

## War God 581

### Chapter 581 - Who is the murderer

Who could it be?

Everyone was guessing. After all, within the Huangfu Family, there were a lot of people who could kill Lady Wu Er soundlessly and soundlessly.

At this time, a large path was split open in the middle of the crowd, and two figures charged forward, with Huangfu Yu leading the group. His face was currently pale, with tears flashing faintly in his eyes.

After all, that Miss Wu Er was his, Huangfu Yu's, fiancée. Although the time they had known each other was short, they definitely had a deep relationship with each other!

At this time, Huangfu Yu shouted out his name and staggered into the pavilion. His father, Huangfu Fengyun, had a rather ugly expression on his face, and immediately followed behind him. The others saw that they had already entered, and some of the higher status members of the clan were even able to enter.

"Big Brother, let's go in and take a look as well." With Huangfu Qi leading them, no one would be able to stop Long Chen, even though he was just an outsider.

As a result, more than twenty people went in.

Long Chen did not speak, his eyes staring straight at Huangfu Yu in front of him. Huangfu Yu's current reaction made Long Chen somewhat puzzled, he could roughly guess the truth, but if it was really like that, how could Huangfu Yu be like this? Could it be that he was faking it? What was his purpose?

Very quickly, everyone entered Wu Er's room. Along the way, they were surrounded by Huangfu Clan's guards, tightly controlling the scene. At the door of Wu Er's room, a middle-aged man said to Huangfu Yu: "Young Master Yu, after we discovered the accident, we didn't touch anything inside."

"Investigate!" He must find out who the murderer was! I, Huangfu Yu, will definitely grind them to dust! Definitely! Definitely! I want him to endure the most terrifying tribulation of time! " Huangfu Yu said with a sinister look.

At the side, Huangfu Fengyun had an ugly expression as he instructed: "Huangfu Yang, who was the first to discover Wu Er's death?"

"It's Wu Er's servant. A quarter of an hour ago, I heard her call out, and immediately rushed over. Cui Er, come over here!" As Huangfu Yang spoke, he called over a young woman dressed as a maid.

Before Huangfu Fengyun could even speak, Huangfu Yu had already passed the crowd and rushed to the center of the room. Huangfu Fengyun's expression turned painful as he said, "Let's go in first, I want to see who exactly it is that actually dares to kill my Huangfu Family's people!"

Everyone swarmed into Wu Er's room. Fortunately, Wu Er's room was large enough, so everyone had enough space to stand around. Currently, there were more than twenty people with relatively high statuses, including one or two Earth Martial Stage s.

Long Chen also followed Huangfu Qi in. Huangfu Qi was now considered the little devil of the Huangfu Family, she immediately shouted for everyone to make way for them. Since the others could not block his, they all moved aside, allowing Huangfu Qi to pull Long Chen to the front.

"Wu Er!" Suddenly, he heard a painful scream. At this moment, Huangfu Yu was already in tears as she pounced towards Lady Wu Er's corpse, Long Chen looked over, only to see a lady with a pale face kneeling on the ground, arms and head on the edge of the bed, with a deep red scar on her neck. It was obvious that she had been strangled to death with her disheveled clothes and snow-white muscles, it was obvious that someone had assaulted her before she died.

"Someone wanted to humiliate her, but she wouldn't allow it. So she killed him?" Long Chen's mind was in a bit of a mess. He looked towards Huangfu Yu, who was currently throwing himself at Wu Er's corpse, Huangfu Fengyun stopped him and said: "Little Yu, don't be rash, don't act recklessly. Let's first check if the culprit has left any traces!"

"Father!" He must find the murderer! Definitely! He actually dared to lay his hands on my, Huangfu Yu's, woman, luckily Wu Er was chaste and resisted with all her might, preventing him from getting away with it! She never expected to lose her life because of this! "We must skin that thief and pull his tendons out!" Huangfu Yu roared with a sinister face!

At this time, his sinister gaze actually swept across Long Chen's body!

Long Chen suddenly had a bad premonition!

He began to analyze it carefully!

"Last night, I saw that it was Huangfu Yu who followed Wu Er. His expression at that time was a little strange, as if she was arguing with her. Previously, I thought that the culprit must be Huangfu Yu, but now, it seems that the culprit actually wanted to get close to Wu Er, but was resisted. and was even killed because of resistance? "

Long Chen had never been able to understand this question, but the moment Huangfu Yu's gaze swept across him, he suddenly thought of it!

He had accidentally seen Huangfu Yu's killing intent towards him!

Long Chen subconsciously knew that he was the target of this Huangfu Yu!

He started to carefully think back to what happened in the side chamber earlier. In the side chamber, Huangfu Yu suffered a terrible defeat at his hands, and there was definitely hatred in his heart, but that Wu Er also saw him lose at the start. This Huangfu Yu was arrogant, and had such a bad temper.

"If this is the case, then Lady Wu Er might not have liked Huangfu Yu. Yesterday, after Huangfu Yu's defeat, she was naturally in a bad mood, and the two of them should be arguing. Then, when Huangfu Yu wanted to use his body to move, the other party would not agree.

"After killing her, Huangfu Yu had thought of a way to conceal himself, and then he thought of me. He wanted to use this chance to frame me!"

If that was the case, Wu Er's death had a great deal to do with Long Chen's arrival. Of course, with their personalities, continuing to interact with each other would only happen sooner or later!

Just as Long Chen thought this through, he flew into a rage. As Huangfu Fengyun was pulling him, he kept rushing to Wu Er's side as he cried bitterly. Suddenly, he opened his eyes, looked at Wu Er's tightly clenched hands, and asked: "What is this?"

As he spoke, he took out the item. It was a piece of cloth, and it looked like it had been torn from the bed.

"When Wu Er died, she grabbed onto this thing so tightly, she must have wanted to tell us something!" Huangfu Yu said excitedly. He opened the cloth and on top of the cloth, impressively, was embroidered a gold divine dragon!

"Dragon?" "Why is it a dragon?" Huangfu Yu was startled, but at the same time, Huangfu Fengyun's face became gloomy, he took the cloth and looked at it carefully, and when he raised his head, his eyes seemed to have turned into two sharp swords, flying towards Long Chen!

"Dragon, dragon!" Long Chen, this clearly means you. When Wu Er died, he even held this thing in her hand, to tell us that you were the murderer! "

Huangfu Fengyun's words caused a huge uproar in the room! Those people who were still beside Long Chen all retreated and surrounded Long Chen, looking at him vigilantly!

Hatred could be seen in their eyes!

They had all heard about Long Chen's origins, especially the matter of him defeating the number one genius of the Huangfu Family while he was still in the side hall!

At this time, Huangfu Fengyun's face had turned ashen, and he laughed coldly: "Bastard! You think you can hide this from us, but you didn't expect that when Wu Er died, she would actually use this kind of method to warn us! Wu Er has always been living well, I danced for you last night, it must be because you were infatuated with her beauty, and wanted to humiliate her! Good boy! You beast! "You actually dare to do such a thing in my Huangfu Family!"

"It's actually you?! Bastard, even if I, Huangfu Yu, do not want this life, I will tear your corpse into a thousand pieces so that you will never reincarnate! " Hearing that, Huangfu Yu's face turned crazy, and pounced at Long Chen, but seeing that he was not Long Chen's match, Huangfu Fengyun immediately stopped him.

Before Long Chen could say anything, Huangfu Qi, who was beside him, became anxious and said: "You're lying, my big brother isn't that kind of person! Furthermore, he accompanied Qi Qi last night, and only returned after knowing that it was late at night! After four hours, I came to look for him again! "

"Is four hours not enough time for him to commit heinous acts? His residence is just a lake away from here, and with his strength, he can come even though he wants to, you beast! " A strong aura burst out of Huangfu Fengyun's body, and he pressed towards Long Chen step by step!

"Today, on behalf of my son and my poor daughter-in-law, I'm sending you to hell!"

Long Chen had always been very calm. After Huangfu Fengyun finished speaking, he said lightly: "A piece of cloth, whoever wants to frame me, can just directly tear it off and place it in the hands of the deceased. If that's the case, it's me.

Long Chen knew who the culprit was. He looked at Huangfu Yu and said, "You can hide it from everyone, but not from me. For the first time ever, I, Long Chen, have seen someone as perverse as you are today. You have played a very good role, we admire you! "

Therefore, Long Chen did not think too much about it. In fact, he was not afraid of trouble at all, because he knew that the person with the highest status and power in the Huangfu Family had not come.

Huangfu Fengchen understood who the murderer was.

"What do you mean? You still want to argue after being exposed? You killed an important figure of my Huangfu Family. Today, I don't care if you're a guest of the patriarch or not. After he finished speaking, Huangfu Fengyun's second stage of the Earth Martial Stage exploded with power!

Huangfu Fengyun was one of the two second stage Earth Martial Stage s of the Huangfu Family. He was one of the most famous experts in the Holy Martial Empire and was only second to the Huangfu Family Patriarch. No one thought that there would be any problems if he was the one to capture a little kid!

After all, just based on seniority, the two of them weren't on the same level!

"If you dare to touch my big brother, I won't call you uncle anymore!" Huangfu Qi said angrily.

## Chapter 582 - Deceiving

This little girl, Huangfu Qi would probably spoil her too, but now she was not even fart. Huangfu Fengyun completely disregarded her and directly pounced towards Long Chen, causing a huge wave in the room!

"He doesn't even care about Huangfu Qi's safety. How hateful." Long Chen sighed with emotion. He immediately pulled Huangfu Qi into his embrace, then pushed him back with the tip of his feet. He crashed into a wall and rushed outside!

"Quickly chase, don't let him escape!" Huangfu Yu followed closely behind his father, called for the rest of the people, and rushed towards Long Chen.

At this time, the people outside were trying to guess the situation inside. Unexpectedly, a wall suddenly exploded, and Long Chen ran out with Huangfu Qi.

"Quick, stop this bastard! He caused Miss Wu Er's death!"

It was unknown who shouted, but everyone who was waiting outside immediately knew, and as a result, they were all filled with righteous indignation as they looked at Long Chen furiously.

Long Chen had just jumped down from the sky, placed Huangfu Qi, whose expression was somewhat panicky, on the ground, and said to her: "Qi Qi, you don't have to worry about me.

Huangfu Qi nodded his head heavily, the Huangfu Fengyun earlier had truly frightened her, she had firmly believed that Long Chen would not do such a thing, so she quickly spread his legs and walked towards where Huangfu Fengchen was.

At this time, Huangfu Fengyun and the others came out from the pavilion, and a large group of people quickly surrounded Long Chen. There were a total of five Earth Martial Stage warriors that came out of the pavilion, and among them were Huangfu Yu, whose face was filled with hatred, and Huangfu Fengyun!

"Long Chen, you beast! I must kill you today so that Wu Er's spirit can be sacrificed in heaven! " Huangfu Yu roared so crazily, his lungs almost popping out.

"All of you, help me hold Little Yu. I'll deal with this beast!" The others step aside to avoid being threatened by the bandits! " Huangfu Fengyun said with an ashen face.

Under his orders, everyone retreated behind Huangfu Fengyun, while the other three first stage Earth Martial Stage Realm warriors immediately grabbed onto Huangfu Yu. Even so, Huangfu Yu still struggled

with all his might, staring at Long Chen with eyes that were filled with beasts, constantly releasing heart-tearing and lung-splitting roars!

"His performance is really good. This Huangfu Yu can go and sing a song now." Long Chen laughed somewhat helplessly.

Unless Huangfu Fengchen arrived, the battle today would be unavoidable.

Long Chen was still somewhat looking forward to the second stage of the Earth Martial Stage.

Ever since he absorbed the Primordial Blood Dragon's blood essence, there had been a kind of intense battle-loving factor in Long Chen's bones. To him, this was a rather exciting experience!

"Little Yu, lend me the Golden War God Gun!" Huangfu Fengyun was a peerless expert, the Golden War God Gun was originally his, it was just that it had not been used for many years, and it had been passed down to Huangfu Yu, hoping that he would be able to earn some rewards. He did not expect that Huangfu Yu had actually gotten the Golden War God Gun back, and placed it in Long Chen's hands!

"Father, you must kill this beast for me!" Huangfu Yu immediately threw the Golden War God Gun over and roared.

"Don't worry. If he doesn't die, I will shame the ancestors of the Huangfu clan!" Huangfu Fengyun received the Golden War God Gun, and after a slight dance, it created golden waves. With a woosh, Huangfu Fengyun turned into a golden whirlwind, pouncing towards Long Chen!

The golden colored spear instantly enveloped Long Chen, and as expected, he was worthy of being called a practitioner at the second level of the Earth Martial Stage over ten years old. Just this strike of his was more than ten times stronger than Huangfu Yu!

This was a true expert who had experienced many trials and tribulations!

In the battles that Huangfu Fengyun had experienced, he was even more experienced than Huangfu Yu. The battle strength of two people, simply wasn't on the same level!

"Puchi!"

That golden spear image was something Long Chen could not withstand for a moment, and was directly struck by the spear and sent flying, directly smashing a large tree into pieces. That enormous force directly sent Long Chen flying into the vast lake!

Crash! \*

Long Chen fell into the lake, causing a large amount of water to splash around!

"Killed him?" Everyone cheered. In their eyes, Huangfu Fengyun was already a legendary figure in the Huangfu Family. Killing a junior in one move was a very normal thing!

"This Long Chen is truly deranged. Does he think that my Huangfu family is easy to bully?"

"To think that you are interested in my Huangfu Family!" "He's too bold, he doesn't even put our Huangfu Clan in his eyes!"

"He died just like that? Isn't this letting him off too easily? Miss Wu Er's beauty was extremely beautiful, but she did not expect to die in his hands, what a pity! Just do as I say. I can't let this beast die so easily!"

Everyone started to shout.

"What are you yelling for? He's not dead yet!" One of the Earth Martial Stage Ranker told them.

After hitting Long Chen into the water, Huangfu Fengyun flew into the air and directly landed on the surface of the lake. His feet were half a meter away from the water's surface, so he asked Yue Yang about standing!

"Get out here!" The Golden War God Gun slashed on the water surface, and with a loud explosion, the surface of the lake violently trembled. The originally calm lake water was actually split into two halves and swept to the side, where the Golden War God Gun had struck, even the muddy bottom of the lake was revealed!

At this time, everyone could see Long Chen, who was at the bottom of the lake, quickly scuttling forward and standing in front of Huangfu Fengyun. However, the current Long Chen looked completely different,

his body was completely covered in blood-red dragon scales, and sharp bone spikes covered his entire body, especially his pair of sharp claws, which were on average five centimeters long. It was as if ten sharp blood-red blade blades had extended out from Long Chen's strong and thick fingers, filled with a soul-stirring deterrence force!

It could be said that the most terrifying part of Long Chen's body was this pair of claws!

This kind of appearance of Long Chen greatly surprised those who originally thought that he was already dead.

"This Long Chen, is not only fine, why does he feel so much stronger than before?" Everyone thought to themselves.

Long Chen understood that he would definitely not be a match for Huangfu Fengyun if he did not undergo the Dragon Soul Transformation.

The blood-red colored fire of Golden Crow was covered in a thin layer. In Long Chen's body, the flames and true essence had completely merged together, becoming as perfect as they could get!

Such a combination was simply rare!

At this time, Long Chen had also made him frown. Waving the Golden War God Gun in his hand, Huangfu Fengyun coldly laughed: "Such insignificant skill, acting like a ghost!"

With a whistle, on the surface of the lake, Huangfu Fengyun flew through the air. The Golden War God Gun in his hands turned into a golden illusion, rushing towards Long Chen!

At this time, the lake surface had gradually calmed down. In mid air, Long Chen was still not proficient in fighting, so he was stepping on the lake surface, of course, this did not affect his fighting strength!

Huangfu Fengyun's speed was extremely fast, and in the blink of an eye, his Golden War God Gun was lashed towards Long Chen.

The golden figure was like a snake, sweeping towards Long Chen's neck. Everyone was fantasizing, that Long Chen's head had been struck and sent flying, but what they saw instead ...

Boring!

Intense sparks exploded out. The Golden War God Gun had struck Long Chen's arm, and Long Chen immediately used his arm to block the Golden War God Gun. The Golden War God Gun that originally sent him flying, was actually unable to move at all!

"Do you only have this little strength left? Huangfu Fengyun, you seem to be old?" Long Chen laughed out loud. He changed his hand gesture, and directly pushed away Huangfu Fengyun's Golden War God Gun with his arm. At the same time, his other hand, instantly dug towards Huangfu Fengyun's heart!

"Bastard, you're courting death!" Huangfu Fengyun's heart was incomparably shocked. When Long Chen attacked him, he left with a "shua" sound. This time, it was Long Chen who chased after him!

"A dignified Huangfu Fengyun, he actually ran away?" Long Chen mocked.

It was not that Huangfu Fengyun wanted to escape, rather, whether it was Long Chen's attack or defense, they had all reached a level that was heaven opposing. At this moment, Huangfu Fengyun's heart was already filled with shock!

"This kid is really extraordinary." It should be true that he helped Jian Chen to defeat the Sikong Sword Saint before, but I cannot be careless this time.

That was why Huangfu Fengyun was so cautious!

It could be seen that Long Chen was more adept at close combat than him, so he needed to put some distance between them in order for the Golden War God Gun to have a chance to unleash its full potential!

With Huangfu Fengyun's strength, he could easily do this!

Swish!

The Golden War God Gun's crazy dance easily pushed Long Chen away!

"Is that enough?" Long Chen sneered. There was only one way he could deal with Huangfu Fengyun, and that was to forcefully attack!

"Hua!"

Everyone started to clamor, because they saw Long Chen's claws suddenly ignited with scarlet flames, and within the flames, there were actually countless blood-red divine dragon simulacrum. They were moving about, revolving, and releasing dragon roars that came from the ancient times!

fire of Golden Crow, when paired with Soulcatcher claw, would have this effect!

Whoosh!

Long Chen laughed and turned into a blood red shadow, rushing towards his opponent!

"Soulcatcher claw!" Many experts recognized the name of this battle skill!

In Long Chen's hands, the Soulcatcher claw had displayed a different flavor!

"How can an insignificant skill be on par with my Huangfu overlord spear technique!" Huangfu Fengyun laughed out wildly, the Golden War God Gun in his hand danced wildly, and released a ray of piercing sunlight!

The blazing sun was right behind Long Chen. The Golden War God Gun moved, suddenly transforming into a long pillar of light, containing the endless spear shadows as it charged explosively towards Long Chen!

Chapter 583 - Broken Universe

Facing an attack that was at least ten times stronger than what Huangfu Yu had displayed, Long Chen's expression did not change at all. The aura around his body expanded rapidly, and the flame and divine

dragon in his hand suddenly expanded. Under Long Chen's display, they transformed into a flaming blood dragon that fought against Huangfu Fengyun!

This technique, Soulcatcher claw, was a combination of close combat. As long as Long Chen was able to break Huangfu Fengyun's attack, as long as he was close to Long Chen, under Long Chen's wave-like attack, Huangfu Fengyun would definitely lose!

BOOM!

The huge attack crashed into the surface of the lake, causing the water in the lake to explode in all directions. In the center of the lake, a huge crater was revealed!

"Ninety-nine eighty-one strikes!" I want to see how you will dodge! " Although Huangfu Fengyun's Penetrating Rainbow was incomparably powerful, Long Chen's Soulcatcher claw was even more powerful. After his Dragon Soul Transformation was done, his true essence had increased dramatically, to the same extent as Huangfu Fengchen's. With the addition of the fire of Golden Crow in his true essence, his attack was definitely much more terrifying than Huangfu Fengyun's!

After fusing with the inherited blood essence of the Primordial Blood Spirit Dragon, Long Chen made his living from battle! This kind of close-combat was his forte. Long Chen felt that he had found his favorite thing to do, so when he fought, it was especially carefree!

Rumble rumble rumble!

Explosions rang out one after another. The surface of the lake was riddled with craters before being filled up by the lake water!

"Bastard, you're courting death!" At this time, Long Chen had already used the Soulcatcher claw, and directly broke through the rainbow light, throwing himself at Huangfu Fengyun. Huangfu Fengyun let out a startled cry, and immediately spun the Golden War God Gun back!

"Golden War God Shield!" With an explosive shout, that golden vortex appeared in Huangfu Fengyun's hands, blocking his path!

"You want to block me like this?" Long Chen's laughter caused everyone to feel a chill down their spines, although there was still a victor, they were all extremely shocked. Before the battle, they simply could not believe that Long Chen was strong enough to the point that he could fight with Huangfu Fengyun!

Everyone looked on helplessly as Long Chen's blood-red divine dragon pounced in front of Huangfu Fengyun's Golden War God Shield. After that, everyone heard the sharp sound of friction as terrorist attacks were recorded on the Golden War God Shield.

The Soulcatcher claw, allowed Long Chen's claws to be basically equivalent to weapons of the same level. In other words, the strength of Long Chen's claws could currently contend against Golden War God Gun! After all, his physical body was at the king level with a low grade True Martial Demon Body!

**BOOM!**

With an explosive sound, Huangfu Fengyun was struck directly into the lake surface by Long Chen's powerful attack, and directly into the mud. The lake water surged, and Huangfu Fengyun was instantly submerged within the lake!

This scene was simply the complete opposite of the previous one!

Everyone's face, had already become lifeless. Previously, they were filled with hatred, but now, they were completely filled with shock, especially Huangfu Yu. Right now, his face could only be described as wet shit.

"Impossible!" Impossible! How could Long Chen be so powerful! "Impossible!" To be honest, what happened today was exactly as Long Chen had expected. Huangfu Yu was the murderer who killed Wu Er, and then, the blame was placed on Long Chen. He originally thought that Huangfu Fengyun would kill Long Chen with lightning speed, and everything would come to an end.

Huangfu Fengyun was now at a disadvantage?

"Father, use all your strength! You can't underestimate him!" Huangfu Yu roared.

He broke out in a cold sweat.

What he was praying for was that Huangfu Fengyun would kill Long Chen before Huangfu Fengchen arrived, otherwise, when Huangfu Fengchen arrived, killing Long Chen would not be an easy task. After all, it could be seen that Huangfu Fengchen was very optimistic about Long Chen!

Huangfu Yu was afraid that Long Chen would see through him!

He knew, Long Chen knew the truth!

He himself was clear about the relationship between Wu Er and himself, and it was actually more or less what Long Chen had guessed. Since Huangfu Yu had lost to Long Chen, lost face, and in a moment of anger, his anger had dispersed to Wu Er.

Huangfu Yu was furious and couldn't control his strength at the moment and directly strangled Wu Er to death. In his shock, he suddenly had a thought, seeing the Divine Dragon Embroidery on the bed, he wanted to blame this matter to Long Chen, killing two birds with one stone!

In fact, he should have gone out early in the morning to look for Huangfu Fengyun for a walk, in order to be able to reach here in a short period of time. If Huangfu Fengyun were to make a move, how could Long Chen not die?

Unfortunately, Long Chen did not die!

Whoosh!

Right at this time, the miserable Huangfu Fengyun suddenly rose up from the bottom of the lake. His face was ashen, he was so angry that his entire body was trembling!

"If that's the case, then I won't hold back any longer. In the last ten years, you've been my first opponent to go all out!" Huangfu Fengyun roared, his body suddenly changed as it was thrown into the air!

"Hey, why does he seem to be weightless? "So fast!" Long Chen was shocked. At this moment, Huangfu Fengyun was floating in the air, moving with the wind, one moment here, one moment there, it was impossible to grasp his movements and position!

"The changes are unpredictable, moving with the wind. This should be the catkin with wind!" Long Chen was a little taken aback!

"My Huangfu Family's catkin with wind, combined with my second move, I do not believe that you will not die!" Vaguely, Huangfu Fengyun's wild laughter came out!

Liu Xu followed the wind. Although she looked elegant, she was actually full of murderous intent.

"It really is a powerful movement technique." Long Chen secretly nodded.

Whoosh!

opened his eyes and the Soulcatcher claw pounced behind him. His speed was very fast, the Spirit Devouring Demon Pupil could let him know the opponent's position, so the moment Long Chen attacked, he used the Soulcatcher claw!

Shoo! Shoo! Shoo!

What made Long Chen shocked was that the Soulcatcher claw that was continuously filled with killing intent was actually unable to hit his opponent. His opponent was like a feather, it was very light, Long Chen's attack had just arrived and directly blew his opponent away!

"If they can't even hit their opponent, then how can they fight this one?" Long Chen decided to stop. He was very smart, and did not move immediately.

In reality, Huangfu Fengyun was extremely anxious to kill Long Chen, so why did Long Chen take the initiative to wait for Huangfu Fengchen to arrive?

Although the catkin with wind was a heaven-defying ability, it was a pity that it was completely used to dodge. If Long Chen did not attack it, it would be useless.

Seeing that Long Chen did not move, and had instead looked at them while grinning, Huangfu Fengyun and Huangfu Yu both realized this, thus Huangfu Yu shouted anxiously, "Father, stop using the catkin with wind, hurry up and kill him!"

"Alright!" Huangfu Fengyun also knew that this wouldn't do, so at this time, he stopped his catkin with wind, held onto the Golden War God Gun, and with a swoosh, he charged towards Long Chen!

"Bastard, you never would have thought that I would have a stronger move, right?" Huangfu Fengyun's laughter came from behind him.

At this time, Huangfu Fengyun rose into the air, and quickly arrived above Long Chen. The Golden War God Gun in his hand was like a stick, in his hands, held high!

When the long rainbow pierced the sun, the Golden War God Gun attacked from top to bottom. But this time, Huangfu Fengyun stood in the sun's position, his entire body surging with true essence in a frenzy, all gathered into the long spear in his hands. That terrifying aura, directly pressed the lake's surface down to a distance of one meter!

"Is it very strong?" Long Chen laughed lightly. There was Huangfu Fengyun and he also had more, but who was stronger, they would know after a while!

"To behave so atrociously in my Huangfu Family, even if you're a rare genius, you'd better die!" Huangfu Fengyun let out a roar, Long Chen raised his head and looked, the current Huangfu Fengyun, was already covered by the golden light!

BOOM!

A ray of golden light, in reality, was the Golden War God Gun itself, cutting towards Long Chen!

"overlord spear technique, shatter the universe!"

With an explosion, the water in the entire lake exploded, and the water splashes that filled the sky directly drowned both Long Chen and Long Chen! Under this fearsome attack, Long Chen even thought that if Long Chen still did not die, then he would truly be a monster who defied the heavens' will!

After all, this was the second stage of the Earth Martial Stage, the most powerful attack!

Rumble rumble rumble!

The golden spear slashed down!

The name of this move was ' Broken Universe ', and although it was a bit exaggerated, it was still absolutely terrifying. Under this attack, if Long Chen was the universe, then Long Chen would also be destroyed!

BOOM!

Another explosion!

"Is Long Chen dead?" Many people asked questions!

"No, look!"

At this time, a blood-red flame suddenly appeared in the middle of the lake. Within the flames, five gigantic dragon silhouettes rose into the air, slashing towards Huangfu Fengyun!

"Soulcatcher claw, Five Dragons Breaking the Heavens!"

Rumble rumble rumble!

The five Divine Dragons let out sinister roars and instantly broke through Huangfu Fengyun's attack. The five Divine Dragons looked like they were going to entangle Huangfu Fengyun and tear him into ten thousand pieces!

The five divine dragons were actually Long Chen's claw shadows. Five Dragons Breaking Heaven had to be performed with one hand, which was why there were five claw marks. Otherwise, there would be ten claw marks!

"What!" Huangfu Fengyun's face turned ugly!

He truly could not understand why such a strong attack would be broken by Long Chen just like that. After the Golden War God Gun touched Long Chen's claw, it was directly sent flying out, flying into the sky.

At this moment, Huangfu Fengyun felt that he was facing death!

For the first time in dozens of years, he felt that death was so close!

This death was actually bestowed upon him by a young man who was not even twenty years old!

"Impossible!" Huangfu Fengyun howled miserably.

But that was the truth!

At the last moment, when everyone thought that Huangfu Fengyun would be killed in despair, he finally appeared ...

#### Chapter 584 - Obstacle

"So powerful!" Long Chen was shocked. His Five Dragons Breaking Heaven skill was naturally extremely powerful, and Huangfu Fengyun was simply unable to block it. Even if he was anxious to use the catkin with wind at this time, he would not be able to dodge it.

And as soon as Patriarch Huangfu, Huangfu Fengchen, appeared, he directly sent Huangfu Fengyun flying, causing Long Chen's attack to land on empty air. Long Chen never had the intention of killing the other party in the first place, thus Huangfu Fengchen's appearance at this time was perfect.

Huangfu Fengchen brought Huangfu Fengyun directly onto the shore, and Long Chen also landed opposite of them. At this moment, Huangfu Qi directly hung himself on Long Chen's body, and shouted with some exaggeration: "Wah! Brother, you're really amazing! Even my uncle, whose face is always smelly, can be defeated by you! "

"Qi Qi be good, and stop messing around for now." Long Chen said as he took Huangfu Qi off his body. With a dark face, he said, things were not over yet, Long Chen did not believe that Huangfu Fengyun and Huangfu Yu would let this matter go!

Sure enough, just as he stood there, Huangfu Fengyun said to Huangfu Fengchen: "Patriarch, Long Chen was quick to show his interest, and actually killed Xiao Yu's fiancée, Wu Er! The evidence was conclusive, and he deserved to die ten thousand deaths! He dares to commit such a crime within my Huangfu Family! "He simply doesn't put my Huangfu Clan in his eyes. I hope that the clan will kill him as soon as possible and protect the prestige of my Huangfu Clan!"

Huangfu Yu also ran over, with a pu tong sound he knelt on the ground, squeezed out his tears and wailed: "Patriarch, Second Uncle! I request that Second Uncle take action. Wu Er is gone, and my nephew is no longer alive as well. If he were to leave the Huangfu Family, my Huangfu Family will definitely lose all face! "

His expression was sorrowful. Other than Long Chen, there was really no one who was able to tell that he was faking it, it was simply too similar. This time Huangfu Yu wanted to conceal his crimes and then frame Long Chen.

When they finished speaking, the others saw that Huangfu Fengchen still had some hesitation on his face. They looked at each other and then kneeled on the ground one after another, and said in unison: "Patriarch, please kill this thief and strengthen my, Huangfu Buqian's dignity!"

They knew that Long Chen was a guest invited by Huangfu Fengchen, so they naturally found it embarrassing to kill him, but in their opinion, Wu Er had died in Long Chen's hands.

Everyone knelt down, other than Long Chen and Huangfu Qi, Huangfu Qi still looked like nothing happened. She was young, and did not understand what happened, but he did not believe that Long Chen was the killer, so she shouted angrily: "You guys are lying! My big brother isn't such a person! "He's much more outstanding than my big brother Yu. I wonder how many women would throw themselves at my big brother, even my big brother would not like him!"

Of course, no one took Huangfu Qi's words seriously.

At this time, Huangfu Fengchen frowned, and said: "Big brother, Xiao Yu, you say the evidence is conclusive, then let me ask you, where is the evidence?"

With a shua sound, Huangfu Yu took out the piece of cloth and handed it over to Huangfu Fengchen: "Patriarch, when we discovered Wu Er's corpse, Wu Er held onto this thing tightly. How many people in the Holy Martial Empire had the surname of Long? Isn't it just one Long Yue and two Long Chen? Also, Long Chen's residence was just a lake away from Wu Er's residence. When this Long Chen saw Wu Er's beauty, she perked up and wanted to rape her, but didn't expect Wu Er to lose her life because of her chastity! Also, why is Wu Er usually fine, and why did something happen to her the moment Long Chen arrived? Has it not been long since it was clear that the culprit is Long Chen? "

In the Huangfu Family, this evidence could indeed be proven!

At this time, Huangfu Fengchen looked around. Every Huangfu Family member looked at Long Chen with a sinister face, and then looked at him with hope. This was the will of the entire Huangfu Family.

Huangfu Fengchen was also very troubled.

Most importantly, he was unable to prove that Long Chen was framed.

All of the clan members were targeting Long Chen. If he protected Long Chen and there was no reason for it, then his dignity as the Patriarch would be greatly reduced. Even the Huangfu clan would no longer be united.

Thus, he could only ask Long Chen with a somewhat helpless tone, "Can you prove your innocence?"

If Long Chen could come up with an excuse, then Huangfu Fengchen would have a reason to protect him.

Long Chen could only smile bitterly.

In actuality, Huangfu Yu's evidence was not strong evidence at all. But the problem was that Long Chen did not have any evidence to prove that he was not the murderer, and during the period of time that Huangfu Qi left, no one was able to prove that he was not the murderer.

Long Chen's mind spun a little. Since he could not provide any evidence, he was also unwilling to make things difficult for Huangfu Fengchen. In reality, Huangfu Fengchen would never do anything to him, even if Long Chen did not have any proof, he would still protect Long Chen.

However, if that was the case, his prestige in the family would decline.

He didn't want to trouble Huangfu Fengchen, so he had already made a decision in his heart. At this moment, he raised Huangfu Qi up into his hands, lightly grabbed onto Huangfu Qi's neck, and said coldly: "I can't take out any evidence, but I can say three things."

Seeing Long Chen's actions, everyone knew that Long Chen had kidnapped Huangfu Qi. Huangfu Qi was Huangfu Fengchen's precious daughter. Other than Huangfu Fengyun, who understood the relationship between Long Chen and the two of them, they did not.

"Kid!" What are you doing! "

"Let her go!"

Many people immediately stood up in panic, surrounding Long Chen.

"Nobody move!" Huangfu Fengchen stopped everyone, then said to Long Chen: "What three words do you want to say, speak."

Long Chen said calmly: "Listen up, the first sentence: It's actually very easy to frame me. After some bastard kills someone, he can just directly put a piece of cloth in her hand, does everyone think so?"

When Long Chen finished speaking, the others started shouting: "What do you mean? Everyone in my Huangfu Family is of the same heart, so how could someone kill themselves to frame you? And this is still Young Master Yu's fiancée! "

All around them, there were voices of opposition.

Long Chen ignored them, and said immediately: "The second sentence, is, after separating with Qi Qi last night, I seem to have seen Huangfu Yu following Miss Wu Er and walking in the distance."

After he finished speaking, his gaze fell upon Huangfu Yu.

The crowd was so angry that they started laughing and mocked, "You really know how to imagine things. Do you mean that Young Master Yu actually killed his own fiancée in order to frame you? Little thief, your imagination is quite good! "

Huangfu Fengyun had just lost to Long Chen and the expression on his face was extremely ugly. At this time, he also sneered: "Are you dumb? My son killed my daughter-in-law just to frame you? Do you think my Huangfu Family is a pig? Or are you a pig? "

Long Chen laughed, and declined to comment. Everyone knew who the pig was.

Huangfu Fengchen was the one who understood everything. When Long Chen finished saying these two sentences, Long Chen realized that Huangfu Fengchen already believed him. Although no one else believed him.

Long Chen did not want Huangfu Fengchen to be criticized by his own family because he wanted to protect himself. He came to the Huangfu family once, just to take a look at Huangfu Qi, and since the objective was already achieved, he directly said: "The third sentence, is actually useless, I just want to tell you all that I already have a woman in my heart that I am willing to follow for her for my entire life and that the thing that you all identified as was done by an animal. Don't drag this onto me, everyone, this little girl Huangfu Qi, once I'm out of the Huangfu family, I will naturally return it to you.

After he finished speaking, he looked at Huangfu Fengchen, and Huangfu Fengchen understood what he meant.

Right and wrong, Long Chen did not care about right and wrong, so he was too lazy to care.

Huangfu Fengchen didn't need to go through so much trouble just to argue with the others.

Once Long Chen left, Huangfu Fengchen did not give chase, and the others did not dare give chase either. Only after Long Chen had completely left, did Huangfu Fengchen say: "This thief is very cunning, he actually kidnapped my daughter, I will chase after him right now, but everyone, if I can catch him, I will do my best to catch him. If I can't catch him, if I can't kill him, I can only wait for the future!"

With that, he too disappeared.

Everyone looked at each other in dismay.

Huangfu Fengyun and Huangfu Yu looked at each other, a little dumbfounded.

It ended just like that?

Actually, when Long Chen had finished saying those three words, other than Huangfu Fengchen, there was another person who believed in Long Chen and that person was Huangfu Fengyun. As his father, how could Huangfu Fengyun not understand his own son?

"Little Yu, come back with me!" Those who didn't know the answer would think that he was angry because he didn't kill Long Chen.

"Yes." Huangfu Yu said while trembling.

After Long Chen left the Huangfu Family, Huangfu Qi asked him, "Big Brother, that big sister Wu Er was killed by big brother Huangfu Yu, right?"

"Qi Qi is really smart." Long Chen laughed happily.

"Of course, I'm a genius! But big brother, are you going to elope with me?" Huangfu Qi said excitedly.

"You wish! Look behind you!" Long Chen knocked on her head as he spoke.

Huangfu Qi turned around to see her father behind her. Seeing that it was him, Huangfu Qi's face instantly turned into a bitter melon.

Huangfu Fengchen received Huangfu Qi and pinched her nose, saying: "Stinky girl, you didn't want your father so quickly, and have not gotten married yet. Your big brother is busy, so don't bother him. "

#### Chapter 585 - Liu Xu Suifeng

Long Chen nodded, looked at Huangfu Fengchen and said: "Patriarch Huangfu, about this ..."

Huangfu Fengchen's face revealed an apologetic expression, and said: "I've let you down with this matter, the matter of the clan is truly a bit difficult to handle, after all, it's not that easy to cover everyone's mouth. I watched Huangfu Yu grow up that brat, and how could I not know his temperament. The reason I didn't give him the catkin with wind was because I didn't want the Huangfu Family to lose to him in the future. "

Hearing Huangfu Fengchen's words, Long Chen knew, he definitely knew everything.

This was perfect, Long Chen did not need to explain anything else.

It was just a fight, the only pity was that he did not beat Huangfu Yu up. Long Chen did not like him very much.

"No worries, the reason for my visit this time is mainly to see Qi Qi. I have achieved my goal and wasted some time, I need to hurry to Warring Clan in the north." Long Chen said.

"Don't be in such a hurry to leave. I'll give you a gift to calm you down." Huangfu Fengchen took out a simple handwritten copy from his Cosmos Sack.

"What is this?" Long Chen asked.

"Last night, I rushed out in the middle of the night and copied out this catkin with wind. I originally wanted to give it to Huangfu Yu when his performance was better, but from today's events, it seems like he no longer has the qualifications to own this thing. Huangfu Fengchen laughed heartily.

"No, isn't this the family heirloom of the Huangfu family? I can't take it. " Long Chen shook his head and said.

"I can't keep my old face anymore with today's matter. If you don't accept it, I won't have the face to see you again in the future." "It's better to accept it." Huangfu Fengchen insisted, without a word, he immediately threw the handwritten book into Long Chen's hands, and said: "Then the old Battle-Emperor will most likely lose his life. Warring Clan is in extreme danger this time, I cannot make a move, so just put in a little bit of strength for me, from today onwards, you seem to be invincible under the third stage of the Earth Martial Stage. How many third stage of Earth Martial Stage were there in Holy Martial Empire? Work hard and reach the level of those two geniuses, just around the corner! "

After he finished speaking, without waiting for Long Chen to say anything, Huangfu Fengchen quickly disappeared with Huangfu Qi. With his speed, even if Long Chen transformed into the Dragon Soul Transformation, he wouldn't be able to catch up!

What remained were Huangfu Qi's cries.

She thought she could play with Long Chen for a while longer, but Huangfu Fengchen simply hugged her and left far away.

Long Chen watched him leave with the thing in his hand in a daze. He bitterly smiled as he said, "It was just a fight, and I even earned a mid-level king level movement technique. Not only did I not lose out on my trip to the Huangfu Family, I even made a profit."

Of course, other than Huangfu Fengchen, the rest of the Huangfu Family clansmen would become his enemies in the future.

Only, Long Chen didn't say that.

The others had nothing to do with him.

This was still a dangerous place, so Long Chen did not stay. In the last ten days, he had pretty much finished cultivating the Soulcatcher claw, and in the next few days, he was studying the catkin with wind!

Compared to the Soulcatcher claw, this movement skill was more suitable for cultivation during the journey. After all, for Long Chen to want to leave, no matter what method he used, it would be a problem with his movement technique. Furthermore, this catkin with wind was as light as a swallow, not only did he have the ability to dodge, he also had a huge advantage in terms of speed.

Liu Xu Suifeng had trained Long Chen tremendously in the way he fought in the air. From the very beginning, Long Chen's footsteps had never landed on the ground.

He had previously seen Huangfu Fengyun use it before, but his violent attack with the Soulcatcher claw seemed to have blown his opponent away. It could be seen that although this movement technique seemed simple, it was actually very extraordinary!

The essence of the catkin with wind could actually be understood just by looking at it. Liu Xu, was undoubtedly light as a feather, swaying along with the wind. If the opponent's attack was the wind, then Long Chen would be Liu Xu, and when the wind blew, Long Chen would directly fly away.

In actuality, when Long Chen truly used the catkin with wind, his body was much lighter, so lighter that it reached a terrifying degree!

Of course, this did not mean that Long Chen's attack had no power at all. The power of his attack was still very powerful, and this fact had inherited Long Yue, while his catkin with wind had inherited Huangfu Fengchen's elegance!

This caused Long Chen's fighting strength to once again soar!

Long Chen truly had a heaven-defying talent for cultivation and battle skills, this could be due to the nurturing of the inherited blood essence, and some of it came from the Mysterious Dragon Jade in his sea of consciousness. His previous awareness and current martial spirit had an extremely important effect on his battle skills, but now that his martial spirit had turned into a dragon and above that, how could Long Chen's comprehension ability not be terrifying?

Long Chen only started off at a very low level. At least within the range of the Realm of Myriad Kingdoms, there was no one who could compare to him, who had already fused 1% of his Inherited Bloodline and possessed the Dragon Form. Compared to the people inside his sea of consciousness, the starting point was low, but the speed of Long Chen's advancement was rarely seen!

The only person that could stand shoulder to shoulder with him was a mutated demon beast like the wolf cub!

In these five days, Long Chen had been training with the catkin with wind. On the handwritten book, not only was there a secret manual, there were also Huangfu Fengchen's annotations and he had even drawn many diagrams. When Long Chen looked at the diagrams, many questions that he did not understand, he quickly came to a realization.

Five days had passed and Long Chen could already act like a light willow branch, flying forward in the air while transforming in the middle of the sky. His speed was extremely fast, so much so that no one could see him clearly as he walked through the forest.

Right now, in the entire Holy Martial Empire, there was no one who could contend against Long Chen. There were only a few people at the third stage of the Earth Martial Stage.

When Long Chen came to Holy Martial Empire, it had only been three months, but he was already able to make such terrifying progress. If others knew everything about him, their jaws would have dropped to the ground in shock.

And Long Chen's true cultivation time, was merely over a year.

This was probably the place where ancestral dragon blood's terror lay.

The only genius who could stand shoulder to shoulder with Long Chen was standing on Long Chen's side. He was Long Chen's closest brother, and that was the Sun Devouring Demonic Wolf, Mo Xiaolang!

On this day, Long Chen was walking in the middle of the mountain forest. His toes were a meter away from the ground, and although his eyes were closed, he could avoid all the obstacles, and walk forward as if he was asleep.

Suddenly, he opened his eyes and exclaimed, "Little Wolf!"

After a long period of nurturing and absorption, it had evolved. The size of the little wolf now was ten times larger than before, and this was the sign that he had reached the king level!

Its height was more than ten meters tall and its height was also more than twenty meters. At the moment, it was crawling on the ground, and when Long Chen stood in front of it, he was the same as a mouse in front of an elephant.

The little wolf had not woken up yet, but Long Chen knew that he was almost there.

At this moment, the Sun Devouring Demonic Wolf's entire body was shrouded in black flames, and Long Chen could feel a burst of temperature that suffocated him, coldness, bone-piercing.

After reaching the king level, the amount of Nether Demon Ancestral Fire that the wolf cub could control would definitely be even greater.

Those black flames began to turn the surrounding ground into black, solid ice. Fortunately, Long Chen was still floating in the air and wasn't affected by it at all.

At this moment, the black flames gradually disappeared from the wolf cub's body.

"Pfft."

The flames extinguished, but there was still the Nine Hell Devil Ancestral Fire burning on his claws. This Nine Hell Devil Ancestral Fire was like Long Chen's fire of Golden Crow, burning on the claws of the little wolf, causing its attack to increase by a lot!

One claw was enough to turn the opponent into ice!

Back then when he killed the Sikong Sword Saint, his biggest killing move was actually the Little Wolf's Nine Hell Devil Ancestral Fire. Long Chen's Heaven Punishing Sword Formation had only let the Nine Hell Devil Ancestral Fire penetrate his opponent's body.

After reaching the king level, the wolf cub was able to ignite the Nefarious Spectral Demon Ancestral Fire on his claws.

Whoosh!

At this time, the Sun Devouring Demonic Wolf stood up, and as it stood up, its pitch black eyes suddenly opened. What Long Chen saw in its eyes were not its pupils, but two dark, ice-cold flames.

Aooo!

The wolf cub raised his head and let out a terrifying and desolate howl. This roar shook everything far away. All of the demon beasts that heard this roar trembled and didn't move an inch.

This was the natural pressure of a superior to a inferior.

When the Sun Devouring Demonic Wolf reached the king level, it successfully got rid of the fate of the lower leveled beasts and evolved into a rare king level demon beast!

Just like the warriors, the Sky, Earth, and Yellow levels of the demon beasts were also the foundation, and only at the King level could they be considered true demon beasts. This was also when the wisdom of the demon beasts was being born, and of course, this did not include the wolf cub because the wolf cub was a human's soul, so his wisdom had already reached the peak.

King level, his wisdom had just been enlightened and he still had a long way to go before he could truly become a supreme demon.

Looking at this kind of little wolf, Long Chen had a palpitation in his heart, and he couldn't tolerate talking about others.

Black hair, a thick body, a vigorous figure, sharp claws and fangs, terrifying black flames. These flames swam around his shiny fur, and he had the Nine Hell Devil Ancestral Flame burning within his four hooves.

The Sun Devouring Demonic Wolf was like a nightmare from hell!

Of course, what Long Chen was most concerned about was the matter of the little wolf taking human form.

#### Chapter 586 - The Death of the War Emperor

After roaring out, the excitement in the bottom of his heart was completely displayed, and only then did the wolf cub stop. Previously, he was extremely ferocious, but after he saw Long Chen, his eyes regained their clarity, purity, and even a hint of embarrassment.

Previously, the wolf cub had revealed the wild side of his heart.

In actuality, he had always been following Long Chen, and everything was decided by Long Chen. Long Chen did not have a blood brother, but the little wolf had always assumed the role of his own blood brother.

Until today, Long Chen still remembered the words that the Yang Ancestor had said to him back in White Yang Town.

When you become brothers, you must see clearly whether he is hiding blood or poison in his heart!

My heart is burning with passion!

Looking at Long Chen, the wolf cub's body shook slightly, and black flames quickly engulfed him. After a wave of flames swept across, the Sun Devouring Demonic Wolf's huge body had already disappeared, and what appeared in front of Long Chen was a beautiful youth with his bare feet stepping on black hard ice, his long hair cascading down like a waterfall!

Yes, regarding Mo Xiaolang, he could only be described as beautiful.

The more Long Chen cultivated, the more the masculine he felt, especially under the influence of the Primordial Blood Spirit Dragon, he had completely lost his original popinjay temperament. He had become cold and scary, just like a blood-red flame, and the temperament of the little wolf was probably affected by the Nine Hell Devil Ancestral Fire.

Roughly a year later, Long Chen finally saw that pure youth from back then, who looked like a pool of clear lake water. His figure was slightly thinner than Long Chen, and his skin was a lot whiter than Long Chen's. Even when compared to many girls, his hair was a lot better, his fingers were white, his face was white and thin, and he was extremely beautiful.

Just as it took human form, the wolf cub's eyes were still filled with two black flames. However, the flames gradually disappeared, and a bright and pure black pupil appeared.

Everything was exactly the same as the him from before.

The only change was that he was now a demon beast, and there was still a trace of demon aura on his body. The strong ones could tell from his aura that he wasn't a human but a demon beast.

Or perhaps, they were demons.

Long Chen didn't know how to describe his feelings, he was thinking whether he should hug this brat and roar at his brothers, but he felt that it was better if he just let it go. He had a lot of things that he wanted to say, but in the end, it became just a sentence: "Damn, why are you still more handsome than me?"

Not far from him was a clear lake. His body moved, and he arrived in front of the lake to carefully observe his appearance in the middle of the lake, and after a long while, he said to Long Chen who was beside him happily, "Big brother, I am still the same as before."

This wasn't in the spirit beast language, but directly from the mouth.

"Why are you stuttering?" Long Chen was a little speechless.

When he had interacted with the little wolf previously, Long Chen had not held back at all. After the little wolf had truly possessed a human body, he suddenly felt that even speaking to it had become a little awkward.

However, his mood was rather good.

"I've just transformed, and I'm still not used to it yet. As long as you say more, that's enough." Mo Xiaolang smiled bashfully. The innocent expression on his face could definitely reflect sunlight.

He looked around him, examining his body, hands, feet, etc. Finally, he said with emotion, "This body really hasn't felt like this in a long time!"

After saying a few words, he was more or less at this point.

He could already speak, and this was only a revisit.

Looking at this youth, Long Chen pursed his lips, his gaze a little heavy. He had truly become aware that he was his big brother, and he had to do many things for the little wolf, not always having the wolf cub follow him and pay for him.

Little Wolf had always been a faintly discernable character. It was only when she saw Ling Xi's true body in front of him did she realize that she actually wasn't a competent brother.

"Wolf, I'm sorry." Patting Mo Xiaolang's shoulder, Long Chen sincerely said.

"Big Brother, why do you say that?" Mo Xiaolang asked suspiciously.

"Nothing, don't worry about it, good brother! With your current body, do you have any fighting capabilities?" Long Chen laughed, putting aside the guilt in his heart, and directly asked.

Between brothers, there is nothing to be hypocritical about. If you do something wrong, you can always change it in the future.

"A king level demon beast doesn't have much combat power in its human form. To most demon beasts, a human body is just a burden. If I want to fight, I can only become a Sun Devouring Demonic Wolf. However, in the future, when I become an Emperor or even a Divine level expert, even if I have a human body, I would most likely have a very strong battle prowess, so of course I wouldn't be able to compare to my original body. " Mo Xiaolang said somewhat helplessly.

"Don't worry, from now on, don't go into the Great Void Realm like this. We brothers roam together! If you really need to fight, you can just transform into a Sun Devouring Demonic Wolf. " Long Chen was really unwilling. He had even treated the little wolf as a demon beast himself.

Making him stay in the Great Void Realm, Long Chen felt that it was an insult he had done to the little wolf.

Mo Xiaolang understood what Long Chen was thinking, and laughed: "Big brother, I actually think that Great Void Realm is very good, I'm currently very lazy, and like to stay there to sleep. During sleep, I will slowly become stronger, and after I become a Goblin Beast, some of my habits will change, and between us brothers, I don't care about this, right?"

He looked at Long Chen with grateful eyes and continued: "These past few days, I have to thank you for taking care of me. If it wasn't for you, how would I have had so many things to swallow? It could be said that my achievements today were all thanks to big brother's great kindness. I, the wolf cub, will definitely accompany big brother in this lifetime and fight shoulder to shoulder with you! If you want to find Sister Ling Xi, I will help you too. At that time, let those people see how powerful we brothers are! "

"Good!" "Alright!" Long Chen consecutively said the word 'good'.

"One world, two brothers!"

"Yes."

He was filled with lofty aspirations as he shed blood and tears.

No one knew what their future would be like, but what was there to be afraid of if they could have someone to fight alongside them?

Long Chen knew that he was not alone on the road ahead!

"Hey, hey, how could you have forgotten about cat-lord. At any rate, cat-lord has saved you before, and he has helped you guys a lot." In the Great Void Realm, the lonely kitten shouted.

Although this guy's mouth was a little cheap, his heart was actually very kind. Long Chen had many questions, but he always brought up Long Chen to answer them. Along the way, he had helped Long Chen a lot.

"Of course, I won't forget about you. Cat, come with us. When your performance is good, I won't mind making you our brother. Haha!" Long Chen laughed openly.

"Tch, do you think I, the cat-lord, care about you two little kids? Back then, you two small characters were not even worthy enough to carry my shoes for cat-lord. " The kitten said proudly.

Long Chen and Mo Xiaolang looked at each other and laughed.

"Go, let's go to Warring Clan!" Long Chen did not say anymore. It was a good thing that Xiao Lang could become a king level demon beast before it reached the Warring Clan. At least Long Chen knew that although the Little Wolf was only a King Level One now, because it had the Nine Hell Devil Ancestral Fire and a lot of mysterious abilities, its battle power was not weak.

Long Chen reckoned that even if it was himself, the Nine Serenities Devil Ancestral Fire would most likely belong to him!

There was no need to talk too much between brothers.

Very quickly, Long Chen arrived in front of a small city in the north. Before this, Long Yue had already taught him how to communicate with Scarlet Soul, and Long Chen knew that there was a person called Scarlet Soul in the small city, so he used that method to summon him out.

"Greetings Qigu." Seeing that it was Long Chen, the brat immediately replied.

Long Chen rubbed his nose, he did not know when he had been addressed as Qigu, but he smiled and said: "How far away is this place from Warring Clan of the North?"

The youth pointed in a direction and said, "From this direction, there are still fifty kilometers to the northern Warring Clan's territory. The Second Master and the others are all there.

Long Chen nodded, and said: "Very good, I understand. Oh right, has there been any news from Warring Clan recently?"

"There's a big news." The teenager said nervously.

"Speak." Long Chen frowned.

"The Battle Emperor of the Warring Clan, because of his heavy injuries, had already passed away. Right now, the position of Patriarch of the Warring Clan is replaced by the First Prince Lei Zhen, with the help of Second Master and the others, the position is very stable. Currently, the foreign enemies have quickly gathered their entire clan and are preparing to fight against the Martial Alliance!"

"The old Battle-Emperor is dead, and Fourth Brother has become the Patriarch of the Warring Clan?" Long Chen muttered to himself.

"Yes, and one more thing. Yesterday, Yang Ningfeng brought a few Martial Saints and more than a dozen Martial Kings and went into the area of the Warring Clan, and they came out not long after. As for exactly what happened, I still have no news about it, so you can only find out after we reach there. The youth said.

Long Chen nodded and said: "That's enough, you can go back now."

"Yes." The youth quickly left.

"Big brother, the opponent has two Martial King s, can we fight against them?" Mo Xiaolang asked somewhat suspiciously.

"In the face of a great enemy, we can only go forward bravely. We have no way out. They all helped me before, and they are all my brothers and sisters, and also your brothers and sisters. People can't live for

just themselves, they can't fight for their brothers and sisters, I will die with no regrets! " Long Chen squinted his eyes and said while looking at the direction of the Warring Clan.

"I understand." Mo Xiaolang laughed, revealing his bright white teeth.

"Shameful acting!" Long Chen scolded.

Then, they headed towards the Warring Clan!

#### Chapter 587 - The hinterland of Warring Clan

The Warring Clan lived in a vast mountain forest. After walking for fifty kilometers, Long Chen could already see the vast and borderless mountain forest in the distance. In the middle of the rugged mountain road, there were short shrubs everywhere.

"Big Brother, someone from the Martial Alliance is here." Relying on his sharp sense of smell, Mo Xiaolang immediately noticed the people from Martial Alliance.

Long Chen and he had just gone over a mountain, and after hearing the little wolf's reminder, Long Chen immediately looked forward as well. Indeed, not far away, in front of the forest, appeared a pair of Martial Alliance's people.

There were a total of over a hundred people from the Martial Alliance s and their strengths were all around Heavenly Completion Stage. Long Chen reckoned that these people had blocked all the other tunnels leading to the Warring Clan. Their goal was to prevent the people of the Warring Clan from coming out, and also to prevent outsiders from entering.

Long Chen reckoned that with the temper of the Warring Clan, the possibility of a conflict between clans was pretty high.

After the forest was the Warring Clan's territory.

"Big brother, do we need to rush over?" Mo Xiaolang opened his shiny black eyes and asked innocently.

"Nonsense!" let out a loud laugh. The other side only had Heavenly Completion Stage, so the only expert of the Earth Martial Stage was resting right now. It was merely the first stage of the Earth Martial Stage, so Long Chen did not put it in his eyes at all.

The little wolf in human form did not have much fighting strength, but it could still move quickly. If the little wolf was allowed to turn into a Sun Devouring Demonic Wolf and deal with them, then it would be truly a rallying task.

Therefore, Long Chen said: "I'll do it, follow me!"

Mo Xiaolang's eyes lit up, and he immediately followed behind Long Chen. His speed was not slower than the current Long Chen, and when he was running, his waist was bent, similar to the movements of wolf-like demon beasts!

Hundreds of people quickly formed a formation and stood in front of Long Chen. The Earth Martial Stage Ranker who was originally resting with her eyes closed already stood at the very front of the line, and coldly looked at Long Chen who was rushing over, and roared: "Who are you, Martial Alliance is working here, and the path to Warring Clan has been completely sealed. If you take another step forward, kill him!"

The Martial Alliance was simply a member of the Holy Martial Empire. Basically, not many people dared to disobey the Martial Alliance's words, and after seeing that Long Chen's speed did not decrease in the slightest, the Earth Martial Stage's Martial King frowned and roared: "Enemy attack, everyone pay attention! Kill them all! "

Under his orders, everyone became anxious and scattered, pouncing towards Long Chen. The leader was at least five people with Ninth Level of the Heavenly Completion Stage! It was already difficult for such a practitioner to cause any harm to Long Chen, and very quickly, Long Chen collided with them. The strength of both parties were on completely different levels, and Long Chen basically killed one with a single strike!

The moment the two sides came into contact with each other, their corpses were thrown out one by one. Such a miserable sight caused everyone to tremble with fear!

"Everyone be careful, he's an expert of the Earth Martial Stage!" At this time, they had yet to see Long Chen's appearance clearly, because Long Chen was simply too fast, before they could even see who Long Chen was, many people had already been killed!

Whoosh!

The sound of heavy breathing could be heard.

"All of you retreat, I'll handle the Earth Martial Stage's warriors!" Everyone was waiting for him to say something, so they all started to retreat, forming a huge encirclement that still blocked Long Chen, while the warrior from the Earth Martial Stage stood in front of Long Chen!

"Trying to stop me?" Long Chen let out a loud laugh, and his body suddenly turned into a ray of illusion, appearing right in front of the Earth Martial Stage warrior's eyes.

"Earth Fiend Fist Art!" The warrior roared, and then suddenly punched towards Long Chen's face. His fist was extremely powerful, when it came out, even the ground around him shook, showing that this fist technique was suitable for the essence of the Earth Martial Stage!

Pah pah pah pah!

Explosions of Qi sounded out beside Long Chen's ears like muffled thunder. It had to be said that this warrior had already mastered this king level technique to perfection, and as expected of someone who was dozens of years old, who had studied this technique all year round. It was not surprising for him to have reached such a level!

However, compared to Long Chen, this monster, even if he was stronger, it would be in vain!

Whoosh!

The strong punch struck right at Long Chen's chest. The warriors of the Martial Alliance did not know why Long Chen was hit so easily, but the truth was, Long Chen was not hit!

When that strong punch landed on Long Chen's chest, it was like a gust of wind, blowing him away.

"What?" The martial artist revealed a frightened expression. He was experienced and knowledgeable, so he naturally knew what this terrifying movement technique represented. At this moment, his face was full of fear as he cried out in alarm!

"This is not the Emperor!" As he spoke to here, a blood-red claw light attacked his neck, directly sending his head flying away. Even as this martial artist died, his eyes were filled with disbelief!

At the very last moment, he saw Long Chen's face clearly.

Long Chen's appearance was recorded in the Martial Alliance, so this Martial King knew Long Chen's identity. How could Long Chen know the Huangfu Family's catkin with wind technique? Holding onto this doubt, he died just like that.

This question directly sent him to hell.

"Wolf, go!" After getting rid of the Martial King, the rest of the people from Martial Alliance were all in a daze.

"Quickly inform the Martial Saint, the two Martial King s!" Many people hurriedly went to call for reinforcements. The remaining people looked at the Martial King's corpse and looked at each other in dismay.

"Who was that person just now? He killed the Martial Alliance in a single move, he must be a Martial Saint level expert, right?"

"But I saw his appearance. He seemed to be very young, except for the Zhao Wu Huang, where did such a strong young man come from?"

Everyone was filled with doubts.

At this time, Long Chen had already brought Mo Xiaolang and disappeared into the forest.

With ease, Long Chen broke through their encirclement, and arrived in the middle of the Warring Clan's territory. This stretch of forest was extremely rugged, allowing Long Chen and the little wolf to run as they pleased.

During the battle between Long Chen and the Martial Alliance, someone from the Warring Clan had already gone in to . Just as Long Chen entered the area of the Warring Clan, a few tall and big men came over and asked: "Young man, may I ask who you are?"

"I am a good brother to your Clan Chief Lei Zhen. My name is Long Chen, have you all heard of me?" Long Chen immediately stopped and said respectfully to the big sized man who looked like Lei Zhen.

Those few big sized men revealed joyous expressions, and said. "So it's the Long Chen who killed the Sikong Sword Saint? Our Clan Chief and his brothers have also mentioned you everyday. It would be great if you could come, but I'll bring you in to meet them now.

The leading burly man revealed a joyful smile.

In reality, their faces had been filled with gloom the entire time. This sort of joyous smile was rather rare. However, when they looked behind Long Chen, they were still a little disappointed. It was as if they couldn't find the person they were looking for.

One of the big sized man nodded, and immediately went back to , while Long Chen and Mo Xiaolang followed the leader, and went deeper into the Warring Clan.

Along the way, the big sized man started to introduce the Warring Clan to Long Chen, which allowed Long Chen to know everything about the Warring Clan. The entire clan of the Warring Clan was made up of Beast Fighters, and they were usually extremely strong, with fighting strength comparable to warriors of the same level.

Along the way, Long Chen had already seen many demon beasts resting at their sides, many of them being thunder-attribute demon beasts. Long Chen had even seen a Ninth Grade Heaven Stage demon beast, a Pteropteryx, that Lei Zhen had once brought along!

As for the claws, they flew like lightning everywhere.

Of course, when these demonic beasts met the wolf cub, their eyes were filled with fear. They lowered their heads, indicating their submission.

The few big sized men were introducing the local customs and traditions of the Warring Clan to Long Chen, and upon seeing the situation, they immediately started to size Mo Xiaolang up.

"This friend is quite magical. He can actually make the demon beasts scared!" The few men said with doubt.

However, compared to the other king level demon beasts, his aura was much weaker. Therefore, these Heavenly Completion Stage warriors couldn't immediately tell that the Little Wolf's main body was actually a demon beast.

"This brother of mine is naturally quite mysterious. As for why, you will understand in the future." Long Chen patted the wolf cub's shoulder and said with a smile.

Very quickly, they arrived at a dense forest. The road here was still rough and the rocks were everywhere, but from here on out, there were many tall trees. These strange looking trees made the dense forest seem quite terrifying.

"This is where our Warring Clan's base of operations is. Our Warring Clan has lived here for generations, we have no enmity with others and have no struggles with the world. We are only in the company of the demon beasts, but who would have thought that Martial Alliance's bunch of grandchildren will still not let us off!" At this point, the few burly men's eyes were filled with rage.

Their fists were tightly clenched. It could be seen how angry they were right now!

Chapter 588 - Two wins in three rounds

"Your Battle-Emperor was really defeated by Zhao Danchen?" Long Chen asked.

The few big sized men nodded their heads helplessly, and said: "That Zhao Danchen is truly too powerful, adding on to the fact that the old Battle-Emperor is already old, he is no longer the Battle Emperor of the past, thus, although he is of the same level, he is not Zhao Danchen's opponent. Of course, Zhao Danchen injured my Clan Leader, and he is also injured, if not, will the Martial Alliance send Yang Ningfeng to support us?"

Long Chen nodded his head, seeing that Zhao Danchen was truly powerful, how could it be simple to directly defeat such an expert from the older generation, he was the strongest warrior in the Holy

Martial Empire, the only direct disciple of the Martial Emperor, he might have already received all the teachings of the Martial Emperor, in a few years, he would probably become a new Martial Emperor.

"The Patriarch was heavily injured and passed away a few days ago. The new Patriarch is now Prince Lei Zhen, and Prince Lei Zhen is a young genius with a pure heart. He also has a grudge with the Martial Alliance, and we are very convinced of him." The few big men sighed.

The news about Scarlet Soul was real, Lei Zhen had really become the patriarch of Warring Clan.

Long Chen still wanted to talk to these big men about other things. Right at this moment, a few people came over from the front. Long Chen raised his head and saw that it was Jiang Wuya, Jian Chen, Lei Zhen, Chi Ying and Lan Ling'er.

"Seventh Brother!" The five of them let out joyous laughter and had already appeared in front of Long Chen. When the few big guys saw that the main character had arrived, they immediately bowed towards Lei Zhen.

"I'll take care of Seventh Brother. You guys go back and observe the Martial Alliance first." Lei Zhen instructed.

The few burly men hurriedly nodded before leaving.

It could be seen that after experiencing such a major event, Lei Zhen had matured a lot. After becoming the patriarch of the Warring Clan, his every move now had the bearing of a king.

They hadn't seen each other for a period of time, and now that they had finally met again, everyone was overjoyed. However, when they saw that Long Chen was alone, a look of disappointment flashed past their eyes.

"Seventh Brother, did Big Sis not come?" Lei Zhen asked somewhat helplessly.

"Her brother was captured by the Martial Alliance, so she was in a hurry to take a look." Long Chen said.

Everyone nodded their heads, then said: "Yue'er is related to her brother's safety, she did not come. That is normal, it's not that she does not care about us brothers and sisters, but her brother's situation is more dangerous than ours, we cannot blame her."

"Second brother, how could that be? We've been together for so long, how can we not know elder sister's personality?" Don't worry, I will definitely get through the crisis our Warring Clan is facing. " Lei Zhen nodded and said firmly.

"There are a lot of things. Let's talk while we walk." Jiang Wuya nodded his head, then called over everyone. He headed towards the depths of the forest, where the Warring Clan's base camp was located, and after arriving here, there were already many warriors of the Warring Clan guarding the place. It could be seen that there were still a lot of people in the Warring Clan, and there would be even more of them than the Ancient Devil Region. Martial Alliance would have long wanted to make his move, and it was only an opportunity today.

When Long Yue did not come, they turned their attention to him. After observing for a while, they asked in pleasant surprise: "Long Chen, you've reached the Earth Martial Stage?"

"Yes." Long Chen nodded, and said: "In the Li Huo Jing, with Big Sis and Patriarch Huangfu's help, I arrived at the Earth Martial Stage. I have to thank the two of them. "

"Oh my god, how much time have you spent in there for you to reach the Earth Martial Stage? This is so infuriating! " said angrily. After a few days of not seeing her, she was still dressed like a man, her beauty was on par with Little Wolf.

"Seventh brother's talent is unrestrained, and is not something we can compare to. Sixth sister, just give up, haha, but Seventh brother, who actually obtained the Scarlet Emperor Seal?" Jiang Wuya asked seriously.

He had already heard some news, and this was only to verify it with Long Chen.

Long Chen described everything that happened at that time, but he did not mention the part where he obtained the Scarlet Emperor Seal. From his words, everyone believed that no one received the Scarlet Emperor Seal, let alone that mysterious gift.

"If no one obtains it, that would be for the best. We will go snatch the Five Emperor Prints, and at the moment, what we are most afraid of is that the Martial Alliance will have gathered all of them. If that happens, the Martial Emperor's power will skyrocket, and the entire Holy Martial Empire will surrender to him." Jian Chen interrupted.

Lei Zhen also nodded his head, and said: That's right, when we went looking for the Green Emperor Seal, we found it immediately, but we were unable to find the Mystical Emperor Seal after searching for it for a long time, and the Scarlet Emperor Seal's efforts also fell short in the end. It seems like, with the Green Emperor Seal in our hands, no one can obtain it, and no one can obtain the Five Emperor Prints, this is even better, Seventh Brother, you still do not know that the Green Emperor Seal is in our hands, right?

"I don't know." Long Chen shook his head. He had actually already guessed it. However, he did not wish to reveal the Five Emperor Prints for the time being. Of course, this did not mean that he did not consider them to be brothers.

Right now, the most important thing is to help Warring Clan through this crisis.

"Right, Seventh Brother, you haven't introduced this beautiful younger brother to us yet?" At this time, Lan Ling'er looked behind Long Chen, and asked Long Chen with eyes flashing with hearts.

Long Chen laughed, pulled the wolf cub forward and said, "Have you forgotten? They have seen him before, and his name is Mo Xiaolang. "

Wolf?

Everyone seemed to have some impression of this name.

Lei Zhen looked at Mo Xiaolang for a while. It was no wonder that he was mixed with demon beasts since he was young. He was the first to react and said in surprise: "Seventh brother, this is a king level demon beast? How can there be a Demonic Beast that has forgotten its existence, and the Demonic Qi on its body be so weak? "

When talking about forgotten beasts, both Jian Chen and Lan Ling'er remembered Long Chen's black colored beasts. At this moment, Lan Ling'er's mouth was wide open as she said in shock, "Wa, these are the black colored beasts? How could she be so beautiful after transforming into a human? And why would this demonic beast have such a huge room for improvement, from the Heaven Stage all the way to the King Stage? "

Lei Zhen explained, "A lot of powerful demon beasts don't have the power to back up their strength from birth. This demon wolf is obviously a mutated demon beast, so I'm afraid we don't know what its level is when it reaches adulthood. Now, as it grows in age, its power will also increase. "

Everyone nodded, so that was how it was.

However, Long Chen knew that it was not because of the little wolf, the Sun Devouring Demonic Wolf was not some strong demonic beast. The reason Long Chen could reach king level was purely because of his strong devouring ability.

After knowing Xiao Lang, they asked a few more questions. Only then did Long Chen turn his attention to the current situation in Warring Clan, and he could tell that although his older brothers and sisters were talking to him, they didn't have much of a face, but there were traces of worry in their eyes.

This was especially so for Lei Zhen. He was afraid that he would be extremely worried at this moment.

They had originally hoped that Long Yue would come over, but now that Long Yue was no longer around, it was indeed difficult for them to deal with the two great Martial Kings. The future of Warring Clan was uncertain. Lei Zhen had just become the patriarch of the Warring Clan and the pressure in his heart was quite great.

Long Chen then asked: "Brothers, how is Warring Clan's situation now? Once I get to the Earth Martial Stage, maybe I can help out a little."

Lei Zhen shook his head without saying a word. Jiang Wuya laughed bitterly and said: "It's better for me to say it.

"What do you mean?" Long Chen asked.

"A few days ago, the old War Emperor passed away. Lei Zhen executed his will and became the Patriarch of the Warring Clan. Martial Alliance and Yang Ningfeng are already here, we can attack them at any time, and if they attack us, we are not their match, but, for the time being, they will not choose to attack us forcefully. "

"Why?" Long Chen asked.

"Although the Martial Alliance is powerful, but if they were to suffer from the counterattack before their deaths, it would cause them heavy losses. They would have no choice but to consider these losses. Of course, by dealing with the Ancient Devil Region and Huangfu Family, they could use their powerful strength to force them to submit and become a member of the Martial Alliance. However, this move was useless against the Warring Clan, as the men of the Warring Clan were all indomitable beings, they absolutely could not submit to the tyrannical might of others. Martial Alliance does not understand Warring Clan, and they are still working hard to make him submit to them. If it really does not work, they will use force to eliminate him. "

Long Chen finally understood, to put it simply, to Martial Alliance, every single one of them were thorns, if they were not wiped clean, every single one of them could become a danger to Martial Alliance in the future. Hence, he chose to force the Warring Clan to submit first.

"Yesterday, Martial King Yang Ningfeng came over and made a bet with us." Jiang Wuya said with a serious expression.

"What bet?" Long Chen asked curiously.

"There are a total of three battles, and the method of winning three rounds is: first stage of the Earth Martial Stage, second stage of the Earth Martial Stage, and third stage of the Earth Martial Stage. In the battle of the first stage of Earth Martial Stage, both sides had sent out their strongest opponent, the first stage of Earth Martial Stage, and the second stage of the battle was the same. If we win two rounds, their Martial Alliance would immediately scam out of Warring Clan's possession, and not invade for a hundred years. Jiang Wuya said.

A total of three battles, the first battle of both sides' strongest Earth Martial Stage s, and the second battle of both sides' strongest Earth Martial Stage s, respectively. Then the third stage of Earth Martial Stage?

Long Chen hurriedly asked: "Over here, didn't we not have the third stage of Earth Martial Stage?"

Before Jiang Wuya could say anything, Lan Ling'er had already scolded: "The people from the Martial Alliance are all bastards, this is their method of oppressing others. They said, anyway, we have the third stage of the Earth Martial Stage, if you can't find it, you can just use a Heavenly Completion Stage to replace it! "F \* ck, they haven't even fought two of these three matches and they're already destined to win one match. How can this be considered fair?"

## Chapter 589 - vulture

They were at the third level of the Earth Martial Stage and had already won one match. If Warring Clan wanted to win, he would have to win both in the first level and second level of the Earth Martial Stage. This was not an easy feat because there were plenty of talented people in the Martial Alliance.

"Second Brother, did you agree?" Long Chen asked, this gamble was somewhat of a bully, Long Chen thought that they would not agree, but unexpectedly, Jiang Wuya nodded his head and said: "I agree."

"Why?" Long Chen's face was full of confusion, this battle was not fair at all.

"Fourth brother said that this is a gift they sent to our doorstep, how can we not accept it?" Martial Alliance cared about their reputation, if they lost, they would have to fulfill their promise, if not, how would they rule over Holy Martial Empire with their prestige? But we are different, we are bullies, we will fight to the death anyways, and if we lose, we can only fight to the death. Warring Clan can only fight to our deaths, there is no such word as Submission in their dictionary. " As Jiang Wuya finished speaking, his tone was tinged with regret.

Only now did Long Chen know that they were actually prepared to act shamelessly after losing. This was the way the dragons acted. Long Chen didn't find it funny, he just felt that it was really tragic.

Seeing the majestic figure in front of him, Long Chen couldn't help but feel deep veneration for him.

Before his race was destroyed, this man was able to hold it up without any hesitation. He was truly a good man! As for the other Dragon Clan members, they would not abandon anyone and would always accompany Lei Zhen. What was a brother to them? In this way, he would become a brother! Between Long Chen and Mo Xiaolang, wasn't it the same?

At this moment, it was likely that every single one of them was looking forward to their deaths.

However, Long Chen felt that this bet did have a chance to win, at least among the same level, no one would be able to defeat him. With Long Chen there, the battle for the first stage of Earth Martial Stage would be a win, and the next step would depend on the battle for the second stage of Earth Martial Stage.

"Second brother, how did you arrange for this bet?" Long Chen asked quickly.

Jiang Wuya said: The battle for the third stage of the Earth Martial Stage, whoever goes up will be defeated, we plan to directly admit defeat, as for the battle for the first stage of the Earth Martial Stage, originally, Third Brother could go up, but Fourth Brother is going to go to the Warring Clan's electric pool to comprehend the Rushing Thunder Saber Technique, and after ten days, he will come out, and I believe his strength will be even better, so for the battle for the first stage of the Earth Martial Stage, let Lei Zhen go up.

Long Chen was sure that his current strength was much stronger than Lei Zhen, but he did not say it out loud. From Jiang Wuya's words, there were still ten days left, so he should not be in a rush.

"As for the second stage of the Earth Martial Stage, among all the Warring Clan, there is only me and the only Battle-Saint. vulture is at the second stage and he is already very old, so the battle for the second stage of the Earth Martial Stage should be fought by me." Jiang Wuya said solemnly.

Jiang Wuya up?

Long Chen nodded his head. Jiang Wuya was indeed very strong, at least he was at the very top of the second stage of the Earth Martial Stage. However, Long Chen felt that neither Jiang Wuya nor Lei Zhen could guarantee a win. However, Long Chen himself was absolutely sure that he would be able to obtain the victory of the first stage of Earth Martial Stage. After all, he was a ruthless person who could even defeat second stage of the Earth Martial Stage!

Of course, if they were to say it now, they probably wouldn't believe it either.

"In ten days, their experts will come to my Warring Clan to fight us before my Warring Clan's Zunling! Even if I have to die in this battle, I, Lei Zhen, will win handsomely! " In front of him, Lei Zhen tightly clenched his fist as the veins on his body bulged. His eyes were filled with a blood-red light of hatred.

The others all had expressions that seemed as if they were awaiting death.

This time, they could only go all out.

After chatting for a while, Long Chen knew that they were actually feeling powerless in their hearts. Martial Alliance was incomparably powerful, and once the Battle Emperor died, there would no longer be any third stage Earth Martial Stage warriors in Warring Clan.

Although, the Warring Clan was still huge.

In the Warring Clan, including Lei Zhen, there were a total of eight warriors at the first level of the Earth Martial Stage, known as the Warring Clan's Eight Battle-Kings. However, there was only one Battle-Saint at the second level of the Earth Martial Stage, which was the vulture.

Under Lei Zhen's lead, Long Chen arrived inside the Warring Clan, and also saw the Eight Kings of Warring Clan as well as that vulture. This vulture was a skinny old man who did not talk much, and his expression was rather gloomy.

After Long Chen entered the Warring Clan, he received the same warm welcome as the other Dragon Clan members.

Because of the relationship with the First Prince, Lei Zhen, the reputation of the dragon race was well-known in the Warring Clan. Now, when the Warring Clan was facing a life and death situation, almost all of the powerful dragon race had come.

The dragon race was the biggest motivating factor for Lei Zhen to become the Clan Leader. This was because in the Warring Clan, Lei Zhen's strength wasn't the strongest, and in the Warring Clan, the strong were always respected!

At this time, all the tall and mighty warriors looked at Long Chen and the others with reverence.

"This young man, is he Long Chen who once killed Sikong Sword Saint and defeated Jiang Wushang at the same time?" After arriving here, the second stage Earth Martial Stage's vulture asked in a somewhat cold tone. The people of the Warring Clan were generally tall and big, about the same size as a bear. Only this vulture looked as thin as a vulture, and there were not many hairs on the top of his head.

"That's me." Long Chen said as he nodded his head. Long Chen heard from Lei Zhen that this old man was a blood brother of the old Battle-Emperor and also Lei Zhen's uncle. However, he had gone missing when he was young and was raised by a demon beast for more than ten years before being brought back to the clan. His personality was always cold, but he was also wholeheartedly giving his all to the Warring Clan.

The vulture nodded, and said: "He's not even twenty years old, and is indeed a young hero. Thank you for coming to help my Warring Clan!"

"This is something that this junior should do. In the Warring Clan, the strong are now like trees, there is not much that I can do. vulture is too generous." Long Chen said rather modestly.

Towards this group of people from the Warring Clans, Long Chen was rather respectful towards them because they would rather die than submit. Therefore, he was quite courteous towards every single person from the Warring Clans.

After that, Long Chen got to know all seven of the Warring Clan's Eight Kings one by one. Other than Lei Zhenji, even though Lei Zhen was their Patriarch now, Warring Clan always ranked by their strength, so he still had the identity of a Warring Clan's Eight King.

The eight kings of Warring Clan each led an army of Warring Clan.

Of the eight kings of Warring Clan, they were basically all tall and powerful. Of course, there was also a handsome man with a body that was close to the vulture, Long Chen only found out after interacting with him for a bit that this person was the son of the vulture, and also the second prince of the Warring Clan before. He was Lei Zhen's younger cousin, and although his body was thin and frail, his strength was only slightly weaker than the current Lei Zhen.

Compared to the vulture, the Second Prince was much more friendly. During this period, he was more at ease talking to Long Chen.

Lei Zhen looked at Long Chen, and said: "Seventh brother, our Warring Clan is currently in a life and death situation, Fourth brother has to take care of some matters, and cultivate even faster. You have just arrived at the Earth Martial Stage, and there are still a lot of areas to be consolidated in, every single one of us have been at the Earth Martial Stage for a very long time, so if you have anything that you don't understand, you can ask them for guidance."

"Fourth brother, I understand. Go back to your work." Long Chen said as he nodded his head.

Jiang Wuya, who was about to participate in the battle, also went to train, leaving the five of them behind. Long Chen's Soulcatcher claw and catkin with wind also continued to hone his skills, adding that everyone's hearts were heavy, he found a place to cultivate himself. Mo Xiaolang, on the other hand, had nothing to do, so he followed Long Chen.

"Big brother, I've discovered that since I've taken human form, it's getting easier and easier for me to cultivate your combat abilities." In a room that Lei Zhen had arranged, the little wolf suddenly said.

With a whooshing sound, the wolf cub stood up and went back.

"You mastered the devil shadow clone?" Long Chen said in pleasant surprise.

Mo Xiaolang nodded, and said: "It's been a long time, it's about time I finished cultivating it, and I just haven't had the chance to use it in reality. Big Brother, not only do I have the devil shadow clone, I also have the Nine Hell Devil Ancestral Fire. I can guarantee that if I can take the place of the first stage of the Earth Martial Stage, no one will be my match in that bet. "

Long Chen nodded. Indeed, he was much more confident than Lei Zhen.

Of course, Long Chen was the last person who had complete confidence.

"There are still ten days. There's no rush. Let's see how many Rushing Thunder Saber Technique Fourth Brother can learn. I'll bring it up with him when the time comes." Long Chen said as he nodded his head.

"But, big brother, you are still more suited for the first stage of the Earth Martial Stage than me. But I think that there must be a lot of capable people in Martial Alliance, and that Jiang Wuya can't guarantee his victory." Mo Xiaolang frowned and said.

Long Chen thought so too.

"If we lose, the Warring Clan will fight to the death with the Martial Alliance, and countless lives would be lost. I think no one would want to see this scene, Little Wolf, I have decided." Long Chen suddenly said firmly.

"Big brother, what did you decide?" asked the wolf cub, puzzled.

"Fight with the first stage of the Earth Martial Stage. If second brother loses, I will fight with the third stage of the Earth Martial Stage. With the second stage of the Earth Martial Stage, I no longer have any opponents.

Long Chen firmly said as he released his breath.

"Can't even beat someone at the second stage of the Earth Martial Stage? "Big Brother, I have to say, you really are a freak," Mo Xiaolang said with a wry smile.

"You're the freak." Long Chen scolded him with a smile before he began to continue to hone his Soulcatcher claw and catkin with wind.

The night came quickly.

#### Chapter 590 - Zhao Danchen

Long Chen had a habit of using Spirit Devouring Demon Pupil often. As he was cultivating the catkin with wind in the room, he accidentally saw Lei Zhen walk past his house with a desolate expression.

The life and death of an entire race was now controlled by him alone. This kind of pressure was truly great. Although Lei Zhen appeared strong on the surface, he was actually feeling pain and confusion in his heart.

In the bet ten days later, Warring Clan had to win two rounds. One of them was because of him, Lei Zhen, and if he did not win in these two matches, Martial Alliance would think that Warring Clan would surrender to him. After all, Martial Alliance did not want to waste time and energy in forcing Warring Clan to submit to him.

If he lost the bet, he could only rely on risking his life.

Lei Zhen knew that the Warring Clan who did not have any top class warriors would definitely lose this time, there was basically no chance of survival.

When the Martial Alliance was rising rapidly in the Holy Martial Empire, everyone had already anticipated that such a day would come.

Their difference from the Huangfu Family was that they possessed the unyielding spirit of their race, which was something that the Ancient Devil Region and the Huangfu Family could not compare with. In terms of true battle between the whole clan, in reality, neither the Huangfu Family nor the Ancient Devil Region were a match for the Warring Clan.

On the path of martial arts, force was naturally important, but spirit, will, and even faith were equally important. The unyielding spirit of the Warring Clan was their race's belief.

Therefore, this man, Lei Zhen, was shouldering way too much.

Long Chen opened the door to his room and walked out together with the little wolf. Mo Xiaolang had never talked much, so he didn't say much.

Seeing that it was Long Chen, Lei Zhen forced out a smile, "Seventh Brother, why did you come out?"

Long Chen came to his side, sized Lei Zhen up for a while, then said: "I see that Fourth Brother has a lot of things on his mind, let's walk and chat."

Lei Zhen was startled for a moment before he nodded his head, "Alright!"

The two of them headed out of the forest.

Seventh brother, actually, you don't have to come and wade in this muddy water for me. Seventh brother, you guys, no matter what, I won't be able to avoid the disaster in the Warring Clan, I don't want to implicate them to death ... Second brother, third brother, I have already advised them to leave ... Unfortunately, they didn't stop ... Now, even you have come.

As he spoke, Lei Zhen's face revealed a helpless, bitter smile.

Long Chen's heart sank.

What was a brother?

To live together with death, this was what the other Dragon Clan members were able to do, Long Chen was also able to do it! Back then, when Long Chen was in Ancient Devil Region, it was they who saved him. Without their protection, how could Long Chen have obtained Scarlet Emperor Seal s and Scarlet Emperor Seal s? Even the Earth Martial Stage, needless to say, these were all brotherhood!

If a brother was in trouble, how could he not help?

Looking at Lei Zhen's expression, anger towards the Martial Alliance arose in Long Chen's heart. He fiercely patted Lei Zhen's shoulder, and said with a low voice: "Fourth brother, don't try to persuade me, I can't leave! If you and Martial Alliance have a blood feud, then only I have a blood feud with Martial Alliance! If Martial Alliance dares to make a move on Warring Clan, I, Long Chen, will do my best, and kill as many as I can! "

Long Chen's resolute expression made Lei Zhen very moved. He knew that this Seventh Brother was very stubborn, and it was even more impossible for him to persuade Long Chen to leave.

"Alright, when the time comes, you must promise Fourth Brother that you will be the first one to save your life." Lei Zhen shook his head and said helplessly.

In the past few days, the originally sturdy and valiant Lei Zhen seemed to have aged quite a few years.

Along the way, many sturdy men from other Warring Clans greeted Lei Zhen. The etiquette of Warring Clan was very simple and strong, and the eyes of these men were filled with reverence when they looked at Lei Zhen.

It was already night, and the old and weak within Warring Clan had almost fallen asleep. Only the men that were forcefully dressed were still patrolling within the, and no one dared to slight them as it was now the time of life and death for the Warring Clan.

Just as Long Chen wanted to say something else, the front of the dense forest suddenly opened up, and what appeared in front of them was a rugged little mountain in the middle of the dense forest. The mountain was not very high, and the mountain was rocky.

"This piece of land, here in the Warring Clan, has lived for a total of 5300 years, and ten days later, it will be engulfed by the flames of war and destroyed by me, Lei Zhen. My ancestors, I, Lei Zhen, am the sinner of the Warring Clan!"

With a thump, he fell to his knees. His forehead heavily hit the mountain rock. With a crack, the mountain rock shattered. Lei Zhen had even caused a line of blood to appear on his forehead.

"Fourth brother, don't be like this. It's not certain who will win." Long Chen felt suffocated, he immediately pulled Lei Zhen back, but Lei Zhen gently pushed him away.

"If the Warring Clan is destroyed, Lei Zhen definitely wouldn't dare to live! As the Patriarch of the Warring Clan, I will definitely rush to the forefront and use my blood to let the Martial Alliance bleed to death! Warring Clan did not give in, and only fought to the death! Those people who are stronger than us, can only step on our corpses, but will never be able to reach our souls! "

With another bang, Lei Zhen's forehead heavily hit the ground. After three consecutive kowtows, his forehead was already a mess of blood and gore.

Of course, Lei Zhen's recovery ability would soon recover well.

This was clearly a song from the Warring Clan, and it should be sung in the ancient language of the Warring Clan. Long Chen was unable to understand what was being sung, but from this song, he was able to hear what was going on, it was clear that he was not willing to die, and was even willing to give in, and was even able to hear the tragic and tragic battle!

Looking at this man, Long Chen slowly clenched his fists. Although their brotherly relationship was definitely not as deep as that of the Little Wolf, Long Chen just felt that, for the sake of this man in front of him, even if he had to sacrifice his life, he had no regrets.

Of course, the prerequisite would be to save the entire Warring Clan.

Unyielding, the spirit of the Warring Clan, and Long Chen's spirit were the same, and were also what Long Chen had been pursuing the entire time. If he were to give in to the incomparable pressure of the Ling Xi Family, would he still walk on the same road he had walked today?

After a long while, Lei Zhen stood up, and smiled at Long Chen in embarrassment: "Seventh Brother, sorry about that."

"Fourth brother is a real man, I admire him from the bottom of my heart." Long Chen said seriously.

Lei Zhen nodded his head and said, "Let's go, I have already finished venting. It's time to head back. I still need to take charge of the big Warring Clan."

After saying all that, just as Long Chen and Lei Zhen was about to leave, a sinister voice rang out from not too far away behind them. Long Chen and Lei Zhen felt their hairs stand on end as they hurriedly

turned around. The wolf cub hadn't said anything and at this moment, two flames slowly materialized in his eyes. These black flames were the Nine Hell Devil Ancestral Flame.

Following the laughter, Long Chen looked towards the man.

His long hair was draped behind him, and what was strange was that not only was his long hair, even his eyes were pure golden colored, his entire body was dazzling golden. Such a special person was clearly no ordinary person.

This youth's appearance was not that extraordinary. It was just that his golden eyes and long hair were flashing with light. It was really difficult for people to take their gazes off of him.

He looked at Long Chen and Long Chen with a smile, as if he was looking at his own prey.

This was the first time Long Chen had seen such a person. When he, Long Chen, had transformed into the Dragon Soul, his eyes were blood-red, and the reason he looked like this without changing was most definitely because of his special bloodline.

After seeing this youngster, Lei Zhen's gaze changed. He retreated a few steps, placed Long Chen in front of him and said coldly: "Zhao Danchen, have you recovered from your injuries?!"

No wonder he felt that the young man in front of him was very strong. So this was the Zhao Danchen of the legendary two great geniuses of the Holy Martial Empire!

Zhao Danchen, who was around twenty years old, one of the three great Martial King s! The third stage of Earth Martial Stage, strength, that was absolute power! In reality, Zhao Danchen was not originally surnamed Zhao. He was just like Jian Chen, he was someone who stood out during the Martial Alliance's training, and because of his outstanding performance, he was accepted as an adopted son by the Martial Emperor Zhao Wuji when he advanced to the third level of the Earth Martial Stage. He was given the surname Zhao!

To be able to reach Long Yue's level at that age, this Zhao Danchen was definitely not simple. Huangfu Fengchen, Long Yue, the other Martial King s, Mo Huangjiangwuxie and the others, when they reached the third stage of the Earth Martial Stage, which one of them wasn't already in their thirties? Following Zhao Danchen's progress, the fourth and the fifth stages of Earth Martial Stage were not difficult either!

I heard that during his battle with the Battle-Emperor, he had also been injured. I didn't expect that in just a few days time, his injuries would have already healed.

It was only when Long Chen truly faced this youth that he realized just how terrifying this youth was. His golden eyes were filled with an oppressive power. Just by looking at him, Long Chen felt as if a huge mountain was pressing down on him.

An ordinary person would subconsciously avoid Zhao Danchen's gaze. However, Long Chen did not, and in his heart, there was an extremely strong urge to not admit defeat. This was the thought of an Primordial Blood Spirit Dragon, the thought of an existence like that, how could it be possible to lower its head to a person like this?

What was Zhao Danchen doing here?

Long Chen and Lei Zhen didn't know, but since he had appeared, there definitely wasn't anything good about him.
