

War God 621

Chapter 621 - The Man in the Stone

Ka ka!

His companion's attacks caused a huge pit to cave into the stone scorpion's wounds, causing a web of cracks to appear. The runes on the stone scorpion's armor also dimmed a little because of this.

These stone scorpion s had huge amounts of strength, but they did not have any intelligence, nor were they aware of the pain. They patiently attacked and toyed with by Long Chen, until one of them was smashed into smithereens and scattered on the ground. They did not stop.

It was just that the stone scorpion s' attacks were more frequent, and in the end, Long Chen had a faster speed to eliminate them. In a short fifteen minutes, Long Chen had not even moved, and the five stone scorpion s had already been killed by his comrades. The remaining one was also badly damaged, and the black runes on the back of his armor were faintly disappearing as well.

BOOM!

Long Chen dodged once more, the tail of the last stone scorpion passed him, and directly struck the huge spherical boulder behind Long Chen. The huge boulder trembled for a moment, but it was still standing in the distance without any movement, but on the surface of the gigantic boulder, a piece of it actually cracked.

Long Chen did not want to be destroyed by this fellow. Hence, he took action, falling from the sky with a kick!

"Wind Leg Technique, Gale Style!" The current Long Chen was like a gale wind, in the gale wind, even the shadow of a leg could be seen, this gale wind was sweeping in from the sky and suddenly landed on the back of the last stone scorpion!

Pah pah pah pah pah pah!

With a terrifying sound, the stones on the stone scorpion's body exploded one by one under Long Chen's Wind God Leg. By the time Long Chen finished performing the Gale Style, the stone scorpion beneath his feet had already been shattered into pieces.

This was the most thorough death.

At this time, the Long family's siblings were still fighting the last stone scorpion. Each of them was only able to fight against four stone scorpions, so it was a little easier for them, but their speed was still slower than Long Chen's.

Long Chen's catkin with wind, was simply the bane of stone scorpion.

"Wind God Leg?" Long Chen had brought out her Wind God Leg. The Long siblings were a little absent-minded, and were almost hurt by their opponents. In their flustered and exasperation, they revealed their Soulcatcher claw, and ended their opponents' lives.

The cave instantly became quiet.

"Seventh Brother, your catkin with wind and Wind God Leg?" Long Yue's expression was a little unnatural. Long Chen was originally just a child in his eyes, but to have reached such a stage in an instant, he had even surpassed her. This made her, who was always strong, feel a little embarrassed.

"The catkin with wind was given to me by Patriarch Huangfu. As for the Wind God Leg, I obtained it from Yang Ningfeng's corpse. For the past few days, I have been cultivating it whenever I had the time, so I have some experience." Long Chen nodded.

Even after knowing the source of these battle skills, Long Yue was still very surprised. Long Chen said that she had some experience, but Long Yue understood that whether it was catkin with wind or Wind God Leg, Long Chen was able to unleash them very well.

"No matter if it's cultivation or battle skills, you are the most top genius I've ever seen." Long Yue laughed bitterly.

The grey-clothed youth's face also revealed an expression of admiration, and said, "I, Long Chen, have never admired anyone in my entire life. In just a short month, I've cultivated two middle level king level offensive skills, and in the end, I've even succeeded.

Long Chen laughed: "You're talking about Long Chen, and you really make me feel conflicted, haha."

The same name is a tragedy.

Especially when the two of them bumped into each other ...

The two of them started laughing. Although they were smiling, the Long family and their siblings were already beginning to feel fear and respect towards Long Chen.

After laughing, Long Chen's gaze turned towards the spherical huge rock.

"The energy of those stone scorpion should have already been depleted. "What is this spherical boulder?" Long Chen and the other two approached the boulder and knocked it lightly. They discovered that this rock was similar to the other broken stones, the only difference was that it was big and round.

"It's also a stone, so there shouldn't be any secrets." The grey-clothed youth said.

After Long Chen studied it for a long time, he felt that it was about the same. This place was just the big lair of the stone scorpion, it was not a secret, but at this time, he suddenly heard some movement from the giant spherical boulder.

Long Chen immediately put his ear close to the boulder, and sure enough, there were clattering sounds. It was as if someone had knocked on it.

When the Spirit Devouring Demon Pupil looked at it, Long Chen realized that in the center of the giant boulder, there was a dimension that was one meter in diameter. There was actually a person inside!

Long Chen could see his weak soul!

"What's wrong?" Seeing Long Chen's strange expression, Long Yue hurriedly asked.

"There's someone in the middle of this rock. It seems like he's not dead yet!" Long Chen said solemnly.

"How is this possible? There was someone inside? Even if there is, you are still alive after being trapped for a very long time?" The Long siblings' eyes were wide open.

"How is it? Elder sister, should we open it and take a look?" Long Chen asked.

Just at this time, the grey-clothed youth exclaimed out in excitement, "Sis, I know who it is! I know who it is! It must be him! It must be!"

Seeing his own brother so excited, Long Yue asked anxiously, "Who exactly are you talking about?"

"Sis, have you forgotten? When Father was still alive, he told us that when he was very young, Grandfather had disappeared. At that time, Grandfather was an expert at the fourth level of the Earth Martial Stage, and he was also known as one of the two great experts, Martial Emperor. Even though Father couldn't be sure, he guessed that Grandfather's disappearance at that time should have greatly affected the Martial Emperor, who is currently the Martial Emperor's master!" The grey-clothed youth said excitedly.

Excitement appeared in Long Yue's beautiful eyes as she said: "Xiao Chen, are you saying that within this stone, there's a high chance that it's our missing grandfather, Long Shan?"

"Yes!" The grey-clothed youth laughed.

"Then break this rock. We will take it slowly so as not to hurt the old man inside." Long Chen did not think that there would be such a thing. He didn't have to worry, judging from the soul, the person inside was extremely weak, and could die at any time. Even if he was saved, he wouldn't be much of a threat to them.

However, if it really was their grandfather, then their grandfather was simply too powerful. He had been trapped within this giant boulder for so many years, and yet he hadn't died yet.

This spherical boulder was definitely formed later on. As to why such a huge boulder had trapped him, Long Chen did not understand.

Although the gigantic rock was sturdy, the three of them had their own ways of breaking it. Long Yue and the grey-clothed youth both took out a middle grade king grade weapon, slicing iron like mud,

which was still effective against the gigantic rock. As for Long Chen, they were all in the state of Dragon Soul Transformation, so Long Chen's claws were not weaker than their two weapons.

"Your claws are so hard?" The grey-clothed youth coincidentally looked at it and was stunned. He realized that besides the difference in realm, he seemed to have lost to Long Chen in every aspect.

Long Chen smiled awkwardly and continued with his work.

Time slowly passed.

"It's about time." Long Chen said.

Bang! His claws directly reached into a hollow place then, with force, pulled out a large boulder. Instantly, dust filled the air and the hollow sphere of that enormous boulder appeared in front of Long Chen and the others.

After seeing this person, Long Chen could not bear to keep looking.

This was an old man, as thin as a twig. He was really at the level of a bag of bones, similar to Jiang Kun who used the Great Zombie Technique. He had snow-white hair and a long, white beard that covered his entire face. His clothes were tattered beyond recognition.

Long Chen could only see a pair of eyes opening with difficulty from within the messy white fur. The eyes were cloudy and dim, obviously dying. However, after seeing Long Chen and the other two, his eyes exploded with a shocking light.

From his body, Long Chen felt a kind of bloodline feeling. The feeling he gave Long Chen was similar to Long Yue and the others, but Long Chen was sure that this person should be their grandfather, Long Shan!

After confirming the identity, Long Chen took out over a hundred king crystal from the Great Void Realm without a second word and handed them over to the old man. Before his death, the most important thing was that he lacked energy, and king crystal could just so happen to fill up his empty spot!

king crystal!

Seeing the king crystal, the old man's dim eyes finally lit up. A suction force suddenly erupted from within his body, sucking all the hundred plus king crystal to his body. The hundred over king crystal s were divided into nine parts and pasted outside his nine martial arts chakras!

Long Chen was relieved.

He still had the energy to absorb the martial Yuan from the king crystal, which meant that he could still recover. At this time, the king crystal released a bright light that enveloped the old man, Long Chen pushed him away and waited for the old man to refine it. When he turned back, he saw that Long Yue and the grey-clothed youth were already crying hot tears.

Long Chen was even more sure of the old man's identity.

"Grandfather", Long Yue and the grey-clothed youth should have never seen this Long Shan before, but they had a very deep connection with this kind of feeling.

This old man who had suffered a terrible ordeal was their grandfather.

He had been trapped in this boulder for at least 30 years, and only then did he manage to survive. Until this moment, even thinking about it was terrifying, and it was also because of this that he knew that the methods of the Martial Alliance, were truly despicable and cruel.

This time, if it wasn't for Long Chen's sudden idea of following the stone scorpion in to take a look, this old man was dead for sure. He suppressed his strength to an extremely low level and didn't let him die.

Long Chen admired such a person!

Without a tenacious willpower, it was impossible to achieve such a feat!

Chapter 622 - Expert Revival

Time slowly passed.

Long Chen could feel that this old man's previous cultivation level and his current exhaustion level, these one hundred king crystal were completely not enough for him to recover. However, after so many years had passed, whether or not he could recover his strength was also questionable.

Long Chen had the Blood Refinement Qi, so he did not have any worries when it came to increasing his primeval essence. The role of the king crystal to him was mainly to purchase some things. Therefore, it was not very useful for the time being.

The Long family's siblings were anxiously looking at the old man at this moment. Before Long Chen even said anything, he took out another two hundred king crystal. Of course, most of it came from Yang Ningfeng, so he didn't feel bad about it.

More than two hundred king crystal, the dense Martial Origin was once again absorbed by the old man. Roughly half a day later, the ball of light around the old man's body began to decrease. His body also gradually appeared, and compared to before, his body was now much stronger, and not as terrifying as before.

Under his control, the extra white fur gradually fell off, and the old man opened his eyes at this moment. Immediately, two divine lights shot out, and Long Chen could vaguely see the dragon pattern in his eyes.

With a hu sound, the old man stood in front of Long Chen and the rest. He looked much more normal than usual, and at the moment, he was looking at his own body in pleasant surprise.

After waiting for so many years and finally getting out of this predicament, his excitement could be imagined.

Cannot be described in words.

Tears streamed down his face for a long time, but Long Chen and the others did not disturb him, and after about half an hour had passed, the old man's tears had all dried. He only looked at Long Chen and the others, and the dragon soul transformation on their bodies made him feel incomparably familiar.

"Is your name Long Shan? Our grandfather? " Long Yue was still not completely sure of the other party's identity, so he asked him this question in a probing manner.

These words caused the old man to shudder. He stared blankly at Long Yue and the other two, and trembled as he asked: "Are you all Yang'er's sons?"

Long Yue and the grey-clothed youth immediately nodded. Their father, was precisely the Yang'er that the old man spoke of.

"Good!" "Alright!" The old man's eyes revealed a look of excitement. He looked around and said: "I never thought you guys would come to save me. I was trapped here by Chen Xiong, I thought I was going to die for sure, I never thought I would have a chance to live! Chen Xiong! Chen Xiong! Where is he now?"

When he mentioned this name, Long Shan's eyes were filled with anger!

"Chen Xiong? The previous Martial Emperor, he, he seems to have gotten hold of a ancient tombstone token, went into the Archaic Graveyard, and never came back. The grey-clothed youth said.

"Dead?" Long Shan was stunned, he retreated a few steps, and then said with a bitter smile: "So he's already dead? I made up my mind and swore that I would take revenge if I got the chance. I didn't expect this scumbag to be dead. Yes, it's been too long.

Long Yue nodded her head, and said: "Grandfather, I am my father's eldest daughter, I am called Long Yue, this is my brother, he is called Long Chen."

Seeing his two grandchildren, who seemed to possess quite a strong strength, Long Shan was very pleased in his heart. He asked: "Where's your father?"

"Father has also gone. Right now, there are only the three of us left in the Long family." Long Yue said.

"Yang'er went as well?" Long Shan's face was filled with grief and sorrow, and said: "Yang'er's cultivation is not good, and his talent is not good. So many years have passed, I had already expected this."

Xiao Suo.

"What's the situation outside now?" Is the Holy Martial Empire still under the control of the Martial Alliance? " After a while, Long Shan sighed and asked.

"The current Martial Emperor is called Zhao Wuji, and is at the fourth stage of the Earth Martial Stage." The current Martial Emperor is called Zhao Wuji, and is at the fourth stage of the Earth Martial Stage. Long Yue said as she nodded her head.

"Fourth stage of the Earth Martial Stage? Hehe, Martial Alliance, Chen Xiong,, even if you bring me into this nine nether regions, I still know the way to get out. If you can't kill me, then use this method to trap me, but, you once thought that I would still come out on this day, can I, your Martial Alliance, still continue to exist? " Long Shan's face revealed a gloomy smile.

"Grandfather, what's your current strength?" The grey-clothed youth couldn't help but ask.

Long Chen could also tell that this old man was once a peerless expert. So many years had passed, who knew what would happen now?

The old man shook his head, and said: "My true realm is at the fifth level of the Earth Martial Stage, but because of the extreme lack of true essence, and the many injuries that I have sustained, I can at most display a battle strength similar to yours. If I have enough king crystal s, I might be able to recover to the fourth level of the Earth Martial Stage.

Real realm, in the fifth stage of the Earth Martial Stage?

It had to be known that the strongest Martial Emperor Zhao Wuji in the Holy Martial Empire was only at the fourth level of the Earth Martial Stage just now. Long Shan's true realm was much higher than his.

"How many king crystal s do you need?" Long Chen said directly.

It was only after Long Chen finished speaking that Long Shan finally noticed Long Chen. At the beginning, Long Chen didn't say anything, and it caused Long Shan to neglect him a little. When Long Chen was speaking, he suddenly remembered that Long Yue didn't mention Long Chen when he was introducing him?

Moreover, Long Chen also called him grandfather.

But, what about the Dragon Soul Transformation he had?

Seeing Long Shan's doubtful gaze, Long Yue immediately explained: "Grandfather, this young man's name is also Long Chen, and has the same name as my younger brother. He possesses our Long family's bloodline, so I reckon that he is a branch family member that had walked out of our family."

"Branch?" Long Shan's brows deeply furrowed, and said: "In our Long family, other than you two sisters, everything else is single-handed. I don't even have a branch for around ten generations, so how could there be a branch?"

Long Shan's words stunned both Long Yue and the grey-clothed youth.

Long Shan looked at Long Chen carefully, and shook his head: "His Dragon Soul Transformation is different from us, so he is not related to our Long Family by blood, but among his ancestors, there is the legendary Dragon Fighter! Young man, don't you think so? "

Fortunately, this Long Shan was not able to see through Long Chen.

Therefore, he nodded and said, "I'm not too clear about the matters of the ancestors. Among my family, I'm the only one who awakened this kind of power. I don't know what happened."

Long Chen couldn't exactly tell them that he was the Dragon Fighter, so he casually told them a lie.

Long Shan remembered that the person who gave him the king crystal just now, had always been this Long Chen.

At this time, Long Yue said: "Grandfather, we are already sworn brothers, no matter what blood relationship he has with us, he is still my younger brother. I already passed the Soulcatcher claw to him. This time, he is the one who came to the nine nether regions to save us. "

Long Yue was afraid that Long Shan would think that he was an outsider, hence she quickly explained.

Long Chen also laughed: "We have known each other for a long time, I have quite a few king crystal. How many I need to help you recover to the fourth stage of the Earth Martial Stage?"

If there really was a fourth stage Earth Martial Stage, then it would be a great help. If Long Chen had a good relationship with him, then everything he would do next would be very simple. For example, the ancient tombstone token.

There were so many experts in the Holy Martial Empire that would even fight for the ancient tombstone token. Long Chen wasn't very confident in his heart.

After chatting for a while, Long Shan had quickly accepted that Long Chen was also an outstanding junior. Thus, he kept to himself and said: "If you want to resume the battle at the fourth level of the Earth Martial Stage, then you probably need around a thousand king crystal. It's really too many, do you have that many king crystal?"

Long Chen took it out for a thousand and forged a strong warrior at the fourth stage of the Earth Martial Stage. He thought about it and felt that it was worth it, so he nodded: "One thousand king crystal, of course I have one."

Just as he finished speaking, Long Chen counted out a thousand king crystal from the Great Void Realm and handed them over to Long Shan.

"Good kid, you're a straightforward person. After I, Long Shan, recover my strength, I will naturally not treat you unfairly. Even if we aren't related by blood, I will be like a grandson protecting you in the future."

For the first time, Long Shan revealed a happy smile.

He had become the grandson of another for no reason, so Long Chen was a little depressed. However, thinking about how the other party was almost a hundred years old and was very strong, he did not care at all. The king crystal came quickly, and he could kill Yang Ningfeng already.

The Long family's siblings all looked towards Long Chen with grateful expressions.

The fact that Long Chen had come to the nine nether regions this time was simply too much of a kindness to them. Although Long Yue said that he and Long Chen were already sworn siblings, he still felt a little embarrassed in his heart.

"Big Sis, don't look at me like that, right? The Soulcatcher claw that you gave me, is the price of these king crystal. " Long Chen said with a smile.

"I was thinking how wise it was to save you in the Ancient Devil Region back then. Hehe. You should thank that girl called Liu Yiyi. Without her pleading, Wu Ya wouldn't have risked anything to save you. " Long Yue laughed.

Liu Yiyi?

He didn't know if Jiang Wuya could solve her problem, but it had already been more than a month since he spoke, and now, it was almost a month. If Jiang Wuya couldn't, then Long Chen's side, with so many experts, could only be solved by force.

He just didn't know if he had enough time after he left.

No one was in a hurry to leave. They were waiting for Long Shan to absorb the power of the one thousand king crystal. After he succeeded, he would have another warrior at the fourth stage of the Earth Martial Stage, so at that time, would he still have to be afraid of the Martial Emperor?

In the Martial Imperial City, he could even charge recklessly.

A thousand king crystal were arranged in a natural manner around Long Shan. Every piece of king crystal was emitting a translucent radiance, as though they were the most beautiful jade in all of time. These king crystal gathered together and formed a sparkling halo of light, slowly and steadily revolving around Long Shan.

Chapter 623 - Ancient Devil's Corpse

During the process of rotation, these king crystal's might was quickly absorbed and refined by Long Shan. Long Shan was like a bottomless pit, he had been exhausted for a long time, so when he tried to absorb the king crystal, he did not show any mercy.

Above Earth Martial Stage, every time one levelled up, it would require a lot of time and effort to comprehend. In the entire Realm of Myriad Kingdoms, there were only a few people that had a speed as fast as Long Chen's. Therefore, powerhouses of the third stage and above in the Earth Martial Stage are

extremely precious. Right now, Long Chen and the others were personally going to create the fourth stage of Earth Martial Stage.

Long Shan's actual strength was at the fifth stage of the Earth Martial Stage.

Long Chen could feel that there was definitely a great deal of resentment and hatred in the old man's heart. This resentment was not something that could be pacified by Chen Xiong's death. Of course, the one who bore the brunt of his anger, was the Martial Alliance!

To Long Chen, this was a heavenly good thing!

No one knew that a wave of resistance against the Martial Alliance was quickly being formed in this small place.

Very quickly, another half a day passed.

At this time, the king crystal surrounding Long Shan had already dimmed down, and the Wu Yuan inside had already started to disappear.

"It's about time." Just as Long Chen finished speaking, those king crystal that were still floating turned into ordinary stones, and all of them dropped to the ground with a crackling sound.

The light in the cave also dimmed down. For mortals, this was an environment where they couldn't even see their own fingers.

At this time, he gave Long Chen a sense of danger. Ever since he had reached the second level of the Earth Martial Stage, there were very few people who could give Long Chen this feeling, and Long Chen had a premonition that the current Long Shan already possessed the strength to kill him!

Presumably, this level was the same level as the Martial Emperor Zhao Wuji.

Long Shan carefully felt the strength of his body and he slowly opened his eyes. He looked at Long Chen first, and his face that had been stiff for many years, once again threw him a smile.

"Little friend, thank you so much." Long Shan's eyes were truly filled with gratitude.

Long Yue smiled sweetly and said: "Grandfather, this time my brother and I were trapped in this nine nether regions, and it was he who found a way to get out of Martial Alliance's mouth, then came to save us. We followed the stone scorpion here, and it was also his idea."

Long Shan laughed and said: "In that case, you are my true savior. These king crystal are all yours as well. With how much grace you have given my family, you can find use of the place where I, Long Shan, am here today.

Long Chen laughed dryly: "You guys are being too serious. They were originally on the same side, and that was all they needed to do. It's getting late, let's hurry up and leave this place. "

This was not a place that they could stay for long. Everyone nodded and then headed upwards. Very quickly, they followed their original route and arrived at the wilderness of the nine nether regions.

Looking around, Long Shan sighed: "This nine nether regions has never changed, but, since ancient times, there should have been thousands of people who have died here."

Immediately after, his gaze fell upon Long Chen, and he asked: "Little friend, do you also know the method to leave nine nether regions?"

"I heard that there is a ten-meter-tall mountain in the nine nether regions. If we dig one hundred meters down, there is a compass. If we follow the direction of the compass, we will be able to leave." Long Chen nodded.

"Not bad, it's the same as what I know." Long Shan revealed a satisfied expression.

So, the four of them did not say anymore and started searching for that hill. Because of Long Shan, it had already delayed them for an entire day.

Now that there was a powerhouse at the fourth level of the Earth Martial Stage overseeing the place, even if they were to leave, Long Chen would not have to worry.

The grey-clothed youth had seen that small mountain before, and the four of them persevered. After a long time, they finally found the legendary hill.

During these four days, the four of them had been relatively relaxed. Occasionally, they would chat and improve their relationship with each other.

Back then, he and the Martial Emperor at that time were both at the fourth level of Earth Martial Stage, but their relationship was very good. Later, Long Shan went to the fifth level of Earth Martial Stage first, but fell into the trap of a good brother, and was brought into the nine nether regions.

Because of his trust, he suffered from the evil scheme of Martial Emperor Chen Xiong.

In the blink of an eye, more than thirty years passed.

In the past, it was a glorious sight, but now it has turned into an old man in his forties, causing Long Chen to sigh endlessly.

Back then, Yang Ancestor was right, he had to find out his own brother. Otherwise, he wouldn't even know how he died.

Fortunately for Long Chen, the people he met were all good people who he could befriend.

After finding the small mountain, Long Chen personally went down a hundred metres and sure enough, he excavated an ice-cold compass. After he took it out, the four of them carefully observed the compass.

Its entire body was a bronze color, and was not much different from a normal compass. Only, when Long Chen held the compass, he felt that the compass seemed to be connected to the entire nine nether regions.

Holding the compass in his hand, the man quickly pointed in a direction.

After obtaining the compass, everyone was prepared to leave.

"This way." Following the direction of the compass, they immediately set off. Who would have thought that after more than ten steps, they would actually turn back in the direction indicated by the compass?

"How could this be?" The grey-clothed youth was somewhat depressed. They had just walked over from that direction.

"Don't worry about it. Keep going." Long Chen frowned, he turned and walked back with the compass.

"It is precisely because of the strange direction the compass directs us that we are unable to leave this damned place." We'll try to do it anyway. " Long Chen said as he walked.

Sure enough, after walking back for a while, the direction indicated by the compass changed again. Long Chen and the rest steadily headed towards the direction indicated by the compass.

"This nine nether regions is really magical, we followed this compass and randomly walked around. At the beginning, we thought that we were just wandering around randomly like before, but who would have thought that it was actually these ordinary routes, which led to a real exit." A few days later, everyone sighed in their hearts.

In the past few days, Long Chen and the others had become quite familiar with the Ranker called Long Shan. He now had a rough understanding of the events that happened in Holy Martial Empire decades ago.

That Long Shan also knew what was happening to the current Holy Martial Empire.

"In that case, the Martial Emperor is the only power now. Even powers like the Ancient Devil Region s are willing to submit to them? " Long Shan asked somewhat suspiciously.

"Indeed, the Ancient Devil Region had already pledged his allegiance to the Martial Alliance more than ten years ago. At that time, the Martial Emperor directly took action, and in front of countless people, with just a few moves, he had defeated all the experts in the Ancient Devil Region. " Long Yue said somewhat gloomily.

The Martial Emperor was indeed publicly recognized as the strongest in the Holy Martial Empire.

"He defeated all the Rankers in Ancient Devil Region?" Long Shan slowly nodded his head and continued: "Every generation of Martial Emperor can cultivate the highest secret manual in the Martial Alliance, which is the only high level king level combat skill — Martial Emperor Seal! It has to be said that for a battle skill of the same level, the difference between the two would be extremely large, needless to say, with a king level high level battle skill, it would definitely be able to suppress all the other battle skills. Unless there is a Royal Tier Battle Skills that has never appeared in the Holy Martial Empire, otherwise, no one would be a match for the Martial Emperor Seal. "

"Five Emperor Prints?" Long Chen was a little puzzled. Seeing the doubt on Long Chen's face, Long Yue laughed and said: "It's not the Five Emperors Seal, but the Martial Emperor Seal, the Martial Emperor's Martial Emperor."

Only now did Long Chen understand, so that was how it was. Long Chen had thought that Long Shan was talking about the Five Emperors Seal, but it turned out that it was just a battle skill with the same name, maybe it was just an imposter.

However, to be able to reach the king level high, this was definitely beyond the level of the Soulcatcher claw that Long Chen knew now. It was truly powerful, Long Chen knew that he would definitely have to face the Martial Emperor in the future, so he was still quite wary of him.

"Right, in the Ancient Devil Region's Sevenfold Demon World, isn't there a corpse? It is said that every generation of Territory Lords in the Ancient Devil Region is able to control Ancient Devil's Corpse. That Ancient Devil's Corpse has enormous battle power, even if it is at the fourth level of Earth Martial Stage, it is still possible that it cannot be defeated. Long Shan's face suddenly filled with suspicion.

"Ancient Devil's Corpse?" The three youngsters looked at each other. None of them had ever heard of this thing.

Seeing their puzzled faces, Long Shan smiled bitterly and shook his head, saying: "Maybe this legend is fake. If the Ancient Devil Region has Ancient Devil's Corpse and can be controlled, then how would they let the people of the Martial Alliance ride on top of their heads?"

Long Yue and the others nodded.

However, doubt arose in Long Chen's heart because he remembered the situation in the Ancient Devil Region where he was insolent. While Long Yue and Long Shan was conversing, Long Chen asked the kitten inside the Great Void Realm, and said: "fat cat, that Ancient Devil's Corpse, is it related to the life spirit energy being absorbed in the Ancient Devil Region? When you were in the Sevenfold Demon World, did you think that there was something down there was actually that Ancient Devil's Corpse? "

Cat lazily said, "Aiyo, this brat is quite smart. He really is worthy of being a young man under this god's protection."

"Cut the crap." Long Chen's calm voice frightened his.

The kitten laughed dryly for a while, then said: "Indeed, if I guessed correctly, the Ancient Devil's Corpse is in the seventh stage of the Sevenfold Demon World, as for why it would absorb life force, it would only be able to move around if it was dead. If I wanted to use a secret technique to control the dead body, I would have to infuse it with enough life force. This must be the reason why the Ancient Devil Region is barren of plants! "

Chapter 624 - Huge Wheel of Fire

"What's an Ancient Devil's Corpse then?" Long Chen asked.

"Ancient Devil, this is just what you called the crown of the dead body. It is called a demon, but in reality, it is only the corpse of a powerful cultivator from the past." After the expert died, his corpse was refined and used for battle. All he could use was the physical strength of the expert before he died. If the Ancient Devil's Corpse was able to reach the fourth stage of Earth Martial Stage or higher, then it would mean that they were not considered weak when they were alive in the Heaven Martial Stage. " The kitten said.

There were many experts in Realm of Myriad Kingdoms, and there were many strong ones as well. A long, long time ago, there must have been many of them.

"Why didn't Ancient Devil Region use that Ancient Devil's Corpse? It was very simple, they could not use their Ancient Devil's Corpse now, so after absorbing enough life energy, they should be able to use it. "Looks like I need to pay more attention to this Ancient Devil's Corpse." Long Chen noted down this matter in his heart.

The grey fog had dissipated to a large extent, and the grey clouds in the sky had now turned into a grey, boundless sky. This indicated that they were already quite a distance away from their original position.

"If this continues, we'll definitely be able to leave this damned place." With a strong Ranker like Long Shan, he would no longer have to be afraid of the Martial Emperor after going out.

Long Yue and the grey-clothed youth were really looking forward to the situation after Long Shan left.

And Long Chen was also worried about another matter, and that was Liu Yiyi's matter. Liu Yiyi was close with Long Chen, and it was even Jiang Wuya's daughter. He was a good girl, what kind of Zhao Danchen should she marry? Long Chen could only say: Zhao Danchen, go and die!

However, Long Chen did not know how much time was left either.

Thus, he was slightly anxious in his heart.

Everything depended on whether they could get out in a few days.

In the direction indicated by the compass, a total of seven days had passed since they obtained it. On this day, Long Chen and the others suddenly felt that the surrounding temperature seemed to have increased quite a bit.

"Why is the temperature here higher the more we follow the direction of the compass?" And the ground is gradually turning from gray to light red. If we continue like this, won't it turn red? " The grey-clothed youth said somewhat gloomily.

Indeed, even though Long Chen kept changing directions, he gave off the feeling that he was going in the direction of a certain fire source.

Smelling the smell of fire, Mo Xiaolang, who was in the middle of the Great Void Realm, asked happily: "Big Brother, could it be that we are approaching a place where there is fire? Furthermore, the flame is able to influence the temperature of the flame from such a distance. This shows that the flame is not simple. "

"I don't know. Let's hurry up and go take a look." Long Chen said.

The group continued forward, the further they went, the hotter the place became. Soon enough, Long Chen discovered that the entire sky had turned scarlet, and walking on the ground was like stepping on a hot iron pot.

Threads of flame ignited in the air before quickly vanishing.

"Could the exit of this nine nether regions be shrouded in a sea of fire?" Long Chen walked at the very front. At this time, the compass changed its direction once again and pointed towards the south.

"This way." Just as Long Chen gave a direction, the compass suddenly exploded in his hand.

"What's going on?" Long Shan and the rest immediately asked.

"Without this compass, wouldn't we be unable to leave?" Because he had saved Long Shan, he no longer needed to be threatened by the Martial Emperor. He was just about to leave the nine nether regions, but he didn't expect that the compass would actually shatter at this time.

"Don't worry." Long Chen was also shocked at first, but then he thought about it and said, "We have already reached this place, and the compass also indicated our direction just now, so it is impossible for us to not be able to leave.

"I agree." Long Yue nodded first. Even though Long Chen was the youngest here, his performance had always been very stable, much more so than the other Long Chen.

Therefore, everyone followed the south. Originally, it was already hot enough here, but the further they went to the south, the hotter Long Chen felt. From this, Long Chen knew that he had taken the right path.

Walking in this direction for another half a day, Long Chen suddenly realized that the entire world was shrouded in flames. Small flames continuously flickered in the air, and then were extinguished.

Although the temperature was high, the Spiritual Aura within the world had been reduced to a level that was almost nil. It was thinner than the grey ground from before. Furthermore, Long Chen felt a whirling wind force.

"This nine nether regions is already very hard to get out of. At the exit, there is also this flame blocking the way. With such an overbearing flame, we shouldn't be able to find an exit, right?" The grey-clothed youth said dejectedly as he looked at the patch of fiery red in front of him.

As the surrounding temperature grew higher and higher, Long Yue's expression became increasingly ugly. That Long Shan also had a tight and skinny face with a relaxed expression on his face.

They were all very curious about Long Chen's situation, so Long Chen asked with a bit of disbelief: "Seventh Brother, could it be that you have a way?"

"We'll talk about it when we find the exit. I can't be sure now. " Long Chen said.

Finally, a sea of fire appeared in front of him. Long Chen raised his head to look, and a magnificent scene appeared in front of him. In the place where the red sky and earth intersected, there was a gigantic fire wheel placed horizontally, and this fire wheel was spinning extremely quickly.

This giant fire wheel was very large. Long Chen wasn't sure if they could still find the south after going around this Fire Wheel. Furthermore, Long Chen reckoned that this was the exit of the nine nether regions, and it was very likely to be right inside this Fire Wheel.

"Grandfather, what should we do?" Seeing this, the grey-haired youth asked with his face relaxed.

The elderly Long Shan frowned deeply as he looked at the gigantic fire wheel in the sky. He said with a wry smile, "Given the temperature of this fire wheel, given my true essence, I think I can still barely make it to the center of the fire wheel to take a look. If there is an exit there, I might be able to get out, but you might not be able to. Not necessarily, but I can't get out. "

Long Shan was actually an expert of the fifth stage of the Earth Martial Stage. Although he could only release the fourth stage of the Earth Martial Stage's true essence, he still had some knowledge. He said that Long Chen and the others could not leave with the support of true essence, so they would definitely not be able to leave.

"Huh?" Everyone was very dejected. Even after so much thought, they still couldn't get out? In the future, would he still die here?

"Grandfather, quickly think of a way, I don't want to stay here." Now that the grey-clothed youth had the protection of his elders, he could only place his hopes on Long Shan.

Long Shan was also thinking of a way, but the more he thought about it, the more his eyebrows furrowed.

"Long Chen, what about you? What can you do?" At this time, Long Yue finally remembered that Long Chen did not seem to be worried at all, and turned to look at Long Chen for help.

At this time, Long Chen was conversing with Cat.

"The center of this fire wheel must be the exit of this nine nether regions." The kitten said confidently.

"Why?" Long Chen asked.

"Haven't you noticed? When you get near the center of the fire wheel, you will discover that the energy of the world is extremely dense. In fact, the energy of the heaven and earth in the nine nether regions was sucked out from the fire wheel into the outside world, causing this place to become a hell without spirit energy. "

"So that's how it is?" Long Chen's pupils constricted.

"Of course, you don't have to worry at all. This flame can't stop you at all, because you have this little black dog, this abnormal demon beast, as your brother. With him here, even Ancestral Fire will not be difficult for you two, let alone this kind of mere animal fire. " The kitten said as it rubbed its belly.

"Is this a kind of animal fire?" Both Long Chen and Mo Xiaolang's eyes lit up.

"Mm, it's also the flame that came from the skeleton of a demon beast. It's been there for a long time, so I can't tell what flame it is. But, just by looking at the size of this fire wheel, one can tell how big the demon beast from back then was."

In Great Void Realm, the wolf cub was already impatient and said, "Big brother, since the exit is at the heart of the fire wheel, then let me devour this animal fire. I can feel that this animal fire is much more terrifying than the Blue Magic Flame from before!"

Indeed, there were only so few Blue Magic Flames, but there were so many animal fire. However, the quantity was tens of thousands of times greater than the Blue Magic Flame.

To the wolf cub, the higher the grade of the fire, the more powerful his nourishment was.

The Sun Devouring Demonic Wolf s were never-ending.

As long as Xiao Lang could continue to grow, his future would be limitless. In fact, his potential was even greater than Long Chen's.

Of course, that still depended on how many such flames there were in the world.

Long Chen nodded.

At this time, Long Yue and the others looked to Long Chen for help.

What should he do?

"Seventh Brother, do you have any ideas?" Long Yue asked again, looking a little anxious.

Since Long Chen told her about Jiang Wuya and Liu Yiyi, she should be worried about him as well.

"Don't worry, everything is in my hands." You guys wait here for me, I'll go over first. " Long Chen said with a smile.

There was still some distance to go until he reached the fire wheel, so Long Chen continued to charge forward. From the looks of it, he was about to charge straight into the flames.

"What the hell is this kid doing?" Long Yue's eyes revealed a look of doubt.

She did not know of the wolf cub's talent.

Chapter 625 - Sixth Demon World

After saying that, Long Chen took a step forward and headed towards the gigantic fire wheel in the horizon. Regardless of whether the flames were around him, with the degree of the flames at the periphery, it was still difficult for him to cause any harm to Long Chen.

When that huge fire wheel appeared right in front of Long Chen, Long Chen raised his head and said indifferently: "Little Wolf, come out, it's all up to you now."

This proved that his choice at first was correct. If he had stayed in the Canyang Kingdom or if he had come out by himself, without Long Chen's fortuitous encounter and protection, it was very likely that he had been killed by some fellow who hunted demon beasts.

One must know that Long Chen himself had killed a lot of demon beasts.

In all of Dragon Sacrifice Continent, there were very few people like the Warring Clan who could tame, fight for themselves or become friends with demon beasts. Humans and demon beasts have always been mortal enemies.

Long Yue and the other two all stared at the distant Long Chen, not knowing what Long Chen was planning to do. Right at this moment, Long Chen opened her arms, and a black figure suddenly pounced out from his chest, instantly expanding to become a huge, majestic black wolf, and pounced towards the fire wheel in front of Long Chen!

"Wolf?" Long Yue squinted her eyes, she remembered that this was a Goblin Beast that was following Long Chen. When they were at ghost stream, Long Chen had made the little wolf shine, so Long Yue knew him.

"This is a demonic beast. What can it do?" He thought that Long Chen had some sort of earth-shattering treasure to take out. All of these would be used to open up a path within these flames.

"I don't know either, but Seventh Brother has always been very reliable." When I first met him, he did not even reach the Earth Martial Stage, and now that he already has such strength, do you guys think he is terrifying? " Long Yue's beautiful face was filled with a gratified smile.

Feeling that his own position seemed to be inferior to the other Long Chen's in his elder sister's heart, the gray-clothed youth was a little displeased and muttered, "Is there really such a god? Just watch, even grandfather can't deal with these flames, I don't believe he can. "

Just as he was speaking till here, the Little Wolf's body had already changed to a height of almost twenty meters. Long Chen who was standing behind him was not much bigger than the little wolf's toes.

This was already the largest body of a king level first stage Sun Devouring Demonic Wolf.

As his strength increased, he believed that his body would also gradually grow larger.

At least among the king level beasts, the larger the size, the more powerful the beast.

"It's about to begin." Long Chen had a smile on his face as he watched his brother perform in satisfaction.

Mo Xiaolang's might, was also his strength.

Arrrrrrrrrrrrrrrr

Right at this moment, Mo Xiaolang let out a desolate howl to the sky. This howl was filled with power, causing the surrounding flames to tremble, and from it, one could hear the excited mood of the Little Wolf!

Immediately after, the wolf cub ran, towards the direction of the gigantic fire wheel. Under the shocked gazes of the crowd, the huge body of the Sun Devouring Demonic Wolf directly jumped into the spinning fire wheel!

Of course, although the wolf cub was big, he was still small for the entire fire wheel.

To the fire wheel, this tiny black dot caused a huge tremor. The fire wheel that was originally spinning at a high speed was now shaking, as if it was a person who had swallowed poison. It was curled up on the ground.

Huu

The flame on the fire wheel stopped shooting in all directions. The speed of the high speed fire wheel instantly slowed down to a stop. The fire wheel turned into a ball of fire before quickly shrinking!

In the exact center of this ball of fire that shot into the sky, Long Chen saw a small black dot.

Long Chen knew that this was the Little Wolf.

What came from the little black dot was an enormous and terrifying presence!

They did not hold much hope at the start, but now, they looked dumbstruck. Especially the teenager in grey, his upper lip was trembling as he stammered, "This demon wolf is obviously only at the King Stage Level 1. Why is it so strange?"

From the looks of the situation, the flames that covered the sky had already been controlled by the Sun Devouring Demonic Wolf. The grey-clothed youth previously thought that Long Chen definitely had no

other choice, but now it seems that he had still underestimated Long Chen, which made his face turn a little red. It was embarrassment.

"Yue Er, do you know the name of this kid's Demonic Beast?" Long Shan's face was full of shock, he observed for a while, then asked Long Yue.

Long Yue said: "It should be called the Sun Devouring Demonic Wolf, it is a type of mutated demon beast. This name was probably chosen by Seventh Brother herself. "

"Sun Devouring Demonic Wolf, what a good Sun Devouring Demonic Wolf! This demon beast could actually devour animal fire! This was truly an extraordinary demonic beast! In my life, I have never heard of such a demon beast! "

Long Shan's eyes became serious.

"Is this demonic beast that powerful?" Long Shan could be said to be the most pinnacle Ranker in the Holy Martial Empire. With such a high evaluation of Sun Devouring Demonic Wolf, even the grey-clothed youth was somewhat speechless.

Originally, he was somewhat unconvinced by Long Chen. But now, it seems like there was something extraordinary about Long Chen being able to completely subdue such a terrifying demon beast.

"I don't know either, but the ability to devour animal fire is unique! It's all thanks to this kid. This time, we can definitely get out of nine nether regions! " Long Shan laughed.

Everyone naturally wanted to leave this damned place.

"Yue Er, this youth has many miraculous aspects, and he even possesses a demon beast like this. This is a person with great luck. It's definitely not a loss for you to befriend him or even help him. You might even get endless benefits!" Long Shan said thoughtfully as he stroked his long beard.

"Is that so?" Long Yue was in a bit of a trance. When she had initially saved Long Chen, she did not know that he would also have such a day. But now that she thought about it, if it wasn't for the fact that she had saved him in the past, then she would say that she was not the only one and everyone in the Dragon clan.

While they were talking, the fire wheel had also undergone a huge change. The enormous fire orb that had originally stretched across the horizon was now shrinking. As time passed, the ball of fire became smaller and smaller, and the temperature around it dropped. Even the color of the ground gradually turned gray.

"Success." Long Chen's face revealed a smile.

The animal fire was the reason why this place was so fiery red. After the unknown animal fire was devoured by the Sun Devouring Demonic Wolf, this place quickly recovered to be like any other place in the nine nether regions.

A piece of grey sky slowly appeared in front of Long Chen and the others.

The ball of fire in the horizon had shrunk until it disappeared. What appeared in the horizon was a giant black demon wolf. This demon wolf was covered in flames.

The gigantic fire wheel had now been completely replaced by the Sun Devouring Demonic Wolf.

Although they had already expected this scene, Long Shan and the others were still shocked when they saw it. They looked at each other with bitter smiles on their faces.

The performance of Long Chen and his demon beasts was simply too heaven opposing.

At this time, the blazing fire wolf in the sky had already charged towards Long Chen, until it turned into a bunch of fire red light and rushed into Long Chen's chest.

Only then did everything return to normal.

Long Chen knew that because of this unknown animal fire, Mo Xiaolang's strength would definitely increase by a lot as well. This kind of increase was definitely much more than the increase that the Blue Magic Flame had brought to the Little Wolf.

After devouring these animal fire, the wolf cub would be in a deep sleep for a while, and after he woke up, his strength would increase once again. From the Heaven Stage to the King Stage, the wolf cub took a long time to complete his transformation. However, he wouldn't need that much time this time.

The sounds of burning flames that had been everywhere before were now completely silent. Long Shan and the others quickly headed towards Long Chen, and very quickly, they were standing next to Long Chen. Before they even had the chance to praise the little wolf's heaven-defying abilities, their eyes were already attracted by the situation in front of them.

A whirlpool like ripple appeared in the air before them. It was as if a lake had been placed vertically on its surface. Circular, translucent ripples rose up.

"This should be the exit, let's go out first." After Long Chen finished speaking, he did not stop at all and directly rushed forward.

"This young man is quite courageous." Long Shan praised.

"If he was young, would he have dared to come here alone to save me? I'm afraid he is the first person since ancient times to take the initiative to enter the nine nether regions. " Long Yue smiled sweetly, and then, her delicate figure flashed, disappearing within those ripples as well. Only then did the others follow, and everything disappeared within the nine nether regions.

Sevenfold Demon World, sixth stage. The Emperor Palace of the Ancient Devil Region.

The Ancient Devil Region had seven great King Palaces and one great imperial palace. The seven great imperial palaces were located in the mountains of the Ancient Devil Region and the only imperial palace was located in the sixth stage of the Sevenfold Demon World. Only Demon Generals and above were qualified to enter the imperial palace.

In the palace, there were many Supreme Elders and most importantly, the Demon Emperor's family.

The imperial hall of the sixth level of the Demon World was a lot more majestic and domineering than the imperial hall. It was entirely black, and it was filled with a oppressive and solemn atmosphere. Right now, all of the attendants were walking carefully with their heads lowered, not daring to make the slightest mistake.

The palace was the core of the Ancient Devil Region. As one of the major powers of the Holy Martial Empire, the Ancient Devil Region's heritage was all reflected in the palace.

Chapter 626 - Violet Bamboo Pavilion

Of course, if it was in the past, the people inside the palace would be considered super experts and countless super experts to Long Chen. But now, these people were just ants in his eyes.

These guards' cultivations were all above Eighth level of the Heavenly Completion Stage, and they were also within the sixth stage of the Demon World. They only had two options, the first was to wait for their age to age, be eliminated, be killed, and the second was to break through to the Ninth Level of the Heavenly Completion Stage to become a Grand Supreme Elder.

At this time, there were 108 black armored guards gathered together solemnly. Standing in front of them was the young expert Jiang Wuya, who had a gloomy expression. At this time, Jiang Wuya clasped his hands behind his back and looked coldly at the red-eyed woman in front of him.

It was precisely the Duke of Qing Li.

"unwounded prince, let me in, I want to see my daughter!" The eyes of the Qing Li King were filled with traces of blood, which showed that her mood was extremely bad. Looking at Jiang Wushang's eyes, she had already begun to gradually lose her patience.

"I'll say it again!" Jiang Wushang laughed coldly, and said: "My father has already given the order, no one is to see Liu Yiyi! No matter whether it's Jiang Wuya or you! "

The Duke of Qing Li's voice turned cold. He took a step forward and said, "My own daughter, why can't I see her!? Jiang Wushang, don't force me! You want to marry her to the Zhao Danchen of the Martial King, but you can't take away her rights! "

"I forced you? Duke Qing Li, as one of the seven great Demon Kings of the Ancient Devil Region, you don't even listen to the orders of the Demon Emperor. Jiang Wushang waved his hands, looking like he did not care at all.

"You!" Prince Qing Li's chest heaved. She took a deep breath and steeled her heart. "I must see Yi Yi today. If anyone dares to stop me, don't blame me for making a move against them!"

With that, she walked towards Jiang Wushang's side with large strides, planning to circle around Jiang Wushang and enter the palace from his back. In this Ancient Devil Region, the only ones able to steadily suppress a Demon King were two aged Demon Saints and a Demon Emperor.

As for Jiang Wushang, he was just a young junior from the Earth Martial Stage.

"You're courting death!" Seeing that this crazy girl actually dared to go against him, Jiang Wushang was displeased in his heart. Since Yun Mengze, when he lost to Long Chen, his temperament had changed by a lot. Anyone who was close to him could feel that he had become extremely irritable.

The fact that Long Chen had defeated Jiang Wushang had long ago spread back to the Ancient Devil Region, and Jiang Wushang had always been a legend of the Ancient Devil Region, but this myth was actually defeated in such a miserable way, that everyone mocked him at the start, and at the same time, they secretly sighed at the Long Chen of the past. However, when he defeated Martial King in the Warring Clan, they realized that Long Chen was not relying on his luck, but his talent that defied the heavens!

At the entrance of the imperial hall, Jiang Wushang and the Duke Qing Li started fighting. One was a young man who possessed an extremely powerful cultivation technique, the other one had many years of experience. The two Earth Martial Stage Rankers were at a loss of what to do, as the battle between the Earth Martial Stage Rankers was a rare opportunity. The Black Armored Guards did not have the ability to stop them, so they could only watch carefully as they absorbed the essence of the Earth Martial Stage.

Of course, one or two black-armored martial artists went in to .

In the palace, the only person who could pay attention to Jiang Wushang was Mo Huangjiangwuxie, so they must have gone to to Mo Huangjiangwuxie this time.

King Qingshui saw that her daughter was anxious and fought desperately. Jiang Wushang's indifferent expression made her more and more angry, and her attacks were also becoming crazier and crazier.

"Crazy woman, are you courting death!?" Jiang Wushang was actually forced to retreat for a moment. He hurriedly cursed loudly, and also used his trump card, the Ancient Devil Fist Scripture, to fight against the Qing Li King. In the beginning, he only wanted to block out the Qing Li King, but now he was already angry.

Roughly a quarter of an hour later, a black whirlwind rushed out from the palace. With a "pa" sound, the Duke of Qing Li let out a painful cry and was sent flying by the black shadow. The black armored guards all started to shout, the battle had already stopped, Jiang Wushang's face was pale and he was panting hard, and the person beside him who was cold and indifferent, was Mo Huangjiangwuxie!

When Jiang Wuxie made his move, he directly sent Qing Li flying backwards. Now that Qing Li had fallen on the ground and rolled a few rounds, she finally stood up awkwardly. Seeing that it was the Demon Emperor, she was filled with anxiety, but at the same time, terror.

However, only more than ten days ago, after Liu Yiyi had arrived at the Imperial Palace, the Duke Qing Li hadn't seen his daughter again. Seeing that the Demon Emperor was going to marry her to the Martial Imperial City, how could the Duke of Qing Li not be worried? Her own daughter clearly knew that Liu Yiyi's personality was fragile, and being forced into a corner like this, she definitely wouldn't be able to take it. By now, she might even be crying to the point that she wouldn't even have tears in her eyes.

After all, the Duke of Qing Li knew who was hanging in her heart.

"Qing Shui, you dare to attack me without any injuries before my Imperial Palace? Do you want to die?" The Demon Emperor's ice-cold voice resounded in the ear of the Duke of Qing Li. The cold chill that came from the bottom of his heart caused the King to feel a chill run down his spine.

"Your Majesty, I wish to see my daughter Yi Yi. I hope that Your Majesty will allow me to do so!" The Duke of Qing Li's heart was filled with fear as he nervously asked. She knew. If the Demon Emperor wanted to kill her, she could do so however she liked. Ancient Devil Region also doesn't lack a Pure Li King.

"You want to see Yi Yi?" Against Qing Li Wang's expectations, the Demon Emperor did not immediately reject, but instead repeated the words.

"Right." The Duke of Qing Li hurriedly nodded, and she vaguely saw a glimmer of hope. It had been more than ten days, but he hadn't seen his own daughter. He didn't know how she was doing, and felt as if he was sitting on pins and needles these past ten days.

"You are Yi Yi's mother. Yi Yi is now going to marry into the Martial Alliance and marry the favored son of heaven, Martial King Zhao Danchen. This is an enormous fortune and Yi Yi is bringing honor to my Ancient Devil Region. As her mother, you naturally have the right to see her."

"Really? Thank you, your majesty!" Qing Li was overjoyed. She hurriedly knelt down and kowtowed until the Demon Emperor impatiently waved her hand. Then, she stood up, unable to suppress the excitement in her heart.

"Follow me." The Demon Emperor immediately turned around and King Qing Li hurriedly followed him, following him into the palace. This palace was not foreign to the emperor, and very soon, she was brought to a large courtyard called the Violet Bamboo Pavilion. In the center of the courtyard, there were many purple bamboos, and in the depths of the bamboo forest, there was a courtyard. When they arrived at the courtyard, the Demon Emperor turned around and said to the frightened and excited king, "Yiyi is inside. I'll give you one hour. You can leave by yourself in one hour."

"Yes!" I will definitely leave in an hour!" The Duke of Qing Li hurriedly nodded and said. In front of Jiang Wushang, she still dared to be presumptuous, but in front of the Demon Emperor, she did not dare be disobedient. After all, even if Jiang Wushang could not kill her, the Demon Emperor could easily kill him.

"En, very good. Yiyi seems to have some problems in her heart these few days. Please help me properly enlighten her." Who is Zhao Danchen? For one of the three great Martial King s, the only direct disciple of the strongest warrior, the twenty-one year old third stage of the Earth Martial Stage, he will definitely be a in the future, and he will also have a Golden Body Refinement Realm Innate Ranker. For an expert like that to be able to marry him, is a blessing that she has cultivated through her three lifetimes, I hope you all understand." The Demon Emperor faintly said.

"Yes, yes, Your Majesty. I know everything." The Duke of Qing Li knew in his heart that the Demon Emperor actually had a purpose for letting her come here. Liu Yiyi definitely wanted to court death, and the only person who could enlighten her would be the King of Qing Li.

"Remember, if her condition hasn't changed, you won't have to see her anymore." The Demon Emperor said coldly, her ice-cold voice was like a sharp awl that pierced into Long Chen's agility.

The Duke of Qing Li's heart trembled, and he hurriedly nodded obediently.

A person in the martial arts world would not be able to control himself, and there was no need to talk about a strict Ancient Devil Region like this. The Demon Emperor was the sky here, how could the Duke of Qing Li dare disobey his orders?

After the Demon Emperor had left, two streams of tears appeared in the Qing Li King's eyes. She gently walked into the courtyard and opened the door with a creak. A white-clothed young girl was currently lying on the pink bed with her back facing the sky.

The sound of the door opening did not wake her from her stupor.

"Yiyi!" When he saw his daughter like this, a look of heartache appeared in his eyes.

Hearing this familiar voice, Liu Yiyi's body trembled, and she hurriedly got up from the bed. After seeing that it was her own mother, her tears flowed profusely. After staying in the palace for so long, she was much skinnier than before.

Tears welled up in their eyes, and they stared at each other for a long moment. Liu Yiyi then said: "Mother, the Demon Emperor told you to come and advise me, right? "Don't worry, I'm fine. Everything that happened before was done by me for them to see. I won't live a light life just because of this."

Seeing that her own daughter could still think this way, the Duke of Qing Li's heart was filled with gratitude. She kindly caressed Liu Yiyi's long hair and head, and said: "My good daughter, you have truly grown up. "I was worried that you would feel bad here, but seeing how you are now, I feel a lot more at ease."

Liu Yiyi pursed her lips and nodded, saying, "Yes mother. I heard that Jiang Wuya came to the Ancient Devil Region to cause trouble and was injured by the Demon Emperor.

Hearing this name, a hint of confusion flashed in the eyes of the Duke of Qing Li. She helplessly shook her head and said, "I don't know. It should be fine, right?" Yiyi, you already know everything about us. He is indeed your father, but ...

"But what?" Since he was young, Liu Yiyi didn't have a father, so he was rather concerned about this matter.

Chapter 627 - Long's Strong Return

"It's not all his fault. I won't say much more about the grudge from that year. The question now is how to get you through this. " The Duke of Qing Li changed the topic, looked at Liu Yiyi with concern, and said.

"Mother, tell me, will he come to save me when I'm on my way to Martial Imperial City?" Liu Yiyi suddenly said.

The him that she was talking about, was naturally Jiang Wuya.

"Probably. Based on his character, if he failed to accomplish a single thing, he would definitely not give up. It would be the same as when he followed that woman and left. " King Chujiang said.

"Will he come to save me? But, I heard that he is at the second level of the Earth Martial Stage, and this time the Demon Emperor will personally bring me to the Martial Imperial City, and Zhao Danchen will also come to form a marriage with me. They are all warriors at the third level of the Earth Martial Stage, and he, he, Jiang Wuya is coming, isn't that just sending himself to his death? " Liu Yiyi said worriedly.

Although she hadn't said much, it was her father after all. Liu Yiyi also didn't want to see him die like this.

"I don't know either. With my ability, I am completely unable to control this matter. Not to mention the Demon Emperor, that Zhao Danchen was simply too strong. He's already at the third level of the Earth Martial Stage at such a young age, and even Jiang Wushang is only fit to help him carry his shoes. They are simply not on the same level. "

Liu Yiyi's face was also filled with gloominess. She lightly bit her lips as a person came to mind: "Mother, I heard that Long Chen defeated and killed one of the three great Martial King s, Yang Ningfeng, and he even killed him. Long Chen's age is definitely inferior to Zhao Danchen, and his strength is about the same.

Thinking about this person, Liu Yiyi's heart started to ripple.

At that time, they had lived together for a period of time. She never would have thought that the boy who looked a bit lonely at first, but was extremely detestable, had actually reached such a level after leaving the Ancient Devil Region.

"Yeah, Long Chen's progress has indeed shocked the entire Holy Martial Empire. Right now, his reputation is about the same as Zhao Danchen's two great geniuses. If he can come and save you, then he will be safe. However ...

"But what?" Liu Yiyi asked nervously.

"Long Chen is not within the Warring Clan, and has not appeared for a long time. I think that with his personality, if he is still in the Holy Martial Empire, it is impossible for him to not come here, so I think that he should have left the Holy Martial Empire already. Perhaps, there is another possibility, I heard that Long Yue was not sent to the Martial Imperial City, and someone must have gone there.

"nine nether regions?" Liu Yiyi let out a surprised cry, and her face paled as she said, "Mother, you can go in and out of that place, right? Is he already? "

"Hard to say. Although he's strong, he's still quite a distance away from the Martial Emperor!" The Duke of Qing Li sighed.

Liu Yiyi took two steps back.

"Silly girl, you should worry more about yourself. If you really can't do it, then you can only resign yourself to your fate. Mother is trash, I can't help you ..." The Duke of Qing Li held her in his arms, tears glistening in his eyes.

"Are you going to accept your fate?" Liu Yiyi was at a loss for words, and mumbled to herself.

Martial Imperial City was still bustling today.

The bustling crowd was walking on the main street of the outer city of Martial Emperor.

On the wide streets, there were not many people. In the center of the inner city was the towering Martial Emperor Palace, the legendary strongest being of the Holy Martial Empire, the Martial Emperor Zhao Wuji, who lived in this Martial Emperor Palace.

The Martial Emperor Palace was completely sealed off from the outside world so no one could clearly see what was inside. To ordinary people, the Martial Emperor Palace was just a tall tower in the clouds. The ruler of the Holy Martial Empire was at the very top of the tower.

From time to time, someone would cast a gaze of reverence at the top of the tower.

In the inner city of Martial Emperor, everything was peaceful.

At this moment. In the sky above the inner city of Martial Emperor, ripples actually appeared. The ripples in the sky made the sky look like a lake, and this miraculous scene caused everyone to raise their heads to look at the ripples in the sky. Everyone began to discuss amongst themselves.

"This commotion must be caused by the Martial Emperor!" Everyone thought of this.

In Holy Martial Empire, Martial Emperor Zhao Wuji was almost like a god-like existence.

Just as this thought appeared in everyone's minds, four figures suddenly appeared in the center of the ripples. They quickly took physical form. Four people appeared.

These four people were floating in the air. One could tell that they were experts with Ninth Level of the Heavenly Completion Stage who had activated one of their chakras.

Because it was too high up, the people could not see the appearance of Long Chen and the rest. Those who could fly in the air above Martial Imperial City were mostly the higher-ups of the Martial Imperial City, so everyone looked at Long Chen and the other three with respect and fear.

It was the middle of the day. Basically, in the Martial Imperial City, those who were not staying in the room, could see the four people in the sky.

After exiting the nine nether regions, Long Chen and the others arrived at this place. They did not expect that the exit would be in the air, if they did not have Ninth Level of the Heavenly Completion Stage, they would definitely fall to their deaths right now.

After stabilizing his body, Long Chen immediately laughed bitterly. When he looked down, he could easily see that it was the Martial Imperial City below him!

Moreover, not far from him, was the most sacred building in all of Martial Imperial City, the Martial Emperor Palace. If the Martial Emperor was currently in the Martial Emperor Palace, he would definitely be fairly close to Long Chen.

Long Chen was overwhelmed with shock, as he felt danger in his heart. This time when he entered the nine nether regions, even if he was able to save Long Yue, the truth was that the outcome was not good, because the nine nether regions's exit was right in front of the Martial Emperor Palace. Long Shan, was

the opponent of Zhao Wuji's Master back then! Although he had been imprisoned for many years, and only had the combat power of the fourth stage of the Earth Martial Stage, it was still enough for him to go head to head with the Martial Emperor Zhao Wuji!

With him protecting her, everything was fine!

Martial Imperial City, so be it.

Feeling the dense nature spirit energy in the world again, Long Chen felt like he was reincarnated, to say nothing of Long Shan, he felt like he was a human again. Long Shan had stayed in that crappy place in the nine nether regions for so many years, but now, he felt that in the outside world, he was actually covered in tears.

BOOM!

Long Shan lightly punched out, and immediately, a huge wave broke through the clouds, trembling towards the distance!

"I never thought, I never thought that I, Long Shan, would actually one day be able to come out alive. I never thought, I never expected that!" Long Shan looked at his fists in disbelief, his eyes revealing tears of gratitude.

Looking at his current appearance, Long Chen then thought back to when he had pulled him out from the center of the giant boulder. He also felt a little sad, and after being trapped here for so many years, it could be imagined how tenacious this old man was, or how much hatred he harbored in his heart!

It was a pity that his most important place, Chen Xiong, was no longer in this world.

"Grandfather!" What to do! I will follow you! " Seeing Long Shan use his blood-red eyes to look at this stretch of Martial Imperial City, the grey-clothed youth thought for a bit and then understood his intentions. Long Shan's birth represented the reemergence of the Long Family from the Holy Martial Empire! In their bloodline, the number of experts had already surpassed the Martial Emperor bloodline!

Long Shan took a deep breath, the sinister expression on his face disappeared, and was replaced with indifference. He said slowly: "We are not in a hurry. Holy Martial Empire is protected by the ancestors of

our Long Family. Our Long Family fought for countless of years for this country, but in the end, our ancestor lost this country. Sooner or later, we will take it back.

Long Chen knew what they were doing.

Destroy the Martial Emperor bloodline and take charge of the Holy Martial Empire.

Under the control of the Martial Emperor, the people of the Holy Martial Empire basically did not have any freedom to speak, many people lived under pressure, and Long Chen was also on Long Shan's side, so Long Chen supported them.

If they wanted to destroy the Martial Emperor bloodline, Long Chen would of course support them with both of his hands.

Not now, of course.

Long Shan had only just recovered, he still needed a long period of time to recover. Furthermore, the Martial Emperor bloodline had been in operation in the Holy Martial Empire for many years, so many things had already been deeply ingrained in his mind. To get rid of this tumor was not something that could be done in a day, nor was it something that could be accomplished just by killing the Martial Emperor.

Right now, the most important thing was to leave this place.

Long Chen was still worrying about Liu Yiyi, he wondered how Jiang Wuya was doing.

"Grandfather, we shouldn't stay here for long. "Let's hurry up and go." Long Yue said.

"Go?" "Haha, these arrogant fellows, how about you allow us to leave just like that?" Long Shan smiled lightly.

The moment he finished speaking, many warriors in the inner city of Martial Emperor flew up and surrounded Long Chen and the others. Perhaps they had sensed the strength of Long Chen and the others, and knew that they were at least stronger than Earth Martial Stage, so basically, all of them came out as Martial Kings. There were a total of ten Martial Saints in the Martial Alliance, and one Jiang Kun and one Sikong Sword Saint had died.

At the same time, the one leading them was one of the Martial King s, Xiao Lin!

Xiao Lin's position in the Martial Alliance was only second to Zhao Wuji and Zhao Danchen, but he was nothing in front of Long Chen and the others, because there were three people who were on par with him, and one of them had even surpassed him!

It had been many years since then, and this was the first time Xiao Lin had been so nervous. He knew that the four of them came from that place, and for them to appear in the air above the Martial Imperial City like this, could only mean that they were from the nine nether regions!

Chapter 628 - Martial Emperor Zhao Wuji

Long Chen recognized Xiao Lin, but he did not know that Long Chen had seen him before. After searching for a while, they were unable to find him. At that time, the Hundred Warring Martial Kings was still guarding the entrance to the nine nether regions, but then he suddenly disappeared, and no one saw him go out. Thus, everyone believed that he had already gone into the nine nether regions, as for why he went in, they did not know.

Although Chen Guangjun was a martial king, in the Martial Imperial City, he could only be considered a small fry.

No matter how smart Xiao Lin was, he still could not link Long Chen and the Hundred Warring Martial Kings from that day together. Out of the four people that had appeared, two of them were Long Yue and the grey-clothed youth. Xiao Lin had seen these two people many times before. had killed one of the three great Martial King s, so he clearly remembered Long Chen's appearance. He thought that Long Chen would come to the Martial Imperial City, but who would have thought that Long Chen would actually appear here today.

As for the last old man, Xiao Lin didn't recognize him for a while but he could feel a kind of aura from that skinny body that he was very afraid of.

How did these people come out of nine nether regions?

Xiao Lin couldn't figure it out, but he knew that in order to get out of the nine nether regions, he had to pass a total of two trials. The first trial was to find the compass and follow the compass's instructions. The second stage, on the other hand, was the overflowing animal fire. It occupied the entrance of the nine nether regions, and unless one had reached the level of a Martial Emperor, how could one escape from there?

Could it be that all four of them were at the fourth stage of the Earth Martial Stage?

Obviously not.

Therefore, in Xiao Lin's eyes, one half of it was fear, and the other half was doubt.

Very quickly, the Martial Saint, led by Xiao Lin, surrounded Long Chen and the others.

The people on the ground had originally thought that Long Chen and the others were important figures of the Martial Alliance, but when the true important figures of the Martial Alliance came out, they realized that something was amiss. and the grey-clothed youth were very famous in the Holy Martial Empire, and very quickly, people were able to guess their identities. As for Long Chen's identity, because of his appearance, he gradually surfaced.

"It's the two Long Chen's and the Dragon Clan's Head, Long Yue!"

Most of the people who could live in the Martial Imperial City were people with extraordinary statuses and had their own intelligence and connections.

At this moment, everyone was watching nervously to see what would happen if these people were to appear here.

Xiao Lin's face darkened as he looked at Long Chen and the others. Within the twenty meters in front of Long Chen, he looked at Long Chen and the others, gently moved his lips, and asked: "Four of you, are you coming out of the nine nether regions?"

At this time, the Martial Imperial City was completely silent. His voice was heard by everyone below and everyone looked at each other in dismay. nine nether regions had always been known as a place where one could enter but not leave. However, the situation now seemed to be: was this legend going to be broken?

"Aren't you talking nonsense?" Long Chen stood at the very front and said while smiling after listening to Xiao Lin's question.

Within the Holy Martial Empire, there were not many people who dared to speak to Xiao Lin like this.

"No matter what method you use to leave the nine nether regions, you have already arrived at the Martial Imperial City. "Then don't even think about escaping." Xiao Lin's white hair fluttered, his eyes were like an eagle's, coldly staring at Long Chen and the others.

"Do you have that strength? Or do you want to become the second Yang Ningfeng? " Long Chen smiled lightly, and said arrogantly.

Everyone was even more certain that this youth was the Long Chen who once killed Yang Ningfeng!

This young man was the most outstanding newcomer to Holy Martial Empire. He had appeared out of nowhere, and in just a few months' time, he had reached his current state.

He was very arrogant, but everyone felt that he had the qualifications to be so arrogant!

"Your name is also Long Chen," Xiao Lin squinted his eyes and looked at Long Chen. He felt that this Long Chen seemed to be a little familiar, as if he had seen him before.

"Why? Do you feel that I'm very familiar with this place?" Long Chen said with a teasing tone.

Xiao Lin was startled.

"Old man, you know that I have a big sister called the Hundred Transformations Demon Lan Ling'er right? Has there ever been a strange person around you? " Long Chen did not mind speaking of this matter.

Actually, he had another goal, which was to make her firmly believe that Long Chen was the Hundred Warring Martial Kings. But now that Long Chen had revealed this matter, if word of this spread, then when the moxa found out, he should have more or less completely awakened from his control of the soul.

Xiao Lin was not stupid.

"Hundred Warring Martial Kings, so it's you! So it's you! " The expression in his eyes was the most difficult to imitate, and the current Long Chen's eyes, were practically the same as the Hundred Warring Martial Kings's back then. However, the Hundred Warring Martial Kings at that time was humble, and the current Long Chen, was arrogant!

"It's good that you know." Long Chen retreated to the side, since there was nothing left for him to do. What happens next in Martial Imperial City will depend on Long Shan.

"Let's go." After Long Chen finished speaking, Long Shan nodded his head. He led the three young men forward.

"Wait!" Xiao Lin's face turned ugly and he hurriedly blocked in front of Long Shan. He could tell that Long Shan was the strongest amongst this group of people, but he didn't know how strong he actually was.

The appearance of this old man. Xiao Lin couldn't figure it out no matter how hard he tried.

"Xiao Lin, do you still remember me?" Seeing him stop him, Long Shan raised his head, as he looked indifferently at the white haired, robust old man in front of him.

"You?" Xiao Lin was stunned once again. He knew in his heart which Rankers were imprisoned in nine nether regions, but in his heart, Long Shan had already died. And the current Long Shan, was as skinny as a log.

Seeing Xiao Lin's stupefied expression, Long Shan knew that he had forgotten. Xiao Lin was the Martial King of the older generation. Back then, when Long Shan was imprisoned in the nine nether regions, he had just become a Martial Saint.

"Get out of the way, don't let me vent my anger at Chen Xiong on you." Long Shan said.

"Chen Xiong?" This name made Xiao Lin think of a lot of things, because this was his previous master. From the name Chen Xiong, Xiao Lin instantly thought of Long Shan's identity, the identity of the Hundred Warring Martial Kings that Long Chen had previously made him speechless. And now, with Long Shan's identity, he could not believe it at all.

"Long Shan?" Xiao Lin's eyes were filled with astonishment, he retreated a few steps in the air and stared wide-eyed at the aging Long Shan.

"That's right. It's me. " Long Shan said.

"So many years have passed, how can you still be alive? Impossible! Impossible!" Xiao Lin muttered to himself.

Long Shan didn't pay attention to him. He directly waved towards Long Chen and the others, then prepared to bypass Xiao Lin and leave the Martial Imperial City for good. Once Long Shan had returned to the fifth stage of the Earth Martial Stage, he would be able to easily destroy the Martial Alliance.

If the main master of the Martial Alliance appeared, it would bring about quite a bit of trouble.

The Martial Emperor was not here yet, so how could Xiao Lin allow Long Shan and the others to leave? Hence, at this moment, Xiao Lin immediately stood in front of Long Shan and blocked the way once again, without saying anything further, Long Shan directly waved his hand, and instantly, a vast wave of imposing aura pounced towards Xiao Lin.

Xiao Lin's expression changed and hurriedly used his hands to block. With just a simple wave of his hand, he was able to create such an imposing aura, and what Xiao Lin knew was that currently, only the Martial Emperor was capable of doing something like this.

"This old fellow is actually still at least at the fourth stage of the Earth Martial Stage even though he's trapped up till now. How terrifying!" Xiao Lin was secretly shocked, he did not want to be injured by Long Shan, so he quickly retreated. The Martial Kings behind him, although they did not know who Long Shan was, even Xiao Lin's face changed, they had to retreat!

The dignified highest level of Martial Alliance was now forced back by a mysterious old man. Who exactly was this mysterious old man?

Everyone was very curious about Long Shan's identity.

With a simple wave of his hand, Long Shan forced the people from Martial Alliance away.

This could not only be described as strong.

Even Xiao Lin was pushed back in one move, many people had expressions of shock in their eyes, which meant, this old man had the level of the Martial Emperor s!

If another Martial Emperor Ranker appeared, this would be the most sensational event in Holy Martial Empire. In Martial Imperial City, there was no lack of people with sharp senses of smell, but seeing Long Shan's appearance, they felt as if the sky above Holy Martial Empire was going to change.

When Long Shan returned this time, he absolutely would not let the Martial Emperor occupy the entire Holy Martial Empire.

This time, everyone understood that Xiao Lin would definitely not be able to stop Long Shan. Once Long Shan was allowed to leave, then, it would definitely be a huge problem for the Martial Alliance.

Long Chen reckoned that if the Martial Emperor Zhao Wuji was here, he would definitely step in.

"I should have seen enough." Long Chen looked in the direction of the Martial Emperor Palace. He knew that Zhao Wuji must have been watching for a long time, and as he expected, after Long Shan made his move, the legendary Martial Emperor Zhao Wuji finally appeared.

This was a middle-aged man dressed in a white robe, his black hair fluttering in the wind. Although there was a distance between them, Long Chen could still feel the elegance on his face, and just by looking at his appearance, no one would have imagined that this gentle middle-aged man, was actually the Martial Emperor Zhao Wuji who controlled the entire Holy Martial Empire!

The moment Zhao Wuji appeared, the entire Martial Imperial City was in an uproar. It had been a long time since the Martial Emperor had made a public appearance, many people would never be able to see the real Martial Emperor in their lives.

Long Shan and the others also ignored Xiao Lin and looked straight at Martial Emperor. Towards this former opponent's disciple, Long Shan had a trace of fear in his heart. Being able to control the entire Holy Martial Empire, he would definitely not be an easy opponent to deal with.

This was a confrontation between Zhao Wuji and Long Shan, so Long Chen temporarily retreated to the second line and observed the two of them.

Zhao Wuji did not immediately appear after he did. His expression was indifferent, as if he was enjoying the scenery in his own courtyard, and was looking at Long Shan carefully. There were no ripples on his face.

Long Shan had been trapped for more than thirty years, but on this day, he suddenly came out. Yet, Zhao Wuji was still able to handle such a huge accident. It could be seen how tenacious he was in his heart. The more difficult an opponent like this was to deal with.

"Limitless, it's been a long time." Long Shan said indifferently as his eyes darkened.

Zhao Wuji was silent for a moment, then revealed a bitter smile, "That's right. "Long time no see."

"You didn't think that I, Long Shan, would actually still be alive, right?" The more he looked at Zhao Wuji, the uglier Long Shan's expression became. Zhao Wuji was Chen Xiong's disciple.

Zhao Wuji didn't say anything, he just nodded his head.

He thought that Long Shan had died a long time ago too, he never expected that he would be in nine nether regions.

Even if Zhao Wuji knew the way out, he did not want to enter.

Long Shan could still hold back the killing intent in his heart. He looked at Zhao Wuji for a while and said, "It's been a long time since we last met. When I return this time, you also understand that Martial Alliance will not exist forever. Although Chen Xiong has died, I will still take revenge on all of you. The next time we meet, there will probably be a war! "

With that, he left.

"Wait." Zhao Wuji raised his hand, and urged Long Shan to stay.

"You want to call now?" Long Shan turned his head back, his face revealing a trace of sinister.

Zhao Wuji did not reply. His body suddenly flashed towards Long Shan's direction, and his originally clear eyes finally flashed with a trace of cold light.

"All of you, back off!" Long Shan bellowed, Long Chen and the rest nodded, and immediately retreated. Long Chen estimated that Zhao Wuji would not easily let Long Shan go. After all, if he could not deal with Long Shan this time, there was even less he could do next time.

The two great Holy Martial Empire's super experts met in midair under the gaze of tens of thousands of people. Their expressions were extremely cold, and in the midst of the battle in the sky, the two did not use any fancy moves.

A simple punch, seemingly ordinary, slammed into each other in mid-air without any sound, as if the two had casually collided a punch.

The entire Martial Imperial City trembled slightly under this ordinary punch!

Only those at the Earth Martial Stage or above could feel this slight vibration. Although it was slight, but since it was spread all over the Great Martial Imperial City, they could feel just how powerful this attack was.

Even to this day, Long Chen still had a slight palpitation in his heart.

The two of them throwing punches seemed very simple, which further proved that their control over their own power had already reached an extremely strong level. The current him was simply unable to release it without leaking any information at all. All of his strength had hit a single point. This was already far more powerful than any other battle skill could muster.

Whoosh!

After the clash of fists, the two of them separated with a loud bang and rushed behind them. This time, it could be seen that both of them were having their Qi and blood roiled, especially Martial Emperor.

He supported himself onto the golden wall of the Martial Emperor Palace with one hand and raised his head to look at Long Shan with a slight pant. Long Shan, who was facing him, had already stabilized before this. There was a smile on his face as he looked at Zhao Wuji and said, "Wuji, this punch of mine, how do you feel?"

There was a small change in Zhao Wuji's expression.

He didn't seem to have much to say, so he didn't say anything.

From this exchange, the entire Martial Imperial City could tell that the mysterious old man seemed to be slightly stronger than Zhao Wuji?

Everyone's face was filled with shock.

In the Holy Martial Empire, there was actually someone more terrifying than the Martial Emperor Zhao Wuji?

Zhao Wuji did not say anything. Did this mean that he had already admitted defeat?

This matter, to the people of Martial Alliance, was too much of a shock. The Martial Kings crowded around Zhao Wuji, nervously looking at him. If Zhao Wuji fell, then the entire Martial Alliance would also fall.

"Remember, one day, my Long family will snatch back the Holy Martial Empire. Not only you, Zhao Wuji, but everyone in the Martial Alliance, remember this well!" Long Shan won slightly in one move, and let out a cold laugh.

After he left, Zhao Wuji did not say anything. No one tried to stop him.

Leading Long Chen and the others, Long Shan elegantly turned around and left.

"Who exactly is this old man?" The Long family? "

"Oh my god, he actually defeated Martial Emperor!"

"Don't spout nonsense. It was just a casual confrontation. No one knows who will win in a real fight!"

"But why didn't the Martial Emperor keep him here? Why did he have to fight with him in the first place?"

"What do you know? This is the Martial Imperial City, the Martial Emperor is taking our safety into consideration. If these people were to fight here, wouldn't the entire Martial Imperial City be destroyed?"

Similar discussions could be heard below.

In the previous move, Martial Emperor did not receive any injuries, but Long Chen had clearly understood Long Shan's strength. Long Chen knew that Zhao Wuji cared that this was Martial Imperial City, so he did not start a war with Long Shan here. He definitely knew that if they started a war here, the entire Martial Imperial City would probably be destroyed.

Therefore, Long Chen was able to leave without a hitch right now.

"Grandfather, even that Martial Emperor can't beat you. You're really too awesome!" The grey-clothed youth followed closely behind the indifferent Long Shan, his eyes filled with worship. Long Shan was already so powerful, what would happen once he regained his strength at the fifth stage of the Earth Martial Stage?

"It's all thanks to little friend's king crystal and the fact that he saved us from the nine nether regions. Otherwise, we would all just be corpses within the nine nether regions." Long Shan looked at Long Chen and said.

The three of them looked at Long Chen with grateful expressions.

Long Chen said with a bland smile, "Big Sis and I are like brothers and sisters, these are all natural, not worth mentioning at all."

From the center of Martial Emperor's inner city, the four people swaggered towards the direction of Martial Emperor's outer city. With such a huge commotion, practically everyone in Martial Imperial City came out from their residences. Among them were many people from the outer city of Martial Emperor.

Long Chen and the other two, this was the first time someone had swaggered away from Martial Imperial City in this manner in the past few decades.

Saving Long Yue. This mission that was basically impossible to complete was still completed by Long Chen. It was likely that the few people who were still in Warring Clan and Jiang Wuya who was in Ancient Devil Region had already given up all hope.

Long Chen and Long Yue looked at each other. They had already decided where they would go first after leaving the Martial Imperial City.

Suddenly, Long Chen saw a familiar figure amongst the crowd of people that he looked up to outside the Martial Emperor. The location where this figure stood was something that Long Chen remembered.

"I almost forgot about the Blue Magic Flame. This Blue Magic Flame, it's actually here to deliver itself to my doorstep." Below Long Chen, the woman who was currently looking at the four of them with a terrified expression was precisely the woman whom Long Chen met in the Martial Arts Association, Zhao Danchen. She had stolen the little wolf's Blue Magic Flame, although the Blue Magic Flame should already be useless against Mo Xiaolang, but this woman's personality was very cunning and wasn't anything good. If it wasn't for Long Chen's intelligence, she probably would have ordered Zhao Danchen to kill Long Chen too.

"The three of you, please wait for me for a moment." After Long Chen finished speaking, with a swoosh, they rushed down to the ground. They had originally wanted to leave, but no one expected Long Chen to make a move at this time, causing an even louder commotion.

Long Chen's speed was extremely fast, and in an instant, he arrived above the mansion, stopping ten meters away from the woman. Seeing Long Chen looking at her, the woman's face changed.

"Give me the Blue Magic Flame, or I'll kill you." The corner of Long Chen's mouth hooked up into a faint smile.

"Ah!" The woman was so frightened that she retreated a few steps. At the start, she didn't know what had happened, but after Long Chen's gaze gradually became ice-cold, she immediately took out a Cosmic Bag that still had some lingering fragrance from her chest.

What she was curious about was how Long Chen knew that he had Blue Magic Flame.

"Zhao Danchen is not here?" Long Chen took the Qiankun bag, and after confirming that there was a blue devilish flame inside, he went over to the girl's ear and coldly asked.

The moment Long Chen came closer, the woman was even more afraid. What she was most afraid of was the mysterious old man, and Long Chen was obviously the descendant of this mysterious old man. She, a princess of a small force, did not dare to offend Long Chen.

"He ... he went to marry the Ancient Devil Region's people ..." The woman said while grinding her teeth and trembling her body.

"How long have you been gone?" Long Chen asked.

"About five days," the woman said, trembling.

"Very good." Long Chen laughed, and with a slap, he sent the woman flying. The woman crashed into a large courtyard, and crashed into a few walls in the end.

Long Chen didn't care about her life and death. He directly flew into the air, came to the side of Long Shan and the others, and said: "You can leave now."

The three of them had obviously seen Long Chen's actions and that of the other party. It was just a small episode, so they didn't ask too much.

In the Martial Imperial City, Long Chen had openly attacked the people from the Martial Imperial City, but the people from the Martial Alliance didn't move at all, because Zhao Wuji had yet to issue any orders, so the people from the Martial Alliance could only watch with righteous indignation.

When Long Chen and the other three had completely disappeared, Zhao Wuji asked Xiao Lin who was beside him with a calm face: "The youth who attacked us just now, is that Long Chen who has caused a huge commotion and killed that trash, Yang Ningfeng, right?"

Chapter 630 - Responsibility

"That's him. When he had disguised himself as the Hundred Warring Martial Kings, he had even fooled me. He had went straight to the nine nether regions and saved all of them. What I find strange is, how does this Long Chen know the way out of nine nether regions?" Xiao Lin's face was full of doubt.

"If even the nine nether regions has Long Shan, then he knows. This youth probably knows many secrets of our Martial Alliance. This person is even more of a threat than the other Long Chen. We have to get out of here as soon as possible," Zhao Wuji said as he shook his head.

"Your Majesty, are we just going to let them go like this? "Before you, they actually dared to attack my Martial Alliance's people. I am truly angered." Right at this moment, an elderly Martial Saint spoke at the side.

Zhao Wuji pondered for a while, then said, "We'll deal with it as we can, we'll deal with it as we have to." It's just an old guy, don't mind it too much. No matter how powerful he was, how long would he live? The Holy Martial Empire is forever our Martial Alliance's domain. If it can't be helped, then just watch ... "Zhao Wuji's face did not show any signs of worry as he directly walked into the Martial Emperor Palace.

Even though he'd lost a bit in the previous match.

Everyone looked at each other.

Only Xiao Lin had a determined look on his face.

"Martial King Xiao, His Majesty said that there will be no worries?" One of the Martial Saints asked worriedly.

Xiao Lin nodded his head, and said: "Your majesty has never been wrong, you can rest easy. With him here, what kind of family is that?"

With that said, Xiao Lin went to take care of other matters.

The news of the commotion in the Martial Imperial City, with spies from various powers, quickly spread throughout the entire Holy Martial Empire.

After leaving the Martial Imperial City, the four of them stopped in the middle of a mountain range and discussed their next route.

At this time, Long Chen and Long Yue looked at each other. Long Yue then said: "Grandfather, we have a brother whose daughter has been forced to marry Zhao Wuji's disciple, we have already delayed a lot of time, we will settle this matter first, then we will go to the Northern Warring Clan, and use that place as our base of operations, what do you say?"

Long Shan laughed and said: "I am already old, and this place is the domain of you youngsters, you can decide on whatever matter it is. For my old bones, aside from enjoying a little, I can only help you guys block the enemy's powerhouses at the most crucial moment. The fierce words I spoke about Martial Imperial City was only to help you put it down. "

His meaning was obvious. He had just gained his freedom, and he was getting on in years. Everything would still be completed by Long Yue and the others. He was only in charge of dealing with Martial Emperor.

"How could that be? Grandfather, you just pushed Martial Emperor Zhao Wuji back with your fist. " The grey-clothed youth said excitedly.

Just as he finished speaking, Long Shan's face broke into a bitter smile, and immediately after, traces of blood flowed out from the corner of his mouth. Seeing this bloodstain, even Long Chen was stunned.

This meant that in the exchange of fists just now, Long Shan had actually lost to Martial Emperor, and that he had only forcefully withstood up to this point.

"Did you see that? That kid, Zhao Wuji, has an extraordinary cultivation base. I think even those in the fourth stage of the Earth Martial Stage have very few opponents, and my injuries have not completely recovered. If I were to fight to the death, I would definitely not be his match. " Long Shan's face was filled with bitterness.

The gray-clothed youth was stunned.

Long Chen originally thought that Long Shan was even stronger than him, but he never thought that the Martial Emperor that had been silently enduring was actually more terrifying. Youth is strength, and in reality, Long Shan's current state was not a match for the Martial Emperor.

Long Yue said from the side: "Since that's the case, let us first recuperate, and let Grandfather recuperate properly."

Long Shan nodded his head: "To me, recovery is the most important thing, however, you still have a brother to help, so I will go with you guys first. Back then, my relationship with the Warring Clan was also very good, but I did not expect that now, my grandchildren are also together with the Warring Clan, it is truly fate."

Long Chen and the others decided to settle the matters of the Ancient Devil Region before returning to the Warring Clan.

Long Chen's goal was the ancient tombstone token, and on the other hand, the two Great Emperor Prints that were still on Martial Emperor's body. This meant that no matter what, he had to fight it out with the Martial Emperor. Following Long Yue's group was the best choice he had made.

Moreover, he was still worried about what would happen to Liu Yiyi.

"Zhao Danchen spent five days, he should be arriving at Ancient Devil Region soon, so we should also hurry over. If Wu Ya can't help but attack, he might not be a match for Zhao Danchen and Jiang Wuxie, and might encounter some mishap. Let's hurry up and go." Long Yue's face showed a hint of worry.

Jiang Wuya had followed her for so many years, to be honest, she had long tacitly acknowledged this man. It was just that the matter of Jiang Wuya's wife and children had always been weighing on her heart. Now that Jiang Wuya had gone to the Ancient Devil Region to save his daughter, Long Yue was actually very conflicted.

She had a nagging feeling that she was standing in a position that would ruin the happiness of others, so she felt slightly guilty.

"Big Sis, don't think too much." Long Chen knew what she was thinking, so he reminded her before they hurried on their way.

No matter what, time was of the essence, and it was better to hurry on.

Outside Ancient Devil Region, Huangwu City.

This Huangwu City was the first city Long Chen came to after arriving at the Holy Martial Empire. It was precisely because he killed Mo Huangjiangwuxie's son here that Long Chen was chased by the Demon Emperor and saved by a few members of the Dragon Clan in the end.

And now. Jiang Wuya and Jian Chen were staying in one of the landings in the Huangwu City. On top of a city gate tower, they looked in the direction of the Ancient Devil Region with their brows knitted tightly.

Ancient Devil Region was still in a wasteland.

"Zhao Danchen has already gone to the Ancient Devil Region. I think in a day, his team will probably bring Yi Yi out." Jiang Wuya's face was a little pale. These days, he had sneaked into the Ancient Devil Region s once, but he had beaten them all out. If he was not smart, his brother Jiang Wuxie would have killed him already.

"Second Brother, at that time, with Jiang Wuxie and Zhao Danchen here, we should not have any more chances, right?" Jian Chen's eyes were like the edge of a sword, looking straight in the direction of the Ancient Devil Region.

Even if I die, I can't let her suffer, right? My father did not do well in the first place, so he owes her too much. Right now, I only have one life left to fight for her. In Jiang Wuya's deep eyes, there were even tears.

"You don't only have one life left, you also have us brothers and sisters who will live and die together." Jian Chen reminded.

Jiang Wuya was startled.

Indeed, there was a group of brothers and sisters.

This time, Jian Chen was determined to follow him. Jiang Wuya had advised him to go back first more than once, but to no avail, so Jiang Wuya did not say anything.

The two of them were silent for a while. Jian Chen said first, "After Seventh Brother went to the Martial Imperial City, there was no news anymore. I'm afraid ..."

"Afraid of what?" Jiang Wuya said.

"I'm afraid that he and Big Sis are inside the nine nether regions and won't be able to get out." Jian Chen said directly.

Jiang Wuya squinted his eyes.

What Jian Chen said was right, he thought the same way, he just did not say it.

"Seventh Brother is still young, but he has great talent. What a pity." Yue'er, if she dies inside, I will save Yi Yi and arrange everything for her. I will go to nine nether regions to accompany her. " Jiang Wuya decided.

"Second Brother, there are some things I don't know whether I should say or not." Jian Chen suddenly said.

"What?" Jiang Wuya asked.

Jian Chen remained silent for a while, before saying: "I always feel that the most important thing for a man is to shoulder his own responsibilities. You have followed Big Sis for too long, and you have also been free for too long. "We are no longer young, so at this age, we should give up on the search. Let's talk about that later."

"What else?" Jiang Wuya pursed his lips, a bitter smile appearing on his face.

Jian Chen thought for a bit, and said straightforwardly: "Have you considered big sister's feelings before? I think she did not agree with you because she did not want to be a woman who robbed others of their happiness. Someone needs you more than she does. "

Jiang Wuya was silent for a long time.

"Perhaps, it is already late. Should I really give up? To take on your own responsibilities? " Jiang Wuya was startled, and said these words.

He thought of the Qing Li King and Liu Yiyi.

What kind of life had the mother and daughter pair led while he was away?

That girl called Liu Yiyi, with her blood flowing through her body, how did she manage to grow up?

Thinking back to the girl who cried in front of him, Jiang Wuya couldn't help but feel a pain in his heart. He clenched his fist tightly, gritted his teeth, and then loosened his fist.

When he raised his head again, his eyes were filled with determination.

"Third brother, I've thought it through. This time, I will use my life to fight for her! He is my daughter, no one can stop me from letting her live happily! "

Jumping down from the city wall, Jiang Wuya headed in the direction of the Ancient Devil Region.

"Let me stay here and wait for them to come out. Yue'er and the rest do not have much chance of surviving. I think that if I do that, Qing Shui will no longer blame me. "Killing intent gradually appeared in Jiang Wuya's eyes.

If Big Sis isn't here, there's no need for me to live. Tomorrow, I will let whoever blocks my way test my sword. I don't believe that I am not even at the second stage of Earth Martial Stage! Seventh brother being able to achieve a breakthrough in battle, why can't I, Jian Chen do the same? " The two men threw their lives away as they stood there like stone pillars.

A day later, the door of the Ancient Devil Region opened and a vast army of people came out from within. The law enforcement team of the Martial Alliance and the Demon Generals of the Ancient Devil Region clustered around Zhao Danchen, Jiang Wuxie and the others as they left the Ancient Devil Region. The marriage between the Martial Alliance and the Ancient Devil Region this time, deepened the relationship between the two, so Jiang Wuxie valued this place very much, coupled with the need to clearly understand who was blocking the way, he personally went forward to escort Liu Yiyi to the Martial Imperial City!
