

Warm Wife 151

[Chapter 151](#)

Jiangwan villa.

On this day, Huo Jiang and Mary are going to travel. Since they are back, they will take a look at China. And now that Mary's eyes are good, they can make good on their young promises.

Qiao Wei stood at the door to send Huo Jiang and Mary out. "Grandfather, grandmother, you must be careful on the way and call us when you arrive."

"Slightly, don't worry." Mary took Jovi's hand.

"Well, then have a good time with your grandfather."

Mary nodded with a smile. "Well, while we're away, you and William have lived together."

"Grandma..." Joe Wei blushed at Mary's remark.

Mary looked at Huo Dongyang standing behind Qiao Wei. "Take good care of my tiny, if I come back to find her thin, I will look for you!"

"My good grandmother, I know. If you don't leave, you'll miss the plane. " Huo Dongyang urged.

Huo Jiang also came to Qiao Wei. "Weiwei girl, you can call me if you have something. The boy is more or less willing to listen to me

Qiao Wei is moved by her face. She reaches out to hold Huojiang. "Thank you, grandfather." Thank you for accepting me. Thank you for liking me. Thank you for caring about me.

Huo Jiang was hugged by Qiao Wei, which also seemed unnatural, "OK, don't be sensational. Gone

After seeing off Huo Jiang and Mary, Qiao Wei went back to her room and continued to improve her plan.

When Huo Dongyang entered the room, he also called out to Qiao Wei. "Pay attention to rest. Don't worry about this case. "

"Well!"

Huo Dongyang saw Qiao Wei's serious back. He laughed and went to the study.

Just when Qiao Wei changed almost, the mobile phone rang. Seeing the caller ID, Qiao Wei didn't want to answer. Fu Qing at this time to call himself should not be a good thing.

Not to the mobile phone ring stopped, Qiao Wei ready to continue, Fu Qing's call came in again.

Qiao Wei frowned. What is she going to do? Qiao Wei opened the mobile phone screen. "Hello..."

"Mrs. Huo, you are finally willing to answer the phone. Now the shelf is quite big. "

"What can I do for you, madam Yun?"

Fu Qing smiles. "I saw the news, so I'm calling to congratulate you. Isn't Mrs. Huo really happy that she is now worthy of her name? "

"What do you want to say?"

"Jovi, don't be happy too soon." Fu Qing said on the phone. "Huo Dongyang is not a good man. He approaches you with a purpose."

Qiao Wei didn't believe Fu Qing's words. She didn't believe these words without any evidence!

"Qiao Wei, do you know the relationship between Huo Dongyang and the cloud family?"

Fu Qing's words can be said to arouse Qiao Wei's curiosity. Yes, she always wanted to know. In fact, her heart also faintly guessed some. There must have been something wrong between the cloud family and the Huo family. From the attitude of Huo Dongyang and his grandfather and grandmother towards the cloud family, she also has doubts.

Just these things, Huo Dongyang has not told himself, even grandparents have not mentioned, or they do not want to worry about themselves, so they did not say!

See Qiao Wei has not spoken, Fu Qing continued: "I can give you a little hint, and Huo Dongyang's mother's death has something to do with it."

"I know that." Qiao Wei soon planned Fu Qing's words. In fact, there is a sudden rejection in my heart to know the truth.

Did not seem to expect Qiao Wei to say so, Fu Qing there is also a slight pause. "You know?"

"Well, if there's nothing else, I have something else to do."

"Qiao Wei, do you know the relationship between Huo Dongyang and the old man?" Fu Qing finally said what was in his heart.

Qiao Wei's eyes flash, a sudden idea, wheezing from her mind. Soon, Qiao Wei did not have time to think, it has disappeared. It's a ridiculous idea, and it's absolutely impossible.

Qiao Wei did not continue to listen to Fu Qing's words and hung up the phone.

After hanging up the phone, Qiao Wei wants to concentrate on finishing the plan, but his heart can't calm down. All of a sudden, many strange ideas came out of my mind.

Qiao Wei's mind also flashed some past fragments, and these and Huo Dongyang related information, seems to point to one direction. That is, Huo Dongyang has a relationship with the cloud family.

Yun Yiyang once said something to himself. Yun Yiming seemed to have hinted at it. What Fu Qing said this time, even when Yun Zhuo met with him last time, he said something intriguing.

The words they put together seem to be saying that Huo Dongyang seems to be

"Qiao Wei!"

Hearing Huo Dongyang's voice, Qiao Wei's heart pounded. It seems that he has done something wrong, all kinds of tension in my heart.

"Ah?"

Huo Dongyang saw that Qiao Wei's expression was not right. He went to Qiao Wei, and his blue gray eyes looked at her. "What's the matter? Is something wrong?" Qiao Wei quickly shakes his head, eyes are also around to avoid Huo Dongyang's eyes. "It's OK."

Seeing Qiao Wei's evasive words, Huo Dongyang knew she had something to do. "What would you like to eat at noon? I asked sister Juan to prepare

Qiao Wei didn't dare to look at Huo Dongyang directly. She stood up immediately. "I'll ask sister Juan what's good for you."

"Well!" Huo Dongyang nods.

See Qiao Wei quickly walk out of the room, Huo Dongyang also added a sentence. "Slow down!"

"Good!"

After Qiao Wei left the room, she leaned against the wall for breath. It was too dangerous just now. Huo Dongyang almost saw the problem. Qiao Wei reached out and knocked on her head. How could she begin to doubt Huo Dongyang by listening to other people's words? She said she believed him herself!

Qiao Wei shook his head, no longer to think about those miscellaneous things, now to fill the stomach is the key, and then Qiao Wei went downstairs to find Lin Juan.

In the room.

Huo Dongyang looked at Qiao Wei's mobile phone's prompt light has been on. And he just heard Joey's cell phone ring.

He picked up Qiao Wei's mobile phone and opened it, although he knew it was impolite and disrespectful to him. But now he has to do harm to those who want to.

Huo Dongyang saw Fu Qing's call, Huo Dongyang walked out of the room, he went back to the study, picked up his mobile phone and dialed a person.

Huo Dongyang spoke immediately after the connection. "I told you to take care of your people!"

[Chapter 152](#)

After the call, Huo Dongyang sat down in a chair.

His brow has been locked, in the end, Fu Qing and Qiao Wei just said how much?

Huo Dongyang's heart is a little uneasy, such a feeling is not before. It seems that the saying is true, when you have weaknesses, you will be hurt.

Fu Qing seems to have found his weakness. What will the people of their cloud family do next?

When irritable, Qiao Wei's small head appears at the door. "Dongyang..."

This also brought Huo Dongyang back, "huh?"

"Sister Juan asked if you have anything to eat?" Qiao Wei continued to ask.

Huo Dongyang's eye light also becomes gentle, "to you primarily, I can."

"Good." Joe gave a slight smile. Looking at her to turn her head away, Huo Dongyang immediately stopped her. "Qiao Wei!"

Qiao Wei immediately stopped his action. She looked at Huo Dongyang and seemed to have something to say to herself: "what's the matter?"

"Nothing, just want to call you." Huo Dongyang's words stuck in his throat. Once some words are said, it seems that there is no turning back.

Huo Dongyang heart some chagrin, why did not and Qiao Wei confess at the beginning? If so, will you lose her? And now everything will not have?

For the first time, contradictions swayed around in Huo Dongyang's heart. Would it be like this in the face of feelings?

Qiao Wei saw Huo Dongyang's expression, what did he want to say to himself? But he didn't say it.

"I'll go and fix the plan first." Qiao Wei saw that Huo Dongyang was not talking and turned out.

The next day.

Qiao Wei goes to Qin Hao with his new plan. Unfortunately, Qin Hao goes out on business. So Jovi was waiting in the office.

Jane LAN poured a cup of water to Qiao Wei, "it seems that the recent life has been moistened, and this face is full of flesh. It seems that Mr. Huo has really raised you very well. "

Joe gave a slight smile. "Xiao Lan, don't make fun of me."

"No! I'm telling the truth. " Jane LAN replied. "Now people all over the world know that you are the president's wife of HD. It's a very famous name

Jovi didn't care much about the title. She just wants to live quietly with Huo Dongyang. But the reality is not so good, has told himself not to think about those things, but when he stops, always remember.

Jian LAN saw that Qiao Wei had something on his mind. "Weiwei, you seem to have something on your mind?"

Qiao Wei looked at Jian LAN, "Xiao Lan, if you one day find that the people around you have cheated you, what will you do?"

Jane LAN did not know why Qiao Wei suddenly asked because of this, but she also said according to her own idea: "that is to see what the starting point of this person is? If he lied to you for your good, then I would choose to forgive. If he made up a story to deceive you out of profit or from what he wanted from you, then this person is not worthy of forgiveness. "

Qiao Wei hears Jian Lan's words, in the heart also has some entanglement. If so, what is going on in the cloud family! I don't have anything to recommend myself. Do they cheat themselves in this way?

"Weiwei, what happened to you?" Jian Lan also Qiao Wei's expression and eyes twinkle can see some clues. "Is it Mr. Huo?"

Qiao Wei quickly shook his head. "No! Don't think about it. Dongyang won't cheat me! "

"That's fine. What are you worried about? " Jian LAN holds Qiao Wei's hand and says. "Now that you have chosen Mr. Huo, you should firmly go on and don't read those boring comments on the Internet."

Jian LAN didn't think so much, just thought Qiao Wei had read the comments of those people on the Internet, so she had a wild idea.

Finally, Qiao Wei still did not wait for Qin Hao, she handed over the information to Jian LAN. He must go back first, or Huo Dongyang will be worried.

But after returning home, Qiao Wei found that Huo Dongyang was not there.

She sat alone in the living room, watching the soap operas.

After a while, the doorbell rang.

Qiao Wei immediately went to the walkie talkie. "Hello, who is it?"

"Hello, there is a express for Mr. Huo. Please sign for it."

Qiao Wei opened the door and let the courier out.

After signing, Qiao Wei looked at the sender above. It was sent by a law firm named Hengyi.

It may be some legal documents, but what does Huo Dongyang need? What's more, Qiao Wei thinks that Hengyi law firm seems to have heard about it, and it's really familiar.

"Madame, your soup is ready."

"Good!" Qiao Wei didn't think much about it. He quickly went upstairs and put it in his study.

After drinking the soup, Qiao Wei went to take a nap.

But the nap was not stable, she had a strange dream. I dreamt that I and Huo Dongyang went back to the cloud family together. All the people in the cloud family were very unfriendly to him and Huo Dongyang. Everyone had hatred. And the hatred seemed to be directed against Huo Dongyang, as if Huo Dongyang had robbed them of some treasure. However, in the cloud family rushed to the moment, Qiao Wei woke up.

Joe breathed heavily. Fortunately, it was a dream. And Huo Dongyang also said that dream and reality are opposite, so don't worry about it.

After calming down, Qiao Wei just sat up. Just want to drink water, but found that the quilt is empty, so can only go downstairs to pour.

As soon as he opened the door, Qiao Wei heard Huo Dongyang's voice. He had come back.

Qiao Wei wanted to pass by and have a look at him, but before she got to the door of the study, she heard Huo Dongyang's unhappy voice.

"What do you mean?"

Qiao Wei stopped. There should be no one in the room because she didn't hear an answer. So Huo Dongyang should be on the phone.

Later Qiao Wei also heard Huo Dongyang continue to say: "I will return the things you sent to me from the law firm, and I am not rare."

"You still leave your will with your family."

Qiao Wei thought it was not good to eavesdrop, so he was ready to leave. But just after two steps, Huo Dongyang's voice continued to come from behind.

"I don't care about the property of the cloud family. You don't want to move me with this move! "

Qiao Wei's eyes widened, the property of the cloud family? will? Who is Huo Dongyang calling? Some of the past fragments in Qiao Wei's head have appeared, gradually pieced together a picture.

Qiao Wei's heart rate sped up inexplicably. Is Huo Dongyang really related to the cloud family? So what is the relationship between him and Mr. cloud? Those who are related to the property and will of the cloud family should be their immediate relatives, right?

Qiao Wei's face a burst of pale, in fact, the answer has been ready to come out, isn't it?

At the thought of this, Jovi immediately shook his head. She still didn't believe it was true.

Lin Juan just went upstairs to send tea to Huo Dongyang. As soon as she went upstairs, she saw Qiao Wei standing at the door of the room with a blank face.

"Young lady, how are you standing here?"

Hear Lin Juan's voice, Qiao Wei looks at her. "I..."

At this time, she also sounded behind the sound of footsteps, Huo Dongyang seems to come out of the study.

"Qiao Wei..."

[Chapter 153](#)

Qiao Wei heard Huo Dongyang's voice, and his voice seemed to be disturbed.

Lin Juan looked at two people some strange, the atmosphere strange, she immediately said: "young master, your ginseng tea is ready."

"In the study." Huo Dongyang frowned and said.

Lin Juan nodded, she immediately carried ginseng tea into the study, and then also quickly downstairs.

Huo Dongyang walked to Qiao Wei, and his voice seemed to be the same as usual.

"Awake?"

Qiao raised her head mechanically. She looked at Huo Dongyang standing in front of her and pursed her mouth.

Huo Dongyang is also wondering, she just heard the phone content of himself and YUNZHUO?

Qiao Wei's heart is also very confused, in the face of Huo Dongyang's inquiry, she chooses to lower her head again. "I'll go downstairs and pour water."

With that, Qiao Wei immediately bypassed Huo Dongyang and went to the stairs. Huo Dongyang just wanted to reach out to pull her, but he didn't catch it.

Looking at the empty hand, Huo Dongyang has a strange feeling in his heart. He looked back at the figure who was rushing downstairs, and his eyebrows twisted again.

Joe stood on the edge of the table, pouring water for himself and thinking about things. I didn't notice at all that the water in the cup had slowed down.

Lin Juan heard the sound of the water, looked back and found Qiao Wei's situation.

"What's wrong with you, young lady?"

Hearing Lin Juan's voice, Qiao Wei just came to his senses. See that the overflow of water has wet the whole table.

"I'm sorry!" Jovi immediately put the kettle down and reached for the cup. But forget that the water is hot, a hot hand on the release, the cup fell on the ground, directly to a landing flowering.

The clear sound also shook Qiao Wei's heart. She looked nervously at the broken cup on the ground. That doesn't seem to bode well either.

Lin Juan came over immediately, "young lady, are you ok?"

Qiao Wei silently shook his head, her heart still did not calm down. "I'll clean it up."

Qiao slightly bent down, just picked up a piece of debris, was cut, "hiss..."

"Oh, young lady, your hand is bleeding." Lin Juan exclaimed, and she immediately helped Qiao Wei up.

"I'll get the medicine box. Don't move, young lady. I'll deal with these later."

Joe nodded, and she looked at the blood from her fingers. What's wrong with her?

"What happened?" Huo Dongyang also came down from upstairs when he heard the sound.

Qiao Wei saw the sudden appearance of Huo Dongyang, she was also energetic, she immediately cut his finger in the back.

Huo Dongyang quickly came to Qiao Wei's front, and could not help but grasp the hand she wanted to hide.

See the blood on the finger, Huo Dongyang's eyes are not calm for a moment. "How did you get hurt?"

"I was not careful." Qiao Wei's voice is very low.

Huo Dongyang this time, only to see the broken glass on the ground, and that piece of blood stained debris. He also understood what was going on.

"Young lady, here comes the medicine box." Lin Juan comes with the medicine box.

Huo Dongyang said to Lin Juan, "take the medicine box to the living room."

"Oh." Lin Juan goes out with the medicine box.

Huo Dongyang takes Qiao Wei's hand to go out, but Qiao Wei doesn't move. Huo Dongyang saw the situation and directly picked up Qiao Wei.

"Ah Qiao Wei also did not have time to respond, the body was emptied, so exclaimed.

Huo Dongyang looked at Qiao Wei in his arms, "what's going on today? The whole person seems to have lost his soul. "

With that, Huo Dongyang took Qiao Wei to the living room. After putting Joe on the sofa, Huo Dongyang immediately helped Qiao micro deal with the wound.

Lin Juan see Huo Dongyang personally handle, she also rest assured to clean up.

Qiao Wei quietly looks at Huo Dongyang, who is carefully treating the wound and dressing the wound for himself. Is he really related to the cloud family? Qiao Wei didn't dare to continue to think about it and didn't want to speculate.

"Does it still hurt?"

Joe shook his head slightly. "It doesn't hurt."

Huo Dongyang clenched Qiao Wei's hand, his fingers groped for Qiao Wei's hand with a ring. "Jovi, you and I are husband and wife. You can tell me something. I was in the study just now... "

Qiao Wei immediately covered Huo Dongyang's mouth with another hand. "I'm fine. You don't have to worry."

She also said a smile to Huo Dongyang. She didn't want to talk about other things with Huo Dongyang. Huo Dongyang is more distressed to see such Qiao Wei. Does this idiot really want to face it alone?

After that, Qiao Wei didn't ask anything, which made Huo Dongyang at a loss.

Two days later, Qin Hao asked Qiao Wei to go to the office to discuss the plan.

Qin Hao sees Qiao Wei, who is not very spiritual. "Not sleeping well? It's a bit of a poor spirit. "

"No Joe shook his head slightly. "Manager Qin, do you have any questions about the plan?"

Qin Hao shakes his head. "There's nothing wrong with the scheme, but I think you have a problem. What's wrong with you and Dongyang? These two days, his interest is not high, I think he seems to have something on his mindQiao Wei hears Qin Hao raise Huo Dongyang, her heart feels uncomfortable. These two days, she is some deliberately avoid him.

"What's wrong with you?" Qin Hao then asked.

Qiao Wei's head was low, and her fingers were playing with the corner of her dress. "Manager Qin, how long have you known Dongyang?"

Qin Hao thought for a moment, "it seems that it's been a long time. What's the matter?"

Qiao Wei hesitated to ask Qin Hao about Huo Dongyang, but did she not mean that she did not believe him?

Qin Hao looks at Qiao Wei biting his lips. It seems that some words are hard to say.

"Manager Qin, do you know who Dongyang's father is?"

Qin Hao was stunned when he heard Qiao Wei's question. How could Qiao Wei suddenly ask? Does she already know something?

"Why ask this all of a sudden?"

"Be curious! I always feel like I don't know anything about him. " Qiao Wei this sentence also has some self mockery meaning.

Qin Hao understands the reason for Huo Dongyang's low pressure these two days. It seems that Qiao Wei should have known some truth by now.

Qiao Wei waited for Qin Hao's reply, "can't you tell me?"

"No. And I think it would be better for Huo Dongyang to tell you in person. " Qin Hao said. "Jovi, I want to say something else to you."

Joe nodded. "Go ahead."

"When you and Dongyang first got married, I didn't think much of it! But seeing you all the way, I don't think Huo Dongyang has chosen the right person. As long as you two love each other, the rest is not a problem at all. "

Qiao Wei has been thinking about what Qin Hao said. After stopping, he found that he had already arrived at the company's downstairs. She took out her mobile phone and made a call to the south, saying that she wanted to go for a walk and go back later.

But Qiao wei walked for a long time. When she was tired, she chose a cafe to rest.

Just wanted to order a glass of juice, suddenly sat down on the opposite side.

When Qiao Wei raised her head and saw clearly who was coming, she looked surprised.

"Why are you here?" Asked Qiao Wei.

Cloud Yiyan looked at Qiao Wei, "I happen to be alone."

Qiao Wei frowns. What does Yun Yiyan mean by this?

"You want coffee, too?"

Joe shook his head slightly. "I want a glass of juice."

After placing an order, Yun Yiyan looked at Qiao Wei and said, "you seem to have something on your mind. I guess it's about Huo Dongyang."

[Chapter 154](#)

In the next period of time.

Qiao Wei did not go to meet Yun Yiyan, she seems to have entered another world.

Cloud Yiyan also did not interrupt Qiao Wei, she is now really different from before, why did he look away?

Coffee and juice were soon served, and Yun Yiyan put the juice in front of Qiao Wei.

"Do you want something to eat?" Yun Yiyan asked.

I followed her all the time just now. She should be hungry after walking for so long, otherwise she would not sit there.

Qiao Wei just looked at Yun Yiyan at this time. "How could you be here?"

"Jovi, you don't really know I'm here until now, do you?" Yun Yiyan is really a little sad.

Qiao Wei looked at Yun Yiyan and took a drink from the cup. She didn't go further into the reason why Yun Yiyan was here. She looked down at the staple food on the menu. She was really hungry.

Now she's not alone. Even if she doesn't eat it, the child will eat it. Qiao Wei orders a spaghetti with meat sauce.

Cloud Yiyan looks at Qiao Wei such action expression seems to be completely when he does not exist. "The first time you've ignored it."

Jovi ate spaghetti and she blinked. "You too? Why didn't you just say that? "

When Yun Yiyan heard Qiao Wei's words, the corners of his mouth rose. In fact, she is more lovely and vivid. Before she was too rigid, every day is a rigid face, let people look at also feel speechless.

Yun Yiyan looked at Qiao Wei with a smile and ate spaghetti. He seemed to be affected by her appetite. It seems that spaghetti tastes good! He also called for one.

But the taste is obviously the same, but Yun Yiyan doesn't think it's delicious. Why does Joe enjoy it so much?

Qiao Wei finished the spaghetti, she picked up a paper towel to wipe her mouth. "Thank you for dining with me today. I'm going back."

Cloud Yi Yan listen to Qiao Wei's words, immediately also put down the fork in the hand.

"So you eat so fast, you want to go back early?" The original good mood was suddenly destroyed.

Qiao Wei feels that Yun Yiyan seems to be lost, but it shouldn't be! "Do you have anything else? Are you here to see me today? "

Yun Yiyan is really convinced by Qiao Wei's Leaping thinking. He can't keep up with him.

"Qiao Wei, are you and Huo Dongyang really married?" Yun Yiyan still wants to confirm in person in front of Qiao Wei.

Qiao Wei takes a look at Yun Yiyan. "Is this important?"

"Important."

After thinking about it for a while, Qiao Wei nodded immediately. "Yes, it is."

Yun Yiyan's eyebrows were locked. "Qiao Wei, I remember telling you last time that Huo Dongyang is not a good man. He married you for a purpose. Why don't you

Qiao Wei looks at Yun Yiyan. "So what? For him, I can only say that he is very good

"Those are false appearances!" Yun Yiyan said angrily. "Do you know who Huo Dongyang is? How can you be so naive

It's the same thing about Huo Dongyang's identity. She's tired of listening to it these days. Every time they are warning themselves not to contact Huo Dongyang, they will say that, do you know who Huo Dongyang is? She was also tired of these speculations.

Qiao Wei has been pressing the fire in his heart. "Why? You always like to talk about it. What's the relationship between Huo Dongyang's marriage and his identity? "

Yun Yiyan saw that Qiao Wei was angry. "Are you angry?"

"You give me a reason." Qiao Wei also took advantage of his anger, summoned up the courage to ask.

Yun Yiyan frowned, "do you really want to know?"

"You don't always want me to know, so say it. Why do you have to say it in half. It's so boring Qiao Wei also said this time.

When Yun Yiyan heard Qiao Wei's words, he didn't want to say it again. He was worried that Qiao Wei would not accept the fact.

Qiao Wei laughed out, "at the critical time, why don't you dare to say? It's Huo Dongyang who has something to do with your cloud family! "

Yun Yiyan was stunned. Did she already know? But her reaction didn't seem to be right.

"You already know that Huo Dongyang is grandfather's son?" Yun Yiyan said in a low voice that, after all, domestic ugliness should not be publicized.

Qiao Wei's heart trembled, the answer that has been ready to come out like this. Huo Dongyang is YUNZHUO's son, son?! Qiao Wei had thought of countless possibilities, and actually heard it from Yun Yiyan's mouth.

The cloud of suspicion in Qiao Wei's heart was gone, but she couldn't relax. Before that, she heard those words in her mind.

"The cloud family really has a lot of secrets, which should be the biggest one? So over the years, you've been hiding it. " Qiao Wei questions Yun Yiyan in turn.

Cloud Yi Yan shakes his head, "I also inadvertently just, I discovered, I really did not know before." Yun Yiyan doesn't want Qiao Wei to misunderstand himself, so he wants to explain. "You people in the cloud family always say one thing and do another." Qiao Wei's face was full of disdain. "Next, you must want to laugh at me again, right? Say I am shameless, marry my nephew first, then my uncle? "

Yun Yiyan feels that Qiao Wei is not right in front of her. She is too calm! "Weiwei, are you ok?"

Joe shook his head slightly. "I'm fine, I'm fine! Yunyiyang, I'm not the Qiao Wei I used to be. I don't have to bear it all the time. If you cloud family wants to deal with Huo Dongyang, then I will protect him too! "

Cloud Yiyan looked at Qiao Wei in dismay. "You really don't mind?"

"What do I mind?" Qiao asked with a smile. "Qiao Wei had no good comments, so now I have nothing to fear."

Yun Yiyan makes a complete change to Qiao Wei. In fact, she is a meticulous person. She has already seen everything clearly, but she didn't say that because she didn't care, so she didn't want to take care of it. Now it's different. She can stand up for Huo Dongyang.

Jovi stood up with his bag. "I'll go back first."

"Slightly, I don't want you to get hurt." Yun Yiyan seldom said a word in his heart. "Huo Dongyang is definitely not simple. He has a purpose when he comes back to a city, and he has a purpose when he is with you!"

Qiao Wei heard Yun Yiyan's words, she looked back at Yun Yiyan. "What's his purpose for me? Do you know where I met him? "

Yun Yiyan is silent. He doesn't want to hear too much about her and Huo Dongyang, because it's self abuse.

"The day you and I divorced at the Civil Affairs Bureau, do you remember the man who sent me the information?"

Qiao Wei's words soon formed a picture in Yun Yiyan's mind. When I was in the Civil Affairs Bureau, was the man with sunglasses Huo Dongyang?!

[Chapter 155](#)

Qiao Wei looks at cloud Yi Yan completely changed face, she knew he should remember.

"Do you have an impression?" Asked Qiao Wei.

Cloud Yi Yan's face is all unnatural, "that man with sunglasses is Huo Dongyang?"

"Yes." Joe nodded. "At the beginning, it was you who left me in the Civil Affairs Bureau with his company."

Yun Yiyan's hand is clenched. Now he thinks that he is really a motherfucker. How to treat Qiao Wei like that, because she didn't find any information. He even wanted to do something to her in order to get a divorce as soon as possible.

He is really too bad, so next he will experience and Qiao Xin's asshole incident. Actually also belongs to own retribution!

Jovi continued. "I haven't told you that Huo Dongyang and I got the certificate less than half an hour after I divorced you."

"What!" Yun Yiyan's eyes suddenly grow bigger. "You and Huo Dongyang got the certificate at that time?"

Joe nodded. "Yes. When I was most helpless, he saved me with his lifelong commitment. When you and Qiao Xin make news, it is he who takes care of me by my side. When I am bullied, he helps me out. He came to pick me up at the cloud house. All these things, he is guarding me! What is the purpose of his being with me

Yun Yiyan is speechless. He says everything. Qiao Wei's words made him more embarrassed. What did he do in the past!

Qiao Wei took back his eyes, "yunyiyan, I used to go through this life with you. But now I feel that maybe I divorce you just to meet Huo Dongyang! "

"Slightly, I was wrong." Yun Yiyan said this sentence sincerely. "We can start all over again."

"No! There is no way to go back. I'm not the same Jovi I used to be. " Replied Jovi. "I have the life I want."

"If you continue to be with Huo Dongyang, you will bear more."

At this time, Huo Dongyang appeared. That's how he came out of the blue.

Huo Dongyang went to Qiao Wei and said, "I'm here to pick you up."

Qiao Wei looks at Huo Dongyang, and his mood becomes very complicated. If we really want to say that she doesn't mind Huo Dongyang's real identity, it's false. However, she did not want to deny Huo Dongyang's feelings for himself, because it was not a fake.

People like Huo Dongyang, who are in the altar, spend time and energy on a woman. It's not perfunctory to prove that he really likes it.

"Huo Dongyang, you put it slightly!"

Huo Dongyang felt flustered when he heard this. "Why do you ask me so?"

Let Joey go back to you? impossible! At this time, he really hated his coming late. Yun Yiyan should have told Qiao Wei! Think Qiao Wei will leave oneself, Huo Dongyang is irritable.

Huo Dongyang got angry. "Jovi is my wife now. She has nothing to do with you

"Your identity will only do her more harm." Yun Yiyan continued.

Huo Dongyang's eyes were cold, "I never thought to hurt her!"

"Huo Dongyang, why do you wash yourself white? Do you think everyone is not clear about your recent actions? You just want to suppress the cloud, so that your HD can stand firm in a city. "

Huo Dongyang doesn't want to continue talking with Yun Yiyan. He only cares about Qiao Wei. But from her own in to now, she has never said a word, which also let his heart have no bottom.

If it wasn't for the traffic jam, he would have arrived when Yun Yiyan and her sat down.

"Jovi, we're home."

Qiao Wei suddenly felt that Huo Dongyang was a little strange. Was he still his husband?

Yun Yiyan said: "Weiwei, if you don't want to go with him, I can take you."

"No Jovi spoke.

Yun Yiyan gets nervous. "Qiao Wei, do you still see the facts clearly? His purpose is not simple at all

Qiao Yiyang doesn't want to hear some slander from Huo Yiyang. "It's a matter for me and Dongyang. We'll solve it ourselves. It's no trouble

"Slightly!"

"Yuner Shao, goodbye!"

Finish saying, Qiao Wei took Huo Dongyang's arm. "Let's go back. I'm a little tired."

When Huo Dongyang heard these words, his confidence came back. "Well!"

Watching them leave, Yun Yiyan falls into a chair. It is also a fact that she has fallen in love with Huo Dongyang.

Out of the restaurant, Qiao Wei let go of Huo Dongyang. "I'm going south."

With that, she went to the South car. Huo Dongyang frowned. He quickly grasped Qiao Wei's arm, "Qiao Wei, do you want to avoid me?"

Joe turned his head to the other side. "I don't have one." In fact, Qiao Wei just wants to be quiet. She wants to rearrange her relationship with Huo Dongyang.

Huo Dongyang can't accept Qiao Wei to escape himself like this, he pulls Qiao Wei into his arms. "Jovi, I won't let you leave me! I'm not going to let you avoid any problems. Get in the car With that, Huo Dongyang used some tough and rude actions to cram Qiao Wei into Xiang Qing's car, and then he also sat in.

Xiang Qing feels that the atmosphere is not right. The painting style of these two people has changed. How can they feel uncomfortable?

Huo Dongyang closes the door. "Drive!"

After receiving the order, Xiang Qing also started the car immediately. The boss is in a bad mood. He doesn't talk much.

After Qiao Wei got on the car, she had been sticking to the other side of the door, trying to open a distance with Huo Dongyang. There is a person's position between them.

Huo Dongyang frowned, "sit here." Huo Dongyang doesn't want to be strong with Qiao Wei, worried about getting children.

Qiao Wei almost back to Huo Dongyang, "you let me wait like this."

It seems that Huo Yang closed his eyes.

Qiao Wei leaned against the window and looked at the scenery outside. She wanted to forget everything just now. She would rather let the answer that is ready to come out has been hidden in her heart and never reveal it.

Or tired, Qiao Wei's head gently leaned against the window and fell asleep. Recently, she was particularly prone to drowsiness.

Huo Dongyang has been quietly watching Qiao Wei's every move, he pretends to be looking at the mobile phone, in fact, is looking at her.

Huo Dongyang slowly moved his body to the middle, stretched out his long arm and gently pulled Qiao into his arms. Qiao Wei's head naturally rests on Huo Dongyang's shoulder, or habitually, she moves for a while and then finds a comfortable position to sleep.

Huo Dongyang's heart also secretly relieved, she did not so exclude himself. He put his head on Qiao Wei's head, and his hands gradually tightened.

As long as she doesn't leave, he has a way to make her accept it, and he will tell her everything.

[Chapter 156](#)

To Jiangwan villa.

Huo Dongyang carries Qiao Wei into the room, always holding Qiao Wei back to the room.

Cover the quilt for Qiao Wei, Huo Dongyang sits down and looks at Qiao Wei, and holds Qiao Wei's hand in the other hand.

"Qiao Wei, you have a good sleep, I am here with you!"

Qiao Wei woke up at night, and the little orange light at the head of the bed was on. She moved and found her hand held.

Qiao Wei saw Huo Dongyang lying on the edge of the bed asleep, his big hand has been holding his own hand. Qiao Wei's eyes are soft, she looks at Huo Dongyang like this.

Huo Dongyang moved, Qiao Wei quickly closed his eyes, do not want to let Huo Dongyang find himself awake, she has not thought clearly how to face Huo Dongyang.

In fact, when Jovi woke up, he was already awake. Seeing Qiao Wei pretending to sleep, he didn't expose it. As long as she is by his side, he will give her time to adapt to all this.

Huo Dongyang got up and gave Qiao Wei a kiss on his forehead. "Sleep, my girl!"

Huo Dongyang walked out of the room, and Qiao Wei opened her eyes again. She reached out to touch her forehead, where the temperature of Huo Dongyang remained. Is it self-willed to do so? In fact, this matter is not Huo Dongyang's choice.

The next day.

After Huo Dongyang went out, Qiao just got up.

She went to the study to look for her iPad, but accidentally saw the will that Huo Dongyang put on the desk.

Qiao Wei just remembered at this time that Hengyi law firm has always been the lawyer team of YUNZHUO, so this will is YUNZHUO to Huo Dongyang!

Seeing the content of the will, Qiao Wei felt a little inconceivable. YUNZHUO actually left 80% of the property of the cloud family to Huo Dongyang, and then left 20% to others.

YUNZHUO also noted that the property right of the old house of the cloud family was transferred to Huo Dongyang after his death. If this is the case, the people of the cloud family will certainly not agree.

Qiao Wei thought of that dream. Now it seems that it may be true. They have hate in their eyes, all because of Huo Dongyang, because Huo Dongyang robbed them of everything they wanted. The property of the cloud family that they had been longing for this year came to Huo Dongyang's hands easily. They must not accept it!

Qiao Wei stacked the will, only to see the last page of notes. She walked out of the study with her iPad.

She's going to watch TV on the balcony on the second floor. Just walked to the balcony, Qiao Wei seems to see the shadow of Huo Dongyang in the villa next door.

How could Huo Dongyang be in someone else's house, and he followed Xiang Qing behind him. What's the meaning of this? How can they come and go in other people's homes like this? This is a little strange. Qiao Wei also thinks of some things. Huo Dongyang seems to have said that Xiang Qing and Nan live nearby. According to him, Xiang Qing and Nan Nan should live next door. Although the villa was not very big, it was more than enough for both of them.

Worried that Huo Dongyang saw himself, Qiao Wei also moved his position, and she went back to her room to watch the play.

But this day, Huo Dongyang did not come back, which made Qiao Wei a little depressed. She ate alone, looking at the empty position, also felt uncomfortable in her heart. Was he avoiding himself?

"Young lady, you should drink more of this soup. The old lady told me it was good for the baby Lin Juan smiles.

Qiao Wei nodded to Lin Juan, "OK!"

"Sister Juan, Xiang Qing, do they live next door?"

Lin Juan's smile froze on one side. "Young lady, I already know."

"In fact, I just saw Dongyang over there." Added Jovi.

"Is it?"

Lin Juan has always been loyal to Qiao Wei, but she should also know a lot!

"Sister Juan, how many years have you been in the Huo family?"

"When the young master was three years old, I went to the Huo family. And my job is to take care of him. "

Hearing Lin Juan say so, Qiao Weishun asked: "how did Dongyang's mother die?"

"Madame died in an accident." Lin Juan replied. "But the master said it was not an accident."

Jovi's eyes lit up. "Sister Juan, how much do you know, can you tell me?"

"Young lady, I know not much." Lin Juan replied. "But I believe the master will not cheat."

Qiao Wei's eyes darkened a little bit. Now it seems that all the focus is on the cause of her mother's death. Or only one person knows the truth, that person is YUNZHUO.

Lin Juan also noticed that Huo Dongyang and Qiao Wei seem to have some friction these two days.

"Young lady, are you and the young master all right?"

These two people seem to be hiding from each other. The young master went out early in the morning, and he still doesn't come back. Although also know he is in the Xiang Qing there, but she can't guess Huo Dongyang's mind.

Qiao Wei is also a little strange these two days. His words are much less, and his feelings with Huo Dongyang seem to have problems. I hope they're OK. It's normal for couples to quarrel occasionally.

After a few mouthfuls, Qiao Wei had no appetite. "I'm full."

"Young lady, is this a bad meal?" Qiao Wei really ate very little, except to finish the soup. Joe shook his head slightly. "No appetite. Sister Juan, please keep one for Dongyang. I'll go upstairs first. "

Lin Juan felt that the couple were really busy. She immediately reported to Huo Jiang and Mary, who were also concerned over the phone and told Lin Juan that she must take good care of Qiao Wei.

When Huo Dongyang comes back, Lin Juan is just cleaning up.

"Young master, you are back."

"And Jovi?"

Lin Juan replied, "the little lady went upstairs after eating. But she only took a few mouthfuls and said she had no appetite

Hearing Lin Juan's words, Huo Dongyang gets nervous and goes upstairs immediately. Standing at the door of the bedroom, Huo Dongyang saw Qiao Wei lying down.

Instead of calling Jovi, he turned and went to the study.

Lying on the bed, Qiao Wei opened his eyes. He didn't expect Huo Dongyang to come in. Was he angry? He also feels self-willed, right?

Qiao Wei clenched the sheet, his eyes were sad, and his heart was not good. Would they go on like this all the time?

Qiao Wei wanted to stay up and wait for Huo Dongyang to return to his bedroom, but he didn't come back after a long time. Qiao Wei couldn't carry it, or he fell asleep.

Huo Dongyang enters the room, and he pulls up the quilt for Qiao Wei. He sat down by the bed and quietly studied Qiao Wei's sleeping face.

"Jovi, when on earth would you like to talk to me?" Huo Dongyang's tone is also helpless.

Long night, Huo Dongyang has been sitting by the bed with Qiao Wei. Just look at her like this. She's still by her side.

In the second half of the night, Huo Dongyang also lay down, and he didn't sleep well these two days. It seems that such a situation has not appeared for a long time, but these two days are bothering me.

Huo Dongyang stretched out his hand and pulled Qiao Wei into his arms. Only in this way could he sleep soundly.

[Chapter 157](#)

Another night passed.

At dawn, Huo Dongyang opened his eyes first. He looked down at Qiao Wei in his arms.

Huo Dongyang's eyes with reluctant, he gently let go of Qiao Wei, and then walked out of the room.

Huo Dongyang just out of the door, Qiao Wei opened his eyes. Tears from the corner of my eyes, I feel a little aggrieved.

She didn't know whether she was wronged or Huo Dongyang. But this contrast, now it seems that Huo Dongyang is a little aggrieved than himself.

So my tears should be for him, right? In fact, she woke up once before. When she found Huo Dongyang close at hand, her heart was happy. She really likes Huo Dongyang holding herself like this, and is used to seeing him every morning when she wakes up. But he left first today. Thinking of this, Qiao Wei also felt some grievances and loss in his heart.

When she came back yesterday, she didn't mean to do that. She just didn't think about it clearly, so she didn't know what to say to him. If Huo Dongyang ignores himself, what should he do?

Tears had wet a piece of the pillow, and Jovi grasped the corner. She bit her lips, and her chin trembled slightly. She didn't dare to cry. She doesn't want to end up with Huo Dongyang as a tragedy.

But tears flow more fierce, she no longer to bite her lips, chin twitch more than before. Qiao Wei simply pulled the quilt to cover his whole person, and soon there was a whine in the quilt.

Huo Dongyang went downstairs and saw that Lin Juan was already preparing breakfast.

"Sister Juan, we must let Qiao Wei eat more today." Huo Dongyang confessed.

Lin Juan nods, but seeing Huo Dongyang go out again, Lin Juan's eyebrows wrinkle up. What's wrong with the young master?

After Huo Dongyang went out, he went to Xiang Qing. Xiang Qing, who is on the treadmill, sees Huo Dongyang come in. He stops immediately.

"Boss, how did you get here?"

Xiang Qing thought Huo Dongyang should be very good with Qiao Wei after he went back yesterday, but now it doesn't seem to be, or it is still a little serious. As a matter of fact, an explanation is enough. There's no need for these two people to be so awkward!

Seeing Huo Dongyang close the door of the room, Xiang Qing sighed. Are you really a fan of the game? It's not that serious, OK?

Lin Juan went to ask Qiao Wei to get up for breakfast and found her crying in the quilt.

"What's wrong with you, young lady?" Lin Juan asked nervously, then went to lift the quilt.

See Joe micro curled up on the bed, the whole person is bent into a ball, is a very insecure state.

Lin Juan saw after is a face of heartache, in the end young master and young lady is how? Is it really a fight? Otherwise, the young lady will not cry that grievance and helplessness.

"How are you, young lady?"

Qiao Wei sobbed and nodded. "I'm fine."

"Young lady, did you quarrel with the young master?"

Joe shook his head. "No If you can quarrel, at least there will be communication. But now they both choose to be silent.

When Lin Juan saw this, she really couldn't figure out the situation.

Qiao Wei turned over, she didn't want to let Lin Juan look at her now. "Sister Juan, I don't want to eat breakfast."

"How can that work? You are pregnant now, how can you not eat? "

"I really have no appetite." Replied Jovi.

Lin Juan has no choice but to go to Huo Dongyang. Xiang Qing pointed to the closed door, "boss also shut himself in the room."

"Xiang Qing, do you know what happened?"

Xiang Qing sighed. "The young lady should know the relationship between the boss and the cloud family. That day, we went to pick up the little lady. As a result, the little lady didn't want to go with the eldest brother, but she was forced into the car by the boss. As a result, they have not spoken since then

"Don't you explain it, young master?"

"The boss doesn't know how to explain to the young lady! After all, he never did it. I think he's racking his brains for the sake of his wife. The boss really cares too much about the little lady, so maybe it's because of the extreme action that it will lead to such a situation

Xiang Qing's words make Lin Juan feel reasonable. She saw that the young master really loved Qiao Wei, so he didn't want to lose Qiao Wei, or he was worried that Qiao Wei would not accept leaving after explaining clearly. He didn't say anything. At least, he could see Qiao Wei.

From Qiao Wei's point of view, she should also be looking forward to Huo Dongyang's explanation, at least a word. She would feel at ease, too. Lin Juan can see that Qiao Wei really loves young master. Almost all her eyes were filled with young master. Even when she was learning to cook with herself, she said Dongyang was like this and that.

But now they are in such a situation because of such a thing, really should not! Lin Juan thinks Huo Dongyang should take the initiative in this matter.

"Sister Juan, I think the boss is very poor. You go back and talk to the young lady, let her talk to the boss! Even if you don't speak, just give it a look. The first time I saw the boss like this." Xiang Qing also shook his head. Lin Juan comes forward and knocks on the door. "Young master, the young lady just cried bitterly in the room, and she did not eat breakfast."

Less than half a minute after Lin Juan finished speaking, the door of the room opened. "What's wrong with her?"

"I asked. She just didn't want to say it." Lin Juan replied. "Would you like to go back and have a look?"

Huo Dongyang that pair of blue gray eyes, with such a touch of hesitation. After a while, he stepped out with his long legs.

Huo Dongyang rushed up the stairs in a hurry and walked into the room, but he didn't see Qiao Wei.

Huo Dongyang saw that the quilt opened the angle, also saw the big piece of wet pillow. My heart was suddenly pulled up. She really cried!

At this time, Qiao Wei vomited in the bathroom. It's hard to hear her voice.

Huo Dongyang immediately moved to the bathroom door, pushed the door to enter. See Qiao Wei lying on the toilet, a face of pain, as if has been vomiting.

She pressed the pump button, and then she wanted to stand up. However, she found that her upper legs were weak. She reached for the toilet and stood up.

Huo Dongyang walked over and hugged Qiao Wei.

Qiao Wei was stunned. She looked at Huo Dongyang's handsome and unreasonable face. But today, he was a little haggard and didn't shave. But this did not affect his handsome, but added a touch of other charm.

Huo Dongyang put Joe on the edge of the bed and handed her a tissue. "Are you comfortable?"

Qiao Wei mechanically placed a hand to her forehead, her eyes follow Huo Dongyang's figure moving.

"Drink water first." Huo Dongyang put the cup to Qiao Wei's mouth.

Jovi reached for it and took a few sips. Her eyes are still looking at Huo Dongyang, he is still concerned about himself.

Huo Dongyang also saw Qiao Wei's red and swollen eyes and frowned. "Why are you crying?"

Qiao Weigang wants to talk, Huo Dongyang's mobile phone rings. Seeing the caller ID, his face changed instantly.

[Chapter 158](#)

Huo Dongyang goes out with his mobile phone. He doesn't want to let Qiao Wei hear it.

Qiao Wei looked at Huo Dongyang with his mobile phone out, and his courage was not easy to ignite. In fact, she wanted to ask Huo Dongyang whether the relationship between him and the cloud family was real, and she wanted to hear him tell herself in person.

As a result, a call broke everything, as if it was back to the origin.

Huo Dongyang returned to the room. "I have something to go out for. You remember to eat breakfast."

Joe lowered his head and looked at the cup in his hand, and he left again. Will he come back then?

After that, Qiao Wei ate breakfast obediently, but as soon as he finished eating, he vomited out again. It was good before. How could it suddenly happen today?

Lin Juan is also a sad face standing in the bathroom door looking at Qiao Wei, this pregnancy is really too hard.

"What do you think, young lady?" Lin Juan hands the towel to Qiao Wei.

Qiao Wei's face was a little pale, "sister Juan, I'm ok. Don't worry

After that, Jovi went back to his room and went to bed. I hope I'll be fine once I sleep.

Huo Dongyang never came back, and Qiao Wei ate dinner alone. But after eating, Jovi vomited again.

Lin Juan can't help but report to Mary. Mary also said that she would come back soon.

When Huo Dongyang came back, it was very late. Jovi was already asleep, and he sat by the bed looking at her again. Today's situation, he also listened to Lin Juan said, reached out to touch her cool face.

"Qiao Wei, hard work." Huo Dongyang said softly.

This time, Huo Dongyang did not stay in the master bedroom, he went to the study. Open the computer and start to deal with the backlog of documents in these two days.

Inadvertently, the eyes of Huo Dongyang narrowed as he swept over the table and placed the will on the table. He reached out and threw the will into the drawer.

In fact, he went to Hengyi office today, and he also met YUNZHUO. But his attitude is also firm, said won't want a cent of the cloud family. But YUNZHUO also said he would not change the will.

Huo Dongyang has some headache. Why does he have such a relationship with the cloud family. He really didn't want to change himself and Qiao Wei because of this relationship.

The computer sends out an email, and Jason sends a new document to Huo Dongyang for a look.

After getting clear, Huo continued to work and held a two-hour video conference with the US headquarters.

After the meeting, Jason spoke to Huo Dongyang alone.

"Boss, how can you have the energy to have a meeting with us today. Isn't it early in the morning? You don't have to be with Madame tonight

Huo Dongyang gives Jason a cold look. "Now on to work."

"OK!" See Huo Dongyang's serious face. Jason didn't dare to make a mistake, because he also smelled something wrong.

It's getting light, Huo Dongyang reaches out and rubs his temple. He leaned back in his chair and was really tired. He closed his eyes and fell asleep.

Qiao Wei got up early in the morning and found that there was no usual temperature around him. The sense of loss in my heart suddenly came out.

Out of the room, Qiao Wei found that the light in the study was on. She came to have a look, but found that Huo Dongyang was asleep on the chair. So he's back! There was some comfort in my heart.

Qiao wei walked over and looked at the computer screen is on, and those printed out documents. He was on business all night. He turned to the cabinet and took a blanket to cover Huo Dongyang.

Qiao Wei stretched out his hand and touched his face, and felt heartache in his heart. "Dongyang, can't you talk to me?" Why do you have to take all this on your own?

At this time, the computer uploads to receive the email raise sound. Qiao Wei raised his head and inadvertently saw several keywords on the prompt box, purchasing the materials of Yunshi.

Qiao Wei was stunned and his heart beat faster. She couldn't control her hand. She held the mouse to the ground and opened the email.

And this email was sent by John wine. Qiao Wei didn't open the attachment. Instead, I see a few screenshots of the content of the email. These screenshots are specially marked by John after modification, but the contents above are some internal secret financial data of Wynn.

Qiao Wei's face a white, Huo Dongyang how these data come from? Is he really planning to buy Wynn when he gets these data? What is the reason? Should Huo Dongyang do this? He is also related to the cloud family. How can he do this?

Qiao Wei holds the hand of mouse pad also stiff, she feels headache, these things seem too complicated. Just about to walk away, my leg bumped into an unclosed drawer. The drawer just jammed with a sheet of paper.

Qiao Wei plays low and picks up the piece of paper that is stuck. She looked closely and found it was the last page of the will. This time she also saw that special note was written at the end of the will.

"This will take effect at the moment Huo Dongyang announces his marriage!"

See such a sentence, Qiao Wei's pupil enlarges. Her mind flashed that day, at Mrs. Zhang's party, Huo Dongyang introduced himself to everyone, and then the will was sent by express. So it's all set up long ago? Is it really said by Yun Yiyao that Huo Dongyang is so anxious to marry himself for the property of the cloud family. And now he not only wants property, but also buys this Yunshi?

In this way, Huo Dongyang's ambition is also great. Qiao Wei's heart can not calm down, the truth is always cruel.

But I know Huo Dongyang, not such a person. Or are these his disguises? His purpose has always been clear. What kind of role do you play in this bureau.

Qiao Wei suddenly felt that he was so stupid that he really found true love.

"It's not true?" Qiao Wei is still not willing to believe. She didn't think Huo Dongyang would cheat herself.

Huo Dongyang opened his eyes. In fact, when Qiao Wei covered him with a blanket, he was already awake. He knew exactly what Qiao Wei had done just now.

Looking at Qiao Wei holding that piece of paper, Huo Dongyang's heart is not good. Was she shocked or betrayed?

"You see it all?" Huo Dongyang opens his mouth.

When Qiao Wei heard Huo Dongyang's voice without temperature, he couldn't help shaking in his heart.

"You Are you awake? " Qiao Wei is a little guilty. After all, he peeked at these documents that should be classified as confidential.

Huo Dongyang looked at Qiao Wei's guilty heart, this time did not escape, but opened his mouth and said: "when you help cover the blanket, I wake up."

Qiao Wei heard Huo Dongyang's words, her face turned white. "So you mean to let me see this? Why? "

"Not on purpose. I can only say it was an accident." Huo Dongyang replied.

[Chapter 159](#)

Qiao Wei pursed his mouth tightly. What does this intentional and unexpected mean!

"Are these all true?" Qiao Wei still asked the exit.

Huo Dongyang blinked his eyes. "It's true."

Qiao Wei seems to fall into the ice cellar, so cold, so cold. Originally these are true, Huo Dongyang also admitted in front of his own face.

"Did you marry me because you wanted to inherit the property of the cloud family?" Qiao Wei felt that his voice was shaking when he asked such a sentence.

Huo Dongyang's eyes were dark, "if I said no, would you believe it?"

Jo opened her mouth slightly, believing that she was about to blurt out a word, but there was no word in her throat.

Huo Dongyang did not hear Qiao Wei's words this time. He was very disappointed. Is she really not willing to believe in herself anymore?

Qiao Wei stepped back a step, and now she just wants to know whether Huo Dongyang is interested in himself or not. "Why did you want to marry me? You knew my identity at that time, didn't you?"

Huo Dongyang did not deny it. "Yes! When I found your information, I opened it

So Joe and I have a premeditated marriage

Huo Dongyang thought about it. When he saw the divorce materials and the name of Yun Yiyan, he really had that idea in his mind. He wanted to use Qiao Wei to attack the cloud family.

But in the Civil Affairs Bureau to see cloud Yiyan treat Qiao Wei like that, his idea has changed. When he saw them go through the divorce procedures, Huo Dongyang saw that Qiao Wei, who had been struggling with tears, felt some heartache.

After getting the divorce certificate, Yun Yiyan left her behind. She was sitting alone in the corner chair crying, and his heart also had a ripple. This is never before, looking at her that has been falling tears, that moment Huo Dongyang saw Qiao Wei helpless. This she and in the plane because of stomach pain and suffering to the extreme of her, let Huo Dongyang have pity.

She should not be treated like this, so he went over. When he handed in his ID card and account book, he was also worried. Qiao Wei raised his head that moment also touched his heart.

This woman seems to be in their own eyes, when he and she get proof, she seems to want to go back on her. But in his Huo Dongyang's dictionary, he has never been returned. In the following days, he found his feelings for her gradually accumulated. When he responded, Qiao Wei had already rooted in his own heart. If you want to get rid of it, you have to uproot it by the roots. It's too painful to feel, and even it's hard to breathe.

Used to live such a small life with Qiao Wei, if she is not around, he will certainly collapse. Huo Dongyang has a weakness, and this time he is willing!

Qiao Wei saw Huo Dongyang's deep feeling in his eyes, and his frozen heart had a trace of crack.

"I have a plan." Huo Dongyang answered truthfully. But the original premeditation was long gone.

Qiao Wei couldn't bear to step back again. "You have a plan. What is it between you and me

"Qiao Wei, the fact that we are husband and wife will not change. My feelings for you will not change, and the original premeditation has long been gone! "

"I don't want to be a tool for you to revenge on the cloud family!" Qiao Wei said in a loud voice. She didn't want to listen to Huo Dongyang.

Tears brush out, Qiao Wei looked at Huo Dongyang, suddenly laughed. She couldn't make out whether she was crying or laughing.

"Dongyang, you wove me a beautiful dream. Now this dream will wake up after all." Qiao Wei closed his eyes, but the tears still flowed out.

Huo Dongyang saw such Qiao Wei, his eyes also turned red. "Qiao Wei, do you really think I take you as a tool of revenge?"

If you can, Huo Dongyang really wants to dig out his heart and show it to Qiao Wei. In this heart, Qiao Wei occupied two-thirds.

"Isn't it?" Qiao Wei sends Huo Dongyang. "Why did you cheat more thoroughly? Well, at least I have fantasies. Dreaming of a future for us. "

Huo Dongyang stood up. He was nervous. Because he saw the despair in Qiao Wei's eyes, what did she want to do!

"Dongyang, let me go!"

"No way!" Huo Dongyang rejected it immediately. He may promise other things, but he can't promise the only thing. He can't let Qiao Wei leave himself. If she leaves, Huo Dongyang will be left with a body.

"Why don't you let me go? Huo Dongyang, you are really cruel Said Jovi, crying.

Huo Dongyang reaches out and imprisons Qiao Wei in his arms. "I can't let you go, Jovi. You're everything to me!"

Qiao Wei struggles, at the moment Huo Dongyang's embrace has been unable to warm his heart. "Let me go!"

"I won't let it go!" Huo Dongyang said strongly. "Qiao Wei, why are you willing to calm down and think again?"

Huo Dongyang's strength is some big, Qiao Wei's spirit is not very good, so Huo Dongyang forcibly buckles. She felt difficult to breathe and everything in front of her became blurred. "Dongyang, I..." Qiao Wei's words did not finish, she fainted.

Huo Dongyang felt that Qiao Wei didn't struggle any more. He thought she had listened to his words. He also slightly relaxed his strength. As a result, Qiao Wei's body slid down.

At this moment, Huo Dongyang's heart missed a few beats. He quickly took Qiao Wei, looked at her pale face, closed eyes, and that tight brow, Huo Dongyang could not say a word for a moment.

After a long time, Huo Dongyang finally called. "Qiao Wei!" She's going to be OK, she's going to be OK, she's going to be OK!

Huo Dongyang's heart has been silently reading, and his head is a blank.

Hearing Huo Dongyang's cry just now, Xiang Qing and Lin Juan all ran in.

"Boss!" Xiang Qing looked at the scene in front of him, he also stopped. What's the situation!

Lin Juan is also surprised after the reaction. "Young master! What about the young lady

Huo Dongyang's voice is a little hoarse, "I can't let Qiao Wei have something."

Lin Juan did not continue to ask, but immediately called an ambulance.

The ambulance will come soon, and Xia yueqian is the leader of the team.

He looked at Huo Dongyang's face flustered holding Qiao Wei to get on the bus. He didn't ask anything and directly helped Qiao Wei check.

Huo Dongyang has been holding Qiao Wei's cold hand, "how is she?"

Xia yueqian looked at Huo Dongyang, but asked: "what's wrong with you? Had a fight? " Qiao Wei's situation seems to be because of the stimulation just fainted. What kind of stimulation did it make her look like this.

Huo Dongyang asked again, "will she be ok?"

"I didn't know that until the hospital."

[Chapter 160](#)

In the hospital ward.

Qiao Wei lies on the bed, but the person who guards beside is not Huo Dongyang, but Xia yueqian.

The room is very quiet. Xia yueqian leans on the chair and reads books.

Joe moved a little and then opened his eyes.

"Awake?" Hearing the news, Xia yueqian put the book down.

After Qiao Wei heard the voice, she slowly turned her head, but when she saw Xia yueqian, her eyes were very dark.

"Schoolmaster." The voice was also feeble.

Xia yueqian sees Qiao Wei's mind, but she still hopes Huo Dongyang is here.

"Do you want water?"

Joe shook his head. "Where am I?"

"Hospitals." Xia yueqian replied.

Hearing the word "hospital", Joe was excited. Her hand touched her stomach immediately. "My child..."

"The child is fine. You fainted before. Do you remember what happened Xia yueqian asked.

Qiao Wei heard here, and his mind and Huo Dongyang in the study of the dialogue, think of here, her heart felt uncomfortable.

"Weiwei, he's outside the ward. If you want to see him, I'll let him in. "

Qiao Wei a Leng, "he is here?"

Xia yueqian nodded, "he has been guarding you here. Just worried about you being stimulated again, he said he was waiting outside

Qiao Wei still felt contradictory in her heart. She wanted to see Huo Dongyang, but the words he said would be echoing in her ears.

"Wei Wei, if you really love a person, you won't mind his identity." Xia yueqian suddenly opened his mouth.

Jovi turned over. Of course she knew. She is not unable to accept the identity of Huo Dongyang, but can not believe that Huo Dongyang and his marriage is premeditated, she has always believed in people, but has been cheating themselves.

Xia yueqian also asked Huo Dongyang some information before. But it's up to Qiao Wei to come out on his own. If she has been stuck in that wandering intersection, no one can help her.

But some words, Xia yueqian or think should and Qiao Wei said. "Weiwei, I think you and Huo Dongyang should have a good talk. Sometimes what you hear or hear may not seem true. You have to feel with your heart what kind of person Huo Dongyang is. I think you know better than us outsiders

"Schoolmaster, I want to be alone." Qiao said with his back to Xia yueqian.

Xia yueqian stood up and said, "OK, you have a good rest. Don't forget you're the one who wants to be a mother. "

Hearing the door close, Joe turned around and lay on her back. In fact, Xia yueqian had a sentence right just now. She was clear about Huo Dongyang's conduct. From the Civil Affairs Bureau to now, he has been accompanying himself all the way. In his own difficulties, he became his own haven, in order to protect himself from the wind and rain. But he also gave himself a chance to realize his dream, and helped himself get back senjo.

Qiao Wei remembers all the past things clearly. In fact, Huo Dongyang can not choose his own identity. This is also his helplessness, so he would never want to let himself know. And his marriage, in fact, at the beginning with absurd, but Huo Dongyang gave himself a warm home.

Qiao Wei's hand once again covered in the stomach, and here are their children, these are real, not fake.

Put aside the identity of the cloud family, Huo Dongyang is still the president of HD. Such an excellent person will marry himself. In fact, the person who is not worthy of him is himself, but now he is so wayward to him.

There was a sound outside the door.

Qiao Wei recognized that it was Huo Jiang and Mary's voice, but soon quieted down.

After a while, Jovi saw Mary come in.

"Weiwei, what do you think?" Mary asked as soon as she saw Jovi.

"Grandma..."

Mary took Jovi's hand at once. "You suffer."

Joe shook his head slightly. "In fact, Dongyang is the worst."

Mary's heart was comforted by Jovi's words. She knew that Jovi would understand. It was only a matter of time.

Mary clenched Jovi's hand. "That's what men do. They have to take responsibility. Whether it's wind or rain, or these things in life. "

"Grandmother, will you blame me?"

"What do you do, silly boy. People are always confused. " Mary replied. "When Su en died, I once complained about Lao Huo. I complained about why I opposed her and YUNZHUO. But people are more or less affected by the secular. When persuading others, they all look relaxed, but when things come to their own bodies, they understand the truth, but they just can't accept it. "

Mary looked at Jovi. She was a passer-by. "Weiwei, grandma doesn't ask you to be with William. But grandma wants to beg you not to deny William everything because of his identity. He didn't want to cheat or hide you, but he was too deep for you. He was afraid that you would leave him when you knew the truth. "At Mary's words, Jovi's heart was even worse.

Mary reached out and handed Jovi a tissue. "Weiwei, William really loves you! I hope you can give him a chance to explain. I don't want to force you to make any decision, but I still hope you don't push him away, OK

With that, Mary stood up.

Jovi looked at Mary, "grandma Are you leaving? "

"I'll go back and make you something to eat. Lin Juan said that you haven't eaten anything these two days." Mary replied.

This is the warmth of your family, giving you strength every time you are most vulnerable.

Mary shut the door of the room.

Huo Jiang immediately asked: "what do you say, girl?"

Mary looked at Huo Dongyang, who had been lowering her head. The first time I saw my grandson like this, but it's also a good thing, at least he knows how to love!

"Let's go back first! Leave her alone. " Mary replied.

Huo Dongyang slowly raised his head when he heard Mary's words. "I'm going to stay here." Even if Qiao Wei doesn't want to see himself, he will guard Qiao Wei.

"William, you're only slightly more stressed out here."

Huo Dongyang shakes his head. Once he leaves, Qiao Wei will disappear in his own world.

Mary had no choice but to Huo Dongyang. She said to Huo Jiang, "Lao Huo, let's go back first. Bring me something to eat later. "

Huo Jiang nodded. If Qiao Wei and Huo Dongyang are separated because of this matter, he must go to YUNZHUO, just calculate the new account and the old account together! It's not easy for the Huo family to have a new start. He has nothing to do with his will!

After Mary and Huo Jiang left, Xia yueqian took the doctor to check Qiao Wei.

"Mr. Huo, I don't think your situation is very good. Would you like to go back and have a rest?"

Huo Dongyang looks at Xia yueqian and shakes his head. "I'm fine."

Xia yueqian sighed, feeling this matter really grinding people.
