

War God 3131

Chapter 3131 - Myriad Worlds First

The Endless Door of Creation that had the primitive level enlarged the golden peng's Heaven Swallowing Formation. Adding on to that, the Anarchic Demoness was much stronger than the Holy Son of Confusion itself, so the power of this golden peng swallowing the Heavens was several times greater than before!

At least, the strength Anarchic Demoness displayed in front of Long Chen was almost at the same level as his own! Only, in terms of rules, the Origin Ancestor s were even more astonishing.

The Golden Roc swallowed the Heavens!

Beneath the Heaven and Earth Golden Body, the Eclipse's powers of the Golden Roc swallowing the heavens were greatly increased. To Long Chen, this huge beast that was almost as huge as the continent was currently crushing him like a speck of dust!

"I will deal with the Chaos Clan! However, what exactly you do has nothing to do with you. If you don't have the ability, it's not your turn to worry! "

Anarchic Demoness's willpower suppression.

No matter how powerful this Golden Roc Swallowing Heavens was, it still could not scare Long Chen away. At this time, it was as if the entire world would be swallowed up by the Anarchic Demoness, let alone a speck of dust like him!

But at this time, Long Chen, who was holding onto the two Primitive Creation Deity Equipment s, fearlessly rushed towards the gigantic beast that looked like a continent. The power of the laws swept through his heart and body, and the laws of the Ancestral Dragon exploded from his body!

"Great Desolate Calamity!"

First, the rules of the universe's prehistoric Swastika Dragon emerged from his two swords. The black lightning and disaster energy were like two long dragons that roared into the starry sky. As the golden roc devoured the heavens, their speed became even more terrifying, rushing towards the endless door! At this moment, the destructive power of the prehistoric disaster began to fuse together in front of the endless door, and then instantly erupted!

BOOM!

Under the violent attack of the Desolate Sky Calamity, the Boundless Gate trembled violently. The Anarchic Demoness cried out in alarm, he did not expect that Long Chen was this strong, so the rule of the golden roc swallowing the heavens was broken by Long Chen in this short moment. In an instant, the golden roc swallowing the heavens's power was greatly reduced!

He could not threaten Long Chen previously, but now, he was even less.

After the Primordial Disaster destroyed the stability of the Endless Door, Long Chen was even more impolite. He put away the Great Void Demon Sword for the time being and then used both hands to control the Ghost Blood Curse.

"metaplasia!"

The metaplasia that had fused the rules of karma and slaughter, up until now, was Long Chen's strongest move at the level of attack! He used the Desolate Flood Sky Disaster to disrupt the tempo of his opponent, and then unleashed the metaplasia!

Instantly, the metaplasia became a rainbow that pierced the sun, the sword rainbow shot into the sky, and it instantly appeared in front of the Eclipse. The speed and precision of this rule had completely surpassed the Anarchic Demoness's ability to endure! In that instant, Long Chen used his powerful fighting strength to instantly reverse the situation and gain the upper hand!

BOOM!

The Eclipse used the Heaven and Earth Golden Body to block the metaplasia!

The metaplasia did not look that strong, so he never expected that when the metaplasia struck his wings, it would actually be so powerful! A ripping sound was heard! One of the Eclipse's golden wings was almost sliced off by the metaplasia!

The Anarchic Demoness released a world-shaking, tragic cry!

Although the Eclipse's body could not be considered to be heavily injured, it still did not have much combat power before it recovered!

"Long Chen!"

The Anarchic Demoness roared sinisterly. He originally thought that he could deal with Long Chen, but who knew that this brat was actually this terrifying! It was no wonder that he had the guts to go against his bet. It was also no wonder that Heavenly Dao Saint Emperor and the other two would accept Long Chen!

"What, are you afraid?"

Long Chen smiled faintly and charged forward once again. His tiny appearance shocked the biggest demon beast in the world.

"You pissed me off!"

Anarchic Demoness deeply understood that it was time to fight to the death!

Under his terrifying recovery power, the severed golden wings started to recover. At the same time, the other two gigantic beasts appeared beside him. They were similarly huge space eating tigers and Time Kuns, and they had formed the mixed Kun Ancestral Beast together!

The three great beasts crawled in front of Long Chen. The space eating tigers were entirely gray in color, and merged with the surrounding space. Like a transparent fish, the Time Kun swam in the river of time for a brief moment before disappearing, its figure indiscernible.

The instant the three of them were surrounded, another rule that Long Chen was familiar with appeared! That was the chaotic killing array Holy Son of Confusion used when he was at his most desperate state!

At this time, anarchist had also been forced to this extent by Long Chen!

In fact, he thought he had overestimated Long Chen at the beginning, so he started off with the law of the universe breaking! After that, he used the Boundless Gate and the Golden Roc Swallowing the

Heavens, which he did not use for a long time! But he never thought that Long Chen would be able to break it, and even injure him!

In this way, the only way out was to use the chaotic killing array!

"Universal Demonic Saber! The Boundless Gate is the eye of the formation! "

In the instant the three-headed beast was encircled, a Confusion Killing Array was formed. The difference between it and the Holy Son of Confusion was that the Anarchic Demoness used the two Divine Creation Weapons of the primitive level, and as the eye of the formation, it was the foundation of the Confusion Killing Array!

A terrifying array instantly appeared!

It had to be said that this was now the first array formation of 10,000 worlds. This was the highest peak killing array formation of all the Anarchic Beasts of the Leviathan, the gathering of all the Laws!

In that instant, the array formation swept across, using the two Primitive Creation Deity Equipment as its foundation, it completely trapped Long Chen.

"Long Chen, be careful of this chaotic killing array!"

"That's right, this is the most lethal rule of the Patriarch!"

The other three Chief Sovereigns couldn't help but remind Long Chen as well.

"Don't worry!"

At this moment, the three giant beasts had already joined the chaos killing array. The real fight had begun! Following that, all sorts of Leviathan Ancestral Beasts' rules would erupt within the Anarchic Killing Array until Long Chen was killed!

It was simply endless!

And it was three against one!

"The appearance of these three bodies is actually enough to contend against the three of us for a short period of time."

"So, the strongest out of the four of us is really the ancestor. Long Chen, if you are able to defeat our ancestor, you will truly be the strongest person in the entire Ten Thousand Worlds. "

At this time, the other three people were even praising Long Chen.

They also knew that Long Chen had defeated Origin Ancestor, but they had not seen it with their own eyes. Therefore, this time, they still felt that there was some suspense!

However, what they didn't know was that from the very beginning, Long Chen still hadn't used his ultimate killing weapon! That was the Dragon Pagoda!

When the Chaos Killing Array erupted, the Hand of God, Infinite Tracer, Blade of Time, Golden Roc Swallowing the Heavens. Devour Chaos, Heaven and Earth Golden Body. When the laws appeared one after another, Long Chen was at the most dangerous core position of the Chaos Killing Array. He took out his Primordial Dragon Pagoda and fused it with his own body!

In that moment, Long Chen merged with the Primeval Dragon Pagoda's God of Creation God Power, causing his power to surge!

In his eyes, those three giant beasts could not escape his eyes! Last time, it was Holy Son of Confusion's Chaos Killing Array that allowed Long Chen to comprehend the rules of the metaplasia! Now, after fusing with the Dragon Pagoda, his first attack was the metaplasia!

Target, space eating tiger!

The metaplasia, supported by the Primeval Dragon Pagoda and the Ghost Blood Curse, erupted in an unprecedented way. In an instant, the even more ferocious metaplasia tore apart the chaotic killing array and ruthlessly slaughtered the space eating tiger before anarchist could even react. It let out a furious roar and its body was almost torn in half! The power of massacre and karma rushed in, locking the space eating tiger in place!

"Destiny Killing Technique!"

With the Great Void Demon Sword, Long Chen released the Killing technique from a different direction. The Killing technique also had the power of time, and while chasing after the Time Kun, the Time Kun was in shock as it tried to escape, but it couldn't escape too far, and was hit by the Killing technique. All the laws of time were shattered in the middle of the chaotic Killing Array!

In the galaxy, the Time Kun turned into a white jade sculpture, motionless!

Finally, Long Chen released another two sword attacks! That was a primordial disaster! At this moment, the Confusion Killing Array had completely collapsed and not a single bit was left. The Eclipse had just recovered and was completely struck by the Desolate Flood Dragon's attack, the black lightning spreading all over its body, the gray colored calamity turning into a hand and pressing onto the Eclipse, causing it to look like a Heaven Swallowing Chicken.

In an instant, the three great beasts were defeated!

Chaos killing array, disintegrate!

Everything was within the flame of this thunderstone.

Not mentioning the Anarchic Demoness, even the three Chief Sovereigns had faces full of astonishment. They had truly realized just how strong the current Long Chen was!

"Impossible!"

Even if the Anarchic Demoness was not willing to believe it, he could not deny that he saw Long Chen's third Primitive Creation Deity Equipment. At the same time, controlling the third Primitive Creation Deity Equipment was already considered a very strong existence!

He had surpassed the four Chief Sovereigns!

The three of them were heavily injured and could not maintain this state at all. Therefore, they turned into three rays of light and reformed into the human form of the Anarchic Demoness. This was the only form that he could still maintain.

"You!"

When the Anarchic Demoness had just returned to its human form, Long Chen had already neatly appeared in front of the pale white Anarchic Demoness. Before the Anarchic Demoness could even react, a blood colored poisonous snake in Long Chen's hand had already completely entangled the opponent to death!

The Blood Death Curse revolved around several layers, causing the heavily injured Anarchic Demoness to be unable to move. Once it moved, the Blood Death Curse that was like a viper would pierce into his body, and he would obviously die!

"I don't want to kill you, you better not move!"

Long Chen said indifferently.

"It's the primitive level again!"

Anarchic Demoness's heart experienced the most terrible shock, the Primitive Creation Deity Equipment that twined around him made him feel deeply helpless! He didn't think that Long Chen had already grasped the four types of God Manifestation grade primitive level!

In this aspect alone, he was already absolutely the number one person in the entire Ten Thousand Worlds!

Anarchic Demoness had to admit, Long Chen was stronger than him!

Therefore

Just as Long Chen had used the Blood Death Curse to wrap around his opponent, in that instant, the Great Void Demon Sword pierced through the Anarchic Demoness's head. The time tunnel's core was gently lifted by Long Chen and landed in his hands.

"How dare you steal this!"

"This belongs to me. I just want you to keep it." Long Chen's face revealed a relaxed smile, everything was settled.

"You!"

Anarchic Demoness was furious, but was entangled by the Blood Death Curse, unable to do anything.

Chapter 3132 - Heroes of a Chaotic World

Long Chen rapidly controlled the core of the time tunnel. To him, this was practically a great treasure!

Back then, in order to obtain the time tunnel, Long Chen had spent a huge amount of effort to let the Anarchic Demoness obtain it first. Now, it was actually Long Chen's only chance to snatch back the core.

If this Anarchic Demoness were to hide back into the Eternal Whirlpool, Long Chen would not be able to do anything to him.

This time, Long Chen defeated Anarchic Demoness with shock.

But of course, the only ones who knew were him and the other three Chief Sovereigns. Currently, the experts of the ten thousand realms were all worrying about the Primal Chaos Realm's invitation card. Fortunately, the Chief Sovereigns had already made their move. Before they did, all the experts were on standby, awaiting orders from the four Chief Sovereigns.

Very few people knew about the battle here.

But even so, Anarchic Demoness was still deeply defeated in his heart, especially when he was defeated and unable to move, being firmly controlled by Long Chen and even having the core of the time tunnel snatched away by Long Chen!

"Long Chen, in the bet, you didn't mention anything about the time tunnel's core!"

"But, in the bet, there is no rule that says I can't take what you have after defeating you? Moreover, this is originally mine, so even if you want it, it wouldn't be of much use. It's already good enough that I am not snatching your Universal Demonic Saber and Endless Door. "

In this regard, Long Chen would definitely not give way.

"You!" Anarchic Demoness took a deep breath, he was not convinced! But thinking back, Long Chen had indeed defeated him directly.

At this time, Long Chen said in a low voice, "Ancestor, even though we are fighting and you know what I can do, at least I am a reasonable person and I have never thought that there is hatred between us. The Son's choice is his own responsibility, and I can't stop it. Now that the Ten Thousand Worlds is in a state of upheaval, I hope that Ancestor can clearly see the current situation and pay attention to the overall situation. "

On the other side, the three Chief Sovereigns were most likely advising him as well.

"Alright, I'm not an unreasonable person. This time, I admit defeat!"

The Anarchic Demoness's fighting strength could not be underestimated, and Long Chen had to use all of his strength in order to truly suppress his opponent. "He is one of the four Chief Sovereigns, after all." "I thank the forefather for his consent."

Completing the mission, Long Chen felt a lot more relaxed in his heart.

"You don't have to be polite with me. I know what you're capable of now. I'm the one who's going to lose face today. It wouldn't be an exaggeration to say that if Primal Chaos Realm hadn't appeared, you would have been number one in the entire Ten Thousand Worlds by now! A Ten Thousand World Sovereign at such a young age, you are naturally the greatest miracle that this world was born with. I believe that before long, the entire ten thousand worlds will be your legend. If I'm still your enemy, then I'm stupid. An existence like you is a miracle to me. It can no longer be described as a genius. "

"What does Ancestor think is the best way to describe it?"

The primordial chaos ancestor said, "If you don't solve it, do you have the nerve to ask me a question?"

"I'm so sorry."

Now that the time tunnel was in Long Chen's hands, he didn't have to worry about the Anarchic Demoness suddenly escaping. He then put away the Blood Death Curse, and let the Anarchic Demoness have its freedom.

Although he was injured in front of Long Chen's eyes, it wouldn't be long before the Anarchic Demoness recovered.

"If you can't find the right words to describe it, then just look at the situation the five of us are in with the Chaos Clan. You might just die, so if that's the case, how can I describe you today? According to what I have said, your abilities have surpassed the four of us, and you are a thorn in the eye of the strongest warrior in the Chaos Clan. The probability of you dying in battle is much higher than us. "

Long Chen knew clearly in his heart that although the Anarchic Demoness still looked the same on the surface, he had actually already admitted it in his heart. There was nothing wrong with his nature, this matter should be more important than the big picture.

"In that case, time is of the essence. I'll first take the Patriarch to the Pangu Continent."

The foundation of the Life and Death Realms was the Pangu Continent. It would be very easy for Long Chen to reach the Pangu Continent.

"Let's go."

Long Chen naturally wanted to think about the time tunnel's core, but not now, but in the next few days. He had to first go to the Pangu Continent. Thus, he opened the Death Realm's dragon gate and entered with the anarchist.

"Is this the world similar to the world of time tunnel? It's really strange. My guess is that you obtained the inheritance of a dead world, which is why you have reached such a level. "

Anarchic Demoness looked around at the blood sea and said indifferently.

"More or less. Old Ancestor, please wait for a moment."

The Death Realm's Dragon Door that was located in the Dragon Sacrifice Continent still existed. When Long Chen left this place, he would need to set up a few new Death Realm's Dragon Door. After all, he would need to return here ten days later.

Then, he and Anarchic Demoness exited the Pangu Continent from the entrance.

"In but an instant, they arrived in the Pangu Continent from the far east! No wonder you're so fearless. With these two worlds, you're basically immortal! "My son is really stupid to compete with you. It's just a pity ..."

Anarchic Demoness could only sigh.

"Perhaps time tunnel has the same ability, but I can see that even though I'm proficient in the rules of time, I'm unable to control it in the most profound manner, and can only use it slightly. Looks like that time tunnel was indeed prepared for you. "

Anarchic Demoness was now convinced.

Long Chen's rise was simply too fast.

When he arrived at Pangu Continent, the Ancient God of the Wilderness was already there waiting for him. In the tall and big barbarian world, the Ancient God of the Wilderness was like an ordinary withered old man.

"Patriarch, it's been a long time since we've met."

The Ancient God of the Wilderness smiled.

"Yes, old man, why aren't you dead yet?"

Anarchic Demoness was still a little unhappy in his heart, but this was his nature, and it had always been like this. As such, the three Chief Sovereigns of the human race were in contact with each other more often, and he basically didn't have much contact with humans. In the past, there had even been conflicts and wars.

"You two, let's chat first. I'll go and fetch the old friend Lu Xin." Time was of the essence, and he naturally had to hurry.

"Go." To be honest, Ancient God of the Wilderness did not expect Long Chen to bring his here in such a manner. Now, he couldn't help but admire Long Chen.

He remembered that when Long Chen had just arrived at the third heaven, he barely had the strength of a Divine Emperor.

In the blink of an eye, he was the strongest person in all ten thousand worlds!

A miracle could no longer be described with words.

Fortunately, he was on the right team from the start, so he was not in a sorry state like Anarchic Demoness.

"If this goes on, perhaps he can really stop the destruction of the ten thousand worlds!"

Ancient God of the Wilderness watched as Long Chen left with a deep look in his eyes.

"Barbarian, tell me, where did this Long Chen come from? Why do I feel that you are rather familiar with him? It is said that the Living Realm was given to him by you?" Anarchic Demoness asked suspiciously.

That's why the Ancient God of the Wilderness didn't dare to say anything about the Dragon Sacrifice Continent. He shook his head and said: "It's purely intuition. There was a saying among mortal souls, 'Heroes come from troubled times'. Right now, the ten thousand worlds were in chaos. The Primal Chaos Realm descended, and the Immemorial Giant Demons were hibernating. If there really was a possibility that a hero had been born, then it would be him. The only thing we can do for those who are protecting the common people is naturally to support them. These ten thousand worlds, no matter what you say, are our homeland. Those mortal spirits and god and devils are our citizens. As the heads of our families, when someone wants to occupy our homeland, of course, they have to fight back. "

"You make it sound good. Isn't it just a Primal Chaos Realm? Look at how nervous you are."

The Ancient God of the Wilderness shook his head and said: "I have a feeling that one of us will fall."

"That's you." Anarchic Demoness laughed loudly. At least, he did not fear or fear these people.

"No matter what, after a few days, gather your men and go take a look."

When Ancient God of the Wilderness just finished speaking, the colorful invitation once again reached his side. This speed, surpassed Long Chen's universe door.

Until this moment, when Anarchic Demoness was frowning deeply.

"In terms of the rules of space, in the entire ten thousand worlds, I am still first. However, this invitation card should be pressed against the space laws' membrane. Its owner must be on a level higher than me!"

"Destruction or submission. This is the choice Chaos Clan gave us."

Long Chen asked for his location and told Ling Xi where it was. Ling Xi then controlled the gate of the universe and headed over to that location, using her increasingly proficient ability, she told Long Chen that it would probably only take four days to reach the place where the pressure was located.

When Long Chen went to fight the Anarchic Demoness, the Heavenly God Land Pressure, he had already started his journey.

In the past few days of communicating with Sky God Lu Xin, Long Chen found out that the intelligence network that was spread across all realms, the Papyrus korshinskii, was founded by Sky God Lu Xin. Of course, he was hiding behind the scenes. Previously, when the Ten Thousand Worlds were peaceful, the things collected by the Papyrus korshinskii were nothing compared to the pressure of the Heavenly God Continent, so he basically did not care about them.

When Long Chen had just left the Dragon Sacrifice Continent, this Papyrus korshinskii had caused him a certain amount of trouble.

However, at that time, the Heavenly God Continent Pressure had not paid attention to Long Chen either.

"In these four days, I'll fuse with the time tunnel's core. After that, I'll go in and see what the situation is like. I'll try to make the best use of these four days."

"No problem."

Long Chen first took out the time tunnel's core from Ling Xi's Divine Kingdom.

Right now, Ling Xi was converging with the Heavenly God Continent, so he had the time to fuse with the core of the third world. The two worlds of life and death in front of him had already merged.

"It should be fine."

Long Chen followed the steps he had taken the previous two times, and the time tunnel's core automatically entered his body, leaving a third kind of color at the center of his brows, which started to enter the third eye between his eyebrows.

Long Chen realized that this third eye was becoming more and more important in his life.

"Fuse!"

As he had said himself, this core belonged to him in the first place, so its speed was extremely fast. It didn't take long.

The time tunnel had become Long Chen's third world other than the Life and Death Realms.

He felt that the third world seemed to exist between his eyebrows.

"Whiz!"

Long Chen appeared among the time tunnel.

Chapter 3133 - Ten Years

Death Realm, Living Realm, time tunnel.

Amongst the time tunnel, there were the Ruins of Time, the Tower of Time and the Eternal Whirlpool.

Amongst them, the Ruins of Time was one of the things Long Chen did not dare to reach, especially now. Once he entered the Ruins of Time, time would pass in the blink of an eye, ruining his plans.

After fusing with the time tunnel's core, Long Chen roughly understood that he could only be considered to have grasped a basic level of time tunnel. To a certain extent, it was only slightly higher than the Anarchic Demonesses.

But just like the Life and Death Realm and the Life World, this was the world accompanying the Ancestral Dragon, so in reality, Long Chen did not have complete control over the Life and Death Realm and the time tunnel.

To him, these three major worlds still held secrets.

It was as if he was separated by a shadow, causing Long Chen to be unable to understand it further. It seemed as if he needed to reach an even higher level before he could truly open it. Especially after fusing with the time tunnel's core, this feeling of unknown became even stronger.

This was the same as in the Life and Death Realms. At the same time, he could make use of the change in time in the Ruins of Time and the Tower of Time, in order to win a large amount of time.

This was almost everything he could do after fusing with the core.

"It seems that the time tunnel still has many secrets in the Life and Death Realms. At the same time, the other Ancestral Dragons should also have their own companion worlds. Father said that these worlds were all once beside the Dragon Sacrifice Continent. "

Right now, the time tunnel were empty. When Long Chen entered the God Kingdom, he had naturally left behind some traces. When Ling Xi received the Heavenly God Continent Pressure, they could go back.

Before this, Long Chen would be able to familiarize himself with the time tunnel!

The most important thing to the time tunnel was the Tower of Time!

Now that Long Chen had appeared on the first floor of the Tower of Time, in this empty space, the flow of time was more than ten times faster than it was outside. In the blink of an eye, forty days had passed.

"The second level!"

Long Chen immediately went to the second floor of the Tower of Time.

After arriving here, it would take a hundred times longer than outside. Long Chen had four hundred days now, as long as he stayed here, there was no need to hurry!

Of course, that was not Long Chen's goal.

"The third level!"

A thousand times speed and around four thousand days had already passed ten years, so staying here would allow Long Chen to stay for ten years. Of course, the outside world had only lasted four days.

However, the most excited place for Long Chen was still the fourth floor of the Tower of Time because the fourth floor was ten thousand times faster. As long as he reached the fourth floor, in just four short days, he would become a hundred years old. There were too many things that could be done in these hundred years!

This was currently the greatest benefit the time tunnel could bring to Long Chen!

But!

Just as Long Chen was about to go up to the fourth floor, he realized an extremely important problem!

The fourth level of the Tower of Time had disappeared!

"Why is it gone?"

The last time he came, it was still there, but now it had disappeared. What was going on?

After searching for a long time, he still couldn't find anything, let alone appearing on the fourth floor.

But the Eternal Whirlpool was still there.

It was only the fourth floor of the Tower of Time. Long Chen searched for quite a few days but didn't find anything. At least from the feedback on the core, he could tell that the fourth floor of the Tower of Time had been completely sealed. At least, Long Chen would not be able to open it now, unless he could completely control the core in the future.

It was likely that Tai Su and the rest did not know of this situation.

This had to do with the Great Void Cosmic Dragon, and was not something they could guess at.

"I have no choice, but, even if it's a thousand times more time, it's more than enough."

One day was about three years.

From now on, as long as he stayed in the Tower of Time, he would have endless time!

Long Chen's group was originally a group that lacked time the most!

"It's a pity that it's not ten thousand times ... However, a thousand times is more than enough to wake the kitten up as soon as possible!"

In essence, Long Chen seizing the time tunnel was to quickly wake the kitten up. The speed at which Cat was fusing with her original body was far slower than Long Chen had imagined. If he were to place him in the Tower of Time, just four days in the outside world and ten years in here, would probably be enough for Cat to completely succeed.

"Although this guy might not necessarily reach ancestral realm immediately after he succeeds, he's at least stronger than me. I don't think he'll be much worse than the Chaos Clan's ruler. We'll have to rely on Cat to a large extent. "

After experiencing so much life and death, Long Chen had long trusted this sloppy brother of his. Although Cat was a little muddled, in regards to proper business, she was never vague about it, and since Long Chen needed him this time, he believed Cat would definitely wake up in time. After all, Tower of Time had given Cat enough time.

Long Chen moved him from the Living Realm to the Tower of Time.

Because the Living Realm's time was way too slow compared to the Tower of Time's, just the process of teleportation took a month. Of course, this didn't take long for the Living Realm.

"Come here and wake up as soon as you can. In the future, Chaos Clan and Ancient Giant Demons will need your help, brother."

Long Chen placed him on the third floor of the Tower of Time. Basically, it was the fastest time he was in a steady state. As for the Eternal Whirlpool, although it had ten thousand times the time, it wasn't stable and couldn't be used to speed up time.

The kitten was still sleeping and did not respond.

"Even if it's their first time going to Primal Chaos Realm, there probably won't be a fight to the death. The kitten should have at least been here for dozens of years. I think he'll definitely wake up. "

Long Chen estimated for a bit, and then examined the surrounding space.

"The greatest advantage of this Tower of Time is time. The time here can allow my Divine Kingdom's Divine Dragons that require time to grow at an incredible rate, such as Ling Xi, Yang Lingqing, and Yan'Er. A thousand times more time was of course extremely useful. The disadvantage of it is that just like in the Life and Death Realms, there is no spirit energy here. Forget about the primitive level World, there is no way to compare to the Hun Yuan Realm or even my Divine Kingdom.

Long Chen planned to raise all the Ultimate Dragon and above who had fused with the Origin Dragon Soul at the third level of the Tower of Time. As for the other God Dragons, as long as they fused with the Origin Dragon Soul, they could be sent to the second and first level of the Tower of Time. The Dragon Emperor could arrange for the details. However, there was a problem with spiritual energy that needed to be considered.

"Because of the spiritual energy, I probably won't be able to continue staying in the Tower of Time. I need to go out and trade. In total, the Tower of Time isn't as effective as I thought. If it's time to increase

by a thousand times, it's cultivation speed can be considered a thousand times faster, but because of the lack of spirit energy, it's probably weaker as well. It's about two hundred times faster. And, of course, this is a very good effect. "

handed over the specific arrangements to the Dragon Emperor and the others.

With this, a group of Unparalleled Dragon could be formed very quickly. After all, Long Chen had already obtained the origin of the Primordial Blood Spirit Dragon's and Shadow Dream Charm Dragon's blood essence and dragon soul. He had not taken care of it previously because he was waiting for the time tunnel to come.

The specific arrangements were already given to Dragon Emperor and the others. Since Cat was still in the third floor, Long Chen didn't want anyone to disturb him. He only wanted Mo Xiaolang, Yang Lingqing, Long Yan and the others to move over here.

After that, he opened the passage from the Divine Kingdom to the second and first level of the Tower of Time.

After all, the space in the third level of Tower of Time was rather limited, and the person with the highest aptitude should be given first. After all, this was the time when Long Chen needed a large number of experts.

After a few days, the Ultimate Dragon will also be able to enter the third floor of the Tower of Time. "

These matters will be handled by the Dragon Emperor. In terms of internal management, the Dragon Emperor has always been very dutiful. Therefore, Long Chen was already prepared. There were a total of sixteen origin dragon souls, eight Primordial Blood Spirit Dragons and eight Shadow Dream Charm Dragon s. There were a total of fifteen Dragon Emperor s. Including Yang You, there were sixteen of them.

The Netherwyrms that Yang You inherited was a Shadow Dream Charm Dragon.

Just like this, including Yang Lingqing and Ling Xi, a total of eighteen Unparalleled Dragon would be born. As long as they had enough time, they would all be able to reach the peak of the Divine Realm, to the point of almost ancestral realm!

The Dragon Emperor were all loyal to Long Chen and had a deep friendship with him, so they were completely at ease. Ever since they had left the Dragon Sacrifice Continent, it was their management that had allowed the entire Divine Kingdom to be in order.

Long Chen had also allowed the Dragon Emperor s and his mother, Yang You, to come to the third floor of the Tower of Time, giving them enough time to inherit the Tower of Time. After everything was done, he had nearly ten years of his own time. During these ten years, it just so happened that he could sit down and wait for the kitten to awaken while settling down.

Check out the most recent rules.

After combing through all of them, coincidentally, in the center of the time tunnel, he had the core time tunnel s, hence he was able to comprehend all of this.

"This is where the Great Void Cosmic Dragon left behind. Presumably, there will be traces of the time laws here!"

The Ruins of Time, Tower of Time and Eternal Whirlpool were all the most miraculous uses of time.

He quieted down and began to ponder. Time rapidly flowed by, but he didn't care. There was too much time left now.

"This Tower of Time, its greatest use to me still lies in comprehending the laws. With so much time, I can take it slow. As for the accumulation of power, just the amount of spirit energy in Tower of Time was not enough for me to use once. "We have to go outside to accumulate more!"

Ten years actually flashed by in a flash.

Chapter 3134 - Eternity

In these ten years, the most important thing for Long Chen was to familiarize himself with the time tunnel.

The disappearance of the fourth floor of the Tower of Time made him realize that there were still many mysteries within this time tunnel.

He needed to understand these things.

The Dragon Emperor s, Long Yan and the others were all cultivating on the third floor of the Tower of Time s. Before long, they would all reach the realm of the Hierarch. Become a huge support for Long Chen.

The future world of the Divine Dragon was already in its infancy, so naturally it would be the one Long Chen was closest to, or perhaps the one with the most potential to take responsibility for it.

Long Chen on the other hand, had quieted down and was relying on his control over the heart of the time tunnel to ponder over the time tunnel. The Ruins of Time was simply too time-consuming, so Long Chen did not dare to make it in time.

"The Ruins of Time can stabilize and slow down time by ten thousand times. If I can control this ability, then I can make almost all of the enemies stop. Furthermore, the highest limit of Tower of Time s is ten thousand times faster. If I can control it, I can create my own Tower of Time. "

Only after reaching a deeper understanding did Long Chen realize that stability was actually the most difficult part. At least, he had no concept of what the Ruins of Time and the Tower of Time were. However, he was very familiar with the Eternal Whirlpool.

"In the past, when the natural laws were in disarray, the seas would be very similar to the Eternal Whirlpool. "However, in times of chaos, the sea is too small. The so-called time sea is actually just a small pond. In comparison, the Eternal Whirlpool is the real ocean."

There were two very similar rules, but the degree of each was very different. When the sea was in chaos, there was a limit, so it was impossible for it to reach the level of the Eternal Whirlpool.

"It's impossible for me to trick the enemy into the Everlasting Vortex in battle. No one was so stupid. However, if I can execute the entire Eternal Whirlpool, or even control the changes in time within ten thousand times of it, it would be terrifying! "

If he was truly able to complete this rule, Long Chen could simply imagine that such a transcendent rule, which could even fuse two types of rules together, would be far inferior. This simply meant that Long Chen's understanding of the rules of time had stepped into a new level! He wasn't too far away from a large area of time reversal, or perhaps traversing through time.

Originally, the slaughter rule was still in sync with the time, but now, what Long Chen was best at, could already be considered time.

Everything else was still under consideration.

"Eternal Whirlpool!"

Although he was on the third floor of the Tower of Time, because of the existence of the time tunnel's core, he was able to stand at an even higher height and comprehend the Eternal Whirlpool.

"Actually, I don't need to create the entire Eternal Whirlpool. Instead, I need to use a projection to duplicate it, so that the Eternal Whirlpool will appear as a natural law."

Just like how the Living Realm killed and the Death Realm killed.

And also through the core of the Death Realm, to use the power of the Death Realm! In actuality, this kind of rule consumed a lot of Long Chen's energy.

He pondered for ten years.

Ling Xi estimated that she was about to reach the place where the Heavenly God Continent pressed down on.

In Ling Xi's Divine Kingdom, it was still normal time, so the door of time that Long Chen left behind could still exist until now.

One could imagine how many years it would take for a single rule to appear.

When the Eternal Whirlpool was extremely complicated, even after ten years, Long Chen was still able to bring out and use the true Eternal Whirlpool. The degree of control he had could be considered average, and he wasn't really able to create his own Eternal Whirlpool.

"If it were mine, then it would be terrifying. I can change the time of any part of it, and now, although I can do the same thing as absorbing my opponent into the Eternal Whirlpool, my control is a little weaker. It's impossible to change the time accurately in an instant, lock onto the opponent. "

In short, it could be used, but the degree of control was not enough.

However, if he could truly control the time accurately, then it would be at the level of a Great Void Cosmic Dragon!

Therefore, Long Chen was not greedy!

After checking for a bit, ten years had passed, and every single person on the third floor of the Tower of Time had grown by leaps and bounds. Especially the Dragon Emperor, after they had successfully made it to the Unparalleled Dragon level, they had also quickly approached Ling Xi's level.

There was even less of a need to talk about Long Yan. The strength of this little monster was terrifying, she already inexplicably knew the rules that Long Chen knew, yet she was still causing a ruckus on the third floor of the Tower of Time.

Long Chen reckoned that if he didn't find and fuse with the Dragon Soul of the Ancestral Dragon, this little guy would probably surpass him.

There are two more important things

"Cat hasn't awoken yet, he's really unreliable." Ten years had passed, luckily there were time tunnels, otherwise, if he woke up now, even the oriole would have lit up.

Second thing: In these ten years, Li Xuanji was also at the third level of the Tower of Time. The two of them were tangled together continuously and they had not fallen in love a thousand times, which was more than a few hundred times. Finally, just as Long Chen was about to leave, Li Xuanji had a reaction. Just like the former Ling Xi, he had gotten pregnant ...

This made Long Chen extremely happy.

However, this time, the little guy had grown even more slowly. In any case, he still looked like a tiny speck, and it was unknown when he would actually look like a human.

Back then, the movement of his dragon face had been huge, and he had to absorb a lot of things, so Long Chen had to be cautious this time. He was not in a hurry to let this child come to this world as soon as possible, so he decided that no matter where he went, he would bring Li Xuanji along.

"What!"

Long Yan opened her eyes wide.

"I'm going to have a brother and sister soon?"

For a moment, she cheered and laughed, jumping up and down, staring at Li Xuanji's lower abdomen, laughing non-stop.

"What are you laughing at?"

Long Chen was speechless towards this child.

"It's none of your business! Bad daddy, you bullied Auntie Xuanji so much that she cried!" "You're a bad guy."

"..."

Who taught her that?

They returned to the God Kingdom of Ling Xi from the time tunnel.

"Brother Chen, we're almost there."

"Four days is just an instant to you, but ten years has passed for me."

"Any gains?"

"I got a rule, and a child."

Long Chen told her about Li Xuanji's pregnancy. Ling Xi laughed after hearing it, and said: "Now we can let xuanji sister have a taste of this little thing in her stomach."

"We're here."

Time flew by as soon as he came out. In the blink of an eye, it had arrived.

After exiting the Universe Gate, Sky God's pressure was not too far away. He smiled lightly at Long Chen and Ling Xi, and said: "Your speeds are really shocking the heavens and the earth."

"Even less than ten percent of Chaos Clan." Long Chen helplessly said as he looked at the invitation card beside him that he was unable to get rid of.

"Let's go, it's time to take a look at that Chaos Clan, to see what abilities she has."

"Alright."

The other people continued to stay in the Tower of Time, and Long Chen told Ling Xi to go there too. In the blink of an eye, Long Chen brought the Heavenly God Continent pressure and returned to the Pangu Continent. In an instant, all of the strongest experts in the entire Allworld, excluding the Heavenly Law Holy Lands, had gathered together!

"Brother Savage, Patriarch." Long time no see. "

The God of Heaven Lu came out and greeted.

"Everyone, I will be taking the Heavenly Dao Saint Emperor with me."

Long Chen made the best use of this time and set off once again with Ling Xi. In this short amount of time, Ling Xi had already accompanied Yun Che among the time tunnel for more than ten days.

"That Tower of Time is really magical." Ling Xi blushed and said.

He probably heard Long Yan blabbering after entering. This little girl spoke so childishly, but in reality, she still did not know anything.

After Long Chen left, three out of the four Chief Sovereigns looked at each other.

Lu Xin looked at anarchic and laughed, saying, "How was the battle before? I told you earlier, that he defeated a A Highgod in the Perfection Stage who possessed three kinds of Primitive Creation Deity Equipment and a type of semi-origin level, a Creation Divine Equipment when he was still in the Ancestral Star. You just don't believe it. "

Anarchic Demoness said coldly: "Don't mock me, if you were in my place, you would definitely be in an even worse situation."

The Ancient God of the Wilderness said, "Long Chen is indeed the most important person in the future of the ten thousand realms. The four of us are considered to be the four people with the most boundless destiny. However, it was likely that the rest were inferior to him. Someone like him should change the era and bring about a new transformation to the ten thousand worlds. It is the beginning of a new era. "

The Anarchic Demoness said: "Don't talk nonsense, this will depend on the Chaos Clan and the Ancient Giant Demons. Anyway, I don't think it's a good thing. Long Chen can currently be considered as the strongest amongst the five of us, but he is also the greatest threat in the eyes of the opponent. In my opinion, if the Chaos Clan and the Ancient Giant Demons are truly frightening, then he is at most just a cannon fodder. We are all cannon fodder, so this Myriad Realm might very well be the battlefield between the Chaos Clan and the Ancient Giant Demons. Who knew if a hundred years from now, the entire Ten Thousand Worlds would be full of shit? Would it exterminate all living things? "

and Lu Xin were both speechless when such a heavy topic was brought up.

"We are the Ten Thousand Sector lord, and the battlefield is in the Ten Thousand Worlds. Regardless of whether the Ancient Giant Demons behind us have made their move, we must actually suffer a loss. This is especially true for the Immemorial Giant Demons. With their brutality, they will naturally attack the living creatures. That is the most fatal blow to us! To be honest, we are indeed at an absolute

disadvantage. Perhaps, the only way for us to do this is to get out of this mess and sit back and watch the fierce battle unfold. "

The Ancient God of the Wilderness said: "That's not too realistic. These two ferocious tigers will not let our monkey watch the battle quietly. In fact, it's most likely that we will be torn apart and be treated as their food!"

Sky God Lu Xin said: "Enough, don't be so unconfident, don't we have Long Chen. No matter what, his appearance before the great calamity at the end of the era is our greatest hope for the future! No matter what happens to you, I will definitely trust him. "

"I trust him too." The Ancient God of the Wilderness had memories from before, so he naturally believed in Long Chen even more.

"I have to see his performance first. Worse comes to worse, I will lead all of the demon race's elites and hide in the mixed ancestral realm. The other living beings are fine."

Anarchic Demoness was always selfish.

Sky God Lu Wang and Ancient God of the Wilderness were too lazy to advise him.

"Waiting for the old-fashioned Heavenly Dao Saint Emperor to arrive, then everyone will arrive. In a few days, we will be arriving at the Primal Chaos Realm. Are the two of you ready? "

Chapter 3135 - Dragon Sword

Four days, ten years.

This was the benefit of Tower of Time.

Although the increase in power was very limited, ten years was more than enough time for Long Chen to settle many things.

was starting to make a little move, but it would still take a long time.

The others were becoming stronger as well.

Long Chen had already tried his best to channel the spirit energy from the other primitive level worlds into the Tower of Time, but the effects were not obvious. So every once in a while, no matter if it was the people on the Tower of Time level, they would have to come out.

Tower of Time only got the time.

A short ten years wouldn't change anything.

"Looks like Cat should be arriving soon."

Looking at it carefully, it was the time when he needed kittens the most. Especially when he was about to face the Primal Chaos Realm.

"It would be good if the ruler of the Primal Chaos Realm could give us some more time."

However, it was given to him for a month.

They, the five Paragons of the Ten Thousand Worlds, had to reach the Primal Chaos Realm a month ago. They wanted to see just how strong the enemy was that would destroy the Ten Thousand Worlds.

In this ten years of time, Long Chen obtained an extremely important harvest.

That was in the beginning of the Dragon Pagoda.

One day, as he was thinking about the rules, he suddenly thought of the Dragon Pagoda. The Primeval Dragon Pagoda was similar to Ling Xi's divine ring. Even now, it was difficult to truly grasp.

"The Origin Dragon Palace and these three worlds still have enormous secrets."

The Dragon Pagoda was the same.

Coincidentally, he had improved a lot recently, so he carefully studied the Dragon Pagoda. He wanted to rely on his current mental will to charge into the world of the Dragon Pagoda.

Although it failed at the beginning, Long Chen did not give up.

It was as if he was staring at an illusory mist. No matter how much he attacked, there was no end to it. He turned into a divine dragon soaring in the mist. This mist was endless, and although he had the power, he did not seem to have the opportunity to use it!

"What secret is it?"

The more this was the case, the more curious Long Chen became.

In any case, he was currently in the Tower of Time and time was not so tight. The most suitable time was to study it. He put down other things and turned all his attention to the Dragon Pagoda.

"This is the same as the Origin Dragon Palace, both of them were left behind by the Dragon Sacrifice Continent, they definitely aren't that simple!"

When Long Chen used his The Power of the Dragon God of All Things and continuously attacked the Primeval Dragon Pagoda, each time, he was able to quickly dispel the fog. He believed that he would eventually find something.

He was not the same as when he first obtained the Dragon Pagoda.

At that time, the moment his power entered this place, it was like a stone sinking into the ocean. There was no movement at all.

About two years had passed.

After continuously circulating and working hard, by this time, Long Chen had more or less given up. After all, at this time, the Primordial Dragon Pagoda was still shrouded in fog!

But just when he was about to give up and think about the rules, he suddenly saw a small sword in the middle of the sky. It was a small crystal sword, and it was faintly discernable, and Long Chen quickly grabbed onto it!

"Boom!"

Suddenly, the entire world inside the Primordial Dragon Pagoda shook violently. Long Chen was quickly forced out, and the small crystal sword also left his hands and disappeared. Long Chen looked at the Primordial Dragon Pagoda in his hands, and was a little depressed.

"But that sword, what exactly is it?!"

At this moment, the Primordial Dragon Pagoda in his hand was still vibrating, and it began to undergo a tremendous change! The buzzing noise made even the Tower of Time tremble. Suddenly, the Primordial Dragon Pagoda started to change!

On one hand, it was a form of transformation, it was a draconic tower formed from the power of Creation, which was already a Primitive Creation Deity Equipment and was advancing towards the impossible origin level! The power that was born formed into a huge impact, directly making Long Chen roll a few rounds on the ground.

The Dragon Pagoda used to be an illusionary tower, but at this moment, it began to lengthen. It went from a tower to a crystal-like tower.

"It shouldn't be a sword, right?"

This thought had just appeared in Long Hen's mind. He didn't expect that the Primordial Dragon Pagoda would actually transform into a crystal-like sword! It was an extremely pure and beautiful godly sword, as clear and transparent as a gem. There was not a single flaw on the sword blade, and there were engraved dragon patterns. The two godly dragons intertwined, nestling against each other, and that was the only decoration!

The way it looked now was somewhat similar to the Sublime Ancestor Dragon Sword.

Or it could be said that the Dragon Sword was originally created in this way.

Such a magnificent sword!

Not only was it magnificent, but compared to the Dragon Pagoda, this crystal sword had surpassed the Dragon Pagoda and had reached a whole new level! In terms of the nature of the change in the Creation God Power, it had already surpassed all the Creation God Manifestation weapons that Long Chen had seen before!

Of course, except for the unusable Origin Dragon Palace.

Now, the crystal sword had a new level of divine might. Long Chen had felt this kind of supreme quality divine might from the God Curse Ring. If his guess is right...

Right now, the Primordial Dragon Pagoda was already a Creation Divine Creation Artifact with half a origin level!

had instantly transformed from the primitive level to a realm that surpassed the Ghost Blood Curse, the Blood Death Curse and the Great Void Demon Sword.

Originally, the Primordial Dragon Pagoda was superior to them, but now it was superior even more. In front of this Dragon Pagoda, the other God Creation Equipment for the other primitive level were unable to raise their heads and could only submit.

Of course, it can no longer be called the Primeval Dragon Pagoda. It's better to call it 'Primitive Dragon Sword'.

"With the combination of half a origin level and the Eternal Whirlpool, it seems like my abilities have risen another level." Long Chen held onto the new Primitive Dragon Sword, his heart becoming more confident.

Buzz! Buzz!

Any random sale of a half origin level Creation God Creation Art would have a power that far surpassed any other.

Obviously, from today onwards, when the Primordial Dragon Pagoda transformed into a sword, the Great Void Demon Sword and the Ghost Blood Curse, were no longer of much use to Long Chen.

Although Primitive Dragon Swords didn't have attributes like the Ghost Blood Curse and the Great Void Demon Sword, they were even more powerful. Absolute power directly surpassed the bonus attribute.

Then, Long Chen studied the other rules, but didn't have any results for the time being. On the contrary, four days had already passed in the outside world.

Ling Xi had already reached the location where the Heavenly Dao Saint Emperor was and she had returned to her Divine Kingdom before coming to the outside world.

"My mission is done, I should go back and accompany Yan'Er." you have to be very careful. "

"Don't worry, I understand. Life is more important than anything."

Presently, his life was no longer his own. With a wife and children and brothers, he couldn't be too willful.

After Long Chen arrived, Heavenly Dao Saint Emperor appeared not far away. This was the first time Long Chen saw the Heavenly Dao Saint Emperor with his own eyes. The owners of the Hongjun Star Ocean and the Southern Star Region were a white-haired old man.

Dressed in a white daoist robe, he had a clean and tidy appearance. He was in harmony with the Heavenly Dao and with the Holy Dao. The Heavenly Dao Saint Emperor was perhaps the existence most suited to the image of a god in the hearts of the living. It was fundamentally different from the Ancient God of the Wilderness and the Heavenly God's pressure.

"This junior greets the Sage Emperor."

"You are already the leader among us, so there is no need to be courteous to me. I, on the other hand, admire you very much. "

"Time is of the essence. I'll first return to the Pangu Continent with you, senior."

"Fine. It's been a long time since I've seen them face to face."

To tell the truth, it had been at least ten million years since the four Chief Sovereigns had truly gathered together. And they didn't disturb each other.

"This is the Death Realm?"

Although it was only for an instant, Heavenly Dao Saint Emperor was still shocked when he passed through the Death Realm. They had ruled over the Allworld for far too long, and so there were very few things they truly didn't understand.

It was only until recently when all sorts of dangers descended upon them that they finally realized that it was difficult for them to deal with things that were so difficult to deal with when they had reached such a level and ruled over trillions of lives.

"Including you, this is basically a gathering of the most powerful figures of our Allworld."

"For us to be able to move together with the four of you, forget about those pretentious people, at the very least, I feel that no matter what happens in Chaos Clan, we shouldn't retreat. Before the ancient Giant Demons, it is best if there is no war in the Myriad Realms. "

"You're right."

In the blink of an eye, they had already crossed the Death Realm and returned to the Pangu Continent. In Pangu Continent, the Anarchic Demoness, Ancient God of the Wilderness and the Heavenly God Continent were already waiting for Long Chen.

Three Paragons with completely different auras stood in the clouds. They were powerful, but no one on the Pangu Continent dared to make a sound because of their gathering. They couldn't resist their natural suppressive force.

"Heavenly Dao Saint Emperor!"

Anarchic Demoness squinted his eyes.

The four great rulers and Long Chen had finally met!

If not for the appearance of the Chaos Clan, this scene would have basically been impossible!

"Brothers."

The Heavenly Dao Saint Emperor cupped his hands together and landed beside everyone. The four great masters looked at each other, solemn at first, and then, the Heavenly God Continent pressure took the lead. Only then did they burst out laughing.

"We have fought in secret for tens of millions of years, but who would have thought that our cultivation realms were combined together today. What a miracle. "

"No matter what, we are all members of this world. We have our trillions of citizens, and we also have our own homeland. "No matter who it is, taking over our homeland is against us, and cannot be forgiven."

"These personal grudges are nothing in front of the trouble before me. Even if you want to calculate it, it should be after trouble is solved. I hope all of you are still alive at that time. "

Even the most unsociable Anarchic Demoness had said something like that.

Long Chen was very happy that they were able to work together.

"The four of you, from the time everyone received the invitation card until now, it has probably been 25 days or more, and will soon be limited by one month for the other party. Since everyone has decided, let's set out and see what this Chaos Clan can do!"

Chapter 3136 - Goddess

"All Hierarchs of the Demons, Extreme Realm Divine Emperor, listen up. Without my order, no one is allowed to break that invitation. Today, I will head to the Primal Chaos Realm with the other three Chief Sovereigns and our Ten Thousand Worlds' most recent rising expert, Long Chen, to investigate what is going on! Everyone, listen to my orders. "

Before Anarchic Demoness set off, he first made arrangements for the demon race.

The other three Chief Sovereigns had all but made arrangements as well.

The four of them had the greatest reputation in the entire Ten Thousand Worlds. Basically, no one would act rashly outside of their orders.

At present, almost the entire Ten Thousand Worlds knew that they were heading towards the Primal Chaos Realm that suddenly appeared.

The appearance of the Primal Chaos Realm was a top-notch great event in the ten thousand realms, and it had practically spread through all the realms. Now, the news of the Allworld had become even more widely known. There were a lot of people who knew about this.

At the same time, Long Chen's name had once again spread throughout the whole continent. In actuality, the news of Long Chen defeating the Chaos Saint Child had long ago spread throughout the entire Allworld. There was even news recently that Long Chen had fought with the Anarchic Demoness, and in the end, defeated him, which resulted in the latter being willing to act together with them.

No matter what, Long Chen was now viewed as an expert of the same level as the Four Chief Sovereigns by the Ten Thousand Realms.

Long Chen and these four peak existences of the myriad realms had passed through the Death Realm and returned to the Death Realm's Dragon Gate that he had left behind in the Dragon Sacrifice Continent. In the blink of an eye, Long Chen and the four Chief Sovereigns appeared in the midst of the smoke and dust left behind by the Dragon Sacrifice Continent.

A cloud of dust, once a complete world.

The Ancient God of the Wilderness looked around in confusion and asked, "Is this place the former Dragon Sacrifice Continent?"

Heavenly Dao Saint Emperor seemed to be deep in thought, and did not say much.

"Dragon Sacrifice Continent? Long Chen's homeland? A world of destruction. " Other than the Star of Destiny not far away, there was nothing else. As for the divine dragon's origin region, it wasn't that large, so it wasn't that easily discovered.

"You obtained the inheritance of this world? Weird, how come I've never heard of this world before? "

Anarchic Demoness said suspiciously.

He had already guessed that Long Chen had obtained something from some place, like the Primal Chaos Realm. Who would have thought that it would turn out to be such a fragile world.

"This place is indeed my homeland. However, the main thing today was still to go to Primal Chaos Realm. If everyone is ready, we will set off! "

With their current speed, they would arrive at Primal Chaos Realm very soon.

Ling Xi opened the door to the universe, as long as she passed through it, she would instantly reach Lingsu Star Sea. Once she reached Lingsu Star Sea, she would basically count herself as a Primal Chaos Realm.

The five Omnipotent Experts had made their preparations!

For the Allworld!

Protect your home.

"Let's go!"

Naturally, they were willing to be the vanguard to experience the Primal Chaos Realm! Let's see just how strong this Chaos Clan is, and what exactly do they mean!

Passing through the door of the universe, Long Chen exited first. The magnificent Lingsu Star Sea once again appeared at his feet. In the past, the Lingsu Star Sea was a world shrouded in light, but this was not the case now.

Previously, Long Chen thought that the Lingsu Star Sea was very big, but now, he realized that it was simply too small. In Long Chen's eyes, if the entire Lingsu Star Sea was an egg, then on the top of the Lingsu Star Sea, the huge, resplendent and boundless ancient world was just like a giant ball with a diameter of over ten thousand meters.

This was the Primal Chaos Realm!

It was a world of origin level that radiated an incomparably resplendent light in the center of all realms, completely suppressing the light of the Lingsu Star Sea.

"This world is only as big as the Heavenly God Realm, Pangu Continent, Hongjun Star Sea, and mixed ancestral realm combined. Although it has been a long time, looking at the vast amount of spiritual energy it has, the Primal Chaos Realm must be the world of the origin level! "

If they really did draw near, they would be completely certain of it.

The four of them were used to using primitive level, so once they saw this world that completely surpassed them, they were sure that this was definitely origin level!

In this position, it was still not clear what the real Primal Chaos Realm looked like. Long Chen had probably pressed it out. This Primal Chaos Realm was currently surrounded by nine layers of light, and those nine layers of light were like a ball of rainbow, covering a total of nine layers.

The outermost layer was purple, and the purple layer was the largest. Thus, the light was the strongest, with the inner layer being blue, followed by blue and green. If you look further in, you won't be able to see it clearly. However, it could be vaguely estimated that it was red, orange, yellow, green, cyan, cyan, blue and purple. As for the two innermost levels, they should be silver and gold. As Long Chen and the others approached, they could see that various treasures and symbols were floating on the outermost layer of the purple light barrier. They were arranged in an orderly fashion to form a giant defensive diagram.

"Just the nine light barriers alone contain tens of thousands of rules. In the entire Ten Thousand Worlds, the people who can break the nine layers of rainbow and enter the Primal Chaos Realm are probably all here. "

This was only anarchist's estimate.

They might not even be able to break it.

They were still very far away now, if they truly went up, even if the Anarchic Demoness turned into its original form, it would probably only be a speck of dust beside the Primal Chaos Realm. It was not an exaggeration as this was the largest world Long Chen had ever seen, and it was two to three times bigger than the Ancestral Star.

The entire purple light barrier was like a rolling ocean, endless and unending. There were tens of thousands of ordinary suns and moons revolving within the purple light.

RUU!

Before they even got close, they could already hear the enormous rumbling that came from the operation of the formation.

Within the purple color, the blue color was like a storm, howling and sweeping below.

At this point, the four Chief Sovereigns all had solemn looks on their faces.

"Four sirs, why don't you go to my Death Realm first? I alone have a convenient place to conceal myself and make changes, so we can first investigate what is going on."

Long Chen suddenly said.

After all, their five-man team was simply too majestic. It was as if they were going to cause a great war in an instant.

"No problem."

"Sure."

From the moment Ancient God of the Wilderness agreed to it, there was basically no problem with Sky God's pressure and Heavenly Dao Saint Emperor's pressure. In the end, anarchist was too lazy to insist and agreed directly.

"You brat, you have a lot of tricks up your sleeves. I'll let you do it."

Long Chen allowed them to get to the Death Realm one by one, and honestly speaking, any one of the four of them had immense fighting strength, although he had improved, Long Chen was not naive enough to think that he would be able to resist the Chaos Clan just by himself.

He turned into a fragmentary star and used his fastest speed to circle around the purple ocean. Primal Chaos Realm was still mysterious.

"It seems that if I don't go in, I won't be able to see anything."

Thinking about it here, Long Chen stopped watching from the outside world, and started to approach the purple ocean, and of course he was extremely careful. However, he soon discovered that there was only one way to pierce through this violet ocean; to force his way in.

"Let's give it a try."

The four Chief Sovereigns all shared similar views.

"Alright."

The moment he came into contact with it, he was as if a stone had been thrown into a calm lake. In an instant, he grew from a young age to a big one, and with just a slight movement, he actually caused an enormous wave in the entire purple ocean!

Rumble rumble rumble!

Endless waves rolled forth, and a large amount of the sun emerged from the depths of the sea.

"I can devour these things."

This was the message Mo Xiaolang gave Long Chen.

"This isn't the right time yet. We have to wait for an opportunity."

The problem Long Chen was facing right now was that he must have alarmed the world, at least the nearby existences. Right at this moment, a ferocious pressure pressed down on Long Chen's body. A super strong warrior was awakening in this purple ocean!

"What evil creature!" How dare you barge into my Primal Chaos Realm! "

This was a delicate reprimand, and although the sound was not bad, the destructive force contained in the voice could directly cause a Extreme Realm Divine Emperor's soul to scatter!

BOOM!

That terrifying existence instantly arrived at Long Chen's feet, rushed out from the purple sea, and stood in front of Long Chen! The first thing Long Chen saw was his silver grey hair fluttering in the wind ...

He instantly captured the information of this person.

This was a Chaos Clan, a woman who could topple all living things. In his memory, she was similar to the Chaos royal clan, her skin was a silver-grey. But even so, not only did it not make her look ugly, it even gave her an exceptionally captivating sense of beauty. A pair of seductive silver-gray eyes, thin and cold red lips, and pointed ears were all the most perfect art in the world. Especially her tall and straight figure that was brimming with power. It was even more explosive and spicy.

This woman, was actually one of the most ferocious and brutal type that Long Chen had ever seen. Just from her figure alone, she seemed to be extremely aggressive, and her gaze was like that of a ferocious beast, able to intimidate the heavens and earth.

She did not have much clothing to adorn her body, but instead wore a set of silver armor, steel boots, and like a female war god walking out of the bright moon, her divine armor overflowed with vibrant colors. It seemed simple on the surface, but it was actually filled with the radiance of trillions of battles.

Beautiful women, silver hair, iron armor, icy coldness!

"Primitive Creation Deity Equipment!"

At first glance, Long Chen could tell that the God Armor which was flowing with light and overflowing color, which made this woman have a superior temperament, was actually a type of Creation Divine Artifact for primitive level! Moreover, it was quite rare and belonged to the defensive type.

Generally speaking, the existence of defense type Primitive Creation Deity Equipment meant that she most likely had another type of Primitive Creation Deity Equipment used for her attacks!

From her left eye, Long Chen saw a bright silver river of stars with billions of shining stars. On her right eye, what he saw was a sea of chaos and nothingness. But it was filled with countless possibilities.

Of course, the other party was also deeply shaken when she saw Long Chen. He was clearly a Divine Emperor, but he had made her feel a sense of danger.

This was a goddess that no one could conquer.

Chapter 3137 - God Lord

"Who are you? Quickly state your name!" Otherwise, I will have to deal with you as an intruder! "

The Chaos Clan Goddess stared at Long Chen with his cold and charming eyes. Tens of thousands of killing intent surged like a tide, causing Long Chen to be trapped in a violent storm.

When the opponent was able to compete with him in terms of aura and divine might, Long Chen understood clearly in his heart.

"This Chaos Clan, even an existence guarding the gates, is a Hierarch of Perfection?"

In the Death Realm, the Anarchic Demoness was completely speechless. The other three Chief Sovereigns looked at each other, and the Heavenly Dao Saint Emperor said. And the time that it was born must have been much shorter than us. He hoped that this man was one of the few Rankers in the Primal Chaos Realm. If there are too many experts of this type, we will be in trouble. "

The five of them were the strongest forces in the entire Ten Thousand Worlds. If the five of them were easily suppressed here, then the Ten Thousand Worlds would no longer need to fight back. They would have to directly submit.

"You idiot from the Ten Thousand Worlds, didn't you hear what I said?"

The ice cold woman pressed down and gradually got closer to Long Chen. Her body was like a gigantic beast that covered the sky, as though she would erupt at any time.

Silver armor, silver hair, cold eyes, hard boots. There were also places that the armor could not block, revealing the delicate and alluring skin.

When the lady was approaching, Long Chen was indifferent, his main goal here was to probe, so he cupped his hands and said: "Miss, my name is Long Chen. It was someone from the Ten Thousand Worlds. Primal Chaos Realm suddenly descended to the Ten Thousand Worlds and I was just in the vicinity, so I came over to take a look. "

"Are you done looking?" Once you're done reading, scram. If you want to enter, then crush our God Lord's invitation card. Don't waste my time here. " The goddess-like Hierarch was still cold to the bone, his face filled with impatience.

Long Chen asked: Why? I'm right next to the Primal Chaos Realm, so you can just go in directly. Why would you need to shatter the invitation from your 'God Lord'? Since it's an invitation card, then this means that the Primal Chaos Realm has invited us here. This is the way your Chaos Clan treats guests? "

The so called Divine Master was probably the Lord of Primal Chaos Realm.

Obviously, the person who was called the Divine Master by the Goddess in front of him was the number one expert of the Primal Chaos Realm. Its abilities, at the very least, exceeded those of the Origin Ancestors, and it was also the person Long Chen feared the most.

After hearing what Long Chen said, the Silver Armored Goddess actually seemed like she had heard a joke. In her eyes, Long Chen was just like a country bumpkin, she could not help but mock him: "You're really ignorant. Firstly, this Chaos diagram of nine colors was personally laid down by our Divine Master and the various Chaos Saints, including me, over ten million years. If you want to be able to enter, then my Primal Chaos Flame Dance will be yours. Secondly, although your world is vast and boundless, now

that the God has descended, this place is under the God's control. You are all God's subjects. "Thirdly, although it's an invitation, do you really think that I would invite you all here for tea and wine?"

From her words, Long Chen and the four Chief Sovereigns could draw out a few pieces of information.

The strongest in the Primal Chaos Realm was the Lord of the Chaos. Beneath it should be a few Chaos Saints. And this woman in front of him, the Primal Chaos Fire Dance, was probably one of the Chaos Saints.

"Chaos Saint is probably the Hierarchy of Perfection. Then, that Lord of the Chaos might have already arrived at the The Supreme Divine of the Extreme Realm. Of course it can also be a very strong A Highgod in the Perfection Stage. "

This situation was more or less what Long Chen and the others had guessed. After all, it had already been determined that the Primal Chaos Realm was from the origin level world. In that case, if it was a normal case, it should be the case for the strong among them. The same was true for the Heavenly Divine Realm and Pangu Continent. One was extremely powerful. However, the Primal Chaos Realm was a level higher than the Pangu Continent!

The world was the foundation of the strong!

Only Long Chen was not a Ranker who was born and rising to fame in this world.

"I just wonder, how many Chaos Saints are there?"

"The difference between the origin level world and our primitive level world is actually the difference between our primitive level world and our Eternity world. It wasn't an exaggeration to say that a single primitive level world, surpassed five Eternity worlds. Of the five profound worlds, there were usually five Hierarchs, and about five of each world with primitive level. However, we are still in the primitive level World ... "

In the ten thousand worlds, the level of the world and the level of the powerhouses were evenly balanced. This was almost a law. This also proved that the strong were born from the world and attached to it. Although it was possible for two A Highgod in the Perfection Stage to be born in a single primitive level world, the probability wasn't high. Most of the time, the Ten Thousand Worlds followed that law.

Even in the world of origin level, Primal Chaos Realm. It was also a super strong formation.

In other words, a single Primal Chaos Realm could support a single Divine Master.

"Based on this analysis, this world of origin level definitely surpasses the four of us. To pass through four primitive level worlds, was equivalent to surpassing ten thousand worlds! In other words, the number of A Highgod in the Perfection Stage s, Beginner's Realm Hierarch s and Divine Emperor s here exceeded the sum of all the ten thousand realms. In the entire ten thousand realms, we need to add at least one more Divine Master in order to be equal to the number of experts in the Primal Chaos Realm? "

Anarchic Demoness's face turned ugly.

"We'll know whether it's a guess or not when we enter." Although this ' Chaos diagram of nine colors' is majestic and powerful, we are only charging in, not destroying it. It's not that troublesome. " The eyes of the Empyrean God Lu Zhe were the most powerful eyes of the entire Allworld. If he swept his gaze over them, he would be able to roughly see what the crux of the formation was.

Outside, Long Chen and the Primal Chaos Fire Dance were in a stalemate.

He actually knew quite well what the Chief Sovereigns were discussing. However, no matter what, they had to personally rush in and take a look. At the very least, he had to show them some respect. Don't let them think that they were that easily bullied!

"Hey, I give you two choices. First, get out of my way, don't disturb your grandma's mood! "Secondly, hurry up and shatter your invitation card, don't be so squeamish like a woman!"

Seeing Long Chen's silence, the Primal Chaos Flame Dance was infuriated. However, this was the first time she saw someone from the Ten Thousand Worlds. He was actually slightly curious in her heart. Of course, due to the difference between Primal Chaos Realm and the Ten Thousand Worlds, he was still proud in his heart.

Long Chen could also tell the attitude of the Chaos Clan from how rampant this Primal Chaos Flame Dance was.

"Her personality is somewhat similar to chaotic star field's. Chaos royal clan might even be their descendant."

Since she was arrogant and despotic, looking down on others, Long Chen was too lazy to bother with her. At this moment, his gaze turned grim, and his aura soared. Previously, it had all been an attack from the primal chaos fire, but now his will erupted and he retreated, causing the primal chaos fire dance to groan in pain.

"My choice is — I would actually like to challenge this Chaos diagram of nine colors. See if it's that hard. Do you have any objections? "

In front of the Primal Chaos Flame Dance, it was as if Long Chen had suddenly turned from a sheep into a wild wolf.

That fiendish, majestic, something that he hadn't seen in a long time! This caused Chaos Fire Dance to be astonished at first at Long Chen's bravery, but after that she witnessed Long Chen's aura. Her voice also became extremely cold as she said word by word, "Not bad, you actually interpreted the word 'stupidity' in such a vivid manner in front of me. I heard that your Allworld has four Chief Sovereigns. But they are all just at A Highgod in the Perfection Stage's level of strength. Even though you are disguised as the Divine Emperor, you are probably one of them. Tell me, who are you? Empyrean God Land Suppression? Ancient God of the Wilderness? Heavenly Dao Saint Emperor? Or are you some kind of scoundrel grandpa? "

She actually thought that Long Chen was one of the four great rulers.

In the Death Realm, Anarchic Demoness was so angry that he almost rushed out. Why is it that when the three of them called him by their names, he would become the bastard ancestor?

"This also shows how arrogant the Chaos Clan is to the point that she doesn't put us in her eyes."

The Empyrean God Lu Wang was speechless.

Outside —

Long Chen really wanted to break this Chaos diagram of nine colors's defense to get in, but this primal chaos fire had to stop him. He said, "I'm not one of them. It's just that I'm a nameless nobody from the Ten Thousand Worlds. I'm going to rush into your array. Excuse me, are you trying to stop me?"

"A nobody?" It seems like you like to joke around! However, this didn't matter! Since you're here to cause trouble, then as the guardian of the array, do you think I should stop you? Not only will I stop you, I will make you kneel in front of me for the rest of your life! Stupid people of ten thousand worlds, you will never see your own weakness and ignorance! I know that sooner or later, all of you will offend the higher ups! Today, my Chaos Clan's first battle with you and the rest, will start with my Primal Chaos Flame Dance! "

As he said this, the Silver Armor of the Primal Chaos Flame Dance shone brightly, the silver light completely engulfing the Primal Chaos Flame Dance. A silver ocean appeared in front of Long Chen, the boundless silver light piercing into his body like a divine creation artifact!

"If I defeat you, I can challenge the Chaos diagram of nine colors, right? Since that's the case, then I won't be polite. But don't worry, we Ten Thousand Worlds want to be peace-loving and reject disputes. Even if I defeat you, I won't harm you in the slightest. It would only be a mere spar, and I believe that it wouldn't be able to harm the harmony between the two of us. primal chaos fire dance, was that right? "

"If you can defeat me, I'll be your granddaughter!" Responding to Long Chen was the extremely confident and angry voice of the Primal Chaos Fire Dance. In that instant, within the silver light, another silver ray of light pierced out. Through the layers of light, Long Chen saw a silver long spear in her hands!

It was resplendent, yet also bizarre like a vortex. Within the long spear were far too many things. It was as if there were trillions upon trillions of worlds, countless creatures, all of them capable of transforming this creation of a divine artifact into life.

"It's another type of Creation Divine Artifact with primitive level!"

"There's been a lot of new Primitive Creation Deity Equipment appearing recently."

"It already exists. It's just that you've just seen it. It can't be considered to be new."

Long Chen's Creation Divine Equipment mostly came from the Ancestral Star. And this primal chaos fire was in itself owned by the Primal Chaos Realm.

"Equal to the scales! "Primordial Azure Tooth!"

"Primitive Creation Deity Equipment, does your Ten Thousand Worlds have it?" The primal chaos flame Wu was dressed in the silver moon armor, waving the silver long spear in her hand, Cang Ya. Outside of Primal Chaos Realm, there was a huge silver whirlpool. The rays of light were like waves of waves, and in the deepest part of the light, was the proud and aloof appearance of the primal chaos dance.

To Primal Chaos Flame Dance, Long Chen claiming to be wanting to break into the Primal Chaos Realm was a complete joke.

"Since I'm going to scare you, then don't hold back, Starmoon's Tears!"

In the middle of that silver sea, Chaos fire Wu shouted out. Her right arm held the chaos fang, and on her left wrist, nine different colored cores suddenly appeared. These were nine incomparably shining star gems. They formed a bracelet and tied onto her smooth arm. For a time, the nine gems were like real stars that revolved around the dancing arms of chaos fire!

"This is the core of the nine Eternity realms. To use the core of the Eternity World to create such a divine artifact is simply too extravagant. "

Before the battle had started, the Primal Chaos Flame Dance had brought out three types of God Creation Equipment that belonged to primitive level. Her goal was naturally to scare Long Chen senseless in this regard. It was true that the three types of Creation Divine Artifacts of the primitive level, especially the Tears of Star which were formed from the nine core of the Eternity, had brought about an enormous shock to the four Chief Sovereigns!

Out of the four of them, no one had ever possessed a Creation Divine Weapon with three primitive level.

"Long Chen, be careful."

Due to the concern of the Ancient God of the Wilderness, he had no choice but to remind Long Chen.

"You have to pay attention to Tears of Stars in particular. This Creation God Creation Skill is even more terrifying than the other two."

Silver armor, long spear, bracelet!

Originally, she thought that she could scare Long Chen with just this, but she didn't expect that Long Chen wouldn't react at all.

"Pretending to be calm?"

Chaotic Flames Wu's entire body was cold, her body was as hard as iron, at that moment she had instantly twisted her waist, releasing an unfathomable amount of power, dancing with her chaotic blue teeth, as though dancing with billions of stars, she instantly attacked Long Chen!

An opponent on par with the four Chief Sovereigns!

Of course, Long Chen would not overestimate himself.

However, he still had to let the Four Great Overlords see what the true strength of the Chaos Clan was. This time's mission was to become familiar with the opponent.

"Scram!"

In the midst of the illusion, the Primal Chaos Flames pierced through the Green Tooth of Chaos. Silver rays of light exploded forth, suppressing the purple sea below.

"nine star series!"

Seeing that Long Chen still did not know what was good for him, Primal Chaos Fire Wu's face froze.

"Stars?"

That's right, the current Primal Chaos Fire Dance was purely based on the rules of the stars.

"She estimates that there are two types of laws. The silver star is one of them, and the other should be more common in the Chaos Clan."

The stars of the Primal Chaos Fire Dance naturally surpassed the Astral dragon of the demon race, revealing an even stronger set of star laws to Long Chen! When the Primal Chaos Blue Tooth pierced out, nine huge silver stars suddenly appeared between Long Chen and the Primal Chaos Fire Dance. Every single silver star was formed from an endless destructive force, as if they were summoned here during the Primordial Era!

"Break!"

The Primal Chaos Blue Tooth pierced out, piercing into the first silver star. In the blink of an eye, nine stars exploded consecutively, charging towards Long Chen!

"You're the one seeking death, don't blame me!"

The Primordial Fire Dance gritted her teeth as the laws of the stars suddenly erupted. These nine Primordial Stars were the primordial divine relics passed down in the Primal Chaos Realm. They were passed down to the Primal Chaos Fire Dance, and they were transformed by her into the laws with extraordinary power!

In the instant that the ancient planet was destroyed ...

Long Chen roughly understood the power of the laws his opponent possessed, and had allowed the four Chief Sovereigns to understand their opponents more. The Ghost Blood Curse instantly appeared in his hand, without saying a word, Long Chen slashed out!

The rules of slaughter and of karma converged on the sword, transforming into the metaplasia. As countless star fragments attacked them, the terrifying might of these stars exploded and created a new path for the metaplasia.

Wherever it went, even the most destructive of star powers would directly cause Long Chen to collapse! Disperse! The power of the metaplasia penetrated through the nine star series, as though it carried the danger of death with it.

Just by this rule alone, Long Chen was suppressing the Primal Chaos Dance of the Fire! Honestly speaking, he had the ability. In the entire Ten Thousand Worlds, other than the people from the Primal Chaos Realm, Long Chen was ranked first! Number 1 for all worlds!

If they couldn't even match up to the Primal Chaos Fire Dance, then the five of them would be even more of a part of Primal Chaos Realm.

The metaplasia's Sword Qi soared into the sky, breaking through the nine star series and instantly killing Chaotic Flame Dance. The remaining might was still vast, and with the first attack, it made Chaos Flame Wu's cold face change greatly, but in that moment, she recovered her composure and allowed the metaplasia to attack her body!

Swish!

The metaplasia struck the silver moon, creating a dazzling vortex. It was a vast nebula that seemed to contain billions of stars as it swallowed the metaplasia.

Pop!

When the nine star series completely shattered, Long Chen's metaplasia had also been engulfed. Under the protection of the 'Silver Moon' Primitive Creation Deity Equipment, it had not been harmed in the slightest.

However, even so, the appearance of the Ghost Blood Curse and the powerful impact of the metaplasia, were enough to change the appearance of Long Chen in the eyes of the Primal Chaos Flame Dance. Right now, she held the Primal Chaos Azure Tooth in his hand and once again appeared before Long Chen's eyes. His eyes erupted with a thirty thousand meter brilliance as the two types of Law Energies engulfed his body, showing the great accomplishment of the Primal Chaos Flame Dance!

"For you to be able to resist me ... you must be one of the four Chief Sovereigns. It just so happens that I have to see what abilities you, who are known as the Chief Sovereign, have! "

Just the metaplasia alone was not enough to scare the primal chaos dancing. With a delicate shout, her explosive figure twisted like a silver snake, flashing through the endless stars. An even greater aura descended!

It was as if Long Chen had felt the descent of another type of law.

"Everyone, watch carefully."

Her entire body was brimming with the arrogance and pride of the Chaos Clan, but now that she had abruptly appeared, she was still holding the Primordial Azure Tooth in her hand. However, at this moment, the stars on the Primal Chaos Fanged Fang disappeared, and in their place was a primordial destructive force!

"Primordial Chaos!"

Chaotic Flames Dance turned the spear into billions of shadows, which formed a gigantic world with no end and trapped Long Chen. This was a world filled with mist from the ancient times. That silver mist filled all the space and formed into a monstrous mist, sweeping towards Long Chen!

"No Living Realm?"

Even though Long Chen knew that this wasn't the Living Realm less, the rule in front of him was somewhat similar to the Living Realm less. The silver colored aura was a type of destructive aura. As long as one was exposed to it, there would be an endless amount of it, until Long Chen was completely destroyed!

"This ... this should be her second rule. This is the fundamental rule of the entire chaosworld: chaosworld."

The four Chief Sovereigns had a certain level of understanding regarding this.

Rules were born in the world.

For example, every barbarian on the Pan Gu world possessed a Pan Gu body. A Pan Gu body was a kind of rule. A natural rule. And Primal Chaos Realm was the same.

"The Edicts of Primordial Chaos are soundless and formless. It came from the ancient times, and was passed down from generation to generation. It had a myriad of uses. It was a supreme rule. "For example, this primordial fire dance's usage of these rules is quite good."

"The Chaos Clan should be much more terrifying than what we imagined."

As they discussed, the Primordial Chaos imprison Long Chen in a world of endless destruction. Within that aura, it is like there are countless blades and swords, and hundreds of millions of weight is applied to Long Chen's body!

It seemed that the demons of primal chaos were also such a rule, but the two were slightly different.

Buzz! Buzz! Buzz!

The power of the laws were frantically being squeezed, and the Primal Chaos Fire Dance was definitely watching coldly as Long Chen resisted. He was right in a corner of the Primordial Chaos. Long Chen seemed to see the cold smile on her lips.

"Break!"

When the Primordial Chaos was just formed, besides the Ghost Blood Curse, Long Chen also had the Heavenly Demon Sword in his hands.

"Destiny Killing Technique!"

A streak of sword-light disappeared into the primordial chaos, as if it had never existed. Even the Dance of the Chaos didn't notice this attack.

"Bold, ignorant, ignorant, a frog in the well, it is time for me to refine it." In the dark, a cold and arrogant smile hung on the corners of Huo Wu's lips. At this moment, an invisible sword light suddenly pierced through the air!

"What power is this? "Time!"

Although Chaos Fire Dance was extremely shocked that Long Chen had found his place and was shocked that the rule could actually break through to this place, just like the metaplasia, she was still confident in his Silver Moon!

But this time, the power of destiny and time had struck the dancing of primal chaos unscathed. This was the most bizarre of laws, it immediately penetrated a portion of it! In a daze, at least half of his body froze and turned into jade ...

"Ugh!"

Chaos fire Wu couldn't believe her eyes. Just now, her spirit had suffered a huge blow.

"Why!? What kind of rule is this? It clearly didn't break my silver moon, but it still attacked me!
"Moreover, within these rules, there are actually two types of laws. Could it be that he can fuse these two types of laws together?"

"Who exactly is this Long Chen!?"

It was the first time since she became a A Highgod in the Perfection Stage that she had such a critical combat skill. But up until now, she didn't have the upper hand and had instead been at a disadvantage!

She mocked Long Chen for not having a Creation God Equipment, and now that Long Chen had taken out two Primitive Creation Deity Equipment, it was as if he had ruthlessly slapped her smooth face!

Once the Destiny Killing Technique was used, Long Chen naturally broke through the terrifying Primordial Chaos Rules. This kind of rule that had immense killing power was like having no Living Realm, it was best not to randomly receive it.

"You!"

Chaotic Flames Dance appeared from the light with murderous intent in its eyes.

Chapter 3139 - Lunastron Prison

"Just who are you!" Right now, Primal Chaos Flame Dance could no longer look at Long Chen with contempt in their eyes.

"Didn't I tell you?" My name is Long Chen. "

Chaos fire Wu squinted her silver-gray eyes. Her eyes were as cold as ice. In fact, her heart was like a volcano, full of anger.

Right now, Long Chen looked to be even younger than her. Although the Primal Chaos Flame Dance had repeatedly told his that he was one of the four great rulers, she had a general idea of who the four great rulers were, so he knew in his heart that Long Chen was actually not one of the four great rulers!

And it was because of this that this proud Chaos Clan felt defeated!

However, the Primal Chaos Fire Dance didn't believe it!

"It doesn't matter who you are. You angered me today, so that means you're going to die!" The Primal Chaos Fire Dance transformed from a battle intent into a killing intent.

Long Chen laughed, and said: "What are you talking about? If I anger you, you will die? To tell the truth, it was a piece of cake for me to kill you. I only played with you when I saw that you were hot. You're angry, but it's nice. Of course, if you anger me, I might really kill you. "

"Are you trying to take liberties with me?" The primordial flame dance was so angry that it was laughing.

"No, I'm teasing you." Long Chen said calmly.

"Die!"

In that moment, Primal Chaos Fire Dance exploded. Long Chen had a very deep experience in igniting the other party's emotions. As expected, it wasn't under his control. In just a few short sentences, the Chaos Flame Dance unleashed the ultimate move that she could use!

"It just so happens that I can let the Four Great Overlords see just what the greatest abilities of this Chaos Clan are." Long Chen thought.

Seeing the Primal Chaos Fire Dance erupt, Long Chen did not move at all. He even folded his hands, as if he was watching a performance of the Primal Chaos Fire Dance. This posture could completely ignite the fire energy of the Primal Chaos Flame Dance.

"Tears of Stars!"

Nine stellar nucleus s rotated between her hands, and under the control of her hands, they instantly erupted, revealing nine enormous planets. This was a world that was simply comparable to Eternity, and in the face of this kind of world, Long Chen was like a speck of dust!

A little bit of dust that had been crushed!

"Star Moon God Prison!"

The nine planets surrounded Long Chen in the middle, allowing him to be at the core position. This was a real world, which was different from the nine star series! It was at this moment that the nine true worlds began to connect!

A streak of silver light passed through every planet, connecting the nine enormous Eternity worlds into a string, forming a gigantic ring, trapping Long Chen at the center!

"There are traces of the first set of s here, as well as the second trace of the Primordial Chaos. Looks like it's just like me, who is going to fuse two different types of laws? "

nine star series, full of murderous intent!

The Primordial Chaos was descending once again, and this time at the center of the nine star series!

nine star series, a whole world of nine great Eternity. Abruptly, nine rays of starlight, like the sharpest sword beams, pierced towards Long Chen at the same time. At the same time, Primordial Chaos descended, suppressing!

Honestly speaking, the laws of the Divine Star and Moon Prison had indeed reached the peak of ten thousand worlds.

The four Chief Sovereigns speculated that if they were in his place, they would have to expend all of their power in order to resist this technique. Although Long Chen was indeed toying with the Primal Chaos Fire Dance, the four Chief Sovereigns did not dare to tease him.

At this moment, they had a true understanding of the tyranny of Chaos Clan!

"Long Chen, be extremely careful!"

Within the Death Realm, their concern was transmitted.

"Don't worry."

It was only until this moment that Long Chen finally smiled faintly.

In that moment of life and death, he crossed his arms as if he was strolling in a garden, ignoring all the surrounding mountains that were collapsing and the earth cracking. Even the Ghost Blood Curse and the Great Void Demon Sword disappeared by his side.

"Scared silly?"

The entire world seemed to be submerged by the immense power of the Star Moon God Prison. The primal chaos fire danced in the sky as it revealed a cold smile.

Until the moment when he was about to be destroyed ...

"Eternal Whirlpool."

From Long Chen's mouth, he gently spat out these words.

Billions of kilometers away, the time tunnel and the Everlasting Whirlpool, as if they had been copied by Long Chen, instantly descended. In an instant, an endless whirlpool, that seemed to be no different from the genuine Everlasting Whirlpool, appeared!

Honestly speaking, this spiral was like a hat for the Primal Chaos Realm. One could imagine how huge it was. But of course, the size of the Eternal Whirlpool naturally wasn't limited to just that.

And ten thousand times the time.

The enormous change in time that Long Chen could slightly control.

In the Death Realm, when this Eternal Whirlpool appeared, even the anarchist couldn't help but cry out in alarm. He was naturally most familiar with what this Eternal Whirlpool was.

"I never thought that Long Chen would actually be able to use that Everlasting Vortex here!"

While the anarchist was still in shock, the other three had been carefully observing.

In the Eternal Whirlpool, the surging tide of time seemed more like a tidal wave than the purple color of the Primal Chaos Realm. In that instant, the Star Moon God Prison looked extremely small before that.

It was instantly submerged.

The nine star series and Primordial Chaos were about to kill Long Chen, but after they got close to him, time began to slow down to the limit. Long Chen had just casually walked away from them, and such a rule was completely wasted.

As the destructive power descended, it was as if an incomparably magnificent flower had bloomed on top of the Eternal Whirlpool.

"Long Chen!"

The Primal Chaos Flame Dance was forced to another corner by the huge waves of time, completely losing control of the Divine Star Prison. She was aware that she was in an extremely slow time zone!

"How can this be!"

Chaotic Flames Dance's face was pale white. Although it was difficult for it to control its own body and stabilize itself, it was completely dumbfounded. Such a massive world, such a massive time-varying region, it was hard for her to understand just what had happened!

"This is a rule!" Is this the power that a rule can create?! "That's impossible!" Chaotic Flames danced in the air, almost crying as tears welled up in her eyes. Her face was filled with panic and defeat. Right at this moment, Long Chen's incomparably quick movements appeared in front of her!

Swish!

He almost bumped into the primordial flame dance.

"Sorry, I did not manage it well either. But it's enough to take care of you. " After making sense of himself, Long Chen raised his head. A faint smile hung on his face, as he calmly watched the Primal Chaos Fire Dance in the midst of the vast and chaotic ocean of time.

"You and I."

The Primal Chaos Flame Dance was breathing heavily, its towering chest was heaving. The rhythmic movements of its entire body still gave it a sense of beauty, as if it was a vigorous cheetah. Her silver eyes were cold and trembling.

But, she was still not willing to lose, she simply could not admit that there was such a terrifying expert, and when Long Chen came down, she turned and ran!

"You can't escape. You have lost! "

In an instant, Long Chen appeared before her eyes, and thrust out!

"Scram!"

However, in an instant, she felt a sharp pain in her chest. Looking down, the silver moon was actually easily penetrated, and because of the heavy injury, it retreated back into her body, causing the skin on her chest to be pierced directly by Long Chen. The tyrannical power transmitted by the Creation Divine Artifact rushed into the Primal Chaos Flame Dance's divine body, causing a large amount of destruction!

That's right, it was a Primitive Dragon Sword.

The Ghost Blood Curse and the Great Void Demon Sword still can't pierce the silver moon.

At this moment, to the Primal Chaos Fire Dance, this was a double attack!

One, the opponent had actually injured him and destroyed Silvermoon.

Second, even though Long Chen quickly put it away, she could still clearly see that it was another God Creation Art! It was the third type of Primitive Creation Deity Equipment that Long Chen had revealed, but it was also the most terrifying type!

"What are you ..."

Looking at Long Chen, she realized that he could no longer escape, and was now completely in Long Chen's control.

"What the hell does that have to do with you?"

Long Chen waved both of his hands, and the entire Eternal Whirlpool disappeared in an instant.

"You!"

"What about me? You've lost. Don't deny it. I'm only proving to you that I can really kill you. Don't believe it. Then, if I charge through this Chaos diagram of nine colors, will you still stop me? "

Of course, Zhang Xuan couldn't kill him yet. For the time being, he had no grudges against him. Now, the Chaos Clan had not attacked the Ten Thousand Worlds yet. Long Chen did not want to give the other party any reason to attack the Ten Thousand Worlds.

She looked at Long Chen fiercely, wishing that she could eat the person in front of her alive. However, the terrifying crystal-like sword edge and the Everlasting Whirlpool just now made her heart tremble.

"Just who is he? If he isn't one of the four Chief Sovereigns, then how could he be so powerful?!"

She still stood in front of Long Chen, blocking his eyes. No matter how fierce she looked, Long Chen still maintained a calm and impeccable expression.

The Primal Chaos Fire Dance could only admit that she had indeed lost. The person in front of him was extremely strong.

"But, no matter how strong he is, he's still a person of ten thousand realms. There's no way he can be compared with my Chaos Clan! It was even more impossible to compare with the God! Why should I

care about him? Since he wants to challenge it, then let him do it. Anyway, it's not like I'm the one who will be embarrassed! "

"Don't blame me for not reminding you. Our Chaos Clan did not invite you to challenge this Chaos diagram of nine colors. The moment the Divine Master gets angry, you can invade our Chaos Clan. At that time, you will die a graveless death."

"You've already reminded me." Long Chen moved away from her and headed towards the Chaos diagram of nine colors.

"You really must preserve your life. Let me tell you, today's victory does not mean anything. One day, my Primal Chaos Flame Dance will defeat you and tear you to pieces!"

Long Chen turned to look at this person, but he was also a proud and arrogant person, so he was too lazy to bother with him. Time will tell what the future holds. Whether this Ten Thousand Worlds belonged to them or to the Chaos Clan, or the Ancient Giant Demons, or had been digested by the Heaven-Devouring Race, time would tell them.

Chapter 3140 - Devouring the Sun

"Tell me the truth. In truth, there is no need at all for you to challenge this Chaos diagram of nine colors. Firstly, this Chaos diagram is the collection of all our Chaos Clan's' rules of the Primal Chaos'. The attacks you endure inside are definitely much more terrifying than mine! Whether you can hold on to your life is a matter of uncertainty! "Not to mention going through it."

Although the Primal Chaos Flame Dance no longer had the commanding tone, its attitude was still superior.

"And then?" Long Chen had actually already made his preparations. He could clearly feel that the Chaos diagram was filled with billions of rules of the Primal Chaos, forming an enormous wave that swept in every direction.

Primal Chaos Flame Wu puffed out her chest and said coldly: "Our Divine Master has given invitations to every one of you who has the slightest bit of ability. It's precisely because you outsiders are unable to pass the Chaos diagram. So you can go directly to my Primal Chaos Realm's interior. After all, our Chaos diagram of nine colors is used to defend against external enemies, it's impossible to stop them. Yet,

despite clearly opening the gates for you, you still chose to charge in from the side. Are you stupid? We tried to make things easier for you guys out of good intentions, but you refused? "

"Don't fool me. Where are we going after entering? Why can't we contact people from the Ten Thousand Worlds after entering?" Long Chen asked coldly.

"Unable to contact him? Then there can only be one reason, and that is that our Chaos diagram of nine colors is truly too strong. With the help of the Chaos diagram of nine colors, it is normal for you all to be unable to contact each other. "

This might be true, because even if it was the Heavenly God Continent, they wouldn't be able to see the true situation of the Primal Chaos Realm at this time.

"That's good. Once we enter, this Chaos diagram of nine colors will be like a prison, allowing us to enter. We won't be able to get out."

Chaos fire Wu laughed. She laughed beautifully and said: "According to what you said, even if you tried to break in, you would still end up in this prison right? "Stupid."

To be honest, it would indeed take a lot of effort for Chaos diagram of nine colors to charge in.

It was possible that he might actually die.

So after considering for a bit, Heavenly Dao Saint Emperor said: "Long Chen, you have these two realms of life and death, even if the gate of the universe is restricted, it won't be restricted, so I suggest that we use the invitation to enter. After all, even if there is danger, you can quickly escape, and most importantly, we have to quickly obtain the Primal Chaos Realm's information."

From a rational point of view, the Chaos diagram of nine colors was not easy to enter, and it might not be of any use.

"I don't think so! This Chaos Clan is too arrogant, she doesn't even put us in her eyes, that thing might be called an invitation, but it is actually an insult to us! I feel that she has to at least have some backbone. If she used that invitation card, she would yield, and she would be willing to be captured by the Chaos Clan. We must make a big scene and give them a show of force! "

This was anarchist's view.

They were rational and impetuous.

As for Ancient God of the Wilderness and Lu Xin, Ancient God of the Wilderness supported Heavenly Dao Saint Emperor's suggestion, while Sky God Lu Xin supported anarchist.

"Long Chen, you decide."

Long Chen's character was indeed similar to anarchist and the pressure of the Heavenly God Continent.

Now, he gazed at the purple ocean of Primal Chaos Laws below, then turned his head to look at the magnificent primal chaos flames, and said in a deep voice, "Four sirs, I have decided to go out for a while." It's not only to establish our dignity, don't let the Chaos Clan underestimate you. There's another reason, four of you will know soon enough. "Other than that, please help me, Brother Lu Ya."

"Alright."

Both options actually had their own benefits. Furthermore, the Chief Sovereigns also wanted to see the other reason that Long Chen had mentioned.

"No problem." Lu Xin said in a straightforward manner.

Long Chen's intention to descend upon the purple ocean was extremely clear. Seeing that Long Chen did not know what was good for him and had even foolishly tried to barge through this Chaos diagram of nine colors, Primal Chaos Fire Wu became even angrier, a ball of anger burning in her throat.

"I will not cry until I see the coffin."

In the blink of an eye, Long Chen had already left her field of vision and rushed into the purple colored ocean.

There was no sign of him.

"Grandfather, he really went in. What should we do?"

A voice sounded in her heart, "As I expected."

"He asked for it. There are still rules within the Chaos diagram! He was courting death. Who would have thought that the people of the Allworld would be so stupid! Grandfather, his fate was most likely to be the tragic death of him in the Chaos diagram. "

"Just watch." the voice said.

"Grandfather, he humiliated me like this. Even if he survived, you must punish him severely in order to dispel the hatred in my heart."

When Chaos Flame Dance thought of Long Chen, the flames of anger in his heart burned hotly.

"Little Wu, you're not young anymore." We cannot continue to deal with problems with the temperament of a child. "

"Grandfather, I know!"

Every time he said that, the dance of primal chaos got tired of him.

"In that case, this person is most likely the strongest cultivator in the entire Myriad Worlds. They were even above the four Chief Sovereigns. In my opinion, he has a type of Creation Divine Artifact with half origin level. It's the one that finally pierced your Silvermoon. "

Indeed!

The primordial flame dance also anticipated this.

However, she still smiled and said, "Grandfather, the strongest expert of the Ten Thousand Worlds is only at this level. Although this Ten Thousand Worlds is vast, it doesn't have a single expert. This place is destined to be your land. is the world of our Chaos Clan. "

Speaking of which, the voice said, "That will depend on this year's Allworld Godfiend Bestowal. A battle, or a battle to the death. "Since we're here, we should make some noise and change the situation. After all, we are outsiders, we should do something too extreme in the beginning to scare off these little guys."

"Grandpa is wise!"

Long Chen was presently in a purple colored ocean. The environment inside was extremely similar to the Primal Chaos Dance's primordial chaos rules. It was a destructive environment with countless waves sweeping across it.

"Long Chen, I already saw where the eye of the formation is! But there are a lot of them! You need to at least break through dozens of Formation Apertures before you can reach the next blue area. However, I estimate that it will take a lot of time, and it looks like we won't be able to reach the Primal Chaos Realm within the time that the Lord of the Chaos has set. " The eyes of the Empyrean God Lu Wang made it easy for him to search for anything.

"Brother Lu Feng, what I'm looking for isn't the Formation Aperture."

What Long Chen had said was outside of the four Chief Sovereigns' expectations, and was a matter of urgency. They never thought that Long Chen would make such a strange decision, and, they had to say, the Chaos diagram was simply too dangerous!

That was why it was so powerful. In this kind of place, Long Chen's easiest way of dodging was to instantly rush into the Death Realm! It was because of this!

He waited for the aftershocks of the Ancient Code to pass and then exited the Death Realm!

Just a moment ago, the Primal Chaos Rules transformed into a huge purple lion that charged towards Long Chen. Its power was not inferior to the Primordial Chaos and it was impossible to dodge the Divine Fate Arts this time.

Long Chen had hidden himself into the Death Realm and only then was he able to escape this calamity.

"Phew ..."

Long Chen travelled back and forth in this purple ocean.

"Long Chen, what exactly are you looking for?"

Black clothes, black hair, and pure black eyes. He was a clean and handsome youth, and time had not left any traces on his body. He was still the same as when Long Chen had met him earlier.

"Let me introduce him to the four of you. This is my second brother." His name is Mo Xiaolang. "

Long Chen appeared in the middle of the Death Realm. He first introduced the place, then said: "Big Brother Lu Ya, help me find the position of those suns in this purple ocean."

This sun that was rolling in the gigantic purple ocean was formed from a gathering of divine flames. Moreover, it was an incomparably large amount of divine fire.

In the entire Chaos diagram of nine colors, there were tens of thousands of suns.

They were all fire essence, and although they were not as good as days of refinement, they were still of great use to Mo Xiaolang.

"Although I don't know what you two youngsters are up to, I'll look for your craziness!"

After all, this purple ocean was simply too vast. If he didn't search for it, it would be very hard to find it.

"I found the first one. It's over there!"

Long Chen immediately rushed out, using his extremely high speed to charge forward!

"Perhaps at this time, all the true experts of the Primal Chaos Realm are watching us closely!"

"Then, let's give them a surprise!"

If their gazes could penetrate into the Chaos diagram of nine colors, they would naturally be able to see Long Chen's goal. But according to Long Chen's estimation, not many people could come in, most of them were just watching for fun!

"Over here!"

If he wanted to devour more suns, he needed to be even faster!

"Charge charge charge charge charge!"

After about fifteen minutes, Long Chen finally saw a huge, limitless sun in front of him. It was comparable to a world, and its entire body was purple, emitting dense purple flames.

To others, this was the Chaos diagram of nine colors's energy source. To Mo Xiaolang, this was food.

"Wolf."

Long Chen pulled the little wolf out from the Death Realm. When he saw the huge sun in front of him, Mo Xiaolang's eyes went wide. It instantly transformed into a gigantic Sun Devouring Demonic Wolf that charged forward. Under the astonished gazes of the four Chief Sovereigns, it looked like a heavenly dog eating the moon. However, it was devouring the sun, and was able to bite a huge hole in it with a single bite!

Before long, the entire sun had been swallowed into Mo Xiaolang's stomach. Currently, his body was burning with boundless purple flames.

"Big brother, next."

"Alright."

Long Chen threw him into the third floor of the time tunnel, giving him enough time to digest the flames. Then, under the guidance of the God of Heaven, they headed to the location of the next sun.

Just like that, one after another.
