

## War God 341

### Chapter 341 - Surviving and dying together

On this road of life and death, Long Chen had a total of three pursuits. Regardless of whether it was the six great commanders or the Japanese, Long Chen had completely turned the tables on them. But during this third time, not only did his strength regress two levels, Ling Xi also lost his Herba Euphorbiae body because of this.

Although Long Chen did not look very angry, his heart was already burning with anger.

"One day, I will appear in the Biyang Royal City and defeat you, the number one genius of the Canyang Kingdom, in front of all these people!" Long Chen swore in his heart.

The Biyang Royal City, he will definitely return. The Inverse Wonderland, he will also return, the pressure the Imperial Family gave him this time, is hatred, one day, he will openly return to demand for his revenge, and give back to the Imperial Family what they gave him in this time!

"Lin Zichen, I have to admit, you are definitely a favored son of heaven, not only is your strength super strong, you also possess a peerless divine weapon, everyone thinks that you are an undefeatable legend, today, I can only rely on my blood sacrifice to forcefully increase my strength, to resist you, one day, I will rely on my own strength to stomp you under my feet!"

If not for Lin Zichen, Long Chen would have been able to escape to the West Sea Country with him and live a peaceful life with Ling Xi while trying hard to raise himself. But it was different now.

At the same time, there was the dignity and hatred of the wolf cub! This was a matter of their brothers. Under the pursuit of the imperial family, the little wolf was still unconscious, and Ling Xi had lost her Herba Euphorbiae due to this. How could Long Chen not be furious? No hatred?

"One day, you will regret not killing me today. Since the Royal Family started when I returned to the Biyang Royal City, the term Royal Family will no longer exist in this world!"

Long Chen roared in his heart, and swore such a blood oath!

And at this time, Lin Zichen's figure slowly disappeared into the distance.

It could be seen that the Demonic Palace Lord seemed to be causing him great fear.

"Brother Chen, it's really okay, even if I'm like this, I can still live well right?" Floating in front of Long Chen's eyes, Ling Xi said while feeling wronged. Actually, if she had not chosen this way, the current Long Chen, would already be dead.

Long Chen didn't blame Ling Xi at all.

"It's fine. I know in my heart that you don't have to worry too much." Long Chen looked at Ling Xi and said. It had been a long time since he saw Ling Xi using this kind of illusory state.

After abandoning it, I feel a lot more at ease. I just need to experience the feeling of having a body, and I'm really very satisfied with it now, but I just can't let Brother Chen carry Xiao Xi to sleep in the future, "With that, Ling Xi became a little bashful." . "

"Don't worry, Nine Celestial Spirit Fruit will be quick." Long Chen said firmly.

"En!" Ling Xi nodded strongly. She believed in Long Chen beyond belief, and then, she continued to speak. "Brother Chen, I'm going back to the Ling Xi Sword."

After she finished speaking, her body slowly turned into a cloud of smoke and entered Ling Xi's sword. Ling Xi's sword gradually became smaller and smaller, and with a whoosh, it stabbed into Long Chen's ear.

The piercing pain in his ear that he had not felt for a long time made Long Chen a little dazed. It had been a long time since he had such a feeling. With Ling Xi here, he suddenly felt very satisfied.

"Forget it, Herba Euphorbiae is just a dream after all. Only Nine Celestial Spirit Fruit can turn a dream into reality. "So, work hard."

During this process, Long Chen's blood sacrifice had already come to an end. His strength slowly faded until it finally stopped at the level of his 4th level of the Milky Way Realm. Just like when he came out of Inverse Wonderland. Long Chen could not help but laugh bitterly. In this life and death struggle to escape, his strength had not changed at all, and yet, so many things had happened in the middle of it.

There was suffering, and there was also emotion. There was one thing that could not be denied, and that was, whether it was the relationship between him and Ling Xi, or the relationship between him and the little wolf, both had become extremely firm because of their tribulation. Nothing, not even time, could destroy their feelings. It was possible that a long time later, this experience of reversing the path of life and death would clearly appear in their minds. It made them feel touched and nostalgic.

If one only saw life at first sight, why would the sad autumn wind fan? How many years later could one still remember the scene back then?

Hot blood, righteousness, chivalrous tenderness, life and death together, never abandoning, fighting side by side, sharing life and death with each other!

Long Chen, Ling Xi, and Mo Xiaolang!

"Everything will be up to the day I return to the Biyang Royal City!"

At this time, Long Chen, who was in a coma, carried the little wolf in his arms. From now on, he would have to start from another path, and that was to raise his strength with all his might.

"Brother Chen, where should we go now? That fellow Lin Zichen, he must have set up a trap outside of Diremonster Mountain, just waiting for us to fall into her trap right?" Ling Xi's voice sounded a little uneasy.

"There's no need to go anywhere, just stay in this Diremonster Mountain." Long Chen said indifferently as he raised his head and looked at the Diremonster Mountain that seemed to be a gigantic black sword that supported the heavens.

"Why? Our original goal was not to go to West Sea Country?"

"West Sea Country, with Lin Zichen stopping us, we can't go. Let me tell you directly, I feel that this Demonic Palace's Palace Master should be determined to protect us. Otherwise, why would he chase Lin Zichen away? Just because Lin Zichen is a member of the imperial family?" Long Chen was an enemy of the imperial family, and her Demonic Palace was even an enemy of the imperial family. The Demonic Palace was planning to rope Long Chen in and even recruit him, this was a very normal thing.

"Will they take you in?" Ling Xi was a little confused. Her original plan was to go to the West Sea Country. Now that she was suddenly told to stay in the Diremonster Mountain, she did not know how to react.

"We'll wait here. We'll know soon enough." In this battle, Long Chen had sustained considerable injuries, but of course they were only external injuries. After a short period of rest, he quickly recovered. When he opened his eyes, a white-haired old man was already standing in front of him. His speed was incomparable.

Long Chen quickly sized up the white haired old man's appearance.

The white-haired old man was tall and sturdy, even taller than Long Chen. Although he was already old, his body did not show any signs of aging. His face was very strong, and his eyes were sharp like a sword. His nose was pointed, like a hawk soaring in the sky.

Under the gaze of the old man, Long Chen felt that his secret had been seen through by the white haired man. Suddenly encountering a ranker who was much stronger than Lin Zichen, Long Chen was a little restrained and immediately cupped his hands: "Junior Long Chen greets Demonic Palace Lord!"

With such strength, his identity could only be the Demonic Palace Lord. Long Chen had heard of his name before, seems to be Zhao Qingyun. Although his name was elegant, but according to the rumors, this person was ruthless, raping and robbing, committing all sorts of crimes. He was a peerless great devil.

But Long Chen did not believe it.

It was very easy to see a person's character from their demeanor, eyes, and temperament. This was the Canyang Kingdom, ruled by the royal family. If the royal family wanted to discredit the Demonic Palace, it would be easy to spread some rumors. This Demonic Palace Lord Zhao Qingyun should have been disgraced.

Long Chen still had some eyes on him, but this Zhao Qingyun had a calm expression, as if he did not exist in this world. Not only did he not carry any killing intent, he seemed more like a calm and collected immortal, and there was even a hint of righteous energy about him. How could a person with such temperament be the legendary devil?

At this moment, Zhao Qingyun was also sizing up Long Chen. His heart was filled with suspicions, and after eliminating those suspicions, he nodded and said: "Child, these past few days, I have listened to too many of your heroic deeds, and my ears have become callused to it. I think you will go to the Demonic Palace, I didn't think you would really come."

"This is junior's honor, thank you senior for saving my life earlier." Maybe Zhao Qingyun was a senior that was worthy of respect, but he was also one of the strongest warriors in the Canyang Kingdom.

The ability Blood Sacrifice had a time limit. If not for Zhao Qingyun, if he continued to fight with Ling Xi earlier, there probably wouldn't have been a good ending. Compared to Lin Zichen, the current Long Chen was still lacking by quite a bit.

Zhao Qingyun laughed faintly. His gaze swept past Long Chen and landed on the withered Herba Euphorbiae, praising in a soft voice: "Although I did not personally see it, I can roughly sense what is happening here, this young lady is really mystical, and Long Chen, you also have many miraculous things on you. For example, he was able to fight against Lin Zichen earlier, but now she is only at the 4th level of the Milky Way Realm realm."

Sure enough, Zhao Qingyun had some understanding of what was happening here. Ling Xi's Herba Euphorbiae s and Long Chen's blood sacrifice were things that were hard to explain. Long Chen was worried that Zhao Qingyun would interrogate him, so he had already mentally prepared himself.

"Don't worry, if it was when I was young, I would naturally pester you relentlessly to find out what was going on. Everyone had their own secrets and trump cards, and since you are an especially outstanding junior, you also have hopes of becoming Lin Zichen's contender, so I won't make things difficult for you. I've come here to ask you about your plans for the future. Let me be honest with you. "

Zhao Qingyun paused for a moment, then said: "If you leave Canyang Kingdom, I can escort you out."

"That good?" Long Chen was shocked. In that case, he would not have to worry about Lin Zichen guarding outside.

However, he was more interested in listening to what Zhao Qingyun had to say next.

"The other choice is that you become my direct disciple. You will get a lot of things that you want, including battle skills, strength, and even a divine weapon that is comparable to a Heaven Ranked Spirit Weapon — — Emperor Sword!"

## Chapter 342 - Demon Emperor Sword

A Heaven Ranked Divine Weapon comparable to a Emperor Sword?

Zhao Qingyun's words instantly attracted Long Chen's attention. Honestly speaking, taking the risk of her level dropping, Long Chen had already used Blood Sacrifice. In terms of Innate Qi, he was about the same as Lin Zichen, but he lost to him purely because of his battle skills. More importantly, Lin Zichen's Emperor Sword!

Seeing that Long Chen had gotten interested, but was still on guard in his eyes, Zhao Qingyun smiled helplessly, and said: "Don't you feel that it's too sudden, like you love your talent, everyone has it: Our Demonic Palace has always been mortal enemies with the royal family, and our strength is also in a relatively balanced state, but amongst the young generation of the imperial family, there are some outstanding ninth level of the Milky Way Realm warriors, but our Demonic Palace does not.

"My entire life, I have been suppressed by the Sword Emperor, and even my later generations are far from being his match. Zhao Qingyun lowered his head and said his last sentence.

"Junior does not believe it. It was just that it was a bit sudden. That's why I hesitated for a moment." Hearing Zhao Qingyun's sincere words, how could Long Chen not know that this was a huge opportunity? If Zhao Qingyun could give him anything less than Lin Zichen, so what if he became his direct disciple?

Furthermore, Zhao Qingyun had already saved him earlier and her strength was far above Long Chen. She even had the identity of a Canyang Kingdom of the first level.

"Don't be in such a hurry either." Seeing that Long Chen was no longer on guard, Zhao Qingyun said in satisfaction, "Why don't you listen for a while to see what kind of weapon is able to compete with Emperor Sword?"

"I was just about to ask." Long Chen said with an embarrassed smile.

"It can be said that, originally, this sword and the Emperor Sword were a pair. Our Demonic Palace's ancestors and the Royal's ancestors respectively seized a Divine Weapon when the Divine Weapon was born, and made it their clan's most precious treasure. What the royal family obtained is the Emperor Sword that Lin Zichen is currently using, and the divine weapon that our Demonic Palace obtained is called — — Demon Emperor Sword! "

"Demon Emperor Sword?" Just from the name, one could tell that it was a pair with a Emperor Sword. Of course, Demonic Palace Lord would not lie to Long Chen, so, to Long Chen, this was an enormous surprise. If he obtained the Demon Emperor Sword and fought his way back to Biyang Royal City, he would definitely give Lin Zichen a great surprise.

"Senior, what do I need to do in order to obtain this Demon Emperor Sword?" Long Chen clenched his teeth, and said very straightforwardly.

This time, he had already decided that he would stay in the Demonic Palace. If he went to the West Sea Country, he might be able to increase his strength, but he might not get any combat skills or divine weapons. However, it was different in the Demonic Palace. The Demonic Palace was a power comparable to the royal family. They had thousands of years of history behind them.

When Long Chen said this, it proved that he was moved.

In order to obtain the Demon Emperor Sword, you must first have the identity of a Demonic Palace disciple, and a core disciple at that. Only the core disciples of the Demonic Palace have the qualifications to compete in Demon Emperor Sword s. Zhao Qingyun said.

"Deal!" From now on, I, Long Chen, am Zhao Qingyun's direct disciple! " Long Chen said without saying a word.

"Don't be too happy too early, among the core disciples of our Demonic Palace, although there are no existences comparable to Lin Zichen, there are two disciples with the strength of peak eighth level of the Milky Way Realm or even with the fighting capabilities of regular ninth level of the Milky Way Realm. With your current 4th level of the Milky Way Realm, wanting to suppress them is simply a joke, and it is very possible that even if you enter the Demonic Palace, it would just be a wasted effort, and you might even become a laughing stock." Zhao Qingyun looked at Long Chen with a rare teasing smile, and said with a chuckle.

He was very satisfied with Long Chen's decisiveness and decisiveness.

Two eighth level of the Milky Way Realm s, and even battle strength comparable to ninth level of the Milky Way Realm, were basically equivalent to Lin Zichen who had not used a Emperor Sword. This kind of strength was undoubtedly super strong, but Long Chen had just left a wound on Lin Zichen's shoulder. Two eighth level of the Milky Way Realm s, was he still afraid?

Of course, the premise was that there was sufficient time.

"How much time do I have?" From 4th level of the Milky Way Realm, it would still take quite a bit of time to reach at least the level of eighth level of the Milky Way Realm.

"There isn't enough time, you have three months, so make good use of it." Zhao Qingyun said.

"Three months?" Long Chen laughed, three months of time, was enough. Three months later, it would be the time for him to make a comeback and kill his way back to the Biyang Royal City!

"Little child, are you really determined to take this risk at my Demonic Palace? Becoming my direct disciple is equivalent to you possessing an endless halo of light, but if you do not have the strength to match this halo, then you will have an endless halo of light, are you prepared?" Zhao Qingyun asked.

"There's never been any benefit. I'm already used to not accompanying challenges. No matter how deep the water in the Demonic Palace is, for the sake of the Heaven Ranked Divine Weapon, Demon Emperor Sword s, I, Long Chen, will give it a try!" Long Chen said firmly.

"Don't you worry, our master-disciple relationship is like a matter of interests. It's a bit unhealthy when we combine the two?" Zhao Qingyun joked.

"Everything is unhealthy. As the world goes by, I think it will become healthy." After observing for a while, Long Chen had a pretty good understanding of Zhao Qingyun. Indeed, as the opponent of the Sword Emperor, he did not have a single descendant who could match up to Lin Zichen, which was a bit shameful. But these few days, Long Chen had displayed astonishing talent, attracting his attention and arousing his gloomy heart of wanting to take Lin Zichen as his disciple.

"Alright, from now on, you are my, Zhao Qingyun's, ninth direct disciple!" Zhao Qingyun was somewhat gratified that he had finally confirmed this matter. Of course, this disciple was not sincerely following him, but was purely here for the Demon Emperor Sword. It was just that Zhao Qingyun had his own plans.

Today, he had only planted one seed. Who could be sure if this seed would grow to the point where it would destroy the entire Japanese and then destroy the entire imperial family?

"The ninth?" Those two eighth level of the Milky Way Realm you mentioned, are both my senior brothers and sisters? " Long Chen was a little depressed. Because of his relationship with the Ninth Prince, he was a little speechless towards the title of Ninth Junior Brother.

"None of them!" Speaking to this point, Zhao Qingyun said somewhat awkwardly, "They are not my direct disciples, consider me blind. Back then, I was not very careful in taking in disciples, and none of your senior brothers and sisters were good people. Right now, the more outstanding disciples in Demonic Palace are all gathered under her command. "

"So that's how it is!" Long Chen understood that it was no wonder that the old fellow was in such a hurry to recruit Long Chen. It was purely because his direct disciples were too disgraceful.

Long Chen's sudden realization caused his old face to twitch. But regarding this disciple, to be honest, Zhao Qingyun really loved him from the bottom of her heart. It's just that, as a teacher, he did not dare to act too arrogantly.

"Long Chen, let me tell you, in the Demonic Palace, there are currently two factions, I am the Palace Master and the strongest warrior, so most of the authority in the Demonic Palace is held by me, of course, the Three Great Demons has more say in the Demonic Palace, and they have countless disciples under them, if you are to become my direct disciple, you have to be prepared for provocation, and for my direct disciples, part of the reason is because they are too used to being bullied by the Three Great Demons disciples."

Speaking of which, Zhao Qingyun felt a little bitter.

Long Chen didn't laugh at him this time, he also knew that it wasn't good for him either, as a master, for a disciple to be in such a miserable state. had given his disciple even more resources during the competition among the younger generation, but even if they didn't try, Zhao Qingyun still wouldn't be able to do anything.

"So, I'm counting on you to give me face." Zhao Qingyun said honestly.

"Long face? I have to say that Zhao Qingyun is actually quite interesting. Long Chen smiled craftily and said: "As your most prized disciple, I will definitely give you face. But Master, I just accepted you as my master, why didn't I give you a proper meeting gift?"

"You want to get something so quickly?" Zhao Qingyun was a little speechless, "Normally, I would not be able to give you high quality things right now. Tell me, what do you need the most right now, and I'll help you think of a way."

Long Chen hesitated. If it was a battle skill from high-rank earth class, with his current 4th level of the Milky Way Realm, cultivating it would be useless. Even though Zhao Qingyun said those words lightly, Long Chen knew that it was definitely dangerous. If one did not have sufficient strength, one would inevitably be humiliated. It was fine to lose face with Zhao Qingyun, but Long Chen absolutely could not allow himself to be looked down upon by others.

Thus, what he needed the most was to increase his strength.

Of course, the wolf cub in his arms was also a big matter.

"I want the corpse of the Monstrous Beast. The higher the level of the Monstrous Beast, the more helpful it is to me." Long Chen immediately revealed his true purpose, but in truth, Zhao Qingyun had already seen through many of the special parts of his body, so Long Chen did not mind letting him see a little more. Of course, Long Chen only wanted the corpses of the beasts, he did not necessarily want to refine the blood and Qi in front of Zhao Qingyun.

"Corpses of demon beasts?" Zhao Qingyun was startled, she did not understand, but he immediately agreed: "On my hands, there are no corpses of beasts. However, near the Diremonster Mountain, there seems to be a beast with Earth Stage Seven.

Long Chen was instantly excited.

"Is this the benefit of having an expert protecting you?"

11 Finished, please don't say that I'm slow to update, now I'm nicknamed Crazy Update.

Chapter 343 - Horned Rhinoceros

In the past, Long Chen relied on his own efforts to obtain practically everything. Even high level demon beasts were killed by himself, who then used the Blood Refinement Qi. But now, with the protection of the top experts in the Canyang Kingdom, everything was different.

With the Demonic Palace Lord taking care of him, Long Chen could imagine that the time for his revenge hadn't long passed.

"Although I don't know why you want the corpse of the demon beast, but I'm afraid the strongest demon beast within a three hundred mile radius of Diremonster Mountain is this Earth Stage Seven's Horned Rhinoceros." Zhao Qingyun said as he brought Long Chen on the way.

"It's that tragic?" Long Chen was still immersed in the joy of having his master help him kill the Goblin Beast, but he never thought that it would actually be this kind of result.

However, frequent use of Blood Refinement Qi was not the way to go. Long Chen realized this, so even if there were no beasts, he did not lose heart.

But right now, the fire generating meridian's passageway is already closed, and I am unable to open it for you alone. Not long later, there will be a trial by fire for fire generating meridian, and if you are able to make it into the top ten among all the disciples, then you should be able to participate in this trial. "Su Yun said in a low voice.

"fire generating meridian, Flamethrower?" Long Chen secretly memorized these names. He had already thought that if the little wolf could wake up, this fire generating meridian would be his heaven.

"This demon wolf is as special as you. I, Zhao Qingyun, have always thought of myself as someone who is experienced and knowledgeable, but I have never seen this demon beast before. The Moon Devouring Demonic Wolf's forehead was a silver crescent moon, and this beast's golden sun was truly mystical. It's just that he should be injured, how are you going to save him?" Zhao Qingyun said as she saw Long Chen looking at the little wolf with a sad expression.

"Master, do you have any fire-attribute treasures?" Long Chen raised his head, and went straight to the point.

Since he had a Master to kill, he would be an idiot if he didn't.

"Fire attribute treasure?" "Let me think," From the looks of it, Zhao Qingyun indeed liked Long Chen, this new disciple. Long Chen had already made two requests in succession, and his brows did not even furrow for a single moment.

"Flame Refinement Essence, I do have a few more, but they are no longer in my possession. When we return to the Demonic Palace, I will give them to you." After thinking for a while, Zhao Qingyun said.

"You also have a Flame Refinement Essence? "Because I killed that ninth prince, I was chased down. On the ninth prince's sword, there are nine fire essence essences." Long Chen said in surprise.

"The Flame Refinement Essence is a product of my Demonic Palace, so he should have taken it away from my Demonic Palace's disciples. Although the Royal Family and the Demonic Palace did not engage in a large-scale decisive battle, there were quite a few battles going on in secret. It seems that not long ago, an elder of my Demonic Palace's seventh level of the Milky Way Realm died outside the Imperial City, he died while intercepting the Ninth Prince. Zhao Qingyun said with some regret.

As the Palace Master of the Demonic Palace, he obviously didn't wish for any of her own disciples to die, and in fact, die in the hands of the imperial family.

"Kid, you sure are brave to have killed the six commanders of the Imperial Guard Army, and even annihilated the entire Japanese. To be honest, I had wanted to exterminate the Japanese for a long time, but under the protection of the imperial family, I did not have the chance to do so." When the topic of Japanese was brought up, Zhao Qingyun's face was also filled with hatred.

"Those are just appetizers." Long Chen said indifferently.

From those words, Zhao Qingyun heard Long Chen's determination.

"Brat, your ambitions are very far away. If you are able to get rid of the imperial family, from now on, the Demon Emperor Sword is yours. It doesn't matter even if you take it away." Zhao Qingyun laughed. If Long Chen could survive to that extent, with his innate talent, he naturally wouldn't choose to stay in the Canyang Kingdom.

However, that was not an easy matter either.

"Then I'll accept the Demon Emperor Sword." Long Chen said somewhat arrogantly.

Under his strong self-confidence, only his heart surged.

"I'll be waiting." After Zhao Qingyun finished speaking, the two of them had already almost reached their destination. In front of them was a vast wilderness, filled with wild grass and murky rivers.

The ground rumbled and shook. This entire wilderness was filled with many wild beasts and even demonic beasts. And among them, in the deepest parts of the wilderness, there was a most berserk aura, so it should be the Horned Rhinoceros of the Earth Stage Seven.

Under Zhao Qingyun's lead, Long Chen passed through the wilderness and saw the appearance of the Horned Rhinoceros. His skin was gray, and the muscles that were intertwined together looked just like rocks, but Long Chen knew that this Horned Rhinoceros's skin was definitely harder than steel.

And the most obvious one was the four metres long thick horn on the head of the Horned Rhinoceros. The horn was sharp and sinister, it was definitely a natural weapon!

However, to Zhao Qingyun, all of this was just for show. A dignified profound beast, was directly smashed into smithereens with a single palm strike from him. The enormous Horned Rhinoceros gave a miserable howl and fell to the ground, kicking up a cloud of dust that filled the sky, then lost all signs of life.

"My strength, is worthy to be your Master, right?" Zhao Qingyun turned around and said to Long Chen proudly.

"Of course!" To get such a huge treasure for no reason at all, how could Long Chen not have a good opinion of him? However, he really did admire Zhao Qingyun. After all, even if it was a practitioner of ninth level of the Milky Way Realm, they wouldn't be able to kill a Horned Rhinoceros with such ease.

There was no doubt that Zhao Qingyun was at the ninth level of the Milky Way Realm realm higher than that.

Long Chen faintly knew that at a level above Milky Way Realm, he was called Heavenly Completion Stage. It was easy to understand the meaning of 'connected to the heavens'. The realm that would lead

to the heavens would definitely not be something that a practitioner of ninth level of the Milky Way Realm could compare to.

On the path of cultivation, Dragon-Meridian Realm, Divine Pill Realm, and Heavenly Completion Stage were called the four basic realms of cultivation. These four realms were the foundation. In the four fundamental realms, there were even more levels. Long Chen's hometown, as well as the majority of the strong, were just within that level. Regarding their levels, there were not many within the Canyang Kingdom that knew about them, so Long Chen naturally did not know about them.

The four basic realms, whether it was combat skills, godly weapons, spiritual medicines, or demonic beasts, they all corresponded to the four great realms, the Sky, Earth, Profound, and Yellow realms. Just like training in the martial way, there were even more levels for battle skills, divine weapons, spirit medicine and demon beasts. However, they did not exist in the Canyang Kingdom.

That was all later.

Long Chen used the biggest heaven and earth pouch to store the Horned Rhinoceros's corpse.

Long Chen, if there are no other matters, we will return to the Demonic Palace now. I want to gather some of the higher ups in the Demonic Palace and announce that I have accepted the ninth direct disciple, which is your news. When that time comes, you will have to kneel down and acknowledge me as your disciple. Zhao Qingyun said with a stern expression.

"If you truly want to be my disciple, then treat me well. So what if I kneel? Furthermore, since you gave me this Horned Rhinoceros, I should give you some face, don't you think so?" Long Chen did not care, most people who acknowledge others as their master would have to kneel in respect, there was not enough respect or etiquette for them, as their master, how could they teach them to you?

But let me remind you, with your current cultivation level, you only have 4th level of the Milky Way Realm. If someone provokes you, you can ignore them and endure the calm for a while. Once you have enough strength, those noisy clowns will naturally shut their mouths. Zhao Qingyun instructed.

"A wise man does not fight when the odds are against him. Don't worry, I'm not a fool. I won't choose the weakest time of my life and give it to others to oppress." Long Chen said calmly. However, Zhao Qingyun's words made him understand, the days in Demonic Palace would not be easy.

"Xiao Xi, Xiao Lang, just watch as I advance by leaps and bounds in the Demonic Palace. Three months later, it will be the time for me to take the Demon Emperor Sword and charge into the Biyang Royal City!"

With this thought, Long Chen followed Zhao Qingyun and stepped onto the road that led to Demonic Palace.

The Diremonster Mountain was extremely tall, and the highest point had already pierced straight into the clouds. The Demonic Palace was built halfway up the mountain on a huge platform. The platform was completely smooth, and looked like it was directly cut out with a sword!

"Are you surprised?" Zhao Qingyun had a look of anticipation.

"Indeed." After Long Chen reached the platform, he touched the ground. Although there were many traces, it was easy to tell that the ground was made by humans.

"This is the platform directly carved out by the creator of my Demonic Palace, the Sky Demon Child, with a Demon Emperor Sword in her hand! The current me doesn't have the strength to do so. In the Demonic Palace, each generation seems to be growing stronger and stronger." Zhao Qingyun said with a little sigh.

To be able to create such an appearance with a single sword strike, the legendary Sky Demon Child must be even more terrifying than Zhao Qingyun.

Deeply sighing at the Heavenly Demon Child's magnificent feat, Long Chen finally raised his head and looked at the Demonic Palace in front of him. Although the Demonic Palace had the word 'demon', the buildings in the Demonic Palace seemed to be like paradise on earth. Long Chen completely could not link the Demonic Palace in front of him with the legendary cruel and merciless bunch of people.

"It's a little unexpected, right?" Zhao Qingyun had long since predicted this.

"What is a demon? In our eyes, demons are not bloodthirsty, demons are not berserk, demons are not bound by the secular world, and demons are free to cultivate as they wish. This is the true intention of my Demonic Palace. If you want to talk about bloodlust, the royal family is the true devil."

Zhao Qingyun's words caused Long Chen to be a little shaken.

In other words, he, Long Chen was also a demon, and a devil amongst demons.

"Alright, I'll gather everyone now. You need to be prepared."

#### Chapter 344 - Three Great Demons

Following Zhao Qingyun, Long Chen walked into the Demonic Palace. Just like what was seen outside, the Demonic Palace was fresh and elegant, flowers, plants, trees, birds, flowers and the fragrance of flowers was like a paradise on earth. In fact, the Demonic Palace was very big, but not many people were there. Therefore, while Long Chen was walking on the road, he did not meet many people.

Anyone who passed by would look at Zhao Qingyun with reverence. After giving a slight bow, they passed by. Of course, their eyes were also carefully sizing up Long Chen who was behind Zhao Qingyun. This youth's face looked so unfamiliar. Just by looking at him, they could tell that Long Chen was not someone from Demonic Palace.

"Why is this young man following behind the palace master? The palace master usually lives a carefree life and doesn't really mind the situation. She often doesn't even see you for a month."

"I don't know. However, let's not randomly guess about the Asgard Mistress' matter. "

Whispering in private, the two of them walked past Long Chen. They still turned their heads to look at Long Chen's figure.

"He's only around 4th level of the Milky Way Realm, he probably isn't some genius. "Don't worry about it."

After Long Chen heard this, he smiled.

"Looks like the devils in this Demonic Palace are only my Master Zhao Qingyun and the others are only commoners who are jealous, resentful and vying for status. It seems like it's not easy to survive in this Demonic Palace, just as my Master said." Long Chen shook his head.

Following Zhao Qingyun, under the somewhat astonished gazes of everyone on the way, Long Chen arrived at the biggest hall of the Demonic Palace. The name of this hall was ' Demon Palace '. Looking at it from afar, the magnificent and domineering architecture indeed deserved the name ' Demon Palace '.

Under the respectful gaze of the guards at the door, Zhao Qingyun walked into the Demon Palace. The person guarding the door should also be a disciple of the Demonic Palace.

"Go, gather the Three Great Demons, the eight great protectors, the sixteen elders, the law enforcement elders, the punishment elders, and the various hall masters. I have something to announce." After walking in, Zhao Qingyun said to the disciple who was guarding the door.

"Yes sir!" He needed to notify the other disciples before the other disciples spread out to inform the higher ups of the Demonic Palace s that Zhao Qingyun's words were related to.

"Long Chen, the setting of my Demonic Palace's status, has a rather tight system. But it doesn't matter if you can't remember, amongst all these people, only Three Great Demons has the right to speak in front of me. Sometimes I also respect the opinions of the Three Great Demons. After all, they have been in charge of the Demonic Palace for many years, so they have some deep hearts of the people. " Seated on the large sandalwood chair in the middle, Zhao Qingyun looked down at the seats below and said to Long Chen who was behind him.

Long Chen was a member of the junior generation, so he naturally didn't have a seat.

"Three Great Demons, my strength is still in my ninth level of the Milky Way Realm. Aside from me, my strength is the strongest in the entire Demonic Palace. Furthermore, you have quite a bit of strength in the Demonic Palace. " Zhao Qingyun said.

"So, in other words, they are a little disobedient to your teachings and might be targeting me?" Long Chen immediately understood what Zhao Qingyun meant.

"It's fine. They can't change the things that I've decided on." Zhao Qingyun held onto his beard, and laughed.

Not long after, there were people arriving one after another, those with lower statuses arriving faster and faster. Very quickly, many elders, protectors, and hall masters had gathered in Demon Palace. As for the Three Great Demons, he was still not present.

At this time, almost everyone was looking at Long Chen who was behind Zhao Qingyun. To them, Long Chen was just too unfamiliar a person. They had a premonition that what Zhao Qingyun wanted to announce today definitely had something to do with Long Chen. With the Demonic Palace Lord present, it was not good for them to discuss about it loudly, but there were still some discussions during that time.

"The reason the Palace Mistress has summoned us here this time should be for this youth."

"I know that too, but what's so special about this young man?"

"His strength, should be his 4th level of the Milky Way Realm. Amongst the same age group, he is considered to be barely qualified, but to be able to remain indifferent in front of so many people, he should be someone with strong determination."

"We'll see whether he's determined or not later."

Time slowly passed, but Zhao Qingyun still maintained a calm face, and waited for all the Hall Masters and Protectors to arrive, then raised his head, and the three elders slowly walked into the Demon Palace. Long Chen immediately raised his head and observed the legendary Three Great Demons. This Three Great Demons was only second to Zhao Qingyun.

Three Great Demons was not young at all. In the middle was an old man who looked to be over eighty years old. His body was weakened, and there were quite a few people around his face. However, his eyes bulged out as they swept across everyone's face like a sharp blade.

To the left of the old man was an old woman. She looked younger than the middle-aged woman, but she was still able to walk with a straight back, and her expression was filled with arrogance.

As for the last one, it was a short and fat old man. He was younger than the old woman on the left, and his hair was still black.

The one on the left should be the Erythropoda, and the one on the right should be the fat and ferocious old man with black hair. The old man on the right should be the Triplex.

They didn't look that good. In the eyes of the common people, they were the devils. As for Zhao Qingyun, although she was not young, she still looked like a talent. It was likely that when she was young, she was also at Dongfang Xuanxiao's level.

After entering the Demon Palace, the Three Great Demons sat on his own seat, raised his chin, scanned, and found Long Chen standing behind Zhao Qingyun. They were not fools, in just an instant, they could guess that the reason they were invited out was probably because of Long Chen. A mere 4th level of the Milky Way Realm warrior actually asked their Three Great Demons to come here. In the heart of the Three Great Demons, he already had a bad impression of Long Chen.

As for what Long Chen did, the Three Great Demons could not be bothered.

"I'll announce something when I gather everyone here today." Seeing that it was finally time, Zhao Qingyun said indifferently as he opened his eyes and scanned his surroundings.

"Please speak, Mistress!" Below, everyone said in unison with respect.

To them, although Zhao Qingyun was not in charge and rarely showed her face, his Heavenly Completion Stage was genuine. If not for Zhao Qingyun, the Demonic Palace would have been stomped flat by the royal family.

For over a thousand years, the royal family and the Demonic Palace had maintained the state of having one Heavenly Completion Stage Ranker each. This resulted in the two forces existing in the Canyang Kingdom for over a thousand years, confronting each other for over a thousand years. Thus, they still held enough respect towards this Palace Master.

At this time, Zhao Qingyun pointed at Long Chen and said: "It's not a big deal. Let me first let everyone get to know that this is the ninth direct disciple I have accepted today!"

When Zhao Qingyun finished speaking, the crowd below immediately went into an uproar. In truth, it was not the first time Zhao Qingyun had accepted a direct disciple. Moreover, most direct disciples would be chosen from the ordinary disciples. But Zhao Qingyun, on the other hand, directly brought back a Young Fighters from nowhere with a 4th level of the Milky Way Realm.

Honestly speaking, 4th level of the Milky Way Realm could only be considered to be very ordinary. Everyone felt that this Palace Master was anything good, the only thing that people wanted to see was that his sight had reached the extreme. The Successor Disciples he had accepted, amongst the disciples

of the Demonic Palace, were ranked at the top fifty, and the number one disciples under the command of the Three Great Demons occupied the top three positions, so much so that the top ten were basically the disciples of the Three Great Demons.

From this, it could be seen that Zhao Qingyun's insight and ability to teach could not even compare to Three Great Demons's. Right now, it was even more absurd, she even directly gathered everyone here in the Demon Palace, and announced that she would let an outsider become his direct disciple.

This was truly child's play.

Of course, at Zhao Qingyun's decision, the others would only dare to slander him in their hearts. However, there were still people who expressed their dissatisfaction, and that was the Three Great Demons. At this time, his short and fat Triplex laughed dryly, and said: "Mistress, you must be joking right?"

"Do I sound like I'm joking?" Zhao Qingyun squinted his eyes. He knew that this damn fatty would come out to cause trouble, and sure enough, he was the first to speak.

"This young man should not be a disciple of the Demonic Palace. Furthermore, his cultivation is only at the 4th level of the Milky Way Realm and his talent is average, so how could he be qualified to become the Asgard Master's direct disciple? That's why I thought the Asgard Master was just joking around and was purposely teasing us brothers." After he finished speaking, the Triplex laughed.

"No need to say anymore, I have already decided. Long Chen, come and greet the elders. This is the Three Great Demons, and they are normally the ones in charge of matters in the Demonic Palace. " Zhao Qingyun was too lazy to bother with Triplex, and directly introduced them to Long Chen.

"Junior Long Chen greets Three Great Demons." Long Chen knew that it was just a situation. He casually mentioned it in accordance to the rules and did not say another word.

Of course, he was also very unhappy with Three Great Demons.

These three old fellows were indeed not characters to be trifled with. They actually dared to bicker with Zhao Qingyun in front of this public.

"Now, it's time for the ceremony of taking in a master." Zhao Qingyun looked at Long Chen with satisfaction and said with a faint smile.

"Hold on." Triplex suddenly shouted, "Asgard Mistress, are you really going to accept him as your direct disciple? Mistress, you have to be careful, just what is the background of this person, Mistress has yet to tell us. "

"His name is Long Chen. Have you not heard of this name before?" Zhao Qingyun was slightly unhappy, he raised his eyebrows and said coldly.

"Long Chen?" Everyone thought back to something, then suddenly remembered something and looked at Long Chen in shock!

#### Chapter 345 - Reuniting with Xuan Xiao

There was no helping it, during this period of time, Long Chen's name was simply too resounding. He had gone from a nameless kid to one who had committed a few earth-shattering deeds and entered the world of the strong in Canyang Kingdom. To kill the Ninth Prince, to kill the Imperial Guard Army's six great commanders, and to destroy the Japanese, all of these were things that ordinary people found difficult or impossible to accomplish.

Regarding Long Chen, even if the Three Great Demons heard this, he was still surprised. The Imperial Family was their sworn enemy, their opponent was being trampled on by this yellow haired kid, they were secretly pleased, but in their eyes, if Long Chen wanted to accomplish these few world-shaking things, his cultivation must be at least eighth level of the Milky Way Realm, right? If it wasn't eighth level of the Milky Way Realm, how could he kill Song Zhongcheng, who possessed eighth level of the Milky Way Realm?

The young man in front of them only had 4th level of the Milky Way Realm, so everyone continued to size Long Chen up. In the end, they really couldn't figure it out, and they could only assume that this was Demonic Palace Lord's problem.

The Three Great Demons also looked at each other, and they truly did not believe that this brat from the bottom of their hearts, was actually the Long Chen whose name was spread everywhere, the most direct person in the entire Three Great Demons. He spat, and said in a low voice: "He only wanted to recruit a direct disciple, and he actually used the name of a young genius as a substitute.

Although his words were unpleasant to hear, it was the meaning of most people.

Of course, the others didn't dare to say it out loud. After all, this was the Demonic Palace and he was a good Palace Master. Everyone only felt that the head of the Palace was particularly unreliable when it came to accepting disciples. This time, it was even more unreliable.

Zhao Qingyun could clearly hear their words, but he did not get angry.

"Why don't you explain?" Long Chen raised his eyebrows. He believed that if he was a Demonic Palace Lord, he would have thrown that whatever Triplex out long ago.

"Have you ever heard such a thing? The world slanders me, bullies me, insults me, laughs at me, underestimates me, despises me, loathes me, deceives me, how to deal with it? Just endure him, let him, let him be, avoid him, tolerate him, respect him, ignore him, wait a few more years before you look at him again. Today, they were underestimating you, Long Chen, so I don't need to explain myself. When the day of your true flight comes, they will naturally see it, so why should I waste my breath?" Zhao Qingyun laughed faintly.

Long Chen was in a daze.

This was why he was different from Zhao Qingyun. Perhaps it was because he was young, and was therefore a little insulted, he couldn't wait to get revenge. However, after hearing Zhao Qingyun's words, Long Chen began to reflect on it. Because of the Primordial Blood Dragon's influence, Long Chen's path to rise in power was evidently too hasty. From the very beginning, he was in the process of growing as he slaughtered. Therefore, his current state of mind was completely influenced by the Primordial Blood Spirit Dragon, and his killing intent was deep.

Perhaps reaching the realm of returning to one's true self will be of great help to me. For a gentleman to take revenge, ten years is not too late, and I am not in a hurry either. During this period of time, I will cultivate in the Demonic Palace and steadily increase my cultivation.

Long Chen suddenly understood that what he needed to learn from Zhao Qingyun the most wasn't combat, but mental fortitude, a type of calm personality. Only with this mentality would Long Chen be able to prevent himself from being lost on the path of crazy killing.

From this moment onwards, Long Chen truly recognized him as his master. Because there was indeed something worth learning from him.

At this time, when everyone saw that nothing had happened, the Triplex stood up and said directly: Mistress, everything has been announced. We still have a lot of things to take care of, but we aren't as free as you say. "

His words were laced with sarcasm. Indeed, some of Demonic Palace's complicated matters were being handled by him, so Zhao Qingyun was just a symbol there.

"Go." Zhao Qingyun lightly flicked her sleeve.

"That's right, on the list, are you sure you want to write Long Chen's name?" Triplex looked at Long Chen with a ridiculing smile.

The fact that he was trying to force his way in, was not really suitable for his current identity. It was likely that he was very dissatisfied with the Demonic Palace Lord. Since the Triplex was unhappy, Long Chen estimated that the other two moxibustions should go as well.

At this time, Long Chen suddenly interrupted. He smiled and looked at Triplex as he said, "Triplex, in truth, my real name is Butterfly. Just remember this butterfly.

"Butterfly?" The crowd was confused. How could there be a man with such a name? However, when they finally reacted, many of them immediately burst out laughing.

The two words butterfly were exactly the same as daddy. For Long Chen to be recited by the Triplex three times a day, wasn't it supposed to call Long Chen father? No one would have thought that Long Chen's guts would grow to this extent.

The moment Triplex reacted, he was immediately enraged, and rushed towards Long Chen with a roar!

In the Demonic Palace, he had always had a noble status and looked down on others. He never expected that there would come a day where he would be humiliated in such a way! Moreover, he had been humiliated in front of so many people. This was an extraordinary shame and humiliation!

However, he was forcibly stopped by the other two moxibustion s, because at this time, the one blocking Long Chen's path, was Zhao Qingyun.

"Have you forgotten the teachings of your ancestors, Triplex, when you made your move on Demon Palace? No one is allowed to touch your own people in the Demon Palace, today is your last chance, if there is a next time, I don't mind crippling you. "

It was fine if Zhao Qingyun did not go berserk, but if Zhao Qingyun went berserk, she would be terrifying. Everyone knew that because of Zhao Qingyun's calmness, the Triplex had gotten even better today. If Long Chen had not humiliated him in the end, he probably would have raised his tail right after they left.

From this point onwards, they began to care a little about Long Chen. After all, to directly humiliate Triplex, the fourth person of the Demonic Palace, with Zhao Qingyun's power, was not something that an ordinary person would dare to do.

"Disperse. What happened today, do not repeat itself. His name is Long Chen, and whether or not you remember him, it is also fine. My direct disciple, only in my heart, is not on the register." Zhao Qingyun looked at the crowd and said indifferently.

"Yes, Mistress!" Everyone nodded and left with their heads lowered. Although the Triplex's face was filled with unwillingness, under the instructions of the other two moxibustion s, he could only helplessly walk out of the Demon Palace. However, the eyes he looked at Long Chen with, already carried a lot of hatred.

"You really give me trouble. Aren't you afraid that he will target you from now on? " Zhao Qingyun said to Long Chen somewhat helplessly.

"Master, you don't know that this kind of clown, the more you get used to it, the more arrogant he becomes. Although you are obsessed with martial dao and don't want to be in charge, this kind of person still needs to be cured." As for watching, with a Demonic Palace Lord like you here, do I even need to worry? " Long Chen laughed.

At this time, just as everyone was walking out, suddenly, two people walked into the Demon Palace at the side of the crowd. The other elders and protectors all shot unfriendly gazes at one of the men.

"Father, let me tell you one thing!"

Among the visitors was a man and a woman, both of whom looked to be over thirty years old. The man was handsome and elegant, and the woman was as flirtatious as a flower. It was obvious that they were a pair of lovebirds. One of the women was elated, she had just entered and was speaking to Zhao Qingyun excitedly, but when she saw Long Chen, who was standing beside Zhao Qingyun, she was stunned, and even the man behind her was stunned. Zhao Qingyun was startled!

Of course, Long Chen couldn't recover his senses for a moment, because the two people in front of him were his foster father, Dongfang Xuanxiao, and Xuan Ming!

"Foster father?" Long Chen was shocked, and cried out involuntarily. He had not expected to meet Dongfang Xuanxiao in the Demonic Palace.

"Chen Er?" Dongfang Xuanxiao's face was also filled with shock, but Xuan Ming who was beside him did not know how to react, and immediately asked: "Chen Er, why are you here?"

After hearing their conversation, Zhao Qingyun was in a daze, he swept his eyes over the three of them, and exclaimed: "You guys actually know each other?"

"Of course, Master, Dongfang Xuanxiao is my foster father. We were originally both members of the Source Spirit City." Long Chen hurriedly explained. Since Xuan Ming was someone from the Demonic Palace, it was normal for them to be back here. However, Long Chen did not expect that Xuan Ming was actually Zhao Qingyun's daughter, so their relationship was thrown into chaos.

Zhao Qingyun was pleasantly surprised by the result. So it turns out that he was related to Long Chen by blood.

At this moment, the four of them stood together. Dongfang Xuanxiao and Xuan Ming were carefully sizing up Long Chen, and Dongfang Xuanxiao impatiently asked: "Chen Er, the rumored Long Chen who killed the ninth prince and was chased after, is that you?"

Originally, when he heard this news, he did not believe it. In his opinion, no matter how fast Long Chen's progress was, it was impossible for him to reach this level in a short amount of time.

"Of course it's me. Otherwise, why would I be here?" Long Chen laughed as he asked: "Foster father, have you ever been to the Source Spirit City before?"

If he had not returned to the Source Spirit City, Dongfang Xuanxiao would have thought that Long Chen would have died here.

At that time, you seemed to have entered the Burning Sky Secret Realm. Ming Er and I waited for a while but we did not see you come out. Dongfang Xuanxiao said.

It was because of this that he found out that Long Chen was still alive. Not only did he not die, he became even more powerful.

"Chen Er, I never thought that you would have made such great progress. Oh right, Daddy, how did you know Chen Er?" Xuan Ming said as he looked at Long Chen with some emotion.

#### Chapter 346 - Relatives

"Do you have to ask him?" Zhao Qingyun smiled mysteriously.

Zhao Qingyun did not say anything, but she could only helplessly say: "Foster father, as well as my beautiful foster mother, in the future, I'm afraid that our seniority will be thrown into chaos, because I am now his direct disciple and he is my Master."

"This is a good thing. To become my father-in-law's direct disciple, your cultivation must have advanced by leaps and bounds!" Dongfang Xuanxiao was also sincerely happy for Long Chen.

At this time, the other people did not leave immediately, many people had their ears stretched out, wanting to hear what Long Chen and the others were saying.

"Foster father?" After they had walked very far away from the Demon Palace, that Triplex also spoke with a face full of hostility: "Such boldness, I had thought that it was the real Long Chen. I hadn't thought that it would actually be Number One and the foster son of that good-for-nothing Dongfang Xuanxiao, who turned out to be the relative of Dongfang Xuanxiao. No wonder Asgard Master protected him so much, and gave him the title of Long Chen!"

"The work of the Palace Master is getting more and more unreasonable." On the side, Erythropoda and an old lady shook their heads.

If that 'Long Chen' can't do it, then we will be disgraced like Dongfang Xuanxiao, and lose face for the Mistress, which isn't our face. Hopefully, through this lesson, the Mistress will learn her lesson, and truly find a disciple to inherit his mantle. " At this time, the silent Great moxibustion spoke with a hoarse voice.

"Clothes? No matter how powerful the disciple, can they compare to the number one disciple among us three? Furthermore, you two are direct disciples, so you already possess eighth level of the Milky Way Realm. By the time Asgard Master finds a suitable disciple, maybe your disciple will have already reached the Heavenly Completion Stage. By then, he won't need to be this Asgard Master anymore. " Triplex said with resentment.

"OI 'Three, shut up, don't say such words at this time. Right now in Demonic Palace, Zhao Qingyun is the strongest, even if we join hands we still aren't her match. If you want to die, don't implicate us." The Great moxibustion gave a warning glance at the Triplex before she turned and left.

From their mouths, the news of Long Chen becoming Zhao Qingyun's direct disciple slowly spread throughout the entire Demonic Palace. From today onwards, a figure like Long Chen would appear within the Demonic Palace. Of course, it was unknown whether or not he was really Long Chen.

In fact, at Dongfang Xuanxiao's age, just the First level of the Milky Way Realm he possessed right now could be considered the worst quality existence in the entire Demonic Palace. This did not make him out to be special, but it was different when he married's daughter, Zhao Xuan Ming. A girl blessed by the heavens, yet she was pounced on by a pig just like that. Who was willing to accept this?

Therefore, in the Demonic Palace, Dongfang Xuanxiao had a resounding reputation, and was the number one trash in the world.

Of course, this Long Chen didn't know, with his current temperament, if he heard it, then who would dare say that he would beat him up?

At this time, Long Chen had already explained the matter of becoming Zhao Qingyun's disciple once to Dongfang Xuanxiao, and everyone immediately became familiar with each other. Long Chen also knew that Dongfang Xuanxiao and Xuan Ming had already gotten married, experienced eighteen years of suffering, and finally achieved the desired result.

"Oh right, Ming Er, you were in high spirits when you rushed in just now, you are dishonorable! I assume there must be some good news?" To be able to receive a direct disciple like Long Chen, Zhao Qingyun was exceptionally happy today.

"Xuan Xiao, tell me!" Xuan Ming said in embarrassment.

"Father-in-law, let me tell you a piece of good news. You're going to be a grandfather." It was his first time experiencing such a scene, so Dongfang Xuanxiao was a little restrained. After all, he had never been his real father. In front of an elder like Zhao Qingyun, he was also like a child.

"Ming Er is pregnant?" Zhao Qingyun was shocked, and immediately began to laugh out loud. "Today is truly a joyous occasion. Not only are you two reunited with Long Chen, you even gave birth to a child.

Long Chen was also very happy in his heart. This child, could be considered to have come late, late by nearly eighteen years. If the Azure Dragon Ancestor did not separate them at that time, their child today would probably be around the same age as Long Chen.

This was a joyous occasion, and with Long Chen coming to the Demonic Palace, the four of them were extremely happy. Although he wasn't blood related to them, Long Chen felt extremely comfortable in this kind of environment.

There was a heartwarming dinner party, only four people were having it.

At the dining table, Long Chen chatted a lot with them about his experiences during this period of time. Even so, Xuan Xiao and the rest were still extremely shocked.

"Chen Er, it has been hard on you." Xuan Ming was about to become a mother. Since Long Chen had called her his foster mother, she also treated Long Chen as a child.

After a while, Zhao Qingyun stood up and said: "You guys can continue chatting for a while, Long Chen, I'll go get you some fire essence refinement now."

Refinement essence was a necessity for the little wolf, Long Chen had to obtain it as soon as possible, so he nodded. After Zhao Qingyun left, Dongfang Xuanxiao's expression turned solemn and he told Long Chen, "Chen Er, you must remember one thing. That is, the matter of Ming Er being imprisoned in the Star Demon Prison, and that cannot be told to anyone. I only said that we were trapped in a secret realm for twenty years."

"I understand. Father was worried that Master would be angry and destroy the Lingwu Family, right?" The Lingwu Family was, after all, Dongfang Xuanxiao's root. Furthermore, Long Chen reckoned that Dongfang Xuanxiao already knew that the culprit, Azure Dragon Ancestor, was already dead because of Long Chen, and there was no need to destroy the entire Lingwu Family now that he was dead.

"That's right. After all, this is the clan that bore me birth, so Ming Er can understand me." Dongfang Xuanxiao said helplessly.

"There's still so much time before I can accompany you to pass it by, and our child, Big Brother Xuan Xiao, I'm already very satisfied," Xuan Ming said deeply as he looked at Dongfang Xuanxiao.

"Their feelings are not one bit worse than Xi's and my feelings. However, I can definitely not let Xiao Xi experience this level of suffering!" Long Chen secretly swore in his heart.

During the conversation, Zhao Qingyun quickly returned. In his hand, there were nearly twenty Fire Essence Refinement Essence. Because the light of the Fire Essence was too strong, Zhao Qingyun lit it up for a bit, then placed it into her Qiankun bag, handing it over to Long Chen.

"This was obtained by the disciples last time they participated in the fire generating meridian trial. It was useless to leave it aside, I gave it all to you." Zhao Qingyun smiled faintly.

Long Chen's heart was filled with gratitude towards Zhao Qingyun. He had always been a person who knew how to repay favors and favors, and she would naturally return Zhao Qingyun's kindness to him a hundredfold in the future.

"Master, the fire generating meridian you're talking about has a lot of these kinds of Flame Refinement Essence and a lot of high-level demon beasts?" Long Chen asked.

"Indeed, the fire generating meridian is actually a huge magma river. There are a lot of Flame Refinement Essence and a lot of fire-attribute demon beasts living here. "Why do you ask?" Zhao Qingyun asked.

"I need a large amount of fire-attribute treasures. Whether it's the Flame Refinement Essence or the demonic cores of fire-attribute demon beasts, they are all possible. So, when will you be able to let me enter the fire generating meridian?" Long Chen asked, filled with anticipation.

Roughly two months of time, there will be one. But before that, are you confident that you can make it into the top ten of all the disciples in Demonic Palace with your own strength? The disciples who are in

the top ten, are generally those with seventh level of the Milky Way Realm. " Zhao Qingyun asked, feeling a little hopeful.

"Sure." Long Chen said decisively.

"Then there's no problem." Zhao Qingyun smiled with gratitude. It could be seen that Long Chen was a confident person and at the same time, he also seemed to have the basis of his confidence.

After chatting for a while longer, because Xuan Ming needed to rest, Dongfang Xuanxiao sent her back to her living quarters. In any case, he stayed in the Demonic Palace and had a lot of opportunities to meet with Long Chen, so he was not in a hurry.

After that, Zhao Qingyun arranged for Long Chen to live in a residence that belonged solely to the Demonic Palace Lord's direct disciples. It was called Cyan Cloud Residence, which was rather large, and every direct disciple had their own courtyard.

Before this, Zhao Qingyun had even allowed Long Chen to meet his eight senior brothers and sisters, but since these people's aptitudes were indeed average, and their courage and insight were also average, Long Chen did not even remember a single person. However, although their cultivation was inferior, Zhao Qingyun did not discriminate against them, and treated them as true disciples.

In the journey of cultivation, Master could only serve as a guide, and would have to rely on himself for most of the time. In terms of guidance, Zhao Qingyun had actually already done quite well. But since they were all disappointing, Zhao Qingyun had no other choice. Now that she had arrived, he only hoped for Long Chen to fight for her honor.

After all, as a Demonic Palace Lord, to not have a single disciple who was capable of doing so was rather shameful.

After Long Chen returned to his residence and left, the other direct disciples gathered together and discussed in low voices.

"Do you believe that he is the Long Chen from the rumors outside who killed the six great commanders of Imperial Guard Army and the entire Japanese?"

"Looking at Ninth Junior Brother's appearance, there seems to be a trace of ruthlessness between his brows. If he only has true energy at the 4th level of the Milky Way Realm, I would believe it."

"Don't think too much into it. Isn't it spreading outside? He was Dongfang Xuanxiao's foster son, and the reason Master had taken him in as his disciple was only because of their daughter. If you want to stand up for our Asgard Master's direct disciple, all of you should stop thinking about it and go back to cultivate. "

## Chapter 347 - Tranquil Heart Training

Long Chen did not know how many residences he had changed to, but with the existence of Dongfang Xuanxiao and the rest, he could feel the aura of home.

Just as he walked into his residence and closed the door, Ling Xi was already impatient to exit from Ling Xi's sword. A little girl appeared in front of Long Chen's eyes, shaking about non-stop, it had been a long time since Long Chen had experienced something like this.

Long Chen gently placed the unconscious Little Wolf on the soft bed. Ling Xi watched on obediently.

"Brother Chen, I want you to hug me and sleep," Ling Xi said a little vexedly. She had already gotten used to that method, and now she suddenly changed back to this state, making her feel somewhat uncomfortable and uncomfortable.

"Don't worry, in three months, I will return to Biyang Royal City. Nine Celestial Spirit Fruit is something that I have to obtain. " Long Chen reached out a hand, allowing Ling Xi to stop in his own.

"En!" Ling Xi nodded heavily, and said: "Brother Chen, actually, I'm fine with it, I just have the feeling of missing my body a little. But the current me has a lot of soul power, and in this Demonic Palace, there are a lot of soul medicine, so I don't need to worry about my life disappearing, and I can also help you out a lot.

"No matter what you look like, I will like it very much. But I don't like others coming to make decisions for me. This time, Lin Zichen forced you to give up your Herba Euphorbiae. Long Chen said indifferently as he looked out the window at the bright starry sky.

"Brother Chen, I feel that what your master said is reasonable. On the path of cultivation, one's disposition is very important. softly said as he sat on Long Chen's shoulder.

Long Chen nodded.

"However, this Horned Rhinoceros cannot be wasted. My current 4th level of the Milky Way Realm, in this Demonic Palace, is truly not enough. If others were to provoke me, I might even be humiliated."

The Horned Rhinoceros was Zhao Qingyun's present to Long Chen, where she directly used the Horned Rhinoceros's Beast Blood Refinement Qi. The beasts of the Earth Stage Seven had merely caused his true qi to return to the level of her fifth level of the Milky Way Realm, which was still a distance away from the peak of his Sixth Stage of the Milky Way Realm.

"This super divine ability, Blood Sacrifice, is too heaven-defying. I must use it less in the future. Otherwise, my cultivation level will continue to drop and I won't be able to do anything about it." Unless it is absolutely a life and death situation, it will absolutely not be used. " Long Chen pondered.

"This time, I will try to cultivate and see if I can reach Sixth Stage of the Milky Way Realm. Also, I will have to quickly condense the Milky Way during this time so that I can find a place close to the starlight and slowly consolidate my previous cultivation."

"Isn't the place closest to the starlight the peak of Diremonster Mountain?" Ling Xi tilted her head and thought.

Tomorrow, I will ask Master if I can go up there to cultivate. From today onwards, I will focus my mind and focus on cultivating until I can deal with Lin Zichen, and even the strongest cultivator in Canyang Kingdom. " Long Chen's heart was filled with passion.

As he trained, time slowly passed. When dawn was about to break, Long Chen finally saw some movement from the little wolf. The wolf cub's awakening made him especially excited. In the past few days, Ling Xi had also treated the little wolf as her younger brother. Now that the little wolf had woken up, she was very excited as well.

From Ling Xi's words, Long Chen also knew that the last time the Little Wolf burnt its life flame, it had already had a lot of negative effects on him. Her strength had dropped from Earth Stage level 5 to around Earth Stage level 4.

The combination of Blood Refinement Qi and Blood Sacrifice was similar to the combination of the Little Wolf's Fire of Life and Devouring Flame. However, Long Chen was still better than the Little Wolf in

many ways because he had used Blood Sacrifice, his strength had increased sharply, and the price had been for his level to fall while the Little Wolf's life was in danger.

"In the future, if you burn your life force again, I won't recognize you as a brother." Because he was afraid that the little wolf would be rash again, Long Chen could only speak to him in such a serious manner.

The wolf cub nodded awkwardly.

This Flame Refinement Essence belongs to you, and I'll tell you a piece of good news. After a while, we will go to a place called fire generating meridian, where there are a lot of Flame Refinement Essences, as well as a lot of high-grade demon beasts of the fire attribute. Long Chen said somewhat excitedly.

The wolf cub's eyes widened in excitement. Furthermore, the Fire Refinement Essence already existed in Long Chen's hands, which made him even more excited.

It could be said that if there really was a fire generating meridian, it would be the heaven of the wolf cub.

"However, that is only if my strength can be ranked in the top ten of the Demonic Palace's disciples." Long Chen said.

At this time, Ling Xi and the little wolf communicated with each other for a while. Ling Xi bared her fangs and brandished her claws as she said to Long Chen, "Brother Chen, the little wolf wants you to work hard.

Long Chen didn't know whether to laugh or cry.

However, the feeling of working together was truly great ...

Seeing that Ling Xi had become more lively and started to become more lively, it was only then that Long Chen realized that he had been asking her to keep the body of a Herba Euphorbiae all along, and it seemed to be a little wrong. The current Ling Xi could truly help Long Chen out, so she had to be happier and more at ease, not becoming a cripple and becoming a burden for Long Chen.

"Xiao Xi, I'm sorry. I haven't thought about your decision." Long Chen said solemnly.

"What is it? "We don't even know what you're talking about. Little Wolf, let's go play and ignore this guy who wants to cultivate."

Long Chen's days in Demonic Palace calmed down. His life became extremely monotonous because with Zhao Qingyun's permission, he basically did not return to Qingyun Peak, but instead stayed at the peak of Diremonster Mountain day and night. Usually, he would cultivate at the peak of Diremonster Mountain, and every once in a while, he would go down to visit Dongfang Xuanxiao and to accompany Dongfang Xuanxiao, and live a leisurely life.

Other than this, Long Chen had never gone anywhere else in the Demonic Palace. Just like Zhao Qingyun, his figure suddenly appeared out of nowhere, and disappeared from the view of everyone. Time slowly passed, and if not for someone occasionally bringing up the joke of a family member, the people of Demonic Palace would have almost forgotten about him.

Regarding this disdain, Long Chen had heard of it once when he was just passing by. He didn't know whether to laugh or cry. He was Long Chen in the first place, but he was actually taken as the direct disciple of the Demonic Palace Lord because of Xuan Xiao. This left him speechless. However, the recent Long Chen had always been focused on nurturing his body and mind, suppressing the killing intent in his heart, and learning from Zhao Qingyun's calm attitude. This allowed him to learn a lot, and his heart to be even more generous.

There were many things that did not need to be explained. When Long Chen truly soared into the sky, everyone would be blinded by his light.

In the place closest to the starlight, cultivating Milky Way Realm continued. Day and night passed, and the eighteen galaxies alternated between each other and Long Chen's head. Long Chen's cultivation realm not only advanced towards the Sixth Stage of the Milky Way Realm, but also firmly consolidated the Milky Way within his body for the first five stages. It would make his foundation even more solid.

At the peak of Diremonster Mountain, there was not a single blade of grass growing. Looking down from this place, Long Chen could see a scenery of over a thousand miles around. The city below, was only the size of a palm in Long Chen's eyes. From this, it could be seen just how high Long Chen's current position was.

Day and night, Long Chen immersed himself in his cultivation, while Ling Xi accompanied him by his side as usual. As for the little wolf, he no longer needed to cultivate, and after consuming nearly twenty Flaming Essence, his strength returned to the realm of the fifth level of the Earth Stage. It was at the

same level as Long Chen's fifth level of the Milky Way Realm, and like Long Chen, he was also very close to the sixth level.

He looked at the small mountains.

Long Chen stood up amidst the raging winds at the top of the mountain, his clothes fluttering in the wind.

A month had already passed. His expression was even more reserved now. There were faint rays of starlight flowing through his eyes and skin. The blood color in his eyes slowly faded, allowing him to regain his clarity.

After going through that crazy road of life and death, coupled with careful cultivation on the Diremonster Mountain, Long Chen's nature once again took a big leap forward.

"However, you finally understand and learned it. With your current progress, you will soon reach the Sixth Stage of the Milky Way Realm." This was Zhao Qingyun's evaluation of him.

On this day, Long Chen had completely completed his mission of cultivation and returned to the Demonic Palace. He first gathered with Dongfang Xuanxiao for a while, and after talking to him for a while, he planned to return to the peak of the Diremonster Mountain.

He was not afraid of tiredness or boredom. Basically, with the Little Wolf and Ling Xi accompanying him, none of these existed.

After leaving the Demonic Palace, Long Chen walked for a short while and discovered that there was someone up ahead. He initially did not want to meddle in other people's business, but the matter in front of him seemed to be a little too much.

"Brat, quickly lick them clean for us. Lick them one by one, stick up your butt, and quickly lick them. If you can't lick them clean, then we brothers will let your ass blossom today!"

"Yes!" Licking your brother comfortably, if your brother is happy, maybe he can even reward you with a little of his Tianhe Dan! "

Everywhere Long Chen looked, he saw a row of Demonic Palace disciples and in front of them was a young man dressed in service disciple's clothes. This young man was crying with tears all over his face and begging for mercy, but looking at the other party's forceful attitude, even begging for mercy would be useless.

#### Chapter 348 - Three Great Heaven Class Secret Scriptures

Long Chen did not have the intention to interfere with such a small dispute. After all, he did not seem to know anyone in the Demonic Palace. However, when he walked in, he found that the kneeling disciple looked a little familiar. It should be the direct disciples that had been hired to do the menial work by Long Chen and the other direct disciples. had only met him a few times before, so he had some impression of him.

The rows of disciples standing in a row were all arrogant and despotic, probably because they had a high background. At this time, they all took their feet out from their boots and lined them up in a row, wanting to help the kneeling service disciple lick them clean.

These feet were all extremely stinky, they were actually licked clean by the service disciple, it was truly bullying, at least they had met each other a few times, and seeing that the disciple was about to close his eyes and submit, Long Chen walked over.

The moment Long Chen appeared, the disciples saw him, but they naturally did not recognize him. Long Chen had only appeared on the Demon Palace a single time, and had disappeared without a trace every other time. These ordinary disciples had heard of his name, but most of them did not know of his name.

"Who are you?" One of the disciples arrogantly said to Long Chen.

"Get up, I'll send you back." Long Chen could not be bothered with them, and directly pulled him up from the ground.

Seeing Long Chen's appearance, the disciple immediately revealed a relieved expression. He knew that Long Chen seemed to have heard about the 4th level of the Milky Way Realm, even though it wasn't considered strong in the Demonic Palace, it was still stronger than the disciples in front of him. He was already very surprised to be able to escape this calamity.

Otherwise, he might not even be able to survive if he licked those stinky feet clean.

Long Chen's attitude made those fellows angry, and they all clamored: "Brat, are you courting death? Do you know our identities? We are the direct disciples of the Triplex! I advise you to scam in a breath of time, or else you will be like this brat and help us lick our feet! "

With that, they surrounded Long Chen. As long as Long Chen did not scam, they would make their move.

Xiao Lang was right behind Long Chen at this time. Seeing that these disciples were being too arrogant, he could not watch any longer and directly spat out a mouthful of flame, scaring all of the disciples to the point that they retreated backwards. It didn't seem very useful.

"What kind of demonic beast is this?!" They were shocked to see the wolf cub.

"No matter what kind of demon beast it is, he dares to offend us. Brothers, kill him. Tonight, we will stew wolf meat!"

One person initiated the attack while the others followed suit. They used their combat abilities and were about to attack the wolf cub. The wolf cub had been too idle lately, and it was rare for him to run into someone.

Its agile body, sharp teeth and claws, black flames flowing through its fur, and the golden sun mark on its forehead made the wolf cub look extremely terrifying. When the little wolves transformed into their battle forms, they were already scared to the point of peeing before they could even attack. They all cried out for their parents to leave, fleeing frantically and quickly disappearing from Long Chen's field of vision.

"Truly a bunch of trash that only bully the weak and fear the strong." Long Chen laughed helplessly.

At this time, the wolf cub had a face full of indifference and joy. He had thought that they could have a good time, but he hadn't expected them to be useless. They were all half-dead, and when the wolf cub went berserk, they all turned into turtles and fled with their tails between their legs.

"Thank you, thank you!" The service disciple looked at the little wolf in awe, and said to Long Chen. Rumor has it that Long Chen was just a piece of trash, but from the looks of it, he seemed to have everything under his control.

"How many times have I met you? Are you in the Greencloud Restaurant?" Long Chen tried to test the waters.

"Yes, yes!" I even went to clean you up a few times, but you weren't even there, so what should I call you? " service disciple said.

"You're not older than me, just call me Brother Chen. "What's your name?" Since Long Chen had nothing better to do, he was worried that those fellows would cause trouble for him again, so he decided to just send him back.

"Brother Chen, my name is Wang Xing, I am a service disciple, but I will be able to level up to a normal disciple in two months!" As he said till here, Wang Xing was somewhat agitated. Becoming an official disciple of the Demonic Palace was his previous dream, and not long ago, he had realized this dream.

"Those guys might cause trouble for you, so I'll send you back." Long Chen called out to the little wolf, then said to Wang Xing.

"Thank you, Brother Chen!" Wang Xing immediately revealed a pleasantly surprised expression. He had initially thought that Long Chen would be like the one in the legends, and had only become the Demonic Palace Lord's direct disciple because of their relationship, but now, looking at him, Long Chen felt completely confident and calm. It was impossible to tell which aspect of him was weaker than the others.

Along the way, Wang Xing had a rare opportunity, and since Long Chen was easy to talk to, he had been chatting with Long Chen the entire time.

"I don't know why they are targeting me either. I don't even know them. Perhaps they just happened to meet me and wanted to tease me. However, these people are truly too excessive." Wang Xing clenched his fists tightly, "When I have strength, even without you saving me, I will still be able to defeat everyone who bullies me!"

"Good luck then." Seeing that he had so much fighting spirit, Long Chen laughed, it could be seen that the youth's talent was not bad, and was very positive.

"Brother Chen, you are the Asgard Master's direct disciple. You should be able to obtain the Demonic Palace's' Three Great Secret Scriptures', right?" When they were about to reach Blue Cloud Palace, Wang Xing suddenly asked with a bit of anticipation.

"I heard that the Three Great Secret Scriptures, this is the Demonic Palace's most pinnacle combat skill, this is my dream, I really hope that one day, I will be able to cultivate this Three Great Secret Scriptures!"

"What is the Three Great Secret Scriptures? I just came to the Demonic Palace, I'm not sure yet. " Long Chen asked with some doubt.

"Ah?" Brother Chen, could you really be the Long Chen from the legends, who killed the six great commanders of the imperial family and annihilated the Japanese? " Wang Xing opened his mouth wide. If Long Chen knew about the Three Great Secret Scriptures, he should be a close relative who had a very deep understanding of the Demonic Palace, but Long Chen did not know. From this, it could be seen that he was very possibly from a foreign place.

"Do you think I am?" Long Chen ridiculed.

"I guess I don't know, but my intuition tells me that it is!" Wang Xing said resolutely.

"Then treat it as true. Oh right, tell me in detail what is the Three Great Secret Scriptures that you mentioned just now!" Long Chen said.

Speaking of Three Great Secret Scriptures, Wang Xing was also very excited.

"Our Demonic Palace, according to the rumors, has a total of three great Heaven Tier Battle Skill! It's not a high-rank earth class but a real Heaven Tier Battle Skill! "

"Heaven Tier Battle Skill, three more?" Long Chen was surprised. The three great Heaven Tier Battle Skills, this was definitely not a joke. If there really was one, then these three great Heaven Tier Battle Skills should be the treasures of the Demonic Palace, as they were basically able to match up to the level of Demon Emperor Sword.

"Wang Xing, tell me in detail. What are the three great Heaven Tier Battle Skills?" Long Chen said with interest.

"Of the three great Heaven Tier Battle Skills, the first one is a movement technique! It was called "Traceless Demon Shadow". Rumor has it that it was extremely heaven defying, and when it was used, it was like a mirage. Even a practitioner at the same level would find it difficult to catch you! However, such a miraculous battle skill can only be ranked third in the Three Great Secret Scriptures! "

"The second is a sacred art battle skill, the name is — — Great Mantra of Dao-heart Seed, this Great Mantra of Dao-heart Seed is a sacred art, I heard that there are two levels, to use this Heart Demon Seed, and to be able to plant a magic seed in your true qi, when used, the magic seed can be unleashed, basically double the power!" But the second stage of the Great Mantra of Dao-heart Seed is able to increase the power of true qi four times over! "

I heard that in the entire Demonic Palace, the only person able to unleash the The way of the Demon Emperor's Sword is the Palace Mistress. The The way of the Demon Emperor's Sword exists among the Demon Emperor Sword, and only by obtaining the approval of the Demon Emperor Sword and becoming its master can one comprehend the The way of the Demon Emperor's Sword! "

If I can get one of them, I'll be satisfied for the rest of my life. Hehe, but I know that I am only dreaming, and that only disciples with esteemed status and extremely strong strengths will have the chance to get one of these three secret skills. That's why I asked Brother Chen if you got it. " Wang Xing was a little embarrassed as he scratched the back of his head.

Long Chen thought back to what Wang Xing had said.

Long Chen knew that since Zhao Qingyun sent him to the Demonic Palace, he would definitely give him these things. Of course he wouldn't give them to him for free.

"In the recent battles, I had suffered from a lot of battle skills. The battle skills on me were only barely effective on divine fire clone and the Azure Dragon Battle Method was already useless. It seems like I

have to put in a lot of effort in terms of battle skills. With my talent in battle techniques, I might even be able to learn Heaven Tier Battle Skill. "

It had to be said that this Demonic Palace was simply a paradise for Long Chen to cultivate. Furthermore, with the heavy relationship that Dongfang Xuanxiao had, he and Zhao Qingyun could be considered to be truly on the same side now.

"Wang Xing, we have reached the Greencloud Restaurant. Go back first, I'm going to the peak of Diremonster Mountain to cultivate. Goodbye!" Long Chen laughed.

"Brother Chen, goodbye!" I will work hard! " Wang Xing said firmly.

"Mm, I'll see how hard you work. If you make progress, I don't mind giving you something." Long Chen laughed.

#### Chapter 349 - Reentry to the Sixth Stage

Long Chen's current stock was useless to him, but for Wang Xing, there were a lot of things that were considered treasures.

After receiving Long Chen's consent, Wang Xing happily returned. With regards to Wang Xing, it didn't take long for Long Chen to once again return to the peak of the Diremonster Mountain.

"If the three great heaven stage secret scriptures are all managed by Master, he would definitely give it to me after I train to a sufficient level. However, it seems that the Three Great Demons also has a lot of power, so it seems that I will have to rely on myself to obtain the Three Great Secret Scriptures. At the very least, I need to obtain the Heaven Ranked sword technique [The way of the Demon Emperor's Sword]. "

Long Chen sat at the center of the peak, steadily cultivating while thinking about these things.

"As for the Traceless Demon Shadow and Great Mantra of Dao-heart Seed, when I reach the Sixth Stage of the Milky Way Realm, let me talk about them to Master. With the gift that the Mysterious Dragon Jade has given me, even if it's a Heaven Ranked combat skill, I should have some hope in cultivating it. As long as I train in this Heaven Tier Battle Skill, my fighting strength will at least increase by a lot. "

"There's no need to talk about the Traceless Demon Shadow, it is definitely that kind of super strong movement technique, and that Great Mantra of Dao-heart Seed is even more miraculous, it can actually increase the explosive power of my Zhen Qi by two to four times. Doesn't that mean that after I undergo the Dragon Soul Transformation, my Zhen Qi will once again surge, and completely suppress people of the same realm, or even the people of the same realm?"

If that was the case, this Great Mantra of Dao-heart Seed was something that Long Chen had to obtain.

If all three were Heaven Ranked, Long Chen would not need the rest.

As he thought of this, his heart burned with passion and his goal grew even more intense.

However, after coming to the Demonic Palace, and hearing the word "peace" from Zhao Qingyun, no matter how passionate his heart was, he slowly focused her entire mind on cultivation. He continuously communicated with the power of the stars, stabilizing the Milky Way in her body while increasing her true qi.

He had once reached the Sixth Stage of the Milky Way Realm before, so it was much easier to break through this time. Finally, after five days, Long Chen was able to form a sixth pair of Yinyang Tianhe, and he successfully reached the Sixth Stage of the Milky Way Realm once again!

Last time, when Long Chen was using her Sixth Stage of the Milky Way Realm, he used a blood sacrifice, his strength reached the eighth level of the Milky Way Realm, and in the end, retreated two levels, to the 4th level of the Milky Way Realm. But now, with just one session of Blood Refinement Art and his own meditation cultivation, his strength had finally returned to the Sixth Stage of the Milky Way Realm, reaching the strongest realm in his history. Moreover, this time's breakthrough was entirely based on steady cultivation. As a result, his cultivation base was more stable and the combat ability it could unleash was also much stronger.

When he stood up at the peak of Diremonster Mountain, Long Chen suddenly felt as if he was floating. The improvement in his strength made his senses sharper by quite a bit.

"The Brother Chen has broken through again?" Ling Xi flew out from beside her ear, and said while dancing in front of Long Chen's eyes.

"It's the Sixth Stage of the Milky Way Realm." Long Chen nodded his head, "Although I did not use the Blood Refinement Qi, my speed was still not enough.

"Awesome!" Ling Xi praised with a smile.

Long Chen advanced step by step towards his goal, and Ling Xi was happy for him.

"Perhaps one day, he would really slaughter his way back to the Biyang Royal City and obtain the Nine Celestial Spirit Fruit. It's just that, at that time, how should I choose?" Ling Xi's heart was a little tangled.

Long Chen did not know about the entanglement in her heart.

After reaching the Sixth Stage of the Milky Way Realm, Long Chen did not stop his cultivation. He needed some time to digest and consolidate his current realm. From the morning until noon, Long Chen finally thought of making a trip back to the Demonic Palace, as he had not returned several times already for the sake of this breakthrough. Right now, it was the right time to go back, so he could tell Zhao Qingyun, Dongfang Xuanxiao and the others the good news.

During this period of time, Zhao Qingyun had been taking great care of Long Chen, and could basically be considered to have promised anything she wanted. Thus, in Long Chen's heart, she had truly accepted this master. Thinking about it, Zhao Qingyun could be considered Long Chen's first master on her path of cultivation.

Currently, Long Chen had learned about the freedom and tranquility of this "Demon" from him. Of course, as Long Chen's master, the benefits he had given Long Chen would probably not be little.

Long Chen and Zhao Xuan Ming's life was very peaceful, with lovers having a happy ending, which was what Long Chen liked. However, the current him still needed to work extremely hard for this goal, and as long as he obtained the Nine Celestial Spirit Fruit s, he would have the same qualifications as Dongfang Xuanxiao.

Regarding Long Chen reaching Sixth Stage of the Milky Way Realm, Dongfang Xuanxiao had expected it. He knew that his foster son had climbed up to this day from a nameless nobody. Even he himself had to look up to the extent of how heaven defying he was.

Following that, Long Chen found him in Zhao Qingyun's palace, cultivating.

"Master, I have reached the Sixth Stage of the Milky Way Realm." When Long Chen arrived in front of him, he went straight to the point.

"Yes, ten days faster than I thought. But it has already been one month and five days. There is still less than two months of time, and he should still have the confidence to surpass eighth level of the Milky Way Realm, right?" Zhao Qingyun asked.

"Of course I'm confident, but Master, today I want to ask for a battle skill." Long Chen and Zhao Qingyun had been speaking without the slightest hesitation the entire time.

In the beginning, Zhao Qingyun was a little speechless towards this kind of Long Chen, but she had gradually gotten used to it. Other than Long Chen, there was not a single direct disciple who dared to ask for something in front of Zhao Qingyun, and this was not just the first time for Long Chen.

Of course, for Long Chen to dare act in such a way also meant that the current him was much more superior than the other direct disciples. Zhao Qingyun's strongest disciple was just her Sixth Stage of the Milky Way Realm, he was already far from being Long Chen's match.

"What do you want?" Zhao Qingyun said with a stern expression. He saw that Long Chen was approaching in full fury, so the things he wanted should not be ordinary.

"Traceless Demon Shadow, or Great Mantra of Dao-heart Seed. Long Chen knew how precious these two things were, so when he said it out himself, he felt a little embarrassed. At least for now, he hadn't built anything for Zhao Qingyun, and in the current Demonic Palace, there weren't many people who believed that Long Chen was the Long Chen of the outside world.

And, because of Long Chen's existence, his prestige and position in the eyes of the disciples had dropped by quite a bit.

"..."

Zhao Qingyun was a little speechless, he knew that Long Chen's appetite was huge, but she never thought that it would reach such a level.

It had to be known, the third level was a watershed, the first three levels of Milky Way Realm were for the elementary level, and the fourth level was for the intermediate level. Long Chen was only a middle level Milky Way Realm cultivator now, but he actually wanted to cross two huge gaps to learn Heaven Tier Battle Skills?

"If you reach the 7th level of the Milky Way, and then try the Heaven Tier Battle Skill, I think you will have a higher chance of success. Right now, I think it's basically impossible to learn it." Zhao Qingyun frowned.

It seemed that it was not that he did not want to give it to Long Chen, but rather, he felt that Long Chen would not be able to learn anyways, so there was no need to be so hasty, and would delay his cultivation.

"Master, I have extraordinary talent for battle skills. When I was still in the Divine Pill Realm, I was able to cultivate high-rank earth class battle skills, so I can guarantee that the Heaven Tier Battle Skills would definitely not be inferior to the other people in the seventh level of the Milky Way Realm when I cultivate them." Long Chen patted his chest and said confidently.

"Are you sure? When training Divine Pill Realm, what is the battle skill of cultivating high-rank earth class?" Zhao Qingyun was surprised, and asked.

"It's true." Long Chen was naturally speaking of divine fire clone. Initially, when he successfully cultivated the divine fire clone, it was because of him reaching the Milky Way Realm. Of course, exaggerating was only to obtain the Heaven Tier Battle Skill as soon as possible.

"Alright, I can let you try it. However, if it doesn't work, you must stop training as soon as possible in order to avoid delaying the advancement of your realm. One must know that realm is the fundamental element." Zhao Qingyun nodded.

"What does Master want to give me?" Long Chen didn't think that it would be so easy to deal with, and was a little excited in his heart. Looks like Zhao Qingyun is definitely a good master, it was absolutely correct for Long Chen to choose Diremonster Mountain instead of going there.

Of course, he always knew how to repay favors. Since Zhao Qingyun had given him good stuff today, when he became a strong Ranker in the future, he would naturally return it to the Demonic Palace.

"Great Mantra of Dao-heart Seed, this is the reward for the number one ranked disciple in the fire generating meridian's experiential learning. I don't have the right to give this to you in private either. However, I do have the right to let you try out that Traceless Demon Shadow. Among the current young disciples, only two of them have obtained the Traceless Demon Shadow. Both of them have eighth level of the Milky Way Realm and are extremely talented.

"Thank you, Master." Receiving the Traceless Demon Shadow, and even more so than the Great Mantra of Dao-heart Seed, was actually of a much greater help to Long Chen now. Receiving Zhao Qingyun's consent, Long Chen's heart was naturally filled with gratitude.

In the past, the things that he had obtained were basically things that he had to struggle for his life with. But now, he could obtain them so easily, which really made Long Chen a little unaccustomed to it. However, this feeling was pretty good.

"The secret technique of the Traceless Demon Shadow is hidden within the Demonic Palace s. It is heavily guarded, and I will bring you there right now." Since he had already agreed, Zhao Qingyun didn't waste any time and directly brought Long Chen towards the direction of the Wujing.

No matter if it was the Demonic Palace Lord or Long Chen, they were both rather elusive figures in the Demonic Palace. Today, the two of them had once again openly appeared together and very quickly attracted the attention of many people.

At this time, in a corner not too far away, a few youths were looking at Long Chen in a daze as they cursed: "So he's actually that relative of his. No wonder he dares to be so arrogant, and use demon beasts to scare us off!"

These people were the ones that were bullying Wang Xing.

## Chapter 350 - Wujing

After following Zhao Qingyun for a short while, a tower-like structure appeared in front of them. There were a total of seven levels to this pagoda. It was solemn and dignified, and was in no way related to the demons that the common people thought were. Long Chen felt that the Demonic Palace should be called the Heavenly God Palace, that would be more appropriate.

From a distance, Long Chen could see that beside the Wujing, there were many guards and leaders. Their strength had almost reached the level of seventh level of the Milky Way Realm and could be considered to be the higher level strength in the Demonic Palace. And this pagodshaped Wujing was probably a holy land for cultivation within the Demonic Palace.

Long Chen and Zhao Qingyun were currently standing in front of the Sacred Grounds.

"The Wujing has tens of thousands of battle skills hidden inside, from low grade yellow ranked battle skills, all the way to Heaven Tier Battle Skill, defense, attack, movement, healing, body tempering, and more. This is the legacy of thousands of years that my Demonic Palace has left behind. I have seen most of these battle skills, so I have a lot of experience in training and if you do not understand, then you can ask me." Zhao Qingyun said somewhat proudly.

Tens of thousands of battle skills, including all sorts of levels and categories, showed just how rich the resources in Demonic Palace were. There was even a Heaven Tier Battle Skill at the highest level of the Wujing.

"The guards beside the Wujing are extremely tight. In fact, the Three Great Demons's palace, as long as it is less than five hundred meters away from here, Wujing would only have a slight movement, and the Three Great Demons would immediately appear here. This Three Great Demons is indeed very annoying sometimes, but what cannot be denied is that he did contribute a lot to our Demonic Palace." Zhao Qingyun said.

After saying that, Zhao Qingyun got the guards to move aside and directly brought Long Chen up. The Traceless Demon Shadow that Long Chen wanted was on the seventh floor of the Wujing.

As he was about to receive his Heaven Ranked Battle Skill, Long Chen was a little excited.

Long Chen and Zhao Qingyun turned around. Amongst the group of people, there were all the elders of the Demonic Palace, and two of them were clustered in front of everyone, one of them was the short, fat but ferocious Triplex. Behind him stood a tall and sturdy young man.

This youth was more than two meters tall, his entire body was covered in muscles, his skin was dark, and traces of malice was hidden in his eyes. The feeling Long Chen got was similar to the feeling he got from meeting the members of the Heavenly Wolf Gang in Prince Jadeite's manor, they were all ruthless figures.

Standing in front of this sturdy youth, just looking at his appearance, Triplex was somewhat comical.

Just by looking at this youth's aura, Long Chen could roughly guess his identity. Currently, the two strongest disciples in the Demonic Palace were respectively the number one disciple in the Great

moxibustion and the Erythropoda, and the number one disciple in the Triplex, named Yang Jun, whose cultivation was at the peak of the seventh level of the Milky Way Realm. He had heard that he could break through to the eighth level of the Milky Way Realm at any time, and had also trained in many battle skills.

This majestic and ruthless young man in front of him, was presumably Yang Jun.

But, why would they follow Zhao Qingyun when he came to the Wujing?

"We pay our respects to the palace master!" The Triplex led the group and first bowed towards Zhao Qingyun. After all, the leader of the Demonic Palace was, so this bow could not be crippled.

"What are you doing here?" Zhao Qingyun raised his eyebrows and asked coldly. Honestly speaking, he did not really like this Triplex.

"Mistress, I was looking for you today, but I didn't expect that when I was passing by, I would see you right in front of the Wujing. to save us all a bit more walking. " Triplex obviously had something he needed Zhao Qingyun for today, so his tone was extremely polite.

"Speak, why are you looking for me?" Zhao Qingyun said.

"It's like this." The Triplex glanced at Yang Jun who was behind him with satisfaction and said: "In the past, my big brother and second sister's first disciple also obtained the Traceless Demon Shadow when they were cultivating their seventh level of the Milky Way Realm, and they finally succeeded in cultivating it. As for Yang Jun, he was about to break through his eighth level of the Milky Way Realm, so this old man humbly requested for the Asgard Mistress to hand the Traceless Demon Shadow over to Yang Jun for cultivation!"

At this time, the young Yang Jun also bowed towards Zhao Qingyun, and said: "Asgard Mistress, please believe me. I have absolute confidence that within half a year, I will be able to integrate the Traceless Demon Shadow and reach the eighth level of the Milky Way Realm.

The other elders who had come to strengthen their statuses also spoke out on Yang Jun's behalf. In truth, Yang Jun should have already obtained the Traceless Demon Shadow, but the last time they had asked for it, they had all been rejected by Zhao Qingyun. But this time, they had the numbers advantage, and wanted to pressure Zhao Qingyun.

If they could not do it, Zhao Qingyun would not agree to the requests of so many people. After all, Yang Jun could also be considered an outstanding disciple and was deeply favored by the Triplex. There was no reason for Zhao Qingyun to not give the Triplex face once again.

"Didn't I just say that last time? The most important thing for Yang Jun right now is to complete the eighth level of the Milky Way Realm as soon as possible. He has already stalled for a long time at this realm, so it will not benefit him if he stalls any longer." Zhao Qingyun frowned, the time that she picked was not right, there was only one secret manual for the Traceless Demon Shadow, he had already agreed to give it to Long Chen, and Triplex was here to join in on the fun, then who exactly should you give your secret manual to?

Of course, in Zhao Qingyun's heart, she wanted to give it to Long Chen. After all, he had already promised Long Chen, and Long Chen was his direct disciple. But the problem was that Long Chen was his direct disciple, so the Triplex would definitely put pressure on him by giving him the name of selfishness.

"Asgard Master, I can already feel that my breakthrough will be completed within a month if it is unexpected. I need to get the Traceless Demon Shadow first, and I'll cultivate it when the time comes. In any case, in the current Demonic Palace, there shouldn't be anyone who will need a Traceless Demon Shadow within this month, right?" From the start, Yang Jun's gaze did not rest on Long Chen. In his opinion, Long Chen was merely a disciple who became Zhao Qingyun based on his connections, so he was not worth paying attention to.

"Then, wait until after you reach eighth level of the Milky Way Realm." Zhao Qingyun waved her hand and said a little impatiently.

This time, the Triplex was not happy, he brought so many people with him, but Zhao Qingyun still did not give him any face, causing him to be truly angered. Zhao Qingyun not giving the Traceless Demon Shadow to Yang Jun, and obviously did not put him in her eyes, so how could he not be angry, so he mocked: "Asgard Mistress, the Traceless Demon Shadow is placed in the Wujing, and no one uses it, anyway, you need to give it to Yang Jun. If you give it to him now, then you don't have to trouble the Asgard Mistress to personally come over.

The sarcastic remarks of the Triplex caused everyone to burst out in laughter.

The name Long Chen had already become a joke in the Demonic Palace. In fact, many people could not understand why Zhao Qingyun would give this relative the name Long Chen, just to increase his reputation. Indeed, because his name was also Long Chen, his name was famous within the Demonic Palace, and she was like the sun in the sky.

Triplex knew that the Traceless Demon Shadow could not possibly give it to Long Chen, so his words were merely mocking him.

What you said is right, I have come here today, and have indeed decided to give the Traceless Demon Shadow to Long Chen to cultivate. As for Yang Jun, when you have reached the eighth level of the Milky Way Realm, come again. Zhao Qingyun's voice faintly sounded. His personality was always very calm, and if he were to say it out loud, he was not afraid of any trouble.

When these words were spoken, the entire scene was completely silent. It could even be described as absolutely silent. Everyone looked at Long Chen in a daze. After a while, they finally believed that they did not hear wrongly.

"Give it to him? It's just a fake, does he know what the Heaven Tier Battle Skill is? "

"Asgard Master's decision really makes us feel cold. Could it be that Asgard Master is such a selfish person?"

This kind of cackling immediately started, and each one of them sounded worse than the last. Forget about Zhao Qingyun, even Long Chen started to frown upon hearing this.

The others were still in disbelief, let alone the Triplex and Yang Jun. At the moment, Yang Jun did not say anything, he only looked at Long Chen with venomous eyes, which contained an endless amount of killing intent, and Triplex had always been known for his irritable temper. How could he endure such injustice?

Therefore, his face was immediately filled with malevolence, and he laughed: "Asgard Master, I didn't hear wrongly did I? Giving up such a genius like Yang Jun for nothing and letting a brat of unknown origin and name take possession of the Traceless Demon Shadow? I can't believe it, is this really our Demonic Palace's Palace Master? All of these decisions were made just because he was your direct disciple? Asgard Master, it cannot be denied that your strength determines your unique position in the Demonic Palace, but that does not mean that you can ignore the teachings of your ancestors and do whatever you want, right? I think this decision of yours will not only make my heart go cold, it will also make the heart of this hard-working child, Yang Jun, go cold.

Although the words of the Triplex were unpleasant to hear, at this moment, they represented the thoughts of the crowd.

Seeing that Zhao Qingyun did not say anything, the Triplex continued to speak: "I am indeed speaking a little excessively today, but I think that in everyone's heart, their thoughts are about the same as mine. If Asgard Master thinks that I am wrong, you can kill me without any regrets!"

"Yes, Mistress, although Triplex's words are a bit extreme, his heart is sincere and moved us. Regarding the decision of the Traceless Demon Shadow, I hope Mistress can reconsider it!"

"Yes, Mistress, think twice!"

A large group of people kneeled in front of Zhao Qingyun, but only Yang Jun and Triplex did not.

"You guys get up first." After hesitating for a while, Zhao Qingyun said helplessly.
