

## BILLIONAIRE'S BELOVED WARM WIFE

### Chapter 17

night.

Qiao Wei and Jian LAN have dinner together.

Jane Lan's mood seems to recover some, people also become a bit of spirit.

"Weiwei, I want to go back tomorrow."

"So fast?" Qiao Wei put down the bowl in her hand, she is still worried about Jian LAN.

Jian LAN ordered, "this matter should also be undertaken and accepted by myself."

Qiao Wei thinks that she is also a marriage failure, so she can't give Jian LAN any advice. Finally, she can only say that no matter what decision Jian LAN makes, she supports her.

When Qiao Wei is ready to go to bed, Yun Yiyan's phone calls again.

After a few seconds of hesitation, Qiao Wei still picked up. But it was a simple three words and then hung up.

First, complain that Qiao Wei didn't answer the phone this afternoon.

Second, tell Qiao Wei that it will be her mother-in-law Fu Qing's birthday in a few days, and ask her to go back to the cloud family to help.

The third game, warning Joe Wei to shut his mouth!

Qiao Wei did not answer a word, and then put the mobile phone on the desktop.

When he came to the window, Joe raised his head slightly. She suddenly thought of her mother, "Mom, what do you think I should do?"

However, the room was replying with Qiao Wei's sigh, and no one could answer her.

The next morning.

Jian LAN didn't even eat breakfast and went back.

Qiao Wei simply cleaned up the house and went out with his bag.

To the company.

As soon as I entered the door, I saw assistant Amy come over. "Mr. Qiao, the chairman just came."

"My dad came to the company today?" Qiao Wei was a little strange, but she didn't think much about it. She put down her bag and asked, "what's the plan for today?"

Amy took out her mobile phone and told Qiao Wei about today's arrangement.

Joe nodded. "Yes, I see. You go to work

After Amy nodded out, Qiao Wei also immediately entered the working state.

After a while, the landline rang.

Qiao Wei picked up the microphone and put it on his left shoulder

"Come to my office right away." A few words to the point. And did not wait for Qiao Wei reply, hang up directly.

Qiao Wei put the microphone in place, and she looked up at the time on the table. What kind of thing makes Qiao Qingdong so anxious.

However, Qiao Wei still wants to finish half of the work on his hand before going back.

No sooner had she left her office than Amy stood up. "Mr. Qiao!"

Seeing Amy's face in a hurry, Qiao Wei stopped and said, "what's the matter?"

Amy whispered in Qiao Wei's ear and said, "I heard that the second miss has come and is now in the chairman's office. And I heard that the chairman seems to want to let the second miss into the company. "

Qiao Wei knew that Amy was giving herself an injection. She reached out and patted Amy on the shoulder. "I see. Go ahead and get busy."

Amy nods. She looked at Jovi's straight back, and could not help worrying about her.

Although we all know, senqiao has today, which has half the credit of Qiao Wei. But she was more aware of Jovi's real situation.

The chairman of the board actually regarded Qiao Wei as a cash cow. His real purpose was to let his little daughter pick up Qiao Wei.

Enter Qiao Qingdong's office.

Qiao Wei saw Qiao Xin for a moment, and came as expected.

Qiao Xin today seems to have deliberately dressed up, wearing a very delicate make-up, will have a beautiful face set off more perfect.

To my surprise, she did not wear her famous fashion clothes today, but wore a more formal suit. The whole person seems to have grown up a lot.

Seeing his eyes fall on her, Qiao Xin laughed. "Sister, you are here at last."
