After a while.

Qiao Wei let Jane LAN live at home, mainly worried about her home and fantasy.

After cleaning up the guest room, Qiao Wei let Jian LAN have a rest first. See Jian LAN sleep, Qiao Wei just rest assured to close the door.

She walked back to the living room and saw the lights on her cell phone flashing. She walked over quickly and picked up her cell phone.

I saw a few missed calls.

One is from Yun Yiyan, the others are from the cloud family.

Qiao Wei holds the mobile phone and frowns slightly. These two days, she seems to really forget one thing.

That is, the people of the cloud family have no idea that she and Yun Yiyan have already divorced. There will be another call. There must be something wrong.

Qiao micro droops the eye to look at the mobile phone, the eye has the big fluctuation. It seems that there is no idea at all. How can the cloud family explain it?

This will make the phone vibrate again.

Qiao Wei was obviously frightened by the call, and she was shocked. When she saw the caller ID, she was a little relieved.

"Hello

"What happened? Is the tone so urgent? " Huo Dongyang's magnetic voice rings.

Qiao Wei faces Huo Dongyang's question, suddenly nervous. This man has a special function, it is very easy to see his mind.

"It's OK!"

Huo Dongyang did not tangle, but said another thing. "Qiao Wei, my itinerary has changed. I'm going back a few days later. Can you do it alone? "

Hear Huo Dongyang's words, Qiao Wei's mood is low. For a moment she didn't know what to say.

"What's the matter with you?"

"It's OK. Work matters." Qiao Wei tries hard to make himself relaxed.

Hearing Qiao Wei's words, Huo Dongyang chuckled. "How can I tell you're upset?"

Joe blinked, and the whole person seemed to be at a loss. "No!"

"In a moment, someone will send you the ingredients. So you and Miss Jane don't have to go out and buy them. " Huo Dongyang actually called to tell Qiao Wei about it.

After Qiao Wei heard this, he couldn't help but feel that Huo Dongyang was really powerful. I know I want to go out and buy vegetables. Yes, when checking the refrigerator, she found that there was nothing to eat except a row of pure water.

I didn't expect Huo Dongyang had done it for himself, which made Qiao Wei surprised and moved.

"I see."

Huo Dongyang smiles. "Finally, I didn't say thank you. You can accompany your friends. Call me if you need something. "

Qiao Wei looked at the phone that had ended the call, and felt a trace of reluctance in his heart. Do you really start to get lucky? Such a good husband from the sky? Think like this, it seems that they really do not lose.

G city.

HD building.

Huo Dongyang put down his mobile phone, his blue gray eyes quietly fell on a document in front of him.

He just received a survey about Qiao Wei and saw her life in the cloud family and Qiao family. Huo Dongyang's brow immediately frowned.

This woman is really heartbreaking.

"boss!"

When he heard someone calling himself, Huo Dongyang reflected from his own thoughts.

As soon as I looked up, I saw her assistant, Jensen, standing at the door.

"Come in."

Jensen came in with the document. "Boss, this is the latest information of Wynn."

Huo Dongyang nodded, "put it down."

Jensen put the document down, and then the reporter said, "boss, in a few days it will be Mrs. Yun's birthday. I heard that the cloud family will hold a birthday party then."

Huo Dongyang is also very quiet after listening, and then waves Jason out.

His eyes fell on the materials, and when he saw the words of the cloud family, his eyes became sharp.
