Chapter 551 - Illusionary Sword Codex

Long Chen had already tried out the first stage of Earth Martial Stage, if he was lucky, he could handle it, but with the second stage of Earth Martial Stage, he was far inferior. This Sikong Sword Saint was obviously at Jiang Wuya's level, compared to Long Yue, he was just slightly lacking!

Originally, with Long Yue blocking the pursuers, the three of them could not have encountered such a crisis. If they had to blame something, they could only blame their bad luck, it was very likely that the Sikong Sword Saint was not here to hunt down the dragon race, it was just that he happened to be nearby.

This was such a coincidence.

As the oldest of the three, Long Chen had to shoulder all the responsibilities. When he saw Sikong Sword Saint appear, Jian Chen's expression changed as he begged Long Chen and Lan Ling'er: "Ling'er, Long Chen, for the last time, I'll be begging you. The second stage of the Earth Martial Stage, if I block it, I can give you guys some time to escape.

Long Chen and Lan Ling'er looked at each other and saw the determination in each other's eyes, so Long Chen said: "Then let's die together. If we cannot face a strong enemy, what kind of brother are we talking about? "

Long Chen was a little helpless at the moment. At this time, he was afraid of the Sikong Sword Saint, so he did not come to chase Long Chen away.

"Sister Lan, you can continue to deal with the Flowery King later. As for me, Third Brother, and the little wolf, we are surrounding and attacking the Sikong Sword Saint. If possible, we might have a chance," Long Chen said in a low voice.

"Wolf?" Jian Chen and Lan Ling'er were a little puzzled, the little wolf only had Ninth Grade Heaven Stage, could it be that the little wolf was as heaven opposing as Long Chen?

Long Chen smiled mysteriously and said: "The Sun Devouring Demonic Wolf is quite extraordinary. Have you guys seen a demon beast that can be levelled up? "

Indeed, the wolf cub actually consumed the Grand Sun Primordial Flame just now and levelled up it.

Long Chen and Xiao Lang nodded, and allowed him to enter the Great Void Realm. The only threat Xiao Lang posed to the Sikong Sword Saint was his Nine Hell Devil Ancestral Fire, so Xiao Lang only had one chance. When he was fighting, suddenly coming out of the Great Void Realm, he would definitely give the Sikong Sword Saint a pleasant surprise.

Seeing that Long Chen seemed to be really prepared, Jian Chen could only grit his teeth and said: "Alright, this time, I'll give it my all!"

It wasn't easy for him to make that decision. After all, he didn't want to kill Long Chen and his.

In a short period of time, they had already discussed and come up with a plan.

At this time, Flowery King's wailing became louder and louder. She raised both of her arms and hooked Sikong Sword Saint's neck, twisting his perky butt, quickly rubbing against Sikong Sword Saint's body. He was like a water snake, his face reddened.

"I've got it, baby. Long time no see. I'll take good care of you in a while. I'll take good care of you for three days and three nights in a row. How about it?" Sikong Sword Saint whispered into Flowery King's ears.

"You're annoying. How could I stand your might for three days and three nights? You don't have to feel sorry for me." Flowery King looked at Sikong Sword Saint with a strange expression.

"Haha, haven't you heard that there are only dead cows and no plowed fields? Especially fields like yours ... "Sikong Sword Saint laughed strangely, and finally took his hand off Flowery King's body. He placed it in front of his eyes and smelled it, intoxicated." It's so fragrant, the fragrance of flowers ... "

"Disgusting, adulterous, old man, old woman! We will die a horrible death! " Lan Ling'er was about to vomit when she saw this.

Lan Ling'er's words caused Sikong Sword Saint to set her gaze on her.

"Oh, so it's the legendary Hundred Transformations Enchantress? "You are the dream lover of all men. After getting you into bed and changing your appearance every day, I don't need to look for women all over the world." Sikong Sword Saint's eyes that were filled with desire stared straight at Lan Ling'er.

"Fuck off, you're still thinking about women at this age? I think it's better if you find a coffin and bury yourself earlier so that you don't scare people off! No wonder my third brother can't bear to see an old man like you. If my great-aunt were your disciple, she would slap you once a day. Oh, no, I'll chop off a piece of your meat every day! " Lan Ling'er scolded endlessly.

Sikong Sword Saint's face turned worse and worse.

"Looks like I have to deal with her today. Darling, I'll leave the Hundred Transformations Enchantress to you, you can't hurt her even a little. Otherwise, I'll let you starve for ten days to half a month, so you can settle this yourself." Let me get rid of this evil disciple of mine! "

With that, his gaze that was like the edge of a sword pierced into Jian Chen's body.

The fact that he only used Long Chen had long ago been forgotten by him.

Flowery King originally wanted to mention that Long Chen was also a difficult character to deal with, but after thinking about it, she just wanted to look after Lan Ling'er first. If it was Long Chen, then Sikong Sword Saint would deal with him on his own.

At this time, Jian Chen said in a cold voice, "Don't call me a sinner. From the moment I left the Martial Alliance, we had no relationship at all.

"It doesn't matter? It's fine. Just don't use the Illusory World Sword Scripture against me. " At this time, he jumped down from the city gate tower and stood thirty meters in front of Jian Chen. Flowery King also followed.

All eyes were on the city walls of White City!

The great battle was about to begin.

As the two parties faced off, Long Chen became the most neglected. After all, even compared to Lan Ling'er, he was still a few years younger.

"Slut, get the hell over here. Aunt will beat you up into a pile of shit today!" Facing Flowery King, Lan Ling'er felt as disgusting as she could get, and she couldn't help but curse out such vulgar words.

When the Flowery King heard him, he exploded in anger. Seeing that Lan Ling'er had already chosen a battlefield not too far away, she immediately chased after him, while the two claw-lights flew far away, so only Long Chen, Jian Chen and Sikong Sword Saint remained!

Long Chen and Jian Chen stood together, vigilantly looking at each other.

The second stage of the Earth Martial Stage was not something to be trifled with. Although Jian Chen was about to comprehend the true meaning of the second stage of the Earth Martial Stage and reach the level of Sikong Sword Saint, he was still lacking a little, and Long Chen had not even reached the martial arts realm yet.

Clang!

Jian Chen didn't do anything as a pure white Cloudmist Sword appeared in his hands.

"This is the present I gave you, the Cloudmist Sword, when I applied to the Martial Emperor for you to break through to the Martial Realm!" Sikong Sword Saint's face darkened. At that time, when he gifted the Cloudmist Sword to Jian Chen, he had never imagined that Jian Chen would point the Cloudmist Sword at himself!

At the same time, Jian Chen took out another sword, and handed it over to Long Chen: "This is the Rage Sword from the Heaven Stage High Rank, it was used by me when I was using the Heavenly Completion Stage, and is slightly better than the one you are using now, make do with it. "Originally, you did not learn the sword. After reaching the Martial realm, you still had to return to your fist techniques. So, good swords were useless against you."

What he said was right, when Long Chen used the sword back then, it was purely because of the The way of the Demon Emperor's Sword, and then, it was only because of the Heaven Punishing Sword Formation later on. In actuality, his understanding towards the sword was far inferior to someone like Jian Chen, who was born in a Sword Fighter.

Long Chen took the Desolate Sword!

On the other side, since he was called the Sikong Sword Saint and he was even Jian Chen's master, his attainments with the sword was naturally quite robust as well. At this moment, Sikong Sword Saint had pulled out a dark green sword blade from his Cosmos Sack, which was about the same as Jian Chen's Cloudmist Sword!

"This is the Jade Net Sword, also an Elementary King Level Divine Sword. It belongs to the same line as the Cloudmist Sword." Jian Chen whispered into Long Chen's ear.

Three people, three swords, stood facing each other.

I'm giving you one last chance to kowtow to the Martial Emperor and admit your mistake. Sikong Sword Saint said with a gloomy face.

"Yes, unless you commit suicide in front of me." Jian Chen sneered.

Sikong Sword Saint paused. He knew that this would be the result, thus, after he finished speaking, he slowly raised his Bi Luo Sword. "It looks like the grudge between us will be completely resolved today."

"Why are you so old, you talk so much nonsense." Jian Chen continued to sneer.

's words had already ignited the fury in his heart. At this moment, his eyes were slowly starting to turn red, but of course, compared to Jian Chen's blood-red eyes, he was still far lacking.

"The Illusory Sword Technique is something I taught you. You think you can beat me with it?" Sikong Sword Saint laughed instead of getting angry.

Jian Chen did not speak. His Cloudmist Sword slowly rose up, and with a swoosh, his figure had already disappeared from Long Chen's sight! When the opposing Sikong Sword Saint saw him make the first move, he also disappeared in a flash. In that instant, the two of them clashed crazily!

"Such a fast speed, have you forgotten about me?" Holding the broken Desolate Sword in his hand, Long Chen walked towards where they were fighting!

Sword!

Earth Martial Stage's sword technique was the same as the fist technique. At this moment, the two people in front of them seemed to be connected to the entire earth, their every sword and every sword was connected to the slight throbbing of the earth! Thus, although the sword moves looked simple, they were incomparably profound and filled with limitless power. The Sikong Sword Saint had accidentally smashed the sword blade into the ground once, and caused the earth to shake!

It could be seen that Jian Chen had been suppressed by the Sikong Sword Saint from the very beginning. Whether it was fast, ruthless, or accurate, the Sikong Sword Saint seemed to be stronger than him by a bit!

"Illusionary World, Death Character Formula!"

"Illusionary World, Death Character Formula!"

With an ear-piercing noise, the Cloudmist Sword and the Bi Luo Sword clashed against each other. Although there was not much of a tremor, Long Chen knew that it was because they had completely withdrawn their attacks into the blade of the sword!

Under the effect of this ultimate attack, Jian Chen was forced to retreat. Standing in front of Long Chen, it could be seen that fighting with Sikong Sword Saint, had already consumed a large amount of his vitality. At this moment, Jian Chen's face was slightly pale.

Sikong Sword Saint also quickly retreated a few steps back.

"Third brother, can you use your sword moves to stop him? Can you make it so that he can have at least one breath of time before he leaves?" Long Chen asked in a low voice.

"Of course." Jian Chen said.

"Then believe me, let's move together!" Long Chen was already prepared!

Chapter 552 - Death of the Sword Saint

Although he didn't know what Long Chen was going to do, Jian Chen still chose to believe him.

"If I continue to tangle with him, I'll make it so that he won't be able to escape for at least two breaths of time!" After he finished speaking, Jian Chen disappeared again, and headed towards the Sikong Sword Saint, and this time Long Chen also quickly followed. In the process of advancing, he had already stealthily used the Dragonsoul Transformation, and brought his body to its strongest state!

"Old fool, I am not inferior to you in the Illusionary Sword Codex!" Jian Chen was very clear in his heart that the reason the Sikong Sword Saint could defeat him was entirely because of his cultivation level. As for the difference in the Illusory World Sword Codex, there was basically no difference between the two of them!

Jian Chen's words successfully attracted the attention of the Sikong Sword Saint. He coldly laughed and said: "Really? Then, let's continue trying!"

The Cloudmist Sword and the Jadedfallen Sword once again attacked each other. Under Jian Chen's attack, the two swords seemed to stick together.

"Twisting Character Formula?" Sikong Sword Saint's brows twitched as he laughed: "You dare use the Winding Character Formula against me? Do you know that my attainment in the Winding Character Formula is the highest? "To make a fool of himself!"

At first, it was the Cloudmist Sword that was entangled with the sword, but at this moment, the sword was completely reversed, entangling the Cloudmist Sword, the two seemed to be entangled together, as though they were stuck together!

"Now is the time!" Long Chen knew that the time had come, he instantly charged to the side. His actions slightly attracted Sikong Sword Saint's attention, but of course, Sikong Sword Saint was only suspicious for a bit, he had not put any Ninth Level of the Heavenly Completion Stage fighters in his eyes for decades!

But at this time, the power of Jian Chen's Twisting Character Formula suddenly increased, the sword force changed, and instantly turned into waves of attacks, sweeping towards Sikong Sword Saint!

"Use your strongest move! Fight against me! Haha!" Sikong Sword Saint also changed his sword posture, the Blue Luan Sword in his hand became an even bigger gust of wind, as though the earth was shaking, his sword swept towards Jian Chen!

"Illusory realm ultimate kill!"

Long Chen knew that their huge strength, although seemingly simple, contained an endless amount of power. If they were to face it head on, Long Chen would definitely be shattered into pieces.

However, he didn't need to get any closer!

At the last moment, Long Chen's heart was moved!

"Devouring Blood Realm!" Under the display of the boundless Innate Qi, the Innate Qi, which was equivalent to the first stage of the Earth Martial Stage, released an endless amount of power, turning into a blood-colored space, completely surrounding the Sikong Sword Saint. The Devouring Blood Realm's power could only be used on the Sikong Sword Saint's body, and did not affect Jian Chen at all!

The Devouring Blood Realm, was able to suppress the Sikong Sword Saint to a certain degree, especially when the arrival of Long Chen's Devouring Blood Realm was too sudden, which caused the Sikong Sword Saint to be stunned for a moment. He was using his strongest move, yet he had no choice but to split his true essence to suppress the Sikong Sword Saint's blood, lowering the power of his attack!

And because of that, Jian Chen was barely able to block the opponent's attack!

"Little Wolf!" Just as Jian Chen and the Sikong Sword Saint were in a stalemate, Long Chen rushed towards the Sikong Sword Saint. Under his shout, the black figure of the little wolf came out from the Great Void Realm, and the moment it came out, a burst of raging flames surged like a wave, instantly pouncing towards the Sikong Sword Saint!

These ice-cold flames, made Sikong Sword Saint feel a chill down his spine!

"Flee!" This was the first thought that came to his mind! Now, he knew that Jian Chen was only used to attract his attention. This demon wolf's fire attack was their true killing move!

If he were to run away, he might have let down his status, but that was still more important than losing his life, right?

The Sikong Sword Saint could do whatever he wanted, but just as he was about to escape, he was suddenly stunned. Because right at this moment, Jian Chen had already changed his sword force and used the Bind Character Formula, firmly locking his Bi Luo Sword down!

If he still wanted to escape, he would have to give up on his sword. Otherwise, he would have to escape from the sword at least for a breath of time. At that time, he would already be engulfed in flames!

"Motherf*cker, I have an Elementary King Level body tempering technique, what's there to be afraid of?!" Sikong Sword Saint steeled his heart, and directly pulled the sharp sword out from Jian Chen's side. At this time he had already delayed too long, he could only use the Jade Net Sword to block the Nine Serenities Demon Ancestral Flame!

"Azure Falling Wind Sword!"

This sword skill was not as powerful as the gigantic wind wheel. The wildly dancing sword images were able to instantly block the Nine Hell Devil Ancestral Fire's advance. As long as they were able to block for a bit, Sikong Sword Saint would be able to escape!

"You two little brats, how dare you fight with me!" Sikong Sword Saint sneered in his heart. Just as he was about to escape, he suddenly felt a sense of danger from behind him.

"What?" Sikong Sword Saint let out a scream! In his memories, such a huge sword formation could only be used by the Earth Martial Stage, but from the strength of the sword formation, it was clearly not Earth Martial Stage's true essence!

was only able to block one attack from the front and back. Whether it was the Heaven Punishing Sword Formation or the Nether Demon Ancestral Fire, Sikong Sword Saint had a feeling that if he were to endure it, he would be injured!

What he did not expect was that he was actually forced to such a degree!

"You two bastards, you're really smart. Let me endure through this and make you wish you were dead!" In Sikong Sword Saint's heart, he let out a furious roar!

In his mind, appeared Long Chen's appearance. He finally knew that the brat that he had not paid attention to before, was the one that truly threatened him!

Although he was afraid, Sikong Sword Saint did not think that it would pose any threat to him at all. Furthermore, he could clearly see the edge of the sword formation, if he was struck by it, even if he did not die, he would be covered in wounds and it was extremely ugly!

"Go to hell!" Sikong Sword Saint roared, he waved the Bi Luo sword in his hand, transforming into a series of blustering sword images, completely scattering the Heaven Punishing Sword Formation, and the figure of the Heaven Punishing Sword Formation, was also sliced into pieces by the Sikong Sword Saint!

"Did you kill him?" In his opinion, at most, he could only deal with serious injuries. After all, his goal just now was mainly to deal with the Heaven Punishing Sword Formation, and not Long Chen!

But after seeing it clearly, Sikong Sword Saint's face changed greatly!

"devil shadow clone?" He finally understood, the Heaven Punishing Sword Formation just now was actually created by the devil shadow clone! At this moment, he suddenly turned around. The Nether Demon Ancestral Fire had instantly swallowed him! The fine Sikong Sword Saint instantly became a black coloured fire man!

"AHH!" The Sikong Sword Saint's arm was still exposed outside. At this moment, he was frantically rolling on the ground, the true essence within his body forcefully forming a circle around him, blocking him from the Nine Hell Devil Ancestral Fire! Of course, there were some places that couldn't be blocked, which was why the Sikong Sword Saint was crying so miserably!

If this continued, the Nether Demon Ancestral Fire still wouldn't be able to completely kill the Sikong Sword Saint!

Although the Nether Demon Ancestral Fire had left, the little wolf was only able to control a tiny bit of it. Furthermore, it was only a doppelganger.

However, Long Chen was already prepared!

The moment Sikong Sword Saint was engulfed by the Nether Demon Ancestral Fire, the Heaven Punishing Sword Formation he used with his real body and the remnant power of the Golden Crow Soul

instantly descended onto his body. The flames of the Golden Crow soul fragment were hot to the extreme, and the flames of the Nether Demon Ancestral Fire were cold to the extreme.

Long Chen immediately used the Heaven Punishing Sword Formation to rip apart his body, and poured the entire Nine Hell Devil Ancestral Fire into his body. The Sikong Sword Saint let out a series of world-shaking miserable howls, and after three breaths, everything stopped. What remained in place was a black curled up ice sculpture.

Victory!

Jian Chen was somewhat unable to react. He looked at the corpse in a daze, and a trace of loss suddenly appeared in his eyes.

In this short period of time, Jian Chen never thought that he would win, what he felt even more was that the three of them would die here today, and Lan Ling'er would very likely be humiliated because of this. But now, the opponent's strongest Sikong Sword Saint was already dead!

He raised his head, and looked at Long Chen in a daze. He knew that he had only used it as a distraction, and the real culprit who had killed the Sikong Sword Saint was Long Chen! Not only did he have the strength to kill him, he also had a plan to kill him!

He had grasped the timing perfectly!

First, there was the Twisting Character Formula, then there was Devouring Blood Realm, then there was the Nine Hell Devil Ancestral Fire, then there was the devil shadow clone, and finally, there was the Heaven Punishing Sword Formation. Under such strict arrangements, the Sikong Sword Saint was able to last until the devil shadow clone due to strong strength, but in the end, he still fell under Long Chen's Heaven Punishing Sword Formation!

The Sikong Sword Saint, one of the Ten Great Martial Saints who had called for help in the Martial Alliance, had now turned into a lifelike ice sculpture. And all of this was because of this young man in front of him!

Jian Chen was suffocated.

He suddenly discovered that Long Chen seemed to be even more terrifying than Long Yue, at least Long Yue's terror was still within the range of his comprehension. On the other hand, Long Chen, other than his insufficient cultivation, had perfect fighting skills, temperament and battle skills!

Not only was Jian Chen shocked, the people from White City also looked at each other. They knew how high this old man's status was in the Martial Alliance!

The Martial Alliance had one great Martial Emperor, three great Martial King, and ten Martial Saints! As for the Sikong Sword Saint, he was one of the Ten Great Martial Saints. It could be said that in the entire Martial Alliance, there were only four people that were ranked above him!

But now, he had actually died to the sword of a nameless nobody!

Everyone's shocked gaze gathered on Long Chen's body.

Who is the youth beside Jian Chen? This was everyone's question.

Right now, what was left was the Flowery King.

She was extremely relaxed, because she knew that she only needed to delay Lan Ling'er, and once Sikong Sword Saint finishes them off, she would very quickly be able to capture Lan Ling'er.

However, the Sikong Sword Saint was dead.

Chapter 553 - Monsters

When he died, Flowery King personally watched the situation here. She really wanted to remind the Sikong Sword Saint of Long Chen's last Heaven Punishing Sword Formation, but when she shouted out, the Sikong Sword Saint had already turned into an ice sculpture.

"Dead?" The Flowery King was startled, and then, he looked at Long Chen with incomparably shocked eyes. To be able to accomplish such a heaven defying feat at such a young age, in her opinion, the Long Chen she originally didn't care about had already become a heaven defying monster!

"Monster, monster!" Flowery King's face was filled with disbelief. Previously, she was still immersed in her lust, but now, she was trembling in fear!

"Die!" In a short moment of absent-mindedness, Lan Ling'er's light punch landed on her shoulder, causing her to let out a miserable cry as she vomited a mouthful of blood and was sent flying!

Flowery King rolled on the ground a few times, his fat buttocks was now covered in mud, looking extremely miserable, but she did not care at all. She immediately got up, and just as he was about to run away, a pure white sword blade pierced into her back and came out from her tall left breast.

Her life force was rapidly leaving her body.

"Puchi!"

Jian Chen took out his Cloudmist Swords, and Flowery King slowly turned around. At this moment, her chest was a field of blood red, and blood was flowing down from her chest.

The thing that she was most proud of, was currently being pierced by Jian Chen to create a huge hole, it looked as ugly as it could get.

After looking at Jian Chen for the last time, she collapsed weakly onto the ground.

"You slut, you deserve no good ending!" Lan Ling'er kicked her a few times as she angrily scolded her. Only after that did she finally vent her anger, looked at Jian Chen who had a calm expression and said: "Third Brother, Third Brother, I know that you are feeling very upset, but have we at least taken revenge?"

Jian Chen nodded, and said: "Ling'er, you don't have to comfort me. After living for so many years, I have long since gotten used to many things. The dead are already dead, and the blood flowing through my veins is the same as theirs. The only thing I can do now is to take revenge and bury them safely. "

Lan Ling'er seemed to understand and nodded.

However, Long Chen was able to tell that quite a few people were probably dead at his side. Perhaps it was precisely because someone he cared about died that he was able to leave Martial Alliance and reunite with Long Yue and the others.

Since the Sikong Sword Saint was dead, there was no one here that could threaten Long Chen and the others anymore.

Of course, one couldn't take advantage of something that belonged to the Flowery King. Lan Ling'er opened her Cosmos Sack to look, and instantly blushed red. She barely managed to take out ten or so king crystal s, then threw the Cosmos Sack away.

"This stinking woman is so disgusting. She brought everything along with her." Lan Ling'er scolded in annoyance.

Although Long Chen did not look, he knew that there was something obscene about it. With her water like personality, it wasn't surprising that she was carrying it on her body.

"Good little brother, you did very well today. These things are for you." Lan Ling'er handed over the dozen or so king crystal into Long Chen's hands. Stunned, Long Chen did not act polite with her and immediately put them away.

king crystal were extremely important to the Martial Realm, and Long Chen had only collected one.

"Find a beautiful place." Long Chen said and then summoned Claw Electricity Yellow. Long Chen and Claw Electra looked at each other and followed along. They knew that although Jian Chen's expression was calm, he definitely felt very uncomfortable in his heart.

Find a beautiful place.

This was what Long Chen had thought when he buried Long Qinglan.

"My life is just like that day." Long Chen was somewhat sorrowful. It was precisely because of that day's Mysterious Dragon Jade that Long Chen had come to this day.

After following Jian Chen for a short distance, he finally found a suitable place. There were a total of thirty people, so it would be more troublesome to bury them. Therefore, Long Chen and Lan Ling'er helped them out.

Jian Chen found a large rock and hacked out more than thirty smooth tombstones. Then, he used his sword and carved out their tombstone inscriptions.

It was all over.

"Third Brother, it's time to go. Big Sis might be getting impatient." Lan Ling'er said to Jian Chen who was kneeling in front of the grave.

"Yes." Jian Chen stood up, he did not linger any longer, and stepped onto the electric claw flying Huang, the two of them helplessly laughed at each other, and then followed, the three of them quickly went in Yun Mengze's direction.

No matter what, only by sharing life and death together could one become a true brother. Long Chen now felt that he had completely become one with this group.

"Dragon race, dragon race. That name is pretty good." Long Chen pondered.

Time passed day by day.

On the way, Jian Chen no longer walked the path of human habitation, so there weren't any obstructions on the way. Because of the lesson taught by the Lianyunshan Mountains last time, Jian Chen became more vigilant, his white hair was much more conspicuous than the others, so he had to be more careful.

"Yun Mengze, another day is about to pass." Three days later, Jian Chen turned his head and said.

His expression was indifferent, as if he was already fine. However, Long Chen and Lan Ling'er both knew that he was still feeling a little uncomfortable.

He continued on his way.

A day's time gradually passed by. Long Chen discovered that the closer he got to Yun Mengze, the more people there were in the surroundings. Moreover, they were all warriors.

"Sure enough, Scarlet Emperor Seal has appeared, all of these people are here to try their luck, when the time comes, I'm afraid that tens of thousands of people will enter Yun Mengze, and with more people, we will be safer. It's just that, in the end, the ones who obtain the Scarlet Emperor Seal will definitely be experts of the Earth Martial Stage and above." Lan Ling'er analyzed.

"Tens of thousands of people?" Long Chen was a little stunned. It seemed that the allure of treasures was truly limitless.

With so many people surrounding them, Jian Chen had no choice but to take another path. Those people were all heading straight for Yun Mengze, and the direction that Jian Chen and the others were heading towards, was Cloud Sky City which was right next to him. In the end, Long Chen not only allowed the little wolf to return to the Great Void Realm, he also brought the two claw-lights back to the Great Void Realm. Of course, what he told them was the beast spirit crystal.

Without mounts, their targets were much smaller, so they were less obvious. Furthermore, Lan Ling'er had an excellent disguise technique, so she had changed herself into a teenager right now. She took a breather over Long Chen's appearance, and then covered up Jian Chen's white.

When they were close to the Cloud Sky City, there would be people flying past them from time to time. Some of them were leisurely discussing what had happened a few days ago.

"Have you heard of it? He was originally a disciple of the Ancient Devil Region, but he seemed to have killed the son of the Demon Emperor and was rescued by the Dragon Clan. A few days ago, he heard that, who had helped the Dragon Clan, appeared in White City and directly took care of Jian Chen's master, the Sikong Sword Saint! Three more Martial Kings also died at the same time! "

"So powerful, is he at least at the first stage of Earth Martial Stage? Maybe he is the Long Chen from before? " Another person asked.

"No, I heard his appearance is different."

"What does her appearance matter? Look at that Hundred Transformations Enchantress, isn't her appearance completely different? She might even be a man, how disgusting!" Why would the dragon race risk offending the Ancient Devil Region to save him? Isn't he also the Ice Mountain Dragon Emperor — Long Yue's younger brother? "

"What you said makes sense."

As they spoke, they quickly walked past Long Chen.

There were two places where Long Chen couldn't hold back his laughter from such a conversation. The first was the Ice Mountain Dragon Emperor.

The other concerned Lan Ling'er. She was actually considered to be a man, and she happened to be dressed as a man ...

"What are you laughing at, be careful that I might tear your mouth apart. I'm a man, so what? You're not lucky, little girl!" Lan Ling'er looked at Long Chen contemptuously.

Long Chen was startled. He then remembered that when Lan Ling'er dressed him up, it was probably a prank, and she dressed up a bit like a woman.

"How unlucky." Long Chen rubbed his face with all his might and wiped away the mess on his face.

"Big flowery cat, haha!" After he finished wiping, Lan Ling'er looked at it and laughed his head off.

Long Chen really wanted to beat her up a few times, he immediately used the stream water to the side to wash the stuff off his face. However, with this disturbance, Jian Chen's mood became much better.

"This kid has become a celebrity. Big Sister Long Yue and the others should already know about your situation. " When Long Chen was done, he chuckled.

"It's good that you know. There's no need to explain why we came so late." Long Chen nodded.

In front of them was the Cloud Sky City.

Long Chen had not even gotten close when someone shouted from the side: "Third Brother, come here."

Turning around, it was actually Chi Ying. Most likely, his men had already noticed Long Chen and the other two, so he came over, and directly brought along Long San and the other two, and headed towards the place where they were gathered. On the way, Chi Ying looked at Long Chen as if she was

looking at a freak. After sizing him up for a while, she gave a thumbs up and said, "Seventh Brother, I heard that you killed Sikong Sword Saint?"

"Third brother attracted his attention, and only after restraining him did I make a move. I am not his match in a single move." Long Chen replied truthfully.

"Even so, it's quite impressive. I can't, anyway. " Chi Ying grinned, revealing her pure white teeth.

Very quickly, Chi Ying brought Long Chen and the other two to a col. Lei Zhen was guarding outside, and inside was a pavilion. Jiang Wuya and Long Yue were sitting opposite each other playing chess.

"Don't go, you're about to lose. You can't act shamelessly." Jiang Wuya immediately said.

Long Yue rolled her eyes at him as she slapped the table, turning the chess piece into powder.

Jiang Wuya could only smile bitterly.

No matter how profound a woman's realm was, there was always a child's side to it.

And at this time, Long Chen had become the focus of their gazes. Even Long Yue had discovered that he had seemingly underestimated Long Chen.

Chapter 554 - Dreamy Cloud Great Ze

Being looked at in such a manner by everyone, Long Chen felt a little embarrassed and laughed:

"Brothers and sisters, I know that even though I'm very handsome, don't look at me in such a lecherous manner, right?"

Puff.

Everyone laughed because of Long Chen, even the stern Long Yue was unable to hold back his laughter.

Seeing that even the corners of Long Yue's mouth revealed a rare smile, Lan Ling'er shouted in shock:

"Everyone look, even the legendary Ice Mountain Dragon Emperor is smiling!"

Long Yue was startled, but immediately retracted her smile, and did not give anyone else a chance, and instead looked at Long Chen: "This time's performance is very good, when the Scarlet Emperor Seal is done, we can help you attempt to break through to the Earth Martial Stage, the six of us are all experienced people, and some experience, will be of help to you."

"Not only is it not bad, it is also godly." Lei Zhen chuckled. He was big and his voice was quite loud.

Long Chen knew that because of the relationship with the Scarlet Souls in the Holy Martial Empire, their information was extremely sensitive. Just in terms of intelligence, they had already surpassed forces like the Ancient Devil Region. So they should know every detail of what happened that day in front of the White City. And it should be clear.

"For Long Chen to be able to kill the Sikong Sword Saint with the help of his third brother, his own strength is a part of it. His beasts and his third brother's help are also a part of it. Jiang Wuya stood up and analyzed the situation. He looked at Long Chen with eyes filled with praise.

Their praise was the greatest affirmation towards Long Chen.

Long Chen felt that he really had the ability to blend into the group. At least from now on, he wouldn't drag his feet anymore. In fact, in this group, he was not the weakest of them all. At least Lan Ling'er wouldn't be able to beat him.

As for the others, Long Chen did not dare say for sure, as he was very familiar with Long Chen's techniques, as long as Long Chen got close to him, he would definitely die. As for Lei Zhen and Chi Ying, Lei Zhen was the beast spirit that possessed king level three, and it was even of the lightning attribute. As for Chi Ying, who was an assassin, she was the nemesis of Long Chen.

Every single person in the Dragon Clan was extraordinary.

"Alright, since we're all here, let's head towards Yun Mengze. Over the past few days, over ten thousand people had rushed into Yun Mengze, but with Yun Mengze being so big, who knows where he would be? We can only go in first and wait for Yun Mengze to appear. " After Long Yue finished speaking, she looked towards Lan Ling'er and said, "Ling'er, fish and dragons are mixed together this time. In order to avoid unnecessary trouble, you should disguise yourself for now."

"Alright!" Lan Ling'er used a male's voice. Right now, she was dressed in elegant clothes that were made of jade and were extremely attractive. It was on the same level as the wolf cub.

As long as the wolf cub was at the king level, he would be able to return to his human form.

Regarding this, Long Chen looked forward to it.

Under Lan Ling'er's superb skill of disguise, after an hour, everyone's appearance changed. Seeing the group of seven, it was very difficult for anyone to guess that they were from the dragon race. Of course, if it was the Ancient Devil Region or one of the higher ups of the Martial Alliance, it would be easy to tell with a glance.

Everything was ready.

"Oh right, I forgot to tell you guys. This time, the Martial Alliance sent two Martial Saints and ten Martial Kings to kill us. I have already killed three Martial Kings. As for the others, when they heard news of the Scarlet Emperor Seal on the way, they had also chased over to Yun Mengze's place. In this place, they had competed for the Scarlet Emperor Seal, and they would be extremely big of an enemy. After everything was prepared, Long Yue revealed the news to Long Chen and the others.

There were three great Martial Kings in Martial Alliance, and all of them were at the third stage of the Earth Martial Stage. They were around the same level as Long Yue, but that Yang Ningfeng was probably an expert at the same level as him.

"Is there anyone else besides them?" Long Chen asked.

"Within the Holy Martial Empire, most of the forces would belong to the Martial Alliance and become its members. However, there are differences among them. Some of the smaller forces would be assimilated by the Martial Alliance and the experts between them would become the Martial Kings and Martial Saints of the Martial Alliance. However, there was another part that had the title of serving the Martial Alliance, becoming a member of the Martial Alliance. The Ancient Devil Region and Huangfu Family were the representatives of this group. Although the Ancient Devil Region and Huangfu Family were considered to be members of the Martial Alliance, they did not listen to the orders given by the Martial Alliance. I am not sure whether they will come here either, but I think that Mo Huangjiangwuxie and Huangfu Fengchen are probably people who cannot help but feel lonely." Long Yue said indifferently.

Long Chen finally understood.

Previously, when he heard that Ancient Devil Region was a member of the Martial Alliance, he thought that it was one of his subordinate organizations. But now, it seems that it might not be the case, the Ancient Devil Region had its own management system, it was just that the Martial Alliance was too

powerful, they had no choice but to submit to him in name, otherwise, they would have become a wanted man like the Dragon clan.

At this time, Lei Zhen had a worried look on his face as he said, "Our Warring Clan is in a Battle Country adjacent to the Holy Martial Empire, and the power of the Martial Alliance has long been extended. Warring Clan is a country that is born with pride, and would rather die in battle than submit to us, so the Warring Clan is the only power that has not submitted to the Martial Alliance."

"The Martial Alliance indirectly led the small countries in the southwest among them. Among them, only the Raging Battle Country did not follow the jurisdiction of the Martial Alliance. Fourth Bro, you have to make our people pay more attention to him. One of these days, maybe Martial Alliance's experts will directly destroy your home. " Jiang Wuya spoke in a joking manner.

"My family is very worried about this. However, I from Warring Clan am not afraid of anything. Even if we die in battle, the Martial Alliance can forget about us giving in! " Lei Zhen growled with a dark expression.

"Warring Clan?" Long Yue's eyes flickered. After thinking for a while, she said: "If the Martial Alliance wants to destroy the Warring Clan, then we are all siblings, and we lack a safe place to stay. After the Scarlet Emperor Seal's matter is over, we will go to the north, and if the Martial Alliance attacks the Warring Clan, we can take care of each other."

Hearing Long Yue's words, Lei Zhen immediately kneeled on the ground, looked at Long Yue with grateful eyes and said: "Big sister, Lei Zhen is grateful to you! In this lifetime, even if I have to become an ox or a horse, I will still follow you! "

Long Yue hurriedly helped Lei Zhen up, saying, "Actually, I already had a plan in my mind a long time ago. We are all brothers and sisters, to live and die together, if you continue like this, you will be disobedient, in case I don't recognize you."

When Lei Zhen heard this, he trembled and quickly stood up.

Everyone laughed out loud.

Looking at the six of them, Long Chen felt a tinge of regret in his heart. Maybe the relationship between them was similar to that between the little wolf and him. They could all live and die together, share

hardships and tribulations, and share good fortune and bad hardships together. Long Chen had not interacted with them for a long time, but he was already drawing closer and closer to them.

It could be seen that they were all good people with blood and flesh, who valued friendship and righteousness.

After they finished speaking, a few of them started to head in Yun Mengze's direction with low profile. In order to avoid arousing the attention of others, when they appeared in a place with people, they already spoke very little. Although he was not afraid, he was still in trouble. Going from the dark to the light would not be beneficial for him.

After circling the Cloud Sky City, Long Chen finally saw the distant Yun Mengze. In an instant, he was shocked. In the distant sky, there was a dense black color. Those were all black miasma that permeated the sky for a long time. They stirred, rose, and sank, just like many sinister, ghastly faces.

Beneath the black sky was a black fog, which contained a lot of miasma. The miasma was poisonous, and if one did not have a certain cultivation level, it would be difficult to enter Yun Mengze's realm.

Because of the fog, Long Chen could only see the tip of the iceberg of the swamp. The rolling black mud and the huge bubbles were already terrifying enough.

Seeing Long Chen's surprised expression, Lan Ling'er, who was standing beside him, looked at him slyly and said: "Good little brother, you haven't come to Yun Mengze right?"

"I don't know anything about this place." Long Chen said.

"If that's the case, then I, your elder sister, will be very merciful and explain things to you. In the Holy Martial Empire, there are a total of two forbidden grounds. "

"Which two forbidden areas?" This was the first time Long Chen had heard it.

"The reason why it's called the forbidden grounds is because these two forbidden grounds are paradise for demon beasts, where extremely powerful demon beasts reside. Therefore, for ordinary people, coming to these two forbidden grounds is equivalent to certain death, and the other one is the Divine Sea of Immortality. Although the demon beasts here are much stronger and more terrifying, ordinary

people cannot find out about the existence of the Divine Sea of Immortality, so Yun Mengze is known as the place of death, so one can imagine how terrifying he is."

"Divine Sea of Immortality?" Long Chen seemed to have heard of this name several times, but all of them were linked to Divine Phoenix Birds. That Divine Phoenix Bird, if nothing went wrong, should be the Holy Martial Empire's strongest demon beast.

"You don't need to worry about Divine Sea of Immortality. What I'm telling you right now is the Great Swamp of Dreamy Cloud." Yun Mengze was incomparably vast, and its area was equivalent to the territory of two small nations combined. It was filled with swamps, and inside those swamps lived countless venomous insect venomous beasts, this was the heaven for demon beasts. Because of the terrain and extreme poison, these demon beasts were extremely difficult to deal with, and according to the rumors, there were many king level demon beasts living in the depths of the Dreamy Cloud Great Swampland. That is a super Demonic Beast that can transform into a human! " Lan Ling'er said to Long Chen in a somewhat horrified tone.

She wanted to see Long Chen being frightened, but to her disappointment, Long Chen did not do anything.

Chapter 555 - Two Great Demonic Saints

If it was before, when Long Chen heard that there were so many demon beasts, he would sigh with emotion, this place was simply his heaven. However, when he knew that the cultivation of the Martial Stage was not only about the increase of true essence, but also a kind of comprehension, the blood essence of the demon beasts.

, especially the deepest part of Yun Mengze, is their territory. If we were to forcibly enter, they would definitely intervene, and if the Scarlet Emperor Seal appears in the deepest part of Yun Mengze's body, then that would be troublesome. "

"That's not necessarily the case. This time, not only are there us, the people from the Martial Alliance must come. Furthermore, I feel that the Ancient Devil Region and the Huangfu Clan will definitely come as well. With such a powerful lineup, those demon beasts won't dare to do anything." Jiang Wuya said.

"It's best to be careful. When the time comes, we will try our best not to be the vanguard." Long Yue said.

After he finished speaking, everyone continued moving forward, and at this time, a large number of people started to enter Yun Mengze, Long Yue chose a path with fewer people, and gradually approached Yun Mengze. When they got close, Long Chen felt the terror of the Ancient Devil Region, and a fishy stench immediately assaulted her nose, and among them was the smell of a rotten corpse, and also the smell of mud, it was extremely revolting.

After Lan Ling'er arrived at this place, she immediately flew up to a distance of a meter away from the ground. She didn't want to step on that mud ground.

"This muddy environment will affect our fighting strength. Long Chen, have you just reached the Ninth Level of the Heavenly Completion Stage? Have you tried to fly?" Long Yue asked seriously.

During his journey to Yun Mengze, he had already flown for a while under Lan Ling'er's guidance. Of course, he was still at the starting point, so he could control his body to be about half a meter away from the ground.

"I can stabilize myself in the sky, but I'm still far from being able to do battle in the sky." Long Chen laughed bitterly.

Long Yue nodded her head, and said: "Ninth Level of the Heavenly Completion Stage, can only do this, if you fight, in truth, even if you are in the Earth Martial Stage, and are extremely proficient in flying, you would normally not choose to fight in the sky, after all, the foundation of Earth Martial Stage is the ground, and the Earth Martial Stage's timing is to comprehend the pulse of the earth. Even if we can fly in the sky, we won't be able to escape the earth. "

"Doesn't that mean Flying Heaven is useless?" Long Chen asked.

Long Yue shook her head, and said: "Otherwise, I heard that when we arrive at Heaven Martial Stage, those battles would take place in the sky. I am not very clear about the specifics of the Heaven Martial Stage, but the strength of the Earth Martial Stage is based on the earth, so the foundation of the Heaven Martial Stage is definitely the sky! But how many experts are there in the Heaven Martial Stage? "

Jiang Wuya also sighed with emotion: "Holy Martial Empire is known as one of the Ten Great Saints, but have never been looked up to by any other Holy Dynasty, because the strongest martial artist here, Martial Emperor, is only at the fourth level of Earth Martial Stage.

Long Yue nodded and continued to speak: "It's fortunate that the news of the Five Emperor Prints was completely sealed off by the Martial Alliance and could not be spread to the other Holy Dynasty. Otherwise, there would definitely be a bloody storm in the Holy Martial Empire this time, and I hope that the Five Emperor Prints of the Royal Tier Battle Skills would give birth to an extreme ranker."

Long Chen quietly listened to their conversation.

He now had a rough understanding of the Ten Great Saints's layout.

"Holy Martial Empire is actually the weakest one among them?" The weakest was already this strong. Luckily Long Chen did not go to the other Holy Dynasty, otherwise it would be a tragedy.

After he finished speaking, Long Yue looked at Long Chen and continued: "No matter what, it will still be beneficial for you to fly. I remember that amongst the Huangfu Family, there is a very famous movement skill called the catkin with wind, which is a middle level king level movement technique.

A middle tier king level offensive skill?

This should be the highest level combat skill in the entire Holy Martial Empire.

In Holy Martial Empire, there shouldn't be any high level king level battle skills.

From this, it could be seen how rare the Royal Tier Battle Skills's Five Emperor Prints were.

While they were talking, they had already slowly moved deeper into Yun Mengze. Although there were tens of thousands of people who had entered Yun Mengze's group, and were trying to hide themselves when Yun Mengze was so big, intentionally taking a more dangerous route, other people would not be able to notice them.

The group of seven cautiously made their way through the thick grayish-black fog.

Amongst Yun Mengze, who was always hiding his killing intent, Long Chen's Spirit Devouring Demon Pupil was extremely useful. The Spirit Devouring Demon Pupil could discover the soul of any living being, even if it was a tiny poisonous bug, it would not be able to escape Long Chen's eyes.

Long Chen did not know how much time had passed, but there were more and more venomous insect venomous beast around him. At this time, Long Chen and the rest entered a region where the quagmire in the area was filled with huge bubbles. Long Chen used the Spirit Devouring Demon Pupil to look, and surprisingly discovered that there were at least tens of thousands of crocodiles hidden under the quagmire.

Every crocodile was more than five meters long, their entire body was sturdy, they were covered with all kinds of black color, their four limbs were thick and powerful, their tails were filled with sharp barbs, their strong and forceful mouths were filled with teeth that were as sharp as the edge of a sword.

"Black Demon Crocodile."

Lan Ling'er reminded Long Chen by her ear.

As if smelling the scent of humans, countless large heads stuck their heads out from the quagmire, their shiny, sharp teeth turning this place into something like a mountain of blades!

"Who will lead the way?" Long Yue asked.

These Black Demon Crocodiles simply couldn't understand how strong everyone was. If they didn't use a fierce deterrent, they would attack endlessly.

"Allow me." Lei Zhenlang laughed and walked in front of him. He was very straightforward, facing the swamp in front of him, he directly threw out a punch, and instantly, streams of lightning intertwined and formed a purple fist imprint, causing a deep crater in the swamp. The purple lightning arced quickly in the swamp and soon covered Long Chen's field of vision, as wails of pain and pain rang out.

"This Fourth Brother Lei Zhen is extraordinary. I wonder if he will be stronger than Jian Chen when he uses the Heavenly Curse Lightning Beast?" Long Chen was secretly shocked in his heart.

Due to Lei Zhen's punch, the Black Demon Crocodiles, who only had a sliver of intelligence, were completely terrified. They hurriedly dove into the ground and didn't dare to come out. To humans, they

had always wanted to attack. However, when the people they met were nowhere near their opponents, they still acted in a sensible manner.

Using the Spirit Devouring Demon Pupils, Long Chen could see that these Black Demon Crocodiles were scrambling to dive underground.

Everyone originally wanted to leave, but suddenly, Long Chen turned around. He also turned around and used the Spirit Devouring Demon Pupil to look, and saw that a mile away, four people had quickly rushed over. In the blink of an eye, they arrived in front of Long Chen.

The one in the lead was none other than Mo Huangjiangwuxie. Beside him was his most prized son Jiang Wushang, and two other elders with white hair. One was tall and the other was short, both were dressed like Supreme Elders, but their strength was unfathomable.

"These two old bastards, I never thought they would still be alive. When they heard that the Scarlet Emperor Seal was born, they immediately came over." Beside Long Chen, Lan Ling'er complained.

"What kind of strength?" Long Chen frowned and asked.

"This is the Ancient Devil Region's trump card. Two old men, both at the second stage of the Earth Martial Stage. Over ten years ago, they were two famous Demon Saints in the Ancient Devil Region. Last time we went to Ancient Devil Region and didn't meet them, we were probably cultivating in silence." Lan Ling'er said.

Second stage of the Earth Martial Stage?

That was to have the same strength as Jiang Wuya.

In that case, the Ancient Devil Region was actually quite strong, at least if Jiang Wuya was still in the Ancient Devil Region, they would have three great Demon Saints.

The other four, and Long Chen's group of seven, faced each other. Mo Huangjiangwuxie laughed first, and then laughed coldly.

"I heard there was some movement. I was wondering who it was, so it's the people from the dragon race."

"Doesn't the Demon Emperor have a Mystical Emperor Seal? Why did she come here again? Could it be to obtain Scarlet Emperor Seal s? "Truly lacking in greed." Long Yue said to him tit for tat.

"Mystical Emperor Seal? I am speaking the truth, I truly do not have it, but Long Yue, I do not believe that the Green Emperor Seal is not in your hands! " The Demon Emperor looked at Long Yue with flickering eyes, and said gloomily.

"I even said that the Green Emperor Seal is in your hands." Long Yue said without changing his expression.

The Green Emperor Seal in Long Yue's hands?

Long Chen felt that this was possible, as they would definitely reap some rewards from searching the entire world for the Five Emperor Prints. There was a foundation, at least there was hope.

If that was the case, in addition to the Scarlet Emperor Seal, three of the Five Emperor Prints would have already appeared. Of course, no one would have thought that the Mystical Emperor Seal would actually be in Long Chen's hands. This was probably the most depressing thing for Mo Huangjiangwuxie, because everyone in the world thought that the Mystical Emperor Seal would be in Jiang Wuxie's hands.

Long Yue didn't admit anything about the Emperor Azure Seal, and Jiang Wuxie also didn't stay any longer. At this moment, his gaze swept across Jiang Wuya's face, and immediately landed on a person at the back of the dragon clan.

"Long Chen?"

's name had already spread throughout the entire Holy Martial Empire. The death of the Sikong Sword Saint had a great deal to do with him, but there weren't many people who believed it. If they didn't see it with their own eyes, no one would believe that someone with Ninth Level of the Heavenly Completion Stage could kill someone at the second level of the Earth Martial Stage.

It would be normal if he was in the Four Great Foundation Realm, but it would not be normal if he was in the Martial Realm.

Chapter 556 - Bloody sea viper

At this time, not only Jiang Wuxie, Jiang Wushang and the two Demon Saints were also looking at Long Chen. From Long Chen's body, Jiang Wuxie could indeed tell that Long Chen only had the strength of Ninth Level of the Heavenly Completion Stage.

"Looks like you used a dianyin bead and reached the Ninth Level of the Heavenly Completion Stage on the day that the nine suns were born together." Jiang Wuxie said expressionlessly.

"I still have to thank the Demon Emperor for her dianyin bead. Otherwise, I wouldn't have this opportunity." Long Chen said indifferently.

"Humph!" Even if you rely on an external object to reach the Ninth Level of the Heavenly Completion Stage, so what? You will never be able to reach the Martial Realm, and you will never be able to become a true expert in your entire life. As for those rumors, saying that you killed Sikong Sword Saint, I'm afraid only you would believe it, right? "

Back then, when Long Chen used the Blood Sacrifice, the Demon Emperor had clearly seen that Long Chen's body could already be considered to be completely crippled.

Long Chen did not object to his words.

Sometimes, other people's contempt would be his trump card. Using this contempt, Long Chen could kill them all!

From the perspective of the Demon Emperor and the others, Long Chen had probably been stuck at the Ninth Level of the Heavenly Completion Stage for his entire life.

But in truth, Long Chen's own foundation was extremely strong, and he had only lost a small part of his third blood sacrifice. After going through Long Yue's recuperation and the union of the nine suns, the nourishment of the golden energy had completely recovered Long Chen, and he had even improved slightly compared to before.

"A mere Ninth Level of the Heavenly Completion Stage, yet you all brought him in. Aren't you afraid of harming his life?" Jiang Wushang said with contempt.

When he was in the Ancient Devil Region, he had originally wanted to take Long Chen as his trusted aide, but the current Long Chen, not only had he killed his brother, he had also killed a Demon King and numerous Supreme Elders. This hatred was enormous, and if not for the existence of the Dragon clan, Long Chen definitely wouldn't have been able to live.

, now that you are members of my Dragon clan, he is my seventh brother. Wherever we go, he will naturally go, and if anyone dares to touch him, our brothers and sisters from the Dragon Clan, even if we do not want their lives, we will take their lives. Jiang Wuxie, there's no point in saying so.

After he finished speaking, Long Yue didn't even pay attention to them and directly turned around to leave. The others looked at each other in hostility, and slowly turned around as well.

With so many people protecting him, Long Chen had nothing to worry about. He smiled at Mo Huangjiangwuxie and said: "You already have no son, and you still brought him here, aren't you afraid of losing all of your descendants?"

After he finished speaking, he followed Long Yue and the others.

Jiang Wushang was enraged and was about to attack, but he was stopped by Mo Huangjiangwuxie: "There's no need to attack because of words. Our target this time is the Scarlet Emperor Seal s, and many experts have come. If you truly hate him, you will definitely have the chance to make a move then."
"

"Yes, father!" Jiang Wushang nodded.

Continuing forward.

When they reached the back, they could only carefully move forward. After a long period of time, they were already very close to the depths of Yun Mengze, as if there were a lot of people gathering here, thus, Long Chen had already met with a few groups of people.

Before the Scarlet Emperor Seal appeared, no one chose to fight.

With one look, Long Chen's group could tell that they were very strong, and no one dared to make a move against them.

The birth of Scarlet Emperor Seal, caused many experts to gather together. Every expert had a lot of wealth, which indirectly meant that a lot of wealth would come here, so many people came to Yun Mengze, and Scarlet Emperor Seal was only one of their goals. It didn't matter if they could not obtain it, as the most important thing was to get rich.

"They've already begun their slaughter." Looking at the blood flowing beneath his feet, Long Chen frowned. His surroundings were a misty fog, and in the air, other than the stench, there was a faint stench of blood.

Among them, not only were there people fighting, there were also demon beasts fighting with humans. There were even demon beasts at the eighth or ninth level of the Heaven Stage. These kind of demon beasts stood at the peak, so naturally, their territorial awareness was strong. If someone were to rush into their territory, they would definitely be furious!

From the depths of Yun Mengze's body, loud and desolate roars came one after another.

Sometimes, there would also be screams of pain.

Of course, these Goblin Beasts could not stop Long Chen and the others. With Lei Zhen in the front sweeping, even if it was a Goblin Beast from Ninth Grade Heaven Stage, it would still be a matter of a punch. His Lightning Attribute, was the nemesis of these kind of dark and cold Goblin Beasts.

BOOM!

Lei Zhen's punch directly killed a black long snake. This long snake was around twenty meters long with a diameter of nearly one meter, its mouth was filled with venom, and its strangling ability was extremely strong, it was a Heaven Ranked Level 8 demon beast. However, Lei Zhen's punching technique did not have any power to resist.

hiss

After Lei Zhen killed the long snake, a strange voice was suddenly heard.

"Be careful, it's a king level beast!" Long Yue cried out in alarm and hurriedly pushed Lei Zhen behind him while the others quickly gathered together and vigilantly watched the scene in front of them.

A few dozen meters in front of Long Yue, the quagmire there began to roll like boiling water, and then, it opened up to reveal a huge black object. The first thing that attracted Long Chen was a pair of blood-red eyes that were even larger than a face.

Long Chen took a closer look and discovered that this huge object was actually a snake head. The part that had appeared outside was around the size of a room, but it was only a snake head.

"First level of the King Level, Bloody sea viper." Lan Ling'er said softly.

"What a huge demonic beast." Long Chen was a little emotional, as expected of the only king level demon beast he had ever seen, it was extraordinary. Just this snake head alone was enough to scare away countless people, especially those huge blood-red eyes, which were like two pools of blood, slowly filled with Evil Qi.

When the Bloody sea viper came out from the mud, it looked at Long Chen and the others with warning and loathing eyes, following that, a black mist completely enveloped it. With a swoosh, the black snake head disappeared, and a youth dressed in black appeared in the same spot, standing in mid air.

If Long Chen looked carefully, he could see that this youth looked quite devilish. His eyes and face were rather narrow and long, his skin was slightly black, and even though his eyes were small, they were exactly the same as the Bloody sea viper's from before.

Long Chen opened his mouth, and the young man's blood-red tongue quickly came out to shake. Long Chen realized that the forked tongue was obviously a snake's tongue, and this young man's appearance, no matter how he looked at it, looked like a long viper.

"This is the human form of the king level demon beast? Sure enough, no one could tell how strong she was, but her body was much smaller. "It's much more convenient." Long Chen secretly thought.

At this moment, the teenager was staring at them. He opened his mouth and fiddled with them for a long time before he finally said, "All of you, are very, very terrifying."

Obviously, it had just mastered this language and wasn't very familiar with it yet.

Long Yue did not interrupt it, but continued to listen to it.

"This is our home. Whoever tries to charge through will be eaten. Its eyes revealed a murderous light as it scanned the crowd.

"We are here to look for the Scarlet Emperor Seal. That thing is useless to you and is a great treasure to us. We only came here to take away things, not to occupy your territory. " Long Yue said indifferently.

"No, no If you leave, if you don't, my king will eat you all. " The youth struggled to speak, but its face was filled with determination.

"Then, I'm sorry. We must obtain the Scarlet Emperor Seal." Long Yue said unyieldingly.

"I'm waiting to die." Seeing that Long Yue had no intention to leave, it stopped talking and looked at the rest of them fiercely, then entered the mud. The ground rolled for a bit, and Long Chen guessed that the Bloody sea viper had transformed into its original form, and escaped from the mud.

"Its appearance means that we are very close to the center of Yun Mengze." Long Yue said.

"Big sister, that guy just said something. My king, wouldn't he be the one from the legends?"

"Yes, the second ranked demon beast in Holy Martial Empire, the Black Water Serpent. This Yun Mengze was its big nest. All the beasts here listen to the Black Water Serpent's commands. " Long Yue said.

"Black Water Serpent, what rank is it?" Long Chen asked.

"The king level three, and one that is even more terrifying, is the Divine Phoenix Bird s whose strength is only second to the Divine Sea of Immortality. This Black Water Serpent had lived for more than a thousand years. It was definitely a very difficult demon beast to deal with. Its size is probably ten times bigger than the Bloody sea viper from before! "

That Bloody sea viper just now, was at least a few hundred meters long, so that Black Water Serpent was almost a few thousand meters tall? That was definitely covering the sky and covering the sun. It was quite terrifying.

Long Chen was a little apprehensive.

"Although the Black Water Serpent is strong, it can't stop us. Me, Mo Huangjiangwuxie, together with Martial King, if the three of us join forces, the Black Water Serpent would also have no choice but to

retreat. However, this time there are many experts present, wanting to obtain the Scarlet Emperor Seal is extremely difficult."

"Wealth comes from danger, the first prerequisite for everyone to preserve their lives, and the second one is the Scarlet Emperor Seal." Jiang Wuya said.

After saying that, everyone looked at each other, and then continued to go deeper. Just now, that Bloody sea viper saw that they were extremely powerful and specially came out to greet them. At this moment, there were quite a few people beside them who were also going deeper into Yun Mengze.

Suddenly, Long Yue shook, and said in a soft voice: "The people from the Martial Alliance are here."

Chapter 557 - Martial King Yang Ningfeng

After Long Yue finished speaking, everyone immediately held their breaths. This time, it was not the people from the Martial Alliance who discovered them, but they were the people from the Martial Alliance who found out about the people from the Martial Alliance first.

It was not a wise decision to come to such a big fight before the Scarlet Emperor Seal appeared.

Thus, everyone's nerves were stretched to the extreme.

"Get down." Long Yue said softly. In this bog shrouded in mist, as long as one laid down, as long as they held their breath and sealed their own undulations, it would be extremely difficult for others to discover them, unless they had Long Chen's Spirit Devouring Demon Pupils.

If they were to lie down, that did not mean that their bodies would come in contact with the mud. The seven people present were all powerful people, and the mud simply could not touch their bodies, so much so that under the suppression of Long Yue's primeval essence, the mud had caved in a huge pit. Everyone sank into the pit, only revealing their eyes and looking in the direction that Long Yue knew.

Indeed, about a few hundred metres away, Long Chen saw a group of people dressed in golden clothes. They did not hide their presence, which was why Long Yue was able to discover them so easily, since they were separated by such a large distance. Long Chen was unable to see their appearances, but he could feel that the opponent's strength was definitely not weaker than his group.

It was obvious that Yang Ningfeng, one of the three great Martial Kings, was among this group of people. In the Holy Martial Empire, the third stage of the Earth Martial Stage was already considered the peak of experts.

Possessing a powerhouse at the third level of the Earth Martial Stage was an important criterion for a power to not be considered a big power.

Long Chen sized up the group of Martial Alliance people who were still far away. They were heading in the direction not towards Long Chen's direction, so as long as they left, there would be no danger.

At this time, Long Chen heard their exchange. It was as if one of them asked: "Is there any news of the Scarlet Emperor Seal?"

Another person answered, "The Fire Soul Crystal hasn't lit up yet, so it should be due to the surrounding fire type energy being weak. Emperor Yang Wu, let's go deeper and try again."

Yang Ningfeng said: "If we go any deeper, it would pretty much be the territory of the Black Water Serpent. But this time, even if it's a Black Water Serpent, if it dares to block my Martial Alliance's way, it will still die.

As they spoke, in Long Chen's eyes, they grew further and further away.

"Fire Soul Crystal? Although it was not of much use, Long Yue's perception of fire type power was still relatively sharp. This way, it would be much easier for them to find the Scarlet Emperor Seal than it was for us," Long Yue said as they walked further away.

At this time, the people from the Martial Alliance had already completely sunk into the dense fog. Even Long Yue was no longer able to see them.

"Wouldn't it be fine if we just followed them?" Long Chen asked.

"If we follow them closely, it will be easier for them to discover us. However, if we follow them further, it will be difficult for us to find any trace of them. It's like now, I don't know where they went." Long Yue said in distress.

"I have a way to follow them at this distance. If you don't get discovered by them, just follow me." Long Chen suddenly said and stood up.

"Hmm?" The other people also stood up, looking at Long Chen with some surprise and suspicion. Long Yue asked among them: "You really have a way?"

Long Chen nodded, the Spirit Devouring Demon Pupil was his method.

With the Spirit Devouring Demon Pupil, Long Chen could definitely follow them without being discovered from a distance of one kilometer. When he said he would sit down, he immediately followed. Of course the others trusted him, they looked at each other, and followed Long Chen's footsteps.

"Even if we don't get the Scarlet Emperor Seal, it definitely cannot fall into the hands of the Martial Alliance." Long Yue said softly, so as long as they kept up with the people from the Martial Alliance, it would be enough. Furthermore, if there was any trouble, the Martial Alliance could block them from the front, and the one to suffer in the end would also be the Martial Alliance, so why wouldn't they do it?

The deeper they went into Yun Mengze, the more powerful the people that remained. Without a Level 7 of the Heavenly Completion Stage, it would be difficult to reach here.

Starting from here, the surrounding area could already be considered the domain of king level demon beast. Thus, after arriving here, Long Chen did not discover any other demon beasts.

The higher the level of the demon beasts, the heavier the consciousness of the territories. Invading their territory, this meant that it was the biggest provocation to them, so when the people of Martial Alliance stepped into this area, the entire mud field immediately started shaking.

The people of Martial Alliance all stopped in their tracks, and looked forward with sinister expressions.

At this moment, a large expanse of mud in front of them seemed to be boiling. Endless amounts of mud rolled and screeched, causing everyone's hair to stand on end. This was clearly the hissing of a snake type demon beast.

With a loud explosive sound, a colossal monster shot into the sky. Being revealed to the outside world, it was already more than a hundred meters away from the ground. This demon beast that was looking at the Martial Alliance with its scarlet eyes was the Bloody sea viper that had warned Long Chen and the others before.

The blood veins extended from its head all the way to its tail.

Bu En, who was outside, was already more than a hundred meters away, but he did not know how long this demon beast was still in the swamp. At this moment, the Bloody sea viper was clearly angry, he had warned these humans, why did these humans still not recognize him and ran over?

To Yun Mengze's Goblin Beasts, this was their home. They thought that they were powerful, but a group of insignificant human beings had invaded their home. How could they not be angry?

The Bloody sea viper released an earth-shattering scream, it suddenly lowered its head, and its snake head was like an arrow, piercing towards the people of Martial Alliance. With a whistle, it suddenly spat out a cloud of red mist when it approached the Martial Alliance!

This was the Bloody sea viper's blood poison mist. Normally, the blood from a person's body would quickly die, causing their body to die, which was extremely terrifying. If one did not use the Earth Martial Stage, they would not have any power to resist the blood poison mist.

"An insignificant skill." At this time, standing at the very front of the Martial Alliance was a white-haired old man. This old man did not have a big skeleton, he was not tall, with bright white hair that was tied into a ponytail, looking neat and tidy. Unlike the others, he wore a long white robe with gold patterns embroidered on it, revealing his superior status.

This man was one of the three great Martial King s of the Martial Alliance, Martial King Yang Ningfeng.

With Yang Ningfeng around, even if the Bloody sea viper came out, the others wouldn't have to worry, the blood red fog quickly rushed towards Martial Alliance, but right at this time, Yang Ningfeng waved his hand lightly, causing a huge wave of energy to surge towards the Bloody sea viper, instantly blowing the blood poison mist back into the air, all of it pouncing onto the Bloody sea viper's body! Clang!

Hiss!

The Bloody sea viper let out a hiss.

"He's just looking to die." Without saying a word, Yang Ningfeng's figure flashed, and the next time he appeared, he was already in front of the Bloody sea viper. Seeing the figure that suddenly appeared in front of him, the Bloody sea viper cried out in shock, and hurriedly retreated, but it was already too late. Yang Ningfeng's fist smashed onto the Bloody sea viper's head, and with a loud bang, a wave of energy spread from the Bloody sea viper's head all the way to its tail.

Under Yang Ningfeng's punch, the head was among them.

The Bloody sea viper let out a wail and then weakly fell to the ground. Its huge body smashed into the mud with a loud bang.

Seeing that, the people of Martial Alliance cheered.

"As expected of the Martial King. To deal with king level demon beasts, it's simply cutting vegetables."

"If I were to fight this Bloody sea viper, even if I were to stake my life, I might not necessarily win, and Martial King is like a fist that I have to bow down to."

Hearing their praise, Yang Ningfeng nodded his head and said: "King Zhao Wu, keep all the useful parts of the Bloody sea viper, especially the beast spirit. I remember that in the Martial Alliance, there is someone who needs king level beast spirit, right?"

The Martial King surnamed Zhao quickly nodded his head and then began to handle the Bloody sea viper's corpse. As for the others, they vigilantly looked around, since killing a king level demon beast meant that's demon beast had provoked hatred, so they believed that the other revenge would come soon.

However, in Yang Ningfeng's eyes, there was not the slightest trace of worry or worry. Martial Alliance was the number one power of the Holy Martial Empire, their actions and actions had always been like this, what were they afraid of?

Very quickly, Martial King Zhao had cut up the Bloody sea viper's corpse. He had already taken away everything that he needed to take away, as for the flesh and blood, they were useless.

"Let's go." The Black Water Serpent is using this little thing as a watchdog, I am only letting it see our strength, letting it know the difficulties of retreating, after all, in this world, anyone can offend it, only the Martial Alliance cannot. " Yang Ningfeng laughed.

Thus, the people of Martial Alliance continued on their way.

Dragon clan members looked at each other and followed after him.

The people of Martial Alliance were truly arrogant.

"Yang Ningfeng was originally a Holy Martial Empire and could be considered one of the top five powers. He is the Sect Leader of the Wind God Cult, but once the Wind God Cult was annexed by the Martial Alliance, he became someone else's slave. From being a slave to a dog, this can be considered a huge improvement. " Long Yue's words were filled with contempt and ridicule.

Martial Alliance advanced, they were advancing as well.

"I wonder where the people from the Ancient Devil Region are. However, based on their characters, they should be at the area of king level demon beast. There are people from the Martial Alliance here who have opened a crack in the wall. I believe that it won't be long before many people rush in through this crack.

Chapter 558 - Black Water Serpent

Following the footsteps of the Martial Alliance, the Dragon Clan entered the area of king level demon beast. Just as they had expected, following closely behind Martial Alliance, many more experts started to enter. However, the Ninth Level of the Heavenly Completion Stage amongst them, presumably meant that the ones that were easy to pick up were the more.

When warriors of the Holy Martial Empire make a breakthrough into the Earth Martial Stage, their information will be recorded by the Martial Alliance. Generally speaking, unless the ability to escape was very strong, one would be caught by the Martial Alliance, who would give them two choices. One was to submit, and the other was to die. So, an ordinary Earth Martial Stage had already been absorbed by the Martial Alliance, or even had the status of a Martial Alliance. Even a great power like the Ancient Devil Region had to have the identity of a Martial Alliance, let alone others?

After the number of people increased, those king level demon beasts strangely disappeared.

The people of Martial Alliance walked for a long time but they did not find any traces of king level demon beast. The place where the king level demon beast should have appeared at seemed to be empty.

"He should have fled?" Long Chen guessed.

After all, king level demon beast had already taken human form and possessed intelligence. With so many Innates coming this time, if those King Level One demon beasts were to meet the people from Martial Alliance, they would simply be courting death. Thus, it should be normal for them to be hiding for the time being.

Long Chen had a premonition that that whatever Scarlet Emperor Seal, would appear in this place.

He continued to delve deeper.

At this time, many people had already went past Long Chen and the rest, and were sneakily chasing after them. With them meddling in their work, they would be able to follow along.

The people of Martial Alliance also followed behind a lot of lackeys.

"Yang Wu Emperor, shall I go kill them?" One of the Martial Kings said.

"No need, little clown. What can they do? If the Scarlet Emperor Seal is placed in front of them, none of them would dare to take it." Yang Ningfeng said as he did not even look at them once.

Right at that moment, one of the man said, "The Fire Soul Crystal has heated up. It's very possible that it has sensed the existence of the Scarlet Emperor Seal, in that direction!"

Following the man's gaze, the rest of the Martial Alliance followed Yang Ningfeng one after another as they headed in that direction quickly.

"There are some clues." Long Yue called out to everyone, and immediately followed along. They were extremely fast, and good at hiding, and very quickly, they drew close to Martial Alliance. Of course, she still needed to conceal herself.

BOOM!

With an explosive sound, the flames that shot into the sky lit up in front of him and filled half the sky in an instant before dispersing! It became invisible, but in Yun Mengze, the originally wet air became extremely hot!

"The Scarlet Emperor Seal is over there!"

"Yes, definitely!"

Everyone started shouting, Long Yue's face moved, and she immediately ordered Jiang Wuya: "Protect them well!"

After she finished speaking, her figure instantly disappeared from Long Chen's sight!

"What incredible speed." Long Chen was shocked in his heart. With such a large commotion that suddenly happened in front of him, many people would definitely rush towards him, and it could be said that the closer they were, the stronger they were. Since Long Yue had already gone to fight for the Scarlet Emperor Seal, of course, they couldn't be negligent.

Of course, in Martial Alliance, the leading Yang Ningfeng was the same as Long Yue, he had already disappeared. They were the strongest, and the competition for the Scarlet Emperor Seal s should only be held between the strongest. Long Chen and the rest were just here to try to win the competition.

The Dragon Clan and Martial Alliance's teams instantly left everyone behind, and moved towards the location where the flames had appeared simultaneously from two different directions. At this moment, the people from Martial Alliance had already discovered the people from the Dragon Clan, and two of them were Martial Saints at the second level of the Earth Martial Stage.

In terms of strength, they were stronger than Long Chen.

However, before the competition for the Scarlet Emperor Seal s, they did not attack Long Chen first. The Scarlet Emperor Seal s were the key, but for the dragon race, if they did not have the absolute advantage, the consequences would be disastrous!

As such, neither side had made a move yet.

The real showdown was between Long Yue and Yang Ningfeng.

Long Chen and the others quickly reached where they were, and were only 200 meters away from Long Yue's goal. When everyone stopped, it was because Long Yue and Yang Ningfeng who were in front of them, had already clashed together for a single goal!

"Long Yue, it's you again! "You're courting death!" Seeing the figure, Yang Ningfeng immediately knew who it was. There were only a few third stage Holy Martial Empire warriors.

At this moment, the two of them were at their fastest speed as they charged forward!

Long Chen raised his head and looked, only to see that fifty meters in front of them, there was actually a ball of flames in the air, and he couldn't see the appearance of the flames clearly, but in this gloomy and damp place like Yun Mengze, the flames that appeared, were definitely the object of their competition, the Scarlet Emperor Seal!

Although the Scarlet Emperor Seal was a treasure, the first thing that found it was indeed the two peak experts of the Holy Martial Empire.

Everyone was watching the fight between Long Yue and the Ice Cold Dragon Emperor and Martial Alliance. Who was stronger?

Everyone was curious about this.

However, Long Chen felt something strange. When the Spirit Devouring Demon Pupil looked over, its expression immediately changed and it roared: "Long Yue! Be careful of the swamp! "

In this moment of nervousness, in order to prevent Long Yue from hearing wrongly, he immediately called out her name. Her voice spread extremely quickly, and as Long Yue was fighting against Yang Ningfeng with every second of every minute and second, she naturally heard Long Chen's shouts.

She could tell that it was Long Chen's voice, and at the same time that she was advancing, she split her attention to the swamp area, and after noticing it for a bit, her face changed, and she immediately dodged to the side!

Long Chen's voice and Long Yue's movements were also heard, and even Yang Ningfeng was able to see through them. Yang Ningfeng was not an idiot, his focus was quickly below the swamp, and after sensing the creatures below, his expression immediately changed.

Like Long Yue, he retreated to the other side.

Just at this moment, it was as if the entire Yun Mengze had started trembling, the sound was ten times louder than the commotion that happened at the Bloody sea viper s, the entire swamp had started rolling, as though it was boiling, and the mud was flying everywhere, engulfing everything!

With a loud boom, just as Long Yue and Yang Ningfeng were about to leave, the place they were at earlier suddenly exploded, causing the mud to shoot up into the sky. Right at this moment, a pitch-black mountain burst out from underground.

As expected, it was Yun Mengze's King, the Black Aqua Serpent!

The Black Water Serpent's head was like a small mountain. It was ten times bigger than the Bloody sea viper from before, and just this head was so big. Its body was definitely over a thousand meters tall!

"Bastard!" Yang Ningfeng cursed loudly. Because the Black Water Serpent had just come out, and directly swallowed the Scarlet Emperor Seal that was within reach into its stomach, then its huge body gradually came out from the swamp. Because its body was in the middle of the swamp, when it squeezed out a third of its body, the ground nearby dropped by a whole meter!

From this, it could be seen just how big his body was!

At this moment, everyone raised their heads and looked up. An incomparably large black serpent slowly appeared in front of them. The Black Water Serpent's upper body and head, which were standing in mid-air, had actually left the ground. The snake's eyes, which were emitting a faint green glow, were looking down at the people who were like ants to it.

"Black Water Serpent!"

Many people cried out in surprise. To them, the Black Water Serpent was just a legend of Yun Mengze, it had not appeared for countless years, but they never expected that they would see it today.

However, this did not seem to be a good thing.

Just as the Black Water Serpent had devoured the Mystical Emperor Seal, it suddenly bent down and spat out a black mist without saying a word!

With its size, the black fog that it exhaled was naturally incomparably huge. Everyone felt as if a black ocean was surging towards them. The sight of that black ocean made their scalps tingle.

"Quickly run!"

"This poisonous smoke will corrode our bodies. If we touch even a little bit of it, we're done for!"

"Help!"

The spectating warriors cried out miserably one after another, desperately trying to escape. However, it was obvious that they had to have the speed of their Ninth Level of the Heavenly Completion Stage in order to escape, and those who were close enough, even Ninth Level of the Heavenly Completion Stage would not be able to escape.

As for Long Chen and the others, they were the first ones to notice that the black mist was heading towards them!

"True essence protection!" After Jiang Wuya said this, he immediately pulled Long Chen over to his side. Before the black smoke could reach his eyes, he discovered that he had already been protected by Jiang Wuya's True Essence.

With a rumbling sound, a thick black mist engulfed the area.

Because Earth Martial Stage could protect itself with its Innate True Origin, it could barely protect itself, so the rest of them were in for a lot of trouble. Those people who came to spectate were all just the Black Water Serpent, they killed off half of the people who came!

At least half of them died under the attacks of the Black Water Serpent.

He quickly hid far away. Some had already cried for his parents to run away, and some were still unwilling to give up, so they hid in the distance to watch. The only few remaining strong teams left were one or two scattered Earth Martial Stage s, as well as the dragon race and Martial Alliance.

However, another team had appeared.

This team was hidden in the crowd before, and after the Black Water Serpent's first breath, their figures had already been exposed. They were the few from Ancient Devil Region.

Chapter 559 - Wind God Leg

As a result, what he needed to do had already arrived.

After the Black Water Serpent showed off its might to the group, it lifted its huge body once again, covering the sky and blocking out the sun as it looked at the group below. Amongst them, there were three people which caused him to feel a deep fear. These three people were precisely Long Yue, Yang Ningfeng and Jiang Wuxie.

At this time, Long Yue landed in front of Long Chen and the others, and said: "All of you step back. The Black Water Serpent has swallowed the Scarlet Emperor Seal, this is forcing us to kill it.

Jiang Wuya nodded his head, then brought along Long Chen and the others, and quickly retreated towards the back. On the other side, the people within the Martial Alliance, other than Yang Ningfeng, were also quickly leaving, and as the Scarlet Emperor Seal entered the Black Water Serpent's body, the only thing that could be used right now was an expert at the level of the Martial King.

"I was wondering who it was, it turns out to be the Ancient Devil Region Demon Emperor! I am Yang Ningfeng, how have you been?" Yang Ningfeng laughed.

Seeing that he had revealed himself, Jiang Wuxie did not think that he could hide anymore. He let the two Demon Saints bring his son Jiang Wushang back, then smiled: "So it's Sect Leader Yang from the Wind God Cult. It's been a long time."

Jiang Wuxie did not mention his Martial Alliance's identity, but had instead exposed Yang Ningfeng's sore spot. There was a hint of ridicule in that, which Yang Ningfeng could obviously understand, but now was not the time for him to go crazy, so he coldly said: "What is the Wind God Cult? I am one of the three great Martial Kings, Yang Ningfeng, and you, the Demon Emperor, is also an elder of the Martial Alliance."

Long Yue had enmity with the Martial Alliance, her relationship with the Ancient Devil Region was also not that good, and Jiang Wuxie also had the identity of a Martial Alliance. Logically speaking, if they teamed up, there was a high chance of success in dealing with Long Yue and the Black Water Serpent.

But the Demon Emperor was not an idiot, if she really succeeded, how would the Scarlet Emperor Seal be distributed?

Therefore, Jiang Wuxie knew that it was appropriate to keep the distance between him and the Martial Alliance, so he said: "Of course, of course, but at the moment, the Scarlet Emperor Seal has already been swallowed by the Black Water Serpent and we should talk about this after we kill the Black Water Serpent. Long Yue, what do you think?"

He deliberately did not fall among the Dragon Clan and Martial Alliance, so he asked for Long Yue's opinion.

"He really is an old fox." Long Yue secretly laughed in her heart, then said: "We have come for the Scarlet Emperor Seal. The Black Water Serpent has swallowed the Scarlet Emperor Seal, if we don't kill it, how would we be able to obtain the Scarlet Emperor Seal?"

"In that case, why don't the three of us join forces and settle all our grudges after the Black Water Serpent dies?" Jiang Wuxie said as he looked at the two of them.

Long Yue and Yang Ningfeng could only nod their heads.

This was the only way.

Of course, there were too many variables that everyone had to pay attention to.

Long Chen was also paying attention. After all, Martial Alliance and Ancient Devil Region were considered one entity, and they all wanted to get rid of the dragon race. If they were to join hands, then Jiang Wuya and the others would be in danger. Jiang Wuya clearly thought of this point, and said: "Ancient Devil Region and Martial Alliance combined have four people at the second level of Earth Martial Stage, if these four people join hands, they can completely exterminate us, but no one expected the situation to turn out like this. We will become Yue'er's burden here, so let's go first."

The others thought about it and felt that it made sense. Long Yue was very strong, the Martial King and the Demon Emperor had teamed up to deal with her, and she could also retreat safely. If they were threatened, it might bring about a very bad result.

Thus, everyone nodded their heads.

"In that case, let's go first!" Jiang Wuya instructed.

"Everyone, I want to stay here." At this time, Long Chen suddenly interrupted them and said.

"Why?" Jiang Wuya hurriedly asked. He had already agreed that Long Chen would stay behind.

"I have a movement technique that allows me to travel a distance of five kilometers in a short amount of time. With my current strength, even the third stage of Earth Martial Stage cannot catch me, so I want to stay here and watch for a while longer. If elder sister needs anything, I can also inform you guys. If there really is someone who wants to deal with me, I can just use this escape technique." Long Chen said.

Everyone knew about this escape technique.

With Long Chen here to take care of things and spread the news, it was still good. So Jiang Wuya nodded his head, and said: "We are five kilometers from here, if you are in danger or Yue'er is in danger, you must come over immediately! "Remember, remember!"

"Don't worry, second brother and everyone. I'm not a person without a sense of propriety." Long Chen said solemnly.

Indeed, they understood Long Chen's personality quite well.

As such, everyone looked at each other and immediately began to act. Jiang Wuya brought the other four first stage Earth Martial Stage s and quickly left the place while Long Chen stood on the same spot. Everyone had seen this scene, but they did not hear any orders from the Martial King or the Demon Emperor.

To the Martial King and the Demon Emperor, the Scarlet Emperor Seal was the most important.

On the other hand, the dragon clan had left a youth with Heavenly Completion Stage here, and one of the few people they took a glance at was Jiang Wushang.

Long Yue was very pleased with Jiang Wuya's actions. She needed him to do exactly that, otherwise, with the combined power of Martial Alliance and Ancient Devil Region, the Dragon clan would definitely be annihilated today. But, why did Long Chen stay?

Long Yue thought of Long Chen's escape art and understood it quite well.

This way, she could focus all her attention on the battle.

Long Chen was also carefully watching them fight. Their battle would be of great help to Long Chen in understanding the martial realm.

Sssii! *

Surrounded by the three third stage Earth Martial Stage warriors, the Black Water Serpent also felt an immense pressure, which also stimulated its fierceness. Right at this time, the Black Water Serpent's huge body actually let out crackling sounds, it was actually shrinking!

"Before, its huge body was the original state of the Black Water Serpent, that state was huge, against an ordinary martial artist, with a single breath, it could destroy tens of millions of people. But now, it has to deal with an expert and shrink its body, this way, although its attack range is not big, it will be more solid, more terrifying, and its agility and speed will be even faster and more terrifying!"

Long Chen guessed.

As expected, very quickly, the Black Water Serpent's body became only one tenth of its original length. It was also only one tenth of the original size of the Bloody sea viper, and the Bloody sea viper was hundreds of meters long. As for the current Black Water Serpent, it was only thirty meters long, and its diameter was not even half a meter!

However, the current him had an agile body, a tough body, and was even more terrifying!

Long Chen reckoned that this was the strongest offensive state of the Black Water Serpent.

Its current state made the three experts of the third stage of the Earth Martial Stage a little afraid. The deadlock lasted for a moment and no one dared to make the first move.

The Black Water Serpent raised its head. Its body was completely out of the mud, and it was coiled up.

As its tail swung, it drew a profound trajectory. Long Chen actually discovered that even this king level demon beast's every move seemed to be linked to the Earth Vein. The king level was the same as the Earth Martial Stage.

This was probably the reason why the king level demon beast were so strong.

Hiss!

The snake's bright red tongue emerged from the Black Water Serpent's mouth.

Jiang Wuxie and Yang Ningfeng looked at each other, then Jiang Wuxie said: "Rumor has it that Yang Ningfeng's Wind God Leg is the first kick of the Holy Martial Empire, it is unrivalled in the world, I wonder if I can experience it?"

Yang Ningfeng laughed and said: "I heard that the Demon Emperor's Ancient Devil Fist Scripture is the Holy Martial Empire's number one fist technique. I wonder if I could take a look at it?"

"The two men are actually so bashful and evasive. It really makes me look down on them." After listening to their conversation, Long Yue mechanically mocked. After she finished speaking, her body suddenly appeared in front of the Black Water Serpent.

Crack! Crack! Crack!

On Long Yue's body, patches of red scales began to cover her body. Long Chen was extremely familiar with this process, it was the Dragon Soul Transformation! The Dragon Soul Transformation quickly passed by. Just like Long Chen, not only did Long Yue's physical body increase a lot, the quality of his Innate Qi also increased by a lot. Of course, it was not as abnormal as Long Chen's Innate Qi by ten times.

After all, Long Yue was not a real Dragon Fighter, he was a descendant of one.

The light red dragon's scale completely covered Long Yue, and the dragon's scale looked like a layer of clothing, sticking onto Long Yue's body and revealing her curvy figure. Just based on her beauty alone, the advantage of a woman's body was somewhat better looking than Long Chen's Dragon Soul Transformation.

Of course, this was seen from a male perspective

After seeing Long Yue's Dragon Soul Transformation, the fat cat said disdainfully: "So it's the lowest level Red Dragon. Azure Dragon Red Dragon, in the ancient Dragon Sacrifice Continent, its status is like that of a mortal that cannot cultivate. Of course, your common characteristic is red, which is why you, little girl, think that you are a descendant of her family. "

Long Chen nodded his head, this Dragon Soul Transformation was indeed similar to him.

However, the Azure Dragon, the Red Dragon, was also a mortal? How terrifying was the ancient Dragon Sacrifice Continent exactly?

Long Chen really wanted to return to the Ancient Era to see how those Divine Dragons that ruled over the Dragon Sacrifice Continent died out.

Logically speaking, with so many terrifying existences around, he should have been able to survive. How could all of them be gone?

Long Chen could not understand no matter how much he thought about it.

And at this time, Long Yue's Dragon Soul Transformation and provocation had already angered the Black Water Serpent.

"You guys don't want the Scarlet Emperor Seal, I'll take it first." After Long Yue said this, she rushed towards the Black Water Serpent, causing the Martial King and the Demon Emperor to look at each other and also immediately take action. They only needed one person to take the lead, and with Long Yue taking the lead, they could perfectly keep up.

Three experts of the third stage of the Earth Martial Stage surrounded the Black Water Serpent from three different directions.

Hiss!

The Black Water Serpent let out a series of sharp hisses!

The battle had suddenly begun!

Chapter 560 - Five Dragons Breaking the Heavens

When they really started fighting, Long Chen suddenly realized that their movements and figures had already reached an extent that was difficult for his eyes to see. He could only see the afterimages that flashed past one after another, and even the Black Water Serpent had turned into a black shadow in his eyes.

However, it had never escaped the encirclement of the three!

It could be said that the Black Water Serpent had lived for more than a thousand years. None of the three of them were stronger than the Black Water Serpent. However, their attacks were different. Each of them required the Black Water Serpent to seriously deal with. If the three of them came together, it would have no other choice.

The attacks of the three experts were extremely quick and violent. A black shadow flashed past Long Chen's eyes one after another, and all that could be heard was the sound of explosions and the hissing of the Black Water Serpent!

With a swoosh, the three of them separated at the same time. It was at this time that Long Chen discovered that the Black Water Serpent's body was already drenched in blood, there were a lot of claw marks on his body, and these paw prints were probably created by Long Yue. However, after the Black Water Serpent had been struck, it had obviously suffered internal injuries.

If it were three against one, no matter how strong the Black Water Serpent was, it would be defeated in just ten breaths of time. This made the previously arrogant him realize that his opponents were not ordinary people. Instead, they were all overlords of an overbearing force!

After their first confrontation, the Black Water Serpent had already started to show signs of retreat, its movements were very fast, its body flashed, and was about to drill into the swamp, the three experts hurriedly chased after it, the Demon Emperor was the closest, so they chased after it at the front, but this time the Black Water Serpent's terrifying tail turned into a blur, wrapping around him and lashing at him!

The Demon Emperor's expression changed and she quickly retreated!

"Want to escape!" "None at all!" Martial King Yang Ningfeng sneered. If he let the Black Water Serpent burrow into the ground, then everything would be in vain today. At the same time Martial King was forced back, he kicked the swamp, causing a large amount of mud to be lifted off the ground. Even the Black Water Serpent's body which had just entered the mud was thrown into the air by him!

Long Yue's expression was calm. When they made a move to stop the Black Water Serpent, she took the opportunity, and at this moment, the Black Water Serpent had already been knocked to her side. Without saying a word, Long Yue's sharp claws slashed across five rays of cold light, and instantly appeared beside the Black Water Serpent!

A tremor rang out!

When Long Yue made her move, her five claws swiped across, instantly forming five blood-red dragon images that wrapped around the Black Water Serpent's body!

"Soulcatcher claw, Five Dragons Breaking the Heavens!"

Five consecutive dragon roars that shook the heavens and earth, accompanied by the Black Water Serpent's miserable cries, rang out. Long Chen only saw Long Yue's claw swipe out, transforming into five blood-red divine dragons, and instantly pounced onto the Black Water Serpent's body. Then, he drew five bone-deep ravines on its body! He had even ripped off a large chunk of flesh!

"This move is really powerful." Long Chen was extremely shocked, he had long heard that Long Yue had a family heirloom skill that was a middle king level battle skill called Soulcatcher claw. When Long Chen had previously met the Eagle Martial King, he had used the Soul Shattering Hawk Claws, but that was only an imitation of the Soulcatcher claw.

Seeing Long Yue use it, Long Chen was shocked.

He remembered, the name of this move was 'Five Dragons Breaking Heaven'!

This was the day of the Black Water Serpent. It had been torn off a large chunk of its flesh. The Black Water Serpent let out an earth-shattering howl as its dark green eyes turned blood-red!

Under Long Yue's attack, the Black Water Serpent had been thrown towards Yang Ningfeng, and it was obvious that the Black Water Serpent had already been severely injured. Yang Ningfeng's expression turned cold, and the moment he appeared again, a gust of violent wind swept towards the Black Water Serpent, crashing onto its body. That fierce wind was actually an endless shadow of its legs!

Three experts who were about the same as it attacked it, it could not even escape. Under the attacks of the Martial King, most of its life was taken, and its body also landed in Mo Huangjiangwuxie's direction below.

"Both of you take action, then let me settle this!" The Demon Emperor let out a long hiss and punched out with her fist. A blurry shadow appeared behind him and converged to form his earth-shattering fist print. It suddenly struck the Black Water Serpent's head, causing it to cave in!

The Black Water Serpent let out a last howl.

Then he died.

No matter how strong it was, it was helpless against the three of them.

After its life force disappeared from the Black Water Serpent's body, its body quickly swelled up. Not long after, it completely recovered the previous thousands of meters of its body, and its enormous body, like a mountain range, laid horizontally in front of Long Chen.

Once the Black Water Serpent died, everyone was stunned for a moment before realizing that it was time to fight for the Scarlet Emperor Seal.

The first to react were the three experts, without saying a word, they directly jumped into the corpse of the Black Water Serpent, such a big corpse, they could not take it away, moreover they did not have such a big Qiankun bag, so the only way now was to dive into the corpse of the Black Water Serpent, and find the Scarlet Emperor Seal!

At this time, they did not care how disgusting it was inside its corpse. No matter how disgusted it was, they still recognized it.

The three great warriors all had powerful bodies, especially Long Yue. Her sharp claws could basically allow her to move freely among the corpses of the Black Water Serpent. After all, the Black Water Serpent's toughest part was its skin, muscles, and internal organs. Her claws could easily tear it apart!

When the three experts went in, the people of Martial Alliance and the people of Ancient Devil Region all looked at each other, then swarmed towards the corpse of the Black Water Serpent. They took out their weapons and cut apart the corpse of the Black Water Serpent, and if they were lucky, they might even get their hands on a Scarlet Emperor Seal!

Long Chen obviously wanted to take action as well.

and the rest had left, Long Chen had nothing to be afraid of, if it really wasn't the case, he would escape with his blood, so he took out the Desolate Broken Sword and rushed towards the Black Aqua Serpent.

The people from Martial Alliance and the people from Ancient Devil Region had all stabbed into the black serpent's corpse.

If they were to meet inside, Long Chen did not believe that they would not fight.

To Long Chen and the others, the lives of any one of the dragon race were more important than the Scarlet Emperor Seal, so without a way to protect themselves, it was better not to make a move in this situation where both the fish and the dragons were mixed.

Just as Long Chen approached the corpse of the Black Water Serpent, someone stopped him. It was Jiang Wushang.

"I think, if Long Yue obtains the Scarlet Emperor Seal and I kidnap you, wouldn't that mean that I have obtained the Scarlet Emperor Seal?" Jiang Wuxie chuckled.

"Then if Jiang Wuxie obtains the Scarlet Emperor Seal and I kidnap you, does that mean I have obtained the Scarlet Emperor Seal?" Long Chen asked.

Since Jiang Wushang had stopped him, it was just right. To Long Chen, trying his luck inside the Black Water Serpent might as well just be trying his luck outside. If he accidentally bumped into the Martial King Demon Emperor inside, he would be done for. In such a small space, he couldn't even use Blood Escape.

At this time, other than Long Chen and Jiang Wushang, the rest had entered the Black Serpent's corpse.

Long Chen was actually not the least bit afraid, and instead borrowed his own words to ask himself. This caused Jiang Wushang to be stumped for words, as he said with a smile, "It's not like I don't know about your performance in the Ancient Devil Region, do you really think you can beat someone at the second stage of the Earth Martial Stage?"

"Cut the crap. Follow me if you have the guts." After Long Chen finished speaking, he immediately rushed in the direction far away from the Black Water Serpent, and Jiang Wushang hurriedly chased after him.

Within the Ancient Devil Region, Long Chen had heard of Jiang Wushang's reputation the moment he entered. He was the number one genius of the Ancient Devil Region. Not long after Long Chen entered the Heavenly Completion Stage.

It had only been exactly two months and Long Chen was already standing in the same position as Jiang Wushang.

As for the others, they were fighting intensely over the corpse of the Black Water Serpent. Who would have thought that the battle outside would also affect the outcome of the battle? Long Yue would definitely not let Long Chen die, and Jiang Wushang was his future hope. He would also not let Jiang Wushang die, it could be said that only the Martial Alliance did not obtain the Scarlet Emperor Seal, so the outcome of the battle would be decided by Long Chen and Jiang Wushang.

Of course, Jiang Wushang had the confidence that he would definitely win.

"You don't even have a King-level offensive battle skill, do you?" Jiang Wuxie sized Long Chen up, and said disdainfully.

Long Chen only had the True Martial Devil Body and devil shadow clone.

"Long Yue should be able to teach you Soulcatcher claw, but it's too late. Of course, even if you learn Soulcatcher claw, so what? Ancient Devil Region's < Ancient Devil Fist Scripture > is ten thousand times more powerful than the Soulcatcher claw. "

In that case, this guy even learned the Ancient Devil Fist Scripture?

Long Chen felt a bit of pressure.

Of course, he would absolutely not drag Long Yue down.

"If I can't get to the Earth Martial Stage, I can't be a powerful warrior. It seems that I need to quickly figure out what exactly is in the Martial Realm." Long Chen confirmed his next goal.

As for Jiang Wushang, he could only try his best.

Gently lifting up the Desolate Breaking Sword, Long Chen said: "Against you, there is no use of king level offensive battle skills."

"You're crazy!" Jiang Wushang's arrogance, was within his expectations.

The Scarlet Emperor Seal was anxiously fighting for time, so Jiang Wushang had to fight for time. After he finished speaking, he immediately charged towards Long Chen!

Dragon Soul Transformation!

Long Chen was about to reach his strongest state!

Amongst the nine great chakras, the remnant soul of the Golden Crow began to burn ferociously.

This caused Long Chen to feel as if he had become a hot spring within this dark and gloomy Yun Mengze.

A whooshing sound was heard.

The devil shadow clone held a sword edge of Heaven Stage Medium and stood beside Long Chen. His figure shifted, and very quickly, she surrounded Jiang Wushang.

And just at this moment, two groups of people attacked Jiang Wushang!
