

War God 761

Chapter 761 - Enchantment

Chen Xu hurriedly nodded his head: "Master, what are you talking about? Between brothers, how can you doubt me? No, tonight, I will accompany you to go up.

Situ Yu's eyes turned as he smiled: "You can help me, very good. Quickly change into your attire, I'll give you twenty breaths of time."

"Yes sir!" Chen Xu nodded, his expression extremely agitated. Very quickly, he finished changing his attire, and disappeared into the darkness with Situ Yu. Not long after Long Chen left, they quickly headed in the direction Long Chen had left in, chasing after him. In the darkness of the night, their movements attracted no one's attention.

It was even denser than the fog in the Divine Sea of Immortality, and it was not that easy for Long Chen to see his surroundings clearly. Fortunately, the sky was covered by a bright star sea, and under the light of the star sea, his surroundings became much clearer.

"This ancient tree is actually so tall!" Long Chen was truly a little speechless. He had to walk a lot of distance again before he could pass through the layers of clouds in order to get close to the peak of the ancient tree.

At this time, there were very few leaves in the surroundings and the entire world was covered by boundless clouds. At some point in time, Long Chen discovered that his surroundings had suddenly become clear and bright, and he astonishingly discovered that he had already passed through the clouds, arriving at an area above a sea of clouds. The clouds above the ground were like an ocean of white mist, and countless amounts of white mist were fluctuating about.

This magnificent scene caused Long Chen to be stunned.

"This world is truly too big. When will I, Long Chen, be an existence as enormous as the world?" In Long Chen's heart, this thought suddenly appeared.

He smiled bitterly a few times, then raised his head again. The stars that filled the sky were incomparably magnificent, shining as much as they pleased. Standing high in the sky, Long Chen discovered that these stars were practically within reach of his hands.

Therefore, Long Chen did not need to worry about the problem of the Goblin Beasts. If it was in a place outside of the Green Wood Heavenly City, Long Chen might be able to fly to such a high place, but he would definitely be split up and eaten by the Goblin Beasts.

"Next, I'll train my Seven Glorious Star Quintessential Essence."

Long Chen had already mastered the Big Dipper Steps within the Seven Stars Art, but without the support of the Seven Glorious Star Quintessential Essence, the usage of the Big Dipper Steps did not change. Furthermore, the Seven Glorious Star Quintessential Essence was also the basis for Long Chen's seven star body.

In order to cultivate the seven star body, one must first practice the Seven Glorious Star Arts' Superclass.

As for the Superclass's cultivation, although there was no need to attract astral qi, Long Chen could still cultivate the Seven Glorious Star's true essence more easily and quickly under the starlight.

On top of a sturdy tree branch, Long Chen sat cross-legged, under this sky full of stars.

"Sevenstar Monarch, the most fundamental thing is actually the Seven Glorious Starry Spell. Whether it's the seven star body, the Big Dipper Step, or the usage of the 'Three Thousand Star Domain', they all use this Seven Glorious Starry Spell as their basic."

Previously, Long Chen had actually already read through the Superclass of the Seven Stars Arts once. Not only had he read it once, Long Chen had also comprehended it as a whole. In terms of comprehension, he had never had any problems.

To be honest, Long Chen's dragon soul true essence's characteristic came from the Primordial Blood Spirit Dragon, so in this world, there was probably nothing that could completely change Long Chen's true essence. The Seven Glorious Stars, at most, could only let the dragon soul true essence fuse with starlight and increase the characteristics of the Seven Glorious Stars, and the dragon soul true essence

could be used as the Seven Glorious Stars' true essence, but the Seven Glorious Stars could not be used as the dragon soul true essence.

The Seven Glorious Stars Arts was a method of absorbing the starlight and fusing it with Long Chen's True Essence. The glow of this star was not so much that it could attract astral qi s, but rather, it was something that had a strong attacking power similar to the gold eating qi, while the glow of this star was made out of the energy of the stars that filled the sky. Back then, the energy absorbed by the Milky Way Realm was actually only the energy of the surface layers of the great galaxies.

The Seven Glorious Stars Arts were not hard, because it was only a basic technique, Long Chen only needed to follow the rules. As for the Big Dipper Steps and seven star body, it would be much more troublesome.

At this time, there were nine galaxies in the sky, and Long Chen was directly amidst these nine galaxies, attracting the energy of each and every one of them. These star energies converged in the sky, and then gradually descended to the top of Long Chen's head.

Five hearts were the top of the head, the palm, and the bottom of the foot. There were a total of two martial cavities above Long Chen's head. These were originally places with Earth Yang and Earth Yin cavities, and at the center of his palms and feet, there were also two martial cavities. At this moment, the light rays of the stars were divided into five, converging towards Long Chen's five hearts, and then gradually channeling into them.

Endless amounts of starlight surged in the midst of the mist. Under Long Chen's control, that starlight continuously fused into the five streaks of starlight, and then, unceasingly entered Long Chen's body.

As the Seven Radiant Stars Arts circulated, the starlight gradually fused with Long Chen's revolving pill. Streams of blue starlight began to appear from his primeval essence, bits and pieces of starlight flew out, gradually adding a blue glow to Long Chen's light red primeval essence, becoming incomparably beautiful. The primeval essence revolving within the eighteen meridians was like the most beautiful starlight in the sky.

After an hour, under the circulation of the Seven Glorious Stars Art, the Seven Glorious Stars' true essence had already begun to take shape. A small part of Long Chen's True Essence had already started to contain the Seven Glorious Star Quintessential Essence. As long as he could persevere on, he reckoned that after tonight, he would be able to complete the parts of the Seven Glorious Star Incantation.

Tomorrow night, he would probably be able to draw out the astral qi and begin to cultivate the seven star body.

Time slowly passed, and everything was under Long Chen's control.

Long Chen never thought that everything would go so smoothly after arriving at the Cyanwood Heaven City.

While Long Chen was focused on cultivating, two black figures were shuttling through the clouds. Both parties were still five to six hundred meters apart, and Long Chen was not able to use Spirit Devouring Demon Pupil s while he was cultivating, so he did not notice the two.

These two people were the ones who had secretly followed Long Chen here, and they were precisely Situ Yu and Chen Xu. Because they did not know Long Chen's exact location, they ran away with a lot of wrongdoings and were filled with anger at the moment. And at this time, among some clues, they finally found Long Chen's location.

"What's that?" Chen Xu raised his head and suddenly saw that in the sky above the countless clouds, a bright ray of light had actually appeared. It was as if a star had fallen from the sky and landed in front of the two of them.

Chen Xu was a warrior at the seventh level of the Earth Martial Stage and Situ Yu was even at the eighth level. Both of them were of a higher level than Long Chen, and even Chen Xu was considered to be an outstanding disciple among the demons.

Situ Yu was a little stronger, and his perception was also a lot stronger. He stopped in his tracks, and looked around carefully for a while.

His eyes lit up, and said: "I presume that person is Long Chen, he should be immersed in cultivation right now, and that brat originally came to such a high place to cultivate. Isn't this simply courting death? "

"Master is cultivating. It's actually filled with starlight! It looks like a very strange cultivation method, just what is he cultivating?" Chen Xu asked curiously.

"I don't know either. It's probably some evil trick." Although the two of them had heard of the Sevenstar Monarch before, they didn't associate themselves with the Sevenstar Monarch's inheritance that quickly. After all, no matter how imaginative they were, they wouldn't be able to guess that the legendary Sevenstar Monarch's inheritance would appear in front of their eyes just like that.

"Then what should we do? "He's cultivating, so this is a good opportunity," Chen Xu said as he licked his tongue. It was obvious that Situ Yu was extremely displeased with Long Chen. Not only was Situ Yu's strength powerful, he was also the sole alchemist of the demon race.

Chen Xu's father, Chen Yang, had said that he wanted Chen Xu to get on good terms with him, and that was why Chen Xu was so positive tonight.

Chen Xu's words reminded Situ Yu.

Situ Yu's head was currently spinning very quickly. Actually, he wanted to kill Long Chen as well, but after killing him, Su Yan would also be finished. Su Yan's life and death actually had nothing to do with him, but it would definitely cause a huge stir in the demon race.

However, the shame from today was suddenly etched into his mind.

"This boy is my nemesis. Furthermore, he is currently training in this strange technique. If I let him continue to stay in this Cyanwood Heaven City, would there still be a place for me in this Cyanwood Heaven City?" Su Xue is the strongest pillar of support for me to become the next Patriarch, so I absolutely cannot give her to this Long Chen. However, I just had a conflict with Long Chen, if Long Chen died, there will inevitably be people who think that I was the one who took action. "

Situ Yu was conflicted.

"Master?" Chen Xu was waiting for Situ Yu to make a decision.

Seeing Chen Xu, Situ Yu's eyes lit up, and he said: "Chen Xu, are you willing to do one thing for your brother?"

Chapter 762 - Shrinking Turtles

"Master, whatever you want me to do, I will do it!" The two words "brother" filled Chen Xu's heart with passion.

"Alright!" Situ Yu revealed a smile, pointed at Long Chen, and said: "This brat is merely at the sixth stage of the Earth Martial Stage, but he caused me to lose face, and made my clansmen unable to raise their heads in front of me. With your strength, it'll be easy. "

As long as Chen Xu acted, and not him, Situ Yu, he could set aside his relationship with this matter.

Chen Xu was startled, and said: "Master, do you really want to kill him? Without him, who would save Princess Yan Er? "

"Idiot, I already have a way to save Princess Yan Er, I'm just a little bit short of it today, tomorrow, I can refine a good way to save Princess Yan Er." Situ Yu said somewhat angrily.

Seeing Situ Yu angry, Chen Xu was afraid. He thought about it, if he did not agree to Situ Yu's conditions today, he reckoned that he would not be able to do anything to anymore. Thus, he gritted his teeth and nodded, "Alright! However, if others are to pursue the matter, you must keep it a secret for me! "

"Of course! Only the Heavens and the Earth know about this! You know about it, I know about it!" Situ Yu laughed.

As such, Chen Xu clenched his teeth, his gaze darkened as he crawled in Long Chen's direction. When they were about a hundred meters away from Long Chen, the little kitten in the middle of the Great Void Realm saw him. The little kitten warned him softly, "Brat, don't be in a hurry to cultivate, there seems to be people following you, and they seem to be approaching you right now. If my guess is correct, it should be Situ Yu."

Fortunately, Little Cat was here. Long Chen was currently channeling the Seven Glorious Star Mantra, so he needed to stop steadily. When he heard Cat's words, he immediately stopped circulating the Seven Glorious Stars. When he finally opened his eyes and stood up, he could already see a figure rapidly approaching him from below.

"It's not Situ Yu." Long Chen could roughly feel that this person's aura was not Situ Yu's. If it was Situ Yu, Long Chen would have found it troublesome because Bai Lan had already warned him to try and clash with Situ Yu as much as possible. After all, in terms of status, Bai Lan was the Clan Chief of the Demon race and Situ Yu was a member of the Demon race.

The person who came was a youth with tanned skin and a well-built figure like a black panther. Long Chen originally thought that this youth had only coincidentally come here, but after seeing his eyes

which was filled with an exposed bloody aura, Long Chen did not think that way. This youth definitely came for him, and looking at his face, it seemed as if he had ill intentions.

Long Chen was sure that he had never seen this youth before, so he felt that it was a little strange. He suddenly used the Spirit Devouring Demon Pupil and saw that someone was walking 500 meters down the mountain, quickly leaving the area. The distance between them was one kilometer, and very quickly, he was out of Long Chen's line of sight.

Long Chen was a smart person, he quickly understood the gist of the situation, so before the young man could make a move, Long Chen asked: "It was Situ Yu who sent you to kill me right?"

Chen Xu was dumbstruck. The young man in front of him did not panic at all, and instead told him his secret right from the beginning. Chen Xu immediately said coldly: "So what if you know? You truly deserve death for offending my Master! "

Long Chen laughed helplessly, and said: "I have never seen a fool like you, who was so happy to be killed like that, Situ Yu didn't dare to kill me, and instead slapped you. Do you know if you kill me, you will also lose your life? Other than me, there is no one else here who can save your Princess Yan Er. Do you think your Patriarch would want to take your life? "

Chen Xu had actually thought about these things before, but he did not believe that a Master who usually treats him so well would scheme against him. Therefore, just as Long Chen finished speaking, he snorted coldly, "Stop trying to seduce me, today is the day you die!"

It was a black battle, with a length of at least 1.5 meters. There was a deep gash with some blood stains on it, and on the blade of the battle blade, there was the picture of a ferocious tiger. The tiger's blood-red eyes were staring at Long Chen!

"Die!" After taking out the black blade, Chen Xu roared and rushed towards Long Chen! His attacks were extremely swift and violent, like a ferocious tiger. That streak of flashing blade light instantly appeared in front of Long Chen!

"Kill or not kill?" He did not come to the Verdant Wood City to make enemies with others. As the proverbs said, if he were to repay the grievances, Long Chen knew that if he were to kill this youth, it would definitely bring about a lot of trouble. However, if he did not kill this youth, how would the other party be willing to let this matter go?

From Chen Xu's gaze, Long Chen knew that if he didn't kill his, he definitely wouldn't stop.

Chen Xu used his most powerful killing move, one after another, each of them extremely powerful, worthy of being the elite disciples of the demon race.

But Long Chen was already at the sixth stage of the Earth Martial Stage, and was no longer a weakling who could be trampled upon when he first came to the Archaic Graveyard. Long Chen knew that even if he did not transform into the Dragon Soul Transformation, he could still use the fusion of the two Great Emperor Prints and the Devouring Blood Realm to kill this brat.

However, the thing he wanted to try the most was the Big Dipper Steps. wouldn't be able to understand that this was the Sevenstar Monarch's inheritance no matter what, and he already had a bit of Seven Stellar Zhen Yuan in his primeval essence, which was just enough for him to try the Big Dipper Steps.

"Seven Annihilations Fierce Tiger Saber Technique: Heartbreak!"

Chen Xu's blade technique became more and more ruthless, completely all for the sake of killing. At this time, under the support of his boundless true essence, the blade slashed out, and a blade light suddenly transformed into a pitch-black image of a fierce tiger, flying straight towards Long Chen's chest.

"Is that all?" Long Chen stood in his original position, not moving as he looked at Chen Xu with a cold smile.

"He actually did not dodge? Is he courting death? " Chen Xu was dumbstruck. He thought that Long Chen would even go all out against him, he did not expect him to immediately choose to give up on resisting.

"It's really useless. Although he is weaker than me by a level, he shouldn't be scared silly from just a casual attack, right? It's too easy. " Chen Xu thought excitedly in his heart. He never thought that he would actually be able to complete the mission so easily.

"So slow." Right when that blade light was about to reach Long Chen's chest, Long Chen's body suddenly disappeared from where he was. Underneath his feet, an illusory star disk suddenly appeared, and on top of this star board, was the location of the Big Dipper. The place Long Chen was standing earlier was the center of the Seven Stars of the Big Dipper, Tian Shu.

This made Chen Xu's attack mysteriously miss.

When Long Chen's body appeared in another place, the Star Plate under his feet disappeared and changed, making him unable to predict where Long Chen's next step would be.

"How is this possible? How did he dodge that just now?" Chen Xu was startled, even the blade technique in his hands stopped.

"There are still a lot of things you don't understand. Scram, if you can't kill me, go back and tell Situ Yu, if he wants to fight, don't be like a turtle hiding in its shell." Long Chen ridiculed.

"What?" In Chen Xu's opinion, Long Chen was merely a weakling at the sixth level of the Earth Martial Stage, yet to have said such shameless words, he had merely relied on a bit of strangeness to dodge an attack once.

Long Chen's contemptuous words made Chen Xu angry in his heart, and without a word, he directly pounced towards Long Chen again! The black battle in his hands suddenly unleashed black blade lights. These blade lights suddenly turned into a roaring fierce tiger in mid air and charged towards Long Chen!

"I don't believe that you can still escape like this!" Chen Xu let out a cold laugh, that unending stream of blade light headed straight for Long Chen densely, and very quickly, like a tide, it completely engulfed Long Chen!

However, something even more shocking happened!

An illusory star disk continued to appear under Long Chen's feet. It would be overkill for an Emperor Level movement technique to deal with his opponent's attack, but Long Chen's body was quickly changing positions on the star board. Although there were a lot of blade lights, none of them could hit Long Chen, and there were seven stars on the star board, but these stars were also quickly changing direction, causing Chen Xu to not be able to figure out where Long Chen would appear the next moment!

"How could this be?" Chen Xu was completely dumbfounded. He had realized that Long Chen was using a very high level movement skill, but he did not know what it was.

However, if he got it, he would definitely soar into the sky!

Thinking to this point, Chen Xu became excited. He still had some hesitation, should he kill Long Chen or not? And now, he was determined to die!

"Brat, you cowardly turtle, do you only know how to dodge? If you have the guts, then fight against me like a real man. Chen Xu bellowed, his feet gently tapped on the leaves of the tree, causing them to grow larger and larger. At the moment, Long Chen was standing on top of a gigantic leaf, and Chen Xu was

standing on top of the leaf, the gigantic leaf, was like a stage, there were no changes to it because of the two standing on top of it!

When he was only ten meters away from Long Chen, Chen Xu's black battle blade suddenly erupted with an intense light. This time, he had truly killed someone, and the moment he used his most powerful killing move!

"Shadow of the Dark Blade!" A blade aura that soared to the sky, under Chen Xu's blade radiance, suddenly rushed towards Long Chen. This blade aura was extremely powerful and huge, with a loud explosion, it directly split the huge tree leaf into two!

The black colored astral blade instantly appeared in front of Long Chen!

"Die!" Chen Xu roared.

"Still too slow." Long Chen laughed, he used the Big Dipper Steps, and suddenly appeared behind Chen Xu. Chen Xu had originally been looking forward to Long Chen being cut into two by his Blade Qi, but who knew that at this time there would be an aura that would cause people's hair to stand on end, and the Long Chen in front of him had already disappeared!

Chapter 763 - Killing

Kcha! *

Chen Xu suddenly turned around with his blade, but just as he had released his blade, he received a heavy blow from Long Chen on his shoulder. A Desolate Divine Seal heavily smashed onto his shoulder, instantly crippling half of his arm!

"My hand! My hand! " Chen Xu wailed as he rolled a few rounds on top of the leaf. The black battle slipped out of his hands and fell beside him. Fortunately, he was able to react and use his feet to stabilize the situation. At this time, he was miserably holding onto his arm. At the roots of his arm, after being struck by the Desolate Divine Seal, a large chunk of his flesh had already rotted away. If he did not recuperate properly, his arm would probably be crippled.

The more painful it was, the greater the hatred he had towards Long Chen. It was fine when Long Chen did not attack, but when Long Chen attacked, he immediately crippled his arm, and although Long Chen's True Essence was not as strong as's, the Big Dipper Step was too powerful, and his speed was too fast, so before could even react, Long Chen had already struck his opponent.

This was also because he did not want to kill this fellow. Otherwise, Long Chen's Desolate Divine Seal would have directly struck his heart or head.

"Enough is enough. There is no enmity between you and I. You are just being used by others. There is no need to fight to the death with me." Long Chen stood with his hands behind his back, and said solemnly at Chen Xu.

"Bullshit! You brat, you've only relied on the strangeness of your movement technique to slightly surpass me. I was careless before, and you actually dared to hurt me!? You must prepare to die!" Chen Xu roared out!

With a swing of his feet, Chen Xu threw the black battle blade onto his left hand. Suddenly, it turned into a black shadow, and a pitch black colored sword aura shot out towards Long Chen again amidst the starlight that filled the sky.

"He's still unwilling to give up." Long Chen was a little speechless towards this guy, it was just that he did not want to cause trouble, so he did not take his life. However, since the other party was still pestering him, Long Chen did not have a good temper.

With a flash of the Big Dipper, Long Chen arrived at Chen Xu's left side. The Desolate Divine Seal in his hand smashed onto Chen Xu's palm with lightning speed, and the black battle blade immediately left his hand and stabbed into the leaves. The leaves were incomparably tough, and it actually steadily clamped onto the blade, as though it was on the ground.

The Desolate Divine Seal struck Chen Xu's palm and instantly turned the bone in his palm into rotten meat, exposing the white bones inside. Chen Xu let out a blood-curdling screech, and suddenly tumbled to the ground while wailing.

Long Chen stood in front of him, looked at him coldly, and asked: "Do you still want to continue? If you don't leave, I, Long Chen will not keep you company. "

Long Chen was too lazy to pester him any further. After being disturbed today, he could already see that he was not able to cultivate anymore. Now that the night had just passed, Long Chen was prepared to find another place to continue cultivating. To him, Chen Xu's attack was just a small interlude.

As for Chen Xu's injuries, they were only a warning to him. He did not strike down with force, nor did Chen Xu suffer from any injuries. These injuries, as long as they expelled the aura of death, could be fully healed after a period of recuperation.

Just as Long Chen was about to leave, at this moment, the screaming Chen Xu suddenly roared and jumped up. His two arms were actually injured, Chen Xu's expression was sinister, his eyes were bloodshot, and a towering baleful aura emitted from his body.

"Long Chen, don't go!"

Long Chen stopped in his tracks, turned around, and said: "Do you really think I don't dare to kill you?"

Chen Xu did not reply. Currently, his face was filled with a sinister expression, and the fury in his eyes had already become mixed with madness.

"You, do you really think that I have no way of killing you?" At this time, Chen Xu crazily roared. He endured the pain in his arm and raised the black blade into his hands. He pointed the black blade at Long Chen and bellowed: "Do you know what blade this is? I tell you! This is a blade that wants your life!"

It could be seen that this fellow was going to fight with his life on the line.

Long Chen increased his vigilance. He suddenly felt a trace of unease, and at this time, Chen Xu crazily roared and suddenly flung his black battle blade at Long Chen!

"Whiz!"

With an explosive sound, his hands were only thirty meters away from his body, and the black blade instantly flew forward fifteen meters. But at the moment he was fifteen meters, Long Chen suddenly realized, that the black blade had actually exploded, and Long Chen could feel a destructive energy being born, and had already sensed the danger ahead. At this time, Long Chen was no longer a woman, his eyes instantly darkened, and at the last moment, he used the Dragonsoul Transformation!

The blood-red scales instantly armed his body to the extreme. Not only did the Dragon Soul Transformation raise his true essence to the same level as Chen Xu, it also increased the toughness of his body!

"Golden Emperor Heaven Shrouding Seal!" Without the slightest hesitation, Long Chen used the Golden Emperor Heaven Shrouding Seal. He felt that the power and range of the explosion was simply too great, if he only relied on the Big Dipper Steps, it was very likely that he would not be able to dodge it.

The Golden Emperor Seal suddenly lit up. Under Long Chen's control, in the pitch black night sky, a golden light suddenly exploded forth. Even the people from the Verdant Wood Heavenly City below could see this bright light!

Immediately after, an even larger ray of light exploded, accompanied by a huge explosion, it was caused by the black blade exploding, and after the black blade exploding, an even larger force, along with countless of shattered blades shot towards Long Chen, if Long Chen was struck, he would definitely be riddled with holes!

This was definitely Chen Xu's last trump card. He did not expect that under Long Chen's threat, he would actually activate his trump card just to kill Long Chen.

"This guy is definitely crazy." Long Chen could already feel the explosive power of the sword, the Golden Emperor Heaven Shrouding Seal's advance met with resistance, and a wave of overwhelming power rushed towards Long Chen!

"It's really hard to hold on, but go die!" Under the opponent's overbearing attitude, Long Chen could not estimate anymore. If he did not destroy the power of the sword's explosion, the blade's explosion would be able to harm him!

"Under the explosive explosion of my blade, I do not believe that you, Long Chen, can still survive. How can a mere sixth stage Earth Martial Stage be my opponent?" Looking at Long Chen who was slowly being engulfed by the explosion's power, Chen Xu laughed.

But very quickly, he was dumbfounded. In the midst of the endless explosive power, he suddenly saw a trace of golden light, which instantly expanded in size, and actually shook back the force of the explosion. The Golden Emperor Heaven Shrouding Seal's power and the explosive power of the blade were actually all directed towards Chen Xu!

Vaguely, Chen Xu could only see in time that it was a huge imperial seal!

After that, his small and frail body was completely engulfed by the Emperor Seal. The Golden Emperor Heaven Shrouding Seal's power and the explosive power of the blade combined together, and in that short moment, Chen Xu's body was turned into smithereens.

"Impossible!" At the very last moment, Chen Xu's expression was completely lifeless. What he truly did not expect was, Long Chen, a mere sixth stage of Earth Martial Stage, how could he have such terrifying strength?

Under this terrifying power, Chen Xu's body was smashed into smithereens. The leaves they were on were also completely destroyed, and Long Chen could only float in midair.

Soon after, all the sound disappeared, and Long Chen frowned. He knew that the final battle had caused a huge commotion, and he guessed that there would be a lot of people arriving soon. Killing Chen Xu was a fact. Long Chen thought about it and still did not leave this place.

If he left, it would mean that he had a guilty conscience, he just needed to stand there openly, since the one who made the move and made the killing move was Chen Xu, he, Long Chen, would only be able to retaliate appropriately, he was not afraid of the shadow slanting, and would not attack by himself. Bai Lan knew what had happened, so he would still stand on Chen Xu's side.

After standing at such a high place for a while, Long Chen sensed that someone had appeared below him. Not long later, Long Chen saw many demons and Thunder Clan members come over, and upon seeing Long Chen, he confirmed that they were not foreign enemies. They were not fighting yet, but they were extremely cautious looking at Long Chen's appearance.

This was an old man. When Long Chen was trying to save Su Yan, he was also in the center of the courtyard, and currently, he was frowning as he looked at the surroundings. It was obvious that there were traces of a battle going on, and he was just about to ask Long Chen what was happening, when suddenly, Pure Snow's beautiful figure appeared from below.

"What's going on?" Sanxue's status and strength were the highest here. She came to Long Chen's side, and said while looking around.

However, after Long Chen had saved her sister, her attitude towards Long Chen had improved by a lot. Now, even though he was standing next to Long Chen, she still asked him with a soft voice filled with trust.

Under the starlight that filled the sky, Pure Snow wore a long black dress. Her figure was graceful and she was rather cold. She was Bai Lan's daughter, so she naturally had her own dignity.

Long Chen said in detail: "I am here to cultivate, but on the way, there was a tanned brat who attacked me, I was not willing to get entangled with him, but he did not let me go, and in the end he even detonated his own blade, wanting to kill me, under that helplessness, I could only kill him."

Chapter 764 - Accompanying You at Night

"Hmm?" She still did not know who the victim was, but Long Chen, who was merely at the sixth stage of the Earth Martial Stage, had easily mentioned that he had killed the victim.

Sanxue didn't know who the murderer was so she asked, "Do you know who the murderer was? He shouldn't be a member of our Thunder Devil Clan, right? Since you have helped Yan Er, the people of the Thunder Clan and Demon Clan will not touch you. "

"Not necessarily." Long Chen sneered and did not say a word.

The others were all gathered here, and they started to discuss with each other.

"This young man, is he the Long Chen who cured Princess Yan Er? What is he doing here in the middle of the night? "

"Who knows? There was such a big commotion just now, someone must have been killed. Who could it be?"

For a moment, no one knew who it was.

"Xu'er!" Right at this moment, a roar sounded out. Everyone looked down, and saw a middle-aged man with scarlet eyes charging over, this man had a strong physique and his complexion was dark, his

appearance was similar to Chen Xu's from before. Long Chen frowned, this man had also appeared in Yan Er's small courtyard before.

At this time, after the man rushed over, he scanned his surroundings, and did not discover his son. He immediately roared out in all directions, "Which one of you saw my Chen Xu, why did he detonate his explosive blade here?"

No one answered him, but everyone looked at Long Chen. Long Chen's expression did not change, but Suanxue's eyebrows wrinkled slightly. She looked at Long Chen and said, "The youth you killed, was this Elder Chen Yang's son, the Chen Xu of the seventh stage of the Earth Martial Stage?"

Long Chen had killed Chen Xu, which was a rather difficult matter to deal with. After all, Long Chen was grateful to him, but Chen Xu was a demon. What Suanxue was still confused about was that Long Chen was clearly only at the sixth stage of the Earth Martial Stage and Chen Xu was at the seventh stage, so how could Long Chen possibly kill him?

At this time, Chen Yang, whose eyes were blood-red, looked towards Long Chen. Long Chen's body clearly had traces of having fought before, and since Chen Yang recognized him, he said coldly: "Little friend Long Chen, dare I ask, were you the one fighting with my son just now? Where's my son Chen Xu? Has he already died in your hands, with no remains left? "

Before Long Chen could answer, Suanxue said, "Elder Chen, this must be a joke. Long Chen is only at the sixth stage of the Earth Martial Stage, how can he kill your son? There must be someone else."

Halfway through her sentence, Long Chen interrupted her and said directly, "That's right, I was the one who killed Chen Xu."

Honestly speaking, Long Chen saved Su Yan, and most people already treated him as one of their own. But even if they killed their own people, that would not be right, right?

Furthermore, Long Chen's tone seemed to be a little arrogant, which made everyone feel unhappy. They even felt that it was unfair for Chen Yang. Long Chen and Chen Xu were not related to each other in the first place, so why did Long Chen want to kill someone that was not related?

"Idiot", Suixue was really speechless at this guy. She wanted to help Long Chen cover it up, but she did not expect him to admit it.

Of course, she was also a little surprised that Long Chen was actually able to kill that Chen Xu. After all, he was at the seventh level of the Earth Martial Stage.

Hearing Long Chen's words, Elder Chen Yang's eyes burst out with a cold light. His breathing became heavy, and he stared straight at Long Chen, roaring softly: "May I ask, why do you want to kill this child when you have no enmity with this child?"

That's right, Chen Xu did not provoke you, so why did you want to kill him?

The other demons also started to stir up a commotion. As for the Lightning Clan, this had nothing to do with them, so everyone was just here to watch the show. He was enjoying it.

Long Chen immediately said: "I am not the one who killed your son, I am cultivating here, but your son attacked me the moment I arrive, I have shown him some mercy twice, but he did not refuse me, and in the end, even exploded the blade in his hand, wanting to kill me, if I did not make a move, I would have died."

In this Cyanwood Heaven City, he was an honorable person. Thus, he did not wish to say too much.

Everyone fell silent. If what Long Chen said was true, then Chen Xu dying was well-deserved, so everyone wanted to see what Chen Yang's reaction was. At this time, the blood red color in Chen Yang's eyes had not disappeared, after all, the person who had died was someone he had groomed for many years, and it was very likely that he would become the son of one of the clan elders in the future!

"This is just one side of your story. Do you have any evidence to prove that what you said is true?" Chen Yang said coldly.

Long Chen really did not have any evidence, but he reckoned that even if he had it, Chen Yang would continue to pester him, so Long Chen said: "I do not have any, but I, Long Chen, do things fair and square, if there is even the slightest bit of falsehood in my words, please let me down, I promise you, I wonder if Elder Chen is satisfied?"

Swear.

Long Chen had already sworn, although he could not judge if this was true or false, but it was still effective. Chen Yang originally wanted to request a fight with Long Chen, but Long Chen's oath left him with nothing to say.

"However, my son is a complete stranger to you. Why would he come here to kill you? Why are you here? Don't you think that everything is suspicious?" Chen Yang continued to ask.

Long Chen laughed. He looked around, and in the end, his gaze landed on Sanxue, and said: "I, Long Chen, have only been in the Verdant Wood Heavenly City for ten days, and the only time I have appeared is when I refined a pill and saved Miss Yan Er. I believe that I must have offended some people because of this matter, and Chen Xu is a fool.

With that, Long Chen directly went past Su Xue and directly left the place. Everyone was immersed in his words just now, and no one stopped him from leaving.

"It's all gone, Clan Elder Chen Yang, you should also go back first. You can't blame Long Chen for what happened today." Sanxue made some arrangements and then followed Long Chen down. She still had many questions in her heart that she wanted to clarify with Long Chen.

In fact, among the people who stayed behind, there were still many things in their minds that they did not understand. What did Long Chen mean just now? Today, the only person who had lost face was Situ Yu. Could it be that Long Chen meant to say that Chen Xu was the one who instigated him? Everyone recalled that Chen Xu was usually together with Situ Yu, upon careful thought, it might actually be possible.

If that was the case, then the matter was very clear.

Everyone had a rough understanding of Situ Yu's character. It would not be strange if he could do such a thing.

Chen Xu had been used.

However, everyone also put this matter to heart. Situ Yu's grandfather, Situ Yao, was one of the eight elders of the eight great sects and had overflowing authority. Situ Yu himself was the only alchemist in the demon race. These two identities had already determined that many people would not dare to offend them.

"Go back." The people from the Thunder Clan were the first to leave. After thinking about it carefully, the other demons also left, but they did not go and comfort Chen Yang. To the crowd, Chen Yang was just an innocent and pitiful person.

In the end, only Chen Yang was left standing there in a daze.

He watched as Long Chen and the others left, his fists tightly clenched as the veins on his hands bulged.

In the darkness not far away, Situ Yu punched a nearby tree trunk, instantly blowing up a huge pit on the tree trunk and causing wood shavings to fall off.

"This brat dodged it, but next time, I definitely cannot let him escape!" Furthermore, why was that girl, Suxue, so close to this kid? Just because this brat saved Su Yan? "

The anger in Situ Yu's heart grew more and more successful.

"No, today's matter has already become big, I don't know if Chen Yang will find trouble with me, so I should hurry back to discuss it with grandfather. I hope grandfather can help me."

Thinking of this, Situ Yu immediately returned to the Greenwood Sky City.

At this moment, Su Xue had already caught up to Long Chen's footsteps. She looked at Long Chen with her beautiful eyes and asked: "Long Chen, what did you mean by those words just now? Are you saying that Chen Xu was instigated by Situ Yu to kill you?"

"Isn't it?" Long Chen looked at him and said.

Situ Yu is not such a person, after all, why did he incite others to kill you? There is no conflict between the two of you, and you even have to save my sister's life. Pure Snow slightly frowned and said.

Long Chen helplessly looked at Pure Snow, his gaze moved to the mountain peaks on her chest, and ridiculed: "Do you need me to say again that you have a big chest and no brains?"

"Bastard, you're courting death!" Pure Snow gritted her teeth. She really didn't want to give this guy a good beating.

As they were leaving, Sanxue said, "Let's just let this pass. It's best if he doesn't cause any trouble, and if you and Situ Yu were to get into a fight, it wouldn't even benefit the demons."

Long Chen said: "It's not like I'm sick. If others don't find trouble with me, I naturally won't find trouble with others."

"Well, why are you up so high so late?" Su Xue was really speechless towards Long Chen.

Long Chen said: "I train in a battle skill and need to borrow the power of the stars, so from now on, I have to go up there every night. Oh right, will you accompany me at night?"

Long Chen had truly tried it before. If Bai Lan had proposed to have Suxue accompany him to cultivate, then what happened today would not have happened. Therefore, when Suxue asked Long Chen, Long Chen remembered, which was why he asked his.

Long Chen's straightforward words directly caused Suxue to be stunned for a moment, and she asked: "You, you want me to accompany you every night?" As she spoke, a faint blush appeared on her face.

Long Chen corrected himself: "Don't think too much, I just think that when I'm training, it will be troublesome if some small fries come to disturb me. I don't mind killing people, but you said it already, so you can only let Princess Snow take command, why aren't you willing?"

Chapter 765 - Conspiracy

Hearing Long Chen's words, she knew that Long Chen did not have any intention to approach her intentionally. After that, he nodded and said, "Alright, starting from tomorrow night, I'll accompany you. But what kind of magical combat skill do you practice, that you actually want to attract the starlight in the sky?"

Long Chen thought: Bai Lan already knows that I have the Sevenstar Monarch's inheritance, Sooner or later, I will find out. When I cultivate, she would definitely be able to find some clues by watching by the side.

After thinking to this point, Long Chen said directly: "If I tell you, can you not speak of it?"

"So mysterious?" "If it's very important, then don't tell me. You'll blame me if I don't leak it out when the time comes."

"I have obtained the inheritance of the Sevenstar Monarch, and am in the middle of practicing the Seven Glorious Stars. Do you believe me?" Long Chen said with a joking tone.

"I knew you were trying to trick me." Su Xue angrily glared at Long Chen. She had wanted to use her fist to punch him, but felt that she wasn't appropriate, so she could only put down her hand, glared at Long Chen, and said: "In short, you should be more careful."

After they finished speaking, the two of them went their separate ways. Long Chen returned to Su Yan's place, and Suxue's courtyard was actually just next to his. It was still a long time before daybreak, but because Chen Xu had disturbed him, he was not able to cultivate the Seven Glorious Stars today. So Long Chen only needed to study the Monolith of the War God a little more, and time would quickly pass.

The eight elders were all at the peak of the ninth stage of the Earth Martial Stage, so they had a precious identity amongst the demons. The only Demon Innates who came to the Archaic Graveyard were all the most precious ones other than Bai Lan.

At this time, Situ Yu's face was nervous as he stopped in front of a simple and elegant wooden house. He softly said to the inside: "Grandfather, Sun'er, Little Yu requests an audience."

After a while, a hoarse voice came from inside. Situ Yao said: "Come in."

One of the elders of the eight great sects, Situ Yao, sat in the center of the room. It was obvious with a glance that he was cultivating, and Situ Yu had disturbed him at this moment. You didn't lose enough face in the day, and now you still have the face to come and see me? "

"Grandfather, please calm your anger. I have already tried my best in dealing with the matters of the day, but the symptoms are really too difficult to treat." Situ Yu said somewhat helplessly.

Looking at his own grandson, Situ Yao sighed, and said: "You came to find me tonight, but caused some trouble. I just heard an explosion in the sky, so it must be because of you."

Situ Yu's face showed some embarrassment, and said: "It's not completely my fault."

"Come on, I don't know you yet. Tell me what happened today. Let me hear what trouble you have gotten yourself into."

Although Situ Yao was a little strict, he still doted on his own grandson quite a bit.

So Situ Yu described everything that happened tonight from the start. After he finished speaking, he became even angrier: "I also did not know that Long Chen actually had such a method, Chen Xu is a level stronger than him, I had thought that he could easily kill Long Chen, but who would have thought that he did not die!"

His eyes shone with a scorching light, as he said word by word. "Idiot, you're really getting bolder and bolder, let me ask you this, if you kill that brat, causing Su Yan to lose his life, with Bai Lan's personality, do you think he won't kill you?"

Situ Yu quivered from fright and explained: "Give me another ten days and I will definitely succeed in refining the medicinal pellets. Moreover, he has no evidence to say that I killed the people. That Long Chen brat made me lose all face today, I can't take this lying down. Of course I can spare him, but at least I have to teach him a lesson, right? Who told this brat to go so high in the middle of the night? He seems to be absorbing starlight to cultivate something?!"

"What did you say?" Situ Yao opened his eyes wide, and his breathing became heavier and heavier, as he looked straight at Situ Yu, as if he wanted to swallow him into his stomach. Situ Yu had never seen his grandfather have such a terrifying expression, he trembled from fright, and said: "I said, Long Chen is cultivating the stars on top."

"Sevenstar Monarch!" Situ Yao decisively said these words.

A strange light circulated in his eyes.

"Sevenstar Monarch? Grandfather, you're talking about one of the Seven Monarchs who possess the Divine Weapon 'Three Thousand Star Region'?" Situ Yu's eyeballs were about to pop out of their sockets. He looked at Situ Yao with incomparable excitement, as he spoke somewhat incoherently.

Situ Yao did not directly answer his question, but instead pondered for a while, and said: "A while ago, there seemed to be a rumour about the birth of the Sevenstar Monarch's inheritance, but I have never heard of anyone obtaining the inheritance of the Seven Planets Planet, this Long Chen brat, did some astonishing things in the liujin region, and even stole the Monolith of the War God from the Princess of wind race's hands, and he needs to go to such a high place in the Verdant Wood Sky City to cultivate, absorb the starlight, with such a grand cultivation, I have a 90% chance of obtaining the inheritance of the Sevenstar Monarch!"

"Impossible, with that brat's appearance, and his pitiful strength, will he be able to obtain the inheritance of the Sevenstar Monarch?" In terms of alchemist, he was a head above Long Chen, the only thing that could comfort him was that his martial power far surpassed Long Chen, and listening to Situ Yao's words, it seemed that Long Chen had actually obtained the inheritance of the Sevenstar Monarch?

The inheritance of the Demon God Emperor, had long ago become the devil race!

The inheritance of the white lotus, had long been passed down to the god race!

The importance of the Seven Monarchs's inheritance could be easily imagined.

"Whether it is the Sevenstar Monarch's inheritance or not, I will test it out tomorrow to confirm." Situ Yao lowered his voice and said indifferently. His initial excitement had turned into calmness.

"Grandfather, if it's the inheritance of the Seven Planets, are we going to snatch it away?" Situ Yu probed. He realized that this matter had already gotten bigger due to the matter with the Sevenstar Monarch.

"Steal?" Hehe, you little rascal, you still don't know much, do you? If even we could guess, how could that old cunning fox Bai Lan not know? Maybe he already knew and didn't want to tell us. " Situ Yao said.

"Doesn't that mean that the inheritance of the Sevenstar Monarch will belong to the Patriarch?" Situ Yu said somewhat unwillingly.

"I guess Bai Lan already knew this, but he didn't do anything. I already know the reason why, he's just estimating his own daughter's life, right? Bai Lan is a decisive person with extraordinary strength, a good material for being a Patriarch, the only drawback is that he's too loyal to him. Whether it's his

relationship with Lei Ji or his two daughters, he sees them more seriously than anyone else, even if he knows that Long Chen has the Sevenstar Monarch's inheritance, I don't think he would dare to take it."

"If he doesn't take it, then we'll take it." Situ Yu's eyes flashed with greed. He was waiting for Situ Yao to make the decision, but Situ Yao remained silent. After a while, Situ Yao raised his head and coldly looked at his own grandson and said: "Child, do you know, if we kill Long Chen and take his inheritance, we will become enemies with Bai Lan, and maybe even with the demons. Do you think that it's worth it?"

Situ Yu was dumbstruck. He had never thought that there would be such a serious consequence, but now that he thought about it, it was very likely that there would be something like what Situ Yao had said.

"Grandfather, I can't make a decision either, but if it really is the inheritance of the Sevenstar Monarch, then there are really too many people. If grandfather can obtain that inheritance, perhaps he can break through the 'Heaven Martial Extreme Wall' and successfully reach the Heaven Martial Stage. With the addition of the 'Three Thousand Star Region', at least there won't be any opponents in the first stage of the Heaven Martial Stage, becoming a powerhouse that is second only to Bai Lan and the God Tribe."

Situ Yu's words had the intention of enticing Situ Yao.

Pow!

Situ Yao slapped Situ Yu, and said angrily: "Brat, I know this better than you, do you need to teach me? But you are wrong, the rankers that came to Archaic Graveyard are not only Bai Lan and the one from the God Clan, do you think that the Five Elements Alliance does not have any warriors at the second level of Heaven Martial Stage? Do you think that there are no warriors at the second level of Heaven Martial Stage among the ordinary warriors? Do you know who held the 'Nine Clan Young Martial Arts Competition' three months later? "

Situ Yu was speechless. He did not know a thing about these questions.

"So there are still so many strong warriors. Then Grandpa, should we take the Sevenstar Monarch's inheritance?" Situ Yu said in a daze.

Situ Yao was silent for a while, then looked out the window at the starlight that filled the sky and said: "Besides Bai Lan, only the elders of the eight great sects know that Long Chen has possibly inherited the

Sevenstar Monarch's legacy. This kind of rare opportunity, will never happen again in my entire life. Say, should I take it? Do you want to take it? "

Situ Yu was so scared that he retreated a few steps back.

This was the first time that he discovered that his grandfather was such a terrifying person. It seemed that even this normally low-key old man was unwilling to accept this.

"Grandfather, no matter what, I will stand by your side!" Situ Yu said excitedly.

"That's right, you clever brat, I have obtained the inheritance of the Sevenstar Monarch, isn't that the same as you getting the inheritance? Once I open up another Demon God Holy Dynasty, I will let you pass on your legacy to me! "

"Grandfather, that is not a Demon God Holy Dynasty, but a Star Holy Dynasty. We even have to unite the Realm of Myriad Kingdoms!"

Situ Yu was extremely excited.

"Brat, you're quite ambitious. It's just that these things have to be done slowly, let's make our plans now," Situ Yao said as he suddenly spoke to the outside, "Chen Yang, since you're here, come in."

Chapter 766 - Cloud Piercing Bow

Situ Yu was shocked, he did not expect Chen Yang to actually come, and he was still thinking about how he should talk about Chen Yang earlier. After all, with Chen Yang's intelligence, he was sure that he knew about his own death, and it had something to do with Situ Yu. And what was Chen Yang doing here?

Of course, Situ Yu was not worried that this Chen Yang would listen to his conversation with his grandfather. After all, he and Chen Yang were both warriors of the eighth level of the Earth Martial Stage and Situ Yao was the peak of the ninth level of the Earth Martial Stage.

Before long, the wooden door was opened with a creak, and a Chen Yang who reeked of an ice-cold aura walked in. His ice-cold eyes glanced at Situ Yu for a moment, and then bowed towards Situ Yao:

"Greetings, Patriarch."

Amongst the Demon God Holy Dynasty, Chen Yang was one of Situ Yao's faction, which was why his son Chen Xu was close to him. He thought that it would give his son a good future, but who knew that it would actually harm his son.

"Chen Yang, I understand what happened today." Situ Yao went straight to the point.

"Yes." Chen Yang nodded and did not say anything else. The atmosphere here was extremely strange. Situ Yu looked at the two of them with suspicion, not knowing what they were thinking about.

I never thought that would go so far as to beat him up so viciously. This is all because of Little Yu, now I'll hand him over to you for punishment, if you want to kill me, you can do it. " Situ Yao slapped Situ Yu and threw him in front of Chen Yang.

Chen Yang clenched his fist, glanced at Situ Yu, and helped him up: "There's always a reason behind your actions, there's always a right to debt. I only want to see who kills my son, and not who cares about anything else, the reason I'm here today, is to ask the clan elder if there's any way for me to kill that brat."

"I think he should return tomorrow night to cultivate. With your eighth stage of the Earth Martial Stage's true essence and your many years of battle skills, killing him will be easy." Situ Yao said.

"Where else? It just so happens that my son died there, and not even his bones were left. I also let him die there, without even his bones remaining. " Chen Yang clenched his teeth, and said indifferently.

"Since you're my subordinate, I'll give you a present." As he said that, Situ Yao took out something from the ring in his hands, and suddenly, a strong wave swept through the entire wooden house. Seeing this, Chen Yang's eyes lit up as he said: "Destruction Arrows and Cloud-Piercing Bow, are all high level king level divine weapons.

"Put it away. No one knows yet that I have it in my hands." I'll give it to you today. With Cloud Piercing Bow and Broken Armour, you can kill Long Chen at a distance of one Li. Once you finish, you can put away this weapon and no one will know that you were the one who did it. You can also stay here without anyone knowing. " Situ Yao handed the two items over to Chen Yang.

Amongst the high level king level divine weapons, the Cloud-Piercing Bow and the Arm-Breaking Arrow were both relatively outstanding weapons, and they were famous in the Realm of Myriad Kingdoms.

After putting away the two divine weapons, Chen Yang nodded his head: "Clan elder, since it's like this, I will take my leave. After I have succeeded, I will leave the Demon race, after all, the Clan Leader will know that I was the one who did it, and we will meet again when the opportunity arises.

"Let's go." Situ Yao raised his hand and said.

Only then did Chen Yang leave. After walking out of the hut, Chen Yang sighed helplessly: "Xu'er, I'm afraid I'll have to wait a long time for the father who killed you to take revenge for the person who harmed you. Wait till I leave the Demon race, I'll stay here, don't give me a chance, if I see you alone, Situ Yu, I'll definitely take your life!"

It was not that he did not have any hatred towards Situ Yu in his heart, but he did not have the power to kill him in front of him.

Situ Yao was also an honest old cunning fox.

After Chen Yang left, Situ Yu spoke with some misgivings: "Grandfather, you're really giving this precious thing to him, I've been asking you for a long time, what if Chen Yang kills Long Chen, then what about the Sevenstar Monarch's inheritance?"

Situ Yao laughed out loud, and said: "Didn't you hear a single word? Ginger is wiser, I only lent him for a day, and once he finishes what I asked him to do, it won't be too late for me to take it back. At the same time, I can also take back his life."

"Grandfather wants to kill him? But didn't he just let me go and only target Long Chen?" Situ Yao was puzzled.

"Idiot, to dare come to this Archaic Graveyard, which one of you are not ruthless? The reason he said that you can't move is because he doesn't dare. If you let this guy wait for an opportunity, he will definitely kill you." Situ Yao said gloomily.

"So that's how it is." Situ Yu was a little speechless.

"Brat, there are too many things you need to learn," After pausing for a moment, Situ Yao continued, "Take a look at the Sevenstar Monarch's inheritance. Tomorrow night, that thing will fall into my hands.

"Hmm? Grandfather, what do you decide to do? " Situ Yu asked curiously.

"If I let Chen Yang kill Long Chen, I will snatch away the inheritance of the Sevenstar Monarch, and kill Chen Yang in an instant. This all goes without saying, who would know that Long Chen harbors the inheritance of the Sevenstar Monarch? Who would know, that I was the one who killed Chen Yang? Aside from you, no one else knows that the Cloud-Piercing Bow and the Broken Armor Arrow are in my hands. "

"Grandpa is wise!" Situ Yu had to give him a big thumbs up. Compared to Situ Yao, he felt that he was too inexperienced, this kind of person was the most terrifying poisonous scorpion.

While Long Chen was cultivating, he did not know that there were already hidden movements outside. There were still nine days before he needed to give Su Yan another sip of dragon's blood, so he was not in a rush. In his free time, he spent most of his time cultivating, the Spiritual Qi of Heaven and Earth above the Cyan Wood City was extremely abundant, and it was a rare cultivation place. If one cultivated here, the results would be twice the results with half the effort.

Night soon arrived, and night soon after. When night fell, Sanxue didn't waste any time and directly knocked on Long Chen's door and arrived in front of Long Chen. Today, she was dressed in a valiant and formidable black training clothes with her hair tied in a ponytail, she looked capable and capable, but she didn't lose her charm.

"You remember me?" Long Chen stood up and joked.

"Stop wasting time, go up and cultivate your 'Sevenstar Monarch's' inheritance. Let this little girl experience the power of one of the inheritance within the Seven Monarchs." Although Long Chen mentioned the Sevenstar Monarch yesterday, she did not put it to heart. In her opinion, he was most likely just bragging.

Long Chen laughed and did not speak, after packing up for a while, the sky had already turned completely dark, the two of them did not say anything further, and directly headed towards the highest point of the Cyan Wood Sky City in the night. This time, Long Chen was much more careful, using the Spirit Devouring Demon Pupil to survey his surroundings.

"What is it? With me here, are you worried that someone will disturb you? " Pure Snow said unhappily as she walked beside Long Chen while twisting her soft waist.

Under the cold moonlight, her snow-white skin glowed with a crystalline luster. Indeed, she was as beautiful as snow under the starlight. The name Bai Suxue was a very good one.

"What are you looking at?" Being stared at by Long Chen like this, Sanxue was a little unnatural as she turned her head around. She kept feeling that Long Chen's gaze was a little malicious.

Long Chen laughed dryly: "That's right, Princess Suanxue is the most outstanding young genius of the demon race, her cultivation is comparable to the eight great sect elders. With your protection, it's certain that no one can harm me."

"You're asking for a beating." Pure Snow laughed and scolded, but did not actually hit Long Chen. When Long Chen was able to save her sister, her impression of him immediately changed. Now, she felt that this guy was actually quite interesting, at least when he was together with him, it was much more comfortable than when Situ Yu was together.

After conversing for a while, Long Chen followed Su Xue and headed towards the highest point. Halfway there, Su Xue suddenly said, "Long Chen, I have something important to discuss with you."

"What is it?" Su Xue's expression was very serious. Long Chen didn't have any displeasure with this girl right now, so he listened very seriously.

Su Xue turned around and looked at Long Chen seriously. She lightly activated her charming red lips and said: "I see that Yan Er seems to be relying on you, and the person that she talks about all day is also you. Don't you see that it's very strange? Yan Er is only fourteen years old today. "

Long Chen was dazed for a moment, then suddenly realized something and said: "You're saying that Yan Er might like me?"

Su Xue nodded and said, "I didn't say that, but I can see that. This time you are the one who pulled her out of hell, and anyway, I meant to ask you, do you have the determination to stay in the demon race and be my son-in-law from now on?" Do you have any guarantee that you will become someone who can support the demons? If not, I hope you will treat my sister well. Do you understand what I mean? "

Long Chen's words made a lot of sense, and along the way, he seemed to have attracted a lot of love debts. From Murong Yu of the Demonic Palace to Liu Yiyi of the Holy Martial Empire, the two of them probably had some deep feelings for Long Chen, but in the end, Long Chen had still embarked on his own journey, and right now, he knew that it was impossible for him to stay on the Realm of Myriad Kingdoms's side. He thought for a while and said resolutely, "I understand what you said, but when I'm with Yan Er in the future, he's still young, right?"

Chapter 767 - Beloved One

Su Xue didn't expect Long Chen to agree so quickly. According to Long Chen's character, he should be extremely disgusted with Su Xue being a threat, and from then on, it could be seen that Long Chen really didn't have any intentions towards Su Yan.

To be honest, although Su Yan was not very old, she was already a little beauty. In a few years, she would be as enchanting as the beautiful Sanxue, and her cultivation and status were not inferior to Suanxue at all, so it was normal for a girl to be as spoiled as her. Especially since Su Yan had a deep impression of Long Chen, Suanxue felt that Long Chen might have some thoughts about him, but from the looks of it, he didn't seem to have any thoughts at all.

She was originally just a lucky nobody for Long Chen, but once such a nobody had a chance to climb up, she would definitely not let it go. Why was Long Chen an exception?

Curious, she asked, "Do you have someone you love?"

A woman's curiosity was boundless. Long Chen looked at her somewhat speechlessly, and said: "I'm only here to cultivate, I even have to reveal this to you?"

The more Long Chen said this, the more curious Pure Snow became. Their relationship was much better now, so he continued to ask: "Do you or do you not have it?"

"..."

Long Chen was too lazy to bother with her. If he had told her that Ling Xi was here, then this kind of woman, who would even have the curiosity to kill a cat, would definitely continue to question him. In the midst of endless questions, Long Chen was too lazy to talk to her any longer.

"Won't tell me?" She immediately chased after Long Chen. Suddenly, she was stunned, she stopped her steps, and a burst of redness immediately surfaced on her face.

"If he is unwilling to say, could it be that the person in question is not Yan Er, but me?" She knew that her sister was interested in Long Chen. If Long Chen's thoughts were as she had expected, then it would be terrible. The thing that Pure Snow didn't want the most was for her sisters to fight over the man.

"I must have been thinking too much. There shouldn't be such a thing happening. We've only just met." Suixue comforted herself for a bit, then chased after Long Chen. By the time she had caught up to him, they had already penetrated through the clouds and sat down on a huge leaf.

"How beautiful." In the starlight that filled the sky, Su Xue looked at the boundless white sea of clouds and let out a sigh of admiration. Yesterday she had also come here, but she hadn't observed it carefully at that time. But now, she was completely immersed in this wonderful realm.

A gentle breeze blew past. Under the blue starlight, her fair skin glowed with a faint glow, making her look like a goddess.

However, Long Chen did not put such a beautiful woman in his heart. If he had known that Sanxue would have the same thoughts as before, he would have definitely told her that he only had Ling Xi in his heart. Yesterday, when he was channeling the Seven Glorious Star Mantra, he had not completed a portion of the content. Therefore, the moment he arrived here, Long Chen calmed his heart and started cultivating.

"He started cultivating so quickly?" For this guy, Suixue was truly speechless. Long Chen didn't even pay attention to her, she was a little angry in her heart. Only after she made a face at Long Chen, did she continue to watch the beautiful scenery around her for a while, and then she said: "This brat is working so hard, I can't pull him down, the God Clan's Wu Guangyu will probably get the inheritance of the Blue Lotus Emperor this time, but I don't. I can only suppress him by breaking through the 'Heaven Martial Extreme Wall' before him, and reaching the Heaven Martial Stage. "I will definitely be defeated by him. If that's the case, then I will not be able to obtain a placing for the Five Emperor's key."

Thinking of this, a great pressure appeared in her heart.

"Father only has two daughters. Women are indeed slightly inferior to men in terms of cultivation, but my young man, Situ Yu, the strongest amongst us devil race is far from being a match for Wu Guangyu, and the young experts of Five Elements Alliance. We can only look at the Lei brothers."

Thinking to this point, Sanxue also felt a little helpless. She folded her legs and prepared to start cultivating, but at this moment, she already saw that among the nine great galaxies in the sky, there was actually a faint fluorescent light pouring down from the sky towards Long Chen. This countless amount of starlight was divided into five parts, and from Long Chen's 'five hearts', it poured into his body.

Only now did Sanxue remember the reason why Long Chen came here to cultivate.

"What kind of secret combat skill is this?" For a moment, she forgot to cultivate, and instead focused on observing Long Chen.

Endless starlight started to gush into Long Chen's body.

Suddenly, Suixue's expression became stiff, because she remembered what Long Chen had said before.

"Could it be that this brat really obtained the inheritance of the Sevenstar Monarch? Impossible, the Seven Monarchs's inheritance is so difficult, with this brat's strength, how can he obtain one of the Seven Monarchs's, the inheritance of the Sevenstar Monarch? "Impossible, this is impossible!"

Previously, when Long Chen said that he could save Su Yan, Su Xue thought that he was lying, but reality proved that Long Chen had the ability to do so. Long Chen also said that he had obtained the inheritance of the Sevenstar Monarch, with his personality, there was no reason for him to lie.

She also never would have thought that Bai Lan, who was usually strict and concerned about his own daughter, would actually have such trust in Long Chen.

Wasn't this all proof that Long Chen was a mysterious person? Then why was it strange that he had the inheritance of the Sevenstar Monarch? In the past few days, Sanxue had already found out that Long Chen had already obtained the Monolith of the War God.

She really wanted to knock Long Chen awake and ask him if the Sevenstar Monarch's inheritance was real, but she didn't dare do it because his cultivation was at a critical juncture.

"It's strange, if it was the Sevenstar Monarch's inheritance, then Daddy would be able to stay calm and listen to such a precious thing, compared to Long Chen, Daddy would be a little confused, but this guy is always hanging out with Uncle Lei, I don't know what he's doing, and last time he even asked me directly if I wanted to get married, it's really him."

Thinking of her own father, who was like an old urchin, Suixue was also speechless.

With this, she stopped cultivating and looked straight at Long Chen.

"Legend has it that the Sevenstar Monarch has an extremely powerful weapon called the '3000 Star Regions'. These 3000 Star Regions can use the power of the stars to shake the world, making it extremely powerful. With the '3000 Star Regions' that the Sevenstar Monarch possesses, the Heaven Martial Stage is simply invincible.

Legend has it that the '3000 Star Regions' is an exquisite godly spear. With regards to beautiful things, ordinary women have no resistance at all.

Time gradually passed, and as the starlight gradually flooded into Long Chen's body, the starlight on Long Chen's body became denser and denser. At this moment, Long Chen was completely enveloped by the starlight, as if he was a resplendent object that had been formed while floating in the night sky.

These specks of light, when combined, were Long Chen's divine weapon, the '3000 Star Domains'!

Only Long Chen had managed to cultivate the Seven Glorious Starry Spell and had the Seven Glorious Starry Spell so he could use the power of the 'Three Thousand Star Regions'. Of course, every time he used the 'Three Thousand Star Regions', he would need to consume a lot of energy.

Cultivating the Seven Glorious Starlight would allow Long Chen to execute the Big Dipper Steps and the seven star body more perfectly. At this time, his Seven Glorious Stars had already started to take shape, and within the dragon soul true essence in his body, there were already many more blue dots of light. These blue lights were Seven Glorious Star Quintessential Essence.

After the Seven Glorious Star Quintessential Essence was completed, under Long Chen's control, the blue colored starlight on his body gradually disappeared. When Long Chen opened his eyes, he saw Suixue standing right in front of him, agitated, and blurted out, "Long Chen, you really obtained the inheritance of the Sevenstar Monarch?"

Long Chen knew that this girl would finally believe him, so he said with a smile: "Didn't I already tell you before." He paused for a moment, then said: "In this Greenwood Sky City, only the Thunder Clan's patriarchs know about it, and the other one is you, the inheritance of this Sevenstar Monarch is extremely important, I believe you can tell me this, I hope that you do not tell anyone else about this, if others do, I think a great disaster will befall me."

Long Chen's words suddenly moved Suixue very much.

"We've only known each other for a dozen or so days, why does he trust me so much? He didn't even tell Yan Er and he told me instead?" Thinking up to here, Sanxue's mind was in a mess. In the past twenty odd years, she seemed to have never been in such a chaotic mood before.

How could Long Chen understand what a woman was thinking? He told her that he only wanted her to protect him when he was cultivating and that it would reduce the trouble. Seeing that Su Xue was looking at him strangely, he asked: "What are you thinking?"

"No, no," Pure Snow promptly waved her hand and said, she was a little flustered. She suddenly thought of something, and said quickly: "Long Chen, I have a request, can you agree to it?"

"What?"

"I heard that the '3000 star field' is very pretty. I want to see what it looks like. Can you satisfy my small request?"

As she spoke till the end, she took out her ability to act coquettishly towards her father. That sweet voice coupled with that alluring appearance made Long Chen stunned for a moment, then he quickly said: "I beg you, stop acting like this, I'll show you okay?"

"Really? You are very kind! " Pure Snow jumped up in joy.

Who would have thought that such a dignified princess would have such a side?

Chapter 768 - Assassination

Under the starlight, everything was bright.

In a dark place on the ancient tree, there was a pair of blood red eyes, looking at the shining star in the sky, he knew that it was Long Chen who killed his son. The moment he arrived, he saw this fellow cultivating here. To worry about being discovered, he came here only after midnight, and Long Chen had already almost finished his training.

This man was Chen Yang.

Slowly, Chen Yang took out the Broken Armoured Arrows and the Cloud Piercing Bow from his Qiankun bag. The Cloud Piercing Bow was a powerful weapon, but if it was used to its fullest extent, it would erupt with endless power. As for the Broken Armoured Arrows, one of the most famous characteristics of them was its soundlessness. The Broken Armoured Arrows could reduce the speed of a high-speed march to the lowest possible level. It was the most suitable for sneak attacks. Ordinary warriors would not even be able to detect the attack of the arrow, and this was also the reason why Situ Yao gave the thing to Chen Yang to kill.

Even if it was a powerhouse at the ninth level of the Earth Martial Stage, it would still be difficult to dodge this arrow under the circumstances of a sneak attack.

At this time, Chen Yang was a little nervous. He nocked the Broken Armor Arrow onto the Cloud-Piercing Bow, then closed his eyes and looked at the star in the sky, preparing to attack.

Currently, he was around a kilometer away from where Long Chen was. From this distance, it was difficult for Chen Yang to determine his location, but it just so happened that Long Chen was cultivating the Seven Glorious Stars, and thus automatically locked onto his target.

Just as Chen Yang was about to make his move, the starlight had disappeared and Long Chen had completely cultivated his Seven Glorious Stars.

"Is it over?" Chen Yang was not anxious, he had just missed a chance, he believed that Long Chen would definitely continue cultivating, and at the moment, he did not know that Su Xue was right beside Long Chen.

He was waiting for Chen Yang to make a move, and then, he would go snatch the inheritance of the Sevenstar Monarch. Of course, Long Chen and Sanxue had been extremely careful before going up, and even Situ Yao had not noticed the existence of Susu Xue. From his current position, he could only see Long Chen's ray of starlight.

The starlight extinguished, and Long Chen's Seven Glorious Starlight Spell was successfully cultivated.

"What the hell is Chen Yang doing?" Situ Yao was a little speechless. He had followed Chen Yang here, and it had already been fifteen minutes.

But Situ Yao was not anxious, he knew that it would not be so easy to cultivate the Sevenstar Monarch's inheritance, Long Chen had to stay here for a very long time. Situ Yao had a bunch of chances to strike.

From the situation just now, he was completely sure that Long Chen had obtained the Sevenstar Monarch's inheritance.

Thinking about how he could unknowingly obtain the inheritance of the Sevenstar Monarch, Situ Yao's heart was filled with excitement. He was waiting, waiting for the moment Chen Yang took action. As for how Chen Yang dealt with it, in fact, Situ Yao had his own plans. He had his own methods of tracking him down, and he left his own traces on the Cloud Piercing Bow and the Broken Armor Arrow. That way, no matter where Chen Yang fled to, Situ Yao would be able to kill him!

Once Chen Yang died, Situ Yao would be able to enjoy the Sevenstar Monarch's inheritance without worry. After all, with Bai Lan's huge foundation, even if he was in need of his own protection, Situ Yao could definitely escape with just Situ Yu.

Although it was risky, for the inheritance of the Sevenstar Monarch, everything was worth it.

Just at this moment, he realized that the place where Long Chen was at had lit up once again, but this time, the light had even made his blood boil.

"This is the legendary '3000 star field'!" Situ Yao let out a low roar, his adam's apple wiggled, and looking at the three thousand star domain, he swallowed his saliva!

Situ Yao knew that it was a three thousand star region, but Chen Yang didn't know that it was. However, relying on the light of the three thousand star regions, he could vaguely make out the location of Long Chen. It was just that not far from Long Chen's eyes, there was a figure. As for who that figure was, Chen Yang did not know.

"No matter who it is, with Long Chen's death, I can blame it on you!" Thinking about that, Chen Yang suddenly raised his Cloud-Piercing Bow, and aimed it at Long Chen's heart!

Unable to refuse the other party's request, Long Chen could only helplessly take out the 'Three Thousand Star Region'. He was temporarily unable to use this 'Three Thousand Star Region', and the only thing he could do was to casually wave it around.

A total of three thousand stars appeared on the surface of Long Chen's body, and these blue dots of light gradually gathered in Long Chen's hands, condensing into a beautiful, flowing, and vibrant blue divine spear. Looking at this scene, the Pure Snow Martial Immortal let out a sharp cry.

Girls had no resistance to beautiful things, even if it was just a weapon, but from the little stars in Suo Xue's eyes, it could be seen that she was completely immersed in the beauty of this '3000 star field'. At this moment, she was staring at this '3000 star field' in a daze, and couldn't help but reach out her hand towards the '3000 star field'.

Long Chen felt a resistance from the weapon in his hand. It seemed that the '3000 Star Regions' were not willing to let Suo Xue touch it.

As expected, a gentle force gently pushed away Su Xue's fingers.

However, she didn't get angry, but said: "This is the most beautiful weapon I've ever seen, but unfortunately, it won't let me touch it. But it's still okay, it just gently pushed me away."

she consoled herself.

"That's for my sake. Otherwise, it would have cut your finger off." Long Chen threatened him with a smile.

"Alright, I want to cultivate the seven star body. astral qi, you must be a terrifying being. It is best for you to hide somewhere else. "

To be honest, this astral qi caused Long Chen to tremble in fear. However, for the sake of the seven star body, he decided to endure it.

"Let me take another look. Don't be in a hurry to put it away." Pure Snow said coquettishly. Black lines flashed across Long Chen's forehead. He could only continue to hold the '3000 star field' in his hands for watching.

Only this '3000 star fields' remained in her eyes, but she had actually forgotten all about the astral qi that Long Chen previously mentioned.

At this time, Long Chen suddenly felt a sense of extreme danger!

"Long Chen, there's an arrow behind your back!" The little kitten in the Great Void Realm warned in panic.

Even Little Cat was panicking, which showed that this arrow was definitely very terrifying. At this moment of life and death, Long Chen did not have any time to think, because Little Cat had reminded him, he did not need to sense the direction where the danger was coming from. This could save him a lot of time, and could also save him a little bit of time!

Suddenly turning around, Long Chen didn't even think as he placed the three thousand star fields in his hands right in front of his heart! He knew that he could not dodge, and now, Su Xue was right in front of him. Although Su Xue was strong, her perception was not as accurate as a kitten's, if Long Chen dodged, that terrifying incoming, silent arrow would definitely pierce Su Xue's body!

Long Chen was a man of principle, the arrow was aimed at him, so he could not let Su Xue be hurt. Otherwise, it would be difficult for him to explain himself to Bai Lan. After all, Long Chen had made Su Xue accompany him himself.

Although Long Chen had not offended many people, but because he had obtained the inheritance of the Sevenstar Monarch, which everyone rushed to, he was destined to become the mortal enemy of countless people!

Just like today, this terrifying attack was directed straight at the direction of Long Chen!

In the blink of an eye, all of Long Chen's hairs stood on end!

Vaguely, Long Chen could see a black steel silhouette in the darkness. He knew that this was the source of danger that he felt. The speed of the black shadow was already fast to an unimaginable degree. The only thing Long Chen could do at this moment, was subconsciously place the three thousand star regions in front of him.

At this critical moment, Long Chen already had a suffocating feeling.

This was the first time he had seen an attack as fast as this.

In the next moment, what made Long Chen heave a sigh of relief was that the steel figure had coincidentally smashed into three thousand star regions!

He didn't expect that he actually didn't feel this kind of power at all. Lowering his head, he saw that the black arrow, at this moment, was only half a meter away from the three thousand star domain, before it started to melt and turned into black iron powder in the blink of an eye, which completely dissipated before Long Chen's eyes.

Long Chen was stunned for a moment, and immediately reacted. He knew that it was the power of the three thousand star fields that had saved him at this moment, otherwise, he might have already been penetrated by this terrifying power.

In this dangerous moment, Long Chen broke out in a cold sweat.

At the same time, Su Xue, who was behind him, also understood what was happening. Her face instantly became deathly pale, but she was finally relieved when she saw that Long Chen had actually used three thousand star domains to neutralize the attack.

Under her protection, there were actually people assassinating Long Chen in the demon territory, they were too reckless. Furthermore, from the situation just now, if not for the 'Three Thousand Star Domain' in Long Chen's hands, wouldn't that mean that Long Chen was already dead?

A murderous look exploded in her eyes.

She was just about to rush over to kill off in that direction, but Long Chen quickly stopped her, because at that moment, Long Chen was already a Spirit Devouring Demon Pupil. This person's speed had far exceeded Long Chen's imagination. If she were to face the person who shot the arrow, he would probably be right in front of her!

Chapter 769 - Killing Heart

Only now did Long Chen realize that there were actually two people who were trying to kill him. The previous person was armed with a bow and arrow, and from the strength of the person's attack to the strength of the 'Three Thousand Star Domain', one could tell that the person's strength should be

around the eighth stage of the Earth Martial Stage, and the expert who was currently explosively shooting towards them from that direction actually had the strength of the ninth stage of the Earth Martial Stage.

She no longer went to chase after the other person, but stood in front of Long Chen instead. What came in front of her was actually a warrior of the ninth stage of the Earth Martial Stage, she had already realized the importance of this matter.

At this moment, Long Chen made a prompt decision. He said to Su Xue: "Help me stop this ninth level Earth Martial Stage cultivator and see through his identity. You must know him well in this Verdant Wood Sky City, I'll go chase after the other one!"

"What?" You can't go, the other one is very strong too! "From the power of the broken military arrow, the assassin should be at least at the eighth stage of the Earth Martial Stage." How is it possible for Long Chen to deal with him?

However, at this time, that man in black had already rushed in front of the two of them. At this time, he finally saw the existence of Suixue, and when he saw her, his eyes flashed with surprise.

"Which thief dares to behave so atrociously in our demon territory? You're courting death!" Pure Snow suddenly moved, and pounced towards the black-clothed man. This person's disguise was extremely powerful, no matter whether it was Long Chen or Pure Snow, they couldn't tell who this guy was.

As for the other person, he was probably running away.

Su Xue had already intercepted the black-clothed man, and Long Chen knew that he could no longer drag this on. Su Xue had made him stay here obediently, but Long Chen did not do anything, and the reason for that was because others had already arrived at his doorstep, which was different from Chen Xu's provocation, was a direct assassination. This kind of assassination was extremely terrifying, and Long Chen would definitely not allow this kind of person to continue living, continue to assassinate them, if not, he would not cultivate any more!

"Blood Escape!" At this time, Long Chen suddenly unleashed Blood Escape. He had only escaped for more than a kilometer, and immediately stopped, and stood in this world filled with leaves that were filled with clouds. Long Chen suddenly activated the Spirit Devouring Demon Pupil, and quickly saw that the person who shot the arrow was not too far away from him, and was only less than a hundred meters away!

Sure enough, this man probably thought that he had killed Long Chen and was escaping.

At this moment, Chen Yang's heart was filled with doubts. Originally, it was very straightforward for him to kill Long Chen, but why would he send a black-clothed man towards Long Chen the moment he made his move, as if he was going to pick up something? Chen Yang seemed to have guessed someone's identity from the black-clothed man's figure, of course he wouldn't dare to be sure.

"Could it be that this Long Chen actually has a treasure on him, and Situ Yao has taken notice of his treasure?" Chen Yang thought like this and guessed to this point, Chen Yang had already understood that he had probably been used as a spear by someone else. Now that he had killed Long Chen, he had to leave the Greenwood Sky City as soon as possible. He was confident in his previous attack, Long Chen was merely a warrior of the sixth stage of the Earth Martial Stage, there was no way he could block the attack of the Broken Armoured Arrows.

As he escaped, Chen Yang was pondering about what Long Chen might have obtained. He suddenly remembered the starlight on Long Chen's body, and he suddenly thought: "Ordinary treasures, that old ghost Situ Yao definitely doesn't like. There are only a few precious treasures of the Archaic Graveyard.

Thinking about how Long Chen had to cultivate under such a high starry sky, he felt that it was more and more possible.

"Dammit, I was fooled by that old fellow Situ Yao. I killed Long Chen, but he went to pick up a treasure. If I get caught by him, I'll definitely die without a burial ground. Yet, he can obtain the inheritance of the Sevenstar Monarch!" Although he felt somewhat helpless in his heart, he was already very gratified to be able to kill Long Chen and take revenge for his own son.

Right at this moment, he suddenly felt a person quickly chasing after him. Chen Yang turned his head to look, and was immediately stunned by that appearance, which was exactly Long Chen. During the daytime, Chen Yang had seen Long Chen a few times, so he definitely would not misjudge Long Chen's appearance.

"Isn't he dead? How could he have caught up? Didn't my arrow just kill him? Then what about Situ Yao?"
"Thinking about that, Chen Yang immediately looked towards the place Long Chen was previously at. There was an intense battle there, under the starlight, the two of them were not under the protection of the leaves, so Chen Yang could clearly see that there were two people in the middle of the battle. One of them was the weird black-robed man who had attacked them earlier.

The other person was the First Princess of the demon race, Su Xue.

"I never thought that Princess Suanxue would actually cultivate together with Long Chen. No wonder I didn't succeed just now! However, "a cold light exploded in Chen Yang's eyes. The sudden turn of events had made him lose all hope, but what surprised him was that Long Chen, the idiot, was actually chasing after him!

Situ Yao has been entangled by Pure Snow, the others do not know about it. Since I took advantage of this chance to kill Long Chen and obtain his inheritance, then I, Chen Yang, will have a day where I can be proud of everyone! " Thinking about it, Chen Yang was extremely excited. He had not expected that the Heavens would actually favor him in such a way.

"Long Chen, oh Long Chen, I thought you were very smart, I didn't expect you to be such a fool!" At this time, Chen Yang had retreated instead of advancing. After putting away the Cloud-Piercing Bow, he had advanced instead of retreating, and actually turned around and charged towards Long Chen!

"I knew that guy would be like this, is that person actually Chen Yang? I killed Chen Xu, it's normal for him to deal with me, but who was that black-clothed man before?" Long Chen believed that Chen Yang definitely knew the identity of this black-clothed man, so he chased after him.

Behind him, both Su Xue and the black clothed man were at the ninth level of Earth Martial Stage. Su Xue's advantage was that all of the battle skills she had learned were strong, so after obtaining Bai Lan's Successor Disciple, she was able to use some of the Demon God Emperor's battle skills very well. The black clothed man, on the other hand, had a rich experience in battle.

Long Chen was not worried about Su Xue's comfort, but Su Xue was very worried for Long Chen. In her battle with, most of her focus was on Long Chen, and because of this, her opponent obviously hid his true strength, but Su Xue was too distracted to quickly defeat him!

At this time, Long Chen had already clashed with Chen Yang.

"He's trying to court death." Chen Yang let out a cold laugh, he had taken out a black battle blade from his Cosmos Sack, it was actually the exact same as Chen Xu's battle blade!

"If you kill my son, you'll die under the same blade." Chen Yang laughed sinisterly.

"Do you know who that black clothed man is?" Long Chen wasn't scared by him at all, he had already gradually used the Dragonsoul Transformation while he was walking forward, the blood-red scales had completely covered it, making it seem as if his body had instantly become a killing machine!

It was Chen Yang who had come to assassinate him today, and he even had Suanxue, the witness. Long Chen could have used all of his strength to fight Chen Yang to the death, but Long Chen was more likely to know who the black-clothed man was. He felt that this black-clothed man was even more terrifying.

The Spirit Devouring Demon Pupil had the effect of controlling souls, but Chen Yang was an eighth stage warrior of the Earth Martial Stage. If Long Chen could not obtain his trust, he simply could not control his soul, and as for Cat, it was even worse.

The higher the opponent's rank was, the stronger their martial soul would be, and the more helpless the kitten would be.

Chen Yang was too lazy to tell Long Chen, as far as he was concerned, Long Chen was already a dead man and needed to be kept a hand in life. If he were to reveal Situ Yao's identity today, then he would definitely lose his life if Situ Yao caught him in the future.

What he did not know was that Situ Yao's original plan was to kill him off. It was only because an accident happened, that caused this kind of complicated situation.

When Sanxue and the black clothed man were having a good time, Long Chen had already fully engaged in battle with him. Chen Yang completely ignored Long Chen's question and directly used a forceful attack to kill Long Chen in the shortest amount of time possible.

"Seven Annihilations Tiger Blade Art!" "Murderous Heart!"

While Chen Yang was using it, the Seven Annihilations Tiger Blade Technique became even more powerful. One by one, the astral blades turned into tigers and pounced towards Chen Yang ferociously, each of these blade lights contained the powerful force of the eighth stage of Earth Martial Stage. If Long Chen were to use a forceful collision method, the amount of energy required to use it was much greater.

The Big Dipper step instantly started circulating. Long Chen originally did not want to use this movement skill very much, because he was afraid that Chen Yang would be able to tell that this was the Sevenstar

Monarch's inheritance. However, in light of the current situation, the opponent's attack of the eighth stage of the Earth Martial Stage was too violent.

Most of the time, life or death situations were at stake, and many battles were reflexive responses, so they couldn't think too much about it.

Long Chen started to activate the Big Dipper Steps, causing Long Chen's body to flash on the Star Plate, and quickly dodge all of the opponent's attacks. Chen Yang was stunned, but with this strange movement, he was even more certain that Long Chen had the Sevenstar Monarch's inheritance.

The mysteriousness of the Big Dipper Steps allowed Long Chen to completely dodge the opponent's attack. The Seven Annihilations Tiger Blade Technique actually did not manage to touch a single hair on Long Chen's body.

"Such a movement technique, it must be an Emperor level technique," Thinking about the possibility that this skill would become his, Chen Yang's heart burned with passion.

Chapter 770 - Killing Chen Yang

Moreover, his true essence was several times stronger than Chen Xu's. If Long Chen wanted to deal with this fellow, it would not be that easy, even if he passed the Dragonsoul Transformation, his true essence had already reached the seventh stage of the Earth Martial Stage, so Long Chen was still very careful in his fight with him.

Both sides fought back and forth, Long Chen had always been using the Big Dipper Steps, causing Chen Yang to be unable to hit him at all. He could tell that Long Chen was stalling for time, Chen Yang was here to assassinate Long Chen, so the longer Long Chen delayed, the more dangerous it would be for Chen Yang.

"He should be ruthless, if not he will not be able to kill Long Chen!" Chen Yang thought as he looked at the black-clothed man who was fighting with Su Xue from the corner of his eyes. That black-clothed man probably saw the situation over here too, and seeing that Long Chen was still alive, he was sure that all his plans had failed. At this moment, the man in black was fighting with Su Xue while looking for an opportunity to escape!

"The most important thing is to end this battle as soon as possible. Otherwise, we will all die without a doubt!" Thinking about that, Chen Yang did not hesitate at all, he suddenly activated his blade technique, and fiercely slashed at Long Chen!

"Ninety-nine serial kills!" Therefore, Chen Yang did not teach his own son. The power of this ninety-nine chain killing was simply too great, under Chen Yang's bombardment, nine consecutive black blade auras shot up into the sky, and suddenly slashed in Long Chen's direction. These nine blade auras, from nine different directions, directly controlled Long Chen's entire body from all directions!

"I don't believe that you can escape from such an attack!" Chen Yang let out a cold laugh. He frantically controlled his True Essence and wanted to kill Long Chen instantly, but Situ Yao, who was in the air, was already about to leave. Once Situ Yao left and Pure Snow caught up, he would only be able to wait for death!

Therefore, he had to be fast!

"Die!" Chen Yang roared, his expression sinister.

When the nine blade auras pounced on him, Long Chen's eyes closed. He actually still used the Big Dipper Steps, but when he used it this time, Long Chen's speed on the star board practically increased by countless times, and at this moment, the star board unexpectedly rose up, spun at high speeds, and Long Chen completely disappeared from the star board!

RUU...!

The nine rays of light missed the Star Plate and clashed in mid air. These blade auras were all slandered by Long Chen's own power, but they did not harm a single bit of Long Chen's body.

And at this time, Chen Yang, who placed all of his hopes on this ninety-nine chain kill, was completely dumbfounded!

While he was stupefied, the man in black had already escaped from the restraints of Pure Snow. He instantly fled, heading towards the darkness, and soon disappeared into the darkness.

"Damn it, who is it?" Su Xue didn't sense anything at all, it should be that the other party was too crafty. Seeing that Su Xue was here but Long Chen wasn't dead yet, Su Yun had already had the intention to

retreat, so the battle had always been tactful. The strength of the two of them were similar, so when Su Xue wasn't paying attention, he immediately slipped away.

This man in black had a lot of battle experience. Although Su Xue was confident that she was stronger than her opponent, she did not have the strength to kill her opponent. She could only watch as he escaped and not chase.

The identity of the man in black became a mystery.

But to Long Chen, he had a rough guess, but he was not sure, as for the Chen Yang in front of him, he was a demon. If others arrived, it would be difficult for Long Chen to kill him, so at this time, Long Chen chose to kill him!

He had used the Big Dipper Steps to dodge the attack just now. It was extremely dangerous.

"Be careful, Long Chen!" Su Xue exclaimed, but discovered that Long Chen had actually used one of his Big Dipper Steps, and even blocked that terrifying cultivation technique!

And at this time, in front of Pure Snow's shocked eyes, Long Chen suddenly charged towards her. On his right palm, a golden light appeared, emitting a bright light, and a large golden imprint appeared in Long Chen's hand!

"Golden Emperor Heaven Shrouding Seal!" A huge golden seal swept across the sky, blotting out the sun and directly attacking Chen Yang. This huge attack was unleashed by Long Chen, and it was not the slightest bit weaker than Chen Yang's previous attack!

RUU!

Shocked, Chen Yang could only use the Nine-Nine Chain Kill once more. The nine blade auras clashed against Long Chen's Golden Emperor Heaven Shrouding Seal and a huge explosion occurred, shaking the entire Greenwood Sky City. The two sides' attack power were actually almost the same, Long Chen had won by being able to use the Royal Tier Battle Skills, but the opponent's true essence was actually thicker!

"Long Chen, I will take care of him." Su Xue was already very shocked at Long Chen's power. With Long Chen's fighting strength, fighting the eighth stage of the Earth Martial Stage shouldn't be a problem, but Su Xue was worried for his safety so she spoke up.

Hearing this, Chen Yang's face changed. He already knew that he had lost his chance, even Situ Yao had chosen to escape, staying here was simply courting death!

Just as he was escaping, he realized that Long Chen, who wasn't afraid of death, had actually caught up.

Instead of responding to Sanxue's help, he had instead directly chased after Chen Yang. At this moment, when Chen Yang turned his head and saw Long Chen's pair of blood-red eyes in the middle of night, this youth suddenly had a feeling that made him tremble!

"I can't let him be entangled, or else if Pure Snow catches up, I'll die!" At this critical moment, he could only choose to be like his own son and throw the sword in his hand towards Long Chen!

"Go to hell!" The explosive power of the battle blade was so close to Long Chen, that in Chen Yang's view, even if they could not take Long Chen's life, they could still block their way and even injure Long Chen!

However, what he did not see, was that when he swung the battle blade, Long Chen had already expected that there would be two Emperor Seals that would light up at the same time. They were the Scarlet Emperor Seal and the Golden Emperor Seal. In his right hand's martial arts aperture, both types of power had reached a balanced state. At this moment, they were both being unleashed at the same time!

"Scarlet Emperor Burning Heaven Seal!"

"Golden Emperor Heaven Shrouding Seal!"

She was relatively close to Long Chen, so she was able to naturally sense his presence. The fusion of the two Great Emperor Seals contained a terrifying destructive power, but Long Chen, a mere sixth stage Earth Martial Stage warrior, was actually able to control such power!

Su Xue was a little worried that Chen Yang's battle blade would swing towards her, but when she saw the power of Long Chen's two Great Emperor Prints merging together, she stopped in her tracks. She wanted to see if Long Chen's two Great Emperor Prints could directly kill Chen Yang with this fusion!

Right at this moment, the blade suddenly exploded in mid air, producing a loud noise. The energy generated by the explosion and the countless fragments of steel rushed towards Long Chen, at the same time, it was accompanied by Chen Yang's laughter. In his view, Long Chen did not dodge at all, but continued to rush forward.

What he did not know was that the same tragedy as last night was happening here today!

Just like yesterday, all of his energy was blown away by the explosion of the two Great Emperor Seals, sweeping towards Chen Yang. The only difference was that the power of the attack today was almost ten times stronger than the one yesterday! The leaves of the huge tree branches along the way were crushed under Long Chen's two Great Emperor Prints' attacks, turning into dust that fluttered in the night sky.

And in Chen Yang's eyes, it was as if the entire ocean was rushing towards him. The terrifying power of fire and gold mixed together, and the speed at which he was advancing was something that Chen Yang could not imagine. He had already felt that kind of destructive attack, and this kind of attack was definitely enough to crush him into pieces.

He suddenly realized that his son, Chen Xu, might have died like this at the hands of Long Chen.

"Impossible, he's only at the sixth stage of the Earth Martial Stage, how could he possibly burst forth with such power? I can't accept this!" At the moment of his death, Chen Yang thought with incomparable grief. The hatred and anger in his eyes exploded, but he was powerless to do anything. The power of the two Emperor Seals immediately caught up to him, turning his body into pieces bit by bit!

"No, I can't let this Long Chen pass!"

At the moment of his death, Chen Yang suddenly thought of this point.

This Long Chen was simply a proud son of heaven, and even if Chen Yang were to die, he would still destroy Long Chen and the others!

Therefore, at the very last moment, he released the last bit of his body's power and roared: "Long Chen obtained the inheritance of the Sevenstar Monarch! Long Chen, Sevenstar Monarch, it's absolutely true!"

The last explosive sound of the eighth stage of the Earth Martial Stage was extremely terrifying. He emphasized on the names of Long Chen and Sevenstar Monarch, and instantly, the entire area began to rumble.

After that roar, Chen Yang was immediately engulfed by Long Chen's attack. Although he did not know what kind of trouble that roar would bring to Long Chen, but to Chen Yang, it could be considered as revenge.

Long Chen's final roar made Long Chen's face change.

He never expected that at the moment of Chen Yang's death, he would actually spread the news about him. This way, the entire people of the Verdant Wood Heavenly City, including the Demon Thunder Clan and even the normal warriors, would know about it. The news would spread throughout the entire Archaic Graveyard very quickly.

The inheritance of the Seven Monarchs was no small matter, it was something that countless people coveted, and this meant that Long Chen was about to receive an endless amount of trouble, and it all depended on how Bai Lan was going to protect him.
