

War God 531

Chapter 531 - Traitors

Dragon race.

Hearing this name, Long Chen was a little confused. He seemed to have never heard that he was the only one who knew that was related to dragons. Therefore, since these six were of the dragon race, then was there a place close to the dragon?

Also, why would they appear in the Ancient Devil Region's disciple exam?

Long Chen no longer felt that he had any possibility of surviving, but now, another unforeseen event had occurred, allowing him to realize that there was a possibility of survival. Thus, he carefully sized up these six people.

What they could be sure of was that each of them should have the strength of a Earth Martial Stage. was not sure about their specific strength, but from how relaxed they looked when they confronted the Demon Emperor, it could be seen that their overall strength should not be any weaker than the Ancient Devil Region's.

After Mo Huangjiangwuxie finished speaking, one of the six people stepped forward. This man should be around 40 years old, but he looked to be around 30 years old, making him look very young. He had a head of long, black, bright, and hair that was like a waterfall. His stature was tall and slender, and his facial features were distinct.

However, this guy was much stronger than Dongfang Xuanxiao.

Long Chen noticed that this black-haired man was actually very close to Jiang Wushang. Looking at his age, he should be related to Mo Huangjiangwuxie. Of course, with Jiang Wuxie's current black robe, Long Chen couldn't see his appearance, except that Jiang Wuxie was Jiang Wushang's father.

In other words, this black-clothed middle-aged man who had a somewhat vicissitudes of life should have a great deal to do with Mo Huangjiangwuxie.

As expected, the black clothed man took a step forward and said to Jiang Wuxie: "Big Brother, I hope you've been well."

"A traitor of the Ancient Devil Region, what qualifications do you have to call me Big Brother Gu?" Jiang Wuxie sneered.

Seeing Jiang Wuxie giving him a cold face, the man did not say anything and retreated. Jiang Wuxie swept his eyes across the six of them, and said: "Everyone, state your intentions for coming here. Ancient Devil Region's Sevenfold Demon World, is not a place that your Dragon Clan can come to just because you say it!"

"What are you pulling? Isn't it just a broken place?" "Let me tell you, grandaunt is here to steal something. I've already shown you the treasury of the sixth layer of the Demon World!" At this time, a beautiful woman in blue among the six spoke up.

The blue-clothed woman looked to be slightly older than Long Chen, but in actuality, she should be around five or six years old. Her appearance was quite seductive and her every move had a certain charm to it. Her snow-white skin had a seductive look in her eyes and her bright red lips made her seem like a whirlpool, attracting the eyes of all the male disciples.

In terms of appearance, she was not inferior to Liu Yiyi. In terms of seductive appearance, she was countless times stronger than Liu Yiyi.

However, what Long Chen valued more was her strength. She was clearly a little older than Jiang Wushang, but he was still an expert in Earth Martial Stage.

"Steal?" Mo Huangjiangwuxie's tone changed, and his voice immediately became ten times colder. That gloomy and cold gaze, when looking at the six people, contained an additional tinge of killing intent.

"Everyone, do you want to start a war with my Ancient Devil Region?"

The Demon Emperor's strength was definitely much greater than that of the Demon Kings. As he was speaking, his hands were already slowly gathering, and a heavy aura was gradually condensing in his hands. The eyes of the five Demon Kings beside him were also quite cold and fierce.

If the six of them had taken the Ancient Devil Region's things today, the Demon Emperor would definitely not let them leave.

At this time, Long Chen's eyes moved towards the middle one among the six people. It was because he felt a power that was not inferior to the Demon Emperor's. It was because of her existence that the six of them did not seem to fear the Demon Emperor.

Looking at Long Chen, the real leader of the six was not the black-clothed man who was Jiang Wuxie's younger brother, nor was it the flirtatious young lady in blue. They were talking about the woman in the middle.

The reason why he was sure that she was a woman was because of her exquisite figure. This woman's entire body was covered in a dense black armor, just like the Demon Emperor. It was as if she was shrouded in fog, making it impossible to see her appearance clearly.

The more Long Chen looked at her, the more he felt that she gave him the feeling that he was the Demon Emperor.

Most importantly, Long Chen felt a familiar aura from her body. This aura was akin to seeing his brothers and sisters, and a thought appeared in his mind, causing him to be stunned!

"Dragon Fighter?" Long Chen realized in shock that there was the aura of dragon blood on the woman's body.

In this Realm of Myriad Kingdoms, there was actually another Dragon Fighter?

Didn't they say that Dragon Fighter was unique? For two small Holy Martial Empire to actually appear?

Long Chen remembered what the empire had said back then. He said that his brother had become a Dragon Fighter and that it was an earth-shattering news. So he was even more sure that the Dragon Fighter was mysterious and powerful, and one actually appeared here?

"Idiot, she's not a Dragon Fighter. It should be said that a Dragon Fighter had once appeared in her ancestors, so there is still some dragon blood in her bloodline. She can dig up and make full use of it, so she can unleash the power of dragon blood!" In the Great Void Realm, Cat explained.

Long Chen had experienced such a fierce battle just now, but this fellow was cowering like a turtle. He did not see it come out to help, but now that the beauty had appeared, he immediately rushed over.

Through Cat's words, Long Chen calmed down. This woman should be a descendant of the Dragon Fighter. However, even though she was a descendant, the fighting strength of her dragon blood might be even stronger than Long Chen's.

At this moment, the girl covered in thick black armor lightly moved her lips and said: "I will be honest, we are looking for the Mystical Emperor Seal, your sixth level demon realm thing is something that us brothers do not like."

The Demon Emperor's expression changed. He knew that this woman's words were always true. If she said she didn't move, then he definitely didn't.

"Mystical Emperor Seal? Who knew where this thing was? Gu Yong also wanted to know. However, do you think that my Ancient Devil Region is a place where you can come and go whenever you want? "

At this time, the seductive woman in blue continued, "Of course, we would have left before finding the thing, but unfortunately, you were standing in our way. "You've delayed us. Otherwise, how would you know that we've been here?"

On one hand, if they were to just let them go like this, the reputation of the Ancient Devil Region would not be good, but on the other hand, if they did not let them go, if they were to truly fight, with the foundation of the Ancient Devil Region here, even if they were lucky enough to kill the other party, the death toll would still be great.

"Dragon race, they are the enemies of the Martial Alliance, they are not my Ancient Devil Region's enemies. When the Martial Alliance pursues them, our Ancient Devil Region will just stand at the back, bluffing.

The Demon Emperor's head was spinning.

The six dragon race people were also waiting for the Demon Emperor's answer. Their mentality was very simple. Since they had already come out, then they would fight. They didn't fight, they didn't fight. They had always been this way, so there was nothing to be afraid of.

Today, the Ancient Devil Region's losses were already heavy enough, facing this terrifying dragon race, Jiang Wuxie still chose to retreat, but he still had to do so out of respect for face. Thus, he coldly said: "If I wanted to let you all go, that's fine, I'll just treat you as guests of the Ancient Devil Region. "One of you will be sent out. If you can take a single punch from me, I will let you go."

"Are you kidding? You can't stop us, so if we want to leave, we can leave. Who else would want to take a punch from you?" The blue-clothed woman laughed softly.

Amongst these six people, she was the youngest, and her cultivation was probably the weakest. However, she spoke the most. After she had finished speaking, the black-clothed man who looked like a descendant of the Jiang Clan held her back, took a step forward, and said: "Thank you Big Brother, I brought them here with me to the Ancient Devil Region. This punch, let me receive it!"

"Wuya, let me do it." Behind him, the leader lady with the Dragon Fighter bloodline said. She was the only one who could fight against the Demon Emperor.

"Allow me." Jiang Wuya, the black-robed man, shook his head. He seemed to be the oldest amongst the six of them, and in terms of strength, he seemed to be the strongest other than the woman.

Seeing that he was so stubborn, the woman stopped talking. Her pitch-black eyes, were like a pool of tranquil lake water. She looked at Jiang Wuya for a while without showing any fluctuations.

Seeing that it was Jiang Wuya, Mo Huangjiangwuxie's eyes flashed with anger, and he said: "I knew who the traitor was!"

"Big brother!" Jiang Wuya's face was also somewhat gloomy as he said: "Remember this, I am not betraying the Ancient Devil Region, but the Martial Alliance. That's why you are qualified to call me a traitor, and I have never once regretted doing anything!"

"Including you walking around this woman like a clown every day?" Jiang Wuxie mocked.

Jiang Wuya froze for a moment, then bit his lips and said: "You don't have to worry about me, make your move!"

Mo Huangjiangwuxie wasn't the least bit courteous. After Jiang Wuya finished speaking, his body instantly appeared right in front of him, and then, he punched towards Jiang Wuya.

Long Chen's mind shook!

He carefully watched Jiang Wuxie's attack. His fist, was not fancy at all, just a simple punch, and there was no sign of true qi erupting from it. But just this fist, actually made Long Chen feel terrified.

All of his power is on that fist. The power of that fist may not seem like much, but if it truly works on me, I'm afraid that it will shatter my body countless times. This is the power of the Martial realm — Martial realm?

Chapter 532 - The Past

Long Chen immediately looked at the attacked Jiang Wuya, but what shocked him was that Jiang Wuya did not resist. He closed his eyes, and allowed the Demon Emperor's punch to directly send him flying!

"Puchi!"

He spat out a mouthful of blood.

In the middle of the air, the leading lady caught Jiang Wuya, causing Jiang Wuya's face to become pale white, his chest had already caved in, but Long Chen realized that it was expanding at a speed visible to the naked eye.

It must be the life combat technique.

"You aren't going to attack? "Serves you right." The Demon Emperor also did not expect that the other party would not resist.

Jiang Wuya coughed out a bit of blood. His body had astonishing recovery abilities, and after a while, he was actually able to escape the embrace of the woman, and then stand in the air, looking at the Demon Emperor, he said: "Brother, after this punch, I have no relationship with the Ancient Devil Region anymore. This place has never given me anything.

"Bullsh * t, let's talk after you reach the third stage of the Earth Martial Stage. If Gu Ruoyun had not held back, would you have survived? " The Demon Emperor said.

"Let's go." Without waiting for Jiang Wuya to speak, the woman gave the order. Although the other five people wanted to stop him, since he was stubborn, no matter how much he said, it would be useless.

With their strength, the Demon Emperor could not stop them at all if they wanted to leave, but because Jiang Wuya was once a member of the Ancient Devil Region, they gave the Demon Emperor some face.

Amidst the trembling eyes of the crowd in Ancient Devil Region, the six people of the Dragon Clan started to walk outside. Halfway through their walk, Jiang Wuya suddenly stopped in his tracks.

Seeing the expression in the eyes of the Qing Li King, Jiang Wuya's heart trembled. After he stopped, the other five people also stopped and looked at him with concern. The blue-clothed woman among them asked, "Second Brother, what's wrong?"

"Give me a moment, I have an old friend to reminisce about the past." After he said this, Jiang Wuya walked towards the Qing Li King. The people beside the Qing Li King, upon seeing Jiang Wuya, all pushed aside in fear, and only Liu Yiyi, who didn't know what had happened, held onto the Duke of Qing Li's arm and hid behind the King of Qing Li's back. She looked at this strange yet familiar man in front of him timidly.

"Qing Shui, we haven't seen each other in over 10 years, right? I have been to Ancient Devil Region a few times and haven't seen you. Are you alright? " In front of the Qing Li King, Jiang Wuya seemed a little restrained.

"Very good." The Duke of Qing Li hurriedly wiped away his tears, then smiled faintly.

Only then did Jiang Wuya heave a sigh of relief, and said: "Our identities are different, our old friends will not be able to see each other anymore. I heard that you have a daughter, and it should be her, she ..."

When Jiang Wuya looked at Liu Yiyi carefully, he was suddenly stunned. The feeling of this girl, who was related to him by blood, had suddenly surfaced in his heart.

His appearance caused Jiang Wuxie and the others to smile coldly, as if they had expected this to happen.

"Yes, she is my daughter." The Qing Li King hurriedly shielded Liu Yiyi behind him. Pain flashed in her eyes, but she quickly covered it up and calmly looked at Jiang Wuya.

However, Jiang Wuya's heart was in turmoil, and it took a lot of effort for him to stabilize his emotions. At this time, King Qingshui coldly said, "Wuya, since you have betrayed us, let's quickly leave. This place is not a place for you to stay, and from then on, we won't have any relationship with each other anymore.

"What's her name?" Jiang Wuya asked as if he was sleep talking.

"I am Liu Yiyi." Liu Yiyi didn't understand what kind of relationship her mother had with this person. She had heard of this story from a young age, and knew that this person was originally a genius of the Ancient Devil Region. Later on, he killed countless people of the Martial Alliance for a woman, betrayed the Ancient Devil Region, and became one of the top ten people on the Martial Alliance's bounty list!

Unexpectedly, her mother seemed to be quite familiar with this Jiang Wuya. At this moment, Liu Yiyi was even more concerned about Long Chen. When the six of them appeared, she had already imagined that they would rescue Long Chen, but later on, he was still disappointed.

And at this time, when this man was speaking to his mother, Liu Yiyi knew that this was a chance, especially since Jiang Wuya had even asked her for her name.

The Qing Li King hurriedly said, "Yiyi, don't trouble him."

Jiang Wuya took in a deep breath. His mind was currently in a mess, because he was very clear that the girl in front of him was definitely related to him. When he thought of the grudges from back then, the results were not too far off.

"What do you want? I can promise you anything! " Jiang Wuya immediately said.

"Save him, save him!" Hope finally arrived. Liu Yiyi seemed to have come back from death's door as she hurriedly pointed at Long Chen with tears in her eyes, "I beg you to save him and leave, I beg you ..."

The heartbroken expression of this girl gave Jiang Wuya a huge blow. He looked at Long Chen and he knew clearly that this youth's previous actions had the intention of saving this youth, even himself. However, if he did that, there might be a huge conflict with the Ancient Devil Region!

In order to avoid this conflict, he gave up!

But now, this young girl that was most likely his daughter had begged him for the first time. How could he not agree?

If he was trying to save her, then this would be a matter of life and death. Jiang Wuya knew that the things that would happen next would be troublesome.

He took another look at the Qing Li King, and saw that there was no objection in her eyes. Although she did not say anything, Jiang Wuya still knew, and she seemed to hope that he could save Long Chen. Jiang Wuya made up his mind in an instant.

"Sorry."

After saying these two words, Jiang Wuya instantly retreated back into his group. Previously, Liu Yiyi's voice was simply too loud, so all the experts here were waiting for Jiang Wuya to make his choice.

"You want to save him? Looks like today, you all must fight a big battle with my Ancient Devil Region? " Mo Huangjiangwuxie sneered coldly.

When the five people from the dragon clan saw Jiang Wuya's eyes, they knew that Jiang Wuya was very determined. At this moment, the leader of the five had the biggest change in his eyes, but she quickly calmed down.

The fact that the six of them still had not left was an indication of their determination.

"We must take this youth away." The woman said.

"Nonsense, he killed my Ancient Devil Region's Demon King, and there are also so many Supreme Elders. Even if it's the Sky Emperor, he wouldn't be able to take him away today!"

This made a few among them deeply frown. However, when Jiang Wuya looked at Liu Yiyi again, the hopeful eyes of hers, made Jiang Wuya to say whatever he wanted, he would do his best.

"Yue, are you confident?" Jiang Wuya asked in a low voice.

"I'll try my best." The woman in black took a few steps forward.

Long Chen had witnessed this entire process, but he did not expect that the person who gave him the last sliver of hope, would actually be Liu Yiyi. He knew that Liu Yiyi had always liked him, but Long Chen did not belong in this place. His entire life's goal was to find Ling Xi, so he could only miss this opportunity.

"That man called Jiang Wuya, could he be Yiyi's father?" From their performance, Long Chen could guess this point. At this moment, he saw that the two sides were already at a stalemate. It was clear that they were going to immediately act and snatch him away.

At this critical moment, Long Chen did not want his own fate to be entirely controlled by anyone else.

With my current body, I am seriously injured, so I definitely cannot use my blood escape technique. Although the fighting capabilities of the people in front of me are similar to that of the Ancient Devil Region, I am extremely weak at the moment, so even if they manage to snatch me away, any attack by the Demon Emperor or the others would be enough to take my life.

"The only thing that I can use is the Great Void Dragon Symbol. The Great Void Dragon Symbol is the power of a treasure, it has nothing to do with my body's condition."

"Now is the time!"

Thinking here, Long Chen moved at this time!

Right now, the two sides had just started to confront each other, one party was thinking of how to save Long Chen while the other side was defending. The Demon Emperor was also prepared to let a Demon King imprison Long Chen, and if the former Long Chen was to let him escape, then he would not be able to do so either.

Right at this moment, Long Chen actually rushed towards his opponent!

The moment Long Chen moved, it was as if he moved all over his body!

The woman that could match the Demon Emperor also instantly moved. At this time, the Demon Emperor also moved!

Long Chen was originally closer to the Demon Emperor, so in that instant, the Demon Emperor approached Long Chen. Looking at the quickly approaching woman, he laughed coldly, "You want to save him? If he's dead, we'll see how you save him! "

He had originally been thinking about how to kill Long Chen, but since the few strong warriors on the other side were trying to save Long Chen, he obviously could not let Long Chen save them.

With his power, killing Long Chen was an easy task!

It was a punch!

In a split-second!

Because the Demon Emperor was very close to Long Chen, her speed was still faster by a little. Because of this slight movement, his fist directly struck Long Chen.

"It's time, Great Void Dragon Symbol, Time Reversal!"

In that critical moment, Long Chen used Reverse Time!

Time moved backward, and his body once again returned to what it had been ten breaths ago!

In the eyes of the Demon Emperor, just a casual punch would definitely be able to kill Long Chen, so when she confirmed that Long Chen was going to die, he was just about to laugh out loud. Long Chen, who should have been dead, actually rolled on the ground as if nothing had happened.

This was the most exciting time for Long Chen.

Then, he really did succeed.

Chapter 533 - Rebirth

For a moment, everyone was stunned. The Demon Emperor should have been the first one to get close to Long Chen, so why did Long Chen survive like this?

This matter could only be described as supernatural.

Because it had only been an instant, no one had been able to clearly see what had happened.

Even if it was the members of the Dragon Clan, they didn't know what had happened after they helped Long Chen up. In the end, the mission that they thought had failed was a success. Long Chen was saved for no reason.

Silence. Absolute silence.

The Demon Emperor was also stunned on the spot.

After a while, everyone had no choice but to believe in the truth, that Long Chen was already saved. In the hands of these six experts, even the Demon Emperor wouldn't be able to kill him.

Seeing this situation, Liu Yiyi laughed while crying.

Long Chen laughed bitterly as he looked at the young girl, he really did not know what to say. He had walked in front of the gates of hell just now, but because of this young lady, he came back to life.

Although they didn't know why Long Chen wasn't dead, the six people of the Dragon Clan didn't ask any further. Now they were still in Ancient Devil Region, so they could only wait until they were out.

Even though he knew that he had killed Long Chen, he was still confident in himself. Long Chen's survival exceeded his expectations, causing him to be stunned for a moment, and he immediately felt a sense of defeat.

"Everyone, do you really think that we can save him just like this? The people that the Ancient Devil Region wants to kill, are you people that you can save? " The Demon Emperor shook his head.

"What do you mean? Now that it's in our hands, how can you still be so stubborn? " The blue-clothed woman continued.

He frowned, and pointed towards the direction of the Qing Li King's Liu Yiyi: "You guys are still too naive, thinking that you can save him just like that? You're still too naive, right? Duke Qing Li, Liu Yiyi, what crime should you two commit for colluding with an enemy?! "

It was precisely because of Liu Yiyi's words that Jiang Wuya decided to save Long Chen. But right now, Liu Yiyi and the others were still people of the Ancient Devil Region, so the Demon Emperor could completely use their lives to suppress the six of them. In comparison to their life and death, Long Chen was simply insignificant.

"Wuya, you choose. Either they die, or he dies!" Jiang Wuxie's gaze landed on Jiang Wuya.

The Demon Emperor's move directly struck Jiang Wuya's vital part.

Upon hearing these words, a trace of helplessness flashed through the Halcyon Reflection King's eyes. She said, "Yiyi, they've already done their best, so ..."

Liu Yiyi originally thought that she could succeed, but even now, she could still return empty-handed?

Even if he managed to escape the Demon Emperor's grasp, he still had to obediently return in the end. After all, he couldn't let the Duke of Qing Li and Liu Yiyi sacrifice themselves for him.

"The majestic Demon Emperor of the Ancient Devil Region is actually so fearful of a small figure like me. She even used such a despicable method to threaten me?" Long Chen freed herself from the support of the others and walked to the front with a sneer.

Long Chen's words were extremely sharp, aimed right at the Demon Emperor's vitals.

Long Chen had already escaped, but the Demon Emperor actually used such a method to threaten him.

"When everyone knew that Mo Huangjiangwuxie used two women to threaten a helpless youth, and that one of them was even the Ancient Devil Region's Demon King, I wonder how others would feel?" Long Chen mocked once again.

"Kid, what are you trying to say?" The Demon Emperor frowned. He had realized that if today's matter were to be spread out, it would truly be very comical. As someone in power, reputation was the most important. If that was the case, then it really would have a great impact on his reputation.

"Brother." At this time, Jiang Wuya could no longer hold back. He looked at the Demon Emperor with flickering eyes, and said: "You are very clear about the relationship between Qing Xu and I. Although we were not fated to meet, I can assure you that if anything happens between her and Yi Yi, I will definitely make the Ancient Devil Region restless for the rest of my life! Our brothers and sisters from the dragon race share the same thoughts. There is nothing in this world that we do not dare to do.

"Are you threatening me?" The Demon Emperor said angrily.

"I'm not threatening you. I'm just telling you not to force me. Although I have left this place, I have never forgotten that this is my home. I hope that you do not chase me out, or else, don't blame me for not recognizing you! " Jiang Wuya said tit for tat.

"You!" The Demon Emperor was infuriated by him to the point that he couldn't speak.

He was very clear about the character of this little brother. He was completely crazy. Whatever he decided on, he would definitely bitterly pursue it. The Demon Emperor was clear that she would really do everything he said. But the problem was that this youth, Long Chen, was full of secrets. Ancient Devil Region had made him struggle in death today, who could guarantee that he wouldn't come knocking on their door one day?

"I hope you will listen to me. "Farewell!" After Jiang Wuya finished speaking, he glanced at Duke Qing Li, clenched his teeth, and rushed into the passage with Long Chen in his arms. The other five followed after him without saying anything. And this Fourth Demon World, had finally become completely quiet.

No one dared to say anything for the time being.

"Father, today Second Uncle has already suffered a palm from you, so let this matter pass. Anyways, that Long Chen, I see that his entire body's foundation is more or less destroyed, and he is more or less a cripple. Even if he is alive, he is still a trash. Jiang Wushang consoled.

What he said made sense.

"I'll head back to the Imperial Hall and leave the remaining matters to you." The Demon Emperor said somewhat helplessly.

Jiang Wushang nodded, then asked: "The King's Hall of Clearing Seep, what do we do?"

The Demon Emperor crouched down beside his ear and said: "Liu Yiyi is your cousin, how do you think we should deal with him? Can our Jiang Clan's bloodline handle it? "

With that, he disappeared.

He was finally saved.

Long Chen felt that he had narrowly escaped death.

This was the most thorough death he had ever experienced. The only thing he could do was sigh that his luck was too good to survive.

Of course, it was also because of bad luck that he killed the son of the Demon Emperor and ran into the Ancient Devil Region ...

It was all due to luck.

The damage caused by the blood sacrifice of the third level was unprecedented. Time Reversal could only restore him to his previous state of ten breaths, so it was powerless against his recovery. When he was in Fourth Demon World, Long Chen had been holding on. When he was finally saved, he already felt that his entire body lacked strength, and before he had the chance to thank the people who saved him, he had already fallen unconscious.

This coma lasted for an unknown amount of time.

All of a sudden, he felt a warm flow of liquid flowing into his body. Long Chen was not aware of controlling this flow of liquid, but this warm flow of liquid was flowing through his body orderly, bit by bit, recovering the internal injuries he had suffered. Of course, this could only heal the injuries of his body, but could not heal the injuries he had sustained previously.

When the liquid flowed through his body three times, Long Chen still felt much better. His consciousness gradually cleared up, and when he opened his eyes, he found himself lying on a soft mat.

The first thing that entered his line of sight was a charming girl wearing a blue cheongsam. Within her coquettishness, there was also a trace of cleverness and unruly charm. Charm was innate.

Other than her, there were four other people surrounding her. These four people were all men. One of them was Jiang Wuya. The other three men were all between Jiang Wuya and the blue-clothed woman, so they were around twenty to thirty years old. On the journey of cultivation, they could be considered young.

However, their strengths were all quite terrifying.

"Oh!" Elder sister, he has finally woken up. " At this time, the blue-clothed woman said with a somewhat surprised smile. After she finished speaking, the woman from before walked over, and Long Chen could only see her pair of eyes that seemed to be like a deep black pond. She looked at Long Chen and said, "Mn, under the nourishment of the Creature Summoning Miasma, her body can be considered to have recovered.

Seeing their concerned gazes, Long Chen suddenly felt touched. They had met by chance, yet they were actually so concerned about him. It could be seen that these six people were probably good people. Long Chen immediately crawled up, and said: "Thank you everyone for saving my life, I will never forget it!"

Although it was Liu Yiyi who asked them to come and save him, to Long Chen, this was already an enormous favor she owed his.

Seeing that Long Chen was conscious, the six of them looked at each other, and the leading lady said: "Little brother, why don't you introduce yourself? We brothers and sisters are very interested in your affairs. "

Her voice was lower, her mood indistinguishable.

"My name is Long Chen." Because of the double name, even Long Chen would be a little hesitant if he said this name.

"Long Chen?" As expected, the six of them were a little stunned. The blue-clothed woman was pleasantly surprised: "What a coincidence, to actually have the same name as Big Sis Long Yue's little brother."

Everyone looked at the leading lady.

It was only then that Long Chen found out that the descendant of this Dragon Fighter was named Long Yue.

The Long Chen who was ranked third on the bounty list was actually Long Yue's little brother?

Long Chen had once heard from the Jiang City that the top three on the bounty list were all experts of the Earth Martial Stage.

"What a coincidence." Long Yue paused, then asked: "Long Chen? Your name must be fated with us. Since you've awakened, we have some questions that we need to formally ask you. But don't worry, we won't make things difficult for you.

Long Chen was startled. What did they want to say?

Chapter 534 - descendants of the Dragon Fighter

At this time, no one said a word, they were all looking at the leading Long Yue. Long Chen was not afraid of this mysterious woman who seemed to be hidden in the dense fog. It was likely because she also possessed a portion of the Dragon Fighter's power, but this feeling was extremely familiar.

Long Yue's tone of voice had always been neither hurried nor slow. It seemed cold, but this was actually her personality. It was impossible to tell from her voice whether she was happy or angry.

From the sounds of the voices, she was at most in her thirties, while the Demon Emperor was at least fifty years old. This meant that her talent was much greater than the Demon Emperor's.

At this moment, Long Yue's eyes swept across his body, and said: "When I was treating your injuries, I examined your body. As expected, you also possessed the Dragon Fighter's bloodline.

Long Chen laughed bitterly in his heart, so she had treated him as the descendant of the Dragon Fighter. Towards these few people, Long Chen was still unable to the extent of absolute trust, so of course he wouldn't say that he was the Dragon Fighter. In a very short period of time, his mind was rapidly thinking. Right now, he should be pretending that he didn't know anything, which was more normal.

Thus, he asked blankly: "What is the Dragon Fighter?"

His reaction was within the six people's expectations.

"During the ancient times of the Dragon Sacrifice Continent, it was the world of the Ancient Dragon God, but now that all the Divine Dragons are extinct, in the entire Dragon Sacrifice Continent, I'm afraid not much Divine Dragon blood essence has been left behind. After obtaining the Divine Dragon blood essence and accepting the inheritance, one can become a powerful Dragon Fighter, and we are all descendants of the Dragon Fighter." Long Yue explained.

"No wonder I had such power, was it the Dragon Fighter?" Long Chen said in shock. Under such circumstances, he had no choice but to lie. There were some things that could not be revealed by anyone other than Ling Xi and her lackey.

Long Yue nodded.

"Until today, only my brother and I have been in the line of descent of my clan. We also know that in this Holy Martial Empire, there are no other descendants of the Dragon Fighter other than our bloodline. This bloodline has been passed on for a long time, and many disciples of other families have gone missing, so I can confirm that you are actually from the same clan as me. We all have a common ancestor. " Even if they found their relatives, it didn't look like Long Yue was very excited at all. However, the other people all revealed smiling faces, because they knew that if it wasn't for Long Chen, their boss wouldn't have talked so much today.

"Is that so?" Long Chen's eyes revealed a sense of loss. Of course, this was just a disguise. This could be considered a kind disguise. After all, Long Chen was sincerely grateful to them.

"Let me ask you, do you have any other relatives?" Long Yue immediately asked, as if that was her original goal.

"No, ever since I can remember, I've lived alone." Long Chen said.

The six of them were somewhat disappointed. After a while, Long Yue said, "I had originally thought that if you had a large clan, our Dragon Fighters would be able to rely on you to flourish, what a pity, what a pity. However, Long Chen, since you have blood ties with me and we saved you from the Ancient Devil Region, there are some things that I must tell you. "

"Please speak." Long Chen nodded.

"Do you know who the six of us are?" Long Yue asked.

"I don't know." To be honest, I came here from a small country in Holy Martial Empire's jurisdiction, so I'm not very familiar with this place. Otherwise, I wouldn't have accidentally killed the son of the Demon Emperor and caused such a disaster. " Long Chen said.

The other party nodded their heads. So that was the case, they did not know why the Demon Emperor would chase after a small figure like Long Chen.

"Let me introduce ourselves to Little Brother Long Chen." At this time, Jiang Wuya, who came from Ancient Devil Region, took a step forward. This was a middle-aged handsome guy who looked like Dongfang Xuanxiao, he said with a faint smile: "The six of us don't belong to any other powers, we are together, sworn brothers and sisters, we will travel together, we will kill each other, we will sing and drink together. Because of Yue Yu's relationship, we have chosen a name for all six of us, called Dragon Tribe. We come from different places, but we have one thing in common, and that is that we are all enemies of the Martial Alliance, enemies of life and death. In the Martial Alliance's bounty board, the six of us occupy the top ten places with six spots! "

Long Chen was stunned when he heard it, so it turned out that they were all enemies of the Martial Alliance, no wonder they were so carefree. More importantly, were they among the top ten on the Martial Alliance's bounty list?

"But why have I heard that only the top three ranks of Earth Martial Stage are considered as such?" Long Chen seemed to have heard from Jiang City.

"They are all scams that the Martial Alliance has brought. It seems like all the big powers think we are weak and are here to take advantage of us. Now, almost all of the major powers know of our strength. If we only have the power on the Martial Alliance's bounty list, how could the Demon Emperor allow us to escape the Ancient Devil Region?" Jiang Wuya laughed faintly.

"So that's how it is." Long Chen nodded.

At this time, Jiang Wuya pointed at Long Yue, and said: "She, Long Yue, seems to be ranked second on the reward rankings. I, Jiang Wuya, am ranked fourth, and as for them, I'm probably in second place. This list seems to have been set up just for us."

Long Chen really admired them a lot.

Jiang Wuya continued to speak: "The reason you have said all of this, is actually to tell you that your reputation has now completely spread out, because you were saved by us, and the Martial Alliance views us as thorn in his side. With Martial Alliance's personality, he will definitely regard you as someone who is on the same side as us, so you won't be able to continue staying in Holy Martial Empire, and your current strength has already dropped to a very weak level, unable to protect yourself at all."

"Then what should I do?" Long Chen also realized that this was a problem. In terms of timing, he and the Martial Alliance had long been at loggerheads, and this time, he might even be listed on the wanted bounty. Under such a huge power, he would definitely not have any chance of survival with his little bit of strength.

Jiang Wuya's eyes revealed gentleness, and said: "You have two choices. One, you can go back to your original place. Since we saved you, we'll send you to hell, then send you back home."

"Then what's the second one?" Long Chen asked.

The second is the result of our discussion. You can stay with us for the time being, so of course we can protect you, but don't doubt that we have some ulterior motive. Since you are of the same race as Yue Er, I believe that Yue Er really wants to let her bloodline continue to be passed on.

With that, Jiang Wuya looked at Long Yue.

Long Yue nodded, and said: "You are a member of my Long family, so I naturally have the responsibility to protect you. I also have ways to heal the hidden injuries on your body with medicine. "Let's see if you are willing to follow us six brothers and sisters."

Long Chen was silent at first.

"Brat, why are you still hesitating. These six kids are your backers now. Following them for the time being is not a bad idea. There's meat for you to eat!" In the Great Void Realm, Cat's reminder.

It was indeed like that. Long Chen thought for a bit and made a decision in his heart.

At this time, Long Yue suddenly said: "Of course, the six of us have sworn brothers, you are only temporarily following us. If we find out that you are indeed a rare good child, we wouldn't mind having a Seventh Brother with you."

When Long Yue finished speaking, the others also laughed.

The blue-clothed woman said, "That's right, little brother, you have to work hard. Look at me, I'm the youngest now. I don't know how aggrieved I am!"

Jiang Wuya also said: "Now our team against the Martial Alliance has expanded again. Furthermore, he is a Dragon Fighter like Yue'er, it is a pity that Xiao Chen is born with such a personality and isn't willing to work with us, if he is with us, we would be even stronger. "

Long Chen knew that the Xiao Chen he was talking about should be the Long Chen who was ranked third on the Martial Alliance's bounty list.

Towards them, Long Chen's heart was filled with gratitude, thus he said: "Thank you all for saving my life and taking them in, Long Chen will never forget it!"

This meant that he had already decided to leave with them. At least Long Yue had already promised that she would help him clearly understand the hidden injuries in his body, and would need a period of time to recover his strength.

Hearing Long Chen's words, the five of them all laughed, and only Long Yue still looked as if he couldn't see anything clearly. However, Long Chen could see the gratification in her eyes. Maybe she also felt that familiar feeling from Long Chen's body.

"Your name is Long Chen, and Yue Er's brother is also Long Chen. However, we all call him Xiao Chen, so if you want to speak, we can just call you by your name. Once you have passed our test, it will not be too late for us to call you Seventh Brother. " He paused for a moment and continued: "Let's all introduce ourselves first. I am Jiang Wuya, and of the six people present, I should be the oldest. But they all call me Second Brother, because Yue'er is the boss here. My strength is at the second stage of the Earth Martial Stage and Yue'er is at the third stage of the Earth Martial Stage. "

Long Chen nodded, he knew the names of these two people. But only then did Long Chen know that Jiang Wuya was at the second level and Long Yue was at the third level.

At this time, the others also began introducing themselves.

The first was a man dressed in a white robe. This man had always been silent, with a slight smile on his face and an extremely handsome face. His face was as distinct as a knife or sword, and his nose was pointed, as if his eyes contained a cold, sharp sword light.

The most striking thing was that his hair was completely white, and even his eyebrows were white. It was a pure white color, pleasing to the eyes.

From this man's body, Long Chen sensed an astonishing Sword Qi.

Long Chen guessed that this person should be of the Sword Fighter type.

Chapter 535 - Pteropteryx

Long Chen could feel an innate sword aura from the people of the Canyang Kingdom Royal Family. And the sword aura on this white-haired man, was probably countless times stronger than Lin Zichen's. Long Chen seemed to be able to see a world where a sword was hidden within his black eyes.

"I am number three, named Jian Chen. Sword Fighter, first stage of the Earth Martial Stage. "

The man said.

His features were very clear, and Long Chen memorized his name immediately. Jian Chen. It was an appropriate person.

Next was the most burly man. This man's body was almost the same size as the Giant Strength Demon General, but compared to the Giant Strength Demon General's brick after brick, the hard lines on his body were much more beautiful. The difference with others was that his hair was only a centimeter short, and the line on his face was much harder than Jian Chen's. At this time, he was chuckling at Long Chen, his expression somewhat honest, but the aura of a ferocious beast coming from his body was truly fierce.

Long Chen knew that he should be the Beast Fighters.

Sure enough, the abnormally tall and sturdy man said: "Little brother, my name is Lei Zhen, I'm from the Northern Warring Clan! The northern Warring Clan was also a force similar to the Ancient Devil Region! My strength is at the first stage of the Earth Martial Stage and my soul of a Earth Martial Stage beast is a king level demon beast.

king level three?

Long Chen was even more shocked. It seemed that all of these people were extremely strong existences. Not to mention Long Yue and Jiang Wuya, even Jian Chen and Lei Zhen, one Soldier and the other, were extremely terrifying.

As for that Warring Clan, Long Chen had never even heard of him before. He only knew about the Martial Alliance, the Ancient Devil Region, and the Huangfu Family. In truth, the dragon race formed by these six could be considered one of the top powers in the entire region.

There were two more, younger now. He was as silent as the third Jian Chen, but there was also a huge killing intent hidden in his eyes. From his dressing and temperament, Long Chen felt that he should be a type of assassin who specialized in close combat, just like Chen Feng, who was most proficient in speed.

"I am Chi Ying, first stage of Earth Martial Stage. I am the founder of the biggest assassination organization in Holy Martial Empire — Scarlet Soul, and also the only king level killer among them. I have a nickname. Name: Undefeatable Chi Ying. It's because I've never failed any of the missions I've taken on. However, I'm not in the business of being a killer anymore. My Scarlet Soul is also serving elder sister now. "

The big sister that Chi Ying was talking about should be Long Yue.

Long Chen was surprised a little. Although Chi Ying did not seem to be very eye-catching amongst this group of people, he did not expect him to be the founder of the biggest assassination organization in Holy Martial Empire. Furthermore, judging by his age, he was at most twenty-seven or twenty-eight years old.

"The Martial Alliance doesn't allow killers' organisations to exist, so a few years ago, they started to sweep the killer's organisation, causing the Scarlet Soul to bear the brunt. If elder sister didn't save me, I wouldn't be here now. Now, all of the Scarlet Soul's people have gone underground. " Chi Ying suddenly said somewhat emotionally.

He was just expressing his feelings.

Long Chen nodded.

Right now, she was no exception as well. When it was her turn, she immediately said, "I'm Lan Ling'er, you have to call me Big Sister Lan, I'm also at the first level of Earth Martial Stage and am a peerless genius, but I have to keep everything else a secret, so I can't let you find out about my Aunt. No, it's Big Sister's secret."

"Ling'er is good at altering her appearance, whatever Bone Shrinking Technique she knows, no matter if it's the changes to her bones or the external medicines and other tools, she plays around extremely brilliantly, and is known as the Hundred Transformations Demoness. Long Chen, you have to be very careful of her, otherwise, one day, you will suddenly find an identical person by your side." Jiang Wuya laughed.

Henceforth, Long Chen had recognised all six of them. Long Chen had a premonition that these people would all become very important people in his life. He had been lonely all this way, but because of the appearance of these few people, everything would probably change.

At the very least, their strength was unquestionable.

The leading Long Yue, was an expert comparable to the Demon Emperor. Does that mean that she could be ranked in the top five of the entire Holy Martial Empire? With such a powerful being protecting him, what did Long Chen have to worry about?

The mysterious big sister Long Yue, Jiang Wuya who was born in Ancient Devil Region, the Sword Fighter Jian Chen, the Lei Zhen who possessed the king level three of a beast spirit. The leader of the biggest assassin's guild, Chi Ying, was also known as the Hundred Transformations Demon Girl, Lan Ling'er. A total of six people, they were Martial Alliance's number one enemies — — Dragon Clan!

Seeing that everyone was finished with their introductions, Long Yue said: "We did not manage to find the Mystical Emperor Seal, and our goal this time was not achieved. Let's return to the ghost stream, and wait for news of the other seals before we make our move. Furthermore, Long Chen's injuries need rest and recuperation, so there is no time to delay this matter.

The tall Beast Fighters called Lei Zhen, who was ranked fourth, nodded and laughed heartily: "Big Sis, alright!"

Long Chen's trip to the Holy Martial Empire only had one goal, and that was to go to the Archaic Graveyard. The six of them were people at the peak of Holy Martial Empire. Originally, Long Chen wanted to ask them about the Archaic Graveyard, but seeing that they were about to continue on their way, he swallowed his words.

Then, he thought that he should at least follow them until his injuries were completely healed. When they became familiar with each other, it would be a bit more natural to ask, so there was no need to rush.

However, if they were to leave, why would Long Yue simply instruct Lei Zhen? Very quickly, Long Chen understood. Of course, he was somewhat shocked. This was because Lei Zhen had actually released a huge demon beast from a large purple bracelet on his wrist.

Long Chen always thought that was the only way his own Great Void Realm could let demon beasts in, he never thought that this Lei Zhen would actually have the same thing.

Because of Liu Yiyi, he was even more concerned about him than Long Yue. She knew that Liu Yiyi liked Long Chen, so she had a lot of good impressions of this junior. Thus, he explained to Long Chen: "The northern Warring Clan is independent from the Martial Alliance, but she has to admit, they are indeed strong. Lei Zhen is the number one prince of the Warring Clan.

"Second brother, you didn't say anything about me, haha." While laughing, Lei Zhen used a strange language to communicate with the huge demon beast.

"Alright then, let's not talk about it Long Chen, I think you don't know either, but in the northern Warring Clan, the entire clan is the Beast Fighters, and they have extremely powerful methods of taming demon beasts, and they can even tame king level demon beasts to work for them." Alright, Long Chen, I don't think you might not know, in the northern Warring Clan, the entire clan is the Beast Fighters, and they have extremely powerful means of taming demon beasts, and they can even tame king level demon beasts to work for them.

"That powerful?" Long Chen was shocked quite a bit.

At this time, the little cat ridiculed: "Although a mere little crystal is considered rare, how can it be compared to the Great Void Realm? That kind of crystal is something that the demonic beasts cannot stay in for too long, after the hour is over, if they do not come out, the demonic beasts will die. that can be compared with the Great Void Realm? "

Hearing Cat's words, Great Void Realm became even more mysterious.

"When you come into contact with us in the future, you will understand more about the Holy Martial Empire. Let's hurry on our way. Wait until we reach the ghost stream, I want to ask you about Yiyi. " Jiang Wuya said.

Long Chen nodded, and said: "Sure."

After he finished speaking, he looked towards the demon beast. It was a demon beast with huge fleshy wings, flying in the sky. However, it was not a bird. More importantly, the outline of the head of this demon beast was actually somewhat similar to the legendary Divine Dragon. Furthermore, from its body, Long Chen could really feel the extremely thin dragon blood.

"This is a demon beast from Ninth Grade Heaven Stage. A Pteropteryx is the fastest type of Heaven Rank demon beasts. Possessing a speed as fast as lightning, of course, you can tell, it is said that this Pteropteryx is a descendant of the Ancient Dragon God, I can sense that it does indeed have a trace of the Divine Dragon's bloodline, but it is much weaker than you. " At this time, Long Yue noticed Long Chen's confusion, and explained to him.

On the surface of the Pteropteryx's body, there were countless bolts of lightning galloping about, as if the Pteropteryx had already been surrounded by an electric net. The crackling sounds of the lightning made Long Chen's scalp tingle.

Sure enough, they were worthy of being called the dragon race. Even the means of transportation were this frightening.

The current Long Chen, if he were to be lightly touched by this Pteropteryx, would probably lose his life.

"I'll help him. You guys go up first." Jiang Wuya stood beside Long Chen and said to the others. As a result, the others soared into the sky one after another and sat on the back of the Pteropteryx. A layer of power appeared on every single one of them, completely enveloping them.

Suddenly, Long Chen felt a warm energy wrap around him as well. After a whoosh, he discovered that he was already sitting on the back of the Pteropteryx.

Only after Long Chen looked carefully, did he realize that he was being enveloped by the power of Jiang Wuya's body. It was a kind of warm power, as if it was liquid, tightly sticking to his body, guaranteeing his safety.

"These are the true essence of the Martial Realm?" Long Chen asked.

He discovered that he and Jiang Wuya were both wrapped in the same space.

"That's right. After reaching the Martial realm, the eighteen stars in the body all turned into Martial Veins, and the nine big acupoints all turned into Martial Apertures. The true energy in them all turned into near liquid true energy. Of course, it can also be called Martial Origin."

Chapter 536 - ghost stream

Long Chen knew nothing about the Martial Dao Realm.

Long Chen knew that he was not really far from the Martial Dao Realm. This was because he had something important, and that was the dianyin bead. He didn't know how long he'd been unconscious, but it would probably only be a day or two. On the day that the nine suns coexist, he can use the dianyin bead to directly advance into the Ninth Level of the Heavenly Completion Stage. Furthermore, even Tongtian Pills do not need to undergo crazy growth in order to become stronger.

However, there was also a prerequisite. He had to get out of those hidden injuries caused by the third blood sacrifice as soon as possible. Otherwise, even if he used dianyin bead, those hidden injuries would continue to exist. Every internal injury was like a blade that was stuck in Long Chen's body. If he did not remove it, it would sooner or later bring about fatal damage to Long Chen.

However, Long Yue should have a way.

He managed to escape death this time, but he encountered a noble. Only then would Long Chen have the qualifications to become a Ranker once again. He would seize this opportunity.

"Long Chen, I want to ask you something. Just tell me about the Duke of Qing Li and Liu Yiyi and your experiences after meeting them. Jiang Wuya pursed his lips, and looked at Long Chen with a profound gaze.

With regards to this man, Long Chen did not know what to say. It was easy to see that he had followed Long Yue, probably because he liked her, and had even liked her for a long time. He could be considered a man obsessed with love. However, why did he seem to have a relationship with the Qing Li King in the Ancient Devil Region, and why was he still left with Liu Yiyi as his daughter?

Seeing Jiang Wuya like this, he didn't seem like someone who would abandon his wife and children. The complicated story of their relationship, Long Chen didn't know of, so it wasn't appropriate for him to make wild judgments. Instead, he felt that Qing Li King was not bad, and this Jiang Wuya seemed to be pretty good as well.

Thus, he told them all of his experiences. As long as it involved something that was his secret, he would choose to skip over it. For example, regarding the Mystical Emperor Seal, the six of them went to the Ancient Devil Region mainly for the Mystical Emperor Seal. Why would Long Chen tell them that the Mystical Emperor Seal was in his hands?

If Five Great Emperors Seal combined as one, then she would be able to obtain the ultimate treasure, the Royal Tier Battle Skills's Five Emperors Seal. Even the Royal Tier Battle Skills would be taken from the top Holy Dynasty s of the Realm of Myriad Kingdoms, needless to say, the Holy Martial Empire. Evidently, the six of them had been searching for the Emperor Seal lately.

Jiang Wuya mainly studied the life of the Qing Li King and Liu Yiyi from his experiences. After hearing everything, his eyes became moist, but he quickly wiped it off and said to Long Chen: "Thank you."

"The debt of gratitude you all owe to me is as heavy as a mountain. I should be the one thanking you instead." Long Chen said solemnly.

Jiang Wuya laughed helplessly. Suddenly, his expression became serious and asked: "Long Chen, do you want to marry Yi Yi as your wife?"

Long Chen was a bit helpless. As Liu Yiyi was Liu Yiyi's father, he was naturally concerned about his own daughter, so Long Chen said: "My life isn't in your hands.

"Since it's like this, Ancient Devil Region, I won't allow you to return. Without my permission, you are not allowed to take even a single step!" Jiang Wuya said in a serious tone.

"Yes." Long Chen nodded, he understood Jiang Wuya's intentions. If he did not love her, he would not allow him to hurt her.

After he finished talking about this, Jiang Wuya did not speak anymore. The Pteropteryx's speed was indeed quite fast, and through Jiang Wuya's true essence, he could only see the clouds outside quickly moving behind him with lightning bolts surrounding them. Not long after, Long Chen felt that the Pteropteryx had started to slow down, and suddenly, the Pteropteryx stopped in midair, let out a low growl, and then disappeared, while Long Chen was carried by Jiang Wuya down.

Below him was a vast forest.

Long Chen estimated that this should be the ghost stream they were staying in.

Here, the surroundings were covered in a thick white fog, which blocked Long Chen's field of vision and made it difficult to see what was in front of them. After the six of them descended above the Forest Boa, they immediately entered the forest, and then headed towards the depths of the mountains.

With the endless fog blocking their way, the place they were living in should be quite a secret place.

This was an endless mountain range. After walking for several kilometers through the fog, Long Chen finally saw the light in front of him. In the middle of a very deep mountain, there was actually a paradise on earth.

Not far from Long Chen's feet was a lake of tranquil water. The lake was not big, but it was abnormally clear, and the little fishes and shrimps in the lake could be clearly seen. There were a few sika deer drinking water by the lake, and this was a pure wild beast, and was not a demon beast.

Not far from the lake, several elegant wooden houses could be seen. Long Chen counted a total of six, which just happened to fit the six of them.

"How is it, little brother, is our home beautiful?" Lan Ling'er said complacently as she moved closer to Long Chen. Her sparkling eyes flowed with light, lively and beautiful.

Long Chen took in a deep breath. Such a peaceful and quiet place was indeed not bad, and was very suitable for resting.

"It is indeed very beautiful." Long Chen said.

"It is indeed very beautiful, but our rooms are all built by ourselves. However, if someone calls me Sister Lan, I am happy to hear it. Perhaps, I am even willing to build a room for someone who is injured." Lan Ling'er chuckled.

"Okay, Ling'er, stop messing around. All of you should help me out. I'll go prepare some spiritual medicine. It is not easy for him to recover from his condition." Long Yue paused for a moment, then looked at Long Chen and said: "Starting tomorrow, I can roughly treat your injuries. "You should stay with them today and familiarize yourself with this place."

"Thank you everyone!" Long Chen nodded, his eyes filled with gratitude.

Following that, Long Yue went to prepare the spirit medicines, and Chi Ying should be among them to contact his assassin organization's Scarlet Soul, to see if there were any other information. As for the others, they quickly helped Long Chen to build a simple and crude wooden house, and with it, Long Chen at least had a quiet place to cultivate.

Looking at the surroundings, Long Chen felt as if he was in a dream.

It could be seen that the six of them had a very good relationship with each other. They were truly worthy of being brothers and sisters.

In order to celebrate Long Chen's arrival, they decided to hold a bonfire party. What Long Chen admired was that Jian Chen and Lei Zhen's culinary skills were both excellent, Jian Chen was good at making delicacies, and Lei Zhen was good at roasting meat.

Under their warm welcome, Long Chen quickly let go of his hands and feet.

The cultivation that he had always believed was only slaughter and bitter cultivation. It was not enough for Long Chen to see another realm in them, and that was freedom and will. That was why they started a conflict with the control of the Martial Alliance. However, since they were all together, it was actually quite nice for them to rely on their sword arts and the martial arts world.

Very quickly, Long Chen started to get familiar with them. He was the youngest, so when he called out to others, he brought up a brother. Of course, Lan Ling'er was Sister Lan. After all, she had always been the youngest, and now there was finally another Long Chen.

The six of them had sworn brothers before, but Long Chen was just temporarily staying here.

"Long Chen, in your life, there will always be calamities and dangers. However, as long as you have a few brothers and sisters who can fight together with you, we are very satisfied, don't you think?" After drinking a little, Jiang Wuya laughed.

The others all agreed.

"Training and killing are both boring. How can I make myself not boring?" "It's the old rule, acting like a genius. Since you're new here today, we'll let you go and let you perform in the end. If you don't perform well, Sister Lan won't forgive you!" After drinking a bit, Lan Ling'er's face flushed red, making her look extremely beautiful.

"Ling'er, don't make things difficult for them. Let's begin." Third brother, in order to celebrate Long Chen's arrival here, how about we have a Qin Xiao concert first? " Jiang Wuya laughed.

"Of course." The white-haired Jian Chen revealed a rare trace of a smile.

Very quickly, Jiang Wuya was sitting under the moonlight, holding his zither, while Jian Chen was standing, playing the role of the Xiao Clan Elder. In this regard, the two of them were both absolute masters, causing Long Chen and the others to enjoy listening to them.

When it reached the middle stages, it immediately turned into a high pitch, as if it was a battlefield of ten thousand people. But then, Chi Ying casually picked a leaf from the tree, and said: "I will also go!"

Then, under Long Chen's astonished gaze, he actually used a leaf to play a beautiful tune.

"Such wonderful music, how can there be no dancing?" Long Chen laughed lightly and walked to the front of Long Chen. His body quickly began to dance to the music, Long Chen had been in the popinjay world of White Yang Town for a long time, and had seen many kinds of beautiful dancing moves, but right now, Lan Ling'er was like a blue butterfly in the middle of a huge wave, swaying gently and dancing gracefully. Her dancing movements were absolutely the most beautiful that Long Chen had ever seen.

"Everyone is talented? Long Chen thought somewhat helplessly, and at this time, Lei Zhen suddenly laughed out loud and rushed into the field, laughing: "You guys are all here, how can you all miss the Warring Clan dance of my Northern Warring Clan!"

After he finished speaking, his body quickly moved. This so called Warring Clan Dance was extremely violent, with wide opening and closing motions, but it was filled with a wild nature and unyielding beauty. In addition to Lei Zhen's wild appearance, there was also a high-spirited music that was filled with excitement.

In the end, all summer came to an end.

The five of them looked at the dumbstruck Long Chen, and Lan Ling'er said: "Little brother, you watched our talents for free, what about yours? "If you don't pass, Sister Lan will skin you naked and then let you freeze in the lake for three days and three nights."

The others were also gloating with laughter.

Long Chen could see their true faces clearly now. In general, the dragon race were a group of tyrants who were strong but were not much different from playful children.

However, Long Chen really liked it here.

Chapter 537 - Maze Clouds, Martial Realm

The talented Long Chen was truly at a loss. From the day he had obtained the Dragon Jade, he had always been learning how to kill. As for these things, he had long since forgotten about them. Therefore, Long Chen felt that he was much weaker than them when he was free and unfettered, living within the midst of slaughter.

His cultivation had stepped onto the right path, but his mental state had taken a turn for the worse. Especially the Blood Refinement Art, which had completely plunged him into the abyss of bloodshed and slaughter.

"I really don't know anything," Long Chen waved his hand and laughed bitterly.

"No?" Sister Lan is going to do what you said just now and strip you of all your clothes?" Lan Ling'er threatened.

"Ling'er, stop trying to scare her. What's more, you're a girl with yellow flowers, taking advantage of others every day. If I let you take off your clothes, would you dare to?" Jiang Wuya laughed.

Lan Ling'er was ashamed and angry at the same time.

"But Long Chen, you can't just watch and not perform, we will give you a mission, once you finish it, we won't force you." Jiang Wuya said.

"What mission?" Long Chen asked.

"If you can invite Yue Er out, we'll let you off." Jiang Wuya said.

Long Chen was wondering why Long Yue did not come out even though the five of them were having fun here.

"Big Sis has always been like this. She's too hardworking, and when we play around, she never listens to us. So, I say, if you can invite big sis out, we won't make things difficult for you anymore." Lan Ling'er added.

"Alright, I'll try my best." Seeing that they were all unwilling to let him go, Long Chen could only stand up and head towards Long Yue's hut. Maybe it was because they liked the peace and quiet that she stayed far away from the others.

Turning his head back, Long Chen saw that they had started to play again.

There was no sound coming from Long Yue's wooden house. When Long Chen walked to the door, just as he was about to knock, someone said from inside: "Come in."

It was Long Yue's voice.

Long Chen pushed the door open and entered. The moment he opened the door, he was stunned. At this moment, what he saw was a woman wearing a loose silk robe. Her hair was tied into a bundle, and she was practicing her fist arts. 's eyes were instantly sucked in. He very quickly forgot his purpose for coming here, as he sat quietly within Long Yue's fist technique.

Every punch, punch retracted, and every movement seemed to be connected to Long Chen's heart. He opened his eyes wide, and the scene before him became extremely spacious, and in his eyes, Long Yue seemed to be standing in the center of the earth, every single punch she threw could cause the earth to pulsate, wave after wave of surging waves. Or it could be said that although her every fist technique was ordinary, it was closely connected to the throbbing of the earth.

Profound slashes passed before Long Chen's eyes time and time again. Many inexplicable feelings appeared in Long Chen's mind. He was sure that no matter how much strength he used, he would not be able to punch out such a punch. This was not due to the difference in strength. The power Long Yue used was extremely small, to the point that he couldn't even make a sound.

"A tiny bit of power can actually cause a pulse in the earth. This shouldn't be a matter of power, but a matter of the heart and soul." When Long Chen just realized this point, Long Yue slowly retracted his fist, and Long Chen finally recovered from the shock his opponent's fists gave him.

The current Long Yue was no longer wearing her tight armour. She wore her long hair tied into a ponytail and wore soft white clothes. Long Yue's appearance was in no way inferior to Lan Ling'er's. Lan Ling'er was just like a charming little girl, but Long Yue's aura was dignified, her eyes were full of power that no one dared to look at, and the aura around her made people feel a chill down their spines.

Right now, she looked at Long Chen and said: "That fist technique just now, did you feel anything?"

"Very confused, I don't understand very well." In front of her, Long Chen did not dare take the initiative to attack, and asked suspiciously.

Long Yue changed the topic and said: "I heard that you cultivated very quickly during your Heavenly Completion Stage, and in a short one to two months, you have already soared by a lot?"

"Yes." Long Chen nodded, he did not know why she was asking this.

"I bet that with your cultivation of the three Martial Realms, you will not be able to achieve a breakthrough at this speed." Long Chen said straightforwardly.

"Why?" Long Chen was still puzzled. He knew that by relying on the Blood Refinement Qi, no matter what realm he was in, he could quickly improve.

"It seems that you don't know anything about the Three Great Martial Realms. The three Martial Realms were different from the four basic realms. The four basic realms were purely a result of the improvement of true energy, which was different from the opening of the meridian acupoints in the body. It could be said that the three Martial Realms were different. Only then would I be worthy of the word 'Wu!' "

"What do you mean?" Long Yue's words simply overturned everything that Long Chen knew.

"Of the four great foundation realms, only one's base level would not be too low. Refining some elixirs, raising one's true energy, and so on, can ultimately enable one to open the One Heavenly chakra and attain Ninth Level of the Heavenly Completion Stage. But why are so many people stopped at the Ninth Level of the Heavenly Completion Stage and unable to reach the three great Martial Realms in their entire lives? It's because they simply do not know what a Martial realm is and what a Martial realm is! " Long Yue's gaze flickered as she looked at Long Chen. The meaning behind her words was that if Long

Chen had not known about this from the start, it would have been difficult for him to even break through to the Martial Stage.

The other party was a third stage Earth Martial Stage practitioner, so he had enough authority to teach him. Long Chen knew that since she had said it, he wanted to point him in the right direction.

She secretly nodded and said: "Right now, the most important thing for you to do is to remove all of the hidden injuries, then use the dianyin bead and level up to the Ninth Level of the Heavenly Completion Stage eight days later, the day that you are born in the Nine Suns. At that time, I will teach you what the martial arts realm is."

Long Chen knew the principle of not being able to eat hot tofu in a hurry.

Therefore, he nodded and said, "Thank you!"

This Long Yue, was indeed a woman with a very good personality. Furthermore, she was cold on the outside but hot on the inside.

"There's no need to thank me. You and I share the same bloodline. Once you become stronger, you will also be able to leave more bloodlines in my clan." This is also my dream. " Long Yue said.

Even without her armor, she didn't show any expression when she spoke.

"The spiritual medicines have already been prepared. Since you have come, I will begin to treat your injuries." I am unable to help you retrieve those lost potentials. However, with regards to your body, I am able to allow you to remain in perfect condition. You must definitely remember that you cannot use that method again. " From her cold words, Long Chen heard a hidden concern.

He knew that because of his bloodline, this Long Yue was still very considerate of him.

"Shall we begin now? "They're waiting for me outside," Long Chen said awkwardly.

For some reason, in front of Long Yue, Long Chen felt like she was a little brother, afraid that if she didn't perform well, she would displease this big sister in front of him.

"Ignore those idiots." Long Yue said directly.

Following that, Long Yue brought Long Chen to his residence.

"Your injuries need to be healed both internally and externally. You will need at least three days and three nights to completely recover. I've prepared many spiritual medicines for you. Only when they are combined can they be effective. One of the main ingredients is an elementary king level elixir — — Sacred Snow Heart Lotus. "

Long Chen only nodded his head. Regarding the matter of healing, let Long Yue handle it himself, she should have long been prepared for that, he took out a huge rock from his Cosmos Sack. There was a smooth hole on the rock, allowing Long Chen's body to enter.

"This hole ..." Long Chen was a little surprised.

"Can you guess? Not bad, I was the one who made it. " A trace of admiration appeared in Long Yue's eyes.

Long Chen was shocked. The pit on the rock was shining with such brilliance, as though it was formed over the years. Long Yue actually said that it was created by her fist.

"Martial realm, this level of power?" Long Chen was speechless.

Immediately after, under her instructions, Long Chen entered the deep pit of the cliff. Under Long Yue's control, traces of the medicinal liquid started to enter the deep pit, and very quickly, Long Chen's body was completely surrounded by the medicinal liquid. The essence of the elixirs had seeped into his body, causing him to feel very comfortable.

Immediately afterwards, Long Yue consumed the Sacred Snow Heart Lotus.

"This is what she calls internal and external recuperation." Long Chen secretly thought. There was the king level Holy Snow Heart Lotus and the precious medicinal liquids outside. Under such recuperation, the hidden injuries caused by the third blood sacrifice on his body would be healed in three days and three nights.

After everything was finished, Long Yue warned him for a while before leaving.

Bathing in the spirit medicine and feeling his body gradually turning better, Long Chen heaved a sigh of relief. Only then did he begin to think about his current situation.

"Finally, I survived and acquired the dianyin bead. Although the process was tortuous, the result is still as expected. I have already left the Ancient Devil Region. When I arrive at the Ninth Level of the Heavenly Completion Stage eight days later, I will decide where to go from here. "

After having a few goals in mind, Long Chen's brain became much clearer.

"It seems that I still have to follow them for a while longer. Otherwise, it wouldn't be easy for me to reach the so-called Martial Realm by myself, and Long Yue obviously had plans to teach me. This Holy Martial Empire is the world of the Martial Alliance, I can tell that the control of the Martial Alliance is very strong, if I go out, I will definitely be wanted, and at that time, I won't even know how I'll die. It's really good to be together with them, at least my life will be safe, and they are indeed a bunch of interesting people ... "

Chapter 538 - Wolf's Hope

This struggle was quite dangerous.

With an existence like the Martial Alliance, the Holy Martial Empire was definitely a dangerous place. Long Chen was not one to be controlled by others, how could he possibly avoid conflict with such a powerful force?

"Big Brother, the fat cat told me a piece of good news!" While Long Chen was recuperating, the little wolf in the Great Void Realm said excitedly.

"What good news?" Long Chen asked quickly.

"Have you seen a king level beast before?" the wolf asked.

"Of course not." There were no king level beasts in the entire Ancient Devil Region.

"The fat cat said that king level and above demon beasts have the ability to transform into human form. The more powerful the strength, the stronger the combat ability will be when they transform into human form. However, when a king level demon beast took human form, its combat power was not strong, but it could still be compared in beast form. Once it reached the Emperor level or even the Divine level, it would be able to display powerful combat strength even in human form! But no matter what, I have a chance to start anew. "

"What?" Long Chen almost jumped up from the rock. To him, it was a great pity that the little wolf had lost its body and turned into a Sun Devouring Demonic Wolf. But today, the little wolf had a chance of turning into human again? Even if they didn't have much combat power, it didn't really matter. The key was that he was in human form, yet he was alive and well in the form of a demonic beast. Who would feel comfortable in their hearts?

"In the Holy Martial Empire, only warriors know that king level demon beast can take human form. What's so strange about that? This god is actually together with you two ignorant countryside bumpkins. The kitten sighed.

"Shut up." Long Chen laughed and scolded it, then said to the wolf cub, "This is indeed good news, after the Nine Suns Birth Day passes, I will help you find a fire attribute treasure to help you breakthrough to the King level! What would happen if the Sun Devouring Demonic Wolf became a king level demon beast? I look forward to it! "

"Big Brother, thank you!" The wolf cub was also excited.

"We are brothers, thank you my ass!" In Long Chen's Ancient Devil Region, he had never heard of any news regarding king level demon beast, nor had he asked around for information either.

It could be said that this was the happiest thing he had done ever since he left Ancient Devil Region.

He knew that in the heart of the wolf cub, now that he had transformed into a demon beast and lost his human form, it became his greatest knot in his heart. Although after transforming into his human form, his essence was still that of a demon beast, but at least he could live a human life.

The Sun Devouring Demonic Wolf itself was only an Earth Stage Level 1 demon beast, but it actually had such a heaven-defying Inherent Skill for Devouring. Long Chen knew, when the Little Wolf truly matured, how terrifying would it be!

Amongst the various life forms of the Dragon Sacrifice Continent, the Ancient Dragon God was of course the highest level of existence. They were born super strong experts, and Long Chen did not know about other living creatures, but towards demon beasts and humans, there were strong and weak beasts, but strong and weak beasts were innately destined. Other than abnormal Sun Devouring Demonic Wolf, Sun Devouring Demonic Wolf s were more like humans, because they could be upgraded.

Humans were the weakest in terms of aptitude, but they were extremely strong in terms of flexibility and intelligence. They could create cultivation methods and increase their strength, and if they were not able to cultivate, the Dragon Sacrifice Continent would have long been ruled by demons, so how could humans have the qualifications to survive and dominate the continent?

Long Chen secretly decided that no matter what, he would make the little wolf become stronger as soon as possible.

They were originally humans. Even if they were demon beasts, they had to live like humans.

Three days and three nights quickly passed by, and today, Long Chen finally walked out of the wooden house. The medicine Long Yue had prepared had already been completely absorbed by Long Chen, so he was naturally reliable in what he had done. Thus, the current Long Chen had completely recovered from the injuries caused by the third stage of the Blood Sacrifice.

As for the damage done to his foundation, Long Chen's foundation was originally much stronger than others'. He had absorbed 1% of the ancestral dragon-inherited blood, and the next time he would be able to obtain the ancestral dragon-inherited blood, he would be able to quickly make up for his minor injuries.

Long Chen still remembered that after he absorbed all the inherited blood and essence, he would turn into a real Primordial Blood Dragon. Of course, it was only a baby in the young, and would need a lot of time to grow up. But what he could be sure of was that at that time, he would be able to bring Ling Xi away in broad daylight.

The gloomy future had once again regained its radiance, Long Chen's eyes were filled with fighting spirit!

His body was once again filled with his own strength!

Ancient Devil Region's tribulation, did not knock him down!

"Everything is waiting for the Nine Suns to join together in five days!"

The nine suns floated in the air, all of them being remnant souls of the Golden Crow! At that time, what kind of grand occasion would happen?

When he possessed the power of the Golden Crow in his body, wouldn't he be able to unleash an extremely strong power even with Ninth Level of the Heavenly Completion Stage?

Cat had said that in the sun, it was only a remnant soul of the Golden Crow, and what it could obtain was only a trace of a remnant soul. However, the Golden Crow Divine Bird was so powerful in Cat's eyes, so it was likely not bad!

Long Chen had a premonition that this would be a strong backing for him in his future battles!

What followed was the time to wait for the Nine Suns to coexist.

Long Chen looked around and saw no one else around. He used the Spirit Devouring Demon Pupil and discovered that everyone else was actually in the hut. They were probably just cultivating, and only Lan Ling'er's room was empty. Just as Long Chen was wondering where Lan Ling'er had run off to, suddenly, a powerful force assaulted him and pushed him into the tranquil lake.

Long Chen crawled up helplessly. At this time, Lan Ling'er did not care about her image, she was laughing her head off.

"You've been making a drowned chicken for the past three days. To think that you would still be making one just after coming out!" Lan Ling'er laughed while holding onto her full chest.

Long Chen really couldn't stand this guy. He was already in his twenties, but his playfulness was still so heavy. He silently got up and dried his clothes.

"Long Chen, you are recuperating from your injuries, they are cultivating, and have been feeling bored to death. You have to accompany me for a walk." Standing in front of Long Chen, Lan Ling'er's eyes flashed with a cunning look.

"Would Sister Long Yue be willing to let you go out on your own?" Long Chen asked.

"Of course I'm willing. I, Lan Ling'er, am not a three year old child, and my disguise is ten thousand times stronger than yours. After she finished speaking, she seemed like a blue whirlwind, and instantly disappeared from Long Chen's sight. When she once again appeared in front of Long Chen, Long Chen was completely dumbfounded.

Because the person who appeared in front of him was clearly a youth who was graceful and elegant. At this moment, the handsome youth turned a few rounds in front of Long Chen and said: "How is it? Brother Long, do you still recognize this appearance of mine? "

Her voice was somewhat shrill, but it was very different from the soft voice from before. This shrill voice was something that even most youths would have. It could be said that Lan Ling'er was indeed worthy of being the Hundred Transformations Demon Girl. From her current face, he could only make out her original shadow.

"Sister Lan, I admire you!" Long Chen had to give a thumbs up.

"Wrong, you should call me sister Lan!" Then, without saying a word, she directly grabbed onto Long Chen's hand and dragged him flying. Long Chen only felt a fierce wind howling past him, and he vaguely felt himself being carried by Lan Ling'er, moving back and forth in the forest.

"I have to say, the power of the Earth Martial Stage is truly terrifying. At that time, being able to kill the Scarlet Ghost King would mean that I would have the majority of the luck."

At that time, he was naturally powerful, but it was also because Scarlet Ghost King looked down on him, which resulted in the tragedy. Otherwise, even if he used his full strength, Long Chen might not necessarily be his match.

Lan Ling'er should have been able to escape, but after leaving the ghost stream area, her speed slowed down a lot, and she could basically see the scenery around her clearly. When they were almost to the edge of the forest, Lan Ling'er asked Long Chen to rush there by herself.

"My good little brother, what are you so nervous for? It's just that it's too boring to stay in the ghost stream, so Big Sis brought you out to play." Seeing Long Chen's serious face, Lan Ling'er grabbed the corner of his clothes and said.

Long Chen could not take it anymore.

"Alright, alright, let's play. I'm afraid of you."

"That's what a man is." Lan Ling'er succeeded as she chuckled.

At this time, Long Chen sensed that there were quite a few auras around him that should be at the Level 7 of the Heavenly Completion Stage Realm.

"These people are all fifth brother's men, the Scarlet Soul's killers, because of the Martial Alliance's pressure, the Scarlet Soul did not take on the task anymore, but the Scarlet Soul's intelligence is very strong, so we can find out what happened in the Holy Martial Empire in a short amount of time. For example, where a great treasure was born." Lan Ling'er's face was full of pride.

This was not the first time Long Chen had seen their power.

"You have to work hard. Once you gain their recognition and become my seventh brother, and we become sworn brothers again, maybe fifth brother will get some subordinates for you to enjoy being the leader." Lan Ling'er said.

To become sworn brothers with them?

Long Chen thought that this might be a good choice.

"I will work hard." Long Chen laughed.

Lan Ling'er nodded and continued to bring Long Chen on their journey. After exiting the forest, they arrived at a city that was not weaker than Huangwu City.

Turning his head to look at the vast forest, Lan Ling'er said: "Little brother, in this forest, there are many Scarlet Soul Assassins. If there is anyone chasing after you in the future, once you enter this forest, we can immediately come out and protect you! Of course, it would be even better if you could stay with us forever. "

"I know." Long Chen secretly noted down Lan Ling'er's words. What Lan Ling'er meant by that was that the Scarlet Soul had already occupied this part of the forest.

"Let's go to Liang Wu City!"

In front of him was a rugged mountain, the Liang Wu City, on the other side of the mountain.

Chapter 539 - Groom/Groom Competition

The earth vein spirit soared into the sky.

The Liang Wu City seemed to be very close to them, but in reality, it was very far away. After a long while, Long Chen and Yue Yang finally arrived outside of the Liang Wu City, and the Liang Wu City was a city similar to the Huangwu City, it was the city closest to the ghost stream. Lan Ling'er had come here often, but he had come by herself before.

"Don't worry, although the Liang Wu City is under the stationed command of the Martial Alliance, but in the entire Liang Wu City, there is only a first stage Earth Martial Stage realm warrior, and her strength is not as good as mine, elder sister. If we go in, there's no problem at all. " Seeing Long Chen's cautious gaze, Lan Ling'er hurriedly explained.

"The city gate is full of Martial Alliance's Guard, how are we going to enter?" Long Chen asked.

"Idiot, of course we can sneak in from somewhere else. Who can we stop by the city walls?" Lan Ling'er knocked on Long Chen's forehead, then led him to walk a big circle around Liang Wu City, arriving at a relatively hidden wall. She opened her watery eyes, and told Long Chen, "Remember to call me Brother Lan after you enter!"

Long Chen smiled and nodded, then Lan Ling'er quickly brought him into the city. Of course, no one could see that they had snuck in, since Lan Ling'er was an expert of the Earth Martial Stage.

"Why did you come to the Liang Wu City?" Long Chen asked somewhat curiously.

"Of course it's to play. This playworld is so exciting. They all like to stay in the ghost stream, but I don't like that place. It's too quiet, I still like to be lively. Lan Ling'er pulled Long Chen away, and very quickly, they reached a bustling street, where Lan Ling'er was staring at some of the girls' decorations, and did not realize that he had changed into a man's attire.

Long Chen could only follow after him.

In the entire Liang Wu City, there were hundreds of thousands of people, but there were actually not many high level practitioners. With a single glance, Long Chen noticed that most of the warriors had Milky Way Realm, and those with Divine Pill Realm were mostly children. Of course, there were also some ordinary people who could not cultivate.

Accompanying Lan Ling'er for a long time, Long Chen finally realized how terrifying a woman was. As long as there was something around him that caught his eye, he would definitely use all his abilities to take it down. Half a day had passed, and Lan Ling'er was finally somewhat satisfied. She was just about to ask her to return, but right at this moment, something seemed to be bustling in front of him.

The moment Lan Ling'er heard the voice, she immediately pulled Long Chen back and said: "Brother Long, let's go take a look!"

"" Long Chen was speechless.

When he arrived, Long Chen saw a luxurious restaurant in front of him. Its name was Liang Wu Restaurant, and to have this name, it must be the biggest restaurant in Liang Wu City. Under this restaurant, someone had built a wide red stage. It was extremely festive and there were many people watching from the sidelines. Most of them were men.

With the strength of the Earth Martial Stage, Lan Ling'er quickly brought Long Chen to the front of the group. She immediately grabbed hold of a warrior and asked: "Brother, what happened?"

"You don't know? The manager of Liang Wu Restaurant, his daughter held a Groom Search Competition here today. Anyone under the age of 22 who was stronger than his daughter could become his son-in-law! Let me tell you, the manager of this Liang Wu Restaurant is the City Lord's younger brother. He is rich and powerful.

"Son-in-law?" Lan Ling'er's eyes lit up very quickly.

"Sister Lan, stop playing. Our identities are sensitive. It's not good to create too much noise." Seeing that she really wanted to go and cause trouble, Long Chen immediately said.

"I'll just take a look. There won't be any problems, nothing to worry about. Also, what did you forget to call me?" Lan Ling'er raised his eyebrows, and said with a ferocious look.

Currently, in Liang Wu Restaurant, there were three middle-aged men watching the grand event from the window. Among the three men, one was short and fat, the other was strong and vigorous, and the last one wore a dignified yellow long robe with a huge 'Martial Arts' character on his chest.

The short and fat one was precisely the manager of Liang Wu Inn, and the one who was powerful like a tiger was naturally the master of Liang Wu City's Earth Martial Stage. At this time, the Liang Wu City's City Lord said to the yellow-clothed man: "King of Qin Wu, my niece has thought of such an idea to recruit such a talent. It is truly embarrassing for you."

The man called King of Qin Wu laughed: What are you laughing about? Yu'er is only eighteen years old and has already reached the Eighth level of the Heavenly Completion Stage. Even within the Martial Alliance, he can be considered a genius. If you really can defeat her, and then find out the identity of your Liang Family's son-in-law, it wouldn't be a loss. "

"Of course, of course, we must find out about their identity, and do not let anyone with evil intentions come in, who wants to fight the Martial Alliance." Mayor Liang Wu hurriedly said.

"In that case, let's watch carefully." Let's see what kind of genius your Liang Wu City has. " The King of Qin Wu laughed.

At this time, the main character of the Groom Search Competition, the girl named Yu'er had already appeared. With a glance, Long Chen confirmed that this lady was indeed somewhat pretty.

This girl emphasized that after defeating her, she would be the son-in-law and then the Groom Search Competition would officially begin. Long Chen never thought that in such a small place like Canyang Kingdom, there would be something that existed in White Yang Town.

However, to Lan Ling'er, this was more novel than the Groom Search Competition, she was extremely excited.

This could be considered a grand occasion for the Liang Wu City as more and more people were gathering, but there were not many who dared to go up on stage. After all, this little lady was the number one genius of the Liang Wu City, she had gone up with several Level 7 of the Heavenly Completion Stage s, and finally failed to accomplish anything and fled in a sorry state. Time had passed by very quickly, and the number of people who dared to go up in the end had dwindled.

"In the entire Liang Wu City, there are hundreds of thousands of people, is there not a single man who can defeat this little girl?" The woman named Yu'er looked down at the crowd with a mocking expression on her face.

Lan Ling'er was enraged: "God damn, you dare to look down on this daddy, this daddy will show you what a real man is!"

After saying that, she rushed up the stage and stood in front of the young woman!

Long Chen was rather speechless. He and Lan Ling'er should have been low-key when they came here, and not to mention that Lan Ling'er loved to play around, she immediately ran over before Long Chen could stop her.

She smiled, raised her hand to calm the crowd, and said in a clear voice: "All good heroes, I had no intention of coming up, but this little miss actually dares to look down on us, I am here to seek justice for all of you, not only will I punish this little lady on the stage, wait for the wedding night, I will punish her again, only then will I be able to dispel the hatred in my heart!"

Lan Ling'er's words caused an earth-shattering amount of applause.

Long Chen was petrified.

This Lan Ling'er was simply too bizarre.

"Thief, you're talking rubbish! You're courting death!" The young lady's face and ears flushed red from Lan Ling'er's words, and immediately attacked towards Lan Ling'er. What surprised everyone was that Lan Ling'er actually subdued her with just a simple move.

Everyone exclaimed out loud.

Long Chen frowned, it seemed like the commotion was too big, so he had to say it loudly: "Brother Lan, it's time to leave, if you don't leave, I'll leave first!"

Seeing that Long Chen was a little angry, Lan Ling'er knew that she had gone too far this time, and let go of the little lady with an embarrassed smile. He was just about to rush towards Long Chen when at this time, at the very top of Liang Wu Restaurant, an explosion occurred and two middle-aged men came out with a loud bang. They stood in the air, and their eyes glimmered as they looked at Lan Ling'er.

Lan Ling'er's gaze instantly turned ice-cold. She shifted her gaze from Mayor Liang Wu to another man very quickly. At this time, that man was also sizing up Lan Ling'er.

"Lan Ling'er! I didn't expect it to be you! I was wondering why such a young Earth Martial Stage Ranker appeared! Only a Hundred Transformations Enchantress like you can turn yourself into a man! "Haha, it's truly like stepping on broken iron shoes, finding it no trouble at all. Brother Liang, today we will make a great contribution!" King of Qin Wu said excitedly.

Everyone noticed the smell of gunpowder and quickly ran away.

They knew that one of them was Mayor Liang Wu, and the other was someone who was on equal footing with the City Lord, how could it be easy? And when they looked at Lan Ling'er as if they were facing a great enemy, would Lan Ling'er be easy for them? If they were to start fighting, it would definitely cause a lot of casualties!

"An expert of the Earth Martial Stage, a martial king of the Martial Alliance!" Lan Ling'er's expression instantly changed, she was only one person and the opponent had two. If they were to attack in a group, she, Lan Ling'er, would definitely not be a match for them!

She had only come out to play for a short while, but she did not expect to encounter such a situation!

His brain was working quickly, and after they had come out, Lan Ling'er had been thinking of a way to deal with them. Suddenly, a flash of inspiration struck him, and his figure changed, as he captured the woman called Yu'er, and grabbed her by the neck. With Lan Ling'er's power, if the two of them were to make a move, she would be able to instantly kill the woman.

"Big brother, she captured my daughter!" At this time, the fat manager of Liang Wu Restaurant said in panic.

The Mayor Liang Wu frowned. At this time, the King of Qin Wu next to him rushed towards Long Chen without a word. What Long Chen had just said to Lan Ling'er earlier, Mayor Liang Wu did not notice, he had noticed it. Since Lan Ling'er had kidnapped Yu'er, why couldn't he, King of Qin Wu, kidnap Long Chen?

No one could have imagined that the Groom Search Competition would suddenly turn out like this!

Chapter 540 - Bowing

When the King of Qin Wu made his move on Long Chen, her expression changed greatly. She knew that the matter was urgent and that she was about to abandon the hostages in his hands and charge towards Long Chen. But at this time, Long Chen's expression was calm, and shouted at her loudly: "Don't worry about me, I have my own ways!"

Ever since the unforeseen event, Long Chen had been thinking of a method, the other party had two Earth Martial Stage experts, and had even discovered Lan Ling'er's identity, with two on one, of course she would win, but, since Lan Ling'er kidnapped one of the more important people in the other party, at least the Mayor Liang Wu did not dare take the risk, so with Lan Ling'er's own ability, she should be able to hold on for a period of time!

The accident was happening to Long Chen himself, Long Chen knew that if he was kidnapped, both he and Lan Ling'er would die without a burial! At this moment, he only thought that not only must he run, he must run back and this to the others, and have them come and save Lan Ling'er!

Therefore, in the nick of time, Long Chen stopped Lan Ling'er from giving up the hostage. He still had the strength of Fourth Level of the Heavenly Completion Stage and his body could be considered healthy, so he used Blood Escape immediately!

And at this time, the King of Qin Wu had only advanced a little!

Long Chen's blood escape was extremely quick! However, because his strength had decreased, his speed was similar to the King of Qin Wu's if you compared him with normal people.

That was enough!

This was because Lan Ling'er was the main point. If the King of Qin Wu were to chase after Long Chen, with only a single Mayor Liang Wu, he would definitely not be able to stop him! Furthermore, from the start, King of Qin Wu had not reacted to Long Chen's blood escape, only when Long Chen turned into a blood light and left the Liang Wu City did he react. However, it was already over.

"What?" Mayor Liang Wu and King of Qin Wu's eyes were filled with shock as they watched Long Chen leave!

Lan Ling'er also didn't expect Long Chen to have such a move. She had originally regretted it, and was just about to give up the hostage to save Long Chen, but she didn't expect Long Chen to use words to stop her.

This was not to say that Long Chen did not care about his comrades, escaping by himself was too despicable, but it was because he knew that it would be useless for him to stay here, and it might even affect Lan Ling'er, so he quickly made a decision to escape and call for reinforcements for Lan Ling'er!

Lan Ling'er was not stupid, she quickly guessed what Long Chen was thinking.

"Long Chen is going to look for reinforcements for me. I must hold on until the time they arrive in order to live up to his painstaking efforts! However, I have indeed caused a great disaster this time. If Big Sis were to find out, I would be in for a lot of trouble. Sigh! "

Lan Ling'er was already extremely regretful in her heart.

However, she had followed Long Yue and the others for a long time, and her personality was also a bit ruthless. With a hostage in her hands, there was still hope for her to hold on until Long Chen brought Long Yue and the others over!

"Let's go all out!" Lan Ling'er's expression became extremely cold!

Only by burning all the True Qi in his body would Long Chen be able to travel ten miles, and when the Liang Wu City arrived at the forest, she was still seventeen to eighteen miles. Long Chen knew that Lan Ling'er's life and death was in his hands!

The ten li journey had ended. Long Chen's entire body's true qi had been exhausted, and the distance to the forest in front was still close!

"Sister Lan said that as long as we go into the forest and find the person with the Scarlet Soul, they'll be able to send the news to the ghost stream!"

Long Chen recalled what Lan Ling'er had said before.

He still had the King Level body tempering technique, but the problem was with his current speed, by the time he had rushed to the forest, Lan Ling'er might already be dead.

Long Chen's eyes turned scarlet red!

"Although we just met by chance, but we are all siblings, I absolutely cannot let her die!"

Thinking of this, Long Chen sprinted forward while thinking of a way.

He knew that he couldn't let this go on any longer!

"In any case, five days later, I will be able to reach the Ninth Level of the Heavenly Completion Stage on the day that the nine suns coexist.

Thinking of this, his eyes turned blood-red!

Once again, Long Chen used a blood sacrifice! Only a blood sacrifice could give birth to such power!

Of course, Long Chen used a level 1 blood sacrifice this time, which was able to give him a level of power.

The pills and whirlpool in one of the acupoints completely shattered, transforming into a blood-red colored Zhen Qi that flowed into Long Chen's body. With the help of the Zhen Qi, Long Chen used his Blood Escape again, and in a short period of time, he rushed into the forest.

"Scarlet Soul! "Come out!"

After rushing in, Long Chen used the last bit of his strength to shout! His body had just recovered in the beginning, but in order to save Lan Ling'er, he used a level one blood sacrifice, causing some cracks to appear on his body that had just been healed.

Of course, the injuries this time were not as severe as the last time. If Long Yue still had similar spirit medicines and needed to recuperate for a day or two, she should be able to recover!

However, the process of being injured was still very painful!

Long Chen's shout successfully attracted a few assassins with red souls. Seeing that it was Long Chen, they immediately got someone to help Long Chen up, and some of them saw that Long Chen and Lan Ling'er went out together. Now that Long Chen had returned, he was injured, but Lan Ling'er was not, so everyone frowned.

At this time, Long Chen hurriedly struggled: "Quickly go to ghost stream, tell them that Lan Ling'er has met with an accident in Liang Wu City!"

As soon as the assassin with red soul heard this, he rushed towards the depths of ghost stream, while Long Chen sat up with the support of the remaining people, he took a deep breath, and wiped the blood from the corner of his mouth, this time, it was truly unbearable, however, he still completed the mission in the end, and whether Lan Ling'er could survive or not, was up to fate.

After consuming some spirit medicine, Long Chen's body became a little better.

Her ice-cold eyes only glanced at Long Chen for a moment, before she immediately disappeared. After a short while, Jiang Wuya and the others appeared, and the moment she saw Long Chen, Jiang Wuya hurriedly walked over. With a frown, he asked: "Long Chen, you used that method to squeeze out potential again?"

His words were laced with reproach.

"Sister Lan in Liang Wu City has two Earth Martial Stage warriors surrounding her! If I wasn't like that, I don't know when I would have returned here. " Long Chen said helplessly.

Jiang Wuya and the rest looked at each other. Although they did not say it, their eyes revealed signs of being moved.

Jiang Wuya helped Long Chen up, and said: "Yue'er has already gone to save her, don't worry, I'll bring you to Liang Wu City! Let the people of Martial Alliance see what happens when they attack the brothers and sisters of our Dragon Clan! "

Jian Chen, Lei Zhen, and Chi Ying all hurriedly followed Jiang Wuya's footsteps, moving towards Liang Wu City at a speed that was no slower than Long Chen's blood escape. Liang Wu City was already here, and the current state of affairs was a complete mess, Jiang Wuya and the others couldn't see anything, but when Long Chen arrived at Liang Wu Restaurant, he opened his eyes and saw that Lan Ling'er was already in's embrace. It could be seen that her face was pale white, there was still some blood at the corner of her mouth, and there was a hint of fear in her eyes.

Not far from them laid a female corpse, which should be that Yu Er's corpse. Long Chen reckoned that the King of Qin Wu must have made a huge contribution to catch Lan Ling'er, not caring about Yu'er's life, and killed her.

Not far from Long Yue's feet, there were Mayor Liang Wu and King of Qin Wu who were lying on the ground. Their faces were covered with blood, and they had fallen on the ground, their faces pitch black, but they were still breathing. From the looks of it, they had crippled Long Yue.

Long Chen looked at Long Yue with some shock. He only knew that it had been a short period of time, but Long Yue had actually already taken care of these two people and saved Lan Ling'er.

Since everyone was safe, Long Chen was relieved.

He gently moved Lan Ling'er aside and allowed her to stabilize herself. Then, Long Yue waved his hand at Long Chen and said: "Come over here."

Long Chen nodded and stood with Lan Ling'er, while the others stood behind him. Just by looking at Long Chen's current state, she was able to tell what exactly Long Chen had paid for the sake of just Lan Ling'er.

"Apologize." She said to Lan Ling'er.

Lan Ling'er nodded. Then, with an awkward and bitter expression, he looked at Long Chen and said. "Little brother, I'm sorry.

The current Lan Ling'er's face was filled with grievance, as though she was a child.

"Isn't it fine? Since there was nothing to do, there was no need to think too much into it. The bullies who bullied you are already lying down, they should be happy now. " Long Chen chuckled.

"En!" Lan Ling'er nodded heavily.

At this time, Long Yue also nodded her head, she looked at Long Chen and said: "Today, I made a decision, I don't know if you would agree or not."

"Please speak, elder sister." Everyone hurriedly said.

Long Yue walked to the dead Mayor Liang Wu and King of Qin Wu and asked Long Chen: "Long Chen, do you have any interest in becoming sworn brothers with us? If you are willing, you will kill them and we will make an alliance out of blood! To become sworn brothers! "

Hearing Long Yue's words, everyone immediately revealed a smile. They knew that it was because Long Chen did not hesitate to hurt them once more to save Lan Ling'er, and this matter moved Long Yue, allowing her to finally make up her mind.

With regards to Long Chen, every one of them still liked him quite a bit, especially when Lan Ling'er and her age was close to her, she could be said to be the closest. Thus, she immediately jumped in joy:
"Alright, every day, I hope for a Seventh Brother to appear so that I can call me big sister. Moreover, little brother Long Chen is indeed very cute, and it was all because he saved me! If anyone disagrees, then I, your grandaunt, will be in a hurry with them! "

As she spoke, she glared at the others like a tiger eyeing its prey.
