

War God 671

Chapter 671 - The Difficult Sky

"Rules are a realm that uses the power of heaven and earth, and they are even the power of heaven and earth itself. This is still too early for the current you, now that you're in the middle of the Earth Martial Stage, the word martial arts that you study is one of the rules. This was a weak rule. After comprehending it, one could feel the pulses of power in the earth and understand how to use little true essence to maximize one's combat prowess. When you reach Heaven Martial Stage, you will probably comprehend more about the laws this time. This is because the things that you need to comprehend in Heaven Martial Stage have changed from the earth to this world. "

Long Chen was confused.

He seemed to feel that the path of cultivation was even more difficult than he'd imagined. Previously, with such a supernatural ability like Blood Refinement Qi, Long Chen had thought that he would be able to soar into the sky in a single leap. He did not expect that the three Martial Cultivators would give him such a heavy blow!

The path of cultivation was difficult to tread on!

Those who could stand at the peak of the world, which one of them wasn't a hero among men?

From this, it could be seen that the four great foundation realms were truly the foundation realms. The three great martial realms were only the beginning. The later realms should be even more terrifying!

Looking at Long Chen's expression, the little kitten said: "On the road of cultivation, you already have an incomparably hard time. Let me be honest with you, if it wasn't for the ancestral dragon blood, you wouldn't have achieved anything in your entire life, because your birth, was really too low. In a place like White Yang Town, even if you excavated your body's potential to the limit, you could only reach Heavenly Completion Stage at most. "Because you are no longer completely human, half of your body has turned into a dragon. Although you couldn't feel it yourself, let me ask you, is your martial soul in the dragon form?"

Long Chen had never told this secret to Little Cat.

At this time, the kitten was a little solemn.

Long Chen solemnly nodded his head.

The kitten laughed, and said, "This proves what I said. However, since your body is human, and your martial soul becomes a dragon, it also means that your body will become a dragon in the future. However, your soul, which is your divine soul, is destined to be alone forever at birth. Therefore, your cultivation, since you need to abide by the rules of humans, when compared to the demon beasts, there is a huge difference in the body, let alone comparing them with the ancient god dragon. The strength of the demon beasts are basically destined to become strong as soon as it is born, and when it reaches adulthood, it will be possible for the abnormal wolf to swallow flames and level up. Theoretically speaking, their strength does not need to be comprehended at all, nor do they need to cultivate.

The kitten's mouth was about to explode, and in a short period of time, it had talked with Long Chen a lot. This was the first time it was so serious, because Long Chen didn't even know what it was talking about.

However, Long Chen understood Cat's feelings. In the end, the pressure it had exerted was still for Long Chen's sake.

Long Chen calmed his heart down, and started to carefully organize his thoughts.

"My body can transform into a dragon, and the martial spirits that can directly control the body and control true essence will also transform into a dragon, but my soul, has always been human, so I can't casually ascend to the next level like the little wolf. Only by constantly comprehending and battling will I be able to control the rules of this world, and then I can finally become a peak-level powerhouse. The Martial Arts of the three Martial Realms are the simplest rules. The Ancestral Dragon's "Slaughter" and "Time" are the most supreme rules that belong to them! "

After organizing his thoughts, Long Chen suddenly felt that he was suddenly enlightened.

He had never needed to think about what cultivation was. Now, he understood that he had just reached the Martial realm and he did not know what the Martial realm was. However, now, he felt that the road in front of him was bright.

Cultivation was nothing more than a battle to defy the heavens and steal lives!

Cultivation was nothing more than a struggle against the heavens!

The more you can seize the heaven and earth, the more you can control!

At this time, the accumulation of strength was no longer that important. The most important thing was that the comprehension of the rules would lead to the growth of the Martial Spirit, and in the end, it would never be extinguished! It would be the same as the heavens and the earth!

Little Cat thought that it would shock Long Chen, but she did not expect that it would stimulate the endless fighting spirit in Long Chen's heart. His personality had always been rebellious. He had a fanatical passion for cultivation and strengthening. He needed to prove many things with his powerful strength. These desires stimulated the heart of his powerful practitioner!

Looking at Long Chen's burning gaze, Little Cat suddenly understood that the reason this youth could reach this step was not because of his luck or his temperament.

His attitude decided everything!

To be able to defy the will of the heavens and change one's fate, he was simply looking at himself.

Just as the little kitten was staring blankly, Long Chen suddenly felt that Huangfu Qi, who was behind him, seemed to have moved. He immediately put aside the other emotions in his heart, quickly turned around, and nervously looked at Huangfu Qi. And this kitten was also a small secret to Long Chen, so it couldn't reveal itself for the time being. Hence, it entered the Great Void Realm, allowing Long Chen to be a good person.

Within the Divine Phoenix Bird's fresh blood, Huangfu Qi moved his finger a little. At this moment, her breathing had already become very even, and it was at this time that she slowly opened his eyes.

This was Huangfu Qi.

She should be so innocent and happy at such a young age.

However, the moment Huangfu Qi opened his eyes, the first thing he saw was a trace of panic.

When the "bad girl" said till here, she suddenly saw Long Chen who was at the side. Immediately, her eyes revealed a look of disbelief, which was then replaced by a happy expression!

The thoughts of children were usually very simple. As long as they saw something with their eyes, they would usually feel that it was real. However, they would feel as if they were dreaming.

"Big brother!" Huangfu Qi was so excited that he jumped directly from the Divine Phoenix Bird into Long Chen's arms. His entire body was still wet from the Divine Phoenix Bird's blood.

Long Chen swallowed a little bit and all the beast blood in her body was completely absorbed by Long Chen and turned into dragon soul true essence. Although the amount was small, it could not be wasted.

Long Chen realized that the Divine Phoenix Bird's blood inside the barrel had actually been completely absorbed by Huangfu Qi, and the remaining essence wasn't anything good either. However, on the path of martial arts, the most important thing was to comprehend. To Long Chen, Blood Refinement Qi was not that important anymore.

"Big brother, why are you here? Why am I here? What about the bad woman?" Extending his head out of Long Chen's embrace, Huangfu Qi blinked his large eyes as he looked around at his surroundings. The sky was filled with dense clouds, which made it obvious that Huangfu Qi did not recognize this place.

"This is the Sky Island on the Divine Sea of Immortality. Have you heard of it?" Long Chen said as he looked at the little girl lovingly.

"I've heard of it! I heard that it is a very mysterious place, my father would not dare to come here! Eh, how did my strength increase?" As he was speaking, Huangfu Qi's eyes suddenly opened wide, as he said in pleasant surprise.

"Your strength has increased, it should be because of the Heavenly Divine Phoenix Bird's bloodline, you have immersed yourself in it for ten days and ten nights, and the nine big acupoints in your body have basically been opened by the Divine Phoenix Bird's blood essence. "Where is it?"

Long Chen could feel that Huangfu Qi's current strength should be from the Eighth level of the Heavenly Completion Stage to the Ninth Level of the Heavenly Completion Stage. To have this strength at such a young age, it was already not bad.

She was only ten years old and already possessed Ninth Level of the Heavenly Completion Stage. Even the outstanding disciples of the other The Nine Hallows s would find it difficult to reach such a speed.

"Yes, the one in the sky has also opened. It's in this place." Huangfu Qi tilted his head, pointed at his own forehead and giggled. With Long Chen by her side, she felt a sense of accomplishment.

Suddenly, she remembered what Long Chen had said just now. She said in shock: "Big Brother, aren't Divine Phoenix Bird the strongest demon in this Divine Sea of Immortality? You actually killed it?"

She had heard that the Divine Phoenix Bird, even the Martial Emperor Zhao Wuji would not dare to provoke them. Long Chen actually dared to come to this place and directly kill the Divine Phoenix Bird? Didn't that mean that Long Chen was already stronger than Zhao Wuji?

Seeing the little girl's shocked expression, Long Chen could only nod his head and pinch her nose, saying: "I was the one who killed them. In order to save you, big brother chased away and killed them all."

"Wow!" Huangfu Qi's eyes were filled with twinkling stars.

She didn't have any concept of a strong warrior, she only knew that Long Chen, no matter how strong he was, had always been an undefeated existence and no one could defeat him.

"Alright, I won't say anymore. I'm going to bring you to see your father. He must have been worried sick by now." Long Chen said.

This mission had finally been successfully completed.

"Daddy? "Yes, I want to meet my father and tell him that the new woman is not a good person and that she has taken over my mother's island in the middle of the lake." Yes, I want to meet my father and tell him that the new woman is not a good person and that she has taken over my mother's island in the middle of the lake. Huangfu Qi's face revealed a look of disgust, as he said indignantly.

Chapter 672 - Parental Love

Looks like Huangfu Qi still did not know the news of Huangfu Fengchen being crippled by him, and did not know that he was almost killed by Feng Xuan.

This girl was still young, so Long Chen didn't say anything to her. He directly brought her down from the Divine Sea of Immortality, and then headed in the direction of the Liufeng City. He planned to make a trip to the Liufeng City first, and then return to the Warring Clan. The wolf cub hadn't made any movements yet, but the Desolate Divine Seal still needed Long Chen to go over and do it for them in the blink of an eye.

Along the way, Long Chen said these words to the chattering Huangfu Qi. The little girl was completely unaware that he had been saved from the brink of death and was extremely happy. He kept yelling at Long Chen to go to the Huangfu Clan and stay with her with all day long, asking him where he was.

After walking for a few days, Huangfu Qi suddenly realized that the direction the two of them were heading towards did not seem to be towards the Huangfu Family. Thus, she asked in confusion, "Big Brother, aren't we going to go see my father and mother? Where are you going? "

"Go to Liufeng City. Your parents are there." Long Chen said.

"Eh? Aren't my parents at home? Big brother, you're just spouting nonsense. " Huangfu Qi pursed his lips and said.

Long Chen thought for a moment, then said: "Little girl, you don't know yet, but when you were unconscious, that bad woman already took over your home, and chased your father and mother out."

"Huh?" Huangfu Qi was startled for a moment, and then, revealed an expression of loathing: "Even my father wasn't a match for that bad woman? Damn it, when Qi Qi grew up, he would definitely beat her to a pulp, until her butt blossomed like a flower! But big brother, you're so amazing, you must help Qi Qi beat that woman up, and then let Qi Qi bring father and mother home. "

Huangfu Qi said as he leaned on Long Chen.

She was very smart, knowing that she could let Long Chen avenge her.

There was a conflict between this Feng Xuan woman and Long Chen, so she would definitely have fought and fought with Long Chen. It was just a matter of time.

Thus, he nodded his head and said, "Alright, leave this matter to me. I promise I'll make sure that her butt will blossom."

With Feng Xuan's fat butt, who knew what would happen if she bloomed?

Of course, she was at the fifth stage of the Earth Martial Stage and she was also from the The Heavenly Wind Holy Dynasty. From her Three Thousand Illusionary Palm and Three Thousand Phantom Shadow, she could tell that this woman was quite difficult to deal with. He would probably need to work with the wolf cub to get rid of it, just like when Long Chen killed the Divine Phoenix Bird.

Liufeng City arrived a few days later.

"Feng Chen!" The wooden door suddenly burst open, and the beautiful woman, who had an anxious expression on her face, rushed into the center of the courtyard. The courtyard was already filled with flowers and plants, and Huangfu Fengchen was standing at the edge of the courtyard watering a pot of flowers.

"What's wrong?" Huangfu Fengchen said as he supported his wife.

The beautiful woman calmed herself down and said: "I just inquired around, and heard that Feng Xuan had already returned to the Huangfu Clan a dozen or so days ago. She seems to be in a bad mood, and many people in the mansion were killed by her because of some small matter."

"Not in a good mood? After returning from the Martial Imperial City, he was in a bad mood? Could it be that Long Chen and the others really saved Qi Qi? " Huangfu Fengchen's eyes revealed an expression of pleasant surprise.

"No, maybe not." The beautiful lady said with a wry smile.

"So what?" Huangfu Fengchen raised his eyebrows.

The beautiful woman was also quite intelligent, and said: If Long Chen and the rest were to succeed, it would already be over ten days time, and even if he had not arrived here, I'm afraid that he would still be able to pass on the news, but we still have not received any news, so, could it be, that Qi Qi already lost his life in the battle, and his plans were to fail, causing her to have a bad temper, while Long Chen, he shouldn't have the face to come to see you, right?

As she spoke to here, the beautiful woman's face revealed a sorrowful expression.

"Women's opinions." Huangfu Fengchen scolded lightly, but his expression was actually very ugly. He had already waited for many days, but there was still no news.

"That child Long Chen has extraordinary strength and a tenacious personality, but his opponent should be at the fifth level of the Earth Martial Stage. How can he snatch Qi Qi back from such a terrifying opponent? But Long Chen didn't come looking for me, which means that he really has no face to see me. This can't be blamed on him, I gave him an impossible mission to complete. "

Huangfu Fengchen shook his head helplessly.

The beautiful woman beside him was on the verge of tears.

"Feng Chen, what should we do? Qi Qi is still so young, is she really gone like this? " At this point, his tears had already begun to fall.

Huangfu Fengchen sighed, without much words, he brought the beautiful woman into the house.

There were many things that they did not need to think about. It could be said that this was perhaps their imagined life, but the only thing they lacked was Huangfu Qi, which caused this small courtyard to be filled with endless grief.

Time passed day by day, and the two of them had already lost all hope.

Suddenly, on this day, they were eating lunch, but when they thought of Huangfu Qi, they looked at each other and laughed bitterly. At this time, even though the two of them had not eaten for a few days, they no longer had any appetite.

Her eyes were bloodshot. These days, whenever she thought of her daughter, tears would stream down her cheeks. The beautiful woman's eyes were already swollen from crying.

"It's all my fault, I've become a cripple now, I can't do anything!" Huangfu Fengchen's face was full of self-blame.

"Feng Chen, don't say that. I know you're in trouble. It's all that woman's fault!" The beautiful lady gritted his teeth as he spoke.

After so many days, both of them were almost in complete despair.

Right at this moment ...

"Father, mother!"

Suddenly, this familiar voice sounded in the small courtyard. After the two of them heard this voice, they stood up from their seats with a whoosh.

"Did I hear wrong?" After all, that was Huangfu Qi's voice. It was possible that Huangfu Qi had already disappeared a long time ago.

However, could it be possible that both of them were hearing things at the same time?

Therefore, they quickly reacted and their faces were filled with the smile of someone who had just returned from the dead!

"Qi Qi is back!" They rushed outside excitedly, even knocking over chairs. However, they did not even bat an eyelid as ecstasy filled their faces.

They rushed to the door and saw a little girl in a yellow jacket with a silver bracelet on her wrist rushing towards them. The couple was so excited that tears were flowing down their faces from the clarity of their dreams.

Even the Huangfu Family that Huangfu Fengchen had been part of for more than ten years, had not received such a pleasant surprise and joy.

This child was the only person left in their entire world.

Parents' love will always be infinite, and will always surpass everything else. However, it was also the most ordinary kind of love. Almost everyone could have it, and everyone was used to feeling heartache and regret when they lost it.

The softness of the little girl made Huangfu Fengchen understand that all of this was not a dream. He could not have it all to himself, so he hurriedly handed his daughter over to her mother and said with excitement: "That's right, it's Qi Qi, it's Qi Qi!"

As for his wife, she was crying so hard that her face was full of tears. There were two types of tears: one was sadness, and the other was happiness.

"Father, mother, Qi Qi is back. Why are you two crying? And now that you all have grown up, isn't it shameful to cry like this?" Huangfu Qi saw that her parents were crying so she started to worry.

"Who said we were crying?" Huangfu Fengchen immediately wiped away his tears, and started to size up Huangfu Qi. After confirming that she had not received any injuries, his arms were still okay, his thighs were still fine, everything was still in order. It was only when his daughter became even more outstanding than before that Huangfu Fengchen was finally satisfied.

To many parents, the happiest thing in life was to see their children safe and sound. To them, this was already the biggest gift.

When the beautiful woman excitedly asked about Huangfu Qi, Huangfu Fengchen finally looked at Long Chen who was standing at the door, smiling as they watched the three of them reunite.

The youth calmly stood there, as if he was one with the world. He was very ordinary, with all the sharp edges hidden away. Just like a harmless scholar. However, Huangfu Fengchen knew that the Long Chen of today, had grown far, far more than when they had met. Sometimes, Huangfu Fengchen felt that Long Chen was a miraculous existence.

"It's been several times. I finally saw you come back. I even felt a little weird towards you before, I'm really sorry." "Long Chen, to the me now, I don't even know how to say words of thanks," Huangfu Fengchen said to Long Chen, a little ashamed.

Long Chen laughed, and said: "No worries, I understand Patriarch Huangfu's intentions. Furthermore, Qi Qi and I are siblings, I did not save her because I want to thank you, haha."

Long Chen's casual words immediately caused the atmosphere among the crowd to become lively.

"I'm already an ordinary mortal now, so stop calling me Patriarch. Since you called me Qi Qi? I'm older than ten years old, just calling me Uncle Chen will do. We'll travel for a while, then come in and sit down and chat."

Huangfu Fengchen said with a wry smile.

"Big brother, you're not allowed to leave!" Huangfu Qi immediately broke free from his mother's embrace, ran over and grabbed Long Chen's arm, and dragged him into the house.

"This little girl ..." Long Chen could only smile helplessly.

However, at this time, they were no longer in the mood to eat. After a simple cleaning up, Huangfu Fengchen said: "This time, after spending so much time, has something happened?"

Chapter 673 - Demonic God and God Tribes

After he settled down, Long Chen told Huangfu Fengchen everything that had happened earlier. He briefly went over the part where the kitten died, saying that he read about the method to save Huangfu Qi from death in an ancient book.

When they heard that Long Chen had directly gone to the Divine Sea of Immortality, and actually killed the Divine Phoenix Bird in the end, the Huangfu Fengchen couple were dumbstruck. They looked at Long Chen in disbelief and said: "That Divine Phoenix Bird has existed for at least several hundred years in the Holy Martial Empire.

For Long Chen to be able to kill the Divine Phoenix Bird, it was clear that he had already surpassed the Martial Emperor Zhao Wuji.

"Back then, the strongest people in the Holy Martial Empire were Zhao Wuji and the Divine Phoenix Bird. Now that Zhao Wuji has been killed by his disciple and Feng Xuan and the Divine Phoenix Bird has been killed by you, the Holy Martial Empire has long since become completely different from before! Long Chen, your talent is the rarest that I have ever seen.

The expression in Huangfu Fengchen's eyes as he looked at Long Chen, was not only filled with gratitude, it was also filled with deep respect. Long Chen had directly gone to the Divine Sea of Immortality at the risk of his life just to revive Huangfu Qi. Huangfu Fengchen knew that he would never be able to repay this kindness in his entire life.

Back then, he had given the Huangfu Family's fighting skill, catkin with wind, to Long Chen. If not for Long Chen, Huangfu Qi would not be able to escape this calamity.

Amongst the other The Nine Hallows s, the number of ancient tombstone token would definitely far surpass the Holy Martial Empire, and those who were able to enter the Archaic Graveyard would also be relatively large. This time, when Huangfu Fengchen mentioned the The Nine Hallows, he asked: "Uncle Chen, tell me about the The Nine Hallows."

Huangfu Fengchen guessed: "You want to obtain the ancient tombstone token as well, then enter that Archaic Graveyard?"

Long Chen nodded.

Huangfu Fengchen shook his head and said: "Long Chen, I don't recommend this for the time being."

"Why?"

Your strength is comparable to the fourth stage of the Earth Martial Stage. This kind of strength can only be considered a genius, but it can't be considered strong. Which one of the people entering the Archaic Graveyard isn't a strong Ranker? Among the other The Nine Hallows, you can only be considered as strong once you reach the eighth stage of the Earth Martial Stage. To be able to enter the Archaic Graveyard, aside from some people who have at least the strength of the fourth stage of the Earth Martial Stage because of luck, if you enter, you will also be at the bottom of the list. Why not cultivate for a few more years, and when you reach the seventh stage of the Earth Martial Stage, you might still be able to save your life a little. "

Huangfu Fengchen analyzed. Everything he said made sense. There were definitely many treasures in the Archaic Graveyard, but there were even more dangers. Not only were there natural disasters, there were also attacks from demon beasts. Every time they entered the Archaic Graveyard, there would only be a small number of people left alive. For people with Long Chen's strength, entering would basically only cost their lives.

Therefore, Huangfu Fengchen allowed Long Chen to cultivate for a few more years.

"If you feel that the Holy Martial Empire is already obstructing your development, you can also go to other Holy Dynasty. In other Holy Dynasty, there are many strong cultivators, and the chances of them rising in rank is quite high, but it's not as dangerous as fighting in Archaic Graveyard! Once your strength stands at the pinnacle of Realm of Myriad Kingdoms, wouldn't it be foolproof if you went in to snatch the treasures? "

Huangfu Fengchen was worried that something bad might happen to Long Chen, so he wasted this great Inherent Skill. Moreover, ever since Long Chen had saved Huangfu Qi, he had always regarded Long Chen as one of his own.

Long Chen shook his head resolutely: "Uncle Chen, because of some reasons, I must enter the Archaic Graveyard. To tell you the truth, my goal in coming to the Holy Martial Empire is to enter the Archaic Graveyard, as long as I can enter it, I will die inside. I, Long Chen, have no regrets."

"So it's like that." Seeing the resolution in Long Chen's eyes, Huangfu Fengchen knew that he really had something on his mind. Therefore, he did not ask any further, and said: "Since it's like this, then there's no other way, but Feng Xuan came to the Holy Martial Empire, just to steal the ancient tombstone token, you also want the ancient tombstone token, don't you want to fight her in the end?"

Long Chen replied with a question, "Uncle Chen, do you think that if she stays in Holy Martial Empire, I won't have any chance to fight her? And there's also Zhao Danchen, the victor of the battle between them and me will be the one who obtains the ancient tombstone token. "

Long Chen's tone was harsh, but what Huangfu Fengchen did not doubt was that he had that power.

Thinking to this point, he didn't say anymore, and only reminded Long Chen that he had to be careful when the time came before he told him about the The Nine Hallows.

"Among the Realm of Myriad Kingdoms, there is a Ten Great Saints. Among them, the number of Holy Martial Empire s have mostly declined, and the thousands of small countries that are under the control of the other The Nine Hallows s have more or less been divided among them. The Nine Hallows, to be frank, is actually one of the nine great clans of the Realm of Myriad Kingdoms!"

"Nine great clans?" wind race is one of them? "

Huangfu Fengchen nodded, and said, "Yes, the nine great clans of the Realm of Myriad Kingdoms are directly in control of the The Nine Hallows, for example, the The Heavenly Wind Holy Dynasty among them. The position of the wind race in the The Heavenly Wind Holy Dynasty, has even exceeded the position of the Martial Alliance in the Holy Martial Empire! "

"Then what are the other eight great clans?" Long Chen asked.

"Middle Paleogene, actually, there have been many A powerful warrior of the Divine Martial Realm s before. The majority of the current nine great clans are all descendants of those A powerful warrior of

the Divine Martial Realm s, especially the five of the Five Elements Alliance s. Rumor has it that they are the descendants of the Five Great A powerful warrior of the Divine Martial Realm s and Five Emperors of the Middle Paleogene. These nine great clans were divided into three great factions!

"They were even divided into three factions?" Long Chen was stunned, but after thinking about it, he felt that it was reasonable. The Nine Hallows must have many contradictions and many people, they must have formed an alliance.

Huangfu Fengchen nodded his head, and said: "The strength of the three great factions, are all around the same. The first is the Five Elements Alliance that I told you about earlier, they are direct descendants of the Five Emperors, the Metal, Wood, Water, Fire, and Earth Clans respectively. And the other two factions, are Wind God's lineage and thunder demon lineage! "

From his words, Long Chen heard that something was amiss. Amongst the nine great clans, they were divided into a total of three factions: Five Elements Alliance, Wind God's lineage and thunder demon lineage. The Wind God's lineage and the thunder demon lineage should each have two great clans in their lineage, and the strength of the wind race s were about the same as any one of the Five Elements Alliance s. Furthermore, the overall strength of the three great factions were about the same, so wouldn't that mean that the strength of each of the 'God' and 'Demon' Tribes could be compared to the combined strength of the four Holy Dynasty s?

Huangfu Fengchen seemed to have seen through Long Chen's doubt and said, "You guessed right. Out of the nine great clans, the two strongest races are the 'God race' and the 'Demon race'. It can be said that the god race and devil race are the most powerful forces of the Realm of Myriad Kingdoms. They each have one subordinate, the wind race and the Thunder Clan, and the descendants of the other five emperors can only fight against them when they combine their power.

"Uncle Chen, can you tell me more about this so-called god and devil race?" Long Chen was somewhat interested in these two powerful races.

Huangfu Fengchen said, "Don't be scared, the god and devil races are only people who they claim to be, they are actually human beings, and there is no difference between them and us. The only difference is that the Immortal God and devil god meridians in their bodies are a little stronger than those in the wind meridian s and the profound fire meridians. However, their history of rise in the Realm of Myriad Kingdoms doesn't seem to be very strong. I remember that a long time ago, the world of the Realm of Myriad Kingdoms was probably under the Five Elements Alliance. "

From the sound of it, the nine great clans were indeed rather terrifying.

Adding on the fact that he had even reached the strength of Heaven Martial Stage, it would be extremely difficult for Long Chen to find Ling Xi.

The only thing he could rely on was the mysterious five-color key in his hands. This was something obtained from the Li Huo Jing, and at the same time, it was a Scarlet Emperor Seal.

"Five Elements Alliance, Wind God's lineage, thunder demon lineage. Over ten thousand people entering the Archaic Graveyard, that scene must be terrifying, but that is all later, if I want to enter the Archaic Graveyard, I still need to go through Feng Xuan and Zhao Danchen." Long Chen analyzed in his heart.

Right now, his greatest reliance was the Desolate Divine Seal that he had obtained in the Divine Sea of Immortality, and he had not yet cultivated to the Exemplary Mastery realm. Thus, right now, it was still not the time to directly kill his way up to their doorstep and look for them.

Long Chen's first target, would be the Five Emperor Prints.

Legend has it that the Five Emperors were the five A powerful warrior of the Divine Martial Realm s of the Realm of Myriad Kingdoms and had rendered great service to the prosperity of the Realm of Myriad Kingdoms. They were existences people respected and especially, the people of the Five Elements Alliance would proudly proclaim themselves to be the descendants of the Five Emperors. And in the Archaic Graveyard, there should be a Five Emperors' Treasures, presumably left behind by the Five Emperors.

This information quickly flashed through Long Chen's mind.

"The Desolate Divine Seal s are roughly the strongest skills at the king level, and the Five Emperor Prints are at the emperor level, so their might is naturally above that of the Yellow Martial God Seal! Therefore, Zhao Danchen "

The corner of Long Chen's mouth flashed with a cold smile.

"Uncle Chen, now that Qi Qi is back, what are your plans? Due to the blood essence of the Divine Phoenix Bird, Qi Qi has already reached the Ninth Level of the Heavenly Completion Stage. If she was to stay in a small place like the Liufeng City, I would not be able to take care of him.

Chapter 674 - Changes to Zhao Danchen

What Long Chen had said, were all possible questions.

If Feng Xuan found out that Huangfu Qi was here, she would not let it go so easily.

Huangfu Fengchen was safe, they had no choice but to think about their own lives. After Huangfu Fengchen lost his power, what they longed for the most now was a peaceful life, but with Huangfu Qi here, it seemed like life would not be allowed.

Long Chen said: "Uncle Chen, I have a suggestion."

"Go ahead." Huangfu Fengchen said.

Long Chen immediately said: "Qi Qi is already at the Ninth Level of the Heavenly Completion Stage, she has three wind meridians in her body, and after a bath of the Divine Phoenix Bird's blood essence, you know exactly how strong her potential is. In a short period of time, she will reach the Earth Martial Stage, and her strength will definitely improve by leaps and bounds. "

"And then?" Huangfu Fengchen asked.

Feng Xuan doesn't care if she gets the ancient tombstone token or not, she will leave in the end. If you can't bear to see the Huangfu Family turn bad, you have to go back and revive your family. "

"Me? I have lost all my strength, how could I have the qualifications to do so? " Huangfu Fengchen laughed bitterly.

"But Qi Qi is fine, in a few days, she will probably surpass you in strength, and as long as Feng Xuan and Zhao Danchen are not around, with the support of my Dragon Clan's brothers, she can definitely become the Patriarch. Of course, you will be the one supporting her from behind." Long Chen said.

Huangfu Fengchen finally understood what Long Chen meant.

"But, if we don't get rid of Feng Xuan, how can we return to the Huangfu Clan?"

"Leave it to me." Long Chen immediately said, his eyes revealing a strong confidence!

"Good!" "Then what should we do now?" Huangfu Fengchen was also a very decisive person. He knew that even if it wasn't for himself, for his daughter and his family, he wouldn't be able to stay in this place and live the rest of his life.

After all, where are we all? In order to prevent Zhao Danchen or Feng Xuan from using you all as a threat, I have no choice but to bring you all to Warring Clan. Once the danger to Holy Martial Empire is resolved, you can go anywhere you wish. Long Chen said.

He was doing it for the sake of safety.

The final battle was about to begin. Long Chen did not want to cause any unnecessary trouble because of some mistakes.

Huangfu Fengchen and his wife looked at each other. They weren't idiots, so they nodded their heads at this moment. Even if it was for the safety of their daughter, they had no choice but to agree.

"Yea, father, mother, and big brother and I can finally be together!" After reaching a consensus, the happiest person was Huangfu Qi. She was so excited that she was jumping up and down, extremely adorable.

Following that, Huangfu Fengchen packed everything up and prepared everything.

"Uncle Chen, I will be bringing you to a secret space. This space is related to my secret, so I hope that you will not leak it out." Long Chen said in a serious tone.

Huangfu Fengchen laughed: "Don't worry, I'm not a person who doesn't know his limits."

Long Chen trusted Huangfu Fengchen, so he said: "You have already prepared the daily necessities. In this space, in a few days time, we will arrive at the Warring Clan."

After speaking a little more with Huangfu Fengchen, Long Chen brought him and his wife to the center of the Great Void Realm. He urged the fog in the Great Void Realm to place them in an independent space.

As for Huangfu Qi, she already knew that Long Chen had this Great Void Realm, so he did not want to go in, but wanted Long Chen to carry her and hurry on his way.

Even if a little girl like this were to weigh her weight, it wouldn't affect Long Chen's speed by much.

"Long Chen, this is truly a wondrous place." Huangfu Fengchen had a good amount of experience, so he was naturally able to see that there was something extraordinary about this place.

He knew that this should be a special space that was similar to a Cosmos Sack, yet countless times superior to a Cosmos Sack.

It could be said that only now had the Huangfu Family's matter been settled. The following words, as long as Long Chen had the strength to completely finish off Zhao Danchen and Feng Xuan, then Holy Martial Empire would have nothing to worry about.

Long Chen then headed in the direction of the Northern Warring Clan.

The last time he came out, Long Chen had spent more than twenty days. He did not know what the situation on the Warring Clan's side was like right now.

After stabilizing the three of them, Long Chen set off on his journey. After arriving at the first city, Long Chen first found the person in charge of the Scarlet Soul Sect. When he saw Long Chen again, his face immediately revealed an expression of pleasant surprise, it seemed that Long Chen had been missing for quite a few days.

Who would have thought that Long Chen would come looking for them first?

"Qigu, you're finally back. Everyone has been looking for you for so long!" A middle-aged man dressed in a black robe said.

Long Chen got straight to the point, and said: "I was delayed because of some matters, is there a situation in Warring Clan? I'll be right back. "

The reason he asked was to let him feel more at ease.

After the death of the Martial Emperor, the new that had become the Martial Emperor was arrogant and despotic. The Martial Alliance pressed on step by step, but it was much harder to deal with compared to Zhao Wuji back then, as we had already had many brothers that had died in their hands. Also, I heard that not only did Zhao Danchen's cultivation greatly increase, he had great potential when controlling the Ancient Devil's Corpse, and I heard that he was going to lead the experts of the Martial Alliance to completely annihilate the Warring Clan. Feng Xuan once went to the Warring Clan to look for you, and after not being able to find you, she was able to release her anger and injure a few people, and was eventually pushed back by Old Man Long Shan with her life on the line. "

"Feng Xuan has already gone to the Warring Clan, and injured someone?" Long Chen frowned.

"A lot of people were injured, but the brothers in Qigu were still alright. They didn't clash head on with Feng Xuan. It's just that this time, Zhao Danchen wants to destroy the dragon race and wants to invite Feng Xuan to take action, I think this Feng Xuan will agree to it! " The black-robed man said.

"When does Zhao Danchen plan to make his move?" Long Chen asked.

Qigu is much closer to the Warring Clan than us. Qigu, hurry back to the Warring Clan and maybe you can help them. If you lose, then we, tens of thousands of Scarlet Souls, will have nowhere to go. "Ling Chen:" ... " The black robed man said helplessly.

Long Chen calculated that if Zhao Danchen wanted to take action, he had to hurry up.

Long Shan had not recovered from his severe injuries and was heavily injured in succession.

It was possible that Zhao Danchen himself would be invited. First of all, Long Chen reckoned that compared to the ancient tombstone token, Zhao Danchen wanted to obtain the Five Emperors Seal more. He was no fool, knowing his own strength, if he went to the Archaic Graveyard, he would also die.

In this way, he and Feng Xuan would not have any conflicts of interest. The two of them colluding together, forming an alliance was definitely the most suitable thing to do.

Of course, Feng Xuan would definitely covet Zhao Danchen's Ancient Devil's Corpse, but Ancient Devil's Corpse were not weak either. Before she obtains the ancient tombstone token, Feng Xuan probably wouldn't want to cause trouble either.

This way, Long Shan, who was originally at the fifth level of the Earth Martial Stage but only had the combat power of the third level of the Earth Martial Stage, would become the target of the crowd.

Thinking about it here, Long Chen immediately rushed to the direction of the Warring Clan.

Mo Xiaolang was still in the process of refining the Goblin Pellet, Long Chen reckoned that he wouldn't wake up so soon.

It was very likely that the final battle was about to begin.

Warring Clan, Zunling!

Last time, when Zhao Danchen was standing here with a few Great Martial Saints and more than a dozen Martial Kings, he was still one of the three great Martial King s. And this time, the Martial Alliance had almost come out in full force, surrounding Zhao Danchen in the middle. And Zhao Danchen's current identity was indeed the dignified number one in the Holy Martial Empire, the Martial Emperor!

Amongst the top ten Martial Saints, only a few remained beside Zhao Danchen. As for the only Martial King, Xiao Lin, he had completely given in to Zhao Danchen's obscene might and was currently in the middle of Martial Imperial City, supporting Zhao Danchen in the overall situation.

The remaining twenty odd Martial Kings stood behind Zhao Danchen.

In fact, although these Martial Saint Martial Kings were weak to Zhao Danchen, they were not useless. After Zhao Danchen took care of the strongest warriors in the Dragon Clan, he wanted to exterminate the entire Warring Clan and the Dragon Clan, so he had to deal with some insignificant people. With Zhao Danchen's status, it was obviously not appropriate for him to do that.

twice when he stood at the Zunling area, Zhao Danchen had undergone tremendous changes.

After becoming the Martial Emperor, Zhao Danchen's temperament had undergone a huge change. He wore a golden robe, which was much more flamboyant than Zhao Wuji's, his eyes were spicy, and a smile hung on the corners of his mouth, as though victory was in his grasp.

Indeed, from Feng Xuan's words, he roughly understood Long Shan's strength. The current Long Shan was no longer a match for him, Zhao Wuji.

Feng Xuan was standing not far from him.

She was still dressed as she always was, with graceful figure and a veil that was faintly discernible on her face. Her clothes were fluttering with her might, and from time to time, waves of breasts would appear, causing the Martial Saint Martial Kings behind her to gulp.

"Zhao Danchen, you want me to invite you here for these weak trash?" Feng Xuan pointed at the group of people from the Warring Clan and said disdainfully.

Chapter 675 - The Dragon Clan Crisis

"Miss Xuan, this time, there's no need for you to do anything, I, Zhao Danchen, can handle this trash myself. I sincerely invite you over, just in case. Zhao Danchen laughed faintly.

His glib tongue caused Feng Xuan to giggle.

"Alright, do your best. If you do well, then maybe I'll be your woman tonight." Miss Xuan said sweetly.

That coquettish voice made the Martial Kings behind Zhao Danchen all swallow their saliva.

"Smelly bitch, I, Zhao Danchen, don't have the guts to do this to you, you perverted woman. Who knows if you will punch me, Zhao Danchen, while we are celebrating?" Zhao Danchen secretly slandered his in his heart.

However, Zhao Danchen knew that as long as this woman was still in Holy Martial Empire, he needed to get on good terms with her. After all, to him, the other party was still very strong. With the realm that Zhao Danchen had today, even he felt a little powerless against Feng Xuan.

With Feng Xuan here, the dragon race probably had not even started to fight, and their hearts were already breaking.

Zhao Danchen thought proudly.

This was exactly the effect he wanted.

At this time, opposing him were Long Shan, Long Yue and the rest. Looking at the gigantic group of Martial Alliance as well as the infamous Feng Xuan at the side, everyone's face became heavy.

Long Shan sighed and took a step forward.

"Grandfather!" Long Yue shouted somewhat anxiously, "You were once again injured at Feng Xuan's hands earlier, you can't now!"

Long Shan shook his head and said: "If I don't make a move, who can? Yue Er, if you listen to me, then about the matter of the fight, you can bring everyone and escape. "

Long Yue's tears were about to flow out, as she said: "Grandfather, this thief Zhao Danchen, inviting Feng Xuan over, wasn't he afraid that we would take the opportunity to escape when you were fighting him? Otherwise, with just his few Martial Saint Martial Kings, how could they stop us? As long as we can escape, he will definitely be the only one left in Martial Alliance with nothing left. But with Feng Xuan here, none of us will be able to escape! "

Everyone knew the reason Zhao Danchen invited Feng Xuan over.

Even if Feng Xuan did not make a move, standing here was a huge pressure on everyone.

There was an even more important matter that brought Zhao Danchen here to the Warring Clan. He knew that the Yellow Emperor Seal s in the Five Emperor Prints were in the hands of the people of the Warring Clan and that he already possessed two Great Emperor Prints.

"What else can I do other than fight?" Long Shan's face, revealed dense bitterness.

When he came out of nine nether regions, he thought that he would be able to do something for the younger generation of the Long family. Unexpectedly, as soon as he came out, this Holy Martial Empire had produced so many strong warriors.

First was the Ancient Devil's Corpse, then was it Feng Xuan. Long Shan had never recovered, and had also squeezed out his potential, and used his strength twice.

"Grandfather!"

"Senior Long!"

Looking at this old man Xiao Suo, Long Yue, Lei Zhen, Jian Chen and the others all had extremely bitter expressions on their faces.

"Children, are you underestimating me?" Long Shan suddenly squeezed out a smile and said: "Don't worry, I'm not weak either. Even if I die, I will kill Zhao Danchen, and as long as Zhao Danchen dies, I won't bother finding trouble with you guys, even if it means looking for trouble with her alone, will he be able to find all of you?"

Long Shan's words might be the only chance he had.

Feng Xuan and Zhao Danchen weren't related to each other in the first place, but there wasn't much conflict of interest between them, so they decided to join hands temporarily.

This meant that Long Shan was going to give it his all.

To Zhao Danchen, as long as he could take care of this old man Long Shan, the others would basically be on their own.

"Let's fight!" Since we are going to die, we shall die in battle. No matter if it is the dragon race or the Warring Clan, which one of us is a coward? " A tall and sturdy Lei Zhen roared hoarsely.

Hearing his words, the crowd's fighting spirit began to burn.

Even if the opponent was an incomparable powerhouse, if they were to fight to the death, who would be afraid of who?

Since it was going to be a fight, then let's do it!

Seeing that their eyes were filled with fighting spirit, Long Shan smiled in relief.

"I, Long Shan, have been able to live to this day, under what circumstances have I been able to continue living, and even experienced the chance to be a person once more, I am truly satisfied," the old man muttered to himself. Then, he looked at Zhao Danchen with a gaze brimming with fighting intent.

"Chen Xiong, then Zhao Wuji, next is this Zhao Danchen, sure enough, every single one of Martial Alliance s are great enemies in the destiny of my Long Family. My Long Family's ancestors, allowed me, Long Shan, to have a chance to live a life again, just so that I can clear the way ahead for the later generation of the Long Family!"

Thinking about it, the old man's heart was filled with endless passion, death no longer mattered to him anymore, the most important thing was the mission, thus, he walked to the center of the room, his frail body, like a spear, clanging to stand in the middle of the world. The imposing aura he exuded, his sharp eyes, caused the Martial Saints of Martial Alliance to be shocked, at this moment, Long Shan's body was shining brightly, as though he was a war god that had descended to the mortal world!

The current Long Shan seemed to be several tens of years younger.

The passing of time would not spare anyone. Everyone had this kind of time.

But why did this old man look so terrifying?

Even Zhao Danchen's eyes narrowed.

"Humph!" If you pretend again, won't you still be beaten to death by my Ancient Devil's Corpse? " With a cold laugh, Zhao Danchen took two steps forward, separated himself from the crowd, and stood in front of Long Shan.

One was young and proud, the other was old and fierce. Between them, who could laugh to the end?

Zhao Danchen sneered once again. The Eternal Demon Flag in his hand moved, and the ground immediately started to tremble. The Ancient Devil's Corpse that had a body as small as an ordinary person's crawled up from the ground, and stood up beside Zhao Danchen. The Ancient Devil's Corpse's entire body was black, with skin as rough as a crocodile's. The skin was riddled with holes, and there was a fiendish aura emitting from it along with a strong rancid smell.

Looking at the ferocious appearance of the Ancient Devil's Corpse, everyone on the dragon's side was shocked. It could be seen that Zhao Danchen's ability to manipulate the Ancient Devil's Corpse had already reached the level where he could control it with ease. No one would have thought that the Ancient Devil Region's great treasure would finally be in his hands and become his greatest trump card!

Zhao Danchen turned the Martial Emperor ring on his thumb, laughed, and said: "Ancient Devil, help me flatten this Ancient Devil Region today!"

As he said that, the Eternal Demon Flag in his hands waved its wings, and a mysterious energy entered the Ancient Devil's Corpse's body. The Ancient Devil's Corpse's eyes immediately turned blood-red, and a black shadow, like a wild beast, instantly pounced towards Long Shan.

Long Shan's body was not in a good condition. The three strikes had nearly shattered his body. However, this was a time to fight with everything he had and protect his own children. So not only did the old man not retreat, his battle qi overflowed into the heavens!

Seeing the incoming Ancient Devil's Corpse, Long Shan's eyes darkened, and immediately exploded forth with all of his strength, rushing towards the Ancient Devil's Corpse!

When the Ancient Devil's Corpse attacked, it would not dodge or defend at all, it only knew how to attack. And the current Long Shan, was crazily fighting, in such a state, he had already completely disregarded life and death, the only thing in his mind, was to kill Zhao Danchen!

As long as Zhao Danchen died, everything would be settled!

Although Long Shan's true essence was no longer, the fifth stage of the Earth Martial Stage's power of comprehension was still present. His battle with the Ancient Devil's Corpse did not have enough strength, but in terms of techniques, he had far surpassed the Ancient Devil's Corpse.

"Soulcatcher claw, Five Dragons Breaking the Heavens!" However, the Ancient Devil's Corpse did not have any blood, so the flesh and blood on the wound was only a dark red color. And now, the flesh and blood was wiggling very quickly, reconstructing themselves, he believed that the Ancient Devil's Corpse would recover soon.

This kind of injury did not affect the Ancient Devil's Corpse's injuries in the slightest. He could even take advantage of this opportunity and directly swatted towards Long Shan's head without regard for his life! His entire fighting strength was focused on his physical body, this move was extremely fierce and terrifying, if Long Shan was hit, his entire head would probably be blown away!

"Hah!" During this critical moment, Long Shan used his true essence to protect his arms and blocked this attack!

With a "pa" sound, they collided once again, causing Long Shan to fly directly towards the left. The Ancient Devil's Corpse's move made his arms go numb, and his two arms almost lost feeling. However, what surprised people was that he did not stop at all.

"What a fearless old ghost!" The corner of Zhao Danchen's mouth hooked up into a cold smile, and the Eternal Demon Flag in his hand slowly swung, using this as a means to control the Ancient Devil's Corpse's violent attacks. Long Shan's attacks struck the Ancient Devil's Corpse's body, but he did not feel the slightest bit of pain!

The battle between these two experts caused the hearts of the others to clench.

"Eldest young mistress, Senior Long doesn't seem to be able to hold on much longer. What should we do?" The patriarch of the Warring Clan, Lei Zhen, said helplessly at Long Yue's side.

"I don't know either. This time, the danger is too great. In the face of the strongest combat strength, aside from my grandfather, our strength is not going to work. If Seventh Brother is here, I'm afraid there might be a chance."

Chapter 676 - Ancient Devil Blood Demon

"Soulcatcher claw, Nine Heavens of Absolute Killing!"

The ground shook, Long Shan released a roar, his entire being seemed to have turned into nine roaring dragons, shaking the world, he started killing towards the Ancient Devil's Corpse! The moment he made his move, Long Shan used his strongest move!

That Nine-headed Dragon, wave after wave, wave after wave! When Long Shan used this attack, it was much stronger than when he used it back then. In an instant, everyone felt a huge pressure, to the point that they couldn't even open their eyes!

BOOM!

The Nine-headed Dragon, had instantly appeared in front of the Ancient Devil's Corpse!

"Do you think Ancient Devil's Corpse can't use combat skills?" Zhao Danchen laughed coldly, at this time, he suddenly kept the Eternal Demon Flag in his embrace, and the True Essence on his body quickly rushed into the Eternal Demon Flag, forming a turbine.

The color of blood, from the Eternal Demon Flag, instantly spread to the Ancient Devil's Corpse, and the Ancient Devil's Corpse that was connected to the patch of blood-red, suddenly let out a heaven shaking, long howl towards the sky! The blood-red symbols actually appeared on his body!

"Ancient Devil Blood Demon!"

Zhao Danchen slowly spat out these words from his mouth.

When he punched, the blood red runes on his body immediately converged towards its fist. In the end, following the explosive power of his fist, it formed a blood red devil image that shot towards the attack of the Nine Heavens of the Ultimate Kill! Boom!

The two sides clashed!

The Nine-headed Dragon and the blood-red ancient devil blood fiend clashed against each other at this moment. The dragon cry and devil cry shook the entire Warring Clan!

BOOM!

The divine dragon, also known as the first attack of the Nine Layered Heavens, collided with Ancient Devil and Blood Demon!

With an explosion, the first layer of the Nine Layered Heavens was smashed to smithereens. The momentum of the Ancient Devil Blood Fury Skill was also slightly blocked!

From their first clash, it was hard to tell who was stronger and who was weaker. Only when the two of them had fought to the end could it be seen whether the Ancient Devil Blood Demon or the Nine Layered Heavens were stronger!

However, at this moment, something shocking happened!

At this time, Long Shan let out a wild laugh. After destroying the first layer, his Absolute Killing Nine Heavens exceeded everyone's expectations and deviated from its original direction. Under Long Shan's control, he rushed towards Zhao Danchen!

How could it be easy to explode with the ultimate speed of the fourth stage of the Earth Martial Stage?

Under this kind of situation, Long Shan's Nine Heavens of Absolute Killing, instantly appeared in front of Zhao Danchen!

The remaining eight gigantic Divine Dragon images instantly pounced in front of Zhao Danchen's eyes!

And the Ancient Devil's Corpse, had been left behind by Long Shan!

At this moment, no one could have imagined that Long Shan would actually use such a desperate method. His goal was not the Ancient Devil's Corpse, but rather Zhao Danchen!

Zhao Danchen, who was originally laughing proudly, would probably be stunned this time!

The reason why Long Shan had fought with the Ancient Devil's Corpse for so long was simply to attract the attention of the masses and to completely ignore the possibility that he might attack Zhao Danchen.

Although Zhao Danchen had used the Ten Thousand Year Earth Core Milk to reform the severed arm that was destroyed by Long Chen, he was only at the third stage of the Earth Martial Stage.

On the Martial Alliance's side, all the Martial Kings revealed an expression of extreme shock. Zhao Wuji had just lost his life, if Zhao Danchen had died, the Martial Alliance would have been finished no matter what.

On the other side of the dragon clan, everyone had a pleasantly surprised look in their eyes. In truth, Long Shan's actions were the most suitable to solve the current crisis. As long as Long Shan succeeded, then the matter today might be resolved.

Ever since they offended Zhao Danchen in front of the Ancient Devil Region, everyone knew that a crisis like today would come one day. Today, the only difference was the situation.

The crazy Long Shan, who had exhausted the last bit of his True Origin, only wanted to kill the young man in front of him!

He was confident!

He could clearly see that within Zhao Danchen's eyes, there was a trace of panic!

"Take advantage of this opportunity." If he could kill Zhao Danchen, Long Shan would die without regrets.

Right at this moment, the panic and panic in Zhao Danchen's eyes completely disappeared, and replacing it was indeed a cold laugh. His lips moved slightly, and he said a few words.

These words, to Long Shan, were like a bolt out of the blue!

He said, "Idiot, you've underestimated me!"

At this time, a dense amount of True Essence erupted from Zhao Danchen's body! That kind of aura, was definitely not something that a third stage Earth Martial Stage could possess! Golden power appeared on Zhao Danchen's body, causing his entire body to shine with a golden light, as if he was a god that had descended to the mortal world!

The Nine Heavens of Absolute Murder appeared before Zhao Danchen's eyes at this time!

Just as everyone thought that Zhao Danchen was about to die, Zhao Danchen suddenly erupted with unprecedented strength. A pair of golden palms intersected and instantly formed a seal, and a gigantic word 'Wu' appeared in front of his eyes. Under Zhao Danchen's control, the Yellow Martial God Seal, with a might similar to explosion, instantly rushed at Long Shan!

This Yellow Martial God Seal, was practically the same as the Yellow Martial God Seal Martial Emperor had used back then!

The surrounding crowd of spectators cried out in alarm one after another!

"He actually reached the fourth level of the Earth Martial Stage, Zhao Danchen, is already completely qualified to become a new Martial Emperor!"

"From today onwards, we must be dead set on submitting to him!"

"He's already at the fourth level of the Earth Martial Stage at such a young age. Zhao Danchen's potential is much stronger than Zhao Wuji's.

Thinking about it here, everyone in Martial Alliance was extremely excited.

But for the dragon race, this was simply a nightmare.

He originally thought that Long Shan could kill Zhao Danchen, but with Zhao Danchen's strength, he had already surpassed Long Shan, how could Long Shan kill him at this time?

Despair filled everyone's heart.

To Long Shan, this was a complete tragedy. He had calculated everything, but didn't expect that Zhao Danchen's strength would increase to the fourth level of the Earth Martial Stage at this time. Long Shan had always looked down upon Zhao Danchen, because he was not Long Chen's match. Long Chen was the true genius in Long Shan's eyes, but now it would seem that Zhao Danchen being able to achieve what he had achieved today under the shadow of the Martial Emperor Zhao Wuji was also a formidable feat amongst men!

Even though Zhao Danchen had only made his move in a hurry, it was enough to deal with him. The power of his Yellow Martial God Seal, was able to directly force Long Shan to retreat!

The original Ancient Devil's Corpse also retreated back with a roar!

Honestly speaking, the Nine Heavens of Absolute Murder had exhausted the last bit of Long Chen's true essence. He could not squeeze out his own body anymore, otherwise, if the other party did not kill him, he would have to die first.

Using the force of the rebound, Long Chen retreated to the side for a long distance before finally managing to stabilize himself as he stumbled. This time around, his internal organs were already bleeding from the clash. At this moment, he couldn't control the corner of his mouth as well, and a trace of blood flowed out.

Zhao Danchen laughed out arrogantly.

Anyone could tell, the current Long Shan was not good enough. Forget about Zhao Danchen, any of the Martial Saints in Martial Alliance could kill Long Shan right now!

"A mere elder of the Long family, I never thought that in front of me, Zhao Danchen, he would be so pathetic. How could your Long family be an opponent of my Martial Emperor bloodline? From today onwards, as long as the Martial Emperor is present, your Long Family will never have a chance to shine!" Zhao Danchen's finger contemptuously pointed at everyone in the Long family.

Under his disdainful gaze, even Long Yue had to admit that this kind of Zhao Danchen was too powerless.

The opponent had the ability to completely suppress him!

Seeing that every one of them had a look of despair on their faces, Zhao Danchen felt extremely proud of himself.

It was the terrible defeat before the Ancient Devil Region!

That was the only time in his life that he had suffered a crushing defeat! Although it was precisely that tragic defeat that had caused the him of today, it did not mean that he had forgotten the shame from the past!

If he did not wash away that shame, he would remember it for the rest of his life! When people worshipped Zhao Danchen, they would also think of this big blemish in his life!

And now, Zhao Danchen had a strength that far exceeded what he was at the beginning!

Martial Emperor Rings, Martial Emperor Seals, and Ancient Devil's Corpse s, every single one of them were enough to instantly kill Long Chen. But where did Long Chen go?

His gaze swept across the crowd once, and under his control, the Ancient Devil's Corpse quickly arrived at a location ten meters away from Long Shan. As long as he controlled Long Shan, as long as he gave the order, the Ancient Devil's Corpse would immediately kill Long Shan!

Looking at the Ancient Devil's Corpse in front of him, Long Shan felt powerless. The true essence within his body was completely gone. All the blood vessels and organs in his body were now damaged. The fact that he was able to stand here and support himself proved that he was tough enough.

Everyone thought that Zhao Danchen would immediately kill Long Shan!

Long Yue and the rest could not hold it in anymore, and the time to fight to the death had finally arrived.

But Zhao Danchen was not in a hurry to make his move, he looked around and said: What? Long Chen, that cowardly turtle, still hasn't appeared even now?!"

A roar that shook the entire Warring Clan!

Long Chen!

This was Zhao Danchen's final goal!

This was also Feng Xuan's final goal in coming here. She had to find Long Chen first and then find his whereabouts. wind meridian was the second biggest thing she had to do in the Holy Martial Empire!

"Long Chen, why haven't you come out yet? I will make a river of blood flow here and bury a million corpses!" Zhao Danchen's angry roar once again shook the entire Warring Clan!

However, it was still silent.

Chapter 677 - The King's Return

"Since that's the case, then I will start first. I will start from big to small, then I will start from Long Shan!" Zhao Danchen's eyes swept across the ruthless light, he was someone who kept his words. Right after he finished speaking, he saw that there were no movements, he directly controlled the Ancient Devil's Corpse and rushed towards Long Shan!

The Ancient Devil's Corpse extended out her huge palm and struck it towards Long Shan's head. The Ancient Devil's Corpse's power was so strong that it could even break someone's brain!

However, on the Long family's side, even the strongest Long Yue would not be able to withstand the palm from the Ancient Devil's Corpse!

The strength of the other side was too much for them to handle!

"Grandfather!" Zhao Danchen's way of speaking was very ruthless, it instantly caused a huge uproar within the Dragon clan. Long Yue and the others exclaimed, and immediately pounced towards the direction of the Ancient Devil's Corpse, the scene immediately became chaotic. Looking at this scene, Zhao Danchen sneered. The Martial Saint Martial Kings behind him all clenched their fists, giving the Martial Alliance the right to do a meritorious service. It was already time for them to do a meritorious deed for Zhao Danchen.

Not only Long Shan, even everyone here, as long as they were not from the Martial Alliance, would die!

"Long Chen, I want to see if you can still come out after I kill everyone here!"

Zhao Danchen laughed crazily.

He knew that the Long Chen Long Chen Zhao Danchen that Zhao Danchen spoke of was not him. At this moment, he and Long Yue were the first to make a move, his own grandfather was in imminent danger, and even if they had to pay the price with their lives, they could not just stand by and do nothing!

But so what? It was just an increase in casualties.

In this chaotic battle, the Martial Alliance held the absolute advantage, to the point where even Zhao Danchen and the Ancient Devil's Corpse, these two absolute experts, stood guard over the chaos.

Despair was written all over their faces. They knew that there was no retreat, and that would only be death, so they decided to fight with all their might. Even though they were at such a disadvantage, they still dared to directly attack the Martial Alliance, which showed that they were not afraid of death in their hearts!

Even if they were to die, they would have to pay the price!

Amongst them, Long Shan was the one facing the greatest danger. The Ancient Devil's Corpse would be able to kill him in the next moment, but their lack of True Essence made it difficult for him to do anything.

Helplessly, his heart was filled with helplessness!

When he came out of the nine nether regions, he thought that he could do some things for his own juniors.

After being unable to resist, Long Shan closed his eyes and waited for death to come.

Seeing this, Long Yue and the others' eyes turned bloodshot!

"Stop, Zhao Danchen!" Suddenly, the ground exploded with such a loud roar!

Everyone present was really dazzled by the loud shout. Their ears were slowly filled with the sound of explosions. Even at that moment, they had lost their sense of hearing!

This voice, had originally come from far away, but after Zhao Danchen finished saying the word 'dust', the voice had already sounded as if it was right in front of him!

Zhao Danchen was shocked, and immediately looked towards the south!

This voice, was of course incomparably familiar to him, because this was Long Chen's voice!

That's right, it was Long Chen! In Zhao Danchen's field of vision, the figure of a young man suddenly rushed out from the dense forest. He swung a weapon in his hand, and like an arrow, it instantly rushed to the front of the Ancient Devil's Corpse and nailed it onto its arm!

Although it could not cause any damage to the Ancient Devil's Corpse, Long Chen's attack did cause the Ancient Devil's Corpse's original palm to deviate from its original trajectory. It brushed past Long Shan's body and did not harm Long Chen.

In an emergency moment, Long Chen used his precise control of his power to save Long Chen. His speed was extremely fast, and adding that Zhao Danchen did not continue to command the Ancient Devil's Corpse, Long Chen instantly rushed to Long Shan's front to rescue him!

The current Long Shan was already on the verge of death.

"Everyone retreat!" After handing Long Shan over to Long Yue, Long Chen had the demeanor of a leader, and directly pulled everyone who was prepared to go all out back. The distance between the Martial Alliance and the dragon race slowly widened under Long Chen's control.

When the Martial Alliance warriors, who were originally rubbing their hands together, saw Long Chen coming over and interrupted the battle that was about to erupt, they were extremely depressed. Amongst them, there were even a portion of people who had never seen Long Chen's face before, so they didn't recognize him yet!

The only two people who were staring at Long Chen intently were Zhao Danchen and Feng Xuan!

After seeing his opponent, Zhao Danchen was so excited that he forgot to kill Long Shan. In his heart, Long Shan was just an old trash, and Long Chen was the shame of his words. After Long Chen appeared, there was only Long Chen left in his world!

Even if Long Chen saved Long Shan, Zhao Danchen did not have much of a reaction. He stared fixedly at Long Chen, his eyes filled with a deep hostility.

As for Feng Xuan, who was at the side, she also moved a few steps, sizing Long Chen up from top to bottom.

As for the rest of the Martial Alliance, Zhao Wuji did not issue any orders yet, so they did not dare to make a move.

Just like that, Long Chen chased the Dragon Clan to the back, after hearing from Scarlet Soul that the Martial Alliance would attack the Warring Clan, he immediately rushed over with his fastest speed, he did not expect that this would happen, luckily he was in time, if not, this would definitely become a huge tragedy.

If it was a day in the evening, there would definitely be rivers of blood here.

At that time, it would be too late for Long Chen to regret.

After seeing that it was Long Chen, everyone's feelings were mixed. They were very happy that the missing Long Chen had returned safely, but he really did not come at the right time.

"Seventh Brother, why did you come back at this time?" "Today, we will all die here. You should conserve your strength, and in the future, you will be able to avenge us. Now that you have returned, we will all die here," the usually calm and collected Long Yue had already lost control of herself as she said this in a flustered voice.

"Yeah, Seventh Brother, how did you get here at this critical juncture!" You have great potential and could have avenged us in the first place. But now, we have all fallen here. " The other brothers and sisters also had expressions of regret on their faces.

That was, Long Chen was still alive, and would definitely not be let off lightly in the future. But now that he had returned, with the hatred Zhao Danchen had for Long Chen, how could he not kill Long Chen?

It was obviously impossible!

If Long Chen didn't come back, that would be fine, but if he died, that would be fine. But if Long Chen came back, all of them would be even more dejected, and they would have their only hope left. Looking at the young Seventh Brother, everyone's heart was filled with bitterness.

Even Zhao Danchen has reached the fourth stage of the Earth Martial Stage. This time, I'm afraid that our entire army will be annihilated. " Long Shan, who was the strongest, shook his head and said. His injuries were getting worse, and even with the treatment of the medicine, he would not be able to live much longer.

Everyone surrounded Long Chen and spoke out with regret.

Long Chen frowned. He did not listen to such regretful words. He looked at Zhao Danchen, and sure enough, Zhao Danchen was different from before.

When Long Chen reached the third stage of the Earth Martial Stage, he once again stepped forward, reaching the fourth stage of the Earth Martial Stage, which was one level stronger than the current Long Chen!

In addition to the other battle support, no wonder they said that everyone would definitely die this time.

Long Chen didn't think that they were cowardly. In front of absolute strength, it was normal for them to be in such a state of mind. They were not afraid of fighting to their deaths, but if they could not make the Martial Alliance pay the price, dying was not worth it.

Long Chen's return had caused the aura of the dragon race to drop quite a bit.

Originally, this group of people wanted to risk their lives, hoping that Long Chen would take revenge. But now, Long Chen had come to throw away his life?

Indeed, when Long Chen appeared, the gazes of Zhao Danchen and Feng Xuan were completely attracted to him alone.

"Long Chen, come out! In front of the Ancient Devil Region, I, Zhao Danchen, have lost to you, and this time, I will let you experience what a true genius is!" Zhao Danchen coldly said as he contemptuously pointed his finger at Long Chen.

"You want to turn the tables in front of me with this kind of trash?" Long Chen laughed, and then turned and walked towards Zhao Danchen's direction, in a relaxed and nimble manner, shocking everyone. Long Yue immediately pulled Long Chen back and said anxiously: "Seventh Brother, we'll protect you. You have great potential to escape, you'll take revenge for us in the future, what do you say?"

The others all agreed with him.

Long Chen laughed bitterly, he shook his head and said: "Before the battle, you ran away, leaving your brothers and sisters behind, how could this be my, Long Chen's style? Do you want me to be someone who goes back on my word and dares to live in vain? "

Seventh Brother, don't think like that, it's enough for us to die here. You are the most suitable candidate to take revenge for us. The others said in unison.

After Long Chen heard this, he fell silent for a while. Then, he suddenly smiled lightly, lightly pulled Long Yue's arm away, and said.

After he finished speaking, he turned around and walked in the direction of Zhao Danchen. After a long while, he could only say powerlessly: "Seventh Brother's temper is still so bad, how can we persuade him?"

Everyone was helpless.

"Perhaps, but believe him for a bit. In any case, those impossible things were all done by him." Lan Ling'er said. She was close to Long Chen in terms of age, so they got along quite well.

Everyone could only nod and wait for the situation to take a turn for the better.

Long Chen was alone, facing the gigantic group of Martial Alliance, fearlessly, he even had a relaxed smile on his face, his gaze sweeping across the surroundings, and finally stopping on Zhao Danchen and Feng Xuan's bodies.

Chapter 678 - Ghost Tooth Poison Ants

Zhao Danchen laughed cruelly and was about to attack, but Feng Xuan gently pulled him back and said: "I want to ask about some information first."

Zhao Danchen knew what she wanted to ask, so he nodded.

Thus, Feng Xuan raised her proud head and said: "Kid, before you die, tell me, where did you hide that girl Huangfu Qi?"

Long Chen laughed involuntarily, and said: "Aren't you talking nonsense? I saved her from your hands, and now this daddy is telling you where I hid him. Do you think this daddy is an idiot, or do you think I am a complete retard with a big chest and no brains? "

Feng Xuan's eyes were completely red from his words.

She refused to believe that under such a situation, Long Chen would still dare to taunt her without fear of death!

He was clearly on the verge of death, what else did he have to rely on?

Feng Xuan forcefully suppressed the anger in her heart. For Huangfu Qi's sake, she could endure it once more, and so she said angrily, "Let's make a deal. I, Feng Xuan, will keep my word.

Once those words were said, the people of Martial Alliance were annoyed, especially Zhao Danchen, who looked at Feng Xuan coldly, that gaze was simply like the edge of a sword, filled with sharpness. However, his eyes did not scare Feng Xuan, in the end, Feng Xuan was still an expert at the fifth stage of the Earth Martial Stage!

She had the qualifications to say that, and did not give Zhao Danchen face!

The reason why Zhao Danchen did not fight with Feng Xuan was because he understood Long Chen's personality!

Long Chen was someone who was even more arrogant and haughty than him, how would he agree to what Zhao Danchen had said?

Long Chen laughed, then said: "I can accept this trade, but I have a condition, if you fulfil this condition, Huangfu Qi, I will offer it up with both hands."

"What condition?" Feng Xuan asked.

"You killed Zhao Danchen, gave the Ancient Devil's Corpse to me, and I offered Huangfu Qi up with both hands. What do you think?" Long Chen said while laughing.

Not to mention the Dragon Clan, every single one of them looked at Long Chen with fear in their eyes. The people of the Martial Alliance, who dared to speak to Long Chen in such a manner and provoke them in front of the two great Rankers, were not confused at all. This kind of attitude was not something that the average person would have.

To be honest, if Long Chen was speaking the truth, Feng Xuan really would think about it. But Long Chen this brat, just by looking at him, he was extremely cunning, even if Feng Xuan were to kill Zhao Danchen, he would probably not give her anything.

Of course, Feng Xuan had guessed it right, even if she killed Zhao Danchen, he would not hand him over.

Familiar with Long Chen's personality, so Feng Xuan did not want to take this risk.

Zhao Danchen looked at Feng Xuan warily. Long Chen was really too cunning, he was a little worried that Feng Xuan would make a move against him while she was still a little worried.

Fortunately, Feng Xuan was not fooled, she frowned like a willow leaf, and said: "Looks like you don't have the sincerity to make this deal, think about it, if you don't agree, not only you, but the entire Warring Clan, and the entire Dragon race, there won't be a single person who can live on, blood will definitely flow like a river here. "Don't force me to make a move."

Feng Xuan had already pressured Long Chen, and at the same time, she had also pressured the people behind Long Chen.

However, none of the Dragon Clan members were willing to betray their friends for their own lives!

Long Chen made such a group of friends, he felt that he was lucky, and did not complain nor regret! Everyone's eyes landed on Long Chen. They wanted to see how Long Chen had decided.

Long Chen didn't hesitate for even a moment. He stretched out his finger, pointed at Zhao Danchen, Ancient Devil's Corpse, and even Feng Xuan, and said indifferently: "The three of you, are you going to attack together, or will you attack one at a time, or will you attack with every two?"

At first, everyone was stunned by these words, as they did not understand what he meant. However, after they did, their jaws dropped to the ground.

One at a time, or one at a time, or two at a time?

Everyone was speechless. Zhao Danchen, the Ancient Devil's Corpse he controlled, and even Feng Xuan, every single one of them were able to easily kill Long Chen.

Frankly speaking, it was just a joke.

The people from the Martial Alliance all started laughing.

Only Zhao Danchen did not laugh.

The delay just now, when faced with his former enemy, Zhao Danchen had already been unable to hold it in. In a defeat in front of the Ancient Devil Region's gate, his arm had been torn off by Long Chen.

And now that the opponent was right in front of him, Zhao Danchen couldn't resist for even a moment!

Only by killing Long Chen with his own hands and tearing apart every single part of his body would Zhao Danchen be satisfied!

"I'll do it!" Zhao Danchen roared in rage, and landed heavily on the ground one step at a time. The sound of his heavy footsteps caused the earth to rumble!

He did not even want to control the Ancient Devil's Corpse, he only wanted to kill Long Chen with his own hands!

Facing Zhao Danchen who was at the fourth stage of the Earth Martial Stage, the Dragon Clan did not want Long Chen to take action, but with Long Chen's stubborn temper, they could do nothing but resign themselves to fate, and hope that a miracle happened!

Gold energy circulated around Zhao Danchen's body, and he stood in front of Long Chen like a golden war god. But Long Chen's body was extremely ordinary, to think that a body like this, would actually be able to stand firmly under Zhao Danchen's threat, and not even change in expression.

"You?" Long Chen snickered. It did not seem like he took Zhao Danchen seriously.

"Is there any use in using words here? Long Chen." Zhao Danchen's eyes were cold as he said indifferently.

"It's useless. Let's end the battle quickly." After Long Chen finished speaking, he had already started to transform into the Dragon Soul Transformation. This battle today, was unavoidable. He would let Zhao Danchen know that he, Long Chen, was someone who would never be able to cross such a peak in his entire life.

In everyone's eyes, Long Chen's cool Dragon Soul Transformation seemed to be even more terrifying than Zhao Danchen's Golden Battle Body.

On the Dragon Clan's side, Long Yue, Jiang Wuya, Lei Zhen and the others were discussing.

"Big Sis, do you think Seventh Brother will be a match for Zhao Danchen?" Jiang Wuya said with a heavy expression.

"Zhao Danchen has already reached the fourth level of Earth Martial Stage, I hope Seventh Brother can still hold on for a while. From the looks of it, the news regarding Martial Imperial City should be arriving here soon."

"Amongst us, fifth brother Chi Ying has the fastest movement technique. She should have carried out this mission a few days ago, when Zhao Danchen and the others left the Martial Imperial City, he had already succeeded. If that news came, Zhao Danchen would have definitely returned to the Martial Imperial City in a hurry!"

"Tens of thousands of Ghost Tooth Poison Ants are my last trump card. They were left to me by my master years ago. If I were to place them in the Martial Imperial City, it will cause a lot of trouble, but it will also harm a lot of ordinary people," Lan Ling'er said with a somewhat sad expression.

Sixth sister, don't blame yourself. In order for us to escape this crisis, we can only use this method to surround Wei and save Zhao, and the Ghost Tooth Poison Ants are not easy to deal with, and all the powerful people have been brought here by Zhao Danchen, I hope that after hearing this news, Zhao Danchen will rush back. He has just become the Martial Emperor, he doesn't want his subordinates to disappear! Without the Martial Alliance's law enforcement team, how could the Martial Alliance control the Holy Martial Empire? "

Previously, they had already roughly known that Zhao Danchen would attack the Warring Clan, so they executed a plan to place the demonic insect, Ghost Tooth Poison Ants, that Lan Ling'er had raised into the gathering area of the law enforcement team in the Martial Alliance. Because they had congratulated Zhao Danchen on becoming the new Martial Emperor, among the many law enforcement team leaders in all of Holy Martial Empire, there were quite a few who had returned to the Martial Alliance.

Although the Ghost Tooth Poison Ants were useless to the strong, a martial artist with profound strength was a nightmare!

This kind of thing, Lan Ling'er usually did not take it out, so Long Chen did not know about it.

And at this time, they could only hope that Long Chen could hold on for a little longer, until Zhao Danchen heard the news and returned to the Martial Imperial City!

After Long Chen transformed into the Dragonsoul Transformation, Zhao Danchen could not help but take action.

An enormous aura came from Long Chen's body, and this made Zhao Danchen guess, could it be that Long Chen's strength had improved yet again?

"Impossible, he's only at the second level of Earth Martial Stage." Zhao Danchen laughed in his heart. At this time, the golden energy had penetrated his entire body, and the blazing temperature of his body, made him look like a sun!

He had just reached the fourth stage of the Earth Martial Stage, although he was still slightly lacking when compared to the Martial Emperor.

The humiliation from last time, this time, it was washed away!

He continuously wanted to break Long Chen's arm, and he also wanted to make Long Chen live a life worse than death!

This was the most brutal form of revenge!

Zhao Danchen's eyes flashed with a blood-red light.

He took two steps forward, and with a cold laugh, his body suddenly transformed into a golden arrow, shooting towards Long Chen!

The fist in his hand instantly cut through the air, causing intense friction sounds to ring out. When it arrived in front of Long Chen, the golden fist contained a strong power!

The fourth stage of the Earth Martial Stage, coupled with Zhao Danchen's Golden Body, was a simple attack, yet it had such an attack power!

Zhao Danchen, like the tide of a huge wave, crazily rushed over!

As for Long Chen, he was like the most sturdy rock by the sea, unmoving while facing the wind. When Zhao Danchen was making his move, he stood still and closed his eyes, then slowly threw out a punch with his hand. This slow punch contained Long Chen's greatest comprehension towards the Earth Martial Stage, which he gently threw out with his fist.

Golden and crimson fists clashed in the air!

Bang!

The golden light exploded, and the bloody light dispersed.

Long Chen and Zhao Danchen both took a few steps back.

This was a battle of pure strength. However, the outcome was clearly out of everyone's expectations.

Zhao Danchen had a Golden Battle Body and was even at the fourth level of the Earth Martial Stage. How could Long Chen use a simple punch to break Zhao Danchen's overwhelming punch?

Chapter 679 - Repelling Zhao Danchen

In their first confrontation, there were no one-sided results that they had expected. This caused everyone to be extremely shocked. was able to block one of Zhao Danchen's attacks, they had thought that it was because Zhao Danchen had gone easy on him.

Only Feng Xuan, Long Shan and the others who had a deep cultivation could see that Zhao Danchen had actually used all of his strength in his previous punch, but even so, he did not manage to defeat Long Chen. Zhao Danchen had even used up a lot of strength, but Long Chen had easily pushed him back.

Everyone's hearts were still clenched tightly.

"How did this kid's strength increase so much?" Behind Zhao Danchen, Feng Xuan's face that was covered by a veil, revealed a shocked expression. The rise in Zhao Danchen's strength had already made him extremely uncomfortable, but why did Long Chen's strength seem to be so much stronger than his back then?

"Also, although he is not at the fourth stage of the Earth Martial Stage realm like Zhao Danchen, his comprehension towards the martial realm is even more solid.

Before this, Feng Xuan had always thought that Long Chen was a young man who only knew many tricks and even a mysterious escape technique, but who would have thought that the current him would actually have such fighting strength!

It was only the first time that Feng Xuan took Long Chen seriously.

At this time, Zhao Danchen had already begun his battle with Long Chen again.

For the first time, everyone thought that Zhao Danchen was deliberately letting them off so that he could test Long Chen's strength.

However, they were obviously wrong.

From the very beginning, Zhao Danchen's gaze was filled with pride and contempt, to the first battle, it had turned into astonishment and doubt. The power that surged out from Long Chen's body before was not any weaker than the current him. Could it be?

"Your strength has increased?" Zhao Danchen lowered his voice and said gloomily.

"What do you think?" Long Chen said indifferently. With a provocative gaze, he looked at Zhao Danchen and said: "I've already said it before, my underhanded defeat will forever be my underhanded defeat!"

"Impossible!" Zhao Danchen roared!

Ever since he had broken through, what he wanted to do the most was to defeat Long Chen and wash away the shame! But this opportunity was right in front of his eyes. Zhao Danchen did not believe that even though he had risen to this level, he was still not Long Chen's match! Long Chen's origin was not yet qualified to become his mortal enemy!

After he finished this roar, Zhao Danchen's fist started to burn with a flickering gold light!

"Golden God Fist!" This move once again gathered all of the power in Zhao Danchen's body. With a flash of golden light, the thick and powerful fist force, able to topple mountains and overturn the seas, instantly appeared in front of Long Chen. It was like a golden mountain, suddenly pressing down towards Long Chen!

This time, it was Zhao Danchen who took the initiative to attack!

The power of this punch, when unleashed with the full might of the fourth stage of Earth Martial Stage, was far stronger than before!

In a true battle, the difference in strength between the two of them would soon be revealed.

However, what shocked everyone was that Long Chen's expression was still very calm. No one expected that Long Chen would appear in front of them in such a state. He looked at Zhao Danchen's attack with a dark face, his eyes filled with calm!

RUU...!

Under the effect of the Golden God Fist, the air exploded again and again!

Zhao Danchen's attack was countless times more powerful than his Golden Divine Fist previously. Back then, when Zhao Danchen used this fist, he had broken through it with Dark Dragon Breaking Heaven, who had directly used the Soulcatcher claw on Long Chen!

This time, Long Chen used the same trick and used the Soulcatcher claw's Five Dragons Breaking the Heavens once again. Immediately, the five blood-red divine dragons roared crazily and charged towards Zhao Danchen's Golden God Fist, striking against each other with their claws and fists, producing an intense sound in the air!

BOOM!

Long Chen's paw print contained a terrifying power. The claw slashed on Zhao Danchen's fist, and even if Zhao Danchen had the Golden War God, his hand still had a few deep wounds from Long Chen's violent fist force. Long Chen was also sent flying backwards!

Wow!

On the side of the Martial Alliance, a clamor sounded out, they watched as Long Chen was flung out.

But in the next moment, they were stunned again, because they had seen Long Chen execute a mysterious movement technique. It swayed in the air like a willow leaf and easily deflected the might of Zhao Danchen's move, allowing Zhao Danchen to completely attack empty air.

However, anyone could see the glaring bloody wound on Zhao Danchen's hand. At this time, the wound was still dripping with blood, but with Zhao Danchen's Golden Battle Body's powerful recovery rate, the wound was healing at a speed visible to the naked eye, and after a while, he would probably be completely recovered.

A Golden Battle Body at the Innate Realm was much more powerful.

The confrontation this time made everyone fall silent.

They originally thought that Zhao Danchen had easily taken care of Long Chen, but they never thought that such a situation would actually happen. When Zhao Danchen reached the fourth stage of the Earth Martial Stage, not only did he not ravage Long Chen, he had even let Long Chen gain the upper hand in battle!

When did Long Chen become so strong?

Everyone had a sense of disbelief in their eyes.

Long Chen's rise was just too fast, and every rise gave everyone a pleasant surprise. This time, everyone started guessing, could it be that Long Chen's strength had increased?

If it was with his previous strength, he would definitely not be Zhao Danchen's match. Now that he was able to suppress Zhao Danchen a little, it was enough to say that Long Chen definitely had made a huge progress in this less than a month!

Zhao Danchen also completely believed it. He was not the least bit discouraged, but on the contrary, his heart became even more crazed.

When he had previously reached the fourth stage of the Earth Martial Stage, he had not placed Long Chen in his eyes at all. But now, he finally understood that Long Chen was still an opponent that was extremely difficult for him to deal with, one that was difficult for him to overcome in his entire life!

Looking at Long Chen's expression which completely disregarded him, Zhao Danchen was furious.

He did not know why, ever since he became a Martial Emperor, he had always reminded himself that he needed to train his body and mental state, to restrain his impulsiveness. But now that he had met Long Chen, the warning from before was completely swept away, and what he wanted to do the most now, was to hack Long Chen into pieces!

However, he had the feeling that Zhao Danchen had lost to him before, but now, everyone had increased by another level. Didn't that mean that Zhao Danchen would still lose to him? From the battle just now, Zhao Danchen had this premonition, unless he were to put his life on the line and use the Martial Emperor's Ring, the Martial Emperor's Seal, and even the Ancient Devil's Corpse to join forces to attack Long Chen!

Only by using his finishing blow, would Zhao Danchen be able to deal with Long Chen.

However, what if Feng Xuan was here? If he and Long Chen were to fight to the death and Feng Xuan took all the benefits, what would she do?

For a moment, Zhao Danchen once again began to quickly ponder.

"With regards to little friend Long Chen, right now, we should be able to take care of him, unless he uses the Martial Emperor's Ring." Long Shan said in surprise after looking at it for a while.

"In other words, he has leveled up again?" Long Yue clearly remembered that it was he who had led Long Chen into the Earth Martial Stage, and now that Long Chen had reached the third stage of the Earth Martial Stage, she, Long Yue, was still stuck at the third stage.

On the journey of cultivation, the higher one went, the harder it would be to progress, but Long Chen seemed to be a freak. His speed towards the cultivation of the Martial Realm was faster than Long Yue and the others could imagine.

"Seventh brother is truly a heaven-defying monstrous genius! Only he can be described as such!" The few of them looked at each other and smiled helplessly.

Of course, they wouldn't be able to relax, after all Zhao Danchen was at the fourth stage of the Earth Martial Stage, and he had the Martial Emperor's Ring and so on. If Zhao Danchen risked his life, it would probably be an earth-shattering battle, and this time, Long Chen didn't have much hope of winning!

After Zhao Danchen became the Martial Emperor, it could be said that he completely replaced the old Zhao Wuji.

Just as everyone was discussing, a Martial King suddenly went up and whispered a few words into Zhao Danchen's ears. Zhao Danchen's expression changed, and looked in the direction of Long Yue and the others with a snake like gaze, and said: "Did you set those Ghost Tooth Poison Ants in Martial Imperial City?"

The news finally arrived.

Long Yue and the rest relaxed a little. Now it was time to see how Zhao Danchen decided.

"So what if I am? If you want to kill us, you have to be prepared for the enforcement team of the Martial Alliance to be completely bitten to death by the Ghost Tooth Poison Ants. " Long Yue said indifferently.

Her words were within Zhao Danchen's expectations.

"I originally wanted to take this opportunity to get rid of Warring Clan and the Long family, but now that the old man from the Long family is crippled, there's an extra Long Chen. Long Chen is my archenemy, and now that the Martial Emperor is attacking me like a poisonous ant, there's some trouble in killing this Long Chen, so I can avoid fighting for him. If Long Chen and Feng Xuan want to fight over the ancient tombstone token, let them fight each other, and then I'll fight for the benefits of being a fisherman!"

Thinking about it here, Zhao Danchen had already made a decision in his heart.

When he realized how strong Long Chen was, he forced himself to wake up.

Scanning across the dragon race, Zhao Danchen coldly said: "This encirclement to save Zhao, is indeed not bad. Today, I will let all of you escape with your lives, but, the next time I, Zhao Danchen, come, it will definitely be the day of your death!"

In the end, his gaze landed on Long Chen.

This gaze, cold and cruel, could be considered as a provocation towards Long Chen.

After he was done, Zhao Danchen was extremely relaxed, he took the people from the Martial Alliance and angrily left the place, and only Feng Xuan was left standing.

Feng Xuan and Zhao Danchen were both cunning people, they were not willing to use their own strength to allow others to take advantage of them. Since Zhao Danchen was able to endure the hatred and walk away so easily, of course Feng Xuan had not thought of making a move. It could be seen that the strength that Long Chen had displayed was not at all inferior to Zhao Danchen's.

Chapter 680 - Promise

"Since you don't want to say where Huangfu Qi is, I won't force you, but you have to be careful, this Holy Martial Empire is so big, how long do you think you can hide a person for?" After he finished speaking, Feng Xuan also left following Zhao Danchen's footsteps.

The crisis had finally passed.

Long Chen didn't know the exact details of the plan to surround Wei and save Zhao, but he could still guess roughly what it was.

He had thought that he would have a fight to the death with Zhao Danchen today, but never would he expect that Zhao Danchen would leave first. Long Chen just so happened to be able to heave a sigh of relief, considering that he was not at his strongest yet. He still had his Desolate Divine Seal s to cultivate well, and the big help that the little wolf was giving him had yet to wake up from his slumber.

Zhao Danchen did not make a move today, and thought that he could let Long Chen fight to the death with him. However, he did not expect Long Chen's idea to be this: After he had successfully cultivated the Desolate Divine Seal and then the little wolf woke up, he would go to the Martial Imperial City and fight to the death with Zhao Danchen!

As for Feng Xuan, she would leave him to last until the time to fight over the ancient tombstone token s before killing him.

These two people were definitely going to die!

After Zhao Danchen and Feng Xuan left, everyone still had a feeling of disbelief. This time, the only thing that survived was the same as last time, and this was all thanks to Long Chen!

In these two crises, Long Chen had single-handedly turned the tide, which resulted in his victory in the final battle!

At this time, everyone had surrounded Long Chen and was looking at him like he was a monster. Long Chen could only smile helplessly, and said: "Everyone, what's wrong? Have I become more handsome recently? Is it mesmerizing? "

"Fuck you!"

"Are you trying to tease girls? Why are you using it on your brothers?"

Everyone started to laugh and scold him.

The danger was finally over.

Everyone felt as if they had been separated for a lifetime.

"Let's go. Today, after escaping from such a calamity, we welcomed the return of a strong Ranker like Seventh Brother. It is a day of great celebration, for us brothers and sisters to have a drink and celebrate Long Chen's return!"

"Alright!"

The lively and happy atmosphere was filled here.

Very quickly, Warring Clan held a large bonfire party, and in it, Long Chen brought Huangfu Fengchen and the others out. He told Long Yue and the others about recent events, and after hearing that Long

Chen had actually experienced so much in such a short period of time, everyone was speechless. At this time, in their eyes, Long Chen had already become a monstrous character.

The bonfire party this time was extremely lively. The entire Warring Clan was celebrating, and there were even many programs, Warring Clan dances, and various types of beast-taming performances. They were all quite interesting, causing Long Chen to be dazzled.

This could be considered one of the biggest festivals in Warring Clan.

As for Long Chen, as the savior of the Warring Clan twice, he was obviously the one who was warmly received by the other party.

However, this was Long Chen's last time leaving the Holy Martial Empire, so after this, regardless of whether he had obtained the ancient tombstone token or not, Long Chen would always step onto the road to leave the Holy Martial Empire. And the brothers and sisters that he knew in the Holy Martial Empire, as well as Huangfu Qi, were all his most precious treasures.

Only by eliminating both Zhao Danchen and Feng Xuan in the Holy Martial Empire would Long Chen be able to leave this place peacefully, allowing his group of friends to live in the Holy Martial Empire peacefully.

This was the first time Huangfu Qi came to a place with so many people, and everyone was willing to accompany this cute little girl to play. Long Chen also joined Huangfu Fengchen with the few people from the dragon clan, although Huangfu Fengchen had lost his strength, everyone was still respectful to him, and Long Chen had also handed Huangfu Qi over to Long Yue.

At the end, it was rare for Long Shan, who had always been open-minded, to directly accept Huangfu Qi as his disciple. This way, Huangfu Qi's seniority would go to Long Yue and the others.

After settling Huangfu Fengchen's family, Long Chen was relieved. As long as Long Chen took care of Feng Xuan, Long Yue and the others, they would send people to help Huangfu Fengchen control the Huangfu Family and make him the Patriarch. Of course, that was only if Huangfu Qi arrived at the Earth Martial Stage as soon as possible.

The bustling night, Long Chen enjoyed life very much as he watched their happy expressions.

"If Xiao Xi was here, she would definitely be very happy to see such a lively scene." After drinking a little bit of the small wine, Long Chen thought in confusion.

"Seventh brother." Suddenly, Long Yue stood in front of him and called out.

When Long Chen raised his head, Long Yue had shoved a Qiankun bag into his hands.

"What is this?" Long Chen asked.

"Yellow Emperor Seal." Long Yue said directly.

"For me?" Long Chen asked in shock.

"If I don't give it to you, who else can I give it to? We all believe in you. If you succeed, the Five Emperor Prints will be yours, and if you fail, you should try your best not to let Zhao Danchen obtain the Five Emperor Prints. Can you? "

Long Chen nodded, and said: "I can guarantee that you all can rest assured that Zhao Danchen will not be able to obtain the Five Emperor Prints."

Long Chen rarely gave such a firm guarantee for one thing, so this way Long Yue could finally relax. She smiled lightly at Long Chen and said: "Tonight is so lively, what are you thinking about by yourself here?"

"Nothing." Long Chen laughed awkwardly.

"Then let's talk business." Long Yue sat down beside Long Chen, and looked at Long Chen somewhat seriously, and asked: "Seventh Brother, you should know, my grandfather's health was originally in a bad condition. After receiving three consecutive heavy injuries, he is basically no longer allowed to participate in the battle. And Zhao Danchen from the Martial Alliance, and Feng Xuan, they are both existences that are in grave danger and could exterminate us at any time. Even though we can escape today, we can still escape for a while, not for an entire lifetime. "

"Big Sis, what do you want to ask?" Long Chen said directly.

It was obvious that Long Yue had something to ask him.

Long Yue nodded his head, and said: "Our crisis, can only be solved by you, I just want to ask you, against Zhao Danchen and Feng Xuan, are you confident? "Tell me the truth, and I will need a definite answer before I can plan my next move."

Long Chen thought for a while, and then honestly said: "I am currently at the third stage of the Earth Martial Stage, and Zhao Danchen has the Martial Emperor's Ring and Seal, but I can be certain of one thing, even if you add the Martial Emperor's Ring and Seal, I should be able to fight against him, and even win against him. Of course, there is a prerequisite, that is, I am currently training a high level king level battle skill, as long as I complete it, I am confident."

What Long Chen said was the truth.

Zhao Danchen had the Martial Emperor Seal of the Ring Martial Emperor and so on, but he, Long Chen, had the various abilities of the Primordial Blood Spirit Dragon, and even had the ability to reverse the flow of time, fire of Golden Crow and so on, he was not weak either! In fact, if he was really in danger, Long Chen could even use a blood sacrifice!

Under the blood sacrifice, Zhao Danchen and Feng Xuan were not their opponent!

Of course, Long Chen would not choose to use his blood sacrifice until the very last moment. Right now, he was at the most critical juncture of his journey to the Archaic Graveyard, and the drop in strength would cause him to lose a lot of initiative, and once he reached the Earth Martial Stage, he did not know what would happen if he used his blood sacrifice, but rather, he did not know what would happen if his strength regressed.

Would he be able to completely remove the part about martial arts? Or would he be able to reduce his true essence without subtracting the growth of his martial spirit?

All of this was unknown, so for the time being, he could not take the risk.

"In other words, after a period of time, you will even have the strength to kill Zhao Danchen?" Long Yue's face revealed a joyful expression. This was the result she wanted to obtain the most. She knew that Long Chen was a very stable person and would not speak empty words on this matter.

"Zhao Danchen has the Ancient Devil's Corpse, the Ancient Devil's Corpse is only a combat machine that can only use physical strength, as long as I can suppress it in terms of strength, it won't be hard to deal

with it. Even if it and Zhao Danchen attack me together, I am not afraid. In regards to Zhao Danchen, Big Sis, you don't need to worry. " Long Chen was confident enough in himself.

He didn't exaggerate and only calmly said.

Long Yue still could not believe it. She subconsciously felt that Zhao Danchen was just too strong, but Long Chen was so sure that she could relax a little. However, she also thought that with Long Chen's personality, she shouldn't be the type of person who would brag.

To be honest, the pressure in Long Yue's heart was quite large.

"As for Zhao Danchen, I'll leave that to you, but what about Feng Xuan?" Long Yue clenched her teeth, and still chose to believe in Long Chen. If Long Chen truly had such power, then her plans for the future would be much simpler.

"Feng Xuan?" Long Chen frowned, thinking back to her performance outside Martial Imperial City City.

"The fifth stage of the Earth Martial Stage, and also from the The Heavenly Wind Holy Dynasty, is indeed not simple. However, Big Sis, do you still remember Little Wolf? " Long Chen raised his head, and said to Long Yue.

"Your demon beast? Where is it? " Long Yue asked.

"The wolf cub is currently on the verge of breaking through to the king level four. If he really reaches the king level four, I think it's still possible for the two of us to work together to deal with Feng Xuan." Long Chen said directly.

"king level four?" Long Yue inhaled a breath of cold air.

Who would have thought that the demonic beast that had just reached the King Level would be as terrifying as Long Chen!

To Long Yue and the others, Long Chen and his Goblin Beast were monsters amongst monsters. They had never heard of Goblin Beasts being able to level up, but Sun Devouring Demonic Wolf s were able to do it.

In Long Yue's eyes, Long Chen was a person filled with mystery. Covered in a thick layer of fog, no one could tell.

"If Little Wolf and I were to join hands, we probably wouldn't be afraid of that Feng Xuan, right?" Long Chen said.

This was also his own plan.

No one could deal with these two troublesome opponents anymore, as everything depended on him. By saying this, Long Yue would be able to relax a bit.

"Seventh brother, I believe in you. If that's really the case, my opponent won't be too scary, because you can block the highest power, and in the Martial Alliance, other than Zhao Danchen who is hard to deal with, we have enough people to deal with the rest, and Feng Xuan doesn't even have a single subordinate. As long as you can kill Zhao Danchen and stall Feng Xuan, we can take down the entire Holy Martial Empire!"
