

War God 3111

Chapter 3111 - Myriad Manifestation Curse

However, Long Chen was still focused on the core of the Great Desolation and Myriad Calamities Fire, the drop of blood.

That's right, that was the blood of the Universe Swastika Dragon's legacy.

The seventh Ancestral Dragon controlled disasters, and on the level of battle, it even surpassed the Ancestral Dragons such as Taiji Creature Dragon and Hun Yuan's Heavenly Fate Dragon. He was the only evil and calamity in the era of the Dragon Sacrifice Continent, the only existence that caused all the divine dragons to fear.

The calamity in the Dragon Sacrifice Continent would be handled by him.

Originally, Long Chen should have fought over it, but the current situation on the Ancestral Star was special, so he restrained himself and told himself not to worry.

"Emperor Tianxin has left this item here for so long, it's likely that he's only here to take a look occasionally. He definitely wouldn't dare to stay for too long, once he leaves, I'll just take the inherited essence blood and Ancestral Fire. If I truly achieve my goal without anyone knowing, Origin Ancestor and the rest would not discover my true goal. "

He made this decision.

But he was still confused, why was Emperor Tianxin's daughter here?

"Gui Qi, do you know the daughter of Emperor Tianxin?"

"His daughter?" After thinking for a long time, Gui Qi said, "Oh, that one? It was a long, long time ago. He did have a daughter, but she was said to have disappeared. I think, how could the daughter of the exalted Emperor Tianxin go missing? I couldn't figure it out before, but when I disappeared, I understood. He might have been assassinated. However, I don't know who did it. "What, did you see his daughter?"

"Missing?"

Missing? Why would he be here?

"Mn, Emperor Tianxin brought us to this Cursed Star. After that, in this secret location, there is something that I want. However, Emperor Tianxin's daughter is also here. Within the ice coffin, Emperor Tianxin seems to be burning his daughter to death with his Ancestral Fire. What is he doing? "

"Blazing Ice Coffin?" Gui Qi was surprised, and said: "What you're saying, seems to be the 'Eternal Evergreen Spell'. He had been hit by the Origin Ancestor's Eternal Evergreen Curse. It was said that only by burning them with the most extreme of flames would they be able to ensure that they were eternally green. Otherwise, they would instantly vanish into thin air. This was one of the most terrifying curses of the Origin Ancestor. Do you think she's all green? "

"That's right."

"That is the Eternal Evergreen Spell. If you were to take away that Ancestral Fire, his daughter would instantly die. Be careful. "I'll think about it on my own."

"Understood."

Long Chen roughly understood the situation.

"The question is, why is it the Origin Ancestor? Origin Ancestor, why did you use this Eternal Green Curse on the daughter of Emperor Tianxin? "

He had originally thought that Emperor Tianxin was the most trusted subordinate of the Origin Ancestor.

At this time, Emperor Tianxin quietly knelt in front of Lin Er, and prostrated on the ground. This kind of great emperor was actually crying, it could be said that Long Chen had really broadened his horizons.

"Lin Er, Father has come to see you again. How have you been these past few years?"

Emperor Tianxin lay prostrate on the ground, his entire body trembling uncontrollably. His current state actually stunned Long Chen for a moment, and he suddenly revealed the appearance of a dragon. Long Yan was his precious daughter, so his importance to Long Chen was probably the same as Lin Er to Emperor Tianxin. In this way, he understood why Emperor Tianxin was acting this way.

"It's all father's fault for overestimating himself, the one who deserves to die is me! I should be the one to lie here. You are so young, how can I let you suffer? If I hadn't been impulsive, if I didn't challenge the authority of the Origin Ancestor to attempt to seize the Ancestral Star, you wouldn't have suffered this disaster. With just a few casual moves, I have experienced the world's heaviest calamity, being torn to shreds, being battered and exhausted, being completely terrified, being completely subservient ... I can't do anything about it, I can't let you escape from your pain, I can only let you live! "

With that, Emperor Tianxin began to wail, his heart brimming with endless grief and depression. At this moment, all of his emotions were vented out. In this dark cave, he was filled with deep regret.

"I understand."

Hearing Emperor Tianxin's confession, he was mostly arrogant and conceited, wanting to defeat Origin Ancestor and take control of the Ancestral Star, but he was defeated by Origin Ancestor. Origin Ancestor did not punish him, but instead placed the Eternal Spring Curse on his beloved daughter, suppressing Emperor Tianxin completely. Let him be completely loyal to the Origin Ancestor in fear.

"This Origin Ancestor is truly heartless."

If it was his own daughter, Long Chen could not imagine what kind of disaster that would be. Every child is a treasure of the parents.

After that, for a long time, Emperor Tianxin was always by Lin Er's side, speaking quietly to him. All the interesting things from the past, all those attempts to forget the pain were in vain. Even until the last supreme deity, he was still unable to resist the invasion of pain.

"If you were able to survive, I would be willing to die right now. Lin Er, just wait for me. There will be a day when I will break this eternal green curse. Even if it means paying father with everything, I will make you return. This is my fault and not yours. "

"Lin Er, you must wait for me."

"Don't be afraid, I'll always be by your side."

"The position of Emperor Tianxin is yours in the future. All of mine is yours. "

It was obvious that he couldn't stay here for too long. After saying a few words, he tearfully looked at the young lady inside the ice coffin, and walked out, shivering, step by step.

Long Chen turned into a speck of dust at the side, waiting for him to leave. In the end, Emperor Tianxin still left. He left the Star Curse and waited for about fifteen minutes after he left before Long Chen took human form and walked towards the ice coffin.

The Ancestral Flames and Inherited Vital Blood were close at hand.

"Are you going to take them away?"

Of course he couldn't just take away the Ancestral Fire, it was the Ancestral Fire that protected the inherited blood essence in the center. If Long Chen fought for it, it would definitely cause chaos.

The one who spoke was Li Xuanji.

Long Chen looked at the Ancestral Fire, then looked at the girl who had been hit by the Eternal Evergreen Curse, and became somewhat speechless.

Li Xuanji said: "I just want Yan'er to be your daughter, you should understand the pain it is to be a father when you lose your daughter. I don't really want you to be the executioner. "

Long Chen had actually hesitated for a long time.

On one hand, he knew how important it was for him to obtain this inherited blood essence. On the other hand, he also knew how important his daughter was to his father. A smile appeared on Yan'Er's face, making it impossible for him to do anything. No matter how powerful they were, every single Fiendgod was just an ordinary person, unable to escape from the seven emotions and six desires.

Long Chen was even more unable to escape.

"Brother Chen, I think there's no need to rush. Anyway, we know the location of these two things. Emperor Tianxin couldn't move, so it was useless for the Origin Ancestor. And that's basically what we get. If you don't feel right in your heart, we can first find a way to remove the Eternal Evergreen Curse. "

Ling Xi suggested.

In fact, they all understood Long Chen, and knew that he would not be so heartless. They knew where Long Chen's principle was, he would never take the initiative to attack others.

This also gave Long Chen a reason to convince himself.

"Alright, leave it for now. With the door to the universe, we can return here at any time." Long Chen finally took a deep breath. Honestly speaking, the treasure was right in front of his eyes, but because his inner Origin Ancestor was unable to snatch it, it was indeed a very uncomfortable feeling. But Long Chen was still willing to persevere. If he lost himself and went to war with the entire world, what could he do?

Long Chen gave Lin Er one last glance. She was sleeping very peacefully in the ice coffin. "There was a hint of a smile at the corner of his mouth, as if he was dreaming of something interesting." "Let's go."

Long Chen was preparing to leave.

However, right at this moment, an enormous pressure descended from above, as if it had gone mad. With a sudden sound, dust flew in front of its eyes, and suddenly, the furious Emperor Tianxin appeared! The flames within his grey robe burned fiercely, competing against the Great Desolation and Myriad Calamities Fire under the ice coffin.

"Long Chen, it's really you!"

Emperor Tianxin let out a low roar.

Long Chen was shocked, didn't he already leave? Why did he appear here? Had he revealed a flaw and let him know? That's impossible.

"Don't go near her!"

Emperor Tianxin stared straight at Long Chen, like a wild beast.

Long Chen could roughly tell from the flames he used to replace his eyes.

"This Lin Er is so important to him, he will definitely be on guard. The flame on his body contains the aura of an Ancestral Flame, so the moment I approach the Ancestral Flame, perhaps he will be able to sense it. "That's why we came back right away."

Long Chen's guess was basically not too far off.

Just as he was about to leave, he was discovered by Emperor Tianxin. This was out of his expectations. It was clear that his objective was right in front of Emperor Tianxin, and if Origin Ancestor knew, it would be even more troublesome.

"Don't be too agitated. You can slowly discuss this matter. Don't worry, I naturally won't touch her." Long Chen gave up the first seat, allowing Emperor Tianxin to stand next to Lin Er, but even so, Emperor Tianxin's beast-like eyes still could not be extinguished. He stared at Long Chen with his greatest hatred, and growled in a low voice: "Leave this place immediately, if not, don't blame me for being impolite!"

"Leave this place, do I still have any means to communicate with you?" Long Chen said indifferently. Only here would Emperor Tianxin worry about Lin Er's safety and he would listen to Long Chen's earnest words.

"Tell me! What is your purpose for following me?! You must have an unspeakable secret coming to the Ancestral Star! Don't force me to tell this to Origin Ancestor, hurry up and say it! "

Long Chen waved his hand, and said: "If I were to say that I was just curious about this Cursed Star, and happened to meet you after coming here, then why would you come in? "Would you believe it?"

Emperor Tianxin's eyes were filled with distrust. He continued to stare at Long Chen warily, and finally said, "If you leave this place immediately, I'll believe you. I won't even tell anyone about what happened here."

Long Chen shook his head: "I think that's impossible, you really do not believe me from the bottom of your heart, so you don't need to lie to me."

To suddenly reach such a chaotic degree, Long Chen could not imagine it.

Right now, Emperor Tianxin was worried that Long Chen would hurt his daughter, but he also hated Long Chen. Long Chen was also worried that Yue Yang would tell Origin Ancestor everything that had happened. Long Chen could deceive Emperor Tianxin, but it was obvious that the Origin Ancestor was not that easy to deceive.

In the instant that the two parties were facing each other, Long Chen waved his hand and said, "Enough, I think you don't need to panic. I heard what you said just now. I'm curious, does Origin Ancestor know about this place? Do you know that you're still using this flame to keep your daughter's life and constantly thinking of saving her? "

Emperor Tianxin stood guard in front of the ice coffin and glared at Long Chen for a long time before saying, "Only I, Long Chen, know of this place. The Origin Ancestor was naturally not clear about this. What, you also want to complain to Origin Ancestor? My daughter's matter is insignificant to Origin Ancestor, but if he knew that you were following me and secretly came to the Cursed Star, he definitely won't let you stay in the Ancestral Star any longer. My guess is that you don't want to leave the Ancestral Star at all. You must have some other motive.

Long Chen shook his head indifferently, and said: "Since it's like this, we can just pretend that nothing happened. Leave together without a trace. "

"If you don't believe me, I don't believe you either."

Long Chen squinted, and said: "Tell me the truth, I also heard what you said just now. As if you regret it. You said that you will help your daughter break the Eternal Evergreen Spell, and obviously, you will rebel against the Origin Ancestor in the end. Say, if Origin Ancestor knew about this matter, would you think that it would be a trivial matter? "

Perhaps, this was the true fear of Emperor Tianxin.

"Maybe you can escape, but she can't."

Long Chen pointed to Lin Er.

"Just what do you want to do!?" Emperor Tianxin's voice was filled with suppressed anger.

Since the other party doubted him so much, Long Chen could make the best of it and obtain some information from him. After all, Emperor Tianxin definitely knew more than Gui Qi.

He said, "Maybe I can help you. You're right, I did come to the Ancestral Star with a purpose. "

Long Chen's attitude changed. He was so sincere, but Emperor Tianxin still did not relax. He said, "Then tell me, what is your goal?"

"I want to know a few things. If you are able to tell me, naturally, it will be for my benefit." I, Long Chen am someone who repays kindness. If I can succeed in the future, I might be able to help you out. "

"What do you want to know?"

Both sides had their weaknesses caught by the other side, so they were in a deadlock. Long Chen said bluntly, "In the Ten Thousand Worlds, I once belonged to a world, but that world has now been destroyed. I am a man without a homeland. The strong people of my world were sealed by a curse. He turned into a statue or a ghost. I want to save them from their suffering, so I came to this ancestral star. I heard that there might be a way to remove this curse here. "

Emperor Tianxin didn't really know of Long Chen's desire for the Ancestral Fire, so when Long Chen revealed his other motive, he naturally believed it. Because he knew what Long Chen was talking about.

"Those are 'Nightmare fossil curse' and 'White Night Ghost Curse'. It was several grades higher than the Eternal Evergreen Spell. The Eternal Evergreen Curse was the limit of the Origin Ancestor. Perhaps in the entire ancestral star, only I and Origin Ancestor and I have heard of these two curses. Therefore, since you were able to say it out loud, I believe that you aren't lying but I truly do not believe that these two curses still exist in the human world. "

Only now did Emperor Tianxin finally calm down a bit. Long Chen's confession caused him to relax his guard a little. He had also lived for too long, so he naturally knew that what Long Chen said was the truth. His purpose of coming to the Ancestral Star probably differed from the reason that Origin Ancestor wanted to go to the Ten Thousand Worlds. Not everyone had the desire to dominate the ten thousand worlds.

Hearing Emperor Tianxin's words, Long Chen was overjoyed, and said: "Do you know if there is anyone or something on this Ancestral Star that can break these two kinds of curses?"

Emperor Tianxin was silent for a long time, until Long Chen couldn't help but say: "It can be said that there is, or it can be said that there isn't."

"What do you mean?"

"The reason I said no is because there are quite a few similar curses that I know of. These were all Immemorial Curse s recorded within ancient and tattered ancient scrolls. It had surpassed the current level of the Ancestral Star. So there is no solution. I'm afraid it was before the era that someone on your side was able to be cursed like this. Even if there is a solution, it would have long been lost. "

"Then why did you say there was a reason!" Long Chen did not have much patience for this. After all, this matter was related to the divine dragons that had been cursed for a whole era.

Emperor Tianxin said, "Yes, that's because the Origin Ancestor has an item. If we can find it for support at a sufficient price, it might be possible to solve our problem."

"What's that?"

Emperor Tianxin shook his head and said, "Your matters have nothing to do with me. I find it strange. Why should I tell you?"

Long Chen thought for a while, then said: "Very simple. If the thing in Origin Ancestor's hands can take care of the Immemorial Curse, then presumably, this Eternal Evergreen Spell would be easy to deal with. I can help you too. "

Emperor Tianxin hesitated, because he knew how terrifying the Origin Ancestor was.

Naturally, deep in his heart, he hated the Origin Ancestor.

"I have a daughter too. I understand your feelings."

Long Chen did not hate this person, and from his attitude towards his daughter, it could be seen that it was a deep emotion that belonged to a father.

"You!"

Emperor Tianxin was stunned for a moment before he suddenly trembled, "Can you let me take a look?"

"See?"

This was actually nothing much. Long Chen carried Long Yan out, pinched her little cheek, and said: "Yan'er, call me uncle."

"Call me uncle?" Who's calling him uncle! Where is this place!?"

Long Yan's eyes widened as she looked around her surroundings. When she suddenly saw the gray-robed Emperor Tianxin, she immediately shrank back into Long Chen's embrace and shouted in anger, "Ugly bastard!"

"Go back!"

Long Chen immediately threw her back, saving this fellow from acting recklessly. It had only been a while, and Long Chen was already feeling quite awkward about it.

"I'm sorry, but there's a guy at home who is always teaching his children to use vulgarities."

That man is the kitten

"En, it's pretty cute!"

Emperor Tianxin said in a daze. Then, he turned his head to look at Lin Er, and thought back to Long Yan's fierce expression just now. He couldn't help but have tears welling up in his eyes.

"Forget it, forget it." I'll tell you. The Origin Ancestor had a Creation Divine Artifact that had been passed down since ancient times. It's called the Ring of Curses. He had the ring of spells hidden inside. He had

never used it, and no one was worth it. Not many people in the entire Ancestral Star knew about it. That was his most precious item. Not to mention lending it to others, it was impossible to even let them take a look at it. It was said that this kind of thing only required sufficient strength to solve all the curses in the world. Of course, there were also many curses that could be laid. "Finally ..."

He looked at Long Chen and said, "I think, if the Ten Thousand Worlds doesn't have it, this ring of divine incantations should be the only Creation God Creation Art that has the same 'semi-origin level' within the Ten Thousand Worlds."

Although, it was not true origin level.

However, surpassing the primitive level was already a terrifying symbol.

"Half origin level!"

Long Chen inhaled a breath of cold air.

He never thought that the Origin Ancestor would hide such a thing. If he took it out, he would be burnt into ashes.

Looks like this Origin Ancestor is most likely the number one expert of the Ten Thousand Worlds! The number one expert! If they fought alone, they should be above the four Chief Sovereigns.

"If the method to remove the Nightmare fossil curse and the White Night Ghost Curse exists on the Ancestral Star. The only possibility was the Ring of Curses. The Ring of Curses can also easily destroy the Eternal Green Curse, allowing my daughter to return. But, I have to say, you want to get the Ring of Curses. Impossible. "Also, as long as Origin Ancestor doesn't die, even if you get the Ring of God and help me get rid of the Eternal Green Curse, as long as I'm still on this Ancestral Star, even if my daughter is still alive, Origin Ancestor will still vent his anger on me."

Emperor Tianxin's words seemed normal, but then something went wrong. At this moment, he felt especially hopeless.

"What do you mean?"

Now that he knew his target, Long Chen could totally take it slow. There was no need to worry, he could just wait until the day he defeated the Origin Ancestor before taking action. Thus, he was actually feeling very relaxed right now.

Emperor Tianxin shook his head and laughed bitterly: "Alright Long Chen, I'll tell you the truth. I already feel bad about it. But it was too late. If I had known that your real goal was the God's Ring, I wouldn't have been so anxious. There's one thing I lied to you about. I'm sorry. "

Long Chen's body trembled, and he said: "What?"

Emperor Tianxin said helplessly, "Actually, Origin Ancestor knew that I was here on the Cursed Star, so he used this flame to prolong my daughter's life. With this, he could still better control me. Thus, it did not even exist. I was afraid that you would tell me everything that had happened here. Thus, from the very beginning, I did not have a clue that I was in your hands. "

Long Chen was shocked. He had been wrong from the start, he had underestimated the Origin Ancestor. He thought that Emperor Tianxin was secretly extending Lin Er's life, but he didn't expect the Origin Ancestor to acquiesce to it. It was because every time he saw his daughter, Emperor Tianxin knew the price of betrayal, which was why he didn't dare to betray her.

Emperor Tianxin said, "So, the moment I found out that you were here, I contacted the Origin Ancestor and asked him to help me! I'm sorry, but even after I told you this later, I found that this is indeed a very good and risky opportunity, but there is also a chance to get out of this predicament, but the outcome was set in stone from the beginning. Origin Ancestor is a suspicious person, as long as he can confirm that you are a threat, he will probably ignore all costs and I won't be able to help you. "

From the moment Emperor Tianxin had returned, the Origin Ancestor knew that Long Chen had secretly snuck here. If he found out that Long Chen's goal was the God Curse Ring, then it would be even more troublesome.

"Don't worry, I will help you conceal the matter of the God's Ring. However, everything that happens from now on will be up to you."

Long Chen knew clearly in his heart that Origin Ancestor was a suspicious and cruel dictator.

In fact, there had to be a secret behind his actions of letting him stay on this planet.

Now that he knew that Long Chen had appeared here secretly, although Long Chen had said that he had come here by accident, the other party would definitely not believe him.

This is a big problem.

Emperor Tianxin was still protecting his daughter. Although he had missed a chance to revive his daughter, he did not feel much regret. After all, the strength of the Origin Ancestor was deeply rooted in his heart. Just like him back then, there would never be a good ending for him going against the Origin Ancestor.

"You can go. Origin Ancestor had not made any other movements for a long time. Perhaps he had already made his move and was heading in their direction. If you don't leave now, you won't have a chance. It would be best for you to leave this ancestral star and return to the Ten Thousand Worlds which belongs to you as soon as possible. "

"Also, I have to remind you that you will not be able to obtain the Ring of Curses."

Emperor Tianxin said helplessly.

Long Chen was naturally gloomy, but what had happened had already happened. He was thinking that there was no other way to obtain the inherited blood essence first. Suddenly, Gui Qi found him.

"Long Chen, the Origin Ancestor has me under his control. He is currently pulling me to an ancestral star. Save me!"

Her voice was very anxious and mournful. Clearly, he was also frightened. The Origin Ancestor was extremely fast, he could directly take away Gui Qi before even reaching Emperor Blood Star! After all, Gui Qi was only at Divine Emperor's realm. If Origin Ancestor was truly ruthless, he could kill Gui Qi on the spot from that distance!

After he finished speaking, he was probably restrained by the Origin Ancestor, and in the blink of an eye he had disappeared.

Long Chen did not expect that after everything had happened, the first thing Origin Ancestor looked for was Gui Qi. The dignified ruler of an ancestral star did not care about his identity and directly threatened Long Chen.

This time, they couldn't even leave their ancestral star for the time being.

The wink is still here.

"Luckily, I left a position in the gate of the universe on Gui Qi's body. Before she reaches the Ancestral Star, I can still make it back to her side in time!"

Ling Xi anxiously said.

"Let's go."

Gui Qi was their friend, and right now, they didn't care about the inherited blood essence. Long Chen immediately let Ling Xi exit the Living Realm, turned the gate to the universe, stepped into the gate to the universe, and directly disappeared before Emperor Tianxin's eyes!

"Emperor Tianxin informed the Origin Ancestor from the beginning, and only until now did Gui Qi send the message to us. Obviously, it was because Ghost Qi didn't have the chance to deliver the message to us in the first place. Until just now there was a gap. Origin Ancestor wants to grab Gui Qi and fight us face to face again? "

In the God Kingdom, Mo Xiaolang analyzed with a frown.

Originally, they were on the initiative, but because of the fact that Gui Qi was with her opponent, they were very likely to be in a passive position. was restricted by the Origin Ancestor. Origin Ancestor was the kind of person who would not make a move, and only do so once, in order to completely annihilate the opponent, making it so that they had no way of resisting. For example, Emperor Tianxin was suppressed by him in such a way.

"Gui Qi might not even reach Origin Ancestor, we'll talk about it after we get there."

This time it was a small mistake that led to the current situation. The moment of the final battle that Long Chen had anticipated had been brought forward by too much.

"Whiz!"

The gate to the universe, traversing trillions of miles!

Suddenly, Long Chen appeared in the starry sky, while Ling Xi, who completed her mission, had returned to the Divine Kingdom. She couldn't help at the moment, the most important thing was to protect him. After all, to face an opponent like the Origin Ancestor, honestly speaking, it would not be an exaggeration to say that he was the strongest in all of the ten thousand realms!

What Long Chen was going to fight against now, was the true number one of the Ten Thousand Worlds!

"Wu wu!"

Just as he arrived, he saw that Gui Qi was covered in a gray cloud, unable to move or speak. She could only stare with wide eyes, somewhat in pain and panic as she looked at Long Chen.

At this time, Gui Qi was being swept up by the clouds and was quickly falling towards the ancestral star. Her speed was terrifyingly fast! That's right, this place was very close to the ancestral star! If Origin Ancestor had also headed towards Emperor Blood Star at the beginning, then he would have appeared right away!

Hearing Emperor Tianxin's words, the Origin Ancestor caught Gui Qi and dragged her towards the Ancestral Star while separating the two. At the same time, he also came over to the Emperor Blood Star. The distance between the nine companion star was not as close as they were close to the Ancestral Star. After all, the Ancestral Star was their core.

"You actually have the ability to arrive here in an instant?"

Sure enough, when Long Chen arrived, a ball of shadow appeared in the direction of the ancestral star, instantly appearing next to the cloud in a flash, and stepped on top of it. With a casual pinch, the clouds and mist beneath his feet condensed and formed into a ball in his hands. Only then did he look at Long Chen with a hint of admiration in his eyes.

"What a miracle. I thought I was going to eat you for sure, but you displayed such a method to instantly cross a trillion miles of starry sky. You really scared me." Looks like if I hadn't had the foresight to catch Gui Qi first, I'm afraid I still wouldn't be able to control you. "

He now had Gui Qi in his hands, and had witnessed Long Chen's method of escape at any time, so he would definitely be able to use Gui Qi. This was where Long Chen felt depressed.

Long Chen said: "Origin Ancestor, I think you have misunderstood. I was just curious. Occasionally, I would glance in the direction of the Cursed Star. I knew that it was a place devoid of people, so I decided to go and take a look. I really have no other intentions, I wonder why Origin Ancestor is capturing Gui Qi now? "

Origin Ancestor's three eyes flashed with a strange light. He suddenly smiled and said: "I have a curse, and can force Gui Qi to tell me all of your motives. My Origin Ancestor's curse, forget about Gui Qi, even if it was you, you wouldn't be able to endure it. You would tell me everything, and in truth, before you arrived, I had already asked clearly. Don't you think so? "

Origin Ancestor sneered as he looked at the sealed Gui Qi in the clouds. Presently, Gui Qi's face was filled with an apologetic expression, and her eyes were filled with helplessness. Long Chen didn't blame her, she could only be considered as being careless.

It was normal that Gui Qi couldn't handle Origin Ancestor's methods.

"So, it is said that you have an ancestor that is cursed to control the era. Therefore, your purpose is quite normal. If it wasn't for the Ring of Curses, surely Tianxin would have told you so too. Let me be honest with you. First of all, I can't go to the Ten Thousand Worlds without a reason. Nor will I go there for you. Secondly, the Ring of Incantation is my clan's supreme holy treasure, even I regard it as a sacred artifact! Not to be used often, let alone lent to an outsider. Therefore, you can only give up on this idea. Otherwise, even if you're a guest, don't blame me for being impolite. "

Origin Ancestor only talked about the matter of the God Curse Ring. He didn't say anything about the Inherited Blood Essence, it should have been Gui Qi guarding it. And the matter of the God Curse Ring would always be made clear, Origin Ancestor knew about it now, it was just exposing itself, and the difficulty increased.

However, when he mentioned the God's Ring, Origin Ancestor already looked impossible.

"Origin Ancestor, is there no room for discussion? You can come with me to the Ten Thousand Worlds. I can guarantee that I will give you a satisfactory reward afterwards. "

Long Chen said sincerely. The current situation was that if he could avoid a fight, then he would try his best not to.

"Just kidding. That was the Nightmare fossil curse and the White Night Ghost Curse. Do you know how much I have to pay even if I can solve it? And no one in the Allworld would be able to compensate for this price. Also, the Ring of Curses is a divine object of our Cursed Clan, and it will not be used in any other place. You don't need to say anything more. Now, I will give you one choice, and that is to immediately leave this ancestral star. "

The three cold gazes of the Origin Ancestor swept across Long Chen's body, completely not giving Long Chen the chance to retaliate.

"Leave?"

Since he could let himself go, he was already good to Long Chen.

"Leave now. With the door to the universe, I can return at any time. But it's also convenient. There was still time to prepare. However —

He could leave, but the other side still had the Phantom Qi.

Long Chen said: "Origin Ancestor, since you do not agree, then I can't do anything about it. But I want to ask if I can take his away. "

For Gui Qi to bring Long Chen here, it was truly a sign that she was trying to take advantage of the enemy. For the Origin Ancestor to treat traitors, it was Emperor Tianxin's fault.

Origin Ancestor laughed coldly: "Is my attitude too good to you, that you think I'm easy to talk to? Gui Qi is a member of my Ancestral Star, a Bloodthirsty Great Emperor of my Ancestral Star. Naturally, she had

to stay in the Ancestral Star. "As for you, if you do not immediately scam, I truly do not have much patience to talk to you."

"Then, can you guarantee that after I leave, you won't punish Gui Qi?" Long Chen asked.

After Origin Ancestor heard this sentence, he stopped smiling. It seemed that Long Chen's words had already touched his bottom line, and caused his expression to instantly become incomparably cold.

He stared at Long Chen coldly, the strength in his hands became even stronger, and the clouds started to contract, causing Gui Qi, who was in the clouds, to immediately let out a miserable scream. She had already suffered a lot, and this was also the case for Origin Ancestor's interrogation, but now that she was being tormented, Long Chen's heart, was filled with deep guilt towards her.

While doing this, Origin Ancestor asked: Gui Qi? Let me tell you, she's committed the greatest sin of all my ancestors, and she's dead for sure. You still want me to not punish her? Long Chen, I am giving you one last chance. In that case, you are not my Ancestral Star's guest, but my Ancestral Star's mortal enemy! "

The word mortal enemy allowed Long Chen to understand the true meaning of Origin Ancestor: He didn't want Long Chen to leave at all, he only said those words in a nice way. However, the white man clearly understood that the reason why he had mistreated Gui Qi like this was actually to force Long Chen to take the initiative to attack him. What if the four Overlords of the Ten Thousand Worlds came to provoke him because of Long Chen in the future?

The viciousness and scheming of the Origin Ancestor was just like this cursed land, sinister and terrifying. He did not hold back when he attacked, and Long Chen could see Gui Qi's painful expression.

"Hurry up and leave!"

Of course, Long Chen could not leave. At this point, he could only fight to the death.

"In that case, I understand your meaning. Then let's fight directly. If you count as a big shot, then put Gui Qi down first. "

Long Chen was furious.

Origin Ancestor smiled indifferently, and said: "Alright then, you brought this upon yourself." With a genius like Long Chen, he definitely had a lot of important things and secrets. To be honest, Origin Ancestor had never thought of letting him go from the start, and from the very beginning, he had even planned to thoroughly study Long Chen.

So at this very moment, he opened the Divine Kingdom and threw Gui Qi inside. He said, "You should be relieved now. When it comes to fighting, I can't be bothered to use my weakness to threaten others. Last time when you caught my Heavenly Eye Curse, I was still brooding over it. "How rare, not only did you not want to die today, you even took the initiative to challenge me."

In his Divine Kingdom, unless Long Chen defeated or even defeated the top master of the Myriad Realms, there was no way that he could save Gui Qi! This meant that the battle between him and the Origin Ancestor had come to an end early, and it was at the time when he had the least confidence!

"Big brother!"

"Long Chen!"

Everyone was worried.

"That stinking kitten hasn't awoken yet. If he hasn't, I'll pluck his fur off!"

Zhu Xi was also very angry.

But no matter what, when the Origin Ancestor became serious, that was a terrifying thing, and it suppressed everyone's discussion. Facing a terrifying expert like Origin Ancestor, who could be called the number one of ten thousand realms, Long Chen had to surpass his limit in order to have a sliver of a chance of victory!

"If you give me a little more time, I will definitely be able to do it! But now it's all up to fate. "

A small mistake could create such a troublesome situation. No one could have predicted this.

Compared to the empty space on the Ancestral Star, the two of them appeared extremely small, especially the Origin Ancestor. He had a strange sneer on his face. Facing this Master of Ancestral Stars, Long Chen had unhesitatingly brought out his Creation God Creation Art!

The Great Void Demon Sword! Left hand!

Ghost Blood Curse! Right hand!

The Primordial Dragon Pagoda, after fusing with his body, was filled with the Creation Divine Artifact's Creation God Power of the three primitive level. It swirled in Long Chen's body and converged with the The Power of the Dragon God of All Things!

With the descent of the overflowing power, Long Chen was now in his strongest state. In terms of aura and divine might, he was no longer any weaker than the Origin Ancestor! Even if his divine body was small, a single world of Eternity was not even enough to annihilate the current Long Chen!

"Very interesting, there are many treasures, but unfortunately, their foundation is too shallow!"

Origin Ancestor was not surprised at all. When Long Chen took out the God Creation Art, he did not stay idle either. He casually waved his hand, and a short sword appeared in his hand. It was a cursed sword. However, it was pure white and flawless. It was like the most sparkling jade. Sacred and pure. If one only looked at the appearance, a pure white and sacred short sword being held in the hand of a one-year old child was indeed an extremely beautiful thing.

But he was the Origin Ancestor!

"Heaven and Earth Curse Sword."

It was another God-Creation Artifact from the primitive level.

On the Ancestral Star, the Mirror of Heavenly Incantation and the Heaven and Earth Curse Sword should both be top treasures. Origin Ancestor and the half-origin level God Curse Ring. Other than that, it was unknown if he had any other Primitive Creation Deity Equipment.

"Ghost Qi!"

In Long Chen's entire life, he loathed and hated the fact that his opponents used the people beside him to threaten him the most. Origin Ancestor was one of the strongest people in this entire Ten Thousand Worlds, but he did it. So no matter how fearsome the Origin Ancestor was, it made Long Chen explode with unprecedented killing intent!

At this moment, he had to fight!

"Seems like you do hate me?" You want to kill me? "

Until now, the eyes of the Origin Ancestor were still filled with contempt. Even Long Chen had almost allowed himself to reach the ultimate state!

The battle at the peak of the century erupted in an instant!

When he made his first move, the monstrous power of two giants swept out, shaking the entire ancestral star and all the companion stars. Only then did the Mortal Life and Demon God discover that there was a terrifying battle here, and naturally, only the strongest of the group would know that this was a battle between Long Chen and the Origin Ancestor!

"Oh my god!" Long Chen and Origin Ancestor are fighting! "

"That otherworldly guest is really going to invade our ancestral star!"

"Everyone, don't worry. Although the place is said to be vast, it is said that Origin Ancestor is still number one in the entire Ten Thousand Worlds! That Long Chen left and defeated the other eight Ten Ancestors. But in the Ten Thousand Worlds, he can only be ranked as fifth, and is far from being Origin Ancestor's match! "

"Everyone just saw the Origin Ancestor killing this Hierarch who was ranked fifth in the entire Myriad Realms.

This was a battle of attrition, not sparring.

Long Chen was deeply aware of this problem.

If it was scary, he knew that the Origin Ancestor was scary, and naturally had to be quick and ruthless! Therefore, in that instant, the two swords in Long Chen's hands, at almost the same time, the two types of laws erupted, and his entire body's strength poured into the two types of fusion laws. The Ghost Blood Curse and the Great Void Demon Sword, one in front and one behind, simply rushed out! For a time, the sword shadows shook for trillions of miles!

"metaplasia!"

"Destiny Killing Technique!"

The Dragon Pagoda provided a vast amount of power, releasing it into the metaplasia and the Killing Techniques of Destiny. The two rules transformed into two sword lights, one in front and one behind, they merged into one rule, two sword qi, four different rules!

With such a combination, Long Chen had the confidence to completely kill Emperor Tianxin in one move!

To the extent that there was no Hierarch in all the realms who had initial state at all.

The reason why he had acted so instantly, was also to defeat the Origin Ancestor who had been careless.

Hu hu!

Under these two frightening rules, to the people of the Ancestral Star, it was like the descent of a nightmare. Once the metaplasia passed, they saw many nightmares.

Only Origin Ancestor's face was cold, his short arm waved the heaven and earth curse sword, and struck out.

"Destructive Curse of All Living Things."

This Rule of Curse, was officially displayed by the Origin Ancestor. Compared to the last time when he casually displayed the Heavenly Eye Curse, he simply did not know how much stronger it was! This was the true ability of the Origin Ancestor! The Destructive Curse of All Living Things was just a simple sword beam, but it contained the entirety of the Ancestral Star. At this moment, on top of the Ancestral Star and the nine great companion star, under the influence of the Origin Ancestor's divine might, everyone was actually chanting the incantation at the same time.

The Ancestral Planet has over a hundred billion lives!

That Destructive Curse of All Living Things carried the power and incantation of hundreds of billions of lives. In that sword light, Long Chen saw countless faces: Blood Curse Clan, Ghost Curse Clan, Heavenly Curse Clan. Endless!

Endless sound lingered around his ears. This was an invasion of the Primordial Spirit, if not for the Dragon Pagoda's suppression, but the curse of all living things, was enough to cause Long Chen to crumble!

"Before my Destructive Curse of All Living Things, all the laws in the world will be extinguished."

Suddenly, Origin Ancestor's voice pierced the ears like thunder.

Rumble rumble rumble!

The metaplasia combined with the Destiny Killing Technique and instantly encountered the Destructive Curse of All Living Things.

The moment the Destructive Curse of All Living Things was born, Long Chen knew why the Origin Ancestor had such an extraordinary status on this ancestral planet! Because he was too strong!

Swoosh swoosh!

The metaplasia and the Killing Technique of Destiny were so powerful and strange, they actually melted before the eyes of the Destructive Curse of All Living Things!

This Destructive Curse of All Living Things, was simply a curse on the law of destruction! Destroying all rules, even the fused metaplasia and Destiny's Killing techniques were no exception, completely destroying them.

Long Chen had prepared this move for a long time, and it could be considered to have been used in vain!

"Break!"

Origin Ancestor shouted lightly.

Bang!

The 30,000-meter Sword Qi instantly shattered!

The fragments of energy spread through the entire space and disappeared without a trace. It was as if they had never existed!

Long Chen did not know what level of attack the Destructive Curse of All Living Things could be considered to be at, but the opponent had already extinguished his strongest attack! The combination of three Primitive Creation Deity Equipment were actually destroyed!

The Origin Ancestor had easily proven to him just how stupid he was to challenge his own Origin Ancestor.

"I have seen too much of your gaze at this time. Back then, Emperor Tianxin was as confident as you are. But now, does he dare?" The Origin Ancestor's cold laughter was like a nightmare that echoed throughout the entire Ancestral Star.

The metaplasia and the Killing Technique of Destiny were all destroyed, the monstrous power dispelled until there was nothing left of it. Looking at Origin Ancestor's expression, completing all of this was simply a piece of cake.

"Long Chen, you have underestimated me. I am not someone who will be bothered by you for too long. It's over."

In that moment, Origin Ancestor's three eyes lit up again. The impact that he brought got stronger and stronger, and at the same time that he easily destroyed Long Chen's attacks, his eyes condensed, and gave Long Chen an extremely dangerous pressure!

"If you want the Ring of Curses, then I will show you what a ring of curse is, and what a Immemorial Curse is!"

Origin Ancestor suddenly laughed.

In fact, he knew that Long Chen was not easy to deal with. Ordinary methods would not be enough to defeat Long Chen, especially Long Chen who could shift his opponent at any time. In order to ensure success, he was so careful that he even used the Creation God Manifestation Weapon that was of half-origin level.

He could see that a blurry ring appeared in his hand. It was not possible to see its shape, but that terrifying might was more than just the gathering of the three Primitive Creation Deity Equipment s. Among all the people, other than the Origin Dragon Palace, which Long Chen was unable to use, it was the most frightening thing.

"Soul of the Curse! Ancient God Curse! The Ring of Curses! My clan's sacred artifact! All living beings bow in worship! "

The Origin Ancestor raised the God Curse Ring. His eyes were equally devout, even crazy.

"Origin of Curses!" The Ring of Curses! "My people, I beg of you — to imprison this person for all eternity, to never escape, to never leave this place of silence, to endure countless years of loneliness, until the end of time!"

Under the Origin Ancestor's chanting, the ring gave birth to a terrifying divine light. It was bewitching and bizarre, making the Origin Ancestor look like a demon as the ancestral stars and all the companion star lit up, as if the power of the entire world was gathered within!

Long Chen deeply knew just how terrifying this could be!

But, Gui Qi hadn't escaped yet!

"If you want to leave now, the moment you escape will be the moment Gui Qi dies. You can try!"

The real purpose of Origin Ancestor had been revealed!

He wanted to imprison Long Chen!

Using the God Curse Ring, imprison Long Chen!

From then on, he would let Long Chen stay in his prison forever. Then, he could take everything he wanted from Long Chen's body.

Using the Spirit Qi to threaten, Long Chen won't be able to leave!

"The nightmare that you cannot escape, will be inherited by you! It is — the Silent Curse! "

Chapter 3115 - One letter, one death

The Immemorial Curse that came from the ancient Ancestral Star, activated by the 'ring of divine incantations'. It was the peak of the Origin Ancestor, the most powerful and terrifying of his Rule of Curse!

At the very least, on the Ancestral Star, Origin Ancestor would never be able to use his Ring of God.

Thus, today's battle between him and Long Chen was truly his full strength! A battle to the death! Of course, he had also insidiously used Gui Qi to threaten, preventing Long Chen from escaping the Silent Curse!

At this moment, the Silent Curse was born from the God Curse Ring.

The Creation Divine Artifact of the half-origin level was born with the power that was unprecedented, so much so that it could even shake the entire ancestral star's endless starry sky! Since time immemorial, this surge of power had appeared on the ancestral star. All of the Cursed Clan cried out loudly and knelt on the ground.

"Let's sink into the Silent Death Curse!"

The laughter of the Origin Ancestor was ice-cold, like ice that could freeze one's bones. After the birth of the Silent Curse, it was an incantation with billions of ancient characters. It was extremely complicated, countless incantations flew around, and condensed into a ray of light.

Just from his first glance, Long Chen was completely sure that this was a curse that completely surpassed his limits! It was not fatal, but it could truly imprison Long Chen forever.

"From now on, you are my puppet, sealed by me in silence for all eternity."

Origin Ancestor's laughter was eerie and strange, continuously resounding in his ears.

"Give up. Half a origin level of the Creation God Equipment and my Ancestral Star's Immemorial Curse is not something you can resist. Of course, it's useless for you to resist. "

It pierced through everything and instantly appeared in front of Long Chen. Countless complex words spread apart, and each word was like a world, and also a curse. Hundreds of millions of curses gathered together, as if they were countless living beings.

Weng weng weng

An endless voice sounded beside Long Chen's ears.

"This is trouble!"

At this time, Long Chen realised that he was at the end of his rope. If the opponent were to just kill him, that would be worth it. He would still be able to bring the dead back to life. But this was a type of imprisonment, and at Long Chen's level, he could obviously see this. This was simply unheard-of, and a sealing rule that he had never seen before.

Silence, perhaps the stillness of time, perhaps the freezing of space. However, the silence of the curse was not it. Silence was silence, a sealed world that could not have any sound. If one was hit, it was even possible that it was the same as Nightmare fossil curse or White Night Ghost Curse.

"Damn it!"

Long Chen's heart became restless.

Just because he did not expect the reaction between the Great Desolation and Myriad Calamities Fire and Emperor Tianxin, this little mistake had caused him to be in a passive position and was completely trapped in a dire situation. The moment the Silent Curse came out, everything was finished!

"How could this be!"

He had underestimated the capabilities of the number one of ten thousand worlds!

Maybe it was because he was growing too fast and overestimating himself. Anyways, Origin Ancestor used the ring of the divine curse to teach Long Chen a lesson today!

"Brother Chen!"

"Big brother!"

Everyone was almost suffocating. The Silent Curse had broken through everything and directly sealed itself onto Long Chen's body. Long Chen used all of his power, but still could not break the Immemorial Curse. He could already feel his body starting to stiffen, his consciousness starting to sink, as though he was about to fall into eternal silence.

"I told you, don't try to resist. It's useless. The Silent Curse, I can only use it once a month using the God Curse Ring. I have used up all the divine power in my body. Tell me, is there any use in struggling?"

The Origin Ancestor was high above, planning and planning.

"Origin Ancestor!"

Long Chen clenched his teeth, he was unwilling!

In truth, he was not that far off, maybe just at the Silent Curse. If he lost like this, then he would be a step away from the Eclipse Tribe. He might even be brought back to the Ten Thousand Worlds!

The Silent Curse was mercilessly sealed.

"Change fate!"

The Edicts of Fate erupted.

Invalid.

Long Chen tried with all his might, but even with the help of Silent Curse, he was still unable to escape.

"Long Chen."

In this extremely extreme situation, Li Xuanji suddenly and quietly called out to herself, allowing Long Chen's restless heart to calm down a little.

"Why?" Long Chen absent-mindedly replied.

"I trust you, remember to save me."

Li Xuanji had finished speaking those words in a very short period of time, but before she had finished, she had already left Long Chen's body like an arrow, transforming into the Shadow Dream Charm Dragon. At the last moment, in a life and death moment, she had struck the Silent Curse!

"Xuanji!"

Long Chen's eyes almost fell out of their sockets.

However, it still happened.

Li Xuanji blocked the Silent Curse first, and the Silent Curse exploded ahead of time. All of the curse words swept over at this moment, and a riot completely surrounded Li Xuanji, and even instantly blew Long Chen away!

The Origin Ancestor had not yet reached the perfect state to control the Silent Curse.

Countless curse characters turned into stars in front of Long Chen. In those dull yet blood-red eyes, those billions of curse words swirled like stars and condensed to form a huge transparent crystal. That was the most gorgeous crystal Long Chen had ever seen, a dreamy and transparent.

The most beautiful thing was still the once most beautiful divine dragon and Shadow Dream Charm Dragon in the Dragon Sacrifice Continent.

This lifelike divine dragon was sealed within the crystal and was motionless. Its gem-like eyes stared at Long Chen.

From time to time, runes would appear on the crystal to remind Long Chen that it was formed from Silent Curse.

"xuanji!"

The change in this moment was too fast, Long Chen never thought that it would be like this. He was stunned. Her body was still warm, and the delicate figure in the sea of blood not long ago was right before his eyes. It was so clear and cold.

Her smile and her eyes were like blooming black lotuses, aloof and distant.

I believe you, she said at last.

"Save him!"

Long Chen finally regained consciousness. It even became completely awake! In order to save him, the matter of Li Xuanji being trapped by the Silent Curse was too big of a shock to him!

He had just said that he would never mistreat her again in this lifetime.

He had only just given her a promise, a promise that would last forever.

In the face of all these, Long Chen simply could not afford to lose her. He was not qualified. If Ghost Qi had been hijacked and his anger was equal, then now it was at least ten thousand.

Of course, the person who instigated all of this, Origin Ancestor, was under ten thousand times the pressure of Long Chen's killing intent!

He hated them to the extreme!

When the rage reached its peak, it broke through everything. Long Chen had calmed down instead. He could not afford to lose, so he could not make another mistake! Furthermore, this was Origin Ancestor forcing him to his most ruthless state!

At least until now, in Long Chen's heart, they weren't as vicious as they were at that moment!

"Xuanji save me, she was struck by the Silent Curse, to her, she made the right decision. If I'm trapped, the day I escape might be 100,000 years, or even millions of years! But she was trapped, and I could save her! Yes! She's fine for the time being. "

"Origin Ancestor said that he can only use the Silent Curse and ring of spells once a month. That is to say, he can do nothing to me! "

Currently, the crystal formed by the Silent Curse was right before Long Chen's eyes.

At this moment, it was as if Long Chen had undergone a cold and detached transformation; the first thing he did, was to take control of the crystal in his own hand.

"Whiz!"

The Silent Curse was put into the Death Realm by Long Chen. He was not sure if the Origin Ancestor could still control the crystal from the Death Realm, but he could only do so. Before saving Li Xuanji, he had to think of all the ways to ensure Li Xuanji's safety.

Only after he was done did he meet Origin Ancestor's gaze.

Origin Ancestor was also stunned, he had never thought that before the Silent Curse succeeded, a person would actually appear from Long Chen's body, and help him block the Silent Curse, allowing him to escape this calamity.

"Your luck is really good, to have such a foolish woman bearing my Silent Curse for you, looks like she loves you a lot." "Her value is different from Gui Qi!"

On Origin Ancestor's finger, the light of the God Curse Ring dimmed. When he had revealed that the Silent Curse could only be used once a month when he was feeling pleased with himself, it was basically not fake. At that time, he thought that Long Chen had no way out.

"Do you want to risk your life against such a woman, or do you want to run away?" Origin Ancestor put his hands behind his back and stared coldly at Long Chen with his three eyes. Then he suddenly gave a strange laugh and said, "Alright, I admit it. However, if she wasn't under my control, she would be dead after a month. Thus, no matter what happens, you will not be able to escape from my palm unless you do not want this woman's life. "

"One month ..." Long Chen took a deep breath, and then, he told himself in the bottom of his heart, this world was enough.

As long as Origin Ancestor did not quickly kill Li Xuanji, that was it. If he could still control the Silent Curse to kill Li Xuanji, then the Silent Curse would probably dissipate and Long Chen would still have a chance to use it to revive from the dead.

He knew what he was going to do next.

Thus, he turned around and prepared to leave.

"Long Chen, you really must leave. But don't forget, it's only for a month!"

The Origin Ancestor said sinisterly behind him.

If Long Chen wanted to leave now, he wouldn't be able to stop him.

"Oh right, since there's more information, then this guy will return it to you." The Origin Ancestor was in the Divine Kingdom and Gui Qi had been brought out. Then, she threw it towards Long Chen.

"Ah!" Gui Qi cried out.

Suddenly, the Origin Ancestor's face changed, the Heaven and Earth Curse Sword in his hand flew out, and before Gui Qi arrived, her Heaven and Earth Curse Sword flew past Gui Qi's chest, piercing through the Heart of Rules.

"This weakness is unnecessary, so I'll just kill it." The Origin Ancestor smiled.

"Long Chen!"

Gui Qi looked at Long Chen, her eyes filled with despair.

Chapter 3116 - Sense of choice

Below the Heaven and Earth Curse Sword, Gui Qi who was merely in the Divine Emperor realm, as long as he met an attack, he would die!

Long Chen once again underestimated the despicable nature of this Origin Ancestor.

Now that the Origin Ancestor had used the Silent Curse to control Li Xuanji, it was impossible for Long Chen to leave the Ancestral Star. Like this, the hostage, Gui Qi, was indeed a little burdensome.

But, as the number one of the ten thousand realms, Origin Ancestor did not have the slightest bit of elegance. Gui Qi was already in his hands. If he wanted to kill someone, no one would be able to stop him.

After experiencing Li Xuanji's matter, Long Chen's heart was already filled with the desire to kill. The death of Gui Qi had only served to strengthen his determination to take revenge. "Come back here."

Before Gui Qi died, Long Chen swept her into the Death Realm. After being killed, she would go near to Long Chen and only Long Chen would succeed. But of course, there was also the Bloodthirsty Legacy.

"Long Chen, the Bloodthirsty Inheritance belongs to my ancestral star. If you want to take it away, you will have to pay an even greater price." The Origin Ancestor was completely in control. Even his words became carefree.

When the Bloodthirsty Inheritance fell into Long Chen's hands, he did not care at all.

Because, only Long Chen cared about Li Xuanji's life and death, so he took the initiative.

"Remember, you only have one month. A month later, she was dead. I don't believe that a hero like you can hide in a corner and watch your woman die miserably. I will let it go slowly today, but do you remember that my Origin Ancestor is always waiting for you at this place. "

Seeing Long Chen opening the Death Realm's dragon gate and preparing to enter, the Origin Ancestor knew that he wouldn't be able to catch him, but he was very confident.

"Hurt a single hair on her head, and you will bring out everything to accompany her in death. "Just you wait!"

Because of the rage in his heart, Long Chen was too lazy to say another word to him. He quickly entered the Death Realm. The surrounding people were silent, waiting for Long Chen's decision.

After returning to the Death Realm, on one side, Li Xuanji had turned into a crystal, and on the other, the remnants of Gui Qi's recent death and the Bloodthirsty Inheritance. Inside the crystal, the Shadow Dream Charm Dragon was gorgeous and tranquil, full of the world's peerless beauty. That corpse was too horrible to look at, and the despair that Gui Qi had before her death still lingered in Long Chen's heart.

Without even thinking about it, his killing intent towards the Origin Ancestor rose by a level!

Long Chen quickly made a decision.

"Resurrection of the dead."

The rules of life were released at the remnants of Gui Qi.

They had originally been prepared for something to happen to Li Xuanji. Now it seemed as if she was in her hands and the Origin Ancestor had escaped her control, as if she had unleashed a seal. Although she had sealed Li Xuanji, it was only a seal, and at least until now, Li Xuanji's life was not in danger. It's kind of like an Eternal Evergreen Spell.

Lin Er was still alive, but she had fallen into an eternal slumber, immersed in pain.

This was a miracle of life and rules. Under the killing and killing of the Heaven and Earth Curse Sword, and with Long Chen's rule of revival and death, about an hour passed, the undamaged Gui Qi once again returned to Long Chen's eyes.

"Welcome back to life." Long Chen revealed a slight smile on his face, which filled Gui Qi with killing intent. Of course he was not targeting Gui Qi, he was just accumulating too much, causing Gui Qi to feel the pressure.

"You are a miracle. But how to use it on me. "What if she ..."

She knew how important Li Xuanji was to her. Right now, this beauty was trapped in the Silent Curse, causing people's hearts to be hurt. No one could bear to look at her, so Gui Qi was deeply saddened.

"Don't worry."

Long Chen did not want to say much. In his heart, he already had a plan for what he was going to do next.

If the other party is heartless, then don't blame yourself for being unjust. Especially when it involved Li Xuanji, in Long Chen's heart, he did not even have the chance to discuss it.

"Even though the Origin Ancestor has a lofty position and is the doing of the Master of Ancestral Stars, he has never revealed his cards in accordance with the rules. To be able to kill an insignificant person like me, is truly shameful. " After her rebirth, Gui Qi still possessed the throne of the Bloodthirsty Inheritance, so if he were to see her again, the Origin Ancestor would probably be stunned.

"Long Chen, what do you plan to do? If there is no solution to the Silent Curse in a month, then if she really encounters an accident ... "

It was hard to imagine.

This time, they were completely defeated by the Origin Ancestor.

"Just watch."

Long Chen's words were said with extreme coldness. Gui Qi Ming knew that he wasn't talking to him, but his heart was also very cold. From Long Chen's gaze, he could tell that, perhaps it was really possible that after this Heaven Realm genius was angered, Origin Ancestor's fate would be very miserable!

But in his heart, there was another voice that told him about the power of the Origin Ancestor, told him that it was impossible for Long Chen to do so, and even wanted to advise Long Chen against going against the Origin Ancestor.

But Gui Qi did not dare to say it out loud. Although Long Chen seemed calm at this time, he was in fact extremely terrifying, to the point that Gui Qi did not even dare to breathe. Especially when Long Chen's gaze fell upon the Silent Curse.

"You go to Living Realm first."

Long Chen sent Gui Qi to the Living Realm to meet up with the others. Then he turned to Mo Xiaolang and said, "I have to get the inherited blood essence first. We just need a type of extreme continuation of the flame. We will replace the Great Desolation and Myriad Calamities Fire and try to use the Primal Chaos Blue Fire instead. "

"Understood." Mo Xiaolang knew clearly in his heart that the only thing he could do now was to have the strength to fight against the Origin Ancestor, or even kill him, and obtain the ring of a divine curse. Only then would it be possible for him to break through the Silent Curse and at the same time, arrive at whatever Long Chen was planning.

Although he did not know what Long Chen's plan was, he decided to take the inherited blood essence first. Previously, Long Chen still had to care about the feelings Emperor Tian Xin had for his daughter, but now that Li Xuanji's life was in danger, everything else was not important to Long Chen.

immediately took action.

He and Mo Xiaolang arrived at the Death Realm and opened the trace he left on the Cursed Star. The Death Realm's Dragon Gate was right beside Lin Er and at this moment, Emperor Tianxin was obviously still guarding beside Lin Er.

He had just obtained the news of the previous battle from the Origin Ancestor.

Neither he nor the Origin Ancestor knew that Long Chen was interested in this Great Desolation and Myriad Calamities Fire and this inherited blood essence. The reason he was staying here was to protect his daughter. He just did not expect that Long Chen would return to his side so quickly this time.

"Emperor Tianxin, I give you two choices. The first: Fight against me, and this way, I might be able to kill you before the Origin Ancestor arrives. This is very likely because right now I really want to kill someone."
"

The moment he appeared, Long Chen had already suppressed Emperor Tianxin, causing his expression to change greatly.

"The second, is to obediently stay at the side. I won't harm your daughter, I just want to take something from the flames below her. I can guarantee that she will be absolutely safe. Once I succeed in defeating the Origin Ancestor and obtain the God's Ring, I will abide by my promise and remove the Eternal Green Curse for her. Choose one of these two. "By the way, no matter what choice you make, the thing I want must be given."

After knowing about Long Chen's situation, Emperor Tianxin knew that Long Chen had an extremely important thing in his possession that was now under the control of the Origin Ancestor.

This was why the current Long Chen's baleful aura was so heavy.

"This is your only chance to restore your daughter."

Long Chen practically said word by word.

At the critical moment, he struggled for a long time before asking, "If you fail in the end, can you guarantee that Origin Ancestor will not vent his anger on me?"

"Don't worry, I'm different from Origin Ancestor. I'll definitely keep my promise when I say it."

Long Chen didn't want to waste even a moment of time.

In reality, he only needed to stand by and watch. Even if Long Chen got anything from him, he would directly say in the future that Long Chen had restricted him after he arrived.

Naturally, Emperor Tianxin had gone insane as well.

He had endured for countless years.

This was perhaps the only chance he had to take revenge and make his daughter return to this world. He saw a vengeful heart from Long Chen's body. This was something that Long Chen did not have before. He was too kind before.

"Don't let anything happen to my daughter!"

Emperor Tianxin had already made his decision.

"A rational choice."

Otherwise, if they attacked, Long Chen might even kill him.

After taking care of Emperor Tianxin, Long Chen and Mo Xiaolang began to take action. Mo Xiaolang took out the Primal Chaos Azure Flame, and used it to approach the ice coffin. In the process, the Great Desolation and Myriad Calamities Fire would naturally fight against the Primal Chaos Azure Flame.

"No problem."

It could be seen that the Primordial Azure Flames could also suppress the Ancient Blue Curse, and its restraining effect was even stronger than the Great Desolation and Myriad Calamities Fire. It was Emperor Tianxin who had originally placed the ice coffin on the Great Desolation and Myriad Calamities Fire!

After confirming that the Primal Chaos Blue Flames could have the same effect, Mo Xiaolang pushed open the ice coffin and dodged to the side.

Following that, the Great Desolation and Myriad Calamities Fire and the inherited blood essence was exposed to Long Chen.

This method worked, but did not do so before. The most important reason was that nothing happened to Li Xuanji before. Moreover, Emperor Tianxin had returned too quickly. If he was slightly slower, Long Chen would have thought of this idea.

At that time, he had already informed the Origin Ancestor, but when something happened to Gui Qi, Long Chen had no choice but to rush back.

Presently, the inherited blood essence of the seventh type of Ancestral Dragon, which coincidentally was the seventh Ancestral Dragon, had appeared before Long Chen's eyes. That drop of black blood, to Long Chen, was an extremely deep attraction.

"Even if it's for your daughter, don't play any tricks."

Long Chen warned Emperor Tianxin. After seeing the inherited blood essence, he realized that it might be of great use. Great Emperor Tianxin's heart trembled a little, but Long Chen found out about it nonetheless.

Chapter 3117 - Tribulation Road Seal

"Don't worry."

Emperor Tianxin glanced at Lin Er. No matter how moved he was in his heart, he had no choice but to suppress his emotions at this moment.

In his eyes, Mo Xiaolang was using the Primal Chaos Blue Flames to sustain Lin Er's life, while Long Chen had made preparations to seize the blood essence of the Universal Swastika Dragon's legacy from within the Great Desolation and Myriad Calamities Fire.

In the midst of the black droplets of blood, there was the figure of an Ancestral Dragon that Long Chen was once most familiar with. This black colored Ancestral Dragon gave Long Chen too much of a hint. Including the phrase, within a hundred years, dragon sacrifice will perish.

Now, the Dragon Sacrifice Continent was really dead.

It was a black ancestral dragon with more than ten thousand dragon claws on its left and right sides. It had over ten thousand wings, and its entire body was covered in gray clouds. The Black Ancestral Dragon had two dragon heads. One was normal, representing the Celestial Tribulation. The other had no flesh or blood, and was made up of gray skeletons.

The Great Desolation and Myriad Calamities Fire was protecting the inherited blood essence, it was tyrannical and fierce, but the mere seed of the Ancestral Fire was unable to stop the current Long Chen. The moment Long Chen extended his hand to rush into the Great Desolation and Myriad Calamities Fire, ten thousand layers of flames swept up like maggots in his bones, instantly enveloping Long Chen's entire body, and at the same time, Long Chen grabbed the inherited blood essence and pulled out.

Huala!

The Great Desolation and Myriad Calamities Fire was sent flying.

This was because Long Chen had already used the Primeval Dragon Pagoda to protect himself. At this time, the Great Desolation and Myriad Calamities Fire was naturally unable to destroy the Primordial Dragon Pagoda and burn Long Chen.

"Success."

The Great Desolation and Myriad Calamities Fire did not have consciousness, and returned to its position.

"Alright."

Mo Xiaolang speedily returned the ice coffin to the Great Desolation and Myriad Calamities Fire and withdrew the chaotic blue fire, almost allowing everything here to return to its original state.

After that, as Long Chen held onto the inherited blood essence and felt the incomparably berserking power within it, his gaze landed on Emperor Tianxin. Now that Emperor Tianxin had watched Lin Er return to normal, he could be considered to be relieved.

"Initially, we had planned to take away this flame as well but considering how much you love your daughter, we are in no hurry. Furthermore, we have already returned to normal, we do not wish for the news that we have been here to be transmitted to the Origin Ancestor. Otherwise, firstly, if we were to succeed in the end, we definitely wouldn't help you remove her Eternal Green Curse. Secondly, we might even return to kill you. Compared to us, the Origin Ancestor lacks the ability to teleport millions of kilometers in an instant! "

This was what Long Chen originally thought. He had never thought of deceiving Emperor Tianxin.

"No problem, I know the pros and cons."

In Emperor Tianxin's heart, it was impossible that there would not be anger and hatred towards the Origin Ancestor after all these years.

After he was done, Long Chen said no more and returned to the Death Realm. Looking at the crystal floating above the sea of blood, a murderous intent surfaced in his heart.

In his hands was the inherited blood essence of the Universe Swastika Dragon.

"The seventh!"

"I wonder what the Mysterious Dragon Jade mean? Is it for me to inherit all the ancestral dragon-inherited blood and unify the Ten Great Ancestor Dragon as one?"

"The whereabouts of the first ancestral dragon and second ancestor are strange. I have no idea where they are right now. As for the tenth ancestral dragon, he only existed, how could he have inherited the blood essence? It is possible that my journey to collect the inherited blood essences will stop here. "

"But, that may not be the case."

"In addition, the origin of the Ancestral Dragon is more important. The Dragon Soul is what truly allowed me to surpass my current limits."

The process of fusing with the inherited blood essence in front of him could be considered to have reached perfection of the first stage.

"Then, where would the inherited blood essence of this Universe Swastika Dragon inherit from me?"

The slaughter of the flesh, the Great Void of the primordial spirit, the living beings of the Divine Kingdom, the good and evil coming from the heart, the destiny in the eyes, the demons of the dream and the ghost ...

And then?

He had a feeling that there was still a lot more to come.

No matter what, Long Chen quickly consumed the inherited blood essence and observed quietly. "After entering the body, the inherited blood essence began to converge in one direction. In that direction, were actually Long Chen's two hands. The two palms were the most important places, and even the arms were also within this range. "The Great Desolate Palm."

That's right, it was the Great Desolate Palm.

The palm of his hand was controlling the prehistoric Heavenly Tribulation and the prehistoric disaster.

The great and desolate Swastika Dragon of the universe was the dragon of heavenly tribulation and calamity. There were two dragon heads. The left dragon head was the power of heavenly tribulation, and the right dragon head was the power of disaster!

Even that inherited blood essence gathered into two parts. The left side was black and the right side was black like heavenly tribulation, while the right side was dark gray like disaster. The power of heavenly tribulation reached his left arm, left hand, and the power of disaster reached his right arm and right palm!

Under the ancestral dragon-inherited blood's transformation, Long Chen's arm experienced an earth-shattering change. First, a pitch-black dragon's scale appeared on his left arm, which was different from the black color of the Heart Refining Dragon. Amidst the black dragon scales were many sharp and densely packed bone spikes.

Whoa!

Long Chen's left arm, especially the position of his palm, had actually directly transformed into a dragon head from the sweeping force of heavenly tribulation. The pitch-black dragon head was like the legendary left dragon head of the prehistoric suicidal dragon of the universe, one that controlled the power of heavenly tribulation while black lightning coiled around and shot out from the dragon head in his left hand!

As for his right hand, the flesh and blood had disappeared, and a gray fog of disaster swept out. What was born was a skeleton filled with the power of disaster; it was the skull of a Bone Dragon, and its power was no weaker than that of the Heaven Calamity Dragon's.

At the same time, the pitch black colored dragon scales and bone spikes covered his entire body, causing Long Chen to turn into a battle machine that was even more sinister than the Primordial Blood Spirit Dragon. Especially at the end, a pair of wings grew out from behind him.

Hiss!

Long Chen spread his wings and dual force swept out. The heavenly tribulation lightning and the calamity fog engulfed the area and under these two powers, Long Chen's aura underwent a huge change. It was an unprecedented change.

If time was a mystery, karma was justice, life was spiritual energy, fate was Transcendence, slaughter was coldness, and change was strangeness, then this tribulation of the primordial era was a ferocious one.

Fierce and sinister.

It was completely negative, and even amongst the Ten Great Ancestor Dragon, there was only one ancestor that appeared to be evil. Just from the appearance, it seemed to represent evil.

Even killing wasn't considered evil.

Of course, appearances were evil, power was evil, and it was not true evil.

The power of evil was even more brutal! Compared to the Archaic Blood Dragon, it was even more malevolent and ice-cold. The Universe Desolate Swastika Dragon was also an Ancestral Dragon that was born purely for the sake of fighting within the Ten Great Ancestor Dragon, and its combat strength was above that of the Primordial Blood Spirit Dragon.

At the same time, it was also astonishingly similar to Long Chen's current inner world!

"Tribulation Dao Seal."

A new Dao Seal, added to the eighth Dao seal after the Dragon Jade Dao Seal, was formed above the Great Void Cosmic Dragon's primordial spirit.

New rules had also fallen onto Long Chen's body. This was the beginning of the rules. Through this rule, Long Chen could better understand what was a true calamity!

However, he thought that his current state of mind was very compatible with his current state of mind!

As Li Xuanji was like this, the hatred in his heart was naturally evil to the extreme.

"Calamity, is to bring fear to the Origin Ancestor, to the entire ancestral star, fear!"

They would be facing a great calamity, a great calamity, and a great calamity!

Inheriting a new set of Inherited Blood couldn't really raise Long Chen's fighting strength, but it could definitely increase his terrifying innate talent. Of course, this would only manifest itself later on.

But, in just a month's time, what Long Chen needed was a rapid increase in strength!

"Origin Ancestor, you forced this onto me. The current me can be considered to have reached a dead end. "

Long Chen grinned, but his expression was completely eerie.

The universe was a swastika dragon, and it opened up a path to his evil. Long Chen would not easily show such a state, but the moment this kind of state appeared, it would be when he would be forced into a hopeless situation!

He acknowledged the power of the Origin Ancestor, so inheriting the blood essence was only one step. Most importantly, he had left Death Realm and appeared in the starry sky outside.

"Brother Chen, are you alright?" When Ling Xi came out of the Living Realm, he had asked her to do so. The current Long Chen was like a demon, especially so for his hands and wings.

"Don't worry." My power has changed, but my heart has not. "

"Where to?"

"Azure Sky Blood Star."

"Alright."

Ling Xi shared a mental connection with him, so she naturally knew what he wanted to do. She thought about it, and in truth felt that Long Chen would not have a problem doing so. Because he only had a month, he had no other choice.

In the blink of an eye, the Azure Heaven Blood Star arrived.

"Xiao Xi, you go back first."

"No need, Brother Chen. No matter what you do, I'll let you do it. There is no such thing as absolute good or evil. "Don't worry about that."

With her understanding, that was the most perfect scenario. Since it was like this, Long Chen no longer turned his head and started to fight!

At this moment, the aura of heavenly tribulation and disaster enveloped his entire body. As the power of this tribulation descended, it instantly covered the entire planet, causing everyone to feel a terrifying fear!

It was like the end of the world.

The Cursed Star was originally a land of evil, but the power that descended upon them at this moment was even more evil and savage!

"Who is it!?" "Daring to challenge my Green Sky Blood Star, you're courting death!"

BOOM!

The enormous green blood sea planet beneath them exploded with a loud noise, and Emperor Qing Xue appeared from within, appearing right before Long Chen's eyes. At this moment, his heart was filled with doubts because he had never seen this power before!

"Long Chen!"

Among the evil energy, accompanied by rotting wings, what appeared before him was actually Long Chen's face. This greatly surprised Emperor Qingxue, and he recalled what happened earlier and immediately sneered: "Long Chen, didn't you just let Origin Ancestor beat you to the point where you piss your pants! I remember that woman of yours was sealed by the Origin Ancestor, whether she was dead or alive is unknown. Also, Gui Qi also died on the spot, what, you came to Green Sky Blood Star to vent your anger on us? "

"Don't be so naive, Origin Ancestor already knows that you've appeared here. Let me tell you, if you still don't escape, you will never be able to escape from Origin Ancestor's grasp. At that time, your losses will only be even greater!"

Before he finished speaking, the Ghost Blood Curse appeared on Long Chen's right hand and the Great Void Demon Sword appeared on his left. At this moment, the black lightning spread onto the Ghost Blood Curse's body and the calamity aura spread onto the Great Void Demon Sword!

Chapter 3118 - The God Emperor of Perfection

Left and right, two dragons!

Right now, it was not Long Chen's palm that was grabbing onto the Creation God Equipment but the dragon head.

"Long Chen, you!"

The Azure Blood Emperor did not expect Long Chen to be so straightforward and direct. The moment he took action, he realized that Long Chen was not here to cause trouble, but to kill him!

A monstrous evil aura, a baleful aura!

There was only one goal in those cold eyes, and that was the life of the Azure Blood Emperor!

With just one glance, Long Chen had scared the Green Blood Emperor to death. Especially those two Creation Divine Equipment with primitive level, they were incomparably fatal! This allowed Emperor Qingxue to make a decision within a very short period of time!

"Origin Ancestor, save me!"

The Azure Blood Emperor let out a miserable howl, transforming into a streak of cyan blood light and madly fled in the direction of the ancestral star. At the very least, in this instant, the Azure Blood Emperor had used all of her skills!

"You want to kill me? It's not like that!"

He turned around and saw that Long Chen was flapping his incomplete wings. However, with his terrifying speed, with every flap, Long Chen's speed would double in an instant, and then slow down, but if he flapped his wings again, he would be able to break through around twice!

This kind of speed instantly suppressed Emperor Qingxue, and in the blink of an eye, he was right in front of Emperor Qingxue.

Long Chen's cold eyes made Emperor Qing Xue extremely angry at the moment of depression. Since he could not escape, he would fight with all his might and wait for the arrival of the Origin Ancestor!

"Trash!" Your woman was killed by the Origin Ancestor and you want to vent your anger on me? " The Azure Blood Emperor roared furiously. At this moment, she turned her head back and the power of laws erupted forth.

It was the first time it had erupted in Long Chen's hands, and he had struck out twice at the same time. In that instant, the powers of the heavenly tribulation and the calamity converged, and two astral swords were released with a loud rumble. One of them was the black lightning, the other was the disaster sword aura!

Ding!

With a terrifying speed, the two rules converged before the eyes of the Azure Blood Emperor and clashed!

"Break!"

The Azure Blood Emperor was making her move!

But! He never expected for Long Chen's rule to be so powerful. When the heavenly tribulation and the calamity combined, the extraordinary power of destruction that was produced turned into a monstrous sword aura, instantly annihilating Emperor Qing Xue's attack and smashing into his body!

BOOM!

The surge of calamity, lightning, and calamity penetrated the body of the Azure Blood Emperor. The curse of the Ghost Blood Curse and the destructive power of the Great Void Demon Sword, a total of four types of destructive energies descended onto the body of the Azure Blood Emperor.

"Ugh ..."

It was as though a giant gray dragon had pierced through the body of the Azure Blood Emperor.

This rule came from the prehistoric and Swastika Dragon of the universe. Its name was: Primordial Calamity.

The Primordial Calamity was the basis for Long Chen to become familiar with the rules of this disaster.

Done.

Compared to the Desolate Sky Calamity and the two Primitive Creation Deity Equipment, Azure Blood Emperor did not even have the chance to resist before she was killed. He stared at Long Chen with wide eyes, but she could not stop her life from disappearing. In the end, the inheritance of the Azure Blood Emperor appeared and quickly fled in front of Long Chen. Long Chen did not retrieve it, but rather transformed into the Primordial Blood Spirit Dragon at this time, coiled around the body of the Azure Blood Emperor and unleashed Blood Devour.

Blood Devour that he hadn't used in a long time.

If not for Origin Ancestor forcing him to his limits, Long Chen would not have used it. He would have preferred to take things slowly, but Origin Ancestor allowed him to choose this method. That would be too slow.

Under the Blood Devour, Emperor Qing Xue's flesh and blood turned into power and became a part of Long Chen's The Power of the Dragon God of All Things.

"Still a little short. Devil Emperor will be next. "

Long Chen's gaze looked in another direction.

Only now did his battle begin.

It was a crazy battle.

"Long Chen!"

At this time, Origin Ancestor's voice came from the depths of the Ancestral Star! It was an incomparably angry and malevolent voice.

"How about Origin Ancestor?"

Long Chen replied indifferently.

"You actually killed the Azure Blood Emperor!?" Are you crazy? A dog leaping over a wall? What's the use of you killing them? "

Long Chen smiled, "It's simple, you will always feel sorry for me. Ten Ancestors, other than you, Gui Qi and Emperor Qing Xue, there are still seven other people, so you still have seven more chances to make decisions. I'm not in a hurry, please do not be in a hurry."

"Are you really going to anger me?" Origin Ancestor's voice was extremely cold. Even in the past tens of millions of years, he had never allowed anyone to threaten him like this.

"Infuriate you? Is that all we've got? If this will only anger you, that will be even better. I want to see what you can do if I anger you. Can you catch me? The next one is the Devil Emperor. You can come over and see who's faster. "

"You!"

This was his true plan after Li Xuanji was controlled by the Silent Curse. If he did not do this, the Origin Ancestor would not be executed.

The Universe Swastika Dragon had allowed Long Chen to be even more ruthless.

The strong warriors of the Ancestral Star were peculiar, they could even carry on the inheritance. Even if Long Chen were to devour Emperor Qing Xue, the inheritance of Emperor Qing Xue was still there, and in the future, a new Emperor Qing Xue would be born from the Azure Heaven Blood Star.

The other companion star were the same.

"Long Chen!"

Origin Ancestor roared, but to no avail.

Previously, when he was using the Silent Curse, he was rather proud and arrogant. Now that Long Chen had done this, he completely had no other choice.

But the problem was, he was a person that refused to admit defeat!

It was simply impossible for him to admit defeat and help Li Xuanji remove the Silent Curse. If that was the case, he would rather have all the Hierarchs die.

This was the Origin Ancestor.

With the portal to the universe, in the blink of an eye, Long Chen was right in front of Devil Emperor. This was the place where he had been before. He could come here in an instant.

At this moment, the news of Emperor Qingxue's fall had just spread across the entire ancestral star. Devil Emperor was in the midst of extreme shock, but when he suddenly saw Long Chen, he was so frightened that his life left him!

"Origin Ancestor, save me!"

The Devil Emperor wailed like ghosts and howled like wolves. The grand Hierarch in front of Long Chen didn't say anything else as he ran in the direction of the ancestral star!

"metaplasia!"

No matter how capable the Devil Emperor was, with the current Long Chen, he could only be a pitiful bug in front of him!

It was not only the Ghost Blood Curse, Long Chen had even used the Primeval Dragon Pagoda to instantly kill Devil Emperor. The current him, was even more evil than the Devil Emperor!

Rip!

The destructive power of the metaplasia swept past the Devil Emperor's body, directly tearing him into two. The power of massacre and the fusion of karma erupted, annihilating all of the Devil Emperor!

Yet another extremely powerful Hierarch!

The Devil Emperor had suffered a tragic death!

"Long Chen, are you sure you won't turn back?"

Origin Ancestor's cold voice pierced through the billions of stars in the sky. No matter how fast he was, he couldn't compare to the gate of the universe.

"Who says I won't turn my head. I'm waiting for you. Only you do as I say. I'll turn back right away." Long Chen smiled faintly. Even if Li Xuanji was still in the water, at least Long Chen had the upper hand now.

"You will regret it."

"You too."

To be polite to the Origin Ancestor was to be cruel to oneself.

In an instant, when the Devil Emperor and Emperor Qing Xue fell one after another and the ancestral star was in turmoil, the leaders of the Blood Clan and Ghost Clan had all died under Long Chen's hands.

The remaining Ten Ancestors, are they still far away?

Now that they heard this news, all the Hierarchs were trying to find a way to hide or travel to their ancestral star in order to reunite with the Origin Ancestor.

"I want to see if you guys are faster or me faster!"

No one knew who Long Chen's next target was.

"The Great God and the Ghost Emperor!"

In the blink of an eye, Long Chen appeared on top of the The Great Star of the Gods. The Great God and the Ghost Emperor was so scared that his face turned white when he heard the news of Devil Emperor's death!

"Long Chen, against the Origin Ancestor! To actually threaten our lives, damn it! "

"He claims to want to kill all the Hierarchs! Threatening the Origin Ancestor! You sure are bold! "

"However, the Azure Blood Emperor and the Devil Emperor have both died in his hands!"

"This person has actually caused such a great war to erupt among my ancestors!" If Origin Ancestor catches this person, he will definitely die a terrible death! "

If he wasn't a Hierarch, there was no need to escape.

Just as The Great God and the Ghost Emperor was about to escape, he met Long Chen right in front of him.

"Long Chen, don't kill me! Don't kill me! "

"It's no use begging me, please Origin Ancestor."

Long Chen blocked his way.

"Origin Ancestor! Origin Ancestor, save me! Don't let him kill me. Just let his woman regain her freedom! "

The Great God and the Ghost Emperor cried.

Unfortunately, the Origin Ancestor didn't respond.

"I'm sorry, I only blame you for following a useless master."

Long Chen sneered.

He was like a nightmare that descended from the heavens. The great and desolate Sentinel Dragon swept across the universe. The The Great God and the Ghost Emperor was in a daze and had lost his Hierarch level of cultivation. A new The Great God and the Ghost Emperor would be born from the The Great Star of the Gods.

"The third!" Origin Ancestor, have you decided? "

"Fourth, Origin Ancestor, what do you think now?"

The other party had not yet responded to him, but when Long Chen looked in the direction of the Ancestral Star, he could completely feel this fellow's fury and hatred. Perhaps, at this time, his hatred towards Long Chen was already similar to the hatred Long Chen had towards him!

Of course, he imprisoned Li Xuanji and killed Gui Qi.

"The fifth!"

Five Hierarchs in a row had all died in Long Chen's hands. This was simply one day in the history of the Ancestral Star, the most tragic. None of the Hierarchs had fallen in the past tens of millions of years.

When he had devoured the fifth Hierarch, Long Chen's goal had finally been achieved. He possessed enough The Power of the Dragon God of All Things, had transformed, and charged into the realm of The God Emperor of Perfection!

His cultivation base had advanced another step!

In terms of strength, naturally, there would be a true transformation!

As for the remaining two Hierarchs, there was nothing they could do.

If Origin Ancestor had to surrender, he would have surrendered before Long Chen could even kill him. However, he did not. This meant that to the current Origin Ancestor, even if Long Chen killed all of the Hierarch, he would not release Li Xuanji.

Since that was the case, it was a good opportunity for him to transform. It was time for him to fight back!

The continuous blood devouring of the five Hierarchs had reached such a level. It could be seen that the blood devouring was not particularly effective, but it was enough.

Chapter 3119 - Soul Extinguishing Curse

At such a high level, the Blood Devour's effectiveness was limited. The reason why he was able to reach The God Emperor of Perfection this time was because Long Chen had a rather deep accumulation of knowledge. Now that they were on the level of gods, with the addition of the Primeval Dragon Pagoda, there was almost not much of a difference between Long Chen and the Hierarch of Perfection.

After all, what he inherited were the inherited blood essences of the seven Ancestral Dragons.

After that, even if the Origin Ancestor and the Four Great Overlords were to be devoured by blood, it would still be impossible for Long Chen to enter the realm of Extreme Realm Divine Emperor. After all, after reaching the peak, it would be extremely difficult to advance any further. After all, Long Chen was not of the Heaven-Devouring Tribe.

However, the strength of the current The God Emperor of Perfection s was already sufficient for Long Chen. In terms of realm, he was still a The God Emperor of Perfection, but in terms of strength, he had reached the peak of the entire Ten Thousand Worlds!

This was the blood essence he inherited from the Universe Magma Swastika and after a long period of cultivation, he managed to reach the next level after killing five Deities and devouring them with his blood.

All of these, the ancestral star was in a frenzy because of Long Chen, and all of these things were in disorder because of Long Chen.

In the Death Realm, Li Xuanji's calm appearance was the strength in her heart.

This time, he rushed straight to the Ancestral Star, and waited outside the Ancestral Star for the return of the Origin Ancestor. Just now, Origin Ancestor went out to chase after him. Unfortunately, no matter how fast he was, he couldn't be faster than the gate to the universe.

"Long Chen, take revenge for me, for my father! He is truly vicious. Without saying anything else, he killed me.

Gui Qi was furious in her heart, she was at the same level as Long Chen.

Over a hundred billion living creatures on this ancestral planet had all detected the signal to battle at the peak of this world! To the living beings, the Origin Ancestor was the supreme god of the world, the creator, the ruler of everything!

This was a contest between supreme gods!

It was a battle that would topple the world!

The most obvious signal was that five Hierarchs had been killed in a row, and news of this had exploded the entire ancestral star. This was a grand event that had never happened in the last tens of millions of years in the world!

At present, over a hundred billion creatures on this planet were all trembling with fear. Even gods, demons, and ants couldn't help but feel anxious. Looking at the endless sky, he was lost in thought.

"Origin Ancestor, come here and fight!"

Long Chen's voice pierced through the endless starry sky and reached everyone's ears, causing everything to tremble. This was Long Chen's voice. To the people of the Ancestral Star, Long Chen was a guest from another world. No matter how terrifying the Origin Ancestor was, at this moment, what they were thinking about was naturally towards the Origin Ancestor!

"You'd better not go."

Origin Ancestor's calm and collected reply allowed the tens of thousands of people in the Ancestral Star to find confidence. In less than a day, the news of the five Hierarchs successively being killed had spread throughout the world.

In their eyes, Long Chen was the highest god of a foreign world!

Long Chen naturally did not leave.

His eyes were blazing with fire, surging with flames, waiting for the arrival of the Origin Ancestor!

In the Death Realm, Li Xuanji's tranquility and the fire in his eyes formed a stark contrast!

"Long Chen!"

Deep in the starry sky, the three eyes of the Origin Ancestor appeared first. The light penetrated through the thousand li of starry sky and landed before Long Chen, piercing his body.

In the blink of an eye, the infant had appeared before Long Chen's eyes. It was as Long Chen had expected, and the hatred in his heart right now was about the same as Long Chen's.

However, he still ignored Long Chen's threat. Even though Long Chen had killed five Hierarchs consecutively, his expression hadn't changed one bit. His fury and hatred were all in his heart.

"I've still underestimated you. Likely, you have the ability to refine your opponents and turn them into your own power." No wonder you can rise so fast. He was truly a proud son of heaven for having such methods. Therefore, after your strength has increased, you'll have the guts to face me head on! "

Origin Ancestor was standing on a high vantage point, condescendingly conversing with Long Chen.

"If you can remove the Silent Curse, perhaps I might be able to forget about the previous matter. But if you don't want to, I can promise you that. You will regret it. "

Their words echoed out across the entire ancestral planet.

"Oh, looks like you are very confident in your transformation this time. Well, I want to know how much I regret it. Also, it's been too long since I've had a real opponent to fight against. I hope you can satisfy me. "Don't be like last time. Before the war even started, you already pissed your pants and ran off."

Origin Ancestor mocked.

"Origin Ancestor is an extreme ego, and then he was crazy, self-confident, and was a despicable and shameless person! There's no point in negotiating with him. " Ghost Qi knew his personality very well.

Just as Gui Qi was speaking out in the Living Realm, the Origin Ancestor suddenly said: "I remember now, I should be able to feel the movements of the Bloodthirsty Legacy. But up until now, it hasn't made any movements, and there's no new successor, it seems that Gui Qi isn't dead, right?"

Even though the Origin Ancestor had guessed it, his heart did not change.

"Before I came here, I just happened to pass by the Emperor Blood Star. It's a good opportunity for me to give you a present." Origin Ancestor grinned.

Long Chen and Gui Qi both had a bad premonition in their hearts! Origin Ancestor was a crazy person, he had once cursed a companion star for a million years out of anger! No one dared to obstruct his will! He was the absolute ruler of this ancestral star, even the other nine Hierarchs. At the end of the day, he was even like his slave, able to be whatever he wanted.

This was also the reason why Long Chen still did not surrender after killing the Hierarch.

As long as there was an inheritance of the Ancestor, a new Hierarch would be born after the Ancestor's death. It was just a matter of time!

"The Life Extinguishing Curse, I'm giving it to you!"

Origin Ancestor laughed out loud.

All of a sudden, on the distant planet, a blood-red light could be seen. That light formed a ball of light and completely surrounded the planet. As a result, the planet lit up!

It was like a pearl in the starry sky.

It was incomparably gorgeous.

But Gui Qi's face became deathly pale! His eyes were spitting fire!

On the Emperor Blood Star, Long Chen still had the Death Realm's mark, and now, he could hear countless wails coming from the mark! That was a fatal scream! Countless people had been killed by the Extermination Incantation!

"Long Chen, Life Extinguishing Curse! Every breath of time, a hundred thousand creatures would be cursed and lose their lives in an instant! The Emperor Blood Star has less than a trillion lives on it, damn those Origin Ancestors! "

One breath of time, a hundred thousand lives!

With this number, the Origin Ancestor displayed to Long Chen just how ruthless he was.

Even if he killed all the people on the Emperor Blood Star in an instant, he wouldn't even be able to frown! This was the world he ruled over. To him, there were as many living creatures as he wanted, and they were of no use at all!

If he wanted to attack the Ten Thousand Worlds, he could only rely on himself.

"I am different from you. Long Chen, in my heart, even if I were to destroy the entire ancestral star, I will not frown. That is because I am the only one who exists, and am the only one who exists! "

The laughter of the Origin Ancestor spread throughout the world!

All the xanshens felt their hairs stand on end when they heard this. Originally, everyone was supporting the Origin Ancestor, but when they saw the miserable state of the distant Emperor Blood Star, they were dumbstruck.

In the space of a single breath, 100,000 people had perished on Planet Emperor Blood!

If that was the case, who would dare to breathe?

However, even if they didn't breathe, they would still die.

Perhaps the living creatures had all forgotten that the supreme deity in their eyes was such a vicious and self-centered being. At this moment, not a single one of the cultivators from the other planets spoke. The only sound that could be heard was the shriek of Emperor Blood.

"Longer pain is better than shorter pain. He can kill a trillion people in an instant, but he doesn't have that. If it affects my mental state, then it's even more effective than killing off the entire Emperor Blood Star. "

In the Living Realm, his hometown was being destroyed, but he was powerless, so Gui Qi could only tremble and cry non-stop.

Everyone was comforting her.

"Long Chen!"

Everyone placed their hopes on Long Chen. Right now, for someone like Long Chen who doesn't understand curses, I probably need the Ring of Divine Arts to break the Curse of Extinction of Life, the Ancient Cyan Curse, and the Silent Curse!

The only way, was to kill the Origin Ancestor as soon as possible and obtain the God Curse Ring!

"You're the damnedest person I've ever met."

A long time ago, the most important thing was to kill everyone in the Three Great Imperial Domains and create his own strength.

Not long ago, the ancient Giant Demon wanted the lives of all living things in the Dragon Sacrifice Continent to recover their strength!

At this moment, in order to suppress Long Chen and curse the Emperor Blood Star, the Origin Ancestor was the same as those people, unforgivable!

The Primordial Dragon Pagoda, the Great Void Demon Sword, and the Ghost Blood Curse, Long Chen instantly entered his peak state of combat! After reaching The God Emperor of Perfection, he had already reached a new realm!

"Hehe, are you worried? My world, I'm not in a hurry, why are you in a hurry? "Aiya, how many people have died from those words?" Origin Ancestor's voice was sinister and every word he said hurt the hearts of everyone present.

"If you do anything wrong, the heavens will punish you."

"I don't believe in the heavens. I only believe in myself." The corner of Origin Ancestor's mouth hooked up into a sneer. In the moment when Long Chen's aura surged, he immediately agreed to battle, and his body abruptly went through a huge change. His tiny body directly split into three parts in front of Long Chen!

The flesh of the three parts twisted and transformed, eventually expanding to become three young men who had almost the same appearance as Long Chen. However, the robes they wore were of a different color: a blood-red robe, a black robe, and a grey robe.

These three eyes were the same color as his three eyes from before! Legend has it that the Origin Ancestor was a gathering of the Blood Curse Clan, Ghost Curse Clan and the Heavenly Curse Clan. Now, he had displayed such a state in front of Long Chen!

In fact, no one even knew that the Origin Ancestor had such a fearsome state!

One divided into three!

Amongst them, in the hands of the gray-robed Origin Ancestor, was the Heaven and Earth Curse Sword in his hand, the Primitive Creation Deity Equipment that once killed Gui Qi!

The gray-robed Origin Ancestor was almost at the level of an Overlord.

However, the other two were equally terrifying: the blood-robed Origin Ancestor and the black-robed Origin Ancestor. These two had the power of the Blood Race and the Ghost Race! What shocked Long Chen the most, was that these two people were actually holding divine artifacts of primitive level in their hands as well!

were all primitive level!

The Origin Ancestor has three types of Creation Divine Artifacts with primitive level!

Adding on that half a origin level divine imprint on the ring, he was even more terrifying than he had imagined.

He had the entire ancestral star for himself.

Chapter 3120 - Ghost Curse Blood Abyss Curse

Origin Ancestor was split into three, which was much more difficult to deal with than before.

Other than the primitive level's Heaven and Earth Curse Sword being controlled by the gray-robed Origin Ancestor, there were also two other types of Divine Creation Equipment for primitive level! An Ancestral Star, excluding the Ghost Blood Curse and the God's Ring, already had four kinds of God Manifestation grade primitive level!

primitive level, eighth stage!

What the black-robed Origin Ancestor held in his hand was a pure black long spear. It looked like a piece of scrap iron, but what was similar to the Ghost Blood Curse was that there were also curse runes on it. The Ghost Blood Curse's curse symbol was swastika. The bloody runes on the steel pike formed a spiral shape, like the blood-red eyes in the darkness!

This was a Creation God Manifestation Weapon that was very similar to the Ghost Blood Curse, and in no way was inferior to the Ghost Blood Curse!

"I seem to recall these two Creation Divine Artifacts. I once heard it from my father, but he is not sure if they exist. Who would have thought that it was actually in the hands of the Origin Ancestor. The name

of the black spear was ' Ghost Curse '. It was once the supreme Creation Divine Artifact of the Ghost Clan, but who knows when it was snatched away by the Origin Ancestor. "

Other than the black spear Ghost Curse, the blood-robed Origin Ancestor held a blood-red long whip in his hands, like a venomous snake, with countless sections. On the nodes of every section, there were barbs like the fangs of venomous snakes, and most importantly, there were also curses on the whip, which were not inferior to the Ghost Blood Curse or the Ghost Curse.

"It is said that the Blood Whip is the supreme treasure of our Blood Clan. Of course, it is also a legend. Their history was all before the Ghost Bloodcurse. The name of this blood whip is ' Blood Abyss Curse ' . "

The Blood Death Curse had a black curse symbol. It was not a swastika, but rather a twisted poisonous snake that was constantly changing.

"Ghost Blood Curse, Blood Curse, and Ghost Curse. The Creation Divine Equipment of these three primitive level is simply an entire set. "

With the Ghost Blood Curse in Long Chen's hands, the Ghost Curse and the Blood Death Curse were under the control of the Origin Ancestor. Even if he did not use the Ring of Divine Arts, Origin Ancestor still possessed three types of Creation Divine Equipment, and they were all pure attacks, ones that could cause instant death!

To Long Chen, this was the pressure of death!

The three youths of the Origin Ancestor all sneered as they surrounded Long Chen from three different directions. Although the battle could not be seen, the pressure it exuded made all living beings understand that the battle between the Overgods had already erupted!

The number one Origin Ancestor in all realms!

The gray-robed Origin Ancestor controlled the Heaven and Earth Curse Sword, and it was facing Long Chen directly. His grey eyes flashed for a moment, and he immediately made his move.

The Black Robe Origin Ancestor danced with his black spear and Ghost Curse, the blood red vortex surrounded him and the blood red symbols spread out like a vortex. The laws of the curse engulfed the world and to the people on the Ancestral Star, it was as if the sky was filled with many blood red eyes!

The blood-robed Origin Ancestor waved his blood whip. The blood whip was like a long snake as it spread out like a snake's curse. Every single blood snake that crawled onto his body was fatal to all god and demon! This was the essence of the Ancestral Rule of Curse, not just a poisonous snake!

In the world that he controlled, Long Chen had killed five Hierarchs, provoked them, and threatened them at their doorstep. Origin Ancestor's heart that wanted to kill Long Chen, had already turned red! Before, he only wanted to imprison Long Chen, and use Long Chen as the reason to go to war with the ten thousand realms, but now, he only wanted to kill Long Chen!

Because Long Chen had the gate to the universe, he had to defeat his opponent as quickly as Long Chen! He had crushed his opponent to prove his godly might! After all, this was his, Origin Ancestor's, territory!

The moment they attacked, even if it was the Origin Ancestor s, they would have to completely use the most pinnacle of methods! For example, the gray-robed Origin Ancestor, on his own, charged forward, the Heaven and Earth Curse Sword in his hand releasing the power of tens of thousands of curses!

"Destructive Curse of All Living Things!"

It was the Destructive Curse of All Living Things again, and was not at all inferior to the last time he had used it in his infancy. A streak of Destructive Curse of All Living Things had tens of billions of living beings on the Ancestral Star simultaneously chanting an incantation, and all of their power was gathered on top of his curse!

A ray of light that illuminated everyone's eyes was born from the Destructive Curse of All Living Things. Its target was naturally Long Chen!

However, even the Destructive Curse of All Living Things was only a part of the methods Origin Ancestor used to kill Long Chen. When the gray-robed Origin Ancestor made his move, the other two Origin Ancestor s occupied the positions that sealed Long Chen the most. They made their moves in shock, and released their own attacks!

The black robed Origin Ancestor danced his spear and turned into a monstrous mirage. The billions of spear tips formed a dense net and within the huge net, the Ghost Curse shone brightly and turned into a giant eye that looked like an ancestral star!

Those scarlet eyes were gathered from countless Ghost Curse s. With the overflowing aura of death, even though they did not borrow the power of all living things, their killing power was similar to that of the Destructive Curse of All Living Things!

"Green Demon Eyes!"

Full name: Green Hellish Ghost Eye Curse.

Of course, the blood-robed Origin Ancestor's blood curse on Long Chen's body was instantly unleashed to the peak of the Rule of Curse!

"River Styx Blood Spell!"

Everywhere the Blood Underworld Curse went, a monstrous river of blood formed, and that was the River Styx. The River Styx danced around Long Chen, and in the middle of the river, trillions of black snakes writhed.

Destructive Curse of All Living Things, Green Demon Eye Curse, River Styx Blood Curse!

It belonged to the Heavenly Curse, the Infernal Curse, and the Blood Curse!

They were also the peak of the three great curses! In the whole world, only the Origin Ancestor could use it. These were all ultimate curses that Origin Ancestor would not easily use!

The Three Great Deadly Curses had plunged the entire Ancestral Star Region into a haze of misery! Let alone Long Chen who was facing all of this at the moment!

The slaughter arrived in the blink of an eye!

After reaching the The God Emperor of Perfection, Long Chen no longer had a disadvantage in terms of strength, but in terms of rules, he was no longer at a disadvantage!

The Great Void Demon Sword in his left hand! Ghost Blood Curse on his right hand!

"metaplasia!"

It was not as imposing as the Origin Ancestor, but the Rebirth Chop was unstoppable. Everywhere it went, other than the Silent Curse, everything else would disintegrate. The disintegration of cause and effect and the direct fusion of slaughter had made the metaplasia's target, the Destructive Curse of All Living Things!

"Destiny Killing Technique!"

The Great Void Demon Sword carried the laws of time and destiny, and its target was that terrifying eye in the starry sky.

The Azure Underworld Ghost Eye formed from the Ghost Curse!

"Boom!"

Long Chen used all sorts of ancestral dragon rules, and clashed consecutively with the Rule of Curse at the pinnacle of Origin Ancestor! The commotion was huge, and in the midst of it all, on the ancestral star, a large number of weak people died! If the battle between Long Chen and Origin Ancestor was between two giant beasts, they were only ants. No matter how careful they were, they would be able to trample a large area of land to death.

For a time, the world rumbled as if it was the end of the world!

The result was that the metaplasia once again shattered the Destructive Curse of All Living Things, forcing the gray-robed Origin Ancestor back!

Just before the Azure Underworld Ghost Eye's eruption, the Destiny Blade had pierced through the Azure Underworld Ghost Eye and beheaded the black-robed Origin Ancestor's body, freezing the black-robed Origin Ancestor into a statue and rendering him unable to move.

From these two sides' perspective, Long Chen still held a certain advantage! However, he had no way to stop the River Styx Blood Curse!

In this battle, Long Chen's greatest disadvantage was that his opponent seemed to have three people, while he only had himself. This was the disadvantage.

When he shattered the Destructive Curse of All Living Things and the Green Hellish Ghost Eye, he was already unable to stop the River Styx Blood Curse. The blood-robed Origin Ancestor laughed coldly as he wrapped the curse around Long Chen's body.

The most terrifying thing was the blood curse that looked like a venomous snake. It was like a blood curse, and now that the blood curse was wrapped around him, the countless venomous snakes on it were like sharp thorns that were piercing through Long Chen's body!

If Long Chen were to be penetrated, Origin Ancestor had the confidence to instantly take Long Chen's life, just like how Long Chen used the Ghost Blood Curse to kill his opponent.

"You're overestimating yourself. You're merely mediocre. Let me send you back to the West."

The three Origin Ancestors said at almost the same time.

Long Chen glanced at his left hand, the jade green halo on it had not completely lit up yet. Although Gui Qi was only a Divine Emperor, and it did not take much effort to revive her, at the very least, it was too short of a time to do so. If he were to die in this battle, Long Chen would not have the chance to repeat this action!

Hiss hiss!

Countless of poisonous snakes and curses fiercely clashed, the Blood Death Curse was almost going to tear Long Chen apart!

But, Long Chen suddenly laughed, he had already merged with the Primeval Dragon Pagoda. At that moment, when the Primeval Dragon Pagoda erupted, no matter what, the Dragon Pagoda was a Creation Divine Artifact that belonged to the Dragon Sacrifice Continent, a legacy of the Divine Dragon. At that moment, when it erupted, the Divine Dragon roared, and revolved around Long Chen.

At this moment, Long Chen had instantly left his original position and moved out of their encirclement! Not a single injury!

Of course, he saw that the gray-robed Origin Ancestor had also helped the black-robed Origin Ancestor break free from the Destiny Killing Technique and regained his battle strength!

"Phew ..."

In that short moment, both of them had almost used all sorts of methods, and the result was not that Origin Ancestor crushed Long Chen, but that they were evenly matched! Although the Origin Ancestor was strong, the current Long Chen was terrifyingly tough.

Such a thrilling scene caused many people to suck in a breath of cold air!

Right now, Emperor Blood Star was still losing its life.

Time passed.

Gui Qi cried in the Living Realm. Li Xuanji turned into a divine dragon and was frozen in the crystal.

All of these reminded Long Chen that he had to defeat and kill his opponent!

Of course, with the attack that Origin Ancestor had meticulously prepared being broken and Long Chen being completely unharmed, just this fact made his anger rise to a whole new level. He was used to being provoked to such a degree by those in the upper echelons, repeatedly breaking through his limits!

"Even this can't kill you. You already have the power of a ruler!" It's a pity that you will be destroyed by me the moment you possess this power! "

Origin Ancestor acknowledged Long Chen's power.

Right now, he was definitely not weaker than the Ancient God of the Wilderness or the Heavenly Dao Saint Emperor.

But, this was not the reason why Origin Ancestor let him off the hook!

A fight to the death was about to happen again!

The three Origin Ancestor s gathered together in a very short period of time, and the three types of God Creation Equipment from the primitive level also merged together at this time. At that time, the three of them were still together, but they had jointly completed one type of rule!
