

War God 351

Chapter 351 - Discriminating

To be honest, Zhao Qingyun was in a difficult position.

He just so happened to grab onto Zhao Qingyun's fatal point, and gave them a strike. If Zhao Qingyun had persisted on giving Long Chen the Traceless Demon Shadow today, then Zhao Qingyun's prestige in Demonic Palace would have fallen to the extreme. His image would be completely distorted in the hearts of the disciples that were filled with yearning. Let them feel that even the palace master of the Demonic Palace is a guy who favors her own disciple, regardless of whether he is a good or bad person. Does this mean that, no matter how hard they work, their relationship is not stronger than a single person?

Zhao Qingyun allowed others to get up, but no one got up. Seeing this situation, Triplex was already secretly pleased in her heart. He wanted to see how Zhao Qingyun would take care of today's mess.

"Asgard Master, if you don't give us an explanation, we won't get up." Those elders had all supported him on his journey under the instigation of the Triplex. With Zhao Qingyun's decision, they felt that it was indeed inappropriate.

This kind of scene, made Zhao Qingyun feel extremely embarrassed, and also achieved Triplex's goal.

At this moment, in his heart, he was extremely pleased.

He raised his head and saw that Zhao Qingyun had sunk into deep thought. Right now, he was thinking of a perfect solution. Long Chen knew that in his heart, Zhao Qingyun was more willing to give him the Traceless Demon Shadow. However, he did not give up under this kind of pressure, which made Long Chen feel moved, and this was also the reason why he had no choice but to come forward.

"Everyone, listen to me." Long Chen walked up a few steps to Zhao Qingyun's side, and looked at the people kneeling before him, as well as Triplex and the others. He swept his gaze across them, and only then did Long Chen speak slowly: "I asked for this Traceless Demon Shadow, and coincidentally, Senior Brother Yang Jun also wanted it today, from ancient times until now, if you have any treasures, it has always been someone with high skills. Everyone thinks that Senior Brother Yang Jun is a skilled person, so you think that I, Long Chen, do not have this Traceless Demon Shadow, but how do you think that Yang Jun is stronger than me?"

"What do you mean?" Yang Jun opened his eyes and said sinisterly.

Everyone was startled, and looked at Long Chen with a confused expression. They were a little confused, did Long Chen mean that his relationship with this family was stronger than Yang Jun's? What kind of joke was this?

Even the Triplex couldn't react in time.

Long Chen's gaze landed on the Elders who were kneeling, and his voice became a little cold: "Elders, you should get up first. In the Demonic Palace, you are all people with status and position, and because of this small matter you are kneeling on the ground and crying. It is truly hard to live up to your status. Forcefully putting an unjust hat on the head of the head of the palace master? I think you all have evil intentions! "

Long Chen's sharp words caused the faces of the elders to turn red upon hearing it. They also gradually realized that their actions today, were truly going too far.

They would only be able to live today. If it was any other Palace Master, all of them would have had to leave with their heads on the ground today.

Therefore, when one person stood up hesitantly, the others also stood up.

Beside Long Chen, Zhao Qingyun had a gratified look in her eyes. Honestly speaking, he had been forced into a corner just now. If he had used violence to suppress them, it would have the opposite effect, and the most suitable person to appear now was Long Chen. However, Long Chen did not disappoint him.

"Kid, what do you mean by what you said just now?" After waiting for Long Chen's words to make everyone stand up, the corners of Triplex's mouth twitched, and he quickly asked coldly.

"What do you mean? Didn't I just hear you say that it wasn't fair to give me the Phantom Shadow? Then tell me, what do you think is fair? I, Long Chen, will accompany you. " Long Chen said indifferently as he looked at Triplex.

"Brat, how dare you! What tone are you using to talk to me? "Don't you have parents' upbringing for being so disrespectful?" Seeing that Long Chen actually dared to be rude to him, the Triplex was angered. Looking at Long Chen, his eyes revealed killing intent.

"What tone? Triplex, I would like to ask you, what kind of tone did you have talking to my Master just now? It seems that he is even more disrespectful than me, right? Don't you have parental upbringing? Are you an animal?" Long Chen said in a clear voice.

In the countless years that he had been on the top, who would have known that today would come as well? He was so angry that his entire face turned red, and if not for Zhao Qingyun who was still standing next to him, he probably would not be able to hold back and take action.

Above the Demon Palace, Long Chen had already allowed him to go berserk once, but now, Long Chen had caused his anger to soar to the skies once more. But he just had to swallow this anger down to the bottom of his heart.

It was fine that what Long Chen said was unreasonable, but what he said was very reasonable. When had Triplex been very rude to Zhao Qingyun just now?

Seeing how Triplex was battered by Long Chen's short words, Zhao Qingyun felt great in her heart. It was only then that he knew how Long Chen managed to complete the astonishing reversal of life and death. His current courage had played a large role in it!

As for the others, they were all dumbstruck by Long Chen. They had originally disregarded this youth. Who would have thought that this youth's words would be so incisive? How could he be so bold?

This unknown person who became the Demonic Palace Lord based on his relationship also had something different about him?

Amidst the discussions of the crowd, Triplex managed to suppress the anger in his heart with great difficulty. He thought of something and said fiercely: "You are called Long Chen, right? You want to say, who is more superior than you can compare with Yang Jun? Who was more suitable for the Traceless Demon Shadow? Fine, I will let Yang Jun compete with you, do you dare?"

"Since I've said it out loud, there's no reason for me to take it back." Long Chen looked up and said.

"Good!" Asgard Master, Long Chen has already agreed. Then let me ask Asgard Mistress, if my disciple Yang Jun proves to you that he is many times stronger than Long Chen, then wouldn't this Traceless Demon Shadow belong to my disciple?" Triplex's eyes directly fell on Zhao Qingyun who was behind him.

Long Chen turned his head and looked at Zhao Qingyun with a gaze filled with confidence. Zhao Qingyun was initially hesitant, but the look in Long Chen's eyes made him make a decision in his heart. He knew that Long Chen was someone who had killed the six great commanders of Imperial Guard Army and exterminated the entire clan. He was truly a ruthless person who could contend against Lin Zichen's ninth level of the Milky Way Realm.

"Since all of you decided to do this, then let's do it this way. Today, whoever is more superior, can obtain the Traceless Demon Shadow. This is all relying on their own strength. Even though there are many things that I don't care about, it doesn't mean that I will never care about them. " It was only then that they regretted doing such a thing. In the end, even if all the Rankers in Demonic Palace added up together, they would still not be worth as much as Zhao Qingyun. If they were to fight against the pillar of Demonic Palace, wouldn't they be completely brainless?

With Zhao Qingyun's consent, everything would be much easier to handle.

At this time, the Triplex heaved a sigh of relief, looked at Long Chen sinisterly, and said: "Since Asgard Master has agreed, then I will make the rules. The most suitable way to decide is for the two of them to fight, but with the difference in realms, it is inevitable that some people would say that Yang Jun had taken advantage of me. How about this, the two of them would attack me and I will not retaliate, I only dodge and block, and whoever can break through the current realm to give me the most stunning attack will be able to determine who will be the victor, what about that? "This way, you will only value your potential, and not your strength."

After saying that, the Triplex looked at the group proudly.

From his point of view, Long Chen's strength could not compare to Yang Jun's, the master and disciple pair were not willing to take advantage of him, thus Triplex suggested this method to test their potential.

In this way, without question, the master and disciple level of Triplex had risen. It made them seem fair and merciful.

However, Long Chen did not think that way, because the two of them were attacking the Triplex, and with Triplex's strength, he could completely control their performance.

In such a short period of time, the Triplex was able to think of such a flawless method, and to even raise himself up high, Long Chen truly admired him.

However, all these little tricks were all bullshit in front of true strength. Therefore, Long Chen was not afraid in his heart.

"Mistress, what do you think?" Everyone cheered at Triplex's idea. After that, he asked for Zhao Qingyun's opinion.

Zhao Qingyun was naturally able to see through the little trick the Triplex had up her sleeve. However, he believed in Long Chen, and he also wanted to see with her own eyes what was so special about Long Chen's battle that he could perform in such a manner.

"So be it. This is your own idea. When the time comes, you'll be convinced and won't speak carelessly. You are one of the moxibustion, don't even mention protecting the Demonic Palace's image, you don't even know about it. I can make you a moxibustion, and I can also cripple you. "

Zhao Qingyun's tone was extremely calm, but Triplex heard a power within that caused her heart to palpitate.

"What I have said naturally counts. Then we won't waste any time. You are the elder brother of the two of us, so we'll let you go first! " Triplex took a few steps back and said.

As the sound of his voice faded, the others all made way, opening up a space for him.

Chapter 352 - Seven Deadly Devil Finger

Everyone stepped aside, opening an open space in front of Wujing for Yang Jun and Triplex. Then, they excitedly watched from the sidelines. Their gazes also landed on Long Chen from time to time, but what surprised them was that Long Chen was not flustered or anxious at all. He was standing together with Zhao Qingyun, indifferently looking at the arena, appearing extremely calm.

"As expected of Master and disciple." Someone lamented.

"Bullsh * t, with the temperament of the Palace Master, he only followed the directions of the gourd, acting pretty good. In a while, if he goes up against the Triplex, you will be able to see if it's real or fake."

And at this time, Zhao Qingyun turned her face to look at Long Chen, and asked: "You're really confident?"

"No, I'm just taking the chance to act. At most, I won't take it. It's mine, and sooner or later, it will be mine. I'm already used to these rules when competing with strength." Long Chen laughed faintly.

"Looks like coming to the Demonic Palace has really changed a lot." Zhao Qingyun was a little proud.

"Is that so?"

It was at this time that Yang Jun and the Triplex in the arena spoke a few meaningless words before they began their battle. Zhao Qingyun and Long Chen did not say anything and watched quietly. Because they needed to get a rough understanding of the Triplex's strength and figure out the countermeasures, Long Chen was very careful.

At this moment, Yang Jun turned his head around, glanced at Long Chen with provocation and viciousness in his eyes, then faced his own master, unleashed his strength at the peak of the seventh level of the Milky Way Realm, and instantly rushed towards the Triplex. His attack speed was extremely quick, and even though his body was enormous, it did not affect his agility.

"Alright!" Triplex nodded in satisfaction, encouraging Yang Jun.

Most of the people spectating at the side only had Sixth Stage of the Milky Way Realm s and those few who had reached the eighth level of the Milky Way Realm s. They were very satisfied with Yang Jun's performance from the start and they had already befriended him at this time.

"As expected of the number one disciple of the Triplex. He can see that he's extraordinary the moment he attacked!"

This was what everyone was thinking. In their eyes, this time, Yang Jun's Traceless Demon Shadow was definitely done for.

"Seven Deadly Devil Finger!" Yang Jun bellowed, his entire body exploding with True Qi, a wave of indistinct black Qi pounced towards Triplex, exploding with the fingers in his hand, each time bringing about a great amount of deterrence, striking towards the Triplex from all directions. The Seven Deadly

Devil Finger attacked the seven most important acupoints in the human body, as long as any one of them was hit, it would be enough to instantly kill him!

The Seven Deadly Devil Finger was a battle skill of the high-rank earth class. With a single look, Long Chen could tell how extraordinary this battle skill was. These seven fingers were continuous, and each finger was stronger than the last. It was difficult for an expert of the same level to resist this move of his!

"That's right!" His entire person suddenly appeared in countless of afterimages, covering his surroundings. After Yang Jun's attack had passed, everyone saw that the Triplex was still in the distance, while Yang Jun had already hit empty air with seven consecutive fingers, passing through the Triplex!

"Yang Jun, again!" He was very satisfied with Yang Jun's performance, so he called for Yang Jun, letting him continue to display the advantages of what he had learned.

"Yes, Master!" With the encouragement of his master, Yang Jun became full of fighting spirit. With a move of his feet, he once again charged towards Triplex, using an even more powerful attack, and this time, he even used a movement technique!

"Long Chen, you see, right? The movement skill that Triplex used just now was the Heaven Tier Battle Skill, the Traceless Demon Shadow!" In fact, Long Chen had already guessed it. When Triplex used it just now, his afterimage was everywhere, and he simply could not differentiate which one was his. And in an instant, Yang Jun had already brushed past him.

This kind of battle skill, when used in battle, could not only dodge enemies' attacks, but also assist one's own attacks. Its effect could be imagined, from this alone, Long Chen secretly decided that he must obtain this Traceless Demon Shadow today!

Of course, Yang Jun was also fighting with his life on the line right now, because most of the people were watching. Triplex also felt embarrassed to let the situation go too overboard, but did Yang Jun even need to go too far?

"Seventy-Two Path Demon Fist!" Right at this moment, Yang Jun successfully arrived in front of Triplex. His body trembled, and like a wild beast, he let out a sinister roar, before all the muscles on his body became as hard and black as steel.

"The first way!"

This Seventy-Two Primordial Demon Fist, was obviously a higher level Earth Tier Battle Skills. The Seven Deadly Devil Finger just now only had seven moves, and this Seventy-Two True Illusion had a total of seventy-two moves, which was more than ten times the original seven moves. Furthermore, the power of each move was overlaying each other more and more, and the resulting lethality was definitely higher than the Seven Deadly Devil Finger!

Even if they were battle skills of the same level, there were differences in strength. Seven Deadly Devil Finger s, in the high-rank earth class, could be considered a relatively low level battle skill, and the actual value of these seventy-two True Devil Fists had reached a relatively high level.

Yang Jun's entire being was like a gale of wind, forcing the Triplex, who was unable to retaliate, to retreat continuously. At this moment, he was roaring frantically, increasing his strength with each punch.

Yang Jun had always had the nickname of "Insane Demon" in the Demonic Palace. It was because he had become crazy when cultivating and had gone crazy when fighting. This was also the reason why he was able to become the number one disciple of the Triplex.

Honestly speaking, among the disciples of the young generation, not many people were afraid of the two monsters from eighth level of the Milky Way Realm, and what they feared the most was to provoke Yang Jun, because that would mean endless trouble for them. The Long Chen of today had obviously provoked this trouble already.

RUU...!

At this moment, Triplex's face was gloomy, he did not use any steps, but directly used a simple fist technique to remove Yang Jun's attack. Actually, this was a kind of letting him go easy, if he had used the Traceless Demon Shadow from the beginning, Yang Jun would not have been able to force him to such a state.

"That's right!" "That's right!" The Triplex's sharp punch directly landed on Yang Jun's middle path, directly suppressing his next punch. However, Yang Jun's fist force did not cause any disturbance because of it, his face turned sinister, he roared out once again, all of the True Qi in his body whistled out, and suddenly punched towards Triplex's abdomen, where it landed all the ferocious black demonic figures!

Pow!

Triplex immediately used his arm to block the punch, but this punch was obviously unleashed with Yang Jun's full strength, the huge force of the punch directly shattered Triplex's sleeves, causing part of his arm to turn red from the impact!

And at this time, the Triplex knew that it was enough. The moment Yang Jun struck him, his hand moved extremely fast, and in an instant, he had already grabbed onto Yang Jun's neck, firmly grabbing onto him. As long as he wished for it, he could kill Yang Jun anytime.

This meant that Yang Jun had already lost.

However, Yang Jun was elated in his heart. To be able to shatter the sleeves of a ninth level of the Milky Way Realm practitioner with just his seventh level of the Milky Way Realm, that was an unprecedented achievement.

"I have already shattered Master's sleeve, and that Long Chen probably won't even be able to touch Master. It seems that this time, the Traceless Demon Shadow will definitely be mine." Yang Jun was extremely happy in his heart. Under Triplex's instructions, he silently retreated and gave the stage to Long Chen.

On the surface, I cannot kill you. But on the surface, there are countless ways to kill a person in this world, Long Chen, ah Long Chen, today, can only be considered as your unlucky day. Who told you to mess around, and even wasted my time. Yang Jun had thought that he could obtain the Silent Demon Shadow from the start, but he didn't expect that Long Chen would come out and cause trouble, and even almost drive the Shadow Shadow away. If not for Triplex's pressure, the tragedy today would have been him, Yang Jun.

If a favored son of heaven couldn't even compare to a disciple who had just entered the sect, then Yang Jun wouldn't have to continue staying here.

"Long Chen, do your best." Zhao Qingyun said to Long Chen.

Long Chen nodded, and then walked into the arena. Triplex, who already lacked a sleeve, currently had his hands behind his back, as he looked at Long Chen with interest.

"Seems like Triplex is scratching his hands, but he actually extended his hands to let his disciple tickle him. I wonder if your hands are still itching right now? Not only do I scratch my hands, I know everything. "

Long Chen's sarcastic words immediately caused Triplex's face to turn the color of a pig's liver. He looked at Long Chen coldly, and reprimanded him: "Brat, don't spout nonsense in front of me. Time is not waiting for people, you have to clean up a bit and take action immediately. I still have a lot of palace matters to take care of, so I don't have time to accompany you in this mess around."

Long Chen laughed, as the battle was already beginning.

At the same time, he was also thinking of a perfect plan.

"Looks like I still have to use that move, playing the pig to eat the tiger." After thinking about it, Long Chen leisurely rushed towards Triplex. He did not even use the green dragon halberd and Dragon Soul Transformation and directly used the Spirit Devil Sword Finger s at Triplex!

"With such a low level combat skill, you don't even have the qualifications to tickle me?" Seeing Long Chen's weak attack, Triplex immediately burst out into laughter. Indeed, although the Spirit Devil Sword Finger was not bad, it was directly shattered by the Triplex's light wave, unable to break through Triplex's defense!

Long Chen revealed a shocked expression, and said uncontrollably: "That's not possible, my high grade Profound Rank combat skill is very powerful! Why can't we even touch his face?! "

His panicked expression was within everyone's expectations.

Chapter 353 - Disguise

Zhao Qingyun was secretly laughing in his heart. Long Chen was really too cunning, everyone thought that he was just a relative, and was even impersonating Long Chen's name, so he decided to play tricks, and reveal his weakest side, and even pretended to be decent, so that everyone could laugh. Even the Triplex was incomparably relaxed in his heart, and decided to play with Long Chen a little, and it would be over.

Of course he wouldn't dare to go too far. After all, Long Chen's master, the Demonic Palace Lord, was still present at the scene. After's warning just now, Triplex knew that he had to take the Palace Master's face into consideration.

"Boy, let me play with you. What is true martial arts, don't worry and attack me!" The Triplex laughed.

"Impossible!" Long Chen was in disbelief. He increased his speed and quickly arrived in front of Triplex, at this time, he had already taken out her green dragon halberd. With a Dragon Battle Star Field, it turned into countless small dragons that shot towards Triplex.

"This move is quite interesting, but I guess it should only be an early Earth Tier Battle Skill right? Boy, is this your most powerful battle skill? No wonder you had such wild thoughts about obtaining a Heaven Tier Battle Skill. Your current Battle Skill is too weak, too weak, it can't even be considered a stage! " Triplex said while laughing loudly as he easily dodged Long Chen's attack.

After he finished speaking, Long Chen's Dragon Battle Star Field move had already allowed him to successfully dodge the attack. Furthermore, he did not even use the Traceless Demon Shadow because Triplex knew that the more relaxed his performance was, the lower Long Chen's potential value would be.

"Even the Dragon Battle Star Field cannot touch you? Impossible, I'll let you try this move right now. I don't believe that I can't even deal with you with this move! Kill! "

He turned into a whirlwind and swept towards Triplex!

"Azure Dragon Battle Method, Soaring Dragon Nine Heavens!" The green dragon halberd was dancing frantically, the halberd was twisting crazily, a gigantic illusory dragon image appeared from beneath Triplex's crotch and slashed upwards. If it could hit Triplex, it could probably make Triplex lose his life. However, with Triplex's age, that thing will probably not be of use.

The Triplex sneered. Before Long Chen's green dragon halberd even arrived, he had already reached into the range of Long Chen's halberd movements and directly punched the side of the green dragon halberd, knocking Long Chen to the side and causing him to tumble several times before he fell onto the ground.

His sorry state immediately caused everyone to burst out laughing. They all knew in their hearts that this time, the Demonic Palace Lord had not only taken in a good-for-nothing direct disciple, but also an eccentric.

"Just like that foster father, he's just a useless trash who doesn't think much of him. Just now, he was quite arrogant. I thought he was pretty good, but I didn't expect him to be this good." Yang Jun said with a sneer as the corners of his mouth twitched.

"Asgard Master's decision this time is truly too funny. I dare to bet that in the future, Long Chen will definitely become the laughingstock of the Demonic Palace."

"Hehe, he's already the laughing stock of the Demonic Palace."

Listening to the discussions around him, Triplex was secretly pleased.

"Just now, it seemed like he thought he could completely contend against Yang Jun. I didn't expect that he would actually be a useless trash, but this brat really knows how to trick me."

Towards Long Chen, Triplex was truly a little speechless. At this moment, he had only lightly shaken off Long Chen's green dragon halberd, but he had actually rolled a few rounds on the ground. If he had truly made a move, Long Chen would have already died.

"Forget it, hurry up and subdue him. With his current performance, he's not even worth comparing with Yang Jun." Thinking to this point, Triplex instantly appeared in front of Long Chen, and said coldly: "Kid, are you still able to stand up?"

Long Chen's face was pale, there was a trace of fear in his eyes towards the Triplex. He struggled to get up from the ground, gritted his teeth and said, "I did not lose! I am a Beast Fighters, I still have the beast spirit transformation! "

"Haha, then show me your Beast Soul Transformation. I want to see how much power your Beast Soul Transformation can increase, 10%? "One percent?" Triplex had a face full of disdain, as he casually stood in front of Long Chen.

"Just you wait!" Long Chen mustered his courage and said those words before he used the Dragonsoul Transformation. Fine blood-red colored dragon scales and bone spikes slowly covered his entire body.

"Aiyo, the appearance of this beast spirit transformation is pretty good." Triplex was in a good mood as he said in an exaggerated manner.

"Watch me use my strongest move against you!" Long Chen bolstered his courage and said.

Actually, everything he was doing now was an act. His act was very similar and could be described as flawless. Not only did Triplex relax his guard, even the other spectators also relaxed their vigilance. They wanted to see, just how ridiculous was Long Chen's strongest move?

It could be said that Long Chen had successfully grasped their hearts.

At this moment, Zhao Qingyun was watching everything. She was someone who understood Long Chen, and was thus able to understand everything about him.

"No wonder this child is so young and is able to accomplish so many things that ordinary people can't. With his control of the human heart, it seems like there will be a good show to see later."

Just as Zhao Qingyun's thoughts fell, Long Chen, whose strength had explosively risen to the level of seventh level of the Milky Way Realm, who was already in the Dragon Soul Transformation stage, launched his strongest attack against the nearby Triplex who could not defend at all!

divine fire clone!

Devouring Blood Realm!

Spirit Devouring Demon Pupil!

The fall of the Dragon Emperor!

Long Chen basically used these four things at the same time, using the Devouring Blood Realm to suppress the Triplex, and affecting his movement ability. With a hundred and twenty-five divine fire clone surrounding the Triplex, he blocked all of his escape routes from all directions. Then, Long Chen used the Spirit Devouring Demon Pupil to influence the will of the Triplex. Although this was minuscule, it was still better than nothing!

And under the encirclement of the divine fire clone, the Death of the Dragon Emperor that Long Chen had used his seventh level of the Milky Way Realm to unleash, was his strongest attack right now!

Long Chen, who was originally weak to the extreme and completely relaxed the vigilance of the Triplex, had instead, under a situation no one could have expected, exploded forth with such a precise and terrifying move. Not only was the others stunned, even the Triplex was stunned for a moment, and by the time he had reacted to it, Long Chen had already used a divine fire clone to seal all of his escape routes! The one hundred twenty-five divine fire clones were densely piled together, like a huge blazing egg, and the Triplex that was wrapped in them was the egg yolk!

"What's going on?!" Honestly speaking, if Long Chen's death was in any other place, it would definitely not have posed a threat to him. However, in a situation like this, the two of them were already so close to each other, so Triplex was confident that if he did not use a battle skill, he would definitely be injured!

Historically, there had been many experts who had died because of carelessness against an opponent weaker than them.

In that moment of life and death, Triplex did not think much. Facing this life and death threat, Triplex subconsciously made a move, it was precisely that Seven Deadly Devil Finger, with seven consecutive attacks and strong finger winds. At the final moment, he used attack as defense, and stopped Long Chen's attack!

When Triplex used his Seven Deadly Devil Finger, the distance between Long Chen's Dragon Emperor's death and his throat was merely less than half a meter.

However, the fact that Triplex used this move could already be considered a violation of his own rules. He was the one who violated it first, so at the last moment, Zhao Qingyun's figure appeared in front of Triplex. He directly grabbed Triplex's Seven Deadly Devil Finger in her hands and released him without suffering any injuries.

With such a sudden turn of events, the scene became absolutely silent.

Long Chen timely put away all the divine fire clones and also removed the Devouring Blood Realm. He stood beside Zhao Qingyun and smiled as he looked at Triplex. His current indifference and his previous sorry state were completely different, how could everyone not know that Long Chen was just pretending to be a pig to eat the tiger just now.

To be able to deceive the Triplex and everyone else to such an extent, Long Chen's actions could be considered to be of a certain level. Looking at this smiling youth, everyone had mixed feelings.

"Triplex, did you say before that you could only defend and dodge, not attack? Can I understand that you relied on your evasion and defense to withstand my attacks? In order to preserve your life, you used the battle skill of high-rank earth class? You must know, I haven't even used the battle skill of high-rank earth class! " Long Chen mocked as he looked at Triplex's flushed face.

At this time, raging waves were also set off in the Triplex's heart. He looked at Long Chen with doubt, and he was especially conflicted in his heart. He knew that he had been tricked by Long Chen, but to think that Long Chen would actually be able to erupt with true energy at the level of his seventh level of the Milky Way Realm.

"Could he really be the Long Chen of the rumors in the outside world?" Looking at him, this thought gradually surfaced in everyone's hearts. Thinking back briefly, ever since Long Chen had appeared, the personality that he had displayed was definitely not something that a good-for-nothing could possibly possess. Especially his act of patience and pretense just now, which showed his superior patience and his grasp of human nature.

It would not be an exaggeration to say that a person like this could surpass his level and complete the reversal of life and death.

"Triplex, I wonder, who do you think will be the victor between Yang Jun and I this time around?" Just as everyone was feeling shocked, Long Chen directly asked with a smile.

Chapter 354 - The Twentieth Day Pact

Who won?

When Long Chen removed the Dragonsoul Transformation, everyone estimated that his cultivation was only around the Sixth Stage of the Milky Way Realm. Relying on his realm, which was slightly lower than Yang Jun's, he was able to force the with his ninth level of the Milky Way Realm to use battle skills to protect himself, and Yang Jun had merely caused the Triplex to explode by a piece of his sleeves.

In front of Zhao Qingyun, even if Triplex wanted to speak up for him, there was nothing she could do. His face turned more and more ashen as she stared at Long Chen, and in the end, she could only say: "You did perform better in this competition."

Even Triplex had to admit that this matter had already been decided. Originally, he could let Yang Jun and Long Chen fight and decide who the real owner of the Phantom Shadow was.

This meant that Long Chen was about to obtain the Traceless Demon Shadow.

To others, this seemed somewhat inconceivable, because before their fight, basically no one dared to imagine that this good-for-nothing Long Chen could actually obtain the Silent Demon Shadow. They, who were very clear about Yang Jun's fighting capabilities, would only think it was a fantasy.

"NO!" I am not convinced! " It was only because he was a little crafty and deceived my Master. If it was in terms of true strength, he would definitely not be my match, so Asgard Mistress, I beg of you to agree to let me fight with him before deciding on the fate of the Traceless Demon Shadow! "At this time, Yang Jun said as he clenched his teeth and breathed heavily," Everyone, this Long Chen was able to force my Master to make his move in the end not because he was very strong.

Yang Jun's heart was filled with great dissatisfaction, and even hatred for Long Chen. However, Long Chen had already obtained the Traceless Demon Shadow, so he was no fool, and said: "How can your words be so funny? The rules for this competition were set by your Master himself at the time. Also, fighting depends on wisdom. If you, as an idiot, don't know what the art of wisdom is, you will be shouted at here. "

Towards him, Long Chen naturally wouldn't be polite.

"Kid. What are you talking about! I will kill you! " Yang Jun said sinisterly.

"Enough!" Shocked, Triplex immediately held down the impulsive Yang Jun, then said to Zhao Qingyun: "Asgard Mistress, after the young man loses, he was a little unconvinced, so he still asks for Asgard Mistress to not take offense. Yang Jun, follow me, don't make me lose face here."

The Triplex said to Yang Jun in a gloomy tone.

Yang Jun's face was still filled with unwillingness to give up, his venomous eyes, had never left Long Chen's side. It could be said that the Three Great Secret Scriptures of the Demonic Palace was also the dream that he had made at the start of his cultivation.

"Those with high skills will get it. You are the ones who said that." Long Chen said indifferently.

This farce was about to end. Triplex and Yang Jun were just about to leave in a sorry state, and the other people's impression of Long Chen had greatly improved. For Long Chen to have such a performance could also be considered to have earned a lot of face for himself.

"Wait!" Just then, an aged voice sounded. Long Chen turned to look, only to see that the other two moxibustions had heard the commotion and were walking over. As they walked, the two of them had a clear understanding of what was happening.

"Greetings, Mistress!" The other two moxibustions arrived in front of Zhao Qingyun. Their eyes were currently sizing him up. They were at least a little smarter than the Triplex, so they knew clearly that the new direct disciple Zhao Qingyun had recruited was the legendary Long Chen.

"What do you want?" Zhao Qingyun frowned. It could be seen that these two guys were here to cause trouble as well.

"Asgard Mistress, I just wanted to say that the Traceless Demon Shadow has always only given out disciples with seventh level of the Milky Way Realm and above, this is the rule of our ancestors. And what I want to ask is, does Long Chen have any seventh level of the Milky Way Realm?" The Great moxibustion was not as reckless as the Triplex and said solemnly.

"He's currently in the Sixth Stage of the Milky Way Realm." Zhao Qingyun said indifferently.

Not to mention that there is a total of two great realms of difference between the Sixth Stage of the Milky Way Realm and the Heaven Tier Battle Skill, Yang Jun is simply unable to cultivate it at all. And looking at Yang Jun about to break through the eighth level of the Milky Way Realm, this lowly person thinks that with the Traceless Demon Shadow in Long Chen's hands, he wouldn't be able to comprehend it even if he didn't use it for half a year. When Long Chen reached the seventh level of the Milky Way Realm, Yang Jun had just finished comprehending it, isn't that perfect?" The Great moxibustion said.

"Big Brother is right, if this is the case, firstly, Long Chen would not waste his time improving his cultivation, and secondly, the Traceless Demon Shadow would be able to use its real body, and the

person that should not have cultivated yet would actually be here. Thirdly, we won't break the rules of our ancestors. " The Erythropoda followed.

Everything they said was based on logic, so there were many people who agreed with them.

Yang Jun himself had said that he would be able to reach the eighth level of the Milky Way Realm in less than a month. With his comprehension ability, in another month, he would probably be able to comprehend a bit more about the Traceless Demon Shadow, and he wouldn't even need to use the secret scripture anymore. At that time, if Long Chen arrived again, he would be able to hand it over to Long Chen.

However, to Long Chen, this was impossible.

Long Chen knew that he still needed to settle this himself.

Therefore, he took a step forward and said, "What you two said is very reasonable, but what if the kid is confident that he can completely comprehend the Traceless Demon Shadow within twenty days?"

"What?" Long Chen's words stunned everyone for a moment. Soon after, everyone started to jeer.

"Training the Traceless Demon Shadow within twenty days? Does this boy think that the Traceless Demon Shadow is his low level cultivation technique and can be learned so easily? "

"That's a Heaven Tier Battle Skill, completing Heaven Tier Battle Skill in twenty days, what kind of joke is that?"

"I think his head is pinched on the door. He really wants to go crazy with Heaven Tier Battle Skill, he even dares to praise himself."

Long Chen's confident words caused the Great Moxibustion and the Erythropoda to look at each other in dismay.

"In any case, Yang Jun won't be able to use his eighth level of the Milky Way Realm within twenty days. According to your reasoning, if I just put the Traceless Demon Shadow here, I might as well take it back to cultivate first. If I can't cultivate it then, I'll naturally bring it back." Long Chen's indifferent tone allowed everyone to see his strong confidence.

"Long Chen, is what you said true?" The Great Moxibustion asked.

"A lord's word cannot be taken back." Long Chen laughed.

If that's the case, Asgard Master, then this old one shall not say anymore. If Long Chen is unable to comprehend the Traceless Demon Shadow, then I hope that Asgard Master can bring the Traceless Demon Shadow to Yang Jun. This old one will take note of Yang Jun's years of hard work and nurture him, and he will definitely become a pillar of our Demonic Palace in the future. The Great Moxibustion said to Zhao Qingyun.

"Since it has been agreed upon, you can all go back." Zhao Qingyun was truly annoyed by them.

At this moment, a discordant voice sounded.

"Twenty days of cultivation?" Long Chen, do you dare to bet with me again! " Yang Jun stood beside the Triplex, gritted his teeth and said to Long Chen.

"In twenty days, who knows if you will succeed or not? Of course we have to come out and play, right? How about twenty days later, we come forth for a battle, and that time, it just so happens to be before fire generating meridian gets to experience it. If you manage to cultivate the Traceless Demon Shadow, you can display it to your heart's content and broaden my horizons. It was entirely Yang Jun's idea, but he was confident that the Triplex would support it. Sure enough, after he said it, the Triplex nodded his head secretly.

When the time comes, let's let Yang Jun go up and test him, and see how he will embarrass himself. Today, Yang Jun has suffered a setback in his hands, if he is not allowed to fight with Long Chen and break this mental knot, I think he would even be able to use his eighth level of the Milky Way Realm. " Triplex thought.

Everyone's eyes were focused on Long Chen.

Since Long Chen had boasted, then he must have a shameful awareness.

At this moment, in Long Chen's heart, he thought about the fire generating meridian.

"Master, does that mean after I defeat Yang Jun, I can enter the fire generating meridian?" Long Chen said to Zhao Qingyun who was beside him.

"After defeating Yang Jun, you will be ranked third among the young disciples of Demonic Palace. As long as you are in the top ten, you will be able to participate in the training of fire generating meridian." Zhao Qingyun said.

Everyone listened to their conversation, but they thought that Long Chen was just daydreaming.

"Long Chen, do you dare to or not?" Just at this time, Yang Jun asked again.

"Of course you dare. I hope you lose when the time comes and don't go back on your word like you did today." Long Chen said it out loud without hesitation.

Today's gamble, would spread throughout the entire Demonic Palace through the mouths of so many people present!

Today could be considered as the day Long Chen's reputation had truly skyrocketed in the Demonic Palace. The fact that Long Chen was able to display such shocking abilities in front of the Wujing made everyone realize that Long Chen still had some strength. However, the word of him boasting about how he finished cultivating the Traceless Demon Shadow in twenty days had spread across the entire Demonic Palace.

Of course, everyone knew that Long Chen was just delusional and did not know how high the sky was and how deep the earth was.

After the agreement was over, everyone gradually dispersed.

"Are you really confident that you can finish the Traceless Demon Shadow within twenty days and then defeat Yang Jun?" Honestly speaking, even Zhao Qingyun did not think that Long Chen could accomplish this task. After all, the difficulty was simply too great, and even the Zhao Qingyun of back then was far from complete it.

"I don't know either, but the greater the pressure, the better it will be for me. Twenty days is enough!" Long Chen laughed.

Chapter 355 - Traceless Demonic Shadow

From the top floor of Wujing, Long Chen obtained the first ever Heaven Tier Battle Skill — — Traceless Demon Shadow. After putting the paper silk made from an unknown material into his Qiankun bag, Long Chen felt a little more at ease.

This was his mission for the next twenty days. Long Chen had already praised him greatly, so in the next twenty days, he would definitely learn this Traceless Demon Shadow! There was a total of Three Great Secret Scriptures in the Demonic Palace, and Long Chen's current goal was to obtain it at the same time that his cultivation level increased.

But now, he had already completed the first step, but of course, he had not completely completed it yet. Otherwise, in twenty days, this secret scripture of the Traceless Demon Shadow would probably be in Yang Jun's hands. At that time, Long Chen would definitely be laughed out loud by everyone.

"Familiarize yourself with it for a period of time. If there's anything you don't understand, you can come and ask me." Zhao Qingyun said.

Long Chen nodded his head, but he knew that if it was in terms of theory, he would definitely understand that the Mysterious Dragon Jade had given him a powerful comprehension ability. Of course, he was slightly lacking in terms of usage, which was why he needed twenty days to practice it.

After bidding farewell to Zhao Qingyun, Long Chen returned to his usual cultivation location, which was the peak of Diremonster Mountain. At the peak of Diremonster Mountain, Long Chen sat on the bluestone that he often sat on, and began cultivating the Traceless Demon Shadow.

"Traceless demonic shadow, devilish shadow vanishing without a trace. "A Heaven Tier Battle Skill is truly extraordinary!"

Long Chen flipped through the pages once, and only felt that there was something exquisite and amazing about it. Ordinary battle skills, were simply difficult to compare to, and the most complicated battle skill Long Chen had cultivated in currently was high-rank earth class's divine fire clone. However, the Traceless Demon Shadow was even more obscure than the divine fire clone by ten times.

With his superior comprehension, Long Chen was able to easily read the secret manual, and the next thing to do was to cultivate.

Beside Long Chen, Ling Xi was watching on with him. Regarding the Heaven Tier Battle Skill, she still had quite a bit of understanding, so her understanding was able to give Long Chen a lot of help.

Understanding it was easy, but training it wasn't. Especially in the process of practice, there are many difficulties. With each footwork, there were many changes. Only by holding a ring in each step could he finally complete the Traceless Demon Shadow. Being able to completely perform the Traceless Demon Shadow once was actually not easy.

However, as long as he cultivated to the Mastery Stage, he would be able to become like the Triplex, instantly transforming into thousands of different forms, making it difficult for others to recognize him. Basically, it would be difficult for warriors of the same level to notice the movements of martial artists that had activated the Traceless Demon Shadow.

"This Traceless Demon Shadow really isn't easy. It's easy to lose control of your speed. Little Xi, what do you think I lack?" Long Chen stopped his practice and stopped. At this time, it was already the fifth day since he started cultivating with the Demonic Traceless Shadow, but he knew that his progress wasn't great. At the very least, he still hadn't been able to touch upon the true essence of the Demonic Traceless Shadow.

"I feel like I'm missing something." Ling Xi tilted his head and thought.

As for what was missing, she couldn't say.

"I'll practice for a while longer, then I'll go down to see my foster father and the others, then I'll go see Wang Xing. I promised to give him some things last time, so it's about time I gave them to him."

Time slowly passed. Long Chen practiced for a while longer before tidying up and quickly flew down the Diremonster Mountain with the little wolf and Ling Xi. When the Demonic Palace was at the mountainside, Long Chen spent a quarter of an hour to arrive at Xuan Xiao's place.

At this time, all the other direct disciples were gathered in Green Cloud Palace. Upon seeing Long Chen's arrival, they all took a few steps back; They already knew that this Long Chen was very likely the Long Chen of legends outside. That Long Chen had really killed too many people, so they were instinctively a little afraid.

However, Long Chen's recent boasting in front of the Wujing had also made them feel that Long Chen was truly ignorant of the profoundness of the heavens. They knew that Long Chen was powerful, but with his current strength, he should not be that strong.

Long Chen was too lazy to bother with their strange gazes. To him, these people couldn't even be considered passersby, so there was no need to be tangled up because of their gazes. He returned to his own residence. At this moment, the little kid Wang Xing was helping him clean up.

"Wang Xing." Long Chen said softly.

"Brother Chen?" "You're finally back. I've been waiting for you for a long time!" Although he said that he was cleaning up for Long Chen, most of the time, he was actually waiting for Long Chen. Seeing that Long Chen had come out at this moment, he was extremely happy and immediately scuttled to Long Chen's side, looking at him with anticipation.

Wang Xing's current strength was around Heavenly Core, but his strongest battle skill was only a middle grade Profound Rank battle skill. Long Chen then copied down the Spirit Devil Sword Finger's secret scripture and gave it to Wang Xing. He even gave some of the divine jade, Tianhe Dan and the huge amount of healing medicine that he stole from his Qiankun bag.

"Thank you, Brother Chen!" Wang Xing was so excited that he almost kneeled in front of Long Chen. Fortunately, it was Long Chen who held him back and did not kneel down.

If there is anything that you don't understand, you can ask me. After a while, I will have to go up to the peak of Diremonster Mountain. Long Chen sat on a stone stool at the side.

The gaze the youth used to look at him was filled with passion and worship, and he still had the will to fight, so Long Chen didn't mind going over to tug at him. It might change his life.

After tinkering with the Spirit Devil Sword Finger for a while, Wang Xing said to Long Chen nervously: "Brother Chen, can you accompany me for a trip outside? I don't dare to go out for the next few days, I want to go to the Hidden Treasure Hall to buy some things."

"Why don't you dare go out?" Long Chen was startled and asked.

"Do you still remember those people who bullied me the last time? They are the disciples of the Triplex, so I have always been very arrogant. I am just a service disciple, no matter status or strength, I cannot compare to them, so I do not dare to go out. Brother Chen, if I have you with me, I would dare to go out! You are much stronger than them! "

"They even bullied you?" Long Chen frowned.

"Yes." Wang Xing nodded his head, and said: "However, that time I escaped by myself, they threatened to beat me up whenever they see me again."

Speaking of which, Wang Xing was still a little afraid.

"What do you want to buy?" Long Chen wanted to see if he had anything in his Heaven and Earth Pouch.

"Redheart Grass." Wang Xing said.

Long Chen did not have this thing, but it should be a Profound Ranked object. Although he had collected a lot of Profound Ranked items, he did not have everything, and Long Chen felt more and more that as his level increased, these things would become more and more useless.

"All right. I'll go with you. " Long Chen nodded and stood up.

He knew that among all the forces, the place where they would exchange items would be the most lively. Long Chen was currently an influential figure in the Demonic Palace, so he would inevitably be treated like a monkey if he went anywhere.

"Thank you, Brother Chen!" Let me lead the way! " Wang Xing was a little bit excited and immediately packed up and invited Long Chen out. After that, he eagerly ran in front of Long Chen and led the way. To be honest, Long Chen had never been to the Hidden Treasure Hall before.

In the Demonic Palace, the Demon Palace was a landmark. The Wujing that he saw previously could also be considered a landmark, and this hidden treasure hall could also be considered one as well. From the outside, the Vault of Treasures looked like a giant turtle lying on the ground, occupying a lot of land.

Only by getting close to the Vault of Treasures was he able to sense the golden splendor inside. Although they were not near, a strong medicinal fragrance wafted towards Long Chen, and at the same time, there were many treasures in the palace. In the Hidden Treasure Hall, most of the disciples had everything they needed.

The transactions here usually used Tianhe Dan s. Those whose value was too low would use divine jade s as a price.

Just as he was about to enter, the wolf cub turned and walked to a mountain wall by himself. He sat down on the ground and waited with squinted eyes for Long Chen. He was currently waiting for Long Chen to learn the Traceless Demon Shadow and defeat Yang Jun. Only then would he have the chance to follow him into the fire generating meridian, and that would be the time when he, the Little Wolf, truly soar into the sky. If he had enough environment, his strength would instantly surpass Long Chen's.

Xiao Lang did not want to go into a place with many people, so Long Chen did not bother with him. He followed Wang Xing into the Treasure Vault. At this time, the people coming and going had already begun to recognize him.

"Look, isn't this the palace master's ninth direct disciple, Long Chen?"

"I heard that he has already obtained the Traceless Demon Shadow and threatened to learn it within twenty days. Do you believe me?"

Even if he isn't Long Chen, I don't really believe it. That legendary ruthless person not only killed the six great commanders of the Imperial Guard Army, he also killed the leader of the Japanese s.

"It doesn't look like it. This kid just looks like he's just a pretty boy."

Such discussions could be heard everywhere.

"These fools, wait until my Brother Chen hits you guys, then you will know how powerful it is!" Seeing Long Chen belittling his, Ling Xi was a little angry.

"Ignore them. When the time comes, they will also change their opinion of me. It's useless for me to explain too much. I might as well let nature take its course." Long Chen laughed.

"Seriously, after you took on that old man as your master, you even gradually got closer to him. If it was the you of the past, then you would have beaten them up if someone displeased you." Ling Xi pursed her lips and said.

"This only means that I have matured and am full of the charm of a man!" Long Chen smelled the medicinal aroma as he walked in one of the directions.

Chapter 356 - Rain of the Sky

After arriving at the Treasure Repository, Wang Xing should not be bullied, he made an appointment to meet at the place, and then left to buy his own things. Then, he headed towards the area that sold spiritual medicines.

"Brother Chen, what are you doing?" Ling Xi asked with some anticipation.

"It seems like ever since I got you the Green Dark Soul Fruit, I haven't bought you any medicine to nurture your soul. How are you right now?" Long Chen asked carefully.

"My soul has already recovered quite a bit in the days that I spent in the Herba Euphorbiae s, after receiving sufficient nurturing. However, you still have not reached your maximum capacity. If you have some high-rank earth class and spiritual medicines to compare them with, there should be a bit. At the very least, if you encounter any troublesome situations, I can help you out a bit. " Ling Xi said seriously.

"What is the trouble you're talking about?" Long Chen asked.

"At least, I can help you block a ninth level of the Milky Way Realm practitioner. After that, I can still maintain about a third of my soul energy." Being able to help Long Chen once again, Ling Xi became a little excited.

"That's great, but remember, without my orders, you can't act recklessly." Long Chen warned. In reality, if he was not forced to act and his life was at stake, he would definitely not let Ling Xi take action, because Ling Xi would sometimes take care of his life, and it would be very easy for him to lose her sense of propriety. Just like how Star Demon Prison was back then, it was fortunate that there was a perfect ending to this matter, or else she and Long Chen would have already disappeared from this world forever.

"Mhmm!" Ling Xi immediately widened her eyes and looked at Long Chen with a little timidity, then nodded.

Not long after, Ling Xi caught a whiff of the scent, and she was a little surprised as she said, "There are a lot of Fetal Soul Seeds here, about six of them, but there's something strange about them!"

"What's strange?" Long Chen immediately asked.

"A pregnant soul seed, it's obviously a spirit medicine used in high-rank earth class, yet it's being sold as an early stage Earth Stage. A single pregnant soul seed only needs twenty Tianhe Dan." Ling Xi asked doubtfully.

"Let's go take a look." Long Chen said.

Ling Xi brought Long Chen and advanced amidst the crowd. After making a few turns, they finally arrived at this area. In this Treasure Vault, many of the shops were established by disciples of the Demonic Palace s. In the shop in front of Long Chen, was a skinny man who was only around thirty years old. At this moment, he was holding a book, and he could see clearly.

After feeling that someone was in front of his eyes, he then raised his head and weakly looked at Long Chen as he asked: "What do you want?"

Long Chen casually looked around and his eyes locked onto a small basket. There were indeed six thumb sized black seeds inside, and they emitted a very obscure and powerful fluctuation. If one did not carefully sense them, it would be difficult to find out what exactly was inside.

"How come I've never seen this black bean before? What is it?" Long Chen casually asked. This item was priced at twenty Tianhe Dan, but if he were to buy hastily, the shop owner would naturally realize that this item was not ordinary and might even raise the price.

"This is called Spirit Boosting Fruit. After taking one, you will have sufficient energy to continuously cultivate for ten days and ten nights without interruption. It's a spiritual medicine that belongs to the Earth Stage Initial Phase. Buy one?" Seeing that Long Chen valued this item, which he was unable to sell at all, the shop owner became interested.

"It's that magical?" Long Chen looked as though he was at a loss for words, but very quickly, his expression turned bitter and he said: "I would like to buy all of these, but the price seems to be a little too high huh."

"All?" There are one hundred and twenty Tianhe Dan, looks like Long Chen is really interested, the shop owner immediately said: "Since that's the case, then we will have a total of one hundred Tianhe Dan, what do you think?"

"Alright then." Long Chen's face showed pain in his heart. After spending a hundred Tianhe Dan, he put the six maternal soul seeds into his Qiankun bag and directly walked away.

"Finally, I killed a fool and sold off that damned thing. The heavens really do not disappoint those who want to see it!" The thin man lewdly smiled. He did not know that he was the fool. This pregnant soul seed is obviously a type of high-rank earth class spirit medicine, and it has a lot of use for increasing one's comprehension and nurturing of the soul. It is far from being able to buy anything less than twenty Tianhe Dan.

At this time, in the middle of Ling Xi's sword, a smile was blossoming on Ling Xi's face.

"Brother Chen, you are so evil!" Ling Xi said with disdain.

"Bad? If I am bad, I would have already eaten you while you were sleeping. Sigh, every time I think about how I have wasted a Herba Euphorbiae, my heart ached. " Long Chen laughed.

"Nonsense, I don't care." When he thought about the past, Ling Xi's face reddened a little.

At this moment, a ruckus came from the outside.

"The wolf cub is still outside. Will anything happen to him?" Let's get out of here. " Thinking about it, Long Chen immediately rushed outside.

Time returned to when Long Chen had just entered the Vault of Treasures.

The wolf cub picked a spot on the shady mountain wall and lay on the ground, closed his eyes and rested. Behind him was a fake mountain, which he could easily climb.

Not long after, a group of youths passed not far away from the Little Wolf. One of the youths quickly saw the little wolf and cried out in shock, "Everyone look, isn't that demon wolf the one that followed Long Chen?"

"Long Chen?" His eyes were filled with the arrogance and arrogance that a young man should have. Now that he heard the people beside looking at Xiao Lang, he immediately looked over, and asked: "The Long Chen that you all are talking about, is that the Long Chen who made my big brother lose in Wujing, and is going to duel with my big brother ten or so days later?"

"Yes, Young Soldier. This is the demon beast that followed Long Chen. It is a wolf that is around the fifth rank of Earth Stage. Last time, we were bullied by him, and that was really tragic. If we didn't run fast enough, we would have surely died under the claws of this demon wolf! " If Long Chen was here, he would have recognized that these youths were the same ones who had bullied Wang Xing back then.

And this Young Soldier, should be Yang Jun's little brother, Yang Bing.

How dare you! Forget about how arrogant he is, at least he has some ability to be arrogant. Even though this bastard is arrogant, he has rebelled. When Chen Bing heard this, his face darkened.

"Yes, Young Soldier, not only is Long Chen arrogant, he claims that he needs twenty days to become a Traceless Demon Shadow, this beast is also arrogant to the point of death. Demon beasts are also rampant in human territory, with Young Soldier's Sixth Stage of the Milky Way Realm, we can easily take care of him!"

He was immediately provoked by this person's words. Chen Bing immediately nodded and said, "Such a beast, if I don't teach it a lesson, I will let down my brother."

Suddenly, he saw the fake mountain behind the wolf cub. He smiled and said, "Brothers, this wolf actually dares to humiliate you. I'll humiliate it first. Watch and see!"

After he finished speaking, Yang Bing stepped out of the crowd, walked to the rear of the fake mountain, and climbed up it like an ape. Soon enough, he arrived at the top of the fake mountain.

"What is Young Soldier trying to do?" Everyone looked at each other in dismay. They did not know what to do, but they were looking forward to it.

When they saw Yang Bing starting to untie his belt, they finally reacted. They immediately suppressed the smile in their hearts, because they knew what Yang Bing was about to do. Because the wolf cub chose a more remote place, the traffic here wasn't high.

"It looks like Young Soldier is going to use his ultimate skill, 'Rainfall from the Heavens'! "Hehe."

"This animal is really fortunate to enjoy the sweet rain from the sky, hehe ..."

"Luck, why don't you try it?"

"I don't want the rain from the sky in Young Soldier. With my weak body, I can't take it."

At this time, Yang Bing had already completely unbuckled his belt. He smiled complacently at the crowd, and then fished out his own guy.

"The treasure of the Young Soldier is still as big as ever. I'm jealous!"

"That's right! Otherwise, would the Young Soldier dare to reveal himself like that? I heard that the Young Soldier is already an old hand on the bed, and not like me who has suffered so much, nor have I even touched a woman's hands! "

"You don't know? The Young Soldier has already promised, tomorrow he will bring us to secretly go down to the Diremonster Mountain to have some fun! From what the Young Soldier said, the girls he introduced are all very hot! "

"Really?" Everyone was extremely excited.

Their eyes burned with passion as they watched Yang Bing take out the thing, and then, aim it at the little wolf. At this time, Yang Bing's face was full of smiles.

The water poured down in torrents.

The group of youths had their eyes fixated on Duan Ling Tian, and by this point, they were already unable to hold back their laughter.

Seeing the turbid water flow towards him, the wolf cub was speechless. In fact, he already knew that this group of little fellows would be struggling at the side, he just didn't want to bother with them. He never thought that the one above would be so outrageous, he raised his head in anger and a mouthful

of Nefarious Spectral Devil Ancestral Fire spewed out of his mouth, instantly wrapping around Yang Bing's ' Gan Lin '.

Then, the black hard ice started to freeze. In just an instant, it extended from Little Wolf's head all the way to Yang Bing's crotch, directly turning all the things he took out into black hard ice.

The wolf cub looked up and thought, "How dangerous, that black block of ice is less than half a meter away from the top of his head. If his reaction was slightly slower, he might have already been drenched."

The wolf cub shook his head and left with a shake of his tail.

Everyone was dumbfounded as they watched this scene unfold.

After half a breath of time had passed, Yang Bing's face had turned completely red and his entire face had turned completely red. He let out a world-shaking scream, and then, all that could be seen was that all the black ice had turned into powder.

Everyone predicted that Yang Bing would never be able to use his unique ultimate skill, Sky Falling Rain.

Chapter 357 - Murong Yu

A single Nine Hell Devil Ancestral Flame had extinguished thousands and thousands of Yang Bing's lives.

Yang Bing screamed miserably as he fell down from the fake mountain, his entire body twitching. In fact, the little wolf had acted appropriately, so he merely caused Yang Bing to lose an organ. As for the other parts, they did not cause any harm to his body.

Yang Bing could not believe it. He kept touching his crotch until he was sure that there was nothing left, and then he let out a whimper as his blood and vitality attacked his heart, and he fainted.

Everyone surrounded him and looked at each other, at a loss of what to do.

"Young Soldier's brother is nearby. Let's go find him quickly!" Seeing that the wolf cub had not left, and had instead found a place to doze off, one of the youngsters hastily ran away. Not long later, Yang Jun was already there. At this time, Long Chen had already bought the pregnant soul seed, heard the noise coming from outside, and ran out.

His eyes met Yang Jun's ice-cold gaze once again.

When the wolf cub saw Long Chen coming out, he gave him an apologetic look.

"What's going on?" Long Chen asked.

The little wolf raised its head, and allowed Long Chen to look at the unconscious Yang Bing. Following everyone's gaze, Long Chen could easily see that his crotch was completely bare.

"You did it?" Long Chen didn't know whether to laugh or cry. He thought that only he would do such a thing.

The wolf cub nodded helplessly.

"The wolf cub said that guy actually peed on him. He originally wanted to scare him, but who knew that he did not stop." Ling Xi said as she giggled.

"Well done, I would have done the same." Long Chen did not scold Xiao Lang, but smiled and said.

His words were actually meant for Yang Jun to hear.

When Long Chen said this, Yang Jun's face turned even more ashen. He took a few steps forward, and a heavy imposing aura pressured towards Long Chen.

"Long Chen, what did you just say? If you don't give me an explanation for what happened today, you can forget about leaving here alive. "

"Threatening me?" Long Chen had an indifferent expression as he said: "Do I need to account for today's matters? It's obvious that quite a few people have seen this. The guy lying on the ground pissed at the wolf cub, but didn't expect it to burn to the very core of his being.

Long Chen's indifferent attitude had allowed him to explode to the extreme.

They would meet on the stage in a few days, but today, Yang Jun could not help but say so.

"In that case, hand over the beast." Yang Jun gritted his teeth.

"In your dreams, the wolf cub is my brother. Can this brother give it to you?" Long Chen laughed.

"Brother? Long Chen, you and an animal are brothers, could it be that you are an animal?" Yang Jun laughed sinisterly, with these words, instantly causing everyone to laugh, he finally overpowered Long Chen with his words, allowing him to finally regain some balance.

However, Long Chen was not angry at all. He looked at Yang Bing who was on the ground and said: "It doesn't matter if he is a beast or not, but my brothers, at the very least, have some hands. They are not like other people's brothers. I think we should call each other sisters. How kind. "

"Long Chen! "You!" In terms of bickering, even ten Yang Jun were not Long Chen's match. He instantly became anxious, his eyes almost spitting fire under the spectating gazes.

"Remember, there are still fifteen days until our appointed time. I'll see you in fifteen days, no matter how much you resent me. This is not a good time. " Long Chen reminded.

In reality, Long Chen was a direct disciple of the Demonic Palace Lord, and his status was even higher than Yang Jun's. Furthermore, Long Chen had already emerged in the limelight, and was well-liked by the Demonic Palace Lord. If they were to make a move now, even if Yang Jun could suppress him, as long as he injured Long Chen, Zhao Qingyun would definitely be angered.

This was not worth it.

Therefore, Yang Jun could only endure. Even if his own brother had already become an unmanly man, he had to endure. After fifteen days, everything could be revealed.

"Alright, as you said, I will settle today's grudge with you in fifteen days. Long Chen, remember this, at that time, I won't hold back. In battle, fists and legs have no eyes, if you 'carelessly' kill me, don't blame me."

"Come and boast when you have the ability." Long Chen curled his lips and said.

Fifteen days later, not only would he have to defeat Yang Jun, more importantly, he would have to successfully cultivate the Traceless Demon Shadow.

"I really have enough time in fifteen days?" At this point, he had no choice but to ask this question.

After Yang Jun brought Yang Bing and left, the surrounding observers gradually dispersed. However, since Long Chen and Yang Jun had such a conflict, everyone was looking forward to their respective performances in fifteen days.

However, most of them wanted to see Long Chen become a laughingstock. After all, Yang Jun was the third person in the younger generation, and was never shaken by him.

Twenty days of cultivation to become a Traceless Demon Shadow, how was that possible? They guessed that the current Long Chen probably hadn't even understood the secret scripture of the Traceless Demon Shadow yet.

Just as Yang Jun was in a dispute with Long Chen, not far away, there was a man and a woman currently observing the situation.

This man and woman were under 20 years old, but their achievements were obviously extraordinary.

The man was dressed in cyan clothes. He had a handsome face with an expressionless face, a slender body as straight as a stick, a healthy wheat color, sharp eyebrows, a high nose bridge, thin yet tight lips, and a pair of black eyes that occasionally flashed with a dark green color.

On the side, there was a woman wearing a black veil. Her figure was incomparably graceful, and her exposed skin revealed a shocking snow-white color. Her face was also covered by a black veil and it was very hard to see her appearance. However, just from the outline, she was presumably a peerless beauty.

If Long Chen saw him, he would definitely think that the girl looked a little familiar.

"Yu Mei, do you think this Long Chen is real?" At this time, the man spoke softly to the girl beside him.

"I have seen him before, he is Long Chen." The woman said with a voice that sounded like the chirping of an oriole.

"Oh? Why haven't I heard you say it before? " The man was slightly surprised.

"Do I need to tell you everything about me?" The lady coldly glanced at the man beside her and said, "I'll go back and cultivate first. Goodbye."

After she finished speaking, she didn't even turn her head around and directly walked away.

The man's eyes burned with passion as he looked at the girl's willowy figure as she left.

"What are you pulling at? One day, you'll have to submit to me." Murong Yu, is there a woman in this world that I, Yang Danfeng, cannot wait? "

Bringing Wang Xing back to the Greencloud Restaurant, Long Chen prepared to return to the peak of the Diremonster Mountain and continue cultivating his Traceless Demon Shadow. Today's matter caused him to feel a bit of pressure.

"Brother Chen, don't be nervous, there's still a lot of time. Take your time, the more nervous you are, the more you will lose control. It's better to keep your heart calm." Ling Xi said carefully.

"Xiao Xi, you're right." Long Chen had also been pursuing a quiet cultivation during this period of time. Although today's matter gave him a lot of pressure, Long Chen was still able to quickly adjust his mood and continue to immerse himself in the world of the Traceless Demon Shadow.

"There's a girl waiting for you up ahead." Ling Xi said somewhat displeased.

Long Chen was startled. He used the Spirit Devouring Demon Pupil and the surrounding scenery slowly changed. Then, as expected, he saw a girl with a black veil over her face standing on the road that he had to pass through.

"eighth level of the Milky Way Realm, should be one of the geniuses of the two great eighth level of the Milky Way Realm s. The female should be named Murong Yu." Long Chen secretly thought, and very quickly, he arrived in front of Murong Yu. This Murong Yu was tall and slender, with a clear and cold temperament, looking a little similar to the previous Yin Mengyao. However, she did not reveal her true appearance.

Only when he got closer did Long Chen realize that he had seen this Murong Yu before. At that time, he had just killed six great commanders and it was Murong Yu who gave him the same type of high-rank earth class as well.

At that time, Long Chen had already guessed that it was Murong Yu's strength. If it was someone from the Canyang Kingdom, they would definitely be from a power as powerful as the Demonic Palace, he never would have thought that it was actually so.

"Long Chen, you should remember me, right?" The moment Long Chen arrived, he lifted his chin and his clear and cold voice rushed towards Long Chen.

"Speaking of which, of course I remember you." In Long Chen's heart, this Murong Yu was not his enemy.

Murong Yu nodded, and then, she looked around at Long Chen and said, "Did you still fail? That beautiful girl, where did she go? "

She knew about Long Chen's story, so she was quite concerned about where Ling Xi had gone to. After all, in her opinion, there were only a few girls as beautiful as Ling Xi, and she felt inferior to herself.

Murong Yu asked out of goodwill, so Long Chen could only say: "Thank you for your concern, but I did not fail. I can only say that she is currently in a safe place, and is extremely happy."

"That's good. I can't bear to see such a beautiful young girl in such a state." Murong Yu nodded, then looked at Long Chen and said, "My guess is that the reason why you came to Demonic Palace, was to get the Three Great Secret Scriptures and the Demon Emperor Sword, and then return to the Biyang Royal City to take your revenge.

Long Chen nodded his head, the girl was very clever, he did not need to hide it.

"So it's like that, then we are rivals, and there's another competitor, I can already use the Phantom Shadow and get the Great Mantra of Dao-heart Seed of the first level, and the competition for the Demon Emperor Sword will probably not be long, we can wait and see." Murong Yu's words were impolite, her voice was very polite, and one could tell she was excited for having another opponent.

Chapter 358 - Mysterious Runes

Yang Jun was simply not on the same level as him. The current Yang Jun was not even able to obtain the Silent Demon Shadow, and Murong Yu already had the Great Mantra of Dao-heart Seed of the first level.

"Your competitiveness is very strong. You already have the Traceless Demon Shadow now, so if you can get first place in the next fire generating meridian trial, you'll be able to get the first floor's Great Mantra of Dao-heart Seed." Murong Yu analyzed.

"The seventh stage?" "How does that count?" Long Chen asked.

"Yang Danfeng and I have already obtained the first level of the Great Mantra of Dao-heart Seed, so this time, the two of us will be competing for the second level. Whoever wins will get the second level, while you will be competing for the first level with Yang Jun." Murong Yu said.

Yang Danfeng should be the other young practitioner from eighth level of the Milky Way Realm.

"Long Chen, you're really too daring. The main reason I'm here today is to ask you, how is your cultivation of the Traceless Demon Shadow coming along?" The news of Long Chen claiming that he had cultivated the Traceless Demon Shadow for twenty days had already spread far and wide, and she had no reason not to know.

"I only understand the basics." Long Chen said honestly.

When I first trained in the Traceless Demon Shadow, I did it for a long time, so I couldn't figure it out clearly. But I made a coincidence later on, when I was training in the water, the resistance in the water was much greater, and the control of the speed would be of some help. You can slow down, and when you can find the trick, you can increase your speed.

Not only did Long Chen understand, he had also suddenly understood everything.

"Thank you so much. If you need any help in the future, feel free to tell me!" Long Chen was sincerely grateful to her. It could only be said that with her suggestion, his future path would be much easier.

"No need to thank me. "I'm leaving." Murong Yu said and then quickly left. After she had left, Ling Xi then came out of the sword, his mouth pouting as he stared at Long Chen.

"What's wrong?" Long Chen didn't know whether to laugh or cry.

"Tell me, why did she treat you so well?" Ling Xi was a little jealous.

"It's actually very simple." Long Chen chuckled, patted his chest, and said: "Because I'm handsome!"

In the Diremonster Mountain, Long Chen found a deep pool. From the surface of the lake to the bottom, there was a distance of around 30 meters between them. The water in the pool was dark green, and was a little turbid, but it did not affect Long Chen's line of sight.

"Although Murong Yu's method is a little tricky, without a doubt, it has a great effect." After three days of practice, Long Chen realized that she had finally figured out the tricks behind the Traceless Demon Shadow. He had already built a good foundation and planted the seed.

"If this continues, I will only have twelve days left. I will definitely be able to completely use the Traceless Demon Shadow. Of course, if I want to truly master it, I will need a period of time to practice." Long Chen calculated in his heart, and then he continued to practice the Traceless Demon Shadow day and night. He performed the Traceless Demon Shadow at an extremely slow speed, but he discovered that he had to control it a lot better, and it would take about half a day for him to complete one practice of the footwork. Based on this progress, it would take around ten days for Long Chen to complete the Traceless Demon Shadow in an instant.

This kind of boring cultivation, however, Long Chen did not feel bored at all, because Ling Xi had always accompanied him by his side and helped him improve, while the little wolf was also not far away. With these two fellows by his side, Long Chen felt that he had a lot of motivation.

His initial worry had now completely disappeared.

In fact, it had not even been ten days, and after about nine days, Long Chen was already able to completely cast out the Traceless Demon Shadow. This was a Heaven Ranked battle skill, and it had not even been twenty days, and Long Chen had already mastered it.

"When you discover that I have truly mastered the Traceless Demon Shadow, how wonderful will your faces be?" Long Chen sneered in his heart.

"There are still three days left. I will first master the Traceless Demon Shadow in the water." Long Chen executed the Traceless Demon Shadow, and quickly swam through the deep pond. Although the deep pond was deep and huge, Long Chen had already passed most of the places.

The Traceless Demon Shadow was actually just a fast word. Only by changing one's movement technique quickly would one be able to reach the level of a demonic shadow.

He only had to wait for the arrival of the arranged battle three days later.

When he was using the Traceless Demon Shadow, in a certain moment, Long Chen suddenly felt that when he was near a certain place, the Mysterious Dragon Jade in his mind suddenly trembled!

"Has the Dragon Jade made any movements?" Long Chen was pleasantly surprised, generally speaking, only when the Dragon Jade saw something that it liked, would it show any signs of movement. And this time, what was it? Long Chen then carefully observed the side.

This area was rather narrow, so when he used the Traceless Demon Shadow, he usually didn't come inside. He didn't expect that there would be something good here.

To Long Chen, this was an unexpected surprise.

He quickly searched through the area but didn't find anything after the Dragon Jade moved once. Next, Long Chen could only look for himself.

"Brother Chen, what are you doing?" Ling Xi came out of the sword, her eyes rolling around as she looked at Long Chen suspiciously.

"There should be something here," Long Chen said as he furrowed his brows.

The bottom of the pool was made up of muddy black mud. It was disgusting to look at, and there was no need to even think about digging. However, Long Chen had already checked and found that it was surrounded by water. If there was anything, it would be in the black mud at the bottom of the pool.

"Maybe I was wrong? That Dragon Jade from before, did it even move at all? " Long Chen searched for a while, and then thought dejectedly.

"Something?" I'll look for it too. " The power of Ling Xi's soul is much stronger than Long Chen's. She looked at it bit by bit, and after searching for a quarter of an hour, Ling Xi pursed her lips and said: "This place is filled with mud, the further down we go, the harder it is to find. There are a lot of rocks, but nothing else, the only thing that could be considered strange is the body of a rune.

"The shell of the rune?" Long Chen's eyes lit up, this was a kind of hope, so he anxiously asked: "Xiao Xi, what runes' body is this, where is it?"

Ling Xi flew to one of the places and pointed downwards. "In this place, go down about fifteen meters and press yourself against a rock. Do you want to go down and get it?"

"Of course." Long Chen nodded. If it really was some kind of treasure, he didn't care about its heaven defying filth and chaos.

Under Ling Xi's instructions, Long Chen began to dig her way into the soil, he immediately transformed into the Dragonsoul Transformation, with the help of the hard bone spurs and claws, it would be extremely easy to dig her way out of the soil. Fifteen meters away, and not much time had passed when Long Chen came into contact with a large stone.

Ling Xi said that the body of the Runic Circle was right under the big stone.

The more he hurried with the rune, the more intense the feeling in Long Chen's heart became. It seemed to be a type of connection through blood, Long Chen was a little excited, he guessed that the rune below must have something to do with dragons.

Gently prying the rock apart, Long Chen followed Ling Xi's instructions and used her fingers to feel around. Very quickly, he came in contact with a palm-sized flat rock, the rock was extremely thin, about five millimeters long. One side was extremely smooth, and the other side was covered with runes.

The tentacles were ice-cold.

Long Chen's heart shook, and a familiar feeling surged out from his body. He did not stay for long, and immediately returned to the deep lake, then brought Ling Xi along and quickly returned to the top of the lake. On top of a large limestone, Long Chen sat here, carefully inspecting the flat surface in front of him, or rather, the stone talisman.

The only difference was that one of its sides had a tattoo of a black dragon. This dragon pattern looked a little similar to the dragon pattern in Long Chen's sea of consciousness, but other than the dragon pattern, there were also other runes that looked different. When Long Chen looked at it, he suddenly felt as if his eyes had sunk in, as if he was unable to extricate himself.

"Xiao Xi, what do you think this is?" Long Chen picked up the stone talisman.

I've said it before, this should be considered a relatively powerful rune treasure, but the strange thing is, why is there a dragon tattoo on it? If you add other runes, such as a dragon tattoo, they wouldn't be able to work at all. Ling Xi was swaying back and forth on top of the stone talisman, frowning her brows in confusion.

"Then tell me, what use is there for me to obtain this now?" Long Chen asked in anticipation. He knew that it was definitely this thing that caused the Mysterious Dragon Jade in his sea of consciousness to tremble.

This thing might have been a powerful rune in the past that could unleash powerful attacks. However, it has lost its symbol spirit and its soul and strength, just like a person who has lost their soul and strength. It is already dead, and is only a corpse. Ling Xi said.

"Useless?" Long Chen was a little disappointed. He carefully examined the stone talisman from top to bottom. Since the Traceless Demon Shadow was almost finished, Long Chen decided to spend some time to study the Runes.

"Brother Chen, are you still not giving up?" Ling Xi was a little speechless.

"No, I was just bored. I've been training too hard these past few days. I'll take a break now and casually make some stuff out of it." Long Chen said.

"I wonder what will happen if I infuse zhenqi into it?" Long Chen thought with great interest.

Chapter 359 - The Ancestor Dragon that Controls Time

"Xiao Xi, if I infuse zhenqi into it, it should be fine, right?" Long Chen was a cautious person, so before doing it, he asked Ling Xi a question.

"It's fine, it's just a shell." Ling Xi replied.

With Ling Xi's guarantee, Long Chen became much bolder. Ling Xi did not know about the existence of Dragon Jade, so she did not care about the stone talisman.

At this time, he guided his Zhen Qi and slowly imbued it into the stone talisman.

"Hmm?" Long Chen realised that the true qi he imbued was actually absorbed by the stone talisman. It wasn't just a loss.

"Xiao Xi!" In this abnormal situation, Long Chen could only let Ling Xi explain.

After Long Chen finished shouting, the black dragon pattern on the stone talisman suddenly flashed with a black light. The light was extremely weak, like a star in a candle flame, flickering slowly.

"Why is it like this?" Ling Xi was a little shocked, she went closer to the stone talisman in Long Chen's hand and opened her eyes wide, saying: "Brother Chen, I don't know why this is happening either, it's really strange."

"You don't know either, that's strange." Although the stone talisman was glowing, nothing seemed to have happened. Long Chen flipped through it a few times, the black light still did not disperse, but at this time, Long Chen suddenly felt a power that even caused his soul to tremble, emitting out from the mysterious stone talisman.

"What is this feeling?" Long Chen faintly felt that a ripple seemed to have appeared within the stone talisman, as it spread out in all directions. The ripple was invisible, but Long Chen could feel it, he could even feel that because of the stone talisman, he, Ling Xi and the little wolf who was not far away was being controlled by this mysterious space.

The moment that feeling of palpitation appeared, Ling Xi immediately cried out in alarm: "Brother Chen, look at the sun!"

Long Chen raised his head to look, and was immediately stunned, because what he saw, was that the sun, which was originally in the center, was currently descending towards the west at an extremely fast speed. In just the time of a breath, the sky had already darkened!

"How could this be?" Whether it was Long Chen or Ling Xi, both of them were completely dumbfounded, and before they could even react, two breaths of time had passed, and the sky had actually lit up once again!

The sun rose from the east and headed west at an extremely fast speed. In just two breaths of time, the sky had turned dark again!

"Oh my god? "What the hell is going on?" Long Chen's mind was currently in a mess. The thing he was looking at right now was too much of a shock for him, wouldn't that normal person would be stupid if they encountered such a thing?

What Long Chen saw now was that the originally long day had been compressed into four breaths of time. In four breaths of time, a day had passed, and the sun had risen from the east like a shooting star, descending from the west. During this time, Long Chen only had enough time to speak!

"Xiao Xi, how can time pass so quickly!" Long Chen felt that it was hard to breath.

"It's not that time is fast, but rather, the time we have here is getting slower and slower!" Ling Xi said somewhat anxiously.

Their words took an entire day!

To them, this was too shocking!

"Escape from here!" Long Chen had just said these words and landed on the large limestone. He didn't know how much time had passed, but at this moment, time had finally stopped and the sun was still hanging right above him, as if nothing had happened at all.

"Xiao Xi, did we have a dream?" Looking at the stable and unmoving sun in the sky, Long Chen asked with a slightly hoarse voice.

"That shouldn't be the case. It's impossible for us to dream together." Ling Xi was also looking at her surroundings in disbelief.

"Brother Chen, I think, perhaps a few days later, it might already be noon ..." Ling Xi said weakly.

Long Chen was filled with shock.

"Impossible, how could such a miraculous thing happen?" Is the flow of time something that can also be changed? " Long Chen shook his head, his face pale.

"Brother Chen!"

"Hmm?"

I heard that there were some existences that defied the will of the heavens, and there was even the power to control time, as if there was an ancestor that controlled the flow of time. So, controlling time, is entirely possible, we can assume that the space around us just now, the flow of time, has suddenly

become countless times slower than the outside world. We feel that we are normal, and the outside world is very fast.

When Ling Xi spoke, her voice was also somewhat shaky.

When Ling Xi talked about the Ancestral Dragon, Long Chen finally remembered that she was still holding the stone talisman in his hand.

At this time, the black light emitted by the Dragon Mark on the stone talisman had completely disappeared. The hand Long Chen used to hold the stone talisman was trembling a little, and he was a little depressed: "Xiao Xi, if it's really as you said, then the time around us has slowed down countless of times, and that's why such a situation has occurred, then does that mean ... it's a ghost caused by this thing?"

"Probably." Ling Xi looked at the plain and ordinary stone talisman in shock. She couldn't understand, if the stone talisman was really that heaven defying, why would it appear in this small place? What exactly was this stone talisman?

These questions existed in Long Chen's mind, he did not dare to take the stone talisman anymore, but he could not throw it away, so he immediately placed it into his Qiankun bag.

"There's a dragon on that symbol. Lil 'Xi, what did you say earlier? What's the name of the ancestral dragon that controls time?" Long Chen had a nagging feeling that there was something to this.

"I forgot, I casually listened in at that time, it should be the Great Void Great Void something, I can't remember it clearly." Ling Xi said in embarrassment.

The Great Void.

Long Chen did not dare to think too much.

"Little Wolf is still sleeping after such a big incident!" Ling Xi pouted and was speechless.

Long Chen was at a loss whether to laugh or cry. Right now, the Little Wolf was liking to sleep more and more, so it was basically lying down when there was nothing else to do. Of course, it was also because he didn't have much to do.

"I'll give the Traceless Demon Shadow to him one day." Long Chen thought.

"Xiao Xi, I want to test if we are hallucinating. As long as we can return to the Demonic Palace, we will know. This is bad!" Thinking about this, Long Chen was shocked.

"What's wrong, Brother Chen?" Seeing Long Chen's expression suddenly become so blank, Ling Xi hurriedly asked.

"If there really is a problem with the flow of time, how many days have we passed?" Originally, we only had two days worth of time, and we had to set a date with Yang Jun. If we miss the time, I would lose all my face, and not only would I lose all my face, I would even lose all my face as master.

Thinking about it, Long Chen allowed Ling Xi to return back to the center of Ling Xi's sword. He kicked the little wolf, and without saying a word, he followed along in the direction of Demonic Palace.

"I hope you don't miss the time! The appointed time is at noon. It's currently noon, but it will be a few days later."

Palace Mistress, it is already noon, where is Long Chen? Triplex's shrill voice sounded out, filled with a sense of pride.

The arranged battle this time around was extremely important in the Demonic Palace. It was basically to the point that everyone knew, so today, most of the people with some status in Demonic Palace were present. Standing beside the stage were all the disciples of Demonic Palace, basically, all of the disciples had come to join in on the fun.

While Zhao Qingyun, Three Great Demons, the various hall masters, protectors, and elders all had their own seats, high above them, watching them. But at this time in the martial ring, only Yang Jun was looking down with his arms crossed, his eyes filled with deep disdain and pride.

Time was up, Long Chen did not have any, what did this mean?

This meant that Long Chen was afraid of the stage.

Why was he afraid of the stage?

This meant that his boast had broken, and he had managed to successfully cultivate the Traceless Demon Shadow within twenty days. This was simply a joke, a huge joke. Long Chen saw that he had not mastered it yet, so he came here to embarrass himself. In fact, many people had expected such a situation to occur today. After all, no matter how heaven defying Long Chen was, it was still impossible for him to cultivate the Traceless Demon Shadow within twenty days.

Under the Triplex's loud questions, everyone turned their gazes towards Zhao Qingyun, waiting for her reply. Zhao Qingyun was originally full of confidence in Long Chen, so before this, he did not go look for him either.

"What's the rush? Maybe we've been delayed because of something. Since we're gathered here, there's no harm in waiting a little longer." Zhao Qingyun said indifferently. Honestly speaking, he did not have much confidence in these words she had said, because he did not know whether or not Long Chen would come here.

The moment Zhao Qingyun finished speaking, many people had their own opinions.

"What kind of joke is this? You want so many of us to wait for him?" Are you pretending to be strong, or are you simply not daring to come? "

"Everyone, don't wait anymore. That cowardly turtle probably already left the Diremonster Mountain and escaped to who knows where. "Hurry up and disperse. If you're going to wait any longer, it'll just be waiting blindly."

Similar complaints came one after another.

Beside Zhao Qingyun, Dongfang Xuanxiao and Xuan Ming were also frowning deeply. Dongfang Xuanxiao looked at his surroundings. He knew clearly in his heart that if Long Chen didn't come today, he would definitely lose more face than Zhao Qingyun.

"What happened to Chen Er? With his personality, it is impossible for him to be so unreliable. Father-in-law, I'll go find him. " Dongfang Xuanxiao said.

"No need. If he should come, then he will." Zhao Qingyun shook her head.

At this time, after Triplex heard Zhao Qingyun's words, she sneered: "You're coming? Who knows? We can wait, but if we can wait for a while, we won't be able to wait for a lifetime. I think we should forget about it today.

Chapter 360 - Chen-ge Appears

The words of the Triplex, got a lot of people's jeers.

Zhao Qingyun did not wrinkle her brow. This time, it was Long Chen who did not come, which made him in the wrong, so he did not know what to say.

"Why is Long Chen this unreliable? With his personality, even if he didn't successfully cultivate, he shouldn't have stage fright." Zhao Qingyun was also at a loss as to what to do.

"Mistress, I think we should forget about it. That so called Long Chen might have already brought the Traceless Demon Shadow and sneaked out of the Diremonster Mountain. In our Demonic Palace, the Three Great Secret Scriptures will probably only have two secret scriptures left!" The Triplex mocked.

"Shut up!" This time, Zhao Qingyun was slightly angered. His Heavenly Completion Stage Ranker's angry roar was like a storm that crashed onto Triplex's body, causing him to let out a stuffy groan. She retreated a few steps and almost fell to the ground.

"Let me tell you, the Demonic Palace's Palace Master is me, not you! Long Chen is my disciple, you said that he betrayed me, didn't you say that I was blind? How dare you, Triplex! "

Everyone was prepared to follow the Triplex and stir up a commotion to capture Long Chen. Only when they saw Zhao Qingyun was angry did they remember that Long Chen was Zhao Qingyun's most beloved disciple, and then realized that their own words had indeed been a little too excessive.

Triplex was not convinced at first when he was suppressed by Zhao Qingyun. However, the identity and strength that Zhao Qingyun possessed was indeed not something that he could resist.

Third brother, what are you so anxious for? We might as well wait for another two hours. When the time comes, you don't have to meddle. The Great Moxibustion's hoarse voice caused him to wake up from his stupor and solemnly nod his head.

At this moment, behind the Great Moxibustion stood his number one disciple, Yang Danfeng of the eighth level of the Milky Way Realm, and behind the Erythropoda was also her disciple, Murong Yu of the eighth level of the Milky Way Realm. At this time, Murong Yu said softly, "I think he should be coming over. I told him the trick I used to cultivate earlier, if he spent more than forty days, he should be coming over. But twenty days is really too short. However, I don't think that with his character, he would directly take the secret manual and leave. And if it's not something that's delayed, he would definitely come. "

Murong Yu's words stunned everyone around him. All of them looked at him weirdly, especially in the depths of Yang Danfeng's eyes, completely unable to comprehend what she was saying.

"Xiao Yu, you know Long Chen? And you have a good relationship with him? " Erythropoda said in a serious voice.

Murong Yu nodded, and told her the part where they met each other in the Misty Valley.

"I just saw him working so hard, and he's a man who knows how to take responsibility. He should be a good person, so I decided to help him for a while." Murong Yu said in embarrassment.

"Nonsense!" Erythropoda lowered his voice and cursed.

Murong Yu was scolded until she froze.

"Xiao Yu, listen carefully. Try not to interact with Long Chen as much as possible in the future, or else I will punish you!" Erythropoda said in a low voice. The three siblings all adopted an extremely disinterested attitude towards Long Chen. Yet Murong Yu, as the number one disciple of the Erythropoda, she actually gave Long Chen such help, which really infuriated him.

"At that time, you should have not helped him and let him die there. That way, your third martial uncle wouldn't have worried so much about Yang Jun!" Erythropoda looked at Murong Yu with a blaming gaze.

"Master, I don't really understand, isn't this Long Chen fine? If he joined our Demonic Palace, he would definitely cause the strength of our Demonic Palace to grow wings like a tiger. Who knows, maybe in the future, there would be someone with great Heavenly Completion Stage as well, and he might even have

enmity with the imperial family. After hesitating for a while, Murong Yu still voiced out the doubt in his heart.

"Xiao Yu, are you really an idiot?" Erythropoda shook his head and said, "Did you forget? It is the rule of our ancestors that we can only follow and hold the Three Great Secret Scriptures in our hands, cultivate successfully, and let the Demon Emperor Sword recognize us as its master, then we can become the next Palace Master. Do you want the orthodoxy of our Demonic Palace to fall into the hands of someone unknown? "

Murong Yu was aware of this. She finally knew why the Three Great Demons was wary of Long Chen. When they confirmed that Long Chen was the Long Chen of the outside world, they did not rejoice, but turned from ridicule to vigilance. They had already reserved the position of the next Demonic Palace Palace Master for their disciples a long time ago.

Murong Yu could only laugh helplessly. In truth, she didn't really care about the Palace Master's position, the person she cared about the most was standing beside him, and that was Yang Danfeng. At this time, Yang Danfeng was looking at Murong Yu with eyes that flickered with an unknown light.

The Three Great Demons was shocked, but after waiting for a long time, they decided not to work for him. They greeted each other and discussed in low voices.

"Forget it, let's go back. Today, we are destined to be left behind."

"Damn it, I've been looking forward to this for so long!" Damn it, that Long Chen is really a grandson! "

At this time, not far from them, was Wang Xing's immature face. He originally came here with endless reverence, but now that Long Chen did not come, he was extremely uncomfortable listening to others scolding him. At this point, he could no longer hold back and turned his head to shout: "Bullshit! How could I, Brother Chen, be afraid of Yang Jun? You all just wait and see. He will appear here very soon, and use the Traceless Demon Shadow to defeat Yang Jun! "

"Kid, what did you say? Are you courting death?" Seeing that Wang Xing was dressed like that, even though he was just a service disciple, he still dared to shout at his.

Seeing that the other party looked like they wanted to beat him up, Wang Xing was scared to retreat half a step, but when he thought of Long Chen, his courage became stronger, and he said: "I am only

speaking the truth, Brother Chen will appear very soon, you people who speak ill of him, are all courting death!"

"Aiyo, he really was pulled! Brothers, beat him up!" Without saying a word, the group surrounded Wang Xing with their fists raised. Just as they were about to attack, a figure appeared in front of them to block the attack, it was actually Yang Danfeng. The Great Moxibustion saw that there were still people fighting below, he was worried that the situation might lose control, so he got Yang Danfeng to stop and control the situation.

The ones making trouble were all the disciples of the Great Moxibustion and one service disciple.

"All of you, go back and slap each other a hundred times. I'll go back and check if anyone's face isn't swollen, I'll help you!" Yang Danfeng's ice-cold voice made them feel as if they had fallen into an ice cave. There was no doubt that they would choose to slap themselves. If they let Yang Danfeng hit them, would they still have their lives?

Several disciples fled in embarrassment.

Yang Danfeng turned around and looked at the timid Wang Xing, and said: "You still recognize Long Chen?"

"Yeah, Brother Chen treats me very well!" Wang Xing said proudly.

Yang Danfeng laughed, and without saying a word, he returned to the back of the Great Moxibustion. This small conflict, to the whole situation, was just a small episode.

Time slowly passed, an hour passed, and when everyone completely lost their patience, Zhao Qingyun could no longer suppress the complaints in their hearts. If she forced so many people to stay here, his prestige as the Asgard Mistress would drop to the extreme.

Father-in-law, Chen Er might really not be able to come here, so she'll let everyone leave first? Dongfang Xuanxiao was worried that Zhao Qingyun's prestige would plummet, so he suggested.

Zhao Qingyun could only nod her head helplessly. She was just about to announce, but just at this moment, the crowd suddenly erupted, Zhao Qingyun's heart trembled, she looked to her left, and sure

enough, there was a shadow of a person rushing over with an extremely fast speed, with a boom, she directly broke through the crowd and stood on the stage!

Who else could it be other than Long Chen?

Looking at the panting but determined look on the youth's face, everyone's mind went blank for a moment. They had originally thought that if Long Chen really came here, he would be scolded to death, but looking at his panting, it seemed that he was really delayed because of something?

"It's finally here." Zhao Qingyun revealed a satisfied smile. If Long Chen did not come today, no matter what the outcome would be, it would be difficult for him to clean up the mess.

Dongfang Xuanxiao and Zhao Xuan Ming also heaved a sigh of relief.

On the Three Great Demons's side, the only person who could heave a sigh of relief was Murong Yu. She knew that her judgement wasn't wrong, since Long Chen could kill Song Zhongcheng and it was impossible for him to even be afraid of a single seventh level of the Milky Way Realm.

As for the Three Great Demons, his expression was actually quite interesting. The Triplex was the most furious, and he immediately scolded: "Long Chen, if you don't have the guts, don't come. What do you mean by leaving ten thousand of our Demonic Palace's people here? "

Long Chen was almost depressed to death in his heart. He touched the Rune for some unknown reason, and then the flow of time started to slow down. In just a few breaths of time, two days had actually passed. By the time he desperately rushed over, everyone had already waited for nearly an hour.

"Everyone, I am truly sorry for delaying because of some important things. However, everyone need not complain, because you will soon see an incomparably wonderful battle. I believe that no one who comes will feel that they will lose!" Long Chen looked around, and his words revealed a strong sense of confidence.

"He succeeded in his cultivation?" Murong Yu had this premonition in her heart.

At this time, Yang Jun slowly raised his head, and said in a gloomy voice: "Allowing tens of thousands of people in the Demonic Palace to wait for an hour because of your important matter, Long Chen, you are taking yourself too seriously!"

"That's right, who do you think you are, Long Chen! You also want me to wait here for you? "

"Twenty days of cultivating the Traceless Demon Shadow, that's really a joke. Long Chen, if you're capable, why don't you show it to me?"

The people below were all enraged.

"Since we have already delayed everyone's time, then I will not waste any more words. Yang Jun, it is useless to speak.
