

Warm Wife 181

[Chapter 181](#)

For Qiao Wei's request, Qiao Qingdong was also surprised.

Huo Dongyang stretched out his hand and took Qiao Wei to sit down. He hoped that everyone could have a good talk.

Qiao Qingdong also responded from the atmosphere just now, "slightly, thank you for your kindness, but I won't accept it."

Qiao Wei really felt that the heart was jammed, for Liu Su and Qiao Xin, he could actually do this.

"All right." Qiao Wei opened his mouth and said, "in this case, I don't want to force you."

Huo Dongyang did not feel surprised when he heard Qiao Wei's words. Instead, she felt that she was persuading Qiao Qingdong in another way. He left the initiative to Qiao Wei and believed that she could do well.

Qiao Wei changed his serious look and said with a smile to Qiao Qingdong: "since you don't need to defend, then after you go in, I can sue Liusu and Qiao Xin without any scruples, and let them go in to accompany you, so that your family can get together. In addition, you can live a comfortable life in prison. The life inside is said to be very simple and should be suitable for you. "

Hearing Qiao Wei's words, Qiao Qingdong's face turned white. "How could you..."

"You also said that I am not what I used to be. I always wanted to avenge my mother. Since you don't want to accept my help, I'll get them in to accompany you. This is to help you, so that you will not live apart. "

Qiao Qingdong seems to really see the affirmation from Qiao Wei's eyes, now she really has the ability to do so. But now Liusu and Qiaoxin are in the hands of Yunzhou. Can she really have such ability?

Qiao Wei saw Qiao Qingdong's hesitation, she continued: "I forgot to tell you one thing. Liu Su and Qiao Xin are in my hands now. What do you think I should do with them? What they've done to me in the past few years, I'm going to pay for it. "

"Qiao Wei!" Qiao Qingdong clenched his hand. "How can you do this?" Chapter

"why not?" Said Qiao Wei triumphantly. "They should have come in a long time ago. It's just because of your partiality that they survived. Now they don't have you, I can have no scruples. Qiao Qingdong, think about it yourself! This black pot, you really back comfortable? You didn't hate being set up before

Qiao Qingdong frowned. He looked at Qiao Wei quietly. "You are really good now."

"Much bullied. People always change! " Said Joe, smiling. "Qiao Qingdong, I ask a lawyer to help you defend for you. In fact, it is because you and I still have a little blood relationship. Since you don't want it, it's easy for me. This lawyer's fee is also very high, and I don't want to spend that much money. "

Huo Dongyang saw Qiao Wei as a female soldier in full blood combat. He couldn't help but smile with satisfaction. It should be like this! Take out your own momentum, whether it is successful or not, at least let the other party know their attitude.

Qiao Wei finally added, "do you think Liu Su and Qiao Xin will be ok if you plead guilty like this? Who is Yunzhou? You don't know? If you recite this, he will keep his promise? At that time, you were all squatting here, and you would know what happened outside? "

With that, Jovi stood up. "You can analyze it yourself. That's all I have to say." Jovi said and went out first.

After leaving the door, Qiao Wei gasped for a breath, she immediately supported the wall against, so the role is really not easy to control.

After a while, Huo Dongyang followed. He saw Jovi standing against the wall, and he held out his hand. "Hand to you."

Qiao Wei is a little helpless, but she still holds Huo Dongyang's hand.

Two hands in hand out of the door, suddenly a cold wind blowing, the wind also blowing Qiao micro body windbreaker.

Qiao Wei reached out to pull out the hair blown to her face by the wind. She looked at the gray sky, and it was going to change.

"Winter is coming." Jovi murmured.

Huo Dongyang clenched Qiao Wei's hand, "yes, winter is coming."

There is a gust of wind blowing up Qiao Wei's long hair, long hair brush his face, really with a little cold. Joe shrunk a little and stood up the collar of his windbreaker.

Huo Dongyang put out his hand and hugged Qiao Wei, "let's go back!"

Joe nodded. "Well!"

To the car, Huo Dongyang told Qiao Wei that Qiao Qingdong had decided to accept the defense.

Joe gave a slight smile. "It seems that the method of encouragement is still useful."

"You need to practice your skills more. Although you have a little momentum, you still need to practice your eloquence. You are still too gentle this time

Huo Dongyang pointed out that Qiao Wei still felt a little embarrassed. "I can't get to your level."

"Pay the tuition, I can teach you." Huo Dongyang added.

Qiao Wei smiles, "I have no money."

Huo Dongyang stretched out his hand and pinched Qiao Wei's face. His eyes were also surging. "I don't mind if you pay the debt with something else?"

"What else?"

"You Huo Dongyang said a word with his mouth.

Qiao Wei saw, immediately pushed away Huo Dongyang. She suddenly felt very hot all over her body. Huo Dongyang's skill was really great. Xiang Qing, who was driving in front of him, also felt that he had been severely hit by 10000 points. The boss's provocative skill, not to mention his wife, could not stand it, nor could he, a pure man.

"Drive seriously." Huo Dongyang opens his mouth.

Xiang Qing immediately corrected his attitude and seriously played the role of a good driver.

The news that Qiao Qingdong accepted the defense soon spread to Yunzhou and Yunyiming. A good plan has changed because of Liu Su and Qiao Xin.

Yun Yiming walks back and forth in the room, "Dad, Liu Su and Qiao Xin really don't have any news?"

Yunzhou nodded. "I really look down on her

"Women sometimes really need to be on guard, this time we are too careless." Yun Yiming replied. He didn't know at this time that he was also put together by women soon after.

"Dad, shall we see Qiao Qingdong again?" Asked Yun Yiming.

"You can't go. If you go again, you'll be exposed." Yunzhou replied. "Now the man behind Qiao Qingdong is Huo Dongyang."

Yun Yiming's eyes burst into anger, because of him, he has not a thing is smooth.

"Dad, when can you get grandfather's will?" Yun Yiming remembers what Huo Dongyang said at the cloud house that day.

Yunzhou shook his head. "That Lawyer Chen's mouth is very tight!"

"I think the will is in Huo Dongyang's hands." Said Yun Yiming. "Think about what Huo Dongyang said that day."

Yunzhou certainly remembers, but he can't guarantee that Huo Dongyang is just saying it casually, and his purpose is to annoy people. "Now we want to explore the real and the virtual, only from the people around Huo Dongyang."

"It's hard for Qiao Wei to start." Yun Yiming replied. "Huo Dongyang is protecting her very well now."

Yunzhou nodded with a smile. "Of course I know that. But there's another one. "

"Who?"

"Your sister." Yunzhou replied. Isn't Yun Muxin very close to Huo Dongyang now? And he still lives on Huo Dongyang's side.

It just gives them a chance. As long as you go to Huo Dongyang's home, maybe you can find something.

[Chapter 182](#)

supermarket.

Yun Muxin and Mary are shopping. While shopping, Yun Mu Xin also asked Mary how to cook.

"Are you in the mood to learn how to cook?"

"Always learn." Cloud Mu Xin answers. "Learn well now, and you won't be disliked by your mother-in-law in the future."

After Mary heard this, she looked at Yun Muxin again, "look at you like this, do you have someone you like?"

Cloud Mu Xin quickly shook his head, "no, no."

Mary is also a member of the past. The more she denies this, she probably already has someone she likes.

"I'll bring it to grandma next time, and I'll help you with it." Said Mary with a smile.

Yun Muxin felt very embarrassed. "Grandma, really not."

"There's always a time."

Mary's words have just finished, Yun Mu Xin's mobile phone rings. "Look! The phone is coming. "

Yun Muxin looked at the caller ID, and she was surprised that he would call himself.

Mary pushed her shopping cart forward. "I'll go ahead and have a look."

Seeing Mary go away, Yun Muxin answered the phone. "Hello, Dad!"

Come to the restaurant agreed with Yunzhou, yunmuxin sees Yunzhou and yunyiming. Seeing the two of them appear together, I suddenly feel that this meal is not simple.

Cloud Mu Xin walked over, "Dad, big brother."

Cloud state to cloud Mu Xin is also polite, "Mu Xin came, hurry to sit down!"

Yun Yiming takes a cold look at Yun Muxin. Although he wants to scold her, he has to bear it for the sake of the overall situation.

Yunzhou personally poured tea for yunmuxin, and then handed her the menu, "see what you want to eat. Dad will treat you to dinner today."

Cloud Mu Xin's brow frowned, how can she have a bad premonition, this meal should not be simple! It must be something that they asked themselves out today. As for what it was, Yun Muxin couldn't guess.

After a meal, the three people were silent. Yun Muxin also did not eat anything, the heart has been hanging.

Yunzhou wiped his mouth, he raised his head to look at Yun Mu Xin, and then entered the theme. "Mu Xin, dad has one thing to help you with."

"Me? Help? " Yun Muxin was really surprised to hear that. They need to help themselves? It's funny to say that.

Yun Yiming also continued to speak. He was not so tactful and said directly: "now is also the time for you to repay the kindness of the cloud family. You go back to Huo Dongyang and help us find out the will given to him by grandfather. If you can do it, then we still admit that you are the cloud family. If you don't want to, you can get out of the cloud house from today on. "

After listening to Yun Mu Xin, he felt very sad! It turns out that they have made an appointment today for the sake of a will. They also want to be thieves. What kind of family is this. For their purposes, all these methods can be found.

Yun Yiming also saw from Yun Mu Xin's eyes that she didn't want to, "my good sister, you'd better think about your last name. Don't forget who you grew up on. I've been eating Huo's family for a few days recently, and I want to betray the cloud family? "

"Big brother, I remember all these clearly." Cloud Mu Xin answers. "But you are forcing me to be a thief."

According to Yun Yiming, Yunzhou told him not to be excited. "Admiration, we don't want to push people. But please think for us from the standpoint of dad and big brother

"Dad, I'm not your tool. I am a person, and I can tell right from wrong Cloud Mu Xin answers. "You will always see property and interest in your eyes."

Yun Yiming angrily patted the table, "Yun Mu Xin, you're on the contrary."

Yun Muxin is also frightened by Yun Yiming, and her people tremble. "I won't help you."

"Good!" Yun Yiming nods. "Sure enough, you eat inside and eat outside!"

Yunzhou takes out a photo from his body and hands it to Yun Muxin. "Take it."

Yun Muxin didn't pick it up, but she saw a picture of a man. She also knew this man. He was a well-known Playboy in a city and also a young owner of Dajin group, Zheng Shao.

Yunzhou see cloud Mu Xin did not receive, he put the photo on the desktop. "Give you another choice."

"Dad, what are you going to do Yun Muxin's face turned white.

"Recently, we have to talk about a cooperation with Daikin group. You can have dinner with him." Yunzhou replied.

Yun Muxin bit his lips. Have a meal? And after that? Is it time to go to bed to talk about the contract? This Zheng Shao, everyone knows his conduct, how many women planted his hands, and he is still a pervert. The woman he played with is either disabled or crazy.

Now my father and brother actually pushed themselves into such a fire pit. Heart death should be like this! This is my family. Who will believe it!

At this time, Yunzhou was not polite, "I have made an appointment with him at seven o'clock in the evening, so don't be late."

"I'm not going." Cloud Mu Xin answers."I can't help you." Yunzhou said fiercely. "If you don't agree, don't try to get out of here."

Yun Yiming looks at Yun Mu Xin with a smile. "Of course you can choose the first. It's easy for you. Man is not for himself, and heaven kills the earth! Is it important to be innocent or to take a document. My good sister, think about it

Yun Muxin tightens his hand. They are really inhumane. Let yourself do these things. She glared at Yun Yiming. "You don't have a beautiful assistant. Why don't you let her go?"

"Yun Muxin, it's you who live in Huo Dongyang's house now, and it's you who Zheng Shao calls to see people."

Cloud Mu Xin appeared contradictory psychology, she would not help them do those things that hurt uncle. She felt that her uncle was not the person they said he was, so she could not do such ungrateful things.

Cloud Mu Xin's line of sight falls on Zheng Shao's picture, so now he can only choose to eat with this scum. But is this consequence really acceptable?

"How about it?"

Yun Muxin looked up at Yunzhou, "Dad, you are really cruel!"

"So your choice is..."

Yun Muxin reached out and grabbed the photo of Zheng Shao, "I'm leaving."

Yunyiming and Yunzhou have a look at each other. They really didn't expect that Yun Muxin would give up his innocence for Huo Dongyang. "Yun Muxin chose to stand on Huo Dongyang's side."

Yun Yiming takes a look at Yunzhou. "Dad, just look at it. This daughter always leaves! It's normal, and it's her choice. She can't blame us. "

Just after they left, someone stood up behind the screen partition.

"Boss!" Xiang Qing called.

Huo Dongyang's face was a little gloomy, but he didn't expect Yunzhou father and son to be so shameless. Before, Yun Muxin answered a phone call and left the supermarket in a hurry. Mary saw that Yun Muxin's look was not right, she immediately told Huo Dongyang.

Huo Dongyang originally wanted to let Xiang Qing send people to follow him, but he saw that Yun Muxin came here. He chose a place close to him. He could hear their conversation clearly. I didn't expect that they would force Yun Muxin to make such a choice.

"Boss!" Xiang Qing saw Huo Dongyang still did not make a sound, he was calling.

Huo Dongyang recovered. "Let people follow Yun Muxin, and check Zheng Shao in addition."

"Yes."

[Chapter 183](#)

After leaving the restaurant, yunmuxin did not go back, but walked in the street aimlessly.

She wanted to cry a lot, but she knew that crying didn't seem to solve the problem. Today is also to see the true face of the family, really for the benefit of all means. Now think of it, the heart is still fuzzy.

Yunmuxin stood in the street, she looked around, everything around seemed to shake, she did not know where her direction was. She dare not go back to the Huo family now. She doesn't know how to face the Huo family. Now she will not go back to the cloud home, which is full of intrigue, which makes people feel cold.

Yun Muxin felt lost. She didn't know where she was going. Clenched his hand, cloud mu heart really hate himself useless.

Finally, she found a place to sit down and ordered a cup of coffee for herself until the evening.

At this time, Qiao Wei called Yun Muxin. "Mu Xin, why haven't you come back yet?"

Yun Muxin took a look at the time. It was already more than seven o'clock in the evening. I've been sitting here all afternoon. But one afternoon, she did not manage any thoughts.

"I'm late." Cloud Mu Xin answers.

"Well, I'll ask sister Juan to save some food for you." Added Jovi.

Cloud Mu Xin's eyes are also some moist, "good."

Cloud Muxin cleaned up for a while, stood up, and then bowed his head out of the shop door. A person who bumped into him without paying attention immediately said, "I'm sorry!"

Finish saying, she is ready to go around, but that person has been in front of him, as if also don't want to let cloud Mu Xin leave.

Yun Muxin raised his head and said, "I've just said I'm sorry..." If you want to curse at the back, it's stuck in your throat.

Xia yueqian looks at a head that is shorter than himself. What kind of situation is this. I can see her wherever I go recently! Last time in the East, today in the West.

Cloud Mu Xin did not speak, lowered his head again, and then bypassed Xia yueqian to leave.

Xia yueqian reaches out and grabs Yun Mu Xin's hand. Her situation seems to be wrong. What happened to her recently? Last time I went to the bar to get drunk. This time, I seem to be walking dead. She was not used to seeing this, and she was not as energetic as she was for the first time.

"Are you all right?" Xia yueqian asked out of relationship.

Cloud Mu Xin nods. "I'm fine. I'm going."

"Yun Muxin, what happened to you? You are not in the right state. " Xia yueqian asked. To see her without a trace of anger, Xia yueqian frowned slightly.

Cloud Mu Xin broke away Xia yueqian's hand. "I said it's OK, don't you understand? I'm going back! "

Xia yueqian didn't let go when he heard Yun Mu Xin's words. Instead, he grasped it more tightly. "You say you're ok with that."

"Xia yueqian, you don't understand people, do you! I said I'm going back. If you don't let go, I'll call. " Cloud Mu Xin's voice is also loud.

Xia yueqian, however, sees the deepest emotion hidden in Yun Mu Xin's eyes. She obviously has something to do. "I studied psychology."

"Pervert!" Yunmu heart cursed.

Xia yueqian raised the corner of his mouth, "yes! It's really strange to be called a pervert by a psychopath! "

"Xia yueqian, you are sick! You're a pervert. I'm fine Yun Muxin retorts.

Seeing cloud Mu Xin staring at his round eyes, Xia yueqian has a trace of strangeness in his heart. She is the one who is so lively and unforgiving. The dead man just now is not suitable for her.

"What are you laughing at?" Yun Muxin really doesn't understand Xia yueqian, or he is really sick!

Xia yueqian replied, "where are you going?"

"You don't have to." Cloud Mu Xin answers. *NOVelusb.cOm*

"I didn't say I'd give you a ride. Don't be sentimental." Xia yueqian has a smile on his face.

Cloud Mu Xin angrily wants to get rid of Xia yueqian, "don't worry!"

The smile on Xia yueqian's face disappeared. He pulled hard, and Yun Mu Xin threw himself into his arms. He reached for Yun Mu Xin. "I want money in my arms, but if you are ill, I will lend it to you for free."

Yun Muxin was stunned for a moment, then opened his mouth and made no noise. "Let go."

"Yun Mu Xin, if people's emotions are not properly vented, they will really get sick." Xia yueqian said.

Xia yueqian said that, cloud Mu Xin's tears burst out in an instant. She tried her best to hold back, but the tears did not fight for the airflow.

Xia yueqian's hand gently patted Yun Mu Xin's back, "just cry out!"

Yun Muxin cried out loud and let out his pent up emotions.

The passers-by looked at this pair of men and women holding each other one after another. The woman cried very sad, while the man gently comforted him.

Yunmuxin didn't know how long she had been crying. She began to talk, "why do they do this to me? Why must I make that choice? I don't want to, I don't want toXia yueqian sighs, it seems that it should have something to do with his family. Something seems to have happened to the cloud family recently. He also heard his father's call that day, which seems to have something to do with the cloud family. He felt his father had a sense of being threatened. What is going to happen? Will it be the same thing as Yun Muxin?

Cloud Mu Xin no longer cry, she pushed away Xia yueqian, "thank you!"

Xia yueqian lowered his head and looked at his wet shirt. "It's OK. The patient can understand."

This time Yun Mu Xin did not refute Xia yueqian's words, she wiped away her tears.

"Take you back."

"No, I'll take a taxi." Cloud Mu Xin answers.

"Are you going home? Or to Joviana? "

Yun Muxin suddenly showed a self-mocking smile. "I can't go home. That's not my home either

Xia yueqian suddenly saw a different cloud. What's the meaning of not returning home?

At this time, a car nearby stopped and honked its horn.

Cloud Mu Xin looks at the window that gradually falls down, she sees the Xiang Qing.

"Brother Xiang Qing."

"Miss Mu Xin, the boss asked me to pick you up." Xiang Qing said.

Cloud Mu Xin nodded, and then she looked back at Xia yueqian, "doctor Xia, thank you today! My uncle sent someone to pick me up. I left first. When you tell me how much it is, I'll give you the treatment. "

Xia yueqian opened his mouth. Before he spoke, he saw that Yun Mu Xin got on the car, and the car drove away quickly.

"I didn't ask for your money. It's really free! " Xia yueqian sighed.

Back to Jiangwan villa.

Yun Muxin is afraid to face Huo Dongyang and others. She is in a complicated mood.

"Back." Huo Dongyang spoke first.

Cloud Mu Xin nods. "Well, I'm back."

Huo Dongyang handed a document to Yun Muxin, "here you are."

Yun Muxin opened the document with a puzzled face. After seeing the contents, she couldn't believe it.

"Uncle, this is..." This is my grandfather's will. It's what my father and brother want.

[Chapter 184](#)

Holding the will in his hand, Yun Muxin felt that his hand was burning hot.

It's as if you're holding a carbon stove instead of a will, and your hands are baking on fire.

Soon, Yun Muxin put down the will. "Uncle, I can't take this thing."

"Take it. It's important for you." Huo Dongyang said.

Yun Muxin looked at Huo Dongyang strangely, "uncle, you..." How did he know he wanted a will? He shouldn't have known!

"Don't go to see Zheng Shao tomorrow." Huo Dongyang looks at Yun Muxin and says that although there is no expression on his face, this is also Huo Dongyang's concern.

Qiao Wei pulls cloud Mu Xin to sit down. "Mu Xin, sit down and say it!"

"This will be useless to me, but it is very important to you. There is no need to sacrifice yourself so much. It's not worth it!" Huo Dongyang continued.

Qiao Wei looked at Yun Mu Xin with heartache on her face. She could understand the feeling of being betrayed by relatives. It must be hard. Especially for the first time, it was like a knife in my heart. She was very angry when she heard Huo Dongyang come back to talk about it just now. I didn't expect that Yunzhou father and son actually put the idea on Yunmu's heart, and they really did everything for the purpose.

When he knew that Yun Muxin chose Huo Dongyang, Qiao Wei knew how much determination she had made to do it. Not everyone can sacrifice himself for others.

"Muxin, take it! That's what your uncle can do for you Qiao Wei advised. "No matter what happens in the future, you have to say it. Don't hold on to it alone."

Cloud Mu Xin's tears continue to flow out. Thank you

"The family doesn't have to say that." Qiao Wei clenched Yun Mu Xin's hand.

Before going to bed, Qiao Wei also went to see Yun Muxin. After seeing her sleep, she returned to her room at ease.

Huo Dongyang saw her come in, and he put down his computer. "Qiao Wei, you should pay more attention to rest, and don't worry about other things."

"I'm not tired." Replied Jovi. "After all, Mu Xin belongs to girls. Of course, I have to take care of it."

"Isn't there grandma and sister Juan? Don't work hard in the future. " Huo Dongyang also gave orders.

Joe nodded. "Well, I'll pay attention."

After Qiao Wei lay down, he looked at Huo Dongyang and said, "Dongyang, do you think Yunzhou will believe it?"

"I can't help but they don't believe it. A will is of no use to me, but it is a treasure to them Huo Dongyang replied. "But if they see the content, they should be angry."

Qiao Wei leans into Huo Dongyang's arms. "Dongyang, did you really not keep a hand? You have to know that Yunzhou father and son are not so easy to deal with. "

"Well, I know."

Qiao Wei closed her eyes, she did not continue to ask, anyway Huo Dongyang will deal with it.

Watching Qiao Wei fall asleep, Huo Dongyang kisses her hair. He will deal with the next thing in person.

The next day.

Yunmuxin asked Yunzhou to come out.

"What can I do for you today?" Yunzhou asked coldly.

Yun Muxin did not answer, but took out a will from his bag. She wrapped it in a large brown paper letter and put the envelope on the desk. "This is what you want."

"Will?" Yunzhou really thinks it's unbelievable that Yun Muxin can get it. "How did you get it?"

"You don't care how I get it." Cloud Mu Xin answers. "If you don't want it, then I'll take it!"

"Put it down!"

Sure enough, Yunzhou's eyes flashed, even with excitement to pick up the will. He immediately opened it and saw Hengyi logo and YUNZHUO's signature, so this is definitely not a fake.

Yun Muxin looked at her father's face, and she felt sick. That pair of eyes now see should be money and interests, this is also a greedy face. These are not his things, greed to the end will only have nothing.

Yun Muxin is not limited to stay for a second. "I'll go first. Please don't disturb me in the future

"Before you get married, you don't think you are a member of the cloud family?" Yunzhou sarcastically.

"I'd rather not be a cloud family." Yun Muxin finished, picked up his bag and left.

Yunzhou didn't pay attention to Yun Mu Xin, but looked down at the contents of the will. Unexpectedly, YUNZHUO was so eccentric that he almost gave everything to Huo Dongyang, and now the Yunjia mansion is also Huo Dongyang's. That little bit is theirs.

Looking at the distribution of property, Yunzhou roughly calculated, how to calculate all feel a little less. He couldn't think of what was missing for a while. Or does YUNZHUO have other arrangements?

There is no detailed study. Anyway, the will is in hand. What else is not important? But Yunzhou didn't think of it. Because of this, the part he didn't want to come to finally became the key to turn the situation around.

Yunzhou wants to change his will. When the old man's eyes closed, his feet kicked off. As soon as the will is taken out, who can tell whether it is true or not? Finally, the property of the cloud family was still in the hands of his eldest son, and no one wanted to separate it. Yunzhou thought his plan was perfect, but he just guessed the beginning, not the end. He didn't tell Yun Yiming that he acted alone. When you change your will, everything will be settled. They will not say anything. The property of the cloud family in their own hands is better than that in Huo Dongyang's hands. Yun Yiming and Fu Qing dare not say anything!

Yunzhou came out with a changed will. The stone in his heart was finally put down, and he could finally have a good sleep at night. Now he's waiting for YUNZHUO to report to the underworld. It seems that he has to add some more medicine. Only when he dies, will his property be in his hands.

Thinking of this, Yunzhou showed a satisfied smile. Now everything is under his control. He Huo Dongyang is nothing. He can't even protect a will and waste such a good opportunity in vain.

Huo Dongyang received the news that it was Yunzhou who went to change his will. He really felt funny. Yunzhou can think of such a stupid thing. It's better to destroy it directly. It's cleaner.

He didn't know YUNZHUO well. Did he really think he didn't keep a hand? YUNZHUO is a good man. He won't make a loss. This time YUNZHUO sent his will to himself, won't he keep one? He must have done this with double security.

So this is the reason why Huo Dongyang took out the will freely. He didn't worry about it at all. First, it can help Yun Muxin to get rid of it. Second, they can also relax themselves. They will also shift their target, so they have time to do other things.

Huo Dongyang is ready to break the challenges set by the cloud family one by one.

[Chapter 185](#)

Two days later, Qiao Qingdong's case opened.

Huo Dongyang and Qiao Wei didn't show up, but all of them were handed over to John.

John came on stage with two assistants. During the whole defense process, John was very calm, because there were some loopholes in this case, and John also took these loopholes as his focus.

Later, the plaintiff did not provide new evidence, so Qiao Qingdong was not convicted. The judge also announced the result on the spot. Although he won the lawsuit, Qiao Qingdong himself proposed that he would pay back the debts owed by several banks, which is also the satisfaction of several banks.

Afterwards, Qiao Qingdong personally thanks John.

"If you must, thank the boss and madam." John replied. "I do as they say."

Qiao Qingdong knew what John meant, "I have one more thing to trouble you."

"Say it."

"I still have 30% of senqiao's shares in hand, and I hope Huo can buy them together." Qiao Qingdong said.

John understood what he meant when he heard it. Qiao Qingdong wants to use the money of these shares to repay the money owed by the bank. "But don't you have some real estate in your hand?"

"If Mr. Huo wants to, I will also be ready to transfer. If he doesn't need it, sell it! You know where I am now. I don't have that much money at all

"I see. I'll talk to the boss." John nodded. "Where are you going? I'll see you off. "

"No more." Qiao Qingdong shook his head. He didn't know where he was going. Qiao's villa has been sealed off. He is homeless now.

John didn't force himself to drive.

Huo Dongyang listened to the news that John brought back, and he also knew it was expected. For the sake of Qiao Wei, he will help Qiao Qing.

Qiao Qingdong soon got Huo Dongyang's remittance, and saw that the amount was actually more than he imagined. This extra part, estimated to sympathize with their own situation, also give it more!

Without thinking about it, Qiao Qingdong returned the money immediately. With the rest of the money, Qiao Qingdong rented a simple two bedroom apartment, at least in this way, he also has a foothold.

After settling down, Qiao Qingdong took the initiative to ask Qiao Wei.

For the first time after so much has happened, father and daughter have a quiet chat face to face.

"Little, thank you this time." Qiao Qingdong also saw a lot of things from this incident and put down some obsessions.

Qiao Wei didn't accept Qiao Qingdong. Thank you, "the law is fair, it will return a person's innocence. You haven't done that, so the law is just. "

Qiao Qingdong looked at his daughter and said, "you are great now! I believe you will be better under the leadership of Johnson

"What are your plans for the future?"

Qiao Qingdong put down some things and relaxed a lot. "I might go out and see the world outside. Otherwise, when I'm too old to walk, I'm sure I'll regret it. "

Qiao Wei was surprised by Qiao Qingdong's decision. For the first time in years, I heard him say go out and see the world.

"Pay more attention then." Said Joe in a soft voice. Huo Dongyang is right. If you really want to set a small goal for yourself, you should pursue something in your life.

Looking at the new Qiao Qingdong in front of him, Qiao Wei is comforted. At least he finally figured it out.

Qiao Qingdong hesitated about one thing in his heart. He didn't know if Qiao Wei would agree.

"Weiwei, I have one more thing to do."

Qiao Wei guessed that it was Qiao Qingdong who asked him for Liu Su and Qiao Xin. "Will they remember your kindness?"

"Weiwei, I know that they have done a lot of things that I'm sorry for you, but I still hope you'll let them go again in my old face. I promise you, it's the last time I'll take care of them. Later, they and I will only be strangers, and I owe you and your mother's debt, I will pay you back in the next life! In my life, I'm a jerk and I'm sorry for you. "

Qiao Wei is no longer uncomfortable, "you said it is easy, we will have the next life? Dad, please remember what you said today. If Liu Su and Qiao Xin continue to hurt me or the people around me, I will never be soft hearted. "

Qiao Qingdong also nodded seriously. "Good! I promise you

Jovi stood up. "Then I'll go back first."

"Wait a minute." Qiao Qingdong stops Qiao Wei. "Here you are."

See Qiao Qingdong handed over two small red boxes, Qiao Wei did not answer, "what is this?"

"One is your mother's wedding ring, and I think she will agree to give it to you." Qiao Qingdong said. Although this is not a valuable gift, it is a thought.

Qiao Wei face with surprise, she is really surprised that Qiao Qingdong unexpectedly will give himself something about his mother.

"This big box is a gift for my future grandson. I don't know if it's for a man or a woman, so I bought two different pieces of jade. I hope you can take them." Qiao Qingdong put the box in Qiao Wei's hand. "It's from my irresponsible grandfather." Thank you Qiao Wei's heart is a little excited, eyes are also suffused with tears.

Qiao Qingdong looked at his daughter and felt guilty. "Weiwei, dad doesn't expect you to forgive me. I just hope your life will be better. "

After getting on the bus, Qiao Wei opened the two boxes.

In the first box is the ring that Su Lirong once wore. She remembers her mother once said that the ring was bought when she and Qiao Qingdong got married. When they got married, they didn't have a wedding dress or a wedding ceremony. There was only such a ring. And the ring is not a diamond, it's a simple ring, except it's gold. It's just that the gold content is unknown.

Qiao Wei put the ring back. Since it's mom's stuff, she must keep it well. Then she opened another box with two pieces of jade in it. One is a boy and the other is a girl. The jade looks exquisite and exquisite, and the price should not be cheap. Since this is Qiao Qingdong's few wishes, she will accept it.

Joe sighed a little. "Madame, where are you going next?"

"To senjo."

"OK."

After Qiao Wei arrived, he found Huo Dongyang also came. He didn't mean to go to Qin Hao this morning. How could he be on this side?

Huo Dongyang sat on the sofa looking at the information, saw Qiao Wei come in, he just raised his head. "Are you back?"

What's up with you, Jovi

"Come and see you." Huo Dongyang replied. "By the way, check on your work."

Qiao Wei smiles, and then she goes to Huo Dongyang and sits down. "Well, Mr. Huo, is there any problem with my work?"

"Not yet."

Qiao Wei took out the two boxes that Qiao Qingdong gave himself before from his bag and handed them to Huo Dongyang.

[Chapter 186](#)

Huo Dongyang put down his data. "What is this?"

"My father just gave it to me. You can keep it for me Replied Jovi. "I'm afraid I don't have a good memory. I don't know where to put it."

Huo Dongyang reached out and took it! As long as you remember the way home and remember me, nothing else matters

When Qiao Wei heard Huo Dongyang's words, he really felt that he was unconsciously expressing one thing every time, that is, his feelings for himself.

"Good!" Replied Jovi. "I'll certainly remember. I'll never forget when I die."

Huo Dongyang put the two boxes into the bag, "then I will put it away for you in front of your dowry."

"Dowry?" Qiao Wei really can't think of it. When she and Huo Dongyang got married, they were really empty handed. What dowry and betrothal gifts are basically saved.

Huo Dongyang seems to see her mind from Qiao Wei's eyes. "I don't seem to have given you a dowry?"

Qiao Wei looks at Huo Dongyang and shakes his head. "Your betrothal gift has been given. And it's a big, big share! " With that, Joe pointed slightly to the office.

Huo Dongyang's betrothal gift is to take senqiao back, which is enough for him.

Huo Dongyang a smile, "the madam is very good!"

"My husband is better!"

Arranged for the next week, Huo Dongyang took Qiao Wei back, because she was a little tired.

As a result, Qiao Wei fell asleep as soon as he got on the bus. Huo Dongyang put Qiao Wei in his arms.

The mobile phone in the pocket vibrates, Huo Dongyang takes out the mobile phone, sees that caller ID is somewhat unexpected.

"hello!"

"OK!"

In two short sentences, Huo Dongyang ended the call.

Huo Dongyang sent Qiao Wei back and went out again. He came to the appointed place.

Yun Yiyan watched Huo Dongyang come in, and he stood up.

"Here you are."

Huo Dongyang looked at Yun Yiyan, "are you so free to ask me for tea today?"

The phone call was made by Yun Yiyan to Huo Dongyang. In fact, he asked Huo Dongyang out to help him. Because he's in a bad situation.

"I hope you can help me." Yun Yiyan summoned up all the courage to say such a sentence, but also put down all his self-esteem.

Huo Dongyang takes a look at Yun Yiyan. "You need my help? Yunyiyan, you have a good idea. I'm not going to lose money in business. "

Yun Yiyan nods. "I know."

Huo Dongyang is also surprised. Yun Yiyan will come to him on his own initiative. It seems that Yun Yiming is ready to attack him. "Your brother's already in action? What is the charge against you this time? "

Cloud Yi Yan's eyes with surprise, "how do you know these?"

"You don't have to worry about it." Huo Dongyang replied. "How do you want me to help you?"

"Will you help me?" Yun Yiyan had prepared a lot of speeches, even thought about the conditions. But it doesn't work at all now.

Huo Dongyang nods. "It's just that I have a request."

Because of Huo Dongyang's words, Yun Yiyan did not have any unexpected joy. That's it! How could Huo Dongyang help himself so directly.

"Say it."

"Guard the cloud family well in the future. No matter what you were at that time. " Huo Dongyang looks at Yun Yiyan and says that his expression is also serious and serious.

Huo Dongyang's words made Yun Yiyan stunned. Guard cloud home?

"If I can." Yun Yiyan gives his own answer.

Huo Dongyang looks at Yun Yiyan. "I think YUNZHUO also wants to give you Yunshi. You're a smart man. You're thoughtful. "

"Yunshi doesn't belong to me. They always say I'm an outsider. " For the first time, Yun Yiyan exposed his voice in front of Huo Dongyang. "Yunshi is not something I can think about, so I won't think about it. But in spite of this, they still don't want to let me go. "

"That's because your surname is Yun." Huo Dongyang replied.

Yun Yiyan weakly raised one side of the mouth. "Mu Xin says that you are a good man and a man to be trusted. I understand today why she is so determined to go to your side. "

Huo Dongyang smiles. "Seeing the admiration, I seem to see myself a long time ago, so I want to help her."

"What about me? Why did you help me? "

Huo Dongyang helps Yun Yiyan because he is still in the cloud family. He is really in need of him. He is also the most suitable candidate. Although he is not a real cloud family member, Huo Dongyang thinks that Yun Yiyan will be willing to pay for the cloud family.

"I don't know, or for the sake of you being my nephew." Huo Dongyang said something that was not the real reason to reply to Yun Yiyan.

Yun Yiyan frowned, but he could not easily accept this reason. He and cloud Mu Xin are different, call a person several years older than his uncle. Although he was in kinship with his elders. Huo Dongyang understands Yun Yiyan's idea. He doesn't want to hear him call himself uncle. He must not be used to it.

After looking at the time, Huo Dongyang continued: "I have something to do later. I may have to leave first. You have to remember one. Sometimes we can take a step back. Maybe you'll see better when you step back. "

"This..."

"If Yun Yiming wants to return to his general position, give it to him." Huo Dongyang replied. "It's too cold on high."

Looking at Huo Dongyang's back, Yun Yiyan really feels that he is too far away from him. HD has a lot to do with him. Yun Yiming really and Huo Dongyang fight, should lose very miserably.

Just a few words, he actually told himself what to do next. Huo Dongyang is not as cold and heartless as he imagined.

A few days later.

Some media reports said that in order to be able to be on the top of the cloud family, Yun Yiyan has been trying to win over people's hearts all day, and even did nothing to do his job. As a result, several cooperation were interrupted and Yunshi lost a lot. Therefore, Yunshi made a prudent decision to remove all administrative affairs and positions of Yun Yiyan.

Yun Yiming stands in his office again. He is really happy!

"General manager Yun, Congratulations!" Said Mo Ling, standing behind Yun Yiming.

Yun Yiming looks at Mo Ling, "all this is also your credit. I'll prepare a present for you

Mo Ling said with a smile, "yunzong is polite."

"You will no longer be my assistant from tomorrow." Said Yun Yiming.

Mo Ling is stunned. Yun Yiming wants to break the bridge and drive Yun Yiyan away. Is it his turn? Thinking of this, she frowned. If Yun Yiming is really so ungrateful, then she certainly won't be so ungrateful. She moling is not so easy to bully!

"Mr. Yun, is this to expel me?"

Seeing a serious face of Mo Ling, Yun Yiyan smiles. "Mo Ling, are you unhappy?"

"Mr. Yun, I think I should have done nothing wrong. If you want to dismiss me, please give me a reasonable explanation."

Yun Yiming handed a document to Mo Ling. "Open it and have a look."

Mo Ling narrowed her eyes, so quickly even the dismissal book was ready. She flipped over and saw what was inside, and the next second she blinked in disbelief. "This is..."

"It's the best gift I've ever thought of for you." Yun Yiming replied.

Moling once again looked down at the documents in his hand, not a letter of dismissal, but a letter of appointment. Yun Yiming asked Mo Ling to take over the position of Yun Yiyan and become the vice president of Yun.

[Chapter 187](#)

Standing in the original office of Yun Yiyan.

Mo Ling to now is a little can't believe, cloud Yiming actually vice president position to himself. Want to come this is oneself should have, this period of time she also paid a lot.

Walking to the window, moling looked down on the scenery outside the window. At this height, this location, the whole city center can be seen clearly. Mo Ling raised the corner of her mouth, at least one thing she did, that is, she had a firm foothold in this city.

Mo Ling turned around, and then went to the position to sit down, such a comfortable leather chair, sitting up is not the same, she also came to a 360 degree rotation.

Looking at something on the desktop, there are new computers, new furnishings, and also some things that are in their original positions. Yunyi has let people sort them out for themselves.

When the plane rang, Mo Ling picked it up and said, "Hello!"

"Are you satisfied with the office?" The voice of Yun Yiming comes.

Mo Ling smiles, "very satisfied. Thank you

"If there is any need, please do so." Said Yun Yiming. "By the way, I've also arranged an assistant for you. She will report to you directly later."

Mo Ling is really in a good mood. "Well!"

"Well, I'll go first."

Mo Ling put down the phone, is this the feeling of being spoiled? My heart is sweet. In fact, Yun Yiming is also a good choice. Although it can't compare with Huo Dongyang, it's not bad.

After a while, Mo Ling saw his assistant. People who are very good-looking, young and seem to be the kind of elves just don't know what their abilities are!

"Vice President Mo, my name is Meng Yuran. Please give me more advice."

"Hello!" Mo Ling nodded.

Meng Yuran smiles. "Vice President Mo, you can ask me to do anything in the future. I will try my best to fulfill the task you have given me. "

Mo Ling looked at Meng Yu Ran, the assistant seems to have a kind of unspeakable feeling. "I've always been strict. I don't like women who talk empty words. Ability comes first."

"Yes, I will work hard!"

"Well, you go first. I'll call you if you need something."

"OK."

After Meng Yuran came out, he took out his mobile phone and made a phone call, "I have met her. You can rest assured that I will complete the task you assigned. "

At noon.

Yun Yiming comes to visit Mo Ling for dinner. Before he entered the door, he heard Mo Ling's voice. It sounds like she's lecturing.

After pushing the door in, Yun Yiming sees Mo Ling standing and talking to Meng Yuran, feeling excited.

"What's the matter?" Asked Yun Yiming.

Mo Ling looks back and sees Yun Yiming come in. She quickly changes her tone. "Mr. Yun, how did you get here?"

Meng Yuran also raised her head and looked at Yun Yiming. Her eyes were filled with tears. When she saw Yun Yiming, she quickly turned to wipe her tears with her hands.

When Yun Yiming saw this situation, he understood it. "Moling, everything has to have a process. Don't ask too much at the beginning. Not everyone is as good as you are. Take your time. "

Mo Ling looks at Yun Yiming and nods. "I see."

Yun Yiming said to Meng Yuran, "it's inevitable to make small mistakes once or twice, but we can't always make such mistakes. In the future, we should learn from vice president mo. You go out first

"Yes, Mr. Yun."

Seeing Meng Yuran go out, Yun Yiming goes to Mo Ling. "Moling, sometimes you have to be more tactful with your subordinates. She's going to be a good assistant, maybe not yet

Mo Ling has a strange idea about what Yun Yiming said. Do Meng Yuran and Yun Yiming know each other? Or he wouldn't talk like that. And just now she was angry because Meng Yuran had miscalculated a basic data. Would this be a good assistant?

Mo Ling didn't pay attention to it. She went back to her seat and sat down.

Seeing the appearance of Mo Ling, Yun Yiming walks to the desk of Mo Ling's office. "Angry? Is it because I didn't help you? "

"How dare you Mo Ling replied. "What is your relationship with her?"

Yun Yiming smiles, "your eyes are really sharp. You can see that? "

Mo Ling frowned. "Does it really matter?"

Mo Ling's jealousy did not mean that she did not pay attention. Yun Yiming actually let people watch him. Is he worried or does he not believe in himself?

Yun Yiming is in a good mood. He doesn't explain what happened just now. Instead, we changed the topic, "let's go out for lunch at noon."

"No, I have a lot to do." Mo Ling refused.

Yun Yiming walked around the table to Mo Ling, "so it's because you are angry and don't want to go out with me?"

Mo Ling shook his head. "No, I'm really busy. You need to use this report this afternoon. I have to make it now. I wanted Meng Yuran to do it, but she counted one of them wrong. I don't want to wait for her. I'd better hurry up." Yun Yiming reaches for Mo Ling's hand. "Mo Ling, thank you! It seems that since you came to me, I feel a lot of things are going well. Now I want to share the joy of success with you."

Hearing Yun Yiming's words, Mo Ling looks up at Yun Yiming with surprise in his eyes. Is he speaking to himself?

"Mr. Yun, you are..."

Yun Yiming smiles, he reaches out to pull up Mo Ling, "Mo Ling, I think we are quite suitable."

Mo Ling blinks, and his heart is also excited. Yun Yiming actually confesses to himself and expects what he will say next.

Yun Yiming clenched Mo Ling's hand and said, "go to dinner!"

Although she was disappointed, she didn't mind too much when she saw Yun Yiming take her hand out of the office. In fact, Yun Yiming is to disclose his relationship with himself.

Yun Yiming takes Mo Ling out for dinner.

Mo Ling is sitting in the car, looking at Yun Yiming, still feel a little unrealistic.

"What do you like to eat, Mo Ling?"

"General manager Yun, I can do anything." Mo Ling replied.

Yun Yiming raised an eyebrow, "Mo Ling, when there are only two of us in the future, don't call me general manager Yun."

A rare embarrassment, Mo Ling also appears cautious. "What's my name then?"

"By my name, of course." Yun Yiming replied. "My name shouldn't be bad?"

This time, Yun Yiming chose a high-end western restaurant.

Yun Yiming shows his gentlemanly side and helps Mo Ling open the door.

Mo Ling smiles at Yun Yiming and says thank you. Then he took his arm and walked into the dining room.

When they walked into the lobby, their pleasant mood disappeared when they saw the people coming in front of them.

After meeting Huang Yiyang, he thinks that he and Huang Yiyang will go out to see him.

When Mo Ling saw Huo Dongyang, he felt embarrassed.

Huo Dongyang takes a look at Yun Yiming and Mo Ling, and their relationship seems to have changed.

"What a coincidence? President Yun. "

[Chapter 188](#)

Yun Yiming's face is not good. He can meet him when he comes out to have a meal.

What is the situation? Huo Dongyang is really a haunting guy. How can he be found everywhere?

After Huo Dongyang finished, Qiao Wei also noticed the movements of the two people. Then she looks at Mo Ling. Is she with Yun Yiming?

Mo Ling is swept over by the eyes of Huo Dongyang and Qiao Wei. She quickly strays her eyes, and then puts down the hand holding Yun Yiming.

When Yun Yiming feels Mo Ling's action, he immediately reaches out to pull her. He is not afraid that Huo Dongyang knows his relationship with moling.

Mo Ling was made uncomfortable by Yun Yiming. She tried to get rid of Yun Yiming's hand, but failed. She did not dare to see Huo Dongyang, but her expression was extremely unnatural. How to bump into Huo Dongyang, so many people did not encounter, but just met him!

"Mr. Yun, are you coming to dinner with your girlfriend?" Huo Dongyang then asked.

After Huo Dongyang finished, he waited for Yun Yiming to answer, but Yun Yiming seemed reluctant to take care of himself. They probably don't want to be seen by themselves, so they show such an expression.

The atmosphere was frozen.

Qiao Wei looked at Huo Dongyang and then said, "Dongyang, let's go!"

Huo Dongyang nodded, because the desired effect had been achieved.

When passing by the side of Yun Yiming and moling, Huo Dongyang's eyes deliberately stay on Mo Ling's body. Then, with a smile on his face, he walked out with Jovi in his arms.

Mo Ling's face turned white. What was the meaning of Huo Dongyang's eyes just now? And what did his meaningful smile mean? Heart thumping, this is not excited heart rate, but fear of that kind of panic.

"Mo Ling, what's the matter with you?" Yun Yiming is concerned.

Mo Ling looks up and sees Yun Yiming's concerned eyes. She quickly responds. She blinks several times in a row to hide her real thoughts.

"I'm fine. It's just that I'm afraid that he has a profound feeling When Mo Ling whispered.

Yun Yiming will answer the call immediately. "He just likes to make mysteries. Let's leave him alone. If you see him in the future, just ignore him. "

"But he's yours..." Mo Ling didn't say uncle. For Huo Dongyang's real identity, she still can't accept.

It's incredible that he and the cloud family still have such a relationship. If he is really with Yun Yiming, won't he call him uncle in the future? The relationship is really chaotic.

Yun Yiming thinks Mo Ling is really scared by Huo Dongyang. He comforts him and says, "Mo Ling, don't be afraid! He dare not do anything to us

Mo Ling finished his thoughts and nodded to Yun Yiming.

"Let's not be spoiled by them. Go to dinner. "

"Well!"

Huo Dongyang and Qiao wei walked out of the restaurant and went back to the company on foot. It's not far from hd-qw. It's about ten minutes' walk.

Because of today's salary, Qiao Wei said to invite Huo Dongyang to dinner. So Qiao Wei chose such a famous high-class restaurant, but he didn't expect to meet Yun Yiming and moling.

"What are you thinking?" Huo Dongyang's voice sounded in his ear.

Qiao Wei raised his head and looked at Huo Dongyang, "yunyiming and moling."

Huo Dongyang looked at the front, "what do they have in mind. The facts are in front of us. "

"Are they really together?" Qiao Wei still didn't believe it. "Moling didn't like you before."

As soon as this word came out, Qiao Wei found that he had said something wrong. Sure enough, Huo Dongyang stopped, the pair of blue gray eyes locked Qiao Wei, "she doesn't like me!"

"No? If she doesn't like it, why does she negotiate with me and say it's your fiancée? " Jovi was a little upset.

Huo Dongyang nods. "No, I don't like it."

"I don't believe it!"

Huo Dongyang sighs, women seem to really like to grasp a point. "Moling likes Huo Dongyang who is the president of HD, not me. So it's the same reason that she chose Yun Yiming now. "

Although Qiao Wei did not explicitly ask Huo Dongyang about the relationship with moling, because she believed in Huo Dongyang, now hearing him say so, Qiao Wei suddenly felt that Mo Ling was somewhat pitiful. Is money and status really that important? Is she really not sincere?

"She doesn't need sympathy for people like her!" Huo Dongyang said coldly.

"Oh Joe answered.

Huo Dongyang looked at Qiao Wei, "Qiao Wei, I will not let Mo Ling go. The last time she hurt you and grandma, I'm going to settle with her. I will not let go of anyone who hurts you. "

After hearing this, Qiao Wei nodded slowly. "So you're fishing for a long time? It's your style. "

Huo Dongyang's expression also eased a lot, he came forward to touch Qiao Wei's head. "Let's go! Let's go back. ""Good!" Qiao Wei took the initiative to take Huo Dongyang's hand.

Looking at the two people's figure more and more far away, the voice also gradually can't hear

The news that Yun Yiming and Mo Ling are together soon reached Fu Qing. She was not satisfied with moling.

The more powerful her ability is, the more worried she is. Unexpectedly, she just put Meng Yuran into the cloud family, and Yun Yiming got together with Mo Ling. Originally, I wanted to prevent such things from happening, but I was still a little late.

Looking at the pictures on the table, Fu Yiming and Mo Yiqing hold their hands tightly. What should I do now? We have to stop Yun Yiming and Mo Ling from being together.

Fu Qing picked up his mobile phone and called Meng Yuran, "Yu Ran, you must be good at monitoring Mo Ling. Report to me as soon as you find anything. In addition, you should try to make Yiming lose interest in moling. "

"Auntie, I'll do it well."

"Well, Auntie believes you, too."

Fu Qinggang put down her mobile phone and received a document in her mobile phone. That's where she sent people to investigate moling.

Fu Qing found a little after reading, Mo Ling actually and Huo Dongyang are acquainted! They are actually a senior and younger sister of a school, and moling has also pursued Huo Dongyang!

This shocked Fu Qing. She immediately thought of the time when Mo Ling arrived at the cloud. Suddenly, Fu Qing's face turned white. Was she

Fu Qing thinks that if it is true, then it is really too terrible. no way! She can't let anyone hurt her son.

Fu Qing did not have any hesitation, immediately called Mo Ling. She must make it clear to moling. This woman must not stay with Yun Yiming!

Mo Ling received the phone call from Fu Qing and knew what she wanted to say when she asked herself out! Such a plot has been seen too much, so she has to think of a way to deal with it.

[Chapter 189](#)

One afternoon.

Although the autumn is getting stronger, it's a nice day. It's a sunny day. It's suitable for shopping and parties. But for Fu Qing and Mo Ling, it is also suitable for negotiation.

Moling is walking on the sidewalk in a fashionable British autumn dress and a pair of famous brand high-heeled leather boots. She had a computer bag in her hand, and then she went to a cafe.

After entering the cafe, Mo Ling took off her sunglasses and chose an inner position. She inquired about Fu Qing's habits and said that she didn't like others to be late. So she arrived two hours ahead of schedule. In order to prevent Fu Qing from finding fault with himself.

After sitting down, Mo Ling mended her make-up, ordered a cup of coffee, and then turned on the computer to start working.

After she dealt with one thing, she looked at the time on the computer, and it was almost the appointed time. Mo Ling sends the documents to Yun Yiming, and then continues to deal with administrative matters.

When Fu Qing came in, she saw Mo Ling and her fingers running fast on the keyboard. When her face sank, she would fight for time and place to show her ability to work.

Fu Qing is still wearing an elegant cheongsam, because of the weather, she changed into a long sleeve style, and also around a shawl.

Hearing the footsteps, Mo Ling raised his head. When she saw Fu Qing, she immediately stood up.

"Mrs. cloud!"

"Well." Fu Qing is very indifferent.

Mo Ling quickly put away the notebook computer, it is polite to speak. "I'm sorry, there are still some things to be dealt with, so I brought the computer out."

Fu Qing gives Mo Ling a cold look. She tells herself that she is working for Yun Yiming wholeheartedly? It would be nice to say if she didn't know about her, but she would not believe it now.

Mo Ling is very observant. She saw Fu Qing's attitude towards himself, which was obviously that he looked down on himself, even did not put himself in the eye. I can't help but sneer, but it's really low.

Without a trace, Mo Ling scratched on the screen of the mobile phone, and then called Yun Yiming. She knows clearly that Yun Yiming is still in a meeting, so his mobile phone will be automatically transferred to voice mail. The meeting is coming to an end. Just let Yun Yiming hear the previous recording.

After dialing out the phone, Mo Ling locked the screen directly, and then put the mobile phone on the computer. And she did all this, Fu Qing did not notice.

"Madam, do you want to ask me out today to talk about Yiming?" Mo Ling took the initiative.

Fu Qing snorted, "good, will take the initiative to speak."

Mo Ling kept smiling. "That's what I can think of. Because my wife asked me to have coffee with me alone

"You're really smart." Fu Qing followed. "But you should know that smart women are not welcome."

The smile on Mo Ling's face disappeared. She did not make a sound, but continued to listen to Fu Qing.

"I don't want to waste time with you. You're not fit to leave my son at once." Fu Qing also showed that it is absolutely impossible for them to be together.

Fu Qing took out a check and threw it on the desk. "This is the money for you. Leave my son at once. When I'm OK to talk now, or I'll be angry, then I won't be polite. "

Mo Ling lowered her head, and her tone was also somewhat aggrieved. "Mrs. Yun, why do you think he is not suitable for Yiming?"

"What do you deserve from my son? Except for this appearance and figure, you can't do anything else. Fu Qing didn't rush to show the bottom card, which was to wait until the final time when they could not agree. It's also a good shot.

When Mo Ling heard Fu Qing's words, she was angry. She knew Fu Qing was satirizing herself. Almost all the powerful ladies like this set of opening remarks, but these are of no use to her, Mo Ling. The more she objects to being with Yun Yiming, the more she wants to be with him.

"Madam, Yi Ming and I are not what you think." Mo Ling's voice is very low.

"No?" Fu Qing narrowed his eyes, still want to continue to pretend? She took the photos from her bag and threw them on the desk. "How do you explain that?"

Moling looked at the photo on the desktop, the old woman actually wanted to find someone to monitor her. It was really powerful! But I think it's right to think about it. It's hard to keep her position without any means.

However, when you want to install it, you have to continue to install it. Mo Ling looks at Fu Qing in an incredible way. "Madame, you have me watched?"

"Do you deserve it?" Fu Qing asked.

Mo Ling answers immediately. "Is that you let people watch Yi Ming? It's wrong of you to do this. You have seriously violated Yi Ming's privacy! "

"What qualification do you have to say about me?" Fu Qing retorted. "I'm concerned about my son. I'm also trying to prevent women like you from approaching him

When Mo Ling heard this, she was still amused. Is Fu Qing in love with her son? To do such a thing. Even if Yun Yiming has potential, he can be covered by his mother. Yun Yiming is almost 30 years old. This mother doesn't let go. Mo Ling looked at Fu Qing and said, "if you are doing this, it will only make it more difficult for Yiming to succeed! This is not what a mother should do

Fu Qing was said by moling, she was also angry. "I care about my son. What's wrong with me?"

"Madame, you are wrong." Mo Ling pointed out directly. "I'm sure Yi Ming won't let you do that."

Seeing the provocation in Mo Ling's eyes, Fu Qing immediately got angry. His words and eyes were almost two meanings. Thinking of her relationship with Huo Dongyang, Fu Qing is even more angry.

"Don't think I don't know your cards." Fu Qing's voice is very loud.

Mo Ling also has some vigilance in her heart. She reaches for her mobile phone and forcibly turns it off.

Fu Qing sees Mo Ling's face change slightly, she raises the corner of her mouth. "What? You know you're afraid? "

"I don't know what Madame means?" Mo Ling holds her own momentum.

Fu Qing sneered a few times and then said, "do you really don't know, or do you pretend you don't know? Do you think no one knows about your relationship with Huo Dongyang?"

Mo Ling's face changed all at once, and her heart was also a little flustered. How could she know these things? She remembered that when she went to the interview with Wynn, John had his information changed. According to principle, Fu Qing should not have found it.

Fu Qinglu showed a proud smile, "am I right? Wisely, he took the money and left. If Yi Ming knows about this, I don't think he will let you go! He hates bullying and betrayal

When Mo Ling heard Fu Qingfei's cruel words, she quickly adjusted her mood. "Madame, I don't know what you're talking about? Huo Dongyang should have something to do with your cloud family! According to the ethical hierarchy, you have to call him uncle."

Seeing that Mo Ling began to fight back, Fu Qing knew that this woman was not simple. She is very good at controlling her emotions, and her mouth is also powerful. It seems that she has been trained. If it is not for her good eyesight, it is estimated that it is difficult to detect her emotional changes.

[Chapter 190](#)

They seemed to be quiet at this time.

Fu Qing thought how to expose all of Mo Ling. Mo Ling was quietly calculating how to delay time in his heart.

"Madame, is there nothing more to say?" Mo Ling looks at Fu Qing and asks. "I think if Huo Dongyang comes back to the cloud house, you will all have to stand aside."

"You know so much." Fu Qing knew that Mo Ling had more than one card. "But I can also tell you clearly that I will not let you marry into the cloud family. You and Yi Ming are not suitable."

Mo Ling raised the corner of her mouth, "I think the lady is uncomfortable looking at any woman? You didn't treat Qiao Wei the same way before. So she and Yun Yiyan divorced, which should have your share of the credit." *novelusb.com*

"You

"I what. I think the wife is such a child control, for those women who are around her son, they will attack them. Do you really control yourself, son? Will you worry about all of them one day if you don't

Fu Qing is Mo Ling a few words down, seems to be in the underdog. This woman can't be underestimated. Think of or the original Qiao Wei Hao, what will not say, has been their own tolerance.

Seeing Fu Qing's bad face, Mo Ling took advantage of this momentum and continued to say, "madam, I didn't want to marry to the cloud family, but after talking with you today, I think it's a good choice to marry Yun Yiming."

Fu Qing understood this. "Isn't it always your wishful thinking? You and Huo Dongyang collude, and then mix into the cloud to get first-hand information for him, plus seduce my son. Your ultimate goal is nothing more than to bring Yun down, so that he can gain a firm foothold in city A

Mo Ling listened to Fu Qing's words and had to admire her. She really said that she had come to the purpose of the cloud, but now everything is different. Mo Ling is not worried that Fu Qing will ask Huo Dongyang, and Huo Dongyang will not say about their relationship.

Therefore, Mo Ling is almost determined that this game comes down, she may not lose. And Yun Yiming should also be on his side.

"Madame, if you have nothing else to do, I will go back first. After all, the company still has a lot of things to deal with. And Yi Ming asked me for dinner in the evening. "

"Mo Ling! Your tactics are really high. So shall we see who my Son chooses? " Fu Qing is ready to show off.

Mo Ling smiles. "Madame, this is not a good way to do it?"

"Well, are you afraid? Of course, my son will choose me. You just wait to lose

Looking at the confident Fu Qing, Mo Ling is not good at attacking her. It should be about time, and she should be ready to play.

When she looked at the door again, she just saw an anxious figure come in. Mo Ling is secretly pleased. It seems that he still has a place in Yun Yiming's heart.

She lowered her head and her long hair covered her face. Now she will accompany Fu Qing to perform.

After looking around anxiously, Yun Yiming sees two people sitting on the inside. After confirming the position, Yun Yiming also strides forward.

Fu Qing saw that Mo Ling suddenly lowered his head, some doubts. What is she doing? "Why not answer? You know you're not sure, right? Mo Ling, if you are smart, you should know that the person who knows the current affairs is a hero. It's wise to go with money! Don't wait until you can't get anything in the end. You'll lose both money and money

Fu Qing's tone is very heavy, let people hear that she is forcing mo ling to make a decision. When Yun Yiming comes near, he just hears such a sentence. His hand is clenched in an instant.

"Madame, I know you don't like me." Mo Ling's voice sounded weak, as if it had been hurt. "But I'm just getting along with cloud now. I don't want to be that long. I also know that marriage without blessing will not be happy. I understand what you said. I won't implicate general manager Yun. I can go. But I won't take it. "

Hearing Mo Ling's words, Fu Qing was a little confused. What happened to this woman? There was a fierce look just now. Now it's a little sheep. What is she doing?

"Mo Ling, you don't have schizophrenia, do you?"

Mo Ling raised her head, her eyes full of tears. "Madam, I respect you as president Yun's mother, but you can't slander me like this? People will have emotions, and I am not sick! Please don't say that to me

"Moling, I find you're very good."

Yun Yiming stands behind them and clenches his hand. His mother is like this. It seems that before those women were driven away by her in this way. This time, I was caught by myself, otherwise I was kept in the dark.

Mo Ling reaches out to wipe away her tears, but when her eyes notice Yun Yiming, she is frightened, but her heart is excited! Yun Yiming's face is really ugly now.

"Cloud Always... "

Fu Qing certainly won't believe Mo Ling. This woman's acting skills are really good. It's a pity not to be an actress. "You don't pretend to be in front of me."

Yun Yiming angrily steps forward, and he goes directly to Mo Ling. "Don't cry, I'm coming.""Mr. Yun, how could you..." Mo Ling asked deliberately.

Yun Yiming frowns. He reaches out to wipe the tears from the corner of moling's eyes. "It's all made up."

When Fu Qing saw the sudden appearance of Yun Yiming, he cried out in his heart. This before and after a combination of analysis, Fu Qing only knew that he was in the trap. This woman is really insidious. No wonder she suddenly changed her strategy just now. It turns out that Yun Yiming has come.

Fu Qing quickly stood up. "Yi Ming, why are you here?"

After Yun Yiming pacifies Mo Ling, he turns around and looks at Fu Qing coldly. "Mom, that's enough!"

"Yi Ming, I just Fu Qing wants to explain, but is interrupted by Yun Yiming. "Mom, I don't care how you used to drive away the women around me! But this time I won't let you succeed! I also formally inform you today that I will be with Mo Ling, and I will marry her next

Fu Qing felt incredible, "Yi Ming, you..." All along, the son who listened to his own words would treat himself like this.

Yun Yiming takes back his eyes. "Moling, let's go!"

Mo Ling nodded and put his things away.

Yun Yiming reaches for Mo Ling and seems to want to do it for Fu Qing. Then he looks at Fu Qing again and takes Mo Ling away.

Fu Qing fell down on the chair, repeatedly did not react from the state just now.

At this time, on the next table, a man stood up and put his mobile phone in his pocket.
