

War God 521

Chapter 521 - Gale Sword Finger

The remaining battle would be Chen Feng's battle. There was no doubt that Chen Feng would be able to defeat the other Eighth level of the Heavenly Completion Stage and obtain the final six spots. Among the top six, there was one Ninth Level of the Heavenly Completion Stage, two Eighth level of the Heavenly Completion Stage and three Level 7 of the Heavenly Completion Stage.

There were a total of three Level 7 of the Heavenly Completion Stage s that were able to enter the top six, and this was the first time it had happened. And amongst the top six, two of the Level 7 of the Heavenly Completion Stage s had come from the The King's Hall of Clearing Seep, so this time, The King's Hall of Clearing Seep was definitely in the limelight, and in the past, The King's Hall of Clearing Seep was always at the bottom, but from the looks of the current situation, The King's Hall of Clearing Seep should be able to enter the top three!

After all, two of the halls had been completely eliminated so far. The results of these two halls would definitely be at the bottom, as for whether the The King's Hall of Clearing Seep would be able to suppress the Scarlet Ghost King's Palace in the end, it would still depend on Long Chen's and Liu Yiyi's performance in the end.

This time both Long Chen and Liu Yiyi had given her a lot of face, but of course, the main reason was because their luck was truly too good.

In the last battle, Chen Feng won with ease. However, his face was still gloomy.

At this time, the remaining six people were called back to the stage by the Aeolus. After Ying Shaotian and the others had been healed, they had more or less recovered.

When Ying Shaotian woke up and heard that both Long Chen and Long Chen had levelled up due to their luck, he nearly fainted. However, thinking about it, this was a huge good thing.

They might even be killed!

In an intense battle, it was very common to accidentally kill an opponent. Even the Duke of Qing Li wouldn't be able to say such a thing!

"The two of them were able to reach this stage because of luck. If they dare to bet again, they would definitely not be able to enter the top three! As long as I enter the top three, or even get second place, then the Scarlet Ghost King's Palace's ranking will still be below the The King's Hall of Clearing Seep's. Liu Yiyi, will still be my woman! " Thinking up to here, Ying Shaotian looked at the curves of Liu Yiyi's body with a greedy gaze.

Liu Yiyi could feel his gaze and she shrank her body behind Long Chen, not even bothering to look at Ying Shaotian. This caused the anger in Ying Shaotian's heart to grow more and more.

"Brother Ying, there are only six of us left. Among the two of us, if we are not unlucky, one of us will be able to fight against that Jiang City. If we fight, please do not hold back." At this time, Chen Feng whispered into Long Chen's ears.

"That's only natural." Ying Shaotian sneered coldly.

After they finished talking, Aeolus took out the new lots, a total of two bamboo sticks, the bottom of the bamboo sticks had numbers written on it, and the top of the sticks were all the same, now the Aeolus was separating everyone of them, and allowing them to draw the lots.

"Let's decide who will be your opponent in the second round. This will be the key to whether or not you can enter the top three!" The Aeolus laughed.

The drawing of lots started from Chen Feng. When it came to Long Chen and Liu Yiyi, there were only two lots left. When Long Chen looked at it, he saw that the signature in his hand was six.

"Those who draw one and two, stay here. Everyone else can leave." Aeolus said clearly.

Long Chen looked at Liu Yiyi, only to see Liu Yiyi looking at her with a slightly bitter expression. Long Chen knew, she was definitely one of the two, then who would the other one be? Long Chen glanced over, and saw that the others were all prepared to go down.

Liu Yiyi's opponent was actually Ying Shaotian.

"If it doesn't work, I'll choose to admit defeat. Leave it to me!" Long Chen whispered into her ear, then went down.

Liu Yiyi nodded strongly. Leave Long Chen's words to me, it gives her a sense of security.

After everyone had left, Liu Yiyi then looked at Ying Shaotian, who was smiling faintly at her. This time, she had used up all of her luck.

They were in a confrontation, and below the stage, the Scarlet Ghost King and the Duke of Qing Li were also in a confrontation. The opponent that the Qing Li King was most unwilling to see his daughter face was Ying Shaotian. However, Liu Yiyi's performance today, with Long Chen's help, had already exceeded her expectations, and she was still very satisfied.

Of course, there would still be traces of anticipation in his heart for Liu Yiyi to defeat Ying Shaotian.

"A woman is soft and weak. She can be a wife, but she's still too young to fight on the stage." Scarlet Ghost King ridiculed.

"I am also a weak woman. A dignified Scarlet Ghost King is not even comparable to a weak woman. Don't you feel embarrassed? The Qing Li King retaliated.

Scarlet Ghost King was never good at quarreling, so after getting casually talked about by the Duke of Qing Li, his face immediately turned red. He said: "Just watch who wins and who loses, laughing till the end will be the best. Your precious daughter has been raising for so long, but in the end, won't she still become my disciple?"

"Isn't it too early to say these things now?" The Duke of Qing Li had a lot of confidence in Long Chen.

"Then watch!" Scarlet Ghost King gnashed his teeth.

In fact, in the eyes of the masses, Liu Yiyi was indeed much weaker than Ying Shaotian. In order to prove herself, she did not choose to admit defeat from the very beginning.

"Such a beauty, I can't bear to hurt you. You should just admit defeat." Ying Shaotian smiled faintly.

"Cut the crap. The Ying Shaotian that I know isn't a trash who only knows how to talk." It was rare for Liu Yiyi to become so tough, the true qi in her entire body started to surge, and the true qi that was close to the Eighth level of the Heavenly Completion Stage, was actually quite dense.

Ying Shaotian also knew that the more he spoke, the more he would be looked down upon. Liu Yiyi's disdainful expression caused his expression to gradually turn cold. It was as if Liu Yiyi had started to be rude to him ever since Long Chen had appeared.

Ying Shaotian was filled with anger towards Long Chen, but he could only vent his rage on Liu Yiyi.

"Be careful!" Ying Shaotian shouted, and his entire body turned into a blur, instantly rushing towards Liu Yiyi. His body stirred up a huge gust of wind, and a huge tornado suddenly flew towards Liu Yiyi.

"Wind Sword Finger!"

The moment he attacked, Ying Shaotian showed no mercy at all and directly chose the Heaven Stage High Rank's battle skill!

This Wind Controlling Sword Finger was Ying Shaotian's most skillful technique!

Facing the gigantic Wind Controlling Sword Finger, Liu Yiyi's eyes flashed with a cold light. Her graceful body quickly danced, and the Universe Eight Trigrams Formation that had previously dealt with Long Chen was used once again. The Universe Eight Trigrams Formation was a good battle skill, it had both attack and defense, and was a completely dual effect.

If Liu Yiyi reached the Eighth level of the Heavenly Completion Stage, her fighting strength would definitely not be much weaker than Ying Shaotian's.

What she lacked was only an opportunity.

The Wind Wielding Sword Finger and the Universe Eight Trigrams Formation collided with a loud bang, and Ying Shaotian's attack, as expected of Eighth level of the Heavenly Completion Stage, completely dispersed Liu Yiyi's Universe Eight Trigrams Formation. Before he even had the chance to rejoice, Liu Yiyi was completely unaffected by his attack, and the moment the Universe Eight Trigrams Formation was broken through, she had already sent a fist strike towards Ying Shaotian!

Ying Shaotian frowned! Just as he was about to counterattack, another attack appeared behind him!

"devil shadow clone!" Ying Shaotian was shocked. An attack with two Heaven Stage High Rank seemed to be very hard to deal with, and this could be considered Liu Yiyi's strongest attack, but it did not scare Ying Shaotian at all!

"Gale Sword Finger!"

Ying Shaotian's body quickly started to spin, and with the howling of the wind, his entire body quickly turned into a huge tornado. Numerous sword fingers whistled out from the wind, and turned into a powerful sword light, quickly attacking in two different directions, in the direction of Liu Yiyi and her devil shadow clone.

"This is bad!" Liu Yiyi realized that she was not Ying Shaotian's opponent yet. This move of the Gale Sword Finger, she definitely could not resist it.

"Trying to run?" Ying Shaotian let out a sinister laugh, the contempt and arrogance Liu Yiyi had towards him had completely ignited his anger. Therefore, after Liu Yiyi backed down, he immediately instigated all her strength for the Whole Gale Sword Finger, and with a shake, millions upon millions of sword fingers rushed towards Liu Yiyi like a torrent!

If it hit, it would definitely lead to the death of everyone!

"I admit defeat!" At this time, Liu Yiyi hurriedly said. She knew that she wouldn't be able to take such an attack. To her, Ying Shaotian was simply too powerful.

Liu Yiyi had already admitted defeat, and the outcome of the battle had already been decided. Logically speaking, Ying Shaotian should have retreated to attack, but what shocked everyone was that his Violent Wind Sword Finger was actually attacking towards Liu Yiyi, and at a faster and faster pace. If Liu Yiyi was struck by it, she would definitely die.

"Bastard!" Long Chen was incomparably furious in his heart! He was still very far from Liu Yiyi, so he was definitely unable to save her. As for the other Demon Kings, although they were powerful, they were even further apart than him!

No one would have thought that Ying Shaotian would actually want Liu Yiyi's life!

The atmosphere at the scene immediately became incomparably tense. Even the Seep King was angered, and the chair was directly shattered by her. Her entire body transformed into a green colored mirage, and smoothly appeared on Liu Yiyi's body.

"How dare you hit my disciple!" Scarlet Ghost King let out a roar. Seeing that the Qing Li King had made his move, afraid that she would hurt his disciple, he immediately took action, catching Ying Shaotian just in time.

"The Martial realm is actually this powerful?" Long Chen was a little stunned, he had thought that the Qing Li King would definitely not be able to save Liu Yiyi, but who knew that Liu Yiyi would be saved in the blink of an eye, causing him to heave a sigh of relief.

Duke Qing Li was not an idiot. Even though she wanted to beat Scarlet Ghost King up, when she fought with a brainless person like Scarlet Ghost King, she would only provoke him in the end. Thus, she did not hit him too heavily when it came to dealing with Shaotian just now.

Chapter 522 - The Raven of the World

"So what if I beat up your disciple? Since you agreed to admit defeat, why are you still making a move? Is this the demeanor of the Scarlet Ghost King's Palace? This is really an eye-opener. " Unwilling to lose face here, she brought Liu Yiyi and directly left, leaving behind the Scarlet Ghost King and Ying Shaotian, who were standing in the middle of the stage, to receive the attention of countless people.

Scarlet Ghost King didn't know what Ying Shaotian was doing, but this time he seemed to have lost a lot of face. Since the Qing Li King didn't have any intention of fighting with him, he could only roll away gloomily. As for Ying Shaotian, he dragged him back with his heart.

The crowd burst into laughter.

"This Ying Shaotian is truly strange. Liu Yiyi has already admitted defeat, yet he still dared to make a move. Everyone knew that if the The King's Hall of Clearing Seep was not as good as the Scarlet Ghost King's Palace in this ranking battle, Liu Yiyi would have to marry Ying Shaotian.

"Who knows him? I originally thought he was an extraordinary young man, but now it seems that he was the same as the Scarlet Ghost King. A tiger father doesn't have a dog son. "

"Wrong, it's as black as the sky!"

"Wrong, where is the black? It's obviously red! "

"Ha ha!"

If it was just one person laughing at him, Scarlet Ghost King could directly pull it out and kill him. But if everyone was laughing at him, Scarlet Ghost King would definitely not be able to endure it any longer, and he roared: "All of you, shut up! "You guys can see. Whoever laughs at the end will laugh the best!"

Ying Shaotian had already successfully entered the top three. If Long Chen was not in the top three, Scarlet Ghost King's Palace might even win!

Seeing the Scarlet Ghost King fly into a rage, everyone stopped their discussion, but Ying Shaotian's previous actions had indeed slandered everyone, especially Liu Yiyi who was a beautiful woman. If Qing Shui was a step slower, and the beautiful woman died, who would feel comfortable?

"Shaotian, what was wrong with you just now?" Scarlet Ghost King responded to Shaotian's low and deep roar.

At this moment, Ying Shaotian still had some lingering fear. His face was flushed red as he said, "Master, I can't stand Liu Yiyi. She looks down on me.

"You idiot! Stupid ass! If you want to let her see, then you will at least get second place! " Scarlet Ghost King was speechless. This Ying Shaotian was usually extremely smart, how did he become so stupid today? This way, Liu Yiyi would definitely think that he was powerful, but what would damage was his own reputation, and even the reputation of the Scarlet Ghost King.

Ying Shaotian then came to his senses, and said with an apologetic look: "Master, I was indeed impulsive just now, and was looked down upon by a woman. I have never met such a thing in my life, so I did the wrong thing.

Ying Shaotian's eyes were filled with malice as he looked in Long Chen's direction.

After this farce was over, the battle would continue. There would be two other top three contestants remaining. As for who would come next, that would depend on their luck.

The Aeolus saw that the matter was over, and under Jiang Wushang's instructions, he announced: "Now, let us welcome Number 3 and Number 4 on stage. Let me say one thing first. When one party has admitted defeat, if the other party is able to kill me, then I will be disqualified. I hope that everyone will take note of this! "

These rules had obviously just been set by Jiang Wushang, so there was no change to the top three rankings in Shaotian!

Who are three and four?

After the Aeolus had finished speaking, among the four, the first to move was Chen Feng. His eyes stared fixedly at Long Chen, then walked to the black stage and said to the Aeolus: "I am number four, I wonder who number three is?"

When he finished speaking, amongst the three people, Long Chen and the others, one of them had a deathly pale face!

"It's me." The Eighth level of the Heavenly Completion Stage warrior shook her head helplessly.

He did not expect that in the last stage, he would meet Chen Feng. He was very clear on Chen Feng's strength, so at this time he directly said: "Everyone, my luck is bad, I will directly forfeit this time!"

Therefore, he was also guessing who his opponent was. He felt that he was lucky as long as it wasn't Chen Feng, then he would definitely be able to enter the top three. But as long as it was Chen Feng, he would definitely not be able to enter.

Thus, he was resigned to his fate.

Some people's luck was bad to begin with. Some people's luck was good to begin with. It was hard to say.

Chen Feng automatically entered the top three, which was not the key point. The key point was Long Chen, and everyone's gaze once again fell on Long Chen.

"Oh my god!" The first round of battles, he had encountered Level 7 of the Heavenly Completion Stage, and now, he has met Level 7 of the Heavenly Completion Stage again in the second round! "

"I can see that it's only a coincidence, but his luck is so good that it makes people speechless!"

"A mere Level 7 of the Heavenly Completion Stage is actually able to last until the very end. Because of luck, I effortlessly entered the top three, and in the history of the Ancient Devil Region, there seems to be nothing like it!"

Of course, Long Chen still wasn't in the top three, but looking at the situation when he fought with the other Level 7 of the Heavenly Completion Stage warriors, Level 7 of the Heavenly Completion Stage wasn't their match at all.

However, she still couldn't hold back her laughter at this moment. If Liu Yiyi entered the top six, even if Long Chen obtained third place, their The King's Hall of Clearing Seep's overall result would definitely be above that of the Scarlet Ghost King's Palace s! After all, the Supreme Elder's score was fair, and the eyes of the masses were clear!

This meant that Liu Yiyi didn't need to marry Ying Shaotian, but Scarlet Ghost King was definitely going to kneel today!

That year, their wager was held in front of everyone. Other than the ownership of the dianyin bead, this bet between them was the main attraction of this year's disciple examination. Furthermore, The King's Hall of Clearing Seep and the others had started to fight openly and secretly from the very beginning.

"Scarlet Ghost King, as a man, you have to keep your word. Don't let a weak woman like me look down on you, and the elders and disciples of the entire Ancient Devil Region look down on you." The laughter of the Qing Li King resounded throughout the entire Fourth Demon World.

"You wish! Jiang City has yet to enter the top three, you're daydreaming! " Scarlet Ghost King's face was already smelly and stinky. At this moment, he was so angry that his entire body was trembling.

"Shaotian, fight for first place! Only by winning the championship will I not have to kneel in front of that slut! " Scarlet Ghost King gnashed his teeth.

"First place? But Chen Feng has Ninth Level of the Heavenly Completion Stage! " Ying Shaotian was puzzled. He knew very well that he was no match for Ying Shaotian.

The Scarlet Ghost King was also aware of this point. Chen Feng belonged to the The Green Hellish King Palace, and he had always been on good terms with the King of Qingming. He had initially wanted Chen Feng to use some special methods, but now, it seemed impossible.

Therefore, he said: "That Jiang City is a tough nut to crack, he definitely won't easily admit defeat. Later on, you and Chen Feng will discuss and make sure she dies in the shortest amount of time possible, as long as he dies! Even if I kneel down, this resentment will be vented out! "

"Don't worry, Master. I have already thought about this myself." Ying Shaotian gloomily said.

In the midst of their private conversation, Long Chen walked into the black stage. His opponent, the one with the Level 7 of the Heavenly Completion Stage, was in front of him with a huge chance, so he did not give up.

At this time, because his opponent had given up, Chen Feng had no choice but to go down.

"Be careful, you must enter the top three last. When the time comes, Brother Ying and I will properly entertain you. You lucky fellow!" When he passed by Long Chen, Chen Feng said coldly.

Long Chen had actually predicted this result a long time ago.

As for the third spot, everyone had a chance of entering it. It was just that Ying Shaotian's luck and strength were a little outstanding, so he had entered.

Ying Shaotian and Chen Feng were on good terms. In the first three battles, they would definitely attack him together! Ying Shaotian was not scary at all. What was scary was Chen Feng. This guy was definitely not easy to deal with.

Of course, Long Chen wasn't someone who was easy to deal with. Until now, he still hadn't used the Dragon Soul Transformation.

In the end, whether or not they could obtain the dianyin bead, they could only resign themselves to fate.

At this moment, everyone's attention was on him.

"Who would be able to get the last spot?" This time, the disciple exam was much more suspenseful, and the Aeolus was also quite happy.

"That depends on the battle between these two. Now, I declare the start of the battle!"

Just as the last word of the Aeolus fell, a sou sound rang out, and Long Chen's body appeared right in front of the Level 7 of the Heavenly Completion Stage!

"So fast!" The man was shocked. Just as he was about to attack, Long Chen's punch directly struck his lower abdomen, and then, with one hand, he grabbed his arm. With a sudden spin, he threw the Level 7 of the Heavenly Completion Stage warrior out of the stage!

In total, there was only a single breath of time.

The Aeolus was stunned, everyone was in a daze. This was the fastest battle to end, Long Chen had directly defeated his opponent in an overwhelming manner.

In other words, there was only one battle left!

"This Jiang City is truly not bad. "You all think that he's just lucky, but I think that the fact that he's able to get into the top three is absolutely worthy of her title." Jiang Wushang praised sincerely.

Now, the second round of battles had come to an end.

The Aeolus was just about to ask Long Chen whether or not he wanted to rest. At this moment, Long Chen's eyes were already focused on Ying Shaotian and Chen Feng who were gathered together.

"Chen Feng, Ying Shaotian, don't waste your time. Both of you come up!"

Crazy!

Very crazy!

Long Chen acted like this as if he was going to deal with the two of them, going one on one against two!

Of course, Long Chen knew that it would happen, the two of them wanted to kill Long Chen, how could they not join hands in the battle?

"Chen Feng, if you use all your power to kill Jiang City, I will admit defeat!" Ying Shaotian said softly.

Chapter 523 - One on One

Chen Feng smiled. This was the result he had been looking forward to the most. Otherwise, if he fought Ying Shaotian, he might even lose a lot of strength.

So he nodded his head, and said: "Don't worry, under my king level movement technique, Jiang City will not be able to escape."

Under the watchful eyes of the crowd, they walked up the stage side by side.

After the Aeolus left the stage, only the three of them were left. This time's disciple exam was going to face the most crucial battle, and Long Chen was also going to confront Chen Feng and Ying Shaotian at the same time.

Seeing this scene, Liu Yiyi swayed and hurriedly said: "Mother, they are joining hands to deal with Jiang City, what should we do?"

She knew that Long Chen was powerful, but it seemed like the other two were even more powerful. No one was weaker than Long Chen, how could Long Chen withstand their combined might?

"Don't worry, don't underestimate Jiang City. Since he dares to go up, she should have a way to fight him. If it really doesn't work, I won't let them kill him either." The Duke of Qing Li said firmly.

At first, it was a relationship of benefits, but now, because Liu Yiyi was the mediator, Long Chen and the Duke of Qing Li could already be considered friends. Of course, Long Chen never took the relationship between master and disciple to heart.

However, her eyes still flickered with a teary light, because she knew that Long Chen was fighting for the The King's Hall of Clearing Seep.

In fact, Long Chen did it all for him ...

Otherwise, he would not even bother to risk his life. To him, dianyin bead were simply too important.

Even Liu Yiyi could tell that they were joining hands to deal with Long Chen, needless to say the others.

"Are you joking? They joined hands to deal with Jiang City? Isn't that unfair? "

"The rules of the free-for-all is like this, it just so happens that Chen Feng and Ying Shaotian have a good relationship, Jiang City was lucky before, but it was good to the end, to be able to win the championship, we still have to rely on our strength."

Jiang City wants one versus two, no matter how strong he is, it's impossible for him to win the championship right? If he was a little bit stronger than Chen Feng, wouldn't she be losing a lot of money now? "

"Are you joking with me? Are you a bit stronger than Chen Feng?"

"That's true. Let's watch and see. Rules are like this. They are rules too. There is nothing to discuss about them."

Indeed, it was a rule in the first place, so Long Chen could go with the flow because of the rules, and in the end, he would completely lose because of the rules.

However, no matter what others said, Long Chen's heart was currently very calm.

If he wanted to win, he needed to at least stay calm.

Long Chen had experienced far more battles than them, so his mental fortitude was a little better than anyone else. Chen Feng looked as if he had fought quite a bit, and his entire body was brimming with a fierce and tyrannical aura. On the other hand, Ying Shaotian seemed to be lacking a bit. Long Chen quickly confirmed the target of his attack.

Amidst the two people attacking him together, Long Chen had to cripple one of them as soon as possible in order to obtain the final victory. This battle was not easy at all.

"How long do you think the Jiang City can hold out for?"

"I guess it won't take more than five breaths of time."

"I feel that it will take a bit longer, perhaps ten breaths of time. If he does not lose within ten breaths of time, I do not believe that he is evil."

Betting like this was taking place in every corner.

Seeing that the time was almost up, the Aeolus announced the start of the final battle!

Everyone's heart strings were taut as they stared at the arena with widened eyes. This final battle was destined to be very exciting!

Even Jiang Wushang was curious as to who would obtain the final victory, and he was unsure in his heart. To him, this decisive battle was extremely interesting.

Countless gazes were fixed on him.

Chen Feng and Ying Shaotian looked at each other and laughed. Chen Feng said, "Brother Ying, let's compete to see whose hands he will die to."

"Wonderful." Ying Shaotian whispered.

After speaking, with a sou sound, their bodies turned into afterimages as they rushed towards Long Chen. Although Ying Shaotian was slightly weaker, he would definitely not be weaker by much.

At the same time, under the watch of everyone, Long Chen began to use her Dragonsoul Transformation. He originally already had the king level body tempering technique, but after it had been strengthened by the Dragon Soul Transformation, it had allowed his body's strength to reach an extremely terrifying level. At the same time, the quality of his true qi had also increased by leaps and bounds, allowing him to be completely comparable to Ying Shaotian, and might even be a lot stronger than him.

Whoosh!

Two streams of white light flowed out of Long Chen's nostrils.

It could be seen how much power was contained within his tiny body.

"Brother Chen, attack! Wind Controlling Sword Finger!" Ying Shaotian was one step behind Chen Feng, but he attacked first. In the midst of the tornado, a ray of sword light rushed out, striking towards Long Chen! Chen Feng did not show any signs of weakness, his speed was extremely fast, at this time, he roared, and punched towards Long Chen's face!

"Tiger Leopard Punch!" Under his attack, a huge beast roar exploded out of thin air and a huge fist force appeared. It was like an army of thousands of men and beasts charging together. The resulting attack had already suppressed Ying Shaotian's Wind Controlling Sword Finger by less than half!

Even in the midst of their attacks on Long Chen, the two of them had still not forgotten to clash head on!

Regardless of whether it was Wind Controlling Sword Finger or the Tiger Leopard Punch, they were all battle skills of Heaven Stage High Rank! In terms of offensive and offensive skills, Long Chen possessed the most powerful Heaven Punishing Sword Formation of Heaven Stage! However, Long Chen did not use it at this time. To be exact, their attacks had not reached the point where Long Chen could use the Heaven Punishing Sword Formation!

Using the huge power released from his body, Long Chen did not retreat but chose to advance instead!

The tip of his foot touched the ground, and suddenly, an enormous force charged forward, causing him to dodge Chen Feng's Tiger Leopard Punch and colliding directly with Ying Shaotian's Wind Controlling Sword Finger!

Of course, Long Chen was not looking to die, with the Imperial Wind Sword Finger, although it looked extremely huge, the attacking range was only a bit, and when Long Chen rushed into the whirlpool, he did not get hit by the Imperial Wind Sword Finger. As for the fierce winds, to others, it would be a huge injury, but to Long Chen, it was only a simple superficial wound.

Whoosh!

consecutively activated three of the Devil Dao Supreme Swords, forcing Ying Shaotian away! Honestly speaking, Long Chen's attack was not very strong, but if Long Chen's attack hit it, he would still be in a bit of a sorry state!

Thus, Ying Shaotian could only retreat. If this was the case, then their combined attack would be broken through by Long Chen, while Chen Feng would stay behind, and Long Chen would successfully break apart Ying Shaotian!

"What audacity. But why did he separate them? Chen Feng will easily chase back!" Jiang Wushang frowned, he did not know what Long Chen was doing.

At this moment, several breaths of time had already passed.

Many people thought that in their first attack, Long Chen would not be able to hold on. Unexpectedly, Long Chen actually dodged it in such a dangerous manner.

"Idiot, do you want to separate us? But what can we do if we separate?" Ying Shaotian laughed, his face filled with malevolence. Long Chen, who only knew how to dodge, was simply not his match.

Indeed, with such a separation, Chen Feng was not an idiot. He would catch up very quickly and kill Long Chen easily when he was behind Long Chen.

"Is that so?" Long Chen laughed coldly, as if he did not see Chen Feng behind him, and directly rushed towards Ying Shaotian without stopping the Demon Emperor Sword in his hands, forcing Ying Shaotian to the side of the stage. Of course, this was also the reason why Ying Shaotian was very curious about what he was doing, and did not make a move.

At this time, Chen Feng had already started killing his way towards Long Chen's back!

"Haha, Brother Ying, he actually has his back facing me, then I won't be polite!" Chen Feng did not know what Long Chen was doing either. With a loud laugh, he charged towards Long Chen once again! With his speed, he had instantly approached Long Chen's back. If he was hit by such an attack, Long Chen would definitely die!

But the problem was, why did Long Chen still not turn around to deal with Chen Feng? Was he really seeking death?

All his heartstrings were taut.

"Mother, I know what he's doing. Everyone was tricked by him!" At this time, Liu Yiyi said with a bit of happiness.

Just as Liu Yiyi finished speaking, a black shadow whizzed out from Long Chen's body, and suddenly rushed towards Chen Feng, coincidentally blocking Chen Feng's path, protecting Long Chen!

"devil shadow clone!" A series of loud noises came out from the crowd. When Long Chen used the True Martial Demon Body, it already made many people shocked, and this devil shadow clone made a lot of people stand up, including many Supreme Elders and Jiang Wushang!

In a month, two great King-level Battle Skills!

In more than a month of time, from Heavenly Completion Stage Level 1 to Level 7 of the Heavenly Completion Stage!

This was no longer something that could be described as a genius. Only a peerless monstrous genius would be able to complete this step!

The moment Long Chen's devil shadow clone appeared, it immediately set off endless waves!

Basically, those who recognized these two great battle skills were completely shocked for Long Chen!

Defeating Ying Shaotian was Long Chen's real goal. Before this, he had been tolerating it all so that Ying Shaotian could relax his guard, and Ying Shaotian was just watching Chen Feng kill Long Chen. But right at this moment, Chen Feng was intercepted by Long Chen's devil shadow clone!

"This is The King's Hall of Clearing Seep's devil shadow clone!" Ying Shaotian opened his eyes wide!

It was at this time that the Long Chen in front of him suddenly erupted!

"Die!" In this crucial moment, Devouring Blood Realm had instantly surrounded Ying Shaotian's position, and at this moment, Long Chen had suddenly exploded, using his Heavenly Completion Stage's strongest offensive skill, Heaven Punishing Sword Formation!

"What is this?" This was the first time Ying Shaotian had seen Long Chen use the Devouring Blood Realm, and the blood red mist surrounding him. The strong suction force had already suppressed his true energy to the point where it seemed impossible for him to do so, and at this time, Long Chen's crazy attacks directly landed on his body. A huge sword formation descended from the sky, enveloping Ying Shaotian completely.

This unforeseen event shocked everyone!

Chapter 524 - Retribution

"It won't be that easy to kill me!" How could Ying Shaotian not know at this time that he had been played by Long Chen? He was incredibly shocked by Long Chen's power, and even found it hard to believe. He had truly realized that Long Chen was such a super difficult opponent to deal with, but now was not the time to be shocked.

The enormous power of the Heaven Punishing Sword Formation caused even Ying Shaotian to tremble.

Endless sword tokens formed the shape of a natural law that swept towards him!

"Impossible, this is impossible!" Warriors at the same level, under the suppression of Long Chen's heaven defying Devouring Blood Realm, simply didn't have any power to resist, especially Long Chen's attack, which had exceeded Ying Shaotian's expectations.

The "Gale Sword Finger" was used once again to deal with Liu Yiyi, and it was used once again by Ying Shaotian. But unfortunately, this time, because of the Devouring Blood Realm, its power had decreased by a lot!

"No!"

This sound, was not only released by Ying Shaotian, but also by Scarlet Ghost King!

The Scarlet Ghost King was an expert of the Earth Martial Stage, how could he not know, that Long Chen could definitely kill Ying Shaotian this time! Thus, just like the previous time, he directly went to save Ying Shaotian. But Scarlet Ghost King was not the Duke of Qing Li, who knew if he would heavily injure Long Chen when he answered Shaotian?

Thus, she had already expected that he would be this kind of Duke Qing Li, and was standing in front of Scarlet Ghost King to block him.

"Scarlet Ghost, your disciple hasn't admitted defeat yet. If you want to save him, wait for him to admit defeat!" The Duke of Qing Li said in accordance with the rules.

Indeed, before admitting defeat, if Scarlet Ghost King were to make a move, that would be breaking the rules!

"Bitch, get lost!" Scarlet Ghost King was anxious to the extreme, how could he have the time to talk nonsense with the Duke of Qingli? He took a detour, but the Prince of Qing Li still blocked his way. The other party's unyielding attitude made Scarlet Ghost King understand that this woman was definitely going to fight him today!

In terms of strength, they were not on par with each other, but Ying Shaotian did not have much time. If the Scarlet Ghost King and the King of Clearing Water continued to waste time, Ying Shaotian would definitely die.

"Shaotian, admit defeat!" The Scarlet Ghost King was helpless, he could only roar!

His eyes had turned blood-red!

The sound of heavy breathing could be heard even from far away!

At this moment, Chen Feng was being entangled by Long Chen's devil shadow clone. Although Long Chen's devil shadow clone was not a match for Chen Feng, it was still enough to keep him busy for a period of time. And during this period of time, Long Chen could definitely kill Ying Shaotian!

Everyone thought that Ying Shaotian would die in Long Chen's hands, including Scarlet Ghost King's. But there was only one person who didn't believe it, and that was him?

"Master wants me to admit defeat? Even Master looks down on me? No! Absolutely impossible, how could I lose to this idiot!" He let out a mad roar in his heart. At this moment, he completely ignored the boiling blood energy in his body and used all of his true energy to increase the might of the Violent Wind Sword Finger!

Instantly, the stream of swords that were rushing towards Long Chen, caught up to the time when he dealt with Liu Yiyi.

"Since you want to die, then I will be letting you down." Although he looked smart, deep in his bones, he was actually a stubborn and crazy person. He firmly believed that it was impossible for Long Chen to be his match, and when Long Chen could truly kill him, he did not believe that he would lose.

So, even though Scarlet Ghost King told him to admit defeat, he didn't!

"Master, you watch, I won't lose!"

Amongst the Devouring Blood Realm, Ying Shaotian let out his last roar!

Rumble rumble rumble!

The might of the Heaven Punishing Sword Formation and the Gale Sword Finger clashed. Long Chen's Heaven Punishing Sword Formation was already prepared, and Ying Shaotian was only in a rush, thus, Ying Shaotian lost, he lost completely!

If his body could take it, he wouldn't die, but unfortunately, above Devouring Blood Realm, he chose to ignore Devouring Blood Realm. In the end, when the Heaven Punishing Sword Formation clashed with his attack, his Violent Wind Sword Finger was able to take it, but Ying Shaotian's body couldn't!

Puff!

His eyes, ears, nose, and even his nose were bleeding profusely!

Before Long Chen's Heaven Punishing Sword Formation arrived, Ying Shaotian's entire body was under a strong pressure, causing both inside and outside to be under absolute pressure. Therefore, under the eyes of everyone present, his entire body exploded!

"No!" This was Ying Shaotian's final miserable howl!

"No!" When he saw this scene, the Scarlet Ghost King's eyes were bloodshot. He could no longer be bothered with the Duke of Qing Li. If the King of Qing Li stopped him this time, he would fight to the death with the King of Qing Li!

"Duke Qing Li!" Jiang City dared to kill my disciple, so he must die! If you stop me, you will die too! " The dense power of the Scarlet Ghost King burst out crazily, causing everyone present to tremble with fear.

"Who do you think you are to say such arrogant words? Is your Scarlet Ghost King the one in charge of this entire Ancient Devil Region?" Prince Qing Zi said with a smile.

Long Chen's last move, caused her mood to be extremely at ease. The pressure that had been weighing down on her for so many years, had now dissipated in an instant.

Scarlet Ghost, do you remember five years ago, your disciple killed my most beloved disciple. At that time, I was the same as you. The Prince of Qing Li coldly laughed.

"King Qing Li, you slut that can marry anyone, do you really think I don't dare to do anything to you?" Scarlet Ghost King roared, his eyes red.

Just as he was about to attack, a cold voice appeared behind him.

"Scarlet Ghost King, do you want to die?" This was Jiang Wushang's voice. At this moment, Jiang Wushang had already gotten down from his seat and stood behind Scarlet Ghost King.

Scarlet Ghost King felt a chill run down his spine. When he turned around, he saw that it was indeed Jiang Wushang.

Jiang Wushang, to him, was still not that terrifying. What was even more terrifying was the person behind Jiang Wushang.

"unwounded prince, you cannot be biased! Didn't he say that it was impossible to kill people? Jiang City killed him, should he deserve to die?" The Scarlet Ghost King said coldly.

"Have I ever been partial? I only followed the rules. Your disciple died without admitting defeat, and in the end, he died in the hands of others. Everyone here has seen for themselves whether or not I am biased, whether or not everyone is in control, but your Scarlet Ghost King, as one of the seven great demon kings of my Ancient Devil Region, acts so impulsively, and even has no laws in mind. Let me ask you, do you want to die?"

There was a power within Jiang Wushang's gaze that caused the Scarlet Ghost King's heart to palpitate.

"I know I was wrong." Scarlet Ghost King had no choice but to suppress the hatred and fury in his heart. He knew that he could be considered to have completely defeated today.

Originally, Shaotian wouldn't have died, but if he didn't admit defeat, who could they blame? He could only blame his own proud nature, and this character was groomed by the Scarlet Ghost King.

Everyone had their retribution, the situation at Scarlet Ghost King today had truly proven this point.

The him of five years ago, when had he ever thought that such a day would happen to him?

Scarlet Ghost King staggered back to where he should be standing.

He kept his head down and did not let anyone see his eyes, which were still blood-red.

Even the people from the Scarlet Ghost King's Palace did not dare to approach the Scarlet Ghost King, let alone the others.

The Duke of Qing Li smiled and returned to his seat.

Long Chen's performance today, had completely exceeded his expectations. What was left was not the issue of defeating Scarlet Ghost King's Palace, but to see whether or not Long Chen could obtain dianyin beads, and whether or not The King's Hall of Clearing Seep could obtain first place!

As for kneeling, there was no need for that. Long Chen killing Ying Shaotian, this matter was even more straightforward than making Scarlet Ghost King kneel, it was also a huge blow to Scarlet Ghost King.

Now that she was gone, and her corpse was gone, what did the Scarlet Ghost King want to marry Liu Yiyi to?

That was the principle.

What happened just now was out of everyone's expectations. At this moment, the entire scene was silent. Not many people dared to speak. Everyone's gaze turned towards the blood-red figure.

At this time, devil shadow clone was standing beside Long Chen, while Chen Feng also frowned and stopped his attack.

"The battle continues, whoever can obtain the dianyin bead will have to depend on yourselves!" Jiang Wushang said.

Long Chen and Chen Feng were both people that he valued more, especially Long Chen. In reality, Jiang Wushang was more willing to give her dianyin bead to Long Chen, since Long Chen only had Level 7 of the Heavenly Completion Stage and he already had this kind of fighting strength. Chen Feng, on the

other hand, already had Ninth Level of the Heavenly Completion Stage, so he did not need her dianyin bead anymore.

What degree would Long Chen reach once he reaches the Ninth Level of the Heavenly Completion Stage?

Of course, everything had to be done according to the rules.

In everyone's hearts, Long Chen's image had completely changed. Before, everyone thought that he was just lucky, but now, whoever thought that he was lucky, was just a donkey.

With luck, he was able to kill Eighth level of the Heavenly Completion Stage?

With good luck, would he be able to pull two powerful opponents around him?

Of course not.

Chen Feng looked at Long Chen with eyes filled with deep dread.

"Ying Shaotian and I have underestimated you from before." Chen Feng shook his head and said helplessly, "Because the target you chose was him, so he died. However, I will not repeat the same mistake." Jiang City, I have to say, you are a worthy and powerful opponent in my path of growth. Against you, I will use all my strength! "

As Chen Feng said this, his body slowly changed.

"Beast Fighters?" Long Chen was shocked.

When Chen Feng's transformation was completed, Beast Fighters that appeared in Long Chen's eyes did not have any changes to his body. His entire body was covered with black hair, and his body was much more agile and skinny than before.

This was simply a black panther in human form!

This kind of Chen Feng gave Long Chen a heavy pressure.

"Looks like getting the dianyin bead really isn't easy." Long Chen sighed. He had no confidence towards Chen Feng, so he could only try his best to deal with him.

At least, the situation now was much better than before.

The current Long Chen, in addition to his devil shadow clone, was two against one!

Chapter 525 - Qingming Disappearance Steps

Long Chen against Chen Feng.

This was the most pinnacle battle of the disciple test.

In the beginning, no one could have guessed that it would end like this. Even if it was the Duke of Qing Li, before the disciple test, she never would have thought that Long Chen would be able to make it to such a stage. If it was said that Long Chen was a dark horse during the selection battle, then he would be an even bigger dark horse now.

Chen Feng, who had completed his beast spirit transformation, emanated a thick, fiendish aura.

Back then, Long Chen had relied on his blood sacrifice to kill the Giant Demon General. But now, not only did Long Chen have the King Level True Martial Demon Body, he even had the devil shadow clone, and with the layers of abilities bestowed to him by the Primordial Blood Spirit Dragon, Long Chen felt that he still had the qualifications to fight.

In the eyes of outsiders, this was a battle between two Beast Fighters s.

Chen Feng was originally a Beast Fighters, so her Heavenly Completion Stage beast spirit should be a type of wild leopard. No wonder Chen Feng was so adept at speed. It could very well be because of this beast spirit.

"Although I don't know what your beast spirit is, but it seems very interesting." At this time, Chen Feng stuck out his long tongue, licked his lips, and said with a sinister smile.

The battle officially began.

"Whiz!"

Chen Feng's speed had simply reached its limit. In the last moment, he was still talking to Long Chen, but in the next moment, he appeared before Long Chen.

"So fast!" Long Chen was shocked, the other party's speed was so much faster than him.

However, Long Chen had a way to deal with it.

"Devouring Blood Realm!"

The Devouring Blood Realm was once again used by Long Chen. Borrowing the immense pressure from the Devouring Blood Realm, Long Chen successfully suppressed Chen Feng's true qi, and at the same time suppressed his speed. This made Chen Feng feel like he was living in a swamp.

Of course he did not dare give up on suppressing his own blood, because previously, Ying Shaotian had died just like that. In order to fight Long Chen to the death, he actually ignored Devouring Blood Realm, so before Long Chen could defeat him, he died miserably.

"What the hell is that thing!?" Chen Feng's absolute advantage in speed was completely unleashed under the suppression of Long Chen. He had to use a portion of his true qi to suppress Devouring Blood Realm in order to guarantee that his blood would belong to him.

This way, Long Chen would have more or less the strength to fight Chen Feng head on.

After training for almost a month, Long Chen was now able to familiarize with the control of the devil shadow clone, just like the divine fire clone back then. However, the devil shadow clone was much stronger than the divine fire clone!

At this time, Long Chen and the devil shadow clone were attacking Chen Feng from one direction. In the hands of the devil shadow clone, a sword appeared, which was also a Heaven Stage Medium weapon, and was also what Long Chen had asked the Qing Li King for previously. Actually, Long Chen could still

get a Heaven Stage High Rank weapon from the Qing Li King, but since he was familiar with the use of the Demon Emperor Sword, there was no need for it.

Chen Feng excelled at speed, so his attack power was already quite average.

Roar!

Completely enraged by Long Chen, Chen Feng let out a world-shaking roar, his body was like a bomb, full of destructive power!

"King-level Battle Skills, do you think only you have it?"

With a cold laugh, Chen Feng, who was originally a single person, instantly turned into hundreds of them at this moment, and appeared in front of Long Chen!

This kind of effect was similar to that of divine fire clone, but the difference was, these people looked exactly like Chen Feng!

Long Chen knew that this should be a movement skill, and it was the same thing as the Traceless Demon Shadow. When using the Traceless Demon Shadow, there were also many mirages that people could not tell which one was it, but it was clear that Chen Feng's current combat skills were even more powerful, and every one of his mirages were very real!

It was as if there was suddenly over a hundred Chen Feng!

"What a fast speed, what a strange movement technique!"

Long Chen was secretly shocked in his heart, but he also secretly rejoiced a little.

Of course, how would Chen Feng know that he would be secretly delighted?

"Qingming Traceless Steps!" A king level movement technique! Now, I shall let you experience the power of this footwork!" Chen Feng let out a wild laugh. There were a total of over a hundred clones,

quickly changing their forms. Every one of them seemed to be real, and it was impossible to tell which one was fake!

Long Chen's face instantly revealed a panicked expression. He started to retreat, and Chen Feng's hundred identical clones immediately caught up to him, and started to launch storm-like attacks at him!

"You think you can surround me with the devil shadow clone? Now, I shall let you see what is called a siege!" A small portion of the killing moves were also aimed at the devil shadow clone. It was just like how he and Ying Shaotian were initially when Long Chen separated, he also gradually separated Long Chen from the devil shadow clone!

Sometimes, Chen Feng's attack was real, and sometimes it was just a casual shake of a shadow. But every time, Long Chen would have to go and resist Chen Feng's attack, and it didn't matter if it was fake or not.

"Ripping Sky Claw!"

With a roar, countless figures charged towards Long Chen with the same killing intent. Long Chen seemed to be unable to differentiate which one was real and which was fake.

This time, Long Chen was defeated miserably by the opponent's king level movement technique. Not only was he, who was being chased and killed by Chen Feng on the stage, fleeing in a sorry state, even his devil shadow clone was fleeing in a sorry state.

"Sigh, Chen Feng is at the Ninth Level of the Heavenly Completion Stage, defeating him is really impossible, right? He is only one step away from becoming a dianyin bead, what a pity." The Duke of Qing Li shook his head and sighed.

"The victor has yet to be decided, Jiang City shouldn't be defeated right?" Liu Yiyi still blindly believed in his heart.

"Silly girl." The Duke of Qing Li was rather helpless.

Indeed, Long Chen was escaping too miserably, like a drowning dog, always being chased and beaten by Chen Feng!

"I want to see whether you can escape quickly or I can beat you up faster!" In front of Long Chen, most of Chen Feng's illusions were laughing coldly, and then, there was more than ten Chen Feng among

them. He used the same Sky Claw skill and charged towards Long Chen, while the others went to deal with the devil shadow clone!

At this time, Long Chen and the devil shadow clone were separated into two sides, while Chen Feng's figure was gathered inside. Amongst the hundred phantoms, only one was Chen Feng, and it was quickly changing, and this one was real, and after a while, it would be the other one.

That's right, in fact, Long Chen was able to see through Chen Feng's movement technique from the beginning, but he pretended to know nothing, to confuse Chen Feng and everyone's attention. Don't forget that Long Chen still had Spirit Devouring Demon Pupil!

Below the Spirit Devouring Demon Pupil, Long Chen could see Chen Feng's true soul, and he could see him changing his real body! However, he always pretended not to know. He was enduring, enduring this great opportunity!

For example, right now, after he realized that his King-level Battle Skills had completely defeated Long Chen, Chen Feng couldn't help but be excited. To be able to play with Long Chen like this, his hatred must have been resolved, thus he relaxed his guard by quite a bit.

Right at this moment, more than ten afterimages unleashed the Tearing Sky Claw, but Long Chen could tell with a single glance that not a single one of them was real! At the same time, none of the afterimages that attacked the devil shadow clone were real. The real Chen Feng was leisurely watching Long Chen rolling on the ground in a sorry state!

"Die! Haha, Ripping Heaven God Claw!" Over a hundred shadows laughed in unison!

Long Chen's face once again became deathly pale, and he once again rolled on the ground. Unfortunately, what was different from the last time was that at this moment, Long Chen's entire person suddenly exploded forth!

"Is he courting death?" Everyone was puzzled, because at this time, Long Chen did not care about Chen Feng who was using the Sky Claw, and directly used his body to receive Chen Feng's attack. On the other side, devil shadow clone was the same, if she was struck, her body would definitely be smashed into smithereens!

The crowd burst into an uproar!

They were also not willing to see Long Chen suffer such a fate. Long Chen had definitely gone mad this time!

But when everyone was taken aback, whether it was Long Chen or the devil shadow clone, both of their bodies had directly pierced through the countless heaven tearing claws, and remained safe and sound!

"Is he gambling?" This thought flashed across the minds of everyone present. Including Chen Feng. He did not believe that Long Chen could know his position so easily. Everyone could not help but exclaim, Long Chen's guts was just too big, but his luck was good, and actually made the right bet this time.

His body instantly pierced through dozens of illusions, then what was Long Chen going to do next?

What laid before his eyes were fifty different illusions, amongst them only one was the real Chen Feng, and his position was also changing, was Long Chen able to find the real Chen Feng among these fifty people? Of course not, even if it was just an adventure, everything would be in vain!

And just at this moment, Long Chen and the devil shadow clone were actually heading in the same direction, towards the same person! Everyone was puzzled. Could Long Chen make a bet like this?

After breaking through more than ten fake mirages with lightning speed and then attacking one of them with lightning speed, everyone still didn't know what was going on. However, only one person knew, and that was Chen Feng himself!

He had never felt that it was impossible for Long Chen to find him. Even the King of Green Hell who had taught him this king level movement technique had told him that without a person of the same level as the Demon Emperor, he would never be able to see his true body. But why was it that, in such a short period of time, both Long Chen and his devil shadow clone had found his position while they were at it, and then activated their strongest techniques?

Chapter 526 - First Disciple

Long Chen had long known of Chen Feng's position. The reason why he had endured so long was just so that he could defeat Chen Feng with this last step!

If it was a normal battle, he would have recognized Chen Feng's position from the very beginning, so he might not have been Chen Feng's opponent. But Long Chen's miserable escape caused Chen Feng to subconsciously think that it was impossible for him to know his real location.

What erupted at the same time was the devil shadow clone behind Chen Feng!

Amongst the fifty or so afterimages, Long Chen and the devil shadow clone had directly found Chen Feng's location, then raised the two Heaven Stage Medium's divine weapons, causing the Heaven Punishing Sword Formation to rumble as it charged!

At this time, how could Chen Feng still not know where he was?

After saying two sentences of 'impossible', he finally realized that he had to resist. And at this time, in front and behind him, there were strange sword glyph symbols that formed into two huge sword formations. One in front and one behind, they were charging towards him.

At this time, Chen Feng's heart was already in a mess, the surprise that Long Chen gave him was just too big, he was originally playing with Long Chen, but who knew that in that instant, the situation would change completely?

Everyone outside the stage saw Long Chen use his Heaven Punishing Sword Formation, they had a premonition that Long Chen did not know the other party's location, right? But following that, Chen Feng's two words were impossible, causing everyone to look at each other, and in the end they could only realize in shock, that Long Chen had really found it?

There was no time to be surprised, Long Chen and Chen Feng had already started their head-on confrontation at this critical juncture!

"Even if you're powerful, so what?" During this critical juncture, Chen Feng's head was already burning. He had already realized that he seemed to have been played by Long Chen, so his eyes were filled with coldness and bloodlust. At this moment, the immense aura of Ninth Level of the Heavenly Completion Stage exploded from his body!

"Since you've decided on this, I'll fight you to the death!" Chen Feng roared furiously!

Rumble, the image of a leopard beast appeared behind him. Chen Feng was enraged, and slashed out a claw, the image of the leopard was congealed into a claw, and rushed towards Long Chen's Heaven Punishing Sword Formation! This was Chen Feng's most powerful move! It was full of destructive power!

Long Chen frowned, but the attack in front of him did not scare him at all. He braced himself and chopped down the Heaven Punishing Sword Formation that was completely prepared, and suddenly, loud exploding sounds came one after another, as the endless sword images and claw prints clashed against each other. The claw prints were filled with a destructive power, but Long Chen found that her Heaven Punishing Sword Formation, was actually unable to resist!

It was just that it was difficult to resist, there was still some distance before the Heaven Punishing Sword Formation was broken, but the aftermath still sent Long Chen flying, causing him to spew out a mouthful of blood, and he almost fell down the stage!

Chen Feng was really powerful, his Ninth Level of the Heavenly Completion Stage was indeed not just for show!

However, the fault lay in the fact that he had used the 'Qingming Steps', but Long Chen had a method to restrain him — Spirit Devouring Demon Pupil. It was a psychological tactic, and Long Chen had won because of it.

In the end, Chen Feng chose to destroy the life and death net, and he was that fish. He died, but the net did not break, and Long Chen only suffered minor injuries.

Of course, Chen Feng did not die. It was just that under the devil shadow clone's attack, he chose to fight against Long Chen.

If the Heaven Punishing Sword Formation really managed to hit Chen Feng in this kind of situation, even if Chen Feng did not die, his injuries would definitely be much worse than Long Chen's.

Everything quieted down, and the scene was completely silent.

At this time, Long Chen quietly stood up, and in the center of the stage, King Qingming blocked the Heaven Punishing Sword Formation, and grabbed Chen Feng with one hand. Opposite him was the devil shadow clone.

"Master, let me go, I want to fight with the Jiang City. We have yet to determine the victor!" Chen Feng's face was somewhat sinister.

"You've already lost." King Qingming sighed helplessly with his head far away.

"Lost?" How is that possible? " Chen Feng's eyes were wide open as he looked at the King of Qingming with an expression of disbelief.

"Yes, you lost, you lost completely. Although you are stronger than him, but you lost, you should have directly defeated him from the start, not showing off your King-level Battle Skills, yet he found a chance to counterattack. You don't need to say anything else, go on!"

Everyone knew that Long Chen knew the opponent's location from the beginning. He was only enduring patiently, hoping to find a chance to give Chen Feng a killing move.

From the last exchange of moves, Chen Feng was indeed stronger than Long Chen, but the outcome of the battle was Long Chen's victory.

Mental state and experience were both factors that played a large role in a battle. The battle between Long Chen and Chen Feng was a classic example of a battle where one's mental state defeated the opponent.

"That's impossible, I'm obviously stronger than him." This result almost made Chen Feng cry.

He glanced at Long Chen, then directly brought Chen Feng off the stage, and returned him to the position of The Green Hellish King Palace.

At this time, Long Chen kept his devil shadow clone and became the only person on the stage.

Looking at the blood-red figure above, no one knew what to say. He was like a shining star. Slowly rising in the air, no one was able to block his path.

Everyone began to realize the terror of this youth, as well as his limitless future.

and the other girls were already infatuated with her.

During the selection, he defeated all his opponents and became the final champion under everyone's incredulous gazes! And today, in the disciple exam, he knocked each opponent off the stage one by one

and became the final victor. Before the start of the battle, very few people knew that there would be someone like him.

In the Ancient Devil Region, Long Chen was enough to create a legend.

It could be said that his reputation today would spread throughout the entire Ancient Devil Region. Even more so, everyone in the Holy Martial Empire would recognize this demon, and what would happen after he obtained the dianyin bead?

At this time, Jiang Wushang shook his head and laughed, he could not help but admire Long Chen, thus he led the way and clapped. Under his lead, everyone started clapping, and in the end, the wave of applause directly drowned Long Chen out!

This was the biggest affirmation and reward to Long Chen!

It could be seen that Jiang Wushang admired Long Chen a lot. Long Chen was a member of the Ancient Devil Region, and he was the next leader of the sect, so he had to cultivate a few extremely strong assistants by his side. The Chen Feng before was already highly regarded by Jiang Wushang, but the current Long Chen, was even more highly regarded by Jiang Wushang.

Especially, if Long Chen had a dianyin bead, how much improvement would he make? Would his strength be comparable to a martial arts expert?

Jiang Wushang was very much looking forward to it.

Everyone was lost in Long Chen's heaven defying performance.

Tears began to appear in the eyes of even the Prince of Qing Li.

She knew very well that because of Long Chen, the last place in The King's Hall of Clearing Seep's ranking had been changed from Long Chen's, to fully deserving of his title! This was a good result that hadn't appeared since the establishment of the The King's Hall of Clearing Seep. It had finally been completed in the hands of the Pure Li King!

How could she not be moved by this?

Liu Yiyi also understood her mother's feelings. At this moment, she was tightly holding her own mother's hand, her face full of excitement.

At this time, the Supreme Elder had already calculated the scores for each of the great king halls. After obtaining the data, Aeolus's face was filled with pleasant surprise: "Now, I declare the ranking of the various great king halls in this disciple examination! I believe everyone has seen Jiang City becoming the number one disciple in this year's disciple exam, and The King's Hall of Clearing Seep's Liu Yiyi has also successfully broke into the top six. Thus, The King's Hall of Clearing Seep is fully deserving of his title as number one! "

The crowd erupted into cheers!

Especially the people from the The King's Hall of Clearing Seep, they were all hugging each other. To them, this was an earth-shattering honor! At this time, they were using heated gazes to look at Long Chen's figure, their eyes filled with reverence.

This honor, was something that Long Chen had fought for them!

"And the second place is the The Green Hellish King Palace. Amongst the The Green Hellish King Palace, Chen Feng from Ninth Level of the Heavenly Completion Stage obtained the second place. At the same time, one of them entered the top twelve!" The voice of the Aeolus sounded once again.

The cheers this time were much quieter.

After all, The Green Hellish King Palace was considered to be number one without a doubt, it was already considered a disgrace for him to be ranked number two.

As for the third place, there were almost no cheers until the Aeolus was announced. Everyone was somewhat dispirited, and the expression of the King's Hall who had obtained the last place was even more terrible.

"Next, distribute the rewards for this year's disciple exam! Please get in the top six this time! " Aeolus said with a smile.

As for the first six, because Ying Shaotian was gone, there were only five left.

Only after they went up did the Aeolus distribute the rewards one by one.

"Jiang Qing, five hundred thousand Tongtian Pill!"

"Liu Yiyi, five hundred thousand Tongtian Pill!"

"Qian Long, five hundred thousand Tongtian Pill!"

Next up was Chen Feng. The Aeolus raised his pitch, placing a Qiankun bag into the hands of the spiritless Chen Feng, he said: "The Green Hellish King Palace Chen Feng! Five million Tongtian Pill! This is the result that he should achieve! "

Five million Tongtian Pill was simply the dream of many of the disciples, so there were cheers that rang out like the tide again.

"You five can go down first. As for the Jiang City's rewards, king crystal and dianyin bead are not in my hands. Our unwounded prince will personally hand these treasures over to him!"

Chapter 527 - Demon Emperor's Descent

Under the orders of the Aeolus, Liu Yiyi and the other three people immediately went down. When they left, Liu Yiyi said to Long Chen: "I'll wait for you downstairs."

While she was speaking with Long Chen, her face had traces of redness on it.

Long Chen nodded.

After they had all gone down, Jiang Wushang finally appeared in front of Long Chen, but at this time, the Aeolus had been pushed to the side.

This was the first time Long Chen looked at this legendary young man from the Ancient Devil Region. Jiang Wushang was also sizing him up. From Jiang Wushang's eyes, movements and the aura that she

faintly emitted, it could be seen that this Jiang Wushang was definitely an expert. His talent should be very strong.

However, for some reason, Long Chen felt that this Jiang Wushang looked a little familiar, as if he had seen him somewhere before.

"Jiang City." Jiang Wushang gently called out his name, then laughed. "Genius youth, extraordinary. The rewards today are all yours. Take them. "

After he finished speaking, a Cosmic Bag appeared in his hands.

"There are two things inside. One is the king crystal, the other is the king crystal, it's worth is 10 million. Of course, if you want the Tongtian Pill, I can give you ten million. The second is a danyin bead. With a danyin bead, you will be able to open all nine of your chakras at the same time and bathe in the Grand Sun Primordial Flame to attain Ninth Level of the Heavenly Completion Stage ten days from now. "

"Thank you, unwounded prince." This danyin bead was indeed something that Long Chen had yearned for day and night. He extended his hand and caught the Qiankun bag, then directly kept it in the Great Void Realm. When he accepted the rewards, it also meant that the disciple exam was already over.

At Ancient Devil Region's place, he actually wanted to leave and find a remote place to spend the Nine Suns being together so that he could obtain the Ninth Level of the Heavenly Completion Stage and, with the help of the kitten, absorb the Golden Crow's soul.

However, looking at Jiang Wushang's expression, he must want him to stay in the Ancient Devil Region and be Jiang Wushang's trusted aide. At this time, Jiang Wushang said: "Your name is Jiang City, and you have the same surname as my Demon Emperor's bloodline.

"This is the honor of my Jiang City." Long Chen immediately agreed. Of course, given their esteemed status, it was only right for them to do so.

At this time, Jiang Wushang's eyes revealed a helpless look, and he laughed bitterly: "Speaking of which, I have a useless little brother, his name is extremely similar to yours. It's just that two months ago, he had mysteriously died, and my father was unable to escape and was unable to save him.

Of course, Jiang Wushang was purely sighing with emotion.

With such a situation, Long Chen could only laugh dryly, but his smile quickly froze. He asked: "That little brother of unwounded prince, his name is?"

"Jiang Wucheng, the name that my father chose is indeed accurate. Jiang Wushang laughed bitterly.

Long Chen felt like he was struck by lightning.

Jiang Wucheng, Jiang City!

In the past few days, he had also heard the words of the Demon King Qing Li, it seemed that the Demon Emperor's son was killed in more than a month, almost two months. He did not pay attention to it then, and even before Jiang Wushang came up, he did not notice it, but how could he not understand it now?

At that time, the Jiang City who had the intention to kill Long Chen in the Huangwu City was precisely that good-for-nothing son of the Demon Emperor. He was this Jiang Wushang's younger brother, Jiang Wucheng!

It was only then that Long Chen remembered, why did he feel that this Jiang Wushang looked familiar? Because this Jiang Wushang's appearance, was simply the same as the Jiang City from back then!

At that time, the Jiang City possessed a gold medal in identity. The person who was killed by Long Chen, his real name should be Jiang Wucheng!

Long Chen knew that he definitely wouldn't guess wrong!

In about two months, the two names were shockingly similar, and their appearances were shockingly similar!

All of these things told Long Chen that the Jiang City he killed was definitely the dead son of the Demon Emperor, Jiang Wucheng!

Long Chen was currently in the Ancient Devil Region and the Demon Emperor was also in the Ancient Devil Region. If the news of Long Chen killing the son of the Demon Emperor were to spread, even if Long Chen had a hundred lives, he would still die!

It was no longer possible for Long Chen to stay in the Ancient Devil Region, because he had a huge flaw!

This flaw was, the name he used now, Jiang City! Jiang Wucheng had an alias of "Jiang City", so it was very obvious that Jiang Wushang did not know about it. But in the entire Ancient Devil Region, there must be someone who did, right? There was a high chance that the Demon Emperor would know about it! If he knew, Long Chen had killed his son, and even directly ran to his den, wouldn't that be courting death?

When he thought through all of this, Long Chen's face paled, and he immediately retreated a few steps.

"Jiang City, what's wrong? It should be fine, right? Alright, now that the disciple examination is over, everyone can return. As for you, from now on, I will grant you the qualifications to go to the sixth level Demon World and the Imperial Palace!" Jiang Wushang laughed.

He was trying to rope Long Chen in.

He knew that he could not stay in this Ancient Devil Region for another fifteen minutes. Since the Demon Emperor had not appeared yet, if the Demon Emperor had come, he would definitely die without a burial ground!

Therefore, what he needed to do now was to leave the Ancient Devil Region in the shortest amount of time possible and fly far away!

Long Chen himself admired his luck? How could there be such a coincidence? But it was such a coincidence. Back then, when Long Chen told the Jiang City that he wanted to go to the Ancient Devil Region, it was no wonder the Jiang City had a strange expression. At that time, the Jiang City had treated Long Chen as a fat sheep, and this fat sheep's target was actually his lair.

As matters stood, it was already too late for Long Chen to cry.

He understood that this was fate, and also the first huge calamity on the road to find Ling Xi. What strength did the seven great demon kings and Jiang Wushang have? How strong was the Ninth Level of the Heavenly Completion Stage of over seventy people that surpassed Chen Feng? These people were all stronger than Long Chen. If Long Chen were to be exposed now, other than death, there would be no other consequences!

Thinking about him, Long Chen felt his scalp go numb.

He did not even feel this kind of fear when he faced the empire back then.

Long Chen had not predicted how strong the empire would be, but he knew very well how powerful the Ancient Devil Region was.

He knew that he still had a lot of things to do, Ling Xi was still waiting for him at home, and Yang Lingqing did not know how she was doing, if he just died like that in Ancient Devil Region, how would Ling Xi live her entire life?

She was going to wait for her entire life?

No, absolutely not!

He was extremely shocked and terrified in his heart, but Long Chen had no choice but to pretend to be normal. He looked around, because he knew that he had to leave in the shortest amount of time.

Right now, no one had recognized him, so Long Chen had to remain calm. He never would have thought that there would actually be such a huge change today!

Sure enough, the world is unpredictable.

"Jiang City, why aren't you saying anything?" Seeing Long Chen's weird expression, Jiang Wushang took a few steps back and kept thinking about things. Instead, he just ignored, the unwounded prince, and asked curiously.

It felt like it was because of the name Jiang Wucheng.

"I'm fine. Sorry, but first place is too much of a surprise for me. So, I couldn't react for a while." Long Chen forced himself to calm down and pretended to be calm.

"So that's how it is. However, I am quite impressed with your performance," Jiang Wushang said with a smile. Then, he raised his head, looked towards the Aeolus, and said: "Shen Feng, announce the end of the disciple examination. Let everyone return, I still need to have a good chat with Jiang City."

Aeolus nodded. Just as he was about to open her mouth, a hoarse voice, which was filled with magnetism, sounded out beside everyone's ears.

"How do I end up being alone?"

This voice, was just as if it had been whispered into Long Chen's ear, causing his entire being to turn absolutely creepy. Not only him, everyone revealed an expression of reverence upon hearing this voice, and then, in the next moment, everyone knelt on the ground!

"Greetings, Demon Emperor!" A sound that was like a tide suddenly rang out.

In Long Chen's heart, it was as if he had suddenly pressed down on a huge boulder. Seeing that everyone had already fallen on their knees, he had no choice but to kneel as well.

As if thousands of ants were crawling in his heart, Long Chen took in a breath of cold air, forcefully restraining the trembling of his entire body. At this point, he could only pray that the Demon Emperor did not know that Jiang Wucheng had the pseudonym of Jiang City.

At this time, Long Chen saw a pair of black boots appear before his eyes, and then, that hoarse and aged voice sounded beside his ear.

"You, raise your head and look at me."

This was Mo Huangjiangwuxie's voice.

Long Chen's scalp tingled, he slowly raised his head, and what appeared in front of him was a person wearing a black robe, he could not even see his head, and only revealed a pair of eyes that were as deep as a bottomless pit, as though it was the entrance to Mount Demonheart, and could not even see what was inside. Not to mention the pupil.

Just from his outer appearance alone, this Mo Huangjiangwuxie gave Long Chen a terrifying pressure. It was as if the person in front of him was not a person, but a bottomless pit.

This was the strongest warrior that Long Chen had met since he came to the Holy Martial Empire. In fact, in the entire Holy Martial Empire, this Mo Huangjiangwuxie should be one of the strongest.

Long Chen took a deep breath, waiting for his judgement.

It was very possible that his next sentence would be 'Judgement'.

If he talked about anything else, it proved that he did not know about Jiang Wucheng. If he talked about Jiang Wucheng, it would definitely be because he already knew about him.

At this time, the Demon Emperor smiled.

Chapter 528 - Seven Days and Seven Nights

That kind of laughter made his hair stand on end.

Long Chen was already prepared, he only had one last chance to fight.

"Greetings, Demon Emperor!" Long Chen endured the trembling in his voice and said bravely.

At this time, Jiang Wuxie's laughter had already ended. His pair of deep eyes that seemed to be hidden in the darkness looked at Long Chen, and then, he lightly moved his lips and said: "If you don't enter the tiger's den, how can you get the tiger? You've already killed Hu Zi, and you still dare enter the tiger's den?"

Long Chen was like a bolt out of the blue!

It should be said that he had already given up all hope. From the Demon Emperor's words, he was certain that Long Chen was the one who killed his son.

Die!

Long Chen knew that if he did not react soon, he would die for sure!

In this moment of life and death, Long Chen only thought of one ability!

Blood Escape!

Everyone knelt down on the ground. Jiang Wuxie did not stand up, so naturally, no one dared to stand up, but they could still raise their heads to see what was happening. After all, under normal circumstances, Jiang Wuxie would quickly let them stand up!

They raised their heads and saw Jiang Wuxie standing in front of Long Chen. Although his voice was not loud, everyone could hear him clearly.

"If you don't enter the tiger's cave, how will you get the tiger's cave? You've already killed the tiger, yet you still dare to enter the tiger's cave?"

The Ancient Devil Region was obviously the tiger hole in Jiang Wuxie's words, and Hu Zi, the person that Ancient Devil Region was killed by, was only Jiang Wucheng. In other words, Long Chen had once killed Jiang Wucheng?

For many people, this was like a bolt out of the blue.

Because this was too shocking.

The things that Mo Huangjiangwuxie said, would never be false, nor would they be wrong about Long Chen!

Long Chen knew, if he said that he coincidentally met the corpse of the Jiang City, and obtained his gold medallion in identity, this kind of little trick would definitely not be enough to deceive this super strong opponent!

Therefore, his only choice was to escape!

Before anyone could react, they saw Long Chen, who was in front of Mo Huangjiangwuxie, instantly turn into a bloody arrow, and disappeared from their field of vision. The direction this bloody light headed towards, was precisely towards the exit of Fourth Demon World, and Long Chen had already memorized the route, so when he reached the Second Demon World, he could use Blood Escape once again, and return to the first stage of the devil world. In the end, he would leave Mount Demonheart, and leave Ancient Devil Region!

Splitting Blood Escape a few times to use was his only way!

After all, the person in front of him was definitely not just at the first stage of the Earth Martial Stage. Even if Long Chen used Blood Escape, his speed would likely still be far from being able to compare to him!

Long Chen had guessed right!

This figure was actually Jiang Wuxie. With Jiang Wuxie blocking at the entrance of the passage, even if Long Chen's body was in millions, he would still not be able to pass through. If he were to try to force his way through, he would definitely die, and either way, he would die on his left or right, so Long Chen had no choice but to stop.

Since he could not escape now, he could only hope that there would be a turning point for Jiang Wuxie. After all, didn't I already say that Jiang Wucheng is just a piece of trash?

Therefore, he stopped and stood thirty meters away from Jiang Wuxie.

After he stopped, the seven great demon kings, Jiang Wushang, as well as the other great elders, twenty-eight Demon Generals and the others all followed one after another, surrounding Long Chen completely. With this, it would be difficult for Long Chen to leave even if he spread his wings.

"Bastard, how dare you! You killed an orphan son, and you even dare to come to Ancient Devil Region with the status of a lone child as the gold medal to swindle around! Who exactly are you? "

Jiang Wuxie's voice directly pushed Long Chen a few steps back, causing his face to become deathly pale.

"So powerful!" Long Chen couldn't help but sigh. This Jiang Wuxie was just too amazing, even his speed in executing Blood Escape was not as fast as his opponent's!

Moreover, with him blocking the passage, Long Chen would definitely not be able to leave.

Was this the only ending?

Long Chen was unwilling, he still had a lot of things to do, and he was not willing to die in this kind of place without any preparation! If he knew that the Jiang City was Jiang Wucheng, he would never come to the Ancient Devil Region!

What should he do?

Long Chen's mind was also in a mess, his eyes gradually becoming blood-red. A fiendish aura was emitted from his body.

Amongst the seven great demon kings, only Duke Qing Li and Long Chen were on good terms with each other. Just a moment ago, Long Chen was the pride of the The King's Hall of Clearing Seep, and was the object of everyone's admiration. Who knew that in the blink of an eye, things would turn out like this?

The Duke of Qing Li was completely dazed, while Liu Yiyi's face was full of tears. The hero he worshipped had suddenly fallen into such a state when he was at his brightest, which had a huge impact on her mental state.

"Mother, what should we do? "What the Demon Emperor said is true, he will die, what should we do?" Liu Yiyi muttered to herself as if she had lost her soul.

"I don't know, son, I can't help it. His original name wasn't Jiang City, I think he didn't have a gold medal on him. After killing Prince Wu Cheng, he must have gotten his identity gold plate. Helplessness was written all over the face of the Qing Li King. He was originally a peerless genius, but now he was going to die just like that?

"How can this be? How could there be such a coincidence? "Wouldn't it be enough if he didn't come to Ancient Devil Region?" Seeing the helpless figure in front of him who was surrounded by a large crowd, Liu Yiyi's heart shattered.

"Yi Yi, shut up. Do you want to die too? He killed the son of our Demon Emperor, so he is our enemy! You need to understand your position, don't say anything, and make people look for trouble with us. Scarlet Ghost King and the rest would love nothing more than for me to die! What we have to do now is to draw a clear line between ourselves and him. Don't blame Mother for being ruthless, we can't do anything about him, can we?" The Duke of Qing Li said somewhat helplessly.

"Can't we really save him?" Liu Yiyi asked blankly.

After being together for almost two months, Long Chen's figure had been deeply rooted in her mind, but this person was about to die like this?

The feeling of his heart breaking couldn't be any more.

Compared to Liu Yiyi's broken heart, many people were gloating at her misfortune, and some people even thought that she had come back from death's door, and it was a great surprise. This person was the Scarlet Ghost King, and his most beloved direct disciple, Ying Shaotian, had died in Long Chen's hands.

That Jiang City was actually not Jiang City, but the person who killed Jiang Wucheng?

The Scarlet Ghost King knew that Jiang Wuxie was extremely protective of him. Of course, Jiang Wucheng was a trash, and never liked him, so Jiang Wuxie had never treated him poorly. He had even directly expelled him from the Palace, but there was a bloodline relationship between the two, so Jiang Wucheng was, after all, Jiang Wuxie's son.

Jiang Wuxie was a person with a lot of face, and his son had already been killed by such a small character. If Jiang Wuxie did not make a move, if word of this got out, where would his face go?

At this time, Scarlet Ghost King's face was filled with ecstasy.

At this moment, Long Chen felt a huge pressure.

At this time, Jiang Wushang had already arrived by Jiang Wuxie's side. His brows tightly knitted, and said: "Father, how should we deal with him? Me? I thought that he would be a good subordinate, but since he has a grudge with my Jiang family, then it's definitely not useful. Moreover, I can see that his talent is heaven-defying, so I can't let him out.

The look in Jiang Wushang's eyes had completely changed. In the beginning, he was a genius, so he was very polite to Long Chen. He had completely seen through Long Chen's evilness, and now that Long Chen was no longer useful to him, he had to kill him as soon as possible!

Long Chen's eyes became cold and harsh. He breathed in deeply, Jiang Wushang was indeed someone who had left. As the son of the Demon Emperor, he did have this kind of insight.

"If I can't use it, I will kill them all!"

These were Jiang Wushang's rules.

"Father, let me do it. There is no need for us to use sabers to kill chickens. It is enough for me to kill youngsters like you." Jiang Wushang said.

Mo Huangjiangwuxie had been silent the entire time, and only after Jiang Wushang finished speaking did he nod his head.

He completely agreed with Jiang Wushang's point of view. He was still looking for the culprit when he suddenly realized that the culprit was right in front of him. Although Long Chen was a demon, he was still a weakling to him. He didn't pay much attention to it. Once it was solved, he would have nothing more to worry about.

Just at this time, Scarlet Ghost King took a step forward, knelt in front of the Demon Emperor, and said: "Demon Emperor, this brat just killed my disciple. I am sure that the Demon Emperor has asked me to make a move on this brat and she doesn't put my Ancient Devil Region in his eyes, so I can't kill him easily. I have a Scarlet Ghost Bug that drills into his body, allowing him to stay awake for seven days and seven nights before he dies! "

After gnawing on his internal organs for seven days and seven nights, he was completely unable to resist. Furthermore, he was still awake and only Scarlet Ghost King would be able to think of this kind of ruthless move.

This way, the impression he would gain would be much greater than directly killing Long Chen.

Jiang Wushang originally wanted to do it himself, but when he saw that Scarlet Ghost King was kneeling down, his eyes were filled with anticipation, and even had the idea of using the Scarlet Ghost Bug, so he nodded and said: "Fine, then do it. Remember to succeed and not let him commit suicide. "

His words, decided Long Chen's fate.

Long Chen inhaled a breath of cold air.

The Scarlet Ghost King, Jiang Wushang, and the Scarlet Ghost King were still alright, they had wanted to kill Long Chen from the beginning, but this Jiang Wushang, after recruiting Long Chen from all over the place, when he attacked, his ferocity was even greater than the Scarlet Ghost King's. If even Jiang Wushang was like that, then there was no need to even mention Jiang Wuxie who was guarding the passage.

Chapter 529 - Final Blood Sacrifice

"No!" Just as Liu Yiyi shouted out, her mouth was immediately covered by the Pure Li King, and at this moment, Liu Yiyi's face was full of tears. If it wasn't for the Duke Qing Li firmly stopping her, perhaps she would already be standing next to Long Chen.

Scarlet Ghost King ate his internal organs and died within seven days and seven nights.

Hearing such a heavy punishment, Liu Yiyi was so scared that she almost fainted.

How could she bear to let Long Chen die just like that?

However, under the encirclement of so many experts, who would be able to resist?

Even if Long Chen had the greatest of abilities, he wouldn't be able to resist.

He could only use the Blood Escape, but the passage had already been blocked by the Demon Emperor. This method was completely useless, so he was forced to a dead end.

But at this time, the crowd had spread out a little so that the Scarlet Ghost King could take Long Chen down and eat him.

This Scarlet Ghost King had always been a crazy and vicious person, and indeed, they could not be provoked. If Jiang Wushang were to make a move, at most, he would be killed instantly, but the Scarlet Ghost King's Scarlet Ghost Worms would need to make Long Chen suffer for seven days and seven nights, so he would definitely be able to die!

What Long Chen did not expect was that the appearance of the Scarlet Ghost King had destroyed his last life-saving plan.

Long Chen had originally thought that if it was Jiang Wushang who made his move, he might even have the chance to kidnap Jiang Wushang using his blood sacrifice. Of course, the possibility of him escaping was not high, and the blood sacrifice would definitely go through, but if it was the Scarlet Ghost King who made his move, Jiang Wuxie would definitely kidnap him without any fear!

Long Chen was on the road to death.

At this point, Long Chen was already not that naive. He knew that this time, he definitely had a ninety-nine percent chance of dying. None of his divine abilities had the ability to let him leave this place alive, including his blood escape, his blood sacrifice, and even his heaven-defying Time Reversal!

In this world where strong practitioners were everywhere, Long Chen once again felt powerless.

"Xi'er, I can only say that I, Long Chen, have let you down. I did not fulfill my promise, and am just a piece of trash. I'm sorry, I'm sorry."

When she thought of how Ling Xi would live on her own in this world from now on, she would wait endlessly for him to appear. However, Long Chen would definitely not appear in her world again.

"I hope that you will have your own happiness. A trash like me is no longer worthy of you." Long Chen suddenly really wanted to laugh out loud. His blood was filled with lofty ambitions, and even in front of a strong practitioner like Ling Xi's family, Long Chen had sworn that he would one day appear in front of Ling Xi.

But?

At this moment, the cruel reality was right in front of him.

His strength was at its peak, and he was the mysterious Lord of Ancient Devil Region, Mo Huangjiangwuxie.

The seven great demon kings and the Earth Martial Stage's Jiang Wuxie.

Over fifty Highest Elders and 28 Demon Generals!

All of them were stronger than Long Chen!

It was impossible to fly without wings. That was the feeling.

"I don't know who will remember me after I die," Long Chen's heart was filled with bitterness. He raised his head and saw the Scarlet Ghost King smiling sinisterly as he walked towards him step by step. Seeing the blood red color in his eyes, Long Chen's eyes also started to turn blood-red!

"Son of a son of a bitch!" "Even if I die today, I will drag you down with me!" Long Chen roared in his heart. In front of him was the fate of certain death, and in Long Chen, there was madness as well. Those blood-red scales had completely surrounded him. Those sinister bone spikes, along with Long Chen's blood-red eyes that were filled with hostility, caused everyone's hearts to be filled with shock!

Seeing Long Chen in such a state, Liu Yiyi's face had already turned pale white, her eyes had almost drowned her soul. She did not want Long Chen to die, nor did she want Long Chen to die that miserably.

"Yiyi, mother has let you down this time." Seeing that his own daughter was so heartbroken, tears appeared in Qing Li King's eyes. The only people who weren't gloating because of Long Chen's miserable state were the people in the The King's Hall of Clearing Seep, because Long Chen had once brought them glory!

Just now.

This was the time when they were the most able to hold their heads up high.

Everyone else's eyes were filled with ridicule!

"Do you still want to resist?" "Kid, I really didn't expect that you, who was previously in high spirits, would have such a tragic time right now. It's really been thirty years, and thirty years, and the rivers are flowing together.

"You piece of trash, a toad, what right do you have to scold me? If I were like you, I would have committed suicide long ago to apologize, and you still dare come out to scare people? Aren't you afraid that someone will spit out all the food they eat tonight? From the looks of it, you are probably just a beast, right? " As Long Chen spoke, he took out the Demon Emperor Sword!

Since he was going to die, he might as well take it easy!

Let everyone see, even if Long Chen dies, he will die a better death than others!

His blood-red eyes surveyed his surroundings!

The mocking and ridiculing faces, he remembered them in his heart!

"Bastard!" Are you still being stubborn before you die? Did you hear it just now? Scarlet Ghost Worm, after eating your internal organs for seven days and seven nights, I want to see just how you'll laugh? " The Scarlet Ghost King said in a sinister manner as he became flustered and exasperated.

Long Chen acted as if he didn't hear him at all and continued to mock him: "I really don't know what kind of thing that donkey and a horse were going to mate with each other to give birth to a monster like you, what a sin. You actually have the courage to live after growing up like this, I'm impressed! "

"Kid, you're courting death!" The Scarlet Ghost King shouted in anger.

"Didn't you want to plant a Crimson Demon Worm in me? That grandson of yours dares to kill me? " Long Chen said fearlessly.

Scarlet Ghost King was simply about to pass out from anger. Of course, he really wanted to kill Long Chen right now, but the only thing he needed to do now was to capture Long Chen and plant a Scarlet Ghost Bug inside him.

"Bastard!" The Scarlet Ghost King was an expert of the Earth Martial Stage. Long Chen didn't even have the strength to resist.

Everyone knew that if no accidents were to occur, Long Chen would be captured by the Scarlet Ghost King and planted with Scarlet Ghost Bug. He would suffer pain for seven days and seven nights before dying.

At this time, the only thing that appeared in Long Chen's mind was the goddess that had suddenly appeared in the white mist.

Her beauty, her fragrance, everything seemed to be within reach, but Long Chen knew that if he wanted to catch her, it would simply be a dream.

Such a beautiful dream was already long gone from him.

A tear rolled down from the corner of Long Chen's eyes.

The man had tears in his eyes, but he didn't want to be sad.

Before he died, Long Chen finally weakened once. After that, he could already see Scarlet Ghost King's palm.

"How would you know the pride of me, Long Chen?"

Long Chen closed his eyes.

Blood Sacrifice, third level.

Shouts of surprise rang out one after another at this time. It was simply a mess because everyone had already seen that blood-red flames were currently burning on Long Chen's body! The flames soared into the sky, burning fiercely, and directly pushing back the approaching Scarlet Ghost King!

Roar!

Long Chen had never used this ultimate blood sacrifice before. This was a sacrifice that would ruin the body to a miserable state!

The third level of Blood Sacrifice allowed Long Chen to completely burn away three levels of strength, and then increased his strength by a total of three levels!

This was simply an ability to break the rules, yet it had appeared on Long Chen's body like this!

The eyes of all the experts instantly widened!

"What is this?" Everyone was shocked! Only people with a bit of strength could feel that Long Chen's strength was increasing at a faster rate. This was a type of growth, they had never seen it before, to actually have a type of strength that could increase to this realm!

The original true qi, because of the Dragon Soul Transformation, was comparable to Eighth level of the Heavenly Completion Stage. In a very short period of time, when the blood-red flames burned, Long Chen's true qi instantly surpassed all of his Ninth Level of the Heavenly Completion Stage, and was infinitely close to the martial realm!

The power of the martial stage was no longer true qi, but true essence that had evolved. The increase in Long Chen's true qi was never comparable to true essence, but in terms of quantity, Long Chen's true essence, who had increased by three levels, had far surpassed the first stage of the Earth Martial Stage. and even the second stage of Earth Martial Stage!

Of course, what kind of combat strength one could display could only depend on one's fate!

After all, true qi and true qi were different!

What shocked everyone even more was that after the blood red flame appeared, there was actually a beast's shadow rushing and howling within the flames, producing waves after waves of furious roars!

That beast was like a snake and a flood dragon, but it was very different from these two types of beasts. A single word gradually appeared in everyone's mind.

"Dragon!" "That's the legendary Divine Dragon!" It was unknown who said it first, but then everyone began to boil with excitement. Everyone looked towards the roaring dragon phantom within the flames, but unfortunately, this dragon phantom only flashed for a moment before disappearing!

When the dragon image disappeared, Long Chen's body was still covered in the blood red flames!

No one knew how much his true qi had expanded!

This was Long Chen's counterattack before he died. He was proud, even if he were to die, he would die with a passion, so he chose this extreme method!

How great was his current power?

Long Chen did not know either, he only knew that even if he managed to master the True Martial Demon Body, his entire body was on the verge of collapsing! He had to make his move as soon as possible, only then could his power be of any use!

"A deceptive trick!" Scarlet Ghost King was also scared just now, and when he reacted, he was furious. Just now, he was actually scared away, which was a great shame and humiliation. Thus, he no longer cared anymore and directly rushed towards Long Chen.

With his strength at the first stage of the Earth Martial Stage, it would be easy for him to capture Long Chen.

And at this time, Long Chen raised his head, his gaze, and that cold smile, caused Scarlet Ghost King to be stunned for a moment.

Chapter 530 - Dragon Race

"Die." Long Chen had only said a single word, and then, his body instantly disappeared as that enormous Heaven Punishing Sword Formation, instantly appeared above Scarlet Ghost King's head. Everything happened so quickly, shocking Scarlet Ghost King, above his head, was a sword formation formed by tens of thousands of blood-red sword runes.

Such a tremendous power, had even surpassed his own Scarlet Ghost King!

"How is this possible!?" He is only at the Level 7 of the Heavenly Completion Stage, how can he display such power! " The Scarlet Ghost King was horrified. In this moment of life and death, he could only resist with all his might!

However, he had still underestimated Long Chen!

Under the Heaven Punishing Sword Formation that Long Chen had released with all his strength, the Scarlet Ghost King let out a world-shaking scream, and then, in front of everyone's disbelieving eyes, it was completely annihilated by Long Chen in a very, very short period of time!

Such a scene basically caused everyone to be stunned. Shock and disbelief were written all over their faces!

Although he knew that Long Chen had used a secret technique to increase his own strength by a lot, but it still hadn't reached this degree, right? Just one move, and he had already killed Scarlet Ghost King? Scarlet Ghost King was one of the seven great demon kings of the Ancient Devil Region. If news of this got out, the entire Holy Martial Empire would probably be shaken!

Many people were wiping their eyes. Only then did they believe that the Scarlet Ghost King was truly in Long Chen's hands, and just like Ying Shaotian, they had already died to the point where not even ashes remained!

Even Mo Huangjiangwuxie was stunned by the current Long Chen, he was very clear that if Jiang Wushang was allowed to go up, he would be the one dead. Fortunately, the Scarlet Ghost King blocked it. At this time, Jiang Wuxie hurriedly pulled his son behind him and rushed towards Long Chen!

Long Chen knew that at that time, the Demon Emperor would definitely make her move!

"If you want me, Long Chen, to die, how can you not pay the price, haha! Jiang Wuxie, aren't you amazing? Isn't Ancient Devil Region powerful? " As Long Chen laughed, after he instantly killed Scarlet Ghost King, his body suddenly appeared above the group of Supreme Elders!

Once again, the Heaven Punishing Sword Formation was released!

"No!"

Under such a powerful force, even the Highest Elder was powerless to resist!

This was a huge change. Under Long Chen's Heaven Punishing Sword Formation, at least half of the more than fifty great elders had died! Compared to the Scarlet Ghost King, the losses that Long Chen had caused to the Ancient Devil Region this time was even greater!

Madman!

The current Long Chen, in their eyes, was already a complete madman!

More than half of the Grand Elders died in Long Chen's hands!

This would be a super accident that would shake the entire Holy Martial Empire!

In the entire Holy Martial Empire, it had been a long time since such a thing had happened, but the person who caused this huge accident today, was only a mysterious youth who didn't know his identity. At this moment, no one knew of Long Chen's name!

"You're courting death!" The previously mysterious and powerful Mo Huangjiangwuxie was now scared stiff by Long Chen. In his heart, Long Chen was just a small fry, he did not even put him to heart, how did he know that such a huge change would happen in such a short amount of time with just a blood sacrifice?

The death of a Demon King, the death of more than half of the Supreme Elder, was quite a heavy loss to Mo Huangjiangwuxie. At least a quarter of the Ancient Devil Region's strength had been reduced by Long Chen!

In less than a breath of time!

Even the Demon Emperor was regretting that she did not immediately take action against Long Chen!

He instantly appeared beside Long Chen.

Pa! The Demon Emperor Sword shattered under the pressure of the Demon Emperor!

Out of the seven acupoints that he had activated previously, three had now completely sealed, leaving him with only the strength of his Fourth Level of the Heavenly Completion Stage. At the same time, due to the excessive sacrifice of his blood, his body had suffered huge damage, including the damage to his foundation!

In the past, the inherited blood essence nurtured his foundation, causing his comprehension ability and every part of his body to be stronger than normal people. But now, with the foundation being mostly destroyed, Long Chen had become a cultivation cripple!

Suppressing the bone-piercing pain, Long Chen laughed bitterly. He knew that this was the price of three blood sacrifices!

Until the moment of his death, he would definitely not be able to use Triple Layered Heavens Blood Sacrifice. This time, he would be in such a situation, and even if it was a Triple Layered Heavens Blood Sacrifice, Long Chen would still be in danger.

Once all of the power in his body had disappeared with the sword, Long Chen grabbed onto him. It was as if Jiang Wuxie had gone to support him.

Jiang Wuxie originally wanted to kill Long Chen, so he naturally could not let him continue to cause trouble. At this moment, his heart was already incomparably furious!

However, Long Chen was just too mysterious. There were many things on him that even Jiang Wuxie could feel the envy of others. His escape technique and this crazy method to raise his strength were all mysterious and abnormal.

At this time, Long Chen couldn't even stand steadily.

Sensing Long Chen's current state, Jiang Wuxie laughed coldly: "So it's a method to exhaust your body's potential to unleash a terrifying attack? It seems like you have already become a cripple after using that move. "

The pain all over his body made it difficult for Long Chen to reply to him.

Jiang Wuxie had guessed correctly, he was already at the level of a cripple.

Of course, if he could escape, he could still recover. But now, he could even easily move a Heavenly Completion Stage Level 1 and kill him.

Thus, Long Chen no longer had any expectations.

His eyes looked around helplessly. To be able to kill a Demon King and so many Supreme Elders, even if he died, it would be worth it.

Jiang Wuxie was also looking at the casualties of the Ancient Devil Region. The current Long Chen did not need to trouble himself, even if he let go of Long Chen, he did not have the strength to escape.

"If only you knew about this earlier, I would have killed you long ago. Ancient Devil Region wouldn't have suffered such a huge loss." Even if it was Jiang Wuxie, after seeing these losses, he felt as if his heart had been cut by knives.

He regretted not having done it himself.

However, it was already too late.

She was already dead, Long Chen's counterattack right before he died was very terrifying indeed.

These heavy casualties caused everyone to feel a sense of fear and trepidation. They believed that if Long Chen had attacked in their direction, not many people would have been able to survive. The living Supreme Elders were basically all injured.

Everyone's face was extremely dark.

Everyone's eyes were focused on the boy who could not even stand properly. If they did not see it with their own eyes, no one would believe that he was the one who caused this tragedy!

Even Mo Huangjiangwuxie did not believe it.

He, an extreme great character, was actually forced into such a situation by a little fellow like Long Chen.

In this way, even if he were to kill Long Chen a thousand or ten thousand times, he would still not be able to vent his hatred, because Long Chen was not worth it at all.

Under the terrified Jiang Wushang's arrangements, a portion of the people had already started to clean up the mess, while the rest did not even move, waiting for Jiang Wuxie's final punishment.

They did not dare to ridicule him anymore, because in their hearts, Long Chen was already like a demon.

What Long Chen had brought to them was only endless terror.

Looking at the young man who had a pale white face but was still standing proudly, Liu Yiyi shook his head in pain. She was the person who understood Long Chen the best at this time, but why did she feel that even the current Long Chen was so far away from her?

"Mother, he won't die!" This thought suddenly appeared in Liu Yiyi's mind.

There was complete silence.

Everyone was staring at the Demon Emperor and Long Chen, and anyone with a discerning eye could tell that anyone who came out would be able to kill Long Chen. Even if Long Chen died, he wouldn't be able to compensate the Ancient Devil Region's losses. However, everyone still wanted to see what would happen to this youth.

Jiang Wuxie began to pace in front of Long Chen.

"Just kill me cleanly. If you don't kill me, I'll commit suicide." Long Chen was already very satisfied. He was just a small fry, yet he could cause this overlord to be tangled up like this. This was his pride.

Jiang Wuxie raised his head and looked at him with eyes filled with incomparable profoundness.

"What's your name?" Jiang Wuxie asked.

"Long Chen, but he's not the Long Chen on the bounty list." Long Chen decisively replied.

If it wasn't for that Long Chen, Long Chen probably wouldn't have killed the people from Martial Alliance, nor would he have met Jiang Wucheng, much less met him today.

"You have the qualifications to compare yourself with him." Jiang Wuxie said in a low voice.

"Are you going to kill him or not? Stop wasting my time!" Long Chen knew clearly in his heart that the easiest way was to directly kill him. And Jiang Wuxie was currently researching how to recover the loss.

Jiang Wuxie did not speak.

At this moment, he frowned and roared, "Who's hiding in seclusion? Come out for me!"

This roar echoed throughout the entire Fourth Demon World!

Long Chen retreated a few steps, his ears were filled with the sound of explosions, and traces of blood flowed out from his ears.

"Who is it?" Long Chen also did not expect that there were other people within the Ancient Devil Region. At this moment, everyone followed the Demon Emperor's gaze and looked in that direction.

At this moment, six specks of light flew over from the distant skies. These six specks of light gradually grew in size and eventually turned into six people, appearing before everyone's eyes. Long Chen swept his gaze across them. He was shocked to realize that the strength of these people, seemed to be around the same as the Demon Kings in the Ancient Devil Region.

There were even stronger existences!

These six young Rankers did not seem to be very old, but their cultivation were as profound as heaven and earth. Long Chen really could not understand, how could there be six Rankers that seemed to be without borders in this Fourth Demon World?

When they saw their appearances, most of the people present seemed to not recognize them. Only the Demon Generals and the Supreme Elder revealed a terrified expression and quickly retreated, while Jiang Wushang and the remaining five moxibustion s all stood next to Jiang Wuxie.

Only the Duke of Qing Li was still there, staring at one of the six people, not moving at all.

"So it's the members of the dragon race. Everyone has come. Why have you come to my Ancient Devil Region?" Mo Huangjiangwuxie sneered.
