

Warm Wife 201

[Chapter 201](#)

Yun Yiming is really disappointed with his mother. He even asks Meng Yuran to do such a thing.

"Mom, please don't meddle in the affairs between me and the company in the future." With that, Yun Yiming stood up.

"Yi Ming, why don't you believe that there is something wrong with that woman? She is Huo Dongyang's person, the purpose is to help Huo Dongyang win the Yun family. " Fu Qingzhen is painstakingly persuading.

Yun Yiming really won't like to hear such words. Why should everyone have a relationship with Huo Dongyang! Is he really inferior to Huo Dongyang? He is not a bastard. Why should he compare with himself.

The more angry Fu Yiming is, the more he thinks. He didn't want to continue the topic, "Mom, this is the place where the company works. Please don't come back or intervene in the future. I will manage the company well."

Fu Qing felt that his heart was dead, and his son was so. "Are you really going to be with that woman?"

"Yes! I will marry moling. Because you arranged Meng Yuran into the company, moling has been wronged, and I can't let her down! " Yun Yiming also said firmly.

And under what circumstances would she be willing to listen to her own explanation. If you change to another woman, it's going to be a riot. Fortunately, moling still takes into account the overall situation, everything is based on themselves, rather bear all these things without explanation, so he can not fail her!

Fu Qing stood up with her bag. She also looked at Yun Yiming with disappointment. "You will regret it!"

Finish saying, Fu Qing walked out of the office, she looked at Mo Ling with hate in her eyes. "You won't be proud for long. I'll find evidence to prove your identity."

Mo Ling nodded. "OK, I'll be waiting for you at any time, Ma!"

This mother, listen to let Fu Qing's heart suddenly feel suffocated. "This mother called too early!"

Looking at Fu Qing's back, Mo Ling showed a satisfied smile, and his heart was also very comfortable.

"Fu Qing, you also have today. I will certainly replace you as the only lady of the cloud family in the future. Just wait for the day when you are expelled from the cloud family! "

Yun Yiming came out, "didn't my mother say anything?"

Is mo Ling clever once? She gently takes Yun Yiming's hand. "No. And I'm immune to those words

Seeing such a bird like Mo Ling, Yun Yiming is in a good mood. "Flattering me now?"

"No. Do I need it? " Mo Ling said with a smile.

Yun Yiming also laughs. "Moling, when we finish our ODL business, we'll get married!"

Hearing the marriage, Mo Ling was still a little excited. "Yi Ming, is that true?"

"Well!" Yun Yiming nods.

Mo Ling was in a good mood. "You didn't ask me to marry you. It didn't seem to conform to the rules."

"Shy?" Yun Yiming looks at Mo Ling with a smile. "Mo Ling, don't worry! I can't be less than Yun Yiming!"

"Yi Ming, thank you!" At the moment, Mo Ling's heart really thinks so, so she marries Yun Yiming. And live with him. After all, it's not easy for a woman to meet a perfect man.

A man like Huo Dongyang is really not easy to meet again. Or she should hold Yun Yiming's hand at this time. If she doesn't grasp it this time, she won't have a chance in the future.

Mo Ling reaches for Yun Yiming. "Yi Ming, nice to meet you!"

Although he is not used to such gentle Mo Ling, he still likes it. That's how women should rely on men.

Today, this incident soon spread to Yun Yiyan. He didn't expect that Yun Yiming chose Mo Ling and gave up Fu Qing, who had always been his center. This result is too surprising.

Huo Dongyang looks at the cloud Yiyan sitting opposite him, and he can see his mind at this time. "When Yun Yiming chooses Mo Ling, everything is expected."

"How can you be so sure?" Yun Yiyan thinks that Huo Dongyang is a divine operator sometimes, and many things are under his control.

Huo Dongyang laughed but did not speak, drinking tea calmly. After a sip, his brow raised. "The tea in this shop is not good. I'll change it next time."

"You seem to be very particular about tea. Shouldn't people like you who come back from abroad like you like coffee?" Yun Yiyan has always wanted to ask why. He has seen Huo Dongyang order a cup of tea several times.

Huo Dongyang thinks of Qiao Wei, "this also has allusions."

See his gentle eyes, should have something to do with Qiao Wei! He vaguely remembered that Qiao Wei seemed to like tea very much. Huo Dongyang at this time and his first time to see, also had a different change, become approachable, this should also have something to do with Qiao Wei.

"How's the ODL talk going?" Huo Dongyang put down the teacup.

Yun Yiyan nods. "It's almost the same. What we've come up with is a more favorable cooperation than Wynn's. He should consider cooperating with us."

Huo Dongyang thought for a moment, "you can't relax until the last moment. There will be another variable. ""Well, I know." Yun Yiyan replied.

At this time, Huo Dongyang's mobile phone rings. Seeing the caller ID, Huo Dongyang showed a smile.

"Who's calling? I'm looking forward to it." Yun Yiyan is a little strange.

Huo Dongyang picked up the mobile phone, Yun Yiyan saw the caller ID, it was Fu Qing. Huo Dongyang opens the hands-free in front of Yun Yiyan.

As soon as the phone was connected, Fu Qing's voice came. "Huo Dongyang, are you and moling together? She's your undercover for Wynn, isn't she

Huo Dongyang smiles, it's really direct. Since Fu Qing is direct, he is not good at hiding.

"Mrs. Yun is really well informed." Huo Dongyang replied.

"You are indeed Fu Qing seemed excited. "What is your intention?"

Huo Dongyang did not answer in a hurry, but wanted to Hang Fu Qing and let her worry. His fingers were tapping gently on the table, and there was no intention of answering.

Fu Qing immediately asked, "what do you mean by doing this? Do you think you can take the Wynn? You dream less! "

Huo Dongyang raised his head and looked at Yun Yiyan. He seemed to be saying, "look, don't you all know my purpose?"?

Yun Yiyan first saw such Fu Qing. She is really powerful. A woman who is in charge of the affairs at home every day knows so much and talks with such momentum.

"Mrs. Yun, this Mo Ling has nothing to do with me now. She has severed her relationship with me for love." Huo Dongyang then threw out a word. "So I have no choice."

"Hum! You finally admit it. " Fu Qing's voice is also high. "Please take Mo Ling away, then I can not investigate this matter."

Huo Dongyang really admired Fu Qing's momentum, but he didn't want to.

[Chapter 202](#)

Has not been waiting for Huo Dongyang's reply, Fu Qing is also silent.

All of a sudden, only silence was heard on both sides.

Yun Yiyan looks at Huo Dongyang and seems to be asking why he doesn't answer. Huo Dongyang shook his head at him, and he would wait until Fu Qing said her conditions.

Sure enough, Fu Qing said again after silence: "Huo Dongyang, as long as you stop Yi Ming and Mo Ling together, I can do you a favor."

"Mrs. cloud, what do you want to help me with?" Huo Dongyang asked. It seems that he was right again this time. Fu Qingzhen made such a concession in order to keep his son.

Yun Yiyan knows that Fu Qing is partial, but he doesn't think that she can be so aggrieved for Yun Yiming. Such a mother is really great! Just why would she never do this to herself? Even if it's only 1%.

Fu Qing went on to say what he thought. "I'll help you get back to the cloud home."

"Mrs. Yun, are you sure you want to make such a sacrifice?" Huo Dongyang asked. "If I go back to the cloud house, you will all leave."

"Huo Dongyang, I asked you to return to the cloud home. If I get you in, you must let me and Yun Yiming stay. "

Huo Dongyang knows that Fu Qing is not very generous. After all, she still wants Yun Yiming to inherit the cloud family. "Mrs. Yun, you may be disappointed this time. I won't agree."

"Why? Don't you want to go back to the cloud home? The old man is like this now and will die soon. Yunzhou is not a good man. It's not so easy for you to go back to the cloud house, unless I help you. " Fu Qing continued to persuade Huo Dongyang.

However, Huo Dongyang said that he was not interested and hung up the phone. He took a look at Yun Yiyan and said, "don't be jealous. In Fu Qing's eyes, he has always seen Yun Yiming. This is an unchangeable fact! Didn't you already know that? "

"Huo Dongyang, you don't need to sympathize with me. I know all this." Yun Yiyan replied. "When I was a child, my mother was very kind to me, but when I was 18, she suddenly changed her attitude towards me, and I have been used to it over the years."

Huo Dongyang hears Yun Yiyan's words, the movement of the hand some hesitation. It seems that Fu Qing knew that Yun Yiyan's real identity began when he was 18 years old. However, according to Fu Qing's character, he should not drive Yun Yiyan away after knowing the truth, but leave him behind. On the one hand, he was dissatisfied with all kinds of Yun Yiyan. What on earth is she doing this for?

It seems that he still has to check the Xia family. He always feels that something is wrong.

"See you in two days, then. I'll go back first." Huo Dongyang said.

"Well!" Yun Yiyan nods.

Two days later, it was the signing ceremony between Yunshi and ODL. This time, the location was also decided to be in Yunshi.

Early in the morning, moling arranged in the venue, and she didn't want to make any mistakes. After all, it is also the first project of vice president. She can't lose face.

Looking at the scene layout is almost the same, moling is also determining the final process. Everything is ready. Moling is standing in the corner. Looking at the scene, there is a kind of unspeakable feeling in my heart, which should be the feeling of success!

After a while, the ODL called and said there was something to be done, so the signing ceremony had to be delayed. After hearing the news, Mo Ling felt a little uneasy. Could there be any problem?

When Yun Yiming comes, he sees Mo Ling sitting in a daze. He walks over.

"What are you thinking?"

Mo Ling raised his head and said, "here you are."

"What's the matter?" Yun Yiming also sits down.

"ODL said the signing ceremony would be delayed. I'm afraid there is a problem." Mo Ling expressed his worries.

Yun Yiming stretched out his hand and took Mo Ling into his arms. "Don't worry. I just received a call from them saying that there is something to delay."

"Yi Ming, are you really OK?" Mo Ling felt uneasy.

Yun Yiming hugged Mo Ling, "Mo Ling, don't worry. It's the first time I've seen you so insecure. "

Then Yun Yiming pulled Mo Ling up. "Since they are going to be late, let's do something else first."

Mo Ling is stunned. He doesn't know what Yun Yiming means. He pulls himself to the stage.

"Yi Ming, what are you going to do?" Seeing Yun Yiming's mysterious smile, Mo Ling can't help feeling a little nervous.

In the middle of the stage, Yun Yiming releases Mo Ling's hand, and then goes to one side and picks up the roses.

Once again, he went to Mo Ling and said, "Mo Ling, I once said that I would never lose you."

"Yi Ming, you..."

Yun Yiming said with a smile, "propose marriage!" With that, he took a small box out of his pocket.

Looking at the diamond ring in the box, Mo Ling was as moved as any other woman. Tears were also running down, and she finally waited for this moment.

Seeing that Mo Ling didn't respond, Yun Yiming picked up Mo Ling's hand with a smile and put the ring in her hand. "All right

Mo Ling was staring at the ring on her finger. She was so excited and moved that she didn't say a word. She reached for Yun Yiming. Yun Yiming also reaches for Mo Ling. "You haven't answered yet."

"I will." Mo Ling replied.

"Mo Ling, I will make you happy." Yun Yiming also said his promise.

Mo Ling buried in Yun Yiming's arms, that's it! Don't think about anything else. Be a good wife of Yun Yiming. Over the years, she was tired, too. It's nice to have a man to rely on.

Mo Ling hugged Yun Yiming, "Yiming, you must remember what you said today."

"Don't worry!"

Yun Yiming lets Mo Ling go. He lowers his head and looks at her. His head slowly approaches. Mo Ling smiles and she closes her eyes. Just as the two lips were about to stick, someone was clapping.

Yun Yiming and Mo Ling look back at the same time and see the man suddenly appearing on the stage. ODL project director came, and he was followed by Huo Dongyang and Yun Yiyang. Such a combination makes people surprised by Yun Yiming and Mo Ling. What's the situation!

"We seem to have interrupted the cloud." Director he spoke.

Yun Yiming let Mo Ling go, stabilized his mood and said, "no! Mo Ling and I are also very willing to share our good news with you. "

"Congratulations to Mr. Yun and vice president Mo, you are a perfect match indeed!" Director he said with a smile, and then turned to ask Huo Dongyang, "President William, do you think so?"

Huo Dongyang looks at Yun Yiming and Mo Ling and nods. "Well! Men and women are really good match! "

Mo Ling saw Huo Dongyang appear, her whole person is messy, what is he going to do!

"Mo Ling, Congratulations! As your former boss, congratulations on finding your husband. " Huo Dongyang continued. "At the same time, I also want to thank you for providing me with important information and information. When you get married, I will give you a big gift

[Chapter 203](#)

As soon as Huo Dongyang's words came out, the audience was quiet.

Mo Ling's eyes are staring out, Huo Dongyang should say such words.

Hearing Huo Dongyang's words, Yun Yiming turns his head and looks at Mo Ling. Some of his eyes are unbelievable.

"It's not like that!" Mo Ling immediately refuted. "He said it on purpose."

After hearing this, Yun Yiming looks at Huo Dongyang, and today Yun Yiyan also follows him. How can two people come together? Or is it their conspiracy?

It seems that Huo always smiles. I've come here today to illustrate this. "

"Huo Dongyang, what do you mean by this sentence?" Said Yun Yiming aloud.

"I just came here to tell you the identity of Mo Ling." Huo Dongyang said with a smile. "She is indeed sent by me. At the beginning, she entered the cloud family in order to get the internal information of Yun family. But she betrayed me later. I think it is more important for her to have a love. "

Hearing Huo Dongyang's words, Mo Ling's face was white and her body was shaking slightly. She did not know until today that Huo Dongyang had not started the original plan. It was not that he had no evidence, but was waiting for an opportunity to completely defeat himself.

This bureau is really well arranged. When he is about to get happiness, he will give himself a sharp shot back!

Yun Yiming frowns and looks at Mo Ling. Does her face, which is almost white, also say that all this is true! "Moling, is everything he said true? Did you approach me just to help him? "

"No!" Moling immediately denied. At this time, she can't just admit it. "Yi Ming, do you doubt me just because of his words? I've done so much for you all the time. That's not enough to prove me? "

Yun Yiming frowned, yes! All along, moling has been doing things for himself. How can he doubt moling with Huo Dongyang's empty words? It's not right.

"Huo Dongyang, you are not welcome here. Please leave." Yun Yiming says to Huo Dongyang.

Director he also stood up to speak. "Cloud is always like this. After careful consideration, ODL decided not to sign a contract with Yunshi."

As soon as this word comes out, Yun Yiming and Mo Ling are completely stunned.

"Director he, we had a good discussion before." Yun Yiming continued. This news is really too unexpected for me. I didn't think of it at all.

Director he looked at Mo Ling and said, "Vice President Mo, when talking with us before, you concealed the financial problems of Yun. It seems that there are problems in the operation of funds, and I heard that Yunshi has maliciously suppressed other partners. For many reasons, we decided not to sign the contract. "

Mo Ling immediately came down from the stage, "director he, you are not trustworthy."

"Compared with Vice President Mo, I am nothing." Director he said with a smile. "All right. I've finished my task today, and I'll leave the rest to you. "

Huo Dongyang nods to director he. Thank you

"You're welcome, my friend." Director he patted Huo Dongyang on the shoulder. "William, I'm waiting for your good news."

With that, director he also looked at Yun Yiyao. "Yuner Shao, I'm waiting for you to sign the contract in person."

Yun Yiyao nodded, "OK."

After director he left, there were only four of them on the scene, and others sneaked away when the atmosphere was not right.

Cloud Yiming with a face of anger also went to Huo Dongyang, "Huo Dongyang, you are really fierce, destroyed all this."

"Don't get excited about cloud." Huo Dongyang said. "I came here today only because of my lady Yun. Because she was worried that you would be cheated by moling, she came to talk with me and hoped that I could help you. She asked me to do me a favor for the sake of her relatives

Yun Yiming clenched his fist. His mother even ran to Huo Dongyang in order to stop him and Mo Ling!

"This is moling's information." Huo Dongyang hands a document to Yun Yiming. "True identity."

Yun Yiming is ready to reach for it, but it is robbed by moling. She tore up the document in an instant. "What do you mean, Huo Dongyang?"

Huo Dongyang stares at Mo Ling, and his eyes change into danger. "Don't you know? You must be responsible for what you have done. I told you a long time ago that you choose the road by yourself, so you should be ready to accept the recruitment. "

Mo Ling helplessly smiles, "you are really cruel. The means are so superb. " I really chose the best time to crush the hope in my heart little by little.

Huo Dongyang looked back at Yun Yiming, "general manager Yun, this woman can betray the first time, then she can also betray the second time. As a member of the past and relatives, I just want to remind you

Yun Yiming's heart has begun to shake. Huo Dongyang doesn't like to lie. When he sees Mo Ling's performance, he thinks she must have something to hide from himself. Has she been lying to herself all the time?"Moling, is everything he said true?" Yun Yiming looks at Mo Ling and asks. "Tell me the truth!"

"Yi Ming, I didn't betray you! You must believe me! Huo Dongyang did this in order to stir up our relationship. " Mo Ling said with tears. She must stabilize Yun Yiming, otherwise, she will have no way out.

At this time, Yun Yiyan came forward. "Big brother, this woman is really not simple. You must see clearly, she has given me advice before

Yun Yiming stares at Yun Yiyan. "What? In the face of chaos, do you want to step in? If so, how can you come with Huo Dongyang? "

Huo Dongyang went to Yun Yiyan's side, "today I have another thing to inform general manager Yun."

"What's the matter?" Yun Yiming asked coldly, but he had an ominous premonition in his heart.

Huo Dongyang and Yun Yiyan will not come together so coincidentally, or there are some shady transactions between them. Yun Yiyan must have put forward some conditions to trade with Huo Dongyang. Otherwise, with their complicated relationship, they would not come together.

When Huo Dongyang said, his eyes also deliberately glanced at Mo Ling. "In fact, this also thanks to the help of Mo Ling, thank her for helping me to get the financial statements of Yunshi in recent years, so that I can be so smooth to win the Yunshi."

Hearing Huo Dongyang's words, Yun Yiming steps back in succession. "What do you say?"

"HD will acquire Yunshi and appoint yunyiyan as the new president." Huo Dongyang replied. "As for general manager Yun, if he wants to stay, we will leave the position of general manager to you."

"No way!" Yun Yiming doesn't believe this is true. "Yunshi is not something you can buy if you say you can buy it!"

[Chapter 204](#)

Huo Dongyang and Yun Yiming did not continue to entangle this topic.

"A lawyer will come and talk to you tomorrow."

With such a sentence, Huo Dongyang turned to leave.

See Huo Dongyang to go, moling immediately catch up, she does not allow her life to appear any mistakes. She has been played by Huo Dongyang once, and she must not be played a second time.

Seeing Mo Ling chasing out, Yun Yiming feels that she is covered with cold air. She really betrays herself!

Yun Yiyan takes a look at Yun Yiming. "Big brother, I really need to see people with my eyes."

When Yun Yiming heard Yun Yiyan's words, he swung his fist. But Yun Yiyan quickly dodged. "Big brother, is this to get angry with me?"

"You actually and Huo Dongyang partnership to get rid of the cloud, but I will not let you succeed." Said Yun Yiming, biting his teeth. "I am the heir."

Yun Yiyan thinks that Yun Yiming's obsession will only lead to his failure.

"I'll go first." Yun Yiyan doesn't want to continue to fight with him.

When Huo Dongyang was ready to get on the bus, Mo Ling came after him. "Huo Dongyang, why do you have to do this?"

"You know why." Huo Dongyang said coldly.

Mo Ling frowned. "You have no proof! So you can't slander me

Looking at Mo Ling up to now is still a pair of upright appearance, Huo Dongyang draws up a smile. "Do you really think I have no proof? You seem a little too naive, Mo Ling

Mo Ling's pupils are dilated. She can't believe it. At the beginning, she had gone to the hospital to confirm. The staff also said that the monitoring on that day was broken, and Xiang Qing also said that she did not get the evidence. So what does Huo Dongyang mean? Or is it that everything before is drama, the purpose is to let oneself relax vigilance?

Huo Dongyang also left a sentence on the car: "once people are too comfortable, they will be careless."

Moling has been standing on the roadside, recalling the meaning of Huo Dongyang's words just now. So Huo Dongyang has been waiting for a chance to kill himself? And he chose today.

The clenched hand also knocked the ring on the hand. Looking at the ring in his hand at this time, Mo Ling felt ironic. At the end of the day, he was still beaten back to the prototype, losing so little defense.

When Yun Yiyan came out, he also stopped. "I didn't expect you were undercover!"

"I'm not!" Mo Ling retorted in a loud voice. "All these are traps set by Huo Dongyang. He saw that I was doing well now, and that's why he tried to frame me up

Yun Yiyan also feels that this woman is hopeless, and her obsession is also great. "I think you are too narrow-minded, so Huo Dongyang did not choose you!"

Mo Ling sneered. "Yun Yiyan, what qualifications do you have to blame me. You are also a loser. You are also the defeated general of Huo Dongyang! That's why Qiao Wei doesn't want to choose you! "

Yun Yiyan ignored Mo Ling's provocation, "Qiao Wei has the right to choose his own life, now I will choose to bless her!"

Mo Ling looked at Yun Yiyan's car driving away. She stood on the side of the road, looking a little pathetic.

I don't know how long it took for Mo Ling to return to the scene.

But Yun Yiming is no longer there. Mo Ling goes to a chair and sits down. She closed her eyes and her head hurt badly. Empty venue, just like their own heart, empty, no sense of direction.

There was a sound of footsteps behind him. Mo Ling opened his eyes and looked back. It turns out that Yun Yiming is back.

Mo Ling immediately stood up and went to Yun Yiming. "Yi Ming, are you back?"

Yun Yiming still has a little tenderness in his eyes, "did you cry?"

"I'm fine." Mo Ling feels the warmth of Yun Yiming. "Yi Ming, I really didn't betray you. Those are Huo Dongyang's nonsense. Don't believe him! "

When Yun Yiming hears Mo Ling's words, the warmth in his eyes disappears instantly. He reached out and pushed Mo Ling away. "Is it? How can I hear that you once loved him so much that he didn't have any self-respect, even sneaked into the cloud family for him. Mo Ling, I really have to admire you. Your play is really good. I was cheated by you. "

"Yi Ming, things are really not what you said. Huo Dongyang and I are not... "

Mo Ling's words did not finish, he was interrupted by Yun Yiming. "Dare you say that you have not loved Huo Dongyang and you have not pursued him? This incident also caused a sensation at that time. What you didn't expect is that Huo Dongyang will marry Qiao Wei, so you have to change your strategy. Is it really nice to play with my feelings, Mo Ling? "

Mo Ling's tears flow. "Yi Ming, it has been many years since Huo Dongyang and I have been together. I'm with you not because of Huo Dongyang. "

"Is it?" Yun Yiming felt that he had been greatly humiliated. For the first time in many years, he was played by a woman who wanted to treat him sincerely.

Mo Ling nodded immediately. "Yes! I really didn't lie to you. "

"So the financial statements. How do you explain it? " Yun Yiming now also thinks about the causes and consequences. At the beginning, Mo Ling took the initiative to apply to the financial department to study, in fact, in order to steal the financial statements to Huo Dongyang. Mo Ling was stunned. She really did it! At the beginning, she really wanted to go out for Huo Dongyang, but it turned out to be a fatal blow to herself.

Seeing that Mo Ling answers, Yun Yiming closes his eyes. "Mo Ling, you really lied to me! I'm still fighting my mom for you. Is this what Huo Dongyang asked you to do? "

"I didn't! Do you want me to prove that you want to believe me? " Said Mo Ling in a loud voice.

Yun Yiming won't believe any words from Mo Ling any more, "Mo Ling, I didn't want to propose before. I'm not suitable for you."

Mo Ling heard her heartbreaking voice, and she was divorced. "Yi Ming, so all the promises you made to me are false?"

Yun Yi's heart is dead, "yes! You just don't think it happened. You leave the company tomorrow, too. Let's get together and get together. "

Mo Ling had to tighten her lips, clenched her hands and trembled. "Men say one thing and do another. If you get it, you'll give it up as soon as you get it. Hehe, it's really mean. "

"It's all your fault, Mo Ling!" Yun Yiming's voice also increased.

Since it's all like this, moling is also broken. "My fault? Yun Yiming, but you teased me first. Now a word is going to kick me off. It's not so easy! I Mo Ling is not so easy to bully! Sleep me, don't want to be irresponsible? No way

When Yun Yiming heard what Mo Ling said, he was very angry! He put out his hand and gave him a loud slap in the face. "Bitch!"

Mo Ling immediately felt hot on her face, and she put out her hand to cover her face. "I'm a bitch? And what are you? "

[Chapter 205](#)

Being asked by moling, Yun Yiming is stunned.

Yes, if she is a slut, then he is even more base than a slut.

"Mo Ling, when I'm OK to talk now, you'll leave Yunshi immediately." Yun Yiming speaks. This is also the last tolerance to him.

Mo Ling sneered. She put her hand down and there was a palm print on her face. "You men are the same, always feel aggrieved. When I want you, I will try my best to please and care for you. When I don't need you, I will kick you away like a ball, and even pretend to be tolerant. Who is this for? It's really not necessary, OK? "

When Yun Yiming heard these words from Mo Ling, he was still a little sad. This woman, he really wanted to treat sincerely, but now she is a traitor, he simply can not accept such a fact.

Ignoring what Mo Ling said, Yun Yiming turned around and left. He didn't want to continue to have anything to do with this woman.

When Mo Ling saw that Yun Yiming was leaving, she stopped him immediately. "Wait a minute, Yun Yiming. If you hit me, you want to leave?"

"Otherwise?" Yun Yiming really thinks that Mo Ling has a thick skin. He can even say such a thing.

"I will not leave Wynn." Mo Ling replied. "If you're going to get rid of me, I'll blow the crap out of what you've done before. We're going to die together

After losing a man, Mo Ling felt that he could not lose a job. So she must try to keep her job, which is her only support.

Yun Yiming glares at Mo Ling. This woman is really fierce! Now threaten yourself! "Mo Ling, you are really cruel!"

"You forced me. Why don't you believe me? " With that, Mo Ling straightened up and left the meeting hall ahead of Yun Yiming.

The next day.

Mo Ling came back to the office with a huge pair of sunglasses. Obviously, they already know what happened yesterday. If you look at the rudder, you will despise them. Yesterday I still want to flatter myself, but today it is such a face. It's really a matter of indifference and lack of true feelings.

Back in her office, Mo Ling closed the door. She went to her seat and sat down. After taking off her sunglasses, all the dark circles under her eyes showed up. It has been covered with several layers of powder, but still not covered.

Mo Ling supported her head with her hand, and the whole person looked very tired.

"Vice President Mo!" Suddenly there was a knock at the door.

"What's the matter?" Mo Ling raised his head.

"Clouds always let you pass."

"I see."

Mo Ling put on his sunglasses again, and now he is unwilling to make a phone call, but he has been called. It seems that there are many things waiting for him in front of him. It is not the time to fall down.

When Mo Ling goes to Yun Yiming's office, he sees John with his assistant.

"You should know this one?" Yun Yiming looks at Mo Ling and asks.

Mo Ling looked at Yun Yiming and said, "yes. Yes? You want to add another charge to me? "

When John saw this situation, he couldn't help laughing in his heart. This boss is OK. In a simple word, let them become this way.

"Moling, we are all old friends." John said.

Mo Ling stepped aside and sat down. "What can I do for you?"

Yun Yiming throws the document John gave him to Mo Ling, "look at it yourself."

"HD's appetite is really big. Do you really want to buy Wynn?" Mo Ling looked at John and asked.

"Where does Huo Dongyang come from

John smiles. "Moling, we have worked for boss together. Do you need to turn your back on others? I think you know better than us what the boss did to you. Later, you betrayed the boss first

Mo Ling didn't pick up John's words, "so you're here to talk about the acquisition today?"

"Yes."

"How much money do you have?" Mo Ling then asked.

John laughed when he heard this. "Mo Ling, you really don't have a good standard. The boss gave me the lowest price. "

Mo Ling raised his head and looked at Yun Yiming? They HD will buy Wynn at the lowest price. "

Yun Yiming gives Mo Ling a cold eye, and his words are even more merciless. "Don't you want to stay in Wynn? I'll leave it to you. If we are really acquired by HD, it will also be the time for you to leave Wynn. "

"The cloud is really good at assigning tasks." Mo Ling knew that it was no good for Yun Yiming to ask him to come. He just wanted to get rid of him. But she's not going to be kicked out.

Mo Ling stood up with John's acquisition document and said, "OK! Talk to me. "

John looked at the time. "No, I have a meeting later. Today, I know that I can't talk about it. After all, you are not unified internally. However, I have made a preliminary estimate of the value of Yunshi and found that it is only this number. "Yun Yiming and Mo Ling are stunned to see the gesture of John's gesture. It's a zero?!

Seeing that the effect has been achieved, John stood up. "Boss has another word to convey to me. I hope cloud will think it out when everything is easy to discuss."

Yun Yiming's anger comes out slowly. Huo Dongyang is insulting! You want to take the cloud without spending a cent? It's just a dream.

Mo Ling heard John's words, and with his understanding of Huo Dongyang, he must have a second move!

"Go back and tell Huo Dongyang that there is no door." Yun Yiming throws out a sentence.

John nodded. "OK, I'll pass on your words to the boss as they are! Then I'll go back first. "

Just half an hour after John left, the police came. It is said that Yunzhou is suspected of a kidnapping and homicide case to investigate.

Yun Yi is shocked. Is it possible that the story of grandfather was discovered? Isn't grandfather still lying in the hospital now? People are not dead! There should be no killing. I haven't seen him for several days since I separated from him at the gate of the hospital!

But what about the kidnapping? After thinking about it, Yun Yiming finally thinks of Liu Su and Qiao Xin. In order to threaten Qiao Qingdong, Yunzhou really let people control them. Is this a revelation?

Yun Yiming also told the police about the situation. Of course, he put all the blame on Yunzhou. Anyway, he dealt with those things. So this has nothing to do with myself.

Just after the police left, I don't know who told the story. A large group of reporters rushed to the cloud immediately, and surrounded the cloud. Everyone wants Yunshi to come out and make an explanation. Is Yunzhou really kidnapping and killing?

[Chapter 206](#)

In this way, Yunshi was shrouded in a dark cloud.

The news has also been relayed by the major media, and some people even gave bad reports.

When Yun Yiming saw such news, he was very angry. I'll go to find Mo Ling immediately. Now, apart from her, who is going to disclose the information. And yesterday she warned herself that she really would!

Yun Yiming angrily pushes open the door of Mo Ling's office. Mo Ling is startled by the sudden situation. After calming down, she put the mobile phone down, "general manager Yun, it seems that there is something wrong with you not knocking on the door."

Seeing that Mo Ling put down his mobile phone, Yun Yiming angrily steps forward and grabs up his clothes directly. "You are indeed

"What am I?" Mo Ling really doesn't understand the meaning of Yun Yiming.

"Do you still want to deny it?" Said Yun Yiming, gnashing his teeth. This woman is so hateful! Still really use these under three indiscriminate means, really let a person want to kill her.

Mo Ling frowned and his face became ugly. Because Yun Yiming has already pinched his neck with his hand.

"Yun Yiming, what are you doing?" Mo Ling spoke with difficulty.

Yun Yiming shows a cruel smile. "Let you die! Why do you betray me, Mo Ling

Mo Ling felt difficult to breathe, and the whole person was very uncomfortable. Everything in front of her became blurred. It seems that Yun Yiming really wants to let himself die. "Yun Yiming, you're just an asshole. Do you want to be charged with murder?"

Hearing what Mo Ling said, Yun Yiming suddenly wakes up, and he releases his hand.

As soon as Mo Ling fell down and sat on the ground, she gasped and breathed the fresh air. Just now she was really a moment of life and death. This Yun Yiming doesn't know what kind of wind it is! All of a sudden like crazy, this is really abnormal!

Yun Yiming feels his hands are boiling hot. What happened to him just now? He is out of control! If it wasn't for what Mo Ling said just now, he would have strangled her to death.

Looking at Mo Ling sitting on the ground with a pale face, Yun Yiming frowns. "It's your fault, too!"

Mo Ling looks at Yun Yiming defiantly. "Yun Yiming, what did I do wrong?"

"Do you have the face to ask? Did you inform the reporters?" Yun Yiming asked directly.

Mo Ling understood that he thought he had called the reporter. What kind of IQ is this! No wonder he is not as good as Yun Yiming. What else can he do with Huo Dongyang!

"Yun Yiming, if you are not ill, you should know that we are on the same boat now. Why do I blow these things out? And I don't know anything about your dad, okay? We should pay attention to evidence in everything! "

When Mo Ling said this, Yun Yiming also calmed down a little, and her words were not wrong. Yes, only he knows what Dad does. Now Dad is suddenly missing, there should be other things.

Mo Ling wanted to get up from the ground, but she was really scared and couldn't use her strength. So she can only sit on the ground, and she won't expect Yun Yiming to help her up. She stares at Yun Yiming. "Yun Yiming, if you are crazy, please leave. I have to prepare for crisis public relations. If you don't clarify it, you'll really fall. "

Mo Ling's words, but did not change back to Yun Yiming's heart, "who are you doing this kindness to see?"

"Can I show it to myself?" Mo Ling countered. "If you have something to do with Mr. Wan, you should try to find a way now instead of fighting with me here. Or you should ask your father to come out and clarify it. "

"Hum!" Yun Yiming shakes his hand and goes out.

Soon, Yunshi also sent a message, denying that Yunzhou kidnapped and killed people and fled with fear of crime. He only said that Yunzhou was not in city because he was distracted by tourism. However, such an announcement shows that it did not calm down the incident, but made the matter bigger and bigger.

Mo Ling is really angry with Yun Yiming's stupid behavior. It will only make the description more black. Since he didn't allow himself to participate, she was relaxed and left work early with her bag.

Jiangwan villa.

Qiao Wei also saw such news, this time the cloud really encountered a crisis.

"Little, you have to sympathize with them. They've got evil, and the one in charge has fallen down, so they're in the nest now. " Huo Jiang gives his own opinion.

Qiao Wei picked up the remote control and changed the channel. After all, many people didn't understand the situation, so they were making a fuss.

It was evening when Huo Dongyang came back.

"Dongyang, these two days will come later." Qiao Wei reached for Huo Dongyang's coat.

Huo Dongyang nods. "There's a lot of work to do."

After changing shoes, Huo Dongyang walks into the living room with Qiao Wei. The TV is still broadcasting the news. Huo Dongyang stops to have a look. It is not clear how long Yun Yiming can last.

"Dongyang, have a meal!"

"Well!"

After dinner, Huo Dongyang went to his study. Xiang Qing came back with the news and said that Yunzhou is now in another city. It seems that it has not been affected by this incident. Huo Dongyang laughs after listening. "He must be feeling very happy now."

"Boss, what are we going to do next?" Xiang Qing then asked.

"Let Liu Su and Qiao Xin appear." Huo Dongyang opens his mouth.

Xiang Qing nodded, the boss means to let the media sit down on the matter. Well, it's a real stunt. In this way, Yunzhou can be forced back. It's really good.

Huo Dongyang thought about it for a while and continued to explain it. "Let people look at Liu Su and Qiao Xin." These two people are not easy to worry about, so he can only be on guard.

Xiang Qing understands Huo Dongyang's worries. Liu Su and Qiao Xin have done all the bad things. In fact, it's not worth dying, but now we need them to play a show. Otherwise, it's really easy to deal with it secretly.

The next day, Xiang Qing let people put Liu Su and Qiao Xin out. They had no money, so they could only watch the other people eating.

"Mom, I'm so hungry." Qiao Xin said.

"Bear with it. We don't have money on us now." Liu Su replied.

When they passed an electrical City, they just saw the news on TV. Hearing the description, Liu Su raised the corner of her mouth, and the opportunity to fight back finally arrived. She really wanted to thank the informant for giving herself such a good opportunity.

Liu Su immediately called Fu Qing, the most suitable time for blackmail.

Soon, Fu Qingzhen came to see Liu Su.

"Did you bring it?" Liu Su is proud now. They will certainly want to cover up this fact. However, it is a scandal of the cloud family.

Fu Qing looks at Liu Su coldly. "Liu Su, you are so greedy! He asked me to take five million as soon as he opened his mouth. "

"Is the reputation of Yunshi and Yunjia not worth the price?" Liu Su asked in turn. "When Yunzhou illegally jailed Xinxin and me, I certainly didn't think of this stubble? Now I'm afraid, so I let us go. Do you think I'm so bullying? You say if I go to the police station and talk about it, your husband will be locked up. "

Fu Qing knew that Liu Su was a shameless woman, but she didn't expect her to be so shameless!

"I don't have that much money!"

[Chapter 207](#)

Liu Su was not in a hurry. She was eating with a big bite. I haven't had such a delicious meal for a long time. I must eat more.

When she finished eating, she said, "then I'll give you a few days to raise money. If there is less than one yuan, I will go to the police station to report on Yunzhou. At that time, your cloud family will only be more notorious. Who will cooperate with such a company with no reputation? "

Fu Qing bit his lips, did not expect that he would be pressed by Liu Su. "Do you really want this?"

"Mrs. Yun, I have today. In fact, you can't get rid of the relationship." Liu Su said with a smile. "I'll wait for you in three days."

After that, she took the packed food on the table. Before Fu Qing came, she had a good meal and packed some food.

Fu Qing looks at Liu Su's back, and she clenches her hand. I really regret that Liu Su didn't die, but now it has become a hidden danger.

Fu Qing picked up the bag to leave, but was stopped by the waiter, "Mrs. cloud, has not paid the bill."

"What!" Fu Qing was completely speechless. Liu Su was so thick skinned that she didn't have another one. Eat overlord's meal and pay for her by yourself!

"Mrs. cloud." The waiter called.

Fu Qing responded, "how much is it?"

The waiter handed the bill to Fu Qing. It's really OK! The meal cost thousands of dollars. She will settle the account with Fu! Fu Qing took out a card from his bag and threw it to the waiter.

After a while, the waiter came with the card. "Madam Yun, I'm sorry. You can't use this card. Do you have any other cards

"What!" Fu Qing felt incredible. How can it not be used? This is a super gold card exclusive to banks, and there is no restriction at all.

Fu Qing followed the waiter to check out and tried again, but the result was not good. Changed several cards in succession are the same result, this situation also let Fu Qingmeng, what is the situation?

Finally, even the manager of the restaurant came to deal with it. The manager politely asked, "Mrs. Yun, do you have any cash?"

Fu Qing was embarrassed. She didn't have the habit of taking cash out. "I didn't. Wait a minute. I'll make a call

Fu Qing called the bank and asked if this was the case? The result was told that yesterday Yunzhou stopped all the cards in his name. Hearing this news, Fu Qing is even more angry! This damned guy did it behind his back! It's estimated that he has taken the money to have a good time. It's shameless of him to ignore such a big incident at home and in the company.

Fu Qing then made a call to Yunzhou, this time by accident. "Yunzhou, why do you stop all my bank cards?"

"I didn't do it." Yunzhou replied. "All my cards have stopped. I just wanted to ask you what's going on?"

"Where are you now? It's going to be big at home and in the company. " Fu Qing denounced loudly.

"I know, but I don't have the money to buy a ticket right now." Yunzhou replied. "You ask Yi Ming to buy me a ticket."

"Go to him yourself." Fu Qing hung up the phone angrily.

As soon as I look back, I can see that several people behind me are waiting for their own payment. This time, I have lost my face. Fu Qing had to bow his head. "Manager, there's something wrong with some of my bank cards and I don't have that much cash with me. Can you accommodate me? I'll have the money delivered when I get back. "

The manager looked at Fu Qing suspiciously. Who would believe what they said when such news appeared in the cloud family. Of course, he would not agree with Fu Qing. "Mrs. Yun, our restaurant has never had credit. If Mrs. Yun can't get the money, then I can only call the police. "

"You Fu Qing was angry. In the past, when they saw the cloud family, which was not flattering and fawning, now there is a bit of bad news in the cloud family, and they have a domineering attitude. It's really the dog who bullies the tiger.

"I'll pay." A voice came from behind.

Fu Qing looked back and saw Qiao Wei and Yun Mu Xin, who seemed to have just finished their meal.

"You..." Fu Qing didn't expect to be Qiao Wei and cloud Mu Xin to see himself so embarrassed.

Qiao Wei came over and said, "how much is it?"

"Three thousand and fifty." The manager reported the bill immediately.

Qiao Wei took out the bank card from his bag and handed it to the manager. Shua, the money will be paid.

The manager handed the card to Jovi, "OK."

Qiao Wei took his card, she looked at Yun Mu Xin and knew she had something to say. "Mu Xin, I'll wait for you outside."

"No, auntie." Cloud Mu Xin answers. When she went out today, she promised Huo Dongyang again and again that she would never let Qiao micro have any problems. If Qiao Wei has something to do, she can't explain it when she goes back.

It's rare that I got half a month's salary for the first time, so I wanted to invite Qiao Wei to dinner, but I didn't expect to meet my mother. She and Qiao Wei have seen the situation just now.

Yun Muxin took out his wallet and put all the cash in Fu Qing's hand. "Mom, this is my money. It's not much, but it's all for you.""Mu Xin, you are..." Fu Qing took several hundred yuan in his hand.

"Treat me as a filial piety to you." Cloud Mu Xin smiles. "Take good care of yourself. I'll go first. "

Finish saying, cloud Mu Xin comes forward to support Qiao Wei, "let's go!"

Fu Qing looks at the distant Qiao Wei and cloud Mu Xin, in the heart is very not taste. She held the money tightly in her hand, her daughter really changed, and the wayward third lady of the cloud family really disappeared. As she said, the hundreds are not much, but the meaning is different. This is the first time my daughter has given her money.

Fu Qing suddenly burst into tears. For the sake of Yun Yiming, she really ignored her daughter. Fortunately, she is living very well now. Fu Qing closed her eyes, she could not shed tears, this is her own choice of the road, she can not go back.

In the car.

Qiao Wei has been looking at the window of the cloud Mu Xin, she asked: "is not worried about your mother?"

"A little, it's the first time I've seen her in such a mess. She is Mrs. Yun. She was forced to pay like this today. " Yun Muxin is really filled with emotion.

"Don't think too much, Mu Xin." Qiao Wei holds Yun Mu Xin's hand.

Cloud Mu Xin nods to Qiao Wei. "I'm fine. The cloud family has nothing to do with me. I will not want the property of cloud family. Now I can make money and support myself. I am already very happy. Next month, when I get the money, I'll invite my uncle and my grandparents to dinner together

"Good." Qiao Wei also felt comforted. She sincerely hopes that Yun Muxin can be happy.

Yun Muxin feels that with a job, the whole mood is different. Now she finally understood the real meaning of Huo Dongyang's sentence that life should always have pursuit.

They returned to Jiangwan villa, but saw an unexpected person at the door.

[Chapter 208](#)

Qiao Wei and Yun Mu Xin both look at the man standing at the door.

"Why did she come?" Yun Muxin frowned.

Qiao Wei didn't expect to see her again, but she didn't look very good.

After the car stopped, yunmuxin first pushed the door open, and she went to the past.

"Qiao Xin, why are you here?"

Qiao Xin looked back at the sound. "Yun Mu Xin? How could you be here? I remember this is where Huo Dongyang lives. "

Yun Muxin smiles. She looks at Qiao Xin carefully. Her flaxen hair is dry like withered grass. Her face is sallow. Her face without make-up is much older than her actual age. She has lost a lot of weight, and she is wearing ordinary clothes.

Yunmu thought for a moment, and then thought of an adjective, that is, rural women. "Tut Tut, is this still miss Qiao who had the scenery at the beginning? I haven't seen you for a while. Did you go to Korea for cosmetic surgery? If I hadn't heard your voice, I wouldn't have imagined it was you! "

Qiao Xin hear cloud Mu Xin's words, suddenly heart block. But she said it was all true. Now she is really not the daughter of Qiao's family.

See Qiao Xin don't speak, cloud mu heart hook up the corner of the mouth, "Qiao Xin, I heard you've been missing for a period of time, how can you be so frustrated?"

"It's not from your father." Qiao Xin timely counterattack. "Your father has locked up my mother and me!"

Cloud Mu Xin is too lazy to waste words with Qiao Xin, "none of your words are true. You're not welcome here. You're going

When Qiao Xin wanted to say something, he saw Qiao Wei get out of the car. Now she really is not the same, the whole person with light, dazzling people even eyes can not open. Think of here, she is all sorts of unconvinced, she Qiao Wei why can meet a good man after divorce, but what man can't keep.

Qiao Wei went to cloud Mu Xin's side, saw Qiao Xin now's appearance, she frowned.

Qiao Xin also saw Qiao Wei looking at his eyes, the heart is more angry. "What's that look in your eyes, Qiao Wei? Do you think I'm miserable? You made it all. "

Cloud mu heart immediately block in front of Qiao Wei, a pair of protective calf appearance. "Qiao Xin, you'd better talk to me, or I'll be rude to you!"

"Yun Muxin, when did you become Qiao Wei's running dog? How much does she give you to protect her like this Qiao Xin sneered. "Or do you like Huo Dongyang and want to get the moon first?"

Cloud mu heart suddenly angry, this shameless woman dare to blaspheme uncle, a look at her fox face, know what she wants to do? It's shameless. First of all, second brother, and now I want to harm uncle? There are no doors!

"How do I think you're talking about yourself!" Yun Muxin counterattacks. "Why don't you look in a mirror? You are Obasan! You deserve to see my uncle? There's no one else

Qiao Xin a Leng, "what uncle?"

Qiao Wei holds the hand of Yun Mu Xin. "Don't say it, Mu Xin."

Yun Muxin is used to calling recently, so he can't change his mouth. Uncle's identity is still a secret to outsiders now! She glanced apologetically at Jovi.

Qiao Wei stepped forward and said, "what are you doing here today?"

Joe, I haven't seen you for a long time. "My sister, you are very well! But I'm not so good? Do you think it's fair? " **nOVeLu\$b.COmm**

"Qiao Xin, the world is fair." Cloud Mu Xin is angry at Qiao Xin.

"You need money?" Qiao Wei said it.

Qiao Xin of course not only wants money, she also wants people. Huo Dongyang is a woman who wants it. "Sister, I haven't eaten today, can't you take me in?"

Qiao Wei lightly looked at Qiao Xin, saw Qiao Xin a face to come over, Qiao Wei can not help but back a step. Now she won't be as silly as before and bullied by Qiao Xin, especially now that she is pregnant, she must be more careful.

Qiao Xin noticed that Qiao Wei would defend her now. Her eyes were dark, and she had made a lot of progress.

Cloud Mu Xin again blocks in front of Qiao Wei. "Qiao Xin, stay away from your words."

At this time, Huo Dongyang came out. Just after Qiao Wei got off the bus, he called him south.

Seeing Huo Dongyang come out, Qiao Xin's eyes shine. He is really an excellent man. Even this walking posture is so elegant and attractive.

Huo Dongyang walks to Yunmuxin and Qiaowei. "I'm home. Why don't you go in?"

"Uncle, there is a female dog in the way." Yun Mu Xin opens his mouth.

Huo Dongyang hears Yun Mu Xin's words and gives her a look of appreciation. Cloud Muxin after receiving, the heart is more happy, uncle this is in affirming himself.

Huo Dongyang stretched out his hand and took Qiao Wei's hand, "grandfather and grandmother are waiting for you, let's go in!"

"Well!" Joe nodded. Seeing Huo Dongyang come out, Qiao Wei is all at ease. She holds Huo Dongyang's hand hard. It's nice to have him! Qiao Xin, who was ignored by the public, felt shame in her heart. See Huo Dongyang pulling Qiao Wei from his side, she reached out to pull Qiao Wei's arm.

Qiao Wei was so caught off guard by Qiao Xin, she took back her hand as soon as she was nervous. As a result, she hit Huo Dongyang with excessive force. Fortunately, Huo Dongyang helped her in time to avoid her falling down.

"Are you all right?" Huo Dongyang asked softly. Joe shook her head slightly, and was flustered for a moment. She quickly covered her stomach, and her face was a little pale.

Huo Dongyang stares at Qiao Xin. "What did you do just now?"

Seeing Huo Dongyang's almost murderous look in his eyes, Qiao Xin timidly stepped back a few steps, "I..."

"If Qiao Wei loses a hair, I will only ask you!" Huo Dongyang said coldly.

Qiao Xin bit his lips, did not pull a bit, as for so nervous? Is Qiao Wei really so valuable?

Yun Muxin was also scared for a while. Fortunately, my uncle was quick witted, otherwise the consequences would be worrying. She darted forward and gave Qiao Xin a slap in the face.

"Why do you hit me?" Qiao Xin covered her face.

"I'll beat you shameless bitch." Yun Muxin continued. "Get out of here. If you don't leave, I'll send someone to drive you away. I remember you had a lawsuit before. If we add a few more crimes, I think the prison bottom will be worn out. "

Qiao Xin knew that she would not get any benefits if she stayed any longer, so she could only leave in dismay. He thought that he had a chance to stay with her.

It's a pity that Qiao Wei's heart is not soft at all. Someone protects and takes care of it, which is different.

"Wait a minute!" Joe spoke.

Qiao Xin thought Qiao Wei had changed her mind. She pinched her hand and bit her teeth with pain. Her eyes were full of tears. Then she turned around and looked a little pathetic.

She called out wrongly, "sister..."

[Chapter 209](#)

Qiao Wei took out his wallet from his bag, and then took out some money from his purse.

"Here you are."

Qiao Xin looked at Qiao Wei's hands that thin a few, is really too few. It's not that the president's wife is so ungrateful.

See Qiao Xin did not answer, Qiao Wei knew she was too little. She added. "That's all I have. Take it to dinner for you. Have you spent all the money your father left you? "

Qiao Wei remembers that Qiao Qingdong left some money for her and Liu Su. Where have all these money gone?

"What is that sum of money?" Qiao Xin didn't think so. "Not enough for me to buy some clothes and cosmetics."

Hearing such a sentence, Qiao Wei still really wants to put away a thousand yuan in his hand.

Huo Dongyang took the money from Qiao Wei's hand and spilled it on the ground, "if you need it, you can pick it up yourself. If not, let them lie on the ground

Finish saying, ignore Qiao Xin, embrace Qiao Wei to enter the room.

Cloud Mu Xin hands around the chest to stand aside, she is waiting for Qiao Xin will pick up the money.

Qiao Xin's eyes to see is a few hundred yuan notes on the grass, also hesitated in the heart. If not, then tonight's dinner is not available, if you want, where is your dignity? Once she had done such a thing, did not expect today, she was also treated like this, really feel ashamed.

Cloud Mu Xin picks eyebrow ground to look at Qiao Xin, "do not pick up? You don't even have money to eat now! What reserve

Qiao Xin clenched her hand, "Yun Mu Xin, I will give you such a disgrace sooner or later!" With that, Qiao Xin really bent down to pick it up.

Cloud Mu Xin hummed, "I'll wait!" Finish saying, cloud Mu Xin ignore Qiao Xin, go into the house directly.

Qiao Xin tearfully picked up all the money on the ground, counted and there were more than 1000 yuan. She put the money away and looked at the villa in front of her. She will revenge her revenge today!

Inside.

Huo Dongyang holds Qiao Wei to sit down. He squats in front of the sofa. "Really OK?"

"Well, it was just a shock." Replied Jovi.

Huo Jiang and Mary also surrounded, "Wei Wei, are you sure it's ok? I think you look terrible

"It's OK. I'll just sit for a while." Replied Jovi.

Mary sat down next to Jovi and reached for Jovi's hand. "Don't think too much."

"Hum! If that shameless woman really gets my two little jinsun, I'll never finish with her! She will not be allowed to enter this area Huo Jiang said angrily.

Yun Muxin comes in. "The female dog is gone."

"Take the money?" Huo Dongyang stood up.

"Of course! They are already poor, of course. " Cloud Mu Xin answers. "I think she's going to ask for money today, and then seduce my uncle by the way. So that she will have no worries for the rest of her life. "

Hearing Yun Muxin's words, Huo Dongyang coughed for a while, and seemed to make Yun Muxin stop talking. Because I'm afraid that Qiao Wei will think of the past.

"I'm sorry," he said

"If your uncle is so weak-minded, I'll be the first to deal with him!" Huo Jiang answers.

Huo Dongyang looked at Huo Jiang and said, "grandfather, do you have no confidence in me?"

"You know it yourself." Huo Jiang replied.

Cloud Mu Xin quickly round the field, "uncle is not that kind of person! At that time, only my second brother was Liu Su and Qiao Xin's way. He was drugged, so he couldn't escape, so he had to be brave. It's also a stain on his life, and he still regrets it. "

"But there is no regret medicine in this world." Huo Dongyang continued naturally.

He can help Yun Yiyan in his career, but he will not be polite if he never forgets his own woman. At the beginning, so straightforward divorce, now regret want to come to seek compound, that is the door has no.

Cloud Muxin chuckled. "Is uncle jealous?"

Huo Dongyang raised his eyes and swept Yun Mu Xin. Yun Mu Xin quickly covered his mouth.

Mary saw that Joe Wei's face recovered and her mood relaxed. "Weiwei, would you like to go back to your room and have a rest?"

Qiao Wei nodded. He was really tired. "Well, I'll go to sleep."

Huo Dongyang picked up Qiao Wei directly. "Take you up."

"Well!"

After watching Qiao Wei fall asleep, Huo Dongyang covers the quilt for her. It's getting cold, so keep warm. Qiao Wei was a little chilly, so Huo Dongyang paid special attention to it. After Qiao Wei fell asleep, Huo Dongyang got up.

In the study.

John has been online for quite a while.

"What's the matter?" Huo Dongyang asked immediately after he sat down.

"Boss, Yun Yiming is still very stubborn now." John replied.

Huo Dongyang nods. "No surprise. Then wait for Yunzhou to come back and see what other plans they have prepared. ""Boss, I think it's time to make a quick decision. Mo Ling has also been ordered to suspend work by Yun Yiming. "

"That will only accelerate our acquisition of Wynn." Huo Dongyang replied. What he wants is such an effect. It will not last long if Yun Yiming fights alone. Now, as soon as the news of Yunzhou comes out, many cooperation cases have been interrupted. Soon there will be problems with Wynn's capital flow.

As long as you wait until then, Yunzhou and yunyiming will surely hand over the Yun family obediently. So at this time, he can still wait.

"Boss, in addition, the single apartment project will be officially started tomorrow. Will you and your wife come over and have a look? "

"Jovi won't go. I'll go by myself." Huo Dongyang is worried about the bad environment at the construction site, and Qiao Wei's body can't adapt to it now.

John smiles. "Boss, you are indeed a dear lady! It's really enviable. When can I find sister paper? "

"Don't you always enjoy being single?" Huo Dongyang retorted. "John, who works hard for money, wants to find a woman? It's really hard to believe. "

John's face sank immediately. "Boss will allow you to show love now, but not others? You are only allowed to set fire to the state officials, and the people are not allowed to light the lamps. "

"Go to work!" After Huo Dongyang threw three words, the video dialog box ended.

He looks down at the documents in front of him. HD headquarters has a lot of recent things. Jason can't handle them all by himself. Huo Dongyang can only open the day and night exchange mode with Jason. He handles the documents in the daytime here, and Jason completes his part at night.

Just stopped, Xia yueqian called Huo Dongyang.

"Mr. Huo, the old man woke up and said he wanted to see you. You can come to the hospital sometime!" Xia yueqian said on the phone.

Huo Dongyang looked at the calendar on the stage. "OK, I'll be there tomorrow."

[Chapter 210](#)

The next morning.

Huo Dongyang prepared something to take to the hospital.

"Dongyang, I'll go with you!" Joe spoke, and she didn't see YUNZHUO last time.

"The hospital air is not good." Huodongyang replied that he didn't want Joe Wei to pass.

Joe Wei holds huodongyang's hand. "I know you worry about me, but it's your family. I should go and see. " Joe Wei didn't use dad's word, and she was worried that Huo Dongyang could not accept it.

Huodongyang pulls Joe Wei's hand and knows she is also for her good. So finally, I nodded and promised. "All right!"

When they were going out, they met Huojiang and Mary who bought the dishes.

"You're going out?" Asked Huojiang.

Qiao Wei nodded, she did not want to hide Huojiang, "Grandpa, I and Dongyang go to the hospital."

Huojiang soon understood that they were going to see YUNZHUO. Although he felt sad in his heart, he did not stop it. "Come back early, you still have less physical condition to the hospital."

"Grandpa, you are relieved! We'll be back soon. Today is just the birthday of the schoolmaster. I will bring him something along. " Joe replied cleverly.

Hearing her birthday, Mary immediately said, "little, you let Dr. Xia have time to eat at home. Last time I said I wanted to invite him to eat.". Thank you for his help several times. "

Joe nodded. "OK."

Huodongyang helped Joe Wei get on the car, and he followed him.

Hojiang and Mary stood at the door and watched the car go out. "Little, this child is really kind. Worried about our discomfort, I thought of such an excuse. "

Mary smiled. "I think you are more loving and slightly than I am now, old Huo. It's really polarizing to think of what you were like. "

"Let's not mention it. I was misled by Mo Ling at the beginning? " Huojiang thinks of moling or hate teeth itching! Last time that matter has not been calculated with her, huodongyang also does not let himself interfere, he can only hold a breath.

Mary knows Huojiang. He must have thought of mulling, or he will not show such a look. "You let William solve this, old Hoy. Let's not get in. Now we're going to prepare for things that are children. "

Speaking of the baby to be born, Huojiang immediately changed his expression. "Yes! That's the point. "

It's half an hour since we got to the hospital.

Huodongyang helped Joe Wei get off the car. "Slow down."

Just after huodongyang and Joe Wei got on the elevator, Mo Ling also took a taxi to the hospital. She has a cold and a fever these two days. Today, I can't support it, so I'll come to the hospital.

She hung up and sat in the corridor waiting for the call. There are not many people today. I will be in muling soon. The doctor prescribed her some medicine and a needle.

Mo Ling sat down in a daze and sat down in a chair, and some wanted to sleep. Just when she wanted to close her eyes, she saw a familiar figure.

She saw Joe Wei and a doctor in white robe, and mulling was in a hurry of spirit. Look at them go to B ultrasonic room, Mo Ling's eyes are bright! Looks like Joe Wei is pregnant?

Mo Ling directly pulled out the needle on her back, and she must not miss such an opportunity. She sneaked into the B-ultrasonic room.

A nurse saw Mo Ling looking out at the door and she stood up. "Do you have to do the check? Yes, get the list right away. "

Where Mo Ling has any inspection list, she finds an excuse and leaves. Then she could only wait in the corridor.

Soon, the doctor came out with Joe, and Joe was still holding a B-ultrasonic picture in his hand.

Mo Ling bit his lips and then clenched his hand. Joe Wei's life is so good! Actually bear huodongyang's child. She not only snatched Huo Dongyang, but also let Huo Dongyang destroy his happiness. She must count with her for this account!

Mo Ling followed Joe Wei and Xia yueqian and went up the fifth floor. Once an elevator is out, the whole floor is quiet and a little scary. But I saw the elevator stop on the fifth floor just now.

But now there is a quiet bit scary, everywhere empty, and sometimes a gust of overcast wind blowing, let people can not help but beat a cold shiver.

Just as mulling turned to go, she heard a voice coming from the ward in the inner part of the corridor, which was huodongyang.

Mo Ling steps to walk past, fortunately today is wearing flat shoes, or will definitely sound. As we get closer, Mo Ling also hears another voice, which is the voice of YUNZHUO.

Mo Ling was surprised. Isn't this cloud Zhuo saying he is unconscious? But now he's talking. He was talking to huodongyang clearly. People were all fine, not like they could not wake up.

Mo Ling turned her eyes around, and she immediately took out her mobile phone and turned on the video. She pressed the wall and passed. She sat down slowly and peered out her head to see the condition of the ward.

Joe Wei sat next to the bed, while huodongyang stood behind her, and Xia yueqian stood a few steps away from them. Then mulling put his cell phone in and shot it. I only heard YUNZHUO open his mouth and said: "most of the shares of Yunshi are still in my hands. Go to Hengyi to find Lawyer Chen, and he will arrange for you. Yi Yan still has 10% in his hand. When the time comes, you and Yi Yan will have more than Yunzhou. It's easier to take down Wynn. "

When Mo Ling hears such a news, he quickly covers his mouth. It turns out that Huo Dongyang wants to buy Yunshi, which is YUNZHUO's intention. He is not convenient to come forward now, so he has to hand over to Huo Dongyang? It seems that only Yunzhou and yunyiming don't know.

Then he heard Yun Zhuo's words, "Lawyer Chen has a will, which is the final version! If there is really anything wrong with me then, Lawyer Chen will disclose all the contents of the will. I'm ready. By that time, you can't refuse again

Huo Dongyang has not answered, he just lightly looks at YUNZHUO's expression. "I said I would not take a cent of the cloud family."

"Dongyang, that's what I prepared for you! Please accept it. Both the Yuns and the Yuns depend on you. " YUNZHUO continues to explain.

Huo Dongyang has been silent and seems to have no interest in these things.

At this time, a nurse came back from the shift, and saw that Mo Ling was sitting on the ground, seemingly listening to everything in the ward. Frowning, he went over and said, "Miss, are you..."

After being found, Mo Ling quickly got up, then put the mobile phone into her bag, she pushed away the nurse and ran away all the way.

When Huo Dongyang chased out, he saw Mo Ling's back. Why does moling have her everywhere? It seems that she must have overheard her just now. However, Huo Dongyang was not in a hurry. Instead, he thought of another way.

"Dongyang, who?" YUNZHUO asked anxiously.

"Moling." Huo Dongyang went back to the hospital bed and said.
