creation God Creation Tool was clearly capable of attacking, defending, and suppressing. It was similar to the effect of the Buried Heavens Coffin. If you go and subdue him, your battle power will increase greatly. "

"No problem."

Seeing these eight heavenly ghosts, Mo Xiaolang's eyes lit up, he had not participated in battle for a long time. Today, he would only be able to clean up one Eternal Creation Divine Artifact, so it would not be difficult for him.

If the Fengdu Ghost Emperor was ranked around 30th on the Divine Emperor, maybe these eight heavenly ghosts would be his Creation God Equipment. Unfortunately, he was a bit weaker. Mo Xiaolang was now a Extreme Realm Divine Emperor, so with the eight kinds of Ancestral Flames and the Primal Chaos Demon Saber, a Creation God Manifestation Weapon, it was easy to subdue a Eternal Creation Divine Artifact that had no master.

Long Chen watched the battle from the side. He had already rushed down.

"Listen, I want to control you."

The eight heavenly ghosts did not seem to be clear-headed. They did not care what Mo Xiaolang said and directly attacked. The eight heavenly ghosts surrounded him and attacked ferociously, causing a huge commotion in the heavenly ghost pool. There were already a lot of land in the vicinity that was crumbling apart.

Fortunately, there was no one around.

After about fifteen minutes, the eight heavenly ghosts were reduced to eight stone monuments and were stepped on by Mo Xiaolang. With Mo Xiaolang's current fighting strength, being able to rank in the top ten of the Divine Emperor s, a mere Eternal Creation Divine Artifact was indeed not difficult. Just like how Ling Xi controlled the Myriad Realms Divine Sword.

"Done."

The eight monoliths recognizing themselves as masters became a part of Mo Xiaolang.

"This is the Eternal Creation Divine Artifact, called the 'God Ghost Heavenly Stele'. He could suppress, defend, attack. To be able to conjure up eight heavenly ghosts ... With my Ancestral Flames working with them, my abilities should not be inferior to that of the Primal Chaos Demon Saber. "

Mo Xiaolang was excited.

Long Chen also watched him get stronger step by step.

"Big brother, thank you." Mo Xiaolang said solemnly.

"What are you thanking me for? This is your luck."

Mo Xiaolang shook his head and said, "It's not just this Heavenly Monument, I feel that I wouldn't have been able to live until now without you. Although I have already confirmed that I am of the Eclipse Tribe, I still want to say something. Without you there would be no me. "Not just before, but in the future, no matter what, my life will always be yours."

Long Chen laughed and said: "Enough, don't say such pretentious words, your life is yours. We are all working towards the same goal. No one knew what the future would be like. We just have to work hard and do what we have to do. Even if he died, it would be for the best. I'm not like you, wasting your life for me. That's not worth it. You also have your own life and important people. "

"I understand." Mo Xiaolang smiled and did not speak further.

Long Chen searched through the depths of the heavenly ghost pool and didn't find anything related to ancestral dragon-inherited blood s.

"As expected, it's not there. Let's move on to another location." But to be able to obtain a Eternal Creation Divine Artifact, his luck today was truly heaven-defying. I hope our luck is still as good as ever. "

The two of them left the heavenly ghost pool, and now that there were no more movements, it was likely that the chaos in the Fengdu Ghost City would also gradually subside.

After that, they found a few more locations to confirm that the ancestral dragon-inherited blood should not be in the Fengdu Ghost City, so they prepared to leave and head to the next world.

"It took me a total of five days. If this was the case, after searching all of Taihao Region, it would take them a few months before the little world in the future would be much easier. Finally, his Tai Hao Divine World. I just hope that thing will not remain in some uninhabited areas, or even in some fragmentary stars. "

In that case, it would be a real headache.

There were too many broken stars in the entire Taihao Region. If one were to look at them one by one, it would take millions of years to find them all.

"AHH!"

At the highest point of Fengdu Ghost City.

Crash.

The earth flew up.

A coffin exploded. The Fengdu Ghost Emperor appeared from the ground, gasping for breath. He floated in the air, his whole body drenched in cold sweat. Suddenly, he looked in a direction with shock!

After a period of time, he appeared above the heavenly ghost pool and the entire heavenly ghost pool had already dried up.

"My ... my Divine Ghost Heavenly Stele!" My Heavenly Tome Monolith! "

Feng Yu was crying, kneeling in front of heavenly ghost pool, his entire body trembling, unable to be described with words.

"Who exactly is it!?" Who exactly was it that stole my Heavenly Stele! In the entire Fengdu Ghost City, there should not be anyone who had the ability! Even I can't control it, who could it be! "

He roared and roared, holding his head and knocking it against the ground.

In fact, he already knew that in the heavenly ghost pool, the eight heavenly ghosts, who the entire Fengdu Ghost City viewed as a nightmare, were actually the same God Creation Artifact from the Eternity! In the entire Fengdu Ghost City, only he himself knew the answer to that question. Even if the strong from other realms were to come here, the Phantom Emperor would hide the news of the heavenly ghost pool completely.

For so many years, nothing had happened.

But today, when he woke up, the Divine Ghost Heavenly Stele was gone!

He had guarded this place for a long time and tried so many times, all for the sake of one day being able to control this Heavenly Tome Monolith. At that time, his cultivation would definitely charge into the top thirty of the Divine Emperor's ranking!

His place in the myriad realms, and the position of the entire Taihao Region, were completely different.

Finally, he remembered.

"It's them!"

After going through so much pain and suffering, he finally thought of two illusory figures. They had suddenly appeared and forcefully asked for the location of his own heavenly ghost pool.

"They seemed to be looking for something and then came here to take away the Divine Ghost Heavenly Stele! Right, they came here through the gate of the universe, Hierarch Taihao of the universe! "

The Fengdu Ghost Emperor opened his eyes wide. That's right, Hierarch Taihao. The Heavenly Tome Monoliths could not just disappear like this! At this time, he calmed down and contacted the Hierarch Taihao.

A mass of light and shadow gradually appeared on the gem in his hand. Within the light and shadow was a terrifying supreme deity. Facing him, the Fengdu Ghost Emperor held his breath.

"Why are you looking for me?" Hierarch Taihao said.

"There is something that Hierarch Shen must tell you. A few days ago, there were two gods who used the Door of the Universe to come to my Fengdu Ghost City! "

"Oh. It's that Long Chen, right? " The Hierarch Taihao said indifferently.

"How did Hierarch know his name?" The Fengdu Ghost Emperor didn't even know about this.

"The entire Allworld knows. Only you don't. You go on, and then what? "

The Fengdu Ghost Emperor quickly said: "They seem to be looking for something, they have searched all over the Fengdu Ghost City, and have already left. I was suppressed by them before and was only able to regain my freedom now. When I saw them using the gate of the universe, I came to find you.

"It has nothing to do with you. However ... I still have to thank you for bringing me this news today. There will be presents. If there's any news in the future, just tell me directly. "

"Thank you, Hierarch!" "In addition, when Hierarch wants to kill the two of them, please tell me that they also took my things ..."

Before he could finish, the connection was cut off.

The Fengdu Ghost King was stunned for a moment.

"Long Chen, who is this? I've been asleep for hundreds of years, did I miss some news? "

The Fengdu Ghost Emperor had hurriedly gone to find people to get to know him. Of course, he was trying to find a way to snatch the Heavenly Tome Monolith back.

Chapter 3015 - Flower Immortal World

Immediately after, Long Chen went through the entire Taihao Region, searching through each and every world.

After searching through the world of the Hun Yuan class, he turned to the world of the Order-level. Before long, he had already searched nearly thirty different worlds of the Order-level.

At this point, Long Chen actually no longer held much hope. Actually, he felt that the most likely place was Tai Hao Divine World. However, he was too lazy to clash head-on with the Hierarch Taihao.

Now, he decided to spend some time to finish searching through the rest of the world. It was precisely because he had the door to the universe that he could complete the work that would have taken him hundreds of years. It would only take a few months.

The further one got, the smaller the world became.

And then, the world of Genesis.

In the end, he didn't dare to enter any other world. He searched the surrounding areas one by one according to the distance. The entire Taihao Region had nearly three hundred worlds, he had spent about four months, and had practically explored every single one of them.

Unfortunately, he was still unable to find it.

"Looks like I still have to make a trip to the Tai Hao Divine World."

In the endless starry sky, Long Chen looked in the direction of the Tai Hao Divine World.

Recently, he got to know about the character called Hierarch Taihao. He realised that this person was very similar to Di Jun, no wonder he could be on the same level as Di Jun. In any case, he was not a kind person. Under his rule, the entire Taihao Region was very strict, with strict levels.

"Even though I obtained the door of the universe from Di Jun. However, this was something that Di Jun had borrowed from him. Naturally, he could not just let it go like this. If I go to Hierarch Taihao, I will inevitably have a confrontation with him. "

After all, he was a Hierarch. Every existence that could become a Hierarch was clearly not a simple character. If he was not stronger than Di Jun, Di Jun would probably be the master of the Taihao Region now.

Fighting with Hierarch Taihao was a certain risk. But Long Chen still had to go. Otherwise, he would have wasted his time searching through these three hundred worlds.

"There's still one more world."

Ling Xi activated the door to the universe, bringing Long Chen to the last world of the Taihao Region, after finding this place, Long Chen would head towards Tai Hao Divine World.

He, Ling Xi, and Mo Xiaolang appeared beside the last world.

This was actually a world of prehistoric level.

The strongest person inside was the Divine Lord. It could be considered a slightly stronger world than the Lingsu Star Sea. But to Long Chen and the others, it was just too insignificant.

The living quarters of the creatures were only a few dozens percent of the Fengdu Ghost City. It was slightly bigger than the Dragon Sacrifice Continent.

However, when the three of them saw this world, they couldn't help but exclaim in admiration of the myriad worlds. Actually, the world of the Tree Creation Holy Tree was already mystical enough, but the world in front of him was even more mystical, because this was actually a flower!

The entire world was a nine-colored flower, standing proudly in the middle of the endless starry sky. It was extremely dazzling and beautiful, and the entire world was shrouded in a dreamlike brilliance, like a fairyland in a dream. If not for the fact that the level of the world was a little lower, it was likely that Ling Xi and the other girls would all want to live here.

"So beautiful!"

Ling Xi's sorrowful sigh made Yang Lingqing, Su Yan, Zhu Xi and the others come out of the Living Realm, and they started to discuss among themselves. From the starry sky, the world formed by the flower was indeed a world of absolute beauty, it made people sigh in admiration.

"One flower, one world."

Long Chen also thought that it was rather mystical.

However, it was likely that the living creatures living within would not feel that there was much of a difference. The land was still land, the mountains were still mountains, the rivers were still rivers. It's just that it's going to change a little.

"This is a world of prehistoric level. It's called the Flower Immortal Realm. There was a type of 'Flower Fairy' race living on it. Actually, it was a human type. This Flower Fairy Clan did not have any males, only females. As long as females were to eat this Immortal Flower World and produce a miraculous liquid, they would be able to conceive females. In the entire Flower Immortal Realm, there is no one left to fight because very few people have reached the borders of the Taihao Region.

In truth, to the entire Ten Thousand Worlds, such a world was simply too small.

Just like the Dragon Sacrifice Continent, it was fortunate that it was remote, otherwise, it would be destroyed easily.

Of course, because the level of the world was relatively low, there were no experts who wanted to occupy this kind of world. It was useless and would ruin their own reputation. Moreover, as long as it was a Taihao Region, it would also be considered as Hierarch Taihao's territory, so no matter whether it was people from inside or outside of Taihao Region, they would not dare to act rashly.

"Let's go in and take a look. After searching this world, let's go to Hierarch Taihao."

Long Chen, Ling Xi and Mo Xiaolang headed towards the Flower Immortal Realm. Because they were not much of a threat, Zhu Xi and the others also went around playing around. Long Chen did not bother with them.

In such a small Flower Immortal World, no matter how carefully he searched, two days were more than enough time.

After arriving at the Flower Immortal Realm, Long Chen found it quite interesting as well. Every petal of the flower had formed a continent, upon which life existed.

There were also places like Flowerheart that were inhabited by many Flower Fairy. After landing, Long Chen also saw the Flower Fairy Clan. They were human beings, their bodies changed slightly, and they had a fresh flower's fragrance, causing the entire world to be shrouded in a hallucinatory flower scent, it was extremely beautiful.

For a clan that only had beautiful females, a man like Long Chen was extremely rare. The entire Flower Immortal Realm was similar to the Dragon Sacrifice Continent. The living beings on it would think that the Flower Immortal Realm was the whole world, and they wouldn't think that it was male.

Long Chen was too lazy to interfere with their simple life. He found a few deities and asked them a few questions before he started to search through the Flower Immortal World. Together, Mo Xiaolang and Su Yan took the eyeballs left behind by one of the Black Jade Dragons and searched for Inherited Blood Essences in another direction.

"What a comfortable place." Coming here and experiencing the wonders of this place was indeed a form of enjoyment. The entire Flower Immortal World was filled with all kinds of beauties, all of them as tender as flowers, this was simply a man's heaven.

Long Chen focused on finding the inherited blood essence.

"Logically speaking, in such an illusory world, the inherited blood of the Shadow Dream Charm Dragon has appeared, and it's even a little bigger than the Fengdu Ghost City."

Therefore, Long Chen was prepared to carefully look around.

"Wolf will tell us if he has any news."

It was much easier to search in two teams.

Mo Xiaolang and Su Yan travelled together through the Flower Immortal Realm. Su Yan's face was slightly red as she laid in his embrace.

"It smells so good. "Why is it so fragrant here?"

Su Yan suddenly smelled the fragrance in the air.

Mo Xiaolang raised his head and saw that in the distant horizon, it seemed that on a continent formed by another petal, there was actually a colorful cloud of smoke rushing up to the starry sky.

"How could this be?" This fragrance was too strong, and the colorful smoke was also very strange. It seemed like he was burning something, but what was he burning to produce such a fragrance that could sweep across several continents?

The world below him seemed to be in chaos.

Countless Flower Fairy Clan members were also looking at the other side of the sky.

"It's the Snow Moon Continent. What happened in the Snow Moon Continent?"

"Oh my god, how many people will die to create such a huge smoke?"

"This kind of smoke, isn't it only produced when we burn the corpse!? Just what had happened in the Snow Moon Continent!? Is the Snow Moon God there crazy?"

There was more and more discussion about that side. Mo Xiaolang and Su Yan looked at each other. The two of them sped up without a second word. With their speed, surpassing a single petal in a small world like the Flower Immortal Realm was as easy as flipping over a petal.

"Whiz!"

For a small world like the Flower Immortal Realm, it was almost impossible for them to survive here. Therefore, Long Chen had to be extremely careful in moving here, in order to not cause any deaths with just a small movement.

"There's an expert here!"

When Mo Xiaolang arrived at the Snow Moon Continent, he suddenly stopped in his tracks. He was already very close to the colorful thick smoke, and by the time he arrived, the thick fragrance was already extremely revolting.

In the thick smoke, there was a powerful being!

To be able to make Mo Xiaolang call him an expert, it must be at least Extreme Realm Divine Emperor. With the level of the Fengdu Ghost Emperor, Mo Xiaolang would never say he was strong!

It was impossible for such an expert to appear in this Flower Immortal World.

Currently, the entire Snow Moon Continent was covered by colorful dense smoke. There were more than a billion of them in the entire Snow Moon Continent, but all of them were still running and screaming, as if doomsday had arrived.

"Devils, burn us to death!"

"So many people! They're all dead!"

The entire Snow Moon Continent was thrown into chaos. The fairyland on earth had become a hell on earth. Through the dense smoke, Mo Xiaolang could see that in the center of the Snow Moon Continent, there were countless corpses of the Flower Fairy s piled up into gigantic mountains. They were currently burning in a huge fire, and countless lives could instantly be burnt alive!

In fact, most of the people who were piled up together were from the Flower Fairy Tribe, and they were all alive!

Tens of millions of people were gathered together. Only when the experts from the distant Flower Immortal Realm reached the limit of their endurance could they create such an effect.

A terrifying massacre of mortals by a god!

"Big Brother, come here!"

Mo Xiaolang first yelled, then transformed into the Sun Devouring Demonic Wolf here. He was the flame ancestor, and with a gulp, the flames which engulfed the Snow Moon Continent were instantly engulfed by Mo Xiaolang, not even for a second.

These were just ordinary flames.

As a result, the thick smoke that filled the sky was also cut off. When the Flower Immortal Tribe saw that the flames had disappeared, some of them ran away while others screamed miserably. Some of them were crushed to death.

"You! Yes! "Who is it!?"

When the dense smoke had dispersed, a figure appeared in front of Mo Xiaolang. It was a man dressed very extravagantly, with pink hair and a huge peony flower on his chest. He looked weird, with cold eyes, and there were two blood-red flowers in his eyes.

An expert who didn't belong to the Flower Immortal World.

"I still want to ask, who are you?" Mo Xiaolang looked at the miserable state of the entire Flower Immortal Realm and naturally felt very uncomfortable in his heart. As Divine Emperor s, very few people would carry out such a massacre of ordinary life forms. Only the Ancient Giant Demons would do such a thing, but this person in front of them, even though he was a god, he did the same.

Chapter 3016 - Peony God Child

After hearing what Mo Xiaolang said, Long Chen and Ling Xi thought that he had found the inherited blood essence. The two of them opened the door to the universe and instantly reached this place. He arrived in front of Mo Xiaolang.

Previously, they were on the other side of the Flower Immortal World, so they did not know much about the situation here.

But now that they looked at it, they already knew why Mo Xiaolang had sent them over. This was the territory of the Hierarch Taihao, so normal Gods and Demons would not do such a thing.

Today, hundreds of millions of Flower Fairy Clan members almost lost their lives, the resulting smoke was so thick that at least millions or even millions of Flower Fairy Clan members died!

Below was a living hell.

Mo Xiaolang did not speak further. As the azure fire of the Primal Chaos swept across, most of the injured, even the flower fairy on the edge of life and death, recovered their lives under the nourishment of the Primal Chaos flames.

"It's a god! They are here to save us! "

"Great."

"Damned devil, he will be punished in the end! I humbly request the gods to kill this devil and avenge my Flower Fairy Clan. "

On the Snow Moon Continent, billions of Flower Fairy Clan members knelt on the ground as their tears flooded their eyes. They had all seen it with their own eyes, where a large number of their compatriots, and even their family and friends, were burnt to death just now.

No one could forget the look of despair on his face.

"Big brother, this person deserves to die." Mo Xiaolang looked at him coldly. He had just witnessed the disastrous scene with his own eyes, but he was feeling extremely furious in his heart. Especially at this time, the other party was still smiling proudly, not caring at all.

"Two more companions have come? What day is it today? The Flower Immortal World is so coincidental, with so many experts here, it's really rare. " The other party had an indifferent smile on his face as he tidied up his pink hair.

Ling Xi did not say much. She went down, and separated the mountains of Flowernymen from the Flowernymen, giving every Flowernyx a chance to escape and let them be safe. She used one of the

Heavenly Rules Spiritualism s, and formed a rule that protected the entire Snow Moon Continent, quickly protecting all of the Flowernymen.

Otherwise, once they started fighting, the first to be destroyed would be the Flower Immortal World.

The other party did not stop Ling Xi's actions, and instead let out a cold laugh. At this time, the Jadeflower Divine Emperor revealed the identity of the other party.

"This is a fellow from the Southern Star Region, in the 'Supreme Blue Region', which borders the Taihao Region. The self-proclaimed 'Peony Godchild' had always been a lone wolf, acting according to his own wishes. Everyone hated that kind of stuff. His style of doing things was unrestrained, and he probably had done quite a few things like killing billions of lives today. This person was rather strong, or else he wouldn't be alive right now. He is ranked ninth on the Divine Emperor. "

To be able to be ranked ninth on the Divine Emperor rankings, he could basically be said to be the ninth strongest Divine Emperor in the entire Myriad Realms. He was obviously a type that was quite close to Di Jun and the Chaos Demons.

"This kind of person, is there no one to take care of him?"

"As long as you don't offend him, no one will be bothered to take care of him. But now that he had touched the territory of the Hierarch Taihao, the latter would probably be angry. However, he is not afraid. It is clear that he wants to leave after a vote. Today's matter should be rather important to him, and he will not let this matter rest. "

Long Chen understood.

Obviously, even if Long Chen and the others arrived, the other party would not stop their massacre of the Flower Immortal Tribe. Since Long Chen was here, how could he bear the fact that millions of lives were lost in front of his eyes? This kind of person relied on bullying the weak and had no morals. It was actually the cancer of the myriad worlds.

As expected, when the other party saw that Ling Xi was protecting the Flower Fairy Clan on the Snow Moon Continent, as a man, she started chuckling like a woman, and said: "This is really interesting, trying to stop my Peony God Child with just any random Extreme Realm Divine Emperor? Funny, too funny. I still feel that today's process is somewhat boring, and I have to thank you all for adding some flavor to this trip of mine. "

Mo Xiaolang's character was straightforward, upon hearing these shameless words, he clenched his fists tightly. He had personally witnessed that miserable state, so he naturally felt extreme hatred in his heart.

"I am curious though, you are a Divine Emperor, yet you slaughter living things. How can a mere Flower Fairy Clan be of use to you? Is it just for your malicious taste? "

The pleasure of killing someone?

The pleasure of slaughtering hundreds of millions of lives at once?

"No, no, no!" The Peony God Child shook his head and smiled, "Of course not. That's not interesting at all. How can you get denounced by all kinds of people in the Ten Thousand Worlds without any benefits? Since you've come, I'll tell you the truth. I have a Creation God Manifestation Weapon of the Eternity. The last time I fought with someone, I suffered some injuries. There is a very tiny divine object in their bodies, as long as I refine them, this divine object can be extracted. About 10 million of the Flower Immortal Clan can extract a drop of the Flower Immortal Dew, but don't underestimate this Flower Immortal Dew, as long as there are 10 or so drops, it will be able to recover my treasure. "Tell me, why shouldn't I?"

Long Chen understood.

So that's how it was.

Then, this fellow was not worth forgiving.

Although he said that he was here to look for the ancestral dragon-inherited blood today, coincidentally meeting someone like this, as long as he was excluded, he could be considered to have helped a lot of people in the Ten Thousand Worlds.

"These insignificant creatures with foreheads are all trash within trash. There is simply no meaning in existing. I didn't destroy their world, yet I made them contribute their lives' worth. In reality, it is a huge gift to them." After saying that, the so-called Peony God Child looked at Long Chen with a sly smile and said: "So, you guys came to help? Or was he here to do justice for the heavens? I'm really curious. Haha. If you want help, I don't want to share it with you. Of course, it's useless to you. "

"If we were to fight in this Flower Immortal World, we would destroy this place, and even more people would die. We have to lure him into the starry sky. "

Long Chen said to Mo Xiaolang.

"Big brother, let me do it. This person is too despicable. If I do not kill him myself, it will be hard to quell the hatred in my heart. "

If Long Chen made a move, he would naturally take it down steadily.

"Alright."

As for Ling Xi, she will protect this Flower Immortal World well. It was not that Long Chen and the others liked to fight, it had nothing to do with them in the first place. It was just that, if they did not fight, the Peony God Child would have killed hundreds of millions of lives, but they were the same.

"If you have the guts, then go up and fight with me alone." Mo Xiaolang said in a heavy voice.

The Peony God's son said in surprise, "Oh? Wasn't he going to attack together? If I go alone, how much trouble will I have to deal with it? "

Speak, he laughed again.

Right at this moment, Long Chen, who was just inches away from Mo Xiaolang, launched an attack. His speed was quick and violent as he instantly arrived in front of the Peony God Child.

"Big Brother" Mo Xiaolang didn't think that he would make a move.

Actually, with Long Chen's current abilities, dealing with this fellow was simply too easy.

Long Chen was very calm as he threw the Burying Sky Coffin into the Death Realm, and said with a smile: "Go in, I'll let you feel satisfied. I will continue looking for the Inherited Blood Essence."

If Long Chen wanted to kill him, he could directly use her Great Void Heart to take the life of this Peony God Child. However, the wolf cub wanted to give it a try, so he decided to give it a try.

It would help him practice the Heavenly Emperor's Sun Refining Art, the Primal Chaos Demon Saber, and the Divine Ghost Heavenly Stele.

"Alright!"

In Death Realm, there was no need to worry about the other party destroying the Flower Immortal World. Mo Xiaolang immediately went in and closed the Death Realm. At that time, the Peony God Child also ran out from the coffin. The current him, upon seeing the surrounding vast Death Realm, could no longer be complacent.

Long Chen and Ling Xi removed the rule.

Many of the Flower Fairy did not know what had happened, but seeing that the Peony God Child had disappeared, they knelt down and kowtowed to Long Chen and Ling Xi.

"Let's go, keep looking."

Long Chen brought Ling Xi and quickly disappeared from the crowd's field of vision. Of course, he was also paying attention to the battle between the ninth ranker, God Child of the Divine Emperor, and Mo Xiaolang.

Being trapped in Death Realm, the Peony God Child was stunned.

"Where is this place?"

His face was filled with shock, and there was no longer that arrogant and proud expression from before. In this strange place, he lost his sense of security.

At this time, he suddenly recalled that when Long Chen had arrived, he seemed to have used a door. At that time, he didn't look at it himself, but now that he thought back to it, it should be the Creation God Manifestation Weapon from the Eternity, it was kind of like that extremely famous door to the universe. He had always ignored Long Chen, because Long Chen seemed to be the weakest among the three of them.

During their conversation, he also didn't expect that Long Chen would suddenly make a move.

He did not know about the Buried Heaven Coffin, nor did he know about the Life and Death Realms, but in the past few days, he had heard some rumors. Rumor has it that the top ranker on the Divine Emperor, Di Jun, borrowed the Door of the Universe from the Hierarch Taihao and chased after a guy called Long Chen. And on the Pangu Continent, Long Chen had defeated Di Jun. It was said that he had even obtained the gate to the universe.

This legendary figure!

It was precisely because the Hierarch Taihao did not have a door to the universe and could not instantly appear in this Flower Immortal World that he had the guts to come to this Flower Immortal World.

Of course, he had never seen what the door of the universe looked like, so he didn't recognize it!

Now that he thought about it, this group of people clearly had that terrifying Long Chen!

"You are Long Chen!"

The Peony God Child looked at Mo Xiaolang in a daze.

Mo Xiaolang shook his head. He took out the Primal Chaos Demon Saber and said coldly, "This is the Death Realm. Since you have come in, you cannot go out. Of course, perhaps you will have the chance to defeat me. "

"If it's not you, then it's that guy," the Peony God Child said. No wonder Long Chen was the center of attention between the three of them.

He suddenly laughed and said, "Brother, it was all a misunderstanding. I'm just joking with you guys. Don't mind it too much. We have no enmity or grievances, so there is no need for us to fight to the death. "

Chapter 3017 - Non-Zhou Mountain Godly Symbol

He was not an idiot. Let's not talk about what capabilities Mo Xiaolang had, Long Chen, who could defeat Di Jun, simply had the power to fight against the Hierarch. He was not someone he could handle, he was the most terrifying person. He was afraid of Long Chen.

Thus, at this moment, his entire body was covered with cold sweat, especially the ferocious sea of blood.

"If you want to beg for mercy, it's already too late. You were too arrogant just now. I don't want to say it a third time. If you really want to get out of here, defeating me is the only way. Either you have the ability to kidnap me, or my big brother will give in. "Remember, you only have one choice, and that is to fight me fair and square."

The Peony God knew.

"It seems you are using me as a tool to hone you?"

"If you weren't so disgusting, no one would have targeted you."

"Do we really only need to defeat you?"

Since it was a honed tool, the Peony God Child could easily understand it. Long Chen wanted Mo Xiaolang to fight him fairly, so what he needed to do was to defeat Mo Xiaolang. That wouldn't be easy then, to the point where the kidnapping Mo Xiaolang mentioned might be his only way out.

"You're underestimating me too much."

After understanding the situation, the Peony God Child laughed. Honestly speaking, he was only afraid of Long Chen and not Mo Xiaolang. Over the years, he had fought with countless of Divine Emperor, and the one he was least afraid of was none other than the Divine Emperor!

Above the sea of blood, the beautifully dressed Peony God Child and Mo Xiaolang who was dressed in black and had a cold gaze were facing each other. Primal Chaos Demon Saber was engulfed by a chaotic aura and the Demon Blade was sinister, ready to tear apart the opponent's will at any time.

Since he had decided to fight, he naturally had to go all out. Now, with countless peony flowers circling around him, it was extremely beautiful. In this bloody Death Realm, the peony divine child seemed to have established a world of flowers, giving off a feeling of untainted mud.

On the other hand, when comparing the Primal Chaos Demon Saber and the Black Demon Qi with the Peony God Child, it was simply the evil within all evils. The two evils were obvious at a glance, but it was a pity that what their eyes saw was not everything. It seemed as if justice was for the sake of one's own selfish desire. The one who massacred billions of lives was the Peony Deity!

"floral ancestor!"

God Child Peony shouted.

On his palm, a gorgeous peony flower appeared, spinning on his palm. Inside the peony was a terrifying power that was not inferior to the Primal Chaos Demon Saber. This was the floral ancestor, and it was a creation god artifact of Eternity!

This should be the item that the Peony Deity wanted to repair, but in reality, it only suffered a tiny amount of damage and did not affect the battle at all. It was for this that he had to use trillions of lives to fill the gap!

"Choosing to fight me and temper yourself was the biggest mistake you've ever made in your life!"

"Brat, you don't even have the qualifications to talk to me! What I admire about your brother is only that! "

It would be more accurate to call it admiration or awe.

The Peony God Child was truly angered to death. He had never thought that such a trivial action would bring him into such a predicament!

"These shameless people have always occupied the moral high ground to condemn others. Ordinary beings are insignificant ants to begin with. How can the lives of trillions be compared to a single Divine Emperor? They dare to say that they didn't crush these creatures? "

The Peony God Child's anger was not less than Mo Xiaolang's.

It was naturally the most explosive attack under extreme anger!

"Hundred Blossom Banquet!"

At this moment, it was as if the entire Death Realm was occupied by countless flowers, and the surroundings were an endless sea of flowers. The Peony God Child had created a sea of flowers, which surrounded Mo Xiaolang within!

The rules of the Hundred Blossom Banquet were activated.

Instantly, the entire ocean of flowers changed, countless flowers exploded, transforming into a large number of petals. When the petals gathered together, it was originally a manifestation of the laws, and now, with their destructive power, the entire ocean of flowers transformed into countless petals that were like sharp blades that shot towards Mo Xiaolang!

Sou sou sou!

The Death Realm space was stable, otherwise it would have been cut open.

Three kinds of Ancestral Flames were immediately ignited on Mo Xiaolang's Primal Chaos Demon Saber. Three kinds of Ancestral Flames gathered together, which in itself was a type of destructive power, and the three types of flames themselves were mutually exclusive, causing Mo Xiaolang to have no need for any rules at all. Just the three kinds of Ancestral Flames, the God Force of Creation on top of the Primal Chaos Demon Saber, and the power of the Celestial Emperor's Sun Refining Art alone, formed a terrifying might!

Dang, dang, dang!

Facing this Hundred Blossom Banquet, Mo Xiaolang did not need to retreat at all as he charged forward while facing the attacks of countless flower petals. His Primal Chaos Demon Saber's speed was extremely fast, and the moment those flower petals got near, he would use his incomparably fierce strength to directly slice them apart!

Bang! Bang! Bang!

Countless gigantic petals exploded into powder right beside Mo Xiaolang, forming a beautiful color that could not be scattered!

RUU...!

The blazing blade image of Mo Xiaolang continued to move forward, exuding a majestic aura. In front of him, the Hundred Blossom Banquet shattered one after another, and very quickly, he approached the Peony God Child.

"This kid is pretty strong. We can't even settle the Hundred Blossom Banquet. "

He controlled the floral ancestor. The floral ancestor turned into a huge flower and revolved above his head. Every ray of light would condense into a petal!

This was a violent clash between the flower petals and the Primordial Demon Saber!

BOOM!

Mo Xiaolang cut off the last petal with his cold eyes and had already arrived in front of the Peony God Child's eyes. The Primordial Demon Saber came chopping down with the power of the Triple Ancestral Fire!

"Fantasy Flower!"

Right at this moment, the Peony God Child did not panic, but instead laughed slyly. When the floral ancestor was in front of Mo Xiaolang's eyes, it changed once again, and at that moment, a nine-colored light shone out from the floral ancestor, and in an instant, the entire sea of blood was surrounded by this light.

The Peony God Child had already disappeared before Mo Xiaolang's eyes.

"Illusion realm?" Mo Xiaolang's estimation was not bad, it was precisely a type of illusion. The Fantasy Flower, everything was changing, and all kinds of enticements appeared one after another. Countless Peony God Children appeared in the surroundings, it was hard to determine whether they were real or fake. He knew clearly in his heart that if this carried on, he would definitely be defeated.

"As expected of the ninth rank on the Divine Emperor, you're quite capable."

Compared to the Great Emperor Changsheng's group, he was much stronger.

However, his eyes quickly turned blood-red. Three kinds of Ancestral Flames erupted from his body, engulfing his surroundings. No matter what kind of illusions he had, under the Ancestral Flames' eruption, the Peony Deity Child had nowhere to hide!

In an instant, the three kinds of Ancestral Flames swept across the world!

In the whole of Death Realm, there was a sea of blood below and above that were the three colored flames from the explosion.

Burning hot, freezing cold, cleansing.

BOOM!

The dream flower bush was broken!

However, it seemed like this was the moment the Peony God Child had been waiting for a long time to attack. When the dreamy flower bush broke, he suddenly appeared on top of Mo Xiaolang's head.

"Flower of Rebirth! "Die!"

A strong rule was probably this Peony Deity's strongest move. Under his control, the floral ancestor appeared above Mo Xiaolang's head. All of a sudden, the flower turned completely gray, and from top to bottom, it was filled with an immense amount of death energy that descended towards Mo Xiaolang!

The gray color continued to spread. If one were to be even slightly affected by it, it would result in death. It was impossible to shake it off. The Peony God Child had already disappeared. In fact, he had already become one with the floral ancestor!

Obviously, the Peony God Child had been preparing for a long time to end this fight!

He did not dodge, but held onto the Primal Chaos Demon Saber with both hands. At this moment, on the surface of the Primal Chaos Demon Saber, the three colored Ancestral Flames surged, instantly forming an incomparably huge three-colored flame sphere, growing larger and larger without limit. Such a gigantic flame sphere was like a sun, refining the sun, and at the moment the Flower of Rebirth was about to descend, the laws would burst forth!

"Sun Refining Emperor Flame!"

This was the rule that Di Jun used to attack Long Chen. After it was engulfed by Mo Xiaolang, it became Mo Xiaolang's, and this was Di Jun's final accomplishment in the path of fire.

The moment the Flower of Rebirth descended, the Sun Refining Emperor Flame erupted, rising from the bottom, in a moment its light illuminated the Death Realm, it had completely suppressed the light of the Flower of Rebirth!

The gray color was engulfed by the three colored flames!

BOOM!

That earth-shattering explosion caused the entire Death Realm to tremble. The countless amounts of seawater within the sea of blood was pushed to the edge of the Death Realm!

The world had been turned upside down!

Compared to the power that Di Jun had displayed that day, the divine might of Sun Refining Emperor Flame was actually not far off. Even though Mo Xiaolang's power was slightly inferior to his, there were still three kinds of Ancestral Flames!

"Ugh ..."

When everything dispersed, the Peony God Child's entire body was charred black, even his pink hair was burnt away. The floral ancestor in his hands suffered even more damage, to the point of being on the

verge of death. Above the sea of blood, he looked at Mo Xiaolang with an incomparably dazed expression. In his opinion, the person beside Long Chen, was also a monster!

Mo Xiaolang had used his absolute strength to crush him, and the Peony God Child had no doubt wanted to obtain victory. But up until now, he had suffered a crushing defeat.

After the Ancestral Fire, the Peony Deity's body was now charred black.

Yet Mo Xiaolang was in front of him, not harmed in the slightest.

At this moment, Mo Xiaolang held the Primal Chaos Demon Saber in his hand. The aura of primal chaos permeated the air and his long black hair fluttered in the wind.

"Die!"

Looks like he was not completely defeated. Just as he had expected, at this moment, when he was holding onto the floral ancestor with a pained heart, he suddenly threw out a black divine rune from his left hand!

This was actually a divine creation artifact of Eternity!

His second Eternal Creation Divine Artifact! This was the Peony God Child's last hope. This was also the time when Mo Xiaolang thought that he had lost the battle and was the least prepared.

"Wolf."

"Got it."

Long Chen reminded her.

"No Zhou Mountain Godly Talisman!"

On the other side, the Peony God Child was controlling the Zhou Mountain Divine Symbol. The divine symbol had landed on Mo Xiaolang's head, and suddenly, an enormous black mountain appeared behind the divine symbol!

Fiendgods and devils, Zhou Shan!

Such a terrifying weight!

It seemed that the power of the Eternal Creation Divine Artifact lay in its weight!

"Crush him!" The Peony God Child was extremely excited. This was his final trump card, his ultimate life-saving move!

The Immovable Mountain Godly Talisman descended!

Chapter 3018 - Tai Hao, Yin Yang God Realm

The Peony God Child had hidden the Talisman of God until the very end, but it was also because it could cause the enemy the greatest amount of damage at the most crucial moment.

Generally speaking, even using the floral ancestor s would be enough to take care of the enemies, so he would rarely use the Mountain God Talisman. Among the ten thousand realms, there weren't many who knew that he possessed two Eternal Creation Divine Artifact.

The Godly Zhou Talisman seemed to be a light divine talisman, but in truth, its weight was far beyond imagination. The Godly Demon God Zhou Mountain was so huge. From this, one could understand just how heavy the Godly Zhou Talisman was.

If he was stuck with the 'God of Zhou' talisman, he would not even be able to move. He would be crushed!

"The final laugh is the winner!"

The Peony God Child was furious. He suppressed the divine talisman and a piece of talisman fell from the sky, heading straight for Mo Xiaolang's head!

Even though his entire body was charred black, he was still extremely malevolent. In his malevolence, there was also a trace of complacency. Although he was severely injured by Mo Xiaolang in one move,

there was still a chance of recovery. As long as he could not use the Zhou Mountain God Symbol to control Mo Xiaolang, he was confident that he could make Long Chen let him go!

This was his only hope of survival!

However, under the suppression of the Mountain God Talisman, Mo Xiaolang didn't seem to be scared at all. It was hard for Peony to notice that expression.

After all, everything was happening in the nick of time!

"Divine Ghost Heavenly Stele!"

Mo Xiaolang put down the Primal Chaos Demon Saber, turned it around with one hand, and suddenly, eight huge black stone tablets appeared around him. The eight stone tablets were depicted with eight lifelike heavenly ghost diagrams, the fiendish god of death, the fiendish god of death, the fiendish devil of the Heavenly Monument, was about to completely surpass the Formless Mountain Divine Talisman!

"Go!"

A huge boom echoed out!

In a short period of time, the eight Heavenly Tome Monoliths formed into a stone tablet, and directly blocked the attack on top of Mo Xiaolang's head. Just as Mo Xiaolang was about to attack the Peony God Child with his sword, the Heavenly Tome Monolith blocked the Impossible Mountain Divine Symbol!

"Eternity!"

The other party had never thought that Mo Xiaolang would also possess a second Eternity, a Creation Divine Weapon. He had thought that Mo Xiaolang was definitely going to die!

As long as the Heavenly Tome Monolith did not block the Mountain God Talisman, the Peony God Child was exposed before Mo Xiaolang's eyes. In front of the Peony God Child's eyes, Mo Xiaolang wielded the terrifying Primal Chaos Demon Saber.

BOOM!

At this time, the Mountain God Talisman had stuck itself onto the Divine Ghost Heavenly Stele. Instantly, the Divine Ghost Heavenly Stele was suppressed, and its weight increased by an innumerable amount, directly falling out of Mo Xiaolang's control and smashing towards the depths of the sea of blood!

"Return!"

However, Mo Xiaolang turned a deaf ear. Just as the giant Divine Ghost Heaven Tablet smashed into the sea of blood, the entire Divine Ghost Heavenly Stele suddenly changed, from one to eight.

Instantly, one of the Divine Ghost Heavenly Stele smashed into the sea of blood. When Mo Xiaolang charged towards his opponent, the other seven suddenly appeared beside him.

In the eyes of the Peony God Child, Mo Xiaolang was simple and straightforward, but it brought about the danger of death!

"Divine Symbol!"

In the midst of his panic, he quickly controlled the divine talisman to return. However, just as the divine talisman was about to move, it was flipped over by the stone tablet and suppressed the divine talisman for an instant!

At this moment!

RUU...!

The seven black stone tablets smashed onto the Peony God Child's side with a loud bang, completely trapping him inside. Mo Xiaolang arrived in the next instant as the Primal Chaos Demon Saber in his hand erupted with a thirty thousand feet flame.

"Break!"

However, he, who had been injured by the Sun Refining Emperor Flame, was completely unable to escape the encirclement of the Heavenly Tome Monoliths. When he struggled, the Primal Chaos Demon Saber, carrying the three kinds of Ancestral Flames, directly slashed at his body!

"Withdraw!"

Mo Xiaolang controlled the Divine Ghost Heavenly Stele. Under his control, the Divine Ghost Heavenly Stele formed a completely sealed space with no cracks at all. In this sealed space, the three-colored Ancestral Fire instantly fell and exploded!

"Sun Refining Emperor Flame!"

"No!"

Mo Xiaolang's unparalleled strength exploded within the Heavenly Tome Monolith. He did not give his opponent any room to discuss, and when the Sun Refining Emperor Flame exploded once again, the Peony God's son, who was completely unable to resist this time, let out a world-shaking scream!

He was defeated!

BOOM!

All was gone.

After a long while, Mo Xiaolang was a little tired, but in front of his eyes, the Peony God Child had already turned into ashes. Under the three kinds of Ancestral Flames' incineration, he was unable to leave even a trace of his soul behind.

The only ones left were the floral ancestor and the Mountain God Talisman.

Amongst them, the floral ancestor's damage was more serious, and would probably need some time, and would probably need some treasures to recover, but the Mountain God Talisman was actually safe and sound.

Mo Xiaolang didn't think too much about it. He just couldn't bear to see the Peony God Child's actions.

It has now been resolved.

"The effect of the 'No Zhou Mountain Divine Symbol' is different from that of the 'Heavenly Stele'. It will be beneficial to you. Try to control it. It was you who defeated his master, so he should accept it a little more. "

Long Chen said.

Mo Xiaolang thought about it, only the three of them could control the Eternal Creation Divine Artifact. Right now, Long Chen was using all his effort to obtain the Primeval Dragon Pagoda. Ling Xi's two dimensional gates and the Myriad Realms Divine Sword were already exhausting, especially the Myriad Realms Divine Sword. From the looks of it, the Mountain God Talisman was still suitable for him.

"Three kinds of Eternal Creation Divine Artifact, the pressure is a bit too much. However, I think I'll give it a try."

He then tried to communicate with the Mountain God Talisman.

What Long Chen did next, was to spend a total of two days to search the entire Flower Immortal Realm, but he could not find even one. As expected, the Shadow Dream Charm Dragon's inherited blood essence was not in any other world of Taihao Region other than Tai Hao Divine World.

Of course, it was also possible that he had missed it.

It was also possible that the inherited blood essence was not in the world of the living at all, but in some remote places in the Taihao Region.

"The Shadow Dream Charm Dragon should have been fighting here back then, so hiding the inherited blood essence in some insignificant places is normal."

"But, the most important thing is to go check out the Tai Hao Divine World."

What was coming seemed to be unavoidable.

In the end, he still had to go to the Tai Hao Divine World.

The Hierarch Taihao would have to face it eventually.

"floral ancestor only needs to find some treasures to repair it, and we can still use them. If things really don't work, we can just use floral ancestor to trade for the Door of the Universe. No matter if he's willing to let me search through his Tai Hao Divine World, I still have to go. "

How could ordinary people be willing to let others search in their own homes?

Even Long Chen himself was unwilling to do so.

Therefore, he knew clearly in his heart that when he went to Tai Hao Divine World this time around, it was likely unavoidable. Who knew? Perhaps the moment they got close, the Hierarch Taihao would appear and fight to take back his gate to the universe.

"The use of the Door of the Universe is enormous. It can save you a lot of time. You absolutely cannot give it to him. " This was the rule in Long Chen's heart.

After going through the final reorganization, they had already made their preparations to go meet the Hierarch Taihao.

This may be a protracted confrontation.

Mo Xiaolang was already at his limit before he could complete the Zhou Mountain God Symbol. At his current level, for him to be able to control three types of God Manifestation grade Eternity could already be considered a miracle.

Of course, his fighting strength had also increased explosively, he had two Eternal Creation Divine Artifact in a row, and right now his fighting strength was probably in the top three in the Divine Emperor s. In the Divine Emperor, there were very few who could be his match.

Ling Xi was preparing for the door to the universe.

After a period of time, they passed through the portal of the universe and headed towards the Hierarch Taihao's base camp, the Tai Hao Divine World. This was a place where the door of the universe had been for a long time. He could have reached anywhere.

The Tai Hao Divine World was located at the core position of the Taihao Region.

In the distance, he could see a golden planet. That was the Emperor Jun Realm. Further away, at the end of the sky, there seemed to be a city, and that was the Fengdu Ghost City.

But no matter if it was the Di Jun Realm or the Fengdu Ghost City, they were both not as strong and majestic as the Tai Hao Divine World.

Tai Hao Divine World was the place that the gods and devils of the Taihao Region yearned for the most.

dignified, enormous, and lofty, controlling nearly three hundred worlds of the Taihao Region!

Looking at it from afar, the Tai Hao Divine World was a continent, but the difference between it and the Dragon Sacrifice Continent and the Pangu Continent was that it was a circular continent.

Looking down from the starry sky, this huge round continent was divided into two parts, one black and one white. Simply put, it was a Taiji yin fish.

The black part seemed to have a shadow, while the white part glittered.

The entire continent revolved at the center.

Of course, the people inside the Tai Hao Divine World would not feel this kind of rotation. To them, the earth was unmoving, but the stars, the Sovereign Realm and the Fengdu Ghost City were revolving around them.

It was another mystical world.

The mysticism of ten thousand worlds wasn't just this.

The entire Tai Hao Divine World was about a quarter of the size of Pangu Continent, and was about the size of the third sky and the third heaven. This was also the standard in the world of Eternity.

Her entire Tai Hao Divine World was enveloped in a black and white brilliance, as though he was in a dream. There were many Fiendgods on it, and the white part of the continent was inhabited by the Sun God Tribe, while the black shadow part was where the Shadow Devil Clan resided. The Sun God Clan cultivated the Divine Path, the Demonic Yin Clan cultivated the Demonic Way. So the Yang God Clan was a god, and the Yin Mo Clan was a devil.

The Tai Hao Divine World was completely known as the Primordial Yin Yang Divine Realm.

But the rumors said that the Hierarch Taihao was actually a dual cultivation of gods and devils. This way, the Sun God Clan and the Demonic Yin Clan could coexist.

Currently, a figure was standing on top of the Tai Hao Divine World, at the center of the spinning formation.

"Sir, why did you not chase after Long Chen? "Seize back the universe door."

"Since you know that he has the door to the universe, there is no point in chasing him. The gate to the universe, passing through ten thousand worlds. No one can catch up. "

"Then do we just let it go like this?"

"Not really. I heard that he was searching for something in the Taihao Region, and he has almost searched through all three hundred worlds of our Taihao Region. If we still can't find him, I think he should come to Tai Hao Divine World. "

"Oh, the Venerable One is setting up a trap?"

"Bureau?" It's been set up. "

Chapter 3019 - Game

Tai Hao, Yin Yang God Realm.

Long Chen and Ling Xi came out from the door of the universe and saw this place from afar.

This was the territory of the Hierarch Taihao, the original owner of the gate to the universe. Naturally, they could not appear very close to the Tai Hao Divine Yin Yang God Realm from the very beginning.

After taking away the gate to the universe and letting Ling Xi return to the Living Realm, Long Chen finally headed towards the Tai Hao Divine World.

He turned into a streak of blood-red light, moving for five thousand kilometers in the blink of an eye. That Tai Hao Divine World seemed far away, but in reality, it was very close to him.

Compared to the giants of Pangu Continent, the Dark Light Continent was smaller, but it revolved around the core in a marvelous way. The level of the Heaven and Earth powers on it was about the same as the three heavens.

"Half is yin and half is yang. "Half god, half demon." Before arriving here, Long Chen had already found out about the matters regarding the Tai Hao Divine World and the Hierarch Taihao from the Jadenflower Divine Emperor.

He already knew that Hierarch Taihao cultivated Yin and Yang together, gods and demons together, so some people also called him Hierarch Tai Hao. It was similar to the Yin-Yang Heavenly Emperor of the Pan Gu continent, but the rules that they specialized in were different.

It was said that the Hierarch Taihao was good at two types of rules: light, light, and light. All the light.

One was darkness, the other was darkness, and the third was shadow. Everything was deathly still.

It was said that the Door of the Universe was not the most powerful Creation God Equipment of the Hierarch Taihao. It was just that, since it was used more often, there were many people who knew about it.

Long Chen looked around. Tai Hao's yin yang divine realm was very big.

"Without the Hierarch Taihao to stop them in time, it would take a long time to search for them. In the entire Taihao Region, it was most likely that the inherited blood essence would appear here. However, if the Hierarch Taihao was guarding this place for so many years, it was possible that he could obtain it. If he gets it, it will be difficult. "

That would not be as simple as just defeating Hierarch Taihao, but it would also need to be completely crushed in order to force Hierarch Taihao to take it out.

Unless Long Chen was willing to use something to exchange for it with him.

Of course, it was unlikely. After all, it was something that would be of no use to the Hierarch Taihao.

When Long Chen descended above the Tai Hao Divine World, what should come next would definitely come. Although they were separated by a distance, he knew that the Hierarch Taihao had already discovered him, and he already had a feeling that he was being watched.

The Hierarch Taihao was a fellow cultivator of the gods and demons, and was strange and vast, giving Long Chen the feeling that he was a god from the Primal Chaos Realm. Of course, he had nothing to do with the Primal Chaos Realm at all.

Behind him, a person suddenly appeared.

Long Chen turned around and behind him, there was a young man dressed in a black and white robe. On the left side was white, on the right side was black, and above that, his face was separated by the space between his eyebrows and the bridge of his nose. There were also two different colors.

However, his eyes did not have pupils. On the other side of his black face, his eyes were white, like a core. On the other side of the white face, the eyes were black, the core!

Beside him, the Hierarch level strength formed a terrifying vortex, surrounding him in the center.

He seemed to have already merged with the entire Primordial Yin Yang Divine Realm below him. Each and every one of his actions was simply the same as the primordial yin yang god realm.

He was a dangerous person.

He and Di Jun were brothers, and since he took away his universe gate, he naturally had to be wary of him.

However, facing Long Chen, the Hierarch Taihao did not have the slightest bit of hostility on his face. That half of his face was white, and the other half was black. His lips lifted slightly as he smiled gently, and with an extremely demonic and low voice, he said to Long Chen. "Welcome, welcome."

His manner was surprisingly friendly.

There was no hostility in the words, the actions, the expressions. Long Chen was actually a little surprised. He had originally thought that the moment he arrived here, the other party would very likely come out and fight for his door of the universe, let alone allow Long Chen to search for ancestral dragon-inherited blood.

Long Chen came here with the intention to test his luck.

Since the other party had taken the initiative to be amiable, he was naturally vigilant in his heart. He said very straightforwardly, "Your distinguished self must be the master of this Taihao Region, Hierarch Taihao. To be honest, I'm sure you know about the grudge between Di Jun and I. "I killed Di Jun and took away his things, there's also the gate to the universe!"

Just as he said that, the Hierarch Taihao shook his head and smiled, "You don't have to care. As the saying goes, a treasure is to be given to a hero. If you are truly embarrassed, then just take it as a gift from me. "

Long Chen had not finished speaking, but he had finished speaking. The other party was extremely generous, and he didn't hold anything back. If not for the Jedeflower Divine Emperor, Long Chen would have really believed it.

"This old fox definitely knows that you want to search for something in the Tai Hao Divine World. He will definitely be too preoccupied with the gate of the universe. Now that you have put it nicely, you must be thinking of a way to snatch it back. You must be extremely careful. "

The Jedeflower Divine Emperor definitely knew more about the Hierarch Taihao than, so Long Chen did not believe what he had heard and saw. Of course, this was a battle of wits and courage, he wanted to find the inherited blood essence of the Shadow Dream Charm Dragon, so he had to stay and receive the opponent's attack.

Since the other party was acting like this, Long Chen decided to let the matter rest. After all, he had a huge confidence in his own escape. With Mo Xiaolang and Ling Xi's help, the Hierarch Taihao might not be able to do anything to him.

Therefore, he said straightforwardly: "Since that's the case, Long Chen will do as you wish and accept the gift from Hierarch. Long Chen will definitely remember this gift in his heart. If there is anything that Hierarch Ri needs help with, feel free to tell me, but this time, when I came to Taihao Region, there was actually something that I needed Hierarch Shen's help with. "

If the other party wanted to build a good relationship, that was what Long Chen would wish for. This way, he would be able to openly make his request, and even if the other party wanted to reject, he would not be able to do so.

He looked at Long Chen and smiled lightly, then said, "I know, it is said that you have been to the Emperor Jun Realm, Fengdu Ghost City and some other places. A few days ago, something happened to the Flower Immortal Realm, and it seems like you were the ones who helped kill the Peony Deity. If there's anything you need, just tell me directly. "

Long Chen said: "That's right, I am in the Taihao Region because I want to find something. Right now, I have already searched through all of the other worlds of the Taihao Region. I hope that Hierarch will let me search for it. It won't take too long. "

He looked at Hierarch Taihao's reaction.

He had a rough idea that the Hierarch Taihao was faking his enthusiasm, and since he was faking it to the end, he should agree to it.

However, at this time, the Hierarch Taihao shook his head and said: "Brother Long Chen, you are making things difficult for me. If you want to come to my house to search for something, I'm afraid that's not appropriate. "

He refused.

Weird, could it be that what he just said was true and not an act? Did he really think that he was giving the gate of the universe to me?

"This is an attempt to capture him. Believe me, if you say a few more words, he will definitely let you enter to search." Maybe he's already laid out for you. "

Divine Emperor Yuhua was more familiar with the Hierarch Taihao.

The other party was not someone who would be at a disadvantage so easily.

After hearing that, Long Chen understood in his heart. He looked at the Hierarch Taihao sincerely and said: "Hierarch Shen, Di Jun and I came from the same world, and the world is close to destruction now, but there are actually some things that have been lost in the outside world, and are things that our side can only use. They might have lost them here, so the Hierarch can send people to accompany me. They would definitely not use anything else from the Tai Hao Divine World.

Hearing Long Chen say this, the other party frowned, and in the end, as expected, said: "To be honest, I feel that you are someone to hand over, and that you are much more reliable than Di Jun. Since something so important to you belongs to you, then let's just follow what you said. Due to the respect I have for you and me, I have sent a Divine Emperor to follow you. If you find him, you must at least give me a look. After all, this is still considered a Tai Hao Divine World. "

Long Chen was overjoyed: "Thank you Hierarch, don't worry, I will definitely not take anything from the Tai Hao Divine World. "Hierarch Hierarch was extremely helpful this time. If you need anything in the future, just tell me directly."

On the surface, everyone was happy.

Although Long Chen had obtained the plan to search for it, he knew in his heart that this was also the Hierarch Taihao's trap. Whether he found the Inherited Blood or was trapped by the Hierarch Taihao, it all depended on the game between the two of them.

This was a battle outside of a battle.

"Then, I won't delay you any longer. Let my two disciples lead the way, they are more familiar with Tai Hao Divine World. "

Speak, the Hierarch Taihao disappeared before Long Chen's eyes.

After a while, two Extreme Realm Divine Emperor appeared, a man and a woman. The woman's entire body was pure white, and similarly, there was not a trace of any other color. She was terrifyingly white.

They were respectively 'A while ago' and 'Wu Xia'. They were two of the core disciples of the Hierarch Taihao, and were probably people on the Divine Emperor's leaderboards. They did not talk much, and the pure white "Wu Xia" was leading the way for Long Chen.

"Please."

Long Chen was too lazy to bother with them. What was left was the competition between him and the Hierarch Taihao, to see whether the other party's traps were powerful or if he would be the first to find the Inherited Blood Essence.

The first thing he arrived at was the Guang Ming Continent. After arriving on the ground, he looked at the entire world's white radiance, and felt some regret. Even the sand here was like gems, their radiance translucent.

Chapter 3020 - Eye of Light

Compared to the Fengdu Ghost City, the Tai Hao Divine World was several times larger. If one only looked at some key areas, it would take around a month. If he were to search carefully, it would probably take him half a year.

"I don't have much time, so I naturally have to find some key areas first. However, the traps in the Hierarch Taihao would obviously be set in these areas as well. "But the places where the inherited blood essence is most likely to exist are also these places ..."

Long Chen thought for a while and still decided to let Wu Xia and Xiao Wen take him to some important places. To him, this was a challenge. Maybe the Hierarch Taihao was very confident in his trap, but Long Chen was also very confident in himself! The other party only wanted to return to the gate of the universe. Even if he failed in the end, he would just have to return the gate of the universe to him.

It did not seem like the hatred between Di Jun and him.

Following that, under the guidance of the two Divine Emperors, Long Chen broke through many traps set at the Tai Hao Divine World. There were many restricted regions that even Wu Xia and You Wei didn't dare to enter.

But nothing was found.

In this period of time, he had seen the Sun God Clan and the Demonic Yin Clan. While cultivating, one side cultivates a demon. It is a miracle that the two of them coexist in the same world. In fact, a little while ago they were from the Demonic Yin Clan, and Wu Xia was from the Yang God Clan. The so-called Yang God Clan, most people cultivated the rules of light.

The Hierarch Taihao was the peak of everything.

The two of them were very close to each other on the Divine Emperor's rankings, both being around forty odd places, similar to the Taiqing's nine sword Divine Emperor s.

The Tai Hao Divine World s that Long Chen had passed through were the secret realms such as ' Well of All Demons', 'Battlefield of Gods', 'Heavenly Blessing Forbidden Area', and so on. They did not encounter the trap set by the Hierarch Taihao at the moment.

Of course, Long Chen had never looked at the Hierarch Taihao, it was as if the other party had disappeared.

"Generally speaking, the Ancestral Dragons leave their inherited blood in a place that ordinary people would not be able to get close to. For example, in the Star of Destiny and the Threelives Divine Stone. "And the slaughter dragon tomb!"

Therefore, Long Chen still decided to finish searching through all these important areas.

It had to be said that it was a coincidence that he had obtained the other inherited blood essences. This time, he had spent the longest time searching, and it had no effect even now ...

"When we finish walking to the next place, we will have to go to the Dark Continent." Wu Xia turned and said to Long Chen.

They had already searched half of the Divine Yin Yang World.

"Where is the next place?" Long Chen faintly felt that in this world of light, an extreme darkness seemed to be congealing in front of him.

"It's the 'Eye of Light'. Actually, it was very easy to see the Eye of Light above the Tai Hao Divine World. It was the location of the Yang Fish Eye. Correspondingly, there was the 'Eye of the Dark World'. The Eye of Darkness and Eye of Darkness are two places with the most danger in my Tai Hao Divine World. Our entire Tai Hao Divine World's Yin Yang Energy 'is born in these two places, but these two places have the most destructive power, so even Gods and Demons are unable to approach them. At that time, the two of us will not be able to bring you in. The brutal power there can tear us all apart. "

"Oh!"

It was a position similar to the Pangu's heart, but the birth of the Pangu's heart's Pangu's Qi was gentle, but the Eye of Darkness was brutal.

"If the Hierarch Taihao wants to set up a trap for you, this is probably the place. At this Eye of Light, you should be extremely careful. " The Jade Flower Divine Emperor warned.

"Don't worry, I know what I'm doing."

Long Chen smiled faintly. At this location, he opened up Death Realm and left his mark on it. If he was trapped there, he could just appear here via the Death Realm. This brand could last for at least ten days.

Then, there was the Revival of the Dead, the Dragon Pagoda, the door to the universe, and so on. Even if it was Di Jun's Forbidden Area for eternity, it wouldn't be able to trap Long Chen right now. Moreover, there were also two assistants, Mo Xiaolang and Ling Xi.

"If the Shadow Dream Charm Dragon's inherited blood essence exists, it might end up in this Eye of Light."

The so-called Eye of Light was actually the place where the dark energy in the Tai Hao Divine World was born. It was the core of the Guang Ming Continent, and the countless energies that were born were directly in the sky and transferred to the continent. Of course, the opposing Eye was the place where the power of light was born, and was transferred to the continent in the sky.

Endless light surrounded Long Chen, but one could see that the sky and the continent ahead were already shrouded in darkness. Amidst the mountains ahead, a long black dragon rose to the sky and spread out, heading towards the direction of the Dark Continent!

That long black dragon was the darkness energy. The darkness energy that was born from the Eye of Light engulfed the entire continent of darkness, creating countless devil spirits with Tai Hao Divine World.

"Here we are. From here, we won't go over. We'll wait for you here. However, I still advise you. In the Eye of Light, the dark spiritual energy is too rampant. You should be careful, it's best not to delve too deep. Otherwise, it's very possible that we'll be able to go in and not be able to get out, and our bodies will be smashed to smithereens. "

Although Wu Xia was admonishing him, his face was expressionless.

"Sure, thank you." Long Chen directly headed towards the Eye of Light. Seeing that his figure was getting smaller and smaller, the expression on both of their faces did not change from beginning to end. Only after Long Chen disappeared from their field of vision did they notify Hierarch Taihao.

"Master, he's already gone in."

Eye of Light.

When Long Chen arrived, he was already engulfed by the dark spirit energy. In this incomparably majestic spirit energy, he could no longer clearly see things in the distance.

Of course, he had yet to truly reach the Eye of Light.

"In this place, the spiritual energy is raging and berserk. No wonder no one came. However, in a place with such dense Spiritual Qi, a genius treasure would definitely be born. Therefore, there would still be people who come to take risks. "

However, there wasn't a single person present.

This was a little strange. This was still the outer perimeter.

"Looks like this is his trap."

Long Chen sneered. Even though he had realized this, he continued to move forward, and the dark spirit energy around him was like a devil.

RUU...!

There were endless booms everywhere.

According to his calculations, even Divine Emperor would not be able to withstand the power of the core of the Eye of Light. Not to mention going deep into the core.

Roughly two hours later, Long Chen finally arrived at the true Eye of Light. This was because the endless darkness and spirit energy had exploded from the endless abyss in front of him, sweeping towards the sky. It was like a huge black dragon, soaring into the sky. Here, Long Chen had to steadily control his own body.

He took out the eyes of the Black Jade Dragon Head, and was constantly paying attention to its movements. There were no movements from this position, so Long Chen had already decided to go down.

"The moment you go down, it might be his trap."

"I know."

However, Long Chen also knew that the place where the Inherited Blood Essence could exist was in the depths of the Eye of Light. As a result, he rushed into the abyss of the Eye of Light without much hesitation. In a short period of time, countless violent forces charged at him, tore him apart, and surged towards him!

RUU!

The berserk darkness energy continuously erupted around him as the spirit energy gushed out, pushing him towards the sky. Long Chen had to endure this power and penetrate deep into the Eye of Light. Although he did not know how deep the Eye of Light was!

After descending for around two hours, this place was already at the limit of what Long Chen could endure. However, Long Chen knew in his heart that he couldn't reveal his trump card before Hierarch Taihao acted.

"I haven't found any inherited blood essence yet, so I don't know how deep this Eye of Light is." At this point, if there are any traps, then it should be time to activate them. "

Long Chen's current focus had to be on the Hierarch Taihao. If the other party really wanted to use an extreme method, he could only fight to gain the chance to stay in the Tai Hao Divine World and search for him.

Suddenly.

He felt the existence of the Hierarch Taihao!

Indeed!

"Tide of Darkness!"

Suddenly turning around, Hierarch Taihao appeared in his sky. He could roughly only see a shadow, after all the dark spirit energy here was too dense and it completely affected his perception.

When Long Chen had sensed the Hierarch Taihao, he was actually the one who had made his move. In that instant, in the wide area around Long Chen, the incomparably berserk darkness energy suddenly turned liquid!

As a result of this black wave, the tearing power of the dark spiritual energy could be said to be increased by several times! In this position, if Ling Xi were to appear, facing such a massive tearing ability, it was very likely that she would not be able to withstand it and would also not be able to use the Door of the Universe!

This is Hierarch Taihao's plan!

"His laws and the surrounding dark spiritual energy have formed a superposition. If it was outside, this rule would definitely not be able to display such strength! As expected, this is the trap he set? "

The Hierarch Taihao obviously knew, that the one controlling the door of the universe was Ling Xi, and Ling Xi didn't have such a powerful body like Long Chen, so in this Eye of Light, her appearance would only be dangerous. That was why he chose this place. Not to mention Ling Xi, even if this berserk black tide were to be activated at the center of the dark spiritual energy, Long Chen wouldn't be able to hold on for long.

"You can't use the Door of the Universe. Give it back to me. That's all. If you do not return it, I will have no choice but to trap you here and crush you to pieces. "

Hierarch Taihao's voice was very cold and indifferent.

"To think that you even had the attitude of being willing to part with it. It seems that you're not a magnanimous person." Even in the midst of the terrifying storm, Long Chen still sneered coldly.

"You know the function of the Door of the Universe. It was even more important than Eternal Creation Divine Artifacts. I can't give it to you for nothing. You're not stupid, and I hope you don't die for it. I have no intention to go against you, but my things are mine in the end, and others cannot take them away. "

The Hierarch Taihao said, seeing that Long Chen did not react, he further strengthened his rule.
