

War God 3121

Chapter 3121 - Anaplastic Meridian Without Living Realm

"It's too much."

Long Chen never thought that on this Origin Ancestor, other than the God Curse Ring, there would be such a trump card. He thought that the three types of attacks just now would be his opponent's limit.

Now that the three of them were fused together, it was clear that they were of an even more terrifying Rule of Curse!

Before using these rules, the first step Origin Ancestor did was to fuse three bodies. Long Chen thought that they would fuse together into the three-eyed baby from before, he never thought that they would just fuse together via their legs and bodies.

In the end, the Origin Ancestor with three heads and six arms was born in front of Long Chen!

"In that case, it should be the state my Origin Ancestor is in now!"

Long Chen thought about Dragon Sacrifice Continent. One of their abilities was to have three heads and six arms. Of course, their three heads and six arms were different from the Origin Ancestor's.

The state of the Origin Ancestor when the three of them fused together was much stronger than that of the three-eyed baby, and much stronger than when the three of them were fused together!

The three of them combined!

The Heaven and Earth Curse Sword, the Blood Death Curse, and the Ghost Curse were all under his control. Currently, three pairs of eyes were fixated on Long Chen's body, filled with a baleful aura.

"You're very good. In the future, he will definitely be the number one Hegemon of the Allworld. "

"But, today, I will chop you into pieces."

"I will go to ten thousand worlds. The four Chief Sovereigns, I will defeat all of them. I will defeat you today."

"Finally, I want to control this entire ten thousand worlds as if I were controlling my ancestors! Ten thousand worlds! "

"I will let ten thousand worlds, all living beings, know the existence of my Origin Ancestor. Even an invisible ant is kneeling in a corner in awe of me!"

The voice of the Origin Ancestor was loud like a bell.

Every breath of time on Planet Emperor Blood caused 100,000 lives to be lost!

Hatred surged like blood.

Origin Ancestor laughed out loud, took one last look at Long Chen and then sneered.

"These rules are the limits of my Origin Ancestor. Beneath the Immemorial Curse, there was nothing to contend against. Even the Immemorial Curse did not possess such lethality. I know what you can do. This time you will definitely die, Long Chen, prepare for the next life! "

This was an attack from the will of the Origin Ancestor!

In less than a breath of time, it had reached Long Chen's primordial spirit, causing it's mind to rumble!

In battle, one would attack and one would defend.

Attack with force, and the cautious defend and counterattack.

In this battle, Long Chen was a cold-blooded and cautious person. Even though time was pressing on him to the limit, he still did not take the initiative, and would reveal too much of himself!

With his tactics, as long as Origin Ancestor was not able to completely destroy him and give him a chance to counterattack, it was very likely that he would cause a destructive blow to the Origin Ancestor in an instant!

For example, against Emperor Qing Xue and the others, even if Long Chen crushed them all the way, they wouldn't be able to defend. And now, the Origin Ancestor had become Long Chen's role in the past. Only the absolute strongest could occupy such a position.

The moment Long Chen's willpower was attacked, the crushing power of the Origin Ancestor erupted, bringing about a kind of tyrannical power that was nearly capable of destroying everything in the surroundings! Long Chen saw that under the control of the Origin Ancestor, the entire world was being destroyed, and even some of the ancestral stars were being destroyed! It caused a lot of death! But since it was so timely, the Origin Ancestor didn't care in the slightest.

"Life Scripture, s."

The three great bodies merged into one and attacked at the same time. The Heaven and Earth Curse Sword, the Ghost Curse, and the Blood Death Curse combined together to create such a rule with monstrous power!

Below the three great Primitive Creation Deity Equipment, the heaven and earth were destroyed, and all things perished except for Long Chen! What Long Chen saw was a world that had been destroyed.

The power of laws without a Living Realm formed into countless curse symbols and swept through the surroundings. These billions of curse symbols built a new world around Long Chen!

No Living Realm!

In the blink of an eye, Long Chen was completely trapped within this Living Realm. It had to be said that when he inherited this rule, the feeling Long Chen got from it was that it was no less terrifying than the Silent Curse from before.

Even though Long Chen had reached the realm of The God Emperor of Perfection, and was on par with his in terms of strength, he was still a bit absent-minded right now. Origin Ancestor was the first terrifying existence that could collide with the laws of his Ancestral Dragon in terms of rules.

But as long as they could defeat Origin Ancestor, they would be considered the top of the ten thousand realms!

Without a Living Realm, there was dead silence. Boundless clouds and mist rolled about without end.

The entire world was formed from symbols of curses. This seemingly beautiful world was actually filled with all the curses of the Ancestral Star. There were trillions upon trillions of them, from the smallest curses to the Destructive Curse of All Living Things.

Billions of fragments, billions of curses.

These curses did not attack Long Chen, but assimilated him. As long as he was in this world, Long Chen would be a part of these curses!

Billions of curses converged into one power, and that was assimilation!

In that instant, Long Chen felt his body being melted by the assimilation rule into a trillion parts, as if it was nourishment by the billions of rules, and was fusing them into the world!

His physical body, his origin soul, everything collapsed under the terrifying curse!

"Origin Ancestor!"

Long Chen was even more deeply aware of the terror of the Origin Ancestor!

He looked down and saw that the imprint of revival had not been fully restored. Furthermore, he did not know if he would be able to revive after dying in this Living Realm.

No Life Classic and no Living Realm, these were the most pinnacle laws of the world that Long Chen had ever seen, aside from the rules of his Ancestral Dragon ancestors. Compared to the time, space, and devouring rules of the Lich Clan, this was even more terrifying.

Melting.

It was just a mere body, yet it seemed as if it wanted to fuse with the universe.

His body turned into billions of particles. Each particle was a symbol of a curse. Every single curse was being separated along with Long Chen.

If this continued, he would definitely lose his life!

Without Living Realm, Long Chen could not move and could only disappear. This was something that the Origin Ancestor had prepared for him. In that case, even if he opened the Death Realm's dragon gate, he would not be able to enter.

Anyone who appeared without a Living Realm would die under the assimilation of billions of curses.

"Dragon Transformation!"

In order to delay this change, Long Chen transformed into an Primordial Blood Spirit Dragon. However, he discovered that even if it had transformed into a dragon, its body was still split into countless of parts and was disappearing.

This feeling was akin to that of a human, unable to stop the passage of time.

As the years passed, he gradually aged and turned into ashes.

Death quietly descended.

In Long Chen's eyes, the Silent Curse was this beautiful.

"I wonder what it is like for Living Realm to encounter a Silent Curse?"

Long Chen was almost certain that he wouldn't be able to destroy this Living Realm. If there was no other way, then he would lose. Without the Living Realm's rule, there was no chance to break it.

However, Li Xuanji gave Long Chen an idea when he was in danger.

Although Long Chen could not move him, he could still execute the rules. At the very least, he could open the simplest of Death Realm's dragon gates, and at the very least, he could transfer the Silent Curse to the.

In reality, it was not easy for ordinary people to see through the rules of Living Realm less.

No Living Realm was extinguished in the silence, but the Silent Curse was eternally quiet. The Silent Curse was no longer a part of the Living Realm's Curse. What would happen when there was no conflict between the Living Realm and the Immemorial Curse?

Outside the Ancestral Star, Origin Ancestor was looking at the Living Realm that he had controlled with satisfaction. In front of him, Living Realm had condensed into a grey sphere, and when this sphere first appeared, it had a diameter of more than two meters. Right now, it was only a fist-sized sphere.

Once this ball shrunk to its smallest size, it would be the time when Long Chen would truly turn into ashes.

"I have never used it even once when I comprehended Living Realm Wu. I'll gift it to you for the first time. In the future, the four Chief Sovereigns of the Allworld will have to endure it as well.

Origin Ancestor's voice spread throughout all realms, causing all the living beings of the Ancestral Star to think that Origin Ancestor had defeated him, and that Long Chen had died in battle. In that moment, the entire Ancestral Star was cheering. Even though the Origin Ancestor was ruthless, even if the Origin Ancestor treated them like ants, they were still part of the Origin Ancestor's faction.

In the.

The magnificent Silent Curse appeared here along with Li Xuanji.

No Living Realm would assimilate everything within, even the Silent Curse. When the two most fearsome rules met, what would be dissolved would not only be the Silent Curse, but the entire Living Realm!

At that moment, Long Chen had recovered his ability to move, because no Living Realm was moving!

Perfect, became imperfect!

Of course, the Silent Curse was also shaken!

The crystal started to melt, and at the same time, the entire Living Realm began to shake, and melt! This was a confrontation between two types of curses! The Silent Curse had left the Origin Ancestor, but it also had the Origin Ancestor's brand. When the Silent Curse was melted, the Origin Ancestor suffered a huge shock!

BOOM!

Origin Ancestor's face turned deathly pale. He could feel the melting of the Silent Curse, and he could feel the collapse of the. In that instant, he let out an earth-shattering roar.

Of course he understood what had happened.

When the Silent Curse melted and a hole appeared in the crystal surrounding Li Xuanji, Li Xuanji quickly turned into a Yin Mo and returned to Long Chen's body.

In this broken, Long Chen had to protect her quickly, otherwise, she would let him melt!

Of course, at this time, the main target of Living Realm s was the Immemorial Curse!

Long Chen didn't know whether to say that he was lucky or not, but this could be considered as the Origin Ancestor's bad luck. Long Chen just so happened to have snatched over the Silent Curse, and coincidentally, in the middle of this Living Realm less, he thought of letting these two rules compete!

One was silence, the other was melting!

It was completely in conflict, so the Silent Curse shook the who assimilated the Silent Curse. In the middle of it all, Long Chen returned to his body.

Breaking through and saving Li Xuanji.

Such a fortunate thing had never even occurred to Long Chen before. It was practically a miracle being born!

"xuanji!"

Long Chen trembled as he called out her name.

"I knew that I would be safe. I'm really sorry for not getting your permission this time."

Li Xuanji was still a little weak.

It was neither possible for Long Chen to blame her, nor should he blame her. If it wasn't for her, he wouldn't have had the chance to make a comeback.

"Anyway, I won't allow it next time!"

The battle had to continue. This was the best opportunity!

In the midst of Living Realm's collapse, Long Chen found the truth and rushed out! The Origin Ancestor was right in front of him!

Chapter 3122 - Celestial Destiny Curse

"Prehistoric Disaster!"

Two swords, Great Desolate.

When Long Chen rushed out of the Living Realm less crevice, he had already reached the state of the entire universe's prehistoric Swastika Dragon. Black dragon scales, dark black bone spikes, sinister flesh wings, and broken bone wings were the scariest part of them all, and each of them controlled a set of God Creation Equipment with primitive level.

He instantly appeared and seized this extremely rare opportunity. Now was the time for Origin Ancestor to suffer from the backlash from the Silent Curse. In an instant, the great calamity erupted!

The black lightning, the gray aura of disaster, and the aura of disaster contained hundreds of dark attributed energies, such as corrosion. The power of two types of disaster were released from the two Creation Divine Artifacts, and then collided in front of the Origin Ancestor, forming a disaster!

"Long Chen!"

In that moment, the three-headed, six-armed Origin Ancestor opened his eyes wide. He could not believe that her Living Realm was actually broken by Long Chen, and it was by using the Silent Curse itself. Long Chen was not stronger than him, but to have reached such a level, it could only be said that his luck was truly terrible!

The backlash from the Silent Curse and the Desolate Flood descended at the same time, happening in the midst of the sparks and lightning. The Origin Ancestor didn't even have time to retaliate, before the three Primitive Creation Deity Equipment s in her hands were blasted away.

"Ugh ..."

All of the Primordial Heavenly Calamity fell onto the body of the Origin Ancestor. His body was like that of a world, and right now, the world had been enveloped by a disaster. Everything was changing, everything was shaking violently. Mountains were collapsing, space was being destroyed, and black lightning was ripping apart everything!

Origin Ancestor's body was riddled with holes!

One time, heavily injured!

However, he still hadn't been able to kill him.

Of course, the Master of Ancestral Stars would not die so easily. Long Chen seized this huge opportunity to heavily injure him. When Origin Ancestor was at the end of his rope, the thing he needed to do the most was to take advantage of the situation to catch up. If he did not kill the opponent, he would be the one to die!

"metaplasia!"

Now, none of the Living Realm s had been completely destroyed, and the Silent Curse had been completely destroyed as well. Origin Ancestor had just recovered from the backlash but the heavy injury was already irreparable, and in the blink of an eye, the metaplasia had already arrived!

In this moment of life and death, Origin Ancestor made a decision that even shocked Long Chen, which was to once again split his body into three parts. But even so, he was still unable to escape the metaplasia, so Origin Ancestor's decision was to leave the blood-robed Origin Ancestor at his original spot and block the metaplasia.

"AHH!" In the midst of the sword light from the metaplasia, the blood-robed Origin Ancestor was turned into ashes in front of Long Chen. When everyone thought that Origin Ancestor had won, they actually heard his miserable shrieks!

It was a sound that could only be made by death itself!

When the blood-robed Origin Ancestor died in battle, the black-robed and grey-robed Origin Ancestor were once again gathered together, forming two four-armed states. At this point in time, they had yet to acquire any divine creation artifacts!

"Kill them all!"

This was Long Chen's strongest thought at the moment.

The Origin Ancestor was furious. To be heavily injured like this was his most depressing, and also the most infuriating moment! The matter of the Silent Curse, was simply too speechless!

"Consider yourself lucky! However, it could only be used once! True strength is the key to eternal life! "

The Origin Ancestor laughed sinisterly. Even though he only had two bodies, he did not seem to be afraid of death.

If not for Living Realm and Silent Curse, he wouldn't be in such a miserable state right now.

"You forced me!" Haha, you forced my hand! I am someone who cannot be provoked, or else I would be able to do anything crazy! "

"Planet Emperor Bloodline, haha!"

The sinister look in the Origin Ancestor's eyes was simply too terrifying!

"Lend me ten billion lives!"

Just as Long Chen was about to attack, he raised one of his hands, and the God Curse Ring appeared again! But this time was different. Countless blood threads extended out from the Origin Ancestor's body, wrapping around the distant Emperor Blood Star. On the Emperor Blood Star, there were a total of ten billion living creatures that were entangled by the Origin Ancestor.

"Don't even think about escaping! Otherwise, if you disappear, I will transfer the power of this curse onto these ten billion lives in an instant! Let these ten billion lives be destroyed along with you! Long Chen, if it is so, you are the sinner! The sinner that destroyed ten billion lives! "

Origin Ancestor's face was ferocious, like a nightmare. His voice struck fear in the hearts of the entire world. A Paragon like this had used the lives of all her people to threaten her enemies.

Everyone was extremely terrified of the Origin Ancestor, especially those life forms that were bound by the Origin Ancestor, the lives of those on the planet Emperor Blood!

"Despicable and shameless!"

The Origin Ancestor did grab hold of Long Chen's weak point. No matter what, the common people were innocent. Long Chen did not want his battle to affect their lives, but Origin Ancestor was different. To the current him, even if he had to sacrifice the entire continent, in order to kill Long Chen, he probably wouldn't even frown if he wanted to take revenge on Long Chen.

Long Chen thought that he wouldn't be able to use the God Curse Ring anymore.

He did not expect that he could still use it, and that it was not the Silent Curse! It should be another kind.

The price for this was ... Origin Ancestor, who had lost a body in the first place, separated the black-robed Origin Ancestor into a black flame.

In the end, only the gray-robed Origin Ancestor remained!

The black flames on his hands were so bewitching, it was a curse formed from him burning one third of his strength. If the remaining gray-robed Origin Ancestor were to fight Long Chen on his own, he would no longer be a match for him.'s opponent was planning to use this method to create a fatal fight at the very last moment!

"Don't try to flee! If you do, the curse will destroy Planet Emperor Blood!"

Let alone Emperor Blood Star, even if there were any companion star on this ancestral star, Long Chen still wouldn't be able to destroy them. This was the difference between him and the Origin Ancestor. When facing an enemy like Origin Ancestor, sometimes power was not the most important factor.

"What should we do?"

In fact, Long Chen's heart was already in turmoil. A curse that was even stronger than the Silent Curse and was just as he said! The Origin Ancestor refined his black doppelgänger and turned it into the fiercest of curses. The Half-origin level God's Curse Ring relied on the burning of life force to make the Immemorial Curse burn!

Long Chen could have entered the Death Realm in an instant, and finished it all in one go. If the power of the Origin Ancestor was not preserved, then the black Origin Ancestor would have died for nothing, but the Origin Ancestor would not be like this.

The decision Long Chen had to make was to destroy the Emperor Blood Star, or to endure it himself!

There was no choice!

In the next moment, the most berserk and sinister Origin Ancestor unleashed this rule!

"Destiny Curse of the Heavens!"

The God's Ring shined, bursting out with a terrifying black light! Long Chen was the only place covered by the light.

"Long Chen, no matter how lucky you are, your luck is even more majestic! In the face of true power, you will only die! "

"Mercy? Responsibility? How laughable, you are but a mere 10 billion living beings and yet you want my life. If I had known earlier, I would have killed you several times over on this planet! "Haha!"

"Therefore, from the very beginning, you, as an idiot, treat these ants as the same thing and thus don't have the right to be my opponent!"

"Destiny Curse of the Heavens, Eternal Death!" He would cut off his previous life and exterminate his next one! Under the Life Curse, you are waiting for the real thing to go up in smoke! Turn into eternal ashes and scatter under the soil of my ancestral star! "

The wild laughter of the Origin Ancestor spread throughout the world, causing all the living beings of the Ancestral Stars to bow in reverence with tears in their eyes. In their hearts, the Origin Ancestor was still considered mysterious in the past. But now, this cruel and merciless ruler was everyone's nightmare.

That was: The people who had previously hoped for the Origin Ancestor to win, actually wished for Long Chen, this powerful otherworldly demon, to win right now!

It was as if all living thoughts were gathered on Long Chen's body!

However, the Destiny Curse was too terrifying!

Invisible, indiscernible, the Azure Life Curse was now on Long Chen's body. It was unstoppable and unavoidable, like a maggot attached to bone.

It was as though the Heavens were letting him die.

"Farewell."

The Origin Ancestor smiled faintly.

In his eyes, Long Chen had turned into dust atop the Vast Heavens Destiny Curse, and instantly disappeared! He died without leaving a trace.

"It's over!" The Origin Ancestor's sinister laughter spread throughout all realms!

To him, killing Long Chen this time was a new beginning, a new metamorphosis and a new breakthrough! Even though he had lost two-thirds of his strength and flesh, Origin Ancestor was still happy!

"Long Chen, dead, haha!"

Origin Ancestor could not help but laugh out loud.

The Immemorial Destiny Curse would destroy one's fate, cutting off one's past and present lives, completely destroying them. This sort of curse had already risen to an even higher level, to the point where it no longer belonged to the realm of the Edicts.

Only the Ring of Curses could activate it.

"Did we lose the battle in the end?"

"In the future, my ancestral star!"

Everyone was worried and in pain. The Origin Ancestor was like everyone's nightmare.

For a moment, the entire ancestral planet was in a state of weakness. They all knew that it was clear that Long Chen could have escaped the fate of the heavens, but he did not. He was an outsider, but for the sake of the life of tens of billions of people on the Emperor Blood Star, he did not leave.

He used his death to redeem the lives of the people, as if Long Chen was a god from an ancestral star!

At this time, the Origin Ancestor looked around at the entire Ancestral Star, and suddenly laughed coldly, "It seems that after I was injured, there were a lot of people who wished for me to die in battle! I can feel your thoughts, you bunch of ungrateful bastards! Then, let me tell you this. From this moment onwards, anyone who has such thoughts, whether they are gods, demons or ants, must die! "

For a moment, the entire Ancestral Star was silent. Everyone knew that Origin Ancestor would do it.

At this time, someone beside Origin Ancestor said, "Isn't it a little early to be happy now?"

Chapter 3123 - Legacy of the Origin Ancestor

Silent Curse, Living Realm, Azure Life Curse.

He had to admit that virtually any one of them was fatal to all living beings, including the four Chief Sovereigns. From the very beginning, the Origin Ancestor had always been slightly above the four Chief Sovereigns.

So even if Long Chen had reached the realm of the Four Great Overlords, his Origin Ancestor was still a little lacking when compared to them. especially when the Origin Ancestor was despicable and shameless, threatening Long Chen with the life of an ancestral star.

Powerful and despicable, this was a magic treasure that won!

However, there was one important thing that was inferior between the Origin Ancestor and Long Chen! This thing was called 'Fate'.

Living Realm was broken by the Silent Curse, that was because his luck was low, while Long Chen's luck was majestic and he managed to escape with his life. Furthermore, he reversed the situation and inflicted heavy injuries on Origin Ancestor, almost killing him.

Right now, the Sky Destiny Curse was the combination of a third of the Origin Ancestor and the ring of divine spells. When it landed on Long Chen's body, he was indeed turned into ashes.

Origin Ancestor was laughing wildly.

Those fragments that belonged to Long Chen, had actually quietly gathered at his side at this moment. After the Origin Ancestor had completely relaxed, Long Chen had reappeared without a single scratch. The Azure Life Curse did not harm him in the slightest, and instead caused his vitality to flourish like never before!

This was destiny!

It was also luck!

When the Azure Life Curse had fallen and Long Chen was left with no way to proceed, the dark green halo that had been dimmed by the presence of a spirit actually lit up at the very last moment.

Resurrection, ready to use

If it wasn't for the fact that Gui Qi was still weak and had used her reincarnation, she wouldn't have been able to use it in such a short amount of time.

At this moment, it was as if the heavens were blessing him.

Of course, there was no sky in Long Chen's eyes.

To him, luck and luck were actually a part of the rules of fate. In the end, he had used a heaven-defying change of fate, and this change had a miraculous effect on the Immemorial Life Curse.

Honestly speaking, even though the Sky Destiny Curse was dangerous, at that time, Long Chen did not feel like he was facing death at all. In the underworld, he knew that he would not die. Perhaps this was the perception of karmic luck!

The fate curse of the heavens had annihilated his everything! But in the next moment, the revival of the dead came. Long Chen experienced the threat of death, making a trip to the gates of hell, before returning.

This was the moment when Origin Ancestor would relax and be the most proud of himself!

He had just retrieved the Heaven and Earth Curse Sword, Ghost Curse and the Blood Death Curse back into his hand.

"This time, he's using the Resurrection of the Dead to resist the Fated Destiny Curse. Next time, when this jade-green ring lights up, it'll probably be quite long."

Long Chen knew clearly in his heart.

However, he had plenty of time to wait.

He came back to life, quietly appearing right behind Origin Ancestor. The moment Long Chen appeared, in the instant they were within reach, the Great Void Demon Sword and the Ghost Blood Curse unleashed the laws of the Great Void Sect at the same time. As they locked onto their opponent, the Ghost Blood Curse penetrated through their Heart of Rules! When the Great Void Demon Sword pierced the Origin Ancestor, the time when the Origin Ancestor was at a standstill!

The Swastika Ghost Blood Curse crawled into the Origin Ancestor's body like poisonous bugs!

Long Chen snatched the Ghost Curse and the Blood Death Curse away from the Origin Ancestor's hands. Regardless of the opposition of the Creation Divine Artifact, he directly used brute force to control it and pierced it into the Origin Ancestor's body!

The whirlpool like Ghost Curse, blood snake like Blood Death Curse, and the swastika blood curse instantly pierced through the Origin Ancestor's body, piercing through it. Especially the Blood Death Curse, after piercing through, Long Chen had even wrapped himself around the Origin Ancestor!

All of this happened in a split-second.

When Origin Ancestor opened his eyes wide and looked at Long Chen, the three great curses had already covered his entire body, even if it was only the Ghost Blood Curse, Origin Ancestor was already dead.

The three types of symbols completely occupied his eyes.

"Long Chen!"

Origin Ancestor's eyes, which had been invaded by the curse, widened. He looked in disbelief at the Long Chen who had suddenly appeared. At this moment, he felt that fate had deceived him, causing tears and blood to flow from his eyes.

"I refuse to accept this!"

The Origin Ancestor let out a heart-wrenching scream, it was as if he had appeared out of thin air, and the scream instantly swept through the entire ancestral star, causing all living beings to hear his voice of despair. In the midst of his despair, he had already collapsed.

"Heavens, damn it, it should be destroyed!"

Under the encirclement of the three great curses, his four limbs started to turn into ashes, then his body, then his head, and finally his eyes.

"Long Chen! Don't think you killed me! From now on, I will be like maggots attached to bones, cursing you for the rest of your life! I curse you for all eternity to suffer and die a horrible death! "

The tearing sound of the Origin Ancestor once again swept across the entire ancestral star, causing tremors to all the planets and continents. Those were the last words that Origin Ancestor said.

"Many people have said those words to me, but if you die, you die. You turn into dust, and even if you can stay, it would only be a remnant soul. Don't lie to yourself."

Long Chen said as the last of Origin Ancestor's eyes disappeared. Just as he finished speaking, the Origin Ancestor was completely annihilated.

In the end, the Origin Ancestor still looked at Long Chen with unwillingness.

He wasn't willing to accept this.

Having no Living Realm was Long Chen's luck.

What is the Destiny Curse of the Heavens?

He would never know.

The inheritance of the Origin Ancestor.

This thing was born from the position of Origin Ancestor and Long Chen had it under his control.

Other than it, all the other important things, as well as all the other items from the Origin Ancestor, were not able to escape the palms of Long Chen's hands. Especially the Ring of God, the Blood Death Curse, the Ghost Curse and the Heaven and Earth Curse Sword, they all made Long Chen accept them into the Death Realm in the shortest amount of time.

In this battle, the Origin Ancestor died!

This meant that from today onwards, the number one of the ten thousand worlds would no longer be the Origin Ancestor, but Long Chen. Although he was similar to the Four Great Overlords, he had still lost and killed Origin Ancestor.

Of course, there weren't many people from the Ten Thousand Worlds who knew about what was happening here.

Long Chen was in control of the inheritance of the Origin Ancestor, so he looked towards the Emperor Blood Star. Because the Origin Ancestor had truly died in battle, the 'Extermination Curse' of the Emperor Blood Star had naturally disappeared as well. This was not the Immemorial Curse, it needed Origin Ancestor's power to support it at all times. Once he died, it would naturally disappear.

On the other side, because of the death of Origin Ancestor, the Eternal Evergreen Spell had changed, and Lin Er's body had improved a little. However, she had been afflicted with the Eternal Evergreen Spell for too long, so it was still a little difficult to get rid of her.

"Lin Er!"

Seeing the change in his daughter's body, Emperor Tianxin didn't know what had happened, but he realized that something was amiss. At this time, he didn't dare to leave, and kept guard by Lin Er's side.

The death scythe of Emperor Blood Star finally stopped its slaughter.

Of course, those who had already died could no longer be saved.

Being able to quickly kill the Origin Ancestor was already the only solution for Long Chen.

Currently, the entire Ancestral Star Region was completely silent. Long Chen controlled the inheritance of the Origin Ancestor, and everyone in the Living Realm and Divine Kingdom heaved a sigh of relief because of the fact that he had passed through this trial.

"Friends of the ancestors, I am Long Chen. Now, I have completely killed your Master of the World — Origin Ancestor. From then on, he has disappeared into the endless starry sky, and this person no longer exists. "

"Hua!"

After receiving Long Chen's confirmation, everyone became noisy from shock. However, they did not panic or feel sad, because they were afraid of the Origin Ancestor.

Especially during this battle, they could tell that the Origin Ancestor was not the master of the world, but their ruler's devil.

"The Origin Ancestor is gone!"

"Then from today onwards ..."

Origin Ancestor and the five Hierarchs were all killed by Long Chen, so that meant, in the future, the Ancestral Star would become Long Chen's world?

What would happen then?

To be honest, Long Chen desperately needed a world as his base of operations. It was just like his former Dragon Sacrifice Continent, his former home.

However, it was not an ancestral star.

The Ancestral Star wasn't suitable. This was the place where the Cursed Tribes lived, not the The Dragon God Clan.

Actually, Long Chen had already made arrangements for the future.

At this moment, at the moment when all the Ancestor Realm beings and gods and devils were feeling nervous, the Long Chen whom they respected the most spoke, "All living beings and gods must be extremely concerned about the future of our Ancestor Star! Then I can tell you that my purpose in coming to Zu Xing was to take something to save my people. Originally, I had no intention to clash with the Origin Ancestor, but things have developed to this point, and I am not in control of the situation. Since I managed to kill the Origin Ancestor, then I will be responsible for the Ancestral Star.

The inheritance of the Origin Ancestor!

This was a type of inheritance that could 100% allow an ordinary person to become a new Origin Ancestor. It was the most important thing in the entire Ancestral Star! Of course, Long Chen didn't need it. However, he could take it away and let the people around him inherit it.

When it came to the inheritance of the Origin Ancestor, everyone was paying close attention.

Long Chen continued: Origin Ancestor's Legacy! In my hands now, it is mine. Of course, I don't want to take away this important thing called the Ancestral Star. So, I am giving this to my friend, who is the current Bloodthirsty Great Emperor — — Gui Qi! "

After all, she was a member of this place. The others all have their own inheritances, so inheriting the Origin Ancestor was not suitable, so Gui Qi was the best choice. Long Chen understood her.

When she said those words, even Gui Qi herself was stunned. She was already grateful that Long Chen allowed her to revive and help Emperor Blood Star remove the curse. He never thought that Long Chen would give him the Origin Ancestor at this time!

"I understand Gui Qi, she is different from your Origin Ancestor, I believe that her kindness and friendliness can bring you a new future. Of course, before she possesses the true Origin Ancestor's strength, I will protect her and everyone else. Even though I have killed Origin Ancestor, I definitely don't want anyone to suffer a miserable fate because of me. As for the position of the Bloodthirsty Great Emperor, and the positions of the other five Great Emperors, all of them will be taken up by your own people.

It was fine that Gui Qi could hold the entire Ancestral Star in her hands.

Long Chen held a lot of persuasion, because he was a guest from another world who was willing to fight against the Origin Ancestor for the sake of the lives of all the ancestors. Just this responsibility and courage alone was enough to convince the common people.

Chapter 3124 - Monarch Descends the World

"Long Chen!"

Gui Qi looked at him with tears in her eyes.

"In the future, the Ancestral Star will be filled with impurities. If you have any problems, you can stay on the Ancestral Star and focus on growing up. If you have any, come find me anytime. Emperor Tianxin and the other two emperors will definitely obey you. From now on, you are the master of the Ancestral Star. I won't bring you to the Ten Thousand Worlds. "

It was the beginning, and it was also a farewell.

"Alright!"

Gui Qi was still very strong in her heart. She wiped away her tears and gave Long Chen a determined smile. Or perhaps, this was the mission that Long Chen gave her.

"Your Origin Ancestor legacy, enter."

He trapped the Origin Ancestor's legacy and Ghost Qi into the Death Realm, and let them inherit it, allowing the Ghost Qi to continue on with the Bloodthirsty Great Emperor's throne. Long Chen only needed to know who the Origin Ancestor was.

To be honest, the Ancestral Star wasn't of much use to him, so Long Chen didn't care about all this.

"Right, the Ghost Blood Curse, the Ghost Curse, the Blood Death Curse and the Heaven and Earth Curse Sword are all Primitive Creation Deity Equipment s of the Ancestral Star. It's just that you don't have any use for it yet, so I'll requisition it first. I'll leave you the Heaven and Earth Curse Sword. When you truly become a Origin Ancestor, I will return the rest to you. "

At that time, Long Chen believed that he would definitely have a new breakthrough.

"As for the God's Ring, I have great uses for it. You also know that I will return it once everything is settled."

Gui Qi shook her head and said, "This is all yours, it's fine if you don't give it to me. But I think with your speed, you won't be able to use it when the time comes.

"It's not easy to manage such a large Ancestral Star. Anyways, I won't be that Origin Ancestor. "

Thus, Long Chen would be inherited by her first.

From now on, it was Ghost Qi Jun's turn to descend upon the world.

Everything on the ancestral star was almost complete.

Honestly speaking, with Long Chen explaining so much to Gui Qi, adding on the reputation and encounters with Gui Qi, the Ancestral xanshen s would rather have Gui Qi become the new Origin Ancestor.

So, everyone kneeled and kowtowed, submitting, and waiting for the moment Gui Qi inherited the Origin Ancestor.

The other two great emperors who survived by luck were also filled with fear and trepidation, hurriedly expressing their loyalty to Long Chen and Gui Qi. If they did not, they would have been cleaned up along the way. Now, the person who was truly in charge of the Ancestral Star, was still Long Chen.

Even the second strongest character, Emperor Tianxin, did not dare to offend Long Chen.

Long Chen and Origin Ancestor were both supreme gods.

In the Death Realm, Gui Qi was inheriting the inheritance of the Origin Ancestor, so she gave it to her good friend Gong Yi, allowing Gong Yi to become the new Bloodthirsty Great Emperor.

The Ghost Curse, the Blood Death Curse and the Heaven and Earth Curse Sword remained in the Death Realm. They were well aware of Long Chen's strength. Therefore, these three types of fearsome Creation Divine Weapons of primitive level, were all must-kill Creation Divine Artifacts. They did not dare to move in front of Long Chen.

Once Origin Ancestor died, not many people on the entire Ancestral Star would have the qualifications to control them.

"Heaven and Earth Curse Sword, follow the new Origin Ancestor. She will definitely have the most right to control you in the future!" Long Chen immediately communicated with these God Creation Equipment of the primitive level.

Being able to follow a new Origin Ancestor was obviously a good choice, but the ones the Creation God Creation Equipment wished to become the most was still Long Chen's weapon.

"Ghost Curse, I will introduce you to a new master. His future prospects, would definitely be above the Origin Ancestor. "And many times."

Long Chen opened the Living Realm, and the one who came out was Mo Xiaolang. Mo Xiaolang was already a Beginner's Realm Hierarchy, and he was about to cast a spell to devour his fifth type of Ancestral Fire Great Desolation and Myriad Calamities Fire.

The Ghost Curse, was that black primitive level long spear.

The moment they saw Mo Xiaolang, the unique might of the Heaven-Devouring Tribe caused the Ghost Curse to feel somewhat fearful. In its eyes, Mo Xiaolang was just an endless whirlpool. He might not look like Long Chen, but in terms of power, he definitely exceeded Long Chen. Long Chen was the most powerful being that existed in the myriad worlds, and Mo Xiaolang was the most powerful being amongst them. He was the one who accidentally gave birth to the destruction of everything.

"Wu wu!"

The Ghost Curse submitted before Mo Xiaolang.

Finally, there was the Blood Death Curse. This whip had the same attribute as the Ghost Blood Curse, and was very suitable for Long Chen.

"It's up to you."

The Blood Death Curse was naturally tamed.

Long Chen did not disgrace their status as Primitive Creation Deity Equipment s. No matter if it's Mo Xiaolang, himself, or the new group of members, there would still be countless potential in the future!

Mo Xiaolang went to control the Ghost Curse. Long Chen only needed to control the Blood Death Curse a little. Compared to the Ghost Blood Curse, the Blood Death Curse had one more function, and that was to bind. With this wave, Long Chen was able to directly draw the Great Emperor over from the companion star. Previously, the Origin Ancestor was able to capture Gui Qi from the Ancestral Star because of this Blood Death Curse.

The viper-like curse within was similar to the swastika blood curse. It could also instantly kill.

Of course, the most important item out of all of these was still the God Creation Ring! Long Chen completely didn't know anything about the Dao of Curses. On the other hand, Gui Qi's cultivation was still weak, she could not control the God's Ring.

If it was Long Chen himself, after controlling it, he would not have this kind of Inherent Skill, and would not be able to use it.

But there was one suitable candidate, and that was Ling Xi.

In the past, Ling Xi had trained in the rules of the Sphinx, and among the eighteen Spiritualism s, there were some that had a similar curse. Therefore, her talent in this aspect was extremely high.

Furthermore, in the process of going to the Ancestral Star, she had already reached the realm of the Hierarch. With the support of Three Lives Love Thread, Long Chen, it shouldn't be too much of a problem to get rid of the ring.

Emperor Tianxin had helped him before, so he naturally had to fulfill his promise. As for the first step, he had to take control of the divine ring, or at the very least, a rudimentary level of control.

The Ring of Divine Curses was a mysterious object. Up until now, its Destiny Heroic Spirit had yet to appear. It was a bit like the Primordial Dragon Pagoda, which was extremely mysterious. But the more mysterious it was, the more Long Chen felt that it was possible for it to be able to solve the Nightmare fossil curse and the White Night Ghost Curse.

After all, to this curse, even the half-origin level God Creation Art was not considered high. That was the curse that sealed the Heaven Swallowing Dragon!

That dream-like ring floated above the sea of blood, not even daring to approach the surrounding seawater.

The Ring of Incantation had a magnificent splendor on the sea.

"It's possible that after controlling this ring, you will be able to control the Origin Ancestor's Immemorial Curse. For example, the Silent Curse and the Destiny Curse. "

"I'll try my best."

"If not, do not force yourself."

"Of course I know. The most difficult process right now is something that we have already experienced. Controlling the God Curse Ring is just a small matter. I'll try my best. "

"Yes."

After everything was ready, Long Chen grabbed onto the ring of the divine imprint first. The ring didn't resist against Long Chen, it was like a gorgeous gem, and was something that girls liked. Long Chen held

onto the ring, grabbed Ling Xi's slender hand, and watched attentively as he lightly put the ring on her ring finger. Is this a gift to me? " Ling Xi looked at him with a smile that was not a smile.

"Of course not, gifts are not so dangerous." Long Chen was still nervous.

"But this is the most beautiful." To Ling Xi, this was what was important.

After putting the ring on, there was not the slightest movement. Ling Xi thought for a moment, then said: "I'm guessing that Origin Ancestor does not really have control over the ring either. He and this ring of divine spells, just like you and Primeval Dragon Pagoda. It could only be used at a preliminary level. As for me, I can only gain a basic ability to use it. This isn't difficult, so it's fine if you give me a bit of time. But I think as long as I am familiar with it, as long as it is fated, I will be able to truly control it in the future. "

"Alright."

That wasn't something he could force himself to do.

Long Chen allowed his and Gui Qi to both ponder and fuse with each other. After a few days, Gui Qi had already merged with the Origin Ancestor's inheritance and had already charged to the end of the Divine Emperor. It was estimated that after a while, she would truly become a Hierarch.

The most important thing was that the Origin Ancestor's inheritance was actually the source of the Origin Ancestor's power. Right now, Gui Qi also had three bodies, and could also transform into three heads and six arms like Origin Ancestor, and could split into three bodies.

However, she loathed the fact that the three-headed, six-armed man was too ugly, so she kept her original appearance under normal circumstances.

As for Ling Xi, there wasn't much of a difference, but she told Long Chen that he should be able to come in contact with the Eternal Spring Arts now.

First, Long Chen returned to the Ancestral Star, and in the future, Gui Qi would have to stay on the Ancestral Star. This place had become her territory. Currently, all of the Divine Demons, including the

two Great Emperors that were still alive, had come here. When Gui Qi appeared, all of the Divine Demons knelt down.

"Greetings Origin Ancestor!"

Everyone acknowledged Gui Qi's identity.

After inheriting the inheritance of the Origin Ancestor, Gui Qi also possessed the temperament and might of the Origin Ancestor.

"No need for formalities."

Under Long Chen's instructions, Gui Qi descended upon the world.

After that, it was her own business, so she would handle it herself. Long Chen left first to make a trip to the Cursed Star. He still had to settle the matter of Emperor Tianxin here.

He appeared from within the Death Realm, directly in front of Emperor Tianxin.

These few days, Lin Er's condition was constantly improving, but Emperor Tianxin had already asked the people of the Ancestral Star, and already knew, that Origin Ancestor had died in battle, and the new Origin Ancestor was Gui Qi.

When Emperor Tianxin saw Long Chen, he was filled with deep reverence.

"I am truly glad that I made such a decision a few days ago."

"Don't you hold a grudge when I kill the Origin Ancestor?"

"No, I'd like to kill him even more if I could."

Emperor Tianxin said.

"Gui Qi is the new Origin Ancestor, are you convinced?" Long Chen did not want this Great Emperor Tianxin to act recklessly.

Emperor Tianxin shook his head. He looked at Lin Er and said, "Firstly, I must remember your kindness and won't go against you. Thirdly, to be honest, I used to challenge the Origin Ancestor because I felt that he was born with a cruel disposition. I wanted to change my Ancestral Star, but now, there is no need. Don't worry, I'll help Gui Qi, she's a good girl. "

"Then, I will break this Eternal Green Curse for you."

Chapter 3125 - Freshmen

Emperor Tianxin was extremely nervous because he wanted to hear what Long Chen had said.

Of course, Long Chen's character was trustworthy.

However, the revival of his daughter was too important to him.

Now, the Ancestral Star has changed, the Origin Ancestor has fallen, a new Origin Ancestor and a new Great Emperor are being born, the Ancestral Star is just waiting for its turn.

To Emperor Tianxin, none of this was that important. Right now, his only desire was to let his daughter live again. This way, he would be able to atone for his sins.

After all, if not for him, Lin Er wouldn't have to endure so many years of suffering.

Ling Xi had already come out of Living Realm.

"Actually, with the fall of the Origin Ancestor, the Eternal Evergreen Curse will also start to dissipate. It's just that she was cursed for too long, so it's really hard to get rid of her. But at least it's pretty simple without the Origin Ancestor around."

Ling Xi observed for a while, then said to Long Chen.

"Then let's give it a try."

Now that Ling Xi controlled this half a origin level of the God Curse Ring, there was still a lot of things she needed to deal with in the future. She needed to try more.

At this point, Emperor Tianxin stood to the side, no longer daring to make a sound.

Mo Xiaolang also came out from the Living Realm to help Ling Xi control the Great Desolation and Myriad Calamities Fire. Once Ling Xi succeeded, he would more or less be able to swallow the fifth type of Ancestral Flame.

As such, he had also devoured half of the Ten Great Ancestor Dragon's Ancestral Fire.

Perhaps he might even be able to gather together all ten great Ancestral Fires.

Ling Xi currently had a stern expression as she approached Lin Er and stood in front of her ice coffin. She gently waved her sleeves and the ice coffin melted, turning into nothing, while at the same time, her white finger that carried the ring of divine curse made contact with Lin Er's forehead. The ring of divine curse lightly leaned on her forehead, and from then on, a jade-green brilliance flowed from the ring of divine curse into Lin Er's forehead.

"It has changed!"

Emperor Tianxin was extremely excited as he mumbled to himself.

That's right, under the effect of the divine ring, the Eternal Spring Imprint that had lost control of the Origin Ancestor was retreating, and the divine ring was accelerating its retreat, to the point of complete eradication. As Ling Xi recited the incantation, the completely green wood state Lin Er was gradually transforming into a living being.

"If it's like this, your daughter will probably fully recover in an hour."

It was going very well.

It was not because Ling Xi was too powerful, but because the Origin Ancestor was already dead, if not, she would have to spend a lot of effort to master the God Curse Ring.

The Rule of Curse was not something that could be learnt quickly in a day.

"Good, good!"

Right now, Emperor Tianxin was just a father, a father who watched excitedly as his daughter was reborn.

Just as Long Chen had predicted, in an hour, Lin Er's condition was getting better and better, the symbols on her body gradually became as if she had met her nemesis, and Lin Er's vitality was returning. had even added a bit of her life force, allowing her to have an even more majestic vitality.

"Done!"

Ling Xi was already sweating slightly.

Long Chen supported her and said: "You've worked hard."

"It's no trouble. Being able to help you is something that I long for. I must properly ponder over this. In the future, I must rely on it to remove the divine dragon's curse."

"Don't be anxious, don't feel too much pressure."

Long Chen brought her back to the Living Realm to rest for a bit. And at this time, Lin Er, who had been completely dispelled by the Millennium Eternal Green Curse, gradually woke up. The moment she opened her eyes, she saw the extremely excited Emperor Tianxin!

"Lin Er, Lin Er!"

Emperor Tianxin lost his composure and cried.

"Father?"

In truth, after so many years of slumber, she was always awake and knew that her father was by her side. However, he was unable to move. This was the terror of the Eternal Evergreen Spell.

Infinite loneliness.

"Let's leave first."

After Long Chen said this, the group went outside of the Cursed Star, while Mo Xiaolang stayed there. Of course, he had discovered the Great Desolation and Myriad Calamities Fire a long time ago, and couldn't wait any longer.

Emperor Tianxin and Lin Er were crying bitterly.

The true love scene made Long Chen feel that it was very beautiful.

"Lin Er, it was Brother Long Chen who allowed you to be revived. He came from a place outside of the Ancestral Star, you should thank him."

Emperor Tianxin brought Lin Er in front of Long Chen.

"Thank you."

The girl bowed deeply towards Long Chen.

"No need to thank me, your father fought for this himself. Now that everything has passed, don't blame him for what happened that year. "

Lin Er smiled as she shook her head and said, "That won't happen. After being cursed with the Eternal Evergreen Spell for so many years, I have to rely on him to accompany me. Otherwise, my heart would have died a long time ago."

Emperor Tianxin was even more pleased with his sensible daughter.

As Mo Xiaolang was devouring the Great Desolation and Myriad Calamities Fire, Long Chen said: "Since there's nothing better to do, I'll bring you all to the Ancestral Star first. Let you see the hell with Qi. From now on, she will be in charge of the Ancestral Stars and she will need your help. "

"No problem."

As Ling Xi was resting, Long Chen directly passed through the Death Realm and brought the two to the vicinity of the Ancestral Star. Gui Qi was currently sharing the remaining five Great Emperor seats with the heroes of the realm.

Emperor Tianxin held onto Lin Er, half kneeling in front of Gui Qi, and said: "Subordinate Tianxin greets Origin Ancestor. In the future, Tianxin will only follow Origin Ancestor's lead. If he has second thoughts, he will die a horrible death. "

If even Emperor Tianxin was willing to submit, then there was nothing for the others to say.

Now, the general situation was going to change.

"Emperor Tianxin, please rise. Gui Qi is inexperienced and inexperienced, in the future, you will definitely need a lot of help."

Ling Qi and the original Origin Ancestor were originally different, there was a huge difference.

Long Chen did not care about the details anymore. He came to Gui Qi and said: "The matters with the Ancestral Star are basically settled, I will first return to the Ten Thousand Worlds. The Archaic Giant Demons are currently very unstable, I have to go back and check out the situation. If you have any difficulties, just let me know at any time. I have the door to the universe, so it wouldn't take too much time to get here from there. "

"Are they leaving?"

After experiencing so much life and death situations, Gui Qi still couldn't bear to part with Long Chen.

"Yes." But I can come and go as I please. "You know that."

Gui Qi had already been in the Death Realm for a long time, of course he understood. She smiled knowingly and said, "Then you can go. I can't catch a man like you, so I won't think too much about it. Remember, be nice to your women. "

Perhaps, that time of rebirth had truly shocked her heart. It was just that she knew how to keep her heart in check.

"Then I'll leave first."

After he left, Long Chen went back to the Cursed Star first. While they were talking, no one interrupted, to be honest. When Long Chen left, Gui Qi had already begun to have the majesty of a Origin Ancestor.

From now on, she would have to rely on herself.

From the first time Death Realm had met Long Chen to the moment when he had descended onto the world, it actually hadn't been a long time, but it had been like a dream.

After returning to the Cursed Star, Mo Xiaolang had more or less swallowed the Great Desolation and Myriad Calamities Fire.

This Ancestral Fire had a similar nature to the Universe Wasteland Swastika Dragon, they were both evil and brutal. The lethality was enormous. At the very least, at this time, Mo Xiaolang had to use the Nine Hell Devil Ancestral Flame, the Azure Sky Emperor Ancestral Flame, the Primal Chaos Blue Flame, and the Everlasting Sacred Flame together just in order to perfectly suppress it.

In the end, he swallowed the Great Desolation and Myriad Calamities Fire.

The fifth kind of grey flame fused into Mo Xiaolang's power.

Right now, he already possessed five kinds of Ancestral Flames, each of which sparkled brightly in his eyes.

However, this time, he did not directly charge into the realm of A Highgod in the Perfection Stage.

After all, excluding the s, there were only four A Highgod in the Perfection Stage s in this Myriad Realm. If one counted the realms, Long Chen was just a The God Emperor of Perfection.

Of course, after devouring the fifth type of Ancestral Fire, as well as the God Creation Artifact from his primitive level, Mo Xiaolang's fighting strength had greatly increased, reaching the level of the Primal Chaos Saint. As long as there was still a portion of Infinite Divine Art s, it would probably be higher!

They were infinitely close to the four Chief Sovereigns.

And now, Long Chen had definitely returned to the Profound Sky Continent as the fifth great ruler of the myriad realms!

He had reached the peak.

Actually, Mo Xiaolang was already very heaven-defying, but only because of Long Chen, was able to slightly suppress his limelight.

Right now, in the Ten Thousand Worlds, there were very few people who could do anything to him.

Five kinds of Ancestral Flames plus Ghost Curse.

"Big brother, it's done."

Mo Xiaolang's face was full of excitement.

"Right now, all four of us have gotten stronger. All that's left is Cat awakening."

The four people Long Chen had mentioned were him, Ling Xi, Li Xuanji and him as well as Mo Xiaolang. Amongst them, Li Xuanji was the most relaxed. The stronger Long Chen was, the stronger she was. She no longer needed to cultivate.

Mo Xiaolang went to digest the Ancestral Fire he had obtained, while Ling Xi was recuperating and improving herself, she was also familiarizing herself with the God Curse Ring.

"Brother Chen, in this divine ring, I saw the Silent Curse and the Fate Curse of the heavens. There are also many other Immemorial Curse s, I think I will continue to familiarize myself and try to cultivate. Then we can be like the Origin Ancestor, and borrow the God Curse Ring, and use these Immemorial Curse s. "

"This is a great thing. When the time comes, in addition to the spatial laws of Dragon's Sacrifice, these Immemorial Curse will also be much more powerful." Long Chen had tried the terror of the Immemorial Curse before, so he was filled with anticipation for Ling Xi's future.

As for Li Xuanji, after experiencing a calamity, she had loved everything even more now. After the gap between her and Long Chen had been broken, she had drifted away, and joined Long Chen and the others in their lives.

Once she comprehended it, it would be like Long Chen comprehending it.

Thus, right now, Long Chen did not put any effort into changing the rules.

Once everything is ready, Long Chen said: "Then, let's first return to the Dragon Sacrifice Continent. "Let's depart ten days later."

The reason why she left him for ten days was to let Ling Xi rest for a bit. After all, she was the one who was needed to open the door to the universe.

"Yes."

Living Realm was very quiet, the only noise was from her dragon face, which jumped up and down.

"Father, where are my brother and sister? Have they been born yet?"

"Not yet."

"Hurry up, why are you so useless? If you don't give birth, I'm going to give birth!"

"How are you going to give birth?"

"If we find an egg, wouldn't we be able to hatch? "You big idiot!"

Long Yan looked at Long Chen with disdain.

"Haha!"

As Long Chen watched this child bounce and jump in front of him, he started to understand Emperor Tianxin's tears.

Ten days later.

Chapter 3126 - Red Dust

Only after approximately two months had passed did Long Chen finally return to the place where the Dragon Sacrifice Continent had been from.

After all, the ancestral star was simply too far away from the center of the ten thousand worlds.

Returning to the Dragon Sacrifice Continent, looking at this destroyed land, the memories of the past were still vivid. Now, Long Chen, Ling Xi, Li Xuanji and the others were all looking at the Dragon Sacrifice Continent.

Dragon Sacrifice Continent who had turned into smoke and dust.

"Dust transformed into dust."

The memories of the past were engraved deep within his heart.

Every time he arrived at this place, Long Chen knew that this was his real home. It really was his. Of the descendants of all the Divine Dragons.

Rebuilding was not only his mission, but also the mission of all the The Dragon God Clan!

Everyone had a huge responsibility.

This was a dream that Long Chen was incomparably eager and yearning for.

The four of them looked at each other. They were the leaders of this dream!

"One day, I will restore our homeland to its former glory and prosperity."

Not to mention the grand events of the past epoch, at the very least, he had to let the people of the Divine Kingdom have their own true home.

And Long Chen, was everyone's backbone.

Now, the mission he was tasked with wasn't as child's play as when he'd just started cultivating. What had once been a grand dream was now a mission! It was the passion of their hearts!

Currently, the shadow of the Heaven-Devouring Tribe was gradually shrouding the entire area. The ten thousand worlds were collapsing, becoming food for the other party.

A thin line between life and death!

On the other side of the smoke cloud from the Dragon Sacrifice Continent was a similarly huge Star of Destiny.

"Let's go."

His main purpose of coming back this time was to let Ling Xi have a try to see if the God Curse Ring could react to the Nightmare fossil curse and the White Night Ghost Curse.

Now, they disappeared in a flash and stepped onto the ground of Star of Destiny. Long Chen still remembered how he fought against the Divine Monarchs of the dragon sacrifice's Gods here, and how he later lost to the four Divine Kings outside!

And now, the King of Gods was already an ant in Long Chen's eyes.

The entrance to the Star of Destiny had already been closed, but with the God's Ring, he could easily find the entrance and reopen it. At this time, Ling Xi became the leader.

"We're here, right here."

Once a white vortex.

The entire Star of Destiny was actually connected to the White Night Ghost Curse inextricably. There were traces of the White Night Ghost Curse on every part of the entrance. On the surface, they could clearly feel the aura of the White Night Ghost Curse.

"Let me open it." Ling Xi used the God Curse Ring, since the White Night Ghost Curse was only a part of the Star of Destiny, she used the God Curse Ring to open the entrance again, of course, she only opened a very small entrance, allowing them to enter.

After entering the tunnel, one would be able to see countless little white snakes in the space. These could be called white night spirits, but in reality, they were all once divine dragons, the same as the Incantation's divine dragons.

Long Chen controlled a White Night Spirit, and carefully placed it in front of Ling Xi. Under the white light, the eyes of the few people present all shone.

"Let's give it a try."

"Yes."

Ling Xi closed her eyes and the God Curse Ring flashed. A stream of light was like flowing water covering her smooth fingers, flowing through her palms, Ling Xi's eyelashes trembled slightly, she was obviously a little nervous at this moment, as this was extremely important to Long Chen.

While everyone else was holding their breath, she placed her palm on top of the White Night Ghost Curse. The moment the God's Ring was touched, a huge change happened, and that was: All the spirits

of the White Night suddenly seemed to connect together, releasing a sharp cry, forming a terrifying destructive force that swept towards Ling Xi!

"Release!"

Seeing that, Long Chen changed greatly, pulling Ling Xi's arm away, at the same time releasing the Primeval Dragon Pagoda, blocking in front of Ling Xi, the power produced from the White Night Ghost Curse ruthlessly struck his chest!

Weng! *

Long Chen felt like his entire body was about to fall apart, his chest was deeply caved in.

It was extremely difficult to injure the current Long Chen, it could only be said that the power released by the White Night Ghost Curse was too strong. Seeing that the White Night Ghost Curse was about to explode, Long Chen quickly brought everyone and left the place.

After he left, he used the fire of his life to heal his wounds, but he still felt a lingering fear. Evidently, if he had not blocked it himself, Ling Xi would have been severely injured!

"Brother Chen!"

In time, Ling Xi's face was still pale.

"It seems that it won't be that easy."

Mo Xiaolang looked into the depths of the abyss, and only now did the White Night Ghost Curse calm down. However, the moment Ling Xi tries to remove the White Night Ghost Curse, he would probably be in big trouble.

Long Chen recovered and asked: "What? Is the God Curse Ring useless? "

After all the suffering and escaping from death, if the God's Ring was useless to him, then it wouldn't be worth it.

Ling Xi shook her head, and said: "That's not it, if it was not effective in the slightest, then there would not have been such a reaction. It was very likely to be effective. That's why the White Night Ghost Curse is scared. "

"Then why can't we solve it?" Li Xuanji asked.

Ling Xi said: "It should be, my current level is far from the level of the owner of this White Night Ghost Curse. On one hand, I might have to take control of this ring, and on the other hand, I might have to improve my own abilities. Third, there might be other costs. Or something else. The God Curse Ring is only a key. Right now, I will probably need a strong power to activate it. "

Everyone understood when Ling Xi said this.

"In fact, if the Eternal Green Curse is said to be cotton, then this divine ring is just a needle. It can pierce through cotton, but the White Night Ghost Curse and Nightmare fossil curse are made of steel, so unless the needle reaches a certain point, it will be very difficult to pierce through. Brother Chen, I feel that there is still a distance between us and Xu Yuan, who can destroy these two curses and release these divine dragons. "

"There's no other way. Things like this can't be rushed." Fortunately, we have the Ring of Curses, as long as we have the key. As for the strength level, everyone just had to work hard to move forward! Therefore, he had to let go of this matter first. After all, the Dragon Attendants have yet to give me any information. I wonder if they managed to find new ones, ones similar to the Incantation s and Star of Destiny s. "

There were still so many divine dragons suffering from the curse, this was also an important mission for Long Chen. Those were their ancestors! Their bloodlines all came from their ancestors.

"Of course, I still have some origin dragon souls that I haven't found. I still haven't found all of the inherited blood essences. Also, the Origin of the Ancestral Dragon - Dragon Soul! Although the Myriad Worlds is large, these things definitely exist! "

Long Chen now had the strength of a Ruler, but this did not mean that it was over. He had more to do.

In their eyes, faith was still boundless.

"In the future, we will search while waiting for news from the Dragon Guards and improve ourselves."
This was Long Chen's future goal.

Before he went to the Ancestral Star, there seemed to be some matters between Shen Jun and the ancient tomb.

At the same time, his conversation with Ji Taixu was overheard by the Heavenly God Continent Pressure. It seemed like they were plotting to attack the Myriad Realms and let the Ancient Giant Demons occupy the Myriad Realms!

After all, this divine being was a member of the Archaic Giant Demons, and was an Emperor.

The Heavenly God Continent Pressure had already connected with the Ancient God of the Wilderness to defend themselves. At the same time, it also communicated with the Anarchic Demonesses. Now that Long Chen had returned, he was more concerned about the matters regarding the Ancient Giant Demons than anyone else, so when he found out that the White Night Ghost Curse was not that easy to break, he contacted the God of Heaven and the Land Pressure.

"Senior Lu Ya, I've already returned from the ancestral star's side."

Lu Xin was surprised, "So fast? Did you accomplish your goal? "

"Thank you for your concern. I've settled it."

"What kind of existence is that Master of Ancestral Stars?" This was something which the Emphyrean God Land Pressure was fairly interested in.

"Master of Ancestral Stars is called Origin Ancestor. He's very powerful, around the same level as the rest of you, or maybe even a bit more powerful. It possessed three types of primitive level, and it was also a Creation Divine Weapon with half a origin level. Master of Rule of Curse. "

The Emphyrean God Lu Zhe was silent for a while, then said, "It seems this person is more powerful than me. He should be number one in the entire Allworld. Did he not make things difficult for you? "

Long Chen was not someone who liked to show off, but the truth had to be revealed, so he said: "Senior and I had a huge conflict, maybe I was lucky, and now that I have survived, he has already been killed by me. "One of my friends is in charge of the present ancestral star."

"Pfft!"

The Emphyrean God Land Pressure was provoked.

"I didn't hear wrong, right?"

"Nope."

At this time, he took a deep breath and said helplessly, "I predicted that you will be the number one of ten thousand worlds. Even the Wilderness and the Heavenly Dao don't dare to offend you. I didn't expect you to reach the level above us so soon. I will stop with the pleasantries. I trust in your character. I am happy for you to have achieved so much! "

"Thank you, senior."

"Just call me brother. How could you have forgotten how old your senior's name is? I can't wait for you to call me brother. "Haha."

Emphyrean God Land Pressure was Emphyrean God Land Pressure. It could be used freely but with a broad mind.

Long Chen did not forget his purpose for coming here. After talking about the matters regarding the Ancestral Star, he hurriedly asked: "Old Brother Lu Ya, earlier, Shen Jun and the Ancient Giant Demon had some plans, I wonder how is the situation right now?"

With his strange eyes and ears, the Heavenly God Continent should be the person with the most information.

Lu Xin paused for a moment, then laughed helplessly, "To be honest, I have been monitoring them all this time. Although it is in progress, it will take at least a few decades. "Not so fast."

"However, you still have to prepare more. From today onwards, I will assist you."

Just as Long Chen was speaking of this, Lu Xuan interrupted him and said, "The Ancient Giant Demons are indeed a huge problem, but Long Chen actually has another problem, one that is even more troublesome than the Ancient Giant Demons. Furthermore, it is already close at hand."

Chapter 3127 - Chaos

This was absolutely out of Long Chen's expectations.

"What do you mean?" Long Chen did not understand. In the current Ten Thousand Worlds, besides the ancient Giant Demons, there were still other troubles?

Originally, the Origin Ancestor and the Ancestral Star might have been troublesome, but they had already been settled by Long Chen ahead of time.

Lu Xin's voice turned cold, and he said softly, "You just came back. I think the invitation will be in your hands soon. When you see the invitation card, you'll probably know it's about time. "

"Invitation card?"

This unfamiliar word had long since disappeared from Long Chen's memories.

In the boundless realms, four Chief Sovereigns were discussing invitations with Long Chen?

Long Chen's heart was filled with doubts. Right at this moment, as the pressure from the Heavenly God Continent had just finished speaking, Long Chen, who was standing on top of the Star of Destiny, suddenly saw four rays of colourful light flash across the sky in the distance. In an instant, four rays of light pierced through hundreds of millions of kilometers of space, appearing before Long Chen and the others!

"Such a fast speed!" It directly pierced through space! "

Long Chen was extremely shocked!

He was about to intervene when the four colored gems in front of him suddenly stopped. It stopped before the eyes of every single one of them. Long Chen took a closer look, among the four gems, there was actually an extremely mystical law attached to them. Even with his current realm, he was unable to see through the rules, or rather, it could be said that the rules were extremely complicated.

That was why the speed of the gem was so fast!

As soon as he appeared, the four gems produced the same sound. It was a terrifying sound, gentle and refined, yet indifferent and emotionless. It seemed even more terrifying than the Origin Ancestor! He was making people revere him!

Long Chen told himself in his heart that it must be an illusion!

The voice said, "Innate expert, I am the master of the Primal Chaos Realm and have invited you to participate in the 'Ten Thousand Worlds Godly Demon Gathering' organized by the Primal Chaos Realm. Please come to Primal Chaos Realm after you receive the invitation card. After crushing the invitation card, they would instantly arrive here. My Chaos Clan sincerely invites you, Sir, to come on time, or else we will be destroyed and our world will be destroyed! "

World Destroyer and Death!

The words before were kind, but the latter was scary. The viciousness, haughtiness, nobility, and ruthlessness contained within these four words were absolutely shocking. Long Chen had just seen the brutal Origin Ancestor, but the master of the Primal Chaos Realm, frankly speaking, was much more imposing and tyrannical than the Origin Ancestor.

What the hell was this?

Long Chen was also stunned.

"Primal Chaos Realm? Chaos Clan? When did the Ten Thousand Worlds have this place? And you are still so overbearing? "

Long Chen only knew that the Chaos royal clan of the past had the ability of three heads and six arms. Could it be that the Chaos Clan was related to the Chaos royal clan?

There were even people from the Chaos royal clan in Long Chen's Divine Kingdom.

After saying that, the four gems stopped in front of Long Chen and the others. No matter where Long Chen and the rest went, it seemed that they would have to follow along with the four gems.

"You don't need to try anymore. From the moment I received the invitation to this moment, I was still unable to get rid of it." This thing is like a maggot attached to the bone. It will always be by your side unless you die. " The Empyrean God Lu Zhe said helplessly.

Long Chen now roughly understood. He had been to the Ancestral Star before, so it was easier to understand.

Lu Xin replied, "I was curious as to who was playing a prank on me when I first received the invitation. I understood for a bit, and actually discovered that all the existences at the Extreme Realm Divine Emperor s and above in the entire Ten Thousand Worlds all received this invitation card. Forget about others, even I am unable to get rid of them.

"Did anyone crush the gem?"

"Yes, as expected, he disappeared. After he disappeared, there was no news of him either. We can't find it. " The Empyrean God pressed down on the ground. What he said about big trouble was indeed very troublesome.

"I didn't understand it at first, but when I remembered the Ancestral Star, I understood. The Ancestral Star was isolated from the Blood Fiend Star Region, but it was actually a part of the Myriad Realms. However, they had never communicated with the Ten Thousand Worlds before, at least not for an entire era. Then, why was there no other world apart from the Ancestral Star? The ten thousand worlds are larger than we can imagine! We thought that what we saw was everything, but actually, it didn't seem to be, so the Primal Chaos Realm appeared. "

The Primal Chaos Realm should be a world that was similar to an ancestral star, isolated from others. However, this world had probably broken through its isolation and landed in the middle of Long Chen and his group of ten thousand worlds.

"Long Chen, where are you now?" The God of Heaven Lu asked.

"The center of the Allworld."

"There!"

Lu Xin was startled, and quickly said, "Then you better watch out. One of the most important things I haven't told you yet. Just a month ago, I received news that in the center of this boundless space, which was originally void, appeared to be an incomparably large world near the Lingsu Star Sea and Endless Universe Mountains! A world shrouded in nine colored lights! This world is huge, and I think it completely surpasses 'Heavenly Divine Realm', 'Pangu Continent', 'Hongjun Star Sea' and 'mixed ancestral realm'. It should be near your place, I think, it should be the Primal Chaos Realm! It has once again returned to the ten thousand worlds and occupied the core of all worlds! "

So, it wasn't like the Ancestral Star, where the Origin Ancestor had invaded him through the Blood Fiend Star Region. This Primal Chaos Realm, on the other hand, had descended from an unknown space and occupied the core of the Myriad Realms!

The core of the Allworld was enormous! Dragon Sacrifice Continent was the most important place, and it could also be considered the core. Then Primal Chaos Realm would also be considered the core.

"What you're saying is that this is a world with the possibility of becoming origin level." Long Chen found it hard to calm down.

The Dragon Guards had never told him that the world was isolated. But not saying it did not mean that it did not exist.

Now, all of the Chaos Clan's invitations had come.

Empyrean God Lu Wang said, "I don't know either. I can only guess." But looking at this invitation card, there must be someone on it, someone who has surpassed us by a few degrees. "So, this is a real problem."

"Yes, big trouble."

If it was a world that once belonged to a myriad worlds and had been isolated from the outside world after the first battle of the first era, then an independent existence would suddenly return to the myriad

worlds and return. When he realized that all the worlds here were inferior to their Primal Chaos Realm, they would probably be the rulers of the world.

Wasn't the Allworld Fiendgod Gathering the same as asking all of the Ten Thousand Realms Fiendgods to bow down and bow down before him?

This was the attitude of the Chaos Clan. If you were to participate in this gathering, death would be a small matter, but their methods were powerful. In order to intimidate the gods and demons of ten thousand realms and to give the biggest threat, they were preparing to destroy the world.

For example, if the Heavenly God Continent did not go, then they were probably going to perish in the Heavenly Divine Realm.

This change was too sudden.

"What are you going to do?"

When they encountered this invitation card a few days ago, they should have a plan.

still doesn't know, but Heavenly Dao Saint Emperor, Ancient God of the Wilderness, and I are preparing to pay a personal visit to Primal Chaos Realm. We didn't break the invitation card, but headed straight for it. We were worried that there wouldn't be enough time, but you just happened to come back. You have the door to the universe, so you can gather us and reach there at the same time. "

In truth, the two worlds were much faster.

They were planning on entering from the outside before the event started, in case they encountered a trap.

"If they really are very, very strong, and then demand that we submit to them, then what about the One with Ten Thousand Worlds?"

The Emphyrean God Lu Xin said, "This is a bizarre occurrence in this world. If you really are unable to resist, then submit. Then let's unify ten thousand worlds. As long as we do not touch the bottom line, we are easy to talk to. "

"Alright." Ten Thousand Worlds was already exhausted. At this time, it would be best if the war were to erupt, and the more stable it was, the better it would be for Long Chen. If Primal Chaos Realm could also become a member of the Ten Thousand Worlds, that would naturally be a good thing.

"Right, the anarchist and you have a huge grudge. It's no use talking. "You should go and reconcile first. If you can gather the five of us, then regarding the Primal Chaos Realm, even if the other party is the The Supreme Divine of the Extreme Realm, we shouldn't be too pessimistic about it."

anarchist?

Long Chen was preparing to snatch the time tunnel back.

However, in a month's time, even if all four Chief Sovereigns were gathered together, there still wouldn't be enough time!

Long Chen still wanted to make a trip to the time tunnel. He really needed a base of operations right now.

"Contact me at any time."

When he thought about how the Primal Chaos Realm was not far from him, Long Chen was still a little curious. With his current position, he could pass through the gate of the universe in an instant. Hearing the words of the Heavenly God Continent, even on Lingsu Star Sea, they should be able to see this chaos-god country!

"Let's take a look first."

Long Chen prepared to go to Lingsu Star Sea to take a look.

"Wait."

Just at this moment, someone appeared. Long Chen turned to look, the one that had appeared out of thin air, wasn't that the god of tai-su?

Hun Yuan's Heavenly Fate Dragon Attendant.

Unexpectedly, she had returned.

"Long Chen."

god of tai-su arrived in front of their eyes.

"You have made great progress, surpassing our expectations. We have often asked about your whereabouts in the Ten Thousand Worlds. Basically, all he got was good news. I heard that you went to the Ancestral Star last time.

Long Chen made Ling Xi show her the ring of spells.

"Great, with this key, as long as you are stronger, you have more capital, you can bring our The Dragon God Clan back to the Ten Thousand Worlds!" The god of tai-su revealed a knowing smile.

"What about you?" Long Chen immediately asked.

"We found four locations. Including the Star of Destiny and the Incantation, there are six locations in total, but we estimate that there are still a few locations left, so we are still looking for them. It won't take long to find them all. By then, you guys should have the ability to remove the curse. "

She was very confident in Long Chen.

Long Chen nodded, he thought of Primal Chaos Realm and immediately asked: "Do you know what's going on with Primal Chaos Realm?"

Chapter 3128 - Twelfth Level

Tai Su handed over the location of the four Cursed Land of the Divine Dragon to Long Chen first. Coincidentally, these four locations happened to be distributed among the four star fields. They were respectively the domain of the four Chief Sovereigns.

However, the locations of these places were rather remote. They were places that the door of the universe had never visited before. In the future, if the God's Ring was going to work, he would have to find it.

After he was done, Tai Su said, "Primal Chaos Realm, I know about it. I forgot to tell you about this matter. We didn't expect that this world that is separated by the Heaven-Devouring Tribe would descend once again. "

"A world separated by the Heaven-Devouring Race?"

Tai Su said, "That's right. In fact, during that era of war, there were a few worlds like the Primal Chaos Realm and the Ancestral Star that seemed to have been cut a little, creating a few barriers that separated them from the rest of the world. For the Heaven-Devouring Race, the Ten Thousand Realms is considered as food. For example, in a world like the Primal Chaos Realm, it is considered to be the tastier and more refined part of the food. So, it is not hard to understand why it is separated from normal food. "

It was as if the dishes in his bowl had been separated from the meat ...

"Which is to say, the Myriad Realms that we can understand is only the largest part of it, and there are still a few worlds similar to the Ancestral Stars that exist in some special locations within the Myriad Realms. Because they are separated, they don't have much to do with the Myriad Realms, and the memories of the Myriad Realms God have also been devoured by the Heaven-Devouring Race, so we have forgotten about these parts."

Just like the Ancestral Star, it only left a little clue in the boundless universe.

"The Primal Chaos Realm is very special. Usually, those who are separated will find it difficult to return to the Ten Thousand Worlds. But something went wrong here in Primal Chaos Realm that I didn't expect, and that is that the barrier that separated us seemed to have disappeared, or rather, was destroyed, which resulted in the Primal Chaos Realm returning back to the Ten Thousand Worlds. This should be a very special situation, but it's not hard to understand. "

It was like a piece of separated meat suddenly falling back into the vegetable area.

It was also possible that the Primal Chaos Realm wasn't too far apart from him in the first place.

No matter what, now that the Primal Chaos Realm had appeared, the problems caused by them needed to be faced. Otherwise, it would be a huge disaster for all the realms.

It was extremely important what kind of race the Chaos Clans of the Primal Chaos Realm were.

Judging from the words ' Realm Destroyer 'and' Death ', he was not a friendly person.

"I want to know more about this Primal Chaos Realm. How much do you know? "For example, what level of world would they be in now?"

Tai Su definitely still had to leave, so Long Chen took the opportunity to ask her a question.

god of tai-su thought for a moment, then said: "How so? In reality, after an era had passed, whether it was the Primal Chaos Realm or any other realm, they were all in a state of exhaustion after being digested by the Heaven-Devouring Race. Dragon Sacrifice Continent suffered the most injuries, which was why she was exhausted the fastest. Before the era, the Dragon Sacrifice Continent was the world of the highest level, completely surpassing the origin level. Below the Dragon Sacrifice Continent, there were nearly twenty other worlds in the myriad realms, all of which had origin level or above. For example, Primal Chaos Realm, Pangu Continent, mixed ancestral realm etc.

Even the Pangu Continent, before the era, had surpassed the origin level.

"If origin level is considered the ninth stage, then the world of origin level at that time was much more numerous. There were nearly a hundred or so of them, and nearly a thousand were in the primitive level Realm. As for the Pangu Continent and the Hongjun Star Sea, they should be considered as the tenth level worlds. At that time, there were indeed a few worlds that were closer to the Dragon Sacrifice Continent, and Primal Chaos Realm was one of them. Dragon Sacrifice Continent is the absolute ruler. According to your understanding, it can be considered the twelfth rank. "

"I understand, Primal Chaos Realm is the peak level below Dragon Sacrifice Continent. It was a level above them in the Pangu Continent. If, in this era, only the Dragon Sacrifice Continent had been defeated, then the Pangu Continent had a primitive level. Then this Primal Chaos Realm is the origin level. There's a high chance that there's more than four Chief Sovereigns up there. "

This was a logical deduction, and of course, it was also related to the 'invitation card' from Long Chen's side. The power displayed on the invitation card, at least Long Chen could not handle it.

"Basically, with the arrival of the Primal Chaos Realm, there should be a huge impact to your current situation. But, Long Chen will only be an enemy of the Heaven-Devouring Race. You are in good shape now. The hope grew. Therefore, on the Primal Chaos Realm's side, it would be better to avoid a war with the Ten Thousand Worlds as much as possible. Even if they do not have the strength to deal with the Eclipse Tribe in the future, it should not harm the vitality of the Ten Thousand Worlds too much. "

"I know."

Primal Chaos Realm was also a part of the Ten Thousand Worlds. Although they did not know it themselves, they were still in a state of suffering. The Ancient God of the Wilderness knew everything and thought of everything. He hoped that the Chaos Clan would be able to sense something.

"Then, what about the Ancient Giant Demons that were sealed in the ancient tomb of the Dragon Demon?"

"Actually, this is what I wanted to tell you the most when I came here this time. Judging from the strange reactions of the Ancient Giant Demons, it is very likely that they will enter into the myriad worlds. You have to be clear, the most incalculable thing is the actions of the Devourer Tribe. Although they were also injured in that battle and need to recover, we have no idea when they will wake up. The ancient Giant Demons were tools for them to devour all of the realms. However, their bodies were too weak to use them, so if they could use them ... The ancient Giant Demons will move. "

As he spoke to here, Tai Su paused before continuing, "Of course, there is also the possibility of the Heaven-Devouring Tribe awakening from their slumber and invading the boundless universe without permission. If that's the case, we need to fight for ourselves. If that's the case, with the ruthless nature of the Ancient Giant Demons, once we can't resist them, before the Heaven-Devouring Tribe wakes up, our Allworld will have heavy casualties. Furthermore, if we wake up the Heaven-Devouring Tribe and you expose too much of your secret, it will be quite dangerous for our plan. "

Hearing Tai Su's words, Long Chen finally realized the crisis that he was in today. Many things were already imminent.

"So, we really need time. We don't have much time left. We have to be ready before our opponents notice us. Otherwise, the other side would suddenly come and we would be caught off guard. "

"Do you need to obtain the time tunnel as soon as possible?" With time tunnel, it would at least take a lot of time to nurture strong warriors.

"That's right, we need to obtain the time tunnel as soon as possible."

"I'll be there right away." Struggling for the time tunnel meant buying time. At the very least, the kitten's awakening could be multiplied by ten thousand times. With the nurturing of many divine dragons and the construction of Unparalleled Dragon armies, they could also increase by ten thousand times! Long Chen's cultivation could also go forward if the time tunnel's usage went smoothly.

"Let me see Yan'er."

The things that Tai Su wanted to explain were basically finished.

In the Living Realm, Long Chen summoned his dragon face. Tai Su extended his arms to hug Long Yan, gently stroking her hair. Her face was filled with love and amazement. She said, "Did you know? This is the greatest miracle we have ever known. What would her growth be like? It was something to look forward to. She is the Primordial Blood Spirit Dragon. "

"Yes."

If even Tai Su said that, then it must be so. Long Chen was an existence that could give birth to an Ancestral Dragon.

"Perhaps, it is those two Ancestral Dragons that are looking after all of this. Chen Er, there are two very important things I need to tell you. "

"Go ahead."

Tai Su returned the dragon's face to Long Chen. In Tai Su's arms, the dragon's face was very cute.

After returning it, Tai Su said, "First thing: it is related to Yan'er. Since you were able to give birth to her, you must be able to give birth to other Ancestor Dragons as well. Continue working hard in the future and it would be best for you to find a few women to give birth to more!

"Huh?" Long Chen felt a chill run down his spine. He had just fallen in love with Li Xuanji, and that was about the limits of his abilities. If he had to look for another woman, even Long Chen himself would not be willing. In his entire life, there were only two things that he deeply loved, one of them being close to the other, while the other one agreed to it wholeheartedly.

"Alright, I won't make things difficult for you in this aspect." Let nature take its course. The second matter: The beginning of the second ancestor. I remember that the last breath of his was in the vicinity of Primal Chaos Realm, so you have to go there, and also have to explore it thoroughly, and don't let him off at all. Of course, how to communicate well with the Chaos Clan and avoid huge casualties, all will depend on your hard work. Right now, you are already at the peak of ten thousand worlds; there are not many things that you cannot accomplish. "

"second ancestor?"

Right now, only the first, second and tenth ranks of the seven ancestral dragons' blood essences were left. Compared to the first and second place, the tenth place was simply impossible. Thus, if he could still obtain the inherited blood essence, then the one with the highest chance of being ranked second was the Ancestral Dragon!

A Dragon Servant, was an Ancestral Dragon of ancestral realm.

Of course, those two Dragon Attendants also had no idea where they had gone to.

There were also ten Origin Dragon Souls.

"I understand, it seems that there will be some movement from the Ancient Giant Demons sooner or later. Before this disturbance, I will try my best to deal with the Chaos Clan. and, find out that there is news regarding the second ancestor. "

Long Chen faintly sensed that the first ancestral dragon and the second ancestor were the key to all of this!

He had to find them!

"Is there any news about the Ancestral Dragon origin dragon soul?"

"We have tried our best, but we can't find Zu Long. We can't figure it out. But I can guarantee it. The origin of the other Unparalleled Dragon, the dragon soul and the inherited blood essence, definitely exists as well! "

Then, Long Chen asked a few more questions before Tai Su prepared to leave.

"After we leave, we'll try to avoid contact with you. Do you know why?"

Long Chen nodded, and said: "I understand. Both of you had directly come into contact with the Curse of the Heaven Devouring Dragon, and you were afraid that you would be discovered, then I would be exposed."

"Mm, if there really is any big news, we will quickly tell you on our own accord."

"Take care. All of us must live."

"Yes, even for your father."

Long Chen watched her as she disappeared into the starry sky, and his heart was filled with infinite emotions. Tai Su had made him understand that the responsibility was too great, and time was of the essence. Whether or not he could save this world that was treated as food in the end would all depend on him!

Grief, worry, nothing.

Long Chen took a deep breath and contacted the God of Heaven and the pressure of the land.

"Brother, I already have a plan."

"Tell me about it."

"I'll go to Anarchic Demoness right away. With Xiao Xi's current Hierarchy level, it'll probably take ten days to reach Anarchic Demoness from here. I will convince Anarchic Demoness and then bring him to quickly travel back to my current position. Leave my new Death Realm's Gate here, and then appear in the Pangu Continent. During this period of time, you and my Heavenly Dao Saint Emperor will quickly travel to the Pangu Continent, and after I arrive at the Pangu Continent, I'll take you guys to the Pangu

Continent. I estimate that it won't take ten days to reach the Pangu Continent, and in the end, I'll be able to instantly return to my current location after crossing the Death Realm. In total, it should not take twenty days. "

This way, they would be able to descend upon the Primal Chaos Realm a month ago, and wouldn't have to crush the invitation card to pass.

"It's quite complicated, but all we need to do is go to the Pangu Continent. Simple. However, I have a very important question. How do you want to convince the Anarchic Demoness?"

Long Chen said: "Leave it to me then."

Chapter 3129 - The Rise and Fall of Ten Thousand Worlds

Because the matter of the Holy Son of Confusion had caused such a huge conflict with that Anarchic Demoness. This was something that Long Chen had never thought of.

Currently, the core of the time tunnel was still with the Anarchic Demoness. No matter what reason it was, it needed to be thoroughly solved. The arrival of the Primal Chaos Realm s meant that the ten thousand realms currently required the power of the Anarchic Demoness s.

"To be honest, it would be a good thing if the Chaos Clan and the Myriad Realm Demons could coexist, even if they were even stronger. However, if they were to press on and take over all the lands, making all the gods and devils bow down before them, that would be a troublesome matter. "

Right now, the Ten Thousand Worlds was a stable state. Any other world was too far apart from it. There was basically no such thing as a battle between worlds.

Ling Xi stabilized the Hierarch Realm.

Previously, when he had used the gate of the universe to go through the Blood Fiend Star Region, he did not take too long to return. This time, it would not be long before he went to the time tunnel s.

Ling Xi was confident that she would arrive in about ten days.

"Let's go."

The time tunnel had returned.

In the space tunnel, everything had changed. Ling Xi was now the ruler of the space, and had reached a realm that not even an Emperor Jun could reach. It was already very close to the dragon's mature state.

Once they were able to snatch the time tunnel, their speed would be extremely fast. No matter who it was, the only way was to inherit the Inherited Bloodline and the Origin Dragon Soul, then the Tower of Time would grow extremely fast.

Less than eight days!

Because Long Chen needed a relatively fast speed, Ling Xi was more focused. After around seven days, the door to the universe had successfully passed through, arriving outside of the time tunnel.

Long Chen's plan was to settle the matter of the Anarchic Demoness within a day. "If we can get the core of the time tunnel, that would be even better." Running into the Everlasting Vortex is the stupidest way to fight against the Anarchic Demoness. "

He allowed Ling Xi to return to the Living Realm, while he himself stayed outside the time tunnel, facing the time tunnel's direction.

The dark gray vortex of the time tunnel continued to revolve endlessly in the starry sky. Long Chen suddenly appeared. Now that the Anarchic Demoness had fully controlled the time tunnel, he could definitely feel Long Chen appearing here.

"Long Chen, what do you plan to do?"

"Just watch."

Right now, the God of Heaven Lu Pang, Heavenly Dao Saint Emperor and Ancient God of the Wilderness had already made an agreement. The Heavenly God's pressure and the Heavenly Dao Saint Emperor

were heading towards the Pangu Continent. In actuality, with their speed, and the fact that everyone had the best rules, it wouldn't take them long to reach Long Chen's level.

"Oh right, if you can contact the Anarchic Demoness, just tell him that I'm waiting for him outside the time tunnel."

"No problem."

Under the current situation, the Anarchic Demoness wanted to take revenge for his son.

Long Chen had disappeared for a long time. He would definitely appear again on his own accord.

Before the Anarchic Demoness appeared, there was something else that appeared. It was the Chaos Clan's invitation card, which Long Chen used to pierce through space.

However, there was only one.

Ling Xi, Li Xuanji and Mo Xiaolang were all in the Living Realm, so if the invitation wasn't able to reach the Living Realm, then it should be somewhere in the Ten Thousand Worlds.

From this, it could be known that the invitation was unable to deal with the existence of the Living Realm.

It should be because it automatically felt the existence of a powerful being.

"Just this usage of the rules of space is enough to amaze."

It must be said that the masters of this chaosworld could only be described as terrifying. Such a character is not easy to deal with ...

As Long Chen was sighing emotionally, as expected, an enormous disturbance occurred at the time tunnel in front of him as a wave of anger and killing intent activated on Long Chen. Suddenly, Anarchic Demoness appeared in front of him, and the terrifying light in his eyes was enough to pierce through billions of space. Under his killing intent, Long Chen was like a lonely boat in the sea.

"Long Chen, you finally decided to show yourself. I thought you were dead!"

Anarchic Demoness knew clearly in his heart that even if he appeared, he could leave at any time if he wanted to. He could not stop them at all, so he had to have a way to imprison Long Chen.

"You're not dead yet. How can I?" No matter how fierce and furious the Anarchic Demoness was, he stood firmly as if he was a boulder in the wind.

Anarchic Demoness squinted his eyes and spoke word by word: "You must be confident now, or else you wouldn't have appeared in front of me for no reason. Then let me see what abilities you have gained during this period of time you disappeared! "

With that, the Anarchic Demoness prepared to make his move.

Long Chen shook his head: "Don't be anxious, if I come this time, the outcome will indeed be decided by you. But before that, there are some things that I have to explain to you. "

"What is there to say between you and me? Even though you didn't personally kill my son, he died because of you. "

Long Chen did not care about his attitude. When Anarchic Demoness came out from the time tunnel, a colourful invitation also appeared beside him. As the ruler of the Eastern Star Region, he naturally knew about the affairs of the Chaos Clan.

Long Chen immediately asked: "Regarding the matters of the Primal Chaos Realm, I reckon you are even clearer about it than me. I am almost certain that the Primal Chaos Realm is the world of origin level and you should be very clear about just what kind of strong people there are in that world. Honestly speaking, a single Primal Chaos Realm is very likely to surpass us, the entire ten thousand worlds! Moreover, the intentions of the Primal Chaos Realm's master are very clear right now. We have to go participate in the Ten Thousand World God Convention, otherwise, our realm will be destroyed and we will die. You know better than I what that means. "

The matter of the Primal Chaos Realm, was also the most depressing matter for the Anarchic Demoness. It made his head hurt.

"I know about the Primal Chaos Realm, but this is my own affair, what does it have to do with you?" The Anarchic Demoness asked coldly.

"A man is responsible for the rise and fall of ten thousand worlds. Not to mention you, one of the four Chief Sovereigns. You are the master of a demon clan. Your decisions will affect the fate of the entire demon clan! Whether the Monster race is destroyed or not is up to you. To tell you the truth, I, Heavenly Dao Saint Emperor, Sky God's pressure and Ancient God of the Wilderness have already made an agreement that after ten days, we will not crush the invitation card and will personally arrive at Primal Chaos Realm to clearly see what's going on in this Chaos Clan. You're the only one left. All three of them very much hope that you can participate. I believe that I don't have to say much, they have already told you countless times. "

Hearing that, Anarchic Demoness could not hold back his laughter, and said: "You and the three of them? Long Chen, looks like you have already considered yourself to be the fifth ruler, and are now someone on par with us. "

Long Chen shook his head: "Ancestor, right now is the moment of prosperity and death for the entire world, do you still care about this false name? I don't care who dominates, but I think I have the power to do something for the world. So take an active part. "Since the three of them have acknowledged my strength, I am very happy to join a mission at your level. However, I absolutely do not think that this is something worth showing off. This is a type of challenge."

The Anarchic Demoness said impatiently: "Enough, what are you trying to do, I have no idea. Let me tell you, even if it's someone from the Primal Chaos Realm, you must fight against me, even if I'm not a match for them, I still have the time tunnel as a backup, so there's no need to go all out together with you. Tower of Time has ten thousand times the time flow, if I had such a huge amount of time, would I still need to be afraid of that Primal Chaos Realm? "

This old geezer was really stubborn.

Long Chen was not in a rush. He said, "Alright, I know that no matter how I advise you, you will not be with us. "Then let's make a bet."

"All you can do is ask my help. What are you betting with me for?" The Anarchic Demoness sneered.

Long Chen said: "Of course it's to bet on the things you want to."

"Go ahead."

"Let's bet on the outcome between us."

The only thing he could think of was that Long Chen had escaped very quickly, and to this day, he had no good idea. Otherwise, he wouldn't have stayed with Long Chen for such a long time, and even if he was in the everlasting whirlpool, Long Chen would have easily escaped back then.

"What do you want to bet?"

Long Chen said: "It's very simple, it's not troublesome at all. If you win, then I, Long Chen, will be at your mercy. Kill or imprison, it depends on your decision. "Of course, during this battle, I won't use the Two Realms of Life and Death and the Door of the Universe to escape in front of your eyes."

When he said this, the Anarchic Demoness opened his eyes wide. This was exactly what he wanted. There was a chance for revenge. At the very least, these two had great reputations within the Ten Thousand Worlds. There was no reason for them to break their word and bet with each other, even if they were the peak existences.

"Rest assured, the other three people will also testify for our bet. Even if you do not trust me, you should trust them."

Since Long Chen could communicate with those three, Anarchic Demoness could naturally do the same.

"Tell me your conditions." Long Chen's bet had succeeded in attracting his attention. Honestly speaking, it was not that he did not wish to join forces with the other three Chief Sovereigns. After all, he was very clear that once the Primal Chaos Realm appeared, if they did not resist, the entire Spirit Demon race would suffer as well.

Long Chen said: "It's very simple. Just as I said at the beginning, you will join my team of four and help us deal with the Primal Chaos Realm together. Of course, I don't ask you to forgive me. At the very least, before the matters of the Primal Chaos Realm are resolved, you must ensure that both of us deal with our personal grudges together, and settle them afterwards. "

This was more or less what Anarchic Demoness had expected.

This way, it would be like him and Long Chen getting what they needed separately.

"It looks like you've come prepared."

Anarchic Demoness stared at Long Chen.

"That's right. But I think that before we get down to business, we can put aside our personal grudges. As long as I still exist, there will be a day that I can resolve this issue. Other than the sudden appearance of the Primal Chaos Realm, there is also the possibility of the appearance of the Ancient Giant Demons. We are considered to be the weakest side here, and if we are still not united, then the future of the Ten Thousand Worlds will belong to someone else. "

Long Chen said solemnly. He could tell that the Anarchic Demoness had loosened.

Chapter 3130 - Endless Door

However, the Anarchic Demoness still smiled. He could not help but say: "How so? Since you proposed this plan, you obviously have a lot of confidence. What I want to know the most now is where that confidence came from! I won't be too conflicted about this. We'll do as you say, whether it's you who is doomed, me going to work with the other three, or the five of us leaving together, we'll see if you have the ability to do so. If you have the ability to defeat me, then there is no need for me to take revenge. "

The reason the Anarchic Demoness had never decided to join hands was because of Long Chen.

It looks like no matter what, he will still go along with the other Chief Sovereigns. It's just that today, they will decide whether or not they can have the role of Long Chen in their team!

"It's good that Ancestor understands."

"I don't understand. You are too confident, I really don't understand."

Although he said that, the Anarchic Demoness was actually already prepared to fight.

He had once fought with the Holy Son of Confusion, and now he was even fighting with the Anarchic Demoness! Fortunately, Long Chen had already understood space eating tiger s, Eclipse s, and Time Kun s slightly. He knew how powerful it was! But Anarchic Demoness and Holy Son of Confusion were different, their realms were different, and their in-depth understanding of laws were also different. Just the power of the Anarchic God that was in chaos was far stronger than the Holy Son of Confusion's!

"Whoa!"

Universal Demonic Saber.

The spatial divine sword that was even scarier than the Myriad Realms Divine Sword and was also known as the Twin Blades of Space and Time.

The Anarchic Demoness held the Universal Demonic Saber, and stared at Long Chen coldly. On his forehead, there was a gray word "King", which was the symbol of the space eating tiger. Although the Anarchic Demoness's body was still in human form, it had gathered the strength of a space eating tiger! In the blink of an eye, the Anarchic Demoness who held the Universal Demonic Saber used the rules of the Infinite Tracer, and displayed billions upon billions of afterimages between heaven and earth!

The amount of bodies they had was more than twice that of the Holy Son of Confusion! Just from this aspect alone, one could see just how powerful this mixed-type Ancestral Beast in front of them was.

Of course, the Infinite Tracer was only a small method for him to confuse Long Chen!

"Die."

In order to kill Long Chen, the first thing Anarchic Demoness did was to use the terrifying power that belonged to the A Highgod in the Perfection Stage to the extreme. This was the strongest attack that the Anarchic Demoness could unleash while in his human form!

With both hands on the Universal Demonic Saber, it grabbed onto the Universal Demonic Saber and soared into the sky. The Universal Demonic Saber was torn apart and the blade shadows swept out.

"The universe is breaking apart!"

In terms of the laws of space, this could be considered the best use of the Anarchic Demoness. Just based on the extent of the rules, this could be said to surpass the rule of offering dragons as a Universal Extinction Slash!

The laws of space, the universe fractured!

As the Universal Demonic Saber descended, Long Chen felt as if everything in the world, as though the entire universe, was gathered on his body, as if he himself had become incomparably huge. He was the entire universe! This was an illusion from the laws!

The Universal Demonic Saber slashed down, and everywhere it went, the world, the universe, and the universe were all shattered into two pieces! For a moment, what Long Chen saw was, besides the place where the Anarchic Demoness himself stood, all of the other worlds were sliced into two!

Including Long Chen's own body!

A single slash was enough to shock the present ten thousand worlds! Even if it was in the battle of time tunnel, the entire Eastern Star Region could feel the brilliance of this slash!

or perhaps the entire space of the entire Eastern Star Region, was trembling from this tragic tear!

However, from the very beginning to the end, no matter how terrifying the opponent's attack was and how great the impact was, Long Chen was still very calm. To him, who had once escaped with his life from the hands of the Origin Ancestor, who had consecutively escaped with her life from the Silent Curse, the Living Realm and the Sky's Fate Curses, the Anarchic Demoness still could not be considered to be extremely terrifying!

"Destiny Killing Technique!"

's Great Void Demon Sword was used against it. Once the Great Void Demon Sword was used, the two Creation Divine Weapons that were referred to as the Time and Space Twin Blades clashed face to face. The attack Long Chen used with the Great Void Demon Sword was far from being as powerful as the Universal Demonic Saber!

It seemed that under the law of the universe breaking, Long Chen's counterattack was like child's play!

"Kill!"

He was very clear in his heart that he only had one chance to kill Long Chen, and that would be this one time. If he failed this time, then with Long Chen's level of heaven-defying power, even time tunnel would not be his match.

He knew about Long Chen, knew how he rose to power at an inconceivable speed in the boundless realms! If the heavens had chosen someone to save the myriad worlds, then this person would basically be Long Chen!

"Whiz!"

However, the Destiny Killing technique was able to pierce through the fracture of the universe and did not have any ability to block the laws of space at all!

Destiny's Killing technique, time was like a river, going against the flow. Destiny was like a blade, cutting off fate from the past. These two energies and the laws of space had completely penetrated through, and their speed was even faster than the breaking of the universe!

Therefore, when the Break of the Universe appeared in front of Long Chen, the Killing technique just so happened to hit him as expected. Instantly, the Anarchic Demoness blacked out and his entire body froze. Even though Long Chen was suppressed to the point that he couldn't move, at this moment, he was still dodged by Long Chen!

"Bam!"

Under the anger of the Anarchic Demoness, he had to use a few rules in order to finally free himself from the effects of the Destiny Killing Technique! The effects of the Destiny Killing Technique was great, just from this exchange alone, Long Chen already had the ability to defeat the Anarchic Demoness! He was extremely interested in this battle, hearing that Long Chen had killed the other three Rankers in Origin Ancestor!

"You!"

Anarchic Demoness's move was mysteriously broken, and his heart skipped a beat. He knew that Long Chen was indeed stronger than before, and if he did not become a peerless assassin now, it would be even more difficult!

In the blink of an eye, Long Chen had seen through his Infinite Tracer and it crashed right in front of his eyes!

"Two Primitive Creation Deity Equipment!"

Anarchic Demoness was shocked to see that, other than the Great Void Demon Sword in Long Chen's left hand, the Ghost Blood Curse had appeared on Long Chen's right hand.

From origin level to primitive level, the disparity was simply too great!

"Impossible!"

Anarchic Demoness knew how difficult it was to improve a Creation God Equipment of this level. It was simply equivalent to the possibility of another ruler being born from the myriad worlds! He couldn't believe it. And it wasn't long at all!

But, Long Chen who was holding onto both swords, didn't care about anything else. He saw the center of the brows of the Anarchic Demoness, where the core of the time tunnel was located, so that place was practically the most important place for him to attack!

"Humph!"

Before this, the Anarchic Demoness quickly reacted and changed. He finally displayed the body of the mixed Kun Ancestral Beast! In an instant, the Anarchic Demoness disappeared and was replaced by an incomparably gigantic Eclipse! This Roc was as large as a world, and there were hundreds of billions of living creatures on it! It was far larger than even the Immortal God Region!

In front of him, Long Chen was but a speck of dust, and could not be seen clearly.

Only the vast starry sky could bear the descent of the Eclipse!

"I didn't expect you to have two Creation Divine artifacts with primitive level! It looks like you've improved a lot in this period of time! But, don't think that you're the only one with two Primitive Creation Deity Equipment s! I, too! "

All along, people thought that the Anarchic Demoness only had the Time and Space Dual Blades, and later on, the Great Void Demon Sword was even given to the Holy Son of Confusion. Virtually no one knew that the Anarchic Demoness was actually hiding another type of God Creation Art that possessed primitive level!

Its attribute is — Devour!

The Great Void Demon Sword belongs to the Time Kun, the Universal Demonic Saber, belongs to the space eating tiger, and this God Creation Art belongs to the Eclipse!

"Boundless Gate!"

In front of the Eclipse's mouth, a huge, pitch-black star gate suddenly appeared. It was circular in shape and looked a little similar to Long Chen's Death Realm's Dragon Gate! When he first appeared, the Boundless Gate was still locked! It was covered with extremely complicated patterns. For a moment, it was hard to tell what it was!

"Heaven and Earth Golden Body!"

These rules were the same as the Holy Son of Confusion. The Eclipse moved up, creating the Heaven and Earth Golden Body! Then, it quickly descended and covered the sky. It was like a continent, floating above Long Chen's head, making him unable to see the stars.

That endless door appeared between him and Long Chen!

In that instant!

The Eclipse flashed with its gigantic golden wings, and the moment it opened its giant mouth, the Boundless Gate opened as well. A pitch black vortex appeared on its surface, and it was as if it was the mouth of a Eclipse!

And at this moment, the rules of the Eclipse, under the amplification of the Infinity Gate, had exploded!

"Golden Roc, Heaven Devouring!"

It was obvious that the Anarchic Demoness was extremely confident in this rule. If it wasn't because he thought that he could instantly finish Long Chen off, he wouldn't even bother to take it out and pester it.

"It's over."
