

## War God 871

### Chapter 871 - Monarchs

This ice-cold gaze caused Long Beard Man and the others to worry, and they hurriedly took a few steps back. They had originally thought that they could kill Bai Lan in a short amount of time, but who would have thought that Bai Lan was actually so troublesome to deal with.

When they pushed it away, the battle came to a halt.

Seeing the injuries on Bai Lan's body, Long Chen's heart was filled with an infuriated feeling.

Step by step, Long Chen walked in the direction of the three people's battle. The floor of the tower was made of black crystal, with colorful lights flowing underground, extremely beautiful.

Hearing the sound of footsteps, Bai Lan and the others trembled in fear.

To them, there were only three people on the seventh floor, but they suddenly heard different footsteps. To them, this could only be described as shock.

"Who is it!"

A shout.

The one who gradually walked out from the darkness was a tall and handsome youth who had an evil smile on his face. They took a closer look and saw that the youth before them was the Long Chen they were familiar with!

"Long Chen!"

The three of them exclaimed at the same time, and the person who was most surprised was Bai Lan. He had long thought that Long Chen was already dead, he never expected that he would actually be alive and well when he appeared here.

To Jin Zu and Long Beard Man, this was more of an accident. Then, when they thought of someone, they immediately became vigilant.

"Long Chen, where's Wu Lian? Isn't she with you? Is she behind you? "

In their opinion, if even Long Chen was able to survive, then Wu Lian was definitely the same. After rushing all the way through, the three of them had almost used up all of their energy. If it was Wu Lian who was at this time, she would definitely be able to beat the three of them and get the Five Emperors' Treasures for herself!

He had to go through so much trouble just to get close to the Five Emperors' Treasures. If someone were to take over, who would be willing?

"Wu Lian, since you're here, quickly come out. While you're hiding, you aren't worthy of your identity." Jin Zu's gaze moved behind Long Chen.

At this time, the three of them were standing in a triangle, and no one headed towards the rainbow colored gate first. At the same time, they were preparing for Wu Lian, and also the other two people.

Jin Zu shouted for a long time, but nothing happened behind Long Chen.

"Stop shouting, she's not here." Long Chen chuckled and said.

"Not here? Then where did she go? Even you were able to come here, so why didn't she come? " Jin Zu scolded Long Chen.

"Do you believe me when I say that I killed her?" Long Chen squinted, and looked at Jin Zu, his eyes filled with ominous light.

"Killed? Haha, what kind of joke is this? " Jin Zu laughed out loud.

"My head must have been pinched by the door." The Long Beard Man said somewhat angrily. Long Chen was a junior, yet he spoke with such a tone.

At this moment, Bai Lan's expression changed continuously. He could acutely feel that the aura on his body seemed to have become different.

"Could this be the aura of the Heaven Martial Stage?" Joy appeared in Bai Lan's heart.

He knew that when Long Chen was at the ninth stage of the Earth Martial Stage, he was already able to kill the first stage of Heaven Martial Stage.

The only worry was, where was Wu Lian?

"Long Chen, you can deal with Long Beard Man?" Bai Lan asked in a calm voice.

Long Chen and Bai Lan had an iron-like relationship, it would be difficult for them to deal with them together. The only gratifying thing was that Long Chen's strength could not reach their level.

Without saying a word, Long Chen immediately walked towards the three of them. His eyes swept across the two of them and directly said: "Uncle Bai, you should rest for a bit. I'll take care of these two people for you."

Bai Lan was shocked as he looked at Long Chen. He knew that Long Chen never boasted about anything big, could it be that he was already confident enough to deal with him?

He thought about how Long Chen had mysteriously disappeared and now that he had appeared, something must have happened that caused Long Chen's strength to improve greatly!

"You try it!"

Thinking about it, Bai Lan agreed directly that if Long Chen was no match for him, he could still join the battle!

With Long Chen's help, the result would be much better, at least he would be able to share the burden of's opponents for a short period of time.

Hearing the conversation between Bai Lan and himself, Jin Zu and Long Beard Man looked at each other, and immediately after, the two of them started laughing, and Jin Zu said: "Since that's the case, then I'll come to a meeting with this Long Chen, Brother Chang Xu, just wait for me, immediately, we'll work together to settle this Bai Lan together, and neither of us will be able to eat him, at that time, we'll split it equally, what?"

"Jin Zu, just attack. I'll help you look after Bai Lan!" The Long Beard Man laughed.

At this critical juncture, every decision made could affect the final destination of the Five Emperors' Treasures.

"Long Chen, come and die!" Jin Zu did not dare to stay too far away from where he stood, otherwise, it would be troublesome to go to the Rainbow Gate.

"Is that so?"

Right at this moment, Long Chen's aura underwent a huge change. He, who was originally calm, had already erupted with the power of the second stage of Heaven Martial Stage in such a short period of time. His true energy was so thick that it surpassed everyone present and this was even without him using the Dragon Soul Transformation.

"3000 star fields!"

With a swoosh, half of the black and gold star spears appeared in Long Chen's hands. One half of them released a scorching heat, while the other half were extremely cold!

"Heaven Martial Stage!"

The complexions of both Jin Zu and Long Beard Man changed!

"You only realized it now?" Long Chen played with the three thousand star fields in his hands, and smiled as he looked at Jin Zu.

"Even if you achieve Heaven Martial Stage at such a young age, aren't you going to die anyway? Use your beast spirit transformation quickly, don't waste my time." Jin Zu laughed, his face twisted.

"Against you, there is no need to transform."

After he said those few words softly, at that moment, Long Chen's body suddenly moved!

"So fast!"

Long Chen's speed had simply reached the level of stupefaction in the Jin Zu. Even he himself would not be able to display such speed!

The Yin Yang Innate Sword Embryo could unleash ten times the offensive power!

"Great Sun Jin Zu Fist!"

Long Chen's valiant speed scared the Jin Zu. In that moment, he hurriedly used his strongest move, releasing a huge fist that condensed into a solid body. With a flash of golden light, it smashed towards Long Chen!

"Break!" Long Chen shouted lightly.

With a casual thrust of his spear, Long Chen reached the strongest move of the third level of Heaven Martial Stage. The tip of the spear in this three thousand star domain directly pierced through Jin Zu's fist, and like an invisible needle, it instantly pierced through his shoulder!

"AHH!"

And accompanying it, was the miserable cry of the Jin Zu!

Long Chen used force and turned around, directly nailing this old fellow to the ground. Under the penetrating force of three thousand star domains, even the ground had crack lines of gaping holes.

Jin Zu's face was pale as he screamed out in pain.

And Long Chen, was standing beside him while smiling.

This scene stunned both Bai Lan and Yun Che.

"Killing the enemy in one move. Long Chen's strength is already far above the Jin Zu's and above us?" Bai Lan and Long Beard Man were stunned.

Long Chen did not go to kill the Jin Zu. If he wanted to kill the other party, the three thousand star fields that were on Jin Zu's shoulder before would have pierced his head.

"This ..." Long Beard Man's face turned green, he pointed his finger at Long Chen, not knowing what to say.

Although Bai Lan knew that Long Chen would be very strong, but he shouldn't be acting so heaven defying, right?

"With Long Chen's current strength, to be able to easily kill me, I shouldn't be hallucinating right now, right?"

"In a short period of time, he actually directly entered the second level of Heaven Martial Stage, and even had a battle power that far surpassed it. What exactly is going on?"

His heart was in turmoil.

However, it was still a good thing for him. Although Bai Lan also wanted to get his hands on the Five Emperors' Treasures, he was convinced that it was in Long Chen's hands.

The most unbelievable person was actually the Jin Zu. He was the one who was facing Long Chen's true strength and knew even more how terrifying Long Chen was. Long Chen had casually broken through his strongest attack, giving him an almost fatal injury. The burning pain on his shoulder, was immediately penetrated, and in less than a month, he wouldn't even be able to use his battle skill.

I don't want to kill anyone today, so I'll leave your life behind. So, you should behave a bit, and it's true that you're my senior, but the strong are respected, and my strength is far above yours, so don't put that ridiculous rank in your mouth. I dare to say that if you have any other actions, I can send you to hell within the time of one breath.

Looking down at the Jin Zu from above, Long Chen said indifferently.

Jin Zu nodded his head weakly. Facing such an irresistible force, he was completely convinced.

"I've lost, fighting for the Five Emperors' Treasures, my Jin Zu will withdraw, my Five Elements Alliance will withdraw!"

"Alright." Long Chen laughed, then looked towards the Long Beard Man and asked: "What about you, what decision do you have?"

Long Beard Man took two steps back, and looked at Long Chen with shock and doubt, then looked at Jin Zu's miserable state, and laughed weakly: "With your current strength, Realm of Myriad Kingdoms has no rival. Once you return to Realm of Myriad Kingdoms, you can even be respected as the lord of ten thousand countries.

The Lord of All Kingdoms.

If he were to return to the Realm of Myriad Kingdoms, Long Chen naturally deserved this title.

Only, he was still young, so the Realm of Myriad Kingdoms was not his ambition.

"Long Chen" Bai Lan smiled bitterly as he looked at this young man. He really did not know what to say.

"Five Emperors' Treasures, go and get it."

Long Chen casually revealed his strength, and the three of them did not dare to make any movements.

Long Chen looked at the rainbow coloured door. Feng Yangzi had warned him not to touch anything inside.

"So, the Five Emperors' Treasures must be somewhere else."

Therefore, he said to Bai Lan: "It's alright, you should heal your injuries first."

As Long Chen was healing Bai Lan, a flash of determination suddenly flashed across the eyes of the Long Beard Man at the side. Suddenly, he charged towards the multicolored door!

Chapter 872 - Real Treasures

"Long Chen!"

Bai Lan immediately warned him with a stern voice.

With Long Chen's speed, it should be easy for him to stop the Long Beard Man, so Bai Lan did not make a move but instead reminded him directly.

Long Beard Man had already surrendered before, who would have thought that he would be so daring as to risk his life to rush towards the rainbow gate?

After hearing Bai Lan's reminder, Long Chen's actions were a little strange. He did not bother about the Long Beard Man and stood in place, staring at his body blandly, and directly entered the rainbow colored gate.

"Long Chen, what's wrong!"

Bai Lan and the Jin Zu both looked at Long Chen with shocked eyes. They simply could not understand Long Chen's previous action, wasn't he giving the Five Emperors' Treasures, the most important thing in the entire Five Emperors Secret Realm, to the Long Beard Man for nothing? Had Long Chen become a fool?

Facing the duo's questioning, Long Chen thought for a moment, but still showed a helpless expression, and said: "I was distracted for a moment just now. I'll go chase after him right now. Isn't the rainbow door still open? "

As he spoke, Long Chen had just taken a few steps when his gaze fell on the Jin Zu.

"Don't give me any ideas while I'm in there." Even though Long Beard Man had already entered, Long Chen was still calm and unhurried. He smiled at Jin Zu, which made his hair stand on end.

"You've already crippled one of my arms, what else can I do?" Jin Zu laughed bitterly, "Quickly go in, don't let Long Beard Man have the Five Emperors' Treasures. Otherwise, I won't be satisfied."

"Long Chen, don't worry. With me watching you, you won't be able to do anything."

Long Chen had initially thought that killing them would be more straightforward, but once they died, the Realm of Myriad Kingdoms would definitely be in chaos. When that happened, many people would definitely die because of this, so he decided to forget about it.

Bai Lan was truly able to make the Jin Zu obedient, so without saying a word, Long Chen directly rushed into the Rainbow Door, but the Rainbow Door did not close because of a single person, which meant, that there was still a chance for him to fight for it even if he was inside.

"Why doesn't Feng Yangzi let me obtain the things inside the Rainbow Gate? What's the problem with this?" Where is the Five Emperors' Treasures? "

Feng Yangzi was the one who made Long Chen's achievements today, and he was still waiting for Long Chen to take revenge for him. It was simply impossible for him to harm Long Chen. He definitely had a point when he said to have Long Chen avoid the things inside the Rainbow Gate.

Could the thing inside this so-called multicolored door be a Five Emperors' Treasures?

If it was a Five Emperors' Treasures, would Long Chen really not take it?

Long Chen's mind was in complete chaos.

Passing through the rainbow coloured door, Long Chen arrived at the black tunnel. The Long Beard Man was probably worried that Long Chen might be able to catch up with him, in a short period of time, he had already passed through the narrow tunnel, and ran to who knows where.

Without saying a word, Long Chen advanced quickly.

Around him were black carvings. These carvings were the same as the ones on the outside; they were all carvings of humans and powerful demonic beasts from ancient times. The meaning expressed in the diagram was most likely that they were fighting to the death.

Amongst the countless numbers of people, there were five especially dazzling existences. They were floating in the air, and each of them was radiating light. It seemed that these lights had different colors, and the five people in these sculptures were likely the Five Emperors.

As Long Chen walked forward, his fingers lightly brushed against these things. An ice-cold yet familiar feeling arose within him.

Continuing forward, with his speed, he quickly caught up with the Long Beard Man in front of him. When the Long Beard Man sensed his presence, he was immediately scared witless and immediately ran, using his maximum speed, wanting to make a last struggle.

Suddenly, a dim light appeared before him. He could tell that there was a small room at the end of the black tunnel. If there were Five Emperors' Treasures, it was very likely that they were in that small room. Thinking about it here, Long Beard Man became extremely excited.

"As long as I obtain these, I will hide and cultivate, this Lord of All Kingdoms will definitely be mine, I have worked hard in the Realm of Myriad Kingdoms for so long, and finally have the chance to make a comeback, I hope that my adventure here is the right one!"

**BOOM!**

With his last burst of speed, the Long Beard Man jumped into the small dim yellow room. Long Chen followed closely behind, he did not intend to take the things inside the rainbow door, he just wanted to see what was going on inside.

When the Long Beard Man rushed into the room, all of a sudden, a multicolored light barrier suddenly appeared and blocked Long Chen's path forward. Long Chen could only look through the barrier of light to see what was happening inside.

In this dim little room, when Long Beard Man saw this scene, it was as if he had come back from death's door.

"Young man, I'm sorry, but my Long Beard Man will accept this Five Emperors' Treasures." While saying that, Long Beard Man looked inside carefully. This small room was completely empty, but in the center of the room, there was an ancient treasure chest.

The size of this treasure chest should be sufficient for one person. It appeared to be very ordinary. It was precisely because it was so ordinary that it appeared so attractive.

Judging by the style of this treasure chest, it must have come from ten thousand years ago.

"So this is the Five Emperors' Treasures!" He gently touched the treasure chest with his hands, and with a sudden burst of strength, he realised that he could not open the chest at all. At the opening of the chest, a small light array started to shine, inside it were complicated lines and symbols, causing Long Beard Man to be completely confused.

"It actually can't be opened!" Long Beard Man's face was shocked as he used his strength.

"This light array is actually a restriction?" Furthermore, this restriction seems to be extremely complicated ... "Long Beard Man discovered in grief that this was actually the case.

Fortunately, the colorful light screen was able to block Long Chen and give him time to think about what was inside the treasure chest.

Outside, Long Chen was carefully thinking.

"The Five Emperors' Treasures shouldn't be inside this treasure chest." What Feng Yangzi said should be worth this treasure chest.

"Then, it must be somewhere else. Where would it be?"

Long Chen no longer cared about Long Beard Man who was working hard to remove the restriction. In his eyes, Long Beard Man was just a crazy and pitiful bug. If it were not for Long Chen's experiment, he would not have had the chance to touch the treasure chest, and if Long Chen was the first to enter the small room, he might have already been blocked by the rainbow colored light and would not have been able to come out.

"Five Emperors' Treasures, where is it?"

What surprised Long Beard Man was that Long Chen had directly left the place without saying a word.

"You clearly know that you have no hope of seizing the treasure, so you chose to leave?" He held the treasure chest tightly in his chest and carefully checked the restrictions. If he could remove the seal now, that would be for the best, but if he could not, then after he went out, he would find a deep mountain forest. After pondering for ten or eight years, he would be able to do the same.

Since they were able to enter the Five Emperors Secret Realm and still hold onto the Five Emperor's key, he knew that since the Five Emperors had let them in, they would definitely send them out after they obtained the Five Emperors' Treasures.

"I got the Five Emperors' Treasures, why haven't you sent me out yet?" Long Beard Man was a little confused for a bit, but he did not think about it, and focused on studying the treasure chest in front of him.

"Perhaps, it is because I did not break this seal. Who knows how long that layer of light will last. It seems that I need to move quickly."

Outside the tunnel, Long Chen's face was full of suspicions as he walked past the wall covered with carvings.

His hand gently covered the uneven picture.

"This is already the highest floor, Feng Yangzi must have wished for me to obtain the Five Emperors' Treasures, which was why he sent me here. Then where exactly is the Five Emperors' Treasures?"

Long Chen had been pondering about this question the entire time. At this moment, he was standing in front of the pattern of the Five Emperors, looking at this expert who shook the world back then.

"Hey, idiot. Have you forgotten about the five-color key you obtained in the Li Huo Jing?" At this moment, Cat suddenly said in disdain.

Long Chen was pleasantly surprised, and said: "So that's how it is? This five-color key is not the key to the Five Emperors Secret Realm, but the key to truly open the Five Emperors' Treasures? "

After hearing what he said, he immediately took out her five-color key from the Great Void Realm. This five-color key shined with colorful light. In this dark tunnel, it instantly illuminated Long Chen's surroundings, and also the surrounding frescoes.

"This is ..."

When the five-color key was taken out, Long Chen felt a throbbing sensation on his chest.

A cordial aura surrounded him. Long Chen had the feeling that he had met his own respected elder when he was very young.

The multicolored key in his hand suddenly underwent a slight change. The five different colors actually separated from the key, and split into five dots of light: gold, green, black, red, and yellow. These five specks of light flew towards the Five Emperors in the murals. In this dark tunnel, these five specks of light were like fireflies.

Then, the five lights attached themselves onto the Five Emperors in the murals. Looking at the murals, the five emperors started to shine brightly, Long Chen felt like he had returned to the great war that happened ten thousand years ago.

Battle cries filled the air. In the human army, in the Realm of Myriad Kingdoms's army, five super strong warriors had sacrificed themselves and chased those huge demon beasts out of Realm of Myriad Kingdoms. The price was their deaths, as well as the formation of the Archaic Graveyard.

In a short moment, the light suddenly expanded dramatically and directly sucked Long Chen inside, disappearing within the long tunnel. This was something that no one could see.

Chapter 873 - Human Emperor's Art

In the dim yellow room, Long Beard Man was still excitedly studying the treasure chest. Outside the rainbow coloured door, Bai Lan stood up and observed the injured Jin Zu.

"This place is ..."

When the multicolored light disappeared before his eyes, Long Chen felt that he had arrived at a prairie that was filled with lush green grass. The sky was filled with a warm sunlight and in the distance, under the control of the shepherd, the sheep and horses were eating the grass orderly.

"Child."

This exclamation caused Long Chen to come back to his senses. He looked in front of him and the four blobs of light in front of him respectively transformed into four old men. The four blobs of light were gold, green, black and yellow.

The four old men from the illusion were also the same color.

"Seniors, are you the Five Emperors from tens of thousands of years ago?" Junior Long Chen greets everyone! " These people were truly respectable characters, so Long Chen quickly bowed to them.

However, didn't the Five Emperors have five? Why are there only four?

Seemingly sensing Long Chen's doubt, one of the old man shrouded in golden light said: "Fourth Elder, the one who sent you the five-color key, he left us a long time ago. In order to send the five-color key out, he reckoned that the power of his Divine Martial Spirit has been depleted a long time ago."

With the support of energy, the Divine Martial Spirit could live for a very long time. Even if he was severely injured, as long as the Divine Martial Spirit was still alive, he would be able to recover.

The one in the Li Huo Jing was obviously the Scarlet Emperor who was one of the Five Emperors.

"In that case, you knew that I would come here?" Long Chen asked quickly.

He did not expect that the five-color key was actually the key to coming here. The Five Emperors had already gifted the five-color key to him at that time.

"That's right, the moment you stepped into the Holy Martial Empire, Fourth Bro already felt the existence of you, the Dragon Fighter. That's why he gave you the five-color key, so that you could come here today. We have already passed too long, even if we did not move or speak, Divine Martial Spirit would not be able to hold on for long. Another old man said.

This was the Profound Emperor.

"So, they have already calculated this." Thinking about it, Long Chen was extremely happy. This meant that these seniors had long since felt his potential, and were now preparing to give him their inheritance.

They all knew about the Dragon Fighter.

"We have been waiting in this Five Emperors Secret Realm for too many years, and there is no one suitable to inherit our inheritance. Those demon clan members have been eyeing the things we leave behind covetously, and that's why Ol 'Four has no choice but to directly go to the Realm of Myriad Kingdoms to find the appropriate person, and then gift him with the five-color key. Of course, being able to come to this place proves that you truly have outstanding talent." The Yellow Emperor of the yellow blob of light said with a smile.

"Fourth Bro, he hasn't returned yet. I'm guessing that the Divine Martial Spirit has already been exhausted. After settling things with us, he should be able to go with a peace of mind."

"The Dragon Fighter is the most talented warrior in the world. After inheriting the blood essence of the Ancient Dragon God, the weakest Red Dragon and Azure Dragon, and the like, have become saints. There is no doubt about it even if we obtain Divine Martial Stage. And the dragon blood in your body, even we can't see through, at least it's a high level dragon. And you were born in the Realm of Myriad Kingdoms, you are our citizen, and most importantly, you have a pure heart, are decisive in killing, and have the bearing of a king. You, Long Chen, are the only chosen inheritor among all five of us for the last ten thousand years! "

That Golden Emperor said somewhat excitedly.

It would seem that the Five Emperors really did know a lot about Long Chen.

"Did they treat me like this so that they could train me to become the person in charge of the Realm of Myriad Kingdoms and protect it?" This tangled problem appeared in Long Chen's heart.

He wanted to go to the Imperial Domain, so it was impossible for him to inherit their inheritance like the Five Emperors had said, and then command the Realm of Myriad Kingdoms to protect the Realm of Myriad Kingdoms like the rest of them.

Thinking about that, Long Chen revealed a bitter look and said: "Seniors, does that mean that if I inherit your inheritance, I will have to stay in the Realm of Myriad Kingdoms and protect them? "But I still want to go to Imperial Domain ..."

"It's fine." Golden Emperor and the others looked at each other and chuckled softly.

Your potential far surpasses us, and your future accomplishments will be greater than ours. If you were to stay in Realm of Myriad Kingdoms, your entire potential would be wasted, so Three Great Imperial Domains, you must go. "

"Seniors, aren't you afraid that I will never return?" Long Chen asked.

"You are covered in Realm of Myriad Kingdoms's blood, there is no disaster here, you can just spread your wings and fly. We can only hope that if Realm of Myriad Kingdoms encounters an unstoppable disaster, if you become strong, you can come back to support yourself."

Realm of Myriad Kingdoms was Long Chen's hometown, and many people Long Chen knew were all here, so of course he could do all this.

After hearing these words, Long Chen was somewhat moved. Even though these few old people had passed away, they were still worried about their home, and they were extremely forgiving of Long Chen.

Long Chen's face turned serious, and said: "I, Long Chen, can assure you all, as long as I'm strong, no matter what happens in Realm of Myriad Kingdoms, as long as it's in danger here, I'll definitely return!"

"Good, good!"

The few elders stroked their long beards as they laughed. Their smiles were from the bottom of their hearts, and Long Chen was very touched.

"We've observed you for a long time. You're a good child, and although you're a bit bloodthirsty, righteousness isn't the path of kings. You're the true king when it comes to killing. There's not much time left. The monsters outside are still waiting for you. I'll give you everything that's left over to you now. " Golden Emperor looked at the person beside him and said with a similar smile.

"Monster race, are they already outside?" Long Chen knew that they would definitely appear. So it was like that. However, at the moment, he was not worried. These five Emperors were not worried. What was he worried about?

At this time, the five emperors were passing their inheritance to Long Chen.

Among them, the gentle and refined Emperor Qing said: "Among the five of us, he is actually the same master. He is even older than us by thousands of years, and his legend has probably completely disappeared by now. Our master is the greatest person in the history of the Realm of Myriad Kingdoms, we respectfully call him the Human Emperor."

"Yes, Master has already passed on for too long. The realm of all five of us is The First Stage of the Divine Martial Realm in the end, and our Master is the only Ranker in the Realm of Myriad Kingdoms who has reached the level of Second Stage of the Divine Martial Realm. The higher the realm, the more difficult it will be to advance. The five of us have been trapped for countless years, and even after exhausting all of our potential, we still have not reached the Second Stage of the Divine Martial Realm. As for my master, he died of old age before he managed to reach the Third Stage of the Divine Martial Realm. " Speaking of this piece of history, Golden Emperor felt slightly regretful.

"We are just five people who have risen up on top of the shoulders of giants. Our masters are the true experts, and when we arrived at the Divine Martial Stage later on, the Divine Martial Stage and battle skills we cultivated were actually all from our masters. Divine level battle skills are incomparably precious and are the most precious treasures in the world. Our Realm of Myriad Kingdoms only has one Deity Tier Battle Skills. With that, Jin Di pointed casually, and an old parchment with an ancient aura appeared in front of Long Chen.

This piece of parchment had a long history, it seemed as if a casual rip could crush it.

"Deity Tier Battle Skills?" Long Chen's eyes looked excitedly at the parchment. Even though the parchment was extremely ordinary, with just a glance, Long Chen was completely shocked by the vast aura contained within. It was an aura that could stand at the peak of the world and looked down on all living beings.

"From this piece of parchment, it can be seen that the Human Emperor back then was the most powerful expert. He was the one who truly created it." Long Chen thought with some excitement.

It could be imagined that in the past in this great Realm of Myriad Kingdoms, such a super figure who could look down on all the small mountains had appeared.

Only this kind of expert could possess such a vast, disdainful, and domineering battle skill.

"The name of this Deity Tier Battle Skills, is — Human Emperor Arts! From today onwards, the 'Human Emperor's Arts' will belong to you. You have the right to use him, and pass him down, Long Chen, catch him! " Golden Emperor waved his hand and the 'Human Emperor Art' flew towards Long Chen.

Long Chen took the piece of parchment with the 'Human Emperor Arts' written on it, feeling extremely excited. This person was the only Deity Tier Battle Skills in the Realm of Myriad Kingdoms. The Human Emperor and the Five Emperors had once used him to kill countless of their opponents.

The concept of Deity Tier Battle Skills and Royal Tier Battle Skills was completely different.

Even in Three Great Imperial Domains, most people would not even have a Divine level battle skill. Long Chen had just reached the second level of Heaven Martial Stage and he already possessed it.

"Thank you seniors, Long Chen will definitely work hard and master this battle skill as soon as possible!" Long Chen said excitedly.

With your true essence, you are still far from being able to support it. When you are at the fifth stage of Heaven Martial Stage, you will have almost used the elementary form of a battle skill. "" Alright! One of the Yellow Emperor said with a smile.

In front of these four elders, every one of them were extremely amiable, speaking neither hurriedly nor slowly, as if they had experienced many things in the world. In front of them, Long Chen truly felt like he was a junior.

At this time, the Golden Emperor took over the words of the Yellow Emperor, and said: "You have obtained the 'Human Emperor Arts', and actually accepted my master's inheritance. From today onwards, you, Long Chen, will be our master's disciple, who is also our junior brother.

#### Chapter 874 - Hades' Destruction

When he spoke of this matter, Golden Emperor's tone had a bit of a decisive and unyielding feeling.

To Long Chen, the Realm of Myriad Kingdoms had always been a part of his responsibilities. In addition, the enticement of the Five Emperors' Treasures were equally huge, and there was no contradiction between the two. Therefore, Long Chen half knelt on the ground immediately, and said solemnly: "Long Chen greets senior brothers!"

"Hur hur."

The four old men who were left behind chuckled softly. From their smiles, one could tell that they were extremely satisfied with Long Chen.

"Alright, junior brother please get up. You should keep this 'Human Emperor's Art' first. We still have other things to do."

Long Chen knew that although the 'Human Emperor Art' was precious, the Five Emperors' Treasures definitely had more than one Human Emperor Art.

"Yes." Long Chen immediately stood up and put away the piece of parchment that recorded the 'Human Emperor's Art', and looked at his senior brothers with an expectant look.

"Five Emperors Secret Realm, two Sword Fighters came, and they are even Sword Fighters of the Divine Martial Stage, you know this better than we do. We know that you have already obtained the sword soul they left behind, and you have even fused with two sword spirits in an extremely rare manner.

As he spoke, Golden Emperor retrieved something out of nowhere.

Long Chen looked closer, and in Golden Emperor's hands, appeared a pair of ancient black gloves. The gloves were extremely thin, and looked similar to the gloves that Long Chen had seen in White Yang Town. And from this glove, there were no undulations at all.

The only peculiar thing was that on the back of the glove was a black pattern light array. The light from this light array was very dim.

"What is this?" Long Chen asked.

"This is a weapon." Everyone laughed and said.

"Weapon? Is this a pair of gloves?" Long Chen asked somewhat depressedly. Fist gloves could indeed be considered a weapon. However, the gloves that he had seen before had quite a number of blades at the joints. At the very least, they had some destructive capabilities. However, they were simply gloves used by ordinary people. What were their uses? This was also a pair of gloves, right?

"If I were to tell you that this is also the only Divine level weapon in the Realm of Myriad Kingdoms, what would happen to you?" Among them, the Profound Emperor, who was an old man shrouded in black mist, spoke with a smile.

"I will believe it." Long Chen smiled and respectfully received the pair of black gloves. Holding it in his hand, Long Chen felt that even the quality of the gloves were similar to normal gloves. The only difference was that this kind of glove gave Long Chen a feeling that he was unable to tear it apart.

"Don't underestimate this glove. This glove's name is 'Hades' Po Jun. It is the weapon of my Master back then. None of us, my fellow disciples, have been able to use the full power of this Sky Emperor. The power of the Emperor of Hell's Destruction Army is currently in the Sword Fighter, so communicating with him is more convenient than with us. However, you must at least raise it by a few more levels before you can use this' Emperor of Hell's Destruction Army 'perfectly. "

"However, you have the advantage of being Sword Fighter. Originally, when you used your fist arts, the attack power of your Innate Sword Embryo would not increase. Even if it is a fist technique, it can also

be used as an offensive weapon of the Sword Fighter. Among all the Three Great Imperial Domains, a fist glove is the most popular weapon under the sword. "

Hearing their words, Long Chen finally knew the power and value of this Emperor of the Underworld, Yan Po Jun.

"So gloves are actually very popular in Imperial Domain?" This point, Long Chen was completely unaware of it.

The two things that the Five Emperors had given him, whether it was the 'Human Emperor's Art' or 'Emperor of Hell's Destruction', were both treasures that countless people pursued. In the entire history of the Realm of Myriad Kingdoms, there had only been a few Divine level items.

Long Chen really didn't know that the so called Five Emperors' Treasures was actually this precious. He had thought that he would be satisfied with just one god-level item. Not only were these two precious, they were also extremely suitable for Long Chen.

When he became stronger, he would cultivate the 'Human Emperor Art' and then use the power of the 'Emperor Destruction Army' to unleash ten times the attack power from the Sword Fighter. By then, his attack power would be unimaginable.

After obtaining all these things out of thin air, Long Chen didn't even know how to say words of gratitude anymore. He was a person who was not used to using words to thank others. If he obtained benefits from others, he would try his best to fulfill their long-cherished wish. For example, he would try his best to fulfill Feng Yangzi's will.

"Long Chen, after you obtain these two things, once you go to the Imperial Domain, even more so, you will be able to raise your own strength a little, so you should be able to use these two things as well. Work hard, you are our hope. "

"Yeah, even in Imperial Domain, there are still a lot of people fighting over god-level things. But you still have to be careful, Three Great Imperial Domains, that is a terrifying place, and is completely not on the same level as Realm of Myriad Kingdoms. I have been to Three Great Imperial Domains before, and the people there did not put us in their eyes at all.

"When you go to the Three Great Imperial Domains, you have to give us good results, haha!"

"Of course, safety is the priority."

After the four of them talked for a long time, it was finally time to leave. Although he had only known them for a short while, Long Chen was still a little reluctant.

Long Chen remembered every single thing that they had said in his heart. He did all this.

"Seniors, are you sending me out now?" Long Chen tried to test the waters.

"Don't worry, we still have one last thing." The four of them looked at each other, then solemnly looked at Long Chen. This was the first time Long Chen had seen someone this serious.

"What else is there?" Long Chen was startled. To him, the 'Human Emperor Arts' and 'Hades' could already be considered to be good stuff.

The four of them looked at each other and made the final decision. With a flash of light, a grey ball appeared in Golden Emperor's hand.

"What is this?"

The ball was full of gray fog, and it seemed to have some kind of strange magic. Long Chen was unconsciously attracted.

"We have preserved this item for many years. This is also what those demon clan members wanted. You should keep it safe. You don't need us to explain it to you. Once you become stronger, you will naturally know what it is. We only know his name. "

"What's his name?" Long Chen carefully took the strange grey ball. From their words, Long Chen could tell that this grey ball was the most precious thing they had left behind. Otherwise, those demons wouldn't have gone hibernating for so many years.

The four of them spoke word by word: "This thing is called True Martial Emperor's Soul, it was something that the five of us found unintentionally when we went to the Three Great Imperial Domains. We don't know what use it has, but we heard that it is the same as the current number one person in

the True Martial Emperor Domain, the True Martial Emperor, who has been the Palace Master for the past ten thousand years!"

"True Martial Emperor? True Martial Emperor's Soul? "

Long Chen silently remembered these words in his heart.

Even the Five Emperors could not tell what the True Martial Emperor's Soul was, let alone the current him.

"You have to preserve this thing. After you go to the Imperial Domain, you cannot let anyone know that you have this, otherwise, it will definitely lead to a fatal disaster. When you truly possess tyrannical strength, you will be allowed to take it out.

Long Chen hurriedly nodded his head and placed the 'True Martial Emperor's Soul' inside the Great Void Realm. This was the third and most precious thing he had obtained.

"Alright, I've given you everything I need to give you. I'll send you out now. " Golden Emperor said with a smile.

After giving out the instructions, he seemed to be very relaxed.

"Senior Brothers, after I go out, if those six demon clan members knew that I obtained the Five Emperors' Treasures, that would be a problem that Long Chen was worried about. The other six demon clan members will all be guarding outside, so would Long Chen be able to go out? Wasn't it a waste to kill them and steal their things?

"Who said you got the Five Emperors' Treasures? The person who obtained the Five Emperors' Treasures was the guy who carried the treasure chest and studied it. The restrictions on the treasure chest were the Nine Stage Hexes that our Master learned in the Imperial Domain.

Long Chen laughed, these four elders were truly scheming.

When they go out, they would catch Long Beard Man and snatch the treasure chest. Who would know, that Long Chen was actually the one who truly obtained the Five Emperors' Treasures?

Junior Brother, we'll send you off right now. Today, we should be saying our goodbyes forever, but the five of us will fuse the energy that we left behind in your Five Emperors Seal and accompany you on a long journey. This Five Emperor's Appearance Mantra can allow you to use our strength for a short period of time, allowing you to achieve the same effect of ten times true essence. This can only be considered as our master's last gift to you. 'Human Emperor's Art' and 'Emperor of Hell's Destruction' can only be considered as our master's. "

All of a sudden, Golden Emperor said this.

After he finished speaking, before Long Chen could react, they had surrounded Long Chen. In the hands of the Golden Emperor, a streak of fiery-red energy was first channeled into the Scarlet Emperor Seal among the Five Emperor Prints.

"This belongs to fourth brother. He left his power behind and is waiting to give it to you today." Golden Emperor said with a smile.

Long Chen knew that they were giving up their last bits of strength to cause their Divine Martial Spirit to completely disappear. All of that energy was channeled into Long Chen's Five Emperor Prints, forming the Five Emperor Appearances, as a last resort for Long Chen.

"Because the strength of the five of us is limited. The Five Emperor's Dharma Appearances can only be used ten times more when we're at Heaven Martial Stage. However, you won't be able to use us when you reach the Divine Martial Stage. "Hehe."

As he said that, the four old men turned into four beams of light and fused into Long Chen's Five Emperor Prints.

The Five Emperor Prints in his palms suddenly lit up.

The four old men's auras completely vanished from this world.

Chapter 875 - Descent of the Monster Race

"Are they all dead?"

Long Chen was a little dazed. The traces of the five emperors gradually disappeared from his eyes, and Long Chen felt that the scenery in front of him had all disappeared as well. He realized that he was still standing in the middle of the pitch-black tunnel.

In his palm, the five Emperor Prints shone with a sparkling light, as if they had turned into the most beautiful gems. In each of the Emperor Prints, Long Chen seemed to see a shadow, and each shadow represented one of the Five Emperors.

These shadows were the Five Emperors. They had said that they would accompany Long Chen for a period of time; The Five Emperors had completely disappeared from this world. Merely their power still existed within the Five Emperor Prints. They existed in the form of a Dharma Idol.

"In other words, if I am to use these Five Emperor Appearances, I will be able to draw upon the power of the Five Emperor and raise my true essence to ten times greater than before."

Long Chen still had an uncomfortable feeling when the Five Emperors left. Although they had only known each other for a short period of time, Long Chen was still moved by their spirit. Those who know how to give are always the most valuable ones.

"Forget about it. Don't think about it so much. They are all my senior brothers. As long as I complete their mission, I will repay them the best."

Long Chen checked the Five Emperor Prints in his hands, as well as the time to check himself.

With my current level, with the Dragon Soul Transformation skill, I can increase my fighting strength by one level. The Sword Fighter's Innate Sword Embryo can increase my fighting strength by one level, and the Five Emperors Movement Technique can also increase my fighting strength by one level, which means that although I am only at the second level of Heaven Martial Stage, I can directly fight against the enemies at the fifth level of Heaven Martial Stage. The increase in fighting strength is really too great.

One must know that once one reached Heaven Martial Stage, it would be extremely difficult for ordinary people to fight anyone above a certain level. Long Chen this kind of person who directly leapt up to fight at the third level, would basically never exist.

Even the strongest Sword Fighter could only unleash fifteen times the attack.

Finally, there was a good result.

In the battle for the Five Emperors' Treasures this time, Long Chen was the final winner. From Feng Yangzi, he obtained the second realm of the Heaven Martial Stage and the Yin Yang Innate Sword Embryo, and from the Five Emperors, he obtained the Human Emperor's Art, the Hades' Destruction Army, the Five Emperors' Appearance Mantra, and the mysterious True Martial Emperor's Soul.

These were all the things that he could rely on to become strong in the future.

"As long as I pass the next hurdle, I will be able to peacefully find a way to enter the Three Great Imperial Domains." Long Chen calmed his mind and thought.

The next test, would be the test of the six Spirit Demon Race. Long Chen had to disguise himself and let the Long Beard Man take charge.

At this moment, footsteps came from the long tunnel. It was Bai Lan and Jin Zu, and after seeing that Long Chen had not made any move for so long, Bai Lan thought about it for a while, and still decided to come in to take a look. Naturally, Jin Zu would not stay there alone, of course, because one of his arms had been crippled by Long Chen.

"Long Chen, why are you here!" Bai Lan's face turned ugly.

Long Chen laughed bitterly and said: "Long Beard Man is too crafty. Now that he has obtained the Five Emperors' Treasures, I am unable to break through that layer of rainbow colored light."

"What?" Bai Lan was in disbelief. Long Chen's strength had far exceeded that of the Long Beard Man, but he did not expect that he would still obtain the Five Emperors' Treasures.

They were not too far away from Long Beard Man's room. The three of them walked towards that direction, and through the five-colored light screen, they saw Long Beard Man studying the restrictions on the Treasure Chest.

Seeing Long Chen and the others come over, the Long Beard Man laughed and said: "You three, do you want to come in and study this restriction together? "Haha!"

"Big Beard, don't be happy too early. You have the Five Emperors' Treasures now, but you can't open it up, and you can't escape from us?" Bai Lan said with an ice-cold voice.

He didn't have any objections giving the Five Emperors' Treasures to Long Chen, but to let the cunning Long Beard Man give it to him was truly a bit unreconciled.

The Jin Zu was also not convinced that the Long Beard Man would be able to obtain this. Not only was Long Chen young, his strength was extraordinary and he was already the strongest in the Realm of Myriad Kingdoms. Even the Jin Zu had no choice but to get on good terms with Long Chen.

"Long-beard, I suggest that you hand over that treasure chest. Else, your life would be lost." The Jin Zu snorted and said.

Long Beard Man raised his head and looked towards Jin Zu. Because of the five-colored light barrier, he didn't have any fear as he ridiculed, "What, even the great Five Elements Alliance Ancestor is treated like a puppy now? This old man has truly broadened his horizons. "

"You!" Jin Zu glared at him.

Wait until I study this Five Emperors' Treasures, until I inherit the power of the Five Emperors, hehe, then at that time, who exactly will be the number one person in the Realm of Myriad Kingdoms, that is still uncertain.

Just as the Long Beard Man finished speaking, a commotion broke out.

Long Chen reckoned that the five emperors had already completely disappeared, and the energy that they left behind would probably teleport everyone out as well. As expected, a green light shone on Long Chen's body, this was the power of the Cyan Emperor's key, when the key was activated, Long Chen was directly teleported out of the Five Emperors Secret Realm along the way.

However, he had achieved his goal.

Now, in the eyes of the Jin Zu and Bai Lan, it was sufficient as long as the Long Beard Man obtained the Five Emperors' Treasures.

was quickly leaving the Five Emperors Secret Realm. With a hualala sound, Long Chen felt that he had already arrived in the outside world, arriving in the center of the Everlasting Battlefield of Bewildering City, appearing in the center of the Bewildering City.

A total of nine people had appeared here. The only person who had gone missing was Feng Qing, who had been killed by Long Chen. Everyone else was still alive and well.

"Long Beard Man!"

After coming out, the first thought that came to Bai Lan and the Jin Zu was to capture the Long Beard Man. The moment Long Beard Man came out, he immediately placed the treasure chest in his own ring and escaped as fast as he could. As both of them were at the second level of Heaven Martial Stage, if he really wanted to run, no one would be able to catch him.

Long Beard Man was a person who had his own plans. He had once thought about how he would escape if he got his hands on the Five Emperors' Treasures.

"Capture the Long Beard Man!"

Jin Zu shouted.

Some chased, some ran. However, right at this moment, waves after waves of astonishing pressure started descending from the sky. This kind of pressure, even Long Chen couldn't withstand it for a while, he knew that the six demon clan members were coming, so he hurriedly pulled Bai Lan who was about to chase after Long Beard Man, and shouted in a low voice, "Don't move!"

At this moment, everyone looked towards the sky.

In the sky, there were six people wearing black robes, standing awe-inspiring in the air as strong gales blew up their robes. Woosh.

This was not anything special. What was special was that the pressure on every single one of them was simply the same level as the Purple Blood Dragon that everyone had seen in the Tianshui City. When the pressure from all six of them descended at the same time, even the experts of the Heaven Martial Stage felt like they could not move.

Shock surfaced on everyone's faces, and even Long Chen did not leave.

He had guessed long ago that this expression of astonishment was an act on his part to prevent himself from appearing so exceptional.

"As expected, six demi-humans have appeared."

The others didn't know anything about this.

"Who are these people?" Lei Ji came to their side with a shocked expression and the people of Five Elements Alliance also gathered together. Only Wu Lian and Long Beard Man were left standing there alone.

Long Chen looked at Wu Lian, she had his head lowered, his veil was once again covered, his body was tidied up extremely well, as though nothing had happened. Only, deep in her eyes, Long Chen could still feel that trace of resentment.

At this moment, she did not look at anyone, as if she was an unrelated person.

What would happen to this woman in the future, Long Chen did not care. Being forced by the will of nature just now didn't count as anything at all. Compared to the hatred of his Son of Death, this didn't count as anything at all.

It was just that after Long Chen had left the Five Emperors Secret Realm, his accomplishments had already far surpassed her and he was no longer the person she could seek revenge against.

As for Wu Guangyu's death, it was completely his fault.

Other than the six demon clan members in the sky, Long Chen also realized that everyone from the Archaic Graveyard seemed to have gathered here. Amongst this pile of trash stood a large number of

people, with nine of them standing in front. Long Chen swept his eyes across them and saw a group of people from the Thunder Demon Clan, among them were Suxue, the seven elders from the Demon Clan and the seven sons of the Thunder Clan. There was a sense of worry on their faces, it was most likely because the six demon clan members had given them too much fear during this period of time.

"Where's Xiao Lang? Where's Yan Er? Did they not come?" In Long Chen's heart, he suddenly had a bad premonition.

During the constant fighting, the number of people in Archaic Graveyard had decreased by a lot. Originally, once 10,000 people came in, there were only 3,000 plus people left. This was not the end result of the battle. In the end, more and more people would fight for the ancient tombstone token.

Only when the ancient tombstone token turns golden can they completely leave.

Everything was under the control of the six demon clan members. Even himself had no choice but to lower his head as he thought, it's still the way of the king to keep a low profile.

"Friends of the human race, perhaps you do not recognize us. Let's introduce ourselves now, we are from the Desolate Imperial Domain's demon race, the Desolate Imperial Domain is the strongest one among all of the Three Great Imperial Domains! As for the Monster race, I believe that you all are already very familiar with them. Back then, the people who fought the so-called Five Emperors War were us Monster race members.

One of the black-robed men said.

Chapter 876 - Nine Hexes

As he spoke, his sleeves fluttered, revealing his purple scales.

His voice was somewhat familiar to everyone who heard it. It sounded like they had heard it somewhere before, but where exactly was it?

"I am Zi Xue. You should know me." As he spoke, he burst into laughter. As he laughed, the figure of a huge purple flood dragon appeared behind him. However, its head was incomparably large.

How could no one have heard of this gigantic Bloodviolet Flood Dragon? It was obviously the demon beast known as the one that belonged to the Profound Emperor.

Everyone sucked in a breath of cold air, knowing that they had been deceived.

"You bunch of idiots actually still believe that I am the Profound Emperor's subordinate demon beast? Your five ancestors' enemies were us demon beasts, how could we have a subordinate demon beast? Therefore, you all are not just average idiots."

As he spoke, a cold Qi swept the surroundings, the people below were extremely terrified, no one dared to make a sound, the Long Beard Man who had obtained the Five Emperors' Treasures and was unable to move, was drenched in cold sweat, in his heart he already regretted a thousand times.

Thinking about the goal of these Spirit Demon Race, it was obvious that they were here for the Five Emperors' Treasures.

"Zi Xue, you talk too much nonsense. I'll say it!" At this time, the man from the wolf clan named Tian Kun stepped forward, scanned the people coldly, and directly asked: Who obtained the Five Emperors' Treasures?

The gazes of Long Chen and the others landed on the Long Beard Man, and the answer was extremely obvious; even the Long Beard Man himself did not dare to deny it. He became anxious and quickly said: "Demon race expert, I am willing to offer this Five Emperors' Treasures to you!"

As Long Beard Man was speaking, a miserable scream shocked everyone, and they all took a step back, their faces filled with fear and fear. Right now, beside Long Beard Man, stood the man from the wolf tribe, his claws pierced through Long Beard Man's chest and directly crushed Long Beard Man's heart.

From Long Beard Man's finger, he took a ring, and then, he pushed Long Beard Man's body onto the ground with a loud bang. Before he died, Long Beard Man's eyes were wide open.

The cruelty of the Demon Race caused everyone to break out into a cold sweat. They all retreated, and looked at the wolf clan's Tian Kun in fear. The Monster race was clearly making an example of this. If they didn't behave, then it was obvious that they would be killed as well. The people of the Monster race would not care about face.

From within the ring, Tian Kun took out the ancient treasure chest, and his body instantly appeared in the middle of the encirclement of the other five demon clan members.

"That's right, it's precisely this treasure box. Those five old ghosts have concealed themselves very tightly and restricted us. If it wasn't for them, we would have truly been unable to obtain this treasure box."

"How many years has it been?" How many years has it been?

"Let's see if that thing is really in there."

Everyone's eyes were sparkling with excitement, completely ignoring the three thousand over human beings below them.

They anxiously tried to open the treasure chest, but a restriction barrier stopped them.

"It's actually the Ninth Hex! Those five damned ghosts!"

The six demon clan members were instantly enraged.

"God damn, they've actually set down nine Taboo Martial Skills. Which of the six of us can break through them?!"

"I won't, everyone else won't, right? It seems that we can only take it back to the Desolate Imperial Domain to find someone to solve it. We will spread the news out ourselves, and when we succeed, we will just have to kill that person immediately, wouldn't that solve it? "

"Looks like this is the only way."

After discussing for a while, the six demons decided to return.

It was a good thing that they had to deal with these troublesome fellows before that happened.

At this time, Long Chen squinted his eyes and looked at them who were floating in the sky. The progress of the situation to this point was no longer something he could control. Within his Five Emperors Secret Realm, his strength had greatly increased, but he was still a long way from reaching these six demon clans.

"Long Chen, are you just going to let them take the Five Emperors' Treasures?" Bai Lan whispered in his ear.

"We have no way to fight back. We can only accept our fate." Long Chen said with a wry smile.

One of them was the Tian Kun from the wolf clan, while the other was a tall and skinny, dark and cold looking man. He looked like a snake, and he was the expert of the 'Darknorth clan', 'Xuan Feng'.

Who is Long Chen, Bai Lan?

Right at this moment, Xuan Feng and Tian Kun spoke at the same time.

Long Chen and Bai Lan were stunned. These six demon clan members actually knew who he was?

Under their gazes, Long Chen and Bai Lan had no choice but to walk out. Right now, maintaining the calm in their hearts was the most important, so their faces were calm.

"You are Bai Lan, Long Chen?" The man called Tian Kun carefully examined them for a while. Right at this moment, the man named Xuan Feng waved his hand, and suddenly, two figures flew up into the sky from afar. When Long Chen took a closer look, his heart immediately shook.

At this moment, Mo Xiaolang's emotions were still stable, but that Su Yan, when thinking of something, started to cry all over again. She looked very pitiful. Mo Xiaolang was the most important person to Long Chen's side. If something were to happen to him, even if Long Chen did not want his life, he would still go all out.

In Long Chen's eyes, Mo Xiaolang's status had long been on par with his. As for Su Yan, she was also one of the younger sisters that he doted on.

Fortunately, the demons didn't seem to have hurt them.

"Yan Er!" Bai Lan's eyes reddened, if not for Long Chen pulling him, he probably would have already rushed forward. In his mind, there definitely wouldn't be any good thing for Su Yan to do if he were to fall into their hands.

At this time, the man named Xuan Feng looked at Bai Lan and spoke straightforwardly: "Don't panic, I'm giving your daughter a good fortune. Therefore, I have decided to bring this little girl Su Yan back to our clan of 'Darknorth Snakes'. In our 'Sea of Darknorth', she has transformed into the holy maiden of 'Darknorth Snakes', as her father, you should be proud of the fact that she is in such a situation. In our clan of 'Darknorth Snakes', her status is so noble that even I have to bow in respect when I see her. "

These words caused Bai Lan and his to be greatly shocked.

"Cat, eternal body, what's going on?" Long Chen asked quickly.

Logically speaking, this little girl should not have such a physique. I think it's very likely that it's because your dragon blood contains the bloodline of the Ancestral Dragon, and that the little girl took it a lot, and that the bloodline of the Ancestral Dragon transformed her body, raising her physique to the level of 'eternal life'. This little girl must have had some sort of special physique, and it's not too bad that she's a living creature. Don't be surprised, this is the blood of an Ancestral Dragon, it is indeed normal for it to have this kind of effect. "

"Doesn't that mean I killed Yan Er?" Long Chen's gaze turned cold, and he blamed himself.

In the demon race, to be able to become the Holy Maiden of a clan is an extremely lofty status. It is her fortune that she was able to have such a situation. Although for this little girl, it is a cruel thing to leave her hometown and go to a strange place to live with a group of ugly snakes, but it is still beneficial for her future. Once she becomes strong, returning to the Realm of Myriad Kingdoms will not be a problem. "

Being told by the kitten, Long Chen finally understood.

Long Chen knew he wasn't in the wrong. If he hadn't used his dragon blood to save Su Yan at that time, she would have died a long time ago.

Sometimes, the world was just that unpredictable.

As if he saw the unwillingness in Bai Lan's eyes, that Profound Wind coldly snorted and said: "Bai Lan, you shouldn't be an idiot. We are giving your daughter a vast future, allowing her the chance to become strong. You should be proud of having such a daughter. "

Bai Lan could also tell that it was indeed beneficial for Su Yan, but how could he believe that the Goblin Tribe would hand her daughter over to these Goblins?

Just thinking about it made his heart ache with incomparable pain.

"Uncle Bai," Long Chen patted his shoulder, and said: "We are unable to resist, we can only do this, I hope that to Yan Er, this is a good thing."

He knew that this man loved his daughter more than life itself, but he had no choice in the face of absolute suppression.

"Daddy!" In the sky, Su Yan wailed loudly.

Mo Xiaolang stood beside her and comforted her. At the same time, he communicated with Long Chen through his eyes.

At this time, Xuan Feng said: "I will leave you with the last fifteen minutes, so that you and your daughter can say your goodbyes properly. After fifteen minutes, we will send all of you back to the Realm of Myriad Kingdoms. However, there is one more person who will be staying. "

After that, he indicated for Tian Kun to speak.

Wolf Clan's Tian Kun looked at Long Chen and said: "I heard from your brother that you want to go to Three Great Imperial Domains?"

"Wolf?" Long Chen knew, it must be the little wolf. He nodded.

Tian Kun did not seem to have any ill intentions towards Long Chen, he laughed and said: "I have heard from Little Brother Mo about your matters. During the process of his growth, you have helped a lot, and can be considered to be one of the great warriors of my wolf clan. Although I am not certain whether he is a Sun Devouring Demonic Wolf or not, but just based on his talent, once he returns to the wolf clan, he will definitely have a huge position, and will also have a lot of resources to nurture. In the future, he will definitely become a famous figure in the wolf clan. "

From his words, Long Chen had already figured out many things. He laughed helplessly, and Mo Xiaolang's expression right now was also extremely helpless as well.

Looking at the situation, it was certain that the six demon clan members already knew of Mo Xiaolang's Inherent Skill. The little wolf was currently a member of the demon clan. But for Long Chen and Mo Xiaolang, this was another separation.

#### Chapter 877 - Travelling

He had just saved Mo Xiaolang from Wu Guangyu just now, but he did not expect that he would still meet with so many calamities, he could not avoid this curse.

"Long Chen, which Imperial Domain do you want to go to? Our Desolate Imperial Domain does not welcome humans. " Mystic Wind said.

Because of Mo Xiaolang, they were kind to him.

"I want to go to Imperial Domain of Sword Soul." Long Chen said directly. Because of Mo Xiaolang's relationship, they would definitely bring Long Chen to the Imperial Domain as well, so Long Chen wouldn't need to find a way to go to the Imperial Domain.

Just by letting them come, Long Chen was about to separate from Mo Xiaolang again. This made him feel extremely unreconciled.

"It's still due to strength. If I were stronger, how the f \* ck would they even dare to carelessly arrange things for me?" Long Chen thought.

"Imperial Domain of Sword Soul? I'm sorry, we have to rush back to the Desolate Imperial Domain, and we can only pass by the True Martial Emperor Domain. Since the Imperial Domain of Sword Soul is too far away, we can't possibly send you there. Tian Kun said impolitely.

"You two brothers can continue chatting. When we send them off, we will head to the Imperial Domain together." With a point of his finger, Mo Xiaolang and Su Yan arrived at Long Chen's and Bai Lan's side. On the other side, Suixue, whose face was covered in tears, had also hurried over.

The few of them stood together with helpless expressions on their faces.

"Father, sister, I don't want to leave!" Su Yan was crying like a little tearman now, crying non-stop while hugging Bai Lan and Soo Xue. When Soo Xue heard her cry, she also felt very uncomfortable and tears kept flowing out. He regretted bringing Su Yan here, but if he didn't, he wouldn't be at ease.

"A thousand faults, it's all my, Bai Lan's, fault."

"Dad, don't blame yourself."

Seeing his own father's heartache, Su Yan wiped away her tears and looked at the rest of the people, especially Long Chen. She suddenly became strong, and said: "I won't make everyone worry, Daddy, Sis, I will work hard, in the future I will become strong, and come back to see you guys, no one will be able to take me away."

Frustration is the fastest way for a person to grow up.

Seeing the resolute determination that suddenly appeared in the little girl's eyes, Long Chen was incomparably moved.

Bai Lan's eyes also revealed a pleased smile.

"My precious Yan Er has finally grown up." Once again hugging her own daughter in her arms, Bai Lan was covered in tears.

"Big brother." Standing beside Long Chen, Mo Xiaolang smiled bitterly and said: "I never expected what happened today, these few people are really too strong, up to the ninth level of the Emperor Level, we are far from being their match, but this Desolate Imperial Domain, I have been kidnapped."

"Wait until we reach Imperial Domain, then we'll see if there's any way to escape." Using the Spirit Beast Language, Long Chen thought for a while before replying.

He was not someone who was willing to resist. If it was possible, then choosing to escape in Imperial Domain was not a bad idea. If he could not escape, then he could only resign himself to his fate.

"Alright." Mo Xiaolang nodded.

"Sorry, Big Brother, I really want to go out wandering with you and meet Big Sister Ling Xi together. But if it really isn't possible, then I can only say that Little Wolf has let you down. When I have the power to escape, I will still go to Imperial Domain of Sword Soul to find you or True Martial Emperor Domain. "

At present, they were only willing to send Long Chen to True Martial Emperor Domain.

Long Chen patted his shoulder, and laughed: "Alright, us brothers, let's not talk about this. This time, being able to go to Imperial Domain is already a blessing in disguise. "

Mo Xiaolang nodded heavily.

Indeed, if they were to do it themselves, they would not even know if they would be able to find the entrance to Imperial Domain.

It was time to say goodbye. At this moment, Sanxue and Su Yan were hugging, yet Bai Lan was walking over to Long Chen. He looked at his brother and said solemnly: "Long Chen, and this brother, I know that Yan Er is going to a different place from you guys, but I still want to say that I will leave Yan Er to you."

He nodded and said: "Uncle Bai, don't worry, as long as I, Long Chen, am able to do it, I will definitely put my life on the line for you. You know my strength, when we reach the Imperial Domain, I cannot say that I will definitely be able to accomplish anything, but I, Long Chen, will definitely work hard."

Mo Xiaolang also said: "If I go near, I will definitely pay more attention to Yan Er's matter. She is my big brother's friend, and also my friend."

With their promise, Bai Lan felt more at ease. Although they might not be able to touch each other, Bai Lan believed that Long Chen would definitely not disappoint him.

"It's time to split up. Uncle Bai, take care!" Long Chen said respectfully.

Bai Lan was also a warrior that people respected. More importantly, he was a father that people respected.

"Take care. Remember, your life is your top priority. Don't put too much effort into everything." Bai Lan explained.

Long Chen pondered for a while, then suddenly thought of the Holy Martial Empire's matter. "Uncle Bai, I still want to entrust you with one more thing."

"What is it?" Bai Lan asked.

"One of the Ten Great Saints, has a Holy Martial Empire, although the Holy Martial Empire has declined, the people in power there are all my good friends, I hope that after you return to the Realm of Myriad Kingdoms, you can focus on the Holy Martial Empire and support my friends. Also, I plan to leave the Monolith of the War God with you, after you go back, give this Monolith of the War God to someone named Long Yue, is that okay?"

Bai Lan nodded: "I have some information regarding Holy Martial Empire, what you have said, I will definitely complete it, don't worry. With me here, and the Monolith of the War God, the Holy Martial Empire will immediately rise to power. "

"Then I am relieved."

Within the Five Emperors Secret Realm, other than the high level emperor level black ruler, Bai Lan had also obtained a lot of things. After returning to the Realm of Myriad Kingdoms, it was normal for the devil race to grow stronger.

"Long Chen." Su Xue, who was carrying Su Yan, bit her lips and called out to Long Chen while hesitating.

The two of them looked at each other with slight awkwardness.

"I wish you success. Also, please take care of my sister and leave it to you."

The success she spoke of, was naturally Ling Xi's matter.

"I will." Long Chen nodded.

She immediately wiped her tears away and said, "Remember what I said. I will stay in the Realm of Myriad Kingdoms, stay in the Demon God Holy Dynasty, and I will never leave."

She had once said that if Long Chen found out that everything wasn't what he thought, he could come back.

"I'm not going to marry anyone in this life, because I want to inherit what my father left behind."

The meaning of Pure Snow was already very obvious.

They were all good girls, and Long Chen could not let them down. At this moment, he could only nod his head, and say in a heavy tone, "Take care."

"Take care."

There was no need to say too much.

A quarter-hour passed quickly. This time, the six great demon clans were extremely merciful and sent everyone back to the Realm of Myriad Kingdoms. From today onwards, the Archaic Graveyard would probably not be reopened.

Bai Lan, Sanxue and the others continuously bid farewell to Long Chen, but in the end, they still left.

It was very likely that these people would forever disappear from his world. He didn't know whether he would have the chance to come back here and reunite with them.

The Archaic Graveyard had created the Long Chen of today.

"Big brother, I'm scared." After Bai Lan left, Su Yan sobbed and held onto Long Chen's arm.

"Yan Er, be good. Long Chen said with a smile. It was just that the smile was forced.

"Yes, Yan Er, and my wolf cub." In this period of time, Mo Xiaolang and Su Yan had become very familiar with each other.

"Thank you, wolf cub." Su Yan nodded obediently.

Under the sky, the six demon clan members examined the three of them.

"I don't know why, but I keep having the feeling that this youth is a little strange. He has an aura that I covet, like he's met his natural enemy?" Tian Kun from the Beiming Clan said.

"Idiot, do you think that brat is a weasel?" Hong Ying laughed.

"This time, the harvest is very big. Not only are there Five Emperors' Treasures, there's also the 'immortal' physique of the Holy Maiden. There's also a super demonic beast similar to the Sun Devouring Demonic Wolf."

"That's right, it's very big. Realm of Myriad Kingdoms, this damn place, I will never come here again."

"Let's go. Breaking through the Nine Hexes is more important. Once we remove the Nine Hexes, we brothers will reach great heights."

"Let's go, bring those three little fellows along as well. The more I look at them now, the more adorable they seem."

"Hong Ying, you freak, you are a treeman, don't think too much of us wolf tribe youths." Tian Kun scolded.

They seemed to be in a very good mood.

Under their control, Long Chen and the other two followed the six of them as they flew in the Archaic Graveyard at an extremely fast speed.

Very quickly, Long Chen followed them to a dark corner in the Heaven's Water. They rushed into one of the deep lakes.

At the bottom of the lake, there is a passage leading to the True Martial Emperor Domain. Only through this passage can we reach the Imperial Domain, Children, that is a mystical and vast world, you are all used to being frogs at the bottom of the well, the next thing you need to do is for them to look at the world, and their jaws must not fall to the ground. " Hong Ying said with a smile.

Passing through layers of mud, the leader of the demons broke through a layer of light and quickly arrived at a dark subterranean space. In this narrow space, there was actually a simple wooden door in front of them.

With a creak, Hong Ying opened the wooden door. In front of Long Chen was a deep black tunnel, just like the one in Five Emperors Secret Realm. But this tunnel was longer, longer, and had no end.

Long Chen took a deep breath and stepped onto this road.

"Imperial Domain, I, Long Chen, am here."

After stepping on this endless line of reasoning, there was no room for turning back.

The Three Regions Nine Realms was such a huge world. What awaited him, Long Chen?

#### Chapter 878 - Nether Realm

Walking through this empty black tunnel, Long Chen felt like he was walking through a space tunnel. In front of him was pitch-black darkness, and he couldn't see the end of it.

The six demon clan members walked in front, but Long Chen and the other two followed behind. At this time, Su Yan was tightly holding onto Long Chen's arm, and her petite body was hiding behind Long Chen. On her beautiful face, there was a trace of fear and confusion.

"Big brother, I'm scared, so scared!"

"Yan Er, be good. At that time, I will think of a way. " Long Chen whispered into her ear, and then he and Mo Xiaolang looked at each other.

Long Chen was definitely not willing to let Mo Xiaolang and Su Yan be taken away like this, so he prepared to wait until after he entered the Three Great Imperial Domains. At that moment, he would immediately place Mo Xiaolang and Mo Xiaolang in the middle of the Great Void Realm, and then use Blood Escape to see if he could take Mo Xiaolang away.

This was just an adventure. Whether or not he could actually succeed depended on the circumstances.

"If we leave, we'll never reach the end. We'll split out three people to take those three little fellows and move forward at full speed. If you're tired, then switch people. " After walking for a while through the deep tunnel, Hong Ying suddenly said.

Three of the Spirit Demon beings came over and wrapped their arms around Long Chen and the others. In an instant, the three of them were brought towards the Imperial Domain, and in that moment, the sound of the wind howled, causing the entire place to fall into a deathly silence.

The speed of the demon clan seemed to have already surpassed Long Chen's expectations. Long Chen was completely unable to display this kind of speed.

In the midst of this hurried journey, Long Chen discovered that he seemed to have become blind.

The surroundings were deathly silent. Only the whistling of the wind could be heard.

This feeling was rather torturous.

Time flew by quickly, about half a month had passed. Long Chen guessed that the Imperial Domain was about to arrive.

At this moment, the six demons that were hurrying on their way were somewhat out of breath.

Before we reach it, we need to recover all of our strength. After all, if the humans were to discover us walking within the Nether Realm, it would be troublesome, especially for the troops of the 'Netherworld Mansion'. It's extremely hard to deal with. " The Wolf Tribe's Tian Kun stopped in his tracks and said cautiously.

"Prefecture Army?" Hehe, that's the 'Netherworld Army'? I will kill as many as comes. " Xuan Feng from the Beiming Clan laughed.

"Those are ordinary soldiers. Those generals, especially those of the Divine level, are not people we can deal with." Tian Kun corrected.

Amongst the six demons, Tian Kun was the most stable.

From their conversation, Long Chen memorized a few information, which was that after leaving this place, he should be going to a place called 'Nether Palace'. The army of the Nether Realm, known as the 'Netherworld Army', was very difficult to deal with.

"Big brother." When the woman named Hong Ying released Su Yan, Su Yan immediately moved to Long Chen's side, and looked at the other demon clan members with reverence. Her eyes trembled a little. The journey she had made earlier had frightened him quite a bit.

"Don't be afraid, I'm here." Long Chen intimately caressed the little girl's long hair. As long as this was the case, she would probably calm down a little.

"Big Brother, it's almost time to go out." Mo Xiaolang reminded.

"I know."

Going out meant taking a risk.

For example, Mo Xiaolang. If he was able to obtain a huge amount of cultivation, his strength would quickly surpass Long Chen's, but after getting along with him for so long, who would be willing to let these Goblins take control of their own lives?

So, Long Chen decided that if it was possible, he would definitely bring Mo Xiaolang and Su Yan away. If not, it would be his life, and he only hoped that the next time they met, Mo Xiaolang could really become very, very strong.

Suddenly, Long Chen discovered that at the end of the tunnel, there was a bit of light.

"We've really arrived." Hong Ying from the 'Scarlet Flame Tree Clan' stretched her waist, revealing the perfect curves of a female, and looked at the few Goblins behind him with envy. This Hong Ying was the only female out of the six demons.

The time to test them had already arrived, but Long Chen's heart was as calm as still water. He held onto Mo Xiaolang's and Su Yan's arms with his left and right hands, waiting for the moment to step out of the tunnel to unleash Blood Escape.

He slowly approached.

The white light before his eyes grew closer and closer, bigger and bigger.

"Dammit. The Nether Realm is like hell. Even the sky is a dark green. It's truly like hell. It's not even as beautiful as my Desolate Imperial Domain." Walking in front, Hong Ying complained.

The closer he got to the light dot, the more Long Chen could see the outside world. This was where he had dreamed of arriving and fulfilling his promise. Today, he had finally arrived.

At this time, Long Chen was unintentionally observing these things.

"I'm finally out." Even the few demon clan members felt uncomfortable after staying in this deep tunnel for so long. Coming out now gave them a refreshing feeling.

In that moment, Long Chen was the last one to step out of the tunnel.

"Let's go!" The first thing Long Chen did was to bring Mo Xiaolang and Su Yan, who were both on his left and right, into the Great Void Realm. He then chose a direction and used Blood Escape right away.

This blood light was Long Chen's last struggle.

"This kid is really up to no good?" The six Spirit Demon beings snickered. When Long Chen made his move, they all started to increase their speed, crazily chasing after him. With their royal level nine stage speed, although Long Chen was in the midst of a blood escape, he was only slightly faster than them.

However, Long Chen's blood escape could only maintain a distance of five kilometers.

What Long Chen did not know was that the demon clan had long since locked onto him. Otherwise, if Long Chen suddenly escaped, they would still need some time to react, and might not be able to catch up to him.

But now ...

The six great demon clans were extremely fast, especially the wolf tribe Tian Kun, his entire body turned into a bolt of lightning, he moved extremely fast, and actually caught up to Long Chen's blood escape. When Long Chen was about to travel more than five kilometers, he instantly caught up to Long Chen and blocked in front of him.

"Want to leave?" "Nothing easy." Crack! Crack! Crack! Under Tian Kun's display, a deep purple colored electric net completely trapped Long Chen.

From the moment he turned into blood and fled to the moment he was finally stopped, only an instant had passed.

Long Chen's plan failed.

Long Chen was a very decisive person, he had already thought about it. He had a plan for this outcome, if he really could not escape, then he would follow the plans made by fate. He was not strong enough, so he did not have the authority to decide his future.

In order to prevent the Great Void Realm from being discovered, he had let Mo Xiaolang and Su Yan come out of the Great Void Realm in advance. When Tian Kun used his lightning net to trap him, Mo Xiaolang and Su Yan was already standing beside him.

The others also rushed over in a short period of time.

"Compared to the speed of the Soul-Chaser Wolf tribe, this is truly a joke and a delusion." Hong Ying let Tian Kun withdraw his lightning net and chuckled as she looked at Long Chen.

"Xiao Lang, Yan Er, I'm sorry. The result is that I can't change it. In the future, we will definitely meet again. " Long Chen took a deep breath and said.

At the same time, fury was accumulated in his heart.

"Don't make them part with their lives. We are not trying to harm these two brats. We are just trying to make them go to a more suitable place for their development." As if he had seen through Long Chen's heart, Tian Kun spoke with an ice-cold tone.

Long Chen thought about it, and he understood what was going on.

I've come to the Imperial Domain, and I still have my own things to do. The danger involved here far surpasses our imagination, you guys should go to the Goblin Tribe, at least it will be safer than staying by my side. When I become stronger, I will go and find you guys, remember this is my promise.

Long Chen patted their shoulders and said.

Mo Xiaolang took a deep breath and said: "Big brother, I know how you feel. I, Mo Xiaolang, swear here that no matter how things turn out, you will always be my, Mo Xiaolang's, closest brother to me. There will be a day when we will live and die together again.

"Alright." Long Chen punched him and laughed loudly.

"Big brother!" Su Yan called out rather timidly.

"Yan Er, you should become stronger by yourself. I will definitely come and see you." Although Long Chen was not at ease with this little girl, he had no choice.

"Little Wolf, I'll leave Yan Er to you."

The three of them looked at each other again.

But because of the two of them, you two don't want to kill me, and thus destroy your relationship with Yan Er the Little Wolf. But no matter what, I have to warn you two, don't underestimate me, Long Chen.

Long Chen's decisiveness made him not want to stay here for even a single moment longer. After he finished speaking these words, he turned around and left without the slightest hesitation.

Seeing the figure of Xiao Suo's back as he left, Su Yan snuggled into Mo Xiaolang's embrace and started to sob. Even the usually cold Mo Xiaolang had tears welling up on his face. The difference this time was completely different from the one between them in the God Clan's Young Master. It was unknown if they would even have a chance to meet again this time.

But for some reason, Mo Xiaolang firmly believed that there would be a day when he would be reunited with the Long Chen brothers. At that time, Long Chen would definitely be even more dazzling and radiant than he was.

## Chapter 879 - Deer Chasing Heroes

The six members of the demon clan looked at each other in dismay.

"Did I hear it right? This kid said he's going to destroy our race?" Hong Ying began to laugh in an exaggerated manner. The gurgling laughter was especially noticeable in this quiet place.

"To be able to leave safely after boasting like that in front of us, he really is the first person to do so."  
Violetsnow began to laugh loudly as well.

"Do you want me to kill him so that he won't come and destroy our race?" Xuan Feng sneered.

"Come on everyone, that little guy is very strange. Maybe after coming to Imperial Domain, he would be able to make some achievements." Let's just wait and see. Let's quickly return to the Desolate Imperial Domain to talk, this is not our territory. "

"Alright!"

Looking at the six demon clan members and Long Chen's departing figure, Su Yan asked in a daze, "wolf cub, will Big Brother really come visit us?"

Mo Xiaolang nodded firmly.

"Why? This monster is so powerful. "

"Because he has never violated his own oath. He is the kind of person who would climb to the Desolate Imperial Domain even if he had to."

Mo Xiaolang laughed.

Maybe when Long Chen was alone, he would walk even more brilliantly.

"Phew ..."

Long Chen took a deep breath.

Although he looked calm on the outside, the pain in his heart was no less than the time Ling Xi left it for him.

"Ling Xi is gone, even Little Wolf is completely gone. Looks like I, Long Chen, am still a weakling. "  
Clenching her fists tightly, surging power gathered on Long Chen's fist.

"The cultivation and killing that follows, I will definitely be ten times more ruthless than before. If I, Long Chen, do not become a devil, how will I make others tremble in fear? "

With a loud roar, Long Chen punched out. In front of him, was a big tree, this tree was upright, its diameter was around half a meter, the coarse bark was ink black, and even its leaves were dark green, looking extremely gloomy.

Long Chen punched the tree in front of him that was trying to vent out his anger. Pa! The ink-black tree trembled, and its leaves fell off, dropping Long Chen's head.

"What's going on?"

It was just an outlet. Long Chen had already made his decision, so he would not immerse himself in senseless self-blame and sorrow.

A punch to vent his anger, everything could pass.

Just that, his punch was enough to shatter a large tree with the combined arms of ten people on Realm of Myriad Kingdoms's side. But just now, he had only made a fist imprint on the tree trunk of this dark green tree.

"This normal tree is actually this tough?"

Long Chen was dumbstruck, only then did he remember, the place he was currently at, was the Three Great Imperial Domains he yearned for day and night, and this place, should be the True Martial Emperor Domain that the Spirit Demon race talked about!

When he thought about this matter, Long Chen decided to forget about Mo Xiaolang and the others for the time being.

Long Chen raised his head, and looked at his surroundings. He discovered that he was stuck in a gloomy forest, and his surroundings were gloomy. This ink-black tree in front of him was actually everywhere. On the ground, the roots of the trees were twisted, and countless withered leaves covered the ground. There were even many short shrubs, and the soil that occasionally exposed was also pitch-black.

The sky above his head was dark as well. A dark green cloud shrouded the sky, pressing down so low that it seemed as though rubble would fall from the sky.

"This is the True Martial Emperor Domain, also known as the 'Indigo Prefecture'. Which is to say, this is the 'Indigo Prefecture' among the True Martial Emperor Domain? This True Martial Emperor Domain, exactly how big is it? "

Long Chen was a little emotional.

After thinking about it, he had already free himself from the helplessness of Mo Xiaolang's departure. He had even more wholeheartedly thought about the road that he would take next.

He wanted to find Ling Xi.

After another punch, Long Chen was certain that only with his strength at the second level of Heaven Martial Stage, would he have to use his full strength in order to break a tree that was half a meter in diameter.

This was unbelievable.

It was not just the tree, but the soil on the ground and so on, all incomparably hard. Long Chen could enter the ground of Archaic Graveyard, but he could not enter into the ground of Archaic Graveyard.

"Is this the Three Great Imperial Domains? Even an ordinary thing surpasses the Realm of Myriad Kingdoms. I am a strong warrior at the peak of the Realm of Myriad Kingdoms, yet, I can only break a tree here. No wonder those humans and demons look down on the Realm of Myriad Kingdoms's people."

In this world where the materials of everything were strong to the point of being abnormal, Long Chen couldn't help but feel powerless.

"Brat, don't be sad. Although that little black dog has left, this god won't still be by your side. Will I not abandon you?" At this time, Cat came out from the Great Void Realm, and with an extremely intoxicated expression, he took a deep breath and spoke comfortably: "The Three Great Imperial Domains's natural spirit energy is extremely dense, the natural spirit energy here is called 'Emperor's spirit energy'. A portion of the Emperor's spirit energy surpasses over a thousand portions of the Archaic Graveyard's spirit energy. The Three Great Imperial Domains is truly worthy of being called a high level world. Just this place near the True Martial Emperor Domain has such a dense Emperor's Spiritual Qi. "

"Emperor Spiritual Qi?" Long Chen could faintly feel that this air was actually filled with an extremely dense amount of spirit energy. Just by breathing slightly, he already felt refreshed. The Blood Escape earlier had almost completely disappeared his true essence, but the current Emperor's spirit energy, as long as he meditated here for a day, would probably be complete.

If they were in Realm of Myriad Kingdoms, it would take more than ten days, and they would need a large number of king crystal s and so on.

"It's precisely because of this Emperor's Spirit that, in the world of the Three Great Imperial Domains, whether it's mountains or rivers, even a grain of sand or a single leaf, its strength surpasses that of the Realm of Myriad Kingdoms by leaps and bounds. If Three Great Imperial Domains is considered a Realm of Myriad Kingdoms, then at your current level, it's almost equivalent to when you were still in White Yang Town.

"Discouraged my ass." To him, this mystical world was full of challenges. He raised his head to look at this world, and arrogantly said: "This, is the world that belongs to me, Long Chen. The Realm of Myriad Kingdoms, is only a place where I build my foundation.

Seeing the confidence burst out from Long Chen's eyes, Cat was a little dazed. After a while, he laughed and said: "Not bad, as expected of the person who obtained the ancestral dragon blood."

"Stop flattering me."

"Scram, this god will not even bother to kiss up to you. But there's one thing I have to tell you. " Cat climbed onto Long Chen's shoulder and said proudly.

"What?"

"In this Imperial Domain, the sky is filled with dense Emperor's Qi. There is too much Emperor's Qi, and it is also very strong and suppressed, so without Divine Martial Stage, it is very difficult for anyone to fly freely in the sky above this Imperial Domain. With your current strength, you can only jump around ten meters from the ground.

"Is that so?" This Three Great Imperial Domains was indeed a high-intensity world, in this place, even flying was restricted. This place was where the truly strong gathered.

To Long Chen, fighting on the ground and fighting in the air was actually no different. He didn't care about this at all.

"How is this possible? There are so many things that didn't even cause a blow to you?" Cat said in surprise.

He had thought that Long Chen would never be able to recover from his defeat.

"You're underestimating me." Long Chen adjusted his mood and started walking in the endless dark forest. The forest was completely silent, without even the sound of insects.

"Wait for me, kid, where do you want to go now?" The little kitten, with its Nightmare's body, happily followed Long Chen.

Long Chen pondered for a moment, then said: "I don't know where we are, I need to find someone to ask us the way to Imperial Domain of Sword Soul."

Since he didn't know, Long Chen could just find a random direction and move forward.

As he walked, Long Chen looked at his surroundings. It was just as the kitten said, under the tempering of the Emperor Profound Spirit Qi, no matter if it was the plants or the ground, they were all abnormally tough. The ground was practically harder than the liujin region's metal ground by ten times, and Long Chen really didn't know if the people here would be bleeding from their heads if they fell on the ground here.

Walking in this kind of world, Long Chen's heart gave birth to a lofty ambition.

"A true man should be born in a world like this. He should be able to chase after the elk and herd the heroes!"

No matter how many dangers lay in front of him, no matter how many life and death struggles he put up, with this heart, Long Chen would still advance forward relentlessly. One day, he was going to reach the peak of his abilities to look down on all living things!

"Firstly, my first goal is to find Ling Xi and let her know that I have kept my promise.

The moment he thought about how close Ling Xi was to him, Long Chen became incomparably excited.

After walking for three days and three nights in this dark forest, Long Chen was also thinking about the things he had obtained from the Five Emperors Secret Realm. The use of the Five Emperors Dharma Idol was very simple, so he mainly did two things, the first of which was to cultivate the 'Human Emperor's Art'. The other thing was to use the Yin Yang Innate Sword Embryo to communicate with the Emperor of the Underworld, Yan Po Jun.

The power of this Emperor of Hell's Destruction Army was much stronger than even the 3000 Star Regions. Inside was a vast black world, which was empty.

These two things required a certain amount of time to hone themselves before they could be completely cultivated.

"From the eighth to the ninth stage of the Earth Martial Stage, I have only lived for a few months. The lifespan of Heaven Martial Stage's warriors is already very long, with my current speed, I estimate that I will need a few months or a year to reach the third stage of the Heaven Martial Stage."

Breaking through the realms required the most effort, and it was because Long Chen had a Monolith of the War God in the Earth Martial Stage that he was able to achieve such enormous progress. After arriving at True Martial Emperor Domain, he was alone. Moreover, he was at Heaven Martial Stage.

Of course, even in the Imperial Domain s, being able to break through to the first stage of Heaven Martial Stage in one year was considered an extraordinary genius.

But to Long Chen, it was still too slow.

"The third stage of the Tianwu Fist Index is simply like a heavenly book. If I want to break through, I will have to spend a lot of time and effort, and the path of cultivation is incomparably difficult. Before, there were Blood Refinement Qi and the Monolith of the War God, but now, without these, I will have to steadily advance, and my speed will probably slow down."

Regarding the cultivation of battle skills, Long Chen was still at the apex of the realm, and the breakthrough in realm was his current weakness.

Others could use it to cultivate for over a hundred to a thousand years, but for Ling Xi, he couldn't wait.

"My heart is anxious and I can't eat hot tofu. My speed is already much faster than others. Let's take it slow."

Long Chen adjusted his mood and continued walking forward. Following this direction, he already felt that he was approaching a residential area.

At that time, he could inquire about everything here.

Roughly two hours later, Long Chen's Spirit Devouring Demon Pupil had already seen about a dozen or so people heading in his direction. He stopped in his tracks, and waited for those people to come.

"We're here."

With a few swishing sounds, a few people appeared nearby and instantly spotted him.

"Someone is around!" A tender voice sounded.

Long Chen realized that something was amiss. When these youths just appeared, they had actually surrounded him without saying a word. In each of the youths' eyes, there was a blood-soaked gaze and their gazes were like that of wild wolves.

"Hmm?" As they were sizing up Long Chen, Long Chen was also sizing them up.

They were a few tall and strong youths with dark, bronzed skin. From the looks of their faces, they were not very old and their voices were young and tender. However, their bodies were unusually tall and

sturdy. It was full of explosive power. From their eyes, even though they were young, they had already killed quite a few people.

This was the person from the Imperial Domain.

From their bodies, Long Chen saw a kind of cruel competition rules.

The dozen or so youths, led by a slightly handsome man, caused the people beside to ask: "Xiong Jun, is this person to be killed or not?"

"Go ahead and kill him. His strength isn't that strong, so he should have a lot of good stuff."

The other teenagers were anxious as they spoke.

They looked at Long Chen greedily, sizing him up.

They had just met, and these youths were clearly not mounted bandits. Yet, they were able to kill each other as soon as they saw each other. From this, it could be seen that this should be the atmosphere prevailing in the Imperial Domain.

In the Imperial Domain, there were countless strong experts and their competition was incredibly fierce. Only by killing more people would the ones who survived be able to live on.

At this time, the youth named Xiong Jun smacked his lips and sized Long Chen up for a while, then said: "A mere kid who just arrived in the Heaven Martial Stage, actually dares to wander around outside, her death is well-deserved. Brothers, chop him up together, then take away his Emperor Crystal s and treasures!"

Just as he finished speaking, the rest of them started attacking impatiently. Their muscles were all knotted, and a grey rune flashed on their skin. It was obvious that they were cultivating the same type of body tempering technique.

"A few immature youths, and each one of their strengths is actually above Heaven Martial Stage. Among them, the leading youngster actually has the strength of the fourth level of Heaven Martial Stage!"

This was still far from Long Chen's true shock.

~ Could Imperial Domain be this terrifying? When Long Chen first came here, he had met a few youths. With their strength, they were actually able to instantly kill all the strong warriors in Realm of Myriad Kingdoms!

This could be called a terrifying fact.

"With the nourishment of this dense Emperor aura, they were almost already born, and their bodies already completed their tempering and nurturing, automatically forming the Eighteen Martial Veins and the Nine Acupoints. At this age, it was fairly common to surpass the Earth Martial Stage and reach Heaven Martial Stage. In Imperial Domain, humans had a long lifespan, at least two to three hundred years old. They are actually around forty years old. At this age, in their race, they can only be considered to be adults. "

This was the kitten's explanation.

"He's still an underage boy at the age of forty. He's really abnormal." Long Chen could not help but curse in his heart.

At this time, more than ten underage experts swarmed towards Long Chen.

They looked to be young, but Long Chen was not even half their age. Of course, Long Chen did not mind them being old, because in front of the eyes of the people of Imperial Domain, they were still youths.

They called him a high level human, but the people of Realm of Myriad Kingdoms were low level human, this was not unreasonable.

"Stop!" At this moment, a melodious voice rang out. The youngsters seemed to be able to tell who it was, but after looking at each other for a moment, they struggled to retreat. However, they still surrounded Long Chen.

A gentle girl with the appearance of a young lady walked over from the forest. This woman should be in the same group as them. She looked around the same age as Long Chen, had a tall and slender figure,

was about the same height as Long Chen, had a smooth and exquisite figure, and a wheat colored skin that possessed astonishing elasticity.

This woman had exquisite facial features and was also a rare beauty. Just like these youths, his entire body was exuding a wild aura, just like a leopard. It was filled with explosive power.

However, the eyes of this woman were incomparably gentle. It could be seen that her personality was not as wild as her appearance, but rather very gentle.

"Army, why are you killing people again?" The woman who looked to be around Long Chen's age walked over. His movements was quick, but his tone was extremely light.

"Elder sister, you're here to meddle in other people's business again. There's something wrong with this brat's head, he's only at Heaven Martial Stage, and yet he dares to move about here alone, isn't he just courting death? "Since he died in the hands of others, it would be better for him to die in our hands. The things in his hands would not be wasted." The youth named Xiong Jun arrogantly said as he looked at Long Chen with disdain.

"Nonsense." Don't ever do that again. Killing the innocent randomly and bullying the weak and fearing the strong is not the action of a brave man. Looking at your actions, you won't be able to become the hero of our Barbarian Bear Tribe! " The woman said in a somewhat reproachful tone.

She gently persuaded the others to leave before gently looking at Long Chen with an apologetic gaze once more. "This big brother, I am truly sorry. My little brother was too reckless, and frightened you. My name is Xiong Waner. "

Long Chen was a little embarrassed. This girl was definitely older than him, but she called him Big Brother.

"It's fine." Long Chen had many questions in his heart. This tall beauty called Xiong Waner, might be someone he could talk to, so he hurriedly said, "My name is Long Chen."

"Who wants to know your name? Do you dare to have any ideas about my sister? Do you believe that I won't beat you up into a meat patty? " Xiong Jun waved his huge fist and looked at Long Chen coldly.

"Shut up." Xiong Waner glared at him, and used an apologetic tone as she looked at Long Chen, and said: "My brother has a very wild personality since he was young, I am truly sorry. But big brother Long Chen, you are too bold, you are merely at the first level of Heaven Martial Stage and yet dare to walk around here. Looking at your clothes, you should be someone from Redwater City, right?"

Although he did not know where the Redwater City was, and where there were cities, he would definitely be able to find many things, including the path of the Imperial Domain of Sword Soul. Long Chen was just about to pretend to be someone from the Redwater City and ask Xiong Waner to bring him there, when the youth named Xiong Jun's face darkened, and immediately refused.

"Sister, you are too rash, how can anyone you know join our team? Even if he doesn't harm us, as long as we meet him, he will definitely become a burden to us. If you want him to join, I, Xiong Jun, will be the first one to reject him!"

"Right, I won't do it either!"

"Me too!"

Seeing them acting this way, Xiong Waner's expression became a little ugly, but she had no other choice.

"No worries, I can go back to the Redwater City myself. Goodbye everyone." Long Chen didn't want to embarrass Xiong Waner, so after saying it, he found a direction for himself and decisively left.

"This guy is weird." Xiong Waner muttered.

Sister, let's ignore him and head to the Redwater City. If by any chance one of the 'Netherworld Army' leaves, I won't have many opportunities in my life. " Xiong Jun said.

"Alright."

After the crowd reorganized themselves, they continued to head towards the direction of the Redwater City. After they left the place, Long Chen appeared from the shadows with a faint smile on his face: "Follow these people and I can reach the Redwater City."

He had a Spirit Devouring Demon Pupil, but he was able to steadily follow behind them without them noticing.

Amongst them, the weakest was at the second level of Heaven Martial Stage, so they had been maintaining the second level of Heaven Martial Stage all along. Long Chen's speed, if he did not undergo any other changes, might just barely be able to keep up.

"Any one of these youths is Heaven Martial Stage. This True Martial Emperor Domain is really abnormal!"

These few youths had indeed given Long Chen quite a bit of a shock.

Moreover, he also knew that the competition rules in the Imperial Domain were even crueler than in the Archaic Graveyard.

Following the dozen or so youths, Long Chen headed towards the Redwater City, he had a feeling that they were leaving this forest far behind.

After about two hours, Long Chen stopped in his tracks and laughed helplessly because he realized that there was another group of people that was standing in front of the people from the 'Barbarian Bear Tribe'.

Very quickly, the two sides began to fight.

Their opponent's strength was definitely stronger than the people of the Savage Bear Tribe. If this continued, all of these youths would probably die, and even the Redwater City that Long Chen wanted to go to, would be ruined.

Furthermore, Xiong Waner was still a good person, and seeing her die, Long Chen was also unwilling. Thinking about it, he moved her body, and headed towards the location of the battle, which was undoubtedly extremely intense. Just a short while ago, two of the youths' internal organs were shattered, and they collapsed to the ground spitting blood.

"Elder sister, quickly leave!"

In front of him, came the indignant roar of a youth named Xiong Jun.

"I'll save you!" It was the girl's voice.

"Such a tender woman. Today, you served our brother well, so we'll let your brother go. How about it?"

"Be good, the more obedient you are, the fewer people we'll kill."

Tsk tsk laughter rang out in front of Long Chen.
