Billionaire's Beloved Warm Wife Chapter 1

"Qiao Wei, haven't you found it yet?" A sudden and magnetic voice suddenly broke the silence of the room. But although the sound is beautiful, it shows a chilling chill.

As soon as the man's voice fell, Qiao Wei, who was bent on his knees and knelt at the low table, looked up at him. Meanwhile, the sweat on his forehead rolled down her cheeks and flowed directly into her clothes along the clavicle.

Qiao Wei quickly lowered his head, did not directly respond to her husband's question, but poured all the things in the bag on the low table.

The tall man with sunglasses beside him walked back and forth with his arms in his arms. He is the husband who is going to divorce her today.

From entering the Civil Affairs Bureau to now, there is hardly a moment when Yun Yiyan has left his watch. Especially when Qiao Wei did not take out his certificate in time, his mood became more unstable.

In the face of the impetuous voice of Yun Yiyan, Qiao Wei turns a deaf ear. She flipped around the table, from her cell phone to her wallet to her passport But everything about divorce is gone.

"Maybe I really forgot to bring..." Qiao Wei staring at the things on the table, only feel the eyes a burst of astringent sour, a control for a long time of wet meaning is about to restrain.

But in the face of the indisputable fact, she can only tell Yun Yiyan that she has forgotten to bring the certificate.

Yun Yiyan looked at her impatiently and finally took off his sunglasses. His delicate and charming facial features were almost clustered together at this moment. He held the sunglasses in one hand, and his voice was filled with suppressed anger. "Qiao Wei, if you don't want to divorce, you should say it earlier. Don't waste each other's time!"

"No..." Qiao Wei suddenly stood up and stopped the man who wanted to leave. "I checked several times before I got on the plane. I made sure everything was with me, but I don't know why it's gone now."

She is in a bad state now, and she doesn't want to let Yun Yiyan misunderstand herself more.

"Are you kidding? Yes, but it's gone? Do they grow wings? " Yun Yiyan obviously didn't believe her.

He could almost describe the woman who had been in the relationship with him for two years.

Qiao Wei is the eldest daughter of a city's leading real estate tycoon. Unfortunately, her personality is dull and her appearance is ordinary. She belongs to the mediocre color that can't be found in the crowd.

But for the so-called commercial marriage, he would never have married such an ordinary and boring woman. It's just disgusting.

"I didn't mean to. Then we'll make another appointment? " Qiao Wei took his arm and stepped back. As he spoke, he bent down to clean up the things on the table.

Originally, it was a casual action, but in the eyes of men, it became Qiao Wei's provocation to him. It seems that this boring woman doesn't want to get divorced yet. She still occupies the position of the second young grandmother of the cloud family. She is absolutely shameless to the extreme.

Yun Yiyan suddenly turned around, and his anger seemed to have reached the extreme. If he didn't want to keep his image in public, he would really get angry.

Qiao Wei looked at Yun Yiyan, and she was tired. It's better to end this loveless and painful marriage earlier. She wanted to get together and get together, but now it's impossible!

And at the moment, she's not in good health. The knee was inexplicably soft. When she leaned over, she knelt on the ground without warning. Her stomach just hit the sharp corner of the low table. The bag in her hand fell directly to Yun Yiyan's feet, and her packed things were scattered all over the ground again.

After seeing this, Yun Yiyan did not find the relevant documents needed for divorce in that pile of things.

Yun Yiyan frowned and didn't bring it. It was intentional!

"Qiaowei, I have been married for two years. Now I can see what kind of person you are! You are a woman of the utmost hypocrisy. Yes, the identity of the second young grandmother of the cloud family makes your face shine. You will not give up easily! "

Yunyi Yanyin chuckled wildly. He threw his sunglasses to the ground, showing his anger.

"I'll give you another day! This marriage, I am divorced from you

However, when Yun Yiyan was about to leave, he was immediately held by a powerful hand, and the whole person was thrown back.

Before Yunyiyan had time to make a response, a red book appeared immediately under his eyes, along with other documents.

"I didn't expect that the famous Yun Er Shao was such a rotten person in private!" With a scorn, those certificates that Yun Yiyan needed fell directly on his face.

At the same time, it also immediately aroused the anger of Yun Yiyan.

"Who are you! What are you! " His whole person is irritable, unexpectedly is called a rotten person! The arm that just raised to the air was twisted to the back by the corner on the spot.

"Pick it up! Ten minutes, divorce now Suddenly, the man is tall and dignified, and his deep and frightening voice hardly gives people a chance to resist refutation. At the same time, Joe's two men were scared to separate them.

"Yi Yan, stop it! You want a divorce, we'll go now! " She clenched her lips and squeezed the liquid in her eyes and pulled Yun Yiyan in.

In less than ten minutes, the two ended their marriage.

Yun Yiyan, who got the divorce certificate, took a look at the outrageous man. He just wanted to get angry, but he had to leave because of a phone call.
