

War God 3021

Chapter 3021 Divine Light of the Universe

In a place like the Eye of Light, the degree of devastation caused by the darkness energy was already at the limit of what the Divine Emperor could handle. The laws of darkness in the Hierarch Taihao, on the other hand, magnified the chaos infinitely.

His attacks were quick and violent, naturally, he wanted to force Long Chen to admit defeat. If he did not admit defeat, it would be a devastating blow.

In the dark tide.

As Long Chen resisted this force, his gaze passed through the layers of darkness and he saw the cold and detached eyes of the Hierarch Taihao. Obviously, he wouldn't stop until he submitted. Long Chen was not surprised. Actually, he dared to come to Tai Hao Divine World because he was already prepared to fight the Hierarch Taihao!

"Return my gate to the universe!"

Hierarch Taihao roared.

"Impossible."

He did not expect Long Chen to answer with such certainty. This made him so angry that he started laughing instead. But in the next moment, Long Chen opened a blood colored door in his berserk tide of darkness, crawled inside, and directly disappeared before Hierarch Taihao's eyes!

"Hmm?"

Hierarch Taihao confirmed that Long Chen had already left.

He removed the rules and the dark spiritual energy calmed down. Of course, this peace was only because of the state they were in just now. Even if it was tranquility, this place was still the place the Divine Emperor s did not dare come to.

"It seems that I have underestimated his ability in this aspect. However, this was good as well. It was a good idea to test his capabilities in a head-on battle. If he wanted to search for something in the Tai Hao Divine World, he would obviously not leave so easily. I have plenty of chances to take back the universe door. "

Hierarch Taihao thought as he left. Not long after, he rushed out of the Eye of Light.

"Master, Long Chen said he will wait for you in the starry sky."

After they came out, Wuxia and You Wei approached them.

They had all just witnessed with incomparable shock the sudden appearance of Long Chen, who should have been suppressed by the Hierarch Taihao just a moment ago.

Obviously, the Hierarch Taihao's plan had failed.

"He didn't attack you?"

"No. His attitude is not bad. " Wu Xia said lightly.

"I see."

Actually, this was also the intention of Long Chen wanting to fight him in broad daylight.

In this Tai Hao Divine World, he did not attack the disciples of the Hierarch Taihao, nor did he destroy the Tai Hao Divine World.

"I think I'll have to go back to the Door of the Universe. He wanted to find his things in the Tai Hao Divine World. It seemed he would still have to fight. Since traps are useless, then let's have a fair and honorable battle, and make it simple. "

After Hierarch Taihao finished his sentence, he had already disappeared from in front of the two people's eyes, and started walking towards the endless starry sky above their Tai Hao Divine World.

"If I knew it would turn out like this, I wouldn't have used that trick. You and I have our own needs. We can settle it in a single battle. "

Arriving at the starry sky, the Hierarch Taihao appeared in front of Long Chen. Other than the Desolation Lord, this was the first time Long Chen had faced Tai Yi Shen Jing in such a manner.

However, that time, Desolation Lord only tested him once, and did not really make a move.

"You have some understanding of me, so you naturally know that I control two worlds. Using the Eye of Light to trap me in a place like this is really too boring. " Long Chen had already been confident in his heart. As expected, he easily cracked the trap set up by the Hierarch Taihao.

The Hierarch Taihao smiled lightly, and said: "I know about the profound mysteries of the Life and Death Realms, but I never thought it would be profound to this extent. Even if they were able to escape from the Eye of Light, logically speaking, the door to the universe would be affected by the dark spiritual energy there. All in all, I did underestimate you, but now I have made it clear. "

He had the intention to battle, and Long Chen was unable to refuse. Otherwise, it would be impossible for him to continue searching through the Tai Hao Divine World.

The Hierarch Taihao said straightforwardly: "Then that's good. If you lose the fight between us ... Then we will return the gate of the universe to its rightful owner. If you win. I'll let you search through the Tai Hao Divine World, however long you want to, it will be as long as I can find it. "

Long Chen thought for a while, then shook his head: "No, it's not fair. If I lose, I would have lost a Eternal Creation Divine Artifact. If you lose, you won't lose anything. "

Hierarch Taihao asked: Then what do you want?

Long Chen said: "It's simple, you are a Sovereign God and I am just a mere Divine Emperor. Everyone knows that it's hard for me to fight you. Otherwise, this Taihao Region will not be your territory, but Di Jun's territory. So, what I mean is, I'll send three people over to attack you alone. "We will use this to determine victory or defeat."

To be honest, this was a direct conflict between the legendary Long Chen and the Hierarch Taihao. Many people knew about it within the Tai Hao Divine World, and the strong experts naturally understood as well. Currently, a large number of people were gathered below, watching the two star-like figures in the sky.

"Oh!"

At this time, Long Chen had already told both Mo Xiaolang and Ling Xi to come out. With one on the left and one on the right, the three of them stood together.

"Just the three of you?"

Hierarch Taihao was a little surprised. He had thought that Long Chen would find one or two Hierarchs to assist him.

"If it's these two people, then no problem." He agreed without hesitation. With his cultivation, anyone could tell that these two were Extreme Realm Divine Emperor. They were all unique and were obviously very close to Long Chen, but Hierarch Taihao felt that they were not much of a threat.

After confirming that, the atmosphere became tense.

Hierarch Taihao took a look at the Tai Hao Divine World below him. Even fighting in this place would affect his Tai Hao Divine World, so he shifted to another area, and the Tai Hao Divine World became smaller and smaller in his eyes.

"Big brother, I'm a bit nervous."

Mo Xiaolang took a deep breath. He never thought that Long Chen would drag them all out to deal with Hierarch Taihao.

"This is a valuable experience. Rest assured, you can just give him some influence by the side. "The main thing is that I'll do it." Long Chen was in a very relaxed mood.

Right now, Mo Xiaolang and Ling Xi were maturing very quickly, without much combat experience, it would not be easy for them to meet a God Realm opponent.

"Alright."

Ling Xi had not even made a move until now.

He knew that Long Chen was going to train them, and of course there would be some risks. However, looking at how confident he was, he should be able to endure it.

In the blink of an eye, the Hierarch Taihao was right in front of them!

The energy of black and white, light and darkness around him formed a majestic vortex around him. The energy of a Hierarch should still be the energy of his Eternity but the power of a Hierarch was vigorous. The strength of this Hierarch Taihao was basically the sum of the strength of Long Chen and the other two.

The current Hierarch Taihao simply had no emotions at all. His black and white face was as mechanical as a machine.

In the blink of an eye, Long Chen had noticed two changes to his body: one on his finger, and the other on his neck. A black ring appeared on the tip of his finger, the shape couldn't be seen, but the moment it appeared, Long Chen and the others felt a kind of suppression. Just this small ring seemed to have an endless shadow within it, like the black hole rules of the Nuwa Devils, which made it look like an endless vortex.

This is the same Eternal Creation Divine Artifact!

In addition, on his neck was an incomparably gorgeous platinum necklace, and every gem was as dazzling and dazzling as an eternal stone. It was also a type of Eternal Creation Divine Artifact.

"So what the rumors say is true. In Hierarch Taihao, other than the entrance to the universe, there are actually two kinds of Creation Divine Equipment that are of the 'semi-primitive level'. The black ring was Shadow. "That platinum necklace is' Dawn '."

"Both of them are half a primitive level?" Long Chen realized that he had underestimated this guy. Di Jun was a Myriad Realms Divine Sword with half a primitive level, so the Hierarch Taihao was able to suppress him. Now that he thought about it, it was normal for him to have two types of God Manifestation grade equipment with half a primitive level.

Shadow, Dawn

As expected, the black ring seemed small, but it could easily cover everything in the world. The light of dawn was still being awakened.

The appearance of the two God Creation Equipment gave Long Chen and the other two a huge pressure.

Mo Xiaolang retreated to the left rear and grabbed onto the chaotic demon knife which was filled with demonic aura, while the other two God Manifestation stage weapons were hidden in the shadows. Ling Xi's Gate of the Universe was the target of the Hierarch Taihao's battle and was still on her arm. However, at this time, she took out the illusionary Myriad Realms Divine Sword and held it in her hand, which attracted the attention of the Hierarch Taihao!

"Myriad Realms Divine Sword!"

The Hierarch Taihao squinted his eyes and said, "It seems like Di Jun's death was all because of you."

The gate to the universe and the Myriad Realms Divine Swords were all controlled by Ling Xi. To be honest, the Hierarch Taihao was extremely shocked in his heart.

With the door to the universe and the rules of space, Long Chen didn't have to worry about his safety. At this time, Long Chen held onto the Ghost Blood Curse with both hands, releasing his killing intent!

"Humph!"

Hierarch Taihao snorted coldly, without saying a word, he immediately launched an attack. He did not move, but instead, extended his hand out to grab the necklace on his neck. This was Hierarch Taihao's attainments in the Rules of Light!

The Laws of Light were displayed through 'Dawn'.

At that moment, the light of dawn broke through everything in the world!

"God Light of the Universe!"

This ray of light swept towards all directions, as if it was the first ray of light that could split heaven and earth apart. Even on Tai Hao Divine World, everyone could see that everything in the sky and earth had turned completely white.

Of course, the Hierarch Taihao would not attack this Tai Hao Divine World.

So they were safe.

As for Long Chen and the others who were just inches away, they were caught in the most direct attack of the divine light of the universe. As for Long Chen and Mo Xiaolang, Long Chen was actually very straightforward. He directly retreated to Mo Xiaolang's side and opened up the Death Realm's door. Under Long Chen's command, she directly used the door of the universe to travel to a place where the divine light of the universe could not reach. As for Long Chen and Mo Xiaolang, Long Chen was very straightforward.

"That's boring." Hierarch Taihao stopped his attack and said a little angrily.

Chapter 3022 - Fierce Battle of Taihao

Coming out from the Death Realm unscathed, the Hierarch Taihao's anger formed a power that implicated the Endless Territories, as if the surroundings were trembling in his light and darkness.

Not far away, Ling Xi also appeared from within the gate of the universe.

"There are no rules to begin with, so why can't we do this?"

Long Chen smiled faintly. During the battle, every minute and second had changed greatly, and now, with the Ghost Blood Curse in his hand, he had appeared right in front of Hierarch Taihao. Ling Xi and Mo Xiaolang were hidden in the shadows.

"I see." The Hierarch Taihao's voice was cold for a long time. Behind him, the starry sky was split into two parts, the left being an endless world of light, while the right was a pitch-black world shrouded in shadows.

In the world of light, power surged. In the world of darkness, shadows lurked, and killing intent was hidden in the deepest parts!

When the Hierarch Taihao's voice fell, Long Chen and he had attacked at basically the same time.

"The Death Realm is killing us!"

When the Ghost Blood Curse appeared in front of them, the Swastika Symbol erupted and began to spread through the starry sky towards the Hierarch Taihao, hundreds of millions of them! At this moment, the third eye between Long Chen's brows was born, completely blood-red. That was the core of the Death Realm, and behind him, was a surging sea of blood, the power of the entire Death Realm. The entire killing intent of the entire Death Realm, was concentrated on this sword!

It was pure killing intent!

A single sword attack exploded forth!

Death Realm killed, chopping down, in the middle of the sword light, a sword-shaped dragon's shadow, released an earth-shattering roar, charging straight towards Hierarch Taihao!

"That's right!"

After finally witnessing Long Chen's power, the Hierarch Taihao confirmed that he could resist the Hierarch, but resisting and defeating were two entirely different things. Facing Long Chen's attack, the Hierarch Taihao took out the 'Shadow' ring.

"Umbra's Hand."

With a casual flip of his hand, that shadow merged with Hierarch Taihao's palm, and for a moment, countless amounts of darkness converged on his palm, condensing into an enormous, formless, and

tangible palm, blocking right in front of Hierarch Taihao's eyes. A mere palm, was practically half the size of his Tai Hao Divine World, and among them, Long Chen's attack was as minuscule as an ant!

Rip!

The gigantic hand of shadow was actually torn apart by Long Chen, but this hand of shadow was just like cotton. After it was torn apart, Long Chen instead allowed it to completely surround him, and entered into an endless swamp of darkness. If he did not use any special method, Long Chen would be trapped inside this swamp, and become the turtle in the jar of the Hierarch Taihao.

In this battle, it was clear that the Hierarch Taihao held the absolute advantage. Long Chen's Death Realm could do nothing to him. However, Long Chen would obviously not sit still and wait for death.

"He really is a terrifying opponent!" Sovereign God! "

Hierarch Taihao was already the peak of all ten thousand realms.

Long Chen opened the Death Realm's Dragon Gate and escaped the black swamp. In fact, the time he took to escape was very short.

"Sun Refining Emperor Flame!"

This was the most shocking scene in Hierarch Taihao.

His former friend Di Jun's rules had actually been displayed by Mo Xiaolang, and had even been changed. The three kinds of Ancestral Flames condensed into a huge sun, swallowed and spat out terrifying waves of fire, combined together with its unstable form. Just as Hierarch Taihao used his Umbra's Hand to stop Long Chen, the Sun Refining Emperor Flame descended right above his head!

"That's right!"

The Hierarch Taihao was shocked beyond his wits, but he naturally resisted. In his haste to face the attack, he was not very prepared, only the 'Dawn' necklace suddenly expanded, forming a protective jewel around him. Then, the Sun Refining Emperor Flame exploded right in front of his eyes!

"Boom!"

In the endless universe, all one could see was fire.

From Tai Hao Divine World's point of view, the sky had actually already been completely engulfed by the sea of fire and nothing could be seen anymore.

The battle continued!

Long Chen could clearly feel that under the suppression of the Sun Refining Emperor Flame, the Hierarch Taihao's protective shield had already been torn apart. The rule that Mo Xiaolang had prepared for a long time, had probably become a threat to him. Of course, every single Hierarch was a supreme being since time immemorial. They would not be defeated so easily!

If he could defeat the Hierarch Taihao in one move, Long Chen would not need to display such a great display of power!

Just as the Sun Refining Emperor Flame was about to explode, under Long Chen's instructions, Ling Xi had already made her preparations. The door to the universe was hidden, Mo Xiaolang's Sun Refining Emperor Flame was above, and the door to the universe was below, just as the Sun Refining Emperor Flame was about to explode and force the Hierarch Taihao down, Ling Xi had controlled the door to the universe during the most chaotic time!

"Forbidden Area for eternity!" Even though he was a little nervous, Ling Xi still swallowed it into the Eternal Heaven Forbidden Region under the best conditions and under conditions that Hierarch Taihao had completely never expected!

To the Hierarch Taihao, today, their biggest mistake was that they did not know that the two opponents actually possessed Di Jun's ability. It was as if Di Jun had been split apart by them.

"It's actually the Forbidden Area of Eternity!" In that frozen space world, Ling Xi was still unable to completely suppress Hierarch Taihao, so at this moment, Hierarch Taihao was still able to speak. However, his movements were severely restricted!

"You!"

The Hierarch Taihao was about to use his own strength to destroy this Forbidden Area. Although Ling Xi had learnt this rule, her use of it was still not as good as Di Jun's.

However, with Ling Xi's silver hair flying in the air, she did not want to stop there. Now that she was being attacked by the Sun Refining Emperor Flame, the Hierarch Taihao was slightly injured!

"Forbidden Area Annihilation Slash!"

Endless amounts of spatial fragments enveloped Hierarch Taihao within them. Originally, the destruction of the Forbidden Area of Eternity would have brought the Hierarch Taihao along with it to be destroyed, just like last time when Long Chen was attacked, but the Hierarch Taihao was even stronger now. In that instant, the 'shadow' turned into liquid and instantly covered his entire body!

RUU...!

In Long Chen's eyes, after an incomparably strong spatial tremble, Ling Xi and Hierarch Taihao appeared once again. Ling Xi swiftly dodged, avoiding direct confrontation with Hierarch Taihao, and consecutively faced the three person's attacks according to the rules. Especially the last Forbidden Area, the current Hierarch Taihao was extremely wasteful!

Several bloody wounds were torn out on his body!

His boundless aura had also been greatly affected. It could be said that he was in the position where Long Chen and the others had crushed him.

Therefore, Hierarch Taihao was angry!

Long Chen realized that he was in danger and he had already warned Ling Xi and Mo Xiaolang. It was likely that the Hierarch Taihao would go and attack them after they attack. It was exactly as Long Chen had expected!

"Black Heart Curse!"

All of a sudden, the ring of black colored 'Shadow' congealed on his palm. After going through the suppression of Long Chen and the others, only then did Hierarch Taihao enter a state of battle which he had not entered in for a long time.

A rule that transcended everything and advanced in the darkness. This was a rule that was simply impossible to resist. It descended on Mo Xiaolang's body and at this moment, Mo Xiaolang let out a low growl!

"Little Wolf!"

Long Chen was a little bit nervous, he could tell that this so called Black Heart Curse was a kind of terrifying dark energy. It was like a bug that stayed inside of Mo Xiaolang's body, and started to melt, corrode, and expand his body from the heart.

This is the power of Hierarch Taihao's anger!

However, when Long Chen was at his most anxious, all the hairs on his body all turned green, and a large amount of Primal Chaos Blue Flames emerged from his body, enveloping his entire body. Primal Chaos Green Flame was a purifying flame, and also had the nature of a fire of life.

"Don't worry big brother, I can control it, but it will take me some time to completely remove it." Mo Xiaolang quickly transmitted this message to Long Chen.

Long Chen relaxed a little, but very quickly he had a bad premonition. As expected, although Ling Xi was further away, the Hierarch Taihao still made a move against her!

Seeing that, Ling Xi immediately activated the gate to the universe, but Hierarch Taihao was even faster!

"Lost Zone!"

It was all a kind of violent and unstoppable strange rule. What attacked Mo Xiaolang was the Black Heart Curse, and what attacked Ling Xi was a resplendent light. Countless rays of light gathered in the starry sky and formed a resplendent gem, trapping Ling Xi and the door of the universe inside.

"Don't worry Brother Chen, these rules can't do anything to me. I will be able to activate the gate to the universe very soon."

Amidst the bright gem, Ling Xi said something to reassure Long Chen. In fact, it was the same for Long Chen. This was the benefit of Ling Xi becoming strong, if the two combined into one, then the power that erupted would be unimaginable!

She was Long Chen's Yin Mo. If she was similar in degree to Ling Xi, if Long Chen fused with her, then they would reach an even greater peak in a short amount of time!

"You're the only one left!"

Hierarch Taihao's furious gaze finally landed on Long Chen. He naturally meant to settle this battle once and for all. At this moment, there was no hesitation at all as Hierarch Taihao used 'Dawn' and 'Shadow' at the same time.

To use two half-primitive level, Creation Divine Weapons, to display the same type of rule, but in this type of rule, there were two types of rules hidden! This gave Long Chen a huge inspiration. Clearly, in this move, the Hierarch Taihao had fused the two rules of light and darkness!

At that moment, the Hierarch Taihao seemed to have inherited the power of the entire Primordial Yin Yang God Realm!

Chapter 3023 - Heart of Light and Darkness

The shadow released by the 'shadow' had already shrouded the entire sky, leaving everything in dead silence. As for that dawn of light, it gave birth to a sea of light that was comparable to the divine light of the universe. It controlled who knew how many territories it controlled! The Hierarch Taihao was extremely powerful at this moment!

In the next instant, the Edicts exploded from the Shadow and Dawn of Light.

"Heart of Light and Darkness!"

Suddenly, at the boundary between light and darkness, a huge heart appeared. This heart was covered by black and white stripes, as if it was the core of heaven and earth, it beat intensely and let out a terrifying rumbling sound. Every time the heart beat, an attack that could destroy the heavens and earth would strike right in front of Long Chen!

"Too strong!"

Long Chen had to admit, but at the moment where he could only resist on his own, he might not be so timid. At the moment when Hierarch Taihao made his move, the third eye between his brows gave birth to a new color!

Now, it was Living Realm's and Death Realm's turn to use their powers together!

"The other party is able to perfectly combine the power of light and darkness into one heart. If I can do it, then it would be perfect!"

The fusion of the light and darkness powers had brought about an impact to Long Chen's sight and heart, allowing him to deeply experience the endless changes in the laws. If he were to say that the Hierarch Taihao was the first person to fuse the laws, then he would be the first person to do so.

"life-and-death tribulation!"

The Ghost Blood Curse and the Heaven's Sacrificial Spear!

One on the left, one on the right!

did his best to let these two rules approach each other, allowing the most violent sea of blood to merge with the whirlpool that took away one's life. By preserving their common nature, they were able to unleash power that neither of them existed in!

The Heart of Darkness in front gave Long Chen the greatest point of reference, and he entered into a perfect state. It was as if he copied the other party's rules, and imitated them.

Behind him, with a strong will, the power of life and death mixed with the Living Realm's blood sea, turning into a blood whirlpool! It was as if the life and death force in the blood sea had completely merged together, turning the blood into a blood whirlpool!

The slaughter of the sea of blood combined with the laws of life deprivation, forming a qualitative change. In that instant, the Ghost Blood Curse and the Sacrificial Sky shot out the same attack!

This was the true life-and-death tribulation!

Under these circumstances, the Hierarch Taihao gave Long Chen the biggest point of reference! It allowed him to obtain this kind of breakthrough at the most critical moment. When life-and-death tribulation erupted, the resulting might was completely enough to put him in a stalemate with the Hierarch Taihao!

Then, a devastating collision!

BOOM!

The earth of the entire Tai Hao Divine Yin Yang God Realm trembled.

"Hierarch is fighting with someone else!"

"It's too scary. That Divine Emperor called Long Chen, has he not been defeated yet?"

"Rumor has it that he defeated Di Jun, and his cultivation base is very close to the Hierarch! However, he has three people and Hierarch only one. It's not too fair! "

"Don't worry, even if there are three hundred of them, the Venerable One will still defeat them. Our Venerable One is the master of the entire Taihao Region. Control 300 worlds! "

Of course, the scope of vision of the gods and devils of the Yin Yang God Realm of Taihao was much higher!

"Protect!"

A large number of Divine Emperor and Demon Emperors blocked the Tai Hao Divine World and protected the entire continent. After all, at this time, the level of the battle had exceeded the limits of their estimates!

Even the Hierarch Taihao himself did not expect to reach such a degree!

In this battle, everything was still in chaos. Life and death, light and darkness were all mixed together, and the entire starry sky was in such chaos that it was impossible to dodge!

Hierarch Taihao suffered an incomparably strong shock, and at this time, he was in an even more sorry state.

"He actually blocked it?" Hierarch Taihao did not expect his killing move to be blocked by Long Chen just like that. This was simply a miracle! Furthermore, he saw that Long Chen could actually be like him, and fuse two types of laws!

Was there anyone else in this Allworld capable of this, aside from himself?

Not giving him time to think any further, just as he was defending and enduring the power of life and death, Mo Xiaolang suddenly appeared above him. At this time, Mo Xiaolang had already used the Primal Chaos Blue Fire to swallow the Curse of the Black Heart, and at this most chaotic moment, he suddenly appeared!

"Divine Ghost Heavenly Stele!"

All of a sudden, eight burning Ancestral Flames of the Heavenly Ghost Tablets fell from the sky, smashing down towards Hierarch Taihao! The eight stone tablets quickly fused into one, as though they were all from a single continent, the Hierarch Taihao was simply unable to dodge them!

"Break!"

He was not particularly concerned about Mo Xiaolang's attack. While resisting the power of life and death, he directly activated his Shadow and used his Umbra's Hand to block in front of the gigantic Divine Ghost Heavenly Stele!

But!

An unbelievable thing happened!

The Heavenly Tome Monolith had shattered his Umbra's Hand, and his Edicts of Darkness had shattered like tofu! According to Hierarch Taihao's estimation of the Heavenly Stele, this was simply impossible!

But it happened!

The Heavenly Tome Monolith broke through the Umbra's Hands, and ruthlessly smashed into Hierarch Taihao's head, causing him to become muddled. His head was wounded, and even though it was not very badly injured, during his fight with Long Chen, such a change would cause his head to collapse!

BOOM!

The slaughter of the Death Realm and the life that he had taken from him rushed into his body at the same time!

Three types of damage, simply surpassed Hierarch Taihao!

In fact, what Hierarch Taihao did not know was that Mo Xiaolang had directly pasted the 'Impossible Mountain God Symbol' onto the Heavenly Tome Monolith. In the beginning, he was the one controlling the Heavenly Monolith, but later, the Impossible Mountain God Symbol suppressed the Heavenly Monument, and directly smashed onto the top of Hierarch Taihao's head.

However, Mo Xiaolang did not care in the slightest, because his Mountain Constellation had coincidentally separated from him. Just as the Hierarch Taihao was resisting Long Chen's power, it had stuck itself onto his forehead!

Terrifying weight!

Even the body of the Hierarch Taihao was crushed by this power, producing countless blood veins!

And this was not the end!

In that instant, the gate to the universe opened right behind Hierarch Taihao, and Ling Xi's beautiful figure appeared from within.

"Hack him!"

Long Chen said.

"Oh, okay!"

Ling Xi was in a hurry, but there was no problem in using the rules at all. Right now was also the best opportunity, and the moment she appeared, the Myriad Realms Divine Sword also appeared.

"Universal Extinction Slash!"

This was also Ling Xi's current strongest killing move. Following Long Chen's instructions, she channeled her strongest power into the Myriad Realms Divine Sword, and the Myriad Realms Divine Sword manifested ten thousand worlds in the universe!

Ten thousand worlds, exterminated!

After the extermination, what came out was a destructive sword aura, and that sword aura swept through the entire space between him and the Hierarch Taihao at the fastest speed possible!

Hierarch Taihao, from the front, back, and three directions, had suffered a blow from Long Chen and the others. At the same instant! 's Universal Extinction Slash had already arrived. When he turned around, what he saw was the sword aura produced by the destruction of ten thousand worlds!

"Dawn!"

BOOM!

Even if it was the power of Dawn, it could not stop the Myriad Realms Divine Sword and the Universal Extinction Slash at this moment. With a "hualala" sound, the Hierarch Taihao was sliced into two halves from the waist up, and the higher the level of the body, the harder it was to repair it.

This was especially true for the Mountain God Talisman. Under the pressure of this talisman, his body was constantly being weighed down by the weight of the entire continent, and his body was constantly being torn apart.

"Great Void Heart!"

At this time, the Heaven's Sacrificial Spear pierced through the power of light and darkness, reaching right in front of Hierarch Taihao. The power of time immobility swept out, if it was before, it might not have been able to lock onto him.

"Whiz!"

The tip of the Heaven's Sacrificial Spear pierced the position of the Hierarch Taihao's Heart of Rules. As long as it stabbed in, time would speed up, and even if it could not kill him, it would cause the Hierarch Taihao to lose most of his strength. It would even cause him to fall into the realm of Divine Emperor.

This was the power of time.

To the Hierarch Taihao, everything seemed to have stopped.

"You lost. You understand." Long Chen didn't want to say anything more. The people of Tai Hao's Yin Yang God Realm could also see the details of this battle. Hierarch Taihao had already lost to such a degree. If the exalted Hierarch were to act shamelessly at this moment, he would be out of character.

With that, Long Chen let Mo Xiaolang and Ling Xi return to the Living Realm. They had performed very well in this battle, and if it weren't for them, Long Chen definitely wouldn't have been able to defeat the Hierarch Taihao, unless he could use the power of the Primeval Dragon Pagoda.

After that, he removed the Great Void Heart, and when the Great Void Heart disappeared, the broken body of the Hierarch Taihao merged back together again, and his injuries were also quickly recovering. The black and white eyes quietly looked at Long Chen, obviously in danger, but Long Chen knew that the difference between them wasn't too great, so he wasn't necessarily afraid of him.

He didn't need to say anything, he was just waiting for the Hierarch Taihao to speak.

At this time, when a few Divine Emperor announced the news of Hierarch Taihao's defeat, the entire Tai Hao Divine Yin Yang God Realm burst into an uproar. Of course they weren't willing to believe it, even if they saw it with their own eyes.

"Fine, you win." Finally, Hierarch Taihao said something that assured Long Chen. However, after he finished speaking, he returned to his Tai Hao Divine World and disappeared from Long Chen's sight.

Although he did not say anything else, since he had won, then Tai Hao Divine World's search should already be Long Chen's prerogative. He heaved a sigh of relief and rested for a while within the Living Realm.

"Daddy, were you beating up bad guys just now?!"

Xiao Long turned into a divine dragon and wrapped himself around Long Chen's neck, staring at him with his pair of big eyes.

"People in this world cannot just be good and bad. Rather, it would depend on where he was standing. We are all a family, a community, and we must love each other. Of course, everyone has to have a basic moral conscience, or else they won't be able to be with us. "

Chapter 3024 - Hongjun Galaxy

The Hierarch Taihao hid within the Tai Hao Divine World and did not appear again. It seemed as if he had lost all thoughts of seizing back the gate to the universe.

In the ten thousand worlds, information of this level couldn't be concealed. Very quickly, many people knew that although Long Chen had two helpers in his Tai Hao Divine World, he had defeated Hierarch Taihao in the end. This was a fact.

As a result, Long Chen's strength was even more acknowledged. Today, many people had placed him in the position of Hierarch.

Even though the Divine Emperor s of the entire Tai Hao Divine World loathed and loathed Long Chen, they still revered him. No one thought that they noticed Long Chen and could only stare at him hatefully from afar, but didn't dare to approach him.

Most of the god and devils from the Tai Hao Divine World knew that the three people who defeated the Hierarch Taihao were from the Tai Hao Divine World.

That's right, Long Chen could be considered to be completely relieved now, as he searched for the ancestral dragon's inherited blood essence.

Hierarch Taihao knew that he could not do anything to Long Chen, so he did not provoke Long Chen. He was willing to accept his loss and comply to the bet, and as expected, did not disturb Long Chen anymore.

This way, Long Chen could move freely in the Tai Hao Divine World.

In this world where ancestral dragon-inherited blood were most likely to appear, Long Chen basically searched every inch of the land. He first searched through most of the key areas, then expanded the scope and searched the entire Tai Hao Divine World!

Until half a year had passed!

Unexpectedly, the entire Tai Hao Divine World actually didn't have the slightest trace of an inherited essence blood!

"As expected, he's really not here?"

After Long Chen searched the entire Tai Hao Divine World thoroughly and confirmed that it really did not exist, he could not help but become depressed. It seemed that the difficulty was much higher than he had expected!

"Did they scatter into the starry sky?" The starry sky of the entire Taihao Region is so vast, how can one find it? " Ling Xi also had a headache.

In that case, it was basically impossible to find.

"Moreover, so long has passed. Even if it was originally in Taihao Region, it might have already been somewhere else or in someone's pocket."

"What do we do now?" Ling Xi asked.

Long Chen thought for a while, then said: "Looks like I have to go to the time tunnel first. These past few days had been a waste of time. But before I go, there's one thing I need to confirm. "

"What is it?"

"Hierarch Taihao, did you obtain that inherited blood essence long ago?"

Long Chen rose into the air from within the vast Tai Hao Divine World. Facing the boundless holy and dark spirit energy, he said. "Hierarch Taihao, come out."

This voice spread throughout the entire world, and could be heard by tens of trillions of people in the Tai Hao Divine World.

Long Chen knew he would come.

Before long, Hierarch Taihao appeared in front of Long Chen.

"What is it? If I can't find it, do I have to go? " Hierarch Taihao's gaze was indifferent, as calm as water.

Long Chen stared at him, and said: "The thing I am looking for, is indeed not in the Tai Hao Divine World anymore. But, I want to confirm, did you get this long ago? After all, this is your territory. If it were here, you would have discovered it long ago. "

Hierarch Taihao coldly said: "Who knows what you are looking for?"

Long Chen replied: "A drop of blood."

If not for that being said, even if the other party knew about it, they would not have known what Long Chen wanted. If he didn't, it didn't matter. A single drop of blood wouldn't leak out too much information. and even more so, wouldn't let others know about the relationship with the Dragon Sacrifice Continent's Divine Dragon.

"A drop of blood?"

Hierarch Taihao was startled, he didn't actually know what Long Chen was looking for. After tens of millions of years, he had long believed that everything that was useful to him in Tai Hao Divine World was in his hands. Thus, he had already known that Long Chen would not be able to find anything.

However, a drop of blood ...

This reminded him of something.

"A drop of blood. Right, it seems to be dark green. There seems to be a brand similar to you and Di Jun. It was difficult to investigate, but it was useless. It was rather pretty. Even I don't know what it is. I obtained it from the depths of the Eye of Light. This should be what you are talking about. "

The Hierarch Taihao said straightforwardly.

Unexpectedly, it really was him!

Long Chen was initially disappointed, and was just about to leave. But he didn't expect a clue to appear like this. On the contrary, he couldn't show off his excitement in front of Hierarch Taihao. After hearing Hierarch Taihao's words, he replied: "That's right, you're the one who said that. Hierarch, what do you want to do in order to give it to me? "

He couldn't be bothered to waste his breath and got straight to the point. Since that thing was with him, there was nothing he could do about it. After all, he could not fight with the Hierarch Taihao again, so he did not know if he would be able to defeat him this time. The best way was to get it peacefully.

Hearing that, the Hierarch Taihao laughed, and said: "I didn't expect you to ask this question, so I won't be polite. To be honest, I've never wanted to be your enemy. It's just that you took my things, and that's a fact. My request is simple. He just wanted to return to the gate of the universe. It's not too much. Long Chen, I think that this is something so important to you, I just want to return to the gate of the universe.

This is a real problem

There were simply too many variables if they were to forcibly take it, and ancestral dragon-inherited blood were simply too important. Long Chen was not able to take the risk. So, he could only use an exchange method. If he wanted the other Eternal Creation Divine Artifact, it would still be fine, but Long Chen really couldn't bear to use the Door of the Universe ...

However, compared to the ancestral dragon-inherited blood, the value of the gate to the universe was too low, too insignificant. After a short period of struggle, Long Chen and Ling Xi had a brief discussion, and of course Ling Xi agreed to his decision.

"Fine, then let's go to the Door of the Universe. But I'm not sure you're talking about what I want. Show me that drop of blood first. "

At their level, playing tricks on them seemed like shameful behavior.

However, the Hierarch Taihao shook his head and said, "I can't take it out right now. To tell you the truth, I did obtain this drop of blood for a period of time, but it was useless. So later on, I treated it as a gift and gave it to another Hierarch. "

"Which one?"

The Hierarch Taihao laughed: "Don't be anxious, what is yours will eventually be yours. That thing of yours, I suspect she hasn't studied it yet. So if you really want it, I'll go with you to find her. When you return the Cosmic Hades to me, I'll definitely give you that drop of blood from her hands. "You can rest assured. As a mighty Hierarch, I will keep my word. I won't play some boring tricks with you."

After hearing that, Long Chen remained silent for a moment, but asked in the end, "There shouldn't be a problem. But I want to know, that Hierarch you mentioned, who is he? "

Hierarch Taihao said: "Hongjun Xinghai, Notre Dame de Nine."

Hongjun Star Sea!

Hongjun Star Ocean, Pangu Continent!

The Hongjun Star Sea was the core of the Southern Star Region, and its position was the same as the Pangu Continent in the Western Star Domain.

This was the only world of primitive level in the southern star field!

The eighth level of primitive level was comparable to the Pangu Continent's world!

Of course Long Chen understood that place.

The biggest master of the Hongjun Star Sea, who had a similar position to the Ancient God of the Wilderness and the Heavenly God Continent, was located at the 'Hong Jun Superstar' located in the center of the Hongjun Star Sea.

This Supreme Being seemed to be called Heavenly Dao Saint Emperor.

The four of them were of the same level as Heavenly Dao Saint Emperor, Ancient God of the Wilderness and Lu Wang.

There are hundreds of giant stars of the same level as the Ling Ji Ji Xing and there are hundreds of billions of planets surrounding it. In the center of the sea of stars, there are a total of six largest giant stars, and the one in the center is the 'Hong Jun Superstar'. Among the surrounding five giant stars, the area is as large as the Tai Hao Divine World, and the Notre Dame de Nine is the owner of one of the 'Nine Heavens Holy Stars'.

It was one of the few Hierarchs of the Hongjun Star Sea.

Long Chen was only one in the Southern Star Region at the start, and was only a Domain Lord that was about the same as the Taihao Region.

A Hierarch like the Notre Dame de Nine was equivalent to a Undead Phoenix on the Pangu Continent, or a Heavenly Emperor of Yin Yang.

about the same as the Hierarch Taihao.

"Notre Dame de Nine and I have a good relationship, so we gave each other a lot of things. I'll give her that drop of blood. It was absolutely true. If you really want to get that thing, you can only go with me to the Hongjun Star Sea. You have the door to the universe, so it won't take us too long to reach it. "

The Hierarch Taihao said indifferently.

Then, he continued, "Of course, if you are suspicious, then forget it. I'm too lazy to say more. I want to take back the gate of the universe, but I don't want to beg you either. I'll give you a period of time. You decide on your own, come look for me again. "

"No need, let's go to the Hongjun Star Sea now."

Long Chen said directly.

Even if the Hierarch Taihao and the Notre Dame de Nine teamed up to scam him, he had the methods to revive him from the dead, the Primeval Dragon Pagoda, and the Two Realms of Life and Death. Unless Hierarch Taihao allows that "Heavenly Dao Saint Emperor" to deal with him!

He was one of the supreme experts of the ten thousand realms!

In the entire Ten Thousand Worlds, information was always common. Divine Emperor Yuhua told Long Chen that the possibility of Heavenly Dao Saint Emperor taking care of Long Chen was relatively small. After all, he was a super character who rarely appeared.

"Aren't you afraid that I'll join hands with the Notre Dame de Nine to deal with you? Besides, I have quite a few friends there. "

Hierarch Taihao said.

Long Chen laughed: "Of course I'm afraid, but I also believe that you didn't lie to me. That drop of blood is in the hands of Notre Dame de Nine. That's enough. "

"Looks like you're very confident." Hierarch Taihao said this but did not say anything else. He looked at Long Chen and let him prepare.

had to be the one to activate the gate to the universe.

Originally, it was fine for Long Chen to just directly enter Ling Xi's Divine Kingdom, but he couldn't allow the Hierarch Taihao to enter, otherwise he would be put in a very passive position.

"Let you enter a place. When you arrive, I'll naturally let you out. How about it?"

After saying that, Long Chen opened the Death Realm's Dragon Gate, exposing the Death Realm to his eyes.

"It's fine."

Hierarch Taihao entered very straightforwardly.

Chapter 3025 - Notre Dame de Nine

Hierarch Taihao went to Death Realm very straightforwardly, he was not worried at all about Long Chen trapping him there.

He did not seem to be on guard at all, but this made Long Chen feel that he was too stingy with his guard down.

The matter of inheriting blood essence had been going around for a long time, but now, he finally had an idea.

This was also a good thing.

"Then, let's head for the Hongjun Star Sea. The Door of the Universe should have been here before. Just go directly to Nine Heavens Holy Star. "

"Alright."

Next was Ling Xi's operation.

Long Chen was in her divine country, waiting for time to pass.

In this period of time, the Jadeflower Divine Emperor told Long Chen all the information he knew about the Notre Dame de Nine. This was also to prevent the Hierarch Taihao allying with him to give him trouble.

"Speaking of which, this Notre Dame de Nine is quite similar to a person. Of course the two are not on the same level. "

"Who?"

"Taoist Dobao."

Divine Emperor Yuhua said a name that Long Chen could not have guessed. Seeing Long Chen's doubt, she continued: "The same thing is because the Notre Dame de Nine has a shocking amount of love for all kinds of treasures, to the point that even when she is infatuated, her taste is sometimes a little strange.

In all of the realms, the total number of Eternal Creation Divine Artifacts was not high, most of them were concentrated in the hands of the supreme gods, and just the Notre Dame de Nine herself is said to possess nine types of God Creation Equipment which are of the Eternity. "

"That's quite a lot!"

Although they couldn't compare to Taoist Dobao in terms of numbers, they were all Divine Manifestation grade weapons of the Eternity! Taoist Dobao didn't even have one Eternal Creation Divine Artifact, and just the God Creation Artifacts from the same Eternity were already more valuable than the several tens of God Creation Artifacts that were so precious that they could move people's hearts.

Divine Emperor Yu Hua said, "Also, her power comes partly from her many Godly Creation Weapons, and her own rules are very strange. It was a little similar to Ling Xi's Heavenly Rules Spiritualism. Although it appeared to be chaotic and unorganized, it was extremely strange and there were even some that could unleash a might that caused people to be shocked. When she combined those rules, it was called 'Mysterious Gate Escape Technique'."

Long Chen understood the Heavenly Rules Spiritualism, so he was even more clear that this kind of strange method sometimes exceeded the imagination of ordinary people. Such an opponent was adept at using all sorts of tricks. If he could achieve an effect, it was possible for him to defeat people who were much stronger than him. In terms of creating traps, he was much better than the Hierarch Taihao.

"It looks like the Notre Dame de Nine itself is a trap. But I still believe that she has the inherited blood essence of the Ancestral Dragon."

"I wish you knew that she was probably a trap. The Hierarch Taihao will not give up on his determination to take back the gate to the universe. The use of the door of the universe is extremely mysterious. Even if you were to use other Creation God Equipment to exchange for it, he would not want it."

"Do you know anything else about the Notre Dame de Nine?"

The Jadeflower Divine Emperor thought for a while and said, "The Infinite Divine Art that she cultivates is in terms of Eternity, it's not as exaggerated as the primitive level. The name of the technique was 'Notre Dame de Nine Saved the World'. But it was also said to have many miraculous effects. Other than that, I don't know exactly what her nine Creation God Equipment are, but it's said that they are: Eight Trigrams, whisk, Peach Blossom Wood Sword, Gourd, Book of Heaven, Mirror, Orb, Bell and Nine-

colored Stone. It was probably these things, but he just didn't know what they were. If we were to fight with her, it would be fine to know that she has many strange cards in his hands. "

Long Chen memorized the Wonder Armor Technique, the Notre Dame de Nine's World Savior Sutra, and the nine God Creation Artifacts one by one. He would soon face this challenge. Whether he would be able to obtain the inherited blood essence or fall into the trap of the two Hierarchs, it all depended on the game between them.

After a period of time, Ling Xi told Long Chen that the Sacred Star of the Ninth Heaven had already arrived at the sea of stars.

When Long Chen came out from the Divine Kingdom, he was standing atop a stretch of starry sky. As far as he could see, he was right in the middle of an incomparably vast star realm.

The closest place was a planet similar to the Ling Ji Ji Xing, and every one of them was enveloped in a dream-like color. The entire sky was engulfed in a kind of cloud and mist, and it was a power even denser than light and dark spiritual energy. As expected, this was the power of the sea of stars, it was called 'Hong Jun Spiritual Energy'.

The Hongjun spiritual energy was born from the various giant stars and spread throughout the entire Hongjun Star Sea, enveloping everything. The closer they were to the core, the denser the energy became!

If the Myriad Realms was a world, then the interior of the Hongjun Star Sea was also a world on its own.

In the distance, there were hundreds of giant stars orbiting around the center of the sea of stars. Each of these giant stars was a top-level world.

Beside these giant stars, in the distance, there were countless planets, billions of them, some big and some small, either revolving around the giant stars, or revolving directly around the core of the Hongjun Star Sea, the big ones were almost comparable to the giant stars, and if they were small in time, they could at least live with a lot of people!

It was said that the Hongjun Star Sea was currently the world with the largest number of people in all ten thousand worlds.

Before his eyes were trillions of worlds, yet they were so vast and grand. Even now, they were still flourishing at such a rapid pace. He still didn't know what kind of grand event would have happened before the era!

No matter what, before the era, Hongjun Xinghai was only second to the Dragon Sacrifice Continent.

Long Chen only saw the exterior of the Hongjun Star Sea, but in reality, right below his feet, there was a moment of dreamlike nine-colored planets. This giant star was incomparably huge, over ten times, or even dozens of times more than the Ling Ji Ji Xing! It was covered by a rainbow of colors. It was in the Immortal Realm. There were at least a hundred million living creatures below. This was because the Notre Dame de Nine only allowed experts of a certain level to enter the Nine Heavens Holy Star.

That's right, this was one of the six superstars of the sea of stars, the Nine Heavens Holy Stars.

Amongst the six super giant stars, the largest one which was located in the core position of the entire Hongjun Star Sea, was the Hong Jun Superstar. Long Chen saw a direction in which an enormous planet that was enshrouded in extremely dense Hongjun Spiritual Energy, which was several times that of the Nine Heavens Holy Star, gave Long Chen the feeling of a Pangu's heart.

The strongest Heavenly Dao Saint Emperor in the Southern Star Region was right there.

Long Chen did not have time to enjoy the beautiful scenery here. He stared at the Nine Heavens Holy Star below him, obviously the Notre Dame de Nine was already there and had been preparing for this long. Now, it was time to face the Notre Dame de Nine and the Hierarch Taihao.

Long Chen let Ling Xi return to the Living Realm, then opened the gates to the Death Realm, allowing him to exit.

The Hierarch Taihao had been imprisoned in the Death Realm for so many days, yet he was unwilling to see Long Chen imprisoned him in the Death Realm forever.

"We've arrived! The speed of the gate of the universe is so fast!" None of the Eternal Creation Divine Artifact s seems to have a Creation God Equipment that is able to have the ability to open the door to the universe. "

Hierarch Taihao sighed as his gaze turned to the Nine Heavens Holy Star.

He said, "Follow me. She's here."

The Notre Dame de Nine was the owner of this Nine Heavens Holy Star. One of the Divine Sovereigns of the Southern Star Region.

Long Chen followed behind Hierarch Taihao and entered the Nine Heavens Holy Planet, looking down at the vast world.

The people here proclaimed themselves to be part of the Nine Heavens Holy Clan.

They were strong and arrogant. In the entire Hongjun Star Sea, they only respected the people in the Hong Jun Superstar, and felt that in the entire world, only the people there could be more noble than them.

After crossing the beautiful river and mountains of the Nine Heavens Holy Star, they quickly arrived at a nine colored palace. This palace was extremely huge.

"This is carved from her Nine Colored Holy Palace, by a Chaos Treasures with half a primitive level. in fact, it's a whole. "

Long Chen looked at the colorful palace. It had to be said, this was the most wonderful palace he had ever seen. From this Nine Colored Holy Palace, it could be seen that Notre Dame de Nine was a person who pursued perfection, to the extent of madness.

"Tai Hao, you're coming over. Why didn't you inform me in advance?"

As they approached, a burst of imposing and tyrannical voice filled with the aura of a king came out from the Rainbow Holy Palace. Once the voice was heard, not just ordinary beings, but even Long Chen and the others would be suppressed by it, as if this woman was born to be the king, as if she was born with the divine might to rule over millions of lives.

"The main reason why I'm here today is because I have something that I need your help with." The Hierarch Taihao brought Long Chen directly into the Nine Colored Holy Palace, and inside the palace there were many Divine Emperors. After the Hierarch Taihao descended, they welcomed him one after another, and in the middle of the Divine Emperor, Long Chen saw the Notre Dame de Nine.

She was indeed an exquisite, beautiful, overbearing, and dignified woman.

From head to toe, it was possible to tell that all ten of her fingers were hung with rings, and all of the rings were precious gems, and there were even things similar to eternal stone.

His pair of eyes actually had nine colors, like a colored gem that was even more eye-catching.

"I didn't expect you to bring me here with you a legendary figure. It rose up in Mount Zhou, rose to glory in the Third Heavenly Layer, and even became the number one Divine Emperor of the Myriad Realms. "

Notre Dame de Nine stared at Long Chen with his shining eyes, and a faint smile rose from the corners of his mouth.

"You know him?" The Hierarch Taihao said in surprise.

"In the current Myriad Realms, the only worlds that do not recognize him are those sealed off. Furthermore, the reason you're so fast to the Nine Heavens Holy Star, isn't it all because of the gate to the universe in his hands? "

Notre Dame de Nine smiled faintly.

The gate to the universe itself belonged to the Hierarch Taihao, but she said it like that in front of everyone else, it really disgraced the Hierarch Taihao. However, the Hierarch Taihao didn't mind and directly said: "The reason I came to find you this time, is related to him. Recently, he was searching for something in the Taihao Region, and it is more important to him. That thing is actually the strange drop of blood I gave you before.

The Notre Dame de Nine was shocked. "Tai Hao, you still want to get back what you gave others? This isn't something a man should do."

Chapter 3026 - The Heavenly Dao Sovereign

Hierarch Taihao said helplessly: "You are right. This was indeed a rather lame matter. However, little friend Long Chen really needs this thing, so I can only bring him to ask for it. "

The Notre Dame de Nine looked at the Hierarch Taihao, then looked at Long Chen, and suddenly laughed: "Tai Hao, you're really not simple. It seems that not long after his rise, he already has such a close relationship with him? How enviable. If that's the case, then to be honest, it would not be good for me to hide that thing and give it to little friend Long Chen.

"But what?" Hierarch Taihao asked.

Notre Dame de Nine shook her head, the Chaos Treasures in her body was gently swaying, radiating a beautiful light. Her beautiful eyes were flashing like gems, and she said: "I am really sorry, it just so happens that I studied that drop of blood a few days ago. No matter how much effort I expended, I still can't figure it out. "I was a little annoyed later, so I gave it to another person."

"You!"

Hierarch Taihao was a little depressed. It was indeed a bit unreasonable for him to pass on the things he gave her to someone else. It was even more serious than him coming back to beg for it, right?

Long Chen looked at the conversation between them, and didn't say much. Could it be that the Hierarch Taihao was really plotting against him? Was everything they were saying now just a show?

"To whom?" Hierarch Taihao gave up on blaming Notre Dame de Nine and continued to ask. Notre Dame de Nine was a woman after all, she did indeed have the wish to deal with her treasures.

"Forget about the Heavenly Dao Sovereign. That drop of blood is of no use to him. I'm just giving it to her casually." Since little friend Long Chen needs it so much, I'll bring the two of you and directly ask for it from him. I believe that the Heavenly Dao Sovereign would not reject us, right? "

Notre Dame de Nine smiled gently at Long Chen.

It looks like she was indeed sincere in wanting to befriend Long Chen, and was even willing to especially ask for the things that she gifted him. But to obtain it from the Hierarch Taihao, Long Chen had to use the gate of the universe.

This inherited blood essence, after walking around, just where was it? Was it really in the hands of the Heavenly Dao Sovereign? Or was it the creation of the Hierarch Taihao from beginning to end? He and Notre Dame de Nine have already made an agreement?

But, how could he describe a Shadow Dream Charm Dragon?

The Hierarch Taihao turned around and said to Long Chen, "Right now, we can only go and find the Heavenly Dao Sovereign together. You're lucky. If you meet someone else, I will definitely not bring you back for free. "

Long Chen nodded, then said to the Notre Dame de Nine: "If that's the case, then Long Chen will thank the Holy Mother first."

"Little friend Long Chen has recently risen to power with a power that can shake all realms. As a young hero, no one is unaware of your achievements, it is also my honor to be able to provide some assistance to you."

It sounded as if he was trying to win her over.

No one would refuse Notre Dame de Nine's invitation. She was perfect, dignified, and noble, one of the top women in the entire Ten Thousand Worlds. Only the most powerful of Fiendgods would dare to desire such a woman.

Speaking till here, Notre Dame de Nine led the way. Long Chen and Hierarch Taihao followed her, moving towards a super giant star that was similar to the Nine Heavens Holy Star. Its name was 'Heavenly Dao Star '.

The Heavenly Dao Star was on the other side of Hong Jun Superstar.

Notre Dame de Nine could only take Long Chen and the other two to circle around Hong Jun Superstar and head there. Because the distance was not too far, they did not need to use the Door of the

Universe. Along the way, Notre Dame de Nine was very curious about Long Chen, his beautiful eyes constantly rested on Long Chen.

"Speaking of which, am I really curious about where you came from?"

Long Chen laughed a few times, replying to the question. At this time, he was listening to which Heavenly Dao Sovereign the Jade Flower Divine Emperor had introduced.

"Actually, I felt that there was a conflict between them. The Notre Dame de Nine initially scolded the Hierarch Taihao for coming over to ask for it, but now she herself easily agreed to ask for that drop of inherited blood essence. Logically speaking, with Notre Dame de Nine's character, she would place a high value on any treasure. It would be hard to find a situation where she would give it away. "Anyway, I've never heard of it."

"So, up until now, they have all been lying to me?"

Long Chen thought that it was more or less enough. Previously, they were in and around the Nine Heavens Holy Star. Notre Dame de Nine and the Hierarch Taihao didn't dare to directly make a move there, afraid that Long Chen would take the opportunity to destroy the Nine Heavens Holy Star. He was now far from the Nine Heavens, but he had yet to reach a new world. He was now in the endless starry sky.

Furthermore, Hierarch Taihao also knows that Long Chen has two realms of life and death. It was obvious that in order to deal with Long Chen, he had to find a way to break through the two realms of life and death. And it was obvious that Notre Dame de Nine was a person who was proficient in all kinds of strange techniques, similar to Ling Xi.

It was very possible that she had a method to restrict Long Chen from entering the Life and Death Realms and using the Door of the Universe.

This is the endless starry sky, it's convenient for them to set up a trap here. Furthermore, I will soon face three Hierarchs. In other words, the Heavenly Dao Sovereign might not be on this Heavenly Dao planet, but waiting for me somewhere in the starry sky.

Long Chen had more or less thought about it.

"It's just a mere door to the universe. Hierarch Taihao has such a great reputation, that he could get the other two Hierarchs to set a trap for him just for one Eternal Creation Divine Artifact?"

The Notre Dame de Nine had nine types of Eternal Creation Divine Artifact.

"And the key point is, do they have inherited blood essence?" If there is, Hierarch Taihao can directly exchange it with me for a door to the universe. "There's no need to spend so much time and effort. Right now, inheriting the blood essence is useless."

"If not, how did he know the appearance of the inherited blood essence?"

Therefore, Long Chen believed that they had it.

In addition, he was almost certain that the other three were plotting something, waiting for him to take the bait.

Although he did not know their true reason, Long Chen had a solution. He suddenly stopped in his tracks and said: "Passing like this will be extremely tiring, and I'll directly use the Door of the Universe. We'll be able to reach there in an instant."

With their speed, it would probably take them an hour.

When these words came out, Notre Dame de Nine and Hierarch Taihao looked at each other.

Notre Dame de Nine said: "Not good, that Heavenly Dao Sovereign guy obviously does not like people getting close to him. This old fellow has a really big temper, why don't we just follow his rules. "

Hierarch Taihao nodded: "That's right, and it won't take long."

To be honest, with Hierarch Taihao's desire for the gate of the universe, if Long Chen was willing to display it, he definitely wouldn't be able to do so. But now, he had actually opened his mouth and rejected it. This sort of nature, was itself unnatural.

Long Chen was sure that their goal was not the Heavenly Dao Star, but rather a trap in the sky. Of course, this trap was most likely in the middle of the journey.

"What if I really do have to use the gate to the universe to go directly to Heavenly Dao Star?"

Long Chen left their encirclement and escaped from their control.

When Long Chen said this, the warm expressions of the Hierarch Taihao and the Notre Dame de Nine turned cold. They looked at each other, completely clear now.

The two Hierarchs looked at Long Chen coldly. One of them was black and white while the other shone with nine colors.

Long Chen laughed, and said: "I understand, the thing that I want, is still on you. Notre Dame de Nine, is using the gate of the universe not enough to exchange for it? "

"What you want so badly is naturally not enough."

When Long Chen pointed to her, Notre Dame de Nine was very calm. Her words directly admitted that the inherited blood essence was in her body, which meant that she definitely had other intentions. Furthermore, he had long since discussed this matter with the Hierarch Taihao. Maybe Hierarch Taihao only wanted to go back to the gate of the universe in the beginning, but after communicating with Notre Dame de Nine, their goals were already different.

It might even involve a third Hierarch.

Although Long Chen had avoided a trap set up by the other party, it would become even more difficult after the truth was revealed. Right now, he was even more certain that the Notre Dame de Nine was the one who gave the inherited blood essence to him. However, since things had gotten so out of hand, there was no way he could get it back without paying a price.

It would be even more troublesome if it was not a trade but a battle. The two fellows in front of him were Hierarchs, if Long Chen wanted to snatch something from Notre Dame de Nine's Divine Kingdom, he would have to beat Notre Dame de Nine to death.

Vaguely, the Notre Dame de Nine and the Hierarch Taihao had already surrounded Long Chen and the third Heavenly Dao Sovereign was most likely rushing over. On the other hand, they were not anxious at

all, because they had what Long Chen desired. They knew that Long Chen would not let it go, and would not flee.

After all, he was afraid that the other side would have more people on their side.

"Is this it?"

It was a drop of the divine dragon's inherited blood essence. Long Chen had seen too much of the Ancestral Dragon's inherited blood essence, so he could obviously tell that it was a drop of the changing inherited blood essence!

As expected, the Shadow Dream Charm Dragon's inherited blood essence was in her hands!

"Whiz!"

With just a flash, the Notre Dame de Nine withdrew the inherited blood essence. With a smile on her face, she looked at Long Chen and the two of them once again held the upper hand.

"Alright, I'll ask, what do I need to do in order to give this thing to me?" Long Chen was more helpless. The thing he desired the most was in the hands of others, and that was his weakness.

He didn't need any tricks now. He needed to act fair and square. On the contrary, he would be in a much more difficult position now.

"Sure, go straight to the point. I will also go straight to the point." The Notre Dame de Nine seemed to be the leader as well. Obviously, this was her idea. In the beginning, the Hierarch Taihao only wanted to obtain the gate to the universe.

After pausing for a moment, the Notre Dame de Nine's voice became cold and seductive, "I heard that when Di Jun was fighting you, in the end, he seemed to have used a Creation God Equipment with primitive level? Anyway, before the rumor came out, we were just guessing and hearing. Almost certain now. We want this thing. If you can afford it, I'll give it to you. "

Primeval Dragon Pagoda?

Long Chen really didn't think that their plan would reach the Primeval Dragon Pagoda. After all these years, Di Jun rarely showed the true colors of the Dragon Pagoda, so the reason why he was so sure that he had the Primitive Creation Deity Equipment should be because the Ancient God of the Wilderness guessed it first.

To Hierarch Hierarch Hierarch, primitive level's Creation Divine Artifact was a peerless treasure. No wonder they coveted it.

However, Long Chen still smiled and said: "I won't hide it from the two of you, that thing you speak of actually exists, but it is just like that drop of blood. Di Jun and I came from the same place, this is something that belongs to us, even if you guys get it, you won't be able to control it. "

The Notre Dame de Nine shook his head and said, "If we knew you would say that, we wouldn't have believed it. Take it out and give it to me. Whether you can control it or not is our problem. In this Myriad Worlds, there are no such restrictions as those for the Creation God Equipment. "

Even if he was unable to control it right now, it was, after all, a creation god's artifact of the primitive level. No matter what, it was a treasure, and in the long run, there would come a day where he would be able to control it!

That was a Primitive Creation Deity Equipment!

Long Chen thought: "In their eyes, I have already thought highly of the inherited blood essence. The more you act like you want it, the harder it is to get it. "

To be honest, the value of the Primeval Dragon Pagoda was not worth as much as the ancestral dragon-inherited blood to Long Chen. And it was very, very different!

However, to them, the value of the Dragon Pagoda far surpassed inherited blood essence. If it was really to that degree of difficulty, it might not be impossible for Long Chen to use the Primeval Dragon Pagoda to exchange for the Inherited Bloodline. But it definitely wouldn't do now, unless they were fierce enough to throw the Inherited Blood into a place that Long Chen would never be able to find it in his entire life.

They obviously wouldn't do that.

Long Chen decisively replied: "I understand what you two mean. However, the two of them knew in their hearts that there was no such thing as cheap. That drop of blood is indeed important to me, but compared to what you want, it is not on the same level. If you two want that thing, I can only leave. "In the future, I will snatch it from your hands."

These words of his were quite vicious, directly blocking them. It was impossible for the Dragon Pagoda to be here at the beginning. In addition, it might come back to fight for it in the future.

Notre Dame de Nine and Hierarch Taihao looked at each other.

"Don't be so determined, we believe this thing is very valuable to you. And that thing is still useless to you. "Everything needs to be considered. Don't be in a rush to make a decision, we have plenty of time to wait for you to come and exchange." Notre Dame de Nine said very straightforwardly.

She was unwilling to give up just like that.

To Long Chen, perhaps he was just delaying, delaying for more time?

Their initial goal was to set up a trap and snatch it! It was just that Long Chen was able to force the negotiations. Long Chen had never forgotten their original goal. They were going to snatch it away!

Today, it seemed it wouldn't be easy to obtain the inherited blood essence.

Moreover, they were too passive within the other party's territory. If more Hierarchs appeared, it would only make things more troublesome. Faintly, Long Chen already felt the approach of the third Hierarchy!

It was very possible that he and the Notre Dame de Nine had a way to trap Long Chen, if not, he would not allow this person to join them. One more person meant that they had to split more of the loot.

"Looks like there's nothing else to discuss. Goodbye, both of you."

Long Chen hid himself as he retreated, and directly opened the Death Realm's Dragon Door behind him. Under such circumstances, the Hierarch Taihao and the Notre Dame de Nine could not stop him from disappearing.

"Whiz!"

When the Death Realm's Dragon Door closed, Long Chen completely disappeared from their sight.

"Humph!"

Notre Dame de Nine clenched her fists. The light emitted by her nine colored fingernails pierced straight into the Nine Heavens Holy Star.

"This guy sure moves fast!" We've been waiting for him to see through our plan for such a long time. "

Actually, their plan was quite simple. To see through it would be very hard; all they had to do was bring them to a location within the Nine Heavens Holy Planar and the Celestial Dao Planar.

"So, give up?" Hierarch Taihao asked.

"Impossible, this is impossible. He will definitely return and find a way to obtain it. Our trap today was useless, but as long as we meticulously plan it out, I don't believe that the three Hierarchs will not be able to catch him!"

Just as he finished speaking, the third Hierarch arrived. It was the Celestial Dao Sovereign.

The Heavenly Dao Sovereign was an ordinary old man. Compared to the other two, he seemed very ordinary. The only eye-catching thing was his long hair, his white hair and stooped body.

"He escaped?"

"Right."

"It seems like he's also not willing to take it out to exchange. In other words, in his heart, the value of this drop of blood would still be inferior to that primitive level's God Creation Divine Weapon. " The old man said.

Notre Dame de Nine said with slight anger: "That may not be so, he just cannot bear to part with the Creation God Manifestation Weapon. I know him, and with his personality, he will definitely come back. If he doesn't get this drop of blood, he won't let this go. "

The old man nodded and said: "Then it will be easier. We can either force him to exchange with us but this method is very difficult to be effective." The best way is to create a perfect trap that he won't be able to defend against no matter how he tries. He might even fall into our trap the moment he appears.

As long as he doesn't use those two realms of life and death to move, and the three of us attack him together, it'll be very easy for us to get his things. "

The Notre Dame de Nine nodded.

"Tai Hao, what do you think?"

Hierarch Taihao said indifferently: "Nothing, I can just directly arrange it. But, can we escape the Heavenly Dao Saint Emperor's eyes? "

He might even interfere with the Primitive Creation Deity Equipment!

Notre Dame de Nine said, "Don't worry about it. Even if he is the ruler, he cannot interfere with our freedom. After all, we have three. It can be said that you have quite a bit of power. "

With all three of them combined, they were not much weaker than the Heavenly Dao Saint Emperor.

Hierarch Taihao did not say much. He knew that there were three of them in total, making it very convenient for them.

There was only one Primitive Creation Deity Equipment, but they had three ...

Hong Jun Superstar!

A towering mountain that was 10,000 feet high in the world!

Located in the heart of the entire Hong Jun Superstar was a place called 'Heavenly Sacred Palace'.

This place was a place where only the Divine Emperor on the Divine Emperor s had the right to come here. This was because this was the place where the 'Heavenly Dao Saint Emperor' cultivated, the place where they went into seclusion.

The Heavenly Dao Saint Emperor was here in search of the final mystery of cultivation.

This was also the largest legendary place in the entire sea of stars. A place that hundreds of millions of creatures yearned for. A divine being that existed for more than a century was a quarter of the master of a realm.

The Heavenly Sacred Palace wasn't too big, but it was floating in the middle of the liquid spirit energy.

Outside, a middle-aged man descended from the sky, landing in front of the Heavenly Dao Palace. He knelt down, kowtowed continuously, and said respectfully: "Master, recently Notre Dame de Nine, Hierarch Taihao, and Heavenly Dao Sovereign have been doing something strange."

No one from the Heavenly Law Palace replied.

But the middle-aged god knew that this was the meaning that allowed him to continue speaking.

"They found out that the divine spirit called Long Chen had the God Manifestation Weapon with the primitive level. The Notre Dame de Nine has something that Long Chen wants to have, they are prepared to snatch it away from Long Chen's Primitive Creation Deity Equipment. It was said that the Creation Divine Artifact came from the previous Emperor Jun of the Taihao Region. It was said that Di Jun and Long Chen came from a world called 'Dragon Sacrifice Continent'. But according to our investigations, this is an unranked world, and it has already been destroyed by Di Jun. "

After he finished speaking, the middle-aged god calmly waited for his answer.

Still, nothing happened for a long time.

He crawled on the ground, prostrated on all fours, and said, "Master, please give me your instructions."

Then, countless pale white leaves began to float out from the Heavenly Dao Sacred Palace. These leaves danced in front of the middle-aged deity's eyes and finally floated down before his eyes, forming some words.

The middle-aged god looked over nervously.

On it was written — —

"They can't use that treasure. This matter, there's no need to worry about it. "

"Disciple understands!"

The middle-aged Divine Spirit once again knelt down, stood up, and respectfully left, disappearing into the vast sea of grandmist energy.

Whoosh!

Only when the gale disappeared did it descend and neatly stack them together. If the middle-aged deity was still here, he could roughly see that after the leaf fell, it had formed another four words.

"Dragon Sacrifice Continent."

At this moment, Long Chen was standing outside the sea of stars.

Before him was the incomparably vast sea of stars.

"They must be setting up a new trap for me. They were waiting for me to enter. They did not expect that they would want a thing like the Dragon Pagoda that they do not need at the beginning."

In fact, no one thought that the Hierarch Taihao was just going to get the door to the universe.

Unexpectedly, his appetite had increased.

"However, today's biggest harvest was seeing the inherited blood essence. What's next is when we play a game. I want the Dragon Pagoda that they want. I want the inherited blood essence. He had to take the initiative and not let them lead the way. Otherwise, in their trap, not only will they not get the inherited blood essence, but they will also lose everything. "

'Three Hierarchs, work together to deal with me! '

Long Chen was not anxious, but was anxious. The easier it was to fall victim to his techniques, the more easily he would be tricked. His country had a large number of people, so everyone could gather together and think of a way.

Every day, there was a big idea, but it was not appropriate.

In fact, the core was facing the Notre Dame de Nine alone, so he only needed to defeat her. After all, the inherited blood essence was in her body. She wouldn't just give it to them.

"They must be suspicious of each other again. Notre Dame de Nine wants the Dragon Pagoda the most, so she will definitely grab onto the Legacy's Essence Blood tightly. If it was given to someone else, that would be like giving away her greatest reliance. "

That is certain.

Next, they had to think about how to separate the Notre Dame de Nine from them.

"I suddenly thought of a place, a primitive level World of the southern star region."

After all, Divine Emperor Yuhua understood the myriad worlds the best.

"Isn't there only the Hongjun Star Sea in the south?"

"Oh, that's not right. It's a world where the gods and devils are equivalent to the Zhou Mountain, or the Refining Sun, these kinds of primitive level. This kind of world, where even normal Divine Spirits are unable to approach, is actually of a very high level. It's just that it does not have that much spiritual energy. "

So this was the place.

"Is it far? "What's your name?"

"It's near the Hongjun Star Sea. Its name is: Upper Firmament."

Chapter 3028 - Universe Honeycombs

"Upper Firmament?"

Hearing about this place, Divine Emperor Jade Flower should have a plan. Long Chen didn't really understand the Desolate World of primitive level. However, since this was a place similar to the Mount Zhou of the Gods and Demons, it should be very large and mysterious. It was even more terrifying.

Everyone quietened down, waiting for the Jade Glow Divine Emperor to explain the location of the Upper Firmament.

Divine Emperor Yuhua said: "Upper Firmament isn't too far away, I'm sure I've been to the Door of the Universe before. At your current speed, it will take you at least a month to reach that place. Let's go over and take a look first. I'll give you a detailed introduction on the way there. "

"Alright."

Ling Xi controlled the gate to the universe and became a special teleportation tool for everyone.

When the gate of the universe was activated, Long Chen was in Ling Xi's Divine Kingdom, listening to Divine Emperor Yuhua speaking about the Upper Firmament.

"Upper Firmament, beside the Hongjun Star Sea, the two worlds of primitive level are actually side by side. It's just that the radiance of the Hongjun Star Sea is too bright while the Upper Firmament is dark and void, which is why it's hard to see them. In terms of size, the difference between the Upper Firmament and the Hongjun Star Sea is not really big. "

Listening to her words, Long Chen suddenly thought of two eyes, one was bright like fire, the other was dark and empty, like a vortex.

"Actually, the Upper Firmament has another name. It's called the Universe Bee Nest. It looked like a beehive. Of course, it was an enormous beehive. The deeper one goes, the harder it is to walk out from. As a result, in all these years, there have been many demons and gods that have been trapped within, and have not come out yet. "

Long Chen could roughly imagine what the Upper Firmament looked like.

Or perhaps, the Universe Honeycomb was a more fitting name for him.

"Rumor has it that the deepest place in the Upper Firmament was a place that no one had ever entered before in the entire Myriad Realms. Even the Heavenly Dao Saint Emperor didn't dare enter that far in. Basically, according to the power of the maze, it was divided into three parts. In the first section, there was usually a Celestial King level cultivator training here. It could be considered a low level area. In the second section, it was a maze that not even the Divine Emperor could walk out of. As for the third part, it is the core position, which is a position which Divine Emperor dare not to reach, even if it is the position of Hierarch. It is said that Heavenly Dao Saint Emperor had gone in before, but very quickly came out, and did not dare to go in too deeply. "

Speaking of which, the real threat towards Long Chen and the others should still be the third part.

"Do you think I can enter the Life and Death Realms in the Upper Firmament? Can Ling Xi use the gate to the universe? "

This was the problem that Long Chen was most concerned about.

Divine Emperor Yuhua said: "I too do not dare be sure, but this needs a try. I think the first two parts should be fine. The third part doesn't need to be entered at all. If our goal is only to separate the Notre Dame de Nine from the other three, this would be the most suitable place. So it's better to wait until we get there and just give it a try. "

This way, Long Chen had a lot of interest in the Upper Firmament.

His curiosity was at the deepest part of the beehive in the universe. What exactly was there that even the Heavenly Dao Saint Emperor did not dare to enter? With Long Chen's strength, in reality, there were no secrets in the entire ten thousand realms. The Divine Dragon Plane of Origin was a massive secret. And in the deepest depths of this universe, there also seemed to be such a secret!

"If there's nothing important in the future, we can explore this universe beehive properly!"

Just as Long Chen thought about it, Ling Xi told him that he was already in Upper Firmament.

When he came out of the Divine Kingdom, he was still quite a distance away from the Upper Firmament, so he could clearly see his appearance. This place was indeed as huge as the sea of stars.

However, the Hongjun Star Sea was mostly space, and a small portion of it was congealed land. Although it looked huge, the inside was actually empty. In fact, it was also about the same as the stars in the sea of stars, except that the stars in his body were surrounded by the beehive wall.

As far as the eye could see, in the midst of the black void of clouds, below the feet was an incomparably huge beehive, comparable to the size of the entire sea of stars. On the beehive, were countless millions of beehives, and each of them was in the shape of a hexagon.

Universe beehive!

Within each of the nests was an endless starry sky.

"Actually, this is the battlefield, it's a very dangerous place, so many spirits from the Hongjun Star Sea have come here. Of course, one would need at least the realm of the Divine King to survive here. There were many geniuses and earthly treasures inside the Universe Bee Nest, as well as treasures such as Infinite Divine Arts dropped by predecessors. Furthermore, because it was very likely that they would meet each other here, it was an excellent battlefield, just like the Immortal Demon Zhou Shan, a rare place for them to improve themselves. However, most of the battles in the God Beast Mountain Zhou were official. Some people were watching, but most of the fights here were between life and death. "The battle for treasures."

Long Chen finally understood that this place was basically the place he had chosen to fight the three Hierarchs!

When he looked down, he could roughly see two-fifths of the way into the Cosmic Bee Nest. He could tell with one glance how many spirits were there and how many maze spaces there were with him. The remaining three-fifths were all illusions and it was hard to tell them apart, especially the deepest fifth, which was probably where the Heavenly Dao Saint Emperor would not go.

Aside from the obvious ones, there were also two fifths of the battlefield that he had chosen!

"Let's go down and take a look!"

Reaching Long Chen's level, there was no need to worry about not being able to enter or leave.

When he arrived at the entrance, the hexagonal opening was no longer visible to the naked eye. In front of him was an endless grayish-black fog, and the whistling sound of the wind from below was like the cry of a monster. It sounded like a truly terrifying feeling. It was creepy.

Long Chen did not speak anymore, and entered the endless starry sky. He quickly explored, and when he entered, he found that there were even more tunnels inside. It didn't take long before he had over a hundred million choices.

Right now, he was relying on his intuition.

In this enormous beehive in the universe, the one who felt the most was, to be honest, Dugu He, because after walking for so long, Long Chen didn't see a single person. Of course, he knew that there were hundreds of thousands of God Kings here training. But compared to this enormous beehive in the universe, these God Kings were simply too small in comparison.

Two of them were going to meet for at least a few years, or even longer.

But the gods were in no hurry. They had plenty of time.

A few days later, Long Chen arrived at the two-fifths location that he wanted, which was also the place that only Divine Emperor could go. As expected, after arriving here, the rules of the illusion strengthened. It was a feeling of being everywhere, it was difficult to determine one's own location and direction. There were also endless passages in the surroundings, it was simply driving people crazy.

"This is the place."

Long Chen and Ling Xi tried it out.

First of all, he had successfully opened the Death Realm's Dragon Gate. There are no restrictions here. Then, he opened the Death Realm from the inside and went outside the Cosmic Bee Nest. This way, as long as the imprint he left in the depths of the palace was still there, he would be able to enter the depths of the Death Realm.

Ling Xi used the gate of the universe and came out as well.

"At the very least, it proved that these two-fifths of areas are illusory mazes to Hierarch Hierarch; it would not be easy to find them. Besides the two of us, it's not easy to get out. Then before they arrive, I can lay down as many rules as possible in the maze so that I can travel back and forth from the Upper Firmament at any time. This way, we both have the ability to move at any time. This way, when the three of them arrived, there would be a way to separate them. Luring a tiger out of its lair, luring it to wait. "

This place was such an illusion, there were no door of the two realms of life and death here, it was troublesome to even exit after entering, it was indeed the most ideal place for Long Chen, as long as he could move anywhere inside, it was in fact a huge advantage.

Ling Xi asked: "But, they definitely understand Upper Firmament, and know your plan. That way, they won't be coming here anymore. Even if they did, they would try their best not to split up. "

Long Chen said: "Although that is what you say, in the end, it still depends on how much they desire the Dragon Pagoda. As long as they have enough desire, they can do anything. "

At this time, Long Chen could actually already send them a written challenge.

We can try and see if they come.

Furthermore, Long Chen was sure that they had already prepared a new trap, and the next step would be to see who had the upper hand. The core point that Long Chen had right now was actually separating the Notre Dame de Nine from the others. After that, his trump card was the Primordial Dragon Pagoda. During his previous battle with the Hierarch Taihao, Long Chen consciously didn't use the Primeval Dragon Pagoda. It was very possible that they would underestimate him because of this, and they believed that Long Chen was still unable to use the power of the Primeval Dragon Pagoda.

After all, that was a creation god artifact of the primitive level.

As for the rest of them, they must have thought that as long as they could control Long Chen and prevent him from leaving, they could rely on the power of the three of them to snatch the Primeval Dragon Pagoda away.

He knew their core objective, so Long Chen believed that they would definitely come here. After all, they also wanted the Dragon Pagoda as soon as possible. Otherwise, it wouldn't be theirs.

Chapter 3029 - Asking what the nature of the world is the Heavenly Book

"Looking at the nine different Eternal Creation Divine Artifact in your Notre Dame de Nine, one of them is so special and strange. I actually feel that there is no need to set up such a trap. As long as your Creation Divine Artifact attacks Long Chen, then even if he had the Two Realms of Life and Death and the Door of the Universe, he would not dare to escape. "

The three Hierarchs were currently gathered in the center of the Nine Colored Holy Palace, waiting for news of Long Chen's reappearance.

Notre Dame de Nine immediately understood what the Heavenly Dao Sovereign was saying.

The Hierarch Taihao said: "You're talking about 'Asking what kind of thing is called the Heavenly Book' right? Indeed, this is the most special Creation Divine Tool that I know of. It had no offensive power at all. But it was like a curse. As long as he was hit, the effect was truly strange. You all know about Long Chen, and know that he values friendship the most. Clearly, this is his nemesis. "

Notre Dame de Nine suddenly burst into laughter. She looked at the two of them accusingly and said: "I didn't expect you two old fellows to be so naughty to think of something like this. That's right, this is my only half Primitive Creation Deity Equipment. It's also what I thought was the most useless Creation Divine Tool for a long time. Who would have thought that it would be useful at such a time? I think that's right. With his personality, as long as he falls for it, he would definitely be at my mercy. The most terrifying part of this thing is that if I were to fall into it, I wouldn't be able to remove it myself. "

Asking what the love of this world was called the Heavenly Book was indeed a rather strange name. It was just as strange as the effects of this Creation Divine Artifact.

The Hierarch Taihao said: "I remember that there is only one way to ask what the love in this world is called 'Heavenly Book'. That is, you need the life of a person who loves you dearly, right? It definitely needed a lot of love. Long Chen seemed to have a wife, and she loved him dearly. If he were to lose this person, wouldn't it be even worse than death? If that's the case, I'm afraid that in the future, he will go all out to seek revenge. "

Notre Dame de Nine and the Heavenly Dao Sovereign looked at each other.

Their views were unanimous.

"Tai Hao, you are too cowardly. I know you just wanted to get it back from the beginning. But now, the three of us are on the same side. If you don't put in the effort, how can you succeed? This drop of blood cannot be wasted. "

The Notre Dame de Nine said coldly.

"That's enough. Don't get into internal conflicts. What I mean is that after obtaining the treasure, we should just directly kill him to prevent trouble in the future." After all, it was said that this person's rise to power was unprecedented. " The Heavenly Dao Sovereign concluded.

"Yes, kill him." Notre Dame de Nine also said decisively.

He couldn't be merciful. Once he showed mercy, he would be the one to lose his life.

"Fine." The Hierarch Taihao nodded. However, he knew Di Jun's fate better than the other two, he was still a little fearful in his heart. Now that things had developed to this point, it was no longer under his control. He was very clear of Notre Dame de Nine's personality. What she desired the most, would cause her to go crazy to the point of being abnormal.

"Hehe, asking what the emotions in the world are, we need to ask Long Chen. See how he answers. The next time he appears, he will definitely come to snatch that drop of blood. You guys try your best to control him a little. Notre Dame de Nine said with certainty.

At this point, the Heavenly Dao Sovereign said, "Holy Mother, he knows that the drop of blood in your hand is for you. I think that in order to prevent that drop of blood from getting to you, we should first give that drop of blood to me or Tai Hao for safekeeping. That way, even if the other party succeeds, we won't lose our only thing to rely on. "

Hearing that, Hierarch Taihao also raised his head.

The situation now was that whoever had the inherited blood essence held the initiative.

After a moment of silence, the Notre Dame de Nine shook her head and said, "You don't have to worry about that. It's absolutely safe here. He doesn't have the ability to do so. "

The Dao Sovereign laughed coldly. The three of them were well aware that once they obtained the Dragon Pagoda, dividing the spoils would be a big problem. If Long Chen died, that drop of blood would be useless. Thus, the Heavenly Dao Sovereign and the Hierarch Taihao did not insist.

"The three of you, come out."

At this time, Long Chen's voice came from above the Nine Colored Holy Palace, shocking the three Hierarchs. They never would have thought that Long Chen would arrive again so quickly!

Fortunately, they had just finished the design.

"Get out!"

Notre Dame de Nine and the other two looked at each other, then rushed out of the Nine Colored Holy Palace and out of the Nine Heavens Holy Star. But just as they were on the way, Long Chen's voice sounded out once again.

"I have no intention of fighting with the three of you today. If you three have the guts, come to the Upper Firmament and I will wait for you here. If the three of you understand this as my challenge, then, this is my challenge. "Waiting for the three of you."

After saying that, Long Chen went through the door of the universe and directly returned to Upper Firmament's side. The three Hierarchs were brimming with excitement, but they missed.

Long Chen's words had reached all the way to the Nine Heavens Holy Star. It was clear that there were too many people who had heard it. Currently, all of the Nine Heavens Holy Race were discussing what was going on.

"This is bad, now that this matter has been spread out, there are many people who know and there are many who want a share of the spoils." In the end, even if we get it, it will still be troublesome. "

The Heavenly Dao Sovereign frowned, his expression grim.

Notre Dame de Nine looked at Long Chen's disappearing trace, and was slightly angered. She said without even thinking, "Then it's very simple. Since he had sent the challenge, it meant that he wanted to fight to the death and finally fight to the death. It wouldn't do any good to drag this on for too long. Go straight to the Upper Firmament. "

The two of you know very well what kind of place the Upper Firmament is. Obviously, this Long Chen's intention was to use the Upper Firmament to separate the three of us. We have our plans and our plans, and he has his plans and his plans. "

Notre Dame de Nine sneered, and said: "Don't you understand? Actually, this is just right. We lack the opportunity to face him head on. Since you know that he wants to spread us out, will you all still be separated? We have entered the Upper Firmament countless of times, and we aren't as familiar as an outsider like him? It could be said that this was a once in a lifetime opportunity. He is indeed more anxious than us. What we are least afraid of is not that he laid a trap for us, but that he was not interested in that drop of blood and escaped, never to appear again. "

"I agree. The more anxious he was, the greater the flaw was, especially since he had no idea what the Heavenly Tome Monolith was. If we want to split up, we'll have to see if he has the ability to do so. What we lack is this opportunity to confront him head on. The more he tries to deal with us, the more opportunities we have. "

"Then let's do it." Hierarch Taihao was more familiar with Long Chen. He knew that Notre Dame de Nine and the Heavenly Dao Sovereign were underestimating him a little. He knew that there was no point in speaking any further, but in his heart, he knew that both the Notre Dame de Nine and the Heavenly Dao Sovereign would be cautious.

While the crowd was discussing, the Notre Dame de Nine and the other two had already stealthily headed in the direction of the Upper Firmament.

Of course, that place was also the Cosmic Bee.

In these past few days, Long Chen had been laying out a plan inside the beehive in the universe, waiting for the arrival of the three people.

He left the Death Realm's mark on every single place he passed by. Although the Universe Bee Nest was very big, his speed was fast, it was extremely quick, even with billions of tunnels, they were still unable to trap him. He was always constructing the Death Realm in this Universe Bee Nest.

"It would be great if she could trick Notre Dame de Nine into entering the Death Realm, but unfortunately, she knows my Death Realm's usage, so she definitely won't come in."

Time quietly passed, and he could already feel the three of them gradually drawing closer.

"Big Brother, how should we separate them?" Mo Xiaolang had also made his preparations. This time, he would need his and Ling Xi's strength.

"The other side definitely knows that our goal is to get them to split up. In any case, we can stay here and work with them for as long as we want, even if it's just a few days, or even a few months, or even a few years, it doesn't matter. There will be a day when we can settle this. " Long Chen was not worried at all.

However, he was sure that the other party was even more anxious than him. After all, the Primordial Dragon Pagoda only wanted a drop of the inherited blood essence, but only Long Chen wanted it.

Long Chen could constantly move and merge with more than half of the Universe Bee Nest. He could always appear or disappear from most of the locations.

Roughly a month after the challenge, the three supreme deities descended from the skies above the universe beehive. Outside of the universe beehive, many demons and gods saw them, but they didn't dare to approach and only prostrated themselves in the distance.

Every single one of them was a peak-level figure of the Ten Thousand Worlds, controlling tens of trillions of lives.

"Long Chen!"

Notre Dame de Nine's voice transmitted into the trillions of nests in the universe, resounding throughout the entire beehive. It was simply deafening.

"Come in, I've been waiting for a long time."

Long Chen said lazily.

Of course the three Notre Dame de Nine s were not afraid of him. They immediately rushed into the Universe Bee Nest, and as expected, the three Hierarchs followed them at all times, not daring to leave each other's side. They were extremely cautious, and headed towards the depths of the Universe Bee Nest.

In about half a day, they had arrived at a relatively large region within the Divine Emperor, and also at a place that Long Chen had set up. Of course, it was too huge and chaotic inside.

Long Chen entered the Death Realm and searched for their location within the countless Death Realm Seals. He could roughly sense which brand the Hierarchs were in.

"Found it."

Long Chen immediately locked onto their position.

This was his advantage. He always knew where they were, but the other side didn't.

"Go find them?"

"No, let them wander around. Let's wear out their patience first." Long Chen laughed.

Chapter 3030 - Solitary Warfare

Universe beehive!

Currently, Long Chen and the three Supreme Gods were in this Universe Bee Nest. And within a very close range.

They would not go deeper in, and they would be able to see through the shallower areas with a glance, so they naturally knew that Long Chen was not there.

In the dark universe beehive, there were trillions of pathways, densely packed. The three Sovereign Gods sped through the countless tunnels. To them, finding Long Chen here was much harder than

finding a needle in a haystack. When they went in deeper, after going around in a circle, Notre Dame de Nine's face revealed an impatient expression.

"Long Chen, you were the one who publicly issued the challenge, allowing the three of us to come here. What?"

Her voice travelled through billions of tunnels, resounding throughout the entire universe. Many Divine Emperor, upon hearing her voice, began to search for a way out of this universe beehive.

They recognized him as one of the Sovereign Gods of the Hongjun Star Sea, the Notre Dame de Nine.

"Long Chen? Isn't it the number one on the Divine Emperor?"

"A written challenge between them? You want to fight here? A battle between supreme deities? Don't Supreme Gods have a lot of battles?"

In truth, it wasn't that there weren't that many supreme deities fighting each other, but rather that there were simply too few of them. They were all at the peak of their existence in the Ten Thousand Worlds and wouldn't easily fight.

"It is said that they are the three Hierarchs! Hierarch Taihao, Notre Dame de Nine and the Heavenly Dao Sovereign. They have joined forces to attack Long Chen together. We should leave quickly so that we wouldn't get accidentally hurt."

"It can't be, isn't Long Chen still a Divine Emperor? He seemed to have defeated Di Jun, but he was not at the level of the Hierarch. He doesn't seem to be at odds with them."

"I heard that he took away the door to the universe in Hierarch Taihao and refused to return it. It angered the Hierarch Taihao."

"There is nothing to sympathize with. I can only say that he deserves to die, Sovereign God, you actually dared to occupy something from the Tai Yi Shen Jing?"

Within the beehive of the universe, the Divine Emperor and the Divine Kings were leaving in large numbers.

A few days later, the Notre Dame de Nine's patience disappeared. Long Chen had never appeared from start to finish. She had said it many times but there was no response.

"If you don't get out here now, it will be meaningless. We had to leave. "

The surroundings of the Notre Dame de Nine and the other two Hierarchs were a psychedelic grayish-black mist. It seemed simple, but in reality, it had a very strong hallucinatory effect. The passage in the Hive was also constantly changing, making this place the best place to hide.

"What's the hurry?"

Right at this moment, Long Chen, Ling Xi, and the others appeared in a distant location behind them. The three Hierarchs turned their heads and saw Long Chen and the others, two teams fighting in the midst of this chaotic Cosmic beehive.

The collision of eyes, the collision of laws!

Both sides met each other, causing space to distort and even the nearby beehives to distort. Of course, this was Notre Dame de Nine's first move. She had long since lost her patience, and now that she finally saw Long Chen, that feeling of having been played around made her feel extremely uncomfortable.

"Don't lose your mind, maybe this is the result he wants." The Heavenly Dao Sovereign gave him a brief reminder.

"Right."

The Notre Dame de Nine just nodded his head, and Long Chen immediately made his move. Amongst them, Long Chen turned his head and entered one of the passages while Mo Xiaolang and Ling Xi were in the other passageway. The two groups quickly disappeared from the three Hierarchs' line of sight.

"Go where?"

Notre Dame de Nine chased after him.

Long Chen saw through something, and that was that the other party was actually more anxious than him. Relying on this, as long as he delayed them, there would be a day when he would let them separate. It would be too hard to deal with the three Hierarchs together.

The three Hierarchs chased after Long Chen.

However, just as he was about to enter the passage where Long Chen was, the Hierarch Taihao suddenly stopped and saw the direction in which Ling Xi had disappeared in.

"Tai Hao?"

Notre Dame de Nine and the others were very fast, and it looked like they would be able to catch up to Long Chen soon.

But right at this moment, the Hierarch Taihao dodged and chased in the direction of Ling Xi and Mo Xiaolang.

"Tai Hao, he purposely separated us!" The Heavenly Dao Sovereign shouted. Unfortunately, the Hierarch Taihao didn't listen to him and quickly disappeared before their eyes.

Notre Dame de Nine coldly snorted, and said: "It looks like he didn't want to be with us since long ago. All he wanted was to return to his universe. He's just trying to do as he wants, so let's just ignore him. In the end, there was still one person missing from the Creation God Equipment for obtaining primitive level. It just so happens that his purpose from the very beginning was only to bring Long Chen here. "

They are always sticking to Long Chen.

Long Chen was a little surprised, he did not expect that this would be the first time he caused trouble, so Hierarch Taihao followed Ling Xi and the others. It seemed like the Hierarch Taihao had some changes in his heart, but it also saved Long Chen a lot of trouble.

He understood Hierarch Taihao, and he understood that this was already enough.

After that, Ling Xi and Mo Xiaolang would restrain the Hierarch Taihao, at least they would not let him get near to Long Chen's battlefield.

After all, there was one thing that was important, and that was that although the Vortex beehive was very big, once there was a Celestial Level battle, the sound would be very loud and the damage would be extremely strong. Even if Hierarch Taihao was lured away, he might be able to return during the battle, so there was a chance that he could be lured far enough away.

Hierarch Taihao must also know Long Chen's goal.

But he precisely wanted this chance. If Long Chen made this kind of plan, then he must separate himself from Ling Xi and the others to face the Notre Dame de Nine. Therefore, Ling Xi and the others were also taking this risk. They had to compete with Hierarch Taihao, and Hierarch Taihao seemed to have guessed that Long Chen would do it, so he chased after him with great difficulty.

Whether he chased after them to snatch back the gate of the universe, or whether Ling Xi and the others were strong enough to restrain him, would depend on the abilities of the two.

Ling Xi had the gate to the universe, so with Mo Xiaolang's cooperation, Long Chen could be at ease. Once they couldn't control themselves, Long Chen would let them leave the Universe Bee Nest immediately. Then, he would try to stay as far away from Hierarch Taihao as possible.

After that, he was the only one left.

"Long Chen, is this interesting? There seems to be no end to it. "

Notre Dame de Nine followed behind him constantly, her anger was growing stronger and stronger.

"Interesting. I have plenty of time to play with all of you."

"Then you'll never get that drop of blood."

"You will never get what I give you. "It's all the same."

Long Chen said indifferently.

"Aren't you afraid of making a mistake? Maybe the Hierarch Taihao will catch your two helpers. Furthermore, if I cause a big commotion, he will be able to come back. "

"You don't have to worry about that."

Long Chen sneered.

"Don't piss me off. Now, I am still being polite with you and only want that Primitive Creation Deity Equipment. However, if you anger me, it will not be as simple as a God Creation Artifact. " Notre Dame de Nine clenched her snow-white teeth.

"What? Do you still want my people?"

Long Chen turned his head and laughed.

"It's your life."

Notre Dame de Nine had not heard her in a long time, someone dared to speak to her in such a tone. She was holy and noble, eternal and supreme. As a supreme deity, what she heard most of the time was worship, worship, and flattery.

"Then I am relieved. Otherwise, if you, old cow, were to eat tender grass, it would not be good to spread the news." Long Chen laughed. Actually, in terms of speed, the other party was already very fast, surpassing Long Chen. It seemed that she was about to catch up.

"Humph!"

Notre Dame de Nine's eyes started to spin faster and faster.

A fierce chase followed.

After asking Ling Xi about it, and maintaining a certain distance from the Hierarch Taihao, Long Chen was relieved. Seeing that the Notre Dame de Nine was still this crazy, he suddenly had an idea. She avoided the Heavenly Dao Sovereign and only wanted to communicate with the Notre Dame de Nine in private.

"Let's discuss it. To be honest, you know that there really is no end to this." We couldn't do anything to each other. The only thing I can accept is a duel with you. If I win, then that drop of blood will belong to me. If you win, then the Dragon Pagoda will be yours. You don't have to share it with the other two. This has always been a matter between the two of us, so there's no need to involve others.

Long Chen understood the Notre Dame de Nine, just by listening to her reputation, he was definitely someone who views wealth as his life.

Would such a person be willing to part with others if she wanted to obtain the Dragon Pagoda so badly?

It was because of this that Long Chen knew that he would be successful in his beehive in the universe. After all, the three of them had different thoughts. For example, the Heavenly Dao Sovereign beside him. To Notre Dame de Nine, his role was actually the first trap.

After that failure, he was now just a use to the Notre Dame de Nine. But the problem was that Long Chen had life and death realms, so he wouldn't let them attack him at all.

"Is its name the Primeval Dragon Pagoda?"

Notre Dame de Nine did not immediately agree to Long Chen's request. Instead, he recited the name of the Primeval Dragon Pagoda without a change in his expression. But she knew clearly in her heart that the Hierarch Taihao was being pulled further and further away.

Thus, the two parties continued to chase each other for half a day. The further away Hierarch Taihao was, the harder it was for the three people from Notre Dame de Nine to encircle Long Chen.

Long Chen knew that during this period of time, her heart must have been struggling constantly!

"Since you've come to this point today, you must know the principle of seeking wealth out of danger. You only have this chance if you follow my bottom line. Are you afraid of me? "

Long Chen's greatest temptation was that she would have the chance to take over the Primeval Dragon Pagoda by himself. He could obtain them directly, or even refine them directly, to the extent of surpassing the Heavenly Dao Sovereign and the Hierarch Taihao. This was a huge opportunity.

Turning his head to look, Notre Dame de Nine's colourful eyes were already filled with an incomparably intense divine light.

"I am going to fight. The problem is, how can you get rid of the Heavenly Dao Sovereign? "

Long Chen laughed. He had finally achieved his goal.

This was the only way to obtain inherited blood essence. If he could find a balance that was acceptable to both him and the Notre Dame de Nine, then he would fight it out alone!
