

War God 901

Chapter 901 - Miss Ji

Once he has enough strength, he will then go to the city of the Nether Realm, and through the teleportation circle, he will have the chance to go to the Imperial Domain of Sword Soul. I hope that by that time, his cultivation will be past the Divine Martial Stage!

After bidding farewell to the old and young, Long Chen asked around in the Red Sun Middle City and roughly found out the location of the 'Sky Martial Inn'.

However, the Red Sun Middle City was still a little big, and she couldn't travel too fast in the city. Long Chen had to walk for half a day before she arrived at the 'Sky Martial Inn Station' which was located at the west gate. Previously, he had entered from the east city gate, but on the way there, he had passed through almost all of Red Sun Middle City.

Arriving here, he inquired further and roughly found the location of the so-called Tianwu Inn station. It was a tall building, the tiles on top were dark green, and under the rays of the sun, they were reflecting a brilliant light. Long Chen followed the crowd and walked into the wide doors. There were a lot of people inside, bustling with activity, with all sorts of noises.

Most of those who came here were martial artists that wanted to travel together. There were also some that were similar to caravans, or rich people that were recruiting guards to travel and so on. Long Chen followed the crowd and walked a circle around, and discovered that it was better to go to Ghost City with the others. It had to be said that the competition in Three Great Imperial Domains was just too great. Unless one was in a city, it was very common for people outside of the city to kill each other immediately after meeting each other.

However, after Long Chen asked around, he found out that most of these people were going to the other Middle Cities, and not many were going to the Ghost City. After all, those that were able to go to the Ghost City were mostly those with strength, so there was no need to come here and travel together.

"Brat, with your insignificant fourth level of Heaven Martial Stage strength, you should stay here and rest. If you continue to wander around outside, you might very well lose your life!"

A group of people were discussing, but when they saw Long Chen approaching, one of them immediately laughed and said.

Here, the strongest should be at the sixth level of Heaven Martial Stage. As for the seventh level, that was already the level of Netherworld Army, and other than Netherworld Army, it wasn't common.

Long Chen laughed, and did not kill them immediately. He had suffered for a long time in contempt. Looking down on the enemy was the devil in his heart, and he would destroy himself sooner or later. Even if Long Chen wasn't like him, he would still die in his contempt in the future.

When Long Chen squeezed his way over, he suddenly discovered an elegant private room in front of him, and inside the private room, sat a young girl.

This girl had a peaceful smile on her face, but her eyes were extremely sharp. She scanned the crowd, and held a wooden tablet in her hands. On it were a few large flamboyant words.

The general meaning behind this wooden token was to recruit guards to protect a person. The goal was to head to Ghost City, and the reward was one thousand and five hundred Emperor Crystal. The cultivation restriction was that it had to be above the sixth stage of Heaven Martial Stage, and the number of people was limited to ten.

The distance between the Ghost City and the Red Sun Middle City was indeed quite far, and because there were too many experts in the Ghost City, ordinary warriors would not dare to go below the sixth level of the Heaven Martial Stage. The reward of one thousand and five hundred Emperor Crystal was half of the fortune of the warriors at the sixth level of Heaven Martial Stage. On the way there, there would definitely be a lot of danger, so this reward could only be considered to be slightly high.

For the sake of these one thousand and five hundred Emperor Crystal, coupled with the girl's delicate and pretty appearance, quiet and natural, she had the grace of a capable woman. She was clean and tidy, and as a result, quite a number of those in the Sixth Floor of Heaven Martial Stage joined in after a short inquiry. In this Sky Martial Inn, there were very few warriors at the sixth level of Heaven Martial Stage, but very quickly, there were almost ten of them.

"To be able to take out so much money, and this young girl's strength is at the seventh level of Heaven Martial Stage, and then protect one person while she goes to Ghost City. Why do I feel that there's something strange about all of this?"

Long Chen did not care about anything, he did not know the way to the Ghost City anyway. He coincidentally met a team that was going to the Ghost City, and he did not want to miss that. Moreover, if there was any trouble, he could just run away with his blood.

Moreover, he could make friends with and familiarize himself with the Three Great Imperial Domains to prevent others from exposing himself in the future. Ling Xi had also left. The current Long Chen was actually very lonely, other than a little kitten who only knew how to bullsh * t every now and then, he had nothing left.

Only strength could allow him to recover everything.

Long Chen glanced at this girl. This girl was wearing a dark green dress, and although her appearance wasn't very outstanding, she gave off an air of competence. She should be a person at the management level of a certain force, otherwise she wouldn't have such a temperament.

After making his decision, Long Chen headed in that direction. Originally, those who went past were all at the sixth level of Heaven Martial Stage. However, when Long Chen went over alone, he immediately attracted everyone's attention. At this moment, the girl had already recruited six guards.

After considering all these aspects of perception and comprehension, Long Chen's aura could be roughly determined to be around the third or fourth level of Heaven Martial Stage. There was still some distance between him and the sixth stage of Heaven Martial Stage that the young lady had requested for.

"What is he doing?"

"Can't you read? Don't you know that the lady requested to be at the Sixth Stage of Heaven Martial Stage?"

Long Chen's actions caused a wave of discussion.

Hearing the discussions, the young lady turned her gaze towards Long Chen. Even though the young lady was still smiling, Long Chen felt a cold gaze searching his body, as if trying to dissect him.

In front of her eyes, Long Chen did not cower at all. He was expressionless as he walked straight in front of the girl and stopped a meter away from her.

"Fourth stage of Heaven Martial Stage, what are you doing here?" The girl began, her voice was like a Nightingale's, but it was actually very pleasant to hear.

Long Chen didn't want to waste any more words, so he said: "Don't just believe in your eyes, if the Sixth Layer of Heaven Martial Stage is unable to defeat me, will I be able to join?"

Long Chen's words caused everyone to discuss animatedly.

"What does he mean?"

"Does he mean that his fighting strength is comparable to the Sixth Stage of Heaven Martial Stage?"

"It can't be, Heaven Martial Stage s have a huge difference in level, how can he defeat a warrior at the sixth stage of Heaven Martial Stage?"

"He's just boasting for the sake of a famous fool. Don't look anymore, there's nothing to see."

Even though the other party had said that, the young lady seemed to be extremely interested in Long Chen. She frowned and sized him up once more, then said: "Are you sure you're speaking the truth, don't regret it?"

"When I said it, I wanted you to give it a try." Long Chen took a few steps back, and looked straight into the girl's eyes. Looking at the girl's appearance, it seemed as if he wanted to make a move against her?

The Tianwu Inn is not a place to fight. If you truly have strength, you can demonstrate it for me on the way to Ghost City. If you do not have the Sixth Stage of Heaven Martial Stage, I will not give you these fifteen hundred Emperor Crystal. "" Alright!

Since he did not have to do anything, Long Chen did not mind, he cupped his hands and smiled: "Thank you!"

"No need to thank me. Call me Miss Ji." The girl smiled sweetly, and then, she sat down on her own seat and made a "please" gesture. Long Chen followed her instructions and sat down next to the group of warriors at the sixth level of Heaven Martial Stage.

"That can't be, can it?"

"Isn't this obviously throwing a tantrum?"

Originally, he thought that the young girl would test Long Chen's strength and then this brat who wanted to take advantage of the situation would be directly sent flying. But the result was completely different from what they had imagined, Long Chen was completely confused and directly added into the party.

The others were somewhat unwilling to accept such a great opportunity.

"Miss, did you say the Sixth Stage of Heaven Martial Stage? Why can't I the Fifth Stage of Heaven Martial Stage? That kid can only reach the Fourth Stage of Heaven Martial Stage?" A strong man said unwillingly. He had just been rejected.

"But you didn't say that you had the combat power of the Sixth Stage of Heaven Martial Stage. Alright, this is an exception. Although Miss Ji was smiling, her tone was extremely cold. The burly man felt her glance towards him and didn't say anything more.

After Long Chen sat down, the warriors at the sixth level of Heaven Martial Stage were unwilling.

"What right do you have to be able to take the same Emperor Crystal as us, who is at the fourth level of Heaven Martial Stage? If there's a fight, what use would a mere person at the fourth level of Heaven Martial Stage have, and wouldn't she be killed?"

"I can't accept it."

A few of them muttered to themselves, as they had some opinions of Long Chen. However, this was Miss Ji's own idea. As her bodyguards, they did not speak directly to her.

However, their seats were all shifted far away from Long Chen.

It was as if being next to Long Chen was their shame.

After bringing Long Chen in, Lady Ji never looked at him again. She was silently waiting for other people to register. Originally, there were seven people including Long Chen, and three more people arrived quickly. Once ten people filled up, Miss Ji would immediately put away her wooden signboard.

Looking at the ten guards recruited, Miss Ji wanted to give some instructions, but just at this moment, a young man walked over and asked: "I heard that the's guards recruited here require Heaven Martial Stage's Sixth Layer or above, right? My name is Luo Wei. "

It was a tall and thin youth with blue skin and a cold aura. His body also emitted a similarly cold aura, giving off a feeling that no strangers were allowed to enter. When this youth came here, the others all retreated a few steps, showing that this youth's reputation in Red Sun Middle City was quite well-known.

"I'm sorry, but we are already full." Lady Ji smiled sweetly, spread her hands, and said somewhat helplessly.

Everyone knew that she was faking her helplessness.

"Are you full yet? That's very simple. " Luo Wei said in an indifferent tone. His expression was very calm, he glanced at the ten people behind Miss Ji and picked the one who looked the most ferocious. Without saying a word, he was like a cheetah, instantly flying past Miss Ji and pouncing in front of the young man.

BOOM!

Chapter 902 - Dong

The two of them clashed intensely, and with a pu sound, the young man at the sixth level of Heaven Martial Stage was immediately blasted away by the young man called Luo Wei. He flew back while spitting blood, and in just a moment, the young man was already injured.

The crowd burst into an uproar. Towards the strength of this young man named Luo Wei, they indeed had a degree of respect, because the strength of this Luo Wei should be at the seventh level of Heaven Martial Stage. is someone who can directly participate in the Netherworld Army s.

In just one move, Luo Wei defeated a sixth stage Heaven Martial Stage, proving his strength.

"So, can I come in? With my strength at the seventh level of Heaven Martial Stage, being this guard is worthy of your title. " Luo Wei turned and said to Miss Ji.

Miss Ji waved her hand and indifferently said, "My rule is that first come first served. It's not that you're strong enough. You can leave now, and leave pills here to help heal my guards. "

Everyone did not expect that this Miss Ji would actually reject Luo Wei. 'This is illogical!'

The only thing she could be sure of was that this Miss Ji was probably someone from a large power within the Ghost City. She had probably seen many strong young warriors like Luo Wei before, so she was not too curious about him.

"Is that so? You said the numbers were full, but I don't think they were. " After he finished speaking, he suddenly turned around and rushed towards the young man he defeated previously. A jade-green spear pierced out from his hands, this young man was actually a Sword Fighter.

That jade-green long spear was very similar to Long Chen's Three Thousand Star Domain. The energy it contained was also about the same.

The jade-green spear shot forward like a ray of death light, piercing towards the youth. In just a moment, it had arrived before him!

Upon seeing this sight, the crowd cried out in shock once more.

Luo Wei was decisive in his actions. Previously, he only wanted to push the young man out of his range, but now, he wanted to kill him. Only by doing this would he be able to join the group.

A look of despair appeared in the eyes of the young man who was killed.

At this time, with a ding sound, the other spear directly struck the tip of Luo Wei's spear. Although the impact wasn't great, through precise control, it caused Luo Wei's spear tip to deviate from its original trajectory, brushing past the youth's ear, almost piercing him to death.

When the youth saw that someone had saved him, he was so scared that he started to piss his pants. He exploded with power and rolled on the ground before finally escaping death.

"Who is it!" Luo Wei's killing intent was destroyed, his eyes releasing a cold light. His long spear swept out and a dark green spear aura exploded out, but at this time, his target was already far away.

The gazes of the crowd all landed on the person who saved the young man.

He was standing by the side of the young man, holding onto a spear, Long Chen.

Looking at Long Chen's appearance, everyone felt a sense of loss. No matter how they thought about it, they never would have thought that the person who saved them would actually be Long Chen. Wasn't this youth Long Chen the one who was at the fourth level of Heaven Martial Stage?

The collision of the two spears created sparks.

"You can go." Long Chen looked at Luo Wei who had a cold gaze, directly waved his hand, and said to the youth he had saved.

"You ..." The young man's eyes were filled with gratitude. Before, he had also said that Long Chen, but now, it was Long Chen who had saved him. Long Chen was merely at the fourth level of Heaven Martial Stage. In a situation where no one else had the guts or strength to help him, he actually came to save himself?

"If you don't want to die, then leave." Long Chen looked at him again.

If this youth didn't leave, then that Luo Wei would definitely not let things rest.

"Many thanks. If fate wills it, I will repay you again!" A wise man knows when to stop, Long Chen had the guts to save him, he had the power to save him, he definitely had a way to deal with this, if not he wouldn't be like this for a stranger, seeing the ferocity in Luo Wei's eyes, he immediately pushed his way through the crowd and left.

After the young man left, Long Chen returned to the group without saying a word. At this moment, everyone in the group was looking at him, their eyes filled with shock.

Judging from Long Chen's expression and reaction speed just now, he was definitely not just a mere fourth stage Heaven Martial Stage.

That Miss Ji also looked at Long Chen a few more times, her face full of smiles.

"This guy has a powerful aura, I felt that his strength is not just at the fourth stage of Heaven Martial Stage, I didn't think that he would be like that, and his courage must be extraordinary as well." Miss Ji thought to herself.

At this time, Luo Wei kept his dark green long spear and walked over to Long Chen's side. He looked at Miss Ji and asked: "How's it going?"

"One has gone, one has come, just enough people. Alright, it's the ten of you. We'll gather at the west gate tomorrow morning, and I'll wait for you at the west gate."

After saying that, Miss Ji turned and left.

"You are the Sword Fighter?" When he left, the young man called Luo Wei walked beside Long Chen and asked softly.

"Hmm, what is it?" Long Chen had only just saved him. Even though he had slapped this fellow's face, he did not directly deal with Long Chen. Most likely, it was because he felt that Long Chen was not ordinary.

"You also use a spear. You'll need at least two months to travel there. At that time, let's have a contest. I've heard that your spear is really quite good."

After he finished speaking, he sped up his footsteps and quickly disappeared from Long Chen's field of vision.

"Brother, what's your name? We have to stay together for two months, let's go out and have a drink, how about that?" One of the remaining eight people suggested.

Previously, they looked down on Long Chen, but when Long Chen was full of courage and directly saved the young man, they all admired him.

Therefore, these words of his, were mostly asked of Long Chen. Previously, they had already decided to go out to drink.

Since Long Chen had nowhere to go, it would be beneficial for him to get to know some people. Thus, he smiled and said: "Since I have nowhere to go, then I will follow you brothers."

"Don't call me big brother, we are all brothers, you have guts, we all admire you, in that situation, you are the only one who can save him, I am someone of the Red Sun Middle City, count as a landlord, today I will be the host, I will treat everyone to a meal, and everyone can call me Ah Dong."

With Long Chen's memory, it was easy for him to remember their names. Most of these warriors were from the small cities around Red Sun Middle City, and to be able to reach the sixth stage of Heaven Martial Stage, they were just a step away from becoming a Netherworld Army. Furthermore, they were all young. If they were old, they wouldn't have come out to take the risk.

After arriving at a large tavern, Long Chen and them quickly became one. To be able to meet again after a thousand miles was fate, it was fate. After a while, they already started to call each other brothers. Long Chen now knew that most of their goal was to join the Netherworld Army.

People's lives are like a game, normal and casual games have no fun, anyway in the end they still die, everyone wants to die too, but to me, it's better to die a violent death, so I want to join the Netherworld Army to dig out my own potential, no one is a true genius, if I work hard, I can also become the next one.

"That's only natural. If we didn't want a hot-blooded life, why would we go to the Ghost City?"

Go to the main city first and train there for a few years. When we reach the seventh stage of Heaven Martial Stage, we will participate in the strict selection system for Netherworld Army.

At this time, they reached Long Chen while chatting, and asked: "Brother Long Chen, is it convenient to tell you the reason why you went to Ghost City? "I'm just asking, it doesn't matter if it's inconvenient to say it. There's nothing that can't be said about who is out there."

Long Chen smiled indifferently, downed a cup of fine wine, and said: "Similar to you all, I also want to go to Ghost City to join Netherworld Army. I just don't know what the Netherworld Army's selection is like. With my current strength, I probably won't be able to pass. "

Everyone looked at each other. In their hearts, Long Chen was actually a little mysterious, so they did not know how strong he was.

"The Netherworld Army's selection depends only on your combat strength. If you don't have the means to kill the seventh level of Heaven Martial Stage, you can similarly join the Netherworld Army. There are many Symbol Master s and Puppeteers in the Netherworld Army. Although they are not at the seventh stage of Heaven Martial Stage, they possess powerful offensive strength. " Dong laughed and said.

He pointed to himself and said, "I know a bit about the Dao of Runes and can usually make a few runes that are not too powerful. All the powerful Symbol Master can make a few spirit runes that have endless power, even I can't look up to them."

"As long as my fighting strength can kill the seventh stage of Heaven Martial Stage, is that fine?" This was good news to Long Chen. This way, he wouldn't have to wait until his strength reached the seventh level of Sheaven Martial Stage before joining the Netherworld Army. He could directly join right now.

There were a total of nine people. While eating and drinking, a day's worth of time passed quickly. They rested in this restaurant for a while. When dawn arrived, they directly became sworn brothers and headed towards the west gate. After a day of working together, almost all of the young people had already called each other brothers.

Roughly fifteen minutes later, Long Chen and the rest had already left the west gate. After looking around, they could roughly see the Miss Ji. Everyone hurriedly rushed over. On the road, Long Chen looked around and discovered that there was a luxurious carriage behind Miss Ji. It was one that belonged to a rich family with luxurious decorations, there were many precious jewels that hung on the carriage, sparkling and translucent.

The ones pulling this carriage were two tall, snow-white horses, much taller than the ordinary horses. They looked no different from the real demon beasts.

Chapter 903 - The Ninth Manager

However, Long Chen knew that this was actually a puppet beast. On its snow-white skin, from time to time, sparkling yellow runes would surface. This warhorse carried an enormous amount of power with it. Although it wasn't a puppet beast that specialized in combat, it still possessed extraordinary combat strength.

At the very least, these two white horses were not worse than the Nether War Horses.

Beside the carriage were two other white war horses. Behind the white war horses were ten black war horses. They were also puppets, but their grade was a bit lower than the white war horses.

There should be someone in the carriage. Beside Miss Ji, there was a tall and big man. He wore a full body of military armor, and his face was full of beard, and his eyes were sharp. His strength was not one bit inferior to Miss Ji, and from a glance, one could tell that he was an extraordinary expert.

"Where's Luo Wei?" When Long Chen and the rest approached, Miss Ji took a glance at them and noticed that there was still one missing person among them.

"How would we know if we weren't with him?" one of them replied.

"Butler, the morning hour hasn't arrived yet. Let's wait a little longer then." Miss Ji turned her head and spoke to the middle-aged man.

The middle-aged man nodded without saying a word, but his eyes were filled with impatience. His gaze swept across Long Chen and the others, and finally stopped on Long Chen's body. With a low voice, he asked. Even in Red Sun Middle City, there are not more than ten of this level? "

"Well, I've already admitted it. I like this kid's guts. Just let him stay, housekeeper." Ji Yan said with a somewhat sweet voice.

The sturdy butler glared at Long Chen and spoke no further.

Time passed slowly.

The hour passed. That manager waved his hand and said, "Let's go!"

Since Luo Wei did not come, Ji Yan had no other choice.

Just at this moment, a figure finally caught up from within the west gate. Just as Ji Yan had mounted the horse, he walked over and gathered with Long Chen and the others.

"Wait for my work, you should be late!"

When he used it, he used his own domain. When his domain expanded, Long Chen discovered that this person was actually at the eighth level of Heaven Martial Stage.

"This person's strength is actually close to those six monsters."

Long Chen had originally thought that the six of them could be considered strong within the Imperial Domain.

In this Red Sun Middle City, there were many people who surpassed them.

Luo Wei did not wait for death to come, when the butler took action, without saying a word, he immediately took out his jade green long spear and pierced through it, a gigantic battle skill accompanied by his domain was unleashed. The strength of two worlds clashed, causing Luo Wei to be instantly blown away, but after rolling in the air for a while, he still stood steadily on the ground, his face was pale.

"Not bad, he's a good seedling." The butler clapped his hands, no longer paying attention to Luo Wei, and only focused on mounting a snow white puppet beast.

Being able to withstand the attack of the eighth stage of Heaven Martial Stage, Luo Wei showed off his skills. At this moment, he tidied his clothes in high spirits, and returned to his own team with a smile.

"All of you, get on the horses. This time, the mission is for my master to safely arrive at the Ghost City, primarily, everyone will receive 1500 Emperor Crystal. Even these 10 Dark Puppet Horses can be gifted to them, and the price of each Dark Puppet Horse is 300 Emperor Crystal." If you have any evil intentions, I, Ji Yan, will take care of you guys. "

After she finished speaking, she rode on the white warhorse with the butler on her left and right, walking outside the white carriage. Long Chen and the rest looked at each other, mounted on their black warhorses, and rushed towards the direction of Ghost City.

"I never thought that one day, I would have my own puppet beast. This kind of thing, I wasn't willing to buy before, it's just too extravagant."

"This Miss Ji's mistress is truly a rich person. Even a puppet horse like this can be casually gifted to her." At this time, Dong and the others were discussing excitedly. They were in high spirits as they sped along, chatting and laughing with each other.

Luo Wei looked at them with incomparable disdain, then drove his warhorse away, and advanced beside Ji Yan. He was also an expert at talking, and before long, he made Ji Yan giggle.

Everyone looked over in disgust.

"Isn't it just because of the Seventh Stage of Heaven Martial Stage? "What's so great about that." Ah Dong spat and continued on his way. Not only him, the others were also extremely dissatisfied with this Luo Wei.

"Oh right, Long Chen, you were able to use your spear to block Luo Wei's spear that day, doesn't that mean that your strength is on par with his, and that you are a Sword Fighter as well?" One of the men asked as they hurried on their way.

"Haha, although they are all Sword Fighter, their strength is still far from enough. I was only lucky to be able to stop him from killing people. " Long Chen said with a smile.

He could not, for the comparison between him and Luo Wei, was made up by Luo Wei.

Long Chen's character had now become peaceful. It wasn't that he didn't want to cause trouble, but if he couldn't avoid the trouble, then he would turn it into one.

and Luo Wei, on the other hand, were talking and laughing along the way. They moved as fast as lightning, the puppet beasts did not even seem tired.

After Ji Yan's group disappeared from the Red Sun Middle City, on top of the walls of the Red Sun Middle City, a young man dressed in black clothing looked in the direction they disappeared in, and the corner of his mouth revealed a smile.

"Ninth Manager, they have already left. When are we going to move?" A middle-aged man with a wretched appearance asked.

The young man called the Ninth Manager laughed and said: "No rush, wait until they arrive at Heavenly Eagle Gorge before we make our move. We will just wait for them there anxiously."

"Why are you looking for him in the Heavenly Eagle Gorge? Once they pass the Heavenly Eagle Gorge, they will become the Ghost City. This Iron Blood Merchant Alliance is a power of the Ghost City, what happens if they escape? "

"Aren't they only at the eighth stage of Heaven Martial Stage, Wei Zhou? Although that dissolute woman was one of the executives of the Iron Blood Merchant Union, she had only entered by selling her own flesh. I really can't understand why her luck is so good to be able to get such a treasure in Red Sun Middle City. "

The Ninth Manager smiled.

"That's right. Moreover, they pretended to be themselves and pretended to be from an ordinary wealthy family. They didn't expect that I, the Ninth Manager, would have already set my sights on them."

"The Ninth Manager is truly wise. That treasure will definitely belong to you this time!"

"Of course, I never would have thought that such a good thing would appear in the jurisdiction of the Red Sun Middle City. The mausoleum left behind by the alchemist, although there is only one pellet, but the price of this pellet, at least hundreds of God's Crystals, is enough to buy it."

"God Manifestation Pill! This was a pill that could allow the soul to condense and merge with the Martial Spirit, forming the Divine Martial Spirit. It was much more precious than normal Divine level pills. There aren't many such things in the entire Nether Realm. If I can get my hands on them, I'll be able to enter the Divine Martial Stage when I reach the ninth stage of Heaven Martial Stage! "

"Congratulations, Ninth Manager. Congratulations, Ninth Manager. Once you have achieved Divine Martial Stage, the position of the boss in Blood Fiend Alliance will skyrocket. Even your brothers won't dare to underestimate you."

"Of course."

The Ninth Manager jumped off the city wall and with a flip of his hand, a huge black wolf appeared under his crotch. With a whirlwind, that huge black wolf disappeared from the world.

Indeed, on the way here, there were quite a few people who saw such luxurious carriages, blocked roads, or acted as robbers for the time being. In this world where the strong preyed on the weak, killing people and stealing treasures became the fastest way to get rich, and in this endless wilderness, there was no face at all. The first thing they said when meeting each other, was probably: Take out your ring.

In the blink of an eye, more than ten days had already passed. Long Chen hurried on his way while chatting and laughing with others. As for the Royal Level cultivation technique of the 3000 Star Regions, he had basically given up on it.

Only the Divine level cultivation technique was what he relied on.

Of course, facing the assailants who appeared from time to time, Long Chen and the rest would have to fight with all their might. In the process, Long Chen had already displayed strength comparable to the Sixth Stage of Heaven Martial Stage, and everyone could not believe that he was only at the Fourth Stage of Heaven Martial Stage.

Long Chen had already mastered the first move of the Human Emperor Art.

Next, was the second punch of the Human Emperor Art, the moving galaxies.

Monarch descending to the world, moving galaxies, shattering the void!

These were the three moves of the Human Emperor Art.

Long Chen reckoned that if he used the last move from Realm of Myriad Kingdoms, it would really shatter the space there. This person was the most powerful battle skill of the Realm of Myriad Kingdoms, and was naturally able to create such an effect in the Realm of Myriad Kingdoms.

After ten days of research, Long Chen had gained a lot more.

Seeing Long Chen being so serious, everyone had some admiration for him. Because they wanted to prevent others from killing them, at this point in time, Long Chen and the others had already moved their war horses up to the front.

They arrived at a quiet forest and had no choice but to slow down. Right at this moment, Long Chen sensed that someone was approaching from the front. In this wilderness, bandits roam about in groups. In this wilderness, there aren't many people who don't know how to kill people for their treasures. The premise is that you have enough treasures, and if you have enough, then no matter how strong you are, there will be endless moths flying in your direction.

Chapter 904 - Heavenly Eagle Gorge

Within a mile radius, Long Chen was able to see the incoming people very quickly. There were probably a dozen or so bandits, and on the whole road, this kind of arrangement was very common.

"Someone's coming." Long Chen waved to signal for them to stop. The other eight people trusted him quite a bit, so they hurriedly put up a defensive posture.

"Why did you stop? Let's go!" Behind them, Luo Wei, who had already become very familiar with Ji Yan, was currently happily chatting with him when Long Chen and the others suddenly stopped their steps, attracting his attention. He had just made a joke, but Ji Yan did not start laughing, so he vented his anger on Long Chen and the others, and roared at them.

It was as if Luo Wei was everyone's financial backer.

Even without talking, everyone knew that Luo Wei had intentions for this Ji Yan. All along the way, he had used all of his abilities, causing Ji Yan to smile like Yin Ling'er.

Towards Luo Wei, everyone could not bear to see him like this, especially at such a time, when he was shouting at everyone.

"What are you shouting for? What qualifications do you have to order us?" Finally, Ah Dong could no longer hold back his anger and looked at Luo Wei coldly as he said this.

Luo Wei laughed and said: "Do you want to die? If you want to die, then crawl over."

Just as Ah Dong was about to speak, Long Chen grabbed his arm and laughed softly: "Calm down, the damned people, they will die eventually. For the sake of the fifteen hundred Emperor Crystal, let's finish the mission first. To take someone's money and help them get rid of their troubles, you are unlike some people. Other than being able to command others and pick up girls, what else can they do? "

"Long Chen, what do you mean, do you think I didn't try?" Luo Wei's ice-cold gaze landed on his body.

"Otherwise, did you make a move on the way here? To eat and do lazily, and to enjoy the fruits of others' labour, isn't this what you, Luo Wei, are like? " Long Chen's goal, was actually to transfer Luo Wei's hatred towards him. Dong Dong and the others were not his opponent, so in order to prevent Luo Wei from doing anything, he could only block it himself.

"Humph!" With a cold snort, Luo Wei was just about to attack, but at this time, a few blind bandits appeared in front of them, and two or three of them were actually in the Sixth Heaven Martial Stage.

"Just watch!" Luo Wei laughed and then swung his spear. A few furry thieves were killed by him very quickly. Even if it was the sixth level of Heaven Martial Stage, it was basically a killing blow for him.

Don't forget your own strength when you speak. Wait until I join the Netherworld Army, with Nether Armors, I can kill as many people as I want to. So, don't provoke me.

Putting away his weapon, Luo Wei arrogantly said.

Ah Dong and the others looked at each other, at a loss for words. It had to be said that this Luo Wei was too strong for them, and they could not easily move to provoke him. However, seeing his arrogant appearance, they could not bear to watch.

He could only suppress his anger within his heart.

To Long Chen, this was just a small farce. Now that Luo Wei had set his sights on him, if he wanted to make a move, she would have to deal with him. If it really was like this, Long Chen would give him a pleasant surprise.

"This Luo Wei is too disgusting."

As night fell, Ji Yan announced that everyone should rest a bit. After all, they had travelled continuously for over twenty days. Dong and the others started a bonfire near the river. They sat around the bonfire and ate and drank. They called out 'brother' to everyone around them.

During the day, Luo Wei had relied on his own strength to threaten them for a while, so when everyone thought about it now, they felt a bit stifled.

"When I reach the seventh level of Heaven Martial Stage, I will definitely make him suffer." Another man ferociously bit down on the golden brown meat in his hand as he shouted in anger.

"Come, come, come. Let's drink. It's rare for us to have some time to rest. Don't let someone who isn't related to us ruin our good mood!" Long Chen was not too concerned about these things, he raised the wine in his hand and toasted to the crowd.

"Brother Long Chen is right, we should just play with ourselves. This is a rare opportunity, let's not bother about those messed up people." Dong laughed and said.

At this time, Luo Wei was walking over from afar.

"Who are you calling a bunch of random people?" Without a word, Luo Wei pressed the seventh realm of the Heaven Martial Stage down onto everyone. The tyrannical power immediately caused the bonfire to be extinguished, and the barbecue and delicacies that everyone had prepared for a long time were turned into a mess by him.

With a whoosh, everyone stood up and looked coldly at Luo Wei.

"What, want to go together?" You guys are really ambitious? " Luo Wei smiled as he looked at them.

The air was filled with the smell of gunpowder.

Just as the battle was about to start, Ji Yan suddenly came out of nowhere and rolled his eyes at everyone. He then said to Luo Wei, "Our master is calling you over, perform well."

"Mistress, is she looking for me?" Luo Wei was a little surprised. He had only heard the voice of the person in the carriage but had never seen him before.

Furthermore, Long Chen and the others hadn't even heard the sound of his voice.

"I'll deal with you guys next time." Luo Wei snorted coldly, turned around and walked towards the carriage in the darkness. After Luo Wei left, Ji Yan then looked at Long Chen and the others for a while, and said: "You guys better not provoke this Luo Wei anymore, he has already been highly regarded by my master, if you still want to live, then keep your mouths in check, especially you, Long Chen, don't forget that I didn't remind you."

After saying that, Ji Yan smiled slightly, then gracefully left.

When they left, everyone's expression turned ugly.

"What do you mean? Then what does the fact that Master has his eyes on Luo Wei have to do with us? "

"Who knows, but I can't help but believe what Miss Ji Yan said."

"Damn, isn't he just a guard? Why is he so sullen?"

Everyone was not in a good mood.

Long Chen looked towards the carriage.

"Seems like my guess is right, this is no ordinary wealthy family, they are recruiting guards or something like that, they are just trying to cover it up. We, as sixth stage Heaven Martial Stage, do not have much combat strength, so it is possible for us to deal with normal little rascals."

"So what are their secrets?"

This was the reason why Long Chen had always kept a low profile. If this Luo Wei had bullied him in the past, he would have immediately killed her.

In the midst of Long Chen's thoughts, after a while, from within the luxurious carriage, came a burst of female moans. This woman was so unbridled, her waves of cries almost resonating through the horizon, if there were no surprises, she would be Ji Yan's master, and just now, Luo Wei seemed to have entered her carriage.

Everyone was well aware of what was going on. Ji Yan had said that her master had set his eyes on Luo Wei, so it turned out to be like this.

Hearing such a tempting voice, the crowd's faces darkened even more.

"Motherf * cker, don't let laozi get the chance."

The sky quickly brightened as everyone continued to rush forward. Long Chen and the rest continued to walk ahead, as for Luo Wei who was behind, his attention was no longer on Ji Yan, he was currently flushed red, looking extremely happy.

He was the one who felt the most refreshed along the way. He did not need to do anything during the day, and from time to time, there were even beauties waiting on him.

Although Ah Dong and the rest were just temporary guards, and were not subordinates of the man in the carriage, in the endless wilderness, they did not know the way to Ghost City, and were restricted by the owner of the carriage. With Luo Wei mixed with the owner of the carriage, and with his own strength, no one dared to offend him again.

Luo Wei placed all of his attention on the owner of the carriage. Other than bullying a little, nothing major usually happened. It was safe and sound the whole way, occasionally meeting some strong opponents, then butler Wei Zhou would directly take action, and would not be able to get Long Chen and the rest.

In the blink of an eye, two months had passed.

The area around the Ghost City is tens of times larger than the Red Sun Middle City. You have performed well, when we reach the Heavenly Eagle Gorge, I will pay each and every one of them 1500 Emperor Crystal. "

After Ji Yan said this, he returned to his own seat.

"Heavenly Eagle Gorge?"

Along the way, Long Chen still did not find out what the heck these three people were doing, but he discovered one thing, and that was that ever since three days ago, there had been people secretly following their team, and there were many strong practitioners amongst them.

"It seems like these people came with an ulterior motive, unlike the bandits from before. If those three guys really had something good, it was obvious that they were here for their stuff. Heavenly Eagle Gorge is right in front of us, if that's the case, I think they will make their move here. "

Although Long Chen had guessed this point, he did not have any intention of telling them. In any case, he didn't have any good impression of Ji Yan and the others, so Long Chen couldn't be bothered to care about them.

On the other hand, Long Chen felt that these few new friends of his were rather cute. Thinking about this, he told everyone, and said in a low voice: "Brothers, Heavenly Eagle Gorge is right in front of us, and I have a bad premonition, if there is any danger next, you guys try your best not to go there and risk your lives. It's not worth it to put your lives in this place."

"Brother Long Chen," the others looked at each other in dismay.

Seeing that Long Chen did not seem to be lying, although they felt that it was strange, they still nodded their heads.

This way, Long Chen could feel more at ease.

In front of them, appeared a huge mountain range. That Heavenly Eagle Gorge was like a canyon that was slashed by a huge blade, directly passing through the Heavenly Eagle Mountain Range. This Heavenly Eagle Gorge could be said to be extremely dangerous.

"I want to see what exactly is the owner of this carriage that made it so mysterious." Long Chen made up his mind.

Very quickly, they followed the carriage forward, and Long Chen and the rest entered the Heavenly Eagle Gorge.

On both sides, there were steep and towering mountains.

"Everyone, once we pass through this Heavenly Eagle Gorge, we will reach it. Thank you for your help all along the way, but you must hold on for the last leg of the journey." Ji Yan said with a sweet smile.

"Miss Ji is too polite." Ah Dong and the others hated Luo Wei, but they had a good impression of him.

At this time, Long Chen had been using Spirit Devouring Demon Pupil to look around his surroundings. When the group had walked halfway across the Heavenly Eagle Gorge, his Spirit Devouring Demon Pupil had already felt that two people had appeared right in front of them on the narrow path within the Heavenly Eagle Gorge. Judging from the reaction of the Spirit Devouring Demon Pupil, these two people were definitely not simple.

"Has the real opponent finally appeared at the last moment?" The corner of Long Chen's mouth hooked up into a faint smile. He had been waiting for this moment for a long time. In the blink of an eye, two months had already passed.

Because he rarely fought, his strength was still at the fourth level of Heaven Martial Stage.

The path of cultivation was extremely difficult. Even if it was the genius of the Imperial Domain s, it would still take him two to three years or even longer to reach the first stage of the Heaven Martial Stage. Long Chen possessed the True Martial Emperor's Soul, and like his third eye, he spied on others' martial skills. His speed could already be considered as extremely fast.

After discovering them, Long Chen did not remind anyone else. Instead, he continued to walk forward.

"There's someone here!" The butler, Wei Zhou, was the first to notice something amiss in front. Everyone looked towards the depths of Heavenly Eagle Gorge and just happened to see the end of the road.

These two people wore black clothing and their faces were covered by black cloth, making it impossible to see their appearances clearly. Only their blood-red eyes could be seen that they were ruthless people who would kill without batting an eye.

"Nine, they're here." One of them said in a voice that sounded somewhat childish.

"I've been waiting for a long time." This person was the Ninth Manager of Blood Evil Alliance in the Red Sun Middle City. As for the young man beside him, since he was called Nine Brother, he should be another boss of Blood Fiend Alliance. Blood Fiend Alliance was already a group of famous bandits in the areas under the jurisdiction of the Ghost City.

"Tenth brother." You have just reached the eighth stage of Heaven Martial Stage, so today I will let you try your luck. of the Iron Blood Merchant Union, I will let you deal with them, and after I take care of those two women, I will join hands with you again.

"Nine, you think the same as me." The youth said with a smile. He clenched his fist as a bloodthirsty light flashed in his mind.

During their casual conversation, Long Chen's group had noticed them, but they were still walking forward, just that everyone was already prepared.

This was the first time Long Chen had ever seen such an opponent. The two of them unrestrainedly emitted their boundless auras and with such powerful fighting strength, it caused the expressions of Ji Yan and the others to change, and become extremely unsightly to look at.

The guards that had been recruited were also looking at the two figures. Their keen senses told them that there were quite a few experts who could deal with them.

"The strength of these two is at the eighth level of Heaven Martial Stage." Long Chen whispered into their ears, reminding them of this. After hearing the news, everyone was shocked. They believed in Long Chen, so this must be the truth. Along the way, they had never met an opponent of this level, so they were immediately filled with worry.

Seeing that the Ghost City was close and had lost their lives for the sake of over a thousand Emperor Crystal, they felt that it was not worth it. Thus, if not for the fact that they had a share of responsibility in their hearts, they would have all left at once.

In their group, the butler called Wei Zhou was at the eighth level of Heaven Martial Stage, while Ji Yan and the rest were at the seventh. As for Long Chen and the others, they, who were at the sixth level of Heaven Martial Stage, would not be able to help much.

The horse carriage stopped. Ji Yan gathered his courage and took a few steps forward, asking: "Why are the two of you blocking our way? Our master is related to the person at the Ghost City's City Lord's Mansion.

That Ninth Manager laughed and said: "Don't pretend to be a member of the Iron Blood Merchant Union. Today, we brothers came to take that thing away. As long as you give it to us, we will let you go, otherwise." This Heavenly Eagle Gorge is going to become their burial ground. "

When these words came out, both Ji Yan and Wei Zhou's expressions changed. The two of them looked at each other, then walked to the front, and Wei Zhou said: "You two, we don't know what you two are talking about, but, since we are destined to meet, we will gift you thirty thousand Emperor Crystal. Please make way for us, how about it?"

The two men in black giggled, and the Ninth Manager waved his hand and said with a sneer: "Wei Zhou, you don't have to say anymore nonsense. I know you, this is my Tenth Brother Qin Yang, and he had just reached the Eighth Stage of Heaven Martial Stage a few days ago. As for me, I will naturally need you to help him practice.

The other side had already said that, it was obvious that they had investigated everything thoroughly. Their current plan was to kill the two of them, otherwise, it would not be possible to pass through Heavenly Eagle Gorge.

"Luo Wei, come here." Ji Yan waved his hand, this Luo Wei's strength was around the same as hers, the two of them might be able to restrain the Ninth Manager with much difficulty.

He had also noticed how strong the other party was, but he had already gotten to a very close level with the woman in the horse carriage. He wanted to escape danger, but he was unable to do so because he was not sure if he would lose to her.

In the midst of his struggle, he made up his mind and stood beside Ji Yan. He would first take a look at the situation, and if it really didn't work out, then think of a way to escape.

Ji Yan couldn't believe it. Wei Zhou could suppress an eighth stage of Heaven Martial Stage, and with so many of them working together, they still couldn't pin down an eighth stage of Heaven Martial Stage.

Just then, the Ninth Manager's gaze fell on Long Chen and the others.

You guys have already seen the strength of the two of us at the eighth stage of Heaven Martial Stage, so I have watched you guys for a long time on the way here. You guys are not their subordinates, but on the journey here, you guys have been bullied and used. I see that it's not worth losing your lives for the sake of some money, and I, Ol 'Nine, am also someone who talks about brotherhood.

In the face of such a great danger, there was no need for them to work so hard. Furthermore, along the way, for the sake of the one thousand and five hundred Emperor Crystal s, they had slaughtered many times to clear the path for them. They had truly done their best.

However, since they had become their guards, there was still a part of their responsibilities here. Thus, they did not leave.

"Don't listen to them, how can we lose to them? After getting rid of the two of them, I will give each of you one thousand Emperor Crystal. " These nine people could completely be treated as cannon fodder, restraining them and giving him some time, thus Ji Yan and the others would not give up on them.

Three thousand Emperor Crystal, was almost equal to all of their wealth.

They looked at each other. They were truly held back by the responsibility and loyalty of these three thousand Emperor Crystal.

"You cowards, once you become guards, they will bring you all to this Ghost City, but you will be so ungrateful, what kind of heroes are you? I could tell long ago that all of you are just a bunch of bastards. " Luo Wei said with disdain.

He couldn't get himself out, and he didn't want Long Chen and the others to get away either.

Who said they were leaving! Who said we were cowards? " Ah Dong and the rest could not take it anymore, and roared at Luo Wei.

The Ninth Manager and Qin Yang frowned. They originally wanted to give these people a way out, but since they were so reckless, there was nothing they could do about it.

Just when they were about to make a move, Long Chen thought in his heart, then said to Ah Dong and the rest: "Everyone, don't kill yourselves just because of a moment of impulse, we have already done our best to treat them with kindness. We have cleaned up the enemies for them, and when they

brought us here, both sides have already canceled out the bet, we no longer need to use our own lives to gamble with those three thousand Emperor Crystal.

Long Chen was a very decisive and straightforward person. After he finished speaking, he immediately spurred his horse to ride towards the two men in black.

"Long Chen, you!" Ji Yan had always thought highly of him, but he didn't expect that this guy would actually be the one to take the lead and leave.

"Ji Yan, do you have anything else to say? They are my brothers, not your cannon fodder. Don't think that you can just buy their lives with the three thousand Emperor Crystal. Long Chen turned his head and looked at them with that ice-cold gaze of his.

"Brother Long Chen, should we return their warhorses to them?" Hearing Long Chen's words, the others all came to their senses, and were not confused by his provocation.

"Why should I? This is what we got from our own labor. I haven't asked them for fifteen hundred Emperor Crystal. If we calculate the distance based on the Emperor Crystal and we've already walked 99% of the distance, then we should be able to obtain at least 1400 Emperor Crystal. " Long Chen laughed, and immediately spurred his horse, and the other eight people followed him.

Chapter 906 - Savage Luo Wei

had to think for them, so he took the lead and left first.

If not for that, he would have brought them into the Great Void Realm when they were fighting. Long Chen would not let them be cannon fodder anyway.

"Long Chen, you ungrateful bastard! You're a coward, you piece of trash! " Ji Yan had always been calm, but at this moment, he was completely enraged by Long Chen.

"Yan'er, they are only trash. There is no need to be angry for them. I'll accompany you." Luo Wei said in high spirits.

"Who asked you to call me Yan'er?" Ji Yan swept the place with his cold eyes.

"Alright, that's enough for the foreplay. Ladies, quickly get out of your carriage and hand the treasure over to me. Tenth Brother, hold this Wei Zhou down tightly, I'll take care of these two brats."

When Long Chen and the others left, the Ninth Manager and the others quickly made their move.

The originally peaceful Heavenly Eagle Gorge instantly became a scene of fierce battle.

"Long Chen, we are leaving like this, are we really not going back?" Ah Dong walked over to Long Chen's side and asked with an unnatural expression.

"Didn't I explain it clearly before?" Long Chen suddenly stopped and looked at him with a smile that was not a smile.

"Why did you stop?" Everyone asked curiously.

"Do you all hate Luo Wei?" Long Chen looked around and asked.

The crowd was silent for a while, then one of them said, "If I can defeat him, I will kill him for sure, but he actually stayed here today. He still has some backbone."

Everyone nodded.

"You guys overestimated him. Just watch." Long Chen changed his direction and looked in the direction of the Heavenly Eagle Gorge. At this moment, they were almost out of the Heavenly Eagle Gorge.

"What?" Everyone looked at Long Chen strangely.

After a while, there were the sounds of black war horses. Everyone looked towards the depths of Heavenly Eagle Gorge, and after a while, Luo Wei's figure that was riding on his black war horse anxiously appeared in front of everyone. Judging from his clothes, there should have been some dust on his clothes. He must have fled after a short battle.

Seeing Luo Wei in such a sorry state, everyone laughed.

"Brother Long Chen, I never thought you would understand Luo Wei so well."

"He said we were cowards, but he actually ran away on his own. If he wanted to leave, then he should have left earlier. He even taught us a lesson before. Such a person is even more disgusting."

The crowd only discussed softly. Although they were unhappy with Luo Wei, they did not dare to provoke him due to the lack of strength they had.

At the same time, Luo Wei had already rushed forward. Seeing his angry face, no one dared to speak a word.

It was best not to provoke this vicious god.

At this time, Luo Wei stopped beside them, looked at them with a pair of eyes, and coldly said: "You, did you speak ill of me."

"Who said anything bad about you?" Ah Dong laughed, "They all ran away. No one has the right to say anything."

"Better keep your mouth clean." Luo Wei snorted coldly, he was just about to urge his black warhorse to leave this place and go to the Ghost City, but just then, Long Chen appeared in front of him and said: "I heard that you want to go to the Ghost City and join the Netherworld Army, right?"

"What's the problem?" Luo Wei looked at him coldly.

"You can't go."

Long Chen started walking towards Luo Wei from where the black war horse landed.

The others were startled, and thought to themselves, what is Long Chen doing now? Luo Wei, the Evil God, was better off telling him to leave as soon as possible. Did Long Chen really need to provoke him at this time?

"Brother Long Chen!" Ah Dong had just shouted out when he saw blood-red scales gradually covering Long Chen's body. An aura of slaughter exploded forth from his malevolent battle form.

The originally weak Long Chen's aura instantly rose to the extreme.

"What do you mean?" Luo Wei laughed instead. Didn't Long Chen want to fight him?

Just as these words came out of his mouth, Long Chen's speed suddenly increased by countless times. In a split second, Long Chen actually transformed into a streak of blood-red light, instantly pouncing next to Luo Wei, and with a light punch, he smashed onto the black warhorse, causing the puppet beast to explode into a pile of black fragments. Under the huge impact, Luo Wei's body was also blasted flying, he did not turn back at all, and only stood up after rolling a few rounds on the ground, covered in dust.

At this moment, his entire body was covered in mud, and his hair was extremely disheveled. He was in an extremely sorry state.

The sudden appearance of this scene left everyone dumbfounded. In their eyes, although Long Chen was a little special, he should at most have the same battle strength as them. Facing Luo Wei, who was at the seventh level of the Heaven Martial Stage, Long Chen actually suddenly made a move ...

Although it was very mighty just now, but next, Long Chen had to endure Luo Wei's anger. Under his berserk attack, would Long Chen be able to hold on?

Originally, there was no danger, yet Long Chen went to provoke Luo Wei. To put it bluntly, this was simply courting death!

When they saw Long Chen standing up, their faces had already turned the color of pig liver. They ran down their black warhorses one by one and were about to protect Long Chen, but Long Chen waved his hand lightly, causing a gust of wind to blow everyone else to stop in their tracks.

"Brothers, don't worry. Since I made my move, I have a way to slap him dozens of times. Just watch. " A disdainful smile actually appeared on Long Chen's blood-red-scaled face.

Seeing Long Chen's calm expression, everyone hesitated.

To Luo Wei, this was simply a humiliation within a humiliation. Back then, when Long Chen had stopped him from killing someone, he had remembered this person in his heart, and along the way, he did not have any chances to kill Long Chen.

When he thought about his sorry state just now, Luo Wei simply exploded in anger. He roared in anger, and the veins on his neck were exposed.

With a whooshing sound, that jade-green long spear appeared in his hands. As the whirlwind surged, a baleful aura was emitted from his body.

"Long Chen, I have underestimated you."

"No, you're overestimating yourself. For people like you, if you don't have a thousand, at least eight hundred will die on my hands." Long Chen smiled and took out the three thousand star fields that he had not studied for a long time. The specks of starlight gathered in his hands and transformed into a long spear of gold and black, filled with cold energy and masculine energy. Compared to the Stellar Spear from before, this long spear was even more powerful.

"Stop boasting."

Even though he was humiliated, Luo Wei did not lose his mind. At this moment, he burst forth with all his power, transforming into a green ray of light and pierced towards Long Chen's forehead.

"My comprehension of Sword Truth's first level isn't too bad. Do you know what level my comprehension is?"

Long Chen's comprehension was two third levels of fusion. This was equivalent to the increase in power from the fourth stage of the Sword Dao.

Just as Long Chen finished speaking, the long spear in his hands turned into a spear image and appeared in front of him like a jade colored flower.

"Seventh realm of the Heaven Martial Stage, Domain!"

The power of the domain suppressed Long Chen's body.

"One hit kill, kill him! Bi Luo long spear, reverse the river!"

Under Luo Wei's display, the pike in his hand suddenly rotated, and like a jade green whirlpool, it pierced towards Long Chen. This was definitely a high level Royal grade battle skill.

"Three Thousand Domain Spear Art!"

Long Chen did not hesitate at all and immediately executed the Three Thousand Domain Spear Art. Under the effect of Long Chen's already very powerful strength, the countless amounts of starlight in the domain instantly broke the attack of the other party. The seventh stage of the Heaven Martial Stage, Long Chen had already killed Zhao Kongming, and this Luo Wei did not even have a Divine Ranked combat skill.

"How could this be?" Luo Wei was stunned. The ice-cold light of Long Chen's Three Thousand Star Domain wantonly swept through his body, destroying it.

With a loud bang, he fell onto the ground, and his jade spear stabbed into his body. He tried his best to stand up, but the moment he stood up, he saw Long Chen's blood red body instantly appearing in front of him.

"How could you be so strong?" Luo Wei opened his mouth wide.

"Now that I know it's too late, I promised my brothers that I would slap your mouth for them. Let's see if you can survive this."

Pow!

With a loud sound, Long Chen directly slapped Luo Wei on the face and a scarlet bloody imprint appeared. Luo Wei let out a miserable cry and flew out, rolling a few rounds in the air before finally crashing onto the ground.

After falling to the ground, Luo Wei's entire face had already turned blood-red. He vomited a large mouthful of blood, and looking at Long Chen with his eyes, they were already filled with terror.

"Don't kill me, Long Chen, I'm willing to follow you!"

In his eyes, Long Chen had already become a hidden Ranker.

If I offend you, blame me, Luo Wei, for being blind. From today onwards, as long as you don't kill me, I will be your subordinate and be your slave! Luo Wei retreated back in a sorry state as he looked at Long Chen with fear.

This scene caused everyone to be stunned.

To be honest, Long Chen's speed in defeating Luo Wei was simply too fast. In just a blink of an eye, Luo Wei, who they thought was extremely terrifying, had already begun to kneel and beg for mercy.

Pow!

Without saying a word, Long Chen ignored Luo Wei, and the palm covered in blood-red dragon scales once again slapped the opponent's face. Luo Wei once again let out a blood-curdling screech, and once again spun a few rounds in the air.

The next palm strike was followed by a series of miserable shrieks. When the eighth sound was heard, there was no more sound. Long Chen turned around and kicked Luo Wei away. "This guy, he can't even take a few slaps."

Beneath his feet, Luo Wei's head was covered in blood, and no longer made a sound.

Chapter 907 - God Manifestation Pill

The others looked at Long Chen in a daze, unable to speak for a moment. Long Chen knew that they would be like this, he mounted his own puppet beast and said to everyone: "In front of us is the Ghost City.

"You want to go back?" Ah Dong and the others finally recovered from their shock and said anxiously.

"It's better not to go back. That place is almost filled with powerhouses at the eighth level of Heaven Martial Stage." Everyone said.

"Do you think my strength is not enough?" Long Chen pointed at Luo Wei and said with a smile.

Indeed, Long Chen's strength had already surpassed Luo Wei's. Thinking of this, they finally relaxed a little.

"You made this decision yourself. We will wait for you at Ghost City's place!" One of the men said.

"Alright!" Long Chen replied and no longer said anything else. He immediately urged his black warhorse to ride back to their original direction, and waited for his figure to completely disappear. Everyone then looked at each other in dismay.

"I never thought that Long Chen was the true expert who hid himself. It is our honor to be called brother to such a person."

"Should we go back and see him? What if he's in danger?"

"No need. If we go, we will become a burden to him. He brought us here, yet we ran back. Is that even right?"

"Haha!"

The crowd laughed as they left.

Long Chen did not walk very far. In less than half a quarter of an hour, he could already faintly hear the sounds of fighting. Although the world of the Three Great Imperial Domains had become extremely stable under the Emperor's Spiritual Qi's refinement, the sounds of fighting were still very large, and gave off a feeling as if the earth was trembling and the mountains were trembling.

The speed of the puppet beast below him could not even catch up to Long Chen's own speed.

The current him was still in the state of the Dragon Soul Transformation. This appearance was completely different from before, so even if they saw Long Chen, they did not know who he was.

The power Ji Yan belonged to ought to be a power within the Ghost City. Who knew how strong this power was, but right now, Long Chen was alone and weak, so he did not dare to easily expose himself.

In the blink of an eye, Long Chen who was hidden in the shadows had already seen the situation ahead. In a short period of time, Wei Zhou was at the side fighting with Qin Yang intensely, but on the other side, Ji Yan who was left was not even a match for the Ninth Manager at all. Standing beside the horse carriage was a beautiful young lady dressed beautifully, with eyes like a fox, rosy lips that were alluring and alluring, but at the moment, they were filled with fear.

This woman had a very high position in the Iron Blood Merchant Union, but her strength was only at the fifth stage of Heaven Martial Stage.

Such strength, being able to sweep away all living things in the Realm of Myriad Kingdoms, in the Three Great Imperial Domains, it could only be considered as being at the bottom level.

Wei Zhou's heart was anxious, just as he was about to lose to the Ninth Manager, he was firmly restrained by Qin Yang. What they had obtained this time was of great importance to the Iron Blood Merchant Union. They had painstakingly obtained it, how could they be willing if it were taken by someone else?

At the same time, Ji Yan was already severely injured, but the other side did not show any mercy because she was a woman, so he used his killing technique. If Ji Yan did not have the three Energized Spirit Runes, he would have been killed a long time ago, but even so, the two Energized Spirit Runes were already useless, she only had one left.

Furthermore, they were not easily obtainable. It was only through some connections that Ji Yan was able to obtain the three Strengthening Symbols, which allowed his fighting strength and defense to increase by a lot.

There was only one talisman left.

"Mistress, run!" Using the last Strengthening Rune, Ji Yan was counting on the woman in the horse carriage. However, if he ran back to the Ghost City, she might be able to hold on for a little longer.

"Run, run where?" The flirtatious young woman suddenly became flustered and asked. Usually she was used to being bossy, but now that danger had arrived, her legs had already turned soft from fright.

Ji Yan was so angry that it was not light. Only the Ghost City would be safe, of course she would be able to escape in the direction of the Ghost City. Normally, she, a warrior at the fifth level of Heaven Martial Stage, might actually be able to run back.

However, she had already missed this opportunity.

"You want to block me with just a few strengthening talismans?" The Ninth Manager sneered and threw out a palm attack.

"Using Deity Tier Battle Skills to deal with a little girl like you, to be able to die under Deity Tier Battle Skills is your honor." The Ninth Manager quickly rushed towards the opponent. Under his heavy footsteps, the ground slightly trembled, showing how powerful the force was.

"Blood Fiend Mantra, Myriad Blood Hands!"

Instantly, streams of blood-red colored palm silhouettes pounced towards Ji Yan, locking her in place from the front and back in an instant. This god-level battle skill was not something that a mere Seventh Layer Heaven Martial Stage like her could defend against.

Looking at the bloody hands that filled the sky, Ji Yan laughed bitterly, and chose to give up resisting. Because she knew, under this move, no matter how he resisted, he would still die.

Unfortunately, they were unable to send the God Manifestation Pill to the Ghost City in the end.

"Ji Yan!" Seeing that Ji Yan was trapped, the fox-like young woman was stunned. She knew that if Ji Yan died, she would definitely be next.

Right at this moment, a red figure suddenly rushed in front of Ji Yan, struck out with a palm and directly blasted Ji Yan away. At the same time, this blood-red figure also flew out from the other direction.

This simple move actually saved Ji Yan, allowing him to escape this danger.

After rolling a few rounds on the ground, the already injured Ji Yan realized that he was still alive. She endured his injuries and immediately looked towards the blood-red figure.

"Who is this person? Why does he have a familiar feeling to him?" After a short moment of pleasant surprise, Ji Yan suspiciously thought to himself.

"Who is it!" Ninth Manager's sure win attack was blocked, so he was naturally very angry. His ice-cold eyes quickly landed on Long Chen, and his blood-red body, made him extremely suspicious.

"Beast Fighters?"

Amongst the Three Great Imperial Domains, it could be said that the least popular one was the Beast Fighters. If he did not obtain this super powerful demon beast, the Beast Fighters would have been useful to him. However, if he did obtain this beast spirit, the people of the Desolate Imperial Domain would probably come looking for him and fight to the death.

"Your Excellency, that person actually interfered in our matters?" The Ninth Manager looked at Long Chen for a while, and found that Long Chen was not that strong, so he asked.

At this moment, the place where Long Chen stood was even closer to that fox-like young woman. When the Ninth Manager asked this question, Long Chen had actually turned into a streak of blood-red light and instantly appeared by the young maiden's side.

"AHH!" The young maiden originally thought that Long Chen was the one who saved her in the Iron Blood Merchant Union, hence she had a lot of trust in him, but she didn't expect him to sneak in an attack on her at this moment. In just an instant, the ring in her hands had already landed in Long Chen's hands.

"Where did he hide himself?" Without a second word, Long Chen stripped the young maiden of her clothes and quickly found another ring hiding in her undergarment. Peeping through, he found a pill that had a rich aroma that shocked him, it was most likely what they were fighting over.

After taking the thing, Long Chen quickly dodged it.

After he left, the fox-like young woman stood there, naked. Her buttocks were like a wave, and her white flowers were extremely spectacular. When she finally discovered her condition, she let out an earth-shattering scream.

"The God Manifestation Pill was taken by him!" The beautiful young woman picked up the clothes that Long Chen threw on the ground, while screaming in pain. It was as if Long Chen had already taken her life.

Long Chen's movements were simply too fast; in just an instant, he had obtained what he wanted. Previously, Ji Yan and the young beauty thought that he was the one who had rescued them, which was why they were less prepared for him and allowed him to succeed.

To the Ninth Manager, Long Chen had completely angered him.

When Long Chen made his move, he immediately burst forth with his fastest speed and chased after Long Chen.

Seeing them fighting against each other, the injured Ji Yan could only hope that both of them would suffer.

As for the other side, Wei Zhou and the other side, it was still hard to determine victory or defeat.

"Take out the God Manifestation Pill." The Ninth Manager quickly rushed in front of Long Chen and activated the eighth realm of the Heaven Martial Stage, crazily attacking Long Chen.

"God Manifestation Pill? What kind of pill was this? is it useful for Divine Martial Stage? " Long Chen didn't actually know what use this thing had.

However, how could he be willing to take out the item he obtained?

With a sneer, Long Chen withdrew his ring. His left and right hands respectively flashed with black and gold light as a cold and hot pair of gloves appeared. A change in two extremes appeared on Long Chen's body.

"It's actually a Divine level Divine Weapon, a pair of gloves?" The Ninth Manager's eyes turned blood-red at the same time.

Divine level techniques were easy, but Divine level weapons were very difficult. Thinking about the pair of gloves in Long Chen's hands, it was one of the best.

"These are all mine, OI 'Nine's."

"Of course it's yours if you can take it. If you can't, then leave your life behind." Long Chen laughed, in the midst of Yama Minamiya, he instantly unleashed a tyrannical power.

"True Martial Emperor's Soul, open!"

There was a grey line on his forehead. At this moment, this grey line slightly opened, revealing a grey light.

The eighth stage of Heaven Martial Stage, this was a pretty good opponent.

Long Chen had already obtained the thing, without a doubt, his heart was filled with fighting spirit. The indomitable look in his eyes made the Ninth Manager somewhat timid.

Chapter 908 - Ghost City

At this time, Ji Yan and the beautiful young lady were gathered together, their eyes filled with helplessness.

Ji Yan looked at Long Chen who was in the middle of battle.

"Ji Yan, what should we do now?" The beautiful young woman said in panic.

Towards this master of hers, Ji Yan was a little speechless, this man was usually very good at pointing fingers and poking about, when it really came to real time, she would have to rest. A woman who relied on her beauty and physical position was at most a piece of trash.

"What can we do? The God Manifestation Pill have already been lost, go back and receive your punishment. Ji Yan said unhappily. Honestly speaking, he had had enough of the woman beside him. Ji Yan only knew how to be suppressed by such a woman. He was truly speechless.

The beautiful young woman was panicking, and did not notice that Ji Yan's tone was bad.

On the other side, Qin Yang and Wei Zhou stopped their fight. After all, the God Manifestation Pill was not on Wei Zhou's side, even if he killed Wei Zhou, it would be useless.

"Ji Yan, you heal yourself first, I'll keep watch." After returning here, Wei Zhou said while gasping for breath.

"This young man called Qin Yang, he was able to fight evenly with me at such a young age. Truly amazing."

"Uncle Wei, do you have a feeling that we are very familiar with that Beast Fighters?" Ji Yan suddenly said at this time.

"Hmm?" Not only Uncle Wei, even the woman looked at Long Chen carefully, but they could not tell what he was doing.

"I've never met anyone like that."

"However, this boy's strength is truly powerful. His strength is extremely vague and does not seem to be very strong. However, with the Divine Weapon in his hand, he is able to unleash a battle power on par with his opponent. Truly astonishing."

The faces of the three of them were filled with shock.

If they knew that the in their eyes was Long Chen, they really didn't know how wonderful their faces would be.

During the battle with the other party, Long Chen was plotting to obtain everything in the Heaven Martial Stage, so it had to be said that the True Martial Emperor's Soul was truly a good item, and while Long Chen was fighting, his comprehension of things shot up, but, after around fifteen minutes, the Ninth Manager was already very anxious, fighting outside the Ghost City for a long time was not good for them, so he had no choice but to use his killing technique.

"Xue Sha is shocked, turning into a blood hand!"

When he used the move he used against Ji Yan previously, coupled with the fact that he was in the eighth realm of Heaven Martial Stage, it instantly formed an absolute suppression on Long Chen.

To Long Chen, the sky was filled with bloody handprints, and each one was more terrifying than the last. This evil energy corroded his body from all directions.

"The eighth stage of Heaven Martial Stage, that's all."

In that case, even if it was the six demon clan members back then, they wouldn't be much stronger. After Long Chen came to the Imperial Domain, his improvement was too great.

"Mortal King's Art, overlord over the world!"

When the golden fist suddenly struck out towards the Ninth Manager, it was as if Long Chen had become a lofty and powerful emperor, looking down at him for the rest of his life. This golden fist that was brimming with pressure was able to instantly fight against the Myriad Blood Hand, the power of the Human Emperor Art was even greater, and even though Long Chen lost to it in terms of True Essence, he had already won under the might of the Emperor of Hell's Destruction and Fist Intent.

BOOM!

When his right hand struck out a punch that was as powerful as the sun, his left hand once again shot out a Mortal King Art. Immediately, a black, cold fist imprint appeared, catching up to the golden fist imprint. The golden fist imprint destroyed the bloody hand imprint, but the black fist imprint broke through the layers of encirclement and directly struck the Ninth Manager's body.

Puff!

After spitting out a mouthful of blood, the Ninth Manager's life force disappeared in an instant, and was smashed into pieces by Long Chen.

With a "pa" sound, the remaining corpse fell to the ground.

This scene caused everyone to be silent, as they stared blankly at Long Chen's and Ninth Manager's corpses. Even Qin Yang had thoughts of retreating. He instantly appeared beside the Ninth Manager. After discovering that the Ninth Manager was dead, he put his body into the ring.

"If you don't want to die, then scram." Long Chen waved his hand and said.

Qin Yang gritted his teeth, he knew that his strength was at most equivalent to that of the Ninth Manager. If Long Chen could kill the Ninth Manager, then he could kill him as well.

"I'll remember you."

Then, Qin Yang left quickly.

Here, Long Chen and the others were left behind. At this moment, Long Chen gave them a glance, then headed in the direction of the Ghost City.

"Wait, who are you?" On one hand, the God Manifestation Pill was gone just like that, but she was still unwilling to die. On the other hand, she still felt that Long Chen was familiar with his.

"Do I know you?" Long Chen laughed, then said: "I'll take this God Manifestation Pill. Goodbye! "

After speaking, Long Chen started to move quickly, and in a short period of time, he disappeared from everyone's sight.

"He went to the Ghost City, and even had the chance to meet him. Quickly go back and this to the Alliance Master and the others, let them find this kind of Beast Fighters. He's so special, it'll definitely be easy to find him in the Ghost City." Only after Long Chen left did the fear in the young woman's heart disappear, and she started to instruct him again.

Her status was higher than him by a level, so Ji Yan could only helplessly nod his head. Only then did the three of them head in the direction of the Ghost City. The God Manifestation Pill had been lost, and after they returned to the Iron Blood Merchant Union, who knew what kind of punishment they would receive.

Sitting on the white horse back, Ji Yan sank into his memories.

The aura of that Beast Fighters, as well as his every move, made her think of one person.

"That person, is Long Chen? Impossible, although it looks similar, but Long Chen shouldn't have such strength. " After denying his thoughts, Ji Yan fell into deep thought. The three of them continued moving forward, without saying a word, at this time, in front of them was a corpse with a swollen face like a pig's head. Judging from the clothes, the corpse was Luo Wei's.

The beautiful young married woman who was lifting up the fine carriage looked at Luo Wei with disgust, and scolded: "You actually betrayed me, you truly died a horrible death."

"Strange, this Luo Wei seems to be dead from a slap, didn't he escape? Who would kill him for no reason, could it be that Beast Fighters?" Wei Zhou muttered.

The speaker has no intention of listening. Ji Yan and Long Chen immediately had a conflict, this was something Ji Yan was extremely clear of. When she saw Luo Wei's death, she suddenly realized and exclaimed out loud.

"What's wrong, Ji Yan?" Wei Zhou asked.

"Nope." Ji Yan shook his head, his heart was already in turmoil.

Luo Wei bullied him for a long time, he was strong enough, but he has endured until now, it's true. ""
What?

Originally, when she thought about who stole the God Manifestation Pill, she should have ed it immediately. However, she did not, and instead kept this matter in her heart. Therefore, she was too lazy to continue.

"Forget it, I'll just treat it as giving it to him. Anyway, he saved my life just now." The corner of Ji Yan's mouth hooked up into a light smile.

"fat cat, what's the use of God Manifestation Pill?" In a valley, Long Chen looked left and right for a while, but didn't dare to take out the God Manifestation Pill, and directly moved it into the Great Void Realm.

Otherwise, with the dense aroma of the God Manifestation Pill, perhaps it would attract many experts over.

The Ghost City at the front had quite a few experts in Divine Martial Stage.

That was an existence equivalent to the Five Emperors. In the Netherworld Army, such an existence was but a small Chieftain.

"One question, ten thousand Emperor Crystal." The fat cat chuckled.

"Damn, it's so expensive."

"I just saw you buying one hundred thousand Emperor Crystal, hurry and take them out. My appetite has greatly increased now. Before ten thousand Emperor Crystal, it wouldn't even be enough to fill my teeth. As long as there are more Emperor Crystal s, my hallucination ability will increase. Only then can we deal with higher level opponents. " The kitten said sincerely. "

A hundred thousand Emperor Crystal was obtained from that woman's ring. Although this woman didn't have anything, he did have a lot of money. The Iron Blood Merchant Union, these Emperor Crystal should be the Emperor Crystal that the Iron Blood Merchant Union had in common.

A hundred thousand was no small amount.

Currently, these hundred thousand Emperor Crystal were already enough for Long Chen to use.

was not very stingy towards kittens, so he nodded and said, "Is this God Manifestation Pill helpful for me to enter the Divine Martial Stage?"

When you reach the ninth level of Heaven Martial Stage, you will be able to rely on this God Manifestation Pill and solidify your soul. Then, you will be able to plant your soul into your martial spirit and form the Divine Martial Spirit, and once you reach the Divine Martial Stage, as long as the Divine Martial Spirit is not destroyed, you will be able to live an eternity. "

Pausing for a moment, the little cat continued: "Of course, some people with dull aptitude, even if they have God Manifestation Pill s, they might not be able to reach the Divine Martial Stage. You are only at the fourth level of Heaven Martial Stage right now, quickly hide this thing away, only then will it be useful in the future."

What Cat said was about the same as what Long Chen had guessed.

After figuring out what it was, Long Chen waited for the rest of the group to enter the Ghost City for a day before digesting the results of his battle with the Ninth Manager and starting to head towards the direction of the Ghost City. The current Long Chen was standing high above the Heavenly Eagle Mountain Range, and below him, in the distance, surrounded by countless black clouds, was an incomparably vast city.

"This is the Ghost City?"

Chapter 909 - 500,000 Netherworld Army

In this Ghost City, there were tens of millions of people. Even tens of millions. However, because the area was wide enough, it was not crowded.

After descending the Heavenly Eagle Mountain Range, Long Chen saw an endless, immeasurably tall wall before him. The wall was shrouded in ink-black clouds, and the walls in the distance could not be seen at all.

The city wall was over a hundred meters tall and incredibly majestic. Long Chen had to raise his head to be able to see the garrison that was standing on top of the city wall. This garrison was not made up of Netherworld Army, but their allocation could not be too low. At least, with a single glance from Long Chen, there were no martial artists lower than the fourth stage of Heaven Martial Stage in the garrison.

"Netherworld Army is an army from the Nether Realm. They are stationed in these cities mainly to intimidate the mayor and prevent any accidents at the same time. Their normal job of guarding the city and the security in the city should be the responsibility of these city guards." Long Chen guessed.

After all, 90 million Netherworld Army s had a very high status within the Nether Palace.

Long Chen was currently in one of the one hundred main cities of the Nether Realm.

People from all over the place continuously entered the Ghost City, and the Heavenly Eagle Gorge was only one of the small paths.

Walking into the crowd, Long Chen followed countless of people walking towards the direction of the Ghost City. In the midst of the countless experts' encirclement, he was not the least bit affected.

Ghost City had a population of over ten million, and every day, there would be hundreds of thousands of people flowing about.

Long Chen noticed that the people who entered the Ghost City had a much higher level of strength than the people at the Red Sun Middle City. The people who came from far away were all riding puppets, or some other ferocious beasts, and some of their auras were concealed, but they were unable to conceal their terrifying auras. Long Chen could only carefully avoid them.

"The goal of coming to the Ghost City is to raise your cultivation level all the way to Divine Martial Stage in the Ghost Battlefield! Let's not go to the Nether Realm for now. Once I have the power of Divine Martial Stage, coupled with my ability to kill people beyond my cultivation realm, entering the Nether Realm will be more appropriate. "

Long Chen thought for a while and followed the crowd, walking into the Ghost City without making a fuss. On both sides, tens of thousands of city guards, as well as the city walls, as well as the hundred thousand city guards, all of these sharp eyes were fixated on them, and under the watch of countless eyes, everyone had a feeling that their scalps were going numb. With this kind of situation, who would dare to cause trouble here?

Even a tiger had to keep its claws.

After passing through the thick black walls, Long Chen finally entered the Ghost City. Such a thick and heavy city wall, as well as the reinforcement provided by the Symbol Master, were flashing with strange runes. Even Long Chen himself would not be able to break through this city.

Inside the Ghost City, the roads were clear and neat. Most buildings were tall and sturdy, and with the support of runes, the entire Ghost City was as hard as steel, even harder than the steel of Archaic Graveyard.

This Ghost City had strict rules and regulations, all authority was held in the hands of the City Lord. Under the strict management of the army, very few people dared to make a move against the Ghost City, so Long Chen saw an orderly and prosperous scene.

There was an endless stream of pedestrians. The main road of the main city was in front of his eyes, and outside of the main road were countless branches. The two sides of the road, which were near the city gate, were filled with shops and shops. There were even many things a martial artist needed, such as pills, divine weapons, combat skills, and so on.

"Next, we should inquire about the location and location of the Netherworld Army and then inquire about the selection of the Netherworld Army." After Long Chen entered the Ghost City, he started to think about this matter.

Ah Dong and the rest had already entered the city, but Long Chen did not plan to look for them. Because he had the True Martial Emperor's Soul, Long Chen's trajectory was different from theirs. Even if he came to the Imperial Domain, Long Chen still had a heaven-defying potential.

Everyone had their own fortuitous encounters, Long Chen had helped them escape danger, and it could be said that he had done his utmost to help them.

In an elegant tea house by the side of the road, Long Chen sat down and listened to the discussions of the people around him. At the same time, he looked at the various people in the Ghost City. Here, ordinary Earth Martial Stage were only children. All the adults had the power of the Heaven Martial Stage, and among them, there were a lot of women who were from the first to third stage of Heaven Martial Stage.

On the way, Long Chen saw many experts at the seventh and eighth levels of Heaven Martial Stage, as well as experts who were equivalent to the six demon clan experts at the ninth level of Heaven Martial Stage.

People of this level were legends in the Archaic Graveyard, but in this place, they were just ordinary people.

After the tea was served, Long Chen asked: "Do you know where the training camp is?"

Hearing Long Chen's question, the shop owner revealed a knowing smile, he moved quickly and took out a piece of paper, then said: "The answer to the question you want to ask, is written on this piece of

paper. You young warriors from other countries all want to join the Netherworld Army, and dozens of people ask me these kind of questions every day.

"Thank you very much." Long Chen laughed in embarrassment. Indeed, if he was asked this question every day, he would be speechless, but from the looks of it, there were really a lot of people who wanted to participate in the Netherworld Army. No wonder so many people died every year, while the Netherworld Army was still able to maintain its numbers.

"I won't thank you, but young man, from the looks of it, you don't have enough strength. All these years, I have seen many powerhouses of the seventh stage of Heaven Martial Stage coming home dejectedly. That Netherworld Army is not that easy to enter, even if it's the seventh level of the Heaven Martial Stage, without such unique skills like Deity Tier Battle Skills, it's very difficult, very difficult! "

"I'm just here to get to know you. After ten years, I'll come and try. "Thank you for the reminder." Long Chen said humbly.

"That's more like it. The Netherworld Army was the trump card of the Nether Realm. Once the ninety million Netherworld Army came out, who would fight them? Therefore, this selection was naturally very, very strict. My dream when I was young was also to join the Netherworld Army. But dozens of years have passed and I won't even be able to reach the fourth stage of Heaven Martial Stage. The shopkeeper sighed with emotion, his eyes filled with desolation.

Long Chen shook his head, and then looked at the information the shop owner had given him.

"The Ghost City is divided into four districts, named after the directions, and are respectively north, south, east and west. The training camp occupies a quarter of the territory of the Ghost City, and in the eastern part of the Ghost City, this is a sealed region. Normal people are not allowed to enter."

"For the fifteenth of every month, there will always be a Netherworld Army selection. The fifteenth also means the day to register. Every month, there will be thousands of people registering, but in the end, only a hundred Netherworld Army s will be able to pass. "

"The Netherworld Army's selection examination is held in the eastern part of the Ghost City. At that time, there will be a total of four examiners who will evaluate the results of the participants in the selection. At that time, participants will have to fight with fierce beasts or puppets to display their fighting capabilities. The organizer would assess a martial artist's strength based on his or her attack power, combat experience, extraordinary performance, and various factors such as his or her

temperament and potential in battle. Three or more examiners will be required to pass the permission before they can enter the ranks of the preparatory Netherworld Army. "

"Prepare Netherworld Army, see how many are passed in the end, and then proceed with the selection process. In the end, only a hundred people will be able to join the Netherworld Army and become its fresh blood."

"The four examiners are Chieftain s of the Netherworld Army. They command a thousand Netherworld Army s and are experts in The First Stage of the Divine Martial Realm."

Long Chen looked at it bit by bit. The information recorded on this piece of paper, could be summed up to be more or less the same as what was written above. He calculated that today was already thirteen, and there were only two days left before he reached fifteen.

In the next two days, he had to make proper preparations and find out more information. For example, during the selection, he wanted to find out what kind of ferocious beasts or puppets they were dealing with.

Long Chen reckoned that if it was a Vicious Beast, it would be a Royal Level 7 Beast. There was also another point. If one's performance wasn't outstanding enough, then even defeating or even killing a vicious beast might not necessarily allow one to pass the assessment. After all, it would be quite difficult for three or more of the four to agree.

However, Long Chen had the strength to kill the eighth level of Heaven Martial Stage, so these things shouldn't be a problem for him.

After he finished reading, Long Chen was just about to thank the shop owner when, at that moment, there was a huge commotion at the city gate. Long Chen's face did not change, he took a sip of tea and looked in that direction.

At this moment, the people in the teahouse walked out one by one and looked in the direction of the city gate.

Even if there was a commotion, the Ghost City was not in chaos. It could be seen that the managers here had powerful methods.

"Shop owner, what's going on?" Long Chen saw that the shop owner had also come out, and looked towards the city gate with interest.

"That's right, you came from a foreign land, so you don't know anything about our Ghost City." The main character had yet to appear, so the shop owner was in no hurry. He introduced himself, "I'm older than you are. You can just call me Old Wang."

After pausing for a moment, he pointed to the city gate and said, "I had heard a long time ago that the City Lord had a younger brother who seemed to be coming to the Ghost City from a clan far away from the Nether Realm. Judging from the movement in the direction of the city gate, it should be because this person has already arrived. "

Chapter 910 - Beauty City Lord

Then, he looked in the direction of the City Lord's Mansion and continued, "Right now, there is someone who is going to notify the City Lord. The reason why everyone is so excited is because the City Lord has already appeared out of nowhere and we haven't seen her for a long time. City Lord Ye Xuan is the belief of all men in Ghost City. "

"Ghost City's Mayor? Brother Wang, just how deep is this beautiful city lord's strength? " What Long Chen cared about was not how beautiful she really was, but how strong she actually was. Generally speaking, in this kind of city, only the strongest person could become the city lord.

Old Wang blinked, looked at Long Chen, and said: "This kind of thing, is actually just a rumor. In reality, no one knew. It was said that the strength of this City Lord was even stronger than one of the Underworld Commanders, Marshal Su Mo, who was stationed here. General Su Mo commands a million Netherworld Army s, he is a young genius worthy of his title in the Netherworld Army, moreover, there are huge family powers in the Netherworld Udumbara Palace, and there is even a senior who is one of the eight great Underworld Emperors of the Netherworld Army. "

"General Su Mo?"

The beautiful master of the city, Ye Xuan, and the marshal Su Mo were probably the strongest warriors in the Ghost City. When Long Chen came to participate in the competition, the head of the Netherworld Army would be Su Mo. Just from what the Old King said, Long Chen knew clearly that such a person should be the most exceptional genius in the entire Netherworld Kingdom.

In the Imperial Domain, he was a true genius.

Long Chen who he had met before, was not even considered hairy.

"In the Netherworld Army, strength is a very important factor in one's status. If you had reached Fourth Stage of the Divine Martial Realm, you might not have been able to become Underworld Marshal, but if you didn't have Fourth Stage of the Divine Martial Realm, you definitely wouldn't have been able to become Underworld Marshal. Furthermore, it is rumored that City Lord Ye Xuan is even stronger than Marshal Su Mo.

Regardless of whether it was the Fourth Stage of the Divine Martial Realm, or the Fifth Stage of the Divine Martial Realm, to Long Chen, they were existences he could only look up to.

"Among Netherworld Army, the eighth stage of Heaven Martial Stage is the basic condition and according to this, The First Stage of the Divine Martial Realm is the basic condition and condition for Chieftain. Second Stage of the Divine Martial Realm is the basic condition and condition for centurion. underworld general commands a hundred thousand Netherworld Army s. Our Ghost City has a total of five underworld general s, and Marshal Su Mo's subordinates and the nameless underworld general are divided into two groups in the middle city that is controlled by the Ghost City. As for the eight Netherworld Emperors and the one and only Netherworld Emperor, they have lived for thousands of years and can be considered a legendary existence. "

The system of Netherworld Army had given Long Chen a huge impact.

In this world, there were countless experts.

The Ghost City in front of him, most likely had quite a few experts in the Divine Martial Stage.

And in the Realm of Myriad Kingdoms, Divine Martial Stage was a true legend, yet they became trash on the streets.

"Little brother, even if you join the Netherworld Army, after dozens of years, it would still be an honor for you to be able to become a sergeant. Even after you die, your family will be protected by the Netherworld Army, and you will not have to worry about food and clothing. That's why I say that we should take advantage of the fact that he is still young and fight with all our might. "

Old Wang looked at Long Chen and spoke sincerely and sincerely.

Long Chen laughed and said: "Thank you brother Wang, I will definitely work hard."

Indeed, Long Chen didn't look that outstanding.

"Very good. Oh right, little brother, what's your name?"

"Long Chen."

Long Chen said as he nodded his head.

"Not a bad name." He should also appear before her. Let me tell you a little piece of news, I heard that Marshal Su Mo is a young hero who has been courting Ye Xuan since he was young with the City Lord of Ye Xuan City. When they were distributing the jurisdiction of the city, he had also spent a lot of effort to transfer himself to this Ghost City. "

I have seen Marshal Su Mo once, and he is indeed a dragon amongst men. He treats people very well, his opponents are well-trained, and he has a very good reputation in the entire Nether Realm. There are even people who predict that after a thousand years, he might be able to become the current Emperor of the Underworld and become the new Emperor of the Underworld's genius. However, what was funny was that City Lord Ye Xuan seemed to have made an agreement with him, it was only when he reached the cultivation level of Marshal Su Mo, and reached the level of City Lord Ye Xuan, would City Lord Ye Xuan be able to marry him. So all these years, that General Su Mo has mustered all his strength, wanting to catch up to the person he loves in terms of cultivation. "

As he talked about this gossip, Old Wang's saliva kept flying out of his mouth, but Long Chen was not interested in this sort of thing. Regardless of whether it was Ye Xuan or Su Mo, both were peerless powerhouses to him and were not at his current level. He would still obediently participate in the Netherworld Army's selection and then train himself in the Nether Battlefield. Whatever was happening outside, it had nothing to do with him whether or not he pursued or loved anyone.

Just as Old Wang was getting serious, a clamor sounded out from the crowd, and everyone's gaze turned towards the direction of the City Lord's Mansion in the center of the city. Long Chen also walked out of the teahouse, and when he saw the numerous experts in the sky, his expression changed.

In the Three Great Imperial Domains, there was no doubt that those who could resist the pressure of the emperor's spirit energy and fly in the sky were all true A powerful warrior of the Divine Martial Realm!

At this moment, a group of people came from the direction of the City Lord's Mansion. This group of people were dressed casually and were usually elderly or middle-aged. There were about a hundred of them.

"These hundreds of people came from the direction of the City Lord's Mansion. They should be people from the City Lord's Mansion. Just the City Lord's Mansion alone has these hundreds of experts from Divine Martial Stage, in addition to some City Lord's Mansion experts who have yet to come, as well as some people from other forces, if you do not count Netherworld Army, doesn't that mean that there are more than a thousand experts from Divine Martial Stage in Ghost City? "

Looking at the Rankers who slowly moved from the black spots to the sky in front of his eyes, Long Chen felt a little suffocated. These people were much stronger than the six demon clan experts. They were truly powerful experts. Any one of them would be able to kill Long Chen easily. With hundreds of these people grouped together, a pressure that felt like a true god descended from the sky.

"So, you're an expert from the Divine Martial Stage?"

From their bodies, Long Chen felt an unfathomable aura. Honestly speaking, the pressure exuded by these people were not strong, but they had a very strange feeling, as if they did not exist in this world. It was as if they had already merged with this world.

Long Chen's heart trembled, he was incomparably moved in his heart.

It was the same feeling he had when he was separated from in White Yang Town. The two people who brought Ling Xi away, one was Ling Xi's grandmother, and the other was a teenager named Zong.

This was exactly the feeling Long Chen felt from them.

In other words, those two people from back then should have been strong Divine Martial Stage.

Long Chen's heart became incomparably excited. The blood in his entire body was boiling, and at this moment, he let out a hysterical roar in his heart.

"Xiao Xi, I have finally touched your world. Three Great Imperial Domains, I have finally come, you must not have expected that I was already on the way to look for you, when I train my strength to the Divine Martial Stage in the Nether Battlefield, I will look for you!"

Those two people back then were existences that Long Chen could not even touch. Long Chen had been pondering about their strength countless times, and he was finally able to confirm it today.

This meant that all of Long Chen's efforts were feasible. He was getting closer and closer to success.

It could be said that the Long Chen of today, had finally seen hope.

His greatest reliance was the most precious treasure left behind for him by the Five Emperors, the True Martial Emperor's Soul.

At the same time, the Primordial Blood Spirit Dragon's blood essence was also Long Chen's deepest trump card.

"The mayor has finally appeared. She's still so beautiful."

"Yeah, she's still so beautiful. She's the most beautiful woman I've ever seen in my life."

When Long Chen was feeling excited, the others were discussing amongst themselves. Among that group of people, the most prominent leader, countless of strong warriors were all dim and lifeless in front of her, including the old super strong Ranker. This woman was the city lord of the Ghost City, Ye Xuan!

Her long skirt fluttered in the sky, and at the hem of her skirt, there were many beautiful purple flowers. Her long black hair that reached her heels was like a black waterfall, incomparably bright, and at this moment, her long hair was fluttering in the wind, affecting the hearts of countless men. It could be said that she was simply the goddess in the hearts of all men in Ghost City.

"Is this the Master of Ye Xuan?" This woman was the most powerful person Long Chen had ever seen since he came to the Imperial Domain. The current Ye Xuan had already stripped away the childish aura from a young girl, and became knowledgeable and mature. Her clear and beautiful eyes, alluring eyes, a straight nose, and her genuine and peaceful smile, gave people a feeling of a big sister.

It could be said that not only was Ye Xuan's appearance and strength, his standing and status was something that couldn't be desecrated. Basically, those who were present at the scene, would not feel inferior to her.

Long Chen could only say that living in a city with such a mayor should also be a type of enjoyment.
