

War God 3041

Chapter 3041 - Kunlun Demon World

To Long Chen, getting the Shadow Dream Charm Dragon's legacy blood was enough.

He did not need to go deeper into the Hong Jun Star Sea. After all, he still did not know whether Heavenly Dao Saint Emperor was an enemy or a friend. However, if they harbored malicious intent, it was equivalent to a dangerous existence. Long Chen naturally did not want to interact with him.

Since it was more important that Cat had its main body, he got Ling Xi to open the gate to the universe. Without saying goodbye to this Hongjun Star Sea, he immediately left and disappeared into the starry sky.

Many people were still immersed in the shock of the battle just now, especially the proud and arrogant Nine Heavens Holy Clan. Today was the day that their hearts were filled with pride. They were used to being so arrogant and despotic after being torn apart. However, at this moment, they finally realized that the existence that was protecting them could also possibly be killed.

"Saint Emperor!"

Notre Dame de Nine knelt on the ground. Now that she was old and withered, it was unknown just how much longer she would need to recover.

What she could not understand the most was why the Heavenly Dao Saint Emperor did not directly punish Long Chen.

However, she could not get the answer, because the Heavenly Dao Saint Emperor had already left. The only thing she knew was that from today onwards, she would no longer be able to provoke Long Chen. Otherwise, no one would be able to save her.

This battle caused Long Chen's reputation to roil again, and it spread out. After all, no one knew the details of the Universe Beehive, but this battle, millions of lives were kneeling down and worshipping it, one could imagine the great situation at that time.

It had created Long Chen, and crushed Notre Dame de Nine.

The Notre Dame de Nine that used to be high and mighty had countless halos on her body. She was even more famous now, but she had the identity of a defeated general under Long Chen.

Of course, Ling Xi and the others' help in the battle had already been neglected. Especially Li Xuanji, it was not easy to determine whether or not she was a part of Long Chen's strength.

She was both an independent individual and a part of Long Chen.

The other thing that had shocked the Allheaven was that the Dao Sovereign had perished. According to the Heavenly Dao Saint Emperor, he seemed to have died there. However, there were no more questions, and the number of people who went to train in the Universe Beehive suddenly decreased by quite a bit.

When almost the entire ten thousand worlds were discussing Long Chen, Long Chen no longer cared about these things. He was heading to his next destination, the time tunnel.

The time tunnel was located in a remote location in the Ten Thousand Worlds.

The gate to the universe had never been to this place before, so it could only bring Long Chen and the others to a nearby place and search around. It would probably take a certain amount of time.

time tunnel s, in the Eastern Star Region of ten thousand realms.

Furthermore, it was located in the extreme east of Eastern Star Region, which was even more remote than the two realms of life and death.

The gate to the universe could only be accurately reached at places that had already been visited. If one hadn't been there, they could only slowly feel their way over. So when a month later, Long Chen had indeed appeared in Eastern Star Region, but he was still quite a distance away from becoming a time tunnel.

"If we had left the Dragon Sacrifice Continent back then and directly headed east, who knows what would have happened."

Indeed, life's encounters could only be described as incomparably wonderful.

Looking at the vast Eastern Star Region in front of him.

"Actually, the majority of the Eastern Star Regions are part of the Spirit Demon Race's territory. In the Ten Thousand Worlds, the humans were mainly located in the other three regions. However, there weren't too many contradictions between humans and demons. That was why they were living together in peace. Of course, the small frictions are constant. "

Divine Emperor Yuhua had once explained it to Long Chen.

In Eastern Star Region, most of the people that could be seen were all demons. especially for worlds above Hun Yuan, they were basically all controlled by the Spirit Demon Race.

As a human, when Long Chen came to the world of a demon, he naturally attracted a little attention. Fortunately, he only needed to go to the time tunnel. Generally speaking, there was no need to go deep into the Eastern Star Region.

Ling Xi held onto the gate to the universe, walking forward amidst the vast sea of stars.

The door to the universe was shifting again and again, and every time it shifted a large area of distance forward, Long Chen could estimate the distance between them. It would be more troublesome the first time, but it would definitely be better in the future.

"Heavenly Dao Sovereign, when we were at the Cosmic Bee Nest, the words he shouted were true. What in the world could kill him so quickly and make him not even make the slightest movement? "

Thinking about it, it was a creepy thing.

"Maybe it's the Heaven-Devouring Race." Long Chen had a rough idea of what to do.

The Eclipse Tribe was hidden in the depths of the ten thousand worlds, and the greatest existences were probably sleeping in the deepest depths. However, the Heaven-Devouring Tribe actually had many more. Perhaps what the Heavenly Dao Sovereign had encountered was.

"Or perhaps, it could also be the Ancient Giant Demon that was trapped in the Dragon Demon's Tomb, just like the Heavenly Demon Ji. It's possible that the ancient Dragon Demonic Graveyard is located in a beehive in the universe. "

This was Long Chen's other guess.

As for the truth, he could only go in and take a look.

Ling Xi continued to move forward, and the distance to where the Undead Phoenix s had previously gathered in the star map was getting closer and closer. Long Chen looked at the star map. Although this was a remote location, there was actually a world called the 'Kunlun Demon Realm' around them. It was a Hun Yuan level world.

The Eastern Star Region was divided into nine different realms. This was the most eastern of the nine domains, and also the most remote.

The road Ling Xi was on just happened to pass through this Kunlun Demon Realm.

Looking from afar, it was a mountain range floating in the starry sky, it was big and majestic, like the backbone of a huge beast. It was malevolently crawling in the middle of all the realms, with a dark yellow spirit mist shrouding it, making the entire world look like a Yellow Dragon.

When one looked inside the world, the mountains would be as big as continents. The demons that lived in the Kunlun Demon Realm would find it difficult to see the true appearance of the Kunlun Demon Realm unless they could see through the starry sky.

"Let's hurry on our way and rest in the vicinity." Long Chen sensed Ling Xi and had just stabilized himself. Through a kind of subconscious perception, both he and Li Xuanji noticed that there was something within this Karakorum Demon Realm, or perhaps it was something that was calling out to him.

"What a coincidence!" Long Chen brought Ling Xi and headed towards the Kunlun Demon Realm. He and Li Xuanji could feel this call out at the same time. Presumably, this was an existence related to Shadow Dream Charm Dragon.

The closer they got, the more intense the feeling became.

"It seems to be the Origin Dragon Soul." Li Xuanji said softly.

"But it's not the ancestor dragon's, it's the Shadow Dream Charm Dragon's. "Let's go down and take a look." Long Chen was pleasantly surprised. His mission in the Allworld was to collect these things. Of course, he couldn't miss out on the feeling he felt when he passed by them.

Nearer

The huge demon clan in this world were all about the same size as ants as they passed through the mountain peaks of the Kunlun Demon Realm and stood on top of them. Indeed, looking at the world from a god's perspective, everything had changed.

Long Chen looked around and finally found the core position after crossing tens of thousands of miles. It was the tallest mountain in the entire Kunlun Demon Realm. Of course, to them, this was the tallest continent. In fact, every giant demon clan wasn't too different from the dust on a mountain.

Long Chen stood on top of the starry sky and saw that on top of the tallest mountain peak, there was a bottomless pit. The origin of the call came from this cave;

However, just as Long Chen was about to enter, he encountered a small obstacle.

BOOM!

At the side of the Bottomless Pit, there was an incomparably huge brown stone, which looked like a small continent. At the beginning, Long Chen did not notice it, but he never thought that it would actually be a beast.

The mountains, rivers, and trees on it shattered, revealing its hard body. If one was at a close distance and could not see what it was, it would only be seen from the distant starry sky that this little continent was actually a turtle shell.

A giant beast.

This was because he had been sleeping here for too long, and the yellow soil and rivers had already appeared. When he moved, there were still many small demon beasts on it. They were all fleeing in fear at this moment.

BOOM!

In front of Long Chen's eyes, under the turtle shell, snake-like heads gradually appeared. It was a type of thick and barbaric snake with skin that was hard, hard, and rock-like.

A total of nine snake-like heads appeared from within the turtle shell.

"This is the Master of the Karakorum Demon Realm, a type of demon called 'Divine Martial Beast'. Extreme Realm Divine Emperor. It's one of the top ten on the Divine Emperor rankings. " The Jade Flower Divine Emperor happened to know this guy.

Although the other party's movements were huge, he was still an existence of the Divine Emperor, an existence of this level, Long Chen was basically no longer a threat to him. All of his attention was focused on the cave below.

"Who are you, to actually barge into our Kunlun Demon Realm without ing! "Quickly state your name, otherwise, I will treat it as an intruder."

At this time, that Divine Martial Beast's life force was vast and vigorous, like an explosion that swept across the sky, instantly causing the quiet Kunlun Demon World to boil. This guy had been sleeping for such a long time, he definitely did not know about Long Chen's situation. Now that he had awakened, those nine snake heads looked at Long Chen viciously.

"A mere human dares to barge into our demon clan's territory? You sure have too much guts!" Just who are you, and from which world are you from!?"

The Divine Martial Beast's entire body was as hard and hard as steel.

Long Chen didn't really want to pay attention to him, so he carefully felt that he was already prepared to enter. Ling Xi returned to the Living Realm to rest, then fell from the sky like a meteor into the cave.

"I am Long Chen. You've been asleep for so long, you probably don't recognize me. "

"What a joke, I do know a nobody like you. Get lost! This is my territory! " Divine Martial Beast has a bad temper.

But he did not expect that Long Chen would rush straight into the cave as if he did not hear his words.

"He actually defiled my clan's sacred land!" The Divine Martial Beast raged.

Just as he was about to make a move, Long Chen's gaze suddenly turned to look at him. With just a glance, the Divine Martial Beast was already in a time motionless environment, and was completely unable to move at all.

Chapter 3042 - The four Chief Sovereigns

"How terrifying!"

When the Divine Martial Beast was able to move, Long Chen had already gone deep into the cave.

Just now, it was not only Long Chen who had locked him down, but also the space within a large area of the surrounding area. In this space, not even a speck of sand or dust was able to move.

To be able to imprison an existence like him, who was on the Divine Emperor's list, to the point where he couldn't move at all, he had to be either one of the top ten ranks on the Divine Emperor's, or the Sovereign God.

To be honest, among the ten thousand worlds, the top ten rankings of the Divine Emperor's were even less than the Sovereign Gods. Therefore, the Divine Martial Beast knew that it was more likely to meet a Sovereign God.

"However, I think I know most of the supreme gods in this world. Could it be an existence from the hidden realms? "

However, no matter who it was, this was his world, the holy land of his world!

"No matter who you are, you dare to run amok in our demon clan's territory, daring to mess around in our territory! This is a violation of our demon clan, I'll immediately report it to our 'ancestor'. I plead for our ancestor to decide for us! "

Although he said that, the Divine Martial Beast was afraid of Long Chen's power. After speaking, it hid into the starry sky and went to summon its ancestor.

"I have to say, the Monster race is much more united than us. They were basically an iron bucket, helping each other. Just like a huge kingdom, their highest authority was much stronger than the Heavenly Dao Saint Emperor. Even in the small world of the demon race, there will still be people standing up for them. "

This was understandable. If the demi-humans were not like this, then the humans in the other three places would have the advantage of numbers. They might have been able to invade some small worlds.

"Who is the ancestor he's talking about?"

Long Chen asked as he went deeper into the cave.

"Even this Eastern Star Region, or in other words, the supreme expert among the demon race, is a figure that existed a long time ago. It was said that their history was even older than Ancient God of the Wilderness, Heavenly Dao Saint Emperor and the Heavenly God's pressure. All the experts of the Myriad Realms called him 'Anarchic Demoness'. The world he resides in, the 'mixed ancestral realm', is the core of the Eastern World. Like the Hongjun Star Sea and the Pangu Continent, it is also a rarely seen primitive level world. "

"Oh!"

Long Chen more or less understood that the powers in the four large regions of the Ten Thousand Worlds were all around the same level, so it was easy to remember them.

Basically, the Ancient God of the Wilderness s, the Heavenly Dao Saint Emperor s, the Divine Land Pressure and the Anarchic Demoness s were the four Chief Sovereigns of the Myriad Realms. Of course, there were indeed people who classified them as the Four Chief Sovereigns.

They were the Chief Sovereigns of the Eastern Region, the Western Region, the Southern Region, and the Northern Region.

Thinking about it, these four people could still make Long Chen feel threatened.

However, even if it was the Anarchic Demonesses, they would not care if Long Chen took the thing he wanted at this time.

Who would have thought that this cave was still so deep.

The deeper they went, the stronger the feeling became. It was obvious that the inheritance left behind by the Divine Dragon was located deep within. It was probably related to the Phantom Dream Dragon.

"It is probably because this place is considered a Sacred Ground of the Karakorum Demon Realm that they are able to preserve it to this day. If not for this, he would have been taken away long ago. Generally, if one were to fall into another Divine Kingdom, that would be the most difficult to obtain. "

In the end, Long Chen entered a cold pond.

To him, the water in the cold pond was not a problem, but if one did not reach Divine Emperor, it was possible to freeze in the cold pond, and even their divine body would be crippled. If he were to sink down, he would most likely die. After all, this was the core of the Kunlun Demon Realm.

The Karakorum demon clan called this place the Ice Pond of the Sacred Grounds.

One of them was the story of the 'Heavenly Netherworld Beast'. It was said that the Heavenly Netherworld Beast was the only Spirit Demon Race that could be compared to Divine Martial Beast, but was extinct. After being defeated by the Divine Martial Beast and falling, they had congealed at the bottom of the cold pond in the Sacred Ground.

"I saw it."

Long Chen had already reached the bottom of the cold pool in the Sacred Grounds. Honestly speaking, even he could not handle this place. It was too cold. This pool water was a divine being called 'Holy Heart Cold Water', and was equivalent to a very high level divine flame.

In the deepest part of the cave was a large, dark, translucent crystal. There were eight divine dragons inside it. Each of them was very lifelike, but they were all frozen in this place.

"Origin Dragon Soul."

He never thought that he would be so lucky. It was actually eight different types of Dragon Souls, all of which were Shadow Dream Charm Dragon s from the Shadow Dream Charm Dragon. It looked like they had all died here.

Among them were three drops of inherited blood essence. They were called back to the Origin Dragon Palace.

There were also five drops of inherited blood essence and the whereabouts of the origin dragon soul. Fortunately, they were all here.

In the center of the black crystal, there were five drops of inherited blood essence. it was as if they were calling for Long Chen's arrival.

"This way, I can take the Primordial Blood Spirit Dragon's concomitant dragon and the Shadow Dream Charm Dragon's concomitant dragon. It was all created here, but all the possible future big shots, whether it was loyalty, talent, or personality, they needed to be very outstanding and needed to be carefully selected. After all, this is a huge matter. "

Every adult Unparalleled Dragon in the future would surpass ordinary Sovereign Gods and surpass the Four Great Overlords. For example, Di Jun, as long as he was given time, he would continue to grow. In the future of the ten thousand worlds, he would inevitably become the number one deity. After all, they had already cultivated to the limit.

Long Chen said it again and again, and just like the last time in the Death Realm, the crystal that no one could break started to melt, revealing the origin of the dragon soul and the inherited blood essence.

The inherited blood essence had successfully become the inventory of the Origin Dragon Palace. The eight Origin Dragon Souls had also been successfully sealed by Long Chen into the Origin Dragon Palace.

Done.

He was naturally in a good mood after receiving the goods by accident.

When Long Chen came out of the cave, the Divine Martial Beast was already hiding in the starry sky. However, Long Chen still found him easily.

"Who exactly are you?" The eight heads of the Divine Martial Beast were all talking at the same time.

The Divine Martial Beast knew very well what was in the so-called Sacred Grounds. He knew that this was something even Hierarch Hierarch couldn't handle.

Long Chen glanced at him, not bothering to speak any further, he directly ordered Ling Xi to summon out the door to the universe, and then continued to head in the direction of the time tunnel!

"Door to the Universe! He is the Hierarch Taihao! " The Divine Martial Beast was shocked and quickly passed the news to the ancestor, but the ancestor did not react at all.

This made the Divine Martial Beast very depressed.

"Ancestor, what are they doing!?" Why hasn't he responded to such an important matter? Not before. " The Divine Martial Beast squinted, looking in the direction that Long Chen left in deep thought. In addition, he had heard a bit about the Hierarch Taihao s, and it didn't seem to be like Long Chen.

"Let's first ask the Ten Thousand Worlds about what happened recently."

Putting away the things he got from the Kunlun Demon Realm, Long Chen advanced forward with all his strength and searched around. Very quickly, they approached the time tunnel. In front of them was a desolate starry sky, and there wasn't even any fragmentary stars, only nothingness.

However, he could feel that the flow of time in this area was a bit chaotic. It was not as uniform as before, and in the depths of the darkness, there seemed to be a whirlpool. The closer he got, the more terrifying the whirlpool became.

Now that he was here, he couldn't just casually use the gate to the universe anymore. If he really reached the heart of the time tunnel, that would be dangerous for Ling Xi.

The further one went, the greater the time whirlpool became and the fiercer it became. This was a place that very few people in all the realms would be able to enter. Even Hierarch Hierarch's journey would take ten years.

From his current position, Long Chen estimated that the scope of this time tunnel was already larger than even the three Hongjun Star Seas. It was much larger than both the Life and Death Realms.

In the center of the whirlpool, time was especially chaotic. Normally, if one did not have the ability to comprehend the laws of time, it would be very difficult to penetrate deep into the time tunnel.

"It seems like there's someone here?" Long Chen could sense that there was someone even closer to the time tunnel than him. This made him curious. Who would come to such a remote place without any benefits?

To others, it was indeed not beneficial at all.

"This person does not seem to be weak."

The closer he got to that direction, the more cautious Long Chen had to be. This place was extremely spacious, and it was easy for the other party to discover his location. At the very least, his skill in concealment was very strong. Long Chen had comprehended a bit of it, then turned himself into a shattered star in the starry sky, floating towards that direction. This way, it wouldn't attract too much attention. Although there were very few stars here, it was not surprising that there would be a few here and there.

As he got closer, Long Chen was shocked!

So it wasn't just a single person!

Near the time tunnel, within the outline of the whirlpool, one Ranker after another appeared in Long Chen's perception.

Moreover, every single one of them was a Hierarch! They were all demons!

"Are all the Hierarchs of the Eastern Star Region gathered here?" Long Chen was blushing. This was too weird, it was normal for Hierarch Hierarch Shen to rarely leave the world he lived in, especially the Domain Lords. There were nearly ten Hierarchs here, what was he trying to do?

The Ten Hierarchs could not be dealt with no matter how hard he tried. Long Chen stayed where he was, wanting to get some information from their respective communications. That way he would know.

After carefully counting, he could see that there were nine Hierarchs and there was a possibility that they had gone deep into the time tunnel s.

"Boss, these guys, are they here to steal my body!?" The kitten asked with its eyes wide open.

Chapter 3043 - Luan Kun Ancestral Beast

Long Chen became a fragmentary star in this boundless starry sky.

In front of him, time tunnel were formless, but the starry sky was pitch black, so it was like an immeasurably big cave, and also like an infinitely big mouth, attracting people to enter.

was proficient in the laws of time, which was why he was able to follow the flow of time and change the speed of the star fragment's movement.

He only knew the basics about changing the rules, so he didn't easily reveal his identity before understanding the situation. Not easily.

"Monsters are more resistant to humans. You already know from the attitude of the Divine Martial Beast." The Jade Flower Divine Emperor had once been a Papyrus korshinskii, so he had a better understanding of the information of the myriad realms. Thanks to her, Long Chen had saved herself a lot of trouble.

"What are they doing? "Who are these people?" This was the question in Long Chen's heart. He even felt that Cat's question was correct. It was very likely that these people were here for the Cat's original body. After all, there shouldn't be anything among the time tunnel.

If there was, the dragon servants would have told him.

Long Chen observed the nine Hierarchs that were lingering outside the time tunnel. Their seats were scattered and they were quiet without speaking.

Basically, they did not communicate with each other.

But these supreme deities were absolutely the supreme controllers of the entire Ten Thousand Worlds. With so many Hierarchs gathered together, this was a grand occasion that hadn't happened for a long time.

The reason why the time tunnel was involved was because it had a huge relationship with Long Chen. He had promised Cat that he would help him find his original body and recover to his peak condition.

After waiting for a long time and observing for a long time, two of them finally gathered together. One of them was a skinny old man with a sharp mouth, monkey cheeks, white hair, and a grey robe. However, on his body, Long Chen felt a familiar feeling of a ruler. He didn't understand it yet but when he thought about it carefully, wasn't this the feeling of having the rules change that he had just obtained?

"There's actually someone in the Myriad Realms who has mastered the laws of change?" Long Chen was a little shocked. After all, he had just received the Shadow Dream Charm Dragon's inherited blood essence, so he had a feeling that it was everywhere right now.

"It should be considered too much of a coincidence. Now that I recall it, this person is a Hierarch of the Monster race. They called themselves the Demon Lord. His original form was a demonic beast called the 'Myriad Transformations Beast'. The entire Allworld was extremely rare. Most likely, there were only two or three of them. This was a demon beast that had a high chance of becoming a supreme deity. It could be considered one of the top bloodlines amongst the demon race. The most important part of the Myriad Transformation Beast is its ability to transform into a myriad of forms. It is almost the most unbelievable demon beast in the entire demon clan. "

This kind of bloodline simply surpassed a portion of Ultimate Dragon, it was almost comparable to Unparalleled Dragon. In today's world, it was indeed a heaven-defying bloodline. After all, demons relied more on their innate bloodline.

Of course, Long Chen's own daughter was the most powerful, he was destined to surpass the Hierarch Realm when he was born.

"No wonder. Perhaps in all the worlds, the only one other than me that can change the rules. Coincidentally, he definitely had great attainments in this area. If there's a chance, I can ask him for advice and learn his rules. Especially to me, who has just come into contact with the changing of rules. " Long Chen carefully looked at the Myriad Transformations Beast as he tried to feel the changes in the rules around him ...

"This Myriad Transformation Beast is known as the Thousand Transformation Demonic Lord. It is not a Territory Lord like the Hierarch Taihao, but rather the Hierarch of the mixed ancestral realm. The 'Holy Emperor' beside him was a Domain Lord, a Domain Lord of the Royal Sacred Region. "Of course, whether one is a domain lord or not, the difference in strength isn't too big."

That Holy Emperor was basically on the same level as the Hierarch Taihao. This was a golden-haired man, with a rough and wild face. He looked a bit like a lion, but he didn't just have the temperament of a lion. It was likely to be mixed with other bloodlines. In terms of strangeness, it was definitely the Thousand Transformation Demonic Lord that was strong, but in terms of power, it made people revere him. This Emperor Saint Beast was born to be the emperor, and was very similar to the God Realm Heart Refining Dragon.

"The actual body of the Holy Emperor is a Emperor Saint Beast. This was a peak-level bloodline that was born from the fusion of the 'Ten Thousand Worlds Heavenly Lion' and the 'Suicide Demonic Eagle'. It was not any less than a Myriad Transformation Beast, and in terms of combat, it far surpassed a Myriad Transformation Beast. The Holy Emperor was also very famous among the demon race. In the ten thousand worlds, they are quite large. "

When Long Chen was looking at the Myriad Transformations Beast carefully, Divine Emperor Yuhua still introduced him with the Holy Emperor as usual.

"Son, why haven't you come out yet?" Thousand Transformation Demonic Lord was a little impatient. Although he was old, he had a kind of naughty, childish feeling to him. His face kept changing, without a single fixed look.

"Just wait." Holy Emperor's voice was calm and cold, his words concise and short.

The Myriad Beast was already familiar with this fellow. He let out two chuckles and said, "I wonder how deep the Holy Son goes." Did you go in? "

Long Chen was also listening to their conversation. The name of the Holy Son made the Jadeflower Divine Emperor think of someone, "I know who's here. So it's him. No wonder, in the entire Eastern Star Region, other than the Anarchic Demoness, this is the only person who could gather so many Hierarchs here. "

"Who is he?"

Long Chen was too lazy to understand about the Eastern Star Region's side. He never thought that when he came to the time tunnel, he would come into contact with the Hierarch of the Eastern Star Region.

Divine Emperor Yuhua said, "Actually, he is the overlord of the Eastern Star Region. This one was the same as the Desolation Lord, the Desolation Lord was groomed by the Ancient God of the Wilderness. This was someone that the Anarchic Demoness had groomed. They were generally called 'Holy Son of Confusion'. However, there was a difference between Holy Son of Confusion and Desolation Lord. The Desolation kept a low profile, but the Holy Son of Confusion kept up a high profile as he announced it was being broadcasted. If the whole of the Spirit Demon race was considered a big family, then the Holy Son of Confusion was the young master. The other Hierarchs treated him like a young master. So very noble. Outside of Eastern Star Region, there would never be such a situation.

That was why such a situation like this had occurred. There were a total of nine Hierarchs that had been brought to this time tunnel.

But, then why was the Holy Son of Confusion interested in this time tunnel?

Just as Long Chen was about to continue understanding, it was a coincidence that Holy Son of Confusion appeared from the depths of the time tunnel. The nine Hierarchs all surrounded him respectfully when they saw this. For example, in the Pangu Continent, there would never be a situation where both the Sect Leader and Desolation were equal.

"Son of God." Nine supreme deities had appeared in front of the new Hierarch. There were a total of ten of them. They gathered the majority of the super strong warriors in the Eastern Star Region.

Deep within the time tunnel, black ripples were still rippling.

Long Chen moved a little further away as he observed the Chaos Saint.

This was an aura that was exceptionally strong. If Di Jun's aura was like the moon, then this person was a blazing sun. Fierce and powerful. Amongst all the Hierarchs that Long Chen had ever seen, they were the ones that caused the most respect. It was even more reverent than the Ancient God of the Wilderness. The Ancient God of the Wilderness was profound and mysterious. This Holy Son of Confusion was the world's most powerful being, and no matter where he went, he would be as scorched as a sun.

Especially since he had the unique fierceness of a demonic clan on his body, and all sorts of overbearing auras gathered together. Just a glance alone was enough to scare off trillions of living beings.

This was a pattern unique to tigers. Long Chen originally thought that his original form was related to tigers, but he quickly realized that he was wrong, and that there was a pair of giant wings behind the other party that covered the sky. It was just that the pair of wings did indeed have the ability to cover the sky and the sun. For example, once it was spread out, it could completely envelope a Hun Yuan level world.

However, this was not all. One could vaguely see the existence of scales on his body. They were not dragon scales, but rather fish scales, a strange and distorted fish scales.

"Beasts, birds, fish. Three kinds of bloodline actually appeared in the same person. "

Monster species could be divided into three large species: flying beasts, flying beasts, and sea beasts. For example, the phoenix race belonged to the flying beasts.

It could be seen at a glance that in terms of bloodline, the Holy Son of Confusion was actually superior to the other Hierarchs. He was destined to be strong, and his future achievements were even more limitless.

"Demi-humans pay particular attention to bloodlines, and the most powerful demi-human bloodline in the entire Myriad Realms is now right in front of you." That's right. In the entire Allworld, there were only two. One was the Anarchic Demoness, the other was this Holy Son of Confusion. His main body had gathered three of his most powerful bloodlines and undergone an extraordinary transformation. Legend has it that there are three bodies. I can't remember exactly what kind of bloodline it is, but it's about tigers, rocs and fish. "

"What's the main body?"

Long Chen asked.

"Actually, it's very easy to guess. The names of the mixed ancestral realms were based on their original bodies. His true form is the 'Lurker Ancestral Beast'."

"Understood." Long Chen nodded.

However, why would this Leviathan's ancestral beast appear here?

Divine Emperor Yuhua continued: "I forgot to tell you, he seems to have three bodies and is proficient in three types of rules. It is said that the Fierce Tiger Type is the same spatial rule as Di Jun and Ling Xi, and the Roc type seems to be the 'Devouring Rule'. Therefore, the Lurker Ancestral Beast was a pinnacle bloodline that gathered space, devour, and time as one. As long as we continue to grow and become a new Anarchic Demoness, there should not be any problem."

From the looks of it, this Lurker Ancestral Beast was about to catch up to the Unparalleled Dragon as a dragon sacrifice.

In this era, having such a powerful demon clan bloodline was indeed not easy!

Chapter 3044 - A Dream

"Are you proficient in the path of time?" Long Chen thought, maybe this was the reason why the Holy Son of Confusion was here.

He intended to continue listening.

At this time, the Holy Son of Confusion was already surrounded by the nine Hierarchs. The eyes of the nine were filled with unimaginable loyalty and reverence. Generally speaking, it was very hard for Hierarch to have this kind of expression.

Holy Son of Confusion seemed to be annoyed and said, "It's been more than forty years. He still couldn't really get into the depths of the tunnel. "Looks like I have to do that."

Unexpectedly, they had been here for forty years.

Even if Long Chen came early, he would probably meet them.

"Holy Son, I think if we try this again, we can definitely send you in." One of the Hierarchs said.

Holy Son of Confusion shook his head, and said: "There is no rush, this is our territory, success is only a matter of time. For the sake of this crappy place, everyone is exhausted. I suggest that everyone take a break before proceeding. "

"Son, we are not tired. We can go on. "The matter of the Son is still the most important." Thousand Transformation Demonic Lord said respectfully.

From this short conversation, it could be seen that the prestige of Holy Son of Confusion was indeed very high. However, he was not cruel, and had a courage that could make people give up on him.

The few of them gathered together and exchanged a few words.

After that, the Thousand Transformation Demonic Lord asked, "Holy Son, forgive me for being presumptuous. All these years, I still felt that it was just a dream, and some sort of mysterious thought. I knew that there was something you wanted in the depths of this place. Is that thing really that important to you? "

When he said this, he was a bit timid. As expected, every Hierarch had been looking at him with malicious eyes just now.

"Old demon Wanhua, is there something wrong with your head?" How could the Son lie to you? "If you know about the Son's enlightenment, wouldn't it be yours?"

The other few others also started to criticize the Thousand Transformation Demonic Lord s at the same time. Thousand Transformation Demonic Lord was full of regret.

"Wan Huai, perhaps you don't believe me, but from the moment I arrived in this world, I had that feeling. There is a place that I must enter from the underworld. I spent so many years to find this place,

and only then did I have the strength to enter. Therefore, I cannot give up on this place. I have a feeling that once I get my hands on the things inside, perhaps I'll be the strongest amongst all the experts in this world! "

The more he spoke, the heavier his tone became. The power and desire in his eyes finally showed.

Thousand Transformation Demonic Lord apologized continuously, supporting Holy Son of Confusion's decision. He also expressed that he would definitely serve Holy Son of Confusion with all his might.

As such, the Hierarchs were able to forgive him for his strange thought just now.

After hearing it, Long Chen felt strange.

He talked to the kitten.

"Why does he have a feeling about your main body?" This is strange. " Long Chen was sure that this was the world of Great Void Cosmic Dragon. Even if they didn't approach him, the feeling of being in a different realm from the one between life and death couldn't be wrong.

"How would I know?" I'm even more curious than you are. The strangest thing is that I feel like I'm very familiar with this item. Could it be that she had seen him somewhere before? Perhaps it's because of the dog shit feeling he's got, but the young master's feeling is that I really hate him, the disgust of jealousy! "

It was hard for a kitten to dislike a person so much. His expression was one of disdain.

"That's strange. However, it's very likely that he wants to obtain your true body. No matter what, you are still our huge enemy, especially since he has nine helpers by his side. Even if it's just him, I'm not confident. "

"Boss, what should we do? Should we just watch as they succeed?" the kitten asked anxiously.

"No rush, let's keep watching for a while."

On the other side, the Holy Son of Confusion and the nine Hierarchs were watching the time tunnel and discussing various possible methods. However, they had all tried this method before, and Holy Son of Confusion was still a little annoyed later on. He waved his hand and said: "Forget it, stop messing around, let's just borrow that thing from the old monster. I can only deal with that thing of his. "

The Hierarchs were somewhat stunned by these words.

"Son, didn't you have a bad relationship with the ancestor and said you wouldn't contact him for ten thousand years?" Beside the Holy Son of Confusion, a Goddess whose beauty was comparable to that of the Notre Dame de Nine said.

"Forget it." I'll endure it. " Holy Son of Confusion did not want to say more, but it seemed like he was going to give it his all. In fact, this was the decision that everyone was looking forward to, and they did not want the Holy Son and the ancestor to get into a conflict.

At this time, the Holy Son of Confusion said straightforwardly, "Wan Huai and the Emperor have a mission for the two of you. Go back to the mixed ancestral realm and lend me my father's things. Just tell him I need it. "

The difference between Thousand Transformation Demonic Lord and Holy Emperor was completely stupefied.

Holy Emperor asked: "Son, can we guarantee safety with our primitive level?"

The Holy Son of Confusion laughed and said: "You two idiots, where are we? Who is he? In this Myriad Realms, there was still someone who dared to snatch his Creation Divine Tool? Isn't that a joke? Is there anyone who can escape to places outside of ten thousand realms? "

The other Hierarchs began to laugh as well.

"That's true. That thing is useless even to Heavenly Dao Saint Emperor, the Heavenly God Continent Pressure and the Ancient God of the Wilderness." Thousand Transformation Demonic Lord and Holy Emperor also laughed.

Actually, Holy Son of Confusion was already a little scared just now.

"Alright, let's hurry up and leave. We'll be waiting for news of the two of you." We'll continue to fight here. " Holy Son of Confusion said.

As a result, the two of them did not dare to slack off. They were filled with motivation as they bid farewell to everyone with great excitement. They took out a battleship equipped with Eternity and started flying towards the mixed ancestral realm.

"Big brother, what should we do?"

asked the kitten.

Right now, it seemed like there was no way for him to rush into the time tunnel under their watch.

Long Chen also had a headache.

Everyone was also thinking of ways.

"They should always be going in. It would be great if they could mix in with them and gain their acknowledgement and become a part of them." Ling Xi said.

"But they are so exclusive, and with the Holy Son of Confusion as their core, this time tunnel is so important to them. If Big Brother appears, it's even possible for him to kill them all quickly. It's simply impossible for him to make everyone stay here, or even enter with them, and the only way is to suppress them, but there are a total of eight Hierarchs, some of whom are still unknown.

Mo Xiaolang said.

"What I don't know is that these pieces of trash haven't been settled in forty years. What's there to be afraid of? At most, we can just wait for a few more years. After a few years, this boss will be able to rule over 10,000 worlds and become invincible." The kitten said imposingly.

"Wait." Long Chen thought back to what Ling Xi had just said. He thought about it carefully, then said with a smile, "It's actually not impossible to become one of their teams. I can give it a try."

"What?" Everyone was curious about his method.

"Just wait and see."

Long Chen said mysteriously.

Li Xuanji didn't say anything, but she smiled inside her heart. She knew what Long Chen wanted to do, because it actually had something to do with her.

At this time, Long Chen was already heading in the opposite direction, his speed extremely fast.

"Xiao Xi, chase up to Thousand Transformation Demonic Lord and the rest."

Long Chen let Ling Xi come out of the Divine Kingdom and the two of them chased after him.

"Do you want to learn the rules of change from the Thousand Transformation Demonic Lord to see if you can impersonate one of their Hierarchs?"

Ling Xi was extremely intelligent and immediately thought of it.

"The chances of it happening aren't high, but I can give it a try." Long Chen said with a smile.

With the gate to the universe, it would be much easier to find than the battleship. Although the tens of thousands of worlds were vast, ordinary people would choose the closest route and not long after they left, Ling Xi quickly found their location.

"Just get close."

This position was too close to the time tunnel, so it would be difficult for him to take action.

After approximately half a day, when Long Chen saw that it was enough, he let Ling Xi return to the Divine Kingdom and slowly followed him.

The warship disappeared, and the two people appeared in front of Long Chen. It was the Thousand Transformation Demonic Lord and the Holy Emperor, whose aura was similar to Di Jun's but stronger than Di Jun's, had the fierceness of a lion, and the evilness of Du Jiu.

The Thousand Transformation Demonic Lord had a myriad of transformations that were difficult to understand.

"Who are you?" Holy Emperor arrived behind Long Chen in the blink of an eye and surrounded Long Chen together with him. Because Long Chen was a human, they had to be careful. Although in their eyes, Long Chen was just a Divine Emperor.

Long Chen smiled and said, "The two of you should have heard of my name before, I am Long Chen."

In fact, the two Hierarchs didn't really care at first, but when they heard the name Long Chen, they were still flabbergasted. Because in the entire Myriad Realms, there were countless people named Long Chen, so they asked another question, "Was it Long Chen who just defeated Notre Dame de Nine? He's still in the Black Star Ocean! "

As the words left their mouths, they suddenly thought of the door to the universe.

"Yes, it's me."

Long Chen was very calm.

"It's really you! I can't believe it!" The Thousand Transformation Demonic Lord had a large number of Long Chen s, he was extremely curious, but the Holy Emperor continued to berate his: "Regardless of who you are, regardless of your strength, since you have personally come to our Spirit Demon Race's territory, you must state your purpose in coming. If there is nothing else, you must quickly leave our Spirit Demon race's territory, we do not welcome you."

"That's right, you were in the sea of stars before, and you came here so quickly, what is it for?"

Thousand Transformation Demonic Lord was also very curious.

Actually, the reason they were in such a hurry was even more so because this place was close to the time tunnel. They definitely could not let Long Chen know about the matter of the time tunnel, and let it spread out afterwards.

That was a problem.

"No matter what, you have to leave first."

The two Hierarchs pressed their way over, not giving Long Chen the chance to explain.

"However, it was just a coincidence that I passed by this place. Don't be nervous, the two of you. Among my friends, there isn't a single demon clan Hierarch. I just wanted to get to know you two personally, so it's fine if you don't appreciate my kindness." Long Chen said indifferently.

Chapter 3045 - Spatial Tiger

With that, Long Chen prepared to leave.

However, as he expected, Thousand Transformation Demonic Lord suddenly remembered something and hurriedly said, "Wait, don't be in such a hurry to leave."

"Is there anything else in Thousand Transformation Demonic Lord? Isn't it because she doesn't welcome me?" Long Chen smiled.

"You know me?" Thousand Transformation Demonic Lord squinted his eyes.

"The Demon Sovereign is extremely famous. Of course I know him." Long Chen remained calm and collected.

Thousand Transformation Demonic Lord felt good after being flattered. He said, "I know you have the door to the universe, so you can quickly reach anywhere in the entire Allworld. From here to mixed ancestral realm, it should only be a little more than ten days. Right?"

Long Chen answered: "That's right, then what? Weren't the two of you trying to get me to leave as soon as possible?"

The Thousand Transformation Demonic Lord felt a little awkward as he secretly communicated with the Holy Emperor.

"If we can get him to help us get to mixed ancestral realm, then we will only need a month to get back. It greatly shortened the time. to help the Son of Heaven. "

"That's right. In our line of work, it will take at least ten years. If it can be turned into a month, then the Holy Son can reach the depths of that place ten years earlier!"

Thinking of this, the two were quite excited.

Thousand Transformation Demonic Lord coughed twice, then said to Long Chen: "My apologies, the two of us were rude earlier. It's just that we Monster race have been a bit restless lately, so we're a bit more sensitive. Please forgive me. "

His attitude changed 360 degrees.

Long Chen had expected this to happen. He smiled and said: "It's fine, I just happened to pass by this place. Just leave. "

"There's no rush." The Thousand Transformation Demonic Lord was all smiles as he said, "To be honest, we still need you to do us a small favor. We are anxious to retrieve something for us Holy Son of Confusion s when we return. Time is of the essence, if you are able to use the gate to the universe to help me, we will definitely thank you. And when I see the Son, I'll tell him I helped him a lot. "

Holy Emperor said: "I really need your help. I hope you would consider it. If you are able to help us, then we, the demon clan and you, will definitely be very good friends. "

Their faces were sincere.

Moreover, in an intentional or not, he had also brought up the name of the Holy Son of Confusion, in order to befriend Long Chen.

They were all waiting for Long Chen's reply.

Legend has it that Long Chen was an arrogant person who would not lower his head because of anything. Hence, they were a little worried that Long Chen would not agree, or even negotiate conditions. If it was them, they might take action, and snatching the door to the universe was also a good choice.

Unexpectedly, Long Chen said without hesitation: "There's no problem at all. To me, this is a small matter, but it can save the two of you a lot of trouble.

Thousand Transformation Demonic Lord and the others could not believe their ears.

"Thank you so much!" Thousand Transformation Demonic Lord was ecstatic.

Long Chen slightly narrowed his eyes, and suddenly said: "Indeed, it is not a big deal. However, I also have a small request, and I hope that the two of you can help out a little."

Thousand Transformation Demonic Lord became cautious.

Long Chen went straight to the point, and said: "Actually it's very simple. I have heard of the Thousand Transformation Demonic Lord's changing rules before. Coincidentally, we met Thousand Transformation Demonic Lord here today, so I wanted to seize this opportunity to sense and sense just how powerful the Demon Sovereign is. "

When the Thousand Transformation Demonic Lord heard this, he was also somewhat stunned. He originally thought that it was some kind of dangerous matter, but he didn't expect it to be like this.

"If you can defeat the Notre Dame de Nine, then that is the capability of a Hierarch. Actually, you don't need to ask me for it. As long as you are willing, you can attack me at any time. But since that's the case, I promise you, it's just a small matter. "

Very quickly, Long Chen settled on the first step of the plan.

He had successfully achieved his goal.

"Then I shall look forward to the Demon Sovereign's performance." Long Chen made a gesture of invitation.

"Wait a moment." The Thousand Transformation Demonic Lord had a heroic feeling. The agreement he made with Long Chen was that no matter how they won or lost, Long Chen would send them to the mixed ancestral realm and he would complete his mission.

Furthermore, Long Chen was only curious about his changes to the rules, and just wanted to experience it for a bit.

No matter what, he wouldn't suffer too much loss.

However, the gains from this exchange were great.

When he thought about how he would be praised by the Primal Chaos Saint, Thousand Transformation Demonic Lord felt that Long Chen would become even cuter. He couldn't wait to finish the mission. Therefore, he urged the Holy Emperor a little.

"Don't worry, nothing will happen."

Holy Emperor looked at Long Chen, but Long Chen was still very sincere, so, he did not say anymore. He immediately pushed them to the side, leaving the arena to Long Chen and Thousand Transformation Demonic Lord.

"This is valuable experience, you have to watch it more closely." Long Chen smiled in his heart. His words were said towards Li Xuanji, who let out a light hum. That sound, to Long Chen, was filled with boundless love.

When Thousand Transformation Demonic Lord faced Long Chen, he did not underestimate Long Chen's strength, nor did he overestimate him. But he was confident.

"Watch carefully."

Thousand Transformation Demonic Lord snickered and a black ball appeared in his hands.

"This is his only Creation God Equipment. It is said that it belongs to the semi-primitive level, and its name is 'Infinite Change Ball'. It is said that it was bestowed to him by the Primal Chaos Saint Son. You'll understand how loyal he is to the Chaos Saint." Divine Emperor Yuhua interjected.

"Make your move." I'll let you experience my most marvelous laws." Opposite him, the Thousand Transformation Demonic Lord said.

Without saying a word, a Ghost Blood Curse appeared in Long Chen's hand. The Ghost Blood Curse was slightly suitable for his temperament, so it was much more efficient when used.

Unexpectedly, the next scene shocked Long Chen.

He only saw the Thousand Transformation Demonic Lord in front of him undergo a change in his body, which changed like the tide, and finally became an existence which was exactly the same as. Even the ball of myriad changes in his hand was changing, and in the end, it became the Ghost Blood Curse!

Two identical Long Chen holding the same Ghost Blood Curse!

To the Emperor Saint Beast, this was a very normal scene, but to Long Chen, this was too shocking. The other party's changes were not only a simulation on the outside, but also a complete transformation on the inside.

"Did you see that?" Long Chen and Li Xuanji communicated with each other.

"I need more."

Of course, Long Chen couldn't wait to try his strength. The person in front of him was an existence that was exactly the same as him. Furthermore, it was not an illusion, but a real existence!

The Ghost Blood Curse was right in front of him.

"Sword of Time!"

The first sword attack Long Chen tried.

The Sword of Time was quick and violent, a laceration of time energy rushed towards' Long Chen 'at the opposite side.

"I saw it!" Li Xuanji cried out softly. She saw the changes in the eyes of the Thousand Transformation Demonic Lord across her, and when the Sword of Time changed, an identical image appeared in his eyes, as if he had copied everything out.

"He is not an expert at changing the rules, but a simulator of your rules. This should be the basis of the Dao of Change. " Li Xuanji quickly said.

Meanwhile, Long Chen had already started fighting with the Thousand Transformation Demonic Lord.

When the first Sword of Time flew out, Thousand Transformation Demonic Lord held the transformed Ghost Blood Curse in his hand, and used the same movement as Long Chen, as well as his sword. What was rarely seen was that it was also the Sword of Time, and there was no difference between it and what Long Chen was using at all!

The clash between the two swords of time in this space was broken!

"Yes, a simulation." Long Chen was certain that his opponent had actually simulated it when he made his move. This kind of change in rule could be said to be simulated, but before Long Chen had displayed the Life and Death Tribulations, his opponent would not be able to unleash the Life and Death Tribulations.

He didn't really have the rules of everyone.

"Sure enough, fighting with him has reaped great rewards!"

Long Chen didn't think anymore, and threw himself into the battle, enjoying the fight and the baptism of rules.

In such a situation, the progress made in changing the rules was naturally enormous.

"The Death Realm is killing us!"

With another sword attack, the Death Realm behind him overflowed into the sky, and the core of the Death Realm erupted with endless destructive power.

Seeing that, the Thousand Transformation Demonic Lord quickly simulated the move, and Long Chen was able to see through every detail clearly, that kind of comprehension ability was becoming deeper and deeper.

His goal was to learn the rules of the Thousand Transformation Demonic Lord. His simulation was the basis of all changes!

The identical Long Chen was in battle, and the rules of his attacks were nearly identical as well!

But in essence, it was different. Long Chen could clearly feel that the other party didn't have the Death Realm's core, and all of the changes in power that he had displayed was his own. His own power was a type of restriction, and if Long Chen was stronger than him in this aspect, he could suppress him!

"Life Calamity and Death Tribulation!"

Another sword strike. Long Chen released his speed, the power of the Life and Death Tribulations guaranteed, that enormous jade-green whirlpool condensed onto the sword strike, and pierced towards Thousand Transformation Demonic Lord. Thousand Transformation Demonic Lord was gradually unable to endure it, but what surprised everyone was, although he was continuously pushed back, he was still able to imitate the Life and Death Tribulations that were almost exactly the same!

Rip!

It was just that in the end, under Long Chen's forceful attack, his calamity was engulfed by Long Chen! The dark green whirlpool shrunk with a 'shua shua' sound and was pushed back by Long Chen's sword. In the end, Long Chen finished his attack in time.

"Sizzle sizzle!"

"It's not over yet!"

Thousand Transformation Demonic Lord being suppressed and losing face that quickly was Long Chen's goal, because if it was like this, he would be able to unleash everything he was good at.

Buzz! Buzz!

He no longer looked like Long Chen, but had transformed into a grey tiger that covered the sky and covered the earth. On the head of the tiger was the word "King", and his grey body seemed to have fused with space itself, as if he did not exist at all. This was definitely the peak demon beast bloodline!

When he saw the grey tiger that had merged with the space around him, he was shocked for a moment. It was not because of the exquisite rules of his opponent, but because he was shocked by what his opponent had transformed into. This grey tiger, just what Thousand Transformation Demonic Lord had simulated, had such power, like the king of billions of demon beasts!

Especially when he merged into space and controlled everything in the world; he was the overlord of terror.

"As expected, this is one of the three forms of the mixed Kun Ancestral Beast." Long Chen knew this in his heart, so he quickly shifted his attention to the rules of the Thousand Transformation Demonic Lord, this was his original goal.

Roar!

The grey tiger roared, in the blink of an eye, Long Chen saw numerous tiger heads appearing around him. It roared at the same time, it was also a terrifying disaster!

"What a marvelous transformation!"

The Leviathan's Ancestral Beasts were the supreme experts of the Eastern Star Region. Becoming them was also the Thousand Transformation Demonic Lord's ultimate technique! Although it was called a spar, he didn't want to lose to Long Chen!

"It's time to get serious!"

The other party's spatial laws were indeed astonishing, but they were somewhat different from Ling Xi's. In the midst of the gray tiger's roar, space within a radius of a million meters was once again under an incomparably huge pressure. It did not shatter, but it was being squeezed, and like a steel wall, it surrounded Long Chen in the middle!

"Break!"

Long Chen also became serious, he had to understand the rules of the battle before it ended. Of course, Li Xuanji was also watching closely. Only if he succeeded, would his plan succeed!

Fight!

It felt like a decisive battle with the Chaos Saint was quite exciting!

Chapter 3046 - Dreaming Shadow

Emperor Saint Beast was secretly surprised.

"I never thought that this Long Chen was really this strong. Even after fighting with the Thousand Transformation Demonic Lord who had transformed into a Leviathan's Ancestral Beast until now, it's still not over!"

In the eyes of the Emperor Saint Beast, the entire starry sky was occupied by these two fellows, and the two kept on flashing within. The battle between two Deities was indeed earth-shattering.

"I have already used this guy to the limit, but he still wasn't able to do anything to Long Chen." Although it seemed like the Thousand Transformation Demonic Lord had the upper hand, in truth, it seemed like Long Chen was intentionally stalling for time.

After lengthening the battle time, he observed the changes and simulations of the Thousand Transformation Demonic Lord.

At this time, the thing that was shuttling back and forth between heaven and earth was a huge, grey Roc. It had spread its wings to cover the sky and the sun, possessing the The Rules of Devour.

"Great Void Heart!"

Only by speeding up the time of the Peng and allowing its phagocytosis vortex to quickly collapse, Long Chen had already understood the other party's fighting style quite well after experiencing almost an hour of fighting!

At this time, the other party seemed to have frozen in time, wanting to transform once more into the last form of the Leviathan's Ancestral Beast.

"Long Chen, I understand!"

Suddenly, Li Xuanji's voice had a hint of pleasant surprise.

All along, it had only been Long Chen who had fought and observed from the side, but Li Xuanji had basically observed everything. She now had the same talent as the Ancestral Dragon Fighter, and could even separate them from Long Chen's body.

As her voice fell, Long Chen instantly felt that just like this, he had naturally comprehended a new set of rules! A new rule of change! In reality, Li Xuanji had comprehended it, but because Li Xuanji was one with him, it caused Long Chen to not be able to fully understand the few difficult problems that he had to face as a customer.

"The name of this rule is 'Myriad Manifestation Dream Shadow'. It was the basis of the Shadow Dream Charm Dragon rules, but it was also the exact same as the Thousand Transformation Demonic Lord rules. Xuanji followed the performance of the Thousand Transformation Demonic Lord and displayed the rules. Step by step, he thoroughly simulated the rules. As long as he understood what was going on, then he would be able to quickly grasp these rules! "

This was the advantage Long Chen had over others. In terms of rules, there were very few things he needed to spend.

"Whiz!"

Since the target was already achieved, there was no need to continue tangling with the Thousand Transformation Demonic Lord. Long Chen quickly rushed forward with the Great Void Sect in his heart,

and then directly sealed the target with the Buried Heavens Coffin before he transformed into a new form!

"This is it for today. I am very grateful for your sparring." I've benefited a lot from it. " Long Chen removed the many rules, allowing the Thousand Transformation Demonic Lord to regain his freedom. Thousand Transformation Demonic Lord was fighting passionately, and stopped abruptly. If it was in the past, he would definitely not agree to it.

However, the most important thing right now was for Long Chen to bring them to the mixed ancestral realm, so it would be convenient for them to complete the mission. Even if he was still a little afraid of Long Chen, and wanted to prove himself by defeating him, he endured it in the end. In the entire Allworld, there probably aren't many people who can defeat you. You are still young and you are already a figure standing at the peak of the world. I truly admire you. "

Long Chen was still trying to comprehend the 'Myriad Manifestation Dream Shadow' in his heart, and he said, "Your Excellency's changes are ever-changing, and endlessly profound, which is truly admirable. The next time there's a chance, I might even find you to spar with me.

"That's what I want. But now, you should send us to the mixed ancestral realm as soon as possible. " The Thousand Transformation Demonic Lord said.

"No problem."

Long Chen said in an extremely candid manner.

He approached the two Hierarchs. After the battle, they now believed in Long Chen a little. They did not have as much hostility towards him as they did before. And at this time, Long Chen had already let Ling Xi out.

Thousand Transformation Demonic Lord and the others knew that the door to the universe was controlled by a woman beside Long Chen.

"This is sister?" Brother Long Chen is really lucky. " Thousand Transformation Demonic Lord looked at Ling Xi. Even though she was experienced and knowledgeable, he was still attracted by Ling Xi's temperament.

"She will open the door to the universe. Both of you, just go in." After Long Chen finished speaking, he signalled to Ling Xi and Ling Xi nodded. Ling Xi smiled sweetly to the other two and then opened the door to the universe.

The bracelet became larger and turned into a round, illusionary door. Ripples appeared on its surface as it appeared before the four of them.

Pass the message to the two of you, you will be able to get to mixed ancestral realm. Ling Xi was the first to walk, the graceful divine body entered the door of the universe and was drowned in its brilliance.

was the first to enter, so Thousand Transformation Demonic Lord and Emperor Saint Beast looked at each other without being suspicious at all. Right at this moment, the Emperor Saint Beast took a step forward and stepped into the Universe door.

The Thousand Transformation Demonic Lord followed him.

"Many thanks. I will definitely tell the Holy Son about all of your help today in front of the Holy Son. From now on, Your Excellency is a friend of my Monster race. "

As the Thousand Transformation Demonic Lord spoke, he also stepped into the gate of the universe.

A cold light flashed in Long Chen's eyes, he had almost followed behind the Thousand Transformation Demonic Lord and instantly went in. For a moment, it seemed as if the world had spun, and in that short moment, Long Chen appeared above a sea of blood that overflowed the heavens!

This is the Death Realm!

That's right, Ling Xi had directly teleported from the door of the universe to the Death Realm. She and Long Chen had teamed up together, so completing this step wasn't difficult for them.

Long Chen and Thousand Transformation Demonic Lord appeared within the Death Realm. Thousand Transformation Demonic Lord had also just arrived here, and when he saw that the surroundings wasn't a tunnel that traversed through space, but a sea of blood, he was slightly startled.

Behind him, there was only Long Chen.

As for the Holy Emperor, he was naturally teleported to another place. The instant the Holy Emperor stepped into the gate of the universe, Long Chen made him change the direction of the gate of the universe.

To Ling Xi, this was actually an easy task.

"Long Chen!"

When he thought about it, although Long Chen agreeing to him so easily was only a small effort, but the two of them had rejected him in the beginning. With his pride, he should have rejected them instead, and was too lazy to bother with him.

Only, Long Chen had been preparing for this moment for a very long time as well.

"Yuanshi Dragon Pagoda!"

Just now, during the battle, the reason he did not use the Primordial Dragon Pagoda was so that he could use it in that instant. When the Primordial Dragon Pagoda fused with Long Chen's body, his entire strength underwent a tremendous change, allowing him to exceed his own limits and reach an unprecedented level!

Before Thousand Transformation Demonic Lord could react, Long Chen, who was already prepared a long time ago, was already standing in front of him, displaying the Great Void Heart!

This was the strongest Great Void Heart!

The strongest part of Thousand Transformation Demonic Lord was his transformation. In fact, when his true combat strength wasn't transformed into other experts, he would be the weakest of all the Hierarch Goddesses. He might even be the weakest of the Ten Thousand Realms Goddesses. This was his weakness, if Long Chen attacked before he changed, the chances of success would be extremely high.

At this moment, the Primordial Dragon Pagoda descended, and the Great Void heart stopped time. Furthermore, it had suppressed the entire Thousand Transformation Demonic Lord to an extreme degree, so even if Long Chen wanted to kill him now, it would be very easy. However, he didn't have any real enmity with him, so Long Chen chose to suppress him!

After fusing with the power of the Primeval Dragon Pagoda and summoning the Coffin of Heavenly Burying, he suppressed the Thousand Transformation Demonic Lord who was staring at him wide-eyed into the coffin. The Dragon Pagoda emerged from Long Chen's body and also entered the coffin, suppressing above the head of the Thousand Transformation Demonic Lord, causing him to enter into an eternal state of stillness.

In fact, Thousand Transformation Demonic Lord should really want to know what Long Chen actually wanted to do.

But there was nothing he could do.

The power of the Primordial Dragon Pagoda was simply too strong. When Long Chen was at his weakest, he was able to easily subdue him.

"Although the Dragon Pagoda consumes a lot of energy, it's only able to suppress this Thousand Transformation Demonic Lord. It's not difficult at all; I can endure for a period of time." After he was done, Long Chen's mood became completely relaxed.

Thousand Transformation Demonic Lord seemed to have disappeared, but in the end, he looked at him with a confused expression. It wasn't until Long Chen appeared in front of him that his entire body changed, and in the end, he turned into a stooped gray haired old man. There was no difference at all between any part of him, and that was Thousand Transformation Demonic Lord!

It was exactly the same as his own rule!

Thousand Transformation Demonic Lord seemed to have seen a miracle!

He seemed to finally understand why Long Chen wanted to know about his spar.

Once everything was settled, Long Chen immediately started his next step.

Bang!

Holy Emperor suddenly appeared in the starry sky.

"They arrived so quickly?" Holy Emperor looked around curiously. Logically speaking, there should be around ten days, this should be the normal speed of the universe door, not even a quarter of an hour had passed!

"This place is not near the mixed ancestral realm. Did I get tricked?" Holy Emperor suddenly realized this!

Obviously, Long Chen had thrown him out casually.

"Where's that old fogey Wan Yan?" Holy Emperor realized that this was going to be troublesome. This situation left him a little unsure. After all, he had a very big mission on his shoulders right now.

"There can't be any mistakes in this mission. I should hurry and this to the Holy Son." The Emperor Saint Beast was thinking in his heart, but he quickly thought again: Could it be that Ling Xi accidentally made a mistake and left him here, that she might return right away?

He and Thousand Transformation Demonic Lord still wanted to surprise the Holy Son as soon as possible. If that was the case, then it wouldn't be a pleasant surprise.

He then used his boundless willpower to sense his surroundings.

"This should be near the Kunlun Demon Realm." The Emperor Saint Beast saw a mountain in the distance.

This place was still a long way from mixed ancestral realm, after all this place was too remote.

Just then, the Emperor Saint Beast sensed another Ranker, this was a Qi that was extremely familiar to it, that's right, it was his old friend 'Thousand Transformation Demonic Lord'.

In the distance, Thousand Transformation Demonic Lord angrily rushed over, and the two Emperor Saint Beast stared at each other.

The Thousand Transformation Demonic Lord said angrily: "I understand, this Long Chen is simply toying with us, he is toying with us! He didn't intend to send us to the mixed ancestral realm at all! Not only did you not put us in your eyes, you even teased us! "So infuriating!"

When the Emperor Saint Beast thought about it carefully, it really was like this. Long Chen had been toying with them from the beginning to the end. Otherwise, why would he abandon them here and flee on his own?

The Thousand Transformation Demonic Lord said: "Long Chen appearing here, and with such a person, perhaps there will be some trouble for the Holy Son's plan. "We were even teased for a bit. It seems that we really have to explain the situation here to the Son. If anything happens, we won't be able to afford it."

Holy Emperor was a little hesitant. He knew that if he were to tell this to the Holy Son, he would definitely be mocked by others.

The Divine Martial Beast turned into an old man and hurriedly ran over. As soon as he arrived, he kneeled on the ground and said, "Honored Goddesses, you have to help me out, there's a guy called Long Chen who entered the Sacred Grounds of the Kunlun Demon Realm and stole my thing!"

The two of them looked at each other. Holy Emperor finally understood that he had to tell Holy Son about Long Chen's existence.

Chapter 3047 - Star Beast

There was no way for Long Chen to contact the Holy Son at all, so he had to rely on the Emperor Saint Beast to do the task. Actually, according to the personality of these two Hierarchs, it was more appropriate to form a connection with them through the Thousand Transformation Demonic Lord s.

That's right, the real Thousand Transformation Demonic Lord was already suppressed by him deep within the sea of blood.

He couldn't move at all.

With just a few casual words, the Emperor Saint Beast was tricked into contacting the Holy Son of Confusion first.

Although this Emperor Saint Beast was a Supreme Divine God and the ruler of the 'Emperor Sacred Region', he was actually easier to fool. Moreover, he never would have thought that other than the Thousand Transformation Demonic Lord, there were similar rules to the changes in the Myriad Realms.

In the ten thousand worlds, transforming into someone else's appearance was actually quite easy.

However, from the very beginning to the very end, even to the very depths, he had shown almost all of his power and rules. To be able to deceive a Emperor Saint Beast to such an extent, the only person he could display was the Thousand Transformation Demonic Lord himself.

Emperor Saint Beast never thought that the Thousand Transformation Demonic Lord in front of his was fake.

Thousand Transformation Demonic Lord had always been pretending to be someone else, and it was difficult for others to tell the difference.

"Son, something happened." The Emperor Saint Beast began communicating with the Holy Son of Confusion.

"Speak."

The Emperor Saint Beast began to describe the details of his encounter with Long Chen.

"Holy Son, he brought them to the gate of the universe and then left us here. He's obviously messing with us. The purpose is to try the universal rule. This person has the Door of the Universe, which allows him to instantly change positions and make it difficult to chase after him. If he is still in the vicinity, it would be troublesome. "

Long Chen pretended to be extremely cautious and said: "Moreover, he knows our intentions for coming here. Adding on to that thing called the Door of the Universe, I feel that even if it's the forefathers of those ten thousand worlds, they wouldn't be able to really do anything to it. It's precisely because of this worry that we were able to tell you about it. "

"Yes, and he stole the Divine Martial Beast's treasure in the Kunlun Demon Realm a few days ago. It seemed like he had been wandering around the vicinity all this time. He was originally enemies with the Notre Dame de Nine in the Southern Star Region, but now that he suddenly appeared here, he feels a little strange. "

Long Chen and the Emperor Saint Beast explained the situation to each other in one go.

"Alright, I understand. Then you guys come back. I'll get that old guy to send it over, so it should be safer. We haven't seen each other in so many years, it's about time we did." The Holy Son of Confusion said at the end!

Long Chen was ecstatic!

After he embellished the truth and described himself as terrifying, describing himself as an uncertain factor, the cautious Holy Son of Confusion changed her mind.

But it was possible for Long Chen to exist, because he had the door to the universe, and he didn't have his own world to live in, didn't have a foundation, and was wandering everywhere. He simply couldn't catch him, and it was precisely because of this that Di Jun had chased him for such a long time, and was instead killed by Long Chen.

Therefore, the Holy Son of Confusion considered that Long Chen might really take action to seize it, and with such a person in the vicinity, the time tunnel would sooner or later be exposed. To be safe, he decided to let the Anarchic Demoness come here himself, in case any other troubles occurred.

"Go back?" The Emperor Saint Beast could not react for a moment, he was only in it.

But in truth, this was Long Chen's final plan.

His initial plan was like this: First, from the Thousand Transformation Demonic Lord, he would learn the rules of change, and if successful, he would imprison the Thousand Transformation Demonic Lord and transform it into him, then give the Holy Son an additional hint of uncertainty. With the cautious rules of the Primal Chaos Saint Son, there was a possibility that they would return, and this way, Long Chen would successfully blend into their group.

There was a high possibility that he could follow them and enter the time tunnel.

"Yes, let's go back now."

Afterwards, he and the Emperor Saint Beast looked at each other.

"Does the Son not trust us?" Holy Emperor's face was gloomy.

Long Chen shook his head: "Don't think too much about it, naturally it's not like that. It's because the Holy Son is cautious when doing things, and he's worried that the uncertain Long Chen will affect his plans. Moreover, he probably still wanted to meet with the ancestor in his heart. He only needed an excuse. For us Monster race, the father and son being able to coexist harmoniously is a great thing. "

"Well, you're right." The Emperor Saint Beast nodded.

Long Chen heaved a sigh of relief, he had already fooled the Emperor Saint Beast with his own nonsense.

"I don't know much about Thousand Transformation Demonic Lord. "Then try to talk as little as possible," he thought.

Then, the two of them flew back to the time tunnel.

The Emperor Saint Beast itself did not have much to say, so Long Chen was silent. Right now, the biggest problem was how to survive against Holy Son of Confusion and the rest, so he had to understand the Thousand Transformation Demonic Lord a little more.

"In the end, their group is really too strong. I'm practically half a demon clan fighting against them!" To be able to do it to such a degree, Long Chen was surprised at his own tyrannical strength.

"Boss, what does that guy have to do with me?"

"We'll know soon enough."

This time, he definitely had to get what belonged to him for Cat! This was the only gift Long Chen gave to this brother of his. He had followed me on adventures for many years, but he was always protected. Presumably, he was also quite lonely.

After a few days, they returned to the time tunnel.

The Primal Chaos Saint stood closest to the time tunnel, his back facing them. When the other Hierarchs saw them return, they didn't have much of an expression on their face. In the midst of this group of experts, Long Chen had to first suppress his nervousness.

He tried his best not to pay attention to the gazes that were falling on him.

"Son, we're back."

He and the Emperor Saint Beast were half-kneeling in the starry sky as they faced the Holy Son of Confusion's back with incomparable respect. The Holy Son of Confusion seemed to have taken control of an endless realm of space when he fused with space.

He could clearly sense that this Son of Primordial Chaos was no ordinary person!

"Hierarchy is divided into initial state, Perfection and polar state. For example, the Four Great Overlords, the Ancient God of the Wilderness, the Heavenly God's pressure, and more. As for the Hierarchy of the polar state, the ten thousand realms should no longer exist.

"The Hierarchs that you have encountered, be it the Desolation s, s, Hierarch Taihao s, or Hierarch Taihao s, these ten people in front of you, including the Holy Son of Confusion s, are all Hierarchs of the initial state. For example, the Tianyin Region Lord was basically one of the weakest type of Beginner's Realm Hierarch. As for the strongest Beginner's Realm Hierarch, it should be someone like the Holy Son of Confusion, who was said to possess a Creation God Equipment with primitive level and a Infinite Divine Art with primitive level. "And they are all perfectly controlled."

Actually, even without Divine Emperor Yuhua to say, Long Chen could still feel it. For example, people would feel that even ten Tianyin Region Masters were inferior to him. Moreover, primitive level's Creation Divine Artifact and primitive level's Infinite Divine Art, these were things that only people of Ancient God of the Wilderness's level could have.

It could even be said that the Holy Son of Confusion was infinitely close to the Four Great Overlords. In the entire Allworld, the person in front of him was one of the top ten ranked experts. In fact, it might even be the first seven, or even the first under the four Chief Sovereigns.

The difference was enormous.

At least Long Chen could feel that even if he were to add the Primeval Dragon Pagoda into the mix, he might not necessarily be his match.

Therefore, during this trip of the time tunnels, he must be extremely careful, or else something might happen to them. And it was something big. Especially when several powerful Hierarchs followed beside the Married Saint. They were much stronger than the Thousand Transformation Demonic Lord. In here, the Thousand Transformation Demonic Lord were basically at the bottom.

At this time, Holy Son of Confusion's gaze landed on Long Chen and the Emperor Saint Beast.

Long Chen couldn't help but be a little nervous. He was curious as to what relationship this fellow had with Little Cat.

"It's good that you're back. I've already told my father that he's coming this way, and with his speed, he'll be here in a few days." The Holy Son of Confusion said indifferently.

The Emperor Saint Beast lowered its head and did not speak, and so did Long Chen. The two stood up and retreated to the side, with the Holy Son of Confusion's hands behind her back.

"Can the original form of a kitten be of any use to him?" Long Chen was very curious.

Before the era, Cat was an existence that neared ancestral realm, a Hierarch who surpassed polar state. But this Hierarch who only had initial state at the moment, how was she related to Cat? It was normal for the Anarchic Demoness and Cat to have a relationship. After all, the original title of Little Cat was the Reincarnation Demon Ancestor.

After retreating to the side, the other Hierarchs all closed their eyes to rest, waiting for time to pass and for everyone to disperse, no one said a word. They took this opportunity to introduce the other Hierarchs to Long Chen.

After he sneaked in, the more information he had, the less of a chance he had to expose himself.

"First of all, did you see this person?"

"I saw it."

The one that Jadeflower Divine Emperor had instructed was a dark, skinny and sinister Hierarch. In each of his eyes, there were three pupils, and each of them entered the black star, rotated, and swallowed. His baleful aura far surpassed that of the Emperor Saint Beast. He had a feeling that no one was allowed to enter.

"This is Gou Chen, Demon Sovereign." His main body was Chen Liu Star Beast. It is also known as Gou Chen Beast. "

The Jadeflower Divine Emperor basically told all the information he knew about Qu Chen Demon Sovereign to Long Chen one by one. Long Chen memorized all of them.

Then she began to introduce the second person.

This person was the complete opposite of Gou Chen, a white-haired, good-natured man with two goat horns on his head. He could not help but make people feel close to him; he was an auspicious beast. However, its grandeur and grandeur was not inferior to that of Gou Chen, the Demon Lord.

"This is Demon Sovereign Bai Ze, his true form is White Swamp Demonic Beast. He had a very good relationship with Gou Chen Yao Zun. Both of them were of the pinnacle bloodline. Each of them occupy one of the Eastern Star Region's territories, and are all Domain Lords. "

Star Beast, White Swamp Demonic Beast, Myriad Beast, and Emperor Saint Beast were all top tier bloodlines.

Chapter 3048 - Shinbird Merchant Sheep

But in truth, Long Chen knew that the four people he was acquainted with were all at the bottom of the group. The Jadeflower Divine Emperor was introduced according to the order, the order was close to the Holy Son of Confusion, and normally, if one was weak, the farther one stood, for example, the location of the Emperor Saint Beast and he were at the furthest away.

"Do you see those two?"

Taking advantage of their free time, the Jadeflower Divine Emperor introduced them one by one. Long Chen saw two Hierarchs who were relatively closer to him. These two Hierarchs were on the same level as Gou Chen, Demon Elder Chen, and the others.

One of them looked like a man made of stars. His entire body was shining with starlight, and he had the vague bloodline of a Divine Dragon.

One was a girl who was as soft as water. Her watery blue eyes and long hair could intoxicate people. Her surroundings were filled with boundless water vapor.

"They are the Star Wars God and the Supreme Sea God. The main bodies were Astral dragons and Cosmic Sea Deity Beasts. It was said that Astral dragons and Cosmic Sea Deity Beasts would be slightly stronger than the previous ones. But it wasn't too far off. They have basically surpassed the level of ordinary Hierarchs, and are extremely close to the Holy Son of Confusion's."

Indeed.

Long Chen had already seen that those three people were actually the closest to the Holy Son of Confusion. Each of them gave Long Chen the feeling that they were stronger than the Hierarchs he had seen in the past. After all, Long Chen's true realm was Extreme Realm God King.

Until now, he still wasn't even a Divine Emperor.

Defeating a Hierarch was already one of the greatest uses of the Dragon Pagoda.

Jadeflower Divine Emperor introduced them one by one to Long Chen.

The first was a tall and majestic man who looked like a black bear. His eyes were scarlet red, his mouth was huge, and his mouth was filled with fangs. Those eyes were filled with an intense desire, and amongst the nine Hierarchs, he was the one with the heaviest killing intent.

In such a short period of time, he had already taken many things from the Divine Kingdom and eaten them. Now, his mouth was full of fresh blood.

"This is the Taotie Demon Sovereign, its main body is a Taotie, it is an especially terrifying bloodline, as though it is the only one left in the entire Myriad Realms. Taotie has a violent personality and is easy to swallow, but she is the most loyal weapon to the Holy Son of Confusion, just like the dog of the Holy Son.

"Truly powerful!" Long Chen exclaimed with sincere emotion.

He seemed to have guessed that the Taotie's true form was definitely an incomparably huge monster. Its mouth was huge, and it was trying to tear its opponent apart. Bi Ran would have extremely hard leather armor. At that time, even the Ghost Blood Curse might not be able to cut through.

This was a very ordinary woman, her looks were simply too ordinary. With her head lowered, she stood at a corner of the room close to the Holy Son of Confusion.

"She is the mother animal. It looked like a queen bee. He seems to be the leader of the Insect Race, a low-profile demon. There are very few rumors about him, but he is a character that even the Taotie are afraid of.

Long Chen nodded, he indeed knew that these mother animal looked very ordinary, but they were the kind of people that were most terrifying, especially when they were targeted by her.

Of the nine Hierarchs, eight of them had already been introduced.

The last person was right beside Holy Son of Confusion. Actually, Long Chen had already noticed her since a long time ago. When Holy Son of Confusion was not around, she was the leader of the team, and also the third woman.

She was an extremely beautiful woman, a woman who could overturn ten thousand worlds. Her beauty was unparalleled, and she should be even more famous than the Notre Dame de Nine in all ten thousand worlds. Her light green hair was like a waterfall, had an outstanding temperament, was enchanting yet dignified, and was like a tranquil goddess. Standing motionlessly beside the Holy Son of Confusion, she looked gently at the Holy Son of Confusion, forming an extremely beautiful scene.

But she was flawed.

She was perfect from head to toe, except for one leg.

Although the skirt was covered, making it difficult to see anything, Long Chen could still see it with a single glance. The loss of a leg caused her to have a great deal of regret, and was always enough to make

people sad. He felt that such a perfect thing, a masterpiece made by the heavens, should not be missing a leg.

"This is the most elite bloodline of the demon clan, the Flying Bird clan." Although the Undead Phoenix of the Pangu Continent was also a demon bird, they were still inferior to her. She was the true queen of birds. Divine Phoenix was perfect, but she was lacking in it. It was precisely this kind of deficiency that caused her to be so glorious. "She is — the Divine Bird Merchant Sheep."

Normally, people would call her Fairy Shangyang.

Long Chen couldn't help but take a few more glances at the Fairy Shangyang. She was stronger than the Undead Phoenix, so when it came to bloodlines, the Divine Phoenix should be about the same as her. But she did go a little further, she should be in the same realm as Taotie, or maybe even a little stronger.

At this point, Long Chen had already memorized all of the Hierarchs.

He could defeat myriad beasts, Emperor Saint Beast s, Astral dragon s, star beasts that could hook Chen Liu, and White Swamp Demonic Beast s.

There were mother animal s, Taotie s, and Fairy Shangyang s that they could only contend against.

The one who was the least confident, or even the one who was currently absolutely inferior to the other party, was the Holy Son of Confusion.

Ten terrifying opponents.

It really did make his head hurt.

"Moreover, that Anarchic Demoness is rushing over here. He is an Ancestral Beast of the mixed Kun and is proficient in the laws of space. Who knows how fast he will arrive? "His spatial laws, are definitely stronger than Di Jun's."

This was actually what Long Chen was most worried about, so in reality, he didn't have much time. Once Anarchic Demoness arrived, the chances of him getting the kitten's body was practically zero. Therefore, he had to find a chance to enter the time tunnel before he arrived.

If he forced his way in, he would definitely be surrounded and attacked by these nine Hierarchs. He might even lose his life.

The original form of the kitten was of great importance, he absolutely could not act rashly.

After encountering such a situation, even the carefree Cat had become worried. This was the first time something involving himself had happened, so he could not help but ask, "Boss, how about we forget about it? Competing with them now was like striking a stone with an egg. It would be better to wait for some time. Even if my main body were to be snatched away by them, they would still be of no use. When that time comes, you are stronger than them, so there is no need to take the risk in snatching it back. "

Long Chen shook his head: "Since he can sense the existence of your original body, then he might not be able to use it. This may be your last chance. Since they were already here, they definitely could not give up. Don't worry, we have the Two Realms of Life and Death and the Door of the Universe. Even if we lose in the end, we won't be in any danger. This is what we rely on. "

Although the kitten was worried, everyone was full of fighting spirit.

Especially now that he had infiltrated into their midst, he held a certain advantage.

"Now we will see whether this Holy Son of Confusion has any plans to let everyone enter again before the arrival of the Anarchic Demoness."

Long Chen thought.

As long as there was one, he would be able to go in and take a look.

It was very possible that he had a way to enter the time tunnel.

"If we wait here, the longer we wait, the more chance we have to expose ourselves."

One day, two days, half a month had passed.

During this period of time, the Holy Son of Confusion did not move an inch. Looking at the time tunnel, only the gentle Fairy Shangyang occasionally spoke some words to him.

The other Hierarchs didn't dare to get too close and stayed where they were, waiting for Holy Son of Confusion's orders.

Aside from the Emperor Saint Beast, the Hierarchs basically did not communicate with Long Chen either, because this way, there was basically no possibility of it being exposed.

This day had been rather thrilling.

At this time, she turned around and looked at the Hierarchs. Suddenly, she saw Long Chen and she appeared in front of him. After examining him for a while, she suddenly spoke with a soft and sweet voice, "Thousand Transformation Demonic Lord, you seem to be a little different."

When she said that, Long Chen was truly shocked. In this period of time, he didn't say anything.

In that moment, he had already made his preparations to fight. At worst, he would just rush towards the time tunnel in the middle of the battle.

Before Long Chen could react, Fairy Shangyang smiled sweetly. Her smile was very comfortable, it was a girl so gentle that it would make one's heart tremble, and she said: "It's because that day, you questioned the Holy Son and made everyone scold you. Actually, you don't have to care too much about it. Everyone has some weird thoughts, as long as you know that the Son of God would never do something that has no meaning. "So, you don't have to worry too much. Just like you did in the past, just say a few more words and get into a bit of a commotion."

Hearing him, Long Chen then understood that the other party did not even recognize him, he just thought that Thousand Transformation Demonic Lord was scared stiff. He nodded and said, "Thank you, I understand."

"That's good. We are one family. Everyone should open up their hearts. "We share both honor and disgrace." The Fairy Shangyang smiled gently. That faint dimple pear blossom made people feel a deep sense of warmth.

After saying that, Fairy Shangyang left.

This episode only caused Long Chen to be slightly shocked that nothing had happened.

"Are you alright?" Holy Emperor asked.

"I'm fine."

Long Chen looked at the depths of the time tunnel and changed the topic.

A few days later, Holy Son of Confusion suddenly turned his head, looked around at the crowd and said, "I can't wait any longer. Ladies and gentlemen, before my father arrives, and for the last time, we will work together to explore this place and see if we can find the real entrance! I don't believe that just the ten of us can't get in here? "

"Yes sir!"

The Hierarchs didn't have any objections. Basically, all of them agreed.

Long Chen was very surprised. He didn't think that the day would arrive so quickly. He thought it would be dangerous, that he wouldn't even have a chance. As long as he followed them in, as long as the time tunnel was chaotic, he might have a chance to go in alone! This way, he would be able to solve the difficult problems easily.

Chapter 3049 - Giant Time Beast

"One last try."

The Holy Son of Confusion gave everyone time to prepare.

Long Chen was quite surprised to find that he was mixed into the group of Hierarchs. This was a rare opportunity, maybe a time tunnel would enter this place.

After all, he was different from Holy Son of Confusion. Holy Son of Confusion searched for a very long time but to no avail. But he wasn't sure. In terms of the rule of time, Long Chen definitely had a deeper understanding of it than the other party.

Not long after, the nine Hierarchs all lined up in front of Holy Son of Confusion. Their mission was to open up a path for him and let him conserve his strength at the most crucial moment.

In front of him, the whirlpool of time tunnel was very close. The whirlpool of time was changing, as if an invisible force was already pulling at his body. It was hard to stand firm.

Long Chen followed the other Hierarchs and stood in the position he should be standing. Behind him, Holy Son of Confusion's gaze seemed to be on him, but when he looked back, he only saw the deepest part of the time tunnel with an incomparably deep gaze.

"Looks like I was overthinking it."

"Let's go."

Holy Son of Confusion gave the order and the nine Hierarchs moved at almost the same time, forming a ring around the time tunnel. The Holy Son of Confusion was positioned behind the center of the ring.

For the sake of winning the following matches, Long Chen could only try his best to keep himself in line with the others.

At Holy Son of Confusion's command, everyone began to move and rushed towards the deeper parts of the time tunnel. The power of the nine Hierarchs formed a huge impact and turned into a substantial power, like a cone piercing into the time tunnel.

BOOM!

Long Chen finally entered the time tunnel and the surrounding dark space became a quiet and deep tunnel. There was dim light that formed a circle to flicker around them, as if they were flames inside a deep tunnel. It was as if they were heading into the depths of the universe.

The time ocean of Everlasting Dragon City above Dragon Sacrifice Continent actually also contained the laws of opposing time, but compared to this time tunnel, it was simply child's play.

The change in the speed of time here was too great, too strong that ordinary people could not bear it. Back then, the Undead Phoenix also did not really go deep. At this point, the acceleration and deceleration of time were both normal. This was because the transformation of time into a type of pulling force was the most lethal and also something that needed to be overcome with great difficulty.

Huu

The sound of the wind in the surrounding time passed by.

The surrounding tunnel was still expanding, and continuously flashed with starlight. The circular tunnel in front of them was still a bottomless pit, and from everyone's unchanging expression, they could guess that this was actually the shallowest place of time tunnel.

"It's here, I can already feel it!" In the God Nation, Cat seemed a little nervous. He was probably just a slob, but this time, he seemed to be a little fidgety.

"Alright."

Long Chen understood.

Very quickly, the time change had reached an extent that not even Divine Emperor could endure, and only they could still persevere through. Now, even his eyes could see the time cracks caused by the changes in time. This was like a sharp blade; if it cut into his body, it was enough to tear his divine body into two halves.

"The time monster is about to appear. According to the old rules, I'll leave it to you guys to deal with." Holy Son of Confusion was cold and indifferent, an extremely forceful voice came from behind him.

"Yes sir!"

The other deities assented.

"A time beast?" Long Chen had never heard of this before.

"There are blood beasts in Death Realm, and there are similar ones in Living Realm as well. It looks like there are also time tunnels. The Time Giant Beast should be an existence similar to the blood beast." Long Chen thought in his heart.

This was actually the moment of the test!

As expected, as they delved deeper and deeper into the time tunnel and the time energy around them became increasingly violent, it was as if a violent river of time had suddenly appeared.

When Long Chen saw it, he never thought it to be an illusory divine dragon. Its appearance was extremely similar to that of Great Void Cosmic Dragon s, and it had a very large body. Suddenly, it rushed out from deep within the time tunnel, and let out a profound dragon's roar, and with a glance, Long Chen noticed that this' Time Giant Beast 'had a majestic power that exceeded that of blood beast's. Furthermore, its entire body was condensed from the laws of time, and when it attacked, it should be able to form a destructive force similar to that of the Time Storm, or the Time Sword.

It was precisely because of this that the nine Hierarchs were extremely wary of him.

Most importantly, there were a lot of time beasts. In the blink of an eye, more than twenty of them rushed out from the depths of the time tunnel and their numbers were still increasing.

"Roar!"

In the face of the time behemoth, the human form was undoubtedly insignificant. Hence, at this moment, almost all the Hierarchs had transformed into their own bodies!

Immediately, Emperor Saint Beast, Taotie, mother animal, Divine Bird Merchant Yang, and more all appeared in front of Long Chen. Among the nine Hierarchs, eight of them had turned into terrifying demon beasts!

Extremely powerful!

Long Chen's movements were a step too slow. He had never seen the true form of the Thousand Transformation Demonic Lord before, so he was obviously unable to imitate it.

However, at this critical moment, Long Chen suddenly came to a realization. He had seen the King Monstrous Beast that the Thousand Transformation Demonic Lord had transformed into, so at this time, it immediately transformed into a grey ferocious tiger, using the spatial energy that the Thousand Transformation Demonic Lord had used before, to deal with the Time Giant Beast. At this time, practically every single beast had encountered the Time Giant Beast, so no one realized how slow Long Chen's movements just now.

BOOM!

Long Chen himself had to face two Time Gigantic Beasts. Thousand Transformation Demonic Lord's true abilities were not considered strong, thus Long Chen did not dare to perform too exaggeratedly. Instead, he was shocked by how terrifying the original bodies of the other Divine Sovereigns were.

The Astral dragon was an illusory Star Dragon and its body did not exist. Among them, there were tens of thousands of black stars that formed the important acupuncture points of his body. It looked like a star field was moving.

Countless black stars flew up and down, and the silhouette of a Astral dragon could vaguely be seen.

The Cosmic Sea Deity Beast also carried a majestic ocean, so it was impossible to see its true form clearly. However, Long Chen took a closer look and was still able to see clearly that it was a deep blue octopus with blue gems hanging off its body. There were tens of thousands of gems in total, and every blue gem was like her resplendent eyes.

Inside, there was an infinite amount of power.

Taotie! It was a completely ferocious beast, and its divine body was the largest among the nine Hierarchs. It had a bloody mouth, a scarlet tongue, ferocious eyes, sharp claws, and fur as black as a viper.

Long Chen didn't have the time to see the mother animal clearly, but it seemed to be a strange queen bee. It was probably very special, as though there were countless ferocious beasts hidden within his body that could be born at any time.

had seen the Undead Phoenix before, and the bloodlines of the two types of flying beasts were actually very similar. It was just that the Divine Bird Merchant did not have the dominance as Divine Phoenix, but was more ethereal, ethereal, and elegant, like a king who lived alone. He was aloof and cold, like a streak of cyan cold light, defeating the Time Giant Beast at the fastest speed possible!

Long Chen did not have the time to look at the other beasts clearly, he just allowed the time to entangle them.

Long Chen focused on displaying some of the Ancient Leviathan's rules. Against two giant Time Beasts, and at the same time, more Time Beasts appeared.

RUU...!

The power of the nine Hierarchs was like a hot knife through butter, smashing the Time Beasts one by one. The Time Beasts themselves were only a rule and would not truly die, so Long Chen did not need to worry.

His speed was the slowest.

He was not proficient in changing the rules, so this was normal.

The time tunnel s had become a battlefield for rules to fight against all of a sudden. That time huge beast would use several kinds of rules of time, which were extremely powerful, and could even make Emperor Saint Beast and the others stop in their tracks if the time were to stand still. Basically, Divine Emperor could not stop the power of the rules, so the Divine Emperor basically did not dare to enter this place.

"Are you trash!?"

At this time, the Taotie suddenly appeared in front of his eyes, and with a claw, it tore apart the time beast in front of Long Chen.

"You are always the slowest, do you still have any face? "Haha." The Taotie laughed explosively, with a look of contempt on her face. His immense strength knocked Long Chen flying, and then immediately continued to move deeper, dismembering one time beast after another.

The other Hierarchs pretended not to see this.

This was the personality of the Taotie. As the weakest member of the group, Long Chen, was actually looked down upon. Everyone was busy opening up a path for the Holy Son of Confusion, and no one paid much attention to Long Chen.

"Humph!"

Long Chen pretended to be indignant and his speed of fighting with the time beast increased.

With the nine Hierarchs leading the way, the Holy Son of Confusion progressed quickly. With his hands behind his back, his line of sight was always on the deeper parts of the time tunnel.

"The deep sea. We're almost there. The real entrance is in the deep sea."

Long Chen heard the other Hierarchs talking.

It seems this deep sea should be where the resistance is even greater. When he looked deeper, he could also see that there seemed to be light dripping down from the bottom of the time tunnel, which appeared to be a very rare and quiet place.

"It's going to be a critical moment soon!"

"Victory or defeat will be decided in one move!"

At this point, all of the Hierarchs' expressions became serious.

Long Chen was a little nervous. After all, this was the most critical moment for him.

"As long as I get to the depths of the sea, it won't be easy for me to get there. If I run away, I might be able to find the entrance by myself.

However, the closer he got to the depths of the ocean, the more an ominous premonition arose in Long Chen's heart.

It was as if he had become the center of the other Hierarchs. Unknowingly, they seemed to surround him.

Chapter 3050 - Calculations

"Was it my imagination?" This was the most critical moment, so Long Chen had no choice but to be cautious.

After all, a time tunnel's item was way too important to a kitten.

"Probably not." Li Xuanji suddenly said: "Maybe we revealed some flaw, I also felt that something was wrong. Even though it looked casual, but from the start till now, I felt as though I was being surrounded and restricted. They always put you in a position where you couldn't leave. This is definitely not a coincidence. "

Hearing Li Xuanji's words, Long Chen understood in his heart. Now it seemed like, it was not that the Holy Son of Confusion had fallen into his trap, but he had fallen into his trap.

Right at this moment, they reached the deep sea in front of them.

BOOM!

The gigantic beasts crashed into a sea at the deepest part of the time tunnel, causing waves to splash all over the sky. The entire ocean started to shake, but Long Chen could clearly feel that this ocean was formed from the power of time. This was a sea of time.

The Time Sea of the Everlasting Dragon City was just ordinary water, and here, every drop of water and time sea was transformed by the power of time. Although it looked calm and peaceful right now, if there really was an upheaval, it would probably be terrifying. With so much time power, each drop could destroy a large area!

But Long Chen's focus was no longer on the deep sea water.

After entering, he transformed into a humanoid Thousand Transformation Demonic Lord and stopped in his tracks. The moment he stopped, the other eight Hierarchs also stopped moving.

They looked at Long Chen with tiger like eyes and then morphed into a human too, surrounding Long Chen in a circle. The Holy Son of Confusion among them, who had a calm temperament, was standing right in front of Long Chen. The eyes of this person, who was at the top in terms of strength among all realms, were illusory, possessing three types of terrifying laws. Just standing like this already brought Long Chen a lot of pressure.

At this time, the depths of the sea was extremely quiet.

"I didn't expect you to actually find out." Holy Son of Confusion helplessly shook his head, and said with a slight smile.

The nine Hierarchs formed an immense pressure, forming an irresistible cage. Under these circumstances, Long Chen was simply unable to move.

However, there was always a chance to see through their movements.

"It's probably because I never thought that my disguise would actually be discovered by you."

Long Chen looked around at them, his gaze finally landing on Holy Son of Confusion. Amongst this group of people, he was the most terrifying.

Long Chen now roughly understood, it was clear that they knew about his disguise as the Thousand Transformation Demonic Lord before they sent it. Then, it looks like they had planned to enter this time

with the time tunnel, as for its purpose, Long Chen had some doubts, what exactly did they want to do by luring him here?

Long Chen transformed back to his original form, and fought the nine Hierarchs head on.

Holy Son of Confusion looked at Fairy Shangyang beside him and said, "I didn't discover her, she did. She knew it when she talked to you. Although it is impossible to believe that you know the rules, you cannot deny that there are times when women are spies. "

It was as though he was chatting, but the eight Hierarchs under his command were filled with killing intent.

"What did you do to the Thousand Transformation Demonic Lord!?"

"Hurry up and release him. Our Son might be able to give you a way out."

"Long Chen, at this point, don't try to be brave. He finally got his final regret. This is the world of our demon clan, and you can only be ruled. "

Especially the Taotie, the killing intent in its eyes was the densest.

It was true that Long Chen was in a passive state, with killing intent all hiding in the deepest parts of his body. Just like this time tunnel, although he looked calm and peaceful, it was soon time for a storm to break out.

Holy Son of Confusion was extremely calm as he said, "Even though we have sensed that you are Long Chen, our plan has still been seen through by you. I originally thought that you had a way to let us into this world, that you would be the one to crack the trap, but now you know. I can only subdue you. As for the time tunnel, wait for my father. "

The Holy Son of Confusion was the kind of person who would do whatever he wanted.

After he finished speaking, he immediately gave the order. At the same time, all the Hierarchs attacked at nearly the same time; Under these circumstances, Long Chen's only option was to break through his limits and quickly escape into the Death Realm, otherwise it would be fatal. If it was even slightly slower, it would have completely vanished into thin air.

Whoosh!

The rules of the nine Hierarchs were met at the same time, but Long Chen had disappeared.

still had some lingering fear after entering the Death Realm. This time was simply too dangerous, there were still two realms left to live in.

"Boss, what are you going to do? I think I can roughly sense where the entrance they're looking for is. " At this moment, Cat spoke nervously.

"Do you know?" Long Chen laughed. After escaping from the encirclement, his mind had cleared up a lot as he said: "Then let's wait for them to leave. Once they leave, we'll go look for them ourselves."

He had only changed into a Thousand Transformation Demonic Lord for more than ten days, so he did not have the time to open the Death Realm and leave behind his brand. Right now, the brand of the other rules had basically disappeared, so Long Chen had to leave the Death Realm.

Moreover, they had finally made it here, and Long Chen really didn't want to give up.

However, at this time, he heard the Holy Son of Confusion speak from outside: "Long Chen, I know you very well. You know what you're good at, what the two realms of life and death are. You can only last for ten days at most. If you don't come out of this place within a few days, you will have no fate with this place. When you come back, this place will be my world. "

The Holy Son of Confusion knew about the characteristics of Long Chen's Death Realm's Gate.

When the door opened, it would close in ten days.

The other open doors had already closed.

As long as they stayed outside, Long Chen would have no way of helping them. If he waited more than ten days, and the last one to open the gate was all closed, then he would not be able to leave. He could only try again from the third heaven, which would take at least two months.

The Giant Leviathan's Ancestor was proficient in the Laws of Space. Who knew when he would arrive?

For a time, everyone in the Divine Kingdom was at their wit's end.

"This Holy Son of Confusion is truly amazing, he has long known you."

"This way, we will be in a passive position."

"What should I do now?"

At that moment, everyone started to discuss with one another.

Long Chen made the final decision, and said straightforwardly: "Since it's a stalemate, then let's fight. Let Little Xi use the Door of the Universe. As long as I shift my position in the deep sea, I will be able to get rid of them. Then, we'll open even more doors to the Death Realm here, just like when we were at the Cosmic Bee Cave. Even if that Leviathan's Ancestor comes, he wouldn't be able to do anything to us."

"Alright." Ling Xi nodded.

The speed at which she used the Door of the Universe was still very fast, especially with the small teleportation distance. Right now, the deep sea seemed to be in a very calm state, and the danger of teleporting wasn't that great.

Long Chen was decisive in his actions.

He and Ling Xi were ready.

At this time, the Primordial Dragon Pagoda touched the seal on the Thousand Transformation Demonic Lord, and the Buried Heavens Coffin was removed as well. The Thousand Transformation Demonic Lord gradually woke up, and while he was still unconscious, Long Chen suddenly opened the last door to the Death Realm, and directly threw him out!

Thousand Transformation Demonic Lord still hadn't fully reacted!

Outside, the nine Hierarchs, including the Holy Son of Confusion, had long since been prepared. When Long Chen's Death Realm's door was opened, their heaven-shaking, earth-shattering, rule-of-law

attacks wreaked havoc at practically the same time. They descended with destructive power, all of them smashing onto the Thousand Transformation Demonic Lord's body!

"AHH!"

Before Thousand Transformation Demonic Lord could even react, the rules of the nine Hierarchs were immediately evaporated, and their bodies were smashed into smithereens!

Doing that was something that he could not do anything about, if not for that, and Long Chen came out of it, the one who was going to die would be Long Chen. A dignified Hierarch was instantly killed in a sieging attack. From this, it could be seen just how determined they were to kill Long Chen!

All of this came from the order of the Holy Son of Confusion.

This Holy Son of Confusion was indeed decisive in his actions, cold-blooded and proud.

The moment Thousand Transformation Demonic Lord died and realized that they had killed the wrong person, the various Hierarchs immediately stopped. Long Chen seized this chance and rushed out, opening the door to the universe beside him, before the nine Hierarchs could make their move again, he had already entered!

"Everyone, goodbye!"

Long Chen's voice was still echoing in the air.

"Thousand Transformation Demonic Lord!" Seeing that the one who died was the Thousand Transformation Demonic Lord, all the Hierarchs were in a state of turmoil, naturally unable to attack Long Chen again. especially the Emperor Saint Beast, he had the best relationship with the Thousand Transformation Demonic Lord. At this time, when he saw that the Thousand Transformation Demonic Lord was completely caught off guard and was directly killed, he was instantly stupefied.

"How could this be?"

The other Hierarchs were also dumbfounded.

But it could not be denied that they were too ruthless, and did not give them the slightest chance, which resulted in the death of the Thousand Transformation Demonic Lord.

Of course, all the Hierarchs shifted this hatred onto Long Chen. As a result, an unprecedented hatred erupted from the depths of the ocean, and everyone's gaze focused on the Holy Son of Confusion!

"Son of God!"

"Alright, I'll give you a satisfactory answer." The Holy Son of Confusion's face was indifferent. Just as he finished speaking, all of a sudden, the deep sea started to rage, the power of time warping to the extreme, even more terrifying than the giant beast of time. In such a situation, finding the next entrance was naturally more difficult than ascending to the heavens!

Holy Son of Confusion led the Hierarchs and disappeared into the darkness.

RUUMMBLLLLL!

The moment Long Chen appeared, he encountered an explosion in time, but he could still be considered to be proficient in the laws of time, so he could temporarily control it.

"Boss, I know the location. Once we get there, we'll leave them far behind." Only now did Cat start to get excited. The pressure from before was all gone.

As for the Thousand Transformation Demonic Lord, Long Chen could only express helplessness, he never thought that the nine Hierarchs would be so ruthless. If they didn't want to kill Long Chen right away, then the Thousand Transformation Demonic Lord wouldn't have to die.
