

War God 3081

Chapter 3081 - Reincarnation Godly Beast

The Anarchic Demoness got closer to him.

However, it was also over.

After the Holy Son of Confusion was defeated, Long Chen originally did not have the intention to kill him, but he chose to destroy himself!

Long Chen could only slightly understand this Holy Son of Confusion. He thought highly of himself and firmly believed that it was fate and fortune that met him and lost in this most important battle. This was too big of a blow to him. But to Long Chen, he would definitely not do that. If he had a chance to live, he definitely would not die.

As for the death of the Holy Son of Confusion, although he was startled for a moment, he did not care too much about it. No matter how strong the Holy Son of Confusion was, he was still a fellow who couldn't afford to lose.

The key was the kitten's body.

There were three of them.

After the Holy Son of Confusion died in battle, the Divine Kingdom was exposed, and Long Chen quickly took the things he needed in hand. Right at this moment, a ray of light was about to escape. It was the Divine Manifestation Sword, the Great Void Demon Sword! The Holy Son of Confusion was gone, such a precious thing, of course he wouldn't let them escape.

"Whiz!"

Long Chen reached out and grabbed the Great Void Demon Sword, and while the other party was struggling to struggle free, he directly threw it into the Death Realm. As long as they entered the

Death Realm, no matter how much they tried to struggle free from it, they would not be able to leave it.

Long Chen had plenty of time to control it.

After much effort, they finally found all the items.

In the middle of Death Realm, the Great Void Demon Sword was flying through the sea of blood, but the Fairy Shangyang was left alone in a daze.

"Wait until I figure out a way to leave this place, then I'll let you leave."

"Well, the question is, how do you get out?"

Long Chen did not know either, but he believed that the ship would naturally go straight ahead.

This time tunnel was the territory of the Great Void Cosmic Dragon. There was a core in both life and death realms, so there should be a core here as well. I just haven't found it yet. The most important thing right now was that it was time to put the kitten back together.

Currently, his head, torso, tail and limbs are all in Living Realm. The little kitten was in the Living Realm, and these things were floating in front of his eyes and fusing together.

The seven kinds of crystals formed a transparent crystal beast in front of Cat. At the start, there was still a relatively large gap, but as time passed, it would not take long before it was all settled. He did not know what would happen to the kitten or what would happen to it.

However, the Anarchic Demoness had arrived.

This was an Ancestral Beast that was basically no different from a Holy Son of Confusion. It was just that it looked like it had existed for a long time. Of course, their appearances were the same, but their divine might and auras were completely different. The person in front of him was the real number one of the Monster race!

Anarchic Demoness!

One of the four Chief Sovereigns!

Long Chen did not dare to approach him, as he was already quite a distance away. His son had just died in front of his eyes because of him as well. This enmity had been formed. Originally, Long Chen did not want to form this kind of hatred with the other party.

If he wanted to commit suicide, Long Chen had no other choice.

Now that he was facing the Anarchic Demoness, even if the other party was the kind of guy who hid his strength, Long Chen could still feel that deep hatred from him.

In actuality, if he didn't still want to control the time tunnel, he would have been able to leave the two Realms of Life and Death directly with the three Heavens and the Pangu Continent.

Seeing this Anarchic Demoness, Long Chen calmed his heart and focused, he was not worried at all, after all, he was extremely close to the other party's level. He said, "I did not anticipate his final decision."

Anarchic Demoness stayed where he was and did not approach. His eyes were fixated on Long Chen and the illusionary space flickered with a cold light, as though it was a world of ice.

Anarchic Demoness's voice was heavy and it sounded old. He said, "It was indeed his own choice. If I lose to you in battle, I would have nothing to say. He can't afford to lose, it really has nothing to do with you. However, as a father, I have to give him an explanation no matter what. So don't blame me for being rude. Even if you escape from today, you will not be able to escape for the rest of your life. "

This was the attitude of the Anarchic Demoness.

Heavenly Dao Saint Emperor s, Ancient God of the Wilderness s, none of them wanted to be enemies with Long Chen. But Anarchic Demoness was not like that. But it was also normal.

If Long Chen was him, he would do the same.

It was obvious that he was still here. The other party must be after him! Of course, Long Chen was also unwilling to leave the time tunnel like this. Perhaps there was a deeper secret here that he had yet to discover!

Perhaps, as long as he remains here, the Anarchic Demoness will guard him within this Eternal Whirlpool!

"Your decision is normal. Since that's the case, I have nothing else to say. Goodbye. "

The two realms of life and death were truly Long Chen's greatest reliance. At this time, he didn't say anything and directly went into the Living Realm. The Fairy Shangyang had already calmed down to the depths of the blood ocean, the events of today had a huge impact on her.

If you enter the Living Realm, then I'll have to trouble the Anarchic Demoness. However, Long Chen still had to appear at times on the time tunnels in order to guarantee the existence of the Death Realm's Dragon Gate. Otherwise, after more than ten days had passed, he would have no choice but to leave from the Pangu Continent's exit.

The Anarchic Demoness should be aware of this fact, so Long Chen did not know what he would plan for the Everlasting Whirlpool during this period. However, it would definitely be more dangerous than the Holy Son of Confusion, so it would not be an easy time for him to not leave for even a single moment.

Of course, Long Chen was more concerned about the matter regarding Little Cat.

After arriving in the middle of the Living Realm, Long Chen and the rest circled around the Reincarnation Godly Beast's body. Little Cat stood at the very front, his eyes shining brightly, curiously watching the fusion of the original body.

For the rest of the day, everyone waited quietly.

Long Chen could occasionally feel the Anarchic Demoness passing by his Dragon Door. It seemed that he had not given up.

In front of his eyes, that small crystal beast had already taken shape, and its body was even flowing with light energy. All of its parts had been merged together, and the cracks on its body had gradually disappeared.

"Boss, it's summoning me!"

When the kitten was excited.

At this time, he had turned into a giant white fat cat and was pacing beside the small crystal beast, about to pounce on it at any time. At this moment, he was like a small financial fanatic who had seen a treasure that covered the sky and was overjoyed.

Finally, the small crystal beast had completely fused with each other, forming a complete main body. When this moment arrived, the small crystal beast released a terrifying pressure. This pressure belonged to the supreme demon clan! Under this pressure, everyone was forced to retreat. Long Chen moved the others to another location in the Living Realm, and only the few of them stayed behind.

Only they, could barely endure the pressure from this Dragon Sacrifice Continent's former Goblin Sovereign!

"The peak of the Reincarnation Godly Beasts is much stronger than the Anarchic Demonesses. At that time, the kitten seemed to have been the reincarnation of a Demonic Ancestor. That was true ancestral realm. Even though it wasn't as powerful as the Ancestral Dragon, it was still very powerful. If he can quickly reach the ancestral realm, then it would be very powerful. "

What he did not know was that the kitten wanted to merge with its original body and truly recover to its peak. How long would it take?

The shorter the time, the greater the help he could get from the kitten.

One could imagine, if there was an additional ancestral realm by his side, then he would instantly dominate all the realms. At that time, it would be a piece of cake to find a way to break the seal on the Ancestral Star, bring back billions of divine dragons, and even find the Ancestral Dragon's origin dragon soul!

"Boss, I'm starting!"

The moment he came into contact with the little crystal beast, it started fusing with the little crystal beast. However, its original body fell down softly, and an incomplete soul belonging to Cat entered the little crystal beast's body.

Long Chen remembered that the kitten's body was given to him by Long Qinglan back then.

He finally couldn't use it anymore.

He had found the body that truly belonged to him.

When the soul entered the small crystal beast's body, it started to change. But after Long Chen packed up the little kitten's body, it seemed to have already fused with its body, causing the small crystal beast to transform from a dead creature into a living creature.

Long Chen carefully sensed it and said, "The soul and body have already been perfectly combined. However, in order to fully awaken, a certain amount of time was needed. However, he wasn't sure about the time. It might be a few days until he succeeded, or it might take even longer. However, it cannot be denied that after the kitten wakes up, its strength will definitely be extremely powerful. "

He moved Little Cat to a quiet place in the Living Realm, letting him wake up with peace of mind from the seal of a certain era.

"This kitten will be proud in the future. Based on his temper, he better not cause the entire Ten Thousand Worlds to become a mess. " Mo Xiaolang smiled slightly.

"It's fine, if he dares to act recklessly, I'll control him!"

Zhu Xi said angrily. Although he didn't look too happy seeing Cat getting such a chance to become stronger, she was actually very happy for Cat.

Everyone started laughing until Zhu Xi's face turned red.

"Big brother, how should we deal with that guy outside?"

Mo Xiaolang asked.

Long Chen said: "This time tunnel is the territory of the Great Void Cosmic Dragon, I must obtain the core of this place, so I cannot leave this place for the time being. Once we get the core here, if we stay on the fourth floor of the Tower of Time, we'll be there ten thousand times faster than outside. What we lack the most now is time, and this place will allow all of our divine dragons to grow rapidly, including the awakening of the kittens, to be ten thousand times stronger than outside! So this is crucial. "

When they thought about it carefully, it was indeed scary. Originally, even Divine Dragons needed time to grow, if they were on the fourth floor of the Tower of Time, then it would be a lot faster.

Long Chen continued: "So, you can now be considered to be in competition with the Anarchic Demoness. However, I am prepared to first ponder over the rules that I have just comprehended, and then, I will settle the matter of the Great Void Demon Sword. This way, we can possibly have the power to tangle with the Anarchic Demoness. "

Now was the time to fully improve!

Once the core of the time tunnel is settled, it would be the time to head towards the Ancestral Star in all aspects!

Chapter 3082 - The Core of Time

In the middle of Living Realm, Long Chen sat cross-legged on a mountain peak quietly.

Previously, she had played with Long Yan for a while, but now that she was tired and had fallen asleep, with Ling Xi guarding her, Long Chen could cultivate in peace. After all, this was still a rather important time, and time was of the essence.

His attention was naturally on the new rule of fusing the rules of slaughter and karma.

The Death Realm's Killing technique had perfectly merged with the Karma Thrust, giving birth to a move with extremely strong killing power. However, it was a completely different set of rules from the Destiny Killing Technique. In terms of lethality, this new rule was definitely stronger.

The Destiny Killing technique was unstoppable and strange, but its effects were unique. But normally, he would need to add another move before he could truly kill his opponent.

Now that he had calmed his heart and thought about it, the rules of this move was clearly displayed before his eyes. Long Chen, through practice after practice, familiarized himself with these rules and truly mastered them.

It took him a while.

After roughly mastering the basics, he stopped. After all, there were other important rules.

Generally speaking, the fusion rule itself had no name, and was not something that Long Chen had directly inherited from his Inherited Blood.

Therefore, he had to give these rules a name.

"Karma is formed through slaughter, and it is powerful. This is an even more powerful rule of slaughter." Kill the enemy, make the enemy walk the path of rebirth. If you want to kill it with a single sword strike, you can call it 'metaplasia'."

In this way, it was simple to understand and extremely domineering.

had already realized that the destructive power of the Destiny Killing Technique and the metaplasia was extremely strong because they were fused together according to the laws.

In fact, it was very likely that he would be able to achieve an even greater effect if he advanced to a higher level. It was even possible for him to break through this critical point.

"In the future, I'll have to spend more effort on fusing them. Now that I have mastered six types of rules, if I were able to fuse two of them together, the original rules would have many changes. it has formed into dozens of rules similar to the metaplasia."

Of course, this was only one of Long Chen's fantasies. After all, it was unlikely that any of the two types of laws could be fused together.

"If the three types of rules can be fused together, or even the six types of rules can be fused into one, then what terrifying thing would happen?"

Long Chen was filled with hope for the future.

His current mission was to have sufficient strength to save the cursed divine dragons before the Heaven-Devouring Race discovered them or swallowed them up. At the same time, he would cultivate even more divine dragons in the Divine Kingdom.

The final goal was naturally to let the divine dragon return to the ten thousand worlds!

"It's time to go clean up the Great Void Demon Sword."

After finishing the metaplasia, Long Chen immediately moved from Living Realm to Death Realm. Fairy Shangyang stayed silent for a long time. Seeing Long Chen coming over, he did not say anything, but the Great Void Demon Sword, which had been in an uproar for a long time, had now stopped struggling.

"Do you understand?" Long Chen appeared in front of the illusory Great Void Demon Sword.

This was Long Chen's goal. When the Great Void Demon Sword finds out that it can't get out, it will definitely stop to think. His master, the Holy Son of Confusion, was already reborn. It will naturally think about what it should do in the future.

If they could escape to Anarchic Demoness's side, that would be for the best.

At that time, the Anarchic Demoness had the Dual Blades of Space and Time on his own. It was only when Holy Son of Confusion became stronger that Anarchic Demoness gave the Great Void Demon Sword to him. Just go back, that's all.

The problem was that it was trapped in the Death Realm.

Long Chen would never let it out.

Unless he was killed by the Anarchic Demoness.

However, it also knew clearly that it would not be an easy task for the Anarchic Demoneess to kill Long Chen. Furthermore, Long Chen definitely did not possess that many worlds to think about.

Long Chen gave it two clear choices.

Either surrender immediately, or be subdued by Long Chen.

It was just that from the battle between Long Chen and the Holy Son of Confusion, if they did not surrender, they would definitely be conquered.

That was why Long Chen asked, did it understand?

At this time, an illusory fish appeared within the Great Void Demon Sword. The fish swam beside the sword, staring at Long Chen with its big eyes.

This is the Time Kun.

Long Chen did not expect that the Great Void Demon Sword's Creation Heroic Spirit, would actually be a Time Kun, and a pure Time Kun at that. It wasn't the Lurker Ancestral Beast.

"I don't seem to have a choice."

The Time Kun's voice sounded a little like a child's voice.

After hearing his words, Long Chen was relieved, he was too lazy to fight with the Great Void Demon Sword.

"All I know about you is that you have fought against the Holy Son of Confusion and the other two with your own power. So far, you have only defeated ten of them. In addition, you have already mastered the laws of time. You are not a member of the Spirit Demon race, but you have a bloodline that is similar to even the Lurker Ancestral Beast. Since I am unable to return to the Anarchic Demoneess's side, I can only surrender. "

The Great Void Demon Sword was very straightforward, so Long Chen saved himself a lot of trouble, and he quite liked the style of the sword.

"Most importantly, although I have very little interaction with you. Never even heard of you before. It's like you just popped out of nowhere in the Ten Thousand Worlds. However, from my intuition, you are currently an outstanding existence, and in the future, you will even surpass the limit of ten thousand worlds. So, I think that my Great Void Demon Sword will choose you. "

The Great Void Demon Sword is basically one of the ten strongest divine weapons in all of the Ten Thousand Realms.

But now, he had obtained it.

With the eyes of the Great Void Demon Sword, the fact that it could recognize Long Chen so quickly was sufficient proof of Long Chen's current excellence. Especially this time's battle with the time tunnel. A 1v10, a complete victory!

This was a time-owning sword, and the moment Holy Son of Confusion unleashed it, Long Chen's eyes turned red with envy. This was the most outstanding Creation Divine Artifact that he could imagine! The sharp sword of time, had never witnessed it before! Especially when it was combined with the Primal Dragon Pagoda, just how powerful would it be? Everyone was looking forward to it!

The realm of Divine Emperor! The Power of the Dragon God of All Things! Destiny Killing Technique! metaplasia! Beginner Dragon Pagoda! The Great Void Demon Sword!

Even though he was still in Divine Emperor, it was very likely that Long Chen was the strongest person among the Ten Thousand Worlds, below the Four Great Overlords! It was just that many people in the myriad realms didn't know about the battle between Long Chen and Holy Son of Confusion.

Ding!

Long Chen held out his hand and held onto the Great Void Demon Sword. The sword was as smooth as a fish in his hands, as if it could slip away from his grasp. It was just that now that the Great Void Demon Sword had recognized Long Chen, he could easily control it.

The Great Void Demon Sword had the God of Creation's divine energy that was not inferior to the Primeval Dragon Pagoda's.

Without spending much effort, Long Chen managed to control the Great Void Demon Sword and successfully fused it with the Great Void Demon Sword's God of Creation. The boundless energy surged within Long Chen's body. When Long Chen casually struck out with his sword, instantly, even the space of the Death Realm was torn apart to create a thirty thousand meters long mark, causing a massive space to become chaotic.

"If you add on the Creation Dragon Pagoda's Creation God Power, it would be even more amazing."

Feeling such surging power, Long Chen's heart stirred. Perhaps in the near future, he would stand at the peak of the ten thousand worlds. The position of Innate Sovereign in Holy Son of Confusion's fantasy would belong to Long Chen in the future!

"Great Void Demonic Sword attack, Beginner Dragon Pagoda defense." Even the four Chief Sovereigns wouldn't necessarily possess a Creation Divine Artifact with two primitive level! In that case, my battle power should be able to approach that of the four Chief Sovereigns. "

Especially Long Chen's current big enemy amongst the time tunnel, the Anarchic Demoness.

Now that he had settled the metaplasia and the Great Void Demon Sword, he had to get out as soon as possible and find the time tunnel's core to grasp the initiative. Develop your own grand plans!

"It's been ten days, but there aren't many Death Realm Dragon Gates left. I have to get out. "

After Long Chen gave his instructions to Ling Xi and the others, he left the Death Realm alone.

"Long Chen." Fairy Shangyang suddenly stopped him.

"Why?"

"The ancestor is different from the saint child. His attainment is much deeper. You should still be careful."

"Understood!"

After all, this was a battle against one of the four Chief Sovereigns. Even if he had the Great Void Demon Sword under his control, Long Chen still would not dare to be the slightest bit careless. He knew very well that the person he was facing was the ruler of the entire Eastern Star Region.

Returning to the time tunnel's everlasting whirlpool, Long Chen quickly moved away, leaving behind more of the Death Realm's Dragon Gate. It was convenient for him to come out himself and establish a connection with the time tunnel.

The Eternal Whirlpool still howled.

Long Chen grasped the Great Void Demon Sword. Through the sword, he could better grasp the surrounding time, which was the same as the Holy Son of Confusion before him.

"I can't find the core you're looking for. Never noticed. "Maybe it's too far away from where we are."

After searching for a while, the Great Void Demon Sword said.

Long Chen's conclusion was about the same.

"Then move on. In any case, the Eternal Whirlpool is quite large.

Of course, he still had to pay attention to the movements of the anarchist at all times, so Long Chen basically had to put more energy into guarding against the anarchist. Let the Great Void Demon Sword search for the time tunnel's core.

"There is a high chance that there is a core between the Life and Death Realms. Once I control this place, I can return to the Tower of Time and freely roam around the time tunnel.

Therefore, this was the reason why Long Chen had no choice but to stay here.

He spent the rest of the time wandering around in the whirlpool, searching for something while hiding himself. The Anarchic Demoness did not seem to know where he went. Long Chen had a dozen or so days worth of time to not let the Anarchic Demoness find him.

However, there was no news about the core in the past ten days, so he was slightly anxious.

"Could it be that there's no core?"

Just as this thought appeared in his mind, Anarchic Demoness suddenly appeared in front of him. She looked at him indifferently and said, "You have been looking for this for more than ten days, have you been looking for it?"

After he finished speaking, there was some movement between his brows. A beam of light split open and gradually expanded, finally forming an illusory eye. On it, time flowed around like a reincarnation cycle.

That was what Long Chen was looking for — the core of the time tunnel!

Chapter 3083 - Changing the itinerary

"This thing is truly strange. It actually allowed me to control this mystical world." The Anarchic Demoness said. With a thought, the third eye on his forehead started to disappear.

He looked coldly at his hands, and as his hands changed, the entire Eternal Whirlpool actually transformed as well, forming an incomparably large sea of chaotic time under his control!

The Eternal Whirlpool was extremely terrifying. Once it was under the control of the enemy, especially when it was under their control, it would undoubtedly be even more terrifying.

Long Chen was simply stunned.

Why did he get the time tunnel's core first?

Long Chen searched for more than ten days, thinking that he didn't even exist!

"This is troublesome!"

At that time, the core of the Death Realm had also fallen into the hands of the Heavenly Demon Era, which resulted in Long Chen's narrow escape from death.

"You must not believe how I got it. Speaking of which, I don't believe it either. Perhaps I was just lucky. On the day I arrived, this thing just happened to float in front of my eyes. I took it in hand and suddenly realised that there was a huge connection between this object and the vast world. Thus, I took the opportunity to fuse it. Right now, you should know very well what kind of situation I am in right? "

If it was the same as the Life and Death Realms, then naturally the time tunnel would become his territory!

In this place, he was as if the Sector lord in this world had slaughtered him, and Long Chen had lost all initiative!

This reminded Long Chen of the Heavenly Demon from the era.

His eyes stared deeply at the Anarchic Demoness who had yet to make a move. Clearly, the Eternal Whirlpool was the best place for him to fight. He could control time on a large scale!

"Once he slows down the time around me, then I'll be in trouble. Wouldn't I be like a turtle in a jar?"

"The only way to take away that core is to kill him! Just like the Heavenly Demon Genesis. "

"However, he is not a Age Sky Demon, and the advantage of this Eternal Whirlpool is not as simple as the Death Realm. If Anarchic Demoness were to use the advantages of this Everlasting Vortex, I wouldn't even be able to escape! "

In an instant, many thoughts passed through Long Chen's mind, allowing him to deeply understand the danger and troubles he was facing right now. A problem that was even more complicated than the Holy Son of Confusion was right in front of him.

"Of course, if Cat can wake up, maybe we can control his abilities. But who knows when he will succeed?"

Anarchic Demoness seemed to be able to see the changes in Long Chen's heart.

"You killed my son, so naturally, you and I will not rest until we die. I have the upper hand now, given how much you desire this item. Since you want it, then come and snatch it. Coincidentally, I also want your life. To pay homage to my son. "

Although the ancestor had said those words, his expression was extremely cold, causing people to be unable to fathom just how big of a blow the death of Holy Son of Confusion was to him.

"In addition, the Great Void Demon Sword is our clan's divine item, it can't fall into your hands."

When he was speaking, anarchist was already rather rude. His hand changed and instantly, a surge of primitive level descended, condensing into an illusory blade edge in his hand. Except for the difference in attributes, in any other aspect, this blade edge was extremely similar to the Great Void Demon Sword.

This was one of the Demon Race's Twin Space-Time Blades, the first Divine Weapon of Myriad Realms that belonged to the Space. It was called: Universal Demonic Saber. The universe was the universe itself. This was a divine weapon that ruled over the universe. The Myriad Realms Divine Sword had the same attribute as the Universal Demonic Saber, but the Universal Demonic Saber was like the ancestor of the Myriad Realms Divine Sword, it was unknown how much stronger it was.

The illusory sword was held in Anarchic Demoness's hands! This one had a perfect Tai Yi Shen Jing! He might even be the number one person in the entire Ten Thousand Worlds! Adding on the fact that he could control the Eternal Vortex, even though Long Chen was getting stronger and stronger, he instantly realized that she would only get slaughtered in this place as a result of the terrifying time changes of the Eternal Vortex.

The other party had the time tunnel's core, then there would be no possibility of a fair battle. Unless the other party was willing to go out and fight with Long Chen, Long Chen would probably give it a try!

"time tunnel!"

Long Chen was not willing!

How could the item he was looking for come into the other party's hands so easily? His opponent's luck was also extremely good. Of course, perhaps the other party had just lost his son, and this bit of good fortune was unable to make him happy.

Anarchic Demoness, make your move!

His goal was simple and pure, and that was to kill Long Chen! In the past, Long Chen could constantly avoid him, but now that he had what Long Chen wanted, he seemed to have something on Long Chen's hand!

He quickly and violently moved forward with the Universal Demonic Saber in hand. In an instant, there were two huge changes, the first was that the space around Long Chen had become extremely slow, with time slowing down without any limit. This way, no matter how fast Long Chen was, in the eyes of the other party, it was simply like slow movements! The other change was that the Universal Demonic Saber's divine hand, like the Holy Son of Confusion's, directly penetrated through space. It was grasped in one hand by the Chaotic Demon Clan member on the other, and actually slashed right in front of Long Chen's eyes!

A sense of deadly crisis suddenly appeared!

Even if the opponent wasn't particularly proficient in controlling the Eternal Whirlpool, it was still fatal. In that moment of life and death, the only thing Long Chen could do was to escape, otherwise, he would have been killed instantly by the opponent who controlled the Everlasting Whirlpool!

In fact, he had long since prepared the Death Realm's Dragon Gate!

"Quick, quick, quick!"

Swish!

Only when one end of the Universal Demonic Saber pierced Long Chen's arm did Long Chen enter. Only after entering did he recover his strength, only then did he swiftly close the Death Realm's Dragon Door, and escape the other side's slaughter!

Even so, his heart was still in turmoil!

"If I had tried to resist just now, I wouldn't have been able to survive. He can control the Eternal Whirlpool. In this battle, the advantages are far too great! "

For example, if he was able to familiarize himself with it, and quickly let Long Chen enter an area that was ten thousand times slower, and he was in an area that was ten thousand times faster, when he attacked over there, Long Chen would basically be no different from sitting still, probably allowing him to kill as he wished. Fortunately, the other party was not very proficient at the moment!

Looking at the sea of blood below him, Long Chen hurriedly told himself: Calm, I have to be calm!

In the God Kingdom and Living Realm, everyone looked at each other when they saw this situation.

"Brother Chen, I feel that it is basically impossible to snatch the core away from the opponent in the Eternal Whirlpool like how you snatched away the Death Realm's core. Therefore, you temporarily cannot enter and take the risk." Ling Xi was the one who was most familiar with the power of space, so she was more clear about how strong the opponent's killing intent was just now.

His opponent, on the other hand, only used a casual stab.

This point, Long Chen had no choice but to admit it.

But his final goal was to snatch the time tunnel's core. After all, this core was too important to him, especially the part about the Tower of Time!

The Ruins of Time can imprison enemies.

The Tower of Time was capable of nurturing divine dragons and herself.

The Eternal Vortex was the best battlefield available to him. If he were to take control of the Eternal Vortex, the four Chief Sovereigns wouldn't be a match for him even if he were to enter it.

Such a core was simply too important.

Mo Xiaolang also said: "The current Anarchic Demoness is really too much of an advantage. But I don't think we need to hurry. He had cultivated for more than a century. Obviously, even if it was a Tower of Time, the help it gave him was limited. At his current level, there was basically no possibility of advancing any further. So, I guess he has to leave the time tunnel somehow. Big Brother, you can try fighting him outside. "

"You're all right."

Now that he knew the position of the core, although it was more difficult, his goal had been confirmed.

Long Chen was very clear about the dead end that he was facing. It was very possible that the more anxious he was, the easier it would be for him to lose everything. He wasn't in a hurry. On the contrary, he had a lot of opportunities.

So he restrained his desire for the core and said, "Since that's the case, I understand. We can leave the time tunnel now. However, he was not outside waiting for the Anarchic Demoness's battle. He might not come out for a short period of time. After all, out of the Eternal Whirlpools, he was the most advantageous. Then I don't have to worry. Or, when I become confident enough that I can go against the ruler and cause trouble in the mixed ancestral realm, I won't believe that he won't come out. Otherwise, when the little kitten succeeds and can even directly enter the time tunnel, even Anarchic Demoness may not be able to take it. "

Long Chen still knew his own limits.

Just now, Anarchic Demoness was simply too domineering. After all, he was one of the four Chief Sovereigns. Even if he was not at the Everlasting Vortex, Long Chen was not confident that he could defeat his opponent. Since he was not anxious, he could just wait until he was confident and make a comeback!

In any case, he had obtained the biggest reward he could get this time.

"Long Chen, you mean to say, we should go to the Ancestral Star?"

Li Xuanji asked.

"That's right." Facing this treasure, being able to let go of his greed and switch to other goals, this was also a type of boldness. Everyone knew that Long Chen thirsted for the time tunnel's core, but seeing him make such a decision, they couldn't help but admire him inwardly.

"Anarchic Demoness can't run. Anyway, we have ways to force him out of the time tunnel. After all, he still had the Eastern Star Region as his base. Now was not the time to face him head on. Then, let's take

advantage of this time to go to that ancestral star and find a way to break the Dragon God Curse so that the cursed Dragons can return to the human world. This is the real deal! "

The huge matter that the Dragon Attendants had given to Long Chen!

The future Divine Dragon Army was made up of two parts, one of which was the new Divine Dragon cultivated by the Long Chen Divine Kingdom. The other part were the cursed Divine Dragons, the Star of Destiny s and the others.

Thinking about it here, Long Chen had already decided.

"Since that's the case, let's leave the time tunnel."

This time, he did not exit through the Death Realm's dragon gate, but through the Death Realm's exit. After exiting, what laid before his eyes was the world below him;

He hadn't been back here for a while.

However, Long Chen did not want to stay. His target this time was the Northern Star Domain, the Ancestral Star!

Chapter 3084 - Mysteries of the Ancestral Star

"Now, you should be able to tell me how much you know about the Ancestral Star." When Long Chen entered the world of the Ghost Blood Curse, in the sea of blood that was filled with curses, Gui Qi was like a lotus in blood. He wore very little clothes, and revealed a moving face and impressive figure in front of Long Chen. Even though it was in the state of the Heroic Spirit of Creation, its snow-white skin felt like it was real, as if it was a dream or illusion.

That expression in that pair of blood-colored eyes, was filled with disdain and unwillingness from the start. Now, even though she was slightly afraid and worshipful of Long Chen, she was still able to do it.

"I know the approximate location, other things, a lot of things are forgotten. I only know that I came from the Ancestral Star, and that I was once one of the gods. Later on, I don't know why I became the Destiny Heroic Spirit of this sword. The Ancestral Star is my homeland, but I do not wish to return because my instincts tell me that it is a rather dangerous place. "

Gui Qi was a little nervous, her beautiful eyes slightly trembled, and tried her best to clearly describe to Long Chen what she knew.

"How dangerous?"

Long Chen asked.

"How so?" Gui Qi frowned, and thought for a while before saying, "That is where the curse originated from, but it is also a cursed place. He didn't know what earth-shattering things had happened in the past. Right now, it was a land of death, and there were very few living creatures there. As long as they existed, it would be difficult for them to live for too long, so it could be said that they were truly in hell. If you go in, you will encounter a kind of curse, and it is possible that you may never be able to come out. "

Long Chen carefully digested the words she had just said, thought for a while, and said: "I don't need to worry about that, I have the two realms of life and death, I should be able to come out anytime."

Gui Qi was slightly anxious as she said, "It might not be like that. It might be because the people that go in have a special kind of brand on their bodies, making them unable to get rid of it for an eternity. This could be explained as the curse was actually a type of rule. Those who enter will be entangled by these rules until they die. "

"Is that so?"

Even so, it could not stop Long Chen from going to the Ancestral Star Realm to wake up. Because this was his mission!

"I originally thought that I had already seen through the myriad worlds. After all, I had almost stepped onto the peak of the myriad worlds. However, after coming to this place, he understood even more clearly that the Myriad Worlds had deeper secrets, such as this ancestral star. Aside from Gui Qi, most likely none of the four Chief Sovereigns knew this. "For example, deep in the hive of the universe ..."

However, this further stimulated the strong desire to explore in Long Chen's heart.

He wanted to understand this world!

It allowed the gods who had been imprisoned for a whole era, the gods who had been cursed with a hundred million years, to escape from the Sea of Bitterness and gain freedom. This was the biggest mission in his heart. As the successor of the Divine Dragon, he couldn't bear to see his ancestors suffer under the curse.

The dragon servants were working together with him!

"A world that is completely unknown, independent of all other worlds and difficult to discern, do you really want to go?" Demon Qi bit her red lips. If it was the past, she would not even bother to bring Long Chen.

"I have to go."

This was Long Chen's reply to her.

"Alright, since you are going to die then I will. I am a Creation God Creation Artifact. I will not die."

Gui Qi pouted and said indifferently, looking very cute.

After determining the target, Long Chen communicated with the Fairy Shangyang.

"We have come out of the time tunnel."

"I know." Fairy Shangyang stayed silent in the sea of blood.

"Your matters, the Holy Son of Confusion is already gone, and no one knows either. You can go back to your place. Now that you have lost your Holy Son of Confusion, there will no longer be anyone in the ten thousand realms who can restrict you. You are free now. However, I have other important things to do, so I cannot bring you to Eastern Star Region. "

The Fairy Shangyang shook her head and said: "No need, I can use these past few decades to travel and look at this world carefully. I can take a good look at this world and calm down for a while. This is what I want. "

In the past, he had always wanted to be good to the Holy Son of Confusion, thinking that there would be a day when he would see himself. So he was always trying to show off in front of his eyes. The Holy Son of Confusion was the core of her everything. Now that the Holy Son of Confusion was no longer here, everything became empty. In this empty world, she finally saw himself.

"Well then, goodbye."

Long Chen sent her out of Death Realm. After the Fairy Shangyang and Long Chen thanked her, they turned and disappeared into the boundless starry sky. Looking at her back, Long Chen realized that even if she was a Hierarch, she was still so insignificant in the boundless universe.

"I hope she'll have a better life in the future."

The Fairy Shangyang was a beautiful and moving interlude in the battle of the time tunnel.

"Little friend Long Chen, since we're here, why don't we gather?"

At this time, he heard the voice of the Ancient God of the Wilderness calling out to him from the vast Pangu Continent. From Long Chen's position, he could see the human-shaped Pangu Continent more clearly.

"Everyone, please wait."

Long Chen asked Ling Xi to help him out of the door to the universe. Passing through the door to the universe, Long Chen instantly arrived at the Pangu Continent, where the Ancient God of the Wilderness was not far away. Long Chen quickly headed over. In the midst of the clouds, there was a tall mountain and on top of the mountain was a platform. The Ancient God of the Wilderness was on this platform!

However, it was not only the Ancient God of the Wilderness. There was also the Desolation Lord, the Great Sect Leader, the Great Sun God, the Heavenly Emperor of Yin and Yang, and the Undead Phoenix. Even the three Daofathers of the Third Heaven had come.

Basically, most of the Hierarchs in Western Star Domain were here. It looked like they were meeting here at the right time.

Although the Ancient God of the Wilderness was a whole clan, its size was extremely small, and it was especially prominent in front of the Desolation Lord and the Great Desolation Sect Master. Seeing Long Chen's arrival, their faces blossomed into smiles.

"You went to the Eastern Star Region, but there was no news about you. Today, you suddenly returned.

Ancient God of the Wilderness was a god who had recovered his memories, so Long Chen trusted him a lot.

"Returning to the ancient god, it's about time."

Ancient God of the Wilderness waved his hand, and said: "There's no need to be polite with me. It can be seen that you have defeated Hierarch Taihao and Notre Dame de Nine. He already had the power of a supreme deity. He could be considered the same age as us. And it looks like you've made a lot of progress again. It's really enviable. "

They still did not know about the time tunnel. If they knew that Long Chen had defeated ten Hierarchs consecutively, they would probably be dumbstruck.

The various Hierarchs began to laugh.

"What are your plans for the future?"

Ancient God of the Wilderness asked.

Actually, he more or less knew what Long Chen was trying to do. Now that his eyes were shining as he looked at Long Chen, Long Chen seemed to understand. Maybe the Ancient God of the Wilderness saw some hope on him, and in the future, he would stand on his side. He would even gather the entire Northern Star Domain and stand by his side.

Long Chen didn't hide it and said: "I still need to go to the north. To accomplish a very important thing. "

"Do you need any help?"

Ancient God of the Wilderness had already said so directly.

With his help, things would be much easier, but Zu Xing was a very uncertain place! Long Chen thought for a moment, then said: "This matter is a bit special, so I won't trouble the Ancient God. However, I have some conflicts with the Lurker Grandmaster this time, so I might need the help of the Ancient God in the future battle."

"You have a conflict with that guy?" Ancient God of the Wilderness did not expect that Long Chen had already provoked someone of this level. However, since he had already spoken, there was no reason for him to take back his words, so he said, "No problem. At most, I can help you keep him under control. I'm afraid the rest will depend on you ... I'm just very curious, why do you have such a conflict with him? "

Long Chen said helplessly: "I had a fight with Holy Son of Confusion. After the opponent lost, he committed suicide in front of my eyes."

"What!"

Hearing this news, all the Hierarchs were dumbfounded. It was a bit hard to believe, and even the Ancient God of the Wilderness was in a bit of a trance. This was because they knew the extent of the Holy Son of Confusion.

"Holy Son of Confusion, that's the guy who's called the fifth person in ten thousand realms. Basically, he is acknowledged as the number one figure amongst the Four Chief Sovereigns. " At the side, the Desolation Lord said in shock.

The other Hierarchs didn't even dare to believe it.

"You are a miracle." Ancient God of the Wilderness shook his head and laughed bitterly, his long beard fluttering.

At this time, his disciple, the Desolation Lord said with a laugh, "No, I didn't think you would have reached this degree. Last time we fought, I was even confident that I could crush you. It had only been a hundred years! Long Chen, my blood is boiling, seeing how I fought with you last time, you must let me see what level you have reached, what do you think?

For a moment, everyone was looking forward to it, their eyes shining as they looked at Long Chen.

The relationship between the Hierarchs of the Western Star Domain and Long Chen was considered to be extremely good.

Of course Long Chen didn't reject. He smiled and said: "Of course I'm ready."

Hearing this answer, everyone laughed, especially the Desolation Lord. Without hesitation, she rushed into the sky towards the starry sky, while laughing, "Long Chen, come up together!"

"Alright!"

Long Chen followed along. Since they wanted to personally see it, then let them believe it. Otherwise, even the other Hierarchs would not be convinced that Ancient God of the Wilderness was so good to them. No matter where it was, a powerhouse at the peak of the world was absolutely respected!

Of course Long Chen did not plan for a super great battle!

In the blink of an eye, he was in a confrontation with the Desolation Lord in the starry sky. Now that he knew Long Chen was powerful, he attacked without hesitation!

"Pan Gu Possession!"

With a furious roar, the 30,000-meter-tall giant suddenly appeared behind the Desolation Lord and attached itself to his body. To this 30,000-meter-tall giant, the Desolation Lord was just right in front of him!

Desolation Lord, her aura was monstrous! The 30,000-meter giant had attracted the attention of countless entire clan!

"It's the Sect Leader!"

"He's using Pangu's Possession!"

"Who does he want to fight!"

In the midst of all the discussions, an illusory image of a sword flickered in front of everyone's eyes. That was the Great Void Demon Sword!

Chapter 3085 - The Mouth of the Gods and Demons

Not long ago, Long Chen had fought with the Desolation Lord, but that time, the Desolation Lord let Long Chen experience the power of the Hierarchy. This allowed Long Chen to have a certain concept of Di Jun's strength.

Under everyone's expectation, when Long Chen's Great Void Demon Sword appeared, the first ones to shake were naturally not the living beings of the Pangu Continent, but the Hierarchs below!

"This is at least the primitive level's Creation Divine Artifact! primitive level! "

"Obviously, this is the Holy Son of Confusion's Great Void Demon Sword, one of the Time and Space Dual Blades." Ancient God of the Wilderness knew what it was before the other Hierarchs recognized it.

"As expected, he really shot down Holy Son of Confusion? Even the Great Void Demon Sword was obtained. "

"Obviously, the Desolation Lord is not his match. I hope he can last a little longer. "

Just as the voice of the Yinyang Heavenly Emperor fell, the Desolation Master who had already possessed Long Chen had already clashed head on with Long Chen! In the starry sky, the Desolation's leader roared out, releasing a roar that shook the world, his battle intent surged to the heavens and his might shook the world. At that moment, the Desolation's master charged forward like a primordial giant god, throwing out a punch!

That fist was so huge that it shook Heaven and Earth! On Pangu Continent, even many of the barbarians could see this fist!

But, Long Chen also made his move at the same time, he was actually very simple, holding onto the Great Void Demon Sword with one hand, he casually swept it with his other, and the power of time,

intertwined on the Great Void Demon Sword, and continuously spread. With the Great Void Demon Sword, Long Chen's skill in the laws of time was too strong, even he himself had no choice but to be shocked by this power.

"Great Void Heart!"

When the Great Void Demon Sword swept across the starry sky, the entire starry sky suddenly stopped, the stars stopped flashing, the Pangu's Qi stopped flowing, time stopped moving, even the Desolation Lord and all of his explosive strength had stopped at this moment, like a dazzling rainbow still remaining in the starry sky.

For a time, there was no sound.

Even when Long Chen kept his Great Void Heart, the other side still did not make any movements. From the state of the Desolation Lord, they could already guess what was going on.

Long Chen had only used half of the power of the Great Void Heart, which only caused time to stand still. He did not harm the Desolation Lord. Now, he was simply to the point where he could instantly kill the Desolation Lord.

"One move?"

"It seems like the Desolation Lord is no longer able to move."

"These rules are simply too majestic, and too powerful." It is normal for Desolation Lord to lose so quickly. "

"After all, he's someone who can defeat the Holy Son of Confusion."

The Ancient God of the Wilderness watched from beginning to end, and about ten breaths later, the Desolation Lord was still trapped in the time frame. He nodded and said, "Just based on this rule alone, Long Chen has crushed him. To kill him, just a casual sword blow would have been enough. Up till now, Long Chen had won. Since he was able to defeat Holy Son of Confusion, he was obviously going to be the fifth person from now on in the entire Ten Thousand Worlds. That's him. "

For even the Ancient God of the Wilderness to give such a high evaluation, it could be imagined. The Hierarchs looked at Long Chen with envy and admiration. The respect they had for Long Chen lay in their fact that they knew of Long Chen's true strength the first time he appeared in the Divine Spirit Realm!

"As long as the news of him defeating the Holy Son of Confusion spreads. He was the number one legend of tens of millions of years in the ten thousand worlds. The speed at which he rose up was indeed heaven-shaking and earth-shattering. Moreover, his future accomplishments are obviously not the same as today's. " The Ancient God of the Wilderness sighed.

"The Ancient God's meaning is: Is it possible that the future Ten Thousand Worlds is under his control? Number one in ten thousand worlds? "

The other Hierarchs couldn't help but sigh.

Their hearts were like raging waves.

Ancient God of the Wilderness did not answer, because Long Chen had already returned at this time. At the same time, he had also lifted the pause in time.

"Brother Long Chen is powerful, I am convinced of your defeat." After the Desolation Lord obtained her freedom, she immediately descended to the ground. He had personally experienced this, so the shock and respect she held for Long Chen in his eyes was naturally the highest.

The entire Pangu Continent didn't know what was going on. Everyone was waiting to see the great war, but soon, there was nothing. It was just that paper could not hold fire. One day, the news of Long Chen defeating the Desolation Lord and defeating the Holy Son of Confusion would shake the entire world!

"Awesome!"

"Brother Long Chen, this is truly the first miracle that has happened since ancient times."

"Who knows what will happen to you in the future? Only a fool would go against you. "

From their truly inconceivable gazes, it could be seen that their recent improvement had already exceeded the limits of what they could imagine.

On the mountain peak, Long Chen chatted with them for a while, thinking that it was about time to bid farewell.

"There are still some matters that I need to attend to. I'll have a chat with everyone again when I return."

Ancient God of the Wilderness replied: Go ahead. If there's anything you need help with, just tell us. "For example, that mixed Kun Ancestral Beast."

They now understood that Long Chen had killed the Holy Son of Confusion and taken away the Great Void Demon Sword. The other party was definitely going to fight Long Chen to the death.

Exiting the Pangu Continent.

"Brother Chen, the gate to the universe is the most unfamiliar with Northern Star Domain. In particular, the location of the ancestral star was even more remote, and it was hard to find its way outside of the map of the ten thousand worlds. You need to be slow to move it. We have to get to the north first, then we have to look at the distance and the distance and find our way. "

Ling Xi appeared like a goddess in front of Long Chen and said softly.

From the position that Gui Qi provided, the Ancestral Star was not in any of the eight northern regions, but in a faraway starry sky. It was a place that normal people would not be able to reach.

"It looks like the Ten Thousand Worlds in our eyes is still too small. With so many empty places, there must be something else. Clearly, the ancestral star was within this empty space. The time tunnel can be considered to be more remote, and the Ancestral Star is even more remote. "

Long Chen sighed with emotion. He thought for a while, then said: "Since that's the case, then let's go to the Mountain of Zhou, where the Gods and Demons are located. That is pretty much the first place we'll be staying for a long time after we leave the Dragon Sacrifice Continent. "

He also got to know quite a few people at the place where the Fiendgods did not take care of him ...

"Alright."

When Ling Xi activated the gate to the universe, she sent Long Chen to her Divine Kingdom. After completing the mission, Ling Xi entered the gate to the universe and headed towards the direction of the Divine Spirit Realm, the Zhou Mountain.

It had taken dozens of years to escape from the Divine Demon God Zhou Shan to the three heavens, but this time, it had taken less than a month. The two times he had come to Mount Zhou was completely different.

Last time, the eight Initial stage Divine Emperors of the Immortal God Clan were simply Long Chen's nightmares.

"Mo Mo seems to still be here."

Li Xuanji was currently sleeping in Long Chen's body at all times. She would only occasionally wake up, so she could be considered to have nothing to worry about anymore. The only thing to do was to concentrate on studying the rules of change. Just based on strength alone, she could become stronger with Long Chen's strength.

"She?"

A Divine Emperor with Perfection.

Last time, the Tianyin Region Lord was unable to do anything to Di Jun. It was likely that Mo Sang was also rather unconvinced in his heart.

Long Chen did not think too much about it. Coming out from Ling Xi's Divine Kingdom, to see this enormous black mountain that was like a pillar that supported the heavens, it was truly shocking. Even now, Long Chen still felt that this mountain was filled with secrets.

Originally, it could only be considered as passing by, but now, Long Chen was very interested to go in and see, especially to the The Diremonster Battlefield of the imperial level. Long Chen didn't think that the Creation Divine Artifact of the primitive level was scary before, but now he understood, the Domain Lord of the The Diremonster Battlefield of the imperial level must be extremely strong!

Breaking through the thick black fog, Long Chen landed on the mountain where the gods and devils were not. Stepping on the black soil, he swiftly rushed towards the The Diremonster Battlefield of the imperial level, and along the way, Long Chen had been observing where the gods and devils were not, but he had coincidentally met the entrance of the gods and devils.

"What is this?"

When Long Chen arrived at the mouth of the god, the suction force did not mean much to him anymore. When he got very close to the mouth of the god and looked down, the interior was in complete chaos. Long Chen thought for a moment and still did not dare enter, but he activated a sword of time and pierced into the mouth of the god and demon.

"Aooo!"

Suddenly, an ear-piercing scream came out of the mouth of the god and devil. The mouth of the god and devil was actually like a mouth, as it quickly closed up, and disappeared before Long Chen's eyes. It was unknown just where it went.

Long Chen was dumbstruck.

"What is this?"

None of the others knew what it was. After all, even Long Chen himself didn't understand it.

"There is a very terrifying feeling."

Long Chen could not deny this feeling in his heart, as this made him more alert, and he immediately left this place.

"The Gods and Demons do not belong to Zhou Shan. However, I have more important matters to attend to, so I still have to go to the Ancestral Star." The secret here will be explored when I have the time and energy! "

With his current strength, he could travel thousands of miles in a blink of an eye, and in a moment, he would be in front of the The Diremonster Battlefield of the imperial level. Just like the Primordial Dragon Pagoda, it was a Creation Divine Artifact from the primitive level.

His arrival caused a certain amount of shock in the The Diremonster Battlefield of the imperial level, and at that moment, it was as if a huge commotion had occurred. Someone recognized Long Chen at the

entrance of the The Diremonster Battlefield of the imperial level, and passing from one to a hundred, it probably spread throughout the entire The Diremonster Battlefield of the imperial level.

"Who came? Why is it so lively?"

"It's said that he's the number one on the Divine Emperor's ranking board, Long Chen! The last time, the top ranker on the Divine Emperor, Di Jun, came here to kill him and let him escape. Who would have thought that in the past few decades, the top ranker would have become Long Chen! "

"Your news is way too lagging. He had already defeated the Hierarch. Notre Dame de Nine, Hierarch Taihao had all been defeated by him. It is said that he has already reached the strength of the Hierarch. "

After hearing about Hierarchy, this was the dream of all the Divine Emperor s. Almost all of the Divine Emperor s rushed out in an instant, looking at Long Chen with incomparable envy and reverence, among them were a few people that Long Chen was extremely familiar with.

For example, the Mo Clan.

For example, Tian Shenwushuang, Xing Wuji, Ji Taixu.

Chapter 3086 - Mountains Without Mountains

Other than them, there were also a few other acquaintances.

For example, the God Emperor of the Heavenly Apes who had mastered king level Battlefield of Divine Devil, the one who had descended into the Realm of the Gods and let Long Chen fight fiercely with him. Furthermore, there was the Dark Star Divine Emperor who had helped Long Chen before.

With a single glance, Long Chen realised that most of them were still the same. But Tian Shenwushuang and Xing Wuji had entered the realm of Divine Emperor, and Ji Taixu had not.

Currently, they had already heard too many rumors of Long Chen, so they all looked at him with envious and reverent gazes. After Tian Shenwushuang reached Divine Emperor, he wanted to come out and challenge Long Chen again, but he did not expect that Long Chen would actually leave. At that time, Long Chen had already defeated the Extreme Realm Divine Emperor and started to make his way onto the Divine Emperor's leaderboards!

Until Di Jun was killed!

Tian Shenwushuang and the others were completely convinced.

Of course, they were really looking forward to seeing Long Chen again. After all, Long Chen had once challenged them before, which was why he had rushed to the top!

Now that they met, their eyes were filled with respect and respect, and only Ji Taixu was not satisfied. How could Long Chen be so terrifying? It was as if the toad in their eyes had suddenly turned into a giant dragon. This contrast still made them feel uncomfortable.

Long Chen's focus was initially on the The Diremonster Battlefield of the imperial level, but after waiting for so many familiar people to appear, he took a careful look. Most of them had kind, worshipful looks. For example, that God Emperor of the Heavenly Apes also treated Long Chen as a genuine higher being at this time.

"Long Chen, welcome to the Divine Spirit Zhou Shan!"

God Emperor of the Heavenly Apes and Long Chen had an exchange before, so they were the first to speak. Right now, Long Chen still retained his title of number one on the Divine Emperor, but he had already transcended the Divine Emperor's leaderboard. Regardless of whether or not he believed those rumors, they were already facts.

In the midst of the crowd, there was also the Dark Star Divine Emperor. Long Chen was about to go down there and have a chat with the Dark Star Divine Emperor since he had once received his help. At this moment, a gloomy and cold female voice sounded out. "Back then, you fled in a sorry state. Now, you have swaggered back. You must be here to show off your strength!"

Amidst all the admiration, this sound was extremely ear-piercing. Without a doubt, this was the voice of Mo. She was quite bold, immediately flying out of the crowd and stood in front of Long Chen, boldly confronting him. Her pair of black eyes coldly looked at Long Chen, and did not give in in the slightest.

Long Chen did not want to suppress her! If he wanted to suppress her, he could definitely make her scam with just a glance.

"Get out of the way."

Long Chen was too lazy to explain more.

However, Mo Mo Yan was not afraid, she boldly said: "Today there are so many people here, I am not afraid of you either! I know Li Xuanji is following you right now. " Saying this, she paused and then said, "Xuanji, one day as a teacher and one life as a father. I will give you good fortune, help you escape disaster, and even allow you to be reborn. This is how you repay me! "You heartless, heartless thing. I have high hopes for you, yet you abandon me and leave for a man. Do you not owe your own conscience?"

Mo Yan was still unwilling.

She lost to Di Jun, and to Long Chen. Today, it just so happened that Long Chen had appeared here. She stood at the highest moral point and humiliated Long Chen and Li Xuanji.

"Long Chen, I will settle this myself. After all, she was indeed my master and he had indeed brought me out from the Dragon Sacrifice Continent. "

Facing Mo Mo Mo's moral accountability, Li Xuanji stepped forward. In front of everyone's eyes, Li Xuanji was basically made out of Long Chen's body, and just this scene caused the Divine Emperor to be extremely shocked, causing Mo Sang to retreat a step, and look at Li Xuanji in bewilderment.

"Don't be polite to her, the more polite you are. The more she wanted it, the more she wanted it. It would be better to put an end to this. "

Long Chen softly said to Li Xuanji. It was not because he was afraid that Li Xuanji would feel guilty, but because it was impossible. The main thing was that he was a little worried that this would affect Li Xuanji's mood.

Beside Long Chen, the beautiful woman with the fluttering black hair was filled with a dark mystery and elegance. His unique charm had attracted the attention of a large majority of the people. They looked at each other in the air, and Li Xuanji flew up into the air, closing in on the Mo Sang. The Mo Sang immediately asked in shock: "What are you trying to do?"

After saying that, she felt that she had lost her composure.

"No, Li Xuanji doesn't have this Long Chen's strange abilities. Back then, I had to put in a lot of effort in order to make her a Divine Lord. Not to mention that I am a Divine Emperor of the Perfection. My mother made it herself! It had only been a hundred years, there was no way she could have improved so much! I am a The God Emperor of Perfection, why should I be afraid of her? "

Thinking about it, Sang Mo's heart was filled with anger, his brows knitted as he looked at Li Xuanji and shouted, "You evil disciple! You still have the face to come back! Back then, I worked hard to let you reach the realm of the Divine Monarch, allowing you to break away from the mortal body. You possess the qualification to live forever, yet you just walk away and let a man like you bully us. You are so fickle in love, you definitely won't have a good ending! "

Mo shaped himself very pitifully, just so that he could gain the sympathy of the Divine Emperor. However, she had underestimated the intelligence of the Divine Emperor s. Everyone knew very well what kind of person Mo Mo was. She had a huge backer, the kind of person who would never let others take advantage of her.

In the The Diremonster Battlefield of the imperial level, even if it was the Extreme Realm Divine Emperor, no one would dare to offend her.

Li Xuanji's long skirt fluttered in the air like a black lotus. She stared fixedly at the woman in the middle of the crowd and spoke, "Even though you are my master, you only view me as a tool for you to strive for power and protect your face. You have never truly given me freedom or guidance. You still keep me, just to give yourself the title of a benefactor, and all your purpose is to make you look stronger, kinder, more moral. No one here today was an idiot. They wouldn't allow him to fool them. "I originally did not want to appear, but since you've come out to provoke us, today is the perfect time to break off all our master-disciple relationship. From now on, I have nothing to do with you at all."

Li Xuanji's voice was cold and smooth as she finished his sentence. It was precisely because of this sentence that caused Mo Sang's image to fall greatly, causing his face to turn pale white and his entire body to tremble in anger. She pointed her finger at Li Xuanji and shouted angrily: "You! You heartless bastard! I have high hopes for you, but you will repay me with kindness! To slander me! You should be killed by the heavens and the earth! "

Looking down, Mo Sang thought that the public opinion would support him, but he did not expect that all the Divine Emperor s would have expressions of watching a good show.

This is going to make Mozambique very angry.

Mo Sang turned angry from embarrassment, she looked at Li Xuanji with resentment. Now that Li Xuanji was so close to her, she could no longer hold back and attacked angrily.

"Shameless thing!"

The scene was instantly set ablaze! The Divine Emperor watched excitedly, at this time, just as they were about to slap Li Xuanji, Long Chen still did not move, but continued to watch with a smile.

Pow!

A loud slap sounded.

Some of them were even frightened to the point that they did not see it clearly. When it was all over, they realized that Li Xuanji was still standing at her original position, but the Sang Mo had fallen from the sky and ferociously smashed into the ground of the God Realm's Zhou Shan, creating a deep crater.

"This is ..."

Most of the Divine Emperor s also clearly saw that just as Sang Luo's palm was about to hit Li Xuanji, Li Xuanji struck out with an unimaginable speed and slapped Sang Mo's face with the back of his hand. He moved extremely quickly and accurately, causing the Sang Mo to directly smash onto the ground!

"Hua!"

Everyone could not help but suck in a breath of cold air.

Who would have thought that this girl, who had once been a Divine Lord, would now be this strong! A single slap was enough to suppress a Divine Emperor with Perfection! Then what realm had she reached? Could it be the Extreme Realm Divine Emperor?

"AHH!"

Mo Sang crawled out from the pit of mud. At this moment, her cheeks were bloated, making her look extremely ridiculous. She looked at Li Xuanji in a daze, not knowing how she made a move just now!

"You dare to bully Master to exterminate our Ancestor!?" I am truly ashamed for you! "

She felt that the slap just now, must have been Long Chen's help. So he shifted the blame onto Long Chen, and laughed coldly: "I know you're powerful now, but don't be too complacent! This is the Northern Star Domain, and the reason why you dare to attack me here is because you are going against the Gods in the north! "

Her intimidation could only scare the child.

Li Xuanji said: "Like I said before, you and I no longer have a master-disciple relationship. You attack first, so of course I won't be courteous. Also, be careful when you speak. If you continue to blabber nonsense, don't blame me for not remembering our previous master's and disciple's relationship. "

After hearing this, Mo Yu laughed while crying. With a very pitiful appearance, she lamented, "Hehe, what a pity, truly laughable! If I knew earlier that you were such a cruel and unscrupulous person, I wouldn't have brought you out of that damned place to help you become a god! "

This woman was a shrew, Long Chen was too lazy to bother with her. Since Li Xuanji was unable to make a move, she was prepared to slap her flying. However, just before Long Chen could make his move, a gloomy and cold light attack came from afar. It was a Hierarch.

The Divine Emperor s also noticed.

Mozambique smiled.

In the blink of an eye, the Tianyin Region Lord appeared in front of Long Chen and the other two, blocking Mo Mo Mo!

"It's the Tianyin Region Lord!"

One of the five domain lords of Star Alliance, also the master of a small portion of the people here. Seeing the appearance of Tianyin Region's master, the Divine Emperor couldn't help but to step back. They felt that the smell of gunpowder was about to ignite!

A fight on the level of a Hierarch was precious to every Divine Emperor! Noticing the fighting spirit of both sides, there was no need to mention how much everyone was looking forward to it. As expected, it was as they had expected. Once the Tianyin Region's master arrived, his eyes were filled with killing

intent as she stared at Long Chen and said, "I don't believe that a brat like you can actually defeat Di Jun and Notre Dame de Nine!"

Chapter 3087 - Ice Soul Goddess

No wonder Mo Tuo was so arrogant, it turned out that the Tianyin Region Lord was nearby. If not for Tianyin Region Lord, how would she dare challenge Long Chen?

The moment the Tianyin Region Lord came out, the scene became incomparably tense. The Divine Emperor were all gathered beside the The Diremonster Battlefield of the imperial level. This place had a natural protection, allowing them to not be affected during battles.

When the Tianyin Region Lord arrived, Mo Sang immediately cried at her about how outrageous the both of them were, and how they deceived their master and exterminated their ancestors. After hearing that, the Tianyin Region Lord was enraged. Although she knew that Long Chen was not simple, she couldn't back down now. To Tianyin Region Lord, she actually knew that as a Hierarch, the difference could not be too big. Even if Long Chen was very strong, as long as she endured, she could probably save her face!

No matter what, if they didn't fight, she and Mo Sang would never be willing to give up.

The most important thing was still his face. Now that Di Jun was gone, they had nowhere to vent their anger on, they could only place their hatred on Long Chen. After all, the last time they came back from the 3rd Heavenly Layer, they were only preparing a way to kill Di Jun.

At this time, the Tianyin Region Lord used a rule to protect Mo Mo Mo, and coldly said to Long Chen: "Don't say anything else, just end it! We, the disciples of the Nine Yin ancestral realm, will definitely not tolerate someone who deceives their master and destroys their ancestors. Today, I will expel you, Li Xuanji! As for you, Long Chen, for you to still be so arrogant and despotic after abducting my Nine Yin ancestral realm, you must be punished. "

When these words came out, the Divine Emperor felt relieved. Looks like they will definitely be able to fight today.

On one side was the Tianyin Region Lord, one of the five Domain Lords.

On the other side, there was a rumor that Long Chen had defeated the Notre Dame de Nine!

Under the provocation of the Tianyin Region Lord, Long Chen and Li Xuanji looked at each other with incomparably calm expressions, as if they had long anticipated this scene. Seeing the expression in Li Xuanji's eyes, Long Chen immediately understood what she meant and said, "It's your problem, so let's leave it to you to settle it yourself. Just follow your own ideas. "

He could tell that although Li Xuanji was cold, she had a very strong sense of camaraderie towards him. No matter what her motives were, it was she who made Li Xuanji a god, and came to such an even bigger sky. It was not that she had to be grateful to Mo Mo Xie, but she really had to understand things first, otherwise, it would be annoying if these two women did not go on and on.

So when the Tianyin Region Lord provoked her, Li Xuanji faced her and said: "If it was in the past, I would have called you Master Ancestor. But now, it seems unnecessary. There is indeed a dispute between you two. You have done me a favor, but you also have a grudge. For me, grudges are equal, so I feel that grudges can be balanced against each other. I am a free person, I should leave as soon as I can, I will no longer be bound by you. Thus, today, the two of you are actually somewhat laughable. After all, all of us aren't children, so you don't have to do this at all. However, since the two of you want to know, then I will naturally accompany you. In today's battle, I will take action myself. "

As he said that last sentence, everyone could not believe their own slaps! What Li Xuanji meant was, she wanted to challenge the Tianyin Region Lord?

"Heavens!"

"I must have heard wrong."

Everyone was in a daze, let alone Mo and Tianyin Region Lord. The two of them looked at each other, even more furious than before. The Tianyin Region Lord was slightly angered and said, "There's no need to belittle me at all if you want to use such a method. Don't make me feel nauseous. Long Chen, come here! "

The Tianyin Region Lord headed towards a direction far away from the The Diremonster Battlefield of the imperial level. The Divine Spirit Realm without Zhou Shan was a great battlefield, completely able to endure their attacks!

However, Li Xuanji turned her head and gave a slight nod to Long Chen, before leaving Long Chen, and proceeded towards the place alone. Seeing Li Xuanji's beautiful figure flying in the wind, the Divine Emperor s were still puzzled.

"You're courting death!"

The Tianyin Region Lord felt that sshe had been humiliated. In her rage, he was about to attack Li Xuanji, but just at this moment, a sword appeared in Li Xuanji's hand, an illusionary Time Sword appeared. When the sword appeared, the The Diremonster Battlefield of the imperial level roared, and emitted a huge sound.

That's right, Li Xuanji could naturally use the Great Void Demon Sword!

Even the Primeval Dragon Pagoda was fine, because at this time, she was equivalent to a clone of Long Chen! When she used the first rule that changed, she was basically copying Long Chen. It was just that their appearances were different and they had their own thoughts.

The moment the Primitive Creation Deity Equipment appeared, it almost caused Tianyin Region Lord to suffer from internal injuries. She originally wanted to make a move, but he stopped himself in the blink of an eye. From her pale face, it could be seen how terrifying this scene was to her!

"You, you! This is the Creation Divine Artifact of the primitive level! This seems to be the Great Void Demon Sword of the Holy Son of Confusion! "

The Tianyin Region Lord could not help but tremble all over.

Below, the Sang Mo heard the voice of the Primitive Creation Deity Equipment and sat down on the ground as well. His entire being was stupefied. They could accept Long Chen becoming strong, but for Li Xuanji to be able to endure this Primitive Creation Deity Equipment, was simply a nightmare! They were the ones who knew the most about Li Xuanji's foundation. It was very ordinary, a woman who had an ordinary foundation would possess the power to control Primitive Creation Deity Equipment s in less than a hundred years! Could it be, that Long Chen was able to create a Hierarch with his life?

But it was scary!

This was the most terrifying concept of a world, and no one dared to believe it.

Most of the Divine Emperor s only knew what was in Li Xuanji's hands after hearing the Tianyin Region Lord's words that caused them to lose their cool. Their concept of Primitive Creation Deity Equipment, was this The Diremonster Battlefield of the imperial level behind them. They knew that this was the highest level of Creation God Equipment in all ten thousand realms. Only the top fifteen goddesses of ten thousand realms or so would have such a weapon!

In the entire ten thousand realms, the Primitive Creation Deity Equipment s were estimated to not exceed twenty.

It was a miracle that there were actually two of them in front of him!

For a moment, everyone inhaled a breath of cold air. They were not surprised by Li Xuanji, they were shocked by him, because they knew that this was something that Long Chen had created. They were very clear about what kind of situation Li Xuanji was in in the past!

"A miracle!"

"A miracle that hasn't occurred for tens of millions of years in ten thousand worlds!"

"I'm afraid after today, Long Chen will be even more of a legend!"

Just as everyone was sighing with emotion, the Tianyin Region Lord was so angry that she started laughing.

"You guys are done for, you actually took away the demon clan's Great Void Demon Sword! Sooner or later, you will be hunted down by the Anarchic Demoness! I'm afraid the Anarchic Demoness is chasing after you right now! "

"Cut the crap."

Li Xuanji held onto the Great Void Demon Sword, of course, this was what Long Chen had asked her to try. The first time she fought against the Hierarch alone, it was also a challenge for her. Therefore, she was currently floating in the wind, wearing a long skirt that fluttered like a dream. Her long, dark green hair and eyes were beautiful beyond compare.

The Tianyin Region Lord was not scared to the point of not being able to fight yet, she thought to himself that with the opponent's level, she must have grasped the Great Void Demon Sword in a foreign way. There must be a big flaw.

But she forgot one thing, she would never fight with Li Xuanji in the beginning. Her target was Long Chen. But now, she was already thinking of how to defeat Li Xuanji.

"Humph!"

The Tianyin Region Lord did not speak further. She changed his hands and held a total of eight black needles. There was another needle in his mouth, a total of nine of them. These nine spirit artifacts combined to form a type of Eternity called: Nine Yin Soul Shattering Needles! This was Tianyin Region Lord's most famous and lethal Creation God Equipment, it had made countless gods and devils tremble in fear. Since ancient times, countless people had died under this Nine Yin Soul Shattering Needles!

Battle, erupt!

The Tianyin Region Lord was the person with the highest attainments in the rules of the 'Dark Cold', and was also known as the 'Ice Soul Goddess'. His beauty was renowned throughout the world, and he was not far from Notre Dame de Nine. Now that the rules had been released, his entire person was already in the coldest and coldest spot in the entire Ten Thousand Worlds. For a moment, the ink-colored air current turned into billions of long snake that revolved around her.

"Die!"

Tianyin Region Lord, the Ice Soul Goddess has decisively made his move. The cold and gloomy laws erupted and the nine Nine Yin Soul Shattering Needles shot out from her body! Every single one of them created a cold wave that swept over!

"Ice Age!"

The tyrannical laws of ice, under the activation of the Nine Yin Soul Shattering Needle, formed into nine giant ice serpents. Each of them was as huge as a demon, and in front of this giant ice serpent, Li Xuanji was as insignificant as dust!

Rumble rumble rumble!

The Nine Yin Soul Shattering Needles moved the rules of the century of frost. It shook the heavens and earth, causing the devils and gods to roar and shake the mountains, causing the Divine Emperor s to lose their balance.

Everywhere it passed, countless layers of ice formed.

Facing such rules, all the Divine Emperor s were moved. However, only Li Xuanji's expression did not change, as she waved the Great Void Demon Sword, even though her temperament was different from Long Chen's, but when using the same rules, there were still similarities.

"The Death Realm is killing us!"

Behind Li Xuanji, an endless sea of blood also appeared. That blood sea condensed on the Great Void Demon Sword, and instantly erupted, forming a dragon-shaped sword aura!

The Great Void Demon Sword was of the Time Attribute and it did not have any bonus on the Edicts of Slaughter. However, the God of Creation it possessed surpassed the Ghost Blood Curse. Thus, it was still stronger than the Ghost Blood Curse for the time being!

The dragon-shaped sword qi erupted!

A giant dragon attacked, and nine giant icy snakes charged forward. The two of them clashed in an instant! The result was: The Great Void Demon Sword tore through everything like rotten wood, all the way through thousands of pieces of ice. Under the evil aura, under the majesty of the Primitive Creation Deity Equipment, the rules of the century of ice and the Nine Yin Soul Shattering Needles all crumbled, trembled, and after the divine dragon passed, everything exploded!

Rumble rumble rumble!

This shocking scene was simply unbelievable!

The last thing that the crowd saw was the Nine Yin Soul Shattering Needles falling back, dispersing, and being blasted away from the Godly Demon Bow Mountain! The Tianyin Region Lord was also fleeing in panic, her face pale.

Chapter 3088 - Demonic Sky Flag

With the God Creation Divine Weapon in his hand, Li Xuanji defeated the Ice Soul Goddess who was the master of the Tianyin Region with one move! Even her Nine Yin Soul Shattering Needles were scattered all over the place.

Although the Tianyin Region Lord did not sustain any heavy injuries, to be forced to retreat in one move was truly too embarrassing. Naturally, it also created an absolute shock!

If Long Chen had defeated the Tianyin Region Lord himself, the Divine Emperor would not have been so alarmed. But the one who did it was Li Xuanji! When she left Mount Zhou, she was still a Divine Lord!

"Li Xuanji can't be that powerful! It had to be Long Chen! It must be because that monster Long Chen used some kind of method on her! "

His face was already deathly pale, as if he was about to collapse. Her greatest reliance was actually not a match for her former disciple?

Unfortunately, while everyone was admiring her, no one paid her any attention.

"What a terrible miracle. However, I still do not believe that Li Xuanji is able to reach this step. That previous set of rules seems to have been displayed by Long Chen when he was in the Third Heavenly Layer or the Pangu Continent. "

"This Li Xuanji, is obviously a creation of Long Chen!"

"This Long Chen really has a lot of secrets! Too many! "Terribly many!"

Almost all the praise had been transferred to Long Chen.

However, the Tianyin Region Lord had suffered an unprecedented humiliation. After stabilizing her body, she bellowed with her ice-cold voice: "Shut up!"

In an instant, a wave of frigid coldness swept across heaven and earth, and a large area of the surrounding territories howled as an extreme cold wind blew, and a boundless cold rain fell. In an instant, a cold chill enveloped everything, and under this cold, all the Divine Emperor shut their mouths and trembled.

"Evil creature!"

She was right in the center of the storm, and the strength of a Sovereign God was filled with courage, but unfortunately, the look in Li Xuanji's eyes when he looked at her had never changed, and was still as calm as before.

"I was just careless. Don't be too proud too early!"

The Tianyin Region Lord's face was ashen. At this moment, she unintentionally displayed his true self to the limit. Right at this moment, a dark green flag appeared in her hand.

"This is the Demonic Sky Flag." It was the Tianyin Region Lord's ultimate Creation God Equipment. However, it had not reached the level of half a Eternity. Even more so, it is unable to contend against the Great Void Demon Sword. However, the Tianyin Region Lord wants to rely on her strength and rules to suppress Li Xuanji. "

From the discussion of the crowd, Long Chen learned the name of the Heavenly Demonic Flag.

However, he didn't care. Because at this time, Li Xuanji was actually already very close to himself.

Suddenly, at this moment!

The Tianyin Region Lord's cold eyes shot out in all directions.

"Today, I shall settle this with you, my scoundrel! You, who deceiving your master and exterminating our ancestors, are someone who will repay kindness with enmity. Even if you manage to escape today, you will not have a good ending in the future! "

It was only because she was so angry that she said such unrefined words, but Li Xuanji was simply too lazy to bother with her.

"Frozen Endless World!"

The Tianyin Region Lord waved the Heavenly Demon Flag, and wherever the flag passed, the wind and clouds would change, everything would be frozen in ice and snow, the terrifying cold tides swept through the world, unstoppable. In an instant, the surrounding area of a trillion meters, with the exception of the The Diremonster Battlefield of the imperial level and her surroundings, everything was covered in this frozen world, turning into ice!

It was spectacular!

It was as if a giant ball of ice had appeared on the mountain of Bian Shan.

Everyone had been frozen and activated. This freezing was like a kind of seal. If no one broke it, they would be left here forever!

Under the attack of the Tianyin Region Lord, the Divine Emperor s hastily hid themselves within the The Diremonster Battlefield of the imperial level in order to avoid this calamity. If not, they would have been frozen and sealed like Li Xuanji and Long Chen.

"Finished?"

"Tianyin Region Lord's rules are too terrifying. They actually froze such a large area. Is it going to end like this?"

While the countless Divine Emperor were still guessing, Li Xuanji who was in the center of the ice was frozen in ice. In fact, she seemed more like an ice goddess! She was still at first.

"Shatter!"

She wanted to shatter the ice seal, and under the laws of the world, Li Xuanji and Long Chen were about to turn into powder! The Divine Emperor s could not help but worry. At this critical moment, Liu Xuanji's eyes flashed with a cold light. With the swing of the Great Void Demon Sword, the millions of ice cubes in front of him instantly shattered!

"Boom!"

This was also Li Xuanji's first time trying it. She had only used it to a very low degree, and swept it across with her sword.

"metaplasia!"

Breaking out of this freezing world, the metaplasia was the most powerful and effective rule! The other rules are for living things, not dead ones. At this moment, the rules of karma and slaughter had completely fused together within the Great Void Demon Sword. The Great Void Demon Sword only assumed the role of a source of energy as the blade edge, exploding forth with metaplasia!

The metaplasia was only a ray of sword light.

As the sword aura swept out, all the ice shattered and vanished like it was powdered, as if it had never existed. However, the metaplasia did not change at all. It directly opened up an incomparably huge path within this frozen world, directly leading to the Tianyin Region Lord!

"AHH!"

He had never imagined that his own laws would be broken in such a straightforward manner. Under Li Xuanji's metaplasia, his Frozen End World was simply like cotton, it simply had no power to resist at all!

Swish swish!

Everything shattered!

Her Tianyin Region Lord and the Heavenly Demonic Flag were directly exposed before the metaplasia. In that instant, the Tianyin Region Lord finally realized what fear was. She cried out in shock, her face turning pale, no matter how much she waved the Heavenly Demonic Flag, the metaplasia still struck her body! Of course, she used the Demonic Sky Flag to block it!

"Scram!"

The Tianyin Region Lord let out a mournful howl!

The Divine Emperor s watched with their eyes wide open.

Hiss!

BOOM!

Two consecutive sounds, and what the crowd saw was that the Heavenly Shadow Devil Flag was right in front of the Divine Emperor, and in the midst of its sorrowful wails, the dignified God Creation Divine Equipment of the Eternity was directly torn to shreds, with a loud explosion, it dissipated into the ten thousand worlds, causing the Divine Emperor s to feel a wave of pain, let alone the Tianyin Region Lord herself.

"No!"

As if struck by lightning, Mo Wuji fell to his knees.

Pfft!

After shattering the Demonic Sky Flag, the metaplasia still had its power, and slashed onto the Tianyin Region Lord's body. Although it didn't have much power left, it still almost sliced the Tianyin Region Lord into two, and in an instant, the Lord let out a pitiful cry, as she was heavily injured by the metaplasia, like a frightened bird. This time, she had suffered a heavy injury, and had lost her dignity and face to Li Xuanji.

RUUMMBLLLLL!

The surrounding ice turned into powder, and the group of people finally managed to get out of The Diremonster Battlefield of the imperial level. However, their steps were light, and they couldn't even stand properly.

They knew that Li Xuanji would defeat her opponent, but they did not expect it to be so straightforward. From the start, today was not just a battle, but a crushing battle!

In the midst of their gazes of reverence, Li Xuanji descended from the sky, and landed next to Long Chen. After that, they appeared in front of Mo Sang. Don't kill me! "

This time, it really frightened her.

"You do it."

Long Chen would still let Li Xuanji settle her own matters.

However, after hearing Long Chen's words, Mo Sang thought that Long Chen was the one who took action.

Li Xuanji helped her up, and said. "I don't want to be entangled with you at all. From today onwards, you and I have nothing to do with the Tianyin Region. They didn't owe each other anything. Is there a problem with that? "

"No, absolutely no problem."

Mo Mo Mo hurriedly said, she could guess that Li Xuanji did not want to kill her.

"Then that's good, if only we can continue pestering him." I won't forgive you next time. "Let's go."

After Li Xuanji finished her last sentence, Mo Sang looked like she was sleepwalking as she fled in a sorry state, not even turning her head back. Everyone understood that from today onwards, they would probably have to hide in the Tianyin Region for a long time and wouldn't dare to go out anymore.

Done.

Li Xuanji did not speak further. She smiled lightly with Long Chen and returned, while Long Chen directly went to face all the Divine Emperor s. In an instant, every Divine Emperor's eyes were filled with deep

worship, including God Emperor of the Heavenly Apes, Extreme Delight, Tian Shenwushuang and the others.

God Emperor of the Heavenly Apes led the other Divine Emperor and said respectfully, "I never thought that you would have reached such a level today. Envy, of course it's your luck. We can only admire you then. "

Extreme Delight sized Long Chen up from head to toe, and said: "Looking at you today, I can't believe that you've even fought in my Myriad Gods Garden. Back then, I was a little cold to you. Today, you won't hold a grudge right?"

She was such an aloof person back then, but now, she had an awkward expression in front of Long Chen.

As for Tian Shenwushuang and the others, they were not able to come over to talk with Long Chen, but they had a helpless expression. They had worked hard enough, but the gap between them was growing larger and larger.

"Um, Long Chen, may I ask, how did you get your hands on the Great Void Demon Sword?" Xing Wuji squeezed to the front and couldn't help but ask as he looked at Long Chen with his beautiful eyes.

Everyone was looking forward to it, because this was the Holy Son of Confusion's!

I've been a bit busy recently, and I'm feeling quite helpless myself. After all, I'm not a full-time author. I haven't graduated yet. To tell the truth, a diploma at this time is not that important to me. But after studying hard for more than ten years to graduate from college, everyone understood what this meant to a student, so I had to finish my graduation design, graduate internship, etc. End my studies.

All this, I felt, could only mean that I was still young, otherwise I wouldn't have been so embarrassed. It was a pride, not a burden, to be able to do this while I was still in college.

After graduation in June, Madman would be a true full-time author. I've been busy and very busy recently. I've worked hard and I haven't tried to please you, but it doesn't matter. I believe that those who work hard, no matter what kind of pressure and slander they have to bear, will have a good harvest. I also thank all those who still understand me for their support. Thank you.

Author is not a robot, writing a book is a matter for a person and not just a team, a team can work together, can ask for leave, can help, but a person has a life, the update will definitely fluctuate, I have persisted for almost three years, over 900 days, and almost 10 million words, a student of mine, can be

said to have a clear conscience, but also have special thanks to the hundreds of millions of readers that allowed me to peacefully code words, have a meal, and write my own dreams.

My graduation isn't the end, it's just the beginning, the beginning of my career. Thank you all for following me all the way, fighting for ten years without leaving me, grateful to all the kind and tolerant people, I am willing to sacrifice my head and shed my blood for you!

Chapter 3089 - Divinities

In truth, there was nothing to be afraid of about the Great Void Demon Sword. In the entire Ten Thousand Worlds, only the Four Chief Sovereigns could suppress Long Chen, but in reality, they couldn't do anything about Long Chen either, because Long Chen had appeared mysteriously, and there were two realms of life and death. As long as Anarchic Demoness left the Everlasting Whirlpool, Long Chen might still be able to resist him.

Therefore, there was no one in the entire Ten Thousand Worlds who could cause him any danger.

He said directly: "It was taken from the Holy Son of Confusion."

"AHH!"

Hearing this, the Divine Emperors all looked lifeless, their expressions full of disbelief. They realized that they had once again underestimated Long Chen. They understood, Long Chen was definitely stronger than Li Xuanji. Since Li Xuanji could do this, Long Chen must be stronger.

Holy Son of Confusion had always been considered the strongest existence under the Four Overlords. For Long Chen to be able to take away his opponent's most precious Great Void Demon Sword, the difficulty was equivalent to killing him.

"This is unbelievable."

"You are no longer a Divine Emperor, are you?"

"In such a short period of time, you've become a Hierarch. You are simply a miracle that hasn't happened in the last tens of thousands of years."

The Divine Emperor could not help but praise him.

Their eyes were all filled with envy.

Of course, it was also filled with respect, respect for the strong and for miracles. Even Ji Taixu, who looked down on Long Chen the most in the past, now shut his mouth and hid behind the crowd as he looked at Long Chen with extreme envy.

"I wanted to challenge you. I'm afraid it won't be long before you catch up to my father. " Tian Shenwushuang's smile was full of helplessness.

What he said was right, Long Chen's shortest goal right now was to catch up to the Four Chief Sovereigns and Heavenly God's pressure on land. In the future, he would first need to have the ability to occupy ten thousand worlds.

This time, he was only passing by to take a look. In the past, the Darkstar Divine Emperor had helped him out a lot. Thus, Long Chen came to the side of the Divine Emperor and said to the rest, "Everyone, I want to speak with the Divine Emperor in private."

Hearing this, everyone dispersed. Now, they basically had to listen to whatever Long Chen said.

Looking at the current Long Chen, the Darkstar Divine Emperor's eyes were filled with tears as he said, "If old fogey Dong Hua was still alive, seeing your current appearance, he would probably be exceptionally proud, right? After all, you do have something to do with it. "

His Immortal Sword Demon Tower had indeed helped Long Chen a lot during that period of time. Long Chen shone brilliantly on the Immortal Sword Mountain, starting with the Immortal Sword Demon Pagoda.

"Emperor Eastflower!"

Long Chen had to admit that if the Divine Emperor did not say it out loud, Long Chen would have forgotten about him.

"I promised him I would find his killer. But now that they have not put in any effort at all, it is a great shame." Long Chen admitted that he was breaking his promise on this point. After all, he had encountered too many things in the past that he had no choice but to put this matter behind him. Even though Emperor Donghua and the Godly Sword Demon Pagoda seemed insignificant to him now, it was still a promise.

The Darkstar Divine Emperor shook his head and said, "You can't be blamed for this. You have a lot of things to deal with, so naturally you have to deal with important things. Dong Hua, that is already a small matter to you. In the future, just take it as a snack and pay attention to it."

After Long Chen heard this, he became silent for a moment and then made an association. He quickly found a point and said: "This matter, at first felt very complicated, but now it seems to be a lot simpler. Back then, that formless person should have used a type of rule called 'nil'. In the entire Myriad Worlds, he seems to be the only one who knows of this rule."

"Who?"

The Dark Star Divine Emperor hurriedly asked.

Long Chen said, "In the Realm of the Great Desolate Emperor, Ji Taixu once summoned a type of archaic Giant Demon called 'Nothingness Demon' when we were fighting. This kind of ancient Giant Demon was able to display the laws of the universe. His body was invisible. Therefore, my guess is that the master of the Realm of the Great Desolate Emperor who also possesses the 'Demon Emperor's bloodline,' celestial domain Lord — Handsome."

The Nothingness Demon that he had fought against Great Monarch Donghua back then was probably too strong. Long Chen didn't even dare to go close, so naturally, he was unable to find out.

"Him!"

The Darkstar Divine Emperor was shocked and immediately shook his head. "Impossible, there is no hatred between the two of us. To a handsome man, Dong Hua is just a small fry, there's no need for that!"

Long Chen still believed in his own judgement, and said, "Whether it is or not, I just need to make a trip towards the Realm of the Great Desolate Emperor. If we go and meet this godly figure, everything will be clear. "

The Dark Star Divine Emperor hesitated for a moment and asked: "Then, may I be bold to ask, are you able to contend against a handsome god? I'm afraid you're in danger. "

Long Chen smiled and said, "Rest assured, there won't be a problem at all. I'll tell you what the good news is. "In addition, the reason I'm passing by this time is mainly to thank you for taking care of me that day. If you run into any trouble in the future, you can find me anytime."

He was someone who knew how to repay kindness. He would repay anyone who helped him.

The grace of a drop of water is repaid with a gush of spring water.

The Darkstar Divine Emperor also laughed. In his opinion, Long Chen was still just Long Chen, with a pure heart.

"Then I'll leave first."

There was no time to lose.

Long Chen swept a glance over the crowd and saw that Ji Taixu had bid farewell to the Divine Emperor. Then, he turned and left. Only, no one saw that in the midst of the crowd, Ji Taixu had also disappeared at the same time.

"Long Chen, why did you capture me!"

In the starry sky, Ji Taixu struggled with all his might under Long Chen's control. His face darkened.

"If you want to make a trip to the Realm of the Great Desolate Emperor, I'll have to trouble you to lead the way."

Long Chen laughed faintly.

"You aren't asking me to lead the way are you? It's obviously to kidnap me!" Ji Taixu said angrily. To him, this was humiliation, revenge. But they could do nothing as Long Chen was too strong, he was so strong that they lost hope.

He recalled how he had looked down on this fellow.

Long Chen approached him and said, "Emperor Eastflower was killed by your father, right?"

"What did you say!" Ji Taixu was startled.

This time, Ji Taixu replied obediently: "I don't know, he didn't tell me before, but I think he should be. After all, only when he summons the Nothingness Demon can he not be noticed."

Below the wishful eye, he could only speak his true thoughts.

Long Chen just wanted to confirm that had the same idea, that would be even better. He told Ling Xi to summon the gate to the universe. The gate to the universe had reached the Realm of the Great Desolate Emperor before, so it could be reached at once.

"Let's go."

"Where are you taking me!" After Ji Taixu regained his senses, he immediately struggled and screamed. But no matter how hard he struggled, Long Chen still easily brought him to the gate of the universe.

"Save me!"

At the last moment, Ji Taixu cried for help.

Roughly three days later, Long Chen came out from the Universe Gate with Ji Taixu. By the time he arrived at the side of the Realm of the Great Desolate Emperor, his handsome face was already waiting for Long Chen.

A Sovereign God with numerous Divine Emperor behind him, all the experts of the Realm of the Great Desolate Emperor had already appeared.

The Realm of the Great Desolate Emperor was a huge continent. The world of Eternity was shrouded in white clouds and mist, making it seem like a dream or illusion. No wonder it could be called the Realm of the Heavens. Amidst the white mist, another golden mist soared into the sky.

There were two golden snakes coiled around his neck, just like the people from ancient times. Because he cultivated the laws of the emperors, he was the person with the strongest aura among all the emperors that Long Chen had ever seen. In this world of Eternity, he was the eternal empress!

At this moment, he already knew that Long Chen would be here, so he waited. When Long Chen appeared holding Ji Taixu, for a moment, it was as if the entire wasteland region had become nervous!

"Long Chen, let go of me!"

When Ji Taixu saw his father, his attitude became forceful and he looked at Long Chen viciously.

Long Chen strangled him, and said as if he were carrying a little chicken, and looked at Shen Jun: "You must be the celestial domain Lord. The main reason I'm here today is to ask you a question. If the answer is satisfactory, he'll give it back to you. "

However, that handsome man knew of Long Chen's battle achievements, and especially since there were rumors that he had defeated the Holy Son of Confusion recently. Although not many people believed that, the rumors were not groundless rumors, and there must be a reason for it.

"Ask first."

Long Chen was no longer polite and said: "Alright, then I'll ask you, is the death of Emperor Donghua related to you?"

Here, Shen Jun held a huge amount of authority. He told the Divine Emperor s to not make a ruckus, but to keep them calm and cold.

Long Chen stared at Shen Jun, waiting for his reply. Shen Jun's gaze was indifferent. After a while, he shook his head and said, "I don't understand what you're saying." Emperor Eastflower ... who is he? "

"You don't have to pretend to be stupid. You've already told me everything he knows. He said it himself, in all the realms, only you can summon a Nothingness Demon. "

Long Chen's imposing manner made the handsome man unable to reply for a moment. Their gazes clashed and under Long Chen's forceful suppression, the handsome man suddenly said: "Long Chen, on the account that you are an outstanding junior, I won't bother with you. But if you continue to be so overbearing, then we'll see the truth! Let go of my son, and let's go. "

"That's fine too."

He felt that if he didn't suppress Qin Wentian in terms of strength, he wouldn't be able to admit it. As for Ji Taixu, he was useless, so Long Chen casually threw Ji Taixu over to Shen Jun.

"You're quite straightforward, I'm also very curious. Are you really as legendary as what the legends say?"

Shen Jun received Ji Taixu, protected him well, and then allowed the Divine Emperor s to leave.

When the two forces clashed in the middle of the battle, the imposing manner displayed by the collision caused all the Divine Emperor s to be terrified. Long Chen took a quick look. This handsome man was quite capable, at least equivalent to a Notre Dame de Nine, slightly more powerful than a Hierarch Taihao.

But of course, it was only at the level of a Taotie.

Chapter 3090 - The Heart of the Demon

Amongst the Edicts and Summoning Edicts, he was the most proficient. At the same time, it could transform into an existence called the Demon Emperor, and it could also transform into a natural law.

At this moment, outside of the Realm of the Great Wastelands and the Sky Region, a myriad of living creatures were watching. The divine god was like a peerless emperor, ruling the world.

Within the God's Eye, tens of thousands of stars were born and extinguished. Endless power surged forth from the ten thousand worlds, condensing into the body of the godly young master. For a

moment, all the living beings and gods and devils of the Realm of the Great Desolate Emperor were all shouting out in joy and fear.

"Please make your move!"

Shen Jun howled, as the voice of an Emperor echoed throughout the entire Grand Xia. The strange thing about the Edicts was that in every aspect, it made people feel that it was extremely formidable. He controlled the world.

"You're welcome."

Long Chen laughed faintly, if he took out the Great Void Demon Sword, then he would be bullying others. Although the Great Void Demon Sword was powerful, he still preferred the Ghost Blood Spell for the time being. When the Ghost Blood Curse appeared in Long Chen's hands, a blood-red light surged, forming a monstrous killing intent.

"The God Emperor can definitely destroy this legend!"

For a moment, the Immortals and Fiendgods of the Celestial domain of the Grand Desolate Emperor were filled with confidence. They called him the God Emperor.

However, Long Chen was straightforward, he had already taken action before the other party had made a move, the Ghost Blood Curse in his hand slashing towards the sky, instantly causing a sea of blood to surge behind him. The sea of blood was as huge as the entire Realm of the Great Desolate Emperor, causing all of the gods and demons in the domain to shut their mouths.

Such a huge blood ocean condensed onto the Ghost Blood Curse's sword, causing the Death Realm's core to light up. The sword swept out, and the blood colored Sword Qi erupted, slashing towards Shen Jun's head, this move alone caused Shen Jun's expression to change greatly!

"He used a killing move the moment he attacked!"

He immediately summoned a total of ten Ancient Giant Demons, including Nothingness Demon, as well as a large number of Ancient Giant Demons that Long Chen couldn't even name. The ten Ancient Giant

Demons gathered together, jointly using the rules to block Long Chen's attack! For a time, the Giant Demon roared in anger, his momentum overwhelming!

BOOM!

Long Chen's face was cold and indifferent. He sent his sword downwards, welcoming the true clash. In that instant, ten Ancient Giant Demons blocked the Sword Qi!

"Destroy!"

He was full of confidence!

Due to the terrifying destructive power, ten of the Primordial Giant Demons were torn into pieces by Long Chen's hands. In an instant, a rain of blood rained down from the sky above the domain of the Great Desolate Emperor, and it was unknown just how many lives there were, due to the influence of the Primordial Giant Demon bloodline. It was possible that they would become stronger, and they might not be able to withstand the power of the bloodline!

BOOM!

Everything that the sword light touched was being destroyed!

The final sword cut into the rules of that handsome God. Those rules were a golden shield. With a fierce impact, it produced a power that shook the world for hundreds of thousands of miles. With a loud bang, that shield broke into billions of pieces! It was only now that the killing power of Long Chen's Death Realm had completely dissipated!

Just a single sword strike had forced the handsome man into a miserable state, forcing him to take 300,000 steps back.

He had almost fallen into the Realm of the Great Wastelands.

"The dignified celestial domain Lord only has this little bit of ability. I didn't even use half of my strength just now."

Long Chen's sword had swept past and completely overpowered Shen Jun. Now, his voice had spread throughout the entire Realm of the Great Wasteland Emperor, causing a huge uproar and unwillingness!

But the reality was the truth. At this point, everyone knew just how terrifying Long Chen's strength was. Even though he was cursing, they were all still frightened!

Amongst the hundreds of billions of lives in celestial domain, the handsome god was the supreme being. But now, he was actually forced back by one of Long Chen's moves. Not to mention the others, most of his face and pride had been thrown away.

It appeared in front of Long Chen.

"You're not bad, but you're still far from humiliating me!"

In front of Long Chen, he had transformed from an absolute monarch into a complete devil. Long Chen was familiar with the Primal Heavenly Demon, that was an illusory body, but it would always have a shape to it, and the Demon in front of him, in terms of form, was the exact same as the Primal Heavenly Demon. However, the Heavenly Demon was illusory while the Demon was corporeal!

Flesh, claws, fangs, and black dragon scales. Such a tyrannical and ferocious weapon had clearly been doubled in an instant. After the transformation, the battle strength of this godly figure had increased by too much. This handsome young man in front of him was simply an ancient Giant Demon, not a single rule that had transformed him into his current state!

"The might of the God Emperor! Eternal Rest! Other realms will surely be put to death if they act rashly!"

"

For a moment, all the living beings of the world were led by the gods and devils as they simultaneously shouted. The combined roars of several tens of billions of people was indeed an attack to Long Chen.

"Scram!"

As the handsome Emperor Demons cut through the air and attacked, it seemed as if the heavens and earth were being torn apart as everything trembled. That bloody aura was completely different from the aura of an overlord!

"You care too much. Also, don't think that just because you have the ability, you can control anyone's affairs! "

The howl of the Fiendgod was extremely terrifying.

Facing his majestic aura, what responded was Long Chen's ice-cold sword strike. This sword strike looked a little simpler, but it was even more terrifying, even more terrifying than when Li Xuanji used the Great Void Demon Sword.

"metaplasia!"

In that moment of coldness, the sword descended. Karma and slaughter combined together, one contained the power of slaughter, the other was the power of disintegration. That sword was simply impossible to resist, and it instantly appeared in front of the Emperor Demon, causing him to feel an unprecedented death threat!

"Demon Emperor's Heart!"

The Immemorial Giant Demon immediately took action, he had already reached his limit, the monstrous devil energy had condensed into a black heart in front of him, there were countless black demon serpents drilling in it, the black energy was suffused, like a giant mouth that was swallowing the heavens and the earth, it was moving towards Long Chen!

"Break!"

The metaplasia rushed out, colliding with the Demon Emperor's heart, and in that moment, a terrifying thing happened. The Demon Emperor's heart was continuously melting in front of the metaplasia, shattering into powder and dissipating. The rule that the Demon Emperor was most confident in was completely destroyed, and the Demon Emperor was now completely exposed to Long Chen!

Obviously, Long Chen had still easily crushed him!

The metaplasia simply did not have any chance to dodge, at the moment when the Evil Emperor was trembling intensely, the metaplasia pierced through his body. The Evil Emperor exhausted all of his strength to resist, and only then was the metaplasia slightly deviated, missing out on his Heart of Rules, passing through his lower abdomen, directly tearing out a bloody hole!

Rip!

For a time, the sky was filled with blood!

After suffering such heavy injuries, the Demon Emperor cried out miserably, being unable to maintain this state anymore, and immediately reverted back to her handsome state in front of Long Chen. The current Shen Jun's face was deathly pale, his entire body trembling, and while his mind was still blank, Long Chen instantly appeared in front of him.

"Hua!"

When this scene occurred, all the shouting stopped abruptly, and a suffocating feeling overwhelmed them. Everyone had a sluggish and pained expression on their faces, and they were completely dumbstruck, especially Ji Taixu who was protected by the god and devil. He had seen with his own eyes the person he worshipped the most, was currently being completely suppressed.

"Don't move, he will take your life." Long Chen said indifferently, causing Shen Jun to immediately become quiet as he stared at Long Chen.

"Actually, there's no need to be so surprised. I have fought against many stronger opponents than you. You know that I have defeated the Holy Son of Confusion, so I won't be so sullen. "

Hearing Long Chen's words, Shen Jun felt much better. It was only because of this that he discovered that Long Chen made him feel fear.

A deep fear.

"What are you trying to do!"

At this moment, everyone behind him was holding their breaths as they watched this scene unfold.

Long Chen said: "Didn't I say it earlier? Actually, I know that you were the one who killed Emperor Eastflower, right? There's no need for you to quibble. The Nothingness Demon that you summoned just now was the same one that you used to kill. I was by your side when you killed Great Emperor Donghua!"

"

The expression on Shen Jun's face kept changing!

"It's you!" I actually saw you back then. So weak! "Who would've thought ..."

Right now, what he regretted the most was that he did not conveniently kill Long Chen at that time.

"Have you admitted it?"

It was indeed him, then things would be easy. Long Chen said: "I once promised Great Emperor Donghua that I would take revenge for him. He helped me when I was in trouble. And I happen to be a man who keeps his promises. "Therefore, it can only be considered your misfortune."

"For the sake of a mere Emperor Eastflower, you actually wanted to kill me?" Shen Jun felt that this matter was unbelievable. However, Long Chen did not seem to be joking. His Ghost Blood Curse was already prepared.

"Friend, benefactor, what strength and status does he have, is not important to me. You can only blame your bad luck. "

When Long Chen said till here, Shen Jun's face changed greatly. He said: "Wait, you can't kill me. Otherwise, you will regret it! You don't know what kind of crucial information I have in my possession! "

Long Chen was actually feeling very strange in his heart as well!

He stared at Shen Jun and said, "I can't figure it out either. Emperor Donghua is so far behind you, so why do you have to kill him without anyone noticing? Why do you seem to be silencing him? If you don't, it's impossible for you to escape with your life today. "

"Long Chen, are you sure you want to threaten me?"

"I just wanted to figure this out. Of course, even if you don't understand, it won't affect me helping him get revenge. "

In terms of a mental confrontation, Long Chen had the upper hand, and this godly figure simply did not dare to meet his gaze.

"Also, I am very curious about your Demon Emperor's bloodline."

Long Chen's intuition told him that this fellow was probably related to an Ancient Giant Demon.
