Chapter 841 - Redflame Tree Race

"Everyone, if that's the case, then we don't need to disturb Lady Violet Snow any longer. In five months, we will meet on the Everlasting Battlefield." Red light flashed on Jin Zu's face as he cupped his hands and said.

"Goodbye." Wu Lian said, and without further ado, she immediately brought Feng Qing and left the place.

After five months of recuperation, perhaps it would be able to raise their strength. Everyone had sufficient preparation time and was waiting for the final battle.

Five months. Not long, not short.

Long Chen, in five months, the spot that I promised you will remain unchanged. In five months, you will follow us to the Everlasting Battlefield. Bai Lan asked.

Long Chen thought that he should cultivate the ninth stage of the Earth Martial Stage's Earth Martial Arts manual and the Profound Emperor's Seal of Shrouding the Heavens, and try his best to achieve a breakthrough. However, the Cyan Wood Sky City was a quiet place, so being able to go there would naturally be for the best.

Thus, he nodded in agreement.

In the eyes of outsiders, Long Chen would definitely return to the Greenwood Sky City. After all, his fiancée was still there, and regarding the marriage, Bai Lan had long told others that. After returning to the Realm of Myriad Kingdoms, he would do the same as Wu Guangyu and Feng Zhiling.

Long Chen's target was the Imperial Domain.

The matters of the Tianshui City were officially over.

Long Chen and Bai Lan then headed in the direction of the Cyan Wood City. As for Wu Lian and the rest, they were heading towards the direction of the Huge Liujin City.

As for the Five Elements Alliance, there was the appearance of the Purple Blood Dragon. In order to not disturb the Purple Blood Dragon, they moved away from the Tianshui City and headed for the Deep Earth Region.

In any case, at this point of time, how many areas were occupied would be of no use at all.

Five Emperors' Treasures were the ultimate treasures of the Archaic Graveyard.

Cyanwood Heaven City.

The Greenwood Region was filled with trees. The tree that bore the weight of the Cyanwood Heaven City was incomparably enormous. It was like an enormous wall that stood between the heaven and earth.

"This Archaic Graveyard was also a part of the Realm of Myriad Kingdoms in the past. This place is the residence of the guy known as the Five Emperors. As for this Cyanwood Heaven City, it is the residence of one of the Five Emperors, Emperor Qing." Five people in black robes floated beside a large tree below the city. One of them, a woman shrouded in black robes, chuckled as she spoke.

"That fellow Zixue said he was going to scare those little ants. I really don't know what kind of funny situation would happen. With his huge size, would those people, known as the god race devils, be so scared that they piss their pants?" Another man in a black robe laughed.

"That's a must, the people of Realm of Myriad Kingdoms really don't know how high the sky is and how much strength they have. They are existences just like ants and yet dare to call themselves the demons of the god race, the true gods and devils. Beside him, another black robed man said.

"Don't talk about the Realm of Myriad Kingdoms anymore, tell me. If such a large ancient tree doesn't become a member of our demon clan, what kind of pity would it be?" The woman said tenderly.

One of the black-robed men looked at her and said with a smile, "You want to turn the ancient tree into a member of your Crimson Flame Tree Clan again?"

"Hehe, this time we brought too many redbud fruit, we finally encountered such a big ancient tree, of course we have to give it a try, there are really too many people in Archaic Graveyard, if we see any, we can just let them die. That city on the ancient tree, it seems like there are many people living in there, let them all die. Step back and watch me! "

The other four looked at each other, without saying a word, they retreated, and the remaining woman took out a fiery-red stone out of nowhere, this stone had the appearance of a fruit, no wonder it was called 'redbud fruit'. The redbud fruit was burning with scarlet flames, and it looked extremely hot, to the point that Long Chen and the others couldn't even imagine its existence. There seemed to be a gigantic tree dancing in the middle of the rocks, making beast-like howls.

"Darling, obediently listen to me and become a baby of our 'Scarlet Flame Tree Tribe. This Archaic Graveyard, you can kill as many as you want and destroy as many as you want. At the very least, this Greenwood Region, you should have burned everything here, right?"

The lady softly carried the redbud fruit into the ancient tree trunk. Then he left with a giggle.

The tree was originally wood attributed, so the heavens were afraid of fire. This demon clan could actually turn it into a fire attributed demon beast, which was truly shocking. The Three Great Imperial Domains was truly mysterious.

Behind her, the ancient tree was quietly transforming.

A layer of red flames quietly appeared on the brown old bark of the tree trunk ...

Because Bai Lan was worried about him and his woman, he had to return back to the Greenwood Sky City at a very fast speed. The last time they came from the Everlasting Battlefield, because they were not in a rush, they took a lot of time. However, at the moment, with Bai Lan and the rest were advancing at full speed, approximately two to three days were enough.

"I have an ominous feeling, I don't know why." During the journey, Bai Lan suddenly said.

Hence, when Lei Ji scolded Bai Lan, that old fellow, for thinking too much, Long Chen did not say anything at the side.

After the three of them advanced at full speed, they entered the Greenwood Region. At this moment, they suddenly felt that something was amiss. This was not a small-scale vibration, but a massive vibration.

"How can this be? This is an earthquake?" Long Chen, Bai Lan and the rest looked at each other.

"Hurry up and go back. There might be danger appearing in the Cyanwood Heaven City!" Bai Lan glared, he was already prepared to leave Long Chen and Lei Ji behind and leave. At this time, Long Chen also noticed that something was wrong, and immediately turned into his Dragonsoul Transformation, this way, his speed would be faster, although he would not be able to catch up with Bai Lan, but he would still be able to stay far behind.

The more he advanced, the more Long Chen felt that something was not right in front of him. This Greenwood Region was originally cool, but why did he feel a burning sensation in front of him?

"Little Wolf, fat cat, do you two know what happened?" Long Chen frowned and asked.

"What?" What's the matter? " The kitten said in surprise.

was born to be the nemesis of fire. To put it bluntly, he could even engulf all the flames in the world, reaching the ninth level of the king level if he wished to. Wu Guangyu had given him a lot of things to engulf, and of those things, Mo Xiaolang and Long Chen would not reject him even if they were to be infected with his gangster nature.

"It seems like, a flame is burning in front of us, Greenwood Region!" Mo Xiaolang said as he suddenly opened his eyes.

"No way." Long Chen was stunned, inside the Archaic Graveyard, almost all his friends were there, and this place had actually been set ablaze?

Thinking about it, Long Chen no longer hesitated, and immediately rushed with all his might, in case Bai Lan and the others would rush with their lives, but would slow down because of him.

After travelling at full speed, they actually arrived very quickly. This time, many people from the Greenwood Sky City had moved into the Tianshui City, and those who stayed were basically the people

from the thunder demon lineage. In the process of Bai Lan's current progress, after half a day, he actually met a demon.

"Patriarch!" After the man was stopped by Bai Lan, his face was filled with pleasant surprise, but the fear on his face had not dispersed. He knelt in front of Bai Lan and said in a panic, "That Heavenly Wood City, oh no, that big tree underneath the Heavenly Wood City ..."

"Don't worry, speak slowly." Bai Lan's expression was gloomy, it could be seen that he was panicking, but he had forcefully controlled his emotions.

"The giant tree is emitting fire all over its body. Furthermore, it seems to have regained its consciousness. Countless branches of flame are frantically attacking the surroundings. It seems that the big and small princesses are still above the Verdant Wood City. Those flames have already spread out!"

This unbelievable matter caused Bai Lan and the others to be stunned, including him.

"Fire from the whole body of the giant tree? What was this? I remember there are plant-type demon beasts, could it be that this giant tree has become a plant-type demon beast?" Long Chen said hoarsely.

The little kitten in the Great Void Realm answered Long Chen's question.

There are countless thousands of them, and among them, there are many demon beasts. Especially the plant-type demon beasts, they are able to turn ordinary ancient trees, using a fruit that was formed from the death of their race's ancestors, into their own kind, and assimilating ordinary trees into plant demons. One should not underestimate the strength of plant demons. Many plant demons were even more terrifying than demonic beasts. I remember that one of the six demons, the 'Crimson Flame Tree Race', was probably a demon from that race who placed the 'redbud fruit' into the trunk of the ancient tree. "

At this critical moment, Cat did not drop the chain and told him about this magical process.

Only Long Chen and Mo Xiaolang were heard.

Compared to Long Chen, Bai Lan had almost lost all reason. The only thing he could hear was that the big and small princesses were still above the Verdant Sky City.

Without saying a word, Bai Lan erupted with his strongest speed and rushed over!

"Brother Bai, calm down!" Lei Ji knew that Bai Lan doted on his two daughters immensely, and now that something like this had happened, he would definitely go crazy. Long Chen could not care about anything else, he had to run as fast as he could, so he hoped that he could catch up to Bai Lan.

"Big Brother, let me do it!" In the Great Void Realm, Mo Xiaolang had transformed into the appearance of a Sun Devouring Demonic Wolf.

In terms of speed, he, who was at the 9th king level in terms of speed, was much faster than Long Chen in running through the forest.

Three people and one wolf, quickly advancing!

Chapter 842 - 800 Wolf Tribe

As he advanced, the commotion in front of him grew larger and larger, and the fiery aura became more and more concentrated. Long Chen looked up, and could see that in the clouds in front of him, a burst of black smoke was actually rising. Under the black smoke, was a gigantic fire wall connecting the sky and the earth.

The scorching heat was emitted from the green tree that had transformed into the Crimson Flame Tree.

"This tree is just like a newborn baby, of course they are not a purebred Scarlet Flame Tree, after its redbud fruit's power is used up, it will turn back into an ancient tree, however, it will take a long time to exhaust that redbud fruit's power."

The kitten explained.

"Is there any way to subdue the Crimson Flame Tree Sect?" What are the strength levels of the Crimson Flame Tree Clan now? " hurriedly asked. At this time, Lei Ji and Bai Lan were already in front of him, and even Bai Lan was no longer present.

Sun Devouring Demonic Wolf shuttled back and forth in the forest, its speed was extremely fast!

"Big brother, I think I have a way. That redbud fruit, it belongs to the fire attribute, I can swallow that redbud fruit, and, its power can even make me become a true Emperor level demon beast." Before Little Cat replied, Mo Xiaolang had already gotten excited.

"Can you hold on to that redbud fruit? Where is it?" Long Chen asked.

If he could grab hold of the location, it would be much easier to find the redbud fruit, otherwise, with the size of the ancient cypress tree, it would be easier for Long Chen to find the redbud fruit from there.

As long as he took out the redbud fruit, it should be able to return to its original appearance.

"Of course, my perception towards fire-type treasures is extremely strong, and right now, I know where that thing is. However, Big Brother, you killed Wu Guangyu, and now that Wu Guangyu is gone, if I appear, would outsiders know that Wu Guangyu was killed by you?" Mo Xiaolang then thought of another matter.

Indeed, if he were to be exposed, Long Chen would immediately cause new trouble.

Would Wu Lian allow her son to be killed just like that?

Long Chen had returned to the Greenwood Sky City and Wu Lian had gone to the Huge Liujin City. They might already know the news of Wu Guangyu's disappearance. It had to be said that Long Chen was definitely one of the people that would be suspected.

So he said, "There's no problem about that, if we can save them, we can hide from the Scarlet Flame Tree Clan and find a remote place to cultivate. After five months, the Five Emperors' Treasures will open up and we can come back again, if I can make even more progress, at the same time, the little wolf can also reach the Emperor level. By then, we brothers will be able to fight against the strong warriors of the Heaven Martial Stage together, and as for Wu Lian, I can probably use my blood to escape, no matter how weak I am."

Long Chen's plan was naturally foolproof.

Originally, he had been able to stay in the Cyanwood Heaven City until that time. However, now, it seemed that he had no other choice.

Since Mo Xiaolang had a way to solve the problem, they started to work even harder towards the Green Wood Tree. At this time, Bai Lan might have already arrived, after all, he was already at the final speed of the second stage of Heaven Martial Stage.

In front of him, the burning green tree could already be seen. This ancient tree was incomparably huge. In comparison, Long Chen and the other humans, and even Mo Xiaolang who had created their own real bodies, were nothing more than a little dot.

At this time, Mo Xiaolang had already transformed into his original form. He was already close to a hundred meters tall, and his body was already more than a hundred and fifty meters long. This kind of gigantic demon beast was way too small compared to the ancient cypress tree that was piercing through the clouds.

Clearly, the body of the demon beasts in the Imperial Domain was also huge, but the Imperial Domain was simply too big. Therefore, even with such a large demonic beast, it didn't feel crowded at all.

The ancient cypress tree was still so big, but the difference was that it was currently moving and had already turned into a Red Flame Tree Race.

Under its control, the sky was filled with burning branches, leaves, and so on. The trees that were touched, demon beasts, humans, and so on, were either shattered into pieces or were infected by red flames. The flames burned furiously and were burnt to ashes.

The entire Greenwood Region was in chaos.

was still a long distance away from the Scarlet Flame Tree Clan. The surrounding ground had already started to crack apart, and the ground started to crack, revealing an endless abyss.

This was the first time Long Chen had ever seen a demon with such a destructive power. They were no longer of any rank, just the power from their bodies alone was enough to capture all the Heaven realm expert in one fell swoop!

At this time, Bai Lan and Lei Ji had already rushed to the side of the Scarlet Flame Tree Clan a kilometer away, and on top of their heads, was the crown of the Scarlet Flame Tree Clan!

"Save him first!" Bai Lan roared at Lei Ji, and the two of them soared into the sky without a second word, directly towards the direction of the Cyanwood Heaven City. The Heavenly Wood City was at least a kilometer away from the ground under the crown of the Scarlet Flame Tree Clan, which meant that the height of the Scarlet Flame Tree Clan was close to two thousand meters.

At this moment, the location of the Cyanwood Heaven City was covered by a fiery red flame. Likely, none of the people in that flame would be able to escape. The Scarlet Flame Tree Clan had just awoken. They must have wanted to kill the troublesome human beings above their heads first before wantonly destroying the Greenwood Region.

Two figures, one black and the other covered with purple lightning, rushed towards the direction of the Cyan Wood Sky City. However, what was strange was that the Scarlet Flame Tree Clan seemed to be able to see them, and suddenly, countless blazing branches that were as thick as Sun Devouring Demonic Wolf s lashed out towards Bai Lan and Lei Ji!

Pah pah pah pah pah!

Bai Lan and Lei Ji did not hold back at all, they activated their strongest attack and broke the branches in the area, but the branches of the Scarlet Flame Tree Clan could be described as endless. If they continued to fight with them, sooner or later, they would be exhausted to death!

"Xue'er, Yan Er!" 's two daughters were still inside, so Bai Lan had already reached the edge of his berserk, the human race compared to the Goblin Tribe had a weakness, that was, their bodies were relatively small, facing the Goblin Tribe's overwhelming attack, they were momentarily surrounded, and it was difficult for them to break out from their encirclement!

"Nine Revolutions of the Gods and Demons!"

In Bai Lan's hands, this medium level Emperor Level battle skill was many times stronger than Suxue. In order to avoid affecting those who might still be alive in the Greenwood Sky City, Bai Lan's attack had been cast on the surrounding branches, causing them to shatter into pieces. The branches of the flames fell from the sky like rain, but it caused the ground to be riddled with holes!

"Hundred Thousand Heavenly Thunder Fist!"

Lightning fists formed one after another beside Lei Ji. When these fists exploded outwards, they immediately shattered the surrounding dense tree branches of fire, as well as turning into dust!

At the same time that they were attacking, they were also explosively shooting toward the direction of the Cyanwood Heaven City. Their main goal was to save people, not to attack the Crimson Flame Tree Clan.

No one knew why the ancient cypress tree turned into this, probably only Long Chen and the others knew.

Bai Lan and Lei Ji, one in front and one behind, were rapidly advancing!

Their attacks had directly shattered many branches, but there were simply endless branches in the city. Once they shattered the branches in front of them, even more flame branches would appear and wrap around them. Moreover, these flame branches were extremely powerful; if they didn't dodge or block with all their might, it would be difficult to withstand their attacks!

Mo Xiaolang's huge body of a Sun Devouring Demonic Wolf very quickly caught the attention of the Scarlet Flame Tree Clan. Not only the Scarlet Flame Tree Clan, but far off in the clouds, there were five people in black who were leisurely observing the changes in the Scarlet Flame Tree Clan.

"Everyone, quickly come take a look. It seems like a king level 9 member of the same race has appeared," one of the black robed women said with interest.

"Tian Kun, look at this demon wolf. It's one of the branches of your wolf pack. At this moment, everyone's eyes landed on one of the demon clan members.

That demon clan took a glance and said, "This wolf is not from the wolf clan. I can recognize the top eight hundred in the wolf clan. This demon wolf has already reached adulthood, but it hasn't even reached the level of the Demon Emperor."

"I feel that it's a bit strange. The body of this demon wolf seems to have assimilated with an extremely cold flame. How come I seem to have seen this flame somewhere before?" One of the black-robed men said.

"When it's unleashed, we will be able to see that the warrior on top of the demon wolf should be the Beast Fighters on the side of the Realm of Myriad Kingdoms. With my spirit of the demon clan, I can transform into my own strength. The delicate female voice said.

This woman was from the Crimson Flame Tree Clan.

"That's not right!" During her interrogation, the man who had said that there was a flame on the wolf cub suddenly looked shocked.

Chapter 843 - Forbidden Wolf

He looked at the Sun Devouring Demonic Wolf blankly and said: "Tian Kun, you are a member of the wolf clan, why haven't you heard of the taboo wolf? The taboo wolf is not one of the eight hundred strongest wolves, but in the ancient times, the name of the taboo wolf was like thunder piercing the ears. It is said that the taboo wolf could devour everything and grow stronger, and one of the legendary demon wolves that could devour the sun is called the Sun Devouring Demonic Wolf.

The face of the man from the wolf clan, Tian Kun, was filled with shock as he said, "Are you saying that this black colored demon wolf is the most terrifying Sun Devouring Demonic Wolf out of all the taboo wolves? The one that almost devoured the sun? However, it is only at the ninth level of the King Level. If it is a Sun Devouring Demonic Wolf, it would be extremely powerful when it was born.

"This is still unclear, let's see if this demon wolf has the ability to devour flames. If it does, it might really be one of the taboo wolves from the legends. If it can devour us, we can bring it back to the Desolate Imperial Domain and let the elders appraise it.

"That makes sense. I'd rather miss it than let it go."

As for the Realm of Myriad Kingdoms, the Sun Devouring Demonic Wolf was originally an Earth Rank Level One demon beast. But in the Three Great Imperial Domains, when it appeared, it was at least a Demon God level existence.

The Demon God, was equivalent to an expert of Divine Martial Stage.

That was why these Goblin Rankers were unable to confirm whether Mo Xiaolang was actually one of the taboo wolves in their legends. If it was, then it would be of great significance. Even they were unsure in their hearts what the Sun Devouring Demonic Wolf of the taboo wolves represented.

Earlier, when someone saw that Long Chen was a Beast Fighters, they had even planned to kill him. However, when they recognized Mo Xiaolang's possible identity, those Spirit Demon experts had long forgotten about Long Chen.

"I let this ancient tree devour my redbud fruit, which is extremely important for the fire attribute. I want to see if this demon wolf will devour this redbud fruit, and if it is, then even if it isn't a Sun Devouring Demonic Wolf, it should have all the relationship with the Sun Devouring Demonic Wolf and should be brought back to the Imperial Domain."

"Just watch." The wolf clan expert called Tian Kun calmed his agitated heart and said.

Previously, when he allowed the ancient cypress tree to become a clan of Scarlet Flame Trees, it was just a prank by the lady who was bored to death. She never thought that it would actually attract a mysterious beast like Mo Xiaolang, of course, in Long Chen's heart, Mo Xiaolang was not a Goblin Beast, but his brother.

At this moment, Long Chen and Mo Xiaolang had arrived at the place, while Bai Lan and Lei Ji were trapped within the tree branches.

"Little Wolf, come and help them." Long Chen lowered his head and said.

knew what he should do without his words. At this moment, he suddenly jumped towards the place with the densest branches, and with a roar, the black coloured flame suddenly appeared from his mouth and flew towards the direction of the Greenwood Sky City. All of the branches along the way were instantly covered by the little wolf's flame.

And when Bai Lan and Lei Ji felt the existence of this flame, they had already dodged to the side.

When the flames died down, all the thick branches turned into solid black ice and fell from the sky with a loud bang, as if hail had fallen. A series of rumbling sounds could be heard.

Due to the attack of the Little Wolf Nine Serene Demon Ancestral Fire, a large amount of flaming branches turned into black solid ice and disappeared into the air. All of the flaming branches were shattered, forming a gigantic hole in the air from Bai Lan's attack!

"Quickly go!" Long Chen roared.

At this time, Bai Lan and Lei Ji seized the opportunity to rush out from the hole, and rushed towards the vicinity of the Verdant Wood Heavenly City, entering the flame sphere. With them there to save Su Xue and the rest, Long Chen felt more at ease.

The Sun Devouring Demonic Wolf's performance caused the five Monster race members in the sky to boil up once again. They looked at each other blankly, and one of the men muttered: "If I wasn't mistaken, the thing that came out of the wolf's mouth, how come that aura is similar to one of the legendary Ancestral Flames, the Nine Hell Devil Ancestral Flame?"

If we approach this place, we will simply be reduced to nothing. I believe that this little demon wolf is only a clone of the Nether Demon Ancestral Fire, so it probably won't be able to unleash the full power of this clone, which is why its attack isn't strong. However, it is able to devour and use this clone of the Ancestral Fire Demon Beast.

Everyone knew how important this was.

The man named Tian Kun said: "Ordinary demons would not even be able to activate the Ancestral Fire Avatar. We can't do it, but he can do it. No matter what, we have to bring it back to the Imperial Domain, so that the clan leaders and elders of the clan can see what exactly is going on with this demon wolf."

He was a wolf and Mo Xiaolang was a wolf, they naturally had to bring him back with them.

To be able to mix together, their races were relatively harmonious, so there was no problem with the others.

"Next, let's see if that little demon wolf will devour that redbud fruit. If it does, hehe, we'll take it to see what the real world is like. The smallest Three Great Imperial Domains are even larger than the entire Realm of Myriad Kingdoms, not to mention our Desolate Imperial Domains, it is almost three times the total area of over ten thousand of Realm of Myriad Kingdoms's nations. Three Regions Nine Realms.

Forget about the Three Great Imperial Domains, even half of the Realm of Myriad Kingdoms in the Nine Universe World with the smallest Nine Realms would be able to reach that realm by now. "

In Three Regions Nine Realms, Long Chen only knew about Three Great Imperial Domains, but not that there were nine other dimensions of the Cosmos Sacks, collectively known as Nine Realms. Some of the smaller dimensions were around the same size as Realm of Myriad Kingdoms.

This was the true Dragon Sacrifice Continent.

Counting the size of the countless small Qiankun worlds, the size of the Dragon Sacrifice Continent must have been expanded by at least five times.

Among them, the total area of the largest Nine Realms was already more than two times that of the Three Great Imperial Domains.

Long Chen was trying his best to deal with the Scarlet Flame Tree Clan, how could he have the time to think of those five demon race members, who were currently watching by the side?

After Bai Lan and Lei Ji had entered, he and the little wolf had already successfully provoked the Scarlet Flame Tree Clan. The newly born Scarlet Flame Tree Clan placed all their attention on the two of them, and the Sun Devouring Demonic Wolf's attack had successfully attracted his attention.

"Little Wolf, point out the location of the redbud fruit and I'll go get it!"

The Scarlet Flame Tree Clan that was nurtured had a fatal weakness. If the redbud fruit was taken away, he would enter a state equivalent to death.

Of course, this ancient cypress tree was so huge, other than Mo Xiaolang, could anyone else have accurately sensed its location?

Long Chen's body was a lot smaller than Mo Xiaolang's, so he could pass into the Scarlet Flame Tree Clan's body.

At this moment, the little wolf who had used the Nefarious Spectral Demon Ancestral Fire nodded. Under his control, his body actually burned with a raging Nether Demon Ancestral Flame, the branches all struck the Sun Devouring Demonic Wolf's body, but the flames on the branches seemed to have been doused by the Nether Demon Ancestral Flame and were extinguished in an instant. The branches that

were protected by the flames were also quickly turned into black ice under the burning of the Nether Demon Ancestral Flame.

It could be seen that when all the branches landed on the wolf cub's body, they turned into powder!

Being protected by Mo Xiaolang, Long Chen quickly flew in the direction of the redbud fruit. Both the man and the wolf probably sensed Long Chen's intentions.

One or two whips, was fine, but when all the branches arrived, it would be troublesome for the Sun Devouring Demonic Wolf to withstand such a huge attack.

If not for the Nine Hell Devil Ancestral Fire, Mo Xiaolang would have been smashed into pieces long ago.

The heavens were fair, the Sun Devouring Demonic Wolf had the most extreme evolving ability, so his defense, physical strength, physical strength and so on were all relatively average.

However, with the Primordial Fire, he was still able to persevere!

"Let's go in from here, at the center!" At this time, under Mo Xiaolang's protection, Long Chen quickly approached the ancient cypress tree, while the ancient cypress tree was moving backwards in panic. However, the ancient tree's movement speed was extremely slow.

"Be careful!" After saying that, Long Chen took out the three thousand star fields!

Without saying a word, Mo Xiaolang directly spat out the flames of the Nine Hell Devil Ancestor onto the trunk of the Crimson Flame Tree Clan. The tree trunk that resembled a giant wall was immediately burned into a huge pit by the flames of Mo Xiaolang's Nine Hell Devil Ancestor, while Long Chen, wielding the three thousand star domain, unleashed an endless amount of starlight, directly piercing into the tree trunk of the Crimson Flame Tree Clan!

All of a sudden, it was as if they could hear a miserable scream!

Long Chen knew that time was the basis for his life. In this Scarlet Flame Tree Clan's body, the closer he got to the redbud fruit, the higher the temperature was, to the point where Long Chen was unable to

endure it. His surroundings were already filled with raging flames, and it was fortunate that Long Chen had already successfully cultivated the seven star body, so he was not burnt to a crisp.

Swoosh swoosh!

This kind of sound was constantly produced in the surroundings!

Break!

Long Chen immediately shook off the three thousand star fields in his hand, and streaks of starlight completely shattered the wood in front of him. Long Chen advanced forward through the tree trunk at an extremely fast speed, and after about fifteen minutes, he finally found the redbud fruit!

This was the source of the Scarlet Flame Tree's power.

"It's this damn thing!" Long Chen was extremely fast, and at this moment, within the Scarlet Flame Tree Clan's body, there were countless things that looked similar to blood vessels. When it came to the redbud fruit s, without saying a word, Long Chen used the three thousand star domain to cut off the blood vessels, and in a short period of time, he directly sent the redbud fruit into the Great Void Realm.

Chapter 844 - Beiming Clan

Great Void Realm had a powerful force, so no matter how powerful the redbud fruit was, it was useless inside.

After the redbud fruit was collected, Long Chen had felt that the ancient tree had already lost all of its movement. The surrounding energy and temperature were also disappearing quickly, everything returned to its original state, only, the one below was a scene of total devastation.

"I'm finally done." Long Chen heaved a sigh of relief, and without saying a word, he kept the three thousand star fields, then left the place. It was hard for him to leave the place after entering, but it was easy for him to do so.

To be honest, it was a bit dangerous just now. If Mo Xiaolang hadn't been able to accurately sense the location of the redbud fruit, this tree really would have been a huge problem.

"This thing finally stopped. It seems to have returned to the ancient tree." Seeing that Long Chen had successfully emerged, Mo Xiaolang said while smiling.

Long Chen nodded his head, and said: "I have already obtained the redbud fruit, and this matter has happened. I wonder how Yan Er and the others are doing, I will first go to the Greenwood Heaven City to take a look, then leave this place, and find a place for you to devour this redbud fruit. This redbud fruit's heat is very strong, much stronger than the fire treasures you devoured before.

Mo Xiaolang nodded.

The two of them did not say anything else, and left the cave that Long Chen had dug himself, and headed towards the direction of the Green Wood Sky City. At this time, the ancient tree had already moved a lot of its position, and the place it had deviated from was under the ancient tree, and it was in a complete mess.

Under the burning of the flames, there were charred trees everywhere, and there were still many ancient trees in a burning state. It could be said that in this short period of time, the Greenwood Region had been destroyed quite a bit.

Fortunately, other than the people above the Cyanwood Heaven City, there were not many people around the ancient trees.

There were at least ten experts in the ninth stage of the Earth Martial Stage. Under the resistance of these experts, if the flames wanted to completely refine them in a short period of time, it should not be enough.

Without the Scarlet Flame Tree's influence and interception, Long Chen quickly rushed to the city. Now that the flames were burning the entire city, it could be said that the city had been destroyed. Long Chen used the third level of the Spirit Devouring Demon Pupil to find out about the people very quickly. and Lei Ji were also there. Seeing that there were still many people alive, Long Chen's tensed mood finally relaxed a little.

At this time, Long Chen was thinking about something else. Before coming to the Greenwood Sky City, he had already told the wolf cub to go to the Great Void Realm, since the wolf cub was only thinking

about the redbud fruit. What Long Chen was thinking about was, if someone else saw the wolf cub's huge body turn into that of a Sun Devouring Demonic Wolf, would they be able to?

However, there were definitely some people hiding in the corners other than the ancient cypress trees. As long as they saw the little wolf and spread the news, they would naturally know that Wu Guangyu's death or disappearance was related to him.

Therefore, regardless of whether he was seen by others or not, Long Chen decided to leave this place first.

He heaved a sigh of relief in his heart. However, the number of warriors in the Verdant Wood Heavenly City had decreased by quite a bit. He reckoned that even in the Thunder Clan and the Demon Clan, there would be a lot of losses.

Above the Cyanwood Heaven City, they did not even know what had happened.

Under Bai Lan's explanation, they finally understood.

At this time, Long Chen had arrived. Seeing Long Chen, Bai Lan and Lei Ji immediately called for him. They were just about to rescue the others, but then they realised that the Scarlet Flame Tree Clan was no longer moving, as if they had returned to normal. They did not know what was going on.

As for Su Xue and Su Yan, both of their eyes were filled with tears.

Just as Bai Lan was about to speak, Long Chen shot him a glance and said: "I've already settled the matter by myself. However, I'm afraid that there might be a change. I won't be able to stay in this Greenwood Sky City any longer."

Seeing Long Chen's request flash, Bai Lan knew that he had something else in his heart, he understood in his heart, since the danger has already been solved, then it would be fine, thus he nodded his head and said directly: "Let's not talk about the rest, let's leave this place first. This is an accident, and it caused my thunder demon lineage to suffer a lot of losses, so we cannot have any other losses now."

Under Bai Lan's orders, the crowd only had to retreat out of the Cyanwood Heaven City. When they saw the scene of devastation below the city, everyone's expressions became a little dazed.

"This ancient tree can actually move. Moreover, it's burning with flames. If the clan leaders had not rushed over to rescue us, we would not have been able to escape the flames and turn into ashes!"

"That's right, what's going on? How could such a miraculous thing happen?"

"This must be the terror of the Archaic Graveyard. Even the legendary Cyanwood Heaven City has been destroyed!"

Everyone discussed as they left.

Long Chen stood together with Bai Lan and the others.

"Long Chen, do you know what exactly is going on with this ancient tree? We still don't have a solution, so how did you solve it? "

I told you guys about him. He was once snatched away by Wu Guangyu, but after the Martial Arts Competition, I snatched it back. He is relatively sensitive to fire treasures, and within this ancient tree, there seems to be only one thing that causes such a change, which is the location of the thing. After I took it away, the ancient tree stopped.

Long Chen did not say what it was, and did not have any intention of taking it out either. The two of them trusted him, so they did not question him further.

After all, most of the time, they treated Long Chen as a friend.

"That demon wolf, the last time you came here with the god race, I saw it. When did you ..."

At this moment, Long Chen whispered to Bai Lan and Lei Ji: "There is a reason why I can't let you guys talk about my demon wolf brothers. When you find a place to settle down, I'll explain it in detail. "

Long Chen was not in a rush, even if the people from the God Clan knew that Mo Xiaolang was here, they would still need some time to get there. In this period of time, Long Chen was enough to explain everything to Bai Lan and the others.

After Long Chen left, the five demon clan members finally appeared at his original location. At this moment, the five demon clan members looked at each other in dismay.

"This brat took the redbud fruit away, and that demon wolf was also taken away by him. It must be a beast spirit crystal that can temporarily store the demon beasts. Damn it, he actually took our demon clan members as pets!"

"That's not so. They seem to have a good relationship with each other. Previously, the wolf took the initiative to enter as well. However, everyone, what do you all think now? "

"Let's go directly and let that human hand over the demon wolf?" The woman from the Crimson Flame Tree Clan said.

Our goal is to have the people here go find the Five Emperors' Treasures. If we appeared in advance, it would be enough for them to panic, so how would they dare to enter the Five Emperors Secret Realm to take out the thing that belongs to us? If not for the restrictions set by the Five Emperors, we would have long ago entered the Five Emperors Secret Realm! " The wolf clan expert said.

"If that's the case, then we'll observe for now. Once that demon wolf comes out again, it will naturally have something to do with the Sun Devouring Demonic Wolf once it reaches the Emperor level. This Archaic Graveyard is our brother's animal farm, how can you escape from our brother's grasp in this Archaic Graveyard? "

Everyone laughed, and for a moment, the sound of their laughter shook the sky.

The woman from the Crimson Flame Tree Clan did not laugh.

Beside her was a gloomy man, his entire body emitting an aura that made him seem like a terrifying snake.

"Hong Ying, what are you looking at?" The man said.

The Hong Ying he was referring to, was the woman from the Scarlet Flame Tree Clan.

When we were beside the ancient tree, did we encounter a young lady? You said that she looked pretty good, so I used the 'Darknorth Talisman' that you gave me on her. Isn't that the same as speeding up the aging of your 'Darknorth Talisman'?

The man's eyes lit up, his voice filled with suppressed excitement as he said, "Are you saying that this woman has not died from the Northern Dark Talisman, and might have the legendary physique of 'eternal life'? Can she become the holy maiden of the Darknorth Snakes?"

"I think so, but how could this little Realm of Myriad Kingdoms possess the physique of 'eternal life'? Within a day, we have seen a whole lot of Sun Devouring Demonic Wolf, and also have the physique of 'eternal life'. Our luck isn't that good right?" Hong Ying asked doubtfully.

That man laughed in a low voice and said: "No matter what, I have to get it back. It really is the Sun Devouring Demonic Wolf, Tian Kun is definitely going to achieve great success in the future, if I can find a human Holy Maiden for the 'Darknorth Snakes', I can also achieve great success!"

"Keep dreaming, hur hur." Hong Ying laughed coldly.

However, she had no intention of stopping him.

"Since it's not suitable for me to show myself, when the Five Emperors' Treasures is about to open, I'll take this girl with me. There are still five months before I can leave. I don't want to wait on a human for that long. "

Chapter 845 - Purple Blood Demon Emperor

This time, the Thunder Clan and the Demon Clan found a relatively flat forest in the Greenwood Region. After a simple exploration, they gradually formed a temporary living area. The Cyanwood Heaven City had been destroyed. Thus, they had no choice but to come to this place.

With Bai Lan and Lei Ji standing guard, it was unlikely for anything else to happen. Long Chen calculated that if someone had seen Mo Xiaolang that day, this news would have probably reached Wu Lian and the other experts of the God Clan.

Therefore, he decided to leave for a period of time, and reappear again after five months, which would avoid bringing trouble to the demons. If he was here, if Wu Lian came to win, he would really harm the

innocent, and Bai Lan would definitely protect him, but if these two experts were to make a move, no matter who it was, it would not be beneficial for them.

After Bai Lan and the others finished settling down, Long Chen had already called him and Lei Ji over. Inside an exquisite wooden house that was built, Long Chen told Bai Lan everything that happened when he went to the Tianshui City.

"What!" Bai Lan and Lei Ji were both shocked. Even if Wu Guangyu lost to Long Chen in terms of prestige, it would not decrease for sure, and if such a person lost anything, it would cause a huge commotion in the Realm of Myriad Kingdoms. They even felt that the future of the God Clan was bright, and that the strong warriors of the young generation were the taboos of all races.

Long Chen's strength had already reached the point where he could kill Wu Guangyu without being harmed in the slightest, which caused Bai Lan and Lei Ji to have no choice but to look at this young man in shock.

"However, when I killed him, no one else saw it. However, when he was dealing with the ancient tree, the wolf cub had revealed his body, which might have been seen by someone else. So, I want to find another place to look for you when the Five Emperors Secret Realm opens. "

Bai Lan frowned, and said: "Hearing you say it like this, have you already decided?"

Long Chen said: "Otherwise, if those people from the God Clan were to come here, especially the Patriarch of the God Clan, Wu Lian. If you see me here, it will probably cause you guys a lot of trouble. It will be the same if I go find a place to cultivate in seclusion. "

Seeing that Long Chen had made up his mind, Bai Lan and Lei Ji both understood him well. Long Chen was right, once Wu Lian lost his son, she would not let him go even if there was the slightest possibility.

Therefore, Bai Lan said: "It seems that it's about time. Before you leave, go bid farewell to Yan Er.

Su Yan?

After Long Chen bid farewell to him, they went to his room. He knew that Su Yan was inside, after lightly knocking the door, the little beauty inside quickly opened the door, and upon seeing Long Chen, she

revealed an expression of pleasant surprise, and immediately became listless. He asked in a low voice: "Big brother, what are you looking for me for?"

"Let me in." Long Chen said with a smile.

This little girl seemed to have something on her mind.

"Alright." Su Yan gently pushed open the door. This small room was just prepared, it was tidily made, and could be used for cultivation.

After entering, Long Chen lowered his head, looked at Su Yan, and said: "Your father said that you don't seem very happy. What are you thinking about?"

Su Yan wanted to say something but hesitated, she shook her head, her face was filled with a look of suffering.

"Tell Big Brother, don't do this. If you have anything on your mind, then just let me know. Otherwise, I won't talk to you anymore." Long Chen threatened. Against this little miss, this move was the most effective.

"Huh?" Su Yan anxiously opened her eyes wide, and immediately said: "Don't be like this big brother."

"Then what do you want?"

"I ..." Su Yan lowered her head and said, "For the past few days, I had the feeling that someone was watching me from the shadows. I don't know why, but I believe I was mistaken."

"Someone's looking at you?" Long Chen was dumbstruck. Using the Spirit Devouring Demon Pupils, he looked within a kilometer.

Right now, Long Chen was saying his goodbyes to Su Yan. As for the thing she was probably saying, she was probably overthinking it. Long Chen laughed and said: "Stop thinking too much. Yan Er, I have something to tell you today."

"What is it?" Su Yan asked.

"In the next five months, I will be leaving this place for a period of time and going into closed door cultivation. I won't come out until five months later. " Long Chen said solemnly.

"What!" Su Yan's face turned gloomy.

"Then wouldn't I be unable to see you?" she asked nervously.

"Don't worry, I'll be back in five months. I'll come see you then." Long Chen could tell that in this little girl's heart, she already had her own image. She was still young, and when she grew up and had her own new life, she would probably forget about Long Chen.

Five months later, he would try his best to visit her. As for whether he would have the chance to meet her again, that was not certain.

"Alright, pinky swear!" Su Yan said as she stretched out her petite finger.

"Yes." Long Chen laughed softly, and very cooperatively pulled the hook with Su Yan.

"Alright, don't lie to me!" After pulling on the hook, Su Yan bit her lips and finally revealed a smile.

"Of course."

Looking at the little girl, Long Chen thought of Yang Lingqing, her little sister. However, Yang Lingqing was not young anymore.

"I wonder how that girl is doing after she went to Imperial Domain? How strong exactly is the Lunar Demon Body that Li Xuanji spoke of? "

As for Sanxue, Long Chen did not say goodbye to her, as it was not the last time he would leave his. In five months, after Long Chen had successfully cultivated the ninth stage of the Earth Martial Stage and used the Jadewater Golden Eyes Beast's spirit core to cultivate and succeeded in the Profound Emperor Seal of the Heavens, he would still return.

This time, the place he was preparing was the liujin region.

It was the territory of the God Clan and the wind race, and they were probably searching for traces of Wu Guangyu in full swing. However, Long Chen was not afraid of them, because at the moment, he had the seven star body, and he was no longer afraid of the gold eating qi. He had the Mysterious Golden Soul, and it allowed him to burrow deep into the metal ground.

Bringing Mo Xiaolang and Cat, Long Chen quietly arrived in the middle of the liujin region, found a place, and burrowed deep into the ground.

What he did not know was that among the liujin region above his head, there were three people in black currently looking at him. Their gazes pierced through the heavy ground and clearly saw Long Chen.

"The Archaic Graveyard is also one of the Realm of Myriad Kingdoms s. The land of the Realm of Myriad Kingdoms is really fragile, even someone with his strength can go directly underground. Even we, from the Imperial Domain's land, wouldn't be able to break through that kind of hard ground, right?" One of the men said in disdain.

"Realm of Myriad Kingdoms and Imperial Domain are not even in the same world. Compared to the humans of Realm of Myriad Kingdoms, the humans of Imperial Domain were also much better in terms of levels. There has always been a difference between upper-level humans and lower-level humans. The humans of the Imperial Domain of Sword Soul and True Martial Emperor Domain are upper-level humans, and outside of the Imperial Domain, there are many other regions like the Realm of Myriad Kingdoms. The strength of the humans inside are also around the same as the Realm of Myriad Kingdoms, and they are lower-level humans.

"Don't mock others too, the reason why we stayed here for so many years, wasn't it all for the sake of that damnable Five Emperors' Treasures? If we did not guess from all the clues that these five emperors 80% of those years ago possessed that thing, we would have given up on the Dire Imperial Domain's playworld and stayed in this damnable Archaic Graveyard for so many years? "

"Let's not talk about it too much. If we bring out some Goblin Gods or Human A powerful warrior of the Divine Martial Realm s, we'll just waste our time. Even if we manage to get our hands on that thing, it would be best if we don't show our faces for the next five hundred years. "

When these words came out, the three of them nodded their heads. After all, the legendary item was really too important.

Otherwise, they wouldn't have played the Archaic Graveyard so many times.

The man from the wolf clan, whose name was Tian Kun, was shockingly among them. He said, "Hong Ying and Xuan Feng, those two fellows, went to investigate whether the young lady had the 'Immortal's' physique. With their temperament, if they didn't discover the 'Immortal's' physique, they would have definitely killed that young lady."

"That can't be. They are people who know their limits. Although the Darknorth Snakes need a human maiden with an 'eternal life' constitution, we haven't been able to find her for so many years." That man who is known as the Clan Leader of the Demon race is the key link in our plan. We cannot disturb him for now, so after he enters the Five Emperors Secret Realm, we can just take that girl away. "

The other two nodded.

At this moment, they turned their heads. One of them smiled knowingly and said, "That fellow Zixue has finally returned. This time around, he has disguised himself as one of the Five Emperors' Demonic Beasts. He truly is impressive."

"Bullsh * t!" A black robed man instantly appeared around them and cursed, "The space here is too fragile. I was only advancing at full speed, and yet it's actually warped!"

After a casual curse, he looked at the other three and said, "What Five Emperors? If that thing wasn't in their hands, I, the Bloodviolet Demon Emperor, wouldn't stay in this crappy place. This useless Five Emperors is nothing. Oh right, where are Hong Ying and Xuan Feng? What are you all doing here? "

One of them told them what had happened.

"Forbidden Wolf?" What kind of joke is this, let's go down and take a look! "

Chapter 846 - Ninth Stage of the Earth Martial Stage

Maybe it has something to do with him, but don't be anxious. In Archaic Graveyard, as long as they take out all of their Five Emperors' Treasures, what doesn't belong to us? Don't act blindly without thinking first. "

Long Chen didn't know that there was actually such a group of people on top of his head.

Amongst the three of them, Cat had basically lost all of its strength, becoming a useless soul. Even if it were to live within Nightmare's body, it wouldn't be able to display much of its strength.

As for Mo Xiaolang, other than his perception of fire, his perception of other things were inferior to Long Chen's.

In addition to that, the people from Imperial Domain were all abnormally strong. The Purple Blood Dragon was already a level nine emperor level expert. The other six should be around the same.

"That Bloodviolet Flood Dragon is at the ninth level of the Emperor level. After transforming into a human form, I wonder how much stronger it is compared to Xiao Xi's strength back then?"

He still did not know much about the Imperial Domain's strength.

Within the Three Great Imperial Domains, there should be quite a few experts, and there should be quite a few Divine Martial Stage s present. Imperial Domain of Sword Soul was one of the Three Great Imperial Domains s and Ling Xi came from there. There must be a lot of experts from the Divine Martial Stage there ...

"My Divine Martial Stage is still very far away. I'm only at the eighth level of Earth Martial Stage and I can't even reach Heaven Martial Stage. In these five months, I'll try my best to reach the ninth level of Earth Martial Stage as soon as possible.

Long Chen had heard that the Heaven Martial Extreme Wall was a huge gap between the and the Earth Martial Stage, and only by breaking through the Heaven Martial Extreme Wall, would one be able to truly enter the Heaven Martial Stage.

The number of people that were stopped by the Heaven Martial Extreme Wall was simply too numerous to count.

However, Long Chen still had a lot of confidence in himself, because the thing he could rely on the most in this period of time was the Primordial Blood Dragon's Inherited Blood Essence. At the same time, he also had something even more mysterious and precious than the Primordial Blood Spirit dragon essence blood. It was the Mysterious Dragon Jade that Long Qinglan had left him.

This Dragon Jade, to date, had only been used a few times, but every time, it had given Long Chen a huge help.

Right now, he put down the cultivation of the Monolith of the War God. This Monolith of the War God could at most guide him to the ninth stage of the Earth Martial Stage, but that was enough.

The reason why he put down the Monolith of the War God first was because Long Chen wanted to settle the Profound Emperor Seal of Covering the Heavens. The fusion of the three Great Emperor Seals already possessed a very strong destructive ability, and if he were to raise it another level and fuse the power of water into it, then that would absolutely increase his fighting strength once again.

In the Great Void Realm, the little wolf had already transformed into the shape of a Sun Devouring Demonic Wolf, and had even swallowed that redbud fruit. This redbud fruit came from the Imperial Domain, and was even more precious and terrifying than the flame treasures that Mo Xiaolang had devoured before. After Mo Xiaolang devoured it, he started to refine it, or to be more precise, digest it. This redbud fruit was only its food, but, if the redbud fruit could support such a powerful fighting strength, how could it be easy to digest?

This would require a certain amount of time.

had already taken out the Demonic Core from the Jadewater Golden Eyes Beast's corpse. It was a king level nine beast core, and this was the first time Long Chen saw it, the size of a human's head. It was a translucent blue crystal ball, and the surroundings were filled with blue mist.

The blue mist revealed a blue water lion. It looked like the Jadewater Golden Eyes Beast. This Jadewater Golden Eyes Beast was the size of a pet and it let out a series of roars.

Long Chen wanted to use this Jadewater Golden Eyes Beast's demon core as a primer to open the Mystical Emperor Seal and use it to cultivate the Profound Emperor Seal of Heaven.

This Spirit Demon Core contained enough strength to allow Long Chen to complete the training of the Profound Emperor Seal of the Sky. With the experience from the previous three times as well as the strong support of the seven star body, although the fused resistance was much stronger, Long Chen was still familiar with the path of the Spirit Demon Core, slowly melting it into his own martial arts aperture one step at a time, becoming one with the Mystical Emperor Seal.

The Mystical Emperor Seal was even one of the first Five Emperor Prints that Long Chen had obtained.

"These Five Emperor Prints are already this powerful. What would the Five Emperors' Treasures leave behind?" Long Chen's mind flashed with this thought.

It could be said that this Five Emperors' Treasures was extremely important to him.

The Primordial Blood Spirit Dragon's blood essence, more importantly, gave Long Chen a large amount of abilities. However, there was no direct power. If he wanted to obtain direct power, he would need to fight for it himself.

"My body is already very strong. I think I'll have to endure more of the inherited blood essence very soon. "I've already absorbed 1% of the Primordial Blood Dragon's inherited blood essence. So, what's next is 10%?"

Long Chen hoped more than anyone that the Primordial Blood Spirit Dragon would fuse with its blood essence.

The power that a true ancestral dragon blood had bestowed to Long Chen far surpassed the power that he had currently acquired.

Roughly a few days later, Long Chen had already succeeded in cultivating the Profound Emperor Seal of Shrouding the Heavens. He estimated that the power of the four Five Emperors Seal had already reached the peak of the middle grade Emperor level offensive skill.

If he could combine five of the Five Emperors Seal into one, then his final power might be able to reach a high level Royal Level battle skill.

"In terms of combat skills, the next goal is to find earth-attributed treasures and combine them with the Five Emperors Seal. After that, let's see if I can bring out the royal level high grade combat skills from the 'Three Thousand Star Region' if I reach the ninth stage of the Earth Martial Stage."

The battle skill amongst them was a genuine high level Royal Level battle skill, comparable to Wu Guangyu's Blue Lotus Sword Art. Because Wu Guangyu was a Sword Fighter, he was able to comprehend the Blue Lotus Sword Art within the Blue Lotus Divine Sword earlier.

Right now, the Blue Lotus Divine Sword and the three thousand star fields were both in Long Chen's hands.

However, Long Chen did not bother with the Blue Lotus Divine Sword. It was enough for him to learn one battle skill of the same level. The Blue Lotus Divine Sword was not stronger than the 3000 star fields, so he would not give up on the 3000 star fields for the time being.

"This Blue Lotus Divine Sword is useless in my hands as well. Bai Lan and the others have helped me.

After Long Chen made up his mind, he would first settle these matters and methods, and then, he would think about the matter of the ninth stage of the Earth Martial Stage.

Cultivating this realm was not something that could be done overnight. One could only slowly ponder over it.

A Monolith of the War God could at most guide Long Chen all the way to the ninth stage of the Earth Martial Stage.

At this time, within the Great Void Realm, Mo Xiaolang had already devoured the redbud fruit and his entire being was undergoing a huge change. When he woke up, he might already be an emperor level demon beast.

This time, Long Chen did not immerse his mind into the Monolith of the War God, but took back the gigantic Monolith of the War God and placed it in the middle of his own subterranean space. At this time, the Monolith of the War God was standing in front of him, and the black tombstone was flowing with a black light. Long Chen was already very familiar with the Monolith of the War God, and in a short period of time, he had already immersed himself within the Monolith of the War God. In his world, everything had disappeared.

From the first to the ninth stage of the Earth Martial Stage, this person had practiced all of the Earth Martial Arts manual once. Not only for the first time, but during Long Chen's comprehension, he repeatedly practiced the Earth Martial Arts manual.

had already reached the perfection-stage of the Earth Martial Stage. He was only a step away from the perfection-stage of the Earth Martial Stage's ninth stage and the perfection-stage of the Earth Martial Stage.

This step wasn't that easy either.

Up till now, Long Chen had almost mastered the Earthen Martial Arts. had a slight understanding of it before. On the side of the Realm of Myriad Kingdoms, every single Tianwu Fist Index was a treasure left behind by their clan and ancestors, and many people were unable to reach the Heaven Martial Stage because they did not have the Tianwu Fist Index.

Long Chen currently did not have a Tianwu Fist Index, but he knew that if he were to ask Bai Lan and the others for it, they would definitely not be stingy.

In the Three Great Imperial Domains, the number of Tianwu Fist Index s would probably be much more common.

The Tianwu Fist Index was still far from Long Chen, and what Long Chen was focusing on now was the final stage of the Earth Martial Arts manual.

Deep within the earth, Long Chen could perfectly experience the power of the Earth Martial Arts. The Earth Martial Arts was the pulse of the earth. The power of the earth forged itself.

It was unknown how many days later, Long Chen had already started to practice the last layer of the Earth Martial Arts, in accordance to the shadow of the Monolith of the War God.

With the passing of time, Long Chen had modified his understanding of the martial realm time and time again. With the guidance of the Monolith of the War God, Long Chen was able to slowly overcome these problems.

Time passed bit by bit, and Long Chen was immersed in cultivating towards me. In this deep underground, Little Cat did not disturb him, and Mo Xiaolang was also immersed in the process of evolution. In Long Chen's world, there was only the fist technique of the Monolith of the War God.

Finally, two months had passed, and Long Chen had to spend an entire two months to cultivate this last stage before he could finally defeat the enemy. His martial spirit had reached the ninth stage of the Earth Martial Stage, and in his sea of consciousness, the dragon-shaped martial spirit was extremely realistic and lifelike.

The dragon martial spirit seemed to have a connection with the Mysterious Dragon Jade, as it floated above the Mysterious Dragon Jade.

The spirit energy from the Earth Veins poured into Long Chen's body. This time, he finally reached the ninth level of the Earth Martial Stage, possessing the same strength as Wu Guangyu and the others.

At this time, Long Chen stood up from the deep underground.

Chapter 847 - 3000 Territory Strikes

"With the fusion of the Four Great Emperor Prints and the ninth stage of the Earth Martial Stage, Long Chen's true essence will increase tenfold after transforming. With my current strength, I estimate that I should be around the same level as the experts of the first stage of Heaven Martial Stage, Feng Qing, and the others. With a Domain, I might be able to resist them, but it would be difficult for me to defeat them, not to mention the Sword Fighter at the second level of Heaven Martial Stage — Wu Lian. "

Other than her son, it was as if everything else had nothing to do with her. Wu Guangyu was her most prized descendant, yet Long Chen let Wu Guangyu go to the eighteenth floor of hell. At this time, the Archaic Graveyard had probably already caused a huge commotion, and Long Chen truly did not dare imagine how she would deal with him if she knew that his son's death was related to him.

"This woman could very well be the strongest warrior in Realm of Myriad Kingdoms!"

The Realm of Myriad Kingdoms had billions of people. To be able to be ranked first amongst so many people, one could imagine how terrifying it was.

Of course, Long Chen's achievements could also be considered as a monster amongst demons.

In less than three years of cultivation, he had already reached his current level.

Many geniuses of the Imperial Domains were unable to reach such a level.

After reaching the ninth stage of the Earth Martial Stage, Long Chen had no intention to go out. At the moment, the little wolf still had not woken up, and looking at the situation, it still needed some time to wake up.

"Next, I'll figure out what exactly is going on with the Heaven Martial Stage and at the same time, this 3000 star field!"

Even Wu Guangyu could comprehend a high level Overlord combat skill within the Blue Lotus Divine Sword, so Long Chen did not believe that he would not be able to.

He took out the 3000 star fields and sat cross-legged on the ground. The 3000 star fields were placed horizontally before his eyes.

"Imperial Domain of Sword Soul, from what Wu Guangyu said, I think Sword Fighter is very popular right? The Dao of the Sword, what is it, and what does it have to do with the martial way?"

Long Chen was currently training in the Martial Dao.

"If it wasn't for the Sword Fighter, which naturally born soldier spirit that evolved into an Innate sword embryo in Heaven Martial Stage, would the weapons used be much weaker than others?"

Long Chen knew that sometimes weapons were also one of the indicators of a person's combat prowess. For example, after he possessed the Three Thousand Star Domain, his combat power would soar.

As such, he was actually weaker in this aspect. This made him frown.

Especially since Ling Xi was from the Sword Soul Imperial Palace, the people there would definitely be very skilled in using weapons. How could Long Chen be willing to be weaker than the people there?

"Cat, is there any way for me to have the Innate Sword Embryo like them and then comprehend the way of the sword?" Long Chen asked in a low voice.

In Long Chen's eyes, Cat was equivalent to an encyclopedia.

In the Great Void Realm, this fellow was sleeping lazily. After taking over Nightmare's body, the fat cat would have to sleep at a constant rate of time, and as long as Long Chen didn't speak to it, it would immediately go to sleep.

At this time, Long Chen had also woken up from his sleep.

"Bastard, you've disturbed my cat-lord's beautiful dream again. Be careful that my cat-lord doesn't cut your little darling and let you look at that Ling Xi instead, so that you can cry!"

"Try it if you dare." Long Chen raised his voice.

Cat quivered and said, "Ahaha, I was just joking before. It was just to liven up the ambiguous atmosphere. Young man, if there's any problem, I'll be merciful. I'll answer it for you now!"

Long Chen was too lazy to bullshit with it and directly asked, "I say, is there any way for me to obtain the Innate Sword Embryo and then comprehend the way of the sword?"

"Sword Truth? If you could expand in this area, it would be great for you. After all, your leveling speed has always been very fast. If you are able to comprehend the final level of the Sword Dao, you will instantly explode with fifteen times the battle strength. In addition to your Dragon Soul Transformation, this kind of heaven defying divine ability will allow you to kill people two levels higher than that, no problem at all. "

"Fifteen times?" Long Chen had once heard that, there were ten times that, but the little kitten said that, there were fifteen times.

"Are you saying that I can obtain the Innate Sword Embryo?" Long Chen asked.

A soldier's spirit was something that was born, some people had it, some people did not have it, so this could not be forced. Long Chen belonged to the category of people that did not.

The kitten rubbed its sleepy eyes and continued, "This is not for sure, unless someone can find the relatively rare Sword Soul Stone s, and then take out its own Innate Sword Embryo and place it in the Sword Soul Stone before it dies. That way, as long as we can obtain that Sword Soul Stone, we might be able to directly transfer that senior's Innate Sword Embryo onto our own body. But, where did you find the Sword Soul Stone with the Innate Sword Embryo? "

It didn't seem easy.

Long Chen then noted down this matter in advance.

"Of course, if we were to obtain the Innate Sword Embryo from the Sword Soul Stone, there would be a huge benefit."

The kitten said mysteriously.

"What benefits?"

"For example, the person who left the sword embryo, if his understanding of the way of the sword had already reached ten times of offensive power while he was still alive, then his insights into the way of the sword would remain in the Xiantian sword embryo. If you inherit the sword embryo, then you would be able to obtain a portion of that comprehension of the way of the sword, saving a lot of effort!"

Long Chen shivered. If that was the case, this Sword Soul Stone was indeed a good thing.

He only remembered Cat's words and didn't think too much about it. Instead, he carefully observed the 3000 star field in his hands.

"If you have a soldier spirit, you can easily comprehend the combat skills hidden inside by moving your own soldier spirit into these three thousand star fields. However, you don't have one, so you can only approach it step by step through careful comprehension, making sure that your world only has these three thousand star fields in it. Then, you might also be able to obtain the combat skills of these three thousand star fields, since you are already at the ninth stage of the Earth Martial Stage." The kitten said.

"Thank you very much."

From today onwards, Long Chen prepared to first ponder over this' 3000 star field '.

"Thank you, this god is going to sleep!" The kitten stretched its body in a comfortable manner and many fell down. At its beckoning, the Void energy turned into a soft bed for it to turn around.

"3000 star fields!"

It was a pity that he did not have the Upper Sky Sword embryo.

However, Long Chen was not discouraged. His mind was completely immersed in the three thousand star fields in his hands, which was the same as when he was cultivating previously. was very smart while touching this weapon, and he imagined the feeling of the Blue Lotus Divine Sword in Wu Guangyu's hands, as though it was a child.

As long as you treat it well, it will be able to give you its all. This drop of Long Chen's blood could only take over three thousand star regions, but it would not be able to receive its full support.

Hence, he needed to gain the trust of the other party through their exchanges one step at a time.

This was a huge project, Long Chen took one step at a time, the time flew past without anyone noticing, the few months quietly disappeared with concentration, it was normal, Long Chen knew, the stronger the cultivation, the slower he would be able to cultivate, the longer the cycle would be, and in the Imperial Domain, it would take a long time to casually go into closed door cultivation.

Three to five years, even ten years, were all very common.

Long Chen who already had the ninth stage of the Earth Martial Stage, approached the 3000 star field step by step, and finally had some results. It was as if he could see the world inside the 3000 star field, a bright blue starry sky, in which the star war god of the 3000 star field fought a massacre in all directions, killing an enemy who had offended him.

The 3,000 star field was a domineering spear!

As the scene changed, the characters within began to dance their spears about, drawing mysterious trails.

"Three Thousand Domain Spear Art!"

At least, Long Chen already knew the name of the Royal Tier Battle Skills.

In the 3000 star fields, the Star Ranker's practice was intermittent, headless, sometimes fast, sometimes slow. This made it harder for Long Chen to understand his situation.

Normally, those who train in this level of combat skills are at least from the Heaven Martial Stage. They have gained a certain level of understanding towards the 'Domain', and the 'Three Thousand Domain Spear Art' is combined with the 'Domain' to achieve the pinnacle of the spear dao. I do not know anything about the 'Domain', but it seems that those who want to learn the 'Three Thousand Domain Spear Arts' are extremely difficult! "

However, what was undeniable was that if he could learn the Three Thousand Domain Spear Art, his battle strength would definitely be stronger than even the fusion of Five Great Emperors Seal.

Of course, having already progressed to such a stage, Long Chen did not have the intention of giving up. He could choose a relatively simpler Blue Lotus Sword Art, but abandoning it halfway was not his style.

"What is a domain?" This was the most important question that had appeared in front of Long Chen.

He had to find out what was a 'domain', then he would be able to cultivate the Heaven Martial Stage's cultivation technique and this '3000 Domain Spear Art'.

This actually gave him a type of convenience, because he could find the same common ground from the difficult training in two aspects. From the communication between the Heaven Martial Stage's realm and the Three Thousand Territory's Spear Arts, he could complement each other and obtain an even stronger level.

Five months quickly passed by.

Without the Tianwu Fist Index, Long Chen had still not reached Heaven Martial Stage, and had not made much progress in the Three Thousand Regions. However, he knew that it would be soon, and he only needed a turning point, with just two aspects, he would be able to achieve extraordinary results.

Five months had already passed.

This important opportunity would very likely come from the Five Emperors' Treasures!

Long Chen calculated that the day that the Five Emperors' Treasures would open was soon, so he stopped his cultivation and returned to the surface from this deep underground.

Along with them was the little wolf who had already reached the emperor level.

The cub had woken up a month ago.

The strength of the demonic beast didn't need to be comprehended. The strength of the wolf cub was completely reflected in his strong body and his boundless demonic energy.

"The Nine Hell Devil Ancestral Fire's clone that I absorbed is now at the Emperor Level and can be used to its fullest. Big Brother, us brothers will join hands and no one in Archaic Graveyard needs to be afraid." Mo Xiaolang said.

"No." Long Chen said.

He knew that the demons from the Imperial Domain were his most terrifying opponents.

Chapter 848 - Return

Long Chen still clearly remembered the location of the Thunder Demon and the Thunder Demon Clan. If nothing unexpected happened, their people should still be there, but after coming out, in order to avoid encountering others, Long Chen had already activated the Spirit Devouring Demon Pupil. Try not to

meet anyone else. He didn't know that the people of the god race would be searching for him everywhere.

However, Long Chen also had a lot to rely on in his heart.

In the Wind God's lineage, other than Wu Lian, there was no one else who could pose a threat to him. Even if it's Feng Qing, he shouldn't be able to do it.

Following the original path, Long Chen returned to the location of the thunder demon lineage. The thunder demon lineage was in the forest that was still in good condition. It could be said that they had built a city here.

In the past, the order that had existed in the Cyanwood Heaven City had been gradually restored.

This time, Long Chen discovered that there were less and less people in the Archaic Graveyard. After five months had passed, more people had died.

When he came to the Archaic Graveyard, other than the Patriarchs of the nine great clans, most of the people were fighting for the various treasures within the Archaic Graveyard. Other than the white lotus that had already appeared, the Azure Lotus Emperor, the Sevenstar Monarch and the Demon God Emperor, there were still three other inheritances that had not been opened.

Not everyone could be like Long Chen and the others, with no need to estimate the color of the ancient tombstone token. Even more people were working hard to make the ancient tombstone token turn golden.

This led to many battles.

"These should be the means of that demon clan. They have promoted the killing of the warriors in the Realm of Myriad Kingdoms, and every time the Archaic Graveyard opened, the warriors in the Realm of Myriad Kingdoms would die a huge death. Many talented people would also be killed in the intense fighting."

Seeing this scene of devastation, hatred surfaced in Long Chen's eyes.

He hated how his fate was being controlled by someone else, but at this moment, the six demon clan members who came from the Imperial Domain actually controlled everyone's lives in the Realm of Myriad Kingdoms.

"Big Brother, what you're saying is, their target is the Five Emperors' Treasures. Letting out the Five Emperor's key is very likely them using you guys to get the Five Emperors' Treasures?" Mo Xiaolang's face looked surprised as he asked.

"Indeed." Long Chen nodded and said as he hurried along his way.

A majestic aura radiated from Mo Xiaolang's body, causing people to feel as if this youth was an ice-cold black whirlpool.

After reaching the Royal Level, even if he took human form, he still possessed a certain level of combat strength. Of course, no matter how strong he was in human form, his combat prowess could not be compared to his demonic beast form.

"You're not afraid?" Mo Xiaolang asked somewhat nervously.

Long Chen chuckled, and shook his head: "I, Long Chen, am already considered lucky to be able to reach this step. I can only advance, am I not also a Ranker? "There's nothing to be afraid of."

Although he said it casually, as if he didn't care at all, the little wolf still saw the caution in Long Chen's eyes.

Very quickly, Long Chen returned to the place where the thunder demon lineage was. As expected, they were still here, and with the two powerful Heaven Martial Stage s Bai Lan and his son, nothing should have happened.

Even after five months, Long Chen still could not believe that the matter of him killing Wu Guangyu had not been exposed.

As expected, as soon as Long Chen appeared at the perimeter, there were already people entering to to him. One of the clan elders, who was in the ninth stage of the Earth Martial Stage, saw Long Chen and immediately came forward to welcome him: "Prince Consort Ma, you've finally returned. The Clan Chief and Clan Leader Lei have been waiting for a long time already."

Long Chen laughed, and followed him, all the way to the meeting hall Bai Lan had temporarily set up. Although it was simple and crude, it was still useful, since there was only a month left to the closing of the Archaic Graveyard, after a month, they could return to the Realm of Myriad Kingdoms, and there would be a period of peace.

After Long Chen arrived here, the people he knew, Bai Lan and Lei Ji, the old brothers, as well as Suxue and Su Yan, the beautiful sisters, were all waiting for him.

"Big brother!"

As expected, after seeing Long Chen, the little girl Su Yan didn't care if anyone else was watching, and promptly threw herself into Long Chen's embrace. Long Chen lowered his head and held the young girl in his arms, and after not seeing her for these past few months, the little girl seemed to have grown quite a bit.

It had been a long time since he last saw Long Chen, and he was extremely excited. Tears streamed down his face.

Previously, Long Chen was the one who pulled her back from the brink of death, so she was especially reliant on this man.

"Yan Er, Daddy is still here. Can you be a bit more reserved?" Bai Lan laughed, and watched the scene in enjoyment.

Although Su Xue was Long Chen's fiancée, that was all fake. Bai Lan had arranged it himself, at that time, he would just have to help himself. From Su Xue and the others, Bai Lan knew a little about Long Chen's ambitions.

Imperial Domain.

That's right, this was also the dream of every young genius in Realm of Myriad Kingdoms.

Hearing Bai Lan's words, Su Yan came out of Long Chen's embrace with a red face. He looked at Long Chen shyly, bit his pink lips, and said: "Big brother, I missed you!"

It was hard to imagine a shy girl like her would suddenly say such a thing.

He must have missed it too much.

Long Chen lightly slapped her face which was still a little baby fat. "Yan Er, be good. Big brother also misses you.

"But we still have to go." Su Yan was seriously a little disappointed, but even more so unwilling to part with her.

Following that, Long Chen, along with Bai Lan and the others were about to enter the Five Emperors Secret Realm.

Bai Lan forced Su Yan to return to her own seat with a stern face, and said: "The Five Emperors Secret Realm quota was something that your big brother fought for with great difficulty to get, so of course you have to go. You can't just focus on playing, you went to the eighth stage of the Earth Martial Stage even faster than Long Chen, and now that he has reached the ninth stage of the Earth Martial Stage, you still don't have any improvements."

Back then, Su Yan had indeed reached the eighth stage of the Earth Martial Stage in front of Long Chen.

"I know." The little girl felt wronged, she looked at Long Chen with her bright eyes, as if she was asking for help.

"Father." At this time, standing at the side, she looked more and more graceful, more and more charming, and her body was emitting a delicate fragrance. Suspended in worry, she said: "The ten people who entered the Five Emperors Secret Realm, other than Long Chen, were all experts of the Heaven Martial Stage, and the Wind God Clan, were now searching for Long Chen everywhere in the world. If Long Chen goes, would his life be in danger?"

Her mind was meticulous and she had been searching for this question for a long time.

From her words, Long Chen found out the information that he had been wanting to hear from her. At this moment, he asked, "Did the people from the God Clan already know that I killed Wu Guangyu?"

Bai Lan nodded cautiously: "Mn, on the day that the ancient cypress tree changed, there was indeed someone who saw your pet, this one, right?"

At this time, Mo Xiaolang was standing beside Long Chen.

"This is my brother, Mo Xiaolang." Long Chen emphasized.

Bai Lan and the others did not know about the situation, so Long Chen did not blame them for saying the word 'beast'. Mo Xiaolang was a human, if he heard these two words, he would also feel uncomfortable in his heart.

"I'm sorry." Seeing the solemnity in Long Chen's eyes, although Bai Lan did not understand why Long Chen cared so much about a demonic beast, he still remembered the two words "brother" in his heart.

Then, he said: "Just a few days after you left, Wu Lian and Feng Qing brought a large group of people to fight you."

Long Chen frowned. Just as he had expected, he asked anxiously, "How is it?"

"Nothing happened. I fought with her for a while and she found that you really weren't here. She couldn't do anything to me so she could only leave. "Luckily you hid well. We thought that you had been found, but we were worried for a while. Now, we can finally breathe a sigh of relief. It's good that you're back."

Although Bai Lan said it easily, Long Chen knew that the situation at that time must have been extremely troublesome. Long Chen will definitely pay you back. "

Bai Lan laughed: It's fine to repay the kindness, but you gave us face by giving us the title of nine clan Martial Arts Competition s. However, I have one thing to ask you, you were the one who killed Wu Guangyu, and Feng Zhilin is also missing, perhaps he also died in your hands? From what they heard, it seems like these two people went missing on the same night, and there's no trace of them at all. "

"Feng Zhiling?" Long Chen frowned slightly, when he thought of this cold and proud woman, he was stunned for a moment, and said: "I didn't kill her, she really disappeared?"

Bai Lan nodded his head, and said: "That's strange, you did not kill her, why is she gone?"

Both Long Chen and Bai Lan simultaneously thought of those people from the Imperial Domain. The only difference between the two was that Bai Lan still did not know about Zi Xue.

"Father, I'm talking about Long Chen's safety. What nonsense are you all talking about?!" Susu interrupted their thoughts and said softly.

What she was concerned about was whether or not Long Chen would be able to survive when he was with a group of experts within the Five Emperors Secret Realm.

Long Chen looked at her and said, "My cultivation realm is already at the ninth level of the Earth Martial Stage.

"Oh?" Lei Ji, who had been silent at the side all this time, was very interested in this question. Back then, when Long Chen had broken through to the eighth stage of the Earth Martial Stage, he had been tempering himself under his 'Domain '.

Chapter 849 - Tianwu Fist Index

"I can testify on this point, but this guy is extremely mysterious. Even now, I still don't know how he managed to avoid Wu Guangyu's Blue Lotus Sword Art." Lei Ji said while laughing.

Only when she thought about how Long Chen was still in danger, her mind became a little chaotic.

"If Wu Lian attacks him, I will protect him." Bai Lan said at this time.

A man of his word.

The demons and the Thunder Clan were originally unrelated to Long Chen. However, because Long Chen saved Su Yan, Bai Lan actually treated him like this, and even went so far as to clash with the god race.

Under Bai Lan's arrangements, they would set off for the Five Emperors Secret Realm tomorrow.

That night, Long Chen was sitting on a tree, yet the wolf cub was right next to him. At this time, Bai Lan suddenly came to his side, sat on a tree branch next to him, and laughed as he looked at him. "How is it, young man?"

Long Chen had just remembered those days with Ling Xi.

This was a very normal thing. He would often think of it when he was training.

"Nothing. I was just thinking about how I could get to Heaven Martial Stage." Long Chen changed the topic to training.

"As for the Heaven Martial Stage, you have to ask me. In order to reach the Heaven Martial Stage, you first have to obtain a very important thing, and that is this ..."

Amongst the ring, he took out a painting scroll and rolled it open. It was an image, and underneath each image, there was only a large amount of words to explain.

"This is the 'Tianwu Fist Index'. But it was only a fragment of the first three stages of Tianwu Fist Index. Our Realm of Myriad Kingdoms, at the very most, only possess the third stage of Tianwu Fist Index. If you want to achieve greater results, you must go somewhere else."

"Three Great Imperial Domains." Long Chen focused his gaze, and spat out these four words.

Bai Lan laughed, and said: "Seems like you are not stupid, this thing is yours. Whether you can reach Imperial Domain will depend on your luck, and I don't know the way to go there either."

Long Chen did not argue. This was what he needed the most.

After he stored the remnant inside the Tianwu Fist Index, Long Chen took out something else. He had originally wanted to take it out since it was useless to him.

That was the Blue Lotus Divine Sword.

Seeing Long Chen's actions, Bai Lan already knew what he meant. With a struggling expression, he said: "Azure Lotus God Sword, this thing is too precious. I've only helped you a few times already, I can't accept this thing."

Long Chen smiled faintly, and said: "I am not being unreasonable. I have three thousand star realms, and to me, the Tianwu Fist Index is much more precious than that thing, and it seems like it's about time for us to part. Consider this Blue Lotus Divine Sword as my reward to the devil race, and also as a gift to Sanxue, and Yan Er.

After saying that, Long Chen placed the Blue Lotus Divine Sword into Bai Lan's hands.

Bai Lan felt a little awkward. When he first gave Long Chen the Tianwu Fist Index, he did not expect Long Chen to actually take out such a precious item. His position within the Realm of Myriad Kingdoms was incredibly high, and it had always been him giving favors to others, but no one gave him a day. This feeling, it really was unaccustomed ...

"Good boy, you actually made my old man look bad."

Bai Lan said with a smile.

He looked at the Blue Lotus Divine Sword in his hand and said, "For now, I think I'll give it to Xue'er. Yan Er's personality was also relatively easy-going, but compared to her, as an older sister, Xue'er's sense of responsibility towards her family and the demons was a little heavier. Give it to Xue'er, they won't have any objections. "

Long Chen thought so too.

Su Yan would never care about this Blue Lotus Divine Sword.

After putting away the Blue Lotus God Sword, Bai Lan then said, "We will set off early tomorrow morning. First, you should think about this Tianwu Fist Index. "

Long Chen nodded. After Bai Lan left, he started to read the first three stages of Tianwu Fist Index.

The Tianwu Fist Index was completely different from the Earth Martial Arts Manual.

The two of them were in different directions. The Earthen Martial Arts Manual drew upon the power of the earth. His own strength would always be insignificant. If he could control the surrounding world's power and form the 'Domain', then he would be able to unleash even more powerful combat strength.

To warriors who were not yet Heaven Martial Stage, the suppression that the "Domain" could cause was even more terrifying than Long Chen's Devouring Blood Realm.

It could be said that the pressure exerted on him by the first stage of the Heaven Martial Stage's' Domain 'was limited.

After a night of comprehension, Long Chen had improved a lot.

In the past three months, he had always been pondering about the Heaven Martial Stage and the Three Thousand Regions Spear Art. These two aspects all had Long Chen's understanding of the Heaven Martial Stage, and now that he had the Tianwu Fist Index, he had a thorough understanding of many things.

He was only missing to train.

Of course, Long Chen didn't have the time anymore.

Once the sky brightened, he wanted to step onto the killing path of Five Emperors Secret Realm together with Bai Lan and the others!

When dawn arrived, Long Chen immediately stood up!

"Five Emperors Secret Realm, Five Emperors' Treasures, I'm coming!"

At daybreak, it was time to head out. Bai Lan and Lei Ji were already prepared.

"Big Brother, I'll follow you to the Five Emperors Secret Realm." At this point, Mo Xiaolang was also a little excited.

"No." Long Chen thought for a while, then shook his head and said.

"Why?" Mo Xiaolang was stunned.

"Your opponents are all strong warriors, and that Wu Lian also wants my life. It's useless for you to go inside. It would be better to stay here and help protect the Thunder Clan and the Demon race." Long Chen said.

"Is this really going to happen?" Mo Xiaolang asked.

He had always listened to Long Chen.

Actually, Long Chen had another huge concern in his heart, and that was the Goblin Tribe. They were lurking in the shadows, and it was unknown what they would do. At that time, their target would definitely be the treasures of the Five Emperors Secret Realm, so if Mo Xiaolang stayed here, he would presumably be a bit safer.

If the Spirit Demon Race really wanted to take action, with the strength of Long Chen and the rest, they would not be able to resist.

This was also Long Chen's plan.

I will be back very soon. At that time, in the remaining month, we brothers will find a way to enter the Imperial Domain. I don't believe that I can't go to the Imperial Domain!

Of course, the prerequisite to entering the Imperial Domain was to get a Five Emperors' Treasures!

Little Cat had told him this a long time ago.

Under Long Chen's insistence, Mo Xiaolang could only nod his head and agree.

Long Chen's strength could not be considered strong compared to them, so most of the things happening in the Five Emperors Secret Realm depended on luck.

After Mo Xiaolang agreed, Long Chen cautiously said: "I'll be troubling you here. Last time I left with Bai Lan and the others, something happened here. They were all my good friends. So I don't want too many of them to die."

"Big brother, don't worry. I will take good care of this place!" Mo Xiaolang smiled slightly.

When Long Chen persisted, it was very difficult for him to change his mind. This should also be the strength of her big brother, if not he would not have reached this step.

This time going to the Five Emperors Secret Realm was the biggest test Long Chen would ever take before he went to the Imperial Domain.

Fight to the death!

After he left, the entire Demon and Lightning Clan sent Long Chen and the other two off. Mo Xiaolang did not participate in this.

Suddenly, Mo Xiaolang felt that someone was looking at him.

"Who is it!"

When he turned around, there was no one there.

After bidding farewell to the others, Bai Lan and the others did not delay any further. They brought one of the Five Emperor's key with them and once again headed towards the Eternal Battlefield.

This time, other than a few core members, the others were not very aware of the Five Emperors' Treasures's activation.

Previously, when those people had sent him off, they did not know that Bai Lan was going to the Five Emperors' Treasures. Besides a few core clan elders.

The Five Emperors' Treasures were something that only the nine great clans could fight over. If not for the second stage of the Heaven Martial Stage, he did not have the qualifications to compete for it. Even so, he would have to give up a spot after obtaining the Yellow Emperor's key and let the nine clan Martial Arts Competition s decide.

In the process of advancing, Long Chen did not waste any time. With Bai Lan and Lei Ji, it was the best time for him to train and ponder about the Heaven Martial Stage.

The path of training was incredibly difficult.

If Long Chen did not have such a thing like a Monolith of the War God, even if his perception was high, it would still be difficult for him to advance at such a speed.

In less than a year's time, he had already gone from the third level of Earth Martial Stage to the peak of the Earth Martial Stage.

One had to know that for others, this could be a matter of ten to twenty years.

Under the guidance of the two, Long Chen gained a basic understanding. He had witnessed the power of Lei Ji and Bai Lan's' Domain 'before, and he had also carefully felt the logic behind it.

It had already been five months since Long Chen killed Wu Guangyu. At this time, the people from the God Clan and the wind race were still searching for traces of Long Chen.

"Long Chen, be careful when we reach the Everlasting Battlefield. That Wu Lian still hasn't found any trace of you, she must have gone crazy already. She already knew that you were going to the Everlasting Battlefield, so she had to be a bit more careful when the time came. " Bai Lan reminded.

"It's fine."

These two words embodied Long Chen's powerful heart.

It was not that he was reckless, he had expected this to happen. Difficulties naturally arose, but Long Chen would not give up.

"Yes." Looking at this kind of Long Chen, Bai Lan nodded his head in satisfaction. Soon enough, that ruin appeared in front of him, and before that ruin, there were already a few people waiting for him. Long Chen gave a rough look and sure enough, the Wind God's Clan Chief, Feng Qing and Wu Lian had all arrived.

Because the people of Five Elements Alliance had two keys, they could let four people come with them in total. Other than the Jin Zu from the Jinshi, there were also the clan chiefs from the three clans. The clan chief from the Jinshi and the Turkish clan chief were not present.

Chapter 850 - White Lotus God Sword

Adding the Long Beard Man who was talking nonsense beside Wu Lian, all ten of them had arrived.

Even from a distance, Long Chen could feel Wu Lian's gaze. As expected of a born Sword Fighter, someone who could possess an Innate Sword Embryo, this Wu Lian was normally quiet, but right now, she was like an exposed sword. In her eyes, a sharp sword beam was thrusting straight at Long Chen.

The current her was wearing a snow-white long robe with a white veil covering her face. Her hair was tied into a bundle and she looked extremely elegant, just like a fairy in a sword.

Both Feng Qing and Wu Lian did not speak, and instead, silently walked towards Long Chen and the others. To be honest, they had probably already been waiting for a long time for this moment.

and Wu Lian were the strongest two, allowing them to fight would only bring them benefits and not harm. They were happy to enjoy the benefits of being in a fight.

"Be careful!" Bai Lan said softly.

From Wu Lian's ice-cold expression, he knew that there might be a battle today.

Soon, both sides were standing at a distance of more than twenty meters away from each other. At the moment, the gale was surging, Wu Lian's robes were fluttering with the wind, which revealed her shockingly long snow-white legs. At this age, for her to be able to maintain such a beautiful face and also have such an impressive figure, it was truly a rare sight.

Feng Qing, who was at the side, had hatred written all over his face.

"Long Chen, you still dare to come today. Return Zhilin and Guang Yu's lives to us." Feng Qing said with his voice slightly trembling.

To Bai Lan, Feng Qing was just an old dog that followed beside him. He did not bother with Feng Qing's words, but looked towards Wu Lian and said: "Martial wife, do you have any evidence for Long Chen killing Wu Guangyu?"

Indeed, just by looking at Mo Xiaolang who was by his side, he could already tell that Long Chen was the murderer of his son?

That Feng Zhiling was not killed by Long Chen in the first place, so Long Chen did not know where that fellow ran off to, thus he said: "Demonic wolves are my brother in the first place, but Wu Guangyu stole it away, so I have strength now, so I will naturally snatch it back, but whether they live or die does not have anything to do with me, Long Chen, this Archaic Graveyard is extremely bizarre, for a Spirit Demon beast like that to appear in the Tianyi Lake, who knows if there are other places?"

He would try his best to act shamelessly in such a matter.

However, it was clear that Wu Lian did not waver because of what Long Chen and Bai Lan had said.

For a long time, she did not speak a word. A pair of eyes that were like a white lotus shot out streams of ice-cold sword light.

He knew that this Wu Lian did not believe him at all.

If she had spoken, it would have been fine, but if she hadn't spoken, it would have been even more terrifying.

It could be said that she had already determined that Long Chen had killed his son.

If that was the case, there was no point in explaining it.

Since it was like that, it was useless to hesitate. While Bai Lan was still thinking of a way, Long Chen had already stood up, and Wu Lian's body was covered with an overwhelming force and aura. As such, Long Chen could only use his true essence to resist.

"That's right, I killed Wu Guangyu, but I, Long Chen do not know where Feng Zhiling went." Pausing for a moment, Long Chen looked at the two of them coldly, and said: "My strength is inferior to them, dying is well-deserved. When I came to the Archaic Graveyard, I was almost killed by Wu Guangyu, and I had to take revenge in the end. Now that the Five Emperors' Treasures is open, are the two of you going to fight to the death? "

As a youngster, he was actually focused on the pressure from the two great Heaven realm experts.

Even his eyes did not twinkle once. Even after killing someone, he still dared to confront Wu Lian for tat.

There was no doubt that Long Chen was indeed the most heaven-defying person in the entire young generation of experts in the Realm of Myriad Kingdoms. That Wu Guangyu, wasn't even his match.

To be honest, Wu Lian, this woman, had always been proud of her son.

And Long Chen had destroyed everything she had.

If not for the fact that the Five Emperors' Treasures was about to open its mouth, she wouldn't want to clash with Bai Lan at this time. She definitely wouldn't have stood in confrontation for so long without making a move.

Long Chen immediately said, Bai Lan was also impressed, he was someone on the same level as Wu Lian, and was not willing to pretend to be a grandson, so he said directly: "Since it's like this, then I won't waste any more words, no matter what, as long as I, Bai Lan, am here, if you want to touch Long Chen, you have to step over my corpse first, otherwise, I won't let you hurt a single hair on Long Chen's head. Besides, the Five Emperors' Treasures is about to open soon, so it would be best for us to think about it carefully and not let anyone take advantage of us.

Bai Lan's forceful words made him frown.

He was also constantly pondering this question.

If they were to make a move now, with Bai Lan being so unyielding, and Lei Ji being led by him, if they wanted to kill Long Chen, they would have to pass the test of Bai Lan. At that time, it is very possible

that both of them would be severely injured, yet they did not even touch a single hair on Long Chen's head, and this gave the Five Elements Alliance an advantage.

"Sister Wu, since that's the case, then let's make our move on Five Emperors Secret Realm. At that time, with the treasures in front of us, I don't believe that Bai Lan can still constantly protect this brat."

Wu Lian did not speak.

Everyone was waiting for her decision, but she didn't move. The more it was like this, the more uncertain everyone was. Just what was she planning to do?

Ding!

With a crisp sound, a snow-white longsword appeared in Wu Lian's hands.

This was the same life as the Blue Lotus Divine Sword, the White Lotus Divine Sword!

The inheritance of the white lotus was mostly obtained from this White Lotus God Sword.

When the white lotus God Sword appeared, Bai Lan and the rest frowned.

"This woman!" Bai Lan and Lei Ji looked at each other. They knew that it was possible that Wu Lian was telling the truth this time, and in order to kill Long Chen, she probably didn't even care about the Five Emperors' Treasures anymore.

Long Chen shifted his attention to her sword.

This snow-white longsword seemed to have been sucked into Wu Lian's hands. The feeling of holding onto it was even more terrifying than when Wu Guangyu had first appeared, the Immortal Sword White Lotus seemed to be a part of her body, and the sword even emitted the aura of her True Essence, as if there were meridians in the Immortal Sword, and her True Essence could form a convection with the sword's energy.

This would allow him to use the power of the White Lotus Divine Sword to an even greater degree!

"Sister Wu, Five Emperors' Treasures is more important," Feng Qing reminded her. The coldness of this woman's body also made him feel uneasy.

Seeing Wu Lian make his move, Bai Lan did not have much to say. After warning Long Chen to be careful, she walked in front by herself, looked at him with a pale face, and said: "Since this is the case, let's make our move. It is also an interesting matter to determine the victor here."

He was born arrogant, and the only person he was wary of was Wu Lian. However, even if it was Wu Lian, she could not erase his arrogant nature.

Do you want to do it or not?

Everyone was looking at Wu Lian?

If he were to make his move now, it could only be said that Wu Lian was too impulsive.

In front of everyone's eyes, Wu Lian suddenly laughed. She laughed lightly, and her voice seemed to come from the clouds far away.

"Who said I was going to attack?" Chuckling softly, she put away the white lotus sword.

It was hard to guess what a woman was thinking.

Everyone looked at each other.

Long Chen was also a little speechless, this woman was truly a bit capricious.

"Since that's the case, then enter and activate your Five Emperors Secret Realm." Bai Lan said.

"No." Wu Lian interrupted him and looked at Long Chen: "Today, those who have the right to compete for the Five Emperors' Treasures are all experts from the Heaven Martial Stage. This person's strength cannot be considered as the Heaven Martial Stage, so what qualifications does he have to enter with us."

Obviously, she was targeting Long Chen.

Long Chen was also an arrogant person. He suddenly laughed and said: "What goal do you have, just say it, and don't beat around the bush. Tell me, what do I, Long Chen, want in order to qualify to enter the Five Emperors Secret Realm?"

"It's simple. You fought with a Heaven Martial Stage, proving that you are qualified. Isn't that enough? Otherwise, what qualifications do you have to be together with us, a mere junior who is not even in the Heaven Martial Stage?" Wu Lian coldly snorted.

"Long Chen, there's no need. Whoever has the key can enter." Bai Lan knew that Wu Lian was trying to goad him into action, and wanted to kill him. At least give him a bit of punishment so that he wouldn't be seriously injured even if he didn't die.

Otherwise, it would be difficult to quell the hatred in his heart.

gently shook his head, he could not lose his face, men were men, he could not let this damned woman look down upon him, thus Long Chen laughed out loud and pointed at Feng Qing: "Who will test my strength, is it that old man Feng Qing? At least he's not worthy. "

"What did you say!" was so angry that he almost fainted. In Long Chen's words, it was clear that he was looking down on him greatly, he was the mighty expert of the Heaven Martial Stage, the monarch of the Heavenly Wind Holy Dynasty, one of the peak figures. Long Chen, this junior, dared to call him by the name of an old man?

"I say, you are an old man. What, do you have any objections?" "Old ghost," Long Chen said somewhat curiously.

"You! "You're courting death!" Feng Qing was furious.

Not only did Long Chen call him an old guy, he even called him an old ghost. Feng Qing was originally angry at the death of Wu Guangyu and Feng Zhiling, so long as Long Chen scolded him like this, anyone would get angry.

"Alright, since that's the case, let's see if you have the qualifications to do so. Feng Qing, make your move!" Wu Lian immediately retreated a step, and spoke with determination, his voice carrying a sense of majesty that could not be resisted.

"Long Chen" Bai Lan still felt that something was amiss.

"If I don't make Wu Lian give up, then she won't let this go easily. Isn't it just a single Feng Qing? Don't worry, this old geezer is not even enough for me to beat," Long Chen said arrogantly, with a hint of provocation in his words.

Since it was like that, Bai Lan did not speak anymore. He immediately retreated to make space for them.
