

Warm Wife 121

[Chapter 121](#)

Huo Dongyang frowned when he heard it. There is Qiao Xin everywhere.

Since last warning Qiao Qingdong, the Qiao family has been quiet recently.

It's just today, Qiao Xin. What's the trouble? Is it really drunk or fake?

"Go south, call the police! Just say they drink and drive. "

Nodding to the south, he immediately contacted the police.

It is estimated that there is a lot of noise outside the car. The alarm of the police car has been ringing.

Qiao Wei slowly opened her eyes, and she was the only one in the car. Qiao Wei also saw the situation outside the car, Huo Dongyang and the police stood together.

Is this what happened? Qiao Wei immediately pushed the door open.

"Dongyang!" There was a cry from Jovi.

Huo Dongyang heard the voice and looked back and saw that Qiao Wei had already woken up. He came to Jovi at once.

"How did you get down?" Huo Dongyang said as he took off his coat and put it on Qiao Wei.

It's autumn now, and it's still cool at night.

Facing Huo Dongyang's consideration, Qiao micro smile. "What happened?"

"Someone was drunk driving and almost hit our car."

Qiao Wei startled, she also thought of the last car accident, still feel afraid in the heart. Don't these people drive with safety in mind?

Huo Dongyang supports Qiao Wei. "You go back to the car, this side will be dealt with quickly!"

Qiao Wei just wanted to nod his head when he heard a familiar voice. "I don't have a drink drive!"

See the police is facing Qiao Xin in the alcohol test, Qiao Wei's eyebrows frown for a while, she also specially went to see the car's license plate.

It's really Qiao Xin's car. I didn't expect her to do such a dangerous thing.

Qiao Xin also seems to see Qiao Wei, she pushed aside the police, stumbling S-shaped to come, it seems to drink a lot.

"Hehe, Qiao Wei? I really didn't expect to see you here. " Qiao Xin is full of wine.

Qiao Wei suddenly felt like vomiting, she quickly covered her mouth with her hand! Then he turned his head to the other side, but he couldn't spit it out.

"Are you all right?" Huo Dongyang was immediately concerned.

Qiao Wei touched his heart with his hand to give himself smooth. "I'm fine."

Huo Dongyang frowned, turned back and glanced at Qiao Xin coldly. "Miss Joe, please stay away from me."

"William? I tell you, my sister is really not a good thing Qiao Xin said with a smile. "At the beginning, she had a relationship with Yun Yiyan before she got married in a hurry. A person like her is not worth your treating her like this! "

"If you continue to speak like this, I can add one more charge of libel to you." Huo Dongyang's voice is very cold.

Qiao Xin is really drunk, so she is very brave. "I'm telling the truth! There are so many women like her. If you want, I can give it to you. I promise my kung fu is better than Qiao Wei! "

Qiao Wei heard Qiao Xin so bold provocation, it seems that also associated with those disgusting pictures, she vomit again and again.

"Qiao Wei, what are you pretending to be. It's the same for men and women in bed. At the beginning, Yun Yiyan held me like this, and then he did it with me. Physiological needs, these are normal! "

With that, Qiao Xin also wants to touch Huo Dongyang with her hands.

Qiao came forward with a pale face, and she pushed Qiao Xin away directly. "Don't you touch him!"

Qiao Xin tut a few times after. "How do you mind?"

"Yes! I really do mind! " Said Jovi in a loud voice. "I just don't want you to touch him! Get your dirty hands off me

Huo Dongyang stood quietly watching his woman so hard to maintain himself, it turns out that this is the feeling of being protected by a loved one. It's not bad. It's fresh.

Qiao Xin looked at Qiao Wei and sneered: "why didn't you see this protecting Yun Yiyan before? It seems that this man is deep in your heart! Joe Wei, would you like to make a bet with me to see who won the man in the end? "

"I won't gamble with you." Replied Jovi.

"I don't think you dare?" Qiao Xin said with a smile.

Qiao Wei looks at Qiao Xin and suddenly feels that she is somewhat pitiful. From Yun Yiyan to Huo Dongyang, what else is there in her life? Is it to rob a man with yourself?

"Dongyang is not a bet between you and me." Qiao Wei said: "Qiao Xin, you should be sober up! The situation is different now. Dongyang is not Yun Yiyan, and now I won't let you take everything that belongs to me again! "

"Qiao Wei, you've really improved a lot recently."

Thank you for the compliment Replied Jovi. "When you know how to love a person, you will want to guard."

The police came up. "Miss Qiao, your alcohol level is too high. Please come with us."

"I'm not drunk!" Qiao Xin also wants to quibble.

However, they were forcibly taken away by the police, Qiao Wei saw the hatred in Qiao Xin's eyes.

Huo Dongyang put out his arms around Qiao Wei, "don't pay attention to her." "Dongyang, she is really hopeless." Qiao Wei still felt sorry. "Why are people so obsessive sometimes? Always thinking about things that don't belong to you? "

Huo Dongyang holds Qiao Wei. "In this world, many people are changed because of the material! Of course, some people get better, others get worse. "

"No one keeps his original mind?"

"Fool, this is hard." Huo Dongyang sighed. How many people in this world can keep their original intention? It's too short!

A gust of cool wind blows, Qiao Wei can't help but beat a shiver. She leans into Huo Dongyang's arms.

Huo Dongyang hugs Qiao Wei, wants to block the wind for her, but also wants to shelter her from the wind and rain.

At night.

When Qiao Wei was ready to go to bed, she received a call from Liu Su.

Liu Su directly accused Qiao Wei on the phone. "Qiao Wei, you are really cruel! You want your sister in jail. "

"I don't understand what you mean, Mrs. Joe."

"What? Have the courage to do it but not dare to admit it? " Liu Su asked aloud.

Qiao micro eyebrow a frown, "I really don't know what you say."

"Qiaowei, you are really good!" Liu Su said angrily. "After that, you have nothing to do with the Qiao family."

When Qiao Wei still wanted to say something, Huo Dongyang directly reached for Qiao Wei's mobile phone.

"Mrs. Qiao, that's what I mean. It has nothing to do with Jovi. I'll tell you by the way that I'm going to tell Qiao Xin. " Huo Dongyang said coldly. "Please have a lawyer and get ready!"

Liu Su's words suddenly stopped. "Are you sure you have to do it for the sake of a few words? I don't care what kind of president you are, and I'm not afraid of you! "

"Then I'll wait and see!" Huo Dongyang said. "I hope you can be so righteous then."

"President William, I have a word to warn you. A woman like Jovi is not worth it! " Liusu went on.

Huo Dongyang raised the corner of his mouth. "Of course I would not do such a thing for a woman, but what Qiao Xin said this time has become a slander to my wife, so as Qiao Wei's husband, I have the right to do so!"

With that, Huo Dongyang hung up the phone.

Joe looks at Dong Yang and smiles at Huo Wei. "My husband is really handsome!"

[Chapter 122](#)

The next day.

It was reported on the news. The second Miss Qiao almost ran into the HD president's car when she was drunk. Fortunately, the driver dodged in time to avoid casualties. Afterwards, HD president also put forward to tell Miss Qiao.

As soon as the news came out, it was hotly discussed. Many people on the Internet spit bad Qiao Xin, said she shameless!

Qiao Wei also saw such news, and his heart was not very good.

"Weiwei, are you ok?" Jian LAN asked with some worry.

Joe shook his head slightly. "I'm fine. Don't worry about it!" She doesn't want to worry too much about the Qiao family.

Joe lowered his head slightly and threw himself back into his work. She looked at the opinions given by Huo Dongyang last time and revised and adjusted the ideas of the scheme.

Because of the high concentration of spirit, to lunch time, Qiao Wei felt that the whole person was dizzy.

After eating by himself, Qiao Wei fell asleep on his desk. Is it because of not taking Chinese medicine in recent days? Always feel their spirit is not good, appetite is very poor, lunch is only reluctantly ate a few mouthfuls, and sometimes smell some bad smell will feel sick.

Qiao Wei fell into a deep sleep for one afternoon, and then she was awakened by Jian LAN.

"Wei Wei, how are you?" Jian LAN asked with concern. "Is it because you have a lot of work pressure these days, so you are not in good spirits."

Jovi thought for a moment. "Possible! I can't stay up at night

"You should pay more attention to rest."

"Well, I will!"

After work, Qiao Wei felt that his steps were empty. Dizzy, finally got on the car.

Qiao Wei quickly leaned back in the chair, then closed his eyes and went to sleep.

South also see Qiao Wei's fault, no more words, directly drive the car with Qiao Wei back.

At this point.

A car stopped at the gate of Jiangwan villa.

"Here it is?"

"Yes, president."

Huo Jiang has a look at the villa outside. Huo Dongyang is really good at choosing places. It's really good here.

"Are we here?" Asked Mary.

Huo Jiang holds Mary's hand. "Yes."

The two quickly got off the bus and the driver helped them carry their luggage to the door of the villa.

Huo Jiang helped Mary walk in the back, the villa environment is really good.

"Lao Huo, we suddenly come here, Dongyang will not be happy?"

Huo Jiang said angrily, "what's wrong with him! I will come to this a city sooner or later. At most, it's just early. "

Mary was still worried that Huo Dongyang would not be happy, and that they would affect their plans.

The driver knocked at the door.

Lin Juan soon came to open the door. When she saw Huo Jiang and Mary, the whole person was stunned.

"Master, old lady, how do you come?" Lin Juan was deeply surprised.

"We can't come yet?" Huo Jiang replied.

Lin Juan shakes her head. "Of course not. Come in now

Lin Juan helped Mary sit down. "Old lady, sit down for a while, and I'll get you some tea."

"OK."

Mary soon caught a whiff of jasmine. She hasn't had flower tea for a long time.

"Tea, old lady." Lin Juan put the cup within Mary's reach.

Huo Jiang looked around for a week and then asked, "what about Dongyang?"

"The young master is out on business."

Huo Jiang also picked up the teacup in front of his eyes. "And the woman?"

Lin Juan a Leng, did not seem to think Huo Jiang will suddenly ask. "Master, do you mean the little lady?"

Huo Jiang narrowed his eyes. "What young lady? Is Dongyang married to her? Do you understand the rules? "

Facing Huo Jiang's question, Lin Juan dare not lie. "In fact, the young lady is very good, and so is the young master."

"It's just ridiculous!" Huo Jiang said angrily.

Mary knew about Huo Dongyang's marriage, but she didn't expect that the person her grandson liked was actually the daughter-in-law of the cloud family. This news is really surprising.

That day, moling said something about Huo Dongyang and a married woman. And this woman was the second young grandmother of the cloud family. When she heard this news, Huo Jiang couldn't sit still and said that she would come right away. Later, she was persuaded by Mary and didn't come here immediately.

"Lao Huo, calm down." Said Mary. "When they come back, we'll make sure."

"Hum! I won't agree to it anyway!" Huo Jiang made a direct stand.

Lin Juan took advantage of the gap to Huo Dongyang made a phone call, told the matter to Huo Dongyang.

Huo Dongyang also said that he would come back soon. He hoped to return home before Qiao Wei came back and comfort the two old people first.

But after all, it was a step too late. He took Qiao Wei to the South and came back first.

Hearing the sound of the car, Lin Juan immediately went out to meet her. It turned out to be Qiao Wei. What should I do now? Qiao Wei got up and went to Lin Juan. "Sister Juan, I'll be back."

"Young lady, you are back."

Qiao Wei feels that Lin Juan is a little strange today, and her address is not the same as usual.

"What's the matter?"

Lin Juan is really difficult to say, which is waiting for her is a crisis. Lin Juan is really looking forward to Huo Dongyang's early return.

Qiao wei walked into the door and saw two pairs of shoes and two suitcases. Is it someone from the family?

"Who's here, sister Juan?" Asked jo in a low voice.

Lin Juan did not dare to lift her head. "It's the master and the old lady."

When Qiao Wei heard such words, he was also analyzing. Who was the master and the old lady?

Seeing the worry on Lin Juan's face, she also has the bottom in her heart.

"Are grandparents here?"

Lin Juan nodded her head. "Young lady, you'd better wait for the young master to come back and go in together."

Qiao Wei heard Lin Juan's address to himself and Huo Dongyang changed, and she felt something happened.

See no one came in, Huo Jiang also walked to the door.

"Lin Juan, is Dongyang back?"

Just asked, Huo Jiang and Qiao Wei face to face. He immediately looked at Qiao Wei, the woman looked very simple, no make-up, no fancy clothes, and her eyes looked very clean. It's not like the women who have the heart!

Qiao Wei looked at Huo Jiang for a while and felt that Huo Dongyang and his aura were somewhat similar, but Huo Dongyang did not give people a sense of oppression.

"Hello, grandfather." Jovi immediately lowered his head.

Originally want to be angry Huo River by Qiao Wei this, but can not find the outbreak point.

And then he heard Jovi. "Sorry! I didn't know you and grandma will come today, so I haven't prepared anything. Please don't blame me! "

By Qiao Wei so two, Huo Jiang really bad temper. He coughed unnaturally.

"Good on the surface!"

"Well?" Qiao Wei did not understand the meaning of this sentence, the whole person was a little confused, and her heart was also very nervous. It was the first time she had seen her parents. And Huo Dongyang's grandfather, she dare not neglect.

"I don't like superficial things," Huo added

"We also have connotations!" Huo Dongyang's voice came.

[Chapter 123](#)

Seeing Huo Dongyang come in, Qiao Wei's heart gradually stabilized.

Huo Dongyang stood in front of Qiao Wei and saw her face turn pale.

"Uncomfortable?" Huo Dongyang reached out to touch Qiao Wei's face, and as a result, he was shunned by her.

Qiao Wei doesn't want to be so greasy and crooked with Huo Dongyang in front of his grandfather, and his grandfather seems to have a lot of opinions on himself.

Huo Dongyang saw Qiao Wei hide, his eyebrows immediately wrinkled up, reached out to buckle Qiao Wei's shoulder, "hide what!"

Qiao Wei was Huo Dongyang to do so is really indescribable, she actually does not want to be like this. Because she also felt her grandfather's sharp eyes.

Qiao Wei pushes Huo Dongyang aside with her hand, and she looks at Huo Dongyang with some uneasiness.

"Huo Dongyang, what do you mean now?" Huo Jiang was sure to ask first.

Huo Dongyang raised his eyelids and took a look at his grandfather. "What do you mean by your coming here, grandfather? Don't believe me? "

Huo Jiang looked at Huo Dongyang angrily, "what? You want to fight me when you have a woman? Don't forget who brought you up

"Grandfather, I remember all these things!" Huo Dongyang replied.

Huo Jiang's cold eyes swept Huo Dongyang and fell on Qiao Wei's body. "What's your name?"

Qiao Wei seems to be frightened by Huo Jiang, and his voice is very small. "Grandfather, my name is Qiao Wei!"

Huo Dongyang felt Qiao Wei's trembling. It seemed that he was really scared by his grandfather. He raised his eyebrows and then motioned with his eyes that his grandfather should not be frightened.

Huo Jiang heard some rumors from moling, so he didn't have a good impression of Qiao Wei.

"What? I was scared before I said anything? Is this too timid? " Huo Jiang said with a cold hum.

Joe lowered his head. "Grandfather, I'm sorry."

"You didn't do anything wrong. Why do you apologize?" Huo Dongyang looked at Qiao Wei and said that she was distressed to face these unexpected situations.

It is obvious that this time the arrival of grandparents is deliberately provoked, otherwise they will not rush here.

Mary's voice came from the living room, too. "Is William back?"

This was asked in English. Qiao Wei was stunned. She almost forgot that there was another one to deal with.

The heart is more nervous, I feel some small cold sweat on my forehead.

"Yes! I'm back. " Huo Dongyang's voice also mentioned a time.

"Come in and talk about it!" Mary went on.

Huo Jiang hears, hums a voice to turn to walk into the living room first.

Huo Dongyang looked at Qiao Wei, her face was whiter than just now, and the whole person seemed to be shaking slightly. Although my grandfather was strict, she was not afraid of it.

"Jovi, what's the matter with you?" Huo Dongyang asked anxiously.

Qiao Wei tries to pull a smile at Huo Dongyang. "I'm fine. Let's go quickly. Don't let grandparents wait. "

Qiao Wei didn't say to Huo Dongyang that his body was uncomfortable, and her head was dizzy, and her legs also seemed weak.

But she is still strong, she pushed Huo Dongyang forward, and she followed him.

Huo Dongyang knew that Qiao was under micro pressure, so he walked in front of her. Qiao Wei followed Huo Dongyang in silence and walked slowly.

When he walked into the living room, Huo Dongyang saw that he had already sat down, Huo Jiang, and Mary, who had been sitting on one side.

"Grandma Huo Dongyang only called.

Huo Jiang looks at Huo Dongyang with some opinions, which is to make it clear that there is no position for him.

Qiao Wei saw here, she pulled Huo Dongyang's clothes behind her, indicating that he would also call a grandfather.

Huo Dongyang ignored, reached out and grabbed Qiao Wei's hand and pulled her to his side.

"Let me introduce you. This is Jovi Huo Dongyang looks at Huo Jiang and Mary.

Huo Dongyang then looks at Qiao Wei. "Jovi, this is my grandfather and grandmother."

After listening to Qiao Wei, she immediately bowed 90 degrees to Huo Jiang and Mary. The Korean people she watched on TV were like this.

"Grandfather, grandmother. hello! I'm Qiao Wei. Please take care of me for the first time. " Said Joe, bending slightly.

Huo Jiang looks at such Qiao Wei, also don't mean to say what. He looked at Huo Dongyang coldly, as if to provoke him. He just didn't make Jovi comfortable.

Huo Dongyang stares at Huo Jiang, and then supports Qiao Wei personally. "All right."

Qiao Wei raised his head and looked at Huo Jiang with a look in his eyes. This grandfather hasn't spoken yet. How dare she move!

"Grandfather Huo Dongyang immediately called Huo Jiang. He knew that grandfather was on purpose!

Mary seemed to notice what was going on, and she reached out and patted Huo Jiang. "Almost. Don't scare the children!"

"What about me? What are you doing so nervous? " Huo Jiang is to give Qiao Wei an inferior position in this way. Mary saw Huo Jiang did not move, she spoke first. "Sit down and talk."

Huo Dongyang immediately picked up Qiao Wei, "OK, I'll follow the custom here. You don't have to learn TV. "

Qiao Weigang stood up straight, her head dizzy, she did not stand firm, the whole person to Huo Dongyang side.

Huo Dongyang immediately reached out and hugged her. She was a little too strange today. "Are you all right?"

Qiao Wei stood up straight with Huo Dongyang's strength. "I'm fine."

Seeing Qiao Wei's pale face and his lips without blood, Huo Dongyang felt that Qiao Wei's body must be uncomfortable.

Huo Jiang said: "your body seems very delicate, I have not let you stop!"

"Lao Huo, what are you talking about?" Mary couldn't see it, but she felt it was wrong. She held out her hand. "William, what's wrong with her?"

At this time, Qiao Wei saw Mary's eyes. Although the eyes are the same as ordinary people, if you look carefully, you will find that the eyes have no focal length.

Qiao Wei immediately looked at Huo Dongyang and saw Huo Dongyang nod. She finally realized that her grandmother couldn't see.

Qiao Wei gently pushed Huo Dongyang away. She reached for Mary's hand.

"Don't touch it!" Huo Jiang opens its mouth.

Joe micro retracted his hand, also know that he was a little abrupt.

Huo Dongyang holds Qiao Wei to sit down. "Sit down and say."

Qiao Wei looked at Huo Jiang and seemed to be waiting for him to speak.

"Don't take care of my grandfather." Huo Dongyang added.

Qiao Wei felt that it was not good, but Huo Dongyang pushed her by Mary's side.

Mary reached out and said, "are you Jovi?"

Jovi immediately took Mary's hand. "Yes, grandmother!"

"My child, your hands are so cold." Mary could feel the coolness of Joe's palm.

"Grandma, my hand has always been like this."

Qiao Wei also felt Mary's hand wrapped around his own. "You should pay attention to your health, or it will be hard to bear a baby later."

Hearing this, Huo Jiang immediately interrupted. "I haven't agreed to let this woman in! Where is the child from? "

[Chapter 124](#)

Mary ignored Huo Jiang and continued to explain to Qiao Wei. Pay attention to your diet

"Good grandmother, I'll pay attention." Replied Jovi.

Listening to Qiao's soft voice, Mary thought she should be a good girl, and her grandson chose to marry her, which proved that she was good. She believed in Huo Dongyang's vision, so she also decided to investigate other aspects of Qiao Wei.

"Grandma, I didn't come to prepare a gift for you this time." Mary went on. "It looks like it can only be made up next time."

Qiao Wei immediately replied: "grandmother really does not need."

Mary clenched Jovi's hand. "It's a family tradition."

Huo Jiang snorted. "Our family tradition is not her turn yet!"

"We don't have to pay attention to your grandfather's words. He is a knife's mouth." Mary replied. "I'll give it to you next time William takes you back."

Huo Dongyang and Huo Jiang. "Grandfather, let's go to the study."

"What? Worried she couldn't take it? " Huojian river opens directly. "I am also here to make it clear that I will not allow this woman to enter our Huo's door. You boy is not clear head or what, she is a married woman, you don't mind! And she's the granddaughter-in-law of our enemy cloud family! "

Every time Huo Jiang said a word, Huo Dongyang's eyebrows frowned tightly. He looked at Huo Jiang with a straight face.

"What? Is that wrong? " Huo Jiang sent over to ask.

Qiao Wei also lowered his head after hearing these words. These are the past that she can't erase.

Huo Jiang stares at Qiao Wei and says: "you dare say you are not?"

"Grandfather, it's my decision. It has nothing to do with Qiao Wei." Huo Dongyang answered directly.

"So you're in love with this woman, aren't you?"

Huo Dongyang nods. "Yes. I just like her

Huo Jiang is more angry after hearing this. "Huo Dongyang, have you not forgotten your heavy responsibilities? If you want a woman, my grandfather doesn't object. But you also choose a clean woman. Are you not afraid to be told a joke if you find a second-hand one now

Huo Dongyang has a cold face. "Qiao Wei is not second-hand goods!"

Mary stopped the quarrel as soon as she saw that they were going to quarrel. "OK! Stop it! It makes my head ache

Hearing Mary's headache, Huo Jiang rushed forward. "Wife, are you ok?"

"I want to rest." Mary reached for her head.

I haven't taken a plane for many years. This time I come to a city by plane. I still feel a little uncomfortable. Just now Huo Dongyang and Huo Jiang were so noisy in their ears that the head really hurt.

When Qiao Wei heard about it, he immediately cared. "Grandma, what's wrong with your head? I can press it for you

"Will you?" Mary was a little surprised, too.

"Well, I've learned some before." Replied Jovi.

Mary nodded. "All right, try it!"

Huo Jiang does not agree, he immediately pushes Qiao Wei away. "Don't be so kind. Who knows if you can poison your hands

"Grandfather, how can I harm my grandmother?" Qiao Wei really felt that Huo Jiang was very hostile to himself.

Mary frowned. "Old Huo, shut up!"

Huo Jiang closed his mouth, but his eyes were still staring at Qiao Wei. It seems to be warning Qiao Wei that if you dare to mess with me, I will never let you go!

Qiao Wei suddenly felt that his grandfather was an old child and that he was old, but some behaviors were still childish. But in the treatment of the grandmother showed concern, you can see that he loves grandma very much!

Huo Dongyang saw Qiao Wei's face was not very good, or some worry. "Can you?"

Qiao Wei nodded. Although his face was pale, his eyes were still divine.

Looking at Jovi holding Mary down, let Mary pillow in his lap. She rubbed her hands first, hoping to warm them.

Feeling the heat from the palm friction, Qiao Wei also secretly took a deep breath. Then she lowered her head and massaged Mary's head.

Huo Dongyang and Huo Jiang are quietly watching, Qiao Wei's technique is really skilled. I can see it's not the first time.

"Grandma, is the strength OK?" Joe whispered to the ground.

Mary nodded with her eyes closed. "The force is just right there."

At Mary's words, Jovi's heart settled down. She helped Mary to do a massage, did not pay attention to her forehead sweating more and more, she focused on the steps she had learned before.

Mary felt that her headache was gradually abating. "Qiao Wei, where did you learn your technique?"

"I was taught by a schoolmaster. In the past, we used to do volunteer work in the nursing home for the elderly, and we would also massage the elderly Joe answered with a smile.

After hearing Qiao Wei's words, Mary had a good impression on him. How could such a person who would volunteer and offer love be heartless! Mary always felt that mauling's words were not believable. Maybe she can't get the favor of Huo Dongyang, so she said it intentionally! How could your grandson's eyes be so bad? If Jovi were that kind of person, they would never get married.

"What do you think, grandma?" Jo Wei's voice interrupted Mary's thoughts.

Mary said with a smile, "I feel much better! Thank you

"You're welcome. This is what I should do." Replied Jovi. Then she helped Mary sit up. "It's too rough this time. Next time you can buy some essential oils, which will make you feel more comfortable."

Mary felt relaxed after being pressed by Jovi. "It's OK. It's good already!"

Qiao Wei smiled, a drop of sweat down the cheek, she reached out to wipe. Now she felt as if she had been hollowed out, and what she saw was in a trance.

Dizziness, the whole person seems to be floating, can not make a little strength.

Huo Dongyang saw Qiao Wei's condition a little strange, he immediately sat down beside Qiao Wei.

"What's the matter with you?"

"I'm fine." Replied Jovi.

Huo Dongyang frowned, he reached out to pluck Qiao Wei's hair, and found that her forehead was full of cold sweat.

"You must have something."

Qiao Wei also wants to say when Huo Dongyang has asked Xiang Qing to ask for a doctor.

Huo Jiang also felt that Qiao Wei's situation was not right, and he was also worried.

Mary reached for Jovi's hand. "What? Is it really uncomfortable? "

"Grandma, I'm ok. It's Dongyang who is nervous." Qiao Wei's voice is not big, it sounds a little weak.

Huo Dongyang helped Qiao rise. "I think you are ill. I help you to your room to rest."

Qiao Wei stood up, and she tried to stand still. It seems that she really can't hold on. She takes a breath.

"Dongyang, take care of your grandparents first. I'll go to sleep. " Said Joe in a low voice.

Then he said to Huo Jiang and Mary, "grandma, I'm really sorry to let you see me like this. I'm tired and uncomfortable these days

"Well! Go and have a rest Mary was worried.

Huo Dongyang tried to let go of Qiao Wei, "can you be alone?"

Qiao Wei nods, the result just walked two steps, in front of a black, whole person falls forward.

"Qiao Wei!" Hearing Huo Dongyang's nervous voice, she felt him holding herself.

But what happened later, she was completely unconscious

[Chapter 125](#)

Huo Dongyang is holding Qiao Wei, who is unconscious. He is very nervous.

"Qiao Wei!" Huo Dongyang called Qiao Wei again.

But Qiao Wei has no any reaction, Huo Dongyang's heart inexplicable a panic. He frowned as he looked at her white face.

"How's it going?" Mary asked nervously.

Huo Jiang's brow also wrinkled up, look at her appearance is not to pretend. Why didn't you say it earlier? Still all the way in where hard support, it is really disorderly arrogant.

Huo Dongyang immediately carried Qiao Wei upstairs, his heart has never been so flustered. He looked down at Qiao Wei in his arms, his eyes were worried.

Putting Jo on the bed, Huo Dongyang reached for her hair and touched her cold face.

"Jovi, I don't want you to do anything!" Huo Dongyang said, holding Qiao Wei's hand.

How about Fu Jiang walking into the room

"Grandfather, you and grandma go to rest first. I'm here." Huo Dongyang said.

Huo Jiang took a look at the pale Qiao Wei lying on the bed. "Is there anything wrong with her body?"

"Grandfather, I hope you don't embarrass her in the future." Huo Dongyang took the opportunity to say. "I'll explain it to you later. I know better than you what she is

Mary patted Huo Jiang's hand. Since Huo Dongyang said so, they still chose to believe it. "Lao Huo, let's go out first."

At this time, Xiang Qing also brought Helen here.

Huo Dongyang immediately made way for Helen to check.

Huo Jiang and Marisol are also standing here waiting for the result. So they can be at ease.

"How about it?" Huo Dongyang asked immediately when he saw Helen stop.

Helen looked at Huo Dongyang. "Madam, do you have any symptoms recently?"

"She doesn't have a good appetite these days. She doesn't eat much. She's not very energetic. Is it the reason for stopping traditional Chinese medicine? "

Helen shook her head. It shouldn't be! Qiao Wei's body should be better than before. How could he suddenly faint this time?

"She seems to be vomiting a lot these days." Huo Dongyang continued.

Mary let out a cry when she heard Huo Dongyang's words. "Oh

Huo Jiang looked at Mary nervously, "grandmother, what's the matter?"

"William, is that coming this month?" Mary went on.

Huo Dongyang did not respond, slightly stunned. "What's coming?"

Mary felt the way forward. "Silly boy! Jovi may be pregnant

Huo Dongyang's face was surprised. Last time he had a Wulong, this time he really didn't think about it.

Helen said to Huo Dongyang. "I'll draw blood for my wife first."

"Well!" Huo Dongyang nods.

After the blood was collected, Helen went back first.

Huo Dongyang guards by Qiao Wei's side, will this be true?

Mary went to Huo Dongyang. "Don't worry, William. It's OK! "

"Grandma, I'm sorry I didn't take good care of you this time."

Mary said with a smile, "it's not your fault. We've come all of a sudden."

Huo Jiang did not speak, and these were not what he wanted to see. He walked out of the room in silence.

"Your grandfather was worried that you would be cheated, so he came here in a hurry." Mary also wanted to say something for her husband.

Huo Dongyang certainly knows. "I know! My grandfather is always for my good

"Since you really like her, grandma won't object to you. And she may be pregnant with our Huo family child, you must take good care of her! "

"Grandma, don't worry, I will!" Huo Dongyang replied.

Half an hour later.

Xiang Qing received a call from Helen. In fact, he is a little nervous, and this result is particularly important.

"How about it?"

"Congratulations! My wife is really pregnant

Xiang Qing's face also showed a joy that was hard to cover up. "Is it true this time?"

"Yes, it is."

"OK, I'll tell the boss right away!"

"But pay attention to your wife's nutrition."

"Good!"

Before Xiang Qing went upstairs, Mary came out of the room when she heard the sound.

She was also anxious to know the result. "Xiang Qing, is there any news?"

"Yes, old lady. The young lady really has it. She is definitely pregnant

Mary was very excited to hear the news. "Great! This is a great joy. After waiting for more than 20 years, Huo family finally has a happy event! It's really great. "

Huo Jiang in the room to hear such a happy event, his heart is also very excited! Finally, the Huo family has a future. It would be better if it were a son!

When Huo Dongyang knew the news, he was excited. He gave Jovi a kiss on his hand. "Thank you, wife."

Then Huo Dongyang put his hand on Qiao Wei's stomach. There were their children in it. It was really amazing.

When Jovi woke up, it was midnight.

She opened her eyes and looked at the ceiling. She just wanted to move and found her hand was being held. She raised her head and saw Huo Dongyang holding his hand and lying beside the bed.

"Dongyang..." Joe gave a faint cry.

Huo Dongyang heard the sound and immediately opened his eyes. "Awake?"

"Well!" Joe nodded. "I want water."

Huo Dongyang let go of Qiao Wei's hand and went to pour water for her. "Here comes the water."

Support Qiao Wei up, Huo Dongyang sits behind her, embraces her, Qiao Wei backs in Huo Dongyang's arms.

Huo Dongyang put the cup to Qiao Wei's mouth. "Drink it

Qiao Wei lowered his head and drank a few mouthfuls. As he drank more quickly, he choked at once.

See Qiao Wei cough up, Huo Dongyang gently patted Qiao Wei's back. "Drink slowly. No one will rob you."

Jovi nodded. "Well! I'll slow down. "

Huo Dongyang looked at the bloodless lips, his brows were locked, and even his lips were slightly dry. He immediately picked up the glass and took a sip of it himself.

Then he quickly leaned over, lowered his head and put it directly on Qiao Wei's lips. Then he pried open her lips and passed the water.

Qiao Wei was stunned and didn't expect him to come like this. The heart rate began to accelerate, but it was plain boiled water, but it felt very sweet.

After several times in a row, Qiao Wei avoided. "That's enough."

Huo Dongyang put the cup on the table, and then took a paper towel to help Qiao Wei wipe the water mark from the corner of his mouth.

Qiao Wei white face a little pink, Huo Dongyang see, smile out. "Shy now?"

Qiao Wei can't stand Huo Dongyang's eyes. She buries her head into Huo Dongyang's arm.

"Jovi, I have something to tell you." Huo Dongyang's voice was not loud, but Qiao Wei still recognized seriousness.

She raised her head. "Has anything to do with me?" Think of before suddenly faint, oneself should have a problem.

"Well!" Huo Dongyang nods. "Helen came to see you."

"Is there something wrong with my body?" Joe was slightly nervous. Why is this body so fragile now!

Huo Dongyang saw that she became serious expression, and really nodded as if it were something.

"Yes."

He put his hand gently on Jovi's stomach.

"In here."

Qiao Wei's hand covered Huo Dongyang's, "I have a problem here?"

"Well!" Huo Dongyang answered. "There are our children in here!"

[Chapter 126](#)

After Qiao Wei heard Huo Dongyang's words, he did not speak for a long time.

Her eyes have been fixed on her stomach, ears have been echoing Huo Dongyang's words just now, "our children in this!"

Gradually, Qiao Wei's eyes also become gentle, she and Huo Dongyang have children, this is how happy a thing. Qiao Wei will think whether the child is more like himself or Huo Dongyang.

In the end, she still felt like Huo Dongyang. Her appearance was really not so good!

"What's the matter?" Have not heard Qiao Wei's words, Huo Dongyang opened his mouth first.

Joe shook his head. "I'm fine. I'm just thinking that if only the child were like you

Huo Dongyang hugged Qiao Wei. "Qiao Wei, if you don't feel well in the future, you can't hold on, you know?"

Joe nodded, then seemed to think of something. "What about grandparents?"

"They have a rest." Huo Dongyang replied.

Jovi lowered his head a little. "I'm terrible, am I? The first time I met my grandparents, I let them see me like this. "

Huo Dongyang sighed. He put his chin on Qiao Wei's head. "They are not unreasonable people. Don't think about it."

Qiao Wei didn't relax because of Huo Dongyang's words. She knew that her grandfather didn't like him. At the beginning, Mo Ling's words seem to have come true. How could my grandfather promise Huo Dongyang to be with him like this?

Qiao Wei reached for Huo Dongyang's hand. "Dongyang. What if my grandfather didn't like me all the time? "

"No!" Huo Dongyang replied. "If grandma likes you."

"Both of them mind my previous identity."

Huo Dongyang a light kiss fell on Qiao Wei's hair. "I don't mind. Jovi, these are not excuses for you to leave, you know? "

Huo Dongyang's words to Qiao Wei heart that quietly and just formed a small idea to eliminate.

Yeah! She also said that none of these would be the reason for her to leave Huo Dongyang. Unless one day in the future, Huo Dongyang personally told her not to want her, then she would go. But at that time, can she really leave gracefully?

Qiao Wei's eyes a dark, always feel that she and Huo Dongyang's future is full of a lot of unknowns, but also have a lot of difficulties waiting for themselves.

The next morning.

The early morning sun on the window, the bed of people moved.

Qiao Wei opened his eyes and quietly looked at the reflection on the curtain, and a new day began.

"Are you going to get up?" From behind came Huo Dongyang's voice.

"Well!"

Huo Dongyang helped Qiao Wei up, "how does your body feel?"

"It's better to sleep." Replied Jovi.

Huo Dongyang reached out and touched Qiao Wei's hair. "If you don't feel well, remember to take the medicine. Helen prescribed some medicine yesterday

"I know."

While Huo Dongyang went to wash, Qiao Wei went to the window and opened the curtain.

In an instant, the whole room was illuminated. Joe closed his eyes for a moment and then opened them again.

Her eyes fell on the yard, and as a result, she saw two figures in the yard. Huo Jiang helped Mary walk in the yard. How wonderful it is to step on the morning sun, breathe the fresh air and support each other.

A person's life, to the old time, still have someone to accompany him like this should be a good thing. Qiao Wei fantasized that he and Huo Dongyang had such a day.

Huo Dongyang saw Qiao Wei standing in front of the window, he also saw a very good picture. The woman bathed in the sun, like a ray of warm sun shining into his heart, such a picture can not move his eyes.

Huo Dongyang and Qiao Wei change clothes and go downstairs.

Huo Jiang and Mary are already having breakfast. When they hear the sound, Mary immediately asks, "is it William and Wei?"

"Grandma, it's us." Huo Dongyang replied.

Qiao Wei also called out to two people, "good morning, grandfather, grandmother!"

"Weiwei, how are you?" Asked Mary.

"I feel better." Replied Jovi.

Huo Dongyang helped Qiao Wei sit down and poured her a glass of milk.

Huo Jiang looked at Qiao Wei, such a thin body, can hold? I'm really worried about the future.

Qiao Wei's eyes just and Huo River on, Qiao Wei also lowered his head to look at himself. Should there be nothing wrong with today?

Huo Dongyang's voice also sounded at this time. "Grandfather, I don't like you looking at my wife like this!"

"Hum!" Huo Jiang's face with some embarrassment, "you get married, I'll calculate with you later!"

If Mary hadn't told herself that Huo Dongyang and Qiao Wei had been married last night, he would have been so stupid that he didn't know anything. But for the sake of her pregnancy, he couldn't say anything. For a while, observe for a while. If it doesn't work, let her go when she gives birth. In fact, it is her once identity that makes her unable to rest assured! Today, Huo Dongyang personally sent Qiao Wei to the company, which is a model of a good husband.

Huo Jiang and Mary took a rest at home, and they learned something from Xiang Qing. It's really different from what moling told them.

"Why is it different from what moling said?"

"President, now moling is in collusion with Yun Yiming. The boss asked her to withdraw, but she refused to do so! " Xiang Qing has no feelings for that woman.

Huo Jiang frowns. Is it the cloud family that gives her benefits?

Xiang Qing then said, "in fact, she doesn't accept that the eldest and the younger ladies are together. The rest is to wait for the boss to say it himself

"Well!" Huo Jiang felt cheated by moling. How can you not believe that your grandson came here immediately!

Next is it possible to face YUNZHUO face to face, think of this person, think of her daughter's death! Huo Jiang immediately clenched his hand.

Yunjia.

Early in the morning, Liu Su was crying in the cloud house.

Fu Qing looked at the disgusting woman crying in front of her.

"Have you had enough?" Fu Qingxian spoke.

Liu Su looked at Fu Qing with tears on her face. "Mrs. cloud, this time it's me. Please, save my daughter."

"What can I do?" Fu Qing refused directly. "Who told her not to make trouble."

"This is really an accident. Now the man says he's going to sue. That's a big deal, just a few words from Qiao Wei. "

Fu Qing looks indifferent, and Liu Su's words are not believable. If it is really a few words, then Huo Dongyang as such? It must be Qiao Xin who has done something intolerable.

Huo Dongyang is not a fuss.

Liu Su sees Fu Qing ignore oneself, in the heart suffocate. But now she has to bow her head.

"The man said Xinxin slandered his wife, so he must sue. For the sake of a Jovi Liu Su cried.

Fu Qing heard two words, "wife? Are they married? "

This makes Fu Qing a little surprised, Huo Dongyang and Qiao Wei are really married? Or just talking about it? This matter can be big or small!

[Chapter 127](#)

At this time.

YUNZHUO also came out of the room, he looked at everything in front of him, also felt a little strange.

Liu Su cried like this, while Fu Qing was indifferent.

"What's the matter?"

Fu Qing stood up and said, "Dad!"

Liu Su quickly wiped away her tears, "yunlao."

"What happened?"

When Fu Qing knew how to open his mouth, Liu Su was already crying to YUNZHUO.

"Mr. Yun, can you help me with my Xinxin?" Liu Su's tears came out again.

YUNZHUO went to one side and sat down, "what happened to Qiao Xin?"

"The HD president is suing Xinxin for slandering his wife. I went to find several famous lawyers in a city, and they all said that they would not accept my case. I think I'm sure what they mean Liu Su cried. "I really have no way to come here. Please help me with the love between the two families in the past!"

YUNZHUO frowned after hearing this. What's the matter with Qiao Xin? YUNZHUO knows that Huo Dongyang is not a boring person. There must be other things. Then he asked, "what does it mean to slander his wife?"

"He said Jovi was his wife." Liusu answered immediately. "Mr. Yun, please help Xinxin."

YUNZHUO's face is a little surprised, Huo Dongyang actually admitted in front of Qiao Xin that he and Qiao Wei got married. Then is it that the next thing they get married will be made public?

Fu Qing is also paying attention to YUNZHUO's expression, his surprised expression, it seems that he does not know this matter. Well, the last time he met Huo Dongyang, he should have said about the cloud family and property.

Fu Qing more want to feel more resentful, she clenched her hand, it seems from Huo Dongyang back to the day of cloud home.

YUNZHUO looks at Liu Su in front of her eyes, and her head hurts. This busy, he is helpless. Certainly Qiao Xin said Qiao Wei first, Huo Dongyang would do so.

"Yunlao..."

YUNZHUO takes a look at Liu Su. "I can't help it."

Liu Su was angry when she heard this. This cloud family is really a bridge over the river. It is a matter of nothing to do with yourself.

"I didn't expect that your cloud family would be afraid of an outsider. I think you have come to the end of the cloud family. " Liu Su stood up and begged them like that. They didn't want to help at all, thinking that they didn't dare to offend the man.

"Hum! You are really heartless! You cloud family will be the last one! "

Listening to Liu Su's cruel words, Fu Qing certainly refused. She came forward with an angry look on her face. "Liusu, keep your mouth clean! Don't forget that you are in the cloud house now. "

Liusu has been hard to disguise. "Hum! Yes? You can't eat people. You are all cold-blooded people, Xinxin was pregnant with the seeds of your family before, and all of them were killed by your ruthlessness. So will you still have a queen? "

Fu Qing stretched out his hand and went directly to call Liu Su's palm, but Liu Su was also a vegetarian, holding Fu Qing's hand in one hand.

"You

"Fu Qing, are you used to slapping? I'm not easy to bully Liu Su's face was full of hate. "You take everything from Qiao's, I will come! Don't think I'm done! "

Fu Qing broke his hand and said, "Liu Su, is everything in Qiao's family yours again? That's what you stole back from the nest

YUNZHUO looked at the two women, you said one by one, the headache is more severe!

"Stop it!" YUNZHUO pressed his hand on his head.

Liu Su glared at Fu Qing, as if to say we'll see!

Fu Qing stares at Liu Su, the vicious woman, and I'll wait for you when you go to hell!

After Liu Su left the house, YUNZHUO invited the doctor because of headache.

Yunzhou and yunyiming also came back to say hello. Looking at the doctor gave YUNZHUO a tranquilizing injection, Yunzhou took a look at the doctor in writing medical records.

While others were not paying attention, he replaced one of the bottles and put the same bottle back in its original position. But this is not the medicine YUNZHUO usually takes.

After the doctor also told them a few words, let them must pay attention to the situation of the old man. Several people also nodded to show that they knew.

After leaving YUNZHUO's room, Yunzhou and yunyiming return to their own room to discuss major issues.

"Dad, when are we going to start?"

"The operation has begun." Yunzhou replied. It's just that the cycle is not that fast.

Yun Yiming didn't understand the meaning of Yunzhou. "What do you mean?"

"From tomorrow, we can excuse the old man's poor health and let him cultivate at home. In the company, we can make new arrangements, and by the way, get rid of the old man's cronies. "

Yun Yiming looks at his father. The ginger is still old and spicy. But it's also a good thing for yourself. He won't show up and let his father do it. In case of failure, he will bear it, so he can save himself. It is also a good thing to get rid of two mountains at once. Yun Yiming almost agreed with both hands. "Dad, be careful about these things."

"Don't worry about that." Yunzhou said confidently. "The old man will soon be delirious, and we can get his will! It's just that we all have to bear it now. "

"Dad, I'll listen to you!" Yun Yiming said with a smile.

After that, Yun Yiming returned to the company first.

As soon as he entered the office, he looked at Du moling. Today, she is not wearing a professional suit, but wearing a long skirt with ethnic characteristics. The whole person looks very beautiful. Today, she just put on a light make-up, which looks a little fresh and elegant, and it is hard to make her heart move.

"Moling?"

Mo Ling stood up with a smile. "Mr. Yun, you are back."

"Well!" Yun Yiming also saw that Mo Ling was holding a suitcase on one side. "You are..."

"I just came from the airport." Mo Ling replied. "I'm here to take off my vacation. I can go to work tomorrow."

Yun Yiming sits down, "why don't you take a few more days off?"

"No, I can't be free." Mo Ling replied. "Mr. Yun, is there anything I can do for you?"

"Go to work now?" Yun Yiming is in a good mood.

Mo Ling shrugged her shoulders gently. "I can do anything! Of course, the most human nature is to go to work tomorrow. You can see that I don't fit in the office

Yun Yiming looks at Mo Ling again. "In fact, the company can also wear a little more relaxed, that suit can also be not worn."

Mo Ling really didn't expect that Yun Yiming would say, "is it? But I'm a little more casual

Yun Yiming handed a document to Mo Ling, "take this back and have a look. Tomorrow you can arrange a new report for me."

"Good!" Mo Ling took over the document.

"Go back and have a rest today." Yun Yiming said. "We'll see you tomorrow!"

"Mr. Yun, thank you! Thank you for being so reasonable. " Mo Ling showed a brilliant smile.

With that, Mo Ling took the suitcase and left.

[Chapter 128](#)

Mo Ling just returned to the door of the community when he saw John's car parked downstairs.

Her brow frowned. Why did he come. Is that what Huo Dongyang means?

Qin Hao got off the car.

"Why did you come?" Mo Ling asked.

Qin Hao goes to Mo Ling. "You look like you just came back?"

"Yes, I went back to see mom and dad."

"You invited grandpa Huo and grandma Huo?" Qin Hao asked directly.

Moling was surprised that Huojian had already arrived in city a? This speed is really fast. She was happy, so the day when Qiao Wei was expelled was coming.

But she denied it. "I don't have one."

Qin Hao stares at Mo Ling, "it's better to be like this. If you lie, that's the end of our relationship. "

Mo Ling was stunned, and his eyes were floating. He didn't expect Qin Hao to say such a thing.

"Cousin..."

"Yes! Don't call me that. " Qin Hao immediately interrupted Mo Ling. "When you come out of Yunshi today, we are destined to be rivals. I'm here today to take care of this relationship. I hope it's not you

Mo Ling's hand trembled slightly, and she seemed to see an ending of her own. But she is a little unwilling, why they are not willing to understand themselves?

"Qin Hao, you know about the Mo family. I also need a job and a stable income."

Qin Hao didn't answer immediately. His eyes were cold.

Mo Ling did not dare to look at Qin Hao, because she did go to Huo Jiang and Mary to talk about Huo Dongyang and Qiao Wei. Of course, Qiao Wei was also bad mouthed. She doesn't want Huo Dongyang and Qiao Wei together!

"Moling, you can not choose the cloud family! Absolutely choose a better job with your ability. "

Mo Ling closed her eyes, she had no way out. If there is no chance for her to compete with HD in other places.

Qin Hao looked at Mo Ling and shook his head. "Mo Ling, I hope you don't regret your choice today."

"Qin Hao, let's go!"

Hearing Huo Dongyang's voice, moling instantly opened his eyes. Her heart beat faster, he's here too?!

Qin Hao turns to the front of the car and reaches for the door.

Mo Ling really saw that familiar figure, her tears filled her eyes in an instant. Why do you have to hurt yourself in such a cruel way? Is Huo Dongyang coming to see his own good play?

Mo Ling suddenly felt that he was so stupid. Who was Huo Dongyang? How could he not know his actions?

The car left soon. Moling just stood in place, watching the car go away, as if this is also the distance between her and Huo Dongyang. It's really getting farther and farther, far away, it can't be seen.

A burst of blowing up moling's long skirt, the skirt was blown high by the wind, and her hair also covered her sight. My heart seems to be getting colder and colder, and it's all over.

Mo Ling's tears were dried and her eyes were dry. She really lost this time. Finally, she clenched her hands, but she was really unwilling!

Mo Ling closed her eyes and opened them again. Her eyes were cold and hateful! "Jovi, we'll see!"

In the car.

Huo Dongyang handles the mail in a low voice, while Qin Hao sits on the side. Moling's choice let him very disappointed, in the end she still chose a way not to return.

While driving, John observes Qin Hao and Huo Dongyang. These two people just like to keep their minds in mind, and some words are really hard to say.

Perhaps noticing John's gaze, Huo Dongyang said, "concentrate on driving. I don't want to have an accident."

"Yes Huo Dongyang's voice without temperature is really frightening.

Huo Dongyang put down the mobile phone, "Qiao Xin's case is ready?"

"Boss, don't worry. I'm ready. " John said confidently.

Qin Hao looks back at Huo Dongyang. "Are you really ready to attack them?"

"It's time to teach them a lesson. Or they won't learn to be good. " Huo Dongyang continued.

Qin Hao smiles. "It's not good to offend you."

Huo Dongyang ignored, picked up the mobile phone to Qiao Wei to make a call.

"Hello It's not Qiao Wei who answers the phone, but Jian LAN.

"And Jovi?" Huo Dongyang asked directly.

Jane Lan's voice is a little too simple. "General manager Huo, Qiao Wei didn't know if he had eaten anything, but now he vomited out."

When Huo Dongyang heard this, he was also worried. "Take care of her first, and I'll be right back!"

"Good!"

After Huo Dongyang hung up the phone, "John, drive faster!"

"Yes

Qin Hao thinks Huo Dongyang seems to be a little nervous. What's wrong with Qiao Wei? I don't seem to be in a good mood these days. John almost flew back. The car had just stopped when Huo Dongyang got out of the car and rushed into the office building.

"What's wrong with this lady? I think boss is extremely nervous today! "

Qin Hao also has the same feeling, now Huo Dongyang is not as calm as before, Qiao Wei affects everything about him.

When John and Qin Hao return to the office, they see Huo Dongyang squatting in front of Qiao Wei and reaching out to wipe her sweat. It's such a gentle picture. It's a pity if you don't take it.

John immediately took out his mobile phone to capture such images, and then sent the photos to Jason in the United States. He can't enjoy such a big event. He must also sprinkle some dog food for Jason's single dog. It's just that the so-called solo music is not as good as the others.

Qiao Wei felt much more comfortable after vomiting. Just now, I don't know who bought afternoon tea and smelled the smell of roasted squid. Qiao Wei had a nausea and then vomited everything out.

"Feel better, will you?" Huo Dongyang's voice is very light.

Jovi nodded. "Much better."

"Shall we go back first?" Huo Dongyang is still worried about Qiao Wei.

At the beginning of this pregnancy, I heard that she would vomit very badly. If she was serious, she would vomit what she ate. This is a very uncomfortable stage. Pregnancy is really not an easy thing.

Jian LAN stood aside to observe Qiao Wei for a long time. She is now in an unusual situation. That grilled squid is very fragrant, as for smell will vomit so much?

A woman's sixth sense, Jane LAN comprehensive analysis. I immediately felt that Qiao Wei had something to hide from everyone. Qiao Wei these characteristics also point to a possibility, that is, she is pregnant!

"Wei Wei, are you pregnant?" Jane LAN still asked about the exit.

This time, John and Qin Hao stay, Qiao Wei is pregnant? So Huo Dongyang is going to be a father soon? This is the most important news in the world!

[Chapter 129](#)

Hearing Jian Lan's question, John and Qin Hao immediately surrounded him.

"Boss, is that true?" John, that was a thrill! He really didn't expect to see such a scene in his lifetime.

I was shocked to know that Huo Dongyang was married. Now I hear that Huo Dongyang wants to be a father again. It's a great spectacle!

Huo Dongyang stood up and said, "yes!"

"Wow, I'm going to be an uncle." John is so excited!

Jane Lan said to Qiao Wei with a smile: "slightly, Congratulations!"

Thank you Jovi nodded.

Qin Hao reached out and patted Huo Dongyang on the shoulder. "The burden is really getting heavier and heavier after this."

Huo Dongyang understood what Qin Hao meant, but it was a sweet burden for him. Qiao Wei and the children, he will certainly take good care of them, will not let them suffer any harm.

"Congratulations, ma'am." John, with all his heart. "After the baby is born, I will take good care of it!"

"Hello, this is boss's child. When is it your turn to take care of it?" Qin Hao obviously saw Huo Dongyang's face sink, so he began to remind John.

John nodded. "Of course I know that this is the boss's child, and this is our first next generation. Of course, we should treasure it!"

Qiao micro smile, the child just pregnant, there are so many people love, good!

Qin Hao also considered the problem of work, so he said, "now the work needs to be rearranged. Qiao Wei, if you want to stop the plot you have in hand

"Manager Qin, I can. I've already thought of all my ideas, and I'm just left with what I can do. It is estimated that the progress will be slower. " Qiao Wei still wants to insist on doing the work well. This case is also a familiar part of her own, so she doesn't want to give up.

"If you are pregnant now, you must pay attention to rest. If you keep doing it, there will be pressure. "

Qiao Wei knows that Qin Hao is concerned about himself, but she just wants to finish the case.

"Manager Qin, I will pay more attention."

Qin Hao looks at Huo Dongyang in embarrassment, hoping he can say something. It was his wife, after all, and Jovi would listen to him.

Huo Dongyang knows the significance of this case to Qiao Wei. She really wants to do this case well. "It's up to you, but if you can't hold on to it, you're not alone now!"

"Well!" Jovi nodded. Huo Dongyang really knows himself. He knows what he wants! Qiao Wei reached out and held Huo Dongyang's hand and really thank God for letting him meet him.

Near work time, Huo Dongyang and Qiao Wei go back first. After work hours, elevators and other places are full of people, which will definitely be inconvenient.

Back to Jiangwan villa.

As soon as I entered the door, I could smell the fragrance.

"It's delicious!" Jovi felt hungry at once. I didn't eat much at noon. I can smell the fragrance and really feel good!

Huo Dongyang has not smelled this flavor for many years. This is the nutrition soup made by my grandmother.

"We're back."

When she heard the sound, Mary continued. "Is Wei Wei coming back together?"

"Yes, grandmother!"

"Come and have the soup. I've been preparing all afternoon." Mary went on.

Huo Jiang sits on the sofa reading the newspaper, sees Huo Dongyang and Qiao Wei walk into the living room, these two people stand together is quite eye-catching.

Qiao Wei saw Huo Jiang and immediately called: "grandfather, I'm back!"

"Well!" Huo Jiang lightly should a, finally is a little polite. So he didn't make it.

Then Jovi looked at Mary and called. "Grandma, I'm back."

"Good!" Mary nodded. "Let Lin Juan serve you a bowl of soup. You are pregnant now. You must pay attention to nutrition. "

Qiao Wei smiles, "thank you grandma!"

"Oh, don't be so polite among your family. Go quickly. We'll have dinner later. "

"Good!"

When Qiao Wei goes to drink soup, Huo Jiang also puts down the newspaper.

"Did Mo Ling really go to the Yun family?"

Huo Dongyang nods. "It's her choice."

"In that case, we can't keep her. After all, she knows our business very well. " Huo Jiang thinks that moling is a bomb. He can't stay. Being kind to the enemy is cruel to himself.

Huo Dongyang understood the meaning of grandfather, but now is not the time to start. Otherwise, it will definitely attract the attention of Yun Yiming.

"If it's not convenient for you, I can do it." Huo Jiang said. He has always been merciless to the enemy!

"Grandfather, it's not the time yet. Let's observe for a while before we start." Huo Dongyang speaks his mind.

Huo Jiang frowned and seemed dissatisfied with Huo Dongyang's practice. "You must be quick, accurate and ruthless in order to be efficient."

"Grandfather, I know it." When Huo Jiang wanted to say when, Mary interrupted. "If William says it's proper, listen to him!"

"I'm also worried about a long night's dream."

"Weiwei, here it is! Are you afraid to frighten her if you still discuss these things? " Mary still thinks it's better to be simple.

Huo Jiang continued to count: "if we want to be the daughter-in-law of Huo family, we can't do without courage and courage! I also said that she is only in the inspection period now. If she can't, she still has to go! "

Huo Dongyang didn't have Huo Jiang to continue the topic. He stood up and walked to the dining room.

Qiao Wei saw Huo Dongyang come over, and immediately asked: "Dongyang, do you want to drink a bowl, really good to drink!"

Huo Dongyang sits down beside Qiao Wei. "It's made by grandma herself. It's delicious."

"Then I'll get a bowl." Qiao Wei walks into the kitchen.

After a while, she came out with a bowl of soup. "Come on

"It's the same as before." Huo Dongyang also remembers his childhood. At that time, grandma always made this soup for everyone to drink.

Jovi sat down with him. "Dongyang, grandma's eyes?" In fact, it's really a pity. How can we not see it?

"Crying blind." Huo Dongyang said softly.

Qiao Wei felt a pain in his heart. "It's about mom?"

"Well!" Huo Dongyang nods. "Cried for a whole month."

Qiao Wei reached out and held Huo Dongyang's hand, knowing that he remembered those unhappy things in the past.

"Dongyang, can grandma's eyes be treated?"

"In South Korea, many doctors have been invited, and some doctors say it is caused by psychological problems!"

Qiao Wei frowned, she thought summer yueqian can have a way? After all, he is a doctor and should know the authority in this respect.

Grandmother's eyes, how can not see it. Huo Dongyang's eyes and grandmother are very similar, but her eyes are light blue. If grandma can see it, those eyes must be divine and beautiful!

[Chapter 130](#)

Dinner time.

It was also the first meal they had together.

Qiao Wei is obviously a little restrained, because when they eat, they are basically silent.

"Why not See Qiao micro motionless, Huo Dongyang open his mouth.

At the sound, everyone looked at Qiao Wei.

Mary couldn't see, so she could only ask, "isn't it to my taste?"

Qiao Wei quickly shook his head. "No!"

Huo Jiang swept Qiao Wei one eye, curiously also said, "if the body is not comfortable, remember to say it."

Qiao Wei was surprised to hear Huo Jiang's words. Is grandfather concerned about himself?

See Qiao Wei no response, Huo Jiang said again. "Didn't you hear me?"

Qiao Wei quickly shook his head, "I know, thank you grandfather." It seems like a good start.

At this time, Qiao Wei's heart was happy, and her natural appetite was better.

At night, Qiao Wei also told Huo Dongyang about his grandmother.

After listening to Huo Yang's silence. He knew that Qiao Wei was kind-hearted, but his grandmother's situation was actually related to her psychology. If grandma can let go of her mother's death, maybe one day in the future, she can recover her sight. It's just that this really depends on grandma.

"Can't you?" Asked jo in a low voice.

Huo Dongyang held Qiao Wei's hand. He looked at Qiao Wei and said, "Grandma's eyes, I've asked many authoritative doctors to see it, but it's no use. This problem still depends on grandma. The combination of internal and external factors is the most important

"Dongyang, I have never asked, how did mother die?" Qiao Wei also wants to know where the cause of grandmother.

Huo Dongyang heard Qiao Wei mention this matter, with a dark surge in his eyes. This time Qiao Wei saw that Huo Dongyang didn't have time to recover his emotions.

It's a pain and hate that can't be erased! Qiao Wei also thinks of what happened before. Does YUNZHUO have anything to do with her mother's death? Qiao Weiji YUNZHUO said that he and his mother knew each other, so there must be some things she didn't know.

This is why Huo Dongyang and his grandfather are so exclusive to the people of the cloud family, which is the only reason why Qiao Wei thinks that.

"Jovi, I'll tell you about it later." Huo Dongyang made an excuse.

Qiao Wei also did not force Huo Dongyang, everyone has their own private affairs that they do not want to say. "Good!"

Huo Dongyang took Qiao Wei and leaned on the head of the bed, "Qiao Wei, thank you!"

"Thank you for what?" Qiao Wei raised his head and looked at Huo Dongyang. She didn't know what the thank you meant.

"Everything." Huo Dongyang replied. In fact, Huo Dongyang wants to thank Qiao Wei for always believing in himself and understanding his own difficulties.

Qiao Wei leaned in Huo Dongyang's arms, "Dongyang, if I have something bad to do, you must tell me, and I will correct it!"

"You're fine. Just make your own." Huo Dongyang replied.

Qiao Wei smiles and thinks he is very happy now. If it was a few months ago, she would not have dared to think about it. "Dongyang, you will spoil me like this!"

Huo Dongyang reached for Qiao Wei's nose. Smile and say: "only in this way, other men dare not want you!"

Qiao Wei looks at Huo Dongyang affectionately. She approaches Huo Dongyang and offers her own kiss. Huo Dongyang moved in the heart, buckled the back of Qiao Wei's head and actively deepened this kiss.

Then Huo Dongyang turned over and pressed Joe under his body. His kiss also became rapid, and his kiss went down all the way. Qiao panted, her eyes became blurred, always feel something wrong, but she can not remember.

Just as the arrow was in the air, Huo Dongyang suddenly stopped. He held Qiao Wei in his arms, his voice was hoarse. "I'm sorry, I almost lost control."

Qiao Wei a Leng, eyes also slowly return to the mind. Yes, she's pregnant. See Huo Dongyang a face of suffering, her heart is not good.

"Dongyang, you..."

Huo Dongyang's kiss fell on Qiao Wei's lips, a light kiss, "you sleep first, I'll take a bath."

Qiao Wei looks at Huo Dongyang's back, who doesn't love such a man!

The next day.

Qiao Wei went to the hospital for examination, Huo Dongyang did not accompany her temporarily.

So Qiao Wei did all the tests alone. When Qiao Wei is waiting for the result, he unexpectedly meets Xia yueqian.

"Schoolmaster, why are you here?"

Xia yueqian also looks at Qiao Wei unexpectedly. "Slightly?"

"Are you not feeling well?" Seeing Qiao Wei in the hospital, Xia yueqian certainly wants to go in this direction.

Joe shook his head slightly. "Do a routine check. What are you doing here? I remember you should be working in the central hospital. "

Xia yueqian let others go first, and he sat down next to Qiao Wei. "I come here for exchange and study."

Qiao Wei said with a smile, "now it's all professors. It must be teaching everywhere! ""Slightly, you don't want to cap my brother." Xia yueqian replied, "why didn't you see your husband?"

"He has something to do."

Xia yueqian nodded, he looked at Qiao Wei again, "sister, how do I think you are different today?"

"Do you have any?"

"Yes!" Sometimes Xia yueqian's intuition is quite accurate, and finally his eyes fall on Qiao Wei's stomach. Xia yueqian raised his eyebrows. This area is related to obstetrics and gynecology. At this time, Qiao Wei is here, which is a happy rhythm.

Qiao Wei also noticed Xia yueqian's eyes, and she quickly covered her stomach with her hands. "What are you looking at?"

Xia yueqian looks at Qiao Wei and his eyes become serious. "What are you doing here today? This is obstetrics and gynecology. "

Qiao Wei knows that Xia yueqian is a doctor, and he will know if he inquires a little. So Jovi didn't intend to hide it from him.

Seeing Qiao Wei's smile, Xia yueqian was stunned, "OMG! Weiwei, do you have it? This speed is really fast! Huo Dongyang is really a force! "

"Keep your voice down."

"What? Do you have the custom that it takes three months to publish? "

Joe shook his head slightly. "No, just don't want to let so many people know."

"The hardest road of a woman's life begins. Hello, come on Xia yueqian said.

Qiao Wei suddenly thought of one thing. "Schoolmaster, I have something I want you to help me with."

"Yes, give me the seal fee." Xia yueqian stretched out his hand to ask Qiao Wei for money.

Qiao Wei reached out and patted Xia yueqian's palm, "I mean serious."

Xia yueqian put down his hand and said, "say it!"

"Don't you know some authoritative ophthalmologists?"

Xia yueqian was surprised, "what do you ask this for?"

Qiao Wei told Xia yueqian about the situation, "this is the situation. You can take a look at it for me

Xia yueqian also showed his professional attitude, "or Huo Dongyang is right, the situation of grandma may be really heart disease."

"Really not?"

"I'll have to analyze it according to the specific situation. If I can, I'll have to have a face-to-face examination before I know."

Qiao Wei also knows that this is the best, but I don't know if grandma would like to.

Xia yueqian looked at the time and the forum was about to start. "Can you do it alone?"

"I'm ok."

Xia yueqian stood up and said, "Well! Then we'll get back to you. "

Thank you

"You're welcome!"
