

War God 751

Chapter 751 - Pure Snow

"Really?" Su Yan revealed a look of pleasant surprise, shining eyes staring at Long Chen.

"You do not need to know why my blood was able to restore you. You should know that you should be living in the Cyanwood Heaven City, right?" "After that, I will be going to live in the Cyanwood Heaven City for a period of time, just in time to help you heal your injuries. If you come to see me once every ten days, I will be able to fully recover after a hundred days.

"What conditions? I'll definitely agree to it!" Su Yan said excitedly. Not only did Long Chen save her, he was even willing to agree to live in the Cyanwood Heaven City. She escaped with her life, and naturally, she was extremely excited.

Seeing this excited little girl, Long Chen laughed helplessly. This little girl probably hadn't experienced any kind of suffering since she was young, and the matter this time really scared her to death. appearing here was like her last hope to save him.

If she met someone with ill intentions, she would probably be finished by now.

Long Chen said: "You have to promise me, you can't tell anyone, in the end, I used methods to save you, and if anyone asks, you said that you don't know anything, please don't tell anyone that I used blood to let you recover."

The reason why Long Chen said that was to prevent his blood from spreading out. If a few strong warriors knew, they would be curious, but if they were curious, they would directly dissect Long Chen, which would be a huge loss for Long Chen.

This condition was simply an easy task for Su Yan. She hurriedly nodded her head like a chick pecking rice grains, and said: "Alright, I understand. If anyone asks me, I will say that you are a mysterious alchemist!"

"Apothecary?" "What the hell is that?" Long Chen asked in shock.

"Big brother doesn't even know this?" Su Yan looked at Long Chen strangely. She was already completely familiar with Long Chen, so her personality had become more lively. Previously, she was very timid, but now that she had let go, she looked lively.

The elixirs that they refine will be several times stronger than the original materials by a dozen times. Every single Alchemist will be an extremely valuable asset of the nine great clans, oh, just like our Big Brother Situ Yu who is a famous alchemist in the Demon race! "I heard that powerful alchemists can use some simple elixirs to refine elixirs that can bring the dead back to life!"

Long Chen remained silent as he digested the words that Su Yan had said.

Long Chen had never heard of alchemist before, but hearing Su Yan's words, it seemed like it was very magical.

"Alchemists are extremely rare in the Realm of Myriad Kingdoms, but they can be found everywhere in the Three Great Imperial Domains. In the Three Great Imperial Domains, alchemists have already developed into a very system, and it is a very popular profession for martial artists. There are even many martial artists who train in some alchemy techniques! There were also many apothecaries who formed a powerful faction! Amongst them, the True Martial Emperor Domain has the most number of such alchemist! " At this moment, the kitten spoke lazily.

If he went to Three Great Imperial Domains, he would definitely meet an alchemist too.

During this time, Long Chen had heard a lot of things about the Imperial Domain from Little Cat. Firstly, there was the Soldier in the Imperial Domain of Sword Soul, which had a completely different system from the one in the Realm of Myriad Kingdoms. Then there was the one hundred thousand demons of the Desolate Imperial Domain, and now there was the matter of the alchemist.

Long Chen finally understood who the Three Great Imperial Domains was. They were the True Martial Emperor Domain, the Imperial Domain of Sword Soul and the Desolate Imperial Domain! Each of the Imperial Domain's territories were more than the tens of thousands of countries' territories combined within the Realm of Myriad Kingdoms. Moreover, among the Three Great Imperial Domains, the small universe was so densely packed that even some of the small universe's territories were able to catch up to a few dozen of the Imperial Domain's territories!

The total number of territories in the Three Great Imperial Domains was far more than Long Chen could imagine. Just the population of a single True Martial Emperor Domain would be tens of times that of a trillion people in Realm of Myriad Kingdoms!

After all, in the Imperial Domain, the little universe was everywhere.

"Big brother, you still haven't said it. Can I say that you are an apothecary?" Only an alchemist can be so powerful. With this miraculous method, I can recover from this kind of strange injury. " Su Yan looked at Long Chen with wide eyes.

Long Chen thought for a moment, then nodded: "Of course."

"That's great." Su Yan laughed happily. This time, she managed to escape with her life only to meet such a kind-hearted person like Long Chen. It had become incredibly tall.

"I snuck out this time. I reckon my dad and the others are worried sick. Big brother, can we hurry back?" Su Yan asked nervously.

It was about time.

Of course, the condition was that the fact that he had obtained the inheritance of the Sevenstar Monarch would not be leaked out. If this were to be leaked out, Long Chen was not sure if the Bai Lan would not act on his own account and because of Su Yan, since it was a part of the inheritance of the Sevenstar Monarch, and was extremely important to the clans of the nine great clans.

However, Long Chen had confidence in himself, so he would be safe for at least a hundred days. A hundred days was enough for Long Chen, so during these hundred days, Su Yan needed to feed her the dragon blood every so often.

With this backing, Long Chen was not worried that the Clan Leader of the Demon Clan, Bai Lan, would do anything to him. Furthermore, judging from Su Yan's words, this Bai Lan should have doted on her quite a bit, so he should definitely be a pretty good father.

According to a series of speculations, Long Chen had brazenly set foot on the journey to the Green Wood Sky City.

After her, Long Chen quickly approached the gigantic ancient tree. The closer he got to the tree, the more dazed Long Chen became. He realized that he had underestimated the tree before, and his huge size had even surpassed Long Chen's imagination.

Looking at Long Chen's stupefied expression, Su Yan slyly smiled and said, "Big brother, you're also surprised. Seems like this is the first time you've come to the Greenwood Sky City, and the first time you've seen this city, I was also frightened. How could there be such a big tree in this world.

In front of him was an endless wall, the trunk of an ancient tree.

When Long Chen raised his head, he discovered that his entire person was within the world of the tree. Metal, wood, water, fire and earth. In the Five Great Regions, the liujin region was formed entirely of steel, and this Greenwood Region was filled with ancient trees.

"We'll be there soon." Su Yan turned around and smiled.

Long Chen nodded his head. Suddenly, his Spirit Devouring Demon Pupil saw a lot of people rushing over from within the city, so it could not be said that they were rushing over. These people were searching in all directions, shouting, and should be looking for something.

Vaguely, when Su Yan heard the sound of shouting, she revealed an excited expression and said to Long Chen: "Big brother, they're looking for me!"

Amidst the cheers, a group of people swarmed towards Long Chen's direction. Long Chen took a look, these people were either dressed in black or purple, and these people, were from the Demon and Thunder Clansmen groups.

The main forces of the Demon race and the Thunder Clan were both living in the Verdant Wood City.

"Yan Er!" With a light shout, Long Chen looked towards the person in the lead. This voice came from a young lady, and currently, among the group of people, the one charging in the very front was a woman who was probably a little older than Long Chen, but whose strength made Long Chen slightly fearful. From this woman's body, Long Chen actually felt that he seemed to not be weaker than Wu Guangyu.

If it wasn't Earth Martial Stage Level 8, it would be Earth Martial Stage Level 9. Moreover, it was very likely that it was Earth Martial Stage Level 9.

"This is my sister, Sanxue. She's amazing, she's a warrior at the ninth stage of the Earth Martial Stage! Among our Thunder Demons, my sister is the most powerful. " Looking at the lady running over, Su Yan revealed a smile and said.

Sure enough, it was as Long Chen expected.

When he looked carefully, this appearance that was called Pure Snow was extremely similar to Su Yan. The two of them were practically carved out of the same mold, but compared to Su Yan, her sister was completely grown up and looked extremely beautiful. With her graceful body, her elegant face had a tinge of charm, and although her appearance was similar, she was still much more attractive than Su Yan, the little girl.

If these two sisters were able to marry and bring home both of them, how beautiful would that be ...

Of course, Long Chen only thought about it casually.

At this moment, Su Xue quickly arrived in front of Su Yan. She nervously hugged her sister, pressed her shoulder and looked at her for a long time, then realized that this girl was fine, she scratched her nose and said angrily, "You mischievous brat, where did you run off to this time? You made us worry for such a long time, didn't I tell you that you can't run around randomly in Archaic Graveyard, otherwise your life would be in danger? See if I spank you properly this time! "

It could be seen that this girl called Pure Snow cared and cared a lot for her sister.

Su Yan needed Long Chen's care for a hundred days straight. As long as they thought more highly of him, they would think more highly of him. Long Chen's seven star body, would have to be trained at the highest point in the Greenwood Sky City, which was the closest place to the stars.

Chapter 752 - Questioning

"Big sister, something bad has happened this time. I'll tell you about it when I get home." Su Yan stuck out her tongue, as she held on to her delicate and enchanting waist.

"Bad thing?" At this moment, her gaze swept past Pure Snow and landed on Long Chen's body. Thinking about the bad things that Su Yan had said, Pure Snow's expression instantly changed by 180 degrees,

and from her concern and concern for Su Yan, she instantly changed into a bone-chilling indifference to a stranger. She coldly looked at Long Chen, and her eyes that were filled with oppressive power pierced straight towards Long Chen's gaze, and her cold voice swept towards Long Chen.

"Who are you? Why are you approaching my sister?"

From Su Xue's body, Long Chen felt a very clear hostility. Long Chen understood that her sister had indeed become a little foolish, and was the type to be easily deceived by others. That was why Su Xue thought that Long Chen was that kind of person.

"Elder sister, you misunderstood. Big brother isn't a bad person, this time I met with a little trouble, he was the one who saved me. " Su Yan immediately hugged his sister and explained.

, quickly tell me, what exactly happened? Did you get fooled by him? " Su Xue still looked at Long Chen warily, a faint look of disgust appearing in her eyes.

Long Chen didn't know what part of him was hated by Su Xue. Seeing that Su Xue was still so aggressive, his eyes turned cold as he said, "What do you mean? Is the grand Demon Princess treating her guests with this kind of attitude? "

The Nine Great Clans were actually the The Nine Hallows s. In the The Nine Hallows, the patriarch of each clan was the ruler of those Holy Dynasty s. Those with status like Feng Zhiling and Sanxue were generally addressed as princesses in the Holy Dynasty.

Su Xue didn't think that Long Chen would actually dare to be rude to her, and even mock her with his identity. She instantly became anxious from anger, Long Chen was merely at the fifth stage of the Earth Martial Stage, yet he dared to speak to her like this, honestly speaking, she had never seen anything like this in her entire life.

However, Long Chen had seen a lot of beauties before, so no matter how beautiful he was, he had to say a lot of words about his attitude towards him. Long Chen was too lazy to even think about her, just like Feng Zhilin, no matter how beautiful he was, Long Chen had carved his name deeply on her white and tender butt.

"Are you looking to die?" A strong killing intent burst out from Su Xue's body as she pounced towards Long Chen.

"Elder sister!" Su Yan was a little angry, her expression was somewhat ugly, protecting Long Chen in front of him as she said: "I already said, big brother is my benefactor, it was he who saved me, I only survived this time!"

She had never seen her sister dare to talk to her like this before. Although this sister was a bit mischievous in her bones, she had always been very obedient in front of everyone, and even she, Susu, doted on her sister.

Only then did Suxue put down her previous thoughts. She gave Long Chen a strange look, and then said to Su Yan: "Yan Er, what exactly happened?"

Seeing that his sister was no longer targeting Long Chen, Su Yan heaved a sigh of relief, and said: "Sister, I'll tell you while I go back."

Su Xue nodded, then looked at Long Chen and asked, "Is he also heading to the Cyanwood Heaven City?"

Su Yan nodded, and said: "Of course, big brother still wants to talk about my treatment."

"Healing?" There were too many things that Susu wanted to know about. Thus, she led the crowd and flew towards the Verdant Wood Heavenly City on the ancient tree.

"Big brother, I'm sorry. My sister has never had a good temper with outsiders. However, after getting along with her for a long time, you will realize that she's a good person." Su Yan said nervously to Long Chen as he hurried, he was really afraid that Long Chen would be angry.

Long Chen laughed, and said: "Don't worry, I won't bother with her."

"You!" Su Xue turned around and looked at Long Chen angrily. Just as she wanted to flip out, and seeing her sister's pitiful appearance, she suppressed her anger and said to Su Yan: "Yan Er, come to my side and tell me what is going on."

"Alright." Su Yan nodded obediently and came to Su Xue's side. The demons and the Thunder Clan people followed behind the three of them and looked at the three of them weirdly. Because Su Xue and Su Yan were talking in a low voice, the others did not know what they were talking about.

"What!" She tightly grasped Su Yan's arm, and her expression changed greatly. She was originally about to cry out in alarm, but when she thought about how she could not reveal this matter, she suppressed her shock and asked anxiously, "Yan Er, do you really think this is true? You were touched by one of those people, and that's it? Will he die of old age within a day? "

"Yes, I was hiding in the cold pond. Only then did I realize that my body wouldn't age anymore, but when I woke up, my body would have aged immediately. If big brother didn't pass by and used a miraculous pill to save me, I think I would be dead by now."

As he said that, Su Yan began to cry in grievance.

Su Yan's face became deathly pale, her eyes revealed heavy panic. She hurriedly examined her little sister, but didn't find anything strange.

Elder sister, you don't have to worry. Big brother gave me a pill and said that I can live for ten days without turning old, then he said that as long as I take his pill once every ten days for a hundred days, I would be able to fully recover. I said just now that big brother was my benefactor, do you believe me now?

Seeing that her sister's eyes were filled with tears, Su Yan immediately told her to be at ease.

"Is that so?" To be honest, if Su Yan had truly been struck by such a terrifying secret skill, she would not believe that a mere fifth stage Earth Martial Stage cultivator like Long Chen had a method to save Su Yan.

"You are an apothecary?" Sanxue looked at Long Chen indifferently and asked.

Long Chen recalled his agreement with Su Yan and nodded, but did not say anything.

Su Xue sized him up for a while, but could not find anything, so she didn't look at Long Chen anymore. Instead, she directly said to Su Yan: "The matter you're talking about is extremely important, quickly come with me to see father! And you, follow along as well! "

Halfway through her words, she pointed a finger at Long Chen.

"Big brother, can you go to my father's place?" Su Yan knew how terrifying his father was, that was why he asked for Long Chen's opinion.

Long Chen knew that since he had come to the Greenwood Sky City with such an identity, sooner or later, he would have to meet the Clan Leader of the Demon Clan, Bai Lan. In any case, it would be better to meet him sooner rather than later, so he had no objections.

His attitude towards the two sisters was completely different. He was cold towards Su Xue, and friendly towards Su Yan instead. This made Su Xue a little angry, as she knew that Long Chen must have done it on purpose.

"You prankster, once you meet my father, you will know how tragic it is. If you're a liar, you won't be able to escape my father's eyes!"

In her heart, she was secretly slandering him.

Following her, Long Chen climbed up the branches of the huge ancient tree, then shuttled back and forth between the leaves. This Greenwood Sky City was like a bird's nest built on the huge tree, incomparably huge. Long Chen raised his head, he could vaguely see the outline of the city. Even though the city was built on top of an ancient tree, the actual size of the city was much larger than the Black Gold City. It was probably even comparable to the liujin region s!

Very quickly, Long Chen followed Sanxue and passed through the walls of the Greenwood Sky City, arriving at the beautiful city wall. When he saw the huge city built on top of the huge trees, Long Chen was slightly surprised, for the first time seeing the city on top of the huge trees, it was extremely dilapidated. There were collapsed wooden houses everywhere, but the Cyan Wood Sky City looked like a paradise, no wonder the Thunder Clan and Demon Clan considered this place as their base.

Long Chen stood at the top of the city walls and looked over. The entire Verdant Wood Sky City was enveloped in a misty white mist, just like a legendary immortal palace. The only difference was that the Verdant Wood Sky City was filled with beautiful wooden houses.

All sorts of wood carvings appeared in the mist. With a gentle breeze, many exquisite wood carvings appeared. The beauty of it greatly expanded Long Chen's horizons.

"Big brother, isn't this place beautiful? I really want to live here forever. If this Archaic Graveyard didn't only have one year to spare, I would have asked father to let me stay here forever. There is such a beautiful and elegant city on a tree, I had never thought of that before. " After seeing the beauty of the Cyan Wood Sky City, Su Yan said excitedly in front of Long Chen.

"You're about to lose your life, why bother about the Cyanwood Heaven City!" "Stop wasting time, hurry up and come with me to see father."

"Alright." Long Chen knew, that before long, he would be standing in front of a living Heaven realm expert. On the Star Plate, Long Chen had seen Bai Lan once before, and at that time, Long Chen did not know his name, but this man who had obtained the inheritance of the Demon God Emperor was likely to be the most powerful expert out of the nine great clans, and also the strongest warrior in the entire Realm of Myriad Kingdoms!

quickly approached. Through the Spirit Devouring Demon Pupil, he could see that the destination in front of him had two powerful auras; one was violent lightning, and the other seemed to be a dark, deep hole.

Chapter 753 - Bai Lan

had actually long seen the appearance of the Clan Chief of the Demon Clan, Bai Lan, and the Clan Chief of the Lei Clan, Lei Ji. However, they weren't this close last time, and the gazes of the two Clan Chiefs didn't land on him like today either. After Long Chen followed Su Yan Pure Snow into the elegant and fresh hall, they followed them and arrived in front of the Clan Chief of the Demon Clan, Bai Lan.

At this time, Bai Lan probably did not know about Su Yan's previous disappearance. After all, she had only been out for a day, and the people looking for Su Yan were only Suxue and a few others. At this time, Bai Lan and Lei Ji was sitting on a wooden deck chair, and the two had brewed a pot of tea.

Although the Clan Chief of the Demon Clan, Bai Lan was not young, because he had cultivated very fast since he was young, and was now an expert from the Heaven Martial Stage, he already looked like the two sister's older brother, Suxue. Just by looking at his appearance, one would definitely not think that this Bai Lan was actually Suxue and Su Yan's father.

As for the Thunder Clan's Patriarch Lei Ji, who was standing at the side, although he seemed to be simple and honest, he would occasionally let out a few rays of light from his eyes when he was listening

to Bai Lan. This proved that he, the super strong warrior who was the commander of the clan, was not an idiot.

Seeing that his own daughter was a little strange, Bai Lan was slightly startled, and then, his and Lei Ji's gaze all fell on this stranger, Long Chen. Being sized up by these two experts, Long Chen felt that his entire body was about to be seen through, he felt that if he had any kind of dishonest plan, he would definitely be easily killed by his opponent.

Long Chen had heard the kitten mention the Heaven Martial Stage's' Domain 'before, and currently, he was using the corner of his eyes to observe the two people. Sure enough, from their bodies, Long Chen discovered a type of power that was similar to that of the Sevenstar Monarch, both Bai Lan and Lei Ji.

"From the looks of it, Thunder Clan's patriarch is not at the ninth stage of the Earth Martial Stage, but is a real Heaven realm expert. No wonder even Wu Guangyu and Sanxue are at the ninth stage of the Earth Martial Stage, it is impossible for the leaders of the other clans to only have the strength of the ninth stage of the Earth Martial Stage."

Long Chen had this thought in his heart.

Under the oppression of the two great Heaven realm experts, Long Chen allowed himself to calm down, and forcefully withstood the strong pressure from the other party. Long Chen continued to follow in Pure Snow's footsteps, and directly stopped in front of Bai Lan and the others.

"Father, Uncle Ley." Su Yan stuck out her pink tongue, and hid behind her.

"Darling daughter, you two came over together. What's the matter?" Bai Lan laughed and temporarily stopped caring about Long Chen. Instead, he happily looked at his own daughter.

With a more direct personality, she said: "Father, Yan Er ran out this morning and was attacked once, and was severely injured to death. Luckily she was saved and brought back, there shouldn't be any issues that have not been resolved yet, so Yan Er will tell you about this, Yan Er, tell me everything that happened here!"

When Sanxue had just said her words, Bai Lan and Lei Ji looked at each other. At this moment, the expression in their eyes changed from complacent to murderous one. In the Archaic Graveyard, everyone knew that Bai Lan doted on his two daughters to the point of death, that was why they were not at ease, and directly brought them into the Archaic Graveyard. Amongst them, Susu had already

grown up, Bai Lan was still better, but especially this little daughter of Su Yan's, he was especially well-behaved, and was even doted on by Bai Lan.

Long Chen also faintly felt an aura that was terrifying to the point of suffocating appearing on Bai Lan's body. If it wasn't for his daughter by his side and him controlling it with all his might, Long Chen and the others would probably have been scared to death by his killing intent.

In the Heaven Martial Stage, the strongest was the imposing manner.

At this time, Su Yan walked in front of Bai Lan with a little fear, and bashfully stretched out her hands to pinch Bai Lan's fingers, then said playfully: "Daddy, don't be angry, I'll tell you about this matter later, okay?"

Bai Lan nodded and said: "My darling, go ahead."

Su Yan nodded heavily, then told her everything that happened to him after he left her room. After she finished speaking, Bai Lan and Lei Ji looked at each other, and had instead sunk into deep thought. If it was any other time, knowing who touched his daughter, Bai Lan would definitely rush over without saying a word. However, at this time, he strangely did not make her position known, and only furrowed her brows.

"Dad, who are these men in black?" Yan Er was at the seventh stage of the Earth Martial Stage, so no matter how strong the opponent was, Yan Er would not be able to clearly see their appearances, right? There were many things that were strange about this, could it be that they were all experts of the Heaven Martial Stage? Is there really that many Heaven Martial Stage s in the Archaic Graveyard? " Pure Snow couldn't resist asking.

After a while, Bai Lan shook his head and said, "Don't worry about this matter for now, your Uncle Lei and I will handle this matter, but this guy ..." At this time, Bai Lan and Lei Ji had both placed their focus on Long Chen, causing his eyes to narrow, his expression changing continuously as he asked, "What's your name?"

"Long Chen." Long Chen said in a neither humble nor arrogant manner. His indifferent look caused Bai Lan to praise him a little, but in his opinion, it was just an act.

"Long Chen, I remember it. You were the one who snatched away wind race's little girl's Monolith of the War God s, right? You even took away Jinshi's Mysterious Golden Soul! Bai Lan was truly worthy of being the leader of the family. She was meticulous in her thoughts and was well-informed.

Both Suxue and Su Yan did not know about this, but she did know about Feng Zhilin, and the two of them had been fighting each other for a long time. Both of them had a higher level than her, so she had always looked down on this woman, but she was actually a little fearful deep down in her bones.

"That's me." Long Chen nodded and said. Everyone knew about the Monolith of the War God, although it was a great treasure, and was only second to the inheritance of the Sevenstar Monarch, Long Chen believed that this Bai Lan would definitely not do this just for a mere piece of Monolith of the War God, and not take away his daughter's life.

"Not bad, not bad." Bai Lan nodded in satisfaction, then looked towards Su Yan and said: "Yan Er, let father inspect."

"Yes, Father." Su Yan looked at Bai Lan intimately, and then obediently walked to his side. Only then did Bai Lan inspect the situation from top to bottom, and Lei Ji also looked at the two of them from the side, the expression on both of their faces grew heavier and heavier. In the end, they both bit their lips lightly, and their eyes revealed a trace of astonishment.

"Long Chen, are you really confident that you can completely cure my daughter within a hundred days?" At this time, Bai Lan looked at Long Chen with a serious gaze.

Long Chen decisively nodded his head: "Previously, Su Yan has already aged, so I was the one who allowed her to return to her current appearance. My medicinal pellet's medicinal properties are too strong, so her body can't handle it, thus she needs to consume it every ten days.

Bai Lan and Lei Ji looked at each other, but neither of them had any expression on their faces. Long Chen also didn't know what the hell they were thinking about.

At this time, Su Xue looked at Long Chen and said to him, "Father, I feel that this isn't appropriate. We don't know each other at all, so on what basis do you think he should help us? Furthermore, with his insignificant fifth stage of the Earth Martial Stage, how could he possibly have such a pill to save Yan Er? I don't believe it, Long Chen, if you feel that I'm not right, you can let me see it! "

Her words were directed at Long Chen, and at this moment, she was looking at Long Chen with a probing gaze, her eyes filled with vigilance.

"Sister! How can you talk like that?" Su Yan blocked in front of Long Chen, she knew that Long Chen's identity as a pill refiner was just a lie, she could not even take out a pill.

At this moment, Long Chen gently pushed Su Yan away. His eyes were like a sharp sword that looked at Pure Snow, and he said: "Miss Sanxue, Su Yan and I are fated to pass by, so I chose to save her. If you must act like a lowly person, I can't do anything either."

Being said to be a little person, this made Suanxue's expression turn ugly. Just as she was about to explode, Bai Lan waved her hand to stop her, and then said to Long Chen: "Since Yan Er believes in you, and I believe in you, then you can stay in the Verdant Wood Heavenly City temporarily, and I will hand Yan Er over to you. If Yan Er is able to recover in a hundred days, you can ask me for anything you want."

Bai Lan's attitude was much better than Su Xue's. Long Chen's original goal was to become friends with Bai Lan, so when he was going to deal with God Clan's Young Master in the future, he had a backer that he could rely on. The other party didn't say anything, and directly chose to trust Long Chen.

"Father, since Yan Er is young and inexperienced, she is easily deceived. What's wrong with you?" Seeing that Bai Lan had chosen to believe in his, without saying anything further, Su Xue started to get anxious. No matter how he looked at him, Long Chen did not look like a good person.

"Shut up." Bai Lan had always loved and doted upon his own daughter and never scolded her, but seeing the impatience on his face, he knew that he had angered his father. She quickly shut his mouth in fear and looked at Long Chen with an unconvinced gaze. He had the dejected look of a defeated rooster, but his appearance was extremely adorable.

Chapter 754 - Big or Small Beauty Princess

As for the pills that belonged to the Alchemists, they did not let Long Chen take them out. After all, this was the secret of the Alchemists, and it was not something that could be easily seen by others. This was also one of the taboos for apothecaries. After all, as the saying goes, one should never reveal his wealth.

"Ten days later, I'll take a look at the effects. When that happens, don't let me down. My daughter's life can be given to you." After saying a few more words, Bai Lan began to explain.

Long Chen nodded, indicating that he would definitely complete it well.

"Xue'er, arrange for Long Chen to stay in Yan Er's courtyard. Take care of him if there's anything you need help with." Bai Lan instructed.

"What?" "Father, a man and a woman in a room together, in case ..."

"Cut the crap, hurry up and make the arrangements!" Bai Lan raised his eyebrows and berated.

"Oh," Su Xue nodded, feeling wronged. Being scolded by her father twice in a row, tears had already appeared in her eyes, it was all because of that bastard Long Chen, so when she looked at Long Chen, she had the urge to pinch him to death.

Seeing that the young miss had been humiliated, Long Chen felt that it was funny in his heart, and his anger was especially vented. In any case, she was only thinking for Su Yan's life. This kind of sisterly relationship was extremely rare in the big powers, and they would mostly face each other for the sake of fighting for's love.

Immediately after, Long Chen and the rest left the place, and when the three of them had left, Lei Ji and his group's expression completely darkened.

"Brother Bai, do you think that those people really exist? Yan Er, this matter, you think they were the ones who did this, right?" Lei Ji said with a gloomy face.

"Someone who can injure Yan Er like that, and have such a shocking secret technique, is undoubtedly above Heaven Martial Stage. If it's six experts from the Heaven Martial Stage, even within the nine great clans, there probably aren't that many Heaven Martial Stage s, and it's obvious that they aren't at the first stage of Heaven Martial Stage. This Archaic Graveyard's water is obviously much deeper than what we imagined."

"Then what should we do?" Lei Ji asked.

"Since we are already here, we need to follow the rules of the game. However, I guess that the competition for the Five Emperors' Treasures s is also not that easy. If there was still someone controlling it from behind the scenes in the Imperial Domain, it would probably be even more terrifying. After all, the treasure snatching incident is small, and our lives are in big trouble, so since our Thunder

Devil Clan knows about their existence, we must put our lives above it. After all, there are some things that do not belong to us, and do not need to be forced. " Bai Lan looked into the distance and spoke with a profound gaze.

"Someone from the Imperial Domain? In the eyes of those people, we are nothing more than ants used to play games. Ants that stick out of the window are easy to kill. Lei Ji said as he nodded his head.

Bai Lan also nodded.

"Oh right, what should we do about Yan Er? would he really give it to the warrior at the fifth stage of the Earth Martial Stage? Such a young pill refiner, do you really think he has the strength to solve the Imperial Domain's secret technique? " Regarding this, Lei Ji also did not quite understand.

Bai Lan said, "Otherwise, so what? In the entire Thunder Clan, who would be able to decipher this secret technique? Furthermore, Yan Er has said it before, she has already aged once before. Since this young man can let her live once, then he can probably let her live twice. "

Lei Ji said: "Brother Bai, don't you feel that there is something strange with this youth's body?"

Bai Lan said, "The Five Emperors are members of our Realm of Myriad Kingdoms, even if the Five Emperors were to die, they would protect our side, this young man has the aura of the Five Emperors and might even be selected by the Five Emperors. Furthermore, he possesses the inheritance of the Sevenstar Monarch, which is probably something he just obtained.

If Long Chen was here, he would definitely be shocked. He originally thought that he had covered up very well, but he didn't expect that Bai Lan was able to see through his background with just a few glances. In fact, he was even able to sense the aura of the Five Emperors. Bai Lan saw through such an important thing, but when he was talking to Long Chen previously, he did not make the slightest movement. It could be seen how strong Bai Lan's mental fortitude and mental fortitude was.

These things, Lei Ji did not know about. Hearing Bai Lan's description of the Five Emperors' Qi and the Sevenstar Monarch, he opened his mouth slightly in shock, and said: "The Five Emperors' Qi, the legacies of the Sevenstar Monarch, and even the Monolith of the War God, so many treasures are all concentrated on a warrior at the fifth level of the Earth Martial Stage. Isn't this too absurd?"

Bai Lan laughed bitterly and said: "How would I know? This youth's luck and temperament are probably first class existences, if not he wouldn't have obtained so many things. Just based on luck alone, would he be able to snatch the Monolith of the War God from Feng Zhilin's hands?"

Lei Ji's eyes flickered, and he said directly: "Brother Bai, the Sevenstar Monarch's inheritance, and that Monolith of the War God, everything, can greatly increase the strength of our two races, and this youth is only at the fifth stage of the Earth Martial Stage, we ..."

"Don't!" Bai Lan looked at Lei Ji with a stern gaze and said: "I object, but there are a total of two reasons. Firstly, in this Archaic Graveyard, because of the existence of the mastermind behind it, we better not stand too high up, and secondly, because he has the aura of the Five Emperors, the Five Emperors are experts of the Divine Martial Stage, and their thoughts are not something we can comprehend. I think that since they chose Long Chen, they must have their reasons.

Lei Ji nodded in satisfaction and said: "Brother Bai's words are reasonable. In other words, not only will we not be able to suppress his growth, we should also allow him to grow even faster. He has a good relationship with Yan Er, maybe we can develop it in this aspect. "

"Fuck you, my Yan Er is still young, but Xue'er has grown up. In this Realm of Myriad Kingdoms, there aren't many people who caught her eyes, and today, seeing his and Long Chen having a good time, it's common saying that they are enemies making love, and scolding is love. 'Maybe Xue'er can have some sort of relationship with him? '

"You shameless old fart." Lei Ji scolded.

Bai Lan laughed, and then his gaze became gloomy, and he said: "To be honest, it still depends on his performance. If he is not satisfied, I am willing to betroth my own daughter to him, and if he is not satisfied, I do not mind taking away Sevenstar Monarch, Monolith of the War God, and even the things left behind by the Five Emperors. How can the most pinnacle treasure of the Realm of Myriad Kingdoms be handed over to a piece of trash? "

Lei Ji was startled, then said: "That's true, Realm of Myriad Kingdoms. Compared to Three Great Imperial Domains, it's practically a countryside village.

When Long Chen walked together with the big and small beauty princesses of the demon race, it immediately attracted many people's attention, especially the little princess, Su Yan. She stuck to Long Chen's side, asking questions and circling around Long Chen, which caused many people to immediately reveal envious and hateful expressions. They normally fought with the goal of making this pair of goddesses look at them. The most exaggerated thing they imagined was marrying this pair of beautiful

princesses, becoming the son-in-law of the demon clan's chief. They would hold on to beautiful women, turn the world upside down, and fight against the world ...

Of course, this was just a dream. For a pair of beautiful sisters with esteemed statuses and talents like them, one would be considered a blessing of three lifetimes for an ordinary person. To obtain two of them, even a hundred lifetimes wouldn't be enough.

"Who exactly is this kid?" Why does it look like Princess Yan Er is very interested in him? Even the First Princess is walking with him! "

"Isn't the direction they're heading towards also the same direction as the sleeping quarters of the princesses? Heavens, even the warriors in the eighth stage of the Earth Martial Stage are not qualified to enter the Princess's palace. How can this brat enter that place? "

"This kid has an unfamiliar aura on him, and it's only at the fifth stage of the Earth Martial Stage. He's not a member of our demon race, nor is he our brother — a member of the Lightning Clan. Why would he appear in this place!?"

"Aiya, to actually be so intimate with Princess Yan Er, you ought to be chopped into pieces."

Long Chen, on the other hand, did not hear them speak anymore. Under Su Yan's request, Long Chen had already called her Yan Er.

"Yan Er, come to my side. Don't talk to him." Sanxue, who was walking in front, saw Long Chen and Su Yan talking and laughing, and was extremely unhappy in her heart.

"Oh," Su Yan stuck out her tongue cutely, helplessly walking to the side of Sanxue, and walking together with her. From time to time, she would even turn her head and make a sly expression at Long Chen.

"Yan Er, let me tell you, big sister is staying next to you to cultivate. If this guy suddenly bullies you, immediately call me, big sister is definitely the first to arrive and get rid of him." Pure Snow whispered into Su Yan's ear.

"Big sister, you're serious, big brother isn't that kind of person," Su Yan said while grinning.

"Be good!" She raised her voice.

"Alright," Su Yan looked at her sister with grievance, then said, "Furthermore, I am at the seventh stage of the Earth Martial Stage, so Big Brother will only be bullied by me, how can you bully me?"

In front of absolute strength, even if Long Chen was perverted, he would not have the guts to do so. Thus, she could be at ease. Very soon, the three of them returned to a pair of sleeping quarters for princesses under the envious and resentful gazes of the masses. Although it was called a sleeping quarters, it was actually two exquisite small courtyards with quite a few rooms.

Chapter 755 - The mastermind

"Yan Er, go back first. I have something to talk to him about." Only after they settled Long Chen down properly did he finally speak to his sister.

"No!" Su Yan was worried that Long Chen would be bullied, hence she quickly replied.

"Be good." Pure Snow raised her voice. She was simply infuriated by her disappointing little sister. Her tall chest rose and fell.

"Yan Er, go back." Long Chen said directly. He wanted to see what this Suxue was up to.

Su Yan was still quite obedient to her. After Long Chen finished speaking, she obediently nodded her head and went back to her room.

She sized Long Chen up for a while before saying: "I don't know how you managed to make my father believe you, but let me warn you, if you have any wicked thoughts, if you are unable to save my sister, I will definitely not let you go!"

She was rude to him, of course Long Chen wouldn't be polite to her either. Thus, Long Chen's gaze focused and he said: "To be honest, whether or not I'm willing to save your sister has nothing to do with you. I have my own way of doing things. If you don't like it, you can scam right now. There's no need to threaten me. Don't think that everyone will be afraid of you, okay? "

She wanted to raise her chest up and down in front of Long Chen's eyes, but she suddenly remembered Bai Lan. That was why she held back and said coldly, "Don't be happy too early, you think I don't know your goal, it's just to confuse my sister, climb into my father's arms, and then soar into the sky. I have

seen your beautiful dream, don't think that my demon race's alchemist is a hundred times stronger than you, just wait till I call him out, this fake alchemist will naturally show his face! You just wait for me! "

"Bye." Long Chen could not be bothered and pointed to the door.

"Humph!" Pure Snow harrumphed, turned around and left while holding her enchanting waist. A gust of fragrant wind assaulted their noses and gradually left.

"Self-righteous." Long Chen did not spare her another glance. Only after Sanxue had left did Su Yan carefully walk over, her face full of apology as she said, "Big Brother, I'm really sorry. My sister is very afraid of strangers, but she isn't like this usually ..."

"Yan Er, don't worry, I'm not blaming you. Ten days later, I will treat you once more, and during that time, I will have to go into seclusion to cultivate. Without my instructions, you cannot come and disturb me, do you understand? " The spiritual energy in the air above the city was extremely dense, even denser than the places that Long Chen had visited before. Cultivating here, was actually an excellent place.

"Can't I disturb you?" Su Yan pouted. She had thought that she could play with Long Chen everyday, but never thought that Long Chen still needed to cultivate. But she didn't dare to disturb Long Chen, so she nodded her head obediently: "Ok, Yan Er understands, I'll come look for you when I have something to do. If my sister causes trouble with you, I'll stop her."

"Good girl." Long Chen revealed a smile.

After staying here for a while longer, Su Yan finally left. Long Chen then closed the door and sat down cross-legged.

The black furry little black cat came out from the Great Void Realm and climbed onto a wooden table beside him. It laughed mischievously as it looked at Long Chen and said, "Brat, your luck with women is really not shallow, not even coming to a single place, there are already many female dolls that are following you. I think it's better for you to stay here, why are you looking for Ling Xi? How beautiful it would be to get these two beauties into bed and enjoy the most beautiful thing in their lives. I wonder how many people would be envious of them. "

Long Chen looked at him coldly, and said: "Did you come out just to spout nonsense?"

What I said was true. The danger of the Imperial Domain surpasses your image, and a small figure like you running in front of the gigantic Sword Soul Imperial Palace is simply something to be laughed at, you might even die without a proper burial place, it's pure humiliation, or maybe this is the best place in the Greenwood Sky City, where one's temperament and figure are explosive, one's temperament and figure are both soft, and one's status is not low. Why would you ruin your beautiful life for a dreamlike dream?

Long Chen bit his lips, raised his head and looked at the kitten with ice-cold eyes, and said, "Do you want to know why? Let me tell you this, because I am Long Chen! "

It was such a simple matter to Long Chen, why did he let out such a wonderful life without enjoying it, and instead embarked on an eternal path of no return, abandoning life and death, bravely advancing forward, lingering at the edge of life and death countless of times. This was not a big reason, the only reason was, he was Long Chen!

Seeing Long Chen's determined gaze, the kitten laughed embarrassedly, and said, "I was just joking, what are you getting so excited about? What kind of slut are you, Long Chen? Hehe, let's change the topic. For example, your background, the Monolith of the War Gods, and the Sevenstar Monarch's inheritance have all been seen through by others today. "

"What?" Long Chen's eyes widened, as he said in disbelief.

"Don't look down on other Rankers. I can guarantee that the guy called Bai Lan probably knows that you have obtained the inheritance of the Sevenstar Monarch. He can even feel the information from your Five Emperor Prints. Even you didn't realize that he has already seen through your background. "

"Then what should we do?" Seeing how relaxed the kitten was, Long Chen knew that it had a way.

The kitten lazily said, "Don't worry, he didn't attack you on the spot because this Bai Lan is a smart person. He knows what things he should touch and what things he shouldn't."

"What do you mean?" Long Chen still didn't understand.

I think that after Bai Lan sees your trump card, he will want to rope you in. From the fact that he believes you completely, lets you heal his precious daughter and lets you stay by his side, you can see that he is letting you cultivate his daughter's feelings for you. "Su Yun said in a gentle voice.

Long Chen suddenly realized, "It is indeed the old fox, I didn't understand at all. If not for your reminder, I would still be in the dark."

Long Chen felt that he had been too careless at times. For example, this time, if it wasn't for the fact that the other party was trying to rope him in, he would probably have lost his life.

However, why would Bai Lan treat him well?

"I think he knows who the mastermind behind this is, don't you see, the strength of the thunder demon lineage is about the same as the Wind God's lineage, yet the Wind God's lineage is domineering enough to occupy two regions, while the forces of the thunder demon lineage are all gathered in this Greenwood Sky City. It can be seen that Bai Lan wants to keep a low profile and keep a low profile, but he is too afraid of the mastermind, so he doesn't dare to stand out. Thus, he will not touch you, and will even secretly establish a relationship with you. Alright, I can say that the two of you want to suddenly establish a relationship with each other.

"Die." Long Chen scolded.

"It would appear that I should be able to do whatever I want in this Cyanwood Heaven City." After my cultivation has reached the sixth stage of the Earth Martial Stage, I will go to the top of the Verdant Wood Heavenly City to cultivate in the seven star body! Of course, the prerequisite is that I have to cultivate my Seven Stellar Zhen Yuan inside my body, which is the foundation of the seven star body and the Big Dipper Steps. As for the final divine weapon, the 'Three Thousand Star Domain', its power is too great, I will talk about it later. "

Very quickly, Long Chen made his own training plan.

In this Greenwood Sky City, with Bai Lan's protection and the little girl's protection, Long Chen could definitely sleep peacefully.

Only, those masterminds made Long Chen feel like there was a thorn in his heart.

Only after he had sorted out his own thoughts did Long Chen ask Little Cat to help him keep watch. At the same time, he secretly immersed his mind into the Great Void Realm and started to study the sixth stage of the Earth Martial Stage. A lot of time had already passed since he had broken through to the fifth stage of the Earth Martial Stage, and now was precisely the time he needed to break through to the sixth stage of the Earth Martial Stage.

The Monolith of the War God emitted a grey light under the enveloping of the Great Void Sect.

Under Long Chen's focus, very quickly, an illusory figure appeared above the Monolith of the War God. This time, this figure once again practiced the Earth Martial Arts manual from the very beginning, all the way to the fifth stage of the Earth Martial Stage, Long Chen realized that every time he studied it, he would gain a lot of benefits, especially since the fifth stage of the Earth Martial Stage still had a lot of flaws, and now, it had all been fixed.

Roughly half a day had passed, Long Chen had already arrived at the sixth stage of Earth Martial Stage. Just as he was about to begin practicing, he suddenly heard Little Cat's reminder outside the Great Void Realm. Long Chen could only withdraw his focus from the Great Void Realm, and opened his eyes to see Little Cat staring at him with his big eyes.

"What's going on?" Long Chen blurted out.

"You'll know when you see it yourself." The kitten stretched lazily.

Long Chen hurriedly used his Spirit Devouring Demon Pupil to look over. Sure enough, he saw not far from the door, a young man was angrily walking in their direction together with Suixue.

"Big sister, big brother said that no one is allowed to disturb him while he's training." Su Yan blocked in front of Susu Xue and said a little anxiously.

"What?" What kind of thing is Long Chen, for him to come to our Cyanwood Heaven City and merely train, is it impossible for me to get close to him? " Upon hearing this, Suxue's face was filled with an angry expression.

"But big brother has already said it," Su Yan said in a small voice.

"Whatever it is." Pure Snow gently pushed her away and walked over.

"Elder sister, if you continue like this, I'll ignore you!" Just as Su Yan said that, the door creaked open.

Sanxue this guy is really restless, which already made Long Chen a little angry. With a creak, Long Chen opened the door and threw a somewhat ice-cold gaze onto Sanxue. When Long Chen suddenly came out and coldly looked at his, Sanxue was truly shocked.

However, she angrily thought: "This kid is merely at the fifth stage of the Earth Martial Stage, and is far from being my match, why should I be afraid of him?"

Thinking to this point, she grew braver, looked at him with the same ice-cold gaze that Long Chen had, and mocked: "It's good that you're out, I thought that some people would just hide in there and not come out!"

"Elder sister, why are you saying these words!" Su Yan was also getting a little angry. She stood beside Long Chen, gently holding onto Long Chen's sleeves and said somewhat helplessly to him: "Big brother, I can't stop her, sorry ..."

"I'm fine." No matter how unhappy Long Chen was, he would not be angry when he saw this cute little girl. It was just that this Pure Snow Flower was just like a troublesome fly. If Long Chen didn't provoke her, she would instead cause more trouble.

This time, why did he come again?

Long Chen looked at a person beside Su Xue. This young man looked to be about the same age as Long Chen, but of course, Long Chen did not know his actual age. When Long Chen was sizing up this young man, that person was also sizing up Long Chen.

The young man's appearance and temperament were similar to Bai Lan's. His face was pale, his figure tall and thin, and his temperament was gloomy and cold. Of course, this was not to say that he and Bai Lan had anything to do with each other. It was just that the two of them had similar temperaments, and their appearances were quite a bit different. For Bai Lan to be able to give birth to such a pair of beautiful daughters, he must at least look a little better than the young man.

It was as if all the men of the devil race were approaching Bai Lan in terms of temperament, and had a kind of dark and cold paleness to them. This was something that this young man was especially outstanding about, but underneath his dark and cold exterior, Long Chen could feel a blazing flame.

At this moment, the young man was also looking at Long Chen, and he said with a somewhat hoarse voice: "Princess Snow, is the person you're talking about, him?"

Pure Snow nodded and said, "Yes, that's him. What do you think of him?"

The young man did not reply. Instead, he looked at Su Yan and said: "Princess Yan Er, come over here and let me see."

Su Yan looked at Long Chen, then nodded and said: "Okay, Big Brother Situ."

Then, she came to the side of the young man. She seemed to be a little afraid of the young man, so she didn't dare to get close to him. Instead, she stood one meter away from him and looked at him in fear.

Long Chen suddenly remembered something. It seemed that Su Yan had told him before that there was a young man called Situ Yu among the demons in the Greenwood Sky City. Now that Su Yan had called him Big Brother Situ, it was likely that person.

He walked forward and lightly touched Su Yan's body a few times. Of course, he did not touch any impolite parts of Su Yan's body, he only looked at his arms, cheeks, and other areas. After looking for a long time, Su Yan couldn't help but retreat a few steps. He finally stopped and asked Su Yan with some suspicion, "Princess Yan Er, there's nothing on your body. How did you know that you would age ten days later? "Right now, you are completely fine."

"But, big brother said so." Su Yan said with a puzzled expression.

"Were you cheated?" Situ Yu frowned and said, a cold light shooting from his eyes and landing on Long Chen's body.

"I won't. Besides, father believes in big brother!" Su Yan quickly said. She retreated a few steps, came to Long Chen's side, and continued: "Right now big brother is already living here, if anything happens to me in ten days, he will help. Big brother is a very powerful pill refiner!"

"Is that so?" straightened his back and looked at Long Chen. He was the only pill refiner in the entire Mu Tian City, and one of them was even at the fifth stage of the Earth Martial Stage. Seeing how intimate Su Yan was with him, he was secretly unhappy and after looking at him for a while, he sarcastically said, "Where did this fella come from to be a pill refiner just like this? What proof do you have that you're an apothecary? "Take out a pill for me to take a look."

"Right, you can't even produce a single pill, how can you prove that you're an apothecary?" Suspicious, she looked at Long Chen. Even if Bai Lan was relieved, she was also worried that her sister's life and death would be handed over to a stranger who even had the same expression as hers, not at all pleasing to the eyes.

"I am an apothecary, do I need to prove myself to you all?" Long Chen said indifferently.

"Hmph, I think you're just pretending!" Suxue looked at Long Chen and said mockingly.

"You don't need to be stubborn with us, as long as you take out something to prove that you are a pill refiner, we can entrust the matter of Princess Yan Er to you to participate. Otherwise, how can we be at ease?" Situ Yu said with reason.

Pausing for a moment, he continued, "As an alchemist, the first thing you need to do is condense your Pill Fire. Let me see your Pill Fire; I will not say anything else."

He also knew that Bai Lan seemed to value Long Chen a lot, otherwise, with Long Chen's strength, he would have directly pulled Long Chen out of the city a long time ago.

After he finished speaking, Situ Yu saw that Long Chen had still not made a move. He looked at Long Chen, and gently extended his right palm, and when he opened his palm, a jade-green flame suddenly appeared, flickering on top of it, and erupting with a scorching heat. Situ Yu shone the jade-green flame in front of Long Chen's eyes for a moment, and then put it away, and said: "Enough of your rubbish, take out your Pill Fire and take a look."

"No, my big brother won't let you see it." Su Yan knew that Long Chen was definitely a fake pill refiner, so she quickly said that, but she was still young and couldn't lie. With this sentence, Su Yan had exposed the fact that he was not an alchemist, and if Long Chen was really an alchemist, he obviously wouldn't mind showing his pill fire to them.

"Long Chen, your disguise is finally going to be exposed right? I can see that you are a fake alchemist. You can't even bring out your Pill Fire and you want to save my sister. If my father finds out, he would definitely not let you off! Situ Yu, let's go. We'll talk about this matter with my father right now. " Seeing that Long Chen was really unable to take out the Pill Fire, Suixue was relieved. She finally had evidence to look for her father. Even now, she was still unwilling to accept the fact that her father had scolded her twice.

"Big sister, don't be like this!" Su Yan was so anxious that she was about to cry. She knew that her big sister wasn't like this usually.

Unfortunately, her words were unable to keep her.

"Wait." At this moment, Long Chen's voice rang out, causing both Suixue and Situ Yu to turn around. Suixue looked at Long Chen and said, "Liar, what else do you have to say for yourself?"

"Didn't you want to see the Pill Fire? This is a very simple matter. " As Long Chen said this, he gently raised the palm of his right hand.

"Big brother?" Su Yan's eyes revealed a look of doubt. She knew that Long Chen did not have pill flames at all.

Just as she thought it was strange, a small ball of blood red flame suddenly appeared on Long Chen's palm. This blood red flame burned extremely fiercely, and compared to Situ Yu's pitiful green flame before, this blood-red flame seemed much stronger and fiercer.

"This, this ..." Upon seeing the flame in Long Chen's palm, Sanxue and Situ Yu looked at each other blankly. Only after Long Chen put away the blood red fire of Golden Crow was the two of them stunned for a moment before asking in succession, "How is this possible? How could you have Pill Fire? "

"Of course. I've already said it before, big brother is a powerful alchemist." At this moment, Su Yan's face was filled with understanding. The two had been overbearing and aggressive, but Long Chen had taken out the Pill Fire in the end.

Of course, Su Yan still couldn't understand. Long Chen was clearly not an alchemist, so how could he have Pill Fire?

This time, both Situ Yu and Su Suo Xue were speechless. Even Su Xue had to wonder if her previous thoughts were right, if Long Chen really had a way to save her sister while she was a despicable person. After all, even her wise and farsighted father chose to believe in Long Chen, and even scolded him for his sake. If Long Chen wasn't truly a person who had his own methods, why would Bai Lan do this?

On another level, if Long Chen was truly his little sister's savior, but he was here obstructing his in every possible way, always making things difficult for his, if he ran away in anger, wouldn't he be harming his little sister?

Thinking of this, a burst of fear appeared in Pure Snow's heart.

However, Situ Yu was not convinced. He calmed himself down and said coldly: "If you do not have Pill Fire, you are a good pill refiner, a strong pill refiner, ingredients, knowledge, Pill Fire and so on are all very important. I do not believe that you have any good medicines with your fifth stage of Earth Martial Stage, so why don't we make a bet?"

"What do you want to bet? "How do we bet?" Long Chen had never been afraid of provocations, especially when it was a situation where he had to win.

"There are still ten days until the anti-aging pill can be concocted. If there really is a problem with Princess Lin'er, we'll compete to see who can concoct the pill to help her recover!" Situ Yu said coldly.

"Using someone else's life to gamble, don't you think you're too lowly?" Long Chen did not agree with him, and said so instead.

He only used the dragon's blood to save the little girl, but he did not consider this matter to be a gamble at all. However, Situ Yu actually had this thought in his mind, which showed that he was truly disrespectful to Su Yan.

Chapter 757 - Big thorax without brains

"You dare to teach me a lesson?" Situ Yu's eyes widened, and he was about to attack, but at this time, Su Xue stopped him, and said: "He's right, how can you use my sister's safety as a bet! But Situ Yu, when you go back home, you will need to research it more. We cannot place our hopes on this ridiculous person, Yan Er's fate will depend on you. "

Leave the matter of the medicinal pellets to me, I can definitely concoct the pellets in ten days. Long Chen, at that time, we'll see who's pellet it is, then, we can let Princess Yan Er recover. Goodbye! "

This meant that Situ Yu's position among the demons was actually not low. Among the young generation, other than the two sisters Suxue and Su Yan, he probably had the highest status. Other than

hesitation, he said, "Long Chen, no matter what, the safety of my sister is up to you. If anything happens to my sister, I won't let you off."

"Big sister, don't worry. After ten days, you'll be able to tell that big brother is a very good person." Su Yan said full of trust.

Earlier, when Long Chen scolded her because of Situ Yu's bet, it made her have a good impression of him. After looking at Long Chen again, she already felt that this guy was not that annoying anymore.

"Big chests without brains cannot achieve grandeur." Not long after she left, Long Chen started to slander her back.

Pure Snow was so angry that she wanted to turn around and beat him up, but after thinking for a while, she endured it.

"Wait until my sister recovers. If I don't beat you up ruthlessly, no one in the demon race will dare to provoke me, Su Xue. Humph!"

Seeing how Long Chen angered his so much that his sister started to smoke, Su Yan giggled.

"Big brother, you're really amazing. No one can make my big sister into something like this. She's very strong, all the other men are afraid of her, and that big brother Situ Yu also doesn't dare to speak nonsense in front of her."

Long Chen laughed somewhat helplessly. After coming to this place, he originally did not want to provoke enemies, but since that Situ Yu had come to provoke him, he could not allow himself to do so. Since the other party was being overbearing, Long Chen could not allow himself to be bullied either.

Of course, Long Chen was only doing it for the sake of cultivating, so he helped Su Yan at a critical juncture. The two of them did not have the time to clash, and since the two of them were not engaged in any kind of life or death conflict, and what kind of misunderstanding could be resolved with time passing, Long Chen did not want to kill anyone, and he was currently unable to defeat the expert of the eighth stage of the Earth Martial Stage. Thus, he did not feel any pressure in his heart.

"Yan Er, go and play. I will naturally come out of seclusion in ten days." After they left, Long Chen wanted to continue cultivating. He had just comprehended the sixth stage of the Earth Martial Stage's fist art, but he did not expect that it would be interrupted by them. Long Chen was very excited right at this time, so he anxiously went back to cultivate.

"Alright," Su Yan pouted her lips a little unwillingly.

"Silly girl, if big brother doesn't cultivate, anyone can bully him." Long Chen laughed.

"Then I can protect you! Whoever dares to touch you, I'll beat him up!" Su Yan waved his little fist and said while baring his fangs and brandishing his claws.

Such a lovely girl should live in the world like an angel.

Long Chen laughed. After sending Su Yan back home, he immersed herself in the world of the sixth stage of the Earth Martial Stage. Under the guidance of the Monolith of the War God, the solid and solid Long Chen's strength improved by leaps and bounds.

Now, everyone knew that Su Yan had obtained some secret methods of some unknown person, and that her body would age in ten days. Of course, it was not that she did not have any hope of surviving, but there were two people in the Greenwood Sky City who were working hard for Su Yan, the well-known alchemist Situ Yu, who was second only to Sanxue in the younger generation, and also had the identity of an alchemist. Thus, she was highly regarded within the demons, and was one of the younger generation who had imitated Su Yan and had a great reputation in the city.

With his help, everyone felt a bit more reassured. After all, Situ Yu had done some miraculous things before, his pill refining skills had reached perfection, becoming extremely famous. Within the Greenwood Sky City, there was basically no one who did not like the little princess. In this period of ten days, all of the uncles that had heard about Su Yan came to see her, making her flustered. However, because of Su Yan's request, no one came near Long Chen's place.

In the end, under Bai Lan's request, no one else came to look for Su Yan. After all, he didn't want his own daughter to be disturbed, so Bai Lan came over once during this period. After hearing that Long Chen was cultivating, he had an expression of surprise on his face, and after consoling his daughter for a bit, he quickly left.

Everyone else was burning with anxiety, but his father, who loved his daughter the most, did not seem to be in a hurry at all. This made everyone curious, could it be that Bai Lan's confidence in Situ Yu was that great?

While Long Chen was cultivating, Situ Yu was busy refining pills, and explosions would occasionally sound out from his residence. It could be seen how busy he had actually become.

This person only had the strength of the fifth stage of the Earth Martial Stage, the only thing he had been able to do was that Su Yan had been brought back by him. Furthermore, it seemed that Princess Yan Er was very close to this person, which made many people who had fantasies towards Princess Yan Er to hate her to the core.

Like this, ten days quietly passed. During this period of time, Su Xue had come to see Long Chen countless times. Every time Long Chen was training, and Situ Yu was painstakingly refining pills, the difference between the two could be seen with a single glance.

In her heart, Long Chen had once again become an absolute liar. She was too lazy to bother Long Chen these few times. During this period of time, she had met Bai Lan a few more times. She was so worried about Su Yan that she almost vomited blood, but her father didn't seem to be in a hurry at all.

On the last night, Sanxue accompanied Su Yan through it.

"Yan Er, are you not afraid of death?"

"I'm afraid." Su Yan said.

"Then why aren't you crying now? Tomorrow is the tenth day."

"Tomorrow, big brother will save me." Su Yan said with his eyes wide open.

"..."

At daybreak on the second day, there were many more people in Su Yan's elegant courtyard. All of the high ranking members of the Demon race were gathered here, and within the entire Thunder Clan, only Lei Ji was able to accompany Bai Lan here. Amongst the higher ups of the demon race, they had the

strength of at least the eighth stage of Earth Martial Stage and there were dozens of them squeezed in this small courtyard, each of them were existences that could easily kill Long Chen.

Behind Bai Lan were the eight elders of the Demon Clan, all of them being experts at the peak of the ninth stage of the Earth Martial Stage. There were even some who had already set foot into the Heaven Martial Stage, and were just one step away from it. Even if they were only one step away, it did not mean that they would step into the Heaven Martial Stage in the future. It was even very likely that they would stay here for the rest of their lives.

Of course, many people did not enter the Heaven Martial Stage when they were young, and after two hundred years, their muscles and bones would age, making it difficult for them to reach the Heaven Martial Stage.

These higher-ups of the demon race were all gathered in this small place, and if they were to pull all of them out, they would become a part of the famous town. Bai Lan cherishing his own daughter was famous throughout the entire Realm of Myriad Kingdoms. Now that it was the day of Su Yan's life and death, they naturally had to watch over him.

If something were to happen to Su Yan, if Bai Lan went crazy, who knows how many people would be in trouble.

Everyone stood obediently in the center of the courtyard, they all looked at Bai Lan who was at the very front. Bai Lan's face should have been extremely gloomy, but what they did not expect was that he actually looked fine, and actually chatted and laughed with the Thunder Clan's patriarch, Lei Ji, who was also from Heaven Martial Stage.

This kind of Bai Lan shocked everyone. Could it be that Bai Lan's character had changed, or that Su Yan was fine, was this simply a lie?

Everyone was puzzled, but with Bai Lan here, they did not dare discuss among themselves. One had to know that Bai Lan was a person who had inherited the Demon God Emperor's legacy, his cultivation had reached a terrifying level, and the Thunder Clan Patriarch Lei Ji beside him was far from being his opponent.

In front of everyone's eyes, Su Yan and Pure Snow sat together in the middle of a small courtyard. At this moment, Pure Snow was tightly holding Su Yan's hand, allowing her head to lean on her chest.

"Xue'er has really grown up. Look at how she carries Yan Er, as if she's a mother." Lei Ji looked over and joked.

"Fuck you! My daughter is only in her twenties. In the cultivation world, she has reached the three great Martial Realms. With her age, she can only be considered to be very young." Bai Lan laughed. There was no trace of worry in his eyes.

At this moment, tears were almost flowing out of her eyes.

"Elder sister, are you crying?" Su Yan reached out her hand, and her white hand caressed Suixue's coquettish face, as she said with some heartache.

Chapter 758 - Rejuvenation Pills

"Don't talk nonsense." Sanxue gently pushed away her palm and wiped away her tears. Seeing this ignorant little sister and this naive and innocent look of hers, she felt a burst of heartache. She stroked Su Yan's long hair and said, "Yan Er, don't be afraid.

"Yan Er isn't afraid." Su Yan opened her eyes wide and looked at her sister.

"Like I said, big brother will save me."

In ten days of time, Situ Yu has worked hard for no less than ten days, yet this fellow, he was hiding in this room cultivating, not making a sound. Even now, he still had not come out.

"That big brother Situ still hasn't come." Su Yan muttered softly.

When Su Yan had just finished speaking, Situ Yu had already walked into the courtyard. He silently walked in front of Bai Lan with his head lowered.

"Yes, grandfather, it should be safe." Situ Yu said as he nodded his head.

This old man's strength was at the ninth stage of the Earth Martial Stage, one of the eight elders of the demon race. The eight elders were all figures in control of the demons. In the Demon God Holy Dynasty, each one of the eight elders controlled a county.

Hearing Situ Yu's words, the old man nodded his head in satisfaction, and said: "Go and inform the patriarch."

"Yes." Situ Yu nodded his head, then came to Bai Lan's side and said: "Greetings Patriarch. Situ Yu, after ten days of hard work, you have already researched and researched this medicine to delay aging. This Spring-Returning Pill consumed a total of eighteen Elixirs, of which seven were king level high level Elixirs.

"Oh? What about the Returning Spring Pill? and Lei Ji started laughing out loud. This made everyone speechless. Were these two fellows abnormal today?"

Situ Yu had clearly prepared this pill for them to see. This pill was an extremely important matter, Bai Lan did not care about the medicinal properties of the pill, and had instead laughed at the name Situ Yu gave them. It was truly unsightly, what did that mean?

Situ Yu had originally wanted to introduce the pill he concocted, but just as he said a few words, Bai Lan's laughter made him swallow all of his words. Situ Yu had the urge to vomit blood. He painstakingly refined for ten days so he wanted to compare the two of them to be on the same level, yet Bai Lan's laughter evidently gave off the feeling that he did not care about it at all. This made Situ Yu hold in his anger.

He saw that Bai Lan did not have any intention to pay attention to him, so he retreated back to his grandfather's side. At this moment, his grandfather Situ Yao was feeling very strange, normally Bai Lan wouldn't act this way, but why would he make such a joke at such a crucial time.

Situ Yu was after all, young, and that kind of indignant and indignant expression was still present on his face. Since it was inconvenient for Situ Yao to speak, he gave him a calm look, and then quietly waited for the time to pass.

"Father, I'll go call Long Chen out." However, just as he was walking halfway, Bai Lan called out to him. "He's cultivating, don't go disturb him. The time is still not up yet."

Sanxue looked at her father in shock. She really could not understand why Bai Lan was so good to her. Everyone had seen the attitude he had towards Situ Yu just now. Why was the difference between the two of them so huge? This made everyone in the demon race a little unhappy, especially Situ Yao and

Situ Yu. They even more so, could not understand what went wrong, and why there was such a huge difference in Bai Lan's attitude.

Pure Snow could only helplessly return to her own place.

Not long after she returned, she exclaimed in surprise because she saw that her sister's smooth face was showing some of the surrounding. Some grey color was starting to appear on her black hair, which made Suixue scream in fear.

She had always been looking forward to the fact that aging was a fake, but now that she thought about it, this event had already happened right in front of her eyes. Her beautiful little sister suddenly began to age, and her heart ached so much that she was about to cry.

Bai Lan's expression also changed. He instantly arrived in front of his own daughter, held Su Yan in his arms, and comforted her. "Yan Er, don't be afraid.

Just a moment ago, Bai Lan was still in the midst of chatting, but now, his body had erupted with an astonishing killing intent.

"Daddy, am I ugly?" Su Yan who was quickly aging said powerlessly.

"Who said it? My Yan Er is the prettiest." Bai Lan gently smiled and said.

At this moment, under Situ Yao's instructions, Situ Yu arrived in front of Bai Lan and said: "Patriarch, Princess Yan Er's illness is already beginning to show itself. I'm giving her the Spring-Returning Pill.

Bai Lan looked up, that cold gaze of his made Situ Yu take a step back in fear.

"Father, Long Chen is not coming over yet, let Situ Yu give it a try. I think it's possible for him to save Yan Er only after Situ Yu has worked hard for so many days." Susu also said worriedly.

She really didn't understand her father's strange behavior during this period of time.

The rest of the demons also looked at Bai Lan strangely, not knowing what he was thinking.

"Brother Bai, let's let this little fellow try it first. It won't be too late for him to come back when he reaches the sixth stage of the Earth Martial Stage." At this time, Lei Ji said.

So Long Chen was trying to break through to the sixth level of the Earth Martial Stage at the moment, no wonder Bai Lan didn't immediately hand him over. However, why did Bai Lan place so much importance on this kid who was only at the fifth level of the Earth Martial Stage?

"You try it." Even Lei Ji had spoken, so Bai Lan was no longer persistent, and directly told him this, but it was actually very depressing for Situ Yu. He had painstakingly made a pill for himself, but did not expect Bai Lan's permission before giving it to him, because of Long Chen. This time, even if Situ Yu saved him, he probably hated Long Chen even more in his heart.

In front of everyone's eyes, Situ Yu took out an exquisite white jade box from his Cosmos Sack. He gently opened the white jade box, and in the white mist, there was a pearl like pill.

"Just by looking at the color, smell, and and smell the fragrance, you would know that the Spring-Returning Pill Situ Yu refined this time, is definitely a good item."

"Indeed, other than Situ Yu, there is no one else who can concoct this kind of good pill. I think that this Spring-Returning Pill might be able to help Princess Yan Er recover."

Amidst the soft discussion from the crowd, Situ Yu placed the crystal clear Spring-Returning Pill into Su Yan's mouth. At this time, Su Yan's body had already started to age, and no one could bear to see the normally beautiful and cute little princess become like this.

Of course, everyone still had to look at the medicinal effects of the Rejuvenation Pill.

After Su Yan ordered for them to consume the Spring-Returning Pill, everyone stared fixedly at it. Very soon, the pill was swallowed into her stomach, and under Su Yan's refinement, it started to melt in her stomach. The medicinal effects also started to take effect.

Everyone stared intently at her, feeling very nervous, especially Suixue. This should be her only chance. If this Spring-Returning Pill couldn't bring her sister back to life, then there wouldn't be any other opportunities.

"It worked! It worked!" It was unknown who said that, but everyone looked carefully, and indeed, they saw that the aging situation on Su Yan's body had already eased up. Her originally rapidly aging body had already eased up, and there was even a little bit of recovery stone.

"It really succeeded!" Situ Yu had always been a very talented person among the demons, and as everyone knew, his grandfather Situ Yao had always been trying to make Bai Lan agree to marry his to Situ Yu. Situ Yu had also always worked very hard, and whenever a beauty had a request, he would give it his all to do it. It was as if this time, in order to obtain the favor of Su Xue, he had used up a lot of his treasured collection to finally refine this Spring-Returning Pellet.

The Spring-Returning Pill was truly effective, causing Situ Yu to instantly feel proud and elated. Previously, Bai Lan had given him pressure, but now that he had finally succeeded, he instantly looked at everyone with a bit of satisfaction.

"It's really effective. Situ Yu is indeed worthy of being our Demon race's only alchemist. He is indeed extraordinary."

"That's true, at least he's one of the few talented youngsters of our Demon race, and is already at the eighth stage of the Earth Martial Stage. In the future, he might very well step into the Heaven Martial Stage and increase the strength of our Demon race."

Receiving these praises, Situ Yu secretly rejoiced in his heart. He had succeeded, but Long Chen had not yet come out. To Bai Lan, who deeply believed in Long Chen, this was simply a slap in the face.

Bai Lan's face was also a little startled, he looked at Su Yan carefully, and sure enough, Su Yan's current age, was showing signs of recovery. Although it was very slow, but he was afraid that after half a day, she would be able to truly recover.

Bai Lan had to admit that he had indeed underestimated Situ Yu.

"Father, I can't bear it!" Right at this moment, Su Yan said this with a pale face. Everyone was shocked and when they looked carefully, they realized that Su Yan, who had already started to ease his pain, was actually starting to age again. The Spring Restoration Pill had only stopped Su Yan for a moment.

Seeing Su Yan like this, Situ Yu felt as if she had been struck by lightning on a clear sky.

The others were also stunned.

Pure Snow also found it hard to believe. Looking at the pained expression on her little sister's face, even her heart broke.

"Long Chen, Long Chen!" Only now did Suxue place her hopes on Long Chen.

Chapter 759 - Long Chen's Alchemy

Situ Yu's failure caused the originally happy mood of those who were in high spirits to plummet, and the person who was most incredulous amongst them, Situ Yu, was able to make it in time. He stared blankly at Su Yan, who was aging more and more over time, with a face full of disbelief, and shouted out with a blank expression, "That's impossible, that's impossible! "Impossible!"

His voice got louder and louder, and in this place where experts gathered, he, one of the younger generation, was truly a little out of place. Everyone frowned slightly, Bai Lan waved his hand and said coldly: "Shut up, scram!"

Obviously, looking at her daughter's painful expression, Bai Lan was already angry.

The moment he got angry, Situ Yu immediately woke up from his shock. He also knew that he had been too bold earlier, and under the hints of his grandfather, he hurriedly nodded and pushed aside the door, retreating to the outskirts of the crowd. However, he did not leave, but waited outside for the commotion.

At this time, no one cared about what happened to Situ Yu, as they were more concerned about Su Yan's life and death, and seeing her complexion become older and older, everyone was at a loss for what to do.

"I'll go call Long Chen!" For now, even if Long Chen broke through to the sixth stage of the Earth Martial Stage, she had no choice but to hand it over. Although she didn't really believe that Long Chen would succeed, it was still better than letting him wait here for his death.

"Big brother" Su Yan was currently a little out of sorts. Her complexion was already withered old, and her aged look made people think that she would die soon.

Everyone looked at Bai Lan, to see how Bai Lan would decide. After all, he was Bai Lan's daughter, and whether he lived or died was under his control. At this time, Bai Lan finally made up his mind. Even though Long Chen was at the most critical juncture, he still decided to wake him up.

"Xue'er, go call him!"

As expected, at this time, a huge commotion exploded out from the small wooden house. A large amount of the weather origin energy crazily surged towards Long Chen, and after about ten breaths of time, the wooden door suddenly swung open with a boom, and Long Chen's figure appeared from within. Without a word, he instantly rushed to Su Yan's front.

"Sorry I'm late." Previously, when Long Chen had broken through the sixth stage of the Earth Martial Stage, he also didn't know how much time he had spent. When he finally broke through, he already felt that there were a lot of people gathered outside.

Of course he knew that it was already the tenth day, the day that Su Yan's symptoms of aging appeared. That was why he was in such a hurry, and a tinge of regret appeared on his face. If he had known this earlier, he would not have been in such a hurry to cultivate the Sixth Stage of the Earth Martial Stage. Su Yan was a good child, if he had been delayed and let go of her life, Long Chen would have blamed himself for a long time.

Of course, even if they didn't blame themselves, the others would never let him go. Bai Lan had placed Su Yan in his hands because he trusted him.

"Where's your pill? Hurry up and take it out." A look of wishing she could kill Long Chen hung on her face as she crazily roared.

Everyone looked at Long Chen, curious as to what kind of pill he would take out.

He realized that he seemed to be a clown today, and after playing around for a while, he was berated to the outside. Ten days of hard work was completely in vain, and Bai Lan still valued Long Chen.

Under everyone's gazes, Long Chen felt a bit of pressure. At this time, he no longer dared to be arrogant, and directly said to Bai Lan: "Patriarch Bai, leave Yan Er to me. In fifteen minutes, I will return you an unharmed daughter."

"Hurry up and take out the medicinal pill." The others also did not know what Long Chen was trying to do. If he was an alchemist, then wouldn't he be able to directly take out the pellet?

Long Chen reached out and picked Su Yan up horizontally, carrying her back to the hut they were in earlier. With a bang, he closed the door. The others looked at each other and started to discuss.

"What are you doing? Why did you bring Princess Yan Er in? "

Even if it was the eight elders, they didn't know what the hell Long Chen was doing. At this moment, Situ Yao looked at him coldly, and said in a low voice, "Patriarch, how can you just hand Princess Yan Er over to an outsider like that? Princess Yan Er's current time is so tight, how can we allow this brat who we don't know where to mess around like this to continue?"

"That's right, Patriarch. Why do you trust this kid so much?"

Everyone started to discuss, and Sanxue naturally did not leave. She also anxiously said, "Father, he brought Yan Er in. If, if something were to happen, wouldn't Yan Er not even be able to see us for the last time?"

As she spoke, her tears were already flowing. His voice was choked with sobs.

Outside of the crowd, Situ Yu let out a cold laugh, "A disciple who doesn't know anything. Once Yan Er dies, I want to see how you'll resolve the situation!"

Just as everyone was discussing among themselves, Lei Ji who was beside Bai Lan snorted and said: "Stop talking, a dignified higher ups of the demon race, is it like this? Brother Bai must have his own reasons for doing so. As his subordinates, just watch and see; don't talk so much nonsense! "

Bai Lan was too lazy to talk with them, so he just snorted when he heard it. In fact, Lei Ji and Bai Lan had always been good friends when they were young, and had supported each other for so many years, that the two of them were brothers of the same brother, so much so that their relationship was unfathomable. Bai Lan had already told them before, that among the demons, Lei Ji's words were equal to his.

After Lei Ji finished speaking, the place immediately became silent.

Everyone's gazes were turned towards the room Long Chen was in. With their strength, they could naturally feel that Su Yan's aura had not disappeared, and was even in a situation where it was gradually growing stronger. After feeling that situation, everyone almost did not believe their own feelings.

Long Chen had really succeeded?

How was this possible?

Previously, the sole pill refiner of the demon race had spent ten days and countless precious herbs before finally concocting a Spring-Returning Pill, while Long Chen had been cultivating the entire time. Could it be that his pill had already been prepared for him and he only allowed Su Yan to consume it now?

In the eyes of everyone, Long Chen's body had an extra mysterious halo.

A relaxed smile first appeared on Bai Lan's face. He and Lei Ji looked at each other and both of them understood each other's thoughts. Starting today, Bai Lan will definitely value Long Chen even more. Most importantly, Long Chen is currently Su Yan's savior, and within the next ninety days, Su Yan will need to save Su Yan nine more times. That way, Bai Lan will definitely let Long Chen live a comfortable life in this Greenwood Sky City, no matter what.

After a while, as expected, the wooden door opened gently, and Su Yan, who had returned to being a young girl, ran out while jumping and jumping. She quickly arrived in front of Bai Lan and the others, and hugged Suixue, whose face was filled with excitement, and Bai Lan, who was smiling as he opened up the door.

Long Chen also walked out from the crowd's gaze, and finally rescued Sanxue back. Long Chen heaved a sigh of relief, and successfully completed the mission.

At this time, everyone carefully sized up Su Yan with shocked eyes. Indeed, they discovered that Su Yan had completely recovered, not only did her vitality not decrease, it had become even stronger than before. Generally speaking, in terms of vital energy and blood, girls were born weaker than men, but after Long Chen fed her dragon blood, her vital energy and blood became stronger, and her vitality became even more exuberant.

The vitality of Long Chen's entire person, was even stronger than some of the gigantic king level demon beasts. Along with the increase in his fusion with the Primordial Blood Spirit dragon essence blood, his vital energy and blood would also rise, until he finally turned into the true Primordial Blood Spirit Dragon.

After Su Yan was fine, everyone turned to look at Long Chen. Towards this mysterious youth, they were indeed a little emotional. They could tell that Bai Lan really trusted Long Chen this much, and it wasn't without reason. Everything had to be said with strength, and now, Long Chen had used his own strength to prove himself.

Compared to Long Chen, the Situ Yu of today was simply a joke. At this moment, outside of the crowd, Situ Yu was looking at the lively Su Yan with a dull gaze. He suddenly shook his head and looked again, and sure enough, Su Yan had recovered.

The one who healed her was Long Chen.

Situ Yu was confident in his pill refining skills, but this time, he finally lost the ten days of hard work he had put in. He wanted to show Suixue that he couldn't stop loving him, but the situation was indeed good.

This object was supposed to have been obtained by him, Situ Yu, but it had now become Long Chen's.

Thus, he left in a rage. Before he left again, he stared at Long Chen with a single glance, and said with a cold smile: "Brat, today you made me lose face like this, just you wait, this is a world where strength reigns supreme. Without strength, what's the use of having a stronger pill refining technique?"

With that, he left.

At this time, Bai Lan smiled as he looked at his good daughter for a while, then waved his hand at everyone: "Yan Er is fine, I thank everyone for their concern this time, you can all go back, and leave us father and daughter alone together for a while."

Chapter 760 - seven star body

"Congratulations, Patriarch!" Everyone retreated. Situ Yao was at the front, and when he saw his own grandson leaving, he immediately chased after him. He understood his grandson's thoughts, and knew that the person lost was too big this time.

The only people left in the courtyard were the sisters, the two great clan leaders, and Long Chen. At this moment, Suxue looked at Long Chen with a little guilt: "That Long Chen, I misunderstood you earlier, I am truly sorry. I apologize for my impoliteness."

The reason why she hated Long Chen before was because she did not believe in his abilities. She was afraid that he would delay his business. Right now, Long Chen's display of strength had already gained her recognition. In her heart, Long Chen had already displayed a layer of mysterious God's Aura on him, and Situ Yu had become a person without any skills or skills.

The good impression that he had had of Situ Yu that he had built up with great difficulty was now completely gone.

"It's fine, I know you care about Yan Er." Long Chen was not a stingy person, he naturally did not want to get into a fight with Suxue. After all, he still wanted to cultivate the seven star body here.

Long Chen knew very well that Lei Ji's strength should be at the first level of Heaven Martial Stage, and Bai Lan should be a very rare expert at the second level of Heaven Martial Stage. Adding to the Demon God Emperor's inheritance, one could imagine just how strong Bai Lan was.

Long Chen and Bai Lan both had the thought of building a good relationship with the other party, and this time, Long Chen had pulled Su Yan back from the brink of death, which made the two of them fit together perfectly.

"Yan Er, go play with your sister, I will talk with Long Chen for a while." After comforting Su Yan a little, Bai Lan let the two sisters leave first. The two sisters were very obedient and quickly took their leave.

"Thank you so much today, Long Chen. Sit down. " In the pavilion, Bai Lan smiled and invited Long Chen to sit. After Long Chen sat down, he began to size Long Chen up and said: "Relying on the Monolith of the War God to enter the sixth stage of the Earth Martial Stage, it was indeed fast, wasn't it?"

Long Chen had long known that the other party already knew his background, and this included the Monolith of the War God. Thus, he was not surprised, and said: "Indeed, the Monolith of the War God is an extraordinary treasure. In this Cyanwood Heaven City, I do not need to consider my own safety. Junior thanks clan chief for providing me with a safe cultivation environment. "

Bai Lan laughed, then said: "Whether it's safe or not, it still depends on you, and although I am the Clan Leader, I am not someone who can control everything, and as the Clan Leader of the Demon Clan,

sometimes, if I stand on the side of outsiders, wouldn't it make people think that my arms are on the outside, what do you think?"

Bai Lan was definitely an old cunning fox, from his words, Long Chen could tell that he was referring to Situ Yu. So, he indirectly told Long Chen to try his best not to clash with him as much as possible. Even if there was a conflict, it would be best if Long Chen didn't take the initiative to attack, and let the other party have a hold on him.

"Don't worry, Patriarch. I understand." Long Chen nodded.

"Very good." Bai Lan smiled in satisfaction. In his opinion, Long Chen was indeed a very smart, very pleasing junior.

After observing Long Chen for a while more, he suddenly said: "I reckon that you have already successfully cultivated the Big Dipper Step, and have just reached the sixth stage of the Earth Martial Stage, don't be in a rush to continue raising your cultivation level, you should be able to slow down a bit. Among the Seven Glorious Stars Arts, there should be another 'seven star body', I think this is your goal in coming to my Greenwood Heaven City?"

Bai Lan explained Long Chen's trump card in a relaxed manner.

If not for Cat's reminder, Long Chen would probably have been scared to death by now. He knew this in his heart, and showing indifference, he said: "It's indeed as Senior said, I want to go up to the top of this giant tree immediately to see what this astral qi is, and see what exactly it is!"

Long Chen's performance surprised both Bai Lan and his. They had thought that Long Chen would be shocked, but he had actually turned out to be so indifferent.

Bai Lan and Lei Ji looked at each other, and then laughed involuntarily: "We thought you didn't know that we had seen through you, but didn't expect you to actually know yourself, now, we can explain everything clearly, but what I want to ask you is this, you are alone, yet you carry such an important treasure, are you not afraid of us stealing your things, killing you, and stealing your treasures? Furthermore, your evasion technique is unable to escape the 'Domain' of our Heaven Martial Stage. "

The Heaven Martial Stage controlled the power of the world and formed a unique 'Domain' around him. Perhaps it would be difficult for him to escape Long Chen's Blood Escape, unless Long Chen also possessed his own Domain, which would be able to cancel out their Domain.

"I don't think so, is it?" Long Chen did not reply him, and asked directly.

Bai Lan laughed and said: "Forget it, I won't tease you anymore. My darling daughter's life is still in your hands. However, I really can't bear to let such a good thing slip away from me. " Pausing for a moment, Bai Lan suddenly asked: "Brat, what do you think of my daughter?"

Long Chen was startled. He didn't understand why this guy would suddenly say such a thing, so he said: "Yan Er is lively and cute, a good girl."

"Go, I'm not talking about Yan Er. Yan Er is only fourteen years old, your wish is beautiful, I'm talking about Xue'er, Bai Suxue."

Long Chen was even more confused now, as he said: "Pure Snow's talent is outstanding and her looks can overturn anyone. She's even your daughter, so naturally she's the best in the world."

When you go cultivate the seven star body, let Xue'er accompany you. Her strength is still passable, but when you get into danger, she can take care of you. "

Long Chen thought about it, he felt that he and Sanxue were still very compatible, and when he was cultivating, he did not like others looking at him either. Since Bai Lan had agreed to protect him, he could do whatever he wanted in the Greenwood Sky City. Furthermore, I think that Princess Snow might not have the patience to accompany me for so long, so let's just forget about it. "

Hearing Long Chen's words, Bai Lan did not insist. He chuckled and said: "In short, I'll thank you for today. In this Greenwood Sky City, you can stay however long you want."

After he finished speaking, he and Lei Ji immediately flicked his sleeves and left, probably going to play chess to drink some tea. Long Chen was curious about these two old men who were together everyday, didn't they feel disgusted by it?

Of course, he spent most of his time with the wolf cub.

"Wu Guangyu, it's about time to kill you." Long Chen smiled faintly.

After Bai Lan left, Long Chen returned to the middle of the room and consolidated his power for a while longer. When night fell and bright stars appeared in the sky, Long Chen and the Nightmare had quietly left the room and headed towards the highest point of the ancient tree.

The Cyanwood Heaven City was established in the middle of an ancient tree. Outside of the Cyanwood Heaven City, there were many branches that extended into the sky. Long Chen chose the thickest branch and headed towards the highest point.

Normally, when it was night time, those who had reached the Martial Dao Realm would be immersed in cultivation. If one did not advance, they would retreat, so basically, everyone was very hardworking.

In this Verdant Wood City, the Thunder Clan and Demon Clan were divided into the inner city and outer city. In the outer city, there were over a thousand ordinary martial artists living there, and in the inner city, the core members of the Thunder Clan and Demon Clan lived there. Ordinary warriors couldn't go to the inner city unless it was something important.

If Long Chen wanted to go to the highest point in the Greenwood Sky City, he would have to leave the inner city. From the thickest branch to the top, to say that it was a branch, it was as though it was as huge as a pillar supporting the sky.

After Long Chen left from inside Su Yan's small courtyard, a black figure moved somewhere in the darkness far away, and quickly left. This black shadow shuttled back and forth within the wooden house, and soon, he arrived at another exquisite little courtyard. He didn't knock on the door, and was able to directly climb over the wall.

"Master!" This black shadow was actually a tanned young man. He was vigorous like a black cheetah, and his age was just slightly younger than Situ Yu.

After the door opened, Situ Yu's hazy face came out. Seeing that it was this youth, his face immediately revealed a cold smile, and said: "Chen Xu, is there any news?"

"Master, the person that you wanted me to watch over has left the courtyard. From the direction that he heads towards, I can tell that he is flying toward the top of the Cyanwood Heaven's City." I think he is going to the top of this ancient tree, but what is he going to do there? "

Situ Yu laughed coldly: "Who cares what he goes to do, in the day he made me lose face, and now he is sneaking around like that, I don't know what he is doing, if he is doing anything bad, I can go and capture him, and kill him, and if he is bored to the point of going up there to fart, I will teach him a lesson, and the person who wants me to lose face is not even born!"

"Master is right. This brat is a little arrogant, and he even got so close to two beautiful princesses. He is simply courting death." Chen Xu flattered.

Situ Yu nodded, he returned to his hut and quickly changed into a black clothed man's appearance. He said to Chen Xu: "Chen Xu, I treat you as my brother, so I let you help me look at that brat's whereabouts. No matter what happened tonight, you cannot reveal it to anyone."
