

War God 821

Chapter 821 - Nine Revolutions Godly Demon

"I admit defeat!" He knew that he was not Long Chen's match. Even after wearing the Golden Emperor Armor, he was still not Long Chen's opponent. So towards Long Chen, he was completely convinced.

Hearing that this fellow had already admitted defeat, Long Chen did not kill him all, and did not even need that Long Beard Man to do anything, but Long Chen very consciously retreated, directly letting go of the metal spirit.

In this battle, Long Chen had already used almost all of his methods, and only after using his final trump card, was he able to defeat the metal spirit. This also showed that the metal spirit was an extremely difficult opponent to deal with.

After Long Chen decisively retreated, there was no longer a need for Long Beard Man to do anything, he was left in the middle of the two of them. Looking left and right, he was somewhat speechless as he announced: "In the first battle, because the Five Elements Alliance's Jin Ling admitted defeat, the one who won and advanced was the thunder demon lineage's Long Chen! "Tsk tsk, it has truly exceeded my expectations."

Long Beard Man's eyes were full of praise for Long Chen.

When Long Chen used the Devouring Blood Realm, everyone was more or less aware of this result. Although the Golden Emperor Armor was extremely strong, when Jin Ling used it, everyone thought that Long Chen was going to lose.

In terms of physical strength, he could not compare to Long Chen's seven star body. In terms of fusion skills, he could not compare to Long Chen's Five Emperor Prints, and in terms of magical equipment, his Golden Emperor Armor could not compare to Long Chen's Three Thousand Star Domain.

Regardless of whether it was Jin Ling or the majority of the people in Five Elements Alliance, they were all convinced of his failure. However, his eyes were still filled with anger. The Golden Spirit was the biggest hope of the Five Elements Alliance and was also the hard work of the Jin Zu for dozens of years. Doesn't this mean that the Five Elements Alliance will lose the chance to fight for the Yellow Emperor's key?

Jin Zu and the rest all took a step back. Although they had expected this to happen, their faces were still filled with disbelief.

He had even taken out his Golden Emperor Battle Armor, but he was still defeated. This time around, he had truly lost too much face.

"Ancestor, Jin Ling has lost, what should we do?" The patriarch of the Jinshi said with a gloomy face. Because their Five Elements Alliance had more people, there were six of them, so they were the ones who were the most lacking in placings. Thus, they placed great importance on the spot held by the Long Beard Man.

It was precisely because of this importance that the Jin Zu took out the Golden Emperor Armor, hoping that Jin Ling would rely on him to defeat Wu Guangyu and become the champion. Who would have thought that there would be a youth called Long Chen who rushed out halfway, and directly blocked the Jin Ling in the first round?

Jin Zu took a deep breath. After living for so many years, he already knew what to do, and said: "If they lost, then so be it. They are lucky, to have found such a talented person, we have nothing to say, everyone knows, that we did not lose to the Thunder Clan, but to the inheritance of the Sevenstar Monarch."

Although the Jin Zu's voice wasn't loud, everyone could still hear it.

"Luck is also a part of one's strength. Some people at their age still don't know such simple things?" Bai Lan said with a faint smile.

After Long Chen became the champion, his mood was exceptionally good.

Such an outcome caused everyone to have mixed feelings. Only Long Chen was the calmest. He had long known that even though the metal spirit was a pretty good expert at the ninth stage of the Earth Martial Stage, it was not his opponent.

That was his real opponent, and was the target of his pursuit during this period of time. In order to catch up with him, he had to bring the little wolf back, and Long Chen had paid far too much during this period

of time. For example, that seven star body, he had to endure a lot of hardships in order to finally cultivate.

"Don't lose to anyone, I will wait for you in the decisive battle." Long Chen said with a calm gaze.

"Are you thinking about my provocation?" Wu Guangyu laughed, waved his hand, and said: "Don't be so anxious to talk about the decisive battle, the semifinals have not even started yet. Wait until you defeat another opponent, then you can talk to me."

Long Chen's provocation and Wu Guangyu's counterprovocation allowed everyone to see the tension between them.

Long Chen did not say much and directly returned to the thunder demon lineage's side. There were still three matches left today, and according to the drawing of lots yesterday, the next ones should be the people from the two Five Elements Alliance s. Although they were both at the ninth stage of the Earth Martial Stage, the battle between them lacked some anticipation.

When the Long Beard Man saw that the crowd reacted from Long Chen's victory, and Jin Ling had returned to his team, he announced with a laugh: "The battle just now could be said to be extremely exciting. I have set a good start for this young Martial Arts Competition of the nine clans.

After the Five Elements Alliance heard this, two young Rankers looked at each other and walked out, and not long after, they started fighting. Their fight was not as exciting as Long Chen's fight before, but they were stuck in a stalemate for a long time before one of them obtained the final victory with a move, and entered the top four.

Previously, there were five people from Five Elements Alliance who had entered the top eight, so they were very proud of themselves. However, in the first two battles, they had already been eliminated by two, and as the battles continued, more and more of them would be eliminated.

was publicly acknowledged as the number one youth, and as the great God Clan's Young Master, he was at the pinnacle of popularity in the Realm of Myriad Kingdoms. If the young Martial Arts Competition of the nine clans were to be held outside, just the fact that he was going to be on stage would probably cause tens of thousands of people to cheer.

"If you want to have the qualifications to battle with me, you should defeat your next opponent first. However, if your next opponent is me, then that's fine too," After defeating his opponent, Wu Guangyu, who was already opposing Long Chen, said this with a chuckle.

"I stole your most precious demon beast companion. You must be very angry and hate me, right? It's a pity that your pet no longer recognizes you. Even if I want to return it to you, I don't think I'll get the chance. "

After saying that, Wu Guangyu left and returned to the God Clan's team.

Three battles had quickly passed today, and then there was the Demon race's Su Xue and a young girl from the Water race. Both of them were young girls, and the young girl was also the only girl in the Five Elements Alliance who had entered the top five.

The young lady from the water tribe walked to the middle of the group and cupped her hands as she said softly, "I am Shui Luan from the water clan. Please enlighten me! "

Her voice was gentle, her looks were pretty and gentle, like water. She was indeed a rare beauty, and it was likely that there were many young men pursuing her within the Five Elements Alliance. In terms of appearance, she was first-rate. She looked very weak, plain and beautiful. There was also Feng Zhiling's ice cream which was quite a bit different.

"Do you think I can win?" Before they set off, Sanxue bit her pink lips and looked at Long Chen with a little bit of anticipation.

"I guess you'll lose." Long Chen laughed, and said without a care.

"Wait and see!" The enchanting figure of the two young girls envious Long Beard Man. Looking at them for a long time, he finally laughed when everyone became impatient and said: "About that, you guys can start beating them up, but don't hurt each other. My old man will feel sorry for them after seeing this, heh heh."

"Die!" Su Xue directly scolded him, then started an intense battle with the young lady from the water tribe. It was probably to prove to Long Chen that Su Xue had started an intense battle from the very beginning, and even used an inheritance similar to the Sevenstar Monarch's, and there were many good things in the Demon God Emperor's inheritance, including a set of Royal intermediate battle skills called the [Nine Revolutions of the Gods and Demons], which had a total of nine moves, continuous attacks, with each move being stronger. Under the support of Su Xue's True Essence, each move was executed in

the Nine Revolutions of the Gods and Demons, and the opponent was completely suppressed from the very start.

"First cycle of Fiendgods, Dance the Heavens and the Earth!"

"Second cycle of Fiendgods and Demons, reverse the flow of the river!"

"Third Cycle of the Fiendgods and Demons, Shaking Mountains!"

He used one move at a time, forcing the opponent to continuously retreat. A middle-level Royal Grade battle skill, from the first to the ninth circulation, the attack power was nine times stronger than the first circulation. Under this wave of attacks that were like a tide, the water tribe girl was finally defeated!

To the people of the Five Elements Alliance, the failure of the Golden Spirit had already disheartened them, so they did not have much hope for the water tribe girl. When they saw that the water tribe girl was being suppressed by the Demon God Emperor, the water tribe leader had already made the girl admit defeat.

After she admitted defeat, today's match was over.

In today's battle, the four people who had lost were all from Five Elements Alliance, but out of the original five who had entered the top eight, only one had entered the top four, and it was not even the Golden Spirit. This result was quite funny, and caused the Five Elements Alliance to lose all face.

At this time, the faces of the Jin Zu and the Five Great Clan Chiefs were extremely ugly.

"Another inheritance from the Seven Monarchs. Today, we have completely lost to the inheritance of the Seven Monarchs," the patriarch of the Water race said helplessly.

Chapter 822 - Top Four

"The Seven Monarchs was originally a subordinate of the Five Emperors. However, their inheritance was obtained by someone unrelated to them. This is a humiliation to all of our Five Emperors' descendants!"

"If we could obtain the inheritance of one of the Seven Monarchs, with the intelligence of our young disciples, how could we lose to them? "They were only lucky to win."

The other clan leaders were also not convinced.

Our goal is the Five Emperors Secret Realm left behind by our ancestors. The legacies of the Seven Monarchs are indeed powerful, but can they be compared to the things inside the Five Emperors Secret Realm? We should prepare well, and remember not to lose too much because of such a small matter. "

When the Jin Zu spoke, everyone nodded.

The result of this battle, was that when Long Chen defeated Jin Ling, everyone already knew. To be honest, the only battle today that everyone was looking forward to was the fight between Long Chen and Jin Ling.

This was somewhat suspenseful, as for the other Five Elements Alliance Ranker, he was just here to show off. Although Sanxue was strong, she was missing one thing, and that was, it was comparable to the Blue Lotus Divine Sword and the three thousand star fields' divine weapons.

It would be more accurate to say that the battle between Long Chen and the Azure Lotus Emperor, was between the two of them. The two were both part of the Seven Monarchs, and their strengths were both quite strong.

After all the battles had ended, the Long Beard Man was obviously very excited, he looked around at the crowd and laughed excitedly: "Today's battle is very exciting, as a witness, I am honored, and now we have to decide on tomorrow's top four opponents. Four young kids, are you ready? If you're ready, come over quickly! "

At this time, Su Xue was proudly showing off to Long Chen. Hearing Long Beard Man's words, the two of them walked over. On the way, Su Xue asked, "There are only four people left.

"Let's fight. What can we do?" Do you think I'm afraid of you? " Long Chen said.

"F * ck you, you don't know how to show mercy to the fairer sex. You should have let me get off the stage by yourself. You're the type of person a man should be." Su Bai glanced at him and said.

She felt that the more she got to know Long Chen, the more Long Chen liked to tease her.

Is this a good thing or a bad thing?

Very quickly, the two of them arrived in front of Long Beard Man. The moment the two enemies met, their eyes would turn red, furthermore, Long Chen and Wu Guangyu were standing so close together, with a distance of only one or two meters between them. When the two of them got close, Sanxue could clearly feel a dense, cold killing intent emitting from their bodies, striking out against each other.

"Okay, okay, don't fight for the jealousy in front of this old man. Come, draw your lots and see how good your luck is." The Long Beard Man laughed loudly, interrupting the previous atmosphere between Long Chen and the others, and passing the wooden box with the drawing of lots over to the middle of Long Chen and the other two.

"I can't wait any longer." I can't wait any longer. Wu Guangyu said as he reached into the wooden box. He took out a small ball and saw that it was number two.

"It's your turn." Wu Guangyu said with a cold smile.

That was to say, Long Chen had a one in three chance of bumping into Wu Guangyu, and would have to fight with him sooner or later, so Long Chen did not say anything.

"What is it?" Everyone looked at him expectantly.

Long Chen looked, and saw that it was still number 1.

Last time, he drew number one, which was why he got the first round, and this time, he also drew number one. However, his opponent was not Wu Guangyu, but Suixue and one of the Five Elements Alliance's people.

"Consider yourself lucky. You can live one more day." Wu Guangyu had a mocking smile on his face as his eyes narrowed into a line and looked at Long Chen.

"I should be the one saying this to you. Don't overestimate yourself. Today's Golden Spirit will be the next you." Long Chen rolled his eyes. After saying that, he didn't bother to look at Wu Guangyu anymore, and continued to urge Su Xue to choose.

Her opponent was obviously either Long Chen or Wu Guangyu.

With half of the chance, Pure Snow was very calm. She directly extended her tender white arm and took out a wooden ball. Everyone looked at it and saw that number one was written on it.

In this way, the order of tomorrow's matches had already been decided. Long Chen's opponent was Su Xue, Wu Guangyu's opponent, and that fellow from Five Elements Alliance.

"Alright, the order of tomorrow's battles has already been decided. According to the rules of the past, now that we have to rest for one day, we can start the fight on the second day at noon tomorrow, I will stop talking about that, go back first, and there are still many women waiting for me to pamper them, this Archaic Graveyard is too dangerous, in order to make my ancient tombstone token turn gold, they all came to me to make me happy, I did not agree to them at first, but seeing that they are all very pretty, oh no, in order to save their lives, I can only accept them with great kindness."

As he spoke, he escaped, and the Long Beard Man quickly left the place.

The people from the three forces were already familiar with each other, and there was no other meaning in their confrontation. Thus, without much warning, the people dispersed. The most tragic thing today was the Five Elements Alliance, so even if they left, they would all be holding their breaths.

When the time comes, my Five Elements Alliance will have four spots, and we will have four experts from the Heaven Martial Stage. At that time, we will see how your Four Clans will compete with my Five Elements Alliance, and the Five Emperors' Treasures in the Five Emperors Secret Realm will belong to my Five Elements Alliance! "Su Yun said.

Jin Zu took one last look at the two clans' people, and his heart sank.

Because Long Chen and Sanxue had both entered the top four, they were very excited. This young Martial Arts Competition of the nine clans not only had a position in the Yellow Emperor's key, it also had a bearing on the glory and rankings of the nine great clans. It was not just a matter of being the champion.

If it was on the Realm of Myriad Kingdoms's side, the nine clans would still gather together to set up a lot of prizes, but this time, it was due to the lack of time and the fact that in the Archaic Graveyard, they were very sensitive to treasures, hence they set up the championship prize.

This time in Martial Arts Competition, although the most people entered the top eight, only one person entered the top four and his performance was the worst. As for the demon race, two people entered the top eight, and then two entered into the top four, his performance was extremely dazzling.

The rankings of the nine great clans were related to many things, such as the allocation of resources, competition for territories, etc. Many of the fights were actually decided by the young Martial Arts Competition of the nine great clans.

Amidst everyone's praises and congratulations, Long Chen returned to the temporary gathering point for the Demon and Thunder Clansmen.

At this point, the elders of the eight great sects had no objections towards Long Chen. Not only did they have no objections, they also admired him. They knew clearly in their hearts that the strength of the elders of the eight great sects were at most as strong as those experts of the Five Elements Alliance s, and they were definitely not Long Chen's match. In fact, if the Seven Scions of the Thunder Clan attacked Long Chen together, it was very likely that the seven of them together would not be Long Chen's match.

This was the difference between experts.

An expert of the Heaven Martial Stage was comparable to a magnificent army. Although Long Chen had not reached the Heaven Martial Stage, other than Wu Guangyu, there were not many other opponents that could compete with him.

He was even familiar with the various Royal Tier Battle Skills s of the Five Great Clans, and was even able to mix them together perfectly. What was even more amazing was that he also had the Jinshi's precious treasure, the Golden Emperor Armor!

With such talent and strength, he still lost to Long Chen.

The person Long Chen would be fighting with tomorrow was Su Xue, so there was nothing much to worry about. In the eyes of the crowd, they were already a couple, and without any surprises, Su Xue

was not Long Chen's opponent. What made people look forward to the most was Long Chen's battle with Wu Guangyu the day after tomorrow.

"I won't talk about tomorrow's battle with Xue'er, you guys can just play around, but in the battle against Wu Guangyu the day after tomorrow, I will definitely go all out." Bai Lan said.

"There's no need for you to tell me that. Wu Guangyu, I have been waiting for a very long time." Long Chen said with a smile.

The moment he entered the Archaic Graveyard, he was ruthlessly suppressed by this person, which made Long Chen almost lose his life. This time, he had to take back all the grievances and grudges, and the one who hated to bring them back was Mo Xiaolang. He would make Wu Guangyu regret his actions back then.

"Then let's not talk about it anymore. You and Xue'er are young people, you guys can have a chat and have a good chat, haha," Bai Lan and Lei Ji laughed as they walked away. The two of them brought a lot of good wine, and some people even helped them roast some delicious beast meat.

When she was alone with Long Chen, Sanxue felt a little nervous. Sometimes, this young man was really hard to figure out.

"What?" Long Chen found a clean rock and cleaned it for a while before sitting down on top of it.

As he said that, Long Chen prepared to immerse himself in cultivation. Today, his battle with the metal spirit had already used up a lot of his primeval essence, and he had even sustained some small injuries. This would require some time to recover, and by the day tomorrow, he would probably be completely recovered.

"Let's have a chat." She clearly remembered that when she first saw Long Chen, she had thought that he was a bad guy who deceived Su Yan without any skills or knowledge. That was why she had such a terrible attitude towards him. In the blink of an eye, four months had passed. During this period of interaction, she had become more and more unable to grasp Long Chen.

Chapter 823 - Choice without regret

In four months of time, his achievements had already reached the level he was at today. To a practitioner like Su Xue who had been heaven defying since young, and had now reached the ninth stage of the Earth Martial Stage, Long Chen was simply a demon.

In her heart, if it was in terms of talent, she had never seen anyone who could reach Long Chen's level.

"Sit down." Seeing that she seemed to really have something to say, Long Chen made her sit beside the rock, and the two sat together harmoniously, like a pair of heavenly couple, causing the bystanders to be extremely envious.

Long Chen tilted his head, her gaze moving from the beautiful woman's snow-white neck down to his chest where there was a deep ravine. This bold gaze made Su Xue somewhat unable to resist, he immediately wrapped himself up in clothes, calmed down, and asked: "I want to ask you, after the nine clan Martial Arts Competition s are over, are you going to leave?"

Long Chen thought about it, then he and the Little Wolf should be going to find a path to leave the Archaic Graveyard, or maybe he was going to think about the Five Emperors' Treasures, but he would still have to leave in the end. He could not accompany Su Xue and the others back to Realm of Myriad Kingdoms, that was not Long Chen. He had spent so much effort to get here that it was impossible for him to go back.

"I should be leaving." Long Chen saw that there was some unwillingness in Susu's eyes, so he said rather decisively.

"Don't think too much into it. I asked for you on behalf of my sister, but if you really want to leave, can't you stay in the demon race forever? "My father and sister need you."

"You need me, don't you?" Long Chen said straightforwardly as he stared at Pure Snow, his burning gaze causing his face to redden. She hurriedly turned his head and said, "Don't speak nonsense, you just need to give me the answer."

Long Chen understood this girl, so he asked. "Tell me, why do you need me?"

"My sister and I are both girls, so we can't reach father's goals in terms of fighting and temperament. Father is too fond of us, so I'm very worried that in the future, we won't be able to take over father's duties and control the demon race. You are much stronger than the two of us. " Pure Snow solemnly said.

Long Chen's eyes moved, and he laughed: "What you're saying is, if I stay, I can marry you two sisters, and in the future, I can control the demon race, and become the strongest person in the Realm of Myriad Kingdoms, right?"

"Go!" "Aren't you being too greedy? We are both Demon race princesses, how can we marry you together. My sister really likes you. If possible, after a few years, you will become my sister's husband."

When she said this, she seemed to have made up her mind.

"Only one? "It's a pity that I only want two. If I don't have a pair of beautiful sisters serving me, I won't stay here any longer." Long Chen looked at her in ridicule, and said a little shamelessly.

"How can you be so greedy!" Pure Snow angrily looked at him and said.

"Isn't that what men do? "Of course, the more beautiful women, the better." Long Chen said as he rolled his eyes.

"Bastard!" Pure Snow was so angry by him that her chest heaved up and down. After a while, she said, "Give me some time to think about it, even if I agree, my father still won't agree!"

Seeing that she was actually serious, Long Chen stopped smiling shamelessly, and his eyes suddenly became serious. In actuality, he had always treated Suixue as a friend, just like Long Yue and Lan Ling'er, a sister and brother. However, to Pure Snow or Su Yan, this was not the case.

From the day Long Chen entered the Greenwood Heaven City, he was like a bright star, constantly attracting the eyes of this pair of sisters.

From the look in Su Xue's eyes, he remembered the Liu Yiyi from back then, which caused his mood to sink to the bottom.

At this moment, Long Chen suddenly faced a choice that even he could not imagine, and it appeared at this moment. If he agreed to stay with Pure Snow, and returned to the Realm of Myriad Kingdoms, with his innate talent, he would definitely become the overlord of the Realm of Myriad Kingdoms in many years. He would be an invincible existence, no matter whether it was Wu Lian or Wu Lian, they would not be his match.

At that time, he would be able to sit with a beauty like Su Yan Suxue, and he could even go back and find Liu Yiyi, who was always waiting for him. There were countless beauties in the entire Realm of Myriad Kingdoms who could chase after him even after death, and from then on, he would be free and unfettered, becoming a legend of her generation.

This was the temptation that Pure Snow gave him.

This was a choice. If he chose this choice, he could have this beauty in front of him right now.

He had another choice, and that was to continue pursuing his own goal, to continue moving forward, to chase after Ling Xi's unattainable dream, to find this initial throb, and complete the oath he had made to the heaven and earth two years ago! To fulfill a man's promise!

One of the reasons was because of Ling Xi, and there were many other directions to go along this road. For example, his most beloved younger sister, Yang Lingqing. She should be at Imperial Domain. Back then, Li Xuanji had asserted that it was impossible for him to achieve anything, but Long Chen had returned to prove it to him!

At the same time, if he remained in the Realm of Myriad Kingdoms, his strength would definitely slow down at some point. At that time, if an expert from the Three Great Imperial Domains were to pass by, he would destroy all of his wealth, just like how Ling Xi was taken away previously.

Going to the Imperial Domain would also include Long Chen's pursuit of strength.

What was after the three Martial Realms? How strong was the peak of the world?

Then what level was the Ten Great Ancestor Dragon at?

What exactly was the Mysterious Dragon Jade in her sea of consciousness? Other than Primordial Blood Spirit Dragons and Great Void Cosmic Dragon, what else was an Ancestral Dragon?

Why would the dragon-shaped Martial Spirit in his Sea of Consciousness evolve?

When he devours one hundred percent of the Primordial Blood Spirit dragon essence blood, will he transform into a true Ancestral Dragon?

And most importantly, who was his father, Long Qinglan?

Other than his father and the Yang family from Bai Yang Town, did Long Chen have any other relatives?

Allowing Long Chen to walk on a path that defied the heavens was what Long Qinglan expected of him. If Long Chen were to throw himself into this warm and touching land that was within reach, would Long Qinglan look down on him?

All of these things were done to spur Long Chen on, he could not stop his own footsteps!

However, if he chose this route, he would face endless dangers. It was as if he had almost lost his life countless times in the past two years?

The Three Great Imperial Domains was the true stage of the Dragon Sacrifice Continent. Long Chen was already at this place, and it was an incomparably vast world. There were countless experts there, and every one of them could bring about a fatal crisis for him!

On one side was gentleness, while on the other was excursion.

One is the resting place of the soul, the other is the detachment of the soul and the pursuit of life!

On one side was a coward, while the other side was a man who would never regret his oath even if he died!

After a moment of hesitation, Long Chen chose the latter.

Truth be told, he was also tired sometimes. Today, he was a bit tired, which was why he hesitated for a short moment. However, fatigue was also what he was after.

"Hopefully one day, I will be able to stand at the peak of this world and fulfill all of my longings as Long Chen. At that time, I hope that I won't regret my decision today."

Long Chen took a deep breath.

"Pure Snow, I'm sorry." While Sanxue was still in a state of panic, Long Chen resolutely and decisively said these words.

"What's wrong?" At this moment, Pure Snow's mind was also in a mess. She didn't know if she should just agree to his request. She had a feeling that things wouldn't be so simple.

Long Chen looked at her and said: "I can't stay, I can't go back to the Realm of Myriad Kingdoms. I don't know if Yan Er ever told you, my goal in coming to the Archaic Graveyard is to go and fulfill one of my promises, and at the same time, pursue something that once belonged to me. It was my destiny to atone for my weakness back then. So, I'm sorry, I was just joking with you ... "

"..."

Sanxue looked at him blankly. After a long while, she finally lowered her head with dull eyes and said: "Actually Yan Er had secretly told me before, that it was for a girl called Ling Xi. Is she pretty? "

A woman's heart of gossip was limitless, Sanxue had instantly thought of her own matters, but was instead filled with curiosity towards this girl called Ling Xi.

"Yeah, she's the most beautiful, most gentle, and most adorable in the world," Long Chen originally said excitedly, but when he saw Soo Xue's complexion get uglier and uglier, he immediately stopped.

"She's many times prettier than me?" Pure Snow asked in a low voice.

"That can't be compared. The two of you are of different types. To be honest, your appearance can make all the men in the world fall for you. I'm serious."

"Liar." Although she said it like that, she was still very satisfied with Long Chen's words. Sanxue was a very sensible person, after Long Chen gave his answer, she knew that she had to withdraw, and the request today, she would not repeat it again. In her heart, she admired people like Long Chen.

Letting him stay became a desire that she did not dare to bring up deep within her heart.

"Alright, since that's the case, cultivate properly and work hard for your future. If you become a target in the future, don't forget to come back and visit Yan Er. She will remember you," Pure Snow jumped down from the boulder.

"Where are you going?" Long Chen asked.

"Me? Of course I'm going to cultivate. Tomorrow, I still need to fight with you, so I can't lose to you. Rest assured, without you, we sisters can still hold up the demons, and will not let you underestimate us! " Facing Long Chen, Su Xue playfully clenched her fist and said to Long Chen.

"Then I am relieved, violent woman!" Long Chen laughed.

Chapter 824 - Su Xue is angry

Towards this name, Su Bai glanced at Long Chen, bewitching to the extreme. She swayed her body and began to leave. After taking a few steps, she turned back and said, "Long Chen ..."

"Why?"

Gritting her teeth, she continued, "Time will always change a lot of things. If one day you find out, while fighting with your life on the line, that many things are not what you think it is, then don't be too discouraged. When you return to the Realm of Myriad Kingdoms, there are still many people waiting for you."

Long Chen pursed his lips, after a long while, he nodded and said: "Okay."

Only then did Pure Snow leave with relief. She left very straightforwardly.

"Tsk tsk, you've stirred up love debt again, right? "Kid, when you see your wife Ling Xi, I will tell her how many girls you've soaked and see if she'll make you kneel for ten days and ten nights, haha."

Little Cat came out from the Great Void Realm, laughing out loud.

"Scram!" Long Chen looked at him with contempt and started the cultivation process.

Originally, he had been at a loss.

But after going through the choice Sanxue gave him, Long Chen firmly believed in himself, and he would definitely continue to rush forward!

Even though he did not know what would happen next, even though there would be separation, even if there would be nothing, even if he would lose his life, he had no regrets.

Very quickly, Long Chen was immersed in a sea of cultivation.

Cat stared blankly at the young man. After a while, he nodded and said: "In my opinion, this young man's bones are extraordinary. He is a genius in martial arts and will definitely become a great weapon in the future."

She blankly looked at Long Chen's serious expression as he cultivated. After a long while, she finally turned around and left, and not far behind her, there were two other men looking at her.

"Xue'er is really a good girl, but what a pity that she's blind." Lei Ji said somewhat indignantly.

Bai Lan smiled faintly and said: "It's always been like that. I've said it before, Long Chen is a wanderer. If she tries one more time, the result will also be the same. "

"I really don't know what secrets this kid has." "I've never seen one before. Some people's secrets make me feel afraid to touch them."

The night quickly passed as he trained.

Today, Long Chen had drawn number one, so from the beginning, he was going to fight with Su Xue. Sanxue's face today was a little cold. Perhaps Long Chen's performance last night had already angered her, so even if Long Chen tried to get close to her, she would just ignore him.

"The heart of a woman is the heart of the sea. We better not ponder over it too much. The deeper we ponder, the deeper we go." Long Chen smiled in his heart.

The Five Elements Alliance today was purely here to play in the sauce, but in reality, the battles today were not that attractive.

The only suspenseful fight was between Long Chen and Sanxue. As for the fight between Wu Guangyu and the Five Elements Alliance warrior, no one thought that anything bad would happen to them. After all, Wu Guangyu's power was deeply ingrained in the hearts of the people.

"Let's begin. Brat, don't hurt my little beauty or I will skin you alive!" Long Beard Man threatened Long Chen.

Of course, he did not dare to do anything to Long Chen. With his insight, he could naturally see that if Long Chen continued to develop like this, he would definitely become a strong Ranker that would cause people to tremble in fear.

Long Chen didn't even pay attention to Long Beard Man's words, because those ice-cold eyes of Pure Snow caused him to feel somewhat depressed.

"What is wrong with this girl?" Long Chen was a little speechless.

It must not have been the teasing from last night that made her angry.

After Long Beard Man had finished speaking, Suanxue actually did not hold back at all, her first move was — — Nine Revolutions of the Gods and Demons!

In the young generation, only Long Chen, Wu Guangyu and a metal spirit could unleash such a battle skill. and Jin Ling's were both body tempering techniques.

As for the Five Emperor Prints, Long Chen had already fused three types of Emperor Seals.

Under the Demon God Emperor's movement techniques, Su Xue turned into a graceful and fleeting figure that rushed towards Long Chen. In the blink of an eye, the Nine Revolutions of the Gods and Demons had already arrived in front of Long Chen.

"First Cycle, Dance the Heavens and the Earth!"

"Second Cycle, Reverse Circulation!"

This Nine Revolutions of the Gods and Demons was like a tide, every move after move, every move's power would increase. The second transition was twice the power of the first transition and the third transition was three times the power of the first transition, so on and so on!

With regards to Pure Snow, Long Chen did not think too highly of her. After all, her opponent had used a genuine mid-grade Royal Rank combat skill.

At this moment, Long Chen took out three thousand star domains, and imbued his own true essence into the three thousand star domains. The first rotation of Sanxue's Nine Revolutions of the Gods and Demons, had already arrived before Long Chen, and with great effort from Long Chen, he erupted with true essence power. The three thousand star domains suddenly turned into a long whip, striking at the first rotation of the Nine Revolutions of the Gods and Demons, dispersing the power of the first transition!

"I didn't expect this woman to be so powerful!"

From the first transition, Long Chen had already felt the power of the Nine Revolutions of the Gods and Demons. Pure Snow was personally cultivated by Bai Lan, and his usual cute appearance had never imagined that when he got angry today, he was actually this terrifying!

The Nine Revolutions of the Gods and Demons, in two consecutive moves, had been directly shattered by Long Chen using the power of three thousand star domains. Now, Long Chen had already used the three thousand star domains to his fullest, and as long as he advanced one more step, he might be able to unearth the strongest battle skill that belonged to the Sevenstar Monarchs from the three thousand star domains!

Aside from the three thousand star fields, that was the last strongest inheritance in the Sevenstar Monarch!

"Third Cycle, Shaking Mountains!"

With a shout, her beautiful face was covered in ice and frost. A huge amount of True Essence surged out, turning into a picture of a demonic god, directly attacking Long Chen!

"So ruthless?" Long Chen knew that he had truly and sincerely offended this woman. He clenched his teeth, channeled all of his power into the 3000 star regions, and suddenly unleashed his full power to twitch.

squinted his eyes, and just at that moment, he had already activated Dragonsoul Transformation, increasing his strength to the ninth level of the Earth Martial Stage. At this level, he still had the strength to fight against Soo Xue.

After his strength had increased, Long Chen used the Three Thousand Star Domain and easily broke through the opponent's fourth transition.

However, Su Xue didn't waste any time on him. She twisted her delicate body, and very quickly, the fifth rotation of the Nine Revolutions of the Gods and Demons arrived, the demonic image in front of her quickly rotated, and her power once again increased by a lot.

"Did you really use your full strength? Women are scary. " Helplessly, Long Chen could only use even more powerful energy to destroy the fifth, sixth, and seventh cycles of the Nine Revolutions of the Gods and Demons. Honestly speaking, even though the Nine Revolutions of the Gods and Demons was powerful, the current Suixue was still unable to use her complete strength!

"Long Chen!" One move and one move had been destroyed by Long Chen. Her determination to teach Long Chen a lesson had grown stronger and stronger. At this moment, she had activated the eighth circulation and directly pounced towards Long Chen!

Long Chen spun, and the purple astral qi turned into a long dragon on the 3000 star domain in his hands. Under Long Chen's control, the tip of the spear directly collided with the demonic god image!

"Break!" The other party was a good girl, so Long Chen was not willing to hurt her. This time, after coming out with her, he had a deeper understanding of her, and knew that although she was sometimes more magnanimous, he was actually just a little girl that had yet to reach the level of a human being.

Sanxue's enchanting body turned around in mid air. At this moment, all of the True Essence in her body was gathered at her chest, her clothes were fluttering, and her snowy face was as cold as ice. She directly descended from the sky and rushed towards Long Chen with her Nine Revolutions of the Gods and Demons.

"Ninth Cycle, Nine Cycle Demon!"

In her hands, the demonic god image suddenly split into nine parts, each part turning into a vortex that rushed towards Long Chen from nine different directions.

"Why?" Long Chen was a little confused. Why did she still attack?

To be honest, if Long Chen were to attack, he would very quickly be able to break her Nine Revolutions of the Gods and Demons.

"You're a bastard!"

When Long Chen raised his head, he saw that this girl was already crying. He recalled that his decision last night had indeed caused her some harm, and that Long Chen had even toyed with her a little last night.

"As expected, he still has to return the favor!"

The power of the Nine Revolutions Divine Demon instantly appeared in front of Long Chen. This move was extremely powerful, but no one was too worried, Long Chen's terrifying attack on the Gold Spirit was enough to break this move.

However, what shocked everyone was, at the very last moment, Long Chen, who was supposed to take action, withdrew the three thousand star fields in his hands. Then, he opened his arms wide, allowing the might of the Nine Revolutions of the Gods and Demons to directly strike his body without any obstruction!

BOOM!

A loud explosion resounded!

This time, other than Long Chen, everyone else was stunned, including Bai Lan and Lei Ji. Even the two of them did not expect something like this to happen today?

"Crap!" Bai Lan's face changed.

He knew that Pure Snow had caused a little ruckus, but Long Chen was a mature person, so why would he make a ruckus with her?

One must know, Long Chen had to face Wu Guangyu, he was injured now, what about tomorrow's battle? Asking Sanxue to face Wu Guangyu?

This was definitely out of the question.

Bai Lan really could not understand, to him, if a woman was angry, he could just ignore her, and after a while, she would recover her own strength.

And yet, he had to wait until the ninth circulation of the Nine Revolutions of the Gods and Demons?

The most unbelievable person was actually Pure Snow. Seeing Long Chen getting injured at this moment, her tears immediately started streaming down ...

Chapter 825 - The Eve

Long Chen would often do some unfathomable things, even Bai Lan and the others were already used to it, but now, they were still sweating for him.

After forcibly enduring the final move of a mid-grade Royal Armament, who would dare to do such a thing? Even if it was Bai Lan and the others, they wouldn't be so stupid as to accept it.

With an explosive sound, Long Chen's body was immediately sent flying backwards.

"Long Chen!" He landed on the ground blankly, and stood there with a look of disbelief on his face. She was only feeling annoyed in her heart, and had vented her anger on Long Chen, who would have known that Long Chen would do such a thing?

This was entirely Long Chen's own decision, and it had nothing to do with her.

At that moment, seeing Long Chen being flung out, without saying a word, she immediately rushed forward.

Is Long Chen dead?

Just as this thought had flashed through everyone's minds, they saw Long Chen's body, which was originally flying in the air, suddenly change in mid-air, and then, steadily landed on the ground.

"This damned girl, her strength is really heavy!" Long Chen had regretted it thousands of times already, the pain in his chest made him grimace. He had gathered all of the astral qi at his chest. This astral qi would cause a certain amount of damage to her, so in the end, she had to withdraw a certain amount of strength.

Of course, the weapon that helped Long Chen to block his attack was the 3000 star region which consisted of 3000 star points. Under Long Chen's control, it formed into a round shield in front of his chest, and in the end, blocked Pure Snow's attack. This wasn't a lot of people, and even Pure Snow herself wasn't clear about this, she never thought that Long Chen wouldn't dodge at all!

Previously, she only wanted to finish the Nine Revolutions of the Gods and Demons, if she still hadn't defeated Long Chen, she would have admitted defeat.

Unexpectedly, Long Chen did not dodge, which led to her panicking completely as he nervously retracted his last Nine Revolutions Divine Demon.

She was very clear about the powerful might of the Nine Revolutions Divine Demon, and had thought that Long Chen would die. She did not expect that after being hit, although Long Chen's face had become a little ugly, with traces of blood on the corner of his mouth, his True Essence was still majestic, and his eyes were still sharp.

Looking at Long Chen who acted in such a manner, Sanxue hurriedly stopped in front of him.

In an instant, the scene was completely silent.

"You ... why didn't you dodge?" After holding it in for a long time, only after seeing that Long Chen actually blocked her attack, did she stammer out.

Long Chen endured the burning pain in his chest, clenched his teeth, and looked at his opponent with a determined face: "Don't think too much, I just want to see how much strength my body can endure. Since you did not defeat me, then, it's my turn to attack."

"Is that so?" She looked at Long Chen with a slightly confused expression. She had a feeling that this was definitely not the only reason.

"Let's continue." Long Chen raised his hand and said.

"No need." She glanced at Bai Lan, and said: "I've already lost, you've won."

Since she was unable to even injure Long Chen with her strongest move, she had already lost completely. Thus, she did not speak anymore and directly went past Long Chen and returned to Bai Lan's back. Long Chen's previous actions had greatly affected her mood.

"Are you giving me an explanation for what I said yesterday?" Pure Snow bit her lips. She didn't know why, but her eyes were a little blurry, as if tears were already flowing down.

Long Chen won, and successfully entered the top two.

After Long Chen came down, Wu Guangyu went up with the expert from the Five Elements Alliance. After a slight exchange of hands, that person was defeated by Wu Guangyu. As a result, Wu Guangyu also became Long Chen's last opponent.

The following matter had nothing to do with the Five Elements Alliance anymore.

This was completely a conflict between the two races. At this moment, sparks were already starting to appear as the two forces looked at each other.

"If possible, help me take Long Chen's life." In Wu Guangyu's ears, Feng Zhilin said softly with an ice-cold expression.

"Don't worry, sister Hailin, I will definitely do it." Wu Guangyu nodded, and revealed a faint smile.

Wu Lian shook her head and said: "There are a lot of chances to take his life, there's no need to take the risk here. The most important thing is to defeat him and become the champion of the nine clans. This Long Chen is a rare genius, to think that she could actually take the last move of Pure Snow's Nine Revolutions of the Gods and Demons head on. "

"Mother, your son understands." Wu Guangyu said as he nodded respectfully. In the eyes she looked at his mother, there was still a trace of reverence, but that kinship actually didn't feel like much.

Wu Guangyu grew up in the love of Wu Lian, so he would definitely follow Wu Lian's words. In front of Wu Lian, he was nothing but a good boy. Only when he left Wu Lian's side would the arrogant Wu Guangyu return to him.

The seemingly gentle and quiet Wu Guangyu actually had a crazy pride and indifference in his heart, and was even more haughty than Feng Zhiling. After all, he was a member of the god race, and had been below one person since he was young. He had the status of being above tens of thousands of people.

After the Long Beard Man announced Wu Guangyu's victory, the people of both the god and demon clans did not say anything and directly returned to their original places. Because of the conflict between Long Chen and Sanxue earlier, the atmosphere had always been very strange.

Looking at the couple, Bai Lan sighed and decided to not bother with them anymore. It would be more accurate to say that Long Chen was repaying the favor of taking Pure Snow's move. Since he had already returned the favor, he wouldn't owe Su Xue anything then.

However, to Soo Xue, this would be an even more difficult thing to do in a short period of time.

Long Chen only wanted to let this girl vent her anger, he did not think about it much, but now that Sanxue had misunderstood him, he could not do anything about it.

"Tomorrow will be the last battle. You are the hope of our demon race, so show us what you can do. No matter how difficult it is to deal with your opponent, you have to use 100% of your strength." Come on!
"

This was what Bai Lan had said to Long Chen before he left.

"Four months, it's finally this moment." Looking at the moonlight in the sky, Long Chen clenched his fists. It could be said that the reason he was training during this period of time, was to prove his strength in front of Wu Guangyu tomorrow.

In this period of time, it had actually been proven enough, but it was nothing if he did not truly defeat Wu Guangyu, the God Clan's Young Master who had risen to power with unparalleled brilliance in recent years.

This was going to be the most eye-catching battle in the Nine Clan Youth Competition.

The Nine Revolutions of the Gods and Demons was not a joke. However, after this night of healing and nurturing, Long Chen had quickly recovered and in the blink of an eye, it had already reached the second day, the time of the final battle.

Long Chen suddenly remembered about the five-colored altar.

"Those black robed people — no, the Spirit Demon race. When did they say they wanted to take the Mysterious Emperor Key out? If they knew about the news about the Mysterious Emperor Key, they would not be able to stand up anymore, right? "

Long Chen only hoped that this news wouldn't come too quickly, or else it would disrupt his plans of killing Wu Guangyu.

Abduction of the little wolf from his side was an unforgivable sin. If it wasn't for the fact that the little wolf was completely out of his control, the brotherly relationship between Long Chen and the little wolf would have been broken by him.

This was a huge enmity.

The most exciting moment had finally arrived. Seeing that the Nine Clan Young Competition was about to end and the final battle was about to begin, everyone was a little nervous. Noon was approaching quickly, and Bai Lan soon arrived. He looked at Long Chen, but did not say anything else, and followed them, arriving outside of Bewildering City.

"Forget about everything else, for me, for Xue'er and Yan Er, you must protect your own life. "Be careful." Bai Lan said calmly.

"Alright." Long Chen did not say much.

Long Chen was about to face his most important battle, he did not know what the result would be. Even if he and Long Chen had many misgivings, right now, she had put them down and said softly to Long Chen, "Be careful."

"That's enough." Long Chen grinned.

When he turned around, he saw the god race people in front of him.

Feng Zhilin, Feng Qing, Wu Guangyu, Wu Lian and all the clan elders and experts of the Wind God's lineage were all at least at the ninth stage of the Earth Martial Stage. At this moment, they were all looking at Long Chen, and from their bodies, a powerful aura swept towards Long Chen.

However, this did not scare Long Chen.

The people of Wind God's lineage all had a face of frost, as if they were ice that could not be melted even after ten thousand years, and a wave of killing intent exploded from every single one of their bodies. Their goal was to show Long Chen their might.)

"You want to scare me with such insignificant skill?" Long Chen's gaze turned cold and with a thought, he straightened his back and walked forward. The purple colored astral qi surrounded his body, forming a thin film around him. On Long Chen's body, a baleful aura that was not inferior to the rest, was emitted from his body.

Step by step, he walked to the middle of the two sides. He wasn't scared at all.

The people from the Wind God's lineage felt bored. After dispersing their aura, they showed an expression of indifference.

"Yu Er, go." In the center, Wu Lian said softly.

Wu Guangyu nodded, without saying a word, under everyone's anticipating gaze, he appeared right in front of Long Chen in a flash. On Wu Guangyu's body, there was an elegant yet shocking power.

Presumably, this was the inheritance of the emperor.

It could be said that on the way here, Long Chen had already reached the level of one of the two great geniuses of the Realm of Myriad Kingdoms.

His starting point was definitely countless times lower than Wu Guangyu, but he still went up, because he was Long Chen.

Chapter 826 - Innate Sword Embryo

There were some similarities between Wu Guangyu's temperament and his, but the look in his eyes was very deep. At this time, he looked at Long Chen for a while, but didn't say anything unnecessary, and directly said: "I remember that you once swore to kill me, and it was after I stole your beast, do you remember?"

Long Chen nodded his head, of course he remembered his target, which was why he was in his current position today.

Wu Guangyu laughed, and said: "Back then, I really did not expect it, I never thought that you would actually have such a day, to be able to stand in front of me like this."

"What are you trying to say?" Long Chen raised his eyebrows and said.

Wu Guangyu paused for a moment, and said: "I say, unfortunately, you have indeed made great progress, but while you are improving, I am also improving. Take out your 3000 star fields! "

As he was speaking, Wu Guangyu slowly stretched out his index finger. A shallow cyan light began to spread over his finger, and in a trance, it seemed as if a cyan lotus appeared on his fingertip.

"This is the 'Azure Lotus' divine sword!" Wu Guangyu's face was filled with an intoxicated expression, as he said softly.

As soon as they met, before they had even fought, he had already brought out his trump card, the Blue Lotus Divine Sword. It could be seen how much importance he had placed on Long Chen.

This was a high-grade Royal Grade Divine Weapon. Like the 3000 star domains, it was extremely close to the Divine level and was basically the strongest weapon under the Divine level.

This was a light green sword blade, entirely green. From afar, he thought it was a flat bamboo, but from a closer look, he could see that it was actually a green rose jade, which was extraordinarily beautiful.

The green lotus flower pattern appeared on the blade of the sword. Although it looked very beautiful, the edge of the sword was still as sharp as before. It was not weak at all compared to the tip of Long Chen's Three Thousand Star Domain spear.

"Four months have passed. After so much time had passed, Yu Er should have long since comprehended this Blue Lotus Divine Sword, right?" On the side of the Wind God's lineage, Feng Qing spoke to the cold woman, Wu Lian, with a flattering tone.

"The Blue Lotus Divine Sword is a pair of weapons with Bai Lian. I haven't been able to understand Bai Lian for so long, let alone Yu Er. However, Yu Er already has some attainments in it." Wu Lian said softly, his expression and gaze unchanging.

"Long Chen only knew how to randomly wave those three thousand star fields. Even if Yu Er only knew a little, she would still be much stronger than her opponent. In this battle, her winning rate is at least eighty percent." Feng Qing said as he stroked his long beard.

His long beard fluttered, but it was not as long as the Long Beard Man.

After listening to Feng Qing's words, Wu Lian did not speak anymore. On top of the white veil, a pair of deep eyes looked at Long Chen and Wu Guangyu, as if they were looking at an ancient well. It was very difficult for outsiders to know what she was thinking.

The two of them had not started fighting yet, and similar discussions were taking place between the Five Elements Alliance and Thunder Demon Clan.

When Wu Guangyu pulled out the Blue Lotus Sword, held it gently in his hand, and pointed the sword tip to the ground, he had already grasped Long Chen's three thousand star regions which were overflowing with radiance.

He didn't attack, but he suddenly said, "You're not a Soldier, yet you're holding such a divine weapon. You're simply insulting the three thousand star fields in your hands."

Long Chen remembered that Wu Guangyu was reputed to be a real Sword Fighter. Amongst the Three Great Imperial Domains, there was Imperial Domain of Sword Soul, which was also Ling Xi's home. There were probably many Sword Fighter there, which made Long Chen interested in what Wu Guangyu was saying.

The more powerful Long Chen became, the fewer Beast Fighters he would encounter. Although he did not go to the Three Great Imperial Domains, he already knew that the Three Great Imperial Domains did not have many Beast Fighters, but there were true Spirit Demons. However, there were a lot of people in the Soldier that did not have many Realm of Myriad Kingdoms.

Wu Guangyu had long ago said that Soldier s were different from Soldier s that Long Chen knew.

What was the difference?

Wu Guangyu was an absolute Sword Fighter. The feeling he gave Long Chen was like a unsheathed sharp sword.

"You are Sword Fighter? Your Sword Fighter, is there any difference between us? On what basis do you possess a Divine Weapon while I, Long Chen, do not? " Before the fight, he and Wu Guangyu had actually discussed such a thing.

"Fine, I'll tell you before you die, in case you become a ghost and don't know how you died." Wu Guangyu's eyes were calm and tranquil, as though he was a god. A cold wind blew, causing his clothes to flutter. He looked like a peerless swordsman, incomparably coquettish.

"My Soldier's legacy comes from the Three Great Imperial Domains. Previously, you thought that only the Spirit of War existed in the Dantian, but actually, you are still far from the Soldier. Only by entering the Heaven Martial Stage and condensing the soldier spirit into a sword embryo, can one become a real Sword Fighter. " Wu Guangyu gently swung the Blue Lotus God Sword. He did not even look at Long Chen, but instead, looked at the three-foot-long blade in his hand in an intoxicated manner.

"Heaven Martial Stage? If you do not have an Innate Sword Embryo, you cannot be considered a real Sword Fighter. What qualifications do you have to talk about me? " Long Chen said.

He shook his head and looked at Long Chen with eyes that could not be saved, as his face was filled with ridicule and he said: "A bumpkin is indeed a bumpkin, I am only a step away from the Heaven Martial Stage. To form the Innate sword embryo and become a Sword Fighter is something that is within reach. When I condense the Innate Sword Embryo, there will be no one in the Realm of Myriad Kingdoms who will be my match. This is also the reason why my mother dominated the Realm of Myriad Kingdoms! "

Wu Guangyu thought himself to be clever, but in Long Chen's eyes, he was already no different from a fool. The more he understood about the Sword Fighter, the more benefits Long Chen would receive.

"The Innate sword embryo, at this moment, is the martial spirit that absorbs the martial spirit and the power of true essence, creating another martial spirit. The Innate sword embryo is the foundation of the Soldier, we can integrate the Innate sword embryo into the weapon, completely control it, and at the same time, allow the Innate sword embryo to devour divine weapons, evolving further, allowing it to completely occupy even more powerful divine weapons." Innate sword embryo, at this moment, is the absorption of the martial spirit and the power of the true essence, condensing into another martial spirit.

When you were still trying to figure out the 3000 star regions, I had already completely controlled the Blue Lotus Divine Sword. At the same time, using my mind to control the sword, I had merged with the Blue Lotus Divine Sword into one, and could increase its attack power by more than three times! Of course, this is just a small rumor. After comprehending the fourth stage of the sword dao, one can release ten times the explosive attack power. This is the Soldier, also known as the Sword Fighter! "

At this time, Wu Guangyu's eyes flickered as he looked at Long Chen's Three Thousand Star Domain. He said mockingly, "If you aren't Soldier, let alone four star realms, even if you control three thousand star fields, you would probably need a lifetime to do so, and you might not even be able to unleash fifty percent of their power. Do you think it's a waste for you to own such a godly weapon like the Three Thousand Star Regions? Bind it with blood? This was only an initial contract. Only when the Upper Sky Sword embryo swallowed the godly weapon could it truly possess the godly weapon! You do not have a weapon spirit, so you cannot form the Innate Sword Embryo. Therefore, you are not fit to be the master of the 3000 star fields! "

Long Chen was silent for a moment.

"So that's how it is, it seems that I am indeed unsuited for weapons. Although sometimes weapons can indeed provide great combat power, such as the 3000 star fields, but if the 3000 star fields were to be in the hands of the Soldier s, their combat power would probably be much stronger than mine."

During this period of time, Long Chen had attempted to communicate with the three thousand star fields, but unfortunately, he still did not know anything about these three thousand star fields.

"Comprehending the way of the sword to the highest realm would allow one to exert ten times the explosive attack power. Doesn't this mean that my Dragon Soul Transformation is already? If I had the Innate Sword Embryo and was comprehending this Sword Fighter's Sword Truth, wouldn't I be able to unleash a hundred times the battle power? "

Thinking to this point, Long Chen was shocked. The difference between the levels was about five to ten times. With the amplification of the dragon soul true essence, if he could comprehend this way of the sword, he would even be able to fight at a higher level.

However, without the soldier spirit, he wouldn't be able to become the Sword Fighter.

This is just a branch of the martial way. Even if I were to comprehend the way of the sword, I would probably need a lot of time. I might as well focus on the martial way.

Long Chen was fighting for the opportunity.

Martial arts and sword arts were methods to become stronger. Within Three Great Imperial Domains, the people all specialized in sword arts, so among the people of the same level, their attack power was generally very strong, surpassing ordinary warriors. However, the people of the True Martial Emperor Domain all specialized in martial arts, so their level was on average a bit higher than the people of Imperial Domain of Sword Soul.

This meant that they had reached the same destination on the path of martial dao.

Even if he did not have three thousand star fields, Long Chen still had other methods to win, such as the Five Emperor Prints or the various abilities he had obtained from the Primordial Blood Spirit Dragon.

Wu Guangyu's words had opened up a whole world of Imperial Domain of Sword Soul for Long Chen.

In the Imperial Domain of Sword Soul, this was Soldier's paradise, and the reason why it was called Imperial Domain of Sword Soul was because the number of Sword Fighter s far surpassed the other Soldier s. Sword Soul Imperial Palace was a large power closest to the Imperial Domain of Sword Soul, so there were many times when they directly used the name Sword Fighter in place of Soldier.

Chapter 827 - Sword Qi Across Thirty Thousand Li

"Yu Er, don't talk too much. Let's fight." Just as Wu Guangyu was feeling proud, Wu Lian's words came from behind him. At this time, Wu Guangyu was still looking at the ignorant Long Chen with contempt.

Indeed, in the eyes of the real Sword Fighter, it was a bit of a waste for someone who didn't have a battle spirit to wield a Divine Weapon in the 3000 Star Regions.

Wu Lian must have already formed his Innate Sword Embryo and was a real Sword Fighter. However, after Wu Guangyu obtained the inheritance of the Azure Lotus Emperor, it was probably about time.

"I only use two moves, I don't even need the ultimate move from the Blue Lotus Sword Art, and I can defeat you." After hearing what Wu Lian had said, Wu Guangyu said with a serious expression.

His speech was extremely slow, and completely ignored Long Chen. Even though Long Chen had once used his body to forcefully resist the Nine Revolutions Devil God, he was still so confident in himself. Of course, Wu Guangyu wasn't an idiot, which meant that he was indeed very powerful.

In regards to the god race, the wolf cub reminded, "Big Brother, although the technique he is about to use is not the 《Blue Lotus Sword Art》 from the Blue Lotus God Sword, it is a middle level emperor level technique called the 《Nine Prefectures Sword Arts》. Be careful!"

Although he was worried, the little wolf had only reminded him once, afraid that it would affect Long Chen. If Long Chen could not resist it, he would use the Nine Hell Devil Ancestral Fire to help him.

After a conversation, the truly exciting moment finally arrived.

Long Chen understood that the reason why Wu Guangyu was so indifferent, was definitely because he had his own powerful backing. The Blue Lotus God Sword in his hand made Long Chen feel an enormous pressure, and he had an illusion that there were countless threads and strands of relationship between the Blue Lotus God Sword and Wu Guangyu's palm, as if the weapon was a living being that was nestling against Wu Guangyu, as if they were his children. To be docile and submissive.

He and the 3000 star fields were far from such a realm.

However, this was not enough to scare Long Chen.

"Even if you have so many tricks up your sleeve, what can you do about it? You need to comprehend four levels of the way of the sword in order to possess ten times the attack power. I can already unleash ten times the attack power while I am using my Dragon-Meridian Realm, so why should I be afraid of you? "

A ten-fold attack power was naturally Long Chen's Dragon Soul Transformation!

As Wu Guangyu walked towards him step by step, brewing his attack, Long Chen's body was already covered with blood-red dragon scales. His True Essence churned, and abruptly turned into a rich blood-red, surging and surging within his body.

Although Wu Guangyu had not reached Heaven Martial Stage and formed his Innate sword embryo, he had already comprehended the first stage of 'Heart of Tranquil', which was the path of the sword. He could unleash three times the explosive attack power.

This was about the same as the Golden Emperor's armor.

However, the Golden Emperor Armor was a treasure that was hard to come by. As his rank rose, he might not be able to use it in the future.

No wonder Wu Guangyu had such strong confidence.

It was likely that the metal spirit had never been seen by him before.

To others, the Three Thousand Star Domain was Long Chen's advantage, but to Wu Guangyu who possessed the Blue Lotus God Sword, this advantage seemed to have disappeared completely.

At this moment, Wu Guangyu's expression was calm, the improvement of Long Chen's True Essence was within his expectations, the miraculous beast spirit transformation was indeed strange, but in Wu Guangyu's heart, it still could not compare to the level of his Heart of Tranquil Water.

"Phew ..."

The Blue Lotus moved, and suddenly, a few sword flowers appeared around it. Those sword flowers were blue lotus flowers. Although the lotus was small, it contained an enormous amount of energy.

Even though Wu Guangyu was a man, when that cyan colored divine sword danced, it was filled with beauty. The image of the cyan lotus converged at his side, as if he had already entered into a sea of blue lotuses.

Wu Guangyu closed his eyes, as if he was in a trance.

At this time, he suddenly opened his eyes, and suddenly, two rays of cyan light pierced towards Long Chen!

He was like a sleeping green lotus previously, but when he opened his eyes, it was as if he had turned into a murderous emperor. Countless warriors stood behind him, and under his lead, an army of thousands upon thousands of men and horses galloped down towards Long Chen with a loud bang.

"This, is the 'Nine Provinces Sword Technique'?" From what the wolf cub said, the Nine Prefectures' sword technique was a middle level Royal Level combat skill. Although there was a huge gap between the middle level Royal Level combat skills, the power of the Nine Prefectures' sword technique should be comparable to the Nine Revolutions Divine Demon.

"You're going all out from the beginning?" Long Chen's gaze turned cold. He could indeed feel that, as a Sword Fighter, Wu Guangyu was much more familiar with controlling the Blue Lotus Divine Sword. Prompt from hand to hand.

Under everyone's anticipating gazes, Wu Guangyu's eyes shot out two rays of cyan light. At that moment, his body erupted with a vast aura of a king, instantly rushing towards Long Chen!

The Blue Lotus God Sword swept out and a resplendent sword light exploded from the blade!

"Nine Prefectures Sword Art, Sword Qi covering thirty thousand Li!"

This was the first time Long Chen had seen such a magnificent sword light. The power of the Sword Arts of the Nine Prefectures, just the first move alone, was already comparable to the last strike of the Nine Revolutions of the Gods and Demons that Sanxue had used. Of course, in terms of strength, there was a difference between Sanxue and Wu Guangyu, and this was not the difference of battle skills!

The sword qi covered 30,000 miles!

If Long Chen had not blocked in front of the Sword Qi, then maybe the Sword Qi would have travelled far and wide, and in a flash, it would have disappeared. The violent Sword Qi which had traveled thirty thousand miles in a flash had already reached Long Chen, and everyone was feeling somewhat terrified.

Just with this one sword qi move alone that spanned thirty thousand miles, he was already able to contend against the metal spirit earlier. Right now, the metal spirit was also here, and after seeing Wu Guangyu's attack, he had completely given up on it.

Who was going to deal with Long Chen?

At this moment, without saying a word, when the other party was using the Blue Lotus Divine Sword, Long Chen had immediately waved his three thousand star domain. In the 3000 star fields, although Long Chen was not a Sword Fighter, he was still at a disadvantage. However, his advantage was that his physical body was a middle level Emperor level seven star body, much stronger than Wu Guangyu's. Of course, Wu Guangyu also trained in the body tempering technique, but he should be at the early level of the Emperor level, and was not Long Chen's match.

Holding it in both hands, the enormous power of Long Chen's body was completely concentrated in his two hands, the blood-red scales were already stretched taut, and there were blood-red dragon markings emerging from within the scales, as though countless divine dragons were roaring on Long Chen's body!

Roar!

Long Chen let out a dragon-like growl, and under his control, the dragon soul true essence from the nine great martial cavities were completely channeled into the three thousand star fields, gathering to form a blood-red long dragon in the three thousand star fields. As for the purple colored astral qi, they also materialized into a purple colored long dragon, with the two long dragons rolling around the three thousand star fields!

And at this time, the sword energy traversed thirty thousand miles, and had already arrived in front of Long Chen!

At this moment, it was truly exciting!

"Break!"

Compared to Wu Guangyu's noble and elegant demeanor, Long Chen was like a wild beast that had been dormant for many years. After he was born, the bright three thousand star domains in his hands suddenly went berserk, and under Long Chen's gigantic strength wave, the three thousand star domains instantly turned into a ferocious blue light, colliding with the sword aura!

"Bam!"

With an explosive sound, the sword energy that stretched thirty thousand miles far and wide, completely shattered into pieces when Long Chen used the seven star body and the dragon soul true essence with his three thousand star domain. However, all of the power that the sword energy gathered was shattered by Long Chen's arm!

Hiss!

At this time, Long Chen's hands were numb, and quite a few wounds had already appeared on his arms; some blood was even faintly discernible from them.

Finally, Long Chen was able to control his body.

The Blue Lotus Divine Sword, three times the attack power of the first stage of the way of the sword, and this middle stage Emperor level combat skill, when combined, allowed the ordinary Heaven realm expert s to not dare to easily block Wu Guangyu's attack just now.

Everyone had only heard that Wu Guangyu was very strong. Seeing him today, he was indeed extraordinary.

Although Long Chen's previous performance had exceeded everyone's expectations, from the situation just now, no matter how heaven defying he was, he was still far inferior to Wu Guangyu. Wu Guangyu was not someone he could deal with.

"Father, what should we do?" Seeing Long Chen being pushed back by Wu Guangyu in his first move, Su Xue hurriedly asked. Previously when he attacked Long Chen, it was only because he misunderstood him.

In actuality, her concern for Long Chen had already surpassed everyone else here.

Except Wolf, of course.

"Don't worry, in the previous move, although Long Chen did not use a battle skill, being able to break through his opponent's attack is already something." Bai Lan analyzed.

Although he said this, he actually wasn't too sure either.

On the God Clan's side, many people had already revealed smiles. Just a moment ago, they were sweating profusely, but now, it seemed that the so called Long Chen was nothing special.

"The Sword Arts of the Nine Prefectures, the path of kings. The next move, will definitely take Long Chen's life. Even the Long Beard Man would not be able to block it." Feng Zhiling nodded and said.

"Wu Guangyu is actually this powerful?! For such a man, when the Archaic Graveyard's matter is over, I'll marry him." You can't hesitate anymore. Just be nicer to him in the future. " Looking at the beautiful Wu Guangyu, Feng Zhiling's heart softened.

Long Chen now had a general idea of what the people around him were thinking.

"This kid is really strong, looks like he's going to fight with his life on the line." Seeing Wu Guangyu who was about to attack without a second word, Long Chen squinted his eyes and said.

Previously, a stream of Sword Qi flew thirty thousand miles in every direction, before finally being broken by Long Chen. And the sword moves that Wu Guangyu was using now, would definitely be even more powerful than before.

BOOM!

The air exploded, and Wu Guangyu's figure suddenly attacked!

"Be careful!" On the Demon's side, they all reminded Long Chen.

Long Chen naturally would not slack off, this battle seemed to have taken the initiative and ended up in Wu Guangyu's hands. This did not mean that Long Chen had lost to him, but rather, once Long Chen had grabbed the initiative and attacked, the opponent would likely understand his own situation. Long Chen did not have many attacks that could injure Wu Guangyu, he could only wait for the opponent to make a mistake in the process, and then rely on the opponent's negligence, he would obtain victory.

Therefore, his heart was actually calmer than everyone else!

Although Wu Guangyu looked indifferent and aloof, and had been suppressing Long Chen from the beginning, his mood was actually not as calm as everyone thought. It was as if the power in his body was rioting!

With my understanding of the way of the sword, and with the help of the 'Azure Lotus Divine Sword,' I should be able to use the 'Nine Regions Sword Secrets' in one move to kill this Long Chen, but he actually blocked it. With the next move, I will definitely kill him.

In Wu Guangyu's heart, he was slightly more anxious than Long Chen.

At this moment, under his control, the sword qi erupted!

A towering sword aura flashed out!

Wu Guangyu advanced quickly. He was in the midst of preparing an even larger attack, and at this moment, his body was flashing forward like a sword image. With a long roar, the green lotus in his hands danced, and transformed into numerous afterimages.

A clear voice resounded in the air!

"Secret Sword of the Nine Prefectures — Sword Qi that spans thirty thousand miles, One Sword Light Cold Nineteen prefectures!"

Immediately, a sword beam even brighter than before erupted!

The sword qi covered a distance of 30,000 li, with one sword light had turned 19 prefectures!

Just what kind of domineering aura was this, what kind of vastness, what kind of grandeur was this!?

The previous move had been a sword aura that covered a distance of 30,000 li. Now, this move was a move from Guang Han Nineteen Prefectures!

Long Chen only saw a flash before his eyes and the glowing sword light was already in front of him. Compared to the Sword Qi from before, the Sword Qi was much brighter and more powerful! Boom!

At this time, Long Chen's heart was extremely calm.

"It hasn't been long since Wu Guangyu obtained the Blue Lotus Divine Sword, and right now, I haven't even discovered the battle skill from the three thousand star fields. Even if he had, it shouldn't be possible for him to learn it now."

After thinking to this point, Long Chen was very decisive, and had already thought of a way to face this one slash from Wu Guangyu. Nineteenth Province, when everyone was very nervous, to think that Long Chen would admit defeat, he did not expect Long Chen to suddenly shake off his palm!

"That is the double seal attack that used that seal technique?"

Many people had seen Long Chen's attack of fusing two Emperor Prints together. Although the attack was powerful, under the power of Wu Guangyu's three fold attack, the Azure Lotus Divine Sword, and the power of this sword light from the Nineteenth Region, the fusion of the two Emperor Prints could not be considered as an opponent!

"The day of Long Chen's death is today." The Wind God's lineage and the people from the Five Elements Alliance all sighed with emotion.

Long Chen still had not admitted defeat, and he had already executed that one strike, Light Han Nineteen prefectures. If he were to choose to admit defeat now, in such a short period of time, if the Long Beard Man didn't pay a certain price, it would be difficult to save Long Chen.

"This young man from the god race is already so powerful today. If one day he steps into the third stage of Heaven Martial Stage, it will be enough to sweep across the entire Realm of Myriad Kingdoms and become the strongest person among the billions of humans in the Realm of Myriad Kingdoms. Wu Guangyu, not only is Wu Lian's cultivation strong, his son that he taught is also so heaven-defying!"

Although the people from the Five Elements Alliance were unwilling, they had to admit that Wu Guangyu was strong. If one day Wu Guangyu reached the third level of the Heaven Martial Stage, under his absolute suppression, the entire Realm of Myriad Kingdoms would probably be unified.

With such an achievement at such a young age and more importantly, he had actually comprehended the way of the sword, and even had the legacy of the Azure Lotus Emperor, Wu Guangyu was obviously going to become an unrivalled figure in his generation. To such an extent, he was practically a genius that was rarely seen in tens of thousands of years!

A single sword slash had destroyed 19 prefectures of land!

That flash of sword light was enough to make the world feel dizzy!

But at this moment, Long Chen's expression was calm, the sword light flickered on his face, but it did not make a single change to his expression!

Whoa!

From the Golden Emperor Seal, to the Azure Emperor Seal, and to the last Scarlet Emperor Seal, when the three Great Emperor Prints lit up, in front of Long Chen's palm, the three layers of Emperor Seals, golden, green and fiery red, shone brilliantly on his arm.

Golden metallic rays of light, green tree life force, and burning flames appeared on his palm. The strength of the three Emperor Prints was countless times stronger than the two Emperor Prints!

This was the first time Long Chen had used it since he started cultivating the Emperor Qing Qing Tian Ji.

"Golden Emperor Heaven Shrouding Seal!"

"Emperor Qing Qing Tian Ji!"

"Scarlet Emperor Burning Heaven Seal!"

Long Chen pushed out his arm, and a total of three huge Emperor Seals, rotated. One in front and one behind, they all pierced through, and in a very short moment, smashed into the enemy's shining sword aura with a loud bang!

At this moment, there was confusion in Feng Zhiling's eyes.

At that time, she basically did not expect that such a simple attack would be able to defeat her. The same situation was happening to Wu Guangyu at this moment, and no one believed that Long Chen's three Great Emperor Prints were able to break out of the 19 prefectures of light with one of Wu Guangyu's sword, but a bad premonition had appeared in Feng Zhilin's heart!

Wu Guangyu's sword force was unstoppable, and it was definitely not something that could withstand three early stage Emperor level techniques. However, they did not know that Long Chen had not continuously used three of the same battle skills, but rather, had fused three different Emperor Prints!

Under the immense power, the three Great Emperor Seals merged together. Then, under the destruction of the Nineteen prefectures of cold light from a single sword strike, the combined power of the three Great Emperor Seals suddenly exploded, as if they were a bomb. All of the energy from the explosion, in a short amount of time, drowned the enormous Sword Qi radiating from the sword, turned into streams of energy, and charged towards Wu Guangyu with a loud bang!

Break!

The sword Qi vibrations did not dissipate, but the combined power of the three Great Emperor Seals was too great, the surrounding space was trembling, everyone was trembling in fear, it was still the Earth Martial Stage, yet it could release such power, the two of them were already heaven-defying!

The crisscrossing sword Qi shattered under Long Chen's powerful might, causing the originally expressions of the spectators to begin to shatter, becoming incomparably shocked. Wu Guangyu's expression had also changed, he originally thought that he could take care of Long Chen, but who knew that Long Chen would actually reverse the situation at this time, and unleash such a strong power?

"Nine Prefectures Sword Art, Sword Qi covering thirty thousand Li!"

At the same time, he swung the Blue Lotus Godsword in his hand, which once again swept horizontally across. A horizontal and vertical sword qi suddenly exploded, and once again smashed onto Long Chen's three Great Emperor Prints.

The power of the three Great Emperor Seals once again broke through Wu Guangyu's sword qi, most of his power had already been scattered by the sword qi, and only a small part of his power was used on Wu Guangyu's body, causing him to be directly blown away, as he spat out a mouthful of fresh blood. The previously elegant young noble's clothes were now shattered, and his entire body was covered with small wounds.

Seeing Wu Guangyu struggling to get up, a clamor of voices immediately sounded out, causing the people of Five Elements Alliance to be completely stunned. Under the situation where everyone was already defeated by Long Chen, he actually managed to reverse the situation and directly injured the other party.

"Bastard!" The faces of the wind race and the people of the God Clan were filled with coldness. Seeing that Wu Guangyu was injured, they immediately wanted to help him, but Wu Lian stopped them in their tracks. He just got a little injury and didn't die, nor did he fail. Yet, you guys interfered, are you trying to humiliate our god race? "" No, no.

Right, Wu Guangyu had not lost.

After he stood up, although his body was in a sorry state and blood was still flowing from the corner of his mouth, and he was even staggering a bit, the Azure Lotus Divine Sword was still in his hand.

Wu Lian doting her son was famous, and her son was her life. Even though she was preventing everyone from helping Wu Guangyu, and even though she didn't do anything herself, looking calm and peaceful, her eyes were filled with a strong killing intent.

Long Chen vaguely felt a gaze that was similar to that of a poisonous snake staring at him.

"You haven't lost yet?" It had to be said that Wu Guangyu was indeed an extremely difficult opponent to deal with. Long Chen had used all of his ultimate moves, but still did not injure his opponent. The fusion of these three Great Emperor Seals, was a finishing move Long Chen used to deal with Wu Guangyu.

"Brother, do you need my help?" The wolf cub could also see that Wu Guangyu had not lost, so he asked quickly.

"Don't, you stay here first, I'll check the situation before sending you away." Long Chen was not willing to start a dispute with the god race at this time. He heard from Bai Lan that Wu Lian was extremely strong, so he knew that he couldn't kill the other party in broad daylight.

Although his entire body was covered in blood, his expression did not change at all. At this time, he stretched his arm a little, and after he reacted in a normal manner, he stared at Long Chen, and said haughtily: "To be able to force me to this extent, you, Long Chen, are definitely the first person in history to ever do so!"

Chapter 829 - Blue Lotus Sword Art

Long Chen originally thought that this fellow was just a noble young master who relied on the protection and nurturing of his clan to reach his current level. He did not expect that Wu Guangyu would have such a way of thinking. This young man would also hide his own strength, which could only be said to be terrifying.

If they were to truly fight, only then would they be able to see how powerful he was. On the other hand, he was like a well-behaved child, and when it came to his own people, he didn't have much of an temper.

Long Chen squinted, he did not take advantage of the situation to give chase, it could be said that he had already wasted a chance. Of course, even if he took advantage of the situation to give chase, he would not know what the result would be.

The fusion of the three Great Emperor Seals had not killed him yet, which caused Long Chen to be a little unsure in his heart.

"Could it be ..." A thought appeared in Long Chen's mind. He knew that if that was the case, then he could only adopt one option, and that was to use a blood sacrifice.

Blood Sacrifice was a divine ability, and it was also a devilish ability.

If Long Chen used him, he would definitely be able to defeat his opponent's strength, but at the same time, it would also cause his strength to fall. His Martial Spirit was injured, and his Martial Spirit was the foundation of his training, so he would be injured a lot.

Looking at the two people in front of him, everyone felt suffocated.

At this time, Wu Guangyu suddenly laughed. He held his head high and laughed for a while, his blood-red eyes staring at Long Chen as he laughed: "Looks like you spent a lot of effort to defeat me, you are the only opponent I haven't seen in all these years who makes me feel at ease. But, you can only blame your bad luck."

"Bad luck?" Long Chen understood what the other party meant.

"What a difficult guy." He smiled, feeling completely at ease.

In this world, there was no barrier that he, Long Chen, could not cross. His heart and conviction were stronger than anyone else's, so no matter what Wu Guangyu did next, he could calmly face it and settle it!

"Bold!" His entire body was covered with blood, but at the moment, he did not care about it in the slightest, as blood was stained on top of the Blue Lotus Divine Sword.

"Phew ..."

With a soft voice, Wu Guangyu swept towards Long Chen with the Blue Lotus Divine Sword in his hand. Long Chen suddenly felt that it was as if the only thing left in this world was that streak of cyan colored shadow.

"What a powerful sword move!" Long Chen's heart was moved.

At this moment, a voice that sounded like it was sleep talking appeared in everyone's ears.

"The Blue Lotus Sword Art, is a high level royal level sword art, and is also a sword art that the Azure Lotus Emperor used to dominate the world. It can be considered your luck that you were able to get the Blue Lotus Sword Art to deal with you, of course, if you could use the battle skills from the three thousand star fields, it would be a completely different story."

However, Long Chen simply had not figured out the three thousand star fields.

Long Chen did not know the name of this sword move, but he knew that this move was definitely ten times more terrifying than the one he had used in the previous attack on the Nineteen Freezing Sky Continent!

"Blue Lotus Sword Art, Birth of All Things!"

With a huff, that Blue Lotus Sword Flower had already arrived in front of Long Chen!

At this moment, Long Chen did not hesitate at all. He took out the three thousand star fields in his hands, and with the strongest power possible, he smashed the tip of his spear into the opponent's Blue Lotus Divine Sword.

However, even though that lotus flower looked gentle, it had a power that could not be resisted. His movements were extremely strange, and Long Chen's berserk spear could only deflected it by a tiny bit.

"Long Chen, admit defeat!" At this last juncture, Long Chen seemed to have heard Bai Lan's nervous shouts.

When Wu Guangyu even used the Blue Lotus Sword Art, no one held any hope for Long Chen anymore. Their only hope was for Long Chen to survive, and the basic reason for staying alive was to admit defeat.

"Admit defeat?" Long Chen's dictionary did not have this word.

That cyan colored lotus effortlessly shook open the three thousand star fields where Long Chen had exhausted his strength in. Under the situation where Long Chen was completely unable to resist, it suddenly swept toward Long Chen's neck.

At this moment, Long Chen already felt a fatal crisis, which made his back feel cold. Wandering around in the face of death was actually already enough, but this time, the feeling was even more intense, and the cyan light beam was unavoidable!

With Long Chen's strength, he felt that he didn't even have the strength to resist under the attack of the Blue Lotus Sword Art, let alone others.

This Blue Lotus Sword Art was the true combat skill of the Azure Lotus Emperor back then.

Wu Guangyu was only at the ninth stage of the Earth Martial Stage, yet he was able to unleash such an attack. However, Long Chen reckoned that after executing this move, Wu Guangyu would have reached his limit. With his Quintessential Essence, he would only be able to unleash such a powerful attack once.

In fact, there would even be a price to pay after using it.

However, in order to kill Long Chen, Wu Guangyu didn't feel like he was at a disadvantage at all.

At this critical moment, Long Chen had no way of resisting. Even though he had used all his strength and used the three thousand star domain, he was still easily blasted away.

In this vague moment, Long Chen seemed to have heard many sounds. There were sounds of ridicule and mournful crying, but he could not see anything. In his world, there was only that cyan colored sword light.

In a very, very short period of time, that cyan colored sword light reached Long Chen's throat.

"Die!" It was as if a voice that came from beyond the heavens had reached Long Chen's ears. This ethereal voice, Long Chen knew it was Wu Guangyu's, and was filled with a cold coldness.

"Is that so?" Long Chen was still very calm, he grinned, the taste of this gamble, it was really exciting.

Before he died, Long Chen actually had such a smile, which filled Wu Guangyu's mind with doubts.

"No matter what, I will kill you."

Without the slightest hesitation, that cyan colored sword light swept past Long Chen's throat, and when Wu Guangyu truly felt that cyan lotus blade past Long Chen's throat, and cut his throat in half, he finally let out a sigh of relief.

"So it was only an act before his death. I had thought that he had some tricks up his sleeve." That green sword light instantly swept past Long Chen's body, appearing ten meters behind him. It then transformed into the body of the Blue Lotus in Wu Guangyu's hand.

Blood was still dripping from the blue lotus on the godly sword.

Everyone knew that this was Long Chen's fresh blood. The Blue Lotus Divine Sword streaked past Long Chen's throat, and with this power, even if Long Chen had the seven star body, it would be enough to slash his neck in half.

After using this Blue Lotus Sword Art, Wu Guangyu's originally injured body received a severe injury. After going through this pressure like output, Wu Guangyu had basically expended all his energy and it could even be said that he was already at the end of his tether. His previous injuries could now be considered as having increased his injuries, and it almost caused Wu Guangyu to be unable to stand steadily.

On his body, even more blood flowed out than Long Chen.

Wu Guangyu's face was pale white, this was the ultimate injury he had received, it could be seen how tragic this battle was. He even used the ultimate attack that he was unwilling to use, even if he was at his peak, he would still be injured by this attack, let alone now.

Fortunately, Wu Guangyu had confirmed that Long Chen was dead.

He forced himself to turn around and look, only to see Long Chen standing there with his back facing him, not moving an inch. Wu Guangyu knew that he would fall soon.

"Long Chen!"

This miserable cry came from in front of Wu Guangyu. He raised his head to look, and saw that the Demon Princess called Suxue was already kneeling on the ground. Her face was pale white, and was filled with tears.

Behind her, the members of the Demon and Lightning Clan all had ugly expressions, especially Bai Lan, whose eyes were actually a little bloodshot. After being together for four months, he had long considered this young man to be an outstanding junior. He absolutely did not expect that this heaven defying young man would lose his life because of him ...

For a moment, there was complete silence.

As for the Wind God Clan, they looked at the Blue Lotus Sword Art that had erupted at the last moment with a face full of gratification, and their respect and admiration for it were even greater.

That Feng Zhilin's gaze, had already completely softened. Wu Guangyu's strength, had already thoroughly conquered her heart. He had never seen Wu Guangyu fight before, but she did not know that he was strong to this extent.

The Long Chen she hated the most, had his throat slit at this moment.

"Wu Guangyu, the peak genius martial practitioner of the Realm of Myriad Kingdoms. From today onwards, no one will be able to shake his position, not even the metal spirit!" The Jin Zu's expression was ugly as he solemnly said.

Since he had already said that, the people from Five Elements Alliance had no choice but to accept it.

The Sword Fighter was truly too powerful.

With the first stage of comprehending the way of the sword and the inheritance of the Azure Lotus Emperor, Wu Guangyu would become the other Wu Lian of the God Clan after a period of time.

The Azure Lotus Emperor, the white lotus, these two great inheritances would make the god race the number one clan in the Realm of Myriad Kingdoms!

From today onwards, the situation in the Realm of Myriad Kingdoms would most likely change ...

The Long Beard Man also looked at both parties in a daze. Previously, Long Chen did not admit defeat, so even if he wanted to help, there was nothing he could do. Seeing Long Chen die, he felt helpless.

"Alright, Long Chen accidentally died. Then the champion of the Nine Clan's young Martial Arts Competition is the God Clan's Wu Guangyu!"

Chapter 830 - Resurrection from the Dead

When Long Beard Man announced the result, everyone knew that the result was already decided. This battle was very exciting. At the beginning, when Wu Guangyu's strength was suppressed, and when Long Chen's three great seals merged together to counterattack Wu Guangyu, just when everyone thought Long Chen was going to reverse the situation, Wu Guangyu suddenly unleashed his high level Emperor level Blue Lotus Sword Art and instantly killed Long Chen!

The strongest was still Wu Guangyu.

Even before coming to the Heaven Martial Stage, he had already comprehended the first stage of the Sword Fighter's way of the sword, and even used a high level Overlord level battle skill. Wu Guangyu's talent, was unrivaled, even if he was a genius of the Imperial Domain, I reckon that there were many that could not compare to his?

It could be said that he had already solidified his position as Realm of Myriad Kingdoms's number one genius.

"Xue'er!" Bai Lan felt as if there was something stuck in his throat and he couldn't say a single word. He could only silently help his daughter up.

"Long Chen is dead?" After resolving this issue, he suddenly felt as if her world had collapsed. The man who was previously full of vigor had now turned into an ice-cold corpse?

To Su Xue, this was even worse than Long Chen leaving this place

"Father!" Looking at her father's wet eyes, Suixue once again couldn't hold back her tears. Only today did she realize that such a man actually possessed such a high position in her heart. Unfortunately, it was too late.

"Let's go!" Although the Five Elements Alliance did not take the advantage here, it was not as bad as the Demon race's defeat. Indeed, 30 years had passed, and 30 years had passed, and there were two people from the Demon race that entered the top four, everyone was still envious of them.

The people of Wind God's lineage were laughing out loud. At this time, Wu Guangyu was still heavily injured, and had to struggle to stabilize his body, but before Wu Lian even gave the order, there were already people who were prepared to help Wu Guangyu up. The battle had already ended, and it was time to treat Wu Guangyu.

The god race will always remember this person.

Right now, Feng Zhiling was blankly staring at Long Chen's corpse. She suddenly felt that something was wrong.

"He's dead. His body might have been stiff for a while, but why is he standing there for so long?"

Right at this moment, a clear and bright laughter made everyone present feel a chill run down their spines. Everyone raised their heads in shock as they looked in Long Chen's direction, they could clearly tell that this laughter was coming from Long Chen, and it sounded exactly the same as Long Chen's voice from before.

Susu, Bai Lan and the rest were all stunned for a moment, and they stared blankly at Long Chen's body that was still standing. At this moment, everyone saw Long Chen, who had died in front of everyone's eyes, move slightly, and then, in an instant, he turned around. He looked at the crowd, and laughed mockingly: "Everyone, are all of you blind? I, Long Chen, have long been standing here, how can you say that I am dead? "

Long Chen's complexion looked very good, completely unscathed, a hundred times better than how Wu Guangyu looked right now. It was almost the same as when he wasn't participating in the battle yet. He was clearly already dead, so everyone could see that Wu Guangyu's Blue Lotus Divine Sword had cut deeply into his neck. How could Long Chen have survived such a situation?

For a moment, the expressions on everyone's faces were rather fascinating.

Su Xue and the rest felt as if they were in a dream, even talking became nonsense as they did not believe in this. They all looked at each other, and from the other party's eyes, they knew that all of this was not a dream. Long Chen was really not dead.

"How is this possible? I clearly saw Wu Guangyu's sword pass through his throat, but why is there not a single wound on his throat? " Feng Zhiling's heart was shaken as she took two steps back. Her eyes were filled with shock, but the rest of the members of the Wind God Clan started to clamor. Even the calm and terrifying Wu Lian's eyes were filled with shock and bewilderment.

The most shocked person was naturally Wu Guangyu.

He had killed quite a few people, so he could not be mistaken about the feeling of this kind of sword slashing through the flesh, especially when it was Long Chen's body and that seven star body. When he used that move, he had also encountered a huge obstruction.

At this time, he used his sword to support his body, and turned his head with difficulty, only to see Long Chen's face full of cruel smiles.

"I didn't die in the first place, so the result Long Beard Man announced just now was simply farting," Long Chen suddenly turned into a whirlwind and charged towards Wu Guangyu!

This was a good opportunity to kill him!

As for why Long Chen did not die, the reason was very simple, it was because he used the Great Void Dragon Symbol and time reversal technique. The Time Reversal Technique was the most shocking ability on Long Chen's body, it possessed an absolutely reversing power. After Wu Guangyu's sword passed through his throat, in less than a breath of time, Long Chen had already turned the time in his body back to ten breaths of time ago.

Ten breaths ago, he had been completely unharmed. At that time, Wu Guangyu had already fallen on the ground, and was barely able to stand.

He exhausted his true essence, and even took the risk of being injured to give Long Chen a fatal blow.

When Long Chen attacked him, Wu Guangyu's pupils suddenly widened!

Before, he dared to kill Long Chen, so Long Chen naturally dared to kill him. After all, this was a young Martial Arts Competition from the nine clans that had agreed not to discuss life and death. Previously, when Wu Guangyu was so ruthless, Long Chen was also so ruthless!

Admit defeat?

These words, to Wu Guangyu, were so unfamiliar. Thus, at this time, he did not choose to admit defeat, but used all his strength to retreat while holding the Blue Lotus Divine Sword in his hand!

"Admit defeat." At this moment, such a voice sounded out beside Wu Guangyu's ears. It was from Wu Lian's mouth, and was heard by him, and from this voice, he could hear Wu Lian's resolute and decisive tone.

No matter how humiliating her words were, Wu Guangyu had no choice but to accept them.

Long Chen suddenly appeared in front of him.

"I admit defeat!" Wu Guangyu was forced to retreat in a sorry state, staggering and covered with blood. To him, today was not an honor, but a humiliation, so even though he had admitted defeat, he looked at Long Chen with a gaze filled with deep hatred!

At this time, Long Chen was only less than five meters away from him.

Even if Wu Guangyu stubbornly refused to admit defeat, the people of Wind God's lineage would make him admit defeat. If Wu Guangyu did not have the absolute disadvantage, he underestimated Long Chen, Long Chen would have been able to kill him in an instant. But right now, Wu Guangyu was at a disadvantage, no matter how fast Long Chen was, he could not as fast as Wu Guangyu admitting defeat!

He still needed time to kill this Wu Guangyu.

However, the little wolf could already come back. Under such a situation, it was natural for Long Chen to ask the wolf cub to come back to him. If they were to follow this rule, Long Chen would be stronger than Wu Guangyu right now. Naturally, he could take back his things.

"Stop!" Separated by Long Chen and Wu Guangyu, he separated the two of them in time. His main task was to protect Wu Guangyu and prevent Long Chen from taking advantage of the chaos to kill him.

However, what made him feel strange was that Long Chen did not do anything. When Wu Guangyu had yelled that he had admitted defeat, he had already steadily landed on the ground.))))

If he didn't shout that he was going to admit defeat, Long Chen killing Wu Guangyu was a matter of the rules. If Long Chen still forced himself to attack after admitting defeat, then he wanted to fight the Wind God's lineage!

Therefore, he was not an idiot, he had already defeated him, so he would not be in such a hurry. With Wu Guangyu's current injuries, even if his internal organs were in turmoil, it would still take a while.

"If the Mysterious Emperor Key comes out," Long Chen actually had another plan in his mind.

"Big brother, what should we do now?" Previously, everyone thought that Long Chen had died, but only Xiao Lang knew that Long Chen had the Time Reversal, a perverted version of the ability.

Seeing that Long Chen had won, he immediately asked in the spirit beast language.

"I already have a way, I'll let Wu Guangyu live for a few more days first. You stay by his side for now, I'll give you instructions. " Long Chen said.

"Alright." The wolf cub nodded and said no more.

From how many times he had asked Long Chen, it could be seen that he no longer wanted to stay by Wu Guangyu's side. When Wu Guangyu forcefully brought him away, it had already filled the little wolf's heart with anger.

At the same time, this was also the anger in Long Chen's heart.

"What, are you still not announcing the results?" The other spot on the Yellow Emperor's key is for my demon race. " Long Chen looked at Long Beard Man and said indifferently.

"Everyone has seen the final result. Now that Wu Guangyu has conceded, the champion for the competition for the Martial Arts Competition is not the God Clan's Wu Guangyu, but rather the Demon race's Long Chen. I was wrong before, sorry everyone!"

At this moment, even the Long Beard Man became serious.

This matter had truly taken everyone by surprise.

This young Martial Arts Competition of the nine clans had finally come to an end.

Everyone felt as if they were in a dream.

"Long Chen, come over here," Bai Lan had long wiped the tears from his eyes, and raised his hand, speaking to Long Chen. Beside him was Pure Snow who was crying so hard that she looked like she was about to cry. However, when she saw that Long Chen had come back to life, she also tried hard to wipe her tears away.

Long Chen walked in front of them. The people from the Thunder Demon and Thunder Clan stared at Long Chen's neck for a long time, before letting out sounds of shock. To them, this was just too mysterious.
