

## War God 411

### Chapter 411 - Overreaching

Lin Zichen could not get any benefits and left in embarrassment. As for the two beauties, he had never touched them at all, so of course he wouldn't take them, and Lin Batian naturally wouldn't favor them any further. He summoned his men, and directly sent the two beauties out of the palace.

"This palace is truly cruel." Witnessing this scene, Long Chen couldn't help but exclaim.

After entering Lin Batian's Qian Wen Palace, Lin Batian had a hearty welcome for him and even gifted him two beautiful maids. After Long Chen had declined, he returned to the residence that Lin Batian had arranged for him and started to think about the way forward.

"Brother Chen, we have already entered the palace and met Lin Zichen. What should we do next, run over to the other side and kill him?" Ling Xi sat on the edge of the table, supporting her chin with her hand, she looked at Long Chen with his big eyes, which were flowing with a sparkling and translucent light.

"In the palace, there's no way I can kill Lin Zichen. Let's not talk about the Sword Emperor, with Lin Zichen's strength, I can't say that I can win against him easily either." Long Chen frowned and said.

"Then what should we do?" Ling Xi rolled her eyes.

"We need to think of a way to lure Lin Zichen out of the Biyang Royal City, and we need to pull him a little further away. Otherwise, just like last time in South Central City, when we killed a sword demon, we would have escaped for a long time. "

"Then Little Xi, please help me think of a solution as well." At this moment, she suddenly thought of something and said: "Brother Chen, do you still remember the things that you heard on the street during the day, about the demon beasts attacking the city?"

When Ling Xi said this, she immediately laughed, because after Ling Xi's brief reminder, she had already thought of a solution.

"Xiao Xi, you are really smart, this method is not bad, but we still have to rely on Sword Emperor. Let me think, what should I do?" Long Chen poked Ling Xi's head with his finger, and said with praise.

"First of all, let me think. I should create chaos and kill a person." Long Chen said.

"Why?" Ling Xi asked.

"Think about it, originally, Lin Zichen's strength was much stronger than Lin Batian. However, looking at what happened in the day, the Sword Emperor should not have allowed Lin Zichen to kill Lin Batian. And after I killed the Ninth Prince, he actually sent so many people to kill me. It can be seen that he views his own son very highly, and he probably does not wish for his son to have too many conflicts with him, but, the matter of seizing the main wife is something that must be carried out. The more Lin Batian and the more fierce the fight, the more impatient he would be, and right now, there is an important matter that needs to be dealt with in the north of Canyang Kingdom! "

"Brother Chen, you mean to say, if the two of them were to fight in the palace, Sword Emperor would very likely send one of them to where Jiang City is?"

"Yes." Long Chen nodded his head, and continued to speak: "If it is Lin Batian who goes, and Lin Zichen is forced to stay in the palace, then no one can kill the leader of the demon beasts, so it is very likely that the Sword Emperor will send Lin Zichen there. Those demon beasts are in chaos, if there is no leader, it would be easy for them to be defeated, and at that time, it would be much easier to deal with them.

Although this plan had twists and turns in it, it might actually bear fruit. Furthermore, what Long Chen needed to do was to raise the hatred between the two of them, and that would not be difficult.

"Brother Chen, who did you say you wanted to kill?"

"You'll know when you see it." gave a mysterious smile. He let Ling Xi return to the center of Ling Xi's sword, then began to take action. The imperial palace was the territory of the Sword Emperor, so Long Chen didn't dare to stay here any longer.

In the middle of the Qian Wen Palace, Lin Batian was relatively close to the First Commander. With his Spirit Devouring Demon Pupil, it was very easy for him to find the location of the First Commander.

"Brother Chen, you want to kill him?" Ling Xi did not expect this.

"Mn, today, Lin Zichen's plan was to teach Lin Batian a lesson. Lin Batian was almost caught in the trap, but this First Commander woke him up. Furthermore, what is most important is that the lethality created by the Emperor Sword Qi, is not that much different from that of the Sword Qi of the Evil Emperor. "

Honestly speaking, they are our enemies. Even if it is this First Commander, if he found out about my identity, he would not let me off. I once caused the six great commanders to die, so let's reunite them together today. That one strike from Lin Zichen back then, was deeply engraved in my brain! "

When Long Chen saw that Ling Xi didn't have the heart to kill this stranger, he explained in a light voice. Then, when the door to First Commander was still fifty meters away, Long Chen had already finished opening the Dragonsoul Transformation. It was already night.

Long Chen had already seen with the Spirit Devouring Demon Pupil that the current First Commander should be cultivating. Long Chen took a deep breath, and then, the Demon Emperor Sword appeared in his hands.

"Die!"

Long Chen immediately turned into a black shadow and shot through the window of the room. In an instant, the Demon Emperor Sword in his hands fiercely exploded with Sword Qi of the Evil Emperor and appeared in front of First Commander in an instant!

"Who is it!" The First Commander let out a startled cry, and while he was training, he suddenly pushed out with his palm, attacking towards Long Chen's Sword Qi of the Evil Emperor!

In this crucial moment, this was all he could do. But unfortunately, he had underestimated the power of Long Chen's Sword Qi of the Evil Emperor, which directly shattered his arm, and then smashed into his body, instantly decapitating him!

Then, the other forces collapsed, directly causing the entire room to collapse!

A rumbling sound could be heard, followed by a cloud of dust that filled the sky!

"Done." In just one move, Long Chen had already killed his opponent. He did not stop at all, in the first moment, he had already rushed out of the scene, and after that, he calculated how long it would take for him to reach here from his original residence, hearing the voices coming from here, when Long Chen punctually arrived at the scene, the nearby First Prince Lin Batian had already arrived, and his face, was actually a pile of ruins!

The other people of the Qian Wen Palace also came one after another!

"How could this be?" The First Prince's face paled. Now that the entire room had collapsed, where did First Commander go? First Commander was not only the number one ranked expert under his command, but also his uncle.

"Quick!" Fast! Turn this over and see if the First Commander is inside? " Lin Batian already had a bad premonition, he immediately instructed the other guards, and when he saw Long Chen at this time, he immediately called Long Chen over.

"Your Highness, what's going on?" Long Chen looked at the ruins, his face filled with doubt.

"I don't know, but I can't feel the aura of the First Commander here. Could it be that he was fighting with someone just now, and is now chasing after him? "That's impossible, there can't be just one sound?" At this moment, the First Prince's mind was in a mess.

"How is that possible? This is the palace, why would someone come to assassinate him?" Long Chen pretended to be surprised and asked.

"I don't know either. Otherwise, where would the First Commander be? It can't be down there, right? " Lin Batian said, but just as he was about to say his last sentence, one of the guards who was inspecting the ruins suddenly screamed in shock. Following which, everyone looked in the direction of his eyes, and shockingly saw a bloody head on the ground!

At this point, the lower half of his head had already been dyed red with blood. The only thing that could be seen was his eyes wide open. Before he died, his eyes should have been filled with disbelief.

Suddenly dying without even seeing who his opponent was wasn't a strange thing to do.

According to Long Chen's estimations, indeed, when Lin Batian saw the head, he was completely dumbfounded. He then let out an angry roar, and his eyes quickly turned bloodshot!

This head was the First Commander's.

"Who exactly is it!?" Just who killed my uncle, and who was it! " Lin Batian seemed to have gone crazy. His sinister gaze swept across every single person, and finally stopped on Long Chen's body.

"I just heard a loud explosion, and by the time I rushed here, he was already dead. This means that the person who came was at least ten times stronger than him, who could have that kind of strength?" Long Chen calmed himself down and quickly analyzed Lin Batian.

Lin Batian's eyes shook, and he roared: "Lin Zichen, you have gone too far!"

"Your Highness, that Fourth Prince Lin Zichen, relying on his ninth level of the Milky Way Realm, seems like he really looks down on you too much. Also, the First Commander shouldn't have offended him in any way!" Long Chen frowned.

He planned to teach me a lesson today, but because of my uncle's reminder, it was all for naught. If he couldn't kill me, he would kill my uncle to vent his anger! [This is going too far!] I, Lin Batian, am not such an easy target, Brother Yang, do you dare to follow me into the Palace?! At this time, Lin Batian's eyes were already clouded by hatred, adding on to the fact that Long Chen's act was extremely lifelike, even if he knocked his head he would not think that the culprit would actually be the Long Chen in front of him!

"Dare!" I have long heard of this Lin Zichen's great name, and I just happen to be going to meet him today! " Long Chen said calmly.

Chapter 412 - Weird Sword Emperor

This time, things got out of hand, but everything was according to Long Chen's plan.

This time, Lin Batian could be considered to have angered to the point that he was annoyed by Lin Zichen. Even though he knew that in terms of strength, he was completely unable to defeat Lin Zichen,

he could still vent his anger now. Otherwise, if today's matter were to spread and his left arm and right shoulder were to be killed, even the First Prince would not dare to make a sound.

had killed a practitioner of eighth level of the Milky Way Realm right in front of Lin Batian's eyes before, so in Lin Batian's heart, although Long Chen was not as strong as him, he could still block it for a period of time!

As for the other guards of the Qian Wen Palace, none of them could be used, thus Lin Batian brought Long Chen, in a rage, and majestically headed towards the direction of the Star Palace!

Long Chen followed behind him. He had already felt that the current Lin Batian was like an explosive that could explode at any time, and the corner of his mouth hooked into a cold smile. Amongst the imperial family, there were three people that Long Chen had to kill.

The Sword Demon was already dead, and Long Chen's attack just now was to prepare for dealing with Lin Zichen.

Very quickly, Long Chen and Lin Batian had already arrived outside the entrance of the Star Palace. Ignoring the obstruction of the guards, Lin Batian smashed the door with his foot, and then roared: "Lin Zichen, this grandson, just what are you hiding inside a turtle? Get the hell out of here right now!"

In the entire palace, about half of the people could hear it, not to mention Lin Zichen, who did not succeed in the day, and was currently holding a bellyful of anger towards Lin Batian, yet Lin Batian came to disturb him, causing Lin Zichen's gaze to turn cold. He looked at the shattered door ten meters in front of Lin Batian, and snorted coldly: "What's wrong? Is your brain flooded with water today? "

"Lin Zichen, you're still pretending? Are you ridiculous? "I'm telling you, you don't need to pretend. As a man, you shouldn't act like a grandson. You don't even dare to admit to what you've done!" Lin Batian sneered.

The current Lin Zichen had a face full of arrogance, as if he did not put Lin Batian in his eyes at all. Only they would dare to look down on others, and kill First Commander in such a way!

"Are you sick? I think you must have been eating your fill to find an excuse to cause trouble, right? Lin Batian, let me tell you, this time, you are the one who took the initiative to provoke me, I don't care about you, you just have to fix this door for me, then you can scam, if not, don't think of leaving this place. " Lin Zichen's eyes darkened, and erupted with a blade like light.

Seeing that the other party not only did not admit to it, but was arrogant to the point that there was no end to it, the killing intent in Lin Batian's heart slowly grew. He looked at Lin Zichen for a while before he said: "I do admit that in terms of martial arts, I, Lin Batian, am inferior to you. You were the one who made the first move today, and it's at the Imperial Palace as well. I will ask royal father to judge the situation now, I really want to see how you're going to explain it! "

After he finished speaking, Lin Batian was about to head towards the living area of the Sword Emperor.

"You want to leave? It won't be that easy for you to do so. You destroyed my door with a kick. Don't you have any reason to leave?" Lin Zichen blocked in front of Lin Batian, and said with no expression.

This angered Lin Batian even more. He sneered, walked up a few steps, and was basically leaning next to Lin Zichen.

, you dare be so arrogant, honestly speaking, I admire you so much! However, you can stop me today and try again. I can you again in front of royal father! "

"Kill your men?" Lin Zichen was startled, and asked: "When did I kill your people?"

"Still playing dumb?" Lin Batian immediately leaned towards him, and was about to head in the direction of the palace.

"Lin Batian, if you don't explain yourself, don't even think about leaving!" At this time, Lin Zichen grabbed towards Lin Batian with one hand.

"Yang Qing!" At this time, Lin Batian finally let Long Chen make his move. When Long Chen arrived in time, he pulled Lin Batian behind him at the critical moment, and then shielded himself in front of Lin Zichen. Only then, did Lin Zichen finally look carefully at Lin Batian's new subordinate.

"To be able to drag him back into my hands, it seems that you still have some choice." Lin Zichen looked at Long Chen from top to bottom, and then continued: "However, in front of me, this can only be considered as a small trick. Lin Batian came knocking to cause trouble, and even said that I killed the person beside him.

After he finished speaking, the zhen qi layer which belonged to the first layer of Milky Way Realm exploded. Lin Zichen explosively roared, his fist was like a torrential storm as it smashed towards Long Chen!

Facing Lin Zichen once again, Long Chen was already not as weak as he was last time. Last time, even if he used a blood sacrifice, he wouldn't be able to be a match for the other party, but now, he didn't even use his Dragon Soul Transformation. He reckoned that this place had already created such a commotion, and the main character should already be here, and he wouldn't be able to fight against Lin Zichen for long.

Although it was a casual punch, it was definitely extraordinary when used with ninth level of the Milky Way Realm.

"Steady Ocean Tidal Fist!" Long Chen roared out explosively. Facing the attack of the ninth level of the Milky Way Realm, he did not retreat but advanced instead, his entire body pouncing towards his opponent. Like a tide, he pounced towards his opponent, bringing with him a huge wave.

Bang!

With an explosion, Lin Zichen steadily stood at his original position, while Long Chen was blasted flying. His body suddenly spun in midair, and only after staggering a little did Long Chen finally fall to the ground, barely managing to stabilize his body.

Before he had the Dragon Soul Transformation, his Zhen Qi was much stronger than his normal eighth level of the Milky Way Realm, but it was still far from Lin Zichen. But this time, he was not injured, which showed just how powerful he was. As for the Sea Tidal Tide Boxing, it was one of the battle skills that belonged to the high-rank earth class that Zhao Qingyun had learned among all the West Sea Country s. Long Chen prevented himself from using it when the time came, thus he cultivated the Sea Tidal Tide Boxing on his way to the Imperial City.

"The eighth level of the Milky Way, someone who suffered a punch from me but was not injured, you are considered the first. To be able to be highly valued by Lin Batian, you are indeed rather powerful, I have to say you can be considered a good dog, but unfortunately, you chose the wrong master!" Lin Zichen laughed coldly. He did not give Long Chen any chance, as he once again stepped forward.

"Brother Yang, be careful!" As a seventh level of the Milky Way Realm, the First Prince, Lin Batian, could not help in any way.

"Stop." He had heard this voice before, it was from the Sword Emperor. At that time when he killed the Sword Demon, a furious roar came from the direction of the South Central City. At this time, Long Chen hurriedly stopped his hands, and used a slightly respectful gaze to look at the person who spoke.

This man looked to be around thirty years old, which was when a man was at his most charming. Of course, not only was this man extremely charming, his entire body was imposing, and even if Long Chen looked at him without any anger in his eyes, he would have no choice but to lower his head, because in front of this man, he felt that there was nothing that he could do.

"I absolutely can't let him see through me." Under the enemy's immense pressure, Long Chen warned himself repeatedly.

Being also a Heavenly Completion Stage Ranker, what was different from Zhao Qingyun was that Zhao Qingyun had a type of carefree, wild, and refined temperament, while that Sword Emperor was extremely heroic. Those pure black eyes were ice-cold, bone-piercing, and practically the same as the Demon Emperor Sword in Long Chen's Qiankun bag!

At this time, seeing that Long Chen and his opponent had stopped battling, the Sword Emperor looked at Long Chen coldly. Immediately, the enormous pressure suppressed Long Chen completely, making him unable to move even an inch. This was the first time he felt such a strong Heavenly Completion Stage warrior.

"Warriors of the West Sea Country, you've done a good job with the Dinghai Fist." Sword Emperor slightly nodded, then looked towards Lin Batian and Lin Zichen with a dark expression.

"Royal father, I had absolutely no intention of fighting him, but this time, he's really going too far. He actually snuck into my manor and killed my First Commander ..."

"Nonsense, when will I ..."

At this moment, Lin Batian and Lin Zichen hurriedly tried to defend themselves, but Sword Emperor obviously didn't have the mood to listen to them. He coldly snorted and interrupted: "You don't have to tell me anything, just scam now, don't lose face for me. Regarding the position of crown prince, I will make arrangements for you all to scam tomorrow morning!"

"Yes sir!" In front of the Sword Emperor, even Lin Zichen did not dare to take a breather. After rolling his eyes at Lin Batian, he immediately rolled his body and left, dejected and dejected. Lin Batian was also as calm as a cicada, and without saying a single word, he hurriedly took Long Chen and left the place. Only the Sword Emperor was still standing at his original position.

"Why does this kid have a familiar feeling to him?" Sword Emperor frowned.

After returning to his residence, Ling Xi hurriedly asked: "Brother Chen, did our plan succeed today?"

She did not understand.

"It should be a success, it depends on how Sword Emperor plans for tomorrow." Long Chen heaved a sigh of relief. It seemed like killing Lin Zichen was really not easy, under the Sword Emperor's watch, it was as if he was a mortal walking around in front of a tiger.

"Brother Chen, I feel that the Sword Emperor tonight seems a little strange." At this time, Ling Xi asked in confusion.

"Why is it strange?" Long Chen was startled.

I don't know what the situation is, but if you use Spirit Devouring Demon Pupils, you should be able to see it. But the strange thing is, even though it's incomplete, it doesn't seem to affect his survival.

#### Chapter 413 - Wave of Demonic Beasts

Long Chen couldn't figure out what was so strange about the Sword Emperor at the moment.

During the morning assembly on the second day, whether or not Lin Zichen left the imperial city, he would make a decision. When Lin Batian went to the morning assembly, Long Chen would wait at the Qiwen Palace for a while, before quickly returning. Long Chen quickly asked: "Your Highness, how is it?"

"We are about to face a huge challenge. There is no time left. We will talk as we walk. Let us first go to the imperial city's imperial guards and transfer them to the Three Thousand Ghost Horse Heavy Riders!"

Transfer out three thousand Ghost Horse Heavy Riders? Long Chen was slightly startled, and thought in his heart, Could it be that instead of letting Lin Zichen take action, Sword Emperor allowed Lin Batian to take action instead? One had to know, within that herd of beasts, was a beast said to have Ninth Grade Earth Grade above, and without Lin Zichen, it was impossible for Lin Batian to deal with it.

"Your Highness, could it be that His Majesty wants you to deal with the demon beast horde by yourself?" During the journey, Long Chen asked.

"No, just now, my royal father announced in front of all the officials that he wanted me and Lin Zichen to go to the Northern Jiang City. They will specially send people to supervise and suppress the chaos caused by the demon beasts in the Northern Jiang City, and whoever performs more meritorious deeds will become the crown prince. That is to say, we have to fight against Lin Zichen in the Northern Jiang City!" Lin Batian's tone of voice did not sound flustered, it was instead filled with strong fighting spirit.

After killing First Commander yesterday, he had let Lin Batian and Lin Zichen clash. As expected, Sword Emperor was annoyed, and with the chaos occurring in the north now, other than Lin Zichen, no one else could deal with him. Hence, the Sword Emperor would very easily send Lin Zichen out.

As for including Lin Batian, it was within Long Chen's expectations, but it would not affect his plans at all, as long as he could get Lin Zichen out, his goal would be accomplished.

"Your Highness, don't worry, when that time comes, I will definitely be able to stop Lin Zichen from assassinating you. In last night's battle, I still haven't used my true strength yet." Long Chen patted his chest and said confidently.

"Really? That will depend on you. Honestly speaking, Lin Zichen is very difficult to deal with, even you can't win against him, so this time Royal Father strictly forbade Lin Zichen from making a move against me to ensure fairness. He will send people to supervise, so your mission this time, is most important to create a greater achievement for me! "

Long Chen hurriedly nodded.

In this world where strength reigns supreme, everything depended on strength. Although Lin Zichen was inferior to Lin Batian in other aspects, in the Sword Emperor's heart, his direct descendant should be Lin Zichen, but he was unwilling to have Lin Batian, his son, become a cripple from now on. Even the gossip of the other people in the Canyang Kingdom gave Lin Batian this seemingly fair opportunity.

When he went to the Jiang City, Lin Zichen would immediately kill the strongest Goblin Beast. With his strength, he would massacre everyone there, so how could Lin Batian be his opponent?

"Your Highness, is Lin Zichen coming with us?" Long Chen thought of this question.

"NO!" Father said just now, that the demon beasts in the north are currently in a hibernating state right now, so it might take some time to attack the Jiang City. Even with his speed, rushing to the Jiang City first would be useless, as this battle is fair, Father gave me this chance, so I must fight for it! "

As they spoke, the two of them quickly rushed to the Imperial City Guard Army. In this place, other than the Guard and the Anti-Central Army, there was another Imperial Family army. The fighting strength of the soldiers there were similar to that of the Anti-Central Army.

Lin Batian was the direct leader of the imperial guards, and when he rushed into the main camp of the imperial guards, a group of people immediately came out to kowtow. Lin Batian immediately said in a clear voice: "All eight Great Generals, lead the three thousand elite Ghost Horse Heavy Riding, and enter the northern Jiang City!"

"Yes sir!"

Everyone accepted the order, and after a while, the rumbles of hoof steps could be heard, and the three thousand elite Ghost Horse Heavy Riding appeared in front of Long Chen.

"Brother Yang!" "Get on the horse!"

Lin Batian rode his tallest horse, holding onto one of the ghost horses in his hand, he swept towards Long Chen. He jumped on his horse, followed Lin Batian, and the eight Great Generals of the imperial guards, rumbled out of the imperial city and headed towards the northern Jiang City!

Those who were able to command the three thousand Ghost Horse Heavy Riding were all important figures. When the first person recognized Lin Batian, their identity was quickly spread amongst the crowd.

"The mighty man leading us must be the First Prince, Lin Batian! The eight men behind him were the eight generals of the imperial guards! I heard that there are two eighth level of the Milky Way Realm s among them! "

"Of course, but who is the young man beside the First Prince? He was just one step behind, but his status seemed to be even higher than those eight generals? "

"Who knows?"

Amidst the discussions, the Ghost Horse Heavy Riding walked out of the imperial city and left in a cloud of dust.

All the way north!

Long Chen turned to look at the eight Great Generals. The strength of these eight Great Generals were a little stronger than the seven generals of the Guard, and the two leaders among them had eighth level of the Milky Way Realm, so their strength should be around the same as the First Commander. Adding First Commander to the mix, these three people should be considered as the strongest left arm and right shoulder under the First Prince's command. Of course, in the eyes of the First Prince, there was an additional Long Chen.

"Brother Chen, where do you think Lin Zichen will be?" Thinking of this person, Ling Xi also felt extremely disgusted.

"He's still in the vicinity of the Imperial City, if he wants to take care of Lin Batian, he probably won't do anything, and we can't do anything either. But once he's out of here, if he appears, I'll immediately reveal my identity, and take revenge!"

At the same time, two old men from eighth level of the Milky Way Realm also followed. They should be experts sent by the Sword Emperor to supervise Lin Zichen and Lin Batian, and to evaluate their battle achievements at the same time. These two should be the trusted aides of the Sword Emperor! "

"Oh, I understand. They can't catch up with Lin Zichen, so they just follow him. As long as they follow him, that's enough."

Long Chen nodded, and said: "Right now, everything is going according to my plan. All we need to do now is to wait for us to leave the vicinity of the Imperial City, and then Lin Zichen to appear. I think my appearance here will give him a huge surprise. "

Back then, when Lin Zichen forced Ling Xi to abandon the Herba Euphorbiae and even almost took Long Chen's life, he thought that Long Chen had completely went silent.

The three thousand Ghost Horse Heavy Riding s carried a thick cloud of smoke and dust, and like a colossus, quickly headed towards the northern Jiang City. As they travelled, time slowly passed, several days passed in a row, and they were finally able to kill Lin Zichen, but Lin Zichen did not appear.

"Looks like the Sword Emperor really doesn't allow Lin Zichen to make a move on Lin Batian. Lin Zichen, you choose to stay hidden, but once you reach the Jiang City, if you want to establish your achievements, you will definitely show up. At that time, you will be dead!" Long Chen secretly swore in his heart.

The distance between the northern Jiang City and the imperial city was even further than the Source Spirit City. Furthermore, it was also the border city of the Canyang Kingdom, and its level was similar to the Source Spirit City's.

These few days, Lin Batian had collected enough information. Amongst the demon beast horde, most of them were Profound Ranked Spirit Beasts. There weren't many Earth Ranked Spirit Beasts, but there was an extraordinary demon beast.

"That demon beast might not be the original demon beast from Snow Peak Mountain Range. It might have come here from the outside and found that the people around it were weak. That's why it was so arrogant!" Lin Batian said.

Out of the three thousand Ghost Horse Heavy Riding, most of their time was spent on rushing, and they only had a small amount of time to rest. But to be able to become a Ghost Horse Heavy Riding, and to be called an elite, they basically all had a high level of Milky Way Realm, which was tiring, and they could still endure it.

As for the Ghost Horses, they were full of energy and blood. They had been able to hold on even after travelling for a period of time. Finally, after about ten days, a city around the size of Source Spirit City appeared in front of them.

At this time, Long Chen looked over and saw that outside the city walls, there were already many spirit beasts gathered there. Most of them were Spirit Demon Beasts, with tens of thousands of them gathered together, it was extremely terrifying.

Fortunately, there were no flying demonic beasts. Otherwise, the city gate would have been completely useless.

From afar, Long Chen could already hear the heaven shaking battle cries and the angry howls of demon beasts. Everywhere they looked, were broken limbs and corpses.

"Heavens, have these demon beasts gone mad?" If not for the great hatred, the Jiang City would not have been able to withstand such a life threatening attack. At this rate, the Jiang City might not be able to hold on for long.

On top of the city gate tower, the Jiang City's mayor was currently carrying the various masters of the Jiang City's martial arts. Their eyes were gloomy as they watched the slaughter below.

"It's fine now, I can still hold on. However, when that demon beast appears, Jiang City will definitely be annihilated," the Jiang City City Lord sighed and said helplessly.

"City Lord, there seems to be an Earth Stage demon beast over there, right?" One of the old men said.

"Capture the thief and capture the king. We cannot let your Earth Rank Demonic Beast kill more people. I will go deal with him. Everyone, you guys stay here and take charge of the situation!"

"City Lord, let me do it. You are the only Third Stage of the Milky Way Realm expert of my Jiang City, you should save your strength. I can deal with this Earth Rank Level One demon beast." Another old man said decisively.

As he said this, a rumbling sound could be heard. Everyone's hearts trembled as they quickly looked towards the south. At this moment, there was a large amount of yellow smoke coming from the horizon. In the midst of the smoke and dust, a black cavalry unit could faintly be seen!

Under the excited gazes of the people of Jiang City, the densely packed black cavalry rode on the large Ghost Horses and came over with a loud bang, as if their presence could topple mountains and overturn the seas. The entire ground was shaking.

"It's the Imperial City's Ghost Horse Heavy Riding! The Sword Emperor is here to save us!" It was unknown who spoke first, but after that, a huge cheer sounded out. Hope rose in the hearts of everyone in the midst of despair!

Under everyone's gazes, Long Chen took the lead and rushed to the very front. Right now, there was only a huge tiger standing in front of him, and this huge tiger was an Earth Rank or above beast. There were more than ten warriors taking it as their master, and beside it, there were already many injuries!

"Evil creature!"

Riding on the Ghost Horse Heavy Riding, Long Chen swiftly swept past it. When he was near the huge tiger, a sword suddenly appeared in his hand, it was obviously just an ordinary sword blade, but what shocked everyone was, with just this ordinary sword, Long Chen's sword swept out, and actually chopped off the tiger head that was over half a meter in diameter!

With a hu sound, the tiger's head flew into the sky, and at this time, Ghost Horse Heavy Riding was like a sharp blade that stabbed straight into the herd of demon beasts, like a wolf entering a flock of sheep. All of the demon beasts that threatened the Jiang City were like vegetables in front of Ghost Horse Heavy Riding, which were casually killed by them.

In an extremely short amount of time, the Ghost Horse Heavy Riding had carved a path of blood out of thin air!

After crushing his enemies over and over again, Long Chen took the lead, charging all the way to Jiang City's city gate. Then, he suddenly turned his horse around, and the current him, was holding a different halberd in his hands. On the way just now, he had killed at least dozens of demon beasts, which was extremely dazzling, attracting everyone's attention.

"Send His Highness to the city. Everyone else, follow me!"

As the leader, Lin Batian only had to give out orders, if anything happened, it would be a huge problem. Long Chen was currently putting on an act, and was only doing his job, at the same time, the Jiang City's

side was being attacked by the beasts. Towards these beasts, Long Chen also wanted to give his all for the innocent commoners.

Lin Batian was very satisfied with Long Chen's performance. He was escorted by a few generals to the city gates, where the big figures of the Jiang City were already waiting with hospitality, while Long Chen continued to lead the other three thousand Ghost Horse Heavy Riders to sweep the groups of demon beasts.

"Xiao Xi, I had the dream of becoming a general and galloping across the battlefield since I was young. Coming to Jiang City this time, I have fulfilled my wish!" laughed as he waved his halberd. Basically, with a single move, he could take away a demon beast's life. An increasing number of warriors were saved by Long Chen and they all looked at Long Chen with grateful gazes.

"Brother Chen, why hasn't that Lin Zichen appeared yet?" Ling Xi observed her surroundings and asked curiously.

"The boss of the demon beast didn't appear, I don't think he will appear." Long Chen understood Lin Zichen's personality, so everything was within his grasp.

While Long Chen was happily killing the enemy, the great figures of the Jiang City had already welcomed the First Prince into the Jiang City, and were watching him from within the city gate tower. At this time, the city lord of the Jiang City was admiring Long Chen's direction as she said, "Your Highness, this young general is really amazing.

"eighth level of the Milky Way Realm, what do you think?" Lin Batian laughed complacently. Long Chen had really given him face, if this were to continue, how could Lin Zichen's battle achievements be greater than his?

"eighth level of the Milky Way Realm!" To them, he wasn't even thirty years old, but he had already reached eighth level of the Milky Way Realm. This was simply beyond their imagination, because the Jiang City was known as the heaven opposing genius, yet he had only just reached First level of the Milky Way Realm.

Within the Ghost Horse Heavy Riding, there were many people who were not more than thirty years old, but most of them were Milky Way Realm Warriors.

The people from the Jiang City were all shocked. Even Long Chen had eighth level of the Milky Way Realm, so the First Prince must be even more unfathomable.

Under Long Chen's beheading, the beasts either died or fled. The Jiang City that was almost breached previously, was now completely unharmed. The spectating warriors all burst into cheers, but of course, the cheers were all for Long Chen. Amidst everyone's gazes of admiration, Long Chen led the Ghost Horse Heavy Riding and returned to the center of the Jiang City.

"Well done!" Lin Batian praised.

"There is only one Earth Rank demon beast, these demon beasts really can't be killed." Long Chen laughed.

Hearing this, the other great figures of the Jiang City all laughed dryly.

"These demon beasts are just a small wave, the strong within the demon beasts have yet to appear. We heard that a warrior from the seventh level of the Milky Way Realm of the Imperial City was moving and killing the head of the demon beast before, and a few strong demon beasts were gathering beside the head of the demon beast." The city lord of Jiang City quickly explained to Long Chen and the others.

"Even his seventh level of the Milky Way Realm was killed? It seemed that it was indeed very strong. At the very least, they are much stronger than these demonic beasts." Long Chen thought in his heart.

"Don't be afraid, the leader of the demon beasts is here. We still have three eighth level of the Milky Way Realm warriors, do you still want to fight against an animal?" Lin Batian patted the shoulder of the Jiang City City Lord, and laughed heartily.

He looked at the battlefield below with worry and said: "Today, all of you repelled the demon beasts, causing heavy casualties. I reckon that before long, the leader of the demon beasts will lead the strongest demon beasts and come over. Back then, it was exactly like this that Yang City was destroyed by the demon beasts."

"Will he be here soon?" Long Chen and Lin Batian looked at each other and smiled.

Under the warm welcome of the Jiang City's City Lord, a day quickly passed. The next day, just as the sky lit up, waves of noises suddenly came from outside. These noises carried a sense of fear, and Long Chen knew that the leader of the demon beasts must have arrived. Yesterday, his subordinates had been bullied, so he was here for revenge.

As he walked out the door, Long Chen followed behind him who had a heavy expression on his face. Long Chen quickly arrived at the top of the city gate tower.

"Dark Moon Tiger. It really is a beast from the ninth level of the Milky Way Realm. " Long Chen carefully sized up the Goblin Beast. This Dark Moon Tiger was much larger than the wolf cub, its entire body was black, with sharp claws, deep cold eyes, and a huge amount of demonic energy. It was similar to the Nine Heavens Primordial Fire Beast that Long Chen had encountered in the Inverse Wonderland.

knew that even the Dark Moon Tiger had appeared, and Lin Zichen was probably going to appear soon. There was no need for him to continue pretending.

At this time, he, Lin Batian, the eight great generals, and the Jiang City's City Lord stood at the highest point of the city gate tower, facing the enormous Dark Moon Tiger. Seeing this beast, the Jiang City's City Lord and the rest were all trembling. They nervously looked at Long Chen and the others, and asked: "Your Highness, are your people able to handle this beast?"

Lin Batian didn't have much confidence in himself, so he turned around and asked Long Chen: "Can you add two eighth level of the Milky Way Realm s to the deal? Yang Qing, before Lin Zichen arrives, if you can handle it, you need to kill this Dark Moon Tiger as soon as possible. As long as you kill it, then I will be in charge of the crown prince's position! "

"Don't worry, Dark Moon Tiger, I won't put it in my eyes. However, the Lin Zichen that you mentioned, he has already arrived," Long Chen's Spirit Devouring Demon Pupil, allowed him to completely notice Lin Zichen's approach. He reckoned that Lin Zichen had already reached the Jiang City, and was only waiting for the Dark Moon Tiger to appear.

"What!?" Lin Zichen has already arrived? " Lin Batian jumped in shock. He immediately looked outside and sure enough, on the far left side, there was a man appearing. He had a proud expression on his face as he charged towards the Dark Moon Tiger. It was difficult for an ordinary person to see his speed with their naked eyes.

"Brother Yang, quickly stop him!" Qian Jiang, Qian He, the two of you cooperate with Long Chen and hurry to kill the Dark Moon Tiger in front of Lin Zichen. The others will lead the Ghost Horse Heavy Riding out and try to kill as many demon beasts as possible.

"Yes sir!" The eight great generals promptly agreed, and then, the other six generals hurriedly moved out. The two great eighth level of the Milky Way Realm commanders provocatively glanced at Long Chen, and then, also quickly complied with their orders. They took the lead, and crazily rushed towards the Dark Moon Tiger.

Long Chen lazily glanced at Lin Batian, but didn't move.

"Brother Yang, what's wrong?" At such a crucial moment, Long Chen was shocked. Lin Batian was stunned and immediately shouted.

"You dare to yell at me?" What made Lin Batian puzzled was that not only had Long Chen not listened to his orders, he had a face full of disdain towards him, Lin Batian. What kind of situation was this?

Bang!

Lin Batian was struck by Long Chen and fell to the ground, wailing in pain!

This time, not only was Lin Batian's mind a blank, the rest of the people could not react in the slightest. They all looked at Long Chen and Lin Batian in a daze, not knowing what had happened.

At this time, Long Chen's foot had already stepped on Lin Batian's face. He exerted a little more strength, and Lin Batian instantly cried out in pain.

"Yang Qing!" What's wrong with you! You are courting death! You actually dared to hit me? " Lin Batian's eyes revealed a fierce light.

"It doesn't matter, I can still kill you." Long Chen used even more force, making it impossible for Lin Batian to get up from the ground. He rubbed it a few times, until Lin Batian's face was about to break.

"These few days, you seem to have given me quite a lot of orders, and now, I'll return them to you one by one. Lin Batian, I'll let you watch a good show."

Chapter 415 - Martial Dao Supreme Sword

"What a good show, what a good show?" Lin Batian was completely stunned. He never thought that Long Chen would make a move against him at this time.

At this time, in order to compete for rewards with Long Chen, Qian He and Qian Jiang who was running in front suddenly noticed that Long Chen was not following them. Qian He asked, "Big Brother, that brat was joking with us, right? Without him, would we be a match for Lin Zichen and the Dark Moon Tiger? "

As for what to do, although us brothers are not a match for Lin Zichen and the Dark Moon Tiger, but if Lin Zichen and the Dark Moon Tiger were to fight to the point where both of us are heavily injured, wouldn't it be better if we take advantage of the situation and get what we want?

After speaking, the two of them nodded their heads, regardless of whether or not Long Chen had come over, they directly rushed towards the direction of the Dark Moon Tiger, while the other Ghost Horse Heavy Riders also rushed towards the other Spirit Demon beasts. Among these Spirit Demon beasts, there were only a dozen or so Earth Rank beasts, the strongest of them were only around the Earth Stage Seven, and there were still some among the Ghost Horse Heavy Riders that could deal with them.

Watching the two eighth level of the Milky Way Realm walking that way, Long Chen laughed, then said to Lin Batian: "Stay here obediently and don't cause trouble for me. Otherwise, you can try, and see if I dare to take your life or not."

Only after Long Chen let go of his leg did Lin Batian finally shakily stand up. At this time, he had already recovered from his shock, and asked Long Chen with a gloomy gaze: "Yang Qing, tell me, why?"

At this moment, there was still a deep imprint of a shoe on his face, which made him look extremely comical.

"Shut up." Long Chen looked at him, and that ice-cold gaze of his made Lin Batian retreat a few steps in fear. In that instant, he had indeed seen the killing intent in Long Chen's eyes, although Long Chen had not bowed or bent down to him before, he was not as cold or strict. Now, however, Lin Batian could feel that the killing intent on Long Chen's body was real, and even though he had the strength of seventh level of the Milky Way Realm, his heart still throbbed a little.

He could feel that the current Long Chen was much more terrifying than before.

After weighing the pros and cons for a bit, Lin Batian chose to keep his mouth shut. He stood on top of the city gate tower together with Long Chen, watching the movements below.

The others looked at each other in confusion. Even Lin Batian did not say anything, so they naturally did not dare to say anything. They all took a few steps back, and looked at Long Chen in bewilderment, but very quickly, the commotion below them attracted their attention.

At this time, the Ghost Horse Heavy Riding below had already started clashing with the demon beast horde. Just like last time, with extraordinary strength, the Ghost Horse Heavy Riding once again stabbed into the middle of the demon beast horde like a sharp knife!

In the blink of an eye, a rain of blood and gore arose.

As for the man who had suddenly appeared in the distance, and the two eighth level of the Milky Way Realm commanders, they once again attracted the attention of everyone. The three of them approached the Dark Moon Tiger from two different directions, and arrived almost at the same time.

"Brother Chen, you're not going to attack?" Ling Xi asked. She was the one who understood Long Chen the best, and knew of the hatred Long Chen had towards him in his heart. Furthermore, many of the members of Xiao Lang's family had probably died in Lin Zichen's hands.

"Let's wait until he gets rid of the Dark Moon Tiger." Long Chen said indifferently.

Lin Zichen was known as the number one genius of the Canyang Kingdom, and today, Long Chen was going to challenge this legend. And in front of so many people. At this time, at least ten thousand people were standing on top of the walls of Jiang City. He stared at the scene outside the city walls.

Honestly speaking, there were at least tens of thousands of demon beasts. However, most of them were Profound Rank beasts, and were simply not a match for the Ghost Horse Heavy Riding. The main reason for this battle was to see if they could kill the Dark Moon Tiger. Thus, at this moment, everyone's eyes were on the Dark Moon Tiger.

At this time, the Dark Moon Tiger also felt a huge threat, and this threat came mainly from Lin Zichen. As for the other two people, they had already been forgotten by it.

It had a premonition that Lin Zichen would be its strongest opponent since it had arrived.

Roar!

Although its body was huge, it did not affect its agility in the slightest. It did not even spare a glance to the other two eighth level of the Milky Way Realm s and directly trampled many demon beasts into pieces, then pounced towards Lin Zichen.

"You are the one that messed up my Canyon Kingdom's territory?" Lin Zichen's ice-cold figure constantly played back within the radius of several kilometers. When he was close to the Dark Moon Tiger, a golden sword appeared in his hands. Without saying a word, Lin Zichen slashed down madly in front of everyone's shocked eyes, immediately, a golden sword qi surged towards the Dark Moon Tiger!

Bang!

Seeing that the Sword Qi was so powerful, the Dark Moon Tiger was shocked. It quickly dodged and at the same time, swept its claws towards Lin Zichen's Emperor Sword Qi!

Clang!

With an explosive sound, the Dark Moon Tiger underestimated the Emperor Sword Qi's power. The Emperor Sword Qi directly chopped off one of its claws, turning its claw into a bloody mess!

"Haha, with this kind of strength, you actually dared to fight against me. You are truly courting death!" Lin Zichen let out a loud laugh. He glanced in Long Chen's direction with a provocative look, and then rushed towards the direction of the Dark Moon Tiger once again.

At this time, the other two eighth level of the Milky Way Realm warriors looked at each other. They could tell that Lin Zichen was clearly much stronger than the Dark Moon Tiger, and if that was the case, they wouldn't be able to reap the rewards.

"Big brother, should we attack?"

"Don't worry, we'll wait for the right moment." At this moment, he was secretly complaining in his heart. He did not dare go to Lin Zichen's place, but of course, they did not dare to go back dejectedly either, so he could only stay here.

At this time, the battle between Lin Zichen and the Dark Moon Tiger became even more intense.

Lin Zichen's Emperor Sword Qi was really not covered up, the violent and explosive attack left many wounds on the Dark Moon Tiger's body. He was very smart, and did not choose to fight with the Dark Moon Tiger, but fight while walking. All of the Dark Moon Tiger's attacks, he used a profound movement technique to dodge.

Back then, the Nine Heavens Primordial Flame Beast was grinded to death by Lin Zichen just like that. In front of the extremely huge demon beast with both strength and physique, Lin Zichen had tried repeatedly. With the current level of Dark Moon Tiger, they were absolutely not his match.

One had to know, with Lin Zichen's current strength, under the effects of Heavenly Completion Stage, it was basically impossible for him to have a match.

"Bastard, with my Heaven stage movement technique — — Divine Nine Palace Steps, you want to attack me? Are you dreaming?" Lin Zichen purposely said those words because he was angry at Lin Batian. This Dark Moon Tiger was easy to fight, but on Lin Batian's side, there were not many people who could deal with it.

With that said, Lin Zichen was no longer prepared to play with the Dark Moon Tiger anymore. Coincidentally, at this time, the Dark Moon Tiger had already been forced into a corner, and used a very big move, instantly, it laughed maniacally, spitting out a black torrent that surged towards Lin Zichen.

"Is this the Dark Moon Flood from the Dark Moon Tiger? It's just a small trick! " Lin Zichen laughed coldly. At this moment, his Emperor Sword was frozen behind him, and then he suddenly waved his hand. A huge sword move, suddenly exploded forth with the speed of thunder, towards the dark moon tide of the Dark Moon Tiger.

"Emperor Sword Dao, Martial Dao Supreme Sword!"

Under Lin Zichen's Martial Dao Supreme Sword's attack, the Dark Moon Tiger's attack was instantly shattered. Then, Lin Zichen's sword energy directly hacked the enormous Dark Moon Tiger into two halves. Immediately, surging fresh blood filled the sky and flew high up into the sky before crashing down again!

Crash! \*

Blood rained down!

At this time, the people on the Jiang City were all staring intently at Lin Zichen's heroic actions, and did not even dare to make a single sound. They did not know who Lin Zichen was, and only thought that he was one of Lin Batian's subordinates.

However, the death of the Dark Moon Tiger and the resolution of the crisis for the Jiang City's demon beasts was extremely good news for them. The Jiang City's City Lord and the rest felt their hearts tremble, as they hurriedly led their people to cheer, and after that, the entire Jiang City began to cheer as well.

All of a sudden, the cheers were earth-shattering!

Seeing that the Dark Moon Tiger had actually died, the Demon Beast with a bit of intelligence, now completely lost hope, and hurriedly turned around and fled back to the Snow Peak Mountain Range. Seeing that the stronger Demon Beasts had all fled, the other Demon Beasts also fled.

Everyone had known for the past few days that the two princes who were trying to resolve the demon beast attack this time were actually trying to fight for the position of crown prince. Now, it seemed that Lin Zichen had completely relied on his own strength to successfully repel all the demon beasts, and the position of crown prince should be held by this Lin Zichen.

In other words, they had followed the wrong master. At this time, they didn't know what to do, and could only look at their commander for help, but even their commander couldn't do anything.

The current Lin Zichen, under the gazes of tens of thousands of people, took away the Dark Moon Tiger's corpse and the Emperor Sword s. Then, his provocative gaze shot towards the city gate tower.

Chapter 416 - So it's you

Lin Zichen's gaze made him smile faintly.

Long Chen used the Spirit Devouring Demon Pupil and looked around. Sure enough, the two old men who had been following Lin Batian the whole time were standing not far from him. In this battle for the crown prince, the victor had already been determined, while Lin Batian, who was beside him, had a deathly pale face.

And at this time, Lin Zichen suddenly sped up and rushed in Lin Batian's direction, and instantly landed in front of Lin Batian. Lin Zichen looked at Lin Batian with a bit of playfulness, and said: "Big Brother, your army doesn't seem to be very effective, you've lost to me this time, are you convinced?"

Lin Batian snorted coldly, and did not say anything. Actually, he did not understand what was going on with Long Chen today, and even now, he still did not know what was going on with Long Chen.

He had been a super genius since he was young. No matter how Lin Batian had tortured this situation, Lin Zichen had never looked up to him, and now that his entire family had lost to, he was still so arrogant. This made Lin Zichen quite unhappy.

"Forget it. Imperial Father said that I cannot kill you, but ..."

With a "pa" sound, Lin Batian's right cheek received a slap, and instantly turned red!

The stinging pain on his face caused Lin Batian to be stunned once again. Then, his eyes instantly turned blood-red. "Lin Zichen, you actually dare to hit me!"

"Why don't I dare to hit you? It looks like you still haven't figured out the reality. Trash that were eliminated, from now on, the Imperial City no longer has your territory. You are about to become a homeless dog, forever becoming a trash. This is reality, Lin Batian! " Lin Zichen said with a cold smile.

Lin Zichen's words gave Lin Batian goosebumps. He was already weaker than Lin Zichen in terms of strength, and now that he could not even compare to Lin Zichen in terms of battle merits, to be honest, what Lin Zichen had said could actually happen!

He could only be a good-for-nothing for the rest of his life.

At this time, Lin Zichen suddenly saw the footprint on Lin Batian's face. He was extremely astonished. "What happened to the footprints on your face? "

"I did." At this time, Long Chen, who was standing behind Lin Zichen, spoke up.

Lin Zichen turned his head, and looked at Long Chen in shock. When he was dealing with the Dark Moon Tiger, Long Chen actually did not make any moves, which was strange, but he did not think highly of Long Chen, so he did not pay attention to him.

And now, just one sentence from Long Chen, had once again attracted the attention of everyone.

From their conversation, the people of Jiang City already knew that Lin Zichen was actually a prince, and felt that he was even more powerful than Lin Batian. Forget it, yet Long Chen is here to cause trouble? What was going on?

"Did you just say that you stepped on this footprint?" Lin Zichen was a little disbelieving as he repeated himself.

"Are you deaf from the slap? I've already said that I stepped on it." Long Chen replied modestly.

"You've got balls. I'm interested. Can you tell me why?" Lin Zichen asked with interest.

"I will kill everyone from the royalty, but Lin Batian doesn't seem to anger me too much. My kick was just to teach him a lesson, and then it will be you, Lin Zichen, if you have the guts then follow me down, the grudge between us should be resolved." After he finished speaking, Long Chen took the lead and jumped down the city gate tower, and came to the center of the battlefield.

Long Chen's words made Lin Zichen and Lin Batian somewhat baffled.

"Isn't he the helper you hired? What's going on?" Lin Zichen asked coldly.

"I don't know either, but he's challenging you. Do you have the guts to go down?" Lin Batian sarcastically said.

Lin Zichen no longer bothered with him, and directly jumped down from the city gate tower. At this time, Long Chen was slowly walking forward, with Lin Zichen following him.

As for the tens of thousands of people in the Jiang City, including the three thousand Ghost Horse Heavy Riders and Lin Batian, all watched the two of them as they slowly walked to the center of the battlefield.

Under the gazes of tens of thousands of people, Long Chen turned around and looked at the approaching Lin Zichen, who was then standing steadily twenty meters away.

"You said that there is a grudge between us? Do we know each other?" Lin Zichen was a little interested in this.

"Of course there's a grudge. Today, only one of us can survive here." Long Chen chuckled.

"Oh?" Lin Zichen looked at him from head to toe, and said: "Forget it, I'm not speaking nonsense with you, if you want to fight, then do it quickly. With your strength, don't play tricks in front of me. No matter how enigmatic one was, as long as one fought, the result would be obvious.

Long Chen looked in the direction of the two elders that the Sword Emperor s had sent over and said, "We still need to wait."

Just as he finished this sentence, two screams came from that direction. Two black objects were thrown into the air and then shattered into pieces.

Immediately after, an excited wolf howl sounded out. In the center of everyone's attention, a black demon wolf jumped out from the forest and stopped in the distance. It roared at Long Chen before sitting down cross-legged on the ground. What no one could see was, on the wolf cub's ears, sat a small girl.

She was Ling Xi.

These two people were still trouble after all, so it was better to kill them off. After killing them, Long Chen would have a real battlefield to fight to the death with Lin Zichen!

When he saw that Sun Devouring Demonic Wolf, no matter if it was Lin Zichen or Lin Batian who was on top of the city gate tower, both of his face paled. Lin Zichen thought of someone in his memory, and hurriedly sized Long Chen up once again.

"That demonic beast, if it isn't Long Chen, why is it in your hands?" Lin Zichen frowned, and asked.

Long Chen laughed, and then looked coldly at Lin Zichen. He did not answer Lin Zichen, but said straightforwardly: "The reason I came back this time is to exact my revenge, the Inverse Wonderland's Sword Demon was the first one I killed, and you, Lin Zichen, are the second to die in my hands!"

"Uncle Huang was actually killed by you?" Just who are you! " When Long Chen said these words, Lin Zichen was completely shaken. At this moment, his expression changed greatly, his attitude towards Long Chen had originally been rather playful, but when he heard Long Chen's words, killing intent was emerging from his eyes.

No matter who Long Chen was, in his opinion, Long Chen was dead for sure today!

"Who am I? Back then, under the Diremonster Mountain, you forced me onto a dead end, you probably wouldn't have thought even in death that there would come a day when I, Long Chen, would return! " After he finished speaking, Long Chen laughed out wildly. He took off the human skin mask on his face, and his face that belonged to Long Chen, was finally going to be seen again!

Long Chen's words and his face caused Lin Zichen's heart to tremble. Even to the point where he subconsciously took a step back after Long Chen removed his mask, and Lin Batian, who was on top of the city gate tower, even took a few steps back. His face was filled with disbelief!

Who is Long Chen?

Although Long Chen was not strong, he had created a legend of a Canyon Kingdom. Before, he was only at 4th level of the Milky Way Realm, but he actually killed the ninth prince of Sixth Stage of the Milky Way Realm, and in the process of escaping, he killed the six great commanders of the Imperial Guard Army, and exterminated one of the three great families. In the end, he even escaped from Lin Zichen's grasp, and from what Lin Zichen had said, Long Chen had even held on for a period of time at his hands!

Such a character had actually returned to the Biyang Royal City, and one of the three great experts of the imperial family, the Sword Demon, had died in his hands. The two great Heaven Rank spirit medicines in the Inverse Wonderland had also been snatched away by Long Chen.

Only now did Lin Batian understand that he had been completely tricked by Long Chen. Long Chen had initially said that he wanted the Heaven Rank spirit medicine, but the Heaven Stage spirit medicine was actually in his hands. He was only toying with Lin Batian, but why did Long Chen do it? Lin Batian could not understand no matter how hard he tried.

However, Lin Batian racked his brains, and when he thought back to how he had interacted with Long Chen in this period of time, he finally recalled something. It was the First Commander, with Long Chen's strength in killing the Sword Demon, killing the First Commander was naturally easy. It was the death of the First Commander that caused him and Lin Zichen to come to this Jiang City!

"His target must be Lin Zichen. This Long Chen has such big guts and precise thoughts, he actually dares to sneak into the palace, and he wants to take the risk to lure Lin Zichen out. Seems like he has a lot of confidence!" Lin Batian's face turned pale white, he immediately retreated a few steps!

Looking at the youngster on the stage, Lin Batian never thought that a youngster who was even younger than Lin Zichen would actually be so terrifying! Not only were their thoughts terrifying, even their strength was terrifying! Lin Batian was still curious, when he first met Long Chen, he killed him with eighth level of the Milky Way Realm. With such strength, when he fought Lin Zichen in the palace that night, how could he not make a move?

Lin Batian was already this shocked, and Lin Zichen was even more so! At this moment, his face was filled with shock, he once again sized up Long Chen, and after confirming that it was Long Chen's face, he sucked in a breath of cold air, and said: "So it's actually you, Long Chen, who's actually so bold, who's so bold!

"I lured you here, and killed you at an invisible place in the Sword Emperor. How could you not think of such a simple logic?" Long Chen coldly snorted.

"No wonder that idiot Lin Batian came looking for me that night, so it was actually you who did this. Honestly speaking, for you to be able to appear here in front of me with just the strength of my eighth level of the Milky Way Realm, I quite admire you, but, since you are going against me, if you want to kill me, everything will be different." Lin Zichen licked his tongue, and said fiercely.

Today, under the witness of ten thousand people, I will kill you. Then, I will let everyone see the consequences of offending me, Long Chen. Long Chen's voice became louder and louder, until everyone could hear him!

#### Chapter 417 - Fighting Lin Zichen

This was the first time the people of Jiang City had heard of Long Chen. Because the Jiang City was simply too far away from the Biyang Royal City, practically no one had heard anything about Long Chen. However, from today onwards, they would firmly remember this person.

As for the three thousand Ghost Horse Heavy Riders and the eight Great Generals, they were all so shocked that they couldn't speak a word.

The imperial city's imperial guards and the Guard were originally two competing systems, and when the six great commanders of the Guard died in Long Chen's hands, they had even felt pity for them. Who would have thought that not only did the legendary Long Chen return, but he returned in such a terrifying way, infiltrating the Inverse Wonderland, killing the Sword Demon, stealing the Heaven class elixir, and then infiltrating the palace, leading Lin Zichen here, how many people would dare to do such a thing?

The eight generals looked at each other in dismay.

"Big brother, what should we do?" At this time, the others asked in succession.

"Long Chen being able to kill Lord Sword Demon should be on par with the Fourth Prince. Let's return to the First Prince and protect him. The eighth level of the Milky Way Realm warrior called Qian Jiang said seriously.

"How is this possible? The Fourth Prince just killed the beasts of the Ninth Grade Earth Grade so easily. With his strength, even ten Long Chen's wouldn't be his match!" Right after Qian Jiang finished speaking, someone immediately argued.

"I also don't believe that Fourth Prince Lin Zichen is simply a legend. My father said that he would probably be able to reach the level of Sword Emperor in less than five years!"

"Now is not the time to argue. Let's withdraw before they start fighting!" Qian Jiang did not have time to discuss with them, and quickly replied.

When the Ghost Horse Heavy Riders gradually returned to the middle of the Jiang City, Long Chen and Lin Zichen were the only ones left on the huge battlefield. Everyone stood on top of the city walls and watched the confrontation between the two most heaven defying youths in Canyang Kingdom.

This was the most pinnacle of battles, and was also the strongest opponent Long Chen had ever faced up till now. Lin Zichen knew Heaven Ranked movement techniques, controlled Emperor Sword, was familiar with Emperor Sword, and was almost the same as Long Chen!

Everyone's attention was focused on him! "Hualala!" "Hualala!" "Hualuu!"

Long Chen was still using his eighth level of the Milky Way Realm, so he was temporarily not at Lin Zichen's level.

"eighth level of the Milky Way Realm, they really overestimate themselves." Lin Zichen laughed coldly, the true energy in his ninth level of the Milky Way Realm erupted and a wave of strong energy swept towards Long Chen. The dust in the surroundings and the blood clots in the area were all knocked away.

Long Chen did not speak, but at this time, he used the Dragonsoul Transformation, and when the blood red dragon scales and the sharp bone spikes covered his entire body, making him turn into a humanoid fighting machine, the aura on Long Chen's body also kept on rising, his entire body shook, and the surrounding dust and dirt exploded, the aura that shot to the sky, was not weaker than Lin Zichen's at all!

"Such powerful true qi. You have also reached the ninth level of the Milky Way Realm?" Sensing the enormous aura on Long Chen's body, Lin Zichen frowned. However, this did not scare him. Long Chen's strength had always been profound, sometimes higher and sometimes lower. Even back when he was still in Diremonster Mountain, Long Chen had already displayed strength that was sufficient to fight against him.

"Even if your Zhen Qi is comparable to mine, with the power of my Sword Fighter, being able to release three levels of Zhen Qi, is your Zhen Qi really nothing impressive?" Lin Zichen laughed. Laughter echoed in everyone's ears.

At this moment, everyone's eyes were fixated on the two of them as they listened to their conversation. He was afraid that he would miss out on any of this historic moment.

"Long Chen has Innate Qi comparable to Lin Zichen? In other words, he has been using ninth level of the Milky Way Realm all along? But, Lin Zichen is a very heaven defying Sword Fighter. The sword spirit in his hand is one of the Emperor Swords, and is able to make him unleash three times his strength, so how can Long Chen be his opponent? " To be honest, Lin Batian really hoped that Long Chen could kill him. That way, he would have to be the next successor to the Canyang Kingdom.

Of course, that was under the condition that Long Chen didn't kill him.

At this moment, everyone's gaze was on Long Chen. When Lin Zichen had just finished speaking, they also wanted to know how Long Chen would respond.

"Are you saying that my true qi is inferior to yours?" With a sneer, Long Chen raised his arm.

Under Long Chen's display, the Great Mantra of Dao-heart Seed activated, and one of them was the second stage. With the release of the devil seed, Long Chen's true qi surged, and in one go, he surpassed Lin Zichen. He reached a level four times stronger than before, and completely suppressed Lin Zichen!

"What!?" The second stage's Great Mantra of Dao-heart Seed! " This time, Lin Zichen was truly shocked. Even if Long Chen had reached ninth level of the Milky Way Realm, he had ways to suppress him, but since Long Chen had used Great Mantra of Dao-heart Seed, in terms of Innate Qi, he was already not Long Chen's opponent.

Since he was young, he had never been surpassed by anyone in any way. But today, he suddenly found a aspect that was inferior to Long Chen's, which made him very unhappy.

"It looks like you entered the Demonic Palace and obtained the inheritance of the Great Mantra of Dao-heart Seed. With your current strength, you should be the number one disciple of the Demonic Palace, right? I heard that in the Demonic Palace, there is a Demon Emperor Sword, it is a divine weapon that is comparable to my Emperor Sword, I wonder if you, Long Chen, have the qualifications to receive it? " Lin Zichen asked provocatively.

To him, Long Chen being able to go to the Demonic Palace was merely an outsider. Obtaining the Great Mantra of Dao-heart Seed was already considered very impressive, but Demon Emperor Sword was something that the Demonic Palace had passed down to all previous palace masters. It was simply impossible for Long Chen to have it.

When Lin Zichen took out the Emperor Sword s from his Qiankun bag, a black divine sword that looked almost the same as the Emperor Sword s appeared in Long Chen's hands. Long Chen raised the Emperor Sword s up and pointed at Lin Zichen from afar, laughing lightly: "Sorry, but this might be beyond your expectations. I used this Demon Emperor Sword s, and directly cut off the Nine Heavens War Sword s of the Sword Demons, killing him!"

Once the Emperor Sword appeared, who would fight who? However, when Long Chen took out the Demon Emperor Sword, everyone felt that the legendary Canyon Kingdom's number one divine weapon was no longer as outstanding as it was previously. At least, even Lin Batian and the others could see that the divine sword in Long Chen's hand, that was exactly the same as the Emperor Sword, did not look any weaker than the Emperor Sword at all!

Lin Zichen, who had originally thought that he could easily kill Long Chen, had a grave look on his face after seeing the appearance of this Demon Emperor Sword.

The ninth level of the Milky Way Realm, Great Mantra of Dao-heart Seed, as well as this Demon Emperor Sword, all of this made it clear that Long Chen had already obtained the highest level of inheritance from the Demonic Palace and had become the first person in history to be able to stand shoulder to shoulder with him.

Lin Zichen never thought that there would actually exist such a person in this world. He had always been standing at the peak. Unknowingly, there was someone standing beside him. They were basically on par with him. How could Lin Zichen adapt to this?

Not to mention that Long Chen had to kill him, the current Long Chen had already grown to the point that he made him wary of him. If he did not kill Long Chen now, who knew what would happen in a few years' time? At that time, he might really be killed by Long Chen!

Lin Zichen slowly raised his Emperor Sword.

This moment was the focus of all attention. Seeing that they were finally going to take action, everyone started to raise their heads, the most nervous of them all was Lin Batian.

"What a Long Chen, he must be the legendary Demon Emperor Sword of the Demonic Palace! If my guess is right, Long Chen is about to become the successor of the Demonic Palace, this is a showdown between the two top young warriors of my two great forces in the Canyon Kingdom!" Thinking of this, Lin Batian was extremely excited.

Right at this moment, tens of thousands of people cried out in alarm, because at this moment, Long Chen and Lin Zichen had truly made their move!

This moment, Long Chen had already been waiting for a long time!

It could almost be said that the moment he entered the Demonic Palace and started cultivating with all his might was for this moment, the moment he killed Lin Zichen!

Rumble rumble rumble!

The battle had just started, and the entire battlefield had been shaken up by their imposing aura. At that moment, yellow sand flew crazily in the air, and those demon beast corpses on the battlefield that had not been cleaned up were swept up by the strong wind.

Clang!

With an ear-piercing explosion, the first collision between the two most heaven-defying weapons in the Canyang Kingdom began many years later. A blinding light flashed, and both Long Chen and Lin Zichen retreated backwards.

For a time, no one was able to see anything. That figure was so fast that they could not see who it was. The only things they could see were two swords, one black and the other gold, dancing rapidly on the battlefield!

"Emperor Sword Qi!"

With a roar, the attack that Lin Zichen used to deal with the Dark Moon Tiger rushed towards Long Chen frantically, and a deep gully was formed in the ground under the attack of the Emperor Sword Qi. Seeing such a violent attack, everyone's heart rose to their throats, because Long Chen was now exposed under the Sword Qi.

"Traceless Demon Shadow!"

Right at this moment, Long Chen, who was already an illusion, turned into an invisible shadow. That Emperor Sword Qi did not even manage to hit him, and immediately flew into the distance, until it disappeared, and at this time, what the crowd saw was countless blurry shadows spinning extremely fast towards Lin Zichen, and that could not be compared to Lin Zichen's could be seen in the sky, and started flying after them as they killed their way towards Lin Zichen crazily!

"Heaven Tier Battle Skill, Traceless Demon Shadow?" Lin Zichen was shocked once again. He had already had a premonition that Long Chen could even execute the Traceless Demon Shadow, but he didn't expect that Long Chen really knew how to use it. Furthermore, when he used it, it wasn't any stranger than his own, Lin Zichen's, Nine Palace Steps!

Long Chen already knew two types of Three Great Secret Scriptures from the Demonic Palace, could it be that Long Chen knew the last one?

Lin Zichen's face, had no choice but to turn serious!

#### Chapter 418 - Devil Dao Supreme Sword

Amongst the royal family, there were three Heaven Tier Battle Skills, one of which was Lin Zichen's Nine Palace Steps, the other two being the Emperor Sword Dao Lin Zichen was currently using, and the other being an offensive battle skill, just that it was not very powerful. When they were at Inverse Wonderland, it was directly destroyed by Long Chen with just one move of his The Supreme Sword of the Ancestor Realm.

Lin Zichen cultivated the way of Emperor Sword, so of course he did not need that one Heaven Tier Battle Skill, but even so, these two secret scriptures of Heaven Stage took Lin Zichen close to five years to understand. Lin Zichen was clear in his heart, when Long Chen went to the Demonic Palace, it only took around a hundred days, and Long Chen managed to cultivate the Three Great Secret Scriptures within a hundred days? What kind of concept was this? Doesn't this mean that Long Chen's innate talent was much higher than his?

What Lin Zichen was most proud of was his own talent in cultivation, and Long Chen's performance had caused him to receive a huge blow. It was also at this time that he truly felt that this should be the most difficult hurdle he had ever faced in his entire life! Today's battle would definitely be a fight to the death!

From the start of the battle, Long Chen had always maintained the situation of being on par with Lin Zichen. This made Lin Batian and the others, who were more familiar with Long Chen, quite surprised as well. In terms of cultivation, Lin Zichen had always been a heaven defying existence within the Canyang Kingdom, but today, was there really going to be an expert who could compete with Lin Zichen?

"Your Highness, do you think that it's possible for Long Chen to kill the Fourth Prince today?" At this time, Qian Jiang moved closer to Lin Batian's ear and said with a trembling voice.

"I don't know, just watch. Today's battle is bound to cause the entire Canyang Kingdom to tremble, if royal father knew, he would probably jump up in fright. Lin Zichen's talent in cultivation is something he has always been the most proud of!"

On the city gate tower, all sorts of discussions were unceasing.

Underneath the city gate tower, Long Chen and Lin Zichen continued to battle intensely, and as expected, Lin Zichen was not easy to deal with. Long Chen had already activated his strongest state, but it was not easy at all!

"Divine Nine Palace Steps!"

Under Long Chen's Sword Qi of the Evil Emperor, Lin Zichen's body rapidly changed between nine different directions. The speed at which the Divine Traversal Nine Palace Steps changed had created an effect that was almost instant teleportation, and the speed at which he dodged had even surpassed the speed of the Traceless Demon Shadow.

Several Sword Qi of the Evil Emperor s were unable to hit Lin Zichen!

"Is this the legendary Sword Qi of the Evil Emperor? Sure enough, you are exactly the same as my Emperor Sword Qi! " Lin Zichen let out a loud roar, and suddenly rushed towards Long Chen with an explosive burst of speed. The Emperor Sword slashed down from top to bottom, and immediately, a golden colored Sword Qi attacked Long Chen's head!

Heh!

As Long Chen was retreating, he swept the Demon Emperor Sword in his hand and the Sword Qi of the Evil Emperor clashed with the Emperor Sword Qi!

**BOOM!**

With the sound of an explosion, a huge crater was formed on the ground, as dust and dirt flew in all directions. Such a powerful attack was enough to stun the spectators on the city gate tower.

"This is a true expert!" In the eyes of everyone in Jiang City, Long Chen and Long Chen who were currently in a fierce battle, were just like gods!

's true qi was stronger than Lin Zichen's, so he was at the back, and had even suppressed Lin Zichen a few times. In front of everyone's shocked eyes, Lin Zichen was being pushed back step by step!

"Bastard, I think you won't shed tears until you see the coffin, right? Today, I, Lin Zichen, shall grant your wish and let you experience what a true genius is like! " Lin Zichen was like a bomb, as he crazily rushed towards Long Chen. As he advanced, his power climbed again and again, the Emperor Sword in his hands released rays of strong golden light, which Lin Zichen grabbed and held behind him!

A ray of invisible golden light charged towards Long Chen violently, and at that moment, a storm was brewing!

A resplendent golden light flashed!

"Emperor Sword Dao, Martial Dao Supreme Sword!" With an explosive shout, under Lin Zichen's display of his full strength, the move he used to kill the Dark Moon Tiger was released once again. The sword qi that covered the sky and covered the earth hacked towards Long Chen, creating a wide and deep gully along the road!

"As expected of the young Sword Emperor, this move of Lin Zichen's, at least other ninth level of the Milky Way Realm, even that Sword Demon could not handle it at all. With the same ninth level of the Milky Way Realm, Lin Zichen is much stronger than that Sword Demon."

Long Chen was extremely calm in his heart, his move had reached its peak, and Long Chen's move had reached its peak. In front of everyone's eyes, he just stood there, congealing all of the True Qi in his body and waving the Demon Emperor Sword in his hands!

"The way of the Demon Emperor's Sword, The Supreme Sword of the Ancestor Realm!" Under Long Chen's display, a black colored Sword Qi that was not any weaker than the Martial Dao Supreme Sword shot up into the sky, releasing a strange black ray of light, then clashed against the Martial Dao Supreme Sword that was just inches away. The principles behind these two moves were extreme, and with the same level of cultivation, Long Chen's Innate Qi was stronger, and instantly shattered the Martial Dao Supreme Sword!

Rumble rumble rumble!

An even more explosive sound rang out, and a wave of sound waves swept towards the surroundings. Those watching from the top of the city gate tower, many of them were so shocked that their faces turned pale!

"What!" This time, Lin Zichen was even more shocked than before. Even the Traceless Demon Shadow and the Great Mantra of Dao-heart Seed Long Chen knew about it, Lin Zichen thought that Long Chen was sure that the The way of the Demon Emperor's Sword had not been successfully cultivated yet, right? What he did not expect was that not only did Long Chen not move an inch when he was using it, he was even able to stay at his original position, and was even a cut above Lin Zichen!

"How is this possible!?" How could you be so heaven-defying! " Lin Zichen let out a crazed roar, the power of the The Supreme Sword of the Ancestor Realm directly shattered his Martial Dao Supreme Sword! The few remaining ripples swept up the yellow sand in the sky and surged towards Lin Zichen. Lin Zichen's face was completely pale as he hurriedly used the God Travelling Nine Palace Steps to resist!

"Long Chen! You are forcing me! Alright, since you do not hold back, then I will also not hold back! " The current Lin Zichen was almost driven mad, he repeatedly revealed his strong side, but every time, Long Chen was able to completely suppress him!

This depressed feeling simply made Lin Zichen want to vomit blood!

But this time, it was not Lin Zichen who used it first. In the midst of everyone's shocked gazes, Long Chen used the The Supreme Sword of the Ancestor Realm to destroy Lin Zichen's Martial Dao Supreme Sword, and then, his body quickly moved, turning into a blur, instantly rushing to within twenty meters of Lin Zichen. At this time, Long Chen's eyes were ice-cold, and a thick killing intent flashed past them.

"The same move?" Above the city gate tower, Lin Batian and the rest were all stunned. Seeing Long Chen taking the initiative to attack, their hearts were all raised to their throats. The move Long Chen used just now, was truly too terrifying. However, what surprised them was that the move Long Chen used right now, was not the move he used a moment ago!

"Could it be?" In the middle of the battlefield, Lin Zichen's heart shook and his pupils dilated. He frantically used the Divine Travelling Nine Palace Steps and retreated a good thirty meters, then he gritted his teeth and activated the true essence in his body once more as he roared at Long Chen in

disbelief, "Impossible, even I am not sure that he can steadily use this move. You are definitely impossible!"

During the process of roaring, he actually held the Emperor Sword in his hands in a similar position to Long Chen. The Demon Emperor Sword and the Emperor Sword both came out of the same source, so when used, it was pretty much the same.

The The Supreme Sword of the Ancestor Realm and Martial Dao Supreme Sword were respectively the first moves of the The way of the Demon Emperor's Sword and the Emperor Sword Dao. But the final battle between Long Chen and Lin Zichen was between the The way of the Demon Emperor's Sword and the Emperor Sword Dao;

"The last moment has arrived." Long Chen slowly closed his eyes. He had been waiting for this moment for far too long. For this moment, he had hibernated for a full three months.

Three months, was all for the sake of standing here today, to chop down the Demon Emperor Sword in her hands with the greatest power!

Endless amounts of yellow sand swirled and danced, surrounding Long Chen and Lin Zichen in the middle. And the moment that it ended, it attracted even more everyone's attention, and at this point, they could not help but hold their breaths.

As the proverb goes, until the very end, no one knows who will be the last one laughing. This time, the decisive battle is still filled with decisive battles, but one thing is for sure, and that is, the current Long Chen is already the peak genius of the Canyang Kingdom!

Coincidentally, both of their names had the word 'morning' on them.

"Like I said, between us, only one person can survive today." Closing his eyes, Long Chen's lips gently moved. In this most crazy moment, he was extremely calm. At this moment, he was like a quietly cultivating man at the peak of the Diremonster Mountain.

All of these were taught to him by Zhao Qingyun.

The white clouds, the gentle breeze, everything felt like they were at the summit of Diremonster Mountain.

And at this moment, Long Chen lightly hacked out.

Instantly, the sky changed color!

At this moment, the entire world seemed to shatter as terrifying explosions resounded one after another. Under Long Chen's sword, everything seemed to have been crushed as it swept towards Lin Zichen.

"Devil Dao Supreme Sword of the The way of the Demon Emperor's Sword!" The strongest move of the The way of the Demon Emperor's Sword was used by Long Chen just like that. In that moment, it was as if the entire world in front of Long Chen exploded!

There was no doubt that he had already used the Devil Dao Supreme Sword to its peak level. Even if it was Zhao Qingyun, he might not be able to use this realm!

On the other side, Lin Zichen had also completed his attack. Like Long Chen, his attack was undoubtedly extremely powerful as well, but under Long Chen's nearly perfect Devil Dao Supreme Sword, it had lost its luster!

#### Chapter 419 - Killing Lin Zichen

"Go to hell! Emperor Sword Dao, Sovereign Sword! " A dazzling Sword Qi burst out from Lin Zichen's body, he used all of the True Qi in his body to complete this most powerful move, this move had even surpassed his control, when it left the Emperor Sword s, it had destroyed everything in front of him with a tyrannical posture!

"Long Chen, let's see if you're still alive!" After he successfully used this move, Lin Zichen finally relaxed a little. Previously, he didn't know if he could use it, so he was a bit nervous, but after he used it, he heaved a sigh of relief. Others might not know about the might of the Sovereign King Sword, but he was very clear that even ordinary Heavenly Completion Stage experts would need to use all of their powers to block this attack!

However, what was with the exclamations of those people on the city gate tower?

Lin Zichen was startled, then he suddenly had a bad premonition. He immediately turned around and looked in Long Chen's direction, and what he was most proud of was that under Long Chen's one of his more powerful moves, the emperor's dao noble sword was actually pushed back bit by bit, shattering with a bang, turning into powder that filled the sky. It charged straight at him, and the Devil Dao Supreme Sword's might, was like a surging tide, that instantly engulfed Lin Zichen!

"No!" Over ten thousand people who heard it felt goosebumps all over their bodies, their scalps were numb. They could only watch's last resort, was completely incomparable to Long Chen, and under Long Chen's Devil Dao Supreme Sword, Lin Zichen's entire body was drowned in the sword light!

A torrent of energy swept out!

That word 'despair' still echoed in everyone's ears, but it was all over. The yellow sand gradually fell down, and the gale no longer whistled.

Under everyone's dumbstruck gaze, only Long Chen was left standing on the battlefield. He took his time and put away the Demon Emperor Sword in his hand. That meticulous look caused everyone on the city gate tower to gasp one after another.

Everyone also saw that not far from Long Chen, there was a golden sword edge. This was clearly a Emperor Sword, and the owner of the Emperor Sword had already disappeared to who knows where.

Lin Batian knew.

The current Lin Zichen, must have completely turned into powder and dissipated into the air under Long Chen's mighty attack. The last sword strike of Long Chen's could almost shatter all of the city towers of the entire Jiang City, let alone Lin Zichen's tiny body.

The peak genius of the Canyang Kingdom, had died in Long Chen's hands before he even reached the city gates of the Jiang City.

The people from the Jiang City were not very moved by this, they only thought that they saw two evenly matched experts fighting in an earth-shattering battle, and in the hearts of the three thousand Ghost Horse Heavy Riding s, eight generals, and Lin Batian, it could no longer be described as raging waves. To them, this was simply overturning their heads, and it was only after watching several times that they were sure that Lin Zichen had already disappeared from this world.

Lin Zichen was dead.

He died at Long Chen's hands, under the Demon Emperor Sword s that he killed.

This news would cause many people in the imperial city to fall off their chairs in fright, including the royal father, Lin Batian. The strongest Inheritor of the Canyang Kingdom, the Sword Emperor!

Lin Batian's face was pale white, he sat on the ground. It was not that he was worried that Long Chen would kill him, but this fact was too shocking for him to sit still.

Although he was fighting against Lin Zichen, he also knew the importance of Lin Zichen in the Canyang Kingdom. He was basically a symbol of the Canyang Kingdom's martial way, but today, this symbol had been stepped on by someone. This person, had created one miracle after another.

He was Long Chen.

Silence filled the air as everyone looked at Long Chen in a daze.

With a slight movement of his, everyone trembled in fear and hurriedly took a few steps back.

At this moment, Long Chen was not as excited as he thought he would be. He suddenly realized that Lin Zichen was just one of the stumbling blocks to his growth, and now that he had kicked him down, his mind had opened up a lot. He knew that today's battle would only be a new beginning and not the end.

This was a completely new beginning. From today onwards, he, Long Chen, would walk on an even more open path.

After putting away the Demon Emperor Sword and looking at the sky, he suddenly had the feeling of pushing away the clouds and seeing the bright moon, and his heart was at ease. Originally, he wanted to kill Lin Zichen to release the anger burning in his heart, but when it came out, he felt much more relaxed.

Long Chen kept the Emperor Sword in his Heaven and Earth Pouch.

Otherwise, other than the Emperor Sword, I should have had other gains. Since I took away the Demonic Palace's Demon Emperor Sword, I will leave the Emperor Sword for Master. In any case, the Demon Emperor Sword and the Emperor Sword did not have any differences between good and evil. "

Long Chen thought in his heart.

Right at this moment, the little wolf and Ling Xi happily came to his side. She looked at Long Chen with some admiration, and the wolf cub had to admit that although was already in Ninth Grade Earth Grade, if they were to fight, even if there was the Nine Hell Devil Ancestral Fire, it was not certain who would win.

Ling Xi's eyes were filled with emotion. He knew that the reason Long Chen had such a huge grudge against Lin Zichen was because of that Emperor Sword Qi of his back then. If not for that, Ling Xi would not have given up on him.

"What's wrong? I've finally gotten my revenge, you should be happy, right? " Long Chen carefully held her up in his hands and asked softly.

"I'm not sad, I'm just touched." Ling Xi looked at Long Chen, her intelligent eyes turning crystal clear.

"Silly girl." Long Chen laughed helplessly, and said: "Even if I kill Lin Zichen today, it doesn't seem to be much anymore. Nine Celestial Spirit Fruit, I have still not found them for you."

"Aren't you anxious about that?" Ling Xi hurriedly said, "Brother Chen, will you take revenge for me when others bully me in the future?"

"That's only natural. Whoever dares to touch my Lil 'Xi, I will make them suffer a fate worse than death if they were to touch a single hair on their head." Long Chen laughed.

"As a man, you must keep your promises. Do not go back on your word!" Ling Xi said.

"Of course, but you must know that I, Long Chen, am definitely a famous man. However, this man still has some matters to attend to. Xiao Xi, return to Ling Xi's sword."

"Alright." Ling Xi nodded, and obediently returned to the center of Ling Xi's sword, while Long Chen called out to the little wolf, and quickly rushed towards Jiang City's city gate tower, in front of everyone's terrified eyes, Long Chen appeared. The current Long Chen was simply a demon to them, so

they all started to retreat one after another. There was not even a single person who dared to stand in front of Lin Batian.

"Lin Batian, do you understand now? Why did I beat you up just now?" Long Chen asked indifferently.

"Understood, with your strength, beating me up is normal." Lin Batian looked at Long Chen with a pale face. Although he was trying to restrain himself, his legs were still trembling.

"You know you're afraid of me now?" Long Chen sneered.

"Long Chen, don't kill me, I'm begging you, when I was trying to kill you, I was fighting outside, it's not my fault, and if it wasn't for me, would you have lured Lin Zichen out?" Lin Batian immediately said.

"Don't worry, I won't kill you." Long Chen paused for a moment, and continued: "However, you have to do something for me, something very important!"

"Please speak, anything that I, Lin Batian, can do, will definitely be done for you!" At the moment of his death, Lin Batian had risked everything.

"This matter is actually very simple!" Long Chen raised his head, looked at all the people from the three thousand Ghost Horse Heavy Riders, and then raised his voice, speaking with each and every word, "Lin Batian, you go back and tell the Sword Emperor! Just tell him, I have already killed the Sword Demon and Lin Zichen, I believe that I will soon return to the Imperial City! At that time, if you let him wash his neck clean, I, Long Chen, will kill him in front of the eyes of everyone in Biyang Royal City! Have you guys remembered it clearly! "

Long Chen's words were too loud, causing everyone to look at each other in dismay!

Originally, everyone thought that Long Chen was powerful enough that he had killed him, but he was evidently so lawless and unruly. He even set his sights on the Sword Emperor, telling him to wash his neck and wait for Long Chen to kill him?

Everyone sucked in a breath of cold air.

"Lin Batian, did you hear that clearly? If you can't do it, I'll let others do it, but I can't guarantee your life."  
" Long Chen said coldly.

"I can do it, I can definitely do it!" Lin Batian immediately said. Long Chen's tone just now had really scared him silly, so he promptly agreed to Long Chen's request. Of course, in his heart, he was still a little speechless at Long Chen's haughtiness and ignorance.

Lin Zichen was the strongest warrior among the younger generation, but to be killed by Long Chen, that was nothing, but what realm was Sword Emperor at? An expert of the Heavenly Completion Stage, the publically acknowledged number one expert of the Canyang Kingdom, was actually the Demonic Palace's Zhao Qingyun.

Of course, no one knew if they had fought before, but right now, the majority of Canyang Kingdom was under the control of the royal family, it was actually very easy to brag about their strength.

"But Long Chen, why do you want to exterminate my imperial family? I think my royal father didn't chase after you, right?" At this time, Lin Batian asked while trembling.

"You want to know why?" Long Chen laughed lightly, he glanced at the crowd and said in a clear voice: "Then I will tell you, first of all, when you chased me, Sword Emperor must have given his orders, and now that I killed his two sons, a little brother, will he spare me? There's something else that's even more important! "

Long Chen's face darkened, and said word by word: "I once had a brother who was a member of the former four great families of the Imperial City, the Mo family. But when he was six years old, his entire family was exterminated, you understand? Only your royal family has the right to execute such an act, so no matter what, the Sword Emperor must die! "

#### Chapter 420 - Heaven Punishing Sword Formation

"Mo Clan?" However, that was a few years ago. At that time, Lin Batian was around the same age as Long Chen, and he was still practicing martial arts in the palace, so he did not have a deep memory of it.

Lin Batian didn't really care much about it. However, the matter regarding the Mo Clan was still very big at that time, after all, the Mo Clan was one of the Four Great Clans. Not a single person remained after his death. The once prosperous clan instantly turned into a living hell.

But no one would have thought that there was actually still one more unremarkable child that survived in the Mo family, and that was Mo Xiaolang.

Lin Batian could only shake his head. Looking at the tone of Long Chen talking about this, he knew that not only would he avenge the Mo Clan, he would also avenge them in front of everyone in the world.

"Don't worry, I will definitely pass your words on to my royal father." Lin Batian said.

"Then that's it." Long Chen nodded his head, he was still not a match for the Sword Emperor, so he would need some time to cultivate. The goal that he had set for himself when he first returned to Biyang Royal City, had already been accomplished. As long as they didn't reach the Heavenly Completion Stage, the three great experts of the imperial family had all been killed by him.

The only regret he had was that he was a Nine Celestial Spirit Fruit.

There was actually another very important reason behind killing Sword Emperor, and that was because Long Chen had to obtain the Nine Celestial Spirit Fruit. In the midst of everyone's fearful gazes, Long Chen reminded Lin Batian one last time before he jumped off the city gate tower with the little wolf. They slowly disappeared from everyone's field of vision and headed towards the Snow Peak Mountain Range in the north.

For the next period of time, he did not plan to return to the Demonic Palace, but to stay here.

At the beginning, Long Chen did not know that he still needed to cultivate in seclusion for one more time. Initially, he thought that with his current strength, he should be able to obtain the Nine Celestial Spirit Fruit, but he never expected that it would still be impossible. If the Nine Celestial Spirit Fruit was in the hands of the Sword Emperor, then he would have to work even harder to fight for it.

When Long Chen's figure gradually disappeared, Lin Batian and the rest, whose bodies were still tensed up, weakly sat on the ground, looking at each other in dismay. That Qian Jiang from the eighth level of the Milky Way Realm asked: "Should we inform His Majesty about the things that he has instructed us to do?"

"Yes, of course I want to, moreover I want to proclaim it unrestrainedly!" Lin Batian thought for a moment, then said coldly.

"Why?" Qian Jiang was shocked.

"Don't you think this Long Chen is really a little too terrifying? Now that Lin Zichen is dead, the position of the Canyon Kingdom must be in my hands in the future, and since Long Chen is a member of the Demonic Palace, my strength is far inferior to him. You also forgot that the Emperor Sword is still in his hands, it is the symbol of the imperial family, how can it be placed in his hands?" Lin Batian analyzed.

"In other words, you must make his majesty fear him, value him, and make everyone fear him. This way, his majesty will be even more resolute in wanting to kill Long Chen?"

"That's only natural. However, even if I only knew the news of Lin Zichen's death, the killing intent in my royal father's heart would probably surpass mine at this time." Once Lin Zichen died, Lin Batian was now the most favored prince.

"Your Highness, do you think that if Long Chen were to really attack the Imperial City one day, he would be an opponent for His Majesty?" Qian Jiang was shocked by Long Chen.

"Aren't you talking nonsense? Who is my royal father? Legend has it that the strongest warrior in the Canyon Kingdom, Long Chen, was not bad, but he is still too young after all. Lin Batian looked at him, a little speechless, and scolded him.

"Yes, yes!" Qian Jiang immediately nodded his head and bowed. He had no choice but to do this, now that Lin Batian was about to become the person with the most power, he would need to spend some effort to curry favor with him.

"Back to the dynasty!" Lin Batian looked again in the direction that Long Chen had disappeared in, and ordered.

The weather was still a little chilly, and it was obvious that snow had covered the entire place in winter. But now that the summer had arrived, the snow had basically melted into water, and numerous large rivers flowed across the Snow Peak Mountain Range, heading towards the east.

Long Chen quickly found a grassy area with birdsong and fragrant flowers. The place was surrounded by exquisite shrubs, and in front of him was a clear little river.

"Xiao Xi, I actually wanted to rely on the Blood Refinement Qi to raise my ninth level of the Milky Way Realm, but unfortunately, there are basically no powerful demon beasts around Canyang Kingdom. Furthermore, Heaven Stage demon beasts are definitely one level higher than Earth Rank beasts, I wonder if I and Little Wolf can fight together."

"In other words, I can only concentrate on my cultivation?" Ling Xi fluttered in the fragrant grass, and then he suddenly jumped in front of Long Chen, and said while blinking his large eyes. )))

"That's the only way."

"Is the Tianhe Dan enough?"

"From the Demonic Palace, I have already brought out enough Tianhe Dan for me to reach the ninth level of the Milky Way Realm. Now, I have to wait for my true qi to catch up." Long Chen paused for a moment, then said: "But don't worry Xiao Xi, I will definitely get the Nine Celestial Spirit Fruit as soon as possible!"

The Nine Celestial Spirit Fruit again.

Ling Xi forced a smile, but inside the smile, there was a hint of worry.

To Long Chen, with the Nine Celestial Spirit Fruit in the hands of the Sword Emperor, who knew what would happen? After speaking with Ling Xi for a while, he had immersed herself in cultivation. At this moment, the eighteen sky rivers in his body had already condensed sixteen of them, and the remaining two star veins were still empty.

Long Chen needed to continuously cultivate, and was only able to condense the last two rivers of stars.

At this point, Long Chen dared to accurately feel the difficulty of cultivating. Previously, when he was flying up quickly, he relied on his heaven defying ability of Blood Refinement Qi, but now that he no longer had a target for the Blood Refinement Qi, to raise his cultivation, it was extremely difficult.

"It looks like Canyang Kingdom isn't suitable for me anymore. Once I find the Nine Celestial Spirit Fruit, I'll let Ling Xi recover her health and bring her to an even wider world. We'll gallop together!" This was the beautiful wish in Long Chen's heart. As for the wider world, Long Chen had already understood it.

Amongst the Realm of Myriad Kingdoms, there were tens of thousands of small nations like the Canyon Kingdom, but under the escort of these countries, there was a large super nation. The strength of these ten great nations were hundreds to thousands of times stronger than the Canyon Kingdom, and their Heavenly Completion Stage was just like a dog's among these ten great super powers.

The names of these ten superpowers were Ten Great Saints, and each of them had over a thousand subordinate states. Some were strong and some were weak, but subordinate states like Canyon Kingdom could only be considered the weakest kind of subordinate states. From this, it could be seen how huge the legendary Dragon Sacrifice Continent was.

had not thought about leaving the Canyon Kingdom at first, but now, he suddenly recalled that when he saw Zhao Qingyun next time, he must ask him what exactly the special formation that led to the Holy Dynasty Divine Artifact was. Zhao Qingyun had never thought about it before.

Actually, also felt a lot of pressure in his heart. He knew that Ling Xi and her home should not be in this Realm of Myriad Kingdoms or this Ten Great Saints. And from Ling Xi's body, one could tell that the people there would probably be even more terrifying than the Ten Great Saints. It would not be an easy thing for Long Chen to marry Ling Xi in the future if he were to do it openly.

Of course, this was something that would happen a long time later. Long Chen did not think much about it for now, and directly immersed himself into cultivation.

However, the cultivation of the ninth level of the Milky Way Realm was much more difficult than he had imagined. After half a month of continuous cultivation, it did not seem to have made much progress either. Only now did Long Chen know why a genius like Lin Zichen could only cultivate his ninth level of the Milky Way Realm after more than ten years of cultivation.

"The path of cultivation is a gradual one and is incomparably difficult. It looks like I underestimated this path in the past. My path of cultivation has always been too smooth." However, even if I, Long Chen, am strong, I can still level up faster than others.

In the blink of an eye, more than half a month had passed. As for Long Chen's matter, Long Chen did not know what kind of storm would break out on the other side of the imperial city.

This was the most important goal for Long Chen from the Source Spirit City to the Biyang Royal City.

Time slowly passed, but the rate of cultivation growth wasn't too fast. This made Long Chen a bit depressed, and normally, he wouldn't say much, and basically, he would work hard every day for twelve hours. Seeing him work so hard, Ling Xi became even more timid, and didn't dare to say what he was thinking to Long Chen.

"Up until now, it's already been almost a month, but I've only completed about a quarter of the progress, which means, to reach ninth level of the Milky Way Realm, I still need four more months. For others, my speed is extremely fast, but for me, it's still too slow, huh."

Seeing the faint worry in Long Chen's eyes, Ling Xi bit her lips and suddenly decided: "Brother Chen, how about I teach you a set of Heaven Stage High Rank techniques. I originally wanted to teach you when you arrive at the Heavenly Completion Stage, but your comprehension ability is extraordinary, so maybe now it's about time."

Ling Xi's words made Long Chen instantly rejoice. Heaven Stage High Rank? Even the Devil Dao Supreme Sword in the The way of the Demon Emperor's Sword were only at the early stage of the Heaven Rank. Then, to what extent would Ling Xi be able to defy the heaven's will?

"Xiao Xi, I really love you so much. Quickly tell me, what kind of battle skill is it, for it to be Heaven Stage High Rank?" Long Chen stopped his cultivation and asked impatiently.

"Do you remember the Mighty Heavenly Sword Prison that I used to use in the Star Demon Prison? This Heaven Stage High Rank offensive skill is a sword technique from the same secret scripture as Mighty Heavenly Sword Prison, but it will be more beneficial to you. The name of this technique is Heaven Punishing Sword Formation. "
