

War God 511

Chapter 511 - True Martial Devil Body

"Not what I thought?" The Great Strength Demon General laughed and said, "Then what happened? Oh, there's still a little nest here. I presume that in these past few days, you all have been stirring the wind and the phoenix many times? Your mother stole people and gave birth to a bastard like you. Now it seems that you are even more of a whore. "

The words of the Giant Strength Demon General were extremely sharp. Liu Yiyi never thought that he would actually say such words, and was immediately at a loss of what to do. She was on the verge of tears.

Seeing her helpless look, Long Chen frowned, and said: "Don't listen to this idiot's nonsense. He's just unbalanced in his own heart. "No matter what you do with me, it's still your freedom. What does it have to do with this old fart?"

Long Chen's words finally caused him to nod his head and slow down a little.

Long Chen looked at the Giant Demon General and said: "I know that you are targeting me, and that this little miss has not hurt you, so don't make things difficult for her. Since you are willing to go all out to kill me, then let us end our grudges ourselves, and let her go, what about it?"

"Jiang City, do you think I'm an idiot? Didn't I let her go so that she could call for reinforcements for you? Since I have already come here to stop you, it means that I, your father, will not stay in Ancient Devil Region any longer. After I kill you, you little beauty, why don't I have a good time enjoying the meat that I have obtained? "If I don't ravage this little beauty, how can I face this slut, the Duke of Qing Li?" The Giant Demon General laughed crazily.

Long Chen clenched his teeth, he felt that the woman beside him was already trembling from fear, thus Long Chen gently held her hand and said: "Don't be afraid, with me here, he won't succeed!"

A warm power came from Long Chen's palm, allowing the helpless Liu Yiyi to finally stabilize her emotions. Liu Yiyi also gradually understood the reason for his terror. What Long Chen said was right, since the situation had developed to such a state, it was probably useless now, the only thing she could do was to resist. At most, he would just die together with Long Chen.

"It's fine, I'm not afraid of him." Liu Yiyi resolutely nodded as a warm enough feeling spread out from within his palm.

"When we make our move later, try to see if you have the chance to slip away. Only you can escape, I have no problem with that." Long Chen said in a serious tone.

If not, he could directly drag Liu Yiyi into the Great Void Realm. If he were to use Blood Escape, the Giant Strength Demon General would not be able to catch Long Chen with his speed. Therefore, Long Chen knew clearly that even though it looked to be dangerous, he was still in an invincible position. The only thing he could do was to get Liu Yiyi out of here and finish his mission tonight.

"I'm not running away, I want to come with you," Liu Yiyi subconsciously said.

"Do you remember my escape technique? As long as you can escape, I will be absolutely safe! " Long Chen said in a low voice.

She had actually forgotten about Long Chen's escaping technique. Long Chen was right, as long as she could escape, Long Chen would definitely be able to escape. Their voices were all soft, so the Giant Demon General did not hear them.

After planning it out, Liu Yiyi felt much more relaxed. She nodded and shot Long Chen a look that said she knew what to do.

At this moment, seeing that they were discussing in hushed tones, the Great Strength Demon General's lips curled up into a cold smile. He had advanced. His enormous body caused the entire cave to slightly tremble.

"The Giant Strength Demon General is known as the Great Strength because he possesses the king level body tempering technique — — True Martial Demon Body! This is my Ancient Devil Region's top three body tempering technique! It's quite terrifying. Only Demon Generals and above have the qualifications to cultivate, and the ones that can truly succeed are a few Highest Elders. Among Demon Generals, only the Giant Strength Demon General can do it, so you must be careful! " Liu Yiyi didn't know how strong Long Chen actually was, and could only remind him.

"True Martial Devil Body? King-level Battle Skills? " The body tempering technique that was created by a king level body tempering technique was definitely stronger than Long Chen's current physical body.

Ever since Long Chen obtained 1% of the Primordial Blood Spirit dragon essence blood, this was still the first time he had clearly seen someone whose physical body exceeded his!

Great Strength Demon General!

As for the rest of them, they were definitely very powerful. Of course, Long Chen didn't even have the chance to fight them.

From the Giant Strength Demon General's body, Long Chen felt a heavy sense of power, as if the current him was simply like a huge mountain, towering in the sky, towering in the clouds, and filled with power. Compared to demon beasts, the Giant Strength Demon General's body wasn't big, but the power contained within it was probably not much weaker than those huge demon beasts!

With every step he took, the entire cave trembled.

"Such a vast power, do you feel how insignificant you are?" He raised his head, looked at Long Chen with an evil smile, and then used a greedy gaze to look at Liu Yiyi. Liu Yiyi was indeed very beautiful, with skin that was as beautiful as snow and a delicate figure; no wonder even an old guy like the Giant Strength Demon General would covet her.

Long Chen took a few steps back, while retreating, he had been looking coldly at the Giant Demon General. As he was retreating, he had already used the Dragonsoul Transformation, and in the Giant Demon General's shocked eyes, blood-red dragon scales covered his entire body, and the strength in his body was quickly growing.

Even the Giant Strength Demon General could feel such a massive increase.

"What a terrifying beast spirit transformation, I believe after you reached the Heavenly Completion Stage, you absorbed beast spirits above the Ninth Grade Heaven Stage? Looks like even if you didn't come to Ancient Devil Region, you have quite the background. " The Giant Demon General said with surprise.

"It is indeed not small. In that case, do you still dare to attack me?" Long Chen said coldly.

"Hmph, even if the Sky Emperor were to protect you today, I would still take your life! Ancient Devil Region, this damn place, I don't want to stay here anymore! With my strength, if I go to those small countries, I will definitely be the pinnacle of existence. After I get my hands on a number of countries, I will become the overlord of a generation, and I will become a beauty. Thinking about the beautiful future of his life, the Giant Strength Demon General laughed complacently. Leaving the Ancient Devil Region was something that he had thought of long ago, and the matter with Long Chen made him make up his mind.

Before he left, he would take revenge for Zhao Wuji no matter what!

"I heard that your Jiang City's body is extremely strong, surpassing all of the younger generation. Today, I will let you experience what a truly powerful body is!" As he spoke till here, the Giant Strength Demon General did not waste any more words. His gaze sank, and with a hu sound, her enormous body pulled on a violent gust of wind, howling towards Long Chen!

A simple punch was thrown out, it was like an overwhelming wave that covered the entire ocean, surging with power as it headed towards Long Chen. It could be seen that he was using his flesh to fight against Long Chen!

"Begin!" A cold light flashed in Long Chen's eyes, and he immediately threw the Liu Yiyi he was grabbing to the side. He had already spoken to Liu Yiyi about it, only she could escape, and Long Chen could definitely escape.

In order to give her enough time to escape, Long Chen had to tightly cling onto the Giant Strength Demon General. Thus, when he was rid of Liu Yiyi, he did not retreat, but advanced instead, and quickly rushed towards the Giant Strength Demon General, colliding with the Giant Demon General in an instant. During his advance, he suddenly pulled out his Demon Emperor Sword, exploded out a terrifying giant sword aura, and smashed into the Giant Strength Demon General's fist!

"Haha, so weak! It's like scratching an itch!" The Giant Strength Demon General laughed crazily. Long Chen's sword directly swung onto his fist, but it did not cause even the slightest of damage to his fist. It could be seen how strong the Giant Strength Demon General's True Martial Demon Body was!

Long Chen was secretly shocked in his heart.

Fortunately, Liu Yiyi did not go overboard. She immediately used the fastest speed she could muster, and rushed out of the cave while Long Chen and the Giant Demon General were fighting. She knew that the faster she ran, the lower the danger Long Chen posed!

Therefore, even though she was worried about Long Chen, she could only grit her teeth and fight with her life on the line. However, her eyes were already completely moist. She knew that if Long Chen didn't care about her, she could definitely escape by herself, regardless of whether she lived or died. But now, he wanted Liu Yiyi to leave first, to fight with the Demon Generals of Ninth Level of the Heavenly Completion Stage who were left behind!

From the corner of his eyes, Long Chen was also watching Liu Yiyi's situation. At the same time, he was also launching a storm-like attack towards the Giant Demon General! The Giant Strength Demon General was most proficient at fighting in close combat. With his muscular body, Long Chen would definitely die if he were to be hit by a single punch from him.

Therefore, Long Chen chose to use the Demon Emperor Sword, and attack him with sword qi from time to time!

"Oh, so you want this little beauty to escape first? It's really great. " At this time, he had already abandoned his main opponent, Long Chen, and burst out with terrifying speed. He chased after Liu Yiyi at a speed that was much faster than his own, and if he wanted to rush towards Liu Yiyi, Liu Yiyi simply had no way of dodging!

Long Chen frowned. He never thought that the Giant Strength Demon General would actually only focus on Liu Yiyi, and forget about him, her main opponent. If this happened, Liu Yiyi's plan of escape would very likely fail!

No matter what, Long Chen had still immediately activated the Heaven Punishing Sword Formation on the Giant Strength Demon General, and at the same time, his Devouring Blood Realm had also opened. Although he might not be able to deal with Liu Yiyi, he still hoped to buy some time for him!

The Giant Strength Demon General, who was preparing to grab onto Liu Yiyi and threaten him, felt goosebumps all over his body. At this moment, he had no choice but to stop her pursuit of Liu Yiyi and turned his body around to deal with Long Chen!

"Impossible, how did this kid become so strong!"

Chapter 512 - Blood Sacrifice Reappearance

From the Giant Strength Demon General's impression, Long Chen's strength should be around the Fifth stage of the Heavenly Completion Stage, because he had killed Zhao Wuji. Who would have thought that

in today's confrontation, in a tight, short instant, Long Chen would already erupt with such a powerful attack!

"So strong, this kid must have been hiding his true strength!" The Great Strength Demon General had no choice but to run away from Liu Yiyi and deal with him. After all, Long Chen's Heaven Punishing Sword Formation had completely formed by this time, and had descended above his head!

At the same time, the Devouring Blood Realm's range of influence enveloped the entire cave. The blood-red fog, you had dreamt of the Giant Strength Demon General's vision, he could feel that in this strange space, there was actually a terrifying suction force acting on his body, or more accurately, it was acting on his blood!

"What method is this!?" The Great Strength Demon General was shocked. He hurriedly circulated part of his true energy to resist the huge suction force that was affecting him!

He truly recognized Long Chen's tenacity!

"This kid, if I don't use my full strength, I won't be his match!" The Giant Demon General said in shock.

Under the Heaven Punishing Sword Formation, he had no other choice. In that moment, his entire body erupted with Ninth Level of the Heavenly Completion Stage's true qi, that enormous amount of true qi swept through the entire cave, causing the air to quickly fluctuate, the Giant Demon General stared straight at Long Chen, laughed coldly, and threw out a punch!

Roar!

The image of a ferocious tiger suddenly appeared on his fist. With lightning speed, it roared and charged towards the Heaven Punishing Sword Formation. The image of the fierce tiger was huge and majestic.

At this time, Liu Yiyi was already close to the entrance of the cave, and the huge movement behind her made her want to turn around and take a look, but she knew that as long as she turned around, it was very possible that her speed would be reduced. At that time, Long Chen would be even more in danger!

"Why are you being so nice to me? "We didn't have any relationship in the first place, you don't need to risk your life for me," Liu Yiyi's eyes were filled with tears. With Long Chen's stubborn personality, she knew that the only way he could save Long Chen would be if he could escape by himself.

Long Chen and the Giant Strength Demon General both felt that Liu Yiyi had already gone out, causing Long Chen's body to relax a lot, but the Giant Strength Demon General was frowning!

"Brat, you are forcing me to kill you as soon as possible!" Liu Yiyi ran out and it was very likely that she would call the Qing Li King over. If the Qing Li King came, even if he, the Giant Strength Demon General, was able to kill Long Chen, he would definitely die.

Roar!

Under the punch of the Giant Strength Demon General, the tiger image and the Heaven Punishing Sword Formation collided. Instantly, a terrifying power crazily swept out from within, the sword image and the terrifying power shook the cave and created a large patch of dirt. If they continued to fight like this, it was very likely that the cave would collapse!

"With your strength, even if you're ten times stronger, you still wouldn't be my match!" The punch of the Giant Strength Demon General directly broke through Long Chen's Heaven Punishing Sword Formation, causing Long Chen's body to be jolted to the wall of the cave, and he was deeply imprinted inside!

This Giant Strength Demon General was truly terrifying, just a casual punch would be much more powerful than Long Chen's Heaven Punishing Sword Formation!

"Is that so?" However, Liu Yiyi had already successfully escaped by then, so she could totally use the Blood Escape to leave, but he did not use it. On one hand, he wanted Liu Yiyi to escape further away from him, and on the other hand, he did not want any of her enemies to live in this world!

The Giant Strength Demon General wanted to kill Long Chen, and Long Chen also wanted to kill him!

"It's a joke that I still can't kill you with ten times my strength. I haven't used this move for a long time!"

The strong confidence in Long Chen's voice confused the Giant Strength Demon General.

In reality, not only had it not been used for a long time, it had been used by Long Chen only twice since he had learned it, and both times were used by the Canyang Kingdom Royal Family.

It was a blood sacrifice!

The move Blood Sacrifice was actually quite a terrifying move. Its heaven-defying abilities were not the slightest bit weaker than the Blood Refinement Qi or the Dragon Soul Transformation.

The first level was to burn one stage of his own True Qi to raise his own. For example, if Long Chen used the first level now, coupled with the effects of the Dragon Soul Transformation, he would be able to attain the same level of True Qi as her Ninth Level of the Heavenly Completion Stage. Of course, after he was done using them, Long Chen's strength would return to the Sixth Level of the Heavenly Completion Stage!

The second stage was to burn up both his levels of true energy and increase his own by two levels, and after using them, his true energy would return to his Fifth stage of the Heavenly Completion Stage!

The third stage was to burn three levels of true energy, and increase his true energy by three levels. And after using it, his strength would regress to the Fourth Level of the Heavenly Completion Stage!

Unless it was a crucial moment, it was best to not use the secret skill, Blood Sacrifice. On the one hand, it would cause one's strength to regress. On the other hand, it would damage his foundation to a certain extent.

The first level of blood sacrifices usually had very little damage and basically no damage. had previously used this second level of blood sacrifices to deal with Song Zhongcheng and the others. As for the third level of Blood Sacrifice, that would cause one to be depressed for a very long time. It was best not to use it unless they had to die!

There were actually a lot of life saving moves that Long Chen had. Time Reversal of Time, Blood Escape, and Blood Sacrifice can all be considered his top life saving abilities. It was just that the way he used them all was different.

The first stage of Blood Sacrifice, after using it a little, there was not much to it. Furthermore, Liu Yiyi had already left, he could do whatever she wanted to get rid of the Giant Strength Demon General to prevent future troubles!

As he thought about it, scarlet flames suddenly ignited on Long Chen's body. In the process of burning the flames, his strength had quickly increased by leaps and bounds. In addition to the strengthening effect of the Dragon Soul Transformation skill, his Innate Qi instantly reached the Ninth Level of the Heavenly Completion Stage!

What he was using was the first level of Blood Sacrifice!

The true energy that burned with red flames caused the Giant Strength Demon General's eyes to widen!

"What the hell is this?" He had originally wanted to quickly kill Long Chen, but when he saw the blood-red flames suddenly burn on Long Chen's body, he was thoroughly dumbfounded!

"Something that wants your life!" The first level of the Blood Sacrifice was quickly completed. Not long ago, Long Chen had preserved some of the corpses of Heaven Ranked Level 7 or even Heaven Ranked Level 8 beasts within the Third Demon World.

At this time, Long Chen's eyes were also burning with blood-red flames.

"Die."

The Giant Strength Demon General wanted to end the battle quickly, and Long Chen was the same!

Amongst the same level, because of the relationship with the Devouring Blood Realm, Long Chen had always been in an invincible state. His Innate Qi expanded, and the Devouring Blood Realm's might also quickly increased.

"What?" He could only do his best to control it, using at least half of his true qi before he finally managed to control the rebellion, as if it was not his own bloodline!

And right at this moment, a Heaven Punishing Sword Formation that was ten times more terrifying than before had descended!

"No!" The Giant Strength Demon General let out a crazy roar, crazily punching out several times! However, he discovered that his current attack was simply too weak compared to Long Chen's. Amidst

the cold gleam of the Heaven Punishing Sword Formation, the Giant Strength Demon General was being killed by Long Chen's sword amidst its despairing howls.

Long Chen quickly put away the Heaven and Earth Pouch.

Long Chen immediately sat down cross legged and took out the Nine-wheel Ghost Flame Beast's corpse and used his Blood Refinement Qi to absorb the blood inside it. After forming a large amount of Innate Qi, Long Chen then used her Heavenly Completion Stage to break through the Level 7 of the Heavenly Completion Stage again!

He spent another three hundred and fifty thousand Heavenly Completion Stage but Long Chen did not feel the slightest bit of heartache. The Giant Strength Demon General had fled the Ancient Devil Region, so he should have a lot of things in his Qiankun bag.

Returning to Sixth Level of the Heavenly Completion Stage, and once again assaulting Level 7 of the Heavenly Completion Stage, although it was easy, the feeling was still very uncomfortable. It was just that Long Chen wanted to kill the Giant Strength Demon General to get his hands on the treasure, so he had no choice but to fight for it.

If you don't understand, you have to ask. Asking others and absorbing their knowledge are methods that can quickly become knowledgeable. Killing people and obtaining their wealth are methods that can quickly become rich. Long Chen's original plan was to let Liu Yiyi leave this place, and then use the Blood Sacrifice and Blood Refinement Art to kill people and steal their treasures!

Of course, such risky actions could not be done often!

Long Chen reckoned that Liu Yiyi was about to return, and just as he expected, within the cave that Liu Yiyi had reappeared in at this time, her face was filled with anxiety and panic. At this moment, her face was filled with tears that were like pear blossoms.

She ran halfway and thought that Long Chen would catch up with her, but in the end, Long Chen didn't even manage to catch up to her. Her heart was thrown into disorder, and she knew that it was very likely that Long Chen had already been killed by the Giant Demon General.

She could only run back in despair, because she thought that if Long Chen died, she would die together with him. It was because Long Chen was saving her that she died.

However, when she returned to the cave, what she saw left her stunned!

Chapter 513 - Polygonum umbellatum Thunb

Of course, the inside of the cave was a mess. Her's cabin had already been turned into ruins by the battle between Long Chen and the Giant Strength Demon General. At the same time, a lot of mud had fallen out of the cave, filling it with thick dust.

From the looks of it, he was probably cultivating and was at the most critical moment. As for the Giant Strength Demon General, it could be said that he had already disappeared, or it could even be said that he had been turned into powder by Long Chen!

It could be seen that there was a trace of blood at the corner of his mouth. He should have been injured, but judging from the blood stained Demon Emperor Sword, he should have won. The Giant Strength Demon General should have died in his hands.

Liu Yiyi laid weakly on the ground. The expression in her eyes when she looked at Long Chen was already indescribable with shock. At this moment, those sparkling tears were rolling in her eyes, quickly obscuring her vision.

"Jiang City!"

The image of this man had been deeply engraved in her mind, and it was difficult to erase. She didn't know why this was happening, but to be honest, she didn't feel that Long Chen was interested in her at all. It was just that in the process of getting along with him, everything about him, especially this last miracle, had captivated her.

After a long while, Long Chen stood up from the ground. He walked in front of Liu Yiyi, looked at her strangely, and said: "Everything is over, why are you still crying? The Great Strength Demon General is already dead."

"Dead?" Liu Yiyi knew it would be like this. She wiped away the tears at the corner of her eyes and said with a forced smile, "Jiang City, you're really strong. However, the death of the Demon General is a big matter in the Ancient Devil Region. I have to let my mother handle it, okay? "

Even if Long Chen didn't kill him, the Duke of Qing Li would still kill him. If Liu Yiyi were to tell the Duke of Qing Li, Long Chen believed that the Duke of Qing Li would deal with this matter perfectly and he didn't need to worry about it.

"Then go and tell your mother." From today onwards, not only will I have to cultivate the devil shadow clone, I also want to practice this. If you want to practice the body tempering technique, there will be a loud noise. From this girl's eyes, Long Chen could see that she was obsessed with him, and if this continued, it would not be a good thing. Long Chen knew that he would have to leave one day, so he could not be merciful, and could not disappoint this girl.

Therefore, he could only use this slightly more vicious method.

Liu Yiyi didn't know what Long Chen was thinking about this. She only thought that Long Chen was truly focusing on his cultivation and was just afraid that she would disturb him. Furthermore, above the devil shadow clone, she already had nothing else to teach Long Chen. Thus, she looked at the thing in Long Chen's hands.

This was a secret scripture. It was probably a handwritten copy, and it came from the Cosmic Bag of the Giant Demon General.

"This is the secret technique of the True Martial Devil Body!" Liu Yiyi was a little shocked, but immediately reacted. Long Chen had killed the Great Strength Demon General, so getting his hands on the secret manual was normal.

"I should not need any process to learn this True Martial Demon Body? Ancient Devil Region did not make it clear that this disciple was not allowed to learn this combat skill?" Long Chen asked.

However, you are my mother's direct disciple, and the Great Strength Demon General is the The King's Hall of Clearing Seep's Demon General. My mother still has the right to let you learn two sets of King-level Battle Skills s, but, two sets of King-level Battle Skills s, and sixteen days of time. Are you sure you can do it? Liu Yiyi had already recovered from the previous incident.

"Whether it works or not, we'll know after we try it out." Long Chen grinned.

"Alright, I'll tell my mother what happened here right now," Liu Yiyi said after looking at Long Chen with some reluctance.

After saying that, she left.

"Tsk tsk. Brat, you really have guts. You actually sent someone away when the little beauty stuck to your doorstep? This god is truly speechless towards you. Boy, don't tell me that you can't do that. In the Great Void Realm, the kitten ridiculed.

"No matter what I do, it's better than you, this fat cat that can only guess." Long Chen said snappily, then continued: "You're thinking too simply, to her, I'm just a prodigal son, I won't stay here, and I can't stay here either. My current life is only in battle, and if she's a good girl, we can't let her down, right?"

"Are you sure? I'll bet if you say it, she'll be naked in front of you. " Cat chuckled.

"Then wouldn't this Ancient Devil Region have one more Pure Li King?" Long Chen said indifferently.

Some girls were destined not to be together, and that could not be hurt.

"Let's not talk about this. Right now, I feel like I'm a bit out of control and will need to spend some time to get used to it. It seems like blood sacrifices really can't be used carelessly." However, the advantage is that there are nearly 1.5 million Tongtian Pills and there's also this king level body tempering technique — True Martial Devil Body! "

"devil shadow clone, True Martial Demon Body! These two King-level Battle Skills, will be what I rely on to become strong in the future! I have to learn it within these sixteen days, on the day of the disciple examination, to deal with Chen Feng with Ninth Level of the Heavenly Completion Stage. Only then will I have some confidence! "

Long Chen squinted his eyes, the only thing that could be seen was a cold light!

The painstaking cultivation began once again!

There were only sixteen days left, so Long Chen did not waste even a single day! At the same time, he consolidated the true energy disturbance caused by the blood sacrifice and began to train his True Martial Demon Body! As for the devil shadow clone, it had already entered into a trick, so Long Chen only needed to take out a fifth of its time everyday to try it out!

If maintained at this time, the devil shadow clone would definitely succeed sixteen days later!

The most important thing was the cultivation of the True Martial Demon Body!

In terms of perception and understanding towards the cultivation of the True Martial Devil Body, Long Chen was exceptional, but in terms of aptitude, because he absorbed 1% of the inherited blood essence, Long Chen's internal organs were strong, his blood vessels were dense, and the tremendous blood energy in his body even surpassed that of a king level demon beast. Thus, when talking about talent in body refinement, in the entire Holy Martial Empire, if he was ranked second, no one would dare to say that he was first!

Inherited blood essence was mostly to improve his inner potential, making his life evolve time and time again. The strengthening of his body was only a part of his body's evolution, not the foundation. Long Chen did not cultivate the body tempering technique, but his body was already comparable to the body of the body tempering technique.

True Martial Devil Body!

In the entire Ancient Devil Region, this was definitely one of the top three. In terms of attack power, the True Martial Demon Body was absolutely terrifying.

Of course, cultivating the True Martial Demon Body was not easy. The cultivation of the True Martial Demon Body required a low level king level elixir called the Polygonum umbellatum Thunb! Of course, it also had a very strong stimulating effect on the body. If one could convert the poison from the poison vine into energy, then in the secret method, the body could be solidified and eventually form a true martial demon body, achieving the purpose of refining the body!

Of course, Long Chen didn't have this Polygonum umbellatum Thunb, so he could only rely on the Duke of Qing Li. On the second day, the Duke of Qing Li brought Liu Yiyi and brought the king level primary grade spirit medicine, the Polygonum umbellatum Thunb s, over to Long Chen.

"Even though it's just a small section of Polygonum umbellatum Thunb, its value is still above a million Heavenly Completion Stage. You need to have true confidence in being able to cultivate it, so don't waste my million of Tongtian Pill for nothing!" Looking at Long Chen again, the shock in Qing Li King's heart became even more intense. In her opinion, not only did Long Chen not lack any potential, his

potential had already reached the point of becoming strong. No matter what aspect it was, Long Chen was countless times stronger than other geniuses!

"Don't worry, you'll see when the time comes. Yiyi promises that she won't get married." Long Chen said with a mischievous smile, although he was smiling, the resolute strength in his eyes made it impossible for others to doubt his words.

Only now did the Duke of Qing Li give the Polygonum umbellatum Thunb to him.

"I have already dealt with the Giant Strength Demon General's matter. I promise that no one will ask about it in the future. You can rest assured that you can cultivate this True Martial Demon Body. I will wait for your result." King Chujiang said.

"Thank you!" Although it was only a relationship of benefits, Long Chen still had to thank her. If not for her, Long Chen wouldn't have had a share of the devil shadow clone and the Zhen Wu Demon Body, and of course, part of his current strength was bestowed by the Duke of Qing Li.

"Wait until you shine during the disciple exam to boost my The King's Hall of Clearing Seep's prestige. At that time, I'll have to thank you, Jiang City. You can cultivate. "Let's go." Then, she brought Liu Yiyi, who was reluctant to part with her, and left this place. After they left, Long Chen began to place all of his attention onto the Zhen Wu Demon Body.

"The Polygonum umbellatum Thunb, is the most difficult trial to cultivate the True Martial Demon Body. With this Polygonum umbellatum Thunb, the True Martial Demon Body has already succeeded, and the next step is to resist the poison from the Polygonum umbellatum Thunb, using true energy to refine it, and then transform its poison into strength to nourish the body, and then after repeated training, the True Martial Demon Body will be formed!"

Long Chen immediately did what he said, and without hesitation, he swallowed the Polygonum umbellatum Thunb with the most toxic poison!! and.))

After the Polygonum umbellatum Thunb entered Long Chen's body, it quickly dissolved, and just like the blood essence from back then, it instantly covered Long Chen's entire body, turning Long Chen's body completely black! In that instant, Long Chen's entire person looked like a piece of black charcoal!

Pain!

Infinite pain!

This poison, was like a small thorn that pierced Long Chen's entire body. At this moment, his entire body was filled with this kind of pain, if he did not have a strong willpower, he would have definitely collapsed and died under the Polygonum umbellatum Thunb!

After all, a king level pill was not that easy to bear!

Chapter 514 - Magic Body Mastery

"Wake up!" The kitten's howl had stimulated Long Chen's nerves, allowing him to instantly wake up from the intense pain. It made him understand that the most important thing right now was not to endure the pain, but to refine the poison!

The cultivation method of a part of the True Martial Devil Body was actually the method to refine the poison. The latter half was the true cultivation method, and at this moment, the method to refine the poison quickly surfaced in Long Chen's mind. Long Chen used this method to quickly refine the poison!

At this time, he had not even started to refine it. On a closer look, the poison that had engulfed his body, was now forced into a small corner and congealed into a ball, gathering at Long Chen's chest!

The thing that suppressed this poison was actually Long Chen's dragon blood!

"Your blood contains the inherited blood essence of an Ancestral Dragon. With such a large amount of dragon aura and such a small poisonous substance, how could it possibly take over your body? Right now, your body is immune to all poisons. Let alone king level poisons, even god level poisons are useless against you. " The kitten explained.

Long Chen finally understood what was going on.

As a result, Long Chen condensed a lump of poison in front of his chest, and since he was afraid of Long Chen's blood energy, refining the poison was actually very simple, ten to a hundred times simpler than others. When other people cultivated the True Martial Demon Body, they would have to endure for around a month or so under the corrosion of the poison before they could finally convert the poison's energy, and due to the fact that Long Chen had the dragon blood, it would only take a day to refine it.

This was because the corrosion of the early stages of the poison would cause a certain degree of damage to the body. Of course, if he really mastered it, he would definitely have a peerless fighting strength, and the reason why the Giant Strength Demon General was killed by Long Chen was also because his True Martial Demon Body had yet to reach the peak of his cultivation!

Under Long Chen's refinement, the poison in his body quickly turned into a type of energy that Long Chen could no longer reject, and occupied Long Chen's entire body. One day later, Long Chen's body was filled with this energy. At this time, he had successfully reached the second stage of True Martial Demon Body cultivation!

This was the true cultivation method!

Within the True Martial Devil Body, there was a set of fist technique. This was not an offensive fist technique, but a fist technique used to cultivate it. At this moment, Long Chen's body was gradually standing up.

With his eyes closed, it was as if he was in a trance.

Whoosh!

BOOM!

's body rapidly transformed in the cave. With every punch, the poison in his body would fuse into his muscles and bones, strengthening his body! And as he performed his fist technique, the rich earth vein spirit also fused into his body along with his fist technique, strengthening his flesh and blood!

Under the enormous amount of earth vein spirit and that bizarre power, Long Chen's body became stronger step by step as he practiced his fist art. That profound fist art had completely immersed him within it, making him unable to extricate himself from it. Time passed by, day by day. During this period, Liu Yiyi had already come by a few times, and every time he saw Long Chen, he seemed to have fallen asleep, and he did not notice in the slightest as he continued punching.

Liu Yiyi could only leave in disappointment.

When she told the Pure Li King about Long Chen's condition, the latter sucked in a breath of cold air and said, "He's already completely refined the poison, and reached that stage? As expected, he was a

peerless genius, among the cultivators of the True Martial Demon Body, not many of them succeeded, and most of them were poisoned to the point that they were unhuman, like ghosts or ghosts. Although the Giant Strength Demon General had succeeded, it was only by a hair's breadth, who would have thought that Long Chen would actually succeed! And it took too little time to break Ancient Devil Region's record. "

"Mother, you actually let him cultivate something that you are unsure of?" Liu Yiyi said with a bit of blame.

"That's because I'm sure of him. You see, he's close to success now. " The Duke of Qing Li said meaningfully.

Liu Yiyi was deep in thought.

After a few days, when she went to take a look, there was already a gust of wind in the cave and sand was flying everywhere. She could no longer see Long Chen and she knew that he was definitely inside the cave.

On one hand, there was too much sand and dust, and on the other hand, it was because Long Chen's fists were executed too quickly!

Finally, eleven days passed.

In these eleven days, Liu Yiyi had practically been guarding outside the entire time, there were only five days left until the disciple examination. Liu Yiyi was a little worried that Long Chen would not succeed in cultivating by then, if that happened, The King's Hall of Clearing Seep would be in trouble, and she, Liu Yiyi, would be in even more trouble.

Right at this moment, the cave she had stayed in since she was young collapsed with a loud bang, and the entire ground started to shake. The hole in front of her eyes was filled with smoke and dust, and Liu Yiyi was shocked, she thought that Long Chen had been buried inside, but just at this moment, a yellow figure rushed out from within the hole, and stood in front of Liu Yiyi.

"You're so ugly!" Liu Yiyi burst out laughing, because at this moment, Long Chen's entire body was covered in dirt, only two of his eyes that were faintly red could see that there was a thick layer of dirt everywhere else.

This was the result of eleven days of cultivation. The ungrateful Long Chen would never care about this dirt.

Therefore, when Liu Yiyi saw him for the first time, she couldn't help but laugh.

BOOM!

Long Chen used his Innate Qi and knocked away all the mud on his body. He returned to his original state instantly. This kind of Long Chen, made Liu Yiyi's laughter suddenly stop.

The man in front of him was as sharp as a sword that had been unsheathed. Liu Yiyi stood beside him and felt that he was already injured by the sharp light that was emitted from his invisibility. This kind of feeling, was as though a rabbit was standing in front of a lion.

She didn't feel such an intense aura even from a Giant Strength Demon General.

"True Martial Devil Body, did you succeed?" Liu Yiyi asked with a tremble.

"Yes." Long Chen nodded, as if he had completed something insignificant. Then, he asked: "I have been cultivating for a few days, how much time do I still have left?"

This was what Long Chen was most concerned about. If the disciple exam had already passed, then he would be the most tragic one.

"There are still five days." The gaze Liu Yiyi used to look at Long Chen was a little infatuated. In ten days time, with a set of body tempering technique, in the entire Holy Martial Empire, it was probably impossible to find such a genius! Long Chen's body was filled with endless secrets, these secrets attracted Liu Yiyi and she was unable to extricate herself from them.

"That's good, I've already mastered the True Martial Demon Body, just that I'm still not proficient in devil shadow clone. I'll study the devil shadow clone again in the next five days, there are still quite a few questions I need to discuss with you." Long Chen quickly formulated his plans for the next five days.

It had already become Long Chen's habit to reasonably arrange his own time.

Hearing that he could be together with Long Chen for five days, Liu Yiyi was overjoyed and hurriedly nodded in agreement.

Seeing the infatuation in the girl's eyes, Long Chen did not know what to do.

"After I get my hands on the dianyin bead, I probably won't stay in this Ancient Devil Region anymore. I'm going to go out and look for him, I believe that before long, this girl will forget about me." Long Chen thought.

After that, returned to his residence after seeing the Qing Li King again. In less than two months' time, his position in the Ancient Devil Region had changed greatly. When he first came in, he was still at the Heavenly Completion Stage Level 1 and his realm was the lowest among all. But now, inside the The King's Hall of Clearing Seep, he had already reached the pinnacle of disciples!

Even the strongest of the direct disciples, Liu Yiyi, was far from being a match for Long Chen.

Long Chen was considered a disciple of the Qing Li King, and he should have been the youngest disciple to enter the sect last, but the Qing Li King had already made a rule that Long Chen would be promoted directly to be her senior disciple. As for the others, they were demoted one after the other, thus, even Liu Yiyi had no choice but to call Long Chen their senior.

Of course, because of the fact that Long Chen killed Qin Huanyu, many of the direct disciples bore this matter in mind, but they had no choice but to admit that just looking at the current Long Chen, was extremely terrifying.

The others looked at him with reverence.

Of course, this was also in the The King's Hall of Clearing Seep s, because the Qing Li King had sealed off the news, so the other king palaces did not know of Long Chen.

Five days passed in a flash.

Using these five days of time, Long Chen had finally mastered the fusion of the devil shadow clone and the True Martial Demon Body, and reached true mastery. With his innate talent, just the use of the devil shadow clone was not any weaker than Liu Yiyi's.

This time's assessment, ordinary disciples did not have the right to watch. To be able to enter the Fourth Demon World, only the Advanced Disciples, Direct Disciples, Elders and Supreme Elders were in charge of maintaining order.

These people, there were already around three thousand or so of them. These people were the true backbone of the Ancient Devil Region, and each one of them had more Sixth Level of the Heavenly Completion Stage than the others!

This time, including Long Chen and Liu Yiyi, The King's Hall of Clearing Seep had dispatched five people altogether, all of them being from Level 7 of the Heavenly Completion Stage. And within the seven great Royal Palaces, the total number of people should be around sixty people. Of course, among these sixty people, all of them had Level 7 of the Heavenly Completion Stage s. From this, it could be seen that the The King's Hall of Clearing Seep was much weaker than the other king palaces.

And this morning, Long Chen and the others stood in front of the Qing Li King.

Chapter 515 - The Demon Emperor returns

Until now, Long Chen was already very familiar with the two king level battle skills. Although they were not king level offensive skills, they could still greatly increase Long Chen's strength.

At this time, Long Chen, Liu Yiyi and the other two were standing in front of the Pure Li King. The passage to Fourth Demon World had already been opened, and most of the people who were qualified to enter had already entered.

All of Duke Qing Li's attention was on Long Chen. Seeing that Long Chen had arrived, she called him to the side and asked: "Are you confident?"

"Don't worry. I will finish everything that I have taken from you." Long Chen said.

"Then, did you really succeed in cultivating the devil shadow clone and the True Martial Demon Body?"
The Duke of Qing Li said somewhat hoarsely.

Long Chen nodded.

"Monster." The Duke of Qing Li helplessly shook his head.

Seeing that the Qing Li King had placed all of his focus on Long Chen, the other three disciples revealed displeasure on their faces. They were older than Long Chen, but because of the Duke of Qing Li's orders, Long Chen's status immediately rose to become the head disciple of the The King's Hall of Clearing Seep.

Amongst the three of them, one of them was the original chief disciple, he was the strongest other than Liu Yiyi, but now they all had to call Long Chen senior brother, how could they be willing?

"Honored master's words are really not considering our feelings at all."

"It's more than just not thinking about it. She doesn't even put us in her eyes. I'm afraid that we'll only be able to gather the number of disciples that are taking the disciple test this time around."

"In her eyes, the only person who might be useful to her is this Jiang City. She doesn't even care about Junior Sister Yi Yi, nor does she care about Master."

"I really wonder how powerful the Jiang City is? In my opinion, even if he ascends very quickly, is she the same as us now? If he can do it, we can definitely do it too! "

The three disciples discussed amongst themselves. Because they had been ignored, their expressions were extremely ugly, and there were even traces of resentment towards Long Chen.

"The three of you, stop talking. He is indeed stronger than us, that is without a doubt. Even if the four of us join forces, we will still not be his match. " Seeing that their discussion was getting more and more intense, Liu Yiyi reminded them softly.

"Junior Sister, you must be joking, even if it's Eighth level of the Heavenly Completion Stage, I'm afraid they won't be able to stop the four of us from attacking!" The original chief disciple said firmly.

"You guys can see it in the disciple test later." Liu Yiyi didn't continue her debate with them, and instead said softly.

She knew that Long Chen had even succeeded in cultivating his True Martial Demon Body. With his King Level True Martial Demon Body, even if they attacked him, they would not be able to defeat Long Chen.'s True Martial Demon Body was even stronger than his Giant Strength Demon General.

Not long after, Long Chen finished talking to the Qing Li King, who waved his hands towards them, gesturing for Long Chen and the others to follow her.

"The Demon Emperor has already returned, after the disciple test, he will very likely come out, so all of you have to perform well, don't make my The King's Hall of Clearing Seep lose face!" The Duke of Qing Li said.

"Yes sir!" Everyone nodded.

Outside of The King's Hall of Clearing Seep, there were also three great demon generals, elders and a few other The King's Hall of Clearing Seep s that were waiting. After Duke Qing Li walked out, they immediately followed. A vast team of The King's Hall of Clearing Seep s, under the envious eyes of the ordinary disciples, headed in the direction of Mount Demonheart.

There is still a distance between the The King's Hall of Clearing Seep and the Fourth Demon World.

"Mother, why is the Demon Emperor back? Isn't he rarely seen?" On the way, Liu Yiyi suddenly asked.

The Duke of Qing Li lowered his head and whispered into Liu Yiyi's ear, "Let me tell you, when you were spread out, I heard that that trash from the imperial palace was killed, so the Demon Emperor ended her cultivation and returned to the Ancient Devil Region. She probably wants to find out who killed him, right?"

"Ah, he's dead? No wonder I haven't heard from him in such a long time. Yeah, I don't think I've seen him in the past two months. " Liu Yiyi was a little stunned.

Mount Demonheart has arrived. At this time, the Mount Demonheart was already right in front of them. Everyone climbed to the top and quickly reached the summit of the Mount Demonheart. The guards quickly bowed towards the king, and the king nodded before leading the people from the The King's Hall of Clearing Seep into the center of the Ancient Devil Region.

"I heard that there are only five participants from The King's Hall of Clearing Seep and none of them have Eighth level of the Heavenly Completion Stage?" When the people of The King's Hall of Clearing Seep left, one of the guards ridiculed.

"That's true. In this assessment, the one ranked last will definitely be the The King's Hall of Clearing Seep. I dare to clear ten thousand Tongtian Pill."

"Fuck you, only an idiot would bet with you!"

After arriving at the first stage of the Demon Realm, everyone headed towards the Second Demon World, but because there were no shortcuts, it was more troublesome. After walking for half a day, they finally reached the valley of the Second Demon World, but before that, Long Chen and the rest stopped, because there was still a group in front. At this time, that group of people all turned their heads around, and it was the people of the Scarlet Ghost King's Palace, including the Scarlet Ghost King and Ying Shaotian, who stood at the front of the group.

"Duke Qing Li?" The Scarlet Ghost King laughed. He sized up the people around him for a while and said, "The lineup of The King's Hall of Clearing Seep is really big this time. There are a total of five participants. It's really too terrifying."

he mocked in an exaggerated tone.

On the Scarlet Ghost King's Palace's side, other than Ying Shaotian's Eighth level of the Heavenly Completion Stage, there were seven other Level 7 of the Heavenly Completion Stage s. If it was a group battle, their strength would far surpass the The King's Hall of Clearing Seep's. Of course, the assessment was based on individuals, not group battles.

Once Scarlet Ghost King finished speaking, everyone in Scarlet Ghost King's Palace burst out laughing.

"Sure enough, they were brought out by a bunch of cowards!" The Scarlet Ghost King scolded.

The others burst into laughter again. Therefore, Long Chen took a step forward, looked at the Scarlet Ghost King and laughed. "We are led by the beautiful Duke of Qing Li, that is our fortune, there are so many beauties in the The King's Hall of Clearing Seep, that I think you all are envious of us, that is why

you all are saying such sour words here, what a pity, your Palace Master is a red giant toad, I, and other normal men, feel like puking just by looking at him!"

Long Chen's appearance, pointed directly at the high and mighty Scarlet Ghost King, his words were like a bucket of cold water, completely extinguishing the arrogance of the Scarlet Ghost King's Palace, and the people of the The King's Hall of Clearing Seep, seeing that the others were all terrified, immediately cheered, saying what Long Chen had said was right.

She suddenly felt that this youth was actually quite cute. Of course, the precondition was that he had to stand by's side, if he were to stand in front of Long Chen, he would simply be the same as a demon.

Scarlet Ghost King's face had always been flushed red, but after hearing Long Chen's words, he became so red that it seemed like blood would drip out. Two streams of white gas that could be seen with the naked eye were exhaled from his nose, showing just how angry he was right now.

If it was the Duke of Qing Li who was scolding him, he wouldn't have gotten angry because their statuses were the same. At that time, Long Chen was just a brat, how could his Scarlet Ghost King endure the scolding of someone whose status was far lower than his?

"Bastard, you're courting death!"

The Scarlet Ghost King's face sunk. Just as he was about to kill Long Chen, the Qing Li King lightly protected Long Chen behind him, and taunted: "Scarlet Ghost King, you were the one who insulted us with your words in the first place. We normally retaliate, yet you are this rude. Are you still a man? Moreover, the Demon Emperor is back, and this Ancient Devil Region is not a place where you can do whatever you want.

The Duke of Qing Li's words immediately caused Scarlet Ghost King to stop in his tracks as he felt fear in his heart. The Duke of Qing Li was right, the Demon Emperor's mood this time wasn't very good.

Scarlet Ghost King looked at Long Chen and Duke Qing Li coldly, and said: "Out of respect for the Demon Emperor, I will let this brat go today. The King's Hall of Clearing Seep? Hehe, see you in the Fourth Demon World, Duke Qing Li. Although I am not Shaotian's father, I can still be considered half a father. After this assessment, we will be close relatives, so of course we can't hurt our relationship! "

His eyes looked towards Liu Yiyi who was hiding behind the Pure Li King, and laughed: "Yiyi is really more and more beautiful, my Young Master is truly blessed, haha!" With that, he patted Ying Shaotian's shoulder, and said in a clear voice, "Let's go!"

Under his orders, the people of Scarlet Ghost King's Palace majestically rushed forward, and then all entered the Second Demon World. The rest of the The King's Hall of Clearing Seep looked at each other. At this time, the Duke of Qing Li turned his head and said, "The humiliation that the Scarlet Ghost King's Palace has given us depends on the five of you to return it to them. Talking is the most useless.

Long Chen and the rest nodded.

As the proverb goes, take others' money to help them get rid of their calamity. Long Chen had already taken the majority of their money, but now was the time for him to help them out.

Following the footsteps of the Scarlet Ghost King's Palace, the rest of the The King's Hall of Clearing Seep soon arrived at the entrance of the Fourth Demon World. The Aeolus was no longer guarding here, but another Demon General had appeared.

In the blink of an eye, Long Chen appeared on the ground of Fourth Demon World. The Fourth Demon World looked exactly the same as the Third Demon World, but there was no dense aura of a demon beast here, only a strong sense of presence. Furthermore, it was the aura of an expert, and in the Fourth Demon World, there were already many people who had gathered.

As the crowd welcomed them, Long Chen and the others began to enter the stage, following the Duke Qing Li, and arrived in the middle of the The King's Hall of Clearing Seep area. At this moment, the disciples of the various great king halls were gathered in a circle, and in front of the arc, was a huge black colored stage!

Chapter 516 - Jiang Wushang

At this moment, within the 4th level of the Emperor Palace, a huge commotion broke out.

In the Seven King's Palace, only seven people had their own seats, and those were the seven great demon kings. Right now, the seven great demon kings were seated in a circle, and the distance between each of them was roughly thirty meters apart.

Regardless of whether it was the Demon Generals or the other disciples, the disciples of the various great King Palaces were all standing behind their respective Infernal Kings.

In each of the seven Royal Palaces, there were roughly three hundred elders as well as Advanced Apprentices. The King's Hall of Clearing Seep had the least number of people, but it had more than two hundred people. Only, there were five hundred people in the other royal palaces.

At this moment, the seven great halls were all gathered on one side of the stage, while on the other side, there were also quite a few people entering the stage. Of course, there were only around fifty people who appeared. Long Chen knew that all of them were Supreme Elders of the Ninth Level of the Heavenly Completion Stage, and just like the twenty-eight Demon Generals of the Ninth Level of the Heavenly Completion Stage, they were all top characters of the entire Ancient Devil Region.

These characters' statuses and positions seemed to be even higher than the Demon Generals. Because they were directly following the Demon Emperor, they each had a seat. Of course, their seats were smaller than the seven Demon Kings' so they could distinguish their statuses.

Of course, among them, there was a seat that was even bigger than the seven great Infernal Kings. At this moment, a man walked in front of this seat, turned around, and sat down.

Long Chen also looked at this man, who looked to be around twenty years of age. He looked a little feminine and extremely handsome, and was of the same type as Mo Xiaolang, who had been around for a long time. However, Long Chen could tell that under this feminine-looking young man's outer appearance, there was an extremely masculine heart.

In terms of appearance, in Ancient Devil Region, this man was much stronger than Ying Shaotian.

However, Long Chen felt that there was something strange about this man's appearance. Why did he look so familiar, as if he had seen him before.

"Impossible, after I came to the Holy Martial Empire, I had immediately come here. Other than the Ancient Devil Region, I have never gone anywhere else, how could I have met this feminine-looking young man?"

Long Chen could guess his identity, because the feeling his strength gave Long Chen was about the same as the Qing Li King by his side. Although it was reserved, it was still quite terrifying with just a raise of his hand, and he must definitely be an expert from the Earth Martial Stage. In other words, he must be the super genius ranked number one in the entire Ancient Devil Region — — Jiang Wushang!

At the same time, he was also Mo Huangjiangwuxie's son!

Of course, he was also the future successor to the great power Ancient Devil Region!

Honestly, Long Chen was impressed by the fact that he was able to reach such a realm at such a young age. His progress in Heavenly Completion Stage was very fast, but he did not know how to cultivate the three great Martial Realms.

Ever since Jiang Wushang had appeared, the entire arena had been in complete silence. Everyone stopped their discussions at this time and looked at Jiang Wushang with some reverence in their eyes. Amongst the Ancient Devil Region, the son of the Demon Emperor was born with a golden spoon in her mouth. But among the many sons of the Demon Emperor, only Jiang Wushang had reached the Earth Martial Stage.

Of course, the fact that the Demon Emperor allowed him to support this once-five-year event also showed how much the Demon Emperor valued him.

In these past few years, Jiang Wushang had established countless legends within the Ancient Devil Region, and he was the target of worship of all the disciples there!

It was said that reaching the Ninth Level of the Heavenly Completion Stage was easy, but reaching the Martial Realm was even harder than ascending to the heavens. Jiang Wushang being able to reach the Earth Martial Stage at the same age as Long Chen was truly terrifying!

"Furthermore, when the unwounded prince was using his Ninth Level of the Heavenly Completion Stage, he was able to leave a handprint on the heavenly magic pillar.

When they saw Jiang Wushang appear on the stage, some of the disciples could not help but start discussing among themselves.

"What is this? I heard that when he was at Ninth Level of the Heavenly Completion Stage, he used one against eight, fiercely battling against eight Ninth Level of the Heavenly Completion Stage, and in the end, killed all of them for him! Those eight people were the Eight Fiends of the North Sea! Every single one of them are famous people on the Martial Alliance's bounty list, but in one night, they all died at the hands of the unwounded prince! "

"This is nothing, it's just a training project for the unwounded prince. I even heard that he once reached the Divine Sea of Immortality and killed king level beasts!"

"That powerful?" King-level? Divine Sea of Immortality is the big nest of the super demonic beast Divine Phoenix Bird, I never thought that unwounded prince would actually dare to go there, I can't help but to admire you! "

Long Chen had noticed that ever since Jiang Wushang had appeared among the other disciples, geniuses like Ying Shaotian and Chen Feng had practically been like pearls in rice, while Jiang Wushang was the true dazzling, vast star.

To be able to reach the three great Martial Realms at this age, he should be considered a influential young figure in the entire Holy Martial Empire.

Moreover, when one was in the Ninth Level of the Heavenly Completion Stage, they would be able to leave a handprint on the heavenly magic pillar, then fight one against eight, kill eight of the Ninth Level of the Heavenly Completion Stage, and even kill the king level demon beast. This kind of demon, other than Long Chen, would be difficult for ordinary people to accomplish.

Long Chen did not seriously size up this Jiang Wushang for a while. He had a premonition that this time, he had met a true genius.

At this moment, everyone's gazes were gathered on Jiang Wushang. Jiang Wushang stood up at this moment, bowed slightly to the seven great demon kings, and said in a clear voice: "Seven great demon kings, my father is busy today, so this disciple's test, will be conducted by Wushang on behalf of my father."

"unwounded prince is too courteous, with your strength and position, you will definitely be able to support this disciple's test. We just need to watch." The Scarlet Ghost King laughed.

The other Infernal Kings also agreed.

Jiang Wushang nodded his head, then said: "Since everyone is already here, then the disciple examination this time, can begin now. Of course, Wushang will only supervise everyone a little.

With that, he returned to his seat.

Everyone's gaze then moved from Jiang Wushang's body to the gigantic black stage. On top of the black stage, stood a general covered in black armor. It was the Aeolus that presided over the selection

competition earlier. Seeing that it was him, Long Chen really had the feeling that he was laughing involuntarily.

"This Aeolus, I'm afraid it's a professional in charge of Ancient Devil Region. It's him in the selection battle, and it's also him in the disciple exam."

This time, the Aeolus did not soar into the sky to speak. After all, several people in the surroundings all had higher statuses than him, especially the one behind him who would become the Demon Emperor's prince in the future. He looked around, and then, said in a clear voice, "Divine Wind greets the Demon Kings! "Divine Wind, please explain to everyone the rules for this year's Royal Palace disciples examination!"

"This time's disciple exam is divided into two stages! The purpose of this setting was, on one hand, to determine the champion amongst all the disciples, to reward the danyin bead! At the same time, we also want the various Grand Elders to grade the disciples of the various King Palaces. In the end, we also want to determine the rankings of the Royal Palaces based on the performance of the disciples! "

"Of course, all the Grand Elders belong to the Imperial Palace, they are absolutely fair and open to the public. Their scores are all recorded in their real names, and for the disciples who are taking the examination, they only need to go in and fight with all their might, so there's no need to worry about the score. As long as the disciples perform outstandingly, the Grand Elders are all experts in Ninth Level of the Heavenly Completion Stage, they will definitely be able to see through it!"

This rule was actually quite good. This disciple test was for the seven Royal Hall disciples, and the Highest Elder was a direct subordinate of the Demon Emperor. Not only that, but her real name was also used to calculate the points.

"Next, let me introduce you to the first stage!"

After saying that, Aeolus looked around, and suddenly, he stomped on the ground, causing the entire stage to tremble!

"What a powerful force!" With regards to the Aeolus, Long Chen was a little shocked.

With the kick of the Aeolus, the entire black stage started to shake. Then, everyone saw a total of twelve black pillars rising from the center of the stage.

Rumble rumble rumble!

After a few breaths of time, all the black pillars had stabilized. These pillars looked like heavenly magic pillars, but were obviously just imitations, a total of twelve black pillars, each of them around seven meters tall. They formed a fifteen meter diameter circle in the middle of the stage.

Long Chen looked carefully and found that at the top of every pillar, there was a fiery-red bead. At first, Long Chen thought that it was the dianyin bead, but he knew, there wouldn't be 12 of them. Of course, even if they weren't dianyin beads, these pillars seemed to be quite extraordinary!

"I believe most people are clear about the role of the Flame Bead. On the day that the nine suns coexist, with this Flame Bead, you can also obtain some energy. It might even allow you two to have a big breakthrough! The rules are very simple, everyone is at the starting line, after I start shouting, whoever can obtain the fire pearl and hold it, perseveres until the end of time, then they can enter the next stage! In other words, out of a total of 60 people, only 12 will be able to enter the next stage! "

After the selection begins, each of you must display your greatest speed to fight for the Flame Beads. If you obtain the Flame Beads, you must not put the Flame Beads into your Qiankun bag, otherwise, it will be considered a violation of the rules. Even if you manage to get the Flame Beads, you need to have them in your hands.

"From the time I shouted to the end, it took a total of 20 breaths of time. How to obtain the Flame Bead within 20 breaths of time, and how to protect it for that long at the same time, all depends on your own strength!"

Chapter 517 - Shocking the entire audience

"Did you hear the rules?" At this time, the Duke of Qing Li turned around and asked.

Long Chen and the rest nodded.

"Remember, at the same time you obtain the Flame Beads, try your best to unite and help others obtain them. There are a total of twelve spots in the seven great hall. King Chujiang said.

"Two spots?" There are so many experts from other halls. I don't think we got a single spot last time, right? "One of the disciples said somewhat dejectedly.

"That was the last time. It's different this time!" The king smiled and said no more.

Under the gaze of the Duke of Qingli, Long Chen and the rest walked onto the stage. On the stage, a giant circle was drawn, from every single point on the circle to the black pillars, were all equal, while Long Chen and the rest of the group, who were about sixty years old, stood on this circle.

Of course, all the disciples of the Emperor Palace were currently divided up, Long Chen and the rest of the five were assigned to different corners, Long Chen took a look around, but couldn't be bothered to check where the other three were. As for Liu Yiyi, he wasn't too far away from them, so she should be able to help when the time comes.

When Long Chen looked at Liu Yiyi, Liu Yiyi also looked at him. To be honest, there were only warriors from the Level 7 of the Heavenly Completion Stage by his side, and none of them were weak either. In order to get one fire pearl among so many tiger wolves, Liu Yiyi felt a lot of pressure in her heart, the Duke of Qing Li had already said that he would only be able to escape his fate of being last place if he obtained two. The other three senior brothers simply could not hope for him to get one.

Her heart was initially nervous, but that single glance from Long Chen made her feel a lot more at ease.

"I will definitely work hard! to bring honor to my mother! " Thinking of this, Liu Yiyi's heart started to become firm.

Amongst the thousands of gazes, Long Chen was the unremarkable one. At this moment, most of the people's gazes were focused on the Eighth level of the Heavenly Completion Stage practitioners, the Aeolus scattered all their seats, ensuring that they wouldn't start a fight in the first stage.

Amongst these people, Chen Feng, who had already arrived at the Ninth Level of the Heavenly Completion Stage, and Ying Shaotian, who was at the Scarlet Ghost King's Palace, were all extremely dazzling. At this moment, they were all standing at the edge of the circle, waiting for the order from the Aeolus.

Jiang Wushang's gaze also landed on Chen Feng. He leaned over and said to the Great Clan Elder beside him: "That boy called Chen Feng, his age is young, his Ninth Level of the Heavenly Completion Stage is

not bad, and is about the same as my fifth brother. After the disciple exam, you can immediately have him come to my subordinate to do things for me."

"Yes!" For Chen Feng to be able to do business for the unwounded prince, it is definitely his honor! "

Jiang Wushang nodded his head, his gaze returning to the stage, and not saying anymore.

Although he was about the same age as Chen Feng and the others, his status and strength was much higher than theirs.

Of course he wouldn't notice that among these sixty people, there was another person called Jiang City. No one even knew that there was another person called Jiang City among them.

The Jiang City was just an alias Long Chen used. Amongst the sixty people, other than the The King's Hall of Clearing Seep, Long Chen only recognized the other two, which were Ying Shaotian and Chen Feng. Currently, Ying Shaotian was facing Liu Yiyi, and his eyes boldly swept across Liu Yiyi's body, but unfortunately, Liu Yiyi did not look at him.

In his opinion, Long Chen also came to participate in the disciple test, it was just to embarrass himself, Long Chen could escape quickly, but in the disciple test, how could he just run?

Time slowly passed. Just as the disciples were about to lose their patience, the Aeolus was announced to begin. Everyone raised their necks to look at this most intense scene.

"Three, two, one, begin!"

When they heard the name three, everyone tensed up. Enormous energy fluctuations were brewing from everyone's body, and at the beginning, everyone was like an arrow shooting towards the twelve pillars. Each of them chose a target closest to them!

Even though it was only at a distance of about a hundred meters, with everyone's different speeds, the gap was quickly created. Amongst the sixty people, the fastest was obviously Chen Feng, and then it was those few Eighth level of the Heavenly Completion Stage warriors, Chen Feng was just too dazzling, to

the point where no one realized, the man who ranked second in speed, was not Eighth level of the Heavenly Completion Stage, but Long Chen!

Although Long Chen did not have the Dragon Soul Transformation, his current Innate Qi was four times stronger than before. At the same time, he was the only one who trained in king level body tempering technique, the body tempering technique granted the body unparalleled strength, especially the muscular strength of the legs, the speed at which the flesh was bestowed it was much faster and more nimble than the speed granted by the Innate Qi. After the Aeolus was announced, Long Chen took the lead in the surrounding Level 7 of the Heavenly Completion Stage.

Everyone stretched their necks, exclaiming loudly. Most people paid attention to the person who was the fastest, but the second person did not receive much attention. Of course, there were at least a few hundred of them!

Amongst these hundreds of people, there were the Supreme Elders, the twenty-eight Demon Generals, the seven great demon kings, and, of course, Jiang Wushang!

"Chen Feng is so fast!" You are indeed worthy of being a Ninth Level of the Heavenly Completion Stage Ranker. In my opinion, he must have taken two fire pearls! "

"The other Eighth level of the Heavenly Completion Stage s are also not bad!"

Everyone began to discuss with one another.

Liu Yiyi had also performed very well. In terms of speed, she could basically be ranked in the top three, but Long Chen was even more terrifying. Especially in the later stages, his speed was becoming faster and faster, he was already close to Chen Feng!

"Long Chen still hasn't transformed into the Dragon Soul, how can he be so fast!" Of course, this was an extremely good thing for her. Because of their speed, Long Chen could definitely take down a Flame Pearl without a doubt!

"Who is that young man?" The King's Hall of Clearing Seep? " Jiang Wushang had also noticed Long Chen, and immediately asked the Grand Elder beside him. That Grand Elder was startled, and said: "I only know that it's from the The King's Hall of Clearing Seep, I don't know the name."

"Go check, I want to know immediately!"

"Yes sir!"

But at this time, Chen Feng laughed like a madman. He had already arrived in front of one of the pillars. The people beside him hadn't even walked half the distance! Under the admiring eyes of the crowd, Chen Feng rushed up the pillar. Of course, he took one of the beads in his hand!

"Chen Feng obtained a Flame Pearl!" Aeolus was excited and added fuel to the fire.

The other disciples who were still running were still half a step away from the pillar. When they heard that Chen Feng had obtained the Fire Bead, they gritted their teeth and desperately rushed forward.

Chen Feng naturally did not dare to fight with him over the Flame Bead. At this time, from within the crowd of The Green Hellish King Palace, loud cheers rang out!

At the start, just as they were cheering, Long Chen had already scuttled up the pillar and grabbed one of the fire pearls in his hand! The Level 7 of the Heavenly Completion Stage beside him was still half a step away from the pillar. They were rushing forward with all their might, but who would have thought that their target was already gone!

"Jiang City Jiang has obtained a Flame Pearl!" At this time, the Aeolus was shocked to discover that someone had actually caught up to Chen Feng. He looked carefully, this person could be considered to be someone he recognized very well, even though he had noticed Long Chen's abnormal progress, his speed had actually exceeded the speed of her Eighth level of the Heavenly Completion Stage, which still made him incredibly shocked!

With this shout from the Aeolus, the atmosphere at the scene was thoroughly ignited. Everyone's gazes were focused on the dark horse, Long Chen, so much so that Chen Feng, who had just received a cheer, was actually treated coldly. Even the other Eighth level of the Heavenly Completion Stage seemed to lose their luster under Long Chen's radiance.

This time, it was The King's Hall of Clearing Seep's turn to cheer, and she proudly looked in the direction of Scarlet Ghost King. At this time, Scarlet Ghost King had already stood up from his seat, his face was filled with shock: "This brat's speed is truly fast, but how can speed be enough? Can he keep that fire pearl? "

However, when he thought about how Long Chen's performance would at most be short-lived, he felt somewhat comforted in his heart.

And the name Jiang City once again spread to everyone's ears.

Amongst the lot of them, there were quite a few who had seen Long Chen's selection battle, so when they confirmed that this Jiang City and that Jiang City were actually the same person, the entire audience burst into commotion. This meant that in the short span of two months, Long Chen's Heavenly Completion Stage Level 1 had risen all the way to this level!

What terrifying speed this was!

Even the seven great demon kings were shocked!

At the same time that they were shocked about Long Chen's terror, they looked at Scarlet Ghost King with interest because they knew that it was as if Scarlet Ghost King had directly abandoned Long Chen during the selection battle. They never thought that this year, Scarlet Ghost King would be the one to turn blind with his eyes.

Those gazes of discussion and ridicule caused Scarlet Ghost King's face to turn ashen. He gnashed his teeth, wishing that he could eat Long Chen alive.

Not here, of course.

"His name is Jiang City? His name was rather familiar. He was actually surnamed Jiang, could he be a member of my Jiang Clan? In less than two months of time, his talent is much more terrifying than mine to reach this level from the Heavenly Completion Stage Level 1. However, why hasn't his talent reached the Martial Stage yet? Jiang Wushang thought as he stared at Long Chen.

Chapter 518 - Shocking

Long Chen obviously knew that at this time, he had already become the center of attention. The tidalwater like cheers and cheers were all directed at him, and just by relying on his speed, it was already shocking.

Shocking the crowd wasn't enough. In just 20 breaths of time, five breaths of time had passed. Now, many people had caught up.

"Jiang City is just fast, he doesn't have much combat power!" She did not know who said that, so most of the people were heading towards the Flame Beads, but there were a few who heard that, their targets had already been snatched away by Long Chen, so they all set their sights on him!

At this moment, almost all sixty people had gathered near the twelve pillars. The situation was extremely tense. The most intense fight had just officially begun. In an instant, several battles had broken out in this small place! Not long after Long Chen obtained the Flame Bead, there were already many Eighth level of the Heavenly Completion Stage that obtained their own Flame Bead!

Therefore, other than Chen Feng, the rest of the people who had obtained the Fire Pearl all began to flee towards the edge of the stage. With just a few people, they would easily be able to last past twenty breaths of time.

Long Chen did not flee. After obtaining the Flame Bead, he immediately searched for Liu Yiyi within the crowd of people, as Liu Yiyi was not far from him, and Long Chen quickly found her, but at this time, Liu Yiyi was currently fighting against the other two Level 7 of the Heavenly Completion Stage s on top of a pillar. Because both of them were attacking together, she had even used devil shadow clone.

Long Chen knew what was going on. The two of them were obviously in the same group, they had originally wanted to use one of them to restrain Liu Yiyi and the other to fight over the Flame Bead.

As a result, the three of them lost their chance because many people saw that there was still a Fire Bead left. Thus, there were at least five people who rushed over. Every one of them was killing to the point of turning red!

Liu Yiyi was actually very sullen in her heart. She should have been able to get hold of about one Fire Pearl, because she had the devil shadow clone, so getting her hands on the Fire Pearl wasn't difficult. She didn't expect two people to suddenly charge out from the side, blocking her way!

These two people, were actually from the Scarlet Ghost King's Palace!

"We can't get the Flame Bead, and so can you. Liu Yiyi, you are my eldest senior brother's woman, how could we let you get the Flame Bead, haha!" The two of them had already completely given up on the Flame Beads and focused on surrounding Liu Yiyi.

At this time, five people had already rushed to the flame orbs and were rapidly fighting each other!

On Long Chen's side, there were already quite a few Level 7 of the Heavenly Completion Stage who had heard that his fighting strength was insufficient and had surrounded him. Long Chen did not even look at them, and with a swoosh, the primary level Heaven Ranked Silent Demon Shadow under his feet became superb. Those disciples who were chasing after him, in the blink of an eye, Long Chen was gone!

"How is this possible!?" When the Traceless Demon Shadow was unleashed to this extent, even the movement combat skills of my Heaven Stage Medium were unable to catch up to him! "

The people who had their sights set on Long Chen were all stunned.

They only had twenty breaths of time, so every one of them didn't have much chance. They had already made up their minds to chase after Long Chen, and after Long Chen ran away, they no longer had time to fight for the Flame Bead in the hands of others.

Long Chen was actually the center of everyone's attention. His every action was even more attractive than Chen Feng, and at this moment, Long Chen had broken free from several Level 7 of the Heavenly Completion Stage s, turned into a shadow, and directly rushed into the circle of the five Level 7 of the Heavenly Completion Stage s fighting for the Flame Beads.

Heh!

At this moment, Long Chen's physical body was definitely not weaker than the Giant Strength Demon General from before. At this time, someone had already come up to intercept him, and he was also using the same Level 7 of the Heavenly Completion Stage, but the opponent had used a battle skill, and was knocked back flying by Long Chen's punch. With a pa sound, he fell onto the ground, and in the process, sent the two of them flying!

"What a powerful fist force!"

At this time, there were already many people standing among the Supreme Elders. A tall and sturdy man among them said, "True Martial Devil Body!" I definitely did not see wrongly, I have cultivated the True Martial Demon Body for twenty years, so I definitely have a True Martial Demon Body! "

He was an expert in this field, thus, when he said those words, it immediately gave rise to a huge wave, causing even Jiang Wushang to ask in astonishment, "Didn't you guys say that he had not even been in the Ancient Devil Region for two months? You succeeded in cultivating your True Martial Demon Body?"

"unwounded prince, although I am also very shocked, and even thought that it is impossible, I definitely possess a True Martial Demon Body!" The man said decisively.

And at this time, several other Level 7 of the Heavenly Completion Stage s were also sent flying by Long Chen's fist. In front of everyone's shocked eyes, Long Chen directly grabbed onto another Flame Pearl, and without the slightest pause in his actions, he immediately appeared in front of the two people who were besieging Liu Yiyi. With an extremely fast speed, he directly punched that person's nose, causing the person to be sent flying!

"I never thought that the fist techniques used to train the True Martial Demon Body would actually have such a huge effect, especially in close combat. It's almost no weaker than the attack of Heaven Stage Medium, and this fist technique is completely continuous!"

Long Chen was very surprised with this experiment.

Under his attacks, Liu Yiyi's body was quickly emptied out. Liu Yiyi stopped and looked at Long Chen blankly. The current him looked majestic and he was slaughtering his way through, causing Liu Yiyi to become completely immersed in him. Long Chen was saving her.

"He's still in a daze. Let's go!" Long Chen directly stuffed a fire pearl into her hands, then grabbed her arm and quickly escaped outside. Right now, the entire scene was in chaos, many people did not even know whose hands had held the fire pearl. Of course, many people knew that Long Chen had two in his hands, but looking at the situation just now, if one did not use their Eighth level of the Heavenly Completion Stage to deal with Long Chen, they would definitely be sent flying with a single punch!

With a whoosh, Long Chen stood at the edge of the stage and protected Liu Yiyi behind him. Then, he looked at the few Level 7 of the Heavenly Completion Stage warriors who were still unwilling to give up, and attacked him. Long Chen directly rushed into the middle of the crowd, his speed was so fast that he moved like a blur. In less than two breaths of time, the three of them had collapsed weakly onto the ground!

"Very strong!" "This True Martial Demon Body has already been cultivated to the Large Success Stage. One can even use this fist manual as a battle skill!" Beside Jiang Wushang, the tall and big Grand Elder said with a sigh.

"So you're saying, this Jiang City is really a peerless genius? Looks like our Ancient Devil Region has pretty good luck. We must nurture such a genius well! Let him become the pillar of our Ancient Devil Region!" Jiang Wushang laughed.

"Twenty breaths of time have passed. Everyone, stop!" It was at this time that the loud voice of the Aeolus suddenly stunned the entire audience!

Under his command, everyone stopped their attacks. It was time. It also meant that many people who didn't have Flame Beads were eliminated.

"Anyone who does not have a Flame Bead, please leave this arena!"

Under the orders of the Aeolus, the people who were eliminated left one after another, and among the people who were eliminated, there were three people from the The King's Hall of Clearing Seep. At this moment, the three of them walked up to Long Chen, and they saw Long Chen's performance. The original chief disciple looked at Long Chen with a bit of emotion, and said: "Jiang City, I have to say, I admire you a lot. From today onwards, you will be our senior brother!"

After saying that, they obediently left.

Liu Yiyi clenched the Flame Bead in her hand tightly. If not for Long Chen, she would not be standing here. She knew that the current Duke Qing Li would definitely be very happy, and seeing her mother so happy, Liu Yiyi herself would definitely be quite satisfied.

When the rest of the people left, the remaining twelve people in the arena could be seen with a single glance. Besides Chen Feng, the other five Eighth level of the Heavenly Completion Stage s were also present. Chen Feng obtained two Flame Beads, while the other one was given to a practitioner of the The Green Hellish King Palace who had another Level 7 of the Heavenly Completion Stage. As for the rest, they were all obtained by the 7th level of their respective halls. These people might have had good luck, or they might have had a higher level of strength.

Amongst the twelve people, there was a total of one Ninth Level of the Heavenly Completion Stage, five Eighth level of the Heavenly Completion Stage and six Level 7 of the Heavenly Completion Stage. There was only one person from the two king palaces, and that person was Scarlet Ghost King's Palace.

This made Scarlet Ghost King angry to the point that his nose was crooked.

Such an outcome was definitely a huge mockery to him. It could even be considered a blow, but The King's Hall of Clearing Seep's performance this time had far surpassed his own. If this continued, his Scarlet Ghost King's Palace's rank would absolutely be below The King's Hall of Clearing Seep's, which meant that his Scarlet Ghost King had to kneel and apologize to Duke Qing Li in front of everyone!

How was this possible?

The Scarlet Ghost King had originally been filled with confidence in himself, but after Long Chen had appeared, everything had been messed up. Now, Long Chen had relied on his own hard work to get two spots for the The King's Hall of Clearing Seep, which was already very impressive, and in the first stage, Long Chen had completely suppressed Chen Feng's limelight.

This kind of result was caused by him, the Scarlet Ghost King, because Long Chen was personally pushed to the Duke Qing Li himself by the Scarlet Ghost King.

It was like a huge slap on Scarlet Ghost King's face.

"Scarlet Ghost, are you ready to kneel?" At this time, the voice of the Duke of Qing Li reached Scarlet Ghost King's face. Scarlet Ghost King didn't look at her, he knew that the Duke of Qing Li was already extremely happy, and she must be laughing at him ruthlessly in her heart. Scarlet Ghost King's face was turning more and more ashen.

There were a total of twelve people, and Long Chen was the brightest one.

In reality, Chen Feng had performed even better. He had cleanly obtained the two Flame Beads. The problem was that Long Chen was pretty much the same as him, but he only had Level 7 of the Heavenly Completion Stage.

This meant that Long Chen would receive even more attention!

At this time, the Aeolus had landed in front of the twelve people.

"Congratulations, the twelve of you, I shall announce the rules for the second stage!"

Chapter 519 - king crystal

"The rules of the second trial are actually very simple." In front of everyone, the Aeolus spoke unhurriedly, and in the end, her gaze stopped on Long Chen's body. The Aeolus witnessed Long Chen's growth more than the other Demon Generals, so it gave them a special feeling of familiarity.

Of course, there were still countless people sizing up Long Chen, this dark horse.

During the selection battle, he was like a huge dark horse. He didn't expect that in just a month of time, he would be able to display his strength in the disciple test. With such a huge improvement, who wouldn't notice him? At the beginning, everyone thought that he had exhausted all of his potential and that no one would be able to enter. However, he surprised everyone.

The most tragic one was the Scarlet Ghost King. If he lost to the Qing Li King in the final score, then according to the agreement, he would have to kneel down and admit his mistake in front of the Qing Li King.

At this time, Scarlet Ghost King was swearing at his own direct disciples, swearing at them one by one. The scene was very spectacular.

Of course, everyone was only laughing at his misfortune.

Aeolus's voice, attracted everyone's attention.

"It's the old rules, the second battle is a duel, a elimination battle! There are a total of twelve of you. First, draw lots, form six groups, then fight in pairs to decide the top six. Then, divide into three groups and decide the top three! And the rules of the top three were: battle royale! In this free-for-all battle, the final winner was still the last to fall, while the last to fall was second! Do you all understand the rules? "

"Understood!" Long Chen and the rest said.

The fight between the three of them was actually the most troublesome, as any battle between two people would be taken advantage of by the third person. In other words, the battle between the three of them was not only a test of one's strength, but also a battle of wits and courage, and only those who can endure the test can stand at the peak!

"It's good that you understand!" Aeolus laughed, his gaze sweeping across everyone then continued: "Of course, the battles in the second stage are cruel, but the rewards are also quite rich! As long as one could enter the top six, each person would be rewarded with five hundred thousand Tongtian Pill! Warriors in third place will be rewarded with one million Tongtian Pill! The warrior in second place is rewarded with three million Tongtian Pill! "

A million Tongtian Pills was equivalent to all the wealth of a single Ninth Level of the Heavenly Completion Stage warrior, and this second place's reward was already as high as three million. To be able to get second place, it should be Eighth level of the Heavenly Completion Stage, Eighth level of the Heavenly Completion Stage alone would give one three million dollars, which was already considered very rich. In the future, when breaking through the Ninth Level of the Heavenly Completion Stage, there was no need to worry about the problems of Tongtian Pill.

Of course, the prize for the champion would be even more bountiful!

Aeolus laughed: As for the champion, everyone knows that the champion will have that dianyin bead, but the dianyin bead is also one of them, to be able to obtain the champion's disciple, in addition to obtaining a king crystal as a reward!

When Aeolus's voice fell, everyone began to discuss amongst themselves.

"The king crystal, it's actually rewarded a king crystal! Today is truly a big day, in previous years, there were only five million Tongtian Pill! "

"The value of king crystal, comparable to ten million Tongtian Pill, or even ten million Tongtian Pill, can't be exchanged for a single king crystal! To think that you would have the chance to own a king crystal before you have reached the three great martial artists.

"I wonder who can obtain this king crystal? Chen Feng, Liu Dongtian? Or Ying Shaotian, or that Jiang City? "

After all, that's only the Level 7 of the Heavenly Completion Stage. That Ying Shaotian's group will at most get second or third place, and as for first place, Chen Feng, who is worthy of the title Ninth Level of the Heavenly Completion Stage. After all, he is already at the Ninth Level of the Heavenly Completion Stage, and is considered one of the Grand Elders.

"That's true!"

For a time, the entire place was filled with this kind of discussion.

"king crystal?" Long Chen was really interested in this, to see what kind of thing this king crystal, which was equivalent to ten million Tongtian Pill, was. king crystal, Emperor Crystal, and Divine Crystal were rumored to be important items among the three Martial Realms. It was likely that they were similar to the Spirit Jade divine jade from before, but in terms of the materials, they were definitely tens of thousands of times better.

"Within the king crystal, there is Martial Origin. Martial Origin has an important effect on the cultivation of the Martial Realm." Long Chen was completely confused about the cultivation of the Martial Realm. He could only wait until he obtained the dianyin bead and reached the Ninth Level of the Heavenly Completion Stage before finding an expert to advise him.

At this time, after the rules of the Aeolus was announced, the drawing of lots began. Amongst the twelve people, there were strong and weak groups of twelve, and drawing Chen Feng was basically equivalent to elimination, but of course, if one were to draw a Level 7 of the Heavenly Completion Stage, for Long Chen, it was basically equivalent to a safe upgrade.

Long Chen's performance in the first stage was of course quite stunning, but to this extent, there was still quite a huge gap between him and a genuine expert of the young generation. Because it was true that he only had Level 7 of the Heavenly Completion Stage, so in this stage of the trial, he was not highly regarded.

At this time, the drawing of lots began. When Ying Shaotian passed by Long Chen, he looked at him and Liu Yiyi with a dark gaze, and said, "It's best if you don't meet me. Otherwise, you'll be very miserable!"

His words were directed at Long Chen.

In the first trial, Long Chen had stolen the limelight, causing him to lose face.

After he finished, he went to draw the lots, and next was Chen Feng. Chen Feng naturally hated Long Chen, he had wanted to take this opportunity to display his superiority, but who knew that Long Chen had taken the spotlight.

"It depends on your luck. Even if Ying Shaotian didn't beat you up badly, I would still act. It would be best if we met again, otherwise you would not be able to bear the consequences." Chen Feng smiled gloomily and selected his number.

Liu Yiyi looked at Long Chen a little nervously, and said: "They want to deal a heavy blow to you, what should we do?"

Seeing the concern and anxiety in her eyes, Long Chen smiled and said: "You don't believe that I can deal with them? They haven't fought yet, who knows who will win and who won?"

"Oh" Although Long Chen was not worried at all, he still could not calm his heart down.

"Fight with a peace of mind and win honor for your mother. You don't need to worry about my matters." Long Chen lowered his head, and reminded her by his ear.

"I know." Liu Yiyi nodded, then went up to draw his number, which was also drawn by Long Chen. The number he obtained was seven, while Liu Yiyi's was ten.

At this time, the drawing of lots was complete and everyone had their own numbers. Aeolus laughed: "Very simple, Number 1 and Number 2 will stay on the stage and everyone else will go down. After they finish their battles, Number 3 and Number 4 will come up! Of course, you all can't change each other's numbers.

Long Chen and the rest descended from the stage.

Long Chen and Liu Yiyi stood below the stage, and as for the rest of the people, they stood together in groups of two or three, or even by themselves. Of course, under the gazes of everyone, they did not dare to openly change their numbers.

Number 1 and number 2 both had Eighth level of the Heavenly Completion Stage, and since they were drawing lots, this was a normal situation. However, for the two of them, one of them would be especially unlucky since they both had the strength to enter the top six, but one of them would definitely lose the qualifications to be in the top six.

Amongst the ten people below, Long Chen didn't even know the number of the other people other than himself and Liu Yiyi. As for the others, they didn't seem to know the number of the others either. This made all of them feel suspenseful.

The battle of Eighth level of the Heavenly Completion Stage between the two quickly started. The strength of the two were equal, and could be said to be extremely exciting, under the cheers of the audience, the battle was extremely intense. Both sides were the eldest disciples of the two great King Palaces, and no one was willing to lose their own Palace, so they fought with all their might!

The first battle was already so exciting, which was a bit surprising for the crowd.

This battle was simply a competition between two king palaces. Below, the two disciples were shouting at each other until their faces were red and their ears were red.

Of course, the price for this victory was also extremely high. He had just obtained victory, and had been taken by the Palace Master of his Palace to heal his wounds. After all, not long from now, he would have to welcome the second match!

As for the losers, the treatment they received was much worse.

The next suspense was, who were Number Three and Number Four?

Aeolus smiled and scanned her surroundings, then said: "Now, you two can come up!"

Among the ten people, two of them moved. After they went up on stage, the crowd looked and was somewhat dumbstruck, because these two people had Level 7 of the Heavenly Completion Stage s.

Adding Long Chen and Liu Yiyi, there were a total of six Level 7 of the Heavenly Completion Stage s, who would have thought that these two people would actually collide with each other.

Of course, since it was a fair draw, this was also a normal occurrence.

"Two Level 7 of the Heavenly Completion Stage s? So what's the situation with the next groups? " Aeolus laughed, then announced the start of the competition.

Because no one knew who their opponent was, the second round was full of suspense. Long Chen calculated, it seemed that there would be a total of ten battles before the second round ended. Of course, the most important thing would be the last match of the top three. No one who could last until then would be a simple person!

The battle between these two Level 7 of the Heavenly Completion Stage was also quite intense, one of them was Chen Feng's junior brother in the The Green Hellish King Palace, the one he was holding, the Flame Bead was obtained by Chen Feng for him, but his strength was not very strong, in less than fifteen minutes, he was beaten to the ground by another martial artist.

Chen Feng's face turned bad.

"Next, numbers five and six!" The Aeolus announced.

Chapter 520 - Battle Spirit

Who are Five and Six?

Just as Aeolus's voice fell, a graceful figure rushed up to the black stage. Everyone looked, it was actually the elegant Ying Shaotian. Ying Shaotian's talent had always been extraordinary since he was young. Before Chen Feng had broken through his Ninth Level of the Heavenly Completion Stage, he was still one of the top two young experts within the palace. Even now, he was considered second to none.

Adding on the fact that the Scarlet Ghost King had always been a high-profile individual in the seven Royal Palaces, Ying Shaotian's battle immediately attracted everyone's attention!

"Who is number six?!" Standing on the stage, Ying Shaotian's gaze swept over to Long Chen. He hoped that Long Chen would be that number six, but unfortunately, Long Chen was number seven.

"Now that two people from The King's Hall of Clearing Seep have entered the twelfth place, only I will beat Ying Shaotian up. The King's Hall of Clearing Seep's ranking will definitely win over Scarlet Ghost King's Palace, and at that time, Yi Yi won't need to feel wronged and will marry him."

This was something that Long Chen had promised the Qing Li King, so he definitely had to take care of it properly!

Who is Six?

When Number Six got on, everyone was dumbstruck, because Number Six was actually a Eighth level of the Heavenly Completion Stage as well! The drawing of lots was too much of a coincidence. The first two fights were all at the same level, full of suspense. It was already quite exciting, and now it was even a match of the same level!

"What are you doing? If that was the case, if both Eighth level of the Heavenly Completion Stage were eliminated, wouldn't there be two Level 7 of the Heavenly Completion Stage in the top six? It doesn't seem to be in accordance with the rules, does it? "

"How is it not in accordance with the rules?" Luck is also a very large part of success. It is a matter of luck to be able to draw a lot like this, one cannot rely on others. Besides, what is the top six anyway? The top three is the key, if we rely on our luck, we can only get into the top six, but can we get into the top three? "

Everyone began to discuss with one another.

Seeing that Ying Shaotian was not going against Long Chen, but the other Eighth level of the Heavenly Completion Stage, Scarlet Ghost King's face turned bad. If Ying Shaotian lost, he would have to kneel down. Even Long Chen and Liu Yiyi did not enter the top six, it was as if he had lost.

"Scarlet Ghost, tell me, am I, Liu Dongtian, powerful? Or is your disciple, Ying Shaotian, powerful?" At this time, an old man who was about the same age as Scarlet Ghost King but had a relatively normal appearance laughed and said.

"Of course, of course it's Shaotian who's strong!" Scarlet Ghost King said decisively.

"Is that so? Otherwise, if you kneel in front of a woman in front of countless people, in the future, your Scarlet Ghost King will only be the laughing stock of your Ancient Devil Region. "Haha!" The old man only smiled.

"Old bastard Yan Kong, don't take pleasure in my misfortune!" Scarlet Ghost King was so angry that his beard was sticking out.

At this time, Ying Shaotian's battle with the other practitioner of Eighth level of the Heavenly Completion Stage, Liu Dongtian, had already begun. Ying Shaotian would be his opponent sooner or later, so Long Chen was also carefully watching.

It could be seen from the Wind Controlling Sword Finger that he had casually used before. Of course, the opponent was a senior disciple of the Yan Kong Hall, and her strength was also quite strong, with powerful battle skills that were on par with Ying Shaotian!

The strength of these two people, was even stronger than the first two Eighth level of the Heavenly Completion Stage s. Thus, the battle was especially intense, and could only be described as extremely intense. Their figures sped through the entire arena, attacking, defending, the wind whistled, and their battle auras were awe-inspiring!

This battle was indeed very exciting, and everyone was extremely excited to watch it!

After about half an hour, the two people on the arena were already exhausted. In the end, it was still Ying Shaotian who endured until the end, knocked his opponent off the stage, and obtained the final victory. After he won, he glanced at Long Chen with a provocative gaze, and then fell on the stage!

"Shaotian!" Scarlet Ghost King rushed to the arena and proudly brought down his disciple to recuperate. There was still a lot of time before the next battle, which was enough for Ying Shaotian to fully recover.

In other words, if Long Chen and Long Chen were not able to enter the top six, then it was very likely that The King's Hall of Clearing Seep would lose to him. At that time, it would not be Scarlet Ghost King kneeling down, but Liu Yiyi marrying Ying Shaotian.

Only after Ying Shaotian left did Aeolus announce the start of the fourth round of battles. Long Chen was number seven, so he walked up the stage first.

Seeing Long Chen coming up the stage, Chen Feng, who was below the stage, had a depressed look on his face. Clearly, his opponent was not Long Chen.

"It's the Jiang City! He can easily move those who fight against the Level 7 of the Heavenly Completion Stage, and as long as he meets the Level 7 of the Heavenly Completion Stage, he will win. Out of the remaining five, she has one Eighth level of the Heavenly Completion Stage and one Ninth Level of the Heavenly Completion Stage! "

"Whether he can enter the top six will depend on his luck."

"That's true. Only the top three would have very little luck. The final champion is not something that can be obtained by luck! "

Amidst the discussions of the crowd, Long Chen's opponent finally came up onto the stage. When Long Chen looked at the stage, he realized that his luck was not bad, because aside from Liu Yiyi, there were also two other Level 7 of the Heavenly Completion Stage s below him. and Long Chen looked at each other.

"Red city's Royal Palace, Yan Cheng!"

"The King's Hall of Clearing Seep, Jiang City!"

Seeing that the other party was still relatively amiable, Long Chen was also very polite with him. The two of them introduced themselves and then, under the announcement of the Aeolus, the battle started!

The Level 7 of the Heavenly Completion Stage was far from being Long Chen's opponent, and just as everyone had expected, this practitioner had already been knocked out of the arena by Long Chen within the span of a few breaths! Of course, Long Chen did not injure him, so after he got off the stage, he said gratefully, "Thank you brother Jiang for showing mercy, Yan Cheng is not your opponent!"

After he finished speaking, he automatically returned to the Red City Palace. It could be seen that he was completely convinced of Long Chen's defeat.

Even the Scarlet Ghost King was a little jealous of Long Chen's good luck. Ying Shaotian had entered the top six, fighting to the death while Long Chen, on the other hand, easily won the match.

"What are you so proud of? Although luck was a part of the disciple exam, without absolute strength, how could one stay here and laugh until the end? This time, Shaotian has absolute confidence in entering the top three, and only him will be able to enter the top three. In terms of the King's Hall's score, my Scarlet Ghost King's Palace is definitely above your The King's Hall of Clearing Seep! " Scarlet Ghost King said as he gnashed his teeth.

Of course, he was also speaking in a low voice and didn't let the king hear him.

Long Chen then walked down the stage.

"Yiyi, if your opponent is Chen Feng, then admit defeat. If it's that Eighth level of the Heavenly Completion Stage, then try your best. If it's no good, then admit defeat. If it's that Level 7 of the Heavenly Completion Stage, then you can only congratulate it." After coming down, Long Chen immediately said to Liu Yiyi.

Liu Yiyi nodded heavily, "Mn, I got it!"

She felt a little sweet in her heart, knowing that Long Chen was concerned about her.

At this time, Aeolus announced the start of the fifth battle, and this time it was the ninth and the tenth, when number nine was called, a warrior immediately jumped onto the stage nervously, anxiously watching the movements of Chen Feng and the others.

Seeing him, Long Chen, the Qing Li King, and the others all laughed. It was not only Long Chen's luck that was good, even Liu Yiyi's luck too, because this number nine was precisely that Level 7 of the Heavenly Completion Stage warrior.

"Why is it like this? A total of six groups, are Eighth level of the Heavenly Completion Stage against Eighth level of the Heavenly Completion Stage, and Level 7 of the Heavenly Completion Stage against Level 7 of the Heavenly Completion Stage!"

"How did you draw this lot? It's unfair!"

"There's definitely an inside story!"

It was obvious that they had the strength of the top six, yet they were unable to reach the top six. This caused the hearts of the Palace Masters to be extremely uncomfortable; in this way, at least three of their first disciples would be eliminated.

When Liu Yiyi went up on stage, the dissatisfied sounds of the crowd became louder and louder, especially the last Eighth level of the Heavenly Completion Stage Ranker who had to face Chen Feng, his face was full of depression, if he was to go up against Chen Feng, he would definitely lose, he had originally planned to shine in the disciple test, but he did not expect to leave so soon?

Regarding this situation, the Aeolus was helpless!

"All of you, quiet down!" Just at this moment, Jiang Wushang stood up. His cold and fierce voice caused a huge explosion, and everyone felt their heads shake. The people who were originally shouting, all stopped at this moment, and looked in Jiang Wushang's direction with trembling hearts.

"We, the Ancient Devil Region, are one of the top powers in the Holy Martial Empire. The disciple examination is naturally fair, all of you are making such a ruckus here, are you not going to care about the face of our Ancient Devil Region? Furthermore, choosing your opponent through lots has always been based on luck, luck is a major factor in success, if your luck is bad, you deserve to die, if anyone else is dissatisfied, you can just tell me Jiang Wushang, don't affect the competition, enter the city, Shen Feng, and announce the start of the competition! "

Jiang Wushang's voice was extremely loud and clear, reaching everyone's ears. Everyone looked at each other, not daring to speak anymore.

Everyone only wanted to express their dissatisfaction. Actually, it was impossible for the drawing of lots to be fake. This situation was only because of a coincidence.

When Jiang Wushang spoke, no one dared to shout again.

What he said made sense. If he was unlucky, he deserved to die.

He, Jiang Wushang, was able to become the son of the Demon Emperor and receive countless amounts of nurturing.

After experiencing this change, the battle between Liu Yiyi and his opponent officially began. Liu Yiyi's fighting strength could be considered the pinnacle of Level 7 of the Heavenly Completion Stage, after all, even if it was Eighth level of the Heavenly Completion Stage, there were only a few who managed to cultivate King-level Battle Skills. Under Liu Yiyi's King-level Battle Skills, his opponent was quickly defeated.

At this point, the top six had already been decided.
