### Chapter 461 - The Birth of Nine Suns

Long Chen looked over, he was a little about ten years old, his face was pink and his eyes were big and intelligent, his skin was white, and he was wearing a goose yellow jacket, his left and right hands hung two silver rings on his neck, he was wearing pink cloth shoes, and when he walked, the ring released a jingling laughter, just like her laughter, crisp and pleasant, attracting everyone's attention.

"This little girl is a beauty. She's already so cute at such a young age. When she grows up, she will definitely be a beauty that will topple nations." This thought immediately appeared in Long Chen's mind.

In the Great Void Realm, when Cat saw the little girl, his eyes immediately went wide and saliva fell from his mouth. He said excitedly: "Beautiful girl, you are simply the dish of this god! No way, this god is going to be captivated to the core! Long Chen, hurry up and save me, I really can't!"

The anxious look on the kitten's face made Long Chen speechless.

"This lascivious cat is actually interested in this little girl, it's really too vulgar," Long Chen laughed helplessly.

The kitten was extremely excited now, it could not speak clearly, and could not stand steadily. Its eyes pierced through Long Chen's chest and stared at the little girl, and did not even blink as it laughed, "Exquisite quality, Exquisite quality loli, the heavens are really not bad for me, to actually gift me such a high quality! This god has not lived for nothing. "

"Dream on, you don't even have a body, and this girl isn't even ten years old yet. fat cat, I didn't expect you to be so abnormal." Long Chen mocked.

"You don't understand shit! Do you know what a spiritual love is? Ten years is not good, but nothing has grown up yet. Anything can make this god cut it up, this is the purest symbol! " In the Great Void Realm, the kitten was still chattering away.

At this time, the little girl was already walking towards Long Chen. She giggled all the way, revealing her two little canines.

After walking to Long Chen's side, she sat down on a stool next to him, placed his chin on the table, and placed his two tender hands on the table. His large sparkling eyes blinked as he looked at the Little Wolf on Long Chen's chest.

"Little Black Dog, quickly get out of the way. My goddess is looking at me, you're blocking her view!" In the Great Void Realm, the kitten roared crazily.

Right at this moment, the little girl looked at Long Chen pitifully, and carefully said: "Big brother, Qi Qi wants to hug the puppy, okay?"

Her voice was soft and sweet. At such a young age, she could tell from her voice that she was an expert at acting like a spoiled child.

"What?" In the Great Void Realm, the kitten was as if it had been struck by lightning. This goddess, a loli, was actually interested in that black dog.

"This is unreasonable! Such a tender little girl like her actually has a problem with her aesthetic standards. This is outrageous! That little black dog is dark and slovenly, and it even pretends to be cold. How can it be that this god is handsome?"

Long Chen did not care about how Cat screamed. He knew how Xiao Lang looked, and it was true that he had some killing power towards the little girl. If she wanted to hug Xiao Lang, she would have to get Xiao Lang's permission.

"You want to hug him? Then we'll have to ask if this big brother wolf agrees." Long Chen said with a smile that was not a smile.

She quickly looked at the wolf cub and said in a sweet voice, "Puppy dog, give Big Sister Qi Qi a hug. If you agree, then blink your eyes!"

The little girl was very smart. Normally, she would blink her eyes and not leave even if it was a demon beast. This was already an instinct.

However, to her astonishment, the wolf cub glared at her. His pair of golden eyes did not even blink, causing the little girl to collapse.

Long Chen knew that Xiao Lang was too lazy to bother with this little girl.

"Little girl, what's your name?" Long Chen saw her pitiful look and asked.

"My name is Huangfu Qi." The little girl blinked her eyes and said dejectedly.

The reason why Long Chen was interested in her was because this little girl's strength was just too strong. If his estimations were correct, Huangfu Qi's strength should be stronger than all of the youths present here, she was obviously not more than ten years old, but she had Third Level of the Heavenly Completion Stage, which was very likely due to her Fourth Level of the Heavenly Completion Stage. The shock such a talent would give Long Chen was quite huge!

"Then what's Big Brother's name?" 's eyes lit up. Previously, she had failed at Little Wolf's hand, but now that Long Chen had spoken to her, she could tell that he was the Little Wolf's master from a glance. If Long Chen could please her, hugging Little Wolf would be a piece of cake.

"My name is Jiang City." Long Chen said without the slightest hesitation.

"Jiang City? What a terrible name. I'll just call you big brother, it's more intimate this way. Hehe, isn't it, Big Brother?" Huangfu Qi approached Long Chen, and his small body squeezed to Long Chen's side. He looked at Long Chen with a fawning expression, but his eyes were not looking at the little wolf. It seemed that she really liked the wolf cub.

"Qi Qi? Do you live in this town?" Long Chen was very curious about this little girl.

Big brother, let me tell you, Qi Qi is very powerful. When I was hitting someone, pa pa pa pa, none of them were my match, at that time, when an uncle was bullying me, I spanked him and threw him into the river! Speaking of which, Huangfu Qi began to giggle.

He awkwardly laughed, and continued to look at Huangfu Qi lovingly. He kept yelling to Long Chen: "Good brother, you must keep my goddess here, in the future when you call me cat fat cat, I won't even bother with you, what do you say?"

Long Chen did not hear his words at all. He looked at Huangfu Qi in surprise and said: "Are you here to participate in the Ancient Devil Region's selection too? "Don't tell big brother, you came here on your own?"

"Of course I am, I am very powerful. I have run a long way and lost my way many times!" Huangfu Qi said somewhat complacently.

"Where are your parents?" Long Chen was a little speechless.

"Shh!" Huangfu Qi immediately put his index finger in front of his mouth and whispered into Long Chen's ear, "Big brother, I ran out myself. Don't ever tell my father and mother, or Qi Qi will throw you into the river too, hehe!"

"" Long Chen was speechless.

"Big brother, I want to hug my little dog," at this time, Huangfu Qi said pitifully as she held Long Chen's sleeves with an incomparably resentful gaze. Many little droplets of water had already started to flash in her eyes.

"I'll ask you a few questions, and you'll answer them all. I'll let you hug me, okay?" Long Chen asked seriously. He wanted to know more about the Ancient Devil Region s from the start, but with this little girl here, Long Chen did not need to look for anyone else.

As for the wolf cub, let's sacrifice him for a bit ...

"Alright." Huangfu Qi nodded obediently.

"What's your current strength?" Long Chen asked.

"Fourth Level of the Heavenly Completion Stage."

'As expected, she's very powerful! '

This kind of girl, not even ten years old, was already at the level of Fourth Level of the Heavenly Completion Stage. She should be a genius from some large powers, and since she was from a large power, why would she come to the Ancient Devil Region?

"What do your parents do?" Long Chen asked.

Huangfu Qi panicked and hurriedly replied: "Big brother, you can't say that. Otherwise, my father will beat me up later, can you change to a different question?"

Long Chen only asked casually, he did not want to make things difficult for her, he wanted to know more about the Ancient Devil Region, so he asked: "Do you know what kind of experts the Ancient Devil Region has, and what are their strengths?"

"I know that!" Huangfu Qi was a little excited and said: "Amongst the Ancient Devil Region, the strongest is Mo Huangjiangwuxie, and his strength should be at the second or third stage of the Earth Martial Stage. He had seven Demon Kings, who were hall masters of the seven great halls of Ancient Devil Region, and all had the strength of first stage Earth Martial Stage. Of course there are still some experts hidden, and I heard that among the young generation, there are also experts who have reached the Earth Martial Stage!

"So powerful!" Long Chen was speechless. The most important thing was that he was shocked that there was actually a young expert from the Earth Martial Stage.

"Among the several great powers in Holy Martial Empire, the Ancient Devil Region is not considered strong, it is only a member of the Martial Alliance, the strongest is the Martial Alliance, in the Martial Imperial City, there are even more experts!" Huangfu Qi said.

Not too strong?

To Long Chen, this was already heaven-defying.

Even if he was dead tired now, he could only cultivate to the Heavenly Completion Stage Level 1. Who knew what kind of years or years it would take to reach the Earth Martial Stage? As for Ling Xi, he was at least at the level of Divine Martial Stage. She didn't know if she could complete the ten years she had mentioned previously. Ten years, was simply too long.

"Big brother, have you finished asking?" Seeing Long Chen suddenly fall silent, Huangfu Qi felt so anxious that he was about to die.

"Nope." Long Chen came to his senses, he saw that the little girl had a good family background, but had actually ran away from home and came here. There must be a reason, so he asked: "Qi Qi, tell me, why do you want to enter the Ancient Devil Region?"

She hesitated for a moment before agreeing to speak with Long Chen. Thus, she sneakily snuck up to Long Chen's ear and said: "Big brother, I'll tell you, but don't tell anyone else."

"Of course. I'll keep it a secret. " Long Chen said firmly.

"Then that's good, I'll tell you then, in fact, I was playing at home, and once I heard my father say, that in two months time, there would be a day where nine suns would appear in the sky, which is known as the day where nine suns are born together, a day that is rarely seen in ten thousand years, and there would be a day when there would be a furnace in the world. For people in Holy Martial Empire, especially those that are weak, who do not live in a city, it would be a disaster!"

Long Chen's heart shook and he could not help but ask softly, "Nine suns appeared at the same time? That person is already dead! "

Chapter 462 - World Exterminating Golden Crow

"Big brother, it's not as scary as you think. There's only one real sun, but I don't know what the other ones are. It looks like it's about the same as the sun, but the intensity of its heat should be a lot worse. For some people, the Nine Suns being reunited is a disaster, but for some people, it is also a blessing. " Huangfu Qi continued to whisper in Long Chen's ear.

"Why?" Long Chen asked.

"This is the reason why I'm going to the Ancient Devil Region. I heard that in a month or so, the young generation of disciples in the Ancient Devil Region will hold an annual examination. Among the disciples that are participating in the exam, the one who becomes the champion will reward a dianyin bead. dianyin bead were not very useful initially, but they are extremely rare. I heard from father that on the day that the nine suns are combined, if dianyin bead are used, as long as it is a practitioner of Heavenly Completion Stage, they can directly raise their strength to the level of Ninth Level of the Heavenly Completion Stage.

This time, Long Chen was truly frightened.

To directly raise the Heavenly Completion Stage Level 1 from the Heavenly Completion Stage Level 1 to the Ninth Level of the Heavenly Completion Stage was the most heaven opposing matter that Long Chen had ever heard of. Before this, he had never dared to imagine such a thing, but if such a good thing really did happen, then he would have to put forth all of his effort. After all, what he lacked the most now was time, ten years of time, was simply too long, and he did not know what would happen in the process. If something were to happen to Ling Xi earlier, how could Long Chen forgive himself?

"Actually, it can't be considered as a coincidence, for the sake of the dianyin bead, Ancient Devil Region has already prepared all the disciples below the Ninth Level of the Heavenly Completion Stage for a few years. After we enter the Ancient Devil Region, we only have two months left, although the hopes are slim, and there are countless experts in the Ancient Devil Region, Qi Qi also seems to be soon about to reach the Ninth Level of the Heavenly Completion Stage, causing my father to not dare to say that I'm useless anymore." Speaking till here, Huangfu Qi was a little dejected, her eyes flickered, and tears were about to fall again.

Long Chen comforted him a little, then asked Little Cat: "Little Cat, tell me, is the day that the dianyin bead and the nine suns were born together real?"

"It's true." The little cat nodded, and seeing Long Chen's serious face, he said straightforwardly, "The Nine Suns being born together, is actually just one sun. Of course, there are also eight people who were my old opponents back then, the appearance of the remnant soul of the Golden Crow, the Golden Crow, that fellow, has been running somewhere for a long time, probably dead. Maybe it left behind nine fragmented souls, existing in the sun, but the Nine Suns being born together, is actually just eight of its nine remnant souls that were thrown outside to form a strange phenomenon."

"To me, it can only be counted as an abnormality, but to you, it is indeed different because what you see is only nine identical suns. So, the temperature on that day will indeed be very high, but after a day, the abnormality will disappear. Furthermore, there are not many places that can see the abnormality, and I guess they are only the size of Holy Martial Empire, and won't affect other places. "

Cat said this because she felt that Long Chen would be worried about his relatives and friends in the Canyang Kingdom.

Its words, had indeed dispelled Long Chen's doubts.

"What do you think of the dianyin bead?" Long Chen continued to ask.

"This is a good item and you should fight for it. The dianyin bead does not have a rank and is actually not very useful. It was originally the sweat on the Golden Crow's body that fell down to form a crystal. It's

not exactly a treasure, but it contains a trace of the aura of the Golden Crow. Back then when you used the dianyin bead, the nine great acupoints on your body corresponded to the nine suns in the sky. When the nine suns' power was infused into the dianyin bead, it could truly allow you to instantly open all of your acupoints and allow you to reach the Ninth Level of the Heavenly Completion Stage.

The kitten smiled mysteriously and said, "As long as you keep this little girl by your side so that I can watch you at all times, I can promise you that on the day that the nine suns coexist, you will steal a portion of the soul fragments of the Golden Crow and strike your nine acupoints, filling them with the power of the Golden Crow. You can imagine that when the Golden Crow appears in your acupoints, it is not the pellets but the Ancient Beast Gods that destroyed the world.

Long Chen was quite shocked.

To be honest, he had been suspicious of the kitten's identity and thought it was impossible for it to be that powerful. But now, he was beginning to believe it. After all, ordinary demon beasts didn't know so much. They probably didn't even know what the Golden Crow was.

"Little Cat, is the World Exterminating Golden Crow very powerful?" Long Chen asked.

When it is at its peak, it can directly turn into a sun and float in the air. As long as it is willing, it can choose to transform its own body's energy, becoming an eternal existence like the sun. " Cat said indifferently.

"Is that all?" Long Chen was quite speechless. If Cat was not bragging, then an existence at this level should be the peak of the whole world. Even if it was Ling Xi's family, compared to this kind of ranker, they could only be considered as ants within ants.

"You, Golden Crow, what do you think of the Ancestral Dragon?" Long Chen asked the most important question.

"Ancestor Dragon?" Cat laughed helplessly, and said: "Ancestral Dragons are the rulers of Dragon Sacrifice Continent. We, the supreme ancient beasts, came to this world after the Primordial Dragon Tribe disappeared. I won't hide it from you, but the way I am now is something that the Ancestral Dragon bestowed upon me. Due to the rules, I cannot tell you about the secrets of the ancient era. It is best that you do not ask carelessly. However, I can tell you one thing, that is, God is inferior to Ancestor. "

A god was inferior to a Ancestor.

In other words, regardless of whether it was the World Exterminating Golden Crow or any other Reincarnation Godly Beast, they would not be a match for the Ancestral Dragon. That Ancestral Dragon was the supreme existence.

As she spoke of the Ancestral Dragon's back, the little kitten subconsciously glanced at Long Chen's forehead in reverence, where the sea of consciousness of Long Chen existed.

Long Chen calmed his heart, and did not think about the Ancestral Dragon and Ancient Divine Beasts first. Instead, he turned his attention to the dianyin bead and Nine Suns that were born together.

"In other words, in order to instantly reach the Ninth Level of the Heavenly Completion Stage and at the same time to allow my body to possess the power of the Golden Crow's soul, I must obtain this dianyin bead."

This, this dianyin bead, was his huge opportunity!

If it was someone else, if it was just a set of Eighth level of the Heavenly Completion Stage, even if he obtained the dianyin bead, he would at most be able to raise his strength by a level. However, Long Chen was different.

Above the sun, there were only a few remnant souls of the Golden Crow and even more so what the kitten could steal. But even so, the change that it brought to Long Chen would definitely be extraordinary.

"Big Brother, what are you daydreaming for!?" Qi Qi is asking you, are you finished or not! " Just then, a deafening voice rang beside Long Chen's ears.

Because of the Great Void Dragon Symbol's relationship, Long Chen didn't need to speak any words to actually be able to communicate with Little Cat. Thus, from Huangfu Qi's perspective, ever since Long Chen asked about the dianyin bead, he had always been in a daze.

"Qi Qi, are you sure that what you said about the dianyin bead is true?" Ignoring the focused gazes of the crowd, Long Chen lowered her head and whispered into Huangfu Qi's ear.

Seeing Long Chen imitating her sneakiness, Huangfu Qi felt that it was too much fun. She had temporarily forgotten about Long Chen staring blankly just now, so he also went close to Long Chen's ear and whispered, "That's right, this was said by my father himself. What my father said was always true, I have already tried it countless times."

"Alright then. I'm done asking. Little Wolf, why don't you sacrifice yourself?" Long Chen laughed, then looked at the Little Wolf with a gloating gaze.

When Long Chen communicated with the kitten with a heavy expression, the wolf cub knew that he had asked a very important question. As a man, since he had promised the little girl, he would naturally carry it out.

"Wow, so cute!" Huangfu Qi screamed in shock.

"..."

Not long after, Long Chen left the restaurant, and Huangfu Qi followed behind Long Chen satisfyingly. From time to time, his eyes flashed with the light of happiness, because the little wolf was in her embrace, receiving her gentle caress.

And in the middle of Great Void Realm, the little kittens were rolling on the ground, screaming miserably.

"Big brother, where are you going?" Huangfu Qi quickened his pace, walked in front of Long Chen and said.

"I want to buy a few things, and then immediately head over to participate in the Ancient Devil Region selection." Long Chen had already made a plan in his heart.

According to the kitten's request, Huangfu Qi was successfully left to the side. Of course, Long Chen used the little wolf as bait.

"I want to buy something, I want to eat something!" I want to feed the puppy and eat its bones! " Huangfu Qi's eyes slowly filled with a doting expression. Being a maternal child at such a young age, he didn't know what to do in the future.

Long Chen did not bother with her. Instead, he bought a blank book and a few brushes and ink from a normal little shop.

"Big Brother, why are you buying books and pens?" Huangfu Qi asked doubtfully.

"To practice calligraphy, to nurture the mind." Long Chen said mysteriously.

"Oh!" Huangfu Qi nodded before shifting his attention back to the Little Wolf. His pink little hands were stroking the Little Wolf's head.

After buying all these things, Long Chen was already prepared to head towards the Ancient Devil Region. Looking at the ash-gray mountains in the distance, a dozen streams of yellow gas soared into the sky, directly piercing through the clouds in the sky.

"The earth vein spirit, it's actually this dense?" Long Chen exclaimed.

He placed the notebook and pen in his hand into the Great Void Realm.

"Xiao Xi, from now on, I will record every single detail of the journey. When we meet again, as long as you see my notes, you will know what I have been through all these years. I hope you won't forget me!"

Ten years, could it really make a person's memories be preserved forever?

Chapter 463 - 100,000 Tongtian Pill

This town would definitely not be so lively normally, probably because of the Ancient Devil Region selection, which was why there were so many people. Now, as Long Chen stood on the main street, he felt as if he was surrounded by a sea of people.

"Let's go, Qi Qi, do you want to follow me?" Long Chen lowered his head and asked.

"Of course, I want to go with the puppy." Huangfu Qi was shocked, and immediately hugged the Little Wolf even more tightly. At this time, the Little Wolf looked towards Long Chen as if it was begging for help.

Using the Spirit Beast Language, Long Chen said to Little Wolf, "Endure it a little longer. Haha, I asked for such good news and I need to properly thank this little girl. Why don't you accompany her? "

In this way, the wolf cub could only bear with it. In fact, this little girl was quite cute and the wolf cub didn't hate her. However, as someone who was close to adulthood, he was treated like a puppy by a little girl.

Previously, Long Chen had already told the little wolf about the Nine Suns being together with him. In that case, if they really succeeded, it would be extremely helpful to Long Chen. Therefore, the wolf cub had no choice but to endure ...

At this time, Long Chen began to bring Huangfu Qi through the crowd. Very quickly, he was nearing the edge of the town. Just then, a young man with a sharp mouth and monkey cheeks suddenly blocked Long Chen's path. This man dressed up as a servant, but he also had the strength of eighth level of the Milky Way Realm. In the Canyang Kingdom, he would be an expert amongst experts.

"Don't go!" After blocking in front of Long Chen, he immediately spoke with arrogance.

"What do you want?" Long Chen asked, he didn't know at first that this fellow was talking to him.

"I'm not talking to you. Scram to the side first." The man looked at Long Chen in disgust, then turned his gaze towards Huangfu Qi. His expression instantly changed to one of extreme kindness, and he said gently: "Little girl, what's your name?"

"Bad guy, I won't tell you!" Huangfu Qi unhappily glanced at him, and continued to play with the little wolf in his arms.

"Bad person? I am not a bad person, I am a great person. " The man laughed, then said: "Little girl, you're so cute, my young master will definitely enjoy seeing you, why not just follow me, as long as my young master likes you, he will also reward you with a thousand Tongtian Pill. How about it?"

"A thousand Tongtian Pill? It's not even enough to last me one day!" Huangfu Qi counted and looked at that guy with contempt. Then, she looked at Long Chen and asked: "Big brother, is he blocking our way?"

"Something like that." Long Chen secretly laughed in his heart. This fellow actually dared to provoke this little granny, he was simply courting death. Fourth Level of the Heavenly Completion Stage, there were not many people in the vicinity that were Huangfu Qi's match.

"Bad guy, let me teach you a lesson." The moment Huangfu Qi made his move, it was extremely strange. In just a few breaths of time, that fellow was already rolling on the ground.

Long Chen laughed, and did not mind the servant. After all, Huangfu Qi was pretty good-looking, tender and pink, something that most men of an age would like.

It was likely that Huangfu Qi had met with many similar troubles along the way.

Very quickly, Long Chen and Yue Shan left the small town and headed in the direction of the Ancient Devil Region. The closer they got to the Ancient Devil Region, the more Long Chen was shocked by the vast earth vein spirit.

Although there are a lot of earth vein spirit in Ancient Devil Region, but it's really ugly. The earth vein spirit in my house is white, like mist. Huangfu Qi said with an expression that seemed to raise up a face.

From this path, there were many people that went to the Ancient Devil Region. However, most of them probably came from all over the Holy Martial Empire, and did not know many people there, so they did not talk much along the way. Following this large group, Long Chen was not worried that he would walk into the wrong place. After all, it wouldn't be good if he missed the time.

Ancient Devil Region was an azure gray mountain range.

After approximately four hours, Long Chen and the rest arrived at the foot of the mountain of Ancient Devil Region. In front of them was the entrance to the Ancient Devil Region, but it was currently sealed, and there was a sea of people gathered in front of the entrance. Long Chen looked over, there were probably tens of thousands of people there.

All of their strengths were similar to that of the Sword Emperor s from before. If not for the fact that Long Chen had improved a lot after he left, under this kind of pressure, he would have been under a lot more pressure by now.

"Most of them are Heavenly Completion Stage Level 1, a small portion of them are Second stage of the Heavenly Completion Stage, and a small portion of them are Third Level of the Heavenly Completion Stage. Although Fourth Level of the Heavenly Completion Stage are uncommon, they should be there as well, and Huangfu Qi is one of them." Long Chen had a rough understanding of these competitors.

"In order to obtain the dianyin bead, one must first enter the Ancient Devil Region. "That's for the future, no matter how hard we try." Long Chen thought.

"It seems like there's still one day before the registration will begin. We'll stay here for the night. " Huangfu Qi said from the side.

"Yes." Long Chen nodded his head, then casually found a relatively distant place and sat down. Huangfu Qi hurriedly ran over and followed beside him, squatting beside him with the little wolf in his arms. He gently caressed the little wolf and said in a soft voice: "There are many bad people here, little dogs are good, don't be afraid, big sister will accompany you."

Long Chen began to enter into a state of cultivation, and a day's time quickly passed. When Long Chen opened his eyes and stopped his cultivation, around a hundred thousand people had already gathered at the entrance of Ancient Devil Region.

Among them, seventy to eighty thousand were people who were participating in the Ancient Devil Region's selection process, while the others were members of close family or brotherly friends who were accompanying them.

Of the eighty thousand people present, competing for seventy spots truly wasn't easy at all.

However, the path of cultivation is to fight against billions of people. Only the most outstanding people can go all the way up to the peak.

At this time, a few hundred people walked out from the Ancient Devil Region. All of them were dressed in black, and their styles were uniform and evil. Just like the people from the Martial Alliance, there was a word "Demon" on their chests.

"These people should be the disciples of the Ancient Devil Region, with strengths ranging from the Third Level of the Heavenly Completion Stage to the sixth stage of the Tongtian Pill." The kittens could clearly see their cultivation levels.

"Sixth Level of the Heavenly Completion Stage? They are experts who managed to clear the six spiritual cavities at the same time." However, Long Chen knew that the Third Level of the Heavenly Completion Stage was something that he had killed. He could barely contend against the Fourth Level of the Heavenly Completion Stage, but at the Fifth stage of the Heavenly Completion Stage rank, there was no hope for Long Chen.

Although his physical body was powerful, the amplification effect it brought to him was not that abnormal. When it came to true qi, even if he used the Dragonsoul Transformation, his true qi was still hundreds of times better than his. With such a huge difference in strength, Long Chen's physical body, which was equivalent to the peak body tempering technique should still be enough to make up for the difference.

After these hundreds of men in black lined up, they took out the registration documents from their Cosmic Bag and began to register for everyone. Everyone who wanted to participate in the selection first had to verify their identity.

Long Chen had already prepared his identity jade plate.

Very soon, under the arrangement of the black-clothed men, a total of sixty to seventy thousand people were divided into several hundred groups, arranged in an orderly manner. This was because they knew that if they were to cause any trouble at this time, it was very likely that they would be killed.

Long Chen brought Huangfu Qi and practically stood at the very back of one of the teams.

The group headed towards the front in an orderly manner. This Ancient Devil Region disciple's work efficiency was extremely fast, and in the past two hours, most of the people who needed to register had already ed. After the registration was completed, everyone was waiting for the true selection to begin.

"I never thought that I would actually have the chance to register for the selection battle in Ancient Devil Region. Thinking about it now, it's almost like a dream."

You are only at the Heavenly Completion Stage Level 1, so this time's selection is a one in a thousand chance. According to the past experience, normally only warriors at the third or fourth stage of Heavenly Completion Stage would be able to pass. There's a lot of pressure. "

"He's not even twenty yet, and her Heavenly Completion Stage is at the fourth level. Just how abnormal must he be? If I am unlucky enough to meet a practitioner from Third Level of the Heavenly Completion Stage, I can be killed in an instant. "

In the middle of Long Chen's surroundings, a group of people were discussing nonstop.

Just then, one of them said, "Did you know? This time, there are a total of three stages in the selection, and no one has anything to do with eliminating nine out of ten people, every time you advance, you will receive a Tongtian Pill's reward, and more and more will be given to you, I heard that when you become one of the seventy people, each person will receive at least ten thousand Tongtian Pill! "

"It seems like the top ten in every round, as well as the top three, and the champion, will all be rewarded with even more terrifying Tongtian Pill. There was once a disciple who joined together to get first place in all three trials, and I heard that he obtained a hundred thousand Tongtian Pill!"

"A hundred thousand?" Everyone was shocked, one hundred thousand Tongtian Pill, this was not a small number. Normally, the warriors around the Sixth Level of the Heavenly Completion Stage would not even have this number of Tongtian Pill.

"A hundred thousand Tongtian Pill?" Long Chen originally only wanted to pass this selection battle, so he did not want to give it a name. However, after hearing the names of the hundred thousand Tongtian Pill, his eyes grew hot. If he were to break through the second layer, the number of Tongtian Pill he would need would probably exceed a thousand. If he were to obtain these hundred thousand Tongtian Pill, he reckoned that he would not even have to worry about this Tongtian Pill before the sixth layer of the Tongtian Pill.

Without Tongtian Pill, one simply could not become strong. If one could not become strong, one would not be able to obtain dianyin bead.

"Looks like, I need to work hard to obtain these hundred thousand Tongtian Pill. In this Ancient Devil Region, without an existence like Master to protect me, even if it is a Tongtian Pill, I have to obtain it myself. Once I reach the Ancient Devil Region, I'm afraid that the chance of me obtaining a hundred thousand Tongtian Pill in one go is not high." Long Chen thought.

At this time, it was Huangfu Qi's turn.

## Chapter 464 - Zhao Wuji

When the Ancient Devil Region disciple saw Huangfu Qi, she immediately revealed a shocked expression, because Huangfu Qi was too young, he should be the youngest among the 80,000 people present. However, his strength was extremely strong, even more so than ordinary people.

"Little girl, are you here to register?" The disciple asked with a trembling voice.

"Yeah. Brother, my name is Huangfu Qi. " Huangfu Qi laughed with her cute face full of killing intent, her eyes squinted into crescent moons.

"Oh, oh." That disciple, while still in a daze, finished recording Huangfu Qi's information.

The commotion here had also attracted the attention of many people. Many people began to point at Huangfu Qi and discuss about the little girl in an amazed tone. When they were recording, Huangfu Qi had already said that she was from the Fourth Level of the Heavenly Completion Stage, and this news quickly spread among the crowd.

Huangfu Qi was definitely the most talented person in this selection battle. When she was together with Long Chen before, he thought that she was Long Chen's relative or something like that. He didn't expect that this girl was also here to register.

On the path of cultivation, the further one went, the greater the gap between each rank. It was basically impossible to jump levels and challenge others. What Long Chen was doing the most was this. When they were just at ninth level of the Milky Way Realm, people with bodies with Heaven Stage High Rank were basically non-existent, which also led to Long Chen being able to rely on this super strong body to carry out powerful cross-ranking battles.

To similarly participate in the selection battle, Heavenly Completion Stage Level 1 was one of those characters that could be easily eliminated. And no matter what, Fourth Level of the Heavenly Completion Stage could still go a long way.

That was why they praised Huangfu Qi so much. In their eyes, Huangfu Qi would definitely become a famous figure in the Ancient Devil Region within a short period of time.

Huangfu Qi had the limelight, but Long Chen, who was behind her, did not attract much attention.

"Big Brother, I'm done, I'm waiting for you." Huangfu Qi stood at the side and said intimately.

Immediately, many gazes of jealousy and envy landed on Long Chen. They could guess that Long Chen had merely met Huangfu Qi by chance, but was able to get close to her. Who knows, maybe later, he would be able to pass through the selection battle based on his relationship with Huangfu Qi.

Long Chen walked to the front.

This was an important test as to whether the identity of the Jiang City was suitable or not. Long Chen took out the important gold medallion and handed it over to the disciple of the Ancient Devil Region.

He turned his head around and saw that on the horizon, there was a gigantic warhorse shaped beast. On its back, it seemed like there were two human figures quickly rushing over, and the warhorse demon beast seemed to be a Heaven Rank beast, its speed was very fast. In just a moment, it stopped behind Long Chen, and then, the two human figures dismounted.

The first one to get off the horse was a young man dressed like a servant. After he jumped off the horse, he quickly stood under it with a flattering look on his face. The young man on the horse was currently stepping on his back and getting off the horse.

This youth was around fourteen years old or so, even younger than the Little Wolf that he was previously at. His face was pale white, and his body was skinny and skinny.

Fourteen years old, and even though his Fourth Level of the Heavenly Completion Stage was still lacking when compared to Huangfu Qi's, they were still much, much better than a person like Long Chen.

However, Long Chen's gaze was not on him first, but on his servant, because this servant was the one that had been beaten up by Huangfu Qi. At that time, he said that he would bring Huangfu Qi to his young master.

Huangfu Qi had caused a certain commotion just now, but the appearance of this youth caused an even bigger commotion.

"This youth should be that Zhao Wuji from the Clear Lotus Country, right? He should be that powerful youth who had once killed a person with Fifth stage of the Heavenly Completion Stage rumored to be!"

"I had long heard that Zhao Wuji would also come to participate in the selection battle, but I didn't expect that he would actually come! I heard that he killed a person who was on the bounty list. Merely at the age of fourteen, he was able to kill the person on the Martial Alliance's bounty list.

"This time, he should be able to make it into the Ancient Devil Region. I heard that in the Ancient Devil Region, Zhao Wuji has an uncle who is a Demon General, and the Ancient Devil Region only has twenty-eight Demon Generals.

"Even if he did not have that Uncle Demon General, with Zhao Wuji's strength, he had definitely advanced into the selection battle. I heard that this is the person who has the most hope of winning three consecutive times! A hundred thousand Tongtian Pill, could very well be his! "

"A hundred thousand Tongtian Pill? He has the strength of a clan, the number of Tongtian Pill in his pocket would probably be more than one hundred thousand. "

Similar discussions rose and fell.

"Oh right, that little girl called Huangfu Qi just now, his talent should be even more abnormal right?"

"Indeed, but the problem is that Huangfu Qi is still very young right now, and his battle experience is simply nonexistent. How can he compare to the young genius who killed Fifth stage of the Heavenly Completion Stage?!"

Long Chen carefully observed this youth for a while, as if he had heard someone say that this guy was very powerful.

That would be Long Chen's opponent. Because Long Chen wanted to level up quickly, that hundred thousand Tongtian Pill was definitely going to level up. He even wanted that dianyin bead, since it was a peerless treasure that could allow one to instantly reach the Ninth Level of the Heavenly Completion Stage. With the help of Little Cat, it could even form the power of the Golden Crow inside the body.

That Zhao Wuji, was obviously late, but no one dared to say anything to him, and at this moment, Long Chen suddenly saw Zhao Wuji walking towards him.

"Could it be that the servant instigated him to seek revenge?" Long Chen thought.

However, he thought wrong. Zhao Wuji just thought he was air, and then quickly flew past him, while in front of him, the disciple who was about to register information for Long Chen hurriedly stood up and said. "You are Zhao Wuji, the nephew of the Giant Strength Demon General?"

A friendly smile was plastered on his face.

Zhao Wuji nodded his head indifferently, and said: "I was too late to force you to come, so I have to wait for a long time. It's boring. Register it for me now! "

"Of course." The disciple laughed heartily.

At this time, the disciple placed Long Chen's identity gold on the side, and completely ignored it. After Zhao Wuji had finished registering, the disciple chatted with him for a bit, then remembered that there was someone who failed, so he called Long Chen and said: "Come, come, brat, you are the only one left, you are so slow."

Long Chen was too lazy to bother with him.

The gold medallion of the Jiang City could really be used, Long Chen secretly reminded himself that he would be the Jiang City in the future.

In this Ancient Devil Region where experts were as numerous as the clouds. The name of Jiang City, would definitely surpass Zhao Wuji in terms of radiance!

When Long Chen was registering, Zhao Wuji's servants only saw him beat up Long Chen and Huangfu Qi. Instantly, his face turned incomparably dark and fierce, and he whispered a few words into Zhao Wuji's ear.

After Zhao Wuji finished listening, he slapped this guy until he was spinning on the spot, his teeth almost falling out.

Zhao Wuji did not even look at Long Chen. He directly looked in the direction of the Ancient Devil Region, waiting for the selection battle to begin.

"After the complaint, he was instead beaten up? Presumably, he had been embarrassed. However, Zhao Wuji definitely remembers me in his heart. " Long Chen thought in his heart.

At this moment, someone announced that the selection battle would officially begin an hour later.

The battle for the Ancient Devil Region selection was naturally very grand!

"An hour?" Long Chen estimated that it would take at least an hour to finish these eighty thousand people in the Ancient Devil Region. After all, there were simply too many people. When he looked up, he could see a sea of people.

Other than Huangfu Qi who was by her side, the others did not recognize him. Because of Huangfu Qi, many people did not dare to approach him.

At this time, under the lead of the disciples of the Ancient Devil Region, Long Chen followed along the footsteps of the lot as they headed towards the entrance of the Ancient Devil Region. At this time, under the lead of the disciples of the Ancient Devil Region, Long Chen followed the pace of the crowd as they walked toward the entrance of the Ancient Devil Region. It had the ability to suck everyone inside.

"Qi Qi, do you know anything about this Ancient Devil Region Battle?" Long Chen looked at the door, and said with a deep frown.

He had a vague feeling that there was a strange and terrifying pressure coming from within the door. It seemed as if they had met each other before, but it was much more terrifying.

"Of course I understand. The first stage is a test of our physical strength and tenacious willpower. The cultivation techniques of the Ancient Devil Region generally had high requirements on the physical body, which was why this stage was set up. After we enter this gate, we will go to a place called Black Hell. The deeper Black Hell goes, the greater the pressure is on Earth's core. Under the watch of the warriors of Ancient Devil Region, we cannot display even the slightest bit of Zhen Qi.

"Gravity?" No wonder Long Chen felt that it was a little familiar, it was actually something similar to the gravity in Star Demon Prison, but the gravity in front of him, from far away, gave him a strong suffocating feeling, this gravity was definitely not simple at all.

Right after Huangfu Qi finished speaking, at the entrance of the Ancient Devil Region, a figure suddenly soared into the sky. Immediately after, his body firmly froze in midair, causing many to sigh in admiration.

Long Chen also looked at the man with praise in his eyes. The man was about thirty years old, with a straight and handsome figure, and a cold expression. He wore a set of pitch black armor, and even his head was wrapped in a black helmet.

"Demon General!" Everyone exclaimed.

#### Chapter 465 - Aeolus

"This is what you call the unlocking of the one in the sky meridian. Ninth Level of the Heavenly Completion Stage, can it be an expert capable of flight?" Long Chen praised in his heart. This black armoured warrior's cold eyes made him feel like he was suffocating. Of all the people Long Chen had met, besides Ling Xi's family, this Demon General seemed to be the strongest.

Within the Ancient Devil Region, there was an existence at the peak. It was the Demon Emperor, the seven great demon kings, and also the twenty-eight Demon Generals! This was the very top of the Ancient Devil Region, and today, there was an existence at the top, right in front of Long Chen and the others.

"Hello boys and girls!" I am one of the 28 Demon Generals of the Ancient Devil Region, known as the Aeolus! At the same time, I am also the only person in charge of this selection! Each of your performances cannot escape my eyes, so, work hard! After passing the three trials, Ancient Devil Region is waiting for you in front. Battle skills, Tongtian Pills, spirit medicine, divine weapons, and even beauties are all waiting for you in front.

This Aeolus's voice was very loud, with just a few short sentences, almost a hundred thousand people's lofty aspirations were completely encouraged. In this world where only martial arts were respected, the strong were respected the most, and the Aeolus was one such worshipped powerhouse.

He could fly, and at this moment, he was like an unreachable existence, hovering in the air above everyone.

"Alright, I won't talk about anything else. I will introduce everyone to the first stage — — Black Hell! In simple terms, within the Black Hell, the gravitational force would be much stronger than outside, and the deeper one went, the stronger the gravitational force would be! How deep exactly was the Black Hell? At the moment, I am also not sure, but you guys are also not able to find out. What you need to do is very simple, and that is to move forward as much as possible! "

"Listen up, the Black Hell's rules are very simple! After you enter the Black Hell, you are forbidden from using true qi. You can walk as far as you want through purely relying on your physical strength! This time, there will be a total of more than 80,000 people in the selection. We will only choose to go to the deepest seven thousand and enter the next stage! Everyone else will be eliminated! "

After he finished speaking, Aeolus's eyes swept across the crowd coldly, and said: "I believe that among you, most of you came all the way here to Ancient Devil Region, and even carried the hopes of your parents on your shoulders. Therefore, in this trial of Black Hell, even if you have to fight to your death, you all must still squeeze into the top seven thousand people, this is a chance for the people who will work hard, maybe after you advance a few more steps, you will succeed, so, unless it's the last moment, no one can choose to give up!"

His words caused everyone to clench their fists, as though they were all filled with power.

Indeed, many people had to work hard to reach the Ancient Devil Region before the age of twenty. They all came here to fight with all their might, as long as they entered the Ancient Devil Region, their lives would experience a huge change. Who would be unwilling to change their fates like this?

For a time, everyone was filled with a grand pride!

Looking at the eager smiles of the teenagers, the corners of Aeolus's mouth revealed a faint smile. He looked around and continued: "Everyone does not need to be nervous, try your best to win steadily and fight hard to advance. Let me talk about the rules for the rewards! All the warriors who could pass the first stage, were rewarded with twenty Tongtian Pill! Those in the top 1000 rankings, each person will be rewarded with fifty Tongtian Pill! For those in the top 100, each of them would be rewarded with two hundred Tongtian Pill! For those in the top ten, each person will be rewarded with five hundred Tongtian Pill! "

"Of course, if any of you were able to make it into the top three, then the rewards would be even more. For example, the third ranked warrior would directly drop two thousand Tongtian Pill! The second place ranker would be rewarded with four thousand Tongtian Pill! And the champion, the number one ranker, will directly be rewarded ten thousand Tongtian Pill! "

Ten thousand Tongtian Pill, was practically the entire fortune of a normal Fifth stage of the Heavenly Completion Stage.

Moreover, this was only the first stage. The rewards from the next two stages would only be greater!

There were so many people that could receive a reward, the Ancient Devil Region would probably need to give out nearly a million Tongtian Pills this day.

Hearing this good news, even those who had already known about it in advance were boiling with excitement. As long as one could pass the first stage, even within the top seven thousand, there would still be twenty Tongtian Pills to obtain. This gave them enough motivation!

Seeing that everyone had started to boil, Aeolus smiled with gratitude, and thought to herself: "I wonder who will get these ten thousand Tongtian Pills. Is it the Giant Strength Demon General's nephew, Zhao Wuji, or that little girl who's only ten years old? Zhao Wuji killed a Fifth stage of the Heavenly Completion Stage Ranker, so his chance should be higher. "

At this time, the atmosphere had already been successfully brewed. Aeolus added another sentence, and said: "Also, all the rewards will be given out on the spot, so everyone try your best. Right now, I will arrange for all of you to enter the Black Hell, and everyone will be at the same starting line, so there is no need to rush!"

With this Ninth Level of the Heavenly Completion Stage, this place would not be in chaos, and there were even hundreds of black-clothed disciples maintaining order.

Under their arrangements, Long Chen followed the large group and walked into the pitch black Black Hell. This was a very vast world, and after entering, a red line appeared in front of them, and under the arrangements of the black clothed disciple, all the participants of the selection competition stood at practically the same starting line.

From this, it could be seen just how big this Black Hell was!

At this time, the Aeolus was still floating above the Black Hell.

From this red line onwards, there has always been gravity, and the deeper you go, the stronger you get. You must remember, one, you must not use true energy, or else you will be directly eliminated.

"Yes sir!"

Everyone replied.

For a moment, the entire Black Hell was filled with rumbling sounds, showing just how many people there were.

"Then let's begin."

In the midst of Aeolus's words, everyone immediately reacted. After that, practically everyone rushed forward in the blink of an eye. Some people believed that lasting for a long time was the hard truth, while others thought that if they were slow, they might get beaten by others.

Impulsive people were always more tragic. Out of a total of 80,000 people, 10,000 of them had already charged into the gravitational field in the first instant. They underestimated the degree of gravity, to the point where many of them were pressed down on the ground as soon as they rushed in.

The huge force of gravity pulled their bodies to the ground. Under the powerful impact, the people who were basically knocked into the ground all vomited a mouthful of blood and fell to the ground.

This tragic scene caused all those who wanted to charge in to stop in their tracks. Amongst the ten thousand people, at least three thousand were directly crushed to the ground.

Everyone looked at each other in dismay.

"This gravity is actually so strong!" The crowd was shocked.

However, those who managed to survive the onslaught were already moving forward. Everyone's hearts tightened as they immediately remembered that they could not use their Zhen Qi and rushed inside. This time, because they were prepared, their situation was much better and the person just now was in too much of a hurry and did not have enough preparation.

Seeing that more and more people started to go in, Long Chen and Huangfu Qi looked at each other, and said: "Big brother, you cannot lie down right after entering, Qi Qi will make fun of you! "Hee hee!"

"Then let's see who lies down first." Long Chen laughed faintly.

It could be said that the test was what he was most adept at. Just based on the strength of his body, of the 80,000 people, if Long Chen was ranked second, no one would be first.

One percent of the Archaic Blood Dragon's blood essence was no joke.

Thus, the two of them followed the large group into the gravity zone. Normally, when a person walked in, even if they were the strongest, their body would sink a little and slowly straighten up after adapting to the gravity.

Huangfu Qi suddenly felt the enormous pressure acting on his body, and for a moment, she was not used to it.

"Big Brother, you're not going to lie down?" After stabilizing his body, Huangfu Qi immediately turned around. In her imagination, Long Chen who possessed Heavenly Completion Stage Level 1 should be lying down by now.

But right at this moment, her eyes were wide open. It should be at this time when Long Chen casually walked over to her side, lightly smiled at her and said: "Let's go, what are you waiting for?"

"Big brother, can't he feel gravity?" Huangfu Qi was stunned, because Long Chen's current appearance was similar to walking in a normal place, his steps were light and his demeanor casual.

"Qi Qi, follow me." Seeing her frozen in place, Long Chen reminded her.

"Oh, oh!" She should be a body tempering technique who had cultivated in Heaven Stage Medium, so her ability to withstand this gravitational force was also pretty good. At least among the several hundred people at the side, other than Long Chen, no one else could be as relaxed as her.

"Big brother, what's going on with you? Don't you feel gravity?" Huangfu Qi looked at Long Chen with wide eyes.

"Of course there is. But do you believe that I'm stronger than you? Do you dare to bet with me?" Long Chen asked curiously at the little girl.

"Humph!" "I don't believe you, but I'm still afraid of you." Huangfu Qi pouted.

However, she suddenly thought of something. "Big brother, where's the puppy?"

When Huangfu Qi was not paying attention earlier, Long Chen let the little wolf return to Great Void Realm, only now did the little girl remember, so Long Chen said: "I hid Xiao Lang, if you can defeat me, I'll let you see him."

"Huh?" Huangfu Qi was startled for a moment, then his eyes revealed a fighting spirit as he shouted: "Big brother, then let's begin the competition!"

After he finished speaking, Huangfu Qi started running as if he was flying.

#### Chapter 466 - Black Hell

Although the gravity was heavy, many people had a lot of bases, so here, they could still persevere and walk forward. It was just that a relaxed person like Long Chen simply did not exist.

Almost everyone had an unnatural expression on their faces, as if there was a huge rock pressing down on them. And at a relatively hidden corner, there were many Ancient Devil Region disciples working. Basically, all of the people lying on the ground were cleared out by them, and those who directly entered the gravitational field obviously had a higher cultivation level. Basically, it could also reach the level of unaffected by Long Chen.

As for the Aeolus, it was flying high up in the sky above the gravitational field. As it swept across the crowd, one reason was because it had discovered some good seedlings, and the second reason was to prevent accidents from happening.

"There are a lot of good seedlings this time. As long as one cultivates a body tempering technique, one can fly at the beginning, especially Zhao Wuji and the ten year old girl, they are all not bad! This little girl is surnamed Huangfu, it can't be?"

Thinking to that point, he shook his head and said, "That's not quite right. There are a lot of people with the surname Huangfu in this world. They might not even be people from the Huangfu family. We can only see what the Infernal King and the others think."

Amongst the vast crowd, he was only paying attention to the few people whose true qi was extremely prominent, and naturally did not notice Long Chen.

Long Chen had already turned into Dragonsoul Transformation. Usually, only the state of Dragon Soul Transformation was able to allow his physical body to reach such a strong state. However, in this gravity area, there were many people who had already transformed into beast spirits, some were even extremely strange, so Long Chen did not seem to be special at all.

More and more people fell down by his side, and Long Chen gradually maintained his own speed as he walked deeper into the Black Hell. He could feel that the deeper he went, the greater the gravity became on his body. This gravity was much stronger than the one in Star Demon Prison.

As for Huangfu Qi, in order to compete with Long Chen, he had long since run away.

When a quarter of an hour had passed, Long Chen had already discovered that there were fewer people around him. Basically, he only had a few hundred people in his field of vision, and most of them were people above the Second stage of the Heavenly Completion Stage.

Long Chen could feel the existence of the gravity at this time. It was indeed very strong, but it was still unable to pose any threat to him.

"No matter what, I should first obtain those ten thousand Tongtian Pill. If I can complete three consecutive victories, that would be even better." Thinking about it here, Long Chen quickened his pace, and very quickly, he passed by them one by one.

He suddenly quickened his pace, scaring several people beside him. Previously, they had thought that Long Chen was simply too relaxed, but they never thought that this gravity was really not his limit.

Reaching this point, Long Chen was certain that he had definitely entered into the top seven thousand. As for the people behind, they had already been eliminated quite a bit, and there were at least thirty thousand people who had regretfully lost this opportunity.

"That youngster actually hasn't reached his limit?" He just has Heavenly Completion Stage Level 1? " Right at this moment, two Ancient Devil Region disciples with Fifth stage of the Heavenly Completion Stage noticed Long Chen. They were supposed to be processing data and carrying the injured out, but Long Chen suddenly and easily passed by them.

"Maybe it's the body tempering technique that has cultivated in Heaven Stage Medium?" Another explained.

"It should be, but Heaven Stage Medium's body tempering technique is extremely unpleasant to listen to, and this guy actually has it, truly enviable."

"It seems like there will be quite a few rewards in the top 100, right?" "It looks like he's going to get into the top 100!"

"When I first entered the Ancient Devil Region, I think he was in the top one thousand for the first stage. This kid is even more amazing than me!"

Long Chen increased his pace as he moved ahead, surpassing every single one. In an instant, he had attracted the attention of many people. Many people stopped and looked at Long Chen blankly.

At this time, the Aeolus in the sky also saw a strange red figure emerging from the crowd. This figure was extremely arrogant and terrifying, like a whirlwind, from the very end of the line to the very front, it quickly surpassed many people, and rushed into the top 100!

"Heavenly Completion Stage Level 1? Not using zhenqi? " The Aeolus was shocked, Long Chen's performance, had attracted all of his attention. He stared fixedly at Long Chen.

Long Chen also noticed that the Aeolus was looking at him, but he did not have any other reasons. He continued to increase his pace, and those that could enter the 100 were mostly those with Third Level of the Heavenly Completion Stage above average.

"Who is that youth?"

"I don't know, I've never seen such a beast spirit transformation before, so I guess he's not too famous, but to have such a performance, you see, he's already in the top 50. Moreover, the others already have some strength left, but he seems to be very energetic!"

Long Chen's performance had begun to cause more and more people to gasp in surprise. The Aeolus was even more so as it looked at Long Chen without moving, eyes wide open.

"This youth's true energy is not strong, but it is strange. More importantly, he seems to have cultivated a body tempering technique with more than just Heaven Stage Medium. It could be that he has a stronger battle body, or even a Heaven Stage High Rank!"

"With this kind of strength, to be able to cultivate and become a body tempering technique of Heaven Stage at this level, and even surpassing two levels, this young man's talent in cultivating body tempering technique is truly amazing!"

Aeolus could not help but exclaim.

And right at this moment, Long Chen still didn't know how many people were talking about him, because he finally saw that little girl Huangfu Qi. When he had made a bet with his earlier, and he had thought that he couldn't play with the little wolf, she became extremely nervous and hurriedly suppressed her strength, wanting to throw Long Chen far behind.

When he saw that Long Chen couldn't see anything at all, Huangfu Qi finally let out a sigh of relief.

Big brother was scary just now, but he is still not as strong as Qi Qi. Hmph, fighting with me, Qi Qi, you are still too inexperienced, little dog will be mine one day! Huangfu Qi thought happily in her heart.

At this moment, in front of her, there was only a proud and aloof youth. He was doing his best to move forward.

"This fellow should be called Zhao Wuji, body tempering technique s that have cultivated Heaven Stage Medium, my cultivation seems to be not bad." Huangfu Qi didn't know if he could physically beat Yue Yang or not.

At this time, Huangfu Qi suddenly heard a clamor coming from behind him.

"What are you calling me?" Huangfu Qi turned her head around a little angrily, then her expression was completely dumbstruck. In her large eyes, she could see Long Chen's figure quickly approaching her.

"AHH!" Long Chen's confident smile frightened Huangfu Qi quite a bit. She had never thought that Long Chen would actually be able to follow along, and he seemed to be so relaxed as well. It felt like gravity had no effect at all.

Seeing that Long Chen was about to catch up, Huangfu Qi held back his urge to rush forward. With his cheeks flushed red, she hurriedly looked in front of his and used all his might to resist the strong pressure as he rushed forward.

"Don't chase me!" Huangfu Qi said somewhat panickedly.

"Don't worry little girl, once we leave Black Hell, Little Wolf will be able to play with you." Right at this moment, Long Chen's figure sounded out by Huangfu Qi's side. Huangfu Qi was shocked, he raised his head to look, and sure enough, Long Chen was already beside his.

Her legs were originally short, but when Long Chen took a step forward, she was unable to keep up with him.

Long Chen made a face at her, then easily surpassed her.

Huangfu Qi was so anxious at the start that he was about to cry, but Long Chen's words gave her the greatest comfort. At this time, only Long Chen and Zhao Wuji were in front of his, and the people behind his were so far away from her.

"I'm not leaving!" I can't catch up with Big Brother, this pervert, anyways. I really don't know where he got the strength to stay here for so long. Hmm, the dog is mine again, thank god! "

She had rushed to the front mostly because of her bet with Long Chen.

Long Chen had surpassed Huangfu Qi, and after reaching second place, he had successfully attracted the attention of everyone who could still watch. In the eyes of everyone, he was just a huge dark horse. At this time, no one knew who this warrior who had transformed into a beast spirit was.

"Compared to Zhao Wuji, who's the number one?" The Aeolus was very interested in this. He landed on the ground and followed Long Chen and Yue Yang, looking at the two of them with great interest.

The crowd burst into an uproar.

"There is still a quarter-hour left. Everyone should rush ahead. Only by reaching the top 7,000 can we reach the second trial!" The Aeolus's sonorous voice echoed within the place.

After hearing these words, everyone used all their might to advance, and Zhao Wuji, who was currently walking right in front, couldn't help but increase his speed when he heard this. He wanted to preserve his own position.

All of a sudden, he heard a sound come from just behind him, close at hand.

"Someone is charging over? Is it that little girl? " Zhao Wuji immediately turned his head, a red figure had just barged into his eyes, and Zhao Wuji knew that he had never met this person before.

"Who is this man? Why is he so strong?" Zhao Wuji was shocked. After arriving at this place, he could only barely stand, and then, strive to advance step by step. However, at this moment, Long Chen seemed to be even smaller than him!

When did such a powerful figure appear?

Zhao Wuji gritted his teeth fiercely. He knew that he definitely could not let Long Chen surpass him, otherwise, his dream of three consecutive victories would be shattered by Long Chen right now!

Therefore, when he saw Long Chen rushing towards him, Zhao Wuji bellowed, endured the huge pressure and walked forward, with every step he took, his entire body would tremble. He was unable to withstand the powerful gravitational force!

Chapter 467 - 28 Demon Generals

"This little guy is going to risk his life?" Long Chen looked at the youth who was advancing crazily in front of him, and smiled speechlessly. It could be seen that this Zhao Wuji was very much interested in the outcome of the competition.

"Originally, I didn't want to provoke trouble, but for the sake of the one hundred thousand Tongtian Pill, I only wanted to offend you. Everything depended on strength, so losing is a loss." Long Chen thought.

The pressure that the Black Hell was giving him was not small, but at his current level, it was not at Long Chen's limit. With his current strong body, he would have to travel twice as far before he could reach his limit.

Thus, Zhao Wuji was completely no match for him.

And so, at this final juncture, Long Chen increased his pace once again. In front of everyone's incomparably shocked eyes, he swiftly surpassed the time to summon Zhao Wuji, and in a short amount of time, the distance between him and Zhao Wuji grew larger and larger, until Zhao Wuji was simply unable to catch up to him!

Looking at Long Chen's quickly disappearing figure, Zhao Wuji's eyes turned red.

"Impossible!" His true qi was obviously not strong, it was impossible! If I continue to fight, I might even have a chance to fight him! " Thinking of this, Zhao Wuji roared once again, causing his face to look somewhat sinister. He panted heavily as he accelerated with all his might!

Unfortunately, he had overestimated his own strength, and while he was desperately fighting, his speed was indeed very fast. However, when he reached the end, he astonishingly discovered that he was completely unable to withstand this sort of gravity. That enormous force was like a mountain pressing down on him, crushing him to the ground.

"AHH!" No matter how hard Zhao Wuji struggled, he was unable to stand back up. He truly could not believe that he had lost just like that, and he even did not know who he had lost to!

"Who the hell is this guy, he actually dares to steal my prestige?!" I promised my uncle that I would win the third consecutive time. It's only the first stage, and I've already lost? " Zhao Wuji simply could not believe that this was the truth. He was still struggling with all his might, the veins on his body were popping out.

It was at this time that he suddenly saw a pair of legs appear in front of him. He raised his head and saw the Beast Fighters with blood-red scales standing in front of him.

Zhao Wuji laid in front of him.

That cold and fierce expression, to Zhao Wuji, was an endless humiliation. Even his lungs had exploded from the anger he felt, and similarly, he looked at Long Chen coldly. He wanted to insult him, but that enormous gravity made it difficult for him to open his mouth.

On the other hand, Long Chen, who was standing in front of him, was able to walk about with incomparable ease.

Long Chen raised his head at this time, because he saw that the Aeolus was currently standing behind Zhao Wuji. His pair of black eyes carefully looked at Long Chen, and nodded: "Looks like your body tempering technique, should be from the Heaven Stage High Rank, not bad! The champion of the first stage, will definitely be you! "

"Thank you for your praise." Long Chen nodded and laughed lightly. When he smiled after his Dragon Soul Transformation, it was somewhat eerie.

Aeolus nodded, and her voice penetrated through the entire Black Hell.

"The first trial is over. The disciples of the Ancient Devil Region have recorded the depth of entering the seventh thousand disciples, and all disciples who exceed that standard can enter the next trial. Those who do not reach that depth are all eliminated!"

Aeolus meant the end of the first stage.

"Warriors who have successfully advanced, follow me to the Ancient Devil Region. There, you will have one hour of rest.

"Yes sir!" Those warriors who still had some energy left and had confirmed that they had passed the first floor said so happily.

The arrangement of the Aeolus was direct, and everyone started to walk back. Those who could no longer walk were all carried away, and out of all the Ancient Devil Region, the most important people were the disciples, so it did not take too long for the 80,000 people to leave the Ancient Devil Region, and out of these 80,000 people, there were over 70,000 people who were dejected, because they had already been eliminated!

Being eliminated meant that their dream for many years had been ruined.

"Let's go. If we fail this time, we won't have another chance in the future."

"Ancient Devil Region is just a dream after all. We common people should just stay outside."

"That's right. Such a big influence is not a place that small fry like us should hope for!"

"Seven people from 80,000 people! Such a rule is far too cruel!"

Of course, there were also those who were rubbing their hands together, preparing to come back next year. After all, the Ancient Devil Region held a selection battle every year, and they had the chance every year.

When Long Chen had just come out of the Ancient Devil Region, he had already become the focus of everyone's attention. Everyone knew that this fellow was the abnormal warrior who had surpassed Zhao Wuji just now, and according to Long Chen's information, Long Chen only had the strength of his Heavenly Completion Stage Level 1.

To be able to obtain such a result with Heavenly Completion Stage Level 1, this showed that Long Chen was truly heaven-defying.

At this time, many people were discussing about Long Chen.

"This guy only has Heavenly Completion Stage Level 1, I heard that he actually managed to cultivate Heaven Stage High Rank's body tempering technique, he's truly a freak!"

"That's true. He has such a strong body. The first stage is simply designed for him. However, I think he won't be so relaxed after this. After all, the battle between the second stage and the third stage isn't just a test of his physical body!"

"And didn't you see his age? At least seventeen or eighteen years old? Seeing that Zhao Wuji is only fourteen years old, and is already considered a Fourth Level of the Heavenly Completion Stage, the disparity between them is still too great. Perhaps this Jiang City right now can rely on her strong physical body to suppress Zhao Wuji, but in the future, she will definitely be left far behind. "

"That makes sense!"

The others also felt that this made sense and nodded their heads.

In this selection, the most outstanding people were young but of high cultivation realm!

And from afar, Zhao Wuji was also looking at Long Chen with a dark expression.

"This guy, wasn't he the one that Ma Liu said had beaten him up? Hitting a dog also requires you to look at the owner. Not only did he not put me in his eyes, he even humiliated me just now. Only with Heavenly Completion Stage Level 1, you actually dare to be so arrogant in front of me, Zhao Wuji! "

The more he thought about it, the more furious Zhao Wuji became, especially when he saw that Long Chen seemed to be fine and was chatting with Huangfu Qi.

"Jiang City? Is it called Jiang City? We shall see, this is only the first round, you used the body tempering technique, and took the big advantage, and then, you will know what true experts are! "

Of course, Long Chen could feel Zhao Wuji's venomous gaze.

But he paid no attention to it.

A mere fourteen year old kid wasn't enough to make him afraid.

"Big Brother, you were really awesome earlier!" Huangfu Qi's eyes were filled with stars. He didn't even have to do something so simple, yet Long Chen had done it so easily. Previously, Huangfu Qi had been worried that if Long Chen couldn't enter the Ancient Devil Region, she would have to separate from the little wolf.

Long Chen laughed awkwardly.

And at this time, the remaining seven thousand people, under the arrangements of the Ancient Devil Region's disciples, had already begun to enter the Ancient Devil Region.

Only the other path led to the real Ancient Devil Region. After Long Chen and the rest passed through this narrow path, a huge plaza appeared in front of them. The ground of the plaza was actually paved with black crystals.

An enormous plaza was large enough to accommodate these seven thousand people.

Long Chen raised his head, and the first thing he saw was a total of seven huge black pillars in front of him. Each black pillar was about one and a half meters in diameter, and its height reached twenty meters.

On the surface of every black pillar, there were many carvings. These carvings were all beasts, Long Chen reckoned that these were all powerful demon beasts.

This black pillar gave Long Chen a strange feeling. Long Chen reckoned that the content of the second stage would very likely be these seven pillars!

At this moment, a total of seven thousand people were already standing in the plaza.

At the very front, the figure of the Aeolus floated in midair, and said loudly: "Starting now, you still have three quarters of an hour or so to rest. Within this time, we will give you the reward for the first stage! When there are only 15 minutes left, I will tell you the rules of the second stage as well as the reward system for the second stage! "

"Yes sir!" Everyone replied.

Next, was the time to distribute Tongtian Pill. To be able to enter the top seven thousand people, every person would be able to own twenty Tongtian Pill, Huangfu Qi was ranked third, and had obtained two thousand Tongtian Pill, she did not even look at them, and just randomly stuffed them away. It was obvious that she was not concerned about these Tongtian Pill at all.

And under the envious eyes of countless people, Long Chen obtained ten thousand Tongtian Pill. Long Chen quietly packed up the Tongtian Pill. He suddenly felt his scalp go numb, because he felt that there seemed to be quite a few experts sizing him up.

Raising his head to look, behind the seven pillars, there were actually more than a dozen people dressed in clothes similar to Aeolus, standing there, as they coldly swept their eyes across the crowd. When Long Chen obtained the ten thousand Tongtian Pill, everyone's eyes fell on Long Chen.

"These people are probably all one of the twenty-eight Demon Generals of the Ancient Devil Region. All of them have opened one of their Heaven Meridians, and those who have reached the Ninth Level of the Heavenly Completion Stage are truly incomparably powerful." Long Chen was secretly shocked, he knew that with his current strength, these Demon Generals were unreachable.

Every Demon General was able to easily kill Long Chen.

Warriors were as numerous as the clouds, this was the Ancient Devil Region!

Chapter 468 - heavenly magic pillar

Long Chen lowered his head and did not look at them. He knew that the Demon Generals were definitely discussing him.

"Compared to a genius like Zhao Wuji, in their eyes, my potential shouldn't be that high. As long as I obtain a hundred thousand Tongtian Pill and advance to the next stage, there will be no worries at all. After that, I will go to the Ancient Devil Region and train at a place where my strength can increase by leaps and bounds. "

This was the reason why Long Chen had entered the Ancient Devil Region.

And the other goal was the Martial Alliance.

As soon as Long Chen came to the Holy Martial Empire, he had already killed many people from the Martial Alliance. He had no power behind him, so if he were to be found out, he would definitely be done for.

In addition, in places where there were many experts, it could stimulate his potential even more.

Time slowly passed.

Very quickly, it was almost time for the second stage. Aeolus's figure once again flew into the sky, and said in a clear voice: "Rest time is almost up, there are healing medicine, the injuries you have received in the Black Hell, I presume you guys are almost done."

Then, I will announce the rules of the second stage now. I believe that everyone has seen these seven black pillars, and that these seven black pillars are very famous in our Ancient Devil Region, and their names are: heavenly magic pillar! "

"heavenly magic pillar?" Long Chen faintly felt that it should have something to do with Heavenly Completion Stage.

And at this time, the Aeolus continued: "The heavenly magic pillar is a test stone for all Heavenly Completion Stage practitioners to test their attack power! I believe that many people have heard of the heavenly magic pillar's abilities, so I will simply describe it: With your strongest attacks, how loud can the heavenly magic pillar make, it proves how strong your attacks are! That's right, this test will test your attack power! Whoever has stronger attack power will be able to level up. The attack power is one's foundation. Whoever has stronger attack power will be the victor, so this is the true test of your strength! There are no shortcuts! "

"Using the strongest attack, if we attack the heavenly magic pillar, it will emit a sound?" Long Chen secretly memorized the words of the Aeolus, and at the same time, sized up the heavenly magic pillar. He thought in his heart: "In other words, as long as it's a practitioner of Heavenly Completion Stage, even if it's the ninth stage, they still won't be able to destroy this heavenly magic pillar?"

From this, it could be concluded that the material of this heavenly magic pillar was quite terrifying.

Everyone started to discuss, looking at the mystical heavenly magic pillar with admiring eyes.

At this time, the Aeolus continued to speak in a clear voice, "In the first trial, Black Hell, only seven thousand people were left from the eighty thousand. In the second trial, heavenly magic pillar s, only one tenth of us will be able to enter the next trial. The rules are very simple, but it's not easy to successfully advance, because you have to defeat the ten opponents next to you! "

Once again, the elimination rate was 9 out of 10. However, he knew how cruel this was.

Although they already knew that it was difficult to enter Ancient Devil Region, everyone's face still turned pale. They looked at each other and saw the worry in each other's eyes.

Whether or not he could enter the Ancient Devil Region could only depend on whether or not he could risk his life.

"Of course, the rules are cruel, but as long as you successfully advance, the benefits are endless. I will now announce the benefits of advancing!" The Aeolus's loud voice resounded once again.

"First of all, anyone who can successfully advance will be rewarded with 50 Tongtian Pill!"

This number was almost three times the original number. As long as he successfully levelled up, he would have a total of eighty Tongtian Pill!

Everyone's eyes reddened.

Tongtian Pills, this was the most important resource, many people could not advance, but most of the reason was because they were lacking Tongtian Pills!

Immediately, the Aeolus continued to speak: "For the top 100 rankers, each person will be rewarded with 300 Tongtian Pills, and if you can enter the top 10, each person will be rewarded with 1000 Tongtian Pills! Anyone who can make it into the top three will be rewarded six thousand Tongtian Pills in third place, and ten thousand Tongtian Pills in second place will be rewarded, while the champion will be."

The Aeolus's gaze swept across Long Chen and Zhao Wuji, and laughed: Champion, directly give thirty thousand Tongtian Pills as a reward, who exactly can obtain this thirty thousand, let us all look forward to it!

Under the temptation of the Aeolus's Tongtian Pills, the originally low morale crowd became full of fighting spirit once again. In any case, the victor and loser were already here, and rather than giving up hope, it would be better to try our best.

In the Holy Martial Empire, although the Ancient Devil Region was only a member of the Martial Alliance, it was still very easy to become a member of the Martial Alliance's enforcement team, but very difficult to become a disciple of the Ancient Devil Region! After all, the enforcement team of Martial Alliance had ten million, and the disciples of the Ancient Devil Region only numbered ten thousand or so.

"Thirty thousand Tongtian Pills? What I am lacking the most right now is Tongtian Pills, every time I advance, because of the relationship with the Dragon Fighter, I will need ten times more Tongtian Pills

than others, so ten thousand Tongtian Pill would not be enough for me, so this time, I want to get first too!" Long Chen pondered.

The more dazzling his performance was, the more cultivation he would receive.

"Since we're already here, let's go all out!" Thinking of this, Long Chen's heart suddenly opened up.

And it was at this time that the Aeolus spoke again: "Everyone, begin to line up in front of the seven heavenly magic pillar according to your number! The number starts with that heavenly magic pillar and comes right in front of that heavenly magic pillar! "

When he was registering, Long Chen had indeed obtained a number. His number was at the seventh start, so he was queued at the seventh heavenly magic pillar. Huangfu Qi was standing right in front of him.

In order to make things easier for them, they had arranged the order according to the serial number. Back then, Zhao Wuji had moved in front of Long Chen and completed the registration, so under the arrangements of the disciples of Ancient Devil Region, Zhao Wuji was placed in the middle between Long Chen and Huangfu Qi.

"Thank you, Senior Brother Liu!" Zhao Wuji smiled and said to the disciple who had made the arrangements.

"No worries. After Junior Martial Brother Zhao has obtained first place, please let us Martial Brothers have a good time." The disciple that had been arranged smiled and left.

After Zhao Wuji arrived here, the atmosphere immediately became discordant.

Huangfu Qi did not like him in the first place, but now that he was standing next to Long Chen, he glared at Zhao Wuji and said, "Bad guy, I let you cut in line. Bad guy, bad guy, no asshole!"

Once the last three words came out of his mouth, Zhao Wuji and Long Chen were immediately swallowed. Zhao Wuji's face immediately turned the color of a pig's liver, and no matter how cute and charming Huangfu Qi actually was, he walked towards Huangfu Qi with a cold voice, and said: "Little girl, control your mouth!"

"What kind of man are you, fighting with a little girl?" At this time, Long Chen blocked in front of Zhao Wuji.

"If you have the ability, show me on the heavenly magic pillar. See if you can get first place?" Long Chen laughed provocatively.

"You are called Jiang City, right? Are you provoking me?" Zhao Wuji stopped in his tracks and looked at Long Chen gloomily.

"Do you have anything worth my provocation?" Long Chen faintly smiled, and then, he comforted Huangfu Qi and directly ignored him.

Behind him, Zhao Wuji slowly clenched her fists.

"The sound of the heavenly magic pillar, will let you understand what true strength is. If I can kill an expert of Fifth stage of the Heavenly Completion Stage, how can I compete with a person of Heavenly Completion Stage Level 1? "Uncle just didn't come today. If I don't get first place, I'll lose a lot of face. Therefore, I must get first place!" Zhao Wuji's eyes shone with a blazing light.

At this time, under the Aeolus's arrangements, the second stage of the examination officially began. At this time, some people had already started to enter the stage. Because Long Chen was at the back of the queue at the start, he was still at the back. It was not his turn yet.

At this time, Long Chen noticed that the dozen or so Demon Generals had already dispersed to the sides of the seven heavenly magic pillar. With them supervising and judging, it was easy to see who was stronger and who was weaker. Long Chen saw that in every Demon General's Book, there was a book with records. Most likely, they had heard the voice and listed a number, and only by comparing all the numbers would they be able to determine the top seven hundred!

Of course, the Ancient Devil Region had a selection battle every year, so these Demon Generals probably already had a perfect standard for it.

And at this time, every single heavenly magic pillar had already started one after another. When Long Chen's gaze landed on the heavenly magic pillar in front of him, there was a youngster who was already standing in front of it.

Because it was on the back, Long Chen could not see his expression, but Long Chen knew that he must be extremely nervous, because his body was trembling, but he obviously knew that victory or defeat was in one move, he quickly clenched his teeth, retreated a few steps, and then fiercely rushed forward and exploded out with his most powerful move!

It was a type of grand fist technique that was displayed at the level of his Second stage of the Heavenly Completion Stage. A fist imprint suddenly transformed into a surging giant tiger, and smashed onto the heavenly magic pillar in front of him with a loud bang! Immediately, a wave of Qi swept towards the side, causing the Demon Generals behind the heavenly magic pillar to raise their black cloaks.

"Weng." When Long Chen heard the heavenly magic pillar make a slight noise, it quickly became quiet.

Because this was the first time, the crowd didn't know if the voice was loud or not. However, in the eyes of the youth, it was clear that he didn't accomplish his goal.

As for that recorded Demon General, he had never raised his head. After the first person made the heavenly magic pillar let out a sound, he recorded a figure and did not make any other movements.

The second youth also had Second stage of the Heavenly Completion Stage, but the sound he made was a little stronger than the first.

Next, basically everyone's level was about the same. The worst result was that the heavenly magic pillar was unable to make a sound, and the loudest result, was from a Beast Fighters with Fourth Level of the Heavenly Completion Stage. He exploded with her strongest move, causing the heavenly magic pillar to let out a light cry, and it lasted for the span of three breaths!

This was the best result from Long Chen's group. As for the other groups, their results were also about the same as Long Chen's group.

Time slowly passed, and soon the second stage came to an end. The top three of the first stage were also nearing the heavenly magic pillar.

This would be the biggest highlight of the second stage!

## Chapter 469 - Di Wu Ji Finger

Even the attack from the Beast Fighters from the Fourth Level of the Heavenly Completion Stage was unable to make the Demon General raise his head. This also meant that his strength had yet to reach the recognition of the Demon General.

"Qi Qi, it's your turn. Good luck." Every single heavenly magic pillar had about a thousand people in front, and every single one of them could be finished in ten breaths of time. Thus, after an hour, it was finally Huangfu Qi's turn.

After Huangfu Qi, was Zhao Wuji, and then Long Chen. This was the top three in the first stage, and this time, would they still be able to enter the top three again?

Everyone was looking forward to it.

At this time, the other six pillars had almost all come to an end.

and Zhao Wuji were extremely dazzling from the start, but Long Chen was the dark horse that had risen to prominence in the first stage. It could be said that everyone was looking forward to their performance in the second stage.

"Big brother, this time you are definitely not Qi Qi's match, and that bad guy, watch how I beat you up, humph!" Huangfu Qi rolled her eyes at Zhao Wuji, then walked in front of the heavenly magic pillar in front of everyone's eyes.

"I can't use those moves, or else my identity will be exposed. Seems like I'll have to use this one!" Huangfu Qi tilted his head and thought.

"This isn't considered a clan attack, but there are a lot of people who know about it. Amongst the Heaven Stage Medium battle skills, it can already be considered the pinnacle level, surpassing the average Heaven Stage High Rank battle skill, so you should be able to get first place."

Huangfu Qi thought, then she no longer hesitated, and started to emit the true energy from his Fourth Level of the Heavenly Completion Stage. Although she was young, her true energy was exceptionally thick, even a little thicker than that of the Beast Fighters.

At this time, Huangfu Qi's eyes erupted with a powerful ray of light, which burned like flames and landed directly on the heavenly magic pillars!

He formed a seal!

In front of the heavenly magic pillar, Huangfu Qi's fat and tender hands had actually started to rapidly form seals, and very soon, her hands became indistinct. In an instant, a tornado formed on her hands, and after that, it instantly expanded and wrapped around her body, as if Huangfu Qi had turned into a violent tornado!

Such grandeur made everyone choose to retreat. Fortunately, there was no sand dust on the crystal-like floor, otherwise, the sky would have been swept up!

Huangfu Qi's hand seals were not slow, in just a short span of a breath's time, that tornado had already expanded to the point where it was almost comparable to the heavenly magic pillar.

Beside her, everyone chose to retreat. Only the Demon General was still standing there. He still hadn't raised his head, but the cloak behind him was sent flying by the violent wind. In the blink of an eye, it flew off into the distance.

"Break!"

"Whirlwind Seal!"

In the next moment, Huangfu Qi truly unleashed this move, and the tornado around him condensed into a seal. Under Huangfu Qi's control, the seal smashed onto the heavenly magic pillar, and that berserk attack charged past the heavenly magic pillar, towards both sides of the heavenly magic pillar! Boom!

"Buzz!"

The sounds made by the heavenly magic pillar surpassed all the previous sounds.

If everyone could hear this clear gap, there was no need to even mention the Demon General.

"Yeah, big brother, I won!" Huangfu Qi jumped up in joy and quickly ran to Long Chen's side. He held onto Long Chen's thigh and said.

"Qi Qi is really great, she's stronger than many others." Long Chen could only smile helplessly at her. Indeed, Huangfu Qi's performance just now was truly astonishing. At least, she was definitely number one so far.

The others all looked at Huangfu Qi with shocked expressions.

To be able to achieve such a feat at the age of ten, everyone else's lives were wasted. It had to be said that compared to Huangfu Qi, even Zhao Wuji didn't count for much.

"Not bad, not bad at all." Then, his gaze shifted towards Zhao Wuji, and said: "Zhao Wuji, it's your turn. You're the one I think the most, don't lose to a little girl."

"Of course not!" Zhao Wuji smiled confidently, and then coldly looked at Long Chen: "In a while, it will be your turn to embarrass yourself!"

After he finished speaking, he passed Long Chen and arrived in front of the heavenly magic pillar.

"The little girl used her Heaven Stage Medium's battle skill, looks like I will win this time. Other than me, who else could learn the battle skills of Heaven Stage High Rank? If I didn't have that move, I wouldn't have been able to kill that Martial Alliance criminal with Fifth stage of the Heavenly Completion Stage back then. This second trial is simply the most suitable for me! "

In Zhao Wuji's eyes, a strong sense of confidence burst forth!

With a sou sound, Zhao Wuji extended an index finger, and then, he closed his eyes.

Massive ripples began to spread out from his body. In order to unleash his strongest move, Zhao Wuji began to move very slowly.

"Has it begun?"

"The finger technique Zhao Wuji used should be his famous ultimate skill."

"He's only at the Fourth Level of the Heavenly Completion Stage, yet he's able to use Heaven Stage High Rank's combat skills. He's truly not simple! Zhao Wuji is indeed a good seedling, qualified to directly become the disciple of the seven great demon kings! "

"That Huangfu Qi, is only ten years old, and is qualified to become the disciple of the seven great demon kings!"

The other Demon Generals had already settled down and were discussing amongst themselves.

And at this time, Zhao Wuji began to unleash his strongest move!

The power of this move was not as great as Huangfu Qi's at the start, but when it was truly used, the power it possessed could be said to instantly kill Huangfu Qi's Whirlwind Seal.

"Secret technique, Di Wu Ji Finger!"

With the stab of his finger, a bright ray of light immediately burst out from Zhao Wuji's finger. This bright ray of light instantly transformed into an arrow, flying in a bright trajectory and piercing straight into the heavenly magic pillars!

"Buzz!" Rays of light flickered, and the bright arrow instantly exploded, transforming into specks of starlight. As for the heavenly magic pillar, it released a loud sound, and this sound, was not that much stronger than the sound Huangfu Qi produced, but it was still sustained for a period of time, which was twice as long!

This meant that Zhao Wuji's attack still belonged to Huangfu Qi's level, but was even stronger than his!

When the move was released, everyone let out heartfelt praises, as expected of the Heaven Stage High Rank's Di Wu Ji Finger, the heavenly magic pillar was the fairest, from the heavenly magic pillar's judgement, everyone knew how strong the move was.

"Zhao Wuji, as expected of Zhao Wuji! This Di Wu Ji Finger has already been cultivated to its peak. Only you, Zhao Wuji, are capable of reaching the peak of Fourth Level of the Heavenly Completion Stage! "

The Aeolus laughed openly. His voice echoed in the air.

Everyone agreed.

The other Demon Generals also praised Zhao Wuji, getting recognition and praise from so many people. Zhao Wuji smiled brilliantly, and immediately said to the Aeolus: "I don't dare, Wu Ji is just a junior.

"Cultivating Heaven Stage High Rank offensive skills in two years time can already be considered a pretty good result. In the future, there is a great chance that I can enter the three strongest Martial Realms!" Aeolus praised.

"Thank you, Aeolus, for your praise!" Zhao Wuji immediately thanked him.

At this time, he had already become the focus of tens of thousands of people. This kind of feeling made Zhao Wuji feel extremely comfortable in his heart, and his smile became even more entangled.

"What a nuisance! Big brother, you have to kill him! His face is even worse than his butt!" Huangfu Qi fumed.

Right now, it was indeed Long Chen's turn to fight, but Zhao Wuji's light was too dazzling, and no one noticed Long Chen for a while.

"Stop talking, my big brother is going to fight!" Seeing that everyone had no intention to continue, Huangfu Qi's stomach was filled with anger, and screamed.

Only then did she recover from Zhao Wuji's shock. Aeolus laughed awkwardly and said: Since that's the case, then you can make a move on Jiang City.

It was only then that everyone recalled that Long Chen still had not made his move.

They all knew that Long Chen's realm was merely his Heavenly Completion Stage Level 1, the reason he could become the champion in the first stage was because his physical body was strong, but the second stage was not physical!

Therefore, when Zhao Wuji created this peak, everyone had already neglected him for the time being.

After Huangfu Qi went crazy, everyone looked at Long Chen to see what kind of performance he had. Just now, Huangfu Qi had shouted so loudly, if Long Chen did not perform well, it would be extremely embarrassing.

At the very least, he should be able to reach the level that the Third Level of the Heavenly Completion Stage was at. With Long Chen's strong physical body, it wouldn't be considered a disgrace.

Long Chen then took a step forward and walked towards the heavenly magic pillar, and at this time, Zhao Wuji finally withdrew.

"Work harder. If the heavenly magic pillar can't even make a sound, then it's really embarrassing." When they were crossing each other, Zhao Wuji's ridiculing voice entered Long Chen's ears.

Long Chen was too lazy to bother with him.

To prove himself, all he needed was strength.

Very quickly, under the gazes of tens of thousands of people, Long Chen stood in front of the heavenly magic pillar, and observed it closely.

Suddenly, Long Chen discovered a handprint on the heavenly magic pillar. This handprint was something that a person had used their palm to print on, and was at least three centimeters thick.

"That Zhao Wuji's strongest move, did not leave any trace on the heavenly magic pillar, and who exactly was it that actually left a handprint here? "He's really too strong," Long Chen thought to himself.

"That handprint was made by the most proud son of my Ancient Devil Region's Demon Emperor — Jiang Wushang, when he was at the Ninth Level of the Heavenly Completion Stage realm. Right now, Jiang Wushang is an expert of the three Martial Realms, and other than Jiang Wushang, no one else has ever left a handprint on the heavenly magic pillar before the three Martial Realms."

At this time, the Demon General who was taking Long Chen's test lowered his head and said.

Jiang Wushang?

"Can Ninth Level of the Heavenly Completion Stage break through the comprehension of an ordinary person, and leave a handprint under this heavenly magic pillar? I wonder what would happen if I, Long Chen, managed to reach the Ninth Level of the Heavenly Completion Stage. If I were to be able to obtain the dianyin bead, the effect that I have created would definitely be much stronger than this three centimeter deep handprint! "

Long Chen's heart was filled with confidence.

"Alright, Jiang City, you can begin." The Aeolus urged.

Long Chen nodded. Under the anticipation of tens of thousands of people, he gradually activated the Dragonsoul Transformation, and blood-red dragon scales covered his entire body. His appearance was extremely eye-catching.

"Eh? This transformation? " The Demon Generals were a little doubtful, because even with their knowledge, they did not know what kind of beast spirit transformation Long Chen had. The strong aura of slaughter should not have belonged to Long Chen, but it was brought about by his Beast Soul Transformation!

However, while they were still confused, Long Chen had already taken out the Demon Emperor Sword.

"The divine weapon of the Heaven Stage Medium can already be considered not bad. It seems that this Jiang City does not have a weak foundation." The Demon Generals nodded slightly.

At this time, Long Chen took a deep breath and looked at the heavenly magic pillar in front of him.

In fact, he didn't know what level of attack he would be able to launch. If he wanted to win three consecutive championships, there was no way for him to hide his true strength right now.

Of course, Huangfu Qi and Zhao Wuji both used Heaven Stage Medium s or even battle skills. If Long Chen used the The way of the Demon Emperor's Sword, he would not be their match at all, so he had to use his strongest move.

Under everyone's gazes, Long Chen's expression was calm, the Demon Emperor Sword in his hand slowly danced, and the strange sword symbol started to wrap around his body crazily, it was similar to Huangfu Qi's tornado.

When Long Chen used this attack, the Demon General was stunned. The Aeolus exclaimed out loud: "Isn't this a sword formation?"

Even in Holy Martial Empire, there were not many sword formation type techniques. Yet, Long Chen had one, which was already out of their expectations.

"It's not only a sword formation, it's also a sword formation for Heaven Stage High Rank!" This time, the Demon Generals were even more shocked. As for the others, they didn't know how powerful the sword formation was, and only felt that Long Chen's current momentum was extremely great.

However, the following words, vast and mighty, were not enough to be imagined. Long Chen used the Demon Emperor Sword, stirring up the clouds and wind, the wind howled, and with a loud roar, the Heaven Punishing Sword Formation erupted with a loud bang, and many sword runes, every sword symbol, had hidden countless of sword qi, and when they exploded out, they all struck the heavenly magic pillar!

If the heavenly magic pillar was a human, then it might have already been turned into rubble!

From this, it could be seen just how powerful the Heaven Punishing Sword Formation was!

Long Chen knew, that even among the battle skills of Heaven Stage High Rank, the Heaven Punishing Sword Formation was still considered to be an extreme existence. For example, Zhao Wuji's Di Wu Ji Finger, could not compare to Long Chen's Heaven Punishing Sword Formation by much, after all, the Heaven Punishing Sword Formation was something that Ling Xi had left for him.

"Boom!"

Under the attacks of the Heaven Punishing Sword Formation, the heavenly magic pillar released a loud explosion. Although the sound was short, the degree of the explosion had obviously surpassed Zhao Wuji!

The storm dispersed!

When he heard the loud explosion, the Demon General, who was keeping a record, raised his head and looked at Long Chen in shock for the first time. Long Chen finally saw it clearly, this Demon General was actually a charming beauty, but Long Chen did not pay attention to her.

However, when that explosive sound rang, everyone did not believe their own ears, so even though Long Chen had already stopped, they did not realise that the champion position had already been decided.

There was no doubt that Long Chen's attack was stronger than Zhao Wuji's.

"Wah!" Big Brother is awesome! " Huangfu Qi was the first to react, his large eyes were filled with stars of worship. She didn't know at first how powerful Long Chen was, but what she didn't expect was that Long Chen's performance became more and more shocking, and then to such an extent!

Champion!

Long Chen withdrew his Dragonsoul Transformation and then retracted his Demon Emperor Sword. Only then, did that surprised voice rush over like floodwater, causing everyone to have a face of shock. They thought that Zhao Wuji's performance was already an unsurpassable peak, but they never expected that Long Chen would actually create another peak!

Even the Demon Generals present looked at each other in dismay, and finally shook their heads with bitter smiles, saying: "This brat's body is really too strong, increasing his attack by quite a bit, and he actually also cultivates a Heaven Stage High Rank combat skill. With the current level of his Heavenly Completion Stage Level 1, cultivating a Heaven Stage High Rank combat skill is not a simple matter!"

"It can be said that this child's talent in combat skills is even stronger than Zhao Wuji's. Unfortunately, his talent in cultivation is not high, otherwise, he would have been a perfect genius.

"Training is the foundation." Aeolus also helplessly laughed, then said in a clear voice: "Jiang City's performance was extremely good!"

Of course he was sincere in his praise.

Thousands of people started to applaud Long Chen.

For him to be able to fight his way out in the first stage, to have won the championship, and to have reversed the situation in the second stage, in the eyes of the crowd, he was already considered as a strong warrior. Especially when the second stage tested their attack, Long Chen's attack just now, amongst the disciples who were participating in the selection battle, no one believed that they could block it.

Once again, Long Chen had defeated Zhao Wuji.

Among them, the one who was most unbelievable was Zhao Wuji.

He opened his eyes wide, and watched as Long Chen finished his attack and turned around with a pale face. But very quickly, the color of blood started to fill his eyes, and a trace of killing intent started to wrap around his heart, until it corroded it.

Long Chen also saw the look in this guy's eyes, so he walked over. When he passed by Zhao Wuji, he chuckled: "Tell me, who would be the one to be embarrassed?"

After he finished speaking, Long Chen laughed loudly.

This kind of humiliation caused Zhao Wuji's face to turn ashen.

These were the exact words he had given to Long Chen earlier, and now that Long Chen humiliated him back then, the feeling was ten times stronger than the humiliation he had given Long Chen.

"No, Master Aeolus, I sincerely ask you to try again!" The champion of the first stage had already been lost, so Zhao Wuji could not throw away the second stage.

"Of course not. The selection is based on the principle of fairness. If everyone tries again, will there still be any meaning to this selection?" Zhao Wuji's performance was too childish, the Aeolus was speechless, and his tone became a little stiff.

Once again hitting a wall, Zhao Wuji's face became even bigger. His childish words just now, made many people immediately burst out laughing. They all thought that it was a slap on Zhao Wuji's face!

"Jiang City, it's all because of you! It's all your fault! The third trial is actual combat, and it doesn't care about life or death. At that time, I will take your life! " Zhao Wuji roared out in his heart.

At this time, the selection for the second stage had already ended. Seeing that the time was up, the Aeolus flew back into the sky and shouted loudly, "The selection for the second stage is already over! Each of you have one result, and now we are going to count your results. Among the seven thousand people, the top seven hundred will have the right to enter the next round and will also receive a reward! You can rest for now. After a quarter of an hour, I will announce the name and number of your promotion! "

"Yes sir!" Everyone said in anticipation.

Of course, there were some people who knew that they really had no hope and so were a bit depressed.

Long Chen was also waiting.

The first reason he came to the Holy Martial Empire was to look for the Archaic Graveyard, and the second was to raise his strength. When he found out that the Ancient Devil Region actually had a dianyin bead, he knew that he had to enter the Ancient Devil Region, and it had to be very beautiful.

So far, he had been very beautiful in the first two stages.

Very quickly, the Aeolus began to announce the results. First was the names of the 100 people, and the names of the people that were announced, went up to the 700 names. As for the others, most of them were already dispirited. Many of them estimated that their own strength might have made it to 700. If 100 to 700 didn't have their own name, then that would be impossible.

"Next are the names of the eleven to one hundred Tongtian Pill. Everyone will be rewarded with three hundred!" Aeolus's loud voice sounded.

Everyone listened with their hearts in their mouths.

The person who had called out his name automatically walked out of the group, his face full of excitement, while the others looked at them with envy.

A total of ninety names, much faster than before.

"There are only ten people left in the top ten rankings. In the top ten, other than one person who is first in Heavenly Completion Stage, everyone else is in Fourth Level of the Heavenly Completion Stage!"

With just a single sentence from the Aeolus, it extinguished the beautiful dreams of many people from the Third Level of the Heavenly Completion Stage.

"The first ten Heavenly Completion Stage Level 1 s must be without a doubt Jiang City." Everyone thought to themselves. After all, with so many people watching, the Demon Generals could not fake it.

"Now I announce the names of the tenth to fourth place!"

One after another, Fourth Level of the Heavenly Completion Stage s were called out excitedly after their names had been read out. This meant that a thousand Tongtian Pill had already been obtained.

"Right now, it is the top three that everyone is looking forward to very much. I believe everyone has guessed that the top three in the second stage, which is also the top three in the first stage, will be: Huangfu Qi!"

Huangfu Qi obtaining third place was within everyone's expectations.

At first, everyone thought that Huangfu Qi was number one, but when Zhao Wuji made his move, he would only be number two, and after Long Chen made his move, he would be number three.

"Next is the second place! Jiang City and Zhao Wuji, who could obtain thirty thousand Tongtian Pill?  
Guess! "

"Jiang City!" At the bottom, the two words rumbled.
