

War God 491

Chapter 491 - Five Divine Lights

"Universal!" Liu Yiyi was dumbstruck. She had underestimated Long Chen's speed, so when she was about to come closer, Long Chen had already wanted Qin Huanyu's life. At this moment, Qin Huanyu's eyes were wide open, and his hand was still holding onto the Snow Moon Divine Blade.

He then realized that even though he had used his strongest attack, he still died in Long Chen's hands.

Despair, madness, sorrow, these emotions had still occupied his mind in a short period of time, but it had only lasted for a moment, because his life was quickly disappearing, to the point where he could not even turn around to look at Long Chen!

Behind him, Long Chen swung the remnant might of the Heaven Punishing Sword Formation. Streak after streak of sword images shook Liu Yiyi, who was rushing towards him, and then, he took a few steps back before appearing ten meters above Qin Huanyu.

And at this time, Qin Huanyu slowly fell. Before he died, he finally got his wish, and saw Long Chen, the youth who killed him. He really didn't know what to think. He could only say that it was bad luck that he had met a monster like Long Chen.

The last thing he felt was a pair of soft arms supporting him. This familiar fragrance let Qin Huanyu know that the person supporting him right now was Liu Yiyi, that Liu Yiyi was her dream in this lifetime, so he would not recognize wrongly. But it was very possible that after experiencing her embrace just now, her consciousness had already completely disappeared.

Long Chen quietly stood there, while Qin Huanyu was in his arms. Everyone watching the scene went silent for a moment.

As for killing Qin Huanyu, Long Chen did not feel any pressure in his heart. Along the way, he had killed quite a few people and Qin Huanyu had had the intention to kill him.

As for Liu Yiyi's reaction, in this world, who would die without one or two people who felt pity for him?

At this moment, everyone was breathing deeply and looking at Long Chen with a little reverence in their eyes. They all understood that from today onwards, Long Chen would become the number one figure in

the The King's Hall of Clearing Seep, and some intelligent people could even guess the deepest thing, and that was the reaction of the king. Given his strength, he would definitely be able to save Qin Huanyu before he died. This meant that in the eyes of the Qing Li King, Long Chen's value had already exceeded Qin Huanyu's value. Among these, one reason was Long Chen's heaven-defying performance, and another reason was because only a few people in the The King's Hall of Clearing Seep knew of his abilities.

Everyone faintly felt that Long Chen would soon become a rising star in the The King's Hall of Clearing Seep, and then, he would compete with the other palace halls. Based on Long Chen's previous performance, he indeed had the qualifications to do so. More importantly, they all knew that it would only take Long Chen around four days to go from the Heavenly Completion Stage Level 1 to the Fifth stage of the Heavenly Completion Stage.

What is a monster? That was it.

With this kind of performance, he successfully won the regard that the Qing Li King held towards him, and even didn't want Qin Huanyu's life anymore.

At this time, Long Chen was looking at the Liu Yiyi in front of his. At this moment, Liu Yiyi used her slender and long hands to close Qin Huanyu's eyes, which had yet to be closed in peace. Then, she raised her head and looked at Long Chen.

The pure-white dress was stained with a lot of blood. There was even a lot of dirt on her face. This made the originally gentle and amiable her look somewhat frightening, especially her cold and stubborn eyes.

Long Chen was a little dazed. From Liu Yiyi's current gaze, he could vaguely see Ling Xi's figure, and Ling Xi was also a person who hated evil like she was her enemy.

"She's not Xiao Xi." Long Chen secretly warned himself, then closed his eyes as his body recovered from the state of his Dragon Soul Transformation.

"I want to challenge you! Do you dare to accept?" Liu Yiyi stood up, and her voice was a little cold as she looked straight at Long Chen.

Long Chen did not pay attention to her, because he knew that King Qing Shui would talk. As expected, at this time, he stood up and waved towards Liu Yiyi, saying, "Yi Yi, stop messing around, during the battle, everyone could see that either the Emperor of the universe kills the Jiang City or the Jiang City kills the entire universe. His skills are not good, if he dies, you guys can't blame anyone else, either.

"Mother!" At this time, the other disciples of the Qing Li Kingdom had all come over to Qin Huanyu's side, and said anxiously, "Master, he killed your direct disciple, don't you think you should care about him like this?"

"Yes, junior sister Yi Yi Yi is not good to make a move, I'll do it, Jiang City, I'll challenge you, if you have the guts then agree!"

"That's right, I'm challenging you too. You killed Sixth Junior Brother and you want to get away with it? You want beauty! "

"In The King's Hall of Clearing Seep, you dare to kill our junior brother!"

At this time, other than Huangfu Qi, the ten disciples of the Qing Li King all looked at Long Chen with righteous indignation. Only Huangfu Qi stood beside Long Chen and was making faces at them. To Huangfu Qi, they had known each other for a long time, so she liked Long Chen a bit more. That Qin Huanyu kept making things difficult for Long Chen, too, she didn't like.

Long Chen knew that he didn't need to say anything.

Sure enough, the king of Qing Li flew into a rage. She shouted directly with a stern voice, "I told you to scram, didn't you hear me? Get lost now, don't embarrass me again, go back and cultivate properly. The once in every five years disciple exam is right before your eyes, if The King's Hall of Clearing Seep is to fall to the bottom again, I will kill all of you! "

The words of the king made all of them swallow their words. They looked at each other and knew that the king was truly angry this time. Duke Qing Li was right, they had lost to Long Chen today, and could only be considered as him being useless.

A tear fell from Liu Yiyi's eyes.

"Let's go, don't make mother unhappy." Her eyes were also filled with pain.

"Yiyi, you're my daughter. I did everything for you, so don't bring them along to fool around." Seeing the pain in his daughter's eyes, the king felt very helpless in his heart.

"I know," Liu Yiyi nodded.

At this time, Long Chen had more or less watched the farce. He said directly: "They don't need to leave, I think the one who should be rolling is me. Qi Qi, let's go."

Long Chen also did not see King Li's expression clearly, and directly pulled Huangfu Qi along, heading towards his residence. This battle had completely solidified his position in the The King's Hall of Clearing Seep, and had also allowed him to take the lead. He had achieved his goal, and regarding other matters, Long Chen did not want to bother too much about them.

Everyone could only watch as Long Chen left.

Other than Liu Yiyi, all of the disciples of the Qing Li King had clenched their fists.

"Alright, everyone has dispersed." The rest of them could only disperse after the Duke of Qing Li's order.

"Go bury the universe. Yiyi, come with me. I have something to tell you." After a while, the Duke of Qing Li said.

After returning to his residence, Huangfu Qi started to play with the little wolf without a care for anything else, but the little wolf was powerful now, and it was not easy for Huangfu Qi to play with him. Knowing that Huangfu Qi was tired, Long Chen pulled her back and asked: "Qi Qi, I seem to have heard about some Five Emperor Prints or something, do you know about this?"

Long Chen's words caused Huangfu Qi to be shocked. She stared blankly at Long Chen and said: "Big brother, so you actually also knew that the Ancient Devil Region had a Mystical Emperor Seal?"

Her shocked expression made Long Chen a little surprised. He had initially thought that this little girl didn't understand anything and wanted to ask her for some information. He didn't expect her to know that there were Mystical Emperor Seal s in Ancient Devil Region.

"You mean to say, you came to the Ancient Devil Region not for the danyin bead, but to find the Mystical Emperor Seal?" Long Chen immediately guessed what Huangfu Qi was thinking.

Being guessed by Long Chen, Huangfu Qi became a little shy and said: "Actually, the danyin bead is my target, the Mystical Emperor Seal is my bigger goal. It's just that I can't get the danyin bead, so I can only have thoughts on the Mystical Emperor Seal."

He had already vaguely guessed Huangfu Qi's identity. Among the Holy Martial Empire, the two major powers Long Chen had heard of were the Ancient Devil Region and the Huangfu Family, Huangfu Qi's surname was so obvious, and with the profound family background she had faintly revealed, if it wasn't the Huangfu Family, what would it be? Of course, there were many people with the surname Huangfu, but there was nothing else that had such a foundation. Long Chen and Huangfu Qi had the most contact, so he knew more.

Furthermore, Long Chen reckoned that the people from the Qing Li King and the others probably knew Huangfu Qi's identity as well. They merely allowed Huangfu Qi to come to the Ancient Devil Region to mess around, that's all. The only reason the Qing Li King treated Huangfu Qi well was because he valued the strength of Huangfu Qi's family. If the Duke of Qing Li could befriend the Huangfu Family, her status would skyrocket as well.

"Qi Qi, how did you know that the Mystical Emperor Seal will be in the Ancient Devil Region?" "Earlier, I did not know. I had only heard of the legend of the Five Emperor Prints." Long Chen explained. If this girl guessed that he had a Mystical Emperor Seal and started talking nonsense, he would be finished.

"I heard it from my father. My father said that a month ago, five divine lights descended from the sky, and at that time, no one knows why, but when the five divine lights dispersed throughout the Holy Martial Empire, my father looked through the information and found out that it was the legendary Five Emperor Prints of the Royal Tier Battle Skills. At that time, no one remembered where the five divine lights landed, but it seemed to be passed down, and one of the black divine lights landed near the Ancient Devil Region!"

"Five divine lights descended from the sky?" Hearing Huangfu Qi's words, Long Chen was sure that what he had obtained now was the Mystical Emperor Seal. The Royal Tier Battle Skills, this would definitely stir up a storm in the entire Holy Martial Empire, and even other Holy Dynasty would participate. Long Chen couldn't help but sigh at his good luck, and at the same time, he knew that he had to strictly guard the secrets of the Mystical Emperor Seal.

"My father and the others all said that the Mystical Emperor Seal is in the hands of the Demon Emperor. I heard that the Demon Emperor lives in her palace, and I wanted to steal the Mystical Emperor Seal from him to my father so I came here. Hehe, big brother, you better not tell anyone else!"

Chapter 492 - Gambling

The Demon Emperor was a top-notch character in the Holy Martial Empire. If he really had obtained the Mystical Emperor Seal, how could the little girl steal it from him? This little girl was really too mischievous, escaping straight from the clan and coming here. Long Chen reckoned that not long later, she would be captured by his father or something like that.

Of course, after coming to the Holy Martial Empire, there were many benefits to knowing a girl as delicate as Huangfu Qi.

From Huangfu Qi, Long Chen obtained a lot of information about the Five Emperor Prints, and when he saw that the sky was already dark, he said: "Qi Qi, it's getting late, you should go back."

"No! Those senior brothers and sisters are so annoying. Big brother is still the best! I want to be with big brother!" Huangfu Qi said in a spoiled manner.

Long Chen had his own training mission, of course he couldn't be disturbed by this little girl. Thus, he said in a serious tone: "If you don't leave, then wouldn't I, Xiao Lang, not play with you from now on?"

This was Long Chen's trump card, so Huangfu Qi could only leave in a pitiful manner with his head down. She wanted to get Long Chen's sympathy, but unfortunately, Long Chen simply ignored her.

After Huangfu Qi left, Long Chen was just about to start cultivating when he suddenly felt someone approaching. The Spirit Devouring Demon Pupil immediately looked over and sure enough, that person was standing right outside his door.

"Who?" Long Chen gently opened the door, and discovered that standing not far from the door was the Liu Yiyi that looked very much like Ling Xi. Under the moonlight, her white clothes was fluttering as she stood in front of Long Chen, like a crystal clear white sculpture. At this time, the gaze she used to look at Long Chen was still filled with coldness and disgust.

"Follow me." After saying that, she retreated a few steps and looked at Long Chen.

Her Junior Brother had been killed by Long Chen, so her hostility towards him was natural, and Long Chen did not have any bad intentions towards her either. She had come here mysteriously, and had follow her.

In this way, Liu Yiyi could finally be at ease. She focused on walking ahead, there were quite a few azure colored mountains around the The King's Hall of Clearing Seep, and very quickly, she brought Long Chen to a place devoid of people.

Looking at the exquisite and beautiful body in front of him, Long Chen had a few times had a confused look in his eyes, as if the one floating in front of him was not Liu Yiyi, but Ling Xi.

"I really miss Xiao Xi too much. Just by seeing someone similar to her, I would be able to see her as her ..." Long Chen shook his head helplessly.

At this time, Liu Yiyi stood still, turned around and said to Long Chen: "I never thought that you would really follow me here, aren't you afraid that I would bury many experts here and ambush you? After all, he is my enemy now. "

"Cut the crap, if you have something to say, just say it." Long Chen didn't care about what she said at all and directly replied. He had already awakened and knew that the person in front of him could not possibly be Ling Xi.

Seeing Long Chen being so direct, Liu Yiyi took a deep breath and said: "I have come here to complete the tasks I did not complete during the day, to fight for my junior brother. Don't worry, I won't be as ruthless as you. You must know that other people are also raised by their parents. Although you are stronger than him, you don't have the right to take his life. "

Long Chen was a little speechless.

"What you think is your business, what I do is my business. If you want to fight me, I have to fight you? Why? With your Level 7 of the Heavenly Completion Stage's strength, you dare bully my Fifth stage of the Heavenly Completion Stage? " Long Chen laughed coldly, and then, without caring about Liu Yiyi, he turned around and left immediately.

"Halt!" Liu Yiyi didn't think that Long Chen would follow her here and not fight with her, so he was a little anxious. The white robe danced and he quickly rushed to Long Chen's front, and Long Chen's indifferent look already made her a little angry.

"You killed someone, but why are you still being so unreasonable? My sixth junior brother has no enmity with you, so even if there is friction, you don't need to kill him, right?" Liu Yiyi said as she looked at Long Chen helplessly.

"Are you an idiot? If I don't kill him, he'll kill me. "Because I am stronger than him, I killed him because of the rules of this world. You have the protection of your elders, so you can pretend to be stupid in front of me and righteously denounce me. If you had met with me and were to do the same thing, you would have died a long time ago."

Regarding Qin Huanyu, Long Chen had a clear conscience. This was the rule of this world to begin with. A person like Liu Yiyi, who could not think straight, would not be able to live until now if she did not have someone backing her.

"You are trying to force the truth! Anyways, I will not let you go today. I have already promised the entire universe that I will let you go to his grave to apologize!" Being scolded by Long Chen, Liu Yiyi's face alternated between green and red as he said somewhat angrily.

"Mistaken at the grave? "Dream on." Long Chen could not be bothered with this ignorant woman, it was said that a woman's breasts are big and brainless, but she could not see Liu Yiyi's breasts. To be able to reach Liu Lan's level, she just had no brains, Liu Lan was smarter than her by several folds, Long Chen had just killed Qin Huanyu earlier in the day, how could he split the money and admit his wrongs?

With the power of his Blood Escape, even ten Liu Yiyi would not be able to stop him.

"Jiang City, are you afraid of me? Or do you think the wager is not enough? "I know that you are a petty person who only values benefits. Just tell us what you want, and we will make a bet. If you lose, then go to my sixth junior brother and split the money. If you win, then we will do as you say!" Seeing that Long Chen really wanted to leave, Liu Yiyi clenched his teeth and said coldly.

The thing that she had promised Qin Huanyu, she had to do no matter what.

Long Chen stopped, maybe Liu Yiyi was right, he was only interested in profit now, what he lacked the most was Tongtian Pill, thus he said directly: "Price, five hundred thousand Tongtian Pill, otherwise, no need to talk anymore."

"Five hundred thousand?" You might as well try to steal it. " Liu Yiyi paused for a moment, and looked at Long Chen with a little anger. The Tongtian Pill in her Qiankun bag, was merely around two hundred thousand, and even if all of them were taken out, it would not be enough for Long Chen to use.

"If you don't agree, then forget it." Without five hundred thousand, what kind of apology do you want me to give Qin Huanyu? " Long Chen laughed, his expression was extremely shameless.

Honestly speaking, Liu Yiyi absolutely could not take out a five hundred thousand Tongtian Pill, moreover, she could not take it from the Duke of Qing Li, because she was hiding tonight's matter from the Duke of Qing Li.

Seeing Liu Yiyi's expression, Long Chen knew that she definitely wouldn't be able to take it out.

"Can you reduce it a little? How about two hundred thousand Tongtian Pill? I only have two hundred thousand, or you can put forward other conditions. " Liu Yiyi had never seen such a shameless person like Long Chen before, and the anger in her heart had reached the extreme. However, for her promise, she could only continue to waste time with Long Chen. After all, asking Long Chen to apologize was not a simple matter.

"Other conditions?" I don't want that five hundred thousand Tongtian Pill, I don't want a single Tongtian Pill. I only have one condition, and if I lose, I will kowtow ten times for Qin Huanyu to admit my wrongs. If you lose, it will be simple.

"Shameless!" Liu Yiyi almost fainted from his anger, she looked at Long Chen's pleased expression, she wanted to directly eat him alive. Honestly speaking, in all these years, she had never seen such a shameless person like him.

"What shamelessness? It's fine if you don't agree, but I won't force you anyway. Also, you are the dignified Level 7 of the Heavenly Completion Stage, and the young disciple of The King's Hall of Clearing Seep is the strongest, do you worry about losing to me? " Long Chen looked at her provocatively.

Liu Yiyi obviously didn't think that she would lose, but every time she saw the look in Long Chen's eyes, she had a bad premonition. Actually, she could see through Long Chen's eyes, and the current Long Chen, although he was pretending to be very interested in her body, through his expression, Liu Yiyi realized that he was actually very calm in his heart, calm to the point of being terrifying.

His eyes were like a deep well.

"If you don't agree, then we'll meet again." After Long Chen finished speaking, he turned around and quickly dashed away. If the other party really was chasing after him, he could easily throw her off with just his Blood Escape.

"Stop, I promise you!" In the end, Liu Yiyi gritted her teeth as she overcame the terror in her heart. She thought to herself, with her majestic Level 7 of the Heavenly Completion Stage being close to the Eighth level of the Heavenly Completion Stage, and having such perfect nurturing within the The King's Hall of Clearing Seep, how could she lose to Long Chen?

So, in order to make a promise to Qin Huanyu, she chose to make a promise to him.

Long Chen stopped and asked curiously: "You really came? Are you sure? "What kind of girl are you, Huang Hua, doing? If you let a normal person like me see you, how would it be worth it?"

"Stop daydreaming, you can't possibly win against me." Liu Yiyi said decisively.

"But it's night. It's not daydreaming." Long Chen looked at the sky and said shamelessly.

"Cut the crap. I'll agree to your conditions. Let me see how strong you actually are. If you're at the level of daytime, then you're far from enough!" Liu Yiyi's face was immediately filled with a cold expression.

Long Chen was a little stunned. Actually, he did not know if he could deal with this woman, and it was very possible that she would beat him up, but the two requests he made were both very unreasonable.

However, as a man, you have to keep your promises. If you really lose, you have to go to that damned grave and admit your wrongs. Then there won't be any losses ...]

However, this personality of Liu Yiyi made him admire her a little. For a promise, there were actually not many women who could achieve this much. Her stubbornness and tenacity were her loveliness.

Of course, Long Chen's heart belonged to someone else.

Chapter 493 - Universe Eight Trigrams Formation

Fighting with Liu Yiyi was purely a matter of helplessness, but since she had agreed, Long Chen would do her best to fight. After all, it wasn't something a man could do.

Although Liu Yiyi was a woman, she still did not dare be careless. If she could have her current status, then of course she could have a compatible fighting strength. Level 7 of the Heavenly Completion Stage were not simple characters.

"I have mastered body tempering techniques and many battle skills of Heaven Stage High Rank. You should be careful. "Don't be careless and die." Before the battle, Liu Yiyi reminded them.

Long Chen's pressure was huge.

He felt that what he had was his opponent's. What he didn't have was also his opponent's. How could he continue fighting this battle?

Long Chen took in a deep breath. As he breathed, the blood-red colored dragon scales gradually covered his entire body, and he had no choice but to use his strongest state to deal with Liu Yiyi's attacks. This was the most challenging battle he had ever fought. Honestly speaking, when he was fighting Qin Huanyu, he was very relaxed and basically did not need to use up any energy, but towards Liu Yiyi, he had no confidence at all. He could only rely on his own life to fight.

The Demon Emperor Sword appeared in Long Chen's hands.

Seeing that Long Chen was already prepared, Liu Yiyi was not courteous at all. Under the night sky, she slowly revealed her Level 7 of the Heavenly Completion Stage's power, and immediately, a strong imposing manner pounced towards Long Chen. The dust and dirt on the ground were swept aside by the force.

This power was at least ten times stronger than Qin Huanyu. Truly worthy of being the daughter of the Qing Li King. Her actions were indeed extraordinary.

This kind of attack from the The way of the Demon Emperor's Sword was definitely not enough in front of Liu Yiyi, or even together, it was not enough. Long Chen thought to himself that he could only launch a storm-like attack at Liu Yiyi from the very beginning, causing the other party to be completely unable to react. Otherwise, he would have no chance of winning.

Therefore, when Liu Yiyi announced the start of the battle, she suddenly opened her eyes, her entire body turning into a line of blood, instantly appearing in front of Liu Yiyi.

"Your speed is quite good." Liu Yiyi said this in a relaxed manner. She had seen Long Chen's strength before, so Long Chen's current performance was still within her control.

"Devil Dao Supreme Sword!"

After nearing Liu Yiyi, Long Chen immediately summoned two Devil Dao Supreme Swords, one in front and one behind, each of them rushing to his left and right with a loud bang. The sound of whistling wind immediately arose, and the soil on the ground was struck by Long Chen's attack, forming many ravines, as dust and dirt swept towards Liu Yiyi.

Liu Yiyi's expression did not change as her white robes danced about, like a sacred fairy under the moonlight. At this moment, her hands gently danced, formed a seal, and struck out.

"Sky Shattering Palm!"

Just like a ripple in water, the ripple in the air lightly collided with Long Chen's two Devil Dao Supreme Swords, and then, very easily disintegrated Long Chen's attack.

A cold light flashed in Long Chen's eyes. His body suddenly rose, and dodged Liu Yiyi's attack from midair. Then, an imposing and overwhelming aura swept towards Liu Yiyi!

"It seems that you only know this technique," Liu Yiyi laughed coldly, Long Chen's performance was still within his grasp. At this moment, Long Chen was already prepared to directly use the Heaven Punishing Sword Formation, so she was indeed clear in her heart.

It had to be admitted that Long Chen's Heaven Punishing Sword Formation was indeed very powerful, and the current Long Chen was unable to unleash its full power. However, even if it was Liu Yiyi who had

the Level 7 of the Heavenly Completion Stage like this, it was already rather difficult to deal with, but, victory was left to the people who were prepared for it.

She knew, as long as she endured through Long Chen's Heaven Punishing Sword Formation, Long Chen would be at her mercy.

Liu Yiyi knew how to think, but that did not mean that Long Chen did not know how to think. From the very beginning, Long Chen already knew that he was in Liu Yiyi's control, and this woman still had some attainments in battle.

Therefore, if he did not break Liu Yiyi's control, Long Chen would not be his match.

As he was using the Heaven Punishing Sword Formation in the air, Long Chen's mind was racing. He searched for all his abilities, and in the end, gritted his teeth as he thought to himself: "Looks like I can only take this risk once. Even if it's a risk, I can't lose to this little girl!"

Thinking about it, Long Chen followed his original plan and released the powerful might of the Heaven Punishing Sword Formation. During the day, because he was confident in dealing with Qin Huanyu, Long Chen had not used his full strength, but it was different now. Although the effects of the Great Mantra of Dao-heart Seed were already very weak, Long Chen had still used it.

This was the first time she had seen Long Chen's Devouring Blood Realm, so she was stunned for a moment. The boiling blood energy forced her to use a small portion of her Innate Qi to suppress it, or else, the blood would have exploded out of her body!

"What kind of evil trick is this?" Liu Yiyi was a little shocked. This was the first time Long Chen's Devouring Blood Realm had exceeded her expectations, and made her realize that it wasn't that simple to completely control Long Chen.

However, Liu Yiyi quickly stabilized herself. She needed about a fifth of her Innate Qi to suppress the Devouring Blood Realm, so she was still much stronger than Long Chen. That amount of Innate Qi was enough to break Long Chen's Heaven Punishing Sword Formation!

Thinking about it, Liu Yiyi forced herself to calm down. Long Chen's Devouring Blood Realm was certainly terrifying, but as long as she could recognize its true nature and use her true qi to suppress it, she would be able to survive!

After using the Devouring Blood Realm, Long Chen's most powerful Heaven Punishing Sword Formation immediately exploded out, countless sword symbols quickly swept up beside him, and very quickly, they became like a tornado, enveloping him completely. The whistling sword symbols, each and every one of them erupted with tens of thousands of sword beams, forming a gigantic sword formation from top to bottom, pressing down on Liu Yiyi.

"Has he finally used it?" Liu Yiyi had already thought of a way to deal with Long Chen a long time ago. After Long Chen released his Heaven Punishing Sword Formation, she had to suppress the power of the Devouring Blood Realm.

Each rune flickered with a fierce light, and the power they contained was not the least bit weaker than the sword runes of Long Chen's Heaven Punishing Sword Formation. Furthermore, the number of these runes was more, and in a very short period of time, the countless flickering runes appeared next to Liu Yiyi.

"Secret technique, Universe Eight Trigrams Formation!"

Liu Yiyi shouted softly. Then, under her control, countless runes rapidly rotated into a huge array, and the array suddenly manifested a Eight Trigrams pattern from bottom to top.

If Heaven Punishing Sword Formation was sharp and fast, then Universe Eight Trigrams Formation was stable and strong. It had a huge rotational and tearing ability and could be considered the bane of sword formations like Long Chen. Under the effects of the Universe Eight Trigrams Formation, the Heaven Punishing Sword Formation started to crumble!

Of course, the sharp sword qi of the Heaven Punishing Sword Formation, was also causing the Universe Eight Trigrams Formation to begin to crumble. Under the suppression of Long Chen's Devouring Blood Realm, the strong clash between Long Chen and Long Chen was only considered a draw. After all, the Heaven Punishing Sword Formation could not do anything to the Universe Eight Trigrams Formation, and the Universe Eight Trigrams Formation could not do anything to the Heaven Punishing Sword Formation either!

BOOM!

Bang! With a loud noise, the Universe Eight Trigrams Formation and the Heaven Punishing Sword Formation crumbled into pieces, a huge amount of energy flowed in all directions, rolling the mountain rocks and turning them into pieces. The huge spinning power almost tore Long Chen into pieces.

Of course, Long Chen's Heaven Punishing Sword Formation had also caused Liu Yiyi to be in a difficult situation, especially the disturbance from the Devouring Blood Realm, which made her feel extremely uncomfortable. It was just that, she had finally endured through this Heaven Punishing Sword Formation, when Long Chen activated the Heaven Punishing Sword Formation, he would definitely consume a lot of True Qi, and if Long Chen did not use any other techniques, she would definitely win this time.

Long Chen saw Liu Yiyi's somewhat relaxed smile. This meant that she was very confident in his victory.

"Where is this girl's last resort?" When Long Chen saw Liu Yiyi's smile, he knew that something was wrong. He knew that Liu Yiyi must have some tricks up his sleeves, but where those moves came from was a problem.

However, this did not affect Long Chen's plans. After the Heaven Punishing Sword Formation was eliminated, without saying a word, Long Chen picked up the Demon Emperor Sword once more and charged towards Liu Yiyi to kill him!

The closer he got to Liu Yiyi, the more formidable the power of his final move was.

Long Chen had already boasted earlier, so of course he wouldn't kowtow to some Qin Huanyu. He wasn't willing to lose to a woman like Liu Yiyi either, so he was going to go all out.

With a sou sound, Long Chen arrived ten meters in front of Liu Yiyi. With his speed, he could arrive in front of Liu Yiyi in a very short moment. But right at this moment, Long Chen actually felt the threat behind him, which surprised him, and thought to himself: "This is the trump card of this woman?"

Liu Yiyi was clearly in front of him, why was there a threat behind him?

Long Chen didn't understand this problem, so he could only turn around in a short amount of time and ask in shock, "divine fire clone?"

Of course, what appeared in front of him was not the divine fire clone, but rather, it was a mystical battle skill that shared principle with the divine fire clone. Currently, what was attacking at Long Chen was a black colored shadow, although Long Chen had only taken a glance, he was sure that this was definitely a shadow that was standing up and launching an attack at him!

Moreover, the strength of this shadow attack was actually more than half of Liu Yiyi's strength!

Chapter 494 - King-level Battle Skills

More than half of Liu Yiyi's strength was already close to the level of Level 7 of the Heavenly Completion Stage. In other words, the fighting strength of this figure was almost similar to the current Long Chen. Back then, every single one of the divine fire clone's strength was only a fifth of their original strength. Furthermore, the strength of the divine fire clone was only up to the eighth level of the Milky Way Realm at most. Unexpectedly, this shadow clone almost had the combat strength of Level 7 of the Heavenly Completion Stage!

This was Liu Yiyi's last move. If it was in a normal fight, with this shadow clone, Liu Yiyi would not be able to defeat her if she continued to train with it. After all, Long Chen's strongest move was already taken by her.

Naturally, the battle between the two of them as well as the crowd's factors would determine the outcome of the battle.

"A king level battle skill, devil shadow clone, what do you think?" Liu Yiyi's soft voice sounded beside Long Chen's ears.

To be able to create a clone of such a level, Liu Yiyi had definitely believed that it was a king level battle skill. As the daughter of the Qing Li King, how could she not have a king level battle skill on her?

Therefore, after using the Universe Eight Trigrams Formation to block Long Chen's strongest move, Liu Yiyi immediately used the devil shadow clone to execute the most fatal move. And at this time, Long Chen was only ten meters away from Liu Yiyi, and the devil shadow clone had already arrived!

This devil shadow clone possessed most of Liu Yiyi's strength, and when it approached, it actually unleashed a huge punch. Liu Yiyi had not used this move before, but it was clear that it was a battle skill from the Heaven Stage High Rank! Adding the Universe Eight Trigrams Formation from before, it was

clear that Liu Yiyi knew two or more Heaven Stage High Rank combat skills. Adding that to the king level devil shadow clone, her strength had far surpassed Long Chen's imagination.

When the devil shadow clone made its move, Liu Yiyi also made her move, Long Chen's power had far surpassed her imagination, one move of her Heaven Stage High Rank was very difficult to deal with, she could only use this kind of attack to guarantee her victory!

This time, she was going to throw caution to the wind, she definitely could not lose. Otherwise, if Long Chen looked at her innocent body, wouldn't that be worse than death?

Although she didn't want to kill Long Chen, he left her in fear. She could only strike first, and with Long Chen's strength, she might not even be able to defeat him.

Of course, Long Chen could still use the Heaven Punishing Sword Formation once, and whether he could block the attacks from the two sides was not certain. After all, both sides were battle skills and Heaven Stage High Rank.

"Demon Suppressing Fist!"

This fist technique was obviously a very widespread fist technique in the Ancient Devil Region. Amongst the fist techniques, there was a strong suppressing force that caused Long Chen's body to be suppressed to a certain extent, the effect was a little similar to that of the Devouring Blood Realm, but when used together with the Demon Suppressing Fist technique, he could indeed defeat Long Chen.

This was Liu Yiyi's initial plan. As long as she blocked Long Chen's Heaven Punishing Sword Formation, she would have a way to defeat him!

It had to be said that her fighting intuition was still quite good. Long Chen was indeed being firmly suppressed by her, and looking at the situation in front of her, Long Chen was sure that if he did not beg for mercy and used all his strength to resist, he would very likely be injured! Losing to Liu Yiyi, that was certain.

Of course, Liu Yiyi had his own plan, Long Chen had his own, but his plan was even crazier than Liu Yiyi's. Just as the two fists of Heaven Stage High Rank were attacking Long Chen, Long Chen moved, he completely disregarded Liu Yiyi's attack and turned to face her clone. In a short amount of time, Long Chen released her last trump card, the Heaven Punishing Sword Formation's immense power, directly crushing Liu Yiyi's attack into pieces.

She didn't think that Long Chen would be such a fool. For most people, they would only be able to face two attacks at the same time, there was still a possibility for them to survive. However, they were only able to face one attack, and let the enemy attack them without any obstruction.

Liu Yiyi never thought that it would turn out like this. At this time, even though Long Chen could take the attack from the devil shadow clone, it had directly landed on Long Chen's back!

Originally, only Long Chen could resist for a bit, but he could still spare his life at the last moment. But Long Chen's actions were too sudden, and without any form of resistance, it would be difficult for her to retract his fist!

"Be careful!" Liu Yiyi let out a surprised cry. This kind of result was not what she wanted, she only hoped that Long Chen would apologize to Qin Huanyu and not kill him!

However, everything was too late, Long Chen felt as if he had just been killed, he turned his head back in shock, and directly used his own chest to bear Liu Yiyi's attack. Although Liu Yiyi was already doing her best to restrain herself, but the remaining power she had, was still able to send Long Chen flying backwards.

That mouthful of blood had sprayed onto Liu Yiyi's long skirt.

With a "putong" sound, Long Chen fell onto the ground, rolled a few times on the ground, and then remained motionless.

Liu Yiyi's face became deathly pale.

In her heart, she felt guilty and regretful, completely submerging her. She only wanted Long Chen to admit his wrongs, and didn't have any intention of killing him, but who would have guessed that Long Chen would use such a method to deal with her?

"No, he definitely can't be dealt with, which is why he's acting like that. It's all my fault, he's only using Fifth stage of the Heavenly Completion Stage, and I'm actually using such a ruthless method to deal with him, it's all my fault! I even said that he was cruel and merciless, but in the end, the cruel and merciless one was me! "

Thinking about it, tears flowed down her face, the blood on the ground caused Liu Yiyi's heart to feel a pain as though it was being cut by knives. With a pale face, she threw herself to Long Chen's side and hugged him.

She still had some medicine to heal her injuries. Right now, she could only hope that Long Chen wasn't dead, because if she did, she could still save his life. Otherwise, she would live her entire life filled with self-blame.

"I'm sorry, I'm really sorry, I was wrong ... I deserve to die ..." She knew that she should be calm at this moment, but she couldn't stop her tears from streaming down her face. Ever since she was born, she had never been so helpless before.

If Long Chen died, then Long Chen would be the first person she would kill in her entire life. Furthermore, she never intended to kill Long Chen and Long Chen was not at fault.

Liu Yiyi's heart was already filled with torture.

She helped Long Chen up, and was just about to see if Long Chen was truly dead or not, but just at that moment, a sword was pressed against her throat, the cold feeling caused Liu Yiyi's entire body to tremble.

"Say, if I used a little strength, would you die?" Liu Yiyi's eyes were wide open and her face was filled with disbelief. Because she saw that Long Chen, who was currently lying in her arms, was safe and sound, with all the blood stains completely gone. He had recovered to his most perfect state, and it was as if what happened just now never happened at all.

Liu Yiyi thought she was dreaming, but the cold sensation of her throat reminded her that this was reality.

But how could there be such an outrageous reality? She had seen Long Chen's chest sink in with her own eyes, and had also seen Long Chen's pained expression. But now, why had everything disappeared?

"Beauty, how long are you going to hug me for? Don't you know that men and women shouldn't be intimate with each other?" The corner of Long Chen's mouth hooked up into a faint smile. Actually, his heart was twitching, the Time Reversal is truly a ghost, every single time I have to face the feeling of death, Long Chen swore that he would never use it again, after all, that kind of pain was unbearable.

However, if he did not use the reverse flow, he would not be able to hold the Demon Emperor Sword against Liu Yiyi's neck like this.

Long Chen was somewhat speechless towards this fellow who was still crying, he immediately stood up, and the Demon Emperor Sword in his hand was still pressed against Liu Yiyi's throat, then he said in a serious tone: "Liu Yiyi, I can take your life at any time, so it is obvious who will win this battle. "Don't be surprised at what methods I used. In the end, I won and you lost. So, are you willing?"

Long Chen's words pulled Liu Yiyi back to reality. She shook her head and looked at Long Chen with eyes of disbelief, "Why? I clearly remember that I pretty much beat you to death."

"If I tell you that I am immortal, will you believe me?" Long Chen laughed faintly.

Liu Yiyi shook her head.

"Then, are you admitting that you have already lost to me? Victory and defeat have never been based on tactics. If we truly fought, and you have already died in my hands, then the one who lost this time will undoubtedly be you. From what I see, you should keep your promise. Long Chen immediately kept his Demon Emperor Sword and looked at Liu Yiyi with blazing eyes.

She had already lost. If it was a battle, Long Chen could use his last, mysterious method to kill her, and she would not deny that she had lost. But if she lost, the price would be ...

Liu Yiyi had just stopped her tears, but she was already on the verge of tears. She had agreed to this matter on the spur of the moment, but unexpectedly, she still lost to Long Chen in her comprehensive plan ...

This meant that she had to strip naked in front of Long Chen.

Chapter 495 - Take off

"Do you want to go back on your word?" Seeing Liu Yiyi kneeling on the ground with her head lowered and her eyes unfocused, Long Chen took a few steps closer and said coldly.

Liu Yiyi's body shrank back, her entire body was trembling, it could be seen how much pain and suffering she was going through.

"The dignified daughter of the Qing Li Kingdom actually wants to go back on her word after making a bet?" It seems like some direct disciple or king of Qing Li is nothing more than this. " Long Chen acted like a villain as he ridiculed.

"You're talking nonsense. Who said I wanted to go back on my word? And no matter what, it has nothing to do with my mother!" Liu Yiyi clenched her teeth, and lightly stood up from the ground. However, she still lowered her head, and one could faintly see tears appearing on her face.

"That's right. With your status, of course you cannot go back on your word. Otherwise, I will underestimate you. So, take it off. I'm admiring it." Long Chen's eyes burned as he laughed and said.

His shameless appearance made Liu Yiyi embarrassed and angry. It was the first time in her life that she was forced into such a predicament by someone else, but right now, her heart was currently facing a huge struggle. After growing up, her body had never even been seen by her mother before.

It was as if she was now completely naked and exposed to Long Chen's gaze. She had always been relatively strong, the boundless true energy in her body was her backbone, and it was just that at this moment, it seemed that if these things did not work, no matter how strong she was, she was still like a lamb in Long Chen's eyes, and Long Chen was just a wolf in her eyes.

"Take it off. I can't wait anymore." Long Chen said with an evil smile.

Liu Yiyi's body trembled, she retreated a few steps, bit her lips, and started crying. She knew that she was reaping what she sowed, knowing that Long Chen was not an easy character to deal with, yet she just ran under his Demon Claw. However, she didn't want to be a traitor either.

"Jiang City, you will regret this. After today's humiliation, I, Liu Yiyi, will definitely make you return it." At the last moment, Liu Yiyi bit her pink tender lips and struggled to say.

"Regret. I think so too. If I lose to you next time, I will strip naked for you to see. My pure body has not been seen by anyone so far. You've truly gotten lucky." Long Chen laughed.

"You ..." Liu Yiyi was so angry that she almost fainted.

"Take it off. Don't waste your time. Such a wonderful moment is enough to make me think about it for the rest of my life." Long Chen tsk-ed as he laughed. The blazing light in his eyes was quickly rolling over Liu Yiyi's body.

His gaze was like his hand, rolling on Liu Yiyi's body, causing shame to gradually replace anger in Liu Yiyi's emotions.

"I will definitely make you pay for the humiliation today!" Liu Yiyi said while clenching her teeth. Then, her fingers gradually fell on the front of her clothes as she closed her eyes, and two streams of hot tears rolled down her cheeks. In the next moment, she should gently remove the hem of her clothes, and revealed her smooth and tender skin before Long Chen's eyes.

Just at this moment, Liu Yiyi's hand was slapped away. She was startled, and immediately opened her eyes.

"Alright, let's call it a day. You're a good girl, you shouldn't be punished."

Of course, everything that Long Chen had done, was all an act. Ever since Ling Xi appeared, it had been a long time since he had played a hooligan.

Liu Yiyi was indeed a very good girl. First of all, in order to make Long Chen apologize to her, she had used her own body as the wager, and after she lost, she could go back on her words. Moreover, both she and Long Chen understood that Long Chen was no match for her, and as long as she went back on her words, Long Chen had no other choice.

But she didn't.

For Long Chen, this was already enough.

"What do you mean?" Liu Yiyi opened her mouth slightly and looked at him in surprise.

"I said, stop today and don't come looking for me in the future. I won't do anything to apologize to you, because I have never done anything wrong! As for your body, if you have chest and butt and no butt, do you think laozi is really interested in seeing it?" Long Chen let out a cold laugh, then passed Liu Yiyi, and headed behind her.

Liu Yiyi stood in place blankly for a long time before she could finally understand what Long Chen meant.

"He's not looking at me anymore? Because I don't have anything to look at? " On one hand, she wanted to prove to Long Chen that this was not the case, but did that mean that she was really too shameless?

She lowered her head to look. It seemed like she wasn't small anymore ...

Then, she understood that Long Chen saying this was purely an excuse. He never had the intention to do something like this, he only wanted to scare her so that she wouldn't bother him next time.

"So, he wasn't as bad as I had imagined," Liu Yiyi realized just now. She turned around. Long Chen had already walked a good distance away. His back was a little proud and aloof, and a little desolate. From this figure, Liu Yiyi knew that he had seen wrongly.

"He should be a good person. I found trouble with him myself, then he let me go." The hatred and anger in his heart quickly disappeared from Liu Yiyi's body. Replacing it was curiosity, curiosity towards Long Chen's personality and so on.

Suddenly, Liu Yiyi remembered something, and she shouted: "Jiang City!"

"What the hell is the matter with you?" Long Chen turned and said.

"Uh, didn't you disappear for three days? That Zhao Wuji came to look for you twice, but it seemed like you were not here yet. He seemed to have reached the Fifth stage of the Heavenly Completion Stage already and wanted to challenge you.

"Is that so? Fifth stage of the Heavenly Completion Stage, are nothing but scum in front of this daddy, this daddy here can't be bothered with him, if you anger this daddy, this daddy will let this daddy die without any descendants! " Long Chen sneered, turned, and walked away. was the only one left standing where he was, staring at her blankly. She didn't know why, but she felt that this man seemed to have some kind of magical power occupying her mind, something that he couldn't get rid of no matter what.

"What kind of person is he? Just now, he seemed to be lewd and evil, but the depths of his eyes were still pure. He must have just been toying with me ...

"However, he actually defeated me. If mother knew, he would definitely be allowed to participate in the Ancient Devil Region's disciple exam one month later. In just a few short days, his strength has improved so much. After a month, will he still continue to improve? "

With all sorts of complicated feelings, Liu Yiyi returned, and because of that, Long Chen returned to his residence.

"I suffered a huge loss this time, I actually forgot to extort 200,000 yuan from that girl!" Long Chen said somewhat crazily.

"Tsk tsk, kid, don't play dumb in front of me, you are just trying to capture her. You didn't manage to catch her, but you caught her heart, as long as you have the heart, wouldn't Tongtian Pill be easy to capture?" The kitten said in disdain.

"What do you mean? Since she's so troublesome, my original goal was to scare her off and not cause her trouble. " Long Chen said somewhat speechlessly.

"Stop pretending in front of this god. Your plan of capturing her has made that little girl's heart itch. I think that within a few days, she will come knocking on my door." The kitten chuckled.

Long Chen was too lazy to bother with him. Currently, the most urgent matter was to continue raising his own strength. Cultivating would be fine, but without enough Tongtian Pill, it would be impossible for him to reach the Sixth Level of the Heavenly Completion Stage. Without Level 7 of the Heavenly Completion Stage, it would be quite difficult for him to win against the last dianyin bead.

"I can't enter the Third Demon World for the time being, and killing people for treasures in the Ancient Devil Region seems to be impossible. It seems like I can only use my last trump card." Long Chen said calmly.

"What ultimate move?" The kitten was curious.

"Lend it to me!"

"From whom?" The kitten was somewhat speechless.

"Who else could it be? I only have a rich lady like Huangfu Qi by my side, if I don't kill her, who should I kill? "Haha" Long Chen laughed vulgarly.

Of course, he did not need that many Tongtian Pills for now. If he could not reach the Third Demon World, he would have to cultivate steadily, because he had absorbed 1% of the inherited blood essence. His current speed was not slow either, and there was no better way, so he could only choose true cultivation.

Long Chen opened the door to his room, and discovered that it was indeed Zhao Wuji, that idiot, bringing Scarlet Ghost King's Palace's group of lackeys to Long Chen's door. Zhao Wuji had consecutively lost several times to Long Chen in the selection battle, and was unsatisfied.

After he entered the Scarlet Ghost King's Palace, in a short period of time, he broke through once again, and reached the Fifth stage of the Heavenly Completion Stage realm. When he was at the Fourth Level of the Heavenly Completion Stage, he could kill any practitioner of Fifth stage of the Heavenly Completion Stage, and when he was at the Fifth stage of the Heavenly Completion Stage, wouldn't he be able to kill any practitioner of Sixth Level of the Heavenly Completion Stage as well? So this time, he continued to challenge Long Chen.

"Jiang City? "I really haven't seen you for a few days. I've searched for you a few times, but I still couldn't find you. You cowardly turtle, are you really a competent person?" Zhao Wuji stood ten meters in front of Long Chen, and said arrogantly.

"What are you doing here? If you have something to fart, just say it. " Long Chen really did not have time to bother with this idiot.

"What can I do? Jiang City, let me ask you, do you have the guts to fight with me once, let me see, who is stronger between us? Who is this year's new King? "

Of course, if Long Chen agreed, then it could only be considered as a spar between young disciples. The nature of the event was different, but of course, the control of the situation was in Long Chen's hands.

The Giant Strength Demon General was busy training his disciples, it was possible that this Zhao Wuji didn't know that Long Chen had already defeated Qin Huanyu with his Sixth Level of the Heavenly Completion Stage. The current Long Chen was simply not on the same level as him. Zhao Wuji had never been his match from the start, and now, he was even less so. Long Chen was not the slightest bit interested in sparring with him.

Coincidentally, Huangfu Qi came bounding over at this time. Her most important matter was to look for Long Chen every morning, and seeing that Zhao Wuji was also here, his face darkened as he ran to Long Chen's side, pointing at him and scolding: "Losers, what are you doing here again, are you here to make a fool of yourself?"

"I'm here to look for the Jiang City for a spar, it has nothing to do with you, little girl." Zhao Wuji looked at Huangfu Qi with disdain. Previously, his strength was comparable to Huangfu Qi's, but now, it was different.

"Do you think I have to agree to everyone coming to challenge me?" Long Chen waved at him, he was already speechless after Liu Yiyi's challenge last night, this Zhao Wuji had the last stage of the Scarlet Ghost King, he was a figure that he could not afford to offend, if he were to beat him up, bringing out the Scarlet Ghost King and the other stuff, it would be troublesome.

Although Long Chen was not afraid of trouble, if possible, he would try his best to avoid it.

Therefore, he immediately ordered for to leave and brought him out of this place, leaving only Zhao Wuji standing there foolishly on the spot.

"Senior brother Zhao, what should we do?" One of the disciples asked.

"We came in the light, but he acted like he was a coward. He forced me to come in the dark. That's great, then I'll come in the dark!" Zhao Wuji laughed sinisterly, then called for everyone to leave. With his current identity, he had an uncle that was a Demon General in the The King's Hall of Clearing Seep, so not many people in the The King's Hall of Clearing Seep stopped him.

"This idiot, he actually went to find the Jiang City to fight. Does he not know how powerful the Jiang City is?"

"That's true. Merely a mere Fifth stage of the Heavenly Completion Stage, and purely to seek humiliation. Jiang City simply does not pay attention to him."

had also heard the whispers of the The King's Hall of Clearing Seep disciples around him, but of course, this only made his anger even greater.

"Originally, I wanted to get uncle's help to arrange a fight between me and Jiang City. However, Jiang City has already made up his mind to become a turtle that hides its head, so I can only make a sneak attack. "Since that's the case, there's no need to trouble uncle then!" Thinking about it, Zhao Wuji led her subordinates and left. A plan was slowly forming in his mind.

The current Zhao Wuji was just a bored brat in Long Chen's eyes. He was too lazy to bother with him, and naturally did not know what this little fellow could come up with. He was in such a hurry to pull Huangfu Qi away, but in reality, he only had one goal, and that was to borrow money.

"Big brother, today's training time is almost up. Aren't you going to the training field?" It was precisely because Long Chen did not go to the training grounds that there was such a big commotion three days ago.

"Training ground?" Isn't that where ordinary disciples go? I can even defeat the direct disciple of the Sixth Level of the Heavenly Completion Stage, do I need to go to the training grounds? " Long Chen laughed faintly.

"Oh, there's really no need to go. That uncle Brick doesn't dare to say anything. You are not in his charge now. "Hee hee." Huangfu Qi said with a smile.

Long Chen nodded.

"Oh right, Qi Qi, do you have any Tongtian Pills? Lend me some," To be honest, Long Chen blushed a little as he borrowed this from a little girl.

"Ah?" Yes, big brother, how much do you want? I brought a million Tongtian Pills with me. " Huangfu Qi looked at Long Chen with his big eyes.

"Pfft!"

Long Chen was so scared that he almost fainted. A million Tongtian Pills? Even with normal Ninth Level of the Heavenly Completion Stage, one's entire assets would only be a million Tongtian Pills. If this little girl,

who was only ten years old, could casually bring out a million Tongtian Pill, then how terrifying would this little fellow's identity be?

Long Chen calculated, Liu Yiyi was the daughter of the Qing Li King, who only had more than two hundred thousand Tongtian Pill on his, and she already possessed Level 7 of the Heavenly Completion Stage. In other words, Huangfu Qi's parents had a status that was even higher than the Qing Li King's, and in the Ancient Devil Region, there was only one Demon Emperor above the Qing Li King.

Long Chen was secretly shocked.

"Big brother, how much do you want? You can't take everything, or else I'll get smacked in the butt by my dad!" Huangfu Qi looked at Long Chen with a bit of worry. She was truly afraid that Long Chen would demand such an exorbitant price.

Long Chen did not actually plan to borrow much, his only plan was to allow himself to reach the Sixth Level of the Heavenly Completion Stage. As for the Tongtian Pills of the Level 7 of the Heavenly Completion Stage, he would think of it on his own.

"Qi Qi, you just have to give me fifty thousand Tongtian Pill. I will return it to you in the future, this is my promise, but you must remember, you have one million Tongtian Pill on you, you cannot speak carelessly. Long Chen said in a serious tone.

"Only fifty thousand?" How about I lend you five hundred thousand, big brother." Huangfu Qi said.

"No, no." Long Chen was a little embarrassed, he had never seen anyone borrow money like this.

Big brother, I've actually told you before, other people, including my master, won't say anything about them. Big brother is the person Qi Qi is closest to!" Huangfu Qi laughed happily.

Long Chen guiltily took the fifty thousand Tongtian Pill from her hands.

"Big Brother, will you really return it to me?" Huangfu Qi suddenly looked at him with shimmering eyes.

"Of course, why?" Long Chen saw that she seemed to have something else to say.

"I wanted to say, if I suddenly left the Ancient Devil Region, would you come find me and pay back my fifty thousand Tongtian Pill?" Huangfu Qi said with anticipation.

Long Chen finally understood that this girl did not care about the fifty thousand Tongtian Pill, but whether or not Long Chen would look for her after they separated in the future.

"You stinking girl, are you trying to play with the wolf cub?" Long Chen laughed.

"Hee hee, big brother is so smart!"

"..."

Long Chen shook his head and said: "Don't worry. No matter what, I will definitely return the fifty thousand Tongtian Pill to you.

"Big Brother is so powerful, he definitely won't die." Huangfu Qi said with certainty.

Long Chen could only smile dryly, but he had to borrow the fifty thousand Tongtian Pill, this way he would have one hundred and twenty thousand Tongtian Pill on him. Last time he broke through to Fifth stage of the Heavenly Completion Stage, he used thirty thousand Tongtian Pill, the Tongtian Pill in his hands, as long as he could guarantee that he could reach the next level.

After that, Long Chen started to cultivate on his own. As for Huangfu Qi, she achieved her goal as well, and successfully carried the little wolf in his arms. The little wolf initially disregarded the little girl, but after interacting with Huangfu Qi for a long time, their relationship was actually quite good.

When night fell, Long Chen sent Huangfu Qi back. After all, she was the direct disciple of the Qing Li King.

After Huangfu Qi returned, Long Chen returned to his residence and continued cultivating. To him, there was nothing else he could do, so the only thing he could do was to cultivate. Other than cultivating, Long Chen had also developed the habit of recording his diary.

"Xiao Xi, I met a girl called Liu Yiyi today. She is very similar to you, but I know very well that she isn't you ..."

After he finished recording, Long Chen closed his eyes and started to cultivate. This was his only hope. It was only until they were separated that he knew the extent of their feelings. This kind of longing for the daytime was not bad, but when night fell, it would come and bite at Long Chen's heart, making him feel extremely uncomfortable.

"Ten years, ten years later, maybe I'm already old and don't exist anymore. Little Xi can't wait for me for ten years, so, I have to work even harder. One day, I will definitely stand in front of her!"

This was the crazy insistence in Long Chen's heart.

Little by little, all the information regarding Ling Xi kept replaying in his mind.

Long Chen could only force himself to calm down and continue his cultivation. The spiritual energy of heaven and earth was extremely dense in the Ancient Devil Region, and cultivating within the Ancient Devil Region was twice the result with half the effort. Even with this kind of ordinary cultivation, with Long Chen's extraordinary talent, he was still able to achieve great results.

Time passed slowly.

"Whiz!"

Suddenly, something penetrated through the door of Long Chen's residence and rushed towards him. Long Chen's eyes suddenly opened, the moment he made his move, he caught that thing, it was actually a steel arrow. There was nothing special about this steel arrow, its power was not too great, it was simply unable to take Long Chen's life.

Long Chen discovered that there was a small piece of paper hanging on the steel arrow's tail, which read: "Wherever the arrow goes, you go. Whether you want it or not, I have to fight with you again to prove who is stronger! You can come over yourself, but if you alarm anyone else, it will not benefit you, because Huangfu Qi is in my hands! "

It must be Zhao Wuji.

"Oh no, she did not have Huangfu Qi's backing, she might have ignored the consequences!" Long Chen's entire body shook, he immediately stood up, a faint blood light appearing in his eyes.

"He's really looking to die. I'm not going to argue with him, but he doesn't care what tricks he has up his sleeve. He even dares to kidnap Huangfu Qi. Zhao Wuji's head, was purely kicked by a donkey!" Long Chen understood Zhao Wuji's personality. He had been outstanding since he was young, and was considered to be a peerless genius by everyone. He had also confirmed that the three consecutive crowns were his, and that it was the Heavenly Completion Stage Level 1 that suddenly appeared and snatched away his things, which was a huge regret to him. If Long Chen was even more of a genius than him, then he would also be convinced.

Therefore, when he reached Fifth stage of the Heavenly Completion Stage, he would definitely return this grievance to Long Chen. This was the personality of a little kid. Zhao Wuji was only around fourteen years old, so it was normal for things to not go through his head.

"If you piss me off, I don't care what kind of genius you are," Long Chen shook his head, opened the door and rushed in the direction that Zhao Wuji had pointed.

"Whatever, if you want to fight, I'll fight!" If you injure Qi Qi, I will repay you tenfold! "

Chapter 497 - No Poison and No Man

In the darkness of the night, Long Chen's speed was extremely fast. He followed the direction that the arrow came from strictly, and used the Spirit Devouring Demon Pupil to head in the direction that Zhao Wuji had pointed.

To be honest, ever since Long Chen had started cultivating till now, there had been a lot of people who had been kidnapped because of him. Of course, every single time, Long Chen would become extremely angry. And this time, Zhao Wuji's foolish actions, gave Long Chen the determination to teach him a lesson!

Of course, Long Chen's current strength was several times greater than Zhao Wuji's, and Zhao Wuji was only his former defeated opponent. Long Chen was very clear in his heart that if he were to take care of Zhao Wuji now, it would not take much effort at all, and if not for the fact that he had a backer from the Scarlet Ghost King, Long Chen would have already beaten him up into a pig head.

From that direction, Long Chen quickly left the vicinity of the The King's Hall of Clearing Seep. The Ancient Devil Region's territory was very large, and there were only seven great King Palaces, with the majority of them being barren mountains. Long Chen had currently arrived at one of the desolate mountains, and this barren mountain was not too far away from the The King's Hall of Clearing Seep.

Of course, if it was too far, Long Chen wouldn't be able to find his way here.

Before they had even reached the desolate mountain, Long Chen saw one of the Spirit Devouring Demon Pupil's souls within a kilometer of radius. He guessed that it was Zhao Wuji, but where did Huangfu Qi go? In Long Chen's heart, Huangfu Qi had long ago become a little sister who needed his protection. His concern for Huangfu Qi had far surpassed his imagination.

With a sou sound, Long Chen rushed into the mountains. Indeed, the person who stood there watching Long Chen's arrival was none other than Zhao Wuji. When he saw Long Chen arriving, Zhao Wuji couldn't help but laugh.

"I knew it was you. Zhao Wuji, I'm already here. Where is Huangfu Qi?" Long Chen suppressed the anger in his heart and looked at Zhao Wuji with a somewhat gloomy gaze. He had to ensure Huangfu Qi's safety, otherwise, he would be able to ruthlessly beat him up the moment he saw Zhao Wuji.

Long Chen's words made Zhao Wuji laugh even more so as he left. He held his stomach, looked at Long Chen with ridiculing eyes, and said: "I originally thought you were very smart, why are you so stupid now?"

"What do you mean?" Long Chen was startled.

Look around me, where are we? Huangfu Qi, that damn girl is probably sleeping soundly in his bed. She is a treasure of the Qing Li King, I don't dare to touch her, only a fool like you would fall for my trick. Zhao Wuji was extremely pleased with himself.

Long Chen's face darkened.

He had always thought that Zhao Wuji was an idiot, yet today, he was played around by an idiot. It was like being played by a donkey. In his heart, he was rather depressed.

Zhao Wuji was originally a rash person, if he really wanted to kidnap Huangfu Qi, that would also be logical. Long Chen was worried about Huangfu Qi, so he would be deceived by him.

To Long Chen, lying meant lying, and the result would be better. If Huangfu Qi was fine, then he wouldn't have to worry about anything anymore.

However, for someone like Zhao Wuji, if he did not give him a good beating, he would not rest, and seeing that he was still smiling proudly, Long Chen immediately clenched his fists.

"Jiang City, since you are here, don't think of being a turtle this time, fight openly with me, Zhao Wuji, I want you to see who is this year's new King!" Zhao Wuji stopped smiling and his eyes gradually revealed a cold light.

"Haven't you heard what I have done in the The King's Hall of Clearing Seep during these two days?" Long Chen felt that it was a little strange. If Zhao Wuji knew that he had even killed, who had Sixth Level of the Heavenly Completion Stage, he would not have lured Long Chen out so foolishly.

"You're just a mere Heavenly Completion Stage Level 1. What can you possibly do? Don't let me laugh about it." Zhao Wuji laughed in disdain.

Long Chen pondered for a while and thought, "Even Zhao Wuji doesn't know, and the other people from the other six great Royal Halls probably don't either. It must be that the Qing Li King sealed off the news, so why did she seal the news?"

After thinking about it again and again, in addition to the king's attitude towards him, he could only deduce one explanation. That was, the king had treated him as a dark horse, his final killing move.

"Qi Qi once said that the other King's Halls all have disciples with Eighth level of the Heavenly Completion Stage, but the The King's Hall of Clearing Seep doesn't, so does the Qing Li King want to groom me?" Long Chen quickly thought of this point. To him, this was a good thing, it meant that he had an opportunity to improve himself. In Ancient Devil Region, if he had the Seep King to protect him, would he need to worry about not having enough Tongtian Pill?

Seeing Long Chen lost in thought, Zhao Wuji was enraged. He released the true energy of her Fifth stage of the Heavenly Completion Stage and laughed: "Jiang City, maybe you do not know yet, but I have already reached the Fifth stage of the Heavenly Completion Stage. Today, I will let you experience how strong the Fifth stage of the Heavenly Completion Stage is!"

Long Chen regained his senses, he knew that the most important thing right now was to ruthlessly beat Zhao Wuji up, to vent out his anger!

Originally, even if Long Chen did not use the Dragon Soul Transformation, he would have been able to easily defeat Zhao Wuji. However, he wanted to let Zhao Wuji see just how big the gap was between them.

"Oh? I have to say that your beast spirit transformation is really powerful, but unfortunately, your realm is too low!" Zhao Wuji let out a series of cold laughs.

"Die, one move to end your life!" At this time, Zhao Wuji's body moved. He let out a loud shout, and quickly rushed towards Long Chen. The attack he had previously used against Long Chen, now, its might had increased by several times, and he was rushing towards Long Chen!

"Di Wu Ji Finger!"

With his Fifth stage of the Heavenly Completion Stage, being able to use this move was indeed very good!

That vast fingerprint quickly rushed towards Long Chen. From the looks of it, it was simply going to pierce through Long Chen's chest! Zhao Wuji's eyes were filled with madness, he had been waiting for this moment for too long!

However, what made him curious was why Long Chen did not dodge.

Seeing Long Chen not moving, Zhao Wuji felt a little strange, but he quickly firmed his heart and said to himself: "Right now it is dark and windy, which is the night to kill. Furthermore, the Jiang City is not even considered important, it is just right for me to kill him!"

Thinking about this, not only did Zhao Wuji not stop his attacks, he even used all his strength to charge towards Long Chen!

"Haha." Are you scared? "Die!" At the last moment, Zhao Wuji let out a furious roar as the Di Wu Ji Finger in his hand quickly stabbed into Long Chen's chest! It was about to pierce through Long Chen!

"Is that all you've got?" At this moment, he realized that Long Chen, who was in front of him, had suddenly revealed a grin.

However, what happened next caused Zhao Wuji to be even more shocked.

Long Chen slowly stretched out both of his hands and gripped onto his arms, stopping his Heaven Stage High Rank offensive skill, which was enough to kill a sixth stage Tong Tian Warrior. Zhao Wuji realized that his arm was now in Long Chen's hands. Even if he used all his strength, it seemed like he could not break free!

What kind of concept was this?

In Zhao Wuji's heart, wouldn't only a practitioner of Level 7 of the Heavenly Completion Stage be able to do this? He caught the Fifth stage of the Heavenly Completion Stage's Di Wu Ji Finger with his bare hands?

Zhao Wuji was dumbstruck for a moment. In his heart, raging waves were set off, and his eyes were wide opened as he looked at Long Chen. For a moment, he actually forgot that he was fighting Long Chen.

"Little guy, you need to understand that this little bit of strength isn't enough to tickle me," Long Chen said with a grin, and coldly laughed. Right at this moment, he raised his right leg very quickly, and under Zhao Wuji's complete resistance, the sharp blood-red bone in his knee directly pierced into Zhao Wuji's groin!

Instantly, Zhao Wuji's entire body bent forward and let out a world-shaking scream!

The bone spike on Long Chen's knee had directly pierced all the messy stuff around his crotch into pieces, and even pierced a big hole in it. Judging from the situation, he wouldn't be a man in the future, but Long Chen was still merciful, at least he could still be a woman.

She gently pushed Zhao Wuji aside, and he collapsed limply onto the ground.

To Zhao Wuji, what he had discovered today was simply a nightmare. Even if he had already reached the Fifth stage of the Heavenly Completion Stage, Long Chen's strength had already far surpassed his imagination!

What he had nightmares about was the pain of his crotch, the pain of his heart and lungs being torn, everything on his body had problems, but he just couldn't do that. Zhao Wuji thought that from today onwards, he would no longer be a man, this kind of despair was unimaginable.

At this time, fury and hatred completely submerged Zhao Wuji. He rolled on the ground in pain. Its red eyes stared straight at Long Chen, and from time to time, it released low growls.

Zhao Wuji, let me tell you, you will never be able to catch up to me in this life, so it's best for you to be safe and sound and become your direct disciple. Today is your first lesson, so don't provoke me again. Long Chen coldly said as he stood in front of Zhao Wuji.

He turned around and said: "I'll give you a suggestion. You should go find your Scarlet Ghost King as soon as possible and let him see your miserable state. He might even show you mercy and bestow some high-level elixirs so that you can be a man again."

No poison, no man.

Long Chen's creed, only by being ruthless could they make the other party completely submit, especially an ignorant person like Zhao Wuji.

However, Long Chen still underestimated them. His viciousness had yet to reach its true peak, so tonight, he was destined to have to experience a great disaster.

When Long Chen turned around to leave, he did not see Zhao Wuji's eyes that were like that of a wild beast's.

"Jiang City, you forced my hand!"

Chapter 498 - Nine Heavens Thunder Sigil

Just as Long Chen was about to turn around and leave, Zhao Wuji suddenly took out a light purple colored talisman paper from his Cosmos Sack. This light purple talisman paper was filled with deep purple runes, and every talisman would turn into dense electric threads and wrap around the talisman paper.

The moment the talisman came out, Long Chen immediately felt the surrounding temperature increase by a lot. Right now, he still had not had the time to remove the Dragon Soul Transformation, but he could still feel waves of piercing pain from his skin.

An enormous force appeared out of thin air behind him.

"What the hell!" At this time, Long Chen's heart was in shock. He hurriedly rushed forward and then turned around while rushing forward, and then, he saw Zhao Wuji's ferocious face, as well as the flashing lightning rune in his hand!

"Jiang City, this is the divine life-saving talisman that my master bestowed to me, the Nine Heavens Thunder Sigil! Under the Eighth level of the Heavenly Completion Stage, you will definitely die under this Nine Heavens Thunder Sigil. Enjoy it! " When Long Chen turned around, he had already recovered from the pain and was laughing maniacally!

When Long Chen saw the Nine Heavens Thunder Sigil, he knew that something was wrong. It was just as Zhao Wuji said, if it was released, one's Eighth level of the Heavenly Completion Stage would be struck, and only half of one's life would be left! Not to mention the current him!

At such a young age, Zhao Wuji was already considered a Fourth Level of the Heavenly Completion Stage. Furthermore, he had already learned the battle skills of a Heaven Stage High Rank in advance, so it was very possible that he would become another Demon King in the future. Therefore, the Scarlet Ghost King was quite fond of this disciple, and at the same time, he knew that this direct disciple was very brave and ruthless.

Zhao Wuji had only been given the Nine Heavens Thunder Sigil for two or three days, and he was already using it on Long Chen. When Long Chen turned around, he endured the pain and let out a sinister laugh.

Although the talisman paper was made of paper, its speed was not weak at all. At the very least, it was not any weaker than a normal weapon. This was the power of rune attacks. As long as it locked onto them, there was no way to escape!

At this time, Zhao Wuji seemed to be able to see Long Chen's charred body from the Nine Heavens Thunder Sigil's attack, turning Long Chen's entire body into charcoal, causing him to die completely. This was what Zhao Wuji wanted to do right now!

Just as Zhao Wuji had thought, the Nine Heavens Thunder Sigil had instantly enveloped the top of Long Chen's head. Then, in that instant, it suddenly exploded, forming a gigantic ball of lightning that had a diameter of more than three meters, which appeared above Long Chen's head. That resplendent purple lightning light instantly illuminated half of the sky above The King's Hall of Clearing Seep!

The surging purple lightning scurried along the Thunder Lightning Ball, releasing crackling sounds. The surrounding temperature continued to rise, and the entire barren mountain was covered with a wild electrical light. Of course, other than Zhao Wuji, the spellcaster was completely safe.

"Die!" Seeing Long Chen being completely trapped by the Thunder Lightning Ball, Zhao Wuji laughed sinisterly. At this time, he activated the effects of the Nine Heavens Thunder Sigil, and the gigantic Thunder Lightning Ball suddenly exploded above Long Chen's head!

Rumble rumble rumble!

The rocks surrounding Zhao Wuji, with him at the center, all of them began to turn into powder. The enormous might of the lightning swept over one after another, and even if it was a small mosquito, it was impossible for it to survive under such immense power!

The bright light broke through the night sky, lighting up The King's Hall of Clearing Seep!

That huge sound also directly spread far away!

Looking at the patch of purple in front of his eyes, Zhao Wuji was sure that Long Chen had died to the point where he had lost all his dregs. Indeed, when the Nine Heavens Thunder Sigil's power gradually dissipated, Zhao Wuji looked around carefully and found that all the rocks in the surroundings had disappeared. From where Long Chen was standing, he discovered that there was a huge pit that had been blown apart and even the ground had become charred black.

"Dead! Hehe, finally dead, fight with me, Zhao Wuji, this is the result! " Zhao Wuji laughed crazily. He tried his best to get up, but the sharp pain between his thighs made his face twitch non-stop. Zhao Wuji looked down at his crotch.

Jiang City, you caused me, Zhao Wuji, the greatest pain, but I still won, because I used lightning to chop you into powder! Thinking of this, Zhao Wuji finally felt some comfort in his heart.

Only, he had not experienced what it felt like to be a woman, to be a eunuch like this, Zhao Wuji felt extremely tormented in his heart.

"I have to go back and find Master. He must have some medicine to treat me. Besides, with the loud noise I just made, other people will be here very soon. It's not good for me to stay here for long!" Thinking about that, Zhao Wuji immediately struggled, wanting to stand up.

"Do you need my help?" At this moment, such a voice came from behind him.

"Okay, who are you?" Zhao Wuji subconsciously agreed to it first, but when he reacted, his entire face turned completely white. Struggling to turn his head, he saw that the person who was standing behind him and looking down upon him, was none other than Long Chen.

Long Chen was looking at Zhao Wuji playfully, but actually, he was a little afraid in his heart. This time, he had learnt a deep lesson.

Previously, if it wasn't for the fact that his blood escape speed was fast enough and he had already broken through the limits of the symbols, Long Chen wouldn't have been able to survive. Although Long Chen had used few of the abilities of the Primordial Blood Spirit Dragon, Blood Escape and Blood Sacrifice, it had to be said that as long as it was Shen Ting from the Primordial Blood Spirit Dragon, she was heaven defying. After being locked down by the runes, ordinary people wouldn't be able to dodge them, but Long Chen could!

Of course, Long Chen could still use Reverse Time, but it was too painful, and Blood Escape was still the most effective. The reverse flow of time was equivalent to a meatloaf. Can't always be used.

The lesson Zhao Wuji had taught him this time was that no matter how weak the opponent was, he should still pay attention to them. He had indeed underestimated Zhao Wuji previously, but because he had looked down on him in his heart, he did not care about his opponent, which was why he was tricked into coming here, and even almost got killed in the end!

The power of the Nine Heavens Thunder Sigil was definitely enough to kill Long Chen.

Fortunately, because of the extremely fast speed of the blood escape, Long Chen managed to survive.

For example, if Long Chen were to let go of him this time, the next time, he would still think of all the ways to take Long Chen's life.

Zhao Wuji also saw the indifference in Long Chen's eyes.

"Impossible, how can you survive! Under that kind of power, you should have died to the point where not even ashes remain!" Zhao Wuji struggled to retreat, his face was filled with fear, this time, he was truly afraid.

"There are so many things that you don't know." Long Chen shook his head lightly, and said: "Zhao Wuji, you have made me understand a lot of principles, and honestly speaking, I am extremely grateful to you, but now, I can only use the way of the person, and treat him as well."

"No, please!" Zhao Wuji let out a miserable cry as he looked at Long Chen in despair. Long Chen's intention was very clear, he wanted to kill Zhao Wuji.

His despair and prayers did not soften Long Chen's heart.

"Puchi!"

The sharp claws had directly pierced through Zhao Wuji's chest and crushed his heart. Zhao Wuji opened his eyes wide, the inside of his eyes were still filled with despair and pleading, but unfortunately, it was too late.

Long Chen sighed, then said: "Little Wolf, borrow a fire for me to use."

After he finished speaking, he used the Spirit Devouring Demon Pupils to look at his surroundings. With how huge the movement just now was, he believed that there would be people arriving soon.

The wolf cub quickly came out of the Great Void Realm. His Nine Hell Devil Ancestral Fire was the best way to exterminate corpses and tracks.

However, it was too late. When Long Chen had just used the Spirit Devouring Demon Pupil, two figures had already appeared in front of him, it was the Giant Strength Demon General and the Duke of Qing Li. This place was right beside the The King's Hall of Clearing Seep, and with such a huge commotion, they had rushed over in the shortest time possible.

He was a step too late, so Long Chen had no other choice.

Looking at Zhao Wuji's corpse, Qing Li King's pupils contracted. She knew that the movement just now was from the Nine Heavens Thunder Sigil, and the Nine Heavens Thunder Sigil was from the Scarlet Ghost King, so the Nine Heavens Thunder Sigil could only be used by Zhao Wuji. If Zhao Wuji used the Nine Heavens Thunder Sigil, then he would definitely die, but the situation right now was Long Chen killing Zhao Wuji who used the Nine Heavens Thunder Sigil with no damage at all?

After all, she knew very well just how strong the Nine Heavens Thunder Sigil was. There were very few disciples in the younger generation that could survive, and the Scarlet Ghost King was quite fond of Zhao Wuji, so she gave the Nine Heavens Thunder Sigil to him!

Long Chen's position in the eyes of the Qing Li King had once again risen quite a bit.

More importantly, just a few hours ago, the Duke of Qing Li had learned from Liu Yiyi that even Liu Yiyi had lost to him.

This meant that Long Chen was definitely a heaven-defying genius, and that he should have many secrets on him. What the Qing Li King needed the most right now were geniuses, and dark horses like Long Chen at that.

Long Chen was also aware of this point, he could see this from the burning gaze of the Pure Li King, so he knew that he was safe. However, after seeing Zhao Wuji's corpse, the eyes of the Giant Strength Demon General turned red.

Chapter 499 - Non-relatives

Before, Long Chen was still worried that the Giant Strength Demon General would take his life if he didn't destroy the corpse, but now, he didn't need to worry. Otherwise, she would not have allowed Long Chen to kill him as he wished, and he would not keep the news that Long Chen had defeated Qin Huanyu to the outside world.

At this moment, the Giant Strength Demon General's eyes were completely red. When he saw Zhao Wuji's miserable state, he shouted, "Jiang City, you bastard, you actually killed me, Wu Ji."

As he said that, his Ninth Level of the Heavenly Completion Stage aura exploded and that mountainous wave of true energy swept towards Long Chen, directly pushing him back several steps. Then, with an enraged roar, the Giant Strength Demon General stomped heavily on the ground, intending to attack Long Chen!

Under his attacks, Long Chen was definitely killed in one move!

"Stop!" Right at this moment, the King of Qing Li made his move, pulling the Great Strength Demon General back. With a cold expression, she said, "Great Strength, calm down. I am the one who will decide this The King's Hall of Clearing Seep, not you!"

The Pure Li King was an expert of the Earth Martial Stage, and his strength was much higher than that of the Great Strength Demon General. With the Duke of Qing Li's tugging at him, the Great Strength Demon General simply could not move at all, and the King's cold voice also frightened him. The Great Strength Demon General finally regained some clarity. Just now, he was immersed in the anger of Zhao Wuji's death, and had acted on impulse.

"Jiang City, tell me, what exactly happened?!" At this time, the Qing Li King said while looking at Long Chen with cold eyes.

"It's very simple, I believe you already know, this Zhao Wuji, when he reached Fifth stage of the Heavenly Completion Stage, he wanted to find me to fight, to wash away his shame. During the day, I didn't agree to it, but at night, he used a trick to lure me out, and I defeated him, but I spared his life. It's a pity that he wasn't convinced, and took out his Nine Heavens Thunder Sigil, wanting my life."

The Giant Strength Demon General and the Duke of Qing Li indeed knew that Zhao Wuji had been looking for trouble with Long Chen for the past few days. Because the Duke of Qing Li had ordered it, otherwise, Long Chen's strength would be exposed, so the Giant Strength Demon General didn't have the time to tell Zhao Wuji about Long Chen.

What Long Chen said was about the same as what happened here. It was easy to tell that he was telling the truth, and the Giant Strength Demon General understood Zhao Wuji's brave and ruthless personality better, so he knew that what Long Chen said was true. However, Zhao Wuji was his nephew, how could he let Zhao Wuji die just like that?

"Jiang City, in the end, you're still the one who killed Zhao Wuji. With your status as an ordinary disciple, you actually killed the Scarlet Ghost King's direct disciple, and Zhao Wuji is still my nephew. The Giant Demon General roared with a savage expression.

If it were any other ordinary disciple, the Giant Strength Demon General would definitely be able to kill them easily and take revenge for Zhao Wuji. After all, the Ancient Devil Region did not allow them to fight privately, but that was only in the case of ordinary disciples, as one of the twenty-eight Demon Generals, the Giant Strength Demon General still had the right to kill the disciples.

So at this time, the Giant Strength Demon General didn't think too much about it. After Long Chen finished explaining what had happened, he took Long Chen's life without a second word!

"Stop right there!" Her cold gaze completely stunned the Giant Demon General. He looked at the Duke of Qing Li in confusion and said, "Your majesty King Qing Li, he is only an ordinary disciple, but he killed my nephew. Can't I avenge my nephew?"

If it was before, the Qing Li King would definitely not have asked, but why would she stop him today? He was one of the four great demon generals of the The King's Hall of Clearing Seep. With his position, could he not compare to a single Long Chen?

The strange actions of the Qing Li King were simply going to drive the Giant Strength Demon General insane.

"Stop messing around, it's the fault of the people from Scarlet Ghost King's Palace. Jiang City is just a passive defense, we are from The King's Hall of Clearing Seep, Giant Strength, you can't be in the wrong team." The Duke of Qing Li said coldly.

The Giant Strength Demon General paused. He knew that from this perspective, the Duke of Qing Li basically had nothing to discuss. He was not an idiot, and at this moment, he was also thinking about the reason. The reason was actually not hard to figure out, why did the Qing Li King use all sorts of methods to protect Long Chen, wasn't it all because of Long Chen's potential? Furthermore, the Giant Strength Demon General also knew a few other things that even Long Chen did not know about.

"I will leave the matters with Zhao Wuji to you. Jiang City, follow me back to The King's Hall of Clearing Seep. " The Qing Li King did not give the Giant Demon General any leeway to negotiate and directly turned to leave. Long Chen remained calm in his heart and hurriedly followed behind the Qing Li King.

He did not look at the Giant Strength Demon General, but Long Chen could still feel the enemy's hateful gaze. In this world, the possibility of surviving was something that one could rely on their own strength to fight for. was far from being a match for him, so he could only follow the Duke Qing Li without making a sound for the rest of his life.

As for the future, with the protection of the Seep King, Long Chen did not need to worry about the Giant Strength Demon General for the time being, unless the Giant Strength Demon General was crazy and did not want to stay in the Ancient Devil Region.

Only the people from the The King's Hall of Clearing Seep were able to see the commotion happening in the desolate mountain, so the other king palaces were not very clear about it. Under the suppression of the Qing Mei King, the news was temporarily suppressed, so for the time being, no one knew what had happened here. And at this time, Long Chen was brought back to the The King's Hall of Clearing Seep. The residence of the Qing Li King was the core area of the The King's Hall of Clearing Seep. Long Chen had never been there before.

In the middle of the palace, there were only Long Chen and the Duke Qing Li. Currently, the Duke Qing Li was sitting on the luxurious chair, looking down at Long Chen from above.

"Jiang City, I think you're not an idiot. You should be able to tell that I can protect you now." After a while, the king spoke faintly.

"Thank you for your kindness, King Qing Yan. Jiang City understands. If it wasn't for you today, the Great Strength Demon General would have definitely killed me." Long Chen was clear about this point, the reason he dared to kill Zhao Wuji was because he had already guessed the inklings from Duke Qing Li's actions. It seemed to be extremely risky, but Long Chen was extremely confident. Furthermore, Zhao Wuji had wanted to take Long Chen's life multiple times, so how could Long Chen let him live?

"It's good that you understand. I believe you also know that you and I are not related in any way, and you are not my direct disciple. I do have a reason for helping you." The Duke of Qing Li continued.

"I don't know, what can I do for you?" Long Chen more or less knew the answer, so he only confirmed it for a bit.

My The King's Hall of Clearing Seep's results are the last, and my disciple's strength is also very different from the other King Palaces. But five years later, I believe that you should know about the current situation today, as The King's Hall of Clearing Seep doesn't have any young disciples from the Eighth level of the Heavenly Completion Stage, but the other six King Palaces do. In other words, my The King's Hall of Clearing Seep has basically been confirmed as the last in the one month's annual examination. Ever since I took control of the The King's Hall of Clearing Seep, it did not improve at all, and the disciples' strength is getting weaker and weaker with each passing generation. Maybe after I retreat, the The King's Hall of Clearing Seep will no longer exist. "

As he spoke up to this point, the Duke of Qing Li's heart felt rather heavy.

Long Chen listened to every word she said.

"Are they both last place? This is indeed quite tragic, but Liu Yiyi has pretty much reached the Eighth level of the Heavenly Completion Stage, and looking at her situation, it seems that it was only one to two months ago. Long Chen pondered. If it was an ordinary person, they would have been duped by Duke Qing Li in an instant. However, Long Chen knew very well about Liu Yiyi's strength, and thus, he retained a bit of doubt in his heart.

Of course, the miserable state The King's Hall of Clearing Seep was in actually had nothing to do with Long Chen. Long Chen knew what the Duke Qing Li meant.

"What you mean is, you want me to represent the The King's Hall of Clearing Seep in the annual examination one month from now?" Long Chen raised his head and asked.

Actually, he was secretly delighted in his heart, as far as he was concerned, this was exactly what he wanted. He still didn't know how he could participate in the annual examination to obtain the dianyin bead, and the Pure Li King had given him such an opportunity.

"You are very smart, I think so. From today onwards, I will focus on cultivating you, and in a month's time, you will be able to make huge improvements in your strength. Do you have the confidence to defeat Eighth level of the Heavenly Completion Stage in one month's time, and get into the top three, or even the champion?" The Qing Li King stared at Long Chen and said with a stern expression.

Long Chen knew that since the Duke of Qing Li had saved him this time, he didn't have the right to refuse at all. Otherwise, the Giant Strength Demon General would tear him apart.

"If you are willing to nurture me, and give me what I want, I can guarantee that I won't let The King's Hall of Clearing Seep be the last place. As for the top three, it isn't too difficult." Long Chen said decisively, his eyes full of determination.

Although the things that happened today looked as if he was threatened by the Duke of Qing Li, in fact, Long Chen's heart was already overflowing with joy. His original goal was to become as strong as possible before the annual examination and then obtain the dianyin bead, but the King of Qing Li had already sent all the benefits over to him.

Long Chen's affirmative answer, made the Duke of Qing Li extremely satisfied. She smiled and said, "You're full of confidence. Looks like you have a plan, don't you? Just tell me what you want. "

Long Chen pondered for a while, then said: "I want a million Tongtian Pill, and also that crystal that was enveloped in demonic light for us that time."

A million Tongtian Pill was equivalent to all the wealth of an ordinary Ninth Level of the Heavenly Completion Stage practitioner. There was also a crystal, it was also the The King's Hall of Clearing Seep's treasure, there were only five of them in the entire The King's Hall of Clearing Seep.

Long Chen's condition caused the Seep King to frown slightly. She pondered for a moment and said: "With these things, he can guarantee that he can defeat Eighth level of the Heavenly Completion Stage in one month? What guarantee do you have? "

"I can guarantee that if it doesn't work, I will raise my head to meet you." Long Chen said decisively.

Chapter 500 - Sixth Level of the Heavenly Completion Stage

If Long Chen could really finish it, the one million Tongtian Pill and the payment of the crystal was nothing much. Prince of Chen Yun thought for a moment and couldn't bear to see Long Chen fail. Moreover, in such a short period of time, Long Chen was able to go from Heavenly Completion Stage Level 1 to his current level. He had enough authority to say that he could succeed. Therefore, King Qing Yao nodded. "Alright, one million Tongtian Pill and that crystal, I can give them to you tonight. I hope you will keep your promise and finish what you said. "

"A man, a real man, cannot keep his word." Long Chen said.

The Duke of Qing Li praised him, "Your courage isn't bad, but what do you want that crystal for? The energy in that crystal contains some imprints of ancient experts. If you absorb it too much, it won't be beneficial to you."

Long Chen nodded: "I understand, just give it to me."

She told Long Chen to wait here for her for a while, and then immediately left. Long Chen then waited at his original position, and in about a quarter of an hour, the Duke of Qing Li gave him a Qiankun bag and said: "The one million Tongtian Pill and the crystals are inside, you can go back now, I'll temporarily suppress the news of Zhao Wuji's death, but I think that Scarlet Ghost King will soon find out and find trouble with you. Of course, I'll help you block it, but you'll have to be smarter by the time."

Long Chen understood that the Scarlet Ghost King regarded Zhao Wuji so highly, and had even given the Nine Heavens Thunder Sigil to Zhao Wuji. If he knew that Zhao Wuji was acting haughtily here, he would definitely come looking for trouble, and at that time, Long Chen would need much more strength. Otherwise, he wouldn't be able to take any of the challenges!

Of course, the crystal in his hand and the one million Tongtian Pills was the guarantee that he would become strong. Long Chen could not wait to return and get rid of the imprint on the crystal with Little Cat's help. With the help of the crystal and the Tongtian Pill, Long Chen could at least reach his goal, the Level 7 of the Heavenly Completion Stage.

Only by reaching the Level 7 of the Heavenly Completion Stage would he be able to fight against the practitioners of the Eighth level of the Heavenly Completion Stage.

Therefore, Long Chen couldn't wait to go back.

Of course, before he left, he still had one last thing to do, and that was to repay the money. Previously, he borrowed money from Huangfu Qi just in case, but with over a million Tongtian Pills, Long Chen did not need Huangfu Qi's fifty thousand Tongtian Pills anymore.

Before leaving, Long Chen asked: "I want to go take a look at Huangfu Qi, where does she live?" In the evening, Huangfu Qi had just returned.

"Are you talking about Qi Qi? Just two hours ago, she was taken away by her father. " The Duke of Qing Li said somewhat helplessly. To her, the longer Huangfu Qi stayed here, the deeper her feelings were towards her. But staying here for a few days, it was impossible for her to get close to that great figure of the Huangfu Clan.

"She's gone?" Long Chen was shocked. She had just left his place and her father had already come? The pitiful Long Chen still believed that Zhao Wuji kidnapped her.

From this, it could be seen that her father was very angry. Otherwise, with Huangfu Qi's personality, he would definitely bid farewell to Long Chen, and so many things wouldn't have happened tonight.

"I'm finished, I promised that even if she left, I would send fifty thousand Tongtian Pill to her, am I not throwing rocks at my own feet?" Long Chen was secretly depressed in his heart.

"Qi Qi's father is the same kind of person as the Demon Emperor." At this time, the Duke of Qing Li sighed with emotion.

Long Chen had already guessed this, for Long Chen, becoming stronger was the most pressing matter, so he directly bid farewell to the Duke of Qing Li and returned to his own residence. The moment he returned, he said to Cat, "fat cat, I remember you saying before that the power of this crystal allowed me to reach Level 7 of the Heavenly Completion Stage, right?"

"That's to be expected. This god's words are definitely correct." He reached out his hand and caressed his round stomach. He was already used to Long Chen's title of fat cat.

"Alright, I won't waste any more words. Let's just begin, this time I want to directly reach the Level 7 of the Heavenly Completion Stage!" Level 7 of the Heavenly Completion Stage. This was the most important mission for Long Chen before the annual examination.

"Wait, you asked this god for help, is this god going to help?" The kitten pretended to be unwilling.

"Don't give laozi any ink, or else let the wolf cub burn your little brother!" Long Chen immediately swore and took out the crystal core. He knew that Little Cat was actually afraid of the Nine Serenities Demon Ancestral Fire, which could easily cause harm to her.

Hearing Long Chen say that, the little kitten was so scared that its butt lifted, and retracted some things. It thought about how miserable Zhao Wuji had been today, turning from a man to a woman.

"Forget it, forget it. Seeing how young and ignorant you are, this god will reluctantly help you." With that, Cat shook her head and helped Long Chen retrieve the imprint power inside the crystal, then she absorbed all of the pure power for Long Chen.

This crystal seemed to contain the power of a Ranker for the rest of his life. Of course, most of the energy that could be preserved had already been lost, so the remaining amount of energy in this crystal should not even reach one thousandth of the peak of the Ranker. But even so, it was enough for Long Chen to reach the Level 7 of the Heavenly Completion Stage.

Two waves in a row.

With the little kitten there, it could use some devilish method to completely control the energy output from the crystal. Long Chen's cultivation increased steadily under its control, just like how it used to absorb the energy from the crystal.

A huge amount of energy flowed into Long Chen's body, and was absorbed and refined by Long Chen. In the end, it became a part of Long Chen's strength!

The little kitten controlled the energy very well, allowing Long Chen to absorb it safely. His body was strong enough, so there was no danger of him exploding from the pressure. In the midst of his steady progress, Long Chen quickly reached the edge of Fifth stage of the Heavenly Completion Stage. At this time, the kitten stopped the channeling of energy, because it knew that Long Chen was probably going to sprint through the Sixth Level of the Heavenly Completion Stage.

In the Heavenly Completion Stage, there were a total of six spiritual cavities, but Long Chen had now broken through five of them, expanding five of their core strengths from the body, and now he only had one more spiritual cavities left. Once he reached the Sixth Level of the Heavenly Completion Stage, the spiritual cavities in his body would reach perfection.

The six great cores in his body formed a perfect circle.

With the experience from the previous five times, Long Chen had easily reached the Sixth Level of the Heavenly Completion Stage. His strength was rising so fast that even he himself was amazed, since he had absorbed one percent of the inherited blood essence, his body felt like a bottomless pit, and he needed a huge amount of energy to fill it.

Therefore, whether it was using the Blood Refinement Qi or directly absorbing the energy inside the crystal like he was doing now, he didn't feel uncomfortable at all. Furthermore, Long Chen had a feeling that he could complete this task with his entire Heavenly Completion Stage. This was the heaven-defying effect of the Primordial Blood Spirit Dragon's inherited blood essence.

Based on the current level of Sixth Level of the Heavenly Completion Stage, it was still far from sufficient.

"Continue on, you are a monster with ancestral dragon blood. If others had eaten like you, their bodies would have exploded countless of times. Only you can last so long!" The kitten sighed with emotion.

It continued to release the energy from the crystal, allowing Long Chen to absorb it. Long Chen did not say a single word, and steadily pushed his own strength towards the Level 7 of the Heavenly Completion Stage. Based on the current situation, could definitely reach the Level 7 of the Heavenly Completion Stage today.

However, just now, when he was using her Sixth Level of the Heavenly Completion Stage, Long Chen had already used around one hundred and ten thousand Tongtian Pill. He had a premonition that her Level 7 of the Heavenly Completion Stage would require at least three hundred thousand profound practitioners, which meant that the one million Tongtian Pill he had just obtained was not enough for his Eighth level of the Heavenly Completion Stage!

If it was anyone else, they would only need a million Tongtian Pill to open the last Heavenly Canon, but once Long Chen had reached the Eighth level of the Heavenly Completion Stage, he would already need a million Tongtian Pill. With the nature of the Dragon Soul Zhen Qi being ten times more, it would also be ten times more difficult for him to level up.

From this, it could be seen that his decision to enter the Ancient Devil Region was the right one. If he was outside, where did Long Chen get so many Tongtian Pill? He reckoned that if he did not come to the Ancient Devil Region, his current strength was only at the third or fourth level of Heavenly Completion Stage. Without Tongtian Pill, even if he had Blood Refinement Qi, he still would not be able to eat.

Sure enough, after he had consumed enough True Qi, Long Chen spent a total of three hundred and fifty thousand Tongtian Pills to stabilize his True Qi and was only third from the bottom in his nine great chakras.

A million and one hundred thousand Tongtian Pill only had eight hundred thousand left, which was not enough for Long Chen to reach the Eighth level of the Heavenly Completion Stage. Long Chen knew that it was very likely that he would not be able to level up before the annual examination. After all, the further he cultivated, the harder it was for him to level up. Furthermore, at the end, he would need a lot of things, and Long Chen wouldn't have that much resources.

When he was still at the Heavenly Completion Stage Level 1, he was still able to use his super strong Heaven Stage High Rank to defeat demon beasts of the fourth level of the heaven stage. But now, there were some whose bodies were even stronger than Long Chen's, so his advantage had already disappeared.

Unless Long Chen obtained the danyin bead.

He was the one thing that could allow him to reach the heavens in a single step.

Reaching the Level 7 of the Heavenly Completion Stage was the guarantee from the danyin bead, so Long Chen did not dare to be careless. He controlled his Innate Qi and carefully channeled all of it into his head.

Yes, the two earth cavities are the Earth Yang cavities and the Earth Yin cavities. They are located in the head, and are separated in the middle of the left and right brain respectively. Opening the two Earth Apertures was much harder than opening the six spiritual cavities. It would also require a lot more mental power, so a small mistake might just be enough to take Long Chen's life.
