

War God 391

Chapter 391 - Myriad Souls Destruction

At this time, Long Chen's body quickly rolled on the ground, and then, with the momentum gained from his leap, he instantly rushed ten meters forward and coincidentally dodged one of Murong Yu's attacks. This time's match, although it looked like Long Chen was in a sorry state, he actually handled it well, and with no use of anything, avoided the fatal blow from his opponent.

"He actually dodged it like this?" Murong Yu was extremely suppressed, one had to know that this was a very gentle technique from her Willow Soul-Splitting Palm, combined with her Traceless Demon Shadow, it was extremely difficult for a normal person to detect her attack, and Long Chen not only sensed it, he even dodged it effortlessly.

When Long Chen suddenly turned around, he saw Murong Yu being slightly shocked, and once again charged towards him. The speed of her ninth level of the Milky Way Realm, was much faster than Long Chen's.

At this point, Long Chen decided to give it his all to defeat her first. As long as he obtained the Demon Emperor Sword, he would accomplish his final goal of going to Demonic Palace. As for the other problems, they could be slowly solved as long as he had strength.

"Do you think you have the true qi of ninth level of the Milky Way Realm?" Long Chen laughed coldly in his heart as he let out a roar and charged towards Murong Yu. As he moved forward, the surface of his body started to be covered with blood-red dragon scales, and very quickly, the dragon scales and bone spikes transformed him into a perfect battle state. The ferocious bone spikes and firm dragon scales made even Murong Yu's heart palpitate.

When a blood-red figure charged towards Murong Yu, its speed instantly increased by almost ten times. Murong Yu only felt that all of a sudden, that blood-red figure had arrived before her eyes.

"Liu Xu Soul Shattering Palm, Ten Thousand Souls Destroyed!"

At the most critical moment, Murong Yu erupted all of the True Qi in her body, and when Long Chen got closer, she pushed out her palm, releasing a strange palm print that brought along an overwhelming force, instantly attacking Long Chen! The black mist rapidly surged around Murong Yu, and the incoming palm imprint emitted a dense black smoke, as though it was being burnt.

"What a terrifying attack!" Long Chen was shocked. He rushed forward abruptly, and a halberd suddenly appeared in his hand. The halberd quickly soared, and under Long Chen's dance, it abruptly turned into a fierce gust of wind, exploding out with a few red lines, piercing towards the center of the palm print!

He was going to use this as an excuse!

Xiu Xiu! *

After a few explosions, Long Chen's Earth Stage Medium was not strong enough to defend against the enemy, causing him to fly out, but it was difficult for Murong Yu to hurt him. Even though Long Chen was flying backwards, he still stood firmly on the ground, which was a bit out of Murong Yu's expectations.

"Impossible, how could his true qi be so dense? Could it be that he used the Great Mantra of Dao-heart Seed? And a two layered Dao-heart type demon at that? " At this moment, in Murong Yu's heart, this was the only explanation.

"As expected of a genius. If I did not have the Ice Soul bestowed to me by Master, I would be far from being his opponent, it's a good thing that Master gave the Ice Soul to me this time, otherwise, I really would not be able to handle him. If he doesn't die, I will definitely die, then my family ..." Murong Yu's heart was tangled up with this question countless times.

Only, in the face of her life and the life of her family, she had no choice. Once again, Murong Yu gritted his teeth.

"Since you've used the Great Mantra of Dao-heart Seed, I'll accompany you. Long Chen, let me show you how big of a gap there is between the two of you now that you've used the Great Mantra of Dao-heart Seed!"

A cold light gradually exploded out from Murong Yu's eyes. At this moment, thick black smoke started to come out from every single pore of her body, and the magic seed had already spread throughout her body. It quickly occupied the starry sky in her body and increased her explosive Zhen Qi by a full fold!

At this time, just in terms of innate energy alone, Murong Yu had already surpassed the majority of ninth level of the Milky Way Realm practitioners.

"Or a Dao-heart type of devil?" It was obvious that Murong Yu was being sufficiently cautious with him. Not only did she use the Traceless Demon Shadow, she even used the Great Mantra of Dao-heart Seed.

"Treat you courteously and defeat you in a place where you are most adept at. It can be considered a form of respect." Long Chen secretly thought in his heart, when Murong Yu used the Great Mantra of Dao-heart Seed to raise his Innate Qi, the two demon seeds on his body also erupted and merged into his Innate Qi. The nature and quantity of his Innate Qi started to crazily rise in numbers, the original ten times of the Dragon Soul Transformation and the original four times of the Great Mantra of Dao-heart Seed added up to forty times of the original!

With this kind of true energy, Long Chen was now standing at the peak of the ninth level of the Milky Way Realm! As long as he obtained the Demon Emperor Sword and cultivated the The way of the Demon Emperor's Sword, Long Chen would be ranked among the top five experts in the entire Canyon Kingdom.

Long Chen knew, he had to thank Zhao Qingyun for all of these. Everything that he had gained from the Demonic Palace, including the increase in Little Wolf Realm, was given to him by Zhao Qingyun. Zhao Qingyun could be said to be his greatest benefactor.

Even Long Chen himself did not realize that the current him, was already an extreme expert. In time, he would become the supreme expert within the entire Canyon Kingdom.

And Murong Yu, was bound to not be able to compare to Long Chen.

When Long Chen truly used the Great Mantra of Dao-heart Seed, Murong Yu already knew, she had originally thought that Long Chen would only be at such a level after using it. What she did not expect was that she was completely wrong, and the moment Long Chen finished using the Great Mantra of Dao-heart Seed, his true qi power was exactly twice that of Murong Yu!

No one had ever been able to defeat Long Chen in terms of true qi.

"Why? How could this be possible? I don't believe it!" Murong Yu's face was filled with disbelief as she looked in front of Long Chen with a face full of despair.

"There's nothing that's impossible. If I can kill Yang Danfeng, I can do it better than you." Long Chen's cold voice sounded beside Murong Yu's ears.

"The outcome isn't certain yet, don't boast first!" Murong Yu clenched her white teeth, and finally calmed herself down. Without saying a word, she started to unleash her Traceless Demon Shadow with a speed twice the speed of her true qi, causing the blurry shadows to become even harder to make out!

"Devouring Blood Realm!"

Long Chen wasn't flustered in the slightest. He smiled faintly, and then, as he did so, the blood-red fog started to envelop the entire room, and a domain level boundary quickly appeared, enveloping Murong Yu within. Murong Yu, who was still using the Traceless Demon Shadow, quickly felt the heavy pressure from her body.

's current Innate Qi was two times stronger than hers, it was obviously difficult for her to resist the Devouring Blood Realm that she had used. Therefore, Murong Yu was completely stunned, she needed at least half of her Innate Qi to suppress her own blood Qi, the amount of Innate Qi left was not even enough to fill the gaps in Long Chen's teeth.

And at this moment, Long Chen instantly appeared in front of her.

"Admit defeat?" Long Chen did not attack, but only asked indifferently.

"What is this?" To anyone, it was extremely hard to understand the Devouring Blood Realm, so Murong Yu was currently in a state of extreme shock.

Long Chen shook his head. He reckoned that if he did not defeat Murong Yu, the barrier set up previously by the Demon Emperor Sword would not be removed no matter what, so he suddenly rushed forward and with an extremely fast speed, landed a palm strike on the back of Murong Yu's neck. The tyrannical power made Murong Yu's eyelids roll backwards as she softly fell into Long Chen's embrace.

Only then did Long Chen remove the Devouring Blood Realm from his body, and then did he put Murong Yu on the ground. Long Chen did not injure her, he only knocked her out.

"Although you have already reached ninth level of the Milky Way Realm, the gap between you and me is still not small. When I obtain the Demon Emperor Sword, this gap will be widened once again, but reaching ninth level of the Milky Way Realm at this age is already not bad for you." Long Chen sighed. After ensuring that Murong Yu was safe and sound, he finally looked at the Demon Emperor Sword.

That black sword was stabbed straight into the altar, its entire body exuding a terrifying demonic aura. At this moment, the Demon Emperor Sword was trembling lightly, and releasing a creepy sound that made people's hair stand on end. Then, Long Chen could see that the barrier in front of the Demon Emperor Sword had gradually begun to disappear.

The Demon Emperor Sword was psychic, and Long Chen defeated Murong Yu, becoming the final victor. It seemed to be able to sense that ...

The Demon Emperor Sword was the most important reason for Long Chen to come to the Demonic Palace. Long Chen didn't expect it to appear in front of him like this, and he was extremely glad that he had met Zhao Qingyun.

At the very least, it would take far longer than three months.

Three months passed in the blink of an eye. It could not be considered long, nor could it be considered short.

"Brother Chen, the level of this Divine Weapon, is not just at the primary level of Heaven Stage!" Right at this moment, Ling Xi let out a surprised cry. When the barrier was removed, she carefully observed it and came to this conclusion.

"What level is that?" This unexpected surprise made Long Chen excited immediately.

"If my guess is correct, it should be a Heaven Stage Medium, and within the Heaven Stage Medium, it is a rather strong divine weapon that is close to the Heaven Stage High Rank. Last time when Lin Zichen held onto the Emperor Sword, I was still in the Herba Euphorbiae's body and couldn't perceive it clearly, but I am certain that it was a divine weapon from the Heaven Stage Medium! "

"In a place like the Canyang Kingdom, there's actually a divine weapon with a Heaven Stage Medium? I thought that the treasure of the Empire, would at most be a primary level Heaven Stage. " Long Chen laughed, the higher the Demon Emperor Swords were, the cheaper she would be in the end.

Chapter 392 - The way of the Demon Emperor's Sword

"There's no time to lose, Brother Chen, this Demon Emperor Sword has obviously already approved of you, you just took the Demon Emperor Sword right?" Ling Xi said somewhat excitedly. She knew that

this was Long Chen's greatest goal, and now that he had finally accomplished it, there was no need to mention how happy she was in her heart.

Long Chen nodded, he walked forward and carefully moved closer to the Demon Emperor Sword, and very quickly, his body was less than a meter away from it. Looking at the Demon Emperor Sword closely, he realized that the sword blade was indeed different.

The Demon Emperor Sword's entire body was black, with many jumping red stripes on it. These red stripes were sometimes like runes and gave off a strange aura, and sometimes they were also like sinister faces, giving off a terrifying aura. Long Chen even felt that the Demon Emperor Sword was like a living being, breathing heavily right now. The faint air around it was the air it breathed out.

This was a real Divine Weapon, and compared to green dragon halberd, it was much, much stronger. From the Demon Emperor Sword, Long Chen felt a vast imposing aura!

More importantly, the The way of the Demon Emperor's Sword existed within this Demon Emperor Sword. The The way of the Demon Emperor's Sword was a Heaven Tier Battle Skill, and it was ranked number 1 amongst the Demonic Palace's Three Secret Techniques. According to the legends, only Zhao Qingyun knew how to use it, which showed just how rare it was.

The Demon Emperor Sword's test, had actually already been tested by Long Chen, so if he were to collect the Demon Emperor Sword now, nothing bad would happen. However, Long Chen was still very careful. Even though he was in his strongest state, he still tried to touch the sword hilt of the Demon Emperor Sword.

During the process of approaching, the black aura on the Demon Emperor Sword was like a snake that coiled around Long Chen's arm. Long Chen did not feel any malice from it.

"It looks like Zhao Qingyun hasn't used a Demon Emperor Sword for five years. This Demon Emperor Sword must be feeling lonely, so after I passed its test and obtained its acknowledgement, it was able to feel such excitement."

His palm suddenly accelerated, Long Chen used his Innate Qi to protect his palm, and then directly covered the Demon Emperor Sword's hilt. In that moment, Long Chen only felt a cold sensation on one side, without any hesitation, in the next moment, Long Chen used all of his strength and directly pulled the Demon Emperor Sword out from the altar!

With a weng sound, the Demon Emperor Sword suddenly came out and was in Long Chen's hands. The current Demon Emperor Sword, was trembling crazily, like a death sentence that had been imprisoned for a long time, and now that it had received a new life, its vibrations also caused Long Chen's palm to vibrate.

Long Chen could feel that the surging black energy of the Demon Emperor Sword was currently surging into his body nonstop. After it had completed a complete cycle in his body, it returned to the Demon Emperor Sword s, and by the time it had returned, the Demon Emperor Sword's energy had already added a brand on Long Chen's body, making it different.

That's right, this Demon Emperor Sword has detected your body's constitution, and is fully qualified to use it, so it can be considered to be truly subordinate to you. Logically speaking, a Heaven Stage Medium divine sword, without a Heavenly Completion Stage's cultivation, it would be very difficult to obtain its acknowledgement, but Brother Chen, you are relatively young, and you have great potential.

Ling Xi said happily. Her eyes were narrowed into two slits now, and she looked genuinely amused.

Long Chen did indeed feel that there was a sense of connection between the Demon Emperor Sword and him. Holding the Demon Emperor Sword in this way, Long Chen could feel any of the pulses on the sword. He could feel the energy flowing through the Demon Emperor Sword's body.

Looking at the black colored sword in his hand, the style of the sword was similar to Ling Xi but the Demon Emperor Sword was vast and vast. Although Ling Xi's sword was also black, it was just like an abandoned rusty iron sword, unable to be compared.

could feel that with this Demon Emperor Sword, his strength would definitely increase by an abnormal amount. The moment she held onto the Demon Emperor Sword, Long Chen was already destined to be a strong warrior in the Canyang Kingdom!

Right at this moment, a stream of information flowed towards Long Chen. A lot of information instantly appeared in Long Chen's mind, and he could vaguely see, within his sea of consciousness, a person seemed to be rapidly waving the sword in his hands, unleashing a series of powerful killing moves. These sword skills clearly appeared before Long Chen's eyes, and Long Chen hurriedly and carefully memorized every single detail of the person's dancing sword, as well as the chants that were going through his mind.

"This is the The way of the Demon Emperor's Sword? It is truly worthy of being a low level Heaven Tier Battle Skill. Unfortunately, it is only a low level Heaven Stage Battle Skill and not a Heaven Stage High Rank Battle Skill. "

When the amount of information disappeared, Long Chen had a rough understanding of the The way of the Demon Emperor's Sword. The The way of the Demon Emperor's Sword had three moves, one of them could not be considered a real The way of the Demon Emperor's Sword, because this move only needed to stir the Demon Emperor Sword's energy, and with her own Innate Qi, she would be able to execute it. Long Chen was able to use it right now, and was even able to play a lot of tricks.

Long Chen was very familiar with the name of this move. This was the Sword Qi of the Evil Emperor. In the past, Lin Zichen relied on her Emperor Sword Qi s to force Long Chen into a dead end. Demon Emperor Sword s and Emperor Sword s were indeed a pair, and even one of the moves felt the same.

As for the other two moves, he would need a large amount of practice to be able to truly use them, all of them were moves that could shock the heavens and shock the earth! If Long Chen could succeed in learning them, his strength would definitely increase by a level.

"This is the The way of the Demon Emperor's Sword? "It's nothing special, it's just mine." Ling Xi looked at it and rolled her eyes, but she had to admit, this was a sword skill that was most suitable for Long Chen.

He was already very satisfied that he was able to obtain a heaven-ranked attack from the Canyang Kingdom. The current him had the three Heaven Tier Battle Skill s, attack, movement technique and divine ability, as well as the various super heaven-defying abilities of the Primordial Blood Spirit Dragon. He also had the Spirit Devouring Demon Pupil that Li Xuanji had passed on to him.

In terms of combat skills, body tempering, defense, and life combat technique could only be found, so Long Chen did not think too much about it. He believed that once he gained enough power, he would have everything.

Feeling the strong power of the Demon Emperor Sword in her hand, the corner of Long Chen's mouth revealed a faint smile.

"Lin Zichen, royalty, it's time for me, Long Chen, to return to the Biyang Royal City and give you the greatest surprise," A raging hatred started to rise in Long Chen's heart.

Now that he was still in this strange world known as the Demon Emperor Sword, Long Chen received a message that if he used the Demon Emperor Sword to split open this space, he would be able to leave with Murong Yu.

"Xiao Xi, let's go out. As long as I succeed in training the The way of the Demon Emperor's Sword, we will immediately return to the Biyang Royal City! The Nine Celestial Spirit Fruit, I will definitely steal it for you! " Long Chen said with full of confidence.

"Yes, Brother Chen is the best, Xiao Xi believes in you." Ling Xi also laughed, but in her heart, that layer of worry was getting heavier and heavier.

"If the Brother Chen knew that I had recovered my physical body, this would mean that we were about to separate. Would he still risk his life to look for the imperial family, for the Nine Celestial Spirit Fruit?"

Ling Xi's mind was in a mess.

Right at this moment, Ling Xi suddenly heard a miserable scream, which caused her to wake up from her deep thoughts. Of course, Long Chen had also heard it, and the one who cried out in pain was Murong Yu. Long Chen was shocked, and hurriedly put away her Demon Emperor Sword, and without saying a word, she rushed to Murong Yu's side.

Murong Yu curled up as cold sweat continuously poured out of her body, soaking her clothes. Her face was incomparably pale, and it was obvious that she was enduring the pain with all her might, but the enormous pain still caused her to let out suppressed screams of pain.)))))

Seeing this girl suddenly roll at his feet, Long Chen was shocked, and hurriedly asked: "What happened? Murong Yu, what exactly happened to you! "

Responding to Murong Yu's screams caused Long Chen to panic. He wanted to help Murong Yu up, but was pushed away. Her actions would only deepen Murong Yu's pain.

"How could this be?" Long Chen's throat felt a little dry. He had a feeling that Murong Yu acted this way because of him!

"Brother Chen, let me take a look!" It was at this time that Ling Xi came out from the sword. Seeing Long Chen's pitiful appearance, she could not hide it, and hid it well, for she was closer to Murong Yu, and also seemed to be a little reluctant on Long Chen, which made Ling Xi a little uncomfortable, but she had to admit that Murong Yu had indeed helped her a lot, especially that time, because if Murong Yu did not exist, Dongfang Xuanxiao was dead for sure!

After looking at Murong Yu for a long time, she used her soul's power to inspect Murong Yu's body, and instantly discovered a strange place. Her face immediately revealed an angry expression, and she said: "It's actually a Xuanyin's cup, who's so vicious, to actually use a Xuanyin's cup on her!"

"Xuanyin's cup? Little Xi, what can you do? Quickly save her! " Long Chen also did not know what a Xuanyin's cup was, so at this time, he could only place his hopes on Ling Xi.

"Xuanyin's cup is controlled by an ancient incantation. This incantation is actually the power of soul fluctuations. Let me see if I can simulate this incantation and lure the Xuanyin's cup out." After he finished speaking, Ling Xi's tiny body quickly approached Murong Yu's left chest, which was where his heart was.

Long Chen quickly guessed that the reason why Murong Yu was in such pain was most likely because of the so called Xuanyin's cup, which was currently biting Murong Yu's heart!

Tens of thousands of bugs were devouring his heart. This method was truly vicious!

Chapter 393 - Return

It could be said that Murong Yu was the savior of Long Chen's foster father, and was practically her savior as well. Although she did not have such deep feelings for Ling Xi, in Long Chen's heart, no matter how cold and indifferent Murong Yu's attitude was towards him, he still treated Murong Yu as a good friend of his.

Long Chen's attitude towards his friends had always been like a drop of water, a principle of returning kindness with gratitude. Right now, Murong Yu was actually being tormented like this by someone else. Long Chen's eyes instantly turned blood-red, he tightly clenched his fists, and his breathing became heavy. At this moment, looking at Murong Yu's painful face, he had already secretly vowed in his heart, if Murong Yu died like this, he would definitely let Three Great Demons accompany her in death!

This thing was obviously done by the Three Great Demons!

"Xiao Xi, how was it?" Long Chen asked anxiously.

Ling Xi did not reply, she was concentrating on casting the technique, her small face was filled with a serious expression. Long Chen did not dare to ask too many questions, he could only watch as Ling Xi and her dried up expression.

Finally, a relaxed expression appeared on Ling Xi's face. As if she had seen the light of hope, Long Chen hurriedly asked, "Little Xi?"

"I did it, but don't say anything Brother Chen, don't scare that Xuanyin's cup." Ling Xi immediately assured Long Chen and concentrated on controlling the Xuanyin's cup.

When Ling Xi said these words, Murong Yu's convulsing body had stopped, it seemed like the Xuanyin's cup had stopped biting her heart, she stopped screaming, but her face was still extremely pale, covered in cold sweat, looking as though she wanted to cry.

Of course, Long Chen could only see parts of her that were above her eyes. Under her eyes, everything was covered by Murong Yu's veil.

Long Chen could now be considered to be out of danger. The Xuanyin's cup had only bitten for a short period of time, as long as it came out, and then ingested a top-grade spirit medicine to refine, the bit that was bitten should still grow back.

Long Chen watched nervously as Ling Xi slowly moved her body from her left chest to her throat. When she finally reached the throat, Ling Xi took a deep breath, not relaxing in the slightest.

At this time, a pitch black bug actually slowly crawled out of Murong Yu's mouth. Such a big bug actually existed in her body, Long Chen felt a chill down her spine when she saw it, following that, she felt endless rage in his heart. To actually use such a method to deal with Murong Yu, Three Great Demons, was really damnable, Long Chen had never seen someone treat her own disciple like this before!

A strong killing intent once again emerged in Long Chen's heart towards the Three Great Demons!

When the insect crawled out, a Sword Qi immediately burst out from Ling Xi's tiny hands, piercing straight through the insect, Long Chen immediately took out the insect and placed it at her feet, fiercely turning it into minced meat.

"Son of a b * tch, what a disgusting damn thing!"

After completely disposing of the Xuanyin's cup, Long Chen helped Murong Yu up. The real Murong Yu, was only vaguely conscious, and Long Chen hurriedly took out a lot of spirit medicine from his Cosmos Sack. There were actually a lot of spirit medicine he had collected from the Demonic Palace s, including Bai Lian Xin.

"You once used the White Lotus Heart to save my, Long Chen's, life. Today, I, Long Chen, will use this White Lotus Heart to save your, Murong Yu's, life. Try to refine it as much as possible." Long Chen whispered into his ear.

After that, he crushed the White Lotus Heart and placed it in Murong Yu's mouth. The White Lotus Heart turned into a clear stream, and began to repair the wounds on Murong Yu's body that had been bitten. The heart was a very weak place on the body, so it would take a lot of time for Murong Yu's remaining weak consciousness to refine it.

When she saw Murong Yu lying in Long Chen's embrace, Ling Xi pouted her lips and she was somewhat unhappy in her heart. However, thinking back to how Murong Yu was basically unconscious and heavily injured, she did not continue to care about it and pouted, thinking of Three Great Demons and grumbled: "Those three old fellows are really not good people. To actually use such malicious things like Xuanyin's cup on their own disciples, they ought to have planted this Xuanyin's cup on Murong Yu a long time ago."

"Xiao Xi, Xuanyin's cup, what exactly are they?" Long Chen suppressed the anger in his heart and asked.

"This is a type of poisonous insect, it is raised by humans. Some people are able to hypnotize and then control the Xuanyin's cup through special methods passed down by their ancestors. My guess is that someone in the Three Great Demons will plant the Xuanyin's cup into Murong Yu's body and order him to complete the mission of capturing or killing you. If she doesn't complete it, the Xuanyin's cup will flare up. Murong Yu was very cold to you before because of this. If she didn't kill you, she would have died. "

Ling Xi looked at Murong Yu with some pity. Indeed, from her perspective, she was feeling really pained and pitiful. Even Ling Xi had discovered that she was starting to feel sorry for this girl.

"She's really pitiful, having a master like that ..."

"This time, if it weren't for you, she would probably have died from endless torture." Long Chen gritted his teeth and said these words. When he thought of Three Great Demons's repulsive face, Long Chen's heart was filled with killing intent, and this killing intent was increasing exponentially.

"It's a good thing that I'm fine. Otherwise, it would really be too pitiful of me," Ling Xi said as he shook his head.

At this time, Murong Yu had already started to refine the medicinal power of the White Lotus Heart.

In this space, as long as the Demon Emperor Sword s cut the space, one could leave. However, Long Chen was not in a hurry to leave, Murong Yu's injuries were still severe.

"The last time I went to Three Devils City, her attitude towards me had already changed. I reckon that by that time, she would have already been planted into this Xuanyin's cup. It's all my fault. She helped me, but I didn't think of protecting her."

"Brother Chen, you're blaming yourself too. No one would have thought that there would be a poisonous insect like the Xuanyin's cup here. And luckily, she's fine. " Ling Xi consoled.

He could tell that Murong Yu's injuries were improving, and when she truly woke up and saw Ling Xi's words, she would have to explain a lot, thus Ling Xi returned to Ling Xi's sword. While Long Chen was waiting, he started to study the The way of the Demon Emperor's Sword.

Previously, his strongest offensive skill was the green dragon halberd. Recently, it was also because he had learned the afterimage sword that Ling Xi taught him. However, Long Chen knew that if he used just the afterimage sword s, he would not be able to take care of the people from Biyang Royal City.

Therefore, he needed to study the The way of the Demon Emperor's Sword as soon as possible.

Time slowly passed. Other than the Demon Emperor Sword, another scene played out. At this time, from the time Long Chen and the others had entered the Demon Emperor Sword, about six hours had already passed, and it was basically half a day's worth of time. Logically speaking, a total of two battles did not even require that long.

At this moment, he was sitting in the seat of honor, calmly looking at the black stone. If the stone exploded, the result would be revealed. However, what made him depressed was that the stone did not explode.

Zhao Qingyun could wait, but the other disciples were obviously impatient, so they started to discuss.

"Another two hours have passed. Everyone, tell us what exactly happened? The victor should have been decided, right? "

"I don't know. It's not like we know what's going on inside, but six hours is too long. Could it be that both of them have met with mishaps?"

"Impossible, Senior Sister Murong is a profound practitioner, how could there be an accident? If there is an accident, it would also be that Long Chen. My guess is that Senior Sister Murong has already obtained the Demon Emperor Sword! "

"Of course! that was the level of the Three Great Demons s! "A super genius!"

Hearing these words, Three Great Demons's heart was still satisfied, but the result was still not known, so they still felt a lot of pressure.

"Big brother, what's the situation you're in? Logically, with our guidance, Xiao Yu should be able to clear the first stage, at least not in two hours. And to defeat Long Chen, it should be even easier for her, right? "

"I don't know either. If we wait any longer, there must be some link, and something unexpected happened!" The Great moxibustion frowned deeply.

"Big brother, do you think that Xuanyin's cup could have any effect?" At this time, the Erythropoda who was the wife asked nervously.

"Although Xiao Yu is a little interested in Long Chen, she cannot joke around with the survival of her family. Furthermore, she knows very well what a Xuanyin's cup is, so you have to believe her, second sister." The Great moxibustion said with confidence.

"But, what if Long Chen is stronger than Xiao Yu?" Erythropoda was still a little uneasy. After all, Murong Yu could be considered to be working hard for her.

"Second sister, you're thinking too much, aren't you? ninth level of the Milky Way Realm, what you mean is that the little guy already has the strength to fight against us?" Triplex mocked.

"Let's not talk about it anymore. Once the results are out, everything will be clear." The Great moxibustion said indifferently.

As such, while everyone was waiting more and more anxiously, time passed bit by bit. Seeing that noon had passed, Long Chen and Murong Yu still had not appeared, and everyone was already impatient, Three Great Demons also tightly furrowed his brows. At this time, the Great moxibustion finally asked Zhao Qingyun, "Asgard Master, why haven't you come out yet, has something happened?"

Zhao Qingyun actually didn't know either. He helplessly shook her head and said, "We can only continue to wait. If you can't wait, then go back."

As he said this, the black rock in front of him suddenly exploded!

Chapter 394 - Stepping on the Triplex

When everyone was about to lose their patience, the black boulder in front of them exploded, sending rubble flying everywhere. The flying rubble had a lot of strength, so if they were hit in the head, they would definitely be severely injured.

The result was finally going to be revealed. Zhao Qingyun was overjoyed in her heart, and with a wave of his sleeve, an enormous force immediately swept forth, causing a violent gust of wind to blow away all the flying rocks. And the figure that appeared from the shattered rocks was also revealed at this moment.

Everyone wiped their eyes and looked, and it was indeed Long Chen and Murong Yu. Everyone was concerned about the outcome, but the situation before their eyes made them vomit blood, because Long Chen was holding onto Murong Yu's waist, and appeared in front of everyone.

"Dammit, he actually dared to hug Senior Sister Murong, Long Chen, quickly let him go!"

"Yes, you truly are a toad that wants to eat swan meat. Long Chen, you are worthy to be hugging Senior Sister Murong!"

All of a sudden, all of the disciples threw the result of the Demon Emperor Sword competition far away and paid attention to this issue.

Especially the Three Great Demons, they knew that in this competition for the Demon Emperor Sword, between Long Chen and Murong Yu, one would definitely die. If Murong Yu did not kill Long Chen in the end, she would die under the bite of the Xuanyin's cup, but why were both of them still alive and well?

Three Great Demons was stunned.

At this time, when Long Chen saw that everyone was discussing about him holding Murong Yu, and that he could barely stand firm, Long Chen finally let go of her and let her stand on her own. If it was in any other situation, Long Chen would probably take advantage of her a few more times, but after spending so much time with Ling Xi, he only thought of Ling Xi.

Furthermore, when Long Chen saw Three Great Demons, the killing intent in his heart grew even stronger. He stood in front of Murong Yu and stared straight at him.

It was only until now did everyone finally see Long Chen's other hand taking out a divine sword brimming with demonic energy. It was the treasure of the Demonic Palace, the Heaven Ranked Divine Weapon, Demon Emperor Sword!

The Demon Emperor Sword was actually obtained by Long Chen?

However, to them, it was simply unbelievable. In their eyes, Murong Yu was already an expert of the Three Great Demons level, and according to the rumors, Long Chen had killed Yang Danfeng, but he was not powerful enough to defeat the Three Great Demons level, right?

All of a sudden, everyone looked at the Demon Emperor Sword in Long Chen's hands with greedy eyes, and swallowed a mouthful of saliva, as they started to discuss with each other.

"Am I seeing things? Did Long Chen really get the Demon Emperor Sword?"

"If you saw wrongly, perhaps we were all wrong, but the Demon Emperor Sword is indeed in his hands, and her eyes are a little tired, her face pale, obviously injured."

"An animal killed by the heavens, how dare you harm my Senior Sister Murong, watch me!"

"What can you do? He's the young super elite of our Demonic Palace."

Hearing the emotional voices of the crowd, Three Great Demons felt extremely uncomfortable inside. They looked at each other in dismay, and their expressions were all filled with disbelief, and they directly took out the Ice Soul, and gave it to Murong Yu. They even told him everything within the Demon Emperor Sword, just so that Murong Yu could obtain the Demon Emperor Sword.

Could it be that everything was done by Long Chen?

"Big brother? How could it be like this! " Triplex's eyes were bloodshot, his breathing was getting heavier and heavier, he really couldn't understand, how could the result be so unexpected?

The Great moxibustion did not speak because he could feel that the eyes Long Chen was looking at them with were actually filled with killing intent. Just when the Great moxibustion was on guard, Long Chen's Demon Emperor Sword suddenly raised up and pointed straight at the Three Great Demons with eyes that were slow, coldness and provocation.

"You three, do you need me, Long Chen, to tell you all the shameful things you have done?" Long Chen's cold voice reverberated in the air. Everyone was still discussing, but seeing that Long Chen was actually pointing his sword at the Three Great Demons, they were completely shocked, and all nervously watching.

Zhao Qingyun was originally still full of smiles, but at this moment, her expression also quieted down. Zhao Qingyun undoubtedly believed in Long Chen even more, and seeing Long Chen suddenly acting like this, she definitely had her own reason.

"Brat, what do you mean by this!" In this kind of situation, Long Chen actually ignored his inferiority complex and directly pointed the sword at him, which made Triplex feel like he had suffered a great humiliation. He stood up with a whoop, looked at Long Chen gloomily, and said: "Brat, let go of the Demon Emperor Sword in your hands! Don't think that just because you have the Demon Emperor Sword in your hands that the Demon Emperor Sword is yours. Moreover, you dare to show your might to our Three Great Demons, do you know who you are? "

"Three Great Demons? What is this? "In my opinion, they are even worse than beasts." Long Chen did not have any intention of retreating, and laughed sarcastically.

"What did you say!" Triplex was so angry that his beard was sticking up, at this moment he suddenly turned around and spoke to Zhao Qingyun coldly: "Mistress, Long Chen has disrespected elders, and insulted the three of us, you need an explanation from us Three Great Demons today, the three of us have been managing the affairs of Demonic Palace for tens of years, but today, we have been humiliated by a junior. If we do not punish him severely, then it will cause the disciples to shiver in their hearts, and be ridiculed by outsiders!"

Zhao Qingyun had yet to speak when she suddenly rushed towards the Triplex at this time. She shouted, "Old dog, there's no need to pressure my Master, if you have the guts, you can directly receive my attack!"

Long Chen's sudden action was out of everyone's expectations. No one would have thought that Long Chen would actually dare to attack one of the Three Great Demons whose status was only below Demonic Palace Lord at this time!

The Demon Emperor Sword was definitely a terrifying weapon, with just a wave from Long Chen, Triplex's heart tensed up, he immediately turned around with a face full of rage. Long Chen was the first to make a move, even if Three Great Demons made a move and injured Long Chen, he would have nothing to say, and upon thinking about this, the Triplex immediately rushed towards Long Chen, all of the True Qi in his body condensing towards his right fist!

Triplex suddenly erupted, he roared, and with a punch in his hand, the entire ground shook from the attack!

"Heavenly Demon Movement Earth Fist Art!"

The air exploded, and a black fist imprint suddenly appeared, instantly appearing in front of Long Chen. The ferocious attack, in everyone's eyes, easily tore Long Chen into two halves!

"An insignificant skill!" Long Chen sneered, and the Demon Emperor Sword in his hands suddenly slashed forward, and suddenly a pitch black Sword Qi rushed forward crazily, instantly charging towards Triplex's attack. The terrifying Sword Qi, was not one bit inferior to Lin Zichen's Emperor Sword Qi, this black Sword Qi, instantly cleaved Triplex's attack into two, and was even rushing towards Triplex!

"Magic shield!"

Triplex was shocked. At the critical moment, both his fists turned into palms, spinning crazily in front of his eyes, they finally condensed into a pitch black shield that barely blocked Long Chen's Sword Qi of the Evil Emperor. However, that vast attack directly forced Triplex to take a few steps back!

Wow!

At this moment, everyone found it hard to believe their eyes, and they began to exclaim in admiration!

Hearing such a voice, Triplex was so angry that he almost exploded, but he had still underestimated Long Chen. After the first Sword Qi of the Evil Emperor failed, Long Chen rushed forward and slashed another Sword Qi of the Evil Emperor out crazily, in front of everyone's glazed eyes, the Sword Qi of the Evil Emperor shattered Triplex's shield and directly sent him flying!

Puff!

The huge impact caused Triplex to cough out a mouthful of blood in the air, and then, his entire body tumbled to the ground like a rubber ball. That pathetic state of his caused everyone's minds to go blank, as they could not believe what they had seen just now was real.

"How could this be?"

"Oh my god, are my eyes playing tricks on me!"

"Triplex of the ninth level of the Milky Way Realm are actually not able to withstand a single blow from his sword!" The crowd was shocked.

And what just shocked them was, Long Chen actually rushed over without saying a word, and stepped on Triplex's face, causing the Demon Emperor Sword to instantly rest on his neck, and was about to chop off Triplex's head right in front of his eyes!

"Chen Er, stop!" At this time, Zhao Qingyun's indifferent voice sounded beside Long Chen's ears.

Long Chen stopped at the right time, he knew that now was not the time to kill Three Great Demons, and was only trying to scare him, to vent out the anger in his heart. Indeed, looking at Triplex who was about to die, he was so scared that he almost lost control of himself. He had already regretted it millions of times in his heart, but he wasn't really sure what exactly he was regretting in his heart.

At this time, the Great moxibustion and the Erythropoda had already arrived in front of Long Chen. If Long Chen made a move, their attacks would land on his body without hesitation. After Zhao Qingyun stopped Long Chen, the two moxibustions were finally relieved.

When everyone saw this scene, they looked at each other, their faces completely dazed. No matter how imaginative they were, they would never have imagined that there would be a day like this in Triplex.

At this time, Long Chen was stepping on top of the Triplex, facing off against the Great moxibustion, while Zhao Qingyun was standing beside him. Long Chen knew, no matter what Long Chen did, he would always protect Zhao Qingyun.

Long Chen had a lot of killing intent towards the Three Great Demons, but this place was not suitable for him to kill them. Furthermore, what they said was not wrong, the Three Great Demons was the pillar of the Demonic Palace, if Long Chen were to kill them, it would increase the burden on Zhao Qingyun.

Chapter 395 - Justice in the Heart

Amidst the spectators' attention, Long Chen was actually confronting Three Great Demons, and he was stepping on Triplex!

After doing such a shocking action, Long Chen did not have the slightest trace of fear. At this moment, he raised his head, and looked at the two other moxibustions with a stern look, and did not have any intention of retreating at all. Under his feet, Triplex was currently struggling with all his might, but because Long Chen had guessed too clearly, his face was completely worn out and he did not even manage to struggle out from under Long Chen's feet.

"Chen Er, let go of my foot first." At this time, Zhao Qingyun acted as the peacemaker. He did not give face to anyone to Long Chen, but he still had to give face to Zhao Qingyun. Only then did he let go of his feet.

Zhao Qingyun was secretly pleased, but she pretended to be regretful as she helped Triplex up. Triplex was already injured, but he had suffered such a great humiliation, how could he be willing? When he had just crawled back up, he was just about to shout and kill Long Chen, but when Zhao Qingyun went to help him, to the others, it looked like it was just helping him. In reality, it restricted Triplex's movement and pushed him towards the other two moxibustion s.

"Let me go!" Triplex's eyes were bloodshot after he was captured by the Great moxibustion. His face and body were covered in mud and he looked at Long Chen with eyes that wished he could skin him alive.

"Calm down, don't embarrass me again!" Although the Great moxibustion looked to be even older, his strength was not weak at all. His cold voice sounded in the Triplex's ears, causing the Triplex's brain to turn. With the restriction of the other two moxibustion, no matter how angry he was, he had no choice but to suppress it.

At this time, the eyes of the Great moxibustion was looking at Zhao Qingyun. He needed Zhao Qingyun to give him an explanation.

"Long Chen, tell us what happened. If you can't explain it, even if you are my direct disciple, you will be punished." Zhao Qingyun feigned a cold tone.

Long Chen knew that this was to give an explanation to the people of the Great moxibustion and all the other Demonic Palace s. Zhao Qingyun had absolutely no ill intentions towards him.

With Zhao Qingyun's question, it was natural for Long Chen to tell him about Murong Yu. Long Chen smiled coldly at the Three Great Demons, and then, in the midst of everyone's gazes, he arrived in front of Murong Yu. At this moment, Murong Yu was lowering her head, and she was currently panicking in her heart, not daring to say anything.

"Everyone, do you know what a Xuanyin's cup is?" Long Chen stood by Murong Yu's side, looked at Murong Yu somewhat pitifully, and then, raised his head and spoke in a clear voice.

When the three words "Xuanyin's cup" came out, Three Great Demons's expression changed. In the end, the Great moxibustion was still calm and was the first to react, avoiding the panic of the other two Great moxibustion s.

"Xuanyin's cup?" Zhao Qingyun glanced at Erythropoda, he knew that Erythropoda was good at playing with these poisonous bugs.

The elders who were familiar with the Erythropoda all glanced at the Erythropoda. Although the Xuanyin's cup are rare, among the Demonic Palace, there are still some who are famous, and at this time, among the people, Long Chen said as he said this, there were already a few who nodded their heads: "I know that the Xuanyin's cup is a kind of poisonous insect, it is raised by humans, some people possess a spell passed down by their ancestors, they can control the Xuanyin's cup, they can control others, and if they do not have a place of their own, the Xuanyin's cup will attack, bite that person's heart, until it is completely devoured. Among the Demonic Palace, are the famous poisonous insects experts, but Long Chen, what do you want to do?"

This elder was clearly a member of the Zhao Qingyun bloodline, so when Long Chen asked this question, he vaguely guessed something. Not only did this elder recount in detail how terrifying the Xuanyin's cup was, he even directly said that the Erythropoda was good at rearing poisonous bugs.

Long Chen was ecstatic. This guy was too smart, with his explanation, Long Chen could save a lot of time.

Thus, Long Chen looked around, then looked at the Three Great Demons, and said with a cold smile: "Earlier, I attacked them because I was extremely angry. If everyone had heard the reason behind my actions, I'm afraid it wouldn't have been strange at all!"

When he was speaking normally, Murong Yu grabbed Long Chen's arm. Long Chen was startled, he knew that Murong Yu wanted to tell him not to say it, but Murong Yu was willing to be tortured like that, and Long Chen was not so easy to bully, he continued to speak as if he did not see anything: "In the space of the Demon Emperor Sword, I defeated Murong Yu and obtained the Demon Emperor Sword, but saw Murong Yu lying on the ground, suffering from the pain of the Xuanyin's cup's heart, if I did not save him, you would not be able to see the current Murong Yu. Because we helped her heal her wounds, we stayed in there for such a long time! "

Everyone, the Erythropoda raises poisonous bugs while Murong Yu is raised by Xuanyin's cup. What's wrong with that, everyone thought for a bit and understood, to actually use such a poisonous bug to deal with their own disciples. Everyone, you all think that such a heartless person should not be killed!

Long Chen's words caused a huge commotion amongst the crowd, and everyone looked at Three Great Demons in disbelief, unable to believe that such a thing was actually done by Three Great Demons.

"Yeah, no wonder they came out so late. This is the only explanation."

"However, Three Great Demons has been working diligently for Demonic Palace for many years, how could he possibly do such a thing?"

Discussions instantly broke out.

"Everyone, Long Chen's words are ridiculous, and there are no regulations at all. What is his motive for saying that we set a Xuanyin's cup down for Xiao Yu? Are we idiots? Are we to torture ourselves to death the disciples that we painstakingly nurtured? " At this time, the Great moxibustion calmed his emotions and asked coldly.

What he said made sense. Why did Long Chen win and why did they want him dead?

The scales of the masses leaned towards the Three Great Demons. In their eyes, what Long Chen had said just now sounded more and more like nonsense.

Long Chen had already known that they would do something like this. He smiled and said: "Everyone, you probably don't know the other thing, and that is, how did Yang Danfeng die?!"

Long Chen actually mentioned this matter, causing Three Great Demons's face to instantly change.

However, Long Chen would never stop because of the change in their expressions. He continued: "At that time, when I left the fire generating meridian, I consecutively seized the first or second stage of the Great Mantra of Dao-heart Seed, and the disciples of the Three Great Demons did not obtain anything. Thus, they were afraid of me, jealous and even resentful.

Long Chen paused for a moment, then continued: "It was Murong Yu who told me in advance, letting me know of his scheme, that allowed me to rush to the scene and kill the hibernating Yang Danfeng. Everyone, do you know why Yang Danfeng mysteriously disappeared and died by my hands? That's because they have a guilty conscience! "

Long Chen's words once again gave rise to a huge uproar within the crowd. The image of the Three Great Demons in their hearts, continued to become ugly. However, looking at Three Great Demons's increasingly smelly face, Long Chen did not show any mercy and continued: "In the end, let me be straightforward. Regardless of whether everyone believes it or not, Murong Yu and I can be considered

as good friends, right? If Murong Yu didn't kill me, she would have been bitten to death, but they didn't expect that I would actually be able to beat the of ninth level of the Milky Way Realm! "

As a result, all of the motives that the Triplex had mentioned before were explained. Obviously, killing Long Chen was the Three Great Demons's motive. Long Chen had said so many things, if they were fabricated, it would not be so complete. If he could even make up such a complete story, it could only mean that Long Chen's imagination was simply too good.

Everyone looked at Three Great Demons in disbelief, including the elders and the protectors. In their eyes, Three Great Demons had always been a righteous and impartial man, dedicated his entire life to the best of his abilities, and only for the sake of the Demonic Palace. Who would have thought that he would be so heartless, lowly person?

To the point of even ruthlessly exterminating his own disciple?

In everyone's hearts, the prestige of Triplex plummeted.

Among them, Erythropoda and the Triplex were exposed, but were rendered speechless by Long Chen. On the other hand, the Great moxibustion's expression was still rather calm, he sized Long Chen up, and in the eyes of the crowd, he said lightly: "Long Chen, right? "Your imagination is not bad. It is so seamless that even I have to admire you, but you are still too young. Even if you were to lie, it would be difficult for you to take into account everything."

"How are you going to argue?" Long Chen said.

Long Chen, let me ask you a question. Since you know that the Xuanyin's cup is controlled by a specialized expert using an ancestral spell, how did you save Xiao Yu when she was suffering from the pain of being bitten? Do you know how to raise poisonous bugs too? "

Long Chen had forgotten about this matter. The Great moxibustion was very smart, even this point could be found out for Long Chen, but Long Chen was unable to reply. Ling Xi's existence was a secret to him, it was not good for him to speak of it in front of everyone.

Everyone has their own secrets. The Great moxibustion can't just think that I'm lying just because I'm not willing to reveal my secrets, right? "

"Justice is in the heart of the people. Are you lying? I believe everyone is well aware. Xiao Yu, what are you still doing over there? Come with us!" At this time, the Great Moxibustion had finally gotten back at them, and immediately pressured Murong Yu. Today, Long Chen was approaching in full fury, and the three of them were not well-prepared, making it difficult to resist.

Chapter 396 - Vast Expanse of the Way Ahead

Even if they didn't torture his body physically, there would probably be quite a bit of torture in his heart. Long Chen stood in front of him right now, blocking his way, and said coldly: "Go back with you? Was he being planted with a Xuanyin's cup when he went back? The Xuanyin's cup is a terrifying thing, if the people from Demonic Palace were to plant your Xuanyin's cup, wouldn't that mean the Demonic Palace is too big? "

Long Chen's sharp words raised the issue of the Xuanyin's cup all the way to the rule of the Demonic Palace in an instant. When everyone heard it, they were shocked, and all of them thought of that scene, causing them to feel a chill down their spines. It was extremely troublesome to control the Xuanyin's cup, and the Three Great Demons probably did not have many of them.

Who would be willing to have a bug in their body ready to torture them to death at any time?

As for whether what Long Chen said was true or false, there were a few who did not believe it. They were loyal followers of the Three Great Demons, and Long Chen had not told them how he killed the Xuanyin's cup yet.

Zhao Qingyun looked at Long Chen somewhat helplessly.

"This brat is just like a wild horse today. No matter what, I cannot pull him back. After he caused a ruckus today, it seems that I will not be able to stop myself from now on."

It was because Zhao Qingyun was lazy that she handed over the authority of the Demonic Palace to the Three Great Demons, and now, the prestige of the Three Great Demons had been severely shaken up by Long Chen. In the future, if she wanted to command the Demonic Palace, he might as well do it with her heart and mind, and Zhao Qingyun would have to put in even more effort to take care of it.

"Xiao Yu, don't be tricked by Long Chen anymore. Come with me to the Three Devils City. Master will treat your injuries properly." Erythropoda responded as he looked at Murong Yu benevolently.

Murong Yu still had her head lowered. On one hand, it was her own master and on the other hand, Long Chen, she really didn't know how to choose. If it was in the past, she would have definitely chosen Erythropoda, but after Erythropoda planted Xuanyin's cup, it would have been different.

Long Chen looked at her and said: "You better not go back, and calm down for a while. Three Devils City, it won't be too late to go back in the future."

Murong Yu indeed needed a bit of peace. If she went back to the Triplex, she would definitely not be able to enjoy peace. Thus, she gritted her teeth and said, "Master, I want to calm down for a while. I'll come back to the Three Devils City in a while ..."

Long Chen clapped his hands, and said with a smile: "And on my side, there's also the Asgard Mistress. Her injuries are relatively heavy, so Asgard Mistress should be able to give you even better healing medicine, right?"

"Of course." Zhao Qingyun laughed helplessly. Sometimes, Long Chen felt really speechless.

Murong Yu's choice once again proved what Long Chen had said. Everyone understood, and when Three Great Demons saw the questioning eyes, she became angry and turned to leave. This time, they had really lost too much face. was even beaten up ruthlessly by Long Chen, the young disciple!

To Three Great Demons, this was a huge blow.

After the Three Great Demons left, Zhao Qingyun said to the rest of the people: "What happened today, everyone better not discuss it, just disperse. Everyone has done something wrong, everyone don't blame them.

Zhao Qingyun said and laughed.

The Three Great Demons had never given Zhao Qingyun face, but this time, Long Chen gave them a huge slap, it was truly satisfying for Zhao Qingyun. Most importantly, Long Chen was his son, now that Long Chen had defeated Yang Danfeng, and defeated Murong Yu, and even used two moves to stomp Triplex beneath his feet, would anyone say that Zhao Qingyun did not know how to teach disciples?

After everyone had left, Zhao Qingyun looked at Long Chen and Murong Yu. He shook her head and said: "Long Chen, you are forcing me to fall out with Three Great Demons, truthfully speaking, they did indeed contribute a lot to Demonic Palace. Without them, Demonic Palace would have been in complete chaos today.

"Understood, Master." Long Chen smiled faintly. In fact, he knew clearly in his heart that the Three Great Demons had been spoiled by Zhao Qingyun, so he wanted them to restrain it a little. Humans had a lot of guts the more they got used to it, the more the Three Great Demons felt the urge to explode.

Zhao Qingyun then turned and looked at Murong Yu, and said with some pity: "Xiao Yu, it's been hard on you this time, so you should stay at the Greencloud Restaurant for now. I can see that your heart is still injured, and you have not fully recovered.

"Xiao Yu thanks the palace master." Murong Yu nodded and whispered.

Honestly speaking, she did have hatred towards the Three Great Demons in her heart, which was why she stayed by Long Chen's side and indirectly admitted to Three Great Demons's evil deeds. However, she was still someone who had nurtured her, so she felt extremely uncomfortable in her heart.

At this time, Zhao Qingyun's gaze shifted to the Demon Emperor Sword in Long Chen's hands. He stroked her long beard and continuously nodded her head: "Not bad, extremely not bad. It seems like I have found a suitable master for him! "

Zhao Qingyun's eyes were full of praise.

"Of course, do you know who I, Long Chen am?" Long Chen had finally completed all of his goals and was feeling a little proud in his heart.

"What are we going to do next?" Zhao Qingyun suddenly asked.

Three months had already passed, and the things that needed to be completed had already been completed. Zhao Qingyun knew that it was time to separate now.

"Let's wait until I've succeeded in learning the The way of the Demon Emperor's Sword." Long Chen thought about it and said.

However, Long Chen and Zhao Qingyun both knew in their hearts that the Demonic Palace was only one of Long Chen's stations. He was just like a Roc that had been kicked into the air, and would definitely not stay in this place for long.

Following that, Long Chen returned to the Greencloud Restaurant in the midst of tens of thousands of anticipation. He did not say anything, and chose to quietly cultivate, while Murong Yu stayed in the room beside him and began to meditate.

Basically, everyone knew about the ugly face of the Three Great Demons, and Long Chen's heaven-defying nature was deeply engraved in everyone's minds. No one had thought that the brat who was initially in Demon Palace's 4th level of the Milky Way Realm would grow to such an extent in just three short months.

This process was not difficult, but it was definitely not easy either.

Time slowly passed by, and Long Chen's cultivation of the The way of the Demon Emperor's Sword had improved greatly. His perception had already surpassed others, and with Ling Xi's assistance in the way of the sword, the number one ranked The way of the Demon Emperor's Sword in the Demonic Palace was being devoured by Long Chen at a speed visible to the naked eye. With the constant practice, Long Chen estimated that it would be completely assimilated into his body after a period of time.

During this period of time, the commotion caused by the competition among the Demon Emperor Sword had gradually faded, but the reputation of the Three Great Demons had decreased, and there was no way to make up for it. And during this period of time, Zhao Qingyun took the opportunity to take back the matters of the Demonic Palace, and started to formally manage the Demonic Palace, exercising the authority of the Asgard Mistress.

As long as Zhao Qingyun knew, the day Long Chen finished his The way of the Demon Emperor's Sword, was the day he would leave the Demonic Palace.

At this time, Long Chen was cultivating, and the little wolf was researching Great Mantra of Dao-heart Seed not far away. When Long Chen finished the second level, with Long Chen's help, he had already trained to the point where it was almost done, and had also gone through a lot of practice, the results were not bad. The current Little Wolf could basically kill off a normal level of ninth level of the Milky Way Realm, and Long Chen, on the other hand, had Demon Emperor Sword s, so ninth level of the Milky Way Realm was not even enough for him to kill!

The day's training was complete.

Whenever this happened, Ling Xi would come out to take a breather from Ling Xi's sword.

"Xiao Xi, we are about to return to the Biyang Royal City to take our revenge, and you are about to have a body to accompany me and the wolf cub to wander around. Long Chen suddenly felt this.

"Is there?" Ling Xi immediately forced a smile.

Long Chen knew that he definitely would not be mistaken.

"Little Xi, tell me about it. You don't want me to return to the Imperial City because you're afraid that I might get injured or even die because of that? " Long Chen did not know the true reason, and asked while frowning.

"En!" Ling Xi nodded her head. Actually, what she was worried about was not this matter, rather, she believed in Long Chen's ability. It was just that Long Chen did not know that as long as she used Nine Celestial Spirit Fruit s to recover her body, then her family members would be able to sense her existence.

However, Ling Xi truly did not dare to say it, and every time she saw the blazing light in Long Chen's eyes, she would not have the heart to tell him that Long Chen wholeheartedly wanted to use the Nine Celestial Spirit Fruit to help her recover. This was his goal that he had advanced towards since a very long time had passed.

Therefore, although she pretended to be laughing, her heart was in great pain.

"Xiao Xi, what do you take me, Long Chen, to be? I have already passed through so many storms, so how can I be afraid of a small Biyang Royal City? You can rest easy, Nine Celestial Spirit Fruit s, it will definitely be yours. Furthermore, I still have to help you recover your body, so I'll give you a good kiss! "

Long Chen patted his chest, and said full of confidence.

"Then you have to protect yourself well. Even if I'm not by your side, you have to survive no matter what." As Ling Xi said this, her voice suddenly became choked with sobs.

Chapter 397 - Fire Poison Curse

Today, Long Chen was sitting in a pavilion in the center of the courtyard. Having almost finished recuperating, Murong Yu, whose complexion had almost recovered, walked to a place not far from Long Chen and asked: "I heard from Asgard Mistress said that you're leaving?"

"Yes." Long Chen nodded. He would have to leave sooner or later, so he was not worried about others knowing.

"Is it to seek revenge at the Imperial City?" Murong Yu guessed for a moment, and said.

Her guess was extremely accurate. Long Chen laughed: "I believe you are well aware that during the chase, there is a high chance of death for me. Today, I finally have a chance to get back at you.

Murong Yu sat down beside Long Chen. Her face was still covered by her black veil, and even now, Long Chen did not know what she looked like.

"Actually, I'd really like to hear your story, you and that girl." Murong Yu was silent for a moment, then suddenly said.

"Ling Xi?" Long Chen stared blankly for a moment, then laughed: "Actually, she and I have been together for more than a year. After that, my strength slowly increased and I went to the Biyang Royal City, and then when the Ninth Prince took a fancy to her, I killed him, and then we ran all the way here."

Long Chen explained the story to his.

"You are truly too bold. Back then, you only had that little bit of strength, yet you actually dared to go against the imperial clan." Murong Yu was a little impressed.

"Life and death are decided by fate. It's better to be crazy than to give up your woman to someone else." Long Chen said indifferently.

These words made Murong Yu a little dazed. She shook her head and laughed bitterly: "Honestly speaking, I am really envious of that girl called Ling Xi. You pampered her."

Long Chen didn't know how to reply. If he was in his previous state of being in White Yang Town, he would definitely say "I can spoil you too". Now that he thought of Ling Xi, he couldn't say anything.

He laughed dryly.

Murong Yu knew her awkwardness, so she changed the topic and said: "You have taken away the Demon Emperor Sword but are now going to take it away. I think that the Three Great Demons will probably look for trouble with you, the Demon Emperor Sword is the treasure of the Demonic Palace, they won't let you take it away."

"Of the three old fellows, I'll kill one of them. I'll kill two of them." Long Chen said.

His tone was extremely arrogant, but since Long Chen was really able to defeat the Triplex with just two swords, Murong Yu really believed it. After Long Chen had even cultivated the Demon Emperor Sword, it was very possible that in the entire Demonic Palace, other than Zhao Qingyun who had the Heavenly Completion Stage, no one else would be his match.

"Long Chen, for the sake of us being friends, can you promise me one thing?" At this time, Murong Yu said somewhat urgently.

"Go ahead." Long Chen raised his eyebrows.

"Speaking of which, you are going to leave the Demonic Palace anyway. I also know that in your heart, you still have a lot of hatred for the Three Great Demons, and they might come looking for you." Speaking of which, you are going to leave the Demonic Palace anyway, I also know that in your heart, you still have a lot of hatred for the Three Great Demons. Murong Yu asked in a pleading tone.

"Why? They are the ones who will viciously kill you!" Long Chen asked urgently.

"However, they are also people who have raised me. How can I bear to watch them die?" Murong Yu asked.

"Alright, I agree." Long Chen laughed, who said that all the Demonic Palace s were devils? Such a good girl like Murong Yu, how could she be grateful for her kindness and righteousness?

"Thank you very much." Murong Yu's eyes were filled with gratitude.

Long Chen looked at Murong Yu's veil and suddenly said, "Hey, did you say that we're good friends? "Since you are a good friend, you have yet to let me admire your beauty."

Long Chen's sudden question caused Murong Yu to dodge. Under Long Chen's blazing gaze, he lowered his head, hesitated for a moment, then said: "Forget it, I'm really ugly. I'm miles behind your Lady Ling Xi, I'm afraid I'll scare you."

"What?" Long Chen was a little surprised. He looked at the face under Murong Yu's veil, it was a oval face, an elegant nose, and her face was white and clean. Her eyes and forehead were also very pretty, a girl like this should be considered a peerless beauty.

Seeing Long Chen's doubtful expression, Murong Yu thought for a moment and finally said decisively, "Long Chen, do you really want to see how I look like?"

It was as if he had made a difficult decision.

"Brother Chen, you said that you want to see." Right at this moment, Ling Xi reminded him. Long Chen originally thought that Ling Xi would be jealous, but it seemed like there was no such meaning in her words.

"Yes." Show me. " Ling Xi was very knowledgeable. Usually, she would choose to completely trust a reminder like hers that had suddenly popped up.

Seeing Long Chen request this, Murong Yu was helpless. She stood up and said: Let's go to the room first.

Saying that, she took a step forward, with Long Chen following behind. Murong Yu's figure was tall and exquisite, just by looking at her figure, she had already overturned everyone, yet she said that she was ugly, Long Chen did not believe it.

After entering the room, Long Chen closed the door. When he turned around, the veil on Murong Yu's face had already fallen off, and what entered Long Chen's eyes was not the ugly woman, but a rare peerless beauty. She was exactly the same as Long Chen had estimated previously, but this kind of

beauty, in the entire Demonic Palace, had a face as white as jade and eyes that could catch people's eyes, could really be considered to be a goddess.

"Are you sick? Can this even be considered ugly?" Long Chen was a little depressed, when he first saw his appearance, he was still surprised.

Murong Yu laughed helplessly, and said: "From what you see now, there are actually quite a few people who have seen it in Demonic Palace, but, that's why they all think that I am very beautiful, even Yang Danfeng is kept in the dark, but, in truth, this is not my true appearance."

"What do you mean?" Long Chen asked.

"You'll know when you see it." After he finished speaking, Murong Yu extended her slender, pure white fingers and felt around the bottom of his face. Not long after, to Long Chen's shock, she actually pulled out her own skin.

What surprised Long Chen was that the face that appeared was not badly mutilated, but was actually another face. According to what Murong Yu had said before, Long Chen was able to realise that the face Murong Yu had just now, was actually fake!

But this time, the face in front of Long Chen was actually similar to the face before. The only difference was that on the left side of her face, there was a ugly red scar, as if he had been scalded for joy during his childhood. This made her look extremely terrifying.

This time, Long Chen did not know what to say, he felt that it was wrong of him to force the other party to reveal his side, so he apologized.

"Don't mind me. You've never thought that I would actually be so ugly." Murong Yu's expression was somewhat dejected. It could be seen that because of this large red mark, she had been feeling inferior for countless years.

"This should have been burned when you were young, but there are so many medicines in Demonic Palace, I can easily treat it for you right?" Long Chen suddenly thought of this, and asked puzzledly.

"I don't know either. There's only one master who knows that I'm like this. She found a lot of medicine for me and it seems like there's nothing I can do. As a result, I've long accepted my fate," Murong Yu said with a dull expression.

At this moment, Ling Xi's voice suddenly resounded: "Brother Chen, I know that this is a Fire Poison Curse, a restriction that was naturally formed between heaven and earth. She probably accidentally touched it, which was why she was cursed.

It was only then that Long Chen realized that Ling Xi must have felt that she had been struck by the Fire Poison Curse earlier, which was why he told Murong Yu that she had revealed her true appearance. Long Chen immediately asked excitedly: "Xiao Xi, you said that you're an expert of the restrictions, which means, you're able to remove the Fire Poison Curse?"

"Eighty percent sure." Ling Xi said somewhat proudly.

thought for a bit. Murong Yu could already be considered a good friend, so she didn't need to worry about Ling Xi getting found out. She suddenly laughed and said: "I'll show you a super big surprise, do you want it?"

Because of the appearance matter, the atmosphere had originally been somewhat silent, but when Long Chen suddenly said these words, it startled Murong Yu. Before she covered his face with his veil again, he subconsciously nodded.

At this time, the earring on Long Chen's left ear suddenly emitted a burst of white smoke. A small, beautiful person walked out from Ling Xi's sword, and stopped right in front of Murong Yu. The little person slowly raised his head, revealing a devastatingly beautiful face.

"Ah?" Murong Yu was so scared that she retreated two steps.

"Don't be afraid, you two have met before. She is called Ling Xi, you understand." Long Chen smiled as he placed Ling Xi in his palm.

Only then did Murong Yu stabilize her emotions. Looking at Ling Xi who was smiling at her, her heart was filled with questions, and she said in disbelief, "You said that Miss Ling Xi was in a safe place, and it was exactly in your ear? How did she become like this? "

I will help her return to her original appearance, but Murong Yu, let me tell you a piece of good news. My Xiao Xi said that she has an 80% confidence of being able to remove the scar on your face.

"What?" This news, to Murong Yu, was simply too unexpected.

"There's no time to lose, Miss Xiao Yu. Just lie on the bed, I have some research on this subject and I believe that I can succeed with it," Ling Xi said sincerely.

Murong Yu could only nod her head dumbly. She didn't even have time to react before Ling Xi sent her to bed.

Chapter 398 - Giving Canyang Kingdom to you

"The Fire Poison Spell is a variation of the spell. When this spell wraps around your face, even if the medicine restores your face, it will quickly return. If I remove the Fire Poison Spell, everything would be different. With your powerful blood energy, with just that little scar, you'll be able to recover immediately. Then, you'll be a great beauty." Ling Xi flew onto Murong Yu's face and said to her.

"Thank you. Miss Ling Xi." Murong Yu had never been able to react to the sudden pleasant surprise.

"Close your eyes. When you wake up, everything will be different." Ling Xi said in a somewhat compassionate manner. There were no women who did not care about their own appearances, it was likely that Murong Yu had already been troubled by this Fire Poison Curse for many years.

Murong Yu nodded. Her long eyelashes trembled a few times, then she slowly closed her eyes.

She was very serious, and it was not easy to disturb Long Chen by the side. Time passed by slowly, and Ling Xi seemed to have gone smoothly, after about an hour, Long Chen could already see that the red mark on Murong Yu's face had started to fade.

At this time, a faint red light path appeared on Murong Yu's face, and in the middle of this light path, Ling Xi crushed the light lines one by one. This process could not be wrong, so Ling Xi was extremely careful, but Ling Xi was worthy of being called a master of restrictions. After an hour, the red mark on Murong Yu's face had basically faded, and after a few more days of rest, her appearance was definitely much better than when she was wearing that layer of human skin.

After finally completing the mission, Ling Xi was a little tired. She immediately ran over to Long Chen, looked at him with a warning gaze and said: "I'm going back to sleep, but you have to promise me, you can't look at my pretty face, you just have to keep your guard up. Do you understand?"

"Alright, I understand." Long Chen nodded his head helplessly, he looked towards Murong Yu, and sure enough, Murong Yu who was lying on the ground right now, was indeed attractive enough, no wonder Ling Xi was so cautious.

"At least you're sensible." After he finished speaking, Ling Xi returned to the sword, and at this time, Murong Yu slowly woke up. The moment she saw Long Chen, Long Chen didn't say anything further and brought a large mirror over to her: "Take a look, my great beauty Murong."

Murong Yu quickly saw her reflection in the mirror. Her eyes were wide open as she looked at herself in disbelief, and only when she bit her finger in the end did she realize that what she was seeing was not a dream.

Tears of joy.

Looking at this lady who was holding a mirror and crying at the same time, Long Chen felt a little regretful.

However, letting her live alone for so many years was quite uncomfortable.

"Long Chen, where's Miss Ling Xi?" After crying for a long time, Murong Yu finally stabilized her emotions and asked Long Chen with a choked voice.

"Go back to sleep." If you don't have anything else, then you should head back. For a single man and woman to stay in the same room together while you're still sleeping on my bed, it's hard to avoid others from misunderstanding. " Long Chen laughed.

"Alright. "Thank you very much, though." Murong Yu blushed a little as she quickly got up from the bed.

"No need to thank me, this is what you deserve due to your good intentions. You informed me about it, saved my foster father's life, and for my sake, suffered the pain of a Xuanyin's cup. So what if I did such a small thing for you?" Long Chen said with sincere eyes.

Murong Yu smiled faintly as she started to put away her veil, muttering: "Do I not need these things in the future?"

"There's no need. You have the confidence. You can show your true appearance to everyone." Long Chen said.

"Am I beautiful?" Murong Yu asked somewhat nervously.

"Nonsense, I feel like my heart is itching just by looking at it. Of course, I have a family now," Long Chen laughed and said.

"Throw them away, then."

"Wait." Long Chen took note of the human skin in her hands and said, "What is this, how can it be fake?"

Previously, it was because Murong Yu had this thing on her face that Long Chen was unable to see the Fire Poison Curse on her face.

"This is a human skin mask, my master is an expert in making human skin masks, I have also learned quite a bit, this kind of mask can completely disguise you as someone else, and even Heavenly Completion Stage experts will find it difficult to discover your true identity." Speaking of this, Murong Yu was a little proud.

"What?" Long Chen immediately revealed a look of great joy. He hurriedly said: "I'm going back to the Imperial City soon. I want to sneak into the Imperial City, but everyone already knows my original appearance.

If he couldn't even discover his Heavenly Completion Stage, Long Chen could definitely conceal his true strength.

"Of course." Murong Yu said with a smile.

"I can definitely turn you into someone who not even the palace master can recognize. You have to believe in my strength!"

Long Chen naturally believed it.

"Then hurry."

Because Murong Yu needed some time to make the human skin mask, she stayed in Demonic Palace for a while.

At this time, in the Three Devils City, Three Great Demons was sitting in the main hall. Just as he sat down, the Erythropoda said: "Big brother, third brother, a few days ago Xiao Yu asked me for some materials to make a human skin mask. I didn't pay much attention to it at the beginning, but after thinking about it for a while, I suddenly thought of this."

"Please speak, second sister."

He was chased by the imperial family, which was why he fled to Demonic Palace. Now that he has become stronger, with his personality, how could he not retaliate? Xiao Yu did not often make human skin masks, but now that she is with Long Chen, she actually made one. Could it be that Long Chen wanted to make it up and brought the Demon Emperor Sword back to the imperial city? "

The Great moxibustion and the Triplex were shocked. They thought about it carefully and found that it was possible, so the Triplex shouted, "How dare you! You took my Demonic Palace's Three Great Secret Techniques and Demon Emperor Sword and you want to leave like this?"

The Great moxibustion frowned and said: "In the Imperial City, there are the Sword Emperor's Sword Demon and Lin Zichen, the three experts. Although Long Chen is not bad, he alone is sufficient to fight them, and is no different from courting death. At that time, when the royal family possesses both Emperor Swords, destroying our Demonic Palace would be a small matter! "

Three Great Demons all recognized the seriousness of the situation.

"What should we do?" The Triplex said impatiently.

"Let's go find the Asgard Mistress. The Asgard Mistress will not let Long Chen do as he pleases!" The Erythropoda thought.

"Impossible," The Great moxibustion shook his head. "Long Chen is his direct disciple, even we know that Zhao Qingyun has no reason not to know, I'm afraid he would still support Long Chen in doing so! This matter, must not be done by Zhao Qingyun! "

"Then what should we do?" Erythropoda asked.

"I suggest that when Long Chen leaves the Diremonster Mountain, we intercept him on his way. Even if we don't kill him, we have to retrieve our Demon Emperor Sword as well. If the three of us join forces, even the palace master would be able to hold out for a while. When Triplex thought about the hatred he had from being stepped on, his heart filled with anger!

"For the time being, this is the only way. Get ready, we must strictly inquire about Long Chen's movements, and definitely cannot let him bring the Demon Emperor Sword out of the Demonic Palace. Otherwise, my Demonic Palace will face a great catastrophe," the aged Great Moxibustion said, her eyes filled with despair.

And the human skin mask that Murong Yu gifted him, was also completed. Long Chen put the human skin mask on his face, looked at himself in the mirror, and discovered that other than his similar physique, everything else had changed greatly.

He was originally handsome, but now he looked much older. He was at least twenty-five years old. His face was as sharp as a sword, full of mature temperament.

"Put on another set of more mature clothes, and you will be a twenty-five year old wandering martial artist." Looking at his own work, Murong Yu felt extremely proud from the bottom of his heart.

"Not bad, not bad at all. I can't even recognize myself anymore." Long Chen exclaimed.

"When are you preparing to leave?" Murong Yu suddenly asked.

"Tomorrow." Looking at himself in the mirror, Long Chen said with a profound gaze.

"Alright, I'll send you off tomorrow!" Murong Yu said.

At this time, Zhao Qingyun was walking over. Murong Yu knew that the master and disciple pair had something to say, so she took her leave.

"Are you sure you want to leave tomorrow?" Zhao Qingyun was a little reluctant.

"Revenge, I have to avenge him no matter what. Moreover, I still have other matters to accomplish in the Royal Capital. The time has come." Long Chen said decisively.

"That's fine. I won't say anything else. You be careful in everything. I'm waiting for you to destroy the dynasty and bring me good news." Zhao Qingyun laughed.

"Master, you've given me so much help. How about I give you the entire Canyang Kingdom?" Long Chen suddenly laughed.

"Extreme Miracle, I have long disliked the Royal Family. To control the entire Canyang Kingdom, I can be considered to have fulfilled the dreams of my ancestors." Zhao Qingyun said with a little sigh.

"That's good. I won't let you down." Long Chen laughed. Then, after thinking for a moment, he continued, "Master, do you have the West Sea Country's battle skill? I want to get an identity as the West Sea Country."

There was no such young Ranker in the Canyang Kingdom. Entering the Imperial City with his identity as a Canyang Kingdom, he would inevitably be investigated.

"Of course there is. There's even someone with high-rank earth class s. These few secret manuals are just right for you to read on the road. " Zhao Qingyun took out a few secret manuals from her Cosmos Sack and handed them over to Long Chen.

"Then, just wait, I'll bring the good news back to Demonic Palace."

Long Chen kept the battle skills of the West Sea Country, and looked towards the direction of the imperial city, his eyes flashing with killing intent!

Chapter 399 - Ambush

Other than Zhao Qingyun and Murong Yu, Dongfang Xuanxiao and his wife, Long Chen did not tell him about Long Chen leaving the Demonic Palace. After all, Long Chen was afraid of causing trouble after taking the Demonic Palace's Demon Emperor Sword.

At this time, at the foot of the Diremonster Mountain, Long Chen and the little wolf were bidding farewell to Zhao Qingyun and the others.

"Chen Er, I won't talk about anything else, just be careful. In about five months, Ming Er will be born, you can't miss that time." Dongfang Xuanxiao patted his shoulder, and said with a faint smile.

"I know, foster father. I will definitely protect my own life. When the time comes, I will definitely come to support you." Long Chen laughed.

"Remember, Chen Er, no matter what happens, the first thing you have to do is to protect your own life. As long as you're alive, there's definitely hope." Xuan Ming warned them again.

As for Zhao Qingyun and Murong Yu, she had said what she needed to say.

Long Chen nodded, and said: "I'll send you all off, but in the end, you all have to part ways. Just send me here, you can all go back now."

"No, you go first. We'll watch. When we can't see you anymore, we'll naturally return." Zhao Qingyun laughed, then waved for Long Chen to leave.

"In that case, goodbye!" Long Chen was not one to procrastinate, at this moment he laughed straightforwardly, called out to the wolf cub, and both of them turned around without looking back. As they ran, the wolf cub's body suddenly grew bigger, and in an instant, he turned into a strong and healthy Sun Devouring Demonic Wolf. Running in the desolate wilderness, Long Chen took the opportunity to crawl on the wolf cub's broad and warm back. Riding on the back of the wolf cub.

The speed of the little wolf was countless times faster than before. Rushing wildly in the fields, he was just like a black shadow sweeping by, ordinary people would not even know of his existence, but, the current Long Chen, if transformed into a Dragonsoul Transformation, would be even faster than a little wolf. However, the speed of the demonic beast kept on increasing, and Long Chen was rushing at full speed.

A man and a demonic beast, full of heroic spirit, flew far away from the Diremonster Mountain, towards the direction of the Biyang Royal City. When they were fleeing back then, their hearts were heavy, but now, they were full of fighting spirit.

This time, not only did Long Chen want to take revenge for him, he wanted to take revenge for Ling Xi. Of course, the most important thing was still to help Ling Xi recuperate. Long Chen thought that after he finished all of these things, he would be able to bring Ling Xi and the little wolf and live a carefree life.

Very quickly, they had left the vicinity of Diremonster Mountain. The Demon Emperor Sword behind them had already transformed into a black sword blade from heaven and earth, while Zhao Qingyun and the others had probably returned as well.

Looking back at this place that he had lived in for three months, Long Chen felt a little regretful. It was precisely because of these three months of cultivation and ascension that he had reached his current realm. The help that the Demonic Palace and Zhao Qingyun had given him was simply too great.

As long as he passed through this valley, he would be able to arrive at a vast plain. After walking across this plain, Long Chen would be able to arrive at the Clear Water City, the place where he had killed Song Zhongcheng back then.

Three months had passed, and when he thought of what had happened then, he felt that things had changed.

shook, and instantly unfurled the Spirit Devouring Demon Pupil. The scenery around him completely disappeared, revealing everything, and there were many small animals in the valley, as well as many demon beasts, but they were generally not strong, and all of them were very ordinary lives. However, three very powerful souls were hibernating in the valley, and Long Chen could tell who they were just by thinking about it.

"Three Great Demons, you actually stopped me here?" Long Chen's voice was filled with surprise. He was about to leave the Demonic Palace, but only the few people who sent him the news knew about it.

Long Chen called out to the wolf cub, and the man and the wolf stopped. They looked up ahead, and the wolf cub also felt their presence and let out a low growl.

Like this, the Three Great Demons knew that they had been discovered. They looked at each other, then descended from the mountain peak. The three of them stood in front of Long Chen and stared coldly at him.

"How did you know I was leaving?" There was no bitterness in Long Chen's heart because of fear. He raised his eyebrows and asked coldly.

"It was Xiaoyu who snitched on us, the feeling of being betrayed by her own people, what do you think?" The Triplex who liked to talk the most chuckled, and sized up Long Chen with a smile.

"Murong Yu?" Long Chen naturally did not believe it, but as for Zhao Qingyun and the other two, it was impossible for them to leak information, so it seemed like it was only Murong Yu, but Long Chen believed that it was unintentional even if she leaked it.

"To have our Three Great Demons serve you together, Long Chen, you sure have a great reputation. The disciples of our Demonic Palace have never seen an existence like you." Triplex ridiculed.

"Yeah, there has never been a disciple who could trample a high and mighty Triplex beneath his feet." Long Chen laughed, his face full of ridicule.

Recalling his own miserable state that day, Triplex's face felt as though it was on fire. His eyes instantly revealed a ferocious light as he scolded: "Good you Long Chen, I made you refuse a toast and eat a forfeit. Today, we originally wanted to retrieve your Demon Emperor Sword and give you a way out, but you're courting death, so we can't blame ourselves for this!"

"Take away the Demon Emperor Sword?" Long Chen could not help but laugh, "Don't be naive, I am not the original me, I will give you guys three breaths of time. If they were still blocking my path after three breaths of time, I would have started a massacre.

"What!" Long Chen's arrogance simply caused Triplex's nose to become crooked. He had never seen such an arrogant person, so he viciously said: "Brat, you think you're invincible under the heavens just because you defeated me once? Little fellow, you are just too stupid. If I wasn't careless back then, how could I have lost to you? Brother, second sister, this fellow is clearly a stubborn fellow. No matter how much we say, he won't give us the item.

The Great Moxibustion and the Erythropoda had always been paying attention to their conversation. When Long Chen saw the three of them, he did not show the slightest sign of fear, because the Triplex thought that Long Chen did not know the immensity of heaven and earth. However, the Great Moxibustion and the Erythropoda had a bad premonition, and they faintly felt that Long Chen would only be able to be so calm if he had enough confidence.

"Could it be that he learned The way of the Demon Emperor's Sword?" Three Great Demons had a bad premonition. They looked at each other and hinted a little. At this time, the Great moxibustion shouted, "Let's attack together!"

Long Chen's performance was becoming more and more heaven-defying, causing them to have a huge sense of crisis. Therefore, at this time, the three strongest people below the Demonic Palace's Palace Master gathered together and started their attack on Long Chen.

"Wolf, let me try!"

Long Chen was not afraid in the slightest. He sneered and suddenly took the terrifying Demon Emperor Sword out of his Qiankun bag, and in the process, Long Chen had already turned into a Dragonsoul Transformation. The nature of her true qi, instantly increased ten times, and reached a level similar to that of the Three Great Demons.

With the Dragon Soul Transformation of a body and a Demon Emperor Sword, this kind of combination was enough to deal with the Three Great Demons.

"Why does it feel like this beast spirit transformation has raised his zhenqi by several folds?" In the Three Great Demons's heart, there were some misgivings. They looked at each other and shouted in unison: "Let's use Great Mantra of Dao-heart Seed Level 2 together!"

They had been in the Demonic Palace for decades, and were already very familiar with the second stage of the Great Mantra of Dao-heart Seed. Because of the Great Mantra of Dao-heart Seed, their combat strength was increasing rapidly, and their speed had also increased greatly. In a flash, they appeared in front of Long Chen!

The three of them started attacking together, rushing towards Long Chen. That huge attack was much stronger than Murong Yu's from back then! Back then, Murong Yu could only use the first level of Great Mantra of Dao-heart Seed, but they were both already at the second!

"Traceless Demon Shadow!"

With the support of his Innate Qi, Long Chen sneered, and instantly changed his figure. The Traceless Demon Shadow had already been used extremely proficiently by him, and it was basically no different from an expert who had cultivated for many years.

Under the attack of the Traceless Demon Shadow, Long Chen escaped the attack range of the Three Great Demons and rushed toward the back of the Erythropoda. This was the weakest point in their

defense, and then, with a sudden slash of his sword, a vast Sword Qi of the Evil Emperor smashed towards the back of the Erythropoda!

"Be careful!" The Great Moxibustion exclaimed as his body stood behind Erythropoda. Long Chen clenched his fist and punched the Demon Emperor Sword, causing the Demon Emperor Sword's energy to dissipate in all directions. The gigantic Sword Qi of the Evil Emperor was actually directly shattered by him.

"You want to run away like that?" He forcefully suppressed it and then, another even larger Sword Qi of the Evil Emperor, started to wildly rush in the direction of the Erythropoda. Long Chen seemed to be tightly grabbing onto the Erythropoda as he crazily smashed it, causing the other two Moxibustions to have no choice but to continuously save him. After all, the strength of the Sword Qi of the Evil Emperor was simply too enormous!

Chapter 400 - Devouring the Green Universe

"Sky Demon Disordered Dance Fist!" Just at this moment, the Triplex who was an expert in fist arts blocked the attack from the side. Long Chen's attack was unexpectedly fierce, and as he was entangling the Erythropoda in his attacks, the other two Moxibustions could only keep on rescuing him! The Triplex was no exception!

At this time, his fist exploded and shot towards Long Chen from the side. That magnificent fist force, was like a dance, multiple fist imprints split into several different directions, attacking Long Chen from the sides!

"I've been waiting for you!" Long Chen laughed coldly in his heart. He had always been attacking the Triplex, but his true target was actually the Triplex. Amongst the three of them, the one Long Chen hated the most was this Triplex.

"Great Mantra of Dao-heart Seed!" In the process of charging forward, Long Chen suddenly used the divine ability of the Heaven stage, and his true energy crazily soared. He was originally a bit weaker than the Three Great Demons, but in that instant, Long Chen rushed to the same level as the Three Great Demons!

"Hua!"

Long Chen swept his sword horizontally, directly forcing the Great Moxibustion and Erythropoda away. At this time, when the Triplex attacked Long Chen, he quickly became the only one left!

Whoa!

Long Chen's body began to emit blazing flames, and the one hundred and twenty-five divine fire clones instantly appeared and surged towards the Great Moxibustion and the Erythropoda! No matter how strong the two of them were, it would be difficult for them to break through so many divine fire clones in such a short amount of time. And at this time, Long Chen sneered, and waved the Demon Emperor Sword in his hands furiously, sending a stream of Sword Qi of the Evil Emperor flying towards the Triplex with a loud bang. Wherever it went, a deep ditch was dug in the ground, and dust swept towards the Triplex!

"Your target is me!" When the Sword Qi of the Evil Emperor attacked him, he frantically used the Traceless Demon Shadow, and was finally able to dodge the Sword Qi of the Evil Emperor. Then, like a tornado, he crazily attacked Long Chen!

"You know the Traceless Demon Shadow, and I'll use it to become stronger than you. The Traceless Demon Shadow will complement my strongest punch, so you can try!"

When the Triplex saw that Long Chen looked down on him the most, and that Long Chen had once stepped on him before, the hatred in his heart couldn't be described anymore. He roared and charged towards Long Chen, and when the Traceless Demon Shadow activated, all of the demonic figures immediately charged towards Long Chen!

A vast aura spread out from Triplex's body. Long Chen could vaguely see a terrifying devil shadow behind Triplex, and then, following Triplex's punch, that devil shadow suddenly turned into a fist imprint, smashing towards Long Chen!

"Devouring the Azure Universe!"

For a moment, the earth trembled and the mountains shook. It could be seen how powerful Triplex's punch was, and it was even accompanied by the Traceless Demon Shadow. Long Chen was simply unable to find the source of the fist's attack!

But, this would not be difficult for Long Chen!

"You would never have thought that I would have a Spirit Devouring Demon Pupil, right?" Long Chen laughed coldly in his heart. He activated her Spirit Devouring Demon Pupil and instantly found the location of the Triplex.

"It's time to end your life." Long Chen secretly thought in his heart. At this time, the other two moxibustions were about to break through Long Chen's divine fire clone's encirclement, but with a harden of his heart, he also released the Traceless Demon Shadow. His figure quickly flashed, and he instantly appeared in front of Triplex, waving the Demon Emperor Sword in his hands crazily.

"afterimage sword!"

With a whistling sound, the afterimage sword directly swept past the Triplex's attack, and even the shattered Triplex's attack. Under the powerful assistance of the Demon Emperor Sword, it frantically advanced, and knew that Long Chen had stabbed the Demon Emperor Sword into the Triplex's heart!

At that moment, it was as though time had stopped!

Everything stopped. Triplex looked at Long Chen in front of him, then looked at the Demon Emperor Sword piercing his heart. At this moment, the Demon Emperor Sword had already penetrated through him, completely shattering his heart!

"What is it? I don't believe that you will die in my hands, do I? " Long Chen laughed coldly, suddenly pulled out her Demon Emperor Sword, and directly kicked Triplex away. He then activated the Traceless Demon Shadow and quickly retreated, summoning all of his remaining divine fire clones at the same time. It was only at this time that the other two moxibustions arrived!

The Great moxibustion immediately caught him, and when he saw the bloody wound on Triplex's chest, he was completely shocked. At this moment, Triplex's body had already turned cold, but his eyes were still wide open.

The Great moxibustion and the Erythropoda were unable to react in time. They looked at Long Chen with bloodshot eyes.

Especially the Great moxibustion. His most prized disciple back then, had died under Long Chen's sword in his arms. And now, his third brother, who had lived for dozens of years together, had also died under Long Chen's hands!

Long Chen saw that their faces were showing signs of insanity, but he was not afraid at all. He said lightly: "Back in Demonic Palace, I promised Murong Yu that I wouldn't kill you, and also, you were of great use to Demonic Palace, and for my foster father, I am not willing to kill you. Now that I have killed him, I will only give you guys a wake-up call, and tell you guys, the current Long Chen is not someone you can afford to offend.

"Long Chen, you! You're too arrogant! " Erythropoda's entire old face twitched.

In my eyes, there is no age, only the strong and the weak. Although I am your junior, but I have enough strength to kill each and every one of you, then we are equal! I don't want to fight anymore today, but I'm not afraid of you guys fighting me anymore! Of course, if all of you are sure that you can go against my The way of the Demon Emperor's Sword! "

Long Chen's last sentence was the most powerful, he did not even have the chance to use The way of the Demon Emperor's Sword, and had already killed Triplex cleanly. If he used The way of the Demon Emperor's Sword, how could they, whose strength was not much stronger than Triplex, fight back?

Long Chen was right, the current him was no longer a junior. Instead, he was a Ranker of the same level, maybe even surpassing them.

"Big brother, what should we do?" Carrying Triplex's corpse, the Erythropoda asked hesitantly.

The Great moxibustion looked at Long Chen coldly, not saying a single word.

"To be honest, I feel that you two are rather responsible for the Demonic Palace and the relationship between Murong Yu and my Master. I have also decided to leave you two alive, I hope you all will cherish me!"

Long Chen earnestly said one sentence. Then, without even looking at them, he directly called out to the little wolf, bypassed them, and walked out of the valley. In this period of time, the Great moxibustion and the Erythropoda had watched him leave without a trace of activity, and only after Long Chen had left did the Great moxibustion hang his head in despair: "Second Sister, we've met an exceptional demon this time, we've lost it completely.

"Why?" Erythropoda was still puzzled.

"Because Zhao Qingyun trusts him, from the very beginning, Zhao Qingyun was smarter than us, he has cultivated Long Chen so much, and one day, he will receive an unexpected reward for that. This depends on our abilities, Zhao Qingyun is much stronger than us, to the point where we claimed that we have countless disciples, and steadily suppressed Zhao Qingyun. The Great Moxibustion sighed.

"Then wouldn't we lose for sure?" Erythropoda was dejected.

"No, it's also possible. We will win." The Great Moxibustion suddenly said.

"What do you mean?"

"Look at Long Chen, at such a young age, he already has such a realm, and he's definitely able to reach the Heavenly Completion Stage before even being twenty. Such a genius, can be considered a genius even in the God Equipment Holy Dynasty. But after he leaves, the strongest disciple in Demonic Palace will still be Xiao Yu, and in the end, Xiao Yu is still your disciple. In the future, the position of Demonic Palace Lord will still fall onto Xiao Yu's shoulders! "

Only then did Erythropoda understand.

"Unfortunately, third brother is unable to bear witness to this." Erythropoda felt some regret.

"This is the mistake of an impulsive man. He has lived for so many years and he did not know how to control his temper. He deserves to die," the Great Moxibustion nodded helplessly.

"Come on, let's go back and apologize to Zhao Qingyun. We can't afford to offend this brat Long Chen. With the Three Great Secret Scriptures and the Demon Emperor Sword, under the current Long Chen, he would be invincible. He believed that he would definitely be able to compete with Lin Zichen! The two strongest people in the young generation will meet, and will also face off with Demon Emperor Sword s. Who will be the one to win in the end? "

There were actually many people who wanted to know what the Great Moxibustion wanted to know.

And just like that, after going through that final interlude, Long Chen finally left the Diremonster Mountain, and headed in the direction of the Biyang Royal City. The matters of the Demonic Palace had finally ended, and what welcomed Long Chen was an even more terrifying storm. In the future, it would be like a storm, sweeping him far into the distance that he had never expected.

Time continued to pass as they travelled. When they neared the Biyang Royal City, Long Chen put on the human skin mask that he had received from Murong Yu. He instantly turned into a mature and stern youth of around twenty-five years old.

The little wolf, on the other hand, shrunk to a smaller size until it became a small black dog, which Long Chen placed in the middle of his clothes. Although the little wolf was a little dissatisfied with this, he gave it his all to get revenge. He was the only Sun Devouring Demonic Wolf left in this world.

After dressing up completely, Long Chen asked: "Xiao Xi, with my appearance, who else would recognize me?"

"I, your eyes, I can see them with a single glance." Ling Xi chuckled.

"Suppose I dig out my eyes."

"I can still recognize it. I can recognize your soul, as well as your aura. You turned into dust, I can even recognize that you are my Brother Chen!" Ling Xi's voice hid a little worry.

"Alright then, let's move forward!" Kill! "
