

War God 831

Chapter 831 - Mysterious Emperor Key

"What the hell is going on? You're not dead?" Suixue wiped away her tears and choked with sobs.

"It's a secret, but why are you crying? You can't bear to see me die? Why did you still kill me yesterday?" Long Chen teased softly.

"I'm ignoring you!" Sanxue bit her lips and glared at Long Chen. After hearing Long Chen make a joke, her mood actually improved a lot.

"Since we have already obtained victory, our journey shall be over. Let's return to the Cyanwood Heaven City now." Seeing them make fun of him, Bai Lan laughed and said.

At this time, the three forces had nothing to say to each other. Victory had already been decided, and the yellow emperor's key in Long Beard Man's hands would be given to the demons, this was already a foregone conclusion. Of course, the yellow emperor's key couldn't be handed to the demons right now.

"Wait, we can't go. There will be news soon," Just as everyone was about to leave, Long Chen said something strange.

"What?" What did you say? " Bai Lan and Lei Ji looked at each other in dismay as they asked in doubt.

Long Chen had already used his Spirit Devouring Demon Pupil and saw a few people rushing towards the Everlasting Battlefield.

A few days ago, Cat was at the center of Bewildering City, and heard that the demon clan members wanted to take out the last Mysterious Emperor Key and get the news of them reaching the Sky Water Tianshui City.

He reckoned that the news would arrive soon. After all, they had the means of communication, so spreading the news would be much faster than walking on foot.

Just at this moment, a man ran over from afar. Bai Lan and the others looked at him and saw that it was one of the Demon race's people, the seventh stage of the Earth Martial Stage, mainly in charge of intelligence.

Very quickly, he rushed over here. Seeing that there were a lot of people here, he immediately whispered something into Bai Lan's ears. Long Chen could vaguely hear the words Mysterious Emperor Key and Tianshui City, which was about what he expected.

After Bai Lan finished listening, his expression changed. Naturally, Lei Ji, who was beside him, heard it too.

After the Demon race's people informed them, Wind God's lineage and Five Elements Alliance also came over in succession to notify them. For a moment, the three forces all knew about the appearance of the last Mysterious Emperor Key in Tianshui City.

"All five emperor's keys have appeared. Will the Archaic Graveyard open that Five Emperors' Treasures this time?" Bai Lan and the rest were all surprised.

Not only did the Thunder Clan and the Demon Clan hear of this, even the Wind God's lineage and the Five Elements Alliance knew of it. This meant that Bai Lan had to make up his mind quickly.

Therefore, Bai Lan quickly gathered everyone together and said: "The Mysterious Emperor Key's appearance in the Tianshui City is extremely important. The Tianshui City is in the middle of the whirlpool in the Tianyi Lake, and most people are unable to enter, so if you want to compete for the Mysterious Emperor Key in the Tianyi Lake, it would need strength like mine and Brother Lei's to be effective. In order to avoid unnecessary casualties, other than Brother Lei, the rest of you should return to guard the Verdant Wood Heavenly City and wait for news on the two of us!"

"Brother Bai's words are reasonable. The people from the Thunder Clan should all return as well. Furthermore, the majority of our clan should return to the Cyanwood Heaven City. Although we have come to the Archaic Graveyard, we cannot suffer too many casualties." Lei Ji decisively instructed.

Those experts at the ninth level of the Earth Martial Stage naturally had no objection to those like Thunder Demon. Su Xue didn't object, of course Long Chen didn't want to go back to the Greenwood Sky City. He had wanted to mention his idea, but a thought came to his mind and if he didn't say anything, it would be equivalent to obeying the orders of Bai Lan and Lei Ji.

After giving out your instructions, Bai Lan looked at Long Chen and said, "Amongst the Thunder Demons and races, you are the strongest right now."

Long Chen felt that this Bai Lan seemed to know his plan, but there were some things that he had to do, thus Long Chen hurriedly said: "Don't worry, nothing will happen."

Bai Lan and Lei Ji immediately took action. Just as they were about to set out, and Feng Qing, as well as the five clan leaders and the others from the Wind God's lineage, suddenly walked out from the queue at the same time. Without saying a word, they headed in the direction of the Tianshui City.

The Tianshui City was originally a place that the Five Elements Alliance occupied!

Seeing their actions, although Long Beard Man didn't know what was happening, he knew that he just needed to follow the others.

All of a sudden, all of the Heaven realm experts moved at the same time, heading in the direction of the Tianshui City, leaving behind the rest of the people here.

"Princess, Prince Consort Ma, don't fight with others. Let's head back now." A clan elder of the demon race hurriedly said.

At this moment, Long Chen's gaze met with Wind God's lineage's Feng Zhilin. Looking at this young lady who seemed to have lost his soul, the corner of Long Chen's mouth revealed a trace of a cold smile.

The heavily injured Wu Guangyu was currently lying in her arms.

"Long Chen, what are you looking at?" He kept having the feeling that there was something going on between Long Chen and Feng Zhiling.

"Nothing, let's go." Long Chen laughed.

"Xiao Lang, just you wait, I'll kill my way back here!" This was what Long Chen had said to Mo Xiaolang before he left.

Aside from the top factions, the rest of the teams from the three big factions all went back to where they were stationed. Under Wu Lian's instructions, the people of the Wind God's lineage all headed towards the Huge Liujin City, where the wind race was located.

That place was a little closer to the Tianshui City, so when they returned, they were about to go there first.

The Everlasting Battlefield suddenly became empty.

Following the group of demons, Long Chen walked for a distance before suddenly saying, "Everyone, I think for a moment, I still want to make a trip to the Tianshui City. You guys can head back to the Greenwood Sky City first."

Long Chen's sudden decision made everyone a little curious. Of course, Long Chen already had a very high status in the Thunder Clan and Demon Clan.

"With my dad and Thunder uncle, what are you going to do?" Pure Snow asked.

With my strength, I am already able to enter the region of the whirlpool. Looking for that Mysterious Emperor Key, it is more based on luck than finding it, I can still be of help in the past, and the battle skill that I am training in, requires a treasure of the water attribute. Thus, I wish to look for it in the Tianshui City.

"No, I have to go with you." Pure Snow was still worried as she hurriedly said.

"Let's go back." Long Chen glared at her, then bid farewell to the others.

The Princess Suanxue who was dignified and noble in front of everyone, yet looked like an aggrieved little girl beside Long Chen, was practically like Princess Su Yan, which greatly broadened everyone's horizons.

"Be careful." When Long Chen was really about to leave, Sanxue finally said worriedly.

"Don't worry, it's fine. You guys take care of your safety too." Long Chen walked halfway before turning his head back and waving a hand at them. Then, he quickly disappeared into the dense forest surrounding the Greenwood Region.

"What a strange person. I still can't figure out how he managed to survive Wu Guangyu's sword attack."

"I don't know either. From the moment Long Chen appeared, he seemed to be a freak, and there didn't even seem to be anything that he couldn't accomplish. That Mysterious Emperor Key really might be obtained by him."

"Of course." Pure Snow proudly said.

"The Princess Suanxue is really blessed. With such a good husband, when we return to the Realm of Myriad Kingdoms, all of you will hold a grand wedding. When that happens, the billions of people in the Realm of Myriad Kingdoms will know that the princess' husband is even more talented than the princess and will be even more powerful!"

Everyone started to make fun of him.

The two brothers, Lei Wen and Lei Wu, also followed suit and jeered.

"It would have been great if he was like you guys, but that guy's heart is not on me at all. Furthermore, with Yan Er being so attached to him, it's not my place ..." Although Sanxue's face was bashful, her heart was incomparably bitter.

Amidst their laughter, they continued to head towards the direction of the Cyanwood Heaven City. However, they did not know that a storm was forming behind them, and that the origin of the storm was none other than Long Chen.

At this time, when Long Chen turned back, he was able to easily find the Wind God's lineage's team by relying on the Spirit Devouring Demon Pupils. From the looks of the Spirit Devouring Demon Pupils, other than Feng Zhilin, Wu Guangyu, Little Wolf, there were also a few other elders and the like in the group of Wind God's lineage s.

In terms of cultivation, all of them were at the ninth stage of the Earth Martial Stage.

If Long Chen wanted to kill this group of people, he would have to pay a certain price. If one of them were to escape, and let Wu Lian know that Long Chen had killed all these people, then even Bai Lan did not know if he would be able to protect him.

"Wu Guangyu is under their protection, so I can't intercept him like this. It looks like I need to wait for Wu Guangyu's injuries to heal a little, and then get Little Wolf to lure him out."

On one hand, Long Chen wanted the little wolf to return. On the other hand, Wu Guangyu had to die.

Long Chen was not a merciful person, he was someone who wanted to take away his life in the past. In fact, the previous Blue Lotus Sword Art almost took away Long Chen's life, and Long Chen would not let it go so easily.

Wu Guangyu was currently injured, so he naturally could not lure him out immediately. If Long Chen wanted to kill him without anyone noticing, he could only lure him to a place without anyone noticing and kill him secretly.

"According to Bai Lan, Wu Lian is even more powerful than him, I can't afford to provoke her, so I'll have to make sure of it this way."

All of these were Long Chen's plans.

In the decisive battle, he couldn't kill Wu Guangyu, so he had thought of the Mysterious Emperor Key at that time. Wu Guangyu was already severely injured, so it was obviously impossible for him to go to the Tianshui City with Wu Lian.

Chapter 832 - Tail

Long Chen reckoned that the others would send them back to the god race or wind race to recuperate, so he decided to follow Wu Guangyu back.

Amongst the five major cities of the Five Great Regions, the Huge Liujin City was actually the closest to the Everlasting Battlefield.

On the way, Long Chen had always followed their team, and also made contact with the wolf cub, who also found out about Long Chen's plan.

"Don't worry, big brother. When the time comes, I will definitely obliterate this kid." Although Mo Xiaolang appeared calm on the surface, there was actually a wolfish nature in his heart. Especially after he had become a Sun Devouring Demonic Wolf, Wu Guangyu had caused them to experience so much suffering, so it was natural that Mo Xiaolang had not let him off.

With the wolf cub's words, Long Chen could finally relax.

Wu Guangyu's injuries, under the nourishment of the god race's large amount of spirit medicine, gradually improved. After today's time, he would more or less recover and be able to fight normally.

However, even so, Long Chen was still unable to find an opportunity to lure Wu Guangyu out. The people of the Wind God's lineage, whether it was day or night, travelled quickly.

"It looks like we can only wait for Huge Liujin City." Long Chen was not in a hurry.

He was like a ferocious tiger that was waiting for its prey to fall into its trap. During this process, he could not be anxious and would only lose the opportunity to hunt its prey.

Thus, he followed the rest of the group, and headed in the direction of the Huge Liujin City.

Because at the last moment, Wu Guangyu had lost to Long Chen, so even though he had already recovered from his injuries, his expression was still very gloomy, all the way here, he did not say a word, his face was frighteningly gloomy, Wu Guangyu's strength, was already stronger than the elder-level experts, so those experts did not dare make a sound, and only hoped that Feng Zhiling could advise them a little.

Feng Zhilin's words were effective for Wu Guangyu since Feng Zhiling was his fiancée after all.

Under the instigation of the other elders, Feng Zhilin had no choice but to get close to Wu Guangyu. When Wu Guangyu unleashed his Blue Lotus Sword Art, he had already fallen in love with this man, and did not dare to say anything.

"I don't know either, but in the end, what method did Long Chen use, to not sustain any injuries at all. I clearly saw your sword slashing through his neck!" Beside Wu Guangyu, Feng Zhilin lightly bit her lips, and said with a bit of heartache. This was because the person in front of him, who had eyes that were

filled with confidence all the time, now had a face full of gloom, as if he had been through a great deal of bruising.

"Is he, an undying monster?" Wu Guangyu finally spoke, but the expression on his face was extremely unnatural. There was some pain, also some disbelief, and also an intense unwillingness and fury.

"Even he can't use this kind of method. If he really is an undying monster, wouldn't he be invincible? Why would I let you steal his pet?" Feng Zhilin explained.

When he heard the two words "Sun Devouring Demonic Wolf", Wu Guangyu's gaze turned to the little wolf behind him. Suddenly, it lit up as he roared in a low voice, "No, I can't lose like this, I'm Realm of Myriad Kingdoms's number one genius, how can I lose to such an unknown nobody!? Sun Devouring Demonic Wolf! This Sun Devouring Demonic Wolf was originally his, and today, I will bring it along to kill Long Chen!"

When he said he would sit, he immediately walked in the direction of the Greenwood Region with a crazed expression. At the same time, he used a secret technique to control the little wolf.

"No way!" Not only Feng Zhilin, but the other elders also stood in front of Wu Guangyu. One of the older elders said: "Young master, now is the time for Master to fight with the other strong experts over the Mysterious Emperor Keys, this is a great matter regarding the Five Emperors' Treasures, we cannot let it happen during this time period. Furthermore, you have not fully recovered from your injuries, and that Long Chen is cunning in many ways.

"Old bastard, are you saying that I'm not a match for Long Chen?" Wu Guangyu's expression was sinister as he looked at the old man.

"Can you not? When did you become so impulsive? No one had ever failed in their entire lives? If you go and kill him now, that will only cause trouble for the wind races of the god race. Calm down first and recuperate properly. Once you have recovered, you might have a way to kill Long Chen. He stole my Monolith of the War God and Sevenstar Monarch's inheritance, I want to kill him even more than you do!"

Standing in front of Wu Guangyu, Feng Zhilin hastily explained everything.

It was only after hearing Feng Zhiling's words that Wu Guangyu calmed down. Impulse was the devil, and Wu Lian had actually already told him this countless times. He knew that she had acted on impulse, and she had not fully recovered from her severe injuries. It was indeed inappropriate to look for Long Chen now. Moreover, as long as they were still in Realm of Myriad Kingdoms and the Archaic Graveyard, there were still countless opportunities to kill him, so there wasn't a need to rush at this point in time.

"Let's go back to the Huge Liujin City first. We'll discuss this further when we find out more about the Mysterious Emperor Key." Wu Guangyu calmed down, waved his hand, and said with waning interest.

"This is the true husband of I, Feng Zhiling." At this moment, Feng Zhiling, whose face was covered in frost, suddenly said something sweet. She smiled sweetly. Indeed, she was as beautiful as a flower.

Previously, Wu Guangyu had always been arrogant and despotic, but although Feng Zhiling respected his power, she didn't feel too much in her heart. After all, she was extremely proud herself.

The two of them were already engaged, and seeing that there were so many people present, they were too embarrassed to act rashly.

Hearing Feng Zhiling's words, Wu Guangyu's sullen face finally lit up. He stared blankly at the bashful Feng Zhiling and asked blankly: "I, I lost to Long Chen, don't you think I'm useless?"

You were able to use the Blue Lotus Sword Art, and even comprehend the first level of the way of the sword, Heart to Heart, which already proves how strong you are. You being defeated by Long Chen, is not a matter of strength, back then when I was stronger than him, didn't I still lose to him, as long as you recover from your injuries and make a comeback, you might actually be his match. Feng Zhiling looked at the man who belonged to her in fate, and said with a gentle smile.

She didn't know why she became like this, but she suddenly realized that her fate had been tied to this man's since she was young. Before this, she had always been very unconvinced, but now, it seemed that other than him, there was no one else who was suitable for her.

Seeing how harmonious these two youngsters were, the others were also elated.

With the nourishment from the woman, Wu Guangyu's face became a lot better. The haze from before was swept away, and everyone was in high spirits. As if they had won a round of victory, they rushed towards the Huge Liujin City.

Mo Xiaolang's gaze looked behind him in a certain direction, and the corner of his mouth suddenly revealed a trace of a cold smile.

"When we arrive at Huge Liujin City, the time is about right. Big Brother, let's make our move earlier. I can't wait any longer!"

After a few days of travel, the Wind God's lineage's team finally returned to the Huge Liujin City, where they were gathered.

The news of the Martial Arts Competition's result had already spread throughout the entire Archaic Graveyard. With Long Chen's birth, the news of him defeating Wu Guangyu in the end had already spread far and wide, making everyone aware of it.

This news was naturally hard for everyone to accept.

It could only be said that it had greatly exceeded his expectations.

Before Wu Guangyu and the others came back, the others had already been discussing it for a long time. However, they were worried that it would affect Wu Guangyu's mood, so the elders of the upper echelons had already discussed it with the others in advance.

Thus, when Wu Guangyu and the others returned, what they saw was the entangled smiles on their faces. Seeing that so many people did not discuss their own failures, and even ridiculed them, Wu Guangyu's tensed mood relaxed greatly.

Amidst the cheers of the crowd, Wu Guangyu gradually tightened his fists. If he met Long Chen alone, he would bring Little Wolf along.

"Let me defeat you together with your previous pet beast. I'll let you have a taste of what it feels like to be killed by something closest to you."

Thinking this, Wu Guangyu, who was behind him, did not know how he could lure Yue Yang out.

Because the wolf cub knew that Long Chen was already outside of Huge Liujin City, waiting for the right opportunity.

By the time Wu Guangyu and the others returned, it was already evening. Because Wu Guangyu had received heavy injuries and did not like to be disturbed, he even wanted to recover his true essence properly.

Night quietly descended.

At this time, in Wu Guangyu's residence, he was currently training to recover the exhausted primeval essence. In the past few days, he had already recovered more or less, but because of his previous failure, his heart was already clouded. He needed to restore himself to the most perfect state before he could feel at ease.

The true essence within his body, which was the ninth stage of the Earth Martial Stage, was flourishing to the extreme.

In front of him, an azure lotus could be seen hovering in the air. This was a high-grade Royal-ranked divine weapon, the Azure Lotus Divine Sword!

Yet the little wolf was currently guarding outside of Wu Guangyu.

"It's time to lure him out," Mo Xiaolang said as he received Long Chen's orders.

When the wolf cub was about to make his move, Feng Zhiling came. She hadn't showered for several days, and after coming back, Feng Zhiling must have taken a good bath. She was wearing a snow-white dress and a hairpin, which made her look very beautiful.

Since Feng Zhilin was here, Mo Xiaolang was not in a hurry to take action.

Chapter 833 - Beauty in the Heart

A notice to recruit the librarians will be released in an hour. Please take note, the madmen will need your help.

Before entering Wu Guangyu's residence, Feng Zhilin glanced at Mo Xiaolang.

At the moment, Mo Xiaolang's eyes were glazed, as though he had been controlled.

"Was it my imagination? "Why does it feel as if this demon beast was emitting a strong killing intent?" Feng Zhiling shook her head and looked at the wolf cub for a while. After confirming that she was mistaken, she walked in.

The reason why she disturbed Wu Guangyu when he was cultivating was because she was still worried. If Wu Guangyu still could not let go of the inner demons at this time and went to deal with Long Chen, then it would be terrible.

At this time, in her heart, Wu Guangyu was indeed an extraordinary expert, but he was even more of a mysterious nightmare.

The Huge Liujin City was everywhere. Naturally, it was not as beautiful as the people of the wind race. However, under the dressing of the people of the wind race, they dressed up like normal houses.

When Feng Zhilin came to the door, Wu Guangyu had already heard his voice. He stood up with a smile and a warm smile on his face, because he could smell the fragrance of her body.

"I never thought that after losing, Little Sister Ling would be so loyal to me. If that's the case, wouldn't I have to thank Long Chen?"

Wu Guangyu naturally saw Feng Zhiling's change.

wind race had followed the god race for so many years, and had always been a servant or slave. In the eyes of the god race, their position actually couldn't compare to the position of the Thunder Clan in the eyes of the demons.

If Feng Zhilin married Wu Guangyu, the situation would probably change.

After all, the two of them had an extraordinary status in their respective clans. Wu Guangyu was the successor to the God Clan, an extraordinary genius.

"Little Sister Hailin, you're so beautiful!" After Feng Zhilin walked in, Wu Guangyu suddenly felt as if his eyes had shined. He was praised all of a sudden, and the tall and big man in front of him was looking at him with blazing eyes.

"The man in front of me is my future husband," she hinted to herself. This made her feel much more normal. Now that he thought about it, Wu Guangyu's status was extraordinary, and her cultivation was extremely high, but she was able to always be obedient to him, which meant that she really liked him,

while he had always given her a look, causing her to feel very embarrassed. She lowered her head and said, "Guangyu, I"

"You should have called me Brother Yu." Wu Guangyu saw that Feng Zhilin actually had the appearance of a shy little girl, and was moved, and immediately said.

"Brother Yu, before this ..." Feng Zhiling paused, raised her head and said boldly: "Before, I was still a little rude towards you, and you can still bear with me. I came today to apologize to you. I have thought it through. You are an extraordinary expert, and you are also very good to me!

What did she mean?

Wu Guangyu's mind raced, he had coveted Feng Zhiling for a long time, but he just did not want to disrupt the relationship between the two races, so he did not use force against Feng Zhiling. Up till today, although Wu Guangyu had secretly enjoyed the taste of the god race's women, but none of them had the charm of Feng Zhilin.

Wu Guangyu was extremely excited in his heart, but he knew that he couldn't be too hasty. Thus, he said: "I have never blamed you, as long as you like it, you can do whatever you want to me. I'm your future husband, and I also like you, so I naturally will spoil you.

Feng Zhilin was no exception. If it was someone else who spoke to her in such a manner, she would have slapped him a long time ago, it was just that the mighty God Clan's Young Master was being so gentle to her. She was becoming more and more immersed in the taste of love, her heart unexpectedly beating faster under Wu Guangyu's passionate gaze.

A few days ago, when she saw her imaginary enemy, Sanxue, together with Long Chen, crying so hard that her face was covered with tears because of Long Chen's death, she was extremely jealous. Only now did she remember that she also had an outstanding man, and that he did not lose to Long Chen.

Wu Guangyu had even comprehended a level of sword dao, his strength had risen very quickly. As long as he reached Heaven Martial Stage, he would basically be invincible in the first stage, and would immediately become a rarely seen expert in the Realm of Myriad Kingdoms. Such a strong expert, if Feng Zhilin could firmly pin him down and confuse him to death, his future benefits would be endless.

This was what Feng Qing had reminded her countless times.

Previously she was lazy, but today she was finally aware of the crisis.

This was why he had dressed up meticulously. The faint fragrance filled the small room with an ambiguous and charming atmosphere.

The two of them sat on the same bed and started to chat. One of them was tempted to move, the other wanted to let go of both their bodies and minds to tie the other up, and under such a situation, the two of them had an unprecedented opportunity to strike up a bet.

"Little Sister Hailin, wait for us to leave Archaic Graveyard and we'll get married. At that time, I will let everyone in Realm of Myriad Kingdoms know that you are my bride. I will hold the grandest wedding ceremony in Realm of Myriad Kingdoms, and let you marry into my god race, and become my, Wu Guangyu's woman! "

Wu Guangyu said with blazing eyes.

His fiery gaze and heavy breathing made Feng Zhiling feel a little overwhelmed.

"Since he loves me so much, it doesn't matter. In any case, we have to marry him. To have a husband like him, his potential is limitless. Sooner or later, he will become a peak expert. That doesn't seem bad either."

In reality, neither of them had love at all. One reason was to get their hands on the other's body as soon as possible, and the other was to value the other's strength, potential, and status.

Until the middle of the night, Wu Guangyu had no intention of letting Feng Zhilin leave. Instead, under his teasing, the atmosphere became more and more ambiguous, until finally, Wu Guangyu was holding Feng Zhilin's delicate body in his arms.

With their bodies in contact, the two's lust for food increased even more. With the meat in front of his eyes, how could Wu Guangyu not eat it? He had coveted this piece of meat for many years already, today was a great opportunity, and when he was deep inside, Wu Guangyu took advantage of the fact that the other party was not paying attention, and his pair of Lushan claws had already begun swimming under his opponent's clothes. The moment Feng Zhilin wasn't paying attention, she would immediately get the advantage, and started gasping for breath, and her whole body became very hot.

She, who was still in her human condition, felt that she had lost her way after receiving such a passionate shock. But when she remembered that the two of them were not married yet, she

immediately took Wu Guangyu's hand and said frantically: "No, we are not married yet, and cannot do such a thing!"

My good girl, who would wait for my wedding now, this Archaic Graveyard still has half a year of time, I can't take it anymore, little sister Hailin, I really like you, for you, I am willing to give up everything, can you please trust me? Wu Guangyu pretended to have an extremely uncomfortable look as he pleaded.

"No, no!" Feng Zhiling was still hesitant. Although he said he wanted to tie him up, it wasn't worth it to hand over his virginity so quickly, was it?

Of course Wu Guangyu wouldn't give up like that, Feng Zhilin didn't decisively reject him and instead slapped him, which meant that the chances were really high, so he wasn't discouraged at all, he just forced himself to stop. Countless sweet words and assurances came out, causing Feng Zhilin to gradually loosen up.

She indeed felt that this would not do, but with Wu Guangyu's old tactic, she had already lost the initiative when he did not refuse at the first possible moment.

"In the future, no matter what you want, I can give it to you. No matter if it's the Blue Lotus Divine Sword, or that Sevenstar Monarch's legacy, I will snatch them both for you. Today, I risked the danger of being injured and used the Blue Lotus Sword Art to kill Long Chen, wasn't it just to vent your anger?"
"Sister Hilin, I am sincere. Can't you feel it?"

Wu Guangyu's last sentence, finally moved Feng Zhilin.

"Whatever, it's an engagement, sooner or later he'll be his man, so I don't care about the time anymore. Otherwise, like last time, I would have taken advantage of Long Chen." At this moment, Feng Zhiling was a little confused.

Under Wu Guangyu's experienced attacks, she gradually relaxed his resistance. Under's male-like aura, she quickly discovered that her whole body had gone soft and entered a state.

In the small room, on the comfortable bed, spring light shone.

No one knew that the young masters of the two Wind God Clans were currently in the middle of a merry affair with a fish. Of course, without Wu Guangyu's instructions, they wouldn't have come to disturb them.

Gradually, under Wu Guangyu's gentle caress, Feng Zhilin closed her eyes and let out a light snort. She was also a decisive and murderous woman, but in terms of lust, she was indeed just an outsider. Of course, under the influence she had experienced since she was young, she did not hold much importance towards this matter. Otherwise, she would not have been so careless and allowed Wu Guangyu to violate her.

If Feng Qing found out about this, he would probably praise her for finally being sensible.

He already had an engagement, if he came to do this again, the matter of Feng Zhilin marrying Wu Guangyu would become more and more certain.

Time slowly passed, and as Wu Guangyu attacked bit by bit, Feng Zhiling gradually became addicted, and the sounds she made unconsciously became louder and softer. Very quickly, Wu Guangyu was unable to resist from stripping her body clean. Under the moonlight, he was sizing up her perfect body, and under the moonlight, Feng Zhilin's fair and tender skin was shining with a sparkling light, as though she was the most beautiful work of art.

"I should have attacked such a beauty a long time ago. I was too focused on my training earlier and forgot about my fiancée ..."

Chapter 834 - Thunderbolt on a Clear Sky

The willow tree that was planted by accident in the past had now turned into a shade of green.

Long Chen and Mo Xiaolang had always been conflicted on how to get Wu Guangyu out. Unexpectedly, at this time, Wu Guangyu's clothes were in a mess, and like a wild beast, he quietly rushed out of the Huge Liujin City.

If anyone else knew about this, they would have stopped Wu Guangyu, so he had left quietly. Other than Feng Zhilin, no one knew that he had left the Huge Liujin City, and even if they knew about it, they would not be able to catch up with Wu Guangyu.

"The heavens are truly helping me, the heavens want you to die." Looking at Wu Guangyu who was quickly rushing forward in the darkness, Long Chen grinned.

Without saying a word, he chased after Wu Guangyu. When he reached a place where there was absolutely no one around, he would be able to appear.

The Archaic Graveyard was so big, there were many places with no people.

With the Spirit Devouring Demon Pupil, Long Chen could definitely hang onto Wu Guangyu from within a kilometer of him. And there was even Mo Xiaolang as the contact, Long Chen would definitely not throw it away. Under the night sky, it was the most suitable opportunity to make a move.

steel jungle shot up into the sky.

Many people's line of sight were blocked by the steel jungle.

Of course, Long Chen still did not know what exactly had happened. If he knew that it was because of the 'shameful deeds' he did at the Seven Glorious Star Tomb, he would have definitely lied down.

Who would have thought that it would play a key role today.

"After four months, you made me suffer so much. Today is the day I, Long Chen, will repay you."

In the vast darkness, Long Chen found a place where there was absolutely no one, and suddenly accelerated.

, who was in a rage, felt the movement behind him.

In the middle of steel jungle, Long Chen's arrival quickly caught the other party's attention. He slowly stopped his steps and turned his head around abruptly. The man that he wanted to kill even in his dreams was currently standing twenty meters behind him.

At that moment, Wu Guangyu thought he was dreaming.

He had even wiped his eyes, thinking that he had seen wrongly, but after several times of confirmation, he was absolutely sure that the person who was standing in front of him right now, was Long Chen!

"Long Chen, why are you here?" Flames were spewing out of his eyes the moment he saw him, and he felt as if he was about to explode. Although he was already suppressing it, when he thought of the image in his mind, of Feng Zhilin allowing Long Chen to humiliate her as he wished, and even the image of himself marking her buttocks, he was completely unable to calm down.

In the previous battle, Wu Guangyu thought that he would definitely be able to kill Long Chen, but Long Chen's Time Reversal Technique had indeed shocked him. Right now, the reason why he dared to find Long Chen was because he had a backer in his heart. This backer, was a Sun Devouring Demonic Wolf that could unleash the Nine Serenities Devil Ancestral Fire!

Looking at the furious Wu Guangyu, Long Chen laughed softly and said: "Why am I here? It's very simple. For the sake of the oath I made before, I once said that I would kill you. Martial Arts Competition didn't have this chance, so I could only wait until this moment. "

"Hmm?" Long Chen was so bold, Wu Guangyu could only think that he had no idea how powerful the little wolf was. At this moment, the wolf cub was already a ninth level king level demonic beast. He was not far from reaching the Royal Grade.

Chapter 835 - Reunion

Beneath his rage, Wu Guangyu sneered. There was nothing else to say, his purpose for coming out was to kill Long Chen, and now was the most perfect chance. He waved his hand, and without a word, signaled the little wolf to return to its original form!

"Your former pet now belongs to me, Wu Guangyu. Your woman, Sanxue, will only one day belong to me. As for you, rest in peace today!"

Long Chen had played with his woman, if he did not play with her, how could he be willing?

As for Feng Zhiling, he was no longer interested.

"That fellow came out late into the night just to kill me. Why does the expression in his eyes look as though I've played with his woman?" Long Chen thought suspiciously, then remembered what he had done to Feng Zhiling back then in the Seven Glorious Star Tomb. Long Chen immediately understood.

It must have been the scar on Feng Zhiling's body that showed up.

Thinking about it this time, Long Chen laughed out loud, and said: "Seems like you found out about the matter between Feng Zhiling and me, hah, that day was truly wonderful, a whole day and night. Your fiancée, under my orders, coordinated with me to change positions, continuously pandering to me, and then gave me such a wonderful girl first.

Long Chen's words made Wu Guangyu's face instantly turn purple, like pig liver.

"Long Chen" Wu Guangyu panted heavily.

Very quickly, he turned into a Sun Devouring Demonic Wolf from a humanoid shape, and was already a king level 9 Sun Devouring Demonic Wolf. His body was naturally enormous, but under Mo Xiaolang's control, his body became around ten meters tall, which made him the most suitable state for battle.

"A level nine king Sun Devouring Demonic Wolf, this is beyond your imagination. Today, I will turn you, Long Chen, into an ice cube, and I will take good care of everything that you have left behind. If you take away my things, I, Wu Guangyu, swear today that I will take them all back!"

It was almost a roar, but Wu Guangyu said something like that.

His trump card was naturally the Sun Devouring Demonic Wolf.

The corner of Long Chen's mouth raised into an almost invisible smile.

"Big brother, this is a great opportunity." As he used the Spirit Beast Language, Mo Xiaolang was currently communicating with Long Chen in various ways.

"Time is of the essence, finish the battle quickly." Long Chen said.

And at this time, Wu Guangyu, who couldn't wait to cut Long Chen into a thousand pieces, had already taken out the Blue Lotus God Sword. He had just recovered from his severe injuries, and was no longer willing to cross that many levels to use the Blue Lotus Sword Art that he could no longer control, but with the attacks of the Sun Devouring Demonic Wolf, Wu Guangyu was absolutely confident that he could kill Long Chen!

"Little Black, let's cooperate well!" Wu Guangyu informed the wolf cub. The Sun Devouring Demonic Wolf behind him nodded, and Wu Guangyu then relaxed.

"Is this the beast spirit transformation again?" The Beast Fighters is the last, and my Sword Fighter is countless times stronger than yours. Today, I will definitely let you learn the glory of the way of the sword! "

Wu Guangyu roared, his body moving like a ray of green light, he instantly rushed towards Long Chen. Behind him, the Sun Devouring Demonic Wolf released a loud roar, and with a sou sound, it rushed towards Long Chen.

"The Nine Prefectures' Sword Art, One Sword Radiance, Cold Nine Prefectures!" The moment he made his move, Wu Guangyu immediately used the Peak Anxiety Middle Tier Battle Skill. This was his strongest battle skill excluding the Blue Lotus Sword Art, even in the Realm of Myriad Kingdoms, no young man would be able to block this move!

Relying on the fusion of the three Great Emperor Prints, it was Long Chen's first time breaking through this move of his!

"If I use the Blue Lotus Sword Art, you will be able to revive, but the Sun Devouring Demonic Wolf s have completely turned your body into ice, so how can you be revived?" Wu Guangyu's plan was to use this move of his to suppress Long Chen, or at least restrict him. As long as he restricted it, the Sun Devouring Demonic Wolf would be able to unleash the Nine Hell Devil Ancestral Flame, and at that time, Long Chen would not even be able to dodge it.

Using Long Chen's own pet beast to kill himself, made Wu Guangyu's originally furious heart fill with a carefree feeling!

Up till now, he had never hated someone so much before. Long Chen's actions against Feng Zhiling had already pushed him to the edge of madness!

Indeed, in his anticipation, he saw Long Chen use the fusion of the three Great Emperor Prints that were once used to deal with him, Guang Han Nineteen Prefecture. This kind of terrifying technique had once injured Wu Guangyu, but this time, Wu Guangyu did not want to fight Long Chen to the death.

The Nefarious Spectral Demon Ancestral Fire!

After a few days, the might of the combination of the three Great Emperor Seals once again clashed with the Nineteen Coldlight Prefectures!

On Long Chen's palm that was covered in blood-red scales, the outlines of green, gold and red Emperor Prints appeared.

Suddenly, he pushed forward!

"Golden Emperor Heaven Shrouding Seal!"

"Emperor Qing Qing Tian Ji!"

"Scarlet Emperor Burning Heaven Seal!"

The three Great Emperor Seals quickly fused together. Under Long Chen's attack, at this moment, they clashed with the sword light of the Nineteenth Province! The power of the Three Great Imperial Domains's fusion had once again suppressed Wu Guangyu's sword light. That bright and resplendent sword light flashed in the night sky, but under Long Chen's attack, it was quickly sliced into pieces!

"Break!" Wu Guangyu let out a furious roar, crazily pouring out his true essence, allowing the power of a single sword strike, the power of 19 prefectures, to temporarily withstand Long Chen's attack. In that moment of life and death, Wu Guangyu let out a furious roar!

"Little Black!"

This was the name Wu Guangyu had given the Sun Devouring Demonic Wolf!

At this time, the two of them were in a stalemate, and it was the perfect time for the Little Wolf to make a move. Wu Guangyu's heart was already completely excited, he was even imagining the situation where Long Chen had been annihilated by the enormous Nine Hell Devil Ancestral Flame.

Sure enough, at this time, the Sun Devouring Demonic Wolf was in time. It opened its mouth and spit, instantly reducing the surrounding temperature by countless times. Black flames instantly appeared in the darkness.

Whoosh!

At this time, Wu Guangyu had already felt the power of the Nether Demon Ancestral Fire. He knew that behind him, the Sun Devouring Demonic Wolf was currently using the Nether Demon Ancestral Fire to attack Long Chen.

Victory could be decided in an instant!

From the look in Long Chen's eyes, Wu Guangyu could tell that the Nine Hell Devil Ancestral Flame was attacking him. In the next moment, Wu Guangyu was about to be burnt into a black block of ice!

Wu Guangyu would never have thought that he was pretending to be terrified!

In reality, Long Chen was already laughing in his heart. What he saw was that the Sun Devouring Demonic Wolf's attack was actually aimed at Wu Guangyu, and that large expanse of the Nether Demon Ancestral Fire, in the first moment, had already pounced behind Wu Guangyu. In fact, from the start, Wu Guangyu had felt that the might of the Nether Demon Ancestral Fire was about to descend onto his body, so he thought that it was just an illusion.

Moreover, Long Chen's fearful eyes had given him a huge misunderstanding.

When he finally discovered that the fatal danger was coming for him, it was already too late. The Sun Devouring Demonic Wolf was already behind him, how could he avoid it?

At this moment, Wu Guangyu was in a daze.

"NO!" "Why?!" The power in his hands could not completely support the sword art of the Nine Prefectures. Under the attack of Long Chen's three Great Emperor Prints' fusion, the Blue Lotus Divine Sword flew high into the air, and then, the power of the three Great Emperor Prints smashed Wu Guangyu right into the center of the Netherworld Devil Ancestral Flame!

BOOM!

In the midst of Wu Guangyu's terrified gaze, the fusion of Long Chen's Three Great Imperial Domains and Mo Xiaolang's Nine Hell Devil Ancestral Flame instantly trapped him in the middle!

In such a situation, even if an expert from the Heaven Martial Stage were to meet him, he would die without a doubt!

"No!"

The high-spirited Wu Guangyu, never would have thought that he would die in such a place. At this moment, his eyeballs were bulging, and there were bloodstains all over them!

Rumble rumble rumble!

It was useless if he did not believe it now, but Long Chen still smiled and increased his attack. Wu Guangyu was first burned into solid ice by the Little Wolf's Nine Hell Devil Ancestor, and then, under Long Chen's attack, all of the solid ice instantly disintegrated into black powder and completely disappeared into thin air!

Wu Guangyu, had completely disappeared from this world.

Before he died, his mind was only filled with Long Chen's ridiculing smile.

He finally understood that he had been toyed with by Long Chen throughout the match. He had never been able to control the Sun Devouring Demonic Wolf, and the Sun Devouring Demonic Wolf had always been under Long Chen's control.

This fact immediately caused Wu Guangyu to collapse.

In his heart, Long Chen was a nightmare.

Unfortunately, he no longer had any hope for revenge.

The black powder completely disappeared. Under the bombardment of the three Great Emperor Seals, nothing remained.

Wu Guangyu was completely dead.

Only after he died did Long Chen finally withdraw his Dragon Soul Transformation. At this time, Mo Xiaolang had already taken human form, and held the Blue Lotus Divine Sword in his hand, throwing it to Long Chen.

This was the spoils of war, so of course Long Chen wouldn't be polite. He kept the Blue Lotus Divine Sword into his Qiankun bag, and then, he hugged Mo Xiaolang!

"Little Wolf!"

"Big brother!"

Sensing the other party's powerful arm, both of them burst out in laughter.

"Motherf * cker, we've finally killed this fellow. If he dares to lay his hands on us brothers, this will be the outcome sooner or later!" Long Chen said with a smile.

He was very happy that he had finally fulfilled a long-cherished wish of his.

"Brother, let's clean up the place and leave quickly. It seems that Feng Zhiling will catch up with us." Mo Xiaolang said.

"She?"

Long Chen laughed, and unintentionally stuck himself into Liu Cheng Ying. He had only casually punished this woman back then, but he never expected that it would be so convenient for today.

"There's nothing to clean up. There's nothing left. Let's go first." Long Chen made a prompt decision and brought the wolf cub to leave the place.

Chapter 836 - Tianshui City

Wu Guangyu had been killed sneakily by Long Chen. He had thought that the Sun Devouring Demonic Wolf would kill Long Chen, but he did not expect it to kill him.

The cycle of karma, the word 'retribution', should be interpreted in this way.

Long Chen and Mo Xiaolang confirmed that there were no other traces in the area before they left. About fifteen minutes after they left, Feng Zhilin, whose clothes were still in a mess, came to this place.

"The sounds of the battle must have come from this direction. Why is it not there?" Feng Zhilin looked around, the entire place was filled with steel jungle, but there were no traces of Wu Guangyu.

"Long Chen is cunning. Even if Wu Guangyu has the help of the Sun Devouring Demonic Wolf, if he accidentally falls into his trap, then things will be troublesome!"

Thinking of this, Feng Zhiling started to panic. She had a hunch that something was wrong, but she couldn't detect anything.

"What is this?" In this steel-like land, Feng Zhiling felt a little cold. She bent down and looked at the black ice shards. These were just debris. It was indeed a little strange to see such fragments appear here, but this was the Archaic Graveyard. There were naturally a lot of strange things here.

"No, I have to hurry up and catch up with him!" The ice shards did not attract any attention from Feng Zhilin. She stood up immediately and continued to head towards the direction of the Cyan Wood City, while Long Chen headed towards the direction of the Tianshui City. As a result, Feng Zhilin gradually distanced himself from him.

Because of this, Feng Zhiling couldn't find him.

"What is this?" Suddenly, Feng Zhiling saw a black whirlpool in front of the steel jungle. This whirlpool was floating in the air, twisting the space and light, giving off a strange glow.

When she was still ten meters away from the whirlpool, she stopped her steps. She felt that the whirlpool was a little scary, but just as she was about to leave, the black whirlpool suddenly exploded with a strong force. Feng Zhiling found herself unable to resist it!

"Help!" Feng Zhiling's face turned pale. She had never thought it would turn out like this. She tried her best to resist, but the force kept sucking her in step by step. Within ten meters, she reached the edge of the whirlpool.

"No!" Feng Zhiling's face was filled with fear, and she let out a miserable scream, but it was useless. The black vortex was like a huge mouth, swallowing Feng Zhiling whole.

In the blink of an eye, Feng Zhiling disappeared from the Archaic Graveyard, and no one knew where she went. Even Long Chen did not know that Feng Zhiling would suddenly face such a change.

After absorbing Feng Zhiling, the black vortex rapidly shrank until it disappeared. It was completely empty, as if it had never happened.

"Big brother, what are you doing in Tianshui City?" Mo Xiaolang asked while they were rushing along the road.

Long Chen said, "I told Su Xue and the others that I was going to the Tianshui City. If I were to go back to the Cyan Wood Sky City now, it would definitely raise suspicions. Now that Wu Guangyu is dead, let's just pretend that he is missing. It has already taken me a lot of time to kill Wu Guangyu, so I should hurry to the Tianshui City now. Furthermore, I have trained in the Five Emperor Prints and can already use the fusion of the three Great Emperor Prints, so I am still lacking the Yellow Emperor Seal and Mystical Emperor Seal.

Mo Xiaolang said: "Among the Archaic Graveyard, there aren't many who can kill Wu Guangyu right now, and most of them have gone to the Tianshui City. What if they figure out it's you? And I'm still by your side. "

If anyone saw Mo Xiaolang standing beside Long Chen, they would have easily known that Long Chen had killed him.

Long Chen nodded his head: "This matter indeed requires some attention. That Wu Lian is a bit terrifying, I am temporarily not her opponent, so when we meet an outsider, you can only stay in the Great Void Realm. As for the murderer, I think there's someone else besides me. "

"Someone's here?" Mo Xiaolang asked weirdly, in his opinion, other than the people who went to the Tianshui City, there was also Long Chen. There was simply no one who could kill Wu Guangyu.

Long Chen then explained the six demon clan members' situation to them. Because he had left Long Chen's side, Mo Xiaolang was not very familiar with the matters of the Imperial Domain.

"There's actually such a group of people?" It seems like with us here, the situation is not looking good. Those people have plans to fight for the Five Emperors' Treasures, with their strength, we will definitely not be able to hold on.

"Yes, of course, not only that, I also want to know the way to the Three Great Imperial Domains from their mouths. They came from the Three Great Imperial Domains, so they definitely know the way to the Three Great Imperial Domains."

Mo Xiaolang suddenly nodded his head, and said: "Then that should be the one doing it with utmost caution. An emperor level demon beast is much stronger than an emperor level demon beast, so to be able to become a Demon Emperor, its status in the Desolate Imperial Domain must definitely not be low. I haven't even reached the royal level yet, but I already don't know how powerful these demi-humans are. "

In the Desolate Imperial Domain, the number of demon beasts exceeded Long Chen and Mo Xiaolang's imagination. There were hundreds of millions of demon clan in the Desolate Imperial Domain, and every race was large and small, with a large number of them. In the Desolate Imperial Domain, not all of them were able to transform into demon beasts that were King level or higher, and there was a large pile of Sky and Earth Profound Yellow Ranked demon beasts as well. As for the commanders of the normal clans, they were all Demon Kings, and the Demon Emperors were usually able to become the heads of some races.

The Demon Emperor was equivalent to a Heaven realm expert.

Above the Demon Emperor was the Demon God, which was equivalent to the A powerful warrior of the Divine Martial Realm.

The number of Demon Gods were not few in number within the Desolate Imperial Domain. The Demon God was the core of the Desolate Imperial Domain.

Long Chen's eyes flashed with worry, and he said: "There are countless experts in the Imperial Domain, to be able to come to the Archaic Graveyard and covet the treasures left behind by the Five Emperors, he should not be a weakling. At the very least, you have to be stronger than the strongest in the Realm of Myriad Kingdoms to be able to play with us. "

The Three Great Imperial Domains was vast and limitless, how could the current Long Chen imagine it?

After hearing such news, the two brothers looked worried, but Long Chen was confident.

The faster they got to there, the less chance they would think that he was the culprit. Furthermore, before they could even see Wu Guangyu's body, who knew if he was already dead?

"Uh, what is this thing?" When the little kitten appeared from within the Great Void Realm and its furry body appeared on Long Chen's shoulder, Mo Xiaolang was terrified.

"Idiot!" You don't even know your cat-lord? I know I'm good-looking, but can you stop looking at me like that? cat-lord is not interested in males! " The kitten looked at him with disdain, then used its furry, meaty claws to scratch him.

"Is this the fat cat? How did it become like this? " Mo Xiaolang was speechless.

This is the body of the Demonic Beast, Nightmare. The kitten has it, and as Nightmare grows older, the kitten's hallucination ability will also become stronger, which will be very helpful in battles. Your Nine Hell Devil Ancestral Fire is an attack that will definitely kill you, but it won't be easy for it to hit the enemy. Long Chen had already thought about this a long time ago.

"Bullshit, cat-lord is invincible and must cooperate with your little black dog. Back then, even if ten thousand Divine Martial Stage s were in front of this god, they would have been directly killed by this god in one breath!" The kitten said proudly.

Towards this kid who liked to brag, Long Chen and Mo Xiaolang both chose to ignore him.

"Hey, are you guys scared by this god's brilliant godly prowess?" The kitten said arrogantly.

"Phew ..."

An ice-cold Nether Demon Ancestral Flame appeared in the center of Mo Xiaolang's palm.

Seeing the Nefarious Spectral Demon Ancestral Fire, the little kitten trembled with fear and immediately hid behind Long Chen's neck and said fearfully, "Stupid scoundrel, what are you trying to do to me? Don't act recklessly!"

"Don't call me little black dog next time, my soul is a human, Mo Xiaolang!" Mo Xiaolang said indifferently.

"But you've already turned into a wolf! Good man, spare me! You're a human, a living person!" Under Mo Xiaolang's coercion, the little kitten moaned and spoke.

With Mo Xiaolang's return, its good days had already come to an end.

Mo Xiaolang was always easy going, but he liked to tease kittens. This was also a little part of his personality that was mischievous. Up till today, Mo Xiaolang had long treated Little Cat as his brother.

"Let's go, we will set off together. Our target is the Tianshui City!" Long Chen laughed, grabbed the kitten into Mo Xiaolang's hands, and then led the way as he quickly rushed towards the Tianshui City's direction.

The incident with the Mysterious Emperor Key was even bigger than the commotion caused by the nine clan young Martial Arts Competition s. The nine clan young Martial Arts Competition s did forbid others from getting close, so after hearing about the matter with the Mysterious Emperor Key, everyone headed towards the direction of the Tianshui City. By the time Long Chen arrived at the Sky Water Tianshui City, basically two-thirds of the people still alive had already arrived at the Tianshui City.

The attractiveness of Five Emperors' Treasures to everyone was incomparably great. No one knew who spread the news, but just by obtaining the Mysterious Emperor Key, one would be able to obtain two spots to enter the Five Emperors Secret Realm. The Five Emperors were the pinnacle legends of the Realm of Myriad Kingdoms, and the attractiveness of this Five Emperors' Treasures to everyone was even greater than their own lives.

When they rushed to Archaic Graveyard, many people had already thrown their lives out of their minds, so death was very normal for them. They had come here to stake their lives, and that Mysterious Emperor Key was the most important chance they had, so basically, no one was willing to give up on that chance.

Chapter 837 - Whirlpool at the bottom of the lake

Other than the heads of the nine great clans, there were many other ordinary warriors who came here.

Compared to the Mysterious Emperor Key, even the news of Long Chen actually defeating Wu Guangyu and becoming the strongest person in Martial Arts Competition did not surprise any of them. What they were more concerned about was the whereabouts of the Mysterious Emperor Key.

Logically speaking, this time, it was possible for anyone to obtain the Mysterious Emperor Key. Why would he say this, if he even had to talk about the environment of the Tianshui City?

At this time, Long Chen was standing beside the Tianyi Lake.

The Tianyi Lake was located in the very center of the heavenly water. To be honest, in the heavenly water, there was even more water than land, and lakes of various sizes could be seen everywhere. This Tianyi Lake was one of the biggest. Standing on this piece of Tianyi Lake, Long Chen couldn't even see the other side of the Tianyi Lake, which showed just how huge this Tianyi Lake was.

The size of the Tianyi Lake was almost comparable to the size of the trees below the city.

In the center of the Tianyi Lake, there was a city standing on the water. This was the legendary Tianshui City, from afar, the Tianshui City looked white, like a pure white castle. In terms of elegance and the amazement of the buildings, the Tianshui City was about the same as the Verdant Wood Heavenly City.

The water within a kilometer radius of the Tianshui City was extremely calm, but outside of this mile radius, the situation had completely changed. Inside the Tianyi Lake, other than the Tianshui City in the center, the water from other places was actually spinning at high speeds around the Tianshui City, forming a gigantic whirlpool.

The entire Tianyi Lake was basically spinning.

Even if one entered the Tianyi Lake, they would simply not be able to stand steadily in the middle of the whirlpool. Even if it was Long Chen, the movement inside the whirlpool would probably be affected greatly. Of course, Long Chen knew that with his group's strength, it would not be easy to find the Mysterious Emperor Key in the whirlpool.

He did not know how the news had leaked out, but someone had personally witnessed the Mysterious Emperor Key fall from the sky and fall into the Tianyi Lake's whirlpool. Right now, the Tianyi Lake was packed with experts, but it was already too late when the heads of the nine great clans arrived. However, most of the warriors were wandering around inside, it was not easy to find the Mysterious Emperor Key.

Moreover, if more people stayed inside for too long, they might be directly injured or even die from the impact.

People die for money. Even if they saw others die, no one would stop their passion.

These Mysterious Emperor Keys were extremely important to the nine great clans, especially the people of the Five Elements Alliance. There were many of them in the Five Elements Alliance, but there were only two spots currently, so they had activated the power of the five great clans and were searching for the Mysterious Emperor Key.

The Five Elements Alliance was originally a place where the Water Clan and Wood Clan were stationed, so when the Mysterious Emperor Key appeared, the Water Clan and Wood Clan people all entered into the whirlpool. The Five Elements Alliance people were very tyrannical, and had already warned the normal warriors not to enter, but there were too many warriors, so when the clan warriors left, they could not stop them.

By the time those people returned, the place was in chaos. However, there was still no news about the Mysterious Emperor Key.

The people from the Five Elements Alliance were worried that the Mysterious Emperor Key would be taken away by some normal warriors, so many strong warriors were sent out to kill the normal warriors and chase them away, causing a huge disturbance. In the Tianyi Lake, there were already many dead people.

Originally, the Five Elements Alliance wanted to join hands with the Wind God's lineage and the nine great clans to chase all the warriors out. However, Wu Lian and Bai Lan ignored them and went to look for the Mysterious Emperor Key herself.

The one who wanted to obtain the Mysterious Emperor Key the most was the Five Elements Alliance.

Bai Lan and Wu Lian did not want to form a huge feud with these ordinary warriors. After all, the most important thing for Realm of Myriad Kingdoms was still these ordinary warriors.

In this way, only the people from the Five Elements Alliance were dealing with these people. In a short amount of time, they were slaughtering their way through, and at this moment, the gigantic Tianyi Lake had already been dyed in blood.

Killing people for treasures, and even merging ancient tombstone token into a gold color. Only gold could finally leave, so this massacre would come sooner or later.

One by one they began to die.

Even if he didn't die, there would be a huge slaughter before the Archaic Graveyard opens in half a year. When that time comes, blood would flow like rivers. To come to Archaic Graveyard, one must have the will to die.

Seeing that, Long Chen frowned.

In fact, under the swift and decisive action of the Five Elements Alliance, those who have yet to find the Mysterious Emperor Key, no longer dare to come under this Tianyi Lake.

If he failed to find the Mysterious Emperor Key and somehow lost his life, it would be a huge loss.

At this time, the Tianshui City was occupied by the people of the Five Elements Alliance, so Bai Lan and Lei Ji should be in the water.

After Long Chen arrived, Mo Xiaolang and Little Cat went into the Great Void Realm. Long Chen was very low-profile, there were not many people who had seen him, so no one could recognize him. Warriors like him were everywhere in the surroundings of the Tianyi Lake.

Just as Long Chen was about to go in, he suddenly sensed Bai Lan's and Lei Ji's aura. As expected, those two people were floating out from the bottom of the lake.

When they saw that it was Long Chen, they were stunned for a moment, and then immediately came over. Bai Lan asked: "Why have you come? Weren't you going back to the Greenwood Sky City?"

Long Chen said: "I am here to help, and also to look for a water type treasure in the heavenly water. There's nothing much that can be done in the Cyanwood Heaven City. After sending them off for a while, I directly came over. However, I was unable to find anything within these two to three days. What about you all? "

Long Chen had asked them for wood attribute treasures before, so they believed him when he said this.

What Long Chen said was true. He had already searched for two to three days, and that way, others wouldn't suspect that Wu Guangyu had disappeared, as it was related to him. Long Chen still didn't know that Feng Zhilin had also disappeared, and the two of them had gone missing.

If Feng Zhiling had not disappeared, he might have guessed that Long Chen had killed Wu Guangyu.

To Long Chen, this was a good thing.

"Since you're here, let's search together. We'll help you keep an eye out for water-attributed treasures. The two of us were supposed to go our separate ways. Are you going to go with us, or? " Bai Lan asked.

"I guess I'm alone. Very few people know me anyway." Long Chen said with a smile.

Indeed, the people from the Wind God's lineage knew more about Long Chen, but they did not come. Most of the people in the Five Elements Alliance didn't know Long Chen, and would only treat him as an ordinary warrior.

"Alright. We can hear you screaming for help. " Bai Lan said and then allowed Long Chen to go. Long Chen could even defeat Wu Guangyu, so he was very at ease.

After the three talked for a while, Bai Lan and Lei Ji had entered the Tianyi Lake's whirlpool of water. Long Chen entered the whirlpool as well.

Only when he truly arrived at the whirlpool did Long Chen feel its power. It was truly terrifying. With his current strength, he had to work hard to stabilize his body so that he would not be washed away.

Needless to say, he had to find something within this whirlpool. With how fast the water flowed, he couldn't see anything at all.

To find a Mysterious Emperor Key here was simply relying on luck.

Maybe the Mysterious Emperor Key had already been taken away.

Long Chen's only strength was the Five Emperor Prints in his hands. When Bai Lan had taken out the Five Emperor Key in his hand, the Five Emperor Prints in Long Chen's hands had a slight reaction to the key. After all, the source of these two things were the same.

Relying on that slight reaction, Long Chen had a feeling that that Mysterious Emperor Key was indeed somewhere within the Tianyi Lake. Relying on that feeling, Long Chen could even obtain the Mysterious Emperor Key, and everything was just a matter of time.

"There is a lot of competition within the Five Emperors Secret Realm. It would be better to let the Mysterious Emperor Key's quota be wasted, than to let a few people from the Five Elements Alliance enter. Even Bai Lan is looking for this Mysterious Emperor Key, if I can find it, I will take it with me."

After making his decision, Long Chen began to move about randomly within the Tianyi Lake. Using the Five Emperor Prints in his hands, he tried to figure out the position of the Mysterious Emperor Key.

Along the way, Long Chen encountered many battles, but he did not bother about them.

After walking around in the Tianyi Lake for a long time, Long Chen finally felt the Five Emperor Prints' reaction become stronger.

"This direction ..." Even Long Chen could roughly distinguish the direction he was in now.

Direction, under his feet.

"I never thought that after so many people searched for a few days, I, Long Chen, would be the one to find it first. There are often people who come to this place, but they don't have to carefully explore it.

As he thought, Long Chen continued to dive deeper. The depth of the Tianyi Lake exceeded his expectations, and after diving for a few hundred meters, he still had not discovered the bottom of the Tianyi Lake. However, the reaction between the Mysterious Emperor Key and the Five Emperor Prints had become much stronger.

"There's someone below?" After diving for another distance, Long Chen suddenly realized that there was someone below him. Furthermore, the location of that person didn't seem to be too far away from where Long Chen had sensed the Mysterious Emperor Key.

"What a coincidence, I just came here, and that Mysterious Emperor Key was taken by someone else?" Long Chen was a little depressed. According to his intuition, the person below should be a strong Ranker.

Obviously, Long Chen still had a reaction to the Mysterious Emperor Key, which meant that the Mysterious Emperor Key was not taken away.

In the Archaic Graveyard, the only strong practitioners that Long Chen was wary of were the few Heaven Martial Stage s. Long Chen was even worried that he would encounter one himself, so he was extremely careful, but he did not give up.

Chapter 838 - Jadewater Golden Eyes Beast

With the ability of Blood Escape, even if he could not snatch the Mysterious Emperor Key, it would be very easy for him to escape. If the current him were to use Blood Escape, it was very likely that no one in the entire Realm of Myriad Kingdoms would be able to catch up to him.

Thus, he hid the aura he was releasing, slowed down his pace, and quietly advanced. Using the Spirit Devouring Demon Pupil, Long Chen could very accurately see the location of his opponent.

He was fifty meters below Long Chen, and was still diving down. As expected, he was heading in the direction of the Mysterious Emperor Key.

Looking at the Spirit Devouring Demon Pupil, she should be a Heaven Martial Stage Ranker, but who knows which one.

However, after going forward for a while, Long Chen suddenly sensed something, and his eyes lit up.

"That Mysterious Emperor Key appeared in the middle of Tianyi Lake. There seems to be something beside it."

"It's the aura of a demonic beast, a ninth level king level demonic beast." In the Great Void Realm, the wolf cub said that Long Chen didn't have the strength to deal with Wu Lian yet, so the wolf cub was not allowed to be exposed.

"Demonic beast?" Long Chen was a little suspicious. If it was a Goblin Beast, why did it not make the slightest movement when there were so many people in the Tianyi Lake.

This is a Demonic Beast called the Jadewater Golden Eyes Beast, a lion-shaped Demonic Beast. Normally, it would be in deep sleep and turn into a stone lion, but only when other people harass it would it wake up. The Jadewater Golden Eyes Beast would wake up and become furious as if it was sleeping, but this Jadewater Golden Eyes Beast's Demonic Core is still a good thing.

"It's actually like that?" Long Chen thought for a while, and felt that his luck was really good. The Mysterious Emperor Key was not what he wanted, if he could obtain the Jadewater Golden Eyes Beast's spirit core, that was what he wanted.

A king level 9 beast was not easy to deal with. The Mysterious Emperor Key appearing here was unknown, but Long Chen was not in a rush. If the Jadewater Golden Eyes Beast woke up, there would still be a strong opponent to deal with it. If he could grasp the opportunity, he just needed to grasp the time.

"That Mysterious Emperor Key was released by the six demons. With their personality, if they knew that there's a sleeping Jadewater Golden Eyes Beast here, it would be normal for them to put it beside the Jadewater Golden Eyes Beast."

Thinking of this, Long Chen became even more careful.

From the Spirit Devouring Demon Pupil's point of view, the Jadewater Golden Eyes Beast was in deep sleep. Its soul was very big, but it was very difficult for the Spirit Devouring Demon Pupil to find it.

Suddenly, the experts below stopped. In this water whirlpool, he was able to stay steady, which showed that his strength was at least above Long Chen's.

Long Chen continued moving forward, and from the looks of the man's back, he was probably the patriarch of the Water Clan in Five Elements Alliance. Long Chen did not know his actual name. The Patriarch of the Water race had been in the Tianshui City for a long time, so he must have known about this Jadewater Golden Eyes Beast's existence. He probably came here to try his luck, but looking at his excitement, he should have seen the existence of the Mysterious Emperor Key.

Long Chen's gaze fell upon the depths of Tianyi Lake, and what appeared in front of him was a huge stone lion sculpture. This sculpture was over a hundred meters tall, and it was lifelike, extremely beautiful, and mighty without anger, it was simply like a perfect art piece.

Who could have guessed that this was actually a sleeping demonic beast?

The sleeping stone lion stood at the bottom of the lake, looking up at the sky.

In between his eyes, Long Chen astonishingly found a blue key between his eyebrows. This key was exactly the same as the one in Bai Lan's hands, and its size was also the same.

There was no doubt that this key was the Mysterious Emperor Key that gave Long Chen a feeling.

The Mysterious Emperor Key rubbed against the stone lion's forehead, but did not wake the Jadewater Golden Eyes Beast up.

At this time, the Water Clan's elder's eyes were all focused on the Jadewater Golden Eyes Beast, he did not notice Long Chen who was a hundred meters away.

At this time, the Chief of the Aquatic Clan muttered to himself: "The Mysterious Emperor Key is actually here. The last time I came here, why didn't I see it?"

He looked around for a while and continued, "Half of the Mysterious Emperor Key went into the stone lion's head. If I pull out the key, it will definitely wake the stone lion up.

No matter what, the Mysterious Emperor Key was the most important thing to the Five Elements Alliance, and she had to take it. As for the Jadewater Golden Eyes Beast, it was only at the ninth level of the King Level, and he was at the first level of the Heaven Martial Stage.

As for calling out to the others, there was no time left. What if someone discovered this place first?

Thinking about it, Chief of the Aquatic Clan had already made up his mind.

He was only about twenty meters away from the Jadewater Golden Eyes Beast. At this moment, he shifted his body and quickly headed towards it.

"Here's something fun for you." In the distance, Long Chen laughed mischievously. He dove below the Jadewater Golden Eyes Beast and took out a hard sand grain from afar. With his power, that sand grain immediately broke open the stone lion's skin and bounced off a full meter away from its body.

After transforming into a stone lion, the Jadewater Golden Eyes Beast's body wasn't as strong as before, so Long Chen's little attack had already completely shocked the stone lion.

If the patriarch of the Water race wanted to obtain this Mysterious Emperor Key, it wouldn't be that easy either.

Because Long Chen had already gone very deep into the water, only then did the Aquatic Golden Eyes Beast's leg, the patriarch of the water tribe, not feel the sound of the sand breaking through the water.

However, at this moment, he felt that the Jadewater Golden Eyes Beast was quickly awakening.

"He woke up so quickly?" Chief of the Aquatic Clan did not know what was going on yet, but he was still shocked. Under his watch, the originally stone lion's head now turned into a green color, and from its head onwards, the gray stone started to turn into a green color. This was a huge green lion, with dense mane like steel needles, its entire body was covered with robust and strong muscles.

The grey stone quickly turned into green fur, flowing with blue light.

A destructive force exploded from the Jadewater Golden Eyes Beast's body!

Suddenly, the Jadewater Golden Eyes Beast opened its eyes. This pair of eyes was at least two meters in diameter. Naturally, the Jadewater Golden Eyes Beast's eyes were golden! It was like two suns hidden underwater!

Roar!

Just as the Jadewater Golden Eyes Beast opened its eyes, what it saw was the Chief of the Aquatic Clan in front of it. After sleeping for so many years, it was woken up once again, causing the Jadewater Golden Eyes Beast's golden pupils to become even denser.

The denser the golden color, the angrier it became.

"Bastard!" Although the other party had awoken, Chief of the Aquatic Clan still did not place him in his eyes. However, he did not dare to get too close. Instead, he retreated a few steps and sized up the Jadewater Golden Eyes Beast, which was stirring the lake water in a furious roar.

With this Jadewater Golden Eyes Beast's body and power, under its stir, the entire Tianyi Lake became even more violent. Everyone beside the Tianyi Lake could feel the change, it was obvious that the huge roar meant that a strong demonic beast had appeared.

The braver ones, the stronger ones, all ran towards the location of the roar. The smaller ones, the weaker ones, all retreated after hearing the roar of the terrifying demon beasts!

"We can't let him continue. Let's finish this quickly." Thinking about that, Chief of the Aquatic Clan became like a water arrow, rushing to the front of the Jadewater Golden Eyes Beast. One man and one beast went all out, and the intense battle immediately started to burn, as the Jadewater Golden Eyes Beast won in terms of its powerful body and familiarity with fighting in the water, but Chief of the Aquatic Clan's realm was higher than its own.

After a round of battle, the Chief of the Aquatic Clan was actually unable to take down the opponent.

"If this goes on, the others will arrive. We can't drag them out!" When he thought of this, the Patriarch of the Water Clan immediately used the 'Domain' that belonged to the Heaven Martial Stage. Although the first layer of the Heaven Martial Stage is not very strong, it has a very powerful attacking method against people below the Heaven Martial Stage, especially demon beasts!

This feeling of immobility made the Jadewater Golden Eyes Beast even angrier. It roared with all its might, and the muscles on its body tensed up as it stirred up waves of water, destroying that natural vortex.

"Clear Water without a trace!"

After using 'Domain' to bind the other party, Chief of the Aquatic Clan's palm lightly landed on the Jadewater Golden Eyes Beast's head. In that instant, he quickly took out the Mysterious Emperor Key.

This palm without a trace of water directly shattered his brain. The palm that came from the Heaven realm expert, could only be blocked by a Demon Emperor level beast, so this Jade Water Golden Eyes Beast was obviously not able to block it.

Long Chen could feel that under the all-out attack of Chief of the Aquatic Clan, the Jadewater Golden Eyes Beast's vitality was quickly disappearing.

"The chance has come." Long Chen instantly charged towards the legs of the Jadewater Golden Eyes Beast. The demonic beast that was close to death didn't have much strength to resist, and its enormous body was directly grabbed by Long Chen and dragged into the Great Void Realm.

The enormous Jadewater Golden Eyes Beast vanished into thin air.

After obtaining its beast core, Long Chen could attempt to cultivate the Profound Emperor Seal of the Sky.

However, the Mysterious Emperor Key was still taken away by the Chief of the Aquatic Clan first.

After the Jadewater Golden Eyes Beast's key was taken away, Long Chen and the Chief of the Aquatic Clan were a hundred metres apart from each other. Only then did the patriarch realise that there was another person by his side, and more importantly, it was Long Chen.

"You were the one who alarmed this Jadewater Golden Eyes Beast, causing it to awaken?"

Chief of the Aquatic Clan looked gloomy, gritting his teeth as he asked.

"So what if I am? So what if I am? What can you do to me?" Long Chen laughed.

Chapter 839 - Purple Blood Dragon

The Chief of the Aquatic Clan obtained the Mysterious Emperor Key, and placed it into the ring on his thumb. Long Chen was only at the eighth stage of the Earth Martial Stage, without the experience of fighting against the Heaven realm expert, Long Chen did not dare to touch the other party.

His main goal was the corpse of the Jadewater Golden Eyes Beast, and now that he had obtained it, he was already satisfied. As for the Five Emperors' Treasures, Long Chen did not say anything about it. It was not that there were many people going to a particular place, so they would definitely be able to get the real treasures. It would all depend on luck and strength.

It was obvious that the strength of the five patriarchs of Five Elements Alliance was of a more ordinary level.

"So it's you, Long Chen! I was the one who killed the Jadewater Golden Eyes Beast, so its corpse should belong to me, yet you forcefully stole it away. I have some sort of relationship with Bai Lan, and I am your elder. If you know what's good for you, then quickly return that Jadewater Golden Eyes Beast's corpse to me. Chief of the Aquatic Clan raised his eyebrows and said coldly.

Long Chen was not afraid in the slightest, and said: "I, Long Chen, am not a child, so Patriarch, please do not use this to scare me, I am able to snatch this thing, it is my own ability. I did not ask Patriarch for the Mysterious Emperor Key, but the Patriarch asked me for the Jadewater Golden Eyes Beast, isn't it a little too overbearing?"

Seeing that Long Chen did not give them anything, the Chief of the Aquatic Clan knew that Bai Lan and the others were nearby. When they came, it would be countless of difficulties to deal with Long Chen, but when he thought of this, he immediately reached out to grab towards Long Chen. In order to prevent Long Chen from escaping, the Heaven Martial Stage's strength, the 'Domain', pressured towards Long Chen.

The power of the 'Domain' existed in all directions, it could not be seen or felt. This was a warrior from the Heaven Martial Stage who used his martial spirit to control the power of the world, suppressing Long Chen.

However, to the Blood Escape, the first level of the Heaven Martial Stage's Domain 'was not enough.

Long Chen immediately used Blood Escape and turned into a ray of burning blood-colored light, before quickly disappearing from Chief of the Aquatic Clan's sight. After reaching this realm, this was the first time he used Blood Escape.

"Don't go!"

Before he could finish his sentence, Long Chen had already left.

Only the Chief of the Aquatic Clan was left in a daze.

"This brat is really slippery. The next time I see him in person, I definitely won't let him have an easy time." This method of escaping is really fast, why is Bai Lan's son-in-law so mysterious? "

He was worried that if he met Bai Lan and Wu Lian, these two super experts, he would no longer be able to care about Long Chen and would directly rush to the surface of the Tianyi Lake. As long as he could break out of the water, he would be absolutely safe.

When Chief of the Aquatic Clan rushed out of the water, almost everyone in Tianyi Lake rushed out of the water. At this moment, everyone was looking at the patriarch of the water tribe.

"The matter of me obtaining the Mysterious Emperor Key was known?" Chief of the Aquatic Clan was shocked, and then, he thought of Long Chen. He knew that Long Chen had definitely leaked it, but of course, this didn't matter.

With the Mysterious Emperor Key in his hands, other than the gods and devils, who would dare to come and snatch it? And if the five Clan Chiefs and the Jin Zu were to arrive, even Bai Lan and Wu Lian would not dare to make a move.

At this time, above the Tianyi Lake, there were thousands of people floating there, and all the ordinary warriors were staring at the Patriarch of the Water Clan with helpless expressions on their faces. As for the people from the Five Elements Alliance, they quickly gathered at the side of the Chief of the Aquatic Clan, and the five great patriarchs of the Five Elements Alliance quickly arrived.

Thus, there was no mistake.

"You really got the Mysterious Emperor Key?" Jin Zu asked anxiously.

All five clan leaders had excitement written all over their faces.

The Five Elements Alliance had six Heaven realm experts. Previously, they only had one key and after adding one key, they would be able to enter the four Heaven realm experts. There would be a total of ten spots, and they had occupied nearly half of them.

If they were as lucky as they were today, then the chances of them obtaining the treasure would far surpass others.

"Good, good!" When Chief of the Aquatic Clan nodded excitedly, he laughed out loud. He patted his shoulder and said: "Well done! Your feat today will be recorded in the family tree of the Five Elements Alliance, and your name will be known throughout the ages! "

"Many thanks, Royal Elder!" Chief of the Aquatic Clan hurriedly said.

As for the others ...

Jin Zu looked around, his golden eyes were like two little suns, releasing a shocking heat and oppressive force. The second stage of Heaven Martial Stage's imposing manner made all the normal warriors to retreat in fear.

"Everyone, if you do not wish to die in this Tianyi Lake, scram! We have already gotten our hands on this Mysterious Emperor Key, so I advise all of you to run for your lives, otherwise, if you anger me, none of you will survive! "

A rumbling sound echoed out in all directions.

Jin Zu was one of the few super strong warriors in the Realm of Myriad Kingdoms, with extraordinary might, it was basically to the point where it would cause people's hearts to tremble. Only when he did not come out previously did the other people dare to look for him, and now that the Five Elements Alliance did not have the Mysterious Emperor Key in their hands, he even came out to berate them. Those ordinary warriors looked at each other and had already stopped thinking about it.

At the bottom of the Tianyi Lake's lake, there were many assassinations. Many people had already snatched away a lot of battle skills, king crystals, pills and divine weapons.

This was also their harvest from this trip.

Of course, more people had lost their lives due to greed.

There were really not many people like Long Chen with this many life-saving abilities.

The ordinary martial artists left one after another. Although they were unwilling, they didn't erupt.

Amongst the Wind God's lineage, only Feng Qing and Wu Lian stood together. It was obvious that Feng Qing was floating behind Wu Lian, but in the middle of the thunder demon lineage, Bai Lan and Wu Ji were standing side by side, and beside Bai Lan was Long Chen.

When Long Chen came out of the water, he had already found Bai Lan and Lei Ji. He was the one who released the news about the Mysterious Emperor Key, this entire Tianyi Lake was a mess, and since the Mysterious Emperor Key had already been obtained, Long Chen used this method to stop even more hatred killing.

His good intentions were working, under the scolding of the Jin Zu, the normal warriors all retreated outside of the Tianyi Lake.

Of course, only Long Beard Man remained, he did not belong to any power.

"Everyone, please go back as well. Search carefully for the location of that Five Emperors Secret Realm. If anyone finds the entrance to the Five Emperors Secret Realm, notify the others. When the time comes, gather all five of the Five Emperors' keys, and we can open the Five Emperors Secret Realm together!" Jin Zu looked around and said loudly. Having obtained the two Five Emperor Keys, he had become the leader.

Since the five Five Emperor Keys had already been born, the next step was naturally to search for Five Emperors Secret Realm.

Other than Long Chen, they still did not know where his Five Emperors Secret Realm was.

Long Chen suddenly thought back to his experiences in the Bewildering City.

"Within the Bewildering City, those demon clan members seem to be saying that five months from now, one month before the end of the Archaic Graveyard, when the Five Emperors Secret Realm will open,

they would throw out the Five Emperor's key and let us have it. If that's the case, they should be able to tell us the entrance and time of the Five Emperors Secret Realm!"

Just as Long Chen was thinking about this, a terrifying aura suddenly descended. Those ordinary warriors did not even have the time to leave before they turned back in fear.

The faces of Bai Lan and Lei Ji also became flustered in an instant, amongst them, Bai Lan who didn't say a word, pulled Long Chen along as he flew towards the shore of the Tianyi Lake. With Bai Lan's extremely fast speed, even catching up to the speed of Long Chen's blood escape, in just a moment, Long Chen was brought to the shore of the Tianyi Lake.

As for the people from the Wind God's lineage, and even the people from the Five Elements Alliance, they all anxiously arrived at the shore of the Tianyi Lake.

The reason they had left the Tianyi Lake was because they had sensed that terrifying aura earlier, had actually originated from that lowly Tianyi Lake!

"What a terrifying demon beast's aura. There's actually such a terrifying demon beast in the Archaic Graveyard?" Just as he stabilized his body, Bai Lan looked towards the direction of the endless Tianyi Lake with a shocked expression.

"Demonic beast?" Long Chen thought differently from the others. He kept feeling that the appearance of a demon beast at this time, and in fact, a demon beast that even Bai Lan felt was terrifying, as if something wasn't right.

Those ordinary warriors didn't even have the time to leave before they turned around and blankly watched. Under the surprised and doubtful gazes of the crowd, the Tianyi Lake, which was already riot enough, started to riot even more crazily. The lake water rushed to the sky and exploded, and a huge shadow gradually appeared at the bottom of the lake.

The area of the shadow was several hundred meters wide. It was much wider than the length of the Jadewater Golden Eyes Beast before. It was merely the area of the shadow.

At this time, even Long Chen could feel the aura of this beast, and exactly how terrifying it was. He dared to conclude that this beast was definitely a beast of royal level or above, and seeing that Bai Lan was so unsure, it was likely that this beast was at least royal level three.

The question is, does the Archaic Graveyard have such a strong demonic beast?

Long Chen knew who the person behind this Archaic Graveyard game was.

In front of everyone's shocked eyes, the Tianyi Lake's lake water rose up to the sky, causing ripples to appear. Soon after, a huge black shadow exploded out from the bottom of the lake, and in front of everyone's eyes, was a gigantic beast head.

"Is that a flood dragon?"

Long Chen astonishingly discovered that the head that appeared out of the water was actually a dragon's head, and it was even a deep purple dragon. The dragon's face was sinister, and it was incomparably huge.

Under this enormous pressure, even Long Chen himself found it difficult to stand firm on his feet, not to mention Mo Xiaolang who was in the middle of Great Void Realm. The strong demonic beasts compared to the weak purple Flood Dragon, gave off an extremely strong pressure.

Chapter 840 - Existence of the 9th level of the Emperor Realm

"fat cat, what kind of beast is this? "So huge, so terrifying?" Long Chen hurriedly used Great Void Realm to communicate with Little Cat.

He was currently following Bai Lan and the others as they retreated.

"What is there to be afraid of? Isn't it just a Royal Level 9 Purple Blood Flood Dragon?" Not even a demon beast. Back then, just by breathing out, I was able to kill countless Bloodviolet Flood Dragons. " In the middle of Great Void Realm, the hairy Nightmare opened his eyes lazily as he spoke.

"Royal Grade Nine?"

Long Chen inhaled a breath of cold air.

It was just too strong, equivalent to a powerhouse at the ninth level of Heaven Martial Stage.

Long Chen had just risen from the first stage of the Earth Martial Stage, so he knew exactly how big of a difference there was between the first and the ninth stage of the Earth Martial Stage. It was basically the difference between heaven and earth, and it was of the same principle.

At most, Long Chen estimated that this Bloodviolet Flood Dragon was only at the third level of the Emperor Level.

Who would have thought that it would actually be a ninth level Royal Grade.

"Little Cat, you didn't lie to me. Is he really a ninth level Royal Grade?" Long Chen asked while he was retreating. He knew that it was useless for him to retreat, even if it was Blood Escape, it was not. But since everyone was fleeing, how could he not escape by himself?

"Why would I lie to you? This isn't the first time you've seen it, so why should you be afraid? This Purple Blood Dragon is a demon beast from the Desolate Imperial Domain, and is a Demon Emperor. The kitten lazily said as it stretched out its waist.

This made Mo Xiaolang, who was at the side, want to slap him.

If he let Cat out of the Great Void Realm, he would definitely be scared to the point of peeing his pants. As long as he was in the Great Void Realm, he would not have to worry about life.

"I've seen it before?" Long Chen thought for a bit, and then immediately thought back to that night when Cat went to Bewildering City alone. Through the reaction of the Great Void Dragon Symbol, Long Chen saw a man's hand with purple scales, and after making a slight association, Long Chen could guess that the Purple Blood Flood Dragon in front of him was one of the six demon clan members.

Thinking up to here, Long Chen actually calmed his heart, because he knew that if that was the case, the Purple Blood Flood Dragon would probably not make a move against the rest. Instead, it would tell Bai Lan and the others how to activate the final Five Emperors' Treasures!

Just as Long Chen had imagined, the Purple Blood Dragon's appearance quickly changed. Its huge body quickly disappeared and turned into a purple ray of light, before condensing in the air to become a handsome man dressed in purple silk clothes. This man's appearance was exactly the same as a human, and there were no purple scales on his hand, but Long Chen knew that he had transformed it.

"Don't run, I have no ill intentions towards you all," As Long Chen had expected, the purple-clothed man had a warm smile on his face as he said this.

Even Bai Lan and the others heard it. The three of them looked at each other, and looked vigilantly at the purple man, and Bai Lan softly said among them: "We don't know what kind of background this demon beast has, let's take a look at the situation first, and if anything goes wrong, let's split up and flee!"

"That's right, we have never been told by our ancestors that there are actually such terrifying demon beasts in this Tianyi Lake. This huge flood dragon seems to have no records of this kind of demon beast in the "Demonic Beast Index"? " Lei Ji's voice contained unease and fear.

He predicted that if this Bloodviolet Flood Dragon truly killed people in anger, then there wouldn't be many people here that could continue to live as normal.

"Don't worry, I don't think he has any intention of killing anyone. Otherwise, he wouldn't have taken human form." Long Chen knew the truth, but he did not know whether or not he should tell them the truth.

What Long Chen said did indeed make sense.

After coming to an understanding on this point, Lei Ji and Bai Lan heaved a sigh of relief. They obediently stayed within the crowd, waiting for the situation to develop.

At the same time, the situation for the people of Five Elements Alliance and the people of Wind God's lineage were similar to Bai Lan's. In front of this powerful Goblin Beast, even Wu Lian was standing quietly.

At this moment, no one dared to move. Their gazes were focused on the Purple Blood Dragon, which was above the Tianyi Lake, and none of them dared to make a sound. They could only obediently watch him.

This absolutely silent scene caused the violet-robed man to be extremely satisfied. He smiled and nodded, and his melodious voice rang out in the surroundings.

"I am Violet Snow, one of the Five Emperors. I am a Demon Beast under the Profound Emperor. I am over ten thousand years old now. Back then, the Five Emperors led the experts of the Realm of Myriad Kingdoms in a battle with the enemy. However, I don't think there are any legends left about me. There were too many deaths that year!

As she spoke to here, Violet Snow revealed a sorrowful expression.

Hearing this, the others were truly relieved.

"Indeed, in the legends, there is no such demonic beast as Violet Snow!"

"Yeah, according to the legends, the Five Emperors don't seem to have any demonic beasts beneath them."

"This Flood Dragon Demon Beast has actually survived for over ten thousand years?" "Doesn't that mean that his strength is also considered to be very strong amongst the Royal Armaments?"

Everyone whispered to each other, not daring to say a word.

Long Chen laughed in his heart, this Purple Blood Dragon was actually acting shamelessly, and pretended to be a demon beast under the Profound Emperor. Their goal was only one, and that was the Five Emperors' Treasures.

Long Chen looked at Lei Ji and Lei Ji. From their expressions, they seemed to have already believed that the Realm of Myriad Kingdoms did not leave much information on the war between the Five Emperors, and they did not even know who the enemies of the Five Emperors were. And Long Chen knew that the enemies of the Realm of Myriad Kingdoms was actually a part of the beasts that came from the Desolate Imperial Domain.

In the Realm of Myriad Kingdoms, this was a calamity, but for the beasts of the Desolate Imperial Domain, this was just a small matter.

The enemy of the Five Emperors was the demonic beast. How could this Bloodviolet Flood Dragon, which was so powerful, be a demon beast under the Xuan Emperor's command?

One had to know that the strength of this Bloodviolet Flood Dragon was comparable to that of the Seven Monarchs back then.

It was only because Long Chen had obtained the inheritance of the Sevenstar Monarch that he had obtained his current strength.

At this time, after hearing the Purple Blood Flood Dragon's self-introduction, the ordinary martial artists quickly believed this to be true. From the first person, they began to kneel on the ground, and many others began to do so.

Of course, there were those who didn't believe him, but since everyone was kneeling, what would happen if that demonic beast saw that he didn't kneel and instead killed him?

Thus, everyone kneeled down.

The only people who had yet to kneel were most likely the people of the nine great clans. Without the permission of the Patriarch, the others wouldn't dare to move, and of course, if the Patriarch took the lead, they would definitely kneel without hesitation.

"You don't have to kneel." His gaze shifted towards Long Chen and the others, and said: "I am still alive, just to let the descendants of the Five Emperors search for the treasure left behind by their ancestors. The Five Emperor's key has already appeared, and I have only appeared today to inform all of you who have obtained the five Emperor's key. Today, five months later, bring the five Emperor's key to the center of that ruined city, where a five-colored altar will appear, and that place, will be the entrance to the Five Emperors Secret Realm."

This piece of news was like a great storm.

The people holding the Five Emperors Key looked at each other, believing even more in the words of the purple-clothed man. What they had suspected the most before was the Eternal Battlefield. After all, that was the core.

After saying that, the purple clothed man then said: "You are all descendants of the Five Emperors, I hope that after you possess the treasures they leave behind, you will be able to strengthen the Realm of Myriad Kingdoms, and if someone uses the Five Emperors' Treasures for bad purposes, then one day, I, Zi Xue, will appear in front of you and take away your Five Emperors' Treasures."

After he finished speaking, the purple clothed man actually directly entered the Tianyi Lake without saying a word, and did not use a trace again.

Long Chen narrowed his eyes. Amongst his Spirit Devouring Demon Pupil, the purple-clothed man did not dive into the bottom of the lake, but instead used a speed that was difficult for the naked eye to catch, and left the place from another direction. This further proved that he was not some profound emperor's demon beast, but instead a person from the Desolate Imperial Domain who coveted the Five Emperors' Treasures.

This guy was at the ninth level of the Emperor Level, so the other six would definitely not be too weak. If that was the case, Long Chen would have to face six such terrifying opponents.

"In this way, obtaining the Five Emperors' Treasures will be even more difficult than ascending to the heavens," Long Chen said as a trace of helplessness surfaced in his heart.

If not for his dream of chasing Ling Xi, Long Chen really wanted to give up.

After the purple clothed man left, Long Chen realized that the surroundings had turned into a complete mess.

"I really didn't expect that the demon beasts under the Profound Emperor would be able to survive until now. It seems that many of the rules of this Archaic Graveyard were set by the demon beast named Zixue, including the ancient tombstone token, and not by those mysterious guests from the Imperial Domain." Bai Lan frowned and said.

He imagined that the Archaic Graveyard was left behind by the Five Emperors to hone his descendants.

What he did not know was that this Purple Blood Dragon was actually one of the guests from the Imperial Domain.

They felt that the Mysterious Emperor Key they had obtained must have been given to them by the Purple Blood Flood Dragon. After all, they were the direct descendants of the Five Emperors, the people who possessed the bloodline of the Five Emperors.

Of course, whether this was true or false, tens of thousands of years had passed, and no one knew.
