

## Warm Wife 161

### [Chapter 161](#)

After the doctor gave Qiao Wei a good examination, Xia yueqian also looked at Qiao Wei and explained a few words.

See Xia yueqian to go, Qiao Wei stretched out his hand to pull his doctor's robe.

"Schoolmaster."

"What's the matter?" Xia yueqian asked strangely.

Qiao Wei hesitated for a moment, or asked: "can I go out?"

"Where do you want to go?" Xia yueqian asked. "You should pay more attention to rest in the present situation."

Qiao Wei wants to go out because the place he wants to go is also very important to him.

Xia yueqian sat down. "Where on earth do you want to go?"

Huo Dongyang is still outside, Qiao Wei can't go out at all. Xia yueqian looked at Qiao Wei and asked, "do you want to avoid Huo Dongyang?"

Joe nodded. "Schoolmaster, help me."

"Tell me first, where do you want to go? If it's not a safe place, I won't let you out. If you have a problem, you can't give me a hundred lives to compensate Huo Dongyang. "

Xia yueqian absolutely dares to imagine that if Qiao Wei had an accident, Huo Dongyang might have killed himself, but his own death should also be very terrible. The more he thought about it, the more creepy he was.

"Weiwei, I want to live a few more years. You see, brother, I'm not married yet! " Xia yueqian has a look of begging for mercy. "The one in your family is not easy to get into!"

Qiao Wei saw the fear of Xia yueqian's face, she showed a smile. "It's not that exaggerated."

"Tut Tut, I don't think you see his cruel side." Although Xia yueqian has never met him, he can imagine.

Qiao Wei seems to have been made by Xia yueqian, feeling better. "Schoolmaster, I want to see my mother."

Hearing this, Xia yueqian also became serious. "Do you want to see aunt?"

"Well!" Joe nodded. "I didn't go to see her for a while. I have a lot of things to say to her Replied Jovi. In fact, she wants to tell her mother more about her and Huo Dongyang.

Xia yueqian thought for a moment. "I see. I'll take you out later. "

"Well!" Joe nodded. "Thank you, schoolmaster."

Xia yueqian curled his lips. "If Huo Dongyang wants to kill me, you should keep in front of me."

"He will not." Replied Jovi.

After Xia yueqian went out, Huo Dongyang stood up with him. "How are you, Jovi?"

"She's nothing, but her body is a little weak, just take care of it." Xia yueqian replied.

Hear Qiao Wei is OK, Huo Dongyang also relaxed finally. If only she was ok, otherwise he would feel guilty all his life.

"By the way, you can get the medicine for Weiwei." Xia yueqian reached out and handed Huo Dongyang a list.

Huo Dongyang took a look, "now go?"

"Yes."

Although Huo Dongyang is still hesitant, but heard that this is the medicine Qiao Wei needs, he still went.

Xia yueqian sees Huo Dongyang leave and opens the door of the room. "Weiwei, let's go!"

Qiao Wei was wearing a coat, still wearing a sick suit. She didn't have much time, so she didn't pay attention to it.

Xia yueqian covers Qiao Wei to the parking lot, and then he drives to take Qiao Wei to the cemetery.

"Schoolmaster, lend me some more money." Qiao Wei wants to buy a bunch of flowers.

Xia yueqian sighed, took out the wallet and put it in Qiao Wei's hand, "the whole is for you. Take it. Try to be quick. "

"Well!" Joe nodded.

Qiao Wei came to the florist and bought two bundles of lilies. After paying, she went into the cemetery with the flowers in her arms.

Go to his mother's grave, Qiao Wei put the flowers down.

"Mom, I've come to see you." Joe made a bow. "Actually, I want to tell mom one thing."

Looking at the photo of Su Lirong, Qiao Wei continued: "Mom, I fall in love with a very good man. He and I have been married, but these days, something happened to him and I feel confused

"Don't worry, mom! I've figured it out now. I want to go with him, I want to face any difficulties and challenges with him. So mom, please protect us. Next time, I'll bring him to see you again! "

Qiao Wei said some good things, because of the limited time, so she had to make a long story short.

"Mom, I'm leaving." With that, Qiao Wei bowed to the tombstone again.

Xia yueqian looked at Qiao Wei holding a bunch of flowers on the car, "do you still have flowers?"

"To another cemetery." Joe spoke.

Xia yueqian didn't seem to think that he would go to another one? These are two places, one east and one west.

"Where to go and what to do?" Xia yueqian was puzzled.

"To see mom, too." Replied Jovi. She wanted to see Huo Dongyang's mother. Last time she went with Huo Dongyang, this time she wanted to go by herself. It happened that she had some words to go with her alone.

As a driver and coachman, Xia yueqian can only drive with his life.

But the hospital is a different scene. Huo Dongyang came back with the medicine, but found that the ward was empty. At that moment, he felt like he was collapsing. Jovi is gone! She disappeared like this, really disappeared in her own world?

Huo Dongyang immediately called people to find, he really can't accept this fact. Finally, Huo Dongyang's people found that it was Xia yueqian who took Qiao Wei away.

Huo Dongyang knew immediately to call Xia yueqian, but his mobile phone could not be connected.

"Xiang Qing, you go to check Xia yueqian's car."

"Good!"

Huo Jiang and Mary are nervous after receiving the news. "Tiny, really gone?"

Huo Dongyang didn't answer. He walked around the ward with his mobile phone. He could see that he was very upset.

Huo Jiang and Mary looked at each other and hoped that Qiao Wei would just go out for a walk, or they would worry that Huo Dongyang would really explode.

An hour later, there was still no news. Huo Dongyang really can't sit still. He wants to go out and look for it by himself. Even if it is to turn over the whole a city, he will find Qiao Wei back.

Mary reached for Huo Dongyang. "William, calm down. I don't think I'll leave without saying goodbye. We'll wait. "

"Grandma, I can't wait any longer. It's been more than two hours now, and a lot of things may have happened Huo Dongyang's tone is anxious.

Mary let go of Huo Dongyang's hand. "Then you have to be careful. You must bring Weiwei back. We'll wait for the news here. "

Huo Dongyang walked out of the ward quickly, and Xiang Qing immediately followed Huo Dongyang's steps.

"Boss, get the latest news. An hour ago, someone saw Xia yueqian's car parked in the Western cemetery. "

Huo Dongyang stops. "Cemetery?"

"Yes Xiang Qing nodded.

Huo Dongyang presses the elevator. What does Qiao Wei do in the cemetery. "And where are they now?"

"We'll hear from you soon." Xiang Qing replied.

They walked into the elevator and went straight to the underground parking lot. Just wanted to get on the bus, a car came back.

Huo Dongyang narrowed his eyes as the lights were on. If you remember correctly, this should be Xia yueqian's car. The car stopped more than ten meters away from Huo Dongyang.

Huo Dongyang walked forward a few steps, because he saw Qiao Wei sitting in the car.

Qiao Wei is also looking at Huo Dongyang, and then she pushes open the door.

## [Chapter 162](#)

After getting off the bus.

Qiao wei walked forward two steps, so he stood on the position only a few steps away from Huo Dongyang.

Huo Dongyang looked at Qiao Wei standing in front of him. The heart seemed to return to its original position.

"Are you going to see me?" This time, Qiao Wei asked first.

"Well!" Huo Dongyang did not deny that he just wanted to find her.

Hear Huo Dongyang's reply, Qiao micro show a smile. "You don't have to go because I'm back."

Huo Dongyang is stunned. What does Qiao Wei mean by this sentence? Does she mean to return to the hospital or to her side? These two kinds of answers give me a completely different mood.

Or for the first time to see Huo Dongyang in a daze, Qiao Wei slowly walked to Huo Dongyang.

"Dongyang, would you like to talk to me?" Qiao Wei summoned up the courage to ask such a sentence.

This is really a joy and surprise for Huo Dongyang. He feels like a child and doesn't know how to express himself.

"Good!" Huo Dongyang quickly agreed. As long as she was willing to talk to herself, he would certainly not miss the opportunity.

Qiao Wei reached out to hold Huo Dongyang's hand, "Dongyang, let's go to the small park outside to talk."

Looking at Qiao Wei holding his hand, Huo Dongyang in turn will Qiao Wei's small hand in his hand, and gradually increase strength.

Qiao Wei felt Huo Dongyang's intention, he was even more nervous than himself. "Let's go!"

Huo Dongyang nods, then pulls Qiao Wei to go out.

Xia yueqian gets out of the car. In fact, he really thought Huo Dongyang would destroy himself. Fortunately, he was stabilized by Qiao Wei's gentle offensive, should not come to find their own fault.

Xiang Qing looks at Xia yueqian. "Dr. Xia, you are really lucky to escape once."

"I really appreciate your wife, who stood in front for me." Xia yueqian said relaxed at this time.

"Otherwise, it would be a near death."

Xiang Qing nodded with a smile. "Well, it's a near death. Boss, there are so many ways to torture people."  
"

Xia yueqian reached out and patted his heart. "So the baby is really lucky. Or it's that the two ladies have spirits in heaven. They should be for the sake of seeing them around a city with me, so bless me

Xiang Qing heard Xia yueqian's words, but also some surprise.

"Young lady, go to the cemetery?"

"Yes. The two graveyards have gone. " Xia yueqian replied. "For the sake of asking me a little, I can only do it."

"I'll go first." Xia yueqian continued. Now that the man has been safely sent back, he can also retire.

Seeing Xia yueqian leave, Xiang Qing reports Qiao Wei back to Huo Jiang and Mary.

Mary's face was full of excitement when she heard it. "Good! Good! very nice! I knew I couldn't read Weiwei wrong. She would understand

Huo Jiang also secretly a sigh of relief, this period of time are used to Qiao Wei existence, if she is not in, still really feel uncomfortable. This girl, sometimes it's really worrying.

"Huo, I'm really happy! Finally, we Huo family began to live a good life. We are not so cruel to us, are we? " Mary said excitedly, holding Huo Jiang's hand.

Huo Jiang nodded! She is a good child

In a small park.

Huo Dongyang has been staring at Qiao Wei, as if that kind of fear, a blink of an eye, she will disappear.

Qiao Wei was embarrassed by Huo Dongyang, "why do you look at me like this?"

"Qiao Wei, I'm really afraid that you will never return." Huo Dongyang expressed it directly.

"Fortunately, you are back now!"

Qiao Wei's face is a little shy, because Huo Dongyang's eyes are too hot at this time. "Dongyang, I'm sorry!"

Huo Dongyang's heart shook. "Why say I'm sorry?"

"This time I'm self willed." Said Qiao Wei. "You must be miserable, aren't you?"

Huo Dongyang heard Qiao Wei's words, his eyes with some excitement. "You mean..."

Qiao slightly lowered her head. She stretched out her hands to hold Huo Dongyang's. "Dongyang, I'd like to believe what you say. So I want to hold your hand and face all difficulties together

"Really?" Huo Dongyang felt incredible. "You won't regret it?"

Joe gave a smile. "Dongyang, I remember you asked me, would you regret marrying me? Today I also want to ask you, will you regret marrying me? "

"To marry you is an accident of my life. But I don't regret it! Qiao Wei, I feel that I have saved all the luck in this life just for meeting you at the right time! I never thought that I would love someone so much. You are the first and only one! So I won't allow you to leave me! "

Who said Huo Dongyang can't say love words, only he said these words, enough to let himself sink for a lifetime.

"Dongyang, let's make up!" Qiao Wei's eyes are full of tears. "These two days, I'm really miserable. I want to cry when I think you ignore me. I feel aggrieved, but now I want to come to you is the most aggrieved one, is that I did not take into account your mood, still so hard temper! "Huo Dongyang felt that Qiao Wei's words, like a warm current, directly warmed his heart. He reached out and took Jovi into his arms.

"Jovi, you're right about it. So it's right for you to be angry with me or ignore me. After all, I did hide it from you. But I can't accept you disappearing into my world Huo Dongyang said what was buried in his mood.

"I won't do it again." Qiao Wei felt uncomfortable in his heart. He actually took all the problems on himself. "Huo Dongyang, you are so kind to me. You will appear to be very stingy. What kind of good things I did in my last life, I didn't miss you. "

"Fool!" Huo Dongyang hugged Qiao Wei. "You're fine, too."

"Dongyang, you are the God of my life." Said Joe, smiling.

Huo Dongyang showed his first smile in recent days. "You are my angel."

The smile on Qiao Wei's face is more brilliant. "Dongyang, I'm hungry."

The good atmosphere was Qiaowei said this sentence to kill the scenery. Huo Dongyang face with some helplessness, he reached out and gently pinched Qiao Wei's face.

"Let's take you to dinner." Huo Dongyang helped Qiao Wei to stand up.

When they returned to the ward, Huo Jiang and Mary had a feeling of looking through the water. But when they saw them coming back hand in hand, they were relieved.

"Weiwei, you are back at last. Grandma brought you food. " Mary spoke at once.

Jovi looked at Mary and was sorry. "Grandma, Dongyang and I have already eaten. I'll leave this for you and grandfather. "

"But it's all for you. You smell good."

Mary unscrewed the lid of the thermos and soon the fragrance came out.

When Joe heard it, he suddenly felt nausea. She quickly covered her mouth with her hand and rushed into the bathroom.

Huo Dongyang immediately followed in the past, saw Qiao Wei lying in the wash basin and vomited out the food he had just eaten.

His brow is tight wrinkling, he reaches out to pat Qiao Wei gently on the back, "is it better?"

### [Chapter 163](#)

Qiao Wei followed Huo Dongyang's paper towel and wiped her mouth.

"Much better." Replied Jovi.

It was fine just now. How about this? Huo Dongyang really can't understand. Her condition is really serious these days.

Mary pushed Huo Dongyang away. She went to Qiao Wei and said, "Wei Wei, what do you think?"

"Grandma, I'm fine. It's comfortable now. "

Mary helped Qiao Wei to go out. "These conditions are normal. I'll be fine after this period of time."

Qiao Wei nodded. It's not easy to be a mother.

"Weiwei, would you like to drink the soup?" Mary went on.

Just after vomiting, feeling empty, Qiao Wei nodded and took the bowl Mary handed over.

Huo Dongyang or a face worried, looking at Qiao Wei, is worried that she will vomit again. He watched eagerly, hardly leaving Jovi's eyes.

Huo Jiang also noticed Huo Dongyang's situation and made a few jokes. "Don't worry! Come back and you won't leave. "

Huo Dongyang took a look at Huo Jiang and then threw out a sentence. "I won't let her go either!"

Huo Jiang nodded when he heard this sentence. He was really overbearing and confident. "Cherish it, Weiwei, this girl is really good. You're going to hold on

Huo Dongyang has been looking at Mary has been persuading Qiao Wei to eat more food, Qiao Wei also picked up chopsticks. Seeing such a situation, Huo Dongyang unconsciously raised the corner of his mouth.

Later, Huo Dongyang asked Xiang Qing to send Mary and Huo Jiang back first, while he stayed to take care of Qiao Wei himself.

Qiao Wei after washing, see Huo Dongyang with a notebook sitting on the chair to deal with business.

"Dongyang, don't you go back?" Jovi walked over.

Huo Dongyang put the computer down. "I want to be here with you."

Joe gave a slight smile. "Are you worried that I will go?"

Huo Dongyang held Qiao Wei's hand. "Well, worry."

Qiao Wei smiled, eyes very gentle looking at Huo Dongyang. "I will not go again. In fact, I went out this afternoon to see my mother. "

"Mom?" Huo Dongyang took Qiao Wei's hand and let her sit down.

"My mother and your mother." Added Jovi. "I'll tell them about you and me. It also reassures them that you and I are fine

Huo Dongyang really felt very moved, he clenched Qiao Wei's hand. "Is it?"

"Well! My mother and I said that I would take good care of you, and I would accompany you to face all the problems with you

Huo Dongyang felt comfortable and at ease when he heard such words.

"Thank you, Jovi."

"No thanks. I'm your wife." Said Joe, smiling.

Hearing such warm words and seeing such Qiao Wei, Huo Dongyang couldn't restrain himself. He slowly leaned his head over. At the moment, he just wanted to do one thing.

Qiao Wei saw the increasingly handsome face in front of him, and suddenly he was nervous. "What are you going to do?"

"Kiss you!" Huo Dongyang replied. This is what he wants to do these days, holding her and kissing her, as if only in this way can he feel at ease.

Huo Dongyang kisses Qiao Wei's lips and reaches out to embrace Qiao Wei. He poured his feelings for Qiao Wei into this kiss. The entanglement between his lips and tongue made his two hearts closer and closer.

Huo Dongyang slowly also appears strong, he fastens Qiao Wei's waist, wants more. His kiss also went down all the way, he bit Qiao Wei's neck, even with eagerness. He reached out and unbuttoned Joe's clothes one by one, then pulled off one shoulder.

Feel Huo Dongyang's kiss fall on the shoulder, Qiao Wei's breath is more and more heavy, she can't push Huo Dongyang, in fact, do not want to push away. But thinking of the child, she had to stop Huo Dongyang.

"Dongyang, kid..." Qiao Wei's voice is a little dumb.

Huo Dongyang heard this sentence, there was a moment of pause, he put his head against Qiao Wei's shoulder.

"Qiao Wei, if I knew this, I would have taken measures." Huo Dongyang has some complaints in his heart. How can the child pick this time.

Qiao Wei laughed out, "are you angry with your child?"

"Well!" Huo Dongyang really answered. "Yes, the children come to rob me of their wives."

Huo Dongyang is also like a child at this time. When Qiao Wei saw Huo Dongyang's appearance, he felt that he was a little cute.

"When the baby is born, I must come back ten times." Huo Dongyang replied, and then pulled Qiao Wei's clothes.

Qiao Wei reached out and hugged Huo Dongyang, "OK!"

Huo Dongyang picked up Qiao Wei and walked to the hospital bed. "Go to bed. It's late."

"And you?" Asked Qiao Wei.

Huo Dongyang leaned over Qiao Wei's ear and bit it, then replied, "I'm going to put out the fire first."

So, Qiao Wei's whole body seems to be electrified by the electric current, a burst of crispy numbness spreads all over the body. She shyly pushed Huo Dongyang away. "You go quickly."

"My wife is still shy?" Huo Dongyang was in a good mood, and he gave Qiao a kiss on his forehead. "Jovi, I love you!"

This unexpected white, Qiao Wei's heart rate has been soaring. "Dongyang..."

"Fool, don't you believe it?"

Qiao Wei quickly shakes his head, "just feel surprised."

"I love you, Jovi. I only love you in my life." Huo Dongyang then added.

"Me too." Replied Jovi. "Huo Dongyang, I only love you in my life."

Huo Dongyang heard such words, in a good mood, "you go to bed first, I will come soon."

Joe nodded. "Well!"

Originally thought to wait for Huo Dongyang to come out to sleep again, but Qiao Wei again did not support. By the time Huo Dongyang came out of the bath, she was already asleep.

Huo Dongyang smile, his baby back, good! How could he let go of such a woman!

The next day.

When the nurse came to the ward round and saw the two people hugging each other tightly on the small hospital bed, they were really envious.

Huo Dongyang heard the sound and immediately opened his eyes.

"Mr. Huo, I'll take a look at Mrs. Huo."

Huo Dongyang nodded, then let go of Qiao Wei, let the nurse do the examination.

"By the way, Mr. Huo, Dr. Xia asked you to come to him later."

Huo Dongyang was obviously unmoved by the words. Yesterday, Xia yueqian cheated himself to get the medicine, but he took Qiao Wei away. So I doubt his credibility. "I can't leave. You let Xia yueqian come here."

When Xia yueqian came, Qiaowei had already woken up. As soon as he entered the door, he saw a room full of people.

"A lot of people." Yuexia said with a smile.

Joe spoke. "Schoolmaster, you are here." *nOvelusb.cOm*

Xia yueqian nodded and then saw Huo Dongyang's unhappy face. His heart trembled for a moment, which seemed to mean settling accounts after autumn.

"Dr. Xia, is it a slight inspection report?" Asked Mary. "What's the matter?"

Xia yueqian raised eyebrows, "there are really some situations!"

#### [Chapter 164](#)

Hearing Xia yueqian say there is a situation, everyone's face changed.

"What's the situation?" Qiao Wei's heart is too nervous. It won't be because of self willed, so what's wrong with children!

Huo Dongyang went to Xia yueqian and asked, "what's the matter?"

Xia yueqian saw Huo Dongyang's eyes and felt fluffy in his heart. "Children's problems."

Mary was nervous and pushed Huo Dongyang away. "Dr. Xia, what's the matter?"

"Weiwei will work harder next." Xia yueqian replied.

"What's wrong with the child?" Mary asked nervously.

See everybody's facial expression is not good, summer Yue Qian but smile out. "This child is very good, but I think it's difficult to support the two children with a body like Wei Wei?"

Mary blinked her eyes and was excited. "Dr. Xia, do you mean Wei..."

Xia yueqian looked at Huo Dongyang with some pride, "I can only say that Huo is always very good, and he hit two. The results of B-ultrasound came out, and the twins were slightly pregnant

"What do you say?" Huo Dongyang seems to feel that this sentence has no real sense.

After hearing this, Mary was excited. She held Xia yueqian's hand in one hand. "Dr. Xia, is that true?"

"Really!" Xia yueqian confirmed again.

"Good, good!" Mary nodded repeatedly. "It's good to have a baby like this."

Xia yueqian's mood is also good, but think of Huo Dongyang just like that, he suddenly wants to play a trick on Huo Dongyang.

"If it were a daughter? Do you want another son? " Xia yueqian looks at Huo Dongyang and asks.

Huo Dongyang also seems to see Xia yueqian's intention. "I like my daughter better than my son."

Mary also replied, "yes, we are not so worldly. I like my daughter, too."

Although Huo Jiang felt that it was a pity that he was not his son, it was nothing. It was better than nothing. He also felt satisfied. It was better to have a great grandson than anything.

Xia yueqian really saw such a wonderful family. He even wanted to have a daughter. Other families have to fight for everything, a son will be at ease, because they want to inherit the family.

After hearing these words, Qiao Wei looked down at her stomach. The two babies inside are really amazing. They are twins. It would be better if I had a son.

Xia yueqian went to Qiao Wei, "how do you feel today?"

"Not bad." Qiao Wei replied, with a cheerful tone.

Xia yueqian lowered his head, he looked at Qiao Wei, his voice was very small. "Tiny, I want to tell you a secret."

Joe blinked and nodded.

Xia yueqian gathered to Qiao Wei's ear and said a whisper. They looked very close.

Huo Dongyang saw such a situation, his heart was like being burned by fire. He immediately stepped forward and pulled Xia yueqian apart.

His face is very bad, "Xia yueqian, this is my wife."

Xia yueqian was Huo Dongyang so a moment, really back a few steps, we can see how much strength Huo Dongyang used. He tidied up his clothes, "Mr. Huo, you are so mean."

"Xia yueqian, I have been tolerant to you again and again." Huo Dongyang replied.

Xia yueqian said with a smile: "if Huo always doesn't want to tolerate, then what kind of end will I be?"

Huo Dongyang narrowed his eyes. This summer yueqian would really pick the time and place. He was sure that he would not say these things in front of Qiao Wei.

Mary came out to make a comeback. "Dr. Xia, I really want to thank you this time! Come and eat at home when you have time. "

"Yes, grandmother! I'm sure I'll find time. " Xia yueqian replied. "I'll have another operation later. I'll go first."

Mary nodded. "OK."

Xia yueqian finally looked at Qiao Wei, who had not responded, and he laughed. "Weiwei, remember what I said to you just now."

With that, he turned around and went out. If he didn't go, Huo Dongyang would really destroy himself.

Huo Dongyang sat down beside Qiao Wei, "what did he say to you just now?"

"Nothing." Replied Jovi.

Huo Dongyang wrung his eyebrows, he reached out and held Qiao Wei's face, "Qiao Wei, you are a wife, I don't want you to think of other men."

Qiao Wei smiles. "Why do I think you are particularly jealous now?"

"No?" Huo Dongyang asked.

Joe shook his head. "But what? I'll miss other men in the future

Huo Dongyang frowned. "Dare you? Don't you worry about me unloading him? "

Joe shook his head slightly. "You won't. Because that man is our son

"Son?" Huo Dongyang was stunned.

Qiao Wei, holding Huo Dongyang's hand with a smile, said, "the schoolmaster just told me that we have a son."

And there is a daughter, but Qiao Wei wanted to be a surprise, and finally told Huo Dongyang. Just now Xia yueqian said the original words: "Wei Wei, your life is very good. The twins are a man and a woman. What a rare chance. "Mary was a little disappointed when she heard that. "I thought it was a daughter."

"My son, too!" Huo Jiang felt that it was perfect, and the Huo family had a future. I really appreciate it!

"What! It's hard to take two sons, but a daughter is better. " Mary just wanted to make a princess skirt for her children, but the plan went to pieces.

Jovi went on, "then I'll have another one?"

"No, no, No. Slightly, the body is important. It's not appropriate to have too many children. Now two are enough. "

Mary is from the past. It's a risky thing to have a baby. If it doesn't go well, it's a big deal.

Qiao Wei thinks that he is very happy. If he can have such a family, they will really think for themselves.

Hearing the laughter from the ward, YUNZHUO stopped.

He came to the hospital for examination. I heard that Qiao Wei was in hospital, so he wanted to come and have a look. But hearing such laughter, he suddenly felt that he should not go in. Once in, it will affect the atmosphere.

And it seems that Jovi should be OK. Knowing that Qiao Wei is pregnant, he is also very excited. I'd like to see her, but it's not the right time. Huo Jiang and Mary, as well as Huo Dongyang are all in it.

Huo Jiang just walked out of the ward and saw YUNZHUO. Originally thought to give Qiao Wei some hot water, but saw cloud Zhuo, this really affects his mood!

Two people four eyes opposite, the atmosphere in the air has become a little cold.

Huo Jiang looks at YUNZHUO, who is eager to speak, and the smile on his face also disappears.

"What are you doing here?"

"I..." YUNZHUO didn't know what to say.

Huo Jiang has a cold face and sees YUNZHUO. The fire in his heart rises again, and his voice becomes louder.

"You should know that you are not welcome here!"

Hearing Huo Jiang's voice, Mary went out with her. "What's the matter?"

At the moment of seeing YUNZHUO, Mary's face sank. "Why did you come?"

## [Chapter 165](#)

For a moment, it was quiet.

Huo Jiang glared at YUNZHUO, who dared to appear in front of him.

Mary also felt Huo Jiang's anger. She quickly reached out and took Huo Jiang's hand. She doesn't want to wait for any conflict, after all, this is a hospital.

In the ward.

Qiao Wei saw Huo Jiang and Mary standing at the door of the room. Their expressions were really strange. Who is it? Make them so angry.

"Dongyang, you go out and have a look."

Who does Huo Dongyang know from outside? He looked at Qiao Wei, and his face was not very good.

"I'll go out and have a look."

Seeing the expressions of the three of them, Qiao Wei actually guessed who it was and was worried.

"Dongyang!" Qiao Wei reached out to Huo Dongyang's hand, "the man outside is master Yun!"

Huo Dongyang put his hand over Qiao Wei's, "don't worry, I'll go out and have a look."

Qiao Wei wants to say that all visitors are guests, so don't tear your face like this. And this is also Huo Dongyang's father.

Huo Dongyang understood Qiao Wei's meaning, he looked at Qiao Wei and nodded.

Watching Huo Dongyang go out, Qiao Wei is still worried. The old man Yun was good to himself before. She didn't want to lose her original kindness because of the relationship between the two families.

"Grandfather, grandmother, you go first to accompany Qiao Wei." Huo Dongyang said.

Hearing Huo Dongyang's voice, Mary nodded, reached out and pulled Huo Jiang into the ward, and then closed the door of the room.

Huo Jiang sat down beside him angrily. "Well, this shameless man dares to come."

"Lao Huo, you should be calm." Mary comforted. "So as not to be angry with yourself."

"I won't be angry with myself. I think he will die before me." Huo Jiang said first.

She interrupted immediately. "Lao Huo, what are you talking about! It's going to affect the baby in the stomach. "

Being reminded by Mary, Huo Jiang looked at Qiao Wei apologetically. "Girl, I didn't mean to."

Joe gave a slight smile. "It doesn't matter."

Qiao Wei wants to ask what happened to the two families. She remembered that Lin Juan said that Huo Dongyang's mother died in an accident. Qiao Wei had no idea what the accident was.

But Qiao Wei did not dare to ask in front of Huo Jiang and Mary, lest they should be sad. Forget it, or find a time to ask Huo Dongyang! At least that way she'll know what the source is.

"Weiwei, it is estimated that the hot water you want will not be available until later."

"Grandfather, I don't care." Replied Jovi. "Later, later."

After a while, Huo Dongyang pushed the door in.

"The man is gone?"

Huo Dongyang looks at Huo Jiang and nods. "Yes, gone."

"Well, he's a good judge." Huo Jiang returned a sentence, otherwise he would definitely have someone come to blow him away.

Qiao Wei saw that Huo Dongyang had something on her mind, but she also waited for Huo Jiang and Mary to go back and ask again.

"Did you say anything to him?" Qiao Wei opened Huo Dongyang.

Huo Dongyang raised the corner of his mouth. "When will you learn mind reading?"

"I just think you have something on your mind."

Huo Dongyang put his arm around Qiao Wei. "He told me to go back to the cloud house."

"But you don't want to go back, do you?"

"Well!" Huo Dongyang nods. "I really have nothing to do with the cloud family. If I go back, their family will be very unhappy! "

Qiao Wei seems to be really worried when he hears here, and the dream of that day comes out again. The people of the cloud family are looking at Huo Dongyang with such hatred eyes, and wish to tear Huo Dongyang. They all feel that Huo Dongyang took everything from them!

"Dongyang, actually I have something to ask you."

Huo Dongyang smiles. "You want to ask me, why does YUNZHUO leave me so much property?"

Jovi nodded. "Yes

"That's why he thinks he's been treating me badly these years." Huo Dongyang replied.

"Dongyang, I still have one thing to ask you." Qiao Wei's voice is very small, is worried that Huo Dongyang is not happy.

Huo Dongyang put my head on Qiao Wei's. "You want to ask why mom died?"

"In fact, you can read the mind! You know what I'm thinking Qiao Wei thinks Huo Dongyang is powerful and can guess his mood every time.

Huo Dongyang rubbed Qiao Wei's head. "That's because you put everything on your face."

"Do you have any?" Qiao Wei felt incredible and covered his face.

"Yes!" Of course, Huo Dongyang didn't leave Qiao Wei any room, so he killed Qiao Wei with a word.

Huo Dongyang hugged Qiao Wei, "I'll tell you about mom later."

Although Qiao Wei did not understand why, she did not ask more. Because she decided to believe Huo Dongyang, she would continue to believe.

"Qiao Wei, if you come back to the cloud home one day in the future, will you not feel used to it?" Qiao Wei raised his head and looked at Huo Dongyang, "will you go back together? If you're with me, I'll get used to it. "

"That's good!" Huo Dongyang's eyes are deep.

It seems that it is time to face everything. Since you can't escape, face it calmly. With Qiao Wei at his side, other things become unimportant.

Two days later.

Qiao Wei left hospital and went home. This day is Huo Jiang and Mary to meet her, Huo Dongyang has something to deal with temporarily.

"I think Dongyang must reduce the work after, this wife is pregnant, everything needs him." Said Mary.

Qiao Wei, of course, is helping her husband to speak, "grandma, Dongyang wants to make money to support his family. I understand all this. There are some things that I can solve myself, and I want to do them myself. "

"Weiwei, your idea is good. But this man can't be so used to it, or he won't want to do anything in the future. "

Qiao Wei smiles. "But I don't think Dongyang is such a person."

"At the beginning, your grandfather accompanied me every day, which was a good job." Mary replied.

Qiao Wei a smile, "Dong Yang will also be like this."

When they were leaving the hospital, they met someone sent by YUNZHUO.

"This is the old man who asked me to give it to the young lady."

YUNZHUO sent a nutritional tonic, mainly for Qiao Wei Antai.

Huo Jiang has a cold face. "We Huo family can't afford these, take them away!"

Seeing the embarrassed face of the present, Qiao Wei reached out to take it. "Thank him for me."

Why don't we take these things when we buy them

"Grandfather, of course I know. But you didn't see that the man just ran errands. Why should we embarrass him Replied Jovi.

Mary agreed with Jovi. "Yes, old Huo."

When John and Joe left the office, they discussed the matter.

"I heard that Yun Yiming's money has not been filled in yet." John said.

"I think he suffered from Mrs. Zhang's incident. Now he is on the alert, and there is no Ling beside him." Qin Hao then analyzed.

Huo Dongyang touched his chin and then raised the corner of his mouth.

## [Chapter 166](#)

Two people see Huo Dongyang's appearance, and then have another look at each other.

It seems to have made up with Qiao Wei, and the whole person seems very energetic. The power of love is so powerful that it completely changes a person.

Two days ago, Huo Dongyang didn't give anyone a good face. He was even very angry and picked out all kinds of problems. It looks really much better today.

"You and Jovi's business is settled?"

Huo Dongyang nodded, "yes, it's solved."

"What did she say about your relationship with the cloud family?"

Huo Dongyang remembered that day, Qiao Wei disappeared. My heart is still full of fear. "Almost lost her."

This time, John and Qin Hao are in a good mood. According to this, Qiao Wei once abandoned Huo Dongyang. In that case, it's another big news. It was always Huo Dongyang who dumped people. This time he was dumped? It's amazing!

Huo Dongyang saw the two people in high spirits, and suddenly threw a basin of cold water.

"Business hours."

John immediately changed the subject: "boss, when shall we move moling?"

"Not yet." Huo Dongyang replied. How can he wait for Mo Ling and Yun Yiming to step into the set up trap, which should be wonderful by then.

"Do you want to use moling in the future This is also the result of Qin Hao's analysis.

Huo Dongyang nods. "If she doesn't do anything else recently, maybe I'll give her a way back. If she doesn't want to, she can't blame me. "

John went on to say, "boss, I think your plan is good enough."

Huo Dongyang showed a smile. He had already thought about the ending of moling. Now it's just for her to stay a little longer.

Wynn.

Mo Ling felt uneasy and felt as if he was being watched.

"Assistant Mo, cloud always let go."

"Good!" Mo Ling picked up the data that had been sorted out before and went to find Yun Yiming.

As a result, when I passed the tea room, I heard someone talking about myself.

"That Mo Ling must have climbed into the bed of general manager Yun, otherwise cloud would have valued her so much."

"She originally had a face of fox spirit, seducing cloud is absolutely possible."

"Last time, Mr. Yun also took her to the reception. She is really coquettish like that. "

Mo Ling couldn't stand the chatter of others, and the focus of their discussion was on themselves, which could not be swallowed.

Pushing open the half closed door, moling stepped on high-heeled shoes to enter. She looked at the women indifferently. "Did you come back to talk about gossip after spending so much money?"

By the scene of moling bag, several women's faces are a little embarrassed.

"Assistant Mo, actually we..."

"What are you? I can hear what you said just now Mo Ling put on a pair of high cold appearance, the tone is also very severe.

"Assistant Mo, we are wrong."

Mo Ling went to several women and spoke directly. "I, moling, have always shared public and private affairs. First of all, it's not right for you to discuss gossip during your working hours. It's also about my reputation. Would it be wonderful if I told you about it? "

Several women's faces turned white. "Assistant Mo, don't you have to be so serious? Let's have fun, too. "

Mo Ling just wanted to speak, she came to Yun Yiming, she could not help feeling lucky.

"And you guys are always wrong to say that about clouds." Said Mo Ling.

Sure enough, Mo Ling saw the shadow of Yun Yiming printed on the frosted glass, and she raised the corners of her mouth.

"Yun always takes good care of me, but we are not that kind of relationship. In fact, you are slandering president Yun. " Mo Ling's voice also sounds aggrieved.

Just when a few women still don't know how Mo Ling suddenly changed her face, Yun Yiming comes in. Seeing several of them around Mo Ling, Yun Yiming frowns.

It seems that Mo Ling was bullied by these women, and Yun Yiming gets angry. "What did you say just now?"

"General manager Yun!" The women straightened up at once.

Mo Ling is standing with her back to the door and also to Yun Yiming. She shows a satisfied smile. Then she turned slowly, with surprise on her face. "Mr. Yun, I I'm sorry

"Mo Ling, don't say anything. I heard everything just now." Yun Yiming said angrily. "It's office time. You've got no rules to gossip here, right?"

"Mr. Yun, we are wrong."

"This month's salary will be halved." With that, Yun Yiming turns to look at Mo Ling. "I have something to look for you."

Mo Ling nodded. When Yun Yiming went out, she said with a smile, "sometimes retribution comes fast."

Several women's hearts are oppressed and bent, this Mo Ling really fierce. He didn't have to make a move, and he was favored by Yun Yiming.

Mo Ling steps on high heels to chase Yun Yiming, she seems a little cautious. "Mr. Yun, it was me just now..." "The next time you encounter such a thing, you should know how to resist. Otherwise, they will always think you are bullying. " Yun Yiming seldom cares about his subordinates.

Mo Ling nodded with a smile. "OK, I see."

"If they dare to speak ill of you again, you can tell me." Yun Yiming gives his promise.

"Will this affect your reputation in the company?" Mo Ling can almost be sure that Yun Yiming is a little different from himself. If he can have a little relationship with him, it will be a good thing. In this way, I also have a supporter. Why not!

Back at Yun Yiming's office, Mo Ling hands over all the prepared materials to Yun Yiming.

Yun Yiming carefully looked at the materials and plans prepared by Mo Ling, and he really thought it was good. "Mo Ling, I really think I didn't choose the wrong person. You have done all these things well. "

Mo Ling modestly said, "it's also a good teacher of general manager Yun."

"You are so modest." Yun Yiming said with a smile.

At this moment, the landline rings.

"Hello

"General manager Yun, the chairman of the board, please come over."

"I see."

The smile on Yun Yiming's face gradually recedes. He frowns. How did grandfather get to the company? Didn't you say that you should take good care of yourself at home? How can you rush in today? Do you know what?

When Mo Ling saw Yun Yiming's face suddenly changed, she felt something had happened. "What's the matter?"

"Grandfather came back and said he wanted me to come over."

Moling thought that YUNZHUO suddenly came, should be found something. What should I do now?

"I'll come as soon as I go. You'll wait for me here." With that, Yun Yiming goes out first.

Yun Yiming pushes open the door of YUNZHUO's office. As soon as he enters a few steps, he sees that Yun Yiyan is also there. He feels that something must be wrong.

YUNZHUO's face changed when he saw Yun Yiming come in.

"Grandfather, how did you get here today?" Yun Yiming first asked.

YUNZHUO's expression is serious. If he hadn't heard such news from the financial department, he would have felt unbelievable. Yun Yiming is so bold that he embezzles such a large sum of money from the company while he is away.

"Yi Ming, you misappropriated public funds, didn't you?"

#### [Chapter 167](#)

After YUNZHUO's words came out, there were only a few people breathing in the office.

Yun Yiyan looks at Yun Yiming in surprise. He didn't expect that his elder brother would do such a thing.

YUNZHUO looks at Yun Yiming seriously. It seems that this time they set aside themselves to do this.

Yun Yiming looks embarrassed. He lowers his head for lack of confidence.

"Yi Ming, how could you do such a thing? My grandfather said a long time ago that public money can't be moved! And you paid a high price to buy that digital product, and the sales have been bad. "

YUNZHUO had really planned to leave the company to them to take care of it, but this happened. If it went on like this, YUNZHUO would not be able to survive. If I didn't call yesterday to ask about the recent financial expenditure, otherwise I really don't know what happened.

"Grandfather, I have made up most of that money, and I will make up the rest as soon as possible." Yun Yiming replied.

YUNZHUO shook his head, this agency incident is a bureau completely. Yun Yiming is really hot in his head and makes such a decision without brain. YUNZHUO is also very disappointed with his actions. Yunyiming is really impulsive.

Yun Yiyan also opened his mouth to speak for his brother: "grandfather, I think the elder brother certainly didn't mean to. Forgive him once

"Excuse me?" YUNZHUO is really angry. "How can I forgive? These are clearly stipulated by the company! What do you want me to do?" YUNZHUO angrily denounced, and when Yun Yiming did this, he didn't even know himself, so he made the decision.

Yun Yiming clenched his hand and was caught. He couldn't explain so much.

Seeing that Yun Yiming is silent, YUNZHUO immediately goes on to say, "Yi Ming, you're good to go home and think about your mistakes behind closed doors. See what you did wrong. All the work you have in hand is in charge of Yiyan! "

Hearing this decision, both Yun Yiming and Yun Yiyan are stunned. It seems that YUNZHUO will make such a decision.

"Grandfather The two brothers called out in one voice.

YUNZHUO's attitude is very clear. "Do it now!"

Seeing that the matter has settled down, Yun Yiming clenched his hand and said, "grandfather, you are eccentric! Why leave my job to an outsider. How old is he? He asked him to take over my job

YUNZHUO and yunyiyan feel very strange when they hear this. "What do you mean by that?"

"Literally." At this time, Yun Yiming doesn't want to bear it. He Yun Yiyan is an old man, but he is a illegitimate child who is picked up. What can I do to drag him!

YUNZHUO knows that Yun Yiming will not say such words casually. So what he means by outsiders is Yun Yiyan? Is it true that for the sake of a position, brothers turn their backs and refuse to recognize people? This is also contrary to what I taught them.

Yun Yiming sneered: "am I wrong? Yun Yiyan is an outsider. What qualifications does he have to become a new generation leader of the cloud family? "

YUNZHUO thinks that Yun Yiming has already started to speak incoherently, "I think you are crazy, just clean up and go home."

"Grandfather, you are cruel enough Said Yun Yiming aloud. "Because of this, Huo Dongyang will not return to the cloud home."

YUNZHUO's face sank. "Who told you that?"

"Anyone with eyes can see that you are trying to cover up this past." Yun Yiming continued. "When my grandfather and his mother got together, it was a sensation to the whole cloud family. Unfortunately, his life was short and he died in an accident. Now when their son comes back, his grandfather is ready to give his father's name to the president of HD. "

Yun Yiming said with a proud face. "Granddad, these are called ingratitude. Are you worthy of us? You change your will secretly, and you think he will agree to your request! You want Huo Dongyang to come back, but Huo Dongyang is very drag and doesn't want to say a word to you! "

"You After YUNZHUO got excited, he quickly pressed his hands on his chest. He was really angry with the boy!

Yun Yiming whispered, "grandfather, why do you have to cover up. You want Huo Dongyang to come back. In fact, you think your son is so excellent now, so you want him to return to the cloud family. Then there is light on your face

Yun Yiyan put his arm around Yun Yiming, "brother, don't say it. Grandfather is not like that. "

"Yun Yiyan, what qualifications do you have to come to me. At least half of Huo Dongyang's blood is from the cloud family. There is nothing in your body that belongs to the cloud family. Don't you think we look different? "

As soon as Yun Yiming's words came out, Yun Yiyan stepped back a few steps. "Big brother, is that true?"

"If you don't believe it, you can test the DNA!"

YUNZHUO couldn't listen. "Yi Ming, go home now!"

Yun Yiming snorted. "Grandfather, you are partial. I want two outsiders to take charge of the overall situation. It seems that you are really stupid

"Yun Yiming!"

Seeing YUNZHUO excited, Yun Yiming is in a good mood. It seems that the medicine has worked. He kept praying in his heart, hoping that the old man would regenerate several times and die quickly! He will soon be able to go back to the top. At that time, he was not the same as he is now, so he could only mark the exclusive symbol of Yun Yiming."Get out of here!"

Yun Yiming stands up. "Well, I'll be out in a minute."

Seeing Yun Yiming leave, Yun Yiyan comes forward. "What do you think, grandfather?"

"The old problem, it's OK."

"Yi Yan, make a good transition with the past."

Yun Yiyan nodded, "OK."

YUNZHUO sends the news of yunyiming's temporary dismissal to Huo Dongyang. Hearing this news, Huo Dongyang really didn't expect it.

"Boss, do we want people to keep watching?"

Huo Dongyang nodded and then said, "Yun Yiyan will be more suitable in this position than Yun Yiming."

"Who is more suitable for this position?" Qiao Wei just heard this sentence after his study, so he asked.

Huo Dongyang saw Qiao Wei standing at the door, "come in."

Jovi walked in obediently. "What's the matter?"

Now Huo Dongyang almost has nothing to say except some small things. He will not hide anything else from Qiao Wei.

Qiao Wei smiles. "Who did you say just now?"

"Just received the news, YUNZHUO drove Yun Yiming home and thought about it behind closed doors. Now the clouds are always blooming. " Huo Dongyang replied.

Qiao Wei also felt strange. "What happened? Is Yun Yiming doing something wrong, otherwise it should not be like this! "

"Qiao Wei, you just think too little. Yun Yiming transferred the company's public funds this time. He is definitely better than what we see. Yun Yiyan takes over this position. I think it's very good. At least he is really working for him again Huo Dongyang replied.

Qiao Wei heard, she looked at Huo Dongyang, "and you?"

### [Chapter 168](#)

Huo Dongyang heard Qiao Wei's rhetorical question and couldn't answer it.

Qiao Wei this time saw Huo Dongyang's language, she showed a smile.

"What are you laughing at?" Huo Dongyang reached for Qiao Wei's hand.

"I think you've come down from the altar, too." Replied Jovi.

Huo Dongyang does not seem to understand the meaning of Qiao Wei's words. "What do you mean?"

Rarely naughty once, Qiao Wei did not explain.

Xiang Qing went out with a good eye and knew that their husband and wife had something to say.

Huo Dongyang can't help feeling satisfied when he sees Xiang Qing going out. He reached out and pulled Jovi up to his lap. "Can you tell me now?"

"Literally." Qiao Wei still gave Huo Dongyang a vague answer.

Huo Dongyang stretched out his hand around Qiao Wei's waist and bowed his head to kiss Qiao Wei. He wanted to force Qiao Wei to say it in such a way.

Qiao Wei is really Huo Dongyang kiss through not angry, she reached out and patted Huo Dongyang several times, hoping to let him go.

Huo Dongyang finally let go of Qiao Wei. "It seems that this is the only way to force you to say it."

Qiao looked at Huo Dongyang with breath, and a rascal came out in a low voice.

Huo Dongyang raised the corners of his mouth, showing a seductive smile. "Rascal? I wish I could only treat you as a rogue. "

"Look! He said he didn't come down from the altar. " Qiao Wei stares at Huo Dongyang and says.

Huo Dongyang reached for Qiao Wei's nose. "When am I on the altar?"

"Dongyang, don't you know you've been on the altar all the time? You see, Xiang Qing and Nan Nan are afraid of you. You and them have a sense of distance. It's usually serious, so people don't get close to you. " Explained Jovi.

"It's normal." "I just need you to be close and close to me," he says

Qiao Wei Fu forehead, in the heart expresses the protest greatly, own Huo Dongyang existence generation gap. "Back to the point, how are you going to solve the problem of Wynn?"

Qiao Wei couldn't say how to deal with it. There is also a little cruelty in it.

Huo Dongyang also recovered a calm face. "Yun's Qi is almost the same, mainly due to internal factors."

"What do you say?" Asked Qiao Wei.

Huo Dongyang reached out and picked up Qiao Wei. "You're tired, too. Let's go back to the room and say

Later Qiao Wei also heard his analysis from Huo Dongyang. Qiao Wei also agreed with him. The cloud family is not united and likes to fight. Moreover, everyone seems to have a secret. The internal foundation is not stable. YUNZHUO has been supporting it all these years. These are also Qiao Wei's experiences, and she also thinks that Yun Yiming is not a good successor.

Qiao Wei leaned on Huo Dongyang's shoulder, "so that's why you want to buy Yunshi?"

"Not all of them." Huo Dongyang replied. "I did it for mom."

Qiao Wei looked up at Huo Dongyang with a puzzled face, "Mom?"

"Well!" Huo Dongyang nods. "My mother had an accident at the gate of Yun."

Qiao Wei's eyes are staring at him. "What?"

"She got on the van drow's car to get into the accident." When Huo Dongyang talked about it again, he unconsciously reached out and hugged Qiao Wei.

Qiao Wei also felt Huo Dongyang's mood at the moment, "how do you know?"

"I was there." Huo Dongyang replied. Thinking of that picture, he still felt frightened, and the man was gone.

Qiao Wei looked at Huo Dongyang's appearance and felt his slightly shaking body. She felt that the situation at that time should be very dangerous.

"Dongyang, what's the matter with you?"

Huo Dongyang looked down at Qiao Wei. "I'm fine."

Qiao Wei suddenly very distressed, she reached out to hold Huo Dongyang, "Dongyang, you will have me later!"

"Well!" Huo Dongyang kisses Qiao Wei's hair. "I still have you!"

Then Huo Dongyang told Qiao Wei the story of Huo Su en's accident.

At that time, Huo Suo en was going to take Huo Dongyang to leave city A. on that day, she wanted to take her son to see YUNZHUO for the last time. However, YUNZHUO did not see Huo Suo en at all. She said that she and Huo Dongyang were sent back by people because of their busy work.

But the car that YUNZHUO asked to send huosuen back had been touched by people. At that time, Huo Dongyang proposed to go to a bathroom, and Hawthorne was waiting in the car.

Just as Huo Dongyang was leaving the bathroom, Huo Su en closed the door and told him not to get close. As a result, young Huo Dongyang watched his mother's car slide forward, less than a few meters away, the car made a loud noise. The car caught fire immediately.

Huo Dongyang's eyes are full of fire, nothing else. He just watched his mother leave, shocked more than sad, he did not shed a tear.

After receiving the news, YUNZHUO cried very sad, he always said sorry! From that time on, Huo Dongyang didn't like YUNZHUO at all and vowed to avenge his mother.

Qiao Wei listened to the whole story with eyes on his face. She clenched Huo Dongyang's hand. That's what happened! If you change to yourself, it is estimated that what happened, but Huo Dongyang experienced life and death at that age."Dongyang, what happened after that?"

"Then they said it was an accident. But these are just the words of their cloud family. In fact, the car belongs to YUNZHUO. Why is the car passive? They don't know it at all? I can't accept the reason that my mother has become the ghost of death. Grandfather also can't accept, so he went to YUNZHUO for theory, but the cloud family has been shirking responsibility, and YUNZHUO is also avoiding seeing people. "

Qiao Wei also frowned when he heard this. How could it be like this? I really feel angry when I listen. "At that time, YUNZHUO was not in charge of the cloud family, was it?"

Huo Dongyang smiles. "No! He was already in that position at that time, but he had no real power. It's like cloud state now. But it seems to me that because of his mother's death, he officially took charge of the cloud family. "

"What?" Qiao Wei still felt too shocked. Is that accident the reason why YUNZHUO holds real power. If this is true, then it is really terrible! For the purpose, by all means!

Huo Dongyang looks at Qiao Wei. "Jovi, I don't want you to know about these things."

Joe shook his head slightly. "It's OK. I can take it. It's also my mother's business. I want to know. "

Huo Dongyang hugs Qiao Wei. "After that, my grandfather worried that they would attack me, so he took me out of a city."

"You've worked hard all these years." Joe was heartbroken. At this time, she can really realize what Mary said, the Huo family finally has a good day. After losing his mother, the Huo family was scattered. Then grandma's eyes were also blind because of the grief, which was a heavy blow to the Huo family. No one can understand what they have been through these years.

"Dongyang, how did you get to America after that?" Asked Jovi.

## [Chapter 169](#)

Huo Dongyang looked down at Qiao Wei and just laughed.

"Listen to this part next time." Huo Dongyang replied. "It's late. It's time for you to go to bed."

Although Qiao Wei wants to know, she knows that Huo Dongyang says something about her mother, and she must be very upset. So she didn't ask any more. "Good!"

"Sleep, I'll be with you!" Huo Dongyang lies down with Qiao Wei in his arms.

Qiao Wei nests in Huo Dongyang's arms, she reaches out and hugs Huo Dongyang tightly. "Dongyang, you can tell me anything in the future. If you have more people to share, you won't feel so bad in your heart! "

"Well!" Huo Dongyang answered.

Qiao Wei soon fell asleep, but Huo Dongyang opened his eyes. Look at Qiao Wei gently in the eyes, this time he comes back with revenge, but meets Qiao Wei. I didn't expect that I would marry her, I didn't think I would have a family, and I didn't expect that I would love her so much!

Yes, the Huo family has had a new hope for her all these years. Huo Dongyang's eyes fall on Qiao Wei's stomach, and their children will be born in the near future. Because of these beautiful things, Huo Dongyang wanted to give up everything he had planned before. He wanted to leave here with her and have a little life with her.

"Thank you, Jovi." Huo Dongyang said softly.

Or he came to a city not for revenge, but to meet her!

It's morning.

When Qiao Wei woke up, Huo Dongyang was no longer there. She sat up, reached out to touch the position beside her body, and there was his temperature on it.

Mouth also showed a happy smile, as if there is Huo Dongyang's place will become at ease.

"Weiwei, are you up?" Mary came to call the door.

"Grandma, I'm up."

"Then hurry down to breakfast."

"OK."

Qiao Wei looked at the breakfast on the table, some silly eyes, unexpectedly prepared so much, where to eat.

Mary took Jovi's hand and sat down. "Grandma, so many?"

"Well, it's all for you." Said Mary with a smile. "Now you have to eat three for one person. Of course, you should eat more."

"But that's too much." Qiao Wei was really surprised.

"Eat first."

Huo Jiang put down the newspaper and said to Qiao Wei. "Girl, you are really too thin. You must eat more, or you will not be able to support the weight of two children! "

Qiao Wei knew that her grandfather and grandmother were for their own good, so she also sat down to have breakfast.

"What about Dongyang?"

"He has gone out." Mary knows, so you're still awake

Qiao Wei is a little lost, Huo Dongyang has gone out.

After breakfast, Qiao Wei took a walk in the yard. As a result, he saw the door of the villa next door open. Out of curiosity, Qiao wei walked over.

The French windows in the yard were not closed. Qiao Wei felt that they were really careless and they all closed.

Qiao wei walked in and went, but saw another situation. This is simply a monitoring center, all kinds of equipment are available, and it is the kind of tall.

Several monitors are on, each of which has no different content. Seeing such a scene, Qiao Wei is even more distressed by Huo Dongyang. He has to do so many things alone, but also manage the company and take care of family affairs. He is really tired!

Qiao Wei's mobile phone inadvertently touched a switch, in front of a screen also lit up.

"boss!" Jason appears on the screen.

Qiao Wei Leng for a moment, he just seems to have met something. What should I do now?

When Qiao Wei just wanted to explain, Jason said hello first. "Hello, ma'am!"

"Do you know me?" Qiao Wei was a little surprised.

Jason smiles and nods. "John sent me a picture. This time I finally met a real person. "

"You are..."

"Sorry, I forgot to introduce myself. I'm Jason." Jason replied. "I'm the acting head of HD headquarters."

When Jason introduced himself, Qiao Wei also said, "I'm Qiao Wei."

"I know." Jason replied. "Last time I said to ask boss to bring it back to me!"

For the first time, Qiao Wei felt that the people who worked with Huo Dongyang were very capable, but their eloquence was also very good.

"Madame, how can you get here?" Jason knows that Huo Dongyang is busy this morning.

"I didn't mean to."

"Oh, the boss certainly didn't tell you about the company." Jason quickly figured out why.

Qiao Wei nodded, Huo Dongyang did not tell her his situation.

Jason's got a phone call, but it's in English. Jason also looks at Qiao Wei as he talks.

After a while, Jason's eyes were a little sad. "Boss's phone. He asked if you were talking to me? ""He knows?"

"Well!" Jason nods. "As soon as someone touches these devices, his cell phone will prompt."

Qiao Wei didn't know what to say, and his face was embarrassed.

"Madame, I can't talk to you. The boss gave us the new task. " Jason went on.

"OK." Qiao Wei knows that they have to be busy, and certainly dare not delay their time. For them, time is money.

After a while, the screen was dark, and Qiao Wei didn't stop and turn around. Go to the yard, Qiao Wei can see south.

"Madame, there's a lot of radiation here. The boss told you to go back and rest. "

Qiao Wei nodded, it seems that Huo Dongyang also informed the south, she didn't want to be embarrassed in the south, and walked back.

At noon, Huo Dongyang came back.

Qiao Wei in the room to read some books about pregnancy, even Huo Dongyang did not know.

Huo Dongyang stood quietly behind Qiao Wei, looking at her reading, such a picture is really good-looking.

Qiao Wei just wanted to reach out for the cup on the table, suddenly a pair of hands faster than her step.

Qiao Wei raised his head and looked at Huo Dongyang, "are you back?"

"Well!" Huo Dongyang put the cup in Qiao Wei's hand.

Jovi put the book down and she explained the morning. "I didn't mean it today."

Huo Dongyang nods. "I know."

"Where did you go today?" Asked Qiao Wei.

"Office. I have two good news and one bad news for you. " Huo Dongyang sits down beside Qiao Wei. "Which do you want to hear?"

Qiao Wei thought for a moment, "bad news."

"It's YUNZHUO's birthday in a few days. He called me and hoped that I would come."

Qiao Wei thought for a moment, YUNZHUO's birthday is coming. "Are you going?"

"I don't want to go." Huo Dongyang replied. "But..."

"But if you don't go, the people of the cloud family will continue to target you. It's better to face it directly than to avoid it." Jovi spoke for Huo Dongyang.

Huo Dongyang nodded, "yes, smart! And I don't think my grandfather would agree

"Grandfather, let me talk about it?" Asked jo in a low voice.

## [Chapter 170](#)

Huo Dongyang smiles, he reaches out and points Qiao Wei's nose.

"Grandfather is listening to you now." Huo Dongyang added.

Qiao Wei did not speak, waiting for Huo Dongyang to continue. "Two good news. One is that the project in the east of the city has entered the stage of investment promotion."

Qiao Wei really can't believe that the speed is so fast. "How fast

"At that time, we will attend the tailoring ceremony together."

"Good!" Joe nodded. "What's the other good news?"

"The single apartment project will be officially launched next, and Qin Hao will also release the latest news today." Huo Dongyang continued. "Now we need senjo to be in charge of the main part, which you are familiar with."

Jovi was excited. "Is this the rhythm to be given to me?"

"I'll ask John to help you." Huo Dongyang replied. "It's just that now senjo's internal problems need to be solved first."

Qiao Wei's eyes are dark. In fact, the biggest problem now is Qiao Qingdong.

"What's the situation with senjo?" Asked Qiao Wei. She never paid attention to it.

Huo Dongyang still told Qiao Wei about the situation. Since Liu Su and Qiao Xin left Qiao's home, Qiao Qingdong has been staying at home, and everything in the company has stopped.

Jovi then asked, "so does he know that senjo is in my hands?"

"I don't know." Huo Dongyang replied.

Qiao Wei hesitated for a moment. She wanted to visit senjo. She wanted to go back and have a look at the place she had been fighting for.

"Do you want to see senjo?"

"Well." Joe nodded. "Of course, I have to go back and have a look before I know what else to do."

Huo Dongyang understood Qiao Wei's mind, "I will accompany you."

"Good!" Joe nodded. "Tomorrow."

"Then I'll arrange the time." Huo Dongyang replied.

Afternoon.

HD released the latest news, they will start the single apartment project, the specific situation will also be announced.

Seeing such news, Yun Yiyan felt that the first two were big. HD is already in action, but Wynn is in danger.

Yun Yiyan looks at the documents left by Yun Yiming and has several problems to deal with by himself.

Mo Ling comes with the information that Yun Yiyan needs. "Vice President Yun, this is what you want."

"Wait a minute." Yun Yiyan stops Mo Ling. "My brother also gave me the product information of the agency right before."

Mo Ling nodded. "OK."

Yun Yiyan rubbed his temples. These things are really hard to deal with. I didn't expect my brother to do such a thing behind everyone's back. Yun Yiyan, who has been working overtime in the company, can't hold his strength.

Yunjia.

The Yunzhou family couldn't sit still, and Fu Qing walked back and forth uneasily.

"Yunzhou, there is really no way out now?"

Yunzhou is also upset. "Let me see."

"Think about it now." Fu Qing said anxiously. "Huo Dongyang has announced the project of single apartment, and has taken the lead."

This project was put forward by Yun Yiming before, but now it has become Huo Dongyang's. Think of feel angry, this Huo Dongyang in the end to do which share to be willing to stop. The person he's looking for should be YUNZHUO, who has nothing to do with them.

"Huo Dongyang this project will certainly find a real estate company to support, otherwise he is very difficult to carry out." Yunzhou said.

Fu Qing suddenly thought of senqiao. "Senjo?"

So it reminds Yunzhou and yunyiming. Qiao Qingdong is still the person in charge of senqiao's name now, maybe you can start from him.

"Qiao Qingdong doesn't seem to go out all day." Fu Qing has recently asked people to pay attention to everything in the Qiao family. Since Liu Su and Qiao Xin left home, Qiao Qingdong locked himself in.

Yunzhou thought for a moment. "Try to find Liu Su and Qiao Xin."

"What are your plans?" When Fu Qing heard Yunzhou's words, he knew that he must have a way.

Yunzhou took a look at Fu Qing. "The woman Liu Su will not leave Qiao's house so willingly. Maybe she has something we need."

Yun Yiming laughs. "Dad, do you mean to use Liu Su and Qiao Qingdong

"Now, although Huo Dongyang takes most of the shares, Qiao Qingdong still has some. I think Huo Dongyang will not be so inhumane to kill his father-in-law. As long as you take Qiao Qingdong down, maybe you can control Huo Dongyang. "

Yun Yiming starts to talk. "Dad, although it's a little long, it's a way."

"Madam, I'll trouble you with this matter. Find Liu Su."

"Well!" Fu Qing has no other way to think about it. He can only listen to Yunzhou. What's going to go wrong and Yunzhou is in front.

The conversation of the three people was overheard by Yun Muxin. Her heart is a burst of cold, she actually has such a family, they do so is against the law.

Cloud Mu Xin dare not say a word, she immediately turned to leave. The people in this family are really scared. They can do such things for the sake of interests, but now she doesn't know who to talk to.

Yun Muxin went back to her room and went out with her bag. She didn't dare to stay at home. She was afraid that she could not help speaking.

A person walking in the street, really do not know where to go?

Yun Muxin walked aimlessly, passing a bar, she walked in.

Sitting on the bar, Yun Muxin ordered a glass of wine. She picked up the glass and drank it for a few consecutive drinks.

Her head is not clear, she raised her eyes and looked at the opposite card seat, there is a man and a woman in the fierce kiss. But I feel that the woman with heavy make-up looks familiar.

Seeing her sitting on the man's lap, her action is also very bold and bold, just like those women who come out to do it. But when that woman raises her hair, Yun Mu Xin can see her appearance clearly.

"Qiao Xin?" Yun Muxin's eyes widened, but she didn't expect to live such a degenerate life after she left Qiao's house. Thinking of her and her second brother, Yun Muxin felt very sick.

She quickly paid for it and left the bar. It was too easy for this man to degenerate. A once golden lady, but now reduced to miss.

Yun Muxin's step is not very stable, after all, those cups were spirits. After a long walk, Yun Muxin leaned against a wire pole.

She took out her mobile phone and wanted to call a car back, but when she thought about going home, she was in a bad mood. If you want to call Yun Yiyan, you are worried about affecting his work. After all, he is now in charge of the whole Yun family.

Yun Muxin leans under the electric pole. I don't know whether he is crying or laughing. The whole person is strange. There is no place to go and no friend to talk to.

Yun Muxin felt that he really failed, "I really failed!"

Xia yueqian just passed by and was ready to go home, but he heard the voice of Yun Muxin.

He stopped and looked at the figure under the pole. He went over and looked at the tearful cloud.

"Is it you?"
