### Chapter 441 - Imperial Domain Ranker

"Inside Archaic Graveyard, there is an entrance. That's why you got the Archaic Graveyard first, and I don't really know how to enter the Archaic Graveyard, but I think there is definitely a way to enter the Ten Great Saints." Ling Xi finally finished.

"In other words, I have to go to the Holy Martial Empire first and figure out how to enter there. After that, I have to head to the Archaic Graveyard and find you there?" Long Chen asked with blazing eyes.

Ling Xi's eyes were filled with worry, she nodded.

Seeing this Ling Xi, who seemed to have lost her soul and was trying to hold back her tears, Long Chen's heart hurt a lot.

"Strength, damn it, if I had super strong strength, then this wouldn't be the end of things today, and this is all due to my damn strength!" Long Chen's path of levelling up was simply too smooth, and he was even somewhat pleased with his own talent. It was only now that he finally realized that in front of a true expert, he was actually just an insignificant ant.

Today, he was extremely unwilling.

took a deep breath. Today's conclusion was something he had chosen himself, he had originally thought that he would have no regrets, but just as he was about to face this moment, when he recalled that he would not be able to see Ling Xi again for so long, and that they might never see each other again, he suddenly felt as if his soul had left his body.

Hearing Long Chen's words, Ling Xi was about to cry again.

"Xiao Xi, don't be like this. Calm down, try your best to keep your relationship with me distant. I don't know the temper of your family. If they look down on me and see that I'm close to you, guess what will happen?" Long Chen said helplessly.

It was not that he was afraid of death, it was just that he wanted to avoid some trouble. Since he no longer had the ability to reverse the situation, he could only accept it silently.

Long Chen's words had indeed stunned Ling Xi. Because it was related to Long Chen's life and death, she did not dare to be the slightest bit careless.

"Brother Chen, I can already feel it, it's my grandma, my father and mother are hard to talk to, but my grandma is very easy to talk to, she loves me the most, if I beg her, she might let me bring you back!" At this time, Ling Xi suddenly said excitedly.

"Grandma?" Is she really nice to you? " Honestly speaking, Long Chen was also a bit moved. He clearly knew that if he went over to Ling Xi's side, with his current strength, he would very likely be humiliated and humiliated at the same time. However, he couldn't let Ling Xi go.

If there really was such a choice, he felt that he could give it a try.

"My grandmother dotes on me. She might agree!" Ling Xi immediately said.

Long Chen never thought that there would be such a turning point, if her grandma agreed, then Long Chen would not have to go through so much trouble to travel to Archaic Graveyard.

Long Chen calmed down and thought for a while, then said: "Xiao Xi, this method can indeed be tried, but at that time, you cannot reveal our relationship, just say that we are friends, and that I have saved your life, and even obtained the Nine Celestial Spirit Fruit s for you. This way, the chances of success would be higher."

As for going to the Three Great Imperial Domains, Long Chen did not believe that with his own talent, he would not be able to mix with them!

With his ability to refine blood and Qi, as long as there were enough powerful demon beasts, Ling Xi would help him kill them. If he could control his heart and nature, Long Chen's strength would very quickly rise greatly!

Just like this, why would it take ten years? In just a year or two, Long Chen would be able to openly take Ling Xi as his wife!

Thinking to this point, Long Chen's originally silent and painful heart once again exploded with a strong confidence. Because Ling Xi's words, allowed him to see the confidence. His greatest reliance was that Ling Xi was completely on his side. Long Chen even believed that for his sake, this girl might even be able to go against his parents.

"Brother Chen, it's good that you agreed. I'll definitely plead with my grandmother when she arrives!" At this moment, Ling Xi's tears turned into a smile as all the grief in her heart disappeared. This accident had happened too suddenly, she had always thought that the person who would come would be her parents, but she didn't expect that it would be her grandmother, who usually doted on her the most.

After they had hope, Long Chen and Ling Xi planned and waited for her grandma to come. At this time, they had already arrived at the open space outside of White Yang Town, and this was the place where Long Chen met Ling Xi for the first time. At this moment, they were standing hand in hand, waiting for Ling Xi's grandma to come.

The wolf cub was not far away, looking at them with a worried expression.

The wolf cub did not know whether they would succeed or not.

After all, there were too many variables.

"Brother Chen, when they arrive, we will let them go!" When he finally had some hope, Ling Xi's mood became a lot better. At this moment, she was looking at Long Chen with a crafty look.

Long Chen smiled faintly.

He was calmer than Ling Xi, so he knew that it would be difficult to pass this trial. Everything depended on luck ...

An hour gradually passed by. Ling Xi closed her eyes and silently counted in her heart. Almost at the last moment, she put down Long Chen's hand, ran ten meters in front of Long Chen, and looked at the vast sky in the distance.

After the rain, the sky cleared up.

And right at this moment, a ray of light flashed across the sky in the distance, and that light flashed on, causing Long Chen to close his eyes because he felt that it was too dazzling, and when he opened his eyes once again, ten meters in front of Ling Xi, there were actually two people standing!

"What a fast speed!" Long Chen felt powerless in his heart.

Today, he could be considered to have seen a true ranker. He really didn't know what the situation would be when they compared to Li Xuanji.

Long Chen sized up the two people who appeared. One of them was a hunchbacked old lady, who looked no different from an ordinary old lady, and was not ugly at all, as she belonged to the kind of person who would definitely not be discovered by others in the crowd. However, Long Chen actually felt that this old woman, who stood randomly, seemed to be one with the world, or rather, as if she did not exist.

Even with her eyes wide open, the old woman still felt that she was faintly discernible.

But in reality, she was clearly standing in front of Long Chen.

"This old woman is definitely much stronger than the current Ling Xi," Long Chen sighed in his heart.

The person behind the old woman was quite powerful. This was a teenager who was around the same age as the wolf cub. In terms of looks, he was not much worse than the wolf cub. It was just that the wolf cub had a natural femininity and this boy seemed much tougher.

As for his strength, Long Chen simply stood there. Long Chen felt that he was like a sun, blazing to the point that it was difficult for people to open their eyes, and with those dark golden pupils, he emitted a huge aura with a wave of his hands, letting Long Chen understand that he was definitely a terrifying expert.

These two should be Ling Xi's family members. However, they didn't look like Ling Xi, so they shouldn't be related by blood.

That old woman must be the granny that Ling Xi mentioned.

When Ling Xi saw this old woman, she cried out in surprise and joy. She immediately hugged the old lady and called out to her happily.

The corner of Long Chen's mouth curled up into a faint smile. He knew that Ling Xi was completely putting up an act, and because of the matter of separation, Ling Xi's heart was still filled with fear and pain.

Seeing Ling Xi being so surprised and surprised, she also felt very pleased. She promptly patted Ling Xi's back and comforted him: "Good child, it's good that you're fine, it's good that you're fine! Quickly tell Grandma what happened to my darling that she went missing for over a year and came to this deserted corner."

Only then did Ling Xi take out the Ling Xi Sword. With tears in her eyes, she told him about the sword destroying her flesh, causing the old lady to turn pale with fright, and immediately tried to snatch the sword, but did not let Ling Xi's sword release any formless ripples, and sent the old lady flying!

"How is this possible!" The old woman cried out in alarm and hurriedly said, "Xi Er, this sword is definitely a demon sword that spans the heavens. It is definitely a terrifying treasure that we need to bring back so that your father can have a good look!"

Ling Xi was once again surprised by Ling Xi's performance.

From the start till now, Ling Xi had only been willing to let two people touch his sword, and that was Long Chen and Ling Xi. If anyone else were to touch his sword, they would have had the same result as that old woman.

Now, even this old woman had said that Ling Xi's sword was a terrifying treasure, then, it must be something special.

Seeing that the old lady had left as soon as she said that, Ling Xi became anxious and quickly followed the plan, "Grandma, don't be in such a hurry. Xi Er still has many things that she hasn't told you yet, for example, after my body has been destroyed, why would I still be able to regain my strength, and let you all find them?"

Ling Xi held onto the old lady's arm, and said with a sweet and pampered voice.

It was obvious that the old woman was loving Ling Xi from the bottom of her heart. Long Chen breathed a sigh of relief in his heart, as he felt that there seemed to be a huge possibility that he could continue to be with Ling Xi.

At this moment, the old woman said with a pained heart, "Xi Er, tell me, how did you recover?"

In order to highlight the matter of saving his life without being suspected by the old woman, Ling Xi said in short: "It's all because I made a very interesting friend here, his name is Long Chen, it's all because of him, he found me a medicine to nourish my soul, and in the end, he even defeated the ruler of this small country, and stole the Nine Celestial Spirit Fruit, that's how I can recover. Grandma, it's rare for me to make a good friend, and he even saved my life many times, he's a very fun person, can't you take him to the Imperial Palace, and have him play with me?"

Ling Xi said with anticipation.

Long Chen also put on a look of anticipation. Victory or defeat would be decided in one move, and even he himself was extremely nervous.

Chapter 442 - Stubbornness

"Long Chen?" This was the first time the old woman's gaze landed on Long Chen, and he sized her up. After a moment, he revealed a somewhat doubtful gaze, and thought to himself: "Why do people from this small place have a strange aura on them?"

Thinking back for a moment, the old woman could not understand.

"It should be an illusion." The old woman shook her head, then looked at Ling Xi, whose face was filled with hopeful wings, and Long Chen. Suddenly, she frowned, waved her hand, and instantly, a blurry light array surrounded Ling Xi and herself.

Long Chen's heart trembled. What was this old woman doing? Why didn't he answer directly, and instead cut his off from Ling Xi? It was really too strange.

He didn't have the strength to investigate, so he could only wait quietly.

And at this time, the young man who had been silent all this while, cast his ice-cold gaze onto Long Chen.

This youth's entire body was filled with a terrifying aura. Not only that, he didn't seem to be easy to approach.

At the moment, his gaze was like a blade that swept past Long Chen, causing the skin all over his body to go numb, as though could kill him with just a glance.

Being looked at by him was like a torture on the brink of death.

Long Chen could only endure and wait for the result on Ling Xi's side.

Victory or defeat would be decided in one go.

That old woman's actions were not only out of Long Chen's expectations, they were also out of Ling Xi's expectations. When Ling Xi discovered that the surrounding space was already sealed, she was stunned for a moment.

"Grandma, what's wrong?" Ling Xi had a bad premonition.

"What is it? "Hehe, Xi Er, I can only say that he is still considered smart and lucky. If he made you lose your virginity last night, I will definitely make it so that he will never be able to reincarnate!" The old woman gritted her teeth.

Ling Xi was as if thunderstruck from a clear sky.

"Grandma, how did you know?" Her and Long Chen's plan was to hide their relationship as normal friends from her grandmother, and thus bring Long Chen to the Three Great Imperial Domains. Although

they couldn't be together brazenly, but at least there was a chance, but how could Ling Xi think that her grandmother seemed to know everything?

"You think Grandma is stupid? Silly girl, Grandma is also someone who has been through many things. You have the smell of that young man on you, how could Grandma not notice it? You can't bear to be separated from him, so you want to pretend to be his friend and let me take him away, right? " The old woman sighed and said helplessly.

Ling Xi was even more dumbstruck, and her face gradually paled.

In the end, she was still too inexperienced. Her detailed plans were still able to be seen through with a glance from the old woman, and she was still the wiser for her age. At this moment, Ling Xi suddenly felt that the entire world had crumbled, and tears flowed uncontrollably.

"Silly girl, give up, stop being so stubborn. If it was your parents, not only would he die, the entire country would probably die with him. I won't kill him, but you have to be more sensible and forget about him and come back with me. " The old lady felt her heart ache when she saw Ling Xi crumbling.

She looked at the old woman with an extremely pleading gaze, and said: "Grandma, can you understand that he's really very good to me? In order for me to recover his health, he suffered a lot, and even almost lost his life a few times. If it weren't for him, you guys wouldn't have been able to see me anymore.

"Stop daydreaming. Xi Er, it's not like you don't understand your father and mother. Even I can see that. Do you think they are idiots?" Grandma is telling you, if he appears in Imperial Palace, he will definitely be killed at the first moment. If you really like him, you can just let him live. "

If you really like him, let him go.

These words were like a heavy hammer that ruthlessly smashed onto Ling Xi's head. She thought back to her parents' temper, and indeed, if they found out that Ling Xi actually had such a deep relationship with him, Long Chen would definitely not be able to live. If they truly brought Long Chen back to the Imperial Palace, there was no doubt that Long Chen would die a miserable death.

And if he were to part with Long Chen forever, Long Chen would still be able to continue living on!

Ling Xi was still kneeling on the ground, staring blankly at the old lady with tears streaming down her face. The old lady's words had already made her despair.

The only pity is that his origin and strength are too low, and he isn't even at the lowest level of Imperial Palace. How can such a person be with you, and have forgotten the important matter of your life, have already been set by your parents? Wang Chen's performance over the past few years is extremely frightening, ah? Long Chen, Wang Chen, there's actually a similar word 'Chen' among the names, but it's a pity that the difference is too great! "

Every word the old lady said was like a knife that stabbed into Ling Xi's heart. At this moment, the entire world had collapsed to her. She simply couldn't imagine how she would be able to live the rest of her life.

"Foolish child, forget it, whoever is young will have some absurd memories. After the past few years, you will understand what is the right path for you and who is the one who will accompany you for life. Even though he has given you the deepest memory, you two are originally people from two different worlds, he is destined to be just a small passerby. In a few years, you will be able to forget all about him!"

"Impossible!" Ling Xi immediately shook her head, looked at the old lady with tears in her eyes and said, "I will never forget him. Even if I have forgotten my father and mother, I will never forget him. He is the one who loves me the most!"

The old woman shook her head helplessly. Ling Xi's stubborn attitude had given her a bad premonition. She had a feeling that a lot of things would happen in the future.

At this time, Ling Xi firmly grabbed onto the corner of the old lady's clothes and pleaded: "Grandma, don't you love me the most? You can't bear to see Dawn upset every day, can you? Then why don't you help me this time? I beg of you, grandmother, help Xi Er this time! I really cannot bear to leave him. I will go crazy! "

"Nonsense!" The old woman suddenly became stern, pulled Ling Xi's hand away, and pulled her up. She snorted coldly, "Xi Er, it's time for you to grow up, don't be so careless. If you continue to be disobedient, don't blame Grandma for directly taking his life."

Ling Xi's face was deathly pale, the crystal clear tears on her face could not be stopped, and started dripping down. The old woman's resolute gaze caused her to feel utter despair. She suddenly felt weak all over, as if she was about to die.

"Wipe away your tears and say goodbye. You don't have much time." After saying this, the old woman sighed helplessly and completely removed the barrier that had surrounded them.

At this time, Long Chen had already been tortured to the point of collapse by the gaze of the youth in front of him. Long Chen knew that the other party was definitely bored to the point of toying with him. Unfortunately, he was a super strong Ranker, so Long Chen could only endure. However, Long Chen swore in his heart that one day, he would take revenge!

Then, Ling Xi appeared.

When Long Chen saw her face that was filled with pear blossoms, his heart shook and his complexion also became deathly pale. He could tell from Ling Xi's expression that what the result was from this.

"Brother Chen!" Seeing that they were about to separate, Ling Xi couldn't care about anything else as she quickly ran in front of Long Chen and extended her arms, fiercely embracing him.

This time he hugged so hard.

"I'm sorry, I'm useless, I messed up my business, I'm sorry" Ling Xi snuggled into his embrace, and sobbed. Her tears quickly wet the front of Long Chen's clothes.

"Did it fail?" Long Chen laughed bitterly. As expected, there was no hope, that was to say, he had a way out, and that was to kill his way through the Holy Martial Empire.

Long Chen's heart was in extreme pain, but he knew that Ling Xi was feeling even more unbearable. He hurriedly stroked Ling Xi's hair and whispered into her ear, "Xiao Xi, it's alright, even if it doesn't succeed, I can still reach you. The only difference is that it will take a long time.

"En!" Ling Xi nodded heavily, "Brother Chen, I believe that you can definitely do it. After I return, I will definitely cultivate properly and wait for you. No one can force me.

Ling Xi's voice was filled with determination.

In Long Chen's opinion, after Ling Xi goes back, she will become a little princess, and there won't be any form of coercion at all, so he didn't properly understand these words. Seeing that Ling Xi was able to think it through, his heart was very pleased, and she said: "Go, just like what was said yesterday. Go back to where you should be and wait for me to find you. "

So they were going to separate now?

She hugged Long Chen tightly, as if she wanted to massage his body. Unfortunately, she was unable to take Long Chen away from him at all.

Seeing them holding each other so tightly, the old woman could only sigh helplessly, while at the side, the powerful youth who was just playing tricks on Long Chen was stunned. In his eyes, Ling Xi was just a fairy in the world, while Long Chen was just a kitten on the ground, yet they were actually hugging each other, and so sweetly at the same time, what was going on?

"Xi Er, it's time. Let's go." The old woman could not bear to watch any longer.

Even if he sent Jun Qianli on his way, there would always be a difference.

Long Chen only hoped that within his lifetime, he could quickly raise his strength so that he could finally have a chance to contend against his opponent.

#### Chapter 443 - Another Dragon Fighter

At this moment, the pain in his heart pierced through to the very core of his heart.

Although Long Chen looked calm on the surface, at this moment his heart was in turmoil, as if an endless divine dragon was crazily roaring inside his body. Even though he was on the verge of collapsing, Long Chen still had a very calm appearance, one, his pride, made him not want to be looked down upon by Ling Xi's grandmother. Two, Ling Xi was already hysterical enough.

When the old woman said the word "go", Ling Xi's body trembled. The arm she was holding Long Chen with became even tighter, and all of the tears fell onto the front of his clothes, wetting his clothes and her heart.

"Brother Chen, I don't want to leave. I can't bear to leave you, I can't bear to leave you ..." It was as if they were sleep talking, Ling Xi cried as she spoke. Her body couldn't stop trembling, and one could imagine how unbearable her current state was.

You are the daughter-in-law of my Long family, and no one can separate us. This is just a temporary separation, and this is just a temporary separation. You wait for me, I said that there will be a day when I will appear in front of you, and it will definitely not last more than ten years. At that time, I will definitely have the strength to marry you.

His tone was calm as he whispered into Ling Xi's ear. As for his eyes, they were fixedly staring at the two people behind Ling Xi, who were currently roaring crazily in his heart. He was extremely unreconciled today, extremely unreconciled.

However, in the face of absolute strength, he could only choose to temporarily yield.

"Little Xi, believe me, this is definitely the only time in my life I've ever submitted. It's for you. From today onwards, I know even more about the importance of strength. Therefore, this kind of thing can never happen again ... "Long Chen slowly closed his eyes, suppressing the impulse to cry.

"I ... I don't know anything. I don't want to be separated from you for ten years!" Ling Xi still had not escaped from the cage.

"Be obedient. Within ten years, as long as I am not dead, I will definitely appear before you." Long Chen's eyes burned with determination. He indeed had the qualifications to do so. His father, Long Qinglan, was most likely a figure above the Ling Xi Family.

"Xi Er, if you don't come over now, I won't be polite." Finally, the old woman lost her patience and said with a cold voice.

Ling Xi's body shook.

The time had come.

Long Chen's heart ached. He closed his eyes, lightly kissed Ling Xi's forehead, and said: "The one I'm planting now is my Long family's imprint. From now on, you will be my Long Chen's wife."

Ling Xi cried as she nodded her head.

"Let's go!" Long Chen clenched his teeth fiercely, after he finished saying those words, he could not hold back his tears from flowing down. This was the first time he was so disappointing, and he could not control his emotions!

However, he would not let Ling Xi see it!

He heavily pushed Ling Xi out, then turned around and crazily rushed towards the direction of White Yang Town.

"Little Wolf!" Go! "Let's go!" After he shouted, Long Chen's silhouette became smaller and smaller in Ling Xi's eyes that was filled with tears, until it disappeared from Ling Xi's sight. And at this time, Ling Xi sat on the ground in a daze, as the expression in her eyes became incomparably dim.

Long Chen left decisively, it was his nature to not delay anything, but he did not expect that this time, what he took away was Ling Xi's heart, the current Ling Xi had no eyes, his expression was dull, as though she was dead.

"So their relationship is actually this deep?" The old woman sighed heavily. She walked over and gently helped Ling Xi up, then said to the youth beside her: "Dynasty, let's start our journey back."

The youth known as the empire lightly nodded his head.

With their speed, they brought Ling Xi and instantly disappeared into the horizon. Ling Xi didn't want to move at all, but under the control of the old lady, she couldn't resist. At this moment, she was carried on the old woman's back, shuttling rapidly through the clouds.

"Xi Er, are you still unwilling to forget him?" the old woman asked gravely.

Ling Xi laid on her back in a daze, and didn't reply her like a piece of wood.

"Forget it, forget it." You'll forget. " The old woman sighed. Her hand gently cut Ling Xi's body from behind and she fainted on the spot.

"The dynasty." During the quick journey, after Ling Xi had already lost her consciousness, the old lady suddenly shouted.

"Why?" The teenager asked.

"Go back now and erase all the memories of the youth called Long Chen. However, you can't kill him.

"Alright!" The youth named Shang nodded and quickly disappeared in the direction of the White Poplar Town.

This decision of hers was like a man and a woman, completely isolated from the world.

"I don't know if this is heartless or not, but I am doing it for their own good. I hope Xi Er won't blame me in the future." This wasn't a place she should be in anyway, it was just that the heavens' will was too much for her! "

The old woman let out her last sigh

In the process of running wildly, Long Chen felt as if his chest was about to explode. His breathing was incredibly heavy, and in order to control his own situation, his face was covered in perspiration, mixed with his tears, it was impossible to tell which ones were perspiration and which ones were tears.

Roar!

He heavily kneeled on the ground as he sprinted forward, and let out a crazed roar towards the sky!

"I swear, I swear! I must appear in front of her! No one can stop me! "Impossible!" Dense blood was in his eyes. At this moment, the blood energy in his body was boiling, surging and surging. The blood was like an endless divine dragon, shuttling through his blood vessels.

He was the person who understood Long Chen the best at this time, but he could do nothing to this body, causing him to not be able to speak at all. Especially after Ling Xi had left, the both of them were even more unable to communicate.

Arrrrrrrrrrrrrrrr

In front of Long Chen, the little wolf was whirling around anxiously.

"Little Wolf" Long Chen's hoarse voice sounded beside the wolf cub's ears. When Long Chen raised his head, the wolf cub discovered that his eyes were already terrifyingly blood-red.

Long Chen's finger had deeply embedded itself into the ground. He trembled and gnashed his teeth as the blood color in his eyes became thicker and thicker.

He knew he could not continue like this, and did not have much time left, so he could not waste it. There was an endless distance between White Yang Town and Ling Xi's home, and Long Chen did not know how much time he would need to see Ling Xi again.

At this time, Long Chen was already at the entrance of the Bai Yang Town, he stood up and spoke out, the blood red in his eyes slowly faded, although his heart was still in pain, Long Chen was still painfully enduring.

"The last time I was in White Yang Town for a while, then I stepped onto Holy Martial Empire's Universe Teleportation Formations." This was Long Chen's current decision.

Although Ling Xi's family members did not do anything to him when they appeared, their contempt had already trampled over her pride. This caused the proud him to be completely awakened from her stupor.

"Humans can't be satisfied with their own achievements, never be satisfied, because beyond the mountain there is a mountain and beyond the sky there is a human. I am invincible within the Canyang Kingdom, but in the outside world, I am just a small ant!"

Amidst the extreme pain, Long Chen successfully woke up. He knew that if he were to continue falling because of Ling Xi's departure, he would eventually fail to accomplish anything. Therefore, he had to realize this point in the shortest amount of time possible and begin his completely new journey.

From today onwards, he only had one goal in advancing, and that was to rush to Ling Xi's front and openly marry him off before her huge family.

After confirming this goal, Long Chen lowered his head and asked: "Little Wolf, are you willing to follow me? Go to an even wider world and conquer the world together? "

The wolf cub nodded in excitement.

Long Chen forced out a smile. The fact that Xiao Lang was still by his side was the greatest comfort to him. With the wolf cub, he was no longer alone.

Long Chen was finally able to think things through, and the little wolf let out a sigh of relief.

Long Chen was only prepared to make one last trip to White Yang Town, and then bid farewell to Zhao Qingyun and the others, walking onto the road of Holy Martial Empire. Canyang Kingdom was no longer suitable for Long Chen.

Standing in a corner not far from the Yang family's gate, Long Chen looked at the crowd walking in and out. Long Chen stood there in a daze for almost two hours, which were filled with memories of his childhood.

"Little Wolf, let's go," Long Chen said as he prepared to head in the direction of the Canyang Kingdom.

"Go?" "Where to?" Right at this moment, a cold voice sounded out from behind Long Chen, causing him to feel a chill down his spine. This feeling was extremely familiar to him, and he immediately turned around, only to see the youth beside the old lady.

Long Chen instantly felt as if he had fallen into an ice cave.

"What are you doing back here?" Long Chen took a few steps back, and asked with some vigilance. From this youth's eyes, he saw malicious intent.

He said lightly: "Perhaps you do not know, I have many older brothers, he is a heaven warping talent that is the focus of everyone's attention, and recently, he even obtained the Ancient Dragon God's inherited blood essence, becoming a rare and talented Dragon Fighter. His talent is unparalleled among the young generation, and his name is Wang Chen."

The Dragon Fighter was always his deepest secret, and that should be the second Dragon Fighter he had heard of. He just did not know what level of dragon the dragon's blood essence was, and he was sure that it was definitely not an Ancestral Dragon. After all, the blood essence of an Ancestral Dragon basically had never appeared before.

Most of the people in the Realm of Myriad Kingdoms didn't know about the existence of the Dragon Fighter, so Long Chen pretended to not know anything.

"I knew it, you ants from such a small place wouldn't know how terrifying the Dragon Fighter was. In any case, my brother is an existence similar to the gods in your eyes, and Ling Xi is my brother's fiancée!"

The words of the dynasty were like sharp thorns that stabbed into Long Chen's head, causing him to feel immense pain.

Fiancée? Dragon Fighter, the genius of the younger generation, Wang Chen?

His fiancée, this was simply nothing. Even if Ling Xi was forced to marry, as long as he had enough strength, he would snatch her away. It was just that when Long Chen said those words in front of him, Long Chen had a bad premonition.

"Just now, Ling Xi's grandmother wanted me to come back so that I could erase your memories and turn you into an idiot. Stay here obediently, she warned me that you are Ling Xi's savior, I cannot take your life!" The empire paused for a moment, then laughed lightly as he looked at Long Chen and continued, "But, after seeing you, I changed my mind!"

"My brother would never let a person who had held his fiancée live in this world. So, in order to prevent him from cursing me so badly, I can only let you down!"

Long Chen raised his head, and only saw a black dot in the sky. And at this moment, a mighty voice came from the sky, shaking the entire White Yang Town!

"You ant, how can you understand the power of my race? A toad wants to eat swan meat? "Haha, today I will show you what true strength is!"

Everyone in White Yang Town heard this voice. They all raised their heads and saw the black dot in the sky. Such a loud voice made them all think that they had seen a god. For a moment, almost everyone was stunned.

The empire did not give Long Chen any time to react, after he finished speaking, he was already in the sky, and immediately after, his attack, was in front of Long Chen, landing in the entire White Yang Town.

Perhaps it was the guy from the dynasty who casually punched him. A wave of formless ripples came crashing over like the waves of a ocean, turning everything in its path into powder.

"No!" Long Chen let out a terrified cry. The range of the ripple was so large, it was impossible for him to dodge in such a short period of time, furthermore, his attack had already spread throughout the entire Bai Yang Town, so where could Long Chen escape to?

"Is this true power?" Today, Long Chen finally felt this, but he realized that after witnessing this true power, he would probably die.

The dynasty's attacks were already indescribably terrifying. Whether it was speed or strength, they could instantly kill him.

Long Chen didn't even have time to react. Whether it was him, Little Wolf, or the people and buildings from the White Yang Town, everything from the White Yang Town was turned to powder and completely dissipated with a light punch from the empire.

The perfectly fine White Poplar town disappeared in an instant without leaving a single trace.

"This is the sorrow of the weak!" Looking at the empty space below, leaving only black soil, the youth let out a satisfied chuckle. After confirming that there was no more life below, he disappeared into the sky.

The place where White Sun Town used to be had become desolate.

The entire White Sun Town was gone. Not even a mosquito was left behind.

That youth was right. This was the sorrow of the weak. A single light punch from a powerhouse could erase any trace of his existence.

After the youth had completely disappeared, about an hour's time would have passed. In the center of the entire White Poplar Town, waves of transparent ripples suddenly appeared. These ripples instantly engulfed the entire White Poplar Town.

Time reversed.

At the center of White Yang Town, there were three things that had just emerged from the ground. The first was a pitch-black ancient Dragon Jade, followed by a drop of blood that remained motionless under its suppression. The last drop was the Great Void Dragon Symbol that emitted a transparent ripple.

At this time, the Great Void Dragon Symbol was gradually lifted into the air, and the strange undulations were continuously emitted from its body, covering the entire White Yang Town.

Long Chen and the little wolf were actually already dead, but the Great Void Dragon Symbol was not dead yet. Within the ripples of the Great Void Dragon Symbol, the time in the area of White Yang Town started to reverse.

The structure that had been shattered from top to bottom, was currently recovering from top to bottom. Those people who had existed before also started to show their ankles, then their calves, then their bodies and heads, while Long Chen's body also appeared on the spot. When his body had fully appeared, the Mysterious Dragon Jade had once again disappeared, bringing the suppressed Divine Dragon Inheritance blood essence back into Long Chen's sea of consciousness.

When the ripple disappeared, the Great Void Dragon Symbol returned to Long Chen's chest and embedded itself into it. Everything in White Yang Town returned to its original state, appearing in front of the empire.

From the beginning, only Long Chen knew that the dynasty had appeared and what exactly happened. He also knew that at this moment, everyone in White Yang Town had already died once.

To Long Chen, this was a mysterious matter.

Long Chen knew that the youth known as Mo Juehai was naturally incomparably strong, but this Great Void Dragon Symbol was even more heaven-defying, and was able to completely restore all of the lives it had erased, this kind of power transcended all other rules, as if it was able to pull a person back from hell, only after careful thought would one realize just how terrifying it was.

Whether it was the empire's strength or the Great Void Dragon Symbol's ability to change fate, all of these caused Long Chen to be incomparably shocked. The time reversal technique that he used just now was not executed by Long Chen, but was performed by the Great Void Dragon Symbol itself. In front of the dynasty, Long Chen did not have the time to use the time reversal technique at all.

This was a sacred art that only the legendary gods could possess!

Even the little wolf didn't know what exactly had happened. In his world, that youth called Zong Yi had never come back, so when he suddenly saw Long Chen's dull face, he also felt that it was a little strange.

Long Chen stretched out his hand, and placed it on the Great Void Dragon Symbol's chest.

At this moment, he deeply understood the power of his own capital.

Right now, he had three heaven-defying things on him. The Primordial Blood Spirit Dragon was an ancestral dragon-inherited blood, Long Chen had only grasped one-thousandth of the inherited blood essence.

Previously, he had to ignore the Great Void Dragon Symbol. However, from his experience just now, he understood the value of the Great Void Dragon Symbol. Although it was not comparable to ancestral dragon blood, it was still an exceptional item, which was quite terrifying.

In such a small place like the Canyang Kingdom, the Great Void Dragon Symbol and Primordial Blood Spirit dragon essence blood actually appeared one after another.

And the most important thing Long Qinglan left him was a Dragon Jade. The rest of the time was very quiet, but from how it was able to steadily suppress the Primordial Blood Spirit Dragon's inherited blood essence, Long Chen could tell that the Dragon Jade was probably even more terrifying than the Blood Spirit Dragon's blood essence.

These were the three things that Long Chen needed to become an exceptional Ranker!

Regarding the Mysterious Dragon Jade, Long Chen felt that it was as if it was a life, possessing an independent consciousness, and thus far, it was still not under Long Chen's control. And now, Long Chen felt that it was that Great Void Dragon Symbol, as if it had its own thoughts.

Just as Long Chen puzzledly felt the changes in his body, another unforeseen event occurred.

The last time was because of the change in the Great Void Dragon Symbol. It was because of the disappearance of the White Yang Town, but right now, there was a change in the Primordial Blood Spirit Dragon's inherited blood essence. This change caused Long Chen to tremble with fear.

He didn't want to bring another disaster to the White Poplar Town because of him!

As he crazily ran, Long Chen directly charged into the Great Desolate Mountain. He remembered the first time he absorbed the Primordial Blood Spirit Dragon's inherited blood essence was at this place.

It had been a year since Long Chen returned here, and just as he ran into the Great Desolate Mountain, the Primordial Blood Spirit Dragon's inherited blood essence changed once again.

In reality, it was more like the Mysterious Dragon Jade's transformation. Currently, under the control of the Mysterious Dragon Jade, the Primordial Blood Spirit Dragon's inherited blood essence had unexpectedly split into one percent, breaking through Long Chen's Sea of Consciousness, and appearing in his body.

A total of one percent of the inherited blood essence, quickly scattered, and just like a highly toxic poison, it quickly spread inside Long Chen's body. Long Chen instantly revealed a look of ecstasy, and thought to himself: "The Dragon Jade won't joke with me, that is to say, my current body can completely endure one percent of the inherited blood essence!"

Originally, one-thousandth of the inherited blood essence was very sparse in Long Chen's body, but now, one percent of the blood essence was ten times more than before. This meant that the amount of blood essence in Long Chen's body would increase by ten times!

Inherited blood essence that was ten times stronger instantly covered every corner of Long Chen's body, and then, the change started!

#### Chapter 445 - Super Powerful Battle Body

The last time he inherited the blood essence, he increased Long Chen's cultivation speed, physique, and the like, to a level that all the geniuses in the Canyang Kingdom found difficult to contend with. For

example, from Long Chen's ninth level of the Milky Way Realm to his Heavenly Completion Stage, if he was to focus on cultivation, he would not even take half a year's time, and if it were Lin Zichen, it would take at least five years.

Lin Zichen was the top genius among the Canyang Kingdom, so this was the gap between them. At first, Long Chen's speed was at least ten times faster than his, but now, ten times the inherited blood essence had reached Long Chen's body, and carried out a new round of transformation. Long Chen had unwittingly used the ability of the Dragon Soul Transformation, and then, the blood-red colored dragon scales slowly covered his entire body, turning him into a battle machine that was shining brightly!

The current Long Chen still retained his undamaged consciousness. In the middle of the blood cocoon, everything around him was dyed with blood red liquid, and this was all blood. Here, Long Chen actually had a feeling that he was in a mother's womb.

He could feel a slight but subtle change happening to his body, as if a lot of imprints were being added to every part of his body. These mysterious imprints carried an ancient and majestic aura, and gradually assimilated Long Chen into their kind.

This aura was most likely that of an ancient Divine Dragon.

The Primordial Divine Dragon was the legend of the Dragon Sacrifice Continent, and today, the dragon race had been annihilated, disappearing without a trace. But what no one expected, was that in a small corner of the Dragon Sacrifice Continent, an ancient and terrifying Divine Dragon was slowly awakening.

In this blood cocoon, Long Chen gradually began to feel tired. He realized that he was about to fall asleep, after all, modifying the blood essence ten times the normal amount would take time. That feeling of exhaustion was not something that could be resisted. And compared to the first time, the transformation of the Inherited Blood was extremely comfortable. As a result, Long Chen gradually fell into a deep sleep.

When Long Chen fell asleep, the little wolf looked at the blood cocoon in front of him and remembered to circle around. Suddenly, Long Chen ran out and did not explain anything, which made the little wolf feel uneasy. And at this time, when Ling Xi had just left, Long Chen had just received such a huge blow.

The existence of the blood cocoon gave the wolf cub goosebumps. He gradually approached the blood cocoon, and all the hair on his body stood up straight.

When he was still ten meters away from the blood cocoon, the wolf cub suddenly felt his scalp tingle. At that moment, he used his fastest speed to flee behind him, and when he turned around, he saw that on the blood cocoon, a blood-red dragon head had actually condensed and was coldly staring at him.

The wolf cub was unable to describe the feeling he had when he saw the dragon head. Although he was currently a Sun Devouring Demonic Wolf, his legs were still weak, and he almost kneeled down towards the dragon head.

After the blood colored dragon head issued a warning to Little Wolf, it melted back into the blood cocoon. When Little Wolf looked carefully, he realized that on the blood cocoon, there were actually countless such divine dragon silhouettes. He knew that they were Long Chen.

The previous Ling Xi had obtained rebirth from a white cocoon of light, and Long Chen was about to undergo a huge transformation from this cocoon.

Long Chen knew that the transformation this time was bestowed to him by the Mysterious Dragon Jade, as it was able to control the Primordial Blood Spirit dragon essence blood that occupied Long Chen's body.

Long Chen did not know how much time had passed, but when he was about to wake up, he realized that the blood in the blood cocoon was almost gone, and his body transformation had also almost been completed. Long Chen could not wait and started to check on the condition of his own body.

Looking inside, Long Chen realized that almost everything inside his body had turned blood-red, and had basically merged with his blood. Even the originally white skeleton had turned blood-red. After a careful inspection, Long Chen discovered that, whether it was his bones, muscles, liver, heart, or any other organs, a deep red dragon pattern faintly appeared on his body. It was like a brand.

One percent of the inherited blood essence had completely engraved Long Chen's body with the imprint of the divine dragon.

Long Chen could feel that the current him had clear eyes and ears, and his entire body felt comfortable. In a breath's time, he could directly absorb a large amount of the Spiritual Qi of Heaven and Earth. He actually felt that although his current body wasn't big, the amount of blood he had was actually even greater than the largest demon beast he had ever seen, the Heaven Rank Dark Moon Tiger King.

It was like a humanoid demon beast, even more terrifying than a demon beast.

Even with his innate talent, his comprehension ability had increased by quite a bit as well. He recalled back to the things from the past, and actually felt that there were many things he did not understand, but now, he actually managed to comprehend them all. That Heaven Punishing Sword Formation of the Heaven Stage High Rank, he could even use it gently and change the form quite a bit.

Long Chen immediately felt quite a bit of joy in his heart. He made a slight estimation and felt that his future cultivation speed could at least increase by ten times on the original foundation. With his current cultivation speed, he would be able to obtain the qualifications to attack Heavenly Completion Stage in another ten or twenty days!

Such a heaven defying speed, was not one bit inferior to the young experts of the Imperial Domain!

And what was more important was ...

After the complete transformation of the Inherited Blood Essence, Long Chen broke out of the cocoon and stood in the middle of the Great Desolate Mountain. Right now he was still in the state of the Dragon Soul Transformation, only that the current Dragon Soul Transformation was much stronger than before.

The blood-red dragon scales were originally bright red, but now their color had deepened by quite a bit and they had turned into a dark red. At the same time, on the surface of each dragon scale, a faint shadow of a dragon could be seen, as if it were flashing with light.

An ancient and desolate aura flowed out from Long Chen's body. At this moment, the wolf cub opened his eyes wide and stared straight at Long Chen, because he felt that the current Long Chen gave him the exact same feeling as the dragon head he saw before!

Just the look in his eyes was enough to make the beasts of his Ninth Grade Earth Grade feel fear.

Just by standing in front of Long Chen, he already had a feeling that his scalp was going numb, as if was a killing machine. His sharp claws and bone spikes were all sharp weapons.

The blood red pupils of Long Chen made the wolf cub feel as if they were two seas of blood. In this sea of blood, were the remnant souls of millions of lives, and currently, these residual souls were emitting endless wails and wails in Long Chen's eyes.

He knew that Long Chen's transformation this time was truly too big. There were good and bad things about it, the good thing was that Long Chen's strength, fighting strength, and even capital would all increase by a lot, and the bad thing was that the slaughter energy on Long Chen's body would increase explosively, especially when Ling Xi left. It was very likely that his personality would become more violent, and he would slowly become a demon who only knew how to kill.

Long Chen didn't think too much about it. At this moment, he was pleasantly surprised that he had undergone an even more important metamorphosis, which was his physical body. He lightly clenched his fist and Long Chen could feel the world-shaking power within his body.

"With such a body, just what level of body tempering technique is he at?" The first time he absorbed one thousandth of the inherited blood essence, Long Chen's body had become much stronger, and this time, he was even more abnormal. Long Chen was originally only a Level 3 Thunder Flame Battle Body, but his current body's strength had increased by hundreds of times!

He lightly reached out his hand and lightly cut a tree next to him with the bone blade from his elbow. The tree actually snapped completely in half and with a loud bang, it fell to the ground.

"Little Wolf, use your claws and attack me with all your strength!" Long Chen raised his head, and said with an agitated tone.

From Long Chen's body, he felt a strong sense of threat. He could guess that it seemed that Long Chen's body had undergone a great degree of transformation.

Nodding, the little wolf slapped towards Long Chen, its sharp claws directly swiping across Long Chen's chest!

Dang, dang, dang!

Immediately, an ear-piercing sound was heard.

The little wolf's paw swept past Long Chen, and then, he nervously turned his head to look back. However, what shocked him was that Long Chen's body was actually not harmed in the slightest;

Even if it was a Dark Moon Tiger King, the little wolf's claws could cut open its body.

But to Long Chen, it was completely ineffective.

The wolf cub's face was immediately filled with disbelief. He had only used 50% of his power just now because he was afraid of hurting Long Chen.

"Again, use all your strength!" Long Chen roared, and reminded his.

Its sharp claws cut through the air, and in the blink of an eye, it slashed Long Chen's chest. The wolf cub used all his strength to slash a little, but at this moment, he actually discovered that his claws were in incomparable pain!

The wolf cub was in pain, so he quickly retracted his hand and retreated.

He looked at Long Chen with shock in his eyes.

The Little Wolf's huge impact forced Long Chen to retreat a few steps. However, what made Long Chen happy was that, as if the little wolf had used all of its strength, it did not even leave a single trace on his dragon scale.

"So strong?" Then let me try using the Demon Emperor Sword! "

#### Chapter 446 - Reincarnation Godly Beast

With a strong physical body, what Long Chen received wasn't just extraordinary strength, but more importantly, it was a strong defensive ability. Although the strongest part of the wolf cub was the Nine Hell Devil Ancestral Fire, as a beast of Ninth Grade Earth Grade, its claws held a power similar to a practitioner of ninth level of the Milky Way Realm who was wielding a weapon and using battle skills on Long Chen. However, it could not even leave a single trace on Long Chen's dragon scales.

In other words, in front of Long Chen's strong physical body, it would be extremely difficult for a normal ninth level of the Milky Way Realm to even injure Long Chen.

Furthermore, Long Chen felt that the attack of the little wolf was far from its limit.

At this moment, Long Chen took out the Demon Emperor Sword from his Qiankun bag. The Demon Emperor Sword was a divine weapon that belonged to the Heaven Stage Medium, so its sharpness was

naturally self-evident. If it was difficult to kill even the Demon Emperor Sword, Long Chen's current body was at least equivalent to the body tempering technique.

Heaven Stage High Rank was the end of the four great foundation realms. Even if it was a practitioner at the sixth or seventh level of Heavenly Completion Stage or above, it would still be very difficult for them to cultivate this kind of body tempering technique.

Holding the Demon Emperor Sword in his hand, Long Chen first used 10% of his strength and slashed at his hand! With a boring sound, the Demon Emperor Sword was pushed away, Long Chen's arm was fine.

"He's at least at the primary level of Heaven Stage." Long Chen chanted this silently in his heart, and then, he used thirty percent of his strength to slash once again.

The wolf cub watched in a daze.

Long Chen's body had already reached the inhuman level. Even some of the stronger Spirit Demon beasts were not as terrifying as him.

Fifty percent of his strength!

Long Chen kept trying until he used all of his strength, only to realize that even though it was only a hundred percent of his strength, it could only leave a small scar on his arm. The dragon scales on his body were extremely hard, and his recovery ability was also extremely strong, so that small wound had already disappeared from the joke not long after.

Because of Ling Xi's departure, Long Chen's heart was filled with frustration. When she realized that she had absorbed 1% of the inherited blood essence, and her physical body became as convenient as Heaven Stage High Rank, the will to fight that had disappeared in his heart slowly ignited.

"It's at least my Heaven Stage High Rank's physical body, and within the Heavenly Completion Stage, it's probably very difficult for the first three levels of cultivation to harm me. Of course, when I use the Dragon Soul Transformation, if I don't use the Dragon Soul Transformation, my body's strength will be around the same as before."

"Xiao Xi, I hope that from now on, I will gradually have the qualification to be together with you again. I have chosen this road myself, since I have chosen it, I will have no regrets. Even if I have to crawl, I must finish this road!"

Seeing his body, Long Chen had a very firm belief in himself!

Inside the Qiankun bag, Long Chen saw the remaining Heaven class elixir, Red Lotus for Forbidding Blood. In fact, that 1% of the inherited blood essence was like a larger version of the Red Lotus for Forbidding Blood, not only did it strengthen Long Chen's internal organs, it also increased the strength of his body. The current Red Lotus for Forbidding Blood was no longer of any use to Long Chen.

"Forget it, after I go to the Holy Dynasty Divine Artifact, this Red Lotus for Forbidding Blood should be able to sell for some money."

Long Chen took in a deep breath and raised his head to look at the vast expanse of mountains and rivers. Ling Xi was no longer listening to him, but instead, it was empty. This feeling confused Long Chen, who only realised it after hearing the little wolf nudging his leg a little as it smiled wryly.

He completely reacted from Ling Xi's departure.

"I am a man, there is no use in complaining or feeling sad. Long Chen, even if you die, you cannot be looked down upon by others! "Forward!" In his heart, Long Chen fiercely warned himself.

"Let's go, Wolf." Lowering his head, he looked at the brother who had always been following him. If it wasn't for him, Long Chen would definitely be very lonely.

The new journey began once again at the starting point of White Poplar Town. However, the Ling Xi from back then had now become a little wolf. However, just as Long Chen was about to leave the Great Desolate Mountain, a mysterious voice suddenly sounded from his chest.

"Stupid inheritor. This god saved your life and even restored that little town for you. I spent ten thousand years of my life to save your strength. Why didn't you thank me for that?"

This sentence was mysterious and awe-inspiring, but it was the voice of a child.

Long Chen was so scared that he almost fell flat. He immediately tore off his clothes, lowered his head, and saw that at the place where the Great Void Dragon Symbol was located, there was currently a faint light emitting from it.

"This voice is coming from the Great Void Dragon Symbol? Could there be something inside the Great Void Dragon Symbol? " Long Chen was shocked, upon thinking about it, he immediately asked: "Senior, may I ask who you are?"

"Whatever. This god originally did not want to talk to a foolish ant like you, but I've already accidentally said the first sentence. So what if I say the second sentence?" It was still the voice of a child.

"This god? The things in the Great Void Dragon Symbol should not be simple. But why did it feel like a child? He saved me just now, and he hurriedly came to claim credit? " These thoughts passed through Long Chen's mind. He was certain of this fellow's personality. It should be one of those arrogant types.

"May I know how to address you, senior?" Long Chen replied respectfully.

"This god's name is called, everyone in the world doesn't know much, but this god's name once shook the Dragon Sacrifice Continent during the Primordial Era. The experts of the world all know, fear and are ants, listen carefully, this god is a legend of the gods of reincarnation, named — — Reincarnation Godly Beast!"

This name was even more terrifying than Sun Devouring Demonic Wolf s. It was known as the god in charge of reincarnation, it should be quite terrifying. However, if he truly had the level of strength that Long Chen had described, he would most likely not brag in front of a mere mortal like Long Chen. Therefore, Long Chen used his brain and said: "Senior, you have been staying within the Great Void Dragon Symbol the entire time, I wonder if you could come out to speak? It was you who saved us just now, as well as the rest of the people from Baiyang Town.

"This god is the closest to you, and has not seen you for a long time. Since you have met me, this god will come out, since this Great Void Dragon Symbol recognizes you as its master, I cannot leave this Great Void Dragon Symbol. You will see me sooner or later."

After he finished speaking, an illusionary figure appeared from within the Great Void Dragon Symbol, appearing before Long Chen's eyes.

"Soul?" Long Chen only needed a glance to know that this fellow who called himself the Reincarnation Godly Beast, was actually only left with a soul. Long Chen was a little speechless, Ling Xi had always been

by his side in the form of a soul, the moment Ling Xi left, he released a Reincarnation Godly Beast that he had never heard of before in the legends.

Furthermore, Long Chen had also heard him say that he could not leave the Great Void Dragon Symbol at the moment, and the Great Void Dragon Symbol had acknowledged Long Chen as its master.

Thinking about it, the reverence Long Chen had for the Reincarnation Godly Beast lessened, and when Long Chen finally saw the Reincarnation Godly Beast clearly, the reverence he had towards it disappeared completely.

Why was there such a large difference in strength between two souls?

Back then, when Ling Xi came out of Ling Xi's sword, her beauty had shocked Long Chen. Now that the Reincarnation Godly Beast had appeared, Long Chen swallowed a mouthful of saliva. He had no idea how to describe it.

Long Chen was extremely familiar with its appearance. It was obviously a white cat, and more importantly, the pure white cat was a synonym for the lazy, noble, and coquettish cat. However, this white cat was clearly a synonym for fat.

A white cat with a skeleton so big that it looked like a ball appeared in front of Long Chen, staring at him for a long time. Only then did the white cat raise its stomach and proudly said: "Ants, this god has already revealed his true form in front of you. You still haven't thanked this god for his gift!"

Long Chen was a little conflicted in his heart. He had initially thought that the Reincarnation Godly Beast's appearance would be very dignified, or at least not worse than that of the little wolf. He did not expect it to be a fat cat. This funny look really made Long Chen not know how to kneel and kowtow.

However, the other party's saving grace was real. Just as Long Chen was about to kneel down and worship, the Reincarnation Godly Beast looked at the little wolf, frowned slightly, and moved its body back a little, then said to Long Chen: "That ant, kneeling down is fine, I will probably be with you for a very long time in the future. It's just that this evil dog also needs to follow you, I hate evil dogs the most, especially this black dog, its appearance is ugly, it is not fit to be seen by this god.

The wolf cub was ugly? Long Chen was a little speechless. Honestly speaking, if the little wolf did not take on a battle form, that pitiful little dog would definitely have endless destructive power towards women. If one were to say that it was ugly, this fat cat would not be any better.

"You ant! You are unmoved by this god's words?" The Reincarnation Godly Beast continued to raise its stomach, stretching out its cat claws, pointing towards the rivers and mountains.

The wolf cub was also very depressed. He grinned and spat out a small piece of the Nether Demon Ancestral Fire at the Reincarnation Godly Beast. Of course, he was only trying to demonstrate a little. The wolf cub had an intuition, it was as if this Reincarnation Godly Beast was not that powerful.

Sure enough, the Reincarnation Godly Beast's performance almost made their jaws drop.

When the wolf cub spat out the Nether Demon Ancestral Fire, the Reincarnation Godly Beast's body trembled and its hair stood on end. It immediately ran faster than anything and quickly disappeared among the Great Void Dragon Symbol.

"Have mercy!"

These three words continuously echoed around Long Chen and the Little Wolf.

Long Chen finally understood, it was as if the Reincarnation Godly Beast did not have any power. Just now, she had looked extremely powerful, but it was all an act.

Long Chen and the little wolf looked at each other.

This Reincarnation Godly Beast, made them a little surprised. Seeing that it had retracted itself, Long Chen asked softly: "Um, Senior, do you think Xiao Lang will follow us?"

"This god saw that he was completely alone and was extremely pitiful. Fine, even though he looked ugly, I knew that the heavens were kind to him, so I decided to temporarily leave him here. What he decided in the future would depend on his performance." Amongst the Great Void Dragon Symbol, the Reincarnation Godly Beast said while pretending to be calm.

Long Chen and the wolf cub looked at each other and laughed helplessly.

It seems like this new journey, with the existence of this fat cat, will be very lively ....

#### Chapter 447 - Great Void Realm

Since he had already decided to leave, Long Chen and the little wolf directly headed towards the imperial city. He still had to bid farewell to Zhao Qingyun there.

On the way to the Imperial City, Long Chen and the little wolf became more and more familiar with the Reincarnation Godly Beast. The Reincarnation Godly Beast had nothing to say about its own history, it only said that it came from the Ancient Era and had always existed within the Great Void Dragon Symbol. After Long Chen obtained the Great Void Dragon Symbol, it had already awakened, but it did not say anything.

It did not appear until the dynasty destroyed the entire White Sun Town.

As for his strength, Long Chen had already understood it clearly. Other than knowing how to brag, this fat cat seemed to have no other abilities. To this, explained: "Do you think it's fun to help your entire town's people change their fate? Let me tell you, the reason why I don't have any combat strength right now is because the strength this god has accumulated for more than ten thousand years has been completely wasted on you!

Regarding this, Long Chen only believed half of it.

However, because of the existence of this fat cat, the originally boring journey suddenly became a bit easier.

In the beginning, Long Chen held a high degree of reverence towards this Reincarnation Godly Beast, and almost treated it as a god. After all, the other party was inside the Great Void Dragon Symbol, but the more they got along, the more Long Chen realized that this Reincarnation Godly Beast seemed to only know how to brag and brag.

Amongst the man and the two beasts, the status of Reincarnation Godly Beast kept lowering itself until Long Chen called him Cat or fat cat from behind.

On the way to the Imperial City, the most surprising thing was that Little Cat actually knew a language that connected with spirit beasts. Once Little Cat knew the language, Long Chen could directly communicate with Little Wolf.

"Forget it, this god saw that the two of you were looking at each other without saying a word. That god was extremely merciful and taught you the Spirit Beast Language, so you have to learn it seriously. Don't make me lose my reputation, thinking back to the past, when I was in the Primordial Era, I was the famous Master of Samsara!"

"fat cat, cut the crap. Hurry up." Long Chen said directly.

"You ant, stop calling me a fat cat. Just be careful of me. I won't bother with ordinary people like you. Listen carefully to the language of the spirit beasts!"

In total five days, Long Chen had already mastered most of the Spirit Beast Language. After mastering the Spirit Beast Language, Long Chen realized that he could actually understand what the little wolf was talking about, which made him extremely excited.

Of course, the little wolf was also very excited to be able to communicate with Long Chen. Ever since he had become a Sun Devouring Demonic Wolf, it was as if he was only living in his own world and only Ling Xi was able to exchange a few words with him. Now that he could finally talk to Long Chen, he was extremely excited. You have to understand that Long Chen had already chosen this path, which meant that he and the Little Wolf were destined to embark on a long journey together. And the most important thing was, if they could exchange pointers directly, all of this would be different.

"Big brother!" The wolf cub looked excited.

Long Chen nodded, then said to Cat, who was hiding within the Great Void Dragon Symbol: "fat cat, honestly, I thank you very much this time. How about we be friends? If anything happens to you in the future, you can just tell me. As long as I, Long Chen, am able to do it, I will take responsibility for it! "

"Haha, to this god, this is but a simple matter. This god is able to do it effortlessly. No harm, no harm. " Cat replied humbly.

Seeing its smug look, Long Chen really wanted to slap it a few times. This fat cat stank, loved to boast, and was a super coward. Long Chen really suspected that it was trying to trick him about what kind of Reincarnation Godly Beast it was.

At this time, the kitten turned into a wisp of green smoke and came out of the Great Void Dragon Symbol. It looked at the wolf cub and said, "Puppy dog, this god gave you the ability to speak. How do you want to thank this god?"

"I'm a human, not a puppy." The wolf cub shook his head and said in a speechless manner.

"Of course I know you are human, but your body is now a Sun Devouring Demonic Wolf, so you are a member of my demon beast race. My Reincarnation Godly Beast is a peak existence of the demon beast race, in the end, you still have to call me ancestor." The kitten stretched its belly out and caressed it with its claws, sighing with emotion.

"fat cat, have you ever seen a wolf's ancestor as a cat?" Wolf said bluntly.

"That, that, haha, there is nothing without wonder in this world, how do you know that I can't give birth to a wolf?" Cat quickly argued.

Long Chen watched as they talked, one cold and one hot, his originally silent and sorrowful heart gradually turned better. This wolf and cat both had no body at the moment, but both had their own thoughts and soul. Seeing them laughing and cursing, Long Chen suddenly had the urge to laugh.

It had to be said that because of the appearance of the Reincarnation Godly Beast, Long Chen's suppressed heart became a lot more at ease.

However, from the details of their conversation, Long Chen could vaguely guess that the kitten should really be an extraordinary person. Long Chen did not tell it anything about the wolf cub, but it knew that the wolf cub's body occupied the Sun Devouring Demonic Wolf's, and also knew that the Sun Devouring Demonic Wolf's growth would be limitless. More importantly, he was not the least bit surprised by this. It was as if this was just a very ordinary matter.

"Actually, Great Void Dragon Symbol still has another ability. Long Chen, you can actually control it." Little Cat suddenly said when they were close to the Imperial City.

"What?" Long Chen asked expectantly.

"Within the Great Void Dragon Symbol, there exists a Great Void Realm. For the current you, a Great Void Realm can only be used as a Qiankun bag, and I'm normally in this Great Void Realm, the good

thing about this Great Void Realm is that, even if others kill you, they will find it difficult to obtain anything from the Great Void Realm. If they hide any shameful things inside, it's the most suitable, and the Great Void Realm also has another benefit."

As she spoke till here, the kitten saw the little wolf in its eye, and said complacently: "Great Void Realm, can also let living beings survive in there, for example this little black dog directly threw him into the Great Void Realm, and there is a trace of Great Void Qi in the Great Void Realm, for this little black dog's growth, there are many benefits, leaving it behind is also very ugly, you might as well just throw him in, don't let it scare him again."

To Long Chen, this was definitely a pleasant surprise.

"fat cat, how big is the Great Void Realm?" Long Chen asked quickly.

"It depends on your strength. The Great Void Realm is as big as your true qi. With your current strength, the range will be around 50 or so little black dogs in battle form." The fat cat laughed.

"Fifty? With the size of the wolf cub, fifty of them are already very big! " Long Chen was overjoyed. The appearance of the Reincarnation Godly Beast indeed brought him many benefits.

"How is it? Did I give you something else? See, how about locking this little black dog in the Great Void Realm? " The kitten seemed to be innately hostile towards the wolf cub, targeting him at every turn.

At this time, the wolf cub was rushing on his way. He turned around, and with a fierce glare, he scared the cat and made him hide behind Long Chen. Its speed was so fast that it made Long Chen gasp in amazement.

The wolf cub was too lazy to bother with this fellow. Otherwise, he would have already spat out the Nether Demon Ancestral Fire and burned to ashes. After a period of probing, Long Chen and the wolf cub both discovered that the little kitten seemed to be extremely fearful of the Nether Demon Ancestral Fire, which was why it was so afraid of the wolf cub.

"Alright, how about you teach me how to use this Great Void Realm now?" Long Chen laughed and said. He planned to transfer all his belongings to the Great Void Realm. If it was really like Cat had described, then the Great Void Realm would definitely be the safest place in the world.

Not long after, Long Chen learnt the way to control the Great Void Realm. He could vaguely feel that, in the center of the Great Void Dragon Symbol s in his chest, there was a greyish space, and inside it, there were quite a few greyish auras.

"This is the Great Void Qi. It is born with the heavens and the earth. It is beneficial to cultivators, whether they are martial artists or demon beasts. The little black dog's fire devouring treasure alone is not enough to allow it to perfectly evolve, but this Great Void Qi can nourish his body and fuse with his body, when he truly possesses the qualifications to become a peerless demon beast. "

The kitten said mysteriously.

Its expression made it seem as if even if the wolf cub had truly become a peerless demon beast, in his eyes, it was nothing more than this.

After learning how to use the Great Void Realm, Long Chen attempted to transfer all of his items into the Great Void Realm. Through his senses, he was able to clearly determine the location of his items in the Great Void Realm.

This was much safer than putting the items in the Cosmic Bag. Even if someone else were to kill Long Chen, they would not be able to obtain what was placed in the Great Void Realm.

Furthermore, letting the wolf cub stay in the Great Void Realm to cultivate was also a good method. After all, sometimes when Long Chen had to deal with some matters, it would not be convenient for him to bring the beast cub along. Of course, since the wolf cub didn't want to go in under normal circumstances, Long Chen wouldn't force him. It all depended on his own wishes.

Very quickly, Long Chen moved everything he possessed into the Great Void Realm.

"Big brother, this fat cat boasts so much about the Great Void. I'll go in and take a look too." The wolf cub asked curiously.

Long Chen nodded his head, the wolf cub did not resist, and Long Chen kept it in the Great Void Realm.

"This Great Void Realm, seems like you are in control of a small Qiankun world. As long as your cultivation grows stronger, you might be able to enter this Great Void Realm." Cat sighed with satisfaction.

Not long later, Long Chen brought the Little Wolf out from Great Void Realm.

"How is it?"

Long Chen asked.

"The fat cat is right. I do feel it. Although it's very thin, but we can be sure that it's definitely good stuff!" The wolf cub said, not fully satisfied.

"Since that's the case, then say your goodbyes to my master!"

Chapter 448 - Ancient Devil Region

Imperial City, this was the last stop for Long Chen in the Canyang Kingdom.

Due to Long Chen's relationship, the imperial city was in a state of turmoil, but fortunately, one by one, the disciples of the Demonic Palace entered the imperial city. The original Guard and the imperial guards all chose to surrender, so the Emperor was completely done for, and the Demonic Palace was replaced by another.

The current Demonic Palace had completed countless years of breakthroughs. For example, the two remaining moxibustion s, after hearing that Murong Yu wanted to become the empress, made the two of them extremely happy. They had been busy these past few days learning the ways of the imperial family, preparing to let Murong Yu ascend to the throne in the future.

As long as he ascended the throne, everything would be secure.

In the Canyang Kingdom, other than the Demonic Palace, no other force would be able to produce a single ninth level of the Milky Way Realm, so even if Long Chen wasn't the emperor, no one would dare to come out and say a word. After all, Murong Yu was a ninth level of the Milky Way Realm warrior with a Emperor Sword.

Long Chen kept a low profile and came to the palace. He had the Spirit Devouring Demon Pupil, so he could quickly find traces of Zhao Qingyun. After all, Zhao Qingyun's strength far surpassed others, even if it was her soul, the others still wouldn't be able to compare with him.

At this time, Zhao Qingyun was in the middle of the Jin Luan Palace, and Murong Yu and the two moxibustion were also present. At this moment, walked in as they were discussing about establishing a empire, but due to their relationship with Ling Xi, Long Chen's expression was ugly.

"Long Long Chen." When the Great moxibustion and Erythropoda saw him, they subconsciously retreated a few steps in fright. Towards this demon, they felt deep fear in their hearts. At the same time, they felt prostrated before Zhao Qingyun's eyes.

Brother Chen, you're finally back. Good, good, we were still discussing about when Xiao Yu would ascend the throne, and now it's tentatively confirmed that it will be on the seventh day of the next month. You're the most shocking person among all of the Canyang Kingdom, so you have to be there. Zhao Qingyun laughed.

"Master, in fact, I have come to bid my farewell. Today, I will be leaving Canyang Kingdom for Holy Martial Empire." Long Chen immediately revealed his purpose.

Ling Xi's departure caused many changes to his personality. For a moment, Zhao Qingyun and the others did not discover any clues, but they suddenly felt that the current Long Chen seemed to be different from before. As he spoke less, his eyes no longer had that unruly and unruly arrogance from back then, but was instead replaced with indifference and profoundness. Zhao Qingyun suddenly felt that it was as if Long Chen had grown a lot.

"Why are you in such a hurry?" Zhao Qingyun's brows tightly knitted. She stood up, came to Long Chen's side and said: "On the seventh day of next month, we will officially establish a new nation. In about three months, your foster mother will be born. You're leaving today? " Zhao Qingyun originally thought that although Long Chen did not develop and stay in the Canyang Kingdom anymore, there was no need to be in such a hurry to leave, right?

"Something happened and I had to hurry. My foster father's child, I can only miss, but one day I will come back. Foster father, I am at ease with Canyang Kingdom having you here. And Xiao Yu will soon reach the Heavenly Completion Stage, and become the pillar of support. " Long Chen nodded.

"Long Chen, is it because of that lady?" At this time, Murong Yu raised her head and asked, she was obviously talking about Ling Xi who had treated her face.

Long Chen nodded.

He only knew that such a person existed, but he did not know what it was all about. From Long Chen's experience of fleeing while killing the Ninth Prince for her, it was likely that he was the most important person to Long Chen.

"Have you decided?" Zhao Qingyun asked one last time.

"Master, remember to apologize to my foster father. I'll be back." Long Chen said sincerely.

"Alright, since that's the case, I'll send you to the Universe Teleportation Formations." Zhao Qingyun said.

"I want to give it to you too!" Murong Yu stood up and said immediately.

Long Chen nodded his head, and very quickly, they were riding on the Demonic Palace's transportation tool. It was a type of Roc which was around the fourth grade Earth Rank. This type Roc had a gentle personality, but its speed was very fast.

During the journey, Long Chen sat in front of the golden rocs and didn't say a word. Murong Yu and Zhao Qingyun looked at each other in dismay behind him. After a long while, Zhao Qingyun said: "Xiao Yu, go and solve his doubts. You are both young, let's chat a little."

"Yes, Mistress." Murong Yu nodded, then she walked over and sat beside Long Chen. The fierce wind blew past her long hair, completely revealing her tender and beautiful appearance.

"What happened? Can you tell me?" We can be considered friends as well, and your Master is really worried about you right now. " Murong Yu hesitated, but said something.

Long Chen raised his head and looked at Murong Yu. Speaking of which, Ling Xi had always thought that it was only because of him, but Murong Yu had good intentions for taking care of him.

"Ling Xi, I used the Imperial clan's Nine Celestial Spirit Fruit to help her, and allowed her to regain her human body. But her family took him away, and the strength of his family far exceeded my imagination." Long Chen sighed, and said.

"That girl, there is actually such a terrifying force behind her." Murong Yu was a little dazed, no wonder Long Chen was in such a low mood, it was already impressive that he would not be struck so hard without being able to recover from this separation of life and death, it was like this for him, he was actually anxious to set off on his journey just like this.

"In other words, the reason you're in such a hurry to start your journey is to find her, right?" Murong Yu said, visibly moved.

"Yes, I promised her that within ten years, I would definitely appear before her." Long Chen nodded and looked ahead resolutely.

From his eyes, Murong Yu saw resolution and perseverance.

"It's really touching." Murong Yu laughed helplessly, and said somewhat bitterly: "Seeing how you are now, you should have a goal in your heart, so I don't have to advise you against it. But still, you have to be careful, your life is the most important thing, don't forget that in the distant and insignificant Canyang Kingdom, there is still a group of people who are concerned about you."

As he finished speaking, Murong Yu lowered his head and his voice sounded a little desolate.

"Thank you." Long Chen nodded.

At this time, Zhao Qingyun had already heard their conversation. He walked to the front and said: "Dragon Sacrifice Continent is vast and boundless. Chen Er, is that lady's family that you spoke about in the Realm of Myriad Kingdoms?"

"Not here." Long Chen shook his head.

"It's just like the rumors say, the people of the Three Great Imperial Domains. But Chen Er, do you know, if you want to reach the legendary Imperial Domain, you can only find the way out through the Archaic Graveyard!" Zhao Qingyun said in shock.

"Master, do you know how to enter the Archaic Graveyard?" Unexpectedly, Zhao Qingyun had some understanding of the outside world, so she hurriedly asked.

"Archaic Graveyard, it seems to open once every once in a while, and every Holy Dynasty, before the opening of the Archaic Graveyard, determined that they have the right to enter the Archaic Graveyard. I am not sure about the specific form, but it seems like something will naturally appear between heaven and earth. If I can obtain it, I can then enter the Archaic Graveyard." Zhao Qingyun tried to recall the details in her memories carefully.

"In other words, I'll be able to find a way to enter the Archaic Graveyard from within the Holy Martial Empire." To Long Chen, this was undoubtedly good news.

Very quickly, they arrived at the Universe Teleportation Formations, Long Chen was also preparing to leave. As they were leaving, Long Chen told Zhao Qingyun: "Master, after I leave, there are some people that you must take care of for me, and amongst the Lingwu Family, there are two women named Yin Mengyao and Liu Lan, as well as the entire Yang family of my White Yang Town. As for the two women from the Lingwu Family, it will be up to them to decide. If they are not willing to come to the Imperial City, they can send some experts to protect them."

Zhao Qingyun nodded his head, and remembered it.

To the side, Murong Yu felt uncomfortable when she heard that other than Ling Xi, there were actually other girls she was concerned about.

"Oh right, Chen Er, I almost forgot one thing, my head" Zhao Qingyun hurriedly took out a black order badge from his Cosmos Sack. This order badge was made of hard iron and stone, it could not even be broken by normal attacks.

"I still haven't told you one thing, but my Demonic Palace is actually from the Holy Martial Empire. The ancestor of my Demonic Palace is someone from the Holy Martial Empire, but after coming to this place, she has never returned to the Divine Artifact Holy Dynasty, so I have no contact with him."

Zhao Qingyun paused for a moment, then continued: "This black metal plate is the keepsake of one of the great powers in the Holy Martial Empire, my Demonic Palace, should be considered a branch of that power, and the Universe Teleportation Formations in front of you, will also teleport you to the great power in the Holy Martial Empire. I don't know if I remember wrongly, but the name of this great power should be: Ancient Devil Region."

"Ancient Devil Region?" Long Chen secretly memorized the name, and then took out the black iron tablet in Zhao Qingyun's hands. This iron tablet looked to be quite old, one side carried a strange symbol, and the other side had a name, Guangyuan.

"The name of our Demonic Palace's ancestor is Guangyuan. This should be his identity token. If you bring this metal tablet to the Ancient Devil Region, you might even have the qualifications to cultivate in the Ancient Devil Region."

Zhao Qingyun said somewhat excitedly.

#### Chapter 449 - Martial Alliance

"Go to Ancient Devil Region to cultivate?" Honestly speaking, Long Chen only wanted to get to the Holy Martial Empire as soon as possible and find a way to enter there. At the same time, he wanted to increase his own strength. In reality, the increase in power had a lot to do with the surrounding environment.

After you arrive at Holy Martial Empire, you still need to find a place to increase your strength and increase your knowledge, and joining a few big powers, with the help of the sect's elders, the effects will be more obvious, and ordinary big sects will have many super techniques, just like the Ancient Devil Region. The so-called Heaven Tier Battle Skill, I think you can find a place to cultivate your strength and knowledge, and joining some big powers, with the help of the sect's seniors, the effects will be more obvious. Zhao Qingyun said somewhat sorrowfully.

"Master, I want to rely on my own experience to improve my own strength. As for the sect, I have not really thought about it." Long Chen shook his head.

No one can rise quickly enough by yourself, you might not even have the right to do so in the Imperial City. With your current strength, you might be able to dominate the Canyang Kingdom, but in the Holy

Martial Empire, you are just a lowly person. Moreover, it is easier to obtain more powerful combat skills, and there are also many opportunities to gain experience. In fact, due to the strong competition, your strength will increase even more quickly, just like how it was in the Demonic Palace. Didn't your strength increase by leaps and bounds in one day?" Zhao Qingyun tried to persuade her patiently.

"Is there any place like the Inverse Wonderland s? I want to find some places with more demonic beasts. " Long Chen directly stated his goal, but he actually agreed with what he said. However, to him, the most important thing was still the demonic beast. After all, that was the most important guarantee for him to quickly raise his strength.

"Ancient Devil Region, a territory that is over the size of several dozens of Canyang Kingdom s, is one of the most important members of Holy Martial Empire, how can there not be any Demon Beasts occupying this area?" Zhao Qingyun stroked her beard and laughed.

"Good. Master, I will keep this token for now." When I get to Holy Martial Empire, I will go there to take a look. Try your best to enter the Ancient Devil Region, but Master, what is the Martial Alliance you mentioned just now?" Long Chen asked.

"The Holy Martial Empire is known as the Divine Martial Realm, and the strongest power amongst them is bound to be related to Wu. In the Holy Martial Empire, all the large powers formed an alliance that controls the entire nation, called Martial Alliance, and then selected an alliance master of the Martial Alliance, leading all the powers in the Holy Martial Empire. Although the Ancient Devil Region is strong, they are still restricted by the Martial Alliance. However, the Ancient Devil Region can be considered a force that can lift something heavy as though it is light. " Zhao Qingyun explained.

"So it's like that." Causing all the forces in the Holy Martial Empire to form an alliance and then going out together was the situation in the Holy Martial Empire. It seemed like it was not bad, but he did not know how much danger was involved.

After Zhao Qingyun finished introducing the Martial Alliance, it was about time. Long Chen took a deep breath and pulled the wolf cub into his embrace. He said to Zhao Qingyun and Murong Yu: "I'll be leaving now, goodbye."

"Wait!" Murong Yu shouted anxiously.

"What's wrong?" Seeing the unnatural expression on her face, Long Chen hurriedly asked.

"I, Long Chen, can I tell you, this empress, I did it for you?" In the end, Murong Yu mustered his courage and asked. After saying that, her face turned a little red.

Long Chen's mind shook.

She was also a genius, she could also have her own future, and could also go out and adventure. At that time, because of a single sentence from Long Chen, she agreed to confine herself to this small place, the Canyang Kingdom, and help him manage the situation. After she became the emperor of the Canyang Kingdom, she had to take care of a lot of things.

From this, it could be seen how deep her feelings for Long Chen were.

"I'm sorry." Long Chen sighed, and could only say apologetically.

"It's alright," Murong Yu forced out a smile and gathered up her courage: "I just wanted to say, when you find that you really can't go on, don't forget that there are still people waiting for you in the Canyang Kingdom."

Looking at Murong Yu's sincere and emotional expression, Long Chen's heart trembled. After a long while, he finally recovered from her shock, bit her lips and said: "I don't dare to dictate your decision. It's just that I have already decided on my own path, I will definitely walk to the end. "Sorry."

"It's alright, you go." Murong Yu smiled, and the expression on her face gradually returned to normal.

Long Chen hesitated for a moment, but still nodded his head. He decisively turned around, and walked towards the Universe Teleportation Formations, step by step.

At the last moment, when Long Chen turned around, he saw Murong Yu leaning on Zhao Qingyun's shoulder, and her tears fell like rain.

Long Chen clenched his teeth and closed his eyes.

He knew that he couldn't bear such deep love right now, so he could only be heartless and merciless. When the light disappeared, Long Chen also disappeared from the valley.

A new journey, starting now.

When going from the outside world to the small universe, one would experience a period of confusion. However, he could quickly adapt to it. In the Qiankun Great World, the use of Universe Teleportation Formations's shuttling was even more terrifying.

Long Chen felt as if he was in a dream. He was suspended in an endless black tunnel, and there seemed to be a lot of black stuff flowing behind him at a very fast speed.

When he had entered the Universe Teleportation Formations, in order to save the Tongtian Pill, Long Chen had already brought the little wolf into the Great Void Realm. Thus, at this moment, he was shuttling back and forth in the tunnel by himself.

Fortunately, there was nothing wrong with his body.

During the journey to the Snow Peak Mountain Range, Zhao Qingyun had taught him the method to activate the Universe Teleportation Formations using the Tongtian Pill. With this method, Long Chen could use thirty Tongtian Pill by himself, thus he only had seventy Tongtian Pill left, which was enough for him to reach the Heavenly Completion Stage Level 1.

He simply did not know how much time had passed, or if it was just for an instant, or perhaps it was for eternity. It was only at a certain moment that Long Chen finally realized that in front of this endless black tunnel, a speck of white light had appeared.

This white light continued to grow bigger. From that white light, Long Chen could smell a kind of Vast Expanse, which should be the Holy Martial Empire. Holy Martial Empire was one of the Ten Great Saints among all the Realm of Myriad Kingdoms. It commanded thousands of small nations like the Canyang Kingdom, so the terror of its strength could be imagined.

The feeling of the Vast Expanse filled Long Chen's heart with reverence.

"From now on, I am about to embark on a new journey. I hope that we will still be able to meet again with regards to the Canyang Kingdom." Long Chen sighed in his heart. Actually, there were many that he

couldn't bear to part with. His family, his foster father, even that woman Liu Lan and that foolish Murong Yu, he was a little unwilling to part with. He always felt that it would be hard to leave them like this.

"A man must have his own determination in his heart. "Right now, I am following the path that I have chosen, so let's move forward. Brilliance is created by my own blood and sweat!"

Thinking about it, Long Chen couldn't help but feel a little heroic.

"Holy Martial Empire, we're here!"

About this, we are referring to him, as well as the little wolf. Of course, we have added the always funny fat cat, the legendary heaven defying Reincarnation Godly Beast.

The white dot before his eyes instantly expanded before Long Chen's eyes and instantly engulfed Long Chen within it. Long Chen felt that instant of refreshment, and the shackles on his body seemed to have been completely removed at that instant. And at this moment, Long Chen suddenly felt that he had stepped on solid ground.

It was a feeling of being alive.

Long Chen heaved a sigh of relief. He had finally completed the teleportation of the Universe Teleportation Formations and exited the damned black tunnel. The feeling of the outside world was simply refreshing.

But before Long Chen even had the chance to experience that comfortable feeling, he was suddenly overwhelmed by the strong atmosphere around him. Right after exiting the Universe Teleportation Formations, he felt that it was unusually crowded around him, with countless powerful auras all around him. He looked up, and saw that the small Universe Teleportation Formations was actually filled with people, and beside Long Chen, there were a few people crowded, and each person's strength was not low either!

His current ninth level of the Milky Way Realm seemed extremely normal ...

Long Chen inhaled a breath of cold air, and swallowed down the words he was about to curse at. As for the others, they looked around speechlessly at the crowd around them, unable to react for a moment.

"Damn it, you are all pigs, hurry up and get out of there. There are even people who want to get out of the Universe Teleportation Formations!" At this moment, a sharp sound rang out, and a fiery red whip actually lashed into the crowd, directly causing two people to scream miserably.

"Hurry up!"

After leaving the Universe Teleportation Formations, only then did Long Chen clearly see the person holding the fiery red whip. He was a middle-aged man with a face full of stubble, wearing a golden satin robe, extremely mighty.

Just by looking at the word "martial", Long Chen felt a strong aura rushing over, causing him to be secretly shocked.

"Just a single word on her clothes is enough to make me feel terrified. This Holy Martial Empire is truly terrifying. I think these people should be the people from the Martial Alliance. But, the people of the Martial Alliance are waiting beside the Universe Teleportation Formations? "

Long Chen realized that he knew nothing about this world.

Chapter 450 - It would be better to kill the wrong person than to let them off.

At this moment, Long Chen raised his head, opened his eyes wide and looked at the Holy Martial Empire carefully for the first time.

The first was the sky, which was different from the Canyang Kingdom's blue sky. The sky here was actually a kind of gloomy and dead gray, causing the atmosphere under the sky to become extremely oppressive. The place Long Chen was in was a field, flat and barren. There wasn't even a blade of grass in the field, and the ground was dark gray in color. When he stepped on the ground, he felt a sense of relaxation.

This vast land was the Holy Martial Empire.

At this time, there were ordinary people here, who had come from other places like him. The other half, they were all dressed similar to the people Long Chen had just seen, and were all from the Martial Alliance. On their chest, there was the shocking word "Martial".

Long Chen secretly frowned, judging from the cold and arrogant attitude on the faces of the Martial Alliance people, they were probably not courteous at all towards an outsider like Long Chen, that whip attack just now was a clear example.

Everyone line up, those who have the gold medal Martial Alliance stand on the left, the first time you are at the Martial Alliance, those who do not have the gold medal stand on the right, quickly stand properly for me, otherwise, I will kill without mercy! At this time, a deafening roar sounded out beside Long Chen's ears.

Long Chen frowned.

The other party's attitude was extremely vile indeed. However, they were not only big in numbers, but they were also very strong and difficult to deal with. Long Chen knew that this was not the time to fight, so he followed their instructions and stood in the long line on the right side. Most of the people that came from the teleportation circle were on the left side, and only a small portion of them were on the right.

As for the people from the Martial Alliance, they were guarding the two groups of people, vigilantly watching them. Their cold and fierce gazes, as well as the faint imposing aura they emitted caused everyone to tremble in fear.

Long Chen looked towards the people on the left. At the front of the group, there were a few large rectangular stone tables, and a few warriors with relatively strong cultivations sat at the tables, inspecting the warriors who just came out from the Universe Teleportation Formations. The warriors were more orderly, they took out a golden plate from their Heaven and Earth Pouch and showed it to the Martial Alliance people, then they could leave safely.

On Long Chen's side, since it was their first time in Holy Martial Empire and they were usually proud and arrogant, they did not really know what the Martial Alliance was, so they were a bit disobedient to their management. As for those people from the Martial Alliance, they looked at Long Chen's group with a ridiculing and mocking smile.

"Perhaps, in their eyes, we are just a bunch of ignorant countryside bumpkins. The strong preys on the weak. Regardless of where they are, they always have a strong reason for doing so." Long Chen lamented in his heart.

With Zhao Qingyun's reminder, he knew how strong the Martial Alliance was, so he knew she should behave a little. In the Canyang Kingdom, he would often offend people. After Ling Xi left, his personality had diminished a lot, and she could only try her best to avoid offending people she shouldn't have.

Of course, Long Chen's personality was that if people did not offend him, he would not offend them.

As he looked up, he knew what was happening in front of him. So it turned out that the people from the Martial Alliance were actually here, on one hand they were checking the identities of those people, and on the other hand they were trying to create the identity of the gold medallion for Long Chen, who had just arrived in the Holy Martial Empire.

Only after each person received their gold medallion could they safely leave.

Long Chen's heart trembled. He knew that the purpose of Martial Alliance being here was mainly to brand them, these newbies, with the Martial Alliance. Make them part of the Martial Alliance. As for the other group of people, they weren't checking their identities, but to confirm if they truly had gold medals on them.

Long Chen reckoned that everyone in the Holy Martial Empire would have an identity gold plate called Martial Alliance. Long Chen's gaze was exquisite, and it was very easy for him to see that on the front of the identity gold plate was carved the words "Dragon and Phoenix Dance", and on the back was his name. After the newcomers told him their names, his name would be engraved on the identity gold plate.

Because they still needed to go through such a process, Long Chen's team's progress was much slower.

Just as he was getting close to the frontline of the procession, Long Chen could faintly hear that when the people of Martial Alliance were getting the names of the newcomers, they would also record information about the cultivation level, the countries they came from and so on. This way, all of the information of outsiders that came to the Holy Martial Empire would be in the hands of the Martial Alliance. It could be seen that the power the Martial Alliance had over the Holy Martial Empire was much stronger than the power the imperial family had over the Canyang Kingdom.

At least, if Long Chen killed their leader, he would definitely not be able to take Martial Alliance away.

Of course, this was just a thought.

"fat cat, do you know which stage these people from the Martial Alliance are at?" At this time, Long Chen could only ask Little Cat for help.

"Gaga, are you asking this god a question? But it doesn't seem to be. " The kitten pretended not to understand.

"Alright, cat-lord, don't go overboard. Speak quickly." Long Chen said helplessly.

"cat-lord is a good name, good good good, and continues to flourish. Mn, these little fellows, their strength is usually at the first or second level of Heavenly Completion Stage, there are a few of them who are warriors of Second stage of the Heavenly Completion Stage. "You're so weak!" Cat said proudly.

Long Chen was a little speechless.

He never thought that when he first came to the Holy Martial Empire, he would encounter abnormal Heavenly Completion Stage. These more than two hundred people from the Martial Alliance were all from Heavenly Completion Stage.

Just as Long Chen was feeling shocked in his heart, a commotion suddenly came from in front of him and a rough voice suddenly roared out: "What? I even have to tell you my strength? Why? Was the Holy Martial Empire really such a place? Who the hell are you people? "

Long Chen looked up. At this moment, a tall and sturdy man was standing right in front of the convoy, confronting the people from the Martial Alliance, unwilling to retreat in the slightest.

He shook his head, because he knew that this big guy was going to have a tragedy. He wasn't willing to reveal his true strength. If he was an expert, then he couldn't be wrong. Unfortunately, he did not recognize the form. The current situation was that this was the Martial Alliance's territory, the Martial Alliance was an abnormally powerful group, if he did not have the strength to resist the Martial Alliance, he would be courting death.

Sure enough, after he finished roaring, the few young Martial Alliance s looked at each other and sneered, and then, a few Heavenly Completion Stage experts rushed forward and instantly beat that practitioner who only had ninth level of the Milky Way Realm to the point where she spat blood and died, and her internal organs were shattered from the shock.

"You, carry him out and throw him away." Beside the stone table, there was a middle-aged man with a grim expression. His aura was much stronger than others, and he was clearly an expert of the Second stage of the Heavenly Completion Stage that Cat had spoken of. Second stage of the Heavenly Completion Stage, this was a bit stronger than the Sword Emperor back then.

At his command, the man was carried away. The program continued. However, after the incident just now, everyone was silent and obediently revealed their wealth.

"These country bumpkins are really hopeless. Every day, we have to kill more than ten idiots who are blind. We don't even know how many idiots will die in my hands. "Haha ..." At this time, the few Martial Alliance s who just finished off the big sized man started to discuss.

"I really admire these guys. They don't have any brains. How did they manage to cultivate to such a level?" Before they came to the Holy Martial Empire, wouldn't they be able to find out who exactly was in charge here? "

These low voices of discussion, made Long Chen feel secretly fearful.

Very quickly, it was's turn. Long Chen walked to the front of the stone table, and at this time, the people from the Martial Alliance who had made the records and created the gold plate did not look at Long Chen, but instead lowered their heads and asked: "State your name, strength, and origin. and also for the purpose of coming to the Holy Martial Empire. Louder! "

Long Chen immediately said: "My name is Long Chen, my strength is in the ninth level of the Milky Way Realm, I come from the Canyang Kingdom, and am one of the subordinate states of the Holy Martial Empire. As for my goal in coming to the Holy Martial Empire, it is mainly to pursue the path of becoming a strong Ranker, and increase my strength."

His answer was straightforward and could be considered to be well-behaved. Long Chen had already sensed before that if he were to answer all of them at once, he would very quickly complete the production of the gold medal in identity.

"Long Chen's ninth level of the Milky Way Realm" were recited by the people, and their gold medallions were quickly being produced. Long Chen heaved a sigh of relief, after obtaining the gold medallion, he would be able to recuperate and investigate the situation of the Holy Martial Empire.

Just as he heaved a sigh of relief, the middle-aged man who had ordered his men to kill the burly man suddenly raised his head and looked at Long Chen with glimmering eyes. He asked: "Are you sure your name is Long Chen, the divine dragon's dragon, and the star's Chen?"

Long Chen was startled for a moment, then nodded: "Yes, that's right. May I know what sir has requested?"

The middle-aged man immediately smiled, and said: Alright, you are Long Chen, you would rather kill a wrong person than let him go, come, take his head, go back and let people know if it's Long Chen or not.

His tone was very calm, but it caused Long Chen to be instantly stunned.

His name is Long Chen, is he going to be killed like that? What kind of logic was this?

Long Chen realized that this was very likely a misunderstanding, and it was possible that there really was someone named Long Chen who had offended the Martial Alliance, thus he hurriedly said: "Master, this is my first time here in the Holy Martial Empire, so I really do not understand why. Could it be that this is a person with the same name as me that offended the Martial Alliance?"

The Middle-aged Fighter did not even hear what Long Chen said. Waving his hand, he directly said: "Are you all deaf? Chop his head off. Take him back and compare it to see if it's that Long Chen!"
