

## War God 3031

Chapter 3031 - Deep in the Hive

"As long as you agree, everything will be fine."

Long Chen suddenly changed his direction at this time.

Although there were trillions of tunnels in the surrounding area, with their cultivation realms, they could roughly distinguish that they were heading towards the deepest parts of the beehive in the universe.

Long Chen's current direction was towards the depths of the Cosmic Bee's nest.

"Tell me, what do you mean by that?" A look of confusion appeared on the Heavenly Dao Sovereign's face.

"I don't know, in the depths of the hive, I definitely wouldn't dare to go in." Is he trying to play big? "

"Let's go all out." What we can endure, is definitely stronger than what a Divine Emperor like him can endure. "

Sou sou sou!

The three great warriors chased after the hornet's nest at a terrifying speed. Passing through the million channel, passing through the countless maze realms, directly entering the universe's beehive and heading deeper into the primal chaos!

"Good boy, you've got guts!" The Heavenly Dao Sovereign roared.

This was a life and death moment!

After a long period of time, Ling Xi's side had already attracted the Hierarch Taihao far enough away, and at this time, Long Chen had also directly entered the most dangerous region of the universe.

In front of his eyes, the void was filled with a grey will, condensing into a series of illusory images in the endless void, just like a chrysalis, hiding in the deepest part of a beehive. When Long Chen crashed into

the image, there was a hidden mess of rules. It was a hallucination, a sleeping rule, the strength of the rule was strong enough to affect Long Chen!

"Change fate!"

Long Chen instantly woke up from his stupor and came out from the illusion. When he just came out, the Notre Dame de Nine and the Heavenly Dao Sovereign also went in.

"Virgin Mary, being in this area is our greatest chance. There will always be illusions to keep him here. When that happens, it'll be up to you to find out what the love in this world is."

"No problem!"

The two of them looked very confident, at least this was what Notre Dame de Nine looked like.

"Long Chen has the confidence to come here, he would definitely not be that stupid."

And then, as they went deeper and deeper into it, the illusions, rules, and even the power of attack that was hidden within the universe beehive became increasingly terrifying. This was enough to cause even a Hierarch to feel depressed!

"Is this Long Chen crazy!?" Notre Dame de Nine exclaimed.

"He still dares to rush down?" The Heavenly Dao Sovereign was also forced into a corner.

"Could he be toying with us? He remembered that the two worlds of life and death could be opened here. He can leave at any time. It seems that he wants to lure us here? What good would it do him? If you get lost in here, he'll never get what he wants. "

The Heavenly Dao Sovereign had many doubts. Just like them, they were also struggling in the illusion and would catch up to Long Chen soon. At that time, at such a distance, the Heavenly Dao Sovereign would be confident that he could assist the Notre Dame de Nine in winning against Long Chen before he enters the Death Realm.

In his heart, the Heavenly Dao Sovereign was the same as the Hierarch Taihao.

"Seize the opportunity, in any case, don't let him enter the Death Realm. We have to go hard. Before he goes any deeper, we have to catch him first! "

Notre Dame de Nine's eyes flickered, she increased her speed, and without hesitation.

"This is already quite deep! It is even possible that the Heavenly Dao Saint Emperor has not reached this level yet! "

The Heavenly Dao Sovereign was still excited. This was insane. In his heart, Long Chen and Notre Dame de Nine were both a crazy person.

At this point, the illusions were like mud as the three of them struggled in the illusions. Long Chen had even rushed out of the illusions once and found that the Notre Dame de Nine was right beside him.

"Don't even think about leaving!"

The Heavenly Dao Sovereign was bewitched by the Notre Dame de Nine and he did not stop at all. However, what made him depressed was that Long Chen actually continued downwards, and started to lose his life.

"Chase!"

Notre Dame de Nine followed him.

The next step had already reached a terrifying level. Even the Heavenly Dao Sovereign couldn't help but tremble. He wasn't sure if he could leave this place. But the Long Chen in front of him had always been provoking him, chasing him.

"Mother of God, should we continue chasing after them?" The Heavenly Dao Sovereign felt that it was too much of a pity to waste the opportunity he had just had. Once, he almost imprisoned Long Chen.

The Notre Dame de Nine had always been talking to him, but this time she was charging forward expressionlessly, which made the Heavenly Dao Sovereign feel weird. Suddenly, his face turned pale and he opened his eyes, causing the Notre Dame de Nine to turn into a ray of light and disappear.

"Fake?"

Then where did the real Notre Dame de Nine go?

The Heavenly Dao Sovereign did not know when the Notre Dame de Nine disappeared and a thing that deceived him appeared.

As he was staring blankly at her, Long Chen turned his head around and laughed, "Don't you understand? Notre Dame de Nine didn't even want to share the Primitive Creation Deity Equipment with you, and you actually chased us this deep? I have to go fight with the Notre Dame de Nine. If I lose, the thing will belong to her alone, and you, stay here and slowly turn around. I wish you can turn around and leave. "

It's not the same inside as outside. During the time that Long Chen was fighting with the Notre Dame de Nine, the Gods Clan had to travel far enough in order to not be able to come back. Furthermore, with the Heavenly Dao Sovereign in the depths, if they wanted to leave, even half a day would be required. After all, they had already been here for a few days.

Notre Dame de Nine had left a long time ago.

They had even found a good place to wait for Long Chen.

"You!" The Heavenly Dao Sovereign was infuriated.

That woman from the Notre Dame de Nine, for a treasure, was she so crazy, to the point where she could deceive him?

But the situation now was the truth!

"You! Don't think you can handle me that way! You or the Virgin, let's see. "

Just as the Heavenly Dao Sovereign pounced over, Long Chen quickly entered the Death Realm.

"You better figure out how to get out of here!"

Long Chen's voice continuously resounded in the Heavenly Dao Sovereign's ears, practically driving him crazy. Right now, his entire body was about to explode. Just thinking about how the Notre Dame de Nine would personally make an agreement with him ...

"This Long Chen sure has good methods, he actually understands the personality of the Virgin. Although the situation had changed, she was still separated! This Long Chen, he has a trick up his sleeve! "

The Heavenly Dao Sovereign gradually calmed down. He knew that the most important thing right now was to get out of here.

"It should be in this direction."

He was preparing to leave.

Ever since the Heavenly Dao Sovereign became a Celestial Sovereign, he had never experienced such a feeling. His face suddenly grew even paler, and his entire body began to tremble as he looked down, and there seemed to be a shadow crawling in his direction. The ashen gaze from the abyss caused the Heavenly Dao Sovereign to be unable to move, and he was incapable of doing so either.

In that instant, in his eyes, one could clearly see a kind of expression called extreme fear.

Finally, Long Chen came out from the Death Realm.

Before this, he confirmed that Ling Xi was still fighting with the Hierarch Taihao to buy him some time. Although she and Mo Xiaolang's cooperation was constantly suppressed by the Hierarch Taihao, they had the Universe door to move, so nothing bad would happen to them.

In fact, the Hierarch Taihao clearly knew that they were trying to stall for time.

The key thing was that the Hierarch Taihao did not care about Long Chen and his side at all. The reason why Ling Xi and the others were stalling for time was because the Hierarch Taihao had the opportunity to do so. He knew that her time was limited, she had to reclaim his universe door before the Notre Dame de Nine knew who was victorious.

The more he delayed, the more he liked it.

What he was most afraid of was Ling Xi and the rest who would use the universe door to leave the Upper Firmament.

As for the Celestial Dao Sovereign, it seemed as if he were still struggling in the depths of the vortex beehive!

He had finally found an opportunity!

Long Chen found the location of the Notre Dame de Nine in the Death Realm's branding. She was very cooperative and purposely found the location where both the Heavenly Dao Sovereign and the Hierarch Taihao would have difficulty arriving at. Standing in the middle of the air, the precious pearl on his body shone all over, causing her to become the brightest goddess in this black space!

At this time, Long Chen came over from afar and stood in front of her.

"I thought you weren't coming."

Notre Dame de Nine smiled slightly. Her chance now was too perfect. She discovered that she was only a step away from becoming a Primitive Creation Deity Equipment.

"Of course, go and find out. I have always been the most honest." Long Chen said in a relaxed manner.

Of course, this is my first time fighting against a wargod. Last time Hierarch Taihao worked together and that was why it was different.

"I don't really understand where you got your confidence from. Could it be that you have control over that Primitive Creation Deity Equipment?" The Notre Dame de Nine said in a probing tone.

In fact, this was the last thing she wanted to see.

Because this kind of Long Chen would be very difficult to deal with. However, when they thought about how Di Jun was defeated by Long Chen while possessing this thing, they understood that it was difficult for the Divine Emperor to truly control the Primitive Creation Deity Equipment.

Moreover, the Notre Dame de Nine was different from an ordinary Hierarch. Her methods were endless and profound!

Maybe Long Chen could contend with other Hierarchs, but facing against the endless methods of the Notre Dame de Nine s, it was definitely a type of danger.

"Maybe he hasn't realized it yet."

Transforming the complicated situation into a simple situation was Long Chen's ability. Now that he finally had the chance, Long Chen forgot about everything else, and only had Notre Dame de Nine as his opponent.

"I heard that the Holy Mother has nine types of Creation Divine Equipment with Eternity. Looks like our horizons will be broadened today." The battle blood in Long Chen's body was boiling, and the Ghost Blood Curse was right in front of him.

"I want this weapon as well. Anyone who touches it will die, but it is terrifying and possess boundless potential. "In addition, when you see all of my Creation Divine Weapons, you will regret it ..."

The Notre Dame de Nine laughed.

Chapter 3032 - Nine types of Creation God Equipment

Universe honeycomb battlefield!

Tens of thousands of meters apart, the two Hierarchs were fighting. The aura of a Hierarch was majestic and swept out, shaking the entire Vortex beehive and causing the walls to tremble violently, forming waves and howling gales.

The path of the universe's beehive was even changing.

Fortunately, most of the nearby Divine Emperor knew that they would be fighting here, so they had long since thought of ways to leave. He didn't want to let the Hierarch's battle accidentally affect him!

The entire Vortex beehive seemed to expand because of the confrontation between Long Chen and the Notre Dame de Nine.

It was as if it could explode at any moment.

"Save me!"

Just as Notre Dame de Nine was about to attack, a shrill voice suddenly came out from the depths of the Cosmic Bee Nest. It was the voice of the Heavenly Dao Sovereign. It was hard to imagine that a Hierarch like this would utter such a word, and to such a degree of despair at that.

Even if it was the Heavenly Dao Saint Emperor s, they couldn't let him be like this, right?

"Ignore him. It's just a little trick to find our position."

Notre Dame de Nine's entire being was enveloped in a colorful halo, behind that dignified and noble face was a circle of colorful halo. She was a famous Divine Spirit in the myriad worlds, she was extremely high-profile, and from this, it could be seen. Outside of that gorgeous long skirt, there were also nine long silk ribbons wrapped around it, spreading out and adding an endless number of colors and beauties.

As expected, the Heavenly Dao Sovereign had only made a sound, and no other sounds came out. Long Chen also felt that there was a possibility that Bu Bu Mo asked him to help him, and was most likely trying to find a way to come out from the depths.

**BOOM!**

Just at this time, beside Notre Dame de Nine, nine peach blossoms bloomed. Those peach blossoms were colorful, and like Notre Dame de Nine, they shone with a bright light.

Those were all Creation Divine Weapons!

Long Chen could already feel it.

The pressure from the nine types of Creation God Equipment was terrifying even to the current him. The Divine Emperor that were still in the middle of the universe were probably affected by this pressure and didn't dare to move.

Buzz! Buzz! Buzz!

In the Notre Dame de Nine's smile, nine types of Creation God Equipment appeared and surrounded the Notre Dame de Nine. From the looks of it, when Long Chen was still in the Dragon Sacrifice Continent, the Notre Dame de Nine was the closest to what he could imagine as a god!

"Nine Heavens Gossip, Time Tempest, Peach Blossom Wood Sword, Cupid Gourd, Demonic Mirror, Pearl of the Stellar River, Asked what the emotions in the world are called the Book of Heaven, the Great Heart Devil Bell, and the Nine-Colored Stone."

Along with the Notre Dame de Nine's soft and proud introduction, nine types of Creation Divine Artifacts of the Eternity appeared. Basically, every single one of them was not weaker than the Ghost Blood Curse or the Heaven's Sacrificial Spear!

A huge whirling gossip, one held in her hand, silver threads scattered like galaxies, a wooden sword adorned with peach blossoms, a plain wooden sword, a gray gourd, a mirror hidden in a black mist, a jewel embedded in her crown, like a starry sky, a book slowly unfurling behind her, a bronze bell she took for an earring, a nine colored stone inlaid into a ring ...

When the people of the Divine Kingdom saw the Notre Dame de Nine, they couldn't help but cry out in alarm, "So beautiful!"

Of course, this kind of beauty was a terrifying killing power to Long Chen. Notre Dame de Nine was such a beautiful killing weapon, and throughout the ages, the number of experts and geniuses buried in her hands because of her beauty, was simply countless.

"Whatever I want, I've never been able to get!"

When he said these words, the Notre Dame de Nine who controlled the nine Eternal Creation Divine Artifact officially ignited the battle with the Hierarch! Long Chen's first match would be against the Hierarch!

"Nine Heavens Reincarnation!"

The Notre Dame de Nine's face was cold as she casually agreed. The huge Nine Heavens Eight Trigrams was suppressing towards Long Chen, and the power of the Notre Dame de Nine's laws were being displayed, allowing the Eight Trigrams to form nine different vortexes. Each vortex had a picture of a Eight Trigrams, and they were all part of a cycle of reincarnation, and inside the cycle of reincarnation, was the starting point to purify everything!

Even with a casual move, the Notre Dame de Nine was not any weaker than the Hierarch Taihao. Wherever the Nine Heavens Reincarnation went, even the void that did not exist began to distort and shatter!

But Notre Dame de Nine was obviously not enough!

Her fighting style was like a system. If there really was a word to describe it, it would be 'crazy bombardment'! When the nine heavens' reincarnation cycle was released, in the next instant, the second Creation God Manifestation Weapon was activated. The Notre Dame de Nine's rules were basically built on the foundation of the God Manifestation Weapon!

"The Art of Changes in the Vast Ocean!"

In his left hand, a horsetail whisk that was as long as the milky way was thrown out and followed closely behind the Nine Heavens Reincarnation Technique. The horsetail whisk suddenly transformed into an overwhelming current of power, shocking Long Chen.

The Notre Dame de Nine herself did not have any rules of time, but Long Chen understood that she might be the same as Ling Xi, her strange dodging technique was the same as Ling Xi's Spiritualism, they could both simulate other rules, and the Notre Dame de Nine's attainments in this area obviously surpassed the Sphinx's!

Maybe the origin of the Sphinx was this Notre Dame de Nine!

Nine days of reincarnation and the torrent of attacks from the Vast Ocean Mulberry was enough for Long Chen to withstand. Facing this surging attack, he gritted his teeth, and was already prepared to deal with the other party's crazy attacks! The Heaven's Sacrificial Spear appeared in his left hand, opposing the Ghost Blood Curse. The Ghost Blood Curse contained a monstrous amount of blood energy, and the Heaven's Sacrifice Spear shone with a light of punishment like the light of the Hierarch Taihao!

The Light of Punishment was like a sharp sword piercing through the night, causing the void of the hive to turn into day.

"The Death Realm is killing us!"

Those blood-red eyes were like a mad sea of blood!

The Ghost Blood Curse struck out, and the endless sea of blood condensed into the power of a sword energy, condensing into a dragon-shaped sword energy. It was like a divine dragon rushing forth, ruthlessly smashing into the nine heavens of Samsara.

BOOM!

The universe beehive began to violently tremble. After all, a Empyrean level power was far too violent.

The most terrifying thing was that the aftermath of the battle directly entered the trillions of pathways in the universe and formed a destructive force. The Divine Emperor that were still nearby would probably be in trouble, or even lose their lives!

However, due to the rules of time, the Notre Dame de Nine seemed to have become a joke in front of her eyes. After that, before the terrifying torrent of energy had arrived, Long Chen had used the Heaven's Sacrifice Spear and pointed it towards the sky, causing the law to dissipate. Now that Long Chen had reached a certain level of attainments in time, his attainments were already considered extremely high.

"Oh? "Humph!"

The first move was alright, but the second was broken so easily. Notre Dame de Nine had lost face, but she was not anxious.

"Not bad. To be able to withstand two of my moves, you can be considered to be barely qualified to be my opponent." "Now you have to be careful, don't let me kill you in a moment."

"Come." Long Chen's face was calm, the battle just now was not over yet. It had to be said that the Notre Dame de Nine was indeed a very good target for training because she had too many methods. Long Chen had no choice but to use Ling Xi's Divine Rules and Spiritualism to imagine how strong the Notre Dame de Nine was.

"Peach Blossom Sky!"

The third time she used that Peach Blossom Wood Sword, Notre Dame de Nine danced in the air, the surrounding Peach Blossom danced beautifully, making people intoxicated. However, the destructive power was hidden in the deepest part, and just after that moving dance, the sword rushed out, instantly enveloping every inch of Long Chen's body with Peach Blossom. Looking carefully, every single Peach Blossom had hidden the desire to kill by the laws, and Long Chen was already surrounded by the desire to kill!

But the Notre Dame de Nine did not stop!

"Fog of Creation!"

The moment the peach blossoms flew out, she controlled the grey bottle gourd. Under her control, the Lucky Gourd suddenly spat out countless amounts of gray fog, which seemed like tiny lifeforms, and instantly filled up every inch of the surrounding Long Chen's surroundings. Notre Dame de Nine seemed to have complete control of this place, as though she knew what terrifying effects those Fog of Creation would have, but in the next moment, Notre Dame de Nine sneered and attacked again!

"Nine Heavens Mirror!"

This time, he was using his Demonic Mirror.

At this time, under the control of the Notre Dame de Nine, he appeared between Long Chen and the Notre Dame de Nine. The surface of the mirror was like a piece of glass, and in front was Long Chen.

When Notre Dame de Nine was very young, she was actually called the Nine Heavens Holy Maiden.

Long Chen did not have time to watch Notre Dame de Nine's performance anymore. Forget about the Nine Heavens Mirror, he would even have to spend a lot of effort to settle the flying peaches and Fog of Creation. This made Long Chen deeply understand that if not for that final move, he would have definitely lost today. Until now, he only wanted to see if he could withstand Notre Dame de Nine under normal circumstances!

But from the looks of it now, it was obviously impossible!

In that moment, the Peach Blossom Wood Sword had countless of peach blossoms charging over, without end, the Fog of Creation formed a long snake and coiled around Long Chen in the middle. Long Chen roughly understood that the Fog of Creation's rules lay in its corrosion, if it was contaminated with it, even if it was at the level of a Hierarch, it would be caused by the decay of the's divine body, and it would be impossible for it to recover!

He could only protect himself!

He was just about to use the Buried Heavens Coffin, but he didn't expect that the Nine Heavens Mirror of the Demonic Mirror would land on him first. In that instant, he discovered that he couldn't move his body.

There was no way to control it!

He finally understood that Notre Dame de Nine was actually borrowing the power of the Demonic Mirror to instantaneously project a type of law onto his body. He didn't even have the chance to break it, so this should be the Nine Heavens Mirror.

Chapter 3033 - Billions of Heart Demons Technique

Through the Demonic Mirror, Long Chen and the Notre Dame de Nine would be at the two sides of the Nine Heavens Mirror. In the corresponding position, the other party's rule would directly descend onto Long Chen.

This was precisely the strange rule that was similar to Ling Xi's Heavenly Rules Spiritualism!

They could no longer defend. They were actually hit!

As for its terrifying effect, it seemed that the moment the Nine Heavens Mirror's projection succeeded, the Notre Dame de Nine had restricted Long Chen. Long Chen's body seemed to have been wrapped by trillions of strings, and the opposing party relied on these threads to bind Long Chen, as if he was a puppet. On both sides of the mirror, no matter what Notre Dame de Nine did, Long Chen would do it under her control!

Once Notre Dame de Nine did not move, Long Chen would be imprisoned!

When the Nine Heavens Mirror descended upon his entire body through the Demonic Mirror, Long Chen had realized how terrifying the new round of bombardment of rules in the Notre Dame de Nine was. She was an extremely intelligent woman, and the moment the Nine Heavens Mirror succeeded was exactly when her two rules exploded.

Notre Dame de Nine did not have any qualms. If she did not believe that Long Chen had died, she would immediately snatch away the Primeval Dragon Pagoda. She was worried that Long Chen would be even stronger and take revenge on her in the future. For the sake of the Primordial Dragon Pagoda, she only had this choice.

"Destroy!"

Notre Dame de Nine sneered, and even Long Chen could only coldly laugh with her.

Until now, the battlefield had always been under her control.

Weng! \*

In that instant, Long Chen had already been submerged by the Fog of Creation spat out from the Lucky Gourd, and at the same time, millions upon millions of Peach Blossom sword Qi had rushed into his body. With the help of the Nine Heavens Mirror, the Notre Dame de Nine was actually very confident!

The moment the Nine Heavens Mirror succeeded, she actually knew that he succeeded.

"There's no need for that trump card. Just based on the Nine Heavens Mirror alone, there's no way he can escape. Furthermore, it's not easy for him to obtain the chance to fight me alone, and he won't easily escape either."

So Notre Dame de Nine knew that this was the best chance she had to kill Long Chen.

Beneath the Fog of Creation, when the Peach Blossom Sword Qi tore apart, she was confident that he would be able to inflict heavy injuries even if the other Hierarchs were restrained.

This was the advantage of having numerous rules and creation artifacts.

In truth, all of her rules were formed together by the use of a strange technique.

"You eyesore, go away. Don't even think about escaping from my Five Fingers Mountain! "

Peach Blossom Wood Sword. Although it looked like a beautiful object, it was actually one of the Notre Dame de Nine's killing moves. Especially with the cooperation of the Fog of Creation, it could tear apart a Hierarch's body, and even cut him into pieces!

She knew clearly in her heart that as long as the Nine Heavens Mirror of the Demonic Mirror was still being projected on Long Chen's body, he would not be able to resist.

In the nick of time!

Suddenly, when Notre Dame de Nine was the most relaxed and could not help but smile at her own masterpiece, the Nine Heavens Mirror was suddenly broken free, and there was no sign at all!

Then, in the next moment, an aura that caused the Notre Dame de Nine to feel fear yet yearned for appeared. She saw a kind of light appearing within the encirclement of the Fog of Creation! That was the divine might of the Primitive Creation Deity Equipment she longed for the most. The moment this Creation Divine Artifact from primitive level appeared, it immediately suppressed her divine might as a Eternal Creation Divine Artifact of nine types!

This was the reason why she yearned so much for the Dragon Pagoda!

A Primal Dragon Pagoda ... it was worth far more than her nine types of Creation God Equipment!

But this also made her feel reverence, because for Long Chen to be able to grasp this Primitive Creation Deity Equipment, no matter what, was not a good thing. This meant that the difficulty of her obtaining this treasure would increase!

But to someone who viewed treasures more important than their own life, its appearance was enough to make Notre Dame de Nine go crazy. She could not help but laugh out loud, the most obvious thing was that the light in her eyes became even more intense!

BOOM!

Suddenly, her Demonic Mirror was blasted away. It let out a wail, became smaller, and became a dressing mirror that returned to Notre Dame de Nine's hands.

BOOM!

Under such a circumstance, the Peach Blossom Wood Sword in Notre Dame de Nine's hands trembled, but she was no longer paying attention to the details. She immediately took the Peach Blossom Wood Sword back, turning it into a wooden hairpin and inserting it into her hair.

In the end, the Fog of Creation was defeated, and the Lucky Gourd wailed as well, drawing a long trajectory in the air. The majestic Eternal Creation Divine Artifact was actually wailing like a small beast at the feet of the Notre Dame de Nine.

All of them were destroyed!

Suddenly, Long Chen tore apart the Fog of Creation with his bare hands and rushed out.

He looked no different from before, but Notre Dame de Nine knew that he had changed. A Creation Divine Artifact was fused into his body, and that Creation Divine Artifact was stuck onto his body, protecting him and making him invulnerable! Any rule could be resisted! At the same time, the scarier part was that Notre Dame de Nine could feel Long Chen's strength increase explosively!

The divine power of the Primitive Creation Deity Equipment, was fused together with the invisible dragon's essence inside Long Chen's body. It created a majestic power, which allowed Long Chen to be comparable to or even surpass a Hierarch in terms of power!

At this moment, the image of a pagoda appeared on Long Chen's body. An invisible divine dragon was swimming around it, its divine might was increasing, and even the colorful Notre Dame de Nine was being suppressed by it, as though it was the daughter of the mortal world!

"Notre Dame de Nine is more powerful than I thought. I have no choice but to use the Primordial Dragon Pagoda!"

This was what Long Chen had thought at the last moment. He didn't even need to use the Primordial Dragon Pagoda, and his body was still imprisoned.

"Perfect!" It's even more perfect than I thought! I want it, it's mine! Long Chen "

Such a perfect woman, at this moment, revealed an expression of incomparable desire.

"I told you before, you can't control it." Even though Long Chen had only spoken a few words, with the existence of the Primordial Dragon Pagoda, even a single sentence was enough to make everyone feel that she was above everything else. It was as if a single sentence, or even a single sound, could control everything in the world and destroy everything.

"I don't believe it!"

"Then let's give it a try!"

When the current Long Chen was angered, it was actually a nightmare for the Notre Dame de Nine. Even Long Chen himself did not know how strong he had become! The Dragon Pagoda was so terrifying that it was his first time using it!

He and Notre Dame de Nine attacked at almost the same time, to battle!

There were many God Creation Divine Artifacts in the Notre Dame de Nine. At this time, he had gone crazy and used it almost at the same time!

"Nine Heavens Reincarnation!"

"The world has changed!"

"Nine Heavens Mirror!"

"Fog of Creation!"

"Peach Blossom Sky!"

Five rules, five Eternal Creation Divine Artifacts, she was simply using them all at the same time. In this area, she was extremely mysterious and her god powers were plentiful, but this was not the end of her life!

When the Nine Heavens Reincarnation Sword descended, when time had once again surged forth, when the Demonic Mirror displayed its might, when the Fog of Creation was once again enveloped by it, when the endless Peach Blossom Sword Qi once again swept across the entire beehive, the Hierarch Taihao knew about the movements of the battle here, he was actually still seizing the opportunity to deal with Ling Xi and the others!

RUU...!

From the outside, one could even see the entire universe's beehive trembling violently. This was the rule of the Hierarch level, which directly shook the entire world of primitive level!

"Astral Destruction Spell!"

This was a new rule, and its degree of tyranny surpassed all that the Notre Dame de Nine had before. The Creation Divine Artifact that she used was the crown on her head, it was very thin and did not occupy much space, but there was one that was incomparably different, as though it was the precious pearl of the starry sky that was hidden endless!

At that moment, in the chaos, under the furious and fanatical fighting methods of the Notre Dame de Nine, the Star River Bead rushed towards Long Chen and exploded right in front of Long Chen's eyes. This explosion was practically the explosion of the entire galaxy!

BOOM!

Everything was submerged in endless chaos!

However, Notre Dame de Nine still did not stop, she was too anxious, she had always fought like this, in this way, no one could stop her. With the addition of the Star River Bead, the degree of destruction here had reached a new level, and before Long Chen could even rush out, he was already surrounded by the attacks of the violent woman!

However, it was far from the time for her to stop!

"Billions of Inner Demon Arts!"

Just then, the bronze bell that hung over her ear started to vibrate, and continuously chimed nine times, louder and louder than before. It was not an exaggeration to say that even Ling Xi heard the bell, and furthermore, her heart demon was affected, she was almost hit by the Hierarch Taihao.

"You have so many demons in your heart, just let them drown you!"

The sound of the Inner Heart Demon Bell directly pierced through the Primordial Dragon Pagoda and resounded in Long Chen's body. Honestly speaking, compared to the countless of Inner Demon Arts, even the Star River's Destruction Art was nothing!

In his heart, billions of demons appeared. Disturbing voices were everywhere, and countless heart demons were born around the primordial spirit. Within the Heart of Rules, they were all sent towards the primordial spirit of the Great Void Cosmic Dragon!

"As long as Demonheart kills his Primordial Spirit, he will die without a doubt! "Even if we have the Primeval Dragon Pagoda to protect our flesh, it's still useless!"

Notre Dame de Nine thought with incomparable excitement.

The billions of heart demons were like evil spirits, baring their fangs and brandishing their claws. Notre Dame de Nine estimated that Long Chen had already fallen into endless pain. Demons in the heart were things that made people think of their sorrows, something they could not extricate themselves from!

"Die!"

The primordial spirit of the Great Void Cosmic Dragon was obviously extremely weak!

Billions of demons rushed up like a billowing black tide. Countless sharp claws were about to tear this primordial spirit apart!

Notre Dame de Nine was the most excited!

But at that moment, the Great Void Cosmic Dragon's primordial spirit opened its eyes. Just as the demons were about to attack, a pagoda appeared on the Great Void Cosmic Dragon's body, protecting it completely.

Weng! \*

The pagoda shook. Billions of demons and hearts were completely exterminated!

Chapter 3034 - Primitive Light of Chaos

The Primordial Dragon Pagoda was not only protecting Long Chen's body, but also his primordial spirit. In truth, he had already given Notre Dame de Nine a lot of chances, but until now, he was still stubborn enough to not realize his mistake!

"Self-inflicted harm, cannot live!"

Long Chen's wrath was instigated by the overflowing power of the Primordial Dragon Pagoda. At that moment, a world-shaking dragon's roar resounded outside. In the midst of the destruction of the river of stars and the collapse of all living things, Long Chen abruptly transformed into an Primordial Blood Spirit Dragon!

"What is this!"

With her inner demon destroyed, Notre Dame de Nine was already depressed in her heart. But the Divine Dragon that Long Chen had turned into now had even exceeded the limits of her imagination, but she simply did not have the chance to think, because right at this moment, Long Chen made his move!

"The Death Realm is killing us!"

BOOM!

Boundless Death Realm, a sea of blood, spread out behind Long Chen's Primordial Blood Dragon. This Divine Dragon that charged out from the sea of blood brought with it an endless bloody slaughter aura.

The last time he used this death-like tail attack was on the Heavenly Slaughter Blood Sword. And this time, it was countless times stronger! Especially under the great power of the Dragon Pagoda.

In the Notre Dame de Nine's eyes, the huge beast appeared from within the sea of blood, and with a sudden swing of its tail, the dragon tail formed a gigantic sword, as if the entire sea of blood was gathered onto the sword, and then rushed out as if cutting through the heavens, directly tearing the space inside the Cosmic Bee Cave into two.

"Impossible, Divine Emperor level, how can he have such power!"

Notre Dame de Nine was stunned. Originally, she had the confidence to rely on a few Creation Divine Weapons to destroy Long Chen, but what she saw now was that the Nine Heavens Gossip, the passing of time horsetail whisk, the Stellar Pearl, the Peach Blossom Wood Sword, the Good Fortune Gourd and the other Creation Divine Artifacts were all defeated by the tail of the divine dragon.

RUU...!

This time, the vibration of the universe beehive was unprecedented. Countless passages were torn apart, and many Divine Emperor s were still trying to escape!

"AHH!" In the eyes of the Notre Dame de Nine, which was filled with disbelief, everything was destroyed. The moment Long Chen rushed out of her attacking vortex and landed on top of her head,

she felt the threat of death. At this moment, she had already forgotten about the Primordial Dragon Pagoda.

With his current level, it would be difficult for him to control the Primordial Dragon Pagoda. To win, to obtain the legacy and blood of the Ninth Ancestral Dragon, he had to finish the battle quickly!

In that moment, the power of the Primordial Dragon Pagoda erupted once again. Long Chen appeared right in front of Notre Dame de Nine, transforming from an Primordial Blood Spirit Dragon into an illusory Great Void Cosmic Dragon!

Perhaps out of fear, she had already placed everything onto the Rules. At this moment, she raised her hand, and the Eternal Creation Divine Artifact Nine Colored Stone on her finger suddenly erupted with nine types of intense light, that even penetrated through the endless space, completely drowning Long Chen within! Long Chen's eyes!

"Primitive Light of Chaos!"

"Get lost!"

Long Chen was too close, she was too panicked, he only thought of relying on this rule to force Long Chen away, but in the light emitted by the Nine-coloured Stone in her ring, all nine colors suddenly converged, and after mixing, they actually turned white. An extremely strong white light, it pierced through everything towards Long Chen like a sword!

It had to be said that the Notre Dame de Nine's learning was too complicated, but with these layers of skills, even amongst the Hierarchs, she was still considered a strong existence. No wonder she could suppress the Hierarch Taihao and the Heavenly Dao Sovereign. Even if he was to risk his life now, it was still a light that had just opened, and was already so fierce! If Long Chen didn't have the Beginner Dragon Pagoda, he knew very well that he wouldn't be able to withstand it!

But

"Great Void Heart!"

The illusory Primeval Dragon Pagoda surrounded the illusory Great Void Cosmic Dragon.

Just when the light that had just opened was piercing towards him, the Great Void Cosmic Dragon curled up into a reincarnation cycle in the air. It was like a kind of heart, his entire body, was the Great Void Heart!

Bang!

The Great Void's heart beat violently once again.

An invisible wave of light swept out.

"Time is still."

The light that was initially opened, stopped in front of Long Chen, and did not pierce his body. It just stood there, motionless for a long time.

The Great Void Heart was actually a form of transformation. When it stopped at a larger range, it actually focused the flow of time at a central location, which was the enemy's position. The time in the Endless Territories had come to a stop, and now it was accelerating hundreds of millions of times faster!

At that moment, the Notre Dame de Nine who was unable to move personally felt this indescribable fear. She was a woman who loved beauty the most, but this instant of acceleration allowed her to experience the insanity of time!

Sou sou sou!

She saw with her own eyes the end of her life, the end of her life, the depletion of everything, even her undying appearance began to age, and even the body of a supreme deity began to crumble!

What kind of fear was that!

"NO!" "No!"

It was a kind of painful scream. The Notre Dame de Nine didn't look like the perfect Goddess anymore, and turned into a pitiful crying woman. It was only now that Long Chen finally appeared before her eyes. Of course, the Great Void heart was still beating.

He used the Primordial Dragon Pagoda to control her life and death.

"Did you see that?" This is the true power of time. "

"I've lost, I've lost!" Notre Dame de Nine looked at her with teary eyes. Even her tears were colorful, and from her pitiful appearance, it could be seen that she was deeply regretful. The passing of time was her nightmare.

The trillions of years of life force dissipated.

"It's good that you know you've lost." Long Chen said.

"I beg of you, please let me go. I know that I was wrong. I shouldn't have fought over your things. I'm willing to admit defeat. "

Even if Long Chen did not let her off, he could still obtain the inheritance blood. That's for sure.

Although she had changed a little because of this, Long Chen knew the power of the Great Void Heart. Maybe this guy was too concerned about life and time.

However, he did not really want to kill his opponent. After all, his opponent was a member of the Hongjun Star Sea. Moreover, every Hierarch was a precious treasure. In the future, he would be able to fight against the Eclipse Tribe and become his own power.

One more thing was that the Dragon Pagoda was unable to hold on for much longer ...

Long Chen could only display it to this extent, the result was his limit. He quietly erased his Great Void heart, and only then did everything return to normal. Although Notre Dame de Nine was a saint, she was still sweating profusely as she laid at his feet, gasping for air in front of Long Chen. Her face was completely pale. Those colourful eyes were still filled with endless shock, unable to escape.

"Let me say it again. I am not lying to you, this Primordial Dragon Pagoda is something that belongs to our Dragon Sacrifice Continent. Without our bloodline, outsiders would not be able to use it. In this

Myriad Worlds, other than Di Jun, it's me. Now that Di Jun is dead, I'm the only one left. In addition, according to our bet, you should give me that drop of blood. "

"Oh!"

Notre Dame de Nine responded woodenly, before numbly raising her head to look at Long Chen. Long Chen stood in front of her. To be honest, he was relieved that he could defeat her. Of course, he relied on the Dragon Pagoda.

In the future, he would have to master it more skillfully. Now that the Dragon Pagoda had disappeared, the next transfer would take some time.

Under Long Chen's attentive gaze, Notre Dame de Nine stood up with difficulty. She took a deep breath, and only then did she return to her original indifference and calmness. To be honest, her temperament was similar to Ling Xi's, it was just that her lust was too strong, and she lost some of her sense of beauty.

"Give me that drop of blood." "In the future, please take good care of me, Our Lady." Long Chen did not want to ruin their relationship.

"Mm, you deserve it." The Notre Dame de Nine was stupefied, but she had truly opened the Divine Kingdom, and in her hands, the legacy of the Ninth Ancestral Dragon that Long Chen had longed for for so long appeared. She had been waiting for it for too long!

Honestly speaking, he still desired it in his heart. It was not hard to imagine, when he could better control the changes in the rules in the future, it was very likely that he would directly become the Notre Dame de Nine in front of him, and even be able to use her own laws!

This was where the Ninth Ancestral Dragon defied Heaven!

"Take it."

When the inheritance blood landed in Long Chen's hands, he heaved a sigh of relief. With the Cosmic Bee Nest not convenient to absorb, and after everything was settled, Long Chen prepared to return to the Living Realm, of course, the first thing he would do was to let Ling Xi and the others return. After all, they were still in danger.

"Long Chen." Notre Dame de Nine suddenly shouted.

Because in order to obtain the inheritance blood, Long Chen was very close to her. Hearing her call for help, Long Chen focused all his attention on the Inheritance Meridian. Only now did he raise his head, but when he raised it, he had a bad premonition.

"I refuse to accept defeat!"

Notre Dame de Nine gritted her teeth as she spoke.

"What do you mean?" Just as he finished asking this question, Long Chen felt that something was amiss. It turned out that there was a brand on the palm of his hand which held the inheritance blood. It was the mark of a book. It had a faint glow to it. It was very strange ...

This must have been planted when she was giving Long Chen the meridian blood. Long Chen had already kept the Primeval Dragon Pagoda, it might not be stronger than her!

"What is this!"

Long Chen immediately kept the legacy blood, and looked at the Notre Dame de Nine sinisterly!

"You have a quarter of an hour! Give me the Primeval Dragon Pagoda, or you will be doomed to eternal damnation. It is' to ask what is the Heavenly Book of Love in the World '. is my last Creation God Equipment! "

"You're still trying to sneak attack after deciding victory? Aren't you being too shameless?" How could the exalted Hierarch be such a lowly person? " Long Chen realized that although he had obtained something, it would still be very troublesome.

"I'm not a gentleman, I'm just a woman. Aren't women supposed to act shamelessly? " Notre Dame de Nine smiled faintly, as if she had been released from her previous state.

## Chapter 3035 - Heavenly Book Curse

It had to be said that the Notre Dame de Nine's final trump card had already been prepared for a very long time in itself, which resulted in this kind of situation. Long Chen did not kill her just now, but in reality he had already given her a chance.

He didn't know what the mark on his hand was, but ever since it had been planted on his body, it gave off a strange feeling.

Notre Dame de Nine came out of her pitiful and sorrowful state, laughing proudly: "Of course, I want you to understand your loss. Actually, I predicted it quite well. You haven't even fully controlled the Primordial Dragon Pagoda and have already reached the limit, right? So I succeeded. This is the Creation Divine Artifact that I am most proud of, a Creation Divine Artifact with half a primitive level. Right now, you have already been hit by it, if I don't take care of it, you will lose something important within fifteen minutes. "

"What?" Long Chen was still relatively calm.

It was extremely difficult to understand, and its effects were strange and astonishing. Just like the Heavenly Book asking what kind of thing was love in this world, in reality, he had already used a heaven-defying technique to change his fate, but he did not remove it. This was because that book, the God Creation Art, had also already merged into his flesh and blood.

"All your feelings, a thing called love, whether love, friendship, or kinship. In short, it will change you. It will make you lose your mind and become a walking machine. I feel incredible, yes, I am such an incredible person. If you don't believe me, just try it. But after a quarter of an hour, nothing could be recovered. "Unless you give me the Primeval Dragon Pagoda."

After she finished speaking, she smiled charmingly, and her face was filled with a pleased expression, as if she had completely forgotten the lesson Long Chen had just taught him.

"A quarter-hour is enough time for me to take your life." Long Chen wasn't sure if what she said was true or not, but for the time being, asking what the love in this world was called the "Heavenly Book" indeed had an impact on his mind. He also saw some chaotic things before his eyes, and his emotions were constantly changing towards an ice-cold direction.

It was difficult to believe that such rules would be implemented in time, but in reality, Ling Xi seemed to have similar rules. Thus, he could roughly understand that the other party was not joking. Because of this, he was summoning the Primordial Dragon Pagoda again. However, right after she made his move, the Primordial Dragon Pagoda did not respond. This made him deeply frown. She didn't really hate this woman before, but now, she hated her in her heart.

"Stop struggling. This thing was something the three of us were prepared to deal with you. All I'm afraid of is that you'll flee to the Life and Death Realms. Who would have thought that it would be effective at the last moment. You won't be able to escape now. I will be merciful to you. Just treat that drop of blood as a gift from me. The Dragon Pagoda must give it to me. You don't have much time. I can wait, but you can't. "

The more he spoke, the more pleased he became with himself.

"Oh, right!" Speaking to here, the Notre Dame de Nine smiled strangely and said: "This is like a curse, there is a way to remove it. That is, just fill it with the life of someone who loves you dearly. As long as she enters this Heavenly Book of Asking what love is in this world, the curse of the Heavenly Book will naturally be lifted. "

As if it had heard the words of the Notre Dame de Nine, the imprint on the Heavenly Book asking what love was flashed with a bloody light, as if it was extremely excited, as if it wanted to devour a fresh life.

"That little woman of yours is a rather suitable choice. However, will she give up her life for you?"

Long Chen had a headache. If he was not at the Primeval Dragon Pagoda, he would not be a match for the Notre Dame de Nine, but right now, he could not use the Primeval Dragon Pagoda at all.

"There's not much time left, Long Chen. The curse of the Heavenly Tome Monolith is already beginning to take effect." Notre Dame de Nine's expression turned cold.

"I told you, you can't control it." Towards this woman that did not give up, Long Chen was convinced. It seemed that she wasn't willing to give up until she reached the Yellow River.

With a flick of his hand, the Dragon Pagoda landed in the hands of the Notre Dame de Nine. After spending so much effort, he finally obtained the thing he yearned for after a long time, causing the Notre Dame de Nine's eyes to burst out with an intense light. She immediately extended her hand to catch the Dragon Pagoda.

In an instant, she touched the Dragon Pagoda.

When her hands made contact with the Dragon Pagoda, suddenly, a destructive light burst out from the Dragon Pagoda, tearing the space within a meter into pieces. Notre Dame de Nine screamed miserably, as her hands that made contact with the Dragon Pagoda were directly torn into powder.

Long Chen had guessed that the Primeval Dragon Pagoda would resist, but he didn't expect it to be this serious.

"You!"

Notre Dame de Nine was injured and both of her arms were smashed into pieces. Naturally, she was angry till her face was flushed red as she stared at Long Chen.

"If I could control it now, you would be dead." Long Chen said indifferently.

Notre Dame de Nine naturally understood that it was because the Primordial Dragon Pagoda rejected her and regardless of whether he believed her or not, it was clear that Long Chen did not lie to her. After painstakingly designing so many things, he actually obtained something that had no effect on him? Just then, she was angry, but now, she was furious. But even if she was angry, she couldn't get her hands on the Primordial Dragon Pagoda.

"Are you giving up now?" Long Chen kept the Primeval Dragon Pagoda.

Notre Dame de Nine looked at him gloomily.

"Take this back, you and I don't need to fight."

Long Chen concluded.

"If you want to be beautiful, slowly enjoy the taste of being heartless!"

Notre Dame de Nine laughed coldly, and actually turned around and left at this time, quickly vanishing into the darkness. It seemed that she was going to directly leave, so she gave up on that idea. However, she was angry, and did not plan to let Long Chen go.

"What a vindictive woman."

Through the Death Realm, Long Chen felt for her location, and found the nearest exit for the Death Realm.

"Scram, I don't want to kill you right now, but you forced me to." "You're dead meat!" roared, and the eight types of Creation God Equipment on her body spread out. The Nine Heavens Gossip, the Time Treading, the Demonic Mirror, the Pearl of the Stellar River, and so on, gathered together. Under the current situation, she was unable to use the Primordial Dragon Pagoda, so if she were to attack directly, it would definitely severely injure Long Chen, and the consequences would be even worse.

"Release the Heavenly Tome Monoliths, don't force me to kill you in the future." Long Chen said in a serious tone.

"You think I'm afraid of you?" Maybe Notre Dame de Nine was truly mad because when Long Chen caught up to her, she attacked without a second word.

"Art of Star River Destruction!"

"Billions of Inner Demon Arts!"

Long Chen was still under the influence of the Heavenly Tome Monoliths, so he had no choice but to hide within the Death Realm in order to avoid the attacks. Now, he only had slow killing intent towards this woman. Previously, it was Long Chen who let her go, but he never expected her to be ungrateful in the slightest, to actually be so ruthless.

On the Blood Sea of Death Realm, Long Chen was a little depressed. did not want her to bring him back, but Notre Dame de Nine's words made him worry that Ling Xi would do something stupid after hearing it, so he did not bring Ling Xi and the others back yet.

As for the Notre Dame de Nine, she charged out of the circle formed by Long Chen's Death Realm not long after. To catch up to her, it would take a lot of effort, and it looks like fifteen minutes was definitely not enough. Now, Long Chen could only place his hopes on himself clearing the curse in the Heavenly Book!

In the Divine Kingdom, everyone was trying to think of a way, but most of them couldn't do anything even if they wanted to.

For a moment, other than Ling Xi and the others who were still focused on dealing with the Hierarch Taihao and didn't know about it, some of the key figures that Long Chen was familiar with in the God Nation were all panicking, especially Yang You and the others.

"I don't believe that this thing is as terrifying as Notre Dame de Nine has said."

"Long Chen, what do you think?"

Unintentionally, everyone cared about him the most.

Long Chen had actually already felt that the strange rules of the Sky Book had already spread throughout his body and were invading the Heart of Rules. It felt like it was a kind of cover that would disturb one's mind, a rule that would not completely cause one to lose their senses, but if it was controlled, one would indeed lose their mind, and it was simply like they had been possessed.

"Yuanshi Dragon Pagoda."

Long Chen was extremely gloomy, he did not expect to lose to a woman just like that. Besides, there was really nothing he could do about it. He truly understood the terror of a woman's heart of revenge.

The further he got, the more dazed he became. He had been using the Dragon Pagoda the entire time, but there was still no response. This made him at a loss whether to laugh or cry. If he had the Primordial Dragon Pagoda, he might be able to eliminate the Notre Dame de Nine's rule!

"What should we do?"

"Time is almost up."

Long Chen's forehead was drenched with sweat, it was almost the critical moment for him. The entire Heavenly Book had been dissolved and completely fused into his body.

"Long Chen, let me see?" At this time, Li Xuanji suddenly said.

"Do you know how to break it?"

It had been a long time since Long Chen had asked her to come out of the Divine Kingdom. She had been hiding his cultivation and trying to catch up with everyone, but the reality was that the effect was not good. Sometimes, Inherent Skill was really a very important thing, unless Long Chen could find out the origin of the Charm Dragon, the Dragon Soul.

Li Xuanji held his hand and said, "I'm not too sure. But this thing should not be as mysterious as she said it was. It was only a Creation God Creation Tool, a rule. "There's always a way to break it."

The eyes Long Chen looked at her with, gave her a bad premonition.

"Don't act recklessly. There is no need to use your life to deal with such a small matter. I still have a way."  
"

Just as he finished speaking, his entire body felt like it had collapsed. At this time, the curse of Tianshu had already launched a general attack on his entire body.

"Long Chen, I feel that I won't be able to help in the future. You have a great responsibility, you can't lose here. " Li Xuanji suddenly gritted his teeth and said.

"Alright, let's go back." Long Chen opened his Divine Kingdom and after knowing her intentions, he of course had to grab her and bring his back immediately.

"Ugh ..."

Just as he was about to make his move, the Heavenly Book Curse launched a crazy attack at this time. A quarter of an hour had already passed, and it had all been prepared before, but now it was all an earth-shattering attack.

"Go back!" At this kind of critical juncture, Long Chen would use the heaven-defying rules to resist and at the same time, prevent Li Xuanji from doing anything stupid.

In his heart, this was indeed something that was not worth using his life to fill in for.

Notre Dame de Nine was incomparably vicious, especially now that he had experienced the attack of the curse. It was even more certain that, after a period of time, Long Chen's self-awareness would be completely covered, and he might even be able to become a puppet of the Notre Dame de Nine.

Although it was possible to break it in the future, the people who were 'Wuqing' were terrifying. Who could have predicted that when he was deceived, would he directly capture the people from the Divine Kingdom and Living Realm and kill them, including Yang You and Long Yan?

Therefore, Li Xuanji understood very well.

She had always been such a decisive and calm person. But there was one moment that was on Long Chen's mind.

"Thank you, for freeing me from Mo Sang. From that moment on, I was already very satisfied to be by your side. You have happiness and a goal to grow. Thus, I have full confidence in your future. If he had the chance, he might be able to see her again. At that time, if I can help you and help you out a bit, that would be for the best. "

Li Xuanji's ink-black hair fluttered in the sea of blood. Her deep eyes looked cold, but in reality, they were filled with endless emotions. When she looked at Long Chen, it was with a rare tenderness.

"Don't!"

As Long Chen struggled, his consciousness was drowned by the waves of the Heavenly Book curse. After Li Xuanji made up her mind, she was the kind of person who couldn't be persuaded. At this time, without saying a word, she only smiled at Long Chen. She used to be deeply in love with him, but now she smiled. Life and death didn't seem like such a cute thing anymore.

"Take care."

Her love had always been simple and concise, but it was as tenacious as a steel wire.

The Heavenly Book in Long Chen's hand released an intense light, as though it had already felt Li Xuanji's intense love, and was opening its mouth, swallowing him whole. Before Long Chen could bring Li Xuanji away, Li Xuanji had already walked over to the Heavenly Book, and without any hesitation, she directly grabbed onto Long Chen's hand.

"Xuanji!"

Long Chen suddenly woke up.

However, he felt as if his dream had suddenly come to an end.

His clarity of mind was because right now, Li Xuanji was right in front of him, and was directly devoured by the Heavenly Book. It was as if he had become nourishment for the Heavenly Book asking what love was in this world, and he was transformed into an ink-colored figure that was absorbed.

This was the kind of love that the Creation Divine Artifact wanted to devour. For so many years, the Notre Dame de Nine had only used this love to raise this Creation Divine Artifact. Until now, the reason why this Creation God Creation Art had such power was because it had already swallowed the lives of billions of its loved ones.

Only after devouring would it be satisfied.

The moment he woke up, Long Chen felt a heart-wrenching feeling.

He completely did not expect that today, such a solution would actually come. He actually needed Li Xuanji to sacrifice herself for him. After defeating Di Jun, he was actually already very proud.

Until today, it was like he was shouting right on the head!

He had personally watched Li Xuanji disappear from her sight.

This feeling was as if he was watching his own death and his own heart was shattering. He could not breathe. Time stood still and everything was falling apart.

Ever since the Divine Demon Zhou Shan, Long Chen rarely spoke to her.

She was also silent as she cultivated steadily, not causing Long Chen any trouble.

Until today, she seemed to have received a kind of mission, and appeared in front of Long Chen just like that. If it wasn't for her never ceasing to be deep in love with Long Chen, the one that the Heavenly Book wanted to swallow today, wouldn't be her.

All that was left in his line of sight was an inky black shadow.

It was her clear, cold, yet gentle smile, blooming only on Long Chen.

This kind of smile, started when Long Chen carried her and went on a search for the Sacred Fruit of Heaven and Earth.

"You!"

Long Chen's heart almost suffocated as his mind went blank.

He could not believe this result, nor could he accept it. He could not bear Ling Xi's death, nor could he endure Li Xuanji's death. Regardless of the outcome, in his heart, she had already set the death penalty for the Notre Dame de Nine.

Unforgivable!

Long Chen spared her life, but she wanted Li Xuanji's life!

The Divine Kingdom, Living Realm, were in an uproar.

Anyone would have thought that the woman Long Chen saved in the God Realm of Zhou Mountain would suddenly appear at this time and used her life to save Long Chen. It was as if she had spent the decades in the God Nation for a mission like this.

No one dared to speak, afraid that Long Chen would suffer even more. They all understood Long Chen, and knew what the most unbearable thing for him was. What happened today was one of them. This had already crossed his bottom line, and it was more serious than killing him. If it wasn't for the fact that she was unable to stop Li Xuanji in that instant, no matter what Long Chen had done, he wouldn't have allowed her to do such a foolish thing.

He never thought that a scheme by the Notre Dame de Nine would cause such a result.

Right now, his world was in chaos. It was as though the entire ten thousand worlds had been destroyed before his very eyes.

RUU...!

The only thing that remained in her mind was Li Xuanji's smile at the very last moment. It was so indifferent, yet so gentle; she was originally cultivating quietly, but after knowing about this matter, she immediately opened her mouth to speak. She knew even better than Long Chen how terrifying it would be if she turned into a heartless person.

It was precisely because of his love that Long Chen was able to reach this stage. Love was a form of human nature, and it was a form of connection he had with everyone. Once it was severed, the consequences would be unimaginable.

That was why she was so decisive and resolute, to the point where even Long Chen did not expect her to do so.

The last two words were, "take care."

The power of the Heavenly Book was quickly dissipating and was condensing on Long Chen's hand. Long Chen stared at the palm of his hand and the imprint on it slowly condensed into a book. However, he did

feel the last bit of warmth left by Li Xuanji. At this moment, the hatred and anger in his heart had already been ignited like never before. It was no less than the time when the Infernal King had targeted Ling Xi.

The hatred was about to explode.

She was someone who would give up everything for Long Chen, even something she had decided long ago. Once everything had dispersed, what remained before Long Chen's eyes was the blue colored Eternal Protection Heart. That was a present Long Chen had given her a long, long time ago. Long Chen's eyes were lifeless as he grasped the Eternal Protection Heart that still retained her warmth.

Her countenance appeared within it.

Everything was still in there.

Long Chen wasn't sure, but in the next moment, he would collapse to the point that he wanted to destroy the entire universe beehive. The grief came too suddenly. Di Jun did not manage to injure anything on Long Chen, but Notre Dame de Nine was a woman.

Right at this moment, the Heavenly Book asking what the feelings of the world were, had already turned into its true form in Long Chen's hands. It gradually solidified, and was about to leave Long Chen's body. It was the one who had swallowed Li Xuanji. Long Chen's only thought now was to tear the Heavenly Book apart and get Li Xuanji to come out. The fire in his eyes was growing stronger and stronger. The entire blood sea was boiling and roaring!

Whoosh!

Right at this moment, Long Chen saw a black figure crawl out of the Heavenly Book, returning into Long Chen's body. He wanted to return to Long Chen's body and find that black shadow again, but it was too late. Long Chen immediately grabbed it and dragged it out, using the God Manifestation Art.

"Long Chen!"

Right at this moment, the black shadow blended into every part of Long Chen's body, blending into his energy.

But, Long Chen heard her voice.

It was the feeling of instantly entering heaven from hell!

Long Chen couldn't believe it, he thought he was wrong, but when he tried to sense it carefully, he couldn't get that feeling wrong. She existed within Long Chen's body, and it was so clear that every part of his body contained her shadow! Just like that, she had completely become one with him. She was his own Yin Mo.

"You ..." Long Chen trembled and said one word. He wanted to ask if it was her, but he couldn't find the complete sentence.

"It's me. "Lucky. Seems like he didn't die."

Li Xuanji said gently. Her tone was very light, very tired.

This answer was already enough for Long Chen. He was simply wild with joy, as if he had obtained the most precious thing in the world. It turned out that the greatest happiness in the world was not getting, but recovering from loss.

"I'll take care of you later!"

That half of primitive level's God Creation Art was thrown into the sea of blood by Long Chen. He asked impatiently, "What's the situation now? Can you still come out? "

He could also feel that Li Xuanji was extremely weak, and was currently in the form of a yin demon, existing in his body. If she did not still have consciousness, she was actually only a part of Long Chen's body, like the World Tree or Heart of Rules.

Li Xuanji said: "Actually, I do not understand these changes either. Originally, becoming your Yin Mo was a very strange thing. It's still your Yin Mo, but it's even more thorough now. All but my sanity is gone. The Charm Dragon's Inheritance Blood that you gave me seems to have left as well. "

Sure enough, the Charm Dragon's Inheritance Blood came out of Long Chen's body and gathered in her palm.

"Perhaps, from now on, I am a part of your body. Maybe I won't be able to be here in the future. You can't see me, but that's fine. At least you're fine now, and I still exist. I can even accompany you forever.

Long Chen could tell that she was genuinely satisfied from hearing his words.

Chapter 3037 - Phantom Dream

The swallowing of the Heavenly Book still caused Li Xuanji to experience some changes.

It was originally related to Long Chen's Yin Mo, and it was even more so now.

It was even more thorough.

Her words made Long Chen feel very guilty. But that was what she wanted. It was just that Long Chen obviously did not want her to stay on him like this, to be a person without a body.

"Don't spout nonsense. No matter what, I will make you return to your original appearance. Furthermore, you will never have to leave my side. "

He spoke with determination.

Li Xuanji didn't argue with him. She was safe and sound in every corner of Long Chen's body. At this time, she said with a very satisfied tone: "No matter what you do, I will always support you. "I'm tired. Here, I can sleep peacefully and let me rest for a while. Don't worry, I will wake up."

"Will it?" Long Chen was naturally fearful in his heart. Once she slept, she would never wake up again.

Now, Long Chen owed her even more.

"Yes." What she received was an answer that she was absolutely sure of.

"Yes." Long Chen was relieved.

"Hurry up and help Ling Xi and the others. She had already obtained the blood of the Inheritance Scroll. It was best to let the battle end as soon as possible. Don't be in a hurry to take revenge on Notre Dame de Nine. Protect yourself and you will have the chance to do everything. "There's no need to rush."

In the end, Li Xuanji still did not feel reassured, but she was just too weak. She spoke in a voice that became softer and softer, until she completely disappeared in the end. Fortunately, Long Chen could feel her existence. She was in his body.

Coexisting for all eternity.

It was just like when he was in Grand Moon Demon World. He was still carrying her, and they were heading to an unknown place together.

She was there all the time.

"Perhaps, this is fate." There was a miraculous destiny in this world.

Fortunately, she was fine.

Ignoring the fact that he knew the nature of relationships in the world, Long Chen searched the entire Death Realm and found the place closest to Ling Xi and the others. Ling Xi and Mo Xiaolang were currently in a fierce battle with the Hierarch Taihao, so they wouldn't be able to hold on for long.

Long Chen even more so, couldn't let anything happen to them.

In truth, the time that he had spent over there wasn't very long. Ling Xi also hadn't sensed the change that had occurred in Long Chen's body before.

Suddenly, Long Chen swiftly appeared in front of Hierarch Taihao.

The moment he saw Long Chen, Hierarch Taihao stopped. He retreated to the side, feeling somewhat exhausted.

"For you to appear here, it seems that Notre Dame de Nine's plan has failed. I thought your plan was an opportunity for me, but I didn't expect them to be so hard to deal with. The three of you have completely convinced me. "

Compared to Notre Dame de Nine, Hierarch Taihao was not annoying at all.

He knew that he was not a match for Long Chen and the other two, so he stopped in time as well.

"I've already gotten what I wanted. You can leave now." Long Chen said in a heavy voice.

"Fine, I am convinced. The door to the universe is yours. I hope to see you again in the future. " Hierarch Taihao was very straightforward, he was completely convinced, and immediately turned around and left.

After he left, Ling Xi and Mo Xiaolang finally returned to Long Chen's side. The two were extremely exhausted. However, when they heard the news that Long Chen had obtained the inheritance blood, all of them revealed knowing smiles.

"You've worked hard."

"Big brother, this isn't tiring at all. After pestering him for a while, I feel that he has really helped me a lot." Furthermore, we finally succeeded. " Mo Xiaolang's face was full of joy.

Ling Xi laughed lightly, but as a sensitive person, she quickly discovered that Long Chen's expression was off.

"Brother Chen, what's wrong?"

Her being safe and sound was a type of happiness to Long Chen.

"Let's go to the Living Realm first, I'll explain in detail later."

The universe beehive, after all it wasn't the safest place.

When Long Chen and the other two returned to the Living Realm, the inside of the Universe Bee Nest finally became completely quiet. However, there were layers upon layers of shadows, as if countless things were crawling inside.

In the Living Realm, Long Chen explained the details of his battle with the Notre Dame de Nine, as well as the matter regarding Li Xuanji. Actually, Ling Xi was even able to see his side through her Three Lives Love Gossamer. It was just that when she was fighting with the Hierarch Taihao, he did not have time to think about it, so she did not fully understand it.

"Is xuanji sister really doing this?"

Ling Xi's eyes reddened, and she bit her lips.

Mo Xiaolang said: "This Notre Dame de Nine is too despicable, she deserves to die."

Long Chen said: "We definitely cannot let her go." He then looked at Ling Xi and said, "Don't worry, I will definitely let her return safely. "I won't let her suffer."

Ling Xi might not be less concerned about Li Xuanji than him.

"Mn, Mn, you will do it. Brother Chen, you can't let her suffer and be wronged again. I don't know what to say, but I don't know if I'd do it if I were with you, even if I thought I wouldn't be able to do it so decisively. So she treats you, I think, just like me. "

"Xiao Xi." Long Chen smiled at her. Even after dozens of years, Ling Xi was still such a transparent person.

"xuanji sister." Ling Xi looked at Long Chen's chest. She knew that Li Xuanji was sleeping right here. She suddenly said, "Perhaps this is also a kind of precious and wondrous feeling for her. Being able to sleep in your heart seems to also be a kind of happiness."

The words that she said were exactly the same as what Li Xuanji had said. Long Chen didn't know what the women were thinking. Was this kind of happiness?

Perhaps this was true for Eternal Accomplishment.

But Long Chen felt that everyone should have their own independent self, that that was life. As a man, he could not let this woman, who was willing to sacrifice her life for him, suffer.

"When xuanji sister wakes up, you have to tell me." Ling Xi said.

"Alright."

"Then if I speak to her in private, wouldn't you be able to hear it?"

"I promise not to."

"Alright, then what do we do next? Do you want to fuse with the blood of the Ninth Ancestral Dragon's legacy?"

According to the original plan, he would first fuse with the legacy blood, and after that, he would head straight for his second destination, the time tunnel. But now, there had to be a small extra element between them - revenge.

Long Chen admitted that his kindness to the Notre Dame de Nine was wrong.

He had almost caused Li Xuanji's death. This kind of thing, he would be even more cautious in the future.

However, the next step was indeed to fuse with the Blood of the Illusionary Dream Dragon's legacy.

The Living Realm was very lively right now.

After Long Chen and Ling Xi accompanied their noisy company for a while, Ling Xi peacefully went to improve herself. This battle had been of great help to her.

Long Chen found a remote place in the Living Realm.

In his hands appeared the legacy blood of the Phantom Dream Dragon.

"I finally got you."

The sixth type of ancestral dragon blood.

For today, he had searched the entire Taihao Region.

had almost lost Li Xuanji.

Today was not easy to come by.

"I don't know when I'll be able to find all the inheritance blood apart from the last one."

The last Ancestral Dragon was born after Shadow's Dream Dragon.

Long Chen thought about the Shadow Dream Charm Dragon that Long Qinglan had introduced to him. The Dragon Sacrifice Continent's most beautiful divine dragon could transform everything in the world, becoming a dragon of fantasy and change. The truth was that change was her true nature. Hallucination was just a secondary rule. Just like Hun Yuan's Heavenly Fate Dragon, the Rules of Fate were the first rule and wishes were the second.

Shadow Dream Charm Dragon could transform into the sun, the moon, and a continent. It could transform into a world. It could also turn into a stone, a flower, a river, or a wild beast.

However, after transforming into something besides an Ancestral Dragon, all sorts of Unparalleled Dragon, and even Elder Gods of Ten Thousand Realms, after transforming, would directly possess the rules of the other party, as well as everything about the other party.

This was the ninth Ancestral Dragon. It was everywhere, but didn't seem to exist.

Change, this was an important part of the universe.

Time, fate, karma, life, tribulation, death, change.

As for the Heaven Swallowing Dragon, it was actually: Destruction.

All living things in this world, all worlds, were constantly changing. Although this rule seemed simple, it had already seeped into every corner of the world.

Just like this legacy blood, in Long Chen's hands, it was constantly changing, even to the point of it being a stone or a flower.

However, the original body of the Shadow Dream Charm Dragon was extremely beautiful and was the source of all light. Compared to it, the Notre Dame de Nine was like a wild chicken.

Even Hierarch Blacklotus was very high, very close to the level of an Ancestral Dragon.

"I wonder, which part of my body will inherit this meridian blood?"

The slaughter of the body, the Great Void of the primordial spirit, the living beings of the Divine Kingdom, the good and evil coming from the heart, and the will of the heavens in the eyes.

Physical body, primordial spirit, Divine Kingdom, heart, eyes.

Next, what was the position that the Mysterious Dragon Jade took?

Without the Mysterious Dragon Jade, it was impossible for Long Chen to fuse with so many ancestral dragon blood.

It was precisely the Mysterious Dragon Jade, a terrifying ability that could coexist with everything.

"If I fuse them, I'll know."

Therefore, Long Chen didn't even need to guess what it was.

Without a word, he directly inherited the meridian blood, and the dark green meridian blood entered his body, and began to wander around within his body, moving past the World Tree, the Divine Palace, the Heart of Rules, and so on. However, it had always been moving, or perhaps it had chosen a position, in order for Long Chen to inherit it.

But what did it seem to be looking for?

Looking for what?

Just at this moment, that drop of inherited meridians blood completely dispersed from Long Chen's body, forming a ball of shadow. Just as Long Chen was feeling suspicious, at every corner of his body, another ball of shadow appeared.

"Long Chen, what's wrong?" Li Xuanji slowly woke up, a little dazed.

But just as she said that, the shadow formed by the Shadow Dream Charm Dragon's legacy blood actually started to merge with the shadow formed by the Yin Demon. In that moment, Long Chen understood.

Nightmare Devil.

The ninth ancestral dragon had inherited Long Chen's Yin Mo.

It was as if it was something that had been decided a long time ago.

This was the omen that had been present since the day they had killed the dragon tomb.

Even the rules of the Notre Dame de Nine, her Heavenly Tome Monoliths, seemed to be for this moment.

At this moment, in the midst of Li Xuanji's blurriness, she had become inseparable from the Phantom Dream Dragon.

She was actually inheriting the meridian blood with the status of a part of Long Chen's body.

Chapter 3038 - Phantom Mirror of Dreams

The dark green Dao Seal condensed on the forehead of the Great Void Cosmic Dragon. It became Long Chen's seventh dao seal.

Of course, the Dragon Jade Dao Seal at this time was still in the center.

The black Dragon Jade Dao Seal was like a commander, leading the other Dao Seals.

The Dragon Jade Dao Seal must have played a role in suppressing the blood of the Shadow Dream Charm Dragon this time, it was just that, it was difficult for Long Chen to see it clearly from an invisible place.

The sixth kind of Ancestral Dragon Inheritance Blood, using the Yin Mo as the base to inherit, and then spread, fusing into Long Chen's entire body. It intersected with the blood of the other inheritances of the Divine Dragon and completely became a part of Long Chen's body.

A ever-changing world appeared in front of Long Chen's eyes. Sometimes it was the endless stars, and sometimes it was the myriad of flowers.

The flower in front of his eyes turned into a stone, trees, mountains, rivers, and a sea. It turned into countless lands, a universe of ten thousand worlds.

As Long Chen was in the midst of fusion, he felt the illusions of the universe changing. Inscribed into his comprehension.

"Is this the rule of change?"

Looking around, even if it was the Living Realm, they seemed to be constantly changing. Every minute change could not escape Long Chen's eyes, nor could it escape his senses.

This sixth rule could only be considered as having just entered the sect, and it was also the first experience he had gained from passing down the legacy's blood.

Of course, it wasn't easy for others to comprehend such a rule.

Of course, the thing that Long Chen was most concerned about was still the change in Li Xuanji. Now that the blood of the Shadow Dream Charm Dragon had been inherited into her body, what exactly was going to happen?

He was very curious.

During this process, the first rule that came along with the inherited Blood Essence was given to Long Chen through the Changing Dao Seal. This was just like the rules of the Slaughter Dragon Seal, the Sword God Prison. As long as one completely inherited the legacy blood, they would be able to comprehend everything.

What made Long Chen unfathomable was that the name of this rule seemed to be 'Illusory Dream Mirror'. Long Chen roughly knew of a considerably beautiful name, but he didn't quite understand its true meaning.

"It seems that there is an initial change. It's like a mirror that has appeared. Can the person in the mirror even participate in the battle?"

Long Chen thought carefully.

Although the Inherited Meridian Blood was inherited from the Yin Demons, it still seemed to have a greater connection with Long Chen. Li Xuanji was like a part of him, like his eyes, his heart, and most importantly, Long Chen herself.

So, this was not Li Xuanji inheriting the meridian.

But if not, then what?

As Long Chen was feeling extremely confused, the Yin devils in his body began to roll, and Li Xuanji's consciousness started to gradually clear up. Long Chen could sense that as she regained consciousness, her aura was also growing stronger, and it could be said that in a short period of time, this aura had completely surpassed Li Xuanji's original level.

As she continued to grow stronger, it was actually Long Chen's entire strength that had grown.

The invisible dragon essence and the power of the Yin Mo were becoming more and more terrifying unintentionally, the other people's Demonic yang demon had already disappeared after becoming a god. Only Long Chen's Demonic Sound Clan was still present, and after becoming strong, they could even increase Long Chen's own divine power. In the Allworld, this was already a miracle.

"Long Chen, what's wrong with me?" Li Xuanji's consciousness had become completely clear, with an unprecedented clarity, she also felt the majesty of her own mind.

"It was due to that Inherited Meridian Blood. When I inherited it, I discovered that it actually inherited my Yin Mo, which is also your body."

"How could this be?"

Li Xuanji's voice was stunned. She had been silent for a while, and after feeling it, she was probably shocked by this kind of miracle. Although she was a Yin Mo, she also experienced her own power.

"I think I seem to have comprehended a type of rule called the change rule, and it's called the 'Illusory Dream Mirror'," Li Xuanji suddenly said.

"What!"

Long Chen was even more shocked. After all, these were his rules and the Shadow Dream Charm Dragon had been inherited from Long Chen.

"Wait." Li Xuanji called out softly. At this time, Long Chen's body underwent some changes as the demons condensed in his body and gradually left his body. Under Long Chen's pleasantly surprised gaze, they actually condensed into Li Xuanji's appearance right in front of him!

She's back!

The Shadow Dream Charm Dragon's inherited blood allowed Li Xuanji to return to this world.

She was a real existence, a living being that appeared in front of Long Chen. There was flesh and blood, there was Heart of Rules, there was the World Tree, she was a completely living person.

However, she was still Long Chen's Yin Mo at any time, and could return into Long Chen's body and become a part of his body.

Long Chen looked at her, and she also looked at Long Chen. Li Xuanji faintly smiled, but his eyes were already moist.

"Something strange seems to have happened. The blood of the Shadow Dream Charm Dragon seems to have been inherited by me. I can use its rules. But the real body is actually yours, and I seem to have been separated out from your body, and belong to a part of the Shadow Dream Charm Dragon. "

When she left his body, the Change Dao Seal was still on him. However, Long Chen was still missing a small portion of the Ghostly Shadow Dream Dragon. He could still use the Change Rules, but not as strong as when Li Xuanji was on him. Of course, it wasn't weak either. It was just that it wasn't at its peak condition.

mysterious, Li Xuanji became an inseparable part of his body.

"Also, it seems that every once in a while, you have to return to your body. Otherwise, your power will be depleted." "About half of every day should remain in your body."

The Heavenly Book and the Inherited Bloodline had changed Li Xuanji. She could not be as free as she was now.

However, it seemed to have become a wonderful thing. It was as if fate had entangled them together and they could not separate even if they wanted to.

"It's very possible that you can use all the rules that I've comprehended from today onwards." Long Chen said.

"Moreover, my body has undergone a great change. It's no longer the same as before, as if I've lost something like a realm. "Just like one of your arms, how much power I can have seems to depend on your strength ..."

Li Xuanji was also somewhat surprised.

Her metaphor was right, she was just like Long Chen with one arm.

She had inherited the Charm Dragon's legacy blood before, and it was gone now. Her previous realm was also gone as well, and she became a strange life form that rested on Long Chen's body to survive.

Right now, what was on her body, was Long Chen's body. The power of the fusion of the Invisible Dragon Essence and the Demonic Yin Qi, just that most of it belonged to the Demonic Yin power.

The question now was, how much of Long Chen's power could she unleash?

However, Li Xuanji was a woman, after all. What she saw was not how much power there was, but the relationship between her and Long Chen from now on.

A part of the body?

To become one just like this?

It was as if this was an exciting ending for him. This was her desire, and also her shackle.

"Don't think too much. "It will be fine, I will think of a way to deal with it in the future." Long Chen said.

"Yes, at least stay here and listen to what you are saying." Li Xuanji looked at Long Chen with his black eyes that flickered with an illusory color. This made her beauty even more charming.

"Let's see what kind of power you can display."

Long Chen pulled her hand and brought her to Death Realm, where a sea of blood overflowed into the sky.

Right now, it was just a rule known as the Illusory Dream Mirror. I'll just give it a try. "

Long Chen was connected to him with his Three Lives Love Threads, and now he was also connected to Li Xuanji with his Yin Mo.

When the beauty reached the center of the sea of blood, her long black hair fluttered in the wind. She stared at Long Chen and in the darkness, Long Chen knew that she was using these rules on him.

"Illusory Dream Mirror."

Under her control, changes appeared and the surroundings became a dreamy world. In the middle of the two of them, a mirror appeared, it looked a little like a demonic mirror, but it was also countless times more beautiful. The mirror frame was a long black divine dragon, with a circular mirror around it, while Long Chen and Li Xuanji were respectively placed in the middle of the mirror.

It was as if Long Chen was his main body and Li Xuanji was his doppelganger.

Yes, the rules of change.

When Li Xuanji unleashed her power, Long Chen felt that it was simply not much different from when she used her own. Even when she used her own strength, her own body would produce fluctuations.

It was like a kind of replication.

When the Illusory Dream Mirror in the center disappeared, Li Xuanji stayed in place, but her temperament was completely different. As the leader of the changes to the rules, Long Chen understood her changes well.

She had copied herself.

Long Chen now understood, so that was how this rule worked. It was as if the Mysterious Dragon Jade had already said long ago that the Phantom Dream Dragon would inherit a part that could be separated from the rest. Once this part was used, they could first transform into Long Chen.

It was not a change in appearance, but an internal change.

Li Xuanji revealed a curious expression, as she extended his hand towards Long Chen to send a request. It seemed as if she was summoning the Heaven's Sacrifice Spear, and as Long Chen's main body, when

he had agreed to it, the Heaven's Sacrifice Spear instantly appeared in front of Li Xuanji and was held in her hand.

She could use the Heaven's Sacrificial Spear!

This was because she was a part of Long Chen and the rules of the Shadow Dream Charm Dragon made him transform into Long Chen so she was exactly like the real Long Chen!

In short, the Inherited Meridian Blood had allowed her to become one of Long Chen's arms, and the Dream Charm Magic Mirror had allowed her to transform this arm into the second Long Chen.

"Karma Sting!"

Li Xuanji wielded the Heaven's Sacrifice Spear, and its cause and effect pierced into the whirlpool of Death Realm. Because it was created by her clone, and not Long Chen's main body, his strength was still a bit weaker than's, but it was very close!

The most important thing was that she did not comprehend the rules on her own. She was simply borrowing Long Chen's rules, but she had succeeded.

Chapter 3039 - The Battle of Return

Of course, all of this was built with Long Chen as the main body.

When he truly used the Death Thrust, even Li Xuanji herself did not dare to believe it. The magic of changing the rules was that even though she didn't know the rules, she could still borrow them and use them.

The Illusory Dream Mirror was equivalent to using Yin Mo to create a clone.

It was only limited to changing the Yin Mo into Long Chen himself.

In the future, he might be able to change even more things.

But Li Xuanji's current situation already made Long Chen quite satisfied. This was practically equivalent to him having an extra body. This body had the same strength as Ling Xi and Mo Xiaolang, but it was also able to unleash Long Chen's Rules of Procedure and God Creation Equipment.

It was even possible to use the Primordial Dragon Pagoda.

He and Li Xuanji became an inseparable entity, with him as the leader and Li Xuanji as the support. Currently, the first rule to change the rules was only effective on Li Xuanji, but in the future, Long Chen was still a whole of the rules, and would need him to comprehend the new rules. At that time, the new rules would be even more mystical.

"How unbelievable!"

Li Xuanji kept the Heaven's Sacrificial Spear, and the Heaven's Sacrificial Spear returned to Long Chen's body.

At the same time, with Long Chen's consent, she could also summon the Ghost Blood Curse, the Buried Heavens Coffin, and more.

"It is indeed a miracle, but from now on, you don't need to cultivate anymore." Long Chen said while smiling. The result today was extremely good news for him.

"Fortunately, I've lost my base level in terms of strength, so I don't need to cultivate anymore. However, if I can comprehend the new rules of this transformation, it would be the same as you comprehending it."  
"

It was the equivalent of an intelligent Yin Mo.

"That's even better." Long Chen came over and held her warm body in his arms, and whispered into her ear. "From today onwards, you will never be able to leave my side. "This is your life. You can only accept your fate."

"Yes." Li Xuanji trembled a little. When her heart was beating in this warm embrace. The moment she went to save Long Chen earlier, she never thought that it would end like this.

"I believe that this is indeed fate. I can't get rid of it. "

Naturally, he wanted to share this good news with everyone.

There was basically nothing to hide from these people.

"It's that magical?" "F \* ck, Boss, now you can hug me to the left and right in broad daylight!"

"How romantic, to think that it could be combined into one." Zhu Xi cupped his chin with both hands.

"You can also come with me, hehe." The kitten lewdly laughed.

"Damned cat!"

Since there was a time limit for Li Xuanji to leave the sect, she could no longer freely move about outside. She needed a very long period of time before she could become a part of Long Chen. Therefore, she decided to stay there. It was an absolutely warm place. The advantage was that the only thing in her life was to understand the rules of change, the rules of hallucination.

The advantage of this was that Long Chen didn't need to spend any effort on changing the rules at all. Li Xuanji's comprehension of the rules could already make him walk further and further on the rules.

Ling Xi was not envious. She respected and liked a woman who was willing to sacrifice his life for Long Chen. For a very long time, it was actually Ling Xi and Li Xuanji who got along with each other. Li Xuanji would never take Long Chen's time in front of Ling Xi too. Right now, she did not have the time to do so.

This was her personality.

After stabilizing himself, Long Chen left the Living Realm and appeared outside of the Universe Bee Nest.

It was time to seek revenge from the Notre Dame de Nine.

Originally, he wanted to go directly to the time tunnels, but this time, it was extremely dangerous, so Long Chen was not an open-minded person. Even if Long Chen did not want to deal with this Notre Dame de Nine, he had to go now.

The Nine Heavens Holy Star revolved around the Hong Jun Superstar, revolving like the other giant stars.

The entire giant planet was shrouded in colorful clouds.

The Nine Heavens Holy Clan had thrived here for generations and generations.

In the sacred grounds that the Nine Heavens Holy Clan yearned for the most, Notre Dame de Nine and the Hierarch Taihao were situated above the clouds.

"What's going on with the Heavenly Dao Sovereign?" Until now, we haven't come back. No matter how we called, there wasn't any news at all? " Notre Dame de Nine frowned deeply.

In the universe beehive, she could be considered to have plotted against the Heavenly Dao Sovereign.

Therefore, during this period of time, she was still a bit worried. If she had obtained the Primordial Dragon Pagoda, it wouldn't be a big deal. The Heavenly Dao Sovereign wouldn't dare to find trouble with her.

"I should ask you this. You're with him anyway. Holy Mother, I have come to bid you farewell today. Today, I will return to the Taihao Region. If the Goddess is free, she can come to the Taihao Region. I will do my best to show respect. "

"Let's go." Notre Dame de Nine waved her hand helplessly. This time, she really suffered a huge loss and was in for nothing. After leaving the Universe Bee Nest, she had returned alone. Just as she arrived, the Hierarch Taihao followed behind her.

Hierarch Taihao was about to leave, but he turned around and said, "To be honest, I'm still curious about what happened with you, Long Chen, and the Heavenly Dao Sovereign at the Universe Bee Nest."

Notre Dame de Nine asked: "What about you, did you get the door to the universe?"

"Nope."

"You can't even deal with two little kids?"

"Long Chen is here from behind."

"Him? He has already been cursed by the Heavenly Book, so what are you afraid of him doing? "

This caused the Notre Dame de Nine to feel a bit pained. Because of Long Chen, she had already lost her connection with the Heavenly Tome Monolith.

"Did it hit?" I think he's all right. You couldn't have made a mistake, right? " Hierarch Taihao said.

"Impossible!" Did someone really save him with their life? But, isn't that woman of his on your side?

"Don't tell me he has something else?"

Thinking up to here, the Notre Dame de Nine laughed coldly and said: "So you are a sentimental seed. You actually escaped disaster because of this."

Hierarch Taihao didn't want to say much. He didn't particularly support this plan in the first place, especially now. He knew clearly in his heart that Long Chen would come for revenge sooner or later.

Therefore, he prepared to leave as soon as possible.

However, just at this time, outside of Nine Heavens Holy Planet, the energy from the gate of the universe had already descended and was suppressing the top of Nine Heavens Holy Stars' head. It was obvious that Long Chen and the rest were already there.

"You're here? "Humph!" Notre Dame de Nine, on the other hand, was not afraid. She knew that Long Chen's Primeval Dragon Pagoda could only be used for a limited amount of time. He might not be able to use it now. She wanted to see what would happen to Long Chen if he lost a person.

Moreover, this was the Hongjun Star Sea, and there was also the Hierarch Taihao beside him, he shouldn't die, right?

"Tai Hao, follow me." After Notre Dame de Nine gave her instructions, she started to head towards the starry sky. Not long after, she appeared in front of Long Chen and. You're lucky! Looking for me today, could it be that you want to kill me in this Hongjun Star Sea? "

What was out of her expectations, was that Long Chen did not look to be grieving at all, his eyes were filled with coldness and killing intent.

He was too lazy to waste time on this woman.

Ling Xi held the Myriad Realms Divine Sword in her hand, and on her left hand she wore a bracelet, that was a door to the universe that she had prepared beforehand. Adding on to that eighteen types of Heavenly Rules and Spiritualism, she was extremely elusive and skillful, might not even be that much weaker than Notre Dame de Nine who was the same type of expert!

Mo Xiaolang did not participate in this battle, and he had only helped a little, so the one who really fight was Long Chen himself. He didn't even want to borrow the Yuanshi Dragon Pagoda. After all, the Yuanshi Dragon Pagoda was an uncertain factor.

"Your Primeval Dragon Pagoda? Take it out. " Notre Dame de Nine ridiculed Heavenly Dao Saint Emperor as he informed him. She was the Hierarch of the Hong Jun Star Ocean. Here, the Heavenly Dao Saint Emperor would eventually decide for her.

What made her slightly angry was that Hierarch Taihao actually left without a word.

"Supreme Hao!"

Notre Dame de Nine called out, but she did not reply and immediately disappeared into the starry sky, disappearing far away.

This sort of situation was basically impossible between the Hierarchs. Hierarch Taihao obviously did not participate in this battle.

However, this was the first time he was not giving face.

"Then it looks like I need to finish this quickly."

The killing intent in Long Chen's heart had reached its limit, the scenes from the Heavenly Tome Monoliths asking about the emotions in this world surfaced in his heart, all of them were blood grudges.

Now, in front of the Notre Dame de Nine, he immediately summoned the Ghost Blood Curse and looked after Ling Xi, the Myriad Realms Divine Sword.

"Humph!" "That is, the Primordial Dragon Pagoda cannot be used anymore." Notre Dame de Nine was even more relieved now. She couldn't help but laugh out loud three times, and said: "Very good, I wasn't able to take care of you last time. If we leave behind trouble, then let's just forget about it this time! "

The remaining eight kinds of Creation God Equipment were all born. They were the horsetail whisk of time, the starry river pearl, the Nine-Colored Stone, the Demonic Mirror, and so on. They surrounded the Notre Dame de Nine. On Nine Heavens, this battle was about to begin!

"Whiz!"

Ling Xi suddenly appeared behind the Notre Dame de Nine using the laws of space and unleashed the Myriad Realms Divine Sword in her hands.

"Universal Extinction Slash!"

When the sword was unleashed, ten thousand worlds were destroyed, the endless space was shattered into rivers, and the world was destroyed. The Notre Dame de Nine was right in the middle of this vortex.

"Astral Destruction Spell!"

The Notre Dame de Nine was even more explosive. Facing this destructive attack, she used the even more berserk Destruction Rules, unleashing the Star River Pearl and causing it to explode with a loud bang. The impact created by the spatial collapse of the Universal Extinction Slash blotted out the sky and covered the earth.

Her impact was naturally stronger than Ling Xi's.

However, Ling Xi had directly used the gate of the universe to move far away into the distant starry sky, so it was impossible for him to be injured. And when Notre Dame de Nine turned around, she was facing Long Chen's attacks that were like a violent storm!

"life-and-death tribulation!"

The Living Realm's whirlpool and the Death Realm's sea of blood were beside Long Chen, bringing about an unprecedented killing intent. Even without the Primordial Dragon Pagoda, Long Chen had already surpassed the one from before!

More importantly, he had hidden his killing move.

Chapter 3040 - Saint Emperor's Descent

Notre Dame de Nine had just met Ling Xi's Universal Extinction Slash head-on, so she turned around to face Long Chen's berserk attack. The life-and-death tribulation descended at the same time. The power of death and the power of deprivation of life, one was destroyed, one was engulfed, and simultaneously fell onto the body of the Notre Dame de Nine.

In the Death Realm, the sea of blood was in chaos. In the Living Realm, other than the place where everyone was standing, it had already turned into a whirlpool of life.

In the starry sky, there was a dark green vortex in the left eye, and a turbulent sea of blood in the right eye.

Ghost Blood Curse and Heaven's Sacrificial Spear!

"Primordial Light!"

In the panic, the Notre Dame de Nine used the Eternal Creation Divine Artifact's Nine-colored Stone to display the rules, and instantly, the nine colors gathered into a white light. However, the moment the white light formed, the life-and-death tribulation had already clashed head on with the light!

This time, Long Chen did not rely on the Primordial Dragon Pagoda, and directly broke through the Notre Dame de Nine's rule of attack, and the battle of life and death broke through the initial light rays!

"Humph!"

At this point, even the Notre Dame de Nine was not afraid, and directly used the Lucky Gourd to block in front of him, blocking Long Chen's power once again. Breaking through two stages of protection consecutively, the lethality of the life-and-death tribulation rules was already very limited.

"Scram!"

Right at this moment, a woman suddenly appeared on Long Chen's body, as if she was born from his own body. Before Notre Dame de Nine could even see the woman's appearance clearly, a black ray of light had already engulfed the entire sky and covered the earth, instantly enveloping Long Chen within!

BOOM!

Buried Heavens Coffin, success!

Li Xuanji suddenly appeared and used the Burying Sky Coffin to trap the Notre Dame de Nine. But in the next instant, she directly used the power of the Great Void Heart!

Notre Dame de Nine who was trapped within the Buried Heavens Coffin received a threat from the Buried Heaven Coffin once again. In fact, just as she was about to use her Star Crystal Pearl to blow open the Buried Heaven Coffin, her Great Void Heart was activated.

Time once again came to a standstill. Especially with the strengthening from the Burying Heavens Coffin, even if it was from Li Xuanji, it was still quite powerful.

Currently, Li Xuanji was in the state of the Illusory Dream Mirror.

Notre Dame de Nine was stupefied, she thought of the Great Void Long Chen almost killed her. This was the same rule, but it was much weaker.

She used all her power to make the bell ring. This time, she was aiming at Li Xuanji.

Although he didn't know how Li Xuanji had appeared, he was certain that she was someone very important to Long Chen. As long as he used his heart to torture her, Long Chen would never attack himself.

"Billions of Inner Demons Technique!"

Inside the Buried Heavens Coffin, its expression was gloomy, the still ferocious Notre Dame de Nine shook the Inner Demon Bell, releasing the first loud sound, which penetrated through Li Xuanji's mind and soul, but she had forgotten about the extent of the connection between Li Xuanji and her, by the time she acted, Li Xuanji had already returned to Long Chen's body, becoming a Yin Demon.

It became a part of Long Chen's body.

"Boom!"

With the help of her, Long Chen's strength increased explosively. At the moment, his expression was cold, his movements were swift and fierce, and without hesitation, when his body became illusory, he once again pressed his palm onto the Buried Heavens Coffin.

Weng! \*

This time, it was simply the Great Void heart of and him working together.

Even without using the Primordial Dragon Pagoda, its power had still risen sharply, its might increasing explosively. It caused a strong tremor throughout the entire Buried Heavens Coffin, directly suppressing the Notre Dame de Nine's Inner Demon Bell!

BOOM!

Notre Dame de Nine was bleeding from her seven orifices, and she was unable to move.

Time stood still, then it was time for her beautiful white bones to speed up. Being trapped within the Buried Heavens Coffin, Notre Dame de Nine once again experienced the feeling of being unable to move, while her life slowly faded away.

This time, Long Chen suppressed it with all his might, making it impossible for her to struggle.

Especially when Ling Xi appeared inside the coffin at this time. The Myriad Realms Divine Sword rushed over and directly killed the motionless Notre Dame de Nine into three pieces!

"Uhh ..." Notre Dame de Nine was extremely furious, but Ling Xi disappeared in an instant, and she was still unable to move even the slightest bit. With such a heavy injury, she was even more incapable of breaking through the terror of the Great Void Sect.

Until this moment, when Notre Dame de Nine was truly afraid!

As time passed, it became a terrifying nightmare!

"Long Chen, let go of me! This was the Hongjun Star Sea! If you dare touch me, Heavenly Dao Saint Emperor will take your life! I will make it so that you will never be able to recover! He has already rushed over from the Hong Jun Superstar, if you do not stop now, none of you can leave this place, if you anger him, you will suffer for eternity! "

The Notre Dame de Nine screamed.

"Is that so?" Long Chen appeared within the Buried Heavens Coffin and transformed into a Great Void Cosmic Dragon in front of Notre Dame de Nine. Those empty eyes looked coldly at Notre Dame de Nine and there was only boundless killing intent and no pity.

"Then I'll wait and see whether you die first or the Heavenly Dao Saint Emperor arrives first."

There was no trace of fear in his expression.

"You are truly courting death!" "He doesn't know how high the sky is and how deep the earth is."

"I don't know how high the sky is, but it's obvious that you won't be able to hold on for long." Long Chen was extremely confident in the Void Heart, at this rate, she would turn into ashes in a hundred breaths of time!

"Heavenly Dao Saint Emperor will save me." The Notre Dame de Nine said coldly, as if he was not even afraid of death.

"Then let's wait." Long Chen also wanted to see if the Heavenly Dao Saint Emperor would save her.

As a result, at least half of the time had passed and the Notre Dame de Nine was already on the verge of death. The three parts of her body that had been cut apart were in a state of destruction, her primordial spirit also started to dissipate. Although she was still stubborn on the surface, Long Chen could clearly see the fear and panic in her heart.

She was already on the verge of collapse, and death was already pressing down on top of her head.

A large number of Divine Emperor s saw that their Notre Dame de Nine was being suppressed, and they were all close to death. At that moment, the news of Notre Dame de Nine's defeat spread across the entire Nine Heavens Holy Star.

It set off a huge uproar.

A large number of Divine Emperor rushed over, but did not dare to approach the Buried Heavens Coffin.

"Long Chen, let our mother go!"

Many people kneeled on the ground and begged Long Chen. Immediately after, the entire Nine Heavens Holy Clan kneeled on the ground and begged Long Chen.

Tens of millions of lives kneeling and worshipping ...

Everyone once again requested for Long Chen to forgive Notre Dame de Nine.

Of course, from their perspectives, the Notre Dame de Nine was the god who protected them. Once the Notre Dame de Nine was done for, the entire clan would be finished and their status would plummet.

Hierarch was someone who had lived for billions of years.

Long Chen was slightly moved, but this did not change his will.

"Where's the Heavenly Dao Saint Emperor?" Long Chen asked with a smile.

"He must be here!" Notre Dame de Nine's voice was trembling.

"If he were to come, he would have come a long time ago. Don't lie to yourself. Let's get on the road. henceforth, a person like your Notre Dame de Nine will never be in the Myriad Realms. "

"Impossible!" Notre Dame de Nine cried out. She finally collapsed and was even more afraid. She knew clearly in her heart that if Heavenly Dao Saint Emperor really wanted to save her, she would have been here a long time ago. The threat of death caused her to crumble. However, in front of Long Chen's eyes, she was so afraid that she didn't even dare to beg for mercy a second time.

But her billions of citizens were actually begging for mercy for her.

The power of the Great Void Sect was still increasing. In this situation, even if Long Chen stopped, she was still severely injured, and it was not easy to recover from it. Even if Long Chen didn't kill her, he gave her a heavy punishment.

"There is no medicine for regret in this world. You should pay for your actions. " Long Chen said indifferently.

Notre Dame de Nine was still crying. "No, I don't want to die, I still want to live for thousands of years!"

At this moment, the eyes she looked at Long Chen with, were already filled with deep fear.

On the Ninth Heaven, billions of people were still begging, but they couldn't get Long Chen to change his mind.

"The Heavenly Dao Sovereign seems to be dead. Our Hongjun Xinghai can no longer afford to lose anyone." Even though she needs to be taught a lesson, she can't die from her crimes. Just give her a dog's life and consider it as giving me some face. "

Just then, a voice sounded in Long Chen's ears.

It was the Heavenly Dao Saint Emperor.

Actually, he should have been here long ago.

Long Chen thought that he was really like what Notre Dame de Nine had said, and would have stopped him from the start. However, he did not, and had discussed it with Long Chen at the very last moment. After all, this was his, Heavenly Dao Saint Emperor's, territory and he was his subordinate.

"How did the Heavenly Dao Sovereign die?" Long Chen was shocked by the news.

"Maybe it's because there's some strange changes within the beehive of the universe." The Heavenly Dao Saint Emperor did not appear, but his voice was everywhere.

Long Chen thought that torturing Notre Dame de Nine to this extent was already enough. If Heavenly Dao Saint Emperor didn't deceive him, then Hongjun Star Sea really wouldn't be able to afford to lose it.

Overall, the Heavenly Dao Saint Emperor had given him a lot of face.

"I don't want to die, I don't want to die!" Notre Dame de Nine was still crying. At the back, she truly looked like she was going to collapse, begging for mercy. At this time, Long Chen finally removed the Burying Sky Coffin and the Great Void's heart.

"Ugh ..." Notre Dame de Nine fell and landed on the Nine Heavens Holy Planet, turning from a beautiful woman into a skinny old woman. It was unknown how long it would take for her appearance to recover. At this moment, she knelt to the ground while trembling and looking at Long Chen with despair. Today's lesson, will forever be etched in her memory!

"Thank you very much." Seeing that, the Heavenly Dao Saint Emperor thanked him and the voice slowly faded.

Long Chen was depressed about another problem.

In the depths of the beehive, what happened?

The Heavenly Dao Sovereign had actually died?

How terrifying was this?

"Brother Chen." At this time, Ling Xi came over to Long Chen's side.

Cultivating to become a Hierarch, it was not easy at all. Since Heavenly Dao Saint Emperor and the billions of lives had appeared, Long Chen decided to leave her with her life.

Anyway, he wouldn't fall into her trap again.

Then, it was time to go to the time tunnel.
