Chapter 961 - One Sword Piao Xie

"Um, grandpa, how is it compared to Su Xue?" Song Yuchun said with a trembling voice that was filled with anticipation.

Song Yang said powerlessly: "Su Xue is young and invincible, moreover, she has awakened the Purple Fire Phoenix Physique, I am not a match for her."

Song Yu fell into despair. Didn't this mean that Long Chen was stronger than his grandfather, then would he dare to offend Long Chen in the future? Furthermore, Long Chen was about to become Ye Xuan's disciple!

Whether it was in terms of status or identity, Long Chen far surpassed Song Yuchun.

At this moment, Song Yuchun sorrowfully felt that the youth standing arrogantly in the arena was like a mountain that he would never be able to cross in his entire life.

"Let's go back and train." Song Yang seemed to have aged quite a bit in an instant.

"Yes." Song Yu nodded his head dumbly. Amidst the cheering crowd, they squeezed out with great difficulty.

On the high platform.

Even Ye Xuan, who understood Long Chen very well, had an expression of shock in his eyes.

"He didn't even use that move! With his own strength, he defeated Su Xue." In Ye Xuan's eyes, there was also an expression of worship.

He felt that Long Chen's current strength was much stronger than when he first met his.

Ye Xuan's face was filled with praise.

"This young man is an extraordinary genius. Perhaps his cultivation has slowed a bit, but in other areas, the art of battle, willpower, and experience are all first-rate existences."

Even Ye Xuan, the strong practitioner of the Wind Fire Thunder Tribulation, had praised Long Chen to such an extent. It could be seen that Long Chen's performance today had already won the hearts of everyone present.

Suddenly, the sword floating blood in Ye Xuan's hand moved.

In front of everyone's eyes, it flew all the way to Long Chen's hand. When Long Chen held onto Piao Xie, he emitted a buzzing sound. It could be seen how much this sword liked Long Chen's Qi.

Long Chen felt a cold and fierce power from Piao Xie's body. This was a type of bloodthirsty killing intent. Relying on Long Chen's Yin Yang Sword Soul, he was able to draw out the power of the sword floating blood, and release ten times the killing power!

With the sword floating blood, that sharp Sword Qi flew everywhere, and it was even more terrifying than the underworld army. Countless blood-red Sword Qi roared and coiled around Long Chen, making everyone feel like their scalps were numb.

With the blood red scales, the cold eyes, and the blood red sharp sword, the current Long Chen was simply like a god of death!

The King of Killings.

No one disturbed Long Chen.

Then, Long Chen imbued his own Yin Yang Sword Soul into Piao Xie.

Piao Xie, one sword Piao Xie, this was a kind of sword concept.

The golden sword spirit was as strong as the sun, the black sword spirit was as cold as the yin, the dragon-shaped sword spirit was split into two, entering Piao Xie's body, they did not change his blood red color, but rather the blood red sword blade, which had two intertwined dragon shaped patterns, one golden, one black, instantly causing Piao Xie to hum, whether it was in terms of power or strength, they were all increased by a lot.

Being instilled with such power by Long Chen's dragon-shaped sword soul, Piao Xie seemed to have gained some sort of charm, and his killing intent became even more terrifying.

Only then did Long Chen set Piao Xie up.

After he learnt the Ye Family's "Killing" skill, his strength would once again soar.

Looking at Ye Xuan who was on the stage, Long Chen revealed a smile.

At this moment, the referee finally reacted and announced excitedly in a clear voice, "Now I declare that this time, the champion of Martial Arts Competition is Long Chen. He obtained the approval of the third grade divine sword — — Piao Xie.

Applause rolled in like the tide.

With a tap of the tip of his feet, he looked like a goddess from his dreams. As he descended from the stage, his purple long skirt fluttered in the wind, and this exceptional woman, who seemed to have walked out of myths, gently stood in front of Long Chen. There was a tranquil smile on her absolutely beautiful face, and her eyes were filled with praise and satisfaction towards Long Chen.

"Congratulations. From today onwards, you are my, Ye Xuan's, only disciple. "

Long Chen immediately half-knelt on the ground. This master of his must be sworn in, for the other party to be able to help him, calling him master would not be a big deal. The two Ye sisters gave him a good feeling.

"Long Chen greets Master!"

Everyone could hear Long Chen's voice.

Thus, the master-disciple relationship had already been established.

The tidal wave of applause swept through the entire room once more, and it didn't stop for a long time.

"The Martial Arts Competition that has been going on for twenty days, everyone is tired. Now that the final result is out, everyone should have already left."

Yes, it was all over.

If it was another City Lord, he might have held a banquet for three days and three nights or so, but Ye Xuan did not.

The people from the City Lord's Mansion began to maintain the order of leaving the stage. The details of this Martial Arts Competition would spread to the ears of countless people through these years, and the person who was the most talked about would undoubtedly be Long Chen.

"Good brother!" Ye Xuan this guy, had long ago stopped feeling unfamiliar with Long Chen.

After fiercely hugging for a bit, Ye Xuan burst out laughing: "From today onwards, you will have to call me uncle. Little Chenchen, quickly call me over to listen."

Long Chen punched, and laughed: "We will hand over what we own, it's none of your business."

At this time, the others had already left the arena. Ye Xuan walked to the front of Su Mo, but seeing that Su Mo was still smiling, Ye Xuan relaxed a little and said: "I'm really sorry. I couldn't control the situation after this either."

"Don't be like this, I have a good eye, this is none of your business. Furthermore, Long Chen, this brat, is good at fighting, if you teach him well, you will have a chance to become a strong warrior in the future." Su Mo said with a smile, as if he did not put this matter in his heart.

"But Su Xue's injuries ..."

You don't have to worry about her. This child has always thought highly of himself since young, so this suffering will also help her. Martial Arts Competition has just ended and you have a lot of work to do, so

I will be going back first. Su Mo stood up and helped raise the long hair scattered on Ye Xuan's face up, then hung it on her ears. This action of his caused Ye Xuan to blush a little.

"Yes." Ye Xuan nodded lightly.

The two of them had been together for a long time, and many things had become very natural. Su Mo then brought the centurions and quickly left this place.

With the remaining matters, Dugu Jun could take care of them. Then, Ye Xuan brought Long Chen and the others and returned to the City Lord's Mansion. Long Chen had officially become Ye Xuan's disciple, and many news had spread to the City Lord's Mansion. Now, when the officers of the City Lord's Mansion saw Long Chen, they would also call him Young Master.

The reason Long Chen came here, was originally to face the Nether Battlefield, but he did not expect to stay in the City Lord's Mansion.

After his battle with Su Xue, he had realized that he was lacking a lot. Ye Xuan's injuries had not recovered yet, so Long Chen did not plan to enter the Nether Battlefield for the time being.

He had just gotten his hands on a cheap master, so he definitely had to get some benefits first.

Inside the City Lord's Palace, Ye Xuan gave Long Chen a few daily instructions on how to take care of things. Afterwards, she took out a small, blood-red stone from within the ring, and said: "'Murder Slaughter' is the Ye Family's most famous level three divine skill. Among these 'Murder Stones', whether or not you can comprehend it, will depend on your own abilities."

"If you use Piao Xie, with this tribulation, if your true essence is sufficient, your combat strength and killing power will increase greatly. Although it is a rank 3 divine skill, it is not impossible for it to unleash the power of a rank 4 divine skill. "

Long Chen had nothing to say. He would repay other people's kindness with actions.

"Thank you very much."

"No need, this is something you fought for yourself. My little brother has a very good relationship with you, you are his friend, let alone you as my disciple, even with my little brother's relationship, I will take good care of you. From today onwards, no one will dare to touch you in the Ghost City. "

With Ye Xuan's words, Long Chen felt at ease.

"What are you going to do next?" Ye Xuan asked.

"Killing tribulation while wholeheartedly training for a period of time, while at the same time consolidating my own cultivation." to strive to reach the Divine Martial Stage as soon as possible. " Long Chen blurted out.

Ye Xuan nodded his head in satisfaction, and said: "If there are any questions, or if you need me to accompany you in the training, I will arrange it for you. My brother's injuries have not recovered, but I see his intentions, and he still wants to go to the Nether Battlefield.

"Aren't you afraid that someone will assassinate him again?" Long Chen asked.

"At that time, I will have Grandfather Dugu to follow you. Don't tell him that Grandfather Dugu is a practitioner of Third Stage of the Divine Martial Realm, a realm of Perfection. "With his protection, I am much more at ease. Moreover, this time, I will definitely find the culprit. If you have any news, you can tell me." Thinking about this hitman, Ye Xuan felt a headache. Although she was a good person, but since others had touched her brother, she definitely could not let them be as they wished.

"I think it's very likely that Su Mo is the person you're looking for. After all, in the entire Ghost City, only he has the strength and guts." Long Chen's sudden words shocked everyone.

"Impossible." Ye Xuan was shocked, but soon shook his head: "I have interacted with him for many years, he is not that kind of person, and he doesn't have any reason to attack my brother. Long Chen, how can you think that way?"

Long Chen laughed and said, "It's nothing much, I was just joking around. Alright, I'll go back and cultivate now. When the time comes, I'll go with Ye Xuan to the Nether Battlefield."

The secret of the Unholy Blood River was still waiting for Long Chen to answer.

After that, Long Chen left.

Looking at Long Chen's leaving figure, Ye Xuan's expression became grim.

"Su Mo, oh Su Mo, even he suspects that it's you, could it really be you? But why? "

Chapter 962 - National Aroma

Roughly half a month later, the heat from Martial Arts Competition slowly faded away, but Long Chen, this tough and crazy youth, was deeply ingrained in the hearts of people. To be able to defeat an expert from the Divine Martial Stage in front of everyone with the strength of a Heaven Martial Stage, Long Chen could be considered to be the first in history.

He had become the personal disciple of the Beautiful City's Mistress, and could be considered to be one of the people's expectations.

Right now, in the eyes of everyone, Long Chen's position was pretty much on the same level as Ye Xuan.

Although Ye Xuan was the younger brother of the Beautiful City Mistress, he was still very young.

When the Martial Arts Competition's warmth had gradually passed, Su Xue's injuries had finally all recovered. This was actually the first time she had seen Su Mo since she had recovered.

In this huge and spacious Zi Mo Hall, only Su Mo and Su Xue stood there.

Kneeling in front of Su Mo, he said: "Motel, this time it's my fault. I was too careless, and that's why I was taken advantage of by the opponent.

However, Su Mo smiled and shook his head. He gently waved his arm, and under his control, Su Xue was led towards Su Mo. Not long after, Su Xue was already sitting on Su Mo's lap.

Humph ~

Su Xue moaned as she fell into Su Mo's embrace, her eyes filled with tears.

More importantly, the tenacity of his character is something that you cannot compare to. This kind of person must have been killed from the bottom of the heart, and the battles that he has experienced are

a million times greater than yours. If you lose to him, then in reality, within reason, you should not blame yourself. "

"Yes." Su Xue nodded her head obediently and said: "Even though I said that, I will not let him go. Next time we meet, if I have the chance, I will quickly finish the fight and get rid of him!"

"Don't worry about it for now. With regards to the Martial Arts Competition, you've made a mistake. If you act again in a short period of time, it might really make Ye Xuan suspicious. We can only stay dormant for a short period of time. I have already worked hard for the Red Lotus Jade Pendant for over a hundred years.

"Should I go into hibernation?" Su Xue's eyes revealed an unwilling expression.

Su Mo did not scold her, and instead cared about her. Suddenly, her eyes flashed. Gritting her teeth, she made a decision.

"Motel, I happened to get a medicinal pill while doing a mission. I think you should be able to use it." Suddenly, Su Xue boldly said.

"What?" Su Mo's interest was piqued, and he asked curiously.

Instantly, a charming atmosphere filled the surroundings, causing both Su Mo and Su Xue to become restless and excited. Their bodies became extremely hot and the desire started to rise in them without any warning, and the fiery hot body in their arms made their entire bodies boil up.

Sensing Su Mo's fiery aura, Su Xue immediately recalled the thing back into the ring.

"Xue'er, what exactly is this thing? It can actually arouse the desires of others, making them lose their minds." Su Mo hurriedly asked, excitement flickering in his eyes.

Su Xue laughed and said: This pill was not refined by our people from the Nether Realm, and according to the legends, only one person from the East Palace was capable of refining such a pill, so, countless women, almost unable to resist, had their bodies invaded by him, and even afterwards, they were reluctant to part with him. However, because they had committed too many evil deeds, this person called Silver Demon was killed by the people sent by the East Palace, and it is most likely that this is the only third grade pill that he has left in the world. Although it is a Grade Three Spirit Dan, its characteristics are things that even women with Fifth Stage of the Divine Martial Realm cannot resist. "

Su Mo's eyes lit up, it was clear that he had also heard of this man called Silver Demon's earth-shattering actions. At this moment, he excitedly held onto Su Xue's finger and asked: "Xue'er, the pellet in your hand, is it that GuoTian Xiang Dan?"

Su Xue nodded her head obediently and said: "That's right, as long as you take this GuoTian Xiang Dan and Ye Xuan that slut takes it, she will definitely lose herself in the process. His desire will skyrocket and he will play with you, swimming around like a dragon and playing with the phoenix.

Su Mo's body trembled, and then he started to laugh crazily.

"The heavens are truly helping me!" Xue'er, you really are my lucky star! Don't worry, even if I have Ye Xuan, I won't abandon you, you are my, Su Mo's, real treasure. "

When she heard this, Su Xue was relieved. Previously, she didn't take out the GuoTian Xiang Dan because she was worried that after Su Mo took Ye Xuan out, he would forget about her and leave her behind. After losing to Long Chen, she finally decided to take the GuoTian Xiang Dan out.

"Motel, when do you plan to make your move?" Su Xue curiously asked.

It's June now, and on the fifteenth of the eighth month, Ghost City will hold a lantern festival that will be very lively. Ye Xuan is easily affected by the atmosphere, at that time, when I was alone with her, as long as I did a good job, the chances of success were very high. Heh heh heh, Ye Xuan, you have been on guard against me for so many years, but this time, you are finally going to fall for it!

As Su Mo spoke, he began to remove Su Xue's clothes.

"No, I just recovered." Su Xue made a token resistance.

Su Mo didn't care. In his imagination, the woman below him had already become Ye Xuan.

The beautiful body that he had longed for for for a long time was right under his body. Su Mo's fighting spirit rose.

After the matters of the Ghost City calmed down, Long Chen familiarized himself with the Piao Xie in his hands and started to cultivate the 'Death Calamity' that Ye Xuan had passed down to him. and his sister had also trained in this battle skill before, so they were able to give Long Chen some help.

The main reason was because he had inherited the Primordial Blood Spirit Dragon's legacy, and the killing skill was mainly slaughter, thus Long Chen was able to learn this battle skill with such ease. This battle skill and his own attributes simply matched each other to an incomparable degree.

In Ye Xuan's hand was a blade, and his name was also Piao Xie, it was Long Chen's long sword. The two swords had the same nature, they should have come from the same place.

"One Sword Piao Xie!"

"Dragon Slaying!"

"Sword Chaos Demons!"

"Billions of killing!"

In the middle of the City Lord's Mansion's Martial Arts Practice Field, Long Chen and Ye Xuan had turned into two shadows, quickly fighting each other.

This was a new training method that they had found not long ago.

Ye Xuan's strength was from the Perfection realm, so he was a bit stronger than Su Xue. Therefore, when fighting with Long Chen, he would win every single time, but at the same time, Long Chen had the same speed as him, and would not lose too miserably. During his battle with Ye Xuan, Long Chen had also opened his own True Martial Emperor's Soul, and continuously learned new knowledge.

The help Ye Xuan had given him was also extremely great.

A blood-red saber and a blood-red longsword flew up and down in the training field, not allowing anyone to follow them.

Whistling sounds echoed throughout the training field.

This time, Ye Xuan suppressed his primordial spirit and had already battled with Long Chen for more than four hours.

Long Chen was able to obtain sufficient tempering in a battle like this. The only difference was that Long Chen was not in the Nether Battlefield right now, and in a battle with Ye Xuan, he was unable to unleash the killing intent.

"Go, you pervert!"

"Dragon Slaying!"

This waterfall was like a huge side blade, extremely terrifying. It was even more terrifying than the Demon Slaying Formation Su Xue had previously used, after all, 'Murdering Tribulation' was a third grade Divine Skill.

"Sword Chaos Demons!"

Long Chen pierced through it and surged crazily, a blood colored whirlpool appeared on his sword and surged crazily. Inside the whirlpool, were countless dragon-shaped sword shadows, and a strong peak-level killing power appeared. It directly tore apart Ye Xuan's Dragon Slaying skill!

"I can't take it anymore!"

After using the third move of the 'Murder', Long Chen retreated backwards in a sorry state. His true essence was far inferior to Ye Xuan's in terms of quantity, so when he was fighting to this extent, his true essence was already empty. Ye Xuan estimated that there were still many more stages left.

"You freak, you've finally admitted defeat for this young master, right?" Ye Xuan also stopped his hand. He and Long Chen picked up Piao Xie at the same time, then smiled as he walked out towards Long Chen, looked at him as if he was looking at a monster, and said: "I say you're an abnormal monster, not outrageous at all. Even I have spent countless of years to successfully cultivate the four 'Tribulations', you actually managed to learn them all in less than two months.

Compared to the Human Emperor Arts, the third grade Divine Technique was much stronger. The simplest move 'One Sword Piao Xie', its power was much stronger than the Broken Emptiness Realm Long Chen had used before. Furthermore, Long Chen had a weapon that was filled with killing intent, if he were to meet a warrior on the same level as Su Xue, Long Chen would definitely not have to struggle so much in battle.

The difference between him and Ye Xuan was actually not that far. With Long Chen's current abilities, as long as he reached the ninth level of Heaven Martial Stage, he would probably be able to handle Ye Xuan.

Especially since at that time, his speed will probably surpass Ye Xuan's.

Chapter 963 - Fifteenth of August

As the two practiced together, more than a month had already passed. Long Chen's greatest gain was that he had completely learned the skill [Killing] and [Robbing] through his own usage, and was also familiar with Piao Xie's usage. It had been a long time since he had last used the sword, but right now when he used it, he still felt that it was much easier.

The other was in the area of martial dao.

Long Chen was only a step away from becoming a true expert.

As long as he broke through to the ninth level of Heaven Martial Stage, her Divine Martial Stage would not be far off.

Divine Martial Stage, was the true time of his transformation.

He believed that as long as he reached the Divine Martial Stage, he would definitely cause a huge commotion.

Stars.

Long Chen was also looking forward to the appearance of nine thousand nine hundred ninety-nine acupoints.

However, after two months, Long Chen felt that if he continued to fight with Ye Xuan, his gains wouldn't be too great. After all, the two of them weren't fighting to the death, and didn't feel like they would die if they took a wrong step when they fought with Su Xue.

At this time, Ye Xuan suddenly said, "My injuries have also recovered. Brother Chen, why don't we go to the Nether Battlefield to train. With you here, you have the time to escape.

Ye Xuan's words completely hit the spot of Long Chen.

Furthermore, Long Chen still wanted to go to the Nether Blood Sea to see what was going on there. Little Cat said that there was a huge seal there, and even Little Cat was so interested in it. Long Chen believed that there was definitely something extraordinary inside.

Long Chen had already predicted that his brother would not be able to continue staying here anymore, so he secretly guarded the expert Dugu Jun who had attained the peak of the Third Stage of the Divine Martial Realm. Actually, even if she was in the City Lord's Mansion, Dugu Jun was also secretly protecting these two youths.

"Okay, but I have to say goodbye to your sister." Long Chen said as he nodded his head.

"She probably won't let us go, right?" Ye Xuan said worriedly.

"Nope."

Long Chen took the lead and followed Long Chen. The two of them went to the Zixuan Hall, where Ye Xuan usually dealt with matters, and while Ye Xuan was dealing with matters, he did not want to disturb her so he directly told his why they had come. Against Ye Xuan's expectations, Ye Xuan actually agreed so readily.

"Elder sister, are you really at ease?"

"With Long Chen here, I'll be much more at ease." Ye Xuan's personality was a bit more stable than Ye Xuan, the youth. Ye Xuan still understood Long Chen very well, although Long Chen was his peer, but in regards to personality, she had never treated Long Chen as his peer, and so, he could be trusted.

Of course, the reason why they were at ease was still because Dugu Jun was protecting them in the dark.

With Dugu Jun's strength, she could be considered a top-notch expert in the entire Nether Realm.

Third Stage of the Divine Martial Realm, celestial realm, a martial practitioner at the peak of perfection who could use the domain.

"When do you want to leave?" Then, Ye Xuan asked.

"Since you've already decided, there's no harm in leaving now if you have nothing to do." Long Chen had never been in the habit of dragging others.

"So it's like that," Ye Xuan said somewhat regretfully. "Roughly twenty days later, it will be the fifteenth of the eighth month. At that time, Ghost City will have a very beautiful lantern festival.

"Tsk, who's looking at this?" Ye Xuan looked at his sister in disdain.

"Alright then, you guys be careful." Ye Xuan thought about it, and felt that Long Chen and the others would definitely not be interested in this kind of lantern, so he did not bother with the two of them. After bidding farewell to Ye Xuan, Long Chen and Ye Xuan changed into Nether Armor, and headed in the direction of the Netherworld Army training camp.

Although they had left the Netherworld Army training camp for a long time without reason and that did not conform to the rules, with Ye Xuan and his relationship with them here, who would care about them?

Long Chen's Spirit Devouring Demon Pupil could be seen within a radius of one kilometer, but his divine sense was not able to sense such a great distance, so in reality, Long Chen knew the location of the lonely lord, but in order to prevent Ye Xuan from being unhappy, he did not say anything. Ye Xuan had actually told him that the two of them were going there to gain experience, so if it wasn't for the fact that their lives were in danger, or some unexpected danger, Dugu Jun would not help.

Although Dugu Jun was not someone from the Netherworld Army s, she could still enter the Nether Battlefield easily because of Ye Xuan.

When he came to the Netherworld Army again, Long Chen's identity was already different. From an unknown person to a young genius that everyone knew, to even becoming the personal disciple of the Beautiful City Mistress, just this point alone already made Long Chen the envy of countless people.

However, when they recognized that Long Chen's strength could actually defeat Su Xue, who was from Divine Martial Stage, everyone's jealousy evolved into reverence.

Furthermore, Ye Xuan was standing beside Long Chen, who would dare be rash?

So Long Chen still easily entered the training camp, and headed in the direction of the Life and Death Camp. On the way, no one dared to stop Long Chen and Ye Xuan, and many people even greeted them.

If they were to be considered soldiers, their position would be considered to be the lowest among all the Netherworld Army s, but if they were considered to have the strength and the identity, most centurion s would not even dare to act rashly before them.

Over at Hall of Life and Death's side, the guards and centurion s had already heard about the situation there.

When they found out that the newbie called Long Chen had actually defeated Su Xue, this strong practitioner of Divine Martial Stage, they felt as if they were dreaming. But now, Long Chen and Ye Xuan had appeared in front of them, and their dream had become reality.

"Um, Young Master Ye Xuan, and Brother Long Chen, are you going to enter the Nether Battlefield?"

Long Chen nodded.

A few centurion s hurriedly served him well and took out the booklet.

"If I don't come out this time, you won't use a red pen to write off my identity, right?" Long Chen ridiculed them.

"No, absolutely not!" A few centurions said in embarrassment. The last time, it was their fault, under normal circumstances, Long Chen could not survive. Who would have known that Long Chen was an abnormal person?

After signing their names, Long Chen and Ye Xuan passed through the Hall of Life and Death and arrived at the Nether Battlefield.

"Motel, there's news about Long Chen and Ye Xuan."

As soon as she entered, Su Xue said with a bit of excitement.

"Oh?" Su Mo raised his head.

"The two of them just entered the Nether Battlefield, this is a heavenly great opportunity! Motel, quickly send someone and kill those two, especially that Long Chen! Although, City Lord Palace's Dugu Jun had also followed him in, with our strength, not only you, the five great underworld generals should also be in Unholy Blood River, killing them should be easy. " Thinking of Long Chen, Su Xue's heart was filled with hatred.

But to say, Long Chen had destroyed half of her previous life's confidence.

She wished that she could hack such a person into a thousand pieces.

"Can you have any brains at all?" Su Mo's voice suddenly became stern, and he stared at Su Xue, and said: "Let me tell you, this is not a time to act against them, Ye Xuan, I have already moved twice, and have still not killed him yet. If anything happens to the two of them, if I don't stop Dugu Jun and let him tell Ye Xuan the truth, wouldn't all my years of effort be in vain!"

Sitting back on the chair, Su Mo continued to speak: "So, not only can we not deal with them, we must also take good care of them and not let anything happen to them. Ye Xuan obviously did not pass on the Red Lotus Jade Pendant to Ye Xuan, so it was a good opportunity. August 15th had around 20 days, and once they leave, my chance of using the GuoTian Xiang Dan will increase! This time, whether it is the Red Lotus Jade Pendant or the God Killing Inheritance, they are mine. "

Thinking of all these, Su Mo's heart was filled with excitement.

"The heavens are truly helping me."

Only now did Su Xue understand.

She admitted that her point of view just now was a bit too impulsive.

"You're still young, you still have a lot of things to learn in the future. "Don't worry." Su Mo was in a good mood as he smiled and said.

After he finished speaking, Su Mo stood up and said: "Later, I will go find Ye Xuan to chat, and discuss the 15 days of August. Now that there is no one who can interfere, I will make her happy, the 15 days of August is definitely over, when I succeed, if I get people to kill people like Ye Xuan, wouldn't that be perfect?"

The older the ginger, the spicier the ginger.

Su Xue was completely impressed by Su Mo.

As long as one had Divine Martial Stage above, they would normally not wander around outside, but return to the Nether Blood Sea. There were a large number of warriors there, and the Nether Blood Sea was the place where nether beast were born.

Speaking of nether beast, Long Chen suddenly thought of the little wolf.

It had already been a year since they separated, and Long Chen's strength had already surpassed those six demon clan members from before. However, this time, if he wanted to find the little wolf, it would probably be a lot more difficult. He believed that the Little Wolf should have a wider area of development in the Desolate Imperial Domain. If Long Chen were to look for him slowly, he would not blame Long Chen, but he could not. There had been no news from Ling Xi's side for so many years, so Long Chen had to hurry.

For his promise, he would never stop walking.

As he advanced towards the Divine Martial Stage, he felt that Ling Xi's footsteps were getting closer and closer to her.

One day, he would proudly hold his lover in his arms.

"Brother Chen, what are you thinking about?" Thinking of women? "You can't be thinking about my sister right? Although my sister is beautiful and has strength and position, master-disciple relationship is not something that can be done." As Long Chen was hurrying on, while he was lost in thought, Ye Xuan suddenly said with ridicule.

Chapter 964 - Golden Horned Blood Shark

After the two of them got familiar with each other, they didn't have too much scruple when it came to talking.

"F * ck off." Long Chen immediately threw himself forward, and the two of them once again flew up and down to fight.

"One Sword Piao Xie!"

"Dragon Slaying!"

"Eat my move, Sword Chaos Demons!"

"Sword Chaos Demons? I can, too, but I'm a blade demon! "

Long Chen had also sucked in a lot of nether beast's primeval essence, and now the two of them sat beside the wide Unholy Blood River, looking at the endless gray sky, and then looked at their miserable companions, before laughing out loud.

"To be honest, being able to meet you right now is the most wonderful thing to do in my life. In the past, I did not have many people that I thought highly of, but Long Chen, although your strength is inferior to me, I still admire you a lot.

After he finished speaking, Ye Xuan looked at Long Chen with blazing eyes.

"Sorry, I'm only interested in women." Long Chen looked at him with contempt.

"Scram!" Eat my move, Dragon Slaying! I will cut off your lifeblood and make you interested in women. Ah Slash! "

Long Chen unleashed a sword strike on Piao Xie, causing the sword in his hand to turn into tiny threads of blood, and swept past the side of Ye Xuan's neck, cutting off a bit of his long hair.

"Abnormal, his speed is actually so fast!" Ye Xuan was shocked, if he did not dodge quickly, Long Chen would have decapitated him just now.

Of course, Long Chen would definitely stop at the end.

"Let's go, we'll go to the Nether Sea of Blood. That is the true battlefield. If the two of us work together, we can barely try out with the Second Stage of the Divine Martial Realm's practitioners."

"Yes."

He occasionally fought with Ye Xuan and killed nether beast s, and occasionally teased the warriors of Heaven Martial Stage to steal their money. It took them about half a month to reach the Nether Blood Sea, and on the way, because of the large amount of battles, Long Chen had taken a big step towards the ninth level of Heaven Martial Stage. At the same time, his friendship with Ye Xuan had also developed to a very good level.

Along the way, Long Chen made a lot of friends, and was considered the strongest amongst them.

Some of his personality was similar to the wolf cub, but the wolf cub was a little quieter. Ye Xuan had always been a young master, but he had such a good temper.

After arriving at the Nether Blood Sea, that terrifying killing intent had once again descended upon Long Chen's head.

Last time he rushed back to save Ye Xuan, Long Chen did not experience this killing intent in detail.

"Are you okay?" Ye Xuan knew that before reaching the Divine Martial Stage, without the Divine Martial Spirit, resisting this kind of overwhelming killing intent would be very difficult. Many of the Heaven Martial Stage warriors who came here would have illusions in their eyes because of their killing intent, and they would feel that there were corpses everywhere, and people fighting everywhere.

This was the hidden power of the Nether Blood Sea.

"I'm fine."

Bloodshed and killing, these were the unique traits of the Primordial Blood Spirit Dragon. Although Long Chen wasn't Divine Martial Stage, this definitely wouldn't be difficult for him. It could even be said that bathing in this killing intent made him feel very comfortable.

"It's good that you're fine." Ye Xuan heaved a sigh of relief.

"We haven't even reached the Nether Blood Sea yet, so when we get there, we should be extra careful. There are many nether beast in the Unholy Blood River, as well as many Divine Martial Stage warriors.

Ye Xuan's words made Long Chen extremely excited.

His body thirsted for battle more than his soul.

The two gradually approached the Blood Sea. Although Long Chen had approached it the last time, he did not actually see this sea of blood, but he had probably passed by a low mountain peak. In front of him came the sound of surging waves, but it was still different from the real ocean waves.

Waves rose to the sky and blood splashed out. As the waves rolled up into the sky, it first entered Long Chen's line of sight.

"As expected, even if it's blood flying in the air, that restriction still exists." The kitten, who hadn't spoken for a long time, suddenly woke up and said in a daze.

The moment its voice fell, Long Chen and Ye Xuan had already arrived at the side of the Nether Blood Sea. It was their first time seeing so much water, and they were both pools of blood, causing Long Chen to be momentarily stunned. What he saw was a boundless ocean, with no end in sight.

Rumble rumble rumble!

The blood was splattering all over Long Chen's body. Whether it was the blood or the real blood, there was definitely a lot of blood, and most of it was human blood.

"What do you think, spectacular, right?" Looking at this vast crimson ocean, Ye Xuan said with a smile.

"Of course." Long Chen nodded his head, he did not know how to react at the moment, for such a big sea of blood to be surrounded by a seal, how huge was the seal?

"Basically, the nether beast in the Nether Battlefield are born in the Nether Blood Sea, and they are transported to every part of the Nether Battlefield through the Blood River Network. However, there are still a large number of nether beast left in the Nether Blood Sea, I mean, the Nether Blood Sea has a large number of nether beast. Most of them were nether beast of the Divine level or higher. Every Divine level nether beast has their own territory. If we barge in like this, the Divine level nether beast will not let us go." Ye Xuan had a cautious look on his face.

"Good. If you can deal with him, kill him. If you can't, run." Long Chen laughed, without a trace of worry in his eyes. Instead, his face was filled with hot blood, and he walked forward first, stepping on the water surface of the Blood Sea, although he did not have Divine Martial Stage, he could not fly, but his true essence was more or less enough. Standing on the water, with a certain amount of borrowing force, although he could slightly affect his strength, but it did not matter.

Ye Xuan was speechless at Long Chen's boldness.

The two of them took care of each other, cooperated with each other, and began their life of killing in the Blood Sea of the Netherworld. The last person to assassinate Ye Xuan no longer appeared.

After advancing for about half a day, they were now surrounded by boundless, blood-colored seawater. Even the seashore from before had disappeared. The mournful cold wind howled, and the smell of blood in the air gave off a very depressing feeling.

"He's here!"

Through the Spirit Devouring Demon Pupil, Long Chen could very quickly see the scene in the Netherworld Blood Sea. Through the Spirit Devouring Demon Pupil, he could already see that in the sea water, a huge nether beast was already heading towards him.

"It's really big." Feeling the body of the nether beast, Long Chen couldn't help but sigh. It was simply too big. It was even bigger than all of the beasts Long Chen had encountered before. Without a doubt, this nether beast was the legendary Divine Level nether beast.

"This is the Golden Horned Blood Shark!"

Ye Xuan said in shock.

Just as he finished speaking, the water of the Nether Blood Sea in front of them suddenly surged with a great power. The water swirled up and down, causing the two of them to fly backwards. With a rumbling sound, the entire sea surface exploded, and an incomparably large golden mountain peak shot up several hundred meters into the sky, shining with golden light!

"This is the golden horn of the Golden Horned Blood Shark. Just from its horn alone, you can imagine how big it is." Ye Xuan said in shock.

Long Chen didn't even need to imagine that his Spirit Devouring Demon Pupil was still unable to see the Golden Horn Blood Shark's tail. All he could see was the violent sea water and a gigantic beast that was deep in the sea, gradually surfacing from the bottom of the sea.

Such a big nether beast, even Long Chen did not know how to kill it, but just at this moment, the size of the nether beast began to shrink, and high-levelled nether beasts also had the ability to shrink their own bodies.

As the Golden Horned Blood Shark continued to shrink, the sea level started to drop. For Long Chen and the other two, shrinking did not mean that it was a good thing, the ability of the Golden Horned Blood Shark's body, after being condensed together, was extremely terrifying. Especially the Golden Horned Blood Shark's body, after being refined countless times, it had become extremely powerful.

With this kind of body, it was already considered a Divine level expert or above, at least a Divine level third or fourth stage body tempering technique. For humans of the same level, no matter how much body tempering technique they trained, they would still not be a match for the nether beast.

Similarly, the Monster race possessed a body that was much stronger than a human's.

At this time, the Golden Horned Blood Shark had already shrunk to only ten metres long, and the golden horn on its head was now only half a meter long. The ten-meter-long blood-red shark slowly floated in the ocean, revealing its incomparably sinister face.

Both Ye Xuan and Long Chen's expressions changed a little.

"This Golden Horn Blood Shark is very strong, stronger than the other nether beast I killed before." Ye Xuan frowned and said.

"Not only is it strong, it is also bloodthirsty. In terms of viciousness, it is stronger than all the other demon beasts," Long Chen laughed, but he was not afraid at all as he said: "I will take care of this nether beast, Ye Xuan, you help me out!"

"You'll do it yourself? "Is that okay?" Ye Xuan was a little suspicious, the strength of this Golden Horned Blood Shark was even stronger than Su Xue.

"Whether it works or not, we'll know when we see it." The blood red sword Piao Xie, appeared in Long Chen's hands, buzzing excitedly.

Sensing Long Chen's killing intent, the Golden Horn Blood Shark let out an angry roar, and its two rows of cold teeth bared itself.

Chapter 965 - Dragon-slaying

Long Chen's confidence caused Ye Xuan to have no choice but to believe in him. After fighting with Long Chen for such a long time, to be honest, he was extremely familiar with Long Chen's strength.

Luckily, with the sharpness of the sword floating blood, it was able to pierce through the skin of the Golden Horn Blood Shark.

Considering Long Chen's speed, being able to pierce through it meant that there was a possibility of killing him.

"Although your speed is fast, once you reach the Blood Sea, with the sea water blocking you, your speed will be greatly reduced. However, the opponent's speed will greatly increase, so you absolutely cannot dive into the sea and fight against this Golden Horned Blood Shark."

As he retreated, Ye Xuan did not forget to remind Long Chen about this matter.

Long Chen nodded his head. The ominous glint in his eyes had already made the Golden Horn Blood Shark pay attention to him, the creatures that had intruded into his territory were unforgivable and wanted to fight for his territory. Especially creatures like Long Chen, who were always the Golden Horn Blood Shark's biggest enemies.

Sssii! *

The Golden Horned Blood Shark let out a terrifying roar, and immediately, a wave of air that contained blood shot towards Long Chen. This was a very strong vibration, Long Chen's feet gently touched the water surface, and like a ray of golden lightning, it soared into the sky and dodged the Golden Horned Blood Shark's attack!

At this time, Ye Xuan had already given up the battlefield to Long Chen, but he did not dare go too far away. If anything were to happen to Long Chen, he would be able to save his in time.

In a world filled with Emperor's Qi, Long Chen still did not have enough true essence to support his flight, so he quickly landed. The Golden Horned Blood Shark turned into a ray of blood-red light and crazily flew towards the place where Long Chen had landed.

The Golden Horn Blood Shark's speed in the water was much faster than Su Xue, but it did not reach Long Chen's level.

"It's time for you to truly test the power of my 'Murder'."

When fighting with Ye Xuan, Long Chen did not have any killing intent, which resulted in him not being able to fully display the power of the third grade Divine Skill.

But at this moment, it was different.

The Dragon Soul Transformation allowed Long Chen's body to become stronger in an instant, and a bloody energy that exceeded that of the Gold Horn Blood Shark started to radiate from Long Chen's body.

Piao Xie gently raised the blood shark in his hand and aimed at it. Before it reached him, the deafening sound of the blood shark had already tormented Long Chen's ears!

"So noisy!"

When the Gold Horn Blood Shark was still more than twenty meters away from Long Chen, Long Chen moved, and his mouth curled into a cold smile, a huge blood Qi rose from his body, and from the Gold Horn Blood Shark's point of view, Long Chen seemed to be a super ferocious beast that came from afar. That blood-red longsword was like a tooth he used to bite!

"One sword Piao Xie."

With a light sound, Long Chen's entire body turned into a streak of blood red light. The speed of the light was ten times faster than the Gold Horn Blood Shark, and it was an unstoppable ray of light. If the Gold Horn Blood Shark was alone, Long Chen's move would have swept past its neck and made its blood float into the air.

Fast and sharp, that was the true meaning of Piao Xie!

Pch!

From the moment Long Chen used it to the moment this voice came out, only an instant had passed. However, when this voice came out, there was blood and other turbid things danced in the air. Long Chen's entire person held Piao Xie as he brushed past the Golden Horned Blood Shark.

A man and a beast passed by each other.

Blood began to flow.

This was a tragic cry of pain. When Long Chen turned his head back, he saw that the Gold Horn Blood Shark was frantically circling the entire ocean, its left eye was bleeding, and it had been knocked into a complete mess. It could be seen that Long Chen had used a sword technique just now, Piao Xie, and had already blinded it.

In the distance, Ye Xuan sighed with emotion.

"Seems like Long Chen was hiding his strength when he fought with me in the past. This move is so fast, that even I might not be able to dodge it."

After its left eye was blinded by Long Chen, the Gold Horn Blood Shark sank into a berserk state, and quickly used its remaining eye to look at Long Chen. It instantly let out a world-shaking roar, and the sea water rumbled as a dense killing intent exploded from its body.

On its head, the golden horn exploded with a blazing golden light. A series of strange golden runes appeared on the golden horn, rapidly spinning.

"Be careful, its golden horn attack can easily pierce through your body!" Ye Xuan reminded from afar.

Long Chen let out a cold laugh, the golden lightning flashed on his body, and Long Chen's body instantly disappeared from where he stood. Surrounding the Golden Horned Blood Shark, Long Chen was spinning at a high speed, so the average person could not see his body at all, and with such a fast rotation, it was impossible for the Golden Horned Blood Shark to aim at him, it was not such a simple time!

A large amount of demonic power gathered around the Golden Horned Blood Shark's golden horn. It was very likely that as long as it aimed at Long Chen, it would be able to release a destructive force, but what made the Golden Horned Blood Shark anxious was that this warrior's speed was simply too fast, it couldn't aim at all.

This was the difference between humans and nether beast. Humans had intelligence, and demons also had intelligence, but a part of the demon race, nether beast and ferocious beasts did not have this advantage.

In a fit of rage, a blazing pillar of light burst out from the golden horn and shot towards Long Chen. Under this golden pillar of light, the surrounding water and water evaporated one after another, disappearing into nothingness, leaving a path in the originally flat surface of the sea.

This golden blazing pillar of light was similar to the Gold Eyes of Destruction s of the nine great clans in the Realm of Myriad Kingdoms. However, in terms of power, this golden pillar of light was countless times stronger than the Gold Eyes of Destruction.

BOOM!

Golden blazing rays of light were blasted away.

Long Chen's face was filled with a golden glow, and it looked like the golden ray was heading straight for him, but Long Chen was not worried. While he was advancing at a high speed, he increased his speed for a moment, and in a flash, the blazing gold light pillar brushed past him.

"So hot!"

Luckily it was brushed past, so it did not hurt Long Chen at all. However, the scorching heat still made Long Chen uncomfortable, if it was directly struck, Long Chen's entire being would probably have melted.

The golden pillar of light brushed past him and poured into the sea, instantly causing a massive amount of blood-red seawater to evaporate.

"A good chance."

This was the chance for Long Chen to kill it. At this moment, Long Chen had escaped into the ocean, transforming into golden lightning, and instantly approached the Gold Horn Blood Shark. While the Gold Horn Blood Shark was still in a daze, it still did not realise where Long Chen was.

"Dragon Slaying!"

Instantly, the blood-red sword light, like a waterfall, contained countless tiny sword lights that hacked down densely, like a huge broadsword. Before the Golden Horned Blood Shark could even react, the sword floating blood had already brushed past the Golden Horned Blood Shark's body!

"Puchi!"

With an ear-piercing sound, Long Chen directly severed the Golden Horn Blood Shark's spine and rushed out. Lowering his body, the Golden Horn Blood Shark would no longer let me cry out because the Golden Horn Blood Shark had already been hacked into two pieces by Long Chen and had long died.

Large amounts of blood gushed out, fusing into the sea of blood.

Long Chen quickly used the Devouring Blood Realm to gather all the blood, including the corpse of the Golden Horned Blood Shark, and put it into the Great Void Realm.

"Don't let the beast spirit go, the beast spirit of a Divine level beast is very precious. If you give it to the Symbol Master, it can produce a beast spirit rune. It will have other uses."

When Long Chen was cleaning up the Golden Horn Blood Shark's corpse, Ye Xuan immediately came over. He took out the high level Soul Concentrating Orb and placed the Golden Horn Blood Shark's beast spirit, which was almost solid, into the Soul Concentrating Orb.

"Beast spirit is the difference between a nether beast and a Goblin Tribe. Besides being stronger, a nether beast's beast spirit has no other evolution, but a Goblin Tribe of the Goblin God level, their beast spirit is almost the same as our Divine Martial Spirit's. Even if their body dies, their beast spirit will still be able to survive. Perhaps this is also the reason why the demon race can take human form. "

At the place where beast spirits were collected, Ye Xuan said with a tinge of emotion.

"So that's how it is?" Long Chen memorized it and at this time, Ye Xuan took out the Soul Concentrating Orb that had collected the beast spirit and gave it to Long Chen: "Here you go, here is your spoil of war."

Long Chen did not say anything and immediately put it away. Although he said that he did not need it, Ye Xuan's family background was much better than his, and he also did not need it.

After finally taking care of the Gold Horn Blood Shark, Long Chen and Ye Xuan heaved a sigh of relief. At this time, Ye Xuan looked at Long Chen with a monster like gaze and said: "You really are a monster.

"Fuck you." Long Chen looked around and said: "There's so much commotion here, and the smell of blood, let's leave quickly."

The two of them looked at each other, and then headed deeper into the Blood Sea. On the Blood Sea, it was very difficult to find any traces of battle, especially since Long Chen had already taken away all the things the Golden Horned Blood Shark had.

In order to fight the nether beast, Long Chen did not need to activate the True Martial Emperor's Soul. After all, the nether beast did not know about martial arts.

Chapter 966 - Gold Horn Silver Shark

However, it would still be of great help to Long Chen in tempering his ability to kill.

In particular, when collecting the blood essence of a Divine Level nether beast, Long Chen could use Blood Refinement Qi to replenish his True Essence in battle.

Just as Long Chen and Yue Yang were about to leave, Dugu Jun arrived at their location, looking at the traces of the battle between Long Chen and the Golden Horn Blood Shark, his gaze suddenly focused as he thought to himself: "This is bad, two fellows, why did you cause so much trouble the moment you arrived here? This Golden Horn Blood Shark is a group of nether beast, and furthermore, the direction they are heading in!"

Thinking of this, Dugu Jun's face changed. With a flash, she disappeared from her original position, and chased forward!

Long Chen and Ye Xuan had traveled a small distance before he stopped. Suddenly, Long Chen frowned.

"What's wrong?" Ye Xuan could also feel a dense smell of blood and slaughter spreading out from his surroundings. Right at this moment, Long Chen sensed that the entire Nether Blood Sea had started to tremble, and the blood that shot into the sky was dancing in the air. With a boom, the entire world was dyed in blood, and Long Chen and Ye Xuan were trapped in a small space filled with blood water.

"Break!" Ye Xuan made a decision on the spot, he punched out, and instantly, a huge burst of force was released, the huge force had smashed open a gigantic hole, and Ye Xuan was able to fly, now holding

onto Long Chen, they followed the path up into the sky, and the blood seawater that soared to the sky, the entire ocean began to boil.

In this boiling sea, a dozen golden horns appeared. These horns were exactly the same as the golden horned blood sharks from before. Obviously, around them, a dozen golden horned blood sharks appeared!

"How can this be? Suddenly, so many gold horn blood sharks appeared?" Ye Xuan's face revealed a look of astonishment. With so many Gold Horn Blood Sharks, even he was a little nervous.

Long Chen counted. Fourteen Golden Horn Blood Sharks surrounded them.

At this moment, six or seven of the blood-red lights shot towards Long Chen. This was because the Golden Horned Blood Shark had borrowed the power of the ocean water to fly in the air, forming an effect of flying.

Even if Ye Xuan was in the air, he would have been killed by so many Golden Horn Blood Sharks.

Long Chen had already dealt with the Gold Horn Blood Sharks with much difficulty.

In terms of demonic energy, Golden Horned Blood Sharks were about the same as warriors who had just entered the The First Stage of the Divine Martial Realm. As for Ye Xuan, he was a martial artist who had reached the perfect first stage, so there was a possibility that he could handle a few or even ten of them. There were a total of fourteen terrifying Gold Horn Blood Sharks, this all depended on Long Chen's ability.

Ye Xuan had originally wanted to drag Long Chen away, but at this moment, he realized that not only had Long Chen not left, he had also revealed his Dragon Soul Transformation. At the same time, the ice-cold, bloodthirsty sword floating blood appeared in Long Chen's hands, which he held tightly.

"Let's see who kills the most. This is a rare opportunity."

Laughing, Long Chen broke free from Ye Xuan's restraints, transforming into a golden lightning bolt, quickly descending.

Ye Xuan opened his eyes wide, and immediately laughed helplessly. He admitted that Long Chen was a madman, and the biggest difference between him and Long Chen was that Long Chen was even more ruthless and bold than him, which also made Long Chen and the battle even more terrifying!

Only by continuously breaking through the limits would he be able to make greater progress. The dozen or so Gold Horn Blood Sharks and the first grade Deity nether beast in front of him were the limits.

Pooh.

Following closely behind Long Chen, Ye Xuan also held onto the blood red long blade in his hand. The blood red long blade was also Piao Xie, and his overall strength was actually similar to Long Chen's blade.

The sword was the ruler of all weapons, while the saber was the overlord of all weapons.

This relationship was like how a lion was the king of beasts, and a tiger was the overlord of beasts.

Two Piao Xie s appeared at the same time.

Long Chen chose to fight head on, and Ye Xuan also chose to accompany him.

From Long Chen's body, they could sense the aura of their dead comrades. From then on, they could be sure that Long Chen was the enemy who killed the Golden Horn Blood Shark.

They were a group of animals that valued their companions' lives very much.

However, this kind of viciousness was exactly what Long Chen wanted to face. Generally speaking, in a time of life or death, a person could display their hidden potential, and thus unleash an even more powerful force.

Instantly, the sword formed into a huge blood whirlpool, and the entire whirlpool was formed from tiny blood red sword qi. Because Long Chen's sword spirit was dragon-shaped, and Long Chen was an Primordial Blood Soul Dragon, within the sword qi there was a kind of dignity that came from the Ancient Overlord, which caused the few blood sharks to have a strong deterrence effect!

"Sword Chaos Demons!"

This was the sound of the Sword Qi hitting the Golden Horn Blood Shark's body. Long Chen's speed was very short, causing his sword speed to increase greatly, and it was also very fast, under Long Chen's use of this move, the Golden Horn Blood Shark was unable to dodge!

A blood-red shadow quickly flew past the two Golden Horn Blood Sharks. One could see the two Golden Horn Blood Sharks let out miserable shrieks. Their bodies were filled with wounds that could be seen from deep bones. At this time, their bodies were covered with wounds, and they were on the verge of death.

"Dragon Slaying!"

Long Chen suddenly rushed out of the back of his spear and flew backwards as a ray of sword qi shot into the sky, directly chopping the two Gold Horn Blood Sharks into two halves. At the same time, he quickly put away the two Gold Horn Blood Sharks, because at this time, Long Chen had almost landed on the surface of the sea, and even more Gold Horn Blood Sharks had noticed Long Chen, the killer.

They roared angrily at Long Chen, and at that moment, there were a total of three golden rays of light aimed at him.

Golden runes swiveled on the golden horns of the three golden horned blood sharks, and an enormous amount of power was stored within them. Preparing to deliver a fatal blow to Long Chen.

Long Chen was not the least bit afraid. Instead, he had an excited look in his eyes.

Turning his head to look, Ye Xuan was currently fighting with Piao Xie in his hands. He had already unleashed Dragon Slaying Art, directly chopping off two Golden Horned Blood Sharks, and seemed to feel that Ye Xuan was much stronger than them. Out of the remaining ten Gold Horn Blood Sharks, six of them were rushing towards Ye Xuan.

On Long Chen's side, there were a total of four golden horned blood sharks, of which three of them had already launched their attacks at Long Chen, while the other one used its extremely strong physical strength to charge towards Long Chen. Its mouth was opened wide, and a disgusting stench of blood appeared, its sharp teeth was clearly trying to tear Long Chen into two!

However, Long Chen had a plan in mind at this time.

The Piao Xie in his hand suddenly slashed down. Because Long Chen's Dragon Slaying skill had left a deep impression on the Gold Horn Blood Sharks, they subconsciously dodged it.

"With your level of intelligence, you still want me to fight?" Long Chen laughed in his heart, it was just a fake move. When the Golden Horn Blood Shark was dodging, he suddenly increased its speed and turned into a ray of golden lightning, instantly rushing to the Golden Horn Blood Shark's side. Both of his hands were claws, and he firmly grabbed onto the Golden Horn Blood Shark's body, the sharp claws directly piercing into it, revealing a large chunk of its flesh, and because of that, Long Chen also firmly stuck to the Golden Horn Blood Shark's body.

Sssii! *

The Gold Horn Blood Shark let out a painful cry, crazily shaking its body, wanting to throw Long Chen out of its body. At this moment, it still did not know Long Chen's goal.

Right at this moment, the other three Golden Horn Blood Sharks finally shot the blazing golden pillar of light towards Long Chen. The power they had accumulated had to be released, otherwise, they would explode from the immense power.

BOOM!

With three consecutive explosions, the golden pillar of light illuminated the grayish, bloody sky of the entire Blood Sea. Three golden, blazing pillars of light headed towards Long Chen, and at this time, Long Chen had just finished locking onto the other Golden Horn Blood Shark.

"Turn!"

Under Long Chen's control, the Gold Horn Blood Shark was in extreme pain, it immediately turned its body and blocked Long Chen, becoming Long Chen's shield.

"Many thanks!"

Long Chen laughed out loud. With a stomp of his feet, he transformed into a streak of golden lightning, and escaped frantically with his fastest speed, while that Golden Horned Blood Shark had already evaporated into ashes from the attacks of its three companions in a short period of time. At the same time, a lot of the water from the sea also disappeared.

This was a great chance for Long Chen. After the opponent had used his ultimate attack, the golden lightning formed an arc and quickly approached the three Gold Horn Blood Sharks that were covered in mist!

"Dragon Slaying!"

Long Chen placed another Golden Horned Blood Shark into the Great Void Realm.

When Long Chen was about to kill the two remaining Gold Horn Blood Sharks and help Ye Xuan, a terrifying aura suddenly descended. This aura was at least a hundred times more terrifying than the Gold Horn Blood Sharks in front of him, and was a power that Long Chen was completely incapable of resisting. It directly told him that he had to escape quickly, or else, he and Ye Xuan would both die in this place!

"Let's go!"

With Ye Xuan here, Long Chen could not flee with blood right now. After all, he could not let his brother go. Transforming into a golden bolt of lightning, Long Chen dashed towards Ye Xuan. There was no need for him to say anything else, Ye Xuan was sure that he knew that the danger was approaching.

They became restless and anxious, feeling even more terrified than Long Chen and the other two. The remaining six Gold Horn Blood Sharks headed towards the same direction, but they did not bother with Long Chen and Ye Xuan.

Chapter 967 - Demonic Blood Red Lotus

At this time, the mist created by the battle completely dissipated, and Long Chen's vision became clear. Those golden horned blood sharks were gathering fifty meters in front of him, and they were heading in a certain direction. In their eyes, there was a sense of worship.

"Not good, there must be an even stronger nether beast that has appeared." Long Chen's heart thumped, as this thought appeared in his mind.

At this time, Ye Xuan was also heading in Long Chen's direction.

His expression was also somewhat anxious. He clearly realized that an even more terrifying danger was coming. This kind of danger was much more terrifying than the dozen or so Gold Horn Blood Sharks. This kind of danger could instantly take Long Chen's life.

Just as Ye Xuan was approaching, in the direction of the blood sharks, Long Chen felt an incomparably huge soul fluctuation, a suffocating aura that was releasing without restraint, making them extremely terrified. Right at this moment, as if it was normal, a 1.5 metre long little shark floated out from the ocean.

This was a small silver shark. Other than the silver color and blood color of the Golden Horned Blood Shark, it also had a golden horn.

"Gold Horn Silver Shark!"

Ye Xuan shouted out this name in shock.

"This is one of the legendary hegemony of the Nether Blood Sea. I never thought it would actually exist! The Golden Horn Silver Shark is the super king that was born from the Golden Horn Blood Shark, and its strength is at the third level of the Divine level! "

This meant that this Golden Horned Silver Shark, which was only 1.5m long, was a warrior at the same level as underworld general. This level of warrior could definitely kill Long Chen and Ye Xuan in an instant, and in front of this Golden Horned Silver Shark, the two of them had no way to resist at all!

Instantly, both of their complexions turned extremely pale.

People in the Netherworld Army could only guess at the existence of the Golden Horn Silver Shark, but could not confirm its existence. If it was determined that it existed, Ye Xuan would probably not provoke the Golden Horn Blood Shark from before, and in the end, move this kind of super overlord of the entire Blood Sea out. From the looks of the current situation, the consequences were unimaginable.

Long Chen was actually not as nervous as he was, because he knew that Dugu Jun was nearby. With an astonishing speed, Dugu Jun was about to arrive, she would arrive in a short amount of time.

Just at this moment, the Gold Horn Silver Shark was already looking at Long Chen and him, its two silver eyes were filled with a silent deterrence. Just from its outer appearance, this Gold Horn Silver Shark might be very cute, but looking at its eyes, even Long Chen felt a deep fear in his soul!

Not only was there fear, there was also terror!

This Gold Horn Silver Shark was definitely the most terrifying demon beast that Long Chen had ever seen.

Such a demon beast had definitely existed for thousands of years. It was definitely an old demon.

At this moment, Ye Xuan had already reached Long Chen's side.

Long Chen prepared to let him enter the Great Void Realm, but it was already too late. The golden horned silver shark's eyes suddenly revealed a silver light circle, heading towards Long Chen and Ye Xuan's direction. Although it was very slow, but Long Chen and Ye Xuan both felt like they were completely trapped, unable to move at all.

With a relaxed punch, Dugu Jun's fist imprint collided with the silver halo. Even though the halo was canceled out, and turned into silver dust, falling into the sea of blood, immediately, it was as if countless explosions had triggered the entire sea of blood, causing the entire Unholy Blood River to undergo an earth-shaking change, the seawater roared, as though there were countless gigantic beasts hidden within, and the subversive power swept the water in the entire sea area up towards the sky. Long Chen's sea water and seabed, instantly suppressed the two people down to the ground level of the sea.

"Ye Xuan!" When Dugu Jun appeared, the Gold Horn Silver Shark had already set its sights on Dugu Jun who was at the same level as it, and poured its anger onto the lonely lord. In this urgent situation, the lonely lord had initially wanted to let Long Chen and Ye Xuan escape from danger first, but he was fighting alone, but she was a step too slow.

In the midst of the berserk sea abyss, Long Chen and Ye Xuan's bodies were swept away in an instant. Dugu Jun originally wanted to chase after them, but the super overlord of the ocean, the Gold Horn Silver Shark, firmly stopped Dugu Jun. Since she was already here, it would not be that easy for him to leave!

If he wanted to escape from its domain, it would not be an easy matter. Although Dugu Jun was an expert with perfect Third Stage of the Divine Martial Realm and was much more powerful than the Golden Horn Silver Sharks, the Nether Blood Sea was the territory of the Golden Horn Silver Sharks, so her strength would naturally be greatly reduced.

In the blink of an eye, Long Chen and Ye Xuan had already been swept away by the violent sea water.

"In any case, I have placed a 'seed leaf' on Ye Xuan's body. Relying on the 'mother leaf' given to me by the mayor, I will definitely be able to catch him.

He decided that he would deal with the Gold Horn Silver Shark first before going to find Ye Xuan. When he left the City Lord's Mansion, Ye Xuan gave him a miraculous leaf, which was the 'Mother Leaf'. As long as the two of them were not more than a hundred thousand kilometers away from each other, they would be able to sense that Ye Xuan was holding a seed leaf given to him by his sister. Thus, although Dugu Jun did not know where Ye Xuan had gone to at the moment, when he had calmed down, he would be able to go and find Ye Xuan.

Before that, the only thing to do was to repel this annoying Golden Horn Silver Shark!

Dugu Jun's eyes instantly went cold.

The entire ocean was being controlled by the Gold Horn Silver Shark. With such a huge sea going on a rampage, Long Chen could not stop it, so at such a critical juncture, he could only ensure that he and Ye Xuan did not get separated.

"Catch me!"

Ye Xuan reached out his hand, and indeed, he was also aware of the same thing. The two of them tightly grasped each other's arms, and in the next moment, they were swept away by the immense impact of the sea water, reaching who knows where in the Blood Sea.

The huge force simply caused Long Chen and the other to be badly battered, and the arms they were grabbing were almost released, but at this moment of death, their desire to win was extremely strong, without any power to resist, Long Chen could only endure it, after about half an hour, the two of them

were finally forced out of the area of the Silver Gold Horn Shark's rampage, the surrounding blood sea region started to stabilize, and a huge pressure pressed down onto them. Even with Long Chen's body, it was hard to withstand the huge pressure of the blood water.

After a long time, the two of them recovered and heaved a sigh of relief.

"We've arrived at the bottom of the Unholy Blood Sea." Long Chen could feel that it was so dark that he could not see anything. He realised that his feet had actually stepped on the ground, which showed that they had reached the bottom of the sea.

"Grandfather Dugu is actually following us?" Ye Xuan was very surprised by this matter. He pondered for a while before continuing, "Forget it, this time it's the two of us being too reckless, not understanding just how terrifying this Nether Blood Sea is, and believing that killing a Golden Horn Blood Shark is fine, let's hurry up and escape this Nether Sea, then wait for Grandfather Dugu to come and find us."

Long Chen also felt that it should be so, so he nodded. Right at this moment, when the two were about to leave, he suddenly realised that not far away, there seemed to be a burst of demonic red light.

"What's that?"

A refreshing fragrance wafted over from that direction. Both of them had a sense of tranquility when they smelled this fragrance. Even the fragrance on their bodies seemed to be gradually recovering.

"Red Demonic Blood Lotus?" Ye Xuan's eyes instantly lit up.

"What is it?" Long Chen hurriedly asked.

"I never expected to meet such a good item in this place. Our Ye family has a Red Lotus Jade Pendant. Legend has it that it was formed from a Red Demonic Lotus." Of course, it's impossible for there to be two Red Lotus Jades, but the Red Demonic Blood Lotus is a second-grade Divine level medicine. The lotus seed formed by the Red Demon Blood Lotus can be given to a pill refiner to concoct many kinds of pills, and they all have a great effect. The greatest effect is one's perception and comprehension ability increasing, this is very important. "

Long Chen used the Spirit Devouring Demon Pupil to look around. Within a kilometer, there didn't seem to be any danger.

"Let's go over and take a look!"

The two of them looked at each other, and immediately walked over. However, when they got close, Ye Xuan suddenly frowned and said in a dejected tone, "This demonic blood red lotus is actually already dead, it's impossible for there to be any more lotus seeds. What it left behind is only a body, even a body would have such a refreshing fragrance."

However, Long Chen felt that the Red Goblin Lotus was a little strange, so the two of them continued to walk forward, and very quickly they arrived above the Red Goblin Lotus. What they could see was that the Red Goblin Lotus was circular in shape, with a diameter of around ten metres, and its outer surface was still a bewitching red lotus flower. Inside, there was a somewhat dry lotus seat, and sure enough, the precious Red Lotus Seed was already gone.

"Let's go. There is no longer any value in the Crimson Demon Lotus." Ye Xuan said helplessly.

"Wait." Long Chen carefully noticed that at the center of the lotus throne, there seemed to be a depression, and from the shape of the depression, it seemed to be a jade pendant. Long Chen seemed to have seen this jade pendant's shape before on Ye Xuan's chest.

Chapter 968 - Five Great underworld general

At the same time, Ye Xuan saw the groove for the first time. From his gaze, Ye Xuan also noticed the notch for the red lotus jade pendant.

"Eh, the shape of this groove seems very familiar." Ye Xuan looked at it carefully, clapped his hands, and said emotionally: "Isn't this the shape of the Red Lotus Jade pendant that my family passed down? Why would there be one here? "

Long Chen knew that there was a huge seal in the Blood Sea, all of the restrictions had formed a seal. The blood-red demon lotus was born at the bottom of the sea and the center of the lotus bed had the groove of the red demon lotus. Didn't this mean that the key to the sea of blood would be within the red demon blood lotus?

Without saying a word, Long Chen extended his hand and lightly touched the groove. Suddenly, a gentle red light shot out from the groove and Long Chen and Ye Xuan immediately retreated.

The blood red light from the groove gradually scattered and congealed into dozens of small red words. A wave of imposing force emanated from the small characters as Long Chen and Ye Xuan read through it one word at a time.

"As long as I, Ye Wushang's descendant, hold the Red Lotus Jade Pendant, I can open the Death God's Tomb, pass through many obstacles, and obtain my Ye Wushang's inheritance treasure!"

Reading these words, Long Chen did not say anything, after all, he did not know who Ye Wushang and the God Slayer were, but Ye Xuan's expression changed. In his expression, there was an enormous shock, and it could be said that this matter had completely exceeded his expectations, and had brought about an incomparably huge impact.

"Ye Wushang, Ye Family, Red Lotus Jade Pendant" This information made Ye Xuan's brain short.

Long Chen's gaze focused and said: "The Red Lotus Jade Pendant is your Ye Family's inheritance treasure, which means to say, this Ye Wushang, is definitely your Ye Family's ancestor. My guess is, if your family's inheritance Red Lotus Jade Pendant is placed in this groove, you all will be able to enter this God Killing Tomb!"

Long Chen was not shocked in his heart, and his analysis became much clearer.

Hearing this, Ye Xuan's face revealed an even more shocked expression.

"What's going on? This Ye Wushang, is he a very abnormal being?" Long Chen asked.

Ye Xuan nodded in a daze and muttered to himself, "Ye Wushang was the most influential person in the Nether Realm tens of thousands of years ago. He was the creator of the Netherworld Army and the first Emperor of the Underworld. At that time, even the master of the Nether Palace bowed in front of Ye Wushang. Because Ye Wushang had created his own 'way of killing', he was honored as the god of death for his generation! "In the entire Eastern Emperor Region, his strength is considered to be at the very peak. In fact, the True Martial Imperial Palace has even invited him before. This person is simply the strongest expert in the entire history of our Nether Realm. He is a legend. He's actually the ancestor of our Ye Family!"

Yes, our Ye family possesses the 'Seven Killings Bloodline', and Ye Wushang's surname is also Ye. We also inherited the 'Red Lotus Jade Pendant', which means that we are related to Ye Wushang, but I never thought that Ye Wushang would actually be our ancestor.

Long Chen thought for a while and nodded.

Eighth Stage of the Divine Martial Stage, an expert of Heaven and Earth!

When he thought about this, Long Chen was somewhat shocked. An expert of the Eighth Stage of the Divine Martial Stage, this was definitely powerful. She could at least be considered the pinnacle expert in the Three Great Imperial Domains.

In the entire Eastern Emperor Region, there weren't many warriors of the Eighth Stage of the Divine Martial Stage. In a place like the Netherworld Udumbara, the strongest expert was only a practitioner who had just cultivated the Nine Heavens Thunder Tribulations of the Netherworld Udumbara Flower.

It was not only the Nether Palace, even the people from the East Palace s had heard that Ye Wushang's inheritance had been born, and would probably come to snatch it away.

"Back then, because Ye Wushang's killing intent was too strong, he was struck into pieces by the East Palace's palace master's power that used to shatter the void, and disappeared without a trace. Not a single thing was left behind. Such an important piece of news would cause a huge change in our family. We can't let this news out. At the same time, we have to go back and tell my sister about this! "

After the two of them understood everything, they sat down and prepared to leave.

Long Chen also realized the importance of this matter. After all, this was something that their own people's ancestors had left for them. However, Ye Xuan was Long Chen's current brother and Ye Xuan was Long Chen's master, if there were others who coveted the God Slaughtering Inheritance, he would not be polite.

It was no wonder that the entire Blood Sea of the Netherworld would emit such a huge killing intent. The seal on the Blood Sea of the Netherworld, was probably set up by Ye Wushang himself.

"Ye Wushang is a person who is both righteous and evil, it's hard to say. He already killed a million people, and a million people died in his hands. But a million people, are mostly evil people. However, my

sister seems to hate this kind of person. She really never would have thought that such a heaven defying person was the ancestor of our Ye family. No wonder, our Ye family's history seems to be very special!

Ye Xuan muttered to himself as he left.

Just as Long Chen was about to speak, a huge change happened to his face once again. Because he felt that there was a total of five super strong warriors, and Long Chen was completely unaware of their background.

"It's actually Dugu Jun, and made such a big commotion with the Gold Horn Silver Shark.

"Dugu Jun this fellow ran over here. Luckily she did not notice that the Red Goblin Lotus was in a bad mood, there was someone by its side!"

The five of them were chatting while Long Chen was still a kilometer away, and when they neared, some among them were able to sense the existence of Long Chen and Long Chen. Immediately, the five experts exploded forth with a speed that stunned Long Chen, and instantly appeared before him and Ye Xuan.

Five people, four men and one woman, all middle-aged men and women. Their physiques were also different, but the only similarity was that they were all dressed in Netherworld Army's Nether Armor, giving off an imposing aura, and it was obvious that they were all extremely high level Nether Armor. Most importantly, amongst these people, there was one that Long Chen recognized, and that was one of the underworld general s that Su Mo was riding — Su Tian!

"Five Great underworld general s!" Ye Xuan took a step back and sucked in a breath of cold air. Both he and Long Chen had lost all hope, because they realized that they could not even move under the suppression of these five celestial realm experts!

Yes, Long Chen had sorrowfully discovered that these five people were experts at the same level as the Gold Horn Blood Shark, with just their eyes alone, they had instantly suppressed Long Chen and Ye Xuan, making them unable to move. Ye Xuan was only three meters away from Long Chen, but he could not even move a finger when he was close to him.

"Ye Xuan, Long Chen!" Su Tian walked in front of them, sized up Long Chen and Ye Xuan for a while, then laughed out loud. "I didn't think it would be the two of you running here together, what a pity, especially you, Long Chen.

"Oh, so this is the brother of the City Lord Ye Xuan and this is her new direct disciple? It really is like stepping on broken iron shoes with no place to hide. One of the flirtatious looking men covered his mouth and said with a chuckle.

At this time, Long Chen's mind was quickly spinning.

It was clear that these people had been standing guard here for a long time. The five great underworld general knew of the existence of the Red Goblin Lotus, which meant that Su Mo was certain of the existence of the big Red Goblin Lotus and the God Killing Inheritance. Since Su Mo did not tell Ye Xuan, but had the five great underworld general stand guard here, there must be something fishy about it!

The other party had not sealed their mouths, so the only thing Long Chen and Ye Xuan could do was speak. Ye Xuan and Long Chen both did not have good impressions of Su Mo. "What do you want?"

"Oh? You're still in the dark. " Su Tian sneered. His appearance was originally relatively tall, thin and cold.

That's right, your Ye family is the descendant of Ye Wushang, and your Red Lotus Jade Pendant can also be used to open the God Slaughtering Tomb. These are all important matters to us, since you small fry already know about them, then there is no need for you to continue living.

From Su Tian's words, Long Chen and Ye Xuan were basically certain that Su Mo was definitely an enemy.

"The person who was sent to kill me, should be Su Mo, right?"

When their deaths were at hand, Long Chen and Ye Xuan could only calm down and look for a chance to escape.

The five of them split up, surrounding Long Chen and his group in the middle, and discussed on how to handle the two of them. They already knew the secret here, so they definitely could not let it go.

"That's right, the person who assassinated you was indeed the Motel." Su Tian and the others were completely suppressed, they were not worried that Long Chen and Yue Yang would be able to escape. Therefore, a few people had the thought of playing tricks on them. This feeling of unravelling the plots one by one was very refreshing.

"Why?" Ye Xuan clenched his teeth and said.

"Pitiful, you actually didn't know about it at all, I can only say that Motel hid it too well." Su Tian sighed with emotion, and then said, "Everything is for the key to the God Killing Tomb — — Red Lotus Jade Pendant. You should know that as long as you become the husband of the Ye Family, you will be considered half a member of the Ye Family, and have the ability to control the Red Lotus Jade Pendant. Of course, the condition is that Motel must first obtain the beautiful City Lord's body! Don't you understand me when I say this? As for why I want to assassinate you, isn't that because I'm worried that Ye Xuan will pass on the Red Lotus Jade Pendant to you? "

Chapter 969 - The Field of Solitude

Ye Xuan finally understood.

There was even less of a need to talk about Long Chen. His brain had always been working rather fast, and in just a moment, he understood everything.

"No wonder I felt that Su Mo was very gloomy at the bottom of his heart. So it turns out that it's for this God Killing Inheritance, but Master isn't that easy to obtain. If Su Mo hasn't reached the Fifth Stage of the Divine Martial Realm, Master won't marry him. He was worried that Master had passed down the Red Lotus Jade Pendant to Ye Xuan earlier, hence he sent people to assassinate Ye Xuan.

After figuring out everything, Long Chen felt that it was even more terrifying.

This meant that the other party would definitely not let them off.

Ye Xuan was still okay, now that Ye Xuan had fallen into their hands and they even found out about the secret, they definitely could not put him back. In that case, the other party could imprison Ye Xuan and discuss the conditions with Ye Xuan, but Long Chen was different, he had no value at all.

In other words, Long Chen guessed that the other party would probably kill him first.

Thinking up to this point, Long Chen had to force himself to calm down, otherwise, he would not be able to do it.

He was definitely going to die!

After knowing the truth, Ye Xuan became extremely furious. He looked at the five underworld general with bloodshot eyes and laughed coldly: "So that's how it is, so that's how it is. I never thought that the Su Family would actually have such an idea. However, my sister is still much stronger than Su Mo. If Su Mo doesn't reach the Fifth Stage of the Divine Martial Realm, he won't be able to meet my sister in a day! "

"Is that so?" "I don't think so, Marshal Su Mo is a charming man, no matter how strong the woman is, she has to be ridden by a man in the end, so the God Slaughtering Scripture is definitely not far from Motel, and we have already caught you, even if it breaks down in the end, with you as the hostage, with Ye Xuan's level of love, we will definitely take out the Red Lotus Jade. Isn't she the one in charge of your Ye Family?"

Hearing that he was going to be held hostage, Ye Xuan became even angrier.

He gritted his teeth as he stared at the five underworld general s.

"Calm down." Long Chen's voice transmitted over, finally allowing him to calm down a little.

In reality, even Long Chen felt his scalp go numb.

"My only hope is Dugu Jun." Long Chen pondered for a bit, he knew that the current Dugu Jun, was definitely looking for them. Although he did not know if Dugu Jun could resist them, at the very least, it was a hope.

Long Chen was silent, but the Spirit Devouring Demon Pupil was paying attention to every single movement in its surroundings.

"As for this person, he should be the young man who destroyed the Motel's good plan twice, right? "She is quite handsome and I even heard that she defeated Su Xue. Unfortunately, she is no longer useful." The young married woman, underworld general, smiled coquettishly.

"If that's the case, then get rid of him. Give his head to my daughter, and she will definitely be very happy." Su Tian said with a cold sneer.

Ye Xuan panicked and roared: "If you dare, I will make sure you all get nothing!"

"Do you mean you'll kill yourself?" The young wife looked at Ye Xuan with interest.

"It doesn't matter if you want to kill yourself. Our Motel will have a big plan on the fifteenth day of the eighth month anyway. When the time comes ..." She did not continue talking about this topic, but just smiled.

Every single underworld general was a character who had lived for thousands of years. Long Chen and Ye Xuan were merely small fry in front of them.

These words simply made Ye Xuan so angry that he died.

"Who will do it? "I haven't seen that bloody light in a long time." The young wife underworld general said.

"Allow me." Su Tian took a step forward. As long as he took action, Long Chen would not have any more strength left.

It looked like he was just one step away from Divine Martial Stage. Could it be that he was going to use a move that would hurt himself and injure others like the Blood Sacrifice? If it was the Blood Escape, even if Long Chen couldn't defeat these few, he still had a way to break through their restraints and escape.

Seeing Su Tian approaching, Long Chen was already prepared.

It was at this moment that Long Chen's Spirit Devouring Demon Pupil sensed Dugu Jun's existence. From the direction that Dugu Jun was heading, he obviously knew the location of Long Chen and the others!

To a practitioner of Third Stage of the Divine Martial Realm, a mile journey was only a split-second. When Long Chen realized that Dugu Jun had appeared, and arrived in front of Long Chen and Long Chen, it wasn't even the blink of an eye yet!

Dugu Jun's arrival instantly tightened the heartstrings of the five underworld general s.

Of the five of them, one was a practitioner at the perfection-stage of the Third Stage of the Divine Martial Realm, while the other four, including Su Tian, were all early stage Third Stage of the Divine Martial Realm warriors.

After Dugu Jun arrived, she actually still didn't understand what was happening. She only knew that the five of them had trapped Long Chen and Ye Xuan, and their faces were filled with killing intent.

"What do you mean by that? From the looks of it, you seem to want to make a move on my City Lord's Mansion's people?" Lonely Master guessed when he saw Ye Xuan's angry expression.

The five of them looked at each other and thought, this is not good. Dugu Jun is an extremely difficult character to deal with.

However, Dugu Jun had already broken through their imprisonment, so Ye Xuan hurriedly ran over to Dugu Jun's side. Before Su Tian and the others could say anything, Ye Xuan first anxiously said: "Grandpa Lone, we have a heaven-shaking secret, our Ye Family is the descendant of the God Slayer Ye Wushang, the God Slayer Tomb is right here, the Red Lotus Flame Jade Pellet is the key to open, and the Su Family is trying to take over the God Slaughtering Inheritance. So when we found out the secret, they wanted to kill Long Chen and me!"

Time was already very tight, so Ye Xuan had to make it short for now. This lonely Jun was also an intelligent person who had lived for thousands of years, and from Ye Xuan's words and the situation just now, he could instantly guess most of what had happened. Especially not far from here, there was a Bloody Demonic Red Lotus.

In truth, he had his suspicions about the Ye Family being Ye Wushang's descendant before, and had heard of the similar news a long time ago. However, now that Ye Xuan had mentioned it, it proved that it was a possibility!

When he thought about how Su Mo would do everything he could to get close to Ye Xuan and become the Ye Family's son-in-law, he knew that he could obtain a portion of the rights to the Red Lotus Jade Pendant. From this alone, Dugu Jun understood that in the circumstances in front of him, he and the five people in front of him were mortal enemies.

At the first moment, Dugu Jun protected Long Chen and Ye Xuan behind him.

Fighting one against five, was simply an impossible task. Moreover, Dugu Jun still had Ye Xuan and Long Chen, these two burdensome things, so he was currently the top two.

"Enough!"

At this time, one of the five great underworld general s walked up, he was also an old man who was about the same age as Dugu Jun, with a dense and vigorous aura, and a lot of similarities between him and Dugu Jun. Just like Dugu Jun, he was also a practitioner with perfect celestial realm, and was the leader of the five great underworld general s.

"Solitary Sovereign, since you know about it, then I won't waste any more time on nonsense. Su Tian, Qin Li, capture those two brats separately, Ye Xuan must leave them alive, the rest, follow me to kill Dugu Jun! "

His strength was about the same as Dugu Jun's, so it was impossible for him to keep Dugu Jun by himself.

"Grandfather Dugu, quickly leave. Tell my sister about this news. If you want to escape, they won't be able to catch up to you!" Ye Xuan said anxiously.

"No." Dugu Jun's face darkened, he waved her hand and said: "I cannot leave, you leave, I will stop them, the two of you must remember, you must return to the City Lord's Mansion and tell him of this news, so that his plans will be in vain!"

Then, he turned to look at the old man in the middle of the underworld general and said: "Su E, you are my old rival. You haven't fought for almost a hundred years, today let me see your progress!"

With that, Dugu Jun spread open her arms. He laughed sarcastically, and a strange wave spread out from his body.

The expressions of Su E and the rest changed instantly.

"This is his domain of loneliness, attack!" Su E warned them, and instantly, everyone split up and split up, three of them rushed towards Dugu Jun, while Su Tian smiled sinisterly and rushed towards Long Chen, and the young maiden named Qin Li went to kill Ye Xuan.

In a fight between these super experts, Long Chen and Ye Xuan could not display any of their abilities, they could only worry.

Long Chen was now truly aware of his own insignificance. In this kind of battle between several thousand years of age, his life could only be slaughtered by others.

This made Long Chen extremely unconvinced, but he had no choice.

Anger had already started to grow in his heart.

If we don't talk about getting Ling Xi, with my current strength, I can't even do this much.

He was extremely unwilling.

He could only watch helplessly as the enemy ravaged him.

At this time, it was time to take action. Everything was about to happen.

"You two, don't move!" Although someone was attacking Long Chen and Ye Xuan, Dugu Jun was not anxious at all. He shouted lightly, and spread open her arms. Instantly, he conjured a blue ripple that expanded and formed into a ball of light, trapping everyone within it.

"It really is the Lonely Domain!"

When Dugu Jun used this move, the enemies were not flustered at all.

"Ye Xuan, Long Chen, the two of you should go back as soon as possible. My Lonely Domain is able to trap both of them for approximately five days!"

Chapter 970 - Blood Escape Upgrade

It was only about five days from the fifteenth of the eighth month, so Long Chen clearly remembered that they had mentioned something about it before. It seemed that on the fifteenth of the eighth month, Su Mo seemed to have something planned to do to Ye Xuan and the others.

This blue colored ball of light had a diameter of more than three kilometers, and was able to trap everyone. Furthermore, it was even able to trap a person like Su E for three days.

It could be said that this was a move that was far and away famous.

The people inside could only truly leave with Dugu Jun's permission!

Long Chen and Ye Xuan looked at each other. Under Dugu Jun's control, the two of them had already quickly rushed outside, their speed surpassing their original speed.

"Dugu Jun, are you really old? Did you really think that we would just sit there and let you send these two little fellows out? We have long since become familiar with your lonely domain, so how could you let us win? "

Just then, Su E laughed out loud.

Under his instructions, Qin Li and Su Tian went around to the side. With their speed, they should not have been able to catch up to Long Chen at all, but right at this moment, an accident happened. Su Tian and Qin Li both had a rope that was emitting a dark green light in their hands.

"Locking rope! "Quickly dodge!" Dugu Jun's expression finally changed. He knew that even if it was her own lonesome domain, it was still within the opponent's calculations, the speed of this Locking rope would definitely be able to catch up to the speed that he used to send Long Chen out. If he used to send them out, he would be able to fight without any worries, but the problem was, with the speed of the Locking rope, Long Chen and Ye Xuan could not even get out!

In the midst of Su Tian and Qin Li's sinister laughter, the Locking rope turned into a ferocious green long snake, instantly approaching Long Chen and Ye Xuan.

"Ye Xuan!" Long Chen originally wanted to get closer to Ye Xuan, but under Dugu Jun's control, he was still a portion of the distance away from Ye Xuan. In this moment of life and death, it was already too late for Long Chen to reach Ye Xuan.

Under the attack of a Third Stage of the Divine Martial Realm expert, Long Chen couldn't even take care of himself, let alone save Ye Xuan, who was currently laughing coldly, the Locking rope was incomparably ruthless, as it coiled towards Long Chen. To Su Tian, it was of no use at all, so the place where he was coiled around with her Locking rope was Long Chen's neck.

At this time, Long Chen had no choice but to activate Blood Escape!

Whoosh!

A ray of blood light suddenly appeared. Although the Locking rope was extremely fast, the speed of Long Chen's blood escape had increased by a sliver, and it was this sliver of difference that allowed Long Chen to charge out of the blue ball of light and out of the Lonely Domain. And the Locking rope was stopped by the Lonely Domain!

The Locking rope, in the end, had only trapped Ye Xuan, while Long Chen had successfully escaped.

In reality, he had long wanted to kidnap Ye Xuan inside his own Great Void Realm. However, in this entire process, he had always been under the control of others, and couldn't even move an inch, which was why Ye Xuan had been kidnapped right now.

"Ye Xuan!" In Long Chen's field of vision, Ye Xuan was already in Qin Li's hands, unable to move. Dugu Jun's face changed as she immediately rushed towards Qin Li, but Su E was already in front of him, laughing loudly.

At this time, Ye Xuan also saw Long Chen's anxious expression, he thought of something and shouted, "Brother Chen, go back to the City Lord's Mansion, I will leave the news to my sister to you, hurry up! Grandfather Dugu is here, and they don't dare to touch me. You'd better hurry! "

Ye Xuan was right, he was already trapped, but the other party would not kill him, at most they would only use him as a hostage. But Long Chen was different, if he were to stay here, Long Chen would definitely be killed!

Therefore, he had to leave!

Tell this news to Ye Xuan as soon as possible, and let their plan fail.

Ye Xuan's strength was much stronger than Su Mo's. The underworld general here could be considered powerful against Long Chen, but facing such a strong opponent like Ye Xuan, wouldn't they be easily trampled upon?

"Little friend Long Chen, the rise and fall of our Ye Family is in your hands! Don't worry, I, Ye Xuan, will definitely save you, so go ahead! "

In the Domain of Solitude, Dugu Jun pondered for a while and could only make a decision. Now that Long Chen had escaped, he could only place all his hopes on Long Chen.

A heavy pressure pressed down on his body.

"Alright!" Long Chen solemnly nodded his head. Since he had promised, he would definitely do it, this was his promise!

For some reason, when Long Chen went out, the underworld general s didn't seem to be too worried.

This point, Dugu Jun was also somewhat suspicious.

"August 15th, it looks like it's only five days. By the time this kid returns to the Mayor's mansion, it should have been more than ten days or twenty days. By then, the raw rice will be cooked and the yellow flowers will be cold." Qin Li restrained Ye Xuan and said with a charming smile.

"What do you mean?" Dugu Jun's face changed.

"What do you mean? Understand it yourself, old man Dugu. You've lived enough. I don't believe that we can't kill you with just the few of us! As long as you die, this domain of loneliness won't be able to hold on, right? At that time, the rest of us will not be able to keep up with this kid's speed! "

Dugu Jun's face changed again.

"August fifteenth." Long Chen and Ye Xuan looked at each other, and at this moment, Ye Xuan gave them a determined look, there was still a light of trust in his eyes. Even though he was at a disadvantage, he believed that Long Chen would still be able to complete the mission!

"Good brother!"

Long Chen's eyes lit up. He did not say anything, turned around and left, there was nothing more important than his brother's trust in him, even if Long Chen did not want this life, he would definitely finish this matter!

"Netherworld Army of the Su Family, wait for my return!"

On the Ye Family side, one was Long Chen's brother, and the other was his master. He had long ago merged with this family, and now, someone was actually making a move against them.

The reverse scale of a dragon. Anyone who touched it would die!

Right now, in Long Chen's mind, there was only one thing, and that was his own mission!

"I need to hurry back to the City Lord's Mansion before the fifteenth of the eighth month. But with my current strength, it seems like it'll be extremely difficult!" Even if his speed was out of the ordinary, if he were to travel at full speed, he would still need ten days to get back. The only thing he could rely on to finish half of those ten days was blood escape!

However, every blood escape, the ten li of travel, would exhaust Long Chen's True Essence!

Thus, he would need a period of time to replenish his true essence. If he continued this process, then he would need at least seven or eight days to return. After all, restoring his true essence was not an easy matter!

At this time, Long Chen had to race against time!

"Blood Escape!" After exhausting his own strength, Long Chen executed the Blood Escape for five kilometers. With his current true essence, he could travel five kilometers in an instant.

Time reversed!

From the beginning to the end of Blood Escape, it had not even been ten breaths of time since Blood Escape was unleashed. The first time the Blood Escape was performed against the flow of time, Long Chen's primeval essence instantly recovered to its peak state, and after returning to its original state, Long Chen executed Blood Escape once again, and finally stepped into the ten-kilometer distance.

However, ten miles was a drop in the bucket for the entire trip.

Fortunately, Long Chen had killed enough Golden Horn Blood Sharks. At the moment, he was using the blood of those Golden Horn Blood Sharks, refining his blood into blood, to recover his depleted true essence, and this process also required a certain amount of time.

"If this goes on, we won't have enough time!"

With a rumbling sound, Long Chen punched the ground. At this moment, his eyes were already blood-red!

"I cannot betray the trust Ye Xuan has in me."

Long Chen could feel that no matter what, Ye Xuan trusted him very much. It was like when he was in Martial Arts Competition, people believed that Long Chen was no match for Su Xue. But Ye Xuan was the only one who firmly believed that Long Chen could fight against Su Xue!

This trust moved Long Chen. At the same time, he could not let Ye Xuan down!

Once he completely recovered all of his True Essence, Long Chen was ready to use Blood Escape again. This time, he couldn't use the Reverse Blood Flow.

However, the entire Ye Family's rise and fall was now all on Long Chen. The responsibility that he had was just too much, and he had no choice but to unleash all of his potential.

It was just that Long Chen's brain was in a very chaotic state.

"If the distance of Blood Escape can be increased, then that's great. My current true essence cannot be compared with it in the past, but I've only advanced 10 miles, and it seems that there is a massive amount of true essence that is consumed in a useless place. If I can gather this portion of my true essence, then the distance between my Blood Escape should be able to increase again."

In Long Chen's mind, this consciousness had formed into a power of will.

"Charge!" This time, Long Chen gave it his all and used Blood Escape again!

A ray of bloody light shot in the direction of the Nether Battlefield's entrance.

"What exactly is it that makes the blood escape longer?" During the process of advancing at high speed, Long Chen thought about it with great desire.
