

## War God 501

### Chapter 501 - Ying Shaotian

The seventh acupoint was the Earth Sun Aperture. At the same time, Long Chen was controlling the True Qi all over his body, approaching the Earth Sun Aperture. Amongst the eighteen Milky Way Stars in his body, only one of them had penetrated into his head. It was not big in his body, but it was filled with a large amount of Innate Qi. Luckily Long Chen had enough Tongtian Pills to suppress the Innate Qi and stabilize it, otherwise, he would not have a way to break through the barrier.

The power of three hundred and fifty thousand Tongtian Pills was not to be reckoned with!

Although it was difficult and dangerous to open the seventh acupoint, under Long Chen's careful control, it could only be considered to be dangerous. With the nourishment of the Tongtian Pills' power, the Earth Sun Aperture gradually formed in the middle of his head. The Earth Sun Aperture was not big, but there was an additional type of fiery energy revolving within it.

Long Chen estimated that if the eighth acupoint was formed, the pill that would appear would be a ball of cold Qi.

As for the final and most crucial acupoint, the appearance of that place was still uncertain. Moreover, everyone was different, as the one in the sky was the center of the nine great acupoints. It was the most important acupoint, and could be said to be the core of the entire person. The final destination for Long Chen's One Heavenly Aperture would also depend on where he would be able to find out after reaching the Eighth level of the Heavenly Completion Stage.

When Long Chen finally finished breaking through, he discovered that the sky had already lit up. Not to mention the change in his strength after reaching the Level 7 of the Heavenly Completion Stage, when he pushed open the door, he realized that the world outside had become different in his eyes. He could no longer see things clearly.

Be it his vision, hearing, sense of smell, or even sense of taste, they were all incredibly clear. Long Chen could even see the tiny ravines in the middle of the mountains in the distance as he listened to the conversation between many voices in the entire The King's Hall of Clearing Seep. This was the effect of opening the Earth Sun Aperture.

It was like an evolution of life.

As for his Level 7 of the Heavenly Completion Stage's strength, Long Chen had an estimate in his heart. At the very least, ordinary Eighth level of the Heavenly Completion Stage wouldn't be his current opponent, if he were to go against Liu Yiyi again, even if Liu Yiyi had two great Heaven Stage High Rank offensive combat skills as well as the king level devil shadow clone, Long Chen would have a great chance of defeating her.

"There's still a month's time until the annual examination. Even I didn't expect that I would actually be able to complete the cultivation mission so far ahead of time, and in just a few days' time, to complete the advancement from Heavenly Completion Stage Level 1 to Level 7 of the Heavenly Completion Stage. This kind of speed is truly rarely seen in the world."

Regarding his own improvement, even Long Chen himself was rather impressed.

Of course, he knew the reason, and the reason was because 1% of the inherited blood essence was able to increase the endurance of his body. If not for that, for Long Chen to continuously use Blood Refinement Qi, no matter if it was his body or will, it was very likely that he would not be able to endure it.

"There is still one month left. Most of my true qi right now isn't cultivated by myself, so my foundation is not very stable. I am not in a hurry to improve, but rather, it is better to stabilize my strength for this month."

"Moreover, Eighth level of the Heavenly Completion Stage is not that easy to break through. According to my current situation, I need at least a million Tongtian Pill. The remaining one hundred and fifty thousand Tongtian Pill should be much easier to obtain from the Qing Li King.

Therefore, Long Chen was not in a hurry to break through his Eighth level of the Heavenly Completion Stage. With his current strength, it should be enough for him to take the examination to be a disciple every five years. He had only been in the Ancient Devil Region for more than a month, and already possessed such strength. If he were to display it, the entire Ancient Devil Region would definitely be shaken.

Within the Ancient Devil Region, there were nearly two thousand Sixth Level of the Heavenly Completion Stage elders, more than two hundred senior disciples and more than six thousand ordinary disciples. Ancient Devil Region who had a total of close to ten thousand people had countless strong experts, but there had never been a person who could become stronger like Long Chen.

Not only did the Ancient Devil Region not have it, the entire Holy Martial Empire would not have it as well. Long Chen's heaven-defying performance, as long as it was displayed, would immediately shake

the entire Holy Martial Empire. At that time, it would definitely attract the attention of the higher ups of the Martial Alliance.

One had to know that the Martial Alliance was the largest organization in the Holy Martial Empire. Within the Martial Alliance, there were many forces that were similar to the Ancient Devil Region. Just like Huangfu Qi's Huangfu Family, which was one of the members of the Martial Alliance, they had a seat in the elder council of the Martial Alliance.

Of course, Long Chen would not think about these things for the time being.

"Compared to the other young Rankers in Ancient Devil Region, what I lack should be battle skills. In terms of physical abilities, I have already reached the peak of Heavenly Completion Stage, so there are very few people who can compare to me. In terms of offensive techniques, the Heaven Punishing Sword Formation is also the peak of Heavenly Completion Stage. As for movement skills, defensive skills and the like, I am much weaker than them. Even Liu Yiyi has king level abilities and techniques. "

Thinking about the devil shadow clone, Long Chen was a little envious. He estimated that the devil shadow clone could use about three-quarters of the original strength. A single devil shadow clone was stronger than a hundred and twenty-five divine fire clone. In battle, if he used the devil shadow clone, it would be equivalent to having another comrade.

Right now, Long Chen's improvement was way faster than the wolf cub's speed, so during the battle, the wolf cub was not of much help. As for the fat cat, it had a lot of strange methods, but when it came to fighting, it was just a coward.

"It looks like I have to think of a way to get hold of this King-level Battle Skills, how do I do that? Luring Liu Yiyi? It didn't seem very reliable, so she decided to mention it to King Qingguang. She wants me to win. Maybe there really will be a chance. "

Thinking to this point, Long Chen headed in the direction of the The King's Hall of Clearing Seep. Right now, his eyes and ears were much clearer, so before he had taken a few steps forward, he heard a burst of noise coming from the direction of The King's Hall of Clearing Seep. It should be because someone else was there.

"It must be the Scarlet Ghost King. The news of Zhao Wuji's death has already reached the Scarlet Ghost King." This was an inevitable consequence. The Qing Li King could seal many people's mouths, but he definitely could not seal the mouth of the Great Strength Demon General. Since the Qing Li King was not

willing to let the Great Strength Demon General deal with Long Chen, wouldn't he let the Scarlet Ghost King?

Fortunately, Long Chen had broken through his Level 7 of the Heavenly Completion Stage just now and was slowly approaching towards the ranks of the strong, so he was not worried. If the Qing Li King said he would protect him, then he would definitely protect him. Thus, he took a step forward and quickly headed towards the direction of the The King's Hall of Clearing Seep. From afar, he saw the tall and red body of the Scarlet Ghost King enter the The King's Hall of Clearing Seep.

Long Chen immediately followed. Behind the Scarlet Ghost King, he flashed into the The King's Hall of Clearing Seep, and quickly arrived beside the Qing Li King. At this time, the Qing Li King was sitting in her seat resting with closed eyes, while Liu Yiyi, who was wearing a white dress, obediently stood beside the Qing Li King. She had a worried expression on his face as he looked at the Scarlet Ghost King that had walked in.

She had already learned about what had happened last night from the Duke of Qing Li.

And after the Scarlet Ghost King entered, she saw that Long Chen had actually entered as well, and the aura around this youth's body seemed to be different from the previous night, as if he had become stronger. She hurriedly called out to Long Chen, telling him to come over to her side, and only at this moment did Duke Qing Li open his eyes, take a glance at Long Chen, and then, coldly faced the furious Scarlet Ghost King.

Long Chen was also sizing up Scarlet Ghost King, and the man behind him, Scarlet Ghost King was the most recognizable looking one. All of the skin on his body was scarlet, and his appearance was similar to Huangfu Qi's description of a red toad. As ugly as you can be. Compared to the young man beside him, one was in the sky while the other was on the ground.

He wore a black and white robe, and his eyes were as vast as the stars. His lips were weak, his nose was high, and his fingers were long and powerful. He was truly a strong, strong, beautiful man.

Of course, Long Chen was not bad looking either. The more his strength increased, the more his temperament changed. The hedonistic aura from back then slowly dissipated, replaced by a sense of majesty, a cold and detached king. Of course, there were also quite a few bloodthirsty auras from the Archaic Blood Spirit Dragons.

The current Long Chen looked as though he was born to kill.

This was because what he inherited was the legendary Blood Slaughter Ancestor Dragon — Primordial Blood Dragon's Inherited Blood Essence!

"This man's name is Ying Shaotian, and he's the only expert in the entire Scarlet Ghost King's Palace with Eighth level of the Heavenly Completion Stage. His overall strength should be enough to rank in the top three amongst the disciples from the seven great King Palaces, right?"

Liu Yiyi whispered into Long Chen's ear. In her eyes, there was a little fear and resistance towards Ying Shaotian. There was even a hint of disgust.

If Ying Shaotian was truly that good of a person, there was no reason for Liu Yiyi to hate him. Therefore, this fellow was very likely that kind of person.

Long Chen noticed that when Ying Shaotian first came in, his eyes glanced at Liu Yiyi, and a faint smile flashed at the corner of his mouth. Then, he turned his head to look at the Pure Li King.

Scarlet Ghost King's face was red to begin with, but at this moment, he was so angry that his face was flushed red. He suddenly saw that the Long Chen who had followed him in and charged in front of him was actually the Long Chen who had killed his new disciple Zhao Wuji.

The might of the Earth Martial Stage, as long as it was used on Long Chen's body, would be more or less enough to squash Long Chen flat.

Long Chen didn't even move because he knew that the Duke of Qing Li wouldn't allow the Scarlet Ghost King to act as he pleased.

## Chapter 502 - Deceit

As expected, just as Scarlet Ghost King was about to make a move against Long Chen, the originally seated Duke Qing Li appeared in front of Long Chen. For Long Chen to be able to stand behind the Qing Li King safely, this feeling of being covered by others, was truly pleasurable, especially for a beautiful and mature woman like the Qing Li King.

"Scarlet Ghost King, you came to my The King's Hall of Clearing Seep and attacked the direct disciple of my Pure Li King. What do you mean by that, do you want to start a fight between the two Demon Kings?" The Duke of Qing Li looked at his Scarlet Ghost King coldly.

"Direct disciple? This Jiang City, how could she be your direct disciple? You can only accept one direct disciple a year! " Seeing that she could not make a move, the Scarlet Ghost King immediately roared.

"Do you really not know or are you just pretending not to know?! Originally, the disciple I accepted was Huangfu Qi, but after verification, Huangfu Qi is an important figure in the Huangfu Family. How could he possibly become my disciple? After she leaves, I can naturally allow Jiang City to become my direct disciple. This is my freedom, how can your Scarlet Ghost King have any objections? " His face was covered in a thick layer of frost.

"Good!" Let's not talk about whether he is a direct disciple for now. You should already know the reason why I came here today. Even if he is your direct disciple, he can't kill my Scarlet Ghost King's direct disciple! If I come here today, Jiang City will pay with her life! " The Scarlet Ghost King did not want to fight with King Qishui. After all, a big fight between two Demon Kings would not benefit anyone, and they might even be punished by the Demon Emperor.

However, regarding Long Chen, he had to take his revenge today!

He intended to raise Zhao Wuji to be the second Ying Shaotian. At that time, the two great geniuses of the Scarlet Ghost King would definitely be able to suppress the other king palaces, which was why he had handed the Nine Heavens Thunder Sigil over to Zhao Wuji to protect his life. He did not expect that the moment the Nine Heavens Thunder Sigil was given away, the news of Zhao Wuji's death would spread.

After hearing this news, Scarlet Ghost King was so heartbroken that he vomited blood. He quickly brought Ying Shaotian to his side and rushed to The King's Hall of Clearing Seep to take revenge for Zhao Wuji.

Although Zhao Wuji was his direct disciple, Duke Qing Li had also said it here, and Long Chen was no longer a normal disciple. If he was a normal disciple, he, the Scarlet Ghost King, could kill whatever he wanted, but if it was a direct disciple, which Demon King would let his direct disciple be killed as he wished?

Since she had even said that, then from today onwards, Long Chen's identity would undoubtedly be that of a direct disciple of the Duke of Qing Li. This way, he would have the qualification to directly enter the Third Demon World, and of course, as a high-level disciple, he would also be able to go to the Level 7 of the Heavenly Completion Stage.

At this time, the Scarlet Ghost King was about to pay with his life.

It's not that your direct disciple is a human, it's just that my direct disciple is not a human. Fighting between disciples, it's very common for Master to appear, that's right, Zhao Wuji was indeed killed by my direct disciple, Jiang City, but do you know what happened? Jiang City, tell me, what exactly happened? "

Long Chen was neither servile nor overbearing, and directly narrated the events that happened last night from the very beginning. Scarlet Ghost King clearly knew in his heart that ever since Zhao Wuji had arrived at the Fifth stage of the Heavenly Completion Stage, he had practically come to find Long Chen every single day in order to get revenge. Thus, even though he believed Long Chen's words, it did not mean that he would believe it on the surface.

"Bullshit!" If the Nine Heavens Thunder Sigil was used, how could a little fellow like you hide? Your words are completely full of loopholes, and I see that there's something fishy about my disciple Zhao Wuji's death, no? Could it be that someone was planning an ambush? Just to kill him? " Scarlet Ghost King said coldly, those cold eyes, were like a sword piercing towards Long Chen.

"Scarlet Ghost King, what do you mean?" The Seep King said angrily.

"What do you mean? Let me speak the truth, my direct disciple is dead, so no matter what, you have to say something, or else my Scarlet Ghost King will not let this go easily. The Scarlet Ghost King spoke in a low voice, not backing down at all.

At this point, the Scarlet Ghost King had already made it clear that no matter what happened, the end result was that Zhao Wuji died in Long Chen's hands.

"You want an explanation? That's good, then I, the Duke of Qing Li, will accompany your Scarlet Ghost King in a match. It's been almost five years since we've fought, so don't think that I'm afraid of you! " A cold light shone from the eyes of the Duke of Qing Li. Scarlet Ghost King did not give in at all. She had more guts than Scarlet Ghost King, and if Scarlet Ghost King wanted to say, she would say it even more directly.

"You and me? "Alright!" Hearing the Duke of Qing Li's words, the Scarlet Ghost King burst out into laughter. He then stopped and said gloomily, "Good, you are the King of Qing Li. If you have the guts, well, if I don't beat you up today, I won't be able to quell my anger! The battle between the two Demon Kings, this is Ancient Devil Region Sky News! "

The conflict between the The King's Hall of Clearing Seep and the Duke of Qing Li rapidly intensified as the Scarlet Ghost King and the King Qing Li locked gazes and their auras continued to rise, causing the other three people in the vicinity to feel a little uncomfortable.

At this time, he smiled slightly and said: "Please listen to me: The two of you are people with great statuses in Ancient Devil Region, if you were to fight recklessly, it will definitely affect Ancient Devil Region's reputation and even her position. Today, it is a grudge between the younger generation, so I think the younger generation should settle it, what do you say?"

Long Chen's pupils shrank. From Ying Shaotian's words, Long Chen already felt that this fellow seemed to be difficult to deal with ...

As expected, after hearing his words, the Duke of Qing Li and the Scarlet Ghost King stopped fighting. The Scarlet Ghost King was very satisfied with his direct disciple, which was even more so than Zhao Wuji.

Ying Shaotian laughed, then looked at Long Chen and said, "Previously, didn't Master not believe that this Jiang City could handle the Nine Heavens Thunder Sigil? My single attack could almost match the power of a Nine Heavens Thunder Sigil. Then if I attack with just one, if Jiang City is able to withstand it, wouldn't that mean that what he said was true? In other words, if what he said was true, then this Junior Brother had challenged others last night and even used a method of assassination. To be honest, she was bringing shame upon herself. It was only right that she died!

This Ying Shaotian was truly a clever and tactful person. He caught a key point in the conversation between Scarlet Ghost King and the Duke of Qing Li, and the goal was to use his Eighth level of the Heavenly Completion Stage to attack Long Chen, but he said that it was watertight.

It had to be known, that with his strength, how could the Long Chen from one day ago be able to handle it? When he directly killed Long Chen in one move, he could have said that he did it unintentionally.

With regards to the wisdom of this disciple, even Scarlet Ghost King had admiration for him. He laughed loudly and said, "What Shaotian says makes sense. Duke Qing Li, does your disciple dare to accept the test? If he doesn't dare, it means that he was lying just now. If that's the case, then don't blame me for being rude! "

Of course the Qing Li King was hesitating. Ying Shaotian's words were just too awesome, even she didn't know how to respond. Letting Long Chen take on one of Shaotian's moves, wasn't that simply courting death?

Just as the Duke of Qing Li was about to reject, Long Chen said lightly: "This method is very good. Since Brother Ying wants to verify, then come, but I'll say it first. If I'm fine and block your attack, then I ask you to bring your master and leave the The King's Hall of Clearing Seep. We do not welcome you here."

"Jiang City!" The Duke of Qing Li and Liu Yiyi were both shocked. In their opinion, Long Chen agreeing like this was simply too impulsive, right? Liu Yiyi had seen Ying Shaotian's strength before, and he was definitely stronger than her.

Ying Shaotian's expression changed slightly. Everything that happened earlier was under his control, and it was just the first sentence from Long Chen, and it seemed that the situation had already slipped out of his control.

"Honestly speaking, if not for junior brother's death, I would not want to come to The King's Hall of Clearing Seep." He could be considered to have agreed to Long Chen's request. At least, Long Chen was able to catch it, so he and Scarlet Ghost King immediately turned around and left.

"Don't worry." After that, he directly dispersed the crowd and stood in the empty space in the middle of the palace. He looked at Ying Shaotian with rapt attention, and said lightly, "Come, don't waste time."

Scarlet Ghost King and Ying Shaotian looked at each other, and only then did Ying Shaotian walk ten meters in front of Long Chen. He carefully examined Long Chen for a while, but didn't find anything strange about him.

"In the selection battle, I have seen his performance before, but he was only barely able to surpass Fourth Level of the Heavenly Completion Stage. He was a huge difference from me, and should be pretending to be mysterious or something, but it just so happens that I can end his life. Who knows, once Master gets happy, he might bestow me something."

As he thought of this, Ying Shaotian's eyes turned cold. His true qi began to flow, and a slight wind caused his robe to flutter. For a moment, he looked like a divine general that had descended from the heavens.

Long Chen thought for a bit, and still did not use the Dragon Soul Transformation. Now was not the time to battle with Ying Shaotian, so revealing his true strength was not beneficial, so today, he could only send the two of them back.

At the side, Liu Yiyi and the Duke of Qing Li were watching with a worried expression. To the Qing Li King, Long Chen was his hope in one month. If Long Chen disappeared now, then The King's Hall of Clearing Seep would suffer a huge loss.

At this moment, Ying Shaotian's figure flashed, and his entire person rushed towards Long Chen like a crazy gust of wind. When he neared Long Chen, he frantically pointed his finger out, and the color of the sky changed instantly. The strong wind whistled, and that huge storm blew Long Chen's long hair up into the air.

### Chapter 503 - Wind Sword Finger

Ying Shaotian's specialization in combat skills should be similar to the Chu Yunxi from long ago, both were of the wind attribute. Currently, in the midst of the whirlpool of wind, Ying Shaotian's finger struck out with a powerful force, like a sword, that directly pierced towards Long Chen's throat!

"Wind Sword Finger!"

For safety's sake, he would use the battle skill of Heaven Stage High Rank. The biggest characteristic of this Wind Controlling Sword Finger was that the attack speed was extremely fast, just like Long Chen's Spirit Devil Sword Finger. The moment Ying Shaotian thrust his sword out, a ray of sword light appeared at Long Chen's throat!

This kind of attack was much more terrifying than the Spirit Devil Sword Finger. Not only was it fast, but it also had more strength than the Spirit Devil Sword Finger!

Under the swirl of the tornado, the sword finger seemed to be spinning, like a drill bit. If it really hit Long Chen, it would immediately pierce through his throat!

Even the two great demon kings couldn't help but sigh in admiration at such an attack. At Ying Shaotian's level, he could definitely become a demon king within ten years. He became a demon king at the age of 27 or 28.

Of course, in the palace, there were already people who had reached the Earth Martial Stage.

She knew that the majority of Long Chen's fighting strength came from his own Dragon Soul Transformation skill. Now that Long Chen had not even used his Dragon Soul Transformation skill, yet had revealed himself to the opponent's Heaven Stage High Rank, if this were to happen, Long Chen would immediately surrender to the West in the next instant. What kind of annual examination would that be?

The man Long Chen had left a deep impression on her memory. These past few days, her mind was filled with Long Chen's naughty smile that night, and his calm and resolute departure that night. If Long Chen died now, her heart would definitely become a lot emptier.

At this point, the Duke of Qing Li was already preparing to save her, but she realized that the Scarlet Ghost King was watching her closely. Maybe the moment she makes a move, the Scarlet Ghost King will definitely come up and stop her!

In this crucial moment of peril, Long Chen finally moved. What shocked everyone was that, in a very short period of time, his body directly turned into a streak of blood light, instantly passing through the oncoming Ying Shaotian. In a very short period of time, he disappeared within the The King's Hall of Clearing Seep!

The Duke of Qing Li and the Scarlet Ghost King saw this with their own eyes!

They believed that even if they had used all of their powers, it would still be impossible for them to display such speed. There was only one person in the Ancient Devil Region that could do so, and that was the Ancient Devil Region's Domain Lord, the Jiang Wuxie that was honored as the Demon Emperor!

Only Liu Yiyi relaxed after seeing that Long Chen was fine, and her taut heartstrings loosened. She heaved a sigh of relief, her beautiful eyes hurriedly looking outside the The King's Hall of Clearing Seep, as she knew that Long Chen had stopped not far away.

She had already seen Long Chen's mysteriousness once, and she was absolutely sure that she almost unintentionally killed him that time. But in that short instant, Long Chen was completely unscathed. But this time, his weak strength actually exploded forth with such a terrifying speed ...

Originally, he had full confidence that he could kill Long Chen in one strike, and in the end, how Long Chen disappeared from his sight. He didn't even know how, but he had a feeling that something had passed by his side.

Just like that, Long Chen disappeared, and Ying Shaotian had no choice but to take back his Wind Controlling Sword Finger. This kind of feeling of hitting the air caused him to vomit blood, but he could not cause The King's Hall of Clearing Seep to become a mess, so he could only swallow his own blood.

After finally stabilizing his attack, he turned his head in shock. His originally elegant demeanor had turned silly due to his stunned expression.

"This sort of divine ability should be a type of escaping method that burns true energy. It's extremely rare." At this time, the Prince of Qing Li muttered.

Now she finally understood how Long Chen managed to escape Zhao Wuji's Nine Heavens Thunder Sigil last night. It was not because he was strong enough to forcefully take Zhao Wuji's Nine Heavens Thunder Sigil without suffering any injuries, but because Long Chen had this method of escape.

The power of Blood Escape was naturally formidable. There were no levels in the world, but there were levels in the other escape techniques. Once one's cultivation level exceeded that of the Blood Escape technique, then it was impossible to use and the effects were incomparable to the Blood Escape technique!

Scarlet Ghost King also knew that such a method existed.

At this time, under the gazes of the four people, Long Chen walked into the The King's Hall of Clearing Seep. He looked towards the Scarlet Ghost King and Ying Shaotian and said, "The two of you's goal is to see whether or not I have the strength to survive under the Nine Heavens Thunder Sigil, and you've also seen my previous performance. Furthermore, the attack of the Brother Ying did not harm me either, so everything is very clear now. Please leave The King's Hall of Clearing Seep. "

His voice was neither servile nor overbearing, it was filled with power.

"No, that's not right. What we said before was that we want you to take one of Shaotian's moves, not escape!" Regarding Long Chen's way of dealing with Ying Shaotian, Scarlet Ghost King was extremely speechless.

"Has Scarlet Ghost King forgotten what I said before? What he said is, just to test if I can dodge the attacks of the Nine Heavens Thunder Sigil, and not to see if I can block one of his attacks. What Scarlet Ghost King meant is that it is very easy for people to misunderstand that you want to pass this test to kill me, so I assume that Scarlet Ghost King is not such a despicable person? " Long Chen said as he returned to the Duke Qing Li's side.

Long Chen's words made the Scarlet Ghost King speechless, and Ying Shaotian was even more depressed. He was like lifting a stone to smash his own foot, he had already said what he wanted to say earlier, and now that he was sent back into the army by Long Chen, he no longer had the chance to turn the tables.

He shook his head towards the Scarlet Ghost King.

The Scarlet Ghost King's face became even redder from anger. He tried his best to suppress the anger in his heart, but the complacent smile of the Duke of Qing Li made him go crazy. He knew, that until now, Zhao Wuji had died for nothing. As his master, he couldn't do anything because of his previous promise. Who told Ying Shaotian to kill himself with his words first?

Now, he could only dejectedly scam.

The biggest surprise, came from Long Chen. Scarlet Ghost King and Ying Shaotian glanced at Long Chen a few more times. This youth who had just entered the Ancient Devil Region seemed to have a lot of secrets on his body! Only now did Scarlet Ghost King suddenly recalled that Long Chen was originally his direct disciple, yet now he had such a heaven defying performance.

Of course, Long Chen had not revealed his true strength, if he had, Scarlet Ghost King would have immediately vomited blood and died.

"Please, both of you." Seeing that they were still not leaving, Long Chen reminded them once again.

He really wanted to slap Long Chen to death, but he was afraid of the Duke Qing Li, so he could only endure this pain. Today, he was destined to be able to leave with his tail between his legs, but at this time, his eyes suddenly caught a glimpse of Liu Yiyi. It just so happens that she is a good match for me, Shaotian. Duke Qing Li, the bet between us back then was set in front of the Demon Emperor, and the gambling match is about to start. I just wonder, which disciple of your The King's Hall of Clearing Seep can defeat my Shaotian? "

After that, he left smilingly. Ying Shaotian smiled at Liu Yiyi and said: "My master has said it well, Miss Liu Yiyi's cultivation is definitely not inferior to mine, and it is not certain who will win then, today I have offended you, and will come back another day to apologize, and take my leave."

After he finished speaking, he followed Scarlet Ghost King's footsteps and left the The King's Hall of Clearing Seep.

In the palace, only Long Chen and the other two remained.

With regards to the fact that Long Chen was able to turn the tide and resolve the crisis, the Duke of Qing Li and Liu Yiyi both felt some admiration towards him. The Duke of Qing Li then said, "Jiang City, you have performed very well today.

"Of course they are willing to. However, that, what about the gamble that they spoke of before they left?" The other party's words were very clear, and Long Chen could tell that it had something to do with Liu Yiyi. Long Chen could vaguely guess that the fact that the Qing Li King had nurtured him seemed to have even more to do with this matter.

As she spoke of this matter, Duke Qing Li knew that it was impossible to hide it, so he could only sigh, look at Liu Yiyi apologetically, and said: "This happened five years ago. It's all my fault for being too impulsive at that time, which caused me to harm Yiyi."

Damage? Long Chen frowned and asked: "What exactly happened?"

He looked at Liu Yiyi, who had her head lowered, and a helpless expression on her face.

"Five years ago in the disciple test, Scarlet Ghost King's Palace obtained second place, my The King's Hall of Clearing Seep was last, in the last battle, the disciples of the Scarlet Ghost King's Palace directly killed the strongest disciple of my The King's Hall of Clearing Seep, I had never been on friendly terms with him, but at that time, we were already quarreling with each other, in front of the Demon Emperor, we made a bet, in five years time in the disciple test, if my The King's Hall of Clearing Seep's ranking is inferior to his, I will marry my daughter to your Scarlet Ghost King's strongest disciple! Of course, if they lose, the Scarlet Ghost King will kneel down and apologize to me, kowtow three times!"

She looked at Liu Yiyi with a pained heart, and said, "This is the biggest mistake of my life. I can only blame myself for being too impulsive and causing harm to my own daughter, and I still blame myself endlessly today. Yiyi, mother has truly let you down."

Long Chen suddenly felt that this Qing Li King didn't seem to hate him as much as he thought he would.

#### Chapter 504 - devil shadow clone

She gently held onto the Duke of Qing Li's arm and said: "No, mother, it's not your fault in the slightest. I know that every time we're at the bottom of the ranking list, your heart would be very upset so you would make a bet, but it's always my fault that I didn't work hard enough, and only today did I manage to reach Level 7 of the Heavenly Completion Stage. It's my fault that I can't compare to them, it's all my fault."

After that, the mother and daughter began to admit their mistakes to each other endlessly.

The first time she saw the Qing Li King, she didn't think much of Long Chen. When Long Chen had strength, when she intended to nurture him, he actually allowed Long Chen to kill her own direct disciple. At that time, Long Chen felt that this woman was genuinely cold and pitiful. It was obvious that she at least loved his daughter a lot, which was why she had thought of all sorts of ways to dig out Long Chen so that he could represent the The King's Hall of Clearing Seep in the battle. He did not even stop Long Chen from killing Qin Huanyu.

With regards to the past, Long Chen had also gradually forgiven this Pure Li King. It was indeed difficult for a woman to make a name for herself in this man's world and support such a large palace by herself.

After they finished apologizing, King Qing Shui then remembered to take matters into his own hands. He looked at Long Chen with shining eyes and said: "Jiang City, honestly speaking, Yi Yi's strength is not Ying Shaotian's opponent. From the way he acted just now, do you think you have a chance of winning? If you want to think about it clearly, Yi Yi's happiness all depends on you. "There's still one more month. With your speed, do you have any confidence to deal with him?"

Long Chen thought for a moment, then said: "In terms of realm, I should be confident, but Ying Shaotian is Scarlet Ghost King's Palace's number one disciple, so he must have learned a better battle skill than me, and more than me. He was asking for the devil shadow clone, and now the opportunity was right in front of him.

"What do you want?" For Liu Yiyi, the Duke of Qing Li did not care about such a battle skill. At first, she was still a little skeptical of Long Chen, but Long Chen's performance today had already conquered her,

whether it was his will or his potential, Long Chen was actually a first-rate talent. It was just that the original Scarlet Ghost King was blind, so he threw away Long Chen, this genius, and now went to find Zhao Wuji, this trash, as a treasure.

"King-level Battle Skills, devil shadow clone." Long Chen looked at Liu Yiyi and said with a faint smile.

Liu Yiyi and Duke Qing Xu were startled. Duke Qing Li looked at Liu Yiyi and laughed bitterly, "Did you see the devil shadow clone from Yi's place? His eyesight was indeed very good. It's fine, you can learn devil shadow clone, but can you learn it within a month? Don't forget, this is the King-level Battle Skills! "

Long Chen nodded, and said: "Don't worry, I have my own limits. I can only give me the devil shadow clone, and I can solve basically all of the problems that you're worried about."

Long Chen's tone was very loud, but when the Duke of Qing Li and Liu Yiyi saw the determination in his eyes, they still believed him somewhat. In the end, the King nodded and said: "Alright, then that's it, the battle skills of our The King's Hall of Clearing Seep are passed down verbally, in any case, you and Yiyi will be advancing for the annual examination, so from now on, you two can stick together and let Yiyi teach you the devil shadow clone."

"This ..." Long Chen and Liu Yiyi felt a little awkward. After all, they were a lone man and a single woman, which didn't seem to be appropriate.

The Duke of Qing Li glared at him and said, "Jiang City, I'm warning you, don't try to harm my daughter. Otherwise, I'll kill you with my own hands!"

It was obvious that she was serious.

"Don't worry, although your daughter is beautiful, it's not as if you have to like her just because she's a man, right?" Long Chen said somewhat speechlessly.

Liu Yiyi was initially at a loss, but when she heard Long Chen say that, she once again thought back to that night when Long Chen said that she had breasts but not breasts, and buttocks but not buttocks, causing an angry look to appear on her face, which carried a bit of an intoxicating red.

"Since that's the case, I'll be going first. I want to make a trip into the Third Demon World. Can you give me a message, and let me in?" Long Chen heard that direct disciples are only allowed to enter the Third Demon World with the consent of their master. "

"Indeed, I won't ask you where you're going, but are you sure you want to enter?" Ling Chen: "... ..."

"Yes." "I'll go, it won't take too long. Yi Yi and I will start cultivating after I get back from there, how about it?" Long Chen nodded, the reason he went to Third Demon World was very simple. Right now, his strength had reached its peak, but the little wolf hadn't. The little wolf would be a great help to Long Chen in the future, and Long Chen wanted to make the little wolf as strong as possible. Within her Third Demon World, those strong fire type demon beasts would be a good choice. Xiao Lang was only at the fourth level of the Heaven Stage. If Long Chen needed him to fight, he wouldn't be able to help for the time being.

Once he had settled the matter with the little wolf, he would be able to concentrate on cultivating the devil shadow clone until the annual examination when the competition for the dianyin bead began.

Long Chen was a mysterious person, since he had requested for it, the Duke of Qing Li knew that he had his limits, so he nodded and passed the Demon King's message to him. With this message, Long Chen would be able to reach the Third Demon World unimpeded, and after that, the Duke of Qing Li had even changed his identity to a metal plate.

After everything was settled, Long Chen left the The King's Hall of Clearing Seep.

The Duke of Qing Li and Liu Yiyi still remained here.

"Yiyi, what do you think of this Jiang City?" The expression on the Qing Li King's face calmed down as he asked softly.

"I feel that he is very powerful, and also very mysterious. It's like he's a lump of fog that can't be seen through at all. And sometimes the performance is always unexpected and the personality is hard to fathom. " Liu Yiyi thought for a while before replying.

The Prince of Qing Li nodded, then asked, "Do you want to know what I think of him?"

"Of course I want to. Mother, what do you think of him?" Liu Yiyi asked curiously.

"I feel that he is very dangerous, very dangerous. His body is full of thorns, and only the people who are most familiar with him can hide the thorns on his body. If you are with him, if you cannot control it, your entire body will be covered with thorns. So do you understand me? "Don't do anything to him, but you're finally getting something out of it!"

"Huh?" Liu Yiyi was at a loss on what to do, and said: "Mother, what are you talking about? I just got to know him not too long ago, you're thinking too much."

"Is that so? Hehe, maybe. Just remind you not to come into too much contact with the devil shadow clone when you teach it. " The Prince of Qing Li laughed softly.

"Then why didn't mother teach him herself?" Liu Yiyi asked doubtfully.

"He was more wary of me than he was of you. If I were to teach him how to be wary of him, it would be bad if he were to fall out with me. I still need him to save you, but you're different. Your kindness will firmly attract him to your side and make him risk his life for you. " The Duke of Qing Li said meaningfully.

"Ah, mother, I understand what you mean. You want me to like me, but I can't like him?" Liu Yiyi finally understood what Duke Qing Li meant.

The Qing Li King nodded, and said somewhat sorrowfully, "You are still young, and have never experienced such things, so you don't understand anything. Love is something that the first person who is tempted will die a miserable death." They even lost all their dignity and were riddled with injuries. "

"But mother, what do you mean, I don't understand?" Liu Yiyi was a little stunned.

"Don't understand? Look at me now, can't you tell that something's wrong? Why does everyone have a father, but you don't? Why didn't anyone ever tell you about your father? "Because no one knows who your father is, and I only have one-sided wishful thinking, so I lost. I lost miserably." The Duke of Qing Li said somewhat hysterically. After he finished speaking, she gently pushed Liu Yiyi's arm away and said, "Remember my words. Keep him steady for a while. After the assessment is over, you don't need to bother with him anymore!"

After he finished speaking, the Duke of Qing Li decisively left from the corridor at the back of the palace, leaving Liu Yiyi staring blankly in the direction he had left in.

"My father?"

After Long Chen came out from the The King's Hall of Clearing Seep, he suddenly felt a chill run down his spine. He knew that in the left side, there was someone hiding in the corner and staring at him from afar. Using Spirit Devouring Demon Pupil s, he could easily see where that person was.

At this moment, the Giant Strength Demon General was a little surprised. In his impression, if Long Chen wanted to discover his existence, it shouldn't be easy, right?

His eyes were covered with a thick layer of blood, and hidden within those bloodshot eyes was an endless amount of hatred. He was one of the twenty-eight stately Demon Generals, one of the four Demon Generals of the The King's Hall of Clearing Seep. In the eyes of the Duke of Qing Li, the importance he placed on Long Chen was actually inferior to that of Long Chen's!

"Brat, you have guts. I'm here, but you still dare to come over!" The Giant Demon General said with a gloomy voice.

"Last night's news, was it you who leaked it to Scarlet Ghost King, right?" Long Chen said indifferently in front of the Giant Strength Demon General.

"So what? I didn't expect that even the Scarlet Ghost King couldn't kill you. It looks like the favor that the king of Qing Li has given you is not just an ordinary thing?" The Giant Demon General sneered.

What he said was 'favor ', not ' favor ', and the nature of these two words was completely different. His meaning was very obvious. He meant to say that King Qinguang had fallen in love with Long Chen, this pretty boy, and that was why he would go all out to protect Long Chen.

"I've been here for so long, but I don't think I've heard who the husband of the Prince of Qing Li is. Is she a widow?" Otherwise, this Giant Strength Demon General wouldn't have said that," Long Chen thought.

He raised his head and looked at the Enormous Demon General, saying, "You actually dare to say these words, aren't you afraid that I'll tell the King of Qing Li?"

The Giant Demon General laughed coldly and said, "So what? If she dares to do it, aren't we allowed to say it? In the entire Ancient Devil Region, only the Demon Emperor could control the life and death of Demon Generals. The men who stole don't even know which one they are, and I'm not even allowed to tell them. You can go and tell her that your father has been working hard in the The King's Hall of Clearing Seep for so many years, and I have no merits or hard work, so how can she kill me? "

Looking at this Giant Strength Demon General's appearance, it seemed that he had gone a little crazy ...

#### Chapter 505 - Third Demon World

It seemed that Zhao Wuji's death, while he was helpless, was a huge blow to him. Long Chen was his mortal enemy, and yet he was still standing in front of him. Maybe the moment he lost control of himself, he would kill Long Chen, and Long Chen would no longer say anything, and directly leave.

However, Long Chen still remembered what the Giant Strength Demon General had said about the Qing Li King. Of course, he only treated it as gossip. knew that the Duke of Qing Li was not such a person from her strong personality. Unless he killed her, the current Duke of Qing Li would not be able to lay his hands on her ...

After returning to his residence, Long Chen said to Xiao Lang, "I already have a way to go to the Third Demon World. However, I'll think about it after I stabilize my current Innate Qi. After just reaching the Level 7 of the Heavenly Completion Stage, it's still a little unstable."

Xiao Lang nodded. Actually since Long Chen came to the Holy Martial Empire, he didn't seem to have helped much, so he felt a little uncomfortable. However, the wolf cub could do nothing about it. With his current strength, he could only make progress through devouring. As for what kind of training method he was going to use, he had no way to complete it.

"In a few days, I will be learning King-level Battle Skills from Liu Yiyi. This is a battle skill, you have once learned a divine fire clone, I believe this technique is very suitable for you."

The little wolf could also learn the two special abilities that Long Chen had learned, divine fire clone and Great Mantra of Dao-heart Seed. Therefore, with Long Chen's guidance on this devil shadow clone, with Little Wolf's intelligence, it wouldn't be difficult to learn it.

As a result, Long Chen cultivated at his residence all the way until his Level 7 of the Heavenly Completion Stage's true qi stabilized. It had already been two days. Only then did Long Chen come to Mount Demonheart.

Compared to the last time he came to Mount Demonheart, Long Chen was much stronger.

Regarding the matter of Long Chen killing Zhao Wuji, Duke Qing Li did not spread it, and the Scarlet Ghost King suffered a hidden loss, but of course he did not spread it either, so among the Ancient Devil Region, Long Chen was still not very famous. However, there was one thing that spread out two days ago under the Duke of Qing Li's arrangements, and that was that Long Chen had indeed become the King's direct disciple.

As for the original Huangfu Qi, he was indeed a member of the Huangfu Family, and he had an important identity. Most of the people already knew this. During the selection battle, Long Chen had once been abandoned by the Scarlet Ghost King, and had lost his identity as a direct disciple. Now, he had even gotten lucky and became a direct disciple.

After all, in the entire Ancient Devil Region, there were more than six thousand ordinary disciples and there were only seventy direct disciples. No matter who it was, wherever they went, they would be the focus of everyone's attention. Long Chen's popularity was the lowest, and amongst the direct disciples, people like Liu Yiyi and Ying Shaotian, basically everyone in Ancient Devil Region knew of him.

Long Chen's face was cold, seeing how he said no one was allowed to enter, no one went up to strike a conversation with him.

After arriving at the Mount Demonheart, Long Chen faintly heard someone discussing: "That Jiang City, just because of her dog shit luck, and also became a direct disciple, look at his expression."

"What's the use of dragging it now? He does indeed have some ability now, but if he uses up all his potential, I guess that in less than two years, he will be eliminated by the Duke of Qing Li and then become an ordinary disciple. And he would never be able to stand out in his entire life. I heard that he only had Heavenly Completion Stage Level 1 before this? It is very likely that after the age of thirty, there will not even be a chance for us to become elders. "

To be able to become an elder, one must at least have Sixth Level of the Heavenly Completion Stage.

Within the Ancient Devil Region, there were many people who were over thirty every year. After that, the treasures were sent out of the Ancient Devil Region, some of them went to manage the businesses within the Ancient Devil Region, some of them went to establish their own sects, and some of them went to establish small branches of the Ancient Devil Region.

Of course, Long Chen would not care about these discussions.

With his previous experience, he spent a period of time and arrived at the Second Demon World. In the midst of the Second Demon World, Long Chen had already memorized the location of the passageway to the Third Demon World, but the Second Demon World was so huge. Relying on his memories, when Long Chen once again encountered the Aeolus, he spent another hour or so.

From this, it could be seen just how big this Sevenfold Demon World was. Basically, every stage of the Demon World was the size of the entire Ancient Devil Region, and their Second Demon World was even larger than the first stage.

The little universe was truly magical.

The creation of the Ancient Devil Region should have been several tens of thousands of years of history. If there was no Sevenfold Demon World here, then of course the Ancient Devil Region would not be established here.

Long Chen's appearance caused the guards who had stopped in their tracks to be slightly shocked. Seeing Long Chen walking over, the Aeolus that was familiar with him came over and asked: "Jiang City, this is the entrance to the Third Demon World. Don't get any closer. "

Aeolus thought that Long Chen had only walked into the wrong place.

However, the Aeolus was a little surprised that Long Chen was able to enter the Second Demon World and move freely, even coming to this place.

"Lord Demon General, have you heard the news that I've become the direct disciple of King Qing Shui?" Long Chen said, as he handed over the iron plate to prove his identity to the Aeolus.

The Aeolus looked at it a few times, then returned it to Long Chen, and laughed lightly: "I have already heard about this news, congratulations, keep the clouds open until the moon shines. "With the teachings of the king, your future is limitless."

"Thank you, Aeolus. This is my Master's message." This Aeolus is actually a good person, Long Chen said as he handed over the Duke Qing Li's message to him.

"You want to enter Third Demon World?" The message was actually written down on a piece of paper by King Qing Li. In his impression, Long Chen should be using Heavenly Completion Stage Level 1, but because of his heaven-defying physical body, he was only able to display a strong combat ability. But that was only enough to stay within the Second Demon World. If he wanted to enter the Third Demon World, wouldn't that be a joke?

"Yes." Please allow the Aeolus to pass. " Long Chen nodded, and said firmly.

The Aeolus confirmed, indeed the Qing Li King allowed him to enter, this way he had no right to stop him, but in his heart he was a little confused, so at this time, he threw out a punch, and said: "Take my punch!"

Of course, he didn't use the power of Ninth Level of the Heavenly Completion Stage, but if it was a battle strength around the level of Fourth Level of the Heavenly Completion Stage, he probably wouldn't be able to receive this punch.

This is a test of goodwill.

Long Chen laughed, suddenly extending his hand, easily blocking the attack of the Aeolus, and knocked him back with a punch. This caused Aeolus's eyes to widen immediately, and he exclaimed in a low voice: "Jiang City, you're so strong, you're almost at the Level 7 of the Heavenly Completion Stage, I didn't think you could hide it so deeply!"

Of course he didn't know that Long Chen's strength had risen recently, it was impossible. The only explanation was that Long Chen had used a very mysterious method to hide his strength, otherwise, it wouldn't have such an effect.

"I wonder if I can enter Third Demon World now?" Long Chen said in a low voice.

Only the two of them knew how to communicate with each other.

You brat, you really hid your strength well, and even I have been deceived. Scarlet Ghost King abandoned you, and if he knew of your strength, he would definitely regret it to death. Aeolus laughed helplessly.

Long Chen also laughed, then said: "I hope that the Aeolus can help me keep my strength a secret for the time being."

Aeolus nodded, and said: "Of course. No matter what, I am still the first Demon General that you know. You can go in, but once you reach the Third Demon World, you must not go any deeper, there will be demon beasts of the eighth level of the Heaven Stage inside, and there will even be demon beasts with Ninth Grade Heaven Stage located in the deepest parts of the city! "

Long Chen nodded his head: "Thank you for the reminder, I will definitely remember it."

After he finished speaking, he followed the Aeolus and headed towards the passage. When he arrived there, he discovered that there were two tunnels.

The left one leads to the Third Demon World, and the right one leads to the Fourth Demon World. Originally, there was a king level demon beast in the Fourth Demon World, but it was killed a long time ago, so the Fourth Demon World was empty, and now, it has been constructed into a huge battlefield. Not long later, the annual disciple exam will be held in the Fourth Demon World. Aeolus said.

Fourth Demon World?

It was only then that Long Chen realized that the disciple exam was being held inside the Fourth Demon World.

Looks like the entrance to the fifth and sixth stages of Demon Realms' Sevenfold Demon World should be within the third or fourth stages, and it was more likely to be within the Fourth Demon World s.

After Long Chen thanked the Aeolus, he stepped into the entrance of the Third Demon World and in the blink of an eye, he disappeared from where he stood and arrived inside the Third Demon World.

It was just as he had expected, the Third Demon World was the strengthened version of the Second Demon World. Be it the area or the thick black miasma in the sky, the gloomy feeling it gave off was much stronger than the Second Demon World. Long Chen could faintly feel that within this Third Demon World, there were many demon beasts that could pose a threat to him.

At this moment, Cat spoke.

"I seem to have sensed it. The thing that devoured life spiritual energy should be hidden underneath this place."

Long Chen was startled. He had always heard the kitten talk about that thing. What exactly was that thing?

If it were the following, the Second Demon World would be below the first layer of the Demon World, so it was very likely that the next layer would be the fifth layer's sixth or seventh layer.

The legendary Imperial Palace was located in one of these levels of the Demon World.

Chapter 506 - Nine-wheel Ghost Flame Beast

"Can you feel what it is?" Long Chen asked.

"The distance is too far, there are several small universe worlds in the middle. If they were outside in the great world, you would be able to sense them no matter how far away they are. But with the small universe blocking us, it still won't work." The kitten said helplessly.

Long Chen was temporarily unable to head to the even deeper Demon Realm. However, he believed that if he was the only one staying here, there would be a day where he would be able to go to the Imperial Palace. However, he himself did not know how long he could stay in the Ancient Devil Region. His ultimate purpose for coming to the Holy Martial Empire was the Archaic Graveyard, so there would be a day when he would embark on the road to find the Archaic Graveyard.

This Ancient Devil Region was only a place for Long Chen to raise his own strength. The Holy Martial Empire was so big, he couldn't possibly be trapped in this place forever. When he first came to this

place, on one hand, he was hiding from the Martial Alliance, and on the other, he was searching for a strong demon beast.

And now, the dianyin bead was right in front of him.

After arriving at the Third Demon World, Long Chen did not dare to be careless. There were fewer beasts in the Third Demon World, but they were all powerful beasts. Currently, only the beasts with Ninth Grade Heaven Stage were effective against Long Chen, but he could not kill the beasts with Ninth Grade Heaven Stage.

The later it got, the greater the difference between each level. The advantage Long Chen's super strong combat body brought had now completely disappeared.

There were very few beasts in the first place, so it would be even more troublesome to find fire-attribute beasts. Therefore, Long Chen spent close to four hours looking for one, and after going through around ten demonic beasts, he was finally able to find a fire-attribute demon beast of the seventh level of the Heaven stage.

This was a wolf-shaped fire type demon beast, and its body shape was several times bigger than that of the wolf cub. Its entire body was burning with scarlet flames, making it very difficult to see its appearance. Sun Devouring Demonic Wolf was originally only an Earth Stage Level 1 demon beast. Logically, its life force should be much lower than this fire attribute demon wolf, but because of its special talent, it was much more precious than this fire attribute demon wolf.

Long Chen now had Level 7 of the Heavenly Completion Stage. Against the demon wolves with Level 7 of the Heavenly Completion Stage, he didn't even need to use the Dragon Soul Transformation skill anymore. Carrying the Demon Emperor Sword, he rushed forward and landed on the ground at the tip of his feet.

Just at this moment, he used the Devouring Blood Realm. At the same level, the Devouring Blood Realm was able to display a strong restraining force, which caused the demon wolf to be basically unable to move. However, at this moment, Long Chen's Demon Emperor Sword stabbed into its throat, the violent sword qi directly minced its brain!

The demon wolf let out a wail, then weakly fell onto the ground. Long Chen raised the tip of his sword, called out the demon core, and placed its corpse into the Great Void Realm. It was at least a seventh

level Heaven Stage demon beast, although it was useless to the current Long Chen, it might be able to catch up in the future.

A seventh level Heaven Stage beast core was enough to let a fourth level Heaven Stage wolf cub to reach fifth level Heaven Stage. Seeing that the Little Wolf's level was gradually increasing, Long Chen was also very pleased. In theory, the wolf cub's devouring was even more heaven defying than his, because Long Chen's Blood Refinement Qi was limited by the heavens, but the wolf cub didn't have that many. If he had enough things, the wolf cub would definitely be able to become a peak-level demon beast immediately.

After a period of time, the wolf cub relied on the beast core and directly reached the fifth level of Heaven Stage. However, because of the probability, the wolf cub did not manage to absorb the beast cub's innate skill. Last time, the Fiery Lion had let the wolf cub learn how to control fire. Moreover, it was able to control fire in a rather exquisite way. With this technique, the wolf cub could freely use the Nether Demon Ancestral Flame.

"Right now, I can't deal with beasts with Ninth Grade Heaven Stage, and I don't think there are any fire-attribute beasts with Ninth Grade Heaven Stage. We can only keep searching and see if there are any fire-attribute beasts with Heaven Stage level 8. That way, I can deal with them." Long Chen decided.

"As you command." The wolf cub nodded.

Indeed, this period of time had bored him to death.

Of course, the good thing about the two of them being together was that as long as one of them was strong, the other person could immediately protect the other person and make the other person stronger as well. For example, if Long Chen was strong now, he would have to work hard for the wolf cub's strength.

If the wolf cub was strong, then it would be more convenient to have him kill the beast.

From this, it could be seen how heaven-defying their potential was.

The Aeolus had told Long Chen to not go any deeper, and even though Long Chen had agreed, it was just a casual word from anyone. Bringing the little wolf along, Long Chen stepped lightly on the tip of his feet as he continuously flew deeper into the depths of the Third Demon World. Roughly an hour later, the surrounding demon beasts had become abnormally sparse. Long Chen had been searching here for a long time, but he had not seen any demon beasts.

"I have to say, your luck is really good." Cat suddenly sighed.

"fat cat? Did you find out?" Long Chen said in surprise.

"What should I call you?" Cat's face stiffened.

"cat-lord." Long Chen laughed.

After saying that, the kitten lazily pointed in a direction. Long Chen headed in that direction and as expected, the closer he got, the more he felt a fiery aura spreading from his front. Moreover, the closer they got, the hotter the flames became.

"It's definitely a fire-attributed Heaven Stage level eight demon beast. It can easily find its way here." Long Chen was overjoyed.

However, he did not dare be careless. The eighth level of the Heaven Stage was the limit of what he could handle. From his battle with the eighth level of the Heaven Stage demon beast, Long Chen could roughly tell how strong he was compared to Ying Shaotian's group. Of course, Ying Shaotian and the others were personally trained by the Demon Kings, so their true combat strength should be much greater than the demon beasts.

Closer.

In front of him appeared a gigantic deep valley, which was entirely bare black rock. When Long Chen rushed into the valley, he first lay in wait, then slowly approached the depths of the valley.

In the air here, there were quite a few flames. The white smoke rising from the rocks, showed just how high the temperature was. If a practitioner who did not have Divine Pill Realm arrived here, they might have been burnt alive.

It was clear how strong the demonic beast's vitality was. A strong heartbeat represented an abundant amount of bloodline power, but unfortunately, a Heaven Ranked Level 8 demonic beast was no longer able to help Long Chen.

Long Chen also understood, that this kind of crazy increase in strength was not beneficial for him at all. This time, for the sake of the dianyin bead, Long Chen would go all out, but luckily, because of the 1% inherited blood essence, everything was within the limits of what he could endure.

Long Chen took a step forward and lightly approached the demon beast. Time slowly passed, and before long, Long Chen would be able to see the true appearance of the demon beast from behind a gigantic boulder.

This was a demonic beast that was burning with azure-colored flame. This green colored firework was like a ghost fire, and the appearance of this demonic beast also made it look quite ugly. It had thick claws, sharp fangs, and a huge mouth dripping with dark green saliva.

The most important characteristic was that there were actually nine fire wheel shaped patterns on its black body. These nine fire wheel patterns were all on its body. The flames on its body seemed to be emitted by the fire wheel!

The burning azure-colored flame surged with ferocity!

"Nine-wheel Ghost Flame Beast" Long Chen remembered the name of the demon beast. As a demon beast of the eighth level of the Heaven Stage, the fame of this Nine-wheel Ghost Flame Beast was still very great. The most outstanding point was that it could release an ability called the Nine Wheel Ghost Flame, which was extremely powerful.

Seeing the Nine-wheel Ghost Flame Beast, the little wolf's eyes were blazing with passion. Right now, this Nine-wheel Ghost Flame Beast was also a type of delicious food to him.

"Little Wolf, watch my performance, hehe." Long Chen secretly pulled out the Demon Emperor Sword, and then slowly turned into the Dragonsoul Transformation, a blood-red dragon's scale, and sharp bone spikes. He transformed into a perfect battle form, revealing the imposing aura of a King of Blood from the Ancient Desolation.

After standing up, Long Chen realized that its body was even larger than that of the previous demonic wolf, especially its thick claws.

Long Chen was no longer hiding. He walked out from behind the boulder, and with one step at a time, he headed towards the Nine-wheel Ghost Flame Beast. When the Ghost Fire Beast saw him, it immediately released a deep roar, and its eyes started to burn with jade colored flames.

It was Long Chen's style to end the battle quickly, so after walking a few steps, his body turned into a sharp arrow that turned into a ray of red light and shot towards the Nine-wheel Ghost Flame Beast. In the process of rushing forward, he used the necessary Devouring Blood Realm once again.

Roar!

Seeing this small and strange creature actually dare to attack it, the Nine-wheel Ghost Flame Beast was enraged. It roared, and instantly, it shook heaven and earth!

#### Chapter 507 - Chen Feng

The blood red fog started to pervade the deep valley, and when the deep valley seemed to be covered by a blood cocoon, because of Long Chen's huge amount of Innate Qi, the Devouring Blood Realm's power also became stronger and stronger. It could be imagined that when Long Chen reached his peak state, as long as he casually used the Devouring Blood Realm, he would be able to cause billions of lives to lose their most important blood.

Of course, that was the true level of an Archaic Blood Spirit Dragon.

"With my current strength, I should be able to completely unleash the strongest power of the Heaven Punishing Sword Formation." Long Chen thought in his heart. As he quickly approached the Nine-wheel Ghost Flame Beast, the Demon Emperor Sword in his hands rose up high, and under his use, the storm-like sword talisman formed into a gigantic sword formation that swept towards the Nine-wheel Ghost Flame Beast.

The moment Long Chen made his move, the Nine-wheel Ghost Flame Beast's expression changed. Previously, Long Chen could only be considered a insignificant challenger, but now, he was an enemy that could pose a great threat to him. The current Heaven Punishing Sword Formation had already erupted with its complete might, but in different directions, the entire deep valley was enveloped in Long Chen's Heaven Punishing Sword Formation.

This was also only the power revealed by the Heaven Punishing Sword Formation.

The combined power of the Devouring Blood Realm and Heaven Punishing Sword Formation made the Nine-wheel Ghost Flame Beast face its greatest threat, but of course, this also stimulated its vicious nature. At this time, the Nine-wheel Ghost Flame Beast let out a heaven-shaking roar, and a huge, suffocating demonic energy swept out from its body in all directions. For a moment, Long Chen felt as if he was in the deep seas, surrounded by a huge pressure that was restricting his movements.

Of course, the current limits of the Nine-wheel Ghost Flame Beast's strength were much greater than Long Chen's. Below the Devouring Blood Realm, his strength was definitely at a discount, at least not higher than the original 80%!

The Heaven Punishing Sword Formation above its head quickly swept down, and the closer they got, the more the Nine-wheel Ghost Flame Beast felt its terrifying might, and at this moment, it did not hide anything either. The raging azure-colored flame began to burn on its body, and flames shot up into the sky, and what could be seen was, within its body, the nine green fire wheels started to spin extremely quickly, and started to emit a burst of dazzling light. At some point in time, the nine fire wheels actually left its body, and one after the other, they gradually expanded, becoming gigantic fire wheels that were directly over three meters long, smashing towards's Heaven Punishing Sword Formation!

As long as he could break through the Heaven Punishing Sword Formation, the Nine-wheel Ghost Flame Beast would have the confidence to kill Long Chen! It was just a moment of carelessness just now, that was why Long Chen had taken the initiative!

The power of the nine consecutive enormous jade-green fire wheels could not be underestimated. The power of nine consecutive fire wheels, was most likely capable of shattering even a mountain. Under the Heaven Punishing Sword Formation, the jade-green light swept forth, covering Long Chen's Devouring Blood Realm's red fog!

"Has he finally used his ultimate move?" At this moment, the corner of Long Chen's mouth curled into a cold smile. Seeing that the Nine Wheel Ghost Flame was about to collide with her own Heaven Punishing Sword Formation, he finally suppressed the Heaven Punishing Sword Formation, exploding forth with its full power. Even though it had just arrived, Long Chen had only suppressed the power of the Heaven Punishing Sword Formation to half.

Next, the Nine-wheel Ghost Flame Beast was done for!

The Heaven Punishing Sword Formation erupted with a huge amount of sword light, countless sword light congealed and killed it, the nine gigantic fire wheels started to be destroyed by the countless sword light, the fire wheels started to explode one by one, and then, even more sword runes rushed down, erupting with endless sword light. Under the situation where the Nine-wheel Ghost Flame Beast was completely unable to resist, sword light after sword light rushed into its body, destroying its organs and so on!

Long Chen had once again proven the might of the Heaven Punishing Sword Formation!

As expected, Ling Xi had gifted him something. Although it was a battle skill from his Heaven Stage High Rank, its power had already infinitely neared that of the King-level Battle Skills. A Nine-wheel Ghost Flame Beast of the eighth level of the Heaven Stage was not a match for Long Chen. In terms of Innate Qi, Long Chen was about the same as him. With the added bonus from the Devouring Blood Realm, killing this Nine-wheel Ghost Flame Beast was a very normal thing.

After handing the Nine-wheel Ghost Flame Beast's beast core to Xiao Lang, Long Chen placed the corpse of the demon beast directly into the Great Void Realm, and then, he hurriedly left. The battle here had already created a huge commotion, whether it was attracting a demon beast or a person, it was not a good thing!

The wolf cub only kept the demon core in his mouth, and only started to refine it after Long Chen placed it in the Great Void Realm. As for Long Chen, he had already completed the mission of coming to Third Demon World this time, and from the battles with the Nine-wheel Ghost Flame Beast, Long Chen was already full of confidence regarding the year's disciple test.

"Those from the other King Palaces do not know of my existence. I will give them a great surprise later!" Long Chen's eyes flashed with a blazing light. He had to obtain his dianyin bead.

"Earth Martial Stage, Heaven Martial Stage, Divine Martial Stage. With three realms, if I want to see Ling Xi, I need to at least have the strength of Divine Martial Stage to qualify for it? But can I grow to that extent? Among the Realm of Myriad Kingdoms, the Heaven Martial Stage is the most decisive Ranker. There are around ten million people in the Canyang Kingdom, tens of billions of people in the Realm of Myriad Kingdoms, and at most, the most people are all in the Heaven Martial Stage.

The pressure was still enormous.

Long Chen abandoned all these distant thoughts, and now that the mission for the Third Demon World had been completely completed, he headed toward the entrance of the Third Demon World. There wasn't much time left, he had to properly learn the King-level Battle Skills, the devil shadow clone.

A shadow that could display most of his combat power, Long Chen felt a little hot in his heart just thinking about it.

He remembered the way he came from, so it would not take him much time to return at this time. Very quickly, he approached the passageway where Second Demon World were coming from, but just as he was about to reach the passageway, two people suddenly walked over from behind. With lightning speed, they intercepted him.

Amongst the two of them, one was the Scarlet Ghost King's Palace's Ying Shaotian, and the other one was slightly skinnier than Ying Shaotian. His appearance could only be considered average, he was dressed in a black tight set of clothes, with a long handkerchief wrapped around his head, his skin was dark, and he had a robust build, he looked just like a black leopard. His gaze, which was filled with killing intent, was especially aggressive, and Long Chen could feel a strong sense of threat coming from his body.

The three of them continued to confront each other.

"Brother Chen Feng, this person is that The King's Hall of Clearing Seep's Long Chen. I heard that his expression was extremely heaven defying during the selection battle, and I believe that he will soon become the pillar of the The King's Hall of Clearing Seep." There was a hint of sarcasm in Ying Shaotian's words.

After the man called Chen Feng heard this, he gave a cold laugh and said: "Brother Ying, don't joke around. At this age, you just got the qualification to participate in the selection battle, and you don't even have the qualification to become an elder, let alone the pillar."

"This you don't know, I have personally experienced it, last time I used the Wind Sword Finger to attack him, but he has a miraculous escape technique, he can even quickly dodge my Wind Sword Finger! "I heard that Brother Chen Feng has always been pursuing speed, and is very interested in his escaping technique," Ying Shaotian said as he looked at Long Chen and smiled.

It was no wonder that Ying Shaotian had always been blabbering away, after these words were said, Long Chen finally understood his intentions, it turned out that he wanted Chen Feng to kill Long Chen to escape, of course Long Chen was not willing to give it to him, but letting Chen Feng take care of Long Chen, was this not a good thing at all?

After hearing Ying Shaotian's words, the cold and stern man called Chen Feng's eyes lit up. He looked solemnly at Ying Shaotian and asked: "Brother Ying, are you serious?"

"Even under the Nine Heavens Thunder Sigil, he could escape, what do you think?" Ying Shaotian threw up his hands as he smiled.

Chen Feng's eyes suddenly burned with passion. He looked at Long Chen and pointed at himself: "My name is Chen Feng, I am the head disciple of the The Green Hellish King Palace, the disciple of the King of Green Hell, have you heard of my name before?"

Long Chen shook his head and said: "I've never heard of it before, is it that famous?"

"He's famous, but I think I'm the only one in the seven great halls who's reached the Ninth Level of the Heavenly Completion Stage." Chen Feng said proudly.

"You haven't heard the news, have you? Brother Chen Feng has already arrived at the Ninth Level of the Heavenly Completion Stage a few days ago and has already caused a sensation in Ancient Devil Region.

Ninth Level of the Heavenly Completion Stage?

When he first saw this man, Long Chen had indeed guessed it, but he never expected it to be true. If one were to talk about Ninth Level of the Heavenly Completion Stage, then it would be even more formidable than the current Long Chen. To be able to rank first among all the disciples of the seven Royal Palaces and raise his strength to the level of a Demon General, he seemed to be quite formidable.

Long Chen knew, there was a huge gap between Eighth level of the Heavenly Completion Stage and itself. Upon reaching Ninth Level of the Heavenly Completion Stage, he thought that he had activated a very important Inherent Skill, which was to fly in the sky. In other words, this Chen Feng was already an expert who had opened one of his Heaven Meridians.

"Of course, I don't want to bully you. I heard from Brother Ying that you have a mysterious escaping art, I wonder if you can give it to me, Chen Feng? I can use a Heaven Stage High Rank's combat skill to shout at you, whether it's attack, body tempering, movement, etc. With your strength, I believe that the most you can do is Heaven Stage High Rank? If you exchange with me, you'll be able to obtain another escape art.

Chen Feng looked at Long Chen in anticipation. He thought, with his status, if he wanted to obtain a battle skill from Long Chen with his status and at the same time paying the same price, Long Chen would probably accept it with tears all over his face. However, Long Chen did not move an inch in front of him.

He caused Chen Feng's expression to become even more unsightly.

## Chapter 508 - danyin bead and Beauty

"Jiang City, Chen Feng used his Heaven Stage High Rank's combat skill to exchange with you, but you didn't agree, this is giving face and not taking it, there aren't many people in The King's Hall of Clearing Seep, I presume you want to participate in that disciple's test? Although Brother Chen Feng is already in the Ninth Level of the Heavenly Completion Stage, he is still in the list for the assessment. Ying Shaotian laughed coldly.

Even the Ninth Level of the Heavenly Completion Stage had to undergo an assessment to compete for the danyin bead?

Chen Feng had only broken through a few days ago. It was very likely that after the quota had been set, the danyin bead could be given to someone else even if he did not need it now.

Long Chen was startled. This matter had already exceeded his expectations, he had initially thought that when it came time for Level 7 of the Heavenly Completion Stage, to participate in the examination, it was already a matter of time before he obtained the danyin bead.

It could be seen that this person called Chen Feng was definitely going to be his most terrifying opponent at that time.

Of course, to Long Chen, it was just a threat that became bigger, and that did not mean he was afraid. Also, with the Blood Escape technique, even if he gave it to Chen Feng, he would not be able to cultivate it.

With Blood Escape, even people like the Duke of Qingli would not be able to threaten Long Chen, let alone the two disciples in front of him. Therefore, Long Chen raised his head, and spoke with a slightly cold tone of voice: "The thing is mine, and if I don't give it to you, naturally, I'll have my own freedom. But for the two of you, blocking the road is not a good habit, what do you call it? Right, a good dog doesn't block the way."

In their eyes, Long Chen was just a weak newbie. If it was according to Chen Feng's previous style, he would have just directly suppressed and snatched away anything, and would not have shouted at Long Chen like he did today. They did not expect Long Chen to be not only unreasonable, but also unreasonable to such an extent that he directly said those words to them.

Anger began to grow within their hearts. The two of them exchanged a glance and saw the killing intent in each other's eyes. In this Third Demon World, even if Long Chen died, they could push the blame onto the demon beasts. Therefore, Long Chen actually daring to provoke them at this time, was a very unwise choice.

"What? You want to kill me?" At this time, Long Chen didn't have any intention to be afraid of them. He retreated a few steps and chuckled: "Should I call you stupid, or stupid? Ying Shaotian, you clearly know that I have an escape art, but you were unable to kill me the first time.

It was only then that Ying Shaotian realized that Long Chen was right. Long Chen actually dared to treat them like this because he had a reason, and that he could only rely on them because no matter where they were, they would not be able to catch up to Long Chen.

They were clearly much stronger than their opponents, but they just couldn't do anything to their opponents. This made them feel like they were vomiting blood!

Of course, Chen Feng had never seen Long Chen's escaping technique, so he was still in a state of disbelief. Right now, his body was releasing a powerful aura, and with a deep voice he bellowed: "Refusing to toast is simply courting death, Jiang City right? Let me, Chen Feng, witness your escaping technique!"

After he finished speaking, his entire body burst forth with an extremely fast speed, and instantly appeared in front of Long Chen!

"So fast!" No wonder he was so interested in Long Chen's escape art. Of course, his attack power was not bad, since he's an expert of Ninth Level of the Heavenly Completion Stage after all. At this moment, when he was punching towards Long Chen, an intense explosion sounded beside Long Chen's ears!

A simple punch was actually as powerful as this!

"Too slow!" Long Chen's face was full of ridicule and his body instantly turned into a ray of blood light, disappearing from their sight. When he appeared again, he was already at the entrance of the passageway, and was at least 100 metres away from them!

Chen Feng then turned his head in shock, and looked at Long Chen with eyes full of passion!

"This escape technique is not bad, not bad at all!" After repeating it twice, it could be seen how passionate he was. At this moment, he seemed to have forgotten the humiliation Long Chen had given him, and directly said: "Jiang City, I can use two Heaven Stage High Rank's worth of combat skills to exchange with you, one for two. You definitely profited greatly, how about it?"

"Stop dreaming! Even if you were to use your king level battle skill to exchange with me, it would be impossible!" Long Chen decisively shook his head.

Chen Feng's eyes gradually turned blood-red. He coldly said, "Don't force me. Don't think that you can defy the heavens by only having an escape art. If I want to kill you, there are at least 10 ways!"

"Oh?" Long Chen laughed and said: "It's a pity that I don't have the time to waste on you right now. If you want to beat me up or something, I'll just wait until the day of disciple's assessment. On that day, I'll give you a surprise, and Ying Shaotian as well."

Long Chen looked at him coldly, and said: "If you want to marry Liu Yiyi, you will still have to pass my test. So, don't go overboard with your daydreams, you have too much free will, and it's not good for your body, haha."

After he finished speaking, he ignored the reactions of Ying Shaotian and Chen Feng and walked straight into the passage, disappearing quickly.

Only Ying Shaotian and Chen Feng were left looking at each other in dismay. Chen Feng was a little stunned as he said: "Brother Ying, if I didn't hear wrongly, this Jiang City means that he will challenge us in the disciple exam?"

A taunting look appeared in Ying Shaotian's eyes as he said, "This guy's head has definitely been kicked by a donkey. This kind of person who's proud even after taking a small advantage definitely doesn't have a long lifespan. He only has a miraculous escape technique, yet thinks he can deal with us?"

Chen Feng also mocked for a while, then said, "Today we are really unlucky to have our heads covered by a stupid dog. However, we can't deal with that stupid dog, so if this gets out, our people will lose a lot of face."

"No worries, no worries. Even if he lost too much, we can just wait for him to teach a lesson in the disciple exam. For example, make him kneel down and kowtow in front of everyone?" Ying Shaotian said with a dark expression.

"Good idea Brother Ying. Even though I have already reached the Ninth Level of the Heavenly Completion Stage, I am still envious of Brother Ying. After all, after going through the disciple examination, Brother Ying will be able to enjoy Liu Yiyi's peerless beauty. " Chen Feng revealed a smile that a man would understand.

"Beauty, even if you look at it head on, it's still just a skeleton made of pink. The woman Brother Chen has played with is at least ten times more than me, right? Which one of them was not an outstanding beauty? I am rather envious of Brother Chen, with your strength, that dianyin bead must be yours. " Ying Shaotian said in envy.

"dianyin bead? I'm already at the Ninth Level of the Heavenly Completion Stage, what's the use of dianyin bead? It would be better if I could exchange with you for that Liu Yiyi. Chen Feng chuckled.

His aura was cold and gloomy, just like a wild leopard. He never imagined that he would have such an evil side to him.

"Brother Chen sure knows how to joke, haha!"

Their laughter lasted for a long time, and at this time, Long Chen had already said his goodbyes to the Aeolus, left the Sevenfold Demon World, and returned to the The King's Hall of Clearing Seep. On the way, Long Chen heard a good news, that Little Waves had successfully reached the sixth level of Heaven Stage, and more importantly, he had successfully absorbed the Nine-wheel Ghost Flame Beast's Nine Ring of Ghost Fire.

Long Chen had already experienced the might of the Nine Wheel Ghost Flame before, and it was indeed very good, especially when the little wolf used the Nine Hell Devil Ancestral Flame!

"However, that Chen Feng is a member of the Ninth Level of the Heavenly Completion Stage, so it seems that the disciple exam this time is really mysterious. It seems that I need to learn the devil shadow clone as soon as possible, and I will go find Liu Yiyi right now. "

Thinking about it here, Long Chen just returned to the The King's Hall of Clearing Seep and then went to look for Liu Yiyi.

In the Third Demon World, he had spent a bit of time. To Long Chen, time was the key to victory.

Liu Yiyi had been waiting for Long Chen to appear all along. Seeing Long Chen's appearance, she let out a breath of relief and said: "At this critical moment, where are you going to the Third Demon World? How can there be so many beasts? Aren't you worried about being attacked?"

"Are you concerned about me?" Long Chen looked at her and asked.

"No!" Under his blazing gaze, Liu Yiyi retreated a few steps, her expression somewhat unnatural. She shook her head and said: "Training the devil shadow clone requires a certain amount of conditions. Follow me."

Long Chen only found her fun to play with, and teased her a little. He did not expect this girl to be so timid and shy. He stopped his joke and followed Liu Yiyi towards the back of the palace, quickly arriving in the middle of a barren mountain. Of course, there seemed to be something strange blocking this place, as if ordinary people could not come here.

"This is the back mountain of my The King's Hall of Clearing Seep, the back mountain is surrounded by natural restrictions. Normal people wouldn't be able to enter this place, unless they are warriors who have reached the Ninth Level of the Heavenly Completion Stage." Walking in front of Long Chen, Liu Yiyi did not dare to look at Long Chen, and said softly.

Long Chen stopped in his tracks.

The white figure in front of him, as well as the word "restriction" made him think of that girl. He felt that his throat was a little dry, and his fists were tightly clenched, and that was how he sometimes missed her.

After going through life and death together, he knew that in the end, they had parted ways. Ling Xi's crying face and the empire's deadly punch were played non-stop in Long Chen's mind.

Sensing that Long Chen had stopped in his tracks, Liu Yiyi turned around. Then, he saw Long Chen, who had his head lowered and looked somewhat sinister, his body emitting a thick baleful aura, causing Liu Yiyi to unconsciously take a few steps back.

"Jiang City you ..."

This soft call woke Long Chen up.

Jiang City, not Long Chen.

Only now did Long Chen remember his status within the Ancient Devil Region. He suppressed the waves in his heart, smiled at Liu Yiyi, and said, "I'm fine, let's continue walking."

"Oh," Liu Yiyi nodded and woodenly turned around.

## Chapter 509 - Orphans

Of course, Long Chen's strange expression just now was still engraved in her heart. All the way here, Liu Yiyi kept thinking about what exactly was going on inside his mind. There were too many secrets on his body that Liu Yiyi was interested in, but she didn't dare to ask.

Duke Qing Li had said before that Long Chen was an extremely dangerous person and Liu Yiyi could feel it clearly now as well.

After arriving here, Liu Yiyi said, "The devil shadow clone requires one to be able to see its shadow in order to be able to cultivate. This is a very good place for cultivating in seclusion, we have less than a month's time, from now onwards, we, we ..." Her face was slightly flushed when she said till here.

Within a month, she and Long Chen should be cultivating here, and they had never been together for so long. Long Chen was especially nervous because of this.

"Don't worry, I won't eat you." Long Chen laughed helplessly. He had already recovered and walked into the middle of the cave, which was only a dark path, it was not wide enough for two or three people to walk in side by side, but after walking about ten meters, Long Chen saw light coming from the front. Looking ahead, a gigantic cave appeared in front of him, the floor of the cave was circular, with a diameter of around fifty meters.

This cave only had one passage, and the inside was completely sealed. If not for the candle flame at the center of the cave, there would not be even the slightest bit of light inside. The candle flame was very large and burned with a palm sized yellow flame, lighting up the entire cave. After Long Chen arrived here, his long shadow instantly fell on the wall.

"This devil shadow clone is really magical, to actually want to cultivate it in such an environment." Long Chen sighed with emotion as he looked around.

Liu Yiyi came in right behind him, it seemed that she had been here for a long time, so she was very familiar with the road, at the side of the cave, there was even a small cabin, although the door was closed, but it could be seen that the furnishings inside were very exquisite, probably their daughter's living quarters.

When Long Chen saw the residence, he became a little nervous. With a ruddy complexion, he said, "I have been training in this place for a very long time, and the earth vein spirit are also very rich here. That's why I have been alone here for the most part of my life."

"One person since young?" Long Chen was a little stunned, he himself was a person who could not stand being alone. Even now, he had Little Wolf and Little Cat with him, and this girl was able to stay here for so long.

"That place is my place of residence. You can't go in there," Liu Yiyi said timidly as he pointed to the wooden house.

still understood the rules, so he nodded his head and said: "Miss, don't worry, I really am not a bad person, that night was just a joke."

"I know," Liu Yiyi nodded, looking at Long Chen with her moist eyes.

One had to say, the atmosphere was rather ambiguous.

The Duke of Qing Li's arrangements were truly a bit speechless.

For a moment, Long Chen did not know what to say, but at this moment, the kitten in the middle of the Great Void Realm was already laughing its head off.

In the end, it was Liu Yiyi who broke the silence, and said: "The Green Hellish King Palace's Chen Feng, she had already broken through the Ninth Level of the Heavenly Completion Stage, but he still wants to participate in the disciple exam, do you know of the news?"

Long Chen nodded.

"Jiang City, my guess is that you want to obtain the dianyin bead?" At this time, Liu Yiyi boldly looked at him and said.

The girl was not stupid, at least she could guess Long Chen's target, of course there was nothing to hide, so Long Chen laughed: "Of course I want to, is there anyone that doesn't want to? However, whether we can get it or not is a completely different matter. "

"Oh but, it seems that Chen Feng is really powerful. With your current strength, are you able to deal with him?" Liu Yiyi said.

"I don't think so, so didn't I need you, Great Beauty Liu, to teach me King-level Battle Skills?" Long Chen joked.

She discovered that her heartbeat seemed to have sped up, and her face seemed to be burning up. She hurriedly lowered her head, and used other words to ease her emotions, and said: "Besides the imperial palace, out of the seven great halls, Chen Feng is the strongest. You still have to work hard. "

"Indeed, but Miss Liu ..."

"You can just call me senior sister Yi Yi. You're also my mother's disciple now." Liu Yiyi interrupted.

Long Chen laughed helplessly. Honestly speaking, Liu Yiyi should not be as old as him, so he said: "I just want to ask you, which realm of the devil world is the palace located in?"

"Only those with the status of Demon Generals and above can enter the imperial palace. I have never been there before, but I know that the imperial palace is the fifth stage within the Sevenfold Demon World." Liu Yiyi replied.

"The fifth level?" Then what are the sixth and seventh stages? " The kitten kept on mentioning things that absorbed Life Qi, so Long Chen asked more.

"The sixth stage of the Demon Realm is the Demon Emperor's treasure trove. There are many palaces there with many divine weapons, spirit herbs and battle skills hidden in the Ancient Devil Region. I heard that all of the Demon Emperor's property is there. As for the first Sevenfold Demon World, I don't think I've heard of it, so no one has entered the second Sevenfold Demon World before right? "

If that was the case, then the thing that Little Cat mentioned should be inside the Sevenfold Demon World.

Long Chen secretly noted this down. In order to make the atmosphere awkward, he continued to ask: "Then in the Imperial Palace, other than the Demon Emperor, who else?"

She said: "In the Imperial Palace, other than the Demon Emperor, there are also all the other Supreme Elders of my Ancient Devil Region who have reached the Ninth Level of the Heavenly Completion Stage, a total of around fifty people. Every Supreme Elder has the strength of a Demon General, and the Demon Generals usually maintain the number of twenty-eight, while handling the various matters of the Ancient Devil Region. If one reaches the Ninth Level of the Heavenly Completion Stage, they would not want to become a Demon General, and the Supreme Elders would have the same status as the Demon Generals, but as long as they focus on cultivation, they do not need to be in charge of matters. For example, after the disciple exam, that Chen Feng will probably directly become the Grand Elder. "

Long Chen was a little shocked. He originally thought that the Ancient Devil Region only had twenty-eight Ninth Level of the Heavenly Completion Stage, but he didn't expect that there were actually more than fifty in the Imperial Palace. Their strengths should be all above Long Chen's. Such terrifying strength, just thinking about it made them feel terrified.

It was only then that Long Chen realized that he had probably underestimated the Ancient Devil Region.

"Of course, the Demon Emperor's family is within the Imperial Palace, including the Jiang Wushang who had already reached the first stage of the Earth Martial Stage." When he talked about this person, Liu Yiyi's eyes were filled with admiration.

At such an age, there were very few people who managed to reach the Earth Martial Stage. It could be said that Jiang Wushang was the number one person among the young generation of Ancient Devil Region.

Long Chen was also quite respectful towards this person's strength.

"Are all the sons of the Demon Emperor this powerful?" Long Chen said with a little sigh.

"That's not true, he has a total of nine sons, one strong, one weak, and I mean weak. I don't mean weak, and I don't mean strong, and I don't mean strong now, but there seems to be a child who is only ten

years old and has the strength of Third Level of the Heavenly Completion Stage, similar to Little Sister Huangfu Qi."

"How weak is that?" Long Chen asked with great interest.

"That guy's age should be around the same as us, but he's also at Third Level of the Heavenly Completion Stage. Speaking of which, his name is pretty big in Ancient Devil Region. Liu Yiyi said softly.

"Oh, oh." Long Chen nodded his head, he just wanted to understand some information about the palace and the Demon Emperor, and at the same time, get more familiar with Liu Yiyi, if not she would always be shy, and if Long Chen wanted to learn the devil shadow clone, it would also be somewhat troublesome, but now that the atmosphere had been set, it was much easier to settle it, so Long Chen said: "Alright then, starting now, you can teach me the devil shadow clone!"

After a while of conversation, the two became more familiar with each other. Liu Yiyi saw that Long Chen did not have any lustful thoughts, but was asking her for guidance very formally. Only then did she relax and begin to formally hand over the King-level Battle Skills to Long Chen.

"The devil shadow clone is a mystical battle skill. In terms of miracles, it is the most powerful battle skill in the Ancient Devil Region." Liu Yiyi began to explain to Long Chen, while Long Chen's student listened obediently.

"Look at my shadow." Liu Yiyi pointed to the ground and looked at where she was pointing. Her shadow dragged on the ground for a long time and just at that moment, the shadow actually stood up quickly. By the time it was formed, it had already turned into a black colored human body that was about the same size as Liu Yiyi.

No clothes, of course.

It was only a shadow, and its body shape was exactly the same as Liu Yiyi's. However, because it was only a shadow, Long Chen could not see anything else, but in terms of fighting strength, Long Chen could feel that there was a wave of strength that was almost the same as the current Long Chen's.

"Looking at my devil shadow clone, do you feel anything?" Liu Yiyi asked.

"Hmm?" Long Chen looked carefully for a moment, then laughed: "I can feel it, I was wrong last time, but your figure is actually not bad."

Liu Yiyi was stunned for a moment at first, but when she followed Long Chen's gaze and saw his protruding devil shadow clone, her face immediately flushed red, like a ripe apple. She immediately withdrew his devil shadow clone, pointed at Long Chen, and gasped: "You, you, lecher, bastard!"

"Well, didn't you make me feel that?" Long Chen was startled.

## Chapter 510 - Night Assault

Just like this, Long Chen followed Liu Yiyi and started cultivating in the cave with the devil shadow clone. The reason why he chose this place was that it was a remote place, other than the sky, there was only one other place called the palace entrance, and the second reason was that, in order to cultivate the devil shadow clone, the first thing he needed to do was to see his own shadow, and it was also a clear and stable shadow.

After a few days passed, Long Chen and Liu Yiyi had already reached a rather familiar point. Long Chen had only teased her a little when he first came in, but his subsequent words were a little more polite. Regarding the things that Long Chen did not understand about the devil shadow clone, Long Chen had asked him, normally speaking, the cultivation of battle skills required a long period of time, one to two years, or even five to ten years. However, Long Chen was different.

The little wolf at his side, had not figured it out yet, but Long Chen had already used the elementary form of devil shadow clone, just a few days had passed.

She herself knew the difficulty of the King-level Battle Skills, especially the devil shadow clone, but in front of Long Chen, it was as if it was a natural thing to do. Naturally, he would be close to success, and she did not encounter any obstacles between them.

"If this continues, at the time of the disciple's assessment, you will definitely be able to use a devil shadow clone that is even more proficient than mine." Liu Yiyi lamented.

As Long Chen was focusing, he smiled lightly, and continued to think about how to cultivate this devil shadow clone.

Looking at Long Chen's focused appearance, Liu Yiyi was a little distracted. Long Chen's focused gaze, with the strong curve of his nose, was able to attract her gaze, and when he showed his true colors, it was indeed as Duke Qing Li had said, it was as if his entire body was covered with spikes. It was quite terrifying.

"Mother said that it would be fine to establish a good relationship with him, but you can't be tempted by it." Liu Yiyi regained her senses, and immediately turned her head away. She did not look at Long Chen anymore, but entered her own room, the disciple exam was almost here, she could not place all her hopes on Long Chen, so she needed to work hard too.

Time passed as they cultivated. Both of them had greatly improved in their own aspects.

"The first step of the devil shadow clone is to first control your soul, to control your shadow with your soul, and the second part is to make your own shadow appear, and then use a secret technique to absorb the surrounding spirit energy, to duplicate your body, and allow your devil shadow clone to reach a level of about three-quarters of the way up, and the third is to learn how to control the devil shadow clone, to practice all sorts of moves, and to attack all sorts of things! Only by mastering these three steps could one be considered to have truly learned the devil shadow clone.

At the moment, Long Chen had only completed the first step. Under the help of the devil shadow clone's secret technique, he felt that he could already control his own body from the ground, and the next step, was the crucial second step. Completing the second step, took Long Chen five days.

Next, he would only need to be familiar with the control of the devil shadow clone through repeated manipulation. It would take a long time to be able to control it accurately and perfectly, just like learning to walk. It would also require a certain amount of time to be familiar with it.

About ten days had passed since Long Chen started learning the devil shadow clone. On this day, Long Chen was controlling the devil shadow clone and running quickly in the cave while Liu Yiyi came in from the outside. Actually, she was no longer needed here, but Long Chen seemed to have a kind of magic on her that attracted her over here. After that, she watched Long Chen's progress by the side with a knowing smile on her face that was as fair as a lamb's fat.

Long Chen continued to strengthen the control of the devil shadow clone.

He knew that his final success had come from repeated hard work. Only when it was about time did he stop and stand in front of Liu Yiyi, looked at this girl, and asked: "How many days are left? Is it day or night outside at this time? "

"There are still 16 days left. It's already deep into the night outside." Liu Yiyi stood up. Every time Long Chen spoke with her, she felt her heart beating faster. She had felt that she was extremely bad the first night she fought with Long Chen and lost to him. It was only after being in contact with him for so long that she realized that Long Chen was a very serious and persistent person.

"It's so late and a girl like you ran over here. You're calling me 'Tian Tian' and 'Tian Tian' and 'Tian Tian' and 'Tian Tian' aren't you afraid that I'll eat you up?" Long Chen laughed, and looked at Liu Yiyi's body, sweeping her gaze up and down, and laughed.

The more timid Liu Yiyi was in front of him, the more he liked to tease her. This could be considered a form of pleasure.

"Alright, stop scaring me, I know you won't." This time, she was not intimidated by him. However, as Long Chen's gaze wandered over her body, she still felt a kind of numbing sensation.

"What's the situation outside?" As he was busy with cultivation, Long Chen had not gone out these past few days.

"Because of the dianyin bead, the Ancient Devil Region has started to become lively and is discussing this matter everywhere. Furthermore, my matter has also been spread out. Other people are also discussing about it, I'm afraid that they want to see our The King's Hall of Clearing Seep, at that time, how embarrassing will it be?" Saying up to here, Liu Yiyi's face had a helpless look.

If he really wanted her to marry Ying Shaotian, she wouldn't be able to do so. After all, she had stayed in the Ancient Devil Region for so long, so she knew Shaotian's personality and various things about him. She didn't like people like him.

"Is that so? They'll be surprised because of me." Long Chen laughed, with a strong sense of confidence in his eyes.

Ying Shaotian's words, Long Chen was absolutely confident, the thing he was truly afraid of was that Chen Feng. If Long Chen surpassed him in Ninth Level of the Heavenly Completion Stage, he would not even be able to grasp 20% of it. However, in such a short period of time, it would be difficult for his true qi to increase, so he could only wait for the final battle to occur.

As far as possible, he would try his best to cultivate the devil shadow clone well, and at that time, he might be able to display an unexpected effect.

"En!" Liu Yiyi nodded. The matter of her life was now in Long Chen's hands. Even though there was a lot of resistance, she still believed in Long Chen.

She knew that the current Long Chen, was already at the same level as her in Level 7 of the Heavenly Completion Stage. Back then, Long Chen had already defeated her with his Fifth stage of the Heavenly Completion Stage, so there was no need to even mention dealing with Ying Shaotian now.

After that, they didn't say anything else and once again focused on their cultivation.

"Oh yeah, when I came over just now, I seemed to see the Great Strength Demon General. He followed me for a while, sneaking around, and disappeared without me knowing what he was doing. I didn't notice him again." Liu Yiyi suddenly remembered something and said.

Long Chen's body shook, and with a whoosh, he stood up, looked at Liu Yiyi with a stern expression, and scolded: "You idiot, why didn't you say so earlier!"

Liu Yiyi was shocked by his actions, and did not understand what happened.

Long Chen immediately used her Spirit Devouring Demon Pupil to look outside. He knew that the Giant Strength Demon General hated him to the bone, and hiding here was also to prevent the possibility of an assassination by the Giant Strength Demon General. After all, people who had already gone mad were the most terrifying.

After following Liu Yiyi for a while, he would naturally know that Long Chen was training in the devil shadow clone. Liu Yiyi had said before that the restrictions at the rear mountains could not stop the Ninth Level of the Heavenly Completion Stage and could fly in the sky. Therefore, if the Giant Strength Demon General truly had the intention to kill Long Chen, he should have already snuck in by now!

Back then, when he came out of The King's Hall of Clearing Seep, he had already seen the thick killing intent of the Giant Strength Demon General!

Indeed! Long Chen's guess was not wrong. When he was using the Spirit Devouring Demon Pupil, a tall and sturdy figure quickly rushed into the cave.

She stood together with Long Chen, and looked outside. Indeed, the body of the Giant Strength Demon General had appeared at the entrance of the cave, wearing pitch-black armor that covered his entire

body from head to toe, his entire body emitting a sinister and terrifying aura. His eyes were completely red, like that of a huge ferocious beast, and he was gasping for breath at this moment, who else could it be other than the Giant Strength Demon General?

Seeing that Long Chen and Liu Yiyi were there as expected, the Giant Strength Demon General raised his head and let out a sinister laugh. He gritted his teeth and said, "Truly, there's no place to find such broken iron shoes.

Originally, Long Chen thought that he could smoothly participate in the disciple examination sixteen days later. He never thought that such a huge change would happen to the Giant Strength Demon General during this period of time, the strength of the Giant Strength Demon General, as well as his hatred towards. Long Chen was very clear that it would be difficult to pass if he did not put his life on the line this time.

Long Chen's expression became abnormally heavy.

"Dogman and woman?" She looked at the Giant Strength Demon General coldly and said, "I listened to my mother's orders to teach him the devil shadow clone here, it's not what you think!"
