Chapter 541 - News from the Scarlet Emperor Seal

Jiang Wuya laughed involuntarily, and said: "When Miss Lan Ling'er goes berserk, I can only surrender to her tyrannical power. I recognize this little brother Long Chen, but unfortunately, he is at least twenty years older than me, and I wonder if he recognizes me as his second brother."

Jian Chen, Lei Zhen and Chi Ying were less talkative, but at the same time, they sent Long Chen an invitation.

Seeing their expectant eyes, Long Chen smiled. He didn't say anything, but took out a Divine Weapon from the Great Void Realm and headed towards them.

As for the Demon Emperor Sword, it was directly destroyed by the Demon Emperor during the third blood sacrifice.

Of course, they heard everything, but Long Chen's actions caused them to panic. When Long Chen came closer, they realized that the person who was about to join the dragon race, was the youth who had used a strange method to escape!

"Long Yue! You dare to kill me? Once I die, the Martial Alliance will definitely send out endless experts to tear those fish that escaped the net into pieces! It's not that the Martial Emperor can't kill you, it's just that you kids aren't enough to make him interested in killing you! But, you guys are too much, your Martial Emperor will avenge me!" The King of Qin Wu said while struggling.

"These are your last words?" Long Chen increased his pace and took a step forward.

"Little brother, if you join the dragon race, you will regret it. The dragon race is a thorn in the side of our Martial Alliance. Within a few days, they will be completely wiped out by our Martial Alliance!"

"I never do anything that I regret!" Long Chen sneered, the sword in his hand, with a whoosh, it pierced the opponent's heart!

"You are the second Earth Martial Stage Ranker I killed!" Long Chen said to the King of Qin Wu whose eyes were slowly dissipating, and then, his gaze turned towards the Mayor Liang Wu who was gradually despairing.

"Long Chen, forget it, even though Mayor Liang Wu submitted to Martial Alliance, he doesn't seem to have done anything against heaven and earth. If he dies, then Liang Wu City will be fine, but who knows how many people will suffer because of this." Just as Long Chen was about to raise his sword, Long Yue suddenly said this.

Since he could still be considered a good person, Long Chen didn't bother with him. The reason why he dealt with Lan Ling'er was mostly because of the pressure of the Martial Alliance.

However, Long Chen, killing King of Qin Wu today means that you are willing to join our Dragon Clan, becoming our Seventh Brother. Becoming our people, we will definitely live and die together, and fight side by side. In the future, if you ever let us down, I, Long Yue, will be the first one to not let you off! " Long Yue stood in front of Long Chen, and said with incomparable seriousness.

"Big Sis, everyone is very happy. Don't be so serious, Seventh Brother is a good person. If you continue to scare him, I'll get angry with you." Lan Ling'er said.

Long Chen nodded his head, and said: "All you brothers and sisters, since I have chosen to join, I will not hesitate to do so! Long Chen would never sell off his brothers and sisters, so everyone can rest assured!"

Long Chen's performance today made everyone very satisfied, so of course they were relieved.

"I'm just making a passing remark. "Let's hurry up and go." Long Chen looked at Long Chen with kindness in his eyes, then left the Liang Wu City with Long Chen and returned to the center of the ghost stream.

Seventh Brother, because you once again used that technique, your body cracked again. Fortunately, there is still some of the medicine left for you last time, and it should be able to help you recover. After arriving at the ghost stream, Long Yue asked with concern.

"Five days later, it will be the Nine Suns reunion. I won't take any more risks." Long Chen said with a smile.

When that day comes, he would be able to step into the ranks of the truly strong again. Long Chen reckoned that by then, his fighting strength would be enough to catch up to his brothers and sisters. There was no helping it, he was the youngest here and had the weakest strength, so he could only call them brother and sister. Of course, they took great care of Long Chen.

"When you reach the Ninth Level of the Heavenly Completion Stage, I'll help you cultivate and comprehend the martial realm!" After preparing the spirit medicine for Long Chen, Long Yue said this.

With them, Long Chen did not even have to worry about increasing his strength anymore.

Another day and night had passed, and Long Chen had already recovered. After not being able to recover his strength, Long Chen swore that he would never use a Blood Sacrifice again. His body had just recovered and when he used a Blood Sacrifice again, even a Level 1 Blood Sacrifice could cause damage.

After recovering his strength, he waited for the day where the nine suns would be reunited four days later. However, within the ghost stream, there were many things to enjoy. Long Chen got more and more familiar with them, and his original hedonistic nature was slowly revealed.

Amongst the six of them, Long Yue had always been cultivating, so she didn't pay attention to them. As for the other three, although they did not talk much, but when they interacted with each other, Long Chen realized that they could speak quite well, especially Chi Ying. As the founder of the biggest assassination organization, how could it possibly be simple?

Long Chen even understood some of Jian Chen's history. The three had always been silent, like an ice cold sword blade. But when only Long Chen spoke to them, they always answered whenever he asked a question.

"Since I was young, I lived in a small town and started to train and learn swords. Because my talent is not bad, as a child with talent, I was absorbed by the Martial Alliance, which is like a machine. All of the gifted children gathered together, making us train, teach us how to kill, and lastly, the children who performed well, became more and more important, and the ones that didn't perform well were driven away, killed, or sent as cannon fodder." Speaking of which, Jian Chen was somewhat regretful.

"Then why did you leave the Martial Alliance in the end and come here?" Long Chen said somewhat doubtfully. He did not expect that the Third Brother who had the least amount of words, would actually be born in a Martial Alliance.

Jian Chen laughed tauntingly, and said: "That place isn't suitable for me. I am thirty years old this year, and on the day I am twenty-six, I arrived at the Earth Martial Stage, and Martial Emperor personally bestowed me the title of Sword Martial King! However, I am born with a normal disposition and am not suited to live in that place. I have endured for twenty-six years, and when I finally have strength, I will be separated from the Martial Alliance. "

"Just like that, they placed you on the bounty list and chased you all over the world?" Long Chen started to sweat a little.

"Martial Alliance's punishments for traitors are very severe, especially now that I'm still with you. To Martial Alliance, I'm the shame of the humiliation. Among the dragons, other than elder sister, the one they want to get rid of the most should be me!" Jian Chen laughed bitterly.

Long Chen already had a general idea of what it was.

In general, the Holy Martial Empire was the world of the Martial Alliance, other powers would either submit or become extinct, otherwise they would not be able to survive in broad daylight.

"Actually, the reason we were able to get together was all because we had a free heart. Thus, I really enjoyed my current life. To live a carefree and carefree life, isn't that what I was hoping for?" Jian Chen stood up and said with a smile.

Long Chen nodded.

Just at this time, Chi Ying hurried in from outside and shouted, "Big sister, everyone is out, there's news!"

ghost stream had always been quiet, so when Chi Ying spoke, everyone could hear him. Very quickly, everyone was in front of him, and seeing his excited expression, Long Yue asked: "What news is it?"

"One good news, one bad news. Which one do you want to hear first? " Chi Ying smiled mysteriously.

"Stop beating around the bush, fifth brother! It's the old rule, first it's hard work, then it's sweet. Let's listen to the bad news first! " Lan Ling'er said anxiously.

Seeing that the others did not object, Chi Ying continued: "Because of King of Qin Wu's death, the Martial Alliance was furious, they sent out many experts, planning to exterminate us. It seems that among them, there are a few Martial Saints, close to ten Martial Kings, and this time, the Martial Alliance has sent out about a quarter of their forces! Big sister, the Liang Wu City is so close to us, they will first reach the Liang Wu City and then search for us.

Hearing Chi Ying's words, everyone frowned. Looking at their surroundings, they could not bear to part with it.

"It's all my fault." Lan Ling'er said somewhat dejectedly.

"Now is not a strange time, even if everyone is not willing to come here, there is nothing we can do, our strength is not enough, so we can only fight the Martial Alliance. Chi Ying, immediately evacuate the people from the Scarlet Soul Sect and let them infiltrate into the nearby cities, their identities are clean, and they will not attract the attention of the Martial Alliance. As for us, we have to move somewhere else." Long Yue arranged.

Everyone nodded.

"Since that's the case, then I shall say the good news. Everyone, there's news of the Scarlet Emperor Seal!" Chi Ying said with a smile.

"Scarlet Emperor Seal?" Long Yue's face revealed a look of pleasant surprise, and she hurriedly asked: "Quickly tell me, what is the situation?"

"Our Scarlet Soul's spies heard that there were two incidents that occurred in the depths of the southern region of Yun Mengze. Each time, it was a blaze that shot into the sky and dyed the sky red for half a day. Now, Five Great Emperors Seal will be born one after the other, so I presume that it will be the Scarlet Emperor Seal! " Chi Ying said excitedly.

Everyone was excited.

Long Chen also listened carefully. He knew, that they were all looking for the Emperor Prints, and he had thought about it many times but still didn't say anything about him possessing the Mystical Emperor Seal.

"In order to prevent the news of the Five Great Emperors Seal from spreading to the other Holy Dynasty, Martial Alliance has been keeping a tight watch on the other Holy Dynasty s. It seems like they want to catch a turtle in a jar, but with us, it's not that simple for them to collect the Five Great Emperors Seal!" Long Yue paused for a while, and said: "Since we are giving up the ghost stream, and the traces of the Scarlet Emperor Seal appeared on Yun Mengze, then we will directly go to Yun Mengze this time! Wait until we get our hands on the Scarlet Emperor Seal, and then we can decide where to go and what to do next.

"Yue Er, what should we do?" Jiang Wuya interrupted.

Long Chen looked at the crowd for a while, and in the end, his gaze landed on Long Chen.

Chapter 542 - Claw Flight Yellow

"We need to split our troops into three groups." Long Yue said.

"Why?" Everyone was puzzled.

"Four days later, Long Chen will have the chance to borrow the nine suns to come together and reach the Ninth Level of the Heavenly Completion Stage. If we use the dianyin bead at that time, I am afraid it will create a big commotion, and will be easily discovered by the people chasing us in the Martial Alliance. We are not afraid of 10,000, just afraid that during the battle, Long Chen will not be affected at all, but none of us can guarantee that the other party will not use any sinister methods, right? So, if we all head there together, it's going to be very dangerous. " Long Yue analyzed.

"Can't we use Pteropteryx s to travel quickly?" Lei Zhen asked.

"Pteropteryx's goal is too big. In the past, the Martial Alliance was very afraid of us, even if they found us, they wouldn't chase us down. But it's different now, he sent out his experts, at least they wanted to teach us a lesson, right? Thus, no matter how fast the demonic beasts in the sky fly, they will still attract some attention. " Long Yue said.

"Yue Er, just tell me the arrangements." Jiang Wuya said.

Long Yue nodded her head, and said: "When the seven of us work together, our target is too big, so it's safer to split up. First of all, I will stay behind to block all of them, so as to ensure your safety."

"Yue Er, cutting off the rear is too dangerous for you. I will stay behind to accompany you as well. The two of us have a higher chance of doing so." Jiang Wuya immediately said.

Seeing that he was insisting, Long Yue nodded his head, and said: "Alright, with your help, they will be even safer."

"Then what are the arrangements for the next two routes?" Long Chen asked, he had a premonition that Long Chen would follow his arrangements.

"We are at Scarlet Soul's stronghold, so we have to evacuate that many Scarlet Souls and make strict arrangements, so Fifth Brother Chi Ying needs to stay for a while, and complete all the necessary arrangements before going to Yun Mengze. As for Long Chen, you must leave first, and find an area with no people as soon as possible, in order to reach an area with no one people on the same day as the Nine Suns. Furthermore, it would be best if he didn't take the direct route from here to Yun Mengze. It doesn't matter if you are slow, but the most important mission is to ensure your safety. "

Everyone nodded their heads. Long Yue's analysis was reasonable, so Jian Chen said at this time: "Seventh Brother is still weak and needs some people to protect him. I'll go with Seventh Brother." Jian Chen was the strongest other than Long Yue and Jiang Wuya, so it was much more appropriate for him to protect Long Chen.

"I want to be with third brother and seventh brother as well." Lan Ling'er said.

Lei Zhen looked around and said, "Since Third Brother and Sixth Sister are together, I will stay behind to help Fifth Brother. After we finish arranging the Scarlet Soul, we will go to Yun Mengze and choose a place to meet up."

"Mm, then let's do it this way. The seven of us will split into three groups." After all, at most, only the second stage of Earth Martial Stage would come. The two of us can deal with it. As for Chi Ying and Lei Zhen, you guys be careful of their safety. The most important person is Long Chen. "

At this time, Jian Chen said: "If it's four days, I think the depths of Lianyunshan Mountains should be pretty good. There's no sign of anyone in Lianyunshan Mountains and it's more suitable for Long Chen to use dianyin beads there to reach the Ninth Level of the Heavenly Completion Stage."

Everyone nodded, they felt that the Lianyunshan Mountains was not bad, and that the Lianyunshan Mountains was not in the direct line from ghost stream to Yun Mengze. No one would have guessed where they were going to go, would they?

"Since that's the case, let's hurry up and make our move. Jian Chen, Long Chen, and Ling'er, the three of you go first. Lei Zhen, give them three claws to fly Huang." Long Yue instructed.

Fly Yellow? Long Chen wanted to know what it was, but right at this moment, Lei Zhen released three Goblin Beasts from his Beast Soul Crystal. These were three fierce horses, and their statures weren't too big. They were about the same size as normal wild horses, and their bodies were noble yellow, and their eyes were golden. Yellow lightning coiled around the hooves of these fierce horses, making crackling sounds that were extremely shocking.

Bathing in yellow lightning, the Fierce Horse Demon Beast, no wonder it was said that its claws flew at lightning speed.

"Fetters Lightning Flying Yellow is a sixth level heaven stage demon beast. Although it is not as fast as the Pteropteryx, it is still not bad. Although our speed is much faster, we cannot travel for a long period of time, so it's still better for our claws to fly Huang. " Jian Chen said.

Long Chen nodded, then asked Lei Zhen, "Fourth brother, I only have my Third Level of the Heavenly Completion Stage now, can I control a sixth level Heaven Stage demon beast?"

Lei Zhen grinned, "Don't worry, the demon beast I tamed is definitely fierce towards the enemy and obedient to my own people. I've already told it that you are one of its people, so you can be at ease controlling it as long as you don't treat it unfairly."

Moreover, he had stayed in the Great Void Realm for a long time recently, so he wanted to come out and take a look. Long Chen was just worried that he would not have the chance to introduce the little wolf to everyone, so at this time, he released the little wolf from the Great Void Realm.

The appearance of the Sun Devouring Demonic Wolf stunned everyone.

At that time, the Jiang City recognized Sun Devouring Demonic Wolf, and Lei Zhen was even more familiar with the demon beasts. When Long Chen looked at him, he saw that there was confusion and not surprise on his face, which meant that Lei Zhen did not know about the demon beasts like the Sun

Devouring Demonic Wolf. In other words, even though that Jiang Wucheng fellow couldn't cultivate it, he still possessed a lot of knowledge.

"Seventh Brother, you also have beast spirit crystals?" Everyone looked at Long Chen doubtfully.

Long Chen could only nod his head, if not, he had no way to explain to them about the Great Void Realm. Furthermore, the other people all knew that Long Chen had many secrets, and every person had secrets that they could not reveal, so it was the same even if they were sworn brothers.

"This is my brother Wolf, we have been together for a long time, brothers and sisters. I'm more familiar with the wolf cub. "

Lei Zhen nodded his head and kept one of the lightning claws. Then, he smiled and said, "Since Seventh Brother has a demon beast, I will put it away. Seventh Brother, what kind of demon beast are you? How come I've never heard of it before?"

"This is a mutated demon beast. I gave him a name, Sun Devouring Demonic Wolf. I wonder if Fourth Brother has heard of it?" Long Chen asked.

Lei Zhen shook his head and smiled bitterly, "In this world, there are very few demon beasts that I don't know. But there is only one in front of me, I wonder how powerful is a sixth level Heaven Stage beast?"

Long Yue also looked at Xiao Lang for a while before saying, "Alright, this matter should not be delayed any longer. We shall meet outside the Cloud Sky City next to Yun Mengze, and shall see each other! "

Long Chen and the others nodded, then the two of them stepped on top of Claw Lightning Yellow, while Long Chen sat on the Little Wolf's back. The group bid farewell to Long Yue and the others, and headed towards Lianyunshan Mountains.

In order to protect Long Chen, Jian Chen and Lan Ling'er had surrounded Long Chen on both sides and continued their journey.

After exiting the forest, what lay in front of him was a rugged mountain region. In terms of terrain like the forest and the mountains, the little wolf actually held the advantage, so Long Chen's speed was not slow at all.

"Long Chen, walk in this direction!" Jian Chen followed the map in his memory, leading the way at the very front, while Long Chen followed behind. As for Lan Ling'er, he followed behind very casually.

Because there wasn't any delay, their speed was extremely fast. Furthermore, Jian Chen had been walking on the desolate mountain, and basically did not meet many people along the way.

Time passed quickly.

Finally, tonight, Long Chen and the others were already close to the Lianyunshan Mountains, and tomorrow, would be the day that the nine suns were born together.

"At this time, I'm afraid Big Sis Long Yue and the others have already finished cutting off the rear guard, and Fourth and Fifth Big Sis should already be rushing towards Yun Mengze's direction. As long as I finish the training here, I'll immediately head to Yun Mengze to gather.

"When I reach the Ninth Level of the Heavenly Completion Stage and have the power of the Golden Crow in my body, my strength will definitely increase greatly. I wonder if the people from Ancient Devil Region will go to Yun Mengze, I will definitely give them a huge surprise!"

"Five Emperor Prints, this is a Royal Level battle skill. If it wasn't for the Martial Alliance sealing the news, it would have definitely caused a huge bloodbath! The Royal Tier Battle Skills, should be the highest level secret treasure that had appeared in the history of the Holy Martial Empire! The number of people who would fight for it would definitely number in the tens of millions! I now have the Mystical Emperor Seal. "

Long Chen knew that he was still very weak, and there were countless strong warriors in the Holy Martial Empire, such as Long Yue, the Demon Emperor, the Huangfu Patriarch, and the Martial Emperor at their peak. Right now, he didn't have the qualifications to fight with them for the rights to be the champion, but because he was an ancestral Dragon Fighter who had never appeared before, Long Chen believed in him.

Of course, his Ancestral Dragon's talent could only be displayed after completely absorbing the inherited blood essence. Until now, Long Chen was only an ordinary Dragon Fighter who had absorbed 1% of the inherited blood essence.

"The dianyin bead is my opportunity to become stronger. The Five Emperor Prints are also my biggest opportunity to become stronger. I only managed to reach Ling Xi in the shortest amount of time by capturing the dianyin bead and the Five Emperor Prints, so I cannot give up! "

Long Chen had already made up his mind.

So, Scarlet Emperor Seal, he will definitely work hard!

He raised his head. He was still hurrying on his journey, but he knew that the day when the sun rises would be the day that the legendary nine suns reunite. And now, they were very close to the Lianyunshan Mountains.

"On the day where the nine suns are combined, it's not like nine suns will appear in a single day. Rather, in this two hour period before noon, it would be sufficient for us to dare to reach the deepest part of Lianyunshan Mountains by noon tomorrow." In front, Jian Chen suddenly turned his head and said.

Chapter 543 - One Day

Long Chen only knew very little about the Nine Suns Birthday, so he thought that it would be like this for an entire day. He never thought that it would only take two hours. In addition, with the nine suns existing side by side, the temperature between the heavens and the earth would rise by several times over. If this continued for an entire day, then perhaps a large number of mortals would die. If it was just two hours, the impact shouldn't be that great.

"Seventh brother, don't worry. Big Sis and the rest should have stopped all the pursuers. We didn't see a single pursuer along the way, so when the time comes, you just absorb them with ease." The dianyin bead will absorb the power of the nine suns into your body, the nine suns will correspond to your nine great acupoints, and even the acupoints that have been opened will be reopened, you know. " Lan Ling'er rushed over to Long Chen's side and chuckled.

Long Chen nodded, to be honest, with two Earth Martial Stage experts protecting him, he had nothing to worry about.

On this day, the sun suddenly rose from the east, and a golden radiance covered the entire earth. Long Chen seemed to have heard a sharp bird cry, and then, he saw the silhouette of a golden bird flash within the fiery red sun.

"This means that at noon, nine suns will be born." Jian Chen lamented.

Long Chen raised his head to look, and the tall figure of the Lianyunshan Mountains in front of him had already appeared before his eyes. With a single glance, he saw an endless stretch of mountains,

countless peaks, as though layers of waves had rushed to the end of the sky, reaching all the way to the clouds. It was no wonder this mountain range was called the Lianyunshan Mountains.

"We're here, then let's hurry up and enter the depths of Lianyunshan Mountains. To prevent Seventh Brother from being disturbed, of course the deeper the better." Lan Ling'er extended her waist, revealing a moving curve, the full chest of her was about to burst out.

It was a pity that both Long Chen and Jian Chen did not see her sexy move. This made Lan Ling'er feel a little defeated, silently scolding that these two men did not understand the situation.

They had just entered, and Long Chen and the rest had just heard a set of shouts, then a man with a disheveled body and dirty grey hair rushed out in front of them. His entire body was covered with blood, and there were quite a few claw marks on his body.

Sure enough, a fierce tiger jumped out from behind him, instantly crushing him to the ground. It then opened its bloody mouth, and bit towards that man's head. If it was bitten, then that person's entire head would definitely be torn off.

This man had been crying for help the entire time, especially when he saw Long Chen and the others.

Before Long Chen and Jian Chen could move, Lan Ling'er took out a rock from the ground, and with a sudden swing, it directly pierced through the tiger's head. The tiger softly fell onto the man's body, and immediately became still.

Initially, Long Chen thought that their identities were sensitive, and so he was also struggling to save or not. However, after thinking about it again, this person in front of him was merely a nobody that had yet to even reach the Milky Way Realm. He probably did not know Long Chen and the others either, so he would naturally not reveal their whereabouts.

Seeing that they were saved, they were overjoyed. They immediately crawled over, and kowtowed to Long Chen and the other two: "Thank you for saving my life. I wonder if I can find out the names of the three of you so that I can repay you all! "

"Forget about the name. It's just a small matter, not worth mentioning." After saying that, Jian Chen brought Long Chen and quickly entered the Lianyunshan Mountains, disappearing from this person's field of vision in the blink of an eye.

He muttered: "White hair, two hundred miles away from here, there is a White City. I heard that there is a young Martial King from the Martial Alliance among them, a peerless genius, and later, the Martial King betrayed him. With how powerful she is, could she not be Jian Chen?"

Thinking of this, his face immediately revealed an excited expression!

"Knowing about the position of the Ranker on the bounty list will give you a 1% reward. Jian Chen's bounty is 10 million Tongtian Pill.

Thinking to this, the man immediately rolled off the ground and ran out of Lianyunshan Mountains as if his life was on the line

However, Long Chen and the rest did not know that a friendly action would bring about such trouble.

"Speaking of which, I haven't been home for a long time." While hurrying, Jian Chen suddenly looked towards the south and said.

"Where is your home?" Long Chen asked.

In this direction, two hundred miles away, there is a white city. That is where I grew up, but my parents died when I was young, so I didn't like them and was often bullied in my family. However, this is all a matter of my childhood. Jian Chen said somewhat sorrowfully.

His experience was somewhat similar to Long Chen's.

At the beginning, Long Chen also hated the people of the Yang family, but now, he didn't hate them anymore. Because the levels had long since changed.

There was still two hours before noon, so Jian Chen stopped in front of a deep valley. The valley was extremely quiet, filled with flowers, plants and trees, which had not been here for a long time.

"This place can already be considered the depths of the Lianyunshan Mountains. If we go any deeper, I'm afraid there might be some strong demon beasts. Once you use the dianyin bead to create an abnormality, they might come up to make trouble, so this place will be fine. "

There was still an hour left for Long Chen to make sufficient preparations. He found an empty spot in the valley and sat on one of the large, glossy rocks. He then raised his head to look at the sky. The sun was currently diagonally east, and in two hours' time, it would reach its center.

At this moment, the sun looked like it was burning with flames. At this time, the majority of people should have noticed the unusual change in the sun, the surrounding temperature should have increased quite a bit. Without the Dragon Soul Transformation, Long Chen could vaguely feel that there was a burning sensation on his skin.

"Little Cat, are you ready?" Long Chen asked, whether or not he could obtain the remnant spirit of the Golden Crow, would still depend on Little Cat's strength.

"Of course. When the Golden Crow is alive, it will not be a match for this god, not to mention how a tiny remnant soul like it could escape from the palms of this god." After pausing for a while, it continued, "However, this god has gathered all of his strength for such a long period of time, and is about to be exhausted again because of you. Tell me, how are you going to thank this god?"

"Can I find you a few beauties?" Long Chen laughed.

"Brat, you know there's nothing this god can do, but you're still joking with me!" The kitten said angrily.

Long Chen laughed, and said with a stern expression: "I am still weak, and you, Reincarnation Godly Beast, helped me, so I will naturally remember this in my heart. My life was saved by you, and if I ever achieve something in the future, I will eat and drink.

The kitten knew that Long Chen was telling it very seriously.

It knew Long Chen's personality.

"Enough, with your appearance, no matter how much you train, you're just a piece of trash. Seeing that you're still working hard, this god will just treat it as a show of mercy and help you once."

Long Chen was too lazy to bother with this stubborn guy.

At this time, Jian Chen stopped at the mouth of the ravine. Lan Ling'er was not far from him, circling around the little wolf, studying it. The wolf cub was speechless. Was his current appearance really so

cute? Why did these women, whether it was the ten-year-old Huangfu Qi or this twenty-something Lan Ling'er, surround him when they saw him?

He raised his head and looked at the blazing sun in the sky. At this moment, the surrounding temperature was still quickly rising, but the Little Wolf was extremely fond of this kind of temperature. The higher the temperature, the more comfortable he would feel.

"Sun Devouring Demonic Wolf, when I reach the end, can I really even swallow the sun?" Wolf thought.

Soon, it was nearing noon. At this time, the sun in the sky was already approaching the center of the sky, Long Chen raised his head to look, and in between them, a huge circle of fire appeared around the sun. Under the enveloping of the golden flames, the sun seemed to be several times larger than before!

Long Chen believed that countless people must be watching the grand occasion in the sky!

This kind of thing happened only once every countless years!

In Long Chen's heart, at this moment, was both nervous and excited. It could be said that, among all the Holy Martial Empire, he and Jiuyang were the most closely related.

Under the extremely high temperature, the flowers and trees were already beginning to wilt. Long Chen imagined that when the nine suns truly began to grow together, unless one had a particularly strong life force, the flowers and trees would all wither to different degrees, and even large areas of death could be seen.

Long Chen, are you ready? The kitten became rare and serious.

Long Chen nodded.

"After the start, you will first use the dianyin bead and channel the power of the nine suns to open nine chakras. When you are almost done, I will then use the secret method to seize the remnant soul of the Golden Crow. It will be instilled with the nine great pellets of your Heavenly Completion Stage, however, before that, you'll have to find the location of your One Heaven Meridian." The kitten said.

"One Heaven's Gate?" He had once heard that everyone's Heavenly One Aperture was different. From the eighth to the ninth level, they would naturally know where the one Heavenly One Aperture was, so after the nine awakened chakras, Long Chen had to know the location of the one Heavenly One Aperture.

"Everyone's Heaven's One Aperture is different. When you open your nine chakras, the final chakra will be left up to your senses. I brought it up just to have you pay attention and be mentally prepared. "

Long Chen knew what to do now.

The nine great acupoints were the core of the body, and the one in the sky was the core of the nine great acupoints. Thus, it was extremely important.

Chapter 544 - The Birth of Nine Suns

For example, when the nine suns appeared, the eight remaining souls were actually the remnant souls of the Golden Crow. Only the sun was located in the center, and the position of the sky was similar to that of the sun in the center.

Amidst the concern in Jian Chen's and the others' eyes, Long Chen took a deep breath. He had a premonition that in a little while, the Nine Suns would be born together. At this time, there was complete silence. Long Chen held onto the dianyin bead in his hand, then raised his head, as he silently watched the movements of the sun in the sky!

"It's starting!" Long Chen's heart was moved!

Sure enough, at this time, the sun in the sky trembled visibly, and crisp bird cries resounded throughout the world. It sounded far away, but it seemed as if they were ringing in his ears, and in his field of vision, he could see the shadows of a total of eight divine birds emerging from the sun, which then formed a spiral around the sun. The shadows of the eight divine birds quickly turned into a blazing sun, looking exactly like the sun in the middle!

A total of nine suns appeared in the sky, and the shadows of the golden divine bird appeared in each of them.

This was the Golden Crow!

Looking at this scene, Long Chen felt a sense of shock.

This was a true expert?

The remnant souls that it left behind were left behind in the sun, and would one day appear in this form in future generations.

The nine suns were suspended in the middle of the sky!

In the entire Holy Martial Empire, billions of people were watching this miraculous scene!

Each sun emitted a blazing heat wave, sweeping towards the world below. Long Chen immediately felt that the air was incomparably hot, as if there were countless fires burning in the air.

Although it was not burning, Long Chen could still feel himself being surrounded by the raging flames. Every inch of his skin was being burned by the scorching sun!

In the time outside, those who were weaker than Long Chen, the more they suffered, the more pain they would suffer.

Of course, everyone already knew about the Nine Suns being together, so it was normal for them to have some precautions. Perhaps, the final result would not be as bad as Long Chen had expected.

"How amazing."

Seeing the nine suns side by side, suspended high in the sky, the wolf cub looked on blankly, then subconsciously stood up on his four legs, his eyes revealing a bold and greedy look. That kind of lawless greed came from the nature of a Sun Devouring Demonic Wolf, not from the wolf cub.

However, it was certain that the scorching sun in the sky, especially the nine great suns, was the dream of the wolf cub.

However, because of the relationship between the nine great acupoints and the dianyin bead, the main character today was Long Chen.

Long Chen reckoned that the effects of the dianyin bead were about to activate. Just as he had expected, he discovered that the originally silent dianyin bead was emitting an astonishing heat, and this dianyin bead floated from Long Chen's palm all the way up to the top of Long Chen's head!

The danyin bead was spinning at a fast speed. Seeing the danyin bead spin, Long Chen silently said to himself to calm down. Using this method to break through to the Ninth Level of the Heavenly Completion Stage was not completely safe, so he had to be careful.

The other people were also nervously watching the danyin bead's rotation.

And at this time, a blazing sun, was already directly above the danyin bead. Right at this moment, the danyin bead let out a light cry, and then, Long Chen was shocked to see that in the blazing sun in the sky, every single sun, had actually formed a golden line. It cut through space, and instantly arrived above Long Chen!

In an unknown high altitude, there were golden threads. However, when they reached the top of Long Chen's head, they had already turned into golden flame pillars!

The reason why Long Yue said that Long Chen would cause such a huge commotion today was because of this principle. At this moment, the people outside the Lianyunshan Mountains could see that nine burning golden flame pillars had descended from the sky and landed in the middle of the Lianyunshan Mountains!

These nine golden flame pillars had actually erupted from the nine suns in the sky!

The nine gigantic flame pillars quickly descended above Long Chen's head. The current Long Chen had almost lost consciousness, he could feel that his body was already floating, and was lying down in the air. All he could see were golden flames!

Rumble rumble rumble!

What was shocking was that, when the incredibly huge flame pillar smashed onto Long Chen's head, it actually shrank down completely, as countless golden flames all pierced into the small danyin bead, as though they had been sucked in by the danyin bead!

Just then, a danyin bead suddenly split into nine. Each golden flame pillar corresponded to a danyin bead, and the arrangement of the danyin bead was like the sun in the sky.

Looking from Long Chen's perspective, the nine danyin beads were like nine little golden suns, standing very close to each other. And beyond the little golden sun, was the true scorching sun in the sky!

The nine danyin beads and the nine scorching suns were completely corresponding!

"Long Chen, watch out! "It's starting!" At this moment, the kitten said this.

Cat's words cleared Long Chen's mind quite a bit.

An invisible force floated Long Chen's Innate Qi.

Just at this moment, one of the nine danyin beads, carrying the power of the golden fire pillar, slowly descended towards Long Chen's body.

Whoosh!

Long Chen watched helplessly as this danyin bead fused into his body, reaching into his dantian, fusing with his dantian. The golden energy flooded into Long Chen's body, followed the eighteen star rivers in Long Chen's body, and flowed through his bones and limbs. Long Chen was shocked to discover that although this golden energy was burning with flames, it wasn't as terrifying as it seemed on the surface.

He shockingly discovered that under the nourishment of this golden energy, the injuries he had previously received were currently being quickly healed. The recovery effect brought about by this energy was most importantly, the recovery from the loss of his foundation following Long Chen's third blood sacrifice.

When the first danyin bead completely merged with Long Chen's danling aperture, then immediately after, the second danyin bead fell, like a liquid, into Long Chen's meso-spiritual canal. More power flowed into Long Chen's body!

The unending stream of power from the nine suns in the sky continued to connect to the danyin bead. When the danyin bead fused with Long Chen's acupoints, the power of the nine suns directly connected to Long Chen's body.

Comfortable, extremely comfortable. Long Chen felt as if he was bathing in hot water during the winter of his childhood. His entire body felt comfortable. Not only did the golden energy restore his foundation, it even left a mark on his body, strengthening it.

"The third one ..." The third danyin bead had fused with his left foot's heart.

Time slowly passed, and the strange happenings at Lianyunshan Mountains continued.

Long Chen had already opened the first three acupoints, and the remaining four were indeed sealed due to the blood sacrifice. However, they did not obstruct the fusion of the danyin bead in the slightest, and under the fusion of the danyin bead, the acupoints opened up once again very quickly. The golden energy rushed into the acupoints, and then merged with the energy of the eighteen rivers of stars!

In the blink of an eye, seven of his acupoints had already merged with danyin bead, and right at this moment, the eighth acupoint fusion had begun. The seventh acupoint fusion just now had made Long Chen tremble with fear, because the seventh was at the Earth Yang chakra, the location of the Earth Yang chakra was in the weakest region of the brain!

Without a doubt, the eighth pellet fusion was a success. In the sky, in the midst of the nine suns, the eight false suns, which were also the remnant souls of the Golden Crow, were all directly connected to Long Chen's body! Golden power, that was the channel they were connected to

"There is only one Tianyi Awakening left. Once it succeeds, I'll make my move!" At this moment, Cat was silently chanting in her heart.

Long Chen nervously looked at the danyin bead, because he had a premonition that at this moment, the direction in which the danyin bead was going, was the direction in which he, Tian Yi, was going!

Cat's move was the most crucial moment today, and right now, it was the second from the bottom!

As long as he could complete one of the sky realms, Long Chen's Ninth Level of the Heavenly Completion Stage would basically be stable for all eternity!)

Long Chen was a little nervous in his heart, and the other two people were no exception. Lan Ling'er watched nervously from the start, the golden fire pillar was truly terrifying, if it was her, she probably wouldn't dare to use this danyin bead to raise his strength at this crucial moment.

Of course, to her, who was already at the Earth Martial Stage, the danyin bead did not need it anymore.

Jian Chen squinted; he was also looking at the location of Long Chen's one chakra.)

Generally speaking, the position of one's Heaven's Pills was related to one's talent in cultivation. Normally, the more important a book was, the stronger a person's talent would be. Normally, a person's Heaven's Pills would be in their body.

If the one sky meridian were to appear in his four limbs, then this person's cultivation talent would undoubtedly be very poor.

The most extreme genius, the one in the sky, existed in the middle of the brain, forming a triangle with the Earth Sun Aperture. From what Jian Chen had heard, there were only a few people who had one eye and one eye, and that was the legendary Martial Emperor.

The level of Long Chen's performance was extremely heaven opposing, so Jian Chen was also very curious.

Just at that moment, Jian Chen's face changed.

"Ling'er, someone is here. Prepare to fight, and protect Long Chen!"

Chapter 545 - Hunting

Jian Chen's words were not only heard by Lan Ling'er, even Long Chen heard it, but it was just that Long Chen was at his most critical moment and was not happy about it, he knew that Jian Chen and Lan Ling'er would take care of it. Otherwise, even if Long Chen had obtained the dianyin bead, even if he escaped, without anyone's protection, how could he peacefully use the dianyin bead and reach the Ninth Level of the Heavenly Completion Stage on the same day as the nine suns?

Of course not.

Long Chen had another doubt in his mind, and that was that they had clearly gone very deep, why would they still be disturbed so quickly?

Although the Nine Suns Faction lasted for two hours, so far, only a quarter of an hour had passed. Unless those people were inside the Lianyunshan Mountains and had only come over after seeing movement from Long Chen's side.

was paying attention to the movements of the last dianyin bead as she walked in. At the same time, she also paid a little attention to the location of the valley entrance. At this time, three people appeared in front of Jian Chen and Lan Ling'er!

Three people dressed in golden embroidered clothes from the Martial Alliance, two men and one woman, all were older than Jian Chen. These three people clearly held very high positions in the Martial Alliance. From their clothes, they looked exactly the same as the King of Qin Wu back then.

Most importantly, there were three of them!

And on Long Chen's side, there were only Jian Chen and Lan Ling'er!

After seeing the three of them, Jian Chen and Lan Ling'er's expression changed slightly. Long Chen's heart was also stirred a little, but he knew in his heart that no matter how strong the enemy was, he still had to complete the mission he had just completed.

"Calm down, what we need the most right now is calm down!" Third Brother is from the Sword Fighter, and amongst the people in the first stage of the Earth Martial Stage, his strength is at the pinnacle. Long Chen thought.

He had originally thought that the people who had come to the Lianyunshan Mountains were just some ordinary warriors who were here to hunt demon beasts.

They have already arrived at the Lianyunshan Mountains to look for us, but because the Lianyunshan Mountains is too big, they only came to find us after I used the dianyin bead to trigger the abnormal sign in the heaven and earth! "Su Yun said.

Along the way, Long Chen and the other two had not met anyone else.

The only person he met was the man that was attacked by the demon beast.

"Looks like it must be him. Human greed is really endless, even if I saved his life, he would still bite me. It seems like, Holy Martial Empire is not Canyang Kingdom, I can't be too naive in the future." Long Chen thought.

"Regardless of anything else, open the One chakra!"

Seeing that Long Chen was still able to focus, Jian Chen felt relieved. What he was worried about the most was that Long Chen made a mistake, and at this moment, he and Lan Ling'er looked at each other and said: "That woman is known as Flowery King, her ability to hook up with men can only be considered average. You handle her, if I can kill her as soon as possible, it would be better.

"Third Brother, two Martial Kings at the first level of the Earth Martial Stage, are you alright?" Lan Ling'er frowned.

"We can only fight with all our might, but the most important thing is Long Chen's safety. He is still young, and is our brother, so we have to protect him no matter what!" Jian Chen coldly said as he looked at the three incoming Martial Alliance s.

Lan Ling'er hesitated for a moment, but in the end, she agreed.

might be able to block two Earth Martial Stage s, but she, Lan Ling'er, was completely unable to do so.

At this time, the three Martial Alliance's Martial Kings quickly rushed over, led by an enchanting woman. Her breasts and buttocks were plump, and her face was seductive.

The other two men had ice-cold expressions on their faces. Occasionally, they would look at the young woman's perky buttocks, and only then would they feel a burning heat in their hearts.

I never expected that it would really be you. Look, a man with such a handsome face actually betrayed the Martial Alliance, if you follow your sister back to the Martial Alliance, maybe you can save your life, and at that time, your sister will reward you well. " Upon seeing Jian Chen, the woman's eyes revealed a look of greed, she stared at Long Chen's body, unwilling to let go.

"Flowery King, Jian Chen had already betrayed the Martial Alliance. Even if he wanted to return, the result would be his death." When he finished speaking, a Martial King beside him reminded him.

"I know, is there a need for you to tell me?" Flowery King rolled his eyes at him, then shifted his gaze past Jian Chen to Long Chen, and chuckled: "What a handsome youth, to actually oppose my Martial Alliance. This big sister can only finish playing with you, then I'll kill you. You two, the time is right, let's do it, today we are going to contribute greatly to the Martial Alliance! "

At the start, she was trying to hook up with Jian Chen, but after that, she revealed a strong interest towards him. However, very quickly, killing intent burst out from her eyes. At this moment, she was like a poisonous snake.

Indeed, Long Chen was at the most critical juncture right now. If he did not make a move now, then it would be too late. The two male Martial Kings looked at each other, a hint of viciousness flashed across their eyes, and they rushed towards Jian Chen and Lan Ling'er one on the left and one on the right!

"With just these two characters, they want to deal with us?" Jian Chen sneered and took a step forward, then, a pure white sword blade appeared in his hand. It was not so much a sword, but more like a sword-shaped piece of jade, because the material was similar to normal jade stones.

However, even if it was jade, the edge that it emitted was much sharper than a sword forged from metal!

"Is it a king level Cloudmist Sword? Today, we will take back what belongs to the Martial Alliance! " Flowery King giggled, his laughter was so loud that even the flowers were trembling, and his chest was extremely white.

She thought she didn't have to do anything, but what surprised her was that while Jian Chen was holding onto the Cloudmist Sword, he had actually blocked two of the Martial Alliance's Martial Kings!

"A one against two, how audacious!" Flowery King said in disdain.

This woman was able to compete with Lan Ling'er in terms of seduction, but Lan Ling'er was a type of seductive little girl, she was more reserved, and only had a slight smile on her face for a moment, which made people feel moved. On the other hand, Flowery King was different, her seductiveness was like a type of smell, spreading out, it was more accurate to describe her as seductive.

Lan Ling'er hated this kind of woman the most.

"You slut, go to hell!" With a hu sound, Lan Ling'er passed Jian Chen and the two Martial Kings, and arrived in front of Flowery King.

"Hundred Transformations Demon Girl!" You despicable thing, how dare you scold me! " Women were naturally enemies with each other, especially those two beautiful women!

"Do you think I'm despicable? You sow, you know nothing! "

Flowery King was so angry that smoke was coming out of his head when he was called a sow. However, her usual behavior was no different from a sow's ...

Although the battle between Lan Ling'er and the Flowery King had started from the beginning, the intensity of the battle had instantly surpassed the battle between Jian Chen and the beasts.

On Lan Ling'er's side, Long Chen was not worried at all. He was worried on Jian Chen's side, of course Jian Chen was strong enough, if the opponent was one of them, then they would definitely not be his match. However, if two of them attacked together, it would be different!

The battle with the Earth Martial Stage was of great benefit to Long Chen, but he did not have the time to watch it now. He only knew a rough picture of the battle situation, as if Jian Chen could still hold on for now, causing Long Chen to heave a sigh of relief.

That's right, it should be between his eyebrows.

At this time, the last danyin bead, controlling the true power of the sun, stuck itself in between Long Chen's eyebrows.

"Three acupoints forming a triangle. With my level of potential, that's the best possible level." In Tian Yi's opinion, Long Chen was still very pleased. This proved that his innate talent was indeed stronger than others.

Long Chen began to activate the last of the danyin bead's power, and opened one of the aperture.

As long as he opened one of the chakras, he would have the qualifications to soar into the sky.

Suddenly, Long Chen was stunned.

Completely stupefied.

This was because the last dianyin bead had disappeared from his body.

"What's going on? How could this be? Where did one of your heavenly passages go? " To Long Chen, this was an enormous surprise. He had never thought that the Heaven's Will technique that he was about to form would suddenly disappear.

Just as Long Chen was reeling in shock, there was a sudden burst of sound. Long Chen saw that the eighteen galaxies in his body, which used to be the connection point for the One Heaven Aperture, had become illusory at this moment. Long Chen followed this illusory connection point and entered inside, and then, he discovered that the place in front of him, was actually his sea of consciousness.

In the center of his sea of consciousness, the ancient Dragon Jade was still there. Beneath it, the remaining 99% of the Primordial Blood Dragon's Inherited Blood Essence was still being suppressed, not moving at all.

"How can the true qi of the physical strength be connected to the sea of consciousness?" Long Chen was puzzled.

However, at this time, he saw, in his sea of consciousness, other than Dragon Jade, there was actually a pearl.

In Long Chen's shocked eyes, the bead started to slowly evolve, and then it turned into a meridian point, while Long Chen's two star veins which had become illusionary, linked together at the meridian point, and the golden energy seeped out from the meridian point, through the illusory star vein, and connected with the eight main acupoints on the outside!

"How is this possible? My Heaven's One chakra actually appeared in my sea of consciousness!"

Long Chen was completely in disbelief.

One in the sky, this is a real thing, how did it appear in the Sea of Consciousness?

However, Mysterious Dragon Jade and inherited blood essence were also not real things, so wouldn't they appear in the sea of consciousness as well?

There were a lot of strange things in this world. After Long Chen was surprised for a while, he immediately reacted and knew that this could only be a good thing for him. No matter where his sea of consciousness was, he would continue to go as usual.

Chapter 546 - Golden Crow's remnant soul

At this point, all nine apertures were formed.

The nine suns in the sky respectively shot nine golden flame pillars into Long Chen's body. On Long Chen's body, nine golden specks of light appeared, corresponding to the nine suns.

At this time, the battle between Jian Chen and the others had already reached a boiling point, especially the battle with Jian Chen, it was even more intense. On one hand, he had to do his best to block the other two, and also prevent them from attacking Long Chen, so it was very difficult for him.

At this time, Long Chen should have refined the golden energy and allowed them to stabilize inside his body, turning it into his own Dragon Soul Zhen Qi. However, he did not make any move immediately, because he knew that Little Cat was going to attack!

His own body was connected to the nine suns, and the most important thing to do next was the Golden Crow's soul! Only when his acupoint was completely fused with the remnant soul of the Golden Crow, did he begin to refine the golden energy, turning it into his own true qi!

Of course, this was also the most important moment. If one was slightly disturbed, it was possible that Long Chen's efforts would be for naught. Jian Chen and Lan Ling'er both knew this, so they went all out!

"Nine awakened chakras, ready to be refined?" Seeing that Long Chen's entire body was connected to the nine suns, the Flowery King who was fighting with Lan Ling'er had a sinister ray of light flash across her eyes. At this moment, she was forced to retreat due to Lan Ling'er's attacks.

"This little bitch is truly amazing. However, can she compare to me?" Flowery King laughed coldly in her heart, as she retreated with a swoosh. At the same time, her feet swiftly picked up a rock, and with an explosive sound, the rock actually bypassed Lan Ling'er, flying straight towards him!

"Crap!" Lan Ling'er had always been working hard to kill the Flowery King, but she never thought that she would be hit so easily. It was already too late, because the sharp stone had already turned into a black shadow and attacked Long Chen.

It was not only Lan Ling'er who had become deathly pale, even Jian Chen, who was fighting the two Martial Kings, had a drastic change in expression!

Everything happened in the time between a spark and a flint. After Lan Ling'er's expression miserably changed, before she even had the chance to shout out "be born", a black shadow suddenly appeared in front of him!

That black shadow was none other than Little Wolf!

The reason why the little wolf had been hiding here all this time was to prevent them from sneaking an attack on Long Chen. As expected, it was as he had expected.

"Whiz!"

However, under the Flowery King's display, the stone was just too fast, so when the stone reached in front of the wolf cub, before the Nine Hell Devil Ancestral Flame could completely burn it, the remaining energy was like a huge boulder smashing into the wolf cub's body, directly knocking him down at Long Chen's feet, he was just a hair away from smashing Long Chen!

The power of the Earth Martial Stage was indeed very frightening!

However, because of the little wolf, Long Chen finally managed to save his life.

This result made the pale-faced Lan Ling'er and Jian Chen heave a sigh of relief in their hearts. However, because of their slight negligence, the attacks of their opponents became even fiercer, wave after wave, so Jian Chen was not too distracted. With his strength and the Cloudmist Sword, he was able to suppress the two of them.

On Lan Ling'er's side, Lan Ling'er originally had a great advantage over the Flowery King, but because of the unforeseen event earlier, the Flowery King had completed her reversal. While Lan Ling'er was still in a state of shock, she took the opportunity to counterattack and then, in a short period of time, gained the upper hand, forcing Lan Ling'er to retreat step by step!

Of course, defeating Lan Ling'er wasn't easy either!

Jian Chen had originally thought of letting Lan Ling'er deal with the Flowery King and kill her as soon as possible, but now that the situation had turned out like this, he was afraid that he would not be able to complete this step.

Then what should he do?

They had been waiting, waiting for Long Chen to complete her Ninth Level of the Heavenly Completion Stage, but so what? He, with her Ninth Level of the Heavenly Completion Stage, was completely unable to join the battle with Jian Chen and the others. To Jian Chen, today was a dead end.

"We can only wait until Long Chen reaches the Ninth Level of the Heavenly Completion Stage and for him to escape by himself. At that time, if Ling'er and I still have the strength to escape, it won't be too late." Jian Chen clenched his teeth, and thought of this!

Honestly speaking, the Flowery King's sneak attack had also scared Long Chen. Fortunately, the little wolf had blocked it in time, and although the little wolf was injured, it was not too big of a problem. Long Chen's heart was filled with gratitude towards Little Wolf. Sometimes, Long Chen would ignore him, but he had to admit, Little Wolf was a brother that was worth him making his whole life!

Long Chen believed that even if it was a fatal attack, the little wolf would have at least blocked it. To be able to get such a brother in his entire life, Long Chen was already satisfied.

"We can't let the kindness of the wolf cub be wasted!" Thinking about that, Long Chen focused on waiting for Cat to make a move, just at that moment, a faint shadow appeared on the Great Void Realm on his chest. It was the fat and big cat, she was currently much more serious than usual.

"Old friend, how have you been?" Looking at the nine suns in the sky, the kitten let out a faint sound, but Long Chen was shocked to realize that the nine suns in the sky seemed to have heard its words and shook once!

The nine suns vibrated at the same time!

"Although you only have a tiny bit of your soul left, you still preserve a great deal of your strength. I have a complete soul, but I don't have a single trace of strength. How could the us from billions of years ago have imagined that we would be the same as we are now?"

Cat's face revealed an expression of regret.

"Let's not talk about other things. Today, my old friend wants you to borrow some strength for this brat to use, don't be stingy with me," said Little Cat, as she extended her plump paw into the thickest pillar of sunlight. Long Chen didn't know what method he had used, but when Little Cat reached his claws in and held onto the golden pillar of fire, he suddenly felt nine different types of reactions coming from the other side of the golden pillar of fire!

Instant arrival!

A total of nine unexplainable things had reached his acupoints!

"It's already been completed. Hurry up and refine it!" Cat said to Long Chen and he did not return to the Great Void Realm. If there was a sorrowful expression on its face and it felt the power of the golden fire pillar in its hands, it would shed tears from the familiarity. It shook its head helplessly, seeing that Long Chen had already started to refine the golden energy, and took the last step, it heaved a sigh of relief and said: "Old friend, since you're so generous, how about giving some more power to that Little Wolf?"

Just as the kitten finished speaking, in the distant horizon, a pure golden flame suddenly descended from the sun in the middle of the sky. In an instant, it arrived above the wolf cub's head! This golden flame was different from Long Chen's golden fire pillar. This golden fire pillar was not fire, but pure sun energy.

"This is the strongest level you can absorb, my mission is also complete." The kitten looked at the little wolf, then looked at Long Chen. Right now, they were all rapidly increasing their strength, and as the leader of all these, it was actually very happy to see its strength increase.

"Old friend, after this meeting, I don't know when I'll be able to see you again." Sighing emotionally, Cat returned to the Great Void Realm.

The wolf cub was not an idiot, he obviously knew that the fat cat was helping him, the Grand Sun Primordial Flame in front of him was not many, but it was extremely tempting, he immediately used the Sun Devouring Demonic Wolf's engulfing technique and swallowed the golden flame!

Then, he began to digest it!

Its strength was originally at the sixth level of the Heaven Stage, but right now, it was increasing rapidly, its rate of increase even surpassing Long Chen's!

Of course, Long Chen's speed was also extremely fast. He had already felt that whether it was Jian Chen or Lan Ling'er, both of them were reaching their limits at this moment, so he had no choice but to increase his own speed!

This way, he would be able to help them when they completed their cultivation!

His entire body was filled with gold energy, and Long Chen frantically channeled all of this energy into the eighteen sky rivers and nine great chakras. At this time, Long Chen completed his Dragonsoul Transformation, making his body even more sturdy, and at the same time, revealed the characteristics of his Dragon Soul Zhen Qi!

The Primordial Blood Dragon's Innate Qi was blood-red. The Primordial Blood Soul Dragon's power was at a higher level than the Golden Crow's power, so during the process of Long Chen's circulation, that gold light was gradually turned blood-red by Long Chen.

At this moment, Long Chen had activated all nine of his chakras at the same time. Endless amounts of golden energy was circulating through the eighteen star rivers and the nine chakras, gathering and gathering, and very quickly reaching the limit of what his star veins could endure! After a short period of time, Long Chen finally opened his nine chakra acupoints and entered the nine chakras of the Golden Crow.

"It's starting to form a vortex and a pill!"

Under Long Chen's control, endless golden energy flowed into Long Chen's nine great acupoints, and then, streams of power from different star veins, began to converge at the nine great acupoints, forming a golden vortex. The golden vortex revolved, transforming different types of power into different star veins!

During the process of quickly increasing his strength, it was as if the morning sun had risen up. A total of nine small golden suns suddenly rose up from the nine vortexes, and a total of nine desolate bird cries rang out from within Long Chen's body. Nine golden suns, had already replaced the pills, and appeared above Long Chen's nine great chakras!

And right at this moment, with the blazing golden flames in the middle of the sun, what Long Chen saw was that in every little sun, there was a golden bird!

This was the remnant soul of the Golden Crow!

Chapter 547 - Ninth Level of the Heavenly Completion Stage

From these nine remnant souls, Long Chen felt a throbbing that came from the soul.

He knew that Cat had definitely succeeded. It had successfully stolen a portion of the Golden Crow's soul from the sun and planted it in Long Chen's nine great chakras.

"What kind of changes will the Golden Crow's soul bring to my body?"

Long Chen was a little curious, and carefully sized up the nine golden birds with closed eyes. Right at this moment, he seemed to see nine remnant souls of the Golden Crow opening their eyes at the same time within the nine great acupoints. In that instant, Long Chen felt the fear he had felt when facing the ancestral dragon blood.

It was as if a deity from the heavens had suddenly stared at him for a moment. That vast amount of dignity, that unstoppable aura, had scared Long Chen to the point that he was about to kneel down!

However, the opened eyes quickly closed.

"Truly impressive. It is worthy of being called the remnant soul of the Golden Crow that perches in the sun. "

Long Chen secretly sighed with emotion. At this moment, his body was filled with an extraordinary strength, and this power was even stronger than his peak condition!

The root of the disaster caused by the third blood sacrifice had finally been healed. Not only that, no matter what, Long Chen had climbed another level, and reached an extremely strong level!

Although he did not know what exactly the Golden Crow's soul was bringing him, he already did not have time to study it. Jian Chen had single-handedly stopped the two Martial Kings, if Long Chen did not hurry, they would most likely die!

If they were to die because of him, Long Chen would definitely not let him off!

At this moment, what filled Long Chen's body was completely the golden energy brought by the sun itself. The last step that Long Chen needed to complete was to swallow and transform. If he did not obtain the Primordial Blood Spirit Dragon's inherited blood essence, he did not need to transform right now, because the golden energy was strong enough!

But to Long Chen, the blood red Dragon Soul Zhen Qi was his foundation!

As the golden energy circulated, the blood-red energy became increasingly stronger. Along with the circulation of Long Chen's true energy, it went through 18 stars, 9 acupoints, and even the bones of Long Chen's limbs and limbs, after a few complete cycles, the golden energy in his body could be seen to have completely turned blood-red, as though it was flowing like blood in Long Chen's body!

In the Death Acupuncture Point, the golden whirlpool had turned into a blood-red profound illusion, and the golden sun on top of the golden whirlpool had turned into a blood-red sun very quickly, under Long Chen's bloodline, it burned with red flames!

The nine great acupoints had all been assimilated!

This fluctuation almost caused Long Chen's body to explode. However, in a very short period of time, Long Chen seemed to have seen a few blood-red divine dragons coming out of his own blood red True Qi and rushing into each of his acupoints' pellets. Then, he could see that the golden remnant souls of the Golden Crow had already been assimilated into the blood-red.

"The Archaic Blood Spirit Dragon's bloodline is truly formidable. Even the Golden Crow's remnant soul's attribute was immediately changed. As expected of the dragon ancestor. Ten Great Ancestor Dragon is the peak existence of Dragon Sacrifice Continent. " Seeing this scene, the kitten sighed with emotion.

It was only now that Long Chen's cultivation today, was completely over!

The nine suns in the sky continued to grow, but when Long Chen turned all of his golden energy into blood-red true qi, the nine suns in the sky had already cut off their relationship.

The combination of nine suns was truly miraculous.

On the other hand, before using the dianyin bead, and after using the dianyin bead, Long Chen seemed to have experienced a rebirth. Previously, when his body was injured and he trained tightly, only his Third Level of the Heavenly Completion Stage were left. But now, he had already opened one of his chakras and reached the Ninth Level of the Heavenly Completion Stage! The peak of the Heavenly Completion Stage! And he had even gotten his wish of obtaining the Golden Crow's soul! In fact, all of his injuries had disappeared ...

In less than two hours of time, Long Chen had reached the pinnacle of his life so far!

Especially after the Dragon Soul Transformation, his true qi was far from the level of Ninth Level of the Heavenly Completion Stage, and was even higher than that. It was almost close to the third blood sacrifice he had made last time. In the last three blood sacrifices, Long Chen's body was still far from being able to endure, but now, he could completely grasp and control this power. It was simply far, far stronger than before.

As for Jian Chen and the others, they had been waiting for this moment for far too long.

Long Chen opened his eyes and stood up from the rock. At this time, the nine suns were still occurring in the sky, but it did not have much to do with Long Chen.

When he opened his eyes, he could see Jian Chen's and Lan Ling'er's situation. Lan Ling'er had already regained her control over the situation, but Flowery King was also not an easy target, because the trick just now, she could still hold on. He only imagined that as long as the two Martial Kings could kill Jian Chen and help him, that would be enough!

As for Jian Chen, who was holding onto a Cloudmist Sword, released one sword beam after another. Neither of the two opponents dared to lightly move to clash with him, and as the two of them cooperated, coupled with the fact that Jian Chen was preventing them from sneaking an attack on Long

Chen, the current situation was extremely dangerous for him. Long Chen realized that Jian Chen's face was already somewhat pale.

Long Chen needed a much longer time than he thought. It was not easy to see Long Chen doing this, and he finally saw the light of hope as he roared, "Long Chen, run! As long as you escape, we can escape! "

Lan Ling'er also thought that Long Chen would be as smart as he was in the Liang Wu City, but this time, Long Chen didn't make a move. He jumped down from the large shining boulder, looked at the little wolf that was still sleeping, and then, he took out a sword from within the Great Void Realm.

's Demon Emperor Sword had been destroyed, so he could casually obtain another one. The Heaven Punishing Sword Formation, Long Chen had already used it to the extreme, and he knew that his battle skill was already lacking a little, but, to deal with the person in front of him, it was enough!

"Long Chen is not leaving?" Jian Chen's eyes flashed with a trace of doubt, as he headed towards him. It was as if Jian Chen was hallucinating, as if the one who came wasn't Long Chen but a gigantic beast from ancient times!

That fearsome aura, even Jian Chen was trembling in fear!

Although Long Chen's body was blood-red, it emitted a kind of masculine heat, as if the nine suns in the sky were all gathered within his body!

A blood red heat wave attacked towards Jian Chen!

Of course, this was not directed at Jian Chen, but rather, it was something that Jian Chen felt unconsciously!

Jian Chen awkwardly dodged an attack, then roared: "Long Chen, you're not leaving?"

"Leave?" Long Chen shook his head. He was currently outside of Jian Chen's circle of battle, looking at Jian Chen's two opponents and said.

"What?" The three Martial Kings of Martial Alliance, did they really think that they heard wrongly, that Long Chen had just reached the Ninth Level of the Heavenly Completion Stage and wanted to deal with the Earth Martial Stage?

They had experienced the transformation of the Heavenly Completion Stage from the Earth Martial Stage, so they knew how huge the gap was between Heavenly Completion Stage and the Earth Martial Stage. Even if the Level 7 of the Heavenly Completion Stage was able to defeat the monstrous genius of the Ninth Level of the Heavenly Completion Stage, once he reached the ninth level of the Tong Tian stage, she would still not be a match for the Earth Martial Stage!

Because this was a completely different level of existence!

No one had ever been able to break this legend!

Therefore, the two Martial Kings started to laugh. One of them said, "You Dragon Clan people are truly more ignorant than the other! When I just arrived at Ninth Level of the Heavenly Completion Stage, I thought I was heaven defying.

"Whatever. Since he requested it himself, I will let him see what the Martial realm is!" "Martial realm. It looks simple, but compared to the Four Foundation Stage martial artists, it's countless times stronger!"

With that, he prepared to break away from Jian Chen's battle and head towards Long Chen's direction!

Jian Chen originally wanted to stop him, but in the end he did not. He had seen Long Yue's power, so he knew how mysterious Long Chen was. Although Long Chen used a special method that time, and even caused herself severe injuries, what was undeniable, was that he had already broken this legend!

Thus, he didn't stop them.

Seeing that there really was a Martial Empire cultivator coming towards him, Long Chen smiled. Like this, whether it was Jian Chen or Lan Ling'er, they only had time to finish off their opponents. From the moment he had finally finished cultivating, he knew that they had all escaped danger.

Just now, it was extremely dangerous.

This place was too close to Jian Chen, so Long Chen needed an open field. Therefore, he retreated a distance away, and here, he had to properly verify his strength and see what kind of disparity existed between himself and the Martial Stage!

The four great foundation realms and three great martial realms. According to this, the gap between the first stage of and Ninth Level of the Heavenly Completion Stage should be the biggest gap he had ever cultivated to this day!

The Martial King standing in front of Long Chen had a tall and slender figure with an aquiline nose and a powerful body. His fighting strength was not bad in all aspects, and although he had battled with Jian Chen for a long time, his true fighting strength did not decrease by much!

BOOM!

Long Chen realized that once he stepped on the ground, it seemed as if he was connected to the ground. He was the earth, and the earth was him.

Long Chen knew that he could already fly now that he had opened the one aperture of the sky, but flying with Ninth Level of the Heavenly Completion Stage was purely just displaying it for a moment, it did not have much of an effect. Not to mention fighting in the sky.

"Brat, I am Martial Alliance! Now you know who you will die to, right? "

Chapter 548 - Confronting the Earth Martial Stage

Earth Martial Stage Ranker.

Although it was the first stage, Long Chen did not dare to be careless.

While sensing the power from his body, he stared at Eagle Martial King. When the other party made a move, he would make a move. The reason why he didn't dare to make a move first was because he wasn't confident in his own abilities.

What would the real Earth Martial Stage look like when they fought?

The current Long Chen possessed the king level True Martial Devil Body and devil shadow clone. He reckoned that the other party should have at most cultivated one or two King-level Battle Skills, and in terms of quantity of Innate Qi, Long Chen had definitely surpassed his opponent's True Origin!

However, there was something else in the Martial Stage.

Long Chen had also seen their attacks before, it was as if every time they punched out, all of their power was gathered at one point under Long Chen's control.

Whoosh!

Seeing that Long Chen did not move, Eagle Martial King did not have much patience left. A cold light flashed through his eyes, and his body instantly turned into an afterimage as he rushed forward. In the next instant, he was right before Long Chen's eyes!

"His speed is really fast. But its movements, are exactly the same as when he did not cultivate his True Qi and did not reach the Dragon-Meridian Realm." Long Chen carefully observed the movements of the Eagle Martial King.

These thoughts quickly flashed through his mind.

"Not only does he feel that all the energy in his body is concentrated in his body, he even feels that he is connected to the earth. Every time he lands on the ground, he encourages it, and every time he hits the ground, he absorbs the energy of the earth.

Long Chen remembered that when he was in the ghost stream, he had once seen Long Yue punching. At that time, he suddenly felt that Long Yue seemed to have merged with the earth, and her every punch followed the throbbing pulse of the earth. It was like a huge wave, one after the other, more violent than the last.

"Simple fist techniques and world-shaking attacks. After going through the fancy battles of the four foundation realms, the so-called Martial realm is very likely to return to its original state, just like how it was when we were still in close-combat before the Dragon-Meridian Realm. It seems that the requirements for close combat are very high in the Martial realm, and only through stimulating life and death battles can one comprehend the power of the Martial realm."

After looking at the Eagle Martial King's display, many thoughts passed through Long Chen's mind.

"Let me show you what is a Martial Stage!" After nearing Long Chen, Eagle Martial King sneered, and threw out a punch with a loud bang. He did not use any battle skill, just a simple punch, but in reality, it seemed to bring about a pulse in the ground. Long Chen felt that the ground in front of him had already been flipped over, and was pressing down towards him!

Taking a deep breath, Long Chen also roared, and punched out!

Of course, he was only using Ninth Level of the Heavenly Completion Stage, and the amount of true qi he had, had already surpassed the true energy level of the Eagle Martial King!

Long Chen realized in shock that when he punched, he had already unconsciously punched, and the outline of the Golden Crow emerged within his nine great acupoints. He subconsciously used this type of power, and then, he discovered that when he punched, a blood-red colored firelight had actually appeared on his fist.

BOOM!

Boom! Boom! Boom!

's fist made him feel the heaviness of the Earth Martial Stage. That enormous power, even with the king level body tempering technique and the strength of the Dragon Soul Transformation, Long Chen's arm was still numb and trembling, as if he had lost all feeling. He immediately lost all strength, but his entire body still took dozens of steps back!

Of course, it was not good for the Eagle Martial King as well. He did not push back the force that was given to Long Chen, but rather, he retreated in pain. Long Chen raised his head and saw that half of his fist had already turned charred black. At the moment, it was emitting hot smoke, but Eagle Martial King's entire face was twisted.

In this battle, the Eagle Martial King's strength was evidently stronger than before. If not for the pain from his last strike, the pain in Long Chen's arm would have been even more severe!

"This, could this be the power of the Golden Crow's soul?"

Long Chen finally understood that the remnant soul of the Golden Crow was in his nine great acupoints, becoming the core of his power. When Long Chen activated his Innate Qi, the power of the remnant soul of the Golden Crow would fuse into his Innate Qi, attacking him from within, causing Long Chen's attack to carry an extremely strong fire ability!

Just like a moment ago, Long Chen's Innate Qi, which was comparable to that of the Earth Martial Stage, could barely withstand the attack of the Eagle Martial King.

"With the power of this Golden Crow's remnant soul, it is likely that this power will be accompanied by my attacks for a long period of time. This, is quite a wondrous boost, even if I use sword techniques, can I still use the power of the Golden Crow's remnant soul?"

Long Chen was in a great mood.

It had to be said that the power of the Golden Crow's remnant soul, if used properly, would be quite terrifying!

It was just like the Dragon Soul Transformation, which allowed Long Chen to have ten times the attribute of true energy. However, it was true that it did grow along with Long Chen's growth, so when Long Chen became a super strong warrior and had the attribute of ten times more, how abnormal would it be?

Long Chen did not believe that the Golden Crow's soul could only have that much power. It was very possible that the more true qi he had, the more of the Golden Crow's soul's power would be released.

Therefore, it was very likely that the power of the remnant Golden Crow Soul was similar to a Dragon Soul Transformation or some other sacred art, continuing to accompany Long Chen!

"How can your zhenqi have such a scorching attribute? That's impossible!" What you are absorbing is a pure, non-elemental energy, how can you possess such a scorching power? " Eagle Martial King's face was filled with disbelief.

Of course he didn't know that there was a legendary Reincarnation Godly Beast in the Great Void Realm on Long Chen's chest that helped him obtain the remnant Golden Crow soul!

Not only was Eagle Martial King shocked, Jian Chen and the others were also paying attention to Long Chen's movements at all times. Seeing that Long Chen had chosen to clash head on with the Eagle Martial King, they frowned, but when they saw the result, they couldn't believe it for a moment.

But at least, he and Lan Ling'er both heaved a sigh of relief.

"Ling'er, finish your opponent as soon as possible!" Jian Chen took in a deep breath, and then, he faced his opponent as he began to unleash moves that were like a violent storm! A single Martial King would definitely not be a match for Jian Chen!

"Hawk, why are you still standing there? Hurry up and attack, I can't hold on any longer!" The martial king that Jian Chen had dealt with roared at the Eagle Martial King.

When the Eagle Martial King calmed down, he finally saw Long Chen as an opponent that he needed to take seriously.

"Brat, this is really strange." In the next moment, he was like an eagle as he instantly pounced on top of Long Chen's head. With a whistling sound, Long Chen immediately realized that the entire sky was filled with Eagle Martial King's iron claws!

He never thought that the Eagle Martial King would actually have a claw type battle skill!

This battle skill should not be a king level battle skill, but if it was used by a Earth Martial Stage Ranker, it would be terrifying. Just a simple punch from Eagle Martial King would have such power, let alone the claw prints that filled the sky.

"Fast, ferocious attack!"

This was the impression that Long Chen had of the Eagle Martial King, he did not dare look down on these claw techniques at all, in his opinion, if it was a battle skill similar to the Heaven Punishing Sword Formation, of course it would be extremely beautiful. In terms of actual attack power, it would be inferior to a casual punch from an expert of the Earth Martial Stage!

The Heaven Punishing Sword Formation of the Heavenly Completion Stage and the fist of the Earth Martial Stage; if they were to hit a huge mountain, the Heaven Punishing Sword Formation would be able to hack it to the point that its entire body would be covered in wounds, but the punch of the Earth Martial Stage would be able to shatter the entire mountain!

Long Chen finally experienced the power of the Martial Realm!

Why were they called the Three Great Martial Realms?

Because this was a real martial art!

Of course, if the Heaven Punishing Sword Formation was in Long Chen's hands, it would be different.

In Long Chen's body, no matter which type of advantage he had, no matter how many times he tried, he would still not be able to compare!

When the Eagle Martial King was moving, Long Chen also moved, he retreated at full speed, at the same time, the sword in his hand released waves after waves of Sword Qi, attacking towards the Eagle Martial King, these Sword Qi clawed at the Eagle Martial King's Earth Martial Stage!

Pah pah pah!

Long Chen's sword qi contained all the Zhen Qi in his body. When he used his current Qi, he would be able to kill a few with his normal Ninth Level of the Heavenly Completion Stage, but with the Earth Martial Stage's simple yet heavy attack, the True Qi was not enough to deal with. When the sword energies burned with blood-red flames, everything was different!

The attacks of the Sword Qi and the Eagle Martial King's paw prints were extremely intense. The Eagle Martial King wanted to get close to him, but Long Chen did not allow him to, because he knew that if the experts of the Earth Martial Stage got close, they would definitely die without a burial ground.

With every strike of his claw, a long scar would appear as if he was tearing through space, and it gave off explosive sounds. It could be seen how powerful Eagle Martial King's attack was! However, he had just suffered because of the Golden Crow's soul, so he didn't dare to directly confront it right now!

Only by dodging and releasing his Quintessential Essence would Eagle Martial King be able to completely break Long Chen's sword Qis, and Long Chen could be considered to be completely exposed under his claws!

Just then, Jian Chen let out a furious roar. Eagle Martial King did not need to turn his head to know, but his partner had already been forced to the extreme by Jian Chen.

"I never thought that Jian Chen would actually be so powerful! No, I have to get rid of this kid. Then let him have a taste of my strongest attack! "Brother, hold on!"

As long as he could get rid of Long Chen, he could instantly turn around and rescue his.

As long as Long Chen died, Jian Chen and the others would not die!

"Phew ..."

At this moment, his eyes exploded with an ice-cold light, and a vicious light flashed. His bones made beeping sounds, which made Long Chen's scalp go numb, when he heard this, the person in front of him seemed to transform into an eagle, and instantly closed in on Long Chen!

"Soul Dispersing Eagle Claw!"

Chapter 549 - The Power of the Golden Crow

A king level offensive battle skill was the embodiment of the martial realm, just like the Eagle Martial King's scattered soul eagle claws.

By this time, Eagle Martial King's figure could no longer be seen clearly. In Long Chen's entire world, there was only a male eagle that covered the sky, and the sharp claws in front of him. The claw swiped through the air, as though space itself was twisted. One could clearly see how soul-stirring this attack was.

"In terms of profoundness, I am far from being Eagle Martial King's match, so I can only use absolute strength to suppress him." Long Chen could only do this. He used the Heaven Punishing Sword Formation as usual, but this time, the Heaven Punishing Sword Formation was very different.

Firstly, his strength had increased by too much.

Second, the power of the Golden Crow's remnant soul.

When the Eagle Martial King was attacking, Long Chen did not stay idle. He had already used the Heaven Punishing Sword Formation countless of times, but in terms of this time, he had never seen anything like this before, it was extremely powerful. The sword blade moved, jumping up high, violently slashing down.

Each of the sword tokens vibrated rapidly as they let out shrill whistles, causing the air to vibrate. If this was faintly said, it wouldn't be enough to threaten the Eagle Martial King. But the biggest problem was that on every sword symbol, a blood-red flame was burning!

Just these flames were enough to injure Eagle Martial King, let alone these thousands or tens of thousands of sword runes. For a time, the entire Eagle Martial King was enveloped in red flames!

"Die!" Long Chen did not hesitate, the Heaven Punishing Sword Formation slashed down!

"Die!" Although the flames were terrifying, Eagle Martial King clenched his teeth, wanting to fight it head on!

Because of the existence of the Golden Crow's soul, Long Chen's power attribute had already shifted towards being positive. The blood and power in his body seemed to be boiling as it roiled and surged.

With the power of the Golden Crow's remnant soul, the Heaven Punishing Sword Formation clashed with the's scattered soul eagle claws! Originally, no one thought that Long Chen would be a match for the Eagle Martial King. However, when a strange red flame appeared during Long Chen's attack, they were not confident either.

It was also possible that Long Chen would win!

Relying on the Heaven Punishing Sword Formation, Long Chen had already killed many people, from the Sword Emperor at the start to the current Eagle Martial King. If you did not count the last three blood sacrifices, Eagle Martial King would be the strongest opponent Long Chen had under the Heaven Punishing Sword Formation, and he is currently also the strongest state of the Heaven Punishing Sword Formation!

The attacks of the Heaven Punishing Sword Formation were concentrated and massive, and were practically omnipresent as long as they were surrounded. Those sword beams, every single one of them carried a red flame on them, making them extremely fatal!

Victory or defeat had been decided in an instant!

As long as they were in close proximity, Long Chen would immediately stop his attacks. When they reached the Earth Martial Stage, most attacks would only be close range attacks, because the speed and strength of the Earth Martial Stage were far above the Heavenly Completion Stage. Even if the Heavenly Completion Stage used the most powerful technique, it would not be able to stop the close range attacks of the Earth Martial Stage.

Yet Long Chen was just a monster. He only had the power of Ninth Level of the Heavenly Completion Stage, but had the combat power of this long-range Earth Martial Stage. This time, he knew from the beginning that he could not get close to the Earth Martial Stage, so he won. His attack far surpassed Heavenly Completion Stage, breaking that law!

Under the attacks of the Heaven Punishing Sword Formation, Eagle Martial King resisted with all his might, and rushed forward with all his might. Only when he rushed out of the Heaven Punishing Sword Formation's encirclement, he could kill Long Chen in a second, but even with his life, he had still underestimated the power of Long Chen's Heaven Punishing Sword Formation!

When the first flaming sword ray broke through Eagle Martial King's defenses and pierced through his body, the intense pain almost made Eagle Martial King cramp. This temperature instantly charred a whole piece of his flesh!

Because of the pain, the Eagle Martial King became absent-minded. This caused thousands of sword beams to completely submerge him in an instant.

In the midst of the Heaven Punishing Sword Formation, a miserable wail came out, which quickly died down. Everything in the Eagle Martial King, under Long Chen's Heaven Punishing Sword Formation which carried the remnant soul of the Golden Crow, completely perished.

His vision became empty.

Long Chen suddenly felt a sense of powerlessness. He knew that the power of the Golden Crow's soul could not be casually used, and he had to conserve a little in order to be able to explode out and kill the enemy!

The battle on his side was over.

On Jian Chen's side, due to the advantage in strength, in the very next moment as Long Chen killed his opponent, his opponent was immediately drowned by his tide-like sword skills. With a pfft sound, Jian Chen's Cloudmist Sword had pierced through his opponent's throat, and with a sudden pull, his opponent collapsed soft, unable to rest in peace.

On Lan Ling'er's side, the Flowery King was extremely smart. Seeing that the two helpers couldn't even hold on anymore, she took out a red powder and scattered it towards Lan Ling'er!

Thinking about Flowery King's reputation, Lan Ling'er knew what this red powder was, it was precisely that kind of aphrodisiac medicine, if she was struck by it, she would definitely lose face in front of Jian Chen and Long Chen, the brother. Under such circumstances, she could do nothing but quickly retreat, avoiding the red powder. She knew that such things were not allowed to be touched!

"Slut, what are you hiding for? You still have a couple of handsome lovers waiting for you. Aren't these erotic pollen what you want the most? Hehe ..."

After scattering the red powder, when Flowery King saw that the two helpers were dead, he was alarmed. Lan Ling'er had already been forced away, so her figure flashed, as she laughed, she escaped frantically!

In terms of speed, even Jian Chen wasn't faster than her, and there was even the obstruction from the lust pollen, so the three could only watch as Flowery King left.

"This slut, there will be a day when my aunt will tear you to shreds. AHH!" She suddenly thought of something, and then opened her eyes wide, as if she was looking at someone she didn't recognize. She looked at Long Chen, and Jian Chen was also sizing him up, his eyes filled with shock.

"Seventh, Seventh Brother, you killed that Eagle Martial King?" Lan Ling'er stuttered as she walked over.

"Of course, this means that I am stronger than you." Long Chen said imposingly, his face showing unconcealable arrogance.

"Tsk, looking at how satisfied you are, even a hundred of you are no match for me." After Lan Ling'er finished speaking, she revealed a smile.

With your current Ninth Level of the Heavenly Completion Stage, you have killed a Earth Martial Stage. Long Chen, you have created a miracle, your current strength is not any weaker than ours, you can be considered a qualified dragon. Jian Chen nodded, and in his voice, he sounded like he was acknowledging Long Chen.

Of the three Martial Kings, two died and one fled.

When Jian Chen had just finished speaking, there was a tremor in the sky. When Long Chen raised his head, he saw that two hours had already passed, and the grand occasion of the nine suns coming into contact with each other had already completely disappeared. The temperature that had risen to the peak had now begun to drop, and after a few more hours, he should be able to return to his usual state.

The harvest this time could be said to have surpassed Long Chen's imagination.

"Just now, Flowery King ran away, so we shouldn't stay here any longer. Once this little wolf wakes up, we'll start rushing towards Yun Mengze." Jian Chen reacted from the shock brought to him by Long Chen's strength, and said while frowning.

People of the Martial Alliance were everywhere, like flies. If one was entangled, there would be no end.

Long Chen and Lan Ling'er both nodded.

"There's really no justice. My strength is already the weakest, and it wasn't easy to find a younger brother to bully. In the end, this younger brother seemed to have become even stronger than me." In her heart, however, she was still extremely shocked. It seemed like Long Yue's suggestion of letting Long Chen join the dragon clan from the beginning was correct.

"Since that's the case, why don't you call me Brother Chen?" Long Chen laughed.

"Bastard, are you looking for a beating?" A little brat. " Lan Ling'er shouted in anger.

Long Chen had originally wanted to tease her a little, but at this moment, the little wolf seemed to have made a move. Long Chen also did not know what level the Grand Sun Primordial Flame could cause the wolf cub to reach, so he immediately went to the side of the wolf cub, and could not wait to watch.

At this time, the golden flames on the little wolf's body had gradually quieted down, and the heat coming from his body had slowly decreased until it became the same as before. At this time, he suddenly opened his eyes, and his golden pupils burned with golden flames.

"Ninth Grade Heaven Stage, just a bit away from the last step." the wolf cub helplessly said to Long Chen.

"No problem, it's already pretty good." The strength of her Ninth Grade Heaven Stage and the little wolf had always been very close to each other. It could be said that every time, Long Chen would be a little stronger than the little wolf. Even though the little wolf had Ninth Grade Heaven Stage, its release of the Nether Demon Ancestral Fire was still quite terrifying.

The awakening of the wolf cub caused the two claw-flying foxes in the distance to tremble in fear.

"Alright, since that's the case, let's hurry to Yun Mengze." Jian Chen was worried that the Flowery King would bring back an expert, so he suggested.

Long Chen and Yue Shuang nodded, and then found their mounts. With Jian Chen leading the way, they changed the direction they were facing and headed towards Yun Mengze quickly.

With the appearance of the Scarlet Emperor Seal, how many people would there be in this grand occasion?

Chapter 550 - Sikong Sword Saint

Apart from the Lianyunshan Mountains, the three of them walked on a relatively hidden path and headed in Yun Mengze's direction.

"Two hundred miles ahead, there is a small city called White City. It is the place where I was born and spent my childhood." Jian Chen said with a deep expression.

"White City? Third Brother, do you want to go back and take a look? It won't take long anyway." Long Chen said. In fact, Jian Chen's current predicament was somewhat similar to his. If he were to pass by Bai Yang Town, he would definitely go back to take a look.

"No need, with my current identity, there's no need to go back. Besides, my parents have already died, my grandparents are no longer around, and I'm not very close with the others. If I go back and cause trouble for them, it'll be bad." Jian Chen thought for a while, then shook his head and said.

"Third Brother, you're really a naughty girl. Even if you don't want to go, you can look at her from afar." Lan Ling'er said.

"Alright, it has been almost ten years since I last returned, but such a change has happened in these ten years. Back then, I had such a big ambition and joined the ranks of the Martial Alliance, did I ever think that I would meet such a end?" Looking into the distance, Jian Chen's eyes were full of helplessness.

"We are all born eagles. We don't have any power to restrain them." Long Chen suddenly said.

Jian Chen and Lan Ling'er both nodded. They both loved freedom, so they came together.

The wolf cub's speed far exceeded the speed of the electric claw, so it was very easy for him to travel the distance of two hundred li. Soon, he would arrive at his destination. As he neared the place where he was born, Jian Chen's strength gave rise to a hint of anticipation.

They gradually drew closer.

Long Chen raised his head and indeed, he saw a small city in front of him. The small city wasn't too big, but it looked very peaceful. However, in this peaceful small city, why would there be some noise coming from there?

Long Chen looked carefully and saw that there seemed to be a lot of people on the city walls. However, the city gates were tightly shut.

"Third Brother, something seems to have happened in White City." Initially, the three people only wanted to take a look at it before leaving immediately. However, after discovering the abnormality, Long Chen hurriedly reminded them.

Lan Ling'er and Jian Chen also saw it.

Lan Ling'er was still alright, she could not see anything, but Jian Chen's face, in such a short period of time, had actually become extremely dark and gloomy!

"Go over there!" Jian Chen said in a cold voice, and then, he spurred his electricity claws to fly Huang, turning into a yellow lightning storm, instantly sweeping towards the direction of White City. Long Chen and Yue Yang looked at each other in dismay.

"Follow me!" Although he didn't know what Jian Chen was doing, he wasn't an impulsive person, so Long Chen trusted him a lot.

When they were close enough, Long Chen could finally see what was happening. At this moment, the people on the city gate tower were all looking at one place, which was the city wall near the city gate. Long Chen looked carefully, and saw that thirty thick ropes were hanging down from the city gate tower, and at the bottom of each of the ropes, hung a corpse, who knows if this person was directly strangled to death, or if he was killed by someone else.

There were a total of thirty or so corpses lying side by side, and they looked somewhat horrifying.

Long Chen and Lan Ling'er looked at each other, and they could see the worry in each other's eyes. These people, could very well be members of the Jian Chen Family! Otherwise, Jian Chen would not have such a reaction!

A thick smell of blood was emitted from Jian Chen!

On top of the city gate tower, Long Chen saw a figure — — Flowery King!

This person must have known about Jian Chen's background. After she escaped from the Lianyunshan Mountains, it was very likely that she had come here and killed all of Jian Chen's family members. She knew, Jian Chen and the others would definitely come!

Seeing the cold smile on the corner of Flowery King's mouth, Long Chen was almost completely convinced of his thoughts. Although Jian Chen's family didn't have a deep relationship with him, they might have already been killed.

In other words, it was possible that the Martial Alliance had already set up a trap here, and was waiting for Jian Chen to fall into his trap.

This was also the reason why Jian Chen's family was able to survive until now!

They were alive as bait.

Looking at the corpses lying side by side, and Flowery King's sneering face, Long Chen knew that if he was Jian Chen right now, he would definitely go crazy! Fortunately, he was not. Thus, he was still rational.

"Little Wolf, catch up to my third brother." Long Chen's face was gloomy as he immediately told the wolf cub.

With the speed of the little wolf, Long Chen quickly rushed in front of Jian Chen. But at this time, Jian Chen had already stopped, dismounted, took out his Cloudmist Sword, and walked step by step towards White City.

Long Chen walked to his side. Looking at him, Jian Chen's eyes had already turned blood-red. Long Chen knew that at this time, his murderous heart had expanded to its limit!

No one could remain calm after seeing this situation!

"Third brother, that Flowery King dared to do that, dared to lure you over, and decided to have a way to deal with us. He must definitely take revenge, but we need to calm down first, calm down and kill the enemy, okay?" Long Chen said with a stern expression.

"I can't calm down." Jian Chen's voice sounded as if she had been frozen in a cave.

"Third Brother, no matter what, we have to be calm. Otherwise, not only did we not get our revenge, we even let our evil scheme succeed. That wouldn't be good." Lan Ling'er who was at the side grabbed Jian Chen's arm and said with a tender voice.

Jian Chen stopped in his tracks, took a deep breath, and said: "How about all of you hurry to Yun Mengze? I'll settle the matter here, and I'll catch up with you guys right away."

Long Chen stood in front of him and stopped him. He looked straight into Jian Chen's eyes and said: "I remember you saying that we are brothers and sisters. Could it be that this definition of brother is in Third Brother's heart? To live and die together, to live together with hardships, is what I see as a brother. Just now, when I was using the dianyin bead, you protected me, and now, it is time for me, Long Chen, to serve you! "

"Yes, we can't leave." Lan Ling'er said anxiously.

Seeing that they were so persistent, especially Long Chen's words, moved Jian Chen a little. He slightly regained his senses, took in a deep breath, and adjusted his own emotions. If he were to continue killing furiously, he might fall into the other party's trap.

Without any moves, Flowery King dared to face Long Chen and the other two?

When Jian Chen and the other two reached the city gate, Jian Chen did not even bother to look at the people on the city wall. His expression was cold and indifferent, as he endured his extreme grief, and kept the corpses into his own Qiankun bag until he collected the last corpse. He then returned to Long Chen's side, and Long Chen saw faint tears in his eyes.

"It's me who harmed them." With just that short sentence, it could be seen how much self-blame he was feeling.

"If I am able to continue living, then Martial Alliance will definitely not be able to live peacefully. I will kill as many experts as I can find, until no one is left in Martial Alliance!" In front of Long Chen and Lan Ling'er, Jian Chen made a promise of his own.

Long Chen and the wolf cub looked at each other. They knew that the great battle was about to begin.

At this time, the Flowery King chuckled, her hands supporting on the city wall, she leaned downwards, his loose clothes drooping down, revealing the shocking snow-white ravine on her chest. Two giant meatballs were squeezed together, slightly trembling.

"Jian Chen, this is the first gift Martial Alliance gave you, aren't you surprised? Are you grateful to me?"
"Of course not, because I didn't give them the gift, I was just responsible for hanging them up." As she said this, she let out a charming laugh.

Jian Chen slowly clenched his fists.

"You slut, get the hell down here! You were beaten up by me until you ran away, and now you're even staying here as a grandson!" Lan Ling'er was simply about to faint from her anger, she had never seen such a shameless woman in her life before!

"What did you say!" The Flowery King was a little angry, but Lan Ling'er hated her the moment he saw her. She was also not like this, but right now, she was not done with her business, so she did not care about Lan Ling'er, but continued to look at him and said: "Next, Martial Alliance is going to give you the second gift. The second gift, come out!"

Second gift?

Could it be that even more people were killed?

Long Chen frowned.

As the Flowery King's voice fell, a person suddenly appeared behind her. He embraced Flowery King in one embrace, his large hands skillfully reaching into the Flowery King's clothes and grabbing onto the jade peak on her chest. He wantonly rubbed the jade peak, causing Flowery King to groan out loud as he violently panted.

This man posed a huge threat to Long Chen.

When he looked carefully, this man had a head of white hair and his face already had a surroundings on it. He was tall and skinny, around fifty years of age, and a pair of eagle eyes burst with a cold light. He didn't look at Flowery King in his arms, but at Jian Chen.

"My dear disciple, how have you been?" A hoarse voice accompanied the cries of the Flowery King. The waves of the Flowery King caused one's imagination to run wild and their mouth to become parched. However, his voice was extremely creepy.

"Disciple?" He is Jian Chen's master? " Long Chen immediately thought of it.

Lan Ling'er's expression changed as she whispered into Long Chen's ear: "This is bad, this is Third Brother's master from when she was in Martial Alliance, he is known as Sikong Sword Saint. Third Brother's way of the sword, is all taught by him, and her personality is ruthless.

He was known as the Sword Saint, which meant he was similar to the Demon Saint or the Martial Saint. In the Earth Martial Stage, the first stage was called king. It was like the Infernal King, the Wu King. The Sword Saint and the Demon Saint in front of him were all at the same level. The third level, the Emperor, the Demon Emperor of the Ancient Devil Region and the three great Martial King were all at the same level.

This Sikong Sword Saint was the second stage of Earth Martial Stage!

Long Chen also knew that it was bad, so, this was the Flowery King's trump card. With Sikong Sword Saint here, what was she afraid of?
