

## War God 561

### Chapter 561 - Release him

Long Chen only stayed to watch the show, and also to take care of Long Yue's safety. He never thought that Jiang Wushang would take the opportunity to make a move on him.

As the Young Master of the Ancient Devil Region, the killing intent in Jiang Wushang's heart was even stronger than Jiang Wuxie's.

So the moment they attacked, Jiang Wushang used a heavy hand.

"Although the Primordial Demon Body is not bad, but in my Ancient Devil Region, the strongest body tempering technique is an Ancient Devil Body!" Jiang Wuxie sneered. From Long Chen's actions, he had already guessed that Long Chen did not have the strength to kill the person at the second level of the Earth Martial Stage.

What he did not know was that among opponents who were close to the same level of True Qi, Long Chen had never been defeated, because of the Devouring Blood Realm. After Long Chen's Dragon Soul Transformation, his own boundless true qi was already comparable to the true essence of the first stage of Earth Martial Stage.

The competition for the Scarlet Emperor Seal only needed a short amount of time, so Long Chen needed to finish the battle quickly.

Therefore, from the very beginning, he had immediately used the Devouring Blood Realm!

The blood-red colored space instantly surrounded Jiang Wushang and the mist floated around him. This was an unstoppable, terrifying attack. Under the influence of Long Chen's Devouring Blood Realm, Jiang Wushang was dumbstruck for a while.

Honestly speaking, he had seen Long Chen use the Devouring Blood Realm before, but he did not expect that it would have such a great power. The boundless suction force acted on his body and caused his blood to boil. It seemed that not a single drop of blood had its own consciousness and wanted to break through the restriction of his body and return to the outside world.

Therefore, Jiang Wushang had no choice but to use his Innate True Origin to suppress it.

Once he suppressed it, he wouldn't be able to use nearly half of his primeval essence.

As time went by, Long Chen's realm seemed to be one level higher than Jiang Wushang's.

"What kind of evil trick is this? In front of absolute strength, everything is just like floating clouds!" Jiang Wushang calmed down, his speed did not slow down at all. He did not bother to look at the devil shadow clone behind him, and directly rushed towards Long Chen.

"Ancient Devil Physique!"

This Ancient Devil Body contained a huge amount of power. At this time, Jiang Wushang was using his true essence to suppress his blood vessels, and with a punch in his hand, a huge power rushed towards Long Chen. This Ancient Devil Body was indeed not simple.

However, Long Chen was not an idiot, he would not choose to fight him head on!

At this time, the devil shadow clone was already on Jiang Wushang's body. If Jiang Wushang were to continue attacking, it would be impossible for him to remain safe and sound.

Helpless, he could only move away.

"You're courting death!" After dodging the attack of the devil shadow clone, Jiang Wushang turned back, but at this time, the devil shadow clone had already caught up to him, and a ray of Heaven Punishing Sword Formation suddenly flew towards Jiang Wushang!

The Heaven Punishing Sword Formation of the devil shadow clone was naturally much weaker than what Long Chen had truly displayed. However, Jiang Wushang's current strength was already suppressed by the Devouring Blood Realm, so this Heaven Punishing Sword Formation still brought him a lot of trouble!

"This troublesome clone, I'll destroy it for you today!" Jiang Wushang let out a cold laugh, he was not afraid at all. At this time, he clenched his fist, and a fist art started to evolve. Long Chen approached Jiang Wushang at this time, so he looked more carefully.

A faint figure that covered the sky appeared behind Jiang Wushang, and with the release of his huge fist, the black figure drilled into his fist, and suddenly exploded out. It was already a sinister black fist imprint, and on the fist imprint, Long Chen seemed to see the face of a devil!

"Did you use your ultimate move?" Long Chen smiled faintly. After using the Heaven Punishing Sword Formation, her devil shadow clone had already been kept safe and sound, but at this time, when the enormous Heaven Punishing Sword Formation and Jiang Wushang's Ancient Devil Fist Scripture clashed head on, although Jiang Wushang was only able to use half of his strength, the Ancient Devil Fist Scripture was still a king level intermediate level battle skill and was not something Long Chen's devil shadow clone could defend against.

"Silver spear wax, I was surprised!" Jiang Wushang sneered, and punched and punched until all the Heaven Punishing Sword Formation were scattered.

But was it over?

The moment the devil shadow clone's Heaven Punishing Sword Formation disappeared, Long Chen's Heaven Punishing Sword Formation came. Compared to the previous one, this one was more than ten times bigger, and on the densely packed sword symbols, were precisely blood-red flames!

Those blazing flames instantly caused Jiang Wushang to be a little shocked. He clearly knew that Long Chen's Heaven Punishing Sword Formation did not contain flames before, so where did this blood-red flame come from? Furthermore, from this flame, Jiang Wushang could sense a terrifying might.

"Kill!"

The Heaven Punishing Sword Formation came wave after wave, and this wave was even more terrifying. Adding the power of the Golden Crow's soul into the mix, it was at least ten times more powerful than before.

Without the Devouring Blood Realm's suppression, Jiang Wushang was not much better off. Although his Ancient Devil Fist Scripture was powerful, he did not have enough power to support him. Under Long Chen's sword talisman, the Ancient Devil Fist Scripture was quickly destroyed!

The endless sword runes burned with a blood-red flame. When Jiang Wushang was forced to keep the Ancient Devil Fist Scripture, they wrapped around his body and suddenly attacked!

Long Chen had also planned to kill Jiang Wushang, and now was not the right time to do so. Moreover, Jiang Wuxie was too strong, and didn't have the strength to deal with him.

With a pfft sound, while Jiang Wushang's face was in shock, Long Chen's Broken Desolate Sword pierced into his abdomen, and then patted the back of his head, causing Jiang Wushang to instantly faint from the pain, of course, such injuries were fatal.

Such a result made even Jiang Wushang himself dumbstruck.

He never thought that Long Chen's last Heaven Punishing Sword Formation would actually have such a great power. Even if he cultivated a middle level king level battle skill, he would still not be able to defend against Long Chen's Heaven Punishing Sword Formation!

"How is this possible!?"

Before he had been knocked unconscious, Jiang Wushang's face had been filled with disbelief.

However, the pain in his abdomen told him that it was completely real.

Of course, the reason Long Chen was able to do this was mostly because of the power of the Golden Crow's soul. This additional power was simply too terrifying. For now, it would at least be able to increase Long Chen's attack power by several times!

Defeating Jiang Wushang wasn't too surprising to Long Chen. He took Jiang Wushang's neck into his hands and stood in front of the corpse of the gigantic Black Water Serpent, waiting for something to happen inside. At this time, the corpse of the Black Water Serpent had already exploded one after another, and it was obvious that an intense battle was going on inside, which meant that the Scarlet Emperor Seal had already been found.

After Long Chen waited for a quarter of an hour, suddenly, the Black Water Serpent's skin cracked open a few large holes and a few people rushed out. They were Mo Huangjiangwuxie and the two Demon Saints, and at this moment, they had joyous and joyful expressions on their faces.

It was obvious that luck was important to find the Scarlet Emperor Seal s in the corpses of the Black Water Serpents. Therefore, Long Chen was not surprised that the Demon Emperor had obtained the Scarlet Emperor Seal. Instead, he was pleasantly surprised.

After that, Long Yue and the rest of the Martial Alliance also came out from within the Black Water Serpent's corpse, surrounding Mo Huangjiangwuxie and the others. Martial King Yang Ningfeng's face was gloomy, and said: "Demon Emperor, you and I are also Martial Emperor's subordinates, so the Scarlet Emperor Seal has allowed me to bring it back to Martial Emperor, I think that the Martial Emperor will reward you handsomely for this!"

Mo Huangjiangwuxie laughed dryly, then said: "Who said I got the Scarlet Emperor Seal, which eye of yours got it? I don't even have a Scarlet Emperor Seal, then what is it for Martial Emperor?"

"Jiang Wuxie, don't tell me you want the Ancient Devil Region to be completely swallowed? If you want to be like us today, able to last until the end, you should be wise and hand over the Scarlet Emperor Seal. " Yang Ningfeng's face became even more gloomy.

"If it's because of some unknown Scarlet Emperor Seal, then our Ancient Devil Region is not afraid. The Demon Emperor's attitude was very tough. Ancient Devil Region was able to survive under the threat of the Martial Alliance. This Mo Huangjiangwuxie should also have something to rely on.

And at this time, Long Yue found Long Chen. When she saw Jiang Wushang, who was being held hostage by his hand, her eyes lit up, and she immediately stood next to Long Chen.'s actions, also attracted the attention of other people, and for a moment, everyone saw the unconscious Jiang Wuxie in Long Chen's hands.

"No damage!" Seeing this scene, Jiang Wuxie's heart twitched, luckily Jiang Wushang was not dead, if not he would have been crazy. After twenty years, with great difficulty, he finally managed to cultivate a son who could inherit his career, if he were to disappear, Jiang Wuxie would definitely vomit blood.

Thinking about it for a moment, they all knew what had happened. It must have been when everyone was fighting for the Scarlet Emperor Seal, that Long Chen and Jiang Wushang took the chance to attack.

"This is the Long Chen who was rumored to have allied with Jian Chen and killed the Sikong Sword Saint." At this time, a middle-aged man whispered into the ears of the Martial King Yang Ningfeng.

Yang Ningfeng's expression became very solemn. He carefully sized up Long Chen and said: "Ninth Level of the Heavenly Completion Stage actually has such fighting strength, it's truly rare. When he reaches the Earth Martial Stage, wouldn't he be able to directly face an expert at the second level of the Earth Martial Stage?"

"That must be it."

"Such a genius, to actually be unable to be used by my Martial Alliance, and instead colluded with the dragon race. The only method is to kill them earlier so we would be at ease."

This youth was sufficient to cause him fear.

The Martial Alliance's side was filled with killing intent, but the Ancient Devil Region's side was even more furious. The Demon Emperor coldly looked at Long Chen and said: "Let go of him, otherwise, your body will definitely be smashed into smithereens today."

Long Chen would not be scared by him, so he indifferently said: "Let go of him? This is an extremely easy task, but it's not polite at all. I let go of him, the Demon Emperor will give us the Scarlet Emperor Seal, what do you say? "

Chapter 562 - Li Huo Jing

What Long Chen said was within everyone's expectations, but when Long Chen actually said it, everyone felt that he was truly too reckless.

Of course, Long Yue was protecting him here, so he had the qualifications to say that.

The Demon Emperor also had a premonition from the start that Long Chen's words would cause the anger in the Demon Emperor's heart to grow.

One of the Demon Saints' face was ashen as he spoke gloomily: "Kid, you have already become enemies with the Martial Alliance, but don't tell me you want to become enemies with my Ancient Devil Region? No matter how many powerhouses the dragon race has, they won't be able to take it all, right? You better not force all of you to a dead end. "

Another devil saint said, "Today, you will let us take action once, but in the future, we will be able to help you once. If there is a conflict, with the size of the Martial Alliance and the Ancient Devil Region, can you guarantee that the members of your dragon race won't die one by one in the assassination process?"

These two Demon Saints had lived for a long time. They were already crafty foxes.

What they said made a lot of sense.

However, both Long Chen and Long Yue were not scared. Honestly speaking, the Ancient Devil Region had already become enemies with the dragon race. If he was afraid of them, Long Yue would not have come here today. With Jiang Wuya taking care of the situation outside, Long Chen was extremely at ease. Jiang Wuya was a trustworthy person, with him together with the other four, no matter if it was the Martial Alliance or the Ancient Devil Region, it would be difficult for them to make a move.

After all, the Holy Martial Empire was so big, finding someone was easier said than done.

Even if it was within Yun Mengze, it would not be an easy thing to find Jiang Wuya and the others who had just left.

Long Chen and Long Yue looked at each other, and then, Long Chen continued: "You two seniors don't need to trick me, since the Scarlet Emperor Seal is not in my possession today, it is impossible for Jiang Wushang to hand it over to you two. Aiya, let me see, it looks like he is currently bleeding."

Long Chen's tone was extremely cheap.

The Demon Emperor and the others were forced by Long Chen to turn pale.

They regretted not having killed Long Chen earlier when they were still in Ancient Devil Region. If they had killed Long Chen earlier, this wouldn't have been the situation they were in today.

Looking at the Jiang Wushang in Long Chen's hands, Jiang Wuxie's heart shattered.

Those things that flowed out from Jiang Wushang's abdomen were all his, Jiang Wuxie's hard work.

"What should we do?" Jiang Wuxie's mind was also in a mess.

"The Scarlet Emperor Seal is one of the Five Great Emperors Seal. Even if it's gathered, with the Ancient Devil Region's foundation, if the Martial Emperor wants to kill you, where would you, the Demon Emperor, be able to hide? Our dragon race is different, the Martial Emperor did not pull us back, so a wise man knows his place. " Long Chen reminded his once again.

What he said was the truth. The Demon Emperor had the foundation of the Ancient Devil Region, which meant that he couldn't appear and disappear like the dragons. Even if she managed to gather all the Five Great Emperors Seal, before the Martial Emperor's power, he could still help others.

Thinking to this point, the Demon Emperor and the two Demon Saints looked at each other. They had already resigned themselves to their fate.

However, how could the people of Martial Alliance leave things at that?

Therefore, when the Demon Emperor was hesitating, Yang Ningfeng waved his hand, and the people of Martial Alliance immediately surrounded Long Chen and the Demon Emperor. This way, it wouldn't be easy for Long Chen to complete the deal with the Demon Emperor.

The situation had once again entered a deadlock.

Long Chen also started to frown. With the intervention of the Martial Alliance, things seemed to be difficult again.

"Big sister, what should we do?" Long Chen asked, the Martial Alliance was watching him like a tiger, he had no solution.

Long Yue also did not have the confidence to complete this trade while being surrounded by the Martial Alliance.

No one dared to make a move against this deadlock, so it continued.

Just as everyone's patience was slowly disappearing and Jiang Wushang's face was turning paler and paler, suddenly, something unexpected happened.

Not far behind the direction in which Long Chen stood, there was an explosion, and mud flew everywhere. Then, everyone saw a beam of fire that was ten times more violent than before soar into the sky, and it completely scorched half of the sky above Yun Mengze. From within the fiery red clouds, one after another, came the cry of a Brahma Monarch, and at a certain moment, a gigantic Emperor Seal emerged from within, and then disappeared in afterwards!

The duration of this abnormal sign was more than ten times that of the previous one. It only disappeared when everyone was dumbfounded. However, at this moment, the ground started to shake. It was as if something had just come out of the hole.

Long Chen was dumbstruck for a moment, his mind had always thought of things rather quickly. He thought of the legend of the Scarlet Emperor Seal, the abnormal sign just now was exactly the same as the two times in the legends, there was even the shadow of the Emperor Seal.

Does this mean that the Scarlet Emperor Seal the Demon Emperor obtained at this time is actually fake?!

After Long Chen reacted, Long Yue also reacted quickly! At this moment, everyone's eyes were focused on the Demon Emperor. The Demon Emperor was startled, and immediately took out the Scarlet Emperor Seal he had acquired and smacked down with her palm. Immediately, the so-called Scarlet Emperor Seal was smeared into pieces!

"Fake, we've all been tricked!" This thought immediately emerged in the minds of everyone present. At this point, they all knew that they were definitely being toyed with! The first time, it was definitely created by a human, and this Scarlet Emperor Seal was also used by a human to trick others!

That method of deceiving people was truly high!

It was obvious that this was the time the Scarlet Emperor Seal would be truly born!

Those who were fighting for the Scarlet Emperor Seal now, were either dead or injured. Especially the three forces such as the Dragon Clan, the Martial Alliance and the Martial Alliance, they had fought for such a long time that their hatred had already been formed. Who would have thought that it was for a fake Scarlet Emperor Seal!

When the real Scarlet Emperor Seal appeared, they could only stare in shock.

The fastest to react was the Martial Alliance, because they did not have any concerns. When they found out that the Scarlet Emperor Seal was fake, they quickly adjusted their mental state and headed towards the place where the real Scarlet Emperor Seal was born. The people of the Ancient Devil Region obviously wanted to move as well, but unfortunately, Jiang Wushang was still in Long Chen's hands!

Long Chen knew how to choose, since the Demon Emperor did not obtain the Scarlet Emperor Seal, then Jiang Wushang would be useless. Bringing Jiang Wushang would only be a burden, so without saying a word, Long Chen pushed Jiang Wushang towards the Demon Emperor. The Demon Emperor carefully caught him and passed him to the Demon Saint beside him, who obviously didn't have time to teach Long Chen a lesson, following closely behind the steps of the Martial Alliance, towards the place where the true Scarlet Emperor Seal was born.

"We'll go too." Long Yue immediately said.

"Big sister, you go first. I'll come over later. Don't worry, I have a blood escape. If something goes wrong, I'll run away!" Long Chen immediately said.

So he nodded immediately and followed the footsteps of the people of Ancient Devil Region. With Long Yue's strength, Long Chen was definitely at ease, and after Long Yue left, without saying a word, he arrived in front of the Black Water Serpent.

No one knew who got the beast core and soul.

What was most important to Long Chen was the blood of the Black Water Serpent.

With such a large corpse, even the Great Void Realm would not be able to let it go. Therefore, Long Chen once again used the Devouring Blood Realm, and pulled out all of the Black Water Serpent's blood vessels from the corpse. After the mission was complete, a huge ball of blood appeared in front of Long Chen.

Beside him was the withered corpse of the Black Water Serpent.

Long Chen was unable to hold on to the corpse, but he was able to hold on to all these bloodlines.

"Although the key to cultivation in the martial realm is comprehension, increasing true essence is indispensable. With the bloodline of this king level three demon beast, I don't need to worry about the king crystal anymore."

To others, increasing the Earth Martial Stage would require more king crystal, but Long Chen only needed the blood essence of a Goblin Beast to accomplish it.

After storing all the Black Water Serpent's blood in the Great Void Realm, Long Chen finally looked in the direction of the Scarlet Emperor Seal's birth.

"Although powerful enemies surround me, the Five Emperor Prints are extremely important to me. Even if there is only a sliver of hope, I must grasp it well. Wealth comes from danger. If I am not strong enough, how could I have the face to meet Lil Xi's parents?"

Thinking about that girl, Long Chen had an unforgettable feeling in his heart. This kind of longing would make him feel so bad that he couldn't even breathe.

All of these experiences together, all of them were memories that were enough for Long Chen to reminisce about for the rest of his life.

"Go!"

After he made up his mind, Long Chen took a deep breath, and then, without hesitation, he quickly rushed in that direction. He didn't spend too much time just now, so he determined that the current Scarlet Emperor Seal shouldn't have been able to obtain its owner.

Very quickly, Long Chen reached the destination, and at the moment, there were only those people surrounding the destination. Long Chen's gaze was first attracted by the strange structure, and at the moment, what laid before them was a flaming door that rose up from the ground!

More accurately speaking, it was a huge fireball, and on one side of the fireball was a bronze door bathed in flames. The bronze door had a simple outline, but it emitted an ancient aura and a majestic aura that caused one's heart to palpitate.

Above the bronze door was a fiery-red signboard. At this moment, there were four large words on the signboard, burning like flames.

"This is the Li Huo Jing!"

Long Chen very quickly saw these four words.

Li Huo Jing, obviously meant that the door that was shrouded in flames, led to a small world. Which is to say, that Scarlet Emperor Seal was inside this small world!

Long Chen took an extra look at the door, then looked at the person in front of the door. The first thing he noticed was a charred corpse lying on the ground, this corpse was right in front of the door, while the others were all standing motionlessly in front of the door.

Chapter 563 - Huangfu Fengchen

This was the reason why no one moved.

Otherwise, everyone would have already started fighting over the treasures.

In front of Long Chen, everyone was divided into four groups. At this time, Long Chen came over to Long Yue's side. Seeing Long Chen's arrival, Long Yue slightly nodded before focusing on the bronze door in front of him.

Long Chen's gaze then fell on one of them.

There were a total of four groups of people here. One group consisted of Long Yue, one group of Ancient Devil Region s, and one group comprised of Martial Alliance s, while the other group consisted of only one person. At this moment, within the teams of Ancient Devil Region s and Martial Alliance s, there were quite a few people who were looking at the man with hatred.

This man wore a long yellow robe with a few brilliant daisies embroidered on it. In terms of age, he should be around the same as Long Yue, maybe around thirty years old. The man had a smile on his face the entire time, as if he was playful and disrespectful. Even if the others were fiercely glaring at him, they would still return the stare with smiles. It was simply infuriating.

"He is the number one expert of the Huangfu Family, Patriarch Huangfu, Huangfu Fengchen. The fake Scarlet Emperor Seal just now, was caused by him." Seeing that Long Chen was paying attention to Huangfu Fengchen, Long Yue whispered into his ear.

Long Chen finally understood.

This man dared to stand there alone, just like Long Yue. It was obvious that his strength was not low, and only Patriarch Huangfu would have the guts and strength. And, was the farce just now all caused by this fellow? Long Chen was a little speechless, this Huangfu Fengchen was really powerful, a fake Scarlet Emperor Seal was able to cause everyone to spin around.

If the people from the Martial Alliance and the Ancient Devil Region did not pay attention to the bronze door, in their exasperation, they would have attacked Huangfu Fengchen.

Long Chen was also being duped, so he did not have any good feelings towards Huangfu Fengchen in the beginning. However, he suddenly remembered, this Huangfu Fengchen, could it be that this Huangfu Fengchen was Huangfu Qi's father? Seeing Huangfu Qi's crazy look, it was most likely from this guy.

When Long Chen paid attention to Huangfu Fengchen, the other party was also sizing him up. After a while, he also chuckled: "Little guy, my darling daughter misses you, when are you going to make a trip to my Huangfu family?"

Sure enough, he was Huangfu Qi's father.

Long Chen was more or less clear, it was as if Huangfu Fengchen had always been hidden, and had not been announced to the outside world. Therefore, when Huangfu Qi went to the Ancient Devil Region, no one initially guessed that she was Huangfu Fengchen's daughter.

"When I have time, I will definitely go." Long Chen said as he nodded his head. He wasn't familiar with Huangfu Fengchen, so he didn't know what relationship they had. Hence, he kept a bit of distance between them.

Hearing that, Huangfu Fengchen laughed, and said: "Brat, don't be so formal with me, my daughter calls you big brother, and she also treats you as her big brother, all day long since you are her big brother, there is no need to be courteous with me, just treat me as your father."

Puff!

Long Chen almost choked on his own saliva.

This Huangfu Fengchen, was truly a weirdo.

His logic was very strange, once his daughter calls him big brother Long Chen, Long Chen would become his son. Now, even Long Chen did not know how to reply, he could only say: "Since that's the case, I can just call you uncle."

If it was like this, since he wouldn't suffer a loss, he would still be able to build a relationship with Huangfu Fengchen. Now that Long Chen was under his protection, if Huangfu Fengchen tried to cover him again, the benefits wouldn't be small.

Actually, many people understood the meaning behind Huangfu Fengchen's words. Even though his words seemed to be a joke, it was actually to get closer to Long Chen, and at the same time, warn others. He had already said that he would become Long Chen's father, if others were to make a move on Long Chen, wouldn't that be smacking his face? At that time, if he wanted to speak up for Long Chen, no one else would have anything to say.

Everyone present understood, maybe it was because of his daughter, that Huangfu Fengchen was planning to protect Long Chen, and now, those people who wanted to make their move against Long Chen, they had to think about it, could they afford to offend him?

However, Long Chen rolled his eyes at his after he finished speaking those words.

Only then did Long Chen remember his secret. Long Chen and Long Yue were brothers, but instead called him Uncle Huangfu Fengchen, wouldn't that mean that Long Yue was inferior to Huangfu Fengchen's generation?

Thus, Huangfu Fengchen cackled.

Long Chen was tricked by him, hence he looked at Long Yue with a pleased expression.

Long Yue just ignored him.

Everyone was anxiously looking at the bronze door. They had already tried, but the attack did not seem to be effective, there were already people who had died, and even Long Yue did not dare move her hands, let alone the others.

Thus, he could only wait.

It was obvious that Huangfu Fengchen was an expert of the third level of the Earth Martial Stage with a single look. Adding him, there were already four experts of the third level of the Earth Martial Stage here.

Long Chen waited for a while. Just when everyone was thinking of a way, a flame suddenly appeared in front of the bronze door. The flame jumped, and quickly evolved into a few words.

Just like the Li Huo Jing before, the words that appeared were a little ancient. Long Chen guessed that these should be the words of the Middle Paleogene.

"Only five people can enter, otherwise the God Realm will collapse."

After the flames had evolved into these words, they immediately vanished.

"Only five people can enter?" Everyone was stunned. In other words, if six people were to rush in, the Divine Realm would collapse, and the Scarlet Emperor Seal would be ruined. Moreover, the people that went in might not be able to come out. The four Rankers present were the top existences in the Holy Martial Empire. If they were to lose them, there would definitely be a lot of tragedy.

Therefore, no one dared to be careless after seeing this line of words.

The four powerhouses looked at each other, and soon, someone made a fair decision. Martial King said: "We have a total of four powers, the remaining one spot, whoever takes the advantage will not be convinced, right? If only five people can enter, then the four of us will enter. "

Time was of the essence. Yang Ningfeng also wanted to let two people in, but he knew that if others were to fuss over it, they would definitely not agree.

Huangfu Fengchen was the first to agree to his words. After all, he came over himself. Immediately after, Long Yue looked at Long Chen, and agreed. After all, with Long Chen's strength, against four great Rankers, even if he went in, he would not be able to obtain a Scarlet Emperor Seal.

Since the three of them agreed, then Jiang Wuxie could only agree.

"Long Chen, once I enter, they will definitely make a move on you. When that happens, use an escape technique to leave and find Wuya and the others." After making his decision, Long Yue instructed.

Long Chen nodded. When Jiang Wuya left, he had told Long Chen where they were, and that only Long Chen could easily find them.

But he left just like that?

Long Chen was still a little unresigned in his heart.

"Only five people can enter, four of them have entered." Looking at the bronze door, Long Chen's mind spun.

At that moment, with a creaking sound, the bronze door slowly opened! No one dared to move first. They could only wait until the bronze door was completely opened. Only then did everyone discover that the inside of the bronze door was still burning with flames.

Long Yue and the other three all took a few steps forward and looked at each other. No one dared to make a move first. Especially the Demon Emperor and Martial King, they were relatively old and prudent when it came to doing things.

"A few cowards." Huangfu Fengchen looked contemptuously at the Martial King and the Demon Emperor, then his body flashed, and with a sou sound, he directly dove into the flames. The blazing flames, were actually like a lake, rippling outwards. However, Huangfu Fengchen's figure had already disappeared.

"So it's a deceptive trick." Following closely behind Huangfu Fengchen, Long Yue also quickly went in. The Demon Emperor and Martial King looked at each other and also rushed in. After they had entered the bronze door, they found themselves standing in a cave.

First of all, they started to size up the cave. What made them suspicious was that this cave was completely sealed off. There was no way out, the only way out was through the bronze door at the entrance.

The four of them turned around and saw that the bronze door was unaffected. From the outside, they could see the blazing flames inside the door, and from the inside, they could see it very clearly.

"Only five people can enter, don't we understand? Only if we gather enough people can we enter. When the four of us enter, the door will not close and there will not be any new entrances." Until the fifth person came in? " At this time, Long Yue guessed.

The moment she said those words, everyone else felt that her words made sense. Otherwise, how could they explain the current situation? They were trapped in a cave. This cave was in the small universe, so they didn't know how to get out.

After thinking about it for a moment, the Demon Emperor and the Martial King became anxious because the fifth person could only be produced from their team. However, the problem was that they couldn't even make a sound right now, and could only wait for the people outside to comprehend it for themselves. Whoever was the smartest, first thought would have to enter with five people, then they could become the fifth person to enter.

Thus, the four of them looked towards the door.

When the four of them went in, Long Chen had already calculated in his heart.

Once Long Yue left, the people from the Martial Alliance and the people from the Ancient Devil Region all set their gazes on Long Chen.

Long Chen had killed people from the Martial Alliance and even kidnapped Jiang Wushang just now, that was the reason why they would make a move on him.

"Do you want to kill me? It's a pity that you're not strong enough. " Long Chen didn't have the slightest hint of nervousness on his face, which made everyone puzzled. There were four people at the second level of Earth Martial Stage present, yet he still thought that he could escape?

Of the two great Demon Saints, one was taking care of Jiang Wushang, and the other walked forward a few steps and said to the Martial Alliance: "Brother Martial Alliance, this kid just injured my Young Master, I have to take action."

"He also killed my good friend the Sikong Sword Saint. I have to do it!" The people from the Martial Alliance did not show weakness either.

It was really funny, Long Chen did not have the mood to continue arguing with them, and said: "You two old bastards, stop fighting, how about I send you two off at once?"

"This brat is so arrogant, he's courting death!"

#### Chapter 564 - Scarlet Emperor

The Martial Saint of the Martial Alliance and the Ancient Devil Region actually attacked Long Chen, the Ninth Level of the Heavenly Completion Stage warrior, at the same time.

"Two idiots." Long Chen laughed and used Blood Escape, suddenly transforming into a ray of blood light, with a swoosh, he disappeared. Everyone thought that he was going to use an escape technique to escape, but who would have thought, the direction Long Chen was going towards was actually the bronze door.

By the time everyone reacted, Long Chen had already recovered his figure and dived head first into the flames of the bronze door. The flames set off ripples on the surface as it wrapped him up.

"He entered the Li Huo Jing!" Everyone was startled, and immediately chased, but halfway through, Long Chen already went in.

"Don't move, if six people enter, the Li Huo Jing will collapse, and at that time, Martial King and the rest will die." The Martial Saint of the Martial Alliance quickly stopped them.

"This is truly embarrassing. He actually let this kid charge in. This kid is really scheming. I'm afraid he had already planned to go in. That's why he stood fearlessly in front of us!"

"We've been tricked by him!"

"So young, yet so crafty."

"With his strength, after entering, the Demon Emperor would be able to kill him easily, don't worry about it. I'm sure that if he was able to enter, he definitely wouldn't be able to leave."

Everyone cursed in exasperation.

At this time, the bronze door let out another sound, and it actually began to slowly close. After they retreated, the flames on the fireball surged, gradually submerging the words 'Li Huo Jing' and the bronze door. A pure giant fireball appeared in front of everyone's eyes, spinning around and slowly diving into the depths of the swamp, quickly burrowing deep into the ground and disappearing.

Everyone looked on helplessly as the world around them returned to normal. They looked at each other, at a loss of what to do.

"If even the door is gone and there's nothing left, then how will the Demon Emperor and the others get out?" One of the Demon Saints said in shock.

"Don't be anxious. Since someone set a test, there must be a way out. I believe he will definitely obtain the Scarlet Emperor Seal!" The other Demon Saint said firmly.

"In that case, let's return to the Ancient Devil Region to support the overall situation first." After the two Demon Saints made their decision, they took the injured and unconscious Jiang Wushang with them. As for the people from the Martial Alliance, they looked at each other and said, "Let's go to the Cloud Sky City first and this matter to the Martial Emperor, let the Martial Emperor decide!"

"Yes sir!"

Long Chen appeared in front of everyone just like that.

The moment he appeared, with a whoosh, Long Yue pulled him behind himself as he vigilantly looked at the Demon Emperor and Martial King. Originally, they said that they could only send four people each, but now that Long Yue had gotten one more, they would definitely not let this matter rest.

Sure enough, Martial King Yang Ningfeng said: "We four forces can only have four people fighting for it. Now with one more person, in order to be fair, I think the only way is to eliminate it."

Mo Huangjiangwuxie also said, "Long Yue, are you going to take action, or are we going to do it? Don't you dare anger the masses just because of a small Ninth Level of the Heavenly Completion Stage!"

Long Yue looked at them coldly and laughed: "You can simply step over my dead body if you want his life. The problem is, do you have the ability to do so?"

Seeing that they were going against each other, Huangfu Fengchen was still full of smiles, and said: "You two are joking, Long Chen is my darling daughter's good brother, now he's my nephew, maybe in the future he'll become my son-in-law, how can you two old men kill him just because he said so."

Long Chen was stunned.

He looked at Huangfu Fengchen in a daze. To be honest, he had never seen such a father. Huangfu Qi was only ten years old right now, and he was already anxious to find a son-in-law for her. This was too strange.

Of course, Long Chen thought about it, and knew that Huangfu Fengchen was only trying to protect him, and that it was just a joke.

This meant that Huangfu Fengchen and Long Chen were standing on the same side, and so on. This time, Huangfu Fengchen was on the same side as Long Yue.

As for the Demon Emperor and Martial King, they naturally stood on the same front.

It was a 2v2 fight, with balanced power. As for Long Chen, if they really fight, he wouldn't be able to help, he would just be a burden.

The Demon Emperor and Martial King looked at each other. They had clearly seen the situation; if they wanted to kill Long Chen, it would cause a huge battle between the four of them.

The surroundings trembled, and then everyone discovered that in the cave wall in front of them, five areas had begun to be engulfed in flames. The flames gradually grew larger, and in the midst of the flames, five passageway that were as tall as a person soon appeared. Each passage, with the exception of the ground, was enveloped in flames.

A flame emerged from within, and in front of everyone's eyes, there were a few words that evolved.

"Everyone enter a tunnel, otherwise, die."

This death didn't specify who would die, but if they didn't abide by the rules, no one would get a good result. The four of them were calling the wind and summoning the rain in the Holy Martial Empire, arriving at the Li Huo Jing. Do it obediently.

and Huangfu Fengchen were especially worried about Long Chen, which meant that they wouldn't be able to take care of Long Chen. To the two of them, to be honest, Long Chen was merely a burden.

"Big Sister, Patriarch Huangfu, you don't have to worry about me. I'll be fine." Long Chen wanted to let them feel more at ease.

As for the possibility of that, Long Chen was not very confident, but other than fighting strength, he also had many divine abilities. There was also the knowledgeable Little Cat, who should be able to stay alive, maybe he could still obtain Scarlet Emperor Seal s.

Huangfu Fengchen and Long Yue looked at each other and saw the worry in each other's eyes.

"I didn't suggest you come in, but since you've already entered, there's no point in saying anything else. "Young man, I wish you good luck." Huangfu Fengchen gave a rare sigh.

"He's right, I can't help you." Long Yue said in a slightly depressed manner.

At this time, the Martial King and the Demon Emperor looked at them gloatingly, and then walked into their respective passages. Every passage seemed to be the same, so they did not fight for it.

"Don't worry, maybe the last person to obtain the Scarlet Emperor Seal will be me, Long Chen." Long Chen stood up with a face full of confidence, and waved towards Long Yue and Huangfu Fengchen. Then, he turned around and directly walked into one of the passages.

"This young man has quite the guts." Huangfu Fengchen lamented.

"Isn't it exactly like you?" Long Yue said before she too walked into one of the passages. The last passage was left for Huangfu Fengchen.

Except for the dry soil on the ground, the rest of the area was covered in flames. If Long Chen had not merged with the remnant soul of the Golden Crow in his nine great chakras, the mere temperature would have been enough to burn Long Chen to cinders.

Moreover, the deeper they went, the higher the temperature.

"Only five people came in. After the five of them came in, five passages appeared. It seems like they were all prepared." Why? Could it be that there is a power above us that is controlling us? " Long Chen asked.

"You're right, this Li Huo Jing is under the control of a person, of course that person has already died. I don't have much power right now, so I'm still unable to sense his existence. " The fat cat said.

"What do you mean?"

"The soul that exists in the Li Huo Jing and controls this place should be a remnant spirit. Training in the Martial Realm was actually the growth of one's Martial Spirit, the Earth Martial Spirit, the Heaven Martial Spirit, and the Divine Martial Spirit's Divine Martial Stage. When the Earth Martial Spirit and the Sky Martial Spirit were combined, the soul and the martial spirit would be independent. Once the Divine Martial Stage was fused with the martial spirit and the soul, the soul would exist forever. Although his body has already died, under special circumstances, the Divine Martial Spirit can still continue to exist. I think the one controlling the Li Huo Jing is the Divine Martial Spirit that was previously left behind by the Divine Martial Stage Warriors, but of course, it could also be a small part of the Divine Martial Spirit. "

Little Cat's words made Long Chen somewhat understand.

Indeed, he did not know much about the cultivation of the Martial Realm.

However, he had actually heard of an expert from Divine Martial Stage. He was incomparably shocked from the bottom of his heart as he said: "Divine Martial Stage? Above the Earth Martial Stage was the Heaven Martial Stage. Both the Heaven Martial Stage and the Earth Martial Stage had nine stages,

making the total number of stages eighteen. In the entire Realm of Myriad Kingdoms, only the practitioners are currently present, so where did this Divine Martial Stage come from? "

This is not like the strong warriors now. In the Middle Paleogene, there are still some warriors with Divine Martial Stage, as for what kind of people are there, I am not sure. You guys said that you're looking for the Scarlet Emperor Seal, but maybe it's the Scarlet Emperor. The kitten said.

"Scarlet Emperor? Divine Martial Stage? "Five Emperors?" Long Chen secretly noted this down in his heart.

He knew, Divine Martial Stage, this was his goal. As long as he could reach Divine Martial Stage, he might even qualify to be Ling Xi's disciple. However, how long would he need to cultivate Divine Martial Stage?

Long Chen bit his lips. He had a premonition that during this trip in Li Huo Jing, he would very likely encounter something extraordinary.

Maybe he was a bit helpless.

But really, if a man lacked the strength to make the family members look down on him, it would be the most serious humiliation in his life. If he didn't struggle, he would have to bear this humiliation for the rest of his life.

Long Chen was unwilling to accept this.

As such, he walked forward with large strides. Bravehearts were fearless.

This was the reason why he risked so much danger to break into this Li Huo Jing.

If he did not come in, what would he use to marry Ling Xi?

As he walked, Long Chen also didn't know how long he had actually walked for. He gradually quickened his footsteps, and knowing that a ray of light had appeared in front of him, Long Chen rushed out, only then did he realize that he was inside a cave that was more or less the same as before. There were no flames around the cave, and the exit was right there, on the other side, was an identical passage.

However, it didn't seem to be easy to get past them.

Not far from Long Chen's feet, there were dozens of shiny flames burning. The moment Long Chen came out, these flames immediately ignited and shot up into the sky!

## Chapter 565 - Undying Flames

"There's movement." After seeing the unusual movement of the shiny flame, Long Chen immediately took a few steps back, and prepared to take precautions. Logically speaking, there should definitely be a Scarlet Emperor Seal in the Li Huo Jing, and the direction Long Chen was moving towards was definitely towards the Scarlet Emperor Seal.

This flame was the first test that Long Chen was going to face.

"How amazing." Long Chen saw that the sparkling flames were actually growing larger quickly. In an instant, they were more or less the same as a human's, and then, they quickly evolved into humanoid flames one after another. Its appearance was similar to Long Chen's previous divine fire clone. Of course, he was countless times more powerful than the divine fire clone.

The scarlet flames burned fiercely, emitting a crystal-like luster. Following the flow of the flames, it was extremely gorgeous.

Several tens of Flaming Person s appeared in front of Long Chen.

Their faces slowly evolved and their ears and noses gradually appeared. Only their eyes were truly formed, and that part of their faces was much darker, like two small, burning fireballs.

"Phew ..."

Streams of light shot out from their eyes. Long Chen felt that their souls that had been asleep for a long time were actually awakening.

"You want to pass through here to defeat them?" Long Chen's eyes looked at the tunnel opposite him. Deep within the tunnel, he saw another bronze door, which was enveloped in flames and tightly closed. Long Chen guessed that it would not be able to open the door by relying on his own strength.

Thus, he could only defeat these Flaming Person in front of him.

These were all not normal living beings, so Long Chen was not sure how strong they actually were. For safety's sake, Long Chen had already turned into a Dragonsoul Transformation, and a majestic flame energy and dragon's aura emitted from his body. Because the Golden Crow's soul was entrenched within his nine great chakras, Long Chen had a great advantage over the others in terms of flames.

Therefore, he determined that even if the other four people were strong, they might not have the advantage against Long Chen.

A faint blood-red flame circulated on the blood-red dragon's scale.

When he circulated his true qi, the power of the Golden Crow had already formed a flame barrier on the surface of his body.

This layer of flame membrane had increased Long Chen's fire resistance by a lot.

At this time, one of the dozens of Flaming Person walked out and headed towards Long Chen.

"First, one of them came to test my strength?" Long Chen thought to himself, the other party had dozens of people, so he was always hiding in the tunnels. This way, because of the terrain, there wouldn't be many people who could deal with him at the same time.

If it was just one, Long Chen was not worried.

Just at this moment, the Flaming Person suddenly sped up and rushed in front of Long Chen with a punch. Long Chen was shocked to discover that when the punch was thrown out, it actually set off an intense wave of air currents, the blazing fist suddenly exaggerated several times more as it headed towards Long Chen's chest. From this punch, Long Chen could even feel the power of the martial realm!

"So powerful!" Long Chen was quite shocked. When the opponent punched him, he also threw a punch, and the power of the fist was very different with the power of the Golden Crow's soul. The power of the Golden Crow's soul formed a blood-red flame, which included Long Chen's fist.

Puff!

It was still the Golden Crow's remnant soul that was slightly stronger than the other party, who had been pushed back a few steps!

However, Long Chen was already surprised, even Eagle Martial King was forced back by this punch. Didn't this mean that the fighting strength of this Flaming Person was almost at the Martial Stage? If one Flaming Person was like this, then what about dozens?

Long Chen suddenly had a creepy feeling.

This was still the first hurdle. What would happen in the future?

No matter what, in order to survive, Long Chen could not give up. He quickly stabilized his body, and the Broken Desolate Sword in his hand combusted with blood red flames, his body moved, exploding in front of the Flaming Person who was forced back. First, he swung his sword on the fist it was resisting, then, he sliced its body into two!

If not for the Golden Crow's soul, it would be difficult for Long Chen's own combat power to create such an effect.

"One was taken care of, but there are still so many left." Long Chen rushed to the cave entrance, the Broken Desolate Sword in his hands was still burning, yet the dozens of Flaming Person in front had not moved, so he did not dare move.

"How do I get past that?" Long Chen faced them and pondered over this question again.

"Long Chen, be careful!" Long Chen's hair stood on end. With Little Cat's reminder, he already felt a great threat from behind him, he turned around and slashed his sword downwards in the shortest time possible, just in time to collide with Flaming Person's fist that was attacking from behind!

If not for Long Chen's sharp reaction, that fist would have directly hit the back of his head. If that had happened, his injuries would have been heavy, after all, his opponent's attack was close to the Earth Martial Stage.

Under Long Chen's strike, one of the flaming arms was cut off by Long Chen and flung into the sky.

"Didn't I already cut him into two? Why is he still alive?" Long Chen's heart was filled with extreme doubt.

Following that, he saw the flaming arm that was thrown into the sky disappear very quickly, and on the body of the Flaming Person who had his arm severed, another powerful arm quickly grew out, and attacked Long Chen!

"Immortal body? Aren't you playing with me?" Long Chen smiled bitterly, these dozens of Flaming Persons were already hard enough to deal with, and every one of them had an indestructible body, so when would he be able to defeat these Flaming Persons, open the bronze door, and walk to the next stage?

"I don't believe I can't kill you!" The Broken Desolate Sword, burning with blood-red flames, swept across Flaming Person's body sword after sword. After knowing for half a quarter of an hour, he had already cut the Flaming Person into small pieces.

Long Chen heaved a sigh of relief.

So it turned out that these Flaming Persons were not immortal. There was something similar to vitality on its body. Even if Long Chen did not injure it once, it would still cause its vitality to decline, or perhaps it wouldn't drop much in one go. However, under Long Chen's suppressed and berserk attacks, it took about a hundred times for the Flaming Person to die under Long Chen's hands, and completely disappear.

Long Chen put down the broken Desolate Sword as he gasped for breath.

"What a terrifying life force. I can only kill one after another after chopping at them for a hundred times. Even if I kill them one by one, I should be exhausted to death by then, right?" When he thought about this, Long Chen's face paled a little. He looked at the other Flaming Person, and when the first Flaming Person was killed by Long Chen, the other Flaming Person, unexpectedly moved at the same time!

"It's over!" Long Chen was shocked. He thought that there would be two or three here, but what he did not expect was that they all moved at once. Furthermore, from their eyes, Long Chen saw anger!

Long Chen was not yet in the cave, but was still in the passage. The passage was not very large, so for a moment, the amount of Flaming Person Long Chen had to face right now, was only about four or five of them, but even so, it was already enough for him to endure!

No matter how fast Long Chen was, he would not be able to block so many fists. He could only retreat while attacking, but it was a pity that every single Flaming Person needed to be slashed hundreds of times before they could all die. Long Chen had retreated for over a hundred meters, but not a single one of them could be killed!

"If this goes on, I'm done for." Facing such a huge pressure, Long Chen frowned deeply. Of course he did not regret it, he retreated, or even retreat. Right at this moment, a Flaming Person used his comrades' cover to punch Long Chen on the shoulder!

BOOM!

The power of the Flaming Person's fist was not weak at all. Long Chen had the True Martial Demon Body, a powerful dragon body, and the power of the Golden Crow's soul, but was still sent flying backward.

"So powerful!" This punch made Long Chen's blood boil, he almost vomited blood, but his huge punch still caused him to feel dizzy, even his mind had cleared up a little.

"If this continues, I'll definitely die." Long Chen had already realized this. If not for the Golden Crow flames forming a barrier on his body, the power of the Flaming Person's flames would have definitely engulfed his body and burnt him to a crisp.

By the time he landed, six or seven Flaming Person s had already pounced towards him. They had already struck his fist, and as long as they took advantage of the victory to pursue him, they would be able to take Long Chen's life!

Long Chen's expression changed. After he landed, he suddenly cleaved out her Heaven Punishing Sword Formation, and in that narrow space, blood-red flaming sword symbols suddenly erupted with endless sword beams, and those dozens of Flaming Persons were instantly engulfed by Long Chen's Heaven Punishing Sword Formation. The originally crowded passage, instantly became empty!

"Done?" Just as this thought appeared in Long Chen's mind, the remaining dozens of star flames in the pathway suddenly transformed into dozens of Flaming Persons. Not a single one died, but under Long Chen's attack, their vitality slightly decreased.

"Even if I used Heaven Punishing Sword Formation with all of my strength, I would only be able to cut them down to about one-tenth of their life force. It's also impossible for me to slash out ten sword formations."

How could he break through such a terrifying barrier?

Just then, the wolf cub's figure appeared from within the Great Void Realm.

"Big brother, let me try!" Aren't they immortal? I'll just swallow them all, but they're very strong, so if you catch one of them, I'll just devour the other one. What do you say? "

felt that there was still a glimmer of hope, thus he nodded and brought the little wolf out from the Great Void Realm.

This was the only hope left ...

Chapter 566 - Emperor snake with golden thread

The Sun Devouring Demonic Wolf was originally of the fire attribute, but it was the nemesis of all fire attribute creatures.

After exiting the Great Void Realm, the Little Wolf stood beside Long Chen. He lowered his head and looked at these Flaming Persons, black flames flickering in his eyes.

If he was surrounded and attacked by the many Flaming Person s, even Xiao Lang would have to rest, so Long Chen's mission was to protect Xiao Lang.

The devil shadow clone was separated out from his body.

Long Chen and devil shadow clone stood on the left and right side of the little wolf, and the devil shadow clone could at least play a protective role.

At this moment, the little wolf signaled to Long Chen slightly, and with a leap of his four limbs, he pounced towards the Flaming Person s who had just recovered from Long Chen's Heaven Punishing Sword Formation. In an instant, he neared them.

The wolf cub suddenly pounced in front of one of the Flaming Person s. The Flaming Person pounced on him and was about to punch the wolf cub, but right at this moment, the wolf cub opened his mouth and a black vortex appeared in his throat!

Whoosh!

The Flaming Person felt the terrifying suction and it immediately retreated, but it was already too late. Under the Little Wolf's black vortex, it struggled to move, but it was quickly twisted into a ball of flame and was completely sucked into Long Chen's mouth.

The wolf cub suddenly closed his mouth, and two fiery red flames flashed in his eyes, then immediately disappeared.

And at this time, Long Chen was just about to split two nearby Flaming Person s into two!

"It works! That's good," Long Chen heaved a sigh of relief, and excitement appeared on the little wolf's face. It could be seen that devouring that Flaming Person would also be of great use to him, and that he might even be able to turn the little wolf into a king level demon beast.

From the wolf cub to the king level demon beast, he could transform into a human. Although he was still a demon beast and was still a demon beast in essence, being able to live just like a human was already a great surprise to the wolf cub.

Because of this, Long Chen became even more cautious.

When the little wolf had devoured one of the Flaming Person s, he had immediately tried his best to split the other Flaming Person s apart. The little wolf became more and more skilled, and its devouring speed became faster and faster.

In these dozens of Flaming Person, if not for a special existence like Little Wolf, Long Chen would not have been able to fight so much by himself. Even if it was Long Yue and the others, they would have to repeat Long Chen's previous steps when fighting against this Flaming Person, each one of them would take a long time to kill.

Finally, the wolf cub killed the last Flaming Person.

At this moment, the wolf cub's aura had increased by quite a bit.

"How is it, is it enough to break through to the king level demon beast?" Long Chen hurriedly asked with concern.

"Not yet, not yet. king level demon beast are different, they are just like a new life stage, there are basically no demon beasts, and are able to complete the transition from the Heaven Stage to the King Stage, so I estimate that it will be very difficult! " He had even engulfed the Grand Sun Primordial Flame before, but he guessed that there was still a chasm that had yet to be bridged between him and the king level demon beast.

When the wolf cub reached the king level, he would definitely be even more powerful.

"There should be more than one checkpoint, let's continue onward. There might be other gains. " Just as Long Chen finished speaking, the bronze door in the middle of the passage opposite them opened with a loud bang. Long Chen and the wolf cub nodded, and he let the wolf cub return to the Great Void Realm first before he carefully headed towards the bronze door.

Long Chen looked carefully, and discovered that he was in a palace, which could be said to be a gorgeous basement. In this place, whether it was the floor, walls, or even the ceiling, they were all colored in a scarlet Fire Crystal. Although this Crystal was not as precious as the king crystal, it was neatly laid out, and looked very good.

This sealed off hall had originally been a cube, but it had been separated into five large sections, like five tunnels, leading to the next level. Each space had a person that could see the other space, but the

strange thing was, it seemed as if there was a transparent wall in the middle that prevented the people in the two spaces from figuring it out.

In one of the halls, there was a bronze door that belonged to Long Chen, and at the end of it was another bronze door. But at this moment, the bronze door was opened.

When Long Chen arrived here, the first thing he saw was something on the scarlet red crystal floor. The sparkling white crystal that was scattered on the ground was exactly that of the king crystal! And there were quite a few of them!

knew that this was the reward for passing the first stage. Without saying anything further, he took all of these king crystal and placed them into the Great Void Realm. Long Chen understood, the first level of Earth Martial Stage would usually have about a dozen king crystal, and the second level of Earth Martial Stage would probably be around fifty, while the seven hundred plus king crystal had already surpassed the average third level of Earth Martial Stage.

After taking care of his own king crystal, Long Chen looked back. Beside the bronze door that he came out from earlier, there were four other bronze doors, and each bronze door had its own space. At this point of time, every bronze door had already opened, and Long Chen realized that the other spaces had already been cleaned up.

"In other words, the four of them have already passed the first stage?" Long Chen thought about it and looked around. After making sure that there were no other abnormalities in the hall, he turned around decisively and entered the bronze door. After he entered, the door started to rumble and shake before closing.

All four of them were at the third stage of the Earth Martial Stage, so it was normal for them to have passed the first stage before Long Chen.

"If the first stage is so difficult, then what about the second stage?" Long Chen didn't have much confidence in himself either. After hesitating for a short while, he immediately became firm in his confidence.

"What kind of man are you if you're not continuing after coming here?" In front of him was a passage similar to the one before. Long Chen continued to walk and he discovered that the temperature he was facing this time around, seemed to be much higher than the previous time.

Whoosh

There must be something waiting for him there.

Long Chen was still in the state of his Dragon Soul Transformation skill, holding onto the Desolate Sword, he slowly went deeper and deeper. After walking for around fifteen minutes, there was a thick flame in front of him, and after Long Chen was fully prepared, he approached and realised that there was another cave in front of him. This cave was much larger than the previous one. It should be several times larger.

Long Chen had already realized that there was a great danger that had appeared in this cave.

What could it be?

Hiss!

Just as he approached, Long Chen heard the sound of snakes. In the air above him, Long Chen raised his head and suddenly saw that at the top of the cave, there was a sea of fire. The sea of fire was burning intensely, and the hissing sound of the snakes had actually come from this sea of fire!

If one looked carefully, they would realize that it wasn't really a sea of fire, but thousands, or even tens of thousands of thumb-sized fire serpents, all gathered together. Each serpent was only about half a meter long, and these were not real serpents.

In the middle of the tens of thousands of scarlet fire snakes, Long Chen saw a small golden snake. This was a real snake with flesh and blood;

"Be careful, this is one of the famous demon beasts in Middle Paleogene. Its cultivation is at the second level of the king level, but there are many stronger existences who will die in its hands." The knowledgeable kitten reminded.

Long Chen fearfully looked at the little golden snake in the middle. In his view, the higher level a Goblin Beast was, the larger their body would be, and the little golden snake in front of him was a King Level 2 Goblin Beast. Yet its body was so small, it was truly unbelievable.

Grade two king level?

Long Chen felt his scalp go numb.

"What's so magical about it?" Long Chen asked helplessly.

"Command, look at those fire serpents, they are actually formed from ordinary flames. Each fire serpent is like its clone, under the cover of tens of thousands of fire serpents, ordinary people are unable to discover its true form. Its advantage is that its attack power is very strong, its concealment is very strong, and basically, no one can touch it. You can only survive by relying on this, so use your Spirit Devouring Demon Pupil well. " The kitten looked as if it had nothing to do with him.

Long Chen deeply furrowed his brows.

The Spirit Devouring Demon Pupil was something that Li Xuanji had taught him. After reaching the third floor, Long Chen did not improve any further, but as he advanced, the effects of the insight became more and more intense. It was as if at this moment, everything within Long Chen's Spirit Devouring Demon Pupil had disappeared, and the only thing that appeared was the Emperor snake with golden thread's soul.

Through the Snake Soul, Long Chen could grasp his position.

This was his only chance of victory and survival.

"You don't have to be nervous, your luck is extraordinary. Just now, at the first stage of the Earth Martial Stage, you were bound to die, but now you have a little wolf. In this stage, even the second stage of the Earth Martial Stage will be exhausted to death. The kitten said.

Long Chen also felt that his luck was really good.

He looked at the Emperor snake with golden thread above. Tens of thousands of fire serpents were also looking at him, and at this moment, the Emperor snake with golden thread let out a hiss and fell from the sky. When it fell, all the fire serpents moved towards it, as if there was an enormous suction force acting on all the fire serpents.

Shrieks rang out one after another.

Long Chen felt his blood run cold.

Countless fire snakes engulfed the Emperor snake with golden thread in an instant. With a flash of flame, a huge fire snake that was as huge as the king level demon beast and covered the entire sky appeared in front of Long Chen!

Upon closer inspection, one could see that this huge fire serpent was formed from many small fire serpents. At this moment, each fire serpent still had its own consciousness as it flicked its tongue!

#### Chapter 567 - My Destiny

Long Chen took a few steps back, his expression somewhat helpless.

"The Emperor snake with golden thread is hidden within this Fire Snake's body. One of its parts, your Spirit Devouring Demon Pupil, can find traces of him, right? Then try your best to kill it. Compared to others, your advantage is that you know the location of the Emperor snake with golden thread. Those people who don't know are fighting half-dead, so you might not even be able to see the Emperor snake with golden thread." The kitten said.

Even though it was said that Long Chen could find out where the other party was, how could killing it be easy?

Compared to Long Yue and the others, Long Chen's weakness was just too weak. From the situation just now, they were already one step faster than Long Chen.

The blazing gigantic fire serpents coiled around each other, occupying a quarter of the cave. They glared at Long Chen like a tiger staring covetously at its prey.

At this time, using the Spirit Devouring Demon Pupils, Long Chen saw that the Emperor snake with golden thread was at the belly of the Flaming Snake, but that was not necessarily true. At this time, the Emperor snake with golden thread was examining Long Chen, slowly moving. The enormous body was completely under its control.

The middle part of his abdomen was not an easy place to get close to.

What should he do?

The Emperor snake with golden thread was indeed a king level second stage demon beast. The only downside of it was its weak defense. Long Chen had the strength to kill it, but not the opportunity to kill it.

"I wonder if it can differentiate between the devil shadow clone and me?" Thinking about that, Long Chen released the devil shadow clone from his body. The devil shadow clone carried the divine sword of Heaven Stage Medium and rushed into the cave, but it did not directly attack the gigantic fire snake. Instead, it fled towards a corner!

Hiss!

Countless hissing sounds rang, and the huge head of the Flaming Snake instantly turned into a mirage, slashing towards the devil shadow clone!

"This time, I'm afraid my devil shadow clone will be completely destroyed." Long Chen frowned, the devil shadow clone was a big help to him, if it was destroyed, his strength would decrease a little, but, as long as he could kill the Emperor snake with golden thread, it would be enough for the next stage.

Under Long Chen's control, after rushing to the corner, the devil shadow clone suddenly turned around. Right now, the fire snake was already within reach, the fire snake's overflowing flames were already rushing towards the devil shadow clone! The Fire Snake was formed from countless little fire snakes, under the control of the Emperor snake with golden thread, its huge head, was like a mountain, smashing towards the devil shadow clone!

Long Chen controlled the devil shadow clone, and used the strongest attack he had. Under the effects of the devil shadow clone, countless sword Qis turned into a wave of sword images, pouncing towards the blazing snake!

The sword beam clashed with the huge snake head, and suddenly, a large ball of flame shot out, as though it had exploded. Numerous flames scattered in all directions, and the fire snake let out a shrill cry and hurriedly retreated a little. At this time, its head was already missing a small piece due to the devil shadow clone!

However, as the countless little snakes moved, they quickly filled up the gap. The body of the fire snake, on the other hand, was only slightly reduced in size.

From this, it could be seen just how powerful the fire snake's vitality was. Long Chen would probably need to slash through the Heaven Punishing Sword Formation a thousand times before being able to make the fire snake completely disappear. But how was it possible for Long Chen to slash through the sword a thousand times?

Therefore, if there was no other way, Long Chen would not be able to pass through this stage!

Li Huo Jing, this was indeed a rather terrifying place.

's main body was still holding his breath in the passage, waiting. It was just as he had expected, after the devil shadow clone left, the entire Emperor snake with golden thread's attention was on it, seemingly not paying attention to Long Chen at all!

The head of the Fire Snake was near the devil shadow clone, but its body was coiled around the entire cave, and it was even moving at times. The Emperor snake with golden thread hidden in the belly of the Fire Snake was also slowly moving.

In order to avoid being discovered, the Emperor snake with golden thread s had always been moving around the snake's abdomen. Long Chen could only wait for the Emperor snake with golden thread s to come over in his direction!

I hope the devil shadow clone can hold on until then.

Long Chen waited.

It commanded the fire snake, and once again pounced towards the devil shadow clone, its enormous mouth suddenly opened, and endless flames surged towards the devil shadow clone. It seemed like it wanted to use flames to completely engulf the devil shadow clone, and then completely burn it to death!

The demon clone still used the Heaven Punishing Sword Formation!

The soaring sword Qi once again blew the Flame Serpent away!

Because of this, its body was once again missing a small portion, which would not affect its battle prowess at all.

The devil shadow clone was merely enough to force the blazing snake away, it was simply impossible to kill it!

"It's close!" Long Chen's heart tensed to the extreme. Because of his anger, the Emperor snake with golden threads in the belly of the snake quickly changed its position, and unconsciously headed in Long Chen's direction. When it got near, Long Chen would explode, and use his trump card!

After using Heaven Punishing Sword Formation twice, Long Chen's devil shadow clone was already somewhat dim. Victory or defeat depended on one move, whether or not he could succeed, would depend on his final bit of luck!

Just then, the fire serpents became even more furious. Countless fire serpents roared, forming a huge sound wave, pouncing towards the devil shadow clone, in the midst of the huge sound, the fire serpents suddenly increased their speed, like a meteorite falling from the sky, they crashed into the devil shadow clone!

This time, even if the Demon Sound Avatar used the Heaven Punishing Sword Formation, it would probably smash the Demon Sound Avatar into pieces. With the power of the Fire Snake, it was definitely able to do it, after all, it had gathered tens of thousands of the power of the little snake!

And at this time, the Emperor snake with golden thread had already reached Long Chen's ideal position!

Long Chen's heart jumped.

He was also a little nervous.

Whether or not he would succeed would depend on this time.

For the last time, the devil shadow clone used up the last bit of its strength, and for the last time using the Heaven Punishing Sword Formation, the wave of sword images caused the Flame Serpent a great deal of damage. However, the Flame Serpent did not slow down because of this, it was completely enraged by the devil shadow clone this time!

Hiss!

On the snake's head, a hole had already been torn open by the devil shadow clone and hundreds of little snakes were being torn apart by the Heaven Punishing Sword Formation.

The devil shadow clone had already used all of its strength, so it was impossible for the Flame Serpent to dodge the desperate attack of the fire snake. Therefore, after using up the last time, the devil shadow clone did not resist anymore and allowed the fire snake to completely submerge it!

Long Chen could feel that the devil shadow clone's aura was becoming weaker and weaker. Under the burning of the terrifying flame, the devil shadow clone which had already lost its power, quickly turned into a stream of gas and completely disappeared. Meanwhile, Long Chen's figure appeared below his feet!

Long Chen understood, the devil shadow clone was gone!

However, he had also achieved his goal, which was that the Emperor snake with golden thread had already moved to a location less than ten meters away from him. The Emperor snake with golden thread was paying full attention to the devil shadow clone, and when it felt the devil shadow clone quickly disappear, it clearly relaxed and was about to disperse the fire snake!

And right at this moment, Long Chen appeared!

He had been waiting for this moment for a long time, the Desolate Broken Sword in his hand, the moment he moved, his Devouring Blood Realm was already on his opponent. Dragon Soul Transformation and Devouring Blood Realm, these were two abilities that he had to use whenever he fought, these two abilities gave him countless of chances of victory!

And this time was the same!

With the Fire Serpent's body, in total, it was around five meters in diameter. Long Chen's entire body burned with the red flames brought by the Golden Crow's remnant soul, and he suddenly punched the fire serpent's body, breaking open a hole. Then, the other hand wielded the Heaven Punishing Sword Formation, hacking at the Emperor snake with golden thread in close proximity!

With the support of the remnant power of the Golden Crow Soul, the might of this Heaven Punishing Sword Formation was around ten times greater than what it was capable of! And this time, being so close to the Emperor snake with golden thread, under the suppression of the Devouring Blood Realm, the Emperor snake with golden thread was unable to react in time. Most importantly, the devil shadow clone had already blurred the entire Emperor snake with golden thread!

The sword symbol that burned with blood-red flames, and the vast sword beam, suddenly exploded, causing the area within ten meters of Long Chen to be completely covered by the sword aura that burned with blood-red flames.

Hiss, hiss, hiss!

Countless little flame snakes were annihilated within Long Chen's Heaven Punishing Sword Formation. That enormous fire snake was directly split into two by Long Chen, and the Emperor snake with golden thread didn't even have time to dodge before it was directly submerged by Long Chen's sword energy!

All of his strength was poured into that final strike!

This perfect killing blow had successfully split the Emperor snake with golden thread into two!

He had won.

Long Chen almost wanted to kneel on the ground.

It had to be said that he had passed these two trials too dangerously. Before, he hadn't been able to pass the first trial without the little wolf, and this trial was impossible for him to pass without the devil shadow clone and Spirit Devouring Demon Pupil. Although this Li Huo Jing is dangerous, it seems to be completely designed for Long Chen.

Following the death of the Emperor snake with golden thread, all the fire serpents disappeared and turned into a shower of flames. Like rain, they all fell onto the ground, creating a beautiful scene. Tens of thousands of flames lined up orderly on the ground.

The only loss was devil shadow clone.

When he was dealing with the Sikong Sword Saint, without the devil shadow clone, it would have been impossible for Long Chen to win.

The most important thing was that the devil shadow clone was cultivated with Liu Yiyi.

that girl who was very similar to Ling Xi.

Two faces quickly appeared in Long Chen's mind, and in the end, he still could not let go of Ling Xi no matter what.

"What is love? I don't know, but chasing after Ling Xi like this seems to be my fate, and it's also the greatest pursuit of my life. " Long Chen straightened her body and looked around in a daze.

#### Chapter 568 - Grand Sun Primordial Flame

This time, Long Chen believed that the speed at which he killed Emperor snake with golden thread should be faster than others. He estimated that with the Emperor snake with golden thread's concealment and power, even if it was the third stage of Earth Martial Stage, it would still be quite troublesome to deal with.

The first stage of the Earth Martial Stage's trial just now was simply impossible to pass, but for this trial now, it was impossible to pass the second stage of the Earth Martial Stage. These two stages were very clear, it was clear that they had intercepted everyone below the third stage of the Earth Martial Stage, but unfortunately, even though Long Chen was only at the Ninth Level of the Heavenly Completion Stage, he miraculously passed all of them.

After the Emperor snake with golden thread died, Long Chen collected its corpse. Then, he saw that a large bronze door had already opened at the opposite side of the cave.

Are there any more checkpoints below?

If there was, Long Chen would have to suffer a tragedy. He could last until this point, and that could already be considered a stroke of luck.

If there was another hurdle that was even more difficult than this one, he would definitely die without a doubt.

After cleaning up, Long Chen did not have any hesitation as he walked towards the bronze door. In front of him was a bright hall, and after Long Chen walked out, he discovered that he was still in a hall, and the hall was also split into five, and both of them could see each other's paths, but it was as if there was a transparent wall in the middle, and it was impossible to pass through.

Through the transparent wall, Long Chen could see other people's progress. This time, when he looked back, he actually realized that the other four bronze doors had not been opened, which also meant that the four powerhouses of the third stage of the Earth Martial Stage had not killed the Emperor snake with golden thread and reached this stage.

Without Spirit Devouring Demon Pupil, it would be quite troublesome to not know the location of the Emperor snake with golden thread.

Long Chen ignored them and looked towards the front. Firstly, not far from the bronze door, he saw a light array, this light array wasn't really big, its diameter was only about a meter, far from the Universe Teleportation Formations, however, the beautiful and complex symbols on it were several times larger than the Universe Teleportation Formations.

"This is a mini Universe Teleportation Formations, which can only be passed by one person. It's one-way, and it's cross-border." Seeing Long Chen's confusion, Cat's voice said.

"Transboundary? "What do you mean?" Long Chen understood everything, but he did not understand what was going on.

"The teleportation formation you had in the Canyang Kingdom wasn't transboundary, because it was all teleported within the Qiankun Great World. And this, could teleport you from the Li Huo Jing to the outside world of the Qiankun Great World. The kitten said lazily, looking at Long Chen with a gaze filled with contempt.

Long Chen's gaze very quickly missed this miniature Universe Teleportation Formations and he was looking at another place.

"So this is to say that this is the exit of Li Huo Jing. Then, the thing that I want to think of, should be here." Long Chen looked in front of him. This was the first time he was looking in front of him.

After coming here "so hot", only then did Long Chen feel that the temperature in front of him seemed to be extremely high. The temperature here was much higher than it had been along the way.

He opened his eyes wide and saw that the front of the passageway was actually filled with flames. These flames blocked his path, and when he sensed the presence of these flames, the wolf cub became exceptionally excited.

"Big brother, this is no ordinary flame!" The wolf cub hurriedly said.

"Unordinary?" Long Chen looked carefully and noticed that besides the temperature being abnormally high, the flames were also slightly different from normal flames. Wasn't this the Grand Sun Primordial Flame? Moreover, compared to the Grand Sun Primordial Flame that the wolf cub had obtained last time, there seemed to be a lot of Grand Sun Primordial Flame here!

The Grand Sun Primordial Flame was the most ordinary flame on the outer surface of the sun. Sometimes it would land on the continent, but with so much Grand Sun Primordial Flame gathered together, it was quite rare. Although Long Chen could not see everything, he estimated that the Grand Sun Primordial Flame here was at least ten times stronger than the one that Little Wolf obtained last time!

This also meant that the wolf cub could rely on the Grand Sun Primordial Flame to break through his bottleneck and reach the level of a true king!

At this time, not only was the Little Wolf excited, Long Chen was also extremely excited in his heart.

Next, he would definitely let the wolf cub devour these flames.

Just as Long Chen was about to let the little wolf out, behind him, a huge bronze door suddenly swung open with a loud bang. A red willowy figure walked out from within, it was Long Yue! At this moment,

she had a lot of charred wounds on her body. It was possible that she had suffered a lot in the battle with the Emperor snake with golden thread.

Who would have thought that the first one to come out would be Long Yue.

Of course, this did not mean that Long Yue was the strongest, she had merely dealt with her opponent the fastest.

Since she had already come out, then the others should be more or less finished as well. Long Chen had originally wanted to let the little wolf out, but it seemed that he would need to wait a little longer.

When Long Yue came out, she naturally saw Long Chen first. Her original expression was somewhat sorrowful, but when she saw Long Chen, she became stupefied. Her eyes as they looked at Long Chen, were filled with an expression of disbelief.

"Long Long Chen, why are you here?" Long Yue said in a somewhat slurred voice.

Long Chen knew that she would be very surprised. Under normal circumstances, Long Chen's current strength could be compared to someone who was at the first stage of the Earth Martial Stage.

"Do you believe that I said it was because of luck?" Long Chen laughed.

Long Yue gave him a strange sense of familiarity.

She shook her head helplessly and said: "It seems that from the very beginning, you have been creating miracles nonstop. For other matters, we will discuss about them in the future. Did you find anything by coming here first?"

Long Chen pointed to the mini Universe Teleportation Formations, and said: "That should be the exit of the Li Huo Jing, but I think that the Scarlet Emperor Seal should be within the flames."

Long Chen said as he pointed to the Grand Sun Primordial Flame.

On Long Yue's side, there was also the Grand Sun Primordial Fire.

Just as he was speaking these words, a small flame suddenly jumped out of the Grand Sun Primordial Flame in front of him. There were also some on Long Yue's side, that small golden flame swayed in front of Long Chen's eyes and quickly evolved into a line of words.

"Scarlet Emperor Seal, in this Grand Sun Primordial Flame, there is a total of 100 meters. Whoever finishes walking 50 meters first will be able to obtain the Scarlet Emperor Seal, and whoever finishes walking 100 meters first will receive a mysterious gift."

This message came from within the flames.

Long Chen and Long Yue looked at each other, and Long Chen saw the helplessness in Long Yue's eyes. At this time, Long Yue said: "The Grand Sun Primordial Flame is extremely hot, I used my True Essence to wrap my entire body, and only then will I not be burnt. With my strength, I estimate that I can only walk a maximum of twenty meters, and the other three people definitely can't walk another thirty meters. This Scarlet Emperor Seal, without the strength of the fourth stage of the Earth Martial Stage, is impossible to take away! "

Long Yue's judgement was obviously not wrong.

However, Long Chen didn't feel any pressure at all and instead was pleasantly surprised. With the existence of the little wolf, even the little wolf could devour the Grand Sun Primordial Fire, which of course guaranteed that Long Chen would definitely go deeper in. However, Long Yue was still here, so Long Chen was not in a hurry.

"I can only persevere for forty meters at most. If I want to obtain the Scarlet Emperor Seal, not only must I advance fifty meters, I still need half of my Quintessential Essence to make myself persevere and walk back, if not I will be drained of all my Quintessential Essence and even if I manage to obtain the Scarlet Emperor Seal, I will definitely die. As for that mysterious gift, without having reached the fifth or sixth stage of the Earth Martial Stage, it is impossible to obtain it!"

Long Yue said with a serious face.

In other words, the four of them were still a long way from being able to obtain the Scarlet Emperor Seal.

Just at this moment, the other three doors opened one after another. Martial King, Huangfu Fengchen and Mo Huangjiangwuxie all walked out.

The moment they came out, they carefully surveyed their surroundings. They were able to clearly see the situation in this hall. They had originally thought that Long Chen would definitely be dead, but in those two trials just now, even they were covered in dirt and grime. It took them half a day before they could finally pass, so why was Long Chen still standing there, perfectly fine?

"How is this possible? Boy, how did you survive? Forget about that golden snake, even if it was any Flaming Person, they would be able to kill you." The Demon Emperor said somewhat hoarsely.

His words also expressed the doubts of both the Martial King and Huangfu Fengchen.

Huangfu Fengchen was pleasantly surprised that Long Chen was still alive. He laughed as he sized Long Chen up. Then, he began to giggle, and the look of disbelief on his face slowly turned into praise.

"It seems like this kid has quite a few secrets." Qi Qi likes him this much. When Qi Qi grows up, hehe, "Huangfu Fengchen thought lewdly.

Long Chen did not bother with the Demon Emperor, as there were some transparent walls and the Demon King was unable to touch him. He looked at Long Yue and asked, "Big sister, what are you planning to do?"

"I must go in and give it a try. Wait for me outside. The temperature of the Grand Sun Primordial Flame is extremely high. After Long Yue finished speaking, true essence wrapped around her entire body, and she did not even look at the other three, but dived into the Grand Sun Primordial Flame, instantly becoming engulfed.

When Long Yue did things, it was always so decisive.

After Long Yue entered, the others started to panic, they couldn't care less about Long Chen anymore as they quickly got closer, and very quickly, there was a small golden flame, reminding them about the things that happened at a distance of 50m and a hundred meters.

"Fifty meters, what kind of joke is that? Wouldn't that mean we have to walk one hundred meters in the middle of the Grand Sun Primordial Flame?" Jiang Wuxie's expression changed very quickly, and the others were also a little depressed. They were not too far off in terms of strength.

"No matter what, I have to go and give it a try. Long Yue is a woman, didn't they all go in?" Huangfu Fengchen laughed and followed closely behind Long Yue. He used his true essence to wrap his entire body and also entered the Grand Sun Primordial Flame.

Yang Ningfeng and Jiang Wuxie looked at each other and also rushed to be the first to enter. Very soon, only Long Chen was left.

#### Chapter 569 - five-color key

If Long Chen did not go in first, it would be because he did not want others to know that he had acquired the Scarlet Emperor Seal. With the strong enemies surrounding him, with his current bit of strength, it was impossible for him to protect the Scarlet Emperor Seal. Even if it was the Mystical Emperor Seal, he could not let anyone else know.

After they had entered, Long Chen was ready to summon the little wolf to lead the way. But soon, he had another problem. If the wolf cub came out and swallowed the Grand Sun Primordial Flame, the others would be able to tell that something was amiss, right?

However, Long Chen quickly understood that the only thing he needed to do was to avoid devouring at the mouth of the tunnel, as long as the Grand Sun Primordial Flame remained inside. He told the wolf cub to come out from the Great Void Realm. After seeing the Grand Sun Primordial Flame, the wolf cub's eyes turned green. To him, this was the most delicious food.

"Wolf cub, I only started devouring after reaching a depth of one meter. I should be able to reach a distance of one meter." Long Chen instructed.

The wolf cub nodded and quickly went back into the Grand Sun Primordial Flame. After about ten breaths of time, he came out again and said, "Big brother, I have already opened up a space one meter away from you. You can go in now. Then, I will continue to devour the other Grand Sun Primordial Flame. "

Long Chen nodded, he had used up all his Innate Qi to surround himself. Inside his Innate Qi, there was the power of the Golden Crow, whose fire was several levels higher than the Grand Sun Primordial Flame. Although it appeared weak in the true qi, it should be able to traverse a one meter distance.

At this moment, the wolf cub had already returned to the Grand Sun Primordial Flame.

Long Chen took a deep breath, and also inserted himself into the Grand Sun Primordial Flame. Immediately, a wave of crazy heat wave rushed towards him, and Long Chen instantly felt as if his entire body had melted! This Grand Sun Primordial Flame was truly terrifying. Even the first stage of the Earth Martial Stage could only reach a distance of a meter, yet Long Yue and the others could actually reach forty meters. This showed just how strong it was.

However, Long Chen realized that the remaining power of the Golden Crow Soul had a very high resistance against the flames. The red flame looked weak on the surface, but in reality, it was blocking the majority of the Grand Sun Primordial Flame's power. When Long Chen went a meter deeper, his Innate Qi had also been depleted by about a third.

If he were to use his full strength, Long Chen should be able to move three meters forward.

After walking past one meter, Long Chen realized that the space in front of him was empty, while the little wolf's body was right in front of him. The Sun Devouring Demonic Wolf s on the ground had opened up at this moment, and were crazily absorbing the Grand Sun Primordial Flame in front of them.

Long Chen knew that in order to be in a hurry, the Little Wolf would first swallow them before slowly digesting them.

Previously, when he had engulfed the Grand Sun Primordial Flame, the wolf cub's current speed was extremely fast, at least, it was much faster than when Long Yue and the others were walking around. Since Long Chen had entered this place, it was already three to four meters wide.

The little wolf moved forward, and Long Chen followed along.

The golden Grand Sun Primordial Flame gathered around the wolf cub's body. Its fur and body gradually became stained with a resplendent golden color.

Of course, when he completely digested the Grand Sun Primordial Flame, he would still turn black because that was the original color of the Sun Devouring Demonic Wolf.

He quickly moved forward.

Long Chen was in a good mood. If this carried on, then the Scarlet Emperor Seal would be his.

Ten meters, twenty meters, thirty meters!

However, with the speed of Long Chen and the rest, they should still be less than ten meters away from reaching this place. After all, they were walking in the middle of the Grand Sun Primordial Fire and under the immense pressure, they wouldn't be able to move that fast. With the protection of the Golden Crow's soul, Long Chen was able to move that one meter very fast.

Very quickly, they had reached a distance of forty meters away. In Long Chen's eyes, there were already quite a few expectations.

After carefully calculating the pace, Long Chen knew that it was about time.

After a little while, Long Chen had already walked halfway through the sealed passage. Suddenly, the little wolf stopped, because a fiery red imperial seal had appeared at its feet.

This Emperor Seal was originally not here. However, after Long Chen covered a distance of fifty meters, it seemed to have come out of nowhere. Long Chen did not even take it lightly, the fiery red Emperor Seal had already appeared in front of his eyes.

Long Chen was sure that this was the Scarlet Emperor Seal.

It was because he had seen the Mystical Emperor Seal before, it was completely black, it looked old and simple, there was nothing strange about it, this Scarlet Emperor Seal too, although it was a fire, it did not have any temperature.

Long Chen carefully examined it for a moment, then said to Xiao Lang: "Continue, I want to see what that hundred meters mysterious gift is."

"It should be even more precious than the Scarlet Emperor Seal. The Scarlet Emperor Seal is one of the Five Great Emperors Seal, it is related to the Emperor level battle skills, then what is this mysterious gift?" Wolf wanted to know.

Therefore, he continued to use the Sun Devouring Demonic Wolf's Inherent Skill to devour the flames.

Based on his progress, it didn't take long for the wolf and the human to travel another fifty meters.

It had to be said that Long Chen was sincerely thankful to the little wolf this time. If not for the little wolf, he wouldn't have been able to pass through the first trial. But this last trial, he could only advance about three meters, and with the little wolf, not only Scarlet Emperor Seal, even that mysterious gift would inevitably be his!

The Five Great Emperors Seal, Mystical Emperor Seal and Scarlet Emperor Seal were all in Long Chen's hands. As for the others, even if they cracked their brains, they probably wouldn't be able to figure it out, right?

As for the remaining Azure Emperor's Seal, White Emperor's Seal and Yellow Emperor Seal, the Azure Emperor's Seal was probably in Long Yue's hands, while the White Emperor's Seal and Yellow Emperor Seal, Long Chen did not know about them. However, he already had two Emperor Prints, and compared to the others, it was much easier for him to gather all the Five Great Emperors Seal and obtain the final Royal Tier Battle Skills!

After consuming the last bit of the Grand Sun Primordial Flame, Long Chen discovered that there was actually a cave in front of him. This cave was very small, Long Chen walked into the cave and discovered that there were a total of five entrances, the other four entrances were filled with blazing flames, and these flames were all the Grand Sun Primordial Fire.

That was to say, this was the path to Long Yue and the others. As long as they were all here, theoretically speaking, they could all gather together here. It was more accurate to say that they were fighting.

After swallowing the last of the Grand Sun Primordial Flame, the wolf cub burped and said to Long Chen: "Big Brother, this time, I really feel the limit, let me return to the Great Void Realm, I want to refine the Grand Sun Primordial Flame and reach the king level!"

Long Chen nodded and summoned him back into the Great Void Realm. Then, his line of sight was attracted to something at the center of the cave.

On top of this rock, there was a key that was flashing in five different colors, which were white, green, black, red and yellow. Long Chen's brain was spinning very quickly, he knew that this could very likely correspond to the Five Great Emperors, which were the White Emperor, Azure Emperor, the Profound Emperor, the Scarlet Emperor, and the Yellow Emperor.

This five-color key was obviously the final mysterious gift.

Without saying a word, Long Chen walked over.

Just at this moment, a fiery red figure rose from within the five-color key. Long Chen retreated a few steps back and sized up this fiery red figure vigilantly.

"This, is the Divine Martial Spirit that had been left behind for many years." The kitten said softly.

Long Chen nodded.

At this moment, this fiery-red shadow gradually diffused into the air, and became a human figure. He looked forward, as if he did not discover Long Chen's existence, and it was only then that Long Chen realized that he should have been dead for many years.

"I am the Scarlet Emperor, one of the Five Great Emperors of the Realm of Myriad Kingdoms! Fated one, you are very lucky, because you might have obtained the Five Emperors' Treasures that we left behind! "

Five Emperors' Treasures?

Long Chen was overjoyed. Could it be that other than the Royal Tier Battle Skills, there were other benefits?

"This person should be an expert from the Middle Paleogene, the fat cat said that this is the Divine Martial Spirit, and must have the strength of Divine Martial Stage. The Five Great Leaders should be the five experts from the Divine Martial Stage, and the things they left behind obviously are not as simple as the Royal Tier Battle Skills.

Thinking of this, Long Chen became extremely excited!

King-level, royal-level, god-level!

Even an Emperor level treasure could cause a bloodbath in the Realm of Myriad Kingdoms, let alone a Five Emperors' Treasures that possessed a legendary divine item.

"In the Archaic Graveyard, there are a total of five Five Emperors' Treasures. Only by gathering them can we activate the Five Emperors' Treasures! "Good luck!"

The Scarlet Emperor's words were extremely brief. After he finished speaking, his fiery red figure quickly disappeared, and Long Chen immediately placed the five-color key into the Great Void Realm. Only then did he properly organize his own thoughts.

"The Five Great Emperors, should be the Middle Paleogene. The five strongest people in the Realm of Myriad Kingdoms have reached the legendary Divine Martial Stage. And right now, the strongest in the Realm of Myriad Kingdoms is only the Heaven Martial Stage. Later on, they fell and left behind their Five Emperors' Treasures. The Five Emperors' Treasures is in the Archaic Graveyard, and only by gathering all five of them can I open the Five Emperors' Treasures, I have one. "

"As for the Five Emperor Prints, this Royal Tier Battle Skills should be one of the lower grade items in the Five Emperors' Treasures s, which is why it is placed in the outside world. Because of my good luck, not only did I get a Scarlet Emperor Seal, I also got a handful of five-color key s.

It was not easy to obtain five-color key.

After all, Long Yue said that one had to be at least at the fifth or sixth stage of the Earth Martial Stage to be able to walk a distance of a hundred meters!

There was simply no such expert in the Holy Martial Empire.

If Long Chen did not come, no one would be able to take away the Scarlet Emperor Seal.

"Scarlet Emperor Seal, five-color key, and we also got the king crystal before this. This time, Li Huo Jing has really gained a lot. However, Big Sister Long Yue and the others should be going out soon, if they see that I'm not here, they would definitely doubt it, so I had better go out quickly! "

It took a long time to get in, but it was much easier to get out. The distance of 99 people was covered in the blink of an eye, and then, just like before, Long Chen crossed the last meter. Just as he went out to tidy himself up, he felt that Long Yue had already exited the Grand Sun Primordial Flame.

## Chapter 570 - Earth Martial Arts

"How is it, did you get the Scarlet Emperor Seal?" Seeing Long Yue coming out, Long Chen immediately asked.

Long Yue smiled bitterly and shook her head, saying: "I've already tried my best, but I've only advanced twenty-five meters. I'm still halfway there, unless I reach the fourth stage of the Earth Martial Stage, otherwise, it would be impossible to obtain that Scarlet Emperor Seal. Only Martial Emperor is able to get her own Scarlet Emperor Seal, he just happens to not be here. "

"If you can cultivate to the fourth stage of the Earth Martial Stage here, can you?" Long Chen asked.

Long Yue thought for a while, then shook her head: "No, I still have some time before I reach the fourth stage of the Earth Martial Stage. I don't know what's going on with this Li Huo Jing, but if I stay here too long, and can't get out, it would be too sad. But luckily, I can't get the Scarlet Emperor Seal, and neither can they. "

Long Yue didn't know that, not only the Scarlet Emperor Seal, even the Mystical Emperor Seal was in Long Chen's hands.

Long Chen thought about it, and decided not to tell Long Yue about him possessing the Mystical Emperor Seal and Scarlet Emperor Seal. He definitely could trust Long Yue, but in this world, he still needed to be wary of him. Moreover, the Five Great Emperors Seal s could only be used once they were gathered. It didn't seem to be of any use even if he told Long Yue about it now.

Furthermore, at this time, Huangfu Fengchen and the others had also started to come out from the Grand Sun Primordial Flame. Just like Long Yue, they were covered in dust but they did not obtain any Scarlet Emperor Seal s. If they knew that the Scarlet Emperor Seal that they painstakingly wanted to obtain was in Long Chen's hands, what kind of expression would they have?

The most important thing was that there was still a five-color key in Long Chen's hands.

The little wolf was sleeping soundly, Long Chen reckoned that when he woke up, it would be a king level beast. Originally, he should have left the Li Huo Jing, but since he was with Long Yue, he naturally had to wait for Long Yue.

When the four experts came out and saw that everyone was covered in dust, they heaved a sigh of relief. They knew that no one had obtained any Scarlet Emperor Seal. However, they did not give up and left immediately.

Thus, they sat down to cultivate. Using king crystals, they absorbed the martial Yuan from the king crystal and slowly recovered. After about half a day, they could recover all of their true essence.

Long Yue's true essence had also been exhausted.

She had initially wanted to sit down and recover, but at this moment, when her gaze landed on the miniature Universe Teleportation Formations, her expression suddenly changed. She leaned towards Long Chen and softly said: "Chen Er, don't you leave this place first and touch the teleportation formation."

"Why?" Long Chen asked.

Although your body has cultivated a king level body tempering technique, in the end, it is not a Earth Martial Stage. Without True Essence and an Earth Martial Body, the tearing power produced by crossing borders will destroy your body. If you pass through this teleportation formation, you might very well be seriously injured. It even hurts the core!" Long Yue said as she frowned.

"Huh?" Long Chen was stunned, he immediately asked Cat: "fat cat, is what she said true?"

"It's true, haha!" Cat laughed weakly.

"Then why didn't you just say that?" Long Chen said snappily.

"I am a super existence, how can I remember the details of you weaklings clearly? In my eyes, you are no different from mortals. When I was at my peak, I could kill and injure billions of ants with a single breath!"

"..."

Long Chen was speechless. He raised his head and asked: "Elder sister, does that mean if I want to leave this place, I must cultivate to the Martial Stage?"

Long Yue nodded her head, and said: "For the time being, this is the only way, you have already reached the Ninth Level of the Heavenly Completion Stage, and it is time to cultivate the Earth Martial Stage, since I am unable to get hold of that Scarlet Emperor Seal for the time being, I will teach you the cultivation method of the Earth Martial Stage here."

Long Chen thought about it carefully. This was indeed a rare opportunity, he was completely clueless about the Earth Martial Stage. The only thing that made him a little depressed was that time was a bit tight. In this Li Huo Jing, if he did not leave, who knew what would happen?

At this time, other than Long Yue, the other three were also recovering. They were prepared to give it another try, but Long Yue said: "I dare to conclude that without the fourth stage of the Earth Martial Stage, there is no way I can obtain that Scarlet Emperor Seal. Since that is the case, I will teach you with all my heart. I'll recover my true essence first, otherwise I won't be able to demonstrate it to you. Of course, I'll explain to you the cultivation method of the Earth Martial Stage first so that you can understand it. "

"Thank you, Big Sis." Long Chen hurriedly nodded.

"You and I are siblings, so there's no need to say 'thank you' anymore. Moreover, we were blood related to each other anyway, so it wasn't too much for you to call me big sister." When Long Yue was speaking, her tone of voice was always indifferent, but under her cold and stern eyes, there was still a hidden trace of gentleness, especially when targeting Long Chen.

"I know." Long Chen replied. He had always been lawless and disrespectful towards his elders, but in front of Long Yue, he did indeed feel like he was getting along with his elders.

"There are two parts to the Earth Martial Stage's cultivation. One part is similar to the four basic stages, which is to meditate, absorb the Spiritual Qi of Heaven and Earth, and strengthen one's own Quintessential Essence. And the second part, is to comprehend the meaning of the word "Martial Arts" in the fist technique, and to condense a Martial Spirit in the sea of consciousness! "

"All techniques use the fist as their foundation. First, practice your fist techniques before being able to practice the sword techniques, seal techniques, and finger techniques. Whether it is a weapon or an attack without a weapon, it is an extension of your fist techniques. After learning the punching routine,

he would naturally be able to execute all of his other attacks as well. On the other hand, the Earth Martial Stage had a < Earth Martial Arts Manual >. It could cultivate the Earth Martial Arts to its peak, and the Earth Martial Stage's Earth Martial Spirit had already reached the ninth stage. Of course, although it was easy to say, it was rather difficult to practice. I will recover my true qi first, and then you can take a look at the general outline and the first stage of the Earth Martial Arts manual. "

After he finished speaking, Long Yue took out a fist manual from the Earth Martial Stage. This fist manual was not large, it did not have any illustrations, but rather, it was filled with introductions and guidance from a few main concepts. Due to the restrictions of the transparent wall, Long Chen was not able to obtain the Earth Martial Arts Manual, but Long Yue flipped open the Earth Martial Arts Manual and placed it on the ground, allowing Long Chen to roughly see the words on it.

He was naturally intelligent and had photographic memory. After scanning those words a few times, he was able to remember most of the text inside. Of course, remembering was after a while, and truly understanding was another matter.

It was obvious that because of his perception and his sufficient battle experience, Long Chen's understanding of the word 'martial' was much deeper than his peers. It was also natural for him to train in the Earth Martial Stage.

"So, the four foundation realms are really just the foundation."

Long Chen nodded his head, as he carefully tried to decipher the meaning of the words.

"The Eighteen Astral Rivers became a meridian that ran through the entire body. As for the Nine Apertures, it became the nine Apertures, the foundation point of the entire body's power. The most important thing was that the true qi would turn into true essence, and it would become as dense as the raging waves and rivers. Its power would increase by several times!

"After reaching Ninth Level of the Heavenly Completion Stage, the power that your consciousness can control has already reached its limit. At this point, you need to strengthen your consciousness and condense it into a Martial Spirit in order to be able to control even more power. The Earth Martial Stage's cultivation process is actually the Martial Spirit's strengthening process, and absorbing more nature spirit energy to become true essence, is just another part that isn't too important. "

"My Blood Refinement Qi can allow me to increase my martial arts rapidly, but the cultivation of Martial Spirits requires comprehension and diligence. Comprehension in fist techniques is one of the most important aspects."

"The cultivation of the Earth Martial Stage is to cultivate a martial spirit. With the growth of the martial spirit, one's understanding of martial arts and especially the Earth Martial Spirit is able to do so. Earth Martial Stage, Earth Martial Spirit, is indeed something related to training the earth. "

"Comprehending the power of the Earth Stomp and borrowing the power of the Earth's power, condensing it into an attack can double the effect of the attack. This way, the Martial Spirit will be strengthened and the Earth Martial Spirit will be connected to the Earth Martial Spirit!"

Once you reach the first stage of the Earth Martial Stage, you will be able to trigger the first stage of the Earth's pulse, which will double your attack power to the original level, and once you reach the second stage of the Earth Martial Stage, you will be able to draw out the double power of the pulse. When you reach the ninth stage of the Earth Martial Stage, you will be able to draw out the power of the nine stages, increasing the strength of your attack to nine times! A light punch would probably have the power to shake mountains and rivers!

"He merged with the earth, becoming a true expert."

"Martial arts is war." to make full use of the advantages of any part of the body. "

"To condense a Martial Spirit, a strong Martial Spirit can control the power of the body more accurately than one's consciousness. Because of the existence of a Martial Spirit, one can condense their power above a single point without causing any loss, thus launching an even more powerful attack!"

It was only then that Long Chen realized why an expert of the Earth Martial Stage, like Long Yue, could punch onto a smooth rock and leave a hole.

Long Chen took a look at the Superclass of the Earth Martial Arts Manual, and roughly understood what was going on with the Earth Martial Stage.

"To reach the Earth Martial Stage, one must first feel the power of the earth, channel the power of the earth into their own bodies, stand on the ground and fight with it, it is the easiest way to experience the earth. With every step they take, every punch will allow them to improve, until their own attacks and the pulse of the earth fuse together completely for the first time."

Long Chen took off his shoes, allowing his bare feet to step on the ground as he carefully felt the power of the earth.

It was ice-cold.

This was what he felt at this moment.

"It shouldn't just be ice-cold, but it should also be moving. "The earth is not motionless. It is moving. However, we are all on it, so we cannot comprehend its movements."
