

War God 571

Chapter 571 - Two Great Geniuses

Long Chen did not move at first, he just stood there quietly and thought about what the Earth Martial Arts manual had said.

"Earth Martial Spirit, Throbbing Pulse of the World!"

"Martial Veins, Martial Apertures. "My Tianyi is in my sea of consciousness!"

Long Chen faintly felt that he was faster than others by a lot when he was in the Martial Dao Realm.

This was because his comprehension so far had been quite quick.

In next to no time, he thought of the key point.

"The problem should be one in the sky. Other people's Tianyi Body Refinement Realm is all in the body, but mine is in the sea of consciousness. Martial Arts Cultivating Martial Spirit. Martial spirits condense in the Sea of Consciousness. When my One Heavenly chakra is in the Sea of Consciousness, the power of the nine great chakras will be more easily linked to the power of the Martial Spirit, making it easier for the Martial Spirit to control the true energy in the body. The connection between my martial spirit and my true essence, can also allow me to be unobstructed in the process of cultivation, which is probably much easier than others! "

was secretly delighted with this situation.

He had never even heard of the appearance of the one chakra in his sea of consciousness. For others, martial spirits existed in an illusionary sea of consciousness, but true essence existed in the Martial Veins and Martial Apertures. Even when communicating with each other, there would still be a barrier in the middle, but Long Chen did not.

"If that's the case, other people's martial cultivation will be difficult, but I might not." Long Chen was pleasantly surprised.

"If this is the case, let alone ten years, I will have the qualification to see Ling Xi in five years' time."

Ten years, five years, the disparity between these two was incomparably huge!

In Long Chen's heart, there was an unyielding struggle!

"With such an advantage, who in this world can stop my, Long Chen's, steps?"

The Martial Stage was right before their eyes.

Four Foundation Realms and three Martial Realms. Earthen realm, Heaven realm, and Divine realm.

Would a Divine Martial Realm be the end of cultivation?

Long Chen felt that it could not be. He knew that this Ancestral Dragon must not only be at the Divine Martial Realm. Even if it was a kitten, it used to be more than just Divine Martial Stage.

Just as Long Chen was feeling the Earth Martial Stage with a heroic spirit, Long Yue had already finished meditating. Not much time had passed, and the other three people had not completely recovered either.

However, for the sake of Long Chen's cultivation and for the sake of allowing him to leave this place safely, she had recovered some of his strength and was prepared to teach Long Chen.

After avoiding them, Long Chen and Long Yue came to a corner next to the bronze door. Long Yue sized Long Chen up for a while and said: "That Earth Martial Arts manual, have you roughly seen it clearly?"

"Almost understood." Long Chen nodded.

"I do believe that you are a top genius when it comes to comprehension. Please repeat it again and let me hear it. I'll see if there's any detour." Long Yue said in quite a careful manner.

Long Chen then explained everything he thought through to Long Yue once. After he finished speaking, Long Yue looked at him in shock.

"Is this your first time using the Earth Martial Arts Manual?" Long Yue asked somewhat speechlessly.

Of course she knew the answer was the first time. Long Chen had always been the type to create miracles. Long Yue even thought that Long Chen's talent was top-notch in the entire Holy Martial Empire.

"Long Chen, do you know about the two great geniuses in Holy Martial Empire?" Long Yue suddenly said.

"I don't know." Ever since Ling Xi left, Long Chen seemed to have matured a lot in one night. He normally spoke less and spoke less frivolously. The only thing left was his tenacious and unyielding heart.

Compared to before, he was even more terrifying.

"Although this kind of genius cannot be compared to the other Holy Dynasties, but just in terms of Holy Martial Empire alone, the two of them are extraordinary existences. You must know one of these two people." When Long Yue talked about this person, her expression changed slightly.

"Who?" Long Chen asked curiously.

"His name is Long Chen. Actually, he's my little brother. His name was also Long Chen, and he was twenty years old today. However, his strength was already at the third level of the Earth Martial Stage. Not much different from me, right? "However, he has always been rebellious and alone. He didn't come with me a few years ago, and there was some dispute between him and me a few years ago. I haven't been able to find him even now."

Speaking of that, Long Yue looked to be slightly injured.

Perhaps, as an elder sister, she also felt some guilt.

"When you are young, there will always be some obstacles in your heart. When he understands it later, he will naturally come back and apologize to you." Long Chen said indifferently.

"Mm, although you're a bit younger, you're actually a lot more mature than him. I can see that you must have experienced more than him. And he is a man without a goal. As for you, I feel that there is something in your heart that you must give up your life for.

Long Chen never thought that she would see through all of this.

He could only smile, and then said. "Of the two great geniuses, besides that Long Chen, who else could it be?"

Long Chen had changed the topic, and it was within Long Yue's expectations.

"The Martial Alliance dominates the Holy Martial Empire. In terms of inheritance, there is naturally no difference. The other one was the only direct disciple of the Martial Emperor Zhao Wuji, Zhao Danchen. He is also around twenty years old, and is called Martial Alliance's Three Great Martial King s along with Yang Ningfeng and Xiao Lin! "

Martial King was the third stage of Earth Martial Stage.

Long Chen's Ninth Level of the Heavenly Completion Stage just now, that meant they were indeed much stronger than Long Chen.

"Long Chen, Zhao Danchen, if the two great geniuses were to become the three great geniuses, and Long Chen was to join them, how funny would it be?" Long Chen laughed.

"I think it's possible. From now on, I will bring you to the Martial realm. At first, my brother also arrived at the Martial realm under my guidance. At this time, he has already surpassed the blue." Long Yue said with some nostalgia.

"How long did it take him to go from the Ninth Level of the Heavenly Completion Stage to the Martial Stage?" Long Chen suddenly asked.

"One month." Long Yue replied.

"Then ten days is enough for me." His words contained enough confidence, and from his resolute eyes, the Dragon Jade saw perseverance and decisiveness.

"If it takes ten days, then it's better to work even harder. Then from now on, I'll give you guidance. First, I'll demonstrate the first level of the Earthen Martial Arts. This Earthen Martial Arts will help you get closer to the ground and comprehend the power of the earth."

Saying that, Long Yue was ready.

Retracting Fist, Beginning Form.

Long Chen looked carefully and at that moment, it was as if he saw Long Yue had already merged with the earth. She was just a rock on the ground, the martial veins on her body and the earth's veins were already tightly connected.

It was as if she had grabbed onto the heart of the earth and started to dance on it.

This boxing style was performed on the graceful and graceful body of the woman. It was more like a kind of dance, graceful, capable, charming, and more like art. However, Long Chen knew that he could not indulge himself in such things. He had to carefully look at each and every detail, and engrave them into his own mind.

Talent, coupled with diligence, it was impossible not to be a genius.

Talent and not being hardworking was very scary.

Without talent and diligence, with a low starting point, the final result would be difficult to achieve.

Before the three of them finished meditating, Long Yue had already finished demonstrating a set of fist techniques. She let out a breath, and a white stream of fist techniques appeared from her mouth.

Long Chen was still immersed in Long Yue's punching routine.

Long Yue imparted them without reservation, making them seem as if they had fused into her body, and moved according to her movements. At the same time, he also seemed to have fused into the earth, moving along with it, or perhaps his movements, as she guided the movements of the earth.

In his eyes, the whole world had disappeared. All that was left was a boundless yellow land, with yellow sand and dust swirling around it. Long Chen stood on the ground barefooted, his heartbeat and the beating of the earth were closely connected.

"This punch should be like this!"

The fluctuations in the ground came out wave after wave. Whenever Long Chen could match his attack, he would be able to unleash the power of the Earth Martial Stage.

After Long Yue's demonstration, she had wanted to talk to Long Chen and ask him how much he had learnt, but right at this moment, Long Chen actually started her own demonstration.

Long Yue was so shocked that she slightly opened her pink lips, her bright eyes revealing traces of astonishment.

Indeed, this was the first time Long Chen had practiced the Earth Martial Arts manual, and it was full of loopholes. Basically, it did exist in terms of form, but in terms of divinity, he was miles away from Long Yue.

However, to be able to imitate it after looking at the Earth Martial Arts manual for the first time, Long Yue only knew that it was Long Chen alone.

After Long Chen finished demonstrating, Long Yue said with a wry smile: "Your comprehension ability is the most terrifying I have ever seen, and is even stronger than my younger brother by quite a bit. Perhaps it's really as you said, ten days of time is enough for you to reach the Earth Martial Stage."

"Is that so? "Why do I feel like I'm not feeling anything at all? Compared to you, I'm thousands of miles short. When I reach the middle, I don't know how to continue, but in the end, I still insist on fighting to the end." Long Chen said as he blushed with shame.

He always thought he was very bad.

Your performance was very good, but don't be too proud. I will continue to tell you everything I understand. In response to your earlier demonstration, I will correct a few of the major mistakes. Long Yue had completely transformed into her master's role.

Long Chen had once paid respects to two of his masters, and the Qing Li King could only be considered to have gone through the motions. The one Long Chen respected the most was Zhao Qingyun, but Zhao Qingyun had only thrown things at him, and had not helped him on the path of cultivation.

Of course, Long Chen was too monstrous, so Zhao Qingyun couldn't help him.

And the current Long Yue, was the person who had truly lured him into the Earth Martial Stage.

Long Chen knew clearly in his heart that if not for Long Yue, it would not be easy for him to advance to the next layer of his current foundation.

However, it was much easier now.

Chapter 572 - Ten days for Earth Martial Stage

When Huangfu Fengchen and the others meditated, they were naturally able to notice their surroundings. Long Yue was teaching Long Chen cultivation in the martial realm here. They were a little curious at first, but they understood the situation after seeing the miniature teleportation circle.

Long Yue didn't have the time to bother with the Scarlet Emperor Seal. Martial King and the Demon Emperor had one less competitor, so she was naturally happy in her heart. However, when they saw Long Chen's terrifying talent and recovered from it, they looked at each other and saw the fear in each other's eyes.

"If this child is allowed to grow, he can really reach the level of two great geniuses!" Regardless of whether it was Mo Huangjiangwuxie or the Martial King, both of them were deeply wary of him.

Of course, they couldn't do anything to Long Chen within the Li Huo Jing.

If he wanted to take action, he could only wait to leave, but after going out, with Huang Po Feng Chen and Long Yue protecting Long Chen, it was impossible to take action.

Without any countermeasures, the Demon Emperor and the Martial King still shifted their attention to the Scarlet Emperor Seal. Although it was very difficult, and was basically impossible to obtain the Scarlet Emperor Seal, with the treasures right in front of them, who would be willing?

As for staying here and breaking through to the fourth stage of the Earth Martial Stage, they had never thought that many people would already be at the peak of their entire lives at this point in time. Any further advancement would already be at the level of the Martial Emperor, and if the Martial Emperor was that easy to contend with, would the Holy Martial Empire be under the control of the Martial Emperor Zhao Wuji?

Thus, they looked at each other, and once again entered the Grand Sun Primordial Flame.

If they knew that the Scarlet Emperor Seal was already in Long Chen's hands, they would probably be so angry that they would vomit blood.

However, Huangfu Fengchen was a person who saw things very well. After one failure, he had already given up. He and Long Yue's passageway just happened to surround Long Chen.

After Long Chen demonstrated it once, Long Yue began to explain everything to him by hand.

"The true meaning of the martial realm is to first achieve the form. From the form, one can comprehend the god. Once you become a god, you will no longer need to care about the form. Any form is about the evolution of the foundation of the god."

"So, the first thing you have to do is to practice the first level of the Earth Martial Arts to a completely proficient level. This needs to be practiced over and over again, so you can continue to practice. If there are any unsuitable places, I will point it out for you." Long Yue said very seriously.

Long Chen took a deep breath, and recalled Long Yue's previous actions. He was very smart, and knew that if he imagined himself in an environment where only the land was present, then it would be more appropriate for Long Yue to request for him.

Huangfu Fengchen found it interesting, so he also gave some pointers from time to time. The two were experienced people, it was inevitable that one of them could not estimate where they would go, and Huangfu Fengchen had to take the same route.

Even though Long Yue was a woman, she had indeed walked the path of extreme power and attack. Therefore, amongst the Four Great Warriors, Long Yue had the strongest attack power and was also the most violent. As for Huangfu Fengchen, who was proficient in movement skills and the way of the spear, he walked on a graceful and swift path.

The two of them had their own requests, and moreover, both respected the other's understanding. Long Chen didn't lean towards either side completely, he combined both sides' views, and with an appropriate understanding, he would often be able to achieve the opposite of what the other side wanted.

"If this goes on, I will succeed in ten days." Huangfu Fengchen evaluated after looking at Long Chen's progress through several practice sessions with a nod of his head.

In just these few times, every time, Long Chen was able to unceasingly improve. His improvement was huge, which was why Huangfu Fengchen gave such an evaluation.

"It's still too early to say that now." Long Yue said coldly.

Compared to Huangfu Fengchen, Long Yue was much stricter.

Long Chen gradually immersed himself in his own world while he practiced the fist technique. After a day, he had completely mastered the form.

Of course, this was also related to his exceptional comprehension ability.

The strength of his body was able to connect directly to the one chakra in the sky and communicate with the sea of consciousness. This allowed him to control his strength to a level of mastery.

This world is composed of heaven and earth. Qian and Kun, the sky and the earth, are filled with endless power, and a human's power is insignificant in the end. The strength of this world is incomparably enormous, and the Earth Martial Stage is to use one's own strength to draw upon the power of the earth.

"The power of the earth appears in the form of pulses, tremors, and undulations."

"If I want to receive the power of the earth, I need to be completely integrated into it and become a part of it. As for the Earthen Martial Arts Manual, it is a bridge. "

At first, Long Chen only thought that it was a simple fist technique. After he finished typing it one time, he did not seem to have any rewards, if he did not have any guidance, he might give up.

However, Long Yue didn't say anything, so the path he was taking, was definitely the right one.

After practising a few more times, Long Chen finally realized that there seemed to be a few punches that suddenly gave Long Chen a feeling of incomparable mysteriousness.

Continuing with his practice, Long Chen continued to practice more and more with each of those profound movements until three days later, he was already in the middle of the first set of moves of the Earth Martial Arts manual.

"This is the learning process from simple to complex, then from complex to simple. You have already completed half of this step. "But of course, the first part is fairly simple, while the last part is incomparably difficult. You need to understand every single one of the mysteries, and your fist techniques will become more powerful." Long Yue said.

"The next step, we can't directly help you with words. God is something that you can only rely on yourself to understand. However, we can practice the Earth Martial Stage for you and let it belong to us. I'll give it a try first and see if you can comprehend something. " Huangfu Fengchen was very enthusiastic, after he finished speaking, he didn't care whether Long Chen agreed or not, and directly demonstrated his Earth Martial Arts manual.

Long Chen's eyes were instantly attracted to it.

When Huangfu Fengchen used the same fist technique, it was completely different from Long Yue's feeling. Long Yue's fist technique opened and closed, one move after another with incomparable rapidity.'s fist technique, on the other hand, was incomparably elegant, like a swallow, rapidly revolving.

Long Chen quickly immersed himself in Huangfu Fengchen's world.

"God. What exactly is this thing? " As Huangfu Fengchen's fists danced, Long Chen had been pondering this entire time. His eyes followed Huangfu Fengchen's fists and swam about.

"This is the Dao of the Spear."

Suddenly, an ordinary spear appeared in Huangfu Fengchen's hand.

"Spear arts are an extension of fist arts. Although the form of expression is different, the principles are indeed the same."

The same movement, when used on a spear, was exactly the same.

Their actions were all godly, whether it was their fist techniques or their spear arts.

But Long Chen could only comprehend the gods in every one of their movements.

Moreover, there were two strong practitioners personally demonstrating it for him. Everything was completed naturally, and Long Chen's progress was seen by both Long Yue and Huangfu Fengchen.

After Huangfu Fengchen finished his set of actions, he closed his eyes and immersed himself in his own world.

At this time, Long Chen's actions, as well as his own movements, were revolving in his mind alternately.

"If that's the case ..."

"Martial realm, this punch is from my heart!"

Everything in his surroundings slowly faded. Long Chen felt a series of banging sounds, which gradually started to resonate in his own world. These banging sounds seemed to come from his body, but also seemed to come from very far away.

Bang!

Long Chen punched out.

Bang!

Under this rhythm, Long Chen once again threw a punch.

The punch was like a river flowing eastward, incomparably carefree.

The shape of the ground, slowly took shape. Long Chen could vaguely feel it, as though he had already touched the ground. From what he could sense, what was beneath his feet was no longer a piece of land but a beating heart!

Bang! Bang! Bang!

Every echo, Long Chen felt his feet trembling.

"What vaguely appears is the pulse of the earth. I want to grasp this pulsating force during my boxing style to become a god? "

Long Chen started to not focus on his own fist techniques anymore. His perception was very strong, and knowing how close to his heart, was even more important to him.

Training was free.

Without the restriction from his fist technique, Long Chen was like a bird fighting against the sky, soaring as much as he wanted, while the power of the earth was like lifting the rising air.

Long Chen, to the endless earth, was just like a bird to the endless air. He was now just a young bird practicing its flight, in the beginning, he only knew how to flap his wings, in order to feel the existence of air. But now, he had already sensed the air.

Following that, with countless of practice and comprehension, he would be able to let this young bird master the laws of the air, and then ride the wind to soar in the sky. That would be when he would truly reach the Earth Martial Stage!

The reason was exactly the same!

After going through it once, Long Chen had a lot of insights.

He slowly retracted his fist and exhaled.

When he opened his eyes, he discovered that both Long Yue and Long Yue were looking at him as if he was a monster.

"What's wrong?" Long Chen asked.

Long Yue and Huangfu Fengchen looked at each other. Long Yue gave a rare smile, but Huangfu Fengchen gave him a big thumbs up, and said: "Your comprehension ability, Holy Martial Empire is invincible! Your fist technique has already reached the basic level of a God. As long as you follow this path and continue to the end, you will be able to condense your Martial Spirit and your Earth Martial Stage will be complete! "

"I've calculated, today is the third day. I estimate that you will be able to do it in three more days." Even Long Yue had no choice but to sigh.

At this time, the Demon Emperor and Martial King had just come out from the Grand Sun Primordial Flame for the third time. They looked at each other in dismay.

Chapter 573 - Eighteen Divine Dragons

There were three consecutive times and they didn't have the slightest chance of obtaining Scarlet Emperor Seal. The Demon Emperor and Martial King had already begun to despair. Seeing that Huangfu Fengchen and Long Yue did not even dare to try, they felt some comfort in their hearts.

After all, they couldn't get their own, neither could Long Yue and the others. Everyone had returned empty-handed, no one had the qualifications to laugh at each other.

But what they didn't know was that they were a tragedy.

They could tell that Long Yue and Huangfu Fengchen had worked hard to help Long Chen reach the Earth Martial Stage, and the two of them, having just come out, didn't even think about recovering their true essence, and directly started mocking and ridiculing Long Chen.

The Demon Emperor was familiar with Long Chen's background, so she said: "Cultivating what, if it isn't the dianyin bead, then this kid is trash among trash. Now that he has the dianyin bead, he has reached the Ninth Level of the Heavenly Completion Stage, but with his talent and foundation, if he wants to reach the Earth Martial Stage, ten years later."

Martial King Yang Ningfeng said in a strange tone, "Ten years? It had been ten years and no one knew where his Li Huo Jing had gone to. It would be strange if he didn't die after staying here for ten years. Amongst the four of us, who wants to reach the fourth stage of the Earth Martial Stage? Without a huge opportunity, who can reach the fourth stage within ten years? Therefore, I think we should forget about this Scarlet Emperor Seal. "

The Demon Emperor said, "Brother Yang, the meaning behind your words is that you want to give up?"

"Brother Jiang, don't you think so?" Yang Ningfeng asked.

They all knew clearly in their hearts that with their strength, it was simply impossible to obtain Scarlet Emperor Seal. Tens of thousands of people were waiting for him. Without the Demon Emperor as a pillar, the Ancient Devil Region would not exist for more than a few years, so the Demon Emperor was still rather worried.

To Martial King, he was currently one of the three great Martial King. If he were to go out in a few years, he did not know whether he could be considered as number one or not.

"Let's give it one last try. If we can't, then we won't keep you company." Jiang Wuxie said.

Thus, they made their last attempt. The outcome was unquestionably tragic, with the most of them not being as far away as the Scarlet Emperor Seal, if they did not consider life and death, then they could barely make it up to fifty meters. However, after obtaining the Scarlet Emperor Seal, they would probably lose their lives.

"Long Yue, Huangfu Fengchen, you two can just wait here for this brat to reach the Earth Martial Stage. Come out in a few years. We won't be accompanying you. " The Demon Emperor said with a sneer.

"If Patriarch Huangfu isn't worried about the safety of the clan, there's nothing we can do. Yang Ningfeng also laughed.

The meaning in his words was that if Huangfu Fengchen did not go out, it was very likely that something bad would happen to the Huangfu Family. Of course, this was not just a threat. Right now, the Huangfu Family and the Ancient Devil Region were nominally submitting to the Martial Alliance, but in reality, it wasn't.

However, if the Huangfu Family didn't have Huangfu Fengchen, it was normal for them to have been annexed, just like Yang Ningfeng's Wind God Cult.

After they finished speaking, Jiang Wuxie and Yang Ningfeng glanced at each other, and then left the mini Universe Teleportation Formations.

Long Yue and Huangfu Fengchen didn't bother to pay attention to them. They were desperately trying to get their hands on the Scarlet Emperor Seal, so they didn't notice Long Chen's progress. If they were to carefully look, they definitely wouldn't mention the ten-year limit.

Ten years?

Long Chen only needed three more days of time.

After the Demon Emperor and Martial King left, Long Chen could concentrate on his cultivation. Long Yue and Huangfu Fengchen's two Earth Martial Stage s of different styles had given him a lot of help, allowing him to be able to win over everyone and form his own Earth Martial Stage.

Long Chen was completely engrossed in the Earth Martial Arts manual, he was closely intertwined with the ground. After practicing his fist arts again and again, he had benefited greatly and improved quickly, so three days of time passed by slowly. Under the pleased gazes of Long Yue and Huangfu Fengchen, Long Chen's progress was within their expectations, and it had even exceeded their expectations.

It was now the fifth day.

"Throbbing Pulse of the World"

Although he was standing on the heart of the earth, Long Chen was unable to feel its pulse. This was the most important thing, as long as he mixed his fist technique with the pulse of the earth, using the earth to communicate and obtain the power of the earth, Long Chen would be able to complete the last step and condense his martial spirit in his sea of consciousness.

Of course, the last step was also the hardest step.

"How can I comprehend the pulse of the earth?" Long Chen thought hard until he racked his brains.

"That's not right. What I need is not to be quick on the uptake, but to be naturally intoxicated. As long as I can continue on, it's fine!" After a long period of silence, Long Chen quickly understood the crux of the matter.

"That's it."

Every time he practiced his fist arts, he would reach a level similar to Long Yue and the others. Not only was it Long Yue's speed, it was also Huangfu Fengchen's elegance.

"Most people live their entire lives on land, and land is the true root. At this moment, didn't I assimilate into the earth?"

The pulse of the earth needed to be experienced.

Bang, bang, bang, these sounds, at the moment when Long Chen was still immersed in this state, rumbled beside his ears.

That was the feeling ...

Bang!

One punch.

The pulse of the earth did not restrict him from punching out. Long Chen felt as if his feet had grown roots that were firmly rooted in the ground, allowing him to comprehend the power of the earth and absorb the power of the earth as they slowly grew.

Finally, at some point in time, Long Chen struck out with his last punch, causing a huge explosion.

The flow of the earthen yellow liquid gushed into Long Chen's body from under his feet. It instantly turned into a large earthen yellow cocoon and completely submerged Long Chen within it.

Seeing this, Long Yue and Huangfu Fengchen both laughed.

They knew that this was the sign that Long Chen had already touched the doorstep. Once everything was over, Long Chen's Earth Martial Stage would be stable.

"We already said ten days, yet he only used five days. This guy ..." A gratified smile appeared on Long Yue's face.

"Eh? The legendary Ice Mountain Beauty actually laughed, and even laughed in such a way that shakes all living things. If she doesn't laugh normally, it would truly be a pity." Huangfu Fengchen whined.

Long Yue's smile immediately froze, and then, her smile disappeared. She looked coldly at Huangfu Fengchen, and then paid attention to Long Chen's things.

Huangfu Fengchen said a few words in his heart to liven things up, and then started to pay attention to Long Chen's movements.

The two of them had completely different attitudes in their lives. Long Yue rarely smiled, but Huangfu Fengchen was the type of person who would not live if he did not laugh.

At this time, Long Chen was at a critical juncture.

"I have already completely comprehended the true meaning of the Earth Martial Stage, so of course it's only the first stage. The next step should be when the earth vein spirit enters my body, turning my eighteen rivers of stars into martial veins, nine chakras into martial cavities, and the enormous earth vein spirit and my true qi become true energy. Then, the martial spirit will be born! "

With guidance, Long Chen was able to clearly understand these steps.

Endless amounts of earth vein spirit surged toward Long Chen's body. The cocoon around his body was like a whirlpool, gathering all the surrounding earth vein spirit into Long Chen's body.

Long Chen was completely submerged within the ocean of liquid earth vein spirit.

"It's begun!"

Endless amounts of earth vein spirit began to surge into his body. This was energy that was countless times stronger than his body, and it quickly collided with Long Chen's Dragon Soul Zhen Qi. At this time, Long Chen quickly executed the Dragonsoul Transformation.

Huff!

When the two powers clashed, the result was that they fused, and the blood red Innate Qi fused into the liquid earth vein spirit, causing the liquid earth vein spirit to turn from brown to blood-red, and slowly became Long Chen's own strength.

The Dragon Soul Zhen Qi that was originally in a gaseous state, after adding the earth vein spirit that he observed, transformed into a liquid form of a dragon soul true essence, and flowed through Long Chen's eighteen sky rivers and nine great chakras.

The immense power soon surpassed the limits of what the Milky Way and chakra could endure.

Long Chen also felt that it would be difficult to control such a huge force.

And at this time, within the dragon soul true essence, more and more energy directly fused into the star veins and acupoints. Under an invisible transformation energy, the void of the star veins gradually turned into a thick and solid blood-red martial vein in Long Chen's body. The originally egg-sized acupoint, under the assimilation and nourishment of the dragon soul true essence, rapidly expanded until it was the size of a fist, becoming even more sturdy and strong!

Of course, the acupoints were still very small on the surface, they didn't even exist.

Under the nourishment of the dragon soul true essence, the nine great martial cavities and the eighteen Martial Veins gradually took shape. Compared to the original nine big chakras, the nine big martial arts chakras were much stronger, broad and sturdy, and the same went for the martial veins. However, under the nourishment of the dragon soul true essence, the eighteen different kinds of meridians that were intertwined and intertwined in Long Chen's body seemed to have slightly changed.

Upon closer inspection, these eighteen spirit veins coiled around Long Chen's body actually had faint dragon scale patterns on them. The dragon head, dragon tail, dragon whiskers, everything was lifelike.

A total of eighteen Divine Dragons, turning into martial veins and entrenched themselves in Long Chen's body!

This was what the dragon soul true essence had affected!

These eighteen blood-dragon-like martial veins caused Long Chen to be deeply shocked. He had a premonition that his own martial veins were much stronger than others, and that there would be even more miraculous changes in the future!

The Martial Veins, continued Long Chen's cultivation of the three Martial Realms. The three Martial Realms had a total of twenty-seven levels.

This required a lot of time.

If even one word from Long Chen could not break through the Divine Martial Stage, and reached the level beyond the Divine Martial Stage, then these eighteen Divine Dragon like martial veins would accompany him for his entire life!

Of course, this was only a change of the Martial Veins!

The next step was to condense a Martial Spirit!

Chapter 574 - Dragon Martial Spirit

Even if the Eighteen Martial Veins and the Nine Great Martial Apertures were completed, the true essence within the body would continue to increase until it reached ten times its original size. The enormous liquid blood-red primeval essence flowed like a never-ending river between Long Chen's nine great martial cavities and eighteen martial veins.

Whistling sounds came from Long Chen's body.

The Earth Martial Stage's true essence was actually this terrifying!

Long Chen could not imagine what kind of changes would happen after he completely grasped this True Essence!

Each of the pills in the whirlpool was like a burning red sun. The shadow of the Golden Crow was still there, but under the influence of the Primordial Blood Spirit Dragon, the Golden Crow's appearance had changed.

This was a transformation from a bird to a dragon.

Under the influence of the Primordial Blood Dragon's bloodline, even the remnant soul of the Golden Crow would be unable to withstand it.

A primordial and ancient aura, the aura of blood and slaughter, emitted from Long Chen's body.

The true essence gathered in his body flowed through his Eighteen Martial Veins and nine great martial cavities. He had already reached his limit.

Under the Dragon Soul Transformation, this kind of true essence was already comparable to the true essence of someone at the second stage of the Earth Martial Stage!

Even when he reached the Earth Martial Stage, the Dragon Soul Transformation was still able to allow Long Chen to maintain a fighting strength that was one level higher than others.

Only when the transformation of his body reached its peak did his sea of consciousness begin to transform!

At this moment, the mist in his sea of consciousness was quickly fluctuating. Of course, the Mysterious Dragon Jade and the Primordial Blood Spirit dragon essence blood were at the center of his sea of consciousness, motionless.

In his sea of consciousness, the white mist, after experiencing a great shock, started to condense within his sea of consciousness. The countless amounts of mist was actually all an embodiment of Long Chen's consciousness, but now, all of the consciousness had condensed together.

Of course, this was only an Earth Martial Spirit. In the future, his Heaven Martial Spirit and his Divine Martial Spirit would experience an even greater change.

As time passed, Long Chen was immersed in the profound meaning of the Martial Realm. His Martial Spirit gradually formed in his sea of consciousness, and this time, there was no accident, a fog-like figure appeared, it was not very clear, as though it was a little person that could disappear at any time.

The first stage of the Earth Martial Stage's martial spirit was still quite weak. Once Long Chen's strength and comprehension increases, the martial spirit will gradually become stronger and more solid.

And now, he was just an illusory villain.

After he had successfully formed his martial spirit, Long Chen could feel that he had gradually gained control of the flow of energy in his body through the Heaven's One Aperture that was just inches away from him.

This kind of perfect control was quite a pleasant surprise to him. At this moment, he felt that he was a little person in his sea of consciousness, and through his eyes, Long Chen was inspecting his own body. This little person had excellent control over every part of his body's strength, and he could even control every muscle in his body to the point that it trembled.

The Martial Spirit was Long Chen's own martial spirit.

Through his Martial Spirit, he could more accurately control his own strength! Control your body!

This kind of perfect control surprised Long Chen quite a bit.

He knew that his own Earth Martial Stage seemed to have been completely completed.

Once he reached the Ninth Level of the Heavenly Completion Stage, he seemed to have obtained a new life, and once he reached the Earth Martial Stage, he felt that he had undergone an even greater transformation.

After surpassing the four great foundation realms, Long Chen realized that he could finally be considered a martial artist who had just entered the sect.

Only by reaching the three Martial Realms could one become a true Martial Disciple.

Fighters followed the path of martial dao.

Once the Martial Spirit was formed, everything would be over.

Long Chen could also wake up and leave from this Li Huo Jing.

But at this moment, something unexpected happened.

In Long Chen's sea of consciousness, the illusory little person, which was also Long Chen's martial spirit, would initially appear in the center of his sea of consciousness. However, the center was currently occupied by the Mysterious Dragon Jade and Primordial Blood Spirit Dragon's blood essence.

Long Chen's martial spirit obviously couldn't compete with them.

But right at that moment, the Mysterious Dragon Jade suddenly released a wave of power, and sent Long Chen's martial spirit towards the center of his consciousness, all the way until Long Chen's martial spirit floated above the Mysterious Dragon Jade.

In the middle of Long Chen's sea of consciousness, such a strange situation occurred.

The martial spirit is above, the Dragon Jade is in the middle, and the ancestral dragon blood is below.

The three were balanced.

Be it the martial spirits or the ancestral dragon blood, both seemed to be bound by the Dragon Jade.

Right at this moment, when Long Chen was completely unable to control himself, the Dragon Jade once again released an irresistible force. It divided the ancestral dragon blood into one ten thousandth of the ancestral dragon blood, and then fused with Long Chen's Martial Spirit.

This one in ten thousand didn't affect the total number of ancestral dragon blood at all. However, it was precisely this that caused Long Chen's Martial Spirit to undergo an unimaginable change.

It was a complete change of shape.

Long Chen's martial spirit, had an illusory little person, and turned into an illusory divine dragon!

One in ten thousand Primordial Blood Spirit dragon essence blood fused into Long Chen's martial spirit, and it was even under the strange power of the Dragon Jade.

From then on, Long Chen's martial spirit was an illusory Primordial Blood Spirit Dragon.

What this signified was not simply the shape of the Martial Spirit, but the shape of the Martial Spirit, representing the shape of the body.

When the demon beasts reach the king level, they will also undergo a transformation. Their consciousness will also form a demon soul, and the power in their body will also change from demonic spiritual energy to demonic spiritual energy. Every kind of demon beast had the same appearance as its main body. Just like the Black Water Serpent, the demon soul in its sea of consciousness would definitely have the same appearance as the Black Water Serpent!

With Long Chen's situation, that was to say, although he still maintained his human form, but from the start of his Martial Spirit, he had actually turned into a Ancient Dragon God. Perhaps after he truly fused with the blood essence of the Primordial Blood Spirit Dragon, not only would his body and soul transform into true Ancestral Dragons!

Of course, this did not mean that Long Chen and the little wolf had become demon beasts.

Divine dragons and demon beasts were not the same concept. Divine dragons did not belong to demon beasts, but they were from a different species that was high above them. They were from the Ancient Dragon God, and they were inextricably linked to the people of today. Therefore, it did not mean that Long Chen had turned into a Divine Dragon, nor was he a human.

His martial soul had already taken the shape of a dragon.

Even though this change didn't bring Long Chen any benefits for the time being, it would definitely bring about many miraculous changes in the future!

Regarding the shape of the Martial Spirit, it was actually an accident.

He was a person's soul, but was able to take over the Sun Devouring Demonic Wolf's body. When he reached the king level, Long Chen would not be able to fathom whether his consciousness was filled with the spirit of a human or a demon.

After the dragon martial spirit was formed, Long Chen's body finally awakened.

Long Chen's current appearance appeared in front of Long Yue and Huangfu Fengchen's eyes. Long Yue and Huangfu Fengchen had the illusion that the moment the large cocoon disappeared, what they saw was not Long Chen, but an entrenched Ancient Dragon God!

Blinking, they realized that they had been mistaken.

Long Chen closed his eyes. With his Martial Spirit, he could feel the power in his body, eighteen Divine Dragon shaped martial veins and nine great martial cavities, currently flowing with blood red dragon soul true essence, an endless stream of them. Within the nine great martial cavities, a vortex roared and revolved, and the blood red sun burned brilliantly.

More than half of Long Chen's strength was stored within these nine blazing suns!

"As expected, reaching the three great martial arts stages from the four great foundation realms. Amongst them, such a huge transformation was actually happening!"

The tyrannical power caused Long Chen to deeply sigh in his heart.

He withdrew his power. Martial Spirit could completely restrain his power and then control it to the same level as an ordinary person. Of course, there was no way to hide the power reflected in his eyes and every move he made.

Seeing that Long Chen had succeeded, Long Yue once again revealed a gratified smile, as her smile was extremely rare.

"After you succeeded, all seven of us became Earth Martial Stage. You are probably stronger than them. In the future, you'll have to take care of your brothers and sisters more." Long Yue said.

"My current cultivation is all because of Big Sis's guidance. Furthermore, we are all siblings. If they were in trouble, I would definitely be at the forefront!" Long Chen laughed.

"Ai ai, I just arrived at the Earth Martial Stage, and you want me to do whatever you want me to do? How uninteresting." Huangfu Fengchen laughed.

Long Yue could not be bothered with him, and said: "Since we have already broken through the Earth Martial Stage and we do not have any Scarlet Emperor Seal, in order to prevent the Martial Alliance from setting up an ambush outside, we should hurry up and leave."

What she said made sense. Once Yang Ningfeng went out, he would definitely know that Long Yue would also go out in the end. At that time, if he was lying in ambush, Long Yue would definitely not be able to dodge it. He had only been out for two days. It would be difficult for him to set up an ambush within those two days.

Furthermore, Long Yue was also a little worried for Jiang Wuya and the others.

Long Chen and Huangfu Fengchen nodded, and without saying a word, they headed towards the miniature Universe Teleportation Formations. This Universe Teleportation Formations actually required a very large amount of energy to be driven, and Long Chen had to use two king crystal before the teleportation formation was finally activated.

This was the second time he had used the Universe Teleportation Formations.

The first time, it had lasted for a lot less time. However, when he was in the black tunnel, the tearing power was indeed very strong, and most of it came from the inside of his body.

Very quickly, Long Chen and the rest saw the sun outside.

He looked around cautiously and found that he was outside of Yun Mengze's vicinity. He was less than three miles away from the Cloud Sky City.

After confirming that the surroundings were safe, Huangfu Fengchen said: "Since you're out, then I'll take my leave. Little friend Long Chen, my daughter is still worried about you.

Long Chen was still thinking about the matter of him owing Huangfu Qi fifty thousand Tongtian Pill. Naturally, he would go to the Huangfu Clan whenever he had the time.

Chapter 575 - News from the Archaic Graveyard

Therefore, Long Chen said: "When I have time, I will definitely come once. This time, not only will Patriarch Huangfu protect me, he will also guide me to enter the Martial Realm.

Huangfu Fengchen laughed and said: As a man, there's no need to worry about all these. My daughter likes you, of course I like you too, so what if I help you a little?

After he finished speaking, he did not say his goodbyes to Long Yue and quickly disappeared.

"Huangfu Fengchen, you're a good person. Your true nature." Long Yue said with appreciation.

"It's really not bad." Long Chen said while looking at his disappearing figure, then looked towards Long Yue and said: "Big sister, I have already reached the Earth Martial Stage, and the Scarlet Emperor Seal is fruitless, what do we plan to do next?"

Long Yue thought for a while, then said: "Let's find them first, there are people with Scarlet Souls in the Cloud Sky City, we found the Scarlet Souls, and we have news on the others."

Long Chen nodded.

There were still three kilometers between them and the Cloud Sky City. Then, Long Chen and Yue Yang headed in the direction of the Cloud Sky City.

Long Chen was still conflicted over whether he should inform Long Yue about the news regarding the Scarlet Emperor Seal and Mystical Emperor Seal. By the Scarlet Emperor Seal, he thought of the five-color key, and by the five-color key, he thought of the Five Emperors' Treasures. From what the Scarlet Emperor's remnant soul said, the Five Emperors' Treasures was in the Archaic Graveyard.

The Archaic Graveyard was the true number one target of Long Chen.

Now was a good chance to inquire about the Archaic Graveyard. After all, Long Yue definitely knew more than the others. As she walked, Long Chen asked: "Big sister, can you tell me more about Archaic Graveyard?"

"Archaic Graveyard?" Long Yue was startled, and said: "Long Chen, why would you want to know about Archaic Graveyard?"

"I think if I have the chance in the future, I should go in and take a look?" Long Chen tried to test the waters.

Long Yue helplessly shook her head, and said: "This is too dangerous. Let me tell you, the Archaic Graveyard is a battlefield of countless strong warriors. Countless people have died there, and indeed, countless treasures have been left behind. Not to mention that the king and emperor level demon beasts have already taken over the Archaic Graveyard, when those ancient experts left treasures behind, they would also leave behind countless traps, and the number of people who died in these traps and trials would be countless. It's just like the Li Huo Jing before, where you were able to survive after the two tests, it's already considered as a miracle. "

The existence of dangers and treasures existed at the same time. This was within Long Chen's expectations, but what was even more important was that it was a passageway to the Three Great Imperial Domains!

"Right now, I definitely do not have the strength to go there. However, if I am lucky enough to be stronger, I should be able to go there without a problem. I wonder what I should do to get there?" Long Chen said sincerely.

Seeing Long Chen being so serious, Long Yue could only answer truthfully.

"Are you sure you want to go? Every time they went on a trip to the Archaic Graveyard, there would always be a bloodbath. Very few people who went there would be able to return. The treasures, there must be competition for it. The Archaic Graveyard, could be said to be the place where the The Nine Hallows would fight for it! Every time the Archaic Graveyard opens, they would be flooded with it. The grudges that have been accumulated for countless years, as well as the temptation of the treasures, would make their eyes go red with killing intent. Many of the experts in the The Nine Hallows were actually created by the treasures of the Archaic Graveyard! "

"The Nine Hallows? Isn't it Ten Great Saints? " Long Chen asked suspiciously.

Long Yue laughed somewhat mockingly, and said: "It's The Nine Hallows, not Ten Great Saints, because Holy Martial Empire no longer has the qualifications to become a Great Holy Dynasty. If it were not for The Nine Hallows fulfilling the agreement from back then, Holy Martial Empire would not have survived until now. "

This was a secret that Long Chen had never heard of. He only knew that the strength of the Holy Martial Empire was actually weaker than the other Holy Dynasty s.

"Why do you say that?" Long Chen asked.

"A few thousand years ago, the strength of the Holy Martial Empire and the other Ten Great Saints were about the same, but as time passed, the generations of the Holy Martial Empire were weaker and weaker, and their strengths became weaker and weaker. The Divine Martial Realm had notified over a thousand small nations, and finally attracted the greed of the other Holy Dynasty.

"Originally, the Holy Martial Empire would have been destroyed, and his forces would have been divided among the experts. It is normal for the weak to be eliminated, and if no one expected that, about a thousand years ago, a peerless figure would appear in the Holy Martial Empire, whose strength would reach the Heaven Martial Stage, and not just that, he had challenged all the experts in the The Nine Hallows. Within the The Nine Hallows, no one is his opponent, he was the strongest person in the entire Realm of Myriad Kingdoms at that time!"

When he talked about this person, Long Yue seemed to be a little excited.

"What you mean is, at the same time that he challenged you, he made a bet that if the other party lost, you are not allowed to invade Holy Martial Empire?" Long Chen was very smart and immediately thought of the key point.

"Yes, of course, there is a time limit. Under the discussion of both sides, this time limit is two thousand years, so, with the other The Nine Hallows abiding by their promise, although Holy Martial Empire has not reached the limit, there is still a thousand years left to live comfortably. However, in terms of strength, compared to the other Holy Dynasties that are being guarded, the Holy Martial Empires are not even able to withstand a single blow." Long Yue said.

Although Long Chen was not born in that era, he still felt the unparalleled glory of the Holy Martial Empire Ranker. Such a character was naturally worthy of respect.

"He forced the The Nine Hallows to make a bet and fulfill the bet, allowing the Holy Martial Empire to have more than two thousand years of peace and quiet. This person is truly heaven-defying!" Long Chen laughed bitterly.

Long Yue nodded, and then said somewhat proudly: "This person, his surname is Long!"

Long Chen was speechless.

"You guessed right, he is our common ancestor. What flows in us is his bloodline. It's a pity that after he died, none of us were able to inherit his legacy. to revitalize the Holy Martial Empire and let it be taken over by a shameless power like the Martial Alliance." Long Yue said, her eyes revealing a trace of sorrow.

So it was Long Yue's ancestor.

Presumably, the expert who was once unrivalled in the Realm of Myriad Kingdoms, should be a Dragon Fighter. Just the lowest level Red Dragon was enough to allow him to stand at the peak of Realm of Myriad Kingdoms's billions of people. It could be seen how heaven defying Dragon Fighter was!

No wonder the Holy Martial Empire was so weak, and yet still existed.

From another point of view, it seemed like the strength of the seven great The Nine Hallows s were all extremely terrifying. Presumably, the Martial Emperor s at the fourth level of the Earth Martial Stage were all just minor characters.

"So, Long Chen, do you know how terrifying the other Holy Dynasty are? If you want to go to the Archaic Graveyard, your opponents will not be us, but the people of other Holy Dynasty. You are from the Holy Martial Empire, you are alone, and the others are all in groups of hundreds! Amongst them, there are as many Earth Martial Stage s as dogs, and there are even experts from the Heaven Martial Stage, how can you compete with them? " Long Yue asked.

"I'm alone? Elder sister, you should tell me the way to enter Archaic Graveyard first. Long Chen was a little confused by his words.

Long Yue nodded her head, and said: "Alright, but actually, it seems that every once in a while, the Archaic Graveyard will open again. In the The Nine Hallows, this is a very sensational thing, but the Holy Martial Empire does not make any sound.

"Of course I don't know." Long Chen shook his head.

"Under the control of an invisible hand, every time the Archaic Graveyard opened up, that invisible hand would give all the great Holy Dynasty a kind of order badge. With this order badge, on the day the Archaic Graveyard opens, they would be sucked into the Archaic Graveyard. This kind of order badge is called: ancient tombstone token! "

"Will the Holy Martial Empire be given such a command medallion?" Long Chen was shocked, and asked.

He was not shocked by the token, but by the invisible hand.

What invisible hand? As far as he was concerned, he should be an even more powerful expert.

In the Realm of Myriad Kingdoms, most people did not know about the existence of the Imperial Domain, and thought that the three great realm of martial artists were the peak of the Ten Great Saints, so the experts that they could not understand were all called formless hands. However, Long Chen guessed that the formless hands could be an expert from the Imperial Domain, who was managing the Archaic Graveyard!

Of course, he was only guessing. He was not strong now, and that was not his concern. What he cared more about was whether the Holy Martial Empire would send out the ancient tombstone token.

"Yes, the other Holy Dynasty s will send out five hundred to several thousand different ancient tombstone token depending on the Holy Dynasty's strength. As for the Holy Martial Empire s, they will also give out one of them as a token. This is the shame of the Holy Martial Empire. In the small countries under the jurisdiction of the other Holy Dynasty, if there are any outstanding rankers, they would be dispatched with many ancient tombstone token! " Long Yue said indifferently.

"One?"

Long Chen fainted.

Holy Martial Empire was too weak.

This led to Long Chen wanting to snatch this ancient tombstone token.

Last time, when opening it, Martial Emperor Zhao Wuji's master obtained a ancient tombstone token, and then he never came back. I remember the last time, it was also an expert from Martial Alliance who obtained the ancient tombstone token, and it seemed like he still had not returned. Archaic Graveyard is simply the nightmare of Holy Martial Empire's experts. " Long Yue looked at Long Chen, her eyelashes trembling slightly. She wanted to use this fact to make Long Chen give up.

Of course, Long Chen would not give up, so he asked: "The last time the Archaic Graveyard was opened, was it a few years ago?"

Long Yue laughed bitterly: "It's just right, more than ten years ago. I don't know if Zhao Wuji will go and snatch the ancient tombstone token this time, but I have no interest in it anyway."

"Where is the competition for the ancient tombstone token?" Long Chen asked his last question.

"That's not necessarily true every time." Long Yue said.

Chapter 576 - Accumulation

Since he already knew this much, Long Chen was satisfied in his heart.

Although there was only one ancient tombstone token, it could still be fought over. There was still hope. If it really wasn't possible, Long Chen decided to go to another Holy Dynasty to try. Of course, there were countless experts in the other Holy Dynasty, so wanting to obtain one ancient tombstone token might be even more difficult.

The difference between the Holy Martial Empire s and the other Holy Dynasty s could be directly reflected in the number of ancient tombstone token.

It was not an exaggeration for Long Yue to call the Ten Great Saints a The Nine Hallows.

From the number of ancient tombstone token, there would definitely be tens of thousands of people entering the Archaic Graveyard to fight for the treasures. Long Chen's final goal was to pass through the Archaic Graveyard, so he did not have much conflict with other people.

But of course, if he had the strength, and the treasures were right in front of him, he wouldn't mind fighting for them. After all, one of the key parts of the Five Emperors' Treasures, the five-color key, was inside Long Chen's Great Void Realm.

"There is a total of five five-color key, and now that the five-color key has appeared, does it mean that the Archaic Graveyard is about to open as well? It's most likely so, but sadly, I don't know the exact location of the ancient tombstone token s, otherwise I would have definitely gone to guard there. "

Long Chen thought in his heart.

Very quickly, they arrived at the Cloud Sky City.

Long Chen noted down the matters regarding the Archaic Graveyard, and then, together with Long Yue, he summoned out the Scarlet Soul. Waiting in the pavilion before, very quickly, a skinny black clothed man appeared.

As soon as he came over, Long Yue asked, "How are the other people doing? Where are they? "

The man looked at Long Yue with reverence in his eyes as he said, "Originally, my lord and the others were waiting for you at the hidden location in the Cloud Sky City. However, something happened a few days ago and they rushed to Warring Clan."

"Warring Clan? "What happened?" Long Yue asked.

"I heard that the Warring Clan's War Emperor was heavily injured without reason and her life was in danger. The Martial Alliance was about to take action against the Warring Clan, Master Lei Zhen must return. The man in black said.

"Is that old fellow seriously injured?" It must have been the Martial Alliance people. " Long Yue's brows were tightly knitted.

"Other than the people from the Martial Alliance, no one can injure them. The one who did this should be one of the three great Martial King s, Zhao Danchen. Two days ago, Yang Ningfeng left Yun Mengze and rushed to Warring Clan, probably because he wanted the two great Martial King s to join hands and completely destroy Warring Clan, and make it submit to him. "

"Although the old War Emperor is old, he still possesses strength. For Zhao Danchen to defeat him, it is truly unbelievable. "I'm afraid even I am not my match." Long Yue shook his head helplessly.

Long Chen said: "Warring Clan is the only power that has yet to submit to Martial Alliance, this time when Martial Alliance attack Warring Clan, he will definitely do his best, the Warring Clan will definitely not submit, even if second brother and the others go, I am afraid they will not be able to stop Martial Alliance, we should quickly go and help."

Long Yue nodded her head, and said: "You are right, Martial Alliance does not have to make a move, the moment she makes a move, it is extremely terrifying. If the old War Emperor is severely injured, when the two great Martial King join forces, no one in the Warring Clan can be an enemy to him. "

With that, they got ready to head towards Warring Clan.

"Lord Dragon Emperor, there is another important matter. The Lord ordered me to notify you as soon as you come out." At this point, the man in black was a bit nervous.

"What is it?" Long Yue had a bad premonition.

"Roughly ten days ago, we found out that your brother Long Chen was caught by the Martial Alliance and locked in there. Right now, it's unknown whether he is dead or alive." The man in black said.

"What?" With a loud smack, she was smashed into pieces on the stone table. She stood up with a whooshing sound, and an ice-cold killing intent leaked out of her eyes. Long Chen instantly sensed that even he had been surrounded by a dense killing intent.

"It's a matter of life and death?" Long Yue clenched her fists tightly, and released a crackling sound. It could be seen how angry she was in her heart, that Long Chen was her own brother. Although they had not met for a long time, their blood relationship was an indisputable fact.

She was silent.

"nine nether regions?" Long Chen had never heard of this place before, so he asked the black-clothed man: "nine nether regions, what kind of place is it?"

"This is a small Heaven and Earth world of the Martial Alliance, located in the middle of the Martial Imperial City. It's the place where the prisoners of Martial Alliance are imprisoned. It's said that no one is able to enter the nine nether regions and still be able to come out, so no one knows what is inside. Perhaps, only the Martial Emperor knows," Black Cloak said uneasily.

Long Chen also frowned.

"One of the two great geniuses, who is at the third level of the Earth Martial Stage, is actually imprisoned in the nine nether regions. Long Yue will definitely not be able to relax, and on the side of the Warring Clan, it seems like she is also needed ... She is unwilling to abandon her brothers and sisters, and even more unwilling to abandon her own younger brother."

Long Chen knew Long Yue's struggle.

Therefore, he decisively said: "Big sister, if you are worried about your brother, go to Martial Alliance and ask for news. If possible, save him."

On one hand, there were his siblings, and on the other hand, there was his own brother.

After listening to Long Chen speak about this, it was only after a long time that she exhaled and spoke helplessly: "Long Chen, my little brother, I have owed him a lot since childhood. Now that he has met with misfortune, I will definitely go and save him.

Long Chen understood her, kinship was something that could never be forsaken, so he nodded and said: "Go. You can leave the matters with the Warring Clan to me. "

Long Yue had a very good understanding of Long Chen's strength. She knew that Long Chen was someone who could be trusted, so she said: "Remember, you can't be impulsive in everything you do.

"Long Chen understands!" Long Chen nodded.

In all matters, the greater good was the priority.

Since he had already decided, Long Yue would not be so foolish anymore. After sending the black-clothed man away, she took out a fine, golden book from her Qiankun bag and gave it to Long Chen. On the cover of the book, there was a lifelike red dragon.

"This is our Long family's most passed down secret technique" Soulcatcher claw ". It's a middle tier king level battle skill. You are a descendant of my Long family, so today this Soulcatcher claw will be passed on to you. Wait until you have a descendant, then pass it down, you must not pass it on to outsiders! " Long Yue said sternly. She truly treated Long Chen as her little brother.

Long Chen was a little conflicted in his heart. He knew that he was definitely not a descendant of some Long family, but after thinking about it, what he needed the most were offensive skills. Furthermore, he would not spread them to anyone, so he nodded his head in agreement to Long Yue's words.

"There's no time to lose, let's split up." Seeing Long Chen taking the Soulcatcher claw, Long Yue said.

Thus, the two parted ways.

After Long Yue's farewell, Long Chen set foot on the road to the Northern Warring Clan. Because the Little Wolf was still in deep sleep, Long Chen did not have a mount, but once he entered the Earth Martial Stage, he could directly absorb the energy from the earth vein spirit on the ground and

transform it into a dragon soul true essence. Thus, he was able to maintain a speed comparable to a Heaven Ranked Level 8 beast.

During his journey, Long Chen had fused into the ground. He had completed a total of two things, the first was to continue training in the Earth Martial Stage, which was also the evolution of the Earth Martial Arts manual. After completing the first stage of the Earth Martial Stage, Long Chen began to learn the second stage of the Earth Martial Stage's fist technique.

The one chakra was in the sea of consciousness and the martial soul was the Dragon Soul. With this kind of talent, how could his comprehension ability be weak?

In a few days, Long Chen was able to completely comprehend the second stage of the Earth Martial Arts. He needed to practice the same as before, and after a period of time, he would be able to step into the second stage of the Earth Martial Stage.

Of course, the length of time this would take would depend on the speed of his comprehension.

On the way, he continued to train.

Even if he could fly in the sky right now, Long Chen still stood on solid ground and stepped on the ground, feeling the power and pulses of the earth with steady steps. This would be his source of power.

The other important thing was to cultivate the Soulcatcher claw. 's fighting style was more similar to Long Yue's, so the Soulcatcher claw was undoubtedly very suitable for him.

A wandering soul.

This was the first time Long Chen learned claw techniques, but after learning it, he understood that after the Dragon Soul Transformation was completed, claw techniques were the most suitable for him. He was not a Soldier, so when he used swords and blades, he was slightly weaker than the others. But the most suitable weapons for him were still fists, seals, fingers and claws.

After transforming into the Dragon Soul, Long Chen possessed incomparably hard claws, but he had never used them. When he encountered the Soulcatcher claw, he was destined to release an endless amount of radiance.

The claw was the toughest part of his body after the transformation of the dragon soul.

Long Chen already had the early king level body tempering technique, and the devil shadow clone was already gone. Long Chen had used the Heaven Punishing Sword Formation for a long time, but he was unable to use the Heaven Tier Battle Skill anymore.

The Soulcatcher claw just so happened to come at the right time.

Especially after the power of the Golden Crow's remnant soul's flame, just how powerful would the Soulcatcher claw be?

When he cultivated the Soulcatcher claw, Long Chen had always been in the state of Dragon Soul Transformation. This way, he could even more clearly feel the speed and terror of his claws when he cultivated it.

Clawclaw techniques were more suitable for close combat. "Claw-!"

Long Chen had just reached the Earth Martial Stage, and this Soulcatcher claw, could be said to be extremely suitable for him.

During the journey, Long Chen would walk through the mountains and valleys, as though he was a barbarian, barefoot on the ground. From time to time, he would practice his fist technique and Soulcatcher claw.

As an Ancestral Dragon Fighter, his talent had already reached a heaven-defying level.

It did not take him long to completely master any obscure secret techniques!

Accumulated!

Chapter 577 - Soulcatcher claw

Using the Soulcatcher claw to experience the martial realm, Long Chen reaped another round of harvest. When he reached the martial realm, he felt that the path of martial arts was never ending.

He had already benefited greatly from this fur alone.

Long Chen did not know the location of the Warring Clan, he only knew the direction, heading towards the north. Following this direction, by asking around a little, he would be able to reach the Warring Clan.

Because at this time, the Martial Alliance had already made his move, Long Chen estimated that Jiang Wuya and the others were already safe, at the same time that he was training the Soulcatcher claw, he was already rushing there.

A blood-red figure headed towards the north.

The boundaries of the Holy Martial Empire s were tens of times greater than those of the Canyang Kingdom s. It had already taken him ten days to travel from the south to the north, but he estimated that there were still around five days time before he would need to reach Warring Clan in the north.

In these ten days, Long Chen was completely immersed in the cultivation of the Soulcatcher claw. Amongst the Soulcatcher claw, there was a basic fighting technique that Long Chen was already very familiar with.

Other than this combo attack method, there were also two other powerful attacks. Back then, Long Yue had used the Five Dragons Sky Break technique, and these two moves were the real attack of the Soulcatcher claw. Of course, the close combat method was also pretty good.

During the journey, Long Chen would occasionally catch some Spirit Beasts to train with, but of course, normal Spirit Beasts would not be able to block his current attacks, even if Long Chen did not use his Dragon Soul Transformation, a king level 1 Spirit Demon beast was not Long Chen's opponent.

"As expected of the Family's inherited attack method. This Soulcatcher claw, compared to the's scattered soul eagle claw, it's many times stronger!"

Long Chen sighed with heartfelt emotion!

After obtaining the remnant soul of the Golden Crow and reaching the Earth Martial Stage, after learning the Soulcatcher claw, his strength had truly risen by too much, and he had truly become a part of the strong forest of the Holy Martial Empire.

The current Long Chen was no longer the Long Chen who was chased after by others just because of a name when he first came to the Holy Martial Empire!

The majestic dragon soul true essence were like a torrential river that surged forward with a loud rumble. The vortexes were filled with countless energies, as though they were the ocean. As for the nine burning red suns, they were even more terrifying!

"Whiz!"

rushed into a dense forest. As the fierce wind blew, his figure had already disappeared, and line after line of threads were formed in the dense forest, and when Long Chen came out from the other side of the dense forest, those densely packed trees were all turned into powder. A nice piece of the forest, was instantly destroyed, and was razed to the ground, without any traces left behind!

"At the very least, my close combat fighting technique is already complete, as for the other two, hehe" Long Chen laughed confidently, then continued to move forward.

This dense forest was filled with birdsong and fragrant flowers. The scenery was pleasant and beautiful, as if it was a paradise on earth. As Long Chen walked, a neat and tidy main road suddenly appeared in front of him. At this moment, there were many demonic beasts carrying beautiful carriages, galloping across the main road.

"What is this place?" Long Chen looked to his left and right, to the left of the main road, was the deepest part of the forest, where clouds and mist permeated, it looked just like a fairyland, in which red brick and green tiles could faintly be seen.

That huge building was extremely beautiful. Long Chen reckoned that there would be at least tens of thousands of people inside.

At this moment, many people were entering and exiting the building.

Long Chen was not in the mood to know what exactly that place was. Just as he was about to leave, he suddenly heard someone say that it was the Huangfu Family.

"The Huangfu clan is actually here?" Long Chen was a little stunned, when Yun Mengze had just left, he had followed closely behind, and actually came to this place. Of course, Huangfu Fengchen's speed was definitely faster, maybe he had already been back for a few days.

It was currently night time, but the Huangfu Clan was still brightly lit like a pearl in the night sky.

"Forget it, since I'm here, I might as well go in and take a look at Qi Qi. "After this, I don't know when I'll be able to come back again. If I don't return the fifty thousand Tongtian Pill that I owe her now, when I find them, I won't have any time to return them. It won't take too long anyway."

After thinking about it, Long Chen walked in the direction of the Huangfu Family.

Of course, to pay a visit, he had to pay attention to appearance. Before that, Long Chen had to take care of everything.

Although the Huangfu Family was a force that was the same size as the Ancient Devil Region, it was still set up according to the family's rules.

Long Chen reckoned that he was about the same as the Lingwu Family.

Of course, the Huangfu Family only had one Patriarch, while the Spirit Martial Realm was made up of four Families.

When he arrived at the huge and imposing gate of the Huangfu Family, Long Chen noticed that all the other people who entered had tokens, and there were other Huangfu Family clansmen guarding the gate. Long Chen stood outside and was quickly discovered by some people, and one of the middle-aged man walked up, sized Long Chen up for a while, and asked, "Who are you, why are you wandering in front of my Huangfu Family's gate?"

"I am Long Chen, requesting to see the Huangfu Clan's Patriarch. Huangfu Fengchen, please inform me." Long Chen nodded.

"Long Chen?" The middle-aged man's expression changed as he asked: "Which Long Chen?"

His asking like that represented the spread of Long Chen's name. The former Long Chen had one, but the present Long Chen had two.

Therefore, he said: "I am not on the Martial Alliance's Bounty List, moreover, I am a good friend of Miss Huangfu Qi, I have come to visit her on this trip."

The middle-aged man said, "No longer on the bounty list? Both Long Chen s are on the Martial Alliance's Bounty List, but you said that you are Miss Qi Qi's good friend. I know who you are, so you must be the Long Chen from Ancient Devil Region? "

"That's me." Long Chen still didn't know why he suddenly appeared on the Martial Alliance's Bounty List.

The middle-aged man nodded, "Alright, I will bring you to see the patriarch."

Maybe it was because of Huangfu Fengchen's influence, Long Chen felt that the people from the Huangfu Clan were very casual and talkative, they did not have many rules, and were indeed pretty good. Along the way, the middle-aged man and Long Chen chatted quite a bit, and Long Chen also found out that the middle-aged man was actually a generation younger than Huangfu Fengchen, named Huangfu Song.

The Huangfu Family was quite elegant and refined. Compared to the Ancient Devil Region, which was a desolate place, it was many times better.

"The patriarch just came back yesterday. He should be in the study room right now. I'll take you to his study room." Huangfu Song said.

"Thank you." Long Chen nodded.

Along a small path, the destination quickly arrived.

In front of him was an ancient building. It had been a long time since Long Chen last saw Huangfu Fengchen, but he had already appeared at the entrance and welcomed him. From afar, Long Chen heard his laughter.

"Little friend Long Chen, I just told you to come to my Huangfu Family, why did you come here? This really surprises me. " Long Chen was also very surprised that he would come here.

Long Chen laughed.

Therefore, he said: "I am not here to see you, but to look at Qi Qi."

"So it's because you are greedy for my daughter's beauty. Fine, Huangfu Song, you go to the side hall and set up a banquet for me. I'll bring little friend Long Chen there right now."

Huangfu Song immediately left to prepare.

Under Huangfu Fengchen's lead, Long Chen chatted with him as they headed towards the side hall.

"I've already heard about the matters regarding the Warring Clan. I presume that you wanted to go to the Northern Warring Clan and coincidentally passed by here, thus you entered, right?" Huangfu Fengchen said right at the beginning.

Long Chen nodded: "I didn't know that the Huangfu Family would be here. I passed by the door earlier and heard it from someone, so I casually entered."

"Why are you not seeing that violent bitch Long Yue?" Huangfu Fengchen said.

Long Chen said in a serious tone: "Her little brother has been locked in nine nether regions by Martial Emperor, so she has to go over there first."

"What?" Huangfu Fengchen's expression changed, and said: "Long Yue is too rash, is nine nether regions a place she can casually barge into? "I don't think she'll have much luck this time."

If even Huangfu Fengchen had said that, then the nine nether regions must be quite terrifying. Long Chen frowned, at this time, the Warring Clan needed him, and he was not at ease with Long Yue.

His brothers and sisters were in trouble, but he was still not strong enough. What should he do?

Long Chen didn't have a plan in his mind.

Long Chen, to be honest, if my Huangfu family did not settle the matter peacefully and did not work against Martial Alliance, we would not have been able to keep her alive today. The lives of over ten thousand people in this family are all in my hands, and I will not be able to help the Warring Clan. Huangfu Fengchen stopped and said with a somewhat conflicted expression.

He thought that Long Chen came here to ask for his help.

Long Chen knew what to do. The Huangfu Family had already submitted to the Martial Alliance, if he were to help the Warring Clan at this critical moment, it would be no different from breaking away from the Martial Alliance. This would affect the lives of the tens of thousands of people in the Huangfu Family.

Therefore, he didn't have any intentions to ask Huangfu Fengchen for help.

So he said: "Patriarch is being too serious, I am only here to take a look at Qi Qi. Back then in Ancient Devil Region, I owed her fifty thousand Tongtian Pill and if I don't pay her back now, I don't know if I will have the opportunity to do so in the future."

Hearing Long Chen's words, Huangfu Fengchen heaved a sigh of relief. He patted Long Chen's shoulders and said: "I can't help, I'm really sorry, but since you're here, I should properly entertain you, so that that Long Yue, that girl, won't call me stingy, haha."

Under Huangfu Fengchen's lead, Long Chen arrived at the center of the side hall. Huangfu Fengchen sat in the front while Long Chen sat on the right. At this moment, the table was already filled with banquets.

Just as Long Chen sat down, a yellow gust of wind rushed towards him from outside the door.

"Big brother!" Huangfu Qi threw himself onto Long Chen's body.

Chapter 578 - overlord spear technique

It was not easy to wait for Long Chen, of course Huangfu Qi would not let him go, a pair of fat little hands were grabbing onto Long Chen's face non-stop, shouting: "Big brother, it's all your fault, you only

came to find me now, you don't know how bored I am at home, you old bastard, you don't even let me out!"

With that, Huangfu Qi looked at Huangfu Fengchen angrily.

old immortality

Long Chen was speechless. He had already cursed his own father at such a young age.

As if he didn't hear it, Huangfu Fengchen dryly laughed a few times, then used his status as the master to toast to Long Chen.

Long Chen greeted Huangfu Fengchen while enduring Huangfu Qi's torture. Finally, the little girl stopped talking and looked at Long Chen from the side and asked: "Big brother, where's the dog?"

Little Wolf was actually the one that Huangfu Qi liked the most.

She wanted Long Chen to come, but she still wanted the little wolf the most.

"Darling, didn't I find tens of thousands of dogs for you? Why would you want another dog when you have every breed?" Huangfu Fengchen was speechless.

"I don't care, I just want Big Brother's dog!" Huangfu Qi bared his fangs and brandished his claws.

Long Chen and Huangfu Fengchen looked at each other and laughed bitterly.

Huangfu Qi could be considered a small fry now.

Huangfu Fengchen waved his hand, then turned to Huangfu Song and said, "Go and prepare some programs, I want to drink with little friend Long Chen for a bit."

Huangfu Song replied and quickly left. After a while, while Long Chen and the others were chatting, a group of beautiful women wearing beautiful clothes started to dance right in front of Long Chen's eyes.

Looks like Huangfu Fengchen's life was rather interesting.

Amongst a group of beautiful women, there was a dancer whose appearance and dancing skills were extremely outstanding. As she danced, she tried out her sleeves and swept them across Long Chen's face.

"Little friend Long Chen, what do you think of this dancer?" Huangfu Fengchen said with a smile that was not a smile.

"A heavenly beauty." Long Chen replied politely.

"Hehe, this is my elder brother's adopted daughter. She already has an engagement with my nephew. I'm sure they'll be married soon." Huangfu Fengchen said with a smile.

He was just casually saying it, it had nothing to do with Long Chen.

When Long Chen saw Huangfu Qi, he was already prepared to leave, so he quickly said: "Qi Qi, I will return this fifty thousand Tongtian Pill to you right now."

"No!" Huangfu Qi immediately said.

"Why not?" Long Chen asked.

"Of course not! If I want it, you won't come again. You won't be allowed to leave tonight!" Huangfu Qi said arrogantly.

She tightly held onto Long Chen's hand, causing Long Chen to feel somewhat helpless.

"Little Friend Long Chen has traveled for such a long distance, there's only a little bit of time left. Since you've come for a trip, you should rest well for the night. It's not too late to leave tomorrow." Huangfu Fengchen said.

His gracious invitation, and Huangfu Qi's persuasion to stay, made Long Chen think for a bit, then said: "Alright, then I'll accept it."

At this time, the dancers had finished dancing, and had already slowly retreated, and upon leaving, another two people walked in through the main door. The leading beautiful dancers, who were Big Brother Huangfu Fengchen's future daughter-in-law, looked at the two of them, then lowered their heads and left.

Long Chen's gaze was attracted to the two people.

One of them looked extremely similar to Huangfu Fengchen, but he was a bit older. His hair had already started to show traces of white, and the person following behind him was a young man who was about Long Chen's age. He grew up in such a large clan, so of course his looks were about the same as Huangfu Fengchen.

Although Long Chen was not able to directly ascertain the other party's strength, he could at least estimate that the older man who looked very similar to Huangfu Fengchen should be Huangfu Fengchen's big brother, who was already at the second level of the Earth Martial Stage. As for the youngster, he should be the former's son, and his strength should be at the first level of the Earth Martial Stage.

This youth could be considered an expert on Jiang Wushang's level.

Although they were far weaker than some Zhao Danchen, but amongst the younger generation, this youth and Jiang Wushang were still quite strong.

The moment the two of them came here, Huangfu Fengchen introduced Long Chen: "This is my big brother, Huangfu Fengyun. This is my big brother's son, and also the famed young genius of the Huangfu Family, Huangfu Yu. "

Hearing Huangfu Fengchen introducing themselves to a young man, Huangfu Fengyun and Huangfu Yu both looked towards Long Chen. They could easily sense that Long Chen should be an expert of the Earth Martial Stage, especially Huangfu Yu.

"Master, may I ask who this young genius is?" Huangfu Fengyun asked.

"Long Chen, who had killed Sikong Sword Saint and was a rising star in Yun Mengze, was a rare genius." Huangfu Fengchen said somewhat proudly, as if he was the one who raised Long Chen.

"Kill the Sikong Sword Saint?" They had heard of this rumor, but they treated it as a joke. Everyone knew that in this battle, the main contributor was most likely Jian Chen!

"What kind of talent is he?" After hearing it, Huangfu Yu muttered a few words, and a cold sneer formed on his lips.

When Long Chen heard it, other than Huangfu Qi, everyone else present heard it. Only, Long Chen did not mind. Long Chen had seen many people like Huangfu Yu. In the younger generation, he was already used to ruling the Huangfu Family, so he naturally did not put many people in his eyes.

After getting to know Long Chen, Huangfu Fengyun went back to the main topic at hand. There must be something going on for him to come here to find Huangfu Fengchen.

"Big Brother, if you have something to say, just say it, right?" Huangfu Fengchen said.

It's like this, "Huangfu Fengyun pulled Huangfu Yu to the front and said:" Little Yu has almost finished cultivating the 《overlord spear technique》, his talent is extraordinary, I presume he should be able to cultivate the 《catkin with wind》 now?"

The overlord spear technique and the catkin with wind were two of the Huangfu Family's ultimate moves. One was the movement technique and the other was an attack.

"A medium level king level battle skill, overlord spear technique, this Huangfu Yu actually almost finished cultivating it." Long Chen was still surprised, it seemed that this Huangfu Yu was not weak either.

Long Chen looked at Huangfu Fengchen, to see how he would decide.

He knew a little about the Huangfu Family. It seemed that in his early years, Huangfu Fengyun was originally the successor to the Patriarch position. Although the two of them didn't say it out loud, there was still a contradiction between them.

In the next generation, Huangfu Fengyun will definitely have a lot of children, but up till now, Huangfu Fengchen only has one Huangfu Qi, he is only ten years old, and he is a girl.

However, with Huangfu Fengchen's personality, he probably wouldn't place too much importance on the position of Patriarch.

At this time, Huangfu Fengchen had finished listening to his elder brother. He looked at Huangfu Yu and said: "Little Yu, the overlord spear technique has a total of three types.

Huangfu Yu said proudly: "Patriarch, I have already mastered the first stage, the second stage, I am afraid I am close to it!"

After Huangfu Fengchen finished listening, his brows slightly wrinkled, and he said, "It's too early to miss the catkin with wind. Wait until you learn the third style, or reach the second stage of the Earth Martial Stage. "

Since he said that, Huangfu Fengyun did not follow and said: "Patriarch, there's still the third overlord spear technique and the second stage of the Earth Martial Stage. Actually, just reaching it is enough, according to what you said, Little Yu probably won't be able to obtain the catkin with wind for ten years."

"If that's the case, it only means that his talent is really too poor. Don't you know that?" The catkin with wind will affect his following progress. " Huangfu Fengchen said very sincerely.

"Chewing is not bad? Patriarch, you must be afraid that Qi Qi will never be able to catch up to me in the future, right? " Hearing that, Huangfu Yu said sinisterly.

Huangfu Fengchen smiled, and said: "Little Yu, it seems that your cultivation hasn't risen very fast in these past few years, and you're actually becoming more and more proud. You stay in the Huangfu Family, and you sit in the well and look at the sky.

"So many? This Long Chen who is said to have killed the Sikong Sword Saint? " Huangfu Yu muttered, and pointed his finger at Long Chen. His eyes were filled with contempt.

This Huangfu Yu, was doted on since he was young. Although his strength was at Jiang Wushang's level, but at the very least, his temperament was far inferior to Jiang Wushang's.

When Huangfu Yu went against Long Chen, Huangfu Fengchen smiled again, and said: "Alright, today I won't let you give up, and you won't understand either. If you can defeat Long Chen, I will hand over the catkin with wind with both of my hands, how about it?"

Without waiting for Huangfu Yu's consent, Huangfu Fengchen said to Long Chen: "Kid, I've helped you to reach the Earth Martial Stage, and you've helped me with this, right?"

Long Chen also understood that if he did not let Huangfu Yu recognize the power of others, the father and son would not let this matter rest. He owed Huangfu Fengchen a favor, and upon reaching the Earth Martial Stage, he also wanted to verify his own strength, and said: "Of course I will help, but I wonder if this young master Huangfu Yu thinks that I can become your opponent?"

Huangfu Yu glanced at him, then said to Huangfu Fengchen: "Patriarch, just him? You should have said so earlier. We don't need to talk so much nonsense. "

This Huangfu Yu was really crazy.

Long Chen stood up. To deal with Huangfu Yu, he did not need to use the Dragon Soul Transformation. This time, he could also test his strength.

Seeing that they were ready, Huangfu Fengyun retreated to the side.

"Son, use your overlord spear technique, we cannot be careless!" Huangfu Fengyun reminded.

"I know, I'm old, but I'm just long-winded!" He squinted his eyes as he lifted his chin to look at Long Chen, and then, he pulled out a golden colored long spear from his Qiankun bag.

This long spear seemed to be made of gold, but the material it was made of was far superior to gold. The spear's body was covered in beautiful snake patterns. The sharp tip of the spear emitted a glaring cold light.

"Elementary king level!"

Looking at the shining Golden War God Gun, Long Chen slightly frowned, then relaxed his brows. This was because the spear was indeed very strong. It was at the king grade, but to the current Long Chen, using such a strong person, would only make him look ordinary.

"Yeah, now we can watch big brother beat up bad guys again. Brother Yu is a big bad guy, always bullying others, teasing girls and sisters, humph! Qi Qi wanted to beat you up a long time ago! " Huangfu Qi shouted in indignation.

Long Chen was speechless.

It seems that Huangfu Qi did not like her, too.

Then Long Chen didn't have anything to be polite with.

In the middle of the open space, it was enough for Long Chen to fight with Huangfu Qi. As long as Huangfu Yu and Long Chen stood there facing each other, Huangfu Yu's gaze would pass past Long Chen, and he would look towards Huangfu Fengchen and say: "Patriarch, you must keep your promise.

"A lord's word cannot be taken back." Huangfu Fengchen said.

Like this, Huangfu Yu was satisfied. The corners of his mouth hooked up into an evil smile, and then, the Golden War God Gun in his hand fell to the ground. Dang, a sharp sound of friction assaulted towards Long Chen.

"Brat, if you can come to my Huangfu Family and spar with the strongest person in the younger generation, then it would be considered your luck. Use whatever means you have, I want to see what abilities you have after being boasted like that!"

"Is that so?" Long Chen laughed and said: "Since that's the case, then I won't be polite."

Huangfu Yu smiled. Halfway through laughing, he suddenly realized that the Long Chen in front of him had already turned into an afterimage, and in a blink of an eye, he was right in front of him!

"Such a fast speed!" After seeing Long Chen's speed, Huangfu Yu did not dare to be careless and immediately retreated. The Golden War God Gun in his hands, was like a swimming dragon, thrusting forward!

Swoosh!

With a whistling sound, the sharp tip arrived in front of Long Chen in an instant under the support of the strong Earth Martial Stage Warriors!

The Earth Martial Stage was able to utilize strength to a very profound degree. When the Earth Martial Stage's true essence was completely used on the Golden War God Gun, then the power that Huangfu Yu had suddenly exploded forth was still very strong!

Wherever the spear tip of the Golden War God Gun passed by, the air emitted a sonic boom, causing space to distort. Long Chen could only hear a buzzing sound from ahead, proving that although this Huangfu Yu was arrogant, he was truly talented!

"Is that all?" Long Chen laughed, the other party came fast, he dodged fast, the Golden War God Gun was instantly overtaken by him, at the same time, he was even faster, he reached out a hand, and caught the Golden War God Gun before Huangfu Yu could pull it back!

Boring!

Huangfu Yu's face darkened, he held onto the spear with both of his hands and immediately turned it around. The power behind his hands obviously outstripped the power of one of Long Chen's hands, but at this time, Long Chen laughed: "Idiot, who wants your spear?"

When Huangfu Yu was doing his best to change direction, Long Chen immediately let go of his hand, causing Huangfu Yu's immense strength to almost fall off without Long Chen resisting. He staggered a step and almost lost his footing!

Close combat was a test of one's temperament!

Long Chen's mental state, after experiencing so many battles, had long since been honed to an extremely valiant level. When the other party had momentarily lost control, he suddenly rushed forward and smashed his fist towards Huangfu Yu's face!

In the midst of the whistling wind from the fist, faint blood-red flames suddenly appeared on Long Chen's fist!

"What the hell!" Huangfu Yu hurriedly retreated again, the expression on his face was extremely shocked. Long Chen's simple punch, in Huangfu Yu's opinion, was like a golden bird pouncing towards him!

The scorching heat was simply impossible to resist!

"Terrifying!" Huangfu Yu realized this point. At this time, he no longer dared to underestimate Long Chen, and of course, he did not overestimate him either. At the same time, he turned around, and the Golden War God Gun in his hands began to quickly spin.

"Golden War God Shield!"

It was obvious that this was a type of battle skill, and one that was relatively rare as well. From this battle skill, Long Chen remembered the Nine Revolving Fire Shield!

Huangfu Yu was obviously using the Golden War God Shield to counter Long Chen's punch. However, when he was close, Long Chen suddenly changed his fist, his hand quickly rotated, and danced. Very quickly, a gigantic blood-red fire shield appeared in his hand.

The Nine Revolving Fire Shield was still the original Nine Revolving Fire Shield, but this time, Long Chen used the flames of the Golden Crow's soul fragment. That blood-red shield, was countless times stronger than Long Chen's original Nine Revolving Fire Shield!

Of course, there was a level of limitation for battle skills, so even if it was the Golden Crow's soul, it might not be able to produce much attack power. Long Chen still wanted to use the divine fire clone, but how could he have so many?

This time, this Nine Revolving Fire Shield was completely used by Long Chen as an attack, clashing head on with the Golden War God Shield's attack. Long Chen attacked, but as for Huangfu Yu's defense, it was obvious who was more powerful at first glance.

And Long Chen had only taken a few steps back!

"Hahahaha!" Seeing that, Huangfu Qi who was spectating by the side laughed out loud, his mouth wide open, laughing: "Lazy ass rolling around, lazy ass rolling around!"

Other than Huangfu Yu's father Huangfu Fengyun, the others present could not hold back their laughter either. Just like Huangfu Fengchen, their faces were also black!

"Little Yu, you can't underestimate him. He's not stronger than you, but he has more tricks up his sleeve than you!" Huangfu Fengyun immediately tried to cheer for his son, but he could obviously see the clues. He knew that Long Chen was probably a little more terrifying, but in order to encourage his son and prevent him from discouraging his son, he could only say that!

Of course, Huangfu Yu would not be scared by him, the punch that Long Chen just threw was a complete humiliation to him. For the rest of them, Long Chen had never been defeated by any of his peers by even a single move, so how could there be a day when he was easily beaten to the point of rolling on the ground?

"You're courting death!" Huangfu Yu was completely furious this time. Seeing Long Chen's playful smile, he flew into a rage and roared: "Such insignificant skill, not even a battle skill. I'll let you have a taste of what my Huangfu Family's overlord spear technique is now!"

After roaring, the Golden War God Gun in his hands danced quickly, Huangfu Yu's movements were extremely fast, in that moment, most people could no longer see his movements, they could only feel that what danced in his hands was no longer a spear, but a golden ray of light!

Long Chen actually felt a huge pressure!

At this moment, Huangfu Yu moved, his entire body shooting towards Long Chen. The originally small golden light suddenly expanded several times, like a golden pillar of light, instantly arriving before Long Chen's eyes!

"overlord spear technique, Rainbow Piercing Sun!"

This overlord spear technique was indeed worthy of being the Huangfu Family's most famous offensive martial skill. When Huangfu Yu used it, he truly gave off the might of a rainbow passing through the sky. Long Chen could feel that under his attack, the entire side hall was trembling slightly due to the immense aura.

Terrifying!

However, why would Long Chen be afraid!

Seeing the Golden War God Gun flying towards him, the corner of Long Chen's mouth curled into an evil arc. He opened his palm and took the shape of a claw.

This Huangfu Yu, when paired with the overlord spear technique, was indeed several times stronger than the Eagle Martial King from before. However, when Long Chen was using his Ninth Level of the Heavenly Completion Stage back then, he could already rely on the remnant soul of the Golden Crow to kill the Eagle Martial King, let alone now?

With a sou sound, when Huangfu Yu unleashed the overlord spear technique's Penetrating Sun Rainbow, Long Chen also moved. From the very beginning, he was like a coiled dragon! Right at this moment, the divine dragon moved, Long Chen suddenly turned into a blood-red dragon-shaped shadow, and charged towards Huangfu Yu with a loud bang!

Roar!

A dragon's roar sounded out in the side chamber. The blood-red divine dragon simulacrum instantly pounced on the Golden War God Gun, and at the point of contact, blood-red flames burned!

Even Huangfu Qi frowned as he covered his ears in the end. In front of her, there were only the golden colored afterimages of the spear and the blood-red afterimages of the claw. Those afterimages were actually produced by the image of the divine dragon in front of her!

"Soulcatcher claw!" "Earlier, when he was at the Li Huo Jing, Long Chen obviously did not know how to use the Soulcatcher claw. In other words, after he used the Li Huo Jing, only then did Long Yue give it to him. Only ten days have passed, but he actually learned it!"

In Huangfu Fengchen's heart, there was no need to explain how shocked he really was!

"Genius, peerless genius, breaking through the Earth Martial Stage, only needed five days. Others would need several months, or even a year to learn the Soulcatcher claw, but he only needed ten days, to actually learn it. Compared to this kind of genius, Little Yu is simply a grain of rice, even that whatever Zhao Danchen is, he's not as monstrous as this Long Chen!"

"Long Chen is a member of the Long Yue family, Long Yue's ancestor is the savior of the Holy Martial Empire, in the past, my Huangfu family also received the favor of her ancestors, the ancestor of the Long family, is the strongest existence in the Holy Martial Empire since ancient times, does this Long Chen want to restore the glory of the Long family?"

Huangfu Fengchen quickly thought in his heart.

Thinking of this, the results had already been decided!

This was Long Chen's first time using the Soulcatcher claw, and he hadn't even activated the Dragon Soul Transformation. He had only used the close combat method of the Soulcatcher claw, and his true essence, even if he didn't use the Dragon Soul Transformation, was at least five times stronger than Huangfu Yu's! Adding the Golden Crow's soul into the mix, how could Huangfu Yu, this punk, be his match?

Chapter 580 - Wu Er

BOOM!

With a loud bang, a golden ray of light shot out of the room and slammed into the door, causing it to sway!

"AHH!"

A scream came from outside the door. Clearly, someone was watching from outside, but was terrified by the scene, after the voice was heard, the person did not hide, and directly walked out, looking at the crowd awkwardly. This person was the leading dancer, Huangfu Yu's fiancée.

Previously, she did not immediately leave, but stayed by the door to watch the situation. Perhaps, she was also very concerned about whether Huangfu Yu was able to get his hands on the catkin with wind.

The golden light that struck the door was exactly the Golden War God Gun. With a loud clang, the Golden War God Gun fell to the ground, causing sparks to fly everywhere.

In their field of vision, Long Chen and Huangfu Yu were standing face to face. Huangfu Yu's face was pale white, and had been completely frightened out of his wits, yet Long Chen's other hand was currently grabbing onto Huangfu Yu's neck.

Victory was already very clear.

Long Chen's Golden War God Gun had already been sent flying by Long Chen. Long Chen had used a claw, and he could tell that when he was about to kill Huangfu Yu, he would be lenient. Otherwise, he might just break Huangfu Yu's neck!

There was no doubt that Long Chen had won.

had predicted that before reaching the Earth Martial Stage, he would be able to defeat Jiang Wushang who was similar to Huangfu Yu. Now that he had reached the Earth Martial Stage, he naturally could.

The corner of his mouth revealed a faint smile. Long Chen had finally solved a huge problem for him.

Huangfu Qi was so happy that he jumped up and shouted: "Haha, Big Scoundrel has finally lost! I've already told you that my big brother is very powerful, if you continue bullying the maids and sisters, big brother will come and beat you up! "Pa, pa, pa, pa, pa!"

Huangfu Qi's words caused Huangfu Yu's face to turn incomparably ugly. He looked in disbelief at the youth who was looking at him in amusement, and in his heart, he had long since been endlessly humiliated!

"Impossible!" Huangfu Yu used his hand to knock away Long Chen's arm. He was not willing to lose to Long Chen in this way, so he punched towards Long Chen, but Long Chen was one step faster, and kicked him away. Long Chen rolled several times on the ground, making him even more miserable!

"Huangfu Yu!" The dancers who were secretly watching immediately helped Huangfu Yu up. At this moment, Huangfu Yu's face was filled with gloom, but he did not appreciate his kindness. He fiercely pushed the dancers away and said: "Scram!"

After the dancers left, their expressions turned ugly.

At this time, Huangfu Fengchen became less arrogant, and said coldly: "Xiao Yu, as a man, as a man, you must accept your defeat. Don't you want others to look down on the men of my Huangfu Family, and let them think that we don't have any bearing, that we are men who can afford to lose, and don't make me lose face! "

Although Huangfu Fengchen was normally very casual, his gloomy and cold voice at this time, made Huangfu Yu's hair stand on end. His head was lowered, and he did not dare to speak. His father, Huangfu Fengyun, said at this moment: "Little Yu has lost, and indeed, there's still a mountain high above. We cannot say, Little Yu, let's go, don't embarrass yourself again here!"

Huangfu Yu was embarrassed, he was also embarrassed, so he had no face to stay here anymore.

"Wait!" Huangfu Fengchen paused for a moment, then said: "Big Brother, I did not make it difficult for Little Yu, don't you see? He does not even have a complete mastery over the overlord spear technique's Rainbow Penetrating Sun, how can you talk about the second and third move? When he reaches the second move, bring him to the catkin with wind! "

"Thank you, Patriarch!" Huangfu Fengyun nodded, his expression did not change. He looked at Long Chen coldly again, and said: "You are indeed a young genius."

After saying that, he left with his son.

Huangfu Yu looked at Long Chen with venomous eyes, and in the end left as well. In his opinion, the reason why he couldn't get the catkin with wind today was probably all because of Long Chen!

After they left, the dancer said: "Patriarch, Wu Er will also be leaving."

After she left, Huangfu Fengchen ignored his image, clucked his tongue, looked at Long Chen, and said: "Little guy, you're good, in just ten days, you've already learnt Long Yue that girl's good moves?"

Long Chen nodded his head, and said: "I only understand a little bit of it, and when I use it today, there are still many flaws."

"To be able to stop it at the very last moment, to be able to do it freely, it's already quite good. I, Huangfu Fengchen, admire you! Tsk tsk, what should we do? I want you to be my son-in-law more and more, but it would be a pity if Qi Qi was born a few years earlier. " Huangfu Fengchen laughed as though he was an elder.

Long Chen could only laugh dryly.

"Father, do you want me to marry big brother? Will I be able to leave this damn place once I'm married?"
"Then I want to marry!" Hearing that, Huangfu Qi's big eyes rolled around.

"Marry?" Huangfu Fengchen was just joking previously, he almost fainted from anger.

Long Chen said: Qi Qi, this time, I have urgent things to do, this is a matter of life and death, I cannot stay here for too long.

"I refuse! It's dark now, and you said you would leave tomorrow!" Huangfu Qi immediately ran over and pulled Long Chen's sleeves.

Huangfu Fengchen laughed and said: "Since that's the case, Qi Qi, you accompany Long Chen and take a good look at my Huangfu Family. However, you still haven't cultivated today, if you don't complete the mission, you will be grounded for a month!"

"Alright, alright, I'll play with big brother. After that, I'll send him to the guest room and then go back to cultivate!" After Huangfu Qi finished speaking, he immediately pulled Long Chen out.

Long Chen still doted on this child a lot. Since he had come, he might as well spend the night with her since he was not at Long Yue's level anymore. There was no need to be too anxious about the matters of the Warring Clan.

Otherwise, Long Chen would not be cultivating on the road here.

Following Huangfu Qi, Long Chen spent more than four hours to travel across the entire Huangfu Family. The Huangfu Family was practically like a palace, but compared to the Ancient Devil Region, this place was simply a fairyland.

Although it was night time, the scenery was also quite beautiful.

It was only until deep into the night that Huangfu Qi finally brought Long Chen to the guest room and said: "Big brother, I have to cultivate for four hours everyday so I have to go back to my room today. But you are not allowed to leave."

Originally, Huangfu Qi wanted Long Chen to go to her room to accompany her, but men and women shouldn't be so intimate with each other, so Long Chen didn't agree.

This guest room was extremely luxurious. Just as Long Chen was about to close the door, he suddenly saw a dancer named Wu Er walking past his door with a sorrowful expression.

"Hmm, she seems to be Uncle Qi Qi's adopted daughter, so she can be considered as Qi Qi's older cousin." Long Chen's heart moved a little but he did not think too much about it. Just as he was about to close the door, he suddenly saw Huangfu Yu coming out of the shadows and following him. Huangfu Yu's expression seemed to be quite dark.

"They seem to be an unmarried couple. I presume it's none of my business." Long Chen was slightly startled, but the two of them had already walked far away. In front of Wu Er was a clear lake, and her residence was right across the lake.

Long Chen closed the door, and then began his cultivation.

"Little Cat, how is Little Wolf?"

"He is transforming. He should be able to reach the king level demon beast and take human form in a short period of time or even a few days." The kitten lazily said.

Thinking about how he could let the little wolf stand beside him in human form in a few days, Long Chen became slightly agitated.

"When we were in White Poplar Town, Xiao Xi had met the little wolf before. Would she be surprised when the little wolf and I went to look for her?" "Hehe." Long Chen thought beautifully, and after thinking about it, he began to cultivate.

In today's actual battle, the opponent was not weak. That night, his main focus was still on the Soulcatcher claw. He was already extremely familiar with the close-combat techniques, and Long Chen could even use the even stronger Five Dragons Breaking Heaven technique!

With the help of the Dragon Soul Transformation and the five dragons breaking the heavens, that was the strongest state Long Chen was in!

A night's time quietly passed by!

Four hours later, Huangfu Qi suddenly pushed open the door, his face pale white, and shouted: "Big brother, big brother, something big has happened!"

"What is it?" Long Chen was startled for a moment, and recovered from his cultivation state.

"Sister Wu Er, Sister Wu Er was killed last night!" Huangfu Qi said somewhat sorrowfully.

Long Chen's face changed.

"Sister Wu Er was born a dancer, she only had Second stage of the Heavenly Completion Stage, I don't know who was so ruthless, if I knew, I would pull his tendons and skin out!" Huangfu Qi said with tears flowing down her face.

Long Chen bit his lips, comforted Huangfu Qi and said: "Qi Qi, let's go, let's go out and see what's going on."

"Hm!" My father is cultivating in seclusion, and he doesn't know about this. I only came to your place when I heard the news. Huangfu Qi immediately pulled Long Chen and rushed out of the guest room, and around the big lake, they headed forward.

Seeing the foot tower that was surrounded by many people, Long Chen had a bad premonition. He vaguely remembered what happened last night and felt that something was amiss.

"Who would kill that girl?" Long Chen's eyes turned cold, and very quickly, he and Huangfu Qi arrived at the scene. At this moment, many Huangfu Family members were gathered in front of the gallows, discussing about it.

"Miss Wu Er is so beautiful, and she's also Young Master Yu's fiancée. How could she be killed by someone in the clan? Who exactly was it that had the guts to do so?"

"I really can't understand. Aren't the two of them preparing to get married? I think Young Master Yu is going crazy this time. His good fiancée is actually gone? "

"Who do you guys think it is? Miss Wu Er has been in the Huangfu Family for half a year and didn't have anything to do for half a year.

"We must investigate, find out who the murderer is, and tear him into ten thousand pieces!"
