

## War God 3161

### Chapter 3161 - Miracle

Ice Aeon affected the Primal Chaos Realm.

Beneath the ice, time seemed to come to a standstill. Primal Chaos Ghost Dance was an Ice Xue Nv King that was dancing in the ice and snow.

And at this moment, Li Xuanji, who had originally held the upper hand, was instantly exposed to the extreme danger.

Beneath the river of ice, her long, ink-black hair was already covered in a layer of white frost, causing the snow and ice in the sky to flutter about like the white fur of a huge beast.

However, even under such a dangerous situation, under the cheers of the Chaos Clans, her expression was still as cold as ink. She knew how important this battle was to Long Chen and the entire Ten Thousand Worlds.

All the losses and humiliations she had suffered before, she had to return to Chaos Clan today. She was the type of person that was tenacious to the point that she wanted to accomplish something. Although it was silent, she was someone who would definitely put her life on the line.

"Xuanji!"

Long Chen's voice sounded in her heart!

"I know."

Under the terrifying might of the Ice Aeon, Li Xuanji quickly retreated backwards.

"Eternal Whirlpool!"

The rules of time were like the tide of a vast ocean. With Li Xuanji at the center, it spread with a terrifying speed. That eternal vortex of the time tunnel that belonged to Long Chen was born from his body!

In a short instant, the entire Divine Master Continent, all space was filled with the Eternal Whirlpool!

As a result, the twisted power of time traveled through all space and spun between the heavens and the earth. Whether it was the Ten Thousand Realms Gods, Demons, or Chaos Clans, they all tumbled within this vortex, and the Primal Chaos Ghost Dance of the Ice Aeon was even more so the center of this eternal vortex!

"This is not Long Chen."

The current Li Xuanji was simply the Long Chen of before. Whether it was the Primitive Dragon Sword or the current Everlasting Whirlpool, they were both methods Long Chen used to swiftly defeat him back then!

But because of that, she became even more interested in Li Xuanji. Even though she was in the middle of the tempest of time, her burning gaze was still fixated on the center of the Eternal Time Vortex, Li Xuanji, who looked blurry and blurry at the same time.

"What power!"

"Time?" It actually reached such a level? "

"How is this possible!"

On the Chaos Clan's side, under the effects of the same time and energy, everyone's face was filled with shock.

At this moment, time was like a stormy sea, ten thousand times the normal amount of time, it was possible to increase or decrease by ten thousand times the amount of time! Li Xuanji was not able to reduce the number of times she could resist the Ice Age or the Primal Chaos Ghost Dance by tens of thousands of times, but she could completely release the time of one passage in an instant by tens of thousands of times!

"Whiz!"

This was a speed that was countless times faster than the laws of space when compared to instantaneous teleportation. In an instant, no matter how short a moment was, Li Xuanji had completely disappeared from the attack range of the Primal Chaos Flame Dance, or even completely disappeared from her perception!

The Ice Aeon, when completely struck the air, had no effect whatsoever other than freezing the space around it once again. The Everlasting Whirlpool still continued and Li Xuanji, who had become dust, once again appeared before the eyes of the Primal Chaos Ghost Dance unharmed.

Heavenly Netherpassage Realm!

The laws of hallucination were like maggots attached to bones. Mystic Ghost Dance's complexion had already become very ugly. She struggled to resist the Heavenly Netherworld realm while also swaying in the Eternal Vortex, unable to control her own speed! And her opponent, Li Xuanji, was completely unscathed!

She never thought that Li Xuanji would be so hard to deal with! She was confident that she could easily annihilate her opponent, but in the Eternal Vortex and the Heavenly Netherpassage Realm, the biggest question was whether or not she could attack Li Xuanji!

This was a huge problem that had been detected by all the Chaos Clan.

"What in the world is going on with this woman? She has a type of illusory rule, a type of temporal rule. Although she doesn't have much destructive power, her power is so great that it would take quite a bit of time for Saint Dancing Ghost Saint to deal with her."

"These are all unorthodox methods. Attacking is the foundation of the strong. Watch closely, as long as Saint Dancing Ghost Saint has even the tiniest bit of an idea, then it would be the moment of this woman's demise."

Regarding this, Chaos Clan was still very confident.

Honestly speaking, both the Heavenly Netherpassage Realm and the Eternal Whirlpool were rapidly depleting Li Xuanji's strength. Although the Primal Chaos Ghost Dance knew that it wouldn't be for long, what she wanted more was to completely destroy Li Xuanji in an instant!

"I've underestimated you!"

Chaotic Ghost Dance said coldly. It was cold to the extent where it reached the deepest part of Li Xuanji's heart.

Just from the move of the Ice Aeon just now, the Primal Chaos Ghost Dance had completely surpassed the Primal Chaos Immortal vault. It was a pity that Li Xuanji was not that easy to hit.

"I won't be polite!"

After discovering that Li Xuanji was difficult to deal with, she instantly rose from the state of sparring to the highest state, which was a kind of fight to the death. Only by doing this could she break through this troublesome Eternal Whirlpool and Heavenly Nether Realm, and defeat Li Xuanji! Otherwise, she would be extremely unhappy!

Li Xuanji was too similar to her, so similar and difficult to deal with opponent, but Chaotic Ghost Dance's heart was already filled with killing intent. She really did not think that other than Long Chen, there would be another Ten Thousand Realm Divine Demon that was so hard to deal with. Even if she were to fight against the four Chief Sovereigns, it would probably be a little easier. The four Chief Sovereigns didn't have the two methods, Heavenly Nether Realm and Eternal Whirlpool, nor did they have the Primitive Dragon Sword with half a origin level!

At that moment, the cold light in Chaos Ghost Dance's eyes shifted onto provenance corundum. Without even needing her to say anything, provenance corundum erupted with colorful energy and poured it into her body, instantly raising her level and allowing her to reach the pinnacle of her life!

"I had originally thought that I would not need to use the provenance corundum today, but I have to say, Long Chen's plans were not bad."

Chaotic Ghost Dance knew that everything that Li Xuanji had done was created by him, but that did not matter. What she wanted now was to defeat her opponent, otherwise, the glory and splendor of the Chaos Clan might end up in her hands.

With the support of the provenance corundum's power, Chaotic Ghost Dance's body instantly erupted with rainbow light. That peak power had descended, and even the nearby Eternal Whirlpool was trembling under that power. Even the power of time itself couldn't stop Chaotic Ghost Dance, let alone the opponent's time!

"It's over."

Primal Chaos Ghost Dance held the provenance corundum in both hands.

"Let's give it a try."

Before this, Long Chen had already told Li Xuanji about the bold idea he had in his heart, which was said before he entered the arena. No one knew what would happen, but now that Long Chen had reminded him, Li Xuanji knew what to do.

To be honest, with the Primordial Divine Sword and the provenance corundum's Primal Chaos Ghost Dance, even if Li Xuanji had everything Long Chen had, she would still be defeated in a direct confrontation. Prolonging the time was not good, so Li Xuanji's odds of winning were rather small, but she could only guess, as Li Xuanji still had a huge chance of winning!

"We must succeed, we must win!"

This was Li Xuanji, it was Long Chen, the cry of all the Ten Thousand Realm Gods and Demons. The Chaos Clan had trampled over their dignity, they wanted to take revenge on their own!

"Wait!"

Just as Primal Chaos Ghost Dance was about to attack again when Li Xuanji suddenly said these two words, which caused Primal Chaos Ghost Dance to be a little baffled. In this situation, could it be that she was going to admit defeat?

What answered her was Li Xuanji's actions.

Under the curious gazes of the Chaos Clan, Li Xuanji's divine body transformed. In a short instant, under the laws of the Myriad Illusion Shadow, she changed into the appearance of a Primal Chaos Ghost Dance!

Now that he was relying on the Primitive Dragon Sword, he might be able to make full use of the century of ice. Of course, it was also a kind of duplication, and its power would definitely be inferior to the other party's for countless of years.

However, transforming everything into a primal chaos dance was not about using the other party's rules, but ...

Even Long Chen found it hard to differentiate between the two of them. The only difference was that one of them had a body covered in seven-colored light. Even Li Xuanji's strength had been transformed to be completely similar to that of the Primal Chaos Ghost Dance!

Right at this moment, Li Xuanji made a move that stunned all the Chaos Clan s.

"provenance corundum, grant me your power!"

BOOM!

Under Long Chen's longing and nervous gaze, the provenance corundum trembled yet again, and almost as if the power from earlier rushed out from within. It descended onto Li Xuanji's body, and actually fused into the Chaos Clan's blood!

A miracle!

He succeeded!

Forget about the others, even Long Chen himself was suffocating.

The only reason why it was successful was that the rules of the Ancestral Dragon had gone against the heavens. Legend has it that other than transforming into other Ancestral Dragons, the Shadow Dream Charm Dragon could transform into anything else. When Li Xuanji transformed into the Chaos Clan, the degree of its transformation was astonishing, and even the provenance corundum was unable to differentiate between the two!

"Impossible!"

Even the Lord of the Chaos was somewhat speechless at this moment.

Every single Chaos Clan looked at Li Xuanji with trembling eyes! They knew that Li Xuanji wasn't Chaos Clan at all, but her rules were simply heaven defying. For Chaos Clan, this was an extremely dangerous signal, and provenance corundum was their greatest reliance. But now, her power had actually been used by her opponent!

Actually, this also proved that the Lord of the Chaos did not control the provenance corundum. Otherwise, even if Li Xuanji turned into a Chaos Clan, without the permission of the Divine Master, she wouldn't have the support of the provenance corundum.

In that instant, it was dead silent!

Under the rainbow-colored light, the two Primal Chaos Ghosts looked at each other in the dead silence!

The only difference was that one was a Primitive Dragon Sword and the other was a magnificent Primal Sword!

His guess was correct, it was Long Chen's biggest gain from this battle. Without the advantage of the provenance corundum, the current Li Xuanji could just as well wash away his shame!

"Xuanji!"

It was once again due to the boundless motivation within Li Xuanji's heart that she reminded him this time. Under Long Chen's roar, her eyes suddenly turned blood-red, carrying the wrath and dignity of a Ten Thousand Realm God, and all of her power was focused on the Primitive Dragon Swords!

That was when Chaos Clan was at her most depressed.

This was also the moment when the primal chaos ghost dance was shaking the most!

Li Xuanji gritted her teeth as she grabbed onto the Primitive Dragon Sword with both of her hands. The three types of power from the Ancient Code madly rushed over and gathered onto the Primitive Dragon Sword, and now, before the true primal chaos ghost dance exploded, Li Xuanji had actually reversed and attacked ahead of time. Her targets were the Eternal Whirlpool, Heavenly Nether Realm, and the extremely shocking primal chaos ghost dance!

Victory or defeat might be decided at this moment.

Chapter 3162 - Everlasting Ice Sealing Holy Sword

From the moment Li Xuanji transformed into a Primal Chaos Ghost Dance to the moment she absorbed the power of the provenance corundum, she unleashed a terrifying killing move.

Before this, Chaos Clan had thought that Li Xuanji would only know the Eternal Whirlpool and the Heavenly Nether Realm. There was simply no strong enough rule to destroy her opponent.

Of course, the Chaotic Ghost Dance, which had been tormented by the Eternal Whirlpool and the Heavenly Netherworld, also felt the same way.

This time, it was the first time Li Xuanji had showed up because of the rules that she had comprehended! The Primitive Dragon Sword fused three different types of rules. Death, life, and calamity erupted at the same time. The three types of power brought about by the bloodline of the Ancestral Dragon had perfectly fused together!

Blood, green, and gray, the three types of energy gathered together!

Currently, Li Xuanji, who was surrounded by the nine colored light, had long ago become the focus of the Chaos Clan s.

"How is this possible!?"

"of our Chaos Clan!"

Before he could finish his words, the rule Li Xuanji had charged to his limits had even been released before the Primal Chaos Ghost Dance.

"Infinite Life-Death Tribulation!"

This was the first time it had been achieved on Li Xuanji. Especially after the power of the provenance corundum was absorbed, Li Xuanji had instantly soared up, to the extent that she had even surpassed Long Chen!

The infinite cycle of Life and Death was a ring-shaped sword-light. It was like reincarnation cycle, constantly rotating. The cycle of life and death was endless! As soon as the natural law was unleashed, killing intent and murderous aura filled the air. It was like the rage of an Ancestral Dragon, and as it radiated light, the Eternal Vortex was torn apart.

"Phew!"

Long before the endless apocalypse of life and death had occurred, when she saw Li Xuanji absorbing the energy of the provenance corundum, she took a deep breath, her mind becoming extremely tense!

No matter how huge the impact of this matter was, Chaotic Ghost Dance was forcefully suppressed. Without saying anything further, she brandished the Primordial Divine Sword, as she had originally planned to rely on the provenance corundum to kill Li Xuanji. Even though the situation had changed greatly, it did not change her determination or her steps.

In the endless ice-cold, the Chaos Ghost Dance danced with her sword, tearing open the Eternal Whirlpool, just like a fairy in black and ice. The Primaltwin's sword burst forth with a light radiance that was no weaker than a Primitive Dragon Sword's!

"Holy Sword of Eternal Ice!"

The laws of primal chaos and ice merged together. As the Primal Chaos sword pierced through the air, countless amounts of gray energy of chaos condensed into ice around the blade. After the destructive energy condensed into ice, it possessed extraordinary lethality!

Without a doubt, this was the most terrifying killing move of the Primal Chaos Dance, and also the place where she feared the most when she heard it. Suddenly, all of the chaos energy froze into ice, instantly increasing the size of the Primal Chaos sword by a thousand times!

Beneath the effects of the Everlasting Ice Sealing Holy Sword, as long as it was struck, it would be frozen for all eternity, to the point that it was practically similar to the Silent Curse. This move of the Primal Chaos Ghost Dance, combined with the power of the provenance corundum, was already not any weaker than the Silent Curse the Origin Ancestor was using!

At this time, the Primal Chaos Ghost Dance was equivalent to a super ruler of the same level as the Origin Ancestor!

In an instant, the endless calamity that came from Li Xuanji and the eternally frozen holy sword that was the Mystic Mist.

Fortunately, this was the world Primal Chaos Realm of the origin level. Otherwise, even in this world of the primitive level, a destructive blow would be inflicted upon everyone here, and a single regular battle would be able to easily kill millions of lives. For example, the frost power attack this time had already caused a huge impact!

"Break!"

With things having gotten to this extent, she couldn't care less whether her opponent had the help of the provenance corundum or not. Her only goal was to defeat Li Xuanji!

The Holy Sword, the power of primal chaos burst out. It was swift and unstoppable. Wherever it went, space and time were frozen and shattered!

However, what shocked the gods, demons, and Chaos Clan was that the endless cycle of life and death was simply immortal. It was endless, and even if it was frozen for a short period of time, it was still endlessly reborn, even growing in size. The more one fought, the braver it became, the more destructive the Eternal Ice Sealing Holy Sword would be!

Ding!

Everyone could see with their own eyes that countless cracks had appeared on the originally undamaged Everlasting Ice Sealing Holy Sword. But then, it exploded in the next moment. That endless tribulation of life and death had completely destroyed the rules of the Primal Chaos Ghost Dance, striking the true Primal Chaos Divine Sword!

Clang!

An earth-shattering piercing sound!

Even if Primal Chaos Ghost Dance used the Primal Chaos Divine Sword to block, it was still struck by the endless life and death tribulation coupled with the power of the provenance corundum, causing the endless life and death tribulation to enter its body. For a moment, the endless life and death tribulation transformed into trillions of lives, killing into Primal Chaos Ghost Dance's divine body that was as vast as the starry sky.

"Ugh ..."

However, in reality, she had already suffered a terrifying heavy injury. Her life was completely in Li Xuanji's hands, and as long as Li Xuanji could control the limitless power of life and death in her body, she would be able to instantly destroy her.

The most obvious thing was that both of Chaos Ghost Dance's hands were trembling and she was unable to hold onto the Primal Chaos Divine Sword. In reality, her face was already deathly pale, and it was only because of her veil that she was unable to see clearly for a moment.

Everything came to a standstill.

The Heavenly Nether Realm and the Eternal Whirlpool had disappeared at this moment.

The entire space became peaceful all of a sudden, leaving behind Li Xuanji facing the Primal Chaos Ghost Dance, and Li Xuanji was no longer Chaos Clan, but her original appearance.

Many people actually hadn't seen what had happened clearly, but the trembling of the Primal Chaos Ghost Dance and Li Xuanji's indifference, were evidently telling them the outcome of this battle!

However, this was simply a dream! To the Myriad Realms Divine Demons, if they were ordinary mortals, it would be like they had been poor for half a lifetime, suffered for half a lifetime, suddenly picking up a large sum of money and making a fortune. That excitement and absent-mindedness caused them, as the Divine Emperor and the Hierarch, to feel incredulous.

"This ..."

Many people were startled.

However, Long Chen knew what was going on. This was the Infinity Deadly Calamity, the rule that he was the most confident in right now. This was the result of fusing three types of rules together. These three types of rules surpassed both of the rules of the Primal Chaos Ghost Dance.

It wasn't just a tribulation of life and death; it was a complete fusion of the three natural laws of life, death, and tribulation, creating an endless cycle of reincarnation. Just like Long Chen himself, its tenacity was extraordinary. As long as the Eternal Tribulation was not instantly defeated at the start, the battle would only grow fiercer and fiercer, until it completely crushed and destroyed the opponent!

So, even Li Xuanji, who used her first time, did not expect herself to create such a grand occasion!

But she calmed down. After the battle ended, she still had the power to handle the endless tribulation of life and death. Facing the Ghostly Dance of the Primal Chaos, which was still struggling with all her might while gritting her teeth, Li Xuanji said something that made the Chaos Clan s despair.

Your life and death is in my hands. There's no point in struggling.

Chaotic Ghost Dance lifted her head and stared coldly at Li Xuanji with dead eyes. She coldly said, "You said that since you have control over it, then so what?!"

She had not even finished speaking when Li Xuanji's eyes changed. The endless tribulation of life and death had already changed tremendously and wreaked havoc on the body of the Primal Chaos Ghost Dance, and in that instant, the entire Primal Chaos Ghost Dance cried out in pain. Even as a Chaos Saint, she had lost her composure.

"Alright, our Chaos Clan lost this battle. Congratulations, you have become a miracle for your side. " Lord of the Chaos was the one to make the final decision, and let all the Chaos Clan realize this fact!

At this moment, the Ten Thousand Realm God and the Chaos Clan had completely different reactions! On the Chaos Clan's side, some were furious, some were depressed, and some were embarrassed. On the other hand, on the side of the Ten Thousand Realm Demon God, after feeling disbelief, they, who had been suppressed to the limit, finally cheered!

As of this moment, no matter how powerful a Hierarch was, or how powerful the four Chief Sovereigns, their eyes could only fill with tears! They lost too badly! They had lost all hope! They were here to accept the fact of their defeat! But in this battle, something miraculous had actually happened!

Under Long Chen's arrangement, Li Xuanji won!

Even the Lord of the Chaos admitted it!

Finally, they were able to lift up their proud heads in front of Chaos Clan. At this moment, they basically did not need to strike back at Chaos Clan, and did not need to use words to take advantage of him. Li Xuanji's victory, was like slapping Chaos Clan in the face, causing all their arrogant expressions to be forcefully pulled back.

"Me!"

She had indeed been affected by the fact that Li Xuanji was able to use the power of the provenance corundum, which slightly affected her performance a little. Otherwise, things might not have ended up like this.

She had completed her mission. When she turned around to look at Long Chen, Long Chen saw her happiness and the beads of sweat on her forehead. She had endured too much in this battle, but at least she had completed it.

"I'm proud of you."

Long Chen pulled her back.

"Stop joking around. If I win, I will be using your power and your rules. It's not that I've won, it's that you've won." Li Xuanji rolled his eyes at her, but it was extremely charming, causing Long Chen's heart to race.

Flames of Chaos danced in his eyes.

She had been acting arrogantly in front of Long Chen's eyes for such a long time, yet Long Chen had never fought back against her, but this scene, this victory or defeat, was Long Chen's counterattack. At that moment, Primal Chaos Flame Wu's face was burning with pain, not only because the other party had won, but also because Long Chen had become arrogant again.

With that look, it was as if there was fire burning all over Huo Wu's body. She was so angry that she drowned herself. She tightly clenched her fists, and both of her eyes were about to burst out in flames.

"Huo Wu!" It was only at this time that Long Chen had already brought the Ten Thousand Realm God Demon, and was preparing to leave this place.

Just as he had said, today was only the beginning.

Chapter 3163 - Change in the Fate of Karma

The battle of the Primal Chaos Ghosts was the greatest surprise of the entire war. To the Chaos Clan, they had actually lost a seemingly simple battle.

Thinking back to their previous mockery of the Myriad Realm Gods and Demons, the Chaos Clan felt their faces burning. Although no one was willing to accept it, their defeat had already become a reality!

Originally, they had thought that today would be the end of the battle. They had been prepared to celebrate, but now, all they could do was swallow their joy. Under the gaze of the Allworld Fiendgods, they felt as though there were ants crawling all over their faces.

He didn't even dare to raise his head.

"What are you all so nervous about! It was just a win! What is it? Could it be that there was still a way for them to win against God? If that was the case, why would they need to challenge him? Wouldn't it be fine if we just start fighting! "

Primal Chaos Flame Dance was furious and couldn't help but turn around and scold the Chaos Clan s.

"They have already lost a battle. No matter what, defeat is their fate. If they lost another match, the outcome would be set. Forget about the Divine Master, even my uncle Chi Xiao and my father, are they doing well? "

Under the explosive sound of the Primal Chaos Fire Dance, the Chaos Clan's eyes lit up. Today's defeat was too sudden, they had to be measured. However, when he thought about it carefully, it was true. This was just a desperate counterattack. What did it matter?

"Holy Saint Huo Wu is right. A servant is a servant." What are we worried about! "

"Seriously, they actually dared to be arrogant in front of us even after winning a single match. This group of idiots is truly ridiculous."

After being scolded by the Primal Chaos Fire Wu, they recalled that in the following battles, the ones who stopped Long Chen and the rest were the three strongest existences in the Chaos Clan, so what was there for them to worry about?

For a moment, the Chaos Clan s were all arrogant and sneering. Even if the Myriad Realms Fiendgod were to win this battle, they would still look down upon them.

Of course, there was no point in speaking any further. What was important was the following battles.

Just as Long Chen was about to leave, Primal Chaos, the strongest of the two Chaos Saint s, who had a tall and sturdy stature and a rough and wild beard that covered almost half of his face, said with a rough and domineering voice, "Long Chen, I'm guessing that you won't deal with me in five days, right?"

The flames themselves were incomparably hot, making it difficult for the Primal Chaos Scarlet Clouds to approach. The flames soared to the skies, but because of the mysterious nature of the Primal Chaos, after merging with the flames, it created a miraculous state. The might of the flames were still there, but the feeling was not that hot.

Even so, the Primal Chaos Scarlet Firmament still gave off a terrifying feeling. Compared to the mysterious Chaos Ghost Dance, it was even more terrifying. His abilities were probably past Origin Ancestor's.

"Why?"

Long Chen asked indifferently.

He said with a loud voice, "It's simple. You are proud and arrogant, and the opponent you want is at least my big brother. I saw the look in your eyes. It seems that you have set your sights on my big brother. Even if you cannot take out the existence that will deal with my father, you must still beat my big brother and save your face, right? "

Chi Xiao smiled, revealing his dazzling white teeth. His beard was simply too thick, even his mouth was hard to see.

"If you're so sure, then what's the point of asking."

Right now, the Allworld Gods, Demons, and Chaos Clan were all paying attention to their conversation.

Chi Xiao waved his hand, and said: "I just want to know, who exactly is my opponent? Very curious. I haven't fought in a long, long time. Right now, I am very afraid, very afraid. I know that your target is not me, so I'm worried that if you can't find a strong person to send me an opponent, then there will be no meaning at all. "

Chi Xiao was just like the former Long Chen, a battle maniac. Long Chen had never lacked an opponent, but Chi Xiao was an opponent that the other seven Chaos Saints were all looking forward to meet!

But, by Long Chen's side, were there anymore?

At first, they thought that the Allworld only had four Chief Sovereigns. After that, the addition of Long Chen was already shocking enough.

During the battle, Ling Xi had appeared again.

How much more?

Facing Primal Chaos' question, Long Chen said blandly: "Don't worry, I will give you a pleasant surprise."

"I hope it's not shock. At the very least, he is even more miraculous than this young lady today. " He had to say it out loud. He was truly worried that there was no one left on the Ten Thousand World God's side, making it difficult for him to perform properly.

"Chi Xiao, don't get too excited. If you lose, this fight will be fun." He looked just like a scholar, refined and refined. Although the god in chaos looked like a scholar, he had a dark heart and he was like a ghost in the depths of the world. However, Hundun Shenwu did not.

No matter what they said, the outside world had always been filled with Tower of Time for a very long time, so Long Chen had brought the Ten Thousand Realm Gods and Demons back with him.

When he returned, Li Xuanji had already merged into Long Chen's body to rest. In the boundless universe, all the Divine Emperors and Hierarchs looked at Long Chen with admiration, and even revered him.

"Unbelievable." When Heavenly Dao Saint Emperor said these four words, it made clear what everyone was thinking.

Long Chen said: "Everyone, today we have already done our best, there are still three battles ahead, as long as we do not lose completely, we still have a chance, right?"

Originally, no one had any confidence.

Now, with Long Chen, he finally had some confidence! Of course, Hundun Shenwu, Chi Xiao, and the others still had a chance of victory. As for the Lord of the Chaos, he was simply too mysterious.

However, as long as they could win two more rounds, even if they lost in the end, they would still lose in glory. At the very least, Long Chen had helped them to regain their lost dignity.

Thus, at this time, everyone had forgotten about victory and defeat. Their hearts were filled with nothing but faith.

"No matter what happens in the future, we will manage the next battle! We must win the next battle. " If he kept watching the battle at the back, he would be overthinking it.

"Yes sir!"

After this battle, Long Chen's position as the leader of a myriad of worlds was confirmed like never before. Not only was he powerful, he had three figures who were comparable to Chief Sovereigns, and all three of them were more powerful than the combined number of Chief Sovereigns combined.

"Speaking of which, it's really shameful. We four old fellows lost in battle, but we two little girls won. This old guy really has no choice but to accept it!"

Anarchic Demoness had not been so harmonious with Long Chen and the others in the beginning, but now, he was convinced from the bottom of his heart.

"Ancestor, it was an accident on provenance corundum. If you leave provenance corundum, you might not lose to them. Even if we are defeated in the end, we will only be defeated by the provenance corundum. "

Long Chen said.

"That's right, this group of arrogant Chaos Clan s is simply borrowing strength from the outside."

Time was limited, Long Chen had to prepare for Hundun Shenwu's battle. Currently, Mo Xiaolang already knew the news of Li Xuanji's victory. He was still immersed in the awakening of the Code;

Primal Chaos Scarlet Xiao, Hundun Shenwu, and finally the Lord of the Chaos. At this time, Long Chen still had not given up on his hope of winning. In the first two battles, Long Chen at least had a lot of confidence in himself. Mo Xiaolang would fight it out, but for Lord of the Chaos, it all depended on whether Cat could wake up in the next forty years or so!

Three thirteen and a half years.

Mo Xiaolang was preparing, and Long Chen was preparing as well. For example, today's Nether Realm and the endless tribulation of life and death all displayed incomparable strength, especially the endless tribulation of life and death, whose might could only be described with astonishment. This was simply the peak of Long Chen's law!

However, he was not satisfied with his current condition.

He still wanted to climb higher!

Therefore, he began his closed door cultivation to study the other rules. Now that they had reached the Eternal Whirlpool, it would be rather difficult for them to temporarily breakthrough. The endless tribulation of life and death had fused with slaughter, life, and tribulation. He then focused his attention on the three rules of karma, fate and change.

Of these three rules, besides Karma having a certain degree of lethality, Fate and Transformation weren't very good at dealing damage. However, each of them seemed to have their own type, making it difficult for them to breakthrough.

Even if one comprehended new rules, it would still be difficult to play a decisive role on the same level as the Heavenly Netherpassage Realm, such as the Eternal Vortex or the Endless Fate Tribulations.

"Therefore, fusing with the laws is a path you must walk."

He set his goal.

At first, he had only used twos and twos. However, he grew bolder later on. With the experience of endless life or death tribulation, he had thought, why not just use three different types? Causality, fate and change.

However, it was not easy to find out the relationship between the three kinds. At least, it was not as easy as the endless life and death tribulation.

Karma exists everywhere, like a dense cluster of thread. It is densely packed together, and the slightest movement can change anything. Fate is actually not a straight line. Rather, it is the possibility of danger in the future.

Finding the connection between the three of them and establishing a point was the first thing to do.

However, this did not seem to be easy.

Therefore, he had to take the time to think.

After a long period of time had passed, Long Chen finally stopped to think.

After a long while, he still couldn't figure it out in his heart. This made him understand that some rules were not something that could be easily thought through. What he needed was sudden insight. Sometimes insight was important.

Therefore, Long Chen gave up cultivating to accompany the people he protected, accompany Ling Xi, Li Xuanji, and accompany his cute daughter, Long Yan. He was also waiting for the kitten to awaken.

"This unreliable guy, it's always like this." Long Chen could only sigh.

Occasionally, he would think of the Karma, which had caused him to become the current him. Fate is my future path. "Change is between karma and fate. Change of karma, change of fate, or change of rules is like the rules of disaster. Tribulation is the bridge between life and death. Change is the link between karma and fate."

Chapter 3164 - Only the heavens can be defied

Thirteen years of time wasn't enough to complete this rule.

But Long Chen was not in a hurry.

In fact, if not for the fact that the Chaos Clan had descended too suddenly, he would have had an endless amount of time to study the rules after obtaining the time tunnel.

After facing off against Hundun Shenwu in the future at least, he had a certain amount of confidence. Especially after Li Xuanji succeeded in borrowing provenance corundum's power previously, it meant that Long Chen could also do the same.

Hundun Shenwu did not have the advantage of being the provenance corundum, although to Long Chen, he was still a mysterious being, but at least this battle was not what Long Chen should be worried about.

He was now more worried that Mo Xiaolang would not be able to complete the rules before the time was up, and worried that Little Cat wouldn't wake up before the time was up. The hopes of victory for the Allworld Fiendgods lay solely with the three of them.

The Ten Thousand Realms Demons lived amongst the Tower of Time for as long as a year. Since they could not help and could not endure it, Long Chen sent them to the Life and Death Realms. In the Life and Death Realm, five days had passed in an instant. Five days later, they started to get anxious, because Long Chen had not brought them out of the Life and Death Realm even when the time was right.

"Long Chen, what's going on?"

Heavenly Dao Saint Emperor asked anxiously.

"The wolf cub hasn't been taken care of yet, so we can only delay him a little. Rest assured, Chaos Clan will not mind. "

"Alright."

The Myriad Realms Fiendgod waited another half day.

In terms of time, a total of fifteen years had passed since the last time he had returned.

In fifteen years, the Chaos Clan outside had also waited for half a day. The Chaos Clan did not have much patience, and would probably be in an uproar by now. However, there was still no news from Long Chen's side, causing the Gods and Demons to be in a panic.

"Chaos Clan definitely thinks that since we don't dare to join the battle, we can just escape."

"No, we just won a match. It's time to do it in one go."

"Of course, with their personality, there will always be ridicule."

But in the end, it all depended on the outcome.

Even if they did not have confidence in the current situation, they believed in Long Chen's ability to create miracles.

Amongst the Tower of Time.

guarded beside Mo Xiaolang and quietly waited. It had already been fifteen years, and Mo Xiaolang had entered an extremely deep state in the following years. It was obviously unwise for his to disturb him at this time.

"At most sixteen years, Chaos Clan will probably spread out."

Fortunately, Mo Xiaolang had finally come out of closed door cultivation after three months or so. It was difficult to see any huge changes in comprehension of the rules on the outside, but the state Mo Xiaolang was in right now, made Long Chen feel that it was already quite good that he had completed a transformation.

"How is it, did it succeed?"

"Fortunately, it worked." Mo Xiaolang revealed a smile, clear and bright.

"Are you confident?"

"It may be that in terms of the creation of a divine artifact, its strength is far inferior to that of the enemy. But in terms of rules, in terms of my personality, I should be able to suppress the enemies. Only through battle can you understand. "

Mo Xiaolang was different from Long Chen. Long Chen's performance could be considered to be stable, as he was strong in itself. But Mo Xiaolang himself wasn't strong, he had only just stepped into the level of a ruler. But his combat strength had a great possibility. He might not be as weak as the Primal Chaos

Fire Dance, but if he was strong, it was very possible that he could defeat the Primal Chaos Scarlet Firmament.

To let him face the Primal Chaos Chi Xiao, Long Chen did not have absolute confidence, and this assurance could not be compared to Li Xuanji's match.

But he and Mo Xiaolang were both willing to surpass their limits.

"Let's go, Chaos Clan is probably anxious from waiting."

Long Chen summoned the gods and devils of both life and death realms and returned them back to the Primal Chaos Realm. The vast army of Myriad Realms Fiendgods once more descended outside the Divine Master Continent.

Of course, he had slightly missed the time.

made Chaos Clan wait for more than half a day!

As soon as they came out, the Chaos Clan s looked to them with passionate, cold eyes. They had completely suppressed the gods and demons of ten thousand realms.

"You're here? I thought you guys were scared and wouldn't dare to come here anymore! "

"In fact, we don't even need five days. We just need to hurry up and finish each battle!"

"These grandsons are very nosy. "Last time, I won a match by a fluke and I'm probably very happy in my heart. But today, Holy Lord Crimson Nimbus will still return them to their original state."

However, the Chaos Clan was still as wild and terrifying as ever. Especially on this day, the one who had come out to fight was simply the third strongest warrior of the Chaos Clan, Chi Xiao!

The ruler of the Crimson Sky Continent!

"Long Chen, you have really made me wait for a long time."

Chi Xiao's rough voice was like gunpowder exploding, the ground was filled with thunder, instantly locking down all the Ten Thousand Realm Gods and Demons, making them unable to breathe.

The Primal Chaos Scarlet Firmament was still in his original position.

"Oh, I see my opponent, A Highgod in the Perfection Stage."

Chi Xiao's gaze instantly locked onto Mo Xiaolang's body. Now that Mo Xiaolang had changed and was standing right beside him, Chi Xiao immediately found him.

His gaze had never left Mo Xiaolang ever since it had locked onto him. After a while, he clapped: "Wonderful, this is wonderful! However, he seemed a little too inexperienced. Of course, I am already very satisfied that your Ten Thousand Worlds still have such an existence as their opponent. "

Chi Xiao's passionate gaze towards Mo Xiaolang seemed to be treating him as his prey.

"This is your demon clan, but it seems a little strange."

The Lord of the Chaos was naturally paying attention to Mo Xiaolang as well. However, he did not understand the existence of the Heaven-Devouring Clan, nor did he understand Mo Xiaolang.

"Is it really strange? Won't we know if we fight?"

Of these eight Chaos Saint, the only one who suppressed him was Hundun Shenwu, and the other Chaos Saint all had a lot of respect for him.

Both being from Chaos Saint, their cultivation and fighting strength were different as well.

"If that's the case, then let's fight as you wish!"

Long Chen believed that Mo Xiaolang would be able to take care of all of these things. He brought the Ten Thousand Realms God Demon, and immediately let go of the battlefield, leaving Mo Xiaolang in front of the Primal Chaos Scarlet Firmament, so that the two of them could face off against each other!

Above Divine Master Continent, Mo Xiaolang and Primal Chaos Scarlet Firmament faced off. Primal Chaos Scarlet Firmament was hot and explosive, like a scorching sun, while Mo Xiaolang was cold, quiet, and pure, like a proud and aloof flame.

"After this battle, you Myriad Realms Fiendgods have been defeated. To you, this battle is a very critical one. I think only when there's danger will it be interesting, and only then will it be the battle that I, the primal chaos Chi Xiao, long for. "

Before the battle, Chi Xiao said with a sneer.

"Of course you can kill me. No one will restrict you." Mo Xiaolang said.

Chi Xiao shook his head, and said with a bitter smile: "Of course I know, but the problem is, that big brother of yours has the ability to revive the dead. Even if I take your life and kill you, it would be meaningless for him to revive you."

"Then, what do you think is interesting?"

Chi Xiao laughed and said: "It's very simple. When fighting others, I like to bet with others the most. If it's not an important fight, then there's no point in fighting, and I haven't even reached my limit. No one knows how terrifying I am until I reach my limit. That's why since I was young, I've always loved to put my life on the line, to the point of putting everything on the line. That way, we will be able to unleash our true potential! It's been my habit for years. "

I want to make this fight more important to you, so, I have to take your life, make a bet, make a bet. In the bet, if I kill you, I hope that your brother will keep his promise and not be able to use his life to save you. Of course, if he does not, my father will let him keep his promise. As for you, you can make me a request. For example, if you defeat me, you can also kill me. My father will respect my bet. "

From the sound of Primal Chaos Chi Xiao's words, he was a madman.

But indeed, only a battle that one truly could not lose could stimulate one's limits. Only then would the battle become particularly interesting and exciting.

Long Chen hadn't thought that Primal Chaos Chi Xiao would be like this. If he didn't agree to this request, he would be slightly weakened. But in truth, Long Chen hoped that Mo Xiaolang would win.

He did not interfere with Mo Xiaolang, so the decision on what to do in the future was entirely up to him. Of course, if he was still Long Chen himself, he would choose to gamble, because he thirsted for it even more than the Primal Chaos Chi Xiao.

Under the gaze of the crowd, Mo Xiaolang said indifferently: "What do I want your life for? "It's no use at all."

"You mean, you want to refuse?"

"No."

Mo Xiaolang very straightforwardly shook his head, and said: "If I win, I don't want your life, I want your half-origin level divine artifact. From then on, it belongs to me. If you agree to lose, you can't take revenge. "

When those words came out, it shocked the entire Chaos Clan. They did not expect that not only was Mo Xiaolang not scared by the bet, he had instead made a request that was truly effective towards him.

Half-origin level Creation Divine Artifact!

That was exactly what Mo Xiaolang desired the most right now, and what he lacked the most.

He was simply too lacking in the divine creation artifacts.

"Smart." Long Chen laughed, Mo Xiaolang's decision had a lot of style, it could be considered forcing him into a dead end, but at the same time, he was fighting for the biggest reward for himself! What he wanted the most wasn't the other party's life, but his treasures.

"Then that's it. "A bold young man." Chi Xiao couldn't help but laugh in a rough voice.

The bet was complete.

It was because of this bet that the atmosphere in the battlefield suddenly doubled, almost suffocating. Everyone was looking at them now. Mo Xiaolang turned to look at Long Chen, his gaze telling Long Chen to believe him.

"Big brother, if I lose, please keep your promise and don't come to save me."

"Are you sure?"

"I'm sure. If I want to be in a hopeless situation, I also want to be reborn."

Only by having more guts would one be able to defy the heavens.

#### Chapter 3165 - Flaming Light Flag of Departure from the Earth

This fight, a battle between Mo Xiaolang and Chi Xiao, a battle that had never happened before, burst out!

For a moment, everyone quieted down, waiting for the terrifying visual feast. Primal Chaos Chi Xiao was extremely satisfied with his small opponent's courage, but he would absolutely not sympathize with him!

"You actually took a fancy to my Creation God Equipment? Then I'll let you take a look."

Chi Xiao stretched out his thick arms and opened his palms. In his palms, rainbow-colored light gathered and the power of the half-origin level God Creation Art was born!

RUU...!

Countless flames condensed together, and within a short period of time, 100,000 divine flames were all condensed into a flame symbol. All the flame symbols were different, and in the end, those flame symbols condensed into a black battle flag, appearing in Chi Xiao's hands!

In the previous battle, the entire Primal Chaos Realm was sealed in ice when the last battle happened. Now that the black flag appeared, in an instant, the ice melted and the temperature rose.

"Flaming Light Banner of the Earth!"

It was also another type of semi-origin level Creation Divine Equipment!

Even though it was still a primitive level, it had surpassed the primitive level.

The God Creation Ring, Primitive Dragon Sword, God Sword and the Flaming Light Flag were all top tier Creation God Creation Weapons.

A hundred thousand Divine Flames, an endless amount of power. Most importantly, what Long Chen saw was that the hundred thousand Divine Flames had congealed into a Divine Dragon like pattern that was imprinted on the flag of the Lithur Flames Light Flag.

"Dragon?"

Although it was only for a second, Long Chen was able to see it. It woke him up.

"Previously, I was focused on competing with the Chaos Clan, but I forgot about the matters of the second ancestor. Tai Su said that the second ancestor might be here. Then, if it is, it should be related to this Earthflame Light Flag! "

Therefore, when he suddenly realized this, Long Chen's only wish right now was for Mo Xiaolang, who had pushed himself to his limits, to win.

As long as he won, the Flaming Light Flag would be his. It would be much easier for Long Chen to track him down.

Mo Xiaolang only focused on how terrifying the Earth Flame Flag was, so he had an even stronger desire! Under the gaze of everyone present, he turned into a Sun Devouring Demonic Wolf and paced in front of Chi Xiao, staring at his opponent with both of his eyes. His eyes revealed a strong desire, and to be honest, Long Chen did not know what his battle plan was.

But it had to be. He had to give it his all.

But Mo Xiaolang didn't take the initiative to attack but instead surrounded Primal Chaos Chi Xiao. Of course, Primal Chaos Chi Xiao wouldn't be courteous with him, so at the very first moment, Primal Chaos Chi Xiao attacked. He roared furiously, and like a giant, waved the half origin level Earthflame Light Flag! A hundred thousand divine flames danced about, merging with the laws of the Primal Chaos Scarlet Firmament!

Weng! \*

Countless domains were completely covered by the sea of fire. Long Chen and the four great masters had no choice but to protect all the Ten Thousand Realm Gods and Demons, otherwise, many of them would probably be directly burnt to death!

"Yin Yang Flame Hell!"

Chi Xiao waved his black banner. The power of laws, divine power, and Creation God Power merged together. With the addition of the 100,000 divine flames, in the instant that the black flag danced, the flames were released to form a wall!

A total of two times!

Two flame walls, one side was Yang, the other side was Yin. The dual flames attacked from both sides, causing Sun Devouring Demonic Wolf s to have nowhere to run.

BOOM!

The two walls formed a blazing hell with Yin and Yang attracting each other, and as fast as lightning, they clashed together, forming terrifying flames with Yin and Yang in chaos. Mo Xiaolang was right in the middle of this sea of fire, at the heart of the flames' destruction.

"Dead?"

After all, Mo Xiaolang had been submerged without being able to resist at all. Under this degree of sea of flames, not to mention him, even Hundun Shenwu would not dare to resist like this.

Weng! \*

The Yin Yang Flame Prison condensed into a huge sphere, and Mo Xiaolang was right in the center of it.

Hu hu!

The flames were like the devil, compressed towards the inside. The hundred thousand divine flames that were compressed to the limit were obviously trying to completely destroy Mo Xiaolang.

"So useless. Fight against me?" He never thought that Mo Xiaolang was so weak. If Mo Xiaolang was defeated in one move, then he would be furious, furious at Long Chen for messing with him, and arrange an opponent for him that was so boring!

Just as he was about to erupt, the Yin Yang Flame Hell discovered something unbelievable. To the Primal Chaos Scarlet Xiao, he felt a big mouth appear in the deepest part of the prison, or a terrifying vortex. In just a short moment, the Yin Yang Flame Prison that was originally compressed inwards, was actually accelerating its compression, and disappeared!

Hu hu!

At the place where the Yin Yang Flame Prison used to be, a colourful demon wolf appeared. A hundred thousand types of divine flames burned in his body, supporting him to the point that it seemed as if he would explode at any moment. Even his eyes were filled with flames, ready to explode at any moment!

BOOM!

The flames on his body could be considered to be constantly exploding!

"Interesting!"

Chi Xiao couldn't help but laugh out loud. He never thought that his opponent would actually take his attack. Although he looked like he could explode at any time, he at least gave Chi Xiao a pleasant surprise!

Maybe it was because he had followed Long Chen for too long, but now, he was acting in a way that was getting closer and closer to Long Chen.

"You want to eat, don't you? Then I'll let you eat your fill! I finally understand why Long Chen let you deal with me now, it's because you can swallow the flames. But you have to know, in this world, not all the flames can make you swallow them! "

The Primal Chaos Chi Xiao's boorish laughter echoed in everyone's ears. He was already excited! If he wasn't so fanatical, his expression wouldn't be so exaggerated! At this moment, he once again gripped the Earthflame Flames Light Flag with both hands and began to move it. This new rule was not only related to the power of fire, but was also a fusion of the laws of primal chaos!

The laws of primal chaos were a type of rule that were very easy to fuse with other rules. That was why in Primal Chaos Realm, every single Chaos Saint would fuse with other rules.

"Chaos Hellfire!"

In that instant, Chi Xiao roared out, and the Chaos and Fire Laws in his hands erupted. Under the waving of the Earthflame Banner, everything condensed into a flame, a gray flame!

This gray flame was the Chaos Hellfire, as if it was the core of the world. The moment the flame appeared, it immediately attracted everyone's attention.

This Chaos Hellfire had the power of an explosion. Once it exploded, it could easily destroy half of the primitive level world. It seemed small, but in reality, it was all because of their combined power.

"Don't you like swallowing fire? Do you dare to eat this?"

Chi Xiao laughed out loud.

The Chaos Hellfire instantly appeared in front of Mo Xiaolang. Chi Xiao was confident that the moment Mo Xiaolang swallowed this, he could turn Mo Xiaolang into ashes in a short amount of time.

However, as long as they were not idiots, they would obviously fight against the Chaos Hellfire head on and not devour it.

In his eyes, Mo Xiaolang had simply gone mad. When the Chaos Hellfire descended, without saying a word, he directly pounced forward, opened her wolf teeth, and swallowed the Chaos Hellfire whole with her throat like a whirlpool!

Weng! \*

There were originally a hundred thousand divine flames and now, with the addition of Chaos Hellfire, his divine body was practically a gathering point of fire.

This was a power that could destroy half of the world of primitive level!

BOOM!

Everyone could see that under this gray flame, Mo Xiaolang's body started to crack, and endless amounts of bloodstains arrived from the crack, ready to disappear into the thin air at any time. Even Long Chen himself felt his heart ache because he had a little idea what Mo Xiaolang was about to do.

Defeating the Primal Chaos Crimson Nimbus in a frontal battle was impossible!

He was going to risk it all!

Even the power of the Heaven-Devouring Tribe wasn't able to suppress the flames. It was as if an ordinary beast had eaten a monster that was 10 times stronger than its own body!

However, at the most tense moment, the Primal Chaos Azure Fire burned and fought against the might of the explosion, continuously repairing Mo Xiaolang's body and making it indestructible!

Actually, inside his body, the other four kinds of Ancestral Flames had already controlled the power of the Chaos Hellfire, and survived the most difficult time. At this moment, Mo Xiaolang had actually already controlled his own body. He had everything he wanted!

He had to withstand two continuous attacks that were akin to death!

What he got in return was the terrifying flame power in his body. These flames were all transforming into his own power!

"He didn't die!"

For the first time, Chi Xiao was stunned.

All of the Chaos Clan were the same as well. The pace of this battle was too fast, in just that instant, it had already reached the current state, and it meant that Mo Xiaolang had endured two different attacks from the Primal Chaos Scarlet Firmament, but he still didn't die!

Not only was he not dead, he was still healing!

"Amazing, amazing!"

He was so excited that he was even trembling. Only now did he understand what kind of interesting opponent Long Chen had given him, one that was worth fighting to the death!

"Long Chen, thank you!"

He retreated several tens of kilometers and suddenly appeared beside provenance corundum. He hugged provenance corundum with both hands and stuck to him.

"provenance corundum, grant me endless power!"

RUU...!

The colourful energy had almost exploded his body and was accumulating sufficient strength. At this moment, the Primal Chaos Crimson Nimbus was already a nightmare. He once again confronted Mo Xiaolang in the air!

Life or death, at this moment.

Chapter 3166 - Heaven Swallowing Fire Diagram

Mo Xiaolang naturally could not be like Li Xuanji, and could not obtain the provenance corundum's support.

However, all the preparation he had put up with before was all for this moment.

In the midst of tens of thousands of nervousness, the vast Primal Chaos Firmament descended as rainbow-colored light surrounded his body. His divine might was majestic and the seven-colored wave engulfed him, forming an unimaginable huge impact that suppressed the Myriad Realm Divine Demons.

A thin line between life and death!

In his eyes, it was just a huge beast that could only swallow flames. There simply wasn't any other patience left, and this time, it was obviously trying to push Mo Xiaolang to his death.

Whoosh!

Terrifying flames were born from Chi Xiao's body. Under the shocked gazes of tens of thousands of people, he used the divine power of Creation Divine Flames Light Flag and the power of the provenance corundum. With his own strength, he merged the two types of laws together!

Chi Xiao, who was in his strongest state, was born at this moment!

"Immortal Chaos Sacred Flame!"

The Laws of Chaos and Fire fused into the deepest parts. In front of the eyes of all the Fiendgods, the massive body of the Primal Chaos Crimson Nimbus began to change, transforming from a human to a flame! The most important thing was that he used the Flaming Light Flag to surround himself. During the process of transformation, the half origin level Flaming Light Flag would completely merge with him, and then fuse together within a short period of time!

In the end, the two completely merged together, turning into a seven-colored flame that originated from a human and a Creation God Creation artifact! Different from the Ancestral Fire Seed, this was a truly mature flame. The power of the light wheel was simply much more terrifying than that of the Chaos Hellfire!

BOOM!

The flames spread!

"How are you going to devour my divine fire?"

Not many people in the world dared to approach the man made of primordial flames. Wherever he went, space itself, and even everything else was melting and disappearing!

Weng! \*

Under the watchful eyes of tens of thousands of people, the Burning Heaven Clan charged towards Mo Xiaolang.

But from the very beginning, Mo Xiaolang had not moved because of it. He had always been suppressing the flames he had swallowed earlier, and to others, it seemed as if he was still struggling to survive.

But just at this moment, Mo Xiaolang did something that shocked everyone. He ignored the flames on his body that were still raging, and facing the rushing Chi Xiao, he howled, and actually charged towards Chi Xiao!

Instantly!

Mo Xiaolang had waited for this moment for too long, it soon reached him.

Right at this moment, the flames that came from the Primal Chaos Primal Chaos scarlet all appeared from his body, as if they had been guided out. For a moment, not only were there Chaos Hellfire s, there were also tens of thousands of divine flames, limitless, instantly filling the starry sky in front of Mo Xiaolang's eyes with a rainbow colored sea of flames!

BOOM!

In the next moment, five flames were born from Mo Xiaolang's body and merged into the sea of flames.

They were: Nether Demon Ancestral Fire, Azure Sky Emperor Ancestral Fire, Primal Chaos Blue Flame, Great Desolation and Myriad Calamities Fire, Everlasting Sacred Flame!

The five kinds of Ancestral Flames became the center of a hundred thousand God Flames, and the moment the two blended together was also the moment when the Crimson Nimbus descended!

"He actually triggered my flame!"

"Just now, he withstood my flames just for the sake of attacking me right now?"

Chi Xiao had guessed correctly, the endurance Mo Xiaolang had endured before was for the sake of this moment's eruption!

It was all for the rule of the Heaven-Devouring Clan!

It went from silence to explosive!

In that instant, the five kinds of Ancestral Flames swept through the hundred thousand Divine Flames. In that instant, the five kinds of Ancestral Flames swept through the hundred thousand Divine Flames.

"Heaven Swallowing Fire Diagram!"

A new rule appeared in his bloodline, and he used five different types of laws. The power of the laws fused into all of the flames, and in a blink of an eye, all of the condensed flames turned into a giant vortex that began spinning!

It was spinning at high speed!

His speed was terrifyingly fast.

Weng! \*

An unprecedented sucking power descended.

When Mo Xiaolang had grown to such a realm, the devouring had appeared. Moreover, it was with the power of five kinds of Ancestral Flames, and even the power that came from the Primal Chaos Scarlet Xiao.

Explode!

RUU...!

The flames had formed into a vortex, and all of its power was rushing toward Mo Xiaolang's Primal Chaos Chixiao's body!

Infinite acceleration!

"This devouring force!"

In an instant, even though he had turned into the Immortal Chaos Sacred Flame, at this moment, Primal Chaos Chi Xiao's face still changed greatly. He felt as if he had been tricked by Mo Xiaolang, and when he turned into the flames, the devouring force of the Heaven Swallowing Fire Diagram in front of him had increased by several times. There wasn't much time to think or make a decision!

However, he was not willing to give up. It was not easy to borrow the Immortal Chaos Sacred Flame that the provenance corundum had displayed to this extent, how could he let it go just like that?

"If you dare to be so bold, then I won't be polite!"

Chi Xiao really did not believe in evil.

Not only did he not flee, he rushed into the Heaven Swallowing Fire Diagram with his terrifying power. The moment he got close, the Heaven Swallowing Fire Diagram wrapped around him, and in a short moment, sent him into Mo Xiaolang's mouth!

BOOM!

All the flames entered, including the Primal Chaos Scarlet Firmament and the Flaming Light Flag!

"Blow him to pieces!"

"How dare he! He even dared to swallow the Venerable Lord Crimson Nimbus!"

In that moment, everyone in Chaos Clan started laughing loudly. They seemed to be able to see Mo Xiaolang being completely pushed to pieces. Because of the bet between the two of them, if Mo Xiaolang lost, Long Chen would not be able to save him.

"This is the so-called Great War of the Ten Thousand Worlds. If there isn't anyone that has died, then it doesn't make sense at all. Today is the final battle, it should be the battle that needs someone to die."

"Let this little fellow use his own life to put an end to the freedom of ten thousand worlds. From now on, ten thousand worlds are ours. In the entire world, you must respect us Chaos Clan. "

Everyone was looking at Mo Xiaolang.

On the Ten Thousand World God's side, everyone's hearts clenched tightly. Their hearts were already in their throats, and their tears were about to fall.

At that moment of deathly silence.

Everyone saw that the Sun Devouring Demonic Wolf had stopped moving, but there were hundreds of thousands of flames surrounding him, including the Ancestral Fire and the Immortal Chaos Sacred Flame. In the end, all of the flames formed an ancient formation diagram, and the flames moved with the rules.

Logically speaking, the flames that Mo Xiaolang should have swallowed should have been enough to kill or injure him several times, but when the Heaven Swallowing Fire Diagram appeared and the flames walked and arranged themselves on it, it actually quickly quieted down, as if it had been guided by some kind of mysterious power. It slowly calmed down and became controlled by Mo Xiaolang.

Thus, in a short moment, there were no longer any traces of the Primal Chaos Crimson Nimbus.

"What's going on?"

"Saint Crimson Nimbus, why aren't you blowing him up?"

The people of Chaos Clan were originally still laughing loudly, waiting to watch a good show. But as time went on, Mo Xiaolang became quieter and quieter, and the breathing of the Primal Chaos Chi Xiao actually disappeared ...

"Impossible, impossible!"

Even the Chaotic Immortal Qiong and the others found it hard to believe. They couldn't believe their own eyes as they stared fixedly at Mo Xiaolang, but why was there still no response?

For a time, the atmosphere was even more deathly silent ...

Mo Xiaolang turned around and looked at Long Chen. Long Chen saw what he was thinking in his eyes.

Long Chen was ecstatic!

His Heaven Swallowing Fire Diagram had succeeded!

After being devoured by the Heaven Swallowing Fire Diagram, no matter how strong and ferocious the flames were, Mo Xiaolang could still tame them. This was the power of laws that came from the Heaven Swallowing Clan's bloodline!

Heaven defying!

Complete and utter victory!

There were a total of three victories, which was a huge difference compared to the Chaos Clan!

"Brother, can I not spit him out?"

Mo Xiaolang said helplessly.

If that fellow devoured it, not only would he be able to grasp the flame laws of the other party, he would also be able to increase it by quite a bit.

"No. Chaos Clan will not let this go, after all, this is a critical moment. "

Long Chen shook his head.

"Sure."

Mo Xiaolang didn't care in the slightest. In front of all the Chaos Clan, he opened his mouth and spat out a strange object. It was a person.

It was the Primal Chaos Crimson Nimbus who had already fallen into a coma and lost all ability to fight!

"Don't worry, he'll wake up in two hours."

These calm words of Mo Xiaolang completely ignited the Chaos Clan, adding the miserable state of the Primal Chaos Primal Chaos Firmament could see, all the Chaos Clan sucked in a breath of cold air, their eyes opened wide, and even wiped them away, thinking that they had seen wrongly.

And just like that, the opponent won

How did he do it?

What was his last rule?

The Chaos Clan had all kinds of expressions on his face, but the Ten Thousand Realm God's side was in ecstasy. They looked at Long Chen and his brothers with hot tears in their eyes, and they saw another miracle!

Even if they were Hierarch, or even a ruler, at this moment in time, they believed in Long Chen and the others.

"A miracle!"

"Unbelievable."

At this moment, none of them dared to raise their heads, otherwise, they wouldn't know how to face the excited eyes of the Myriad Realm God. If the defeat of Primal Chaos Ghost Dance was an accident, then the current loss of the Crimson Nimbus Guild was simply an accident!

Chi Xiao from the Primal Chaos, the third strongest expert from the Chaos Clan!

In fact, for the nine battles, the Myriad Realms Fiendgods had won three. They were only missing one battle. Previously, losing four rounds in a row was indeed a humiliation, but now, they had won two of the most important matches. This was the shame of Chaos Clan!

"People who look down on others will eventually be looked down upon by others as well. At first, I thought that Chaos Clan was very capable, but who knew that at the end, it would all be ordinary."

"Yeah, it's quite embarrassing for them to lose. Anyway, I think it's very funny. For example, that Primal Chaos Scarlet Firmament was very arrogant before, but now, isn't it like a dead dog?"

After being suppressed for a long time, the Allworld Fiendgods were no longer able to endure it.

Of course, all of this came from Long Chen.

Chapter 3167 - Divine Martial

The Ten Thousand Realm Demon God had created two miracles in a row with Li Xuanji and Mo Xiaolang.

Every single time, it was as if a heavy hammer had smashed ruthlessly into Chaos Clan's head, leaving them close to tears.

It would be fine if Chaos Saints like the Chaotic Heaven Crest and the Primal Chaos Deity Owner were to lose, but it would be the same as if the Four Great Overlords, the ones who were the most confident in being able to defeat the Myriad Realms Demons, were stomped over by the Chaos Clans. The ones they were most confident in, the Primal Chaos Ghost Dance and Crimson Nimbus, were instead stomped over by the Myriad Realms Demons.

This was simply retribution.

It was the same humiliation that the Ten Thousand Realms Demons returned to the Chaos Clan. Even if they lost the last nine battles of the Ten Thousand Realms, they would not lose their dignity. Furthermore, he would be able to raise his head in front of the Chaos Clan.

This reversal of the two battles played a crucial role!

When all the living beings in the Myriad Realm heard the news of these two battles, they also began to boil. The haze from before was completely swept away! Now, it was the Chaos Clan's turn to not be able to raise their heads.

The Primal Chaos Crimson Nimbus had yet to awaken.

Outside of the Divine Master Continent, the silent Primal Chaos Firmament returned to the front of Chaos Clan. After being slightly controlled by the Lord of the Chaos, it fused into the provenance corundum.

Of course, the outcome had already been decided.

"Shut up!"

The Flames of the Chaos couldn't stand the discussion going on between the Ten Thousand Worlds and the Fiendgods! She was simply about to go mad from anger. Her expression was cold and fierce as she said angrily: "What are you all arrogant for? Didn't he only win two rounds? Even if there are only two matches left, they are still two matches that you cannot possibly win! What are you going to do with my father? Against my grandfather? Therefore, all of you are destined to suffer a crushing defeat! You are still destined to be enslaved by my Chaos Clan. Then, what do you have to be proud of? A bunch of useless idiots! "

Indeed, on the side of the Ten Thousand Worlds, Long Chen and the others met with four accidents. Originally, there had only been four Chief Sovereigns. After the battle, it was equivalent to having eight. Because of this, he was able to contend against the eight Great Saint Masters of the Chaos Clan!

But even so, to everyone present, it still could not change the fate of all the realms! As long as the Lord of the Chaos was here, even if Long Chen defeated him, it was impossible for him to win.

Furthermore, so far, Hundun Shenwu had not revealed the slightest bit of a difference, as if he was on an even more terrifying level than the Primal Chaos Primal Chaos Primal Chaos and the Primal Chaos Dancing.

Being cursed at by such a high-pitched voice like [Primal Chaos Fire Dance], the Ten Thousand Realm Gods all shut their mouths. However, the smile on their faces was still the most ingenious taunt towards the Chaos Clan, and it made the heart of the [Primal Chaos Fire Dance] burn like fire.

Everything they had given to the Allworld Fiendgods just now had been delivered.

Looking at her father who was still calm, she laughed out loud and said, "Enough, consider this your lucky victory, even if it is by some silly means. But so what? Who among you knows my father? Do you think that Long Chen is my father's match just because you don't know anything? "

The Ten Thousand Realms Demons did not know what kind of status Hundun Shenwu had?

Isn't he just the strongest under the God Lord?

"We'll know whether he's an opponent or not in five days." The Emyrean God pressed down on the ground.

From their expressions, it could be seen that they had an unexpected confidence in Hundun Shenwu. It was as if the moment he made a move, there was nothing in the world that they couldn't accomplish.

"My father, hehe, he is not someone my uncle and aunt can compare to! When my uncle was still young, my father was already a Chaos Saint! "Tell me, can it be the same?"

The moment Chaos Flame Dance mentioned her father, the pride in her heart was written all over her face.

The next battle was very clear, it was Long Chen against Hundun Shenwu!

Aside from the Lord of the Chaos, the two of them were already considered the top rankers! Especially Long Chen, he directly represented the peak of the ten thousand worlds! And the next battle was simply the collision of peak experts!

It would naturally be thirteen years later if Long Chen tried to flatten Chaos Clans or finish this ten thousand world holy war between them.

Long Chen looked at him for a bit longer. The opponent in front of him was quiet and calm, as if he was not walking on a battlefield but right in front of a calm lake.

His body was covered with endless mysteries, one of which could be vaguely felt. It was the power of space. A power that was extremely similar to Ling Xi's spatial energy.

"This person really did transcend the Primal Chaos. Very difficult to deal with. When the time comes, he had to be extremely careful! Even if no one wants to deal with the Lord of the Chaos, our ten thousand worlds will win this one." The Heavenly Dao Saint Emperor said in a low voice.

"I understand."

He didn't have any information related to Hundun Shenwu, and even though Hundun Shenwu still had a certain level of understanding towards him, Long Chen knew that he was simply the same as he was a hundred years ago.

"Remember to come five days later." Hundun Shenwu said.

"Of course."

Staying here for too long was a waste of time.

"Prepare yourself and enjoy your final five days. It is extremely difficult for you to survive after forcing my father to take action!"

When and the others left, the Primal Chaos Fire Dance was still clamoring. Although it seemed like a fierce speech, it was actually her confidence in her father.

They went from the Primal Chaos Realm to the third floor of the Tower of Time.

Everyone looked at Long Chen.

The Anarchic Demoness said: "Long Chen, we truly feel that it's a miracle that we could win this battle. To be honest, even I admire you guys now. "Actually, we originally didn't have any hope of winning at all, but now that we've won two matches, there are only two matches left. If we can win both matches, then that would be a tremendous opportunity for us ten thousand worlds to win."

The Heavenly Dao Saint Emperor said: "Even though that Hundun Shenwu is powerful, this game between you and him is not weak, so there is hope. However, the final round of the Chaos Clan seemed to ...

Even now, Cat was still not settled. There was no news about it at all. It had far exceeded his expectations. No one knew how long it would take for the kitten to awaken.

Long Chen just took a look and confirmed that the kitten did not make any movements.

There were still twenty-six years left. If he still did not make a move, then the Ten Thousand Worlds would definitely lose. Even if Long Chen and the rest won a few rounds, the Ten Thousand Worlds would still not be able to escape their fate of being enslaved.

But, Long Chen could only wait.

After all, he could only fight against Hundun Shenwu at most. And the current situation was that someone had to defeat Lord of the Chaos in order for the Ten Thousand Worlds to have a chance of victory.

"Everyone, since it has come to this, I will do my best in this battle. No matter how capable Hundun Shenwu is, I will fight for victory, and if there really is a final battle, then we can only wait for my brother to wake up, and if there is no other way, we can only lose."

Just that these two battles gave us hope. Long Chen, you don't have to pressure us, just fight for it with all you have. Anyway, we trust you!

All of the gods and devils looked at them with eyes of trust. No one doubted Long Chen;

"Alright!"

Long Chen nodded.

In these thirteen years, there were even more important things that needed to be done by Long Chen.

"No matter what happens in the future, we will always be your staunch supporters and followers!"

Everyone looked at Long Chen in this way, and the current Long Chen had already become their absolute core.

Of course, the most important thing was to prepare for battle.

After Mo Xiaolang returned, he mainly went to pack up the Flaming Light Flag with half of origin level. To him, this God Creation Artifact was extremely useful. After the defeat of the Crimson Nimbus Guild, because of the bet, he wouldn't have the face to take it back.

In reality, if it wasn't for the fact that Long Chen didn't want the Chaos Clan to go crazy, even if Mo Xiaolang devoured the Primal Chaos Scarlet Firmament, it would still be within reason.

"How is it?"

"Brother, it's weird. I can be like you and Sister Ling Xi, control this Flaming Light Flag, but I can't find the Lucky Soul, the same as you. "Say, could it be that a Creation God Equipment of this level does not even have a Good Fortune Heroic Spirit?"

Long Chen shook his head, and said: "I don't know about that. Take a look, is there any news about the second ancestor inside the Flaming Light Flag? "

"I will carefully inspect it. For the time being, it will be very difficult to discover it. If there is one, I will quickly tell you about it."

"Alright."

Previously, in the hands of the Primal Chaos' Chi Xiao, the Myriad Divine Flames Flag had once formed the diagram of a dragon. Long Chen believed that he had not seen wrongly.

After settling these miscellaneous matters, Long Chen concentrated on preparing for the final battle thirteen years later!

The battle that everyone was looking forward to!

Naturally, this was also the most crucial battle up until now!

At least for the current Long Chen, there seemed to be too many variables in that battle. He couldn't predict what the result would be. Hundun Shenwu always gave him an uncertain feeling.

"Being erratic may be a part of his power. However, I will not be able to budge him. "

The Eternal Whirlpool and Endless Life and Death Tribulations were already quite a bit mature. There was definitely a huge difference between what Long Chen had used and what he had displayed.

Long Chen's attention was focused on his previous thoughts.

"Destiny, karma, and change. What kind of effect would the combination of the three produce? The endless tribulation of life and death was an attack. A pure, endless attack!

Rules, the most important thing was the way of thinking.

Target determination.

But right now, Long Chen didn't have a clear goal.

Thus, there was no way for him to advance.

Long Chen had a kind of premonition that if he wasn't able to settle this rule within thirteen years, it was very likely that he would lose against Hundun Shenwu.

And they would lose quite badly.

After all, Hundun Shenwu could be considered to know all of his rules.

The more he panicked, the more useless it became.

"Put your heart at ease. If you really don't have any leads, then come and accompany Yan'er and me."

Ling Xi waved at him.

"Alright." Long Chen also noticed that, in his heart, he was unable to eat the hot tofu.

#### Chapter 3168 - Past Future Transfer Technique

He let go of his obsession with time. He did not care about the number of thirteen years nor did he want to know why the kitten had still yet to awaken.

Thirteen years, twenty-six years.

After putting down these numbers, his mood was instead in a state of emptiness.

"Daddy, Mommy said that you're going out to beat up bad guys!" Long Yan was now a lively little girl. She wore a white dress, but she was as mischievous and lively as a boy.

"Yeah."

"Then you must grab his butt and ruthlessly hit him a few times. Yan'er also wants to hit him."

"..."

This little guy was getting more and more violent. If one day she surpassed Long Chen in terms of growth, then no one could control her anymore.

For the most part, Long Chen had been accompanying his family. He accompanied Ling Xi, Yang You and her other good friends. In this period of time, Yang Lingqing had also grown quite a bit, and her speed had surpassed Su Yan's and Zhu Xi's.

As for her dragon face, it was about the same as a Hierarch. In order to prevent her from hurting others accidentally, Ling Xi would always follow her.

"This talent is truly terrifying."

Long Chen couldn't help but sigh for her daughter. She had just been born and already had this kind of strength, she would definitely be able to reach the ancestral realm in the future.

Of course, Long Chen was also looking forward to the crystallization of his and Li Xuanji's crystals. As of now, they have also started to grow.

"Talent is her fortune."

Seeing Long Yan hopping up and down on the third floor of the Tower of Time, Long Chen had a lot of emotions in his heart.

It was the warmth and joy of home.

Looking at her dragon face, Long Chen once again thought about fate, as well as the causes and consequences of her birth.

"Karma is the past. The past had borne fruit. Karma should be caused by the past and the present. Fate, was the future of countless paths forward. When karma is added to fate, that is the past, the present, and the future. What is important is the past and the future. If we put that together, it will be the life of a person. "

Everyone's life can be divided into the past and the future.

The present is not a phase, but a dividing line, the past gradually increasing and the future gradually diminishing. Until the past occupies all the scope of the future, that is the end of life.

"Change Heaven Defying Fate Killing Technique!"

Then, Long Chen thought about the two rules of defying the heavens and changing fate. defying the heavens and changing fate was a slight change to the future. As for the Destiny Killing technique, it was a combination of fate and time. It went back in time, not cause and effect, so the Destiny Killing technique was one-sided, incomplete, and not a true Great Dao!

Karma was all that existed in the past.

But time, was only an instant that passed.

What Long Chen wanted now was all the past, and all the future — that is, all of his life. To combine the cause and effect of life and destiny together into one person's life was actually to fuse them together.

However, this was not a rule, but a bridge.

It was just that the combination of karma and destiny lacked a type of power.

Change was power!

Or perhaps, this was truly a change of fate. Change. Change Karma. Change destiny. Change a person's entire life!

Crack!

Just like a bolt of lightning, flashing past Long Chen's eyes, he suddenly gained enlightenment and found the real direction. That idea had already deeply rooted itself into his heart, and was unable to be removed!

This was truly a change of fate!

"I'll be leaving first!"

After Long Chen said this, he left the group and returned to the corner of the third floor of the Tower of Time that he was cultivating in.

"What happened to him?" Everyone asked Ling Xi.

Ling Xi looked in the direction Long Chen left and said: "Maybe he found the rule he wants."

Actually, she had already known that it would be of help to Long Chen.

Naturally, Ling Xi was happy that he succeeded.

Karma and fate had created a life. The Dao of Change was used to reverse karma, while fate and destiny combined to form one.

The formation of the rules had let Long Chen know that what he had thought was completely correct!

Life, slaughter, and tribulation formed an endless cycle of life and death.

When the rules changed, karma and fate would be linked together.

After comprehending this point, Long Chen basically had a goal and line of thought. Next, he would have to try again and again in order to make the newest rules, and in all of history, even Long Chen himself felt that the most shocking rules had been formed.

It would take time.

The endless tribulation of life and death had consumed quite a bit of time.

"It's clear."

Finally one day, Long Chen felt that he had reached perfection.

Under the continuous attacks, many difficulties had finally been cleared completely. At that moment, Long Chen felt like he had transcended. This made him understand that the rule that he was controlling now was the pinnacle of gods!

Even in The Supreme Divine of the Extreme Realm, there might not be such a rule at the peak of Tai Yi Shen Jing.

If it wasn't for the fact that Long Chen's cultivation was not higher, the Lord of the Chaos would definitely not be his match just based on this rule.

"A truly heaven-defying change in fate. However, it has changed the karma and fate of others. to change the lives of others. "

This rule would definitely be the most topnotch rule in all of the Ten Thousand Worlds, transcending everything. Even if it was the Lord of the Chaos s themselves, they might not have such a rule, so it was even more impossible for Hundun Shenwu to have this kind of rule.

"Since that's the case, I shall name you: Past and Future Reincarnation."

Reversal of the past, left and right of the future!

When it was used on Hundun Shenwu, he would completely understand the true usage of it.

"The endless tribulation of life and death, the future path of life, the six types of Ancestral Dragons, these are all here. Adding on the fact that I have the Eternal Vortex of Time, it is clear that, at least in terms of natural law, I am invincible in ten thousand worlds. "

Ling Xi's Immemorial Curse had already grasped the fate curse of the heavens, but the fate curse was also far inferior to Long Chen's future life changing technique.

"Before the final battle, it is enough to have these rules assist me."

Long Chen's heart was at ease as he started to perfect his Life Transfer Technique. And in this period of time, the thing that troubled him the most was Cat.

"From the looks of it, before my battle with Hundun Shenwu, he would not wake up."

There was only a year left before his battle with Hundun Shenwu.

In the outside world, half a day had passed.

Long Chen came to Little Cat's side. Currently, the crystal-like Reincarnation Godly Beast was gradually becoming more and more real, as if he was only one step away.

"I don't know why, but there's actually a strange feeling about it."

Long Chen muttered to himself.

He shook his head and earnestly said to Cat, "There's still more than ten years left. I hope you can wake up before this. Of course, all of this depends on my victory. I'll go get it first and then wait for you to wake up."

This guy had accompanied Long Chen to this day when they were still in Canyang Kingdom.

Time passed quickly.

Compared to the battle with Mo Xiaolang, they were even more nervous because they did not have much hope for the battle with Mo Xiaolang. However, this time, they had placed too much hope in Long Chen.

Even if no one attacked the Divine Master, they hoped that Long Chen would be able to defeat him! At least, this way, the Ten Thousand Worlds had shown their true capabilities. Chaos Clan was not strong enough to crush them.

"Long Chen!"

All of the excited gazes of the Ten Thousand Realm Gods fell on Long Chen.

However, Long Chen was much calmer than they imagined.

"Everyone, let's go."

It was just in time. When Long Chen arrived at the Primal Chaos Realm again with the Ten Thousand Realm God Demons, the patience of the Chaos Clans had just about reached. Now, the gazes of all the experts were on Long Chen and Hundun Shenwu!

Hundun Shenwu was as calm and indifferent as Long Chen was, but the entire Chaos Clan was clamoring instead. Everyone was filled with killing intent!

BOOM!

As the two sides clashed, even the Primal Chaos Realm was warped!

Fighting and flames exploded in each other's eyes. No one said anything, but the fiery look in their eyes was the will to fight back.

"Please!"

Long Chen was too lazy to explain, he was already impatient. In the first eight battles, it was finally his turn! The Sacred War of Myriad Realms, the pinnacle of all battles! At his command, the Allworld Fiendgods all retreated, allowing the four Chief Sovereigns to protect them.

Without a doubt, this was the most devastating battle that had ever occurred!

Long Chen's authority in the myriad worlds had already risen to the extreme.

Right at this moment, Hundun Shenwu also signalled with his hand. He had already prepared everything beforehand, and was walking towards Long Chen. As for the other Chaos Clans, they were still staying in the Divine Master Continent.

The fierce battle between the two was invisible.

Seeing that Long Chen and Hundun Shenwu were going to fight directly, Primal Chaos Fire Wu suddenly ran out. She looked at Long Chen with a proud gaze and said with a stern voice and with a cold voice, "Long Chen, you watched the previous battle as well. You won that time, but a battle without bets is really boring. Let's have an even more ruthless match! "

Hundun Shenwu did not speak. The other Chaos Clans all looked at him with envious eyes.

Long Chen's expression did not change as he asked, "You have to tell me first, how do you want to bet?"

"Naturally, I'm betting on the outcome between you and my father!"

"What about the stakes?" Your bet. "

"I know what you care the most, so, if you lose to my father, we don't want your life. I want the two beauties by your side, if you lose, they will belong to my Chaos Clan, to me!"

Ling Xi and Li Xuanji?

Long Chen could not help but laugh, this woman, really had the face to say it. Long Chen looked at Hundun Shenwu, and sure enough, this father was also a little helpless, but for his daughter's happiness, he tacitly agreed.

Long Chen was curious, he asked: "Then what if I win?"

Primal Chaos Flame Wu waved her hand and said, "Don't you like the Creation God Equipment that has half a origin level? Then I will lose to you in terms of using a half origin level Manifestation Divine Artifact! "

When he said that, the crowd went into an uproar, they never thought that Chaos Clan would have so many God Manifestation grade equipment. To be able to take it out and lose was already very bold.

Primal Chaos Flame Dance had an expression that said it was convenient for Long Chen.

Everyone looked at Long Chen, not expecting Long Chen to actually laugh, and said, "You're really funny. You clearly know that they are my most important people, yet you want to trade away a mere half-origin level God Creation Art? Let alone one, even if it's two, I still would not agree to it. "

Chapter 3169 - royalty

"You!"

She never thought that Long Chen would disregard the Creation God Equipment that was half of origin level! To be honest, a Creation Divine Artifact with half a origin level was a great treasure to the Chaos Clan. At least, Chaotic Flame Dance did not have the qualifications to possess it now.

But Long Chen said that even if it were two, it would still be incomparable to Ling Xi and Li Xuanji, let alone one.

Subconsciously, she still saw Long Chen and the others as bumpkins who had never seen the world.

In order to reach her goal, she endured it. Seeing Long Chen looking at her, her heart moved as she thought to herself: "This person has angered me multiple times, he must be interested in me. When he looks at me, he wants to possess me.

If you win, from now on, my Primal Chaos Fire Dance is your woman. I will listen to your commands, be at your command, and follow you for your entire life, what do you think? "

This was the limit that she believed she could pay. Of course, she also believed it would be very effective! With her identity as Primal Chaos Flame Dance, it was simply the dream of every man in the Chaos Clan. Even the Heavenly Codex that was serving the Chaos Saint was doing its best to pursue her.

Although the Primal Chaos Flame Dance wasn't interested in Long Chen, she knew what kind of charm she had.

When these words came out, it caused quite a stir, Hundun Shenwu didn't even know that she would say such a thing. Not far away, the Chaotic Heavenly Gui was even more shocked as it said, "Huo Wu, you can't be like this!"

The grand granddaughter of the Lord of the Chaos, a Chaos Saint who had become Long Chen's subordinate, would be at his mercy. Let's not talk about the matter of the Chaos Clan's dignity first, if the bet was true, then the Lord of the Chaos would not have any intentions of taking the Primal Chaos Flame Dance back. Even if the Chaos Clan were to control an entire world in the future, he would still become the laughing stock of the masses.

Moreover, she had been drooling over the Heavenly Codex for a long time, ever since she was young.

"Shut up, do you think my father will lose!"

The primal chaos fire Wu turned back and rolled her eyes at the Chaotic Heavenly Gui, suppressing all the words that he wanted to say.

"Huo Wu, don't mess around!" Hundun Shenwu's gaze was strict.

"Dad, you won't lose, so what's there to be nervous about!" Chaotic Flames Dance said stubbornly.

She really wanted the two women by Long Chen's side, so she took herself as the wager. Because of this, she was willing to talk back to his father. She then immediately said to Long Chen: "If you're a man, then don't hesitate, and be more straightforward, and don't let me underestimate you! "Just like this, if you win, I will be at your mercy. If you lose, then the two of them will be mine from now on!"

Facing the hot and forceful questioning of the Primal Chaos Fire Dance, Long Chen indeed had a headache. In fact, he was not really interested in Primal Chaos Flame Wu, if he could really win over her, Chaos Clan would not be able to act shamelessly, and at that time, he would have the qualifications to restrict Chaos Clan.

This was the only benefit.

To Long Chen, it did have a certain level of attraction.

The problem was that everyone had their own principles. Long Chen's principle was that even if the other party would bring out even greater benefits and directly make the Ten Thousand World God win this holy war, Long Chen would still have to keep his bottom line. This bottom line was, he would not take his woman as the wager.

Therefore, under the hot eyes of the Primal Chaos Fire Dance, he said, "primal chaos Fire Dance, don't joke with me. In my eyes, you are not even comparable to a kind of Primitive Creation Deity Equipment."

Puff!

After all, this beauty was not one bit inferior to him in terms of beauty. She was also hot and hot, with characteristics that Ling Xi and Li Xuanji did not possess. Who would have thought that he would come straight to the point? A single sentence from him was enough to shame the entire Primal Chaos Fire Dance!

The most furious of all was this one. When she heard Long Chen's words clearly, she was stunned for a moment, then went crazy. With a mournful roar, she charged towards Long Chen without a word, looking like a madman!

"Go to hell!"

"Huo Wu!"

Behind him, Hundun Shenwu had held back the Primal Chaos Fire Dance. Under his control, no matter how furious the Primal Chaos Fire Dance was, it could not move!

"Don't touch me, I want to kill him!" He had to die! "Dad, kill him for me, I beg you, kill him for me!"

That resentful gaze and struggling expression made Long Chen a little depressed. He had said it so casually, why did he have to be so crazy?

"You are truly evil. This way of saying things will touch a woman's bottom line. If I were you, I would hate you." With just a single sentence, Li Xuanji made him understand that the casual words he had said a moment ago practically made him flirt with this Primal Chaos Fire Dance on the spot.

"Go back!"

Hundun Shenwu suddenly used all his strength and directly threw the Primal Chaos Fire Dance back into the provenance corundum. Over at the provenance corundum's side, there was the Primal Chaos Ghost Dance and the others who suppressed the furious woman, telling her to calm down, but when Hundun Shenwu turned his head back again, the look in Long Chen's eyes when he looked at him, which was considered calm before, was now filled with thick fury!

This angered the father as well.

"Father, I want him dead!" If you can't complete it, I won't forgive you! "

From the provenance corundum came the mournful sound of the Primal Chaos Flame Dance.

With these words, the killing intent in Hundun Shenwu's eyes grew even stronger. This son of the Divine Master, was currently revealed in front of Long Chen. That pair of eyes was indescribable. It was like an

ancient era before the beginning of the world. It was chaotic and filled with all kinds of unimaginable dangers!

Weng! \*

In Hundun Shenwu's line of sight, Long Chen could feel the change in the entire world. He was completely surrounded by the Primal Chaos and endless danger was enveloping him.

Although there was no wager, but because the primal chaos dance had been humiliated once, as the father, Hundun Shenwu was furious. This caused this battle, from a spar, to a life and death battle, to become even more exciting!

At this moment, the hearts of all the Ten Thousand Realms Demons, Chaos Clan, and everyone present began to tremble!

These two supreme Fiendgods!

Peak of ten thousand worlds, Long Chen!

The second person from the Chaos Clan, Hundun Shenwu!

The two of them traversed time and space and confronted each other during the Primordial Chaos Era. Before they even made their move, just their auras alone were enough to cause the world to change and cause the Primal Chaos Realm to tremble!

RUU!

On the ninth level of the Primal Chaos continent, all sorts of natural disasters occurred!

The battle today was an unprecedented one!

As his father, Long Chen allowed him to think from Hundun Shenwu's perspective. When a daughter begged like this, he knew what Hundun Shenwu would do. Therefore, the current Hundun Shenwu, was even more terrifying. It had exceeded Long Chen's estimation of him!

"You will regret what you said today."

These were Hundun Shenwu's last words.

In an instant, his divine body appeared before Long Chen's eyes, displaying a change that caused Long Chen's mind to go blank! For a moment, this image was deeply embedded in Long Chen's mind!

"Three Heads, Six Arms!"

That was the ability that the once Chaos royal clan had displayed in front of Long Chen!

Of course, the Chaos royal clan was very weak, and couldn't even be compared to the Chaos Clan at all.

However, the problem was that Hundun Shenwu was currently showing three heads and six arms. His divine body had changed as six arms and three heads, just like the chaos kungwu.

When the [Three Heads, Six Arms] was revealed, all the Chaos Clan s were stirred!

"This is the supreme rule of the royal family! Three heads and six arms! In the entire Primal Chaos Realm, only the royal family can use it, and in the entire royal family, only the Divine Master and the Divine Martial Saint can truly use it! "

"Chaos royal clan of the Chaos Clan! They are really enviable. "It's said that Saint Crimson Nimbus is about to awaken this rule ..."

Chaos royal clan?

From their discussion, Long Chen was completely stunned. He knew that the Chaos royal clan might be related to the Chaos Clan, but he had a guess that the Chaos royal clan was just a weak life form with a little bit of the Chaos Clan's bloodline. He never would have thought that it was completely possible that the Chaos royal clan would be a group of Chaos royal clan s that were the highest existences within the Chaos Clan s.

All of the Chaos royal clan on this planet are part of the same clan as the Divine Master?

In the current Primal Chaos Realm's imperial family, the strongest people were the four Sacred Masters and the Divine Master.

Of course, amongst the Chaos royal clan of the Long Chen Divine Kingdom, the strongest was not as strong as the weakest was. Maybe it was because of the weakness of the Dragon Sacrifice Continent, which caused the weakness of the Chaos royal clan. Long Chen did not have that much time to think about these things, because after becoming a three-headed six-armed being, Hundun Shenwu was simply too terrifying!

Before, when the Primal Chaos Qun Wu and the rest used this ability, they had at least twice the battle power!

After being infinitely enlarged, Hundun Shenwu was the same!

However, this was not the end. What made Long Chen truly depressed was that Hundun Shenwu, who had killed his way through, was not courteous in the slightest, nor did he try to conceal himself.

It was just like the primordial chaos.

However, the problem was that Primal Chaos Qun's was only a small Dao item! And in Hundun Shenwu's hands, was a half of the origin level, the Creation Divine Artifact!

There was only one Primal Chaos Primal Chaos scarlet and one Primal Chaos Ghost Dance, yet Hundun Shenwu already had three. The difference between the two could be imagined!

Three heads, six arms, and the two leading arms were holding a gigantic nine-colored halberd! It was filled with a murderous intent, no weaker than the Primal Sword!

The two arms on the left held nine discs. Those discs were incredibly sharp, and each of them were of nine different colors. They were of the same color as the Chaos diagram, and each roulette was a deadly weapon.

Finally, the two arms on the right came together. An ancient palace appeared on the right hand, covered in a layer of chaos mist. It was difficult to see clearly, but it was even stranger and more mysterious.

Long Chen only had Primitive Dragon Sword, which was practically one versus three.

Right now, he could only rejoice that he did not have the mind to agree to the Quagmire Flaming Dance's bet just now. Otherwise, there was a high chance that he would be able to take out Ling Xi and the others.

#### Chapter 3170 - Primal Chaos Elements

Three heads and six arms, Hundun Shenwu.

Now that he could not care about the relationship between the other party and the Chaos royal clan, Hundun Shenwu would not give Long Chen the slightest opportunity to rest.

"Perhaps, the Chaos royal clan was originally of the same bloodline with them, and their bloodlines were purer than theirs. However, because it was an era where they were weakened along with the Dragon Sacrifice Continent, they have declined. Moreover, it is basically impossible for them to recover.

Possessing three types of Creation Divine Artifacts of the semi-origin level, halberd, roulette and palace! Hundun Shenwu controlled the space and turned his surroundings into a world filled with the aura of primal chaos! In front of him, Long Chen was as minuscule as a mortal.

In the nervousness and anticipation of millions of lives, this battle was ignited by the Primal Chaos Fire Dance. It erupted out of nowhere and surged with tidal waves, especially for Hundun Shenwu, who, under three heads and six arms, was able to defeat the combined forces of the Primal Chaos Ghost Dance and Chi Xiao alone!

And it was under the premise that he did not use the power of the provenance corundum.

**BOOM!**

This halberd was filled with an aura of chaos and was filled with the power of destruction. The color of the nine halberd shone, and even though Hundun Shenwu had made his move now, Long Chen was still a little unclear, what exactly were his true rules?

"Why, why does his strength actually have the aura of nine different types of laws!?" Adding in the chaos laws, that makes ten? "No, the chaos rules don't seem to exist at all. It's as if they've completely fused into these nine laws!"

This was the existence of the most rules Long Chen had ever seen!

But it didn't look like it!

"The nine colors of the Nine Colored Battle Halberd are nine different Laws. Every single one of these Laws has fused with the Chaos Laws, and because these Laws have fused with the Chaos Laws, these nine Laws have already fused into one."

Long Chen squinted his eyes. At the same time he was being assaulted by Hundun Shenwu's tyrannical attack, he was still frowning slightly. Hundun Shenwu had really made him feel depressed!

The nine rules were: Wind, Lightning, Fire, Water, Earth, Wood, Light, Darkness, and Gold. This was similar to the Taiji Creature Dragon's natural laws, but there were more than fourteen different Taiji Creature Dragon s, with only nine. The problem was that although they were similar, they were completely different. Perhaps it was because of the fusion of the Primal Chaos Laws, but these nine rules, such as the Fire Laws, were just like the Primal Chaos Firmament's state after the fusion of the Primal Chaos Heavens and Fire Laws.

In short, everything that Hundun Shenwu controlled was simply a collection of rules that were similar to those that were controlled by nine Chaos Clan s of the Primal Chaos rank.

However, with the addition of the nine types of chaos, it became another type.

It was a rule that completely surpassed and had nine elemental laws, but was not only limited to the elemental rules. It was also a rule that completely combined all of the rules together.

"You don't seem to understand."

Before Hundun Shenwu made his move, his killing intent was slowly approaching.

"All the rules of Primal Chaos that you saw previously are not the rules of Primal Chaos. In my Primal Chaos Realm, the rules of Primal Chaos are the most superior ones, how could it be so simple? What you are seeing now, is the convergence of the nine types of natural powers, and the fusion and transformation of the chaotic energy. What is combined together, and possessing the strongest destructive power in the world, is the true laws of primal chaos! "

"So that's how it is!"

Even the Primal Chaos Laws of the primordial chaos aren't the true laws of primordial chaos.

Hundun Shenwu seemed to have ten different types of rules, but in reality, he was one. Whether it was the wind, fire, water, earth, etc. that had been mixed together and transformed by the Primal Chaos, they were all part of the Primal Chaos!

From the very beginning, Hundun Shenwu had only displayed one of them.

If one looked at it this way, then the Chaos Laws were truly high level Laws! It was even comparable to any one of the Ten Great Ancestor Dragon s that Long Chen had. This was also the difference between Hundun Shenwu and the other Chaos Saint.

He and the God Lord were both transcendent beings of this race!

At least, the fusion of the nine elements in the Primal Chaos Rules had changed by the power of Primal Chaos, and it surpassed the fourteen elements in the Taiji Creature Dragon. They were bestowed with an even higher degree of destruction by the power of chaos, and each one of them was equivalent to the state after the Primal Chaos Scarlet Firmament had fused the flames with the primal chaos.

"These nine elements are collectively referred to by us as the elements of primordial chaos! "Of the other seven, only part of me has control over one type of chaos element. As for me, I have nine. I am the only one among the seven who has reached perfection in the laws of chaos."

What Hundun Shenwu had said was not nonsense, this information was the greatest pressure on Long Chen. In this way, in terms of aura and prestige, he had suppressed Long Chen first.

Perfection of the chaos rules, three heads, six arms, and three parts of a origin level, all gathered onto Hundun Shenwu's body. At this moment, after he frightened Long Chen, he made his move.

The halberd was one of the most precious treasures of the Chaos Clan, the Ancient Heavenly King Halberd!

The Nine Colored Wheel was also one of the most precious treasures of the Chaos Clan, the Heavenly Divine Martial Wheel!

Furthermore, that palace was one of the top five treasures in the Chaos Clan. It had existed since ancient times and possessed a huge inheritance for the entire Chaos Clan.

It was said that the Chaos Temple had a huge secret, but it was difficult to control. Therefore, even Hundun Shenwu could only control it and use it in battle.

The true laws of primordial chaos contained nine types of destructive chaos essences.

Hundun Shenwu arrogantly descended, holding the Ancient Heavenly King Halberd in his hand. The laws of primal chaos descended from within and he released them. In the middle of the nine colored light rays, Hundun Shenwu's face was cold and detached, like an ancient war god that had shattered the heaven and earth as he rushed over.

"Primal Chaos!"

These rules were released from the Ancient Heavenly King Halberd, it was a nine-colored light beam, but it wasn't just a light beam. Within the light, there were tens of thousands of worlds hidden, and the nine types of powers were destroying these worlds.

Long Chen instantly found himself in extreme danger.

"Oh!"

To tell the truth, Long Chen had only just recovered from the shock. The true rules of Primal Chaos indeed startled him a little, but that was only astonishment. On the level of rules, Long Chen was never afraid of anyone!

"Eternal Whirlpool!"

In an instant, when chaos descended, time spread with an even more terrifying speed, and completely enveloped all of the boundaries of the Divine Master Continent. The vortex of time affected every single god and demon, and Long Chen's peak world strength was naturally somewhat different from what he had replicated.

The Eternal Whirlpool fought against the Primal Chaos!

"Time!"

Under Long Chen's control, time began to change in a wave-like manner. All of the slow time gathered in front of Hundun Shenwu, blocking the direction of the Primal Chaos Beam.

The Eternal Whirlpool came from the time tunnel.

Even if Hundun Shenwu was strong to this extent, no matter how much destructive power the Primordial Chaos Beam had, under the control of the extreme power of time, anything solid would still change. For example, the Primordial Chaos Beam that was unable to resist, suddenly slowed down. Even if the beam could follow Long Chen, with Hundun Shenwu's terrifying speed, it was still too weak.

"You want to leave?"

Under absolute strength, even the control of time would avoid him. His Beginner's Chaos speed had increased by quite a bit, and under his destruction, the entire Primal Chaos Realm was in an unstable state!

However, Long Chen didn't fight him head on.

"Boom!"

Because of the collision of the two Laws, the Divine Martial Continent above began to crack.

"Trash, coward, don't run!"

From the provenance corundum came the angry shouts of the Primal Chaos Fire Dance.

Long Chen didn't move at all at first, and then, with a sudden inspiration, he changed his direction and headed towards the Divine Master Continent.

Everything was just in the nick of time.

Under the incomparably strong hands of Hundun Shenwu, Long Chen was simply crushed. Even though it looked like he was fleeing for his life, in reality, it was only to avoid fighting head on with the

opponent. He had an even better idea, and in the blink of an eye, the Eternal Whirlpool had accelerated, and in a short moment, Long Chen had arrived in front of the Primal Chaos Flame Dance!

"What are you trying to do!"

Chaos fire Wu said angrily.

"None of your business."

In an instant, Long Chen released his control over the Primordial Chaos. Suddenly, the Primordial Chaos' speed increased too fast, and with shocking speed, he rushed towards the provenance corundum, yet Long Chen was able to leave even further behind in this instant. Of course, at the time he left, he didn't forget to speed up the Primordial Chaos' time!

BOOM!

Hundun Shenwu's target of slaughter, had turned from Long Chen into Primal Chaos Flame Dance!

"Disperse!"

In the nick of time, Hundun Shenwu withdrew his power of laws in the midst of his incomparable alarm, but because it was in a rush, the laws of riots created an intense impact inside his body.

Weng! \*

His own rules, on the other hand, had caused him a certain amount of trauma.

It was just that he temporarily let go of Hundun Shenwu as Long Chen suddenly appeared behind him. With a cold smile on his face, he said, "Are you trying to exterminate your relatives?"

"To not dare to fight head on is not considered a hero. I underestimated you. " Hundun Shenwu remained calm and collected. What happened just now was nothing to him. It was just a warm-up.

"You are reliant on this time domain, but there is always a way for you to escape no matter where you go."

On the side of the Ten Thousand World God, everyone hadn't had time to cheer for Long Chen's cleverness yet, because at this moment, Hundun Shenwu had become even more terrifying. The pressure came again!

"I'm not the only one. I only have one type of chaos law."

From his words, one could tell that the Chaos Laws that contained nine types of chaos elements was actually not his entire being.

Long Chen was wondering, when he sensed another kind of power from his opponent, one that did not seem to be weaker than the laws of Primal Chaos. Upon closer inspection, it actually had something to do with the laws of space.
