

War God 791

Chapter 791 - Killing the clan elder

"3000 star fields!" In the beginning, Long Chen was only at the sixth stage of the Earth Martial Stage. Everyone believed that with just this bit of strength, he simply wasn't strong enough to use the Three Thousand Star Domain, and to use the Three Thousand Star Domain, he would probably need to have at least the strength of the eighth stage of the Earth Martial Stage.

And right now, in terms of primeval essence, Long Chen was already at the eighth level of Earth Martial Stage, moreover, his primeval essence was even more special and strong than other people's, so it was easy for Long Chen to control these three thousand star fields.

These star powers existed in the form of astral qi. astral qi was the kind of astral energy that was equivalent to a heavenly calamity like the gold eating qi, and Long Chen used his primeval essence to touch these astral qi. When these astral qi erupted from the three thousand star fields, even if he did not use any battle skills, it was still able to cause a terrifying attack effect.

As Long Chen channeled his true essence, the dragon soul true essence and the astral qi mixed together, and a burst of air formed from a mixture of purple and blood-red suddenly shot out, piercing towards Situ Yao. The power of these three thousand star regions had surpassed Long Chen's imagination, but he still did not know the level of Divine Weapons in the Three Thousand Star Domain.

Even in the Three Great Imperial Domains, such a divine weapon was considered to be a treasure.

"3000 star fields!" Situ Yu's expression changed, he had used up all his true essence, and used Sky Demon Meteor!

Was this Sky Demon Meteorite fierce or was this terrifying 3000 star field fierce?

The answer was quickly revealed, and in front of everyone's shocked eyes, Long Chen bellowed loudly, and with a sudden force, the blue colored long spear instantly pierced through Situ Yao's fist!

"What?" Including Situ Yao, he had full confidence in the power that he had gained from cultivating for many years, but this confidence was currently being ruthlessly destroyed by Long Chen. From Long Chen's three thousand star domain divine weapon, came a sharp strength that he simply had difficulty resisting;

The breakthrough ability of three thousand star domains also exceeded Long Chen's own imagination. The enormous astral qi formed a vortex, surrounding the spearhead of three thousand star domains, and directly pierced into Situ Yao's attack range, directly passing through it. Finally, that violent energy directly entered Situ Yao's body!

"AHH!" Situ Yao let out a blood-curdling scream. The spear wasn't the only thing that pierced into his body, it was the astral qi, and after being tortured by the astral qi for so long, there was finally someone who could bear it as well. The first time Long Chen endured the astral qi, he was protected by the Seven Glorious Star Quintessential Essence and was also controlled by the stellar nucleus.

"Why!? "Why?!" The three thousand star regions that he coveted, had instead pierced into his own body at this moment. This made Situ Yao feel as if he was struck by lightning, his mind blanked out and the burning pain in his chest was currently burning his divine weapon.

"Explode!" "Explode!" Situ Yao used all of the strength in his body to blow the three thousand star fields away from his chest. At the same time, he sacrificed a portion of his flesh and blood in order to finally expel the rampaging astral qi from his body!

"He's only at the seventh stage of the Earth Martial Stage, how could he have the power to kill me?!" Situ Yao could not believe this fact. After shaking off the three thousand star fields from his body, he once again used the final move of the Heaven Demon Transforming Fist, wanting to kill Long Chen!

But at this moment, Long Chen's eyes turned cold, and took out the three thousand star region. He suddenly spun around, and directly whipped Situ Yao's arm, causing it to be smashed into pieces. Blood splashed everywhere, and Situ Yao screamed miserably as he was directly swept away.

"Long Chen!" Situ Yao roared, his eyes turning blood-red.

His hatred for Long Chen simply had no limit.

It's normal for people to have greed, and I also have greed, but there are some things that depends on luck, my luck is better than yours, so I obtained the inheritance of the Sevenstar Monarch, and you can never obtain it. If you want to snatch my things, that would be my enemy, and against my enemy, I, Long Chen, only have one method.

That was death.

When he was sent flying, Long Chen, under the gazes of tens of thousands of people, released a burst of resplendent blue light from the three thousand star region in his hand, and directly pierced toward Situ Yao's heart. With a bang, Situ Yao was simply unable to dodge in time, and his heart was directly pierced through by Long Chen.

At this time, Situ Yao's eyes were still wide open.

Everyone looked at each other, at a loss of words. They didn't dare to speak at the start, especially those ordinary martial artists, because this was a conflict between the Thunder Clan and the Demon race. Now that they didn't leave, they only wanted to take advantage of this situation.

As for the Thunder Clan, they could only be shocked by Long Chen's strength and the superiority of the Sevenstar Monarch's inheritance. They did not dare to think of anything else, as everything in the Thunder Clan was under the control of the Thunder Clan's Seven Scions.

As for the demon clan members, they were naturally unwilling when they saw their own clan elder had been killed by Long Chen. Especially the other clan elder, they had known each other for Situ Yao for many years.

Long Chen held onto the three thousand star fields, looking down on all the heroes.

His gaze finally landed on the Demon race's side. At this moment, the demons looked at him with righteous indignation.

"Long Chen, you dared to kill my Clan Chief, because you are the son-in-law of my Clan Chief. Among the demons, killing one another is a grave sin!"

"That's right. You are such a cruel and merciless person. You must be punished."

Patriarch, you absolutely cannot let this Long Chen off lightly, and it makes us feel cold in our hearts. The Situ Clan has contributed a lot to our Demon race, and right now, the two most important people in our clan have all died by Long Chen's hands.

Many people started to clamor, even the Demon clan elders who were trapped by Thunder Prison were chattering nonstop.

Bai Lan's expression remained indifferent. No matter how loud the demons shouted, he did not look over, but looked at Long Chen with praise. It was as if he was guessing how Long Chen would deal with the Thunder Clan's Seven.

At this time, Long Chen was facing the demon clan members, and laughed: "Everyone, don't you understand the current situation? You are already trapped, so the thing to think about is how to escape, not the problem of me, Long Chen. "

Long Chen looked around and paused for a moment, then continued: "All of you are no longer children, don't you see that this Situ Yao and Situ Yu want my life, that I am simply returning the favor by using my teeth, that I died trying to steal from people, that if the Situ Family people want to steal my things, they naturally have to be prepared to die, and all of you are the same, if they wish to snatch it, go ahead and take it, I, Long Chen, will even cry with the Clan Leader, what kind of man is that? Do you even know how to write the word shame? "

Long Chen's sharp and sarcastic words caused the demon race member's face to flush red, but he could not refute it. The law of the jungle was the rule of this world, and indeed, Situ Yu and Situ Yao's strength was insufficient to take Long Chen's life, but instead, they were killed by Long Chen.

Even the remaining elders of the seven great sects looked at each other, at a loss for words.

The battle between Long Chen and the Thunder Clan only took less than ten breaths of time. The Seven Scions of the Thunder Clan did not have that much time.

The stronger Long Chen was, the more they coveted the Three Thousand Star Region. At this moment, Long Chen had already finished talking to the demons. The Thunder Clan's Seven Scions looked at each other, then rushed over to surround Long Chen. Seven martial artists at the ninth level of the Earth Martial Stage were surrounding him, but Long Chen was only a martial artist at the seventh level of the Earth Martial Stage.

With this kind of situation, even a warrior who had just entered the Heaven Martial Stage had to think carefully about how to deal with it, not to mention Long Chen, the seventh stage of the Earth Martial Stage, in the entire Realm of Myriad Kingdoms, could be considered as an abnormally strong power. The

Holy Martial Empire simply could not take out such an expert, nor could they even take out the fifth stage of the Earth Martial Stage.

And now, Long Chen had to face seven of them.

They were shocked by Long Chen's power, but at the moment, no matter how strong he was, it was useless. The opponent was seven warriors at the ninth level of the Earth Martial Stage, which was the highest level of power in the entire Thunder Clan other than Lei Ji.

"Daddy, you still can't hold on to this Thunder Prison?" Su Yan said somewhat frantically.

"Yan Er is good, what's there to worry about? Daddy will give you a guarantee, Long Chen will definitely be fine." Bai Lan laughed lightly, and caressed Su Yan's head as she spoke.

"En!" Su Yan nodded heavily.

Even Lei Ji, who was at the side, did not know how deep Bai Lan was.

"Big brother, you should be able to break this Thunder Prison, right?" The Rankers in the Heaven Martial Stage knew the Rankers in the Heaven Martial Stage the best. The Thunder Clan's Seven Scions might have underestimated Bai Lan's strength, but Lei Ji would definitely not underestimate him.

"Who said that?" Bai Lan laughed.

At this time, Long Chen was holding onto the three thousand star domains which were flowing with light and overflowing color. Looking at the approaching ThunderClan Seven, his expression was the same as Bai Lan's, without the slightest bit of change. Above the three thousand star fields in his hands, astral qi were puffing and puffing as they circled around. The purple gas was like a demon beast, baring its fangs and brandishing its claws. A cold chill forced its way towards the others.

Chapter 792 - Thunder Fox

"Long Chen, we'll give you a chance. You can remove your relationship with the three thousand star fields, and at the same time, tell us the cultivation method of the Big Dipper Steps and the seven star body, and we can let you leave safely."

"Yes, otherwise, even if you kill Situ Yu and Situ Yao, the seven of us from the Thunder Clan will definitely be able to take your life. If you don't agree, we can only take your corpse away from you."

It is a pity that your cultivation is low and you do not have a reliable background. It is because of the inheritance of the Sevenstar Monarch that Bai Lan was close to you, and if you did not have that inheritance, he would not even bother to look at you.

"We'll give you ten breaths of time to think about it. After ten breaths of time, if you don't listen to us, we can start attacking." Lei Yuan decided in the end.

At this moment, their bodies were surrounded by lightning, surrounding Long Chen. The lightning between the seven of them was connected together, forming a network of electricity that tightly surrounded Long Chen.

This was not the liujin region, even if Long Chen wanted to use the Mysterious Golden Soul to escape, he was afraid that it would be impossible.

However, what made everyone speechless was that Long Chen's answer was actually: "Hurry up and make a move, don't waste time, I have three thousand star realms, let's see what you can do to me. Let me tell you, I can kill one Situ Yao, I can kill another Situ Yao, but I'm not afraid of the other ninth stage of Earth Martial Stage, kill one me, one me, and two me, Long Chen, can kill a pair!"

Long Chen's words were completely insolent.

This brat was definitely the most dazzling person present today. Whether it was the demons, the Thunder Clan, or even ordinary warriors, none of them expected that Long Chen would actually have such a dazzling performance.

In the Realm of Myriad Kingdoms, other than Long Chen, who would dare say that to the Seven Scions of the Thunder Clan, one would kill one, and two would kill a pair?

The Thunder Clan's Seven Scions were originally giving Long Chen a chance, but after hearing Long Chen's words, they became angry instead. In the end, Lei Yuan nodded his head and said to everyone:

"Let's fight, take this brat down, the most important thing to do is to be careful, pay attention to safety, and pay attention to the '3000 star field!'"

"Alright!" At the same time, seven of them made their move, and with the ninth stage of the Earth Martial Stage's true essence, they rushed towards Long Chen. Immediately, countless bolts of lightning completely wrapped around the surroundings, sealing Long Chen in a sealed up space of lightning.

"Devouring Blood Realm!"

Long Chen took action at this time, revealing a blood-red space within which instantly covered the lightning space set down by the Thunder Clan's Seven Great Children. That enormous blood sucking ability immediately affected the bodies of the Thunder Clan's Seven Great Children, who frowned; they clearly felt that they had to use suppression on themselves to be able to move agilely. Long Chen's current Devouring Blood Realm was able to suppress at least two levels of their true essence.

The fire of Golden Crow was burning above Long Chen's three thousand star domain.

All kinds of power were concentrated in the three thousand star fields that he was holding with one hand. When he was using the Devouring Blood Realm, Long Chen's body moved, and he instantly turned around and charged towards the leader of the Thunder Clan's Seven Scions, Lei Yuan!

Lei Yuan was already old, and to be honest, although he had the most authority, he was the weakest out of the seven of them in terms of strength. After all, he was already old, and his body had already aged.

"Protect the Grand Elder!"

Lei Yuan was highly respected in the Thunder Clan and was their spirit leader. Therefore, they had to ensure Lei Yuan's safety, but the more nervous they were, the more Long Chen understood the importance of this Lei Yuan, so, Long Chen was willing to throw caution to the wind!

He completely ignored the attacks of the crowd as the three thousand star fields in his hands directly charged towards Lei Yuan!

"You want to deal with me?" Do you think I'm a pushover? " Lei Yuan let out a cold laugh as he suddenly turned around and kicked out. Immediately, the shadow of a lightning leg struck towards Long Chen

with a loud bang and with the speed of lightning, it instantly arrived in front of Long Chen as if it was real lightning.

"Swift Lightning Leg Art!"

The Swift Lightning Leg Art was obviously a type of leg technique that was not weak. Under the kick technique displayed by the opponent, the leg images rushed towards Long Chen one after another, as though they were lightning!

"An insignificant skill." All of these things did not scare Long Chen at all. Long Chen's feet still did not stop as he used the Big Dipper Steps technique, causing a star disc to flash under his feet. Long Chen's figure flashed on the star disc, his movements was extremely fast.

This caused the others to be dumbstruck.

They had even finally admitted that Long Chen did not rely on treasures to have his current strength. In terms of movement techniques, body refining, and even weapons, he had mastered them to a very deep degree. The only weak point was his True Essence.

Using the Sevenstar Monarch's Big Dipper Steps, not only did Long Chen dodge Lei Yuan's attack, he also dodged the attacks of many of the Thunder Clan's elders. His figure continuously flashed in the midst of the encirclement of people, and in the end, closed in on Lei Yuan!

"It actually didn't hit him?" Lei Yuan's pupils slightly widened.

At this time, Long Chen was already very close to Lei Yuan, they were immediately a little anxious, if Long Chen fought one on one and displayed the method he used to deal with Situ Yao, it was very possible that he would immediately kill Lei Yuan, if Lei Yuan died, this matter would become huge.

"Quick, quick!" Protect the Grand Elder! " The other Elders immediately rushed towards Long Chen with their lives on the line. Under the suppression of Long Chen's Devouring Blood Realm, although they were close, because they were spread out, only a few of them could catch up to Long Chen.

"You're courting death!" At this time, there were already two people who had caught up to Long Chen.

"Thunder Fox!" One of them roared, and his body quickly started to fight ferociously, revolving frantically. A fox formed from lightning shot out from his hands, instantly taking form, howling towards Long Chen's body! That boundless bolt of lightning flashed on the Thunder Fox's body.

"Scarlet Emperor Burning Heaven Seal!" Long Chen did not even turn his head back as he held the three thousand star domain in his left hand. In the middle of the right hand, a large fiery-red seal directly appeared, and flung behind him, immediately causing the fiery-red emperor seal to shake on top of the thunder fox and shatter it. However, Long Chen used the force of the impact and approached Lei Yuan even faster, as though he was about to arrive in an instant!

"Good boy!" On the other side, another Thunder Clan's elder had already caught up. When he neared Long Chen, he suddenly took out two large lightning blades from his Cosmos Sack, and slashed towards Long Chen. The two bolts of lightning instantly struck Long Chen!

Clang!

With a sharp sound of friction, Long Chen directly used three thousand star fields to sweep away his attack!

"You're courting death!" The warrior sneered, because he still had a blade that was slashing towards Long Chen. If Long Chen was hit, his head would probably be split into two, right?

But what shocked everyone was, Long Chen directly extended out his hand, and in everyone's dumbstruck gaze, he directly grabbed onto the lightning blade with his palm!

With a crisp sound, Long Chen directly grabbed onto Lightning Blade, the seven star body's sparkling stars and runes all converged onto Long Chen's palm. What made everyone speechless was, Long Chen actually directly grabbed onto the opponent's attack with his hands!

"This blade is not even at the Royal Grade yet you're taking it out to make a fool of yourself?" Long Chen laughed coldly, using the force in his hand, he actually managed to break the lightning blade!

With an ear-piercing sound, everyone's eyes glazed over!

Even though the lightning blade was not at the emperor level, it was not far from it. Long Chen did not expect the seven star body to be powerful to such an extent that it actually broke the lightning blade with its fingers!

Even the Elder who wielded the Lightning Blade was momentarily stunned. Time could not figure out how Long Chen's body did it.

However, Long Chen was in a hurry as well. He did not waste time talking to the other party as the three thousand star fields swept him away.

At this time, there were no longer anyone left standing in front of Lei Yuan. Long Chen had originally wanted to kidnap someone and force the other Lei Clan members to take action, but now, Lei Yuan was obviously the core of the group. As long as they could deal with Lei Yuan, they could settle the others too!

The Big Dipper Steps beneath his feet rapidly changed. Long Chen finally passed the last figure and directly rushed to Lei Yuan's front, while the other six people were currently crazily chasing after him. Attacking after attacking toward Long Chen!

"Break!" With an explosive roar, the three thousand star fields in Long Chen's hand began to spin frantically. Streams of starlight converged from the three thousand star fields, and those three thousand star fields instantly exploded, turning into countless stars. Under Long Chen's control, those three thousand shining stars instantly pounced towards Lei Yuan!

"3000 star fields can actually be used like this!"

Lei Yuan was shocked, and immediately retreated. However, Long Chen's speed was simply too fast, with three thousand star regions moving, Long Chen was also using the Big Dipper Steps to dodge, one by one, Long Chen rushed to Lei Yuan's side, directly sending a Golden Emperor Heaven Shrouding Seal flying towards Lei Yuan!

"Heavenly Thunder Palm!"

Lei Yuan was shocked. He blasted out a palm, and that huge palm, which was completely covered in lightning, collided with Long Chen's three thousand star fields with a loud bang, causing violent tremors.

Chapter 793 - Unprotected Night

Long Chen did not even bother to look at the attack as his body directly passed through the attack. The seven star body was not damaged in the slightest, but at this moment, the three thousand star fields that Long Chen had just thrown out had congealed into a ten meter long blue Star Whip under his control. Long Chen held onto one end of the long whip with one hand, while the other end directly shook Lei Yuan, who was sent flying by the Golden Emperor Heaven Shrouding Seal.

"Come back!" The moment Long Chen exerted his strength, the three thousand star domains immediately bound Lei Yuan tightly, and under Long Chen's control, they instantly blocked in front of him. The three thousand star domains tightly entangled Lei Yuan, and even his limbs couldn't move his head, as compared to the bindings of the Thunder Prison, the bindings of the three thousand star domains were even more thorough. Lei Yuan let out miserable shrieks, and even though the three thousand star regions had turned into a long whip, they were still filled with the power of the astral qi.

From this, it could be seen just how awesome these three thousand star domains were. The three thousand star domains were made up of three thousand star points, so Long Chen was naturally able to control these star points and let them form a new long whip!

Of course, the original state of the 3000 star fields was still the long spear. Only when the spear turned into a long spear would it be able to unleash the most powerful attack power!

Of course, the long whip could completely trap Lei Yuan!

Currently, under the restriction of the three thousand star domains, Lei Yuan this old bone could only suffer from the three thousand star domain's astral qi, but could not move a single inch. He could only squint at Long Chen with despair and fury.

"Everyone stop!" At this time, the other Elders were using their finesse, wanting to stop Long Chen, but Long Chen was still a step ahead of them, before they could even come over, Long Chen had already completely controlled Lei Yuan in his hands.

It could be said that if he angered Long Chen, Long Chen could definitely kill this Lei Yuan in a short amount of time!

Seeing this, the others stopped their attacks one by one and looked at Long Chen with indignation. With Lei Yuan in their hands, even if they did not have much strength, it would be unavoidable for them to be

wary of him. They had truly underestimated him, if they had used their absolute power from the beginning, it would not have ended like this for Long Chen!

Long Chen was actually able to neutralize the attacks of the Thunder Clan's Seven Scions by himself?

Seeing this situation, the surrounding people immediately cried out in disbelief.

The youths of the demon race, before, wanted nothing more than to kill Long Chen, but now, Long Chen's heaven opposing performance had already convinced them. Previously, what Situ Yu had made them convinced of was his strength and talent, but clearly, Long Chen was far more heaven defying than him, so perhaps this brat was even more suitable than Situ Yu for the inheritance of the Sevenstar Monarch.

In the hearts of many, they were completely convinced of Long Chen.

"With the Sevenstar Monarch in the hands of this young man, it is not a injustice. "It's no wonder!"

At this time, the Thunder Clan's elders all looked at Long Chen as if they wanted to devour him, and said, "Long Chen, quickly let go of our Great Clan Elder, otherwise, we will fight to the death with you!"

"Let go, don't force the six of us. If you force us into a corner, the entire demon race will not have a good ending!"

At this time, they could only use threats and intimidation to scare Long Chen. But if Long Chen was so easy to scare, would he be able to capture him as their hostage?

The answer was obviously no.

"Everyone, are you joking with me, Long Chen? I've captured this old guy with so much effort, how can I let him go? " Long Chen laughed and looked at them with interest.

One of the Thunder Clan's elder said, "Long Chen, you have to be careful, get your three thousand star field away from here. If the Great Elder does not have anything to do, everything can be discussed, but if something happens to the Great Elder, you can forget about living. Since we have already reached this

stage, even if we have to sacrifice ourselves, even if the Thunder Clan and Demon Clan are harmed, we have no regrets."

After Long Chen heard this, he kept the astral qi from the three thousand star fields. Just binding Lei Yuan was enough, this old fellow truly did not have much strength.

Just a good hostage, it wouldn't be worth it to kill him.

The Thunder Prison's power could not be sustained for long, and would lose its effectiveness soon. But obviously, they did not kill Long Chen as quickly as they had imagined, and did not even have the chance to kill Long Chen anymore. This meant that their plan today would fail.

This result made them feel extremely helpless.

Who would have thought that this kid, who was in the sixth stage of the Earth Martial Stage, would actually be able to breakthrough to the seventh stage of the Earth Martial Stage in battle? What was even more terrifying was that not only did he kill Situ Yu and Situ Yu, he even managed to capture Lei Clan's Eldest Elder, Lei Yuan, under the encirclement of the Seven Scions.

Looking at their expressions, Long Chen estimated that they had almost given up. Now with a little psychological pressure, it would be a good time to do something.

However, at this time, Lei Yuan yelled at the six trash, "Don't listen to what he says! We've already reached this point today, we can die if we don't succeed! It doesn't matter if I die, if you don't make a move, everyone will die! Listen to me, no one needs to care about my life or death, just attack! "

Pow!

Just as Lei Yuan finished speaking, Long Chen slapped him hard enough to take his next words back down to his stomach.

"Grand Elder!" Everyone looked at Long Chen with loathing. There were not many in the Realm of Myriad Kingdoms that dared to slap the Thunder Clan Great Elder.

However, Great Elder Lei Yuan was still in Long Chen's hands, so they couldn't do anything.

"Old man, if you say any more, I don't mind slapping you a few more times. Let's see how thick-skinned you are!" Do you believe that I will tear off all your clothes if you don't keep your holiday? "

Long Chen laughed shamelessly.

"Shameless." Sure enough, many people began to curse.

Not only was it shameless, it was also heavy on the taste.

Long Chen felt his blood run cold, he did not dare to do that, he only said those words to scare the old man. However, everyone really treated him as a person with a strong taste and weird fetishes.

"All of you, shut up." Long Chen's voice carried a bit of coldness. Today, his performance was extraordinary, and he already had his own dignity. His words really scared everyone.

Long Chen's gaze became deep and his expression became calm once more. He said to the Thunder Clan elders, "You have all seen today's situation clearly, your plan has failed. I think we, the Thunder Clan and the Demon race, should really discuss this properly. We are all brothers.

"Long Chen, what do you mean by that?" Lei Yuan shouted in anger. In his opinion, they had already failed, and should be punished by death instead. After all, Bai Lan and Lei Ji would never let them off.

"Do you really think that you Thunder Prison can trap even the patriarch of the demon race?" Long Chen said with a smile.

Everyone was suspicious, they looked at Bai Lan, who shook his head and laughed: "I really can't hide anything from this brat."

To be honest, Bai Lan did indeed have the strength to break through the Thunder Prison, but he really wanted to see, what solution did Long Chen have. As expected, Long Chen's performance had shocked him, and if that was the case, he no longer needed to stay here any longer.

If you let brother Bai do it, then this Thunder Prison will be destroyed. Currently, I have already used two-thirds of its power, so I still have a third left to use. Lei Ji remained silent for a while, before speaking to them calmly.

The Thunder Clan's seven sons looked at each other.

It had only been a little while from the time they had attacked until now, and the Thunder Prison had already used up two-thirds of its power. Even if they did not remove it, if they were to continue fighting with Long Chen in this way, they would definitely not be able to get three thousand star domains.

"Don't worry, I and Brother Lei are at fault for what happened today. Fortunately, there weren't any casualties today, so I think we can all calm down and have a good talk. After all, the Thunder Clan and the Demon race are brothers and not enemies." Bai Lan pondered for a moment, before replying.

Listening to what he and Lei Ji said, the matters today, did not seem to blame the Thunder Clan's Seven Scions. Hearing this, the Thunder Clan's Seven Great Ones couldn't believe it. They knew that he had gone too far. Was he still not going to die?

Lei Ji was the clan leader of the Thunder Clan, representing the interest of the Thunder Clan. If he were to lie to the seven sons of the Thunder Clan at this time and cause the seven sons of the Thunder Clan to be killed after Bai Lan came out, then Lei Ji would no longer need to be the clan leader.

"Grand elder, what should we do?" The others all looked at Lei Yuan, waiting for his decision.

Lei Yuan looked at Bai Lan and Lei Ji's calm expressions, then looked at the clansmen that he was eagerly watching over, then looked at the Three Thousand Star Domain which he had locked himself in, his face revealing an expression of grief and indignation, and helplessly said: "After taking back the Thunder Prison, the seven of us will surrender without a fight. We lost to Long Chen today!"

Lei Yuan's words meant that they had given up.

Hearing that, whether it was Bai Lan and the rest, or Long Chen, all of them had a knowing smile on their faces.

Although there were contradictions, they did not need to fight to the death. Long Chen knew that Bai Lan and Lei Ji would use the right method to deal with this matter, after a few days, it was possible that the Thunder Clan and the Demon Clan would become more united.

Chapter 794 - Chills from Lips to Teeth

Hearing Lei Yuan's words, the Thunder Clan's Seven Scions felt a little helpless, but they had no choice. The two people controlling the Thunder Prison among them had no choice but to store the Thunder Prison that still had a third of their strength remaining.

The Thunder Prison was a very important treasure to the Thunder Clan. However, it was different from other treasures because the Thunder Prison was a one-time use treasure and could not be used repeatedly like the Three Thousand Star Domain and the Myriad Manifestation Demon Spear.

Other than Bai Lan, no one else present could break the bindings of the Thunder Prison. Of course, it was impossible for even Bai Lan to break the bindings of the Thunder Prison from the very start, so he would probably have to wait for the Thunder Prison to consume its energy for a while before he could.

No matter what, the two great patriarchs and the demon clan elders were now free. At this moment, Long Chen kept the three thousand star fields, and said to Lei Yuan with a smile, "Great Elder, I apologize for offending you earlier."

Lei Yuan looked at Long Chen, and his eyes revealed a look of admiration. Although Long Chen had injured him, he did not hate Long Chen at all.

"Young man, not bad, from the looks of the situation today, you do have the qualifications to own the inheritance of the Sevenstar Monarch, and are even more qualified than us old fellows."

"Thank you elder for your praise." Long Chen knew that the other party was sincerely praising him. He smiled in his heart. Although the Thunder Clan was rioting today, after using the 3000 star fields, he had confidence in himself. Thus, his performance was very impressive. Before Long Chen fought, he never thought that there would be a time where he would shine like this.

However, it had finally passed.

At this time, the seven children of the Thunder Clan were gathered together, standing in front of the powerhouses of the Thunder Clan. The remaining seven elders of the Demon Race were also gathered together. Behind them were the other demons. Long Chen then greeted the two of them and then, he stood behind Bai Lan.

"Kid, you did well. You've broadened my horizons." Lei Ji smiled at Long Chen in praise.

"Yeah, big brother has always been the best!" Su Yan remembered clearly that when she first arrived at the Greenwood Sky City, she thought that Long Chen couldn't even defeat her. She never expected that after more than a month, Long Chen already possessed such combat power.

If it was in terms of fighting strength, perhaps even Su Xue would not be his match. Amongst the younger generation of the devil race, Long Chen had astonishingly become the most powerful existence in a short amount of time.

Everyone looked at Long Chen with admiration.

Right at this moment, Bai Lan looked at the people from the demon race with a calm and stern gaze. His gaze swept across the seven elders, and said: "Let us first settle the internal problems of our demon race, I don't need to be explained to everyone that you are not convinced by Long Chen's decision to obtain the inheritance from the Sevenstar Monarch, and that he is my son-in-law. Situ Yao and Situ Yu intended to seize the inheritance for their own gain, but in the end, because of their lack of strength, both of you died."

Clan leader, you don't need to say anymore, we have already understood that people die for money and birds die for food, there is nothing much to be said about this matter. Lei Yuan was right, the current Long Chen is able to kill both Situ Yu and Situ Yao, and also make the seven sons of the Thunder Clan unable to deal with him, we are convinced that the world is big and the fists are big, from today onwards, the Sevenstar Monarch's inheritance is Long Chen's, we do not have any complaints.

One of the elders from the seven sects, a clan elder named Huang Zhong, said.

"What about the others?" With regards to Long Chen's existence, they could accept it. Bai Lan had already let out a breath of relief, and the next thing he wanted to see was the opinions of the other demon youths, since they had supported Situ Yu in the beginning. Now that Situ Yu had died in his hands, they could not help but feel unconvinced in their hearts.

For the time being, no one replied to Bai Lan's words.

Situ Yu is your example, and I am not saying that Long Chen is my son-in-law, so I will side with him. If any of you were to go up against Long Chen, or even defeat him in terms of strength, you can also receive my, Bai Lan's, respect! "

Bai Lan was not like the seven elders who asked for other demon clan members to submit to him. His words even had a hint of asking others to deal with Long Chen, which could be considered as an inspiration for them. Long Chen himself wouldn't care about the grudges these small fry held against him.

Many of the demon race members didn't say a word. Furthermore, they had initially thought that Long Chen was just luck in the beginning. Now that he had displayed such a strong ability, no one dared to say that they were able to deal with him.

Most people had already accepted Long Chen's existence.

He wanted to work hard and one day, surpass Long Chen. Of course, the speed at which they grew up at was simply too slow for Long Chen, who was not afraid of them at all.

Therefore, the matter of the demons had been resolved. Long Chen would not encounter any provocation amongst the demons in the future.

With his strength, after using the 3000 star field, he was basically one person below the demon race, above tens of thousands of people. Now, who would still dare to make a move against him?

There was no one.

Next was the Lightning clan.

At this moment, Bai Lan and Lei Ji looked at each other, and walked to the front of the Thunder Clan's Seven Scions. Firstly, Lei Ji said to the Thunder Clan's Seven Scions: "I am very regretful about what happened today, and at the beginning I did not have any intention of berating the Thunder Clan's Seven Scions. They were doing this for the sake of our clan's development, with the correct goal being the correct one, but this method is not the correct one."

Lei Ji looked at the seven sons of the Thunder Clan and said, "I don't know if any of you have forgotten, but if not for the demon race, our Thunder Clan would be a nameless organization chased by the Five Elements Alliance. Maybe we would have perished long ago. Perhaps you think that we are living under the same roof and feel that we have lost our freedom, but freedom is something we need to fight for

with our strength. If we do not have the help of our demon brothers, even if we have freedom, we will still have it for sure! Five Elements Alliance and Feng Shen Clans, they would be very willing to annihilate a Lightning Clan that does not have any demons fighting side by side with them! "

Pausing for a moment, Lei Ji sighed with emotion, and continued: Perhaps many people would think that I, Lei Ji, am a coward that fears death, and would think that I, regardless of the interests of the Thunder Clan, am a slave for the Demon race, but I do not think that way. I and the Demon race are brothers, fighting side by side, sharing life and death! All these years of fighting have proven this point. "

Lei Ji's words caused the Lei Clan members to reflect on themselves. They had also thought about their current freedom and were restricted, but they hadn't thought of anything of an even higher level.

"Let me say a word." Long Chen took over at this time and said straightforwardly: "Does everyone know the principle of lips dying and teeth chattering? There were three great forces in the Realm of Myriad Kingdoms, and their strengths were all about the same. If the Thunder Clan and the Demon Clan were to break with each other, then one of the three great powers would disintegrate without a united force. Whether it was the Five Elements Alliance or the Five Elements Alliance, they could deal with the Thunder Clan and the Demon Clan by themselves, everyone would understand this simple logic. The two races have been united for so many years, and it is precisely because of their unity that they were able to continue on. If you are not united, then others will definitely take advantage of this opportunity to ruthlessly suppress the two races! "

Lips and teeth depend on each other, lips and teeth are cold.

These words made everyone fall into deep thought.

Bai Lan nodded, and looked at the people from the demon race seriously, and said: "Of course, we demons also have our own responsibilities, so it must be because you all think that the demons are strong, that's why you all are so proud. There are many underhanded methods that I did not pay attention to, but I never thought that it would cause so much trouble today. "

He sighed and said, "The alliance of the Thunder Clan and Demon Clan has already been going on for hundreds of years. Your ancestors were once brothers who fought together, and this was the case even today. That's right, the demons have a much more powerful background than the Thunder Clan, but this is not the reason for us looking down on our brothers, looking down on our comrades, and ultimately leading to the betrayal of our loved ones.

Lei Ji nodded, and continued to speak: "I hope everyone will think about it carefully, and pretend that what happened today never happened. In the future, the Thunder Clan and the Demon Clan will still be

brothers, dispel the resentment in your heart, and don't be too concerned about the matters of the various races."

Bai Lan continued, "Today's matter will end here. If I were to find out later, that there are still people from the demon race who would bully the people from Thunder Clan, or even look down on them, I, Bai Lan, as the Patriarch of the demon race, will definitely do things impartially and not be courteous."

Bai Lan's words made the demon race member tremble in fear.

Indeed, among some of the younger generation disciples, their pride had long since been formed. Many people didn't take the Thunder Clan seriously. And today, the actions of the Thunder Clan's Seven Scions had given them a deep shock. They understood that the Thunder Clan was not someone that could be easily bullied. They were brothers and not slaves.

"Only by being united can we defeat the enemy, I hope you can understand why. From now on, if the people of Thunder Clan and the demons are deliberately seeking trouble, I, Lei Ji, will handle it impartially, and punish them severely!"

Bai Lan and Lei Ji spoke with each other, shocking the people below them. Maybe it wouldn't have had any good effects in the beginning, but as time passed, they would probably be on their guard.

There were contradictions, but they shouldn't be treated as hatred.

"Everyone, go back to your homes. Everyone will be confined for three days. Without my instruction, you are not allowed to do anything other than cultivate and reflect upon your actions!" Bai Lan instructed.

Lei Ji also said, "My Thunder Clan is the main culprit behind today's matter. Everyone should go back and get locked up for three days and the Seven Scions of the Thunder Clan for ten days. Think about it carefully."

Chapter 795 - Emperor Azure Lotus

In this cruel society, only by united can one live on with greater strength.

"Long Chen, come with me." Bai Lan said to Long Chen after everyone had left.

Long Chen thought that it was over, and now the only ones left were Lei Ji and Sanxue Su Yan. At this time, Long Chen nodded his head and prepared to follow Bai Lan. Bai Lan then said to Su Yan: "Yan Er, you go back first, I'm going to talk to your sister and Long Chen about the nine clan young Martial Arts Competition."

Su Yan curiously asked: "That competition? Do you want Big Brother to participate? "

Bai Lan laughed and said: "You go back first, don't ask so much."

"Oh." Su Yan nodded obediently, and after bidding farewell to Long Chen, she left the place. As for Long Chen, she followed Sanxue, Lei Ji, and Bai Lan, and headed towards the core of the Greenwood Sky City.

"Nine Clan young Martial Arts Competition s?" Long Chen thought about what Su Yan had just said. His goal in the Green Wood Sky City was actually to cultivate the seven star body and help Su Yan remove the secret technique. Hearing Su Yan's words, could it be that Bai Lan wanted him to help the demons and participate in this Nine Clan Young Martial Arts Competition?

Bai Lan had helped him so much, if he really was needed, Long Chen would not let him go.

Thus, he followed Bai Lan and the others, and arrived at the elegant room where he had first seen Bai Lan. At this time, Bai Lan and Lei Ji turned around, and the two of them stared at Long Chen for a while before Bai Lan finally spoke: "Your performance today was truly outside my expectations. I never thought that you had already become this strong.

"Clan leader, just tell me, for what Long Chen can do, I will definitely do my best." Long Chen said with a smile. Bai Lan and Lei Ji were very convinced by him, and Long Chen was also very convinced by the two experts.

Bai Lan knew that he would agree. He smiled and said: "Alright, as expected of a man."

Pausing, Bai Lan continued: "Your background is unknown, but you shouldn't be from the nine great clans or The Nine Hallows, so you probably don't know about the Five Emperors' Treasures, right?"

"Five Emperors' Treasures?" Long Chen was a little shocked in his heart. He had already known about the Five Emperors' Treasures, he already knew about it from obtaining the Scarlet Emperor Seal from the Li Huo Jing.

Instead, he hid the fact that he knew and asked, "I know the legends of the Five Emperors' Treasures, but does this thing really exist?"

Bai Lan laughed and said: "I don't know either, but it is very possible that it exists. Furthermore, it is very possible that the Five Emperors' Treasures will open in the remaining time."

"Why do you say that?" Long Chen asked. He had obtained a bunch of five-color key. He guessed that this five-color key was related to the Five Emperors' Treasures, but he did not know the exact relationship.

Bai Lan and Lei Ji looked at each other, then said: "If you want to open the Five Emperors' Treasures, you must collect all five of the Five Emperor's Keys. Over the years, four of the Five Emperor's Keys have gradually appeared, leaving behind the last one, the four of the five Emperor's Keys, the Wind God's lineage, and the thunder demon lineage. The three forces have one each, while the other one is in the hands of a Heaven realm expert. What our thunder demon lineage holds is the key to the Azure Emperor. "

There were already four of the Five Emperors' keys. As for the other one, it had yet to appear?

Long Chen was stunned, he thought, that remaining Mysterious Emperor Key, could it be the five-color key in his hand?

If it was true, could he open the Five Emperors' Treasures once he gathered all five keys?

"After many years of fighting over these four keys, each key is capable of bringing two people into the Five Emperors Secret Realm of Five Emperors' Treasures. There were a total of five keys, so ten people could enter Five Emperors Secret Realm in the end. The key in my hand is enough to allow me and Brother Lei to enter. "

With that, Bai Lan took out a key that was glowing with a green light from the ring on his finger. It was a key, or rather a sword, because the key was more than half a meter long, and looked like a short sword. Inside the cyan colored key, Long Chen felt a vigorous life force approaching him, and a dense amount of life force pouncing towards him. On the key, Long Chen saw numerous ancient diagrams flashing past. It should be a battlefield, filled with the sounds of battle and slaughter. Millions of corpses could be seen and blood flowed like a river.

After Long Chen displayed it to everyone, Bai Lan then put away the Cyan Emperor key.

"So it turns out that the five-color key I had obtained was not the Five Emperor's key that Bai Lan had mentioned, nor was it the last Mysterious Emperor Key."

According to Long Chen's estimation, that Mysterious Emperor Key should be around the same size as Emperor Qing's key, and its color should be black. The five-color key in Long Chen's hands had five colors, and its size was not even the size of Emperor Qing's key.

"If that's the case, then what exactly is my five-color key and what does it have to do with the Five Emperors' Treasures? They have the Five Emperor's key, which is the key to open the Five Emperors Secret Realm, and which is also the Five Emperors' Treasures's pass card.

Long Chen could not understand no matter how much he thought about it.

However, if that was the case, then he had a new goal, and that was to occupy one of the ten spots. Only by possessing one, would he be able to enter the Five Emperors Secret Realm.

After all, if Bai Lan and Lei Ji wanted to share a key, there were no additional placings for Long Chen.

Long Chen had already obtained the inheritance of the Sevenstar Monarch. If he went to the Three Great Imperial Domains, this inheritance of the Sevenstar Monarch would be able to help him stay busy and let him relax for a while. However, he knew that only that Five Emperors' Treasures would be able to give him a trump card, above the 3000 star region.

The Five Emperors' Treasures was also one of Long Chen's main goals in coming to the Archaic Graveyard. If he could get hold of it, he would never give it up!

At this moment, Bai Lan and Lei Ji were looking at Long Chen as Bai Lan continued to speak, "From your performance today, aside from the two of us, very few people from the Thunder Demon Clan would be a match for you in the two months to the next. And with your age, you fit in with the scope of the young people's martial competition, and even more importantly, Long Chen is my son-in-law.

To brazenly say that Long Chen was his son-in-law like that, these words made Su Xue, who was at the side, a little embarrassed. She looked at her father accusingly, and the expression in her eyes was extremely captivating.

Looking at his own daughter's bashful look, Bai Lan laughed and said: "Of course, we allowed you to participate in this battle, and we didn't treat you unfairly, but this young Martial Arts Competition's champion position actually has a special reward. This time, it's a battle, and it's mainly brought up by the

warrior called Long Beard Man, he's extremely powerful, probably already at the second layer of the Heaven Martial Stage, he has a Yellow Emperor's key, and two of the Yellow Emperor's keys are in his key.

"One spot?" Long Chen's eyes lit up, if there really was a place like Five Emperors Secret Realm, he definitely did not want to go. Listening to Bai Lan's words, if Long Chen could win the championship in place of the demons, would he hand over the position to Long Chen?

Seeing that Long Chen was interested, Bai Lan laughed and said: "Long Chen, you probably don't know, but this Nine Clan young Martial Arts Competition is a battlefield where the nine great clans competed against each other, and obtaining the championship is an extreme honor. Although my Demon race is powerful, we have not obtained the champion's position for many years, and the two of us already have a placing, so we do not need the position in the Yellow Emperor's key. Otherwise, the ones with the most pressure will only be us. "

Moreover, in his heart, he had an even more important goal. At this moment, he smiled, and then, he asked each word slowly: "As per the request of the Patriarch, I will naturally return. But before that, I still have a question I want to ask."

"What problem?" Bai Lan asked curiously.

"I want to know, will the God Clan's Wu Guangyu participate in this big battle?" Long Chen was now stronger, and could take advantage of this opportunity to kill that guy, and then let Xiao Lang return. After all, with Xiao Lang by his side, he had suffered countless of hardships.

This was where Long Chen had let down the little wolf.

"Wu Guangyu?" Bai Lan was slightly startled, then said: "Wu Guangyu is the strongest among the young practitioners within the God race, and is also the publicly recognized strongest amongst the nine clans. What is even more troublesome is that not only did he reach the ninth stage of the Earth Martial Stage, he also recently obtained the inheritance of the Azure Lotus Emperor, so if you want to win, this Wu Guangyu will be your greatest opponent. Fortunately, the competition still has two months left.

"Wu Guangyu obtained the inheritance of the Azure Lotus Emperor?" Long Chen asked somewhat dumbly.

Originally, the god race already had the white lotus's inheritance, and now that Wu Guangyu had obtained the Green Lotus Emperor's inheritance, wouldn't the god race's strength once again surge?

Chapter 796 - Emperor Qing Qing Tian Ji

"That's right!" Bai Lan said somewhat helplessly, "Within the Seven Monarchs, the white lotus and the Azure Lotus Emperor are a pair. For all these years, the god race has been working hard for the inheritance of the Azure Lotus Emperor. Within the inheritance of the white lotus, there is information about the Azure Lotus Emperor. Although you received the inheritance of the Sevenstar Monarch of the same level, your realm is inferior to him, and your foundation is also inferior to his. "In the battle two months from now, if you are able to break through another level, then there will be some hope."

Long Chen was silent for a moment.

In his heart, Wu Guangyu was his enemy, and he definitely had to fight to the death with him. Even if he obtained the inheritance of the Azure Lotus Emperor, it would be the same, and at the very most, it would be a little difficult to deal with.

After thinking about it, Long Chen nodded his head and said: "Patriarchs, when this Nine Clan youth's Martial Arts Competition leaves, when it's time to speak with Long Chen, I will strive to make another breakthrough in the next two months."

The breakthrough of a Earth Martial Stage Ranker was extremely difficult, but Long Chen had easily said it out. The two great clan leaders were a little speechless towards him, it had to be said that this young Ranker was truly out of everyone's expectations. With the Monolith of the War God, Long Chen could reach the ninth level of the Earth Martial Stage in a short period of time, catch up to the others wouldn't be a problem.

"If that's the case, then cultivate properly for the rest of your time. At that time, do your best to be under Wu Guangyu's pressure to bring honor to my demon race, so during this period of time, you can tell me any request you have. As long as I, Bai Lan, can fulfill it, I will definitely not be stingy!" Bai Lan laughed haughtily.

"Since that's the case, I will thank the Patriarch first. If there's anything I need, I, Long Chen, will definitely not be polite with you two." Long Chen also laughed.

"Since when have you been so polite?" Hearing that Long Chen had agreed to fight alongside his, the pressure on his heart lessened by quite a bit. He was even secretly delighted. With regards to Long Chen's strength, she had personally witnessed it before, and was afraid that he wouldn't even be able to withstand the burst of power that came out of the 'Three Thousand Star Region' in the end. One must know that under Bai Lan's nurturing, Sanxue's fighting strength could also be considered to be very strong among the people in the ninth stage of the Earth Martial Stage.

Bai Lan looked at the two young men, and said teasingly: "Long Chen, you must work hard and protect my daughter when the time comes, I, Bai Lan, am just a pair of daughters, and I can't wait to put aside and feel pain. If not for the fact that this young Martial Arts Competition of the nine clans must participate, I would definitely not let my Xue'er take the risk.

"Dad, don't worry. I'm no longer a child. I can take care of myself." Suixue's face was slightly red as she argued.

"Father understands." Bai Lan said.

Just at this moment, Long Chen was still thinking about what Bai Lan had told him before. He suddenly remembered, this was the Greenwood Region, and out of the Five Emperor Prints, Long Chen had relied on the Blue Demon Flame to cultivate the Scarlet Emperor Burning Heaven Seal, and the Mysterious Golden Soul to successfully cultivate the Golden Emperor Heaven Shrouding Seal.

He had just reached the seventh level of the Earth Martial Stage, and there was still a long period of time before he reached the eighth level of the Earth Martial Stage.

Thus, he interrupted the crowd's conversation and interrupted: "Do the patriarchs of the two clans know that I have obtained the Mysterious Golden Soul of the Jinshi?"

Bai Lan was startled for a moment. Not knowing why Long Chen suddenly said this, he asked, "I know about that, but because of this, you have even attracted the attention of many people in the Jinshi. Why did you suddenly mention this matter? "

Long Chen continued to speak: "I now need a treasure of the same grade as the Mysterious Golden Soul, but I need wood, water, and earth type. I wonder if the patriarchs of the two clans have them?"

From the looks of each other, they could understand that Long Chen was definitely related to the Five Emperors. The two Emperor Prints that Long Chen had used before had the metal and fire attributes, and now that Long Chen thought about it, if they asked for the other three, combined, wouldn't they just happen to have the five attributes of metal, wood, water, fire, and earth?

The reason why Bai Lan and Lei Ji regarded Long Chen so highly, and even allowed Long Chen to fight for a spot in the Five Emperors' Treasures, was because of the kind of aura of a Five Emperors that they felt from Long Chen.

Bai Lan had already said it before, whatever it was that Long Chen wanted, as long as he could get it, he would definitely help.

At this moment, Bai Lan did not hesitate at all and directly said: "Amongst these three attributes, the water and earth attributes are two things that I do not have.

As he said that, Bai Lan took out a finger-sized crystal that was filled with a dense green energy from the ring.

"This Wood Soul Crystal contains a huge amount of Spiritual Qi of Heaven and Earth, it has the effect of stimulating the growth of Spirit Medicines, and is a top grade treasure. It contains wood type power, and the wood type power is much more than the Mysterious Golden Soul.

Long Chen felt it for a moment. The enormous power of the wood attribute contained within this tiny Wood Spirit Crystal had moved his expression. He nodded his head, and looked at Bai Lan with gratitude, and said: "Patriarch Bai, this is the thing I need, thank you very much."

"No worries, you are working for my demon race, so it is normal for me to give you a little gift. You can have this. As for the other two items, I'll also send people to collect them for you. " Bai Lan laughed faintly.

"Since that's the case, I'll be taking my leave. Bai Clan's Clan Head, if there's anything you need, just let me know." Long Chen cupped his hands and said.

"Go." Bai Lan laughed.

Only then did Long Chen nod his head and leave, while Suxue also quickly bid farewell to her father, and followed Long Chen out. After they had left, Lei Ji said excitedly, "This kid wants this kind of thing, it seems like he really does have a lot of connections to the Five Emperors. Brother Bai, what do you think? "

Bai Lan said: "The acquisition of a treasure still depends on fate and luck, it's not something that belongs to us, no matter how much you try to ask, it's useless. If there really is a Five Emperors' Treasures, we might not be able to eat it, this brat has fate with the Five Emperors, maybe they might really have this luck, today I gave him a chance to enter the Five Emperors Secret Realm, in the future, if he succeeds, he will be grateful to me."

"But, with Wu Guangyu blocking our way, how can Long Chen become the champion?" Lei Ji said with uncertainty.

If Long Chen is able to defeat him, it will prove that he is the person the Five Emperors have chosen. If he loses to Wu Guangyu, it means that we are thinking too much, no matter what, this is still a young man, if in the future, he can become our demon and work for us, it will also be a good thing. "Yun Che said.

"In other words, if he defeated Wu Guangyu, it would prove that he is special. This also means that in the end, it is very likely that he would succeed in defeating the masses. Lei Ji lamented.

"Exactly." Bai Lan laughed.

"As for the specifics, it all depends on this kid's luck. If I can help, I can help, but there's nothing I, Bai Lan, can do."

"Long Chen." Behind him, Su Xue called out to him. When Long Chen turned around, Su Xue didn't dare to look straight into his eyes, so he walked in front of Long Chen and said, "Are you really going to participate in the Nine Clan Young Martial Arts Competition s with me?"

"Of course." Long Chen said.

If you really decide, then do your best and comprehend the Monolith of the War God as soon as possible so that your true essence can improve. You and Wu Guangyu both received one of the inheritances from the Seven Monarchs, but you lost two levels to the other party, so you must work hard. " Pure Snow said unnaturally.

"What's wrong with you? Are you being bashful? " Long Chen asked curiously.

"Nothing, do your best to bring honor to my demon race. However, I will not disappoint my father. After all, I am his daughter!" As she spoke, she waved her tender fist towards Long Chen, and then twisted her body to run away.

"I stole your limelight?" Long Chen laughed helplessly. When he returned to Su Yan's place, he already wanted to cultivate the Emperor Qing Qing Tian Ji immediately. However, right now, Su Yan was already waiting for him at the door.

"These two sisters ..." Long Chen was a little speechless. One just left, and now there's another.

"Big Brother, you're finally back!" Su Yan jumped to his side, held his arm and laughed.

"Big brother, did father allow you to join that whatever Martial Arts Competition?" Su Yan asked impatiently.

Long Chen nodded. "Yes. "There are still two months, which is enough time for your injuries to completely recover. At that time, I can leave in peace."

"You're leaving?" Su Yan's expression became a little ugly, and within her large eyes, there were faint flashes of tears.

Although Long Chen knew that this girl was extremely reluctant, he had no choice. He nodded and said, "I don't know for now, but there should still be two months." Yan Er is good. "

"En, alright," Su Yan bit her pink lips and nodded like a chick pecking rice.

After chatting with the little girl for a while, Long Chen reminded her not to disturb him and returned to his room to cultivate the Emperor Qing Qing Tian Ji.

The combined power of the two Great Emperor Seals was already quite formidable. If the three Great Emperor Seals were to merge into one, the explosive power would be hard to imagine.

Chapter 797 - Arrival of the Wind God

Compared to before, Long Chen's Innate True Origin was now much stronger, and the power he could control was also much stronger than before. Back then, when he was training the Golden Emperor Heaven Shrouding Seal, Long Chen was still not very familiar with it.

Thus, he reckoned that the cultivation of the Emperor Qing Qing Tian Ji was actually a little easier than the Golden Emperor Heaven Shrouding Seal.

The moment when all the Five Great Emperors Seal fuse together, Long Chen would be able to see just how powerful the power of the Five Emperor Prints had become. At the very least, the power displayed would be stronger than that of the 'Three Thousand Star Regions'.

Currently, Long Chen could only do some simple usage of the weapon in the 3000 star regions. He knew that if he wanted to open the Emperor Level secret technique in these three thousand star regions, his realm would have to increase a little, possibly at the ninth level of the Earth Martial Stage, or even possibly at the Heaven Martial Stage level. Only then would he be able to open the secret technique in the Three Thousand Star Regions.

The power of that secret fighting technique was probably even stronger than when Five Great Emperors Seal combined into one.

However, the Five Emperor Prints were not a part of the Five Emperors' Treasures, and the inheritance of one of the Seven Monarchs was already so heaven-defying.

However, Long Chen's attention was currently focused on the Wood Soul Crystal in front of him.

The green Wood Soul Crystals floated above his right palm. On his palm, the golden and red Emperor Prints had already been successfully activated, and the remaining three seals were still extremely dim.

Under Long Chen's control, the Wood Soul Crystal began to fuse into his palm and appear in his martial arts aperture. The intervention of the Wood Attribute's power caused the metal and fire attributes, which had already reached a balance, to erupt once more. The three types of energies became even more violent, causing three types of light to appear on Long Chen's arm, which was fiercely competing with each other.

However, Long Chen's Quintessential Essence could not be compared to the past.

Under his strong control, the three types of power gradually became under his control. With his first and second times of experience, and with such a strong burst of true essence and everything else under his control, the three types of power gradually reached a balance, forming the three-legged shape, which appeared in the martial cavities on Long Chen's right palm.

The three powers blended harmoniously in Long Chen's palms.

The Green Emperor Seal in his hand also glowed with a vivid luster. Now that he thought about it, it was still the gray and gloomy Emperor Seal, and only the Mystical Emperor Seal and Yellow Emperor Seal remained.

These Five Emperor Prints reminded Long Chen of his friends in the Holy Martial Empire.

"I wonder if they are doing well."

After cultivating the Emperor Qing Qing Tian Ji, Long Chen stood up. Counting how much time had passed, ten days had actually already passed, and every time ten days, he would have to feed the little girl Su Yan a drop of blood. Every single time, Su Yan would stare at him with wide eyes as he sucked on his hand with his slippery lips.

"Big brother, I'm full." Su Yan said happily.

"There are still many times before I can feed you, little girl." Long Chen said somewhat helplessly.

Big Brother can still accompany Yan Er for such a long time. hopes that the tenth day won't arrive so soon. "

Looking at this young lady who was a little disappointed, Long Chen didn't know what to say. Along the way there, they had been through a lot of love debts, but he really couldn't explain his feelings clearly.

He had seen many women, and many girls were really good to him. But it didn't feel as touched as the feeling Ling Xi gave him.

Thinking about this girl, Long Chen's heart burned with fighting spirit.

"It's been another ten days since I started cultivating in the Emperor Qing Qing Tian Ji. This time, I'm going to advance towards the eighth stage of the Earth Martial Stage."

The eighth stage of the Earth Martial Stage was much harder to come by than the seventh.

Every stage of the Earth Martial Stage was much more complicated than the previous stage, and the difficulty of cultivation was also much more difficult. If not for the Monolith of the War God's guidance, Long Chen would not have been able to cultivate so quickly.

Reaching the eighth level of the Earth Martial Stage, even if there was a Monolith of the War God, Long Chen would not be able to advance one stage every ten or so days like he did in the past.

Counting the time, it had only been two years since Ling Xi left.

Long Chen moved from the Heavenly Completion Stage to the very peak of the Earth Martial Stage.

After spending two years of time, his cultivation speed had already surpassed the geniuses in the top rankings of Realm of Myriad Kingdoms!

However, he was still not satisfied!

Because the one he wanted to compete for, was the genius of the Imperial Domain!

The Realm of Myriad Kingdoms was after all, only a small place, and not a stage for him, Long Chen!

"The day that I rise up, I will make the entire world tremble because of my existence. Those who look down on me, I will let you all know who is the true genius."

Looking into the distance, Long Chen grinned widely.

Without the slightest hesitation, Long Chen sat down with his legs crossed and concentrated on practicing the first seven stages of Earth Martial Stage, his mind entering the Monolith of the War God s. After completing the review and filling in the gaps, he began to practice the eighth stage of Earth Martial Stage.

Within the Monolith of the War God s, the shadow's fist techniques were getting more and more complicated. There were even many parts that Long Chen was unable to comprehend.

However, Long Chen did not give up. He studied it over and over, even asking Bai Lan and the others for advice. He was improving quickly in his plans, he had sixty days worth of time to comprehend this fist technique, and it was done without any interference. For him, such a peaceful environment was already hard to come by.

Of course, Long Chen wouldn't use his own deathblow in this kind of competition, it was only a contest of fist techniques within the Earth Martial Arts manual. Since Sanxue had reached the ninth stage of the Earth Martial Stage, of course, she could completely defeat Long Chen.

During this period of time, Su Yan, this little girl, was also very hardworking. Before Long Chen had broken through to the eighth stage of the Earth Martial Stage, she had already broke through to the eighth stage.

Just like this, under the envious gazes of countless people, Long Chen and this pair of beautiful sisters began a happy cultivation life. Under the careful guidance of the two sisters and the guidance of the Monolith of the War God, Long Chen's progress increased by leaps and bounds.

At the same time, Long Chen was also in the process of familiarizing himself with the usage of the 'Three Thousand Star Region'. He had once used a green dragon halberd s experience, and he quickly figured out a lot of combat methods in these Three Thousand Star Regions.

With the combination of the left hand spear and the right hand seal, the 'Three Thousand Star Domain' and the Five Emperor Prints, Long Chen's combat strength had risen to a terrifying level.

Time to cultivate had always passed quickly, and in the blink of an eye, a month had already passed. There were only about twenty days left before the nine clan young Martial Arts Competition s arrived, and under all sorts of excellent conditions, Long Chen's cultivation of the eighth stage of the Earth Martial Stage had already reached a similar stage.

In order to raise Long Chen's strength by a level, even Bai Lan had to personally teach him. In order to raise Long Chen's strength by a level, even Bai Lan had to personally instruct him himself.

On this day, Long Chen was sitting in the middle of the room, his mind immersed in the Monolith of the War God s, the figure on top of the Monolith of the War God was quickly moving its hands, this figure's movements were extremely fast, and sometimes, it was so fast that Long Chen was basically unable to see it clearly, but fortunately, he had a large amount of time. You can go over the complicated movements.

Some movements were too slow, but it was not easy to imitate them. The slower the movements, the more complex the mysteries within would be.

"The path of cultivation is extremely difficult. I really don't know how the people of Three Great Imperial Domains cultivate. Is there really someone who could jump over the four foundation realms when he was born?"

"It might be possible. After all, he hadn't comprehended any of the four foundation realms, and he didn't have a martial spirit. He only had his physical body, meridians, and the formation of the Eighteen Martial Veins and Nine Great Martial Apertures. If there was such a thing born, then you are destined to be much stronger than us. "

It could be said that the three Martial Saints were the time to officially start cultivating.

The three Martial Realms would definitely not be the end of cultivation. What would happen after the three Martial Realms?

Long Chen was looking forward to it.

Compared to when he was in the White Poplar Town, he felt very small at that time, almost like a chicken that couldn't be tied. Until now, he also felt very small, on the road of cultivation, he was just like an ant, he had just embarked on a journey, there were still many paths ahead of him.

Four Foundation Realms and three Martial Realms. Then, what would happen next?

Other than the Three Great Imperial Domains, could there be other places, and even more terrifying places?

To Long Chen, there was an even more important point. That was, where did his father, Long Qinglan, come from? Before he died, Long Qinglan once said that he dominated the Dragon Sacrifice Continent. From his words, he seemed to be much more knowledgeable than Ling Xi.

For example, that Mysterious Dragon Jade was actually able to suppress the ancestral dragon's inherited blood. Just what kind of terrifying thing was this? Also, why would Long Chen's Primordial Blood Dragon's Inherited Blood be in a mere high grade Yellow Rank battle skill "Dragon Seal"?

Why did Long Qinglan appear in such a small place like Bai Yang Town?

How did he lose his cultivation?

Long Chen faintly felt that Long Qinglan definitely knew what this Mysterious Dragon Jade was.

"Dad, what exactly did you give me? You left so quickly and didn't tell me anything. Now that I think about it, there are a lot of places that I don't understand. If only you were still alive ..."

Chapter 798 - King Level Nine

As Long Chen was immersed in his cultivation, he suddenly heard people hurriedly approaching from outside. Long Chen had already instructed him that if there were no important things during his cultivation, Su Yan would normally not let anyone disturb him.

Long Chen knew that something might have happened, and exited the cultivation state. He suddenly opened his eyes, stood up, and when he opened the door, the somewhat anxious Su Yan was already standing in front of him, and immediately said: "Big brother, the Wind God's lineage's people have come, they have come looking for you!"

"They're here?" Long Chen was shocked. Thinking about it, he stole Feng Zhiling's Monolith of the War God and Sevenstar Monarch's inheritance, and the news had already spread, it was normal for the people from the Wind God's lineage to come here.

"Daddy and Uncle Lei are already at loggerheads with those people, that's why I'm here to inform you to be careful. They're here for you, don't go over, Daddy and the others can handle this." Su Yan looked at Long Chen with concern.

Long Chen laughed, then said: "Since you are looking for me, how can I stay here? Yan Er, stay here and don't wander around."

The Long Chen of today, had long been incomparable to the past.

Since the Wind God's lineage dared to come here, the patriarchs of the two clans might already have arrived. Feng Zhilin, as the person in question, should also have arrived, and Wu Guangyu should also have been together with Feng Zhilin the entire time. With Wu Guangyu's arrival, Mo Xiaolang was definitely here, and he could already sense that there was a trace of connection between the two clans with Mo Xiaolang, who was not far away from him.

"What?" Su Yan originally wanted Long Chen to not go over, but she didn't know that after she told Long Chen, Long Chen would go over instead. She immediately opened her tender arms and stood in front of Long Chen, saying: "Big Brother, there are a lot of people from the Wind God's lineage, and they are all here for you. I think it's better if you don't go, in case there's danger."

"With my current strength, who can give me any danger? Besides, I still have your father to protect me."
" Long Chen gently pulled her arm, and said with a smile.

"Alright, I'll go with you." Su Yan held onto Long Chen's arm, as if he was afraid that Long Chen would suddenly escape. Long Chen helplessly looked at the little girl and nodded in agreement.

Without needing Su Yan to say anything, Long Chen already roughly knew their location. Very quickly, they were already within one Li of Long Chen. Through the observations of the Spirit Devouring Demon Pupil, Long Chen felt that many strong experts had arrived, and amongst them, many were familiar with one another. The most important person, Mo Xiaolang, was actually here, as well as Wu Guangyu, Feng Zhilin and the others.

Very quickly, he had reached the camp of the Thunder Clan and the Demon Clan. At this time, there were already many people gathered here, including the seven elders of the Demon race, the seven sons of the Thunder Clan, and many disciples of the two races. There were even many ordinary warriors spectating from afar.

Sanxue, Bai Lan and Lei Ji were all present, and in front of them were two races wearing white or light green clothes. From their clothes and gowns, it was very easy to differentiate their identities, and among the two races, the one leading them was a woman in a white dress who was covered by a veil, giving Long Chen a pressure that was not inferior to Bai Lan at all. Beside her, was an elegant old man with long hair and flowing in the wind.

These two people were the patriarch of the god race, Wu Lian, and the patriarch of the wind race, Feng Qing. Behind Wu Lian and Feng Qing were Wu Guangyu, Feng Zhilin and more than a dozen other experts of the eighth and ninth stages of the Earth Martial Stage. Mo Xiaolang, who had already been separated from Long Chen for nearly half a year, was now standing behind Wu Guangyu.

Everyone else's gazes were focused on Wu Lian and Feng Qing, and only Long Chen was looking at Mo Xiaolang. At the same time, Mo Xiaolang also saw Long Chen, and his eyes instantly revealed a hint of excitement. But upon thinking that there were other people present, the mature Mo Xiaolang quickly suppressed his emotions.

Long Chen was the same as well. He looked at Mo Xiaolang carefully and realized that Mo Xiaolang's Profound Spirit Qi was much stronger than before, and she, who was only at the king level four, seemed to be at least at the eighth level of the King Level or even a ninth level King Level. She was only a step away from becoming an Emperor Level beast.

Ever since he came here, Long Chen had never seen an emperor level demon beast before.

However, in this vast Archaic Graveyard, there must be many emperor level demon beasts.

It seemed that Wu Guangyu had used a lot of treasures to serve Mo Xiaolang during this period of time. Seeing that Mo Xiaolang had become more and more powerful and was not under his control, Long Chen became more and more relieved.

In this place, only Mo Xiaolang and Long Chen knew how to use the Spirit Beast Language. Therefore, when Long Chen had just arrived, he said to Long Chen in the Spirit Beast Language, "Big Brother, I have already heard about some of your deeds. Your strength has increased too much, and I have also reached the ninth level of the King Realm.

probably had enough time to stand by that fellow's side.

"How are you doing over there? Is there any danger to your life?" Long Chen asked softly.

"Of course not. I treated him like a treasure and used a lot of fire-attribute treasures to serve him. At the beginning, he used a hypnosis technique on me, thinking that he would be able to subdue me. He did not know that I was faking it."

Long Chen had to find a chance to kill Wu Guangyu before he could bring the little wolf back. At this time, the Wind God's lineage was obviously looking for trouble, and if he let the little wolf only come back once, it would only aggravate the conflict between them.

"There are still more than twenty days before the ninth clan's young Martial Arts Competition will participate. Once I defeat Wu Guangyu, we will reunite." Long Chen decided.

"Alright." Mo Xiaolang nodded his head. In the past twenty days, he could easily endure it, but he had a doubt in his heart, he had always been standing beside Wu Guangyu, and that was how strong Wu Guangyu was, especially after obtaining the inheritance of the Green Lotus Emperor, he was even more powerful.

He wouldn't speak of this doubt.

He knew that Long Chen would have a way, this was his trust towards Long Chen.

Long Chen and the wolf cub conversed using the Spirit Beast Language only a little bit more. Long Chen looked at the wolf cub for a while longer, then shifted his gaze towards the others, but after seeing the wolf cub, his determination to reunite with him became even stronger. In the finals in twenty odd days, he would definitely defeat Wu Guangyu, and snatch back the wolf cub.

As for the others, when they saw Long Chen appearing, they all turned their gazes towards him. Many of them had a curious look in their eyes, but there was one that was especially passionate. When Long Chen looked over, it was indeed Feng Zhilin. After experiencing those two great events, Long Chen was undoubtedly the person Feng Zhiling hated the most. Stealing the legacies of the Monolith of the War God and the Sevenstar Monarch was still a small matter.

What happened that day left an unerasable shadow in Feng Zhiling's heart!

Up till today, Feng Zhiling could not help but think back to that day. Having endured for so long, she had long wished that she could skin Long Chen alive and draw his tendons!

At this time, seeing that Long Chen had dared to come here and even had a nonchalant look on his face, Feng Zhilin's eyes burned with anger. She had taken two steps forward and was about to attack, when Wu Guangyu suddenly grabbed her arm, and whispered into her ear: "Zhilin, do you hate him? I'm about to become your husband, so let me kill him. "

When Wu Guangyu spoke, the hot breath landed on her ears, the numbing sensation caused Feng Zhilin's face to turn red, but when he remembered that Long Chen had also made her feel that way, the stupidity in his heart quickly disappeared.

"Hailin, what's wrong?" Wu Guangyu asked.

"No, nothing," Feng Zhilin said hurriedly. Then, he stared at Long Chen and said while grinding his teeth: "Today, I will definitely take this brat's life and also that Sevenstar Monarch's inheritance. These are all mine!"

"Mm, don't be anxious. Your grandfather and mother are currently negotiating with the Thunder Clan." Wu Guangyu's handsome face revealed a gentle smile. He looked at Long Chen, carefully sizing up the youth who had once escaped from his hands. What surprised him was that this youth's True Essence, had actually already reached the seventh level of the Earth Martial Stage.

"So fast? It must be because of the Monolith of the War God, I never would have thought that the current him, who was carelessly letting him go, would already be in such a realm. However, for a person without any background to come to this Archaic Graveyard and obtain such a heavy treasure, isn't that just courting death? "

A hint of bloodlust flashed in his eyes.

He suddenly remembered that Mo Xiaolang used to belong to Long Chen in the past. He hurriedly turned his head, and what he saw was Mo Xiaolang looking at him loyally.

"That beast taming method was taught to me by the clan's most domesticated demon beast. He tamed tens of millions of demon beasts, so there shouldn't be any problems. This Sun Devouring Demonic Wolf is so heaven defying, if I let it reach the Emperor level first, then it would increase the clan's power by an extremely large amount. If it can become stronger, then it would be me who can become stronger, but to find the treasure that can allow it to reach the Emperor level, it is really difficult, at least the entire Mystic Fire Region has already been flipped through by me. "

As Wu Guangyu was thinking about these things, the patriarch of the wind race, Feng Qing, had already confirmed Long Chen's identity. He looked at Bai Lan and Lei Ji with calm eyes, and said indifferently: "Since the person in question is here, then it would be even easier to handle. In the Black Gold City, the Monolith of the War God had originally been taken away by our wind race and we are currently accepting them. This unknown person named Long Chen actually used a trick to snatch away our wind race's things. "Also, in the Sevenstar Monarch's mausoleum, Zhilin already went in, and this nobody came out to cause trouble, and even stole my granddaughter's inheritance from her ..."

Chapter 799 - The Power of the Domain

Speaking to here, Feng Qing paused, then said: "The reason our Wind God's lineage came here today, is to take away this brat who stole my wind race's treasure. I hope that Brother Bai and Brother Lei can consider the relationship between thunder demon lineage and ourselves and not stop us from capturing this Long Chen.

After Feng Qing finished speaking, he did not seek for and Lei Ji's intentions anymore. He was just about to come and capture Long Chen, as he was a warrior of the Heaven Martial Stage, capturing Long Chen would be easy for him.

Feng Qing had completely discarded the relationship between Long Chen and the Thunder Demon Clan before, and had even described Long Chen as having stolen something from his Wind God's lineage. If that was really the case, Bai Lan and Lei Ji really didn't have the rights to interfere in this matter. After all, to create conflict and even fight to the death for the sake of an insignificant character, this was not worth it.

Hearing Feng Qing's words, everyone looked at each other and remained silent.

When Long Chen just arrived here, and heard Feng Qing say that, before Feng Qing even made his move, he immediately burst out laughing, and directly smiled to his waist, not giving Feng Qing the slightest bit of face. The people from the wind race looked at each other in dismay, was Long Chen not afraid of death?

This Feng Zhilin was his granddaughter whom he trusted the most, and her talent was usually above average. Long Chen did not have any mistakes, and with the two great treasures in front of her, she missed out on both of them, and furthermore, lost to a nameless little pawn whose strength was not even close to Feng Zhiling's.

Hearing this news, Feng Qing, who never scolded Feng Zhilin, also scolded him ruthlessly!

A huge opportunity to rise up was right in front of wind race, and Feng Zhilin, that idiot, gave it to someone else for nothing. How could Feng Qing not feel resentful? He mobilized the entire wind race and searched through the liujin region and other places. Finally, he found out that Long Chen had

arrived at the Verdant Wood Sky City, which was the headquarters of the thunder demon lineage. That was why Feng Qing had joined the God Tribes and come here.

On the way, he had already spent quite a bit of time.

"Kid, what are you laughing about?" Feng Qing stopped his hands as he carefully sized up this detestable little fellow, a cold light flickering in his eyes. Feng Qing had to admit that this unknown person that he had never met before was the person he found the most loathsome and loathsome in his entire life.

With regards to the seventh stage of the Earth Martial Stage, such strength was equivalent to nothing in front of Feng Qing. He could kill Long Chen anytime, but why would this brat laugh?

Long Chen took a breath, and under everyone's gaze, he calmly looked at Feng Qing and said: "Heavenly treasures are owned by the virtuous. The inheritance of the Monolith of the War God and the Sevenstar Monarch belong to the heaven and earth, I fought with Miss Feng Zhilin, and because she was not a match for me, she lost to me, I obtained two great treasures, and these two great treasures belong to me, and the head of the wind race is a clan head of a clan, a person who stands at the peak of the heavens. She was also the person that I worshipped, but I never expected her words to be so shameless, and say that the two great treasures are yours, causing me to widen my horizons, laugh my teeth off, and have no shame at all!

The more Long Chen talked, the more he laughed.

Feng Qing's face became uglier and uglier. That's right, what Feng Qing had just said was indeed very shameless, but even so, who would dare to say it out loud?

However, Long Chen was precisely this kind of weirdo. If he dared to say it out loud, then what could Feng Qing do to him?

Hearing that, everyone began to discuss softly. Feng Qing's face had already turned black, he stroked his long beard and said: "Brat, don't misunderstand me, that Monolith of the War God and Sevenstar Monarch's inheritance were first obtained by my wind race, then when you, Long Chen, came to take it away, you were just a nobody, yet you still came to steal my wind race's things. If this were to spread out, wouldn't my wind race's face be completely thrown away? If you still want your life, hand over the inheritance of the Monolith of the War God and the Sevenstar Monarch right now, on the account of the patriarchs of the two clans, I can still give you a chance to live. If you continue to be ignorant, don't blame me for taking your life here! "

It was obvious that Feng Qing was bullying Long Chen because he did not have any background, which was why he said such a thing.

When he threatened Long Chen, he had already quietly used her Heaven Martial Stage's 'Domain'. The power of the Domain attacked towards Long Chen, and very quickly surrounded Long Chen, and a huge force was acting on his body. Long Chen had a faint feeling, that if he did not agree, this Feng Qing would use the power of this 'Domain', and directly take his life!

Long Chen could already feel that the power of this domain was definitely very strong. Although it was not as strong as the seven star Star Tomb's, which was suppressing Long Chen to the point that he couldn't move, it was already very terrifying for him right now.

Quietly, after he had finished speaking, the 'Domain' that Feng Qing was able to control enveloped Long Chen, and with a thought, an enormous power immediately rushed towards Long Chen, as if countless mountains were pressing down on his body. Long Chen immediately felt a suffocating feeling, it was good that he had cultivated the Sevenstar Monarch's inheritance, otherwise, his muscles and bones would probably have already been crushed to pieces by the other party.

Long Chen's expression instantly became extremely unsightly.

Even though the other party had come from all directions with the intention to crush Long Chen's body due to the pressure of the 'Domain', Long Chen did not cower at all.

Feng Qing had used the power of his domain, which meant that he had already openly attacked Long Chen in front of everyone present.

Bai Lan and Lei Ji's eyes flashed with a trace of anger. Seeing that the discussion was unsettled, they were preparing to make their move, but did not expect that at this moment, Long Chen waved his hand at them, saying, "Wait."

Feng Qing was the same as Lei Ji, who was only at the first level of Heaven Martial Stage. Their domain, was the weakest type of domain, and even though Feng Qing had used all of his strength, Long Chen could still feel a monstrous pressure pressing against his body from all directions, intending to slow his movements and even destroy his body. However, this was not enough to defeat Long Chen!

When they saw that Long Chen was able to stand steadily even with just the strength of his body within Feng Qing's domain, everyone's eyes revealed shocked expressions, especially that Feng Qing, he knew exactly how much effort he had put in. Seeing that Long Chen was still clenching his teeth and persevering, he even looked at him with a gaze of slight contempt.

"Youngster, it's really easy to show off. Since that's the case, let me break your leg bones first." Feng Qing sneered in his heart. Since Bai Lan and Lei Ji did not concern himself with it, then he could be even more reckless. At this time, he had increased his strength, and activated the power of the 'Domain' that he was familiar with to the maximum!

BOOM!

Although no one had encountered the power of the Domain, they had already felt its suffocating might. They looked at Long Chen, only to be shocked to discover that Long Chen, who had been completely suppressed by Feng Qing's Domain, was still standing there persistently. Even though his veins were popping out and sweat was already appearing on his body, he still persisted, and did not even bend his knees a little!

"How is this possible? Kneel down! "

Feng Qing was shocked, and immediately activated his own strength. The power of the 'Domain' had a great deal to do with the martial spirit, at this time, Feng Qing wanted to allow his martial spirit to reach its maximum output, so as to make Long Chen kneel down. Otherwise, it would be too embarrassing for him, a dignified expert of the Heaven Martial Stage to not be able to make Long Chen kneel.

Pow!

Long Chen stepped onto an ancient tree beneath the Verdant Sky City. At this time, the ancient tree had already caved in, but Long Chen was still not affected in the slightest. Although the muscles all over his body had tensed up, to the point that it was hard to move a single inch, Long Chen still looked at his opponent with a very proud gaze. Forget about kneeling down, for a Domain of this level, Long Chen could even speak!

It wasn't that Feng Qing's Domain 'was not strong enough, but rather Long Chen's seven star body, was a middle level imperial rank body tempering technique. Even the patriarchs of the two God and Demon Clans didn't know if they could compare to Long Chen in terms of body tempering technique, so the strength of the seven star body was unimaginable.

"wind race leader, can you add a little more strength? Your little strength is not even enough to tickle us. The dignified patriarch of the wind race, why is she so weak, did she use his strength on something else? I see that you're not young either. You should still indulge yourself in matters of debauchery, lest you end up dying in the stomach of a woman. Haha ...

Long Chen endured the enormous pressure, and after speaking for a long period of time, he started to laugh loudly again.

Inside the Wind God's lineage, everyone's face turned black. And among the thunder demon lineage, after they understood Long Chen's meaning and saw his black purplish complexion, a wave of laughter suddenly exploded forth.

That earth-shattering ridicule, ignited a raging fire of fury in Feng Qing's heart!

As the Patriarch of a clan, yet to be mocked like this, even Long Chen was helpless when he used the "Domain" that the Heaven Martial Stage was most proud of.

"Long Chen, die!"

At this juncture, Feng Qing could only use a bloody method to save some face for himself. The blow that Long Chen had dealt him was simply too great.

The reason why Long Chen wanted to withstand Feng Qing's' Domain 'was actually because he had a purpose. He vaguely felt that this suppressive power would be the key for him to break through to the eighth stage of the Earth Martial Stage. He decided that after they left, he would definitely let Bai Lan or Lei Ji use their area to train himself.

However, now that Feng Qing was charging towards them, they could make their move.

Long Chen was completely worry-free.

As expected, when Feng Qing took action, Bai Lan and Lei Ji had lightly flashed, and already stood in front of Long Chen.

Chapter 800 don't lose your virginity

Don't lose your chastity

Feng Qing's domain was quickly destroyed under Bai Lan's attacks. Seeing Bai Lan and Lei Ji both blocking in front of him, the old man was shocked. Even if he was extremely angry at Long Chen, he had no choice but to suppress it and stop his attacks.

At this moment, the atmosphere at the scene became really tense. Everyone had guessed that Wind God's lineage and thunder demon lineage would have a conflict this time, and it was as expected.

At this moment, seeing that Bai Lan and Lei Ji had finally made their move, Feng Qing finally woke up from his previous rage. As the Patriarch for so many years, he was still familiar with the principle of calm. and Lei Ji clearly had the intention to protect Long Chen.

"What do you mean? This Long Chen stole something from my wind race, could it be that the Thunder Devil Clan and Thunder Demon Clan are also coveting treasures and coveting things from my wind race?" Feng Qing calmed down and looked at the Thunder Demon Clan Patriarch gloomily.

Bai Lan laughed faintly: "I am not interested in your wind race's treasures, your wind race's invisible whip s etc, I do not dare to covet them, but Brother Feng, you should understand one thing, this is Qing Mu Tian City, we are not fools, coming to this Archaic Graveyard to fight for this treasure, the treasures do not belong to anyone, whoever obtains it is, if your wind race is able to snatch away the Sevenstar Monarch's inheritance, it would naturally be yours, but Brother Feng is in front of us saying that Monolith of the War God and such a thing would belong to you, don't you think that we are idiots?"

Feng Qing was a person of the same status as him, yet they came to expose him, not giving him any face at all. Feng Qing and Wu Lian looked at each other in the eye, they knew, that Bai Lan's determination to protect Long Chen was already very strong.

"Could it be that Brother Bai is determined to protect this nameless nobody, regardless of the friendship between Wind God's lineage and him?" At this time, the God Clan Patriarch Wu Lian, who had been silent all this time, spoke with a cold voice as she gently activated her red lips.

"Who said he is a nobody? Can anyone tell me, who is this Long Chen to me?" Bai Lan chuckled, he turned back and asked the Demon Clan and Lightning Clan people.

"Long Chen is the son-in-law of the Patriarch!"

"Yes!" "Son-in-law!"

"He is Princess Suanxue's husband!"

"Long Chen is from my demon race, he is not a nobody!"

"Yes, he is the Prince Consort of our Demon race!"

There were even people who spoke out Bai Lan's intentions directly. After a series of loud noises, basically every member of Thunder Clan and Demon Clan raised their arms and spoke the words "son-in-law" and "Prince Consort". From this, it could be seen that they had already accepted Long Chen.

It was not just the people of Thunder Clan, even the people from the demon race who hated Long Chen previously had their respect and admiration towards Long Chen's tyrannical strength. This was a world where the strong were respected, and the strong received the corresponding respect. At this time, Long Chen was undoubtedly a strong warrior in the Demon race and the Thunder Clan. And just now, Long Chen had only used the seven star body, yet he had forcefully withstood Feng Qing's "Domain", greatly venting the anger of everyone from the demon race.

Bai Lan turned his head with a smile, and said: "The two of you should understand by now, right?"

As he spoke, Bai Lan stretched out his arm, intimately placed it on Long Chen's shoulder, and laughed: "The marriage between my daughter Sanxue and Long Chen has long since been set, and the entire world knows about this, everyone should know about it, right? In other words, Long Chen is not only a demon, he is also a relative of mine! "

At this time, Bai Lan coldly looked at the people from the Wind God's lineage, and said in a cold voice: "Brother Feng, I have two questions for you, and I can explain them clearly to you now, Firstly, Long Chen is right. The natural treasure is owned by the virtuous, and before anyone truly obtains the treasure, no one has the qualifications to say that they are the owner of it. This is a problem that everyone understands, so stop coming and try to fool me, Brother Feng. Secondly, Long Chen is my son-in-law, and is not some nameless nobody. Since Brother Feng is in Bai Lan's territory, you can directly take action against my family, is that not giving me, Bai Lan, too much face? You think that I, Bai Lan, am easy to bully? "

As he spoke, the aura that belonged to a devil emitted out from Bai Lan's body. It was a heavy killing intent, and in the Wind God's lineage, other than the two great Patriarchs, everyone else could only retreat in shock.

Bai Lan still did not stop, his gaze finally stopped at his old opponent, the God Clan Patriarch Wu Lian, and continued: "As for Sir, I do not care about the relationship between Wind God's lineage, then let me ask you, you guys came to my territory to mess around, and even made a move on my relatives, completely not putting the Thunder Clan and Demon Clan in your eyes, is it that I, Bai Lan, do not care about the relationship, or do you guys do not care about the relationship? Everyone has their own decisions to make. If you are still not willing to let go of this matter, then don't blame me for being impolite! "My demon race only has fallen heroes and no cowardly trash. If you want to fight, then come at us with all you got. If one comes at us, we'll kill them all. If one comes at us, we'll kill a bunch!"

Bai Lan's power was much greater than Feng Qing's. In this explosive shout, among all the Wind God's lineage, only the clan leader of the God Clan, Wu Lian, did not retreat. However, that fierce wind still blew against her clothes, causing it to flutter!

"Yes, if you want to fight, then let's fight. My Thunder Clan and the Demon race are indomitable men, unlike some people who only know how to bully the weak and bully the strong!"

"Come on, if your two tribes want to fight, we can accompany them!" If you want to fight, then quickly fight. If you do not want to fight, then quickly scam! "

"They are all cowards. The dignified clan chief doesn't even have the strength to submit to a youth who's not even twenty years old. This is truly an eye-opener!"

In an instant, they started to talk at each other, causing the faces of the people in the Wind God's lineage to become extremely ugly. If not for the two great clan leaders not giving the order, they would have made their move long ago.

With so many people supporting him, Long Chen felt a wave of warmth in his heart. At this time, he looked in the direction of the Wind God's lineage and laughed loudly: "Don't be so loud, be careful to scare me, Wind God's lineage, you are just a bunch of people who are similar to ladies. Even the Patriarch is a woman, what kind of courage can you have?"

Long Chen's words were especially ear-piercing here.

These words of ridicule caused everyone in Wind God's lineage to nearly explode in anger.

At this moment, they were all staring at Zhang Xuan with reddened eyes, and fury could be seen in their eyes. In Long Chen's field of vision, the desire to fight between Feng Zhilin and Wu Guangyu was especially strong. In their eyes, there was an expression as if they wanted to eat Long Chen alive. Wu Guangyu stood by Feng Zhiling's side, his eyes staring straight at Long Chen. In his memories, Long Chen was a difficult character to deal with from the very beginning, it was just that at that time, Long Chen's strength was too low, he had no interest in killing Long Chen.

"This kid, looks like he's a desperate criminal."

Wu Guangyu's character was not bad, although the other party's taunting was angered him, he quickly covered it up.

If they really were to make a move against Long Chen, today would definitely not be a good time.

At this time, the people from the Wind God's lineage did not make a move. They were waiting for Wu Lian's and Feng Qing's orders. At this time, Feng Qing stood together with Wu Lian. Feng Qing was the one who had been ridiculed by the other party, so he was in an even more difficult situation than everyone else.

"Sister Wu, look!"

"Today is not the time to act, since Bai Lan has already made things clear, there is no need to explain any further, in twenty days, we will all be heading to the Everlasting Battlefield. Today's shame, we will make the Thunder Demon and Demon Clans pay ten times the price and return it back, and with Yu Er here, the legacy of the Sevenstar Monarch will be absolutely secure!"

Feng Qing nodded his head, and said: "Yu Er is already able to control the initial stage of the divine sword 'Blue Lotus'. The power of this 'Blue Lotus', is not too inferior to the 'Three Thousand Star Region' that the Sevenstar Monarch has inherited.

"I heard that Long Chen killed Situ Yu before."

Thinking up to here, Feng Qing calmed himself down, suppressed the anger in his heart, and said with a cold smile: "I never thought that the Thunder Demon Clan would only know how to talk, it is truly an eye-opener. If that's the case, then there's no need to say anything else. The day of the Nine Clan Youth Competition is in twenty-seven days. "

As he said that, he looked at Long Chen and said: "Today you have offended my Wind God's lineage, so I hope that you will have the strength to compete in the Nine Clan Youth Competition. At that time, you better not lose too badly, even I cannot interfere in this battle, if you lose the Sevenstar Monarch's inheritance, then it will be lost."

Long Chen laughed: "You can rest assured, Sevenstar Monarch will definitely not lose his, but you must warn your granddaughter Feng Zhilin many times, do not lose her virginity."

Chastity.

When Long Chen said these two rogue cultivators, the people from the Wind God's Clan had the urge to vomit blood.

In their eyes, that Chen was simply too talented, too daring. In all of the Realm of Myriad Kingdoms, only Long Chen would dare to say such words.

Amongst the two clans of the Wind God, the ones who vomited blood the most was Wu Guangyu and Feng Zhilin. Feng Zhiling was Wu Guangyu's fiancée, yet Long Chen was so brazenly and brazenly, with Feng Zhilin's threat of chastity, as a man, who could endure his fiancée being threatened like this?

If Long Chen had changed his mind at that time, she would have lost her chastity a long time ago, and even now, she had actually lost a small portion of her chastity to Long Chen.
