

War God 401

Chapter 401 - The First Prince

Biyang Royal City.

After over a hundred days, Long Chen once again saw the Biyang Royal City. This majestic jade green city did not change at all due to the changes in time. On the city walls, on the city walls, on the buildings, the jade jade was shining with a dreamlike light under the sunlight, turning the Biyang Royal City into a city of immortals.

Long Chen stood one thousand meters away from the Biyang Royal City, looking at the endless stream of people outside the city gate. This time, he had to pass through this city, but before that, he had to go to another place.

"Let's go, Xiao Xi. I will go to the Inverse Wonderland right now and take out the Nine Celestial Spirit Fruit s. Only after I have given you your body back will I be able to focus on dealing with the royalty." After Long Chen finished speaking, he left the Biyang Royal City and headed towards the direction of the Inverse Wonderland.

"Brother Chen, do you really want the Nine Celestial Spirit Fruit?" Ling Xi asked somewhat nervously.

"Eh? What do you mean by that? After going through so much suffering from coming to this Biyang Royal City from the Source Spirit City, isn't it like we want to obtain the Nine Celestial Spirit Fruit? " Long Chen was startled, and asked curiously.

"It's nothing. I was just afraid that you'd get hurt." Ling Xi hid his emotions and tried to hide it. This point was something that Long Chen did not notice.

"Don't worry, here, the only person who can suppress me is the Sword Emperor of Heavenly Completion Stage. Even if it's him, I can still save my life, and with the Sword Emperor in Biyang Royal City, I'll cause a ruckus in the Inverse Wonderland. He won't be able to make it here in time." Long Chen laughed and said.

Ling Xi was speechless now. In fact, what she was worried about was not the issue of Long Chen's safety, but whether or not she should use the Nine Celestial Spirit Fruit.

"Forget it, let's first let Brother Chen obtain the Nine Celestial Spirit Fruit and understand his wish before deciding whether or not to use it. After obtaining the Nine Celestial Spirit Fruit, I will confess to Brother Chen. I hope he won't blame me for that," Ling Xi said bitterly in his heart.

Therefore, Long Chen chatted idly with Ling Xi as he walked in the direction of the South Central City. He had only been there once, but the route in his head was still familiar. Last time, he was following behind the butt of the Sky Wolf Gang members. But this time, Long Chen had undergone a huge change.

He looked down from above and saw that there were actually two groups of people fighting fiercely in front of them. One of them was a guard dressed in the garb of the palace, and each of their cultivation were not considered young, a total of six or seven guards, and were currently protecting a young man who was about twenty-five years of age in the middle of the palace. This young man's appearance was somewhat similar to the Ninth Prince's, and at this moment, Long Chen faintly heard the three words, First Prince, which confirmed the identity of this group of people.

"Little Wolf, does this First Prince have any enmity with you?" Long Chen's eyes darkened as he whispered.

Long Chen remembered that the Little Wolf had once said that the Sword Emperor was naturally the one who ordered the people who had enmity with him, and the Sword Demon and Lin Zichen were the ones who carried it out.

The wolf cub, who was in his arms, shook his head.

"None of the royals are good. I'll kill him today as an appetizer. However, he seems to not be a match for his opponent at all?" Long Chen thought, then looked at the other group of people, this group of people were all dressed in black, with black cloth covering their faces, it seemed like they were extremely professional killers, and were currently being led by a robust middle-aged man, making a breakthrough towards the center. This guy was actually at the level of eighth level of the Milky Way Realm, and would most likely be able to kill the First Prince in no time!

"There's actually someone who wants to assassinate the First Prince? Looks like they're the same kind of people." Long Chen thought that if someone were to kill them, he wouldn't even bother to do so.

Just then, the First Prince bellowed with a face full of anger, "You are all sent by Lin Zichen, right? That guy really had a venomous heart. Father only said that he wanted to choose the crown prince, but he actually sent people to kill me! Did he think royal father was an idiot?"

"First Prince, you're right, we are indeed His Highness's men, but, the idiot is not His Majesty, instead, it's you, His Highness has always been swift and decisive, and this is what His Majesty values. As long as he kills you, with his strength, who would dare to say anything?" The group of men in black, having taken the First Prince down, immediately admitted it.

I, Lin Batian, have led the troops to wage war for many years, defending the borders and getting rid of the criminals. I am more familiar with the four books and five scriptures, familiar with the ways of governing the country. Only then will I truly be suitable to be the crown prince. If we allow him to rule the country, the Canyang Kingdom will definitely not live a peaceful life! " Lin Batian was currently furious!

"Sorry, our mission today is to get rid of you. As for the others, you should go to hell and talk to the ghost guard, haha!" That man from the eighth level of the Milky Way Realm had instantly killed two of the seventh level of the Milky Way Realm guards in front of Lin Batian.

"Azure Dragon Sword Qi!" At this time, Lin Batian's eyes turned cold, he suddenly waved the blue colored treasure sword in his hand, and instantly, the sword energy turned into a dragon, rushing straight at the black-robed assassin, forcing him to retreat!

"Sword Fighter is indeed powerful. However, in front of the eighth level of the Milky Way Realm, he still has to die. First Prince, see you later!"

After the Black clothed warrior was forced to retreat, he immediately became enraged, his speed increased greatly, and even the other guards could not stop him, he had almost arrived in front of the Ninth Prince then, he suddenly threw out a palm, directly sending the First Prince's sword flying. Then, his other hand formed a fist, smashing towards Lin Batian's chest!

If this punch landed, Lin Batian would definitely die on the spot!

"First Prince!" Seeing that Lin Batian was about to die, the guards' eyes were filled with rage. If the First Prince died, all of them would definitely be silenced!

Sure, none of them could save him in time!

Just when everyone was in despair, Black clothed warrior's punch did not hit it. He was holding Lin Batian in one hand and just as he was about to hit Lin Batian with the other, he suddenly stopped ten centimeters away from Lin Batian's lower abdomen.

"What's going on?" Everyone jumped in fright, and when they looked over carefully, they saw that they were all standing behind Black clothed warrior, so when they focused their eyes, the first thing they saw was, at the center of Black clothed warrior's back, a sword tip had actually pierced through, and at that moment, there was even blood flowing out of the sword tip!

A practitioner of eighth level of the Milky Way Realm was actually silently pierced through the heart!

Everyone was stunned, Lin Batian thought that he was going to die, but in his despair, the opponent actually did not do anything, he suddenly opened his eyes, only then did he see a sword under his armpit, directly piercing into Black clothed warrior's heart, piercing through it, and at the same time, Black clothed warrior also lowered his head to look at the sword at his chest, his face filled with disbelief.

However, his life had completely dissipated at this time. Even to the point of death, he wanted to move Lin Batian's body away to see who the person behind him was. Unfortunately, he no longer had the strength to do so.

"Puchi!"

When the tip of the sword was pulled back, Black clothed warrior's body slowly fell to the ground. And at this time, Lin Batian felt a gust of wind behind him, and then, he saw a black figure quickly shuttling back and forth between the remaining black clothed men, wailing miserably. Only after a few breaths of time, did all the black clothed men completely collapse, while that rapidly changing figure, he finally stopped.

It was Long Chen.

Long Chen kept the Xingjian in his hand and looked at the First Prince who was staring at him in a daze.

The reason why he saved the First Prince was obviously because he had a reason. After listening to their conversation, Long Chen already had a rough understanding of the current situation of the imperial family. Within the Demonic Palace, it was the time to ascend the throne. On one side was the martial genius Lin Zichen, and on the other side was the martial genius Lin Batian who had achieved great military achievements and ruled over countries.

On the road of martial arts, Lin Batian could not compare to Lin Zichen, but in other aspects, Lin Zichen could also not compare to him, and what Long Chen thought of was that only Lin Batian had a strong warrior to protect him, maybe he could still use Long Chen's goal to completely destroy those strong people of the imperial family, and messing it up first might not be a bad choice.

"Thank you, sir, for saving my life. May I have your name please?" Lin Batian finally reacted, his heart was in turmoil, but his mind was calm. He forced himself to cover it up, and began to entertain and rope Long Chen in.

I can't bear to have Lin Zichen rely on his strength to do whatever he wants, so I acted recklessly. As a result, you don't need to take it to heart, don't talk about today's matters to anyone, goodbye! After saying that, Long Chen acted as though he was going to leave.

"Sir, since you dislike Lin Zichen, can you stay and help me? Lin Zichen only knows about the art of martial arts and the art of governing nations, he is completely ignorant of it. If he were to ascend to the throne in the future, he will definitely bring disaster upon the people of the world, I hope that Sir can think for the people of the world!" Lin Batian cupped his hands and said sincerely.

"The matters of the world are not for me to care too much about. You don't have to say anything. If fate wills it, we'll meet again!" Long Chen said with a cold face.

"Sir, I beg of you to lend me a hand. After this is done, what do you want? As long as the royal family has it, I will definitely find it for you!" At this time, Lin Batian kneeled on the ground and pleaded with an incomparably hopeful gaze. Since the lives of the people could not tempt Long Chen, he would tempt him with benefits!

Judging by Long Chen's strength, he was definitely an expert when he killed the eighth level of the Milky Way Realm expert. If such an expert were to slip away like that, Lin Batian would definitely be filled with grief and indignation.

Chapter 402 - Infiltrating the Inverse Wonderland

Under Lin Batian's gracious invitation, Long Chen pretended to consider for a while, and said: "How about this, let me think about it for a while, when I have decided on something, I will return to the Red Sun Restaurant in the middle of the Biyang Royal City. You should pay more attention to the Red Sun Restaurant, and if I appear there, I will take it as my agreement."

After he finished speaking, Long Chen didn't give Lin Batian a chance to speak any longer. He immediately turned and disappeared from Lin Batian's field of vision after a few flashes. Lin Batian raised his head, and shockingly looked at the suddenly disappearing Long Chen.

"Chen Xiong, come over." Lin Batian took a deep breath, and then called over the guard with the deepest cultivation, who was nearby.

"Your Highness, what's wrong?" The young man named Chen Xiong quickly moved closer.

"Do you know, in our Canyang Kingdom, a youth who is almost at the level of ninth level of the Milky Way Realm at such an age? The cultivation of that man earlier is truly amazing, but why have I never heard of such a person?" Lin Batian asked.

"Your Highness, in the Canyang Kingdom, the only person who can reach the ninth level of the Milky Way Realm before the age of twenty-five is the Fourth Prince. In the Demonic Palace, there seems to be a eighth level of the Milky Way Realm called Yang Danfeng, but his current appearance is different from the Yang Danfeng described in the rumors.

"This person's identity is extremely mysterious. However, his cultivation is truly not hidden. Chen Xiong, do you think he will help me?" Lin Batian frowned.

"Your Highness, it's very likely that he will. If he doesn't want to help you, why say 'Red Sun Restaurant'? You can just leave!" Chen Xiong said excitedly.

"Isn't Fourth Bro proud of his cultivation base?" Other than cultivation, he is completely useless. If I have someone who can compete with him, let's see how far he can go! The situation outside is critical, let's hurry back to the palace! Lin Batian called out.

"Your Highness, how should we deal with these people? Do you want to use them to fight with the fourth prince's army in front of the emperor?" Chen Xiong asked in a low voice.

"No need! This time, was completely shocked. If I, Feng Hengkong, am to kill me, Lin Batian, then it will not be that easy. We cannot be too brazen, because I do not have enough martial power, so in the eyes of royal father, my position is already inferior to Lin Zichen's. If I am too brazen, I will inevitably make him disgusted. Lin Batian pondered for a moment, before replying.

From this, it could be seen that he wasn't an idiot.

"Your majesty is wise!" This lowly one admires you! "

"Brother Chen, you want to rely on that First Prince to sneak into the palace?" Ling Xi asked.

"I have not decided yet, I only have to leave a way out, my current identity is completely different, so I can do whatever I want, as long as I do not reveal myself, but I still have to see, whether or not I can obtain the Nine Celestial Spirit Fruit in Inverse Wonderland, although I have enough confidence in my own strength, I still have to be careful."

During their conversation, Long Chen had already arrived in front of the black South Central City. South Central City was still the same as before, with a large number of Anti-Central Army guarding them, it was difficult for even an ordinary person to sneak in.

"I have already shown my face in front of Lin Batian. This time, if I want to find the Nine Celestial Spirit Fruit in the South Central City, I would have to show my face first. I want to stay in the Biyang Royal City and not let them know that I have been to the Inverse Wonderland!" Thinking about this, Long Chen took out a black cloth from his Cosmos Sack and covered his face. This black cloth was something he had casually taken down from among the group of black-clothed men who had attempted to assassinate Lin Batian.

Following that, Long Chen changed into a new outfit.

"Little Wolf, you don't have to go in this time, and you don't have to wait for me here either. If something happens, I can use a secret technique to escape, and I can go at a high speed. Go in this direction and wait for me there." Long Chen pointed the little wolf in a direction as he spoke.

If he really met with danger that he couldn't avoid, Long Chen could use Blood Escape, and the Little Wolf couldn't. If that was the case, letting the Little Wolf hide in the distance right now was indeed a very thorough plan.

The little wolf naturally nodded, and without a word, it turned and disappeared from Long Chen's field of vision. Only then did Long Chen look in the direction of the South Central City.

"Xiao Xi, it's time to head out. I must get back the Nine Celestial Spirit Fruit that I didn't get last time." Long Chen's eyes were filled with determination.

"En!" Ling Xi nodded her head heavily, being in the middle of Ling Xi's sword, it was hard for Long Chen to see the worry and conflict in her eyes. The Nine Celestial Spirit Fruit had been Ling Xi's favorite thing to obtain, but now, it had become the thing she was most worried about.

Long Chen took a deep breath and then walked towards the South Central City. Of course, he could not go through the main entrance of the South Central City, but chose to walk on the side, preparing to use the Traceless Demon Shadow to go in. The preparations required, it was the combination of the Traceless Demon Shadow and the Spirit Devouring Demon Pupil, and the Spirit Devouring Demon Pupil allowed Long Chen to see the entrance that had no one present.

"Whiz!"

Long Chen found a section of wall that had no people around, and used the Phantom Shadow to jump into the South Central City, and then quickly rushed into one of the rooms. When he came out, Long Chen's waist already had the fairyland godly guard's sign, the fairyland godly guard's name was always on it, but in the South Central City, there were a lot of fairyland godly guard, and no one would be able to check on Long Chen because of Long Chen.

Long Chen moved through the crowd of Anti-Central Army like usual and arrived at the center of the Moon Lake. Without saying a word, he jumped into the middle of the Moon Lake.

The Advanced Fields was guarded, and before entering, there would be people who would check the identity tokens. Long Chen did not dare to go closer, and chose to go through the area number 18 previously, which he directly entered the Inverse Wonderland from within the crystal stone.

When Long Chen opened his eyes, he was already in the midst of the clouds and mist at the Inverse Wonderland. Immediately, the sweet smell of spirit medicine assaulted his nose.

Long Chen opened his eyes and looked. The previous mess caused by the Immortal Beast tide had now been swept clean, and all the low level spirit herbs had grown out, Yellow Rank spirit herbs were everywhere, and there were even Profound Rank spirit medicines that could be used for a few steps. As for Earth Rank spirit medicines, they were still protected by the fairyland godly guard.

Coming to the Inverse Wonderland once again, Long Chen's identity was already completely different.

did not have the time to linger around. Just as he steadied his footing here, he had already displayed his speed, using the Spirit Devouring Demon Pupil to dodge the fairyland godly guard, and then, go in the direction of the Advanced Fields. Only the things there would be of use to Long Chen.

More and more, Long Chen realized the great utility of Spirit Devouring Demon Pupil. With the third insight of the Spirit Devouring Demon Pupil, it was able to allow Long Chen to see any life within a fifty kilometer radius. Basically, any opponent would not be able to hide from the Spirit Devouring Demon Pupil. With the Spirit Devouring Demon Pupil, Long Chen could definitely advance towards the Advanced Fields without encountering anyone.

However, the closer he got to the Advanced Fields, the strange feeling suddenly appeared in Long Chen's heart, as if something was trembling. As for exactly what it was, he couldn't feel it, but the closer he got to the Advanced Fields, the more intense that feeling became.

"Just what is it?" Long Chen stopped and carefully examined his body, but he could not find anything.

"Looks like there's something strange within the Advanced Fields. What exactly is it? Could it be Nine Celestial Spirit Fruit? "

Thinking about it, it seemed possible.

"Xiao Xi, do you feel anything strange?" Long Chen suddenly asked.

"No, isn't that normal?" Ling Xi asked.

"Maybe I was overthinking it." Long Chen helplessly shook his head, and then continued to advance forward toward the Advanced Fields. Very quickly, he arrived at the middle realm, and gradually went deeper, until a river appeared in front of him. This river was actually very narrow, but what was strange was that a huge film of light extended out from the river and blocked Long Chen's path.

"It's actually a restriction? It seems like the Advanced Fields is enveloped in this restriction." When Ling Xi saw the Inhibition Formation, she felt like a little wolf had met a fire refining spirit. She was extremely excited.

"How?" Long Chen directly asked. With Ling Xi here, all restrictions would be like floating clouds.

"This restriction is actually very simple, with your strength, as long as it is a Demon Emperor Sword, you can completely break it, but it will definitely cause a huge disturbance, and at that time it will attract other people's attention. So, I need to not break this restriction and bring you in."

"Will it work?" Long Chen frowned slightly. There was someone guarding the entrance to the Advanced Fields at the center of the Moon Lake, and in this place, there was such a light barrier. If Long Chen did not have Ling Xi, he would have made a ruckus before entering the Advanced Fields.

"Of course I can. Just stand there and wait for me for a while." Ling Xi spoke as he exited Ling Xi's sword. Very quickly, he was busy working on the light film on top of the river, extremely serious. After around half an hour, Ling Xi said: "Done!"

Then, Long Chen saw the light barrier actually split open to reveal a hole that was more than a meter in diameter. Without saying a word, Long Chen immediately rushed through the hole and arrived at the center of the Advanced Fields.

"Formidable, right?" Ling Xi swayed in front of Long Chen.

"As expected of my Ling Xi, she is indeed very powerful. Once you have recovered, I will treat you well! "Haha." Saying that, Long Chen laughed.

"Disgusting." Ling Xi flushed red at his words.

Chapter 403 - Red Lotus for Forbidding Blood

After teasing Ling Xi for a while, only then did Long Chen look at his Advanced Fields. The spirit energy within them had become much denser than in the middle region. The clouds and mist in the sky were much denser, and even the ground was covered with a white mist. It seemed like it really was no different from the legendary Immortal Realm.

However, what was different from the spirit medicine that filled the middle realm was that there weren't many spirit medicines in the Advanced Fields. As long as there were spirit medicines, they were usually spirit medicines with profound strengths above the level of the Earth Stage Medium, where the majority of them were high-rank earth class.

After arriving at the Advanced Fields, Long Chen suddenly sensed that kind of trembling feeling become even more intense. It was as if there really was something within the Advanced Fields that was able to attract him, but he was unable to pinpoint exactly why.

"Regardless, the reason why I'm here today is to find the Nine Celestial Spirit Fruit." When Long Chen thought of this, he threw that idea out of his mind and used the Spirit Devouring Demon Pupil, walking in the midst of the vast Advanced Fields. In the Advanced Fields, spirit medicine for normal Earth Stage Medium, there was no one protecting them, and only the high-rank earth class were guarded. Long Chen had encountered several stalks of spirit medicine with high-rank earth class, but because there was someone protecting them, he did not want to join in on the excitement.

Of course, if it was a Heaven Stage elixir, then it would be different. In Canyang Kingdom, anything that had to do with Heaven Stage was a great treasure.

"Xiao Xi, Nine Celestial Spirit Fruit, what level of spirit medicine is it?" Long Chen suddenly asked.

"Beginner level Heaven Stage." Ling Xi said.

"If that's the case, then there should be more powerhouses protecting them." Long Chen nodded his head, the first grade of Heaven Stage was more or less what he had expected. Only the Heaven Stage elixirs would be able to help Ling Xi recover.

After finding a target, Long Chen deliberately headed towards the place where more fairyland godly guard were guarding. At this point in time, he could already be considered to be relatively deep in the Advanced Fields, and beneath the Spirit Devouring Demon Pupil, he was unable to conceal any living beings. Long Chen circled around once, then suddenly saw that there were quite a few people one mile away to the south.

"eighth level of the Milky Way Realm, there's actually two, and also a dozen or so seventh level of the Milky Way Realm. Looks like the imperial family's power is quite a bit stronger than I imagined. That so-called three great clans, they're merely hanging their names, compared to the real imperial family, they're simply ants."

Amongst the Inverse Wonderland, the strongest beasts in the ninth level of the Milky Way Realm had already been killed quite a few times by the Sword Demon and Lin Zichen. Normally, it would be very difficult for them to appear, and with two eighth level of the Milky Way Realm s to guard them, it could already be considered a very strong lineup.

Long Chen had previously seen a spirit medicine of the high-rank earth class, and it had a very good healing effect; it only guarded a few seventh level of the Milky Way Realm s.

Thus, he approached in that direction.

"I smell it, it's not a Nine Celestial Spirit Fruit, but, it's indeed a low level Heaven Stage Elixir." When they were still about two hundred meters away, Ling Xi suddenly said.

"What's that?" It was not a Nine Celestial Spirit Fruit, Long Chen was a little depressed, but, even if it was some other spirit medicine, it would probably be good stuff.

"Red Lotus for Forbidding Blood, this is a spirit medicine that after consuming it, can greatly increase your blood aura and strengthen your physique. Although it doesn't increase the strength of your body, it has an even more majestic blood aura and has the ability to nourish the five viscera. If you consume it, your blood vitality will greatly increase and your physique would further strengthen in all aspects. Ling Xi explained in detail.

"Looks like it's a good item?" Long Chen asked in a low voice.

With the Red Lotus for Forbidding Blood, if you train in another set of body tempering technique, you will definitely be able to obtain an extraordinary result. Of course, the Red Lotus for Forbidding Blood at the very least need to match it with a Heaven Ranked body tempering technique, and it is still unknown whether or not there is a Heaven Tier Battle Skill in the Canyang Kingdom! "Ling Yun said. Ling Xi said.

"Xiao Xi, how long is it until the Red Lotus for Forbidding Blood matures?" Long Chen was even more concerned about this issue.

"Actually, the Heaven Rank medicine is already ripe, but, Heaven class elixir s, if you directly use it after harvesting, the effect will be the greatest, and with the decrease in time, the effect will also accordingly be reduced. If you consume it a few years later, the will be treated as his backyard, and the imperial family will have nothing to fear, that's why they left the Red Lotus for Forbidding Blood here. It is very likely that all the other Heaven class elixir you see have matured, including the Nine Celestial Spirit Fruit. " Ling Xi said.

"In other words, I can take it?" Long Chen's eyes lit up.

"Brother Chen, you've decided to pick them? Aren't you afraid of making any noise?" Ling Xi asked.

Long Chen thought for a while, then said: "Mn, let's wait until I find the Nine Celestial Spirit Fruit, then we can come and see the Red Lotus for Forbidding Blood again. Let's continue walking."

Ling Xi knew, in her heart, Long Chen still wanted this Red Lotus for Forbidding Blood. However, for the Nine Celestial Spirit Fruit, in order to be safe, he chose to give up first. This moved Ling Xi even more.

However, after obtaining the Nine Celestial Spirit Fruit, what should he do?

Ling Xi's heart was filled with confusion.

Never.

This was the outcome that Ling Xi was most afraid of.

While she was at a loss, Long Chen had already continued on his way. He noted down the location of the Red Lotus for Forbidding Blood, and then, he decided which direction to go in.

"It's in that direction, as if there is something that is attracting me, and I hope that it is that Nine Celestial Spirit Fruit." Long Chen thought that by some strange coincidence, he had headed in that direction.

The direction he was heading in right now, was actually the center of the Advanced Fields.

With the Spirit Devouring Demon Pupil, Long Chen basically did not need to worry about anyone discovering him. On the way, he saw many spirit medicines of high-rank earth class, and as for Heaven Rank, he did not see any. It seemed that the Inverse Wonderland would not have more than five Heaven class elixir.

The closer he got to the center of the Inverse Wonderland, the stronger that strange feeling felt on Long Chen. He kept having this feeling that there was something strange about his body, but he couldn't figure out where it was.

"Xiao Xi, do you really feel that something's wrong?" This time, Long Chen was truly suspicious, and asked seriously.

Brother Chen, did you sense something? Tell me about it. "

"Not sure. Right ahead, let's continue! "

After approximately half a quarter of an hour, he once again used the Spirit Devouring Demon Pupil to see that there were actually more fairyland godly guards ahead, and another stalk of spirit medicine was being protected. This time, there were no seventh level of the Milky Way Realm, but there were three eighth level of the Milky Way Realm practitioners!

"Three eighth level of the Milky Way Realm Warriors should be guarding the Heaven class elixir and it's very likely that it's the Nine Celestial Spirit Fruit!" Long Chen was excited and immediately rushed forward. The temptation of Nine Celestial Spirit Fruit s had already made Long Chen forget about that strange feeling.

About two hundred meters away, Long Chen hurriedly asked, "Xiao Xi, did you feel it? Is it a Nine Celestial Spirit Fruit? "

Ling Xi frowned, and after a while, she said: "It is still not a Nine Celestial Spirit Fruit, but it is another type of Heaven class elixir, called Eight Desolations Fire Dragon Fruit! Legend has it that the Eight Desolations Fire Dragon Fruit s are fruits that grew from the essence of the Eight Desolate Fire Dragon after the death of the Ancient Dragon God. Not only is there the essence of the dragon among them, it can help one increase their physique and comprehension, and the fire type energy inside it can allow one to instantly obtain an extremely strong fire attribute. However, for the Little Wolf, this Eight Desolations Fire Dragon Fruit can at least help him reach Ninth Grade Earth Grade! "

"Another good thing! But unfortunately, before I managed to get my hands on the Eight Desolations Fire Dragon Fruit, I still find it hard to get my hands on it. " Long Chen sighed.

Only at this time did he realize that the feeling in his heart was actually incomparably strong, as if there was a very powerful force pressing down on top of his head. He hurriedly raised his head, and just as he saw the sky in front of him, the thick white clouds were actually dispersing at a very fast speed, and within a few breaths of time, an open sky was already revealed!

"What's going on?"

Long Chen had just said that sentence in confusion. Then, he saw that a large number of transparent runes had actually appeared in the empty sky!

The way the Runes appeared was too strange, Long Chen looked carefully, only to see that the gigantic transparent Runes were actually flashing with white light, the Runes dancing extremely quickly, and not long later, it actually revealed the appearance of a Divine Dragon!

Immediately after, a dragon's roar that shook the world rang out. The rune danced at a rapid pace, and not long after, it had completely transformed into a transparent giant Ancient Dragon God!

The appearance of this Ancient Dragon God was not too different from a Primordial Blood Spirit Dragon, but Long Chen could tell that they were two completely different dragons! The Archaic Blood Spirit Dragon was cruel and bloodthirsty. But, this divine dragon actually gave off a strange and illusory feeling!

Seeing this transparent divine dragon, Long Chen's mind shook!

"Xiao Xi! Have you noticed that the dragon image in the sky is actually the same as the dragon rune that I got from the stone talisman last time?!" Long Chen realised in shock, he finally understood why he felt something trembling on his body. It was not his body that was trembling, but his Heaven and Earth Pouch, or more accurately speaking, the Mysterious Stone Talisman in his Heaven and Earth Pouch was vibrating!

"Seems to be so," said Ling Xi in a daze.

Just as Long Chen was in the midst of his shock, the rapidly dancing transparent dragon image in the sky suddenly looked towards Long Chen. In the eyes of the divine dragon, two rays of illusory light exploded, shooting towards Long Chen's eyes!

Long Chen suddenly felt something in his mind. At this moment, the Mysterious Dragon Jade in his sea of consciousness was trembling!

Chapter 404 - Eight Desolations Fire Dragon Fruit

If even the Dragon Jade was showing signs of movement, then this meant that the dragon's shadow in the sky was definitely not simple! He looked around him in shock and found herself in the middle of a

large river. What was flowing in the middle of the river was not a river but that strange, formless ripple, which seemed to be like a gust of fierce wind that swept past Long Chen's body without turning back.

As the ripples flowed past his body, Long Chen felt his body quickly grow old, his skin gradually became wrinkled, his body also started to become bent, his white hair slowly became pale white, and all the energy in his body also disappeared along with the changes. This was completely an irresistible force!

In the middle of the river, Long Chen was just like a spectator, he could only allow himself to grow old quickly, the river flowed by quickly, and Long Chen quickly aged to his limits. His body quickly became weak, and the last bit of life force left his body, only then did he realize that he had already died.

"AHH!"

Long Chen woke up from his stupor and looked around him in shock. He realized that he was once again in the middle of the Inverse Wonderland and that strange river had completely disappeared. Long Chen immediately checked his body and quickly discovered that his body hadn't changed at all. He hadn't aged at all, and those were just illusions.

However, even if it was just an illusion, it was still quite terrifying.

At this moment, Long Chen realized that the invisible divine dragon in the sky was no longer looking at Long Chen, but was dancing around him. Its huge body had enveloped Long Chen under its body, and just at this moment, because of the divine dragon's existence, the three eighth level of the Milky Way Realm guardians had all discovered Long Chen's existence!

They immediately rushed over, and one of them looked at Long Chen coldly, and shouted: "Who are you? Take out your identity jade token! "

If these three fellows were not killed, they would definitely cause a huge commotion. Long Chen used the Spirit Devouring Demon Pupil s to look around and discovered that there was no one within the surrounding half a kilometer. He quickly made his decision.

Without a second word, Long Chen took out the Demon Emperor Sword s. His body suddenly exploded, his extreme speed instantly approaching one of the eighth level of the Milky Way Realm warriors, and the current him, even if he did not use the Dragon Soul Transformation or the Great Mantra of Dao-heart Seed, his body's true qi was still around four times faster than theirs. Hence, his speed of exploding was far faster than the opponent's!

"Sword Qi of the Evil Emperor!" Nearby, Long Chen's eyes were gloomy and cold. Slashing out crazily with his sword, the leading fairyland godly guard was immediately shocked, he immediately blocked, but he could do nothing about it, the Sword Qi of the Evil Emperor was not something he could handle. His Earth Stage Medium's defensive technique was instantly destroyed by Long Chen, the Sword Qi of the Evil Emperor directly smashed into his body, cutting his body in half!

Instantly killed!

"Demon Emperor Sword! You are a member of the Demonic Palace! "

"Brother Zhang!"

One of them used all of his skills and rushed towards Long Chen, while the other took out a horn from his waist, preparing to blow it, but Long Chen was not willing to take out a jade plate, and he was even covering his face, so it was clear that he was not a member of the royal family!

"afterimage sword!"

Long Chen did not give them a chance, he used his Traceless Demon Shadow and his body instantly transformed into ten million. The sword images in his hands also changed into ten million, and two eighth level of the Milky Way Realm practitioners were simply unable to withstand Long Chen's ruthless and violent attacks, he could resist Long Chen's eighth level of the Milky Way Realm and was easily killed by Long Chen with just a few strikes. While the other person was lifting the horn, a black shadow suddenly flashed before his eyes.

The three great eighth level of the Milky Way Realm s, didn't even have the chance to let out their horn, and died in Long Chen's hands just like that. Without saying anything further, Long Chen went over to pick the Eight Desolations Fire Dragon Fruit s!

"With these Eight Desolations Fire Dragon Fruit s, the little wolves will definitely be able to reach the Ninth Grade Earth Grade. At that time, even if the two of us go directly to the palace, what would that count as?" Long Chen carefully placed a fiery-red fruit in his hand into a jade box and placed it inside his Heaven and Earth Pouch.

Just as he was opening the Cosmos Sack, a ray of light flew past Long Chen's eyes. Just now, he was too concentrated on killing those three great warriors that he had forgotten about the divine dragon in the

sky. At this moment, the moment Long Chen took out the Cosmic Bag, a ray of light shot out from his Cosmic Bag towards the divine dragon image in the sky.

Roar!

The transparent and formless divine dragon let out a world-shaking roar. Its enormous body rapidly twined around the mysterious stone talisman, spinning at high speeds, gradually becoming a ball of shadow that Long Chen couldn't see. And at this moment, Long Chen actually felt that the transparent divine dragon and the mysterious stone talisman came from the same source.

"Brother Chen, I know what's going on now, I previously said that the Stone Talisman had lost its talisman spirit and was now useless. Now I understand, that the Dragon Shadow Rune was actually the Stone Talisman spirit, and it was separated by some kind of power, and now we are reunited again, and we are fusing. As long as we succeed, Brother Chen, you might be able to obtain a treasure!" Ling Xi said excitedly!

"Is that true?" Long Chen was also very happy, but he was also worried. He had created such a huge commotion, but he had not found the Nine Celestial Spirit Fruit yet. Even though he had the stone talisman with him, no matter what treasure it was, it would not be as useful to him as the Nine Celestial Spirit Fruit!

"Alright, since it has already been stirred up, we might as well make a big deal. In any case, no one is my match in this Inverse Wonderland, I will make a big fuss, and sweep through everything, I don't believe that I can't get the Nine Celestial Spirit Fruit, even that Red Lotus for Forbidding Blood, I want it too!" Thinking of this, Long Chen decided to no longer be cowardly.

The fusion of the Stone Talisman and Dragon Runes was beyond Long Chen's expectations. He had never imagined that something like this would happen!

Ling Xi said that it was a treasure, and the Mysterious Dragon Jade in her sea of consciousness was still moving. This Mysterious Dragon Jade was the most mysterious and shocking thing on Long Chen's body, and even the ancestral dragon-inherited blood could suppress it, its mysteriousness could be imagined. Long Chen felt that this was the most heaven-defying gift that Long Qinglan had ever left him.

Of course, after making such a big fuss, he still had to ensure that would not reveal his identity while he was using his strength. This would require Long Chen to kill anyone who recognized him, including him!

That time when he was on the run, if it wasn't for the fact that he got lucky, who knows how many times he would have died. This time, the reason why he came back was to give the people of the Royal Family a ruthless revenge, and this revenge would first start with the Royal Sword Demon that was guarding the Inverse Wonderland!

Just as Long Chen was thinking about the Sword Demon, a figure quickly rushed out from within a radius of one Li, heading in Long Chen's direction. Long Chen understood in his heart, the person who could be so fast, was definitely the Sword Demon. Long Chen still wanted to kill him, but he had instead delivered himself to his doorstep. This was what Long Chen naturally wished for!

In just a few breaths of time, the Sword Demon that he met in the middle of the tower appeared in front of Long Chen's eyes. His eyes were like sharp swords, he first looked at the unknown situation in the sky, then immediately moved to Long Chen and asked him with killing intent: "Brat, who exactly are you!"

"The person who is here to take your life!" Long Chen laughed coldly, after saying that, he rushed towards the Sword Demon without any hesitation!

"A mere eighth level of the Milky Way Realm actually dares to act so arrogantly in front of me. What exactly is going on in this world?" The Sword Demon coldly laughed. Both of his arms shook and he immediately opened his Qiankun bag. One after another, black sword images flew out and, under the control of the Sword Demon, steadily stopped in front of the Sword Demon.

Long Chen looked over and saw that there were a total of nine black battle swords!

This is the most exclusive method of my Sword Demon, Nine Heavens War Sword! I can control a total of nine battle swords to attack you, so what can you do to me? " The Sword Demons laughed coldly.

At this moment, each of his hands were holding a battle sword. As for the other battle skills, they were all floating in front of his body. This method of controlling the battle sword in the air was truly extraordinary!

It looked like the sword demon's true qi cultivation was not good enough. However, under the control of the sword, it was truly extraordinary. It could actually use true qi to ride a sword in the air!

Since this guy was known as a demon, he naturally had his own devils!

He temporarily did not take out the Demon Emperor Sword, but took out the Xingjian instead. He really wanted to try and see if he could kill the Sword Demon without revealing his identity.

"With just one of your high-rank earth class swords, you want to use it against my nine high-rank earth class battle swords? Let me tell you, this Nine Heavens War Sword is the number one sword under the Canyang Kingdom's Emperor Sword. Besides the Emperor Sword, the other divine swords are nothing in front of the Nine Heavens War Sword! "

"Whether it's a fart or not, we'll know after testing it out." Long Chen sneered. Right now, he reckoned that the entire Inverse Wonderland knew of what was going on, but it was impossible for people from the elementary and intermediate realms to rush here, so there was no one within a mile around Long Chen. What Long Chen wanted to do was to get rid of the Sword Demon as soon as possible in this short period of time and ask about the Nine Celestial Spirit Fruit from his mouth!

Therefore, the most important thing was still time!

Thinking about it, Long Chen did not waste any more words, dancing with his Xingjian, he suddenly charged towards the Sword Demon!

Chapter 405 - Nine Heavens War Sword

"You're courting death!" Seeing Long Chen dare to recklessly provoke him and even kill fairyland godly guard of the three great eighth level of the Milky Way Realm, the Sword Demon was truly angered. However, he still had a very important question in his mind, and that was, who exactly was Long Chen?

"Who wouldn't dare? As long as I kill you, I wouldn't be able to recognize you from the scars on your body." Thinking of this, the Sword Demon no longer held back.

At this time, Long Chen had already approached him. The Xingjian in his hand slowly rose up and instantly transformed. It turned into numerous afterimages and instantly hacked towards the Sword Demon. Those afterimages shrouded the Sword Demon's head and he suddenly thought of the whistling wind!

"An insignificant skill." The Sword Demon sneered. His eyes flashed and immediately, the nine battle swords danced under his control, letting out a sharp swishing sound. The nine battle swords formed a circle, blocking in front of the Sword Demon!

"Let me show you one move first!" However, can you guarantee that you won't die? " Sword Demon laughed crazily. His ninth level of the Milky Way Realm exploded with true energy, and instantly, streams of air currents extended out from his body and attached onto the nine battle swords, suddenly revolving around them!

"Nine Heavens Poison Dragon Drill!"

True energy exploded as the nine battle swords suddenly rotated crazily, releasing waves after waves of huge gusts of wind. In front of Long Chen, the nine battle swords suddenly rotated, and actually formed into a gigantic cone that pierced towards Long Chen! There were a total of nine battle swords, and with their violent attacks, they instantly landed on Long Chen's Xingjian s!

Dang, dang, dang!

The sound of weapons clashing rang crazily one by one. Long Chen could feel that the irresistible might of the attack had shattered the Xingjian in his hands and turned it into blades that shot everywhere!

"Die!" All of this was within the Sword Demon's expectations. The strength of high-rank earth class combined with the power of eighth level of the Milky Way Realm should have been shattered by his nine consecutive battle swords. After that, all he needed was to thrust the nine battle swords forward, and he would be able to take Long Chen's life!

However, he had underestimated Long Chen.

Having lost a handful of Xingjian, Long Chen understood that without revealing his identity, it was impossible for him to be a match for the other party. Now that he had come, the Xingjian no longer existed, and if Long Chen wanted to live, he had no choice but to reveal his identity.

His body suddenly swayed at this moment, and instantly missed the opportunity for the Nine Heavens War Sword to attack, rushing to the back of the Sword Demon. And in the process, Long Chen's body was rapidly changing, those red dragon scales very quickly covered his entire body, and in a short period of time, his body had already reached the peak of its battle state!

"Beast Soul Transformation, blood-red dragon scale?" The Sword Demon was surprised that Long Chen was able to suddenly dodge his attack. He seemed to have seen Long Chen's identity just now, and was currently quickly searching through his memories, but when he turned around, he actually saw such a shocking scene!

What happened three months ago, although he, the Sword Demon, was guarding the South Central City, he still knew about it. Most importantly, he had met Long Chen before, and Long Chen had killed a person in the Inverse Wonderland before escaping, so Long Chen was able to reverse the situation along the way.

To this youth, Sword Demon actually dared to have a trace of a hair-raising feeling.

"You are Long Chen! What you used just now, should be one of the three great secret scriptures of the Heaven Realm, the Traceless Demon Shadow! " The Sword Demon was extremely shocked, and at this time, looking at the blood red Long Chen, he asked in a stern voice.

Long Chen did not answer him, but used the Dragonsoul Transformation immediately after, causing his Innate Qi to soar once again, to the point that it surpassed the level of the Sword Demon!

"A Dao-heart type of Devil!" This time, the Sword Demon was truly shocked. Long Chen had escaped to the Demonic Palace, and in just three months of time, he had actually learned two of the Demonic Palace's secret scriptures of Heaven Stage? To be able to complete such a terrifying task in such a short amount of time, how much cultivation did Long Chen receive?!

"Long Chen, you came back to the Biyang Royal City this time to take revenge. Unfortunately, you met me first! Even if you do know the Traceless Demon Shadow, even if you know the Dao-heart seed, your attacks are only at the level of eighth level of the Milky Way Realm. Now that your identity has been exposed in the Inverse Wonderland, you are doomed to die without a burial! " Sword Demon laughed crazily.

"Is that so? And what's even more surprising is that ... "At this time, Long Chen opened his eyes which were shrouded in black mist. At this time, his true qi had already surged to a level that exceeded that of the Sword Demon's!

"Even more surprised?" The Sword Demon was shocked. Then, he saw Long Chen extended his hand and slowly pulled out a divine sword that was surrounded with demonic energy from his Cosmos Sack. When that sword was completely revealed in front of the Sword Demon's eyes, the Sword Demon's mind went blank as he expressionlessly spat out three words, "Demon Emperor Sword!"

When Long Chen took out all of the Demon Emperor Swords, the Sword Demon Heart had fallen out of heaven and fallen into hell. The Demonic Palace had the Three Great Secret Scriptures and the most precious Demon Emperor Sword, and now, other than the The way of the Demon Emperor's Sword, Long Chen had revealed all of them. He already had the Demon Emperor Sword, so the Sword Demon didn't believe that Long Chen didn't have the The way of the Demon Emperor's Sword!

This also meant that Long Chen had obtained the most complete inheritance from the Demonic Palace. As long as he raised his cultivation realm to the Heavenly Completion Stage, he would be the other Demonic Palace Lord Zhao Qingyun!

In terms of temperament, Long Chen was undoubtedly a level above him, which could allow him to complete the great reversal of life and death. But now, when this terrifying fellow possessed sufficient resources and power, the Sword Demon couldn't really estimate just what would happen. He stared blankly at the terrifying Demon Emperor Sword, and for a moment, he couldn't say a word!

And after Long Chen took out the Demon Emperor Sword, he was prepared to take the Sword Demon's life!

"You just destroyed my Xingjian, I have used that sword for a period of time, but you actually destroyed it, so" When he said till here, Long Chen suddenly released his Traceless Demon Shadow, and his entire body instantly transformed into a million pieces, without being able to differentiate which one was real and which one was fake. His attack, instantly landed on the head of the Sword Demon!

"Impossible!" The Sword Demon still had an unbelievable attitude towards all of this, but this did not affect his crazy attempts to protect himself. At this time, he suddenly waved his Nine Heavens War Sword, and released the True Qi from his ninth level of the Milky Way Realm.

"Nine Heavens War Sword, Ripping Sky and Earth!"

The Sword Qi weaved through the air, the nine battle swords released ferocious attacks, like a gigantic claw, pouncing towards Long Chen. If Long Chen was struck, he would definitely be cut into pieces!

"What a fierce attack, I wonder if even the Great moxibustion can withstand this!"

Long Chen secretly praised them in his heart. Although there were only two royal ninth level of the Milky Way Realm s, they were both extraordinary people, and with just the Sword Demon's strength, he guessed that she was about the same as the Great moxibustion. The Great moxibustion had the advantage in the Great Mantra of Dao-heart Seed, but the Sword Demon was clearly an expert in offense!

However, the current Long Chen, no matter what direction he was in, had completely suppressed the Sword Demon!

"Sword Qi of the Evil Emperor!" After approaching the Sword Demon's attack, Long Chen suddenly slashed out. Immediately, a black colored Sword Qi roared out, and collided with the Nine Heavens War Sword. The enormous power even caused an explosion!

Dang, dang, dang!

This time, the situation was completely different from last time. Last time, Long Chen's Xingjian s were shaken into smithereens, while this time, there were a total of four sword demons that were split into pieces by Long Chen's Demon Emperor Sword s. If not for the sword demons panicking, the remaining five battle swords would have all been destroyed by Long Chen!

"Oh my god, Long Chen, these nine battle swords are even more important than my life, you actually destroyed them!" After Long Chen destroyed his four battle swords, he let out an earth-shattering roar. At this moment, he had no idea why Long Chen had become so strong. He only wanted to kill Long Chen, and only hate him!

"Go to hell!" At this time, the Sword Demon's eyes turned blood-red. He held the five battle swords in his hands, true essence violently surging, and under his control, the five battle swords actually began to fuse together. In just a few breaths of time, the five battle swords actually fused together into one!

"When all nine of my battle swords fuse together, they can become low level Heaven Ranked Divine Swords. Long Chen, it's your fault, it was you who caused me to lose my Heaven Ranked Divine Swords. I'll let you have a taste of my royal family's Heaven Tier Battle Skill! "

The Sword Demon released a sinister roar, when the five battle swords in his hands merged together, he rushed towards Long Chen like a cannonball, the battle sword in his hands suddenly swung out, forming a sword aura that blotted out the sky and covered the earth, slashing towards Long Chen! That vast attack was at least 10 times stronger than his previous move!

This kind of attack was definitely the Sword Demon's most powerful move!

"Die, Heaven and Earth Emperor Sword!"

This tyrannical sword qi simply wanted to tear the heaven and earth apart. Long Chen had already felt that under this move, the entire Inverse Wonderland was trembling!

"You know the Heaven Tier Battle Skill?" Long Chen let out a cold laugh, he retreated a few steps, and in the process of him retreating, streams of black mist started to surge rapidly on the Demon Emperor Sword, gradually transforming into a long snake, wrapping around the Demon Emperor Sword. But at this moment, Long Chen's expression was indifferent, the aura in his body suddenly erupted, and with a loud sound, Long Chen suddenly slashed out!

Instantly, the sky changed color and the stars turned upside down!

"The The Supreme Sword of the Ancestor Realm of the The way of the Demon Emperor's Sword —!"

As this move was released, an even more terrifying sword energy instantly erupted, rushing towards the Heaven and Earth Emperor Sword that Sword Demon had displayed!

This The Supreme Sword of the Ancestor Realm was the first move of the The way of the Demon Emperor's Sword, and with Long Chen's Innate Qi that was extremely close to the Heavenly Completion Stage, the power of it could be imagined!

Chapter 406 - The Supreme Sword of the Ancestor Realm

When Long Chen used his The Supreme Sword of the Ancestor Realm, the Sword Demon's eyes flashed with a trace of despair, but very quickly, he was once again covered up by his insanity. He roared out one after another, frantically using his Innate Qi, even if he could not win against Long Chen, he would die together with Long Chen!

"This kid, is only at eighth level of the Milky Way Realm, how could he possibly explode with such a powerful sword strike. This The Supreme Sword of the Ancestor Realm's aura, why is it even scarier than my Heaven and Earth Emperor Sword!?"

As this thought echoed in the Sword Demon's mind, the Heaven and Earth Emperor Sword and the The Supreme Sword of the Ancestor Realm began their most pinnacle clash. A loud explosion sounded, causing the entire Inverse Wonderland to tremble, and the sky and earth lost its luster, and in the sky, the thick white fog was dispersed with a loud bang, and all the surrounding spirit herbs were turned to dust in an instant!

"Break!" The black colored Sword Qi released by the The Supreme Sword of the Ancestor Realm shattered the Heaven and Earth Emperor Sword with a lightning speed, causing the Sword Demon's sword to be shattered into pieces, completely shattering the Sword Demon's body, causing him to be covered in blood. Then, the The Supreme Sword of the Ancestor Realm's attack all landed on the Sword Demon's body, causing him to fly out frantically, although Long Chen retracted his hand in the end, he did not kill the Sword Demon right away, but the aftermath of the The Supreme Sword of the Ancestor Realm, still severely injured the Sword Demon to the point of death!

This was the disparity between them. In a battle of true strength, the Sword Demon was definitely not Long Chen's match, and no matter what aspect Long Chen was facing, he was firmly suppressing the Sword Demon!

The gust of wind gradually dissipated, Long Chen's body quickly moved, grabbing the Sword Demon that was sent flying, then pressing him onto the ground, his Sword Demon's consciousness was already extremely blurry, his entire body was burning with pain, and at the moment, his five organs were more or less shattered, and not a single piece of his bones was intact. The broken swords had pricked his body until it was covered in blood, and not a single part of his body was intact!

The Sword Demon had never thought that one day, he would actually die in the hands of such a youngster. Now that he saw this youngster's cold expression, he knew how terrifying he was.

Killing Song Yuefeng, killing the Ninth Prince, killing the six great commanders, and even killing Song Zhongcheng, Long Chen was just like a legend.

The Sword Demon faintly felt that he was only the first, that in the future, there would be even more people who would be killed by this youth. With Long Chen's current strength, he could completely fight against Lin Zichen, who was stronger than the Sword Demon.

The only thing that the Sword Demon could not understand was, why did Long Chen, who was so strong, not kill him immediately?

At this moment, Long Chen held him down, moved closer to him, and said: "Tell me, where are the Nine Celestial Spirit Fruit?"

Although he did not know what Long Chen wanted the Nine Celestial Spirit Fruit for, the Sword Demon definitely could not give him what he wanted.

Just by thinking about it meant that there was definitely a Nine Celestial Spirit Fruit here. Otherwise, the Sword Demon would not have said the word "dream".

"Think about it carefully, and tell me the location of the Nine Celestial Spirit Fruit. Otherwise, I will take away all the Heaven class elixir here, and kill all the experts here until I find the Nine Celestial Spirit Fruit. No matter what, I can find it all on your own. " Long Chen threatened.

Therefore, the Sword Demon, before he died, weighed it for a while, and said powerlessly: "It doesn't matter what I say, the Nine Celestial Spirit Fruit is something my royal brother wants. You came at the unluckily, one month ago, he took away the Nine Celestial Spirit Fruit."

"What!" Long Chen was stunned.

"I've already said it before, if you don't believe me, you can continue to search. After I discovered the Inverse Wonderland's strange phenomenon, I sent a message to my royal brother, if you have the guts, then carefully search for him in the Inverse Wonderland," After speaking, the Sword Demon did not give Long Chen a chance.

"Damn it!"

Long Chen stood up, if it was Sword Demon, then he was afraid that it would happen, and if the Sword Emperor really rushed over, then Long Chen would be done for, he did not want to be done for at this time.

"Brother Chen, look at the sky. They have already fused with one another. Quickly take the stone talisman away, there is a high chance that it is a great treasure!"

Only after Long Chen killed the Sword Demon did Ling Xi dare to say that she wanted to disturb Long Chen. This was an urgent moment, and every second was extremely important!

Only now did Long Chen remember that, in the battle just now, Ling Xi knew that Long Chen was definitely able to defeat the Sword Demon, so she focused on the stone talisman, and now that Long Chen had killed the Sword Demon, she immediately told it to Long Chen. Long Chen raised his head, and saw that the stone talisman had changed back into its normal appearance, floating in mid air.

Without any hesitation, Long Chen stepped forward, and his entire body flew into the air, with a wave of his hand, he placed the mysterious Stone Talisman into his Qiankun bag. In that moment, he only had

enough time to realize that the Stone Talisman seemed to already have life in it, but Long Chen had held onto it for a period of time, so just based on Long Chen's actions, it did not reject it.

Long Chen planned to research on this after he left, and his best course of action now was to quickly search for the Nine Celestial Spirit Fruit. He had already decided, if he could not find the Nine Celestial Spirit Fruit within fifteen minutes, he would believe in the Sword Demon's words and leave Inverse Wonderland!

Thinking to this point, Long Chen burst out with his greatest speed and headed in the direction of the Red Lotus for Forbidding Blood. With the Spirit Devouring Demon Pupil, all of this could be settled easily, and at this moment, Long Chen was displaying his fastest speed, from here to the Red Lotus for Forbidding Blood's position, he did not take long, and majority of the fairyland godly guard guarding the Red Lotus for Forbidding Blood had already headed towards the place where he had fought the Sword Demon previously. Long Chen used the Spirit Devouring Demon Pupil to avoid them accurately, and then arrived at the Red Lotus for Forbidding Blood's location!

One eighth level of the Milky Way Realm, several seventh level of the Milky Way Realm, were simply not enough for Long Chen to kill. His red figure swept through the crowd, the Demon Emperor Sword in her hands instantly taking away all of her life!

"Red Lotus for Forbidding Blood, get it!" Long Chen placed the Red Lotus for Forbidding Blood into a jade box and then quickly placed it into his Qiankun bag.

"Xiao Xi, we have less than a quarter of an hour. We will work together and if we still can't find the Nine Celestial Spirit Fruit, we will leave first!"

"Brother Chen, forget about the Nine Celestial Spirit Fruit, if that whatever Sword Emperor comes, it won't be good!" With regards to the Nine Celestial Spirit Fruit, Ling Xi was still a little conflicted, so she did not look forward to it in the beginning.

"No, I must try again!" His Spirit Devouring Demon Pupil could cover a kilometer of distance, so Long Chen was prepared to open a blanket search!

He reckoned that when something went wrong with the Inverse Wonderland, the Sword Demon would send out a signal to the Sword Emperor, and it would take him about fifteen minutes to the Sword Emperor to receive the signal. With his Heavenly Completion Stage, it would take him at least fifteen minutes to reach the South Central City at most, and even after that, Long Chen wouldn't even need fifteen minutes to kill the Sword Demon.

Speed up! It kept accelerating! As long as a strong Ranker was discovered, Long Chen would quickly approach, and just like the Red Lotus for Forbidding Blood just now, even if there was such a huge change in the Inverse Wonderland, a Heaven Rank spirit medicine would at least have eighth level of the Milky Way Realm protecting it!

During the search, time slowly passed. Long Chen found a few eighth level of the Milky Way Realm s, but they were not guarding Heaven class elixir s, and half of them were headed towards the place where the Sword Demon died!

"Brother Chen, it's about time, I think that Sword Demon's words are definitely not to scare us, that Nine Celestial Spirit Fruit still hasn't been discovered by us, and has definitely been taken away by Sword Emperor first. If we don't leave now, when that Sword Emperor arrives, we won't have any more chances!" Ling Xi said anxiously.

"Damn it!" Long Chen's fist landed on the ground, causing a crack to appear out of the web on the ground!

"It's that Sword Emperor again, good! Since the Nine Celestial Spirit Fruit is on your body, if you don't use it, I'll kill you and take it from you. I don't believe that after a while when I reach the ninth level of the Milky Way Realm and rely on the Dragon Soul Transformation, I won't be able to kill you! "

In the end, Long Chen did not find the Nine Celestial Spirit Fruit, but he had already scoured through the Inverse Wonderland's Advanced Fields thoroughly, so he had no choice but to give up and head in the direction of the exit!

"Brother Chen, don't be angry, Xiao Xi is not in a rush. Nine Celestial Spirit Fruit have a long journey ahead of them, and our harvest this time is still very big. There are Heaven Rank Red Lotus for Forbidding Blood s and Eight Desolations Fire Dragon Fruit s, and there's even that mysterious Stone Talisman," Ling Xi consoled Long Chen as he saw his gloomy face on the way.

"I understand. Lil 'Xi, there is no need for you to comfort me." Long Chen said indifferently, at this time he had already rushed to the Advanced Fields entrance. When he was searching on the carpet, he had already discovered the entrance, and now, Long Chen had removed his Dragonsoul Transformation and readjusted his attire, changing into the appearance of a mature twenty-five year old youth.

"When I get out later, there will definitely be someone at the entrance to intercept me. I want to instantly use Blood Escape and run to where the wolf cub is!" After thinking to this point, Long Chen took a deep breath, then rushed out of the entrance. As expected, countless attacks landed on him in an instant, there were many lacking attacks from the eighth level of the Milky Way Realm, but Long Chen

had already planned this long ago. He had activated the Blood Escape Technique in an instant, and his entire body immediately turned into the image of a blood colored dragon, disappearing from everyone's sight.

The people who were left behind all looked at each other in dismay.

"Where is he?"

Chapter 407 - The appearance of the Sword Emperor

Blood Escape's ability was one of the inherited abilities of the Primordial Blood Spirit Dragon. Long Chen used the smallest technique, but this did not mean that the Blood Escape was not heaven-defying.

When Long Chen was still in the 4th level of the Milky Way Realm, even if he used that Blood Escape, he could still escape the pursuit of the beasts of the Ninth Grade Earth Grade. Not to mention now, in the eyes of the practitioners of the eighth level of the Milky Way Realm, Long Chen's figure had just appeared and immediately disappeared.

The group of people looked at each other and exclaimed, "Where is he? Wasn't someone just now? Why is it gone? "

"He won't escape right?" One of them said.

"It's very possible. An expert that can make Lord Sword Demon personally rush in must be very terrifying. We couldn't all have been hallucinating just now, so that guy must be a super master. Moreover, he must have already escaped!"

These words stunned Long Chen.

"Let's go in and take a look. We have to find out what's going on inside. This guy actually came out. Could it be that Lord Sword Demon is no match for him?"

"Impossible, it must be because he escaped from the Sword Demon's hands! We have to chase him, but we can't chase everyone. You, you, you, you three stay here, the rest of you follow me around, maybe he's just around the corner! "

One of the men who looked to be the leader said.

"Chief, should we send someone to take a look?" I wonder what's going on inside? " One of the warriors asked.

"That's true. You, and you, go in and check. If anything happens, tell someone to it to us immediately!"

"Yes sir!" The two warriors accepted the order and entered the Inverse Wonderland. The rest left three people to guard the entrance while the rest followed the leader to search around the South Central City.

Just a short while later, suddenly, a huge pressure acted on the South Central City, causing all the people in the South Central City to tremble. No matter what they were doing, all of them knelt on the ground and said in a clear voice, "We pay our respects to the Sword Emperor!"

Just as everyone was speaking, a warrior rushed out from within the Inverse Wonderland. His face was filled with shock and panic, and after he came out, he shouted in grief and indignation: "Not good, not good, Lord Sword Demon has been killed! Heaven stage spiritual herbs are also gone! "

At this time, it was the quietest time. His roar seemed to have spread throughout the entire South Central City, causing the entire South Central City to tremble!

"What!" A loud shout shook the messenger until he bled out of his seven orifices and died!

Everyone knew that the angry voice came from the highest existence of the Canyang Kingdom, the legendary Sword Emperor!

Using the blood escape technique, Long Chen ran for a total of five kilometers. Last time when he used the blood escape technique, the distance of five kilometers had almost been completely used up of Long Chen's True Qi, and this time was even faster. Although Long Chen had more True Qi, he could not withstand the berserk consumption of the blood escape technique!

Ten kilometers away, Long Chen, who was leaning on the Spirit Devouring Demon Pupil, discovered the Little Wolf's location. He immediately stopped in front of the Little Wolf and shouted: "Little Wolf, flee in this direction!"

During the process of using Blood Escape, Long Chen had already felt the terrifying pressure from the direction of the imperial city. This was pressure from the Heavenly Completion Stage experts, a level that Long Chen was simply incapable of contacting right now, and it was enough to make him feel fear.

Xiao Lang was not stupid, when Long Chen appeared, he immediately turned into his battle form, and rushed towards the direction Long Chen pointed to. He was only five kilometers away from South Central City, and although Sword Emperor did not know which direction he was at, it was not a safe place, which was why Long Chen had to leave in such a hurry.

Right now he was heading towards the south, at this moment, the Innate Qi on Long Chen's body had already been completely used up due to the blood escape, so he was anxiously recovering his Innate Qi on the Little Wolf's back. Not long after he started moving, an angry roar came from the direction of the South Central City, it could even be described as an earth-shattering roar.

"Fortunately, I heard what Xiao Xi said and escaped in time." Long Chen breathed a sigh of relief.

Time slowly passed, and the Little Wolf ran in the desolate wilderness, nothing could affect his speed. After half a day, Long Chen made the wolf cub stop, they were currently about a thousand miles away from the South Central City, and basically did not need to worry about the Sword Emperor being able to find them.

In the midst of the forest, Long Chen was sitting on the ground while panting heavily, while the wolf cub was also almost lying down due to exhaustion. However, when he saw Long Chen's pleased expression, he hurriedly asked Ling Xi about what he had said, and only Ling Xi could understand what he had said.

Ling Xi knew what had happened, so she told everything that had happened in Inverse Wonderland to Little Wolf. After the wolf cub had digested these words, they had finally recovered. Long Chen had also recovered her true qi in the next half day.

However, it was really dangerous just now ...

After he finally regained his composure, Long Chen rested for a while and chatted with Ling Xi for a while. Only then did Long Chen remember to count his gains this time, but unfortunately he did not obtain the Nine Celestial Spirit Fruit, and with these three things, he could finally get some comfort.

"Just as the Sword Demon said, that Nine Celestial Spirit Fruit might very well be on that Sword Emperor, I am not his opponent right now, so it is better not to fight him head on. It seems like my strength is still not enough, if I want to take revenge, or even take revenge for that little wolf, killing that Sword Emperor is not something that can be done in public."

After Long Chen pondered for a while, he finally calmed himself down.

Hearing that Long Chen had killed one of his three enemies, the Sword Demon, Xiao Lang was very happy, but it was a pity that he was not the one who attacked, otherwise, he would be even happier.

At this time, Long Chen called out to the wolf cub. He then took out a jade box from his Qiankun bag and placed it in front of the wolf cub, saying: "Little Wolf, it has been hard on you just now. This is your reward, take it and eat it without worry, it's absolutely safe here!"

The moment the Eight Desolations Fire Dragon Fruit's aura was released, the wolf cub had already felt it. He was extremely sensitive to fire attribute items, and there was no need to talk about the Eight Desolations Fire Dragon Fruit, which was a heaven-step medicine. Immediately, his face revealed an extremely pleasantly surprised expression.

He needed to find a place to refine it nearby. By the time he appeared again, he should already be at the peak of the Earth Rank Demon Beast, the existence of Ninth Grade Earth Grade.

"The increase in the power of the wolf cub will certainly bring me even greater help. But because of his identity, he is temporarily unable to follow me into the Biyang Royal City. Sword Emperor is not in a hurry to kill them, so he bit back and ate them.

Long Chen would never forget that three months ago, he was the one who used a Emperor Sword Qi and forced Ling Xi to abandon its body. Back then, Lin Zichen was proud and aloof, but now, Long Chen fully possessed the combat power to fight him, and had returned to the Biyang Royal City!

"I believe that I will give you a great surprise." Long Chen sneered in his heart.

"Brother Chen, how are you going to deal with the Red Lotus for Forbidding Blood and the stone talisman?" At this time, Ling Xi anxiously asked, because the thing she was looking forward to the most was still the mysterious rune.

"Red Lotus for Forbidding Blood, I don't have a Heaven Rank body tempering technique, can I refine it?" Long Chen asked.

Refining the body tempering technique is naturally possible, however, since you are lacking a Heaven Ranked body tempering technique, the Red Lotus for Forbidding Blood will not have any use for it, and will only be stored within your body. Therefore, you should wait until you possess a Heaven Ranked body tempering technique, and then use it together with others. Ling Xi said.

"Yes." Long Chen nodded his head, and said: "Since that's the case, then let me take a look at this rune."

This thing, if used correctly, would be Long Chen's greatest gain. However, last time, Long Chen only channeled his Innate Qi into the body of the Rune. In the span of a few breaths, two days had passed, and this time, Long Chen could only be cautious.

At this moment, he took out the stone talisman and placed it in his hand. As he focused his eyes, the originally illusory dragon image on the stone talisman suddenly became clear.

"Just what is this thing that even I can't see through?" Ling Xi was a little nervous as she flew back and forth on the stone talisman.

"Strange, there are no restrictions at all, but it's like a fog. I can't see anything." Ling Xi tilted his head, and said with a troubled expression.

The frown on her face was tasty.

"Why don't I try infusing more zhenqi into it?" Long Chen asked tentatively.

"Aren't you afraid that a few years will pass just like that?" Ling Xi asked somewhat nervously in response.

The past few years? Long Chen suddenly remembered that in the middle of Inverse Wonderland, when the divine light from the eyes of the illusory dragon silhouette in the sky was projected into Long Chen's eyes, he had felt as if a river was quickly flowing by his side. And at that time, he was quickly aging.

"Could it be that the flowing river is time, or the passage of time?" Only then did Long Chen remember.

Then, he remembered that Ling Xi had once mentioned that within the Primordial Ten Great Ancestor Dragon, there was an Ancestral Dragon that could control time. Its strength was heaven defying, and it even surpassed the Primordial Blood Spirit Dragon.

On top of the Dragon Jade, a strong suction force suddenly appeared, and acted on the stone talisman. Before Long Chen could even react, the stone talisman in his hand was already pulled towards his chest, and then, it had actually fused into his body ...

Chapter 408 - Great Void Dragon Symbol

"What's going on?" Long Chen was shocked. At this time, his entire body seemed to have lost all feeling, and he was completely unable to move at all, as he helplessly watched the stone talisman embedded into his chest, before gradually merging with his own flesh. It could even be said that the part of the stone talisman had already completely turned into Long Chen's flesh!

Then, the Mysterious Dragon Jade in her sea of consciousness stopped moving. Long Chen carefully looked at his own chest, and then he realized that there wasn't any big change, the only change was that right in the center of his chest, there was actually a dragon-shaped symbol. It was an illusionary dragon-shaped symbol that vaguely appeared on Long Chen's chest.

"That Stone Talisman has actually fused into my body?" Long Chen's face was filled with shock. He was just about to ask Ling Xi what was going on when his mind suddenly shook and a stream of information flowed into Long Chen's mind. Long Chen quickly found out what exactly this was.

"This Dao rune, its name is Great Void Dragon Symbol."

Long Chen did not know the specific origin of the Great Void Dragon Symbol, but what he did know was that right now, he could probably be considered the owner of the Great Void Dragon Symbol. Of course, because his strength was limited, he was only able to control a small portion of the Great Void Dragon

Symbol's abilities, but just this small portion of the ability was actually the same as the Primordial Blood Dragon's ability that defied the heavens!

"Brother Chen, how did this happen?" Ling Xi saw that Long Chen had finally recovered and immediately asked.

"This thing melded into my body. Moreover, it seems like it has already acknowledged me as its master. Its name is Great Void Dragon Symbol!" Long Chen was afraid that Ling Xi would be worried, hence he immediately told her everything.

"Really? Could the Great Void Dragon Symbol have something to do with the Ancestral Dragon that controls time?" When Ling Xi thought about this, her face was full of excitement.

"I don't know about that, but right now I can use this Great Void Dragon Symbol to unleash a powerful ability!" Long Chen smiled mysteriously.

"Really? Hurry and tell Xiao Xi. "

"I can only use the word 'pervert' to describe this divine ability. This divine ability is called: Reverse Time Flow!" Long Chen said somewhat excitedly.

"Reverse Time?" Ling Xi couldn't understand at all, what exactly did this represent?

Seeing that she did not understand, Long Chen explained in detail: "Time Reverses Flow, for the time being, I can only use it on myself. Time reverses flow, as the name implies, I can control the Great Void Dragon Symbol, completely reverse the flow of time, and let my time go back to the past! Of course, the current reverse flow of time can only be used on me, and it doesn't seem like it can be used on anyone else! "

If you were to go back to three months ago, wouldn't you only have 4th level of the Milky Way Realm?

"" That's right. Ling Xi was shocked, and asked anxiously.

"You idiot!" Long Chen was truly a little speechless towards her.

"Right now, I am only using the reverse flow of time. It hasn't even reached the degree of three months. If I use my full strength, I can probably only reverse the amount of time I have left until ten breaths of time has passed, right?"

"What's the use?" Ling Xi opened her eyes wide, the expression in her eyes was still filled with confusion. She really couldn't figure out why Long Chen was so excited!

"Xiao Xi, I've found out that you're an idiot!" Long Chen could not hold it in any longer, and poked Ling Xi's head with his finger.

"Hurry up and say it, I just don't understand." Ling Xi said with a face full of grievance.

"Think about it, if I was seriously injured in battle, even if I only had one thought, as long as I used this thought to cast the Great Void Dragon Symbol, I would be able to bring my body back to ten breaths before a normal battle. If I was injured, it would only take an instant for the me ten breaths earlier to be completely fine. Do you understand, immortal body! As long as the other party didn't annihilate my soul in an instant, I can use Great Void Dragon Symbol s to revive! This Great Void Dragon Symbol, is equivalent to a set of heaven defying life combat technique! " Long Chen said excitedly.

Ling Xi completely understood now.

"Wow, so abnormal?" After hearing Long Chen's description, Ling Xi was extremely shocked. She only knew that Long Chen probably possessed the Primordial Blood Spirit Dragon's Inherited Blood Essence, and Long Chen's abilities that came from the Primordial Blood Spirit Dragon were each more abnormal than others. Right now, he had only obtained a mysterious Great Void Dragon Symbol, but he actually possessed an ability that even shocked Ling Xi.

Time reversed!

Even in the place where Ling Xi grew up, no one was able to control the flow of time. Only some of the supreme experts of the Primordial Era, and even the Primordial Divine Dragon Empire, were able to slightly control the flow of time. However, Long Chen was able to do so.

"Brother Chen, you must protect this Great Void Dragon Symbol well, you definitely cannot let anyone know the use of this thing, this Great Void Dragon Symbol is definitely the most valuable treasure out of all the treasures, you only need to slightly control it, to have such power, in the future it will definitely

be even more heaven-defying. Even where I am, this Great Void Dragon Symbol is also a treasure that all the experts would risk their lives to snatch!" At this point, Ling Xi had a deep understanding of the power of Great Void Dragon Symbol.

As long as Long Chen was not dead, he could use this move. Reaching an undamaged realm, this would be equivalent to having an extra life in battle, and this kind of ability was even more heaven-defying than Long Chen using his blood escape technique to escape.

"With Blood Escape and time reversal, I can almost live on. However, there is a limit to the most powerful divine ability, and with Blood Escape, I would have to exhaust all of my True Qi every single time. As for time reversal, there is a cooldown, and I can probably only use it once a day at most." Thinking of this, Long Chen felt a little regretful that he could only use it twice a day if the opponent was really strong.

"Brother Chen, don't be too greedy. There are no truly limitless divine abilities, all of them will be within the rules of the heavens. If you can reverse the flow of time without any restrictions, then you will never die. Even if there is a limit, a divine ability like yours can already be considered top quality. Even in my family, there isn't such a divine ability, so you should be satisfied. " Ling Xi knew more than Long Chen, and laughed softly.

Long Chen was already satisfied.

Furthermore, Xiao Xi, I have a faint feeling that this Great Void Dragon Symbol must be related to the ancestral dragon that controls time, called Great Void or something like that. Maybe by relying on this Great Void Dragon Symbol, I can find the inherited blood essence of that ancestral dragon! Long Chen laughed.

"Don't think too much about it. The ancestral dragon's inherited blood essence is basically extinct. It has never been recorded to have existed before. Some people have even found the ancestral dragon's inherited blood essence." Even with your inherited blood essence, I am not 100% sure that it is the blood essence of my ancestor. I just cannot understand, how could a normal secret scripture contain the blood essence of my ancestor? " Ling Xi rolled her eyes at Long Chen and said.

Long Chen laughed helplessly.

The blood essence of the Dragon Seal could only be Long Qinglan's work.

Right now, he was already satisfied. Lowering his head to look at the dragon symbol on his chest, he felt that Long Chen's heart was beating together with his.

"Blood Refinement Art, Dragon Soul Transformation, Blood Sacrifice, Blood Escape, Devouring Blood Realm, and the Time Reversal Technique that I have now. These six abilities are all rare and absolutely heaven-defying, and I don't believe that with these trump cards, I won't be able to reach the peak of my cultivation!" The current Long Chen was filled with confidence!

Long Chen believed that the Lin Zichen blocking his path and that mighty Canyang Kingdom was merely a small stumbling block in front of him. There would come a day when Long Chen would kick them away.

"Xiao Xi, with this reversal of time, I have more confidence in finding a Nine Celestial Spirit Fruit for you. Just wait, I will help you recover your physical body very soon, making you want to live like a normal person, have everything that a normal person has, and also be able to recover your original strength and have everything that you have!" Long Chen said to Ling Xi with blazing eyes.

This could be said to be the biggest dream and most persistent determination in Long Chen's heart as he travelled here.

"Brother Chen, actually, you have the feeling of a normal person. The Herba Euphorbiae is already enough for me to experience," Ling Xi suddenly said as he lowered his head.

"Idiot, how can that be enough? Those are all fake. This time, I will give you a real one!" Long Chen said boldly.

"But what if we were to separate after we obtain the Nine Celestial Spirit Fruit?" Ling Xi gritted her teeth, hesitated for a moment, then suddenly said.

"Why should we split up? In this Canyang Kingdom, who else can make us split up? No matter who it is, as long as they have the intention to kill my Xiao Xi, I will immediately chop them into pieces. Long Chen patted his chest and laughed.

No matter how good Long Chen's imagination was, it was difficult to imagine that the families of Ling Xi could sense her existence from such a distant place. But to Ling Xi, all of this could only be left to fate.

Furthermore, he was familiar with the Great Void Dragon Symbol. To him, the Great Void Dragon Symbol was undoubtedly an extremely mysterious existence, and after Long Chen had toiled for half a day, he still only knew the name of the Great Void Dragon Symbol, as well as the method to use the time reversal technique.

"Forget it, I'll just cultivate honestly and strive to reach the ninth level of the Milky Way Realm in order to obtain the Nine Celestial Spirit Fruit." Thinking about that, Long Chen started to cultivate.

Time slowly passed. The little wolf spent a total of five days to refine the Eight Desolations Fire Dragon Fruit. When the little wolf once again appeared before Long Chen's eyes, he was already a demon beast of Ninth Grade Earth Grade.

There were no Heaven Rank beasts in the Canyang Kingdom, so at least in the Canyang Kingdom's range, the little wolf was the top beast.

Chapter 409 - The Little Wolf of Ninth Grade Earth Grade

At this time, the might of the little wolf's entire body had increased by quite a bit. Its black bright eyes, sharp claws, sharp teeth, and the thick fire attributed aura on its body made even Long Chen's heart palpitate. Long Chen faintly felt that the current Little Wolf, with its divine fire clone, Great Mantra of Dao-heart Seed, and the most terrifying Nine Hell Devil Ancestral Fire, was probably not even his match.

In the Canyang Kingdom, other than the Sword Emperor, the rest could definitely dominate them.

Since the wolf cub had already successfully reached the Ninth Grade Earth Grade, then it was time for him to return to the Biyang Royal City. With the current chaos in the Inverse Wonderland, after five days, the commotion would probably be over. It was more appropriate for Long Chen to return to the Biyang Royal City at this time.

"I don't have enough strength now, so I can only try to kill that fellow, Lin Zichen. Let's go, Little Wolf, to Biyang Royal City." After Long Chen gave his instructions, he and the little wolf set foot on the road to return to the Imperial City. This time, because they were not fleeing for their lives, Long Chen slowed down.

When he arrived at Biyang Royal City once again, it was already early morning.

Looking at this city which was basked in the morning sunlight, Long Chen revealed a faint smile.

"Now, Lin Zichen should be busy with the matter of seizing the throne in the palace, wanting him to come out, and furthermore, stay far away from the Sword Emperor. With a safe environment, it seems like it won't be easy, forget it, if he doesn't step into the tiger's den, there won't be any chance of getting him. Long Chen thought.

I will enter the Imperial City right now. Little Wolf, find a place to stay obediently in the vicinity, and if I were to take action, I will naturally tell you, I cannot stay in the Imperial City for long, so after entering, I will act quickly and lure Lin Zichen out! I will make my decision right away. And it was with the premise that we did not alarm the Sword Emperor. "

had already planned things well, he nodded, and turned around to play with himself. For Goblin Beasts, there was no need for them to cultivate, because as long as they grow to an adult, their levels would already be decided. But the little wolf was different, he would only need to level up a Goblin Beast very rarely, but he did not need to cultivate.

Thus, under normal circumstances, the wolf cub was very idle.

During this time, he basically chose to sleep. Firstly, the last time he burnt his life force, his soul was damaged, so sleep could help him recover. Secondly, in general, under the condition of sleep, he could digest the food he ate very well, and his cultivation improved even faster.

More importantly, when Ling Xi was around, the little wolves were basically ignored by Long Chen, so he could only sleep ...

After setting up the little wolf here, Long Chen changed into a set of clothes and changed into the appearance of the twenty-five year old. He even gave himself a new name, Yang Qing.

"I wonder how that silly girl is doing right now. Would that woman called Li Xuanji treat her well?" Thinking about it, Long Chen became a little worried. He secretly decided that he had to quickly grow, and then he would go to that place that Li Xuanji thought he would never be able to go to, and then snatch Yang Lingqing back. He would never be at ease no matter where his own sister went.

Long Chen had recently killed a lot of people, but he did not have any swords for high-rank earth class, but there were quite a few for Earth Stage Medium. In the palace, the most he could at most display was

the strength of their eighth level of the Milky Way Realm, so Long Chen knew that it was best for him not to make a move.

Thus, the sword was only used for show.

"I remember, Red Sun Restaurant, should be here," Long Chen had only casually seen this restaurant on his way to Prince Jadeite's manor and he had not been there before. Right now, he followed his memory and arrived at the restaurant. When he saw that he was young and light, it seemed that his cultivation was not low anymore.

"Give me a guest room." Long Chen interrupted him and said.

The manservant quickly made arrangements.

Right after he entered the guest room and closed the door, there was the sound of someone knocking behind him. Long Chen smiled as he opened the door, and sure enough, he saw the First Prince, Lin Batian, excitedly looking at him.

"Come in." Long Chen chuckled, and opened up a path.

"Thank you, mister!" The First Prince hurriedly nodded and walked into the room. At this moment, there was another person following behind him. This person was dressed in heavy black armor with a helmet, military boots and the attire of a high-ranking officer. Long Chen raised his head and saw that the person was around forty years old. He looked rough and rough, but his eyes were sparkling.

This person's strength was none other than eighth level of the Milky Way Realm.

"Teacher, I am really too excited to be able to come here. May I ask, since you have shown up here, you must have agreed to help me?" Right after entering, Lin Batian asked as he looked at Long Chen with sincerity.

Long Chen nodded, and did not say anymore, so as to not reveal anything else.

"Thank you sir, may I know how to address you?" Lin Batian replied respectfully, he was a prince and being able to be so respectful to Long Chen, was naturally because of his extraordinary strength.

"My name is Yang Qing." Long Chen said.

"So it's Mr. Yang!" Lin Batian nodded, and then introduced him to Long Chen: "This is my uncle, he is also a First Commander, his strength is eighth level of the Milky Way Realm, Mr. Yang should have heard of his name before right?"

Long Chen raised his eyebrows, looked at the middle aged officer, and said in his heart: So this is Imperial Guard Army from the Imperial Guard Army, if he really took action then, I am afraid that I would have lost my life, who knows what kind of expression he would have if he knew that I killed the other six commanders.

"First Commander's name is naturally well-known, however, Your Highness does not need to call me Mister Yang, if you think highly of me, then just call me Brother Yang." Long Chen said indifferently.

"In that case, I will call you Brother Yang. Brother Yang, you have decided to help me, but I am unable to express my gratitude. I once said that if you need anything, you can ask me!"

"Wait." When the First Prince said till here, the First Commander beside him suddenly interrupted him. Then, he looked at Long Chen with cold eyes and asked, "I dare to ask Brother Yang, what is your cultivation level now?"

Long Chen understood that this First Commander was worried that the First Prince would be tricked, and that Long Chen's whereabouts were indeed suspicious. For an expert like him to suddenly appear in the imperial city, this made the First Commander have no choice but to pay full attention.

"eighth level of the Milky Way Realm." Long Chen said very calmly.

"With your young age, you should be able to kill other eighth level of the Milky Way Realm easily with just your eighth level of the Milky Way Realm. With Brother Yang's talent, you should definitely be like a thunderclap in the ears of the Canyang Kingdom. How come I have never heard of Brother Yang's name before?" The First Commander seemed a little overbearing.

Lin Batian was shocked, and immediately explained: "Brother Yang, he only wants to know your identity, although his words are a little aggressive, I hope that Brother Yang will not bother with him."

"It's fine." Long Chen looked at First Commander and laughed: When I came to Canyang Kingdom, I was never prepared to reveal my identity, but since he really wants to know, then I might as well tell him. I will not stay here for too long anyway, honestly speaking, I am from West Sea Country.

Although the West Sea Country s were neighbors to the Canyang Kingdom s, they were also very far from it. There was even a large mountain range separating them, and normally, they wouldn't have much to do with each other. The First Prince often battled in the borders, but only in the eastern regions.

"So it's an expert from the West Sea Country. Please accept my apologies." Lin Batian immediately said.

"Tell me the truth, the reason why I helped you was because I heard that there were Heaven class elixir in the Inverse Wonderland. Last time, Your Highness promised me that as long as I succeed in helping you ascend the throne, as long as you can obtain something, you will find it for me. May I ask, if I want a Heaven Stage medicinal herb, can you give it to me?"

Long Chen simply concocted an excuse. This way, his goal would be very obvious, and the First Commander would not suspect that he had other plans.

"In your dreams!" To the First Commander, Long Chen was asking for an exorbitant price, so he could not help but say that right away.

"Shut up!" At this time, Lin Batian had no choice but to get angry at the First Commander. Even though he was his uncle, if he wanted to do bad things, Lin Batian had no choice but to be harsh with him.

Then, Lin Batian looked at Long Chen and said: "Brother Yang, I can promise you Heaven Rank spirit medicine, but I have one condition, and that is to get the first bed. If I succeed, you must use your greatest strength and occupy the biggest part of the contribution, how about that?"

"No problem." Long Chen laughed indifferently.

"Brother Yang is truly a straightforward person, we admire you!" Lin Batian praised, then turned his head back and rolled his eyes at First Commander. Seeing that he and Long Chen had already come to an agreement, First Commander lowered his head and no longer said anything.

"I wonder when Brother Yang will follow me into the palace?" Lin Batian asked expectantly.

"No rush, Your Highness, at the moment, tell me everything I need to do, for example, the Lin Zichen I need to deal with, what kind of strength does he have? I heard it was ninth level of the Milky Way Realm? Hehe, to be honest, even though I use eighth level of the Milky Way Realm, I had once defeated. This Lin Zichen is even younger than me, I think he isn't my match. " Long Chen deliberately acted as if he did not know how high the sky was and how deep the earth was.

Here, it was all a matter of scheming and being schemed against. What Long Chen displayed right now was a look as if he knew nothing about Canyang Kingdom at all. Only like this, would the other party lower his guard.

Hearing Long Chen's words, the First Commander sneered.

Chapter 410 - Meiji

He originally thought that Long Chen might really have some ability, but he didn't expect that he would actually say something that could defeat Lin Zichen. This caused First Commander to no longer look as solemn as before.

"It seems like Batian was only using his strength. If he really let Batian successfully ascend the throne, with his personality, he would definitely kill him." First Commander thought.

In fact, he did indeed understand Lin Batian. At this moment, Lin Batian was thinking about this. Putting aside the fact that the Inverse Wonderland had experienced a major event before, the number of Heaven class elixir in the royal family's hands was already few and far between. Even if there was, even if he, Lin Batian were to become Crown Prince, he would not be able to obtain the Heaven class elixir, and Heaven class elixir s were all things that were in the hands of the Sword Emperor!

"Lin Zichen is my fourth brother, and is also the number one genius of my Canyang Kingdom's younger generation. At such a young age, he is already an expert in ninth level of the Milky Way Realm. Since Long Chen wanted to understand Lin Zichen, Lin Batian explained the details to him. After about an hour, Lin Batian asked: "Brother Yang, about the situation, I have already explained it all to you, shouldn't you follow me to the Imperial Palace?"

Long Chen nodded his head, and said: "That Lin Zichen is not bad, but with my strength, it is not impossible for me to deal with him. This matter should not be difficult, so, from now on we can consider it as the result of the transaction, you should prepare the Heaven class elixir, and before long, I believe you will need to give it to me."

"Many thanks for Brother Yang's support. In the future, I will soar into the heavens, and I will definitely not forget Brother Yang's kindness today!" Lin Batian expressed his gratitude.

Long Chen laughed.

Following Lin Batian, Long Chen started to walk towards the imperial palace. This was the first time he had gone to the imperial palace. At this time, First Commander was walking beside him. Although his eyes looked to be in front, most of them were only looking at Long Chen's movements.

However, he could not find anything on Long Chen.

"To me, the palace is a dangerous place, I cannot stay for long," Long Chen thought.

The First Prince was dressed like a noble young master today. There were not many people who had seen him in the Imperial City, so he would not be recognized. Only then would he be able to walk normally on the streets.

The three of them walked on the main street, which was a wide street that led directly to the Imperial Palace. As a result, this road was very lively. At this time, Long Chen suddenly heard someone discussing.

"Have you guys heard? In the northern Snow Peak Mountain Range, demon beasts are rebelling, and countless demon beasts are flooding into the Canyang Kingdom. I heard that a city has already been completely occupied by demon beasts, and tens of thousands have died!"

"I also heard that right now, those demon beasts are attacking the northern city's Jiang City. If the Imperial City does not send troops to assist them, then I'm afraid that the Jiang City will become a killing ground for the demon beasts. With so many weak and elderly women and children, how can they not die when encountering those demon beasts?"

"I heard from the people who escaped that day that there was a lot of grief!"

Hearing that, Long Chen frowned, he raised his head and asked Lin Batian: "Northern Jiang City, such a thing actually happened?"

Lin Batian nodded his head, and said: "Recently, I have also been worrying about this matter. Honestly speaking, my guess is that royal father would have me lead the troops to suppress the demon beasts, after all, this is a wave of demon beasts, and with one person's strength, it's difficult to fight them. But I also heard that there's actually a demon beast with Ninth Grade Earth Grade above, within the demon beast horde. And now, father has the intention of becoming the crown prince ... "

"Which is to say, you can calm the waves of demon beasts, and the head of that demon beast needs to be at Lin Zichen's level to be able to be killed. Also, there is the matter of seizing its heir ..." A light flashed through Long Chen's mind.

"Everything can only be decided by father. At that time, if he asks me to leave, I can only leave, but the most depressing thing is that Lin Zichen will always be by father's side. His chances are much greater than mine ..." As he said till here, Lin Batian felt a little helpless.

It was the first time Long Chen entered this golden palace, and he couldn't help but exclaim in his heart. The dressing of the palace was countless times more luxurious than the Demonic Palace, and the Demonic Palace looked like a place for cultivation. Although the palace was magnificent, it was filled with a bloody killing intent.

"Starting from here, it will be the temporary palaces of princes that have yet to be conferred the title of 'Prince'. My palace will be called the Palace of Qian Wen, and Lin Zichen's palace will be that one," said Lin Batian as he pointed at the luxurious building across them, "This is Lin Zichen's Star Palace. Usually, Lin Zichen will cultivate in this Palace."

When he said till here, Long Chen suddenly felt a wave of dangerous aura. He raised his head, and indeed, he saw at the entrance of the Star Palace, a handsome young man dressed in white clothes walked out, accompanied by two graceful beauties. The eyes of the two groups of people met in an instant.

The First Prince was a bit more bitter, because the two men beside him were both men, and the man in front of him was naturally the reason for Long Chen's journey. Lin Zichen, who was currently standing on his left and right sides, while holding onto the waist of the two beautiful ladies, teasingly walked to Lin Batian's front, then raised his head and looked at Lin Batian with disdain.

"Your Highness, you're really strong! Whether it's on the bed or off, you're still countless times stronger than some people!"

"I think so too, I still feel numb and powerless all over. It's all your fault, you're too forceful."

At this moment, the two beautiful ladies were stuck to Lin Zichen's body as they rubbed their full chest against Lin Zichen's arm.

"Qing Qing!" Weiwei! "You!" When he saw the appearances of the two beauties, Lin Batian was extremely furious, because these two beauties were taken from the battlefield by him. The night before yesterday, he was still lying on Lin Batian's bed.

"What happened to us? His Highness has promised us, of course we will follow him, are we going to stay and die with a short-lived ghost like you?" Now everyone is saying, "It seems like you don't have much time left to live!" The beautiful girl called Weiwei rolled her eyes at Lin Batian and said.

"Weiwei, don't talk nonsense, be careful of my slap." Lin Zichen faintly laughed at this moment. He pushed the two beauties behind him and then said while looking at Lin Batian: "Royal brother, I have to say, your eyes are actually quite good. Since the two of them chose me today, as my big brother, you shouldn't be so stingy, right?"

Lin Zichen had gone too far. Not only did he steal Lin Batian's plaything, he also humiliated him. How could Lin Batian not be angry at this? Just as Lin Batian was about to flare up, the First Commander immediately pulled him back and whispered into his ear: "Your Highness, calm down, don't fall into his trap, he's forcing you to make the first move, if you make a move, he'll definitely take the chance to injure you!"

Lin Batian had enough confidence in the way he trained in bed, and every single time, he would make these two girls risk their lives. Today, the other party actually mocked his abilities in this aspect, which made him feel extremely humiliated. Now that he thought about it, Lin Zichen had merely taught the two beauties a lesson.

At this moment, he was not angry, but instead laughed, and said: "Of course, if Brother really wants it, then I'll give it to you, then it's good enough for me, anyway, to be able to enjoy it more, but Fourth Brother's hobby is really special, to actually like things that others are bored of, the next time big brother has the good stuff that I enjoy, I'll give it to you as well."

Lin Batian's words made Lin Zichen's face darken.

He had been waiting for Lin Batian to return from the beginning. When Lin Batian came back, he came out to provoke him, and he wanted Lin Batian to make the first move.

It was just that Lin Batian was lucky, and brought along a First Commander, which was why he did not hear of Lin Zichen.

In truth, Lin Batian knew very well what kind of person Lin Zichen was. It was just a moment of anger that had knocked his mind unconscious just now, Lin Zichen was completely engrossed in the martial way, and the women were but fleeting clouds to him. The two beauties' performances were merely forced out by Lin Zichen.

But Lin Batian, with your insignificant strength as a seventh level of the Milky Way Realm, you still dare to go against me? Inside the palace, if royal father doesn't want me to kill you, then it's best if you don't go out. Otherwise, you won't even know how you died! Lin Zichen's hand fell off the two beautiful girls and his face instantly darkened.

Lin Batian sneered upon hearing this, and said: "A mere martial artist wants to control the imperial government, if you had the ability of royal father, I would naturally feel inferior, but other than killing, what else would you do? If you are able to control the government in the future, the Canyang Kingdom will definitely fall into your hands. "

"Then we'll see." Lin Zichen laughed coldly, abandoning Lin Batian. Just as he was about to return, he suddenly saw Long Chen.

"This must be another of your men, right?" Lin Zichen looked at Long Chen and laughed.

"I'm here to take your life." Long Chen suddenly said.

"What did you say?" Lin Zichen thought that he had misheard. Although Long Chen was in danger, he definitely had not reached the extent where he could be afraid of his. How could a mere ordinary person dare to act so arrogantly towards him?

Long Chen shut his mouth and did not speak any further.

In Lin Batian's eyes, he was merely ignorant of the profoundness of the world, but Long Chen was now Lin Batian's subordinate, so of course Lin Batian would not allow Long Chen to bully him. He stood in front of Long Chen and laughed: "It doesn't matter what you say, but you have already stood here for long enough, shouldn't you scram?"
