

War God 971

Chapter 971 - Brilliant Light

As if he could understand Long Chen's words, the Mysterious Dragon Jade suddenly moved again. In that moment, Long Chen's entire body felt a sensation, as though its entire being was sucked into its own sea of consciousness.

Strands of blood vessels on the Mysterious Dragon Jade were revealed.

The red dot of light symbolized Long Chen's true essence, revolving on top of the Mysterious Dragon Jade. Those paths of circulation were completely engraved in Long Chen's mind without even needing him to remember them.

In front of his eyes, such a scene unfolded.

This was a vast and endless void. Within the billions of miles of territory, there existed only stars that flickered with light. These stars were incomparably large, blotting out the sky and blotting out the sun.

In the billions of worlds of the Void Domain, a streak of bloody light instantly pierced through the endless Void.

That kind of speed simply made Long Chen have a feeling of disorder in time and space.

Within that blood-red light, there was a faint aura which made Long Chen have the impulse to kneel down and worship it. Towards that blood light, Long Chen's heart contained a deep reverence.

This scene, was simply flashing past Long Chen's eyes at lightning speed.

Then, everything returned to tranquility, and at this moment, Long Chen was still in the process of escaping with his blood.

"Hu!"

Circulating the new blood escape, Long Chen realized that although his speed had not increased by much, every time, he would use his true essence to advance. To him, it was only for a few blinks of an eye, but the blood escape did not stop until finally, Long Chen realized that after advancing for at least a hundred miles, the true essence in his body had finally been completely burnt.

Very tired.

But it had made Long Chen very happy.

The distance of blood escape has been increased from 10 miles to 100 miles. With this range, as long as the speed doesn't exceed my blood escape speed, you won't be able to catch me, especially if I have enough time to reverse the flow of time. If I go crazy, my blood escape can travel 200 miles.

Long Chen calculated, within Divine Martial Stage, there would be at least two ranks for every stage. For example, Su Xue and Ye Xuan, although they were both at the The First Stage of the Divine Martial Realm, there was still a huge difference in their combat strength. Similarly, this conversion could be used on Su Tian and Dugu Jun.

In other words, compared to Long Chen's current strength of the eighth level of Heaven Martial Stage, an expert like Su Tian's Third Stage of the Divine Martial Realm was seven or eight levels higher.

Even if Long Chen's combat strength was equivalent to that of his The First Stage of the Divine Martial Realm, he was still more than four levels away from Su Tian.

Even Sword Fighter who had extremely outstanding comprehension in the way of the sword, were strong in the same realm, and could even surpass one level. For example, the kind that could amplify strength by ten times, but was definitely unable to surpass the fourth level.

This was something that had never happened since time immemorial.

Thus, even if Long Chen's Blood Escape had increased, there was still a long distance between him and their speed. If it wasn't for Dugu Jun controlling them with her strange lonely domain, Long Chen would have already been caught up to.

"Blood Escape has been upgraded, I won't have to worry about anything in the future. If I can break through to the Divine Martial Stage, then, no matter what aspect, there will be an incomparably huge breakthrough. At that time!"

Long Chen was alone, moreover, Ye Xuan was being held hostage by the other party. Long Chen actually understood in his heart that if he were to face their combined attack, he would probably not be able to hold on for long, and Ye Xuan would probably be threatened by the other party as well!

Long Chen hated threats the most. Now that his new good friend was in someone else's hands, as long as he thought of it, his hot blood would gradually boil.

"It's good now. My blood escape rate has increased. I should be able to reach the City Lord's Mansion in five days!"

Long Chen was determined to make it to the City Lord's Mansion before the fifteenth of the eighth month!

A ray of bloody light pierced through the Nether Battlefield. The people who were walking along the way could only see a blood-red light appear in the distance. It instantly flashed by and then disappeared. To them, this was just an illusion.

Five days later, Long Chen saw the dark green formation.

In the end, the Five Great underworld general s still did not catch up.

Turning his head back to look in the direction of the Blood Sea, Long Chen clenched his fists and said, "Ye Xuan, wait for me there, and Grandfather Dugu as well!"

After saying that, Long Chen turned and entered the array.

August 15th, brightly lit.

The families of Ghost City were all very happy. After nightfall, the entire Ghost City was quickly immersed in the sea of lights, and bright lights were everywhere. Under the control of the Symbol Master, all kinds of lights were being lit in the silent night sky.

In the center of the Ghost City's City Lord's Mansion, there was a tower called the seven-colored pagoda, which was like its name. Especially today, with the people of the City Lord's Mansion

meticulously decorating the tower, the entire seven-colored pagoda had become the symbol of the Ghost City.

When it was deep into the night, there were still people watching the light of the seven-colored pagoda.

The head of the python stretched all the way to the top of seven-colored pagoda's tower. The height of the python was more than a thousand meters high but of course, this python was also built by the Symbol Master s of the City Lord's Mansion using a few small techniques and spirit talismans.

The entire night, was filled with laughter, this was Ghost City's most lively day.

The lights on the big sister's body flickered. All kinds of programs were being played. Laughter could not be heard, and children held fireworks as they walked back and forth, laughing.

Standing at the top of the Seven Colored Glazed Iron Tower was a pavilion that overlooked all the lights in Ghost City. Below, one would think that the Seven Colored Glazed Iron was the most beautiful one, but from above, one would discover that the ocean of lights below was the most beautiful and magnificent.

At the top of the pagoda, the wind was relatively strong. However, other than flicking the clothes, there was no other effect for the two people here.

A man and a woman, the man was mature and handsome, both attractive and charming. The woman's long skirt fluttered in the wind, her skin snow-white, she was like a fairy from mythology.

Looking at the magnificent scenery below them, the two of them were silent for a very long time. Not a single word was spoken, the fierce wind blew Ye Xuan's long skirt, causing it to make a rustling sound, and the purple dress flew up, but it still firmly blocked her snow-white skin, and his exquisite face, without a trace of time. On the journey of cultivation, Ye Xuan still had a lot of space to improve, so in reality, she was still considered very young.

Su Mo, who was at the side, was slightly weaker in terms of potential and had already walked the path of a middle-aged man. In reality, they were about the same age, but it seemed like Su Mo was older than Ye Xuan.

"Another year of glory has passed. In the blink of an eye, so much time has passed. The two of us have known each other for so long, yet we have actually passed over a thousand such festivals together."

To cultivators, a year's time would pass in the blink of an eye. It was as if last year's flame had just extinguished yesterday.

Seeing Ye Xuan speak, Su Mo turned his head and looked at her for a while. His face revealed a calm gentleness and there was a dotting look in his eyes.

"Yes, ten years passed very quickly. You are still young and beautiful with unparalleled beauty in this world, but I am already old."

At this point, Su Mo shook his head, his face full of helplessness.

Ye Xuan bit his lips lightly, then released his. She didn't look at Su Mo, but said firmly: "I'm sorry, I've delayed you, but I can't go back on my oath. Although it's a joke, but the two of us have already taken it seriously, after taking it seriously for so many years, I can only continue to persevere, or else, I feel like there would always be a barrier in my heart. I can't pass it myself, Su Mo, am I have a problem with that?"

After saying these words, Ye Xuan's heart was actually struggling.

Unfortunately, because of a decision, they had played a joke on each other, and even now, they had not gotten close to each other. A long time ago, there was a conflict between families, and the Su Family and the Ye Family were originally enemies, but with their current level of strength, if they were to truly live together, then no one would be able to stop them, especially Ye Xuan, he was the strongest in the Ye Family.

After hearing it, Su Mo shook his head and laughed, saying, "It's not your fault, it's my own lofty aspirations. I tied a death knot for myself, I can't pass this trial, and I don't have the face to marry you. Don't think too much into it. Didn't I already say, I feel that the wind tribulation is almost here. In the last twenty years, I will be able to break through to the same realm as you. "

As he said that, Su Mo was filled with confidence.

"Is that so?" Ye Xuan's lips moved, and an unknown light flashed in his eyes.

As the night gradually deepened, Su Mo looked at the exquisite body at the side, which had finally revealed its curves, and felt that his throat was already thirsty. He knew that it was not the right time yet, so he calmed himself down, and the two of them gradually sat down on the high balcony.

Suddenly, Ye Xuan's face revealed an expression of reminiscence.

"I don't know if you remember, when we were young, the victor of the Cloud Dragon Battle in the prefecture city was given the precious Cloud Dragon Pill, only the warriors of the younger generation could participate. At that time, the two of us fought until the final battle, and then, we fought on the arena."

Chapter 972 - Ye Xuan, I love you

Su Mo laughed involuntarily, and then fell into nostalgia, and said: "Why do you still remember this? It's been so long, to the point where I don't have an impression of it anymore. "If you hadn't brought it up ..."

When he mentioned this matter, Su Mo's eyes showed obvious struggle.

Ye Xuan did not look at him, and sat one meter away from him. Ye Xuan merely looked at the lights below him and continued: "At that time, you were already stronger than me, but you let me win the Cloud Dragon Pellet, and then let me get the Cloud Dragon Pellet. "You were really pitiful back then ..."

Speaking of this, Ye Xuan began to giggle.

The beautiful laughter of a nightingale added a lot of beauty to this night filled with lights.

Su Mo could only lower his head in guilt, and laugh along with Ye Xuan. However, his smile was a little awkward.

"There is something even more important. Once, when I ran away from home and went to the East Palace, I was almost killed by someone else. It was you who saved me, and brought me back from there, and this is the deepest thing in my memory. To this day, I still have not thanked you, but I have it in my heart.

After she finished speaking, Ye Xuan looked at the man beside her, her eyes shining faintly with tears. This was the most touching thing she had ever done in her entire life.

Even though so many years had passed and so many things had happened, Ye Xuan was still like a child. His eyes were so clear, and, himself, was no longer the hot-blooded youngster who abandoned everything, including his dignity and future, because he liked a single person.

This world, power and conspiracy, had long since washed away his soul, turning it into a muddled mess.

"Haha, actually, I didn't remember that. It was all in the past. We were good friends then, so it is only right that I save you. I believe that even if you were here, you would do the same." "However, you should not know either. After saving a genius like you, I was properly punished after I returned." Su Mo said somewhat sorrowfully.

"Punishment?" Ye Xuan frowned, he did not know about this.

"After that, I don't think I saw you for half a year."

"En, yes," Su Mo nodded his head, and said: "Because in that half a year, I was recuperating from my injuries, and got beaten up. Our Su Family's inheritance has always been like that, and once we did something wrong we would be punished, just like me, who was a little rebellious when I was young.

Speaking of this, Su Mo's face revealed a very casual expression.

Ye Xuan shook his head. The Su Family's competition rules were indeed much crueler, especially after Su Mo fell in love with the genius of the enemy family, he was basically rejected as a person. All these years, if it wasn't for Su Mo's hard work, he wouldn't have been able to stand out, having the status and achievements he had today.

The two continued to chat, it was all about the things that happened back then. When these matters were brought up and recalled, it was truly hilarious.

Very soon, it was midnight, the night wind was cold and howling past, yet Ye Xuan and Su Mo had already subconsciously moved closer by quite a bit. In the midst of their laughter and conversation, struggles flashed across Su Mo's eyes again and again, but in the end, they were still unable to hide the coldness within the depths of his heart.

"What happened to you? Why are you trembling?" Suddenly, Ye Xuan stopped smiling and looked at the pitch black sky in the distance. The strong wind blew up the hair by her ears, revealing her white cheeks.

"Hmm?" Su Mo shifted his body awkwardly and asked: "Is that so?"

The two of them did not continue with this topic. Su Mo smiled and said: "It's almost time. I'll give you a good surprise.

Ye Xuan's eyes lit up, his face revealed a peaceful smile, and he said: "Hurry."

Su Mo was mysterious. With a wave of his hand, a few booms suddenly sounded out in the deathly still night sky.

"Look ahead." Su Mo pointed to the night sky in front of them.

Ye Xuan immediately looked over.

Beams of colorful fireworks shot up into the night sky, forming a few large words in the sky.

"Ye Xuan, I love you."

There were another two kids behind him, and they were labeled as Su Mo.

In that instant, there should have been millions of people in the entire Ghost City who saw this magnificent display of fireworks. Those few big words were bold and concise, exactly like Su Mo's style of handling things.

Ye Xuan was suddenly stunned.

Suddenly, those fireworks disappeared very quickly. However, in her heart, she was unable to calm down for a long time.

Seeing that she was deep in thought, Su Mo did not disturb him. In reality, in the eyes of the citizens of the entire Ghost City, Su Mo and Ye Xuan had long ago become a pair made in heaven.

Su Mo knew that this bold move of his would definitely cause Ye Xuan's heart to loosen a little. Indeed, once Ye Xuan had relaxed slightly and acknowledged him, he would then be able to take the most crucial step, and that would be the GuoTian Xiang Dan.

To be honest, all of the preparations he had made tonight were all for the GuoTian Xiang Dan.

"About that, I have another gift for you."

Su Mo stammered. As long as Ye Xuan was not prepared at the beginning, when he took out the GuoTian Xiang Dan, opened the box, pinched the broken pill, and let the two of them bathe in this atmosphere, not only Ye Xuan, but he too, smelled the GuoTian Xiang Dan's scent and fell into a sea of lust.

"Wait." At this time, Ye Xuan waved his hand and said, "Don't gift me anything. I have some things to tell you in my heart."

"Uhh ..." Su Mo was stunned. He had created this opportunity with great difficulty, and just like that, he had missed it, so he insisted: "Let's talk about it after I give this gift to you, shall we?"

"All these years, I've received a lot of gifts from you, Su Mo. Today is the fifteenth of the eighth month, and the few words just now were the biggest gift you ever gave me. I was very touched, so I decided to take care of some of the things that were pressing down on my heart, and wanted to ask you about them."

Ye Xuan's emotions seemed to be a little agitated, she had made up his mind. The things Su Mo had prepared earlier had moved her greatly, and even Su Mo himself had not expected that.

"You're nervous." Ye Xuan stood up, and stood in the very center of the tower top. Su Mo could only helplessly follow her, and saw that it was about to succeed, but Ye Xuan suddenly changed.

"No, which one?" At this moment, within Ye Xuan's discerning eyes, there was a gaze that Su Mo could not look straight at. The beautiful woman under the moonlight actually made Su Mo feel a sense of inferiority.

Ever since he was young, he had never felt this way.

I'm sorry. "Ye Xuan shook his head, looking somewhat painfully at Su Mo, and said:" All this while, what I have liked is a kind of pure love, to like a single person being good to me, and to live such a simple life, the you from a very long time ago, would do anything foolish for me. Even if it was your life, you would be willing to give it up, and at that time, I would also like you because I thought that we would definitely have a very beautiful future.

Su Mo's heart thumped, as if he felt that there was nothing that could hide from Ye Xuan's gaze. All the secrets in his heart, were all exposed under Ye Xuan's eyes.

"What did you say?" Su Mo laughed awkwardly.

All sorts of women, the things you're hiding from me are more and more. You're making me more and more difficult to see through, and I have no choice but to carefully deal with you; even today's you still have the scent of that Su Xue girl on your body. Su Mo, do you know why I haven't let you touch me in all these years? I am stronger than you in being careless. I can sense many things that you did not expect. "

The question stunned Su Mo.

It was as if Su Mo was struck by lightning on a sunny day.

In fact, he often asked himself why did he give up so much yet not get this woman. Sometimes, he felt that he was unreconciled and felt that Ye Xuan was just being arrogant. It turned out that in the other party's eyes, he had long ago become different from the him that he was before.

"So, even to this day, we still don't have any good results." Ye Xuan bit his pink lips, his voice filled with sorrow.

Su Mo retreated two steps, he did not know what he could say at this time, and his heart was thrown into chaos as he took two steps back, his expression gradually became somewhat sinister. He raised his head, and asked: "You will only blame everything on me. If I didn't pay so much for you and you still didn't accept me, would I have lost all hope, and wouldn't even be able to control my own body?"

Besides, even if I had the scent of other women on me, I was a normal man and I needed to vent. You changed me. "

At this point, Su Mo was moved, and he forgot about the GuoTian Xiang Dan s.

Ye Xuan was a little helpless, and said: "But didn't I clearly explain to you at the time, that your strength was a step behind mine, and that as long as you could make it, my family would recognize you, and we would be able to resist together? Don't spread the cause of the problem on others. It's your own problem that you can't hold on to yourself. "

Chapter 973 - Final Gift

Actually, there was no definite conclusion as to who was right and who was wrong.

Seeing Ye Xuan, who was looking at him with a disappointed expression, and adding on the words of the other party, Su Mo's gaze gradually turned blood-red. A devil gradually brewed in his heart, and he opened his bloody mouth.

Su Mo laughed coldly, and said: "That's right, I was disappointing. I, Su Mo, am indeed useless. But have you ever thought about it? It's all because of you that changed my life, pushed me away from my family, caused me to suffer so much, and every time I get beaten up, I never told you about it. On the contrary, you could just obediently stay at home and wait for your man to strive hard to win you over! "

Ye Xuan didn't feel good about this, and the argument between the two of them gradually escalated.

"Didn't I put in a lot of effort? Just like you, I'm also not willing to say it. It's obvious that you didn't persevere, yet have so many excuses, could you still be considered a man? "

Before today, Su Mo was still very courteous in front of her, but after the mask was taken off, everything had changed.

To be honest, there was only one man in Ye Xuan's heart, and that was Su Mo. However, just as the two were about to succeed, the other side seemed to have become a completely different person. She felt very upset, but when they could be together, she shrank back, because she felt that the person in front

of his was no longer the person he liked, but rather someone who liked his, and there was too much resentment and revenge in his heart.

"I'm not a man?" Su Mo laughed in a flustered and exasperated manner. He laughed very loudly, then looked at Ye Xuan coldly and said: "Do you doubt this? Ye Xuan, don't pretend to be noble in front of me. Honestly speaking, I have already seen through you. I, Su Mo, have as many as I want, playing one every night, and I have not made any changes yet. I have accompanied you by your side for so many years, just so that you could let go of your guard against me, but I did not expect that in your heart, I was actually this image, sad, sad ... The last gift I prepared for you, would not be of any use. From tomorrow on, I will apply to leave the Ghost City, but there is no result from persevering for so many years, I will not be able to stay here any longer. "

Amidst the mockery, the last trace of malevolence was actually hidden deep within Su Mo's eyes.

His words were seventy percent true, and thirty percent false.

Ye Xuan retreated two steps back in a daze. She had realized that his confession tonight might not have made the other party turn around and instead, let him leave his completely, so the feeling of parting with his was extremely painful. She looked at the man in front of his who looked to be in extreme pain.

"Don't worry, I'll give this gift to you, then I'll leave." Su Mo took two steps forward, feeling a little nervous in his heart, because he had finally found another opportunity. He knew that the current Ye Xuan must have been extremely broken down, and his consciousness was muddled, and he might even be sad. In this kind of situation, she definitely wouldn't have taken much precautions against him, and taking out the GuoTian Xiang Dan at this moment would definitely be effective.

"Slut!" I'll let you stand tall, let you step on me! When you are struck by this heavenly beauty, I will make you look like a hundred tricks in the tallest place in Ghost City, I really want to see, when you are panting under my crotch, you still dare to use your noble gaze to look at me, Su Mo! "

Thinking about all these, Su Mo became extremely excited.

Seeing the fireworks Su Mo had meticulously prepared for his, she had actually wanted to voice out all of the doubts in his heart. As long as Su Mo gave a reasonable explanation, there would be no gap between the two of them, but she never thought that it would end up as a quarrel between two people, and then, it was Su Mo's decision to leave.

Ye Xuan felt an empty in her heart, and an unnamed sense of loss, which caused her to feel at a loss in her heart. She stared blankly as Su Mo approached her, stared at him blankly, and was just about to take it out to give him the final gift.

"For this gift, I've already prepared for more than ten years already. I was looking forward to being able to propose to you today. I never thought that there would actually be such an ending. As expected, I, Su Mo, do not have this kind of life," Su Mo said self-deprecatingly.

With these words, Ye Xuan looked forward to the present even more.

In her eyes, there was no trace of wariness.

"A good chance!" Su Mo's eyes turned cold. He was just about to take out the GuoTian Xiang Dan s, as long as he could take them out and crush them, his fantasies would not only be about this proud and noble woman, but also the most important inheritance of the God Slayer Art.

"You don't know, I've stayed by your side until today. The one I actually want is not you, but the God Killing Inheritance!" Su Mo laughed in his heart.

Just when they were about to succeed, they could feel with their divine sense that someone was quickly rushing out from under the tower.

At the most crucial moment, it was actually interrupted.

"Who?" The two of them split up a few steps to look down, and very quickly, a figure slowly walked up from within the darkness. It was a youth covered in blood, his face was pale, without much blood, and his body looked extremely weak.

Most importantly, on the youth's shoulder, there was a girl dressed in a Nether Armor. Currently, the fresh blood from the girl's body dripped onto the ground; the girl had long since fainted from severe injuries.

"Long Chen!"

"Su Xue!"

Ye Xuan and Su Mo let out exclamations of shock. Actually, if they had wanted to use their senses to check, they would have discovered Long Chen a long time ago. It was just that they had been focused on their own matters and didn't pay attention to the movements below.

It was very obvious that Long Chen had injured Su Xue and then directly brought her here.

What had happened?

Ye Xuan's face changed, he had already recovered from the state he was in just now.

Actually, Long Chen had already used the Spirit Devouring Demon Pupil to sweep his eyes over them, and discovered that Su Mo did not succeed, which was why he slowly walked over with a peace of mind. At this moment, the corner of his mouth had a trace of a mocking smile.

"Long Chen, what's going on?" Ye Xuan's mind was in a mess as he asked quickly.

He still did not know what was happening in the Nether Battlefield, except that Su Xue was his subordinate, and she was even his woman, yet she was being held hostage by Long Chen like this, so he definitely felt uncomfortable in his heart. The moment he saw Long Chen, Su Mo immediately made his move, but Ye Xuan was even faster than him.

Long Chen put Su Xue down, and then, the sword floating blood gently placed it on Su Xue's neck. It stood beside Ye Xuan, and with a pair of cold and bloodthirsty eyes, it looked at Su Mo without restraint, and said with a cold smile: "Coming back from the Nether Battlefield, I have obtained many shocking secrets, and from Su Xue's mouth, I also understood your plans Su Mo. Master, you must protect my life well, and don't let this Su Mo act against me, so I can tell you in detail every single secret that you don't even know."

Long Chen's words caused both Ye Xuan and Su Mo's expressions to change.

Ye Xuan changed because Long Chen said that he still had other secrets and Long Chen had just returned from the Nether Battlefield. Where were Ye Xuan and Dugu Jun?

As for Su Mo, he had his own shocking secret, especially in the Unholy Blood River. This Long Chen had been to the Unholy Blood River before.

Su Mo's eyes gradually turned red. Actually, if he really wanted to kill someone, kidnapping Su Xue was completely useless.

From Su Mo's eyes, Long Chen could see this point.

"What are you going to say?" Su Mo's words carried a strong mental pressure. If it was a normal Heaven Martial Stage, Su Mo could force the other party to death with a single word.

Unfortunately, because of what Long Chen said earlier, it was already under Ye Xuan's control.

"Let him finish speaking. Don't be in such a hurry to act. He will give you an explanation for kidnapping Su Xue." Ye Xuan protected Long Chen, and retreated a few steps. She was leaning so close to Long Chen, so no one could kill him under such circumstances.

After everything was safe, Long Chen rubbed a deep bloody wound on Su Xue's white neck. He swallowed a mouthful of saliva, and with an icy cold smile on his face, he said: "First, the secret was obtained from Su Xue's mouth. With the light of the fifteenth day of the eighth month, a person has an important plan, and that is to borrow the strength of a certain beautiful city master's time to take out the meticulously prepared third grade divine pellet — — GuoTian Xiang Dan, the ultimate killing technique of the legendary Silver Demon.

"GuoTian Xiang Dan?" Ye Xuan frowned, and quickly thought of the name GuoTian Xiang Dan, her expression changing. Ye Xuan was a little sad, and even looked at the other party in disbelief, and asked word by word: "Su Mo, is your so-called gift, this GuoTian Xiang Dan?"

's mind went blank. He retreated a few steps back in fear, his face dark as a vulture, not daring to reply.

Seeing Su Mo's situation, Ye Xuan knew that all of this was real. In an instant, her tears began to flow, and his heart sank to the bottom.

Was this devil in front of him still someone who had liked him back then, someone whom he had liked as well?

"Don't be in a hurry to cry, this is just an appetizer. Let me show you how evil he is." Long Chen said.

Reddit

Chapter 974 - Old Devil Su Zhen

Hearing Long Chen's words, Su Mo's face darkened.

He knew that Long Chen had returned from the Nether Battlefield, but he did not know what exactly had happened in there.

"Could he have known about what happened in the Nether Blood Sea? Along the way, there are quite a few powerful nether beast that ordinary people are unable to penetrate deep into that place. It would be impossible for even Dugu Jun to find them, so there is no way that the little guy would know. "

Although Su Mo wanted to quickly finish Long Chen off, the problem was that Long Chen was currently under Ye Xuan's protection.

Ye Xuan wiped away the tears at the corner of his eyes and calmed his mind. She looked Su Mo in the eye, waved his hand, and said to Long Chen: "Just tell me what you know. Behind me, no one can touch you."

In this Fifth Stage of the Divine Martial Realm, behind the experts who had passed through the wind tribulation, Long Chen could feel a vast and limitless power from her body, as if this woman's body was hiding the power of the entire world. If she was to release his power, Long Chen reckoned that standing in front of him, would be enough to suffocate him.

It could be said that the Four Great Foundation Realms were the foundation of the three great martial realms. Among the three great martial realms, the Earth Martial Stage and the Heaven Martial Stage were the foundation of the Divine Martial Stage, and everything was being prepared for the Divine Martial Stage. As long as one reached the Divine Martial Stage, they could be considered to have truly stepped into the next room, and would have the qualification to be known as an expert.

The difference in strength from The First Stage of the Divine Martial Realm to Ninth Stage of the Divine Martial Stage was similar to the difference in strength between the point where Long Chen was powerless in his hands and the point where he was unable to wield his current strength.

After listening to Ye Xuan's words, Long Chen was completely confident, and had even kidnapped Su Xue, the hostage.

Su Xue was the accomplice of the tiger. The GuoTian Xiang Dan were all provided by her, and this kind of person was not worth forgiving.

Earlier, when Long Chen came out of the Nether Battlefield and was about to enter the City Lord's Mansion, he encountered Su Xue. If he could not defeat Su Xue, he would definitely call for people to kill Long Chen.

In the Netherworld Army, there were still many Second Stage of the Divine Martial Realm warriors that Long Chen could not deal with.

"The secret I want to tell you. Listen carefully. It might be a huge blow to you, but I'm sorry. If you keep these things in the dark, it will only harm you even more."

Long Chen's words caused Su Mo's expression to change once again. What he did not want to happen gradually became a reality.

Thus, under Ye Xuan's protection, Long Chen began to uncover the secret of the Red Lotus Jade Pendant.

"Grandpa Dugu helped us block the Golden Horn Silver Shark, but we were swept away by the huge waves created by the Golden Horn Silver Shark. When we woke up, we discovered that we were already at the bottom of the Nether Blood Sea. We heard from Ye Xuan that your Ye Family's heirloom, the Red Lotus Jade Pendant, is related to the Red Goblin Lotus. We were pleasantly surprised, thinking that we had obtained a treasure, but when we got closer, we realized that the Red Goblin Lotus had withered away, and the lotus seeds on the lotus seat were also gone. And on this lotus seat, we discovered a hole that we could fit into your Red Lotus Jade Pendant! "

When Long Chen said till here, he already lowered his head, his fists tightly clenched. The thing he hoped the most would not happen was for Long Chen to know about it.

Hearing the grooves on the Red Lotus Jade Pendant, Ye Xuan's body trembled, as if he remembered something.

"You guessed right, when I touched the groove with my hand, there was a message. It was that any descendant of I, Ye Wushang, with the Red Lotus Jade Pendant, can open the God Slaughtering Tomb. After passing through many obstacles, they will obtain my Ye Wushang's inheritance treasure!"

Hearing this, Ye Xuan suddenly turned his head, looked at Long Chen in a daze, and said: "What you're saying is, the inheritance of the God Slayer Ye Wushang is buried in the Blood Sea, and my Ye Family is also a descendant of Ye Wushang!"

"You're right, it's absolutely true. Ye Xuan and Grandpa Gu have both confirmed this point." Long Chen said as he nodded his head. At the same time, he was also observing Su Mo.

Ye Xuan's eyes were blank for a good while, as he looked at Long Chen blankly. She seemed to have heard of similar things before, but he didn't expect that it would actually happen today.

This matter, for Ye Xuan, could be considered as an attack.

However, for her, the impact was yet to come.

"Master, I believe you understand, under someone's protection, the God Killing Inheritance has already been for many years. Whether it's the ten years of following you or the GuoTian Xiang Dan tonight, all of them are undoubtedly doing the same thing for you. And then, you get the right to use the Red Lotus Jade Pellet to open the God Slaughtering Inheritance and take it for yourself. At the same time, the matter of Ye Xuan being assassinated was extremely obvious. If you were to pass on the Red Lotus Jade Pendant to Ye Xuan, wouldn't all his years of effort be in vain? Therefore, he will definitely avoid this matter from happening. You should accept this fact. The man standing in front of you might have once loved you, but the current him is only a beast devoured by desire and darkness. "

Long Chen took a deep breath, and practically said word by word as he finished narrating everything.

Ye Xuan listened in a daze. She was not an idiot, when he found out about Ye Wushang's matter and contacted the GuoTian Xiang Dan from before, she had already guessed it. The facts were exactly the same as what she had imagined.

She had almost fallen into his trap.

The current Ye Xuan felt as if the entire world had left her. Her shoulders twitched for a while, and he looked extremely helpless. However, after taking a deep breath, she had already confirmed the reality that she was a laughable woman.

Without any reason, Ye Xuan chuckled a few times, her gaze gradually turned cold as he stared at Su Mo, forcing himself to make his voice sound cold and stern, and said: "Su Mo, do you have anything else to say?"

Su Mo shook his head, looking very straightforward, and said: "He's already finished, I have nothing else to say. This is the truth."

Su Mo took a deep breath and said: "Since you already know everything, from today onwards, we are enemies. The next time we meet, we will meet on the battlefield."

"Can you walk?" Ye Xuan took a step forward. She had not made his move, but if she did, there would definitely be a huge commotion.

"Are you in a hurry to attack me right now? Indeed, after so many years of love, even if I risk my life multiple times just to help you, it's still nothing more than a joke." Su Mo laughed a little sarcastically, the color of blood in his eyes slowly becoming sinister.

However, very quickly, she became determined, and said: "Long ago, when you took my Red Lotus Jade Pendant, everything was over. Just for this thing, you could even casually assassinate my brother, which means that there is no love in your heart anymore, this road originally requires two people to persevere, you are no longer here, I should also leave."

You're gone, and I should go.

When these words came from Ye Xuan's mouth, it was especially painful.

"If that's the case, then see you next time." Su Mo laughed, and said somewhat indifferently. He might even be punished. After all, he was not the strongest person in the Su Clan.

"You want to just leave like that?" Long Chen knew that Ye Xuan and the others were still in the other party's hands.

"What do you want? What about using this woman to threaten me? Hehe, just kill as many as you want, but there's one thing you think I don't know about, kid. Since you have escaped, that means Dugu Jun and Ye Xuan have not escaped. The Nether Battlefield is my territory, and they are currently under the control of my five great underworld general s, right? "

After he finished speaking, Su Mo smiled.

What he said was right, Ye Xuan was in his hands, and if this were to happen, then Long Chen and Ye Xuan's side would be in a passive position.

"Return my brother!" Ye Xuan knew the severity of the matter. She looked at Su Mo with her sharp eyes, and a power that could shake the soul was released.

"When you've decided that you want to give me the Red Lotus Jade Pendant and offer yourself to me, you can tell me about your brother." Su Mo said with a smile on his face like a dead pig that was not afraid of boiling water.

"You!" In Ye Xuan's eyes, Su Mo's status and image had already dropped to the lowest point.

Long Chen also understood that since Ye Xuan was under the other party's control, this matter would be rather difficult to resolve. His mind raced as he thought of a solution.

It would be difficult to sneak in and rescue Ye Xuan at the entrance of the Nether Battlefield under the control of resistance.

The only way, was for Ye Xuan to steel his heart and directly subdue Su Mo.

"If that is the case, I can only make a move against you." Ye Xuan clenched his teeth, and walked towards Su Mo step by step.

"Wait." Su Mo suddenly waved his hand.

Just at this time, a strong pressure descended onto the entire Ghost City.

"Young lady of the Ye family, nice to meet you." An old voice that was filled with magnetism rang out, and in a short moment, a person stood beside Su Mo. This person looked to be an extremely ordinary looking old man with a bent back, ruddy complexion, and bright hair. This old man was wearing an ordinary white robe and had a charming smile on his face. Regardless of his identity, it was likely that he was just an ordinary old man.

"Su Zhen!" Seeing this old man, Ye Xuan's face became extremely ugly.

Although he looked kind, but he was ruthless, had killed many people, and had a weird temper. In the past few thousand years, the number of people that had died at his hands, was estimated to be in the hundreds of thousands, and he was worthy of being called the devil of Netherworld Army. The elder-class figure who possessed an absolute deterrence in the entire Netherworld Army, her position in the Netherworld Army was only weaker than the mysterious Emperor of the Underworld, she was one of the Underworld Emperors — Su Zhen!

Chapter 975 - Handicap

At the same time, Su Zhen, was the Su Family's most respected person, and his position was even above the Su Family's current Patriarch and Su Mo!

Su Zhen, in Fifth Stage of the Divine Martial Realm, a person who had already passed the wind tribulation a long time ago, had not made any progress in his cultivation for over a thousand years. He was a genius like Ye Xuan, and although he was in the same realm, he had more than a few thousand years of battle experience and research time.

After the previous generation's Patriarch of the Ye Family had fallen, the Ye Family had always been suppressed. Knowing that Ye Xuan had reached the Fifth Stage of the Divine Martial Realm, he practically created a legend of the fastest person to reach the Fifth Stage of the Divine Martial Realm in the Nether Palace.

Ye Xuan was the strongest in the Ye Family, and this smiling old man was the strongest in the Su Family.

Looking at Su Mo's respectful attitude towards this man, Long Chen could roughly guess that this old man was the Old Demon of the Su Family.

"There are hostages!"

Once he arrived here, Su Zhen saw the hostage in Long Chen's hands. He extended his hand and grabbed the air, causing Long Chen to suddenly lose control of himself, with a ripping sound, Piao Xie swept across Su Xue's white neck, cutting open her windpipe, her esophagus, and even cut off half her head.

Long Chen had no choice but to keep Piao Xie.

However, Su Xue's injuries were already too severe for her to bear. In front of such huge injuries, her physical body had already died, and quickly declined, and on Su Xue's head, a white light flashed, and a little white person who looked around at a loss appeared. This little person was extremely terrified, and looked around the same as Su Xue, and it was likely that Su Xue's Divine Martial Spirit, was able to hold on for a while after her physical body died.

However, the pressure on the side of the Three Great Imperial Domains seemed to be a little greater. Even if it was the Divine Martial Spirit, it was impossible for them to exist for too long a period of time.

"Hostages are a disgrace, Divine Martial Spirit cannot let them go." As he spoke, the Su Zhen old man once again reached out with his hand.

At this time, Ye Xuan blocked in front of him, took out a transparent crystal bottle, and placed Su Xue's Divine Martial Spirit inside. After packing up, he glared at Su Mo and Su Zhen hatefully.

"You even killed your own people, Su Zhen. You are simply insane."

This old man had also caused Long Chen to be deeply shocked, and even he himself was unable to achieve such a feat.

It's just a The First Stage of the Divine Martial Realm, there are many practitioners like us Su Family. Becoming hostages is the trouble of the Su Family, giving her death, just so that she won't implicate the Su Family, can be considered as her honor. However, our hands seem to have the same quality as the holders. I just came back from the Nether Battlefield, and as for that Dugu Jun, hehe, you can only find him under the Yellow Springs. " Su Zhen laughed heartily.

Long Chen and Ye Xuan's expressions immediately changed.

Long Chen clenched his fists. He knew full well that he was not his match, otherwise, he would definitely not be able to hold himself back.

"You killed Grandpa Dugu?" It was not that she did not live up to expectations, it was just that she viewed this old man with too much importance, he had already followed the Ye family for a very long period of time, when Ye Xuan was just a child, Dugu Jun already existed. He was initially prepared to spend the whole of his youth, but Ye Xuan actually sent him to protect Long Chen and Ye Xuan.

"Who said I killed him?" Su Zhen laughed and said, "It's just that this old fellow overestimated himself and desperately wanted to snatch the Ye Xuan in my hands away. In the end, he exhausted his True Essence and died during the battle against the five great underworld general. When people get old, it's really not okay, but it's a pity that he's risking his life, and Ye Xuan is still in my hands!"

After Su Zhen arrived, Su Mo lowered his head and did not say a word.

To Long Chen, although his relationship with him was not deep, such a good person, in order to save the two of them, actually lost his life. When he thought about the affectionate gaze of the old man, Long Chen felt that there was a bomb buried deep in his body, causing his anger to rise.

Ye Xuan did the same at the side.

In this kind of super high level competition, Long Chen was simply unable to release any power, which was why he was so eager for power. If he could have the power of Divine Martial Stage, then it would be good enough, at least he could be of some help.

But unfortunately, the current him was completely unremarkable.

Dugu Jun's death had already touched Ye Xuan's bottom line. If she could still endure Su Mo's betrayal, then she definitely could not tolerate Dugu Jun's death.

At this moment, there was a kind of undulation that caused Long Chen's heart to palpitate. He took a few steps back, and what he saw was that, at this moment, Ye Xuan's impeccable face actually had a total of three blood-red scars that intersected each other. This did not affect her beauty.

"Are you angry? Do you want to make a move? But, it's still not the time." Su Zhen showed no signs of worry. He waved his hand at Ye Xuan and said: "Seven Killings Bloodline, you actually already awakened three of them. Your previous generation's Patriarch, even after spending several thousand years, had only managed to awaken three of them."

With Ye Xuan in my hands, his life and death are under my control. If you don't want him to lose an arm or a leg, in the end, listen to me, and do whatever I tell you to do, then you can do it. Of course, I won't make things difficult for you, because Solitary Monarch is only a small character, and in the face of true benefits, he's insignificant, and I think we have a common topic to discuss."

After saying all that, he was waiting for Ye Xuan's reaction, but it was as if Ye Xuan did not hear what she had said.

"Do you understand me? Your Ye family is the descendant of the God Slayer, and we are the founders of the mausoleum. We all have the qualifications to compete for the God Slayer Inheritance, so other than us, no one else is qualified. So before we work together to open the God Slayer Tomb, I don't like anyone else knowing the whereabouts of the God Slayer Inheritance, including our Palace Chief and the Emperor of the Underworld. But, if something that displeases me happens, let me tell you, Ye Xuan, your brother's life is definitely not safe, you know, I, Su Zhen has many methods, all of them are methods that would cause a person's life to be a hundred to a thousand times more painful than death. As long as I give the order here, it would be enough for you to suppress your current killing intent, if you want to fight with me in the God Slaughtering Tomb, I will accompany you! "

Su Mo's plan had already completely failed. They couldn't possibly obtain the God Killing Inheritance through possessing Ye Xuan's body, so Su Zhen could only use one method now, and that was to cooperate with the Ye Family. Their qualifications were exactly Ye Xuan's life.

Everyone knew how much Ye Xuan valued this little brother. As long as they had Ye Xuan under their control, they would not have to worry about this beautiful master not giving in.

"After we have decided on the time, we will come to notify you. Within ten days, we will open the God Slaughtering Tomb. Do you want to come alone, or do you want to summon all the powerful warriors of the Ye Family? " After Su Zhen finished speaking, he started laughing loudly. He no longer spoke, and brought Su Mo along, the two of them flying directly into the darkness, leaving Long Chen and Long Chen standing there in a daze.

Long Chen knew why Ye Xuan had not attacked here; there were two people in the opponent's group, and she was the only one. It was clear that if he attacked forcefully, not only would she not be able to save Ye Xuan, she would also likely lose his life here.

Therefore, she could only suppress the news that Ye Xuan had been captured and the lonely Jun had already died, and keep it in her heart.

Looking at this woman who was at a loss, Long Chen knew how much pressure she was currently under.

Among them, the thing that she couldn't believe the most was Su Mo's betrayal. This matter was like a knife, stabbing into her heart. The blood veins on Ye Xuan's face had already disappeared, and she was staring at the vast night sky in a daze.

Long Chen pursed his lips and thought for a bit, then said: "Their goal is to kill the God Killing Inheritance, and Ye Xuan is in his hands, so it will be very troublesome. If you were alone, you would definitely not be a match for their entire clan, do you want to call all the Ye Family members that are in your city to come over?"

Long Chen's words pulled Ye Xuan out of his thoughts and brought him back to reality.

"What happened has already happened, no matter if it's reminiscing or hating, it's useless. Right now, the most important thing is to rescue Ye Xuan. I believe that he should be allowed to pass on the events that have happened. He should be allowed to look forward, and I believe that in your heart, Su Mo should have long been dead, and Ye Xuan is the person you should be protecting right now. He would never betray your brother. "

Ye Xuan turned around, and his eyes gradually woke up. From his usual gentle and beautiful appearance to the state he was in today, her mental state had undergone a huge change. For her to grow to this point, what he did not lack was icy cold blood.

"You're right, Su Mo, there's nothing left for me to reminisce about. The most important thing right now is my brother's life. Of course, if we were to obtain the God Slaying Inheritance from the Su Family, it would be a disaster for our Ye Family. Our two families have been facing each other for so many years, so the true battle should begin. From today onwards, the flames of war have begun to burn. "

Ye Xuan's tone, gradually became cold and detached.

Of course, this coldness was not directed at Long Chen.

"I'll spread this matter to the clan right now and have them come here in secret. Relying on my own strength, to save my little brother is still too difficult. " Ye Xuan said somewhat helplessly.

"You've decided to join them in opening the God Slaughtering Tomb?" Long Chen asked.

Chapter 976 - The Ye Family's Powerful Assault

"Even if I don't really care, there are a lot of people who want it. If this is spread out, not to mention the people from the Nether Palace, even the people from other places or the Eastern Emperor Region will

rush here. At that time, even if I do not want to open it, I will be forced to. If this news were to spread, it would not be beneficial to my Ye Clan or the Su Clan.

"So, the God Slaughtering Tomb must be opened. The Su Family people will definitely come and discuss about the God Slaughtering Tomb in secret. At that time, we will see what exactly they want to do so that they will be willing to return my brother to me." Ye Xuan said.

"With a weakness in your hands, the more you act as a shield for Ye Xuan, the more the other party will take advantage of you." Long Chen reminded.

"But, what can I do? My parents are already old. In a few decades, he will probably be my only family." Ye Xuan shook his head, and said with grief in his eyes.

Long Chen also wanted to sneak in to save Ye Xuan, but with so many A powerful warrior of the Divine Martial Realm s appearing, under the powerful scan of the opponent's divine sense, Long Chen basically had nowhere to hide. Forget about Long Chen, even if he was in the Su Family's territory, he would not be able to save Ye Xuan completely.

"Su Zhen is very smart. He knows the inner workings of my Ye family." Ye Xuan suddenly lowered his head and said.

"What's going on?" From Ye Xuan's words, it seemed like the Su Family was not very harmonious?

"I am the Ghost City's Mayor by myself, you should know that although I am the Ye Family's strongest warrior, and the Ye Family can only become a first-rate family because of me, in the Ye Family, I am not the direct descendant. The Patriarch's position is for someone else. Of course, my Red Lotus Jade Pendant was passed down to me by the previous Patriarch. For this reason, the current Patriarch is at odds with me. "

With just a few words, Long Chen could roughly guess what happened to Ye Xuan at the Ye Family.

"Our Ye Family has a lot of Third Stage of the Divine Martial Realm, and even the fourth stage, can be of help. But if they hear the news of the God Slaughtering Tomb, they would definitely urge me to open it, and might not even care about my brother's life and death, but if I focus on my brother's life, if I do not summon my family members over, Su Zhen is also afraid that I will go all out, and he does not even want

to open the God Slaughtering Tomb, he just wants to save him. "But he knows that I will definitely call them over, because with just my strength alone, I can only restrain Su Zhen."

"Therefore, Su Zhen is waiting. He does not want to discuss it with you, but wants to discuss it with your family members, because they are the ones who want to obtain the Killing God's inheritance the most. They have common interests, but if you are not counted, they are not Su Family's match!"

Su Zhen could be said to be one of those extremely cunning people.

Using the internal conflict between Ye Xuan and the Ye Family, as well as the hearts of the Ye Family members and Ye Xuan wanting to save Ye Xuan, as long as he had a strict plan, he could save many people.

"So what did you decide to do?" Long Chen felt chaos.

Ye Xuan laughed coldly, and said: "No matter how discordant it is, this is a matter of the family's survival, I must call them over and show them my power, at that time, I will only focus on my little brother's safety, but, my Ye Family's inheritance, will not be easily taken away by anyone else, my little brother has his weakness, and they have it, but this Red Lotus Jade Pendant is also their weakness, other than myself, no one else is able to use it.

Kcha.

After he finished speaking, the railing in front of him was immediately broken by Ye Xuan.

"Long Chen, for you to be able to return this time and tell me such an important secret, you must have taken a lot of risks. Rest assured, there will be a day when I, too, will take revenge for Grandfather Dugu. " Ye Xuan turned around, his intelligent eyes were filled with worry.

Long Chen waved his hand and said, "I am now half a member of the Ye Family. If you use it in my place next, you will definitely go through fire and tread water, and will not refuse to do whatever you say. Ye Xuan is my brother after all. "

Hearing this, Ye Xuan was moved.

In this moment of crisis, Long Chen seemed to be the only person he could speak to. With such a heaven-defying talent, even if he could only use his brain for a short period of time, one day in the future, he would definitely blind others with his dog eyes. It was as though he had used his strength that was not even in the Divine Martial Stage yet to knock Su Xue out of the arena with her Divine Martial Stage.

"Alright then, follow me next. I can discuss anything with you." "First of all, call them over."

Long Chen nodded.

The two of them went down from seven-colored pagoda.

This beautiful lanterns party, this beautiful seven-colored pagoda, had already become not beautiful anymore. This was probably the last August 15th, light party that Ye Xuan would ever experience in his life.

After going back, Ye Xuan had already used the secret puppet bird to transmit all the information to the Ye Family. After getting the news, the Ye Family's upper echelons were completely shaken, and amongst them, the Ye Family led the Ye Family's more than ten experts, or at least at the peak of the Second Stage of the Divine Martial Realm, rushing over to Ghost City from the Ye Family.

Of course, Su Zhen was not stupid enough to make a move on the Ye Family. Su Zhen's attitude was clear, he was here to work together with the Ye Family, and Ye Xuan was just a bargaining chip between them. At the same time, the person guarding the Crimson Lotus in the Blood Sea was also a bargaining chip for his Su Family.

Even if the Su family did not have the key, they still had the right to speak to the Ye family. After all, in the Nether Realm, they could not be considered the strongest person. If this news were to spread, it would not even benefit the Su Clan's Ye Clan.

One day more than ten days later, Ye Xuan was sitting in the middle of the Zixuan Hall and Long Chen was also there. He had been cultivating in the Zixuan Hall for the past few days and Ye Xuan would occasionally teach him a little. Beneath Ye Xuan's throne, Dugu Jun was the strongest person, while the others were either not strong enough or were not Ye Xuan's trusted aides.

Long Chen was Ye Xuan's direct disciple, and because of his special identity and being a person who knew everything, he was able to stay by Ye Xuan's side.

In this battle, basically, only Third Stage of the Divine Martial Realm could be used.

After the Ye Family arrived, Su Zhen and the others would probably come over after receiving the news.

However, to Ye Xuan, the Ye Family was also a problem.

The Ye Family's Patriarch was around the same age as Su Zhen. His name was Ye Xizhi, and he was the Ye Family's first female Patriarch in so many years. Although he was old, Ye Xizhi looked to be at most in his forties, with a graceful figure. She could still be considered a middle-aged lady. Ye Xizhi was one of Ye Xuan's ancestors, and he was not a direct descendant of the Ye Family. He basically wasn't blood related to Ye Xizhi. Furthermore, Ye Xuan was currently the most popular person in the Ye Family, but even though Ye Xizhi was the Patriarch, he wasn't as popular as Ye Xuan. There were even people who said that they wanted Ye Xizhi to give up the position of Patriarch, and let Ye Xuan take it.

After all, Ye Xuan was the strongest.

Other than Ye Xizhi, the Ye Family had a lot of elders with Third Stage of the Divine Martial Realm. This time, they had sent out almost all of their forces, making a total of ten Third Stage of the Divine Martial Realm cultivators, three of whom were at the perfection-stage of the Third Stage of the Divine Martial Realm. As for the Ye Family's patriarch, he was a martial artist with perfect Fourth Stage of the Divine Martial Realm.

Ye Xizhi also had a husband, who was a wandering practitioner who had been married into the family. Cultivation is the state where one enters the Fourth Stage of the Divine Martial Realm. Compared to Ye Xizhi, they were weaker by a level.

Two Fourth Stage of the Divine Martial Realm and ten Third Stage of the Divine Martial Realm. This was nearly all of the Ye Family's strength.

This kind of strength was slightly less than that of the Su Family's. However, it could be considered a first-class family in the entire Nether Realm.

This group of people naturally attracted the attention of many people in Ghost City.

"He's coming." Ye Xuan had been waiting for this moment.

He and Long Chen walked out of the Zixuan Hall, and at this time, a dozen or so people had already slowly descended from the sky. Just like Ye Xuan, he was also dressed in a purple cheongsam. Under his thick makeup, he did indeed have a mature charm, but compared to Ye Xuan, he seemed to be more effective in doing things.

She was the current Patriarch of the Ye Family, Ye Xizhi.

Beside Ye Xizhi was her current husband, Teng Long. He was also a Fourth Stage of the Divine Martial Realm cultivator, but Teng Long was a tall and skinny old man who wore a set of tight black clothes. His hair was already snow-white, and he had a hooked nose.

Behind them, most of them were elders, a bunch of the Ye Family's antiques.

Both of them met in front of the Zixuan Hall's gate. Long Chen noticed that the expressions of the dozen or so people were extremely cold, and when they arrived, they all raised their heads to look at Ye Xuan, and then, Ye Xizhi led the way while the others followed her into the Zixuan Hall. When they arrived beside Ye Xuan, Ye Xizhi shot her a glance, and said: "Hurry up and follow me in!"

When everyone entered the Zixuan Hall, Ye Xizhi sat at Ye Xuan's seat, and the others sat down on the sides, and Long Chen actually had no seats left, waiting for Ye Xuan to enter, Ye Xizhi's eyes were lifted as a gush of killing intent surged towards him. He slammed the table and said coldly: "You have stayed here for so long, yet you don't even know about the inheritance of my Ye Family, and have wasted your Red Lotus Jade Pendant! The Red Lotus Jade Pendant does not belong to you. It is something that only the head of the Ye family can own. Now pass this Red Lotus Jade Pendant to me, then we can study what happens next. "

Ye Xuan did not move.

Teng Long, who was at the side, was not as angry as Ye Xizhi. He laughed and said: "Ye Xuan, you are still young, and your will is not mature enough, so you are easy to be tricked. For important things like the Red Lotus Jade Pendant, let us keep them."

Chapter 977 - Get out

In front of Ye Xizhi and Teng Long, one of them was singing red and the other was singing white, Ye Xuan didn't have any reaction at all. Honestly speaking, she was quite disappointed with these two. Now was the time for the survival of the family. It was related to the development of the entire family, but they were still concerned about the ownership of the Red Lotus Jade Pendant.

To be honest, this Red Lotus Jade Pendant was a huge grievance in Ye Xizhi's heart.

At that time, the previous Patriarch was Ye Xizhi's father. When he passed away, Ye Xuan knew that he wanted to make himself Patriarch, but unfortunately, in the Ye Family, Ye Xuan basically did not have any power or followers. Even though she was strong, not many people were convinced, especially the Ye Family's main branch family, who were unwilling to submit to a woman who came from a branch family.

The Red Lotus Jade Pendant was the Ye Family Patriarch's symbol. Although Ye Xizhi had still gotten her position as the Family Patriarch, she was unable to get her hands on the Red Lotus Jade Pendant.

After all, in her heart, she was now the head of the Ye Family and she should be in charge of the Red Lotus Jade Pendant.

If the God Slaughtering Tomb was truly activated, the person holding the Red Lotus Jade Pendant would probably take a huge advantage.

Ye Xizhi had an incomparable desire to obtain the God Killing Inheritance, so in her heart, the people of Su Family were her opponents, and Ye Xuan was her biggest opponent.

That was why she had wanted to scare the little girl in her heart and hold the Red Lotus Jade Pendant in her hand the moment she had arrived here.

"Everyone knows that the Red Lotus Jade Pendant is our leader's token. You, who are not a member of the Ye Family, are actually in possession of this important Red Lotus Jade Pendant. This is too outrageous. Moreover, the Red Lotus Jade Pendant is now related to the survival and development of the entire family. This is a family matter and it is up to the family to decide it. So hurry up and pass the Red Lotus Jade Pendant to me, then we can discuss the important matter!" Without holding back, Ye Xizhi raised his head and said.

The others also began to talk.

"That's right, Ye Xuan, you are not the Ye Family. The previous generation's Patriarch took charge of the family himself, and passed down the Red Lotus Jade Pendant to you, this is already considered to be a mistake. But he was out of his mind at the time, and we don't blame him. You have possessed the Red Lotus Jade Pendant for so many years, and have gained all the benefits. Now is the critical moment, you should return the Red Lotus Jade Pendant to the family and let the family manage it. This way, it will be more convenient for us to obtain the inheritance left behind by our ancestor, Ye Wushang. "

"That's right. We seem to still have hostages in each other's hands? It should be your brother, right? Look, you are still young. If you are deceived by him, and for the sake of your little brother's safety, you give the Red Lotus Jade Pendant to them, and our Ye Family has tens of thousands of years of history, wouldn't we be finished? "

Among them, there were tens of thousands of clan members, as well as hundreds of thousands of branches. The dozen or so experts with Third Stage of the Divine Martial Realm above the level of the average, the strongest group of people in the Ye Family for thousands of years, basically lived for thousands of years. Those who were not killed, and those who did not die of old age, were all gathered here.

In fact, the Ye Family had produced more than just a few experts in the past few years. However, on the Three Great Imperial Domains's side, killing and enmity was far too frequent.

Facing the questioning of the group, Long Chen realized that Ye Xuan's face was already extremely gloomy. She was originally in a bad mood, Su Mo's betrayal and Ye Xuan's safety had troubled her, and now, everyone had come to bother her. Long Chen reckoned that even if it was himself, he wouldn't be able to take it.

At this time, Ye Xuan's originally gentle, yet somewhat cold voice rang again, "If you have come for the Red Lotus Jade Pendant, then you can leave now. The Red Lotus Jade Pendant was passed on to me by a person I respect the most, she had instructed me before, as long as I was not dead, I would not be able to give this to you, you are your father's distrust, I am sorry, Ye Xizhi. "

In the Ye Family, only Ye Xuan would dare to directly call Ye Xizhi by his name.

Ever since he had left the city of the Nether Realm, Ye Xuan had not returned to the Ye Family in many years, nor had he gone to see the so called head of the Ye Family. It was possible that in the eyes of Ye Xizhi and the others, even though he was strong, he was still a little girl who could be coaxed into doing so.

Especially the last sentence, it made Ye Xizhi even angrier.

"Nonsense!" Are you making this up? He didn't even mind that I'm a girl, he even passed down the position of the head of the Ye family to me. I think that the Red Lotus Jade Pendant is something a little slut like you took it for yourself, if you don't hand it over, don't blame me for being rude! " After saying that, Ye Xizhi let out a cry as he stood up from his chair and looked down at Ye Xuan from above. A huge aura swept towards Ye Xuan and Long Chen was also among the targets that were suppressed.

Fortunately, with a light wave of Ye Xuan's hand, the pressure that he was facing completely disappeared.

At this time, Ye Xuan's face had already turned as gloomy as water. It could be seen that after being forced like this, she was also somewhat angry.

I originally wanted all of you to come here and discuss about working together to obtain the inheritance of our ancestors. Unexpectedly, all of them were short-sighted people, and in the face of the Su Family, we can only get what we want, but some people want to create internal strife within the family because of their own selfish benefits. With just this kind of courage, they do not have the qualifications to be the head of the family.

Ye Xizhi never thought that the gentle and beautiful little girl back then would actually be so forceful to such an extent. Her every word, was simply about to strangle Ye Xizhi to death.

She and Teng Long who was at the side looked at each other. Originally, she wanted to join Teng Long in besieging Long Chen and snatching the Red Lotus Jade Pendant, but Teng Long shook his head at this moment, preventing her from doing so. Anyone with a discerning eye would be able to tell that Ye Xuan's current Fifth Stage of the Divine Martial Realm had already reached a point that they were unable to resist.

Even if Ye Xizhi did not believe it, she had no choice but to admit that in the Ye Family, Ye Xuan was the true strongest person.

Ye Xizhi's gaze turned, and turned everyone's attention towards Long Chen.

"Who is this person? A meeting of my Ye Family, why is he standing here? Trash from Heaven Martial Stage, get out of here!"

Since she could not handle Ye Xuan, she could only do it on Long Chen's side, to show off her power to him.

Although the other party was targeting him, Long Chen wisely chose to stay silent. He knew that Ye Xuan would help him solve the problem.

"Get out!" Ye Xizhi added another sentence.

"Do you ask who he is? He is the direct disciple of I, Ye Xuan. " Ye Xuan raised his head, and said without showing any signs of weakness.

Everyone laughed.

Ye Xizhi laughed as she retreated, saying, "Ye Xuan, you sure are capable of accepting a waste of a Heaven Martial Stage as your disciple. With such strength, you aren't even worthy enough to wash my feet."

Ye Xizhi's words were naturally extremely unpleasant to hear.

The rest were also laughing, disapproving of Long Chen's strength. Within the Ye Family, there were quite a few youths who were similar to Ye Xuan when he reached the Divine Martial Stage with his strength, so Long Chen could not be considered a genius, and did not have the qualifications to become the subordinate of an exceptional person like Ye Xuan.

"It's not up to you guys to say anything about his potential." Ye Xuan said coldly.

Ye Xizhi's expression suddenly changed, and angrily rebuked: "Kid, didn't you hear what the Patriarch said? "You're not from the Ye Family, get out!"

While speaking, she actually directly took action, and under her loose and gorgeous clothes, a white finger suddenly stretched out, and on that white finger, a ray of blood light actually condensed, instantly piercing towards Long Chen's throat!

In that moment, Long Chen felt his entire body turning cold, the entire world, everything had disappeared, and that bit of blood light had turned into a blood red spear, as though a giant that could cover the entire sky was holding onto a spear, roaring and stabbing towards him, and his entire body could not move at all, this kind of feeling made him feel like he was about to collapse.

His opponent had only used a single move to completely eliminate Long Chen. This showed just how powerful this woman was.

Fourth Stage of the Divine Martial Realm were called The Extreme Level of Martial Arts. The ultimate level of martial arts was the Large Success of the martial path. To condense the will of the martial way, one's casual attacks would all possess the power of the martial path's will. It was extremely terrifying.

Only a warrior like Ye Xuan, who had passed through the wind tribulation and had an Innate Innate Body could completely control the The Extreme Level of Martial Arts.

Long Chen was still far from this level.

Long Chen's current goal was not too high, after reaching Divine Martial Stage, he would be able to set off for the Imperial Domain of Sword Soul. Of course, to others, reaching the Divine Martial Stage from the Heaven Martial Stage was also an extremely difficult goal. Most people would even need to spend twice as much time to reach it, but it was impossible.

Ye Xizhi was planning to kill Long Chen, after all, her The Extreme Level of Martial Arts was at the level of complete mastery. Killing Long Chen would simply be a matter of minutes.

However, Ye Xizhi's actions, had completely angered Ye Xuan.

At the moment of his death, Long Chen had waved her hand fiercely, and that blood colored little dot was immediately scattered by her. At the same time, in a short moment, Ye Xuan had slapped Ye Xizhi on the face, but Ye Xizhi was actually unable to react.

With a smack, it was incomparably loud and everyone was looking at the bright red mark on Ye Xizhi's face with a strange expression.

"Ye Xuan, I will kill you!" Ye Xizhi let out a roar, as blood spurted out from his eyes.

Chapter 978 - The Three Great Experts of the Su Clan

"Calm down." Teng Long did his part to stabilize Ye Xizhi's condition. From Ye Xuan's attack just now, he had smelled a kind of terrifying scent.

"As expected of an expert who has successfully passed through the wind tribulation. No matter what you do, we won't be able to dodge." Teng Long comforted Ye Xizhi as he looked at him in admiration.

At this moment, Ye Xuan's body was filled with a rare blood-colored aura. It was actually very difficult to sense this kind of aura from this gentle and beautiful woman.

"Let me tell you, if you go too far, the next time I will not just slap you. I will directly chop off your head, don't doubt me, if you attack my people again, I will not be courteous to you, Ye Xizhi!"

Ye Xuan's words were filled with a great deterrence, and those who had mocked Long Chen shut their mouths at this moment. Ye Xuan's performance just now was just too terrifying, and even when Ye Xizhi thought about it, he was still a bit anxious. She was part of the group, so he could more clearly understand Ye Xuan's power.

If Ye Xuan brandished the sword, wouldn't she be killed just like that?

Of course, she had underestimated Ye Xuan before, which was why she was directly hit. But Ye Xuan's power was unquestionable.

Feeling that this girl was no longer the same person he had met before, Ye Xizhi felt a lingering fear in his heart and then calmed down.

"Let's discuss the matter of the God Slaughtering Tomb." Ye Xuan rolled his eyes at her. She knew that he had already scared him into a corner, so he went straight to the point. As for Ye Xizhi's beautiful dream about the Red Lotus Jade Pendant, he could only dream about it.

"We are members of the Ye family, and we are also on the same side. We do not know what the ancestral tomb has, but it belongs to each of us, not just to anyone, so before we obtain the killing god tomb, I do not want our Ye family to fight internally because of some personal interests. This is very funny, only short-sighted people would do it and let the Su family have an opportunity to do so."

Among them, there is still the Su Family's Patriarch Su Yang, who is a martial artist at the peak of the Fourth Stage of the Divine Martial Realm. Su Mo is of the same level as him, and furthermore, there is the even more terrifying Emperor of the Underworld, Su Zhen! This is the Su Family's three strongest warriors, the overall strength of the Su Family surpasses ours, they are just like a huge tiger crouching beside us, we still have the heart to fight amongst ourselves here, and the final result is, not only is the God Slayer Inheritance not ours, we will also become this hungry tiger's dinner, so, I hope you all can recognize one thing, this is the war between the Su Family and the Ye Family, since I have the Red Lotus Jade in my hands, my strength is also the strongest, so I have the right to control all of you, but of course I have no interest in the position of Patriarch. "

Ye Xuan looked around at the crowd coldly, and spoke a lot in one breath.

From her words, everyone gradually realized that her words were very accurate.

The Su Clan was truly much more terrifying than they imagined.

"I don't agree." Ye Xizhi saw that all the elders were looking at Ye Xuan with the same thoughts, and immediately said: "Everyone knows, your little brother is now considered to be a hostage by them, if they threaten you, you, Ye Xuan, will most likely do something that will harm our entire Ye Family, because of a single person's life and death. With the Red Lotus Jade in your hands, you, will only put our Ye Family in a difficult situation."

This was not bad.

Ye Xuan didn't say anything, and only coldly glared at her.

"It doesn't matter if you are convinced or not. The Red Lotus Jade Pendant is impossible for you. You still have the same words, unless you can defeat me."

Ye Xuan understood that the internal conflicts within the clan were not easy to reconcile. Even if she took out the Red Lotus Jade Pendant, Ye Xizhi still did not like the look of her.

These matters could only be left to fate.

Right at this moment, three people broke into the range of Ye Xuan's divine sense.

"Go out, they're already here."

Following Ye Xuan, everyone was standing in front of the Zixuan Hall's doors. In front of the enemies, they absolutely could not show any signs of weakness, and had to reveal their weakness, thus, although Ye Xizhi hated Ye Xuan greatly, he could not help but act in harmony.

In the blink of an eye, three figures appeared in the air above Zixuan Hall and slowly descended. The one leading them was the white-robed, ruddy, and charming Old Mo Su Zhen. He looked kind and friendly, but was actually ruthless and merciless. As for the one on the right, it was the first time Long Chen had seen him dressed in a purple and fiery red long robe. On his head was a fiery red crown, and he was an old man who looked younger than Su Zhen. His black hair was mixed with white hair, he was tall and sturdy, had a sharp and aggressive gaze, and was the current Patriarch of the Su Family, Su Yang!

Su Zhen, Su Yang, and Su Mo were known as the Su Family's three strongest warriors. Amongst them, Su Zhen and Su Mo were the warriors of the Netherworld Army, while Su Yang was in charge of the Su Family's daily affairs. As for Su Zhen, his position was much higher, and even Su Yang would probably have to call him grandfather.

The arrival of these three people immediately brought a huge pressure to the powerful warriors of the Ye Family.

In terms of the top experts, the Su Family was a little stronger. This was because Teng Long was only in his initial state of Fourth Stage of the Divine Martial Realm, and Ye Xizhi was the one who was perfect in her Fourth Stage of the Divine Martial Realm.

At this time, Ye Xizhi and Teng Long had no choice but to stand beside Ye Xuan, forming a triangle, in order to deal with the powerful aura of the Su Family.

Su Zhen was just like an ordinary old man who came over to chat about normal things. At this moment, he laughed and said, "I heard that it was very lively over at your side. It seemed like something about a hungry tiger dinner. Oh? "So even the head of the Ye family is here, it's been a long time."

Su Zhen's eyes had been looking at Ye Xizhi the entire time, intentionally leaving Ye Xuan, an expert of the same level, on the side.

"Everyone in the Su family, if you are here to discuss the matter of the God Slaughtering Tomb, then quickly get into the main topic." Ye Xuan interrupted their conversation and directly said.

"Oh, so the little genius of the Ye Family is also here." Su Zhen continued to smile amiably, "Alright then. I won't waste any more words. We are here to seek cooperation. As long as you open the Death God's Tomb and enter together with our Su Family, I will return Ye Xuan to you. This old man does not have to lie to you, I know Ye Xuan's value, if you do too much, your Ye Family will not do it, right? "

"As long as I open the God Slaughtering Tomb, you'll give my brother back to me?" Ye Xuan asked.

"Of course, didn't I say?" We are here to cooperate, so we have to show sincerity in cooperating. As long as the God Slaughtering Tomb opens, I will definitely return Ye Xuan to you at the first possible moment. " Su Zhen nodded, and withdrew his smile as he spoke in a slightly serious manner.

"If you still plan on playing tricks on me, I will let the Su Clan receive a huge lesson." Ye Xuan said coldly. She thought about it carefully. The other party's goal was only to kill the God Killing Tomb, and if they did not release Ye Xuan at that time and infuriate the Ye Family, the Su Family would probably not end up doing anything good either.

Su Zhen and the others also knew that if such a woman were to go crazy, it would be extremely terrifying. Therefore, Ye Xuan's goal was only to open the Death God's Tomb.

"Twenty days, we have twenty days to prepare. After twenty days they will leave, we will wait for you in the Nether Blood Sea, it seems like there is a little guy here who knows the way, then I don't need to point out the route for you." Su Zhen laughed loudly as he spoke.

Their Su Clan also needed time to prepare for such an important matter.

"Remember everyone, this is a collaboration, I hope that we can work together happily and achieve a win-win situation, haha!" Su Yang, Su Mo, let's go!

With that, Su Zhen turned into a ray of light and instantly left. Behind him, the Su Family's Patriarch, Su Yang, who had been silent all this while, also quickly left.

Su Mo glanced at Ye Xuan.

"Scram." Ye Xuan said as he slightly parted his red lips.

Su Mo laughed, and within his smile, there was a trace of ridicule, and a trace of guilt. Of course, this was only an instant of emotion, he knew, that the Death God's Tomb was waiting for him, and as long as he obtained the inheritance from the Death God's Tomb, he would have an even greater future.

After they left, the Ye Family fell into silence again.

With the appearance of the Su Family's three great warriors, Ye Xizhi and Teng Long had no choice but to think about who the real opponents would be between the Su Family and Ye Xuan.

"Think about it carefully. Long Chen, accompany me for a walk." This time, Ye Xuan was facing an enormous pressure, so he was feeling extremely depressed. The two of them did not speak during the entire journey, and unknowingly, Ye Xuan had arrived at the seven-colored pagoda.

"The things in this world are just like this seven-colored pagoda. At some point in time, it had blossomed into a resplendent light, but after the prosperity ended, all that was left were these ugly and desolate skeletons."

Her long hair fluttered in the wind, revealing her fair neck. Her graceful body blossomed in the wind, releasing a shocking charisma, and a desolate atmosphere surrounded her, making her seem like a beautiful purple flower that had grown up in a battlefield dripping with blood.

Looking at this woman, Long Chen knew that she really had to endure too much, especially the matter of the God Slaughtering Tomb, who knew how many unforeseen events would occur? Su Mo's betrayal, Ye Xuan's safety, his clan's internal strife, and the Su Family's covetous gaze, these were all problems that were troubling her, and she had to bear all of them.

Chapter 979 - Ninth Stage of Heaven Martial Stage

As her disciple, Long Chen wanted to help her a little, but the thing that he could do nothing about was that with his current strength, he couldn't even compare to a practitioner with perfect The First Stage of the Divine Martial Realm.

To Ye Xuan's question, Long Chen did not answer.

Yes, Long Chen's current life was just a skeleton body, but he was still working hard to reconstruct the lights.

"Darn it, even with True Martial Emperor's Soul, this kind of heaven defying existence, even if my strength is considered heaven defying, I still feel that it's too slow!"

"The current me is too weak!"

Right now, the Ghost City was already occupied by experts. In this world, only the strong can enjoy the final glory, and most people can only become cold tombstones. The so-called laws and laws are all used to restrain the weak and are trampled upon by the strong.

"There are still twenty days. If I can reach the ninth stage of Heaven Martial Stage, I can probably try to break through my Divine Martial Stage."

Long Chen lowered his head and clenched his fist, veins popping out from his hand.

Ye Xuan turned around and smiled gently at him.

"I can feel that you yearn to help me, yearn for power. You are a genius, but you are too young. In a few hundred years, none of us will be your match. Right now, you have only lost to time. "

The gentle Ye Xuan was completely different from before. This was how she was, calm, indifferent, and aloof from worldly affairs. He only wanted to protect a simple family and love.

"I don't want to lose to time." Long Chen shook his head and said.

The gaze Ye Xuan was using to look at Long Chen right now was no different from the time she was looking at Ye Xuan.

"At first, I had a very good impression of you because you saved my brother twice. You were the savior of my brother's life, and later on, you could also be considered to be fighting for your own life. You became my first disciple. From then on, I found out that you have great potential and that I wanted you to grow up with my brother. But then, I realized that your heart is actually very wild and I think that Ghost City is not the place where you want to stay. "

Long Chen nodded, his thoughts were extremely meticulous.

"We met by chance, yet you became my disciple, and yearned to help me. Yet after being together with Su Mo for so many years, the outcome was actually such an unforgettable betrayal. I suddenly felt that this world was actually such a farce. " Facing the cold wind, the smile on Ye Xuan's face didn't have any regret, but instead had a kind of comprehension.

"Those who should leave don't need to urge me to stay. In the most dangerous times, the people standing beside me are the ones that are most valuable to me. Long Chen, this is what you taught me, haha, "Ye Xuan laughed tenderly," Tell me, I'm your master now, and yet you're the one teaching me the reason, aren't you a little too funny?

"Everyone has something worth learning." Long Chen could only say that Ye Xuan's emotions were a little abnormal today, but at least she had been able to free himself from Su Mo's predicament, and that was something worth celebrating.

"There are only twenty days left before the most important test in my life." Ye Xuan suddenly said.

"Twenty days?" Long Chen thought about it, then decided to give it a try. Ye Xuan's words reminded him, since she was his master, then Long Chen should have the right to let her guide him, right?

At this time, Long Chen suddenly made a decision and solemnly said: "There are still twenty days. Ye Xuan is a very important friend of mine, and I also want to help in the remaining time. I'm almost at the ninth stage of Heaven Martial Stage now, so give me a bit of pressure.

With that, Long Chen took out the God Manifestation Pill.

Looking at the God Manifestation Pill, Ye Xuan's eyes lit up. Looking at Long Chen, she asked carefully: "Within twenty days, you can reach the ninth stage of Heaven Martial Stage?"

Long Chen definitely could not say anything about the True Martial Emperor's Soul, so he could only say this: "I am just a little bit off, perhaps it might be due to my fighting comprehension. If you can let a person fight against me, give me a little pressure of death, and let me enjoy my fight to the fullest, it is very possible that I can reach the ninth stage of the Heaven Martial Stage within twenty days."

Ye Xuan nodded his head, and suddenly said somewhat excitedly: "Long Chen, if you can reach the ninth level of Heaven Martial Stage, then I can use this God Manifestation Pill to help you comprehend the heavens, and finally reach the Divine Martial Stage!"

The reason why Ye Xuan was so shocked by Long Chen's terror was because Long Chen currently only had the strength of the eighth level of Heaven Martial Stage. In this way, he could fight against the practitioners of Divine Martial Stage, and even kill them completely.

Ye Xuan's words had also given him great hope.

His eyes lit up. "Are you serious?"

Ye Xuan pouted a little and said, "I am your master, how can I lie to you? You said you wanted an opponent? Is that okay? "

After she said that, Ye Xuan extended her white arm, which was like a small hand, and on her slender pinky, a drop of fresh blood came out. Phew, the fresh blood fell to the ground, and then actually gradually grew bigger, transforming into a humanoid blood man, this blood man's body had an extremely terrifying killing intent.

"This is a unique skill of my Ye Family's Seven Killings Bloodline. It uses the body's' Blood Slaughter 'to create a' blood puppet '. This blood puppet's battle power is around Second Stage of the Divine Martial Realm, and it's able to display the insights I gained in the martial way before Second Stage of the Divine Martial Realm. Of course, it's only because it's a puppet, and is not particularly complete, but it should be useful to you. And I can still teach you things related to the Heaven Martial Stage. "

Long Chen looked at the blood puppet, his eyes shining.

However, the battle strength of Second Stage of the Divine Martial Realm was truly not something to be reckoned with.

A quarter of an hour later, Long Chen returned to the City Lord's Mansion. In the middle of all the martial arts halls that were cultivating, this martial arts hall was in the basement where only Ye Xuan could enter. Others could not enter without his permission, but at this time, Long Chen was standing here while Ye Xuan was observing from the side.

This martial arts hall was spacious enough, and the walls were hard enough. It allowed Long Chen to freely execute his techniques while he was in there.

At this time, Long Chen was engaged in a fierce battle with the blood puppet!

What was terrifying was the vitality of this blood puppet, it was simply strong to the extreme. Even if Long Chen split it into two, it could automatically fuse together.

At the side, Ye Xuan was controlling the blood puppet, it was blood killing technique on her body. Under her control, he was able to understand the martial path perfectly and vividly, it did not look like a puppet at all, but instead like a veteran of hundreds of battles.

"One Sword Piao Xie!"

A streak of blood light instantly slashed across the blood puppet's neck, causing its head to instantly fly out, but even if it did not have a head, the blood puppet's powerful fist still did not stop, and directly smashed into Long Chen's body. Even with the Dragon Soul Transformation, Long Chen was directly sent flying, rolling a few rounds on the ground.

The current Long Chen was already riddled with scars.

If not for Ye Xuan's intentional suppression of the blood puppet with the Second Stage of the Divine Martial Realm, Long Chen would have died a long time ago.

Looking at the scars on Long Chen's body, Ye Xuan felt a little pained. "Let's do it like this for today, you're already injured, let me help you recuperate for a bit."

"It's still early." Long Chen wiped the blood from the corner of his mouth and used Piao Xie to support himself as he stood up. He started to sway a little, but he quickly stabilized his body.

A raging fire of war!

This kind of power from Long Chen, caused him to feel intimidated. She suddenly felt that this youth had an endless amount of power within him. He could only display a little of it.

"It really is terrifyingly tough."

Ye Xuan also did not know how many times he had been defeated.

Luckily, it was a few fatal crises, but they were all avoided.

However, Ye Xuan did not suspect that there were many people in the True Martial Emperor's Soul who had not had a breakthrough for many years. In fact, when many people suddenly gained an epiphany during their battles, Ye Xuan thought that Long Chen was looking for this kind of epiphany.

In actuality, Long Chen was using his battles to increase his cultivation.

Under the intense training, after around seven days, under the suppression of the blood puppet, Long Chen's martial spirit finally underwent a transformation. The dragon-shaped martial spirit completely turned blood-red, and under the fusion of a huge amount of true essence, Long Chen's true essence once again soared, as he stepped into the ninth level of Heaven Martial Stage!

This news made Ye Xuan and Long Chen a little overjoyed.

Even though the True Martial Emperor's Soul could only open it for four hours everyday, Long Chen's battle had definitely not only lasted four hours. Even without the True Martial Emperor's Soul, he was still desperately cultivating.

"This power is the power that the six Monstrous Clans possessed back then. Compared to what I was before, this power is truly much stronger."

Long Chen felt his own strength, and he was a little emotional, but definitely not satisfied!

"Hu!"

He took in a deep breath and saw Ye Xuan smiling sweetly at him. The look in his eyes revealed a maternal care and pride that he had not seen for a long time.

"Ye Xuan." For a moment, Long Chen was so excited that he even forgot to call her master.

"Hmm?" Ye Xuan also did not realize this point.

"Help me reach the Divine Martial Stage!" Long Chen said somewhat excitedly.

Just how terrifying would his Divine Martial Stage and his way be?

Long Chen was also looking forward to it.

"Heaven's Path Immersion, let's go to the highest point of seven-colored pagoda, that is the place closest to the Heavenly Dao."

Long Chen nodded.

After waiting for a long time, they had finally reached a time where Long Chen's blood was boiling.

Chapter 980 - The Way of Slaughter

Seemingly in the next moment, Long Chen and Ye Xuan had already returned to the highest point of seven-colored pagoda. This could be said to be the most heartbreaking place for Ye Xuan. However, Ye Xuan coming here without any worries, also meant that she had truly let go of everything that had happened between his and Su Mo.

Together with Long Chen, she was also working hard on the possible fierce battle that would take place in the super mausoleum in the God Slaughtering Tomb.

Currently, only two families knew about the God Slaughtering Tomb. This was good, if it involved other people, then the Su Family and Ye Family would not have any hope of getting to it. If one had to know

that there were several Underworld Emperor level characters closest to the Nether Realm, then there was no need to mention the Underworld Emperor and the Lord of the Nether Realm.

At the highest point of seven-colored pagoda, Long Chen sat crossed legged.

The seven-colored pagoda was very tall, so from here on out, it seemed like half of the Ghost City could be seen from afar. Long Chen's vision was very good, and from here on, he could see every single detail of the Ghost City.

"You are now at the perfection-stage of the Heaven Martial Stage. If you want to reach Divine Martial Stage, aside from the fusion of your soul and martial soul, you also need to find your own path of cultivation. This is something that I can help you with. At the very least, I can give you some advice. However, the final comprehension will still depend on you." Standing behind Long Chen, Ye Xuan faintly said.

"My own Dao?" Is this the key step? What is my cultivation path? " Long Chen did not turn back, but instead, carefully thought about it.

"Actually, it's because your cultivation path is very similar to my Ye family, that's why I can give you pointers. The so called Death God's Tomb, the original Death God Ye Wushang, trained in the art of killing. This is a very unique point about him, and our entire Ye family seems to have inherited this point, so the path of cultivation for each of us is related to killing. After all, we have Seven Killings Bloodline s on us. As for you, I am unable to see through your body. However, I am certain that you have the blood of slaughter flowing through your body." Ye Xuan resolutely looked at Long Chen's back.

"The path of slaughter?" Long Chen understood that now that he had absorbed the Primordial Blood Dragon's blood essence, his body was transforming from a human to an ancient dragon. The Primordial Blood Spirit Dragon was the legendary Ancestral Dragon, and the impact of its characteristics on Long Chen was extremely heavy. Although it had not absorbed all the inherited blood essence, the current Long Chen was already an Immemorial Blood Spirit Dragon in the midst of nurturing.

Every Ancestral Dragon had its own rules. For example, the Great Void Cosmic Dragon's rule was time and eternity. And the ancient Blood Spirit Dragon's rule was bloodshed and slaughter.

"In other words, the Dao is actually the foundation of the rules. During the Divine Martial Stage stage, one forms their own dao, and then, slowly matures. One day, you will be able to touch upon the level of the rules?" A trace of understanding emerged in Long Chen's heart.

At the same time, he knew exactly what his Dao was.

That's right, it was bloodshed and killing!

It was pretty close.

"If it's the path of slaughter, I can probably help you." Ye Xuan said with a smile, and his voice was filled with gentleness.

"Honestly speaking, my nature isn't too strong. My body's nature determines my path of slaughter, but this isn't the most suitable path for my personality, so my biggest limitation is my own way of walking. But you're different, Long Chen, I feel that with your current cultivation, you must have killed a lot of people, and your killing skills are much more resolute than mine."

"Of course, the path of slaughter is not indiscriminate killing. It is a supreme path, one that punishes evil and righteousness, defends righteousness and protects the weak. The path of slaughter is a type of iron-blooded method. Even killing can make one become a king."

As she said that, Ye Xuan gently placed her hand on Long Chen's head. Long Chen trusted her very much, and knew that she would definitely not harm him.

Long Chen understood one thing, Ye Xuan's character was not strict, and most of the women were kind, so the way of killing was not very compatible with her, but because of the Seven Killings Bloodline s, she could only go this way.

However, Long Chen was different.

Whether it was his will or his body, it was inextricably linked to killing.

From Ye Xuan's palm, Long Chen felt a cold and sinister energy enter his body. A world of blood actually appeared in front of him, and the Ghost City had actually disappeared, appearing inside a true battlefield. Within the encirclement of countless people, a figure was constantly waving the sword in his hand, and every swing of the sword could take away a life.

That figure looked like.

This scene suddenly gave Long Chen a lot of emotions. In his heart, Ye Xuan actually didn't look like this, she should be a gentle princess, but the her in the picture seemed to carry an important mission, an endless slaughter.

The people she killed were actually not real people. Every time she killed someone, new figures would form and charge at her.

Every single figure had a ferocious expression on their faces.

The whole battlefield was filled with chaos.

Looking at this scene, Long Chen was a little enlightened. He suddenly felt that the Ye Xuan in that image was similar to himself, but in reality, during his entire journey, he rarely took the initiative to attack others. Most of the time, he had only attacked passively.

But even so, the trouble would never stop. In order to protect himself, to protect the people around him, in order to search for what he had in mind, he had to use the sword in his hand to create a bright road.

Now, Long Chen was very clear about the path he had to take.

Of course, there was a slight difference between it and Ye Xuan. Ye Xuan's way of killing was her own.

Looking at this scene, he suddenly felt his body boil up. It was as if there were countless shadows of Archaic Blood Spirit Dragons within the blood that had obtained the acknowledgement of others. During this process, Long Chen's body and martial spirit had undergone some changes.

The blood essence that once belonged to the Primordial Blood Spirit Dragon now merged into Long Chen's body. At this moment, the blood essence was drawing in all the parts of Long Chen's body, the will of the Primordial Blood Spirit Dragon, into every particle of Long Chen's body.

These were the slaughter rules of the Primordial Blood Spirit Dragon.

In fact, Cat had once said that among the Ancestral Dragons, the Archaic Blood Spirit Dragon belonged to one of the Evil Dragon's factions. Its way of life might not be righteous, and killing itself was a kind of destruction of life, but from another perspective, only when there was competition would there be progress. The weak were strong, the fittest survived, and the strong relied on killing to survive. A harmonious society had no ability to resist when encountering powerful foreign enemies.

Long Chen did not care whether it was righteous or not, as long as it was used correctly, any dao or any rules, were all righteous.

His way of killing was actually very simple. It was to protect himself, to protect the people around him, and at the same time, to pursue his goals.

Long Chen could feel that he seemed to have understood a lot of things from the Primordial Blood Dragon's blood essence, and his soul had a feeling of transcendence.

Long Chen knew that within his body, he was thinking by relying on his soul and his martial soul was the source of controlling his body's power. When he gained some insights into the dao, he suddenly realized that his soul was undergoing a shocking transformation.

This was a completely invisible transformation.

However, Ye Xuan and Long Chen both felt this kind of transformation.

Ye Xuan immediately revealed a surprised expression, she was really too surprised.

This process, is actually extremely troublesome. Many people, who are at the ninth level of Heaven Martial Stage, are trapped in this place, unable to find their own way. The reason why Ye Xuan felt that he was able to help Long Chen is also because he felt that his way was similar to Long Chen's.

But he also didn't expect that Long Chen would actually be so fast.

Looking at the young man's determined back, Ye Xuan suddenly felt a little absent-minded. She suddenly felt that this young man had a mysterious feeling about him that she couldn't see through at all.

No matter what, as long as he felt the existence of his own dao, it was as if he had found a key to the Divine Martial Stage. As long as he used this key to open the gate, then everything would be fine.

"Hurry up and take out the God Manifestation Pill. The God Manifestation Pill is helpful in speeding up the process of your soul and martial soul merging. This process originally required a very long time, maybe even a year or two, but you have the God Manifestation Pill, one or two days is enough!"

As she spoke, Ye Xuan stepped back a few steps and gave more space to Long Chen. She felt extremely at ease with Long Chen, because he was the kind of person who only needed to say a few words and she would know what to do.

In the next moment, Long Chen's palm flew, and the God Manifestation Pill appeared in Long Chen's hand.

In truth, God Manifestation Pill was a first grade divine pellet, and its value was not even close to that of a GuoTian Xiang Dan. It could not directly allow a person to reach the Divine Martial Stage, nor could it cause a person's soul to fuse with their martial spirit. There was only a kind of acceleration effect, however, this was already enough.

To reach the Divine Martial Stage, there are still a few steps that I have to explain to you in detail. Listen carefully, first, consume the God Manifestation Pill and become a Divine Martial Spirit. Only then can you activate the 'Heaven's Path Immersion', and from there, you will be able to change your physique to become a Divine Martial Body.

A Divine Martial Body, was probably the kind of body that had 9,999 acupoints and 100,000 veins on its body. Although it maintained a human body, as long as one observed from the inside, even if one found out that one's body, it would increase by hundreds, if not thousands of times. Long Chen felt that a long, long time ago, when he first saw Li Xuanji, he was sealed inside an ancient bronze coffin, and his body was incomparably huge. This kind of enormous body was definitely related to Divine Martial Stage, or even Divine Martial Stage.

After all, by the time they reached Divine Martial Stage, they would have 9,999 acupoints.
